

Pioneering science delivers vital medicines™

Amgen Postdoctoral Fellow Program

Amgen is committed to unlocking the potential of biology for patients suffering from serious illnesses by discovering, developing, manufacturing and delivering innovative human therapeutics. We have a presence in more than 75 countries worldwide and have reached millions of people in the fight against cancer, kidney disease, rheumatoid arthritis, bone disease and other serious illnesses.

The **Amgen Postdoctoral program** is committed to providing future scientists with an enriching environment to inspire innovation that will contribute to the development of human therapeutics. We currently have opportunities in our **South San Francisco, CA, Cambridge, MA** and **Thousand Oaks, CA** offices.

Current opportunities include:

Comparative Biology and Safety Sciences
Computational Biology and Molecular Science
Hybrid Modality Engineering
Inflammation
Metabolic Disorders
Molecular Engineering
Neuroscience
Pharmacokinetics & Drug Metabolism
Process Development

Only applicants who apply via <http://careers.amgen.com/en/job-search/> will be considered. Please search career category “*Postdoctoral*.”

Amgen is an Equal Opportunity employer and will consider all qualified applicants for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status, or disability status.
