

Illinois Medicaid COVID-19 Fee Schedule

PLEASE NOTE: New COVID-19 related codes will be added to the HFS system as they are released by the Centers for Medicare and Medicaid Services (CMS) in accordance with the [December 8, 2020 provider notice](#). Claims containing new codes which do not have a Medicare or National Government Services (NGS) rate will temporarily suspend until a code rate is assigned. Once a rate is assigned, the HFS system will be updated with that rate and any held claims released into processing.

COVID-19 Vaccines and Vaccine Administration

COVID-19 vaccine product procedure codes are included as a reference but should not be billed when obtained at zero cost to the provider. COVID-19 vaccine administration procedure codes are billable by Physicians, Advance Practice Nurses (APNs), Physician Assistants (PAs), Local Health Departments, Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs), and Encounter Rate Clinics (ERCs).

Please Note: FQHCs, RHCs and ERCs must submit COVID-19 vaccine administration codes fee-for-service separately from an encounter claim, even if the vaccine was administered during a face-to face encounter with a practitioner.

Additional billing guidance for Pharmacies will be forthcoming via provider notice.

Vaccine administration for the uninsured population should be billed through the [Health Services and Resources Administration \(HRSA\) COVID-19 Uninsured Program](#).

Please Note: Evaluation and management services rendered by Physicians, Advance Practice Nurses, and Physician Assistants to new or existing patients using audio only telephonic equipment may be billed as a distant site telehealth service so long as the E/M service is of an amount and nature that would be sufficient to meet the key components of a face-to-face encounter. In this scenario, the claim must be submitted with Place of Service (POS) 02 and modifier GT appended to the applicable procedure code.

If an audio only telephonic interaction cannot meet key components of a face-to-face encounter, the provider may instead seek reimbursement for virtual check-in services using CPT code G2012.

FQHCs/RHCs/ERCs will be reimbursed at the above rates (not their medical encounter rate) for virtual check-in and E-visit codes. Virtual check-in and e-visit/online portal services must be submitted fee-for-service without the T1015 encounter code.

COVID-19 Testing and Testing-Related Services for the Uninsured Population

The following procedure codes are covered for the uninsured population for the purposes of COVID-19 testing and testing-related services for dates of service beginning March 18, 2020. Testing-related services include those directly related to the administration of an in vitro diagnostic product described in section 1905(a)(3)(B) of the Social Security Act, or to the evaluation of a patient for purposes of determining the need for such product.

HCPCS codes: G2010, G2012, G2023, G2024, G2061, G2062, G2063, G2250, G2251, G2252, T1015, U0001, U0002, U0003, U0004

CPT codes: 71045, 71046, 71047, 71048, 86318, 86328, 86769, 87426, 87635, 99000, 99201, 99202, 99203, 99204, 99205, 99211, 99212, 99213, 99214, 99215, 99421, 99422, 99423

Rates for these codes may be found on the COVID-19 Fee Schedule above, on the [Practitioner Fee Schedule](#) or, in the case of T1015, will be at the FQHC/RHC/ERC provider-specific medical encounter

rate. Please note, effective dates for codes found on the COVID-19 fee schedule above are applicable, and CPT 99201 is an obsolete code effective with dates of service beginning 1/1/2021. Providers normally subject to a SMART Act rate reduction must include modifier CR to exempt the COVID-related service from the rate reduction when billing outside the portal. It is not necessary to include the modifier when billing through the portal.

As a reminder, Federally Qualified Health Centers (FQHCs) may bill specimen collection procedure code 99000 – Handling of Specimen for Transfer from Office to Lab, as fee-for-service utilizing the full functionality of the COVID portal. However, if an FQHC needs to bill a T1015 encounter for a testing-related service, it can only use the portal to obtain a RIN. The FQHC will have to submit the encounter claim through its normal billing process outside the portal once a RIN is obtained.
