Be it enacted by the Legislature of the state of Utah:

Section 1. Section 59-5-202 is amended to read:

59-5-202. Severance tax -- Rate -- Computation -- Annual exemption.

(1) [~~Every~~] A person engaged in the business of mining or extracting metalliferous minerals in this state shall pay to the state a severance tax equal to 2.6% of the taxable value of all metals or metalliferous minerals sold or otherwise disposed of.

(2) If the metals or metalliferous minerals are shipped outside the state, this constitutes a sale, and the finished metals or the recoverable units of finished metals from the metalliferous minerals shipped are subject to the severance tax. If the metals or metalliferous minerals are stockpiled, the tax is not applicable until they are sold or shipped out of state. For purposes of the tax imposed by this chapter, uranium concentrates shall be considered to be finished metals. The owner of the metals or metalliferous minerals that are stockpiled shall report to the commission annually, in a form acceptable to the commission, the amount of metalliferous minerals so stockpiled. Metals or metalliferous minerals that are stockpiled for more than two years, however, are subject to the severance tax.

(3) An annual exemption from the payment of the tax imposed by this chapter upon the first $50,000 in gross value of the metalliferous mineral is allowed to each mine.

(4) These taxes are in addition to all other taxes provided by law and are delinquent, unless otherwise deferred, on June 1 next succeeding the calendar year when the metalliferous mineral is produced and sold or delivered.

(5) (a) As used in this Subsection (5):

(i) "Great Salt Lake extraction operator" means a person who:

(A) is engaged in the business of mining or extracting metalliferous minerals from the brine of the Great Salt Lake; and

(B) enters into a mineral lease with the Division of Forestry, Fire, and State Lands on or after May 3, 2023, or as of July 1, 2020, had a mineral lease with the Division of Forestry, Fire, and State Lands, but not a royalty agreement for a metalliferous mineral, chloride compound, or salt.

(ii) "Metalliferous compound" means a metalliferous mineral or a chloride compound or salt containing a metalliferous mineral.

(b) Notwithstanding the exclusion for chloride compounds or salts from the definition of metalliferous minerals under Section 59-5-201, beginning with calendar year 2024, a Great Salt Lake extraction operator shall pay to the state a severance tax in accordance with this part for the mining of a metalliferous compound.

(c) This Subsection (5) may not be interpreted to:

(i) excuse a person from paying a severance tax in accordance with the other provisions of this part; or

(ii) void a mineral lease or royalty agreement.

(d) A person extracting metalliferous minerals, including a metalliferous compound, from the brine of the Great Salt Lake is subject to the payment of a royalty agreement under Section 65A-6-4 and the payment of a severance tax under this part.

(b) Money in the Sovereign Lands Management Account may be used only for the direct benefit of sovereign lands, including the management of sovereign lands.

(c) In appropriating money from the Sovereign Lands Management Account, the Legislature shall prefer appropriations that benefit the sovereign land from which the money is derived unless compelling circumstances require that money be appropriated for sovereign land other than the sovereign land from which the money is derived.

(4) The division shall use the amount deposited into the account under Subsection (2)(d) for the Great Salt Lake as described in Section [~~65A-10-8~~] 65A-10-203 as directed by the Great Salt Lake Advisory Council created in Section 73-30-201.

(4) Upon appropriation by the Legislature, money in the account may be used to manage the water levels of the Great Salt Lake.

Section 4. Section 65A-6-2 is amended to read:

65A-6-2. Mineral leases -- Division to prescribe rules.

The division shall by rule prescribe:

(1) the term of the lease;

(2) (a) Mineral leases, including oil, gas, and hydrocarbon leases, may be issued for prospecting, exploring, developing, and producing minerals covering any portion of state lands or the reserved mineral interests of the state.

(b) (i) Leases may be issued for different types of minerals on the same land.

(ii) If leases are issued for different types of minerals on the same land, the leases shall include stipulations for simultaneous operations, except that for leases related to the Great Salt Lake the leases shall include stipulations for simultaneous operations that will not interfere with, impede, limit, or require changes to pre-existing rights.

(c) No more than one lease may be issued for the same resource on the same land.

(d) The division shall require a separate royalty agreement for extraction of minerals from brines of the Great Salt Lake when:

(i) a mineral lease, a royalty agreement, or both that are in effect before the operator seeks to extract a particular mineral or mineral compound do not expressly include the right to extract the particular mineral or mineral compound; or

(ii) the proposed operation will use brines from the Great Salt Lake, but will not occupy sovereign lands for the direct production of minerals other than for incidental structures such as pumps and intake and outflow pipelines.

[~~(2)~~] (3) (a) Each mineral lease issued by the division shall provide for an annual rental of not less than $1 per acre per year, except that a mineral lease issued by the division involving the extraction of mineral from brines in the Great Salt Lake shall provide for an annual rental of not less than $100 per acre per year.

(b) However, a lease may provide for a rental credit, minimum rental, or minimum royalty upon commencement of production, as prescribed by rule.

(i) an extraction operation or extraction method shall adhere to commercially viable technologies that minimize water depletion;

(ii) an extraction operation or extraction method shall mitigate for the total amount of water depleted by providing water back into the Great Salt Lake that approximates the total volume of water depleted;

(iii) a provision authorizing the division to curtail or limit mineral production at any time the condition of the Great Salt Lake reaches the emergency trigger, as defined in Section 65A-10-201;

(iv) a provision authorizing the division to withdraw lands, operations, extraction methods, or technologies from mineral production or mineral operations; and

(v) a provision allowing the division to require an existing operator to use commercially viable, innovative technologies to minimize water depletions caused by the planned mineral extraction as a condition of continued operations.

(b) If as of May 3, 2023, an operator has a mineral lease but not a royalty agreement involving the extraction of minerals from brines in the Great Salt Lake, the extraction operation or extraction method shall mitigate the total water depleted as provided in Subsection (5)(a)(ii) only to the extent that the extraction operation or extraction method increases total depletions as compared to an estimated 10-year average of depletions as estimated by the Division of Water Resources' water budget model beginning on January 1, 2013, and ending on December 31, 2022.

(c) If under Subsection (5)(a)(v) the division requires an existing operator to use a commercially viable, innovative technology, the division may not require use of the technology to begin until after a reasonable period determined by the division not to exceed five years.

(6) (a) Upon nomination from a prospective operator, the division shall by rule, made in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, establish a royalty rate and calculation methodology for a Great Salt Lake element or mineral that:

(i) provides for a full and fair return to the state from the production of the Great Salt Lake element or mineral;

(ii) is consistent with market royalty rates applicable to the production of the Great Salt Lake element or mineral or of the production of oil and gas;

(iii) provides a base royalty rate;

(iv) provides a reduced royalty rate from the royalty rate under Subsection (6)(a)(iii) if the royalty agreement:

(A) relates to a non-evaporative method of producing the Great Salt Lake element or mineral; or

(B) provides an incentive to use commercially viable, innovative technology to minimize water depletion and evaporation as determined by the division; and

(v) provides for a royalty rate that is based on the highest market value prevailing at the time of the sale or disposal of the following:

(A) the Great Salt Lake element or mineral; or

(B) a product the lessee produces from the Great Salt Lake element or mineral.

(b) Before entering into a royalty agreement permitting the extraction of Great Salt Lake elements or minerals, the operator shall:

(i) demonstrate commercial viability;

(ii) certify before operation begins that the operator is not negatively impacting the biota or chemistry of the Great Salt Lake; and

(iii) obtain the approval of the division and the Department of Environmental Quality that the certification supports a finding that the operation will not negatively impact the biota or chemistry of the Great Salt Lake.

(c) A new mineral lease for a mineral in production in the Great Salt Lake as of May 3, 2023, is subject to new royalty rates due to emergent technologies.

(d) An operator who as of July 1, 2020, had a mineral lease with the division but not a royalty agreement and who is subject to a severance tax under Subsection 59-5-202(5) shall pay a royalty under this section in addition to the severance tax.

(7) An operator who extracts a Great Salt Lake element or mineral from tailings from the production of minerals from brines in the Great Salt Lake is subject to this section to the same extent as an operator producing a Great Salt Lake element or mineral from brines in the Great Salt Lake.

(8) The division shall annually report to the Natural Resources, Agriculture, and Environmental Quality Appropriations Subcommittee regarding the amount of money collected under this section from royalties provided for in Subsection (6).

(9) In the issuance of royalty agreements for the extraction of lithium from the Great Salt Lake, the division shall prioritize applicants that:

(a) do not use evaporative concentration of Great Salt Lake brines in any stage of the extractive process; and

(b) use commercially viable extractive processes.

[~~(4)~~] (10) [~~The~~] Except in relationship to mineral leases related to the Great Salt Lake, the division shall make rules regarding the continuation of a mineral lease after the primary term has expired, which shall provide that a mineral lease shall continue so long as:

(a) the mineral covered by the lease is being produced in paying quantities from:

(i) the leased premises;

(ii) lands pooled, communitized, or unitized with the leased premises; or

(iii) lands constituting an approved mining or drilling unit with respect to the leased premises; or

(b) (i) the lessee is engaged in diligent operations, exploration, research, or development which is reasonably calculated to advance development or production of the mineral covered by the lease from:

(A) the leased premises;

(B) lands pooled, communitized, or unitized with the leased premises; or

(C) lands constituting an approved mining or drilling unit with respect to the leased premises; and

(ii) the lessee pays a minimum royalty.

[~~(5)~~] (11) For the purposes of Subsection [~~(4)~~] (10), diligent operations with respect to oil, gas, and other hydrocarbon leases may include cessation of operations not in excess of 90 days in duration.

(12) (a) The division shall study and analyze each mineral lease and mineral royalty agreement issued on the Great Salt Lake and compare and evaluate whether the mineral leases and royalty agreements are representative of current market conditions. As part of this study, the division shall:

(i) make the following determinations for mineral leases:

(A) whether the entire surface area described within the mineral lease is being used; and

(B) whether the annual lease payments are representative of current market conditions; and

(ii) for royalty agreements, perform studies and comparative analyses to determine whether the state is receiving royalty rates consistent with current market conditions.

(b) By no later than the 2023 November interim meeting, the division shall report the division's findings of the study required by this Subsection (12) to the Natural Resources, Agriculture, and Environment Interim Committee.

(ii) acts of the individual that are consistent or inconsistent with the intent expressed by the individual.

(b) "Resident" means [~~a person~~] an individual whose principal place of residence is within a specific voting precinct in Utah.

(2) Election officials and judges shall apply the standards and requirements of this section when determining whether [~~a person~~] an individual is a resident for purposes of interpreting this title or the Utah Constitution.

(3) An individual may request that an election official or election judge assist the individual in determining the individual's principal place of residence for a purpose described in Subsection (2).

[~~(3)~~] (4) (a) [~~A person~~] An individual resides in Utah if:

(i) the [~~person's~~] individual's principal place of residence is within Utah; and

(ii) the [~~person~~] individual has a present intention to maintain the [~~person's~~] individual's principal place of residence in Utah permanently or indefinitely.

(c) [~~A person's~~] An individual's principal place of residence does not change solely because the [~~person~~] individual is present in Utah, present in a voting precinct, absent from Utah, or absent from the [~~person's~~] individual's voting precinct because the [~~person~~] individual is:

(i) employed in the service of the United States or of Utah;

(ii) a student at an institution of learning;

(iii) incarcerated in prison or jail; or

(iv) residing upon an Indian or military reservation.

(ii) In order to be a resident of Utah, a member of the armed forces described in this Subsection [~~(3)(d)~~] (4)(d) shall meet the other requirements of this section.

(e) (i) Except as provided in Subsection [~~(3)(e)(ii) or (iii), a person has not lost the person's~~] (4)(e)(ii) or (iii), an individual does not lose the individual's principal place of residence in Utah or a precinct if [~~that person~~] the individual moves to a foreign country, another state, or another voting precinct within Utah, for temporary purposes with the intention of returning.

53E-6-1107. Article VIII -- Rulemaking.

(1) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this interstate compact and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(2) The commission shall promulgate reasonable rules to achieve the intent and purpose of this interstate compact. In the event the commission exercises its rulemaking authority in a manner that is beyond purpose and intent of this interstate compact, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force and effect of law in the member states.

(3) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(4) Rules or amendments to the rules shall be adopted or ratified at a regular or special meeting of the commission in accordance with commission rules and bylaws.

(5) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule with 48 hours' notice, with opportunity to comment, provided that the usual rulemaking procedures shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(a) meet an imminent threat to public health, safety, or welfare;

(b) prevent a loss of Commission or Member State funds;

(c) meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(d) protect public health and safety.

Section 17. Section 53E-6-1108 is enacted to read:

53E-6-1108. Article IX -- Facilitating information exchange.

(1) The commission shall provide for facilitating the exchange of information to administer and implement the provisions of this compact in accordance with the rules of the commission, consistent with generally accepted data protection principles.

(2) Nothing in this compact shall be deemed or construed to alter, limit, or inhibit the power of a member state to control and maintain ownership of its licensee information or alter, limit, or inhibit the laws or regulations governing licensee information in the member state.

Section 18. Section 53E-6-1109 is enacted to read:

53E-6-1109. Article X -- Oversight, dispute resolution, and enforcement.

(1) (a) The executive and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact shall have standing as statutory law.

(b) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct or any such similar matter.

(c) All courts and all administrative agencies shall take judicial notice of the compact, the rules of the commission, and any information provided to a member state pursuant thereto in any judicial or quasijudicial proceeding in a member state pertaining to the subject matter of this compact, or which may affect the powers, responsibilities, or actions of the commission.

(d) The commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the commission service of process shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(2) (a) If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(i) provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default or any other action to be taken by the commission; and

(ii) provide remedial training and specific technical assistance regarding the default.

(3) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the commissioners of the member states, and all rights, privileges and benefits conferred on that state by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(4) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, the state licensing authority and each of the member states.

(5) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(6) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(7) The defaulting state may appeal the action of the commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

(8) (a) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

(b) The commission shall promulgate a rule providing for both binding and nonbinding alternative dispute resolutions for disputes as appropriate.

(9) (a) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(b) By majority vote, the commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

Section 19. Section 53E-6-1110 is enacted to read:

53E-6-1110. Article XI -- Effectuation, withdrawal, and amendment.

(1) The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state.

(a) On or after the effective date of the compact, the commission shall convene and review the enactment of each of the charter member states to determine if the statute enacted by each such charter member state is materially different from the model compact statute.

(b) A charter member state whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Section 53E-6-1109.

(c) Member states enacting the compact subsequent to the charter member states shall be subject to the process set forth in Subsection 53E-6-1106(3)(t) to determine if their enactments are materially different from the model compact statute and whether they qualify for participation in the compact.

(2) If any member state is later found to be in default, or is terminated or withdraws from the compact, the commission shall remain in existence and the compact shall remain in effect even if the number of member States should be less than 10.

(3) Any state that joins the compact after the commission's initial adoption of the rules and bylaws shall be subject to the rules and bylaws as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state, as the rules and bylaws may be amended as provided in this compact.

(4) (a) Any member state may withdraw from this compact by enacting a statute repealing the same.

(b) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(c) Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(5) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

Section 20. Section 53E-6-1111 is enacted to read:

53E-6-1111. Article XII -- Construction and severability.

(1) This compact shall be liberally construed to effectuate the purposes thereof.

(2) The provisions of this compact shall be severable and if any phrase, clause, sentence, or

provision of this compact is declared to be contrary to the constitution of any member state or a state seeking membership in the compact, or of the United States or the applicability thereof to any other government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby.

(3) If this compact shall be held contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

Section 21. Section 53E-6-1112 is enacted to read:

53E-6-1112. Article XIII -- Consistent effect and conflict with other state laws.

(3) All permissible agreements between the commission and the member states are binding in accordance with their terms.

CHAPTER 70c. PA LICENSURE COMPACT

Part 1. Compact Text

58-70c-101. Section 1 -- Purpose.

In order to strengthen access to Medical Services, and in recognition of the advances in the delivery of Medical Services, the Participating States of the PA Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing authority of State Licensing Boards to license and discipline PAs and seeks to enhance the portability of a License to practice as a PA while safeguarding the safety of patients. This Compact allows Medical Services to be provided by PAs, via the mutual recognition of the Licensees Qualifying License by other Compact Participating States. This Compact also adopts the prevailing standard for PA licensure and affirms that the practice and delivery of Medical Services by the PA occurs where the patient is located at the time of the patient encounter, and therefore requires the PA to be under the jurisdiction of the State Licensing Board where the patient is located. State Licensing Boards that participate in this Compact retain the jurisdiction to impose Adverse Action against a Compact Privilege in that State issued to a PA through the procedures of this Compact. The PA Licensure Compact will alleviate burdens for military families by allowing active duty military personnel and their spouses to obtain a Compact Privilege based on having an unrestricted License in good standing from a Participating State.

Section 27. Section 58-70c-102 is enacted to read:

58-70c-102. Section 1 -- Definitions.

In this Compact:

A. "Adverse Action" means any administrative, civil, equitable, or criminal action permitted by a State's laws which is imposed by a Licensing Board or other authority against a PA License or License application or Compact Privilege such as License denial, censure, revocation, suspension, probation, monitoring of the Licensee, or restriction on the Licensee's practice.

B. "Compact Privilege" means the authorization granted by a Remote State to allow a Licensee from another Participating State to practice as a PA to provide Medical Services and other licensed activity to a patient located in the Remote State under the Remote State's laws and regulations.

D. "Criminal Background Check" means the submission of fingerprints or other biometric-based information for a License applicant for the purpose of obtaining that applicant's criminal history record information, as defined in 28 C.F.R. § 20.3(d), from the State's criminal history record repository as defined in 28 C.F.R. § 20.3(f).

E. "Data System" means the repository of information about Licensees, including but not limited to License status and Adverse Actions, which is created and administered under the terms of this Compact.

L. "Licensing Board" means any State entity authorized to license and otherwise regulate PAs.

M. "Medical Services" means health care services provided for the diagnosis, prevention, treatment, cure or relief of a health condition, injury, or disease, as defined by a State's laws and regulations.

N. "Model Compact" means the model for the PA Licensure Compact on file with The Council of State Governments or other entity as designated by the Commission.

O. "Participating State" means a State that has enacted this Compact.

P. "PA" means an individual who is licensed as a physician assistant in a State. For purposes of this Compact, any other title or status adopted by a State to replace the term "physician assistant" shall be deemed synonymous with "physician assistant" and shall confer the same rights and responsibilities to the Licensee under the provisions of this Compact at the time of its enactment.

Q. "PA Licensure Compact Commission," "Compact Commission," or "Commission" mean the national administrative body created pursuant to Section 7.A of this Compact.

R. "Qualifying License" means an unrestricted License issued by a Participating State to provide Medical Services as a PA.

S. "Remote State" means a Participating State where a Licensee who is not licensed as a PA is exercising or seeking to exercise the Compact Privilege.

T. "Rule" means a regulation promulgated by an entity that has the force and effect of law.

U. "Significant Investigative Information" means Investigative Information that a Licensing Board, after an inquiry or investigation that includes notification and an opportunity for the PA to respond if required by State law, has reason to believe is not groundless and, if proven true, would indicate more than a minor infraction.

3. Have a mechanism in place for receiving and investigating complaints against Licensees and License applicants.

4. Notify the Commission, in compliance with the terms of this Compact and Commission Rules, of any Adverse Action against a Licensee or License applicant and the existence of Significant Investigative Information regarding a Licensee or License applicant.

5. Fully implement a Criminal Background Check requirement, within a time frame established by Commission Rule, by its Licensing Board receiving the results of a Criminal Background Check and reporting to the Commission whether the License applicant has been granted a License.

6. Comply with the Rules of the Compact Commission.

7. Utilize passage of a recognized national exam such as the NCCPA PANCE as a requirement for PA licensure.

8. Grant the Compact Privilege to a holder of a Qualifying License in a Participating State.

B. Nothing in this Compact prohibits a Participating State from charging a fee for granting the Compact Privilege.

Section 29. Section 58-70c-104 is enacted to read:

58-70c-104. Section 4 -- Compact Privilege.

A. To exercise the Compact Privilege, a Licensee must:

1. Have graduated from a PA program accredited by the Accreditation Review Commission on Education for the Physician Assistant, Inc. or other programs authorized by Commission Rule.

2. Hold current NCCPA certification.

3. Have no felony or misdemeanor Conviction.

4. Have never had a controlled substance license, permit, or registration suspended or revoked by a State or by the United States Drug Enforcement Administration.

5. Have a unique identifier as determined by Commission Rule.

6. Hold a Qualifying License.

7. Have had no revocation of a License or limitation or restriction on any License currently held due to an adverse action.

8. If a Licensee has had a limitation or restriction on a License or Compact Privilege due to an Adverse Action, two years must have elapsed from the date on which the License or Compact Privilege is no longer limited or restricted due to the Adverse Action.

9. If a Compact Privilege has been revoked or is limited or restricted in a Participating State for conduct that would not be a basis for disciplinary action in a Participating State in which the Licensee is practicing or applying to practice under a Compact Privilege, that Participating State shall have the discretion not to consider such action as an Adverse Action requiring the denial or removal of a Compact Privilege in that State.

10. Notify the Compact Commission that the Licensee is seeking the Compact Privilege in a Remote State.

11. Meet any Jurisprudence Requirement of a Remote State in which the Licensee is seeking to practice under the Compact Privilege and pay any fees applicable to satisfying the Jurisprudence Requirement.

12. Report to the Commission any Adverse Action taken by a non-participating State within thirty (30) days after the action is taken.

B. The Compact Privilege is valid until the expiration or revocation of the Qualifying License unless terminated pursuant to an Adverse Action. The Licensee must also comply with all of the requirements of Subsection A above to maintain the Compact Privilege in a Remote State. If the Participating State takes Adverse Action against a Qualifying License, the Licensee shall lose the Compact Privilege in any Remote State in which the Licensee has a Compact Privilege until all of the following occur:

1. The License is no longer limited or restricted; and

2. Two (2) years have elapsed from the date on which the License is no longer limited or restricted due to the Adverse Action.

C. Once a restricted or limited License satisfies the requirements of Subsection B.1 and 2, the Licensee must meet the requirements of Subsection A to obtain a Compact Privilege in any Remote State.

D. For each Remote State in which a PA seeks authority to prescribe controlled substances, the PA shall satisfy all requirements imposed by such State in granting or renewing such authority.

Section 30. Section 58-70c-105 is enacted to read:

58-70c-105. Section 5 -- Designation of the State from Which Licensee is Applying for a Compact Privilege.

A. Upon a Licensee's application for a Compact Privilege, the Licensee shall identify to the Commission the Participating State from which the Licensee is applying, in accordance with applicable Rules adopted by the Commission, and subject to the following requirements:

1. When applying for a Compact Privilege, the Licensee shall provide the Commission with the address of the Licensee's primary residence and thereafter shall immediately report to the Commission any change in the address of the Licensee's primary residence.

2. When applying for a Compact Privilege, the Licensee is required to consent to accept service of process by mail at the Licensee's primary residence on file with the Commission with respect to any action brought against the Licensee by the Commission or a Participating State, including a subpoena, with respect to any action brought or investigation conducted by the Commission or a Participating State.

Section 31. Section 58-70c-106 is enacted to read:

58-70c-106. Section 6 -- Adverse Actions.

A. A Participating State in which a Licensee is licensed shall have exclusive power to impose Adverse Action against the Qualifying License issued by that Participating State.

B. In addition to the other powers conferred by State law, a Remote State shall have the authority, in accordance with existing State due process law, to do all of the following:

1. Take Adverse Action against a PA's Compact Privilege within that State to remove a Licensee's Compact Privilege or take other action necessary under applicable law to protect the health and safety of its citizens.

2. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a Licensing Board in a Participating State for the attendance and testimony of witnesses or the production of evidence from another Participating State shall be enforced in the latter State by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the State in which the witnesses or evidence are located.

3. Notwithstanding paragraph 1, subpoenas may not be issued by a Participating State to gather evidence of conduct in another State that is lawful in that other State for the purpose of taking Adverse Action against a Licensee's Compact Privilege or application for a Compact Privilege in that Participating State.

4. Nothing in this Compact authorizes a Participating State to impose discipline against a PA's Compact Privilege or to deny an application for a Compact Privilege in that Participating State for the individual's otherwise lawful practice in another State.

C. For purposes of taking Adverse Action, the Participating State which issued the Qualifying License shall give the same priority and effect to reported conduct received from any other Participating State as it would if the conduct had occurred within the Participating State which issued the Qualifying License. In so doing, that Participating State shall apply its own State laws to determine appropriate action.

D. A Participating State, if otherwise permitted by State law, may recover from the affected PA the costs of investigations and disposition of cases resulting from any Adverse Action taken against that PA.

E. A Participating State may take Adverse Action based on the factual findings of a Remote State, provided that the Participating State follows its own procedures for taking the Adverse Action.

F. Joint Investigations.

1. In addition to the authority granted to a Participating State by its respective State PA laws and regulations or other applicable State law, any Participating State may participate with other Participating States in joint investigations of Licensees.

2. Participating States shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under this Compact.

G. If an Adverse Action is taken against a PA's Qualifying License, the PA's Compact Privilege in all Remote States shall be deactivated until two (2) years have elapsed after all restrictions have been removed from the State License. All disciplinary orders by the Participating State which issued the Qualifying License that impose Adverse Action against a PA's License shall include a Statement that the PA's Compact Privilege is deactivated in all Participating States during the pendency of the order.

H. If any Participating State takes Adverse Action, it promptly shall notify the administrator of the Data System.

Section 32. Section 58-70c-107 is enacted to read:

58-70c-107. Section 7 -- Establishment of the PA Licensure Compact Commission.

A. The Participating States hereby create and establish a joint government agency and national administrative body known as the PA Licensure Compact Commission. The Commission is an instrumentality of the Compact States acting jointly and not an instrumentality of any one State. The Commission shall come into existence on or after the effective date of the Compact as set forth in Section 11.A.

B. Membership, Voting, and Meetings

1. Each Participating State shall have and be limited to one (1) delegate selected by that Participating State's Licensing Board or, if the State has more than one Licensing Board, selected collectively by the Participating State's Licensing Boards.

2. The delegate shall be either:

5. Each delegate shall be entitled to one (1) vote on all matters voted on by the Commission and shall otherwise have an opportunity to participate in the business and affairs of the Commission. A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telecommunications, video conference, or other means of communication.

6. The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in this Compact and the bylaws.

8. Bring and prosecute legal proceedings or actions in the name of the Commission, provided that the standing of any State Licensing Board to sue or be sued under applicable law shall not be affected;

9. Purchase and maintain insurance and bonds;

10. Borrow, accept, or contract for services of personnel, including, but not limited to, employees of a Participating State;

11. Hire employees and engage contractors, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this Compact, and establish the Commission's personnel policies and

programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

12. Accept any and all appropriate donations and grants of money, equipment, supplies, materials and services, and receive, utilize and dispose of the same, provided that at all times the Commission shall avoid any appearance of impropriety or conflict of interest;

13. Lease, purchase, accept appropriate gifts or donations of, or otherwise own, hold, improve or use, any property, real, personal or mixed, provided that at all times the Commission shall avoid any appearance of impropriety;

14. Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property real, personal, or mixed;

15. Establish a budget and make expenditures;

16. Borrow money;

17. Appoint committees, including standing committees composed of members, State regulators, State legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this Compact and the bylaws;

18. Provide and receive information from, and cooperate with, law enforcement agencies;

19. Elect a Chair, Vice Chair, Secretary and Treasurer and such other officers of the Commission as provided in the Commission's bylaws;

20. Reserve for itself, in addition to those reserved exclusively to the Commission under the Compact, powers that the Executive Committee may not exercise;

21. Approve or disapprove a State's participation in the Compact based upon its determination as to whether the State's Compact legislation departs in a material manner from the Model Compact language;

22. Prepare and provide to the Participating States an annual report; and

23. Perform such other functions as may be necessary or appropriate to achieve the purposes of this Compact consistent with the State regulation of PA licensure and practice.

D. Meetings of the Commission

1. All meetings of the Commission that are not closed pursuant to this subsection shall be open to the public. Notice of public meetings shall be posted on the Commission's website at least thirty (30) days prior to the public meeting.

2. Notwithstanding subsection D.1 of this section, the Commission may convene a public meeting by providing at least twenty-four (24) hours prior notice on the Commission's website, and any other means as provided in the Commission's Rules, for any of the reasons it may dispense with notice of proposed rulemaking under Section 9.L.

3. The Commission may convene in a closed, non-public meeting or non-public part of a public meeting to receive legal advice or to discuss.

a. Non-compliance of a Participating State with its obligations under this Compact;

b. The employment, compensation, discipline or other matters, practices or procedures related to specific employees or other matters related to the Commission's internal personnel practices and procedures;

c. Current, threatened, or reasonably anticipated litigation;

e. Accusing any person of a crime or formally censuring any person;

f. Disclosure of trade secrets or commercial or financial information that is privileged or confidential;

g. Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

h. Disclosure of investigative records compiled for law enforcement purposes;

i. Disclosure of information related to any investigative reports prepared by or on behalf of or for use of the Commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to this Compact;

j. Legal advice; or

k. Matters specifically exempted from disclosure by federal or Participating States' statutes.

4. If a meeting, or portion of a meeting, is closed pursuant to this provision, the chair of the meeting or the chair's designee shall certify that the meeting or portion of the meeting may be closed and shall reference each relevant exempting provision.

5. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

E. Financing of the Commission

1. The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The Commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

3. The Commission may levy on and collect an annual assessment from each Participating State and may impose Compact Privilege fees on Licensees of Participating States to whom a Compact Privilege is granted to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved by the Commission each year for which revenue is not provided by other sources. The aggregate annual assessment amount levied on Participating States shall be allocated based upon a formula to be determined by Commission Rule.

a. A Compact Privilege expires when the Licensee's Qualifying License in the Participating State from which the Licensee applied for the Compact Privilege expires.

b. If the Licensee terminates the Qualifying License through which the Licensee applied for the Compact Privilege before its scheduled expiration, and the Licensee has a Qualifying License in another Participating State, the Licensee shall inform the Commission that it is changing to that Participating State the Participating State through which it applies for a Compact Privilege and pay to the Commission any Compact Privilege fee required by Commission Rule.

4. The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the Participating States, except by and with the authority of the Participating State.

5. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the financial review and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the Commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the Commission.

F. The Executive Committee

1. The Executive Committee shall have the power to act on behalf of the Commission according to the terms of this Compact and Commission Rules.

2. The Executive Committee shall be composed of nine (9) members:

a. Seven voting members who are elected by the Commission from the current membership of the Commission;

b. One ex-officio, nonvoting member from a recognized national PA professional association; and

b. Ensure Compact administration services are appropriately provided, contractual or otherwise;

c. Prepare and recommend the budget;

d. Maintain financial records on behalf of the Commission;

f. Establish additional committees as necessary;

g. Exercise the powers and duties of the Commission during the interim between Commission meetings, except for issuing proposed rulemaking or adopting Commission Rules or bylaws, or exercising any other powers and duties exclusively reserved to the Commission by the Commission's Rules; and

h. Perform other duties as provided in the Commission's Rules or bylaws.

7. All meetings of the Executive Committee at which it votes or plans to vote on matters in exercising the powers and duties of the Commission shall be open to the public and public notice of such meetings shall be given as public meetings of the Commission are given.

8. The Executive Committee may convene in a closed, non-public meeting for the same reasons that the Commission may convene in a non-public meeting as set forth in Section 7.D.3 and shall announce the closed meeting as the Commission is required to under Section 7.D.4 and keep minutes of the closed meeting as the Commission is required to under Section 7.D.5.

G. Qualified Immunity, Defense, and Indemnification

1. The members, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the

intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Commission shall not in any way compromise or limit the immunity granted hereunder.

2. The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense, and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

4. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses in any proceedings as authorized by Commission Rules.

5. Nothing herein shall be construed as a limitation on the liability of any Licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable State laws.

6. Nothing herein shall be construed to designate the venue or jurisdiction to bring actions for alleged acts of malpractice, professional misconduct, negligence, or other such civil action pertaining to the practice of a PA. All such matters shall be determined exclusively by State law other than this Compact.

7. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a Participating State's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other State or federal antitrust or anticompetitive law or regulation.

8. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the Participating States or by the Commission.

Section 33. Section 58-70c-108 is enacted to read:

58-70c-108. Section 8 -- Data System.

A. The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated data and reporting system containing licensure, Adverse Action, and the reporting of the existence of Significant Investigative Information on all licensed PAs and applicants denied a License in Participating States.

B. Notwithstanding any other State law to the contrary, a Participating State shall submit a uniform data set to the Data System on all PAs to whom this Compact is applicable (utilizing a unique identifier) as required by the Rules of the Commission, including:

1. Identifying information;

2. Licensure data;

3. Adverse Actions against a License or Compact Privilege;

4. Any denial of application for licensure, and the reason(s) for such denial (excluding the reporting of any Criminal history record information where prohibited by law);

5. The existence of Significant Investigative Information; and

6. Other information that may facilitate the administration of this Compact, as determined by the Rules of the Commission.

C. Significant Investigative Information pertaining to a Licensee in any Participating State shall only be available to other Participating States.

D. The Commission shall promptly notify all Participating States of any Adverse Action taken against a Licensee or an individual applying for a License that has been reported to it. This Adverse Action information shall be available to any other Participating State.

E. Participating States contributing information to the Data System may, in accordance with State or federal law, designate information that may not be shared with the public without the express permission of the contributing State. Notwithstanding any such designation, such information shall be reported to the Commission through the Data System.

F. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Participating State contributing the information shall be removed from the Data System upon reporting of such by the Participating State to the Commission.

G. The records and information provided to a Participating State pursuant to this Compact or through the Data System, when certified by the Commission or an agent thereof, shall constitute

the authenticated business records of the Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a Participating State.

Section 34. Section 58-70c-109 is enacted to read:

58-70c-109. Section 9 -- Rulemaking.

A. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Commission Rules shall become binding as of the date specified by the Commission for each Rule.

B. The Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer this Compact and achieve its purposes. A Commission Rule shall be invalid and have not force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope of the purposes of this Compact, or the powers granted hereunder, or based upon another applicable standard of review.

C. The Rules of the Commission shall have the force of law in each Participating State, provided however that where the Rules of the Commission conflict with the laws of the Participating State that establish the medical services a PA may perform in the Participating State, as held by a court of competent jurisdiction, the Rules of the Commission shall be ineffective in that State to the extent of the conflict.

D. If a majority of the legislatures of the Participating States rejects a Commission Rule, by enactment of a statute or resolution in the same manner used to adopt this Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Participating State or to any State applying to participate in the Compact.

E. Commission Rules shall be adopted at a regular or special meeting of the Commission.

F. Prior to promulgation and adoption of a final Rule or Rules by the Commission, and at least thirty (30) days in advance of the meeting at which the Rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

1. On the website of the Commission or other publicly accessible platform; and

2. To persons who have requested notice of the Commission's notices of proposed rulemaking, and

3. In such other way(s) as the Commission may by Rule specify.

G. The Notice of Proposed Rulemaking shall include:

1. The time, date, and location of the public hearing on the proposed Rule and the proposed time, date and location of the meeting in which the proposed Rule will be considered and voted upon;

2. The text of the proposed Rule and the reason for the proposed Rule;

3. A request for comments on the proposed Rule from any interested person and the date by which written comments must be received; and

4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing or provide any written comments.

H. Prior to adoption of a proposed Rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

I. If the hearing is to be held via electronic means, the Commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall as directed in the Notice of Proposed Rulemaking, not less than five (5) business days before the scheduled date of the hearing, notify the Commission of their desire to appear and testify at the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings shall be recorded. A copy of the recording and the written comments, data, facts, opinions, and arguments received in response to the proposed rulemaking shall be made available to a person upon request.

4. Nothing in this section shall be construed as requiring a separate hearing on each proposed Rule. Proposed Rules may be grouped for the convenience of the Commission at hearings required by this section.

J. Following the public hearing the Commission shall consider all written and oral comments timely received.

K. The Commission shall, by majority vote of all delegates, take final action on the proposed Rule and shall determine the effective date of the Rule, if adopted, based on the Rulemaking record and the full text of the Rule.

1. If adopted, the Rule shall be posted on the Commission's website.

2. The Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

3. The Commission shall provide on its website an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

4. The Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in subsection L, the effective date of the

Rule shall be no sooner than thirty (30) days after the Commission issued the notice that adopted the Rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency Rule with twenty–four (24) hours prior notice, without the opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately by the Commission in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or Participating State funds;

3. Meet a deadline for the promulgation of a Commission Rule that is established by federal law or Rule; or

4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted Commission Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made as set forth in the notice of revisions and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

N. No Participating State's rulemaking requirements shall apply under this Compact.

Section 35. Section 58-70c-110 is enacted to read:

58-70c-110. Section 10 -- Oversight, Dispute Resolution, and Enforcement.

A. Oversight

1. The executive and judicial branches of State government in each Participating State shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

2. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct or any such similar matter.

3. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact or the Commission's Rules and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission with service of process shall render a judgment or order in such proceeding void as to the Commission, this Compact, or Commission Rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Participating State has defaulted in the performance of its obligations or responsibilities under this Compact or the Commission Rules, the Commission shall provide written notice to the defaulting State and other Participating States. The notice shall describe the default, the proposed means of curing the default and any other action that the Commission may take and shall offer remedial training and specific technical assistance regarding the default.

2. If a State in default fails to cure the default, the defaulting State may be terminated from this Compact upon an affirmative vote of a majority of the delegates of the Participating States, and all rights, privileges and benefits conferred by this Compact upon such State may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

3. Termination of participation in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, and to the Licensing Board(s) of each of the Participating States.

4. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from this Compact, unless agreed upon in writing between the Commission and the defaulting State.

6. The defaulting State may appeal its termination from the Compact by the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

7. Upon the termination of a State's participation in the Compact, the State shall immediately provide notice to all Licensees within that State of such termination:

a. Licensees who have been granted a Compact Privilege in that State shall retain the Compact Privilege for one hundred eighty (180) days following the effective date of such termination.

b. Licensees who are licensed in that State who have been granted a Compact Privilege in a Participating State shall retain the Compact Privilege for one hundred eighty (180) days unless the Licensee also has a Qualifying License in a Participating State or obtains a Qualifying License in a Participating State before the one hundred eighty (180)-day period ends, in which case the Compact Privilege shall continue.

C. Dispute Resolution

1. Upon request by a Participating State, the Commission shall attempt to resolve disputes related to this Compact that arise among Participating States and between participating and non-Participating States.

2. The Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement.

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions of this Compact and Rules of the Commission.

2. If compliance is not secured after all means to secure compliance have been exhausted, by majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices, against a Participating State in default to enforce compliance with the provisions of this Compact and the Commission's promulgated Rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or State law.

E. Legal Action Against the Commission

1. A Participating State may initiate legal action against the Commission in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

2. No person other than a Participating State shall enforce this Compact against the Commission.

Section 36. Section 58-70c-111 is enacted to read:

58-70c-111. Section 11 -- Date of Implementation of the PA Licensure Compact Commission.

A. This Compact shall come into effect on the date on which this Compact statute is enacted into law in the seventh Participating State.

1. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the States that enacted the Compact prior to the Commission convening ("Charter Participating States") to determine if the statute enacted by each such Charter Participating State is materially different than the Model Compact.

a. A Charter Participating State whose enactment is found to be materially different from the Model Compact shall be entitled to the default process set forth in Section 10.B.

b. If any Participating State later withdraws from the Compact or its participation is terminated, the Commission shall remain in existence and the Compact shall remain in effect even if the number of Participating States should be less than seven. Participating States enacting the Compact subsequent to the Commission convening shall be subject to the process set forth in Section 7.C.21 to determine if their enactments are materially different from the Model Compact and whether they qualify for participation in the Compact.

2. Participating States enacting the Compact subsequent to the seven initial Charter Participating States shall be subject to the process set forth in Section 7.C.21 to determine if their enactments are materially different from the Model Compact and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

B. Any State that joins this Compact shall be subject to the Commission's Rules and bylaws as they exist on the date on which this Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day this Compact becomes law in that State.

C. Any Participating State may withdraw from this Compact by enacting a statute repealing the same.

1. A Participating State's withdrawal shall not take effect until one hundred eighty (180) days after enactment of the repealing statute. During this one hundred eighty (180) day-period, all Compact Privileges that were in effect in the withdrawing State and were granted to Licensees licensed in the withdrawing State shall remain in effect. If any Licensee licensed in the withdrawing State is also

licensed in another Participating State or obtains a license in another Participating State within the one hundred eighty (180) days, the Licensee's Compact Privileges in other Participating States shall not be affected by the passage of the one hundred eighty (180) days.

2. Withdrawal shall not affect the continuing requirement of the State Licensing Board(s) of the withdrawing State to comply with the investigative, and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing a State from this Compact, the State shall immediately provide notice of such withdrawal to all Licensees within that State. Such withdrawing State shall continue to recognize all licenses granted pursuant to this Compact for a minimum of one hundred eighty (180) days after the date of such notice of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any PA licensure agreement or other cooperative arrangement between Participating States and between a Participating State and non–Participating State that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the Participating States. No amendment to this Compact shall become effective and binding upon any Participating State until it is enacted materially in the same manner into the laws of all Participating States as determined by the Commission.

Section 37. Section 58-70c-112 is enacted to read:

58-70c-112. Section 12 -- Construction and Severability.

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Participating State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

C. Notwithstanding subsection B or this section, the Commission may deny a State's participation in the Compact or, in accordance with the requirements of Section 10.B, terminate a Participating State's participation in the Compact, if it determines that a constitutional requirement of a Participating State is, or would be with respect to a State seeking to participate in the Compact, a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Participating State, the Compact shall remain in full force and effect as to the remaining Participating States and in full force and effect as to the Participating State affected as to all severable matters.

Section 38. Section 58-70c-113 is enacted to read:

58-70c-113. Section 13 -- Binding Effect of Compact.

A. Nothing herein prevents the enforcement of any other law of a Participating State that is not inconsistent with this Compact.

B. Any laws in a Participating State in conflict with this Compact are superseded to the extent of the conflict.

C. All agreements between the Commission and the Participating States are binding in accordance with their terms.

Section 40. Section 72-9-602.5 is enacted to read:

72-9-602.5. Certificate by endorsement.

(1) As used in this section, "license" means an authorization that permits the holder to engage in the practice of a profession described in Section 72–9–602.

(i) the applicant was educated in or obtained relevant experience in a state, district, or territory of the United States, or a jurisdiction outside of the United States; and

(ii) the department determines that the education or experience was substantially similar to the education or experience requirements for the certificate.

(4) The department may refuse to issue a certificate to an applicant under this section if:

(a) the department determines that there is reasonable cause to believe that the applicant is not qualified to receive the certificate; or

(b) the applicant has a previous or pending disciplinary action related to the applicant's other license.

(5) Before the department issues a certificate to an applicant under this section, the applicant shall:

(a) pay a fee determined by the department under Section 63J-1-504; and

(b) produce satisfactory evidence of the applicant's identity, qualifications, and good standing in the occupation for which certification is sought.

(6) The department may make rules in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, prescribing the administration and requirements of this section.

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 58-1-108 is amended to read:

58-1-108. Adjudicative proceedings.

(1) The division and all boards created under [~~the authority of~~] this title, including the members of a board designated under Subsection 58-1-109(3), shall comply with the procedures and requirements of Title 13, Chapter 1, Department of Commerce, and Title 63G, Chapter 4, Administrative Procedures Act, in all of their adjudicative proceedings as defined by Subsection 63G-4-103(1).

(2) Before proceeding under Section 63G-4-502, the division shall review the proposed action with a committee of no less than three licensees appointed by the chairman of the licensing board created under this title for the profession of the person against whom the action is proposed.

(3) Notwithstanding Title 63G, Chapter 4, Administrative Procedures Act, a warning or final disposition letter which does not constitute disciplinary action against the addressee, issued in response to a complaint of unprofessional or unlawful conduct under this title, does not constitute an adjudicative proceeding.

Section 2. Section 58-1-109 is amended to read:

58-1-109. Presiding officers -- Content of orders -- Recommended orders -- Final orders -- Appeal of orders.

(1) (a) Unless otherwise specified by statute or rule made in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, the presiding officer for adjudicative proceedings before the division [~~shall be~~] is the director. [~~However, pursuant to~~]

(b) Under Title 63G, Chapter 4, Administrative Procedures Act, the director may designate in writing an individual or body of individuals to act as presiding officer to conduct or [~~to~~] assist the director in conducting any part or all of an adjudicative proceeding.

(2) Unless otherwise specified by the director, an administrative law judge shall be designated as the presiding officer to conduct formal adjudicative proceedings in accordance with Subsection 63G-4-102(4), Sections 63G-4-204 through 63G-4-207, and 63G-4-209.

(3) (a) Unless otherwise specified by the director, the licensing board of the [~~occupation or~~] profession that is the subject of the proceedings shall be designated as the presiding officer to serve as fact finder at the evidentiary hearing in a formal adjudicative proceeding.

(b) (i) If the licensing board is composed of seven or more members, the director may designate any odd number of board members to represent the licensing board as the presiding officer under Subsection (3)(a).

(ii) Notwithstanding Subsection 58-1-201(3), the vote of the majority of the board members designated under Subsection (3)(b)(i) is sufficient authority for the licensing board to act as the presiding officer.

(4) (a) At the close of an evidentiary hearing in an adjudicative proceeding, unless otherwise specified by the director, the presiding officer who served as the fact finder at the hearing shall issue a recommended order based [~~upon~~] on the record developed at the hearing determining all issues pending before the division.

(b) If the director designates certain licensing board members under Subsection (3)(b) to represent the licensing board described in Subsection (3)(a), the person who is aggrieved by the designated board members' recommended order may petition the licensing board to review the designated board members' recommended order.

(c) The licensing board shall issue a recommended order based on the review under Subsection (4)(b) that shall become the recommended order of the presiding officer.

(ii) Before modifying or rejecting a recommended order, the director shall consult with the presiding officer who issued the recommended order.

(b) (i) If the director issues a final order modifying or rejecting a recommended order, the licensing board of the [~~occupation or~~] profession that is the subject of the proceeding may, by a two-thirds majority vote of all board members, petition the executive director or designee within the department to review the director's final order.

(ii) The executive director's decision shall become the final order of the division.

(c) This [~~subsection~~] Subsection (5) does not limit the right of the parties to appeal the director's final order by filing a request for agency review under Subsection (8).

(6) If the director is unable for any reason to rule [~~upon~~] on a recommended order of a presiding officer, the director may designate another person within the division to issue a final order.

(7) If the director or the director's designee does not initiate additional fact finding or issue a final order within 20 calendar days after the [~~date of the~~] day on which the recommended order of the presiding officer is issued, the recommended order becomes the final order of the director or the director's designee.

(8) The final order of the director may be appealed by filing a request for agency review with the executive director or the executive director's designee within the department.

(9) The content of all orders shall comply with the requirements of Subsection 63G-4-203(1)(i) and Sections 63G-4-208 and 63G-4-209.

(a) Section 63A-3-106;

(b) Section 63A-3-107; and

(vii) except as provided by Subsection (2)(g), a water right:

(A) (I) owned by a public water supplier;

(II) represented by a public water supplier's ownership interest in a water company; or

(III) to which a public water supplier owns the right of beneficial use; and

(B) conserved or held for the reasonable future water requirement of the public, which is determined according to Subsection (2)(f);

(viii) a supplemental water right during a period of time when another water right available to the appropriator or the appropriator's successor in interest provides sufficient water so as to not require beneficial use of the supplemental water right;

(ix) a period of nonuse of a water right during the time the water right is subject to an approved change application where the applicant is diligently pursuing certification;

(x) a water right to store water in a surface reservoir if:

(A) storage is limited by a safety, regulatory, or engineering restraint that the appropriator or the appropriator's successor in interest cannot reasonably correct; and

(B) not longer than seven years have elapsed since the limitation described in Subsection (2)(e)(x)(A) is imposed; or

(xi) a water right subject to an approved change application for use within a water bank that has been authorized but not dissolved under Chapter 31, Water Banking Act, during the period of time the state engineer authorizes the water right to be used within the water bank.

(f) (i) The reasonable future water requirement of the public is the amount of water needed in the next 40 years by:

(A) the persons within the public water supplier's reasonably anticipated service area based on reasonably anticipated population growth; or

(B) other water use demand.

(ii) For purposes of Subsection (2)(f)(i), a community water system's reasonably anticipated service area:

(iii) The state engineer shall by rule made in accordance with Subsection 73-2-1(4) establish standards for a written plan that may be presented as evidence in conformance with this Subsection (2)(f), except that before a rule establishing standards for a written plan under this Subsection (2)(f) takes effect, in addition to complying with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, the state engineer shall present the rule to:

(A) if the Legislature is not in session, the Natural Resources, Agriculture, and Environment Interim Committee; or

(B) if the Legislature is in session, the House of Representatives and Senate Natural Resources, Agriculture, and Environment standing committees.

(g) For a water right acquired by a public water supplier on or after May 5, 2008, Subsection (2)(e)(vii) applies if:

(3) (a) The state engineer shall furnish a nonuse application form requiring the following information:

(i) the name and address of the applicant;

(e) After further investigation, the state engineer may approve or reject the application.

(4) (a) The state engineer shall grant a nonuse application on all or a portion of a water right for a period of time not exceeding seven years if the applicant shows a reasonable cause for nonuse.

(b) A reasonable cause for nonuse includes:

(ii) a physical cause or change that renders use beyond the reasonable control of the water right owner so long as the water right owner acts with reasonable diligence to resume or restore the use;

(iii) the initiation of water conservation or an efficiency practice, or the operation of a groundwater recharge recovery program approved by the state engineer;

(iv) operation of a legal proceeding;

(v) the holding of a water right or stock in a mutual water company without use by a water

supply entity to meet the reasonable future requirements of the public;

(5) (a) Sixty days before the expiration of a nonuse application, the state engineer shall notify the applicant by mail or by a form of electronic communication through which receipt is verifiable, of the date when the nonuse application will expire.

(b) An applicant may file a subsequent nonuse application in accordance with this section.

Section 2. Section 73-5-15 is amended to read:

73-5-15. Groundwater management plan.

(1) As used in this section:

(a) "Critical management area" means a groundwater basin in which the groundwater withdrawals consistently exceed the safe yield.

(b) "Safe yield" means the amount of groundwater that can be withdrawn from a groundwater basin over a period of time without exceeding the long-term recharge of the basin or unreasonably affecting the basin's physical and chemical integrity.

(2) (a) The state engineer may regulate groundwater withdrawals within a specific groundwater basin by adopting a groundwater management plan in accordance with this section for any groundwater basin or aquifer or combination of hydrologically connected groundwater basins or aquifers.

(b) The objectives of a groundwater management plan are to:

(i) limit groundwater withdrawals to safe yield;

(ii) protect the physical integrity of the aquifer; and

(iii) protect water quality.

(c) The state engineer shall adopt a groundwater management plan for a groundwater basin if more than one-third of the water right owners in the groundwater basin request that the state engineer adopt a groundwater management plan.

(3) (a) In developing a groundwater management plan, the state engineer may consider:

(i) the hydrology of the groundwater basin;

(ii) the physical characteristics of the groundwater basin;

(iii) the relationship between surface water and groundwater, including whether the groundwater should be managed in conjunction with hydrologically connected surface waters;

(iv) the conjunctive management of water rights to facilitate and coordinate the lease, purchase, or voluntary use of water rights subject to the groundwater management plan;

(v) the geographic spacing and location of groundwater withdrawals;

(vi) water quality;

(vii) local well interference; and

(viii) other relevant factors.

(b) The state engineer shall base the provisions of a groundwater management plan on the principles of prior appropriation.

(c) (i) The state engineer shall use the best available scientific method to determine safe yield.

(ii) As hydrologic conditions change or additional information becomes available, safe yield determinations made by the state engineer may be revised by following the procedures listed in Subsection (5).

(4) (a) (i) Except as provided in Subsection (4)(b), the withdrawal of water from a groundwater basin shall be limited to the basin's safe yield.

(ii) Before limiting withdrawals in a groundwater basin to safe yield, the state engineer shall:

(A) determine the groundwater basin's safe yield; and

(B) adopt a groundwater management plan for the groundwater basin.

(iii) If the state engineer determines that groundwater withdrawals in a groundwater basin exceed the safe yield, the state engineer shall regulate groundwater rights in that groundwater basin based on the priority date of the water rights under the groundwater management plan, unless a voluntary arrangement exists under Subsection (4)(c) that requires a different distribution.

(iv) A groundwater management plan shall include a list of each groundwater right in the proposed groundwater management area known to the state engineer identifying the water right holder, the land to which the groundwater right is appurtenant, and any identification number the state engineer uses in the administration of water rights.

(b) When adopting a groundwater management plan for a critical management area, the state engineer shall, based on economic and other impacts to an individual water user or a local community caused by the implementation of safe yield limits on withdrawals, allow gradual implementation of the groundwater management plan.

(c) (i) In consultation with the state engineer, water users in a groundwater basin may agree to participate in a voluntary arrangement for managing withdrawals at any time, either before or after a determination that groundwater

withdrawals exceed the groundwater basin's safe yield.

(ii) A voluntary arrangement under Subsection (4)(c)(i) shall be consistent with other law.

(iii) The adoption of a voluntary arrangement under this Subsection (4)(c) by less than all of the water users in a groundwater basin does not affect the rights of water users who do not agree to the voluntary arrangement.

(5) To adopt a groundwater management plan, the state engineer shall:

(a) give notice as specified in Subsection (7) at least 30 days before the first public meeting held in accordance with Subsection (5)(b):

(i) that the state engineer proposes to adopt a groundwater management plan;

(ii) describing generally the land area proposed to be included in the groundwater management plan; and

(iii) stating the location, date, and time of each public meeting to be held in accordance with Subsection (5)(b);

(b) hold one or more public meetings in the geographic area proposed to be included within the groundwater management plan to:

(i) address the need for a groundwater management plan;

(ii) present any data, studies, or reports that the state engineer intends to consider in preparing the groundwater management plan;

(iii) address safe yield and any other subject that may be included in the groundwater management plan;

(iv) outline the estimated administrative costs, if any, that groundwater users are likely to incur if the plan is adopted; and

(v) receive any public comments and other information presented at the public meeting, including comments from any of the entities listed in Subsection (7)(a)(iii);

(c) receive and consider written comments concerning the proposed groundwater management plan from any person for a period determined by the state engineer of not less than 60 days after the day on which the notice required by Subsection (5)(a) is given;

(d) (i) at least 60 days prior to final adoption of the groundwater management plan, publish notice:

(A) that a draft of the groundwater management plan has been proposed; and

(B) specifying where a copy of the draft plan may be reviewed; and

(ii) promptly provide a copy of the draft plan in printed or electronic form to each of the entities listed in Subsection (7)(a)(iii) that makes written request for a copy; and

(e) provide notice of the adoption of the groundwater management plan.

(6) A groundwater management plan shall become effective on the date notice of adoption is completed under Subsection (7), or on a later date if specified in the plan.

(7) (a) A notice required by this section shall be:

(i) published:

(A) once a week for two successive weeks in a newspaper of general circulation in each county that encompasses a portion of the land area proposed to be included within the groundwater management plan; and

(B) in accordance with Section 45-1-101 for two weeks;

(ii) published conspicuously on the state engineer's website; and

(iii) mailed to each of the following that has within its boundaries a portion of the land area to be included within the proposed groundwater management plan:

(A) county;

(B) incorporated city or town;

(K) conservation district, under Title 17D, Chapter 3, Conservation District Act.

(b) A notice required by this section is effective upon substantial compliance with Subsections (7)(a)(i) through (iii).

(8) A groundwater management plan may be amended in the same manner as a groundwater management plan may be adopted under this section.

(9) The existence of a groundwater management plan does not preclude any otherwise eligible person from filing any application or challenging any decision made by the state engineer within the affected groundwater basin.

(10) (a) A person aggrieved by a groundwater management plan may challenge any aspect of the groundwater management plan by filing a complaint within 60 days after the adoption of the groundwater management plan in the district court for any county in which the groundwater basin is found.

(b) Notwithstanding Subsection (9), a person may challenge the components of a groundwater management plan only in the manner provided by Subsection (10)(a).

(c) An action brought under this Subsection (10) is reviewed de novo by the district court.

(d) A person challenging a groundwater management plan under this Subsection (10) shall join the state engineer as a defendant in the action challenging the groundwater management plan.

(B) The district court's treatment of a petition to intervene under this Subsection (10)(e)(iv) is governed by the Utah Rules of Civil Procedure.

(v) A district court in which an action is brought under Subsection (10)(a) shall consolidate all actions brought under that subsection and include in the consolidated action any person whose petition to intervene is granted.

(14) A groundwater management plan adopted in accordance with this section may not apply to the dewatering of a mine.

(15) (a) A groundwater management plan adopted by the state engineer before May 1, 2006, remains in force and has the same legal effect as it had on the day on which it was adopted by the state engineer.

(b) If a groundwater management plan that existed before May 1, 2006, is amended on or after May 1, 2006, the amendment is subject to this section's provisions.

(1) Before a perpetrator who has been convicted of or adjudicated for a domestic violence offense may be placed on probation, the court shall consider the safety and protection of the victim and any member of the victim's family or household.

(2) The court may condition probation or a plea in abeyance on the perpetrator's compliance with a sentencing protective order that includes:

(a) an order enjoining the perpetrator from threatening to commit or committing acts of domestic violence against the victim or other family or household member;

(b) an order prohibiting the perpetrator from harassing, telephoning, contacting, or otherwise communicating with the victim, directly or indirectly;

(c) (i) The court shall notify the perpetrator of the right to request a hearing.

(ii) If the perpetrator requests a hearing under this Subsection (3)(c), the court shall hold the hearing at the time determined by the court. The continuous protective order shall be in effect while the hearing is being scheduled and while the hearing is pending.

(d) A continuous protective order is permanent in accordance with this Subsection (3) and may include:

(i) an order enjoining the perpetrator from threatening to commit or committing acts of domestic violence against the victim or other family or household member;

(ii) an order prohibiting the perpetrator from harassing, telephoning, contacting, or otherwise communicating with the victim, directly or indirectly;

(v) any other order the court considers necessary to fully protect the victim and members of the victim's family or other household member.

(4) A continuous protective order may be modified or dismissed only if the court determines by clear and convincing evidence that all requirements of Subsection (3) have been met and the victim does not have a reasonable fear of future harm or abuse.

(5) Except as provided in Subsection (6), in addition to the process of issuing a continuous protective order described in Subsection (3), a district court may issue a continuous protective order at any time if the victim files a petition with the court, and after notice and hearing the court finds that a continuous protective order is necessary to protect the victim.

(6) (a) Unless the juvenile court transfers jurisdiction of the offense to the district court under Section 80-6-504, a continuous protective order may not be issued under this section against a perpetrator who is a minor.

(b) Unless the court sets an earlier date for expiration, a sentencing protective order issued under this section against a perpetrator who is a minor expires on the earlier of:

(i) the day on which the juvenile court terminates jurisdiction; or

(ii) in accordance with Section 80-6-807, the day on which the Division of Juvenile Justice Services discharges the perpetrator.

Section 17. Section 80-6-604 is amended to read:

80-6-604. Victim's rights -- Access to juvenile court records.

(1) (a) If a minor is charged in a petition or information under this chapter for an offense that if committed by an adult would be a felony or a class A or class B misdemeanor, a victim of any act charged in the petition or information shall, upon request, be afforded all rights afforded to victims in:

(i) Title 77, Chapter 36, Cohabitant Abuse Procedures Act;

(ii) Title 77, Chapter 37, Victims' Rights;

(iii) [~~Title 77, Chapter 38, Rights of Crime Victims Act~~] Title 77, Chapter 38, Crime Victims; and

(iv) Title 78B, Chapter 7, Part 8, Criminal Protective Orders.

(b) The notice provisions in Section 77-38-3 do not apply to important juvenile justice hearings as defined in Section 77-38-2.

(2) A victim, upon request to the appropriate juvenile court personnel, shall have the right to inspect and duplicate juvenile court records related to the offense against the victim that have not been expunged under Part 10, Juvenile Records and Expungement, concerning:

(a) the scheduling of any juvenile court hearings on a petition or information filed under this chapter;

(b) any findings made by the juvenile court; and

(b) "Water company" means, except as described in Subsection (1)(c), any company, operating for profit or not for profit, where a shareholder has the right to receive a proportionate share, based on that shareholder's ownership interest, of water delivered by the company.

(c) "Water company" does not include a public water supplier, as defined in Section 73-1-4.

(2) (a) A shareholder who seeks to file a change application under Section 73-3-3 to make a change to some or all of the water rights represented by the shareholder's shares in a water company shall:

(i) prepare a proposed change application on forms furnished by the state engineer; and

(ii) provide the proposed change application to the water company by personal delivery with a signed receipt, certified mail, or electronic mail with confirmation of receipt.

(b) The water company and the shareholder shall cooperate in supplying information relevant to preparation or correction of the shareholder's change application.

(c) In addition to the information required under Section 73-3-3, the proposed change application shall include:

(i) the certificate number of the stock affected by the change;

(ii) a description of the land proposed to be retired from irrigation in accordance with Section 73-3-3, if the proposed change in place or nature of use of the water involves a situation where the water was previously used for irrigation;

(iii) an agreement by the shareholder to continue to pay all applicable corporate assessments on the share affected by the change; and

(iv) any other information that the water company may reasonably need to evaluate the proposed change application.

(3) (a) [~~The water company shall respond to the proposed change application described in Subsection (2) within 120 days after the day on which the water company receives the proposed change application.~~] The water company shall respond to the proposed change application described in Subsection (2) within:

(b) The water company's response to the proposed change application shall be in writing and shall:

(i) consent to the proposed change;

(ii) consent to the proposed change, subject to certain conditions described by the water company; or

(iii) decline to consent to the proposed change, describing the reasons for declining to consent.

(c) If the water company fails to timely respond, as described in Subsection (3)(a), the failure to respond shall be considered the water company's consent to the proposed change application and the shareholder may file the change application with the state engineer.

(4) (a) In reviewing a shareholder's proposed change application, a water company may consider:

(i) whether an increased cost to the water company or its shareholders results from the proposed change;

(ii) whether the proposed change will interfere with the water company's ability to manage and distribute water for the benefit of all shareholders;

(iii) whether the proposed change represents more water than the shareholder's proportionate share of the water company's right;

(iv) whether the proposed change would create preferential access to use of particular company water rights to the detriment of other shareholders;

(v) whether the proposed change will impair the quantity or quality of water delivered to other shareholders under the existing water rights of the water company, including rights to carrier water;

(vi) whether the proposed change violates a statute, ordinance, regulation, or order of a court or government agency;

(vii) if applicable, whether the shareholder has or can arrange for the beneficial use of water to be retired from irrigation within the water company's service area under the proposed change; and

(viii) the cumulative effects that the approval of the change application may have on other shareholders or water company operations.

(b) The water company may not withhold consent if any potential damage, liability, or impairment to the water company, or its shareholders, can be reasonably mitigated without cost to the water company.

(c) The water company may require the shareholder to pay all reasonable and necessary costs associated with the change application, but may not impose unreasonable exactions.

(5) (a) If the water company declines to consent to the proposed change application, stating its reasons, the shareholder may file an action in district court, seeking court review of the reasonableness of the conditions imposed for giving consent or the reasons stated for declining consent and a final order allowing the shareholder to file the proposed change application with the state engineer.

(b) If the water company consents to the proposed change application subject to conditions to which the shareholder does not agree, the shareholder may file the change application with the state engineer as provided in Subsection (6), without waiving the shareholder's right to contest conditions set by the water company under Subsection (3)(b)(ii).

(c) During or after the completion of the proceeding before the state engineer commenced under Subsection (6), the shareholder may file an action in district court seeking court review of the reasonableness of the conditions imposed by the water company for giving consent.

(d) In an action brought under Subsection (5)(a), (b), or (c), the court:

(i) shall refer the parties to mediation under Title 78B, Chapter 6, Part 2, Alternative Dispute Resolution Act, unless one or both parties decline mediation; and

(ii) may award costs and reasonable attorney fees to the prevailing party if mediation does not occur because the other party declined to participate in mediation.

(6) If the water company consents to the proposed change, the water company fails to respond as required by Subsection (3)(a), the court has entered an order described in Subsection (5)(a), or the water company consents to the proposed change subject to conditions to which the shareholder does not agree, as described in Subsection (5)(b), the shareholder may commence an administrative proceeding by filing the change application with the state engineer in accordance with Section 73-3-3 and this section.

(7) The shareholder shall include as part of the change application filed with the state engineer under Subsection (5)(b) or (6):

(a) the water company's response to the shareholder's proposed change application;

(c) if applicable, the court order described in Subsection (5)(a).

(8) (a) The state engineer shall evaluate a shareholder's change application in the same manner used to evaluate a change application submitted under Section 73-3-3, using the criteria described in Section 73-3-8.

(b) Nothing in this section limits the authority of the state engineer in evaluating and processing a change application, including the authority to require or allow a shareholder or water company to submit additional relevant information, if the state engineer finds an absence of prejudice and allows adequate time and opportunity for the other party to respond.

(9) If the state engineer approves a shareholder's change application, the state engineer may, for shares included in the approval, require that the shareholder requesting the change be current on all water company assessments and continue to pay all reasonably applicable future assessments, with credit given to the shareholder for any cost savings to the company resulting from the change.

(10) By mutual agreement only, and when the shares will rely upon a different diversion and delivery system, the water company and the shareholder may negotiate a buyout from the water company that may include a pro rata share of the water company's existing indebtedness assignable to the shares.

(11) After an application has been approved by the state engineer, the shareholder may file requests for extensions of time to submit proof of beneficial use under the change application without further involvement of the water company.

(12) If, after a proposed change has been approved and gone into effect, a shareholder fails to substantially comply with a condition described in Subsection (9), or any condition reasonably imposed by the company and agreed to by the shareholder,

and neglects to remedy the failure after written notice from the water company that allows the shareholder a reasonable opportunity to remedy the failure, no less than 90 days after the day on which the water company gives notice, the water company may petition the state engineer to order a reversal of the change application approval.

(13) (a) The shareholder requesting the change shall have a cause of action, including an award of actual damages incurred, against the water company if the water company:

(i) unreasonably withholds approval of a requested change;

(ii) imposes unreasonable conditions in its approval; or

(iii) withdraws approval of a change application in a manner other than as provided in Subsection (12).

(b) The court may award costs and reasonable attorney fees:

(i) to the shareholder if the court finds that the water company acted in bad faith when it declined to consent to the proposed change or conditioned its consent on excessive exactions or unreasonable conditions; or

(b) In determining whether parts or accessories in a franchisee's inventory were specified and sold under an automated ordering system required by the franchisor, the parts and accessories in the franchisee's inventory are presumed to be the most recent parts and accessories that the franchisor sold to the franchisee.

(12) (a) Subsection (1)(nn) does not apply to a good faith settlement of a dispute, including a dispute relating to contract negotiations, in which the franchisee gives a waiver in exchange for fair consideration in the form of a benefit conferred on the franchisee.

(b) Subsection (12)(a) may not be construed to defeat a franchisee's claim that a waiver has been obtained in violation of Subsection (1)(nn).

(13) (a) As used in Subsection (1)(pp):

(i) "Materially alter":

(A) means to make a material architectural, structural, or aesthetic alteration; and

(B) does not include routine maintenance, such as interior painting, reasonably necessary to keep a dealership facility in attractive condition.

(ii) "Penalty or other detriment" does not include a payment under an agreement, incentive, or program that is offered to but declined or not accepted by a franchisee, even if a similar payment is made to another franchisee in the state that chooses to participate in the agreement, incentive, or program.

(b) Subsection (1)(pp) does not apply to:

(15) A franchisor may comply with Subsection (1)(rr) by notifying the franchisee that the information in a written disclosure described in Subsection (1)(rr) is available on a website or by other digital means.

Section 2. Section 13-14-204 is amended to read:

13-14-204. Franchisor's obligations related to service -- Franchisor audits -- Time limits.

(1) Each franchisor shall specify in writing to each of the franchisor's franchisees licensed as a new motor vehicle dealer in this state:

(a) the franchisee's obligations for new motor vehicle preparation, delivery, [~~and~~] warranty service, and recalls on the franchisor's products;

(b) the schedule of compensation to be paid to the franchisee for parts, work, and service; and

(c) the time allowance for the performance of work and service.

(2) (a) The schedule of compensation described in Subsection (1) shall include reasonable compensation for diagnostic work, as well as repair service, parts, and labor.

(b) Time allowances described in Subsection (1) for the diagnosis and performance of warranty work and service shall be reasonable and adequate for the work to be performed.

(3) (a) [~~In the determination of what constitutes reasonable compensation under this section, the principal factor to be considered is the prevailing wage rates being paid by franchisees in the relevant market area in which the franchisee is doing business.~~] As used in this Subsection (3):

(i) "Qualified repair" means a repair to a motor vehicle that:

(A) would have come within the franchisor's new motor vehicle warranty but for such motor vehicle having exceeded the time or mileage limits of such warranty; and

(B) does not otherwise constitute warranty work.

(ii) "Qualified repair" does not include:

(A) routine maintenance, including without limitation the replacement of fluids, filters, non-electric vehicle batteries, bulbs, belts, brake pads, rotors, nuts, bolts, or fasteners;

(B) a replacement of or work on tires, wheels, or elements related to either, including without limitation wheel alignments and tire or wheel rotations;

(C) a repair for a government agency, an insurer, or an extended warranty or service contract provider;

(D) a repair that is the subject of a franchisor special event, promotion, or service campaign, or otherwise is subject to a franchisor discount;

(J) a repair or replacement with or to an aftermarket part;

(K) a franchisor-approved goodwill or policy repair or replacement; or

(L) a repair performed on a motor vehicle of a line-make other than that for which the franchisee is franchised by the franchisor.

(b) (i) [~~Compensation~~] Reasonable compensation of the franchisee for parts and service in warranty [~~service~~] or recall repair work may not be less than the [~~amount~~] rates charged by the franchisee for like parts and service to retail [~~or fleet customers, if the amounts are reasonable~~] customers.

(ii) In the case of a recreational vehicle franchisee, reimbursement for parts used in the performance of warranty repairs, including those parts separately warranted directly to the consumer by a recreational vehicle parts supplier, may not be less than the franchisee's cost plus 20%.

(iii) For purposes of Subsection (3)(b)(ii), the term "cost" shall be that same price paid by a franchisee to a franchisor or supplier for the part when the part is purchased for a nonwarranty repair.

(c) A franchisee seeking to establish or modify the franchisee's retail labor rate, retail parts markup, or both, shall submit in writing or electronically to the franchisee's franchisor at the location and materially in the format theretofore specified by the franchisor in writing to the franchisee whichever of the following produces the fewer number of repair orders, all of which must be for repairs made no more than 180 days before such submission:

(i) all consecutive repair orders that include 100 sequential repair orders reflecting qualified repairs; or

(ii) all repair orders reflecting qualified repairs closed during any period of 90 consecutive days.

(d) A franchisee shall calculate the franchisee's:

(i) retail labor rate by determining the total charges for labor in the qualified repairs submitted and dividing that amount by the total number of hours in the qualified repairs that generated such charges; and

(ii) retail parts markup by determining the total charges for parts in the qualified repairs submitted,

dividing such amount by the franchisee's total cost of the purchase of such parts, subtracting one, and multiplying by 100 to produce a percentage.

(e) (i) A retail labor rate or retail parts markup described in Subsection (3)(c) is effective 30 days after the franchisee submits the notice described in Subsection (3)(c), unless, within 30 days after receiving the franchisee's submission, the franchisor delivers to the franchisee:

(A) a written objection to the material accuracy of the retail labor rate or retail parts markup; or

(B) a written request for supplemental repair orders pursuant to Subsection (3)(e)(ii).

(ii) (A) If a franchisor determines from the franchisee's set of repair orders submitted pursuant to Subsections (3)(c) and (d) that the franchisee's submission for a retail labor rate or retail parts markup is substantially higher than the franchisee's current warranty rate, the franchisor may request, in writing, within 30 days after the franchisor's receipt of the notice described in Subsection (3)(c), all repair orders closed within the period of 30 days immediately preceding, or 30 days immediately following, the set of repair orders submitted by the franchisee.

(B) All time periods under this section shall be suspended until the franchisee submits the supplemental repair orders described in Subsection (3)(e)(ii)(A).

(iii) If a franchisor requests supplemental repair orders described in Subsection (3)(e)(ii), the franchisor may, within 30 days after receiving the supplemental repair orders, calculate a proposed adjusted retail labor rate or retail parts markup, as applicable, based upon any set of the qualified repair orders submitted by the franchisee, if the franchisor:

(A) uses the same requirements applicable to the franchisee's submission described in Subsection (3)(c);

(B) uses the formula to calculate the retail labor rate or retail parts markup described in Subsection (3)(d); and

(C) omits all charges in the repair orders described in Subsection (3)(a)(ii).

(f) A franchisee may not seek to establish or modify the franchisee's:

(i) retail labor rate more frequently than once in a 12-month period; and

(ii) retail parts markup more frequently than once in a 12-month period.

(g) An approved adjusted retail labor rate or retail parts markup shall be effective on the later of 30 days after a franchisor receives:

(i) a submission described in Subsection (3)(c); or

(ii) supplemental repair orders described in Subsection (3)(e)(ii).

(h) A franchisor shall begin compensating the franchisee according to the effective retail labor rate and retail parts markup rate no later than 15 days after the effective date of the rate or rates.

(4) A franchisor may not fail to:

(a) perform any warranty obligation;

(b) include in written notices of franchisor's recalls to new motor vehicle owners and franchisees the expected date by which necessary parts and equipment will be available to franchisees for the correction of the defects; or

(c) in accordance with Subsections (2) and (3), compensate a franchisee for all diagnostic work, labor, and parts the franchisor requires to perform a recall repair.

(5) If a franchisor disallows a franchisee's claim for a defective part, alleging that the part is not defective, the franchisor at the franchisor's option shall:

(a) return the part to the franchisee at the franchisor's expense; or

(b) pay the franchisee the cost of the part.

(6) (a) A claim made by a franchisee pursuant to this section for diagnostic work, labor, or parts shall be paid within 30 days after the claim's approval.

(b) The franchisor shall approve or disapprove a claim within 30 days after receipt of the claim on a form generally used by the franchisor and containing the generally required information. Any claim not specifically disapproved of in writing within 30 days after the receipt of the form is considered to be approved and payment shall be made within 30 days.

(7) A franchisor may conduct warranty service audits and recall repair audits of the franchisor's franchisee records on a reasonable basis.

(8) A franchisor may deny a franchisee's claim for warranty compensation or recall repair compensation only if:

(a) the franchisee's claim is based on a nonwarranty repair or a nonrecall repair;

(b) the franchisee lacks material documentation for the claim;

(c) the franchisee fails to comply materially with specific substantive terms and conditions of the franchisor's warranty compensation program or recall repair compensation program; or

(d) the franchisor has a bona fide belief based on competent evidence that the franchisee's claim is intentionally false, fraudulent, or misrepresented.

(9) (a) Any charge back for a warranty part or service compensation, recall repair compensation, or service incentive is only enforceable for the six-month period immediately following the day on which the franchisor makes the payment compensating the franchisee for the warranty part or service, recall repair, or service incentive.

(b) Except as provided in Subsection (9)(e), all charge backs levied by a franchisor for sales

compensation or sales incentives arising out of the sale or lease of a motor vehicle sold or leased by a franchisee shall be compensable only if written notice of the charge back is received by the franchisee within six months immediately following the sooner of:

(i) the day on which the franchisee reports the sale to the franchisor; or

(ii) the day on which the franchisor makes the payment for the sales compensation or sales incentive to the franchisee.

(c) (i) Upon an audit, the franchisor shall provide the franchisee automated or written notice explaining the amount of and reason for a charge back.

(ii) A franchisee may respond in writing within 30 days after the notice under Subsection (9)(c)(i) to:

(A) explain a deficiency; or

(B) provide materials or information to correct and cure compliance with a provision that is a basis for a charge back.

(d) A charge back:

(i) may not be based on a nonmaterial error that is clerical in nature; and

(ii) (A) shall be based on one or more specific instances of material noncompliance with the franchisor's warranty compensation program, sales incentive program, recall repair program, or recall compensation program; and

(B) may not be extrapolated from a sampling of warranty claims, recall repair claims, or sales incentive claims.

(e) The time limitations of this Subsection (9) do not preclude charge backs for any fraudulent claim that was previously paid.

(10) (a) If within 30 days after the day on which a franchisor issues an initial notice of recall a part or remedy is not reasonably available to perform the recall repair on a used motor vehicle, each calendar month thereafter the franchisor shall pay the franchisee an amount equal to at least 1.35% of the value of the used motor vehicle, if:

(i) the franchisee holding the used motor vehicle for sale is authorized to sell and service a new vehicle of the same line-make;

(ii) after May 7, 2018, the franchisor issues a stop-sale or do-not-drive order on the used motor vehicle; and

(iii) (A) the used motor vehicle is in the franchisee's inventory at the time the franchisor issued the order described in Subsection (10)(a)(ii); or

(B) after the franchisor issues the order described in Subsection (10)(a)(ii), the franchisee takes the used motor vehicle into the franchisee's inventory at the termination of the consumer lease for the vehicle, as a consumer trade-in accompanying the purchase of a new vehicle from the franchisee, or for any other reason in the ordinary course of business.

(b) A franchisor shall pay the compensation described in Subsection (10)(a):

(i) beginning:

(A) 30 days after the day on which the franchisee receives the stop-sale or do-not-drive order; or

(B) if a franchisee obtains the used motor vehicle more than 30 days after the day on which the franchisee receives the stop-sale or do-not-drive order, the day on which the franchisee obtains the used motor vehicle; and

(ii) ending the earlier of the day on which:

(A) the franchisor makes the recall part or remedy available for order and prompt shipment to the franchisee; or

(B) the franchisee sells, trades, or otherwise disposes of the used motor vehicle.

(c) A franchisor shall prorate the first and last payment for a used motor vehicle to a franchisee under this Subsection (10).

(d) A franchisor may direct the manner in which a franchisee demonstrates the inventory status of an affected used motor vehicle to determine eligibility under this Subsection (10), if the manner is not unduly burdensome.

(11) (a) A franchisee that offsets recall repair compensation received from a franchisor under this section against recall repair compensation the franchisee receives under a state or federal recall repair compensation remedy may pursue any other available remedy against the franchisor.

(b) As an alternative to providing recall repair compensation under this section, a franchisor may compensate a franchisee for a recall repair:

(i) under a national recall repair compensation program, if the compensation is equal to or greater than the compensation provided under this section; or

(ii) as the franchisor and franchisee otherwise agree, if the compensation is equal to or greater than the compensation provided under this section.

(c) Nothing in this section requires a franchisor to provide compensation to a franchisee that exceeds the value of the used motor vehicle affected by a recall.

(12) During an audit under this section, a franchisor may not request a document from the franchisee that originated from the franchisor or a subsidiary of the franchisor, unless the document required additional information from the customer.

11-14-308, as last amended by Laws of Utah 2011, Second Special Session, Chapter 1

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 11-14-308 is amended to read:

11-14-308. Special service district bonds secured by federal mineral lease payments -- Use of bond proceeds -- Bond resolution -- Nonimpairment of appropriation formula -- Issuance of bonds.

(1) Special service districts may:

(a) issue bonds payable, in whole or in part, from federal mineral lease payments which are to be deposited into the Mineral Lease Account under Section 59-21-1 and distributed to special service districts under Subsection 59-21-2(2)(h); or

(b) pledge all or any part of the mineral lease payments described in Subsection (1)(a) as an additional source of payment for their general obligation bonds.

(2) The proceeds of these bonds may be used:

(a) to construct, repair, and maintain streets and roads;

(b) to fund any reserves and costs incidental to the issuance of the bonds and pay any associated administrative costs; and

(c) for capital projects of the special service district.

(3) (a) The special service district board shall enact a resolution authorizing the issuance of bonds which, until the bonds have been paid in full:

(i) shall be irrevocable; and

(ii) may not be amended in any manner that would:

(A) impair the rights of the bond holders; or

(B) jeopardize the timely payment of principal or interest when due.

(b) Notwithstanding any other provision of this chapter, the resolution described in Subsection (3)(a) may contain covenants with the bond holder regarding:

(i) mineral lease payments, or their disposition;

(ii) the issuance of future bonds; or

(iii) other pertinent matters considered necessary by the governing body to:

(A) assure the marketability of the bonds; or

(B) insure the enforcement, collection, and proper application of mineral lease payments.

(4) (a) Except as provided in Subsection (4)(b), the state may not alter, impair, or limit the statutory appropriation formula provided in Subsection 59-21-2(2)(h), in a manner that reduces the amounts to be distributed to the special service district until the bonds and the interest on the bonds are fully met and discharged. Each special service district may include this pledge and undertaking of the state in these bonds.

(b) Nothing in this section:

(i) may preclude the alteration, impairment, or limitation of these bonds if adequate provision is made by law for the protection of the bond holders; or

(ii) shall be construed:

(A) as a pledge guaranteeing the actual dollar amount ultimately received by individual special service districts;

(B) to require the Department of Transportation to allocate the mineral lease payments in a manner contrary to the general allocation method described in Subsection 59-21-2(2)(h); or

(C) to limit the Department of Transportation in making rules or procedures allocating mineral lease payments pursuant to Subsection 59-21-2(2)(h).

(5) (a) The average annual installments of principal and interest on bonds to which mineral lease payments have been pledged as the sole source of payment may not at any one time exceed:

(i) 80% of the total mineral lease payments received by the issuing entity during the fiscal year of the issuing entity immediately preceding the fiscal year in which the resolution authorizing the issuance of bonds is adopted; or

(ii) if the bonds are issued during the first fiscal year the issuing entity is eligible to receive funds, 60% of the amount estimated by the Department of Transportation to be appropriated to the issuing entity in that fiscal year.

(b) The Department of Transportation is not liable for any loss or damage resulting from reliance on the estimates.

(6) The final maturity date of the bonds may not exceed 15 years from the date of their issuance.

[~~(7) Bonds may not be issued under this section after December 31, 2020.~~]

[~~(8)~~] (7) Bonds which are payable solely from a special fund into which mineral lease payments are deposited constitute a borrowing based solely upon the credit of the mineral lease payments received or to be received by the special service district and do not constitute an indebtedness or pledge of the general credit of the special service district or the state.

(8) No bond issuance shall be invalid or impaired solely because the bonds were issued under this section during the period beginning January 1, 2021 and ending May 3, 2023.

(ii) provide an incentive that exceeds a maximum amount established by the division for grant money under Subsection (3)(d).

(f) The division may approve a request from a district under Subsection (3)(b)(v)(C) to use program guidelines in lieu of rules made by the division under Subsection (5)(b) if the division determines that the district's program guidelines will:

(ii) accomplish the same objectives as rules made under Subsection (5)(b).

(4) (a) In an area without an existing landscaping conversion incentive program, the division may provide an incentive to an owner to remove lawn or turf from land owned by the owner and replace the lawn or turf with [~~drought resistant~~] water efficient landscaping.

(b) If the division provides an incentive under this [~~section~~] Subsection (4), the division shall provide the incentive in the order that an application for the incentive is filed. The division may terminate an application if the division determines that the owner has not completed the project within

(i) the owner shall at the time the owner applies for the incentive:

[~~(ii) be in good standing with a retail water provider so that the owner has no unpaid water bills; and~~]

[~~(iii)~~] (B) participate voluntarily in the removal of the lawn or turf in that the removal is not required by governmental code or policy[~~.~~];

(iii) the owner shall agree to:

(A) maintain water efficient landscaping and a drip irrigation system installed in the project area and not reinstall lawn or turf or overhead spray irrigation in the project area after receipt of a payment under this section to incentivize conversion of lawn or turf to water efficient landscaping; or

(B) return to the division or to a district the payments received for removal of lawn or turf from the project area.

(d) An owner may not receive an incentive under this section if the owner has previously received an incentive under this section for the same [~~property~~] project area.

(e) [~~The division may not provide an owner~~] An owner may not receive an incentive under this [~~section~~] Subsection (4) in an amount [~~greater than 50% of the cost of replacing the~~] that exceeds:

(c) establishing for funding under this section, the maximum incentive from grant money allowable for each square foot of lawn or turf converted to water efficient landscaping or a maximum aggregate amount; and

(d) establishing for purposes of this section regional-based water use efficiency standards designed to reduce water consumption and conserve culinary and secondary water supplies.

(6) This section does not prohibit a municipality or county from adopting landscaping standards that would result in greater water efficiency than provided by division rule made under Subsection (5) if the standards do not conflict with this section or division rules.

(7) The division shall maintain a public website that, at a minimum, provides the status of a municipal or county ordinance, resolution, or policy that implements regional-based water use efficiency standards as described in Subsection (4)(c)(ii).

73-3-30, as last amended by Laws of Utah 2022, Chapter 43

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 73-3-8 is amended to read:

73-3-8. Approval or rejection of application -- Requirements for approval -- Application for specified period of time -- Filing of royalty contract for removal of salt or minerals -- Request for agency action.

(1) (a) It shall be the duty of the state engineer to approve an application if there is reason to believe that:

(i) for an application to appropriate, there is unappropriated water in the proposed source;

(ii) the proposed use will not impair existing rights or interfere with the more beneficial use of the water;

(iii) the proposed plan:

(A) is physically and economically feasible, unless the application is filed by the United States Bureau of Reclamation; and

(B) would not prove detrimental to the public welfare;

(iv) the applicant has the financial ability to complete the proposed works;

(v) the application was filed in good faith and not for purposes of speculation or monopoly; and

(vi) if applicable, the application complies with a groundwater management plan adopted under Section 73-5-15.

(b) If the state engineer, because of information in the state engineer's possession obtained either by the state engineer's own investigation or otherwise, has reason to believe that an application will interfere with the water's more beneficial use for irrigation, municipal and industrial, domestic or culinary, stock watering, power or mining development, or manufacturing, or will unreasonably affect public recreation or the natural stream environment, or will prove detrimental to the public welfare, the state engineer shall withhold approval or rejection of the application until the state engineer has investigated the matter.

(c) If an application does not meet the requirements of this section, it shall be rejected.

(2) (a) An application to appropriate water for industrial, power, mining development, manufacturing purposes, agriculture, or municipal purposes may be approved for a specific and certain period from the time the water is placed to beneficial use under the application, but in no event may an application be granted for a period of time less than that ordinarily needed to satisfy the essential and primary purpose of the application or until the water is no longer available as determined by the state engineer.

(b) At the expiration of the period fixed by the state engineer the water shall revert to the public and is subject to appropriation as provided by this title.

(c) No later than 60 calendar days before the expiration date of the fixed time period, the state engineer shall send notice by mail or by any form of electronic communication through which receipt is verifiable, to the applicant of record.

(d) Except as provided by Subsection (2)(e), the state engineer may extend any limited water right upon a showing that:

(i) the essential purpose of the original application has not been satisfied;

(ii) the need for an extension is not the result of any default or neglect by the applicant; and

(iii) the water is still available.

(e) An extension may not exceed the time necessary to satisfy the primary purpose of the original application.

(f) A request for extension of the fixed time period must be filed in writing in the office of the state engineer on or before the expiration date of the application.

(3) (a) Before the approval of any application for the appropriation of water from navigable lakes or streams of the state that contemplates the recovery of salts and other minerals therefrom by precipitation or otherwise, the applicant shall file with the state engineer a copy of a contract for the payment of royalties to the state.

(b) The approval of an application shall be revoked if the applicant fails to comply with terms of the royalty contract.

(4) (a) The state engineer shall investigate all temporary change applications.

(b) The state engineer shall:

(i) approve the temporary change if the state engineer finds there is reason to believe that the temporary change will not impair an existing right; and

(ii) deny the temporary change if the state engineer finds there is reason to believe the temporary change would impair an existing right.

(5) (a) With respect to a change application for a permanent or fixed time change:

(i) the state engineer shall follow the same procedures provided in this title for approving an application to appropriate water; and

(ii) the rights and duties of a change applicant are the same as the rights and duties of a person who applies to appropriate water under this title.

(b) The state engineer may waive notice for a permanent or fixed time change application if the application only involves a change in point of diversion of 660 feet or less.

(c) The state engineer may condition approval of a change application to prevent an enlargement of the quantity of water depleted by the nature of the proposed use when compared with the nature of the currently approved use of water proposed to be changed.

(d) A condition described in Subsection (5)(c) may not include a reduction in the currently approved diversion rate of water under the water right identified in the change application solely to account for the difference in depletion under the nature of the proposed use when compared with the nature of the currently approved use.

(6) (a) Except as provided in Subsection (6)(b), the state engineer shall reject a permanent or fixed time change application if the person proposing to make the change is unable to meet the burden described in Subsection 73-3-3(5).

(b) If otherwise proper, the state engineer may approve a change application upon one or more of the following conditions:

(i) for part of the water involved;

(ii) that the applicant acquire a conflicting right; or

(iii) that the applicant provide and implement a plan approved by the state engineer to mitigate impairment of an existing right.

(c) (i) There is a rebuttable presumption of quantity impairment, as defined in Section 73-3-3, to the extent that, for a period of at least seven consecutive years, a portion of the right identified in a change application has not been:

(A) diverted from the approved point of diversion; or

(B) beneficially used at the approved place of use.

(ii) The rebuttable presumption described in Subsection (6)(c)(i) does not apply if the beneficial use requirement is excused by:

(A) Subsection 73-1-4(2)(e);

(B) an approved nonuse application under Subsection 73-1-4(2)(b);

(C) Subsection [~~73-3-30(6)~~] 73-3-30(7); or

(D) the passage of time under Subsection 73-1-4(2)(c)(i).

(d) The state engineer may not consider quantity impairment based on the conditions described in Subsection (6)(c) unless the issue is raised in a:

(i) timely protest that identifies which of the protestant's existing rights the protestant reasonably believes will experience quantity impairment; or

(ii) written notice provided by the state engineer to the applicant within 90 days after the change application is filed.

(e) The written notice described in Subsection (6)(d)(ii) shall:

(i) specifically identify an existing right the state engineer reasonably believes may experience quantity impairment; and

(ii) be mailed to the owner of an identified right, as shown by the state engineer's records, if the owner has not protested the change application.

(f) The state engineer is not required to include all rights the state engineer believes may be impaired by the proposed change in the written notice described in Subsection (6)(d)(ii).

(g) The owner of a right who receives the written notice described in Subsection (6)(d)(ii) may not become a party to the administrative proceeding if the owner has not filed a timely protest.

(h) If a change applicant, the protestants, and the persons identified by the state engineer under Subsection (6)(d)(ii) come to a written agreement regarding how the issue of quantity impairment shall be mitigated, the state engineer may incorporate the terms of the agreement into a change application approval.

(e) (i) A secondary water supplier that provides pressurized secondary water to a commercial, industrial, institutional, or residential user shall develop a plan, or if the secondary water supplier previously filed a similar plan, update the plan for metering the use of the pressurized water.

(ii) The plan required by this Subsection (2)(e) shall be filed or updated with the Division of Water Resources by no later than December 31, 2025, and address the process the secondary water supplier will follow to implement metering, including:
