Tier III : SDG 13*

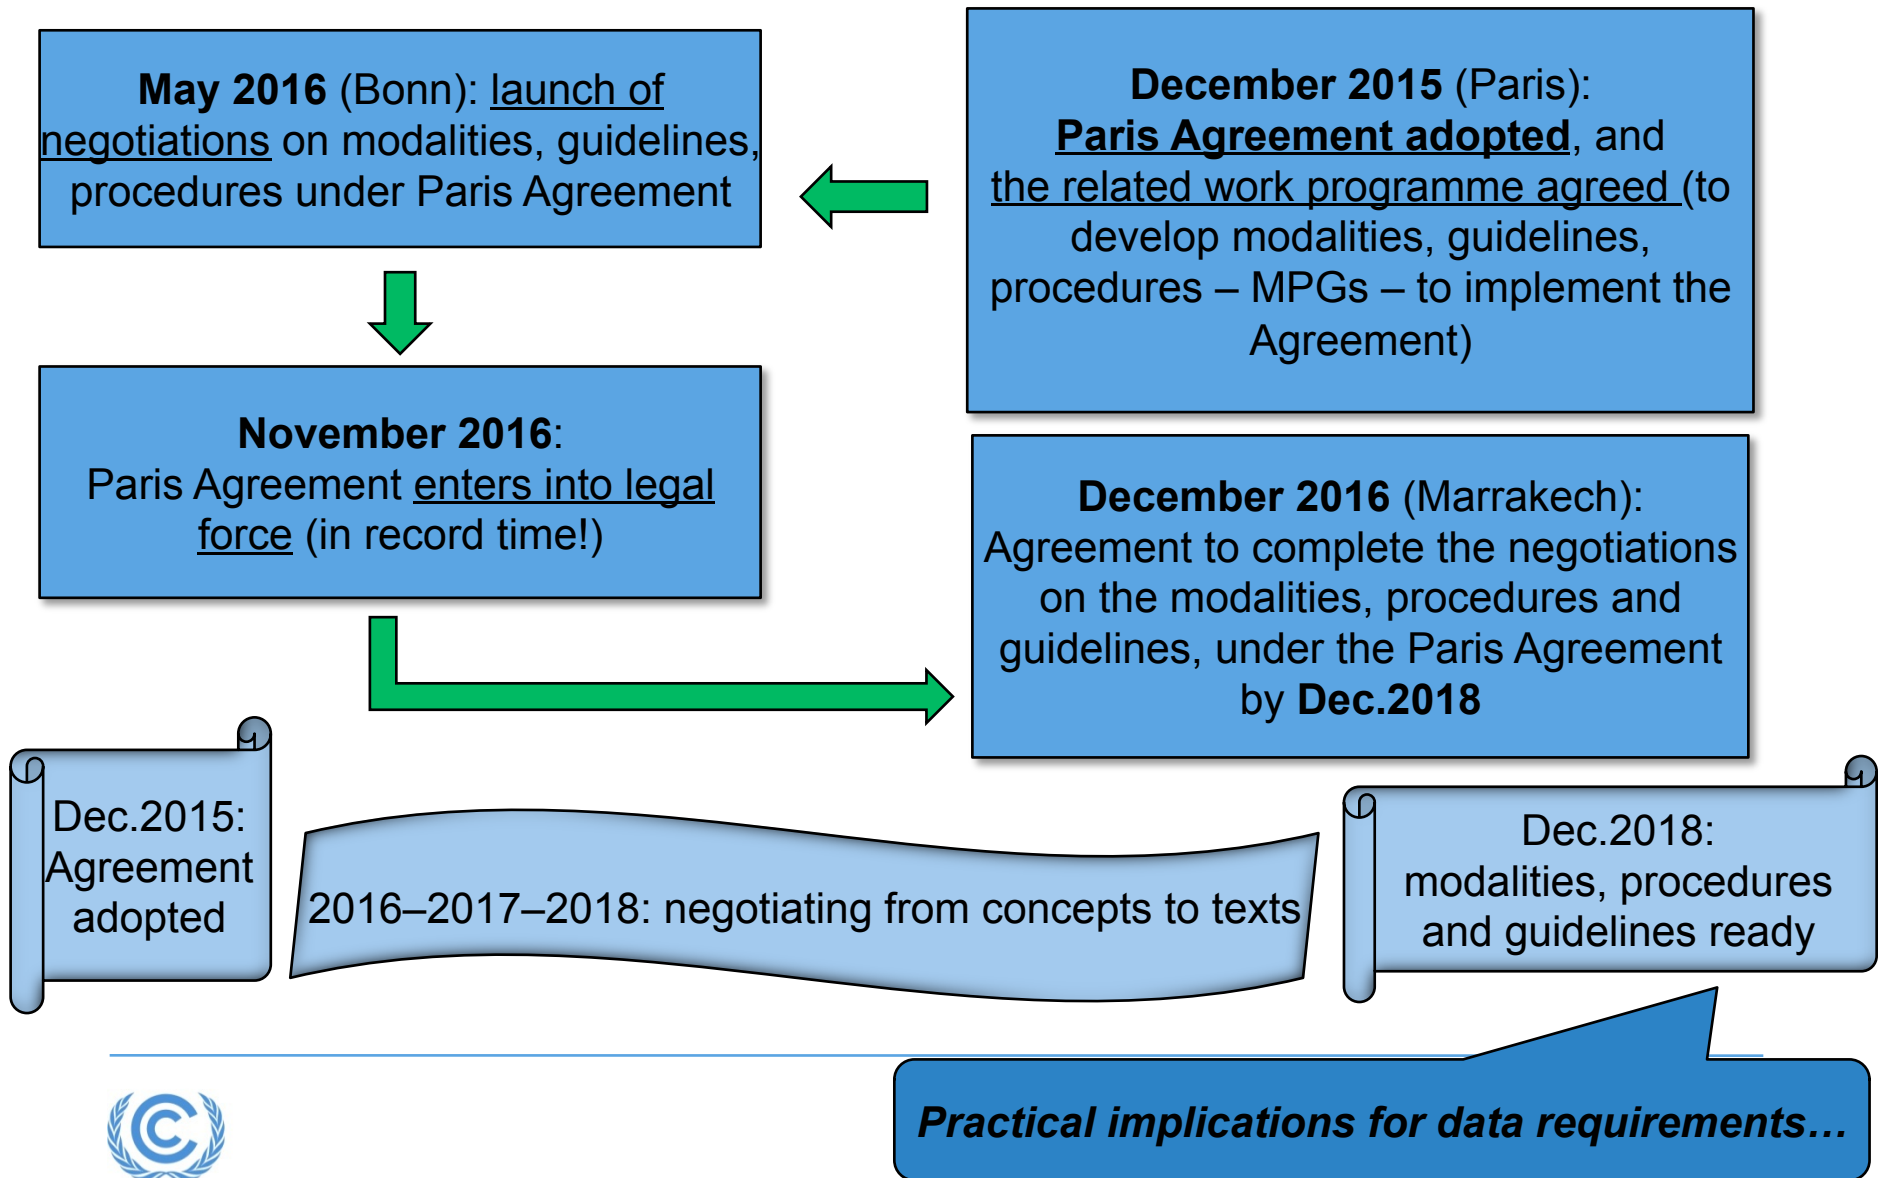

Seventh Meeting of the IAEG-SDGs

10 – 12 April 2018

Livia Hollins, UNFCCC/UN Climate

Paris Agreement: adoption to implementation

SUSTAINABLE DEVELOPMENT GOAL 13

Take urgent action to combat climate change and its impacts*

13.2 Integrate climate change measures into national policies, strategies and planning

13.2.1 Number of countries that have communicated the establishment or operationalization of an integrated policy/strategy/plan which increases their ability to adapt to the adverse impacts of climate change, and foster climate resilience and low greenhouse gas emissions development in a manner that does not threaten food production (including a national adaptation plan, nationally determined contribution, national communication, biennial update report or other)

* Acknowledging that the United Nations Framework Convention on Climate Change is the primary international, intergovernmental forum for negotiating the global response to climate change.

As of 10 April 2018:

PARIS AGREEMENT

175 Parties have ratified, of 197 Parties to the Convention

On 4 November 2016, the Paris Agreement entered into force.
[More information](#)

169 Parties have submitted their first NDCs.

Ten developing country Parties have submitted their first national adaptation plans (NAPs)

Further information on [NAPs](#) and [NDCs](#) is available at unfccc.int

Parties that have ratified the Paris Agreement, submitted NDCs, Party to the UNFCCC, April 2018

NAPs from developing countries

Developing countries are invited to forward their national adaptation plans, and other relevant outputs and outcomes related to the process to formulate and implement NAPs to NAP Central.

Country	National Adaptation Plan	Date Posted
Brazil	Executive Summary (Portuguese) , Part 1 (Portuguese) , Part 2 (Portuguese) Part 1 (English) , Part 2 (English)	May 12, 2016
Burkina Faso	English , French	October 15, 2015
Cameroon	French	October 26, 2015
Chile	NAP (Spanish) Agriculture NAP (Spanish) Biodiversity NAP (Spanish) Fisheries and aquaculture NAP (Spanish)	September 7, 2017
Colombia	Spanish	February 27, 2018
Kenya	English	February 28, 2017
Sri Lanka	English	November 1, 2016
State of Palestine	English	November 11, 2016
Sudan	English	September 26, 2016
Togo	French	January 17, 2018

Measures by developing country Parties in the process to formulate and implement NAPs

<i>Elements</i>	<i>Number of developing countries^b</i>	<i>Measures</i>	
Laying the groundwork and addressing gaps	82 (40)	Initiating and/or launching the process to formulate and implement national adaptation plans (NAPs)	
	34 (14)*	Submitting proposals to the Green Climate Fund readiness funding for NAPs	
	7 (4)	Formulating a mandate for the process	
	27 (15)	Defining institutional arrangements and a coordination mechanism	
	28 (17)	Consulting stakeholders	
	41 (27)	Synthesizing available information, stocktaking of relevant activities and assessing gaps and needs	
	23 (18)	Developing road maps for the process to formulate and implement NAPs	
	18 (16)	Completed road maps for the process to formulate and implement NAPs	
	Preparatory elements	26 (16)	Analysing past climate and climate change scenarios
		3 (1)	Comprehensively assessing climate vulnerability (science and knowledge)
33 (21)		Undertaking activities on integrating adaptation into national and subnational development planning	
12 (6)		Identifying adaptation options to address key vulnerabilities	
13 (6)		Appraising, prioritizing and ranking adaptation options	
11 (3)		Compiling draft NAPs for consultation and endorsement	
8 (2)		Communicating NAPs	
Implementation strategies		7 (4)	Prioritizing climate change adaptation in national planning
		8 (2)	Designing coherent implementation strategies, including synergy
		- (-)	Implementing and managing actions in NAPs to reduce vulnerability and to facilitate the integration of adaptation into development planning through policies, projects, programmes and other activities
Reporting, monitoring and review	14 (6)	Designing/applying a monitoring and evaluation framework or system	
	20 (10)	Communicating progress on NAPs	
	- (-)	Monitoring and periodically reviewing the process	
	- (-)	Iterative updating of NAPs	

Thank you

Paris Agreement: cycle of contributions

Transparency Framework – basis for data needs

- **Currently under negotiation: *modalities, procedures and guidelines*** (MPGs) for the transparency framework for **action and support**
- Some of the issues being deliberated (not a complete list!):*
 - Overarching considerations and guiding principles
 - National inventory report on anthropogenic emissions by sources and removals by sinks of greenhouse gases
 - Information necessary to track progress made in implementing and achieving NDCs under Article 4 of the Paris Agreement
 - Information related to climate change impacts and adaptation under Article 7 of the Paris Agreement, as appropriate
 - Information on financial, technology transfer and capacity-building support provided under Articles 9–11 of the Paris Agreement
 - Information on financial, technology transfer and capacity-building support needed and received under Articles 9–11 of the Paris Agreement
 - Technical expert review
 - Facilitative, multilateral consideration of progress.
- These issues form a set of “headings and subheadings” for the MPGs; but
 - They cannot be considered as final yet (negotiations are ongoing)
 - They need to be filled in with substantive content, to be developed yet
