FUTURE PLC

Result of Annual General Meeting

The Board of Future plc would like to thank all shareholders for casting their votes at this year's AGM following a year of exceptional performance by the Company.

The Board notes that Resolutions 1,2 and 4-19 were passed with the requisite majority in favour. Resolution 3, the Approval of the Directors' Report on Remuneration, did not pass. As a result, the Board will initiate a new consultation process with shareholders regarding the matter.

The Board remains of the view that the all-employee Value Creation Plan, which was approved by shareholders at the 2021 AGM, incentivises and rewards the whole Future workforce and supports the long-term success of the business, and the continued creation of sustainable long-term shareholder value. The plan is directly aligned to shareholder interests and will only vest if the Company delivers exceptional performance.

The Board also acknowledges certain votes against Resolution 3 were based on the discretion exercised by the Remuneration Committee in respect of the leaving provisions of former CFO Rachel Addison. The Board believes that the leaving provisions were in the best interests of shareholders and that the value of downwards discretion applied significantly more than offset the value of upwards discretion.

Future has a longstanding policy of keeping remuneration under review and of constructive engagement to ensure it is aligned with the shareholder and employee experience.

The Board is grateful for the time and feedback provided by shareholders on these matters and will continue to engage constructively with shareholders in relation to them. In accordance with the UK Corporate Governance Code, the Company will publish an update on ongoing engagement within six months of the AGM.

The results of votes cast by proxy for each resolution were as follows:
