The Nevada Historical Society encourages the spirit of discovery and pursuit of knowledge to enrich lives through history. Since 1904 the Nevada Historical Society has sought to advance the study of the heritage of Nevada, the Great Basin, and the West. Our mission is to collect and preserve our state's cultural heritage to make it accessible to everyone through education, research, and exhibitions about the people, places, and events that shape Nevada.

We strive to be:

- A diverse and inclusive educational institution that reflects the histories of all Nevadans
- A valuable resource that illuminates our past, connects us to the present, and inspires us for the future
- An accessible destination for education, research, and public programs
