Index

- Adas, Michael, 1, 46, 56, 205
- agrarian structure: in Japanese colonies, 40–41; in Java, 43; in the Philippines, 41–42; in Thailand, 42–43; in Vietnam, 43–44, 48
- Alatas, Syed Hussein, 118, 119, 205
- American aid, 167
- Andrus, J. Russell, 56, 70, 75, 80, 83, 85, 86, 91, 96, 177, 205
- Anspach, Ralph, 173, 186, 187, 188, 189, 205
- anthropometric studies, 133
- Ayal, Eliezer B., 122, 186, 188, 189, 206
- Baker, Chris, 63, 115, 122, 164, 178, 182, 226
- Balisacan, A., 186, 203, 206
- Banens, Maks, 19, 39, 40, 48, 60, 135, 136, 137, 147
- Barclay, George, 19, 20, 21, 39, 80, 120, 127, 128, 138, 140, 206
- Bassino, Jean-Pascal, 70, 73, 75, 79, 82, 86, 91, 104, 108, 165, 206, 207
- Baxter, James, 115, 120, 127, 207
- Bayly, Christopher, 67, 69, 135, 156, 158, 207
- Beasley, W. G., 148, 149, 207
- Boeke, J. H., 118, 123, 183, 207
- Boomgaard, Peter, 19, 20, 21, 25, 49, 53, 54, 71, 115, 123, 207, 208
- Booth, Anne, 5, 27, 31, 70, 76, 77, 78, 79, 83, 85, 89, 99, 100, 104, 108, 134, 165, 183, 184, 186, 189, 194, 202, 208
- British Malaya: Chinese in the labor force, 116; development indicators, 138; development of factor markets, 125–128; economic growth after 1945, 165–166; economic growth before 1940, 22–23; ethnic breakdown, 20; export performance, 90–91; export surpluses, 107; government revenues and expenditures, 71–76; growth of estates, 56–60; historical background, 6; IBRD report, 189–190; infrastructure, 80; Japanese exports to, 98–99; land tenure disputes, 182–183; land titling, 36–37; occupational distribution, 30; outward-looking policies, 172–173; policies towards foreign investment, 201; population growth, 18–21; post-war reforms, 159–160; regressive taxation, 81–82; reluctance of indigenous Malays to take wage work, 119; rice imports, 49–50; rice production, 25; rubber production, 27–28; urban population, 21; wage rates, 64–65; wartime labor conscription, 156; weakness of indigenism, 189–190

- Brocheux, Pierre, 38, 43, 44, 48, 57, 62, 209
- Brown, Ian, 47, 99, 103, 209
- Burma: agricultural output, 24–26, 36, 39–40; budget surpluses, 74, 76, 85–86; decolonization, 158; direction of trade, 91, 93, 95, 177; double colonialism in, 103; educational enrollments, 138, 140, 194; exports per capita, 89–90; export surpluses, 107, 175, 199; government expenditures, 70, 75, 85, 171; government revenues, 69–73, 82–83; incorporation into British India, 6; indigenist policies, 187–188; indigenous industry, 32; indigenous labor force, 120, 127–128; infrastructure, 80, 172; inward-looking policies, 172–173, 202; Japanese imports, 99; Japanese occupation, 154–158; migrant workers, 62, 65, 115; mortality rates, 138; non-agricultural share of GDP, 29; per capita GDP, 2–4, 13, 22, 169; plural economy, 15, 117, 141; population, 19–21, 38; post-war economic recovery, 165–166, 200; rice consumption, 133, 137; rice exports, 44, 46, 47; structural change post-1950, 169; tariff policy, 96; tenancy, 41–42, 56, 176, 181
- cedula*, 82
- Chen, Yueh-eh, 24, 39, 179, 185, 221
- Chinese: assimilation of, 115; in Indonesia, 116, 119–121, 141, 173, 183, 187; during the Japanese occupation, 150, 155; labor force involvement by sector, 116; in Malaya, 81, 82, 125, 141, 159–160, 182, 189–190; outward remittances of, 108, 110; as per cent of population, 19–20; as per cent of urban population, 115; in the Philippines, 41, 52, 121–122, 190–191; in pre-colonial economy, 112, 114; in Sumatra, 61; in Thailand, 57, 63, 103, 115, 122
- Chung, Young-Iob, 29, 30, 40, 45, 129, 130, 202, 210
- credit markets, regulation of, 64–65; Dutch policies towards, 71, 117–118, 124–125, slow development in Vietnam, 147
- Cummings, Bruce, 13, 148, 156, 161, 179, 211
- currency boards, 85, 100
- de-colonisation: in Korea and Taiwan, 161–163; in Southeast Asia, 158–161
- Dick, Howard, 5, 31, 209, 212
- Doumer, Paul A., 5, 69, 70, 90, 91, 212
- drain: and the balance of payments, 105–111; and budget surpluses, 85–87
- Eckert, Carter J., 129, 130, 212
- education: American policy in the Philippines, 1, 121, 139–140; in British Malaya, 126, 134; enrollments, 138–139; government expenditures on, 71–72, 77, 79, 84–85; in Korea and Taiwan, 140–141
- electricity, installed capacity, 80, 172
- employed workers, occupation distribution of, 30
- Eng, Pierre van der, 24, 25, 26, 27, 29, 31, 39, 50, 54, 58, 73, 75, 90, 118, 137, 165, 213
- entrepreneurship, 15, 28, 113–115, 117–123, 128–130, 174, 187–188, 193, 197, 199
- Espino, Jose, 32, 93, 94, 213
- estates, 27, 28, 34, 37, 54; conflicts with smallholders, 56–60
- ethical policy in Indonesia, 50, 53, 61, 71, 77, 84, 127, 134

- exchange rate policies, 104–105
 exports: competition with home consumption, 35–36, 45; direction of export trade, 91–92, 95; as engine of growth, 15–16; export enclaves, 10, 88; exports per capita, 90; impact of depression, 30; Japanese exports to Southeast Asia, 30, 98–100; promotion of new exports, 7; relation to government revenues and expenditures, 75–77; rice, 44–47; sugar, 50–55
- famine, during Japanese occupation, 157
- Feeny, David, 37, 63, 213
- Fei, John C. H., 9, 10, 14, 88, 131, 173, 174, 225
- French Indochina, 5, 15; balance of payments, 86, 107–108; cooperation with Japan, 149–150; direction of trade, 91, 94–95, 177; educational progress, 138, 141; employment policies, 62–63; ethnic breakdown of population, 20; exchange rate policy, 89; exports per capita, 90; fiscal exploitation, 86; government expenditure policies, 70, 77, 79; industrial development, 31; infrastructure endowments, 80; land distribution, 48; land taxation, 69; opium revenues, 69; response to the world depression, 99–105; rice production and consumption, 25, 133, 137; trade policy and protection, 94; transition to independence, 158, 160, 200; trends in mortality, 138; urbanization, 21
- Furnivall, J. S., 15, 32, 69, 83, 117, 124, 125, 138, 141, 214
- Golay, Frank H., 85, 108, 109, 122, 186, 187, 189, 190, 191, 215
- Gooszen, Hans, 19, 20, 21, 115, 208, 216
- Gourou, Pierre, 43, 48, 60, 135, 136, 137, 147
- government revenues and expenditures: in 1957, 171; per capita, 73, 75; in relation to exports, 75–76
- Grajdanzev, A., 19, 20, 21, 25, 29, 30, 39, 41, 53, 70, 77, 80, 83, 84, 85, 91, 92, 97, 108, 132, 138, 177, 216
- Gran, Guy, 43, 44, 216
- Greater Asian Co-Prosperity Sphere, emergence of, 148–151
- Grist, D. H., 25, 39, 50, 133, 153, 216
- Harper, Tim, 67, 69, 135, 156, 158, 182, 207, 216
- Henry, Yves, 43, 44, 48, 57, 124, 217
- historical determinism, dangers of, 203
- Ho, Samuel P. S., 9, 10, 24, 29, 52, 53, 68, 77, 128, 129, 133, 174, 217
- Hooley, Richard, 24, 26, 29, 32, 110, 217
- household budget studies: Java, 135–136; Philippines, 135; Vietnam, 135–136
- Hsing, Mo-huan, 162, 167, 168, 175, 177, 221
- Huff, W. G., 67, 111, 218
- Human Development Index, 139, 145
- indigenism, 173, 186–189, 191
- indigenous industry, decline of, 32–33
- Indonesia: agricultural output, 23–24; American aid, 167; budget deficits, 74, 76, 86; Chinese in the labor force, 115–116; decolonisation, 158–159, 200; direction of trade, 91, 95, 177; drain through the balance of payments, 85, 86, 175; education, 138, 141–145, 194; estates, 37, 56, 60, 61, 178, 183, 185; ethnic breakdown, 20;

- exports per capita, 90; export surpluses, 107–108, 175; gold standard, 89, 104; government expenditures, 75, 77, 78, 79, 84, 171, 189; government revenue policies, 69, 70, 73, 76, 83; indigenism, 187, 188, 189, 201; indigenous entrepreneurs, 118, 120, 121, 124–125, 127–128; industrial growth, 33; infrastructure, 71, 80, 172; intensive colonial presence in Java, 5; inward-looking policies, 172–173; Japanese imports, 99, 101; Japanese occupation, 149–150; land disputes, 183; land settlement, 61; literacy, 139; living standards, 134; migrant workers, 62–63; mortality rates, 138; non-agricultural output, 29; occupational distribution, 30–31; per capita GDP, 2–4, 22, 169; plural economy 15; population growth, 18, 19, 21; post-war rehabilitation, 165–166; remittances, 110; rice prices, 98; rubber cultivation, 58; small-holder cashcrop growth, 27–28, 59, 126, 184; structural change post-1950, 169; sugar exports, 51; urbanization, 21
- industrial growth: in Japanese colonies, 28–30, in Southeast Asia, 30–33
- inflation: during the Pacific war, 154–155
- infrastructure: American policies, 55, 145–146; British policies in Malaya, 84; comparative endowments in the 1930s, 80; destruction during the Pacific war, 154, 164, 168, 171; Dutch policies, 80, 146; French policies towards, 5, 107; government expenditure policies on, 70–71; Japanese policies, 25, 45, 52, 71, 75, 80, 199; post-1950 aid for, 167, 190; underdeveloped state in Thailand, 164
- Ingram, James, 30, 32, 41, 50, 68, 73, 75, 90, 96, 107, 143, 218
- international trade, direction of, 91, 95–97, 177
- inward-looking economic policies, 172–176
- irrigation: in British Malaya, 26, 50; in Java, 50, 71; in Taiwan and Korea, 24–25, 49, 52–53, 162; in Thailand, 47
- Japan: conquest of Southeast Asia, 15, 16, 149, 151–155; consequences of Japanese occupation of Southeast Asia, 155–158; emergence as a colonial power, 2–5; exchange rate policies, 89; exports to Asia, 30, 33, 65, 88, 96; government revenues and expenditures, 77–78; growth-oriented colonial policies, 13; Japanese population in colonies, 18–20; Korean integration with, 148; per capita GDP, 3, 22, 169; post-1950 trade shares with Asia, 176–177; reliance on colonial rice production, 24, 45–46; responses to Japanese trade, 96, 98–103, 149; trade ties with colonial Indonesia, 119–120; trade ties with colonial possessions, 91–93, 96–97; transfer of Meiji rice technology, 25; wartime relations with French Indochina, 149; wartime relations with Thailand, 155
