# Finances

In 2013 The Norceca Finance Commission received the Internal Financial Report of the previous fiscal years by the NORCECA Finance Department. After being reviewed and approved by the Commission Members, the reports were remitted to NORCECA's external auditors, Ernst & Young, for the final audit of NORCECA's 2012 Financial Statements and Accounts.

The NORCECA budgets were strictly followed and all affiliated National Federations complied with the payment of their affiliation fees. As well, all competitions were organized according to the forecasted budgets. NORCECA's income enabled an increase of a special reserve in order to financially assist the NORCECA Development Program, to host the Regional Caribbean and Central American Youth and Junior Championships, as well as, the hosting of the FIVB Beach Volleyball Continental Tour.

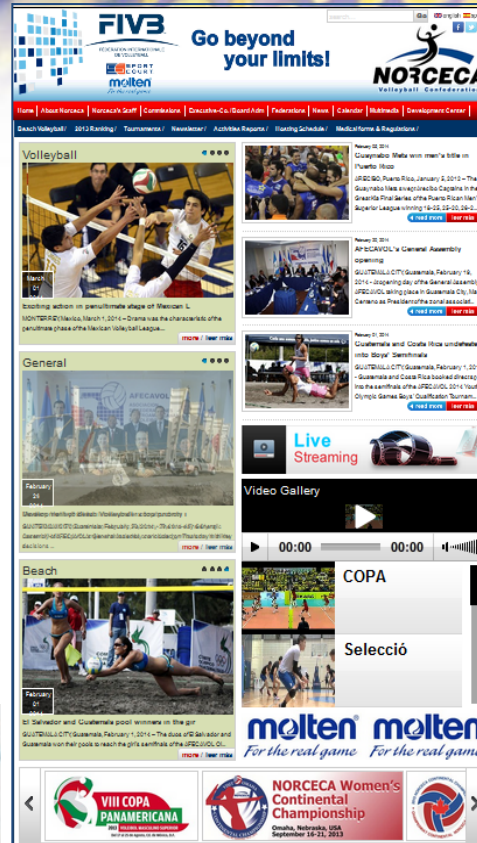

# Communication

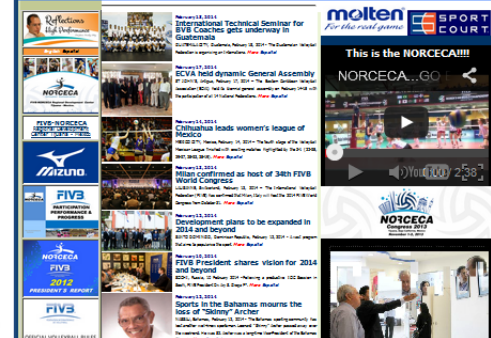

## NORCECA Websites & Newsletters

The NORCECA website has greatly enhanced the profile of NORCECA and its affiliated National Federations during the past several years by providing better access to breaking news, up-to-date scores and results from NORCECA and FIVB competitions for our viewers in 41 countries and territories. Additionally, with the approval of a new NORCECA logo, the website and all communication materials have received an updated and increased its professional profile.

## ECVA, AFECAVOL & CAZOVA Websites

As part of our Development Plan, NORCECA has expanded its communication network providing the necessary opportunities to its Zonal Associations, ECVA, AFECAVOL and CAZOVA.

Today, all of NORCECA Zonal Associations have their own Websites , improving communication among its associated members. This new important tool will definitively support and enhance the promotion of our sport in the continent.

# NORCECA's Regional Associations

NORCECA continues to support and assist the Central American National Federation Association (AFECAVOL), Caribbean Zonal Volleyball Association (CAZOVA), Eastern Caribbean Zonal Volleyball Association (ECVA) and the Central Zone in the development of volleyball and beach volleyball, organization of events and hosting of General Assemblies.

The regions have received the necessary support from NORCECA's Development Plan funds since its implementation in 2008 through volleyball Sport Court surface, volleyball equipment distribution, financial assistance for the organization of youth, junior and Under 23 tournaments, as well as important seminars and courses to further enhance the technical capability of each member country. Also, Norceca Instructors have been assigned to each zone. Today six (6) permanent High Performance Volleyball and Beach Volleyball Instructors are working permanently with regular monthly technical visits to our member national federations.

# Marketing

The renewal of a multi-annual contract agreement was signed once again between NORCECA and Sport Court International. This relationship ensures that each year, 7 Sport Court volleyball surface floors will be available to be distributed among the Category I and II National Federations to improved the development of volleyball, indoor and outdoor among of members National Federations. Additionally, the MOLTEN Corporation contract was renewed for four more years, increasing the amount of volleyball and beach volleyball equipment to be distributed among NORCECA's National Federations and Regional Members.
