PAGE 1 OF THE RETURN

COLUMN	GUIDANCE
Column A	List each subsidiary and associated company in the group. Complete columns B to I on a line by line basis.
Column B	<p>If the shares in the subsidiary or associate are held by the holding company, enter the percentage share holding in the subsidiary or associate.</p> <p>If the shares in the subsidiary or associate are not held directly by the holding company, but are held by another group company, enter the effective percentage interest of the holding company in the subsidiary or associate. In this case, where the guidance below refers to percentage interest or interest, these should be read as effective percentage interest or effective interest, respectively.</p>
Column C	Specify whether the subsidiary or associate is regulated by the FSA or by another regulator. If the firm is not regulated, state "unregulated"
Column D	<p>The figure entered under Column D should be the sum of the following:</p> <ul style="list-style-type: none"> (a) the interest in the ordinary share capital of the subsidiary or associate. (b) the interest in the preference share capital of the subsidiary or associate.
Column E	<p>Subsidiaries</p> <p>The figure entered under Column E will generally be the sum of the following:</p> <ul style="list-style-type: none"> (a) the ordinary share capital and reserves of the subsidiary. (b) the preference share capital of the subsidiary. <p>However, if the subsidiary has an investment in another group company which is a subsidiary or associate, and the value of that investment as shown on the balance sheet of the subsidiary company holding the shares, is greater than the nominal value of the investment, then the excess should be deducted from the sum of a) and b).</p> <p>Associates</p> <p>The figure entered under Column E should be the sum of the following:</p> <ul style="list-style-type: none"> (a) the holding company's interest in the ordinary share capital and reserves of the associate. This will be the percentage interest from Column B multiplied by the ordinary share capital and reserves of the associate; <p>An adjustment may be required if an associate holds shares in another associate. If the value at which the investment in those shares is held is greater than the par value of those shares, then the excess should be deducted from the total of the capital and reserves of the associate which holds the investment, before calculating the holding company's interest in those capital and reserves.</p> <ul style="list-style-type: none"> (b) the holding company's interest in the preference share capital of the associate. This should be the same figure as used in the calculation under point b) for Column D.

COLUMN	GUIDANCE
Column F	
Subsidiaries	<p>If the subsidiary is an FSA regulated firm, other than a low resource firm as defined in the glossary to IPRU(INV) 13, then the figure in Column F will be taken from page 2 of the return (see later).</p> <p>If the subsidiary is an FSA regulated Category B3 low resource firm then enter £10,000 in Column F. This is the own funds requirement for a low resource firm (see IPRU(INV)13.10.1R). If the subsidiary or associate has intangible assets these will be added to the financial resource requirement.</p> <p>If another regulator regulates the subsidiary enter the financial resource requirement of that other regulator in Column F. If the subsidiary has intangible assets these will be added to the financial resource requirement. If the subsidiary has made a subordinated loan to another group company this should also be added to the financial resource requirement.</p> <p>If the subsidiary is unregulated then provisionally enter £1 in Column F. If the subsidiary has intangible assets these will be added to the financial resource requirement. If the subsidiary has made a subordinated loan to another group company this will also be added to the financial resource requirement.</p>
Associates	<p>If the associate is an FSA regulated firm, other than a low resource firm as defined in the glossary to IPRU(INV) 13, then the figure in Column F will be taken from page 2 of the return (see later).</p> <p>If the associate is an FSA regulated B3 low resource firm then enter £10,000 x holding company's percentage interest in the ordinary shares, in Column F. £10,000 is the own funds requirement (see IPRU(INV)13.10.1R).</p> <p>If another regulator regulates the associate, enter the financial resource requirement of that other regulator x the holding company's percentage interest in the ordinary share capital.</p> <p>If the associate is unregulated then provisionally enter £1 in Column F.</p>
Column G	The figure in Column G is that in Column E less that in column F.
Column H	The figure in Column H is that in Column E less that in Column D. If, for a subsidiary, the minority interest in ordinary share capital and preference share capital is greater than the financial resource requirement in column F then a deduction should be made for the excess. This is because the excess is not freely transferable to other group companies.
Column I	The figure in Column I is that in Column F.

Total Financial Resources Requirement of Subsidiaries	This is the total of the figures in Column I.
Holding Company Financial Resource Requirement	<p>If the holding company is an FSA regulated firm, other than a low resource firm as defined in the glossary to IPRU(INV) 13, then the figure will be taken from page 2 of the return (see later).</p> <p>If the holding company is an FSA low resource firm, then enter £10,000. This is the own funds requirement for a low resource firm (see IPRU(INV)13.10.1R). If the holding company has intangible assets these will be added to the financial resource requirement.</p> <p>If the holding company is regulated by another regulator, provisionally enter the financial resource requirement of that regulator.. If the holding company has intangible assets these will be added to the financial resource requirement. If the holding company has made a subordinated loan to another group company this should be added to the financial resource requirement.</p> <p>If the holding company is unregulated provisionally enter £1. If the holding company has intangible assets these will be added to the financial resource requirement. If the holding company has made a subordinated loan to another group company this should be added to the financial resource requirement.</p>
Total Consolidated Financial Resources Requirement	This is the sum of total financial resource requirement of subsidiaries and the holding company financial resource requirement.
Total Subsidiary Externally Generated Financial Resources	This is the total of Column H.
Holding Company Financial Resources	<p>This is generally the capital and reserves of the holding company.</p> <p>However, if the value at which the investment in directly held subsidiary and associates is shown on the balance sheet of the holding company, is greater than the value at which the investment in subsidiaries and associates, held directly by the holding company, is shown in Column D, then the excess should be deducted from the capital and reserves of the holding company.</p>
Total Consolidated Financial Resources	This is the total of total subsidiary externally generated financial resources and holding company financial resources.
Total Consolidated Excess/(Deficiency)	<p>This is the total consolidated financial resources less total consolidated financial resources requirement.</p> <p>The FSA will require the firm to take steps to eliminate a total consolidated deficiency.</p> <p>In calculating the total consolidated excess/(deficiency) of the group of which the regulated firm is a part, the FSA may review the audited accounts of each subsidiary and associate in the group and audited accounts of the holding company, and may make additional adjustments to those specified above. These adjustments will arise if as a result of the review, the FSA identifies any assets against which a provision is required or liabilities for which a provision should be made.</p>

PAGE 2 OF THE RETURN

This page should be completed for all subsidiaries and associates who are FSA regulated firms, other than low resource firms as defined in the glossary to IPRU(INV) 1.

This page should also be completed in respect of the holding company if it is an FSA regulated firm, other than a low resource firm.

The guidance refers to forms in the schedule of forms(SUP 16 Ann 7(3) R for category A firms and SUP 16 Ann 7(4) R for category B firms). These forms should be those which have been prepared at the same date as the return.

COLUMN	GUIDANCE
Column A	Enter the name of the subsidiary or the associate or the holding company as applicable. Complete columns B to I on a line by line basis.
Column B	If the shares in the subsidiary or associate are held by the holding company, enter the percentage share holding in the subsidiary or associate.
Column C	
Subsidiary	Enter the own funds of the regulated firm from Form 13Ci.
Associate	Enter the own funds of the regulated firm from Form 13Ci multiplied by the percentage interest of the holding company.
Holding Company	Enter the own funds of the regulated firm from Form 13Ci.
Column D	
Subsidiary	Take the total financial resources from Form 13F and add back any investment in subsidiaries or associates and any inter company debtors. Enter the total figure in the column.
Associates	Take the total financial resources from Form 13F and add back any investment in associates and any inter company debtors. Multiply the total figure by the percentage interest of the holding company in the associate and enter the result in the column.
Holding Company	Take the total financial resources from Form 13F and add back any investment in subsidiaries or associates and any inter company debtors. Enter the total figure in the column.
Column E	The figure in column E is that in column C less that in Column D.
Column F	
Subsidiary	Enter the expenditure based requirement from Form 13Ei or 13Eii (Category A firms) or from Form 13E (Category B firms).
Associates	Enter the expenditure based requirement from Form 13Ei or 13Eii (Category A firms) or from Form 13E (Category B firms) multiplied by the percentage interest of the holding company.
Holding Company	Enter the expenditure based requirement from Form 13Ei or 13Eii (Category A firms) or from Form 13E (category B firms).
Column G	The figure in column G is the figure in column E plus the figure in column F.

COLUMN	GUIDANCE
<p>Column H</p> <p>Subsidiary</p> <p>Associate</p> <p>Holding Company</p>	<p>Enter the own funds requirement from Form 13Ci.</p> <p>If a Category A firm is required to comply with IPRU(INV)13.3.3, enter the highest reference level of own funds.</p> <p>Enter the own funds requirement from Form 13Ci multiplied by the percentage interest of the holding company.</p> <p>If a Category A firm is required to comply with IPRU(INV)13.3.3, enter the highest reference level of own funds multiplied by the percentage interest of the holding company.</p> <p>Enter the own funds requirement from Form 13Ci.</p> <p>If a Category A firm is required to comply with IPRU(INV)13.3.3, enter the highest reference level of own funds.</p>
<p>Column I</p>	<p>The figure in Column I is the greater of the figure in Column G and the figure in Column H.</p> <p>If the firm is a subsidiary or an associate, then the figure in Column I should be entered on page 1 in Column F.</p> <p>If the firm is a holding company then the figure in Column I should be entered on page 1, on the line entitled "Holding company financial resources requirement"</p>

Guidance for the completion of Form 13I (Consolidated statement of large exposures)

Introduction

IPRU(INV)13.7, consolidated supervision of group companies, applies to you as you are a member of a group.

IPRU(INV) 13.7.2AR states that a category A firm must ensure that it and other members of its group apply the provisions of chapter 13 of IPRU(INV) on a consolidated basis unless:

- (1) the group is subject to the consolidated supervision requirements imposed by the FSA rules in another chapter or sourcebook; or
- (2) the FSA is not the consolidating supervisor for the firm's group.

As the regulated firm is a member of a group, you are required by SUP16.7.47R to report your large exposures to the FSA on a consolidated basis.

A large exposure exists where:

- (1) the group is owed a debt by, or is otherwise exposed to, another person, or two or more affiliated persons, and
- (2) that exposure equals or exceeds 10% of total consolidated financial resources.

If one group firm is owed a debt by another person, or two or more affiliated persons, then this debt may not be offset by a credit balance with that same person or two or more affiliated persons, in another group company, unless there is a legal right of setoff.

No Large Exposure should exceed 25% of your total consolidated financial resources.

The aggregate of your large exposures should not exceed 800% of your total consolidated financial resources.

You should identify the following in your calculations of large exposures:

- (1) an exempt exposure specified in IPRU(INV) Table 13.6.2(1).
- (2) any exposure covered by any excess of your total consolidated financial resources over your total consolidated financial resources requirement.

The large exposures should be reported on Form 13I (consolidated statement of large exposures) within the period for submission specified in SUP 16.7.47R.

Form 13I (consolidated statement of large exposures) should be completed at the same date as the consolidated financial resources return.

Guidance

Enter the **total consolidated financial resources** from Page 1 of the consolidated financial resources return.

Calculate 10% of the total consolidated financial resources. This is the **reportable level** of large exposures.

Column A	List the names of the counterparties or group of counterparties with whom the group has a large exposure.
Column B	List the level of exposure to each counterparty or group of counterparties.
Column C	Specify the proportion of any exposure which is exempt in accordance with IPRU(INV) Table 13.6.2(1).
Column D	<p>Calculate the net amount of the large exposure after deducting the proportion that is exempt from Column C.</p> <p>The excess of any net large exposure in Column D over 25% of your total consolidated financial resources should be offset against any excess of your total consolidated financial resources over your total consolidated financial resources requirement.</p> <p>If the group does not have a sufficient excess of total consolidated financial resources over its total consolidated financial resources requirement, the FSA will require you to do one of the following:</p> <ol style="list-style-type: none">(1) take steps to reduce the level of your large exposure below 25% of your total consolidated financial resources; or(2) introduce additional capital into the group to provide sufficient financial resources to cover the excess of the large exposure over 25% of your total consolidated financial resources.

GUIDANCE NOTES

These guidance notes are intended to provide assistance to a firm in the completion of the annual questionnaire for small personal investment firms. They are not, however, a substitute for the detailed rules and guidance contained in the FSA Handbook and it remains the responsibility of each firm to ensure that it complies with all the requirements of the rules and guidance.

General

The questionnaire must be completed by each firm which was in category B3 and had 25 or fewer financial advisers at the accounting reference date to which the questionnaire relates (but not by a firm which has permission to manage investments).

A questionnaire must be completed as at each accounting reference date of the firm and the answers must be in respect of the period since the firm's previous accounting reference date.

The questionnaire must be returned to the FSA so that it is received by the firm's usual supervisory contact within **FOUR MONTHS** after the accounting reference date.

If there is insufficient space in the questionnaire to answer a question then the information should be provided on a separate sheet or sheets, which must be marked with the firm's name and the FSA firm reference number and the accounting reference date.

The questionnaire sent to the firm by the FSA should be retained as a master copy for each accounting period.

Submission of Accounts

Part 1 of the questionnaire need not be answered by a firm which submits accounts that comply with the following requirements.

- a) The accounts must be made up for the same period as that covered by the questionnaire.
- b) The accounts must include a profit and loss account, a balance sheet and notes to the accounts which include a statement of the accounting policies adopted. Forms 13A, 13Bi, and 13Bii in SUP16 Ann 7(4)R provide an example of a format which is acceptable. Accounts which have been prepared in the format required by the Companies Acts will be acceptable.
- c) If the firm is in a group, then the accounts must be unconsolidated.
- d) If the firm is a sole trader, the items included in the accounts must be only those which relate to its business as a member of the FSA. (Separate confirmation in respect of the overall financial position of a sole trader is required by Question 16(a)).
- e) Amounts included for all items in the balance sheet and the profit and loss account must be determined in accordance with the accounting principles and rules contained in the Companies Acts and generally accepted accounting standards effective at the relevant time.
- f) All amounts must be shown in pounds sterling.
- g) The corresponding amount for the financial period immediately preceding must also be shown in respect of every item in the balance sheet and the profit and loss account.
- h) No netting is allowed. This means that amounts in respect of items representing assets or income may not be offset against amounts in respect of items representing liabilities or expenditure as the case may be or vice versa.
- i) The profit and loss account must disclose the proportion of turnover which was generated by any business which FSA does not regulate.

If the proportion of turnover generated by business not regulated by the FSA (paragraph (i) above) is not disclosed in the accounts then it must be provided in a separate note.

PART 1

The question in this part should only be answered by a firm which has chosen not to submit accounts with the questionnaire.

The questions should be answered as accurately as possible, based upon the firm's accounting records which, in accordance with IPRU(INV) 13.1.13R, must have been kept up to date.

Question 1(a)

This question requires details of the total turnover from the firm's business activities during the period.

This is the total income which the firm has earned from all its operations. It can include commissions received, fees for investment advice and any income from business which the FSA does not regulate.

Question 1(b)

This question requires details of any significant changes in the composition of turnover compared with the previous period.

The firm must analyse the composition of its turnover for the two periods in accordance with the table below and then compare the relative percentages. For the purposes of this question, a significant change is one where the percentage of turnover number from a particular activity differs from one period to the next by more than ten percentage points.

Analysis of turnover

1. Commission income from collective investment scheme business.
2. Commission income from life assurance business on indemnity terms.
3. Commission income from life assurance business not on indemnity terms.
4. Commission income from direct investment business.
5. Income from fees for investment advice.
6. Interest and dividend income.
7. Other income.

If the answer to the question is YES then an explanation must be provided.

Question 1(c)

This question requires the proportion of turnover generated by business which the FSA does not regulate.

An explanation of the nature of the business which the FSA does not regulate must be provided.

Question 2

This question requires details of any material change in the firm's financial position during the period.

For the purpose of this question, a material change is one which represents at least ten per cent of the own funds of the firm as at the accounting reference date (see the guidance to question 4 for details of the own funds calculation). Particular items which should be reported include profits or losses made during the period and the injection or withdrawal of capital from the firm.

If the answer to the question is YES then full details must be provided.

Question 3

This question requires details of the firm's bank position, any fixed asset additions or disposals during the period and any major creditors at the accounting reference date.

The firm should provide the following information-

- a) **The firm's bank position.** This should include the bank balance (whether in credit or overdrawn), any overdraft facility and the security given to the bank in respect of the overdraft. Details of when the overdraft facility is due for review are also required.
- b) **Any major fixed asset additions or disposals during the period.** For the purpose of this question, a major fixed assets is one which exceeds the higher of £1,000 or ten per cent of the firm's own funds (see the guidance to question 4 for details of the own funds calculation). An addition should be reported at its cost to the business. A disposal should be reported as the gross sale proceeds (before any selling expenses have been deducted). A revaluation, whether upwards or downwards, of a fixed asset should be regarded as an addition or disposal.
- c) **The major creditors.** These should be analysed by the type of creditor, such as trade creditors or tax payable. For the purpose of this question, a major creditor is one which exceeds the higher of £1,000 or ten per cent of the firm's own funds. Where possible the amounts reported should be based upon the invoiced value.

PART 2

The questions in this part must be answered by each firm.

Question 4

This question requires the firm to confirm that it has, and has had at all times during the period, own funds of at least £10,000.

IPRU(INV) 13.10 provides details of how the firm should calculate the amounts of its own funds at any time and IPRU(INV) Table 13.10(2) schedules the items which should be included in the computation.

Interim net profits can only be included if they have been verified by an external auditor. Subordinated loans can only be included if they are subject to agreements in the prescribed format to which the FSA is a party.

If the answer to the question is NO, then the firm must provide an explanation which should include details of when the deficiency occurred, when it was reported to the FSA and the steps which have been taken to resolve the problem.

Question 5

This question requires the firm to confirm whether it is able, and has been able **at all times** during the period, to meet its liabilities as they fall due.

To answer YES to the question the firm must be able to demonstrate that it has sufficient assets available to it to meet any of its liabilities as and when they may need to be paid.

If the answer to the question is NO, then the firm must provide an explanation of the circumstances which must include details of when the failure occurred, when it was reported to the FSA and the steps which were taken to resolve the problem.

Question 6(a)

This question requires the firm to confirm whether it has maintained accounting and other records in accordance with IPRU(INV) 13.1.11R and SYSC 3.2.20R.

A firm must keep records which are sufficient to show at any time that it has complied with the requirements of the FSA Handbook. It must establish procedures and controls to ensure that those records are made promptly and accurately and, where appropriate, brought up-to-date at regular and frequent intervals.

In particular, a firm must keep records of the matters specified in SYSC 3.2.22G. These include details of investment advertisements, customers, transactions, investment staff and appointed representatives, and compliance and complaints.

If the answer to the question is NO, then the firm must provide an explanation of the circumstances and steps taken to resolve the problem.

Question 6(b)

This question requires the firm to confirm whether it has maintained records to enable the FSA to verify the calculations prepared to support the financial declarations made in response to questions 4 (own funds) and 5 (meet its liabilities as they fall due) of the questionnaire.

The rules require that the accounting records of a firm must be kept up-to-date and must disclose with reasonable accuracy **at any time** the firm's financial position at that time and enable the firm to show its continuing compliance with the applicable financial resource requirements. The records must be able to provide the information needed to enable the firm to prepare any calculations needed to support the financial declarations which are required by the rules.

In order to answer YES, the firm should have prepared, as a minimum, calculations as at the accounting reference date which demonstrate it had sufficient own funds and could meet its liabilities as they fall due. These calculations must agree with the underlying accounting records. It should be noted, however, that the firm should be capable of demonstrating that it could also comply with the requirements at all times during the period.

If the answer to the question is NO, then the firm must provide an explanation of the circumstances and the steps taken to resolve the problem.

Question 7

This question requires the firm to confirm whether more than 20 per cent of its new business commission has been generated from any one product provider during the period.

To answer this question the firm must analyse its commission income for the period between the product providers with which it has arranged transactions.

If the answer is YES, then the firm must provide the name of the company or companies from which the commission has been generated, the percentage of income which this represents, and provide an explanation. The reasons given should include comments on the possibility that a high percentage of business with one particular product provider might indicate bias.

Question 8

This question requires the firm to confirm whether it has been asked to repay or has repaid indemnity commission during the period.

If the answer is YES, then the firm must calculate the value of the repayment requests which it has either received or has repaid during the period. This amount will include both repayments which were requested in earlier accounting periods and repaid in this and repayment requests received in this period but not yet repaid.

This amount must then be compared with the commission income which the firm has received on indemnity terms during the period.

If the proportion of repayment requests is more than five per cent then the firm must disclose the proportion and provide an explanation as to why the repayments of commission were required. The firm should also provide details of any of the repayments requests which have not been paid as at the date of completion of this questionnaire.

Question 9

This question requires the firm to state the number of complaints which it has received during the period.

A complaint is defined as any oral or written accusation or expression of grievance made by or on behalf of a complainant against the firm or its appointed representative which alleges

- (a) a breach of the rules or guidance;
 - (b) a failure to comply with any obligation arising under or by virtue of the Financial Services and Markets Act 2000;
 - (c) negligence, a breach of a term of any client agreement or of any enactment or other rule of law which may be applicable to the relevant business of the firm;
 - (d) misrepresentation, bad faith or other malpractice,
- and indicates that the complainant is, or may be, seeking a remedy from the firm in respect of loss, damage or inconvenience.

The firm is also required by this question to state whether it has complied with the requirements relating to complaints procedures as set out in DISP Chapter 1. These require a firm to establish and maintain written procedures for the proper handling of complaints and to take reasonable steps to ensure that its staff, including its appointed representatives and their staff, are aware of the procedures and their duty to act in conformity with them.

If the answer to the question is NO, then the firm must provide details of the particular requirement with which it has not complied and the steps which it has taken to resolve the problem.

Question 10

This question requires the firm to provide details of any legal proceedings against the firm, its principals or any of its appointed representatives which were outstanding either at the date the questionnaire was completed or at any time during the period.

If the answer to the question is YES, then the firm must provide the following information:-

- a) details of all parties involved
- b) the amounts involved
- c) the reasons for the proceedings
- d) the likely date of settlement, if the dispute is expected to be settled
- e) the date the proceedings (if not already settled) are expected to be heard

- f) any other information which is necessary for a full understanding of the legal proceedings.

Question 11

This question requires the firm to confirm whether it has received, during the period, any cash or cheques made out to it, which should have been made out to a third party.

A firm in category B3 is prohibited from holding or handling client money in connection with its business which is regulated by the FSA. It must establish procedures to ensure that if anyone connected with the firm receives cash or cheques which it is prohibited from receiving, then the amount is counted, recorded and returned immediately to the sender.

The rules allow the following instances where a firm is allowed to receive cash or a cheque from or for a client if it is entirely in the course of a business activity which is not investment business:

- » the firm is able to demonstrate that it is regulated for that activity by another regulatory authority or
- » the firm is able to demonstrate that the cash or cheque is properly applied for the purposes for which the firm has received it.

Such instances do not need to be reported.

A firm is also allowed to receive cash or cheque from a client in payment of its fees and these payments do not need to be considered for this question.

If the answer is YES, then the firm must provide details of each occurrence together with the action which was taken. All relevant situations should be reported including those where a product provider has issued a cheque which was made out incorrectly to the firm and also where a client has made a cheque out in favour of the firm.

Question 12

This question requires the firm to confirm whether it has temporarily held any designated investments belonging to clients for more than four weeks.

A firm which does not have the permission of arranging safeguarding and administration of assets, or the permission of safeguarding and administration of assets, may receive documents relating to an investment solely for the purpose of onward transmission to, from or at the discretion of the person to whom the investment belongs. For the purposes of this questionnaire we require the firm to report all instances when documents or assets have been held for a client for more than four weeks.

If the answer to this question is YES then the firm must provide a full explanation for each occurrence including the reason why the documents or assets have been kept for more than four weeks.

Question 13(a)

This question requires the firm to confirm whether its investment business activities during the period have been such that it has engaged in business outside its category or permitted activities.

In order to answer NO to this question the member must have restricted its investment business activities to those which are allowed by the category and permitted activities for which the FSA has granted its permission.

If there is any doubt about whether or not the firm's activities have fallen within the scope of its category or permitted activities then reference should be made to AUTH 3.5.3.G and part II of the Regulated Activities Order.

If the answer to the question is YES then the firm must provide an explanation, including the type of business transacted, the date when the rule breach was reported to the FSA and the steps which have been taken to resolve the problem.

Question 13(b)

This question requires the firm to confirm whether it has any close links with other persons, which have not been previously notified to the FSA.

A close link exists in a situation where two or more persons, by which is meant corporate or unincorporated bodies or individuals, are linked either by common ownership or by control, such as the relationship between a parent company and its subsidiary.

If the answer to the question is YES then the firm must provide full details of close links not already notified including the nature of the close link and when the change which gave rise to it took place. The FSA is required to consider all close links to ensure that there is nothing which could prevent effective supervision, such as a group structure where it is impossible to identify the ultimate controllers.

Question 14

This question requires the firm to confirm whether it has complied with the requirements relating to training & competence. Full details of the requirements are set out in the Training & Competence Sourcebook. If the answer to the question is NO, then the firm must provide details of the particular requirement with which it has not complied and the steps which it has taken to resolve the problem.

PART 3

The questions in this part must be answered by incorporated businesses only.

Question 15(a)

This question requires the firm to confirm whether its most recent statutory accounts have been prepared and submitted to the Registrar of Companies in accordance with the Companies Act timetable.

The Companies Acts require that a private limited company must file its statutory accounts with the Registrar of Companies within ten months of its accounting reference date. A public limited company must file its accounts within seven months. A firm which is authorised as a result of its membership of the FSA is not allowed to take advantage of the exemption which allows some small and medium-sized companies to file abbreviated accounts with the Registrar.

If the answer to the question is NO, then the firm must provide an explanation, including the reason why the statutory accounts were not submitted to the Registrar within the time allowed.

Question 15(b)

This question requires the firm to confirm whether the audit opinion given in respect of its most recent set of statutory accounts contained any qualification or included any reference to a fundamental uncertainty.

A limited company is required to appoint an auditor whose duty is to report to the members of the company of the firm's annual accounts. The auditor's report must state whether in his opinion the accounts have been prepared in accordance with the Companies Acts and whether they give a true and fair view.

It should be noted that a company which is regulated by the FSA cannot take advantage of the small company exemption from the Companies Act requirement to have an annual audit.

The auditor must undertake his audit in accordance with approved Auditing Standards.

In certain circumstances, he will have to qualify his audit opinion for example because of a limit placed on the scope of his work or because of a disagreement over an accounting treatment or disclosure. In some circumstances the auditor may decide that there is fundamental uncertainty about the validity of the going concern assumption in the preparation of the accounts and he will have to refer to this in the audit report.

If the answer to the question is YES, then the firm must provide a full explanation of the circumstances together with a copy of the relevant accounts and the audit report.

Question 15(c)

This question requires the firm, if it is a holding company or if any of its qualifying holders is a company, to submit, with the questionnaire, a copy of the latest available audited, consolidated annual financial statements for the group and an organisation chart, which traces the route to the ultimate qualifying holder or holders.

This is required by SUP 16.7.55R. In practice it is likely that the most recently available consolidated accounts will be for the accounting reference date at the beginning of the period for which the questionnaire is submitted.

The organisation chart should be up-to-date and show clearly the structure of the group and the manner in which the control is exercised by the ultimate qualifying holder or holders.

If the required documents are not being submitted with the questionnaire then the reasons must be fully explained.

Question 15(d)

This question requires the firm to confirm whether it has received an auditor's report to management during the period.

If the answer to the question is YES, then the firm should send to the FSA a copy of the report. If the report contains recommendations to remedy any weakness in the firm's procedures or internal controls, then the firm should, at the same time, also provide the FSA with a statement setting out either how the recommendations are being implemented or, if the firm is not implementing the recommendations, the reasons for that decision.

If the firm has received an auditor's report but not already sent it to the FSA, then it must provide a full explanation of the reasons for not having done so and also submit, with the questionnaire, a copy of the report and statement of remedial action.

PART FOUR

The questions in this part must be answered by unincorporated businesses (sole traders and partnerships) only.

Question 16(a)

This question should only be answered by a firm which is a sole trader.

It requires the individual who is the sole trader to confirm that the total of his or her personal and business assets exceeds the total of his or her personal and business liabilities and also that the sole trader will be able to meet those liabilities as they fall due.

Because the business assets of a sole trader are available to settle personal liabilities, the FSA requires comfort that the sole trader is solvent on an overall basis, by comparing his or her total assets with the total liabilities. This is in addition to the confirmation asked for in questions 4 and 5 in respect of the firm's financial position.

To answer the question the individual will need to list the values of the relevant assets and liabilities and compare them to ensure the requirements are met.

If the answer is NO then the sole trader must provide a full explanation together with details of the steps which are being taken to resolve the problem.

Question 16(b)

This question should only be answered by a firm which is a partnership.

It requires the firm to confirm that the personal assets of each individual partner exceed his or her personal liabilities and that the partner can meet those liabilities as they fall due.

The FSA requires confirmation that each partner is solvent. This is in addition to the confirmation asked for in questions 4 and 5 in respect of the firm's financial position.

To answer the question the firm will have to consider the personal position of each partner and ensure that the requirement is met in each case.

If the answer to the question is NO then the firm must provide a full explanation together with details of the steps which are being taken to resolve the problem.

Question 16(c)

This question requires the firm to confirm that when answering question 16(a) or 16(b) it has applied the accounting principles set out in SUP 16 Ann 7R (Section 5, Table 1R) and included as a liability a provision for taxation on the whole of its profits up to the date when the last balance sheet was prepared.

SUP 16 Ann 7R (Section 5, Table 1R) requires that any amounts included in the schedules used to support the answers given to the previous two questions must be determined in accordance with the accounting principles and rules contained in the Companies Act and generally accepted accounting standards.

It is important to ensure that any taxation which may be payable by the sole trader or partners on the profits of the firm up to the accounting reference date is recognised as a liability in the schedules.

If the answer to the question is NO, then a full explanation must be provided.

Question 17

This question should only be answered by a firm which is a sole trader.

The firm is required to confirm that it has reviewed its arrangements in accordance with SYSC 3.2.19G to ensure they remain effective to safeguard the interests of customers in the event of the absence, illness, disability or death of any essential member of staff.

Each firm is required to review annually its arrangements in accordance with SYSC 3.2.19G to ensure that they remain effective and a firm which is a sole trader must notify the FSA that it has carried out the review.

If the answer is YES, then the firm should also provide any details of the change in the arrangements or confirm that no changes are required.

If the answer is NO, then the firm must provide a full explanation of the reasons why the review has not been completed.

DECLARATION

The Declaration must be completed by each firm.

It is most important that the declaration is signed by the relevant principals of the firm. They are required to confirm that the answers to the questionnaire have been given only after appropriate enquiries have been made and these will be subject to verification checks during routine monitoring visits.

(for FSA use only)

Annual questionnaire for Authorised professional firms

FSA Handbook Reference: SUP16 Annex 9R

20 September 2001

Name of firm

FSA firm reference number

The Financial Services Authority

Registered as a Limited Company in England and Wales No 1920623. Registered Office as above

Guidance notes

This form should be completed only by authorised professional firms as defined in the FSA's Handbook of rules and guidance.

Completing this Form

This form must be submitted to the FSA within four months of the accounting reference date to which it relates.

The Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

All dates must be provided in numeric form (e.g. 29/02/2000 for 29 February 2000).

Tick the appropriate box where a yes/no answer is required.

Further details must be given in section 4 (supplementary information) if there is insufficient space for a detailed answer.

Additional information can be attached to the Form. It must be securely attached to the rest of the form and you must indicate at question 4.02 the number of additional sheets attached.

Expressions in the form in italics have the meaning given in the Glossary to the FSA's Handbook of rules and guidance (or, if no meaning is given there, are to be interpreted in accordance with the related expressions defined in the Glossary).

Section 1 – Professional regulation

This section must be completed to show which of the designated professional bodies the firm is regulated by.

Section 2 – Supervision and monitoring data

The questions must be completed for the period ending on the firm's latest accounting reference date.

Section 3 – Financial resources and reporting

The questions must be completed for the period ending on the firm's latest accounting reference date.

Section 4 – Supplementary information

This section provides space for additional information which could not be included elsewhere in the form. If there is still insufficient space, please use a separate sheet or sheets, marked with the firm's name and FSA firm reference number.

Declaration

The declaration must be signed as follows:

- (i) If the firm is a sole practitioner, by that person;
- (ii) If the firm is a partnership (or limited liability partnership), by two partners (or designated members);
- (iii) If the firm is a company, by two directors. If the company has only one director, by the director and the Company Secretary.

PLEASE RETURN COMPLETED FORM TO:

YES NO

If YES

Describe the nature of services provided during the period (summarise if necessary), and indicate whether the firm or any individual, company or trust within or associated with the firm, has taken an equity share as a result of a deal or been remunerated on a contingency basis.

Nature of services provided

**Equity share taken or
contingency basis
for fee?**

YES NO

YES NO

YES NO

YES NO

YES NO

I have supplied further information
related to this page in Section 4

YES NO

2.05 Were any life policies, including pension policies arranged by the firm **surrendered** or **cancelled** in the period? YES NO

If YES

(i) How many?

(ii) Are any of them associated with a complaint against the firm about poor advice on investments? YES NO

If YES, how many?

2.06 Was the firm been asked to repay or did it repay **indemnity** commission during the period? YES NO

If YES

(i) On how many cases?

(ii) Do these requests for repayment represent more than 5 per cent of the firm's commission income received on indemnity terms during the period? YES NO

2.07 Since the accounting reference date, have there been, or will there be, changes in the way the firm carries on its regulated activities or other business, which may have a material effect on the type and volume of such work? YES NO

If YES, please explain the main changes and their expected effects.

(e.g. New branch or department dealing with regulated activities, new computer systems, employment of staff with relevant expertise, merger of businesses, hiving off of business area dealing with regulated activities)

2.08 a Has the firm maintained **accounting and other records** in accordance with the FSA's Handbook of rules and guidance? YES NO

If NO, please explain

b Has the firm maintained records to enable the FSA to verify the calculations prepared to support the financial declarations made in this questionnaire? YES NO

If NO, please explain

I have supplied further information related to this page in Section 4 YES NO

2.09 a Expiry date of the firm's current professional indemnity policy.

(For firms who are members of the Law Society of Scotland: please give details of the firm's professional indemnity insurance under the Law Society of Scotland's Master Policy.)

b Limit of indemnity

c Excess per claim

d Annual premium

I have supplied further information related to this page in Section 4 YES NO

3.01 a Was there any material change in the firm's income (from all activities) during the period as compared with the previous period?

YES NO

If YES, please give details
 For the purposes of this question "material" is regarded as 25% of total income at the end of the accounting period, but will depend also on the size and nature of the firm's business.
 Details should include the actual change in the figures to show the impact and the reasons for the change, which might include opening a new branch/office, gain/loss of sources of business, downsizing/merger.

b Has the firm made a profit after tax for the period?

YES NO

If NO, please explain how the loss has occurred.

3.02 a If the firm has produced accounts with a balance sheet as at the end of the period ending on the firm's latest accounting reference date, please state the firm's total:

Latest Accounting Reference Date

Previous Accounting Reference Date

(i) net assets, or

--	--

(ii) net liabilities

--	--

b If the firm has net liabilities, please explain how the firm has met its liabilities and will continue to meet them as they fall due in future

I have supplied further information related to this page in Section 4 YES NO

3.03 a Please state the firm's net bank position at the firm's latest accounting reference date

(i) net credit balance (£000), or

(ii) net overdrawn balance (£000)

b Overdraft facility (£000)

c Overdraft review date

d Details of security for the overdraft

3.04 Please state whether the firm has any other loans.

YES NO

If YES, please give details

3.05 If the above bank balance is overdrawn by more than the overdraft limit, please provide details of the current position and explain how the firm has met and will continue to meet its liabilities as they fall due.

3.06 **Contingent liabilities**

Are there outstanding any legal proceedings or County Court Judgements or Decrees (Scotland) against the firm or its principals or any other contingent liabilities that may affect the firm's ability to meet its liabilities as they fall due in the future?

YES NO

If YES, please give details

I have supplied further information related to this page in Section 4 YES NO

3.07 Solvency

Have the partners/directors of the firm carried out appropriate procedures to enable them to satisfy themselves that the firm is able to meet its liabilities as they fall due until the end of the current accounting period (or twelve months from the last accounting reference date, if later)?

(Supporting papers should be retained. The FSA may at any time require a firm to produce evidence to demonstrate that it can meet this requirement.)

YES NO

3.08 Pensions/FSAVCs

Has the firm had to review any pension transfer/pension opt out or FSAVC cases? (This information is additional to that information provided in the return to the Pensions Review Monitoring Department)

YES NO

If YES, please provide the following information in respect of the amounts that have been included in the firm's accounts to its latest accounting reference date, or would be included if the accounts had been prepared by the date of signature of this Questionnaire

	Accounting Reference Date	£000
a The provision in respect of redress		
b The provision for the cost of conducting the review to completion		
c Details and amounts of any contingent liabilities not recorded on the balance sheet in respect of pension transfers and pension opt outs or FSAVCs		

3.09 Fund management

Did the firm provide any investment management services during the period?

YES NO

If YES, please provide the following information

a If this includes **discretionary** management, what type of services has the firm provided during the period?
(e.g. Managing investments for private customers/intermediate customers/non-UK customers, trustee activities, ISA manager)

b Funds under **discretionary** management

	Date	£000
(i) At the start of the accounting period		
(ii) At the end of the accounting period		
(iii) At latest practicable date within 1 month of date of signature of the Declaration on page 12.		

I have supplied further information related to this page in Section 4 YES NO

3.09 c Funds under **non-discretionary** management

At latest practicable date within 1 month of date of signature of the Declaration on page 10.

Date	£000

d **Total funds** under management (exclude Custody only Funds)

At latest practicable date within 1 month of date of signature of the Declaration on page 12.

--	--

I have supplied further information related to this page in Section 4 YES NO

4.01 Please use this space to provide any additional information relating to the previous sections.

If there is insufficient space, please continue on a separate sheet of paper, and clearly identify the section and question to which the additional information relates. Please include the name of the firm and the FSA firm reference number.

Question	Information

4.02 How many additional sheets are being submitted?

Declaration

THIS DECLARATION MUST BE COMPLETED BY ALL FIRMS

I/ we confirm that the firm is, and continues to be, an 'authorised professional firm' as defined in the Financial Services Authority's Handbook of Rules and Guidance.

I/ we declare that the firm is able to meet its liabilities as they fall due until the end of the current accounting period (or twelve months from the last accounting reference date, if later).

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body.

I confirm that the information in this form is accurate and complete to the best of my knowledge and belief.

DECLARATION

- (a) This statement has been drawn up in accordance with the rules in IPRU(INV) 10 which are relevant to the firm in calculating the firm's financial resources. It has been prepared from, and is in agreement with, the books and records of the firm.
 - (b) The firm's accounting records, systems and controls are maintained in accordance with IPRU(INV) 10 and SYSC 3.2.20R.
 - (c) We are not aware of any matters which could have a material effect upon the financial position of the firm before the due date of the next statement, which are not declared herein, or have not been notified to, and acknowledged by, the FSA.
 - (d) Since the date of the last reporting statement, the firm has/has not* been in compliance with IPRU(INV) 10 except as already notified to the FSA. { * Delete as appropriate }
 - (e) Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.4R require an authorised person to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. SUP 16.3.1IR requires an authorised person to submit reports containing all the information required. APER 4.4.6E provides that, where an approved person is responsible for reporting matters to the FSA, failure to inform the FSA of materially significant information of which he is aware is a breach of Statement of Principle 4. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.
- We confirm that the information in this form is accurate and complete to the best of my knowledge and belief and that we have read the Guidance Notes to this form.

DECLARATION

- (a) This statement has been drawn up in accordance with the rules in IPRU(INV) 10 which are relevant to the firm in calculating the firm's financial resources. It has been prepared from, and is in agreement with, the books and records of the firm.
- (b) The firm's accounting records, systems and controls are maintained in accordance with IPRU(INV) 10 and SYSC 3.2.20R.
- (c) We are not aware of any matters which could have a material effect upon the financial position of the firm before the due date of the next statement, which are not declared herein, or have not been notified to, and acknowledged by, the FSA.
- (d) Since the date of the last reporting statement, the firm has/has not* been in compliance with IPRU(INV) 10 except as already notified to the FSA.
{* Delete as appropriate}
- (e) Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.4R require an authorised person to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. SUP 16.3.1R requires an authorised person to submit reports containing all the information required. APER 4.4.6E provides that, where an approved person is responsible for reporting matters to the FSA, failure to inform the FSA of materially significant information of which he is aware is a breach of Statement of Principle 4. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

We confirm that the information in this form is accurate and complete to the best of my knowledge and belief and that we have read the Guidance Notes to this form.

LARGE EXPOSURES MONITORING (LEM 1) QUARTERLY RETURN Standard Reporting Statement for securities and futures firms (ISD firms)

Firm Code	Statement Date	Solo or Consolidated	Date Submitted
Legal Entity 	Own Funds @ the Reporting Date 	Reporting Currency 	
Date ACMP Granted (if applicable) 	Financial Resources @ the Reporting Date 		

DECLARATION

- (a) This return has been drawn up in accordance with the rules in IPRU(INV) 10 and guidance in SUP 16 Ann 11G relating to Large Exposures Monitoring.
- (b) The firm's accounting records systems and controls are maintained in accordance with IPRU(INV) 10 and SYSC 3.2.20R.
- (c) We are not aware of any matters which could have a material effect upon the financial position of the firm before the due date of the next statement, which are not declared herein, or have not been notified to, and acknowledged by, the FSA.
- (d) Since the date of the last reporting statement, the firm has been in compliance with IPRU(INV) 10 except as already notified to the FSA.
- (e) Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.4R require an authorised person to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. SUP 16.3.11R requires an authorised person to submit reports containing all the information required. APER 4.4.6E provides that, where an approved person is responsible for reporting matters to the FSA, failure to inform the FSA of materially significant information of which he is aware is a breach of Statement of Principle 4. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.
We confirm that the information in this form is accurate and complete to the best of my knowledge and belief and that we have read the Guidance Notes to this form.

All figures should be in £000, unless the firm prepares its UK statutory accounts in another currency(see SUP 16 Ann 10R). All conversions of foreign currency should be at the mid market rate, or the bid/offer spread for exposure included in trading book.

Section 6: Securities and futures firms: Form and content of reports

1 Table Financial reporting statements (see Table 1 for list of reports defined as such)

		(See SUP 16.7.31R)
1.1.1	(1)	A <i>firm</i> must prepare the financial reporting statements from, and ensure that they are in agreement with, the books and records of the <i>firm</i> .
	(2)	A <i>firm</i> must prepare the financial reporting statements so as to give a true and fair view in accordance with UK Companies Acts of the results for the period, the financial position and state of affairs of the <i>firm</i> .
	(3)	A <i>firm</i> may not offset amounts on the balance sheet and profit and loss account in its financial reporting statements in respect of items representing assets or income against amounts in respect of items representing liabilities or expenditure except in the case of balances with <i>counterparties</i> where the parties to the transaction have expressly agreed that they shall be settled on a net basis for the same value date.
	(4)	A <i>firm</i> must not consolidate the accounts of a separately incorporated <i>body corporate</i> within the <i>group</i> into figures of a <i>firm's</i> financial reporting statements other than for the purposes of completing the consolidated reporting statement, but must include the assets, liabilities, income and expenditure of all <i>branches</i> of the <i>firm</i> .
	(5)	A <i>firm</i> must show as a separately identified item appended to a financial reporting statement any item representing or covering the amount of any asset or liability, income or expenditure not otherwise covered by any of the items on the required format of the statement.
	(6)	A <i>firm</i> : <ol style="list-style-type: none"> (a) must use either sterling or the currency used for its UK statutory accounts as its reporting currency in its financial reporting statements; (b) may not change its reporting currency more than once in any 12 month period; and (c) must notify the FSA immediately of any change to its reporting currency.
	(7)	A <i>firm</i> which is a <i>sole trader</i> must include in any financial reporting statement only those items which arise in the course of the business of the <i>firm</i> as such.

4. Large exposures monitoring quarterly returns

SUP 16 Ann 11G section 1

GUIDANCE NOTES:- STANDARD REPORTING STATEMENT FOR SECURITIES AND FUTURES FIRMS WHICH ARE ISD FIRMS

INTRODUCTION

This guidance has been prepared to assist firms in completing the monthly, quarterly and annual reporting statements in accordance with SUP 16.7.25R to SUP 16.7.27R and SUP 16 Ann10R. Guidance given does not override the rules themselves.

A firm must submit its reporting statement to the FSA by the due date in accordance SUP 16.7.25R to SUP 16.7.27R.

Self-generated computer statement

A firm which has obtained a waiver from electronic reporting may file this reporting statement using a self-generated computer form if such a form is identical in its layout to the standard reporting statement. Application for a waiver must be made in accordance with SUP 8.

Declaration

A valid submission of the standard reporting statement must be signed by two authorised signatories, except where the firm is a sole trader. (SUP 16.7.33R)A declaration should not be made lightly. The FSA will take a very serious view of a declaration that subsequently proves to be false or negligent and this may result in disciplinary action.

The FSA must be notified as soon as a firm has reason to believe that the standard reporting statement previously submitted was or has become misleading in any material respect (SUP 15.6.4R).

Categories of firms

Category D firms are required to complete all the sections of the standard reporting statement except the large exposures sections, and submit it on an annual and quarterly basis in accordance with SUP 16.7.27R. Category C firms are required to complete all the sections of the standard reporting statement and submit it on a quarterly basis in accordance with SUP 16.7.27R). Category A and B firms are required to complete all the sections of the standard reporting statement and submit it on an annual and monthly basis in accordance with SUP 16.7.25R.

Some pertinent rules and guidance

IPRU(INV) 10-10R Keeping of records

A firm must be able to demonstrate compliance with the financial resources requirement and should be able to prepare, within a reasonable time, this reporting statement as at the close of business of any date. The audit trail, records, working papers and schedules supporting the production of this reporting statement must be retained for six years, maintained and secured in an orderly manner so as to permit ready access to any particular record required under SUP 2.

IPRU(INV) 10-11R Reconciliation of balances

A firm must perform reconciliations as frequently as is necessary for the volume of transactions on the accounts, and in any event, not less than once a month for derivatives balances and positions, and once a year for securities balances and positions.

Notification

Inclusion or disclosure of an item in the standard reporting statement is not a substitute for notification required by IPRU(INV) 10-32R and SUP15. A firm must confirm in writing any verbal notification effected under these rules. A firm must be familiar with all the notification requirements, and the following are worthy of further mention:

SUP 15.6.4R Misleading information supplied to the FSA.

SUP 16.3.17R Changes in reporting dates.

SUP 3.7.2G Qualification of an audit report.

IPRU(INV) 10-32R(2) Defaults on repurchase type transactions and large exposure notifications.

SUP 16 Ann 10R Agreement with records

The reporting statement must agree with the books and records of the *firm*, and give a true and fair view of the result for the period and the financial position and state of affairs of the *firm*.

SUP 16 Ann 10R Offsetting and netting

Items representing assets or income must not be offset against items representing liabilities or expenditure except in the case of counterparties who have expressly agreed to settle on a net basis for the same value date.

SUP 16 Ann 10R Consolidation

A firm must not consolidate the accounts of separately incorporated group companies other than for the purposes of completing the consolidated reporting statement, but must include the assets, liabilities, income and expenditure of all branches of the firm.

SUP 16 Ann 10R Greater detail

A firm may show any item required in this reporting statement in greater detail than required by the appropriate format.

SUP 16 Ann 10R Reporting currency

A firm must use either sterling or the currency used for its UK statutory accounts as its reporting currency in its financial reporting statements. It may not change its reporting currency more than once in any 12 month period.

SUP 16 Ann10R Accounting policies

The accounting policies which are required to be used for the reporting statements are not necessarily the same as the accounting policies used in the audited annual financial statements (ie statutory accounts). A firm must give particulars of any departure from the requirements in SUP 16 Ann10R 10-41R. A firm must use the correct accounting policy for each case.

Reporting unit

Monetary amounts must be shown in thousands. Small rounding errors may occur and firms have a responsibility to ensure that these are kept to a minimum so that each item reported is as accurate as possible, within the overriding constraint that a reporting statement must cast correctly and balance within itself.

Certain amounts on the reporting statements are not monetary and should not be submitted in thousands.

Sign convention and totals

All items entered on this statement should normally be shown as a positive value. Where an item is required to be deducted, this will normally be indicated by the use of the word "Less" and should be entered as a positive figure. However, certain items may be either positive or negative values (e.g. "Dealing profit/(loss)" on the Profit and Loss schedule). In this case, positive values will be added and negative values deducted from any previous item. Negative values on electronically reported statements should be indicated by the use of brackets around the figure eg £(5000) or preceded by a negative sign eg -£5000. Negative values on statements submitted on paper should be indicated by the use of brackets around the figure.

A box in the extreme right hand column is, unless otherwise indicated, the total of the boxes in the column immediately to its left.

Any departure from the methodology set out in this section will be clearly indicated on the form. It will be assumed that where an item on the statement is left blank, this is the same as entering a zero value.

Segregation

All client money (including free money) must be reported on-balance sheet for the purposes of the financial reporting statements.

BALANCE SHEET

A. FIXED ASSETS

1. Fixed assets is the net book value of all assets used by the **firm** in its activities on a continuing basis.

2. Intangible Assets

Intangible assets includes goodwill, capitalised development costs, patents, licences, exchange seats (such as seats on LIFFE), trademarks and similar rights. Exchange seats held for investment purposes may be treated as a fixed asset investment.

B. CURRENT ASSETS

3. Stock and Investments

This shall include positions valued on a prudent and consistent basis in accordance with IPRU(INV) 10-41R(9). Firms must ensure that investments arising from trading and non trading books are disclosed separately.

4. Trading Book Debtors

Amounts due from counterparties must be reflected at gross amounts less any provisions for bad and doubtful debts. Netting is only permitted to the extent that there is express agreement with the counterparty that balances may be settled on a net basis in accordance with SUP 16 Ann 10R 1.(3) and IPRU(INV) 10-170R(10). Firms must ensure that trading book debtors under and over 90 days, and debts with affiliates and non-affiliates are disclosed separately.

5. Non Trading Book Debtors

These include debtors not arising from trading book activities. Examples of these are corporate finance fees, commissions, interest and dividends not directly related to items in the trading book. Firms must ensure that non trading book debtors under and over 90 days and debts with affiliates and non-affiliates are disclosed separately.

6. Loans and other assets

Loans and other assets must also be split between affiliates and non-affiliates and those due within and after 90 days.

7. Cash at Bank and in Hand

Segregated client moneys on the balance sheet must be disclosed separately from other non segregated funds. Non segregated funds must be divided into qualifying and non qualifying deposits in accordance with the definition in IPRU(INV)_10 App 1.

C. CURRENT LIABILITIES

8. Bank Loans and Overdrafts

Comments on the inclusion of segregated deficits on the balance sheet made in Section 7 above are applicable here. Firms must ensure that bank loans and overdrafts under and over 1 year, and from affiliates and non-affiliates are disclosed separately.

9. Trading Book Creditors

The comments under Trading Book Debtors in Section 4 above are applicable as appropriate. Firms must ensure that trading book creditors under and over 1 year are disclosed separately and balances with affiliates are distinguished from balances with non-affiliates.

10. Non Trading Book Creditors

These include all other creditors not arising from trading book activities and also include amounts representing accruals, deferred income and provisions.

11. Subordinated Loans

Firms must classify and disclose subordinated loans firstly between short term and long term loans in accordance with IPRU(INV) 10-63R and secondly as amounts with residual maturity of under and over 1 year.

D. CAPITAL

12. Share Capital

Cumulative and non cumulative preference shares for fixed and non fixed terms must be disclosed separately. Preference share capital can only be included in financial resources, provided that there is an agreement in place, that redemption may not take place if it would take the firm into a deficit of financial resources.

Preference share capital may only be included in initial capital where the dividends are non-cumulative.

13. Profit and Loss

Incorporated firms must ensure that for both prior year brought forward and current year profit and loss, amounts representing externally audited balances and unaudited trading and non trading book balances are identified and disclosed separately in accordance with IPRU(INV) 10-61R(4). Interim profits may only be included in a firm's initial capital where they have been verified by an external auditor in accordance with IPRU(INV) 10 App 58.

14. Partnership/Sole trader current account

Unincorporated firms must ensure that for both prior year brought forward and current year current account, amounts representing externally audited balances and unaudited trading and non trading book balances are identified and disclosed separately in accordance with IPRU(INV) 10-61R(4). Interim current account may only be included in a firm's initial capital where they have been verified by an external auditor in accordance with IPRU(INV) 10 App 58.

15. Total Capital

Total Capital should agree with Net Assets in Box 44.

PROFIT AND LOSS ACCOUNT

E. REVENUE

16. Dealing profit/(loss)

This shall be the total gross profit less loss which arises from market making and other dealings as principal for the period which the statement covers. Stamp duty, exchange fees, commissions and brokerage and any related interest paid or payable may be deducted. This box will drill down to 6 boxes for member firms to split out their 5 largest income centres/trading desks plus a balancing figure, which will total to the total dealing profit or loss. Firms should contact their teams if they are in any doubt as to how to complete these fields.

17. Gross commission and brokerage

This shall be the total commission and brokerage earned by the firm in the conduct of agency broking, before the deduction of commissions shared or paid to third parties. Commissions receivable on underwriting of international and domestic offerings are included in 18 below.

18. Investment management fees

This shall be the total of underwriting fees and commissions, fees from investment advice, valuations, management of investments and unit trusts, pension funds, discretionary management and collective investment schemes.

19. Corporate Finance Fees

This shall be the total of all income earned by the firm from corporate finance business.

20. Other Revenue

This shall be the total of all other revenue of the firm, including all interest and dividends receivable (except for that arising out of dealing as principal, which is included in a) above).

F. EXPENDITURE

21. This section should show the expenditure for the period reported on under each of the headings specified below. Expenditure should be split between those items included in relevant annual expenditure and those excluded under IPRU(INV) 10-73R (see G below).

22. Commission and brokerage

This shall be the total of commissions paid away and shared, plus fees, brokerage and other charges paid in relation to the execution, registration or clearing of transactions.

23. Establishment costs

This shall include marketing, communications, office services costs, rent, rates, heating, electricity, maintenance, depreciation, professional fees and other general overheads of the business.

24. Staff Costs

This shall be the aggregate of gross salary costs, including National Insurance contributions, pensions contributions, benefits in kind and bonuses or profit shares.

25. Bad and Doubtful Debts

This shall be the charge to the profit and loss account which the firm considers to be an adequate provision for all doubtful debts, even where there is no addition to CRR or deduction from financial resources.

26. Intercompany charges

This shall be charges made by affiliated companies whether for the recharge of costs incurred by the affiliate on behalf of the firm, or for management fees.

27. Interest payable

This shall be the total of any interest payable on borrowings of the firm and interest payable on client bank accounts.

28. Foreign exchange losses

This shall be the total of foreign exchange losses.

29. Exceptional and other expenses

Exceptional expenses shall be those arising from events within the ordinary course of business which are not expected to recur frequently or regularly.

G. ITEMS NOT INCLUDED IN RELEVANT ANNUAL EXPENDITURE

30. Commission and brokerage

A firm may exclude commission shared with third parties other than employees, directors, half commission men or appointed representatives. Fees, brokerage and other charges paid for the purposes of executing, registering or clearing transactions may also be excluded.

31. Staff costs

A firm may exclude bonuses or profit sharing where they are discretionary and paid out of current year profits.

32. Interest payable

A firm may exclude interest which is payable to counterparties or which relates to borrowings which finance the firm's regulated activities.

33. Foreign Exchange Losses

A firm may exclude losses arising from the translation of foreign currency balances.

34. Exceptional items

A firm may exclude exceptional items as defined in IPRU(INV) 10 App 1.

FINANCIAL RESOURCES

H. INITIAL CAPITAL

35. Initial capital includes ordinary share capital plus non cumulative preference shares, reserves other than revaluation reserves, share premium account and externally audited retained earnings. Interim profits can be included only if they have been verified by the firm's auditor and are net of any foreseeable charges or losses.

I. ORIGINAL OWN FUNDS

36. From initial capital any investments in own shares, intangible assets and any material current year losses (those arising from trading and non trading book, which exceed 10% of initial capital), must be deducted to arrive at original own funds.

J. SUBORDINATED LOANS

37. There are certain limits on subordinated loans and other items which may be taken into financial resources. The limits prescribed are -

a) for firms which calculate their financial resources in accordance with Table IPRU(INV) 10-62R(2)A, 200% of original own funds after the liquidity adjustment, charged assets, contingent liabilities and deficiencies in subsidiaries have been covered. A firm may use items listed in "D" in the table ie cumulative preference shares, long term subordinated loans and revaluation reserves, to cover the above adjustments, before using original own funds.

b) for firms which calculate their financial resources in accordance with Table IPRU(INV) 10-62R(2)B, 250% of original own funds after the liquidity adjustment, charged assets, contingent liabilities and deficiencies in subsidiaries, and material holdings in credit and financial institutions, which would normally fall within the firm's group for consolidated supervision purposes, have been adjusted for. A firm may use items listed in "E" in the table, ie cumulative preference shares, long term subordinated loans and revaluation reserves, to cover the above adjustments, before using original own funds.

38. In addition, the total of fixed term long term subordinated loan and fixed term cumulative preference shares which may be taken into financial resources

can not exceed 50% of original own funds; and the total of all long term subordinated loan, cumulative preference shares and revaluation reserves must not exceed 100% of original own funds.

K. LIQUIDITY ADJUSTMENT

39. The liquidity adjustment must be calculated in accordance with IPRU(INV) 10-64R to IPRU(INV) 10-66R and must be deducted in order to arrive at the financial resources.

L. MATERIAL HOLDINGS IN CREDIT AND FINANCIAL INSTITUTIONS

40. A firm must deduct the full value of its material holdings in credit or financial institutions (as defined in the rules) in arriving at financial resources, unless a firm has been granted a waiver from consolidated supervision. In that case, it must deduct in full those material holdings in credit or financial institutions which would normally have been included in the scope of consolidation, and deduct in full as an illiquid asset, those which would not normally be included in the scope of consolidation, unless these are trading book positions on which the firm calculates a PRR.

M. POSITION RISK REQUIREMENT

41. A firm which carries a house position must calculate a position risk requirement. The methods and position risk weightings (known as PRAs) to be used can be found in IPRU(INV) 10-80R to IPRU(INV) 10-133R, and IPRU(INV) 10-166R to IPRU(INV) 10-169R contain summary tables giving the methodology and PRAs can be found in IPRU(INV) 10 App 49 – IPRU(INV) 10 App 54.

42. Equity method

The valuation of equity and equity equivalent positions included in the equity methods should be included in boxes 301 to 307 and the PRRs for each method included in boxes 309 to 312. The equivalent values of each product type included in the equity method should then be analysed in the second section, boxes 314 to 330. The net balance sheet market value of the instruments should be included in the third column, boxes 332 to 339. The total balance sheet equity positions and PRR on equities will feed forward to the position risk statement.

43. Equity derivative method

Equity derivative positions not included in the equity method must be included in the next section of the form, split between the hedging, margin and basic methods. The balance sheet value of the derivative positions should be included in boxes 341 to 343A. The net balance sheet value of cash positions included in

the hedging method should be inserted in box 345A. Balance sheet values of positions in approved risk assessment models, including cash positions should be included in boxes 351 to 353.

44. Interest rate method

The valuation of debt and debt equivalent positions included in the interest rate methods should be included in boxes 360 to 366 and the general market risk PRRs for each method included in boxes 368 to 370. The interest rate add-on for equity derivatives under the basic method IPRU(INV) 10-86R(4) should be included in box 371. Where the add-on is calculated under the alternative method by inclusion in the interest rate ladder, the charges will automatically go into the interest rate method. The interest rate specific risk charges should be split into the various categories in boxes 375 to 379, the total will feed into box 380. The equivalent values of each product type included in the interest rate method should then be analysed in the second section, boxes 400 to 420. The net balance sheet value of the instruments should be included in the third column, boxes 422 to 431. The total balance sheet interest rate positions and PRR thereon will feed forward to boxes 458 and 463.

45. Interest rate derivative method

Interest rate derivative positions not included in the interest rate method must be included in the next section of the form, split between the hedging, margin and basic methods. The balance sheet value of the derivative positions should be included in boxes 433 to 436. The net balance sheet value of cash positions included in the hedging method should be inserted in box 438. Values of positions in approved risk assessment models, including cash positions should be included in boxes 450 to 453.

46. Other methods

The net balance sheet value of positions included in the issuing market method, commodities positions and the PRR thereon should be included in the next section. Any other positions should be included in box 457 so that the position risk statement includes all trading book positions and the total PRR.

N. FOREIGN EXCHANGE REQUIREMENT

47. This section of the standard reporting statement captures the firm's foreign exchange requirement calculated in accordance with IPRU(INV) 10-150R to IPRU(INV) 10-153R. Box 242 will drill down into a screen detailing foreign exchange exposures and the resulting FER. The long and short positions in all the currencies must net to zero.

O. COUNTERPARTY RISK REQUIREMENT

48. This section is split into debtors and creditors arising on the trading book. The headings for assets and liabilities are designed to reflect the balance sheet values of transactions analysed by type.

49. Cash Against Documents

Where a firm expects to receive cash against the unsettled securities transactions (such as shares, gilts, bonds, etc.), it should enter the total value of all such amounts at their balance sheet value in the column headed "assets". Where a firm has a liability to pay cash in respect of unsettled securities transactions, it should enter the total value of all such liabilities at their balance sheet value in the column headed "liabilities". In the column headed "CRR", a firm should enter its total CRR in respect of unsettled securities transactions.

50. Free Deliveries

Where a firm has made a free delivery of either commodities or securities, it should enter the balance sheet value of the related amounts receivable in the column headed "assets". Where a firm has made a free delivery of cash in respect of the anticipated receipt of securities or commodities, it should not enter the balance sheet value of such payments in the section headed "liabilities", since this is no longer a creditor. In the column headed "CRR", a firm should enter its total CRR in respect of free deliveries.

51. Repos, Reverse Repos, Securities Borrowing and Lending, Sale and Buy Back and Buy and Sell Back Agreements etc.

Whilst these types of transactions all have their separate characteristics, the FSA treats them in the same way for CRR purposes under IPRU(INV) 10-173R and for accounting purposes under IPRU(INV) 10-41R(7). The value of collateral provided to counterparties to cover reverse repurchase, securities borrowing and buy and sale backs, where this is shown on the firm's balance sheet, should be reported in the column headed "assets". The value of collateral received from counterparties to cover repurchase, securities lending and sale and buy back agreements, where this is shown on the firm's balance sheet, should be reported in the column headed "liabilities". In the column headed "CRR", a firm should report its total CRR calculated in accordance with IPRU(INV) 10-173R.

52. Derivatives Transactions

In the column headed "assets", a firm should report the value of all amounts due from counterparties, clearing banks and exchanges arising on derivatives, where these are shown on the firm's balance sheet. In the column headed "liabilities", a

firm should report the value of all amounts due to counterparties, clearing houses and exchanges arising on derivatives, where these are shown on the firm's balance sheet. In the column headed "CRR", a firm should report its CRR calculated in accordance with IPRU(INV) 10-174R.

53. Deposits and other amounts due arising from trading book activities

A firm should report the remaining balance sheet debtors and creditors in its trading book (typically, these items would include commissions owed to the firm in respect of its trading book business or trading book qualifying deposits) not covered in 1-4 above as assets or liabilities, as appropriate, and enter the CRR arising from these activities in the column headed "CRR".

P. CREDIT EXPOSURES

54. The Credit Exposure form should be filled in by all firms regardless of whether they are subject to a large exposures requirement. It is designed to pick up all third party credit exposures ignoring the exemptions which would apply for the large exposures calculation. The form is designed to pick up the total exposure to a counterparty, ie trading book as well as non-trading book, including all transaction exposures between trading date and settlement date. Boxes 200 to 209C should be completed for intra group exposures, listing for each of the 10 group counterparties with the largest credit exposures, the gross exposure to the counterparty, and, if there is a netting agreement in place the net exposure to the counterparty. Boxes 210 to 219C should be completed giving the same information for the 10 non group counterparties with the largest credit exposures. Boxes 220 to 229B should include the 10 largest net credit exposures, where there is a netting agreement in place, which have not been reported in the two previous sections.

Q. LARGE EXPOSURE REQUIREMENT

55. In addition to any notifications of large exposures required by the rules, firms should provide details of the 10 greatest large exposures, analysed between trading and non-trading book in this section. The large exposures requirement for each exposure should be entered in the third column. The line detailed "others" should include the total of all other exposures giving rise to an LER where a firm has more than 10 such large exposures.

R. REPORTING REQUIREMENTS FOR FIRMS PERMITTED TO USE INTERNAL MODELS FOR CALCULATING REGULATORY CAPITAL

56. Firms' reporting requirements consist of two strands:

1. model derived capital requirements; and
2. back-testing exceptions.

These guidance notes address each of these in turn.

57. Model derived regulatory capital requirements

There are specific requirements for those firms which are permitted by the FSA to calculate some or all of their regulatory capital requirements using their internal risk assessment models in accordance with IPRU(INV) 10. This permission will be granted in the form of a waiver or modification of the relevant rules. As stated in SUP 8.3.6G, the FSA may impose conditions on a waiver, such as additional reporting requirements. The reporting requirements set out below are a condition for the granting of the relevant waiver(s) in this case. The proforma overleaf sets out the information which the FSA requires from firms in this regard. Firms should submit this information with the same frequency as they currently submit their regular financial reporting statements - the paper report will be regarded as forming a part of a firm's standard reporting statement. Frequency and timing of reporting should be in accordance with SUP 16.7.25R to SUP 16.7.27R.

58. Backtesting exceptions

Further guidance on the review process for internal models can be obtained from the FSA. Notifications of exceptions to the FSA and adjustments to capital requirements should be made in accordance with the timing of the following schedule:

- t=-1: firm makes t=0 VaR prediction based upon its positions at close of business t=-1.
- t=0: firm incurs profit or loss.
- t=+1: firm calculates daily P&L for t=0 and compares to VaR prediction in accordance with the CAD backtesting requirements.
- t=+2: firm should notify the FSA of an exception by close of business. All exceptions should be reported.
- t=+3: firm should reflect increased capital requirement (if appropriate) in accordance the CAD backtesting requirements.

Firms should additionally be mindful of the following:

- (a) An exception is considered to have occurred where the daily loss experienced by a firm exceeds its VaR prediction. For these purposes, the VaR prediction should be compared to daily 'cleaned actual P&L' at the whole-book level (or other level as appropriate to the scope of the model). 2. Firms should report all exceptions in accordance with the schedule above. This may be done by telephone to the firm's usual supervisory contact. An exception will automatically lead to the adjustment of a firm's capital on t=3 (if required in accordance with the CAD criteria) unless a firm has agreed with the FSA that the exception may be 'disregarded'. The FSA's agreement to 'disregard' an exception may additionally be granted retrospectively. A firm seeking to have an exception 'disregarded'

should submit to the FSA a written explanation of why the exception occurred, and why it would be appropriate to 'disregard' it.

- (b) All firms should submit to the FSA a written report of exceptions, with details of the amount of each exception, explanations for why each exception occurred and consequent action taken-on a monthly basis.(Category A and B firms and Broadscope firms should submit this in conjunction with their standard reporting statement. Category C and D firms and Arrangers should submit exception reports in accordance with the timing of the standard monthly reporting cycle.) There is no prescribed format for the reporting of exceptions.

59. Calculation of Regulatory Capital based on Firm's Internal Assessment of Value-at Risk

Firm Code:

Currency:

Statement date:

Date Submitted:

Previous
Day's VaR

60 Day
Average
VaR

Modelled Market Risk and FX Risk

Specific Risk Surcharge

Overall VaR

Multiplication factor

Reg. Cap. requirement

*Number of instances in reporting period when previous day's VaR exceeded 60 day average VaR x multiplication factor.

Explanation of significant changes from previous report date

Notes: Value of positions should be shown in boxes 351-4 (equity), 450-462 (int.rate), and 456 (commodities) of the standard reporting statement for ISD firms.

* Where firms have reported instances, a supplementary written explanation of the causes should be submitted.

GUIDANCE NOTES:- CONSOLIDATED REPORTING STATEMENT FOR SECURITIES AND FUTURES FIRMS WHICH ARE ISD FIRMS

INTRODUCTION

This guidance has been prepared to assist firms in completing the consolidated reporting statements in accordance with SUP16.7.25R and SUP16.7.27R. Guidance given does not override the rules themselves.

A firm must submit its reporting statement to the FSA by the due date in accordance with SUP16.7.25R and SUP16.7.27R.

Self-generated computer statement

A firm which has obtained a waiver from electronic reporting may file this reporting statement using a self-generated computer form if such a form is identical in its layout to the standard reporting statement. Application for a waiver must be made in accordance with SUP 8.

⋮

Declaration

A valid submission of the standard reporting statement must be signed by two authorised signatories, except where the firm is a sole trader. An authorised signatory is a director for a body corporate; a registered partner for a partnership; and a proprietor for a sole trader(SUP16.7.33R).

A declaration should not be made lightly. The FSA will take a very serious view of a declaration that subsequently proves to be false or negligent and this may result in disciplinary action.

The FSA must be notified as soon as a firm has reason to believe that the consolidated reporting statement previously submitted was or has become misleading in any material respect (SUP15.6.4R).

Some pertinent rules

IPRU(INV) 10-10R Keeping of records

A firm must be able to demonstrate compliance with the financial resources requirement and should be able to prepare, within a reasonable time, this reporting statement as at the close of business of any date. The audit trail, records, working papers and schedules supporting the production of this reporting statement must be retained for six years, maintained and secured in an orderly manner so as to permit ready access to any particular record required under SUP 2.

Notifications

Inclusion or disclosure of an item in the standard reporting statement is not a substitute for notification required by the notification requirements contained in SUP15.. A firm must confirm in writing any verbal notification effected under these rules. A firm must be familiar with all the notification requirements, and the following are worthy of further mention:

SUP3.7.2G Qualification of an audit report.

SUP 15.6.4R Misleading information supplied to the FSA.

SUP 16.3.17R Changes in reporting dates.

IPRU(INV) 10-32R Large exposure notifications.

Form and content of financial reporting statements and accounting policies

SUP16 Ann10R Agreement with records

The reporting statement must agree with the books and records of the firm and its group.

SUP16 Ann10R Greater detail

A firm may show any item required in this reporting statement in greater detail than required by the appropriate format.

SUP16 Ann10R Reporting currency

A firm must report in sterling unless it completes its UK statutory accounts in another currency. The reporting currency must not be changed without notification to the FSA. Only one reporting currency may be used on all reporting statements.

SUP 16 Ann 10R and IPRU(INV) 10-41 Accounting policies

The accounting policies which are required to be used for the reporting statements are not necessarily the same as the accounting policies used in the audited annual financial statements (ie statutory accounts). A firm must give particulars of any departure from the requirements in SUP16 Ann10R or IPRU(INV) 10-41R. A firm must use the correct accounting policy for each case.

Reporting unit

Monetary amounts must be shown in thousands. Small rounding errors may occur and firms have a responsibility to ensure that these are kept to a minimum so that each item reported is as accurate as possible, within the overriding constraint that a reporting statement must cast correctly and balance within itself.

Certain amounts on the reporting statements are not monetary and should not be submitted in thousands.

Sign convention and totals

All items entered on this statement should normally be shown as a positive value. However, certain items may be either positive or negative values, e.g. "Surplus/(deficit)" in column F. In this case, positive values will be added and negative values deducted from any previous item. Negative values on electronically reported statements should be indicated by the use of brackets around the figure e.g.£(5000) or preceded by a negative sign e.g.-£5000. Negative values on statements submitted on paper should be indicated by the use of brackets around the figure.

Any departure from the methodology set out in this section will be clearly indicated on the form. It will be assumed that where an item on the statement is left blank, this is the same as entering a zero value.

CONSOLIDATED FINANCIAL RESOURCES TEST

This form will have an unlimited number of rows, and the required information for each undertaking included in the firm's group for the purposes of consolidated supervision (under IPRU(INV) 10-200R to 10-203R) should be reported on a separate row.

Column C represents the book value of the investment in a firm's financial resources which its parent has made.

Box J should include the ultimate parent/holding company's financial resources requirement, excluding any large exposure requirement which that individual undertaking has suffered. The group's large exposure requirement should instead be included in Box J.

SUP 16 Ann 11G section 3

GUIDANCE NOTES: STANDARD REPORTING STATEMENT FOR SECURITIES AND FUTURES FIRMS WHICH ARE NOT ISD FIRMS

INTRODUCTION

This guidance has been prepared to assist firms in completing the monthly, quarterly and annual reporting statements in accordance with SUP 16.7.25R – SUP 16.7.27R. Guidance given does not override the rules themselves.

A firm must submit its reporting statement to the FSA by the due date in accordance with SUP 16.7.25R – SUP 16.7.27R.

Self-generated computer statement

A firm which has obtained a waiver from electronic reporting may file this reporting statement using a self-generated computer form if such a form is identical in its layout to the standard reporting statement. Application for a waiver must be made in accordance with SUP 8.

Declaration

A valid submission of the standard reporting statement must be signed by two authorised signatories, except where the firm is a sole trader. (SUP 16.7.33R) A declaration should not be made lightly. The FSA will take a very serious view of a declaration that subsequently proves to be false or negligent and this may result in disciplinary action.

The FSA must be notified as soon as a firm has reason to believe that the standard reporting statement previously submitted was or has become misleading in any material respect SUP 15.6.4R)

Categories of firms

Corporate finance advisory firms and derivative fund managers are only required to complete the balance sheet, profit & loss and the tangible net worth sections of the standard reporting statement and submit it on an annual and quarterly basis in accordance with SUP 16.7.27R. Venture capital firms not handling client money are required to complete the balance sheet, profit & loss, the financial resources and financial resources requirement sections (except for the PRR sections) of the standard reporting statement and submit it on an annual and quarterly basis in accordance with SUP 16.7.27R. Other arrangers are required to complete all the sections of the standard reporting statement and submit it on an annual and quarterly basis in accordance with SUP 16.7.27R. Broadscope firms are required to complete all the sections of the standard reporting

statement and submit it on an annual and monthly basis in accordance with SUP 16.7.25R.

Some pertinent rules and guidance

IPRU(INV) 3-10R Keeping of records

A firm must be able to demonstrate compliance with the financial resources requirement and should be able to prepare, within a reasonable time, this reporting statement as at the close of business of any date. The audit trail, records, working papers and schedules supporting the production of this reporting statement must be retained for six years, maintained and secured in an orderly manner so as to permit ready access to any particular record required under SUP 2.

IPRU(INV) 3-11R Reconciliation of balances

A firm must perform reconciliations as frequently as is necessary for the volume of transactions on the accounts, and in any event, not less than once a month for derivatives balances and positions, and once a year for securities balances and positions.

Notifications

Inclusion or disclosure of an item in the standard reporting statement is not a substitute for notification required by SUP 15. A firm must confirm in writing any verbal notification effected under these rules. A firm must be familiar with all the notification requirements, and the following are worthy of further mention:

SUP 15.6.4R Misleading information supplied to the FSA.

SUP 16.3.17R Changes in accounting reference dates.

SUP 3.7.2G Qualification of an audit report.

Form and content of financial reporting statements and accounting policies

SUP 16 Ann 10R Agreement with records

The reporting statement must agree with the books and records of the firm, and give a true and fair view of the result for the period and the financial position and state of affairs of the firm.

SUP 16 Ann 10R Offsetting and netting

Items representing assets or income must not be offset against items representing liabilities or expenditure except in the case of counterparties who have expressly agreed to settle on a net basis for the same value date.

SUP 16 Ann 10R Consolidation

A firm must not consolidate the accounts of separately incorporated group companies other than for the purposes of completing the consolidated reporting

statement, but must include the assets, liabilities, income and expenditure of all branches of the firm.

SUP 16 Ann 10R Greater detail

A firm may show any item required in this reporting statement in greater detail than required by the appropriate format.

SUP 16 Ann 10R Reporting currency

A firm must use either sterling or the currency used for its UK statutory accounts as its reporting currency in its financial reporting statements. It may not change its reporting currency more than once in any 12 month period.

SUP 16 Ann 10R Accounting policies

The accounting policies which are required to be used for the reporting statements are not necessarily the same as the accounting policies used in the audited annual financial statements (ie statutory accounts). A firm must give particulars of any departure from the requirements in SUP 16 Ann 10R. A firm must use the correct accounting policy for each case.

Reporting unit

Monetary amounts must be shown in thousands. Small rounding errors may occur and firms have a responsibility to ensure that these are kept to a minimum so that each item reported is as accurate as possible, within the overriding constraint that a reporting statement must cast correctly and balance within itself.

Certain amounts on the reporting statements are not monetary and should not be submitted in thousands.

Sign convention and totals

All items entered on this statement should normally be shown as a positive value. Where an item is required to be deducted, this will normally be indicated by the use of the word "Less" and should be entered as a positive figure. However, certain items may be either positive or negative values (e.g. "Dealing profit/(loss)" on the Profit and Loss schedule). In this case, positive values will be added and negative values deducted from any previous item. Negative values on electronically reported statements should be indicated by the use of brackets around the figure eg £(5000) or preceded by a negative sign eg -£5000. Negative values on statements submitted on paper should be indicated by the use of brackets around the figure.

A box in the extreme right hand column is, unless otherwise indicated, the total of the boxes in the column immediately to its left.

Any departure from the methodology set out in this section will be clearly indicated on the form. It will be assumed that where an item on the statement is left blank, this is the same as entering a zero value.

Segregation

All client money (including free money) must be reported on-balance sheet for the purposes of the financial reporting statements.

BALANCE SHEET

A. FIXED ASSETS

1. Fixed assets is the net book value of all assets used by the firm in its activities on a continuing basis.

2. Intangible Assets

Intangible assets includes goodwill, capitalised development costs, patents, licences, exchange seats (such as seats on LIFFE), trademarks and similar rights. Exchange seats held for investment purposes may be treated as a fixed asset investment.

B. CURRENT ASSETS

3. Stock and Investments

This shall include positions valued on a prudent and consistent basis in accordance with IPRU(INV) 3-41R(9).

4. Trade Debtors

Amounts due from counterparties must be reflected at gross amounts less any provisions for bad and doubtful debts. Netting is only permitted to the extent that there is express agreement with the counterparty that balances may be settled on a net basis in accordance with SUP 16 Ann 10R. Firms must ensure that trade debtors under and over 90 days, and debts with affiliates and non-affiliates are disclosed separately.

5. Non Trade Debtors

These include debtors not arising from trading activities. Examples of these are corporate finance fees, commissions, interest and dividends not directly related to the firm's investment or associated business. Firms must ensure that non trade

debtors under and over 90 days and debts with affiliates and non-affiliates are disclosed separately.

6. Loans and other assets

Loans and other assets must also be split between affiliates and non-affiliates and those due within and after 90 days.

7. Cash at Bank and in Hand

Segregated client moneys on the balance sheet must be disclosed separately from other non segregated funds. Non segregated funds must be divided into qualifying and non qualifying deposits with the definition in IPRU(INV) 3 App 1.

C. CURRENT LIABILITIES

8. Bank Loans and Overdrafts

Comments on the inclusion of segregated deficits on the balance sheet made in Section 7 above are applicable here. Firms must ensure that bank loans and overdrafts under and over 1 year, and from affiliates and non-affiliates are disclosed separately.

9. Trade Creditors

The comments under Trade Debtors in Section 4 above are applicable as appropriate. Firms must ensure that trade creditors under and over 1 year are disclosed separately and balances with affiliates are distinguished from balances with non-affiliates.

10. Non Trade Creditors

These include all other creditors not arising from trading activities and also include amounts representing accruals, deferred income and provisions.

D. CAPITAL

11. Approved Share Capital

Box 65 includes all ordinary share capital and redeemable share capital satisfying the criteria set out in IPRU(INV) 3-62R for inclusion in tangible net worth.

12. Non-approved Share Capital

Box 66 includes any share capital which may not contribute to the firm's tangible net worth.

13. Profit and Loss

Incorporated firms must ensure that for both prior year brought forward and current year profit and loss, amounts representing externally audited balances and unaudited balances are identified and disclosed separately.

14. Partnership/Sole trader current account

Unincorporated firms must ensure that for both prior year brought forward and current year current account, amounts representing externally audited balances and unaudited balances are identified and disclosed separately.

15. Total Capital

Total Capital should agree with Net Assets in Box 43.

PROFIT AND LOSS ACCOUNT

E. REVENUE

16. Dealing profit/(loss)

This shall be the total gross profit less loss which arises from market making and other dealings as principal for the period which the statement covers. Stamp duty, exchange fees, commissions and brokerage and any related interest paid or payable may be deducted.

17. Gross commission and brokerage

This shall be the total commission and brokerage earned by the firm, before the deduction of commissions shared or paid to third parties.

18. Investment management fees

This shall be the total of underwriting fees and commissions, fees from investment advice, valuations, management of investments and unit trusts, pension funds and collective investment schemes.

19. Corporate Finance Fees

This shall be the total of all income earned by the firm from corporate finance business.

20. Other Revenue

This shall be the total of all other revenue of the firm, including all interest and dividends receivable (except for that arising out of dealing as principal, which is included in 16 above).

F. EXPENDITURE

21. This section should show the expenditure for the period reported on under each of the headings specified below. Expenditure should be split between those items included in relevant annual expenditure and those excluded under IPRU(INV) 3-73R (see G below).

22. Commission and brokerage

This shall be the total of commissions paid away and shared, plus fees, brokerage and other charges paid in relation to the execution, registration or clearing of transactions.

23. Establishment costs

This shall include marketing, communications, office services costs, rent, rates, heating, electricity, maintenance, depreciation, professional fees and other general overheads of the business.

24. Staff Costs

This shall be the aggregate of gross salary costs, including National Insurance contributions, pensions contributions, benefits in kind and bonuses or profit shares.

25. Bad and Doubtful Debts

This shall be the charge to the profit and loss account which the firm considers to be an adequate provision for all doubtful debts, even where there is no addition to CRR or deduction from financial resources.

26. Intercompany charges

This shall be charges made by affiliated companies whether for the recharge of costs incurred by the affiliate on behalf of the firm, or for management fees.

27. Interest payable

This shall be the total of any interest payable on borrowings of the firm and interest payable on client bank accounts.

28. Foreign exchange losses

This shall be the total of foreign exchange losses.

29. Exceptional and other expenses

Exceptional expenses shall be those arising from events within the ordinary course of business which are not expected to recur frequently or regularly.

G. ITEMS NOT INCLUDED IN RELEVANT ANNUAL EXPENDITURE

30. Commission and brokerage

A firm may exclude commission shared with third parties other than employees, directors, half commission men or appointed representatives. Fees, brokerage and other charges paid for the purposes of executing, registering or clearing transactions may also be excluded.

31. Staff costs

A firm may exclude bonuses or profit sharing where they are discretionary and paid out of current year profits.

32. Interest payable

A firm may exclude interest which is payable to counterparties or which relates to borrowings which finance the firms regulated activities.

33. Exceptional and extraordinary items

A firm may exclude exceptional items and extraordinary items as defined in IPRU(INV) 3 App 1.

FINANCIAL RESOURCES

H. TANGIBLE NET WORTH

34. For an incorporated firm, tangible net worth includes ordinary share capital plus redeemable preference shares, meeting the criteria set out in IPRU(INV) 3-62R, approved reserves as explained in IPRU(INV) 3-62R, share premium account and retained earnings, less any intangible assets.

35. For a partnership or sole trader, tangible net worth includes the capital account plus current account, less any intangible assets.

I. ELIGIBLE CAPITAL SUBSTITUTES

36. There are certain limits on subordinated loans, approved bank bonds and approved undertakings which may be taken into financial resources. The total of boxes 104 to 106 must not exceed four times tangible net worth. The other limits are detailed in IPRU(INV) 3-63R.

J. PRIMARY REQUIREMENT

37. This requirement is set out in IPRU(INV) 3-70R and is the sum of boxes 107 to 113.

38. Base requirement

The base requirement is the greater of–

- the absolute minimum requirement which is determined in accordance with IPRU(INV) 3-72R;
- the expenditure requirement which is determined in accordance with IPRU(INV) 3-73R; and
- the volume of business requirement which is 3.5% of the aggregate of the firm's counterparties' total initial margin requirement.

39. Liquidity adjustment

The liquidity adjustment must be calculated in accordance with IPRU(INV) 3-75R and must be deducted in order to arrive at the financial resources.

40. Charged assets

This is the balance sheet value of each asset charged to a third party (IPRU(INV) 3-76R) unless the related exposure has already been recorded as a liability or is subject to CRR.

41. Contingent liabilities

An amount must be added to primary requirement in accordance with IPRU(INV) 3-77R.

42. Deficiency in subsidiaries

Unless a provision has already been made (ie a reduction of the firm's financial resources), the amount is equal to the deficiency in shareholders' funds in the subsidiary of the firm (IPRU(INV) 3-78R).

POSITION RISK REQUIREMENT

43. A firm which carries a house position must calculate a position risk requirement. The methods and position risk weightings (known as PRAs) to be used can be found in IPRU(INV) 3-80R to 3-169R and IPRU(INV)_3 App 26.

44. Foreign exchange requirement

This section of the standard reporting statement captures the firm's position risk requirement arising from foreign exchange exposures, calculated in accordance with IPRU(INV) 3-150R to IPRU(INV) 3-154R. Box 149 will drill down into a screen detailing foreign exchange exposures and the resulting PRR. The long and short positions in all the currencies must net to zero.

45. Physical commodities

Boxes 128 and 138 include the balance sheet value of positions subject to the physical commodities method IPRU(INV) 3-166R to 3-169R. Box 151 should include the PRR calculated under these rules.

46. Other

The balance sheet value of positions in interest rate instruments taken on to hedge interest rate risks in the commodities portfolio should be included in boxes 128A and 138A. Box 151A should include the PRR calculated on these positions.

COUNTERPARTY RISK REQUIREMENT

48. This section is split into debtors and creditors arising on the trading book. The headings for assets and liabilities are designed to reflect the balance sheet values of transactions analysed by type.

49. Cash Against Documents and Free Deliveries

Where a firm expects to receive cash against unsettled securities transactions, such as gilts, bonds, it should enter the total value of all such amounts at their

balance sheet value in the column headed "assets". Where a firm has a liability to pay cash in respect of unsettled securities transactions, it should enter the total value of all such liabilities at their balance sheet value in the column headed "liabilities".

50. Where a firm has made a free delivery of either commodities or securities, it should enter the balance sheet value of the related amounts receivable in the column headed "assets". Where a firm has made a free delivery of cash in respect of the anticipated receipt of securities or commodities, it should not enter the balance sheet value of such payments in the section headed "liabilities", since this is no longer a creditor.

51. In the column headed "requirement", a firm should enter its total CRR in respect of unsettled securities transactions and free deliveries.

52. Margined Transactions and Options

In the column headed "assets", a firm should report the value of all amounts due from counterparties, clearing houses and exchanges arising on exchange-traded-margined transactions, where these are shown on the firm's balance sheet. In the column headed "liabilities", a firm should report the value of all amounts due to counterparties, clearing houses and exchanges arising on exchange-traded-margined transactions, where these are shown on the firm's balance sheet. In the column headed "requirement", a firm should report its CRR calculated in accordance with IPRU(INV) 3-173A.

53. OTC

In the column headed "assets", a firm should report the value of amounts due from counterparties on OTC transactions, where these are shown on the balance sheet. In the column headed "liabilities", a firm should report the value of all amounts due to counterparties on OTC transactions, where these are shown on the firm's balance sheet. In the column headed "requirement", a firm should report its CRR calculated in accordance with IPRU(INV) 3-173A.

54. Other

A firm should report its remaining balance sheet trade debtors and creditors not covered in 49 to 53 above as assets or liabilities, as appropriate, and enter the CRR arising from these activities in the column headed "requirement".

CREDIT EXPOSURES

55. The credit exposure section is designed to pick up all third party credit exposures. The form is designed to pick up the total exposure to a counterparty,

ie trade debtors and non-trade debtors, including all transaction exposures between trading date and settlement date. Boxes 200 to 209C should be completed for intra group exposures, listing for each of the 10 group counterparties with the largest credit exposures, the gross exposure to the counterparty, and, if there is a netting agreement in place the net exposure to the counterparty. Boxes 210 to 219C should be completed giving the same information for the 10 non group counterparties with the largest credit exposures. Boxes 220 to 229B should include the 10 largest net credit exposures, where there is a netting agreement in place, which have not been reported in the two previous sections.

56. REPORTING REQUIREMENTS FOR FIRMS PERMITTED TO USE INTERNAL MODELS FOR CALCULATING REGULATORY CAPITAL

Firms' reporting requirements consist of two strands:

1. model derived capital requirements; and
2. back-testing exceptions.

These guidance notes address each of these in turn.

57. Model derived regulatory capital requirements

There are specific requirements for those firms which are permitted by the FSA to calculate some or all of their regulatory capital requirements using their internal risk assessment models in accordance with IPRU(INV) 3. This permission will be granted in the form of a waiver or modification of the relevant rules. As stated in SUP 8.3.6G, the FSA may impose conditions on a waiver, such as additional reporting requirements. The reporting requirements set out below are a condition for the granting of the relevant waiver(s) in this case. The proforma overleaf sets out the information which the FSA requires from firms in this regard. Firms should submit this information with the same frequency as they currently submit their regular financial reporting statements - the paper report will be regarded as forming a part of a firm's standard reporting statement. Frequency and timing of reporting should be in accordance with SUP 16.7.25R to SUP 16.7.27R.

58. Backtesting exceptions

Further guidance on the review process for internal models can be obtained from the FSA. Notifications of exceptions to the FSA and adjustments to capital requirements should be made in accordance with the timing of the following schedule:

- t=-1: firm makes t=0 VaR prediction based upon its positions at close of business t=-1.
- t=0: firm incurs profit or loss.

t=+1: firm calculates daily P&L for t=0 and compares to VaR prediction in accordance with the CAD backtesting requirements.

t=+2: firm should notify the FSA of an exception by close of business. All exceptions should be reported.

t=+3: firm should reflect increased capital requirement (if appropriate) in accordance the CAD backtesting requirements.

Firms should additionally be mindful of the following:

(a) An exception is considered to have occurred where the daily loss experienced by a firm exceeds its VaR prediction. For these purposes, the VaR prediction should be compared to daily 'cleaned actual P&L' at the whole-book level (or other level as appropriate to the scope of the model). 2. Firms should report all exceptions in accordance with the schedule above. This may be done by telephone to the firm's usual supervisory contact. An exception will automatically lead to the adjustment of a firm's capital on t=3 (if required in accordance with the CAD criteria) unless a firm has agreed with the FSA that the exception may be 'disregarded'. The FSA's agreement to 'disregard' an exception may additionally be granted retrospectively. A firm seeking to have an exception 'disregarded' should submit to the FSA a written explanation of why the exception occurred, and why it would be appropriate to 'disregard' it.

(b) All firms should submit to the FSA a written report of exceptions, with details of the amount of each exception, explanations for why each exception occurred and consequent action taken-on a monthly basis.(Category A and B firms and Broadscope firms should submit this in conjunction with their standard reporting statement. Category C and D firms and Arrangers should submit exception reports in accordance with the timing of the standard monthly reporting cycle.) There is no prescribed format for the reporting of exceptions.

59. Calculation of Regulatory Capital based on Firm's Internal Assessment of Value-at Risk

Firm Code:

Currency:

Statement date:

Date Submitted:

Previous	60 Day
Day's VaR	Average
	VaR

Modelled Market Risk and FX Risk

Specific Risk Surcharge

Overall VaR

Multiplication factor

Reg. Cap. requirement

*Number of instances in reporting period when previous day's VaR exceeded 60 day average VaR x multiplication factor.

Explanation of significant changes from previous report date

Notes: Value of positions should be shown in box 128 of the standard reporting statement for non-ISD firms.

* Where firms have reported instances, a supplementary written explanation of the causes should be submitted.

Guidance on the completion of LEM Forms for securities and futures firms which are ISD firms

I SUMMARY OF REPORTING REQUIREMENTS

(1) An exposure

The measurement of an exposure should reflect the maximum loss, which would occur should a counterparty fail, or the loss that may be experienced due to the realisation of assets or off-balance sheet positions. IPRU(INV) 10 provides details of the rules, which have been expanded upon below.

A large exposure forms the basis for the completion of Form LEM, as required under CAD. With regard to the compliance of quarterly reporting of large exposures, FSA, with prior authorisation, will allow firms to measure whether a large exposure has occurred, based upon the firm's own funds rather than financial resources and own funds, on condition that financial resources are higher than own funds.

Exposures should be measured prior to any exemptions detailed in IPRU(INV) 10-192R(1),(2), and (3), unless otherwise detailed in IPRU(INV) 10-32R(3) to 10-32R(7).

Whether an exposure falls as a trading book or non trading book item will vary from firm to firm. For the purpose of this return, an exposure should be classified as trading book or non trading book in the same manner as it is for the capital calculation, as detailed in IPRU(INV) 10 and any further updates thereto.

Exposures entered into by a firm as trustee are excluded from the scope of the large exposures return. This covers all client assets, but excludes any buffer held by the firm within the segregated client account, which is reflected within the firm's balance sheet, and should be included in the large exposures return.

Non trading book issuer risk is the full market value of the underlying exposure.

If the firm has any doubt on whether a constituent of a large exposure should be reported, it should continue to report the exposure until it has received guidance to the contrary from FSA.

Examples of exposures include, but are not limited to:—

- (a) fees receivable/prepayments;
- (b) stockborrowing/stocklending, repos/reverse repos; and their foreign equivalents; buy/sells, sell/buys - these should be recorded as for CRR but without any counterparty weighting factors;

- (c) deposits, loans, current account credit balances, including those denominated in precious metals;
- (d) discounted bills held;
- (e) the net investment in finance leases;
- (f) bonds, bond futures, and bond options;
- (g) equity positions held as principal, equity options, equity warrants, equity futures, swaps, contracts for difference, and similar instruments;
- (h) interest rate contracts, including single currency interest rate swaps, basis swaps, forward rate agreements, interest rate futures, and products with similar characteristics;
- (i) foreign exchange rate contracts, cross currency swaps, cross currency interest rate swaps, outright forward foreign exchange contracts, currency futures, currency options purchased, outstanding currency option premia, and similar instruments;
- (j) acceptances, promissory notes, loan stock, commercial paper, MTN's, and other paper held;
- (k) margin deposits with futures, options, commodities exchanges, and other clearing houses, brokers, investment exchanges;
- (l) forwards, including buy/sells, sell/buys and similar transactions;
- (m) free deliveries, failed trades, and any trade with extended settlement day;
- (n) those claims arising from similar transactions entered into by the firm;
- (o) all intra-group exposures which do not fall within any consolidation.

Exposures which are exempt from the quarterly report:–

(a) exposures and other assets which have already been deducted when calculating the firm's own funds for the purpose of monitoring large exposures. Such deductions can be found in IPRU(INV) 10-61R(1)B - these include the reporting firm's own shares and investments in subsidiaries and associated companies;

Material holdings in credit and financial institutions which have been deducted in full when calculating own funds. See IPRU(INV) 10-192R(1)(k);

(b) claims arising in the course of settlement of a foreign exchange transaction on a counterparty where the firm has settled its side of the transaction, but has not received the corresponding payment, for a period of up to two working days after payment was made. After this period such claims will constitute an exposure. See IPRU(INV) 10-190R(2)(a);

(c) exposures to Zone A governments, related government entities (e.g. Inland Revenue, Bank of England, government debt), and the EU/European Communities see - IPRU(INV) 10-32R(7). This does not extend to local

government, unless a full legal guarantee exists, and complies where appropriate with EU legislation in respect of government support;

(d) in the case of securities, which are settled on a delivery versus payment basis, claims on the counterparty to the transaction which occur in the normal course of business up to and including the five business days (see IPRU(INV) 10-190R(2)(b)) following the due payment or delivery date;

(e) counterparty risk exposure on commodities, commodity derivatives, and other physical assets.

(2) The amount at risk

The amount at risk should, with certain exceptions detailed below (or otherwise advised to the firm) be reported as the exposure of the firm's actual or potential claim, contingent liability, or assets. IPRU(INV) 10 methodology takes precedence and should be followed in calculating all exposures, unless an alternative format is indicated within these reporting instructions.

Completion of the return should be in accordance with UK accepted accounting standards and practice subject to the paragraph above.

Bank accounts

Credit balances should not be offset with debit balances with any credit institution, unless legal opinion has been obtained. This opinion should address the issue of set off for term versus demand deposits/loans, and cross border set off. Firms internally should monitor their exposure to the counterparty in this manner to utilise this form of set off.

Balances recorded within forms LEM 1 or LEM 2 should be the cashbook value rather than the bank statement value. It should be noted that this is different to the methodology applied for completing Form LE under the provisions set out in IPRU(BANK).

Free Deliveries/Failed Trades

Free deliveries are reportable from the business day when delivery took place, at full value. The exposure recorded should be the higher of the market value of the underlying or the cash side to the transaction, where the firm has made a payment. Where the firm has made a delivery of securities, then the cash value of the transaction should be reported.

For transactions which are deemed to be cross border, then a window of one working day is available before the transaction becomes reportable, in line with IPRU(INV) 10-172R(4).

Failed trades have occurred if a trade for the purchase/sale of a security, incurred in the ordinary course of settlement, fails to settle during the five

business days following and including due payment or due delivery date, where neither cash nor securities have been delivered.

Other failed transactions are reportable under the large exposures regime, such as foreign exchange. An exposure should become a reportable item when a foreign exchange transaction remains outstanding for two business days following due payment date in the ordinary course of settlement.

Interest and dividends

The value of outstanding claims should include interest and dividends due. Once the underlying equity issue has gone ex-dividend, and the dividend will not be reflected in the underlying price of the equity, then there will be a receivable due to the firm until payment is received.

Interest Rate Contracts/Equity Derivatives/Foreign Exchange

The reportable exposure for derivatives should be calculated in line with IPRU(INV) 10-174R.

Where a netting agreement is held which complies with current FSA requirements, it may then be utilised if the firm calculates its exposure to the counterparty or counterparty group on a net basis.

Loans, advances etc denominated in gold, silver, and other precious metals

Exposures in this form should be translated into the reporting currency at the closing spot price. Where the maximum exposure during a reporting period is required to be reported, the closing spot rate for the day on which the exposure occurred should be used. Precious metals should not be considered as a "cash equivalent", but as a commodity.

Netting

In reporting large exposures, counterparty credit balances should not be offset against counterparty debit balances, unless a netting agreement is in place. At no time may issuer exposure to company "A" be netted with counterparty exposure to "A".

Debt securities should not be netted against equity exposure for the same issuer. **The netting of debt securities issued by the same legal entity together with underlying derivatives are allowable.**

Firms should indicate, by way of a "*" against the relevant counterparty groups (next to column "a") on forms LEM 1 & 2, where they have reported net amounts.

Firms should be aware that currently there is a difference between CRR and large exposures with regard to the measurement of exposure and the maturity of the net exposure. Large exposure calculates the exposure using the underlying positive exposure with the longest maturity.

Any netting agreements should comply with FSA requirements at all times.

Receivables

Receivables, which include prepayments, dividends receivable (see **Interest and dividends**), and other receivables not exempted under the large exposures guidance notes, are reportable within the quarterly return.

Replacement cost/mark to market for derivative transactions

In order to include exposures which fall within the trading book, a firm should aggregate:—

(a) the total replacement cost (obtained by marking to market) of all of its contracts with a positive value. The exception to this is if the firm has a netting agreement with the counterparty, which complies with FSA requirements.

(b) an amount for potential future credit exposure which reflects the residual maturity of the contract, calculated as a percentage of the underlying notional amount in accordance with IPRU(INV) 10-174R(3).

Where a firm has not received option premia or acceptable collateral, this shortfall should be recorded as 100% of the exposure to the counterparty.

Any acceptable or adequate collateral held by a firm, should be recorded in column “c” of LEM 2.

Residual Maturity

The residual maturity of an option/swap, or any other derivative product falling within IPRU(INV) 10-174R, should be taken as the time from the reporting date until the final expiry date. Rollovers which are reset with a new contract, which details when the exposure will be cleared by either party to the contract, have maturity lengths equal to the total rollover period.

Underwriting Commitments - IPRU(INV) 130R to IPRU(INV) 133R

The firm's exposure (debt or equity), if using the Issuing Market Method, shall be its net exposure in line with IPRU(INV) 10-132R(1) and 10-132R(2). The net position can be reduced for new issues/tranches, using the discount percentages for the issuing market method (IPRU(INV) 10-133R(5)).

After “working day five”, the full market value of the remaining underwriting “stick” should be reported when taken in aggregation with other exposures to the counterparty/group.

(3) A counterparty

A counterparty is an individual, a legal entity, partnership/sole trader, or some other party to which the member firm is directly or indirectly exposed. Large exposures to the following types of counterparties should be reported as follows:—

A counterparty dealing as agent

Firms should treat the exposure as an exposure to the counterparty with whom it has contracted. This will mean the disclosed underlying clients where possible. If there are no disclosed underlying clients, then the deal should be deemed as being with the agent.

Group of connected third parties

A group of connected third parties is defined in IPRU(INV) 10 App 1.

A pension fund or other trust fund of the group should not be classified as connected for the purposes of this return.

Those counterparties which merge during the reporting period, should be included as connected counterparties from the date the offer goes unconditional. In such cases the exposure to these individual counterparties should be aggregated and considered as a single exposure to a group of closely related counterparties.

Exposures to a number of public sector bodies, or local authorities are deemed not to constitute a single exposure to a group of connected counterparties.

Where consolidated quarterly reporting on a sub-group basis has been requested, then all group exposures outside the sub-group should be included in Part 2.

Multilateral Development Banks

Multilateral development banks, as defined in IPRU(INV) 10 App 1, should be reported in Part 3(i) and 3(ii) of the return for those firms using Form LEM 2.

Parental or third party guarantees

The exposure should be recorded against the end counterparty, without any deduction for the amount provided for by the guarantor. The amount of guarantee utilised/drawn at the reporting date should be noted and recorded in column (i) of the return. The highest exposure to the “guarantor” during the reporting period should be included within column “g” of the return, and disclosed by way of memorandum below the details of the other exposure to the guarantor.

Guarantees granted by firms should be disclosed separately. The disclosure should be in the standard format required under **Part 2** of Form LEM 2. Utilisation at the reporting date should show the exposure to the firm if the guarantee were to be drawn, in order to cover the value of guaranteed reportable exposure at the close of business.

Credit institutions/Investment firms/ Third Country Investment Firm/ Clearing Houses and Exchanges

Definitions are provided in IPRU(INV) 10 App 1, and lists of recognised clearing houses and exchanges recognised for these purposes are shown in IPRU(INV) 10 Appendix 57.

(4) Identity of counterparty

The identity of a counterparty will generally be the customer named in a contract note. Where an agent identifies the underlying client, then the underlying client is the counterparty. In the case of a security held, the exposure should be against the issuer. In an equity derivative transaction, the underlying security should be included as exposure to the issuer, and the firm should record counterparty exposure against the relevant counterparty to the transaction.

Exposures guaranteed by a parent or third party should be recorded as exposure to the original counterparty, with the amount of exposure guaranteed by the guarantor recorded in column "i". The overall utilisation of the guarantee should be recorded against the guarantor, with a memorandum indicating the amount of the guarantee included within the overall exposure.

II THE REPORTING FORM (LEM)- GENERAL, COVERAGE AND LAYOUT.

GENERAL

Forms LEM 1 or LEM 2 should be completed both on a solo and, where relevant a consolidated basis:

- (a) Those firms who have been granted a waiver from consolidation (IPRU(INV) 10-204R) and hold a group wide ACMP (IPRU(INV) 10-196R), are exempt from reporting large exposures on a consolidated basis.
- (b) Nil returns are required to be submitted.
- (c) LEM 2 Forms are required to be submitted in line with SUP 16.7.25R and SUP 16.7.27R.
- (d) Details of counterparty risk netting with counterparty groups during any part of the quarter, should be indicated by way of (*) against the counterparty group recorded in column "a" of Forms LEM 1 or 2.

Coverage and Layout of Forms LEM 1 and 2

All counterparties which have had a large exposure during the quarter should report that exposure. Firms should make further copies of the enclosed forms where required.

Large exposures should be reported in the same currency and format that the FSA requires for all other regulatory reporting.

Large exposures to individual counterparties and counterparty groups should be reported, in each category of counterparty, ranked in descending order using the "highest exposure during the reporting period".

Details of own funds/financial resources as at the reporting date should be reported on the front cover of Forms LEM 1 and LEM 2.

Large exposures as at the reporting date (see Form LEM 2, columns "d", "e", and "f"), should be reported, and split between trading book and non trading book exposure.

An exposure which is not a large exposure as at the reporting date, but where there has been a large exposure since the previous reporting date should also be reported.

Any specific bad debt provisions raised but not yet passed through the accounting records should be indicated in column "b". Any non performing assets held where no specific provision has been raised should also be recorded here.

A memorandum showing the breakdown of material holdings in credit institutions/investment firms at the reporting date should be reported in the space provided on Form LEM 2. Any exposures which have been deducted from own funds and detailed in the Material Holdings in Credit and Financial Institutions_will not appear in any further part of the quarterly return.

There may be circumstances where it is possible to record the exposure more than once. When in doubt, the firm should either report the exposure twice as an exposure to each counterparty, or seek guidance from the FSA.

PART 1

Large exposures to Corporates (individual non-credit institutions/non investment firms and groups of closely related non-credit institutions/investment firms)

Part 1 of Form LEM 2 - exposures to Corporates, which include all counterparties which do not fall within **Parts 2, 3, or 4** of Form LEM 2;

Exposures to individual counterparties which constitute a group of connected third parties should be reported as one exposure.

Exposures to individual non-credit institution/investment firm counterparties and groups of closely related counterparties which are connected to the firm should be reported in **Part 2**.

Exposures to a local authority, state or public sector body about which the FSA has given guidance stating that it may be considered as an exposure to a central government, should be reported in **Part 4**.

PART 2

Exposures to individual group members of closely related counterparties connected to the reporting firm

Part 2 of Form LEM 2 - exposures to each individual legal entity within the firm's group which constitute a large exposure. Any legal entity which comes within the firm's world-wide group, should be reported here, rather than Part 3(i) or 3(ii) of the return.

When completing a consolidated version of Form LEM 2, only exposures to group members outside the scope of the group for FSA consolidation need to be reported.

For those firms required to complete a full group consolidated quarterly return, this part of the return will be nil. Those firms subject to sub-consolidation, as advised by the FSA, will be required to include connected exposure falling outside the "advised" consolidated group.(This is likely to be connected companies falling outside the EEA).

PART 3(i)

Large exposures to credit institutions/investment firms/ third country investment firms/ clearing houses and exchanges

References to "investment firms" hereafter are intended to include credit institutions, third country investment firms, clearing houses and exchanges recognised for the purposes of IPRU(INV) 10.

Exposures to groups of closely related investment firms should be recorded by legal entity basis within **Part 2** of LEM 2. An aggregation of the exposure to the group falling within this sector should be provided,(though it should not include capital instruments) deducted in calculating own funds. A breakdown of those material holdings deducted from own funds must be provided within the Material Holdings in Credit and Financial Institutions section of your return.

Exposures to exchanges should be reported as a separate entity, rather than splitting the exposure to the "owners" of the exchange, unless one owner either has a majority holding or management control.

Where a counterparty group contains a legal entity to which the firm has exposure, and this legal entity would be classified as an "Investment Firm", then all exposure to that counterparty group should be reported within **Part 3(i)/3(ii)**.

All exposure to entities which fall within the title for inclusion in **Part 3**, should fall within **Part 3(i)**, and any part of that total large exposure over 1 year, which taken in aggregate, and is equal to being classified as a large exposure, should be reported in **Part 3(ii)**.

A list of clearing houses/ exchanges recognised for these purposes can be found in, IPRU(INV) 10 App 57.

PART 3(ii)

Large exposures appearing in **Part 3(ii)**, should also be included in **Part 3(i)**. This will provide a breakdown of all medium to long term exposure - this is defined as exposure of one year and over (including a further breakdown of derivatives over 1 year).

Most issuer risk to counterparties falling within **Part 3** of LEM 2, unless there is less than 1 year to redemption, will fall within this section. An exposure with optional redemption dates for exercise should be classified in accordance with the latest redemption/maturity date.

Derivative exposure which falls within this category, should be shown separately from the total exposure over 1 year, by way of memorandum,[ie a second entry below the individual total large exposure for the counterparty group].

PART 4

Large Exposures to Zone B central governments and central banks

List the highest large exposures which have occurred during the quarter to each Zone B counterparty group. Exposures to European Communities, and institutions which would fall under a formal guarantee issued by the above, should not be included.

For the purposes of this form of this report, exposure to the European Union (EU)/EEC should be considered to be equivalent to Zone A governments and not reportable for LEM.

General

The reporting forms only differ in the amount of data that needs to be completed. The standard form (LEM 1) only requires columns "a", "f" and "g" to be completed.

Form LEM 1

There is no segregation between the type of counterparty within the standard form LEM 1. Exposures should simply be listed using the highest exposure during the quarter, in descending order.

See **Appendix 1** and **2** for copies of the quarterly reports (LEM 1 & 2). The column references referred to below are cross referenced accordingly.

Form LEM 2

Column reference

(a) This will be the counterparty, or where relevant the counterparty group - the exception to this is **Part 3i** and **3ii**, where a breakdown by legal entity to which the reporting firm has exposure is required.

##(b) This is any specific bad debt raised, which has already been deducted from own funds. This should also include any non-performing assets, where it is reasonable to determine that the counterparty to the transaction is outside the parameters set for the specific transaction, or the market norm. This is not aimed at failed trades, but at aged debt repayments which are unlikely to be repaid and for which no specific provision has been raised.

##(c) This should include any acceptable or adequate collateral at the reporting date which has not already been used to reduce an exposure [trading or non trading] at the reporting date. With regard repos/reverse repos and other similar instruments dealt with under IPRU(INV) 10-173R, adequate collateral may be included where appropriate.

Items that should be recorded here would be any *exposures* not exempted or discussed above, where acceptable/adequate collateral has been lodged, which could cover a number of transactions. Partial coverage by acceptable/adequate collateral is permissible.

##(d) "R"- non-trading book exposure as at the reporting date.

##(e) "S"- trading book exposure at the reporting date.

(f) "T"- is the aggregate of "R" and "S" for each respective counterparty or group of counterparties.

(g) This should be the highest large exposure that occurred during the reporting period.

If a limits based approach is used, then the aggregate of the limits marked, plus any excesses, will be the highest large exposure during the reporting period.

##(h) The figure in "g" as a percentage of financial resources, at the date the highest large exposure occurred.

##(i) This should record the amount of exposure guaranteed by a parent/third party.

The aggregate amount of guaranteed exposure by each guarantor should be recorded by the firm within the total exposure to the guarantor. A memorandum line beneath each guarantor, should break out the size of the guaranteed exposure from the total [guarantee + other reportable exposure] to the guarantor.

SUP 16 Ann 12G: Reports from trustees of AUTs and depositaries of ICVCs (see SUP 16.6.9G)

1 Table

1. Trustees of AUTs

- (1) Form 1 at the end of this annex provides a suggested format for the submission of the reports.
- (2) The quarterly report should be completed each year as at 31 March, 30 June, 30 September, and 31 December.
- (3) The report should be signed by an *approved person* who has responsibility for the *firm's trustee* area.
- (4) A *firm* should refer to *CIS* 4, 7, 15 and Appendix *CIS* before completing this report.

2. Depositaries of ICVCs

- (1) Form 2 at the end of this annex provides a suggested format for the submission of the reports.
- (2) The quarterly report should be completed each year as at 31 March, 30 June, 30 September, and 31 December.
- (3) The report should be signed by an *approved person* who has responsibility for the *firm's depositary* area.
- (4) A *firm* should refer to *CIS* 4, 7 and Appendix *CIS* before completing this report.

Form 1

Quarterly Return of Notifiable Breaches – Authorised Unit Trusts

1. Pricing Errors

Manager	Did status of manager change in quarter? (Note)	No. of pricing errors of 0.5% and above	No. of pricing errors below 0.5%, where trustee does not consider manager's controls to be adequate	No. of authorised unit trusts in operation
Note = From "controls adequate" to "controls inadequate" (or vice versa). Where the manager's status changed, the report should state the date of that change and the number of reportable breaches of CIS 4 and 15 before and after that change of status.				

2. Negative Boxes

Manager	Did status of manager change in quarter? (Note 1)	No. of negative boxes where CIS 4.3.12R and CIS 15.3.12R have not been applied. (Note 2)	No. of authorised unit trusts in operation
Note 1 = From "controls adequate" to "controls inadequate" (or vice versa). Where the manager's status changed, the report should state the date of that change and the number of reportable breaches of CIS 4 and 15 before and after that change of status.			
Note 2 = The application of CIS 4.3.12R and CIS 15.3.12R relates to the correction of an error by the manager with the trustee's agreement in accordance with CIS 4.3.12R and CIS 15.3.12R.			

The statistical information above has been provided to the *FSA* in accordance with *SUP* 16.6.8R(1).

Knowingly or recklessly giving the *FSA* information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). *SUP* 15.6.1R and *SUP* 15.6.4R require an *authorised person* to take reasonable steps to ensure the accuracy and completeness of information given to the *FSA* and to notify the *FSA* immediately if materially inaccurate information has been provided. *SUP* 16.3.11R requires an *authorised person* to submit reports containing all the information required. *APER* 4.4.6E provides that, where an *approved person* is responsible for reporting matters to the *FSA*, failure to inform the *FSA* of materially significant information of which he is aware is a breach of *Statement of Principle 4*. Contravention of these requirements may lead to disciplinary sanctions

or other enforcement action by the *FSA*. It should not be assumed that information is known to the *FSA* merely because it is in the public domain or has previously been disclosed to the *FSA* or another regulatory body. If there is any doubt about the relevance of information, it should be included.

I confirm that the information in this form is accurate and complete to the best of my knowledge and belief.

Form 2

Quarterly Return of Notifiable Breaches – Investment Companies with Variable Capital

1. Pricing Errors

Authorised Corporate Director (ACD)	Did status of ACD change in quarter? (Note)	No. of pricing errors of 0.5% and above	No. of pricing errors below 0.5%, where depositary does not consider manager's controls to be adequate	No. of Investment Companies with Variable Capital in operation

Note = From “controls adequate” to “controls inadequate” (or vice versa). Where the ACD’s status changed, the report should state the date of that change and the number of reportable breaches of CIS 4 before and after that change of status.

2. Negative Boxes

Authorised Corporate Director (ACD)	Did status of ACD change in quarter? (Note 1)	No. of negative boxes where CIS 4.3.12R has not been applied. (Note 2)	No. of Investment Companies with Variable Capital in operation

Note 1 = From “controls adequate” to “controls inadequate” (or vice versa). Where the ACD’s status changed, the report should state the date of that change and the number of reportable breaches under CIS 4 before and after that change of status.

Note 2 = The application of CIS 4.3.12R relates to the correction of an error by the ACD with the depositary’s agreement in accordance with CIS 4.3.12R.

The statistical information above has been provided to the *FSA* in accordance with *SUP* 16.6.8R(2).

Knowingly or recklessly giving the *FSA* information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). *SUP* 15.6.1R and *SUP* 15.6.4R require an *authorised person* to take reasonable steps to ensure the accuracy and completeness of information given to the *FSA* and to notify the *FSA* immediately if materially inaccurate information has been provided. *SUP* 16.3.11R requires an *authorised person* to submit reports containing all the information required. *APER* 4.4.6E provides that, where an *approved person* is responsible for reporting matters to the *FSA*, failure to inform the *FSA* of materially significant information of which he is aware is a breach of *Statement of Principle 4*. Contravention of these requirements may lead to disciplinary sanctions

or other enforcement action by the *FSA*. Annex E
Amendments to text already made

Transitional provisions

Transitional provision 3 In column (2), delete "and SUP 3.10.4R".

Chapter 4 Actuaries

SUP 4.2.4G Amend as shown below:

The function described by SUP 4.2.2G(2) is performed by the *appropriate actuary* who is appointed ~~triennially~~ to prepare the triennial investigation and interim certificate or statement required by *IPRU(FSOC) 5.2.(1)* (see SUP 4.4.7R to SUP 4.4.10G for the rights and duties of an *appropriate actuary*).

SUP 4.4.1R Amend as shown below:

A *firm* to which this section applies (see SUP 4.1) and required by *IPRU(FSOC) 5.2.(1)* to ensure that an investigation is carried out must:

(1) appoint an *actuary* (the "*appropriate actuary*") to carry out the triennial investigation and prepare an abstract of the report as required by *IPRU(FSOC) 5.2(2)* and provide the interim certificate or statement as required by *IPRU(FSOC) 5.2(3)*; and

(2) appoint a replacement for that *actuary* if he ceases to hold office before he has carried out the duty described in (1).

SUP 4.4.2G Delete this provision.

SUP 4.4.7R Amend as shown below:

An *appropriate actuary* must carry out the triennial investigation and prepare an abstract of ~~the report~~ as required by *IPRU(FSOC) 5.2(2)* ~~{number to be inserted later}~~ and provide the interim certificate or statement as required by *IPRU(FSOC) 5.2(3)*.

Chapter 10 Approved persons

SUP 10.1.16R Insert a comma before "as they apply".

Chapter 11 Controllers and close links

SUP 11.1.2R Amend as shown below:

	Category of firm	Applicable sections
(1)	A UK domestic firm <u>other than a non-directive friendly society</u>	All except SUP 11.3 and SUP 11.4R
(2)	A <u>non-directive friendly society</u>	SUP11.1, SUP 11.2, and SUP 11.9
(3)	An overseas firm

SUP 11.1.3G Before "*friendly societies*", add "*directive*".

SUP 11.1.5G Before "*friendly societies*", add "*directive*".

SUP 11.3.11G Add the following at the end:

"Regulations 7 to 9 of the Financial Services and Markets Act 2000 (Service of Notices) Regulations 2001 (SI 2001/1420) govern the manner in which a notice of *control* may be submitted. In summary, it should be delivered or *posted* to the *FSA*'s address as shown on the Forms, and will be treated as given when it is received by the *FSA*. It should not be sent by fax or electronic mail."

Chapter 12

SUP 12.2.13G(3) Delete this provision.

SUP 12.6.8G In the first sentence, after "of a *firm*", add ", other than an *introducer appointed representative*,".

SUP 12.6.8(1) After "*appointed representative*", add ", other than an *introducer appointed representative*,".

Chapter 15 Notifications to the FSA

Annex 1R Amend as follows:

(a) in the heading and in paragraph 1, replace "this chapter" with "*SUP 15*";

(b) in paragraph 2, move "only" to come after "*services*" rather than after "*permission*";

- (c) in the table, third column, second row, insert "*SUP*" before "15.3.1R(1)";
- (d) in the table, third column, rows 3, 5, 6, 7 and 10, set out " in so far" as three words;
- (e) in the table, third column, row 11, replace from "but such a firm" to "automatic authorisation)." with "but see *SUP* 14 (Incoming EEA firms: changing authorisation and cancelling qualification for authorisation).";
- (f) add a new row at the end of the table as follows:

<i>SUP</i> 15.8	Notifications in respect of particular products and services	Applies in full
-----------------	--	-----------------

Chapter 16 Reporting requirements

SUP 16.1.3R In the row entitled *SUP* 16.7, replace "*Bank*" with "*Bank, other than an EEA bank with permission for cross border services only*".

SUP 16.3.7R Replace this provision with the following:

"A report required under this chapter must:

- (1) give the *firm's* FSA firm reference number; and
- (2) if submitted in paper form, be submitted with the cover sheet contained in *SUP* 16 Ann 13R."

SUP 16.3.15G Replace this provision with the following:

"The *FSA* may from time to time send reminders to *firms* when reports are overdue. *Firms* should not, however, assume that the *FSA* has received a report merely because they have not received a reminder."

SUP 16.4.7G For "and indicate all the *firms* on whose behalf it is submitted" substitute ", indicate all the *firms* on whose behalf it is submitted and give their FSA firm reference numbers".

SUP 16.5.6G For "and indicate all the *firms* on whose behalf it is submitted" substitute ", indicate all the *firms* on whose behalf it is submitted and give their FSA firm reference numbers".

SUP 16.6.7R For the Note, substitute the following:

"Note = The quarter ends are 31 March, 30 June, 30 September, 31 December."

SUP 16.7.5R In first row, replace "*Bank*" with "*Bank, other than an EEA bank with permission for cross border services only*".

SUP 16.7.8R Amend as follows:

(a) Note 2, and the cross-references to it in the table, become Note 3;

(b) Note 3, and the cross-references to it in the table, become Note 4;

(c) Note 4, and the cross-references to it in the table, become Note 5;

(d) insert a new Note 2 as follows:

"Note 2 = The requirement to submit consolidated reports applies only to a *bank* which calculates its capital requirements on a consolidated basis. See *IPRU(BANK)* GN 3.3.13R(2) and *IPRU(BANK)* CS 4. All consolidated reports required on a half yearly basis must be prepared as at the end of June and December of each year. ";

(e) insert the cross-reference "(Note 2)" in the column of the table headed "Form" in the rows entitled:

- "Adequate information on capital adequacy (Consolidated)";
- "Analysis of large exposures (Consolidated)"; and
- "Adequate information on holdings of credit and financial institutions' and non-financial companies' capital instruments (Consolidated)";

(f) insert a new Note 6 as follows:

"Note 6 = Reports required on a quarterly basis must be prepared as at the end of March, June, September and December of each year, except that a *bank*, which submits the BT report to the Bank of England monthly, must prepare the Form LR (Adequate information on mismatch liquidity) as at the end of February, May, August and November each year.";

(g) in the column headed "Due date", after each reference to "after quarter end" insert "(Note 6)".

SUP 16.7.9R Replace "*EEA Bank*" with "*EEA Bank, other than one with permission for cross border services only*".

SUP 16.7.10R In the column headed "Due date", after "submitted electronically)", insert ". The report must be prepared as at the dates set out in Note 6 to SUP 16.7.8R."

SUP 16.7.12R Amend the column headed "Due date" as follows:

- (a) in the row containing a reference to "B7", after "submitted electronically)", insert ". Period ends are the end of June and December each year.";
- (b) in the row containing a reference to "LR", after "submitted electronically)", insert ". The report must be prepared as at the dates set out in Note 6 to SUP 16.7.8R."

SUP 16.7.12R In the column headed "Form", delete "(Note 2)".

SUP 16 Ann 12G Amend as follows:

- (a) in paragraph 1.(3), for "an *approved person* who works in the *firm's trustee area*" substitute "an *approved person* who has responsibility for the *firm's trustee area*";
- (b) in paragraph 2.(3), for "an *approved person* who works in the *firm's depositary area*" substitute "an *approved person* who has responsibility for the *firm's depositary area*";
- (c) in Form 2, Table 1, fourth column, for "manager's" substitute "ACD's".

SUP 17 Annex 5G: Regulated markets

Replace the existing text with the following:

- 1 Table List of the regulated markets notified to the Commission by the Member States under Article 16 of the *ISD* as at 22 March 2001

Austria

- 1. Amtlicher Handel (official market)
- 2. Geregelter Freiverkehr (semi-official market)
- 3. Amtlicher Handel NEWEX (official market)
- 4. Geregelter Freiverkehr NEWEX (semi-official market)

Belgium

- 1. Bourse de valeurs mobilières d'Euronext Brussels:
 - Le premier marché (official market)
 - Le second marché
 - Le nouveau marché
- 2. Belfox (Bourse belge des futures et options)
- 3. Le marché secondaire hors bourse des obligations linéaires, des titres scindés et des certificats de trésorerie
- 4. EASDAQ

Denmark

1. Københavns Fondsbørs
 - Equity market;
 - Bond market;
 - Derivatives market
2. Dansk Autoriseret Markedsplads A/S (Danish Authorised Market Place Ltd. (DAMP))
[authorised market place = regular trade in securities admitted for trading but not listed on stock exchange]

Finland

1. Arvopaperipörssi (Stock Exchange);
 - Päälista (Main List for equity and Debt Instruments);
 - I-, NM- ja Prelista (parallel Lists I-, NM-and pre-list for equity and debt instruments);
2. Optioyhteisö (Option Corporation).
(Derivatives exchange and clearing house).

France

1. Bourse de Paris:
 - Premier marché (official list);
 - Second marché;
 - Marché des EDR (European Depositary Receipts).
2. Nouveau marché
3. MATIFgi
4. MONEP

Germany

1. Berliner Wertpapierbörse: (Amtlicher Handel, Geregelter Markt)
2. Bremer Wertpapierbörse (Amtlicher Handel, Geregelter Markt)
3. Rheinisch-Westfälische Börse zu Düsseldorf (Amtlicher Handel, Geregelter Markt)
4. Frankfurter Wertpapierbörse (Amtlicher Handel, Geregelter Markt, Neuer Markt);
5. Eurex Deutschland
6. Hanseatische Wertpapierbörse Hamburg (Amtlicher Handel, Geregelter Markt, Start-up market)
7. Niedersächsische Börse zu Hannover (Amtlicher Handel, Geregelter Markt)
8. Bayerische Börse (Amtlicher Handel, Geregelter Markt)
9. Baden-Württembergische Wertpapierbörse (Amtlicher Handel, Geregelter Markt)

Greece

1. Athens Stock Exchange (A. S. E.)/Thessaloniki Stock Exchange Centre (T. S. E. C. = remote platform)
 - Main Market
 - Parallel Market
 - Parallel Market for Emerging Markets
 - New Market
2. Athens Derivatives Exchange (A. D. EX.)

Ireland

- Irish Stock Exchange comprising:
- Official List
 - Exploration Securities Market
 - Developing Companies Market
 - ITEQ

Italy

1. Stock Exchange, divided into the following segments:
 - Electronic share market (MTA);
 - Electronic covered warrants market (MCW);
 - After-Hours Market (TAH);
 - Electronic bond and government securities market (MOT);
 - Electronic market for Eurobonds, foreign bonds and asset-backed securities (EuroMOT);

- Electronic traditional options market (MPR);
- 2. Mercato Ristretto (second market);
- 3. Derivatives market (IDEM);
- 4. Nuovo Mercato (New Market -NM);
- 5. Italian Government Securities Derivatives Market (MIF);
- 6. Wholesale Market for Government Securities (MTS);
- 7. Wholesale Market for Corporate and International Organisations Bonds.

Luxembourg

Bourse de Luxembourg:

- Main market;
- International Bond market

Netherlands

Amsterdam Stock exchange (AEX):

- Main market
- Domestic market for unlisted securities:
- Nieuwe Markt Amsterdam

Portugal

1. Mercado de Cotações Oficiais (Official Quotation Market)
2. Segundo Mercado (Second Market)
3. Novo Mercado (New Market)
4. Mercado de Futuros e Opções (Futures and Options Market)
5. MEOG – Mercado Especial de Operações por Grosso (Special Market for Block Trading)
6. MEDIP – Mercado Especial de Dívida Pública (Special Market for Public Debt)

Spain

- A. Bolsas de Valores (all comprise first, second and new market segments)
 1. Bolsa de Valores de Barcelona;
 2. Bolsa de Valores de Bilbao;
 3. Bolsa de Valores de Madrid;
 4. Bolsa de valores de Valencia.
- B. Mercados oficiales de Productos Financieros Derivados
 1. MEFF Renta Fija;
 2. MEFF Renta Variable.
- C. Mercados FC&M de Futuros y Opciones sobre Cítricos [commodity derivatives not covered by section B annex ISD: related markets do not fall within ISD definition of “regulated market”]
- D. AIAF Mercado de Renta Fija
- E. Mercado de Deuda Pública en Anotaciones

Sweden

Chapter 19 Commodity Futures Trading Commission Part 30 exemption

SUP 19.1.1G Amend as follows:

- (a) renumber existing provision (2) as (3);
- (b) insert after a new provision (2) as follows:

"which carries on those activities from an establishment maintained by the *firm* in the *United Kingdom*;"

Appendix 2 Insurers: Scheme of operations

SUP App 2.6.1G For "*SUP* App 2.3 to App 2.6" substitute "*SUP* App 2.3 to App 2.5".

SUP App 2.7.1G For "*SUP* App 2.3 to App 2.6" substitute "*SUP* App 2.3 to App 2.5".

SUP App 2.9.1R(2) In the brackets, for "for" substitute "including".

SUP App 2.9.4R Insert the *IPRU(FSOC)* reference as "4.1".

SUP App 2.9.5G Insert the *IPRU(FSOC)* reference as "4.1".

SUP App 2.9.6G Insert *IPRU(FSOC)* reference as "4.1(2)".

SUP App 2.9.8R In row (7), before "class of insurance", add "accounting".

SUP App 2.10.1R For "*SUP* App 2.3 to App 2.6" substitute "*SUP* App 2.3 to App 2.5" and for "*SUP* 6.5" substitute "*SUP* 6.4".

SUP App 2.10.4G(7) Insert the *IPRU(INS)* reference as "11.1".

SUP App 2.11.1R(3) After "5%" add "in any one year".

SUP App 2.11.1R(4)(a) and (b) After "5%" add "in any one year".

COMPLAINTS SOURCEBOOK INSTRUMENT 2001

- A. The Financial Services Authority makes the rules and gives the guidance in this instrument (“DISP”), except those provisions which are made solely by the Financial Ombudsman Service Limited, in the exercise of the powers listed in Schedule 4 to DISP (Powers exercised).
- B. The instrument shall come into force as follows: (1) DISP 1.5.4R – DISP 1.5.7R come into force on 1 April 2002; (2) the remainder of this instrument comes into force at the beginning of the day on which section 19 of the Act (the general prohibition) of the Financial Services and Markets Act 2000 (“the Act”) comes into force.
- C. The provisions of the Act relevant to making rules and listed in Schedule 4 to DISP (Powers exercised) are specified for the purpose of section 153(2) of the Act (Rule-making instruments).
- D. This instrument may be cited as the Complaints Sourcebook Instrument 2001.
- E. This Annex to this instrument (including its Schedules) may be cited as Dispute resolution: the Complaints sourcebook (or DISP).

By order of the Board

20 September 2001

COMPLAINTS SOURCEBOOK

DISPUTE RESOLUTION: COMPLAINTS

Introduction

Access for retail consumers to mechanisms for dealing with complaints about financial services *firms* is a key part of the regulatory regime. The *Act* gives the *FSA* the power to make rules relating to the handling of complaints by *firms* and provides for the establishment of an independent dispute resolution scheme (the *Financial Ombudsman Service*) to resolve complaints about financial services *firms* quickly and with minimum formality. The body established to administer and operate this scheme (the “scheme operator”) is the Financial Ombudsman Service Limited (“*FOS Ltd*”).

This module of the *FSA Handbook* contains the rules and guidance relating to the handling of complaints by *firms* and to the operation of the *Financial Ombudsman Service*. Responsibility for the rules relating to the *Financial Ombudsman Service* is shared under the *Act* between the *FSA* and the *FOS Ltd*, with those rules and other requirements written by the *FOS Ltd* being subject to approval by, or the consent of, the *FSA*.

Under the *Act*, the *Financial Ombudsman Service* comprises two jurisdictions:

- (a) The *Compulsory Jurisdiction* covers *firms* which are required to participate in the *Financial Ombudsman Service* in respect of complaints about activities specified by the *FSA* [and *unauthorised persons* subject to the *Compulsory Jurisdiction* in relation to *relevant complaints*];
- (b) The *Voluntary Jurisdiction* can cover financial services activities not included in the *Compulsory Jurisdiction*. Both *firms* and *unauthorised firms* can participate in the *Voluntary Jurisdiction* by contractual agreement with the *FOS Ltd* (in accordance with the *Standard Terms* – see below) and are known as *VJ participants*.

Although the authority to make the rules relating to the *Compulsory Jurisdiction* and the *Voluntary Jurisdiction* derives from different sections of the *Act*, the provisions have been co-ordinated to ensure that, wherever possible, they are identical.

Chapter 1: Complaint handling procedures for firms

These rules set out the complaint handling procedures which *firms* capable of giving rise to an eligible complaint under the *Compulsory Jurisdiction* (see Chapter 2) must establish. They are made by the *FSA* under section 138 of the *Act* and paragraph 13 of Schedule 17 to the *Act*. These rules, with some exceptions, are applied to *VJ participants* by contract via the *Standard Terms* set by the *FOS Ltd* (Chapter 4).

Chapter 2: Jurisdiction rules

These rules set out the scope of the *Compulsory Jurisdiction* and the *Voluntary Jurisdiction* of the *Financial Ombudsman Service*. They specify who can refer a complaint to the *Financial Ombudsman Service* and the time limits for doing so, as well as which activities are covered by the *Compulsory Jurisdiction* and the *Voluntary Jurisdiction*. The rules also set out the territorial scope of the *Financial Ombudsman Service*. They are relevant to consumers who may wish to refer complaints to the *Financial Ombudsman Service*; to firms which are subject to the *Compulsory Jurisdiction*; to *unauthorised persons* who are subject to the *Compulsory Jurisdiction* in relation to *relevant complaints*; to *VJ participants* and to the *Ombudsman* himself. The rules relating to the scope of the *Compulsory Jurisdiction* are made by the *FSA* (under section 226 of the *Act*); the rules relating to the scope of the *Voluntary Jurisdiction* are made by the *FOS Ltd*, with *FSA* approval (under section 227). The rules relating to the time limits for referring a complaint to the *Financial Ombudsman Service* are made by the *FSA* under paragraph 13 of Schedule 17 to the *Act* and are applied to *VJ participants* by contract via the *Standard Terms* set by the *FOS Ltd*.

Chapter 3: Complaint handling procedures of the Financial Ombudsman Service

These rules apply to the *Ombudsman*, to *firms*, and to *unauthorised persons* who are subject to the *Compulsory Jurisdiction* in relation to *relevant complaints*. They are also relevant to complainants. They set out how the *FOS Ltd* and, in particular, the *Ombudsman* will handle complaints under the *Financial Ombudsman Service*. For the purposes of the *Compulsory Jurisdiction*, they comprise the scheme rules and the costs rules (made by the *FOS Ltd*, with *FSA* consent or approval, under paragraph 14 of Schedule 17 and section 230 respectively) and rules made by the *FSA* on the kinds of loss or damage that can be compensated, including the maximum amount which can be awarded (s229). These procedural rules are applied to *VJ participants* via the *Standard Terms*.

Chapter 4: The Standard Terms

The *Standard Terms* are made, with *FSA* approval, by the *FOS Ltd* under paragraph 18 of Schedule 17 to the *Act* and are the contractual terms by which *VJ participants* participate in the *Voluntary Jurisdiction*.

Appendix 1: Relevant Existing Complaints

The *Ombudsman Transitional Order*, made by HM Treasury under sections 426-428 of the *Act*, extends the scope of the *Financial Ombudsman Service* to enable it to deal with complaints about pre-commencement business where these could have been handled by a former scheme ("*relevant complaints*") and makes special provision for the handling of these complaints.

It distinguishes between:

- (a) *relevant existing complaints* (ie complaints referred to, but not determined by, a former scheme (other than the *Personal Insurance Arbitration Service*) before commencement (see article 2 of the *Ombudsman Transitional Order*); and

- (b) *relevant new complaints* (ie complaints referred to the *Financial Ombudsman Service* after *commencement* which relate to a pre-*commencement* act or omission, in respect of which the *firm* was, immediately before *commencement*, subject to a *former scheme*) (see article 3 of the *Ombudsman Transitional Order*).

The Order enables the *FOS Ltd*, with only a few exceptions, to handle *relevant new complaints* in accordance with its new procedures, as set out in *DISP* 1 to 5 and these are covered in the main body of the *DISP* rules. Except as otherwise indicated, the term "complaint" in *DISP* 1 to 5 therefore includes a *relevant new complaint*.

However, the *Ombudsman Transitional Order* makes different provision for the handling of *relevant existing complaints* (ie complaints which the *former schemes* have partly completed at *commencement*). These complaints will be passed over to the *Financial Ombudsman Service* by the *former schemes* (except the | *Personal Insurance Arbitration Service*) at *commencement* and the *Ombudsman Transitional Order* requires the *FOS Ltd* to complete the handling of these cases. However, it provides that the *Financial Ombudsman Service* must do this, in a significant number of respects, in accordance with the procedures of the relevant *former scheme*. The arrangements for dealing with these complaints are set out in *DISP* App 1. This describes the ways in which *relevant existing complaints* must be treated differently from other complaints dealt with under the *Financial Ombudsman Service*, but cross refers to the provisions in *DISP* 1 to 5, where appropriate. (*DISP* 1 explains how complaints which are partly completed by *firms* (as distinct from *former schemes*) at *commencement* are to be handled.)

Appendix 2: FSA's guidance on handling mortgage endowment complaints

DISP App 2 contains FSA's guidance to *firms* on handling mortgage endowment complaints..

Chapter 1

Complaint handling procedures for firms

1.1 Application and Purpose

Application

- 1.1.1** **R** _{/1} This chapter applies to every *firm* in respect of activities carried on from an establishment maintained by the *firm* (or its *appointed representative*) in the *United Kingdom*, except:
- (1) (a) a *firm* that is exempt under *DISP* 1.1.7R;
 - (b) a *UCITS* *qualifier*;
 - (c) an *authorised professional firm* in so far as its *non-mainstream regulated activities* are concerned; and
- (2) in relation to the *Society of Lloyd's*, *members of the Society* and *managing agents*, *DISP* 1 applies subject to *DISP* 1.7 (the *Society of Lloyd's*).
- 1.1.2** **G** _{/1} This chapter is also relevant to those who might wish to refer a complaint to the *Financial Ombudsman Service*.
- 1.1.3** **G** _{/1} *Firms* are responsible for ensuring their *appointed representatives'* compliance with *DISP* 1.
- 1.1.4** **G** _{/1} *VJ participants* are subject to *DISP* 1, except *DISP* 1.1.5R and *DISP* 1.5 (Record keeping and reporting), by contract under the *standard terms* (see *DISP* 4). *DISP* 1.2 applies to *VJ participants* only in relation to complaints about activities of the *VJ participant* specified in *DISP* 2.6.9R.
- 1.1.5** **R** _{/1} Except as otherwise specified, references to a "complaint" in this chapter include a complaint which is capable of becoming a *relevant new complaint*.
- 1.1.6** **G** _{/1} A complaint about pre-commencement investment business carried on by a *firm* which was regulated in respect of that business by a *recognised professional body* will be handled under the arrangements of that *professional body*, and is outside the scope of *DISP*.

Exemption

1.1.7 **R** ^{/1} A *firm* which does not conduct business with *eligible complainants* and has no reasonable likelihood of doing so is exempt from *DISP* 1.2 – *DISP* 1.7, if it notifies the *FSA* in writing of this fact and that notice remains current, with effect from the date that notice is received by the *FSA*.

1.1.8 **R** ^{/1} A notice under *DISP* 1.1.7R must be given:

- (1) by 28 February 2002, in which case it will remain current until 31 March 2003; or
- (2) before, or as soon as practicable after, the time of the *firm's* *authorisation* by the *FSA*, in which case it will remain current until the end of the *financial year* in which it is given; or
- (3) as soon as practicable after the *firm* ceases to conduct business with *eligible complainants*, in which case it will remain current until the end of the *financial year* in which it is given; or
- (4) in February of each *financial year* (beginning with February 2003), in which case it will remain current until the end of the next *financial year*.

1.1.9 **G** ^{/1} A notice under *DISP* 1.1.7R will be renewable every 12 *months*.

End of exemption

1.1.10 **R** ^{/1} A *firm* which is exempt under *DISP* 1.1.7R must notify the *FSA* if the conditions in *DISP* 1.1.7R no longer apply.

1.1.11 **G** ^{/1} A *firm* to which the conditions in *DISP* 1.1.7R no longer apply is subject to *DISP* 1.2 – *DISP* 1.7.

Purpose

1.1.12 **G** ^{/1} The purpose of this chapter is to set out the rules relating to the internal handling of complaints by *firms*, including the procedures which a *firm* must put in place; the time limits within which a *firm* must deal with a complaint; the records of a complaint which a *firm* must make and retain; and the requirements on a *firm* to report information about complaints to the *FSA*. This is to ensure that complaints are handled fairly, effectively and promptly, and resolved at the earliest possible opportunity, minimising the number of unresolved complaints which need to be referred to the *Financial Ombudsman Service*. This purpose is consistent with the *FSA's* consumer protection regulatory objective.

1.2 Internal complaint handling procedures: general requirements

Requirement to have internal complaint handling procedures

- 1.2.1** **R** _{/1} A *firm* must have in place and operate appropriate and effective internal complaint handling procedures (which must be written down) for handling any expression of dissatisfaction, whether oral or written, and whether justified or not, from or on behalf of an *eligible complainant* about that *firm's* provision of, or failure to provide, a financial service.
- 1.2.2** **G** _{/1} An *eligible complainant* is a *person* who would be eligible to refer a complaint to the *Financial Ombudsman Service*, as defined in *DISP* 2.4.
- 1.2.3** **G** _{/1} *Firms* are not obliged to restrict their internal complaint handling procedures to expressions of dissatisfaction from *eligible complainants*. They may, if they wish, also establish procedures for handling complaints from other customers.
- 1.2.4** **G** _{/1} The internal complaint handling procedures should provide for:
- (1) receiving complaints;
 - (2) responding to complaints;
 - (3) the appropriate investigation of complaints; and
 - (4) notifying complainants of their right to go the *Financial Ombudsman Service* where relevant.
- 1.2.5** **G** _{/1} When deciding what constitutes an appropriate complaint handling procedure (see *DISP* 1.2.1R), a *firm* should have regard to:
- (1) the type of business it undertakes;
 - (2) its size and organisational structure;
 - (3) the nature and complexity of the complaints it is likely to receive; and
 - (4) the likely number of complaints it will receive and have to investigate.
- 1.2.6** **G** _{/1} *DISP* 1.2.1R does not prevent the use of a third party administrator for the purposes of handling complaints.

1.2.7 G /1 In establishing their internal complaint handling procedures, *firms* may wish to take account of British Standard 8600:1999 “Complaints Management Systems - Guide to Design and Implementation”. This is available on request from the *FSA*.

1.2.8 G /1 The internal complaint handling procedures should enable complainants to make a complaint by any reasonable means (for example, letter, telephone, e-mail or in person).

Publicising the procedures

1.2.9 R /1 **A *firm* must:**

- (1) **refer in writing to the availability of its internal complaint handling procedures at, or immediately after, the point of sale;**
- (2) **publish details of its internal complaint handling procedures, supply a copy on request, and supply a copy automatically to the complainant when it receives a complaint (unless the complaint is resolved by close of business on the next *business day*); and**
- (3) **display in each of its branches or sales offices to which *eligible complainants* have access a notice indicating that it is covered by the *Financial Ombudsman Service*.**

1.2.10 G /1 The requirements in *DISP* 1.2.9R(1)-(3) relate to the internal complaints procedures required by *DISP* 1.2.1R.

1.2.11 G /1 In order to comply with *DISP* 1.2.9R(1), a *firm* may include reference to its complaint handling procedures in contractual documentation, for example, (where the *firm* is subject to the requirements in *COB*) in a *terms of business* letter, *key features document* or *client agreement*.

1.2.12 G /1 Where a complaint is also subject to the more detailed requirements in *DISP* 1.4 - *DISP* 1.6, the *firm* may send out a copy of its complaint handling procedures (as required by *DISP* 1.2.9R (2)) at the same time as the acknowledgement required by *DISP* 1.4.1R.

1.2.13 G /1 For the purposes of satisfying *DISP* 1.2.9R(2) a *firm* may wish to produce a leaflet which summarises its internal complaint handling procedures.

1.2.14 G /1 *Firms’* literature and correspondence relating to complaints should be in clear and plain language.

1.2.15 G /1 A *firm* may also, if it wishes to do so, disclose the fact that it is covered by the *Financial Ombudsman Service* by including the *Financial Ombudsman Service* logo in any marketing literature or correspondence directed at *eligible complainants*, provided that it does so in a way which is not misleading.

Particular matters for which procedures must make provision

1.2.16 R /1 **A *firm’s* internal complaint handling procedures under *DISP* 1.2.1R must make provision for:**

- (1) complaints to be investigated by an employee of sufficient competence who, where appropriate, was not directly involved in the matter which is the subject of the complaint;
- (2) the *person* charged with responding to complaints to have the authority to settle complaints (including the offering of redress where appropriate) or to have ready access to someone who has the necessary authority; and
- (3) responses to complaints to address adequately the subject matter of the complaint and, where a complaint is upheld, to offer appropriate redress.

Providing compensation

- 1.2.17 **R** /1 Where a *firm* decides that redress is appropriate, a *firm* must provide a complainant with fair compensation for any acts or omissions for which it was responsible and comply with any offer of redress which the complainant accepts.
- 1.2.18 **G** /1 In deciding whether or not to accept a complaint and what would be appropriate redress, *firms* may wish to consider any relevant guidance published by the FSA, the *Financial Ombudsman Service* or by any of the *former schemes*.
- 1.2.19 **G** /1 Appropriate redress will not always involve financial redress. It may, for example, simply involve an apology. Where financial redress is deemed appropriate, it may include a reasonable rate of interest.
- 1.2.20 **G** /1 *DISP* App 2 contains *guidance* to *firms* on the approach to assessing financial loss and appropriate compensation in circumstances where a *firm* regards a complaint in relation to the sale of an endowment policy (which is sold for the purposes of repaying a mortgage) as justified.

Using the procedures

- 1.2.21 **R** /1 A *firm* must take reasonable steps to ensure that all relevant employees (including employees of *appointed representatives*) are aware of the *firm's* internal complaint handling procedures and must endeavour to ensure that they act in accordance with them.
- 1.2.22 **R** /1 A *firm* must put in place appropriate management controls and take reasonable steps to ensure that in complying with *DISP* 1.2.1R it handles complaints fairly, consistently and promptly and that it identifies and remedies any recurring or systemic problems, as well as any specific problem identified by a complaint.

1.3 Internal complaint handling procedures: additional requirements

- 1.3.1** **G**_{/1} *DISP 1.4-DISP 1.6* contain additional requirements, concerning time limits, record keeping and reporting and cooperation with the *Ombudsman*, for handling complaints, unless *DISP 1.3.3R* applies.
- 1.3.2** **R**_{/1} *DISP 1.4-DISP 1.6* also apply to any complaints that are capable of becoming *relevant new complaints*, unless *DISP 1.3.3R* applies.
- 1.3.3** **R**_{/1} *DISP 1.4 – DISP 1.6* do not apply:
- (1) where the *firm* has taken reasonable steps to determine, and has determined, that the complaint:
 - (a) is not made by, or on behalf of, an *eligible complainant*; or
 - (b) does not relate to an activity of that *firm* which comes under the jurisdiction of the *Financial Ombudsman Service*; or
 - (c) does not involve an allegation that the complainant has suffered, or may suffer, financial loss, material distress or material inconvenience; or
 - (2) where the complaint has been resolved by close of business on the *business day* following its receipt.
- 1.3.4** **G**_{/1} Under the *Ombudsman Transitional Order*, a complaint received by a *firm* either before or after *commencement* is capable of becoming a *relevant new complaint*. A *firm* is expected to handle such complaints in accordance with *DISP 1*. However, where a *firm* has already received, but only partly completed the handling of, such a complaint by *commencement*, *DISP 1.4.6R* recognises that this may not always be practicable.
- 1.3.5** **G**_{/1} Financial loss includes consequential or prospective loss, in addition to actual loss. For example, a complaint may involve an allegation that the complainant may suffer financial loss which has not yet crystallised because of the type of product involved (for example, pensions, endowments etc).

1.4 Time limits for dealing with a complaint

Written acknowledgement within five business days

1.4.1 **R** ^{/1} A *firm* must send a written acknowledgement of a complaint within five *business days* of its receipt, giving the name or job title of the individual handling the complaint for the *firm* (together with details of the *firm*'s internal complaint handling procedures).

1.4.2 **G** ^{/1} A *firm* which is able to provide a *final response* within five *business days* of receipt of a complaint may combine its acknowledgement of the complaint with the *final response*. (For complaints which are subject to the FSAVC review, see *DISP* 1.4.15R to *DISP* 1.4.17G.)

1.4.3 **G** ^{/1} A *firm* should aim to resolve complaints at the earliest possible stage.

Final or holding response within four weeks

1.4.4 **R** ^{/1} A *firm* must, within four weeks of receiving a complaint, (unless *DISP* 1.4.7R or *DISP* 1.4.9R applies) send the complainant either:

- (1) a *final response*; or
- (2) a holding response, which explains why it is not yet in a position to resolve the complaint and indicates when the *firm* will make further contact (which must be within eight weeks of receipt of the complaint).

Final or other response within eight weeks

1.4.5 **R** ^{/1} A *firm* must, by the end of eight weeks after its receipt of a complaint, (unless *DISP* 1.4.7R or *DISP* 1.4.9R applies) send the complainant either:

- (1) a *final response*; or
- (2) a response which:

- (a) explains that the *firm* is still not in a position to make a *final response*, gives reasons for the further delay and indicates when it expects to be able to provide a *final response*; and
- (b) informs the complainant that he may refer the complaint to the *Financial Ombudsman Service* if he is dissatisfied with the delay and encloses a copy of the *Financial Ombudsman Service's* explanatory leaflet.

Complaints being dealt with at commencement

1.4.6

R

/1

Where, at *commencement*, a *firm* is still dealing with a complaint that is capable of being referred to the *Financial Ombudsman Service* as a *relevant new complaint*:

- (1) it may continue to try to resolve the complaint in accordance with its *pre-commencement* complaints procedures; but
- (2) it must, within eight weeks of *commencement*, send the complainant a response which satisfies *DISP 1.4.5R*, unless *DISP 1.4.7R* or *DISP 1.4.9R* applies)

Early resolution of complaints

1.4.7

R

/1

DISP 1.4.4R to *DISP 1.4.6R* do not apply if the complainant has already indicated in writing acceptance of a response by the *firm*, provided that the response informed the complainant how to pursue his complaint if he remained dissatisfied.

1.4.8

G

/1

DISP 1.4.7R recognises that a response by the *firm* will not necessarily be its *final response* but that it may, nonetheless, resolve the complaint.

Firms with two-stage complaints procedures

1.4.9

R

/1

Where, within eight weeks of receiving a complaint, the *firm* sends the complainant a written response which:

- (1) offers redress (whether or not it accepts the complaint) or rejects the complaint and gives reasons for doing so;
- (2) informs the complainant how to pursue his complaint with the *firm* if he remains dissatisfied;
- (3) refers to the ultimate availability of the *Financial Ombudsman Service* if he remains dissatisfied with the *firm's* response; and

- (4) indicates that it will regard the complaint as closed if it does not receive a reply within eight weeks;

the *firm* is not obliged to continue to comply with *DISP* 1.4.4R or *DISP* 1.4.5R unless the complainant indicates that he remains dissatisfied, in which case, the obligation to comply with *DISP* 1.4.5R resumes.

1.4.10

R

/1

If the complainant takes more than a week to reply to a written response of the kind described in *DISP* 1.4.9R, the additional time in excess of a week will not count for the purposes of the time limits in *DISP* 1.4.4R-*DISP* 1.4.6R.

1.4.11

G

/1

- (1) *DISP* 1.4.9R caters for the situation where a *firm's* complaints procedures provide for a complainant who is dissatisfied with the *firm's* response to refer the complaint back to the *firm* again or to the *firm's* head office before a *final response* is issued.
- (2) Such *firms* are subject to the time limits in *DISP* 1.4.4R to *DISP* 1.4.6R in the same way as any other *firm*. However, *DISP* 1.4.9R recognises that some complainants may never respond to a *firm* or may take a long time to do so.
- (3) Provided that the *firm* has sent a letter which complies with the conditions in *DISP* 1.4.9R within eight weeks of receiving the complaint:
- (a) if the complainant does not reply at all, the *firm* is not required to send a *final response*;
 - (b) if the complainant does not reply within eight weeks of the *firm's* letter, *DISP* 1.5.7R(3) enables the *firm* to treat the complaint as a closed complaint for the purposes of the reporting requirement in *DISP* 1.5.4R;
 - (c) if the complainant does reply (within or after eight weeks), the *firm* is required to continue to comply with *DISP* 1.4.5R, and the time limits in *DISP* 1.4.5R therefore resume. But *DISP* 1.4.10R allows the *firm* to discount, for the purposes of the time limits in *DISP* 1.4.4R to *DISP* 1.4.6R, any time in excess of a week taken by the complainant to reply.
- (4) The *FSA* expects that *firms* operating a two-stage complaints procedure will wish to provide complainants with easy access to the second stage of the process (for example, by referring complaints on to the next stage for them if they remain dissatisfied).

The final response

1.4.12

R

/1

When a *firm* sends a complainant its *final response*, the *final response* must:

- (1) inform the complainant that he may refer the complaint to the *Financial Ombudsman Service* if he is dissatisfied with the *final response* and that he must do so within six *months*; and

(2) enclose a copy of the *Financial Ombudsman Service's* explanatory leaflet (unless it has already done so under *DISP 1.4.5R(2)(b)*).

1.4.13

G

/1

Copies of the *Financial Ombudsman Service's* explanatory leaflet may be reproduced under licence or can be obtained from the *Financial Ombudsman Service*.

1.4.14

G

/1

Under *DISP 1.4.5R* and *DISP 1.4.6R*:

- (1) a complainant can refer his complaint to the *Financial Ombudsman Service* if he receives a *final response* with which he is dissatisfied or the *firm* has had at least eight weeks to resolve the complaint and has failed to do so in that time; the complainant may decide whether to give the *firm* more time before exercising any right he may have to refer a complaint to the *Financial Ombudsman Service*;
- (2) the six *month* time limit within which a complainant must refer a complaint to the *Financial Ombudsman Service* begins at the date when the *final response* is sent by the *firm*.

Complaints subject to the FSAVC review

1.4.15

R

/1

DISP 1.4.1R to *DISP 1.4.14G* and *DISP 1.5.1R* and *DISP 1.5.4R* do not apply where the complaint is subject to a review directly or indirectly under the terms of the policy statement for the review of specific categories of FSAVC business issued by the *FSA* on 28 February 2000.

1.4.16

R

/1

Where *DISP 1.4.15R* applies, the *firm* must, if the complainant remains dissatisfied on completion of that review, treat that expression of dissatisfaction as a complaint and comply with *DISP 1.4.1R-DISP 1.4.14G*, *DISP 1.5.1R* and *DISP 1.5.4R*.

1.4.17

G

/1

The effect of *DISP 1.4.15R* is to relieve the *firm* of the obligation to comply with the requirements and time limits for replying to complainants, and the record-keeping and reporting requirements in *DISP 1.5.1R* and *DISP 1.5.4R*, where a complaint is subject to the FSAVC review. However, if a complainant remains dissatisfied with the outcome of the review, *DISP 1.4.16R* requires the *firm* to treat this as a complaint and comply with these requirements just as it would in respect of any other complaint. *Firms* are therefore required to record and report such complaints only where they receive a complaint about the outcome of the review.

1.5 Record keeping and reporting

Making and retaining records of complaints

1.5.1 **R** ^{/1} A *firm* must make and retain records of complaints subject to *DISP* 1.4 – *DISP* 1.6 for a minimum period of three years from the date of its receipt of the complaint.

1.5.2 **G** ^{/1} The records required by *DISP* 1.5.1R are for the purposes of monitoring by the *FSA* and also to ensure that the *firm* is able to cooperate, as necessary, with the *Financial Ombudsman Service*. They should include:

- (1) the name of the complainant;
- (2) the substance of the complaint; and
- (3) any correspondence between the *firm* and the complainant, including details of any redress offered by the *firm*.

1.5.3 **G** ^{/1} *DISP* 4.2.3G covers record keeping by *VJ participants*.

Reporting complaints to the *FSA*

1.5.4 **R** ^{/1} A *firm* must provide the *FSA*, twice a year, with a report containing (for the relevant reporting period) information about:

- (1) the total number of complaints subject to *DISP* 1.4 – *DISP* 1.6 received by the *firm*, broken down according to the categories and in respect of each of the generic product types listed at *DISP* 1 Ann 1R which are relevant to the *firm*; and
- (2) the total number of complaints subject to *DISP* 1.4 - *DISP* 1.6 closed by the *firm*:
 - (a) within four weeks or less of receipt;
 - (b) within four to eight weeks of receipt; and
 - (c) more than eight weeks after receipt; and

(3) the total number of complaints subject to *DISP 1.4 - DISP 1.6* outstanding at the end of the reporting period.

1.5.5

G

/1

Where a complaint could fall into more than one category, the complaint should be recorded in the category which the *firm* considers to form the main part of the complaint.

1.5.6

R

/1

For the purposes of *DISP 1.5.4R*:

- (1) the relevant reporting periods are from 1 April to 30 September and from 1 October to 31 March each year; and
- (2) reports are to be submitted to the *FSA* within one *month* of the end of the relevant reporting period.

Reporting: when is a complaint closed?

1.5.7

R

/1

For the purpose of *DISP 1.5.4R(2)*, a closed complaint is a complaint:

- (1) where the *firm* has sent a *final response*; or
- (2) where the complainant has indicated in writing acceptance of the *firm's* earlier response; or
- (3) where *DISP 1.4.9R* applies, provided that the complainant has not responded to the *firm* within eight weeks of the written response referred to in that *rule*.

1.5.8

G

/1

Where a complaint is reported as closed under *DISP 1.5.7(3)* because the complainant has not replied to the *firm* within eight weeks of a written response which meets the requirements in *DISP 1.4.9R*, the *firm* may treat the date of that response as the date when the complaint was closed for the purposes of the reporting requirements in *DISP 1.5.4(2)*.

Reporting: complaints subject to the FSAVC review

1.5.9

G

/1

Where a complaint is subject to the FSAVC review, the record keeping and reporting requirements in *DISP 1.5.1R* and *DISP 1.5.4R* apply only where the complainant is dissatisfied with the outcome of that review (under *DISP 1.4.15R* and *DISP 1.4.16R*).

Method of submission of reports

1.5.10

R

/1

A report under this section must be given or addressed, and delivered, in the way set out in *SUP 16.3.6R - SUP 16.3.16G* (General provisions on reporting), except that, instead of the *firm's* usual supervisory contact, the report should be given or addressed to [to be added later].

Notification of contact point for complainants

1.5.11

R

/1

For the purpose of inclusion in the public record maintained by the *FSA*, a *firm* must provide the *FSA*, at the time of its *authorisation*, with details of a single contact point within the *firm* for complainants and must notify the *FSA* of any subsequent change.

1.5.12

G

/1

The contact point can be by name, job title or department and may include, for example, a helpline telephone number.

1.6 Cooperation by firms with the Ombudsman

1.6.1

R

/1

A *firm* must cooperate fully with the *Ombudsman* in the handling of complaints against it.

1.6.2

G

/1

Cooperation with the *Ombudsman* includes, but is not limited to, producing requested *documents*, adhering to any specified time limits, attending hearings when requested to do so and complying promptly with any settlements or awards.

1.7 The Society of Lloyd's

- 1.7.1 **R** /1 The *Society* of Lloyd's must establish and maintain appropriate and effective procedures for handling complaints by policyholders against *members* of the *Society*, which comply with *DISP* 1.
- 1.7.2 **R** /1 *Members* of the *Society* of Lloyd's must, in complying with *DISP* 1, ensure that the arrangements which the *member* maintains are compatible with the procedures maintained by the *Society* in accordance with *DISP* 1.7.1R, so that, taken as a whole, the requirements of *DISP* are met.
- 1.7.3 **R** /1 The *Society* of Lloyd's must take reasonable steps to ensure that complaints by policyholders against *members* of the *Society* are dealt with under the procedures in *DISP* 1.7.1R and that *members* comply with the requirements of those procedures.
- 1.7.4 **R** /1 A complaint by a policyholder against a *member* of the *Society* of Lloyd's may not be referred to the *Financial Ombudsman Service* until after the internal procedures in *DISP* 1.7.1R have been completed or until after the end of eight weeks from receipt of the complaint, whichever is the earlier.
- 1.7.5 **R** /1 Notices under *DISP* 1.1.7R must be given to the *FSA* by the *Society* of Lloyd's on behalf of any *member* eligible for an exemption under that *rule*.
- 1.7.6 **R** /1 The *Society* of Lloyd's must notify the *FSA* if the conditions in *DISP* 1.1.7R no longer apply to a *member* who is exempt.
- 1.7.7 **R** /1 The report in *DISP* 1.5.4R must be provided by the *Society* of Lloyd's and must cover all complaints by policyholders against *members* falling with the scope of *DISP* 1.5.4R.
- 1.7.8 **G** /1 Each *member* of the *Society* of Lloyd's is individually subject to the *rules* in *DISP* 1 as a result of the *insurance market direction* given in *LLD* 6.2.1D under section 316 of the *Act* (Direction by Authority).
- 1.7.9 **G** /1 However, the *Society* of Lloyd's operates a two-tier internal complaints handling procedure, currently set out in the "Code for Underwriting agents: UK Personal Lines Claims and Complaints Handling". Under this procedure, complaints by policyholders against *members* of the *Society* are considered by the *managing agent* and then, if necessary, by the *Society* of Lloyd's in-house Complaints Department.

This procedure (and any procedure that may replace it) will be subject to the requirements in *DISP* 1.

1.7.10

G
/1

Members will individually comply with *DISP* 1 if and only if all complaints by policyholders against *members* are dealt with under the internal procedure established by the *Society* of Lloyd's for handling those complaints, provided that this procedure complies with *DISP*. Accordingly, certain of the obligations under *DISP* 1, for example the obligation to report on complaints received and the obligation to pay fees under *DISP* 5, must be complied with by the *Society* on behalf of *members*. *Managing agents* will not have to make a separate report to the *FSA* on complaints reported under *DISP* 1.7.7R.

1.7.11

R
/1

A members' adviser must establish and maintain effective arrangements for handling any complaint from a member of the Society of Lloyd's regarding advice given to the member in connection with the acquiring or disposing of syndicate participation.

1.7.12

G
/1

Complaints from *members* of the *Society* of Lloyd's regarding the activities of *members' advisers*, which cannot be resolved by the *members' adviser*, cannot be referred to the *Financial Ombudsman Service*. (See *LLD* (the Lloyd's sourcebook), for further information concerning complaints by *members* of the *Society* of Lloyd's.)

DISP 1 Ann 1R

Table

DISP 1 Ann 1R (see DISP 1.5.4R)
Complaint Categories

Firms are required to report the total number of complaints subject to DISP 1.4-1.6 received in respect of each of the generic product types listed, according to the categories below.

Generic Product Type*	
-----------------------	--

Category	Total Number of Complaints	
	Private Individual	Small Businesses
Overcharging/incorrect charges		
Delay		
Other administrative errors		
Unsuitable or misleading advice		
Failure to carry out instructions		
Poor customer service		
Misleading advertising/product information		
Disputes over sums/amounts payable		
Switching/Churning (wrong advice to surrender one investment and take out another)		
Breach of customer agreement or contract		
Other

Chapter 2

2

Jurisdiction of the Financial Ombudsman Service

2.1 Application and Purpose

Application

- 2.1.1** **R** _{/1} This chapter applies to the *Ombudsman*, to *firms* (except *UCITS qualifiers*) and to *VJ participants*.
- 2.1.2** **G** _{/1} It is also relevant to those who might wish to refer a complaint to the *Financial Ombudsman Service*.
- 2.1.3** **R** _{/1} A reference in this chapter to a "complaint" under the *Compulsory Jurisdiction* includes a *relevant new complaint*.
- 2.1.4** **G** _{/1} References in this chapter to "*firms*" are to be construed, where relevant, as including:
- (1) in accordance with the *Ombudsman Transitional Order*, *unauthorised persons* subject to the *Compulsory Jurisdiction* in relation to *relevant complaints*; and
 - (2) as a result of section 226 of the *Act*, *unauthorised persons* who were formerly *firms* in respect of complaints about acts or omissions which occurred at the time when they were *authorised*, provided that the *Compulsory Jurisdiction* rules were in force in relation to the activity in question.

Purpose

- 2.1.5** **G** _{/1} The purpose of this chapter is to set out the rules which govern the scope of both the *Compulsory Jurisdiction* and the *Voluntary Jurisdiction* of the *Financial Ombudsman Service*. They specify who may refer a complaint to the *Financial Ombudsman Service* and the time limits for doing so. They also set out which activities are covered by the *Compulsory Jurisdiction* and the *Voluntary Jurisdiction* and the territorial scope of the *Financial Ombudsman Service*.

2.2 Which complaints can be dealt with under the Financial Ombudsman Service?

Complaints (other than relevant new complaints)

2.2.1

G
/1

The following conditions will need to be satisfied before a complaint (other than a *relevant new complaint*) can be dealt with under the *Financial Ombudsman Service*:

- (1) the complainant must be an *eligible complainant* (see *DISP* 2.4);
- (2) the *firm* or *VJ participant* about which the complaint is made must be one which is subject to either the *Compulsory Jurisdiction* or the *Voluntary Jurisdiction*, as appropriate;
- (3) the activity to which the complaint relates must be subject to either the *Compulsory Jurisdiction* or the *Voluntary Jurisdiction*, as appropriate;
- (4) in relation to the *Compulsory Jurisdiction*, the act or omission complained of must have occurred at a time when the *rules* in *DISP* 2 were in force, in relation to the activity being complained about;
- (5) the *firm* or *VJ participant* must have failed to resolve the complaint to the satisfaction of the complainant within eight weeks of receiving it; and
- (6) the *firm* or *VJ participant* about which the complaint is made must:
 - (a) in the case of the *Compulsory Jurisdiction*, have been *authorised* under the *Act* at the time of the act or omission to which the complaint relates; or
 - (b) in the case of the *Voluntary Jurisdiction*, have been a *VJ participant* at the time of the act or omission to which the complaint relates or have agreed to let the *Financial Ombudsman Service* consider such complaints, and must not have withdrawn from being a *VJ participant* at the time when the complaint is referred to the *Financial Ombudsman Service*.

Relevant new complaints

2.2.2

G
/1

- (1) Article 3 of the *Ombudsman Transitional Order* provides that (subject to certain modifications) the *Compulsory Jurisdiction* applies to a *relevant new complaint*, provided that:
 - (a) the act or omission is that of a *person* who was, immediately before *commencement*, subject to a *former scheme*;

- (b) the act or omission occurred in the carrying on by that *person* of an activity to which that *former scheme* applied; and
 - (c) the complainant is eligible and wishes to have the complaint dealt with under the new scheme.
- (2) For the purposes of (1)(c), the *Ombudsman Transitional Order* enables the *Ombudsman*, if he considers it appropriate, to treat the complainant as eligible if he would have been entitled to refer an equivalent complaint to the *former scheme* in question immediately before *commencement*.
- (3) The *Ombudsman Transitional Order* enables *relevant new complaints* to be handled, as far as possible, under the *Financial Ombudsman Service* procedures, but provides for the rules of the *former schemes* to apply or be taken into account in certain circumstances.
- (4) The *Ombudsman Transitional Order* makes separate provision for the treatment of *relevant existing complaints*, as described in *DISP* App 1.

Dismissal of complaints without consideration of the merits

2.2.3

G
/1

Under *DISP* 3.3.1R(1), the *Ombudsman* may dismiss a complaint without considering its merits if he is satisfied that the complainant has not suffered, or is unlikely to suffer, financial loss, material distress or material inconvenience.

2.3 Time Limits for referral of complaints to the Financial Ombudsman Service

2.3.1

R
/1

- (1) The *Ombudsman* cannot consider a complaint (except as described in (2)) if the complainant refers it to the *Financial Ombudsman Service*:
 - (a) less than eight weeks after receipt of the complaint by the *firm* or *VJ participant*, unless the *firm* or *VJ participant* has already sent the complainant its *final response*; or
 - (b) more than six *months* after the date on which the complainant is advised by the *firm* or *VJ participant* in its *final response* that he may refer his complaint to the *Financial Ombudsman Service*; or
 - (c) more than six years after the event complained of or (if later) more than three years from the date on which he became aware (or ought reasonably to have become aware) that he had cause for complaint (but see *DISP 2.3.5R*).
- (2) The *Ombudsman* can consider complaints outside the time limits in (1)(b) or (c) when, in his view, the failure to comply with the time limits was as a result of exceptional circumstances or where he is required to do so by the *Ombudsman Transitional Order* (see *DISP 2.3.2G*).

2.3.2

G
/1

In relation to *DISP 2.3.1R* (1)(b) and (c), article 4(2) of the *Ombudsman Transitional Order* requires an *Ombudsman* to extend the time limit in respect of a *relevant new complaint* referred to the *Financial Ombudsman Service* not later than twelve *months* after *commencement*, so the time limit applying to the complaint is the same as that which would have applied under the *former scheme* in question as it had effect immediately before *commencement*.

2.3.3

G
/1

For the purposes of *DISP 2.3.1R*(2), an example of an exceptional circumstance might be where the complainant has been or is incapacitated or where the *firm* or *VJ participant* has failed, in its *final response*, to inform the complainant that he may refer his complaint to the *Financial Ombudsman Service* or that he must do so within six *months*.

2.3.4

G
/1

Under *DISP 5.6.1R* a *firm* or *VJ participant* is liable to pay a case fee in respect of *chargeable cases*. However, in some circumstances, the *Ombudsman* may conclude that a *firm* or *VJ participant* should have more time to resolve a complaint before a case fee is incurred (for example, where there has been delay in obtaining information from third parties or where the *Ombudsman* considers that the

complainant has not fully cooperated with the *firm* or *VJ participant* in the investigation of the complaint).

Exceptions for reviews of past business

2.3.5

R

/1

DISP 2.3.1R(1)(c) does not apply where:

- (1) the time limit has been extended under a scheme for review of past business approved by the Treasury under section 404 of the *Act* (Schemes for reviewing past business); or
- (2) the complaint concerns a contract or policy which is the subject of a review directly or indirectly under:
 - (a) the terms of the Statement of Policy on 'Pension transfers and Opt-outs' issued by the *FSA* on 25 October 1994; or
 - (b) the terms of the policy statement for the review of specific categories of *FSAVC* business issued by the *FSA* on 28 February 2000.

2.4 Who can refer a complaint to the Financial Ombudsman Service?

2.4.1 **R** /1 A complaint may be dealt with under the *Financial Ombudsman Service* only if it is brought by or on behalf of an *eligible complainant*.

2.4.2 **G** /1 *Eligible complainants* are those falling within one of the classes of *person* specified in *DISP* 2.4.3R; and

- (1) having a customer or potential customer relationship with a *firm* or *VJ participant* (as specified in *DISP* 2.4.7R and *DISP* 2.4.8R); or
- (2) having an indirect relationship with a *firm* or *VJ participant* (as specified in *DISP* 2.4.10R);

or, in relation to *relevant complaints*, those specified in the *Ombudsman Transitional Order* (see *DISP* 2.4.14G and *DISP* 2.4.15G and *DISP* App 1.3.1G).

Classes of person

2.4.3 **R** /1 (1) Subject to (2), a *person* is an *eligible complainant* if he is:

- (a) a private individual; or
- (b) a business, which has a group annual turnover of less than £1million at the time the complainant refers the complaint to the *firm* or *VJ participant*; or
- (c) a charity which has an annual income of less than £1million at the time the complainant refers the complaint to the *firm* or *VJ participant*; or
- (d) a trustee of a trust which has a net asset value of less than £1million at the time the complainant refers the complaint to the *firm* or *VJ participant*;

who satisfies the relevant criteria in *DISP* 2.4.7R – *DISP* 2.4.12R, and is not within (2).

(2) The following are not *eligible complainants*:

- (a) an individual, business, charity or trustee, who was an *intermediate customer* or *market counterparty* in relation to the *firm* in question at the time of the act or omission, and in respect of the activity, which is the subject of the complaint;
- (b) a *firm* or *VJ participant* whose complaint relates in any way to an activity which the *firm* itself has *permission* to carry on or which the *VJ participant* itself conducts, and which is subject to the *Compulsory Jurisdiction* or the *Voluntary Jurisdiction* of the *Financial Ombudsman Service*.

2.4.4 **G**_{/1} For the purposes of *DISP* 2, a business includes a *sole trader*, a *company*, an unincorporated body and a *partnership* carrying on any trade or profession.

2.4.5 **G**_{/1} If a *firm* or *VJ participant* is in any doubt about the eligibility of a business, charity or trust, it should treat the complainant as if it were eligible. If the complaint is referred to the *Financial Ombudsman Service*, the *Ombudsman* will determine eligibility by reference to appropriate evidence, such as audited accounts or VAT returns.

2.4.6 **G**_{/1} For the purposes of *DISP* 2.4.3R(1)(b), a subsidiary of a corporate group (as defined in section 262(1) of the Companies Act 1985) will be eligible only where the corporate group as a whole meets the turnover test.

Eligible complainants: customers

2.4.7 **R**_{/1} A *person* is an *eligible complainant* if:

- (1) he is or has been a customer of a *firm* or *VJ participant*;
- (2) the complaint arises out of matters relevant to his being or having been a customer of the *firm* or *VJ participant*; and
- (3) he falls into one of the classes of *person* in *DISP* 2.4.3R(1).

Eligible complainants: potential customers

2.4.8 **R**_{/1} A *person* is an *eligible complainant* if:

- (1) the complaint arises out of a *firm's* or *VJ participant's* actions or failure to act for the complainant in his capacity as a potential customer of the *firm* or *VJ participant*; and
- (2) he falls into one of the classes of *person* in *DISP* 2.4.3R(1).

2.4.9 **G**_{/1} *DISP* 2.4.8R is intended to enable a potential customer to use the *Financial Ombudsman Service* where the complaint involves an allegation that he has suffered or may suffer financial loss, material distress or material inconvenience as a result of a *firm's* or *VJ participant's* wrongful act or omission (for example, where, as a result of maladministration or illegal discrimination, a service has not been provided). A complaint about the legitimate exercise of a *firm's* or *VJ participant's* commercial

judgment may be dismissed by an *Ombudsman* without consideration of its merits under *DISP* 3.3.1R(11).

Eligible complainants: indirect complaints

2.4.10

R

/1

A *person* is an *eligible complainant* if:

- (1) he is not, and has not been, a customer or potential customer of the *firm* or *VJ participant* in relation to the subject matter of the complaint; and
- (2) he has a complaint against the *firm* or *VJ participant* which either:
 - (a) arises out of a relationship which he has with the *firm* or *VJ participant* as described in *DISP* 2.4.11R; or
 - (b) is derived from another *person* and which arises from any of the circumstances described in *DISP* 2.4.12R; and
- (3) he falls into one of the classes of *persons* in *DISP* 2.4.3R(1).

2.4.11

R

/1

The relationships with the *firm* or *VJ participant* relevant for *DISP* 2.4.10R(2)(a) are:

- (1) the complainant has given the *firm* or *VJ participant* a guarantee or security for a mortgage or loan; or
- (2) the complainant has relied in the course of his business on a cheque guarantee card issued by the *firm* or *VJ participant*; or
- (3) the complainant is the true owner or the *person* entitled to immediate possession of a cheque, or of the funds it represents, collected by the *firm* or *VJ participant* for someone else's account; or
- (4) the complainant is the recipient of a banker's reference given by the *firm* or *VJ participant*; or
- (5) the complainant is the holder of *units* in a *collective investment scheme* and the *firm* or *VJ participant* is the *operator* or *depository* of the *scheme*.

2.4.12

R

/1

The circumstances relevant for *DISP* 2.4.10R(2)(b) are:

- (1) that the complainant is a beneficiary under a trust or estate of which the *firm* or *VJ participant* is trustee or personal representative; or
- (2) that the complainant is a *person* for whose benefit a *contract of insurance* was taken out or was intended to be taken out; or

(3) that the complainant is a *person* on whom the legal right to benefit from a claim under a *contract of insurance* has been devolved by contract, statute or subrogation.

2.4.13

G
/1

DISP 2.4.12R(2) and(3) include, for example, employees covered by a group permanent health policy taken out by an employer, which provides in the insurance contract that the policy was taken out for the benefit of the employee.

2.4.14

G
/1

In respect of a *relevant new complaint*, where the complainant is not eligible in accordance with DISP 2.4, article 3(3) of the *Ombudsman Transitional Order* provides that the *Ombudsman* may, nonetheless, if he considers it appropriate, treat the complainant as an *eligible complainant* if he or she would have been entitled to refer an equivalent complaint to the *former scheme* in question immediately before *commencement*, provided that the complainant wishes to have the complaint dealt with under the new scheme.

2.4.15

G
/1

Article 3(4) of the *Ombudsman Transitional Order* provides that, in the case of a *relevant new complaint*, where the *former scheme* in question is the *Insurance Ombudsman Scheme*, a complainant is not to be treated as an *eligible complainant* unless:

- (1) he is an individual; and
- (2) the complaint does not concern aspects of a policy relating to a business or trade carried on by him.

Representatives of eligible complainants

2.4.16

R
/1

A complaint may be brought on behalf of an *eligible complainant*, or a deceased *person* who would have been an *eligible complainant*, by a *person* authorised by the *eligible complainant* or authorised by law.

2.4.17

R
/1

It is immaterial whether the *person* authorised to act on behalf of an *eligible complainant* under DISP 2.4.16R:

- (1) can satisfy any of the criteria applicable to the *person* under DISP 2.4.3R(1); or
- (2) has a claim of his own, or is acting for another *person* against the *firm* or *VJ participant*; or
- (3) is or was a customer or potential customer of the *firm* or *VJ participant*.

2.5 Which firms are subject to the jurisdiction of the Financial Ombudsman Service?

- 2.5.1** G_{/1} All *firms* are subject to the *Compulsory Jurisdiction* of the *Financial Ombudsman Service*. *VJ participants* are subject to the *Voluntary Jurisdiction* and to *DISP 2* to the extent specified in the *standard terms (DISP 4)*.
- 2.5.2** G_{/1} *Firms* may, however, be exempt from the requirements of *DISP 1* (Complaint handling procedures for firms) and *DISP 5 (Financial Ombudsman Service funding rules)*, if they qualify under *DISP 1.1.7R (Exemption)*.
- 2.5.3** G_{/1} *Members* of the *Society of Lloyd’s* are treated as *firms* for the purposes of the *Compulsory Jurisdiction* (including the *rules* in *DISP 1* relating to *firms’* complaints procedures) and are subject to *DISP 1* as a result of the *insurance market direction* given in *LLD 6.2.1D*, under section 316 of the *Act* (Direction by Authority). However, as set out in *DISP 1.7*, *members* will individually comply with *DISP 1* if and only if all complaints by policyholders against *members* are dealt with under the internal procedures established by the *Society of Lloyd’s* for handling those complaints, provided that these procedures themselves comply with *DISP 1*. Accordingly, certain of the obligations under *DISP 1*, for example, the obligation to report on complaints received, must be complied with by the *Society* on behalf of *members*.

2.6 To which activities do the rules apply?

The Compulsory Jurisdiction

2.6.1

R

/1

The *Ombudsman* can consider a complaint under the *Compulsory Jurisdiction* only if it relates to an act or omission by a *firm* in the carrying on of one or more of the following activities (unless the provision described in DISP 2.6.3G applies):

- (1) *regulated activities*;
 - (2) lending money secured by a charge on land;
 - (3) lending money (other than *restricted credit*);
 - (4) paying money by a *plastic card* (other than a *store card*);
 - (5) the provision of ancillary banking services (see DISP 2.6.6G);
- or activities ancillary to them (see DISP 2.6.2R).

2.6.2

R

/1

The activities in DISP 2.6.1R include any ancillary activities, including advice, provided by the *firm* in connection with those activities.

2.6.3

G

/1

Under article 3 of the *Ombudsman Transitional Order*, the *Ombudsman* can also consider a *relevant new complaint* under the *Compulsory Jurisdiction* where it relates to an act or omission of a *firm* which was, immediately before *commencement*, subject to a *former scheme*, provided that:

- (1) the act or omission occurred in the carrying on by that *firm* of an activity to which that *former scheme* applied; and
- (2) the complainant is eligible and wishes to have the complaint dealt with under the new scheme.

2.6.4

G

/1

The carrying on of an activity in DISP 2.6.1R includes offering, providing or failing to provide and administering or failing to administer a service in relation to the activities covered by that rule. This includes the manner in which a *firm* has administered its business, provided that the business is an activity subject to the jurisdiction of the *Financial Ombudsman Service*.

- 2.6.5 G_{/1} Complaints about acts or omissions by a *firm* include complaints about acts or omissions in respect of activities for which the *firm* is responsible (that is the activities of their *appointed representatives*).
- 2.6.6 G_{/1} For the purposes of *DISP* 2.6.1R(5), ancillary banking services include, for example, the provision and operation of cash machines and safe deposit boxes.
- 2.6.7 R_{/1} A complaint about an *authorised professional firm* cannot be handled under the *Compulsory Jurisdiction* of the *Financial Ombudsman Service* if it relates solely to a *non-mainstream regulated activity* and can be handled by a *designated professional body*.
- 2.6.8 G_{/1} A complaint about a *non-mainstream regulated activity* conducted by an *authorised professional firm* will be handled by the relevant *professional body*.

The Voluntary Jurisdiction

- 2.6.9 R_{/1} The *Ombudsman* can consider a complaint under the *Voluntary Jurisdiction* only if it is not covered by the *Compulsory Jurisdiction* and it relates to an act or omission in the carrying on of one or more of the following activities by a *VJ participant*:
 - (1) lending money secured by a charge over land;
 - (2) a financial services activity carried on after *commencement* and which had been covered by a *former scheme* in so far as the *VJ participant* was a member of that *former scheme*, in respect of that activity, immediately before the *commencement day*;

or an activity ancillary to it (see *DISP* 2.6.11R).
- 2.6.10 G_{/1} *DISP* 2.6.9R(2) enables complaints about *VJ participants* which, immediately before the *commencement day*, were members of one of the *former schemes* replaced by the *Financial Ombudsman Service* to be dealt with under the *Voluntary Jurisdiction*. This is in respect of the financial services activities for which the *VJ participant* was previously covered but excludes complaints which fall into the *Compulsory Jurisdiction* as *relevant complaints*. So the complaints which are covered by *DISP* 2.6.9R(2) are only those which arise out of acts or omissions occurring after the *commencement day*.
- 2.6.11 R_{/1} The activities in *DISP* 2.6.9R include any ancillary activities, including advice, provided by the *VJ participant* in connection with those activities.
- 2.6.12 R_{/1} A complaint subject to these rules which is not covered by the *Compulsory Jurisdiction* can be considered by the *Ombudsman* even though it relates to an act or omission that occurred before the *VJ participant* was participating in the *Financial Ombudsman Service*, and whether the act or omission occurred before or after the *commencement day*, either:

2.6.13

G
/1

- (1) if the complaint could have been dealt with under a *former scheme*; or
- (2) as a consequence of the agreement of the *VJ participant* in *DISP 4.2.5R*.

The provisions of *DISP 2.6.12R* are made under the power in section 227(13) of the *Act*. The section allows for a complaint relating to an act or omission occurring either before *commencement* or before the *VJ participant* joined the *Voluntary Jurisdiction* (or both) to be dealt with under the *Financial Ombudsman Service* provided the *VJ participant* agrees. The act or omission must, however, be one which could have been dealt with under a *former scheme*. Where complaints in this category are not already covered by the *Compulsory Jurisdiction* as *relevant complaints*, they can, therefore, be included in the *Voluntary Jurisdiction* under *DISP 2.6.12R*.

2.7 The territorial scope of the jurisdiction of the Financial Ombudsman Service

- 2.7.1 **R**_{/1} The territorial scope of the jurisdiction of the *Financial Ombudsman Service* covers complaints about the activities of a *firm*, an *appointed representative* or a *VJ participant* carried on from an establishment in the *United Kingdom*.
- 2.7.2 **G**_{/1} The territorial scope therefore covers *firms* (including *appointed representatives*) or *VJ participants* operating from a permanent place of business in the *United Kingdom*, including *incoming EEA firms* and *incoming Treaty firms* which qualify for *authorisation* under Schedule 3 (*EEA Passport Rights*) or Schedule 4 (*Treaty rights*) to the *Act*.
- 2.7.3 **G**_{/1} Complaints which concern business conducted by branches of *firms* or *VJ participants* outside the *United Kingdom* or by *EEA firms* operating in the *United Kingdom* on a services basis from outside the *United Kingdom* are not subject to the *Compulsory Jurisdiction* or the *Voluntary Jurisdiction* of the *Financial Ombudsman Service*.
- 2.7.4 **G**_{/1} A complaint can be dealt with under the *Financial Ombudsman Service* irrespective of whether the complainant lives or is based in the *United Kingdom*.

Chapter 3

Complaint handling procedures of the Financial Ombudsman Service

3.1 Application and Purpose

Application

- 3.1.1** **R** This chapter applies to the *Ombudsman* and to *firms*.
/1
- 3.1.2** **G** It is also relevant to those who might wish to refer a complaint to the *Financial Ombudsman Service*.
/1
- 3.1.3** **G** *VJ participants* are subject to the rules in this chapter by contract under the *standard terms* (see *DISP* 4).
/1
- 3.1.4** **R** Except as otherwise specified, references in this chapter to a "complaint" include a *relevant new complaint*.
/1
- 3.1.5** **G** References in this chapter to "*firms*" are to be construed, where relevant, as including:
/1
- (1) in accordance with the *Ombudsman Transitional Order*, *unauthorised persons* subject to the *Compulsory Jurisdiction* in relation to *relevant complaints*; and
 - (2) as a result of section 226 of the *Act*, *unauthorised persons* who were formerly *firms* in respect of complaints about acts or omissions which occurred at the time when they were *firms*, provided that the *Compulsory Jurisdiction* rules were in force in relation to the activity in question.
- 3.1.6** **G** The *Ombudsman Transitional Order* provides, with some exceptions (see *DISP* 2.2.2G (scope of *Compulsory Jurisdiction*), *DISP* 2.3.2G (time limits), *DISP* 2.4.14G and *DISP* 2.4.15G (*eligible complainant*) and *DISP* 3.8.2G (determinations), for *relevant new complaints* to be determined in accordance with the requirements of the *Financial Ombudsman Service*.
/1

Purpose

- 3.1.7** **G** The purpose of this chapter is to set out the way in which the *Financial Ombudsman Service* and, in particular, the *Ombudsman*, will operate to ensure that complaints may be resolved quickly and with minimum formality. It sets out the procedures for the investigation and consideration of complaints, including the circumstances in which a complaint may be terminated without consideration of its merits; the evidence which may be required or admitted; the provisions for fixing and extending time limits for different aspects of the proceedings; the factors which the *Ombudsman* will take into account in determining what is fair and reasonable;
/1

the types of loss or damage for which the *Ombudsman* can award compensation; the limits on awards and the costs that can be awarded.

3.2 The investigation and consideration of complaints by the Ombudsman

- 3.2.1** **R** /1 On receipt of a complaint (and subsequently if necessary) the *Ombudsman* must have regard to the following matters:
- (1) whether or not the complaint meets the criteria in *DISP 2.2* (Which complaints can be dealt with under the *Financial Ombudsman Service*?);
 - (2) whether or not the complaint is within the time limits in *DISP 2.3* (Time limits for referral of complaints to the *Financial Ombudsman Service*);
 - (3) whether or not the complainant is an *eligible complainant*; and
 - (4) whether or not the complaint is one which should be dismissed without consideration of its merits under *DISP 3.3* (Dismissal of complaints without consideration of the merits).
- 3.2.2** **G** /1 In the case of *relevant new complaints*, the *Ombudsman* will take account of the relevant criteria under the *Ombudsman Transitional Order*, referred to in *DISP 2.2.2G*, and will extend the time limits in *DISP 2.3*, as required under article 4(2) of the *Ombudsman Transitional Order* and described in *DISP 2.3.2G*.
- 3.2.3** **R** /1 Where the *firm* has not had the eight weeks provided for under *DISP 1.4.5R* to consider the complaint, the *Ombudsman* will refer the complaint to the *firm*, unless the *firm* has already issued a *final response*.
- 3.2.4** **R** /1 Where a *firm* fails to send a complainant a *final response* by the end of eight weeks, the *Ombudsman* may consider the complaint.
- 3.2.5** **R** /1 Where the *Ombudsman* considers that the complaint or the complainant may be ineligible under the jurisdiction rules (see *DISP 2* (Jurisdiction of the *Financial Ombudsman Service*)) he must give the complainant an opportunity to make representations before he reaches his decision and he must give reasons to the complainant for that decision and inform the *firm* of his decision.
- 3.2.6** **G** /1 *DISP 3.2.5R* applies without prejudice to a *firm*'s right to raise the issue of eligibility subsequently.

- 3.2.7 **R**_{/1} Where the *firm* disputes the eligibility of the complaint or the complainant, the *Ombudsman* must give the parties an opportunity to make representations before he reaches his decision and he must give reasons to the parties for that decision.
- 3.2.8 **R**_{/1} Where the *Ombudsman* considers that the complaint may be one which should be dismissed without consideration of its merits, under *DISP* 3.3 (Dismissal of complaints without consideration of the merits), he must give the complainant an opportunity to make representations before he makes his decision. If he then decides that the complaint should be dismissed, he must give reasons to the complainant for that decision and inform the *firm* of that decision.
- 3.2.9 **R**_{/1} Where the *Ombudsman* considers that both the complaint and the complainant are eligible and that there is a reasonable prospect of resolving the complaint by mediation, he may attempt to negotiate a settlement between the parties.
- 3.2.10 **G**_{/1} The *Ombudsman* will attempt to resolve complaints at the earliest possible stage and by whatever means appear to him to be most appropriate, including mediation or investigation.
- 3.2.11 **R**_{/1} If the *Ombudsman* decides that an investigation is necessary, he will:

 - (1) during the investigation, give both parties an opportunity of making representations;
 - (2) send to the parties a provisional assessment, setting out his reasons and a time limit within which either party must respond; and
 - (3) if either party indicates disagreement with the provisional assessment within the time limit prescribed in *DISP* 3.2.11R(2), proceed to determination (see *DISP* 3.8 (Determination by the *Ombudsman*)).
- 3.2.12 **R**_{/1} The parties will be informed of their right to make representations before the *Ombudsman* makes a determination. If he considers that the complaint can be fairly determined without convening a hearing, he will determine the complaint. If not, he will invite the parties to attend a hearing. No hearing will be held after the *Ombudsman* has determined the complaint.
- 3.2.13 **R**_{/1} A party who wishes to request a hearing must do so in writing, setting out the issues he wishes to raise and (if appropriate) any reasons why he considers the hearing should be in private, so that the *Ombudsman* may consider whether the issues are material, whether a hearing should take place and, if so, whether it should be held in public or private.

3.2.14

G
/1

In deciding if there should be a hearing and, if so, whether it should be in public or private, the *Ombudsman* will have regard to the provisions of the European Convention on Human Rights.

3.3 Dismissal of complaints without consideration of the merits

3.3.1

R

^{/1}

The *Ombudsman* may dismiss a complaint without considering its merits if he:

- (1) is satisfied that the complainant has not suffered, or is unlikely to suffer, financial loss, material distress or material inconvenience; or
- (2) considers the complaint to be frivolous or vexatious; or
- (3) considers that the complaint clearly does not have any reasonable prospect of success; or
- (4) is satisfied that the *firm* has already made an offer of compensation which is fair and reasonable in relation to the circumstances alleged by the complainant and which is still open for acceptance; or
- (5) is satisfied that the complaint relates to a transaction which the *firm* in question has reviewed in accordance with the regulatory standards for the review of such transactions prevailing at the time of the review, or in accordance with the terms of a scheme order under section 404 of the *Act* (Schemes for reviewing past business), including, if appropriate, making an offer of redress to the complainant, unless he is of the opinion that the standards or terms of the scheme order did not address the particular circumstances of the case; or
- (6) is satisfied that the matter has previously been considered or excluded under the *Financial Ombudsman Service*, or a *former scheme* (unless material new evidence likely to affect the outcome has subsequently become available); or
- (7) is satisfied that the matter has been dealt with, or is being dealt with, by a comparable independent complaints scheme or dispute resolution process; or
- (8) is satisfied that the subject matter of the complaint has been the subject of court proceedings where there has been a decision on the merits; or

- (9) is satisfied that the subject matter of the complaint is the subject of current court proceedings unless proceedings are stayed or sisted (by agreement of all parties or order of the court) in order that the matter may be considered under the *Financial Ombudsman Service*; or
- (10) considers that it would be more suitable for the matter to be dealt with by a court, arbitration or another complaints scheme; or
- (11) is satisfied that it is a complaint about the legitimate exercise of a *firm's* commercial judgment; or
- (12) is satisfied that it is a complaint about employment matters from an employee or employees of a *firm*; or
- (13) is satisfied that it is a complaint about investment performance; or
- (14) is satisfied that it is a complaint about a *firm's* decision when exercising a discretion under a will or private trust; or
- (15) is satisfied that it is a complaint about a *firm's* failure to consult beneficiaries before exercising a discretion under a will or private trust, where there is no legal obligation to consult; or
- (16) is satisfied that a complaint which involves or might involve more than one *eligible complainant* has been referred without the consent of the other complainant or complainants and the *Ombudsman* considers that it would be inappropriate to deal with the complaint without that consent; or
- (17) is satisfied that there are other compelling reasons why it is inappropriate for the complaint to be dealt with under the *Financial Ombudsman Service*.

3.3.2 G_{/1} Under article 5(2)(c) of the *Ombudsman Transitional Order*, the *Ombudsman*, in deciding whether a *relevant complaint* is to be dismissed without consideration of its merits, is to take into account whether an equivalent complaint would have been so dismissed under the *former scheme* in question, as it had effect immediately before *commencement*.

3.3.3 G_{/1} For the purposes of *DISP* 3.3.1R(4), offers of compensation include ex gratia payments.

3.3.4 G_{/1} In *DISP* 3.3.1R(5) the transaction could, for example, be a pension transaction which has been reviewed by the *firm* in accordance with the relevant regulatory standards. The *Ombudsman* may decide not to proceed with a complaint about the result of that review unless he considers that the standards or guidance published by the regulator did not address the particular circumstances of the case.

3.3.5 G_{/1} When deciding if it would be suitable for a complaint to be dealt with outside the *Financial Ombudsman Service* (*DISP* 3.3.1R(10)), the *Ombudsman* may consider whether, in view of a conflict of evidence, a fair resolution of the complaint could be achieved only through examination of the evidence by the courts.

3.3.6

G

/1

The *Ombudsman* may decide to proceed with a complaint which would otherwise be dismissed under *DISP* 3.3.1R(13), (14) or (15) if he considers that the complaint involves an allegation of negligence or maladministration.

3.4 Referral of a complaint to another complaints scheme for determination

3.4.1

R

/1

The *Ombudsman* may refer a complaint to another complaints scheme where he considers that it would be more suitable for the matter to be determined by that scheme and the complainant consents to the referral.

3.5 Evidence

3.5.1

R

/1

The *Ombudsman* may, in relation to the evidence which may be required or admitted when he considers and determines a complaint, give directions as to:

- (1) the issues on which evidence is required;
- (2) the extent to which the evidence required to decide those issues should be oral or written; and
- (3) the way in which the evidence should be presented to the *Ombudsman*.

3.5.2

R

/1

The *Ombudsman* may:

- (1) exclude evidence that would otherwise be admissible in a court of law or include evidence that would not be admissible in such a court;
- (2) where he considers it necessary or appropriate, accept information in confidence, so that only an edited version or (where this is not practicable) a summary or description is disclosed to the other party;
- (3) reach a decision on the basis of what has been supplied and take account of the failure by a complainant or a *firm* to provide information that an *Ombudsman* has requested; and
- (4) dismiss a complaint if a complainant fails to supply required information.

3.5.3

G

/1

The provisions in *DISP* 3.5.2R(1) follow the provisions of the Civil Justice Rules.

3.5.4

G

/1

For the purposes of *DISP* 3.5.2R(2), evidence which the *Ombudsman* may accept in confidence includes confidential evidence about third parties and security information.

3.5.5

G

/1

The *Ombudsman* may request a party to a complaint to provide evidence necessary for the determination of the complaint under section 231 of the *Act*. A failure to comply with the request can be dealt with by the court under section 232.

3.6 Time limits

- 3.6.1 **R** ^{/1} The *Ombudsman* may fix time limits and extend fixed time limits for any aspect of the consideration of a complaint by the *Financial Ombudsman Service*.
- 3.6.2 **R** ^{/1} If a *firm* fails to comply with a time limit, the *Ombudsman* may proceed to the next stage of consideration of the complaint and may, if appropriate, make provision for any material distress or material inconvenience caused by that failure in any award which he decides to make.
- 3.6.3 **R** ^{/1} If a complainant fails to comply with a time limit, the *Ombudsman* may either proceed to the next stage or dismiss the complaint.

3.7 Delegation of the Ombudsman's powers

3.7.1

R

/1

- (1) Only an *Ombudsman* may determine a complaint or decide the circumstances in which information may be disclosed under *DISP* 3.10.1R (3).
- (2) The *Ombudsman* may designate members of the staff of *FOS Ltd* to exercise any of the other powers of the *Ombudsman* relating to the reference, investigation or consideration of a complaint.
- (3) Where any *person* is so designated, *DISP* 2 - *DISP* 4 apply as if any reference to "the *Ombudsman*" included a reference to that *person*.

3.7.2

G

/1

The Chief *Ombudsman* will designate those members of staff of *FOS Ltd* who are to have these powers.

3.8 Determination by the Ombudsman

Opinion as to fairness and reasonableness

- 3.8.1** **R** /1 (1) The *Ombudsman* will determine a complaint by reference to what is, in his opinion, fair and reasonable in all the circumstances of the case.
- (2) In considering what is fair and reasonable in all the circumstances of the case, the *Ombudsman* will take into account the relevant law, regulations, regulators' rules and guidance and standards, relevant codes of practice and, where appropriate, what he considers to have been good industry practice at the relevant time.

- 3.8.2** **G** /1 In determining, in relation to a *relevant new complaint*, what is fair and reasonable in all the circumstances of the case and what amount (if any) constitutes fair compensation, for the purposes of section 229(2)(a) of the *Act* (money awards), the *Ombudsman* is required, under article 7(2) of the *Ombudsman Transitional Order*, to take into account:
- (1) what determination the *former Ombudsman* might have been expected to reach, and
- (2) what amount (if any) might have been expected to be awarded by way of compensation;

in relation to an equivalent complaint dealt with under the *former scheme* in question immediately before *commencement*.

The Ombudsman's determination

- 3.8.3** **R** /1 The *Ombudsman's* determination will include the following stages:
- (1) When a complaint has been determined, the *Ombudsman* will give both the complainant and the *firm* a signed written statement of the determination, stating the reasons for it.
- (2) The statement will invite the complainant to notify the *Ombudsman* in writing before the date specified in the statement whether he accepts or rejects the determination.

- (3) If the complainant notifies the *Ombudsman* that he accepts the determination within the time limit set, it is final and binding on both the complainant and the *firm*.
- (4) If the complainant either rejects the determination or does not notify the *Ombudsman* by the specified date that he accepts the determination, the complainant will be treated as having rejected the determination, and the *firm* will not be bound by it.
- (5) The *Ombudsman* must notify the *firm* of the complainant's response (or lack of response).

3.9 Awards by the Ombudsman

Money awards

3.9.1

G
/1

As provided for under section 229 of the *Act* (Awards), if a complaint is determined in favour of the complainant, the determination may include:

- (1) a money award against the *firm* of such amount as the *Ombudsman* considers fair compensation for financial loss or for loss or damage of a kind specified in *DISP* 3.9.2R and subject to the maximum limit in *DISP* 3.9.5R; or
- (2) a direction that the *firm* take such steps in relation to the complainant as the *Ombudsman* considers just and appropriate (whether or not a court could order those steps to be taken); or
- (3) both of these.

3.9.2

R
/1

Where the *Ombudsman* decides to make a money award, in addition to (or instead of) awarding compensation for financial loss, he may award compensation for the following kinds of loss or damage, whether or not a court would award compensation:

- (1) **pain and suffering; or**
- (2) **damage to reputation; or**
- (3) **distress or inconvenience.**

3.9.3

G
/1

For the purposes of awards by the *Ombudsman*, financial loss includes consequential or prospective loss.

3.9.4

G
/1

In determining, in relation to a *relevant new complaint*, what amount (if any) constitutes fair compensation for the purposes of a money award, the *Ombudsman* is required under article 7(2) of the *Ombudsman Transitional Order* to take into account what amount (if any) might have been expected to be awarded by way of compensation, in relation to an equivalent complaint dealt with under the *former scheme* in question immediately before *commencement*.

Limits on money awards

3.9.5

R
/1

The maximum money award which the *Ombudsman* may make is £100,000.

- 3.9.6 G
/1 If the *Ombudsman* considers that an amount more than the maximum is required as fair compensation, then he may in addition recommend to the *firm* that it pays the balance.
- 3.9.7 G
/1 The *Ombudsman* may specify in his award that reasonable interest must be paid on the award (at the rate and from the date he states).
- 3.9.8 G
/1 For the purposes of calculating the monetary limit referred to in *DISP* 3.9.5R the amount of interest awarded does not form part of the award itself.
- 3.9.9 G
/1 The limit on the maximum money award has no bearing on any direction which an *Ombudsman* may make as part of a determination.

Costs

- 3.9.10 R
/1 **When the *Ombudsman* finds in a complainant’s favour, he may also award an amount which covers some or all of the costs which were reasonably incurred by the complainant in respect of the complaint.**
- 3.9.11 G
/1 It is not anticipated that awards of costs will be common, since in most cases complainants should not need to have professional advisers to bring complaints to the *Financial Ombudsman Service*.
- 3.9.12 R
/1 **The amount payable under the award of costs may, if the *Ombudsman* orders, bear interest at a reasonable rate specified in the order and from a date specified in the order.**
- 3.9.13 G
/1 For the purposes of calculating the monetary limit specified in *DISP* 3.9.5R, an award of costs does not form part of the award itself.

Complying with awards and settlements

- 3.9.14 R
/1 **A *firm* must comply promptly with:**
 - (1) any money award or direction made by the *Ombudsman*; and
 - (2) any settlement which it agrees at an earlier stage of the procedures.
- 3.9.15 R
/1 **The *Ombudsman* must maintain a register of each money award and direction made.**
- 3.9.16 G
/1 A money award registered in accordance with *DISP* 3.9.15R can be recovered or enforced through the courts under paragraph 16 of Schedule 17 to the *Act*.
- 3.9.17 G
/1 A complainant may enforce a direction by injunction or order in accordance with section 229(9) of the *Act* (Awards).

3.10 Dealing with information

3.10.1

R

/1

- (1) In dealing with any information received in relation to the consideration or investigation of a complaint, the *Financial Ombudsman Service* must have regard to the parties' rights of privacy.
- (2) Paragraph (1) does not prevent the *Ombudsman* disclosing information (either in full, or where he considers it necessary or appropriate under *DISP* 3.5.2R(2), in the form of an edited version or (where this is not practicable) a summary or description):
 - (a) to the extent that he is required or authorised to do so by law; or
 - (b) to the parties to the complaint; or
 - (c) in his determination; or
 - (d) at a hearing in connection with the complaint.
- (3) So long as he has regard to the parties' rights of privacy, the *Ombudsman* may disclose information to the *FSA* or any other body exercising regulatory or statutory functions for the purpose of assisting that body or the *Financial Ombudsman Service* to discharge its functions.

3.10.2

G

/1

Under article 11 of the *Ombudsman Transitional Order*, any information held by any *person* responsible for the operation of a *former scheme* in connection with the operation of a *former scheme* may be disclosed by that *person* (after *commencement*) to *FOS Ltd* or to an *Ombudsman* without contravening any restriction on disclosure of that information (imposed by statute or otherwise) to which that *person* was subject. But *FOS Ltd* or the *Ombudsman* is subject to any restrictions on disclosure (and exceptions) which would have applied to the former holder of that information.

3.10.3

G

/1

Article 11 of the *Ombudsman Transitional Order* does not, however, prevent the application of section 31(4A) of the Data Protection Act 1998. This provides for an exemption in respect of subject information provisions to the extent to which the application of those provisions to data would be likely to prejudice the proper discharge of the functions conferred under Part XVI of the *Act* (The *Ombudsman Scheme*).

Chapter 4

Standard terms

4.1 Application and Purpose

Application

4.1.1

G
/1

The *standard terms* apply to any *company, partnership*, individual practitioner or other business which has decided to be a participant in the *Voluntary Jurisdiction* (a *VJ participant*). They are fixed by *FOS Ltd* with the approval of the *FSA* in accordance with paragraph 18 of Schedule 17 to the *Act*.

Purpose

4.1.2

G
/1

The *standard terms* are the basis on which complaints will be dealt with and determined under the *Voluntary Jurisdiction*. They cover:

- (1) the rules and guidance for handling complaints (see *DISP* 4.2.2R to *DISP* 4.2.6R);
- (2) an indemnity for *FOS Ltd*, any member of its governing body, any member of its staff and any *person* acting as an *Ombudsman*, as permitted by paragraph 18(5) of Schedule 17 to the *Act* (see *DISP* 4.2.7R);
- (3) the *Ombudsman's* powers relating to determinations and awards (see *DISP* 4.2.8R);
- (4) the enforcement of a determination (see *DISP* 4.2.10R); and
- (5) the process for withdrawal by a *VJ participant* from the *Voluntary Jurisdiction* (see *DISP* 4.2.11R).

4.2 The standard terms

4.2.1

R

/1

- (1) For the purposes of the *standard terms*, a *company, partnership, individual practitioner or other business*, whether authorised or unauthorised, agreeing to participate in the *Voluntary Jurisdiction* of the *Financial Ombudsman Service* is known as a *VJ participant*.
- (2) In consequence of the agreement by the *VJ participant* to participate in the *Voluntary Jurisdiction*, the *standard terms* fix the basis on which complaints relating to relevant acts or omissions of the *VJ participant* are to be dealt with and determined.
- (3) Where the *standard terms* apply rules relating to the *Compulsory Jurisdiction* for the purposes of the *Voluntary Jurisdiction*, those are to be treated as part of the *standard terms*.
- (4) A *VJ participant* is subject to the *standard terms*, which may be amended or supplemented with the approval of the *FSA*.

Complaint handling procedures

4.2.2

R

/1

The rules and guidance contained in *DISP 1* (Complaint handling procedures for firms) will apply to *VJ participants* for the purposes of the *Voluntary Jurisdiction* as if they were *firms*, with the exception of *DISP 1.5* (Record keeping and reporting). *DISP 1.2* (Internal complaint handling procedures: general requirements) applies in relation to complaints about activities of the *VJ participant* specified in *DISP 2.6.9R*.

4.2.3

G

/1

DISP 1.5.1R contains a requirement for a *firm* in the *Compulsory Jurisdiction* to make and retain records of complaints subject to *DISP 1.4-DISP 1.6* for a minimum period of three years from the date of its receipt of a complaint. Although this requirement is not applied to *VJ participants*, they may need to keep records of complaints for sufficient time to enable them to provide the *Ombudsman* with necessary information in the event of a complaint being referred to the *Financial Ombudsman Service*. The requirement for reporting complaints to the *FSA* under *DISP 1.5.4R* is also not applied to *VJ participants*.

Jurisdiction of the Financial Ombudsman Service

4.2.4 **R** /1 The rules and guidance contained in *DISP 2* will apply for the purposes of the *Voluntary Jurisdiction*, with the exception of *DISP 2.6.1R - DISP 2.6.8G*.

4.2.5 **R** /1 By agreeing to participate in the *Voluntary Jurisdiction*, a *VJ participant* also agrees to complaints relating to activities covered by *DISP 2.6.9R* being dealt with under *DISP 2.6.12R*.

Complaint handling procedures of the Financial Ombudsman Service

4.2.6 **R** /1 The rules and guidance contained in *DISP 3* will apply to *VJ participants* for the purposes of the *Voluntary Jurisdiction* as if they were *firms* (except where their application to *VJ participants* is specifically excluded or necessarily inapplicable).

Liability

- 4.2.7 **R** /1
- (1) None of the following is to be liable in damages for anything done or omitted in the discharge, or purported discharge, of any functions in connection with the *Voluntary Jurisdiction*:
- (a) *FOS Ltd*;
 - (b) any member of its governing body;
 - (c) any member of its staff;
 - (d) any *person* acting as an *Ombudsman* for the purposes of the *Financial Ombudsman Service*.
- (2) Paragraph (1) does not apply:
- (a) where the act or omission is shown to have been in bad faith; or
 - (b) so as to prevent an award of damages made in respect of an act or omission on the ground that the act or omission was unlawful as a result of section 6(1) of the Human Rights Act 1998.

Determination and awards

4.2.8 **R** /1 If the *Ombudsman* determines a complaint under the *Voluntary Jurisdiction* in favour of the complainant, the determination may include:

- (1) a “money award”, that is, an award against the *VJ participant* of such amount as the *Ombudsman* considers fair compensation for financial loss or for loss or damage of a kind specified in *DISP* 3.9.2R that has been suffered, or may be suffered, by the complainant;
- (2) a direction that the *VJ participant* take such steps in relation to the complainant as the *Ombudsman* considers just and appropriate (whether or not a court could order those steps to be taken).

4.2.9

G

/1

DISP 4.2.8R gives the *Ombudsman* the same powers to make money awards and directions as he has, under section 229 of the *Act* (Awards), in relation to *firms* in the *Compulsory Jurisdiction*.

Enforcement of a determination

4.2.10

R

/1

The *Ombudsman's* determination, if accepted by the complainant within the time limit specified by the *Ombudsman*, will be binding on the *VJ participant* and final, and may be enforced in court by the complainant.

Withdrawal from the Voluntary Jurisdiction of the Financial Ombudsman Service

4.2.11

R

/1

A *VJ participant* may not withdraw from the *Voluntary Jurisdiction* of the *Financial Ombudsman Service* unless the *VJ participant*:

- (1) has submitted a written plan to *FOS Ltd* setting out its proposals for:
 - (a) notifying its existing customers of its intention to withdraw from the *Voluntary Jurisdiction*; and
 - (b) the handling of complaints against it prior to its withdrawal from the *Voluntary Jurisdiction*; and
- (2) the plan has been approved in writing by *FOS Ltd*; and
- (3) the *VJ participant* has paid the *general levy* for the year in which it withdraws and any other fees payable; and
- (4) *FOS Ltd* has agreed in writing the date on which the *VJ participant* may withdraw from the *Voluntary Jurisdiction* (which date is not to be earlier than six *months* from the date of approval of the plan).

Appendices

Appendix 1

Relevant Existing Complaints

1.1 Application and Purpose

Application

1.1.1 **R** This appendix applies to *firms*, to *FOS Ltd*, to the *Ombudsman* and to those who might wish to refer a complaint to the *Financial Ombudsman Service* in respect of *relevant existing complaints*.
/1

1.1.2 **G** References in this chapter to “*firms*” are to be construed, where relevant, as including:
/1

- (1) in accordance with the *Ombudsman Transitional Order*, *unauthorised persons* subject to the *Compulsory Jurisdiction* in relation to *relevant complaints*; and
- (2) as a result of section 226 of the *Act*, *unauthorised persons* who were formerly *firms* in respect of complaints about acts or omissions which occurred at the time when they were *firms*, provided that the *Compulsory Jurisdiction* rules were in force in relation to the activity in question.

Purpose

1.1.3 **R** *DISP 2* to *DISP 5* apply to *firms*, to the *Ombudsman* and to *FOS Ltd* in respect of *relevant existing complaints*, except as stated in this appendix.
/1

1.1.4 **G** The purpose of this appendix is to describe how *FOS Ltd* must handle *relevant existing complaints* (that is, the partly completed complaints which it inherits from the *former schemes* at *commencement* under the *Ombudsman Transitional Order*). Complaints which *firms* (as opposed to the *former schemes*) have partly completed at *commencement* will be handled as described in *DISP 1* (Complaint handling procedures for firms) (see, in particular, *DISP 1.4.6R*).
/1

1.1.5 **G** *Relevant existing complaints* will be referred by the *former schemes* to *FOS Ltd* for completion at *commencement*. Article 2 of the *Ombudsman Transitional Order* provides that *FOS Ltd* will complete the handling of these cases, but requires that, in a significant number of respects, it must do this in accordance with the requirements of the relevant *former scheme*.
/1

- 1.1.6** G_{/1} This appendix describes the ways in which *FOS Ltd* is required to treat these complaints differently from the other complaints which are subject to *DISP* 1 to 5. Apart from these exceptions, the rules in *DISP* 2 to *DISP* 5 and the statutory provisions in sections 225-234 of the *Act* apply as they do to other complaints.

1.2 Eligible complaint

- 1.2.1** G_{/1} (1) Article 2 of the *Ombudsman Transitional Order* requires that, irrespective of whether the conditions set out in section 226(2) of the *Act* are met (see *DISP* 2.2.1G), a complaint which:
- (a) was referred to a *former scheme* (other than the *Personal Insurance Arbitration Service*) at any time before *commencement*, by a *person* who was at that time entitled, under the terms of the *former scheme*, to refer such a complaint (whether described in that scheme as the making of a complaint, the referral of a dispute, the submission of a claim, or otherwise), and
 - (b) has not, before *commencement*, been rejected, withdrawn, settled or determined, by the *former Ombudsman* (whether by a substantive decision, or by closure of the case without a substantive decision);

- 1.2.1** G_{/1} is to be dealt with under the *Financial Ombudsman Service* (and not the *former scheme*).

(2) These complaints are described as *relevant existing complaints*.

- 1.2.2** G_{/1} Article 2 of the *Ombudsman Transitional Order* provides that a complaint is not to be treated as determined before *commencement* if the determination was, at *commencement*, subject to (or capable of being subject to) an appeal, a reference to arbitration or similar procedure.

- 1.2.3** G_{/1} The definition of a *relevant existing complaint* excludes complaints referred to the *Personal Insurance Arbitration Service* before *commencement*, which will be completed by the *Personal Insurance Arbitration Service*, not *FOS Ltd*. It also excludes complaints about pre-*commencement* investment business conducted by *firms* which were formerly authorised by a *recognised professional body*. These will be handled by the relevant *professional body*.

1.3 Eligible complainant

- 1.3.1** G_{/1} Under article 2(1)(a) of the *Ombudsman Transitional Order*, a *person* will be treated under the *Financial Ombudsman Service* as an *eligible complainant* in respect of a *relevant existing complaint*, if he was entitled, under the terms of the

former scheme, to refer such a complaint at the time when the complaint was referred to that scheme.

1.4 Time limits

- 1.4.1** G_{/1} Article 4(2) of the *Ombudsman Transitional Order* requires an *Ombudsman* to extend the time limits set under *DISP* 2.3.1R(1)(b) and (c) in respect of a *relevant existing complaint* where the effect of that extension is that the time limit applying to the complaint is the same as that which would have applied under the *former scheme* in question as it had effect immediately before *commencement*.

1.5 Determination of complaints

- 1.5.1** G_{/1} Article 5(2)(a) provides that *FOS Ltd's* power to specify in its scheme rules the matters to be taken into account in making determinations does not apply to *relevant existing complaints* (see *DISP* 3.8.1R).
- 1.5.2** G_{/1} Article 5(2)(c) requires the *Ombudsman*, in deciding whether a *relevant complaint* (including a *relevant existing complaint*) is to be dismissed without consideration of its merits under the scheme rules, to take into account whether an equivalent complaint would have been so dismissed under the *former scheme* in question, as it had effect immediately before *commencement*.
- 1.5.3** G_{/1} Article 6(1) disapplies, in respect of *relevant existing complaints*, the provisions in the *Act* relating to the criteria for determining complaints in section 228(2) and those relating to awards in section 229 (with the exception of those in section 229(8)(b) and paragraph 16 of Schedule 17 relating to the enforceability of money awards and those in section 229(9) and (10) relating to the enforceability of directions made by the *Ombudsman*). It also disapplies the provisions relating to costs awards in section 230, except to the extent referred to in *DISP* App 1.11.1G.
- 1.5.4** G_{/1} Apart from this, section 228 of the *Act* applies in relation to *relevant existing complaints* as it applies to other complaints which are subject to the *Compulsory Jurisdiction*.

1.6 Criteria for determining complaints

- 1.6.1** G_{/1} Article 6(2) provides that a *relevant existing complaint* is to be determined (so far as practicable) by reference to such criteria as would have applied to the determination

of the complaint by the *former ombudsman* under the *former scheme* in question immediately before *commencement* (provided that where the *former scheme* in question is the *FSA scheme*, the criteria are those which would have applied to the determination of the complaint by an *independent investigator* under that scheme at that time).

- 1.6.2** G_{/1} An exception is, however, made in respect of *relevant existing complaints* about former *IMRO* members inherited from the *Investment Ombudsman* under the *IMRO scheme* in order to reflect the way in which those complaints have been determined in practice under that scheme. The effect of article 6(2) and 6(11) taken together is that, as with all new complaints received after *commencement*, these will be determined according to what is, in the opinion of the *Ombudsman*, fair and reasonable in all the circumstances of the case and will be binding on both parties subject to the complainant's agreement.

1.7 Awards and remedies

- 1.7.1** G_{/1} The remedy that the *Ombudsman* can impose in determining a *relevant existing complaint* is limited by article 6(3) to such remedy as could have been included in a determination (whether described as a determination, award, recommendation or otherwise) made by the *former Ombudsman* under the *former scheme* in question immediately before *commencement*.

1.8 Extent to which awards are binding

- 1.8.1** G_{/1} Under article 6, except in the circumstances set out in *DISP* App 1.8.2G to *DISP* App 1.8.6G, the *Ombudsman* will, in respect of *relevant existing complaints*, provide the *firm* and the complainant with a written statement of his determination (including reasons) in accordance with section 228(3)-(9) of the *Act* (see *DISP* 3.8.3R) and if the complainant notifies the *Ombudsman*, within the time period specified, that he accepts the determination, it is binding on both parties and final.
- 1.8.2** G_{/1} Under article 6(7), where the *former scheme* in question was the *FSA scheme* and the *relevant existing complaint* was, at *commencement*, subject to arbitration in accordance with that scheme, the extent to which the determination of the complaint under the new scheme is binding and final depends on the terms of the arbitration. Where a complaint under the *FSA scheme* was not subject to arbitration at *commencement*, the determination of the case under the new scheme is not binding on the *firm* or the complainant. The requirements in section 228(4)(c) and (5) to (7) of the *Act* do not apply in relation to the complaint.
- 1.8.3** G_{/1} Under article 6(8), where the *former scheme* in question was the *SFA scheme*:
- (1) if the *relevant existing complaint* has not been submitted to arbitration under that scheme, and would not have been *eligible* to be so submitted under that

scheme as it had effect immediately before *commencement* (disregarding any requirement for certification by the *SFA Complaints Bureau* that the complaint had not been resolved by conciliation), the determination of the complaint under the *Financial Ombudsman Service* is not binding on the *firm* or the complainant;

- (2) if the *relevant existing complaint* has been submitted to arbitration under the *SFA scheme*, or would have been eligible to be so submitted under that scheme as it had effect immediately before *commencement* (disregarding any such requirement), the determination of the complaint under the *Financial Ombudsman Service* is binding on the *firm* and the complainant and final, but if the complaint has been submitted to arbitration, the terms of arbitration are otherwise unaffected;

and the requirements in section 228(4)(c) and (5) to (7) of the *Act* do not apply in relation to the complaint.

1.8.4 G_{/1} Under article 6(9), where the *former scheme* in question was the *Building Societies Ombudsman Scheme* and the *relevant existing complaint* was, at *commencement*, subject to arbitration in accordance with that scheme, the extent to which the determination of the complaint under the *Financial Ombudsman Service* is binding and final depends on the terms of the arbitration (which remain unaffected), and the requirements in section 228(4)(c) and (5) to (7) of the *Act* do not apply in relation to the complaint.

1.8.5 G_{/1} Under article 6(10), where the *former scheme* in question was the *Building Societies Ombudsman Scheme* and the *firm* would have been relieved of its obligation to comply with a determination under that scheme if it had complied with conditions as to the giving of notice of its non-fulfilment of the obligations imposed by the determination, the determination of the complaint under the *Financial Ombudsman Service* is (notwithstanding section 228(5) of the *Act*) not binding on the *firm* if it complies with equivalent conditions. (This preserves the "publicity option" under the *Building Societies Ombudsman Act 1986* in respect of *relevant existing complaints*.)

1.8.6 G_{/1} The effect of article 6(2) and 6(11) taken together is that, where the *former scheme* in question was the *IMRO scheme*, the determination will be binding on both parties subject to the complainant's agreement, unless, before *commencement*, the complaint has been determined by a *former ombudsman* under that scheme and the *former ombudsman* has offered the complainant adjudication (see *DISP App 1.9.1G-1.9.2G*).

1.9 Complaints determined before commencement

1.9.1 G_{/1} Under article 8, where, before *commencement*, a *relevant existing complaint* has been determined by a *former ombudsman* under the *IMRO scheme* and that *former ombudsman* has offered adjudication:

- (1) if the matter is already subject to adjudication at *commencement*, the relevant provisions of the *former scheme* will continue to apply so far as practicable, with references to the *Investment Ombudsman* or "the Ombudsman" being read as references to *FOS Ltd* or an *Ombudsman*, as appropriate; or

- (2) if the matter has not been referred to adjudication before *commencement*, but the complainant accepts adjudication, *FOS Ltd* must appoint an adjudicator to determine the matter, and if the complainant agrees to the appointment of the adjudicator, the *firm* must concur in the reference to adjudication.

1.9.2 G_{/1} The relevant provisions of the *IMRO scheme* will apply, so far as practicable, as they would have applied to adjudication under that scheme, with references to the *Investment Ombudsman* or "the Ombudsman" being read as references to *FOS Ltd* or an *Ombudsman*, as appropriate.

1.9.3 G_{/1} Under article 9, where a *relevant existing complaint* has been determined before *commencement* by a *person* appointed as an arbitrator under the *SFA scheme*:

- (1) if, at *commencement*, that determination is the subject of an appeal, or an application for leave to appeal, under that scheme which has not been determined or withdrawn, the relevant provisions of that scheme will continue to apply to that appeal or application (and any ensuing appeal) so far as practicable;
- (2) if, at *commencement*, an application for leave to appeal against the determination was capable of being entertained under that scheme, the relevant provisions of that scheme will apply, so far as practicable, to the making of any such application for leave and any ensuing appeal, as they would have applied to an application for leave or an appeal before *commencement*.

1.9.4 G_{/1} *FOS Ltd* may appoint such *persons*, on such terms and for such duration, as it thinks fit to hear any appeal or application for leave to appeal made after *commencement* and references in the relevant provisions of the *SFA scheme* to the *SFA* or its Arbitration Secretariat will be read as references to *FOS Ltd*.

1.9.5 G_{/1} Under article 10, where a complaint has been determined before *commencement* under the *Building Societies Ombudsman Scheme*, and, at *commencement*, a case either has been stated with respect to that determination for the opinion of the High Court or Court of Session under section 84(5) to (7) of the Building Societies Act 1986 and no decision has been reached on the case or could be stated under those provisions, those subsections continue to apply as if they provided for the Court to direct that the complaint be dealt with under the *Financial Ombudsman Service* as a *relevant existing complaint*.

1.10 Enforceability of awards

1.10.1 G_{/1} Where the *Ombudsman* makes a determination which includes an award against a *firm* of compensation payable to the complainant, it is enforceable (under article 6(4)) in the same way as a money award made under the *Compulsory Jurisdiction*.

1.10.2 G_{/1} Where the *Ombudsman* makes a determination which includes a requirement for the *firm* to take any steps in relation to the complainant, it is enforceable (under article 6(5)) in the same way as a direction made under the *Compulsory Jurisdiction*.

1.11 Costs

- 1.11.1** G^{/1} Where the *former scheme* in question, as it had effect immediately before *commencement*, included provision for the award of costs, the *Ombudsman* may, under article 6(6), on determining the *relevant existing complaint*, award costs in accordance with that provision (irrespective of whether those costs were incurred, or relate to anything done, before or after *commencement*) and section 230(6) and (7) and paragraph 16 of Schedule 17 to the *Act* apply in relation to the enforcement of such an award of costs in the same way as they apply to awards of costs made under the *Financial Ombudsman Service* procedures.

1.12 Funding and fees

- 1.12.1** G^{/1} Under *DISP 5*, *firms* will be subject to case fees in respect of *relevant complaints*. If *FOS Ltd* deals with a *relevant existing complaint* against a *person* who is not *authorised* by the *FSA*, a special case fee will be charged (see *DISP 5 (Financial Ombudsman Service Funding Rules)*) and this will be recoverable as a debt to *FOS Ltd* in the same way as case fees relating to complaints about *firms*.

1.13 Time limits, record keeping and reporting requirements

- 1.13.1** G^{/1} The time limits, record keeping and reporting requirements in *DISP 1.4* (Time limits for dealing with a complaint) and *DISP 1.5* (Record keeping and reporting) do not apply to *firms* in respect of *relevant existing complaints* since these, by definition, will already have been referred to a *former scheme*.

1.14 Cooperation with the Ombudsman

- 1.14.1** R^{/1} *Firms* must comply with *DISP 1.6 (Cooperation by firms with the Ombudsman)* in respect of *relevant existing complaints*.

Appendix 2

Handling Mortgage Endowment Complaints

2.1 Introduction

2.1.1 G_{/1} This appendix sets out the approach and standards which *firms* should use when investigating complaints relating to the sale of endowment *policies* for the purposes of achieving capital repayment of a mortgage. It is not intended to be comprehensive. It is primarily concerned with the assessment of whether the complainant may have suffered financial loss, and if so, how much that loss is, and therefore what amount a *firm* should consider offering by way of fair and appropriate compensation in circumstances where the *firm's* investigation of a complaint reveals:

- (1) the complainant has received negligent *advice on investments*; and
- (2) if this advice had not been negligent, either:
 - (a) the complainant would be unlikely to have acquired the endowment policy but instead would have taken out the same amount of loan on a repayment basis; or
 - (b) the complainant would have acquired an endowment mortgage for a shorter term.

2.1.2 G_{/1} There will also be cases where a *firm* will conclude after investigation that, notwithstanding its own failure to give compliant and proper advice, the complainant would nevertheless have proceeded with the endowment policy as sold, in which case no compensation will be due.

2.1.3 G_{/1} This appendix only addresses how *firms* should approach the assessment of loss and compensation where negligence on the part of the *firm* is established.

2.1.4 G_{/1} This appendix is relevant both to the obligations arising under the complaints handling *rules* contained in *DISP* 1.2 and to the *FSA's* approach to the supervision of *firms*.

2.1.5 G_{/1} This appendix is also relevant to complaints which the *Ombudsman* may investigate under the *Compulsory Jurisdiction* or *Voluntary Jurisdiction* of the *Financial Ombudsman Service* established under Part XVI of the *Act* (The *Ombudsman Scheme*).

2.1.6 G_{/1} Before proceeding to assess the extent of a complainant's financial loss, a *firm* will usually have completed the following stages:

- (1) gathering all relevant facts and information;

- (2) making a fair and objective assessment whether it has failed to comply with a relevant duty owed to the complainant; and
- (3) assessing whether any failure of duty by it was in the circumstances a material failure in the sense that if it had not occurred the complainant would have been likely to have acted differently.

2.1.7 G_{/1} If it is concluded that the complainant would have acted differently, the *firm* should proceed to assess any direct or consequential loss.

2.1.8 G_{/1} Nothing in this appendix relieves *firms* of the obligation to consider the particular facts and circumstances of each complaint and to consider whether the assessment of loss and compensation should, in the light of those facts and circumstances, be carried out on a different basis. If, however, the facts and circumstances make it appropriate to do so, the *FSA's* expectation is that *firms* will apply the approach and standards set out in this appendix, and where they do not, the *FSA* is likely to require them to demonstrate the adequacy and completeness of their alternative approach.

2.2 The standard approach to redress

2.2.1 G_{/1} If there has been a failure to give compliant and proper advice, or some other breach of the duty of care, the basic objective of redress is to put the complainant, so far as is possible, in the position he would have been in if the inappropriate advice had not been given, or the other breach had not occurred. In many cases, although it must be a matter for inquiry and assessment in each individual case, this position is likely to have resulted in the complainant taking a repayment mortgage with accompanying life cover, and this is the assumption which underpins the standard approach to redress.

2.2.2 G_{/1} Unless the contrary is demonstrated, it should be assumed that the complainant could have afforded the mortgage on a repayment basis.

2.2.3 G_{/1} The measure of any financial loss suffered by the complainant will be arrived at by:

- (1) comparing the complainant's current capital position with the position he would have been in had the loan been a standard repayment mortgage as at the date the *firm* decides to regard the complaint as justified; and
- (2) comparing the cost of the complainant's actual monthly outgoings and those he would have made had his loan been on a standard repayment basis as at the date the *firm* decides to regard the complaint as justified.

2.2.4 G_{/1} In some cases other factors may be included in the overall calculation, for example, if mortgage arrangement fees were waived by agreement on the occasion of the endowment *policy* being taken out.

2.2.5 G_{/1} If, on comparing the complainant's current endowment position with the repayment alternative, the *surrender value* of the endowment *policy* exceeds the amount of the capital which the complainant would have repaid through the repayment method, then, at the point of the assessment, the complainant has suffered no capital loss (but the complainant may suffer some compensatable consequential loss associated

with changing the mortgage arrangements to the repayment basis, see *DISP* App 2.3). Conversely, if the capital which would have been repaid on the repayment basis exceeds the *surrender value*, there is a capital loss represented by the difference between the two amounts.

- 2.2.6** G_{/1} If the complainant's endowment mortgage outgoings exceed the equivalent cost for the repayment method, the complainant should be compensated for the higher payments in addition to any loss on the *surrender value* and capital repaid comparison. This means, for example, that if the endowment arrangement has been more expensive, this may result in compensatable loss even though the capital repayment against surrender comparison may be favourable to the endowment.
- 2.2.7** G_{/1} If the total cost of the outgoings for the endowment calculation is less than that for the repayment calculation, the "savings" should be brought into account in assessing any overall loss unless it is unreasonable to do so.
- 2.2.8** G_{/1} It is unlikely to be reasonable to bring "savings" into account in circumstances where, at the time of the sale of the *policy*:
- (1) the complainant was advised or informed orally or in writing that he would have lower outgoings than would be the case under a repayment mortgage, whether or not the difference was quantified; and
 - (2) the complainant has dissipated those "savings" on the strength of this advice or information.
- 2.2.9** G_{/1} The circumstances in which it may be appropriate to take some or all of the "savings" into account are those where, subject to *DISP* App 2.2.7G, the complainant is of "sufficient means" so that it is reasonable for a *firm* to assume that the "savings" have contributed to those means.
- 2.2.10** G_{/1} Where it is otherwise reasonable for "savings" to be brought into account, determining whether or not a complainant is of sufficient means and, if so, to what extent the "savings" are to be brought into account, will have to be based on the facts of each individual case. It will be appropriate to require the complainant to provide adequate information to assist the *firm* in this task. Matters to be taken into account in this assessment may include:
- (1) the length of the remaining mortgage term;
 - (2) the complainant's current and prospective resources;
 - (3) the amount of the capital shortfall in proportion to the endowment outgoings balance.
- 2.2.11** G_{/1} Firms may adopt streamlined processes to assist them in individual assessments of "sufficient means", but will have to satisfy themselves that the complainant's position is nevertheless protected. Firms will need to ensure that the complainant is given an opportunity to make an informed choice whether to accept the streamlined process, that the process itself is transparent, and that the firm is satisfied that the outcome would be fair to complainants.
- 2.2.12** G_{/1} If a *firm* intends to make a deduction for all or any part of the lower endowment outgoings, the *firm* should explain clearly to the complainant in writing both how the "sufficient means" test has been satisfied, including details of the information taken into account in reaching the decision, and how the deduction has been arrived at. The letter should further inform the complainant that if he is unhappy with the

proposal to make a deduction, either in principle or as to the amount, he should give his reasons to the *firm*.

- 2.2.13** G_{/1} If a complainant puts forward a case that it would be unreasonable for a deduction to be made, the *firm* should reach a fair and objective determination on the facts of all relevant matters including those set out at *DISP* App 2.2.8G and *DISP* App 2.2.9G.
- 2.2.14** G_{/1} In recognition that *firms* may not wish, for practical reasons, to make individual assessments of “sufficient means”, *firms* may decide not to seek to bring into account any benefit to the complainant in assessing overall compensation.
- 2.2.15** G_{/1} It would not be unreasonable if a *firm* providing redress in these circumstances were to frame its offer of redress on the assumption that the complainant will agree to surrender the *policy*. However, *firms* should bear in mind that there may be circumstances where it is appropriate for the complainant to retain the *policy*, for example, where it is being retained as a savings vehicle.
- 2.2.16** G_{/1} If a complainant becomes aware that he has taken out the endowment *policy* on the basis of unsuitable advice and inadequate information, he should if necessary, after taking appropriate advice, take reasonable steps to limit his loss, and may in any subsequent *claim* be unable to recover for losses which are avoidable. The complainant may have to show that he has not delayed unreasonably since becoming aware of his loss. The reasonable costs and expenses the complainant may have incurred in limiting his loss are to be taken into account in assessing his compensation. These costs and expenses are likely to include the complainant taking advice on whether he should convert from an endowment to a repayment mortgage and incurring expenses in doing so, see *DISP* App 2.3.
- 2.2.17** G_{/1} The standard approach to redress can be illustrated by the following examples, which show how redress would be calculated in certain hypothetical but typical scenarios. (Because the examples are illustrative, round numbers have been used for “established facts” in each example. The payments should be taken as being made monthly: *firms* should not approximate by assuming that payments are made annually. If the complainant has benefited from MIRAS, the calculations should allow for the effect of MIRAS both on the endowment mortgage and the repayment comparison.)
- 2.2.18** G_{/1} Table Table of examples of typical redress calculations

Example 1	Capital shortfall and higher endowment outgoings
Example 2	Capital shortfall partially offset by lower endowment mortgage outgoings
Example 3	Capital shortfall more than offset by lower endowment mortgage outgoings
Example 4	Capital surplus more than offset by higher endowment mortgage outgoings
Example 5	Capital surplus partially offset by higher endowment mortgage outgoings
Example 6	Capital surplus and lower endowment mortgage outgoings
Example 7	Low start endowment mortgage

- 2.2.19** G_{/1} Table Example 1

EXAMPLE 1	
Capital shortfall and higher endowment mortgage outgoings	
<u>Background</u>	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 5 years	
Endowment <i>premium</i> per month: £75	
<u>Established facts</u>	
Endowment <i>surrender value</i>:	£3,200
Capital repaid under equivalent repayment mortgage:	£4,200
<i>Surrender value</i> less capital repaid:	(£1,000)
Cost of converting from endowment mortgage to repayment mortgage:	(£200)
<u>Total outgoings to date</u>	
Equivalent repayment mortgage (capital + interest + DTA life cover):	£21,950
Endowment mortgage (endowment <i>premium</i> + interest):	£22,250
Difference in outgoings (repayment – endowment):	(£300)
<u>Basis of compensation</u>	
In this example, the complainant has suffered loss because the <i>surrender value</i> of the endowment is less than the capital repaid and also because of the higher total outgoings to date of the endowment mortgage relative to the repayment mortgage. The two losses and the conversion cost are therefore added together in order to calculate the redress.	
<u>Redress</u>	
Loss from <i>surrender value</i> less capital repaid:	(£1,000)
Loss from total extra outgoings under endowment mortgage:	(£300)
Cost of converting to repayment mortgage:	(£200)
Total loss:	(£1,500)
Therefore total redress is:	£1,500

2.2.20

G

Table Example 2

/1

EXAMPLE 2	
Capital shortfall partially offset by lower endowment mortgage outgoings	
<u>Background</u>	

EXAMPLE 2	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 5 years	
Endowment <i>premium</i> per month: £60	
<u>Established facts</u>	
Endowment <i>surrender value</i> :	£2,500
Capital repaid under equivalent repayment mortgage	£4,200
<i>Surrender value</i> less capital repaid under equivalent repayment mortgage:	(£1,700)
Cost of converting from endowment mortgage to repayment mortgage	(£300)
<u>Total outgoings to date:</u>	
Repayment mortgage (capital + interest + DTA life cover):	£21,950
Endowment mortgage (endowment <i>premium</i> + interest):	£21,350
Difference in outgoings (repayment – endowment):	£600
<u>Basis of Compensation</u>	
In this example, the complainant has suffered loss because the <i>surrender value</i> of the endowment is less than the capital repaid but has gained from the lower outgoings of the endowment mortgage to date. In calculating the redress the gain may be offset against the loss unless the complainant's particular circumstances are such that it would be unreasonable to take account of the gain.	
Redress if it is not unreasonable to take account of the whole of the gain from lower outgoings	
Loss from <i>surrender value</i> less capital repaid:	(£1,700)
Gain from total lower outgoings under endowment mortgage:	£600
Cost of converting to repayment mortgage:	(£300)
Net loss:	(£1,400)
Therefore total redress is:	£1,400
Redress if it is unreasonable to take account of gain from lower outgoings	
Loss from <i>surrender value</i> less capital repaid:	(£1,700)
Gain from total lower outgoings under endowment mortgage:	Ignored*
Cost of converting to repayment mortgage:	(£300)
Net loss taken into account:	(£2,000)

EXAMPLE 2	
Therefore total redress is:	£2,000
* In this example, and also in Examples 3, 7, 8 and 9, the complainant's circumstances are assumed to be such as to make it unreasonable to take account of <i>any</i> of the gain from lower outgoings.	

2.2.21

G Table Example 3

/1

EXAMPLE 3	
Capital shortfall more than offset by lower endowment mortgage outgoings	
<u>Background</u>	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 8 years	
Endowment <i>premium</i> per month: £65	
<u>Established facts</u>	
Endowment <i>surrender value</i> :	£7,300
Capital repaid under equivalent repayment mortgage:	£7,600
<i>Surrender value</i> less capital repaid:	(£300)
Cost of converting from endowment mortgage to repayment mortgage:	(£200)
<u>Total outgoings to date</u>	
Repayment mortgage (capital + interest + DTA life cover):	£34,510
Endowment mortgage (endowment <i>premium</i> + interest):	£33,990
Difference in outgoings (repayment – endowment):	£520
<u>Basis of Compensation</u>	
In this example, the complainant has suffered loss because the surrender value of the endowment is less than the capital repaid but has gained from the lower total outgoings of the endowment mortgage. In calculating redress the gain may be offset against the loss unless the complainant's particular circumstances are such that it would be unreasonable to take account of the gain.	
Redress if it is not unreasonable to take account of the whole of the gain from lower outgoings	
Loss from <i>surrender value</i> less capital repaid:	(£300)
Gain from total lower outgoings under endowment mortgage:	£520
Cost of converting to repayment mortgage:	(£200)
Net gain:	£20
Therefore, there has been no loss and no redress is payable.	
Redress if it is unreasonable to take account of gain from lower outgoings	

EXAMPLE 3	
Loss from <i>surrender value</i> less capital repaid:	(£300)
Gain from total lower outgoings under endowment mortgage:	Ignored
Cost of converting to repayment mortgage:	(£200)
Net loss taken into account:	(£500)
Therefore total redress is:	£500

2.2.22

G

Table Example 4

/1

EXAMPLE 4	
Capital surplus more than offset by higher endowment mortgage outgoings	
<u>Background</u>	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 8 years	
Endowment <i>premium</i> per month: £75	
<u>Established facts</u>	
Endowment <i>surrender value</i> :	£7,800
Capital repaid under equivalent repayment mortgage:	£7,600
<i>Surrender value</i> less capital repaid:	£200
Cost of converting from endowment mortgage to repayment mortgage:	(£250)
<u>Total outgoings to date</u>	
Repayment mortgage (capital + interest + DTA life cover):	£34,510
Endowment mortgage (endowment <i>premium</i> + interest):	£34,950
Difference in outgoings (repayment – endowment):	(£440)
<u>Basis of compensation</u>	
In this example, the complainant has suffered loss because of the higher total outgoings to date of the endowment mortgage but has gained because the <i>surrender value</i> of the endowment is greater than the capital repaid. Since the sum of the loss and the conversion cost is greater than the gain, the redress is calculated as the difference between the two.	
<u>Redress</u>	
Gain from <i>surrender value</i> less capital repaid:	£200
Loss from total extra outgoings under endowment mortgage:	(£440)
Cost of converting to repayment mortgage:	(£250)

EXAMPLE 4	
Net loss:	(£490)
Therefore total redress is:	£490

2.2.23

G

Table Example 5

/1

EXAMPLE 5	
Capital surplus partially offset by higher endowment mortgage outgoings	
<u>Background</u>	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 10 years	
Endowment <i>premium</i> per month: £75	
<u>Established facts</u>	
Endowment <i>surrender value</i> :	£11,800
Capital repaid under equivalent repayment mortgage:	£9,700
<i>Surrender value</i> less capital repaid:	£2,100
Cost of converting from endowment mortgage to repayment mortgage:	(£300)
<u>Total outgoings to date</u>	
Repayment mortgage (capital + interest + DTA life cover):	£46,800
Endowment mortgage (endowment <i>premium</i> + interest):	£47,500
Difference in outgoings (repayment – endowment):	(£700)
<u>Basis of compensation</u>	
In this example, the complainant has suffered loss because of the higher total outgoings to date of the endowment mortgage relative to the repayment mortgage. However the sum of this and the conversion cost is less than the complainant's gain from the difference between the <i>surrender value</i> of the endowment and the capital repaid. Thus no redress is payable.	
<u>Redress</u>	
Gain from <i>surrender value</i> less capital repaid:	£2,100
Loss from total extra outgoings under endowment mortgage:	(£700)
Cost of converting to repayment mortgage:	(£300)
Net gain:	£1,100
Therefore there has been no loss and no redress is payable.	

2.2.24

G

Table Example 6

/1

Example 6	
Capital surplus and lower endowment mortgage outgoings	
<u>Background</u>	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 10 years	
Endowment <i>premium per month</i> : £65	
<u>Established facts</u>	
Endowment <i>surrender value</i> :	£10,100
Capital repaid under equivalent repayment mortgage:	£9,700
<i>Surrender value</i> less capital repaid:	£400
Cost of converting from endowment mortgage to repayment mortgage:	(£200)
<u>Total outgoings to date</u>	
Repayment mortgage (capital + interest + DTA life cover):	£46,800
Endowment mortgage (endowment <i>premium</i> + interest):	£46,300
Difference in outgoings (repayment – endowment):	£500
<u>Basis of compensation</u>	
In this example, the complainant has gained both because the <i>surrender value</i> of the endowment is greater than the capital repaid and because of the lower total outgoings of the endowment mortgage. These gains are larger than the cost of converting to a repayment mortgage. Thus no further action is necessary.	
<u>Redress</u>	
As there has been no loss, no redress is payable.	

2.2.25

G

Table Example 7

/1

Example 7	
Low start endowment mortgage	
<u>Background</u>	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 10 years	
Endowment <i>premium per month</i> : starting at £35 in first year, increasing by 20% simple on each <i>policy</i> anniversary, reaching £70 after five years and then remaining at that level.	
<u>Established facts:</u>	
Endowment <i>surrender value</i> :	£8,200
Capital repaid under equivalent repayment mortgage::	£9,700

Example 7	
<i>Surrender value</i> less capital repaid:	(£1,500)
Cost of converting from endowment mortgage to repayment mortgage:	(£250)
<u>Total outgoings to date</u>	
Repayment mortgage (capital + interest + DTA life cover):	£46,800
Endowment mortgage (endowment <i>premium</i> + interest):	£45,640
Difference in outgoings (repayment minus endowment):	£1,160
Of this difference in outgoings, £800 arose in the five year period when the complainant was paying a low endowment <i>premium</i> .	
<u>Basis of compensation</u>	
In this example, the complainant has suffered loss because the <i>surrender value</i> of the endowment is less than the capital repaid but has gained from the lower total outgoings of the endowment mortgage. As in Example 3, in calculating redress the whole of the gain should be offset against the loss unless the complainant's particular circumstances are such that it would be unreasonable to do so. However, unlike Example 3, in a low start endowment mortgage the complainant may have chosen to pay a lower than usual <i>premium</i> in the early years (this would need to be established on the facts of the case). Where it has been established that the complainant chose to make lower payments, even if it is unreasonable to take account of the whole of the gain from total outgoings, the gain from paying a lower <i>premium</i> during the low start period is normally taken into account. In such cases the redress is calculated as the capital loss plus the conversion cost minus the total amount by which repayment mortgage outgoings would have exceeded the actual low start endowment mortgage outgoings during the five year low start period.	
Redress if it is not unreasonable to take account of the whole of the gain from lower outgoings	
Loss from <i>surrender value</i> less capital repaid:	(£1,500)
Gain from total lower outgoings under endowment mortgage:	£1,160
Cost of converting to repayment mortgage:	(£250)
Net loss:	(£590)
Therefore total redress is:	£590
Redress if it is unreasonable to take account of gain from lower outgoings	
Loss from <i>surrender value</i> less capital repaid:	(£1,500)
Gain from total lower outgoings during low start period of endowment mortgage:	£800
Cost of converting to repayment mortgage:	(£250)
Net loss taken into account:	(£950)
Therefore total redress is:	£950

Interest rates

- 2.2.26** G_{/1} In fixing a repayment comparator, it would be appropriate to have regard to the repayment quotation actually provided at the time of sale. If more than one repayment quotation was obtained, the comparison should be with the quotation which approximates most closely to the terms of the endowment mortgage actually taken. If a repayment quotation was not provided, or is not now available, it should be assumed that the interest rate for the repayment comparison is the same as that of the mortgage endowment arrangements. *Firms* will then need to replicate interest rate changes throughout the lifetime of the comparator mortgage.

Life cover

- 2.2.27** G_{/1} Unless after due inquiry there is clear evidence that the complainant with a mortgage endowment had no foreseeable need for life cover at the time the endowment arrangements were concluded, in the overall comparison between a repayment mortgage and an endowment mortgage the monthly outgoings under the repayment will include the premium for the decreasing term assurance that would have been required. This adjustment for the cost of life cover is only to be made if the *firm* is undertaking a comparison of monthly outgoings. It is not appropriate to deduct the cost of life cover from the capital loss calculation, as this would constitute double counting.
- 2.2.28** G_{/1} If a deduction is to be attributed to the provision of life cover, the appropriate approach is to assume that the complainant took out the insurance quoted in the alternative repayment quotation provided at the time of the sale. If the quotation is not available, the deduction should be at the rates that would have been quoted at the time.

2.3 Remortgaging

- 2.3.1** G_{/1} As already noted, the basic objective of redress is to put the complainant, so far as is possible, in the position he would have been in if the inappropriate advice or other breach had not occurred: for their part, the complainants should take such reasonable steps as they can to limit loss once they are informed of the position they are in because of the failure of advice at the time of sale.
- 2.3.2** G_{/1} In practice, it is likely to be appropriate for a complainant whose complaint has been upheld to convert to a repayment mortgage, whether or not there is financial loss to date. It will normally be possible for complainants to do so without incurring unreasonable cost. Conversion will of course mean that the complainant no longer has a *policy*.
- 2.3.3** G_{/1} *Firms* should therefore in the case of upheld complaints inform complainants that it is likely to be appropriate and necessary for them to convert to a repayment arrangement.
- 2.3.4** G_{/1} *Firms* should make it clear that they will bear the costs of conversion if the rearrangement is made with the existing lender and to the equivalent repayment mortgage. If a complainant is not willing to rearrange with the existing lender, then

the costs to be paid by the *firm* should normally be limited to those which would have been payable had the rearrangement been made with the existing lender and to the equivalent repayment mortgage. If it is not possible to rearrange with the existing lender, for example, if the lender has a closed book, the *firm* should pay all costs which are not unreasonable in completing the rearrangement with an alternative provider. Such costs might include an administration fee for changing the existing arrangement, redemption penalty, arrangement fee for the new mortgage and the reasonable cost of further advice if necessary.

- 2.3.5** G_{/1} If the “new” mortgage is, in fact, arranged at a lower interest rate than the existing loan, the benefit to the complainant should usually be disregarded, as it is always open to complainants to change their underlying mortgage arrangements at any time.
- 2.3.6** G_{/1} If the “new” mortgage is arranged at a higher interest rate than the existing loan, the increased payment should not normally be taken into account in calculating any payment to be made to the complainant.
- 2.3.7** G_{/1} If the complainant takes the opportunity to increase his loan on the occasion of the remortgage, the expenses which a *firm* pays by way of compensation should be paid by reference to the capital sum due under the “old” loan.
- 2.3.8** G_{/1} As stated, one aspect of the conversion process is the disposal of the endowment *policy*. The standard approach to assessing loss requires *firms* to calculate loss using the *surrender value*. However, once loss is established on this basis and *firms* move to deal with redress, they may wish to consider whether there is a role for the *policy*’s “market value” within the traded endowment *policy* (TEP) market.
- 2.3.9** G_{/1} A *firm* may arrange the sale of the endowment *policy* on the traded endowment market, provided the full implications of such a course of action are explained to the complainant and his express consent is obtained for the firm to arrange the sale. This includes informing the investor that he will continue to be the life assured under the *policy*. The complainant should be informed that such an arrangement may reduce or eliminate the amount of redress actually borne by the *firm*, but not so as to affect the amount of redress he receives.
- 2.3.10** G_{/1} In the event that a complainant is willing to pursue this option, a *firm* should first have assessed the complainant’s loss using the approach set out in this appendix, and the minimum amount the complainant should receive under such a sale arrangement is the sum representing the position the complainant should have been in under this appendix together with the reimbursement of remortgaging costs. In order to ensure the process does not delay the provision of redress, the *firm* must pay this minimum sum immediately the complainant agrees to the sale arrangement. To the extent that the net amount realised by the sale of the *policy* on the traded endowment market exceeds the total redress due to the complainant, this greater sum is to be paid to the complainant on completion of the sale. If the amount realised by the sale of the *policy* on the traded endowment market is less than the total redress due to the complainant, the *firm* will be responsible for the amount of the shortfall.

- 2.3.11** G_{/1} Table Example of assessment set out at 2.3.10

The following example illustrates the position:

Surrender value	£10,000	TEP value	£16,000
Loss calculated by standard approach	£5,000		

Remortgaging costs	£300		
Total	<u>£15,300</u>		
Complainant receives £16,000 all ultimately funded from the TEP sale.			
Surrender value	£10,000	TEP value	£13,000
Redress calculated by standard approach	£5,000		
Remortgaging costs	£300		
Total	<u>£15,300</u>		
Complainant receives £15,300, £13,000 ultimately funded from the TEP sale and £2,300 ultimately funded from the <i>firm</i> .			

2.4 Policy reconstruction

2.4.1 G_{/1} This section of this appendix is primarily concerned with circumstances where the term of the mortgage and associated endowment *policy* extend beyond the individual complainant's normal retirement age in circumstances where the *firm* regards a complaint as justified because the arrangement is not affordable in retirement; and this could have, and should have, been foreseen at the time of the advice.

2.4.2 G_{/1} Two sets of circumstances are examined at *DISP* App 2.4.3G to *DISP* App 2.4.13G. Although these are considered in isolation, *firms* should, as part of their investigation of all of the factors involved in the complaint, consider whether either set of circumstances should be considered in conjunction with those factors examined at *DISP* App 2.2G.

Case 1

2.4.3 G_{/1} If on enquiry it is found that no proper assessment of the complainant's post-retirement means had been undertaken at the time of *sale*, but if the likelihood had been that the complainant would have borrowed the same amount over a shorter term (up to retirement) using an endowment *policy* as a repayment vehicle, then an appropriate form of redress would be for the *policy* to be reconstructed with a shorter term.

2.4.4 G_{/1} Redress should in most cases be provided by meeting the cost of rearranging the *policy*, by way of a lump sum payment into the *policy* in respect of the higher rate of *premium* due from its inception. It may be appropriate in individual cases to take account of the lower *premiums* that the complainant will have paid to date. The *guidance* in *DISP* App 2.2, as to the circumstances in which this will be appropriate, will be relevant here.

- 2.4.5** G_{/1} If the *policy* extends beyond retirement age and the complainant is already retired, the *policy* should be reconstructed to a maturity date as at the accepted retirement date, with the *policy* proceeds becoming immediately payable. The costs are to be borne by the *firm*, subject to any lower outgoings adjustment.
- 2.4.6** G_{/1} *Firms* should consider whether the reconstruction would have tax implications for complainants (see *DISP* App 2.5.8G and *DISP* App 2.5.9G).
- 2.4.7** G_{/1} The reconstruction process deals with the situation to the date the *policy* is reconstructed. The complainant will generally be responsible for paying the increased *premiums* for the remaining term.
- 2.4.8** G_{/1} At the time the complainant is advised of the revised *premium*, he should as a matter of good practice be provided with a reprojection based on the prevailing *projection* rates, which will allow him to address any projected shortfall.
- 2.4.9** G_{/1} If it is not possible for a *firm* to reconstruct a *policy*, then it should offer the investor equivalent redress, for example, by paying a cash lump sum equivalent to the amount that would have been credited to a reconstructed *policy*.

Case 2

- 2.4.10** G_{/1} If a loan extending into retirement was on any basis not affordable, whether or not it is reconstructed to the retirement date, *firms* will need to consider whether, if proper advice had been given, the loan would have been taken out at all and, if not, consider what arrangements might now need to be made in order to reduce the amount of the complainant's borrowings.

Mismatched loans and policy terms

- 2.4.11** G_{/1} If a complaint is regarded as justified by the *firm* on the basis that the endowment *policy* maturity date extends beyond the mortgage term expiry date and the *firm* is responsible for this situation, the *policy* should be reconstructed so that it matures at the expiry of the mortgage term.
- 2.4.12** G_{/1} In these circumstances the *guidance* given elsewhere in *DISP* App 2.4 will apply as appropriate.

Examples

- 2.4.13** G_{/1} The following examples illustrate the approach to redress as described in this section.
- 2.4.14** G_{/1} Table Example 8

EXAMPLE 8

Term extends beyond retirement age and *policy* reconstruction

Background

45 year old male non-smoker, having taken out a £50,000 loan in 1998 for a term of 25 years. Unsuitable sale identified on the grounds of affordability and complaint raised on 12th *policy* anniversary.

It has always been the intention of the complainant to retire at State retirement age 65.

Term from date of sale to retirement is 20 years and the maturity date of the mortgage is 5 years after retirement.

Established facts

Established <i>premium</i> paid by investor on <i>policy</i> of original term (25 years):	£81.20
<i>Premium</i> that would have been payable on <i>policy</i> with term from <i>sale</i> to retirement (20 years):	£111.20
Actual <i>policy</i> value at time complaint assessed:	£12,500
Value of an equivalent 20-year <i>policy</i> at time complaint assessed:	£21,300
Difference in <i>policy</i> values at time complaint assessed:	£8,800
Difference in outgoings (20 year <i>policy</i> – 25 year <i>policy</i>):	£4,320

Basis of compensation

The *policy* is reconstructed as if it had been set up originally on a term to mature at retirement age, in this example, a term of 20 years. The difference in the current value of the *policy* actually sold to the complainant and the current value of the reconstructed *policy*, as if the *premium* on the reconstructed *policy* had been paid from outset, is calculated. The complainant has gained from lower outgoings (lower *premiums*) of the actual endowment *policy* to date. In calculating the redress, the gain may be offset against the loss unless the complainant's particular circumstances are such that it would be unreasonable to take account of the gain.

Redress generally if it is not unreasonable to take account of the whole of the gain from lower outgoings

Loss from current value of reconstructed <i>policy</i> less current value of actual <i>policy</i> :	(£8,800)
Gain from total lower outgoings under actual <i>policy</i> :	£4,320
Net loss:	(£4,480)
Therefore total redress is:	£4,480

Redress if it is unreasonable to take account of gain from lower outgoings	
Loss from current value of reconstructed <i>policy</i> less current value of actual <i>policy</i> :	(£8,800)
Gain from total lower outgoings under actual <i>policy</i> :	<i>Ignored</i>
Therefore total redress is:	<u>£8,800</u>
<u>Additional Information</u>	
<p>If the <i>policy</i> is capable of reconstruction, the complainant must now fund the higher <i>premiums</i> himself for the remainder of the term of the shortened <i>policy</i> until maturity. In this example the higher <i>premium</i> could be £111.20. However the <i>firm</i> should provide the complainant with a reprojection letter based on the reconstructed <i>policy</i> such that the actual monthly payment required to achieve the target sum could be even higher, say £130. The reprojection letter should set out the range of options facing the complainant to deal with the projected shortfall, if any.</p>	

2.4.15

G

Table Example 9

/1

EXAMPLE 9	
Term extends beyond retirement age: example of failure to explain investment risks	
<u>Background</u>	

EXAMPLE 9

45 year old male non-smoker, having taken out a £50,000 loan in 1998 for a term of 25 years. Unsuitable sale identified on the grounds of affordability and complaint raised on 12th anniversary.

It has always been the intention of the complainant to retire at state retirement age 65.

Term from date of sale to retirement is 20 years and the maturity date of the mortgage is five years after retirement.

In addition, an endowment does not meet the complainant's attitude to investment risk and a repayment mortgage would have been taken out if properly advised.

Established facts

<i>Surrender value</i> (on the 25 year <i>policy</i>) at time complaint assessed:	£12,500
Capital repaid under repayment mortgage of term to retirement date (20 years):	£21,000
<i>Surrender value</i> less capital repaid:	(£8,500)
Difference in outgoings (repayment – endowment):	£5,400
Cost of converting from endowment mortgage to repayment mortgage:	£200

Basis of compensation:

The *surrender value* of the (25 year term) endowment *policy* is compared to the capital that would have been repaid to date under a repayment mortgage arranged to repay the loan at retirement age, in this example, a repayment mortgage for a term of 20 years. The complainant has gained from lower outgoings of the endowment mortgage to date. In calculating the redress, the gain may be offset against the loss unless the complainant's particular circumstances are such that it would be unreasonable to take account of the gain. The conversion costs are also taken into account in calculating the redress.

Redress generally

Loss from <i>surrender value</i> less capital repaid:	(£8,500)
---	----------

EXAMPLE 9	
Gain from total lower outgoings under endowment mortgage:	£5,400
Cost of converting to a repayment mortgage:	(£200)
Net loss:	(£3,300)
Therefore total redress is:	<u>£3,300</u>
Redress if it is unreasonable to take account of gain from lower outgoings	
Loss from <i>surrender value</i> less capital repaid:	(£8,500)
Gain from total lower outgoings under endowment mortgage:	<i>Ignored</i>
Cost of converting to a repayment mortgage:	(£8,700)
Therefore total redress is:	<u>£8,700</u>

2.5 Additional considerations

Introduction

- 2.5.1 G_{/1} This section addresses two issues which may be relevant to the standard redress for unsuitability cases, as well as some post-retirement cases upheld on the grounds of affordability.

Continuing life cover and other policy benefits

- 2.5.2 G_{/1} *Firms* will need to consider the importance for many complainants of having life assurance in place to ensure a mortgage is paid off in the event of death.
- 2.5.3 G_{/1} If a complaint is upheld and the *policy* is to be surrendered as part of the settlement, the *firm* should remind the complainant in writing that the life cover within the endowment will be terminated and that it may therefore be appropriate to take advice about the merits or otherwise of taking out a stand-alone *life policy* in substitution.
- 2.5.4 G_{/1} If a need for life assurance at inception has been established so that a deduction representing its cost has been made from the redress payable under *DISP* App 2.2.4G, the *firm* should advise the complainant that the *firm* would be responsible for paying any *premium* for an appropriate replacement *policy* which exceeds that used for calculating the deduction or alternatively will, where possible, provide the

cover itself at that cost. If it is not possible for the *firm* to provide the cover itself at the original cost, it may choose to discharge that obligation by the payment of an appropriate lump sum. Any such amount should enable the complainant to effect the cover at the original cost, with no additional cost in respect of increased age or deterioration in health. This option may be particularly relevant if the *firm* against which the complaint has been made is an independent intermediary which cannot itself provide the cover, although it may be possible for such a *firm* to arrange for the product provider to offer cover to the complainant at the original *premium* on payment by the independent intermediary of an appropriate lump sum to meet any increased cost.

- 2.5.5** G_{/1} *Firms* will not be responsible for any increased costs resulting from the complainant choosing another *product provider* or for increased *premiums* charged by another provider chosen by the complainant in respect of the risk now presented, for example, higher *premiums* charged by the other provider due to deterioration in health, unless the original *product provider* no longer writes new business and is unable to offer revised life cover on a decreasing term assurance basis.
- 2.5.6** G_{/1} There can be exceptional circumstances where, in order to retain suitable life cover, the endowment *policy* has to be retained and any additional costs will be the responsibility of the *firm* that sold the endowment *policy*.
- 2.5.7** G_{/1} The same considerations will apply to the establishment of the need for other *policy* benefits including critical illness cover, disability cover and waiver of *premium*.

Taxation

- 2.5.8** G_{/1} *Firms* will need to consider the likely taxation implications for complainants if *policies* are surrendered or reconstructed, or any form of underpinning or guarantee is given.
- 2.5.9** G_{/1} If there is potential tax liability for the complainant, it will be appropriate for *firms* to undertake in writing to the complainant to reimburse any tax payable, or which becomes payable, and make payment on production of appropriate evidence of the liability and payment having been made.

”Underpinning”

- 2.5.10** G_{/1} *Firms* proposing to offer arrangements involving some form of minimum underpinning or “guarantee” should discuss their proposals with the *FSA* and the Inland Revenue at the earliest possible opportunity (see *DISP* App 2.5.8G). The *FSA* will need to be satisfied that these proposals provide complainants with redress which is at least commensurate with the standard approaches contained in this appendix.

Reference to the guidance in firms’ complaints settlement letters

- 2.5.11** G_{/1} One of the reasons for introducing the *guidance* in this appendix is to seek a reduction in the number of complaints which are referred to the *Financial Ombudsman Service*. If a *firm* writes to the complainant proposing terms for settlement which are in accordance with this appendix, the letter may include a statement that the calculation of loss and redress accords with the *FSA guidance*,

but should not imply that this extends to the assessment of whether or not the complaint should be upheld. *Firms* should point out that if the complainant remains dissatisfied, he may refer the complaint to the *Financial Ombudsman Service*.

2.5.12**G**

/1

A statement under *DISP* App 2.5.11G should not give the impression that the proposed terms of settlement have been expressly endorsed by either the *FSA* or the *Financial Ombudsman Service*.

Schedule4 Powers Exercised

1 Table

G

- 1 The following powers and related provisions in the *Act* and in the *Ombudsman Transitional Order* have been exercised by the *FSA* to make the *rules* in *DISP*:
 - (1) Section 138 (General *rule*-making power)
 - (2) Section 156 (General supplementary powers)
 - (3) Section 226 (*Compulsory Jurisdiction*)
 - (4) Section 229 (Awards)
 - (5) Schedule 17 paragraph 13 (*FSA's* procedural *rules*)
 - (6) Article 15 (Record-keeping and reporting requirements relating to *relevant complaints*) of the *Ombudsman Transitional Order*.

- 2 The following power in the *Act* has been exercised by the *FSA* to give the *guidance* in *DISP*:
 - (1) Section 157(1) (*Guidance*)

- 3 The following powers and related provisions in the *Act* have been exercised by the *FOS Ltd* to make the *rules* in *DISP*:
 - (1) Section 227 (*Voluntary Jurisdiction*)
 - (2) Section 230 (Costs)
 - (3) Schedule 17 paragraph 8 (*Guidance*)
 - (4) Schedule 17 paragraph 14 (The scheme's *rules*)
 - (5) Schedule 17 paragraph 15 (*Fees*)
 - (6) Schedule 17 paragraph 18 (Terms of reference to the scheme)

- 4 For convenience, the table below shows the various powers exercised by the *FSA* and *FOS Ltd* in making the various *rules* in *DISP*.

- 5 The aim of the *guidance* in the following table is to give the reader a quick overall view of the *rule*-making powers exercised by the *FSA* and *FOS Ltd*.

2 Table

- 6 It is not a complete statement of those requirements and should not be relied on as if it were.
- 7 The powers to make *rules* relating to the new *ombudsman* scheme are shared between the *FSA* and the *Financial Ombudsman Service (FOS Ltd)*. *FOS Ltd's* rules are subject to *FSA* consent or approval. (Powers exercised by *FOS Ltd* are marked by * in the table below).

Actions for damages for contravention under section 150 of the Act

1 Table

G	
1	The table below sets out the rules in <i>DISP</i> contravention of which by an <i>authorised person</i> may be actionable under section 150 of the <i>Act</i> (Actions for damages) by a <i>person</i> who suffers loss as a result of the contravention.
2	If a "Yes" appears in the column headed "For <i>private person</i> ?", the rule may be actionable by a " <i>private person</i> " under section 150 (or, in certain circumstances, his fiduciary or representative; see article 6(2) and (3)(c) of the Financial Services and Markets Act 2000 (Rights of Action) Regulations 2001 (SI 2001 No 2256)). A "Yes" in the column headed "Removed" indicates that the <i>FSA</i> has removed the right of action under section 150(2) of the <i>Act</i> . If so, a reference to the rule in which it is removed is also give.
3	The column headed "For other person?" indicates whether the rule may be actionable by a <i>person</i> other than a <i>private person</i> (or his fiduciary or representative) under article 6(2) and (3) of those Regulations. If so, an indication of the type of <i>person</i> by whom the rule may be actionable is given.

**THE PROFESSIONAL FIRMS SOURCEBOOK (AMENDMENT) INSTRUMENT
2001**

- A. The Financial Services Authority amends the Professional firms sourcebook ('PROF') in the exercise of the powers in Section 138 (General rule-making power) and in Section 157(1) (Guidance) of the Financial Services and Markets Act 2000.
- B. This instrument shall come into force immediately.
- C. PROF is amended as set out in the Annex to this instrument.
- D. This instrument may be cited as the Professional Firms Sourcebook (Amendment) Instrument 2001.

By order of the Board

20 September 2001

ANNEX

Amendments to PROF

1. In *PROF* 5.2.1R(5) substitute "the regulated activity must be an activity" for "the regulated activities must be activities".
2. In *PROF* 5.3 insert "other" before "sourcebooks".
3. In *PROF* 5.3.1G substitute "The parts" for "Parts" and substitute "*PROF* 5.3.7G" for "*PROF* 5.3.5G".
4. In *PROF* 5.3.3G delete "The" at the beginning of the heading and substitute "TC 2" for "chapter 2".
5. In the heading of *PROF* 5.3.4G delete "The".
6. In place of *PROF* 5.3.6G insert the following:

Dispute resolution: Complaints sourcebook

5.3.6 G *DISP* 1.1.1R(1)(c) provides that *DISP* 1 (Complaint handling procedures for firms) does not apply to an *authorised professional firm* in so far as its *non-mainstream regulated activities* are concerned. *DISP* 2.6.7R further provides that a complaint about an *authorised professional firm* cannot be handled under the *Compulsory Jurisdiction* of the *Financial Ombudsman Service* if it relates solely to *non-mainstream regulated activity* and can be handled by a *designated professional body*. This is because such a complaint will be handled by the relevant professional body.

7. Insert the following after *PROF* 5.3.6G:

Market Conduct sourcebook

5.3.7 G *MAR* 4.4.1R(3) provides that *MAR* 4, which deals with the endorsement of the City Code on Takeovers and Mergers and the Rules Governing Substantial Acquisitions of Shares, does not have effect in relation to an *authorised professional firm* in respect of *non-mainstream regulated activity*.

COLLECTIVE INVESTMENT SCHEMES (AMENDMENT) INSTRUMENT 2001

Powers Exercised

- A. The Financial Services Authority amends the Collective Investment Schemes Sourcebook in the exercise of the powers and related provisions listed in Schedule 4 to the Collective Investment Schemes Sourcebook (Powers Exercised)
- B. The provisions of and under the Act relevant to making rules and listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement:

- C. This instrument shall come into force at the beginning of the day on which section 19 of the Act (The general prohibition) comes into force.

Amendments to the Collective Investment Schemes Sourcebook

- D. The Collective Investment Schemes Sourcebook is amended in accordance with the Annex to this instrument.

Citation

- E. The instrument may be cited at the Collective Investment Schemes (Amendment) instrument 2001

By order of the Board
20 September 2001

ANNEX

Transitional 7	(1) Delete '(d) a fund of funds scheme; or'
	(2) Replace '(e)' with '(d)'
	(3) Replace '(f)' with '(e)' and at the end of '(f)' replace '(e)' with '(d)'
CIS 4.7.5G	Replace 'G' with an 'R'
CIS 5.4.6R(4)	Replace '(30)' and '(29)' with '(80)' and '(79)' respectively
CIS 15.8.4R Section 5 Note 7	Replace the second sentence with 'If that amount is receivable (for example, the contract is "in the money") deduct minimum dealing costs. If, however, the amount is payable (for example, the contract is "out of the money") then add minimum dealing costs to the <i>margin</i> and the value is that figure as a negative sum.'
CIS 16.5.2G	Replace the cross reference ' <i>AUTH</i> 3.20.3R(3)' with ' <i>CIS</i> 16.5.1R(3)'

Special Guide for Energy Market Participants Instrument 2001

- A. The Financial Services Authority gives the guidance in the Annex to this instrument in the exercise of the power in section 157(1) of the Financial Services and Markets Act 2000.
- B. This instrument comes into force immediately.
- C. This instrument may be cited as the Special Guide for Energy Market Participants Instrument 2001.
- D. The Annex to this instrument may be cited as the Special guide for energy market participants, or EMPS.

By order of the Board
20 September 2001

Annex

EMPS: Special guide for energy market participants

EMPS: Special guide for energy market participants

1. Special guide for energy market participants

1.1 Application and purpose

- 1.1.1 G This special guide is for *energy market participants*.
- 1.1.2 G The purpose of this special guide is to help prospective and actual *energy market participants* find their way around the *Handbook* by setting out which parts of it apply to them and by setting out a form of *waiver* that the *FSA* will be minded to grant to *energy market participants*.

1.2 Parts of Handbook applicable to energy market participants

- 1.2.1 G The parts of the Handbook and their applicability to *energy market participants* are listed in *EMPS 1.2.3G*. *Energy market participants* should read applicable parts of the *Handbook* to find out what the detailed regulatory requirements for *energy market participants* are.
- 1.2.2 G *EMPS 1.2.3G* takes account of the availability of the *waiver* mentioned in *EMPS 2*.
- 1.2.3 G Table Applicability of parts of Handbook to energy market participants

This table belongs to *EMPS 1.2.1G*

	Part of Handbook	Applicability to energy market participants
High Level Standards	Principles for Businesses (<i>PRIN</i>)	This applies.
	Senior management arrangements, Systems and Controls (<i>SYSC</i>)	This applies.
	Threshold Conditions (<i>COND</i>)	This applies.
	Statements of Principle and Code of Practice for Approved Persons (<i>APER</i>)	This applies to an <i>approved person</i> who performs a <i>controlled function</i> for an <i>energy market participant</i> .
	The Fit and Proper test for Approved Persons (<i>FIT</i>)	This applies.
	General provisions (<i>GEN</i>)	This applies.

	Part of Handbook	Applicability to energy market participants
Business standards	Interim Prudential sourcebooks (<i>IPRU</i>)	<p>Chapter 1 (Application and General) of <i>IPRU(INV)</i> (Interim Prudential sourcebook: Investment Businesses) applies.</p> <p>Chapter 3 (Financial resources for Securities and Futures Firms which are not Investment Firms) of <i>IPRU(INV)</i> applies, but <i>energy market participants</i> whose main business consists of the generation, production, storage, distribution and/or transmission of <i>energy</i> may be granted a waiver of Chapter 3 in the FSA's discretion: see <i>EMPS 2</i>.</p> <p>The other parts of <i>IPRU(INV)</i> do not apply.</p> <p>The other <i>IPRU</i> sourcebooks do not apply.</p>
	Conduct of Business sourcebook (<i>COB</i>)	Only some parts of <i>COB</i> apply to <i>energy market activity</i> : see <i>COB 1.6.6R – COB 1.6.11G</i> .
	Market Conduct sourcebook (<i>MAR</i>)	This applies; however <i>MAR 2</i> (Price stabilising rules) is likely to be of only marginal relevance to the business of an <i>energy market participant</i> .
	Training and Competence sourcebook (<i>TC</i>)	<p><i>TC 1</i> (Commitments) applies.</p> <p><i>TC 2</i> (Rules and guidance) is likely to apply where an <i>energy market participant</i> conducts activities set out in <i>TC 2.1.4R</i>. However, <i>energy market participants</i> may be granted a waiver of <i>TC 2.4.5R(2)</i> in the FSA's discretion: see <i>EMPS 2</i>. Where such a waiver is granted the <i>energy market participant</i> will be entitled to assess an <i>employee</i> as competent to engage in or oversee an activity even though the <i>employee</i> has not passed each module of the appropriate <i>approved examination</i>.</p>
	Money Laundering sourcebook (<i>ML</i>)	This applies.

	Part of Handbook	Applicability to energy market participants
Regulatory processes	Authorisation manual (<i>AUTH</i>)	This applies in relation to an application by a prospective <i>energy market participant</i> for a <i>Part IV permission</i> .
	Supervision manual (<i>SUP</i>)	This applies, with the following qualifications: <ul style="list-style-type: none"> (a) in <i>SUP</i> 3 (Auditors), only some provisions apply if <i>IPRU(INV)</i> 3 (Financial resources for Securities and Futures Firms which are not Investment Firms) does not apply to an <i>energy market participant</i> (because it has been granted a <i>waiver</i> of that chapter as described in <i>EMPS</i> 2): see <i>SUP</i> 3.1.2R and <i>SUP</i> 3.2.4G; (b) in <i>SUP</i> 10 (Approved persons), if an <i>energy market participant's</i> principal purpose is to carry on activities other than <i>regulated activities</i>, then the scope of the <i>significant influence functions</i> is restricted to the <i>required functions</i>: see <i>SUP</i> 10.1.21R – <i>SUP</i> 10.1.22G; (c) <i>SUP</i> 16.7 (Financial reports): <i>energy market participants</i> whose main business consists of the generation, production, storage, distribution and/or transmission of <i>energy</i> may be granted a <i>waiver</i> of this section in the <i>FSA's</i> discretion: see <i>EMPS</i> 2; (d) <i>SUP</i> 17 (Transaction reporting): <i>energy market participants</i> may be granted a <i>waiver</i> of this section in the <i>FSA's</i> discretion: see <i>EMPS</i> 2; and (e) <i>SUP</i> App 2 (Insurers: Scheme of operations) does not apply.
	Enforcement manual (<i>ENF</i>)	This applies.
	Decision making manual (<i>DEC</i>)	This applies.
Redress	Dispute resolution: Complaints sourcebook (<i>DISP</i>)	<p><i>Energy market participants</i> are subject to the <i>compulsory jurisdiction</i> of the <i>Financial Ombudsman Service</i>.</p> <p>However, a <i>firm</i> which does not, and notifies the <i>FSA</i> under <i>DISP</i> 1.1.7R that it does not, conduct business with <i>eligible complainants</i> (persons eligible to have a complaint considered under the <i>Financial Ombudsman Service</i>, as defined in <i>DISP</i> 2.4) will be exempt from the <i>rules</i> on complaint handling procedures for <i>firms</i> (<i>DISP</i> 1.2 to <i>DISP</i> 1.7) and from the <i>Financial Ombudsman Funding rules</i> (<i>DISP</i> 5.2 to <i>DISP</i> 5.8).</p>

	Part of Handbook	Applicability to energy market participants
	Compensation sourcebook (<i>COMP</i>)	<i>COMP</i> applies to all <i>firms</i> . However, <i>energy market participants</i> that do not conduct business that could give rise to a <i>protected claim</i> by an <i>eligible claimant</i> as defined and have no reasonable likelihood of doing so can gain exemption under <i>COMP</i> 13.3 from some compensation scheme levies.
	Complaints against the FSA (<i>COAF</i>)	This applies.
Specialist sourcebooks	Collective Investment Schemes sourcebook (<i>CIS</i>)	<i>CIS</i> will ordinarily apply to an <i>energy market participant firm</i> that carries on <i>regulated activities</i> in relation to an <i>energy collective investment scheme</i> .
	Professional firms sourcebook (<i>PROF</i>)	None of the other specialist sourcebooks applies.
	Lloyd's sourcebook (<i>LLD</i>)	
	Recognised Investment Exchange and Recognised Clearing House sourcebook (<i>REC</i>)	
Special guides	Special guide for service companies (<i>SERV</i>)	This does not apply because an <i>energy market participant</i> is defined to exclude a <i>service company</i> .
	Special guide for energy market participants (<i>EMPS</i>)	This applies.
	Special guide for oil market participants (<i>OMPS</i>)	This does not apply because an <i>energy market participant</i> is defined to exclude an <i>oil market participant</i> .
Schedules	Summary schedules	These apply, but only to the extent that the sourcebook or manual to which they relate applies.
	1. Record keeping requirements	
	2. Notification requirements	
	3. Fees and other required payments	
	4. Powers exercised in making the Handbook	
	5. Rights of action for damages	
	6. Rules that can be waived	
	7. Releases	
	Glossary of definitions	This applies.
	Index	This applies.

2 Waiver

2.1 Form of waiver

- 2.1.1 G *EMPS 2 Ann 1G* sets out a form of *waiver* that the *FSA* will be minded to give to *energy market participants* in the exercise of its statutory discretion under section 148 of the *Act* to grant a *waiver* of certain *rules*.
- 2.1.2 G *Energy market participants* should bear in mind that section 148 of the *Act* requires that in order to give a *waiver* of particular *rules*, the *FSA* must be satisfied that:
- (1) compliance with the *rules*, or with the *rules* as unmodified, would be unduly burdensome or would not achieve the purpose for which the *rules* were made; and
 - (2) the *waiver* would not result in undue risk to persons whose interests the *rules* are intended to protect.
- 2.1.3 G Accordingly, the *FSA* must be satisfied that the statutory criteria will be met in each case where an *energy market participant* applies for a *waiver* in the form in *EMPS 2 Ann 1G*.
- 2.1.4 G In particular, clause 4 of the form of *waiver* in *EMPS 2 Ann 1G* will not ordinarily be inserted in *waivers* for *energy market participants* that will not, at the time the *waiver* will take effect, clearly satisfy the conditions set out in that clause. For these purposes the *FSA* will take into account the relative proportions of the *energy market participant's* assets and revenues that are referable to the various parts of its business, as well as to any other factor that the *FSA* considers is relevant to an assessment of the prudential risk presented by the *energy market participant*.

Form of Waiver: Energy Market Participant

Power

1. This *waiver* is given by the *FSA* under section 148 of the *Act* (Modification and waiver of rules).

Authorised person to whom this waiver applies

2. This *waiver* applies to (the “firm”).

Guidance Note

In addition to the provisions of this *waiver*, the following special application provisions in the *Handbook* will apply to the firm because it is an *energy market participant*: *COB* 1.6.6R – *COB* 1.6.11G and *SUP* 3.1.2R, *SUP* 3.2.4G, *SUP* 10.1.21R and *SUP* 10.1.22G.

Term

3. (1) This *waiver* takes effect from the date of this notice.

(2) However, if the firm is not then an *energy market participant*, this *waiver* takes effect only when the firm becomes one.

(3) This *waiver* ends, except as specified in (4):

(a) when the firm first stops being an *energy market participant*; or

(b) if (a) does not happen earlier, 30 November 2003.

(4) The modification of *TC* 2.4.1R in this *waiver* ends 12 months after the date in (3).

Waiver: Capital and financial reporting requirements¹

4. The *FSA* directs that the parts of the *Handbook* mentioned in the table do not apply to the firm, if the firm satisfies both the following conditions:

(1) the firm’s main business consists of the generation, production, storage, distribution, or transmission of *energy*; and

(2) the firm does not engage in *oil market activity* as a member of a *recognised investment exchange* or *designated investment exchange* which is under the rules of that exchange entitled to trade with other members.

Table:

Part of Handbook	Waiver
<i>IPRU(INV)</i> 3	<i>IPRU(INV)</i> 3 (Financial resources for Securities and Futures Firms which are not Investment Firms) does not apply to the firm if the firm satisfies both the conditions in this clause.

¹ For whether this clause would be inserted in a particular case, see *EMPS* 2.1.4G.

Part of Handbook	Waiver
SUP 16.7	SUP 16.7 (Financial reports) does not apply to the firm if the firm satisfies both the conditions in this clause.

Guidance Notes

An *energy market participant* to which IPRU(INV) 3 does not apply is still subject to the requirement of *Principle 4* to have adequate financial resources.

The conditions in this clause are imposed under s. 148(5) of the *Act*. For *guidance* on the effect of conditions attached to a *waiver*, see SUP 8.4.1G(2).

Waiver: Training and competence

5. The *FSA* directs that the parts of the *Handbook* mentioned in the table apply to the firm with the modifications specified in the table.

Table:

Part of Handbook	Modifications
TC 2.4.1R and TC 2.4.5R	<p>TC 2.4.1R and TC 2.4.5R are modified:</p> <p>(1) so that TC 2.4.5R(2) does not apply to the firm during the term of this <i>waiver</i> in relation to any <i>person</i> who is an <i>employee</i> of the firm during the term of this <i>waiver</i>; and</p> <p>(2) so that any assessment of an <i>employee</i> in reliance on (1) ceases to have effect for the purposes of TC 2.4.1R 12 months after the end of this <i>waiver</i>.</p>

Guidance Note

TC 2.4.1R provides (with certain exceptions) that a *firm* must not permit an *employee* to engage in or oversee an activity unless the *employee* has been assessed as competent in that activity in accordance with TC 2.4.5R

TC 2.4.5R(2) provides that a *firm* must not assess an *employee* as competent to engage in or oversee an activity unless the *employee* has passed each module of the appropriate *approved examination* specified in the annexes to TC 2.

Twelve months after the end of this *waiver*, an assessment of competence carried out in reliance on this *waiver* will cease to have effect. The effect of this is to require a re-assessment of the competence of an *employee* who was assessed as competent without having passed each module of the appropriate *approved examination* specified in the annexes to TC 2 in accordance with TC 2.4.1R and TC 2.4.5R (to the extent that TC 2.4.1R would otherwise apply to the firm in relation to that *employee*).

Modification: Transaction reports

6. The *FSA* directs that the part of the *Handbook* mentioned in the table apply to the firm with the modifications specified in the table.

Table:

Part of Handbook	Modification
SUP 17	SUP 17 (Transaction reports) does not apply to the firm in relation to its <i>energy market activity</i> .

Interpretation

7. (1) Unless the contrary intention appears, interpretative provisions in *GEN 2* (Interpreting the Handbook) apply to this *waiver* in the same way they apply to the *Handbook*.

Guidance Note

Defined terms in this *waiver* (other than the term "the firm") are italicised.

(2) For the purposes of this *waiver*, the term "employee" has the same meaning as in *TC*.

Special Guide for Oil Market Participants Instrument 2001

- A. The Financial Services Authority gives the guidance in the Annex to this instrument in the exercise of the power in section 157(1) of the Financial Services and Markets Act 2000.
- B. This instrument comes into force immediately.
- C. This instrument may be cited as the Special Guide for Oil Market Participants Instrument 2001.
- D. The Annex to this instrument may be cited as the Special guide for oil market participants, or OMPS.

By order of the Board
20 September 2001

Annex

OMPS: Special guide for oil market participants

OMPS: Special guide for oil market participants

1. Special guide for oil market participants

1.1 Application and purpose

- 1.1.1 G This special guide is for *oil market participants*.
- 1.1.2 G The purpose of this special guide is to help prospective and actual *oil market participants* find their way around the *Handbook* by setting out which parts of it apply to them.

1.2 Parts of the Handbook applicable to oil market participants

- 1.2.1 G The parts of the *Handbook* and their applicability to *oil market participants* are listed in OMPS 1.2.2G. *Oil market participants* should read applicable parts of the *Handbook* to find out what the detailed regulatory requirements for *oil market participants* are.
- 1.2.2 G Table: Parts of *the Handbook* applicable to *oil market participants*

This table belongs to OMPS 1.2.1G

	Part of Handbook	Applicability to oil market participants
High Level Standards	Principles for Businesses (<i>PRIN</i>)	This applies.
	Senior management arrangements, Systems and Controls (<i>SYSC</i>)	This applies.
	Threshold Conditions (<i>COND</i>)	This applies.
	Statements of Principle and Code of Practice for Approved Persons (<i>APER</i>)	This applies to an <i>approved person</i> who performs a <i>controlled function</i> for an <i>oil market participant</i> .
	The Fit and Proper test for Approved Persons (<i>FIT</i>)	This applies.
	General provisions (<i>GEN</i>)	This applies.

	Part of Handbook	Applicability to oil market participants
Business standards	Interim Prudential sourcebooks (<i>IPRU</i>)	<p>Chapter 1 (Application and General) of <i>IPRU(INV)</i> (Interim Prudential sourcebook: Investment Businesses) applies.</p> <p>Chapter 3 (Financial resources for Securities and Futures Firms which are not Investment Firms) of <i>IPRU(INV)</i> only applies to an <i>oil market participant</i> if it is a member of a <i>recognised investment exchange</i> or a <i>designated investment exchange</i> which is, under the rules of that exchange, entitled to trade with other members: see <i>IPRU(INV)</i> 3-1A.</p> <p>The other parts of <i>IPRU(INV)</i> do not apply.</p> <p>The other <i>IPRU</i> sourcebooks do not apply.</p>
	Conduct of Business sourcebook (<i>COB</i>)	Only some parts of <i>COB</i> apply to <i>oil market activity</i> : see <i>COB</i> 1.6.6R - <i>COB</i> 1.6.11G.
	Market Conduct sourcebook (<i>MAR</i>)	This applies; however <i>MAR</i> 2 (Price stabilising rules) is likely to be of only marginal relevance to the business of an <i>oil market participant</i> .
	Training and Competence sourcebook (<i>TC</i>)	<i>TC</i> 1 (Commitments) applies. <i>TC</i> 2 (Rules and guidance) is likely to apply where an <i>oil market participant</i> conducts activities set out in <i>TC</i> 2.1.4R.
	Money Laundering sourcebook (<i>ML</i>)	This applies.

	Part of Handbook	Applicability to oil market participants
Regulatory processes	Authorisation manual (<i>AUTH</i>)	This applies in relation to an application by a prospective <i>oil market participant</i> for a <i>Part IV permission</i> .
	Supervision manual (<i>SUP</i>)	This applies, with the following qualifications: <ul style="list-style-type: none"> (a) in <i>SUP</i> 3 (Auditors), only some provisions apply if <i>IPRU(INV)</i> 3 (Financial Resources for Securities and Futures Firms which are not Investment Firms) does not apply to an <i>oil market participant</i>: see <i>SUP</i> 3.1.2R and <i>SUP</i> 3.2.4G; (b) in <i>SUP</i> 10 (Approved persons), if an <i>oil market participant's</i> principal purpose is to carry on activities other than <i>regulated activities</i>, then the scope of the <i>significant influence functions</i> is restricted to the <i>required functions</i>: see <i>SUP</i> 10.1.21R – <i>SUP</i> 10.1.22G; (c) <i>SUP</i> 16.7 (Financial reports) does not apply to the <i>firm</i> if <i>IPRU(INV)</i> 3 does not apply: see <i>SUP</i> 16.1.3R and <i>SUP</i> 16.7.5G; (d) <i>SUP</i> 17 (Transaction reporting) does not apply to an <i>oil market participant</i> in relation to its <i>oil market activity</i>: see <i>SUP</i> 17.1.1R; and (e) <i>SUP</i> App 2 (Insurers: Scheme of operations) does not apply.
	Enforcement manual (<i>ENF</i>)	This applies.
	Decision making manual (<i>DEC</i>)	This applies.
	Dispute resolution: Complaints sourcebook (<i>DISP</i>)	<i>Oil market participants</i> are subject to the <i>Compulsory Jurisdiction</i> of the <i>Financial Ombudsman Service</i> . However, a <i>firm</i> which does not, and notifies the <i>FSA</i> under <i>DISP</i> 1.1 that it does not, conduct business with <i>eligible complainants</i> (persons eligible to have a complaint considered under the <i>Financial Ombudsman Service</i> , as defined in <i>DISP</i> 2.4) will be exempt from the <i>rules</i> on complaint handling procedures for <i>firms</i> (<i>DISP</i> 1.2 to <i>DISP</i> 1.7) and from the <i>Financial Ombudsman Funding rules</i> (<i>DISP</i> 5.2 to <i>DISP</i> 5.8).
Redress	Compensation sourcebook (<i>COMP</i>)	<i>COMP</i> applies to all <i>firms</i> . However, <i>oil market participants</i> that do not conduct business that could give rise to a <i>protected claim</i> by an <i>eligible claimant</i> as defined and have no reasonable likelihood of doing so can gain exemption under <i>COMP</i> 13.3 from some compensation scheme levies.

	Part of Handbook	Applicability to oil market participants
	Complaints against the FSA (<i>COAF</i>)	This applies.
Specialist sourcebooks	Collective Investment Schemes sourcebook (<i>CIS</i>)	<i>CIS</i> will ordinarily apply to an <i>oil market participant</i> that carries on <i>regulated activities</i> in relation to an <i>oil collective investment scheme</i> . None of the other specialist sourcebooks applies.
	Professional firms sourcebook (<i>PROF</i>)	
	Lloyd's sourcebook (<i>LLD</i>)	
	Recognised Investment Exchange and Recognised Clearing House sourcebook (<i>REC</i>)	
Special guides	Special guide for service companies (<i>SERV</i>)	This does not apply because <i>oil market participant</i> is defined to exclude a <i>service company</i> .
	Special guide for energy market participants (<i>EMPS</i>)	This does not apply because <i>energy market participant</i> is defined to exclude an <i>oil market participant</i> .
	Special guide for oil market participants (<i>OMPS</i>)	This applies.
Schedules	Summary schedules	These apply, but only to the extent that the sourcebook or manual to which they relate applies.
	1. Record keeping requirements	
	2. Notification requirements	
	3. Fees and other required payments	
	4. Powers exercised in making the Handbook	
	5. Rights of action for damages	
	6. Rules that can be waived	
	7. Releases	
Glossary of definitions		This applies.
Index		This applies.

Energy Market Participants and Oil Market Participants (Consequential Amendments) Instrument 2001

- A. The Financial Services Authority (the “FSA”) amends the Conduct of Business sourcebook, the Supervision manual, and the Glossary, in the ways indicated in Annexes A, B and C to this instrument.
- B. The FSA makes this instrument in the exercise of the powers and related provisions in or under the Financial Services and Markets Act 2000 (the “Act”) listed in Annex D.
- C. The provisions of the Act relevant to altering rules and listed in Annex D are specified for the purpose of section 153(2) of the Act (Rule-making instruments).
- D. This instrument comes into force immediately.
- E. This instrument may be cited as the Energy Market Participants and Oil Market Participants (Consequential Amendments) Instrument 2001.

By order of the Board
20 September 2001

Annex A

Changes to the Conduct of Business sourcebook

A.1 Amend the title of COB 1.6 in the following way:

1.6 Application to stock lending activity, corporate finance business, and oil market participants activity and energy market activity

A.2 Replace COB 1.6.6R – COB 1.6.7R with the following:

OIL MARKET ACTIVITY AND ENERGY MARKET ACTIVITY

1.6.6 R Only the provisions of COB listed in COB 1.6.7R apply in respect of:

(1) *oil market activity*; and

(2) *other energy market activity*;

undertaken by any *firm* (but see COB 1.6.8R).

1.6.7 R Table Provisions applied to oil market activity and energy market activity

This table belongs to COB 1.6.6R.

COB	Subject
Chapter 1	Application and general provisions
2.1	Clear, fair and not misleading
2.3	Reliance on and responsibility for others
2.4	Chinese walls
2.5	Exclusion of liability
Chapter 3	Financial promotion
4.1	Client classification
7.1	Conflict of interest and material interest
7.13	Dealing ahead
7.15	Non-market-price transactions
8.1	Confirmation of transactions
Chapter 9	Client assets

1.6.8 R Despite COB 1.6.6R, only the provisions of COB listed in COB 1.6.9R apply to:

(1) *oil market activity*; or

(2) *other energy market activity*;

undertaken by any *firm* where, if the *firm* were not *authorised*, the activity would not be a *regulated activity* because of:

(3) article 16 of the *Regulated Activities Order* (Dealing in contractually based investments); or

(3) article 22 of the *Regulated Activities Order* (Deals with or through authorised persons etc.).

- 1.6.9 R Table Oil market activity and energy market activity: provisions applied to certain dealings with or through authorised persons etc.

This table belongs to 1.6.8R.

COB	Subject
Chapter 1	Application and general provisions
2.3	Reliance on and responsibility for others
2.4	Chinese walls
2.5	Exclusion of liability
3.11	Unregulated collective investment schemes
7.15	Non-market-price transactions
Chapter 9	Client assets

- 1.6.10 G Article 16 of the *Regulated Activities Order* (Dealing in contractually based investments) sets out an exclusion for *unauthorised persons* who *deal in investments as principal* in *contractually based investments*. The exclusion relates to dealings:
- (1) with or through an *authorised person* or, in certain cases, an *exempt person*; or
- (2) in certain cases, through an office outside the *United Kingdom* maintained by a party to the transaction.
- 1.6.11 G Article 22 of the *Regulated Activities Order* (Deals with or through authorised persons) sets out an exclusion for *unauthorised persons* who *deal in investments as agent*. The exclusion relates to dealings with or through an *authorised person* if:
- (1) the transaction is entered into on advice given to the client by an *authorised person*; or
- (2) it is clear, in all the circumstances, that the client, in his capacity as an investor, is not seeking and has not sought advice from the agent as to the merits of the client's entering into the transaction (or the agent has declined to give such advice but has recommended the client seek such advice from an *authorised person*); and
- in either case, the agent does not receive from any person other than the client any pecuniary reward or advantage for which he does not account to the client.

Annex B

Changes to the Supervision manual

B.1 Amend note 1 to SUP 3.1.2R in the following way:

3.1.2 R Table

...

Note 1 = This note applies in relation to an *oil market participant* to which *IPRU(INV) 3* does not apply and in relation to an *energy market participant* to which *IPRU(INV) 3* does not apply. In SUP 3:

(a) Only SUP 3.1, SUP 3.2 and SUP 3.7 are applicable to such a *firm*; and

(b) only SUP 3.1, SUP 3.2 and SUP 3.8 are applicable to its auditor;

and, in each case, only if it has an auditor.

B.2 Amend SUP 3.2.4 G in the following way:

3.2.4 G SUP 3.1.1R and SUP 3.1.2R limit the application of this chapter in relation to *authorised professional firms* and certain *oil market participants* and certain *energy market participants*. Such a *firm* is not required, under this chapter, to appoint an auditor. If such a *firm* appoints an auditor, for example, under the Companies Act 1985, SUP 3.7 and SUP 3.8 nevertheless apply to help the FSA discharge its functions under the Act.

B.3 Amend SUP 10.1.21R and SUP 10.1.22G in the following way:

OIL MARKET PARTICIPANTS, AND SERVICE COMPANIES AND ENERGY MARKET PARTICIPANTS

10.1.21 R The descriptions of *significant influence functions*, other than the *required functions*, do not extend to activities carried on by a *firm* whose principal purpose is to carry on activities other than *regulated activities* and which is:

(1) an *oil market participant*; or

(2) a *service company*; or

(3) an *energy market participant*.

- 10.1.22 G It will be a matter of fact in each case whether, having regard to all the circumstances, including in particular where the balance of the business lies, a *firm's* principal purpose is to carry on activities other than *regulated activities* ~~having regard to all the circumstances, including in particular where the balance of the business lies~~. If a *firm* wishes to rely on SUP 10.1.21R, it should be in a position to demonstrate that its principal purpose is to carry on activities other than *regulated activities*.
- B.4 In SUP 17.1.1R, replace “***oil market investment activities***” with “***oil market activities***”.
- B.5 In the table in SUP App 1, 1.3.1G, in the column headed “Prudential sub-categories”, insert the expression “Energy market participant” after “Derivative fund manager” in the row headed “Securities and futures firm”.

Annex C

Changes to the Glossary

C.1 In the *Glossary*, insert the following definitions in the appropriate alphabetical order:

Definition title	Definition text
<i>Balancing and Settlement Code</i>	the document designated by the Secretary of State and adopted by the National Grid Company plc as the Balancing and Settlement Code as modified from time to time in accordance with the terms of the transmission licence granted under section 6(1)(b) of the Electricity Act 1989 in respect of England and Wales, or any subsequent similar instrument or arrangements.
<i>electricity</i>	(a) electricity in any form, including electricity as deliverable through the <i>Balancing and Settlement Code</i> ; (b) any right that relates to electricity, for example the right under a contract or otherwise to require a person to take any action in relation to electricity, including: <ul style="list-style-type: none"> (i) supplying electricity to any person or accepting supply of electricity; or (ii) providing any information or notice in relation to electricity; or (iii) making any payment in relation to the supply or non-supply, or acceptance or non-acceptance of supply, of electricity.
<i>EMPS</i>	the Special guide for energy market participants, forming part of the <i>Handbook</i> .
<i>energy</i>	coal, <i>electricity</i> , <i>natural gas</i> (or any by-product or form of any of them) or <i>oil</i> .
<i>energy collective investment scheme</i>	a <i>collective investment scheme</i> , the property of which consists only of <i>energy</i> , <i>energy investments</i> , <i>greenhouse gas emissions allowances</i> , <i>tradable renewable energy credits</i> or cash awaiting investment.
<i>energy investment</i>	any of the following: <ul style="list-style-type: none"> (a) a <i>unit</i> in an <i>energy collective investment scheme</i>; (b) an <i>option</i> to acquire or dispose of an <i>energy investment</i>; (c) a <i>future</i> or a <i>contract for differences</i> where the commodity or property of any other description in question is: <ul style="list-style-type: none"> (i) <i>energy</i>; or (ii) an <i>energy investment</i>; or (iii) a <i>greenhouse gas emissions allowance</i>; or (iv) a <i>tradable renewable energy credit</i>; (d) a <i>contract for differences</i> where the index or other factor in question is linked to or otherwise dependent upon fluctuations in the value or price of any of (c)(i) to (iv) (including any prices or charges in respect of imbalances under the <i>Network Code</i> or the <i>Balancing and Settlement Code</i>); (e) a <i>weather derivative</i>; (f) a <i>greenhouse gas emissions allowance</i>, if it is a <i>specified</i>

Definition title	Definition text
	<p><i>investment</i>;</p> <p>(g) a <i>tradable renewable energy credit</i>, if it is a <i>specified investment</i>;</p> <p>(h) <i>rights to or interests in investments</i> in (a) – (g).</p>
<i>energy market activity</i>	<p>(a) any <i>regulated activity</i> in relation to an <i>energy investment</i> or to <i>energy</i> which:</p> <p>(i) is the <i>executing of own account transactions</i> on any <i>recognised investment exchange</i> or <i>designated investment exchange</i>; or</p> <p>(ii) if it is not the <i>executing of transactions</i> on such exchanges, is performed in connection with or for persons who are not <i>private customers</i>;</p> <p>(b) <i>establishing, operating or winding up a collective investment scheme</i> which is an <i>energy collective investment scheme</i> in which <i>private customers</i> do not participate.</p>
<i>energy market participant</i>	<p>a <i>firm</i>:</p> <p>(a) whose permission:</p> <p>(i) includes a <i>requirement</i> that the firm must not carry on any <i>designated investment business</i> other than <i>energy market activity</i>;</p> <p>(ii) does not include a <i>requirement</i> that it comply with <i>IPRU(INV) 5</i> (Investment management firms) or <i>13</i> (Personal investment firms); and</p> <p>(b) which is not an <i>authorised professional firm, bank, building society, credit union, friendly society, ICVC, insurer, ISD investment firm, media firm, oil market participant, service company, incoming EEA firm</i> (without a <i>top-up permission</i>), or <i>incoming Treaty firm</i> (without a <i>top-up permission</i>).</p>
<i>greenhouse gas emissions allowance</i>	<p>an allowance, licence, permit, right, note, unit, credit, asset, certificate or instrument (the "allowance") where:</p> <p>(a) the allowance confers or may result in a benefit or advantage to its holder or another <i>person</i>; and</p> <p>(b) the allowance, or the benefit or advantage in (a), is linked to the emission or non-emission of quantities of carbon dioxide or other greenhouse gases into the environment by the holder of the allowance or someone else.</p>
<i>natural gas</i>	<p>(a) natural gas in any form, including natural gas as deliverable through the <i>Network Code</i>; and</p> <p>(b) any right that relates to natural gas, for example the right under a contract or otherwise to require a person to take any action in relation to natural gas, including:</p> <p>(i) delivering natural gas to any person or taking delivery of natural gas; or</p> <p>(ii) providing any information or notice in relation to natural gas; or</p> <p>(iii) making any payment in relation to the delivery or non-delivery, or the taking or non-taking of delivery, of natural gas.</p>

Definition title	Definition text
<i>Network Code</i>	the network code prepared by Transco plc in accordance with condition 7 of the public gas transporter licence granted or treated as granted to Transco plc under section 7(2) of the Gas Act 1986, as in force from time to time, or any subsequent similar instrument or arrangement.
<i>OMPS</i>	the Special guide for oil market participants, forming part of the <i>Handbook</i> .
<i>tradable renewable energy credit</i>	an allowance, licence, permit, right, note, unit, credit, asset, certificate or instrument (the "credit") where: (a) the credit confers or may result in a benefit or advantage to its holder or someone else; and (b) the credit, or the benefit or advantage in (a), is linked to the supply, distribution or consumption of energy derived from renewable sources by the holder of the credit or someone else.
<i>weather derivative</i>	a <i>contract for differences</i> where the index or other factor in question is a climatic variable.

C.2 In the *Glossary*, replace the following definitions with the text indicated:

Definition title	Definition text
<i>oil market activity</i>	(a) any <i>regulated activity</i> in relation to an <i>oil investment</i> or to <i>oil</i> which: (i) is the <i>executing of own account transactions</i> on any <i>recognised investment exchange</i> or <i>designated investment exchange</i> ; or (ii) if it is not the <i>executing</i> of transactions on such exchanges, is performed in connection with or for persons who are not individuals; and (b) <i>establishing, operating or winding up a collective investment scheme</i> which is an <i>oil collective investment scheme</i> in which individuals do not participate.
<i>oil market participant</i>	a <i>firm</i> : (a) whose permission: (i) includes a <i>requirement</i> that the firm must not carry on any <i>designated investment business</i> other than <i>oil market activity</i> ; and (ii) does not include a <i>requirement</i> that it comply with <i>IPRU(INV) 5</i> (Investment management firms) or <i>13</i> (Personal investment firms); and (b) which is not an <i>authorised professional firm, bank, building society, credit union, friendly society, ICVC, insurer, ISD investment firm, media firm, service company, incoming EEA firm</i> (without a <i>top-up permission</i>), or <i>incoming Treaty firm</i> (without a <i>top-up permission</i>).

C.3 In the *Glossary*, amend the following definition in the following way:

Definition title	Definition text
<i>oil investment</i>	any of the following: (a) a <i>unit</i> in an <i>oil collective investment scheme</i> ; (b) an <i>option</i> to acquire or dispose of an <i>oil investment</i> ; (c) a <i>future</i> where the <i>commodity</i> in question is <i>oil</i> ; (d) a <i>contract for differences</i> where the property in question is <i>oil</i> or an <i>oil investment</i> or the index or other factor in question is linked to or otherwise dependent upon fluctuations in the value or price of <i>oil</i> or any <i>oil investments</i> ; (e) rights to and interests in an <i>oil investment</i> <u><i>rights to or interests in investments in (a) – (d).</i></u>

C.4 In the *Glossary*, in the definition of “*investment management firm*”:

- (a) immediately after the expression “*credit union*, ”, insert the expression “*energy market participant*, ”; and
- (b) immediately after the expression “*media firm*, ”, insert the expression “*oil market participant*, ”.

C.5 In the *Glossary*, in the definition of “*investment management firm*”:

- (a) immediately after the expression “*credit union*, ”, insert the expression “*energy market participant*, ”; and
- (b) immediately after the expression “*media firm*, ”, insert the expression “*oil market participant*, ”.

C.6 In the *Glossary*, in the definition of “*securities and futures firm*”:

- (a) amend the following expression in the following way:
 “which is within (a), (b), (c), ~~(d)~~, (e) or (f)”; and
- (b) delete the full stop at the end of paragraph (d) and replace with a semi-colon; and
- (c) immediately after paragraph (d), insert new paragraphs as follows:
 “(e) an *energy market participant*;
 (f) an *oil market participant*.”

Annex D

Powers exercised

The following powers and related provisions in or under the Act have been exercised to alter rules under this instrument:

- Section 59 (Approval for particular arrangements)
- Section 118(8) (Market abuse)
- Section 138 (General rule-making power)
- Section 139(1) and (4) (Miscellaneous ancillary matters)
- Section 141 (Insurance business rules)
- Section 144 (Price stabilising rules)
- Section 145 (Financial promotion rules)
- Section 146 (Money laundering rules)
- Section 147 (Control of information rules)
- Section 149 (Evidential provisions)
- Section 150(2) (Actions for damages)
- Section 156 (General supplementary powers)
- Section 238(5) (Restrictions on promotion)
- Section 247 (Trust scheme rules)
- Section 340 (Appointment)
- Regulation 6(1) (FSA rules) of the Financial Services and Markets Act 2000 (Open-ended Investment Company) Regulations 2001

The following power in the Act has been exercised to alter guidance under this instrument:

- Section 157(1) (Guidance)

Special Guide for Service Companies Instrument 2001

- A. The Financial Services Authority gives the guidance in the Annex to this instrument in the exercise of the power in section 157(1) of the Financial Services and Markets Act 2000.
- B. This instrument comes into force immediately.
- C. This instrument may be cited as the Special Guide for Service Companies Instrument 2001.
- D. The Annex to this instrument may be cited as the Special guide for service companies, or SERV.

By order of the Board
20 September 2001

Annex

Special guide for service companies

SERV: Special guide for service companies

1. Handbook requirements for service companies

1.1 Application and purpose

- 1.1.1 G This special guide is for *service companies*. Its purpose is to help *service companies* find their way around the *Handbook* by setting out which parts of it apply to them.
- 1.1.2 G *Service companies* are firms whose *regulated activities* are restricted to making arrangements with a view to transactions in investments and agreeing to carry on that regulated activity. They are, in the main, technology companies who provide order routing, post-trade processing, or other services to market participants which assist them to deal in investments or arrange (bring about) deals in investments among themselves. A light-touch regulatory regime applies to *service companies* as set out in this Special guide.

1.2 Parts of the Handbook applicable to service companies

- 1.2.1 G The parts of the Handbook applicable to *Service companies* are listed in *SERV 1.2.2G*. *Service companies* should read applicable parts of *the Handbook* to find out what the detailed regulatory requirements for *service companies* are.
- 1.2.2 G Table: Parts of *the Handbook* applicable to *service companies*

This table belongs to *SERV 1.2.1G*

	Part of Handbook	Applicability to service companies
High Level Standards	Principles for Businesses (<i>PRIN</i>)	This applies.
	Senior management arrangements, Systems and Controls (<i>SYSC</i>)	This applies.
	Threshold Conditions (<i>COND</i>)	This applies.
	Statements of Principle and Code of Practice for Approved Persons (<i>APER</i>)	This applies to an <i>approved person</i> who performs a <i>controlled function</i> for a <i>service company</i> .
	The Fit and Proper test for Approved Persons (<i>FIT</i>)	This applies.
	General provisions (<i>GEN</i>)	This applies.

	Part of Handbook	Applicability to service companies
Business Standards	Interim Prudential sourcebooks (<i>IPRU</i>)	In the Interim Prudential sourcebook for investment business (<i>IPRU(INV)</i>), only Chapters 1 (Application and General) and 6 (Service Companies) apply: see <i>IPRU (INV)</i> 1.2.4R. The other Interim Prudential sourcebooks do not apply.
	Conduct of Business sourcebook (<i>COB</i>)	<i>COB</i> 3 (Financial promotion rules), and any provision of <i>COB</i> incorporated by reference in <i>COB</i> 3, applies. The rest of <i>COB</i> does not apply: see <i>COB</i> 1.2.1R(2). The <i>permission</i> given to <i>service companies</i> means that they must not <i>approve financial promotions</i> on behalf of another <i>person</i> or specified class of <i>person</i> , or deal with <i>private customers</i> . If the <i>firm communicates financial promotions to market counterparties and intermediate customers</i> only, <i>COB</i> 3 will have only very limited application (see <i>COB</i> 3.2.4R and <i>COB</i> 3.2.5R(1)).
	Market Conduct sourcebook (<i>MAR</i>)	<i>MAR</i> 1 (Code of market conduct), <i>MAR</i> 2 (Price stabilising rules) and <i>MAR</i> 4 (Endorsement of the Takeover Code) apply to <i>service companies</i> . <i>MAR</i> 3 (Inter-professional conduct) does not apply to <i>service companies</i> : see <i>MAR</i> 3.1.1R.
	Training and Competence sourcebook (<i>TC</i>)	<i>TC</i> 1 (Commitments) applies. <i>TC</i> 2 (Rules and guidance) does not apply to <i>service companies</i> because the only <i>regulated activities</i> for which they have <i>permission</i> are not within the activities mentioned in <i>TC</i> 2.1.4R.
	Money Laundering sourcebook (<i>ML</i>)	This applies.

	Part of Handbook	Applicability to service companies
Regulatory processes	Authorisation manual (<i>AUTH</i>)	This applies in relation to an application by a prospective <i>service company</i> for a <i>Part IV permission</i> .
	Supervision manual (<i>SUP</i>)	This applies, with the following qualifications: <ul style="list-style-type: none"> (a) in <i>SUP</i> 3 (Auditors), only sections 3.1, 3.2, and 3.7 apply to a service company (and only if it has an auditor) and only sections 3.1, 3.2 and 3.8 apply to its auditor (if it has one): see <i>SUP</i> 3.1.2R; (b) <i>SUP</i> 4 (Actuaries) does not apply: see <i>SUP</i> 4.1.1R; (c) in <i>SUP</i> 10 (Approved persons), if a <i>service company's</i> principal purpose is to carry on activities other than <i>regulated activities</i>, then the scope of the <i>significant influence functions</i> is restricted to the <i>required functions</i>: see <i>SUP</i> 10.1.21R – <i>SUP</i> 10.1.22G; (d) <i>SUP</i> 13 (Exercise of passport rights by UK firms) does not apply because <i>making arrangements with a view to transactions in investments</i> is not a <i>core investment service</i>; (e) <i>SUP</i> 14 (Incoming EEA firms changing details and cancelling qualification for authorisation) does not apply because a <i>service company</i> cannot be an <i>incoming EEA firm</i> (see explanation in (d)); (f) in <i>SUP</i> 16 (Reporting requirements), sections 16.4-16.6 do not apply and in section 16.7, only <i>SUP</i> 16.7.20R – <i>SUP</i> 16.7.2R apply: see <i>SUP</i> 16.1.1R; (g) <i>SUP</i> 17 (Transaction reporting) does not apply: see <i>SUP</i> 17.1.1R; and (h) <i>SUP</i> App 2 (Insurers: Scheme of operations) does not apply.
	Enforcement manual (<i>ENF</i>)	This applies.
	Decision making manual (<i>DEC</i>)	This applies.

	Part of Handbook	Applicability to service companies
Redress	Dispute resolution: the Complaints sourcebook (<i>DISP</i>)	<p>All firms are subject to the <i>Compulsory Jurisdiction</i> of the <i>Financial Ombudsman Service</i>.</p> <p>However, a <i>firm</i> which does not, and notifies the <i>FSA</i> under <i>DISP</i> 1.1 that it does not, conduct business with <i>eligible complainants</i> (persons eligible to have a complaint considered under the <i>Financial Ombudsman Service</i>, as defined in <i>DISP</i> 2.4) will be exempt from the <i>rules</i> on complaint handling procedures for <i>firms</i> (<i>DISP</i> 1.2 to <i>DISP</i> 1.7) and from the <i>Financial Ombudsman Funding rules</i> (<i>DISP</i> 5.2 to <i>DISP</i> 5.8).</p> <p>The definition of a <i>service company</i> means that a <i>service company</i> will qualify for these exemptions if it applies for them: see <i>DISP</i> 2.4.3R(2)(a).</p>
	Compensation sourcebook (<i>COMP</i>)	<i>COMP</i> does not apply to <i>service companies</i> , which are not <i>participant firms</i> under the <i>compensation scheme</i> , and are exempt from funding it.
	Complaints against the FSA (<i>COAF</i>)	This applies to <i>service companies</i> , although it contains no requirements for <i>service companies</i> .
Specialist sourcebooks	Collective Investment Schemes sourcebook (<i>CIS</i>)	None of the specialist sourcebooks applies.
	Professional firms sourcebook (<i>PROF</i>)	
	Lloyd's sourcebook (<i>LLD</i>)	
	Recognised Investment Exchange and Recognised Clearing House sourcebook (<i>REC</i>)	
Special guides	Special guide for service companies (<i>SERV</i>)	This applies.
	Special guide for energy market participants (<i>EMPS</i>)	This does not apply because an <i>energy market participant</i> is defined to exclude a <i>service company</i> .
	Special guide for oil market participants (<i>OMPS</i>)	This does not apply because an <i>oil market participant</i> is defined to exclude a <i>service company</i> .

	Part of Handbook	Applicability to service companies
Schedules	Summary schedules 1. Record keeping requirements 2. Notification requirements 3. Fees and other required payments 4. Powers exercised in making the Handbook 5. Rights of action for damages 6. Rules that can be waived 7. Releases	These apply, but only to the extent that the sourcebook or manual to which they relate applies.
	Glossary of definitions	This applies.
	Index	This applies.

**CONDUCT OF BUSINESS SOURCEBOOK (AMENDMENT No 2)
INSTRUMENT 2001**

Powers exercised

- A. The Financial Services Authority alters the Conduct of Business sourcebook in the exercise of the powers listed in Schedule 4 to the Conduct of Business sourcebook (Powers exercised).
- B. The provisions of the Financial Services and Markets Act 2000 (the "Act") relevant to making rules and identified in paragraph A are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

- C. This instrument comes into force immediately.

Amendment of the Conduct of Business sourcebook

- D. The Conduct of Business sourcebook is amended as set out in Annex 1 to this instrument.
- E. The transitional rules in the Conduct of Business sourcebook are amended as set out in Annex 2 to this instrument.

Citation

- F. This instrument may be cited as the Conduct of Business Sourcebook (Amendment No 2) Instrument 2001.

By order of the Board
18 October 2001

ANNEX 1

Amendments to the Conduct of Business sourcebook

In this Annex, underlining indicates new text and striking through indicates deleted text.

COB 6.8 Insurance contracts: life and general

COB 6.8.1

Amend as shown below:

COB 6.8 applies to a *firm* which *effects* or *carries out pure protection contracts, life policies or general insurance contracts.*

COB 6.8.2G

Amend as shown below:

- (1) *Principle 7* (Communications with clients) requires a *firm* to pay due regard to the information needs of its *customers*. This section reinforces *Principle 7* by requiring certain information to be provided to a *customer* before a *pure protection contract* or *general insurance contract* is entered into. Certain information must also be provided on ~~an ongoing~~ a continuing basis to a *customer* with a *pure protection contract* or life policy. (COB 6.1 to COB 6.5 deal with pre-sale information for life policies).
- (2) This section implements certain requirements of the *Third Life and Non-Life Directives*.
- (3) For *general insurance contracts*, *firms* may find it helpful to take account of the requirements issued by the General Insurance Standards Council ("GISC") ~~code for private customers~~. The provisions in this section relating to *general insurance contracts* are broadly in line with ~~not intended to exceed the~~ those requirements ~~of that code~~.

COB 6.8.5R

Amend the heading of the table as shown below:

~~Provision of information for pure protection in contracts.~~

COB 6.8.6R

Amend the heading as shown below:

Pure protection contracts and life policies: Information to be provided during the term of the contract.

COB 6.8.6R

Amend as shown below:

COB 6.8.7R and COB 6.8.8R apply to a *long-term insurer* if the policyholder is in the *United Kingdom* at the time of signing the application for the *pure protection contract or life policy*.

COB 6.8.7R

Amend as shown below:

If during the term of a *pure protection contract or life policy* entered into on or after 1 July 1994 there is any proposed change in the information ~~provided under~~ referred to in COB 6.8.5R items (1) to (10), the *long-term insurer* must inform the policyholder of the effect of the change before the change is made.

COB 6.8.8R

Amend as shown below:

If a *pure protection contract or life policy* entered into on or after 1 July 1994 provides for the payment of bonuses and the amounts of bonus are unspecified, the *long-term insurer* must, at least once a year coincident with or immediately following the first contract anniversary, either:

- (1) notify the policyholder of the amount of any bonus which has become payable under the contract, and which has not previously been notified under this rule; or
- (2) give the policyholder sufficient information to enable him to determine the amount of any such bonus.

COB 6.8.12R

Amend as shown below:

Before entering into a *general insurance contract* with a *customer*, covering a risk situated in the *United Kingdom*, a *firm* must, subject to COB 6.8.13R, provide the *customer* with:

- (1) details of its complaints procedure; and
- (2) a statement whether the firm or customer is entitled to choose the law applicable to the contract and, if so, the law which the firm proposes to choose.

COB 6.8.15R

Amend the heading as shown below:

Provision of information: general

COB 6.8.15R(2)

Amend as shown below:

If the contract is being made by telephone, the *firm* may give the information orally to the *customer*. If the *customer* ~~has entered into~~ enters into ~~committed to~~ the contract, a written version of the required information must be sent to the

customer within five *business days* of the ~~oral explanation~~ contract being entered into.

COB 6.8.17R

Amend as shown below:

Where a *pure protection contract*, *life policy* or *general insurance contract* is *effected* jointly, the information required by COB 6.8.3R, COB 6.8.7R, COB 6.8.8R or COB 6.8.12R may be sent to the first named *customer*.

COB 6.8.18R

Amend as shown below:

A *firm* must make an adequate record of information provided to a *customer* under COB 6.8 and retain that record for a minimum period after the information is provided of:

- (1) six years in the case of a *pure protection contract* or *life policy*; or
- (2) three years in the case of a *general insurance contract*.

ANNEX 2

Amendments to the Conduct of Business Transitional Rules

COB Table TR1: COB Transitional Provisions:

1. In column (2) of paragraphs 1.2 and 1.3 delete "ETPs 1 to 8" and substitute with "ETPs 1 to 9".
2. Insert the following additional paragraphs into the table as shown:

1.15	<i>ETP9</i>	R	<p><u>Group business disapplication for ex-IMRO firms</u></p> <p>(1) This paragraph applies to a <i>pre-N2 firm</i> which immediately before <i>commencement</i> was a member of <i>IMRO</i>.</p> <p>(2) <i>COB 1.3.1R</i> applies to a <i>pre-N2 firm</i> in (1) as if it provided as follows:</p> <p>"<i>COB</i> applies to <i>firms</i> with respect to the carrying on of:</p> <p>(1) all <i>regulated activities</i> except:</p> <p style="padding-left: 40px;">(a) to the extent that a provision of <i>COB</i> provides for a narrower application; and</p> <p style="padding-left: 40px;">(b) activities which fall within article 69 of the <i>Regulated Activities Order (Groups and joint enterprises)</i>, notwithstanding, in respect of article 69, article 4 (4) of that Order (Specified activities: general: investment firms); and</p> <p>(2) <i>unregulated activities</i> to the extent specified in any provision of <i>COB</i>."</p>	<i>commencement</i> to 30 June 2002	<i>commencement</i>
------	-------------	---	---	---	---------------------

1.16	<i>ETP9</i>	G	<p>The purpose of <i>ETP 9</i> is to carry forward for ex-<i>IMRO firms</i> the former regulatory treatment of intra-group investment business, which is carried on in conjunction with investment business for third parties. The effect of that treatment was that under the <i>IMRO</i> rulebook the rules did not apply to the business done for group companies which fell within the group business exemption in paragraph 18 of Schedule 1 to the Financial Services Act 1986. Effectively it was only the non-group third party element of the ex-<i>IMRO firm's</i> investment business that was subject to <i>IMRO's</i> rules. <i>COB</i> would not have carried forward this group business disapplication for such <i>firms</i>, were it not for the introduction of <i>ETP 9</i>.</p> <p>Note that during the <i>transitional period</i> the <i>FSA</i> will be consulting on its proposals how this issue should be treated in <i>COB</i> after 30 June 2002.</p>	<i>commencement</i> to 30 June 2002	<i>commencement</i>
------	-------------	---	--	--	---------------------

COB Table TR2: COB provisions to which transitional relief attaches

1. Insert the following additional section into the table as shown:

COB Rule	Rule Heading	Label		
		ETP	TTP	TSP
Chapter 1 Application and general provisions				
1.3 General application: what?				
1.3.1R		ETP9		

AUTHORISATION MANUAL (AMENDMENT NO 2) INSTRUMENT 2001

Powers exercised

- A. The Financial Services Authority amends the Authorisation manual in the exercise of the power in section 157(1) of the Financial Services and Markets Act 2000 (Guidance).

Commencement

- B. This instrument comes into force immediately.

Amendments to the Authorisation manual

- C. The Authorisation manual is amended in accordance with the Annex to this instrument.

Citation

- D. This instrument may be cited as the Authorisation Manual (Amendment No 2) Instrument 2001.

By order of the Board

18 October 2001

ANNEX

- AUTH 1.1.3G(2) replace "Fees [to be added later]" with "Authorisation Fees"
- AUTH 1.3.2G replace "[to be added later]" with "(Authorisation Fees)"
- AUTH 1.7.2G(2) replace "in" with "is"
- AUTH 2.7.7G(1) replace "*making arrangements with a view to transactions in investments*" with "*arranging (bringing about) deals in investments*"
- AUTH 2.7.7G(2) replace "*arranging (bringing about) deals in investments*" with "*making arrangements with a view to transactions in investments*"
- AUTH 2.9.1G in the third sentence, after "syndicate as" insert "a"
- AUTH 2 Ann 2G 1.1 in the second sentence, after "of" insert "the"
- AUTH 3.6.3G(4) replace "[]" with "()"
- AUTH 3.9.4G(1) replace "[to be added]" with "(Authorisation Fees)"
- AUTH 3.9.28G in the final sentence, after "conditions" insert "being met"
- AUTH 3.12.2G delete "[to be finalised]"
- AUTH 6.1.1G(3) after "*candidate*" insert ", but only as a matter of general relevance"
- AUTH 6.2.7G italicise "controlled functions"
- AUTH 6.2.9G replace "4G" with "4D"
- AUTH 6.3.9G de-italicise "*approval*"
- AUTH 6.5 heading, replace "Notifiable" with "Notified"
- AUTH 6.5.1G(3) replace "," with ":"
- AUTH 6.5.1G(4) delete "a *UK branch* of"
replace "," with ":"
replace "*United Kingdom*" with "*UK*"
- AUTH 6.5.2G replace "Notifiable" with "Notified"

SUPERVISION MANUAL (AMENDMENT NO 3) INSTRUMENT 2001

Powers exercised

- A. The Financial Services Authority amends the Supervision manual in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (the "Act"):
- (1) section 59 (Approval for particular arrangements);
 - (2) section 60 (Applications for approval);
 - (3) section 138 (General rule-making power);
 - (4) section 156 (General supplementary powers);
 - (5) section 157(1) (Guidance);
 - (6) section 182 (Notification);
 - (7) section 340 (Appointment).
- B. The provisions of the Act relevant to rules and listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

- C. This instrument comes into force immediately.

Amendments to the Supervision manual

- D. The Supervision manual is amended in accordance with the Annex to this instrument.

Citation

- E. This instrument may be cited as the Supervision Manual (Amendment No 3) Instrument 2001.

By order of the Board
18 October 2001

Annex
Amendments to text already made

SUP Transitional provisions

Transitional provision 7 Delete this provision

Transitional provision 8 At the top of column (4), add the heading "Approved persons"

SUP 3 Auditors

In the amendments to this chapter, underlining indicates new text and striking through indicates deleted text.

SUP 3.1.1R Amend as shown below:

This chapter applies to:

- (1) every *firm* within a category listed in column (1) of the table in *SUP 3.1.2R*; and
- (2) the external auditor of such a *firm* (if appointed under *SUP 3.3* or appointed under or as a result of a statutory provision other than in the *Act*);

in accordance with column (2) or (3) of that table, except as described in the remainder of this section.

SUP 3.1.2R Amend the following parts of the table as shown below

(1) Category of firm	(2) Sections applicable to the firm	(3) Sections applicable to its auditor
(5) <i>Small personal investment firm, service company or authorised professional firm</i> <u>which, in each case, has an auditor appointed under or as a result of a statutory provision other than in the <i>Act</i></u> (Note 2)	<i>SUP 3.1, SUP 3.2, SUP 3.7</i>	<i>SUP 3.1, SUP 3.2, SUP 3.8</i>

(1) Category of firm	(2) Sections applicable to the firm	(3) Sections applicable to its auditor
<p>Note 1 = This note applies in relation to an <i>oil market participant</i> to which <i>IPRU(INV) 3</i> does not apply and in relation to an <i>energy market participant</i> to which <i>IPRU(INV) 3</i> does not apply. In <i>SUP 3</i>:</p> <p>(a) only <i>SUP 3.1</i>, <i>SUP 3.2</i> and <i>SUP 3.7</i> are applicable to such a <i>firm</i>; and</p> <p>(b) only <i>SUP 3.1</i>, <i>SUP 3.2</i> and <i>SUP 3.8</i> are applicable to its auditor;</p> <p>and, in each case, only if it has an auditor <u>appointed under or as a result of a statutory provision other than in the <i>Act</i></u>.</p>		

SUP 3.2.4G Amend as shown below:

SUP 3.1.1R and *SUP 3.1.2R* limit the application of this chapter in relation to:

- (1) *authorised professional firms*;
- (2) ~~and certain~~ *oil market participants*, and ~~certain~~ *energy market participants*, to whom *IPRU(INV) 3* does not apply;
- (3) *small personal investment firms*; and
- (4) *service companies*.

Such a *firm* is not required, under this chapter, to appoint an auditor because *SUP 3.3 (Appointment of auditors)* does not apply. If such a *firm* appoints an auditor under or as a result of a statutory provision other than in the *Act*, for example, under the Companies Act 1985, *SUP 3.7 (Notification of matters raised by auditor)* and *SUP 3.8 (Rights and duties of all auditors)* nevertheless apply to help the *FSA* discharge its functions under the *Act*.

SUP 3.3.2R Amend the following parts of this rule as shown below:

A *firm* to which this section applies (see *SUP 3.1*) must:

- (1) appoint an auditor ~~to undertake the duties and responsibilities set out in *SUP 3.8* to *SUP 3.10* (as applicable)~~;

SUP 3.3.3G Amend the following sentence in this guidance as shown below:

Such a *firm* is expected to wish to ~~free to~~ have a single auditor who is appointed to fulfil both obligations.

SUP 6 Applications to vary and cancel Part IV permission

SUP 6 Ann 4G In the section entitled ‘Dealing with Residual Deposits: General’, delete provision 7.

SUP 10 Approved persons

- SUP 10.1.16R Add a comma between ‘*appointed representative*’ and ‘as they apply to a *firm*’
- SUP 10.1.23R(1) Remove italics from ‘*regulatory functions*’
- SUP 10.6.14G Before ‘*regulatory system*’, italicise ‘UK’
Italicise ‘person’
- SUP 10.6.22G Remove italics from ‘*Limited Liability Partnerships Act*’
- SUP 10.6.26R(1) Replace the upper case ‘S’ in ‘*Society*’ with a lower case ‘s’
- SUP 10.7.4G After ‘in relation to the’, italicise ‘United Kingdom’
Delete ‘change’
Italicise ‘SYSC’
- SUP 10.7.7G Remove italics from ‘*approved*’
After ‘the concern of the’, italicise ‘FSA’
- SUP 10.7.11G Before ‘head of compliance’, italicise ‘group’
- SUP 10.9.14R(2) Italicise ‘controlled function’
- SUP 10.10.4R Remove italics from ‘*dealing*’ in both places
- SUP 10.10.9G Change ‘TC 2.4.4.R’ and ‘TC 2.4.2R’ to ‘TC 2.4.5R’
- SUP 10.10.12G Delete the last sentence in brackets and replace with ‘A Form E (SUP 10 Ann 8G) may be used for this purpose.’
- SUP 10.10.15R Change ‘*Lloyds*’ to ‘*Lloyd’s*’
- SUP 10.10.18G Italicise ‘firm’s’;
Remove italics from ‘*approved*’
- SUP 10.10.19G Italicise ‘customer’ and ‘customer’s’
- SUP 10.11.2G Italicise the five instances of ‘SUP’ in the middle column
- SUP 10.12.1G Italicise ‘FSA’
- SUP 10.12.4G Italicise the following terms when they appear: firm, FSA, controlled functions, United Kingdom, UK, branch, group, authorised person, undertaking, subsidiary, overseas firm, outsourcing, outsourced, SUP, SYSC, approved persons, significant

influence functions, arrangement

In the third column, change 'SUP 15.7.7' to 'SUP 15.7.8G'

Insert two horizontal lines across all three columns, one above 'Outsourcing by A to B...' and the other above '(i) A to B, where B is a...'

SUP 10.13.3G After 'within the same *firm*', add 'or *group*'

SUP
10.13.7R(2)(b) Italicise 'regulatory body'

SUP 10 Ann 2G Under 'Circumstance', replace the text in the second box with the following:

Candidate is either an *approved person* or was the subject of a Form C submitted within the previous six *months* and is not seeking approval for a *significant influence function* for the first time.

Under 'Circumstance', replace the text in the third box with the following:

Candidate ceased to be an *approved person* more than six *months* ago is seeking to perform a *significant influence function* for the first time.

SUP 10 Ann 4D (Form A) On page ii, under 'Purpose of this Form', change 'AUTH 3.1D' to 'AUTH 6.3.1D'

In the Notes on page iii, under 'SHORTENED APPLICATION FORM', at the end of the second '(1)', delete 'or', at the end of the second '(2)', replace '.' with '; or' and after the second (2), add the following:

(3) there have been any significant changes to the answers provided in section 5 of the application form.

In the Notes on page iii, after paragraph 3.03 add the following:

3.06 & 3.07: The *firm* must complete question 3.06 and, if applicable, question 3.07. The *firm* must note that although *TC 2* may not apply, the commitments contained in *TC 1* apply to all *employees*.

In question 3.01e, replace 'Appointed rep – employee' with 'Appointed representative – customer function'

In question 3.01f, replace 'Appointed rep – principal' with 'Appointed representative – governing function'

In question 3.06, change 'TC 2.3.5R' to 'TC 2.4.5R' and change 'TC 2.1.3R' to 'TC 2.1.4R'

In question 3.07, delete 'each module' and replace with 'the

relevant module(s)' and change 'TC 2.4.5R' to 'TC 2.5.5R'

SUP 10 Ann 6R
(Form C)

In question 3.01, column A, move 'Internal movement of staff' to the top of the list

SUP 10 Ann 8G
(Form E)

On page ii, under 'The purpose of this Form', at the end of the first paragraph, add 'This form may also be used for transfers between *firms* that are part of the same *group*.'

On page ii, under 'The purpose of this Form', in the second paragraph, replace 'Form B' with 'Form C'.

On page ii, under 'The purpose of this Form', add a new paragraph at the end as follows:

A Form A must be completed in full if the *approved person* is seeking approval in respect of a *significant influence function* for the first time.

In the Notes on page iii, after paragraph 4.03 add the following:

4.06 & 4.07: The *firm* must complete question 4.06 and, if applicable, question 4.07. The *firm* must note that although TC2 may not apply, the commitments contained in TC1 apply to all *employees*.

In question 4.06, change 'TC 2.3.5R' to 'TC 2.4.5R' and change 'TC 2.1.3R' to 'TC 2.1.4R'

In question 4.07, delete 'each module' and replace with 'the relevant module(s)' and change 'TC 2.4.5R' to 'TC 2.5.5R'

SUP 11 Controllers and close links

SUP 11 Ann 4D
(Controllers
Form A)

In question 1.05, replace the question with the following:

Are all three conditions in either or both (a) or (b) satisfied?

Yes [] No []

(a) The conditions are:

(i) the *firm* is an *ISD investment firm*;

(ii) the *controller* is either an *ISD investment firm* or the *parent undertaking* of an *ISD investment firm*;
and

(iii) as a result of the proposed change in *control*, the *controller* would become a *parent undertaking* of the *firm*.

(b) The conditions are:

- (i) the *firm* is a *BCD credit institution*;
- (ii) the *controller* is either a *BCD credit institution* or the *parent undertaking* of a *BCD credit institution*; and
- (iii) as a result of the proposed change in *control*, the *controller* would become a *parent undertaking* of the *firm*.

If so, give details

SUP 13 Exercise of passport rights by UK firms

- SUP 13.1.2G In the second sentence, replace 'markets' with 'Markets'
- SUP 13.3.2G(1) Delete both references to '(i)'
- SUP 13.4.1G For 'SUP 13 Ann 3G' substitute 'SUP 13 Ann XG'
- SUP 13.4.4G(2)(b) In the first sentence, after ' refusal of a *consent notice*' insert 'under paragraph 20(3A) of Part III of Schedule 3 to the *Act*'

In the first sentence, in 'and the *consent notice*', change 'the' to 'this'

In the first sentence, after 'in this *consent notice*', insert '(unlike the *consent notice* for establishment of a *branch*)'

In the third sentence, italicise 'consent notice'
- SUP 13.5.3R(2)(e) Italicise 'FSA'
- SUP 13.5.5G In the last sentence, italicise 'authorised'
- SUP 13.5.6G(1) Replace 'Notification' with 'Notifications'
- SUP 13.6.10G(1)(b) Italicise 'UK'
- SUP 13.8.1R(1) Replace 'SUP 13.6.8G(1)' with 'SUP 13.6.10G(1)'
- SUP 13.8.1R(2)(c) Replace 'Notification' with 'Notifications'
- SUP 13.8.1R(2)(d) Replace '*Permission*' with '*permission*'
- SUP 13.8.1R(2)(e) Replace '*Permission*' with '*permission*'
- SUP 13.12.1G(2) Remove italics from '*notice of intention*'
- SUP 13 Ann 3G Change the status description of this Annex to Annex 3R

SUP 14 Incoming EEA firms: changing authorisation and cancelling qualification for authorisation

Title	Change the title of this chapter to 'Incoming EEA firms changing details, and cancelling qualification for authorisation'.
SUP 14.2.4G	Replace 'SUP 14.2.2G or SUP 14.2.3G' with 'SUP 14.2.3G or SUP 14.2.8G'
SUP 14.2.5G(2)	At end of the sentence, insert '(see SUP 14.2.8G)'
SUP 14.2.9G	In the first sentence, italicise 'firm'
SUP 14.4.1G(1)	Replace 'markets' with 'Markets'
SUP 14.4.1G(2)	Before 'The Financial Services Authority', insert 'The Passport Notifications Unit,'
SUP 14.5.1G	Replace the second instance of 'that' with 'the'

SUPERVISION MANUAL (AMENDMENT NO 4) INSTRUMENT 2001

Powers exercised

- A. The Financial Services Authority amends the Supervision manual in the exercise of the power in section 157(1) of the Financial Services and Markets Act 2000.

Commencement

- B. This instrument comes into force immediately.

Amendment of the Supervision manual

- C. The Supervision manual is amended by adding Schedule 1 (Record keeping requirements) as set out in the Annex to this instrument.

Citation

- D. This instrument may be cited as the Supervision Manual (Amendment No 4) Instrument 2001.

By order of the Board
18 October 2001

Annex
SUP Schedule 1 (Record keeping requirements)

Schedule 1
Record keeping requirements

G

- 1 The aim of the guidance in the following table is to give the reader a quick overall view of the relevant record keeping requirements.
- 2 It is not a complete statement of those requirements and should not be relied on as if it were.

DECISION MAKING MANUAL (AMENDMENT) INSTRUMENT 2001

Powers exercised

A. The Financial Services Authority amends the Decision making manual in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000:

(1) section 157(1) (Guidance); and

(2) section 395(5) (The Authority's procedures).

Commencement

B. This instrument comes into force immediately.

Amendments to the Decision making manual

D. The Decision making manual is amended in accordance with the Annex to this instrument.

Citation

C. This instrument may be cited as the Decision Making Manual (Amendment) Instrument 2001.

By order of the Board
18 October 2001

ANNEX

- DEC 4.3.8G After “*senior staff committee*”, insert “, other than the *FSA* Chairman’s Committee,”
- At the end of the provision, insert "The *FSA* Chairman's Committee may authorise the chairman of a *senior staff committee* to select its other members."
- DEC 4.3.9G After “*senior staff committee*”, insert “, other than the *FSA* Chairman’s Committee,”
- At the end of the provision, insert “The *FSA* Chairman’s Committee is accountable for its decisions to the *FSA* Board.”
- DEC 4.4.8G In the first sentence, insert a comma after “representations”
- In the third sentence, delete "legal" before "representatives"
- DEC 4.5.7G(3)(a) After "Chairman", add "or a Deputy Chairman"
- DEC 4.6 In the heading, delete "powers"

**LISTING RULES (FINANCIAL SERVICES AND MARKETS ACT 2000
AMENDMENT) INSTRUMENT 2001**

Powers exercised

- A. The Financial Services Authority makes this instrument in the exercise of the powers and related provisions listed in Annex 1 (Powers exercised).

Commencement

- B. This instrument comes into force at the beginning of the day on which section 72 of the Act (The competent authority) comes into force.

Amendments to the Listing Rules

- C. The Listing Rules are amended in accordance with Annex 2 to this instrument.

Guidance

- D. The Financial Services Authority gives the guidance in Annex 3 to this instrument.

Citation

- E. This instrument may be cited as the Listing Rules (Financial Services and Markets Act 2000 Amendment) Instrument 2001.

By order of the Board
18 October 2001

ANNEX 1

The Listing Rules – powers exercised

1. The following powers and related provisions in the Financial Services and Markets Act 2000 are exercised by the FSA to amend the Listing Rules:

- (a) sections 74 and 75
- (b) section 77
- (c) section 79 to 89 (inc)
- (d) section 91
- (e) section 96
- (f) section 98 to 101 (inc)

The fining policy is published in accordance with section 93

2. The following power in the Act is exercised by the FSA to give guidance:

- section 157(1).

ANNEX 2

The Listing Rules are amended as shown in the document attached (underlining indicates new text, striking through indicates deleted text).

[attach the Listing Rules with changes shown]

ANNEX 3

Guidance is given as shown in the document attached.

[attach the Guidance Manual]

READER'S GUIDE AMENDMENT INSTRUMENT 2001

Power exercised

- A. The Financial Services Authority amends the Reader's Guide in the exercise of the power in section 157(1) of the Financial Services and Markets Act 2000 (Guidance).

Commencement

- B. This instrument comes into force immediately.

Amendments to the Reader's Guide

- C. The Reader's Guide is amended in accordance with the Annex to this instrument.

Citation

- D. This instrument may be cited as the Reader's Guide Amendment Instrument 2001.

By order of the Board
15 November 2001

ANNEX

In this Annex, where amendments are shown rather than described, underlining indicates new or substituted text and ^ indicates deleted text.

Paragraph 2: Amend as shown:

2. The guide covers:
 - (1) structure (paragraphs 3 to 17);
 - (2) status of provisions (paragraphs 18 to 32);
 - (3) contents pages (paragraph 33);
 - (4) numbering :
 - pages (paragraphs 34 to 37);
 - contents (paragraphs 38 to 42);
 - (5) cross-references (paragraphs 43 to 45);
 - (6) defined terms (paragraph 46);
 - (7) schedules (paragraphs 47 to 59);
 - (8) glossary of definitions (paragraphs 60 to 63); and
 - (9) index (paragraphs 64 to 67).

Paragraphs 4 and 5:

4. Section 153 of the Act requires the FSA to exercise its rule-making powers in writing. The Act describes the document by which the rules are made as a 'rule-making instrument' and imposes a number of requirements, including a requirement to publish it. The FSA will publish all instruments by which provisions in the Handbook are made or amended in full on its website. These fulfil the statutory and other legal requirements for publication, and will be the definitive source for determining what the text was at any particular time for legal purposes (see section 154 of the Act (Verification of rules)). There is a list of the dates on which the various parts of the Handbook came into force in the latest Handbook Notice.
5. The Handbook as published on CD-ROM and on paper will provide a continuously updated consolidation of the contents of the instruments by which the provisions in the Handbook are made. This consolidation may contain typographical improvements, with no legal effect, which do not appear in the legal instruments.

Paragraph 8: After "Interim Prudential sourcebooks" add "(see the table at the end of this guide)." and delete from ": (1) for banks" to "(IPRU(INV))".

Paragraph 10:

- (1) For "contains" substitute "has with or in it".
- (2) Delete "with each module or group of modules as appropriate".

Paragraph 12(2):

- (1) For "typeface" substitute "font and size of type".
- (2) Delete "Sabon" and "Officina Sans".

Paragraph 19: Delete "Schedule 5,".

Paragraph 28 to 31: Amend as shown:

28. The letter G is normally used to indicate guidance given under section 157. The guidance in the Handbook relates to the operation of the Act, the rules in the Handbook and other matters. Most general guidance (meaning, in this Guide, guidance given to persons or regulated persons generally or to a class of regulated person) will be given through the Handbook, but in certain cases, where the guidance is urgent or temporary, it will be published in a separate Guidance Note. Material published in vehicles other than the Handbook or Guidance Notes, for example in newsletters or on the FSA's website, is not guidance unless it says that it is.
29. Guidance may be used ... breach of the relevant rule.
30. Guidance is generally designed to throw light on a particular aspect of regulatory requirements, not to be an exhaustive description of firms' obligations. If a person acts in accordance with general guidance in the circumstances contemplated by that guidance, then the FSA will proceed on the footing that the person has complied with the aspects of the rule or other requirement to which the guidance relates. (For the reliance that can be placed on other guidance, see SUP 9.4 (Reliance on individual guidance).
31. Rights conferred on third ... seek his own legal advice.
32. G is also used for the FSA's statement of the procedure for giving statutory notices under section 395 of the Act (see DEC), for the various statements of policy regarding use of the FSA's enforcement powers (see ENF), \wedge to indicate the arrangements made by the FSA under paragraph 7 of Schedule 1 to the Act for the investigation of complaints arising in connection with its exercise or non-exercise of its non-legislative functions (see COAF) and to indicate background information which is not guidance under the Act.

Paragraphs 32 to 35:

- (1) Renumber paragraph 32 as 33.
- (2) Renumber paragraph 33 as 34 and for "Section 1" substitute "Section 3.1".
- (3) Renumber paragraph 34 as 35.
- (4) Delete the paragraph number of paragraph 35 and add the text at the end of renumbered paragraph 35.

Paragraph 40: For "COB 1.2.3AR" substitute "COB 1.2.3A R".

Paragraph 44: For "the annex to COB 1 appears" substitute "an annex to COB 1 would appear".

Paragraph 46: Amend as shown:

46. Defined terms used in the text are shown in italic type. Where a word or phrase is in italics, its definition can be found in the Handbook Glossary. \wedge Where a word or phrase which is shown in italics in one part of the text appears without italics in another part, it is meant to be given, where unitalicised, its ordinary natural meaning. Paragraphs 60 to 63 give more information about the Glossary.

Paragraphs 49 to 51: Amend as shown:

49. Schedules 4, 5 and 6 specify the powers the FSA has exercised in making the provisions in the sourcebook or manual (see paragraph 4), summarise the rights of action for damages which attach to many rules, and state which rules can be waived, and under which section of the Act.
50. Where comprehensive schedules may be useful, consolidated versions, drawing together the contents of the schedules from each sourcebook and manual, will be provided.
51. A single consolidated schedule (Schedule 7) will provide a check-list of releases for the Handbook as a whole.

Paragraph 54: After "detailed notification" insert "and reporting".

Paragraph 57(2): Amend as shown:

57. ...
 - (2) lists the rules in the sourcebook or manual:
 - (a) to which rights of action apply under section 150(1) of the Act;
 - ∧
 - (b) to which rights of action apply at the suit, not only of a private person, but of a person who is not a private person, in accordance with section 150(3), with a statement to whom the rights have been extended;
 - (c) to which rights of action do not apply because the rights have been removed under section 150(2) of the Act, because they are not binding on authorised persons, or because they are listing rules or financial resources rules, in accordance with section 150(4).

Paragraphs 58 to 60: Amend as shown:

58. Schedule 6 specifies the rules in the sourcebook or manual (if any) which the FSA has power to waive or modify, and the section of the Act which gives the FSA that power in respect of the rules in question. For more information about this power and its limits, see SUP 8 (Waiver and modification of rules) or REC 3.3 (Waivers).

Consolidated schedule of releases

59. The purpose of Schedule 7 is to help firms keep track of amendments made to the Handbook since it was first published. It lists by serial number each release issued, its date of publication and its contents and refers to the relevant Handbook Notice. The full text of each release and of each Handbook Notice is on the FSA's website at www.fsa.gov.uk.

GLOSSARY OF DEFINITIONS

60. ∧ The Handbook also contains a glossary of definitions. This lists the defined terms used in the sourcebook or manual and gives their meaning. It also contains guidance reminding the reader of the main General provisions for interpreting the Handbook (GEN 2).

Paragraph 62: After "in italics (and not" insert ", for example,".

Paragraphs 63 and 64: Delete paragraph 63 and renumber paragraph 64 as 63.

Paragraph 65: Amend as shown:

64. In addition to the links in the electronic versions of the Handbook, it is planned that the Handbook will contain an index.

65. The index will warn ...

Paragraph 66: For "33" substitute "34".

Paragraph 68: Delete.

Table: Contents of the Handbook: Amend the table as shown:

Contents of the Handbook

	Sourcebook or manual	Reference Code

THRESHOLD CONDITIONS (AMENDMENT) INSTRUMENT 2001

Powers exercised

- A. The Financial Services Authority amends Threshold Conditions (COND) in the exercise of the power in section 157(1) the Financial Services and Markets Act 2000 (Guidance).

Commencement

- B. This instrument comes into force immediately.

Amendments to Threshold Conditions

- C. COND is amended:
- (1) in accordance with Annex A to this instrument (Amendments to made text);
 - (2) by deleting the existing COND 1 Annex 1G and replacing it with the material in Annex B to this instrument (COND 1 Annex 1G);
 - (3) by inserting the material in Annex C to this instrument (COND 1 Annex 2G);
and
 - (4) by deleting the existing COND 2 Annex 1G and replacing it with the material in Annex D to this instrument (COND 2 Annex 1G).

Citation

- D. This instrument may be cited as the Threshold Conditions (Amendment) Instrument 2001.

By order of the Board
15 November 2001

Annex A

Amendments to made text

- 1.1.1G (1) For “. ” at the end of (1) and (2), insert “ ; ”.
- (2) After (2), insert:
- “(3) *threshold conditions* 3, 4 and 5 do not apply to a *Swiss General Insurance Company*; and
- (4) *COND 2.6* (Additional conditions) is only relevant to *non-EEA insurers*.”
- 1.2.1G After “set out in”, insert "or under"
- 1.3.4G After “set out in”, insert "or under"
- 2.1.1 In paragraph 1(1), after “body corporate” insert:
- “(other than a limited liability partnership)”
- 2.4.6G(3) In the second sentence, for “General *guidance* on the contents of a business plan is”, insert:
- “Notes on the contents of a business plan are”
- 2.5.4G(3) In the second sentence, after "(The FSA's general duties)", insert “;”
- 2.6.1 After “(b) ... **insurance business**”, insert a new heading and text:
- “Article 3 of The Financial Services and Markets Act 2000 (Variation of Threshold Conditions) Order 2001 (SI 2001/2507)**
- Non-EEA insurers**
- 3. - (1) If paragraph 8 of Schedule 6 (additional conditions applying to non-EEA insurers) applies to the person concerned, it must, for the purposes of section 41 and Schedule 6, satisfy the following additional conditions -**
- (a) it must have a representative who is resident in the United Kingdom and who has authority to bind it in its relations with third parties and to represent it in its relations with the [FSA] and the courts in the United Kingdom;**
- (b) subject to paragraph (2), if the person concerned is not a Swiss general insurance company -**

(i) it must be a body corporate entitled under the law of the place where its head office is situated to effect and carry out contracts of insurance;

(ii) it must have in the United Kingdom assets of such value as may be specified;

(iii) unless the regulated activity in question relates solely to reinsurance, it must have made a deposit (of money or securities, as may be specified) of such an amount and with such a person as may be specified, and on such terms and subject to such other provisions as may be specified.

(2) Where the person concerned is seeking to carry on an activity relating to insurance business in one or more other EEA States (as well as in the United Kingdom), and the [FSA] and the supervisory authority in the other EEA State or States concerned so agree -

(a) the reference in paragraph (1)(b)(ii) to the United Kingdom is to be read as a reference to the United Kingdom and the other EEA State or States concerned; and

(b) the reference in paragraph (1)(b)(iii) to such a person as may be specified is to be read as a reference to such a person as may be agreed between the [FSA] and the other supervisory authority or authorities concerned.”

2.6.2G

For 2.6.2G, and following 2.6.2G, insert:

“2.6.2 G The Financial Services and Markets Act 2000 (Variation of Threshold Conditions) Order 2001 (SI 2001/2507) imposes certain additional conditions on non-*EEA insurers*, as set out above.

2.6.3 G The order referred to in *COND 2.6.2G* implements requirements under *the Insurance Directives*, and the *Act* extends these requirements to *firms* outside of the *EEA*.

2.6.4 G The effect of article 3(a) of the Order is that a non-*EEA insurer* (including a *Swiss General insurance company*) must appoint an *authorised UK representative*.

2.6.5 G (1) A non-*EEA insurer* must be a *body corporate* formed under the law of the country where its head office is situated.

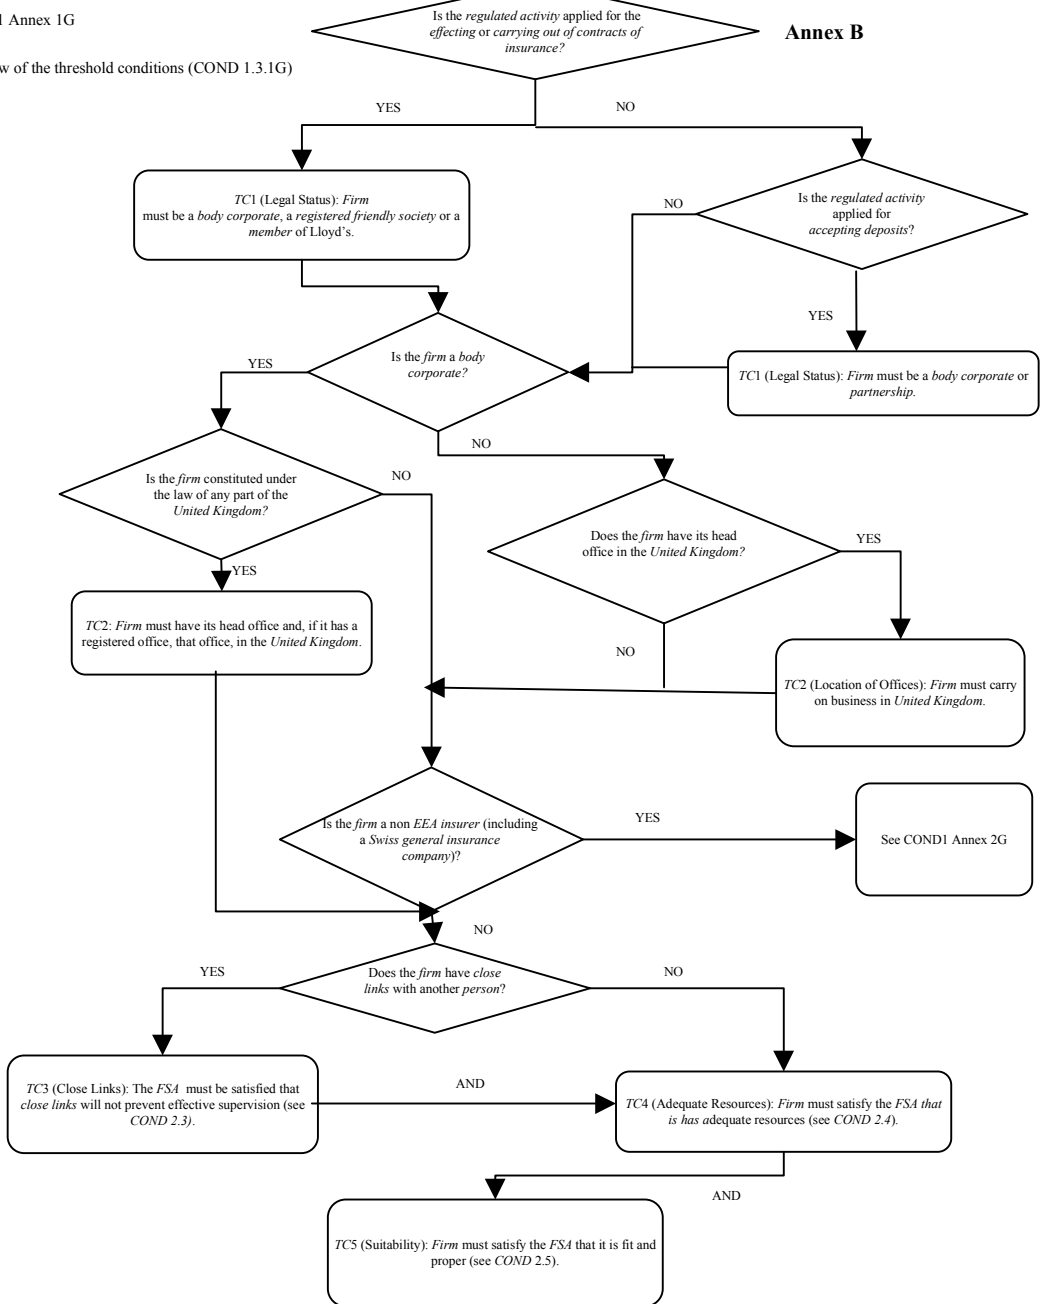

(2) A *person* seeking to carry on *insurance business* in the *United Kingdom* must have assets in the *United Kingdom* to a value specified in *IPRU(INS)*. Where the applicant wants to carry on *insurance business*

in other *EEA States*, the applicant must have assets in those other *EEA States* as are agreed between the *FSA* and the supervisory authorities in the other states.

- (3) Unless the *regulated activity* to be carried on by the applicant relates solely to reinsurance business, the applicant must make a deposit of an amount and type and on terms with a *person* and agreed between the *FSA* and the supervisory authorities in other *EEA States* where the applicant wishes to carry on *insurance business*. This deposit will be subject to the provisions as set out in *IPRU(INS)*.

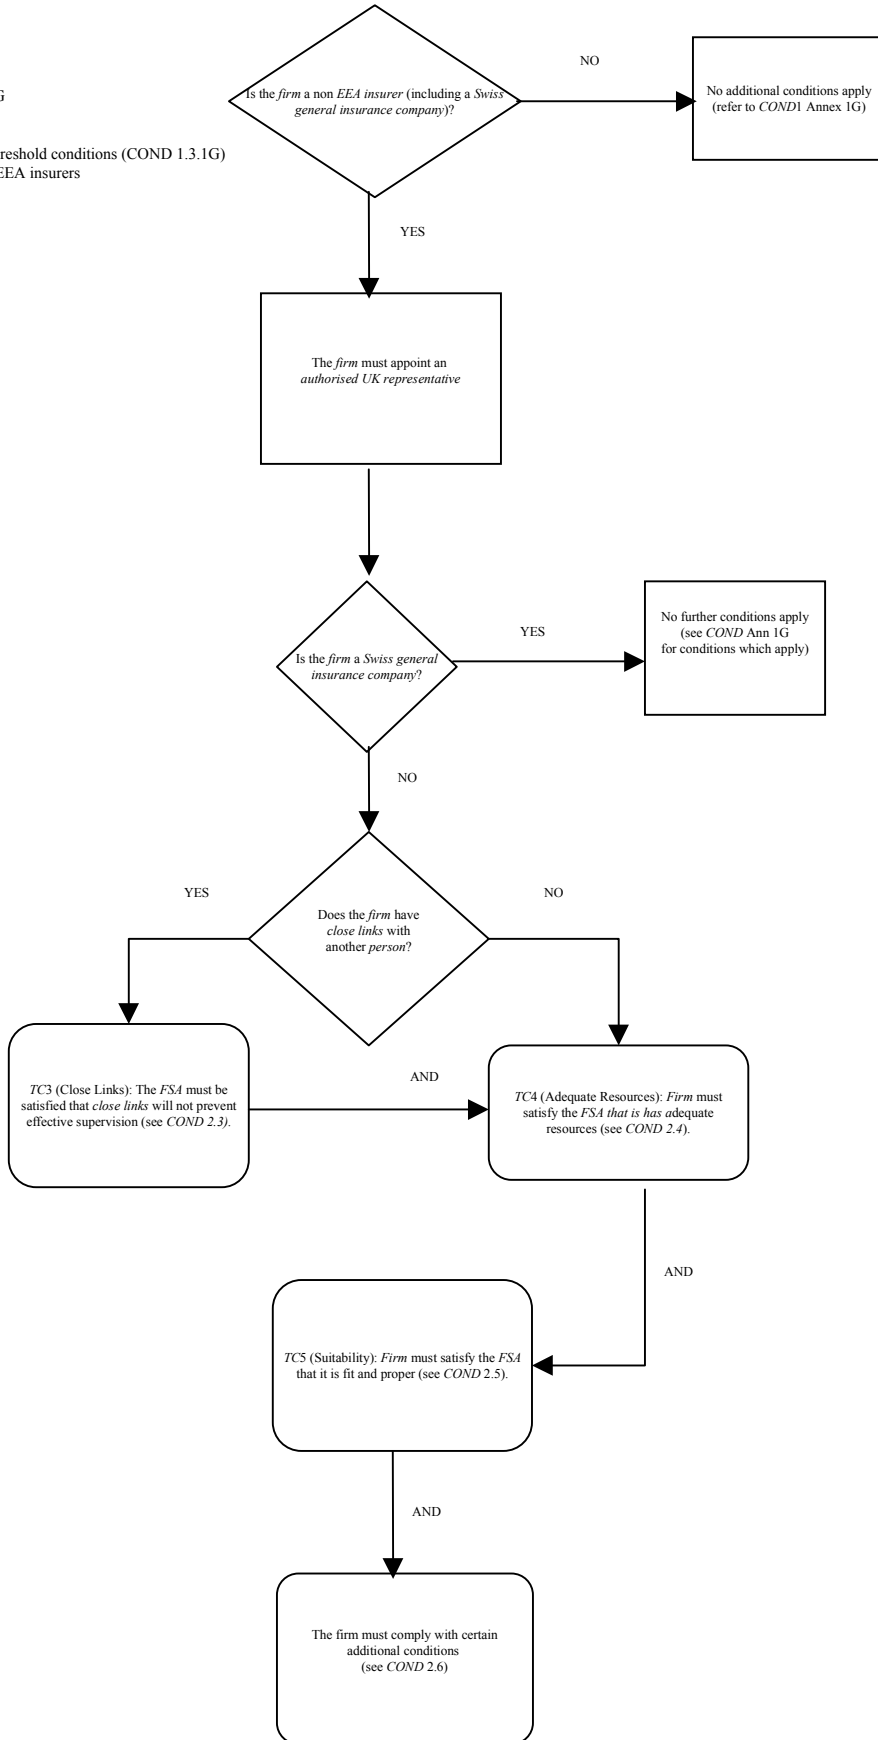

2.6.6 G The additional conditions in *AUTH 2.6.5G(1), (2) and (3)* do not apply to *Swiss general insurance companies*.”

**STATEMENTS OF PRINCIPLE AND CODE OF PRACTICE
FOR APPROVED PERSONS (REVOKING) INSTRUMENT 2001**

The Financial Services Authority revokes the Statements of Principle and Code of Practice for Approved Persons Instrument 2001 made on 21 June 2001.

By order of the Board

15 November 2001

**STATEMENTS OF PRINCIPLE AND CODE OF PRACTICE
FOR APPROVED PERSONS INSTRUMENT 2001**

Powers exercised

- A. The Financial Services Authority issues the statements and related code of practice and gives the guidance in the Annex to this instrument (“APER”) in the exercise of the powers listed in Schedule 4 to APER (Powers exercised).

Commencement

- B. This instrument shall come into force at the beginning of the day on which section 19 of the Financial Services and Markets Act 2000 (The general prohibition) comes into force.

Citation

- C. This instrument may be cited as the Statements of Principle and Code of Practice for Approved Persons Instrument 2001.
- D. The Annex to this instrument (including its Schedules) may be cited as the Statements of Principle and Code of Practice for Approved Persons (or APER).

By order of the Board
15 November 2001

Transitional Provisions

G

- 1 There are no transitional provisions in APER. However, GEN contains some technical transitional provisions that apply throughout the Handbook and which are designed to ensure a smooth transition at commencement.

Chapter 1

Application and purpose

1

1.1 Application

1.1.1

G

APER applies to approved persons.

01.12.01/001

1.2 Purpose

- 1.2.1**  The *Statements of Principle* contained in ■ APER 2 are issued under section 64(1) of the *Act* (Conduct: statements and codes).
01.12.01/001
- 1.2.2**  Section 64(2) of the *Act* states that if the FSA issues *Statements of Principle* it must also issue a code of practice for the purpose of helping to determine whether or not a *person's* conduct complies with the *Statements of Principle*. The *Code of Practice for Approved Persons* in ■ APER 3 and ■ APER 4 fulfils this requirement.
01.12.01/001
- 1.2.3**  The *Code of Practice for Approved Persons* sets out descriptions of conduct which, in the opinion of the FSA, do not comply with a *Statement of Principle* and, in the case of *Statement of Principle* 3, conduct which tends to show compliance within that statement. The *Code of Practice for Approved Persons* also sets out, in certain cases, factors which, in the opinion of the FSA, are to be taken into account in determining whether or not an *approved person's* conduct complies with a *Statement of Principle*. The *guidance* set out in ■ APER 3 and ■ APER 4 does not form part of the *Code of Practice for Approved Persons*.
01.12.01/001
- 1.2.4**  Section 64(11) of the *Act* states that the power to *issue Statements of Principle* and codes of practice includes power to make different provisions in relation to *persons*, cases or circumstances of different descriptions. *Statements of Principle* 1, 2, 3 and 4 apply to all *approved persons*, and *Statements of Principle* 5, 6 and 7 apply to those approved to perform *significant influence functions*.
01.12.01/001
- 1.2.5**  As set out in ■ SUP 10.3.1 R (Arrangements and regulated activities), a function is a *controlled function* only to the extent that it is performed under an *arrangement* entered into by:
- (1) a *firm*; or
 - (2) a contractor of the *firm*;
- in relation to the carrying on by the *firm* of a *regulated activity*.
- 1.2.6**  The *Statements of Principle* apply only to the performance of a *controlled function* (that is, to the activities carried on under the *arrangement* described in the *firm's* application for approval).
01.12.01/001
- 1.2.7**  The FSA recognises that an *approved person* may be performing functions which are unrelated to *regulated activities* or are otherwise outside the description of a *controlled function*. The fact that a *person* may be approved for one purpose does not have the effect of bringing all his functions within the *controlled function*, nor of making those functions subject to the *Statements of Principle*.
01.12.01/001
- 1.2.8**  The territorial scope of the *approved persons* regime is set out in ■ SUP 10.1 (Application).
01.12.01/001

1.2.9

G

01.12.01/001

The *Statements of Principle* apply only to the extent that a *person* is performing a *controlled function* for which approval has been sought and granted.

Chapter 2

2

The Statements of Principle for Approved Persons

2.1 The Statement of Principle

2.1.1

G
01.12.01/001

■ APER 2.1.2 P sets out the *Statements of Principle* issued by the FSA to which ■ APER 1.2.1 G refers and to which the provisions of the *Code of Practice for Approved Persons* and *guidance* in ■ APER 3 and ■ APER 4 apply.

2.1.2

P
01.12.01/001

Table Statements of Principle issued under section 64 of the Act

Statement of Principle 1

An approved person must act with integrity in carrying out his controlled function.

Statement of Principle 2

An approved person must act with due skill, care and diligence in carrying out his controlled function.

Statement of Principle 3

An approved person must observe proper standards of market conduct in carrying out his controlled function.

Statement of Principle 4

An approved person must deal with the FSA and with other regulators in an open and cooperative way and must disclose appropriately any information of which the FSA would reasonably expect notice.

Statement of Principle 5

An approved person performing a significant influence function must take reasonable steps to ensure that the business of the firm for which he is responsible in his controlled function is organised so that it can be controlled effectively.

Statement of Principle 6

An *approved person* performing a *significant influence function* must exercise due skill, care and diligence in managing the business of the *firm* for which he is responsible in his *controlled function*.

Statement of Principle 7

An *approved person* performing a *significant influence function* must take reasonable steps to ensure that the business of the *firm* for which he is responsible in his *controlled function* complies with the relevant requirements and standards of the *regulatory system*.

Chapter 3

Code of Practice for Approved Persons: general

3

3.1 Introduction

3.1.1

G
01.12.01/001

This *Code of Practice for Approved Persons* is issued under section 64 of the *Act* (Conduct: statements and codes) for the purpose of helping to determine whether or not an *approved person's* conduct complies with a *Statement of Principle*. The code sets out descriptions of conduct which, in the *FSA's* opinion, do not comply with the relevant *Statements of Principle*. The code also sets out certain factors which, in the opinion of the *FSA*, are to be taken into account in determining whether an *approved person's* conduct complies with a particular *Statement of Principle*. The description of conduct, the factors and related provisions are identified in the text by the letter 'E' as explained in paragraph 25 of the Readers Guide.

3.1.2

G
01.12.01/001

The *Code of Practice for Approved Persons* in issue at the time when any particular conduct takes place may be relied on so far as it tends to establish whether or not that conduct complies with a *Statement of Principle*.

3.1.3

G
01.12.01/001

The significance of conduct identified in the *Code of Practice for Approved Persons* as tending to establish compliance with or a breach of a *Statement of Principle* will be assessed only after all the circumstances of a particular case have been considered. Account will be taken of the context in which a course of conduct was undertaken, including the precise circumstances of the individual case, the characteristics of the particular *controlled function* and the behaviour to be expected in that function.

3.1.4

G
01.12.01/001

- (1) An *approved person* will only be in breach of a *Statement of Principle* where he is personally culpable. Personal culpability arises where an *approved person's* conduct was deliberate or where the *approved person's* standard of conduct was below that which would be reasonable in all the circumstances (see ■ ENF 11.5.3 G (Action against approved persons)).
- (2) For the avoidance of doubt, the *Statements of Principle* do not extend the duties of *approved persons* beyond those which the *firm* owes in its dealings with *customers* or others.

3.1.5

G
01.12.01/001

In particular, in determining whether or not an *approved person's* conduct complies with a *Statement of Principle*, the *FSA* will take into account the extent to which an *approved person* has acted in a way that is stated to be in breach of a *Statement of Principle*.

3.1.6

G
01.12.01/001

The *Code of Practice for Approved Persons* (and in particular the specific examples of behaviour which may be in breach of a generic description of conduct in the code) is not exhaustive of the kind of conduct that may contravene the *Statements of Principle*. The purpose of the code is to help determine whether or not a *person's* conduct complies with a *Statement of Principle*. The code may be supplemented from time to time. The *FSA* will amend the code if there is a risk that unacceptable practice may become prevalent, so as to make clear what conduct falls below the standards expected of *approved persons* by the *Statements of Principle*.

3.1.7

G
01.12.01/001

Statements of Principle 1 to 4 apply to all approved persons. In the Statements of Principle and in the Code of Practice for Approved Persons, a reference to "his controlled function" is a reference to the controlled function to which the approval relates. A person performing a significant influence function is also subject to the additional requirements set out in Statements of Principle 5 to 7 in performing that controlled function. Those responsible under ■ SYSC 2.1.3 R (Apportionment of responsibilities) for the firm's apportionment obligation will be specifically subject to Statement of Principle 5 (and see in particular ■ APER 4.5.6 E). In addition, it will be the responsibility of any such approved person to oversee that the firm has appropriate systems and controls under Statement of Principle 7 (and see in particular ■ APER 4.7.3 E).

3.1.8

G
01.12.01/001

In applying Statements of Principle 5 to 7, the nature, scale and complexity of the business under management and the role and responsibility of the individual performing a significant influence function within the firm will be relevant in assessing whether an approved person's conduct was reasonable. For example, the smaller and less complex the business, the less detailed and extensive the systems of control need to be. The FSA will be of the opinion that an individual performing a significant influence function may have breached Statements of Principle 5 to 7 only if his conduct was below the standard which would be reasonable in all the circumstances. (See also ■ APER 3.3.1 E (3)to (5))

3.1.9

G
01.12.01/001

UK domestic firms listed on the London Stock Exchange are subject to the Combined Code developed by the Committee on Corporate Governance, whose internal control provisions are amplified in the Guidance for Directors issued by the Institute of Chartered Accountants in England and Wales. FSA-regulated firms in this category will thus be subject to that code as well as to the requirements and standards of the regulatory system. In forming an opinion whether approved persons have complied with its requirements, the FSA will give due credit for their following corresponding provisions in the Combined Code and related guidance.

3.2 Factors relating to all Statements of Principle

3.2.1

01.12.01/001

In determining whether or not the particular conduct of an *approved person* within his *controlled function* complies with the *Statements of Principle*, the following are factors which, in the opinion of the *FSA*, are to be taken into account:

- (1) whether that conduct relates to activities that are subject to other provisions of the *Handbook*;
- (2) whether that conduct is consistent with the requirements and standards of the *regulatory system* relevant to his *firm*.

3.3 Factors relating to Statements of Principle 5 to 7

3.3.1

01.12.01/001

In determining whether or not the conduct of an *approved person* performing a *significant influence function* complies with *Statements of Principle 5 to 7*, the following are factors which, in the opinion of the *FSA*, are to be taken into account:

- (1) whether he exercised reasonable care when considering the information available to him;
- (2) whether he reached a reasonable conclusion which he acted on;
- (3) the nature, scale and complexity of the *firm's* business;
- (4) his role and responsibility as an *approved person* performing a *significant influence function*;
- (5) the knowledge he had, or should have had, of regulatory concerns, if any, arising in the business under his control.

Chapter 4

Code of Practice for Approved Persons: specific

4

4.1 Statement of Principle 1

4

4.1.1

01.12.01/001

The *Statement of Principle 1* (see ■ APER 2.1.2 P) is in the following terms: "An *approved person* must act with integrity in carrying out his *controlled function*."

4.1.2

01.12.01/001

In the opinion of the FSA, conduct of the type described in ■ APER 4.1.3 E, ■ APER 4.1.5 E, ■ APER 4.1.6 E, ■ APER APER 4.1.8 E, ■ APER 4.1.10 E, ■ APER 4.1.12 E or ■ APER 4.1.13 E does not comply with *Statement of Principle 1* ■ APER 2.1.2 P).

4.1.3

01.12.01/001

Deliberately misleading (or attempting to mislead) by act or omission:

- (1) a *client*; or
- (2) his *firm* (or its auditors or *appointed actuary*); or
- (3) the FSA;

falls within ■ APER 4.1.2 E.

4.1.4

01.12.01/001

Behaviour of the type referred to in ■ APER 4.1.3 E includes, but is not limited to, deliberately:

- (1) falsifying *documents*;
- (2) misleading a *client* about the risks of an *investment*;
- (3) misleading a *client* about the charges or surrender penalties of *investment* products;
- (4) misleading a *client* about the likely performance of *investment* products by providing inappropriate *projections* of future *investment* returns;
- (5) misleading a *client* by informing him that products require only a single payment when that is not the case;
- (6) mismarking the value of *investments* or trading positions;
- (7) procuring the unjustified alteration of prices on illiquid or *off-exchange* contracts, or both;
- (8) misleading others within the *firm* about the credit-worthiness of a borrower;

- (9) providing false or inaccurate documentation or information, including details of training, qualifications, past employment record or experience;
- (10) providing false or inaccurate information to the *firm* (or to the *firm's* auditors or *appointed actuary*);
- (11) providing false or inaccurate information to the *FSA*;
- (12) destroying, or causing the destruction of, *documents* (including false documentation), or tapes or their contents, relevant to misleading (or attempting to mislead) a *client*, his *firm*, or the *FSA*;
- (13) failing to disclose dealings where disclosure is required by the *firm's* personal account *dealing rules*;
- (14) misleading others in the *firm* about the nature of risks being accepted.

4.1.5  01.12.01/001 Deliberately recommending an *investment* to a *customer*, or carrying out a discretionary *transaction* for a *customer* where the *approved person* knows that he is unable to justify its suitability for that *customer*, falls within  APER 4.1.2 E.

4.1.6  01.12.01/001 Deliberately failing to inform, without reasonable cause:

- (1) a *customer*; or
- (2) his *firm* (or its auditors or *appointed actuary*); or
- (3) the *FSA*;

of the fact that their understanding of a material issue is incorrect, despite being aware of their misunderstanding, falls within  APER 4.1.2 E.

4.1.7  01.12.01/001 Behaviour of the type referred to in  APER 4.1.6 E includes, but is not limited to, deliberately:

- (1) failing to disclose the existence of falsified *documents*;
- (2) failing to rectify mismarked positions immediately.

4.1.8  01.12.01/001 Deliberately preparing inaccurate or inappropriate records or returns in connection with a *controlled function*, falls within  APER 4.1.2 E.

4.1.9  01.12.01/001 Behaviour of the type referred to in  APER 4.1.8 E includes, but is not limited to, deliberately:

4.1.10

01.12.01/001

- (1) preparing performance reports for transmission to *customers* which are inaccurate or inappropriate (for example, by relying on past performance without appropriate warnings);
- (2) preparing inaccurate training records or inaccurate details of qualifications, past employment record or experience;
- (3) preparing inaccurate trading confirmations, contract notes or other records of *transactions* or holdings of *securities* for a *customer*, whether or not the *customer* is aware of these inaccuracies or has requested such records.

Deliberately misusing the assets or confidential information of a *client* or of his *firm* falls within ■ APER 4.1.2 E.

4.1.11

01.12.01/001

Behaviour of the type referred to in ■ APER 4.1.10 E includes, but is not limited to, deliberately:

- (1) front running *client* orders;
- (2) carrying out unjustified trading on *client* accounts to generate a benefit (whether direct or indirect) to the *approved person* (that is, churning);
- (3) misappropriating a *client's* assets, including wrongly transferring to personal accounts cash or *securities* belonging to *clients*;
- (4) wrongly using one *client's* funds to settle margin calls or to cover trading losses on another *client's* account or on *firm* accounts;
- (5) using a *client's* funds for purposes other than those for which they were provided;
- (6) retaining a *client's* funds wrongly;
- (7) pledging the assets of a *client* as security or margin in circumstances where the *firm* is not permitted to do so.

4.1.12

01.12.01/001

Deliberately designing *transactions* so as to disguise breaches of requirements and standards of the *regulatory system* falls within ■ APER 4.1.2 E.

4.1.13

01.12.01/001

Deliberately failing to disclose the existence of a conflict of interest in connection with dealings with a *client* falls within ■ APER 4.1.2 E.

4.2 Statement of Principle 2

4.2.1

01.12.01/001

The *Statement of Principle 2* (see ■ APER 2.1.2 P) is in the following terms: "An *approved person* must act with due skill, care and diligence in carrying out his *controlled function*."

4.2.2

01.12.01/001

In the opinion of the FSA, conduct of the type described in ■ APER 4.2.3 E, ■ APER 4.2.5 E, ■ APER 4.2.6 E, ■ APER 4.2.8 E, ■ APER 4.2.10 E, ■ APER 4.2.11 E or ■ APER 4.2.13 E does not comply with *Statement of Principle 2* ■ APER 2.1.2 P).

4.2.3

01.12.01/001

Failing to inform:

- (1) a *customer*; or
- (2) his *firm* (or its auditors or *appointed actuary*);

of material information in circumstances where he was aware, or ought to have been aware, of such information, and of the fact that he should provide it, falls within ■ APER 4.2.2 E.

4.2.4

01.12.01/001

Behaviour of the type referred to in ■ APER 4.2.3 E includes, but is not limited to:

- (1) failing to explain the risks of an *investment* to a *customer*;
- (2) failing to disclose to a *customer* details of the charges or surrender penalties of *investment* products;
- (3) mismarking trading positions;
- (4) providing inaccurate or inadequate information to a *firm*, its auditors or *appointed actuary*;
- (5) failing to disclose dealings where disclosure is required by the *firm's* personal account *dealing rules*.

4.2.5

01.12.01/001

Recommending an *investment* to a *customer*, or carrying out a discretionary *transaction* for a *customer*, where he does not have reasonable grounds to believe that it is suitable for that *customer*, falls within ■ APER 4.2.2 E.

- 4.2.6  01.12.01/001 Undertaking, recommending or providing advice on *transactions* without a reasonable understanding of the risk exposure of the *transaction* to a *customer* falls within ■ APER 4.2.2 E.
- 4.2.7  01.12.01/001 *Behaviour* of the type referred to in ■ APER 4.2.6 E includes, but is not limited to, recommending *transactions* in *investments* to a *customer* without a reasonable understanding of the liability (either potential or actual) of that *transaction*.
- 4.2.8  01.12.01/001 Undertaking *transactions* without a reasonable understanding of the risk exposure of the *transaction* to the *firm* falls within ■ APER 4.2.2 E.
- 4.2.9  01.12.01/001 *Behaviour* of the type referred to in ■ APER 4.2.8 E includes, but is not limited to, trading on the *firm's* own account without a reasonable understanding of the liability (either potential or actual) of the *transaction*.
- 4.2.10  01.12.01/001 Failing without good reason to disclose the existence of a conflict of interest in connection with dealings with a *client* falls within ■ APER 4.2.2 E.
- 4.2.11  01.12.01/001 Failing to provide adequate control over a *client's* assets falls within ■ APER 4.2.2 E.
- 4.2.12  01.12.01/001 *Behaviour* of the type referred to in ■ APER 4.2.11 E includes, but is not limited to:
- (1) failing to segregate a *client's* assets;
 - (2) failing to process a *client's* payments in a timely manner.
- 4.2.13  01.12.01/001 Continuing to perform a *controlled function* despite having failed to meet the standards of knowledge and skill set out in the Training and Competence sourcebook (TC) for that *controlled function* falls within ■ APER 4.2.2 E.

4.3 Statement of Principle 3

- 4.3.1**  The *Statement of Principle 3* (see ■ APER 2.1.2 P) is in the following terms: "An *approved person* must observe proper standards of market conduct in carrying out his *controlled function*."
- 01.12.01/001
- 4.3.2**  In many cases the required standard will be set out in ■ MAR 3 (Inter-Professional Conduct) and the *Code of Market Conduct* ■ MAR 1). Market codes and exchange rules will also be relevant.
- 01.12.01/001
- 4.3.3**  A factor to be taken into account in determining whether or not an *approved person's* conduct complies with this *Statement of Principle* ■ APER 2.1.2 P) is whether he, or his *firm*, has complied with ■ MAR 3 (Inter-Professional Conduct) or the *Code of Market Conduct* ■ MAR 1) or relevant market codes and exchange rules.
- 01.12.01/001
- 4.3.4**  Compliance with the code or *rules* described in ■ APER 4.3.3 E will tend to show compliance with this *Statement of Principle* ■ APER 2.1.2 P).
- 01.12.01/001

4.4 Statement of Principle 4

4

- 4.4.1**  The *Statement of Principle 4* (see ■ APER 2.1.2 P) is in the following terms: "An *approved person* must deal with the *FSA* and with other regulators in an open and cooperative way and must disclose appropriately any information of which the *FSA* would reasonably expect notice."
- 01.12.01/001
- 4.4.2**  For the purpose of this *Statement of Principle* ■ APER 2.1.2 P), regulators in addition to the *FSA* are those which have recognised jurisdiction in relation to *regulated activities* and a power to call for information from the *approved person* in connection with his *controlled function* or (in the case of an individual performing a *significant influence function*) in connection with the business for which he is responsible. This may include an exchange or an *overseas regulator*.
- 01.12.01/001
- 4.4.3**  In the opinion of the *FSA*, conduct of the type described in ■ APER 4.4.4 E, ■ APER 4.4.7 E, or ■ APER 4.4.9 E does not comply with *Statement of Principle 4* ■ APER 2.1.2 P).
- 01.12.01/001
- 4.4.4**  Failing to report promptly in accordance with his *firm's* internal procedures (or if none exist direct to the *FSA*), information which it would be reasonable to assume would be of material significance to the *FSA*, whether in response to questions or otherwise, falls within ■ APER 4.4.3 E.
- 01.12.01/001
- 4.4.5**  There is no duty on an *approved person* to report such information directly to the *FSA* unless he is one of the *approved persons* responsible within the *firm* for reporting matters to the *FSA*. However, if an *approved person* takes steps to influence the decision so as not to report to the *FSA* or acts in a way that is intended to obstruct the reporting of the information to the *FSA*, then the *FSA* will, in respect of that information, view him as being one of those within the *firm* who has taken on responsibility for deciding whether to report that matter to the *FSA*.
- 01.12.01/001
- 4.4.6**  In determining whether or not an *approved person's* conduct under ■ APER 4.4.4 E complies with *Statement of Principle 4*, the following are factors which, in the opinion of the *FSA*, are to be taken into account:
- 01.12.01/001
- (1) the likely significance to the *FSA* of the information which it was reasonable for the individual to assume;
 - (2) whether the information related to the individual himself or to his *firm*;
 - (3) whether any decision not to report the matter internally was taken after reasonable enquiry and analysis of the situation.

4.4.7  01.12.01/001 Where the *approved person* is, or is one of the *approved persons* who is, responsible within the *firm* for reporting matters to the *FSA*, failing promptly to inform the *FSA* of information of which he is aware and which it would be reasonable to assume would be of material significance to the *FSA*, whether in response to questions or otherwise, falls within ■ APER 4.4.3 E.

4.4.8  01.12.01/001 In determining whether or not an *approved person's* conduct under ■ APER 4.4.7 E complies with *Statement of Principle 4* ■ APER 2.1.2 P), the following are factors which, in the opinion of the *FSA*, are to be taken into account:

- (1) the likely significance of the information to the *FSA* which it was reasonable for the *approved person* to assume;
- (2) whether any decision not to inform the *FSA* was taken after reasonable enquiry and analysis of the situation.

4.4.9  01.12.01/001 Failing without good reason to:

- (1) inform a regulator of information of which the *approved person* was aware in response to questions from that regulator;
- (2) attend an interview or answer questions put by a regulator, despite a request or demand having been made;
- (3) supply a regulator with appropriate *documents* or information when requested or required to do so and within the time limits attaching to that request or requirement;

falls within ■ APER 4.4.3 E.

4.5 Statement of Principle 5

- 4.5.1**  The *Statement of Principle 5* (see ■ APER 2.1.2 P) is in the following terms: "An *approved person* performing a *significant influence function* must take reasonable steps to ensure that the business of the *firm* for which he is responsible in his *controlled function* is organised so that it can be controlled effectively."
- 01.12.01/001
- 4.5.2**  In the opinion of the *FSA*, conduct of the type described in ■ APER 4.5.3 E, ■ APER 4.5.4 E, ■ APER 4.5.6 E or ■ APER 4.5.8 E does not comply with *Statement of Principle 5* ■ APER 2.1.2 P).
- 01.12.01/001
- 4.5.3**  Failing to take reasonable steps to apportion responsibilities for all areas of the business under the *approved person's* control falls within ■ APER 4.5.2 E (see ■ APER 4.5.11 G).
- 01.12.01/001
- 4.5.4**  Failing to take reasonable steps to apportion responsibilities clearly amongst those to whom responsibilities have been delegated falls within ■ APER 4.5.2 E (see ■ APER 4.5.11 G).
- 01.12.01/001
- 4.5.5**  Behaviour of the type referred to in ■ APER 4.5.4 E includes, but is not limited to:
- 01.12.01/001
- (1) implementing confusing or uncertain reporting lines (see ■ APER 4.5.12 G);
 - (2) implementing confusing or uncertain authorisation levels (see ■ APER 4.5.13 G);
 - (3) implementing confusing or uncertain job descriptions and responsibilities (see ■ APER 4.5.13 G).
- 4.5.6**  In the case of an *approved person* who is responsible under ■ SYSC 2.1.3 R (1) for dealing with the apportionment of responsibilities under ■ SYSC 2.1.1 R, failing to take reasonable care to maintain a clear and appropriate apportionment of significant responsibilities among the *firm's directors* and *senior managers* falls within ■ APER 4.5.2 E.
- 01.12.01/001
- 4.5.7**  Behaviour of the type referred to in ■ APER 4.5.6 E includes, but is not limited to:
- 01.12.01/001
- (1) failing to review regularly the significant responsibilities which the *firm* is required to apportion under ■ APER 2.1.1 R;

4.5.8  01.12.01/001

(2) failing to act where that review shows that those significant responsibilities have not been clearly apportioned.

Failing to take reasonable steps to ensure that suitable individuals are responsible for those aspects of the business under the control of the individual performing a *significant influence function* falls within ■ APER 4.5.2 E (see ■ APER 4.5.14 G).

4.5.9  01.12.01/001

Behaviour of the type referred to in ■ APER 4.5.8 E includes, but is not limited to:

- (1) failing to review the competence, knowledge, skills and performance of staff to assess their suitability to fulfil their duties, despite evidence that their performance is unacceptable (see ■ APER 4.5.14 G);
- (2) giving undue weight to financial performance when considering the suitability or continuing suitability of an individual for a particular role (see ■ APER 4.5.14 G);
- (3) allowing managerial vacancies which put at risk compliance with the requirements and standards of the *regulatory system* to remain, without arranging suitable cover for the responsibilities (see ■ APER 4.5.15 G).

4.5.10  01.12.01/001

Strategy and plans will often dictate the risk which the business is prepared to take on and high level controls will dictate how the business is to be run. If the strategy of the business is to enter high-risk areas, then the degree of control and strength of monitoring reasonably required within the business will be high. In organising the business for which he is responsible, the *approved person* performing a *significant influence function* should bear this in mind.

Apportionment of responsibilities

4.5.11  01.12.01/001

In order to comply with the obligations of *Statement of Principle 5* (having regard to ■ APER 4.5.3 E and ■ APER 4.5.4 E), the *approved person* performing a *significant influence function* may find it helpful to review whether each area of the business for which he is responsible has been clearly assigned to a particular individual or individuals.

Reporting lines

4.5.12  01.12.01/001

The organisation of the business and the responsibilities of those within it should be clearly defined (see ■ APER 4.5.5 E (1)). Reporting lines should be clear to staff. Where staff have dual reporting lines there is a greater need to ensure that the responsibility and accountability of each individual line manager is clearly set out and understood.

Authorisation levels and job descriptions

4.5.13

G

01.12.01/001

Where members of staff have particular levels of authorisation (see ■ APER 4.5.5 E (2) and ■ APER 4.5.5 E (3)), these should be clearly set out and communicated to staff. It may be appropriate for each member of staff to have a job description of which he is aware.

Suitability of individuals

4.5.14

G

01.12.01/001

If an individual's performance is unsatisfactory, then the appropriate *approved person* (if any) performing a *significant influence function* should review carefully whether to allow that individual to continue in position. In particular, if he is aware of concerns relating to the compliance with requirements and standards of the *regulatory system* (or internal controls) of the individual concerned, or of staff reporting to that individual, the *approved person* performing a *significant influence function* should take care not to give undue weight to the financial performance of the individual or group concerned when considering whether any action should be taken. An adequate investigation of the concerns should be undertaken (including, where appropriate, adherence to internal controls). The *approved person* performing a *significant influence function* should satisfy himself, on reasonable grounds, that the investigation is appropriate, the results are accurate and that the concerns do not pose an unacceptable risk to compliance with the requirements and standards of the *regulatory system* (see in particular *Statement of Principle 6* and ■ APER 4.5.8 E and ■ APER 4.5.9 E (1) and ■ APER 4.5.9E (2)).

Temporary vacancies

4.5.15

G

01.12.01/001

In organising the business, the *approved person* performing a *significant influence function* should pay attention to any temporary vacancies which exist (see ■ APER 4.5.9 E (3)). He should take reasonable steps to ensure that suitable cover for responsibilities is arranged. This could include taking on temporary staff or external consultants. The *approved person* performing a *significant influence function* should assess the risk that is posed to compliance with the requirements and standards of the *regulatory system* as a result of the vacancy, and the higher the risk the greater the steps he should take to fill the vacancy. It may be appropriate to limit or suspend the activity if appropriate cover for responsibilities cannot be arranged. To the extent that those vacancies are in respect of one of the *customer functions*, they may only be filled by *persons* approved for that function.

4.6 Statement of Principle 6

4.6.1

 01.12.01/001

The *Statement of Principle 6* (see ■ APER 2.1.2 P) is in the following terms: "An *approved person* performing a *significant influence function* must exercise due skill, care and diligence in managing the business of the *firm* for which he is responsible in his *controlled function*."

4.6.2

 01.12.01/001

In the opinion of the FSA, conduct of the type described in ■ APER 4.6.3 E, ■ APER 4.6.5 E, ■ APER 4.6.6 E or ■ APER 4.6.8 E does not comply with *Statement of Principle 6* ■ APER 2.1.2 P).

4.6.3

 01.12.01/001

Failing to take reasonable steps adequately to inform himself about the affairs of the business for which he is responsible falls within ■ APER 4.6.2 E.

4.6.4

 01.12.01/001

Behaviour of the type referred to in ■ APER 4.6.3 E includes, but is not limited to:

- (1) permitting *transactions* without a sufficient understanding of the risks involved;
- (2) permitting expansion of the business without reasonably assessing the potential risks of that expansion;
- (3) inadequately monitoring highly profitable *transactions* or business practices or unusual *transactions* or business practices;
- (4) accepting implausible or unsatisfactory explanations from subordinates without testing the veracity of those explanations;
- (5) failing to obtain independent, expert opinion where appropriate; (see ■ APER 4.6.12 G).

4.6.5

 01.12.01/001

Delegating the authority for dealing with an issue or a part of the business to an individual or individuals (whether in-house or outside contractors) without reasonable grounds for believing that the delegate had the necessary capacity, competence, knowledge, seniority or skill to deal with the issue or to take authority for dealing with part of the business, falls within ■ APER 4.6.2 E (see ■ APER 4.6.13 G).

4.6.6

 01.12.01/001

Failing to take reasonable steps to maintain an appropriate level of understanding about an issue or part of the business that he has

4.6.7

01.12.01/001

delegated to an individual or individuals (whether in-house or outside contractors) falls within ■ APER 4.6.2 E (see ■ APER 4.6.14 G).

Behaviour of the type referred to in ■ APER 4.6.6 E includes but is not limited to:

- (1) disregarding an issue or part of the business once it has been delegated;
- (2) failing to require adequate reports once the resolution of an issue or management of part of the business has been delegated;
- (3) accepting implausible or unsatisfactory explanations from delegates without testing their veracity.

4.6.8

01.12.01/001

Failing to supervise and monitor adequately the individual or individuals (whether in-house or outside contractors) to whom responsibility for dealing with an issue or authority for dealing with a part of the business has been delegated falls within ■ APER 4.6.2 E.

4.6.9

01.12.01/001

Behaviour of the type referred to in ■ APER 4.6.8 E includes, but is not limited to:

- (1) failing to take personal action where progress is unreasonably slow, or where implausible or unsatisfactory explanations are provided;
- (2) failing to review the performance of an outside contractor in connection with the delegated issue or business.

4.6.10

01.12.01/001

In determining whether or not the conduct of an *approved person* performing a *significant influence function* under ■ APER 4.6.5 E, ■ APER 4.6.6 E and ■ APER 4.6.8 E complies with *Statement of Principle 6* (see ■ APER 2.1.2 P), the following are factors which, in the opinion of the FSA, are to be taken into account:

- (1) the competence, knowledge or seniority of the delegate; and
- (2) the past performance and record of the delegate.

4.6.11

01.12.01/001

An *approved person* performing a *significant influence function* will not always manage the business on a day-to-day basis himself. The extent to which he does so will depend on a number of factors, including the nature, scale and complexity of the business and his position within it. The larger and more complex the business, the greater the need for clear and effective delegation and reporting lines. The FSA will look to the *approved person* performing a *significant influence function* to take reasonable steps to ensure that systems are in place which result in issues being addressed at the appropriate level. When issues come to his attention, he should deal with them in an appropriate way.

4.6.12

01.12.01/001

Knowledge about the business

- (1) It is important for the *approved person* performing a *significant influence function* to understand the business for which he is responsible ■ APER 4.6.4 E). An *approved person* performing a *significant influence function* is unlikely to be an expert in all aspects of a complex financial services business. However, he should understand and inform himself about the business sufficiently to understand the risks of its trading, credit or other business activities.
- (2) It is important for an *approved person* performing a *significant influence function* to understand the risks of expanding the business into new areas and, before approving the expansion, he should investigate and satisfy himself, on reasonable grounds, about the risks, if any, to the business.
- (3) Where unusually profitable business is undertaken, or where the profits are particularly volatile or the business involves funding requirements on the *firm* beyond those reasonably anticipated, he should require explanations from those who report to him. Where those explanations are implausible or unsatisfactory, he should take steps to test the veracity of those explanations.
- (4) Where the *approved person* performing a *significant influence function* is not an expert in a business area, he should consider whether he or those with whom he works have the necessary expertise to provide him with an adequate explanation of issues within that business area. If not he should seek an independent opinion from elsewhere within or outside the *firm*.

Delegation

4.6.13

01.12.01/001

- (1) An *approved person* performing a *significant influence function* may delegate the investigation, resolution or management of an issue or authority for dealing with a part of the business to individuals who report to him or to others.
- (2) The *approved person* performing a *significant influence function* should have reasonable grounds for believing that the delegate has the competence, knowledge, skill and time to deal with the issue. For instance, if the compliance department only has sufficient resources to deal with day-to-day issues, it would be unreasonable to delegate to it the resolution of a complex or unusual issue without ensuring it had sufficient capacity to deal with the matter adequately.
- (3) If an issue raises questions of law or interpretation, the *approved person* performing a *significant influence function* may need to take legal advice. If appropriate legal expertise is not available in-house, he may need to consider appointing an appropriate external adviser.
- (4) The FSA recognises that the *approved person* performing a *significant influence function* will have to exercise his own judgment in deciding how issues are dealt with, and that in some cases that judgment will, with the benefit of hindsight, be shown to have been wrong. He will not be in breach of *Statement of Principle 6* unless he fails to exercise due and reasonable consideration before he delegates the resolution of an issue or authority for dealing with a part of the business and fails to reach a reasonable conclusion. If he is in doubt about how to deal with an issue or the seriousness of a particular compliance problem, then, although he cannot delegate to the FSA the responsibility for dealing with the problem or issue, he can speak to the FSA to discuss his approach (see ■ APER 4.6.5 E).

Continuing responsibilities where an issue has been delegated

4.6.14

G

01.12.01/001

Although an *approved person* performing a *significant influence function* may delegate the resolution of an issue, or authority for dealing with a part of the business, he cannot delegate responsibility for it. It is his responsibility to ensure that he receives reports on progress and questions those reports where appropriate. For instance, if progress appears to be slow or if the issue is not being resolved satisfactorily, then the *approved person* performing a *significant influence function* may need to challenge the explanations he receives and take action himself to resolve the problem. This may include increasing the resource applied to it, reassigning the resolution internally or obtaining external advice or assistance. Where an issue raises significant concerns, an *approved person* performing a *significant influence function* should act clearly and decisively. If appropriate, this may be by suspending members of staff or relieving them of all or part of their responsibilities (see ■ APER 4.6.6 E).

4.7 Statement of Principle 7

- 4.7.1**  The *Statement of Principle 7* (see ■ APER 2.1.2 P) is in the following terms: "An *approved person* performing a *significant influence function* must take reasonable steps to ensure that the business of the *firm* for which he is responsible in his *controlled function* complies with the relevant requirements and standards of the *regulatory system*."
- 01.12.01/001
- 4.7.2**  In the opinion of the *FSA*, conduct of the type described in ■ APER 4.7.3 E, ■ APER 4.7.4 E, ■ APER 4.7.5 E, ■ APER 4.7.7 E, ■ APER 4.7.9 E or ■ APER 4.7.10 E does not comply with *Statement of Principle 7* ■ APER 2.1.2 P).
- 01.12.01/001
- 4.7.3**  Failing to take reasonable steps to implement (either personally or through a compliance department or other departments) adequate and appropriate systems of control to comply with the relevant requirements and standards of the *regulatory system* in respect of its *regulated activities* falls within ■ APER 4.7.2 E. In the case of an *approved person* who is responsible, under ■ SYSC 2.1.3 R (2), with overseeing the *firm's* obligation under SYSC 3.1.1R, failing to take reasonable care to oversee the establishment and maintenance of appropriate systems and controls falls within ■ APER 4.7.2 E.
- 01.12.01/001
- 4.7.4**  Failing to take reasonable steps to monitor (either personally or through a compliance department or other departments) compliance with the relevant requirements and standards of the *regulatory system* in respect of its *regulated activities* falls within ■ APER 4.7.2 E (see ■ APER 4.7.12 G).
- 01.12.01/001
- 4.7.5**  Failing to take reasonable steps adequately to inform himself about the reason why significant breaches (whether suspected or actual) of the relevant requirements and standards of the *regulatory system* in respect of its *regulated activities* may have arisen (taking account of the systems and procedures in place) falls within ■ APER 4.7.2 E.
- 01.12.01/001
- 4.7.6**  Behaviour of the type referred to in ■ APER 4.7.5 E includes, but is not limited to, failing to investigate what systems or procedures may have failed including, where appropriate, failing to obtain expert opinion on the adequacy of the systems and procedures.
- 01.12.01/001
- 4.7.7**  Failing to take reasonable steps to ensure that procedures and systems of control are reviewed and, if appropriate, improved, following the identification of significant breaches (whether suspected or actual) of the relevant requirements and standards of the *regulatory system*
- 01.12.01/001

4.7.8

01.12.01/001

relating to its *regulated activities*, falls within ■ APER 4.7.2 E (see ■ APER 4.7.13 G).

Behaviour of the type referred to in ■ APER 4.7.7 E includes, but is not limited to:

- (1) unreasonably failing to implement recommendations for improvements in systems and procedures;
- (2) unreasonably failing to implement recommendations for improvements to systems and procedures in a timely manner.

4.7.9

01.12.01/001

In the case of the *Money Laundering Reporting Officer*, failing to discharge the responsibilities imposed on him in accordance with chapter 8 of the *Money Laundering* sourcebook (*ML*) falls within ■ APER 4.7.2 E.

4.7.10

01.12.01/001

In the case of an *approved person* performing a *significant influence function* responsible for compliance under ■ APER 3.2.8 R, failing to take reasonable steps to ensure that appropriate compliance systems and procedures are in place falls within ■ APER 4.7.2 E (see ■ APER 4.7.14 G).

4.7.11

01.12.01/001

The *FSA* expects an *approved person* performing a *significant influence function* to take reasonable steps both to ensure his *firm's* compliance with the relevant requirements and standards of the *regulatory system* and to ensure that all staff are aware of the need for compliance.

Systems of control

4.7.12

01.12.01/001

An *approved person* performing a *significant influence function* need not himself put in place the systems of control in his business ■ APER 4.7.4 E). Whether he does this depends on his role and responsibilities. He should, however, take reasonable steps to ensure that the business for which he is responsible has operating procedures and systems which include well-defined steps for complying with the detail of relevant requirements and standards of the *regulatory system* and for ensuring that the business is run prudently. The nature and extent of the systems of control that are required will depend upon the relevant requirements and standards of the *regulatory system*, and the nature, scale and complexity of the business (see ■ APER 3.3.2 E).

Possible breaches of regulatory requirements

4.7.13

01.12.01/001

Where the *approved person* performing a *significant influence function* becomes aware of actual or suspected problems that involve possible breaches of relevant requirements and standards of the *regulatory system* falling within his area of responsibility, then he should take reasonable steps to ensure that they are dealt with in a timely and appropriate manner ■ APER 4.7.7 E). This may involve an adequate investigation to find out what systems or procedures may have failed and why. He may need to obtain expert opinion on the adequacy and efficacy of the systems and procedures.

Review and improvement of systems and procedures

4.7.14

G

01.12.01/001

Where independent reviews of systems and procedures have been undertaken and result in recommendations for improvement, the *approved person* performing a *significant influence function* should ensure that, unless there are good reasons not to, any reasonable recommendations are implemented in a timely manner ■ APER 4.7.10 E). What is reasonable will depend on the nature of the inadequacy and the cost of the improvement. It will be reasonable for the *approved person* performing a *significant influence function* to carry out a cost benefit analysis when assessing whether the recommendations are reasonable.

Schedules

Statements of Principle and Code of Practice for Approved Persons

Schedule1 Record keeping requirements

G

- 1 There are no record keeping requirements in APER.

Statements of Principle and Code of Practice for Approved Persons

Schedule2 Notification requirements

G

- 1 The aim of the guidance in the following table is to give the reader a quick over-all view of the relevant requirements for notification and reporting.
- 2 It is not a complete statement of those requirements and should not be relied on as if it were.
- 3

Table	Notification requirements
-------	---------------------------

Handbook reference	Matter to be notified	Contents of notification	Trigger event	Time allowed
<i>Statement of Principle 4 (APER 2.1.2P)</i>	Any information of which the <i>FSA</i> would reasonably expect notice	Appropriate disclosure	Any information of which the <i>FSA</i> would reasonably expect notice	Appropriate

Statements of Principle and Code of Practice for Approved Persons

Schedule3 Fees and other required payments

G

- 1 There are no requirements for fees or other payments in APER.

Statements of Principle and Code of Practice for Approved Persons

Schedule4 Powers exercised

G

- 1 The following powers in the Act have been exercised by the FSA to issue the Statements of Principle and Code of Practice for Approved Persons:

Section 64(1) and (2) (Conduct: statements and codes).
- 2 The following power in the Act has been exercised by the FSA to give the guidance in APER:

Section 157(1) (Guidance).

Statements of Principle and Code of Practice for Approved Persons

Schedule5 Rights of action for damages

G

- 1 There are no rules in APER.

Statements of Principle and Code of Practice for Approved Persons

Schedule6 Rules that can be waived

G

- 1 There are no rules in APER.

**GENERAL PROVISIONS AND GLOSSARY (AMENDMENT NO 2)
INSTRUMENT 2001**

Powers exercised

- A. The Financial Services Authority makes the provisions in this instrument in the exercise of the powers and related provisions:
- (1) listed in Schedule 4 to the General provisions (Powers exercised); and
 - (2) in article 3 of the Financial Services and Markets Act 2000 (Variation of Threshold Conditions) Order 2001 (SI 2001/2507).
- B. The provisions of or under the Financial Services and Markets Act 2000 (the "Act") relevant to making rules and referred to above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

- C. This instrument comes into force as follows:
- (1) Annex A comes into force on 1 January 2002;
 - (2) the remainder of this instrument comes into force immediately.

Amendment of the General provisions and Glossary

- D. The Glossary is amended in accordance with Annexes A, B, C, D, E, F and G to this instrument.
- E. The General provisions are amended in accordance with Annex H to this instrument.
- F. Both the General provisions (other than GEN 2.1.8R) and the Glossary are made, additionally, under the power listed at A(2).

Citation

- G. This instrument may be cited as the General Provisions and Glossary (Amendment No 2) Instrument 2001.

By order of the Board
15 November 2001

Annex A

Amendments to the Glossary to take into account funeral plan contracts

Amend the following definitions as shown below (underlining indicates new text, striking through indicates deleted text):

<i>advising on investments</i>	<p>the <i>regulated activity</i>, specified in article 53 of the <i>Regulated Activities Order</i> (Advising on investments), which is in summary: advising a <i>person</i> if the advice is:</p> <p>(a) given to the <i>person</i> in his capacity as an investor or potential investor, or in his capacity as agent for an investor or a potential investor; and</p> <p>(b) advice on the merits of his doing any of the following (whether as principal or agent):</p> <p>(i) <i>buying, selling</i>, subscribing for or underwriting a particular <i>investment</i> which is a <u><i>security or contractually based investment</i></u> (that is, <u><i>any designated investment, funeral plan contract or right to or interest in a funeral plan contract</i></u>) <i>designated investment</i>; or</p> <p>(ii) exercising any right conferred by such an <i>investment</i> to <i>buy, sell</i>, subscribe for or underwrite such an <i>investment</i>.</p>
<i>arranging (bringing about) deals in investments</i>	<p>the <i>regulated activity</i>, specified in article 25(1) of the <i>Regulated Activities Order</i>, which is in summary: making arrangements for another <i>person</i> (whether as <i>principal</i> or agent) to <i>buy, sell</i>, subscribe for or underwrite a particular <i>investment</i> which is:</p> <p>(a) a <i>designated investment</i>; or</p> <p><u>(b) a funeral plan contract; or</u></p> <p>(c) the <i>underwriting capacity of a Lloyd's syndicate</i>; or</p> <p>(d) <i>membership of a Lloyd's syndicate</i>; or</p> <p>(e) <i>rights to or interests in investments</i> in <u>(b), (c) or (d)</u> (b) or (e).</p>
<i>contract of insurance</i>	<p>....</p> <p>(2) (in relation to a contract) (in accordance with article 3(1) of the <i>Regulated Activities Order</i> (Interpretation)) any contract of insurance which is a <i>long-term insurance contract</i> or a <i>general insurance contract</i>, including:</p> <p>(a)</p> <p>.....</p> <p>(f) contracts of a kind referred to in article 1(3) of the <i>First Life Directive</i> (Social insurance);</p>

but not including a funeral plan contract (or a contract which would be a funeral plan contract but for the exclusion in article 60 of the Regulated Activities Order (Plans covered by insurance or trust arrangements));

....

contractually based investment (in accordance with article 3(1) of the *Regulated Activities Order* (Interpretation)):

- (a) a *life policy*;
- (b) an *option, future, or contract for differences or funeral plan contract*;
- (c) *rights to or interests in an investment* falling within (a) or (b).

designated investment a *security* or a *contractually based investment* (other than a *funeral plan contract* and a *right to or interest in a funeral plan contract*), that is, any of the following *investments*, specified in Part III of the *Regulated Activities Order* (Specified Investments):

...

designated investment business any of the following activities, specified in Part II of the *Regulated Activities Order* (Specified Activities), which is carried on by way of business:

- (a) *dealing in investments as principal* (article 14), but disregarding the exclusion in article 15 (Absence of holding out etc);
- (b) *dealing in investments as agent* (article 21);
- (c) *arranging (bringing about) deals in investments* (article 25(1)), but only in relation to *designated investments*;
- (d) *making arrangements with a view to transactions in investments* (article 25(2)), but only in relation to *designated investments*;
- (e) *managing investments* (article 37), but only if the assets consist of or include (or may consist of or include) designated investments;
- (f) *safeguarding and administering investments* (article 40), but only if the assets consist of or include (or may consist of or include) designated investments; for the purposes of the *permission* regime, this is sub-divided into:
 - (i) *safeguarding and administration of assets (without arranging)*;
 - (ii) *arranging safeguarding and administration of assets*;

...

	<p>(m) <i>advising on investments</i> (article 53), <u>but only in relation to <i>designated investments</i></u>; for the purposes of the <i>permission</i> regime, this is sub-divided into:</p> <p>(i) <i>advising on investments (except pension transfers and pension opt-outs)</i>;</p> <p>(ii) <i>advising on pension transfers and pension opt-outs</i>;</p> <p>(n) <i>agreeing to carry on a regulated activity</i> in (a) to (h) and (m) (article 64).</p>
<i>making arrangements with a view to transactions in investments</i>	<p>the <i>regulated activity</i>, specified in article 25(2) of the <i>Regulated Activities Order</i> (Arranging deals in investments), which is in summary: making arrangements with a view to a <i>person</i> who participates in the arrangements <i>buying, selling</i>, subscribing for or underwriting any of the following <i>investments</i> (whether as <i>principal</i> or agent):</p> <p>(a) a <i>designated investment</i>;</p> <p><u>(b) a <i>funeral plan contract</i></u>;</p> <p>(bc) the <i>underwriting capacity of a Lloyd's syndicate</i>;</p> <p>(ed) <i>membership of a Lloyd's syndicate</i>;</p> <p>(de) <i>rights to or interests in investments</i> in <u>(b), (c) or (d)</u>(b) or (e).</p>
<i>managing investments</i>	<p>the <i>regulated activity</i>, specified in article 37 of the <i>Regulated Activities Order</i> (Managing investments), which is in summary: managing assets belonging to another <i>person</i> in circumstances which involve the exercise of discretion, if:</p> <p>(a) the assets consist of or include any <u><i>security or contractually based investment (that is, any designated investment, funeral plan contract or right to or interest in a funeral plan contract)</i></u>; or</p> <p>....</p>
<i>regulated activity</i>	<p>...</p> <p>(s) <i>arranging deals in contracts of insurance written at Lloyd's</i> (article 58);</p> <p><u>(t) <i>entering as provider into a funeral plan contract</i></u> (article 59);</p> <p>(tu) <i>agreeing to carry on a regulated activity</i> (article 64);</p> <p>...</p>
<i>safeguarding and administering investments</i>	<p>the <i>regulated activity</i>, specified in article 40 of the <i>Regulated Activities Order</i> (Safeguarding and administering investments), which is in summary: the safeguarding of assets belonging to another and the administration of those assets, or arranging for one or more other <i>persons</i> to carry on that activity, where:</p>

(a) the assets consist of or include any security or contractually based investment (that is, any designated investment, funeral plan contract or right to or interest in a funeral plan contract); or

specified investment ...

(n) *membership of a Lloyd's syndicate* (article 86(2));

(o) *funeral plan contract* (article 87);

(~~op~~) *rights to or interests in investments* (article 89).

ANNEX B

(b) (in relation to an *open-ended investment company*) that company.

permission

...

(b) the permission that an *incoming EEA firm* has, under paragraph 15(1) 4(4) of Schedule 3 to the *Act* (EEA Passport Rights), on qualifying for *authorisation* under paragraph 12 of that Schedule;

(c) the permission that an *incoming Treaty firm* has, under paragraph 4(1) 15(4) of Schedule 4 to the *Act* (Treaty Rights), on qualifying for *authorisation* under paragraph 2 of that Schedule;

.....

personal investment firm

a *firm* whose *permitted activities* include *designated investment business*, which is not an *authorised professional firm*, *bank*, *building society*, *credit union*, *energy market participant*, *friendly society*, *ICVC*, *insurer*, *media firm*, *oil market participant*, *service company*, *incoming EEA firm* (without a *top-up permission*), *incoming Treaty firm* (without a *top-up permission*) or *UCITS qualifier* (without a *top-up permission*), whose *permission* does not include a *requirement* that it comply with *IPRU(INV)* 3 (Securities and futures firms), 5 (Investment management firms) or 10 (Securities and futures firms), and which is within (a), (b) or (c):

<i>regulated activity</i>	... <p>(p) <i>advising on investments</i> (article 5357); for the purposes of the <i>permission</i> regime, this is sub-divided into:</p> <p>(i) <i>advising on investments (except pension transfers and pension opt-outs)</i>;</p> <p>(ii) <i>advising on pension transfers and pension opt-outs</i>;</p> <p>(q) <i>advising on syndicate participation at Lloyd's</i> (article 56);</p> <p>(r) <i>managing the underwriting capacity of a Lloyd's syndicate as a managing agent at Lloyd's</i> (article 5753);</p> <p>...</p>
<i>soft commission agreement</i>	an agreement in any form, the terms of which permit under which a firm to receives <u>certain</u> goods or services from another person in return for transacting <u>designated investment business with or put through that or in the way of another person.</u>
<i>takeover or related operation</i>	(a) any transaction falling within paragraph 4(b) (Companies and Transactions to which the Code applies) of the introduction to the <i>Takeover Code</i> <u>and, for this purpose, an offer for non-voting, non-equity share capital is to be regarded as falling within the <i>Takeover Code</i> even if not required by rule 15 of that Code;</u>
	(b) any transaction subject to the <i>SARs</i> ;
	(c) any transaction which would have fallen within (a) were it not for the fact that the company which is the subject of the transaction does not satisfy the tests set out in paragraph 4(a) (Companies and Transactions to which the Code applies) of the introduction to the <i>Takeover Code</i> and, for this purpose, an offer for non-voting, non-equity share capital is to be regarded as falling within the <i>Takeover Code</i> even if not required by rule 15 of that Code;

Annex C

Amendment to the Glossary to refer to a new Special guide

Insert the following new definition in the appropriate alphabetical position:

FREN the Special guide for small Friendly societies, forming part of the *Handbook*.

Annex D

Amendments to the Glossary resulting from the making of COMP

Amendments resulting from the making of COMP transitional rules

Insert the following new definitions in the appropriate alphabetical position:

- article 9 default* (as defined in article 2(2) of the *compensation transitionals order*) any of the following:
- (a) the passing of a resolution for the voluntary winding up of an authorised insurance company within the meaning of section 3 of the Policyholders Protection Act 1975 in circumstances falling within section 5(1)(a) of that Act;
 - (b) the making by the court of an order for the winding up of such a company in accordance with section 5(1)(b) of that Act;
 - (c) the appointment of a provisional liquidator in the circumstances falling within section 15 of that Act in respect of such a company;
 - (d) such a company becoming a company in financial difficulties within the meaning of section 16 of that Act;
 - (e) a *participating deposit-taker* becoming insolvent for the purposes of Part II of the Banking Act 1987;
 - (f) a *participating institution* becoming insolvent within the meaning of section 25A of the Building Societies Act 1986;
 - (f) the beginning of a dissolution or transfer of engagements of a *member society* in accordance with rule 9(2) of the Rules of the Friendly Societies Protection Scheme.
- compensation transitionals order* the Financial Services and Markets Act 2000 (Transitional Provisions, Repeals and Savings) (Financial Services Compensation Scheme) Order 2001 (SI 2001/2967).

<i>investment business compensation scheme</i>	<p>(as defined in article 2(2) of the <i>compensation transitionals order</i>) any of the following:</p> <ul style="list-style-type: none"> (a) the scheme established under section 54 of the Financial Services Act 1986 and known as the Investors Compensation Scheme; (b) the scheme established under section 22j of the Grey Paper published by the <i>FSA</i> on 26 September 1998 and known as the Section 43 Compensation Scheme; (c) the scheme established by chapter II of part L:VIII of the <i>PIA</i> rule book and known as the PIA Indemnity Scheme; (d) the scheme resulting from an agreement dated 1 February 1999 between the Association of British Insurers and the Investors Compensation Scheme Limited for the making of payments by way of compensation to widows, widowers and dependants of persons (since deceased), in connection with advice given to such persons in relation to pensions, or the arranging of pensions for such persons, and known as the ABI/ICS scheme.
<i>member society</i>	<p>(as defined in article 2(2) of the <i>compensation transitionals order</i>) a person who at any time before <i>commencement</i> was a member society within the rules of the Friendly Societies Protection Scheme established in accordance with section 141 of the Financial Services Act 1986.</p>
<i>participating deposit-taker</i>	<p>(as defined in article 2(2) of the <i>compensation transitionals order</i>) a <i>person</i> who was at any time before <i>commencement</i>:</p> <ul style="list-style-type: none"> (a) a UK institution, participating institution, former UK institution or former participating institution as defined in section 52(6) of the Banking Act 1987; or (b) a former authorised institution (as defined in section 106(1) of the Banking Act 1987 (other than a former UK institution or former participating institution as defined in section 52(6) of that Act), which was not a recognised bank or licensed institution excluded by an order under section 23(2) of the Banking Act 1979.
<i>participating institution</i>	<p>(as defined in article 2(2) of the <i>compensation transitionals order</i>) a <i>person</i> who was at any time before <i>commencement</i> a participating institution within the meaning of section 24(4) of the Building Societies Act 1986.</p>

<i>pending application</i>	(as defined in article 3(1) of the <i>compensation transitionals order</i>): <ul style="list-style-type: none"> (a) an application for compensation made under an <i>investment business compensation scheme</i> before <i>commencement</i> in relation to which a <i>terminating event</i> did not occur before <i>commencement</i>; and (b) an application made to the <i>FSCS</i> after <i>commencement</i> under an <i>investment business compensation scheme</i>, even if at the time of application that scheme had otherwise ceased to exist.
<i>relevant former scheme</i>	(as defined in article 2(2) of the <i>compensation transitionals order</i>): <ul style="list-style-type: none"> (a) in relation to a <i>pending application</i>, the <i>investment business compensation scheme</i> under which the application was made; (b) in relation to an <i>article 9 default</i>, one of the following that applied to the default before <i>commencement</i>: <ul style="list-style-type: none"> (i) the Policyholders Protection Scheme established by the Policyholders Protection Act 1975; (ii) the Deposit Protection Scheme established by Part II of the Banking Act 1987; (ii) the Building Societies Investor Protection Scheme established by Part IV of the Building Societies Act 1986; (iv) the Friendly Societies Protection Scheme established in accordance with section 141 of the Financial Services Act 1986.
<i>terminating event</i>	(as defined in article 2(1) of the <i>compensation transitionals order</i>) in relation to applications made under an <i>investment business compensation scheme</i> , the withdrawal, discontinuance or rejection of the application, or its determination by a final payment of compensation to the applicant.

Amendments resulting from the making of COMP 13 (Funding)

Insert the following new definitions in the appropriate alphabetical position:

<i>base costs</i>	<i>management expenses</i> , other than <i>establishment costs</i> , which are not dependent on the level of <i>claims</i> made on the <i>FSCS</i> .
<i>base costs levy</i>	a levy, forming part of the <i>management expenses levy</i> , to meet the <i>base costs</i> in the financial year of the <i>compensation scheme</i> to which the levy relates, each <i>participant firm's</i> share being calculated in accordance with <i>COMP 13.5.5R</i> .

<i>compensation costs</i>	the costs incurred in paying compensation or as a result of making the arrangements set out in <i>COMP</i> 3.3.2R or taking the measures set out in <i>COMP</i> 3.3.3R.
<i>compensation costs levy</i>	a levy imposed by the <i>FSCS</i> on <i>participant firms</i> to meet <i>compensation costs</i> , each <i>participant firm's</i> share being calculated in accordance with <i>COMP</i> 13.6.
<i>employers' liability insurance</i>	a <i>contract of insurance</i> against risks of the <i>persons</i> insured incurring liabilities to their employees.
<i>establishment costs levy</i>	a levy, forming part of the <i>management expenses levy</i> , to meet the <i>establishment costs</i> , each <i>participant firm's</i> share being calculated in accordance with <i>COMP</i> 13.5.10G.
<i>management expenses</i>	(in accordance with section 223 of the <i>Act</i> (Management expenses)) expenses incurred or expected to be incurred by the <i>FSCS</i> in connection with its function under <i>COMP</i> , other than <i>compensation costs</i> ; for the purposes of <i>COMP</i> these are subdivided into <i>base costs</i> , <i>specific costs</i> and <i>establishment costs</i> .
<i>management expenses levy</i>	a levy imposed by the <i>FSCS</i> on <i>participant firms</i> to meet the <i>management expenses</i> and which is made up of one or more of a <i>base cost levy</i> , a <i>specific costs levy</i> and an <i>establishment costs levy</i> , each <i>participant firm's</i> share being calculated in accordance with <i>COMP</i> 13.5.
<i>relevant net premium income</i>	the premium income in respect of <i>protected contracts of insurance</i> of the <i>firm</i> in the year preceding that in which the date for submission of the information under <i>COMP</i> 13.6.9R falls, net of any relevant rebates or refunds.
<i>specific costs</i>	<i>management expenses</i> other than <i>base costs</i> and <i>establishment costs</i> .
<i>specific costs levy</i>	a levy, forming part of the <i>management expenses levy</i> , to meet the <i>specific costs</i> in the financial year of the <i>compensation scheme</i> to which the levy relates, each <i>participant firm's</i> share being calculated in accordance with <i>COMP</i> 13.5.7R.
<i>sub-scheme</i>	one of the three sub-schemes to which the <i>FSCS</i> allocates liabilities for <i>compensation costs</i> , as described in <i>COMP</i> 13.6.7R.

Amend the following definitions as shown below (underlining indicates new text, striking through indicates deleted text):

- contribution group one of the groups of participant firms within a sub-scheme set out listed in COMP 13.6.7R, which are being groups of participant firms which share the costs of funding compensation from claims arising from firms in default which carry on similar business that carry on business of a similar nature, to which compensation costs and specific costs are allocated in accordance with COMP 13.5 and COMP 13.6.
- establishment costs (1) (in COMP) the costs of establishing the compensation scheme.
(2) (in DISP) the costs of establishing the Financial Ombudsman Service.

Amendments resulting from the making of COMP 14 (Participation by EEA firms)

Insert the following new definition in the appropriate alphabetical position:

- Electing Participants Regulations* the Financial Services and Markets Act 2000 (Compensation Scheme: Electing Participants) Regulations 2001 (SI 2001/1783).

Amend the following definitions as shown below (underlining indicates new text, striking through indicates deleted text):

- participant firm* a firm other than:
- (a) (in accordance with section 213(10) of the Act (The compensation scheme) and regulation 2 of the *Electing Participants Regulations* (Persons not to be regarded as relevant persons)) an incoming EEA firm which is:

~~(fg)~~ an authorised professional firm that is subject to the rules of the Law Society (England and Wales) or the Law Society of Scotland;

~~(gh)~~ an ICVC;

~~(hi)~~ a UCITS qualifier.

top-up cover

cover provided by the compensation scheme for claims against an incoming EEA firm (which is a credit institution or an ISD investment firm):-

~~(a) in relation to protected deposits ;or~~

~~(b) in relation to protected investment business ;or~~

~~(c) in relation to both protected deposits and protected investment~~

~~business ;~~ in relation to the firm's passported activities and in addition to the cover provided by the firm's Home State compensation scheme (see COMP 14 (Participation by EEA firms)).

Annex E

Amendments to the Glossary resulting from amendments to COND and AUTH

Insert the following new definition in the appropriate alphabetical position:

Gibraltar Order the Financial Services and Markets Act 2000 (Gibraltar) Order 2001 (SI 2001/3084).

Amend the following definitions as shown below (underlining indicates new text, striking through indicates deleted text):

Swiss general insurance company (in accordance with article 1(2) of the Financial Services and Markets Act 2000 (Variation of Threshold Conditions) Order 2001 (SI 2001/2507)) a person:

- (a) whose head office is in Switzerland;
- (b) who is authorised by the supervisory authority in Switzerland as mentioned in article 7.1 of the *Swiss Treaty Agreement*; and
- (c) who is seeking to carry on, or is carrying on, from a branch in the *United Kingdom*, a regulated activity consisting of the *effecting or carrying out of contracts of insurance* of a kind which is subject to that agreement.

~~a company:~~

- ~~(a) whose head office is in Switzerland;~~
- ~~(b) which has permission in Switzerland (not restricted to reinsurance business) to carry on general insurance business; and~~
- ~~(c) which proposes to establish a branch or agency in the *United Kingdom* to carry out *insurance business* which is confined to the classes referred to in article 2 of the *Swiss Treaty Agreement* and not subject to any of the exceptions referred to in article 3 of the *Swiss Treaty Agreement*.~~

threshold condition (in relation to a *regulated activity*) any of the conditions set out in or under Schedule 6 to the *Act* (Threshold conditions)₂ including the additional conditions in the Financial Services and Markets Act 2000 (Variation of Threshold Conditions) Order 2001 (SI 2001/2507) (see *COND*).

Annex F

Amendments to the Glossary resulting from making SUP 18

Insert the following new definitions in the appropriate alphabetical position:

<i>independent expert</i>	(in SUP 18) the person approved or nominated by the FSA to make the <i>scheme report</i> for an <i>insurance business transfer scheme</i> .
<i>insurance business transfer</i>	a transfer in accordance with an <i>insurance business transfer scheme</i> .
<i>insurance business transfer scheme</i>	(a) a scheme, defined in section 105 of the <i>Act</i> , which is in summary: a scheme to transfer the whole or part of the business of an <i>insurer</i> (other than a <i>friendly society</i>) to another body; (b) a similar scheme to transfer the whole or part of the business carried on by one or more <i>members</i> of the <i>Society</i> or former underwriting <i>members</i> that meets the conditions of article 4 of the Financial Services and Markets Act 2000 (Control of Transfers of Business Done at Lloyd's) Order 2001 (SI 2001/[number to be inserted later]).
<i>scheme report</i>	(in SUP 18) the report on the terms of an <i>insurance business transfer scheme</i> required by section 109 of the <i>Act</i> (Scheme reports).
<i>state of the commitment</i>	(in SUP 18) (in accordance with paragraph 6(1) of Schedule 12 to the <i>Act</i> (Transfer schemes: certificates)) (in relation to a commitment entered into at any date): (a) if the <i>policyholder</i> is an individual, the State in which he had his habitual residence at that date; (b) if the <i>policyholder</i> is not an individual, the State in which the establishment of the <i>policyholder</i> to which the commitment relates was established at that date; in this definition, "commitment" means (in accordance with article 2 of the Financial Services and Markets Act 2000 (Control of Business Transfers) (Requirements on Applicants) Regulations 2001 (SI 2001/[number to be inserted later]) any contract of insurance of a kind referred to in article 1 of the <i>First Life Directive</i> .
<i>state of the risk</i>	(in SUP 18) (in accordance with paragraph 6(3) of Schedule 12 to the <i>Act</i> (Transfer schemes: certificates)) (in relation to the <i>EEA State</i> in which a risk is situated): (a) if the insurance relates to a building or to a building and its contents (so far as the contents are covered by the same

- policy), the *EEA State* in which the building is situated;
- (b) if the insurance relates to a vehicle of any type, the *EEA State* of registration;
- (c) in the case of *policies* of a duration of four months or less covering travel or holiday risks (whatever the class concerned), the *EEA State* in which the *policyholder* took out the *policy*;
- (d) in a case not covered by (a) to (c):
- (i) if the *policyholder* is an individual, the *EEA State* in which he has his habitual residence at the date when the contract is entered into; and
- (ii) otherwise, the *EEA State* in which the establishment of the *policyholder* to which the *policy* relates is situated at that date.

UK-deposit insurer a UK-deposit insurer, as defined in *IPRU(INS)*, which is in summary: a non-EEA insurer which has made a deposit in the United Kingdom in accordance with *IPRU(INS)* 8.1.

UK insurer a UK insurer, as defined in *IPRU(INS)*, which is in summary: an insurer, other than a pure reinsurer or a non-directive insurer, whose head office is in the United Kingdom.

Annex G

Amendment to the Glossary resulting from CP 88 (Wholesale only deposit-takers)

Insert the following new definition in the appropriate alphabetical position:

- wholesale depositor* a person who is:
- (a) a *credit institution*; or
 - (b) a *large company*; or
 - (c) a *large mutual association* which is:
 - (i) a *firm*; or
 - (ii) an *overseas financial services institution*; or
 - (iii) a *collective investment scheme* or an operator or trustee of a *collective investment scheme*; or
 - (iv) a pension or retirement fund, or a trustee of such a fund (except a trustee of a small self-administered scheme or an occupational scheme of an employer which is not a *large company* or a *large partnership*); or
 - (d) a supranational institution, government or central administrative authority; or
 - (e) a provincial, regional, local or municipal authority; or
 - (f) a *body corporate* in the same *group* as the *person* with whom the *deposit* is made.

Annex H
Amendments to the General provisions

In paragraph 1 of Schedule 4 to GEN, add the following additional power at the end of the list of rule-making powers:

"Article 3 of the Financial Services and Markets Act 2000 (Variation of Threshold
Conditions) Order 2001 (SI 2001/2507)"

**INTERIM PRUDENTIAL SOURCEBOOK FOR
INVESTMENT BUSINESSES (AMENDMENT) INSTRUMENT 2001**

Powers exercised

1. The Financial Services Authority amends the interim Prudential sourcebook for investment businesses and the Supervision manual in the exercise of the powers and related provisions in or under the Financial Services and Markets Act 2000 (the “Act”) listed in the schedule to this instrument.
2. The provisions of or under the Act relevant to the making of rules and listed in the schedule are specified for the purpose of section 153(2) of the Act.

Commencement

3. This instrument comes into force at the beginning of the day on which section 19 of the Act (the general prohibition) comes into force.

Amendments

4. Chapter 3 of the Interim prudential sourcebook for investment businesses is amended as specified in Annex C.
5. Chapter 5 of the Interim prudential sourcebook for investment businesses is amended as specified in Annex D.
6. Chapter 10 of the Interim prudential sourcebook for investment businesses is amended as specified in Annex E.
7. Chapter 13 of the Interim prudential sourcebook for investment businesses is amended as specified in Annex F.
8. Annex 10R to Chapter 16 of the Supervision manual is amended as specified in Annex H.

Citation

9. This instrument may be cited as the Interim Prudential Sourcebook for Investment Businesses (Amendment) Instrument 2001.

By order of the Board, 15 November 2001

Schedule - Powers exercised

1. The powers in articles 4(1) of the Financial Services and Markets Act 2000 (Transitional Provisions and Savings) (Rules) Order 2001 have been exercised by the Financial Services Authority ("FSA") to designate the rules identified in the tables in Annex A as they are in force at the date of this instrument (the "continued provisions").
2. The powers in section 138 of the Act have been exercised by the FSA to make the provisions set out in paragraph E of Annex C and paragraphs F and G of Annex D.
3. The powers in article 11(1) of the The Financial Services and Markets Act 2000 (Transitional Provisions and Savings) (Rules) Order 2001 and section 157(1) of the Act have been exercised by the FSA to give the guidance on the continued provisions.
4. The continued provisions and the guidance on them are applicable to:
 - (a) securities and futures firms (as defined by the Glossary annexed to the General Provisions and Glossary Instrument 2001) to the extent that they were provisions made by the Securities and Futures Authority Limited and appearing as part of its rulebook;
 - (b) investment management firms (as defined by the Glossary annexed to the General Provisions and Glossary Instrument 2001) to the extent that they were provisions made by the Investment Management Regulatory Organisation Limited and appearing as part of its rulebook;
 - (c) personal investment firms (as defined by the Glossary annexed to the General Provisions and Glossary Instrument 2001) to the extent that they were provisions made by the Personal Investment Authority Limited and appearing as part of its rulebook;

and are modified:

- (1) so as to be interpreted in accordance with and to apply subject to the General provisions contained in the General Provisions and Glossary Instrument 2001;
- (2) in the manner identified in the tables in Annex A.

The continued provisions are to be treated as having effect under section 138 of the Act (General rule making power). The statements of compatibility and purpose required under article 4(1) of the Financial Services and Markets Act 2000 (Transitional Provisions and Savings) (Rules) Order 2001 are set out in Annex B.

5. All of the rules in IPRU(INV) as amended can be waived using the powers exercisable under section 148 of the Act.

ANNEX A

[The Continued Provisions]

Provisions made by the Securities and Futures Authority Limited And appearing as part of its rulebook		
Designated Provision	Modifications	
	Changes in text	Where the designated provision (as modified) appears in IPRU(INV)
3-79	<p>In each of (1) and (2) delete "SFA may at its desretion require a <i>firm</i> to" and replace with "A <i>firm</i> must", and delete "an amount" and replace with "any amount specified in any <i>requirement</i>".</p> <p>In the guidance delete the first sentence; delete "SFA" and replace with "the FSA" throughout; delete "whether a <i>firm</i> must include a secondary requirement" and replace with "whether to impose a requirement on a <i>firm</i>"; in the final sentence delete "have typically been applied" and replace with "may be applied, for example,".</p>	3-79

ANNEX B

[Statement of Purpose and Compatibility for the Continued Provisions]

The purpose of the continued provisions is to supplement the requirements of the provisions contained in IPRU(INV) that a firm must maintain adequate financial resources, taking into account the nature and scale of its business, and also to supplement in SUP 16 Annex 10R the reporting requirements applying to securities and futures firms. The continued provisions provide for continuation of provisions which were only incorporated into SFA's rulebook in the most recent release, and to correct some technical errors in relation to the SFA, IMRO and PIA rules carried forward into the IPRU(INV) and SUP 16 Annex 10R.

Statement of compatibility with the FSA's regulatory objectives

The FSA considers that including the continued provisions together with the other provisions in IPRU(INV) and SUP will contribute to meeting two of the FSA's regulatory objectives – maintaining market confidence and consumer protection. In particular they will contribute to the reduction of the risk of investment business firms being unable to meet their liabilities and their commitments to investors and counterparties as they fall due. Although the continued provisions are not intended to contribute to the regulatory objectives of increasing public awareness and reducing financial crime, the FSA believes them to be compatible with those objectives.

Market confidence

IPRU(INV) (including the continued provisions) sets out standards relating to minimum financial resources, risk management and notifications. The continued provisions set out requirements about consolidated supervision for some firms, the treatment of units in collective investment schemes and note issuance facilities and use of secondary requirements. SUP 16 Annex 10R (including the continued provisions) sets out requirements for reporting financial positions and financial resources and the continued provisions specify the accounting policies to be followed in preparing those reports. Requiring firms to meet the standards in IPRU(INV) and SUP 16 Annex 10R, including these, will reduce the risk that firms are unable to meet their commitments as they fall due.

Consumer Protection

As with the market confidence objective, requiring firms to meet prudential standards and to keep appropriate accounting records will reduce the risk that firms are unable to meet their commitments, including their commitments to consumers, as they fall due. Inadequate financial resources relative to the scale and nature of a firm's commitments or inadequate systems and controls expose an investment firm to the risk of failure, for example in stressed market conditions, leading to potential loss to customers as well as disruption to the market. Prudential standards, where complied with fully, do not eliminate the risk of such failure but can reduce the likelihood of failure or minimise the adverse consequences for customers where a failure does occur. The FSA has had regard to the matters set out in section 5(2) of the Act, but they are not directly relevant to the continued provisions.

How the continued provisions are most appropriate for meeting the regulatory objectives

IPRU(INV) and SUP 16 are based on the prudential standards set out in the legislation, rulebooks and other material of the previous regulators. For the reasons described above its provisions (including those of the continued provisions) will contribute to meeting at least two of the regulatory objectives. The continued provisions add to the carry forward of existing regulatory standards. The FSA considers that this particular approach is the most appropriate way of meeting the objectives at this stage (i.e. when the new legislation takes effect) because:

- ◇ it builds on existing regulators' approaches to setting standards for the same risks; and
- ◇ it is consistent with enabling us to introduce a new set of standards covering all market sectors over the medium term, leaving adequate time for the preparation and implementation of such standards and taking account as far as possible of recent international developments in the area of prudential standards.

Principles of good regulation

Section 2(3) of the Act sets out various principles to which the FSA must have regard in exercising its general functions. The FSA's reasons for believing that making the provisions of IPRU(INV) and SUP 16 Annex 10R are compatible with these principles are set out below.

The need to use its resources in the most efficient and economic way

IPRU(INV) as amended by this instrument essentially carries forward the prudential standards contained in various legislation and rulebooks for firms previously regulated by IMRO, PIA, SFA and FSA (formerly SIB), professional firms, wholesale market brokers and non-bank principals. SUP 16 Annex 10R essentially carries forward the prudential reporting requirements for firms previously regulated by SFA.

The proposals for the Integrated prudential sourcebook are still out for consultation and the FSA has decided that firms and the FSA would be best served by preserving continuity for firms through the carry forward of existing standards. The inclusion of the continued provisions in the IPRU(INV) and SUP 16 Annex 10R are necessary to the achievement of that approach.

For this reason, we believe that the most efficient and economic way to set standards regarding the matters contained in the continued provisions is to continue those provisions.

The responsibilities of those who manage the affairs of authorised persons

Nothing in IPRU(INV) or SUP 16 Annex 10R as amended or the provisions continued by this instrument removes from the senior management of firms the obligation to run their businesses in a sound and prudent way.

The principle that a burden or restriction...should be proportionate to the benefits, considered in general terms, which are expected to result from the imposition of that burden or restriction

Given that the continued provisions maintain an existing standard, we do not believe that any cost benefit issues will arise for a firm in maintaining that standard. As explained above, we believe that carrying forward the continued provisions is a proportionate approach at this stage.

The desirability of facilitating innovation in connection with regulated activities

The continued provisions will not restrict the scope of management to develop their regulated activities in an innovative manner, provided they meet the business standards set out in other parts of the Handbook.

The international character of financial services and markets and the desirability of maintaining the competitive position of the United Kingdom

Given that the continued provisions maintain an existing standard, we do not believe that they will have any impact on the competitive position of the United Kingdom.

The need to minimise the adverse affects on competition that may arise from any exercise of its general functions

Although the continued rules carry forward existing differences in the regulatory regimes of the previous regulators, we believe that any adverse effects on competition are small and are outweighed by the advantages of maintaining the existing standards as explained above.

The desirability of facilitating competition between those who are subject to any form of regulation by the Authority

The FSA is currently consulting on an integrated approach to setting prudential standards in the near future, which should lead to a harmonisation of standards. We believe that until those integrated standards are ready, the most appropriate approach is to maintain the existing standards.

ANNEX C
Amendments to IPRU(INV) 3

A. After IPRU(INV) 3-78 insert:

SECONDARY REQUIREMENT

Risk Profile

3-79 R (1) A firm must include in its secondary requirement any amount specified in any requirement to cover an unusual risk profile.

Operational risks

(2) A firm must include in its secondary requirement any amount specified in any requirement to cover the inadequate management of operational risk to which a firm is exposed.

G In assessing whether to impose a *requirement* on a *firm* to cover an unusual risk profile or operational risks, the *FSA* will consider various criteria. Relevant *guidance* can be found in sections 4 and 5 of Appendix 48 to IPRU(INV) 10. In addition, the *FSA* will take into account material group risks to a *firm*, where these have not been captured in a group financial resources test. Secondary requirements may be applied, for example, where there has been a major failure on the part of a *firm* to maintain adequate controls, as a means of providing an additional capital buffer whilst these problems are addressed.

B. Delete IPRU(INV) 3-170(11) and replace with:

Netting

3-170 R (11) A firm which has offsetting exposures in similar types of transactions with a counterparty may offset these in accordance with rules 3-171(2A), 3-173(2A), 3-173A(3), 3-176(3), 3-180(2A), 3-181(1) and 3-182(4A) when calculating CRR if it has a contractual netting agreement with that counterparty, which:

- (a) covers the transactions which the firm is seeking to net;**
- (b) creates a single obligation in each currency or a single overall obligation to pay (or receive) a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances;**
- (c) does not include a walkaway clause;**

- (d) is supported by written and reasoned independent legal opinions to the effect that, in the event of a legal challenge, the relevant courts would find the *firm's* exposure to be the single net amount mentioned in (b) above.

C. After IPRU(INV) 3-82(5) insert:

CONSOLIDATED SUPERVISION

Scope of test

- 3-190** **R** **(1)** **A *firm* must at all times ensure that its group maintains externally generated group *financial resources* in excess of its group *financial resources requirement*, unless otherwise permitted under rule 3-195.**
- R** **(2)** **A *firm* is exempt from (1) above when the *FSA* is not the consolidating supervisor for the *firm's* group.**
- G** The *FSA* will notify the *firm* if it is not the consolidating supervisor for the group.
- R** **(3)** **Should such a test reveal a shortfall in group *financial resources* with respect to the group's *financial resources requirement*, the *firm* must ensure that its group makes good the shortfall, and notify the *FSA* of the manner in which the shortfall will be made good.**
- R** **(4)** **The test is to be applied in accordance with rules 3-191 to 3-194 below and the *firm* must make appropriate reports to the *FSA*.**
- G** The *firm* may use the consolidated reporting statement forms required under *SUP* 16.7.25R.

Constituents of a group

- 3-191** **R** **(1)** **For the purposes of the test in 3-190 above, a *firm's* group must include the following:**
- (a)** **any *EEA subsidiary* of the *firm* which is a *credit institution, investment firm* or *financial institution*;**
- (b)** **any *EEA participation* of the *firm* which is a *credit institution, investment firm* or *financial institution*;**

- (c) **any EEA parent which is a financial holding company, and**
 - (d) **any EEA credit institution, investment firm or financial institution which is a subsidiary or participation of the firm's EEA parent which is a financial holding company.**
- G (2) The FSA may exercise its powers (whether through imposing a *requirement* or by using its general information gathering powers) to obtain information about the structure of a *firm's* group for the purposes of consolidated supervision including the position of any of the following:
- (a) any of the *firm's subsidiaries* or *participations* which are incorporated or have their head offices outside the EEA;
 - (b) any of the *firm's subsidiaries* or *participations* which are not *credit institutions, investment firms* or *financial institutions*;
 - (c) the *firm's parent* if it is incorporated or has its head office outside of the EEA;
 - (d) the *firm's parent* if it is not a *financial holding company*;
 - (e) any of the *parent's other subsidiaries* or *participations* which are incorporated or have their head offices outside the EEA; and
 - (f) any of the *parent's other subsidiaries* or *participations* which are not *credit institutions, investment firms, or financial institutions*.
- G The FSA's intention in defining the scope of a group for the purposes of a group financial resources test is to capture financial activities. 'Financial activities' is defined for these purposes as any *investment business* or *credit institution*, or other entity whose principal activity is to undertake their activities. It is not the FSA's intention to capture commercial activities. The FSA does not exclude the possibility that it may judge it necessary to capture a commercial entity; but were such circumstances to arise – for instance because financial risks had been moved from a *firm* to a commercial enterprise, and the FSA judged the consequences to the *firm* to be sufficiently material as to justify a response – the FSA would usually expect to address these risks through applying a secondary requirement, rather than extending the scope of the consolidated group to the commercial entity. Similarly, the FSA will not – other than in the most exceptional circumstances – consolidate any non-EEA parent entities of the *firm*.

Exemptions

- R (3) **A firm may, having first notified the FSA in writing, exclude from the group defined in (1), the following:**
- (a) **any subsidiary or participation, the total assets of which are less than the lower of euro 10 million or 1% of the total assets of the firm; and**

- (b) any *subsidiary, participation or firm's parent*, the inclusion of which within the group would lead to a misleading or inappropriate consolidation,

provided that in aggregate the total assets of such *subsidiaries and participations* would still satisfy (a) above.

Group financial resources

- 3-192 R A *firm* must calculate the externally generated *financial resources* of its group as the sum of:
- (a) the *financial resources* of the most senior undertaking in the group; and
 - (b) for each *subsidiary or participation*, the group's share of the *financial resources* of the *subsidiary or participation*, which was not provided by undertakings within the group subject to consolidated supervision, provided that:
 - (i) these *financial resources* are freely transferable and suitable for the purposes of covering the group's *financial resources requirement*; or
 - (ii) if not, they are limited to the value of the *subsidiary's or participation's financial resources requirement* from which they originate.

- G Where there is no senior undertaking in the defined group because, for example, the *firm's parent* is not included and only affiliates of the *firm* rather than any of its direct *subsidiaries or participations* are included, then the *financial resources* of the group is calculated as the sum of the externally generated *financial resources* of its constituents (i.e. excluding amounts provided by undertakings within the group subject to consolidated supervision), subject to the conditions in (i) and (ii) above.

Group financial resources requirement

- 3-193 R (1) A *firm* must calculate the group *financial resources requirement* as the aggregate of the *financial resources requirements* of the *firm* and any constituents of the defined group, as determined in accordance with rule 3-191.
- (2) The *financial resources requirement* of any *subsidiary or participation* of the *firm* or its *parent* is the *subsidiary or participation's* local regulatory capital requirement if any.

- (3) The *financial resources requirement* of the most senior undertaking within the group likewise is its local regulatory capital requirement if any.
- (4) Where a *firm* has a *parent, subsidiary or participation* which is not subject to local regulatory capital requirements, it must include in the group *financial resources requirement* any alternative requirement calculated on the business of that *parent, subsidiary or participation*, or the group's investment in that *subsidiary or participation*, which is imposed on it by a *requirement*.

G Any *requirement* will be calculated by applying the *Financial Rules* to the entity's business.

G (5) Where a *firm* has a *parent, subsidiary or participation* which is subject to local regulatory capital requirements, it may seek a modification or waiver permitting it to adopt an alternative methodology of determining the group's *financial resources requirement*.

Intra-group offsets and netting

3-194 R A *firm* may take into account:

- (a) the benefits of netting intra-group counterparty exposures;
- (b) offsetting positions, for the purposes of calculating its position risk requirements, held by different group companies; and
- (c) the group's share of capital surpluses in *subsidiaries* not subject to local regulatory capital requirements,

provided that:

- (d) the *firm* can ensure that the group has sufficient *financial resources* to cover its *financial resources requirements* at all times between *consolidated reporting statements*;
- (e) there is satisfactory allocation of capital within the group;
- (f) the regulatory, legal and contractual framework is sufficient to guarantee mutual financial support within the group; and

- (g) such intra-group benefits are only recognised where no regulations exist in the country of incorporation of the entity which might significantly affect the transfer of funds within the group.

Exemption from consolidated supervision

- 3-195 R A *firm* need not apply rules 3-190 to 3-194 to its group if:
- (a) There are no *credit institutions* in the group;
 - (b) all *firms* within the group:
 - (i) deduct from their *financial resources*, calculated in accordance with Table 3-61, any *material holdings* in *credit institutions* and *financial institutions*; and
 - (ii) meet their applicable primary, secondary and position/counterparty risk requirements (rules 3-70 to 3-78, 3-79 and 3-80 to 3-182 respectively);
 - (c) all other entities comply with applicable local regulatory capital requirements;
 - (d) the *firm's* group has in place systems to monitor and control the sources of capital and funding of all its constituents; and
 - (e) the *firm* first notifies the *FSA* in writing that it intends to rely upon this rule.

D. In the glossary at appendix 1, after the definition of "EEA" insert:

EEA parent means a *firm's* direct or indirect *parent* which is incorporated or has its head office in the *EEA*, or a *firm's parent* which is incorporated or has its head office outside the *EEA* but which in turn has a *parent* incorporated or which has its head office in the *EEA*;

NETTING

Similar Types of Transactions

The rules set out the requirements to be met by firms before offsetting exposures in 'similar types of transactions' with a counterparty (i.e. being those transactions falling under a particular counterparty risk rule). The netting of exposures within a particular rule is to be applied on a first in first out basis.

Derivative Transactions

Firms may offset the negative replacement cost on written OTC options against the positive replacement cost of OTC purchased options with the same counterparty.

Guidance On The Netting Of Counterparty Exposures

Introduction

1. This appendix contains guidance on the requirements to be attained in order for firms to net counterparty exposures assessed under the following areas.

Subject
Cash against documents transactions
Free deliveries of securities
Repurchase and reverse repurchase, securities lending and borrowing and sale and buy back agreements
Derivative transactions
Other amounts owed to a firm arising out of trading book business

Scope

2. The guidance applies to any firm subject to the CRR rules and which takes advantage of the netting provisions contained therein.

Background

3. Agreements which can effect set-off of counterparty exposures exist in two forms:
 - (a) novation agreements (referred as netting by novation) which replace existing contracts with one new contract and therefore can only be used to cover similar transactions with payments in the same currency for the same value dates; and
 - (b) netting agreements which can be used to cover transactions of very different types.

The guidance below applies to both novation agreements and netting agreements.

Principles of Offset

4. Before offsetting exposures in similar types of transactions with a counterparty a firm must have a contractual netting agreement with that counterparty which:
 - (a) covers the transactions which the firm is seeking to net;
 - (b) creates a single obligation in each currency or a single obligation to pay a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances;
 - (c) does not include a walkaway clause; and

- (d) is supported by written and reasoned independent legal opinions to the effect that, in the event of a legal challenge, the relevant courts would find the firm's exposure to be the single net amount mentioned in (b) above.

Statement of Law on Netting

5. The prerequisite of holding a netting agreement supported by an independent legal opinion in order to offset exposures is not required where the Financial Law Panel's (November 1993) Statement of Law on netting applies. This Statement of Law indicates that under English law rule 4-90 of the Insolvency Rules 1986 imposes a requirement for complete set-off of transactions between parties incorporated in England and Wales, provided the transactions are mutual (i.e. credits, debts or claims arise from dealings between the same parties and that the parties are acting in the same capacity). Furthermore, it indicates that set-off is mandatory, applies whether or not there is any contractual entitlement to set-off and cannot be excluded by agreement between the parties.
6. As mentioned above mutuality is required in order for there to be complete set-off of transactions. Accordingly, firms are expected to have procedures in place to identify the counterparty and the capacity in which the counterparty is acting. Firms proposing to rely on the Statement of Law on netting must satisfy themselves of the appropriateness of such reliance and, where in doubt, obtain legal advice. It is important to note that Insolvency Rule 4.90 does not apply to building societies, statutory organisations generally, mutual societies, partnerships and individuals.

Legal Requirements

7. Legal opinions will be needed for the:
- law of the jurisdiction in which the counterparty is organised;
 - law of the jurisdiction in which any branch involved is located;
 - law that governs the agreement and, if different, the law that governs individual transactions pursuant to it; and
 - law that governs the legal status of the counterparty who is entering into transactions of the type which the firm is seeking to net.
8. Where a firm uses an industry standard agreement which contains netting/set-off clauses the firm may rely only on a legal opinion relating to the netting/set-off clauses in that standard agreement where no amendment has been made to the agreement which would materially affect these clauses and where the legal opinion addresses the capacity of counterparties of the type with which the firm wishes to contract, the contract type and the relevant jurisdictions.

9. Where a netting agreement provides that one or both parties may enter into transactions with each other under the agreement through any of its (or certain designated) branches, then all such branches included in the agreement will be considered to be located in relevant jurisdictions for the purpose of this guidance.
10. Where a netting agreement involves more than one jurisdiction, a legal opinion is required for each to the effect that the agreement creates a single obligation in each currency or a single obligation to pay a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances.
11. As mentioned above legal opinions should relate to the law of the jurisdiction in which the counterparty is organised (i.e. incorporated or resident). However, certain circumstances may arise where this requirement could be considered not to be applicable; for example where:
 - a firm has no assets or exposure in that jurisdiction;
 - any judgement obtained in that jurisdiction against a firm would not be enforceable under any of the rules in the UK relating to the enforcement of foreign judgements; or
 - there are no other factors relating to that jurisdiction which would affect the ability of a firm to make net payments as contemplated by the netting agreement.
12. Where a firm believes that the law of the jurisdiction in which a counterparty is organised is not relevant, that point must be addressed in the legal opinion supporting the netting agreement. The ability to exclude the law of the jurisdiction in which a counterparty is organised does not extend to the netting of those off balance sheet exposures listed in the Solvency Ratio Directive: the amendment to this directive (to permit netting) specifically requires this matter to be addressed in the legal opinion.
13. It is recognised that, with certain aspects of the agreement, it may not be possible to obtain a definite opinion or that a positive opinion regarding enforceability of the netting agreement can only be obtained subject to certain assumptions and/or qualifications. Where qualifications are made, they should be specific and their effect adequately explained. In the same way, assumptions should be specific, of a factual nature (except in relation to matters subject to the law of a jurisdiction other than that covered by the opinion) and should be explained in the opinion.
14. Legal opinions on netting agreements must be obtained from independent legal advisers with sufficient expertise and experience in this area of law. Opinions from in-house counsel will not be acceptable. Where the regulator in the jurisdiction of the counterparty is satisfied that the netting agreement is not enforceable under the laws of that jurisdiction, the netting agreement cannot be relied upon regardless of the opinions obtained by a firm.

Compliance with the Legal Requirements

15. It is the responsibility of firms to ensure that the legal requirements set out above are met (firms are to calculate CRR on the gross value of exposures to counterparties where this is not the case). Firms do not need to apply to the FSA in order to net exposures. Similarly, legal opinions on netting agreements and the agreements themselves are not required to be submitted to the FSA for approval. The FSA will establish the existence of legal opinions and netting agreements when compliance with the above requirements is being monitored by its staff.
16. Firms are expected to put procedures in place to ensure that the legal characteristics of netting arrangements are kept under review in light of possible changes in the relevant law.
17. Firms are expected to maintain records demonstrating that, in relation to the legal requirements, the following considerations have been addressed:
 - the applicability of the netting agreement to the counterparties, jurisdictions and transactions involved;
 - the applicability of the opinions to the counterparties, jurisdictions and transactions involved;
 - where more than one jurisdiction is involved, the potential for conflicts in law;
 - all documentation is complete and still valid and that the agreement has been properly executed (i.e. that the acceptance of terms have been evidenced);
 - the nature and effect of any qualifications in the legal opinions and assessment that these do not impair the obligation to pay a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances; and
 - where an industry standard agreement is used upon which a generic legal opinion has been obtained, identification of those clauses which if altered during the course of negotiating the agreement would affect the right to offset. Internal legal counsel is to evidence review of these agreements to ensure that the effectiveness of the set off clauses has not been altered directly or indirectly by virtue of other clauses being added or deleted.
18. Firms are expected to hold a copy of the legal opinion and the agreement to which it relates.
19. Firms are to net exposures within a particular rule on a FIFO basis. Firms may net only current exposures and cannot net potential future exposures.

Cross-Product Netting

Introduction

The FSA will consider granting rule waivers in order to permit firms to take account of cross-product netting in the calculation of their Counterparty Risk Requirement (CRR) in instances where the FSA regards it appropriate.

The current drafting of the FSA's Financial Rules for securities and futures firms allows 'similar' types of transactions to be netted (where those transactions are covered by a valid netting agreement, with a supporting legal opinion). In practice, 'similar' has been defined as all transactions which fall within a particular CRR Rule treatment. Thus, currently, for the calculation of CRR in relation to exposures to a counterparty which are covered by valid netting arrangements, a firm would be required to assess, for example, a net exposure for all derivative transactions with that counterparty and a separate net exposure for all repo type transactions with that counterparty.

The FSA will consider granting waivers in accordance with SUP 8, though in general it will expect the following conditions to be met:

1. For the types of transaction which the firm is seeking to net, the firm must have the capability to monitor, and must in practice manage, the resultant exposures on a net basis.
2. All transactions which the firm is seeking to net must be covered by valid netting agreements and supported by legal opinions, in accordance with the requirements of the FSA's Financial Rules; and
3. Where underlying netting agreements are linked by a master netting agreement, the legal opinion must address the enforceability of the netting arrangements in their entirety;

One factor that the FSA will consider in assessing whether a particular applicant meets these requirements is whether the firm has had the use of its ACMP sanctioned for the purposes of calculating CRR.

ANNEX D
Amendments to IPRU(INV) 5

A. In the glossary at appendix 1, after the definition of "*group*" insert:

group of connected counterparties

means:

- (a) two or more natural or legal persons who constitute a single risk because one of them, directly or indirectly, has *control* over the other or others; or
- (b) two or more natural or legal persons between whom there is no relationship of *control* as in (a) but who are to be regarded as constituting a single risk because they are so interconnected that, if one of them were to experience financial problems, the other or all of the others would be likely to encounter difficulties in performing its or their obligations.

B. In the glossary at appendix 1, after the definition of "*ISD investment services*" insert:

large exposure

means any *exposure* to a *counterparty* or *group of connected counterparties* which exceeds 10 per cent of a *firm's own funds*.

ANNEX E
Amendments to IPRU(INV) 10

A. After 10-68 (1)(b) insert:

Note issuance and revolving underwriting facilities

R (2) A firm must calculate a requirement for each note issuance and revolving underwriting facility as 4% of the facility multiplied by the appropriate counterparty weight, where:

the date of commencement of the commitment is the date when the facility agreement becomes legally binding; and

the date of the maturity of the commitment is the date of termination of the facility agreement.

B. After 10-74(2)(b) insert:

G Firms may apply a reduced secondary requirement in the following cases:

- The following non-trading book investments attract a reduced secondary requirement of 17%:
- Gilts, US treasuries, EIB and World Bank securities;
- Listed Equities i.e. stocks that are constituents of the table of constituent indices in Appendix 49;
- London Stock Exchange shares;
- LCH: contributions to the Member Default Fund - Board Notice 352. Secondary Requirement need only be calculated as 92% of the excess of the value of the contribution over the 10% threshold (rule 10-74(2)(b), as opposed to 92% of the full value of the contribution. (This concession is not a precedent which can be extended to other types of deposit);
- LIFFE seats/shares: reduction only where the seat is unused by the firm or another lessee and is purely held for investment purposes;
- Loans to the extent that the loan is secured by unencumbered acceptable collateral.

Firms may apply for the Secondary Requirement to be reduced, giving reasons why the Secondary Requirement on illiquid assets should be reduced.

C. Delete the existing rule 10-80(6) and replace with:

Instruments for which no PRR treatment has been specified

- 10-80(6)** **R** **Where the *firm* has a position in an instrument for which no *PRR* treatment has been specified, it must calculate a *PRR* of an appropriate percentage of the current *mark to market* value of the position and the *firm* must immediately notify the *FSA* of the details of the instrument, the *PRR* calculated and the reasons for the calculation.**

D. Delete the existing rule 10-120 and replace with:

COLLECTIVE INVESTMENT SCHEMES

Eligible collective investment schemes

- 10-120** **R** **(1) A *firm* must calculate the *PRR* for a position in an *eligible collective investment scheme* as the *mark to market* value of the *firm's* aggregate position multiplied by:**
- (a) 8%, provided that:**
 - (i) the scheme only invests in *qualifying debt securities* and *qualifying deposits*;**
 - (ii) the maturities of *qualifying debt securities* does not exceed 2 years; and**
 - (iii) any right to restrict the withdrawal of funds has not been exercised.**
 - (b) 16 % in the case of other *eligible collective investment schemes*.**

Other collective investment schemes

- (2) (a) A *firm* must calculate the *PRR* for a position in any other *collective investment scheme* as the *mark to market* value of the *firm's* aggregate position multiplied by 16%, provided that:**
- (i) 100% of the scheme funds are invested in liquid and readily realisable *securities* which are *marketable investments* or held in cash;**

- (ii) the *firm* knows the underlying constituents of the scheme on a daily basis;
 - (iii) shares or units can be created or redeemed in exchange for underlying constituents;
 - (iv) investment in the scheme results in an equivalent or higher *PRR* than the underlying constituents would attract if directly held; and
 - (v) any right to restrict the withdrawal of funds has not been exercised.
- (b) A *firm* must calculate the *PRR* for a position in any other *collective investment scheme* as the *mark to market* value of the *firm's* aggregate position multiplied by 100%.

G For the purposes of 10-120(1)(a), the scheme may invest in other financial instruments but for hedging purposes only.

E. In the glossary at appendix 1, after the definition of "EEA" insert:

EEA parent means a *firm's* direct or indirect *parent* which is incorporated or has its head office in the *EEA*, or a *firm's parent* which is incorporated or has its head office outside the *EEA* but which in turn has a *parent* incorporated or which has its head office in the *EEA*;

Appendix 62

NETTING

Similar Types of Transactions

The rules set out the requirements to be met by firms before offsetting exposures in 'similar types of transactions' with a counterparty (i.e. being those transactions falling under a particular counterparty risk rule). The netting of exposures within a particular rule is to be applied on a first in first out basis.

Derivative Transactions

Firms may offset the negative replacement cost on written OTC options against the positive replacement cost of OTC purchased options with the same counterparty.

Guidance On The Netting Of Counterparty Exposures

Introduction

1. This appendix contains guidance on the requirements to be attained in order for firms to net counterparty exposures assessed under the following areas.

Subject
Cash against documents transactions
Free deliveries of securities
Repurchase and reverse repurchase, securities lending and borrowing and sale and buy back agreements
Derivative transactions
Other amounts owed to a firm arising out of trading book business

Scope

2. The guidance applies to any firm subject to the CRR rules and which takes advantage of the netting provisions contained therein.

Background

3. Agreements which can effect set-off of counterparty exposures exist in two forms:
 - (a) novation agreements (referred as netting by novation) which replace existing contracts with one new contract and therefore can only be used to cover similar transactions with payments in the same currency for the same value dates; and
 - (b) netting agreements which can be used to cover transactions of very different types.

The guidance below applies to both novation agreements and netting agreements.

Principles of Offset

4. Before offsetting exposures in similar types of transactions with a counterparty a firm must have a contractual netting agreement with that counterparty which:
 - (a) covers the transactions which the firm is seeking to net;
 - (b) creates a single obligation in each currency or a single obligation to pay a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances;
 - (c) does not include a walkaway clause; and

- (d) is supported by written and reasoned independent legal opinions to the effect that, in the event of a legal challenge, the relevant courts would find the firm's exposure to be the single net amount mentioned in (b) above.

Statement of Law on Netting

5. The prerequisite of holding a netting agreement supported by an independent legal opinion in order to offset exposures is not required where the Financial Law Panel's (November 1993) Statement of Law on netting applies. This Statement of Law indicates that under English law rule 4-90 of the Insolvency Rules 1986 imposes a requirement for complete set-off of transactions between parties incorporated in England and Wales, provided the transactions are mutual (i.e. credits, debts or claims arise from dealings between the same parties and that the parties are acting in the same capacity). Furthermore, it indicates that set-off is mandatory, applies whether or not there is any contractual entitlement to set-off and cannot be excluded by agreement between the parties.
6. As mentioned above mutuality is required in order for there to be complete set-off of transactions. Accordingly, firms are expected to have procedures in place to identify the counterparty and the capacity in which the counterparty is acting. Firms proposing to rely on the Statement of Law on netting must satisfy themselves of the appropriateness of such reliance and, where in doubt, obtain legal advice. It is important to note that Insolvency Rule 4.90 does not apply to building societies, statutory organisations generally, mutual societies, partnerships and individuals.

Legal Requirements

7. Legal opinions will be needed for the:
- law of the jurisdiction in which the counterparty is organised;
 - law of the jurisdiction in which any branch involved is located;
 - law that governs the agreement and, if different, the law that governs individual transactions pursuant to it; and
 - law that governs the legal status of the counterparty who is entering into transactions of the type which the firm is seeking to net.
8. Where a firm uses an industry standard agreement which contains netting/set-off clauses the firm may rely only on a legal opinion relating to the netting/set-off clauses in that standard agreement where no amendment has been made to the agreement which would materially affect these clauses and where the legal opinion addresses the capacity of counterparties of the type with which the firm wishes to contract, the contract type and the relevant jurisdictions.

9. Where a netting agreement provides that one or both parties may enter into transactions with each other under the agreement through any of its (or certain designated) branches, then all such branches included in the agreement will be considered to be located in relevant jurisdictions for the purpose of this guidance.
10. Where a netting agreement involves more than one jurisdiction, a legal opinion is required for each to the effect that the agreement creates a single obligation in each currency or a single obligation to pay a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances.
11. As mentioned above legal opinions should relate to the law of the jurisdiction in which the counterparty is organised (i.e. incorporated or resident). However, certain circumstances may arise where this requirement could be considered not to be applicable; for example where:
 - a firm has no assets or exposure in that jurisdiction;
 - any judgement obtained in that jurisdiction against a firm would not be enforceable under any of the rules in the UK relating to the enforcement of foreign judgements; or
 - there are no other factors relating to that jurisdiction which would affect the ability of a firm to make net payments as contemplated by the netting agreement.
12. Where a firm believes that the law of the jurisdiction in which a counterparty is organised is not relevant, that point must be addressed in the legal opinion supporting the netting agreement. The ability to exclude the law of the jurisdiction in which a counterparty is organised does not extend to the netting of those off balance sheet exposures listed in the Solvency Ratio Directive: the amendment to this directive (to permit netting) specifically requires this matter to be addressed in the legal opinion.
13. It is recognised that, with certain aspects of the agreement, it may not be possible to obtain a definite opinion or that a positive opinion regarding enforceability of the netting agreement can only be obtained subject to certain assumptions and/or qualifications. Where qualifications are made, they should be specific and their effect adequately explained. In the same way, assumptions should be specific, of a factual nature (except in relation to matters subject to the law of a jurisdiction other than that covered by the opinion) and should be explained in the opinion.
14. Legal opinions on netting agreements must be obtained from independent legal advisers with sufficient expertise and experience in this area of law. Opinions from in-house counsel will not be acceptable. Where the regulator in the jurisdiction of the counterparty is satisfied that the netting agreement is not enforceable under the laws of that jurisdiction, the netting agreement cannot be relied upon regardless of the opinions obtained by a firm.

Compliance with the Legal Requirements

15. It is the responsibility of firms to ensure that the legal requirements set out above are met (firms are to calculate CRR on the gross value of exposures to counterparties where this is not the case). Firms do not need to apply to the FSA in order to net exposures. Similarly, legal opinions on netting agreements and the agreements themselves are not required to be submitted to the FSA for approval. The FSA will establish the existence of legal opinions and netting agreements when compliance with the above requirements is being monitored by its staff.
16. Firms are expected to put procedures in place to ensure that the legal characteristics of netting arrangements are kept under review in light of possible changes in the relevant law.
17. Firms are expected to maintain records demonstrating that, in relation to the legal requirements, the following considerations have been addressed:
 - the applicability of the netting agreement to the counterparties, jurisdictions and transactions involved;
 - the applicability of the opinions to the counterparties, jurisdictions and transactions involved;
 - where more than one jurisdiction is involved, the potential for conflicts in law;
 - all documentation is complete and still valid and that the agreement has been properly executed (i.e. that the acceptance of terms have been evidenced);
 - the nature and effect of any qualifications in the legal opinions and assessment that these do not impair the obligation to pay a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances; and
 - where an industry standard agreement is used upon which a generic legal opinion has been obtained, identification of those clauses which if altered during the course of negotiating the agreement would affect the right to offset. Internal legal counsel is to evidence review of these agreements to ensure that the effectiveness of the set off clauses has not been altered directly or indirectly by virtue of other clauses being added or deleted.
18. Firms are expected to hold a copy of the legal opinion and the agreement to which it relates.
19. Firms are to net exposures within a particular rule on a FIFO basis. Firms may net only current exposures and cannot net potential future exposures.

Cross-Product Netting

Introduction

The FSA will consider granting rule waivers in order to permit firms to take account of cross-product netting in the calculation of their Counterparty Risk Requirement (CRR) in instances where the FSA regards it appropriate.

The current drafting of the FSA's Financial Rules for securities and futures firms allows 'similar' types of transactions to be netted (where those transactions are covered by a valid netting agreement, with a supporting legal opinion). In practice, 'similar' has been defined as all transactions which fall within a particular CRR Rule treatment. Thus, currently, for the calculation of CRR in relation to exposures to a counterparty which are covered by valid netting arrangements, a firm would be required to assess, for example, a net exposure for all derivative transactions with that counterparty and a separate net exposure for all repo type transactions with that counterparty.

The FSA will consider granting waivers in accordance with SUP 8, though in general it will expect the following conditions to be met:

1. For the types of transaction which the firm is seeking to net, the firm must have the capability to monitor, and must in practice manage, the resultant exposures on a net basis.
2. All transactions which the firm is seeking to net must be covered by valid netting agreements and supported by legal opinions, in accordance with the requirements of the FSA's Financial Rules; and
3. Where underlying netting agreements are linked by a master netting agreement, the legal opinion must address the enforceability of the netting arrangements in their entirety;

One factor that the FSA will consider in assessing whether a particular applicant meets these requirements is whether the firm has had the use of its ACMP sanctioned for the purposes of calculating CRR.

Appendix 63

GUIDANCE ON CREDIT DERIVATIVES

THIS APPENDIX APPLIES TO FIRMS WHICH TAKE, OR INTEND TO TAKE, POSITIONS IN CREDIT DERIVATIVE PRODUCTS

INTRODUCTION

Over the past few years, there has been an increasing amount of interest and activity in credit derivatives, a class of products that includes credit-linked notes, total return swaps and default options and swaps. For at least some of these products, the commodity being traded is 'pure' credit risk. Through these instruments firms are no longer seeking to contain a risk which is incurred as a by-product of their mainstream trading activity, but are increasingly moving towards trading that very risk. The FSA requires firms to operate robust internal control systems; the advent of credit derivatives highlights the need for increased vigilance in the assessment, monitoring and control of market risk, credit risk and operational risk. **The primary purpose of this Appendix is to underscore the importance of internal control procedures, particularly in circumstances where firms are trading new risks, or new combinations of risk.**

In addition, this Appendix gives some general guidance on capital issues. The non-homogeneity of products under the umbrella term 'credit derivatives' makes it difficult for the FSA to write explicit rules which cover all circumstances. Furthermore, an apparently small change in contract specification might require a significant change in capital treatment. Matters are further complicated by constraints on regulatory capital treatment imposed by European Directives.

To date, the FSA has provided guidance to firms on an ad-hoc basis, and it intends to continue with this practice for the time being. That said, the FSA is able to give a flavour of the capital treatments by way of the brief explanations and examples below. This should not, however, be taken as a definitive guide. **Any firm which has positions in credit derivatives, or intends to acquire such positions, should seek advice from the FSA on the capital to be set aside for regulatory purposes.**

INTERNAL CONTROL ISSUES

Most of the risks to which credit derivatives give rise are familiar, as the same types of risk are present in longer-established instruments. However, they may be present in different combinations in new credit products, and this can add challenges to the manner in which risk is measured, monitored and controlled. For this reason it is of particular importance that any firm engaging in credit derivatives, or one which is intending to undertake such activity, considers whether additions or amendments to established procedures and control routines are required in order to capture and monitor the particular combinations of risks inherent in the products they intend to trade.

The following remarks are not intended as an exhaustive review of the matters which firms may need to address in considering the control of their credit derivatives business, but are merely illustrative of some of the issues which are pertinent. While they relate primarily to credit default type products, many of the considerations will be equally applicable to other credit derivative structures. Firms should also note that procedures for the control of credit derivatives cannot be viewed in isolation: they must mesh seamlessly with the procedures in place for the control of other forms of risk.

New product approval

Before a firm enters into any new type of business, it must ensure that it has in place systems and controls that are adequate to record and monitor the risks of that business. Control issues should be addressed by the firm's senior management, although the level and nature of the controls to be considered during the new product approval process will depend on a variety of factors, including the type and volume of business that will be entered into.

Among the factors which should be considered during the new product process are the following -

- whether the new business falls within the risk appetite of the firm, as established by the Board or equivalent management body;
- an exact description of the type of products to be introduced;
- accounting policies (which firms may wish to discuss with their external auditors);
- valuation methodology, and systems for ensuring that this policy is adhered to;
- authority and level of knowledge of risk managers and/or independent price-checkers;
- format and content of risk reports;
- limits, and systems for measuring and monitoring usage of those limits;
- type of documentation to be used, and other legal risks;
- clearing and settlement procedures;
- adequacy of the firm's computer systems for representing the new transaction type(s);
- reliance on key staff;
- risks arising from the remuneration strategy.

Senior management should approve the procedures and controls and management at all levels must understand and enforce them.

Risk appetite

It is crucial that a firm understands the risks to which credit derivatives give rise, and that resulting exposures are consistent with the overall risk appetite of the firm, as approved by the Board or equivalent management body. At the highest level, firms

will need to consider their objectives in using such instruments. Are they buying and selling credit protection in order to diversify or hedge their portfolio of credit risk? Are they offering credit protection to others, thereby incurring risks which may need to be hedged? Are they seeking to make a turn from buying and selling credit protection? Or, as is most likely, a mixture of all three? The level of control required will, as ever, be a function of the trading strategy.

Understanding the products

Although many of risks to which credit derivatives give rise are familiar, it is important to understand the significant differences between these instruments and more traditional products of a similar nature.

For example, many commentators have drawn parallels between credit derivatives and products such as guarantees or insurance. While some credit derivatives exhibit many of the characteristics of both of these instruments, it is important to recognise a credit derivative as a product in its own right with its own set of associated risks. An over-reliance on similarities between products can lead to the obscuring of genuine differences between their risk characteristics.

Many default options have an economic structure similar to that of guarantees: if issuer A defaults in the repayment on maturity of a bond held by Firm X, Firm X can immediately put the defaulted bond to Firm Y at par in exchange for full payment. It is tempting to see this as analogous to a first on demand guarantee, where on a default by the guaranteed party the guarantor pays the guaranteed party's debt as if it were its own.

However, there is a strong argument that the legal risk in the derivative transaction is greater than that in the guarantee, since guarantee documentation has been tested in the courts over centuries, whereas the default option documentation is as yet untried. It can therefore be argued that while the economic intent may be similar in the two products, there is greater risk engendered by following the credit derivative path rather than the well-trodden guarantee route.

Given that the market is still in a fairly early stage of development, and that structures and terminologies are not yet standardised, participants should be aware of the transactional risks involved and ensure that they have fully understood (and exchanged confirmation of) the exact commercial terms of the transactions entered into.

Credit approval

Firms will need to consider the mechanisms in place for approval of the acquisition of credit risk. Will the sale of credit protection be subject to appropriate levels of credit approval, and will the process be the same as that for other credit exposures the firm incurs? Is the approval process separate from the dealing function? Are those making the decisions fully aware of the particular risks of credit derivatives? It would plainly be dangerous for product originators, whose prime motivation will often be the provision of innovative financial engineering solutions for clients, to be committing the firm to acquiring risk, without the nature of that risk being fully understood, and

consequently approved, by those responsible for the protection of the firm's assets. There may be a need for education of those making credit decisions in the peculiar risks inherent in credit derivatives, particularly if the decision to incur risk is truly to be kept separate (in management terms) from those who are trading it.

Mismatches and imperfect hedges

In documenting credit derivatives, firms should review the degree to which default criteria match in the reference asset and the derivative. In the simplest asset structures, mere failure to pay constitutes default; if this is matched in the derivative the credit hedge is clearly highly effective. If, alternatively, further conditionality is imposed in the default criteria of the derivative - for example, the payoff is triggered only when a payment has failed and this fact has become public and the price of the underlying has been affected by more than a certain amount - then the hedge is less effective.

Consideration should also be given to maturity mismatches. Where the underlying credit exposure continues beyond the maturity of the hedge, firms may wish to consider the appropriate exposure reporting treatment. For example, where the underlying credit risk is deteriorating, and default is considered probable, but not before the expiry of any protection held, is it prudent to consider the risk to be transferred at all? Arguably not only is the risk not transferred, but firms should be giving consideration to provisioning.

Where firms sell credit protection, the question of the firm's rights in a receivership or bankruptcy will be crucial. For example, if a firm receives an underlying bond when it is called under any protection sold, then it will clearly have rights in any eventual receivership. However, a structure where a firm merely undertakes to pay an amount to a protection buyer in the event of the default of the reference asset, and the protection seller acquires no rights in bankruptcy against the defaulting party, will have a wholly different risk profile.

The degree of correlation between the default of the reference asset and that of the protection seller must be considered. Where the two are highly correlated, it will plainly be inappropriate to regard the risk as effectively transferred. Would it be prudent to consider exposure to a sovereign issuer to be reduced by the purchase of protection from an entity located in the same country? Is protection sold by a subsidiary a valid hedge against a parent company exposure? (In the latter case firms may also wish to consider any legal restrictions which there may be on the support of parent companies by subsidiaries).

None of the foregoing is to say that firms should not enter in to imperfect credit hedges, merely that they should be aware of the risks involved in doing so, and ensure that these are reflected in the monitoring and review procedures applied.

Monitoring of credit exposures

A firm's systems must be capable of aggregating credit exposures arising from credit derivatives with other exposures to a given entity. Furthermore, systems must be capable of reflecting the "dual" credit risk exhibited by many credit derivatives: where

protection is bought for an asset held in the firm's portfolio, the firm has credit exposure both to the issuer of the reference asset and to the protection seller. Similarly, where cash flows are swapped, a firm may acquire a dual risk, depending on the exact nature of the structure. Firms should ensure that they have monitoring systems which are capable of reflecting this dual risk, so that exposure to both the issuer of the reference asset and to the protection seller can be monitored.

Credit review and provisioning procedures

In considering the ongoing credit review of exposures, firms will again need to address the dual nature of the exposure to which most credit derivatives give rise. They will need to review both the financial strength of the underlying credit risk and the creditworthiness of the protection seller from whom protection has been bought. In this regard firms may wish to investigate fully the rights they have to financial information on the underlying credit risk and whether any restrictions in access to information would put a seller of protection at a disadvantage compared to a holder of the underlying credit risk, and whether any such disadvantage significantly alters the risk profile. Plainly where there is a lack of transparency, and firms may not be party to information which holders of the reference asset may receive, there will be a need for greater vigilance in monitoring.

Traditionally, securities houses have rarely become involved in "work outs". However, where firms become the ultimate bearer of the credit risk of a certain counterparty, they will need to consider whether they have the necessary expertise in insolvency to make the best recovery possible. While it can be argued that even defaulted instruments can be sold "at a price", such a sale may result in greater financial loss than if the firm managed the recovery itself.

Scenario testing

It is important that any firm which incurs significant trading risk undertakes a rigorous and comprehensive programme of scenario testing covering all major types of risk, including market risk, credit risk and operational risk. Routine scenario testing should be undertaken in order to aid the measurement and control of risks in 'normal' circumstances. In addition 'stress' scenarios should be designed to test the potential for losses under extreme conditions, or to highlight possible risk control problems that may arise. These should include -

- abnormal market movements;
- periods of inactivity or illiquidity; and
- the break-down of key assumptions.

Individual firms will need to devise tests which are meaningful to their particular situations; in each case the criteria should explicitly identify plausible events or influences to which the firm could be exposed. Of crucial importance in the case of credit derivatives is that the results should be capable of clear interpretation even where, by the very nature of the instruments, the distinction between market risk and credit risk becomes somewhat blurred. In addition, credit pricing is evolving as the derivatives market develops, and subjective judgements may need to be made in

order to price or mark to market these instruments, which may in turn affect the performance of the hedge. Such judgements should be routinely reviewed and their potential effect included within the scenario testing.

The results of scenario testing should be regularly communicated to senior management, and to the Board or equivalent body, and should be reflected in the policies and limits set by management.

Reality testing

The essence of reality testing is the comparison of actual trading results with expected outcomes. Firms are familiar with the idea of checking whether their assumptions about the direction of markets have held, but have been slower to apply similar techniques to credit spreads, ratings migration and default.

Any firm which incurs credit risk in its trading activities should ensure that it has a mechanism to test whether, and to what extent, its assumptions have been robust. There should also be a recognised route for the results of reality testing to feed back into the process governing the way in which the firm limits its risk-taking activity.

REGULATORY CAPITAL TREATMENT

Some of the products which are by common consent termed credit derivatives are covered by the FSA's rules (for example, options on an individual bond or equity). Other instruments, however, show characteristics of a type not explicitly covered by the rules, and for these products the FSA has in the past provided guidance on an ad-hoc, though consistent basis. Both the credit derivatives market, and indeed the international regulatory capital regime, are evolving, and the FSA does not believe it is appropriate at this stage to propose rule changes to accommodate the full range of new products.

The following paragraphs outline the general approach which the FSA will follow, and show the way in which capital charges might be calculated for some given examples of transactions. However, **any firm with a position in a credit derivative product should seek guidance on its treatment from the FSA.** There is as yet little standardisation of products, and an apparently small difference in specification might require a significant change in capital treatment. Furthermore, the FSA is constrained by the requirements of the Capital Adequacy Directive, and associated pieces of legislation; it is possible that what seems a common-sense approach could be illegal.

Mark to market

Valuation is fundamental to the question of capital adequacy, as it has a direct effect on firms' financial resources. The FSA requires marking on a 'close-out' basis - a long position should be valued at the bid side of the market, and a short position at the offered side. Where a product is illiquid, the bid-offer spread available in the market will tend to be wide, and this must be reflected in the mark to market value. Firms are also required to take account of factors such as the size of the position.

For example, if the size is larger than that for which a market bid-offer spread would hold, the spread must be widened to take account of this.

Credit derivatives offer certain additional challenges to the valuation process, but the FSA believes that the principles remain the same. There are many products commonly traded by authorised firms which, because of their peculiar characteristics, are complex to value, but which the FSA nonetheless requires to be marked to market. In all cases, the valuation must reflect the level at which a firm realistically expects to be able to liquidate the position. Where there is any uncertainty, the overriding principle is that of prudence.

Notwithstanding this, the reliability of the pricing process for some credit default products may leave regulators with a residual concern. For this reason, **a firm's proposed methodology for marking to market must be agreed with the FSA.** In extreme cases, the FSA may require extra buffers to be included in the valuation, and may even restrict any unrealised profit from inclusion in a firm's financial resources.

For the sake of clarity it should be noted that all credit derivatives must be marked to market, whether or not they are trading book positions, and that they must be marked on a close-out basis.

Trading book/non-trading book

The FSA believes that it is likely that most credit derivative transactions entered into by firms will be trading book items, and will therefore be subject to PRR and CRR. Some firms are aiming to develop a two-way market, and others have bought protection for specific assets or asset classes in their trading book. Where a credit derivative position is clearly not a trading book item, it will be subject to a liquidity adjustment of either 100% or 8% (depending on which method a firm uses to calculate its financial resources).

Position Risk Requirement

Most credit derivative products can be slotted into the standard calculation methodologies (i.e. equity methods 1-4, and interest rate methods 1-3). The PRR calculation is divided into two distinct parts, being 'general market risk' and 'specific risk'. Some credit default products may not give rise to general market risk; where this is the case, instruments are likely to incur only the specific risk component of the relevant PRR charge.

Example 1: Credit default option

Firm A purchases option from Firm B.

A Credit Event is defined in terms of the default of XYZ Co. 8% notes 1999. Should a Credit Event occur, Firm B will pay Firm A £1m against delivery of £1m nominal of XYZ Co. 8% notes 1999.

For firm A -

General market risk: Nil

Specific risk: PRA of reference asset * nominal amount

Where the default protection is embedded in a credit-linked note issued by a third party, it is likely that both general market risk and specific risk charges will apply. Since there is a dual issuer risk, two specific risk charges should be calculated.

Example 2: Credit-linked note

Firm A holds a note issued by ABC Co, maturity 5 years, coupon 8%.

Should a Credit Event occur, the note is terminated. The Credit Event is defined in terms of the default of a bond issued by a third party - XYZ Co.

General market risk: 5 year PRA for relevant currency * mark to market value of note.

Specific risk: (PRA ABC Co + PRA XYZ Co) * mark to market value of note.

A total return swap should be treated as two notional positions, representing respectively the interest rate leg, and a position in the reference asset.

Example 3: Total return swap

Firm A pays 3 months LIBOR and any price depreciation on 100 XYZ Co shares;

Firm B pays dividend and any price appreciation on 100 XYZ Co shares.

Firm A: short debt equivalent position at three months; long equity equivalent position in 100 XYZ Co.

Firm B: long debt equivalent position at three months; short equity equivalent position in 100 XYZ Co.

Firms are reminded that if they are in any doubt as to the appropriate PRR treatment for any position or exposure, they should seek guidance from the FSA.

Offset for capital adequacy purposes

The Capital Adequacy Directive allows the competent authorities to recognise certain offsets for general market risk, but requires that the specific risk charge is applied to gross positions.

Where a position in a credit derivative has been represented as a notional debt or equity position, it automatically becomes eligible for the netting provisions set out in 10-83 and 10-102.

Example 4: Total return swap + hedge

Firm A pays 3 months LIBOR and any price depreciation on 100 XYZ Co shares;

Firm B pays any price appreciation and dividends on 100 XYZ Co shares.

Firm A is short 100 shares in XYZ Co.

Firm A's long equity equivalent position arising from the swap may be netted with its short position, giving rise to a zero PRR for the equity position.

PRR must still be calculated on the LIBOR leg.

Where a firm has a position in a credit default product that incurs only a specific risk charge, together with a position in the reference asset, the FSA may permit the two specific risk charges to be offset, provided that the credit events specified in the default product are to all intents and purposes the same as those specified for the reference asset.

Example 5: Credit default option + position in reference asset

Firm A holds option described in example 1.

Firm A is long £1m nominal XYZ Co. 8% notes 1999.

General market risk: 2 year PRA for relevant currency * mark to market value of bond.

Specific risk: nil

There may be other circumstances in which it is both legal and appropriate to recognise the hedging benefits of certain credit derivatives. **Firms are encouraged to discuss individual strategies with the FSA.**

Counterparty risk requirement

OTC credit derivatives, whether structured as swaps or options, give rise to counterparty risk. CRR for most credit derivative transactions will fall under rule 10-174: the appropriate part of Table 10-174(3) to be used in calculating the 'credit equivalent amount' should be determined by the nature of the reference asset.

Example 6: Credit default option

Firm A purchases from Firm B the option described in Example 1.

Credit equivalent amount = replacement cost + £50,000 [i.e. 0.5% of £1m]

Some firms may use credit derivatives to reduce their exposure to a counterparty. EU law does not permit the recognition of such hedging in all cases, but the FSA is prepared to consider on a case-by-case basis whether the protection provider may be substituted for the counterparty for the purposes of the CRR rules. **Firms wishing to investigate this possibility should contact the FSA.**

Large exposures

Exposures incurred in both buying and writing credit derivatives should of course be taken into account for the purposes of calculating a firm's large exposures requirement. Where a firm holds an asset together with a hedge that is recognised as such by the FSA, it may choose to calculate its large exposures capital requirement in terms either of the exposure to the underlying or of the exposure to the entity providing the protection. This is not an entirely free choice, however: firms must be consistent in how they view credit protection. For example, if the protection has been taken into account when calculating PRR, an exposure to the provider must be reflected for large exposures purposes.

For the purposes of internal and regulatory monitoring of large exposures, the exposure to both the reference asset and to the protection provider should be indicated.

Multiple name risk

Where a firm is exposed to issuer risk of more than one issuer, for example where writing a credit default derivative which pays out on the default any one of a number of specified instruments: in general PRR should be calculated with reference to the

aggregate of the specific risk weightings of the instruments in the reference basket (ie. on an additive basis).

However, in cases where the derivative instrument/credit linked note has been afforded a credit rating by a 'relevant agency' which accords with the definition of 'qualifying debt security' firms may apply to the FSA to use the relevant single specific risk weighting from Appendix 53.

Risk assessment models

In the light of the forthcoming CADII package of directives, firms may also wish to consider whether to approach the FSA for permission to use an appropriate risk assessment model as the basis for calculating regulatory capital requirements.

SPECIFIC RISK TREATMENT OF CREDIT DERIVATIVES

Introduction

The following guidance is to clarify the specific risk treatments applicable to 'plain vanilla' credit derivatives such as credit default products, total return swaps and credit-linked notes.

Where a firm has a position in a more complex credit derivative instrument for which no PRR treatment has been specified, the firm must immediately seek guidance from the FSA. Until an appropriate treatment has been determined a PRR of 100% of the current mark to market value of the position must be applied.

Default Events

The following guidance applies only in circumstances where the default events, as drafted under the terms of the credit derivative, match those relating to the underlying reference asset. If default events are different, no hedging benefit should be recognised.

Specific Risk

Specific interest rate risk is the risk that the price of a specific security will change relative to prices of securities generally. Such a change is generally attributable to a change in the perceived creditworthiness of the issuer.

Credit derivatives are represented as a notional long or short position in the specific risk of the reference asset. If premium or interest payments are due under the swap, these cashflows are represented as a notional position in a Zone A government bond with the appropriate fixed or floating rate coupon.

Netting

A firm may net long and short positions in the same equity, debt and derivative instruments (under Chapter 10 rule 10-83 for equities based instruments and rule 10-102 for interest-rate based products) before the specific risk charge is applied to the resultant net long or short position. **Instruments are considered to be the same where the issuer is the same, they have equivalent ranking in liquidation, and the currency, coupon and maturity are the same.** These netting criteria are taken from Annex I (Position Risk) of the Capital Adequacy Directive (“CAD I”)

Specific risk offset

Firms may net notional specific risk positions in reference assets resulting from credit derivative positions against actual positions in the reference asset or other notional positions created by other credit derivatives providing the conditions set out in rules 10-83 or 10-102 are met (see ‘Netting’ above).

Example 1

A firm holds a position of £10mn nominal of XYZ Ltd 6% 2004 bond. The firm has bought protection (short credit risk) on this bond with a £10mn notional credit default swap referenced to this bond. The maturity of the credit default swap is 2004.

Under rule 10-102(1) the firm may net the notional position in specific risk created as a result of the swap against the actual position in the bond leaving a flat position. Therefore no specific risk charge is incurred. As credit default products do not attract a general market risk charge, general market risk is calculated on the cash position only.

Example 2

A firm has sold protection (long credit risk) via a credit default swap on £5mn notional of ABC Ltd 8% 2000. It has backed out the risk by buying £5mn of protection on the same reference asset. Documentation relating to the two transactions is identical.

Again, under rule 10-102(2) the firm may net the long and short notional positions in the reference asset leaving a flat position. No specific risk charge is incurred.

Maturity Mismatch

Where a credit default product or credit linked note is of shorter maturity than the reference asset, a specific risk offset is allowed between the long and short specific risk positions. However, the unhedged period creates a forward position in specific risk of the reference asset. The net result is a single specific risk charge for the longer maturity position in the reference asset. This is the treatment agreed with the UK Supervisory Group on Credit Derivatives.

Note: This treatment does not apply to total return swaps, where no forward position in specific risk of the reference asset is recorded in cases of maturity mismatch because of the way the TRS resets, i.e. the TRS will compensate for movements in the market value which go beyond that of a

credit event (a CLN/CDS will only provide protection at maturity where there has been a credit event).

Example

A firm is holding £3mn DEF Ltd 8.5% 2003 bond. It hedges this position by entering into a credit default swap referenced to this asset but with maturity of 2002.

The notional position in specific risk resulting from the credit default swap may be netted against the actual position in the bond. However, after 2002 the position is unhedged. This results in a forward position in the specific risk of the reference asset. An appropriate specific risk charge should be applied to the longer maturity position in the reference asset from commencement of the transaction.

Asset Mismatch

Where a firm enters into a credit derivative hedge referenced to an asset other than the underlying asset they are seeking to hedge, there is basis risk between the reference asset and the underlying asset. Specific risk offsets are not available under the standard FSA rules in the case of an asset mismatch.

If a firm is hedging a long position in a credit default option with a short position, specific risk offsets are available only if the two notional positions in the reference assets meet the requirements of Rule 10-102(3).

Example

A firm hedges £3mn GHI Ltd 7% 2005 bond by buying protection via a credit default swap. The maturity of the swap matches that of the underlying asset, however the swap is referenced to GHI Ltd 10% 2005 bond.

The short notional position created as a result of the swap is not eligible for netting against the underlying position as it does not meet the netting criteria of rule 10-102. Unlike the situation with maturity mismatches where some netting benefit is recognised, two specific risk charges must be calculated – one on the underlying asset and one on the notional position.

ANNEX F
Amendments to IPRU(INV) 13

- A. In rule 13.5.2 number each sub-paragraph as (1), (2) and (3).
- B. In Table 13.6.2(2), under the heading "Special Limits", delete the second indented paragraph and replace with:
- "- (where any excess has lasted for more than 10 days)
that excess, or the total of such excesses,
must not exceed 600% of the *firm's* own funds."

- C. After rule 13.12.5 insert a new rule 13.12.5A:

"A *Category B firm* must treat as a liability in the calculation of its financial resources any amount by which the sum of 13.12.5(1) exceeds the product of 13.12.5(2)."

ANNEX G

Changes from SFA Board Notices referred to in the Table in Annex A
in designating the guidance contained in them

Appendix 62

~~Board Notice 292~~

NETTING

~~20 December 1995~~

GUIDANCE

**~~This Board Notice applies to all firms subject to the
counterparty risk requirement rules~~**

Introduction

~~This board notice supplements Board Notices 228 and 249 by giving guidance on the netting of counterparty exposures for purposes of the counterparty risk rules. ISD firms should note that whilst SFA wishes to allow netting from 1 January 1996, should the "Netting Directive" not be passed by the European Parliament prior to that date SFA may not be permitted to allow such netting for products covered by the Solvency Ratio Directive. SFA will keep firms informed of developments. This guidance will apply:~~

- ~~(1) from 1 January 1996 (or such later date as the "Netting Directive" shall be passed by the European Parliament) to firms which are subject to the Investment Services Directive (ISD) and Capital Adequacy Directive (CAD), and should therefore be read in the context of Board Notice 249; and~~
- ~~(2) upon the confirmation of Board Notice 228 which sets out the amendments to the current counterparty risk rules to be followed by Non-ISD firms (i.e. those firms which do not fall within the definition of "investment firm" in the ISD) who will continue to be subject to SFA's existing Chapter 3 financial rules.~~

Similar Types of Transactions

The rules set out the requirements to be met by firms before offsetting exposures in 'similar types of transactions' with a counterparty (i.e. being those transactions falling under a particular counterparty risk rule). The netting of exposures within a particular rule is to be applied on a first in first out basis. ~~SFA is presently considering cross-product netting and will issue guidance on this at a later date.~~

Derivative Transactions

Firms may offset the negative replacement cost on written OTC options against the positive replacement cost of OTC purchased options with the same counterparty. ~~This form of offset will be incorporated into rule X-174(6) at a later date.~~

General Waiver

~~SFA has granted until 1 March 1996 a waiver of the netting requirements where a firm wishes to offset transactions in derivatives listed on an exchange or cleared through a clearing house with a counterparty. After this date firms must comply with rule book requirements in order to net exposures to counterparties in exchange traded derivatives.~~

~~For repurchase and reverse repurchase, securities lending and borrowing and sale and buy back agreements SFA will give firms until 1 March 1996 to put in place the required independent legal opinions.~~

Contents of this Notice

~~The Schedule to this Notice contains Appendix X to the financial rules which will implement the CAD as set out in Board Notice 249 and which also applies to Board Notice 228.~~

Questions

~~Any questions regarding the contents of the Notice should be directed to Larry Aylward or John Paul Dryden of the Financial Risk Division (telephone 0171-378 9000).~~

~~**BY ORDER OF THE BOARD
W. NIXON
SECRETARY**~~

Appendix X – Guidance On The Netting Of Counterparty Exposures

Introduction

1. This appendix contains guidance on the requirements to be attained in order for firms to net counterparty exposures assessed under the following areas.

Subject
Cash against documents transactions
Free deliveries of securities
Repurchase and reverse repurchase, securities lending and borrowing and sale and buy back agreements
Derivative transactions
Other amounts owed to a firm arising out of trading book business

Scope

2. The guidance applies to any firm subject to the CRR rules and which takes advantage of the netting provisions contained therein.

Background

3. Agreements which can effect set-off of counterparty exposures exist in two forms—
 - (a) novation agreements (referred as netting by novation) which replace existing contracts with one new contract and therefore can only be used to cover similar transactions with payments in the same currency for the same value dates; and
 - (b) netting agreements which can be used to cover transactions of very different types.

The guidance below applies to both novation agreements and netting agreements.

Principles of Offset

4. Before offsetting exposures in similar types of transactions with a counterparty a firm must have a contractual netting agreement with that counterparty which—
 - (a) covers the transactions which the firm is seeking to net;
 - (b) creates a single obligation in each currency or a single obligation to pay a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances;
 - (c) does not include a walkaway clause; and
 - (d) is supported by written and reasoned independent legal opinions to the effect that, in the event of a legal challenge, the relevant courts would find the firm's exposure to be the single net amount mentioned in (b) above.

Statement of Law on Netting

5. The prerequisite of holding a netting agreement supported by an independent legal opinion in order to offset exposures is not required where the Financial Law Panel's (November 1993) Statement of Law on netting applies. This Statement of Law indicates that under English law rule 4-90 of the Insolvency Rules 1986 imposes a requirement for complete set-off of transactions between parties incorporated in England and Wales, provided the transactions are mutual (i.e. credits, debts or claims arise from dealings between the same parties and that the parties are acting in the same capacity). Furthermore, it indicates that set-off is mandatory, applies whether

or not there is any contractual entitlement to set-off and cannot be excluded by agreement between the parties.

6. As mentioned above mutuality is required in order for there to be complete set-off of transactions. Accordingly, firms are expected to have procedures in place to identify the counterparty and the capacity in which the counterparty is acting. Firms proposing to rely on the Statement of Law on netting must satisfy themselves of the appropriateness of such reliance and, where in doubt, obtain legal advice. It is important to note that the Insolvency ~~Rules~~ Rule 4.90 do not apply to building societies, statutory organisations generally, mutual societies, partnerships and individuals.

Legal Requirements

7. Legal opinions ~~must relate to the~~ will be needed for the:
 - law of the jurisdiction in which the counterparty is organised;
 - law of the jurisdiction in which any branch involved is located;
 - law that governs the agreement and, if different, the law that governs individual transactions pursuant to it; and
 - law that governs the legal status of the counterparty who is entering into transactions of the type which the firm is seeking to net.
8. Where a firm uses an industry standard agreement which contains netting/set-off clauses the firm may rely only on a legal opinion relating to the netting/set-off clauses in that standard agreement where no amendment has been made to the agreement which would materially affect these clauses and where the legal opinion addresses the capacity of counterparties of the type with which the firm wishes to contract, the contract type and the relevant jurisdictions.
9. Where a netting agreement provides that one or both parties may enter into transactions with each other under the agreement through any of its (or certain designated) branches, then all such branches included in the agreement will be considered to be located in relevant jurisdictions for the purpose of this guidance.
10. Where a netting agreement involves more than one jurisdiction, a legal opinion is required for each to the effect that the agreement creates a single obligation in each currency or a single obligation to pay a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances.
11. As mentioned above legal opinions should relate to the law of the jurisdiction in which the counterparty is organised (i.e. incorporated or resident). However, certain circumstances may arise where this requirement could be considered not to be applicable; for example where:
 - a firm has no assets or exposure in that jurisdiction;

- any judgement obtained in that jurisdiction against a firm would not be enforceable under any of the rules in the UK relating to the enforcement of foreign judgements; or
 - there are no other factors relating to that jurisdiction which would affect the ability of a firm to make net payments as contemplated by the netting agreement.
12. Where a firm believes that the law of the jurisdiction in which a counterparty is organised is not relevant, that point must be addressed in the legal opinion supporting the netting agreement. The ability to exclude the law of the jurisdiction in which a counterparty is organised does not extend to the netting of those off balance sheet exposures listed in the Solvency Ratio Directive⁴: the amendment to this directive (to permit netting) specifically requires this matter to be addressed in the legal opinion.

~~4 Off balance sheet products subject to the Solvency Ratio Directive (as per Annex III) include:~~

~~**Interest rate contracts**~~

~~**Foreign exchange contracts**~~

- ~~-single currency interest rate swaps~~
- ~~-Cross currency interest rate swaps~~
- ~~-Basis swaps~~
- ~~-forward foreign exchange contracts~~
- ~~-Forward rate agreements~~
- ~~-Currency futures~~
- ~~-Interest rate futures~~
- ~~-Currency options purchased~~
- ~~-Interest rate options purchased~~
- ~~-Other contracts of a similar nature~~
- ~~-Other contracts of a similar nature~~

-
13. It is recognised that, with certain aspects of the agreement, it may not be possible to obtain a definite opinion or that a positive opinion regarding enforceability of the netting agreement can only be obtained subject to certain assumptions and/or qualifications. Where qualifications are made, they should be specific and their effect adequately explained. In the same way, assumptions should be specific, of a factual nature (except in relation to matters subject to the law of a jurisdiction other than that covered by the opinion) and should be explained in the opinion.
14. Legal opinions on netting agreements must be obtained from independent legal advisers with sufficient expertise and experience in this area of law. Opinions from in-house counsel will not be acceptable. Where the regulator in

the jurisdiction of the counterparty is satisfied that the netting agreement is not enforceable under the laws of that jurisdiction, the netting agreement cannot be relied upon regardless of the opinions obtained by a firm.

Compliance with the Legal Requirements

15. It is the responsibility of firms to ensure that the legal requirements set out above are met (firms are to calculate CRR on the gross value of exposures to counterparties where this is not the case). Firms do not need to apply to ~~SFA~~ the FSA in order to net exposures. Similarly, legal opinions on netting agreements and the agreements themselves are not required to be submitted to ~~SFA~~ the FSA for approval. ~~SFA~~ The FSA will establish the existence of legal opinions and netting agreements when compliance with the above requirements is being monitored by ~~the Surveillance Division~~ its staff.
16. Firms are expected to put procedures in place to ensure that the legal characteristics of netting arrangements are kept under review in light of possible changes in the relevant law.
17. Firms are expected to maintain records demonstrating that, in relation to the legal requirements, the following considerations have been addressed:
 - the applicability of the netting agreement to the counterparties, jurisdictions and transactions involved;
 - the applicability of the opinions to the counterparties, jurisdictions and transactions involved;
 - where more than one jurisdiction is involved, the potential for conflicts in law;
 - all documentation is complete and still valid and that the agreement has been properly executed (i.e. that the acceptance of terms have been evidenced);
 - the nature and effect of any qualifications in the legal opinions and assessment that these do not impair the obligation to pay a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances; and
 - where an industry standard agreement is used upon which a generic legal opinion has been obtained, identification of those clauses which if altered during the course of negotiating the agreement would affect the right to offset. Internal legal counsel is to evidence review of these agreements to ensure that the effectiveness of the set off clauses has not been altered directly or indirectly by virtue of other clauses being added or deleted.
18. Firms are expected to hold a copy of the legal opinion and the agreement to which it relates.

19. Firms are to net exposures within a particular rule on a FIFO basis. Firms may net only current exposures and cannot net potential future exposures.

~~Board Notice 353~~

CROSS-PRODUCT NETTING

~~9 August, 1996~~

INFORMATION

~~THIS BOARD NOTICE APPLIES TO FIRMS WHICH ARE FINANCIALLY REGULATED BY SFA~~

Introduction

~~SFA~~ The FSA wishes to publicise that it will consider granting rule waivers in order to permit firms to take account of cross-product netting in the calculation of their Counterparty Risk Requirement (CRR) in instances where ~~SFA~~ the FSA regards it appropriate.

The current drafting of ~~SFA's~~ the FSA's Financial Rules for securities and futures firms allows 'similar' types of transactions to be netted (where those transactions are covered by a valid netting agreement, with a supporting legal opinion). In practice, 'similar' has been defined as all transactions which fall within a particular CRR Rule treatment. Thus, currently, for the calculation of CRR in relation to exposures to a counterparty which are covered by valid netting arrangements, a firm would be required to assess, for example, a net exposure for all derivative transactions with that counterparty and a separate net exposure for all repo type transactions with that counterparty.

~~Board Notices 292 and 293 which were published in December 1995, stated that 'SFA is currently considering cross-product netting'. Until a full review of the netting allowances in SFA's CRR Rules has been undertaken, SFA is willing to entertain applications for waivers. Waivers will be granted at SFA's discretion, though as a matter of general guidance, the following requirements must be met:~~

The FSA will consider granting waivers in accordance with SUP 8, though in general it will expect the following conditions to be met:

1. For the types of transaction which the firm is seeking to net, the firm must have the capability to monitor, and must in practice manage, the resultant exposures on a net basis.
2. All transactions which the firm is seeking to net must be covered by valid netting agreements and supported by legal opinions, in accordance with the requirements of ~~SFA~~ the FSA's Financial Rules; and
3. Where underlying netting agreements are linked by a master netting agreement, the legal opinion must address the enforceability of the netting arrangements in their entirety;

One factor that ~~SFA~~ the FSA will consider in assessing whether a particular applicant meets these requirements is whether the firm has had the use of its ACMP sanctioned for the purposes of calculating CRR.

~~Applications for Waivers~~

~~Applications for waivers should be made in writing with all pertinent details of product types and netting arrangements to Sarah Varney (0171 378 5758) or John Paul Dryden (0171 378 5756) of the Financial Risk Division.~~

~~Questions~~

~~Any questions regarding the contents of the Notice should be directed to Sarah Varney or John Paul Dryden, as above.~~

~~BY ORDER OF THE BOARD~~

Appendix 63

GUIDANCE ON CREDIT DERIVATIVES

THIS APPENDIX APPLIES TO ISD FIRMS WHICH TAKE, OR INTEND TO TAKE, POSITIONS IN CREDIT DERIVATIVE PRODUCTS

Board Notice 414

~~GUIDANCE ON CREDIT DERIVATIVES~~

~~THIS GUIDANCE APPLIES TO ISD FIRMS WHICH TAKE, OR INTEND TO TAKE, POSITIONS IN CREDIT DERIVATIVE PRODUCTS~~

17 April 1997

INTRODUCTION

Over the past few years, there has been an increasing amount of interest and activity in credit derivatives, a class of products that includes credit-linked notes, total return swaps and default options and swaps. For at least some of these products, the commodity being traded is 'pure' credit risk. Through these instruments firms are no longer seeking to contain a risk which is incurred as a by-product of their mainstream trading activity, but are increasingly moving towards trading that very risk. The FSA ~~SFA~~ ~~has always~~ ~~required~~ firms to operate robust internal control systems; the advent of credit derivatives highlights the need for increased vigilance in the assessment, monitoring and control of market risk, credit risk and operational risk. **The primary purpose of this Appendix Board Notice is to underscore the importance of internal control procedures, particularly in circumstances where firms are trading new risks, or new combinations of risk.**

In addition, this ~~Board Notice~~ Appendix gives some general guidance on capital issues. The non-homogeneity of products under the umbrella term 'credit derivatives' makes it difficult for ~~SFA~~ the FSA to write explicit rules which cover all circumstances. Furthermore, an apparently small change in contract specification might require a significant change in capital treatment. Matters are further complicated by constraints on regulatory capital treatment imposed by European Directives.

To date, ~~SFA~~ the FSA has provided guidance to firms on an ad-hoc basis, and it intends to continue with this practice for the time being. That said, ~~SFA~~ the FSA is able to give a flavour of the capital treatments by way of the brief explanations and examples below. This should not, however, be taken as a definitive guide. **Any firm which has positions in credit derivatives, or intends to acquire such positions, should seek advice from SFA the FSA on the capital to be set aside for regulatory purposes.**

INTERNAL CONTROL ISSUES

Most of the risks to which credit derivatives give rise are familiar, as the same types of risk are present in longer-established instruments. However, they may be present in different combinations in new credit products, and this can add challenges to the manner in which risk is measured, monitored and controlled. For this reason it is of particular importance that any firm engaging in credit derivatives, or one which is intending to undertake such activity, considers whether additions or amendments to established procedures and control routines are required in order to capture and monitor the particular combinations of risks inherent in the products they intend to trade.

The following remarks are not intended as an exhaustive review of the matters which firms may need to address in considering the control of their credit derivatives business, but are merely illustrative of some of the issues which are pertinent. While they relate primarily to credit default type products, many of the considerations will be equally applicable to other credit derivative structures. Firms should also note that procedures for the control of credit derivatives cannot be viewed in isolation: they must mesh seamlessly with the procedures in place for the control of other forms of risk.

New product approval

Before a firm enters into any new type of business, it must ensure that it has in place systems and controls that are adequate to record and monitor the risks of that business. Control issues should be addressed by the firm's senior management, although the level and nature of the controls to be considered during the new product approval process will depend on a variety of factors, including the type and volume of business that will be entered into.

Among the factors which should be considered during the new product process are the following -

- whether the new business falls within the risk appetite of the firm, as established by the Board or equivalent management body;
- an exact description of the type of products to be introduced;
- accounting policies (which firms may wish to discuss with their external auditors);
- valuation methodology, and systems for ensuring that this policy is adhered to;
- authority and level of knowledge of risk managers and/or independent price-checkers;
- format and content of risk reports;
- limits, and systems for measuring and monitoring usage of those limits;
- type of documentation to be used, and other legal risks;
- clearing and settlement procedures;
- adequacy of the firm's computer systems for representing the new transaction type(s);

- reliance on key staff;
- risks arising from the remuneration strategy.

Senior management should approve the procedures and controls and management at all levels must understand and enforce them.

Risk appetite

It is crucial that a firm understands the risks to which credit derivatives give rise, and that resulting exposures are consistent with the overall risk appetite of the firm, as approved by the Board or equivalent management body. At the highest level, firms will need to consider their objectives in using such instruments. Are they buying and selling credit protection in order to diversify or hedge their portfolio of credit risk? Are they offering credit protection to others, thereby incurring risks which may need to be hedged? Are they seeking to make a turn from buying and selling credit protection? Or, as is most likely, a mixture of all three? The level of control required will, as ever, be a function of the trading strategy.

Understanding the products

Although many of risks to which credit derivatives give rise are familiar, it is important to understand the significant differences between these instruments and more traditional products of a similar nature.

For example, many commentators have drawn parallels between credit derivatives and products such as guarantees or insurance. While some credit derivatives exhibit many of the characteristics of both of these instruments, it is important to recognise a credit derivative as a product in its own right with its own set of associated risks. An over-reliance on similarities between products can lead to the obscuring of genuine differences between their risk characteristics.

Many default options have an economic structure similar to that of guarantees: if issuer A defaults in the repayment on maturity of a bond held by Firm X, Firm X can immediately put the defaulted bond to Firm Y at par in exchange for full payment. It is tempting to see this as analogous to a first on demand guarantee, where on a default by the guaranteed party the guarantor pays the guaranteed party's debt as if it were its own.

However, there is a strong argument that the legal risk in the derivative transaction is greater than that in the guarantee, since guarantee documentation has been tested in the courts over centuries, whereas the default option documentation is as yet untried. It can therefore be argued that while the economic intent may be similar in the two products, there is greater risk engendered by following the credit derivative path rather than the well-trodden guarantee route.

Given that the market is still in a fairly early stage of development, and that structures and terminologies are not yet standardised, participants should be aware of the transactional risks involved and ensure that they have fully understood (and exchanged confirmation of) the exact commercial terms of the transactions entered into.

Credit approval

Firms will need to consider the mechanisms in place for approval of the acquisition of credit risk. Will the sale of credit protection be subject to appropriate levels of credit approval, and will the process be the same as that for other credit exposures the firm incurs? Is the approval process separate from the dealing function? Are those making the decisions fully aware of the particular risks of credit derivatives? It would plainly be dangerous for product originators, whose prime motivation will often be the provision of innovative financial engineering solutions for clients, to be committing the firm to acquiring risk, without the nature of that risk being fully understood, and consequently approved, by those responsible for the protection of the firm's assets. There may be a need for education of those making credit decisions in the peculiar risks inherent in credit derivatives, particularly if the decision to incur risk is truly to be kept separate (in management terms) from those who are trading it.

Mismatches and imperfect hedges

In documenting credit derivatives, firms should review the degree to which default criteria match in the reference asset and the derivative. In the simplest asset structures, mere failure to pay constitutes default; if this is matched in the derivative the credit hedge is clearly highly effective. If, alternatively, further conditionality is imposed in the default criteria of the derivative - for example, the payoff is triggered only when a payment has failed and this fact has become public and the price of the underlying has been affected by more than a certain amount - then the hedge is less effective.

Consideration should also be given to maturity mismatches. Where the underlying credit exposure continues beyond the maturity of the hedge, firms may wish to consider the appropriate exposure reporting treatment. For example, where the underlying credit risk is deteriorating, and default is considered probable, but not before the expiry of any protection held, is it prudent to consider the risk to be transferred at all? Arguably not only is the risk not transferred, but firms should be giving consideration to provisioning.

Where firms sell credit protection, the question of the firm's rights in a receivership or bankruptcy will be crucial. For example, if a firm receives an underlying bond when it is called under any protection sold, then it will clearly have rights in any eventual receivership. However, a structure where a firm merely undertakes to pay an amount to a protection buyer in the event of the default of the reference asset, and the protection seller acquires no rights in bankruptcy against the defaulting party, will have a wholly different risk profile.

The degree of correlation between the default of the reference asset and that of the protection seller must be considered. Where the two are highly correlated, it will plainly be inappropriate to regard the risk as effectively transferred. Would it be prudent to consider exposure to a sovereign issuer to be reduced by the purchase of protection from an entity located in the same country? Is protection sold by a subsidiary a valid hedge against a parent company exposure? (In the latter case firms may also wish to consider any legal restrictions which there may be on the support of parent companies by subsidiaries).

None of the foregoing is to say that firms should not enter in to imperfect credit hedges, merely that they should be aware of the risks involved in doing so, and ensure that these are reflected in the monitoring and review procedures applied.

Monitoring of credit exposures

A firm's systems must be capable of aggregating credit exposures arising from credit derivatives with other exposures to a given entity. Furthermore, systems must be capable of reflecting the "dual" credit risk exhibited by many credit derivatives: where protection is bought for an asset held in the firm's portfolio, the firm has credit exposure both to the issuer of the reference asset and to the protection seller. Similarly, where cash flows are swapped, a firm may acquire a dual risk, depending on the exact nature of the structure. Firms should ensure that they have monitoring systems which are capable of reflecting this dual risk, so that exposure to both the issuer of the reference asset and to the protection seller can be monitored.

Credit review and provisioning procedures

In considering the ongoing credit review of exposures, firms will again need to address the dual nature of the exposure to which most credit derivatives give rise. They will need to review both the financial strength of the underlying credit risk and the creditworthiness of the protection seller from whom protection has been bought. In this regard firms may wish to investigate fully the rights they have to financial information on the underlying credit risk and whether any restrictions in access to information would put a seller of protection at a disadvantage compared to a holder of the underlying credit risk, and whether any such disadvantage significantly alters the risk profile. Plainly where there is a lack of transparency, and firms may not be party to information which holders of the reference asset may receive, there will be a need for greater vigilance in monitoring.

Traditionally, securities houses have rarely become involved in "work outs". However, where firms become the ultimate bearer of the credit risk of a certain counterparty, they will need to consider whether they have the necessary expertise in insolvency to make the best recovery possible. While it can be argued that even defaulted instruments can be sold "at a price", such a sale may result in greater financial loss than if the firm managed the recovery itself.

Scenario testing

It is important that any firm which incurs significant trading risk undertakes a rigorous and comprehensive programme of scenario testing covering all major types of risk, including market risk, credit risk and operational risk. Routine scenario testing should be undertaken in order to aid the measurement and control of risks in 'normal' circumstances. In addition 'stress' scenarios should be designed to test the potential for losses under extreme conditions, or to highlight possible risk control problems that may arise. These should include -

- abnormal market movements;
- periods of inactivity or illiquidity; and
- the break-down of key assumptions.

Individual firms will need to devise tests which are meaningful to their particular situations; in each case the criteria should explicitly identify plausible events or influences to which the firm could be exposed. Of crucial importance in the case of credit derivatives is that the results should be capable of clear interpretation even where, by the very nature of the instruments, the distinction between market risk and credit risk becomes somewhat blurred. In addition, credit pricing is evolving as the derivatives market develops, and subjective judgements may need to be made in order to price or mark to market these instruments, which may in turn affect the performance of the hedge. Such judgements should be routinely reviewed and their potential effect included within the scenario testing.

The results of scenario testing should be regularly communicated to senior management, and to the Board or equivalent body, and should be reflected in the policies and limits set by management.

Reality testing

The essence of reality testing is the comparison of actual trading results with expected outcomes. Firms are familiar with the idea of checking whether their assumptions about the direction of markets have held, but have been slower to apply similar techniques to credit spreads, ratings migration and default.

Any firm which incurs credit risk in its trading activities should ensure that it has a mechanism to test whether, and to what extent, its assumptions have been robust. There should also be a recognised route for the results of reality testing to feed back into the process governing the way in which the firm limits its risk-taking activity.

REGULATORY CAPITAL TREATMENT

Some of the products which are by common consent termed credit derivatives are covered by ~~SFA's~~ the FSA's rules (for example, options on an individual bond or equity). Other instruments, however, show characteristics of a type not explicitly covered by the rules, and for these products ~~SFA~~ the FSA has in the past provided guidance on an ad-hoc, though consistent basis. Both the credit derivatives market, and indeed the international regulatory capital regime, are evolving, and ~~SFA~~ the FSA does not believe it is appropriate at this stage to propose rule changes to accommodate the full range of new products.

The following paragraphs outline the general approach which ~~SFA~~ the FSA will follow, and show the way in which capital charges might be calculated for some given examples of transactions. However, **any firm with a position in a credit derivative product should seek guidance on its treatment from ~~SFA~~ the FSA.** There is as yet little standardisation of products, and an apparently small difference in specification might require a significant change in capital treatment. Furthermore, ~~SFA~~ the FSA is constrained by the requirements of the Capital Adequacy Directive, and associated pieces of legislation; it is possible that what seems a common-sense approach could be illegal.

Mark to market

Valuation is fundamental to the question of capital adequacy, as it has a direct effect on firms' financial resources. ~~SFA~~ The FSA requires marking on a 'close-out' basis - a long

position should be valued at the bid side of the market, and a short position at the offered side. Where a product is illiquid, the bid-offer spread available in the market will tend to be wide, and this must be reflected in the mark to market value. Firms are also required to take account of factors such as the size of the position. For example, if the size is larger than that for which a market bid-offer spread would hold, the spread must be widened to take account of this.

Credit derivatives offer certain additional challenges to the valuation process, but ~~SFA~~ the FSA believes that the principles remain the same. There are many products commonly traded by authorised firms which, because of their peculiar characteristics, are complex to value, but which ~~SFA~~ FSA nonetheless requires to be marked to market. In all cases, the valuation must reflect the level at which a firm realistically expects to be able to liquidate the position. Where there is any uncertainty, the overriding principle is that of prudence.

Notwithstanding this, the reliability of the pricing process for some credit default products may leave regulators with a residual concern. For this reason, **a firm's proposed methodology for marking to market must be agreed with ~~SFA~~ the FSA**. In extreme cases, ~~SFA~~ the FSA may require extra buffers to be included in the valuation, and may even restrict any unrealised profit from inclusion in a firm's financial resources.

For the sake of clarity it should be noted that all credit derivatives must be marked to market, whether or not they are trading book positions, and that they must be marked on a close-out basis.

Trading book/non-trading book

~~The FSA~~ SFA believes that it is likely that most credit derivative transactions entered into by firms will be trading book items, and will therefore be subject to PRR and CRR. Some firms are aiming to develop a two-way market, and others have bought protection for specific assets or asset classes in their trading book. Where a credit derivative position is clearly not a trading book item, it will be subject to a liquidity adjustment of either 100% or 8% (depending on which method a firm uses to calculate its financial resources).

Position Risk Requirement

Most credit derivative products can be slotted into the standard calculation methodologies (i.e. equity methods 1-4, and interest rate methods 1-3). The PRR calculation is divided into two distinct parts, being 'general market risk' and 'specific risk'. Some credit default products may not give rise to general market risk; where this is the case, instruments are likely to incur only the specific risk component of the relevant PRR charge.

Example 1: Credit default option

Firm A purchases option from Firm B.

A Credit Event is defined in terms of the default of XYZ Co. 8% notes 1999. Should a Credit Event occur, Firm B will pay Firm A £1m against delivery of £1m nominal of XYZ Co. 8% notes 1999.

For firm A -

General market risk: Nil

Specific risk: PRA of reference asset * nominal amount

Where the default protection is embedded in a credit-linked note issued by a third party, it is likely that both general market risk and specific risk charges will apply. Since there is a dual issuer risk, two specific risk charges should be calculated.

Example 2: Credit-linked note

Firm A holds a note issued by ABC Co, maturity 5 years, coupon 8%.

Should a Credit Event occur, the note is terminated. The Credit Event is defined in terms of the default of a bond issued by a third party - XYZ Co.

General market risk: 5 year PRA for relevant currency * mark to market value of note.

Specific risk: (PRA ABC Co + PRA XYZ Co) * mark to market value of note.

A total return swap should be treated as two notional positions, representing respectively the interest rate leg, and a position in the reference asset.

Example 3: Total return swap

Firm A pays 3 months LIBOR and any price depreciation on 100 XYZ Co shares;

Firm B pays dividend and any price appreciation on 100 XYZ Co shares.

Firm A: short debt equivalent position at three months; long equity equivalent position in 100 XYZ Co.

Firm B: long debt equivalent position at three months; short equity equivalent position in 100 XYZ Co.

Firms are reminded that if they are in any doubt as to the appropriate PRR treatment for any position or exposure, they should seek guidance from ~~SFA~~ [the FSA](#).

Offset for capital adequacy purposes

The Capital Adequacy Directive allows the competent authorities to recognise certain offsets for general market risk, but requires that the specific risk charge is applied to gross positions.

Where a position in a credit derivative has been represented as a notional debt or equity position, it automatically becomes eligible for the netting provisions set out in 10-83 and 10-102.

Example 4: Total return swap + hedge

Firm A pays 3 months LIBOR and any price depreciation on 100 XYZ Co shares;

Firm B pays any price appreciation and dividends on 100 XYZ Co shares.

Firm A is short 100 shares in XYZ Co.

Firm A's long equity equivalent position arising from the swap may be netted with its short position, giving rise to a zero PRR for the equity position.

PRR must still be calculated on the LIBOR leg.

Where a firm has a position in a credit default product that incurs only a specific risk charge, together with a position in the reference asset, ~~SEA~~ the FSA may permit the two specific risk charges to be offset, provided that the credit events specified in the default product are to all intents and purposes the same as those specified for the reference asset.

Example 5: Credit default option + position in reference asset

Firm A holds option described in example 1.

Firm A is long £1m nominal XYZ Co. 8% notes 1999.

General market risk: 2 year PRA for relevant currency * mark to market value of bond.

Specific risk: nil

There may be other circumstances in which it is both legal and appropriate to recognise the hedging benefits of certain credit derivatives. **Firms are encouraged to discuss individual strategies with ~~SFA~~ the FSA.**

Counterparty risk requirement

OTC credit derivatives, whether structured as swaps or options, give rise to counterparty risk. CRR for most credit derivative transactions will fall under rule 10-174: the appropriate part of Table 10-174(3) to be used in calculating the 'credit equivalent amount' should be determined by the nature of the reference asset.

Example 6: Credit default option

Firm A purchases from Firm B the option described in Example 1.

Credit equivalent amount = replacement cost + £50,000 [i.e. 0.5% of £1m]

Some firms may use credit derivatives to reduce their exposure to a counterparty. EU law does not permit the recognition of such hedging in all cases, but ~~SFA~~ the FSA is prepared to consider on a case-by-case basis whether the protection provider may be substituted for the counterparty for the purposes of the CRR rules. **Firms wishing to investigate this possibility should contact ~~SFA~~ the FSA.**

Large exposures

Exposures incurred in both buying and writing credit derivatives should of course be taken into account for the purposes of calculating a firm's large exposures requirement. Where a firm holds an asset together with a hedge that is recognised as such by ~~SFA~~ the FSA, it may choose to calculate its large exposures capital requirement in terms either of the exposure to the underlying or of the exposure to the entity providing the protection. This is not an entirely free choice, however: firms must be consistent in how they view credit protection. For example, if the protection has been taken into account when calculating PRR, an exposure to the provider must be reflected for large exposures purposes.

For the purposes of internal and regulatory monitoring of large exposures, the exposure to both the reference asset and to the protection provider should be indicated.

~~Any questions regarding this Notice should be addressed to Rose Gibson, Financial Risk Division (Tel: 0171-378-5751).~~

~~**BY ORDER OF THE BOARD**~~

~~**W NIXON**~~

~~**SECRETARY**~~

Board Notice 482

~~GUIDANCE ON CREDIT DERIVATIVES~~

~~RULE CHANGE CONSULTATION DOCUMENT~~

~~THIS BOARD NOTICE APPLIES TO ALL ISD FIRMS~~

22 July 1998

Introduction

This Board Notice should be read in conjunction with the attached FSA Report of Consultation on Credit Derivatives which sets out the background to these policy proposals and details of the pre-consultation process undertaken with trade associations. Firms should be aware that FSA Banking Supervisory Policy Guidelines applicable to UK incorporated banks are to be published simultaneously.

Firms will recall that in April 1997 SFA published Board Notice 414: Guidance on Credit Derivatives – at a time when the UK credit derivatives market was nascent. The credit derivatives market has without doubt developed in the intervening period, but it is SFA's view that the policy which was detailed in Board Notice 414 remains appropriate and in particular, emphasis on the overarching importance of robust internal controls for firms which are dealing in such products. Firms will recall that Board Notice 414 gave guidance on (inter alia): new product approval processes including the importance of full consideration of legal risks (including netting and offset) and appropriate documentation; risk appetite; understanding the products; credit approval processes; mismatches and imperfect hedges; monitoring of credit exposures; credit review and provisioning procedures; scenario testing and reality testing. Further, it is repeated that **'any firm which has positions in credit derivatives, or intends to acquire such positions, must agree with SFA its regulatory valuation methodology and should seek advice from SFA on the capital to be set aside for regulatory purposes'**.

However, over the intervening period, SFA and FSA (former Bank of England) have, in informal consultation with ISDA, LIBA and the BBA, considered whether it would be appropriate to amend guidance given to date, or indeed to make rules changes. **Firms are referred to the attached FSA Report of Consultation on Credit Derivatives Board Notice for further detail on the background to the policy proposals contained in this Board Notice.** FSA Banking Supervisory Policy Guidelines applicable to UK incorporated banks are to be published simultaneously to this Board Notice. The Banking Guidelines are not attached, but may be obtained by application to the FSA Publications Department, 25 The North Colonnade, Canary Wharf, London

~~E14 5HS. Firms should note that credit derivatives policy of SFA and FSA/Bank of England is now more closely aligned than formerly and it is intended that this process of alignment will continue. In addition, it is clear that further careful consideration must be given to what development of the international regulatory capital regime is desirable.~~

~~Rule Change~~

~~The schedule to this Board Notice details a change to the CRR Rules applicable to OTC derivatives (Rule 10-174). Whilst this change came out a review of the regulatory treatment of credit default derivatives, **firms should note that the change is applicable to all OTC derivatives referenced on bonds**. The result of the change is that firms will be required to calculate a credit equivalent amount (credit exposure) with reference to the potential future “add-on” applicable to equity derivatives for derivatives referenced on bonds which do not meet the criteria for a “*qualified debt security*”. For derivatives referenced on bonds which are “*qualifying*” firms may continue to calculate CRR using the relevant interest rate “add-on”. Guidance~~

~~The following paragraph provides additional general guidance on the regulatory capital treatment of some credit derivatives. This is complementary to the guidance issued in Board Notice 414:~~

~~1. Multiple name risk~~

~~Where a firm is exposed to issuer risk of more than one issuer, for example where writing a credit default derivative which pays out on the default any one of a number of specified instruments: in general PRR should be calculated with reference to the aggregate of the specific risk weightings of the instruments in the reference basket (ie. on an additive basis).~~

~~However, in cases where the derivative instrument/credit linked note has been afforded a credit rating by a ‘relevant agency’ which accords with the definition of ‘*qualifying debt security*’ firms may apply to ~~SFA~~ the FSA to use the relevant single specific risk weighting from Appendix 53.~~

~~2. Risk assessment models~~

~~In the light of the forthcoming CADII package of directives, firms may also wish to consider whether to approach ~~SFA~~ the FSA for permission to use an appropriate risk assessment model as the basis for calculating regulatory capital requirements.~~

~~Contents of this Notice~~

~~This notice contains guidance on credit derivatives which is complementary to the guidance which SFA published in Board Notice 414.~~

~~In addition, this notice seeks to consult upon the rule change relating to the CRR treatment of OTC derivatives referenced on bonds. The rule drafting changes may be found in the schedule attached to this notice.~~

~~Costs of Compliance~~

~~Comments on the costs of compliance are sought from firms. SFA believes that the proposed change to the CRR rules may require some firms to incur costs as a result of systems changes. However, it is also SFA's view that, for the purposes of calculating potential credit exposure, application of the interest rate add-ons to derivatives on bonds which are not *qualifying debt securities* may not adequately reflect the specific risk of the reference asset (i.e. price movements in the underlying which would affect the derivative exposure during the close out period following a potential counterparty default).~~

~~Consultation Period~~

~~All comments relating to this Board Notice should be addressed in writing to the Secretary, the Securities and Futures Authority, at the above address, by 28 August 1998.~~

~~Firms are asked to note that FSA intends to implement the Banking Supervisory Policy Guidelines applicable to UK incorporated banks from 30 September 1998. It would be SFA's intention to issue confirmation of the rules changes proposed in this Board Notice shortly thereafter.~~

~~Questions~~

~~Any enquiries regarding the contents of this Notice should be addressed to: Sarah Varney Tel:(0171 378 5758) or Shane Henderson Tel:(0171 378 5735) of Complex Groups Division Policy Department.~~

SPECIFIC RISK TREATMENT OF CREDIT DERIVATIVES

**~~SPECIFIC RISK TREATMENT OF
CREDIT DERIVATIVES~~**

~~CONSULTATION DOCUMENT~~

**~~THIS BOARD NOTICE APPLIES TO ISD FIRMS
WHICH ARE FINANCIALLY REGULATED BY
SFA~~**

~~16 August 1999~~

Introduction

~~SFA published its initial guidance to firms dealing in credit derivatives in Board Notice 414, issued in April 1997.~~

~~In the intervening period, SFA in conjunction with FSA (for UK incorporated banks), convened a UK Supervisory Group on Credit Derivatives, with a membership of some firms known to be active in this market and ISDA, LIBA and the BBA. The group considered the development of the market and technical expertise in this area, and in addition, issues relating to the regulatory capital treatment of these products.~~

~~Subsequently, in July 1998, SFA published consultation Board Notice 482 (an update to BN 414), together with the FSA Report of consultation on Credit Derivatives. At the same time, the FSA issued amended guidelines for banks. These documents demonstrate the alignment of SFA policy and guidelines for banks relating to credit derivatives and the development of policy within the current framing of the Basle Accord and European Directives.~~

~~**The primary purpose of this Board Notice**~~ **The following guidance** is to clarify the specific risk treatments applicable to 'plain vanilla' credit derivatives such as credit default products, total return swaps and credit-linked notes.

Where a firm has a position in a more complex credit derivative instrument for which no PRR treatment has been specified, the firm must immediately seek guidance from ~~SFA~~ the FSA. Until an appropriate treatment has been determined a PRR of 100% of the current *mark to market* value of the position must be applied.

GUIDANCE

Default Events

The following guidance applies only in circumstances where the default events, as drafted under the terms of the credit derivative, match those relating to the underlying reference asset. If default events are different, no hedging benefit should be recognised.

Specific Risk

Specific interest rate risk is the risk that the price of a specific security will change relative to prices of securities generally. Such a change is generally attributable to a change in the perceived creditworthiness of the issuer.

Credit derivatives are represented as a notional long or short position in the specific risk of the reference asset. If premium or interest payments are due under the swap, these cashflows are represented as a notional position in a Zone A government bond with the appropriate fixed or floating rate coupon.

Netting

A firm may net long and short positions in the same equity, debt and derivative instruments (under Chapter 10 rule 10-83 for equities based instruments and rule 10-102 for interest-rate based products) before the specific risk charge is applied to the resultant net long or short position. **Instruments are considered to be the same where the issuer is the same, they have equivalent ranking in liquidation, and the currency, coupon and maturity are the same.** These netting criteria are taken from Annex I (Position Risk) of the Capital Adequacy Directive ("CAD I").

Specific risk offset

Firms may net notional specific risk positions in reference assets resulting from credit derivative positions against actual positions in the reference asset or other notional positions created by other credit derivatives providing the conditions set out in rules 10-83 or 10-102 are met (see 'Netting' above).

Example 1

A firm holds a position of £10mn nominal of XYZ Ltd 6% 2004 bond. The firm has bought protection (short credit risk) on this bond with a £10mn notional credit default swap referenced to this bond. The maturity of the credit default swap is 2004.

Under rule 10-102(1) the firm may net the notional position in specific risk created as a result of the swap against the actual position in the bond leaving a flat position. Therefore no specific risk charge is incurred. As credit default products do not attract a general market risk charge, general market risk is calculated on the cash position only.

Example 2

A firm has sold protection (long credit risk) via a credit default swap on £5mn notional of ABC Ltd 8% 2000. It has backed out the risk by buying £5mn of protection on the same reference asset. Documentation relating to the two transactions is identical.

Again, under rule 10-102(2) the firm may net the long and short notional positions in the reference asset leaving a flat position. No specific risk charge is incurred.

Maturity Mismatch

Where a credit default product or credit linked note is of shorter maturity than the reference asset, a specific risk offset is allowed between the long and short specific risk positions. However, the unhedged period creates a forward position in specific risk of the reference asset. The net result is a single specific risk charge for the longer maturity position in the reference asset. This is the treatment agreed with the UK Supervisory Group on Credit Derivatives.

Note: This treatment does not apply to total return swaps, where no forward position in specific risk of the reference asset is recorded in cases of maturity mismatch because of the way the TRS resets, i.e. the TRS will compensate for movements in the market value which go beyond that of a credit event (a CLN/CDS will only provide protection at maturity where there has been a credit event).

Example

A firm is holding £3mn DEF Ltd 8.5% 2003 bond. It hedges this position by entering into a credit default swap referenced to this asset but with maturity of 2002.

the notional position in specific risk resulting from the credit default swap may be netted against the actual position in the bond. However, after 2002 the position is unhedged. This results in a forward position in the specific risk of the reference asset. An appropriate specific risk charge should be applied to the longer maturity position in the reference asset from commencement of the transaction.

Asset Mismatch

Where a firm enters into a credit derivative hedge referenced to an asset other than the underlying asset they are seeking to hedge, there is basis risk between the reference asset and the underlying asset. Specific risk offsets are not available under the standard ~~SFA-FSA~~ rules in the case of an asset mismatch.

If a firm is hedging a long position in a credit default option with a short position, specific risk offsets are available only if the two notional positions in the reference assets meet the requirements of Rule 10-102(3).

Example

A firm hedges £3mn GHI Ltd 7% 2005 bond by buying protection via a credit default swap. The maturity of the swap matches that of the underlying asset, however the swap is referenced to GHI Ltd 10% 2005 bond.

The short notional position created as a result of the swap is not eligible for netting against the underlying position as it does not meet the netting criteria of rule 10-102. Unlike the situation with maturity mismatches where some netting benefit is recognised, two specific risk charges must be calculated - one on the underlying asset and one on the notional position.

Cost of Compliance

~~Rule changes are not being introduced as a result of this Board Notice. This Notice provides guidance on the application of the current rules which are reflective of SFA's legal obligation to enforce the requirements of the European Directives.~~

Consultation Period

~~All comments relating to this Notice should be addressed in writing to The Secretary, the Securities and Futures Authority, at the above address, by 30th September 1999.~~

Questions

~~Any questions regarding the contents of this Notice may be directed to Barry Pope (0207 676 1824) or Peter Rose (0207 676 1606) of the Complex Groups Policy Department, FSA.~~

~~**BY ORDER OF THE BOARD**~~

~~**T ARMSTRONG**~~

~~**SECRETARY**~~

ANNEX H

Amendments to SUP 16, Annex 10R

After part 3 in Section 6 insert new part 4:

4 Table Accounting policies for financial reporting statements and audited annual financial statements

1.1.3		General rule
	(1)	Unless otherwise provided in the <i>rules</i> , and subject to (2) below, a <i>firm</i> must determine amounts included in respect of items shown in a <i>firm's</i> financial reporting statements and audited annual financial statements in accordance with this rule and the accounting principles and rules which the <i>firm</i> would apply if it were drawing up financial statements under the Companies Act 1985 including those accounting principles and rules contained in the United Kingdom Statements of Standard Accounting Practice (SSAPs) and Financial Reporting Standards (FRSs) effective at the relevant time.
		Substance over legal form
	(2)	A <i>firm</i> must include each item in its financial reporting statements and audited annual financial statements in such a way as to reflect the substance and not merely the legal form of the underlying transactions and balances.
		Trade date accounting
	(3)	A <i>firm</i> must use trade date accounting.
		Doubtful debts and liabilities
(4)	A <i>firm</i> must promptly make adequate provision for doubtful debts and accrue for all liabilities.	
	Provision for taxation	
(5)	A <i>firm</i> must make adequate provision for both current and deferred taxation; a partnership or sole trader may make a provision for taxation of an amount at least equivalent to the tax that would be payable if they had ceased business at the relevant balance sheet date. For this purpose, the definition of a sole trader in the glossary in IPRU(INV) 10 applies.	
	Securities lending	
(6)	A <i>firm</i> which is a lender of <i>securities</i> or physical commodities must record and value the <i>securities</i> or physical commodities lent as part of its own positions. For this purpose, the definition of a physical commodity in the glossary in IPRU(INV) 10 applies.	
	Foreign currency	
(7)	A <i>firm</i> must translate assets and liabilities denominated in currencies other than the reporting currency into the reporting currency using the closing mid-market rate of exchange, or, where appropriate, the rates of exchange fixed under the terms of related or matching forward contracts.	

In schedule 4, insert after paragraph 1(16) "(17) Article 4(1) of The Financial Services and Markets Act 2000 (Transitional Provisions and Savings)(Rules) Order 2001", and insert after paragraph 2(1) "(2) Article 11(1) of The Financial Services and Markets Act 2000 (Transitional Provisions and Savings)(Rules) Order 2001".

**CONDUCT OF BUSINESS SOURCEBOOK (AMENDMENT No 3)
INSTRUMENT 2001**

Powers exercised

- A. The Financial Services Authority alters the Conduct of Business sourcebook in the exercise of the powers listed in Schedule 4 to the Conduct of Business sourcebook (Powers exercised).
- B. The provisions of the Financial Services and Markets Act 2000 (the "Act") relevant to making rules and identified in paragraph A are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

- C. This instrument comes into force immediately.

Amendment of the Conduct of Business sourcebook

- D. The Conduct of Business sourcebook is amended as set out in Annex 1 to this instrument.
- E. The transitional rules in the Conduct of Business sourcebook are amended as set out in Annex 2 to this instrument.

Citation

- F. This instrument may be cited as the Conduct of Business Sourcebook (Amendment No 3) Instrument 2001.

By order of the Board
15 November 2001

ANNEX 1

Amendments to the Conduct of Business sourcebook

In this Annex, where amendments are shown rather than described, underlining indicates new text and striking through indicates deleted text.

COB 3.2 Application: what?

COB 3.2.4R (2)(b) Amend as shown below:

- (b) COB 3.8.4R (1) (Non-real time financial promotions: ~~fair~~, clear, fair and not misleading) except if the financial promotion is exempt under 3.2.5R (7);

COB 3.2.5R (7) Amend as shown below:

~~a financial promotion in connection with a takeover or related operation~~
which is subject to the *Takeover Code* or the SARs (or exempted from complying with the *Takeover Code* or the SARs by ~~the rules of that Code, those rules,~~ or by a ruling of the *Takeover Panel*) or to the requirements relating to *takeovers or related operations* in another *EEA State*.

COB 3.8 Form and content of financial promotions

COB 3.8.19R Amend as shown below:

A provider firm must ensure that it does not *communicate* or *approve* a *specific non-real time financial promotion* relating to a *packaged product* and containing or offering advice on investments unless it discloses in the *financial promotion* that the *firm* is only able to give *advice on investments* to *private customers* about the *packaged products* of the *firm* or of its *marketing group* and (if it is the case) about *adopted packaged products*.

COB 3.9 Direct offer financial promotions

COB 3.9.5R (2) Amend as shown below:

A direct offer financial promotion must not relate to:

- (a) ~~an unregulated collective investment scheme;~~
(~~b~~) (a) a derivative; or
(~~e~~) (b) a warrant;

unless the *firm* itself has adequate evidence to suggest that the *investment* may be suitable for the *person* to whom the promotion is *communicated*.

COB 3.9.8R (2) After "January 2001 edition of", delete the comma and add "the "Guidance for subscribers" to"

COB 3.11 Unregulated collective investment schemes

COB 3.11.3G (2) Amend as shown below:

Firms are reminded that, even if an invitation or inducement is within COB 3 Ann 5, ~~then all relevant~~ other rules in this chapter may still apply, including in particular COB 3.9.5R (2) (a) (which prohibits the *communication or approval of direct offer financial promotions relating to unregulated collective investment schemes* except in specified circumstances).

COB 4.1 Client classification

COB 4.1.5R Insert the following new paragraph and renumber subsequent paragraphs:

- (3) If there is an agreement under (2) in relation to more than one *client* (C2) represented by C1, F may discharge any requirement to notify, obtain instructions or consent from, or enter into an agreement with each C2 by sending to, or receiving from, C1, a single communication which is expressed to cover each C2, except that:
 - (a) separate risk warnings under COB 5.4 (Customers' understanding of risk);
 - (b) confirmations under COB 8.1 (Confirmation of transactions); and
 - (c) *periodic statements* under COB 8.2 (Periodic statements)are required for each C2.

COB 5.3 Suitability

COB 5.3.9R(2) Amend as shown below:

An independent intermediary must not make a *personal recommendation* to a *private customer* to buy:

- (1)
- (2) a *packaged product* issued or operated by ~~an associate~~ a connected product provider if it ought reasonably to be aware of another generally available *packaged product* which could satisfy the needs and circumstances of the *private customer* as well as the connected *packaged product* (but see COB ~~5.3.11G~~ 5.3.10R).

COB 5.3.10R Amend as shown below:

- (1) COB 5.3.9R(2) does not apply to a *firm* acting as an *investment manager*.

- (2) In COB 5.3.9R(2), a *product provider* ("P") is connected to an *independent intermediary* ("I") if I is an *undertaking* and:
- (a) P and I are members of the same *group*; or
 - (b) P is a *qualifying holder* in I; or
 - (c) P and I have the same *qualifying holder*; or
 - (d) any other member of P's *marketing group* is connected to I in a way described in (a), (b) or (c).
- (3) In (2)(b) and (c), a *qualifying holder* in an *undertaking* is a *person* who:
- (a) has a *direct or indirect holding* in the *undertaking* which represents *10 per cent or more of its capital or voting power*; or
 - (b) has a *direct or indirect holding* in the *undertaking* which makes it possible to exercise a *significant influence over its management*.

5.3.11G Amend as shown below:

- (1) In complying with the requirements of COB 5.3.9R, an *independent intermediary* should have an adequate knowledge of and have regard to the *packaged products* available from the market as a whole.
- (2) *Firms* are reminded that, even if the 10 per cent limit in COB 5.3.10R(3)(a) has not been reached, P may still be connected with I if it can exercise a *significant influence over I's management*. For example, if three otherwise unconnected *product providers*, each with 9 per cent of an *independent intermediary's* capital, are acting in concert, they might each be connected with the *independent intermediary* if such influence exists.

COB 5.4 Customers' understanding of risk

COB 5.4.3R Amend as shown below

A firm must not:

- (1) make a *personal recommendation* of a transaction; or
- (2) act as a *discretionary investment manager*; or
- (3) *arrange (bring about) or execute* a deal in a *warrant* or *derivative*; or
- (4) engage in *stock lending activity*;

with, to or for a *private customer* unless it has taken reasonable steps to ensure that the *private customer* understands the nature of the risks involved.

COB 7.5 Best execution

COB 7.5.4R (2) Amend as shown below:

the *firm* has agreed ~~in writing~~ with an *intermediate customer* that it need not owe a duty of best execution to him, unless that *customer* is:....

COB 7.12 Customer order and execution records

COB 7.12.6E (1)(f) Amend as shown below:

any other instruction received by the *firm* from the *customer* with regard to the *execution* of the *customer order*. ~~(including the nature of the communication, for example, telephone, fax, letter, email).~~

COB 9.3 Client Money

COB 9.3.2R Amend as shown below:

The *client money rules* do not apply with respect to:

- (1) the *permitted activities* of a ~~life office~~ long-term insurer or a *friendly society*; or

ANNEX 2

Amendments to the Conduct of Business Transitional Rules

In this Annex, underlining indicates new text and striking through indicates deleted text.

COB Table TR1: COB Transitional Provisions:

1. 1.8 ETP4 R Amend as shown below

1.8	<i>ETP4</i>	R	<p>(1) An <i>ex-section 43 firm</i> will not contravene any of the provisions labelled <i>ETP4</i> in Table <i>COB TR 2</i> in relation to its section 43 business to the extent that, on or after <i>commencement</i>, it complies with (2).</p> <p>(2) For the purposes of <i>COB 4.1</i>, an <i>ex-section 43 firm</i> may treat its <i>client</i> (other than another firm) who was a <i>client</i> of the <i>firm</i> before <i>commencement</i> as a <i>market counterparty</i> in relation to its section 43 business until the date of expiry of the <i>transitional period</i> <u>a period of 12 months following <i>commencement</i></u>, by which date it must classify the <i>client</i> in accordance with <i>COB 4.1</i>.</p>	<p><i>commencement</i> to <i>commencement</i> plus 12 months</p>	<p><i>commencement</i></p>
------------	--------------------	----------	--	--	----------------------------

**Individual Pension Accounts (Handbook Amendment)
Instrument 2001**

Powers exercised

- A. The Financial Services Authority (the "FSA") amends the Conduct of Business sourcebook, the Supervision manual and the Glossary, in the ways indicated in Annexes A, B and C to this instrument in the exercise of the powers listed in Annex D to this instrument.
- B. The provisions of the Financial Services and Markets Act 2000 (the "Act") relevant to making rules and listed in Annex D are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

- C. This instrument comes into force at the beginning of the day on which section 19 of the Act (General prohibition) comes into force.

Citation

- D. This instrument may be cited as the Individual Pension Accounts (Handbook Amendment) Instrument 2001.

By order of the Board
15 November 2001

Annex A

Amendments to the Conduct of Business sourcebook

COB 6.5 Content of key features and important information: life policies, schemes, ISA cash deposit components and stakeholder pension schemes

COB 6.5.21G In (6), delete the full stop and replace it with a semi-colon

Insert the following new provision after (6):

- (7) for an *individual pension account*:
 - (a) where the *key features* relate to a *stakeholder pension scheme* or *personal pension scheme* and the *firm* chooses to highlight, within *key features* or elsewhere, that the *investment* will be made through an *IPA*, a statement:
 - (i) identifying by name any *IPA eligible investments* which are to be or may be held as assets of the *stakeholder pension scheme* or *personal pension scheme*; and
 - (ii) indicating which of those assets will benefit from the Stamp Duty Reserve Tax exemption available to *IPAs*;
 - (b) where the *firm* is acting as an *operator* or distributor of a *regulated collective investment scheme* or *investment trust savings scheme* and elects to include within *key features* a statement that some or all of the *investments* are *IPA eligible investments*, an indication in respect of each such *investment* whether *pension scheme* members will benefit from the Stamp Duty Reserve Tax exemption available to *IPAs*.

Annex B

Amendments to the Supervision manual

SUP 15.8

Insert the following new provision after SUP 15.8.1R:

Individual Pension Accounts

15.8.2 R If a *firm* begins or ceases to administer *individual pension accounts*, it must notify the *FSA* as soon as reasonably practicable that it has done so.

Annex C

Amendments to the Glossary

In the *Glossary*, insert the following definitions in the appropriate alphabetical order:

Definition title	Definition wording
<i>individual pension account</i>	an account for the holding of <i>IPA eligible investments</i> operated by a firm in accordance with the Personal Pension Schemes (Restriction on Discretion to Approve) (Permitted Investments) Regulations 2001 (SI 2001/117).
<i>IPA</i>	<i>individual pension account</i>
<i>IPA eligible investment</i>	a type of investment specified in regulation 4.(6) of The Personal Pension Schemes (Restriction on Discretion to Approve) (Permitted Investments) Regulations 2001 (SI 2001/117).

Annex D

Powers Exercised

The following powers and related provisions in the Act have been exercised to make the rule in this instrument:

(1) section 138 (General rule-making power);

(2) section 156 (General supplementary powers).

The power in section 157(1) of the Act (Guidance) has been exercised to alter guidance in this instrument.

AUTHORISATION MANUAL (AMENDMENT NO 3) INSTRUMENT 2001

Powers exercised

- A. The Financial Services Authority amends the Authorisation manual in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (the "Act"):
- (1) section 156 (General supplementary powers);
 - (2) section 157(1) (Guidance);
 - (3) paragraph 17(1) of Schedule 1 to the Act (Fees); and
 - (4) paragraph 5(4) of Schedule 4 (Treaty Rights: Notice to Authority) (and sections 51(3) and (6) (Applications under this Part)).
- B. The provisions of the Act relevant to making rules and listed above are specified for the purpose of section 153(2) of the Act (Rule making instruments).

Commencement

- C. This instrument comes into force:
- (1) in relation to AUTH 1, 2, 3, 4 and 7, immediately; and
 - (2) in relation to AUTH 5, at the beginning of the day on which section 19 of the Act (The general prohibition) comes into force.

Amendments to the Authorisation manual

- D. The Authorisation manual is amended:
- (1) in accordance with Annex A to this instrument;
 - (2) by deleting the existing AUTH 1 Annex 1G, and replacing it with the material in Annex B to this instrument (AUTH 1 Annex 1G); and
 - (3) by inserting the provisions in Annex C to this instrument.

Citation

- E. This instrument may be cited as the Authorisation Manual (Amendment No 3) Instrument 2001.

Annex A Amendments to made text

- 2.7.12G In the final sentence, after " schemes are unregulated schemes.", insert:
"The process for applying for authorisation of a *collective investment scheme* is described in CIS 16 (Application and notification)."
- 3.6.4G After (3), insert:
"(4) In relation to *accepting deposits*, the *limitations* which may be applied for or imposed include a *limitation* that the *firm* may *accept deposits* from *wholesale depositors* only. A *firm* with such a *limitation* may receive less intensive supervision by the *FSA*, because of the reduced risk it poses to the *regulatory objective* of protecting *consumers*. However, the precise arrangements that would apply would be determined case by case and would be based on an assessment of the risks the *firm* posed to all four of the *regulatory objectives*."
- 3.8.2G(1) After "*threshold conditions*", insert:
"and certain additional conditions"
- 3.8.2G(1)(e) At end of the sentence, remove "." and insert ";"
After (e), insert:
"(f) Additional conditions apply to non-EEA insurers."
- 3.8.2G(2) Replace the existing text with the following:
"*Threshold conditions* 3,4 and 5 enable the *FSA* to assess the applicant in the light of the activities it wishes to carry on and, in particular, make it clear that suitability to carry on one *regulated activity* does not mean that the applicant is suitable to carry on all *regulated activities*. These *threshold conditions* do not apply to *Swiss general insurance companies*."
- 3.8.2G(4) Replace the existing text with the following:
"The application of the *threshold conditions* to *Swiss general insurance companies* was varied by the Financial Services and Markets Act 2000 (Variation of Threshold Conditions) Order 2001."
- 3.12.1G After "*incorporated company*", insert "*other than a limited liability partnership*"
- 3.12.2G Replace "[to be finalised]" with "1.3 R(1)"
- 3.12.3G(2) After "*IPRU(FSOC)*" insert "1.3 R (1)"

- 3.12.15G After "*authorised UK representative*", insert:
- "(see *COND 2.6 (Additional Conditions)* for the additional conditions which apply to non-*EEA insurers* and *SUP 15.4 (Notified persons)* for rules on notifications by *overseas firms*)"
- 4.1.1R (1) Delete "and" at the end of (1)
- (2) In (2), replace "." with ";", and insert "and" at end of sentence
- (3) After (2), insert:
- "(3) an applicant for a certificate under article 54 of the *Regulated Activities Order*."
- 4.3 For 4.3, insert:
- "4.3 Obligation to pay certification fees
- General
- 4.3.1R An applicant for a certificate under article 54 of the *Regulated Activities Order* must pay to the *FSA* the application fee specified in Part 6 of *AUTH 4 Ann 1R*.
- Due date and method of payment
- 4.3.2R The application fee must be paid:
- (1) by bankers draft, cheque or other payable order;
- (2) in full without deduction; and
- (3) on or before the date on which the application is made.
- 4.3.3G An application for an article 54 certificate will be treated as incomplete until the application fee has been paid."
- AUTH 4
Annex 1R After "Part 5 – Activity Groupings", insert:
- "Part 6 Application for a certificate under article 54 of the *Regulated Activities Order*
- The amount payable in relation to each application is £2,000."
- 5.3.2G(3) At end of the sentence, insert:

"For example, it will reflect any limitations or requirements which are included in the *firm's Home State* authorisation."

- 5.3.5G(1) Replace "(under paragraph 3(2), a" with "(under paragraph 3(2)). A"
- 5.3.6G In the second sentence, italicise "EEA State"
- 5.3.7G In the second sentence, replace "*firm's Home Sate*" with "*firm's Home State*"
- 5.3.8G (1) In the first and second sentences, replace "schedule" with "Schedule"
- (2) In the first sentence, italicise " authorisation"
- 5.3.9D(3)(b) Replace "AUTH 5.3.11Gbelow)" with "*AUTH* 5.3.11G below"
- 5.3.11G(1)(b) Replace " Corporate Authorisation department The Financial Services Authority 25 The North Colonnade Canary Wharf London E14 5HS" with:
- "Corporate Authorisation department, The Financial Services Authority, 25 The North Colonnade, Canary Wharf, London E14 5HS"
- AUTH 5 Ann 3G In the row for COB, before the full stop in column (2), add "(*COB* 1.2.1R(1))".
- In the row for COB, replace the text in column (3) with the following:
- "Where the activity:
- (a) would fall within the *overseas persons* exclusions in article 72 of the *Regulated Activities Order*; or
 - (b) would not be regarded as carried on in the *United Kingdom*; or
 - (c) is not carried on with or for a *client* in the *United Kingdom*;
- then only the following apply:
- (d) *COB* 3 (Financial promotion), but see the territorial scope in *COB* 3.3 (Where?);
 - (e) *COB* 5.5.7R and *COB* 5.5.8R (Overseas business); and
 - (f) *COB* 6.5, *COB* 6.7 and *COB* 6.8 (Content of key features, Cancellation and withdrawal, Insurance contracts – life and general) but only in relation to *long-term insurance business* carried on with a *customer* habitually resident in the *United Kingdom*.
- Otherwise, as column (2) (*COB* 1.4.3R.)"

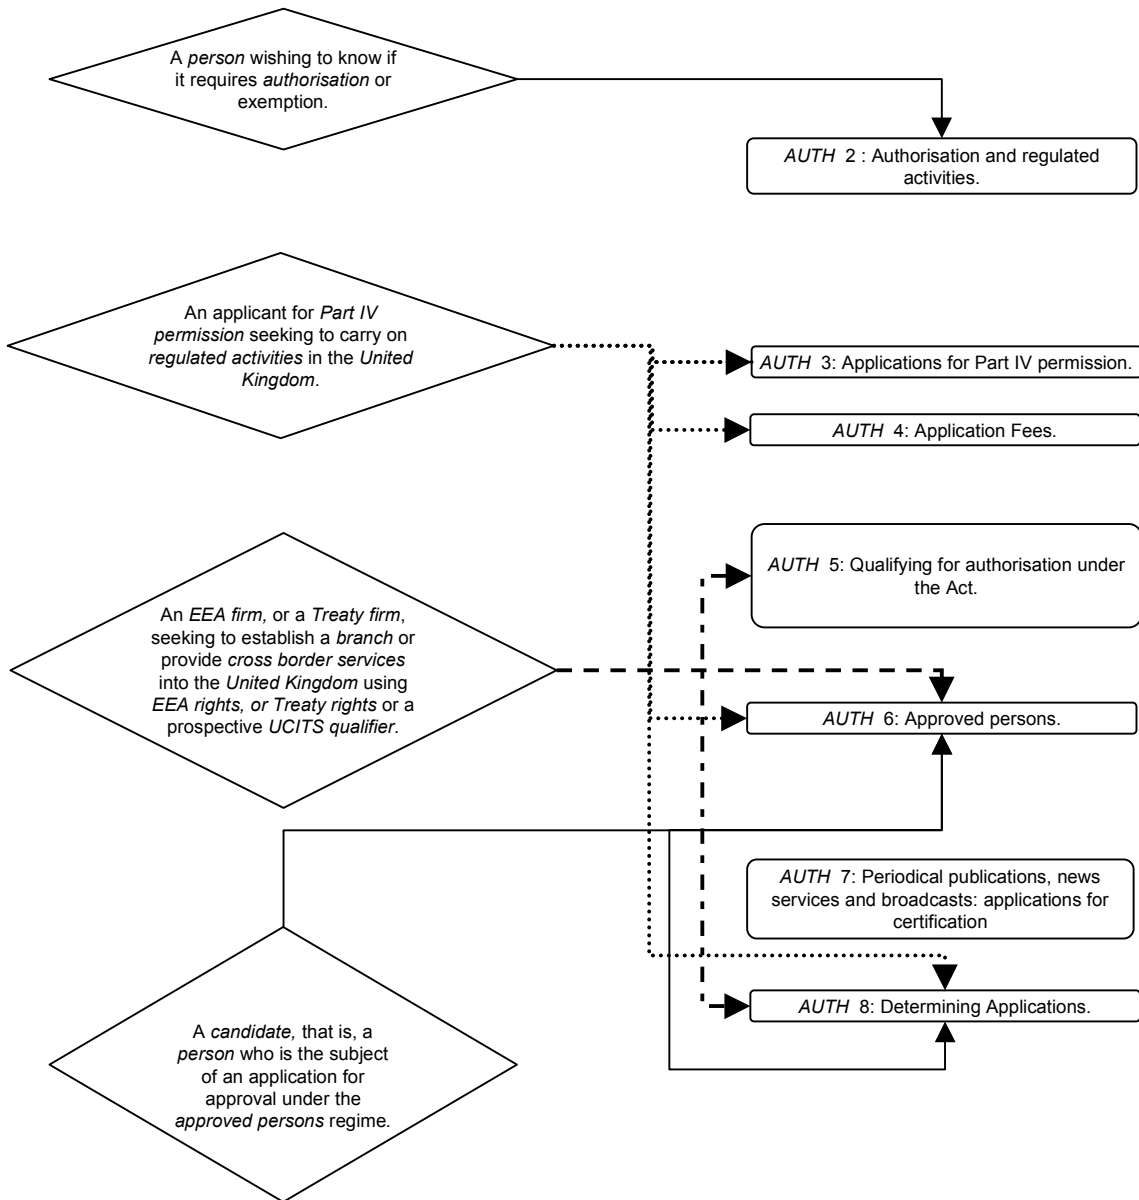

In the row for COMP, delete current wording in column (1) and (2) and replace with the following:

In column (1)

"Applies, except in relation to the *passport*ed activities of an *ISD investment firm* or a *BCD credit institution* (see the definition of "*participant firm*"). However, such a *firm* may be able to apply for *top-up cover* in relation to its *passport*ed activities (see *COMP 14* (Participation by EEA firms))."

In column (2):

"Does not apply in relation to the *passport*ed activities of an *ISD investment firm* or a *BCD credit institution* (see the definition of "*participant firm*"). Otherwise, *COMP* may apply, but the coverage of the *compensation scheme* is limited for non-UK activities (see *COMP 5*)."

Annex C

AUTH 7

Chapter 7

Periodical publications, news services and broadcasts : applications for certification

7

PAGE
1

7.1 Application and purpose

Application

- 7.1.1** G_{/1} This chapter applies to anyone involved in publishing periodicals, or in providing news services or broadcasts, who gives (or proposes to give) advice about *securities* or *contractually based investments* and who wishes to determine whether he will be carrying on the *regulated activity of advising on investments*.

Purpose

- 7.1.2** G_{/1} The purpose of this chapter is to provide *guidance* as to:
- (1) when a *person* involved in publishing periodicals, or in providing news services or broadcasts, requires *authorisation* to carry on the *regulated activity of advising on investments* (see ■ AUTH 7.3 (Does the activity require authorisation));
 - (2) If he does, whether he qualifies for the exclusion from that activity that applies to a periodical publication, a regularly updated news or information service or a television or radio service (see ■ AUTH 7.4 (Does the article 54 exclusion apply));
 - (3) If he does, whether his circumstances are an appropriate case for a certificate given by the *FSA* as conclusive evidence that he does qualify (see ■ AUTH 7.5 (When is it appropriate to apply for a certificate));
 - (4) how to apply for a certificate (see ■ AUTH 7.6.1G to ■ AUTH 7.6.5G); and
 - (5) how the *FSA* will use its power to give certificates (see ■ AUTH 7.6.6 G to ■ AUTH 7.6.10 G).
- 7.1.3** G_{/1} This *guidance* is issued under section 157 of the *Act*. The *guidance* represents the *FSA*'s views and does not bind the courts, for example in relation to an action for damages brought by a *private person* for breach of a *rule* (see section 150 of the *Act* (Actions for damages)), or in relation to the enforceability of a contract where there has been a breach of section 19 (The general prohibition) of the *Act* (see section 26 of the *Act* (Enforceability of agreements)). Although the *guidance* does not bind the courts, it may be of persuasive effect for a court considering whether it would be just and equitable to allow a contract to be enforced (see section 28(3) of the *Act*). Anyone reading this *guidance* should refer to the *Act* and to the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001 (SI 2001/544) (the *Regulated Activities Order*) to find out the precise scope and effect of any particular provision referred to in the *guidance* and should consider seeking legal advice if doubt remains. If a *person* acts in accordance with the *guidance* in the

circumstances contemplated by it, then the *FSA* will proceed on the footing that the *person* has complied with the aspects of the requirement to which the *guidance* relates.

7.2 Introduction

Exclusion for advice given in certain publications and services

7.2.1

G
/1

Advice is excluded by article 54 of the *Regulated Activities Order* from the *regulated activity of advising on investments* if :

- (1) the advice is given in a publication or service that is in one of three formats (see ■ AUTH 7.4.3 G and ■ AUTH 7.4.4 G); and
- (2) the principal purpose of the particular format is neither to give advice nor to lead to (or enable) certain transactions to be carried out (see ■ AUTH 7.4.5 G and ■ AUTH 7.4.10 G).

Certificate that the exclusion applies

7.2.2

G
/1

If a *person* would, but for the exclusion, be carrying on the *regulated activity of advising on investments*, and will be doing so as a business in the *United Kingdom* (see ■ AUTH 7.3), he may wish to apply to the *FSA* for a certificate that the exclusion applies (see ■ AUTH 7.6). However, a *person* does not need a certificate to get the benefit of the exclusion. In many cases it will be clear that the exclusion in article 54 applies and a certificate is not called for. A certificate may be appropriate, however, where the exclusion appears to apply but there may be an element of doubt. The granting of a certificate would remove any such doubt.

Certificates under the Financial Services Act 1986

7.2.3

G
/1

Certificates given under paragraph 25 of Schedule 1 to the *Financial Services Act 1986* (exclusion for periodical publications giving investment advice) do not have effect after 1 December 2001. Holders of such certificates must consider their position under the terms of the new exclusion. If a *person* considers that a certificate might be appropriate, a new application must be made.

7.3 Does the activity require authorisation?

Advising on investments

7.3.1

G
/1

Under article 53 of the *Regulated Activities Order*, advising a *person* is a specified kind of activity if :

- (1) the advice is given to the *person* in his capacity as an investor or potential investor, or in his capacity as agent for an investor or a potential investor; and
- (2) it is advice on the merits of his doing any of the following (whether as *principal* or agent) :
 - (a) *buying, selling*, subscribing for or underwriting a particular *investment* which is a *security* or a *contractually based investment*; or
 - (b) exercising any right conferred by such an *investment* to *buy, sell*, subscribe for or underwrite such an *investment*.

7.3.2

G
/1

Article 53 of the *Regulated Activities Order* contains a number of elements, all of which must be present before a *person* will require *authorisation*. For *guidance* on whether a *person* is carrying on this *regulated activity*, see ■ AUTH App 1 (Financial promotion and related activities [to be issued later]).

Carrying on the regulated activity by way of business

7.3.3

G
/1

Under section 22 of the *Act* (Regulated activities), for an activity to be a *regulated activity* it must be carried on 'by way of business'. There is power in the *Act* for the Treasury to change the meaning of the business element by including or excluding certain things. It has exercised this power (see the Financial Services and Markets Act 2000 (Carrying on Regulated Activities by Way of Business) Order 2001 (SI No 2001/1177)). The result is that the business element differs depending on the activity in question. Where *regulated activities* carried on in relation to *securities* or *contractually based investments* are concerned, the business element is not to be regarded as satisfied unless a *person* carries on the business of engaging in one or more of the activities. This is a narrower test than that of carrying on *regulated activities* by way of business (as required by section 22 of the *Act*), as it requires the *regulated activities* to represent the carrying on of a business in their own right. This is the test which will apply to the *regulated activity* of *advising on investments*. ■ AUTH 2.3 (The Business element) and ■ AUTH 2.4 (Link between activities and the United Kingdom) provide further detail on this.

7.3.4

G
/1

In the *FSA's* view, for a *person* to be carrying on the business of *advising on investments* he will usually need to be doing so with a degree of regularity and for

commercial purposes – that is to say, he will normally be expecting to gain some kind of a direct or indirect financial benefit. But, in the FSA's view it is not necessarily the case that advice provided free of charge will not amount to a business. Advice is often given 'free' by a journalist or presenter, or in a publication or website, in the sense that no charge is made or commission received. For example, a newspaper may reply to readers' letters to generate goodwill or to generate a supply of further material that it can publish or a website that is 'free' to the user will be sponsored or paid for by advertising. In such cases, if *advice on investments* is given, then in the FSA's view the business of *advising on investments* is being carried on. In addition, non-commercial motives may be relevant in determining whether a *person* can be said to be carrying on the business of giving advice. For example, an investigative journal or journalist may occasionally feel that it is necessary to warn investors against the purchase of a particular investment because there are suspicions of fraud in connection with that investment. The FSA takes the view that, in such circumstances, the journal or journalist would not be regarded as carrying on the business of *advising on investments* as he would be acting to prevent crime rather than in the carrying on of a business.

Carrying on the regulated activity in the United Kingdom

7.3.5 G_{/1} Advice given in periodicals published from an establishment in the *United Kingdom* is regarded by the FSA as given in the *United Kingdom*. A similar approach is taken to advice given in, or by way of, a service provided from such an establishment.

7.3.6 G_{/1} In other circumstances, advice issued remotely may still be given in the *United Kingdom*. For example, the FSA considers that advice is given in the *United Kingdom* if :

- (1) it is contained in a non-UK periodical that is posted in hard copy to *persons* in the *United Kingdom*;
- (2) it is contained in a non-UK periodical (or given in or by way of a service) which is made available electronically to such *persons*.

7.3.7 G_{/1} But even if advice is given in the *United Kingdom*, the *general prohibition* will not be contravened if the giving of advice does not amount to the carrying on, in the *United Kingdom*, of the business of *advising on investments*. Also, the general prohibition will not be contravened if the exclusion for *overseas persons* in article 72 of the *Regulated Activities Order* (Overseas Persons) applies. That exclusion applies in relation to the giving of advice by an *overseas person* as a result of a 'legitimate approach' (defined in article 72(7)). In many cases where publications or services are provided from outside the *United Kingdom* it is likely that they will fall within the terms of this exclusion. For example, this will exclude any advice in a publication or service from being a *regulated activity* if it is given in response to an approach that has not been solicited in any way.

Exclusions and exempt persons

7.3.8 G_{/1} Finally, if a *person* is carrying on the business of *advising on investments* in the *United Kingdom*, he will not require *authorisation* if:

- (1) he is able to rely on an exclusion; in addition to the exclusions already mentioned (in articles 54 and 72 of the *Regulated Activities Order*), other exclusions that may be relevant are in Chapter XVII of Part II of the Order; or

- (2) he is an *exempt person* (see ■ AUTH 2.11 (What to do Now?)); since *persons* are exempt only in relation to specified *regulated activities*, his exemption must apply to the *regulated activity* of *advising on investments*.

Which person is required to be authorised?

7.3.9

G
/1

Many people may be involved in the production of a periodical publication, news service or broadcast. But if the *regulated activity* of *advising on investments* is being carried on so that *authorisation* is required, the FSA's view is that the *person* carrying on the activity (and who will require *authorisation*) is the *person* whose business it is to have the editorial control over the content. In the case of a periodical publication, this will often be the proprietor. But particular circumstances may vary so that the responsibility for content and editorial control rests with a freelance journalist rather than with the proprietor. In such cases it may well be that the journalist may properly be viewed as carrying on his own business, using the periodical publication as the vehicle for doing so – in which case it is likely to be the journalist alone who needs the *authorisation*.

7.3.10

G
/1

Similar principles apply to news services and broadcasts.

7.4 Does the article 54 exclusion apply?

The formats

7.4.1

G

/1

The exclusion applies to advice given in one of the following formats:

- (1) advice in writing or other legible form which is contained in a newspaper, journal, magazine, or other periodical publication;
- (2) advice in writing or other legible form which is given by way of a service comprising regularly updated news or information;
- (3) advice given in any service consisting of the broadcast or transmission of a television or radio programme.

7.4.2

G

/1

But the exclusion applies only if the principal purpose of the publication or service is neither to *advise on investments* (that is, *securities* or *contractually based investments*) nor to lead or enable *persons* to *buy, sell, subscribe for or underwrite securities* or *contractually based investments*.

Formats in writing or other legible form

7.4.3

G

/1

- (1) There are two specified formats for advice appearing in writing or other legible form.
- (2) The first is that of a newspaper, journal, magazine or other periodical publication. For these purposes it does not matter what form the periodical publication takes as long as it can be read. This will include, for example, a newspaper appearing as a hard copy or electronically on a website. It will also include any periodical published on an intranet site.
- (3) The second is that of a regularly updated news or information service. As with periodical publications, it does not matter how the service is accessed by, or delivered to, the user as long as it can be read. This will include, for example, a service provided through teletext, a fax retrieval system or a website (including websites that are used through handheld devices). The fact that it must be a 'regularly updated' service means that the provision of up-to-date news or information must be a primary feature of the service (for example, where it is likely to be of commercial value to the recipient). But, in the FSA's view, a news or information 'service' is not restricted to the giving of only news or information since this would not generally constitute the *regulated activity of advising on investments* (see ■ AUTH App 1 (Financial promotion and related activities)[to be issued later]). So the exclusion applies to services providing material in addition to news or information, such as comment or advice.

Television and Radio

7.4.4 G_{/1} The third specified format is for advice in any service consisting of the broadcast or transmission of television or radio programmes. This will encompass the transmission through cable of interactive television programmes. In the FSA’s view, ‘service’ in this context goes beyond any particular series of programmes broadcast or transmitted through a given medium. It refers instead to the administrative system (usually aimed at a particular audience) through which a range of different programmes is provided, for example any particular TV or radio channel. In the FSA’s view, it is unlikely that a TV or radio service will have one of the principal purposes that would prevent its being able to rely on the exclusion unless the complete service is designed to focus on financial or investment matters.

The principal purpose

7.4.5 G_{/1} The exclusion applies only if the principal purpose of the publication or service is neither :

- (1) to give advice on investments (see ■ AUTH 7.3.1G).
- (2) to lead or enable *persons* to *buy, sell*, subscribe for or underwrite *securities* or *contractually based investments*, or to exercise any rights conferred by *securities* or *contractually based investments* (abbreviated in ■ AUTH 7.4.9G and ■ AUTH 7.4.11G as ‘to engage in a relevant transaction’).

7.4.6 G_{/1} Any assessment of the principal purpose of a periodical publication, news service or broadcast needs to be carried out against the background that:

- (1) they all share the characteristic of being available over a sustained period and, within that period, appearing from time to time with a different content;
- (2) the same periodical publication will have many different editions;
- (3) the regular updating of the news or information service will produce differences in the material provided, comparing the content of the service as it appears at any one time with its content as it appears at any other; and
- (4) the programmes in a TV or radio service are bound to have a different content from each other.

7.4.7 G_{/1} To address this feature of variation in content, article 54 requires that the principal purpose of a publication or service is to be assessed by looking at the publication or service taken as a whole and including any advertisements or other promotional material contained in it. This requirement of an overall assessment of purpose or purposes goes beyond the content of any particular example of the publication or service (such as a particular edition or programme). It fixes instead on the characteristic content of the publication or service looked at over time. This judgment depends on the overall impression of content. One way of approaching this is to consider what an average consumer of a publication or service might expect to find when making a decision whether to buy a particular edition or to use the service.

7.4.8 G_{/1} Looking at the first disqualifying purpose set out in the exclusion, all the matters relevant to whether the *regulated activity of advising on investments* is being carried on must be taken into account (see ■ AUTH App 1.22 to ■ AUTH App 1 (Financial promotion and related activities [to be issued later])). If the principal purpose of a

publication or service is to give to *persons*, in their capacity as investors (or potential investors), advice as referred to in ■ AUTH 7.4.5 G(1), then the publication or service will not be able to benefit from this exclusion.

7.4.9

G
/1

For the second disqualifying purpose, the focus switches to assessing whether the principal purpose of a publication or service is to lead a person to engage in a relevant transaction or enable him to do so. This disqualifying purpose is an alternative to the first. So it extends to material not covered by the first. In this respect :

- (1) material in a publication or service that invites or seeks to procure *persons* to engage in a relevant transaction can be said to “lead” to those transactions even if it would not constitute the *regulated activity* of *advising on investments*; this includes, for example, material that consists of generic buy or sell recommendations, corporate brochures or invitations to invest in particular products or with a particular broker or fund manager; and
- (2) material enables *persons* to engage in a relevant transaction if it facilitates the transactions, for example by giving a user the forms that enable him to carry out relevant transactions; so this limb of the second disqualifying purpose would apply to the material providing an online dealing facility on an interactive website or to facilities for on-screen dealing through digital television.

In the *FSA’s* view, material will not lead or enable a *person* to engage in a relevant transaction where the material is intended merely to raise people’s awareness of matters relating to *securities* or *contractually based investments*.

7.4.10

G
/1

The test for determining the principal purpose of any publication which appears on a website, or of any news or information service which appears on a website, is no different from any other medium. An overall view will need to be taken of all the contents of the publication or service, including any features such as chatrooms, advertisements or other promotional material.

7.4.11

G
/1

In the context of the second disqualifying purpose, whether or not the presence of a hypertext link to another website indicates that the purposes of a publication or service include that of leading to relevant transactions (or enabling them to be entered into) will depend on all the circumstances. It will, in particular, be necessary to consider the form of the link and the content of the destination website. In the *FSA’s* view, the simple presence on a host publication or service of a hypertext link consisting only of the name or logo of another website is unlikely itself to indicate that a purpose of the host website is to lead to relevant transactions (or enable them to be entered into). But if more sophisticated links, such as banners or changeable text, contain promotional material inviting or seeking to procure persons to enter into relevant transactions, then those links will have to be weighed in the balance in determining the principal purpose of the publication or service hosting the link. The same applies if the host publication or service hosting the link itself contains material inviting persons to activate the link with a view to entering into relevant transactions.

7.4.12

G
/1

In reaching a view of the principal purpose of the publication or service as a whole, all the material that falls within either the first or second disqualifying purpose must be considered together.

Who can benefit from the exclusion?

7.4.13

G
/1

The *persons* who directly benefit from the exclusion will be the *persons* who would otherwise require *authorisation* (see ■ AUTH 7.3.9 G), that is, the *person* whose business it is to have editorial control over the content of the publication or service. The exclusion will apply regardless of the legal form of the *person* giving the advice so, for example, it will extend to *advice on investments* given by a *company* through its employees.

7.5 When is it appropriate to apply for a certificate?

7.5.1

G

/1

To decide whether the exclusion in article 54 applies, three assessments need to be made :

- (1) first, an assessment whether the vehicle for giving the advice is a newspaper, journal, magazine or other periodical publication, a service comprising regularly updated news or information or a service consisting of the broadcast or transmission of television or radio programmes;
- (2) second, an assessment of the purpose or purposes of any particular publication or service; and
- (3) third, an assessment of the relative significance of each purpose compared with any others.

7.5.2

G

/1

Because opinions may differ in circumstances close to the borderline, giving rise to doubt as to whether or not the exclusion applies, the *Regulated Activities Order* makes provision for a certification process. The purpose of this process is not to provide certification for every publication or service to which the exclusion in article 54 applies.

7.5.3

G

/1

In many cases it will be clear whether or not a publication or service benefits from the exclusion. A publication or service may provide reports on such a wide range of matters that it is not possible to say that it has any purpose other than to provide coverage of a wide range of matters. Alternatively, it may be clear that the principal purpose of a publication or service is something other than those specified in the article 54 exclusion. Examples of cases where, in the FSA's view, the exclusion is capable of applying include :

- (1) national or local newspapers providing the normal range of non-financial news and coverage of other matters (such as sports, arts and leisure) and which simply contain financial journalism (such as reports on particular investments or markets) as one element of their all-round coverage;
- (2) weekly or monthly journals aimed at a particular subject (such as computing or sport) but which have some coverage of, or promotional material relating to, investments and financial matters;
- (3) websites which provide financial news or information;
- (4) closed user group communication systems specialising in financial or investment matters; and
- (5) television or radio channels dedicated to consumer affairs which devote a small number of programmes to financial planning.

7.5.4

G
/1

It is only where there are grounds to think that there is a significant doubt as to the principal purpose of a publication or service that the question of whether or not to apply to the FSA for a certificate under article 54 of the *Regulated Activities Order* is expected to arise. For example, this may happen where a publication or service has several significant purposes and one of them is a disqualifying purpose referred to in the exclusion in article 54. It may on occasion be difficult to assess the relative importance of the purposes compared with each other, particularly given that over time there will be a variation in the content of the publication or service. In such cases, an application for a certificate would be appropriate.

7

7.6 Applications for a certificate

Pre-application contact

7.6.1

G
/1

A *person* considering applying for a certificate should, before sending in any application, contact the Authorisation Enquiries Department of the *FSA* to discuss whether a certificate may be appropriate.

Form of application

7.6.2

G
/1

- (1) An application should be made by the proprietor of the relevant publication or service using a form which can be obtained from the Authorisation Enquiries Department of the *FSA*. The form asks for general information about the applicant and gives guidance notes on completion and other details of how the *FSA* can help.
- (2) An applicant will be asked to state his own view of the principal purpose of the publication or service. This should include an explanation why the applicant believes that he qualifies for the exclusion and why he believes that a certificate may be called for.
- (3) The applicant will be asked to define the extent of the publication or service for which he is seeking a certificate.
- (4) The applicant will be asked to supply material to demonstrate the content of the publication or service or, in the case of a new publication or service, its proposed content. For an existing publication or service, past samples should be supplied in the form most appropriate to the medium for which certification is sought. The samples should be chosen on the basis that they are representative of the publication or service as a whole and as it appears from time to time. The applicant will be asked to justify the selection of the particular samples as being representative. For a new publication or service, samples of proposed content should be supplied. These should be as comprehensive as possible.
- (5) The applicant will be asked to supply material to demonstrate that the principal purpose is not liable to change over the foreseeable future. This may, for example, include business plans, a statement of editorial policy and marketing literature.
- (6) The application must be accompanied by the application fee (see ■ AUTH 7.6.5 G).

Requests for further information

- 7.6.3 **G**_{/1} After an application is sent in, the *FSA* may, on occasion, need to obtain additional information from the applicant or elsewhere to enable it to process the application.

Time for processing applications

- 7.6.4 **G**_{/1} The *Act* does not specify a time limit for processing the application but the *FSA* intends to deal with an application as quickly as possible. The more complete and relevant the information provided by an applicant, the more quickly a decision can be expected. But on occasion it may be necessary to allow time in which the *FSA* can monitor the content of the service. This might happen where, for example, a service is in a form that makes record keeping difficult (such as a large website with a number of hypertext links).

Application Fees

- 7.6.5 **G**_{/1} The fee for an application for a certificate under article 54 of the *Regulated Activities Order* is £2,000 (see ■ AUTH 4 Annex 1R).

The FSA's approach to considering applications

- 7.6.6 **G**_{/1} The *FSA* will consider any application for a certificate on its merits.
- 7.6.7 **G**_{/1} Before it gives a certificate, the *FSA* must be satisfied that the principal purpose of the publication or service is neither of the purposes referred to in the exclusion (see ■ AUTH 7.4.5 G). If there is insufficient evidence, a certificate cannot be given.
- 7.6.8 **G**_{/1} The *FSA* will form an overall view as to the purpose (or purposes) underlying the publication or service. It will then determine whether the principal purpose is neither of those referred to in article 54 of the *Regulated Activities Order*. Because the possible range of subject matter covered by different publications or services is very wide it is not possible to apply standard tests. The *FSA* will form a judgment as to the overall impression created by the publication or service. For example, the proportion of advice, compared with other material in the publication or service, will be relevant in determining the principal purpose of the publication or service. But this will not necessarily be conclusive one way or the other. The purpose of a publication or service may still be to give advice even if only a small proportion of the space is devoted to advice as such. This might happen if, for example, a publication were marketed primarily on the basis that it contains advice on investments.
- 7.6.9 **G**_{/1} In reaching a view, the *FSA* will take into account both editorial and promotional material in the publication or service. It will also have regard to the stated purpose of the publication or service and to any other material relevant to its purpose.
- 7.6.10 **G**_{/1} Other factors relevant to an assessment of purpose or content of the publication or service may vary depending on the nature of the publication or service. For example, if a service is provided by a website, consideration of the content of the publication or service will take account of hypertext links and other features such as e-mail addresses, bulletin boards and chat rooms.

Grant of application

7.6.11

G
/1

If the *FSA* decides to grant the application it will issue a certificate. The certificate will normally be granted for an indefinite period. It will state what it is that the *FSA* considers constitutes the periodical or service in relation to which the *FSA* is satisfied that the exclusion in article 54 of the *Regulated Activities Order* applies. In many cases this will be self-evident. But it may sometimes be necessary to include further details in the certificate indicating what the certificate covers. For example, in the case of a large website, a distinct publication or service may form part of the website. In such a case a certificate may be given for that part only.

Refusal of application

7.6.12

G
/1

An application may be refused on the grounds that the *FSA* is not satisfied that the principal purpose of the publication or service is neither of those mentioned in article 54(1)(a) or (b) of the *Regulated Activities Order* (see ■ AUTH 7.4.5G). An application may also be refused on the grounds that the *FSA* considers that the vehicle through which advice is to be given is not a newspaper, journal, magazine or other periodical publication, a regularly updated news or information service or a service consisting of the broadcast or transmission of television or radio programmes. Where an application is refused, the *FSA* will issue a notice which will give a statement of the reasons for the refusal in that case. If the application is refused, the applicant, if he is an *unauthorised person*, will need to consider whether it is appropriate to continue to publish the periodical or provide the service without *authorisation* or exemption.

7.7 Post-certification issues

Ongoing monitoring

- 7.7.1** **G**_{/1} If a certificate is granted then, until it is revoked, it is conclusive evidence that the exclusion under article 54 of the *Regulated Activities Order* applies. A *person* to whom a certificate is given should notify the *FSA* of any significant changes to the purpose or nature of the content of the relevant publication or service. The *FSA* will need to keep the content of the publication or service in question under review.
- 7.7.2** **G**_{/1} An annual fee of £1,000 will be charged to meet the costs of ongoing monitoring (see ■ SUP 20 Annex 1R).

Revocation of certificate

- 7.7.3** **G**_{/1} The *FSA* may revoke a certificate at the request of its holder or on the *FSA*'s own initiative if the *FSA* considers that it is no longer justified. If the *FSA* revokes a certificate on its own initiative, it would normally expect to give advance notice to the holder of the certificate together with a statement of the reasons for the proposed revocation, and give the holder of the certificate an opportunity to make representations. Where a certificate is revoked, the holder of the certificate, if he is an *unauthorised person*, will need to consider whether it is appropriate to continue to publish the periodical or provide the service without *authorisation* or exemption.

Publication of details of certificate holders

- 7.7.4** **G**_{/1} The fact of a *person* holding a certificate granted under article 54(3) is information which may be of relevance to other *persons* (including investors or potential investors). For this reason, the *FSA* considers it appropriate that details of certificates granted under article 54(3) should be included in a list on the public record which the *FSA* is required to maintain under section 347 of the *Act* (The record of authorised persons, etc).

Further information

- 7.7.5** **G**_{/1} For further information contact the Authorisation Enquiries Department at the *FSA* (see ■ AUTH 1.9.2G).

TRAINING AND COMPETENCE SOURCEBOOK

(AMENDMENT No 2) INSTRUMENT 2001

Powers exercised

A. The Financial Services Authority amends the Training and Competence sourcebook in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (the "Act"):

(1) section 138 (General rule-making power)

(2) section 150(2) (Actions for damages)

(3) section 156 (General supplementary powers).

B. The provisions of the Act relevant to rules and listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

C. This instrument shall come into force at the beginning of the day on which section 19 of the Act (The general prohibition) comes into force.

Amendments to the Training and Competence sourcebook

D. The Training and Competence sourcebook is amended in accordance with the Annex to this instrument.

Citation

E. This instrument may be cited as the Training and Competence sourcebook (Amendment No 2) Instrument 2001.

By order of the Board
15 November 2001

ANNEX

TC INTERIM APPROVED EXAMINATION ANNEXES

The amendments are shown as follows:

SUPERVISION MANUAL (AMENDMENT NO 5) INSTRUMENT 2001

Powers exercised

- A. The Financial Services Authority amends the Supervision manual in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (the "Act"):
- (1) section 138 (General rule-making power);
 - (2) section 156 (General supplementary powers);
 - (3) section 157(1) (Guidance);
 - (4) section 340 (Appointment).
- B. The provisions of the Act relevant to rules and listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

- C. This instrument comes into force at the beginning of the day on which section 19 of the Act (The general prohibition) comes into force.

Amendment of the Supervision manual

- D. The Supervision manual is amended:
- (1) in accordance with Annexes A and B to this instrument; and
 - (2) by inserting the provisions in Annexes C, D and E to this instrument.

Citation

- E. This instrument may be cited as the Supervision Manual (Amendment No 5) Instrument 2001.

By order of the Board
15 November 2001

ANNEX A
SUP 3 (Auditors)

In this Annex, where amendments are shown rather than described, underlining indicates new text and striking through indicates deleted text.

SUP Transitional provisions In the first table of transitional provisions, insert the following new rows:

3A	<i>SUP 3.10</i>	R	<p>(1) Paragraphs (2) and (3) apply to the auditor of an <i>authorised professional firm</i>:</p> <p>(a) if that <i>firm</i> has an <i>accounting reference date</i> between 1 June 2001 and 30 November 2001 (inclusive); and</p> <p>(b) in relation to delivery of a client assets report on that <i>firm</i> for the period ending on that <i>accounting reference date</i>.</p> <p>(2) An auditor will not contravene <i>SUP 3.10.4R, SUP 3.10.5R, SUP 3.10.9R or SUP 3.10.10R</i> by delivering a report in the format required by the rules of the <i>firm's previous regulator</i> for client asset reports.</p> <p>(3) <i>SUP 3.10.7R</i> is changed so that the period for delivery of the report is the longer of:</p> <p>(a) four months from the <i>firm's accounting reference date</i>; and</p> <p>(b) the period permitted under the rules of the <i>firm's previous regulator</i>.</p>	From commencement for six months	<i>Commencement</i>
----	-----------------	---	--	----------------------------------	---------------------

3B	SUP 3.10.6R, SUP 3.10.7R	G	<p>Auditors affected by paragraph 3A are reminded that:</p> <p>(1) if the report has been delivered to the <i>firm's previous regulator</i> before <i>commencement</i>, it need not be delivered to the <i>FSA</i> (paragraph 7 of the transitional provisions in <i>GEN</i>); in this case, the first report to the <i>FSA</i> should cover a period ending not more than 53 weeks after the period covered by the last report to the <i>previous regulator</i>;</p> <p>(2) a report delivered after <i>commencement</i> should be submitted and addressed to the <i>FSA</i> in accordance with SUP 16.3.6R to SUP 16.3.13R; and</p> <p>(3) the auditor is free to fulfil its duty to deliver a report to the <i>FSA</i> by doing so before <i>commencement</i> (paragraph 3 of the transitional provisions in <i>GEN</i>).</p>	From <i>commencement</i> for six months	<i>Commencement</i>
----	-----------------------------	---	--	---	---------------------

SUP 3.1.2R Amend the table as shown:

(1)	Category of firm	(2) Sections applicable to the firm	(3) Sections applicable to its auditor
(1)	<u>Authorised professional firm which is required by IPRU(INV) 2.1.2R to comply with chapter 3, 5, 10 or 13 of IPRU(INV) (Note 1)</u>	<u>SUP 3.1 – SUP 3.7</u>	<u>SUP 3.1, SUP 3.2, SUP 3.8 – SUP 3.10</u>
(2)	<u>Authorised professional firm not within (1) to which either or both of COB 9.1 (Custody) and COB 9.3 (Client money) applies, unless the firm is regulated by The Law Society (England and Wales), The Law Society of Scotland or The Law Society of Northern Ireland (Note 2)</u>	<u>SUP 3.1 – SUP 3.7</u>	<u>SUP 3.1, SUP 3.2, SUP 3.8, SUP 3.10</u>
(3)	<u>Authorised professional firm not within (1) or (2) which has an auditor appointed under or as a result of a statutory provision other than in the Act</u>	<u>SUP 3.1, SUP 3.2, SUP 3.7</u>	<u>SUP 3.1, SUP 3.2, SUP 3.8</u>

(4) (4)	<i>Bank or building society which in either case carries on designated investment business</i>	<i>SUP 3.1 – SUP 3.7</i>	<i>SUP 3.1, SUP 3.2, SUP 3.8, SUP 3.10</i>
(5) (2)	<i>Bank or building society which in either case does not carry on designated investment business</i>	<i>SUP 3.1 – SUP 3.7</i>	<i>SUP 3.1, SUP 3.2, SUP 3.8</i>
(6) (4)	<i>Insurer, the Society of Lloyd's, underwriting agent or members' adviser</i>	<i>SUP 3.1 – SUP 3.7</i>	<i>SUP 3.1, SUP 3.2, SUP 3.8</i>
(7) (3)	<i>Investment management firm, personal investment firm (other than a small personal investment firm), or securities and futures firm (Note 43)</i>	<i>SUP 3.1 – SUP 3.7</i>	<i>SUP 3.1, SUP 3.2, SUP 3.8 - SUP 3.10</i>
(8) (5)	<i>Small personal investment firm or, service company or authorised professional firm which, in each either case, has an auditor appointed under or as a result of a statutory provision other than in the Act (Note 2)</i>	<i>SUP 3.1, SUP 3.2, SUP 3.7</i>	<i>SUP 3.1, SUP 3.2, SUP 3.8</i>

Note ~~12~~ = This note applies in relation to an *authorised professional firm* which is required by *IPRU(INV)* 2.1.2R to comply with chapter 3, 5, 10 or 13 of *IPRU(INV)*. This chapter applies to such an *authorised professional firm* in row (1) (and its auditor) as if it were the *firm* were of the relevant *firm* type in the right-hand column of *IPRU(INV)* 2.1.4R.

Note 2 = In row (2):

(a) *COB 9.1* (Custody) is treated as applying only if (i) the *firm* safeguards and administers investments in connection with managing investments (other than when acting as trustee) or (ii) it safeguards and administers investments in relation to bonded investments;

(b) *COB 9.3* (Client money) is treated as applying only if the *firm* receives or holds client money other than under an arrangement where commission is rebated to the client;

but, if *COB 9.1* or *COB 9.3* is treated as applying, then *SUP 3.10* (Duties of auditors: notification and report on client assets) applies to the whole of the business within the scope of *COB 9.1* or *COB 9.3*.

Note ~~13~~ = This note applies in relation to an *oil market participant* to which *IPRU(INV)* 3 does not apply and in relation to an *energy market participant* to which *IPRU(INV)* 3 does not apply. In *SUP 3*:

(a) only *SUP 3.1*, *SUP 3.2* and *SUP 3.7* are applicable to such a *firm*;
and

(b) only *SUP 3.1*, *SUP 3.2* and *SUP 3.8* are applicable to its auditor;
and, in each case, only if it has an auditor appointed under or as a result of a statutory provision other than in the *Act*.

SUP 3.1.8G Amend the heading as shown:

Authorised professional firms ~~Auditors of firms of solicitors subject to SUP 3.10~~

SUP 3.1.8G Amend as shown:

A *firm* of solicitors is not required to comply with the *client money rules* (*COB 9.3*) and instead must comply with its *designated professional body's* rules (*COB 9.3.25R*). *SUP 3.10* is therefore modified for the auditor of such a *firm*, if it applies (see Note 2 to the table in *SUP 3.1.2R* and *SUP 3.10.2R*). This chapter applies to an *authorised professional firm* as set out in rows (1) to (3) of *SUP 3.1.2R*:

(1) a *firm* in row (1) is treated in the same way as its equivalent in row (7);

- (2) large parts of this chapter apply to a *firm* in row (2) and its auditor; the report on client assets under SUP 3.10 (Duties of auditors: notification and report on client assets) must cover compliance for the whole of the business within the scope of whichever of COB 9.1 and COB 9.3 is treated as applying; but there is no requirement for the auditor to prepare a report to the FSA on the firm's financial statements;
- (3) this chapter has limited application to a *firm* in row (3) and its auditor.

SUP 3.2.4G Amend as shown:

SUP 3.1.1R and *SUP 3.1.2R* limit the application of this chapter in relation to:

- (1) *authorised professional firms to which COB 9.1 (Custody) and COB 9.3 (Client money) do not apply or which are not required by IPRU(INV) 2.1.2R to comply with chapter 3, 5, 10 or 13 of IPRU(INV);*
- (2) *oil market participants, and energy market participants, to whom IPRU(INV) 3 does not apply;*
- (3) *small personal investment firms; and*
- (4) *service companies.*

Such a *firm* is not required, under this chapter, to appoint an auditor because *SUP 3.3* (Appointment of auditors) does not apply. If such a *firm* appoints an auditor under or as a result of a statutory provision other than in the *Act*, for example, under the Companies Act 1985, *SUP 3.7* (Notification of matters raised by auditor) and *SUP 3.8* (Rights and duties of all auditors) nevertheless apply to help the *FSA* discharge its functions under the *Act*.

Annex B
SUP 15 (Notification to the FSA)

SUP 15.8 Insert the following new rule:

15.8.3 **Insurers' commission clawback**

- R (1) An *insurer* must notify the *FSA* in respect of any *firm* (the "intermediary") as soon as reasonably practicable if:
- (a) any amount of *commission* due from the intermediary to the *insurer* in accordance with an indemnity commission clawback arrangement remains outstanding for four *months* after the date when the *insurer* gave notice to the intermediary that the relevant *premium* had not been paid; or
 - (b) any amount of *commission* due from the intermediary to the *insurer* as a result of either the cancellation of an investment agreement or overpayment of *commission* remains outstanding for four *months* after the date on which the *insurer* gave notice to the intermediary that cancellation or overpayment had occurred.
- (2) A notification in (1):
- (a) need not be given unless the total amounts outstanding under (1)(a) and (b) in respect of the intermediary exceed £1,000; and
 - (b) must give the identity of the intermediary and the amount of *commission* which remains outstanding.
- (3) In (1) an "indemnity commission clawback arrangement" is an arrangement under which:
- (a) an *insurer* pays *commission* to an intermediary before the date on which the *premium* is due under the relevant *investment agreement*; and
 - (b) the *insurer* requires repayment of the *commission*, if the *investment agreement* is terminated by reason of a failure to pay a *premium*.

Annex C

SUP chapter 18

18 Transfers of business

18.1 Application

- 18.1.1 G This chapter provides *guidance* in relation to business transfers.
- (1) *SUP* 18.2 applies to any *firm* or to any *member* of Lloyd's proposing to transfer the whole or part of its business by an *insurance business transfer scheme* or to accept such a transfer. *SUP* 18.2.31G to *SUP* 18.2.41G also apply to the *independent expert* making the *scheme report*.
 - (2) *SUP* 18.3 applies to any *firm* proposing to accept certain transfers of *insurance business* taking place outside the *United Kingdom*.
 - (3) *SUP* 18.4 applies to any *friendly societies* proposing to amalgamate under section 85 of the Friendly Societies Act 1992, to any *friendly society* proposing to transfer engagements under section 86 of that Act to another body and to any body (whether or not it is a *friendly society*) proposing to accept such a transfer. *SUP* 18.4 also provides *guidance* to those wishing to make representations to the *FSA* about an application for confirmation of an amalgamation or transfer.

- 18.1.2 G *Guidance* on *building society* transfers and mergers is given in *IPRU(BSOC)*.

INTRODUCTION

- 18.1.3 G *Insurance business transfers* are subject to Part VII of the *Act* and must be approved by the court under section 111. The Financial Services and Markets Act 2000 (Control of Business Transfers)(Requirements on Applicants) Regulations 2001 (SI 2001/[number to be inserted later]) also apply. These regulations set out minimum requirements for publicising schemes, notifying certain interested parties directly (subject to the discretion of the court), and giving information to anyone who requests it.
- 18.1.4 G An *insurance business transfer scheme* is defined in section 105 of the *Act* and the definition has been extended to transfers from *members* of Lloyd's to reflect the effect of the Financial Services and Markets Act 2000 (Control of Transfers of Business Done at Lloyd's) Order 2001(SI 2001/[number to be inserted later]). With certain exclusions (relating to some schemes approved under foreign legislation, some novations of reinsurance or some *captive insurers*), it includes, in broad terms, any scheme to transfer *insurance business* from one *firm* (other than a *friendly society*) or *members* of Lloyd's to another body (which may be a *friendly society*), if:
- (1)
 - (a) the transferor is an "UK authorised person" and the business is being carried on in one or more *EEA States*; or
 - (b) the business is reinsurance carried on in the *United Kingdom*; or
 - (c) the business is carried on in the *United Kingdom* and the transferor is not an *EEA firm*; and
 - (2) in each case, the transferred business will be carried on from an establishment in the *EEA*.

The business transferred may include liabilities and potential liabilities on expired *policies*, liabilities on current *policies* and liabilities on contracts to be written in the period until the transfer takes effect. The parties to schemes approved under foreign legislation or involving novations of reinsurance or a captive *insurer* can apply to the court for an order sanctioning the scheme.

- 18.1.5 G In the opinion of the *FSA*, a novation or a number of novations would constitute an *insurance business transfer* only if their number or value were such that the novation was to be regarded as a transfer of part of the business. A novation is an agreement between the *policyholder* and two *insurers* whereby a contract with one *insurer* is replaced by a contract with the other. In the opinion of the *FSA*, where an *insurer* agrees to meet the liabilities (this may include undertaking the administration of the *policies*) of another *insurer* by means of a reinsurance contract, including Lloyd's *reinsurance to close*, this would not constitute an *insurance business transfer* because the contractual liability remains with the original *insurer*, nor would an arrangement whereby an *insurer* offers to renew the *policies* of another *insurer* on their expiry date.
- 18.1.6 G Under section 112 of the *Act*, the court has wide discretion to transfer property and liabilities to the transferee and to make orders in relation to incidental, consequential and supplementary matters. In the opinion of the *FSA*, the court has the power in such cases and on such terms as may be appropriate, to transfer the benefit of reinsurance contracts protecting the transferred business and to make such amendments to the terms of those contracts as may be necessary to give effect to that transfer of benefit.
- 18.1.7 G Amalgamations of *friendly societies* and transfers of engagements from *friendly societies* to other bodies (whether or not *friendly societies*) are governed by part VIII of the Friendly Societies Act 1992 and Schedule 15 to that Act applies.

18.2 Insurance business transfers

PURPOSE

- 18.2.1 G Transfers enable *firms* to manage their affairs more effectively, both for their own benefit and for that of their *customers*. However they represent an interference in the contracts between a *firm* and its *customers*, unless the *customers* individually consent, and may also affect the rights of third parties. An important protection is the requirement for the consent of the court. Under section 110 of the *Act*, the *FSA* is entitled to be heard by the court. In deciding whether it should appear, the *FSA* will consider the potential risk to its *regulatory objectives* of the scheme compared to not implementing the scheme.
- 18.2.2 G The *FSA's regulatory objectives* include market confidence and the protection of *consumers*. Either or both of these might be impaired if a transfer were approved that led to loss, or perceived loss, to *consumers* or other market participants. On the other hand a transfer that led to improved security or benefits for *consumers* would promote the *FSA's regulatory objectives*. When considering a transfer, the *FSA* needs to take into account the interests of existing *consumers* of the transferee and of *consumers* remaining with the transferor as well as of those whose contracts are being transferred. The *guidance* in this section is intended to protect *consumers*. By so doing it promotes the market confidence objective.
-

- 18.2.3 G Under section 5(2) of the *Act*, in considering what degree of protection may be appropriate for *consumers*, the *FSA* must have regard to their need for accurate information. Under *Principle 7*, a *firm* must pay due regard to the information needs of *clients* (the scope of the *Principle* is not precisely *consumers*). The extent and nature of the information provided to *consumers* about a proposed scheme will therefore be a factor for the *FSA* in determining its attitude to the scheme. For the court process to be an effective protection, *consumers* and others affected need to learn of the proposed transfer and receive sufficient information on the transfer and its effects in such a form as to enable them to decide if they are likely to be adversely affected, and whether they wish to be heard by the court. The information needed depends on the circumstances and cannot be precisely specified in advance but this chapter contains *guidance* aimed at ensuring that *consumers*, the *FSA* and the court receive adequate information.
- 18.2.4 G Under *Principle 11*, a *firm* must deal with the *FSA* in an open and cooperative way and disclose to the *FSA* appropriately anything relating to the *firm* of which the *FSA* would reasonably expect notice. This chapter contains *guidance* on the information that the *FSA* expects to receive from *firms* and *members* of Lloyd's in the context of *insurance business transfer schemes*.
- 18.2.5 G Under *Principle 6*, a *firm* must treat *customers* fairly (the scope of the *Principle* is not precisely *consumers*) and, under *Principle 8*, manage conflicts of interest fairly. A criterion for the *FSA* in considering a proposed scheme would be whether it appears that either *Principle* is not being followed. Transfers may have both positive and negative effects on individual *consumers*. In such circumstances it is for *consumers* to balance these effects and assess whether the proposed scheme as a whole is in their interests and whether to make representations to the court about the scheme. The *FSA*'s main concern then becomes to ensure that *consumers* have appropriate information and not to set its judgment over theirs.
- 18.2.6 G A scheme may have a material effect on the transferor or the transferee. The *FSA* will take any scheme into account in its future regulation of the *firms*, where it continues to regulate them. This could include, for instance, the exercise of own-initiative powers under section 45 of the *Act* to vary a *firm's Part IV permission*, for instance, by requiring a *scheme of operations* (*SUP 7* contains *guidance* on criteria for varying a *firm's Part IV permission*).
- 18.2.7 G For many transfers it is necessary to cooperate with *overseas regulators*. This section contains *guidance* on such cooperation.
- 18.2.8 G Section 86(8) of the Friendly Societies Act 1992 requires, where a transferee is a *friendly society*, that consent to accept the engagements is passed by special resolution in accordance with paragraph 7 of Schedule 12 to that Act. This section includes *guidance* about the information needed in these circumstances.
- 18.2.9 G Under section 109 of the *Act*, an *insurance business transfer scheme* must be accompanied by a *scheme report* in a form approved by the *FSA*. This section contains *guidance* on the form of a *scheme report*.
- 18.2.10 G Also under section 109 of the *Act*, the *scheme report* must be made by a *person* nominated or approved by the *FSA*. This section contains *guidance* on the procedures and general criteria that the *FSA* proposes to adopt for this purpose.
- 18.2.11 G The *FSA* has a duty under section 2(3) of the *Act* "to have regard to the need to use its resources in the most efficient and economic way". The extent to which (if at all) it examines and considers the details of a scheme and the resources it devotes to such consideration will depend on the potential risk to its *regulatory objectives*.
-

PROCEDURE: INITIAL STEPS

- 18.2.12 G When an *insurance business transfer scheme* is being considered, the scheme promoters (including the transferor and, except possibly if it is a new *company*, the transferee) should discuss the scheme with the *FSA* as soon as reasonably practical, to enable the *FSA* to consider what issues are likely to arise, and to enable a practical timetable for the scheme to be agreed. The *FSA* will wish to consider material issues relating to *policyholder* rights (such as the reasonable expectations of with-profits *policyholders*) or *policyholder* security at the earliest opportunity. In any case the *FSA* will need time to:
- (1) consider the application, if an application by the transferee for a *Part IV permission* or a variation of *permission* is necessary (*AUTH* and *SUP* 6 provide *guidance* on this);
 - (2) seek information or approvals from other supervisors (where this applies);
 - (3) consider what skills are needed to make a proper report on the scheme and what criteria should therefore be applied to the choice of *independent expert*;
 - (4) consider whether the promoters' nominee for *independent expert* is suitable for approval or, if the *FSA* proposes to nominate someone, who the *FSA* should nominate; and
 - (5) consider whether to object to the scheme in the light of the report and other circumstances.

- 18.2.13 G The initial information on the scheme provided to the *FSA* under *SUP* 18.2.12G should include its broad outline and its purpose. The *FSA* will indicate to the promoters how closely it wishes to monitor the progress of the scheme, including the extent to which it wishes to see draft documentation.

INDEPENDENT EXPERT: QUALIFICATIONS

- 18.2.14 G Under section 109(2) of the *Act* a *scheme report* may only be made by a *person*:
- (1) appearing to the *FSA* to have the skills necessary to enable him to make a proper report; and
 - (2) nominated or approved for the purpose by the *FSA*.
- 18.2.15 G The general principles set out in *SUP* 5.4.8G, for suitability of a *skilled person*, apply also to the *independent expert*. The *FSA* expects the *independent expert* making the *scheme report* to be a natural person, who:
- (1) is independent, that is any direct or indirect interest or connection he has or has had in either the transferor or transferee should not be such as to prejudice his status in the eyes of the court; and
 - (2) has relevant knowledge, both practical and theoretical, and experience of the types of *insurance business* transacted by the transferor and transferee.
- 18.2.16 G For a transfer of *long-term insurance business* the *independent expert* should be an *actuary* familiar with the role and responsibilities of an *appointed actuary*.
-

18.2.17 G For a transfer of *general insurance business* the *independent expert* should normally be competent at assessing technical provisions and the uncertainties of the liabilities they represent (such as an *actuary*). Exceptionally, where issues other than the ability of the transferee to meet the liabilities to be transferred are much more significant in assessing the likely effects of the scheme, this criterion might not be applied. In such a case the *independent expert* would be expected to take advice from an appropriately qualified practitioner about the adequacy of the financial resources of the transferee.

18.2.18 G The *independent expert* would not normally be expected to be knowledgeable:

- (1) about *general insurance business* if the business being transferred is *long-term insurance business* only; nor
- (2) about *long-term insurance business* if the business being transferred is *general insurance business* only;

but, where either the transferor or transferee is a composite, he should understand the relevance of the *general insurance business* to the security of the *long-term insurance business policyholders* and vice versa and may need to seek independent specialist advice.

INDEPENDENT EXPERT: APPOINTMENT

18.2.19 G The suitability of a *person* to act as an *independent expert* depends on the nature of the scheme and the *firms* concerned. On the basis of the preliminary information supplied by the scheme promoters (and any other knowledge it has of the circumstances and the *firms*), the *FSA* will consider what skills are needed to make a proper report on the scheme and what criteria should therefore be applied to the choice of *independent expert*. The *FSA* will inform the promoters of any such criteria it is minded to apply.

18.2.20 G Under section 107(2) of the *Act*, the application to the court may be made by the transferor or the transferee or both. As soon as reasonably practical, the intended applicant should choose their nominee for *independent expert* in the light of any criteria advised by the *FSA* and advise the *FSA* of their choice, unless the *FSA* wishes them to defer nomination or to make its own nomination. The notification should be accompanied by reasons why the party considers the nominee to be a suitable *person* to act as *independent expert*, together with relevant details of his experience and qualifications.

18.2.21 G The *FSA* may wish to have preliminary discussions with the nominee about the transfer to help the *FSA* determine whether he is suitably qualified to address issues arising from the transfer. The *FSA* will consider the suitability of the nominee and inform the *firm* that nominated him whether it approves him. Since the nature of the scheme is a factor in determining the suitability of the nominee, the *FSA* cannot approve a nominee before the broad outlines of the scheme have been determined. If the *FSA* rejects a nominee, it will normally inform him and, with the agreement of the nominee, the applicant of the reasons for the rejection.

18.2.22 G The *FSA* may itself nominate the *independent expert*, either where it indicates that a nomination is not required by the parties, or where it does not approve the parties' own nomination. In either case it will inform the promoters of its nominee.

18.2.23 G *Firms* should co-operate fully with the *independent expert* and provide him with access to all relevant information and appropriate staff.

CONSULTATION WITH OTHER REGULATORS

- 18.2.24 G The *guidance* set out in SUP 18.2.25G to SUP 18.2.30G derives from the requirements of the *Insurance Directives* and the associated agreements between *EEA regulators*. Schedule 12 of the *Act* implements some of these requirements.
- 18.2.25 G If the transferee is (or will be) an *EEA firm* (authorised in its *Home State* to carry on *insurance business* under the *Insurance Directives*) or a *Swiss general insurance company*, then the *FSA* has to consult the transferee's *Home State regulator*, who has 3 months to respond. It will be necessary for the *FSA* to obtain from the transferee's *Home State regulator* a certificate confirming that the transferee will meet the *Home State's* solvency margin requirements (if any) after the transfer.
- 18.2.26 G The transferor will need to provide the *FSA* with the information that the *Home State regulator* requires from *FSA*. This information includes:
- (1) the transfer agreement or a draft, with:
 - (a) the names and addresses of the transferor and transferee; and
 - (b) the *classes of insurance business* and details of the nature of the risks or commitments to be transferred;
 - (2) for the business to be transferred (both before and after reinsurance):
 - (a) the amount of technical provisions;
 - (b) the amount of *premiums* (in the most recent financial period); and
 - (c) for *general insurance business*, the *claims* incurred (in the most recent financial period);
 - (3) details of assets to be transferred;
 - (4) details of any guarantees (including reinsurance), whether provided by the transferor or a third party, to protect the provisions for the business transferred against deterioration; and
 - (5) the *states of the risks* or the *states of the commitments* being transferred.
- 18.2.27 G If the transferee is not (and will not be) *authorised* and will be neither an *EEA firm* nor a *Swiss general insurance company*, then the *FSA* will need to consult its insurance supervisor in the place where the business is to be transferred. The *FSA* will need confirmation from this supervisor that the transferee will meet his solvency margin requirements there (if any) after the transfer.
- 18.2.28 G If the transferor is an *UK insurer* and the business to be transferred includes business carried on from a branch in another *EEA State*, then the *FSA* has to consult the *Host State regulator*, who has 3 months to respond. The *FSA* will need to be given the information that the *Host State regulator* requires from it. This information should identify the parties to the transfer and include the transfer agreement or draft transfer agreement or a summary containing relevant information, and describe arrangements for settling *claims* if the branch is to be closed.
-

- 18.2.29 G If the transferor is an *UK insurer* and the business to be transferred includes a *long-term insurance contract* (other than reinsurance) for which the *state of the commitment* is an *EEA state* other than the *United Kingdom*, then the *FSA* has to consult the *Host State regulator*. If the transferor is an *UK insurer* and the business to be transferred includes a *general insurance contract* (other than reinsurance) for which the *state of the risk* is an *EEA state* other than the *United Kingdom*, then the *FSA* must consult the *Host State regulator*. The *FSA* will need to be given the information that the *Host State regulator* requires from it. This information should identify the parties to the transfer and include the transfer agreement or draft transfer agreement or a summary containing relevant information. It would be helpful (especially for *long-term insurance business*) if a draft of the *scheme report* was also available. The consent of the *Host State regulator* to the transfer is required, unless he does not respond within 3 months.
- 18.2.30 G Where the transferor is an *UK-deposit insurer* and, following the transfer, it will no longer be carrying on *insurance business* in the *United Kingdom*, the *FSA* will need to collaborate with *regulatory bodies* in the other *EEA States* in which it is carrying on business to ensure that effective supervision of the business carried on in the *EEA* continues. The transferor should cooperate with the *FSA* and the other *regulatory bodies* in this process and demonstrate that it will meet the requirements of its regulators following the transfer.

FORM OF SCHEME REPORT

- 18.2.31 G Under section 109 of the *Act*, a *scheme report* must accompany an application to the court to approve an *insurance business transfer scheme*. This report must be made in a form approved by the *FSA*. The *FSA* would not expect to approve the form of a *scheme report* unless it complies with *SUP 18.2.33G* and would expect to approve the form of a *scheme report* that complies. *SUP 18.2.32G* and *SUP 18.2.34G* to *SUP 18.2.41G* provide additional *guidance* for the *independent expert*.
- 18.2.32 G There may be matters relating to the scheme or the parties to the transfer that the *FSA* wishes to draw to the attention of the *independent expert*. The *FSA* may also wish the report to address particular issues. The *independent expert* should therefore contact the *FSA* at an early stage to establish whether there are such matters or issues. The *independent expert* should form his own opinion on such issues, which may differ from the opinion of the *FSA*.
- 18.2.33 G The *scheme report* should comply with the applicable rules on expert evidence and contain the following information:
- (1) who appointed the *independent expert* and who is bearing the costs of that appointment;
 - (2) confirmation that the *independent expert* has been approved or nominated by the *FSA*;
 - (3) a statement of *independent expert's* professional qualifications and (where appropriate) descriptions of the experience that fits him for the role;
 - (4) whether the *independent expert* has, or has had, direct or indirect interest in any of the parties which might be thought to influence his independence, and details of any such interest;
 - (5) the scope of the report;
 - (6) the purpose of the scheme;
 - (7) a summary of the terms of the scheme in so far as they are relevant to the report;
-

- (8) what documents, reports and other material information the *independent expert* has considered in preparing his report and whether any information that he requested has not been provided;
- (9) the extent to which the *independent expert* has relied on:
 - (a) information provided by others; and
 - (b) the judgment of others;
- (10) the people on whom the *independent expert* has relied and why, in his opinion, such reliance is reasonable;
- (11) his opinion of the likely effects of the scheme on *policyholders* (this term is defined to include *persons* with certain rights and contingent rights under the *policies*), distinguishing between:
 - (a) transferring *policyholders*;
 - (b) *policyholders* of the transferor whose contracts will not be transferred; and
 - (c) *policyholders* of the transferee;
- (12) what matters (if any) that the *independent expert* has not taken into account or evaluated in the report that might, in his opinion, be relevant to *policyholders'* consideration of the scheme; and
- (13) for each opinion that the *independent expert* expresses in the report, an outline of his reasons.

18.2.34 G The purpose of the *scheme report* is to inform the court and the *independent expert* therefore has a duty to the court. However reliance will also be placed on it by *policyholders*, by others affected by the scheme and by the *FSA*. The amount of detail that it is appropriate to include will depend on the complexity of the scheme, the materiality of the details themselves and the circumstances. For instance where it is clear that no-one will be adversely affected by the transfer, a simple explanation for this conclusion plus the details required by *SUP* 18.2.33G might be an adequate report.

18.2.35 G The summary of the terms of the scheme should include:

- (1) a description of any reinsurance arrangements that it is proposed should pass to the transferee under the scheme; and
- (2) a description of any guarantees or additional reinsurance that will cover the transferred business or the business of the transferor that will not be transferred.

18.2.36 G The *independent expert's* opinion of the likely effects of the scheme on *policyholders* should:

- (1) include a comparison of the likely effects if it is or is not implemented;
- (2) state whether he considered alternative arrangements and, if so, what;
- (3) where different groups of *policyholders* are likely to be affected differently by the scheme, include comment on those differences he considers may be material to the *policyholders*; and
- (4) include his views on:

- (a) the effect of the scheme on the security of *policyholders'* contractual rights, including the likelihood and potential effects of the insolvency of the *insurer*;
- (b) the likely effects of the scheme on matters such as investment management, new business strategy, administration, expense levels and valuation bases in so far as they may affect:
 - (i) the security of *policyholders'* contractual rights;
 - (ii) levels of service provided to *policyholders*; or
 - (iii) for *long-term insurance business*, the reasonable expectations of *policyholders*; and
- (c) the cost and tax effects of the scheme, in so far as they may affect the security of *policyholders'* contractual rights, or for *long-term insurance business*, their reasonable expectations.

18.2.37 G The *independent expert* is not expected to comment on the likely effects on new *policyholders*, that is, those whose contracts are entered into after the effective date of the transfer.

18.2.38 G For any mutual *company* involved in the scheme, the report should:

- (1) describe the effect of the scheme on the proprietary rights of members of the *company*, including the significance of any loss or dilution of the rights of those members to secure or prevent further changes which could affect their entitlements as *policyholders*;
- (2) state whether, and to what extent, members will receive compensation under the scheme for any diminution of proprietary rights; and
- (3) comment on the appropriateness of any compensation, paying particular attention to any differences in treatment between members with voting rights and those without.

18.2.39 G For a scheme involving *long-term insurance business*, the report should:

- (1) describe the effect of the scheme on the nature and value of any rights of *policyholders* to participate in profits;
- (2) if any such rights will be diluted by the scheme, how any compensation offered to *policyholders* as a group (such as the injection of funds, allocation of shares, or cash payments) compares with the value of that dilution, and whether the extent and method of its proposed division is equitable as between different classes and generations of *policyholders*;
- (3) describe the likely effect of the scheme on the approach used to determine:
 - (a) the amounts of any non-guaranteed benefits such as bonuses and *surrender values*; and
 - (b) the levels of any discretionary charges;
- (4) describe what safeguards are provided by the scheme against a subsequent change of approach to these matters that could act to the detriment of existing *policyholders* of either *firm*;

- (5) include the *independent expert's* overall assessment of the likely effects of the scheme on the reasonable expectations of *long-term insurance business policyholders*;
- (6) state whether the *independent expert* is satisfied that for each *firm* the scheme is equitable to all classes and generations of its *policyholders*; and
- (7) state whether, in the *independent expert's* opinion, for each relevant *firm* the scheme has sufficient safeguards (such as principles of financial management or certification by the *appointed actuary*) to ensure that the scheme operates as presented.

18.2.40 G Where the transfer forms part of a wider chain of events or corporate restructuring, it may not be appropriate to consider the transfer in isolation and the *independent expert* should seek sufficient explanations on corporate plans to enable him to understand the wider picture. Likewise he will need information on the operational plans of the transferee and, if only part of the business of the transferor is transferred, of the transferor. These will need to have sufficient detail to allow him to understand in broad terms how the business will be run. He would not normally be expected to assess the adequacy of systems and controls in detail.

18.2.41 G A transfer may provide for benefits to be reduced for some or all of the *policies* being transferred. This might happen if the transferor is in financial difficulties. If there is such a proposal, the *independent expert* should report on what reductions he considers ought to be made, unless either:

- (1) the information required is not available and will not become available in time for his report, for instance it might depend on future events; or
- (2) otherwise, he is unable to report on this aspect in the time available.

Under such circumstances, the transfer might be urgent and it might be appropriate for the reduction in benefits to take place after the event, by means of an order under section 112 of the *Act*. The *FSA* would wish to consider the fairness of any such reduction and section 113 allows the court to appoint an independent *actuary* to report to the *FSA* on any such post-transfer reduction in benefits.

NOTICE PROVISIONS

18.2.42 G Under the Financial Services and Markets Act 2000 (Control of Business Transfers)(Requirements on Applicants) Regulations 2001 (SI 2001/[number to be inserted later]), unless the court directs otherwise, notice of the application must be sent to all *policyholders* of the parties. It may also be appropriate to give notice to others affected, in particular to:

- (1) reinsurers of the transferor where it is proposed that benefits or liabilities under their contracts should pass to the transferee; and
- (2) anyone with an interest in the *policies* being transferred who has notified the transferor of their interest.

18.2.43 G The regulations referred to in *SUP* 18.2.42G require that notice of the application must be published in:

- (1) the London, Edinburgh and Belfast Gazettes; and
- (2) unless the court directs otherwise, in:

- (a) two national newspapers in the *United Kingdom*; and
- (b) in two national newspapers in any other *EEA State* that is the *state of the risk* or the *state of the commitment*.

Wider publication may be appropriate in some circumstances (especially if not all *policyholders* are sent notices).

- 18.2.44 G The regulations referred to in *SUP 18.2.42G* require that the *FSA* approves in advance the notices sent to *policyholders* and published in the press.
- 18.2.45 G Where a transfer involves *members* of *Lloyd's* as transferor or transferee, any notice requirements of the *Society* will also apply.
- 18.2.46 G The *FSA* is entitled to be heard by the court on any application for a transfer. A consideration for the *FSA* in determining whether to oppose a transfer would be its view on whether adequate steps had been taken to tell *policyholders* about the transfer and whether they had adequate information and time to consider it. The *FSA* would not normally consider adequate a period of less than six weeks between sending notices to *policyholders* and the date of the court hearing. Therefore it would be sensible, before requesting the court for a waiver of the publication requirements or the requirement to send statements direct to *policyholders*, to consult the *FSA* on its views about what waivers might be appropriate and what substitute arrangements might be made. The *FSA* will take into account the practicality and costs of sending notices to *policyholders* (especially for *firms* in financial difficulty), the likely benefits for *policyholders* of receiving notices and the efficacy of other arrangements proposed for informing *policyholders* (including additional advertising or, where appropriate, electronic communication). For instance, the *FSA* would be unlikely to object to a transfer on the grounds that *policyholders* had not been sent notices, if cover for the *policies* concerned had expired and the probability of them making a *claim* was so small as to make the sending disproportionately expensive (particularly if there had been additional advertising). A *firm* may not be able to send notices to some or all of its *policyholders*, because it does not have their address, or may not even know their identity. This situation is not uncommon for business written through brokers or other agents. In such a case, alternative ways of informing *policyholders* need to be considered.
- 18.2.47 G As the consent (or presumed consent) of the *Host State* is required for a transfer covering contracts for which another *EEA State* is the *state of the risk* (for *general insurance business*) or the *state of the commitment* (for *long-term insurance business*), it is advisable to obtain the consent of *regulatory body* in the *Host State* to any waiver of publication in that state. The approval of the court will still be required.

STATEMENT TO POLICYHOLDERS

- 18.2.48 G It would normally be appropriate to include with the notice referred to in *SUP 18.2.42G* a statement setting out the terms of the scheme and containing a summary of the *scheme report*. Ideally every recipient should understand in broad terms from the summary how the scheme is likely to affect him. This objective will be most nearly achieved if the summary is clear and concise while containing sufficient detail for the purpose. A lengthy summary or one that was hard to understand would not be appropriate. Regulations require the *scheme report*, the notice and the statement to be made available to anyone requesting them. The internet can be used for this purpose if it is suitable for the *person* making the request.
- 18.2.49 G Where the transferee is a *friendly society*, the notice should include information about the meeting at which a special resolution in accordance with paragraph 7 of Schedule 12 to the *Friendly Societies Act 1992* is to be voted on, including the date of the meeting, how notice of the meeting is to be given to members and the terms of the special resolution. After the meeting the *friendly society* should inform the *FSA* whether the special resolution has been passed. The court will also need to be informed, so an appropriate way of informing the *FSA* may be to include it in the affidavit to the court.

- 18.2.50 G The *FSA* should be given the opportunity to comment on the statement referred to in *SUP* 18.2.48G before it is sent, unless the *FSA* has informed the promoters in writing that it does not wish to do so.

FSA ASSESSMENT OF SCHEME

- 18.2.51 G The assessment is a continuing process, starting when the scheme promoters first approach the *FSA* about a proposed scheme. Among the considerations that may be relevant to both the depth of consideration given to, and the *FSA*'s opinion on, a scheme are:
- (1) the potential risk posed by the transfer to the *regulatory objectives*;
 - (2) the purpose of the scheme;
 - (3) how the security of *policyholders*' (who include *persons* with certain rights and contingent rights under the *policies*) contractual rights appears to be affected;
 - (4) how the scheme compares with possible alternatives, particularly those that do not require approval (whether by the court or the *FSA*);
 - (5) how *policyholders*' rights and reasonable expectations appear to be affected;
 - (6) the compensation offered to *policyholders* for any loss of rights or expectations;
 - (7) how for other *persons* (besides *policyholders*) who have an interest in *policies*, their rights and the security of those rights appear to be affected;
 - (8) the opportunity given to *policyholders* to consider the scheme, that is whether they have been properly notified, whether they have had adequate information and whether they have had adequate time to consider that information;
 - (9) the opinion of the *independent expert*;
 - (10) for a transfer that involves *members* of Lloyd's as transferor or transferee, the effect on the *Society*;
 - (11) the views of other *regulatory bodies* consulted in connection with the proposed transfer; and
 - (12) any views expressed by *policyholders*.
- 18.2.52 G The *scheme report* will be an important factor in the view the *FSA* forms on a scheme. The *FSA* will place considerable reliance on the opinions of the *independent expert* and the reasons for them. However it will form its own view taking into account other information and having regard to its *regulatory objectives*.
-

- 18.2.53 G The *FSA* is likely to object to a scheme if it concludes that it is unfair to a class of *policyholders*, unless the *policyholders* of that class have approved the scheme on the basis of information the *FSA* considers clear and accurate. *Policyholders* are not required to vote on a scheme but would, for instance, normally vote on a demutualisation or on a scheme of arrangement under the Companies Act 1985. The *FSA* is also likely to object to a scheme if it concludes that it has a material adverse effect on *policyholders'* security. The *FSA* may wish to satisfy itself that questions of systems and controls are properly addressed. There may also be conduct of business issues, particularly if the market has not fully absorbed the impact of the scheme by its effective date. The *FSA* would seek to resolve such issues through discussion with the scheme promoters in advance of the application to the court for approval, giving them the opportunity to amend the scheme or documentation, or otherwise to allay the *FSA's* concerns. Scheme promoters should keep the *FSA* informed to allow this discussion.
- 18.2.54 G The *FSA* may exercise its other powers under the *Act*, if it considers this a more effective method of achieving its *regulatory objectives*.
- 18.2.55 G The *FSA* is not required under its *regulatory objectives* to object to a scheme merely because some other scheme might have been in the better interests of *policyholders*, if the scheme itself is not adverse to their interests. However there may be circumstances where treating *customers* fairly would require a *firm* to consider or to implement an alternative scheme.
- 18.2.56 G Where a transfer involves *members* of Lloyd's as transferor or transferee, the *FSA* will consult the *Society*. Where the business of a *syndicate* is being transferred, the transfer involves all *members* participating in the relevant *syndicate years*.
- 18.2.57 G Regulations require that copies of the application to the court, the *scheme report* and the statement for *policyholders* referred to in SUP 18.2.48G are also given to the *FSA*. This enables the *FSA* to consider these and determine whether it wishes to be heard by the court. It might assist the *FSA* if these items were given to the *FSA* in draft, in the first instance. This would enable:
- (1) the *FSA* to seek clarification before the documents were finalised; and
 - (2) if the promoters so choose, allow them to amend the scheme to meet any concerns of the *FSA*.
- 18.2.58 G For *long-term insurance business*, the affidavit evidence to the court would normally include copies of reports on the transfer by the *appointed actuaries* of both *firms*, which should be provided to the *FSA* at an early stage. SUP 4.3.17R(4) requires a *firm* to consult its *appointed actuary* about the likely effect of material changes in its business plans on rights and reasonable expectations of *long-term insurance business policyholders*. A transfer would be material unless the liabilities transferred were not material relative to the total liabilities of the *firm*. The advice on a transfer would normally be in the form of a formal report by the *appointed actuary*.
- 18.2.59 G The scheme promoters should advise the *FSA* about any material representations made to them in response to the *transfer scheme*. Where it is proposed that reinsurance arrangements should pass to the transferee under the scheme, the *FSA* should also be informed about the steps being taken to consult with, or seek the consent of, the reinsurers and the reactions received.
- 18.2.60 G The court is likely to wish to know the *FSA's* opinion on the scheme and, if the *FSA* does not intend to be heard, the affidavit may include a summary of the views expressed by the *FSA*. The applicants to the court should provide the *FSA* with a copy of all the affidavit evidence that they intend to submit to the court.
-

18.3 Insurance business transfers outside the United Kingdom

PURPOSE

- 18.3.1 G Under section 115 of the *Act*, the *FSA* has the power to give a certificate confirming that a *firm* possesses any *required minimum margin*, to facilitate an *insurance business* transfer to the *firm* under overseas legislation from a firm authorised in another *EEA State* or from a *Swiss general insurance company*. This section provides *guidance* on how the *FSA* would exercise this power and on related matters.

FSA RESPONSE TO PROPOSAL

- 18.3.2 G Under cooperation agreements between *EEA regulators*, if it has serious concerns about the proposed transferee, the *FSA* should inform the *regulatory body* of the transferor within 3 months of the original request from that *regulatory body*. The *FSA* is not obliged to reply, but if it does not, its opinion is taken to be favorable. Although the protocol does not apply to Switzerland, the *FSA* is required to cooperate with the Swiss *regulatory body* and would apply similar principles to a proposed transfer from a *Swiss general insurance company*.
- 18.3.3 G The information that the *regulatory body* of the transferor is required to supply will normally be sufficient for the *FSA* to determine whether the transfer is likely to have a material effect on the transferee.
- 18.3.4 G If the effect of the transfer is not likely to be material and the *FSA* does not already have serious concerns about the transferee, the *FSA* can reply favorably.
- 18.3.5 G If the effect of the transfer may be material, the *FSA* will need to consider whether to request a *scheme of operations* or other information from the proposed transferee to assist in determining whether the likely effect of the transfer is such that the *FSA* should have serious concerns.
- 18.3.6 G If the effect of the transfer may have a material adverse effect on the transferee or the security of *policyholders*, the *FSA* will consider whether it is appropriate to exercise its powers under the *Act* to achieve its *regulatory objectives*.

18.4 Friendly Society transfers and amalgamations

PURPOSE

- 18.4.1 G It is for the committee of management of a *friendly society* to decide whether to recommend an amalgamation or a transfer of engagements to the society's members. This section provides some *guidance* on the procedures to be followed and the information to be provided to a *friendly society's* members so that they are appropriately informed before they exercise their right to vote on the proposals.

GENERAL CONSIDERATIONS

- 18.4.2 G *Friendly societies* are encouraged to discuss a proposed transfer or amalgamation with the *FSA*, at an early stage to help ensure that a workable timetable is developed. This is particularly important where there are notification requirements for supervisory authorities in *EEA States* other than the *United Kingdom*, or for an amalgamation where additional procedures are required.
- 18.4.3 G The *FSA* will want to satisfy itself that after an amalgamation or a transfer the business will be prudently managed and continue to comply with the *Principles*. It may therefore require prudential information to be provided. It may request prudential information at an early stage to provide itself with adequate time to assess the information.
-

- 18.4.4 G For a transfer to another *friendly society*, if the conditions of 87(1) and 87(2) of the Friendly Societies Act 1992 are met a report is required from the *appropriate actuary* of the transferee to confirm that it will meet the *required minimum margin*. Where the conditions of 87(1) and 87(3) are met the *FSA* may require a report from the *appropriate actuary* of the transferee to confirm that it will have an excess of assets over liabilities.
- 18.4.5 G For a transfer of *long-term insurance business*, the *FSA* may, under section 88 of the Friendly Societies Act 1992, require a report from an independent *actuary* on the terms of the proposed transfer and on his opinion of the likely effects of the transfer on long-term *policyholder* members of either the transferor or (if it is a *friendly society*) the transferee. A summary is included in the statement sent to members (see *SUP* 18.4.13G) and the full report is required to be made available to anyone on payment of a reasonable fee. The general principles in *SUP* 18.2.32G to *SUP* 18.2.40G apply to the independent *actuary's* report.
- 18.4.6 G Under the Friendly Societies Act 1992 the *FSA* may not confirm a transfer of engagements unless it is satisfied that the transfer is in the interests of the members of each *friendly society* participating in the transfer (see *SUP* 18.4.25G(2)(b)). It will therefore ask that the participating societies' *actuaries* confirm that the transfer is in the interests of the members.
- 18.4.7 G Under the Friendly Societies Act 1992, members will normally have the opportunity to vote on a proposed transfer or amalgamation (*SUP* 18.4.11G and *SUP* 18.4.12G describe exceptions). A *friendly society* has to ensure that, before casting their votes, its members are clearly and fully informed of the terms on which the amalgamation or transfer of engagements is to take place and that they have all the information needed to understand how their interests will be affected. If the society's rules permit, delegates can vote except on an "affected members' resolution" under section 86. The *FSA* may not confirm an amalgamation or a transfer if it considers that information material to the members' decision was not made available to all the members eligible to vote.
- 18.4.8 G Amendments to a *friendly society's* registered rules may be necessary to permit a transfer to it. The *FSA* will need to be consulted in the usual way about registration of the appropriate rules. Similarly for an amalgamation, each of the amalgamating societies has to approve the memorandum and rules of the new society and the requirements of schedule 3 to the Friendly Societies Act 1992 have to be met. It will be necessary to allow adequate time for these processes.
- 18.4.9 G For an amalgamation the successor society, and for a transfer the transferee, may need to apply for *permission*, or to vary its *permission*, under Part IV of the *Act*. The *FSA* will need time before confirming a transfer to consider whether any necessary *permission* or variation should be given. If the transferee is an *EEA firm* or a *Swiss general insurance company*, then confirmation will be needed from its *Home State regulator* that it meets the *Home State's* solvency margin requirements (see *SUP* 18.4.25G(3)).
- 18.4.10 G It is likely that the information sent to members will include a statement explaining the reasons for the amalgamation or transfer and the choice of partner. Although this is not a statutory statement and not subject to *FSA* approval, the *FSA* will take the statement into account when considering whether to confirm the amalgamation or transfer. A *friendly society* will therefore find it helpful to consult the *FSA* about the content of such a statement.
-

FSA DISCRETION

- 18.4.11 G The *FSA* has discretion under section 86(3)(b) of the Friendly Societies Act 1992 to allow a transferee society to resolve to undertake to fulfil the engagements of a transferor society by resolution of the committee of management, rather than by special resolution. Among the issues on which the *FSA* will wish to satisfy itself before exercising this discretion, are that the transfer will be in the interests of the members of both societies and that the transfer will not mean a change of policy by the transferee society. The *FSA* is unlikely to exercise this discretion unless the transferee is significantly larger than the business to be transferred.
- 18.4.12 G The *FSA* has discretion under section 89 of the Friendly Societies Act 1992 to modify some of the requirements for a transfer of engagements from a *friendly society*, on the application of a specified number of its members, if it is satisfied that it is expedient to do so in the interests of its members or potential members.

SCHEDULE 15 STATEMENT TO MEMBERS

- 18.4.13 G Schedule 15 to the Friendly Societies Act 1992 requires a statement to be sent to every member of a *friendly society* entitled to vote on a transfer or amalgamation. Among other matters this statement has to cover the financial position of the *friendly society* and every other participant in the transfer or amalgamation. The members should be provided with sufficient financial information about the respective financial positions of the participants to gain an understanding of the relative financial strengths and key features of the participants. The statement has to include a summary of any *actuary's* report under section 88, though the *FSA* may direct that the summary is to be provided separately if inclusion appears impractical.
- 18.4.14 G The financial information provided under *SUP* 18.4.13G would normally contain comparative statements of balance sheets at the same date, and include main investments, reserves and funds or technical provisions, with details of the number of members of each participant as at the balance sheet date and the *premium* income of the relevant fund of each participant during the financial year to which the balance sheet relates. *SUP* 18.4.15G to *SUP* 18.4.18G give further *guidance* on the financial information to be included.
- 18.4.15 G If the information relates to a position some time in the past, the information should state that there has been no significant change or include a clear description of the changes. Differences in accounting *policies* and reporting requirements could lead to the loss of some comparability between participants. Such differences and their estimated financial effects (if any) should be explained.
- 18.4.16 G The information should state whether any of the participants has any significant future capital commitments. The *FSA* will require it to state that the transfer of engagements or amalgamation will not conflict with any contractual commitment by a society, any *subsidiary* or any body jointly controlled by it and others.
- 18.4.17 G Brief details should be given of the date of the last actuarial valuation and the position revealed (surplus/deficit, *required minimum margin* and free assets) for each participant.
- 18.4.18 G The *FSA* may require confirmation from the auditors of either *friendly society* involved in the transfer or amalgamation about the reasonableness of any part of the information in the statement. For instance such confirmation would normally be required if the financial information relates to a date more than six months previously.
- 18.4.19 G The statement is required to include particulars of:
-

- (1) any interest of the members of the committee of management in the amalgamation or transfer; and
- (2) any compensation or other consideration proposed to be paid to committee members or other *officers* of the society and to the *officers* of every other society or *person* participating in the amalgamation or transfer.

Under section 92 of the Friendly Societies Act 1992, any compensation must be approved by a special resolution, separate from any resolution approving other terms of the amalgamation or transfer. This enables members to vote on this as a separate issue.

- 18.4.20 G Under schedule 15 to the Friendly Societies Act 1992, the *FSA* may require the statement to include any other matter. The *FSA* would normally require inclusion of the terms on which the amalgamation or the transfer of engagements is to be made.
- 18.4.21 G The statement should be clearly separate from other information sent to members. It has to be approved by the *FSA* and if it is not in a self-contained document, the approved element should appear in a separate section.
- 18.4.22 G *SUP* 18 Ann 1G provides an example of the information for members required by Schedule 15.

CONFIRMATION PROCEDURES AND CRITERIA

- 18.4.23 G Under the Friendly Societies Act 1992:
- (1) when the members of a transferor society have approved the transfer of its engagements by passing a special resolution and the transferee has approved the transfer (by passing a resolution where the transferee is a *friendly society*); or
 - (2) when two or more societies have approved a proposed amalgamation by passing a special resolution;
- it, or they jointly, must then obtain confirmation by the *FSA* of the transfer. Notice of the application will need to be published in one or more of the London, Edinburgh or Belfast Gazettes and other newspapers as directed by the *FSA*. If the *FSA* confirms a transfer, then it will register the society's instrument of transfer after receiving an application on the appropriate form by the transferor society and the transferee. If the *FSA* confirms an amalgamation, it will register the successor society. All the property, rights and liabilities pass on the transfer date specified by the *FSA*.
- 18.4.24 G For a *directive friendly society*, if the transfer or amalgamation includes *policies* where the *state of the risk* or the *state of the commitment* is an *EEA State* other than the *United Kingdom*, consultation with the *Host State regulator* is required and *SUP* 18.2.25G to *SUP* 18.2.29G apply (for an amalgamation they apply as if the business of the amalgamating societies is to be transferred to the successor society). Paragraph 6(1) of Schedule 15 to the Friendly Societies Act 1992 requires publication of the application to the *FSA* for confirmation of an amalgamation or transfer and the *FSA* may require the notice of the application to be published in two national newspapers in the *Host State*.
- 18.4.25 G The criteria that the *FSA* must use in determining whether to confirm a proposed amalgamation or transfer are set out in schedule 15 to the Friendly Societies Act 1992. These criteria include that:
- (1) confirmation must not be given if the *FSA* considers that:
 - (a) there is a substantial risk that the successor society or transferee will be unable lawfully to carry out the engagements to be transferred to it;
-

- (b) information material to the members' decision about the amalgamation or transfer was not made available to all the members eligible to vote;
 - (c) the vote on any resolution approving the amalgamation or transfer does not represent the views of the members eligible to vote; or
 - (d) some relevant requirement of the Friendly Societies Act 1992 or the rules of any of the participating societies was not fulfilled (but it can modify some requirements and direct that certain failures may be disregarded, see *SUP* 18.4.12G and *SUP* 18.4.27G);
- (2) the *FSA* must be satisfied that:
- (a) the transferee or successor society will have any *permissions* necessary under Part IV of the *Act*;
 - (b) for a transfer, it is in the interests of the members of each *friendly society* participating in it (see *SUP* 18.4.6G); and
 - (c) for a *directive friendly society* where a transfer includes *policies* where the *state of the risk* or the *state of the commitment* is an *EEA State* other than the *United Kingdom*, the *Host State regulator* has been notified of the transfer and has consented or has not refused consent to the transfer; and
- (3) for a transfer, the transferee possesses the *required minimum margin* after taking the proposed transfer into account or, where it is not required to maintain a *required minimum margin*, possesses an excess of assets over liabilities (for a transferee that is a *Swiss general insurance company* or an *EEA firm*, this is evidenced by a certificate from its *home state regulator*).

18.4.26 G If *authorisation* or a *Part IV permission* is needed, the *FSA* will need to consider the application for *authorisation* or *permission* in the usual way. If the *authorisation* or *permission* is refused, confirmation cannot be given even if all the other criteria are met. As part of the *regulatory objective* to protect *consumers*, the *FSA* may consider whether an amalgamation is in the interests of members.

18.4.27 G The *FSA* may (as an alternative to refusing confirmation) direct the society or societies to remedy certain procedural defects in a proposed transfer or amalgamation, and after they have been remedied confirm the application. If it appears to the *FSA* that failure to meet a "relevant requirement" of the Friendly Societies Act 1992 or the rules of the *friendly society* could not be material to the members' decision, then it may direct that this failure is to be disregarded.

CONFIRMATION PROCEDURES: REPRESENTATIONS

18.4.28 G Any interested party has the right to make representations to the *FSA* about an application for confirmation of a transfer or amalgamation. This includes any *person* (whether a member of the *friendly society* or not) who claims that he would be adversely affected by the amalgamation or transfer. The *person* making the representations should state clearly why he or she claims to be an interested party and the ground or grounds to which the representations are directed.

- 18.4.29 G Written representations, or written notice of a *person's* intention to make oral representations, or both, are required to reach the *FSA* by the date published in the relevant *Gazettes* and other newspapers. Those giving notice of intent to make oral representations are advised to state the nature and general grounds of the oral representations they intend to make. *Persons* who make written representations but subsequently decide also to make oral representations are required, nevertheless, to give notice of that intention, in writing, to the *FSA* by the same date.
- 18.4.30 G The *FSA* will send copies of all written representations to the society(ies), and will afford them an opportunity to comment on the representations. It may consider the written representations and a society's response to them, before the date set for hearing oral representations. A synopsis of the written representations (probably in the form of a summary of each of the points made and the numbers of *persons* making each point) and a society's responses will be made available to those participating in the hearing. This is intended to inform those making oral representations of the points already being considered by the *FSA*.
- 18.4.31 G The *FSA* expects that any documents referred to in a society's comments will be made available by the society for inspection at its registered office and, if reasonably possible, at the venue of the hearing on the date of the hearing. However if a society applies to put documents which it considers to be sensitive to the *FSA* in confidence, the *FSA* will balance any disadvantage this might cause interested parties in making representations against the commercial damage that publication of the documents might cause, and may permit the documents or sensitive parts of them not to be available for inspection.

CONFIRMATION HEARING

- 18.4.32 G Interested parties may be represented and may make collective representations. Such arrangements should be notified to the *FSA* in advance to enable it to make appropriate arrangements.
- 18.4.33 G The hearing referred to in *SUP* 18.4.30G will be at a time and place that will be notified to the participants and will be conducted by *FSA* representatives. The hearing may last longer than one day and may be adjourned. The *FSA* will try to tell participants when they may expect to make their representations and when the society may be expected to respond.
- 18.4.34 G The *FSA* expects that oral hearings will be held in public though this is not required. At the start members of the general public and the press will be asked to wait outside while participants are asked if any of them has good reason to object to the admission of the general public or the press. Unless an objection by a participant is upheld by the *FSA* representatives, the press and the general public will then be admitted, within the limits of the space available. However, the *FSA* representatives may decide that parts of the hearing will be in private if that appears to them to be desirable.
- 18.4.35 G The procedure will be informal. All participants will be expected to speak concisely and avoid repetition. The *FSA* will, as far as practicable, help those who are not professionally represented. Those taking the hearing may question the participants. The sequence of events will normally be broadly:
- (1) any preliminary matters (such as the admission of the public or other procedural questions) will be dealt with;
 - (2) the chair of the hearing will introduce the proceedings;
 - (3) the society representatives will be invited to speak on the application, including a description of the events at the meeting at which the resolution to amalgamate or transfer was put to the members, a statement of the voting on the resolution, and any other matters which they wish to introduce at that stage;
-

- (4) the other participants will be invited to speak to their representations. The *FSA* expects to call them in order of a list arranged, so far as possible, by subject matter;
- (5) the society representatives will be invited to reply to, or comment on, the points made by the other participants; and
- (6) the other participants will be invited to comment on the society replies.

- 18.4.36 G The above procedure may be varied according to the circumstances at the hearing, and is intended only as a guide. The hearing may be adjourned if the *FSA* representatives consider that necessary to enable facts to be checked or additional information to be obtained.
- 18.4.37 G The *FSA* will not decide whether to confirm the transfer or amalgamation at the hearing. A copy of its written decision, including its findings on the points made in representations, will be sent to the society(ies) and to those making representations. It will also be available to any other *person* on request and may be published.
-

SUP 18 Annex 1G – Example of Schedule 15 statement

Transfer/Amalgamation of [Society A] to/with [Society B]

Proposed effective date:

Comparative financial positions

(a) Balance Sheet as at 31 December 20--

	Society A	Society B
ASSETS		
Land and buildings (4)		
Government securities		
Equities		
Other investments (6)		
Fixed assets		
Other assets		
Cash at bank and in hand		
	-----	-----

NOTES

(1) The above figures are extracted from the audited accounts [unaudited accounts] of [Society A and Society B] for the year [period] ended:

(2) There has been no significant change in the financial position of the [participants] [except for].

(3) The future capital commitments of [the participants] are:
[None of [the participants] has any significant future capital commitments.]

(4) Land and buildings have been brought into account on the following bases:

(include statement of any differences in accounting policies and where material any estimated financial effects)

(5) Investments have been brought into account on the following bases:

(include statement of any differences in accounting policies and where material any estimated financial effects)

(6) Other investments comprise:

(include statement of any differences in accounting policies and where material any estimated financial effects)

(7) Benefit Funds [Technical Provisions] comprise:

(include statement of any differences in accounting policies and where material any estimated financial effects)

(8) Reserve Funds [Reserves] comprise:

(9) The membership at [] and premium income received during [] for each [participant] were:

(10) Brief summary of the financial position of each [participant] as shown in the last actuarial investigation:

(11) Summary of independent actuary's report under section 88 of the Friendly Societies Act 1992:

(12) The interests of committee members of the [participants] in the transfer [amalgamation] are:

(13) Proposed compensation to be paid to committee members and[/or] to other officers is:

(14) The terms of the transfer[amalgamation] are:

Annex D
SUP Schedule 5 (Rights of action for damages)

Schedule 5
Rights of actions for damages

G

1. The table below sets out the *rules* in *SUP* contravention of which by an *authorised person* may be actionable under section 150 of the *Act* (Actions for damages) by a *person* who suffers loss as a result of the contravention.
2. If a “Yes” appears in the column headed “For private person?”, the *rule* may be actionable by a “*private person*” under section 150 (or, in certain circumstances, his fiduciary or representative). A “Yes” in the column headed “Removed” indicates that the *FSA* has removed the right of action under section 150(2) of the *Act*. If so, a reference to the *rule* in which it is removed is also given.
3. The column headed “For other person?” indicates whether the rule is actionable by a *person* other than a *private person* (or his fiduciary or representative). If so, an indication of the type of *person* by whom the *rule* is actionable is given.

Actions for damages: Supervision manual

10	All <i>rules</i> in sections SUP 10.1 to SUP 10.10		No	No	No
All other <i>rules</i> in <i>SUP</i>			Yes	No	No

Annex E
SUP Schedule 6 (Rules that can be waived)

Schedule 6
Rules that can be waived

G

The *rules* in *SUP* can be *waived* by the *FSA* under section 148 of the *Act* (Modification or waiver of rules), except for:

- (a) the *rules* in the transitional provisions relating to written concessions to the extent that those *rules* relate to other *rules* which cannot be *waived*;
- (b) the *rules* in *SUP* 3.8 to *SUP* 3.10 (Auditors) and the transitional *rules* relevant to those *rules* (and the *rules* in *SUP* 3.1 (Application) to the extent that those *rules* apply to an auditor rather than to a *firm*);
- (c) the *rules* in *SUP* 4.3 to *SUP* 4.5 (Actuaries) which apply to an actuary rather than to a *firm* (and the *rules* in *SUP* 4.1 (Application) to the extent that those *rules* apply to an actuary rather than to a *firm*);
- (d) the *rules* in *SUP* 10.2 to *SUP* 10.10 (Approved persons) (and the *rules* in *SUP* 10.1 (Application) to the extent that those *rules* apply or modify the *rules* in *SUP* 10.2 to *SUP* 10.10);
- (e) the following rules in *SUP* 13 (Exercise of passport rights by UK firms): *SUP* 13.5.1R, *SUP* 13.5.2R, *SUP* Ann 1R, *SUP* Ann 2R and *SUP* Ann 3R;
- (f) the *rules* in *SUP* 20 (Fees).

SUPERVISION MANUAL (AMENDMENT NO 6) INSTRUMENT 2001

Powers exercised

A. The Financial Services Authority amends the Supervision manual in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (the "Act"):

- (1) section 59 (Approval for particular arrangements);
- (2) section 138 (General rule-making power);
- (3) section 156 (General supplementary powers);
- (4) section 157(1) (Guidance);
- (5) section 182 (Notification);
- (6) section 340 (Appointment).

B. The provisions of the Act relevant to rules and listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

C. This instrument comes into force immediately.

Amendments to the Supervision manual

D. The Supervision manual is amended in accordance with the Annex to this instrument.

Citation

E. This instrument may be cited as the Supervision Manual (Amendment No 6) Instrument 2001.

By order of the Board
15 November 2001

Annex
Amendments to text already made

In this Annex, where amendments are shown rather than described, underlining indicates new text and striking through indicates deleted text.

SUP transitional provisions

In the first table of transitional provisions, amend the following rows as shown:

2	<i>SUP</i> 3.9 and <i>SUP</i> 3.10	R	<p>An auditor of a <i>firm</i> will not contravene a <i>rule</i> in <i>SUP</i> 3.9 or <i>SUP</i> 3.10 to the extent that:</p> <p>(1) a report submitted under that <i>rule</i> relates to a period which ended before <i>commencement</i> and was prepared in accordance with, <u>and submitted within the time permitted by,</u> a substantially similar pre-commencement provision (whether applicable to the auditor or the <i>firm</i> audited); or</p> <p>...</p>	From <i>commence- ment</i> for 2 years	<i>Commence- ment</i>
10	<i>SUP</i> 16.4.5R <i>SUP</i> 16.5.5R	R	<p>...</p> <p>(2) <i>SUP</i> 16.4.5R and 16.5.5R are modified so as to require a <i>firm</i> to submit the first relevant report:</p> <p style="padding-left: 40px;">(a) prepared as at any date falling within 4 <i>months</i> after <i>commencement</i>; and</p> <p style="padding-left: 40px;">(b) within 4 <i>months</i> of <i>commencement</i>; and</p> <p>if:</p> <p>...</p>	From <i>commence- ment</i> for four months	<i>Commence- ment</i>

In the first table of transitional provisions, insert the following new row:

3C	SUP 3.10	R	<p>(1) Paragraph (2) applies to an auditor of a <i>firm</i> if:</p> <p>(a) the last client assets report delivered to the <i>firm's previous regulator</i> covered a period ending between 1 and 31 December 2000 (inclusive); and</p> <p>(b) the period covered by the first client assets report on the <i>firm</i> delivered to the <i>FSA</i> ends on 30 November 2001.</p> <p>(2) An auditor will not contravene SUP 3.10 to the extent that any of the following apply:</p> <p>(a) the auditor delivers the first client assets report on the <i>firm</i> to the <i>FSA</i> within a period of 53 weeks plus four <i>months</i> after the end of the period covered by the last report delivered to the <i>firm's previous regulator</i>;</p> <p>(b) the first client assets report on the <i>firm</i> relates to compliance by the <i>firm</i> with the relevant pre-commencement provision;</p> <p>(c) the period covered by the second client assets report on the <i>firm</i> delivered to the <i>FSA</i> ends not later than 31 December 2002.</p>	From commencement for 13 months	Commencement
----	----------	---	---	---------------------------------	--------------

SUP 3 Auditors

SUP 3.9.5R In row (13)(d), after "*IPRU(INV) 10-10R*", insert "(except *IPRU(INV) 10-10R(3)(m)* and (n))"

SUP 3.10.5R In rows (1) and (2), for "*COB 9*", substitute "*COB 9.1 to COB 9.4*"
 Insert a new row (4) as follows:

- (4) (if there has been a *secondary pooling event* during the period) the *firm* complied with the *rules* in COB 9.5 (Client money distribution) in relation to that pooling event.

SUP 9 Individual guidance

SUP 9.1.2G Amend as shown:

Individual *guidance* is *guidance* that is not given to persons or regulated persons generally or to a class of regulated person. It will normally be given to one particular person and relate to his own particular circumstances or plans. It may be oral or written. Individual *guidance* will not be published but may at the *FSA's* discretion be converted to general guidance and published in the *Handbook*. Written individual *guidance* will often be labelled as such.

SUP 10 Approved persons

- SUP 10.9.10R(1) In the last sentence, after "*designated investment business*" insert "other than *dealing in investments as principal*"
- SUP 10.9.11G At the end of the provision, insert "For the position in relation to proprietary traders, see SUP 10.9.13 G."
- SUP 10.9.12R(1) For "an activity which is not in relation to *designated investments*" substitute "*dealing in investments as principal* or an activity which is not *designated investment business*"

SUP 11 Controllers and close links

- SUP 11.3.9D After "If a Controllers Form B" insert ", or an Application to perform *controlled functions* under the *approved persons* regime (Form A in SUP 10 Ann 4D) in respect of a *governing function*,"
- SUP 11 Ann 4D (Controllers Form A) Amend question 1.05 as shown:
-
- (b) The conditions are:
- (i) the *firm* has permission to accept deposits ~~is a BCD credit institution~~;
 - (ii) the *controller* is either a *BCD credit institution* or the *parent undertaking* of a *BCD credit institution*; and
 - (iii) as a result of the proposed change in *control*, the *controller* would become a *parent undertaking* of the *firm*.
-

SUP 12 Appointed representatives

SUP 12.2.6G After "SUP 12.2.7G", insert "(1)"

SUP 12.2.7G Renumber SUP 12.2.7G as SUP 12.2.7G(1), and renumber paragraphs (1) to (4) as (a) to (d)

For "(1) to (3)" substitute "(a) to (c)".

Insert at the end:

- (2) If the *appointed representative* is an investment firm (see (3)), the business in (1) does not include the reception and transmission of orders on behalf of investors in relation to instruments covered by the *ISD* unless that activity is solely on behalf of another investment firm.
- (3) In (2), an "investment firm" is a *person* whose regular occupation or business is the provision of *core investment services* to third parties on a professional basis, other than a *person* to whom the *ISD* does not apply under article 2(2) of the *ISD*.

SUP 16 Reporting requirements

SUP 16.7.36R In the row of the table beginning "Quarterly Financial Return", after "(a)", add "or (b)"

SUP 17 Transaction reporting

SUP 17 Ann 5G In the table, under the heading "Iceland", insert "Iceland OTC market"

FSA 2001/64

COMPLAINTS SOURCEBOOK (REVOKING) INSTRUMENT 2001

The Financial Services Authority hereby revokes the Complaints Sourcebook Instrument 2001 made on 20 September 2001.

By order of the Board

15 November 2001

COMPLAINTS SOURCEBOOK INSTRUMENT 2001

- A. The Financial Services Authority makes the rules and gives the guidance in this instrument (“DISP”), except those provisions which are made exclusively by the Financial Ombudsman Service Limited, in the exercise of the powers listed in Schedule 4 to DISP (Powers exercised).
- B. The instrument shall come into force as follows: (1) DISP 1.5.4R – DISP 1.5.7R come into force on 1 April 2002; (2) the remainder of this instrument comes into force at the beginning of the day on which section 19 of the Act (the general prohibition) of the Financial Services and Markets Act 2000 (“the Act”) comes into force.
- C. The provisions of the Act relevant to making rules and listed in Schedule 4 to DISP (Powers exercised) are specified for the purpose of section 153(2) of the Act (Rule-making instruments).
- D. This instrument may be cited as the Complaints Sourcebook Instrument 2001.
- E. This Annex to this instrument (including its Schedules) may be cited as Dispute resolution: the Complaints sourcebook (or DISP).

By order of the Board

15 November 2001

From commencement	Commencement

COMPLAINTS SOURCEBOOK

DISPUTE RESOLUTION: COMPLAINTS

Introduction

Access for retail consumers to mechanisms for dealing with complaints about financial services *firms* is a key part of the regulatory regime. The *Act* gives the *FSA* the power to make rules relating to the handling of complaints by *firms* and provides for the establishment of an independent dispute resolution scheme (the *Financial Ombudsman Service*) to resolve complaints about financial services *firms* quickly and with minimum formality. The body established to administer and operate this scheme (the “scheme operator”) is the Financial Ombudsman Service Limited (“*FOS Ltd*”).

This module of the *FSA Handbook* contains the rules and guidance relating to the handling of complaints by *firms* and to the operation of the *Financial Ombudsman Service*. Responsibility for the rules relating to the *Financial Ombudsman Service* is shared under the *Act* between the *FSA* and the *FOS Ltd*, with those rules and other requirements written by the *FOS Ltd* being subject to approval by, or the consent of, the *FSA*.

Under the *Act*, the *Financial Ombudsman Service* comprises two jurisdictions:

- (a) The *Compulsory Jurisdiction* covers *firms* which are required to participate in the *Financial Ombudsman Service* in respect of complaints about activities specified by the *FSA* [and *unauthorised persons* subject to the *Compulsory Jurisdiction* in relation to *relevant complaints*];
- (b) The *Voluntary Jurisdiction* can cover financial services activities not included in the *Compulsory Jurisdiction*. Both *firms* and *unauthorised firms* can participate in the *Voluntary Jurisdiction* by contractual agreement with the *FOS Ltd* (in accordance with the *Standard Terms* – see below) and are known as *VJ participants*.

Although the authority to make the rules relating to the *Compulsory Jurisdiction* and the *Voluntary Jurisdiction* derives from different sections of the *Act*, the provisions have been co-ordinated to ensure that, wherever possible, they are identical.

Chapter 1: Complaint handling procedures for firms

These rules set out the complaint handling procedures which *firms* capable of giving rise to an eligible complaint under the *Compulsory Jurisdiction* (see Chapter 2) must establish. They are made by the *FSA* under section 138 of the *Act* and paragraph 13 of Schedule 17 to the *Act*. These rules, with some exceptions, are applied to *VJ participants* by contract via the *Standard Terms* set by the *FOS Ltd* (Chapter 4).

Chapter 2: Jurisdiction rules

These rules set out the scope of the *Compulsory Jurisdiction* and the *Voluntary Jurisdiction* of the *Financial Ombudsman Service*. They specify who can refer a complaint to the *Financial Ombudsman Service* and the time limits for doing so, as well as which activities are covered by the *Compulsory Jurisdiction* and the *Voluntary Jurisdiction*. The rules also set out the territorial scope of the *Financial Ombudsman Service*. They are relevant to consumers who may wish to refer complaints to the *Financial Ombudsman Service*; to firms which are subject to the *Compulsory Jurisdiction*; to *unauthorised persons* who are subject to the *Compulsory Jurisdiction* in relation to *relevant complaints*; to *VJ participants* and to the *Ombudsman* himself. The rules relating to the scope of the *Compulsory Jurisdiction* are made by the *FSA* (under section 226 of the *Act*); the rules relating to the scope of the *Voluntary Jurisdiction* are made by the *FOS Ltd*, with *FSA* approval (under section 227). The rules relating to the time limits for referring a complaint to the *Financial Ombudsman Service* are made by the *FSA* under paragraph 13 of Schedule 17 to the *Act* and are applied to *VJ participants* by contract via the *Standard Terms* set by the *FOS Ltd*.

Chapter 3: Complaint handling procedures of the Financial Ombudsman Service

These rules apply to the *Ombudsman*, to *firms*, and to *unauthorised persons* who are subject to the *Compulsory Jurisdiction* in relation to *relevant complaints*. They are also relevant to complainants. They set out how the *FOS Ltd* and, in particular, the *Ombudsman* will handle complaints under the *Financial Ombudsman Service*. For the purposes of the *Compulsory Jurisdiction*, they comprise the scheme rules and the costs rules (made by the *FOS Ltd*, with *FSA* consent or approval, under paragraph 14 of Schedule 17 and section 230 respectively) and rules made by the *FSA* on the kinds of loss or damage that can be compensated, including the maximum amount which can be awarded (s229). These procedural rules are applied to *VJ participants* via the *Standard Terms*.

Chapter 4: The Standard Terms

The *Standard Terms* are made, with *FSA* approval, by the *FOS Ltd* under paragraph 18 of Schedule 17 to the *Act* and are the contractual terms by which *VJ participants* participate in the *Voluntary Jurisdiction*.

Appendix 1: Relevant Existing Complaints

The *Ombudsman Transitional Order*, made by HM Treasury under sections 426-428 of the *Act*, extends the scope of the *Financial Ombudsman Service* to enable it to deal with complaints about pre-commencement business where these could have been handled by a former scheme ("*relevant complaints*") and makes special provision for the handling of these complaints.

It distinguishes between:

- (a) *relevant existing complaints* (ie complaints referred to, but not determined by, a former scheme (other than the *Personal Insurance Arbitration Service*) before commencement (see article 2 of the *Ombudsman Transitional Order*); and

- (b) *relevant new complaints* (ie complaints referred to the *Financial Ombudsman Service* after *commencement* which relate to a pre-*commencement* act or omission, in respect of which the *firm* was, immediately before *commencement*, subject to a *former scheme*) (see article 3 of the *Ombudsman Transitional Order*).

The Order enables the *FOS Ltd*, with only a few exceptions, to handle *relevant new complaints* in accordance with its new procedures, as set out in *DISP* 1 to 5 and these are covered in the main body of the *DISP* rules. Except as otherwise indicated, the term "complaint" in *DISP* 1 to 5 therefore includes a *relevant new complaint*.

However, the *Ombudsman Transitional Order* makes different provision for the handling of *relevant existing complaints* (ie complaints which the *former schemes* have partly completed at *commencement*). These complaints will be passed over to the *Financial Ombudsman Service* by the *former schemes* (except the *Personal Insurance Arbitration Service*) at *commencement* and the *Ombudsman Transitional Order* requires the *FOS Ltd* to complete the handling of these cases. However, it provides that the *Financial Ombudsman Service* must do this, in a significant number of respects, in accordance with the procedures of the relevant *former scheme*. The arrangements for dealing with these complaints are set out in *DISP* App 1. This describes the ways in which *relevant existing complaints* must be treated differently from other complaints dealt with under the *Financial Ombudsman Service*, but cross refers to the provisions in *DISP* 1 to 5, where appropriate. (*DISP* 1 explains how complaints which are partly completed by *firms* (as distinct from *former schemes*) at *commencement* are to be handled.)

Appendix 2: FSA's guidance on handling mortgage endowment complaints

DISP App 2 contains FSA's guidance to *firms* on handling mortgage endowment complaints..

Chapter 1

Complaint handling procedures for firms

1.1 Application and Purpose

Application

- 1.1.1** **R** _{/1} This chapter applies to every *firm* in respect of activities carried on from an establishment maintained by the *firm* (or its *appointed representative*) in the *United Kingdom*, except:
- (1) (a) a *firm* that is exempt under *DISP* 1.1.7R;
 - (b) a *UCITS qualifier*;
 - (c) an *authorised professional firm* in so far as its *non-mainstream regulated activities* are concerned; and
- (2) in relation to the *Society of Lloyd’s*, *members of the Society* and *managing agents*, *DISP* 1 applies subject to *DISP* 1.7 (the *Society of Lloyd’s*).
- 1.1.2** **G** _{/1} This chapter is also relevant to those who might wish to refer a complaint to the *Financial Ombudsman Service*.
- 1.1.3** **G** _{/1} *Firms* are responsible for ensuring their *appointed representatives’* compliance with *DISP* 1.
- 1.1.4** **G** _{/1} *VJ participants* are subject to *DISP* 1, except *DISP* 1.1.5R and *DISP* 1.5 (Record keeping and reporting), by contract under the *standard terms* (see *DISP* 4). *DISP* 1.2 applies to *VJ participants* only in relation to complaints about activities of the *VJ participant* specified in *DISP* 2.6.9R.
- 1.1.5** **R** _{/1} Except as otherwise specified, references to a “complaint” in this chapter include a complaint which is capable of becoming a *relevant new complaint*.
- 1.1.6** **G** _{/1} A complaint about pre-commencement investment business carried on by a *firm* which was regulated in respect of that business by a *recognised professional body* will be handled under the arrangements of that *professional body*, and is outside the scope of *DISP*.

Exemption

1.1.7 **R** _{/1} A *firm* which does not conduct business with *eligible complainants* and has no reasonable likelihood of doing so is exempt from *DISP* 1.2 – *DISP* 1.7, if it notifies the *FSA* in writing of this fact and that notice remains current, with effect from the date that notice is received by the *FSA*.

1.1.8 **R** _{/1} A notice under *DISP* 1.1.7R must be given:

- (1) by 28 February 2002, in which case it will remain current until 31 March 2003; or
- (2) before, or as soon as practicable after, the time of the *firm's* *authorisation* by the *FSA*, in which case it will remain current until the end of the *financial year* in which it is given; or
- (3) as soon as practicable after the *firm* ceases to conduct business with *eligible complainants*, in which case it will remain current until the end of the *financial year* in which it is given; or
- (4) in February of each *financial year* (beginning with February 2003), in which case it will remain current until the end of the next *financial year*.

1.1.9 **G** _{/1} A notice under *DISP* 1.1.7R will be renewable every 12 *months*.

End of exemption

1.1.10 **R** _{/1} A *firm* which is exempt under *DISP* 1.1.7R must notify the *FSA* if the conditions in *DISP* 1.1.7R no longer apply.

1.1.11 **G** _{/1} A *firm* to which the conditions in *DISP* 1.1.7R no longer apply is subject to *DISP* 1.2 – *DISP* 1.7.

Purpose

1.1.12 **G** _{/1} The purpose of this chapter is to set out the rules relating to the internal handling of complaints by *firms*, including the procedures which a *firm* must put in place; the time limits within which a *firm* must deal with a complaint; the records of a complaint which a *firm* must make and retain; and the requirements on a *firm* to report information about complaints to the *FSA*. This is to ensure that complaints are handled fairly, effectively and promptly, and resolved at the earliest possible opportunity, minimising the number of unresolved complaints which need to be referred to the *Financial Ombudsman Service*. This purpose is consistent with the *FSA's* consumer protection regulatory objective.

1.2 Internal complaint handling procedures: general requirements

Requirement to have internal complaint handling procedures

- 1.2.1** **R** _{/1} A *firm* must have in place and operate appropriate and effective internal complaint handling procedures (which must be written down) for handling any expression of dissatisfaction, whether oral or written, and whether justified or not, from or on behalf of an *eligible complainant* about that *firm's* provision of, or failure to provide, a financial service.
- 1.2.2** **G** _{/1} An *eligible complainant* is a *person* who would be eligible to refer a complaint to the *Financial Ombudsman Service*, as defined in *DISP* 2.4.
- 1.2.3** **G** _{/1} *Firms* are not obliged to restrict their internal complaint handling procedures to expressions of dissatisfaction from *eligible complainants*. They may, if they wish, also establish procedures for handling complaints from other customers.
- 1.2.4** **G** _{/1} The internal complaint handling procedures should provide for:
- (1) receiving complaints;
 - (2) responding to complaints;
 - (3) the appropriate investigation of complaints; and
 - (4) notifying complainants of their right to go the *Financial Ombudsman Service* where relevant.
- 1.2.5** **G** _{/1} When deciding what constitutes an appropriate complaint handling procedure (see *DISP* 1.2.1R), a *firm* should have regard to:
- (1) the type of business it undertakes;
 - (2) its size and organisational structure;
 - (3) the nature and complexity of the complaints it is likely to receive; and
 - (4) the likely number of complaints it will receive and have to investigate.
- 1.2.6** **G** _{/1} *DISP* 1.2.1R does not prevent the use of a third party administrator for the purposes of handling complaints.

1.2.7 **G**_{/1} In establishing their internal complaint handling procedures, *firms* may wish to take account of British Standard 8600:1999 “Complaints Management Systems - Guide to Design and Implementation”. This is available on request from the *FSA*.

1.2.8 **G**_{/1} The internal complaint handling procedures should enable complainants to make a complaint by any reasonable means (for example, letter, telephone, e-mail or in person).

Publicising the procedures

1.2.9 **R**_{/1} **A firm must:**

- (1) refer in writing to the availability of its internal complaint handling procedures at, or immediately after, the point of sale;
- (2) publish details of its internal complaint handling procedures, supply a copy on request, and supply a copy automatically to the complainant when it receives a complaint (unless the complaint is resolved by close of business on the next *business day*); and
- (3) display in each of its branches or sales offices to which *eligible complainants* have access a notice indicating that it is covered by the *Financial Ombudsman Service*.

1.2.10 **G**_{/1} The requirements in *DISP* 1.2.9R(1)-(3) relate to the internal complaints procedures required by *DISP* 1.2.1R.

1.2.11 **G**_{/1} In order to comply with *DISP* 1.2.9R(1), a *firm* may include reference to its complaint handling procedures in contractual documentation, for example, (where the *firm* is subject to the requirements in *COB*) in a *terms of business* letter, *key features document* or *client agreement*.

1.2.12 **G**_{/1} Where a complaint is also subject to the more detailed requirements in *DISP* 1.4 - *DISP* 1.6, the *firm* may send out a copy of its complaint handling procedures (as required by *DISP* 1.2.9R (2)) at the same time as the acknowledgement required by *DISP* 1.4.1R.

1.2.13 **G**_{/1} For the purposes of satisfying *DISP* 1.2.9R(2) a *firm* may wish to produce a leaflet which summarises its internal complaint handling procedures.

1.2.14 **G**_{/1} *Firms'* literature and correspondence relating to complaints should be in clear and plain language.

1.2.15 **G**_{/1} A *firm* may also, if it wishes to do so, disclose the fact that it is covered by the *Financial Ombudsman Service* by including the *Financial Ombudsman Service* logo in any marketing literature or correspondence directed at *eligible complainants*, provided that it does so in a way which is not misleading.

Particular matters for which procedures must make provision

1.2.16 **R**_{/1} **A firm's internal complaint handling procedures under *DISP* 1.2.1R must make provision for:**

- (1) complaints to be investigated by an employee of sufficient competence who, where appropriate, was not directly involved in the matter which is the subject of the complaint;
- (2) the *person* charged with responding to complaints to have the authority to settle complaints (including the offering of redress where appropriate) or to have ready access to someone who has the necessary authority; and
- (3) responses to complaints to address adequately the subject matter of the complaint and, where a complaint is upheld, to offer appropriate redress.

Providing compensation

- 1.2.17 **R** /1 Where a *firm* decides that redress is appropriate, a *firm* must provide a complainant with fair compensation for any acts or omissions for which it was responsible and comply with any offer of redress which the complainant accepts.
- 1.2.18 **G** /1 In deciding whether or not to accept a complaint and what would be appropriate redress, *firms* may wish to consider any relevant guidance published by the FSA, the *Financial Ombudsman Service* or by any of the *former schemes*.
- 1.2.19 **G** /1 Appropriate redress will not always involve financial redress. It may, for example, simply involve an apology. Where financial redress is deemed appropriate, it may include a reasonable rate of interest.
- 1.2.20 **G** /1 *DISP* App 2 contains *guidance* to *firms* on the approach to assessing financial loss and appropriate compensation in circumstances where a *firm* regards a complaint in relation to the sale of an endowment policy (which is sold for the purposes of repaying a mortgage) as justified.

Using the procedures

- 1.2.21 **R** /1 A *firm* must take reasonable steps to ensure that all relevant employees (including employees of *appointed representatives*) are aware of the *firm's* internal complaint handling procedures and must endeavour to ensure that they act in accordance with them.
- 1.2.22 **R** /1 A *firm* must put in place appropriate management controls and take reasonable steps to ensure that in complying with *DISP* 1.2.1R it handles complaints fairly, consistently and promptly and that it identifies and remedies any recurring or systemic problems, as well as any specific problem identified by a complaint.

1.3 Internal complaint handling procedures: additional requirements

- 1.3.1** G_{/1} *DISP 1.4-DISP 1.6* contain additional requirements, concerning time limits, record keeping and reporting and cooperation with the *Ombudsman*, for handling complaints, unless *DISP 1.3.3R* applies.
- 1.3.2** R_{/1} *DISP 1.4-DISP 1.6* also apply to any complaints that are capable of becoming *relevant new complaints*, unless *DISP 1.3.3R* applies.
- 1.3.3** R_{/1} *DISP 1.4 – DISP 1.6* do not apply:

 - (1) where the *firm* has taken reasonable steps to determine, and has determined, that the complaint:
 - (a) is not made by, or on behalf of, an *eligible complainant*; or
 - (b) does not relate to an activity of that *firm* which comes under the jurisdiction of the *Financial Ombudsman Service*; or
 - (c) does not involve an allegation that the complainant has suffered, or may suffer, financial loss, material distress or material inconvenience; or
 - (2) where the complaint has been resolved by close of business on the *business day* following its receipt.
- 1.3.4** G_{/1} Under the *Ombudsman Transitional Order*, a complaint received by a *firm* either before or after *commencement* is capable of becoming a *relevant new complaint*. A *firm* is expected to handle such complaints in accordance with *DISP 1*. However, where a *firm* has already received, but only partly completed the handling of, such a complaint by *commencement*, *DISP 1.4.6R* recognises that this may not always be practicable.
- 1.3.5** G_{/1} Financial loss includes consequential or prospective loss, in addition to actual loss. For example, a complaint may involve an allegation that the complainant may suffer financial loss which has not yet crystallised because of the type of product involved (for example, pensions, endowments etc).

1.4 Time limits for dealing with a complaint

Written acknowledgement within five business days

1.4.1 **R** ^{/1} A *firm* must send a written acknowledgement of a complaint within five *business days* of its receipt, giving the name or job title of the individual handling the complaint for the *firm* (together with details of the *firm*'s internal complaint handling procedures).

1.4.2 **G** ^{/1} A *firm* which is able to provide a *final response* within five *business days* of receipt of a complaint may combine its acknowledgement of the complaint with the *final response*. (For complaints which are subject to the FSAVC review, see *DISP* 1.4.15R to *DISP* 1.4.17G.)

1.4.3 **G** ^{/1} A *firm* should aim to resolve complaints at the earliest possible stage.

Final or holding response within four weeks

1.4.4 **R** ^{/1} A *firm* must, within four weeks of receiving a complaint, (unless *DISP* 1.4.7R or *DISP* 1.4.9R applies) send the complainant either:

- (1) a *final response*; or
- (2) a holding response, which explains why it is not yet in a position to resolve the complaint and indicates when the *firm* will make further contact (which must be within eight weeks of receipt of the complaint).

Final or other response within eight weeks

1.4.5 **R** ^{/1} A *firm* must, by the end of eight weeks after its receipt of a complaint, (unless *DISP* 1.4.7R or *DISP* 1.4.9R applies) send the complainant either:

- (1) a *final response*; or
- (2) a response which:

- (a) explains that the *firm* is still not in a position to make a *final response*, gives reasons for the further delay and indicates when it expects to be able to provide a *final response*; and
- (b) informs the complainant that he may refer the complaint to the *Financial Ombudsman Service* if he is dissatisfied with the delay and encloses a copy of the *Financial Ombudsman Service's* explanatory leaflet.

Complaints being dealt with at commencement

1.4.6 **R** Where, at *commencement*, a *firm* is still dealing with a complaint that is capable of being referred to the *Financial Ombudsman Service* as a *relevant new complaint*:

- (1) it may continue to try to resolve the complaint in accordance with its *pre-commencement* complaints procedures; but
- (2) it must, within eight weeks of *commencement*, send the complainant a response which satisfies *DISP 1.4.5R*, unless *DISP 1.4.7R* or *DISP 1.4.9R* applies)

Early resolution of complaints

1.4.7 **R** *DISP 1.4.4R* to *DISP 1.4.6R* do not apply if the complainant has already indicated in writing acceptance of a response by the *firm*, provided that the response informed the complainant how to pursue his complaint if he remained dissatisfied.

1.4.8 **G** *DISP 1.4.7R* recognises that a response by the *firm* will not necessarily be its *final response* but that it may, nonetheless, resolve the complaint.

Firms with two-stage complaints procedures

1.4.9 **R** Where, within eight weeks of receiving a complaint, the *firm* sends the complainant a written response which:

- (1) offers redress (whether or not it accepts the complaint) or rejects the complaint and gives reasons for doing so;
- (2) informs the complainant how to pursue his complaint with the *firm* if he remains dissatisfied;
- (3) refers to the ultimate availability of the *Financial Ombudsman Service* if he remains dissatisfied with the *firm's* response; and

- (4) indicates that it will regard the complaint as closed if it does not receive a reply within eight weeks;

the *firm* is not obliged to continue to comply with *DISP* 1.4.4R or *DISP* 1.4.5R unless the complainant indicates that he remains dissatisfied, in which case, the obligation to comply with *DISP* 1.4.5R resumes.

1.4.10

R

/1

If the complainant takes more than a week to reply to a written response of the kind described in *DISP* 1.4.9R, the additional time in excess of a week will not count for the purposes of the time limits in *DISP* 1.4.4R-*DISP* 1.4.6R.

1.4.11

G

/1

- (1) *DISP* 1.4.9R caters for the situation where a *firm's* complaints procedures provide for a complainant who is dissatisfied with the *firm's* response to refer the complaint back to the *firm* again or to the *firm's* head office before a *final response* is issued.
- (2) Such *firms* are subject to the time limits in *DISP* 1.4.4R to *DISP* 1.4.6R in the same way as any other *firm*. However, *DISP* 1.4.9R recognises that some complainants may never respond to a *firm* or may take a long time to do so.
- (3) Provided that the *firm* has sent a letter which complies with the conditions in *DISP* 1.4.9R within eight weeks of receiving the complaint:
- (a) if the complainant does not reply at all, the *firm* is not required to send a *final response*;
 - (b) if the complainant does not reply within eight weeks of the *firm's* letter, *DISP* 1.5.7R(3) enables the *firm* to treat the complaint as a closed complaint for the purposes of the reporting requirement in *DISP* 1.5.4R;
 - (c) if the complainant does reply (within or after eight weeks), the *firm* is required to continue to comply with *DISP* 1.4.5R, and the time limits in *DISP* 1.4.5R therefore resume. But *DISP* 1.4.10R allows the *firm* to discount, for the purposes of the time limits in *DISP* 1.4.4R to *DISP* 1.4.6R, any time in excess of a week taken by the complainant to reply.
- (4) The *FSA* expects that *firms* operating a two-stage complaints procedure will wish to provide complainants with easy access to the second stage of the process (for example, by referring complaints on to the next stage for them if they remain dissatisfied).

The final response

1.4.12

R

/1

When a *firm* sends a complainant its *final response*, the *final response* must:

- (1) inform the complainant that he may refer the complaint to the *Financial Ombudsman Service* if he is dissatisfied with the *final response* and that he must do so within six *months*; and

(2) enclose a copy of the *Financial Ombudsman Service's* explanatory leaflet (unless it has already done so under *DISP 1.4.5R(2)(b)*).

1.4.13

G

/1

Copies of the *Financial Ombudsman Service's* explanatory leaflet may be reproduced under licence or can be obtained from the *Financial Ombudsman Service*.

1.4.14

G

/1

Under *DISP 1.4.5R* and *DISP 1.4.6R*:

- (1) a complainant can refer his complaint to the *Financial Ombudsman Service* if he receives a *final response* with which he is dissatisfied or the *firm* has had at least eight weeks to resolve the complaint and has failed to do so in that time; the complainant may decide whether to give the *firm* more time before exercising any right he may have to refer a complaint to the *Financial Ombudsman Service*;
- (2) the six *month* time limit within which a complainant must refer a complaint to the *Financial Ombudsman Service* begins at the date when the *final response* is sent by the *firm*.

Complaints subject to the FSAVC review

1.4.15

R

/1

DISP 1.4.1R to *DISP 1.4.14G* and *DISP 1.5.1R* and *DISP 1.5.4R* do not apply where the complaint is subject to a review directly or indirectly under the terms of the policy statement for the review of specific categories of FSAVC business issued by the *FSA* on 28 February 2000.

1.4.16

R

/1

Where *DISP 1.4.15R* applies, the *firm* must, if the complainant remains dissatisfied on completion of that review, treat that expression of dissatisfaction as a complaint and comply with *DISP 1.4.1R-DISP 1.4.14G*, *DISP 1.5.1R* and *DISP 1.5.4R*.

1.4.17

G

/1

The effect of *DISP 1.4.15R* is to relieve the *firm* of the obligation to comply with the requirements and time limits for replying to complainants, and the record-keeping and reporting requirements in *DISP 1.5.1R* and *DISP 1.5.4R*, where a complaint is subject to the FSAVC review. However, if a complainant remains dissatisfied with the outcome of the review, *DISP 1.4.16R* requires the *firm* to treat this as a complaint and comply with these requirements just as it would in respect of any other complaint. *Firms* are therefore required to record and report such complaints only where they receive a complaint about the outcome of the review.

1.5 Record keeping and reporting

Making and retaining records of complaints

1.5.1 **R** ^{/1} A *firm* must make and retain records of complaints subject to *DISP* 1.4 – *DISP* 1.6 for a minimum period of three years from the date of its receipt of the complaint.

1.5.2 **G** ^{/1} The records required by *DISP* 1.5.1R are for the purposes of monitoring by the FSA and also to ensure that the *firm* is able to cooperate, as necessary, with the *Financial Ombudsman Service*. They should include:

- (1) the name of the complainant;
- (2) the substance of the complaint; and
- (3) any correspondence between the *firm* and the complainant, including details of any redress offered by the *firm*.

1.5.3 **G** ^{/1} *DISP* 4.2.3G covers record keeping by *VJ participants*.

Reporting complaints to the FSA

1.5.4 **R** ^{/1} A *firm* must provide the FSA, twice a year, with a report containing (for the relevant reporting period) information about:

- (1) the total number of complaints subject to *DISP* 1.4 – *DISP* 1.6 received by the *firm*, broken down according to the categories and in respect of each of the generic product types listed at *DISP* 1 Ann 1R which are relevant to the *firm*; and
- (2) the total number of complaints subject to *DISP* 1.4 - *DISP* 1.6 closed by the *firm*:
 - (a) within four weeks or less of receipt;
 - (b) within four to eight weeks of receipt; and
 - (c) more than eight weeks after receipt; and

(3) the total number of complaints subject to *DISP* 1.4 - *DISP* 1.6 outstanding at the end of the reporting period.

1.5.5

G

/1

Where a complaint could fall into more than one category, the complaint should be recorded in the category which the *firm* considers to form the main part of the complaint.

1.5.6

R

/1

For the purposes of *DISP* 1.5.4R:

- (1) the relevant reporting periods are from 1 April to 30 September and from 1 October to 31 March each year; and
- (2) reports are to be submitted to the *FSA* within one *month* of the end of the relevant reporting period.

Reporting: when is a complaint closed?

1.5.7

R

/1

For the purpose of *DISP* 1.5.4R(2), a closed complaint is a complaint:

- (1) where the *firm* has sent a *final response*; or
- (2) where the complainant has indicated in writing acceptance of the *firm's* earlier response; or
- (3) where *DISP* 1.4.9R applies, provided that the complainant has not responded to the *firm* within eight weeks of the written response referred to in that *rule*.

1.5.8

G

/1

Where a complaint is reported as closed under *DISP* 1.5.7(3) because the complainant has not replied to the *firm* within eight weeks of a written response which meets the requirements in *DISP* 1.4.9R, the *firm* may treat the date of that response as the date when the complaint was closed for the purposes of the reporting requirements in *DISP* 1.5.4(2).

Reporting: complaints subject to the FSAVC review

1.5.9

G

/1

Where a complaint is subject to the FSAVC review, the record keeping and reporting requirements in *DISP* 1.5.1R and *DISP* 1.5.4R apply only where the complainant is dissatisfied with the outcome of that review (under *DISP* 1.4.15R and *DISP* 1.4.16R).

Method of submission of reports

1.5.10

R

/1

A report under this section must be given or addressed, and delivered, in the way set out in *SUP* 16.3.6R - *SUP* 16.3.16G (General provisions on reporting), except that, instead of the *firm's* usual supervisory contact, the report should be given or addressed to [to be added later].

Notification of contact point for complainants

1.5.11

R

/1

For the purpose of inclusion in the public record maintained by the *FSA*, a *firm* must provide the *FSA*, at the time of its *authorisation*, with details of a single contact point within the *firm* for complainants and must notify the *FSA* of any subsequent change.

1.5.12

G

/1

The contact point can be by name, job title or department and may include, for example, a helpline telephone number.

1.6 Cooperation by firms with the Ombudsman

1.6.1

R

/1

A *firm* must cooperate fully with the *Ombudsman* in the handling of complaints against it.

1.6.2

G

/1

Cooperation with the *Ombudsman* includes, but is not limited to, producing requested *documents*, adhering to any specified time limits, attending hearings when requested to do so and complying promptly with any settlements or awards.

1.7 The Society of Lloyd's

- 1.7.1 **R** /1 The *Society* of Lloyd's must establish and maintain appropriate and effective procedures for handling complaints by policyholders against *members* of the *Society*, which comply with *DISP* 1.
- 1.7.2 **R** /1 *Members* of the *Society* of Lloyd's must, in complying with *DISP* 1, ensure that the arrangements which the *member* maintains are compatible with the procedures maintained by the *Society* in accordance with *DISP* 1.7.1R, so that, taken as a whole, the requirements of *DISP* are met.
- 1.7.3 **R** /1 The *Society* of Lloyd's must take reasonable steps to ensure that complaints by policyholders against *members* of the *Society* are dealt with under the procedures in *DISP* 1.7.1R and that *members* comply with the requirements of those procedures.
- 1.7.4 **R** /1 A complaint by a policyholder against a *member* of the *Society* of Lloyd's may not be referred to the *Financial Ombudsman Service* until after the internal procedures in *DISP* 1.7.1R have been completed or until after the end of eight weeks from receipt of the complaint, whichever is the earlier.
- 1.7.5 **R** /1 Notices under *DISP* 1.1.7R must be given to the *FSA* by the *Society* of Lloyd's on behalf of any *member* eligible for an exemption under that *rule*.
- 1.7.6 **R** /1 The *Society* of Lloyd's must notify the *FSA* if the conditions in *DISP* 1.1.7R no longer apply to a *member* who is exempt.
- 1.7.7 **R** /1 The report in *DISP* 1.5.4R must be provided by the *Society* of Lloyd's and must cover all complaints by policyholders against *members* falling with the scope of *DISP* 1.5.4R.
- 1.7.8 **G** /1 Each *member* of the *Society* of Lloyd's is individually subject to the *rules* in *DISP* 1 as a result of the *insurance market direction* given in *LLD* 6.2.1D under section 316 of the *Act* (Direction by Authority).
- 1.7.9 **G** /1 However, the *Society* of Lloyd's operates a two-tier internal complaints handling procedure, currently set out in the "Code for Underwriting agents: UK Personal Lines Claims and Complaints Handling". Under this procedure, complaints by policyholders against *members* of the *Society* are considered by the *managing agent* and then, if necessary, by the *Society* of Lloyd's in-house Complaints Department.

This procedure (and any procedure that may replace it) will be subject to the requirements in *DISP* 1.

1.7.10

G
/1

Members will individually comply with *DISP* 1 if and only if all complaints by policyholders against *members* are dealt with under the internal procedure established by the *Society* of Lloyd's for handling those complaints, provided that this procedure complies with *DISP*. Accordingly, certain of the obligations under *DISP* 1, for example the obligation to report on complaints received and the obligation to pay fees under *DISP* 5, must be complied with by the *Society* on behalf of *members*. *Managing agents* will not have to make a separate report to the *FSA* on complaints reported under *DISP* 1.7.7R.

1.7.11

R
/1

A members' adviser must establish and maintain effective arrangements for handling any complaint from a member of the Society of Lloyd's regarding advice given to the member in connection with the acquiring or disposing of syndicate participation.

1.7.12

G
/1

Complaints from *members* of the *Society* of Lloyd's regarding the activities of *members' advisers*, which cannot be resolved by the *members' adviser*, cannot be referred to the *Financial Ombudsman Service*. (See *LLD* (the Lloyd's sourcebook), for further information concerning complaints by *members* of the *Society* of Lloyd's.)

DISP 1 Ann 1R

Table

DISP 1 Ann 1R (see DISP 1.5.4R)
Complaint Categories

Firms are required to report the total number of complaints subject to DISP 1.4-1.6 received in respect of each of the generic product types listed, according to the categories below.

Generic Product Type*	
-----------------------	--

Category	Total Number of Complaints	
	Private Individual	Small Businesses
Overcharging/incorrect charges		
Delay		
Other administrative errors		
Unsuitable or misleading advice		
Failure to carry out instructions		
Poor customer service		
Misleading advertising/product information		
Disputes over sums/amounts payable		
Switching/Churning (wrong advice to surrender one investment and take out another)		
Breach of customer agreement or contract		
Other

Chapter 2

2

Jurisdiction of the Financial Ombudsman Service

2.1 Application and Purpose

Application

- 2.1.1** **R** _{/1} This chapter applies to the *Ombudsman*, to *firms* (except *UCITS qualifiers*) and to *VJ participants*.
- 2.1.2** **G** _{/1} It is also relevant to those who might wish to refer a complaint to the *Financial Ombudsman Service*.
- 2.1.3** **R** _{/1} A reference in this chapter to a "complaint" under the *Compulsory Jurisdiction* includes a *relevant new complaint*.
- 2.1.4** **G** _{/1} References in this chapter to "*firms*" are to be construed, where relevant, as including:
- (1) in accordance with the *Ombudsman Transitional Order*, *unauthorised persons* subject to the *Compulsory Jurisdiction* in relation to *relevant complaints*; and
 - (2) as a result of section 226 of the *Act*, *unauthorised persons* who were formerly *firms* in respect of complaints about acts or omissions which occurred at the time when they were *authorised*, provided that the *Compulsory Jurisdiction* rules were in force in relation to the activity in question.

Purpose

- 2.1.5** **G** _{/1} The purpose of this chapter is to set out the rules which govern the scope of both the *Compulsory Jurisdiction* and the *Voluntary Jurisdiction* of the *Financial Ombudsman Service*. They specify who may refer a complaint to the *Financial Ombudsman Service* and the time limits for doing so. They also set out which activities are covered by the *Compulsory Jurisdiction* and the *Voluntary Jurisdiction* and the territorial scope of the *Financial Ombudsman Service*.

2.2 Which complaints can be dealt with under the Financial Ombudsman Service?

Complaints (other than relevant new complaints)

2.2.1

G
/1

The following conditions will need to be satisfied before a complaint (other than a *relevant new complaint*) can be dealt with under the *Financial Ombudsman Service*:

- (1) the complainant must be an *eligible complainant* (see *DISP* 2.4);
- (2) the *firm* or *VJ participant* about which the complaint is made must be one which is subject to either the *Compulsory Jurisdiction* or the *Voluntary Jurisdiction*, as appropriate;
- (3) the activity to which the complaint relates must be subject to either the *Compulsory Jurisdiction* or the *Voluntary Jurisdiction*, as appropriate;
- (4) in relation to the *Compulsory Jurisdiction*, the act or omission complained of must have occurred at a time when the *rules* in *DISP* 2 were in force, in relation to the activity being complained about;
- (5) the *firm* or *VJ participant* must have failed to resolve the complaint to the satisfaction of the complainant within eight weeks of receiving it; and
- (6) the *firm* or *VJ participant* about which the complaint is made must:
 - (a) in the case of the *Compulsory Jurisdiction*, have been *authorised* under the *Act* at the time of the act or omission to which the complaint relates; or
 - (b) in the case of the *Voluntary Jurisdiction*, have been a *VJ participant* at the time of the act or omission to which the complaint relates or have agreed to let the *Financial Ombudsman Service* consider such complaints, and must not have withdrawn from being a *VJ participant* at the time when the complaint is referred to the *Financial Ombudsman Service*.

Relevant new complaints

2.2.2

G
/1

- (1) Article 3 of the *Ombudsman Transitional Order* provides that (subject to certain modifications) the *Compulsory Jurisdiction* applies to a *relevant new complaint*, provided that:
 - (a) the act or omission is that of a *person* who was, immediately before *commencement*, subject to a *former scheme*;

- (b) the act or omission occurred in the carrying on by that *person* of an activity to which that *former scheme* applied; and
 - (c) the complainant is eligible and wishes to have the complaint dealt with under the new scheme.
- (2) For the purposes of (1)(c), the *Ombudsman Transitional Order* enables the *Ombudsman*, if he considers it appropriate, to treat the complainant as eligible if he would have been entitled to refer an equivalent complaint to the *former scheme* in question immediately before *commencement*.
- (3) The *Ombudsman Transitional Order* enables *relevant new complaints* to be handled, as far as possible, under the *Financial Ombudsman Service* procedures, but provides for the rules of the *former schemes* to apply or be taken into account in certain circumstances.
- (4) The *Ombudsman Transitional Order* makes separate provision for the treatment of *relevant existing complaints*, as described in *DISP* App 1.

Dismissal of complaints without consideration of the merits

2.2.3

G
/1

Under *DISP* 3.3.1R(1), the *Ombudsman* may dismiss a complaint without considering its merits if he is satisfied that the complainant has not suffered, or is unlikely to suffer, financial loss, material distress or material inconvenience.

2.3 Time Limits for referral of complaints to the Financial Ombudsman Service

2.3.1

R
/1

- (1) The *Ombudsman* cannot consider a complaint (except as described in (2)) if the complainant refers it to the *Financial Ombudsman Service*:
 - (a) less than eight weeks after receipt of the complaint by the *firm* or *VJ participant*, unless the *firm* or *VJ participant* has already sent the complainant its *final response*; or
 - (b) more than six *months* after the date on which the complainant is advised by the *firm* or *VJ participant* in its *final response* that he may refer his complaint to the *Financial Ombudsman Service*; or
 - (c) more than six years after the event complained of or (if later) more than three years from the date on which he became aware (or ought reasonably to have become aware) that he had cause for complaint (but see *DISP 2.3.5R*).
- (2) The *Ombudsman* can consider complaints outside the time limits in (1)(b) or (c) when, in his view, the failure to comply with the time limits was as a result of exceptional circumstances or where he is required to do so by the *Ombudsman Transitional Order* (see *DISP 2.3.2G*).

2.3.2

G
/1

In relation to *DISP 2.3.1R* (1)(b) and (c), article 4(2) of the *Ombudsman Transitional Order* requires an *Ombudsman* to extend the time limit in respect of a *relevant new complaint* referred to the *Financial Ombudsman Service* not later than twelve *months* after *commencement*, so the time limit applying to the complaint is the same as that which would have applied under the *former scheme* in question as it had effect immediately before *commencement*.

2.3.3

G
/1

For the purposes of *DISP 2.3.1R*(2), an example of an exceptional circumstance might be where the complainant has been or is incapacitated or where the *firm* or *VJ participant* has failed, in its *final response*, to inform the complainant that he may refer his complaint to the *Financial Ombudsman Service* or that he must do so within six *months*.

2.3.4

G
/1

Under *DISP 5.6.1R* a *firm* or *VJ participant* is liable to pay a case fee in respect of *chargeable cases*. However, in some circumstances, the *Ombudsman* may conclude that a *firm* or *VJ participant* should have more time to resolve a complaint before a case fee is incurred (for example, where there has been delay in obtaining information from third parties or where the *Ombudsman* considers that the

complainant has not fully cooperated with the *firm* or *VJ participant* in the investigation of the complaint).

Exceptions for reviews of past business

2.3.5

R

/1

DISP 2.3.1R(1)(c) does not apply where:

- (1) the time limit has been extended under a scheme for review of past business approved by the Treasury under section 404 of the *Act* (Schemes for reviewing past business); or
- (2) the complaint concerns a contract or policy which is the subject of a review directly or indirectly under:
 - (a) the terms of the Statement of Policy on 'Pension transfers and Opt-outs' issued by the *FSA* on 25 October 1994; or
 - (b) the terms of the policy statement for the review of specific categories of *FSAVC* business issued by the *FSA* on 28 February 2000.

2.4 Who can refer a complaint to the Financial Ombudsman Service?

2.4.1 **R** /1 A complaint may be dealt with under the *Financial Ombudsman Service* only if it is brought by or on behalf of an *eligible complainant*.

2.4.2 **G** /1 *Eligible complainants* are those falling within one of the classes of *person* specified in *DISP* 2.4.3R; and

- (1) having a customer or potential customer relationship with a *firm* or *VJ participant* (as specified in *DISP* 2.4.7R and *DISP* 2.4.8R); or
- (2) having an indirect relationship with a *firm* or *VJ participant* (as specified in *DISP* 2.4.10R);

or, in relation to *relevant complaints*, those specified in the *Ombudsman Transitional Order* (see *DISP* 2.4.14G and *DISP* 2.4.15G and *DISP* App 1.3.1G).

Classes of person

2.4.3 **R** /1 (1) Subject to (2), a *person* is an *eligible complainant* if he is:

- (a) a private individual; or
- (b) a business, which has a group annual turnover of less than £1million at the time the complainant refers the complaint to the *firm* or *VJ participant*; or
- (c) a charity which has an annual income of less than £1million at the time the complainant refers the complaint to the *firm* or *VJ participant*; or
- (d) a trustee of a trust which has a net asset value of less than £1million at the time the complainant refers the complaint to the *firm* or *VJ participant*;

who satisfies the relevant criteria in *DISP* 2.4.7R – *DISP* 2.4.12R, and is not within (2).

(2) The following are not *eligible complainants*:

- (a) an individual, business, charity or trustee, who was an *intermediate customer* or *market counterparty* in relation to the *firm* in question at the time of the act or omission, and in respect of the activity, which is the subject of the complaint;
- (b) a *firm* or *VJ participant* whose complaint relates in any way to an activity which the *firm* itself has *permission* to carry on or which the *VJ participant* itself conducts, and which is subject to the *Compulsory Jurisdiction* or the *Voluntary Jurisdiction* of the *Financial Ombudsman Service*.

2.4.4 **G**_{/1} For the purposes of *DISP* 2, a business includes a *sole trader*, a *company*, an unincorporated body and a *partnership* carrying on any trade or profession.

2.4.5 **G**_{/1} If a *firm* or *VJ participant* is in any doubt about the eligibility of a business, charity or trust, it should treat the complainant as if it were eligible. If the complaint is referred to the *Financial Ombudsman Service*, the *Ombudsman* will determine eligibility by reference to appropriate evidence, such as audited accounts or VAT returns.

2.4.6 **G**_{/1} For the purposes of *DISP* 2.4.3R(1)(b), a subsidiary of a corporate group (as defined in section 262(1) of the Companies Act 1985) will be eligible only where the corporate group as a whole meets the turnover test.

Eligible complainants: customers

2.4.7 **R**_{/1} A *person* is an *eligible complainant* if:

- (1) he is or has been a customer of a *firm* or *VJ participant*;
- (2) the complaint arises out of matters relevant to his being or having been a customer of the *firm* or *VJ participant*; and
- (3) he falls into one of the classes of *person* in *DISP* 2.4.3R(1).

Eligible complainants: potential customers

2.4.8 **R**_{/1} A *person* is an *eligible complainant* if:

- (1) the complaint arises out of a *firm's* or *VJ participant's* actions or failure to act for the complainant in his capacity as a potential customer of the *firm* or *VJ participant*; and
- (2) he falls into one of the classes of *person* in *DISP* 2.4.3R(1).

2.4.9 **G**_{/1} *DISP* 2.4.8R is intended to enable a potential customer to use the *Financial Ombudsman Service* where the complaint involves an allegation that he has suffered or may suffer financial loss, material distress or material inconvenience as a result of a *firm's* or *VJ participant's* wrongful act or omission (for example, where, as a result of maladministration or illegal discrimination, a service has not been provided). A complaint about the legitimate exercise of a *firm's* or *VJ participant's* commercial

judgment may be dismissed by an *Ombudsman* without consideration of its merits under *DISP* 3.3.1R(11).

Eligible complainants: indirect complaints

2.4.10

R

/1

A *person* is an *eligible complainant* if:

- (1) he is not, and has not been, a customer or potential customer of the *firm* or *VJ participant* in relation to the subject matter of the complaint; and
- (2) he has a complaint against the *firm* or *VJ participant* which either:
 - (a) arises out of a relationship which he has with the *firm* or *VJ participant* as described in *DISP* 2.4.11R; or
 - (b) is derived from another *person* and which arises from any of the circumstances described in *DISP* 2.4.12R; and
- (3) he falls into one of the classes of *persons* in *DISP* 2.4.3R(1).

2.4.11

R

/1

The relationships with the *firm* or *VJ participant* relevant for *DISP* 2.4.10R(2)(a) are:

- (1) the complainant has given the *firm* or *VJ participant* a guarantee or security for a mortgage or loan; or
- (2) the complainant has relied in the course of his business on a cheque guarantee card issued by the *firm* or *VJ participant*; or
- (3) the complainant is the true owner or the *person* entitled to immediate possession of a cheque, or of the funds it represents, collected by the *firm* or *VJ participant* for someone else's account; or
- (4) the complainant is the recipient of a banker's reference given by the *firm* or *VJ participant*; or
- (5) the complainant is the holder of *units* in a *collective investment scheme* and the *firm* or *VJ participant* is the *operator* or *depository* of the *scheme*.

2.4.12

R

/1

The circumstances relevant for *DISP* 2.4.10R(2)(b) are:

- (1) that the complainant is a beneficiary under a trust or estate of which the *firm* or *VJ participant* is trustee or personal representative; or
- (2) that the complainant is a *person* for whose benefit a *contract of insurance* was taken out or was intended to be taken out; or

(3) that the complainant is a *person* on whom the legal right to benefit from a claim under a *contract of insurance* has been devolved by contract, statute or subrogation.

2.4.13

G
/1

DISP 2.4.12R(2) and(3) include, for example, employees covered by a group permanent health policy taken out by an employer, which provides in the insurance contract that the policy was taken out for the benefit of the employee.

2.4.14

G
/1

In respect of a *relevant new complaint*, where the complainant is not eligible in accordance with DISP 2.4, article 3(3) of the *Ombudsman Transitional Order* provides that the *Ombudsman* may, nonetheless, if he considers it appropriate, treat the complainant as an *eligible complainant* if he or she would have been entitled to refer an equivalent complaint to the *former scheme* in question immediately before *commencement*, provided that the complainant wishes to have the complaint dealt with under the new scheme.

2.4.15

G
/1

Article 3(4) of the *Ombudsman Transitional Order* provides that, in the case of a *relevant new complaint*, where the *former scheme* in question is the *Insurance Ombudsman Scheme*, a complainant is not to be treated as an *eligible complainant* unless:

- (1) he is an individual; and
- (2) the complaint does not concern aspects of a policy relating to a business or trade carried on by him.

Representatives of eligible complainants

2.4.16

R
/1

A complaint may be brought on behalf of an *eligible complainant*, or a deceased *person* who would have been an *eligible complainant*, by a *person* authorised by the *eligible complainant* or authorised by law.

2.4.17

R
/1

It is immaterial whether the *person* authorised to act on behalf of an *eligible complainant* under DISP 2.4.16R:

- (1) can satisfy any of the criteria applicable to the *person* under DISP 2.4.3R(1); or
- (2) has a claim of his own, or is acting for another *person* against the *firm* or *VJ participant*; or
- (3) is or was a customer or potential customer of the *firm* or *VJ participant*.

2.5 Which firms are subject to the jurisdiction of the Financial Ombudsman Service?

- 2.5.1** G_{/1} All *firms* are subject to the *Compulsory Jurisdiction* of the *Financial Ombudsman Service*. *VJ participants* are subject to the *Voluntary Jurisdiction* and to *DISP 2* to the extent specified in the *standard terms (DISP 4)*.
- 2.5.2** G_{/1} *Firms* may, however, be exempt from the requirements of *DISP 1* (Complaint handling procedures for firms) and *DISP 5 (Financial Ombudsman Service funding rules)*, if they qualify under *DISP 1.1.7R (Exemption)*.
- 2.5.3** G_{/1} *Members* of the *Society of Lloyd’s* are treated as *firms* for the purposes of the *Compulsory Jurisdiction* (including the *rules* in *DISP 1* relating to *firms’* complaints procedures) and are subject to *DISP 1* as a result of the *insurance market direction* given in *LLD 6.2.1D*, under section 316 of the *Act* (Direction by Authority). However, as set out in *DISP 1.7*, *members* will individually comply with *DISP 1* if and only if all complaints by policyholders against *members* are dealt with under the internal procedures established by the *Society of Lloyd’s* for handling those complaints, provided that these procedures themselves comply with *DISP 1*. Accordingly, certain of the obligations under *DISP 1*, for example, the obligation to report on complaints received, must be complied with by the *Society* on behalf of *members*.

2.6 To which activities do the rules apply?

The Compulsory Jurisdiction

2.6.1

R

/1

The *Ombudsman* can consider a complaint under the *Compulsory Jurisdiction* only if it relates to an act or omission by a *firm* in the carrying on of one or more of the following activities (unless the provision described in DISP 2.6.3G applies):

- (1) *regulated activities*;
 - (2) lending money secured by a charge on land;
 - (3) lending money (other than *restricted credit*);
 - (4) paying money by a *plastic card* (other than a *store card*);
 - (5) the provision of ancillary banking services (see DISP 2.6.6G);
- or activities ancillary to them (see DISP 2.6.2R).

2.6.2

R

/1

The activities in DISP 2.6.1R include any ancillary activities, including advice, provided by the *firm* in connection with those activities.

2.6.3

G

/1

Under article 3 of the *Ombudsman Transitional Order*, the *Ombudsman* can also consider a *relevant new complaint* under the *Compulsory Jurisdiction* where it relates to an act or omission of a *firm* which was, immediately before *commencement*, subject to a *former scheme*, provided that:

- (1) the act or omission occurred in the carrying on by that *firm* of an activity to which that *former scheme* applied; and
- (2) the complainant is eligible and wishes to have the complaint dealt with under the new scheme.

2.6.4

G

/1

The carrying on of an activity in DISP 2.6.1R includes offering, providing or failing to provide and administering or failing to administer a service in relation to the activities covered by that rule. This includes the manner in which a *firm* has administered its business, provided that the business is an activity subject to the jurisdiction of the *Financial Ombudsman Service*.

- 2.6.5 G /1 Complaints about acts or omissions by a *firm* include complaints about acts or omissions in respect of activities for which the *firm* is responsible (that is the activities of their *appointed representatives*).
- 2.6.6 G /1 For the purposes of *DISP* 2.6.1R(5), ancillary banking services include, for example, the provision and operation of cash machines and safe deposit boxes.
- 2.6.7 R /1 A complaint about an *authorised professional firm* cannot be handled under the *Compulsory Jurisdiction* of the *Financial Ombudsman Service* if it relates solely to a *non-mainstream regulated activity* and can be handled by a *designated professional body*.
- 2.6.8 G /1 A complaint about a *non-mainstream regulated activity* conducted by an *authorised professional firm* will be handled by the relevant *professional body*.

The Voluntary Jurisdiction

- 2.6.9 R /1 The *Ombudsman* can consider a complaint under the *Voluntary Jurisdiction* only if it is not covered by the *Compulsory Jurisdiction* and it relates to an act or omission in the carrying on of one or more of the following activities by a *VJ participant*:
 - (1) lending money secured by a charge over land;
 - (2) a financial services activity carried on after *commencement* and which had been covered by a *former scheme* in so far as the *VJ participant* was a member of that *former scheme*, in respect of that activity, immediately before the *commencement day*;

or an activity ancillary to it (see *DISP* 2.6.11R).
- 2.6.10 G /1 *DISP* 2.6.9R(2) enables complaints about *VJ participants* which, immediately before the *commencement day*, were members of one of the *former schemes* replaced by the *Financial Ombudsman Service* to be dealt with under the *Voluntary Jurisdiction*. This is in respect of the financial services activities for which the *VJ participant* was previously covered but excludes complaints which fall into the *Compulsory Jurisdiction* as *relevant complaints*. So the complaints which are covered by *DISP* 2.6.9R(2) are only those which arise out of acts or omissions occurring after the *commencement day*.
- 2.6.11 R /1 The activities in *DISP* 2.6.9R include any ancillary activities, including advice, provided by the *VJ participant* in connection with those activities.
- 2.6.12 R /1 A complaint subject to these rules which is not covered by the *Compulsory Jurisdiction* can be considered by the *Ombudsman* even though it relates to an act or omission that occurred before the *VJ participant* was participating in the *Financial Ombudsman Service*, and whether the act or omission occurred before or after the *commencement day*, either:

2.6.13

G
/1

- (1) if the complaint could have been dealt with under a *former scheme*; or
- (2) as a consequence of the agreement of the *VJ participant* in *DISP 4.2.5R*.

The provisions of *DISP 2.6.12R* are made under the power in section 227(13) of the *Act*. The section allows for a complaint relating to an act or omission occurring either before *commencement* or before the *VJ participant* joined the *Voluntary Jurisdiction* (or both) to be dealt with under the *Financial Ombudsman Service* provided the *VJ participant* agrees. The act or omission must, however, be one which could have been dealt with under a *former scheme*. Where complaints in this category are not already covered by the *Compulsory Jurisdiction* as *relevant complaints*, they can, therefore, be included in the *Voluntary Jurisdiction* under *DISP 2.6.12R*.

2.7 The territorial scope of the jurisdiction of the Financial Ombudsman Service

- 2.7.1 **R**_{/1} The territorial scope of the jurisdiction of the *Financial Ombudsman Service* covers complaints about the activities of a *firm*, an *appointed representative* or a *VJ participant* carried on from an establishment in the *United Kingdom*.
- 2.7.2 **G**_{/1} The territorial scope therefore covers *firms* (including *appointed representatives*) or *VJ participants* operating from a permanent place of business in the *United Kingdom*, including *incoming EEA firms* and *incoming Treaty firms* which qualify for *authorisation* under Schedule 3 (*EEA Passport Rights*) or Schedule 4 (*Treaty rights*) to the *Act*.
- 2.7.3 **G**_{/1} Complaints which concern business conducted by branches of *firms* or *VJ participants* outside the *United Kingdom* or by *EEA firms* operating in the *United Kingdom* on a services basis from outside the *United Kingdom* are not subject to the *Compulsory Jurisdiction* or the *Voluntary Jurisdiction* of the *Financial Ombudsman Service*.
- 2.7.4 **G**_{/1} A complaint can be dealt with under the *Financial Ombudsman Service* irrespective of whether the complainant lives or is based in the *United Kingdom*.

Chapter 3

Complaint handling procedures of the Financial Ombudsman Service

3.1 Application and Purpose

Application

- 3.1.1** **R** This chapter applies to the *Ombudsman* and to *firms*.
/1
- 3.1.2** **G** It is also relevant to those who might wish to refer a complaint to the *Financial Ombudsman Service*.
/1
- 3.1.3** **G** *VJ participants* are subject to the rules in this chapter by contract under the *standard terms* (see *DISP* 4).
/1
- 3.1.4** **R** Except as otherwise specified, references in this chapter to a "complaint" include a *relevant new complaint*.
/1
- 3.1.5** **G** References in this chapter to "*firms*" are to be construed, where relevant, as including:
/1
- (1) in accordance with the *Ombudsman Transitional Order*, *unauthorised persons* subject to the *Compulsory Jurisdiction* in relation to *relevant complaints*; and
 - (2) as a result of section 226 of the *Act*, *unauthorised persons* who were formerly *firms* in respect of complaints about acts or omissions which occurred at the time when they were *firms*, provided that the *Compulsory Jurisdiction* rules were in force in relation to the activity in question.
- 3.1.6** **G** The *Ombudsman Transitional Order* provides, with some exceptions (see *DISP* 2.2.2G (scope of *Compulsory Jurisdiction*), *DISP* 2.3.2G (time limits), *DISP* 2.4.14G and *DISP* 2.4.15G (*eligible complainant*) and *DISP* 3.8.2G (determinations), for *relevant new complaints* to be determined in accordance with the requirements of the *Financial Ombudsman Service*.
/1

Purpose

- 3.1.7** **G** The purpose of this chapter is to set out the way in which the *Financial Ombudsman Service* and, in particular, the *Ombudsman*, will operate to ensure that complaints may be resolved quickly and with minimum formality. It sets out the procedures for the investigation and consideration of complaints, including the circumstances in which a complaint may be terminated without consideration of its merits; the evidence which may be required or admitted; the provisions for fixing and extending time limits for different aspects of the proceedings; the factors which the *Ombudsman* will take into account in determining what is fair and reasonable;
/1

the types of loss or damage for which the *Ombudsman* can award compensation; the limits on awards and the costs that can be awarded.

3.2 The investigation and consideration of complaints by the Ombudsman

- 3.2.1** **R** /1 On receipt of a complaint (and subsequently if necessary) the *Ombudsman* must have regard to the following matters:
- (1) whether or not the complaint meets the criteria in *DISP 2.2* (Which complaints can be dealt with under the *Financial Ombudsman Service?*);
 - (2) whether or not the complaint is within the time limits in *DISP 2.3* (Time limits for referral of complaints to the *Financial Ombudsman Service*);
 - (3) whether or not the complainant is an *eligible complainant*; and
 - (4) whether or not the complaint is one which should be dismissed without consideration of its merits under *DISP 3.3* (Dismissal of complaints without consideration of the merits).
- 3.2.2** **G** /1 In the case of *relevant new complaints*, the *Ombudsman* will take account of the relevant criteria under the *Ombudsman Transitional Order*, referred to in *DISP 2.2.2G*, and will extend the time limits in *DISP 2.3*, as required under article 4(2) of the *Ombudsman Transitional Order* and described in *DISP 2.3.2G*.
- 3.2.3** **R** /1 Where the *firm* has not had the eight weeks provided for under *DISP 1.4.5R* to consider the complaint, the *Ombudsman* will refer the complaint to the *firm*, unless the *firm* has already issued a *final response*.
- 3.2.4** **R** /1 Where a *firm* fails to send a complainant a *final response* by the end of eight weeks, the *Ombudsman* may consider the complaint.
- 3.2.5** **R** /1 Where the *Ombudsman* considers that the complaint or the complainant may be ineligible under the jurisdiction rules (see *DISP 2* (Jurisdiction of the *Financial Ombudsman Service*)) he must give the complainant an opportunity to make representations before he reaches his decision and he must give reasons to the complainant for that decision and inform the *firm* of his decision.
- 3.2.6** **G** /1 *DISP 3.2.5R* applies without prejudice to a *firm's* right to raise the issue of eligibility subsequently.

- 3.2.7 **R** /1 Where the *firm* disputes the eligibility of the complaint or the complainant, the *Ombudsman* must give the parties an opportunity to make representations before he reaches his decision and he must give reasons to the parties for that decision.
- 3.2.8 **R** /1 Where the *Ombudsman* considers that the complaint may be one which should be dismissed without consideration of its merits, under *DISP* 3.3 (Dismissal of complaints without consideration of the merits), he must give the complainant an opportunity to make representations before he makes his decision. If he then decides that the complaint should be dismissed, he must give reasons to the complainant for that decision and inform the *firm* of that decision.
- 3.2.9 **R** /1 Where the *Ombudsman* considers that both the complaint and the complainant are eligible and that there is a reasonable prospect of resolving the complaint by mediation, he may attempt to negotiate a settlement between the parties.
- 3.2.10 **G** /1 The *Ombudsman* will attempt to resolve complaints at the earliest possible stage and by whatever means appear to him to be most appropriate, including mediation or investigation.
- 3.2.11 **R** /1 If the *Ombudsman* decides that an investigation is necessary, he will:

 - (1) during the investigation, give both parties an opportunity of making representations;
 - (2) send to the parties a provisional assessment, setting out his reasons and a time limit within which either party must respond; and
 - (3) if either party indicates disagreement with the provisional assessment within the time limit prescribed in *DISP* 3.2.11R(2), proceed to determination (see *DISP* 3.8 (Determination by the *Ombudsman*)).
- 3.2.12 **R** /1 The parties will be informed of their right to make representations before the *Ombudsman* makes a determination. If he considers that the complaint can be fairly determined without convening a hearing, he will determine the complaint. If not, he will invite the parties to attend a hearing. No hearing will be held after the *Ombudsman* has determined the complaint.
- 3.2.13 **R** /1 A party who wishes to request a hearing must do so in writing, setting out the issues he wishes to raise and (if appropriate) any reasons why he considers the hearing should be in private, so that the *Ombudsman* may consider whether the issues are material, whether a hearing should take place and, if so, whether it should be held in public or private.

3.2.14

G
/1

In deciding if there should be a hearing and, if so, whether it should be in public or private, the *Ombudsman* will have regard to the provisions of the European Convention on Human Rights.

3.3 Dismissal of complaints without consideration of the merits

3.3.1

R

^{/1}

The *Ombudsman* may dismiss a complaint without considering its merits if he:

- (1) is satisfied that the complainant has not suffered, or is unlikely to suffer, financial loss, material distress or material inconvenience; or
- (2) considers the complaint to be frivolous or vexatious; or
- (3) considers that the complaint clearly does not have any reasonable prospect of success; or
- (4) is satisfied that the *firm* has already made an offer of compensation which is fair and reasonable in relation to the circumstances alleged by the complainant and which is still open for acceptance; or
- (5) is satisfied that the complaint relates to a transaction which the *firm* in question has reviewed in accordance with the regulatory standards for the review of such transactions prevailing at the time of the review, or in accordance with the terms of a scheme order under section 404 of the *Act* (Schemes for reviewing past business), including, if appropriate, making an offer of redress to the complainant, unless he is of the opinion that the standards or terms of the scheme order did not address the particular circumstances of the case; or
- (6) is satisfied that the matter has previously been considered or excluded under the *Financial Ombudsman Service*, or a *former scheme* (unless material new evidence likely to affect the outcome has subsequently become available); or
- (7) is satisfied that the matter has been dealt with, or is being dealt with, by a comparable independent complaints scheme or dispute resolution process; or
- (8) is satisfied that the subject matter of the complaint has been the subject of court proceedings where there has been a decision on the merits; or

- (9) is satisfied that the subject matter of the complaint is the subject of current court proceedings unless proceedings are stayed or sisted (by agreement of all parties or order of the court) in order that the matter may be considered under the *Financial Ombudsman Service*; or
- (10) considers that it would be more suitable for the matter to be dealt with by a court, arbitration or another complaints scheme; or
- (11) is satisfied that it is a complaint about the legitimate exercise of a *firm's* commercial judgment; or
- (12) is satisfied that it is a complaint about employment matters from an employee or employees of a *firm*; or
- (13) is satisfied that it is a complaint about investment performance; or
- (14) is satisfied that it is a complaint about a *firm's* decision when exercising a discretion under a will or private trust; or
- (15) is satisfied that it is a complaint about a *firm's* failure to consult beneficiaries before exercising a discretion under a will or private trust, where there is no legal obligation to consult; or
- (16) is satisfied that a complaint which involves or might involve more than one *eligible complainant* has been referred without the consent of the other complainant or complainants and the *Ombudsman* considers that it would be inappropriate to deal with the complaint without that consent; or
- (17) is satisfied that there are other compelling reasons why it is inappropriate for the complaint to be dealt with under the *Financial Ombudsman Service*.

3.3.2 G_{/1} Under article 5(2)(c) of the *Ombudsman Transitional Order*, the *Ombudsman*, in deciding whether a *relevant complaint* is to be dismissed without consideration of its merits, is to take into account whether an equivalent complaint would have been so dismissed under the *former scheme* in question, as it had effect immediately before *commencement*.

3.3.3 G_{/1} For the purposes of *DISP* 3.3.1R(4), offers of compensation include ex gratia payments.

3.3.4 G_{/1} In *DISP* 3.3.1R(5) the transaction could, for example, be a pension transaction which has been reviewed by the *firm* in accordance with the relevant regulatory standards. The *Ombudsman* may decide not to proceed with a complaint about the result of that review unless he considers that the standards or guidance published by the regulator did not address the particular circumstances of the case.

3.3.5 G_{/1} When deciding if it would be suitable for a complaint to be dealt with outside the *Financial Ombudsman Service* (*DISP* 3.3.1R(10)), the *Ombudsman* may consider whether, in view of a conflict of evidence, a fair resolution of the complaint could be achieved only through examination of the evidence by the courts.

3.3.6

G

/1

The *Ombudsman* may decide to proceed with a complaint which would otherwise be dismissed under *DISP* 3.3.1R(13), (14) or (15) if he considers that the complaint involves an allegation of negligence or maladministration.

3.4 Referral of a complaint to another complaints scheme for determination

3.4.1

R

/1

The *Ombudsman* may refer a complaint to another complaints scheme where he considers that it would be more suitable for the matter to be determined by that scheme and the complainant consents to the referral.

3.5 Evidence

3.5.1

R

/1

The *Ombudsman* may, in relation to the evidence which may be required or admitted when he considers and determines a complaint, give directions as to:

- (1) the issues on which evidence is required;
- (2) the extent to which the evidence required to decide those issues should be oral or written; and
- (3) the way in which the evidence should be presented to the *Ombudsman*.

3.5.2

R

/1

The *Ombudsman* may:

- (1) exclude evidence that would otherwise be admissible in a court of law or include evidence that would not be admissible in such a court;
- (2) where he considers it necessary or appropriate, accept information in confidence, so that only an edited version or (where this is not practicable) a summary or description is disclosed to the other party;
- (3) reach a decision on the basis of what has been supplied and take account of the failure by a complainant or a *firm* to provide information that an *Ombudsman* has requested; and
- (4) dismiss a complaint if a complainant fails to supply required information.

3.5.3

G

/1

The provisions in *DISP* 3.5.2R(1) follow the provisions of the Civil Justice Rules.

3.5.4

G

/1

For the purposes of *DISP* 3.5.2R(2), evidence which the *Ombudsman* may accept in confidence includes confidential evidence about third parties and security information.

3.5.5

G

/1

The *Ombudsman* may request a party to a complaint to provide evidence necessary for the determination of the complaint under section 231 of the *Act*. A failure to comply with the request can be dealt with by the court under section 232.

3.6 Time limits

- 3.6.1 **R** ^{/1} The *Ombudsman* may fix time limits and extend fixed time limits for any aspect of the consideration of a complaint by the *Financial Ombudsman Service*.
- 3.6.2 **R** ^{/1} If a *firm* fails to comply with a time limit, the *Ombudsman* may proceed to the next stage of consideration of the complaint and may, if appropriate, make provision for any material distress or material inconvenience caused by that failure in any award which he decides to make.
- 3.6.3 **R** ^{/1} If a complainant fails to comply with a time limit, the *Ombudsman* may either proceed to the next stage or dismiss the complaint.

3.7 Delegation of the Ombudsman's powers

3.7.1

R

/1

- (1) Only an *Ombudsman* may determine a complaint or decide the circumstances in which information may be disclosed under *DISP* 3.10.1R (3).
- (2) The *Ombudsman* may designate members of the staff of *FOS Ltd* to exercise any of the other powers of the *Ombudsman* relating to the reference, investigation or consideration of a complaint.
- (3) Where any *person* is so designated, *DISP* 2 - *DISP* 4 apply as if any reference to "the *Ombudsman*" included a reference to that *person*.

3.7.2

G

/1

The Chief *Ombudsman* will designate those members of staff of *FOS Ltd* who are to have these powers.

3.8 Determination by the Ombudsman

Opinion as to fairness and reasonableness

- 3.8.1** **R** /1 (1) The *Ombudsman* will determine a complaint by reference to what is, in his opinion, fair and reasonable in all the circumstances of the case.
- (2) In considering what is fair and reasonable in all the circumstances of the case, the *Ombudsman* will take into account the relevant law, regulations, regulators' rules and guidance and standards, relevant codes of practice and, where appropriate, what he considers to have been good industry practice at the relevant time.

- 3.8.2** **G** /1 In determining, in relation to a *relevant new complaint*, what is fair and reasonable in all the circumstances of the case and what amount (if any) constitutes fair compensation, for the purposes of section 229(2)(a) of the *Act* (money awards), the *Ombudsman* is required, under article 7(2) of the *Ombudsman Transitional Order*, to take into account:

- (1) what determination the *former Ombudsman* might have been expected to reach, and
- (2) what amount (if any) might have been expected to be awarded by way of compensation;

in relation to an equivalent complaint dealt with under the *former scheme* in question immediately before *commencement*.

The Ombudsman's determination

- 3.8.3** **R** /1 The *Ombudsman's* determination will include the following stages:
- (1) When a complaint has been determined, the *Ombudsman* will give both the complainant and the *firm* a signed written statement of the determination, stating the reasons for it.
- (2) The statement will invite the complainant to notify the *Ombudsman* in writing before the date specified in the statement whether he accepts or rejects the determination.

- (3) If the complainant notifies the *Ombudsman* that he accepts the determination within the time limit set, it is final and binding on both the complainant and the *firm*.
- (4) If the complainant either rejects the determination or does not notify the *Ombudsman* by the specified date that he accepts the determination, the complainant will be treated as having rejected the determination, and the *firm* will not be bound by it.
- (5) The *Ombudsman* must notify the *firm* of the complainant's response (or lack of response).

3.9 Awards by the Ombudsman

Money awards

- 3.9.1** **G**_{/1} As provided for under section 229 of the *Act* (Awards), if a complaint is determined in favour of the complainant, the determination may include:
- (1) a money award against the *firm* of such amount as the *Ombudsman* considers fair compensation for financial loss or for loss or damage of a kind specified in *DISP* 3.9.2R and subject to the maximum limit in *DISP* 3.9.5R; or
 - (2) a direction that the *firm* take such steps in relation to the complainant as the *Ombudsman* considers just and appropriate (whether or not a court could order those steps to be taken); or
 - (3) both of these.
- 3.9.2** **R**_{/1} Where the *Ombudsman* decides to make a money award, in addition to (or instead of) awarding compensation for financial loss, he may award compensation for the following kinds of loss or damage, whether or not a court would award compensation:
- (1) **pain and suffering; or**
 - (2) **damage to reputation; or**
 - (3) **distress or inconvenience.**
- 3.9.3** **G**_{/1} For the purposes of awards by the *Ombudsman*, financial loss includes consequential or prospective loss.
- 3.9.4** **G**_{/1} In determining, in relation to a *relevant new complaint*, what amount (if any) constitutes fair compensation for the purposes of a money award, the *Ombudsman* is required under article 7(2) of the *Ombudsman Transitional Order* to take into account what amount (if any) might have been expected to be awarded by way of compensation, in relation to an equivalent complaint dealt with under the *former scheme* in question immediately before *commencement*.

Limits on money awards

- 3.9.5** **R**_{/1} The maximum money award which the *Ombudsman* may make is £100,000.

- 3.9.6 G
/1 If the *Ombudsman* considers that an amount more than the maximum is required as fair compensation, then he may in addition recommend to the *firm* that it pays the balance.
- 3.9.7 G
/1 The *Ombudsman* may specify in his award that reasonable interest must be paid on the award (at the rate and from the date he states).
- 3.9.8 G
/1 For the purposes of calculating the monetary limit referred to in *DISP* 3.9.5R the amount of interest awarded does not form part of the award itself.
- 3.9.9 G
/1 The limit on the maximum money award has no bearing on any direction which an *Ombudsman* may make as part of a determination.

Costs

- 3.9.10 R
/1 **When the *Ombudsman* finds in a complainant’s favour, he may also award an amount which covers some or all of the costs which were reasonably incurred by the complainant in respect of the complaint.**
- 3.9.11 G
/1 It is not anticipated that awards of costs will be common, since in most cases complainants should not need to have professional advisers to bring complaints to the *Financial Ombudsman Service*.
- 3.9.12 R
/1 **The amount payable under the award of costs may, if the *Ombudsman* orders, bear interest at a reasonable rate specified in the order and from a date specified in the order.**
- 3.9.13 G
/1 For the purposes of calculating the monetary limit specified in *DISP* 3.9.5R, an award of costs does not form part of the award itself.

Complying with awards and settlements

- 3.9.14 R
/1 **A *firm* must comply promptly with:**
 - (1) any money award or direction made by the *Ombudsman*; and
 - (2) any settlement which it agrees at an earlier stage of the procedures.
- 3.9.15 R
/1 **The *Ombudsman* must maintain a register of each money award and direction made.**
- 3.9.16 G
/1 A money award registered in accordance with *DISP* 3.9.15R can be recovered or enforced through the courts under paragraph 16 of Schedule 17 to the *Act*.
- 3.9.17 G
/1 A complainant may enforce a direction by injunction or order in accordance with section 229(9) of the *Act* (Awards).

3.10 Dealing with information

3.10.1

R

/1

- (1) In dealing with any information received in relation to the consideration or investigation of a complaint, the *Financial Ombudsman Service* must have regard to the parties' rights of privacy.
- (2) Paragraph (1) does not prevent the *Ombudsman* disclosing information (either in full, or where he considers it necessary or appropriate under *DISP* 3.5.2R(2), in the form of an edited version or (where this is not practicable) a summary or description):
 - (a) to the extent that he is required or authorised to do so by law; or
 - (b) to the parties to the complaint; or
 - (c) in his determination; or
 - (d) at a hearing in connection with the complaint.
- (3) So long as he has regard to the parties' rights of privacy, the *Ombudsman* may disclose information to the *FSA* or any other body exercising regulatory or statutory functions for the purpose of assisting that body or the *Financial Ombudsman Service* to discharge its functions.

3.10.2

G

/1

Under article 11 of the *Ombudsman Transitional Order*, any information held by any *person* responsible for the operation of a *former scheme* in connection with the operation of a *former scheme* may be disclosed by that *person* (after *commencement*) to *FOS Ltd* or to an *Ombudsman* without contravening any restriction on disclosure of that information (imposed by statute or otherwise) to which that *person* was subject. But *FOS Ltd* or the *Ombudsman* is subject to any restrictions on disclosure (and exceptions) which would have applied to the former holder of that information.

3.10.3

G

/1

Article 11 of the *Ombudsman Transitional Order* does not, however, prevent the application of section 31(4A) of the Data Protection Act 1998. This provides for an exemption in respect of subject information provisions to the extent to which the application of those provisions to data would be likely to prejudice the proper discharge of the functions conferred under Part XVI of the *Act* (The *Ombudsman Scheme*).

Chapter 4

Standard terms

4.1 Application and Purpose

Application

4.1.1

G
/1

The *standard terms* apply to any *company, partnership*, individual practitioner or other business which has decided to be a participant in the *Voluntary Jurisdiction* (a *VJ participant*). They are fixed by *FOS Ltd* with the approval of the *FSA* in accordance with paragraph 18 of Schedule 17 to the *Act*.

Purpose

4.1.2

G
/1

The *standard terms* are the basis on which complaints will be dealt with and determined under the *Voluntary Jurisdiction*. They cover:

- (1) the rules and guidance for handling complaints (see *DISP* 4.2.2R to *DISP* 4.2.6R);
- (2) an indemnity for *FOS Ltd*, any member of its governing body, any member of its staff and any *person* acting as an *Ombudsman*, as permitted by paragraph 18(5) of Schedule 17 to the *Act* (see *DISP* 4.2.7R);
- (3) the *Ombudsman's* powers relating to determinations and awards (see *DISP* 4.2.8R);
- (4) the enforcement of a determination (see *DISP* 4.2.10R); and
- (5) the process for withdrawal by a *VJ participant* from the *Voluntary Jurisdiction* (see *DISP* 4.2.11R).

4.2 The standard terms

4.2.1

R

/1

- (1) For the purposes of the *standard terms*, a *company, partnership, individual practitioner or other business*, whether authorised or unauthorised, agreeing to participate in the *Voluntary Jurisdiction* of the *Financial Ombudsman Service* is known as a *VJ participant*.
- (2) In consequence of the agreement by the *VJ participant* to participate in the *Voluntary Jurisdiction*, the *standard terms* fix the basis on which complaints relating to relevant acts or omissions of the *VJ participant* are to be dealt with and determined.
- (3) Where the *standard terms* apply rules relating to the *Compulsory Jurisdiction* for the purposes of the *Voluntary Jurisdiction*, those are to be treated as part of the *standard terms*.
- (4) A *VJ participant* is subject to the *standard terms*, which may be amended or supplemented with the approval of the *FSA*.

Complaint handling procedures

4.2.2

R

/1

The rules and guidance contained in *DISP 1* (Complaint handling procedures for firms) will apply to *VJ participants* for the purposes of the *Voluntary Jurisdiction* as if they were *firms*, with the exception of *DISP 1.5* (Record keeping and reporting). *DISP 1.2* (Internal complaint handling procedures: general requirements) applies in relation to complaints about activities of the *VJ participant* specified in *DISP 2.6.9R*.

4.2.3

G

/1

DISP 1.5.1R contains a requirement for a *firm* in the *Compulsory Jurisdiction* to make and retain records of complaints subject to *DISP 1.4-DISP 1.6* for a minimum period of three years from the date of its receipt of a complaint. Although this requirement is not applied to *VJ participants*, they may need to keep records of complaints for sufficient time to enable them to provide the *Ombudsman* with necessary information in the event of a complaint being referred to the *Financial Ombudsman Service*. The requirement for reporting complaints to the *FSA* under *DISP 1.5.4R* is also not applied to *VJ participants*.

Jurisdiction of the Financial Ombudsman Service

4.2.4 **R** /1 The rules and guidance contained in *DISP 2* will apply for the purposes of the *Voluntary Jurisdiction*, with the exception of *DISP 2.6.1R - DISP 2.6.8G*.

4.2.5 **R** /1 By agreeing to participate in the *Voluntary Jurisdiction*, a *VJ participant* also agrees to complaints relating to activities covered by *DISP 2.6.9R* being dealt with under *DISP 2.6.12R*.

Complaint handling procedures of the Financial Ombudsman Service

4.2.6 **R** /1 The rules and guidance contained in *DISP 3* will apply to *VJ participants* for the purposes of the *Voluntary Jurisdiction* as if they were *firms* (except where their application to *VJ participants* is specifically excluded or necessarily inapplicable).

Liability

- 4.2.7 **R** /1
- (1) None of the following is to be liable in damages for anything done or omitted in the discharge, or purported discharge, of any functions in connection with the *Voluntary Jurisdiction*:
- (a) *FOS Ltd*;
 - (b) any member of its governing body;
 - (c) any member of its staff;
 - (d) any *person* acting as an *Ombudsman* for the purposes of the *Financial Ombudsman Service*.
- (2) Paragraph (1) does not apply:
- (a) where the act or omission is shown to have been in bad faith; or
 - (b) so as to prevent an award of damages made in respect of an act or omission on the ground that the act or omission was unlawful as a result of section 6(1) of the Human Rights Act 1998.

Determination and awards

4.2.8 **R** /1 If the *Ombudsman* determines a complaint under the *Voluntary Jurisdiction* in favour of the complainant, the determination may include:

- (1) a “money award”, that is, an award against the *VJ participant* of such amount as the *Ombudsman* considers fair compensation for financial loss or for loss or damage of a kind specified in *DISP* 3.9.2R that has been suffered, or may be suffered, by the complainant;
- (2) a direction that the *VJ participant* take such steps in relation to the complainant as the *Ombudsman* considers just and appropriate (whether or not a court could order those steps to be taken).

4.2.9

G

/1

DISP 4.2.8R gives the *Ombudsman* the same powers to make money awards and directions as he has, under section 229 of the *Act* (Awards), in relation to *firms* in the *Compulsory Jurisdiction*.

Enforcement of a determination

4.2.10

R

/1

The *Ombudsman's* determination, if accepted by the complainant within the time limit specified by the *Ombudsman*, will be binding on the *VJ participant* and final, and may be enforced in court by the complainant.

Withdrawal from the Voluntary Jurisdiction of the Financial Ombudsman Service

4.2.11

R

/1

A *VJ participant* may not withdraw from the *Voluntary Jurisdiction* of the *Financial Ombudsman Service* unless the *VJ participant*:

- (1) has submitted a written plan to *FOS Ltd* setting out its proposals for:
 - (a) notifying its existing customers of its intention to withdraw from the *Voluntary Jurisdiction*; and
 - (b) the handling of complaints against it prior to its withdrawal from the *Voluntary Jurisdiction*; and
- (2) the plan has been approved in writing by *FOS Ltd*; and
- (3) the *VJ participant* has paid the *general levy* for the year in which it withdraws and any other fees payable; and
- (4) *FOS Ltd* has agreed in writing the date on which the *VJ participant* may withdraw from the *Voluntary Jurisdiction* (which date is not to be earlier than six *months* from the date of approval of the plan).

Appendices

Appendix 1

Relevant Existing Complaints

1.1 Application and Purpose

Application

1.1.1 **R** This appendix applies to *firms*, to *FOS Ltd*, to the *Ombudsman* and to those who might wish to refer a complaint to the *Financial Ombudsman Service* in respect of *relevant existing complaints*.
/1

1.1.2 **G** References in this chapter to “*firms*” are to be construed, where relevant, as including:
/1

- (1) in accordance with the *Ombudsman Transitional Order*, *unauthorised persons* subject to the *Compulsory Jurisdiction* in relation to *relevant complaints*; and
- (2) as a result of section 226 of the *Act*, *unauthorised persons* who were formerly *firms* in respect of complaints about acts or omissions which occurred at the time when they were *firms*, provided that the *Compulsory Jurisdiction* rules were in force in relation to the activity in question.

Purpose

1.1.3 **R** *DISP 2* to *DISP 5* apply to *firms*, to the *Ombudsman* and to *FOS Ltd* in respect of *relevant existing complaints*, except as stated in this appendix.
/1

1.1.4 **G** The purpose of this appendix is to describe how *FOS Ltd* must handle *relevant existing complaints* (that is, the partly completed complaints which it inherits from the *former schemes* at *commencement* under the *Ombudsman Transitional Order*). Complaints which *firms* (as opposed to the *former schemes*) have partly completed at *commencement* will be handled as described in *DISP 1* (Complaint handling procedures for firms) (see, in particular, *DISP 1.4.6R*).
/1

1.1.5 **G** *Relevant existing complaints* will be referred by the *former schemes* to *FOS Ltd* for completion at *commencement*. Article 2 of the *Ombudsman Transitional Order* provides that *FOS Ltd* will complete the handling of these cases, but requires that, in a significant number of respects, it must do this in accordance with the requirements of the relevant *former scheme*.
/1

- 1.1.6** G_{/1} This appendix describes the ways in which *FOS Ltd* is required to treat these complaints differently from the other complaints which are subject to *DISP* 1 to 5. Apart from these exceptions, the rules in *DISP* 2 to *DISP* 5 and the statutory provisions in sections 225-234 of the *Act* apply as they do to other complaints.

1.2 Eligible complaint

- 1.2.1** G_{/1} (1) Article 2 of the *Ombudsman Transitional Order* requires that, irrespective of whether the conditions set out in section 226(2) of the *Act* are met (see *DISP* 2.2.1G), a complaint which:
- (a) was referred to a *former scheme* (other than the *Personal Insurance Arbitration Service*) at any time before *commencement*, by a *person* who was at that time entitled, under the terms of the *former scheme*, to refer such a complaint (whether described in that scheme as the making of a complaint, the referral of a dispute, the submission of a claim, or otherwise), and
 - (b) has not, before *commencement*, been rejected, withdrawn, settled or determined, by the *former Ombudsman* (whether by a substantive decision, or by closure of the case without a substantive decision);

- 1.2.1** G_{/1} is to be dealt with under the *Financial Ombudsman Service* (and not the *former scheme*).

(2) These complaints are described as *relevant existing complaints*.

- 1.2.2** G_{/1} Article 2 of the *Ombudsman Transitional Order* provides that a complaint is not to be treated as determined before *commencement* if the determination was, at *commencement*, subject to (or capable of being subject to) an appeal, a reference to arbitration or similar procedure.

- 1.2.3** G_{/1} The definition of a *relevant existing complaint* excludes complaints referred to the *Personal Insurance Arbitration Service* before *commencement*, which will be completed by the *Personal Insurance Arbitration Service*, not *FOS Ltd*. It also excludes complaints about pre-*commencement* investment business conducted by *firms* which were formerly authorised by a *recognised professional body*. These will be handled by the relevant *professional body*.

1.3 Eligible complainant

- 1.3.1** G_{/1} Under article 2(1)(a) of the *Ombudsman Transitional Order*, a *person* will be treated under the *Financial Ombudsman Service* as an *eligible complainant* in respect of a *relevant existing complaint*, if he was entitled, under the terms of the

former scheme, to refer such a complaint at the time when the complaint was referred to that scheme.

1.4 Time limits

- 1.4.1** G_{/1} Article 4(2) of the *Ombudsman Transitional Order* requires an *Ombudsman* to extend the time limits set under *DISP* 2.3.1R(1)(b) and (c) in respect of a *relevant existing complaint* where the effect of that extension is that the time limit applying to the complaint is the same as that which would have applied under the *former scheme* in question as it had effect immediately before *commencement*.

1.5 Determination of complaints

- 1.5.1** G_{/1} Article 5(2)(a) provides that *FOS Ltd's* power to specify in its scheme rules the matters to be taken into account in making determinations does not apply to *relevant existing complaints* (see *DISP* 3.8.1R).
- 1.5.2** G_{/1} Article 5(2)(c) requires the *Ombudsman*, in deciding whether a *relevant complaint* (including a *relevant existing complaint*) is to be dismissed without consideration of its merits under the scheme rules, to take into account whether an equivalent complaint would have been so dismissed under the *former scheme* in question, as it had effect immediately before *commencement*.
- 1.5.3** G_{/1} Article 6(1) disapplies, in respect of *relevant existing complaints*, the provisions in the *Act* relating to the criteria for determining complaints in section 228(2) and those relating to awards in section 229 (with the exception of those in section 229(8)(b) and paragraph 16 of Schedule 17 relating to the enforceability of money awards and those in section 229(9) and (10) relating to the enforceability of directions made by the *Ombudsman*). It also disapplies the provisions relating to costs awards in section 230, except to the extent referred to in *DISP* App 1.11.1G.
- 1.5.4** G_{/1} Apart from this, section 228 of the *Act* applies in relation to *relevant existing complaints* as it applies to other complaints which are subject to the *Compulsory Jurisdiction*.

1.6 Criteria for determining complaints

- 1.6.1** G_{/1} Article 6(2) provides that a *relevant existing complaint* is to be determined (so far as practicable) by reference to such criteria as would have applied to the determination

of the complaint by the *former ombudsman* under the *former scheme* in question immediately before *commencement* (provided that where the *former scheme* in question is the *FSA scheme*, the criteria are those which would have applied to the determination of the complaint by an *independent investigator* under that scheme at that time).

- 1.6.2** G_{/1} An exception is, however, made in respect of *relevant existing complaints* about former *IMRO* members inherited from the *Investment Ombudsman* under the *IMRO scheme* in order to reflect the way in which those complaints have been determined in practice under that scheme. The effect of article 6(2) and 6(11) taken together is that, as with all new complaints received after *commencement*, these will be determined according to what is, in the opinion of the *Ombudsman*, fair and reasonable in all the circumstances of the case and will be binding on both parties subject to the complainant's agreement.

1.7 Awards and remedies

- 1.7.1** G_{/1} The remedy that the *Ombudsman* can impose in determining a *relevant existing complaint* is limited by article 6(3) to such remedy as could have been included in a determination (whether described as a determination, award, recommendation or otherwise) made by the *former Ombudsman* under the *former scheme* in question immediately before *commencement*.

1.8 Extent to which awards are binding

- 1.8.1** G_{/1} Under article 6, except in the circumstances set out in *DISP* App 1.8.2G to *DISP* App 1.8.6G, the *Ombudsman* will, in respect of *relevant existing complaints*, provide the *firm* and the complainant with a written statement of his determination (including reasons) in accordance with section 228(3)-(9) of the *Act* (see *DISP* 3.8.3R) and if the complainant notifies the *Ombudsman*, within the time period specified, that he accepts the determination, it is binding on both parties and final.
- 1.8.2** G_{/1} Under article 6(7), where the *former scheme* in question was the *FSA scheme* and the *relevant existing complaint* was, at *commencement*, subject to arbitration in accordance with that scheme, the extent to which the determination of the complaint under the new scheme is binding and final depends on the terms of the arbitration. Where a complaint under the *FSA scheme* was not subject to arbitration at *commencement*, the determination of the case under the new scheme is not binding on the *firm* or the complainant. The requirements in section 228 (4)(c) and (5) to (7) of the *Act* do not apply in relation to the complaint.
- 1.8.3** G_{/1} Under article 6(8), where the *former scheme* in question was the *SFA scheme*:
- (1) if the *relevant existing complaint* has not been submitted to arbitration under that scheme, and would not have been *eligible* to be so submitted under that

scheme as it had effect immediately before *commencement* (disregarding any requirement for certification by the *SFA Complaints Bureau* that the complaint had not been resolved by conciliation), the determination of the complaint under the *Financial Ombudsman Service* is not binding on the *firm* or the complainant;

- (2) if the *relevant existing complaint* has been submitted to arbitration under the *SFA scheme*, or would have been eligible to be so submitted under that scheme as it had effect immediately before *commencement* (disregarding any such requirement), the determination of the complaint under the *Financial Ombudsman Service* is binding on the *firm* and the complainant and final, but if the complaint has been submitted to arbitration, the terms of arbitration are otherwise unaffected;

and the requirements in section 228(4)(c) and (5) to (7) of the *Act* do not apply in relation to the complaint.

1.8.4 G_{/1} Under article 6(9), where the *former scheme* in question was the *Building Societies Ombudsman Scheme* and the *relevant existing complaint* was, at *commencement*, subject to arbitration in accordance with that scheme, the extent to which the determination of the complaint under the *Financial Ombudsman Service* is binding and final depends on the terms of the arbitration (which remain unaffected), and the requirements in section 228(4)(c) and (5) to (7) of the *Act* do not apply in relation to the complaint.

1.8.5 G_{/1} Under article 6(10), where the *former scheme* in question was the *Building Societies Ombudsman Scheme* and the *firm* would have been relieved of its obligation to comply with a determination under that scheme if it had complied with conditions as to the giving of notice of its non-fulfilment of the obligations imposed by the determination, the determination of the complaint under the *Financial Ombudsman Service* is (notwithstanding section 228(5) of the *Act*) not binding on the *firm* if it complies with equivalent conditions. (This preserves the "publicity option" under the *Building Societies Ombudsman Act 1986* in respect of *relevant existing complaints*.)

1.8.6 G_{/1} The effect of article 6(2) and 6(11) taken together is that, where the *former scheme* in question was the *IMRO scheme*, the determination will be binding on both parties subject to the complainant's agreement, unless, before *commencement*, the complaint has been determined by a *former ombudsman* under that scheme and the *former ombudsman* has offered the complainant adjudication (see *DISP App 1.9.1G-1.9.2G*).

1.9 Complaints determined before commencement

1.9.1 G_{/1} Under article 8, where, before *commencement*, a *relevant existing complaint* has been determined by a *former ombudsman* under the *IMRO scheme* and that *former ombudsman* has offered adjudication:

- (1) if the matter is already subject to adjudication at *commencement*, the relevant provisions of the *former scheme* will continue to apply so far as practicable, with references to the *Investment Ombudsman* or "the Ombudsman" being read as references to *FOS Ltd* or an *Ombudsman*, as appropriate; or

- (2) if the matter has not been referred to adjudication before *commencement*, but the complainant accepts adjudication, *FOS Ltd* must appoint an adjudicator to determine the matter, and if the complainant agrees to the appointment of the adjudicator, the *firm* must concur in the reference to adjudication.

1.9.2 G_{/1} The relevant provisions of the *IMRO scheme* will apply, so far as practicable, as they would have applied to adjudication under that scheme, with references to the *Investment Ombudsman* or "the Ombudsman" being read as references to *FOS Ltd* or an *Ombudsman*, as appropriate.

1.9.3 G_{/1} Under article 9, where a *relevant existing complaint* has been determined before *commencement* by a *person* appointed as an arbitrator under the *SFA scheme*:

- (1) if, at *commencement*, that determination is the subject of an appeal, or an application for leave to appeal, under that scheme which has not been determined or withdrawn, the relevant provisions of that scheme will continue to apply to that appeal or application (and any ensuing appeal) so far as practicable;
- (2) if, at *commencement*, an application for leave to appeal against the determination was capable of being entertained under that scheme, the relevant provisions of that scheme will apply, so far as practicable, to the making of any such application for leave and any ensuing appeal, as they would have applied to an application for leave or an appeal before *commencement*.

1.9.4 G_{/1} *FOS Ltd* may appoint such *persons*, on such terms and for such duration, as it thinks fit to hear any appeal or application for leave to appeal made after *commencement* and references in the relevant provisions of the *SFA scheme* to the *SFA* or its Arbitration Secretariat will be read as references to *FOS Ltd*.

1.9.5 G_{/1} Under article 10, where a complaint has been determined before *commencement* under the *Building Societies Ombudsman Scheme*, and, at *commencement*, a case either has been stated with respect to that determination for the opinion of the High Court or Court of Session under section 84(5) to (7) of the Building Societies Act 1986 and no decision has been reached on the case or could be stated under those provisions, those subsections continue to apply as if they provided for the Court to direct that the complaint be dealt with under the *Financial Ombudsman Service* as a *relevant existing complaint*.

1.10 Enforceability of awards

1.10.1 G_{/1} Where the *Ombudsman* makes a determination which includes an award against a *firm* of compensation payable to the complainant, it is enforceable (under article 6(4)) in the same way as a money award made under the *Compulsory Jurisdiction*.

1.10.2 G_{/1} Where the *Ombudsman* makes a determination which includes a requirement for the *firm* to take any steps in relation to the complainant, it is enforceable (under article 6(5)) in the same way as a direction made under the *Compulsory Jurisdiction*.

1.11 Costs

- 1.11.1** G^{/1} Where the *former scheme* in question, as it had effect immediately before *commencement*, included provision for the award of costs, the *Ombudsman* may, under article 6(6), on determining the *relevant existing complaint*, award costs in accordance with that provision (irrespective of whether those costs were incurred, or relate to anything done, before or after *commencement*) and section 230(6) and (7) and paragraph 16 of Schedule 17 to the *Act* apply in relation to the enforcement of such an award of costs in the same way as they apply to awards of costs made under the *Financial Ombudsman Service* procedures.

1.12 Funding and fees

- 1.12.1** G^{/1} Under *DISP 5*, *firms* will be subject to case fees in respect of *relevant complaints*. If *FOS Ltd* deals with a *relevant existing complaint* against a *person* who is not *authorised* by the *FSA*, a special case fee will be charged (see *DISP 5 (Financial Ombudsman Service Funding Rules)*) and this will be recoverable as a debt to *FOS Ltd* in the same way as case fees relating to complaints about *firms*.

1.13 Time limits, record keeping and reporting requirements

- 1.13.1** G^{/1} The time limits, record keeping and reporting requirements in *DISP 1.4* (Time limits for dealing with a complaint) and *DISP 1.5* (Record keeping and reporting) do not apply to *firms* in respect of *relevant existing complaints* since these, by definition, will already have been referred to a *former scheme*.

1.14 Cooperation with the Ombudsman

- 1.14.1** R^{/1} *Firms* must comply with *DISP 1.6* (Cooperation by *firms* with the *Ombudsman*) in respect of *relevant existing complaints*.

Appendix 2

Handling Mortgage Endowment Complaints

2.1 Introduction

2.1.1 G_{/1} This appendix sets out the approach and standards which *firms* should use when investigating complaints relating to the sale of endowment *policies* for the purposes of achieving capital repayment of a mortgage. It is not intended to be comprehensive. It is primarily concerned with the assessment of whether the complainant may have suffered financial loss, and if so, how much that loss is, and therefore what amount a *firm* should consider offering by way of fair and appropriate compensation in circumstances where the *firm's* investigation of a complaint reveals:

- (1) the complainant has received negligent *advice on investments*; and
- (2) if this advice had not been negligent, either:
 - (a) the complainant would be unlikely to have acquired the endowment policy but instead would have taken out the same amount of loan on a repayment basis; or
 - (b) the complainant would have acquired an endowment mortgage for a shorter term.

2.1.2 G_{/1} There will also be cases where a *firm* will conclude after investigation that, notwithstanding its own failure to give compliant and proper advice, the complainant would nevertheless have proceeded with the endowment policy as sold, in which case no compensation will be due.

2.1.3 G_{/1} This appendix only addresses how *firms* should approach the assessment of loss and compensation where negligence on the part of the *firm* is established.

2.1.4 G_{/1} This appendix is relevant both to the obligations arising under the complaints handling *rules* contained in *DISP* 1.2 and to the *FSA's* approach to the supervision of *firms*.

2.1.5 G_{/1} This appendix is also relevant to complaints which the *Ombudsman* may investigate under the *Compulsory Jurisdiction* or *Voluntary Jurisdiction* of the *Financial Ombudsman Service* established under Part XVI of the *Act* (The *Ombudsman Scheme*).

2.1.6 G_{/1} Before proceeding to assess the extent of a complainant's financial loss, a *firm* will usually have completed the following stages:

- (1) gathering all relevant facts and information;

- (2) making a fair and objective assessment whether it has failed to comply with a relevant duty owed to the complainant; and
- (3) assessing whether any failure of duty by it was in the circumstances a material failure in the sense that if it had not occurred the complainant would have been likely to have acted differently.

2.1.7 G_{/1} If it is concluded that the complainant would have acted differently, the *firm* should proceed to assess any direct or consequential loss.

2.1.8 G_{/1} Nothing in this appendix relieves *firms* of the obligation to consider the particular facts and circumstances of each complaint and to consider whether the assessment of loss and compensation should, in the light of those facts and circumstances, be carried out on a different basis. If, however, the facts and circumstances make it appropriate to do so, the *FSA's* expectation is that *firms* will apply the approach and standards set out in this appendix, and where they do not, the *FSA* is likely to require them to demonstrate the adequacy and completeness of their alternative approach.

2.2 The standard approach to redress

2.2.1 G_{/1} If there has been a failure to give compliant and proper advice, or some other breach of the duty of care, the basic objective of redress is to put the complainant, so far as is possible, in the position he would have been in if the inappropriate advice had not been given, or the other breach had not occurred. In many cases, although it must be a matter for inquiry and assessment in each individual case, this position is likely to have resulted in the complainant taking a repayment mortgage with accompanying life cover, and this is the assumption which underpins the standard approach to redress.

2.2.2 G_{/1} Unless the contrary is demonstrated, it should be assumed that the complainant could have afforded the mortgage on a repayment basis.

2.2.3 G_{/1} The measure of any financial loss suffered by the complainant will be arrived at by:

- (1) comparing the complainant's current capital position with the position he would have been in had the loan been a standard repayment mortgage as at the date the *firm* decides to regard the complaint as justified; and
- (2) comparing the cost of the complainant's actual monthly outgoings and those he would have made had his loan been on a standard repayment basis as at the date the *firm* decides to regard the complaint as justified.

2.2.4 G_{/1} In some cases other factors may be included in the overall calculation, for example, if mortgage arrangement fees were waived by agreement on the occasion of the endowment *policy* being taken out.

2.2.5 G_{/1} If, on comparing the complainant's current endowment position with the repayment alternative, the *surrender value* of the endowment *policy* exceeds the amount of the capital which the complainant would have repaid through the repayment method, then, at the point of the assessment, the complainant has suffered no capital loss (but the complainant may suffer some compensatable consequential loss associated

with changing the mortgage arrangements to the repayment basis, see *DISP* App 2.3). Conversely, if the capital which would have been repaid on the repayment basis exceeds the *surrender value*, there is a capital loss represented by the difference between the two amounts.

- 2.2.6** G_{/1} If the complainant's endowment mortgage outgoings exceed the equivalent cost for the repayment method, the complainant should be compensated for the higher payments in addition to any loss on the *surrender value* and capital repaid comparison. This means, for example, that if the endowment arrangement has been more expensive, this may result in compensatable loss even though the capital repayment against surrender comparison may be favourable to the endowment.
- 2.2.7** G_{/1} If the total cost of the outgoings for the endowment calculation is less than that for the repayment calculation, the "savings" should be brought into account in assessing any overall loss unless it is unreasonable to do so.
- 2.2.8** G_{/1} It is unlikely to be reasonable to bring "savings" into account in circumstances where, at the time of the sale of the *policy*:
- (1) the complainant was advised or informed orally or in writing that he would have lower outgoings than would be the case under a repayment mortgage, whether or not the difference was quantified; and
 - (2) the complainant has dissipated those "savings" on the strength of this advice or information.
- 2.2.9** G_{/1} The circumstances in which it may be appropriate to take some or all of the "savings" into account are those where, subject to *DISP* App 2.2.7G, the complainant is of "sufficient means" so that it is reasonable for a *firm* to assume that the "savings" have contributed to those means.
- 2.2.10** G_{/1} Where it is otherwise reasonable for "savings" to be brought into account, determining whether or not a complainant is of sufficient means and, if so, to what extent the "savings" are to be brought into account, will have to be based on the facts of each individual case. It will be appropriate to require the complainant to provide adequate information to assist the *firm* in this task. Matters to be taken into account in this assessment may include:
- (1) the length of the remaining mortgage term;
 - (2) the complainant's current and prospective resources;
 - (3) the amount of the capital shortfall in proportion to the endowment outgoings balance.
- 2.2.11** G_{/1} Firms may adopt streamlined processes to assist them in individual assessments of "sufficient means", but will have to satisfy themselves that the complainant's position is nevertheless protected. Firms will need to ensure that the complainant is given an opportunity to make an informed choice whether to accept the streamlined process, that the process itself is transparent, and that the firm is satisfied that the outcome would be fair to complainants.
- 2.2.12** G_{/1} If a *firm* intends to make a deduction for all or any part of the lower endowment outgoings, the *firm* should explain clearly to the complainant in writing both how the "sufficient means" test has been satisfied, including details of the information taken into account in reaching the decision, and how the deduction has been arrived at. The letter should further inform the complainant that if he is unhappy with the

proposal to make a deduction, either in principle or as to the amount, he should give his reasons to the *firm*.

- 2.2.13** G_{/1} If a complainant puts forward a case that it would be unreasonable for a deduction to be made, the *firm* should reach a fair and objective determination on the facts of all relevant matters including those set out at *DISP* App 2.2.8G and *DISP* App 2.2.9G.
- 2.2.14** G_{/1} In recognition that *firms* may not wish, for practical reasons, to make individual assessments of “sufficient means”, *firms* may decide not to seek to bring into account any benefit to the complainant in assessing overall compensation.
- 2.2.15** G_{/1} It would not be unreasonable if a *firm* providing redress in these circumstances were to frame its offer of redress on the assumption that the complainant will agree to surrender the *policy*. However, *firms* should bear in mind that there may be circumstances where it is appropriate for the complainant to retain the *policy*, for example, where it is being retained as a savings vehicle.
- 2.2.16** G_{/1} If a complainant becomes aware that he has taken out the endowment *policy* on the basis of unsuitable advice and inadequate information, he should if necessary, after taking appropriate advice, take reasonable steps to limit his loss, and may in any subsequent *claim* be unable to recover for losses which are avoidable. The complainant may have to show that he has not delayed unreasonably since becoming aware of his loss. The reasonable costs and expenses the complainant may have incurred in limiting his loss are to be taken into account in assessing his compensation. These costs and expenses are likely to include the complainant taking advice on whether he should convert from an endowment to a repayment mortgage and incurring expenses in doing so, see *DISP* App 2.3.
- 2.2.17** G_{/1} The standard approach to redress can be illustrated by the following examples, which show how redress would be calculated in certain hypothetical but typical scenarios. (Because the examples are illustrative, round numbers have been used for “established facts” in each example. The payments should be taken as being made monthly: *firms* should not approximate by assuming that payments are made annually. If the complainant has benefited from MIRAS, the calculations should allow for the effect of MIRAS both on the endowment mortgage and the repayment comparison.)
- 2.2.18** G_{/1} Table Table of examples of typical redress calculations

Example 1	Capital shortfall and higher endowment outgoings
Example 2	Capital shortfall partially offset by lower endowment mortgage outgoings
Example 3	Capital shortfall more than offset by lower endowment mortgage outgoings
Example 4	Capital surplus more than offset by higher endowment mortgage outgoings
Example 5	Capital surplus partially offset by higher endowment mortgage outgoings
Example 6	Capital surplus and lower endowment mortgage outgoings
Example 7	Low start endowment mortgage

- 2.2.19** G_{/1} Table Example 1

EXAMPLE 1	
Capital shortfall and higher endowment mortgage outgoings	
<u>Background</u>	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 5 years	
Endowment <i>premium</i> per month: £75	
<u>Established facts</u>	
Endowment <i>surrender value</i>:	£3,200
Capital repaid under equivalent repayment mortgage:	£4,200
<i>Surrender value</i> less capital repaid:	(£1,000)
Cost of converting from endowment mortgage to repayment mortgage:	(£200)
<u>Total outgoings to date</u>	
Equivalent repayment mortgage (capital + interest + DTA life cover):	£21,950
Endowment mortgage (endowment <i>premium</i> + interest):	£22,250
Difference in outgoings (repayment – endowment):	(£300)
<u>Basis of compensation</u>	
In this example, the complainant has suffered loss because the <i>surrender value</i> of the endowment is less than the capital repaid and also because of the higher total outgoings to date of the endowment mortgage relative to the repayment mortgage. The two losses and the conversion cost are therefore added together in order to calculate the redress.	
<u>Redress</u>	
Loss from <i>surrender value</i> less capital repaid:	(£1,000)
Loss from total extra outgoings under endowment mortgage:	(£300)
Cost of converting to repayment mortgage:	(£200)
Total loss:	(£1,500)
Therefore total redress is:	£1,500

2.2.20

G

Table Example 2

/1

EXAMPLE 2	
Capital shortfall partially offset by lower endowment mortgage outgoings	
<u>Background</u>	

EXAMPLE 2	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 5 years	
Endowment <i>premium</i> per month: £60	
<u>Established facts</u>	
Endowment <i>surrender value</i> :	£2,500
Capital repaid under equivalent repayment mortgage	£4,200
<i>Surrender value</i> less capital repaid under equivalent repayment mortgage:	(£1,700)
Cost of converting from endowment mortgage to repayment mortgage	(£300)
<u>Total outgoings to date:</u>	
Repayment mortgage (capital + interest + DTA life cover):	£21,950
Endowment mortgage (endowment <i>premium</i> + interest):	£21,350
Difference in outgoings (repayment – endowment):	£600
<u>Basis of Compensation</u>	
In this example, the complainant has suffered loss because the <i>surrender value</i> of the endowment is less than the capital repaid but has gained from the lower outgoings of the endowment mortgage to date. In calculating the redress the gain may be offset against the loss unless the complainant's particular circumstances are such that it would be unreasonable to take account of the gain.	
Redress if it is not unreasonable to take account of the whole of the gain from lower outgoings	
Loss from <i>surrender value</i> less capital repaid:	(£1,700)
Gain from total lower outgoings under endowment mortgage:	£600
Cost of converting to repayment mortgage:	(£300)
Net loss:	(£1,400)
Therefore total redress is:	£1,400
Redress if it is unreasonable to take account of gain from lower outgoings	
Loss from <i>surrender value</i> less capital repaid:	(£1,700)
Gain from total lower outgoings under endowment mortgage:	Ignored*
Cost of converting to repayment mortgage:	(£300)
Net loss taken into account:	(£2,000)

EXAMPLE 2	
Therefore total redress is:	£2,000
* In this example, and also in Examples 3, 7, 8 and 9, the complainant's circumstances are assumed to be such as to make it unreasonable to take account of <i>any</i> of the gain from lower outgoings.	

2.2.21

G Table Example 3

/1

EXAMPLE 3	
Capital shortfall more than offset by lower endowment mortgage outgoings	
<u>Background</u>	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 8 years	
Endowment <i>premium</i> per month: £65	
<u>Established facts</u>	
Endowment <i>surrender value</i> :	£7,300
Capital repaid under equivalent repayment mortgage:	£7,600
<i>Surrender value</i> less capital repaid:	(£300)
Cost of converting from endowment mortgage to repayment mortgage:	(£200)
<u>Total outgoings to date</u>	
Repayment mortgage (capital + interest + DTA life cover):	£34,510
Endowment mortgage (endowment <i>premium</i> + interest):	£33,990
Difference in outgoings (repayment – endowment):	£520
<u>Basis of Compensation</u>	
In this example, the complainant has suffered loss because the surrender value of the endowment is less than the capital repaid but has gained from the lower total outgoings of the endowment mortgage. In calculating redress the gain may be offset against the loss unless the complainant's particular circumstances are such that it would be unreasonable to take account of the gain.	
Redress if it is not unreasonable to take account of the whole of the gain from lower outgoings	
Loss from <i>surrender value</i> less capital repaid:	(£300)
Gain from total lower outgoings under endowment mortgage:	£520
Cost of converting to repayment mortgage:	(£200)
Net gain:	£20
Therefore, there has been no loss and no redress is payable.	
Redress if it is unreasonable to take account of gain from lower outgoings	

EXAMPLE 3	
Loss from <i>surrender value</i> less capital repaid:	(£300)
Gain from total lower outgoings under endowment mortgage:	Ignored
Cost of converting to repayment mortgage:	(£200)
Net loss taken into account:	(£500)
Therefore total redress is:	£500

2.2.22

G

Table Example 4

/1

EXAMPLE 4	
Capital surplus more than offset by higher endowment mortgage outgoings	
<u>Background</u>	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 8 years	
Endowment <i>premium</i> per month: £75	
<u>Established facts</u>	
Endowment <i>surrender value</i> :	£7,800
Capital repaid under equivalent repayment mortgage:	£7,600
<i>Surrender value</i> less capital repaid:	£200
Cost of converting from endowment mortgage to repayment mortgage:	(£250)
<u>Total outgoings to date</u>	
Repayment mortgage (capital + interest + DTA life cover):	£34,510
Endowment mortgage (endowment <i>premium</i> + interest):	£34,950
Difference in outgoings (repayment – endowment):	(£440)
<u>Basis of compensation</u>	
In this example, the complainant has suffered loss because of the higher total outgoings to date of the endowment mortgage but has gained because the <i>surrender value</i> of the endowment is greater than the capital repaid. Since the sum of the loss and the conversion cost is greater than the gain, the redress is calculated as the difference between the two.	
<u>Redress</u>	
Gain from <i>surrender value</i> less capital repaid:	£200
Loss from total extra outgoings under endowment mortgage:	(£440)
Cost of converting to repayment mortgage:	(£250)

EXAMPLE 4	
Net loss:	(£490)
Therefore total redress is:	£490

2.2.23

G

Table Example 5

/1

EXAMPLE 5	
Capital surplus partially offset by higher endowment mortgage outgoings	
<u>Background</u>	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 10 years	
Endowment <i>premium</i> per month: £75	
<u>Established facts</u>	
Endowment <i>surrender value</i> :	£11,800
Capital repaid under equivalent repayment mortgage:	£9,700
<i>Surrender value</i> less capital repaid:	£2,100
Cost of converting from endowment mortgage to repayment mortgage:	(£300)
<u>Total outgoings to date</u>	
Repayment mortgage (capital + interest + DTA life cover):	£46,800
Endowment mortgage (endowment <i>premium</i> + interest):	£47,500
Difference in outgoings (repayment – endowment):	(£700)
<u>Basis of compensation</u>	
In this example, the complainant has suffered loss because of the higher total outgoings to date of the endowment mortgage relative to the repayment mortgage. However the sum of this and the conversion cost is less than the complainant's gain from the difference between the <i>surrender value</i> of the endowment and the capital repaid. Thus no redress is payable.	
<u>Redress</u>	
Gain from <i>surrender value</i> less capital repaid:	£2,100
Loss from total extra outgoings under endowment mortgage:	(£700)
Cost of converting to repayment mortgage:	(£300)
Net gain:	£1,100
Therefore there has been no loss and no redress is payable.	

2.2.24

G

Table Example 6

/1

Example 6	
Capital surplus and lower endowment mortgage outgoings	
<u>Background</u>	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 10 years	
Endowment <i>premium per month</i> : £65	
<u>Established facts</u>	
Endowment <i>surrender value</i> :	£10,100
Capital repaid under equivalent repayment mortgage:	£9,700
<i>Surrender value</i> less capital repaid:	£400
Cost of converting from endowment mortgage to repayment mortgage:	(£200)
<u>Total outgoings to date</u>	
Repayment mortgage (capital + interest + DTA life cover):	£46,800
Endowment mortgage (endowment <i>premium</i> + interest):	£46,300
Difference in outgoings (repayment – endowment):	£500
<u>Basis of compensation</u>	
In this example, the complainant has gained both because the <i>surrender value</i> of the endowment is greater than the capital repaid and because of the lower total outgoings of the endowment mortgage. These gains are larger than the cost of converting to a repayment mortgage. Thus no further action is necessary.	
<u>Redress</u>	
As there has been no loss, no redress is payable.	

2.2.25

G

Table Example 7

/1

Example 7	
Low start endowment mortgage	
<u>Background</u>	
Capital sum of £50,000	
25 year endowment <i>policy</i>	
Duration to date: 10 years	
Endowment <i>premium per month</i> : starting at £35 in first year, increasing by 20% simple on each <i>policy</i> anniversary, reaching £70 after five years and then remaining at that level.	
<u>Established facts:</u>	
Endowment <i>surrender value</i> :	£8,200
Capital repaid under equivalent repayment mortgage::	£9,700

Example 7	
<i>Surrender value</i> less capital repaid:	(£1,500)
Cost of converting from endowment mortgage to repayment mortgage:	(£250)
<u>Total outgoings to date</u>	
Repayment mortgage (capital + interest + DTA life cover):	£46,800
Endowment mortgage (endowment <i>premium</i> + interest):	£45,640
Difference in outgoings (repayment minus endowment):	£1,160
Of this difference in outgoings, £800 arose in the five year period when the complainant was paying a low endowment <i>premium</i> .	
<u>Basis of compensation</u>	
In this example, the complainant has suffered loss because the <i>surrender value</i> of the endowment is less than the capital repaid but has gained from the lower total outgoings of the endowment mortgage. As in Example 3, in calculating redress the whole of the gain should be offset against the loss unless the complainant's particular circumstances are such that it would be unreasonable to do so. However, unlike Example 3, in a low start endowment mortgage the complainant may have chosen to pay a lower than usual <i>premium</i> in the early years (this would need to be established on the facts of the case). Where it has been established that the complainant chose to make lower payments, even if it is unreasonable to take account of the whole of the gain from total outgoings, the gain from paying a lower <i>premium</i> during the low start period is normally taken into account. In such cases the redress is calculated as the capital loss plus the conversion cost minus the total amount by which repayment mortgage outgoings would have exceeded the actual low start endowment mortgage outgoings during the five year low start period.	
Redress if it is not unreasonable to take account of the whole of the gain from lower outgoings	
Loss from <i>surrender value</i> less capital repaid:	(£1,500)
Gain from total lower outgoings under endowment mortgage:	£1,160
Cost of converting to repayment mortgage:	(£250)
Net loss:	(£590)
Therefore total redress is:	£590
Redress if it is unreasonable to take account of gain from lower outgoings	
Loss from <i>surrender value</i> less capital repaid:	(£1,500)
Gain from total lower outgoings during low start period of endowment mortgage:	£800
Cost of converting to repayment mortgage:	(£250)
Net loss taken into account:	(£950)
Therefore total redress is:	£950

Interest rates

- 2.2.26** G_{/1} In fixing a repayment comparator, it would be appropriate to have regard to the repayment quotation actually provided at the time of sale. If more than one repayment quotation was obtained, the comparison should be with the quotation which approximates most closely to the terms of the endowment mortgage actually taken. If a repayment quotation was not provided, or is not now available, it should be assumed that the interest rate for the repayment comparison is the same as that of the mortgage endowment arrangements. *Firms* will then need to replicate interest rate changes throughout the lifetime of the comparator mortgage.

Life cover

- 2.2.27** G_{/1} Unless after due inquiry there is clear evidence that the complainant with a mortgage endowment had no foreseeable need for life cover at the time the endowment arrangements were concluded, in the overall comparison between a repayment mortgage and an endowment mortgage the monthly outgoings under the repayment will include the premium for the decreasing term assurance that would have been required. This adjustment for the cost of life cover is only to be made if the *firm* is undertaking a comparison of monthly outgoings. It is not appropriate to deduct the cost of life cover from the capital loss calculation, as this would constitute double counting.
- 2.2.28** G_{/1} If a deduction is to be attributed to the provision of life cover, the appropriate approach is to assume that the complainant took out the insurance quoted in the alternative repayment quotation provided at the time of the sale. If the quotation is not available, the deduction should be at the rates that would have been quoted at the time.

2.3 Remortgaging

- 2.3.1** G_{/1} As already noted, the basic objective of redress is to put the complainant, so far as is possible, in the position he would have been in if the inappropriate advice or other breach had not occurred: for their part, the complainants should take such reasonable steps as they can to limit loss once they are informed of the position they are in because of the failure of advice at the time of sale.
- 2.3.2** G_{/1} In practice, it is likely to be appropriate for a complainant whose complaint has been upheld to convert to a repayment mortgage, whether or not there is financial loss to date. It will normally be possible for complainants to do so without incurring unreasonable cost. Conversion will of course mean that the complainant no longer has a *policy*.
- 2.3.3** G_{/1} *Firms* should therefore in the case of upheld complaints inform complainants that it is likely to be appropriate and necessary for them to convert to a repayment arrangement.
- 2.3.4** G_{/1} *Firms* should make it clear that they will bear the costs of conversion if the rearrangement is made with the existing lender and to the equivalent repayment mortgage. If a complainant is not willing to rearrange with the existing lender, then

the costs to be paid by the *firm* should normally be limited to those which would have been payable had the rearrangement been made with the existing lender and to the equivalent repayment mortgage. If it is not possible to rearrange with the existing lender, for example, if the lender has a closed book, the *firm* should pay all costs which are not unreasonable in completing the rearrangement with an alternative provider. Such costs might include an administration fee for changing the existing arrangement, redemption penalty, arrangement fee for the new mortgage and the reasonable cost of further advice if necessary.

- 2.3.5** G_{/1} If the “new” mortgage is, in fact, arranged at a lower interest rate than the existing loan, the benefit to the complainant should usually be disregarded, as it is always open to complainants to change their underlying mortgage arrangements at any time.
- 2.3.6** G_{/1} If the “new” mortgage is arranged at a higher interest rate than the existing loan, the increased payment should not normally be taken into account in calculating any payment to be made to the complainant.
- 2.3.7** G_{/1} If the complainant takes the opportunity to increase his loan on the occasion of the remortgage, the expenses which a *firm* pays by way of compensation should be paid by reference to the capital sum due under the “old” loan.
- 2.3.8** G_{/1} As stated, one aspect of the conversion process is the disposal of the endowment *policy*. The standard approach to assessing loss requires *firms* to calculate loss using the *surrender value*. However, once loss is established on this basis and *firms* move to deal with redress, they may wish to consider whether there is a role for the *policy*’s “market value” within the traded endowment *policy* (TEP) market.
- 2.3.9** G_{/1} A *firm* may arrange the sale of the endowment *policy* on the traded endowment market, provided the full implications of such a course of action are explained to the complainant and his express consent is obtained for the firm to arrange the sale. This includes informing the investor that he will continue to be the life assured under the *policy*. The complainant should be informed that such an arrangement may reduce or eliminate the amount of redress actually borne by the *firm*, but not so as to affect the amount of redress he receives.
- 2.3.10** G_{/1} In the event that a complainant is willing to pursue this option, a *firm* should first have assessed the complainant’s loss using the approach set out in this appendix, and the minimum amount the complainant should receive under such a sale arrangement is the sum representing the position the complainant should have been in under this appendix together with the reimbursement of remortgaging costs. In order to ensure the process does not delay the provision of redress, the *firm* must pay this minimum sum immediately the complainant agrees to the sale arrangement. To the extent that the net amount realised by the sale of the *policy* on the traded endowment market exceeds the total redress due to the complainant, this greater sum is to be paid to the complainant on completion of the sale. If the amount realised by the sale of the *policy* on the traded endowment market is less than the total redress due to the complainant, the *firm* will be responsible for the amount of the shortfall.
- 2.3.11** G_{/1} Table Example of assessment set out at 2.3.10

The following example illustrates the position:

Surrender value	£10,000	TEP value	£16,000
Loss calculated by standard approach	£5,000		

Remortgaging costs	£300		
Total	<u>£15,300</u>		
Complainant receives £16,000 all ultimately funded from the TEP sale.			
Surrender value	£10,000	TEP value	£13,000
Redress calculated by standard approach	£5,000		
Remortgaging costs	£300		
Total	<u>£15,300</u>		
Complainant receives £15,300, £13,000 ultimately funded from the TEP sale and £2,300 ultimately funded from the <i>firm</i> .			

2.4 Policy reconstruction

2.4.1 G_{/1} This section of this appendix is primarily concerned with circumstances where the term of the mortgage and associated endowment *policy* extend beyond the individual complainant's normal retirement age in circumstances where the *firm* regards a complaint as justified because the arrangement is not affordable in retirement; and this could have, and should have, been foreseen at the time of the advice.

2.4.2 G_{/1} Two sets of circumstances are examined at *DISP* App 2.4.3G to *DISP* App 2.4.13G. Although these are considered in isolation, *firms* should, as part of their investigation of all of the factors involved in the complaint, consider whether either set of circumstances should be considered in conjunction with those factors examined at *DISP* App 2.2G.

Case 1

2.4.3 G_{/1} If on enquiry it is found that no proper assessment of the complainant's post-retirement means had been undertaken at the time of *sale*, but if the likelihood had been that the complainant would have borrowed the same amount over a shorter term (up to retirement) using an endowment *policy* as a repayment vehicle, then an appropriate form of redress would be for the *policy* to be reconstructed with a shorter term.

2.4.4 G_{/1} Redress should in most cases be provided by meeting the cost of rearranging the *policy*, by way of a lump sum payment into the *policy* in respect of the higher rate of *premium* due from its inception. It may be appropriate in individual cases to take account of the lower *premiums* that the complainant will have paid to date. The *guidance* in *DISP* App 2.2, as to the circumstances in which this will be appropriate, will be relevant here.

- 2.4.5** G_{/1} If the *policy* extends beyond retirement age and the complainant is already retired, the *policy* should be reconstructed to a maturity date as at the accepted retirement date, with the *policy* proceeds becoming immediately payable. The costs are to be borne by the *firm*, subject to any lower outgoings adjustment.
- 2.4.6** G_{/1} *Firms* should consider whether the reconstruction would have tax implications for complainants (see *DISP* App 2.5.8G and *DISP* App 2.5.9G).
- 2.4.7** G_{/1} The reconstruction process deals with the situation to the date the *policy* is reconstructed. The complainant will generally be responsible for paying the increased *premiums* for the remaining term.
- 2.4.8** G_{/1} At the time the complainant is advised of the revised *premium*, he should as a matter of good practice be provided with a reprojection based on the prevailing *projection* rates, which will allow him to address any projected shortfall.
- 2.4.9** G_{/1} If it is not possible for a *firm* to reconstruct a *policy*, then it should offer the investor equivalent redress, for example, by paying a cash lump sum equivalent to the amount that would have been credited to a reconstructed *policy*.

Case 2

- 2.4.10** G_{/1} If a loan extending into retirement was on any basis not affordable, whether or not it is reconstructed to the retirement date, *firms* will need to consider whether, if proper advice had been given, the loan would have been taken out at all and, if not, consider what arrangements might now need to be made in order to reduce the amount of the complainant's borrowings.

Mismatched loans and policy terms

- 2.4.11** G_{/1} If a complaint is regarded as justified by the *firm* on the basis that the endowment *policy* maturity date extends beyond the mortgage term expiry date and the *firm* is responsible for this situation, the *policy* should be reconstructed so that it matures at the expiry of the mortgage term.
- 2.4.12** G_{/1} In these circumstances the *guidance* given elsewhere in *DISP* App 2.4 will apply as appropriate.

Examples

- 2.4.13** G_{/1} The following examples illustrate the approach to redress as described in this section.
- 2.4.14** G_{/1} Table Example 8

EXAMPLE 8

Term extends beyond retirement age and *policy* reconstruction

Background

45 year old male non-smoker, having taken out a £50,000 loan in 1998 for a term of 25 years. Unsuitable sale identified on the grounds of affordability and complaint raised on 12th *policy* anniversary.

It has always been the intention of the complainant to retire at State retirement age 65.

Term from date of sale to retirement is 20 years and the maturity date of the mortgage is 5 years after retirement.

Established facts

Established <i>premium</i> paid by investor on <i>policy</i> of original term (25 years):	£81.20
<i>Premium</i> that would have been payable on <i>policy</i> with term from <i>sale</i> to retirement (20 years):	£111.20
Actual <i>policy</i> value at time complaint assessed:	£12,500
Value of an equivalent 20-year <i>policy</i> at time complaint assessed:	£21,300
Difference in <i>policy</i> values at time complaint assessed:	£8,800
Difference in outgoings (20 year <i>policy</i> – 25 year <i>policy</i>):	£4,320

Basis of compensation

The *policy* is reconstructed as if it had been set up originally on a term to mature at retirement age, in this example, a term of 20 years. The difference in the current value of the *policy* actually sold to the complainant and the current value of the reconstructed *policy*, as if the *premium* on the reconstructed *policy* had been paid from outset, is calculated. The complainant has gained from lower outgoings (lower *premiums*) of the actual endowment *policy* to date. In calculating the redress, the gain may be offset against the loss unless the complainant's particular circumstances are such that it would be unreasonable to take account of the gain.

Redress generally if it is not unreasonable to take account of the whole of the gain from lower outgoings

Loss from current value of reconstructed <i>policy</i> less current value of actual <i>policy</i> :	(£8,800)
Gain from total lower outgoings under actual <i>policy</i> :	£4,320
Net loss:	(£4,480)
Therefore total redress is:	£4,480

Redress if it is unreasonable to take account of gain from lower outgoings	
Loss from current value of reconstructed <i>policy</i> less current value of actual <i>policy</i> :	(£8,800)
Gain from total lower outgoings under actual <i>policy</i> :	<i>Ignored</i>
Therefore total redress is:	<u>£8,800</u>
<u>Additional Information</u>	
<p>If the <i>policy</i> is capable of reconstruction, the complainant must now fund the higher <i>premiums</i> himself for the remainder of the term of the shortened <i>policy</i> until maturity. In this example the higher <i>premium</i> could be £111.20. However the <i>firm</i> should provide the complainant with a reprojection letter based on the reconstructed <i>policy</i> such that the actual monthly payment required to achieve the target sum could be even higher, say £130. The reprojection letter should set out the range of options facing the complainant to deal with the projected shortfall, if any.</p>	

2.4.15

G Table Example 9
/1

EXAMPLE 9	
Term extends beyond retirement age: example of failure to explain investment risks	
<u>Background</u>	

EXAMPLE 9

45 year old male non-smoker, having taken out a £50,000 loan in 1998 for a term of 25 years. Unsuitable sale identified on the grounds of affordability and complaint raised on 12th anniversary.

It has always been the intention of the complainant to retire at state retirement age 65.

Term from date of sale to retirement is 20 years and the maturity date of the mortgage is five years after retirement.

In addition, an endowment does not meet the complainant's attitude to investment risk and a repayment mortgage would have been taken out if properly advised.

Established facts

<i>Surrender value</i> (on the 25 year <i>policy</i>) at time complaint assessed:	£12,500
Capital repaid under repayment mortgage of term to retirement date (20 years):	£21,000
<i>Surrender value</i> less capital repaid:	(£8,500)
Difference in outgoings (repayment – endowment):	£5,400
Cost of converting from endowment mortgage to repayment mortgage:	£200

Basis of compensation:

The *surrender value* of the (25 year term) endowment *policy* is compared to the capital that would have been repaid to date under a repayment mortgage arranged to repay the loan at retirement age, in this example, a repayment mortgage for a term of 20 years. The complainant has gained from lower outgoings of the endowment mortgage to date. In calculating the redress, the gain may be offset against the loss unless the complainant's particular circumstances are such that it would be unreasonable to take account of the gain. The conversion costs are also taken into account in calculating the redress.

Redress generally

Loss from <i>surrender value</i> less capital repaid:	(£8,500)
---	----------

EXAMPLE 9	
Gain from total lower outgoings under endowment mortgage:	£5,400
Cost of converting to a repayment mortgage:	(£200)
Net loss:	(£3,300)
Therefore total redress is:	<u>£3,300</u>
Redress if it is unreasonable to take account of gain from lower outgoings	
Loss from <i>surrender value</i> less capital repaid:	(£8,500)
Gain from total lower outgoings under endowment mortgage:	<i>Ignored</i>
Cost of converting to a repayment mortgage:	(£8,700)
Therefore total redress is:	<u>£8,700</u>

2.5 Additional considerations

Introduction

- 2.5.1 G_{/1} This section addresses two issues which may be relevant to the standard redress for unsuitability cases, as well as some post-retirement cases upheld on the grounds of affordability.

Continuing life cover and other policy benefits

- 2.5.2 G_{/1} *Firms* will need to consider the importance for many complainants of having life assurance in place to ensure a mortgage is paid off in the event of death.
- 2.5.3 G_{/1} If a complaint is upheld and the *policy* is to be surrendered as part of the settlement, the *firm* should remind the complainant in writing that the life cover within the endowment will be terminated and that it may therefore be appropriate to take advice about the merits or otherwise of taking out a stand-alone *life policy* in substitution.
- 2.5.4 G_{/1} If a need for life assurance at inception has been established so that a deduction representing its cost has been made from the redress payable under *DISP* App 2.2.4G, the *firm* should advise the complainant that the *firm* would be responsible for paying any *premium* for an appropriate replacement *policy* which exceeds that used for calculating the deduction or alternatively will, where possible, provide the

cover itself at that cost. If it is not possible for the *firm* to provide the cover itself at the original cost, it may choose to discharge that obligation by the payment of an appropriate lump sum. Any such amount should enable the complainant to effect the cover at the original cost, with no additional cost in respect of increased age or deterioration in health. This option may be particularly relevant if the *firm* against which the complaint has been made is an independent intermediary which cannot itself provide the cover, although it may be possible for such a *firm* to arrange for the product provider to offer cover to the complainant at the original *premium* on payment by the independent intermediary of an appropriate lump sum to meet any increased cost.

- 2.5.5** G_{/1} *Firms* will not be responsible for any increased costs resulting from the complainant choosing another *product provider* or for increased *premiums* charged by another provider chosen by the complainant in respect of the risk now presented, for example, higher *premiums* charged by the other provider due to deterioration in health, unless the original *product provider* no longer writes new business and is unable to offer revised life cover on a decreasing term assurance basis.
- 2.5.6** G_{/1} There can be exceptional circumstances where, in order to retain suitable life cover, the endowment *policy* has to be retained and any additional costs will be the responsibility of the *firm* that sold the endowment *policy*.
- 2.5.7** G_{/1} The same considerations will apply to the establishment of the need for other *policy* benefits including critical illness cover, disability cover and waiver of *premium*.

Taxation

- 2.5.8** G_{/1} *Firms* will need to consider the likely taxation implications for complainants if *policies* are surrendered or reconstructed, or any form of underpinning or guarantee is given.
- 2.5.9** G_{/1} If there is potential tax liability for the complainant, it will be appropriate for *firms* to undertake in writing to the complainant to reimburse any tax payable, or which becomes payable, and make payment on production of appropriate evidence of the liability and payment having been made.

”Underpinning”

- 2.5.10** G_{/1} *Firms* proposing to offer arrangements involving some form of minimum underpinning or “guarantee” should discuss their proposals with the *FSA* and the Inland Revenue at the earliest possible opportunity (see *DISP* App 2.5.8G). The *FSA* will need to be satisfied that these proposals provide complainants with redress which is at least commensurate with the standard approaches contained in this appendix.

Reference to the guidance in firms’ complaints settlement letters

- 2.5.11** G_{/1} One of the reasons for introducing the *guidance* in this appendix is to seek a reduction in the number of complaints which are referred to the *Financial Ombudsman Service*. If a *firm* writes to the complainant proposing terms for settlement which are in accordance with this appendix, the letter may include a statement that the calculation of loss and redress accords with the *FSA guidance*,

but should not imply that this extends to the assessment of whether or not the complaint should be upheld. *Firms* should point out that if the complainant remains dissatisfied, he may refer the complaint to the *Financial Ombudsman Service*.

2.5.12**G**

/1

A statement under *DISP* App 2.5.11G should not give the impression that the proposed terms of settlement have been expressly endorsed by either the *FSA* or the *Financial Ombudsman Service*.

Actions for damages for contravention under section 150 of the Act

1 Table

G	
1	The table below sets out the rules in <i>DISP</i> contravention of which by an <i>authorised person</i> may be actionable under section 150 of the <i>Act</i> (Actions for damages) by a <i>person</i> who suffers loss as a result of the contravention.
2	If a "Yes" appears in the column headed "For <i>private person</i> ?", the rule may be actionable by a " <i>private person</i> " under section 150 (or, in certain circumstances, his fiduciary or representative; see article 6(2) and (3)(c) of the Financial Services and Markets Act 2000 (Rights of Action) Regulations 2001 (SI 2001 No 2256)). A "Yes" in the column headed "Removed" indicates that the <i>FSA</i> has removed the right of action under section 150(2) of the <i>Act</i> . If so, a reference to the rule in which it is removed is also give.
3	The column headed "For other person?" indicates whether the rule may be actionable by a <i>person</i> other than a <i>private person</i> (or his fiduciary or representative) under article 6(2) and (3) of those Regulations. If so, an indication of the type of <i>person</i> by whom the rule may be actionable is given.

COMPENSATION SOURCEBOOK INSTRUMENT 2001

- A. The Financial Services Authority makes the rules and gives the guidance in this instrument in the exercise of the powers listed in Schedule 4 to the Annex to this instrument (Powers exercised).
- B. The instrument comes into force as follows:
- (1) COMP 14 (EEA firms) and A to E on this page come into force immediately;
 - (2) the remainder of this instrument comes into force at the beginning of the day on which section 19 of the Act (the general prohibition) of the Financial Services and Markets Act 2000 (“the Act”) comes into force.
- C. The provisions of the Act relevant to making rules and listed in Schedule 4 to the Annex to this instrument (Powers exercised) are specified for the purpose of section 153(2) of the Act (Rule-making instruments).
- D. This instrument may be cited as the Compensation Sourcebook Instrument 2001.
- E. This Annex to this instrument (including its Schedules) may be cited as the Compensation sourcebook (or COMP).

1 Table Transitional Provisions Table

(1)	(2) Material to which the transitional provision applies	(3)	(4) Transitional Provision	(5) Transitional provision: dates in force	(6) Handbook Provisions coming into force
1	COMP 5	R	<p><u>Protected claims</u></p> <p>(1) <i>A claim for a protected deposit or under a protected contract of insurance includes a claim in respect of an article 9 default, subject to (2)</i></p> <p>(2) <i>A claim must be treated as a claim in relation to a protected contract of insurance under COMP 5.4.5R if the conditions in article 10((1)(a)–(d) of the compensation transitionals order are satisfied.</i></p> <p>(3) <i>A claim in connection with protected investment business includes a claim in respect of a pending application.</i></p> <p>(4) <i>Where the claim is in respect of an article 9 default or a pending application, the FSCS must apply the rules of the relevant former scheme, as they applied to the default before commencement, unless (2) applies.</i></p>	Indefinitely	<i>Commencement</i>

- (5) The rules of each *investment business compensation scheme* are amended so that references to the person managing the scheme are replaced by references to the *FSCS*.
- (6) The rules of the Friendly Societies Protection Scheme are amended so that:
- (a) references to the person managing the scheme are replaced by references to the *FSCS*; and
 - (b) References to functions conferred upon the Friendly Societies Protection Scheme Board are replaced by references to functions conferred upon the *FSCS*.
- (7) Where the default occurs after *commencement*, a *claim* for a *protected deposit* includes a *claim* that arose before *commencement* in respect of:
- (a) a deposit within the meaning of the Banking Act 1987; and
 - (b) a *claim* in respect of a protected investment within the meaning of section 27 of the Building Societies Act 1986.
- (8) Where the default occurs after *commencement*, a *claim* in connection with *protected investment business* includes a *claim* that could have been entertained under an *investment business compensation scheme* (provided that the person making the claim has not also made a *pending application* arising out of the same set of facts).

2	COMP 13.5R and COMP 13.6R	R	<p>Funding</p> <p>(1) The FSCS must give a <i>participant firm</i> which is a <i>professional firm</i> the following discount on the <i>specific costs levy</i> or <i>compensation costs levy</i> that it would otherwise have to pay:</p> <p>(a) 75%, if the levy is made between 1 December 2001 and 31 March 2002;</p> <p>(b) 25%, if the levy is made between 1 April 2002 and 31 March 2003;</p> <p>(c) 10%, if the levy is made between 1 April 2003 and 31 March 2004.</p> <p>(2) The FSCS must reallocate the amount of any discount to the other members of the relevant <i>contribution group</i>, in accordance with the relevant tariff basis in COMP 13.6.7R.</p>	Commencement – 31 March 2004	Commencement
3	COMP 134.6R and COMP 13.6.77	R	<p>Calculation of levies</p> <p>(1) Until 31 March 2002, the FSCS must calculate a <i>participant firm's</i> share of a <i>compensation costs levy</i> allocated to the insurance business <i>sub-scheme</i> in accordance with the provisions of the Policyholders Protection Act 1975 (including the provisions relating to net premium income).</p>	Commencement – 31 March 2002	Commencement

4	COMP 13.5.8R	R	<p>(2) In making the calculation under transitional provision 3R(1), the <i>FSCS</i> may assess a <i>participant firm</i> for its share of a <i>compensation costs levy</i> on any reasonable basis, if the <i>participant firm</i> has not provided the information required under the Policyholders Protection Act 1975, making such adjustments as seem appropriate in subsequent levies once the true figures are known.</p> <p>Grandfathered Firms</p> <p>COMP 13.5.8R (New participant firms) does not apply to a <i>firm</i> that becomes <i>authorised</i> at <i>commencement</i> under the Financial Services and Markets Act 2000 (Transitional Provisions) (authorised Persons etc.) Order 2001.</p>	Commencement – 31 March 2002	Commencement
---	--------------	---	---	------------------------------	--------------

Forward to the Compensation Sourcebook

(This Forward to the Compensation Sourcebook does not form part of COMP.)

Forward

The Act requires the FSA to make rules establishing a scheme for compensating consumers when authorised firms are unable, or likely to be unable, to satisfy claims against them. The body established to operate and administer the compensation scheme is the Financial Services Compensation Scheme Limited (FSCS). By making rules that allow the FSCS to pay compensation to retail consumers and small businesses, focusing protection on those who need it most, the compensation scheme rules form an important part of the toolkit the FSA will use to meet its statutory objectives.

This module of the FSA Handbook contains the rules and guidance that allow the Financial Services Compensation Scheme Limited to pay claims for compensation or secure continuity of insurance when an authorised person is unable or likely to be unable to meet claims against it. The rules specify who is eligible to receive compensation and in what circumstances, how much compensation can be paid to a claimant; and how the scheme will be funded. The compensation rules, although of interest to consumers and authorised firms, do not in fact apply to either. The rules only apply to the FSCS.

The Sourcebook is divided into 14 Chapters covering all aspects of the scheme:

Chapter 1: Introduction and Overview

This chapter provides an introduction to the FSCS rules and a table of question and answers that may be of interest to consumers.

Chapter 2: The FSCS

This chapter gives the FSCS the duty to administer the compensation scheme. It also sets out the general conditions the FSCS must follow when administering the scheme such as having regard to the efficient and economic use of resources, the requirement to publish an Annual Report, and the duty to ensure consumers are informed about how they can make a claim. The rules in this chapter also require the FSCS to have in place procedures for dealing with complaints.

Chapters 3 The qualifying conditions for paying compensation

This chapter sets out the main qualifying conditions that must be satisfied before the FSCS can pay compensation to claimants or take steps to secure continuity of insurance. These are that a claimant is eligible to claim; the activity that gave rise to the loss is protected by the scheme; the firm against which the claim is being made is protected by the scheme; and that the claimant has assigned his rights to the scheme. Chapters 4-7 expand on the general conditions described in Chapter 3.

Chapter 4 Eligible claimants

This chapter specifies who is eligible to receive compensation or benefit from the continuity of insurance provided by the FSCS.

Chapter 5 What is a protected claim?

This chapter specifies the activities that are protected by the FSCS.

Chapter 6 Relevant persons in default

This chapter specifies the circumstances when a firm is in default, that is, when a firm is to be taken as being unable or likely to be unable to meet claims against it. The FSCS can only pay compensation, take steps to secure continuity of insurance, or provide assistance to an insurer in financial difficulties if the circumstances specified in Chapter 6 are met.

Chapter 7 Assignment of rights

This chapter enables the FSCS to make an offer of compensation conditional on the claimant assigning to it their rights to claim against the failed firm. If the FSCS recovers from the firm a greater sum than it has paid to the claimant, it must pay the balance to the claimant.

Chapter 8 Rejection of application and withdrawal of offer

This chapter allows the FSCS to reject an application for compensation or withdraw an offer of compensation in specified circumstances.

Chapter 9 Time limits on payment and postponing payment

This chapter requires the FSCS to pay a claim for compensation within a specified time unless specified conditions apply.

Chapter 10 Limits on the amount of compensation payable

This chapter specifies the maximum amount of compensation the FSCS can pay to a claimant, and the limits on the FSCS's duty to secure continuity of insurance for policyholders. Different limits apply depending on whether the claim is for a deposit, a claim on an insurance policy, or a claim in connection with an investment.

Chapter 11 Payment of compensation

This chapter specifies to whom the FSCS may pay compensation. In certain circumstances compensation may be paid to a person other than the claimant.

Chapter 12 Calculating compensation

This chapter specifies how the FSCS will calculate the amount of compensation it can pay to a claimant.

Chapter 13 Funding

This chapter allows the FSCS to make levies on authorised firms to fund the operation of the scheme, to pay compensation or secure continuity of insurance. It specifies how FSCS can make levies, how costs are to be allocated, the maximum the FSCS can levy in any particular period of time, and how sums recovered from failed firms are to be treated.

Chapter 14 Participation by EEA firms

This chapter sets out the way the FSCS deals with incoming EEA firms who may choose to top-up into the FSCS to supplement the compensation available from their home state scheme.

Chapter 1

Introduction and Overview

1.1 Application, Introduction, and Purpose

Application

1.1.1 G This chapter is relevant to:

01.12.01/001

- (1) the *FSCS*;
- (2) *eligible claimants*; and
- (3) *firms*.

1.1.2 G This sourcebook is principally relevant to the *FSCS*. It sets out the circumstances in which compensation may be paid, to whom compensation may be paid, and on whom the *FSCS* can impose levies to meet the costs of paying compensation (see in particular *COMP 3, 4, and 13*). It also describes how the *FSCS* is to calculate compensation in particular cases (see *COMP 12*).

01.12.01/001

1.1.3 G Claimants and their advisers will be particularly interested in the sections of this sourcebook which deal with eligibility for claiming compensation, the way that the *FSCS* calculates compensation, and how they can make a claim. For convenience, the relevant parts of this sourcebook are highlighted in a list of questions and answers in *COMP 1.3.3G*.

01.12.01/001

1.1.4 G *Firms* will be particularly interested in *COMP 13*, which deals with levies.

01.12.01/001

Introduction

1.1.5 G Under section 212 of the *Act* (The scheme manager), the *FSA* must establish a body corporate to exercise the functions that are conferred on that body corporate by Part XV of the *Act*, dealing with compensation. This body is the Financial Services Compensation Scheme Limited, a company limited by guarantee (*FSCS*).

01.12.01/001

1.1.6 G The *FSA* is also required, under section 213 of the *Act* (The compensation scheme), to make *rules* establishing a compensation scheme. These *rules* are set out in the remaining chapters of this sourcebook, and are directed to the *FSCS*, claimants and potential claimants, and *firms*.

01.12.01/001

Purpose

1.1.7 G The *FSCS* will only pay *claims* if a *firm* is unable or likely to be unable to meet *claims* against it because of its financial circumstances. If a *firm* is still trading and

01.12.01/001

has sufficient financial resources to satisfy a *claim*, the *firm* will be expected to meet the *claim* itself. This can, for example, be an amount the *firm* agrees with the claimant, or the amount of an *Ombudsman* award from the *Financial Ombudsman Service*.

1.1.8

01.12.01/001

COMP 1 consists of *guidance* which is aimed at giving an overview of how this sourcebook works. The provisions of COMP 2-14 cover who is eligible, the amount of compensation and how it might be paid, and the ways in which the activities of the FSCS are to be financed.

1.1.9

01.12.01/001

This sourcebook is one of the means by which the FSA will meet its *regulatory objectives* of securing the appropriate degree of protection for *consumers* and maintaining confidence in the *financial system*.

1.1.10

01.12.01/001

By setting up the FSCS and making *rules* that allow the FSCS to provide compensation at a level appropriate for the protection of retail *consumers* and *small businesses*, the FSA enables *consumers* to participate in the financial markets with the confidence that they will be protected, at least in part, should the *relevant person* with whom they are dealing be unable to satisfy *claims* against it.

1.2 The FSCS

1.2.1

01.12.01/001

While this sourcebook deals with the main powers and duties of the *FSCS*, it does not provide the complete picture. Other aspects of the operation of the *FSCS* are dealt with through the powers of the Financial Services Compensation Scheme Limited under company law (such as the power to borrow, to take on premises, etc.).

1.2.2

01.12.01/001

- (1) In addition, the *Act* itself confers certain powers upon the *FSCS*, such as a power under section 219 of the *Act* (Scheme Manager's powers to require information) to require *persons* to provide information. These powers are not, therefore, covered by this sourcebook.
- (2) Of specific relevance to the way in which the *FSCS* fulfils its responsibilities is the relationship between the *FSCS* and the *FSA*. This is covered in a Memorandum of Understanding which can be found on the *FSA* website www.fsa.gov.uk.

1.3 Claimants

1.3.1 **G**
01.12.01/001

The *FSCS* also provides information to claimants and potential claimants about the way the *FSCS* works and the procedures that need to be followed when making a *claim*. The *FSCS* can be contacted at 7th Floor, Lloyds Chambers, 1 Portsoken Street, London E1 8BN, or by telephone or fax (Tel: 020 7892 7300 or Fax: 020 7892 7301), or by e-mail (enquiries@fscs.org.uk).

1.3.2 **G**
01.12.01/001

Information about the operation of the *FSCS* and how to claim is also available from the *FSCS* website (www.fscs.org.uk).

1.3.3 **G**
01.12.01/001

Table Areas of particular interest to claimants (see COMP 1.1.3G). This Table belongs to COMP 1.3.3.

Q1	What do I need to do in order to receive compensation?	
A1	In order to receive compensation:	
	(1) you must be an <i>eligible claimant</i> ;	COMP 4.2–3
	(2) you must have a <i>protected claim</i> ;	COMP 5.2–5
	(3) you must be claiming against a <i>relevant person</i> ;	COMP 6.2.1R
	(4) the <i>relevant person</i> must be <i>in default</i> .	COMP 6.3
	In addition, if the <i>FSCS</i> requires you to do so, you must assign your legal rights in the claim to the <i>FSCS</i> .	COMP 7.2
	And you must bring your claim to the <i>FSCS</i> within a set time (normally within six years of the date on which your claim against the <i>relevant person</i> occurred).	COMP 8.2.3R–8.2.4R
	It is possible, in certain circumstances, for someone else to make a <i>claim</i> on your behalf.	COMP 3.2.2R
Q2	How much compensation will I be offered?	
A2	This depends on whether your <i>protected claim</i> is:	
	(1) a <i>claim</i> for a <i>protected deposit</i> , or	COMP 5.3
	(2) a <i>claim</i> under a <i>protected contract of insurance</i> ; or	COMP 5.4
	(3) a <i>claim</i> in connection with <i>protected investment business</i> .	COMP 5.5
	Different limits apply to different types of <i>claim</i> .	COMP 10.2.3R
Q3	How will the <i>FSCS</i> calculate the compensation that is offered to me?	
A3	Again, this will depend on whether your <i>protected claim</i> is a:	
	(1) a <i>claim</i> for a <i>protected deposit</i> , or	COMP 12.2.1R, 12.3.1R, and 12.4.1R

1

	<p>(2) a claim under a <i>protected contract of insurance</i>; or</p> <p>(3) a claim in connection with <i>protected investment business</i>.</p>	<p>COMP 12.2.1R, 12.3.2–4R, and 12.4.9R–12.5.2R</p> <p>COMP 12.2.1R, 12.3.5–6R, and 12.4.2–8R</p>
	<p>Certain types of <i>protected investment business claim</i> require the FSCS to use a particular method of calculation.</p>	<p>COMP 12.4.5–7R</p>
<p>Q4</p>	<p>What happens if an insurance undertaking is insolvent?</p>	
<p>A4</p>	<p>If you have a <i>long term insurance contract</i> with an insolvent <i>insurance undertaking</i>, the FSCS will first try to secure continuity of insurance for you.</p> <p>If the FSCS achieves this, you will not necessarily receive any cash, but you will continue to be insured (though possibly with lower benefits than before).</p> <p>You will receive cash compensation only if the FSCS cannot secure continuity of insurance cover or the cost of doing so would be unreasonable.</p> <p>If you have a <i>relevant general insurance contract</i> with an insolvent <i>insurance undertaking</i>, the FSCS will pay you cash compensation if it is unable to secure continuity of insurance cover or the cost of doing so would be unreasonable.</p> <p>If the <i>insurance undertaking</i> is in "financial difficulties", the FSCS may try to arrange for another <i>insurance undertaking</i> to take over the <i>business</i>, or provide the <i>insurance undertaking</i> with financial assistance to carry on business. If this occurs, you will not receive cash compensation, but your policy will continue (though possibly with lower benefits than before).</p>	<p>COMP 3.3, 11.2.3R, and 12.4.11R</p> <p>COMP 3.3R, 10.2.6R, 11.2.2R, and 12.5.1R</p> <p>COMP 3.3.1–2R, and 11.2.1R</p> <p>COMP 3.2.1–2R and 11.2.3R</p> <p>COMP 3.3.3–6R, 10.2.6–7R, and 11.2.3R</p>

1.4 EEA Firms

1.4.1

G
01.12.01/001

Incoming EEA firms which are conducting *regulated activities* in the *United Kingdom* under a *BCD* or *ISD* passport are not required to participate in the *compensation scheme* in relation to those *passport activities*. They may apply to "top-up" into the *compensation scheme* if the level or scope of cover provided by the *incoming EEA firm's Home State* compensation scheme is less than that provided by the *compensation scheme*. This is covered by *COMP 14*.

1.4.2

G
01.12.01/001

If an *incoming EEA firm* "tops-up", and then becomes insolvent, the *Home State* compensation scheme will pay compensation for *claims* up to the limit and scope of the *Home State* compensation scheme, with the *FSCS* paying compensation for the additional amount in accordance with the provisions in this sourcebook.

1.4.3

G
01.12.01/001

The *DGD* and *ICD* require the *FSCS* to make arrangements with the relevant *Home State* compensation scheme regarding the payment of compensation (*COMP 14.3.1R*).

Chapter 2

2

The FSCS

2.1 Application and Purpose

Application

2.1.1 R This chapter applies to the *FSCS*.
01.12.01/001

Purpose

2.1.2 G In order to carry out its functions and put into effect the provisions set out in *COMP 3 - COMP 14* (which deal with determining whether compensation is payable, calculating the amount of compensation that should be paid, and making levies on *firms*), the *FSCS* needs to have a variety of powers. The purpose of this chapter is to set out these powers, and the restrictions upon them.
01.12.01/001

2.2 Duties of the FSCS

Administering the compensation scheme

2.2.1 **R** The FSCS must administer the *compensation scheme* in accordance with the *rules* in this sourcebook and any other rules prescribed by law to ensure that the *compensation scheme* is administered in a manner that is procedurally fair and in accordance with the European Convention on Human Rights.

01.12.01/001

2.2.2 **G** The FSCS may:

01.12.01/001

- (1) pay compensation to *eligible claimants* or secure continuity of insurance for *eligible claimants* when a *relevant person* is unable or likely to be unable to meet *claims* against it in accordance with the sourcebook; and
- (2) make levies on *participant firms*, in accordance with COMP 13 (Funding), to enable it to pay compensation, secure continuity of insurance, or meet the costs of discharging its functions under this sourcebook.

Information for claimants

2.2.3 **R** The FSCS must publish information for claimants and potential claimants on the operation of the *compensation scheme*.

01.12.01/001

Assistance to claimants

2.2.4 **R** The FSCS may agree to pay the reasonable costs of an *eligible claimant* bringing or continuing insolvency proceedings against a *relevant person* (whether those proceedings began before or after a determination of default), if the FSCS is satisfied that those proceedings would help it to discharge its functions under the requirements of this sourcebook.

01.12.01/001

Annual Report

2.2.5 **G** The FSCS must make and publish an annual report to the FSA on the discharge of its functions (section 218 of the *Act* (Annual report)).

01.12.01/001

Finance and resources

2.2.6

R

01.12.01/001

The *FSCS* must have regard to the need to use its resources in the most efficient and economic way in carrying out its functions under the requirements of this sourcebook.

Publication of defaults

2.2.7

R

01.12.01/001

The *FSCS* must take appropriate steps to ensure that potential claimants are informed of how they can make a *claim* for compensation as soon as possible after a determination has been made that a *relevant person* is *in default*, whether by the *FSCS* or the *FSA*.

Complaints

2.2.8

R

01.12.01/001

The *FSCS* must put in place and publish procedures which satisfy the minimum requirements of procedural fairness and comply with the European Convention on Human Rights for the handling of any complaints of maladministration relating to any aspect of the operation of the *compensation scheme*.

Chapter 3

The qualifying conditions for compensation

3

3.1 Application and Purpose

Application

3.1.1 **R** This chapter applies to the *FSCS*.

01.12.01/001

3.1.2 **G** It is also relevant to claimants.

01.12.01/001

Purpose

3.1.3 **G** The purpose of this chapter is to set out in general terms the conditions that must be satisfied before the *FSCS* can make an offer of compensation, or secure continuity of insurance cover, or provide assistance to an *insurance undertaking* to enable it to continue *insurance business*.

01.12.01/001

3.1.4 **G** The qualifying conditions for paying compensation are set out in greater detail in *COMP 4 – COMP 7*.

01.12.01/001

3.2 The qualifying conditions for paying compensation

3.2.1

R

01.12.01/001

The FSCS may pay compensation to an *eligible claimant*, subject to COMP 11 (Payment of Compensation), if it is satisfied that:

- (1) an *eligible claimant* has, for *claims* other than *claims* under a *protected contract of insurance*, made an application for compensation;
- (2) the claim is in respect of a *protected claim* against a *relevant person* who is *in default*;
- (3) where the FSCS so requires, the claimant has assigned the whole or any part of his rights against the *relevant person* or against any third party to the FSCS, on such terms as the FSCS thinks fit; and
- (4) in the case of a *claim* under a *protected contract of insurance*:
 - (a) it is not reasonably practicable or appropriate to take steps to secure continuity of insurance under COMP 3.3.1R and COMP 3.3.4R(1); or
 - (b) it would not be appropriate to take the measures specified in COMP 3.3.4R(2) to provide assistance to an *insurance undertaking* in financial difficulties.

3.2.2

R

01.12.01/001

The FSCS may also pay compensation to a *person* who makes a *claim* on behalf of another *person* if the FSCS is satisfied that the *person* on whose behalf the *claim* is made:

- (1) is or would have been an *eligible claimant*; and
- (2) would have been paid compensation by the FSCS had he been able to make the *claim* himself, or to pursue his application for compensation further.

PAGE
3

3.2.3

G

01.12.01/001

Examples of the circumstances covered by COMP 3.2.2R are:

- (1) when personal representatives make a *claim* on behalf of the deceased;
- (2) when trustees make a *claim* on behalf of beneficiaries (for further provisions relating to *claims* by trustees, see COMP 12.6.1 to COMP 12.6.7R);

- (3) when the donee of an enduring power of attorney makes a *claim* on behalf of the donor of the power;
- (4) when the Master of the Court of Protection makes a *claim* on behalf of a *person* incapable by reason of mental disorder of managing and administering his property and affairs;
- (5) when an *eligible claimant* makes a *claim* for compensation but dies before his *claim* is determined.

3.3 Insurance

Securing continuity of insurance cover

3.3.1 **R**
01.12.01/001

The FSCS must make arrangements to secure continuity of insurance for an *eligible claimant* under a *protected contract of insurance* which is a *long term insurance contract* with a *relevant person*, if:

- (1) the *relevant person* is the subject of any of the proceedings listed in COMP 6.3.3R(1)-(5); and
- (2) it is reasonably practicable to do so.

3.3.2 **R**
01.12.01/001

The arrangements contemplated by COMP 3.3.1R include arrangements to:

- (1) secure or facilitate the transfer of the *long-term insurance business* of the *relevant person in default* or any part of that business, to another *firm*; and
- (2) secure the issue of policies by another *firm* to *eligible claimants* in substitution for their existing policies.

Insurance undertakings in financial difficulties

3.3.3 **R**
01.12.01/001

Where a *relevant person* is an *insurance undertaking* in financial difficulties (see COMP 3.3.6R), the FSCS must take such measures for the purpose of safeguarding *eligible claimants* on such terms (including terms reducing or deferring payment of any liabilities or benefits provided under any *protected contract of insurance*) as it considers appropriate if, in the opinion of the FSCS at the time it proposes to take the measures, the cost is likely to be less than the cost of paying compensation under COMP 3.2.

PAGE
5

3.3.4 **R**
01.12.01/001

The measures contemplated in COMP 3.3.3R include measures to:

- (1) secure or facilitate the transfer of the business of the *relevant person* which consists of *carrying out contracts of insurance*, or any part of the business, to another *firm*; and

3.3.5

01.12.01/001

- (2) give assistance to the *relevant person* to enable it to continue to effect or carry out contracts of insurance.

Before the FSCS takes the measures described in COMP 3.3.3R for the purpose of safeguarding an *eligible claimant* in respect of a *protected contract of insurance* that is a long term insurance contract, it must:

- (1) reduce the *eligible claimant's* interest in the *protected contract of insurance* to 90% of the amount which would otherwise have been payable under the terms of the contract; and
- (2) reduce all *premiums* under the contract which have not fallen due before the time when the reduction is to take effect to 90% of the amount which would otherwise have been payable.

3.3.6

01.12.01/001

For the purpose of COMP 3.3.3R, a *relevant person* who is an *insurance undertaking* is in financial difficulties if:

- (1) it is in provisional liquidation; or
- (2) it has been proved, in any proceedings on a petition for the winding up of the *relevant person* under the Insolvency Act 1986 or the Insolvency (Northern Ireland) Order 1989 for the voluntary winding up of the *relevant person* (or in any analogous proceedings pursuant to the law of any other jurisdiction), to be unable to pay its debts; or
- (3) an application has been made to the court under section 425 of the Companies Act 1985 or Article 418 of the Companies (Northern Ireland) Order 1986 for the sanctioning of a compromise or arrangement proposed between the *relevant person* and its creditors or any class of them and the terms of the compromise or arrangement provide for reducing, or deferring payment of, the liabilities or the benefits provided for under any of the *relevant person's* policies; or
- (4) the FSA determines that the *relevant person* who is an *insurance undertaking* is likely to be unable to satisfy *protected claims* against it.

Chapter 4

Eligible claimants

4.1 Application and Purpose

Application

4.1.1 **R**
01.12.01/001

This chapter applies to the *FSCS*.

4.1.2 **G**
01.12.01/001

It is also relevant to those who may wish to bring a *claim* for compensation.

Purpose

4.1.3 **G**
01.12.01/001

The purpose of this chapter is to set out the types of *person* who are able to claim compensation or benefit from the protection the *FSCS* is able to provide. A claimant needs to be an *eligible claimant* to satisfy *COMP 3.2.1R(1)*.

4.2 Who is eligible to benefit from the protection provided by the FSCS?

4.2.1

R

01.12.01/001

Unless COMP 4.2.3R applies, an *eligible claimant* is any *person* who at any material time:

- (1) did not come within COMP 4.2.2R; or
- (2) did come within COMP 4.2.2R, but satisfied the relevant exception in COMP 4.3.

4.2.2

R

01.12.01/001

Table Table COMP 4.2.2R Persons not eligible to claim unless COMP 4.3 applies (see COMP 4.2.1R). This table belongs to COMP 4.2.1R

- (1) **Firms (other than a sole trader firm or a small business whose claim arises out of a regulated activity for which they do not have a permission)**
- (2) **Overseas financial services institutions**
- (3) **Collective investment schemes, and anyone who is the operator or trustee of such a scheme**
- (4) **Pension and retirement funds, and anyone who is a trustee of such a fund (except a trustee of a small self-administered scheme or an occupational pension scheme of an employer which is not a large company, large partnership, or large mutual association)**
- (5) **Supranational institutions, governments, and central administrative authorities**
- (6) **Provincial, regional, local and municipal authorities**
- (7) **Directors and managers of the relevant person in default. However, this exclusion does not apply if:**
 - (a) **the relevant person in default is a mutual association which is not a large mutual association; and**
 - (b) **the directors and managers do not receive a salary or other remuneration for services performed by them for the relevant person in default.**
- (8) **Close relatives of persons excluded by (7) above**
- (9) **Bodies corporate in the same group as the relevant person in default**
- (10) **Persons holding 5% or more of the capital of the relevant person in default, or of any body corporate in the same group**
- (11) **The auditors of the relevant person in default, or of any body corporate in the same group as the relevant person in default, or the appointed actuary of a friendly society or insurance undertaking in default**

- (12) *Persons who in the opinion of the FSCS are responsible for, or have contributed to, the relevant person's default*
- (13) *Large companies or large mutual associations*
- (14) *Large partnerships*
- (15) *Persons whose claim arises from transactions in connection with which they have been convicted of an offence of money laundering.*
- (16) *Persons whose claim arises under the Third Parties (Rights against Insurers) Act 1930*

4.2.3

R

01.12.01/001

A person who is a *small business* is an *eligible claimant* in respect of a *relevant general insurance contract* entered into before *commencement* only if the *person* is a *partnership*.

4.3 Exceptions: Circumstances where a person coming within COMP 4.2.2R may receive compensation

Deposits

4.3.1 **R**
01.12.01/001

A *person* is eligible to claim compensation in respect of a *protected deposit* if, at the date on which the *relevant person* is determined to be *in default*:

- (1) he came within category (14) of COMP 4.2.2R; or
- (2) he came within any of categories (1)-(3) of COMP 4.2.2R, and was not a *large company*, *large mutual association*, or a *credit institution*.

Long term insurance

4.3.2 **R**
01.12.01/001

A *person* other than one which comes within any of categories (7)-(12) and (15) of COMP 4.2.2R is eligible to claim compensation in respect of a *long term insurance* contract.

Relevant general insurance contracts

4.3.3 **R**
01.12.01/001

(1) A *person* falling within categories (1)-(4) of COMP 4.2.2R is eligible to claim compensation in respect of a *relevant general insurance contract* if, at the date the contract commenced he was a *small business*.

(2) Where the contract has been renewed, the last renewal date shall be taken as the commencement date.

PAGE
5

4.3.4 **R**
01.12.01/001

A *person* coming within category 14 of COMP 4.2.2R is eligible to claim compensation in respect of a *relevant general insurance contract* entered into before *commencement*.

4.3.5 **R**
01.12.01/001

A *person* who comes within category (16) of COMP 4.2.2R (a '*category 16 person*') is eligible to claim compensation if:

- (1) the *person* insured would have been an *eligible claimant* at the time that his rights against the insurer were transferred to and vested in the category 16 *person*; or
- (2) the liability of the *person* insured in respect of the category 16 *person* was a liability under a contract of employer’s liability insurance which would have been a *liability subject to compulsory insurance* had the contract been entered into after 1 January 1972 or (for contracts in Northern Ireland) 29 December 1975; or
- (3) the extent of the liability of the *person* insured in respect of the category 16 *person* had been agreed in writing by the insurer, or determined by a court or arbitrator, before the date on which the insurer is determined to be *in default*.

Liability subject to compulsory insurance

4.3.6

R

01.12.01/001

A *person* who comes within COMP 4.2.2R is eligible to claim compensation in respect of a *liability subject to compulsory insurance*.

Protected investment business

4.3.7

G

01.12.01/001

There are no exceptions to COMP 4.2.2R for *claims* made in connection with *protected investment business*.

Compensation

Chapter 5

Protected claims

5

PAGE
1

5.1 Application and Purpose

Application

5.1.1 R This chapter applies to the *FSCS*.

01.12.01/001

5.1.2 G It is also relevant to claimants.

01.12.01/001

Purpose

5.1.3 G The purpose of this chapter is to set out the various categories of *claim* for which compensation may be payable.

01.12.01/001

5.2 What is a protected claim?

5.2.1

R

01.12.01/001

A *protected claim* is:

- (1) a *claim* for a *protected deposit* (see COMP 5.3); or
- (2) a *claim* under a *protected contract of insurance* (see COMP 5.4);
or
- (3) a *claim* in connection with *protected investment business* (see COMP 5.5).

5.2.2

G

01.12.01/001

Where a *claim* is against a *relevant person* which is:

- (1) an *incoming EEA firm* which is a *credit institution* or *ISD investment firm*; or
- (2) an *appointed representative* of (1);

the categories of *claim* that are *protected claims* are modified in COMP 14.5. This is because the *DGD* and *ICD* provide that compensation may be available under the *firm's Home State* compensation scheme.

5.3 Protected deposits

5.3.1

R

01.12.01/001

A *deposit* is a *protected deposit* only if:

(1) the *deposit* was made with:

- (a) an establishment of a *relevant person* in the *United Kingdom*; or
- (b) a *branch* of a *UK firm* which is a *credit institution* established in another *EEA State* under an *EEA right*; and

(2) the *deposit* is not:

- (a) a bond issued by a *credit institution* which is part of the institution's capital, as set out in the Consolidated Banking Directive (Directive 2000/12/EC); or
- (b) a *secured deposit*; or
- (c) a *deferred share* issued by a *building society*; or
- (d) a *non-nominative deposit* (that is, a *deposit* made without disclosing the depositor's identity).

5.4 Protected contracts of insurance

5.4.1

R

01.12.01/001

A *protected contract of insurance* is:

- (1) (if issued after *commencement*) a *contract of insurance* within COMP 5.4.2R (Contracts of insurance issued after commencement)
- (2) (if issued before *commencement*) a *contract of insurance* within COMP 5.4.5R (Contracts of insurance issued before commencement)

Contracts of insurance issued after commencement

5.4.2

R

01.12.01/001

A *contract of insurance* issued after *commencement* which:

- (1) relates to a protected risk or commitment as described in COMP 5.4.3R;
- (2) is issued by the *relevant person* through an establishment in;
 - (a) the *United Kingdom*; or
 - (b) another *EEA State*; or
 - (c) the Channel Islands or the Isle of Man; and
- (3) is a *long-term insurance contract* or a *relevant general insurance contract*;

is a *protected contract of insurance*.

5.4.3

R

01.12.01/001

A risk or commitment is a protected risk or commitment for the purpose of COMP 5.4.2R(1) if:

- (1) in the case of a *contract of insurance* falling within COMP 5.4.2R(2)(a), it is situated in an *EEA State*, the Channel Islands or the Isle of Man;
- (2) in the case of a *contract of insurance* falling within COMP 5.4.2R(2)(b), it is situated in the *United Kingdom*;

5.4.4

R

01.12.01/001

(3) in the case of a *contract of insurance* falling within COMP 5.4.2R(2)(c), it is situated in the *United Kingdom*, the Channel Islands or the Isle of Man.

For the purpose of COMP 5.4.3R and COMP 5.4.5R(1)(b), the situation of a risk or commitment is determined as follows:

- (1) for a *contract of insurance* relating to a building or a building and its contents (in so far as the contents are covered by the same *contract of insurance*), the risk or commitment is situated where the building is situated;
- (2) for a *contract of insurance* relating to vehicles of any type, the risk or commitment is situated where the vehicle is registered;
- (3) for a *contract of insurance* lasting four months or less covering travel or holiday risks (whatever the class concerned), the risk or commitment is situated where the policyholder took out the *contract of insurance*; and
- (4) in cases not covered by (1) to (3):
 - (a) where the policyholder is an individual, the risk or commitment is situated where he has his habitual residence at the date when the *contract of insurance* commenced;
 - (b) where the policyholder is not an individual, the risk or commitment is situated where the establishment to which the risk or commitment relates is situated at the date when the *contract of insurance* commenced.

Contracts of insurance issued before commencement

5.4.5

R

01.12.01/001

(1) If the default of the *relevant person* occurs after *commencement*, a *contract of insurance* issued by a *relevant person* before *commencement* which is within COMP 5.4.5R(2) is a *protected contract of insurance*, provided that:

- (a) (unless it comes within (b)) it was a "United Kingdom policy at the beginning of the liquidation" for the purposes of the Policyholders Protection Act 1975;
- (b) if the *contract of insurance* is a contract of employers' liability insurance entered into before 1 January 1972 or (for contracts in Northern Ireland) 29 December 1975, and the *claim* was agreed after the default of the *insurer*, the risk or commitment was situated in the *United Kingdom* (as set out in COMP 5.4.4R).

(2) The *contracts of insurance* referred to in COMP 5.4.5R(1) are:

- (a) a *relevant general insurance contract*;
- (b) a *contract of insurance* within the *credit* class; and
- (c) a *long-term insurance contract*.

Contracts not evidenced by a policy

5.4.6

R

01.12.01/001

If it appears to the FSCS that a *person* is insured under a contract with an *insurance undertaking* which is not evidenced by a policy, and it is satisfied that if a policy evidencing the contract had been issued, the *person* in question would have had a *protected contract of insurance*, the FSCS must treat the contract as a *protected contract of insurance*.

Liabilities giving rise to claims under a protected contract of insurance

5.4.7

R

01.12.01/001

The FSCS must treat liabilities of an *insurance undertaking* which is *in default*, in respect of the following items, as giving rise to *claims* under a *protected contract of insurance*:

- (1) (if the contract has not commenced) *premiums* paid to the *insurance undertaking*; or
- (2) proceeds of a *long-term insurance contract* that has matured or been surrendered but have not yet been passed to the claimant; or
- (3) the unexpired portion of any *premium* in relation to *relevant general insurance contracts*; or
- (4) *claims* by *persons* entitled to the benefit of a judgement under section 151 of the Road Traffic Act 1988 or Article 98 of the Road Traffic (Northern Ireland) Order 1981.

5.5 Protected investment business

5.5.1

R

01.12.01/001

Protected investment business is:

- (1) *designated investment business* carried on by the *relevant person* with the claimant or as *agent* on his behalf;
- (2) the activities of the manager or *trustee* of an *AUT*, provided that the *claim* is made by a *holder*;
- (3) the activities of the *ACD* or *depository* of an *ICVC*, provided that the *claim* is made by a *holder*;

provided that the condition in *COMP 5.5.2R* is satisfied.

5.5.2

R

01.12.01/001

COMP 5.5.1R only applies if the *protected investment business* was carried on from:

- (1) an *establishment* of the *relevant person* in the *United Kingdom*;
or
- (2) a *branch* of a *UK firm* which is an *ISD investment firm* (including a *credit institution* which is an *ISD investment firm*) established in another *EEA State*, and the *claim* is an *ICD claim*; or
- (3) both (1) and (2).

Chapter 6

Relevant persons in default

6.1 Application and Purpose

Application

6.1.1 **R** This chapter applies to the *FSCS*.

01.12.01/001

6.1.2 **G** It is also relevant to claimants.

01.12.01/001

Purpose

6.1.3 **G** The purpose of this chapter is to specify the types of *person* against whom a claimant must have a *claim* in order to be eligible for compensation, and when those *persons* are “*in default*”. Generally, this occurs when they are insolvent or unable to meet their liabilities to claimants.

01.12.01/001

6.1.4 **G** To be eligible for compensation a claimant’s claim must be against a *relevant person in default*: see *COMP 3.2.1R(2)*.

01.12.01/001

6.2 Who is a relevant person?

6.2.1

R

01.12.01/001

A relevant person is a person who was, at the time the act or omission giving rise to the claim against it took place:

- (1) *a participant firm; or*
- (2) *an appointed representative of a participant firm.*

6.2.2

G

01.12.01/001

An incoming EEA firm, which is a credit institution or an ISD investment firm, and its appointed representatives are not relevant persons in relation to the firm's passported activities, unless it has top-up cover. (See definition of "participant firm").

6

6.3 When is a relevant person in default?

6.3.1 **R**
01.12.01/001

A *relevant person* is *in default* if:

- (1) (except in relation to an *ICD claim* or *DGD claim*) the *FSCS* has determined it to be *in default* under *COMP 6.3.2R*, *COMP 6.3.3R*, *COMP 6.3.4R* or *COMP 6.3.5R*; or
- (2) (in relation to an *ICD claim* or *DGD claim*):
 - (a) the *FSA* has determined it to be *in default* under *COMP 6.3.2R*; or
 - (b) a judicial authority has made a ruling that had the effect of suspending the ability of *eligible claimants* to bring *claims* against the *participant firm*, if that is earlier than (a).

6.3.2 **R**
01.12.01/001

Subject to *COMP 3.3.3R* to *COMP 3.3.6R*, the *FSCS* (or, where *COMP 6.3.1R(2)(a)* applies, the *FSA*) may determine a *relevant person* to be *in default* when it is, in the opinion of the *FSCS* or the *FSA*:

- (1) unable to satisfy *protected claims* against it; or
- (2) likely to be unable to satisfy *protected claims* against it.

6.3.3 **R**
01.12.01/001

The *FSCS* may determine a *relevant person* to be *in default* if it is satisfied that a *protected claim* exists (other than an *ICD claim* or *DGD claim*), and the *relevant person* is the subject of one or more of the following proceedings in the *United Kingdom* (or of equivalent or similar proceedings in another jurisdiction):

- (1) the passing of a resolution for a creditors' voluntary winding up;
- (2) a determination by the *relevant person's Home State regulator* that the *relevant person* appears unable to meet *claims* against it and has no early prospect of being able to do so;
- (3) the appointment of a liquidator or administrator, or provisional liquidator or interim manager;
- (4) the making of an order by a court of competent jurisdiction for the winding up of a company, the dissolution of a partnership, the

administration of a company or partnership, or the bankruptcy of an individual;

- (5) the approval of a company voluntary arrangement, a partnership voluntary arrangement, or of an individual voluntary arrangement.

6.3.4

R

01.12.01/001

For *claims* arising in connection with *protected investment business*, the FSCS has the additional power to determine that a *relevant person is in default* if it is satisfied that a *protected claim* exists, and:

- (1) the FSCS is satisfied that the *relevant person* cannot be contacted at its last place of business and that reasonable steps have been taken to establish a forwarding or current address, but without success; and
- (2) there appears to the FSCS to be no evidence that the *relevant person* will be able to meet *claims* made against it.

6.3.5

R

01.12.01/001

For *claims* arising in connection with *protected contracts of insurance*, the FSCS must treat any term in an *insurance undertaking's* constitution or in its *contracts of insurance*, limiting the undertaking's liabilities under a *long-term insurance contract* to the amount of its assets, as limiting the undertaking's liabilities to any claimant to an amount which is not less than the gross assets of the undertaking.

6

Compensation

Chapter 7

Assignment of rights

7

PAGE
1

7.1 Application

Application and Purpose

7.1.1 **R**
01.12.01/001

This chapter applies to the *FSCS*.

7.1.2 **G**
01.12.01/001

It is also relevant to claimants.

Purpose

7.1.3 **G**
01.12.01/001

The *FSCS* may make an offer of compensation conditional on the assignment of rights to it by a claimant. The purpose of this chapter is to make provision for and set out the consequences of an assignment of the claimant's rights.

7.2 How does the assignment of rights work?

- 7.2.1** **R** 01.12.01/001 The *FSCS* may make any payment of compensation to a claimant in respect of a *protected claim* conditional on the claimant assigning the whole or any part of his rights against the *relevant person*, or against any third party, or both, to the *FSCS* on such terms as the *FSCS* thinks fit.
- 7.2.2** **R** 01.12.01/001 If a claimant assigns the whole or any part of his rights against any *person* to the *FSCS* as a condition of payment, the effect of this is that any sum payable in relation to the rights so assigned will be payable to the *FSCS* and not the claimant.
- 7.2.3** **R** 01.12.01/001 The *FSCS* must make such recoveries as it reasonably can through the rights so assigned.
- 7.2.4** **R** 01.12.01/001 Unless compensation was paid under *COMP 9.2.3R*, if a claimant agrees to assign his rights to the *FSCS* and the *FSCS* subsequently makes recoveries through those rights, those recoveries must be paid to the claimant:
- (1) to the extent that the amount recovered exceeds the amount of compensation (excluding interest paid under *COMP 11.2.7R*) received by the claimant in relation to the *protected claim*; or
 - (2) in circumstances where the amount recovered does not exceed the amount of compensation paid, to the extent that a failure to pay any sums recovered to the claimant would leave a claimant who had promptly accepted an offer of compensation at a disadvantage relative to a claimant who had delayed accepting an offer of compensation (see *COMP 7.2.5R*).
- 7.2.5** **R** 01.12.01/001 The *FSCS* must endeavour to ensure that a claimant will not suffer disadvantage arising solely from his prompt acceptance of the *FSCS*'s offer of compensation compared with what might have been the position had he delayed his acceptance.
- 7.2.6** **G** 01.12.01/001 As an example of the circumstances which *COMP 7.2.5R* is designed to address, take two claimants, A and B.
- (1) Both A and B have a *protected investment business claim* of £60,000 against a *relevant person in default*. The *FSCS* offers both claimants £48,000 compensation (the maximum amount payable for such claims (*COMP*

10.2.3R). A accepts immediately, and assigns his rights against the *relevant person* to the FSCS, but B delays accepting the FSCS's offer of compensation.

- (2) In this example, the liquidator is able to recover assets from the *relevant person in default* and makes a payment of 50p in the pound to all the *relevant person's* creditors. If the liquidator made the payment before any offer of compensation from the FSCS had been accepted, A and B would both receive £30,000 each from the liquidator, leaving both with a loss of £30,000 to be met by the FSCS. Both *claims* would be met in full.
- (3) However, if the payment were made by the liquidator after A had accepted the FSCS's offer of compensation and assigned his rights to the FSCS, but before B accepted the FSCS's offer of compensation, A would be disadvantaged relative to B even though he has received £48,000 compensation from the FSCS. A would be disadvantaged relative to B because he promptly accepted the FSCS's offer and assigned his rights to the FSCS. Because A has assigned his rights to the FSCS, any payment from the liquidator will be made to the FSCS rather than A. In this case the FSCS has paid A more than £30,000 so the £30,000 from the liquidator that would have been payable to A will be payable in full to the FSCS and not to A.
- (4) B is able to exercise his rights against the liquidator because he delayed accepting the FSCS's offer and receives £30,000 from the liquidator. B can then make a *claim* for the remaining £30,000 to the FSCS which the FSCS can pay in full (see COMP 10.2.2R). B therefore suffers no loss whereas A is left with a loss of £12,000, being the difference between his *claim* of £60,000 and the compensation paid by the FSCS of £48,000.

Chapter 8

Rejection of application and withdrawal of offer

8

PAGE
1

8.1 Application and Purpose

Application

8.1.1 **R** This chapter applies to the *FSCS*.

01.12.01/001

8.1.2 **G** It is also relevant to claimants.

01.12.01/001

Purpose

8.1.3 **G** In some circumstances, it may be appropriate for the *FSCS* to reject an application for compensation, or withdraw an offer of compensation. The purpose of this chapter is to set out when those circumstances arise.

01.12.01/001

8.2 Rejection of application for compensation

- 8.2.1** **R** 01.12.01/001 If an application for compensation contains any material inaccuracy or omission, the *FSCS* may reject the application unless this is considered by the *FSCS* to be wholly unintentional.
- 8.2.2** **G** 01.12.01/001 A rejection under *COMP* 8.2.1R does not mean that the claimant cannot receive compensation. A rejected application may be resubmitted, with the appropriate amendments.
- 8.2.3** **R** 01.12.01/001 Unless *COMP* 8.2.4R applies, the *FSCS* must reject an application for compensation if the liability of the *relevant person* to the claimant has been extinguished by the operation of law, or the *FSCS* considers that a civil claim in respect of the liability would have been defeated by a defence of limitation at the earlier of:
- (1) the date the *relevant person* is determined to be *in default*; or
 - (2) the date the claimant first indicates in writing that he may have a claim against the *relevant person*.
- 8.2.4** **R** 01.12.01/001 For *claims* made in connection with *protected investment business*, the *FSCS* may disregard a defence of limitation where the *FSCS* considers that it would be reasonable to do so.

8.3 Withdrawal of offer of compensation

- 8.3.1** **R** 01.12.01/001 The *FSCS* may withdraw any offer of compensation made to a claimant if the offer is not accepted or if it is not disputed within 90 days of the date on which the offer is made.
- 8.3.2** **R** 01.12.01/001 Where the amount of compensation offered is disputed, the *FSCS* may withdraw the offer but must consider exercising its powers to make a reduced or interim payment under *COMP 11.2.4R* or *COMP 11.2.5R* before doing so.
- 8.3.3** **R** 01.12.01/001 The *FSCS* may repeat any offer withdrawn under *COMP 8.3.1R* or *COMP 8.3.2R*.
- 8.3.4** **R** 01.12.01/001 The *FSCS* must withdraw any offer of compensation if it appears to the *FSCS* that no such offer should have been made.
- 8.3.5** **R** 01.12.01/001 The *FSCS* must seek to recover any compensation paid to a claimant if it appears to the *FSCS* that no such payment should have been made, unless the *FSCS* believes on reasonable grounds that it would be unreasonable to do so, or that the costs of doing so would exceed any amount that could be recovered.

Chapter 9

Time limits on payment and postponing payment

9.1 Application and Purpose

Application

9.1.1 **R** This chapter applies to the *FSCS*.

01.12.01/001

9.1.2 **G** It is also relevant to claimants.

01.12.01/001

Purpose

9.1.3 **G** The purpose of this chapter is to ensure that compensation is paid to claimants as quickly as possible and that delays in paying compensation to claimants are kept to a minimum. The *FSCS* may postpone payment of compensation only in strictly limited circumstances.

01.12.01/001

9.2 When must compensation be paid?

9.2.1

R

01.12.01/001

The FSCS must pay a *claim* as soon as reasonably possible after:

- (1) it is satisfied that the conditions in COMP 3.2.1R have been met; and
- (2) it has calculated the amount of compensation due to the claimant;

and in any event within three months of that date, unless the FSA has granted the FSCS an extension, in which case payment must be made no later than six months from that date.

9.2.2

R

01.12.01/001

The FSCS may postpone paying compensation if:

- (1) in the case of a *claim* against a *relevant person* who is an *appointed representative*, the FSCS considers that the claimant should make and pursue an application for compensation against the *appointed representative's principal*; or
- (2) in the case of a *claim* relating to *protected investment business* which is not an *ICD claim*, the FSCS considers that the claimant should first exhaust his rights against the *relevant person* or any third party, or make and pursue an application for compensation to any other *person*; or
- (3) in the case of a *claim* relating to a *protected contracts of insurance*, the FSCS considers that the liability to which the *claim* relates or any part of the liability is covered by another *contract of insurance* with a solvent *insurance undertaking*, or where it appears that a *person*, other than the liquidator, may make payments or take such action to secure the continuity of cover as the FSCS would undertake; or
- (4) the *claim* is one which falls within COMP 12.4.5R or COMP 12.4.7R and it is not practicable for payment to be made within the usual time limits laid out in COMP 9.2.1R; or
- (5) the claimant has been charged with an offence arising out of or in relation to money laundering, and those proceedings have not yet been concluded.

9.2.3

R

01.12.01/001

Notwithstanding COMP 9.2.2R(2), the *FSCS* may pay compensation to a claimant in respect of assets held by a *relevant person* if an insolvency practitioner has been appointed to the *relevant person*, and:

- (1) the *FSCS* considers it likely that the insolvency practitioner would, in due course, return the assets to the claimant;
- (2) the claimant has agreed to be compensated for the assets on the basis of the valuation provided by the *FSCS*; and
- (3) the claimant has agreed, to the satisfaction of the *FSCS*, that his rights to the assets in respect of which compensation is payable should pass to it.

Chapter 10

Limits on the amount of compensation payable

10

PAGE
1

10.1 Application and Purpose

Application

10.1.1 **R** This chapter applies to the *FSCS*.

01.12.01/001

10.1.2 **G** It is also relevant to claimants.

01.12.01/001

Purpose

10.1.3 **G** In most cases it is appropriate for there to be a limit on the amount of compensation payable by the *FSCS* and that there should be some part of the *claim* which is not compensatable and for which the claimant must bear the loss. The purpose of this chapter is to set these limits out.

01.12.01/001

10.1.4 **G** The chapter also sets out the limit on the level of protection the *FSCS* must seek to secure when the *FSCS* is ensuring that there is continuity of insurance cover.

01.12.01/001

10.2 Limits on compensation payable

10.2.1 **R** The limits on the maximum compensation sums payable by the FSCS for *protected claims* are set out in COMP 10.2.3R.
01.12.01/001

10.2.2 **G** The limits apply to the aggregate amount of *claims* in respect of each category of *protected claim* that an *eligible claimant* has against the *relevant person*. Consequently, a claimant who has, for example, a *claim* against a *relevant person* for a *deposit* of £2,000, and for a further *deposit* of £1,500, will not receive 100% compensation on both *deposits*; instead he will receive £3,350 (100% of the first £2,000 and 90% of the next £1,500). Similarly, if a claimant receives more than one payment in respect of a claim on a *protected contract of insurance*, the claimant will only receive 100% of the first £2,000 of the total paid, and not 100% of the first £2,000 of each payment.
01.12.01/001

10.2.3 **R** Table **Table Limits**
01.12.01/001 This table belongs to COMP 10.2.1R

Type of claim	Level of cover	Maximum payment
Protected deposits	100% x first £2,000 90% x next £33,000	£31,700
Protected contract of insurance when the contract is a relevant general insurance contract	(1) Where the <i>claim</i> is in respect of a <i>liability subject to compulsory insurance</i> : 100% of <i>claim</i> .	Unlimited
	(2) Where the <i>claim</i> arises under the Third Party (Rights against Insurers) Act 1930, is in respect of a liability within COMP 5.4.5R(1)(b), and is in connection with an <i>Article 9 default</i> : 90% of the <i>claim</i> .	Unlimited
Protected contract of insurance when the contract is a long-term insurance contract	(3) In all other cases: 100% x first £2,000 90% of remainder of the <i>claim</i> .	Unlimited
	100% x first £2,000 At least 90% of the remaining value of the policy (including <i>future benefits</i> declared before the date the <i>relevant person</i> is determined to be <i>in default</i>).	Unlimited
Protected investment business	100% x first £30,000 90% x next £20,000	£48,000

10.2.4 **G** COMP 12 sets out the *rules* the FSCS will follow when calculating the amount of compensation payable.
01.12.01/001

10.2.5

G

01.12.01/001

COMP 12.4.1R and COMP 12.4.4R include further limits relating to *DGD claims* and *ICD claims* against certain *incoming EEA firms*. These reflect the *DGD* and *ICD*, under which compensation may be payable by the *incoming EEA firm's Home State* compensation scheme.

Continuity of insurance cover

10.2.6

R

01.12.01/001

The *FSCS's* duty to ensure continuity of cover for any *protected contract of insurance* which is a *long term insurance contract* extends only to ensuring that the claimant will receive 100% of the first £2000 and 90% of the remainder of any *future benefit* under his *contract of insurance*, subject to and in accordance with terms corresponding (so far as it appears to the *FSCS* to be reasonable in the circumstances) to those which have applied under the *contract of insurance*.

10.2.7

R

01.12.01/001

Any future *premiums* that the claimant is committed to paying under the policy will be reduced by an equivalent amount.

Compensation

Chapter 11

Payment of compensation

11

PAGE
1

11.1 Application and Purpose

Application

11.1.1 **R** This chapter applies to the *FSCS*.

01.12.01/001

11.1.2 **G** It is also relevant to claimants.

01.12.01/001

Purpose

11.1.3 **G** The *FSCS* will usually pay compensation direct to the claimant, but in certain circumstances it may be appropriate for the *FSCS* to pay compensation to someone other than the claimant, or to make reduced or interim payments. The purpose of this chapter is to set out when those circumstances arise.

01.12.01/001

11.2 Payment

To whom must payment be made?

11.2.1 **R**
01.12.01/001

If the *FSCS* determines that compensation is payable, it must pay it to the claimant, or as directed by the claimant, unless:

- (1) arrangements have or are being made to secure continuity of insurance under *COMP 3.3.1R* and *COMP 3.3.2R* or the *FSCS* is taking measures it considers appropriate under *COMP 3.3.3R* to *COMP 3.3.6R*; or
- (2) *COMP 11.2.2R* or *COMP 11.2.3R* applies.

11.2.2 **R**
01.12.01/001

Where a claimant has a *protected claim* arising out of the circumstances described in *COMP 12.4.5R*, the *FSCS* must pay any compensation to:

- (1) the trustee of an *occupational pension scheme*; or
- (2) a *personal pension scheme* or other *product provider*; or
- (3) both (1) and (2);

and not to the claimant, unless exceptional circumstances apply.

11.2.3 **R**
01.12.01/001

Where an *eligible claimant* has a *claim* under a *protected contract of insurance* against a *relevant person* that is in provisional liquidation or liquidation, the *FSCS* may, unless arrangements have or are being made to secure continuity of insurance under *COMP 3.3.1R* and *COMP 3.3.2R* or the *FSCS* is taking measures it considers appropriate under *COMP 3.3.3R* to *COMP 3.3.6R*:

- (1) make payments to or on behalf of *eligible claimants* on such terms (including any terms requiring repayment in whole or in part) and on such conditions as it thinks fit (subject to *COMP 10*); or
- (2) secure that payments (subject to *COMP 10*) are made to or on behalf of any such *eligible claimants* by the liquidator or

provisional liquidator by giving him an indemnity covering any such payments or any class or description of such payments.

Reduced or interim payments

11.2.4 **R**
01.12.01/001

If the *FSCS* is satisfied that in principle compensation is payable, but considers that immediate payment in full would not be prudent because of uncertainty as to the amount of the claimant's overall net *claim*, it may decide to pay an appropriate lesser sum in final settlement, or to make payment on account.

11.2.5 **R**
01.12.01/001

The *FSCS* may also decide to make a payment on account or to pay a lesser sum in final settlement if the claimant has any reasonable prospect for recovery in respect of the *claim* from any third party or by applying for compensation to any other *person*.

11.2.6 **R**
01.12.01/001

The *FSCS* may not pay a lesser sum in final settlement under *COMP 11.2.4R* and *COMP 11.2.5R* where the *claim* is a *DGD claim* or *ICD claim*.

Paying interest on compensation

11.2.7 **R**
01.12.01/001

The *FSCS* may pay interest on the compensation sum in such circumstances as it considers appropriate.

11.2.8 **R**
01.12.01/001

Interest under *COMP 11.2.7R* is not to be taken into account when applying the limits on the compensation sum payable in respect of a *claim* under *COMP 10*.

Compensation

Chapter 12

Calculating compensation

12

PAGE
1

12.1 Application and Purpose

Application

12.1.1 **R**
01.12.01/001

This chapter applies to the *FSCS*.

12.1.2 **G**
01.12.01/001

This chapter is also relevant to claimants, since it sets out how a *claim* will be quantified. (For the process of paying compensation, including the limits on the amount of compensation that can be paid, see *COMP 8 – COMP 11*).

Purpose

12.1.3 **G**
01.12.01/001

The purpose of this chapter is to set out the different ways in which the *FSCS* is to calculate compensation.

12.2 Quantification: general

12.2.1 **R**
01.12.01/001

The amount of compensation payable to the claimant in respect of any type of *protected claim* is the amount of his overall net *claim* against the *relevant person* at the *quantification date*.

12.2.2 **R**
01.12.01/001

COMP 12.2.1R is, however, subject to the other provisions of COMP, in particular those *rules* that set limits on the amount of compensation payable for various types of *protected claim*. The limits are set out in COMP 10.

12.2.3 **G**
01.12.01/001

Where a liability of a *relevant person* to an *eligible claimant* could fall within more than one type of *protected claim* (see COMP 5.2.1R), for example a *claim* in connection with *money* held by an *ISD investment firm* that is also a *credit institution*, the FSCS should seek to ensure that the claimant does not receive any further compensation payment from the FSCS in cases where the claimant has already received compensation from the FSCS in respect of that *claim*.

Overall net claim

12.2.4 **R**
01.12.01/001

A claimant's overall net *claim* is the sum of the *protected claims* of the same category that he has against a *relevant person in default*, less the amount of any liability which the *relevant person* may set off against any of those *claims* (see COMP 10.2.2G).

12.2.5 **G**
01.12.01/001

For the different categories of *protected claim*, see COMP 5 and COMP 10.2.3G.

12.2.6 **G**
01.12.01/001

In calculating the claimant's overall net *claim*, the FSCS may rely, to the extent that it is relevant, on any determination by:

- (1) a court of competent jurisdiction;
- (2) a trustee in bankruptcy;
- (3) a liquidator;
- (4) any other recognised insolvency practitioner;

and on the certification of any net sum due which is made in default proceedings of any exchange or clearing house.

12.2.7 **R**
01.12.01/001

In calculating the claimant's overall net *claim*, the FSCS must take into account any payments to the claimant (including amounts recovered by the FSCS on behalf of the claimant) made by the

relevant person or any other *person*, if that payment is connected with the *relevant person's* liability to the claimant.

12.3 Quantification date

Protected deposits

- 12.3.1** R For a *protected deposit claim*, the *quantification date* is the date the *relevant person* is determined to be *in default*, or the date the *protected deposit* was due and payable, if later.

01.12.01/001

Protected contracts of insurance

- 12.3.2** R For a *claim* under a *protected contract of insurance* that is a *long-term insurance contract*, the FSCS must determine as the *quantification date* a specific date by reference to which the liability of the *relevant person* to the *eligible claimant* is to be determined.
- 12.3.3** R For a claim under a *protected contract of insurance* that is a *relevant general insurance contract*, the FSCS must determine as the *quantification date* a specific date by reference to which the liability of the *relevant person* to the *eligible claimant* is to be determined.
- 12.3.4** R For a *claim* in respect of the unexpired *premiums* under a *protected contract of insurance* that is a *relevant general insurance contract* (see COMP 5.4.7R(3)), the *quantification date*, being the date by which the liability of the *relevant person* to the *eligible claimant* is to be determined, is the date the policy was terminated or cancelled.

01.12.01/001

01.12.01/001

01.12.01/001

Protected investment business

- 12.3.5** R For a *claim* made in connection with *protected investment business* which is not an *ICD claim*, the FSCS must determine a specific date as the *quantification date*, and this date may be either on, before or after the date of the determination of default.
- 12.3.6** R For a *claim* made in connection with *protected investment business* which is an *ICD claim*, the *quantification date* is the date the *relevant person* is determined to be *in default*.

01.12.01/001

01.12.01/001

12.4 The compensation calculation

Protected deposit with incoming EEA firm

12.4.1 **R**
01.12.01/001

If the claimant has a *DGD claim* against an *incoming EEA firm* which is a *credit institution*, the *FSCS* must take account of the liability of the *Home State* deposit-guarantee scheme in calculating the compensation payable by the *FSCS*.

Protected investment business: general

12.4.2 **R**
01.12.01/001

The *FSCS* may pay compensation for any *claim* made in connection with *protected investment business* which is not:

- (1) a *claim* for property held; or
- (2) a *claim* arising from transactions which remain uncompleted at the *quantification date*;

only to the extent that the *FSCS* considers that the payment of compensation is essential in order to provide the claimant with fair compensation.

12.4.3 **R**
01.12.01/001

The *FSCS* must not pay compensation for any *claim* in connection with *protected investment business* to the extent that it relates to or depends on:

- (1) a failure of investment performance to match a guarantee given or representation made; or
- (2) a contractual obligation to pay or promise to pay which the *FSCS* considers to have been undertaken without full consideration passing to the *relevant person* or in anticipation of possible insolvency; or
- (3) the mere fluctuation in the value of an *investment*.

12.4.4 **R**
01.12.01/001

If the claimant has an *ICD claim* against an *incoming EEA firm* which is an *ISD investment firm* (including a *credit institution* which is an *ISD investment firm*), the *FSCS* must take account of the

liability of the *Home State* compensation scheme in calculating the compensation payable by the *FSCS*.

Protected investment business: claims covered by the pensions review

12.4.5

R

01.12.01/001

If the claimant has a *claim* in connection with *protected investment business* relating to the fact that the claimant has:

- (1) while eligible or reasonably likely to become eligible to be a member of an *occupational pension scheme*, instead become a member of a *personal pension scheme* or entered into a *retirement annuity*; or
- (2) ceased to be a member of, or to pay contributions to, an *occupational pension scheme*, and has instead become a member of a *personal pension scheme* or entered into a *retirement annuity*; or
- (3) transferred to a *personal pension scheme* accrued rights under an *occupational pension scheme* which is not a defined contribution (money purchase) scheme; or
- (4) ceased to be a member of an *occupational pension scheme* and has instead (by virtue of such a provision as is mentioned in section 591(2)(g) of the Income and Corporation Taxes Act 1988) entered into arrangements for securing relevant benefits by means of an annuity;

the *FSCS* must take the steps set out in *COMP 12.4.6R*.

12.4.6

R

01.12.01/001

If *COMP 12.4.5R* applies, the *FSCS* must follow the Specification of Standards and Procedures issued by the *FSA* in October 1994, as supplemented and modified by subsequent guidance issued by the *FSA* (in particular, that of November 1996) (the ‘Specification’) in:

- (1) assessing whether a *relevant person* has complied with the relevant regulatory requirements;
- (2) assessing whether non-compliance has caused the claimant loss; and
- (3) calculating the amount of compensation due (where the *FSCS* may rely on calculations made by the *FSA* or any previous regulator of the *relevant person*);

unless the *FSCS* considers that departure from the Specification is essential in order to provide the claimant with fair compensation.

Protected investment business: FSAVC Review

12.4.7

R

01.12.01/001

Where a *claim* made in connection with *protected investment business* relates to an Additional Voluntary Contribution policy advised on or arranged by a *relevant person*, the FSCS must follow the FSAVC Review Model Guidance issued by the FSA in May 2000 (the "Guidance") in:

- (1) assessing whether the *relevant person* has complied with the relevant regulatory requirements;
- (2) assessing whether non-compliance has caused the claimant loss; and
- (3) calculating the compensation due (where the FSCS may rely on calculations made by the FSA or any previous regulator of the *relevant person*);

unless the FSCS considers that departure from the Guidance is essential in order to provide the claimant with fair compensation.

Protected investment business: excessive benefits

12.4.8

R

01.12.01/001

The FSCS may decide to reduce the compensation that would otherwise be payable for a *claim* made in connection with *protected investment business* that is not an *ICD claim*, if it is satisfied that:

- (1) there is evidence of contributory negligence by the claimant; or
- (2) payment of the full amount would provide a greater benefit than the claimant might reasonably have expected or than the benefit available on similar *investments* with other *relevant persons*; and

it would be inequitable for the FSCS not to take account of (1) or (2).

Protected contracts of insurance: liabilities subject to compulsory insurance

12.4.9

R

01.12.01/001

The FSCS must pay a sum equal to 100% of any liability of a *relevant person* who is an *insurance undertaking* in respect of a *liability subject to compulsory insurance* to the claimant as soon as reasonably practicable after it has determined the *relevant person* to be *in default*.

Protected contracts of insurance: general insurance

12.4.10

R

01.12.01/001

The FSCS must calculate the liability of a *relevant person* to the claimant under a *relevant general insurance contract* in accordance

with the terms of the contract, and (subject to any limits in COMP 10.2.3R) pay that amount to the claimant.

Protected contracts of insurance: long-term insurance

12.4.11 **R**
01.12.01/001

Unless the FSCS is making arrangements to secure continuity of insurance cover under COMP 3.3.1R and COMP 3.3.2R, the FSCS must calculate the liability of a *relevant person* to the claimant under a *long-term insurance contract* in accordance with the terms of the contract as valued in a liquidation of the *relevant person*, or (in the absence of such relevant terms) in accordance with such reasonable valuation techniques as the FSCS considers appropriate, and (subject to any limits in COMP 10.2.3R and to COMP 12.4.12R to COMP 12.4.14R) pay that amount to the claimant.

12.4.12 **R**
01.12.01/001

The FSCS must not treat any bonus provided under a *long term insurance contract* as part of the claimant’s claim unless it was declared before the beginning of the liquidation.

12.4.13 **R**
01.12.01/001

If the FSCS considers that the benefits or *future benefits* provided for under a protected *long term insurance contract* issued by a *relevant person* are or may be excessive in any respect, having regard to the *premiums* paid or payable and to any other terms of the contract, the FSCS must refer the contract to an actuary who is independent of the claimant and of the *relevant person in default*.

12.4.14 **R**
01.12.01/001

If the FSCS is satisfied, following the actuary’s written recommendation, that any of the benefits provided for under the contract are or may be excessive, it may treat the liability of the *relevant person* under the contract as reduced or (as the case may be) disregarded.

12.4.15 **R**
01.12.01/001

The FSCS may rely on the value attributed to the contract by the actuary when calculating the compensation payable to the claimant, or when securing continuity of cover.

12.4.16 **R**
01.12.01/001

For *claims* arising in connection with *protected contracts of insurance*, the FSCS must treat any term in an *insurance undertaking’s* constitution or in its *contracts of insurance*, limiting the undertaking’s liabilities under a *long-term insurance contract* to the amount of its assets, as limiting the undertaking’s liabilities to any claimant to an amount which is not less than the gross assets of the undertaking.

12.5 Quantification when the FSCS is seeking to secure continuity of insurance cover

12.5.1

R

01.12.01/001

In any period when the FSCS is seeking to secure continuity of cover for any policyholder of a *relevant person*, the FSCS must secure that 100% of the first £2,000 and 90% of the remainder of any *future benefit* under a *long term insurance contract* which would have fallen due to be paid to any policyholder during that period, is paid to the policyholder in question as soon as reasonably practicable after the time when the benefit in question would have fallen due under the contract (but subject to and in accordance with any other terms which would have applied under the contract).

12.5.2

R

01.12.01/001

A bonus provided under a *contract of insurance* is not a *future benefit* for the purposes of COMP 12.5.1R unless it was declared before the beginning of the liquidation.

12.6 Quantification: trustees, personal representatives, agents, and joint claims

Trustees

- 12.6.1** **R** 01.12.01/001 If a claimant’s *claim* includes a *claim* as trustee, the *FSCS* must treat him in respect of that *claim* as if his *claim* as trustee were a *claim* of a different *person*.
- 12.6.2** **R** 01.12.01/001 If a claimant has a *claim* as a bare trustee for one or more beneficiaries, the *FSCS* must treat the beneficiary or beneficiaries as having the *claim*, and not the claimant.
- 12.6.3** **R** 01.12.01/001 If any group of *persons* has a *claim* as trustees, the *FSCS* must treat them as a single and continuing *person* distinct from the *persons* who may from time to time be the trustees.
- 12.6.4** **R** 01.12.01/001 Where the same *person* has a *claim* as trustee for different trusts, *COMP* applies as if the *claims* relating to each of these trusts were *claims* of different *persons*.
- 12.6.5** **R** 01.12.01/001 Where the claimant is a trustee, and some of the beneficiaries of the trust are *persons* who would not be *eligible claimants* if they had a claim themselves, the *FSCS* must adjust the amount of the overall net *claim* to eliminate the part of the claim which, in the *FSCS*’s view, is a claim for those beneficiaries.
- 12.6.6** **R** 01.12.01/001 Where *COMP* 12.6.1R to *COMP* 12.6.5R apply, the *FSCS* must try to ensure that any compensation paid to the trustee:
- (1) is for the benefit of beneficiaries who would be *eligible claimants* if they had a *claim* themselves; and
 - (2) does not exceed the amount of the loss suffered by those beneficiaries.
- 12.6.7** **R** 01.12.01/001 Where a *person A* is entitled (whether as trustee or otherwise) to a *deposit* made out of a clients’ or other similar account containing money to which one or more *persons* are entitled, the *FSCS* must treat each of those other persons, and not *A*, as entitled to the part of

the *deposit* that corresponds to the proportion of the money in the account to which the other person is entitled.

Personal representative

12.6.8 **R**
01.12.01/001

Where a *person* numbers among his *claims* a *claim* as the personal representative of another, the *FSCS* must treat him in respect of that *claim* as if he were standing in the shoes of that other *person*.

Agents

12.6.9 **R**
01.12.01/001

If a claimant has a *claim* as agent for one or more *principals*, the *FSCS* must treat the *principal* or *principals* as having the *claim*, not the claimant.

Joint claims

12.6.10 **R**
01.12.01/001

If two or more *persons* have a joint beneficial *claim*, the *claim* is to be treated as a *claim* of the partnership if they are carrying on business together in partnership. Otherwise each of those *persons* is taken to have a *claim* for his share, and in the absence of satisfactory evidence as to their respective shares, the *FSCS* must regard each *person* as entitled to an equal share.

Foreign law

12.6.11 **R**
01.12.01/001

In applying *COMP* to *claims* arising out of business done with a *branch* or establishment of the *relevant person* outside the *United Kingdom*, the *FSCS* must interpret references to *persons* entitled as personal representatives, trustees, bare trustees or agents, or references to *persons* having a joint beneficial *claim* or carrying on business in partnership, as references to *persons* entitled, under the law of the relevant country or territory, in a capacity appearing to the *FSCS* to correspond as nearly as may be to that capacity.

COMP 13 Ann 1R: Management Expenses Levy Limit

1 This table belongs to *COMP* 13.5.2R

2 **Table**

Period	Limit on total of all management expenses levies attributable to that period
1 December 2001 to 1 April 2002	£4,209,000

Compensation

Chapter 13

Funding

13.1 Application and Purpose

Application

13.1.1 R
01.12.01/001

This chapter applies to:

- (1) every *participant firm*; and
- (2) the *FSCS*.

13.1.2 G
01.12.01/001

Firms which are not *participant firms* (such as certain types of *incoming EEA firms*, *service companies* and *ICVCs*) are not required to contribute towards the funding of the *compensation scheme*.

Purpose

13.1.3 G
01.12.01/001

The purpose of this chapter is to set out the requirements on *participant firms* to pay levies imposed by the *FSCS* to provide funding for its functions.

13.2 General structure

- 13.2.1** G Section 213(3)(b) of the *Act* requires the *FSA* to make rules to enable the *FSCS* to impose levies on *authorised persons* in order to meet its expenses. These expenses include in particular expenses incurred, or expected to be incurred, in paying compensation, borrowing or insuring risks.
01.12.01/001
- 13.2.2** G The *FSCS* may impose two types of levy: a *management expenses levy*, and a *compensation costs levy*. In the first three full years of the operation of the *compensation scheme*, the *FSCS* may impose an *establishment costs levy* as part of a *management expenses levy*. The *FSCS* has discretion as to the timing of the levies imposed.
01.12.01/001
- 13.2.3** G In calculating a *compensation costs levy*, the *FSCS* may include anticipated *compensation costs* for defaults expected to be determined in the 12 month period following the date of the levy. The total of all *management expenses levies* attributable to a financial year will be restricted to the amount set out on an annual basis in COMP 13 Ann 1R.
01.12.01/001
- 13.2.4** G In order to allocate a share of the amount to be funded by an individual *participant firm*, the funding arrangements are split into three *sub-schemes*: the accepting deposits *sub-scheme*, the insurance business *sub-scheme*, and the designated investment business *sub-scheme*. The business carried on by a *participant firm* determines into which *sub-scheme*, or *sub-schemes*, it falls.
01.12.01/001
- 13.2.5** G Within each *sub-scheme* there are one or more *contribution groups*. These relate to different types of activity carried on by *participant firms* within each *sub-scheme*. Within a *sub-scheme*, individual *participant firms* are allocated for funding purposes to one or more *contribution groups*, depending on their business activities. This meets a requirement of section 213(5) of the *Act* that the *FSA*, in making rules to enable the *FSCS* to impose levies, must take account of the desirability of ensuring that the amount of the levies imposed on a particular class of *authorised person* reflects, so far as practicable, the amount of claims made, or likely to be made, in respect of that class of person.
01.12.01/001
- 13.2.6** G Section 223 of the *Act* (Management expenses) prevents the *FSCS* from recovering, through a levy, any *management expenses* attributable to a particular period in excess of the limit set in *COMP* as applicable to that period. ‘Management expenses’ are defined in section 223(3) to mean expenses incurred or expected to be incurred by the *FSCS* in connection with its functions under the *Act*, except:
01.12.01/001

The management expenses levy

- (1) expenses incurred in paying compensation; and

- (2) expenses incurred as a result of the FSCS making the arrangements to secure continuity of insurance set out in COMP 3.3.1R and COMP 3.3.2R or taking the measures set out in COMP 3.3.3R and COMP 3.3.4 when a *relevant person* is an *insurer* in financial difficulties..

13.2.7

01.12.01/001

A *management expenses levy* under COMP may consist of three elements. The first is a *base costs levy* for the ‘base costs’ of running the *compensation scheme* in a financial year – that is, costs which are not dependent upon the level of activity of the *compensation scheme* and which therefore are not referable to any specific default. Included in this category are items such as the salary of the members of the board of the FSCS, the costs of the premises which the FSCS occupies, and its audit fees. The amount that each *participant firm* pays towards a *base costs levy* is calculated by reference to the *regulatory costs* paid by the *firm*. All *participant firms* are liable to contribute towards a *base costs levy*.

13.2.8

01.12.01/001

The second element of a *management expenses levy* is a *specific costs levy* for the ‘specific costs’ of running the *compensation scheme* in a financial year. These costs depend on the number of claims and types of default, and include the salaries of the staff of the FSCS and legal and other professional fees paid in respect of particular defaults. The specific costs are allocated to the *contribution group* or groups of which the *relevant person in default* was a member, or which is responsible for those costs under COMP, on the basis of the *protected claims* against that *person*. The FSCS may include in a *specific costs levy* the specific costs that the FSCS expects to incur (including in respect of defaults not yet declared at the date of the levy) during the financial year of the *compensation scheme* to which the levy relates. The amount that each *participant firm* pays towards the *specific costs levy* is calculated by reference to the amount of business conducted by the *firm* in each of the *contribution groups* to which the FSCS has allocated specific costs. Each *contribution group* has a separate ‘tariff base’ for this purpose, set out in COMP 13.6.7R. *Participant firms* may be exempt from contributing to the *specific costs levy*.

13.2.9

01.12.01/001

The third element of a *management expenses levy* is the costs of establishing the FSCS. The FSCS may impose an *establishment costs levy* only until the end of the third full financial year of operation of the *compensation scheme*. The amount that each *participant firm* pays towards the *establishment costs levy* is calculated on the same basis as the *base costs levy*, and all *participant firms* are liable to contribute.

13.2.10

01.12.01/001

The FSA intends to consult in January each year on the amount which it will set as the limit on the *management expenses* attributable to the forthcoming financial year of the FSCS.

The compensation costs levy

13.2.11

01.12.01/001

The *compensation costs levy* is made up of the *compensation costs* which the FSCS has incurred and has not yet recovered from *participant firms* (less any recoveries it has made using the rights that have been assigned to it), together with those *compensation costs* it expects to incur (including in respect of defaults yet to be declared) over the 12 months following the date of the levy.

13.2.12

01.12.01/001

Compensation costs are the costs incurred in paying compensation, securing continuity of long-term insurance and safeguarding eligible claimants when insurers are in financial difficulties. For funding purposes, these costs are allocated by the FSCS, and met by *participant firms*, in the same way as specific costs: see COMP 13.6.6R.

13.2.13 G
01.12.01/001

If a *participant firm* is a member of more than one *contribution group*, the total *compensation costs levy* and *specific costs levy* for that firm will be the aggregate of the individual levies calculated for the firm in respect of each of the *contribution groups*.

Incoming EEA firms

13.2.14 G
01.12.01/001

Incoming EEA firms which top up under the provisions of COMP 14 are *firms* whose *Home State* scheme provides compensation cover in the event that they are determined to be in default. Under COMP 13.7, the FSCS is required to consider whether *incoming EEA firms* should receive a discount on the amount that they would otherwise pay as their share of the levy, to take account of the availability of their *Home State* cover. The amount of any discount is recoverable from the other members of the *incoming EEA firm's contribution group*.

13.3 Exemption

- 13.3.1** **R** 01.12.01/001 A *participant firm* which does not conduct business that could give rise to a *protected claim* by an *eligible claimant* and has no reasonable likelihood of doing so is exempt from a *specific costs levy*, or a *compensation costs levy*, or both, provided that it notifies the FSCS of this fact and the notice remains current.
- 13.3.2** **R** 01.12.01/001 A notice under COMP 13.3.1R must be given:
- (1) by 28 February 2002, in which case it will remain current until 31 March 2003; or
 - (2) as soon as practicable after the time of its authorisation by the FSA, in which case it will remain current until the end of the financial year of the *compensation scheme* in which it is given; or
 - (3) as soon as practicable after it ceases to conduct business that could give rise to a *protected claim* by an *eligible claimant*, in which case it will remain current until the end of the financial year of the *compensation scheme* in which it is given; or
 - (4) unless (1) applies, in February of each financial year of the *compensation scheme*, in which case the notice will remain current until the end of the next financial year.
- 13.3.3** **G** 01.12.01/001
- (1) A notice under COMP 13.3.1R will be renewable every 12 months.
 - (2) The financial year of the *compensation scheme* is the twelve months ending on 31 March.
- 13.3.4** **R** 01.12.01/001 A *participant firm* which is exempt under COMP 13.3.1R must notify the FSCS as soon as reasonably practicable if the conditions in COMP 13.3.1R no longer apply.
- 13.3.5** **G** 01.12.01/001 A *participant firm* to which the conditions in COMP 13.3.1R no longer apply will then become subject to COMP 13.4, 13.6, and 13.8
- 13.3.6** **R** 01.12.01/001 If, during the course of a financial year of the *compensation scheme*, a *participant firm* ceases to conduct business that could give rise to a *protected claim* by an *eligible claimant* and notifies the FSCS of this under COMP 13.3.2R(3), it will be treated as a *participant firm* to which COMP 13.8.7R applies until the end of the financial year.

13.4 The FSCS's power to impose levies

General limits on levies

- 13.4.1** **R** 01.12.01/001 The FSCS may at any time impose a *management expenses levy* or a *compensation costs levy*, provided that the FSCS has reasonable grounds for believing that the funds available to it to meet relevant expenses are, or will be, insufficient, taking into account:
- (1) in the case of a *management expenses levy*, the level of the FSCS's anticipated expenditure in respect of those expenses in the financial year of the *compensation scheme* in relation to which the levy is imposed; and
 - (2) in the case of a *compensation costs levy*, the level of the FSCS's anticipated expenditure in respect of *compensation costs* in the 12 months following the levy.
- 13.4.2** **G** 01.12.01/001 The calculation of levies will also take into account previous levies, where funds raised in anticipation of meeting liabilities prove either more or less than the amount actually required.
- 13.4.3** **G** 01.12.01/001 The FSCS may impose one or more levies in a financial year to meet either its *management expenses* or its *compensation costs*. The FSCS may also impose interim levies, as part of its overall levy commitment. This flexibility allows the FSCS to phase its financing over the course of a financial year and thus avoid collecting levies from firms before the money is actually needed. The FSCS has committed itself in the Memorandum of Understanding with the FSA (the text of which can be found on the FSA website www.fsa.gov.uk) to publish regularly an indicative timetable for its levy procedures
- 13.4.4** **G** 01.12.01/001 The discretion over levying in COMP also gives the FSCS, if it thinks this appropriate, the ability to use third parties as its agents in raising and collecting the levies.

Limits on compensation costs levies on sub-schemes

- 13.4.5** **R** 01.12.01/001 The FSCS must not require a *participant firm* in the accepting deposits *sub-scheme* to pay a share of a *compensation costs levy* allocated to that *sub-scheme* to the extent that:

- (1) the share in question; plus
- (2) all previous amounts paid by the firm either as its share of levies allocated to that *sub-scheme*, or under the *Deposit Protection Scheme* (deducting from those amounts any amount refunded under COMP 13.4.17R - COMP 13.4.18R or by the *Deposit Protection Scheme*);

amounts to more than 0.3% of the firm's *protected deposits*.

13.4.6 **R**
01.12.01/001
The FSCS must not require a *participant firm* in the insurance business *sub-scheme* to pay a share of a *compensation costs levy* allocated to that *sub-scheme* in any financial year of the *compensation scheme*, to the extent that the share in question, together with all previous amounts paid by the *firm* as its share of *compensation costs levies* allocated to that *sub-scheme* in that financial year, amounts to more than 0.8% of the *participant firm's relevant net premium income*.

13.4.7 **R**
01.12.01/001
The maximum amount of *compensation costs* for which the FSCS can levy the designated investment business *sub-scheme* in any one financial year of the *compensation scheme* is limited to £400 million.

Levy for compensation costs paid in error

13.4.8 **R**
01.12.01/001
The FSCS may include in a *compensation costs levy* the costs of compensation paid by the FSCS in error, provided that the payment was made in good faith.

Management of funds

13.4.9 **R**
01.12.01/001
The FSCS must hold any amount collected from a *specific costs levy* or *compensation costs levy* to the credit of the *sub-schemes* and relevant *contribution groups*, in accordance with the allocation established under COMP 13.5.6R and COMP 13.6.2R.

13.4.10 **R**
01.12.01/001
Any funds received by the FSCS by way of levy or otherwise for the purposes of the *compensation scheme* are to be managed as the FSCS considers appropriate, and in doing this the FSCS must act prudently.

13.4.11 **R**
01.12.01/001
Interest earned by the FSCS in the management of funds held to the credit of a *contribution group* must be credited to that *contribution group*, and must be set off against the *management expenses* allocated to that *contribution group*.

13.4.12 **R**
01.12.01/001
The FSCS must keep accounts which show:

- (1) the funds held to the credit of each *sub-scheme* and relevant *contribution group*; and
- (2) the liabilities of that *sub-scheme* and relevant *contribution group*.

13.4.13 **R**
01.12.01/001

The FSCS may use the money collected from firms within one *sub-scheme* to pay *compensation costs* in respect of any *contribution group* within that *sub-scheme*, so long as it ensures that this is done without prejudice to the *participant firms* from whom the money has been collected.

13.4.14 **G**
01.12.01/001

COMP 13.4.13R means that, for example:

- (1) when crediting interest under COMP 13.4.11R, the FSCS should regard any money collected from one *contribution group* which has been used to pay the *compensation costs* of another *contribution group* within the same *sub-scheme* as standing to the credit of the first *contribution group*; and
- (2) the FSCS should not raise a levy under COMP 13.4.1R on a *contribution group* solely because, as a result of the FSCS's action under COMP 13.4.13R, there appear to be insufficient funds available to the credit of the *contribution group* to meet its expenses.

13.4.15 **R**
01.12.01/001

- (1) The FSCS may use any money held to the credit of one *sub-scheme* (the 'creditor *sub-scheme*') to pay compensation costs in respect of another *sub-scheme* (the 'debtor *sub-scheme*') if the FSCS has reasonable grounds to believe that this would be more economical than borrowing funds from a third party or raising a levy.
- (2) Where the FSCS acts in accordance with (1), it must ensure that:
 - (a) the creditor *sub-scheme* is reimbursed by the debtor *sub-scheme* as soon as possible;
 - (b) the debtor *sub-scheme* pays interest at a rate equivalent to the Bank of England's repo rate from time to time in force; and
 - (c) the amount lent by the creditor *sub-scheme* to the debtor *sub-scheme* is taken into account by the FSCS when considering whether to impose a *compensation costs levy* on the creditor *sub-scheme* under COMP 13.4.1R.

13.4.16 **R**
01.12.01/001

Unless COMP 13.4.17R applies, any recoveries made by the FSCS in relation to *protected claims* must be credited to the *contribution groups* to which the related *compensation costs* were allocated.

PAGE
9

13.4.17 **R**
01.12.01/001

If the FSCS makes recoveries in relation to *protected claims* where the related *compensation costs* were allocated to the accepting deposits *sub-scheme*, or in relation to compensation paid out of a special contribution under the *Deposit Protection Scheme*, and if the FSCS refunds the recoveries under COMP 13.4.18R, it must ensure that, as far as possible, the recoveries are refunded to the *firms* that

contributed to the relevant *compensation costs levy* or special contribution (whether or not the *firms* are *participant firms* at the time that the recoveries are made).

13.4.18 **R**
01.12.01/001

If the FSCS has more funds to the credit of a *contribution group* than the FSCS believes will be required to meet levies on that *contribution group* for the next 12 months, it may refund the surplus to members or former members of the *contribution group* on any reasonable basis.

Adjustments to calculation of levy shares

13.4.19 **R**
01.12.01/001

The FSCS may adjust the calculation of a *participant firm's* share of any levy to take proper account of:

- (1) any excess, not already taken into account, between previous levies of that type imposed in relation to previous periods and the relevant costs actually incurred in that period; or
- (2) *participant firms* that are exempt from the levy under COMP 13.3; or
- (3) amounts that the FSCS has not been able to recover from *participant firms* as a result of COMP 13.4.5R or COMP 13.4.6R; or
- (4) amounts that the FSCS has not been able to recover from *participant firms* after having taken reasonable steps; or
- (5) COMP 13.5.8R (New *participant firms*), COMP 13.4.20R (Remission of levy) or COMP 13.7 (*Incoming EEA firms*); or
- (6) anything else that the FSCS believes on reasonable grounds should be taken into account.

Remission of levy

13.4.20 **R**
01.12.01/001

If a *participant firm's* share of a levy would be an amount so small that, in the opinion of the FSCS, the costs of collection would be disproportionate to the amount received, the FSCS may treat the *participant firm* as if the share amounted to zero.

13.5 Management expenses

Obligation on participant firm to pay

- 13.5.1** **R** *A participant firm must pay to the FSCS a share of each management expenses levy.*

01.12.01/001

Limit on management expenses

- 13.5.2** **R** *The total of all management expenses levies attributable to a particular period of the compensation scheme may not exceed the limit applicable to that period set out in COMP 13 Ann 1R.*

01.12.01/001

Participant firm's share

- 13.5.3** **R** *A participant firm's share of a management expenses levy consists of one or more of:*

01.12.01/001

- (1) a share of a *base costs levy*; and
- (2) a share of a *specific costs levy*; and
- (3) a share of an *establishment costs levy*.

- 13.5.4** **R** *The FSCS must ensure that each participant firm's share of a management expenses levy separately identifies the firm's share of the base costs levy, specific costs levy and establishment costs levy.*

01.12.01/001

Base costs levy

- 13.5.5** **R** *Unless COMP 13.4.19R applies, the FSCS must calculate a participant firm's share of a base costs levy by:*

01.12.01/001

- (1) identifying the *base costs* which the FSCS has incurred, or expects to incur, in the relevant financial year of the *compensation scheme*, but has not yet levied;

- (2) calculating the amount of the *participant firm's regulatory costs* as a proportion of the total *regulatory costs* relating to all *participant firms* for the relevant financial year; and
- (3) applying the proportion calculated in (2) to the figure in (1).

Specific costs levy

13.5.6 **R**
01.12.01/001

The FSCS must allocate any *specific costs levy* amongst the *sub-schemes* and relevant *contribution groups* in proportion to the volume of relevant costs arising from, or expected to arise from, claims in respect of the different activities represented by those *contribution groups*.

13.5.7 **R**
01.12.01/001

The FSCS must calculate a *participant firm's* share of a *specific costs levy* (subject to COMP 13.4.19R) by:

- (1) identifying each of the *sub-schemes* and relevant *contribution groups* within those *sub-schemes* to which the *participant firm* belongs, using the statement of business most recently supplied under COMP 13.6.11R;
- (2) identifying the *management expenses* other than *base costs* or *establishment costs* which the FSCS has incurred, or expects to incur, in the relevant financial year of the *compensation scheme*, allocated to the *contribution groups* identified in (1), but not yet levied;
- (3) calculating, in relation to each relevant *contribution group*, the *participant firm's* tariff base as a proportion of the total tariff base of all *participant firms* in the *contribution group*, using the statement of business most recently supplied under COMP 13.6.11R;
- (4) applying the proportion calculated in (3) to the figure in (2); and
- (5) if more than one *sub-scheme* or *contribution group* is relevant, adding together the figure in (4) for each *contribution group*.

New participant firms

13.5.8 **R**
01.12.01/001

A *firm* which becomes a *participant firm* part way through a financial year of the *compensation scheme* will not be liable to pay a share of a *specific costs levy* made in that year.

13.5.9 **G**
01.12.01/001

New *participant firms* will normally have relevant tariff bases of nil as at 31 December in the financial year preceding that in which they join, so that they will not be required to pay a share of a *specific costs levy* (or a *compensation costs levy*

because of COMP 13.6.6). COMP 13.5.8 means that that the FSCS does not have to estimate the tariff base of a new *participant firm*.

13.5.10**G**

01.12.01/001

Since a *firm* that becomes a *participant firm* in the course of a financial year of the *compensation scheme* will already be obtaining a discount in relation to the *base costs levy* and the *establishment costs levy* through the modified fee provisions of SUP 20.4.3, no rule is necessary in COMP for discounts on the *base costs levy* or the *establishment costs levy*.

Establishment costs levy**13.5.11****R**

01.12.01/001

The FSCS must calculate a *participant firm's* share of an *establishment costs levy* on the same basis as a *base costs levy* under COMP 13.5.5R.

13.5.12**R**

01.12.01/001

The FSCS may not impose an *establishment costs levy* after the end of the third full financial year of operation of the *compensation scheme*.

13.6 Compensation costs

- 13.6.1** **R** 01.12.01/001 The *compensation costs levy* is made up of *compensation costs* incurred by the *FSCS*, together with any *compensation costs* which can reasonably be anticipated as arising in the 12 months following the levy date, and which in each case have not already been subject to a levy.
- 13.6.2** **R** 01.12.01/001 The *FSCS* must allocate any *compensation costs levy* to the individual *sub-schemes* and relevant *contribution groups* in proportion to the volume of *compensation costs* arising from, or expected to arise from, claims in respect of the different activities represented by those *contribution groups*.
- 13.6.3** **R** 01.12.01/001 If a *participant firm* which is *in default* has carried on a *regulated activity* other than in accordance with a *permission*, the *FSCS* must allocate any *compensation costs* or *specific costs* arising out of that activity to the relevant *contribution group* which covers that activity.
- 13.6.4** **R** 01.12.01/001 If the *relevant person in default* is an *appointed representative*, the *FSCS* must allocate any *compensation costs* or *specific costs* arising out of a *regulated activity* for which his *principal* has not accepted responsibility to the relevant *contribution group* for that activity.
- 13.6.5** **R** 01.12.01/001 A *participant firm* (except one exempt under COMP 13.3) must pay to the *FSCS* a share of each *compensation costs levy*.
- 13.6.6** **R** 01.12.01/001 The *FSCS* must calculate a *participant firm's* share of a *compensation costs levy* on the same basis as a *specific costs levy* under COMP 13.5.6R, COMP 13.5.7R and COMP 13.5.8R.
- 13.6.7** **R** 01.12.01/001 When calculating a *participant firm's* share of a *compensation costs levy* or *specific costs levy* allocated to:
- (1) the accepting deposits *sub-scheme* or the insurance business *sub-scheme*, the *FSCS* must use the *contribution groups* and tariff bases as set out in the table in COMP 13.6.8R.;
 - (2) the investment business *sub-scheme*, the *FSCS* must use as the *contribution groups* and tariff bases the correspondingly numbered *activity groups* and tariff bases set out in part 7 of SUP 20 Ann 1R;

01.12.01/001

Table Table: A summary of the relevant contribution groups and tariff bases for the investment business sub-scheme (see COMP 13.6.7R (2)).

SUB-SCHEME	CONTRIBUTION GROUP (REFERENCES TO A1, A2 ETC ARE TO THE FSA FEE BLOCKS)	LEGAL BASIS FOR ACTIVITY (references to articles are to articles of the <i>Regulated Activities Order</i>)	TARIFF BASE
Designated investment business	A7 – fund managers holding client money and/or assets	<i>Managing investments</i> (article 33), and either: (a) holding <i>client money</i> ; or (b) <i>safeguarding and administering investments</i> (article 36)	Funds under management
Designated investment business	A8 – fund managers not holding either client money and/or assets	<i>Managing investments</i> (article 33), but not: (a) holding <i>client money</i> ; or (b) <i>safeguarding and administering investments</i> (article 36)	Funds under management
Designated investment business	A9 – managers of an <i>AUT</i> , <i>ACDs</i> and <i>depositories</i>	Any of the following: (a) <i>establishing, operating or winding up a collective investment scheme</i> ; (b) <i>acting as a trustee of an authorised unit trust scheme</i> ; (c) <i>acting as a depository, or sole director of an open-ended investment company</i> (article 48)	Gross income

Designated investment business	A10 – dealing as principal	<i>Dealing in investments as principal</i> (article 12), but not: (a) dealing as principal in investments if the investments are <i>life policies</i> ; or (b) acting as a matched principal broker	Number of traders
Designated investment business	A11 – execution only brokers	Any of the following: (a) <i>dealing in investments as agent</i> (article 19); (b) <i>arranging (bringing about) deals in investments</i> (article 21(1)); (c) <i>making arrangements with a view to transactions in investments</i> (article 22(2)); (d) dealing as principal in investments where the investments are <i>life policies</i> (article 12); (e) acting as a matched principal broker; but without <i>permission to advise on investments</i> (article 52)	Commission income
Designated investment business	A12 – brokers (excluding execution-only brokers and corporate finance advisers) – holding either client money or assets	Any of the following: (a) <i>dealing in investments as agent</i> (article 19); (b) <i>arranging (bringing about) deals in investments</i> (article 21(1)); (c) <i>making arrangements with a view to transactions in investments</i> (article 22(2)); with <i>permission</i> to: (i) <i>advise on investments</i> (article 49); (ii) hold <i>client money</i> , and (iii) <i>safeguard and administer investments</i> (article 36)	Number of approved persons
Designated investment business	A13 – brokers (excluding execution only brokers and corporate finance advisers) – not holding either client money or assets	Any of the following: (a) <i>dealing in investments as agent</i> (article 19); (b) <i>arranging (bringing about) deals in investments</i> (article 21(1)); (c) <i>making arrangements with a view to transactions in investments</i> (article 22(2)); with <i>permission to advise on investments</i> (article 49); but not to (i) hold <i>client money</i> , and (ii) <i>safeguard and administer investments</i> (article 36).	Number of approved persons
Designated investment business	A14 – corporate finance advisory firms	<i>Permission</i> includes a requirement that the <i>firm</i> must not conduct <i>designated investment business</i> other than <i>corporate finance business</i>	Number of approved persons

Designated investment business	A15 – advisory only	<i>Advising on investments</i> (article 49), but not within A11 to A14	Number of <i>approved persons</i>
Designated investment business	A16 – pensions review	The <i>firm</i> was liable to pay the Pensions Review Levy to the <i>PIA</i> in 2001/ 2002	Percentage share of <i>PIA</i> 's 2001/ 2002 Pensions Review Levy

13.6.10 G
01.12.01/001

A *participant firm* may belong to more than one *sub-scheme*, and more than one *contribution group* within the same *sub-scheme*.

13.6.11 R
01.12.01/001

Unless exempt under **COMP 13.3.1R**, a *participant firm* must provide the *FSCS* by the end of February each year with a statement of:

- (1) the *contribution groups* to which it belongs; and
- (2) the total amount of business (measured in accordance with the appropriate tariff base or bases) which it conducted, as at 31 December of the previous year, in relation to each of those *contribution groups*.

13.6.12 R
01.12.01/001

If the information in **COMP 13.6.11R** has been provided to the *FSA* under other rule obligations, a *participant firm* will be deemed to have complied with **COMP 13.6.11R**.

13.6.13 R
01.12.01/001

Where a *participant firm* can identify that a *protected deposit* was made by a *person* who is not an *eligible claimant*, it may exclude the amount of that deposit from the tariff base, provided that it notifies the *FSCS* of the amount of the deposit so excluded and provides the *FSCS* with such information about the deposit as the *FSCS* may reasonably require.

13.6.14 R
01.12.01/001

Where a *participant firm* does not provide the statement required by **COMP 13.6.11R**, the *FSCS* may assess the firm for its share of the *compensation costs levy* or the *specific costs levy* on any reasonable basis (including on the basis of the statement for the previous year), making such adjustments as seem appropriate in subsequent levies once the true figures are known.

13.7 Incoming EEA firms

Levies for specific costs and compensation costs relating to the pension transfers and opt-outs review

13.7.1

R

01.12.01/001

If an *incoming EEA firm*, which is a *BCD credit institution* or *ISD investment firm*, is a *participant firm*, the *FSCS* must give the *firm* such discount (if any) as is appropriate on the share of any levy it would otherwise be required to pay, taking account of the nature of the levy and the extent of the compensation coverage provided by the firm's *Home State* scheme.

13.8 Payment of levies

13.8.1 **R** *A participant firm must pay its share of any levy made by the FSCS:*

01.12.01/001

- (1) in one payment; or
- (2) where the FSCS agrees, quarterly, at the beginning of each quarter, by direct debit agreement.

13.8.2 **G** The amount paid under a direct debit arrangement will be adjusted on a continuous basis to take account of interim levies and other adjustments made during the course of the financial year.

01.12.01/001

13.8.3 **R** *A participant firm's share of a levy to which COMP 13.8.1R(1) applies is due on, and payable within 30 days of, the date when the invoice is issued.*

01.12.01/001

13.8.4 **R** *If a participant firm does not pay its share of a levy as required by COMP 13.8.3R, it must thereafter pay additional administrative fees based on the amount outstanding at a rate of 5% over the Bank of England's repo rate from time to time in force accruing on a daily basis from the date on which the payment was due.*

01.12.01/001

13.8.5 **R** *If a participant firm does not pay its share of a levy subject to a direct debit agreement as required by COMP 13.8.1R(2), the entire amount of the levy becomes due and payable to the FSCS, and additional administrative fees are payable at the rate set out in COMP 13.8.4R.*

01.12.01/001

13.8.6 **R** *If a participant firm fails to make payment under COMP 13, the FSCS may:*

01.12.01/001

- (1) take steps to recover any money owed; or
- (2) refer the matter to the FSA so that the FSA may take whatever disciplinary action it considers necessary; or
- (3) do both (1) and (2).

13.8.7 **R** *If a firm ceases to be a participant firm part way through a financial year of the compensation scheme:*

01.12.01/001

- (1) it will remain liable for any unpaid levies which the FSCS has already made on the firm; and

- (2) the FSCS may make a levy upon it (which may be before or after the firm has ceased to be a *participant firm*, but must be before it ceases to be an *authorised person*) for the costs which it would have been liable to pay had the FSCS made a levy on all *participant firms* at the time of the levy on the *firm*.

Compensation

Chapter 14

Participation by EEA Firms

PAGE
1

14

14.1 Application and Purpose

Application

14.1.1 **R** This chapter applies to the *FSCS*.

15.11.01/001

14.1.2 **R** This chapter also applies to an *incoming EEA firm* which is a *credit institution* or an *ISD investment firm* (or both).

15.11.01/001

Purpose

14.1.3 **G** This chapter provides supplementary *rules* and *guidance* for an *incoming EEA firm* which is a *credit institution* or an *ISD investment firm*. It reflects the implementation of the *Deposit Guarantee Directive* and *Investors Compensation Directive*. This sourcebook applies in the usual way to an *incoming EEA firm* which is exercising *EEA rights* under the *Insurance Directives*. Such a *firm* is not affected by the *Deposit Guarantee Directive* or the *Investors Compensation Directive*.

15.11.01/001

14.1.4 **G** An *incoming EEA firm*, which is a *credit institution* or an *ISD investment firm*, is not a "*participant firm*" in relation to its *passport activities* unless it "*tops-up*" into the *compensation scheme*. This reflects section 213(10) of the *Act* (The *compensation scheme*) and regulation 2 of the *Electing Participants Regulations* (Persons not to be regarded as relevant persons). If an *incoming EEA firm* also carries on non-*passport activities* for which the *compensation scheme* provides cover, it will be a *participant firm* in relation to those activities and will be covered by the *compensation scheme* for those activities in the usual way.

15.11.01/001

14.1.5 **G** In relation to an *incoming EEA firm's passport activities*, its *Home State* compensation scheme must provide compensation cover in respect of business within the scope of the *Deposit Guarantee Directive* and *Investors Compensation Directive*, whether that business is carried on from a *UK branch* or on a *cross border services* basis.

15.11.01/001

14.1.6 **G** If the scope or level of cover provided by the *incoming EEA firm's Home State* compensation scheme is less than that provided by the *compensation scheme*, this chapter enables the *firm* to obtain *top-up cover* from the *compensation scheme* for its *passport activities* carried on from a *UK branch*, up to the *compensation scheme's* limits (set out in *COMP 10*). This reflects section 214(5) of the *Act* (General) and regulation 3 of the *Electing Participants Regulations* (Persons who may elect to participate). If the *firm* "*tops-up*" and then becomes insolvent, the *Home State* compensation scheme will pay compensation up to the limit and scope of the *Home State* compensation scheme, with the *FSCS* paying compensation for

15.11.01/001

the additional amount in accordance with the provisions in this sourcebook (*COMP* 12.4.1R and *COMP* 12.4.4R).

14.2 Obtaining top-up cover

- 14.2.1** **R** 15.11.01/001 An *incoming EEA firm* may, by notice in writing to the FSCS, elect to receive *top-up cover* from the *compensation scheme* if it falls within one of the categories prescribed in regulation 3 of the *Electing Participants Regulations* (Persons who may elect to participate).
- 14.2.2** **R** 15.11.01/001 An election under COMP 14.2.1R takes effect on the date when the FSCS notifies the *incoming EEA firm* that its election has been accepted.
- 14.2.3** **G** 15.11.01/001 A notice under COMP 14.2.1R should include details confirming that the *incoming EEA firm* falls within a prescribed category. In summary:
- (1) the *firm* must be a *credit institution* or an *ISD investment firm*;
 - (2) the *firm* must have established a *branch* in the *United Kingdom* in the exercise of an *EEA right*; and
 - (3) the scope and level of cover provided by the *firm's Home State* compensation scheme must be less than that provided by the *compensation scheme*.
- 14.2.4** **R** 15.11.01/001 When the FSCS accepts an application, it must allocate the *incoming EEA firm* to the *contribution group* (or groups) which seems to the FSCS to be most appropriate, taking into account the nature of the business for which the *incoming EEA firm* is seeking cover from the *compensation scheme*.
- 14.2.5** **R** 15.11.01/001 The FSCS must put in place and publish procedures to enable an appeal by an *incoming EEA firm* against a rejection by the FSCS of an election to receive *top-up cover* or a decision to allocate an *incoming EEA firm*, once the *firm's* election has been accepted, to a particular *contribution group*. Such procedures must satisfy the minimum requirements of procedural fairness and comply with the European Convention on Human Rights.

14.3 Co-operation between the FSCS and Home State compensation schemes

14.3.1

15.11.01/001

Where an *incoming EEA firm* obtains *top-up cover* under COMP 14.2, the FSCS must seek to establish with that *firm's Home State* compensation scheme appropriate procedures for the payment of compensation to claimants, following the principles set out in Annex II of the *DGD* or Annex II of the *ICD*, as appropriate.

14.4 Ending top-up cover

FSCS terminating top-up cover

- 14.4.1** **R** 15.11.01/001 The FSCS must terminate an *incoming EEA firm's top-up cover* where it is advised by the *firm's Home State regulator* or compensation scheme that the conditions in COMP 14.2.1R are no longer satisfied.
- 14.4.2** **R** 15.11.01/001 If an *incoming EEA firm* which has *top-up cover* fails to observe any of the *rules* in this sourcebook which apply to *participant firms*, the FSCS must notify the FSA and the *incoming EEA firm's Home State regulator*.
- 14.4.3** **R** 15.11.01/001 In cases where COMP 14.4.2R applies, the FSCS must co-operate with the *incoming EEA firm's Home State regulator* so that appropriate measures can be taken to ensure that the *incoming EEA firm* meets its obligations under this sourcebook.
- 14.4.4** **R** 15.11.01/001 If the *incoming EEA firm* fails to meet its obligations for a period of twelve months, the FSCS may terminate its *top-up cover*.

Resignation of an EEA firm from the compensation scheme

- 14.4.5** **R** 15.11.01/001 An *incoming EEA firm* which has *top-up cover* may terminate that *top-up cover* by giving six month's notice in writing to the FSCS.

Notice to customers

- 14.4.6** **R** 15.11.01/001 When an *incoming EEA firm's top-up cover* comes to an end under COMP 14.4.1R, COMP 14.4.4R or COMP 14.4.5R, it must inform all the clients of its *UK branch* no later than six weeks after the date that its participation ends that they are no longer protected by the *compensation scheme*, and of the level of compensation which is then available to them.
- 14.4.7** **R** 15.11.01/001 If an *incoming EEA firm* fails to comply with COMP 14.4.6R, the FSCS must inform the *firm's Home State regulator* of that fact.

14.4.8

R

15.11.01/001

The *FSCS* must bring the ending of an *incoming EEA firm's top-up cover* to the attention of the *incoming EEA firm's* clients by means of a public notice.

Schedules

Compensation

Schedule1 Record-keeping requirements

1 Table

<p>G</p> <ol style="list-style-type: none"> 1. The aim of the guidance in the following table is to give the reader a quick overall view of the relevant record keeping requirements. The Rules listed below apply only to FSCS (the scheme manager). 2. It is not a complete statement of those requirements and should not be relied upon as it were.
--

2 Table

Handbook reference	Subject of record	Contents of record	When record must be made	Retention period
COMP 13.4.12R	FSCS funding	Full details of the movement of funds within sub-schemes.	Ongoing requirement.	N/A

Compensation

Schedule2 Notification requirements

1 Table

<p>G</p> <ol style="list-style-type: none"> The aim of the guidance in the following table is to give the reader a quick overall view of the relevant requirements for notification and reporting. In all cases, other than those concerning Chapter 13 and Chapter 14, the notification rules in COMP apply only to FSCS (the scheme manager). It is not a complete statement of those requirements and should not be relied on as if it were.

2 Table

Handbook reference	Matter to be notified	Contents of notification	Trigger event	Time allowed
COMP 2.2.5R	Annual Report	Not specified in COMP – see Memorandum of Understanding (MoU) between FSA and FSCS	End of Financial Year	Not specified in COMP (see MoU)
COMP 2.2.7R	Default of relevant person	Not specified – although FSCS must take appropriate steps to ensure claimants are informed about how they can claim compensation	default of a relevant person	Not specified – but as soon as practicable after determining default
COMP13.3.2R	Right to exemption for specific costs and compensation costs levy	Notice that firm does not conduct business that could give rise to a claim on the FSCS and has no reasonable likelihood of doing so	In February each year or on the occasion of the firm’s authorisation or when it ceases conducting business with person eligible to claim on FSCS	As soon as practicable

COMP 13.3.4R	Loss of right to seek exemption from specific costs & compensation costs levy	Statement that firm no longer qualifies for exemption because it carries on business with persons eligible to claim on FSCS	Firm loses the right to claim the exemption.	As soon as practicable
COMP 13.6.11R	Levy base for participant firm	The contribution groups to which the participant firm belongs. The total amount of business (measured in accordance with the appropriate tariff bases, which it conducted as at 31 December of the previous year	The end of the calendar year (the occasion of 31 December every year beginning with 31 December 2001).	By end February
COMP 13.8	Participant firms compensation levy for the financial year	Amount of levy payable by the participant firm	The decision by the FSCS that it must impose a levy	30 days before the levy is payable
COMP 14.2.1R	Application by eligible inward passporting EEA firm to top-up into compensation scheme	That firm is qualifying incoming EEA firm. The sub-scheme(s) the firm wishes to participate in. Confirmation that the level or scope of cover offered by its home state scheme(s) is less than that available in the UK.	The firm's decision that it wishes to top-up into the UK scheme.	N/A

COMP 14.4.5R	Termination of top-up cover	Statement that incoming EEA firm is terminating top-up cover	Decision by firm to resign from FSCS	6 months notice
COMP 14.4.6R	Termination of inward passporting EEA firm's top-up cover into compensation scheme	The firm's resignation from the compensation scheme and the level of compensation available to clients of the firm's UK branch following its decision to resign from FSCS	Termination of firm's top-up cover	No later than six weeks after the end of the firm's participation in compensation scheme

Compensation

Schedule3 Fees and other required payments

1 Table

G

1. The rules in COMP 13 give FSCS (the scheme manager) the power to raise levies on participant firms in order to meet its expenses. The rules in COMP 13 do not specify the amount of any levy but do specify how a participant firm's share of a levy is to be calculated and any limit on the amount leviable by the FSCS is a particular period.

Compensation

Schedule4 Powers Exercised

1 Table

G	
1	<p>The following powers and related provisions in the Act and the Compensation Transitionals Order have been exercised by the FSA to make the rules in COMP:</p> <ol style="list-style-type: none">(1) Section 138 (General rule making powers)(2) Section 156 (General supplementary powers)(3) Section 214 (General)(4) Section 215 (Rights of the Scheme in relevant persons insolvency)(5) Section 216 (Continuity of long term insurance policies)(6) Section 217 (Insurers in financial difficulties)(7) Section 223 (Management Expenses)(8) Article 4 (Pending Applications) of the Compensation Transitional's Order(9) Article 6 (Post-commencement applications) of the Compensation Transitional's Order(10) Article 9 (Article 9 defaults occurring before commencement) of the Compensation Transitional's Order(11) Article 10 (Applications in respect of compulsory liability insurance) of the Compensation Transitional's Order(12) Article 12 (Applications under the new scheme) of the Compensation Transitional's Order
2	<p>The following powers in the Act have been exercised by the FSA to give the guidance in COMP:</p> <ol style="list-style-type: none">(1) Section 157(1) (Guidance)

Compensation

Schedule5 Rights of action for damages

1 Table

1. The table below sets out the *rules* in *COMP* contravention of which by an *authorised person* may be actionable under section 150 of the *Act* (Actions for damages) by a *person* who suffers loss as a result of the contravention.
2. If a “yes” appears in the column headed “For private person?”, the *rule* may be actionable by a “*private person*” under section 150 unless a “yes” appears in the column headed “Removed”. A “yes” in the column headed “Removed” indicates that the *FSA* has removed the right of action under section 150(2) of the *Act*. If so, a reference to the *rule* in which it is removed is also given.
3. In accordance with the Financial Services and Markets Act 2000(Rights of Action) Regulations 2001 (SI 2001/2256) a “private person” is:
 - i any individual, except when acting in the course of carrying on a *regulated activity*; and
 - ii any *person* who is not an individual, except when acting in the course of carrying on business of any kind;

but does not include a government, local authority or an international organisation.
4. The column headed “For other person?” indicates whether the rule is actionable by a *person* other than a *private person*, in accordance with those Regulations. If so, an indication of the type of person by whom the rule is actionable is given.
5. The vast majority of *rules* in *COMP* are *rules* to which the *FSCS* is subject. No right of action arises under section 150 for breach of these *rules*, as the *FSCS* is not an *authorised person*.

2 Table Table title (Omit row for untitled tables) row-graphic-table

Chapter/ Appendix	Section/ Annex	Paragraph	For pri- vate per- son?	Removed	For other per- son?
COMP 13	Funding (all rules)		Yes	No	No
COMP 14.4.6 R			Yes	No	No

Compensation

Schedule6 Rules that can be waived

1 Table

G

The *rules* in *COMP* cannot be *waived* by the *FSA*, except:

- (1) COMP 13.6.11R;
- (2) COMP 14.4.6R.

LLOYD'S SOURCEBOOK (AMENDMENT) INSTRUMENT 2001

Powers exercised

- A. The Financial Services Authority amends the Lloyd's sourcebook in the exercise of the powers in section 138 (General rule-making power) and section 157(1) (Guidance) of the Financial Services and Markets Act 2000 (the "Act").
- B. The provisions of the Act relevant to rules and listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

- C. This instrument comes into force immediately.

Amendments to the Lloyd's sourcebook

- D. The Lloyd's sourcebook is amended in accordance with the Annex to this instrument.

Citation

- E. This instrument may be cited as the Lloyd's sourcebook (Amendment) Instrument 2001.

Chapter 1

FREN: Special guide for small Friendly societies

1.1 Application and purpose

- 1.1.1**  This special guide is for small friendly societies.
- 1.1.2**  Its purpose is to guide small friendly societies to the particular parts of the *Handbook* which apply to them.
- 1.1.3**  A *friendly society* that is not subject to the *Insurance Directives* is often referred to as a *non-directive friendly society*. For the purposes of this guide it is referred to as a small friendly society.
- 1.1.4**  A Reader's Guide is also available that gives an introduction to the *Handbook* and is a key navigational aid for *Handbook* users. The Reader's Guide explains the format, layout and workings of the *Handbook*, including the status and definitions of its components such as directions, *rules* and *guidance*. A Reader's Short Guide is also available.

1.2 Parts of the Handbook applicable to small friendly societies

1.2.1 **G**
01.12.01/001

Small friendly societies should read applicable parts of the *Handbook* to find out what the detailed regulatory requirements for small friendly societies are. These parts are listed in the table below.

1.2.2 **G**
01.12.01/001

Table Table: Parts of the Handbook applicable to small friendly societies.

	Part of Handbook	Applicability to small friendly societies
High Level Standards	Principles for Businesses (<i>PRIN</i>)	This applies.
	Senior management arrangements, Systems and Controls (<i>SYSC</i>)	This applies.
	Threshold Conditions (<i>COND</i>)	This applies – except for <i>COND</i> 2.6.
	Statements of Principle and Code of Practice for Approved Persons (<i>APER</i>)	This applies to an <i>approved person</i> who performs a <i>controlled function</i> for a small friendly society.
	The Fit and Proper test for Approved persons (<i>FIT</i>)	This applies to an <i>approved person</i> who performs a <i>controlled function</i> for a small friendly society.
Business Standards	General provisions (<i>GEN</i>)	This applies.
	Interim Prudential sourcebooks (<i>IPRU</i>)	The following parts of the Interim Prudential sourcebook (Friendly societies) (<i>IPRU(FSOC)</i>) apply to small friendly societies: (a) <i>IPRU(FSOC)</i> 1 (Application) (b) <i>IPRU(FSOC)</i> 2 (Integrity, skill, care and diligence) (c) <i>IPRU(FSOC)</i> 3 (Management and control) (d) <i>IPRU(FSOC)</i> 4 (Financial prudence) – in this part sections 4.1 to 4.7 and 4.24 apply

	Part of Handbook	Applicability to small friendly societies
		<p>(e) <i>IPRU(FSOC) 5</i> (Prudential reporting) – the application depends upon the type of business (<i>long-term insurance business</i> or <i>general insurance business</i>) and whether the small friendly society is a <i>registered friendly society</i> or an <i>incorporated friendly society</i>; it does not apply to <i>flat rate benefits business friendly societies</i></p> <p>(f) <i>IPRU(FSOC) 7</i> (Definitions)</p> <p>Appendices to <i>IPRU(FSOC)</i></p> <p>(a) Appendix 1 (Long-term insurance business margin of solvency)</p> <p>(b) Appendix 2 (General insurance business solvency margin)</p> <p>(c) Appendix 4 (Asset valuation rules)</p> <p>(d) Appendix 5 (Liability valuation rules)</p> <p>(e) Appendix 6 (Balance sheet)</p> <p>(f) Appendix 7 (General insurance business: revenue account, other revenue account and additional information)</p> <p>(g) Appendix 8 (Long-term insurance business: revenue account and additional information)</p> <p>(h) Appendix 9 (Abstract of actuarial valuation) – this applies to incorporated small friendly societies with <i>Part IV permission to effect</i> or <i>carry out long-term insurance business</i></p> <p>(i) Appendix 10 (Prudential reporting forms)</p> <p>Annexes to <i>IPRU(FSOC)</i></p> <p>(a) Annex 1 (Guidance on corporate governance of friendly societies)</p> <p>(b) Annex 2 (Guidance on officers’ liability insurance)</p> <p>(c) Annex 3 Part I (Guidance on systems of accounting, control of business and inspection and report)</p> <p>(d) Annex 3 Part II (Guidance on systems of control over investments) A – sections 9 to 13 do not apply. B – sections 19 to 23 do not apply</p> <p>(e) Annex 3 – Attachments A to D</p> <p>(f) Annex 4 (Guidance on margins of solvency and the guarantee fund) – provides <i>guidance</i> to different categories of <i>friendly societies</i> and does not apply to <i>flat rate benefits business friendly societies</i></p>

	Part of Handbook	Applicability to small friendly societies
	<p>Conduct of Business sourcebook (<i>COB</i>)</p>	<p>(g) Annex 5 (Guidance on exemption from triennial valuation)</p> <p>(h) Annex 5 – Attachment</p> <p><i>Friendly societies</i> and their advisers may also wish to refer to <i>IPRU(INS)</i> Volume 3 (Guidance) which contains additional Guidance Notes and other material, such as 'Guidance for insurers and auditors on the Valuation of Assets Rules' and 'Dear Appointed Actuary' letters, that may be of assistance to them.</p> <p>The other IPRU sourcebooks do not apply.</p> <p>The following parts of <i>COB</i> are relevant to small friendly societies:</p> <p>(a) <i>COB</i> 1 (Application and general provisions)</p> <p>(b) <i>COB</i> 2 (Rules which apply to firms conducting designated investment business)</p> <p>(c) <i>COB</i> 3 (Financial promotion)</p> <p>(d) <i>COB</i> 4 (Accepting customers)</p> <p>(e) <i>COB</i> 5 (Advising and selling)</p> <p>(f) <i>COB</i> 6 (Product disclosure and the customer's right to cancel or withdraw)</p> <p>(g) <i>COB</i> 7 (Dealing and managing) – but is likely to have limited relevance to small friendly societies.</p> <p>(h) <i>COB</i> 8 (Reporting to customers) – but is likely to have limited relevance to small friendly societies.</p> <p>(i) <i>COB</i> 9 (Client assets) – in this part sections 9.1, 9.2 and 9.4 are relevant</p> <p><i>COB</i> 10 to <i>COB</i> 12 do not apply.</p> <p>This sourcebook is principally relevant to small friendly societies with <i>Part IV permission to effect contracts of insurance</i>. However, for societies that only <i>carry out contracts of insurance</i>, <i>COB</i> 6.8 will apply. These societies should note that <i>COB</i> 8 and <i>COB</i> 9 may be of relevance to them.</p> <p>Only the following parts of <i>COB</i> apply in relation to <i>general insurance business</i> and <i>pure protection contracts</i>: <i>COB</i> 1.1 to 1.4, <i>COB</i> 1.8, <i>COB</i> 3.1 to 3.5, <i>COB</i> 3.8.4 to 3.8.6, <i>COB</i> 3.14, <i>COB</i> 4.1.12 to 4.1.14 and <i>COB</i> 6.8. <i>COB</i> 6.7 applies in relation to <i>pure protection contracts</i> only.</p>

	Part of Handbook	Applicability to small friendly societies
<p>Regulatory Processes</p>	<p>Market conduct sourcebook (MAR)</p>	<p>MAR 1 (Code of Market Conduct) – this gives <i>guidance</i> on what does and does not amount to <i>market abuse</i>; this Code is relevant to all <i>persons</i> seeking <i>guidance</i> as to whether or not <i>behaviour</i> amounts to <i>market abuse</i>.</p> <p>MAR 2 (Price stabilising rules) – applies to all <i>firms</i> but is likely to have limited relevance to small friendly societies.</p> <p>MAR 3 (Inter-professionals conduct) – does not apply.</p> <p>MAR 4 (Endorsement of the Takeover Code) – this applies to every <i>firm</i> whose <i>permission</i> includes, or ought to include, any <i>designated investment business</i>, but is likely to have limited relevance to small friendly societies.</p>
	<p>Training and Competence sourcebook (TC)</p>	<p>TC 1 (Commitments) applies.</p> <p>TC 2 (Rules and guidance) applies in respect of <i>employees</i> engaged in advising on certain long-term insurance products (see the table at TC 2.1.4R).</p>
	<p>Money Laundering sourcebook (ML)</p>	<p>This applies to small friendly societies but not in respect of their <i>pure protection contracts</i> or in relation to <i>general insurance business</i>.</p>
	<p>Authorisation manual (AUTH)</p>	<p>This applies.</p> <p><i>AUTH</i> contains <i>guidance</i> on the <i>Act and Regulated Activities Order</i>. It explains, among other matters, the <i>FSA's</i> procedures for applications for <i>Part IV permission</i> for an applicant that is not already an <i>authorised person</i>.</p>
	<p>Supervision manual (SUP)</p>	<p><i>SUP</i> contains, and explains, provisions that relate to how the <i>FSA</i> will monitor <i>firms</i> for compliance with requirements imposed by or under the <i>Act</i>.</p> <p>The following parts of <i>SUP</i> apply to small friendly societies:</p> <ul style="list-style-type: none"> (a) <i>SUP</i> 1 (The <i>FSA's</i> approach to supervision) (b) <i>SUP</i> 2 (Information gathering by the <i>FSA</i> on its own initiative) (c) <i>SUP</i> 3 (Auditors) – in this part sections 3.1 to 3.7 apply; societies should note that sections 3.1, 3.2 and 3.8 apply to a <i>society's</i> external auditors (d) <i>SUP</i> 4 (Actuaries)

	Part of Handbook	Applicability to small friendly societies
	Enforcement manual (<i>ENF</i>)	<p>(e) <i>SUP</i> 5 (Skilled persons)</p> <p>(f) <i>SUP</i> 6 (Applications to vary and cancel Part IV permission)</p> <p>(g) <i>SUP</i> 7 (Individual requirements)</p> <p>(h) <i>SUP</i> 8 (Waiver and modification of rules)</p> <p>(i) <i>SUP</i> 9 (Individual guidance)</p> <p>(j) <i>SUP</i> 10 (Approved persons) – <i>SUP</i> 10.6.26R to <i>SUP</i> 10.6.29G provide for a special <i>controlled function</i> for small friendly societies (the <i>small friendly society function</i>). <i>SUP</i> 10.10 (Customer functions) does not apply in relation to <i>general insurance business</i> or <i>pure protection contracts</i></p> <p>(k) <i>SUP</i> 11 (Controllers and close links) – in this part sections 11.1, 11.2 and 11.9 apply</p> <p>(l) <i>SUP</i> 12 (Appointed representatives) – this part applies to a <i>friendly society</i> with <i>permission</i> to carry on <i>designated investment business</i> and which is considering appointing, has decided to appoint or has appointed an <i>appointed representative</i></p> <p>(m) <i>SUP</i> 15 (Notifications to the FSA)</p> <p>(n) <i>SUP</i> 16 (Reporting requirements) – in this part sections 16.4 to 16.7 do not apply; section 16.8 applies to societies with <i>permission</i> to effect or carry out <i>life policies</i></p> <p>(o) <i>SUP</i> 18 (Transfers of business)</p> <p>(p) Appendix 1 (Prudential categories and sub-categories)</p> <p>(q) Appendix 2 (Scheme of operations)</p> <p><i>ENF</i> describes the <i>FSA</i>'s policies and procedures for the exercise of its enforcement powers, and contains <i>guidance</i> on how those powers will be exercised. <i>ENF</i> applies to <i>firms</i>, <i>approved persons</i> and (in relation to some of the powers) other <i>persons</i>.</p> <p><i>ENF</i> applies to small friendly societies, except for the following parts:</p> <p>(a) <i>ENF</i> 4 (Intervention against incoming firms)</p> <p>(b) <i>ENF</i> 16 (Collective investment schemes)</p> <p>(c) <i>ENF</i> 18 (Disapplication orders against members of the professions)</p>

	Part of Handbook	Applicability to small friendly societies
Redress	Decision making manual (<i>DEC</i>)	<p>Societies should be aware of the following parts of <i>ENF</i>, although they may be of limited relevance:</p> <p>(a) <i>ENF</i> 14 (Sanctions for market abuse) – applies to any <i>person</i>, whether regulated or not, who may be the subject of a financial penalty or public statement on the basis that the <i>FSA</i> suspects the <i>person</i> is or has engaged in <i>market abuse</i></p> <p>(b) <i>ENF</i> 17 (Disqualification of auditors and Actuaries) – applies to auditors and <i>actuaries</i> of small friendly societies</p> <p>This applies.</p> <p><i>DEC</i> contains <i>guidance</i> on the <i>FSA</i>'s decision making, and other procedures for giving <i>statutory notices</i>. It also gives <i>guidance</i> on the <i>FSA</i>'s procedures for using its powers under certain Parts of the <i>Act</i>.</p>
	Dispute resolution: the Complaints sourcebook (<i>DISP</i>)	<p>This applies. All <i>firms</i> are subject to the <i>Compulsory Jurisdiction of the Financial Ombudsman Service</i>.</p> <p><i>DISP</i> 4 (Standard terms) – only applies to a <i>firm</i> which has decided to be a <i>participant</i> in the <i>Voluntary Jurisdiction</i> of the <i>Financial Ombudsman Service</i>.</p>
	Compensation sourcebook (<i>COMP</i>)	<p>This sourcebook is principally relevant to the <i>Financial Services Compensation Scheme Limited</i> (<i>FSCS</i>). It sets out the circumstances in which compensation may be paid, to whom compensation may be paid and on whom the <i>FSCS</i> can impose levies to meet the costs of paying compensation.</p> <p><i>Firms</i> will be particularly interested in <i>COMP</i> 13 (Funding) which deals with levies.</p>
Specialist Sourcebooks	Complaints Against the <i>FSA</i> (<i>COAF</i>)	<p>This sourcebook sets out the details of the <i>complaints scheme</i>. The <i>complaints scheme</i> applies in relation to complaints made about the way the <i>FSA</i> has carried out its functions under the <i>Act</i>.</p>
	Collective Investment Schemes sourcebook (<i>CIS</i>)	<p>The specialist sourcebooks do not apply.</p>

Interim Permitted Persons Instrument 2001

Powers exercised

- A. The Financial Services Authority makes this instrument in the exercise of the powers and related provisions in:
- (1) article 12(1) of the Financial Services and Markets Act 2000 (Interim Permissions) Order 2001, SI No. 2001/3374 (“the Interim Permissions Order”);
 - (2) sections 138 (General rule-making power), 145 (Financial promotion rules), 149 (Evidential provisions) and 156 (General supplementary powers) of the Financial Services and Markets Act 2000 (the “Act”); and
 - (3) section 157(1) (Guidance) of the Act.
- B. Article 12(2) of the Interim Permissions Order is relevant to the exercise of the powers set out in paragraph A(2) and A(3) above because it provides that section 155 (Consultation) does not apply to the rules and guidance set out in this Instrument.
- C. The provisions listed above relevant to making rules are specified for the purposes of section 153(2) of the Act (Rule-making instruments).

Commencement

- D. This instrument comes into force:
- (1) to the extent it relates to a specific part of the Handbook: when that part comes into force or immediately, whichever is the later; and
 - (2) otherwise: when section 19 of the Act (The general prohibition) comes into force.

Citation

- E. This instrument may be cited as the Interim Permitted Persons Instrument 2001.
- F. The Annex to this instrument may be cited as Directions, rules and guidance for Interim Permitted Persons, or IPPS.

By order of the Board

15 November 2001

Annex: Directions, rules and guidance for Interim Permitted Persons (IPPS)

1. Handbook and other requirements for Interim Permitted Persons

1.1 Application and purpose

1.1.1 R *IPPS* applies to *interim permitted persons*.

1.1.2 G The purpose of *IPPS* is:

- (1) to make *rules* relating to the disclosure of their regulated status by *interim permitted persons*;
- (2) to direct, in accordance with article 12(1) of the *Interim Permissions Order*, that certain provisions of the *Handbook* that would otherwise apply to *interim permitted persons*:
 - (a) are not to apply; or
 - (b) are to apply to them as modified in the way specified in *IPPS*; and
- (3) to give ancillary *guidance* to *interim permitted persons* as to the application of the *Handbook* to them.

1.2 Disclosure of interim permitted person status

1.2.1 G The purpose of *IPPS* 1.2 is to prevent *clients* being misled about the extent to which the *FSA* has approved a *firm's* affairs.

REFERRING TO APPROVAL BY FSA – ALL INTERIM PERMITTED PERSONS

1.2.2 D The *FSA* directs that *GEN* 1.2 (Referring to approval by the *FSA*) is not to apply to an *interim permitted person*.

1.2.3 G Instead, *IPPS* 1.2.4 R makes provision for *interim permitted persons* about referring to approval by the *FSA* or *authorisation* for the purposes of the *Act*.

1.2.4 R

- (1) Unless required to do so under the *regulatory system*, an *interim permitted person* must ensure that neither it nor anyone acting on its behalf claims, in a public statement or to a client, expressly or by implication, that its affairs, or any aspect of them, have the approval of the *FSA* or that it is an *authorised person* for the purposes of the *Act*.
- (2) Paragraph (1) does not apply to statements by or on behalf of an *interim authorised person* that explain, in a way that is fair, clear and not misleading, that:
 - (a) the *firm* is an *interim authorised person*;
 - (b) the *firm* has *interim permission* to carry on a specific activity;
 - (c) an *authorisation order* has been made in relation to an *AUT* or *ICVC*;
 - (d) a *recognised scheme* has that status;

- (e) the *firm's approved persons* are deemed to be approved by the *FSA* for the purposes of section 59 of the *Act* (Approval for particular arrangements) pending determination of the *firm's* application for *authorisation*;
 - (f) the *firm* has been given express written approval by the *FSA* in respect of a specific aspect of the *firm's* affairs.
- (3) Paragraph (1) does not apply to statements by or on behalf of an *interim permitted person* who is not an *interim authorised person* that explain, in a way that is fair, clear and not misleading, that:
- (a) the *firm* is an *authorised person*;
 - (b) as appropriate:
 - (i) the *firm* has *permission* to carry on a specific activity; or
 - (ii) the *firm* has *interim permission* to carry on a specific activity;
 - (c) an *authorisation order* has been made in relation to an *AUT* or *ICVC*;
 - (d) a *recognised scheme* has that status;
 - (e) as appropriate:
 - (i) one or more of the *firm's approved persons* has been approved by the *FSA* for the purposes of section 59 of the *Act* (Approval for particular arrangements); and/or
 - (ii) one or more of the *firm's approved persons* is deemed to be approved by the *FSA* for the purposes of section 59 of the *Act* (Approval for particular arrangements) pending determination of the *firm's* application for *permission*;
 - (f) the *firm* has been given express written approval by the *FSA* in respect of a specific aspect of the *firm's* affairs.
- (4) Paragraph (1) applies with respect to the carrying on of both *regulated activities* and *unregulated activities*.

REQUIRED DISCLOSURES – INTERIM AUTHORISED PERSONS ONLY

- 1.2.5 R An *interim authorised person* who, in order to comply or to provide evidence of compliance with a provision (including a provision mentioned in *IPPS* 1.2.7 G) of the *Handbook*, discloses that he is authorised or regulated by the *FSA*, must also disclose that he is authorised or regulated on an interim basis only.
- 1.2.6 E (1) An *interim authorised person* should, in the circumstances mentioned in *IPPS* 1.2.5 R, disclose that he is “interim authorised under the Financial Services and Markets Act 2000” or “interim regulated by the Financial Services Authority” or “regulated by the Financial Services Authority as an interim authorised person” or use words to that effect.
- (2) Compliance with (1) may be relied on as tending to establish compliance with *IPPS* 1.2.5 R.
- (3) Contravention of (1) may be relied on as tending to establish contravention of *IPPS* 1.2.5 R.

- 1.2.7 G Table Non-exhaustive list of provisions about status disclosure

This table belongs to *IPPS* 1.2.5 R

COB 10.6.8E (1))

1.3 Application of Handbook to interim permitted persons

INTERIM PERMITTED PERSONS OTHER THAN INTERIM AUTHORISED PERSONS

- 1.3.1 G The *Handbook* applies to *interim permitted persons* who are not *interim authorised persons*, as set out in *IPPS*. Any *regulated activity* covered by their *interim permission* is *regulated activity* for the purposes of the *Handbook*.

INTERIM AUTHORISED PERSONS

- 1.3.2 G The *Interim Permissions Order* provides broadly that *interim authorised persons* are to be treated, unless otherwise provided, as *authorised persons* for the purposes of the *Act* and any provision made under the *Act* (see paragraph 5 of the Schedule to the *Interim Permissions Order*). As a result, the *Handbook* applies to *interim authorised persons* and any *regulated activity* in respect of which they are seeking *permission* is *regulated activity* for the purposes of the *Handbook*.

ALL INTERIM PERMITTED PERSONS

- 1.3.3 G The parts of the *Handbook* and their applicability to *interim permitted persons* are listed in *IPPS* 1.3.7 G. *Interim permitted persons* should read applicable parts of the *Handbook* to find out what the detailed regulatory requirements for them are. They should bear in mind that under *IPPS* 1.3.4 D they will, broadly speaking, for the purposes of working out which parts of the *Handbook* apply to them, be in the same regulatory category (including prudential category and sub-category) that they are expected to be in upon grant of their application. See *SUP* App 1 for an explanation of the prudential categories and sub-categories.
- 1.3.4 D The *FSA* directs that any special application or disapplication provisions in the *Handbook* are to apply to *interim permitted persons* as nearly as possible as if the application for *permission* which gives rise to the *interim permission* has been granted in the terms applied for, including as if the *requirements* and *limitations* applied for (or otherwise required to give effect to the terms of the application) have already been included in that *permission*.
- 1.3.5 G Where *FSA* has given an *interim permitted person* a *waiver* from a provision of the *Handbook*, the terms of that *waiver* are to be taken into account in determining the provisions of the *Handbook* that apply to that *interim permitted person*.
- 1.3.6 G The effect of the above is that, for example, an *interim authorised person* who has applied to be *authorised* as an *energy market participant* will be bound by the provisions of the *Handbook* to the extent that they are applicable to an *energy market participant* as described in *EMPS* (taking into account, in applying *EMPS*, any *waiver* granted by *FSA* in the exercise of its powers under section 148 of the *Act* (Modification or waiver of rules)).

This table belongs to *IPPS 1.3.3 G*

	Part of Handbook	Extent of application (subject to <i>IPPS 1.3.4 D</i>)
High Level Standards	Principles for Businesses (<i>PRIN</i>)	This applies.
	Senior management arrangements, Systems and Controls (<i>SYSC</i>)	This applies.
	Threshold Conditions (<i>COND</i>)	This applies.
	Statements of Principle and Code of Practice for Approved Persons (<i>APER</i>)	<p>(1) This applies.</p> <p>(2) Article 72 of the <i>Grandfathering Order</i> provides broadly, with some exceptions, that where at <i>commencement</i> a person (E) is performing a function for a person (A) under an <i>arrangement</i> entered into by A or by a contractor of A, then if E's continued performance of that function after <i>commencement</i> would require the approval of the FSA under section 59(1) or (2) (Approval for particular arrangements) of the <i>Act</i>, then that continued performance by E of that function after <i>commencement</i> is to be taken to have been approved by the FSA for the purposes of section 59.</p> <p>(3) Article 9 of the <i>Interim Permissions Order</i> provides broadly that E's transitional approval under the <i>Grandfathering Order</i> lapses at the latest when A's <i>interim permission</i> relating to the relevant <i>regulated activity</i> lapses.</p>
	The Fit and Proper test for Approved Persons (<i>FIT</i>)	This applies. See notes (2) and (3) relating to <i>APER</i> above.
	General provisions (<i>GEN</i>)	<p>(1) <i>GEN 1.2</i> (Referring to approval by the FSA) does not apply to <i>interim permitted persons</i>: see <i>IPPS 1.2.2 D</i>. Instead, <i>IPPS 1.2.4 R</i> makes provision about <i>interim permitted persons</i> referring to approval by the FSA or <i>authorisation</i> for the purposes of the <i>Act</i>.</p> <p>(2) The remainder of <i>GEN</i> applies.</p>

	Part of Handbook	Extent of application (subject to IPPS 1.3.4 D)
Business standards	Interim Prudential sourcebooks (<i>IPRU</i>)	This applies.
	Conduct of Business sourcebook (<i>COB</i>)	<p>(1) This applies.</p> <p>(2) <i>IPPS</i> 1.2.5 R makes special provision for required status disclosures by <i>interim authorised persons</i>. See also note (1) relating to <i>GEN</i> above.</p> <p>(3) Paragraph 6 of the Schedule to the <i>Interim Permissions Order</i> provides broadly that an <i>interim authorised persons</i> is not <i>authorised</i> for the purposes of sections 21(1) (Restrictions on financial promotion) and 25(2)(a) (Contravention of section 21) unless the communication invites an agreement the making or performance of which constitutes a <i>controlled activity</i> corresponding to a <i>regulated activity</i> covered by his <i>interim permission</i>.</p>
	Market Conduct sourcebook (<i>MAR</i>)	This applies.
	Training and Competence sourcebook (<i>TC</i>)	This applies.
	Money Laundering sourcebook (<i>ML</i>)	This applies.

	Part of Handbook	Extent of application (subject to IPPS 1.3.4 D)
Regulatory processes	Authorisation manual (<i>AUTH</i>)	<p>(1) This applies.</p> <p>(2) Article 8 of the <i>Interim Permissions Order</i> provides:</p> <ul style="list-style-type: none"> (a) that after <i>commencement</i>, an <i>interim permitted person</i> cannot withdraw his application for <i>permission</i> which gives rise to his <i>interim permission</i> without the consent of the <i>FSA</i>; (b) for the duration of <i>interim permission</i>, which ends broadly when the application process is determined and appeal rights are exhausted. <p>(3) Paragraph 2 of the Schedule to the <i>Interim Permissions Order</i> provides that for the purposes of section 20 (Authorised persons acting without permission) an <i>interim permission</i> is treated as having been given to him by the <i>FSA</i> under Part IV of the <i>Act</i>.</p> <p>(4) Paragraph 3 of the Schedule to the <i>Interim Permissions Order</i> provides that an applicant's <i>interim permission</i> is to be disregarded for the purposes of sections 38(2) (Exemption orders), 40(2) (Application for permission) and 42 to 44 (Giving permission, Imposition of requirements and Variation etc. at request of authorised person) of the <i>Act</i>.</p> <p>(5) Special provision is made for <i>approved persons</i> performing <i>controlled functions</i> for <i>interim permitted persons</i>: see explanation relating to <i>APER</i> above.</p> <p>(6) <i>Interim authorised persons</i> will be identified as such on the public register maintained by the <i>FSA</i>.</p> <p>(7) The Schedule to the <i>Interim Permissions Order</i> provides broadly that <i>interim authorised persons</i>:</p> <ul style="list-style-type: none"> (a) are to be treated, unless otherwise provided, as <i>authorised persons</i> for the purposes of the <i>Act</i> (see paragraph 5); (b) may still be <i>appointed representatives</i> (and hence may be treated as exempt from the <i>general prohibition</i> as a result of section 39(1) for the purposes of section 42(3)(a)) (see paragraph 7); and (c) are not to be treated as <i>authorised persons</i>, or are not to be treated as <i>authorised persons</i> for all purposes, under the exclusions provided for in articles 22, 29 and 72 of the <i>Regulated Activities Order</i> (which relate to certain transactions and arrangements entered or made with or through authorised persons) (see paragraphs 10-12).

	Part of Handbook	Extent of application (subject to IPPS 1.3.4 D)
	Supervision manual (<i>SUP</i>)	This applies. See also note (2) to <i>APER</i> above which is relevant to <i>SUP</i> and notes (2), (4) and (7)(b) to <i>AUTH</i> above which are relevant to <i>SUP</i> 6, <i>SUP</i> 7 and <i>SUP</i> 12.
	Enforcement manual (<i>ENF</i>)	This applies.
	Decision making manual (<i>DEC</i>)	This applies. See also note (2) to <i>AUTH</i> above.

2. Interpretation

2.1 GEN and Glossary apply

2.1.1 The General provisions (*GEN*) of the *Handbook* and the *Glossary* made under the Act apply in the interpretation of *IPPS*.

2.1.2 The terms in *IPPS* 2.1.3 are also defined for the purposes of *IPPS*.

2.1.3 Table Terms defined for the purposes of *IPPS*

This table belongs to *IPPS* 2.1.2 .

Definition	Definition text
<i>Grandfathering Order</i>	the Financial Services and Markets Act 2000 (Transitional Provisions) (Authorised Persons etc.) Order 2001, SI No. 2001/2636.
<i>interim authorised person</i>	an <i>interim permitted person</i> who is an <i>authorised person</i> only because he has an <i>interim permission</i> .
<i>interim permission</i>	a <i>Part IV permission</i> conferred by article 6 or 7(2) of the <i>Interim Permissions Order</i> .
<i>Interim Permissions Order</i>	the Financial Services and Markets Act 2000 (Interim Permissions) Order 2001, SI No. 2001/3374.
<i>interim permitted person</i>	a <i>person</i> who has an <i>interim permission</i> .
<i>IPPS</i>	Directions, rules and guidance for Interim Permitted Persons forming the Annex to the Interim Permitted Persons Instrument 2001.

Designation of Pensions Review Provisions Instrument 2001

1 Application and Purpose

Application

- 1.1 This instrument applies to *firms* which, immediately before *commencement*, were regulated by self regulating organisations or recognised professional bodies under the Financial Services Act 1986.

Purpose

- 1.2 Under the Financial Services Act 1986, reviews were set up concerning the sale of personal pension schemes between 29 April 1988 and 30 June 1994, and the sale of free standing additional voluntary contribution schemes between 29 April 1988 and 15 August 1999 (the "reviews").
- 1.3 So that the *FSA* can require *firms* to continue to conduct the reviews under the *Act* after *commencement*, the *Pensions Review Transitional Order* provides for the reviews to be treated as if they constituted a scheme under section 404 of the *Act* (Schemes for reviewing past business) (the 'deemed scheme'), and that the *FSA* can designate *pensions review provisions* for that purpose.

2 Designation under Article 3 of the Pensions Review Transitional Order

- 2.1 The *FSA* designates, under article 3 of the *Pensions Review Transitional Order*, the *pensions review provisions* listed in schedules 1 to 10 to this instrument.
- 2.2 Each of the *pensions review provisions* listed in the schedules is to have effect as a provision of an authorised scheme within the meaning of section 404 of the *Act*.
- 2.3 The *persons* to which designated provisions are to apply are those identified in the schedules.

3 Modifications of Pensions Review Provisions

- 3.1 For the purposes of the deemed scheme, in the *pensions review provisions* listed in the schedules to this instrument, references to the following are to be read as stated, unless the context requires otherwise:
- (1) "firm" or "member", as a *person* authorised under the *Act*;
 - (2) ombudsman arrangements or ombudsman schemes, as the arrangements in *DISP*;
 - (3) compensation arrangements, as the arrangements in *COMP* or in the *Compensation Transitional Order*; and
 - (4) the firm's regulator, as the *FSA*.

4 Miscellaneous

- 4.1 In this instrument, words and phrases in italics have the meanings given in the table contained on page 3 of this instrument.

4.2 Article 3 of the *Pensions Review Transitional Order* is specified for the purposes of section 153 (2) of the *Act* (Rule-making instruments).

5 Commencement

5.1 This instrument comes into force at *commencement*.

6 Citation

6.1 This instrument may be cited as the Designation of Pensions Review Provisions Instrument 2001.

By order of the Board

15 November 2001

Table

DEFINITION TITLE	DEFINITION WORDING
Act	the Financial Services and Markets Act 2000.
commencement	the beginning of the <i>commencement day</i> .
commencement day	the day on which section 19 of the <i>Act</i> (The general prohibition) comes into force.
COMP	the Compensation sourcebook.
Compensation Transitional Order	The Financial Services and Markets Act 2000 (Transitional Provisions, Repeals and Savings) (Financial Services Compensation Scheme) Order 2001 (SI 2001/2967).
DISP	Dispute resolution: the Complaints sourcebook.
firm	a <i>person</i> authorised under section 31 of the <i>Act</i> (Authorised persons).
FSA	the Financial Services Authority.
pensions review provision	<p>(as defined in the <i>Pensions Review Transitional Order</i>) any (or any part of any) enactment, subordinate legislation or other instrument or provision (including guidance in writing or other legible form) which (or to the extent that it) provides for, or relates to, the conduct of a review into, or the taking of other steps with respect to:</p> <p>(a) the selling, between 29 April 1988 and 30 June 1994, by persons who were at the time:</p> <p>(i) authorised persons under the Financial Services Act 1986; or</p> <p>(ii) appointed representatives of such persons (within the meaning of that Act); of rights in, or interests under, personal pension schemes; or</p> <p>(b) the selling, by such persons between 29 April 1988 and 15 August 1999, of rights in, or interests under, free-standing additional voluntary contribution schemes.</p> <p>In (a) and (b), references to "selling" rights or interests are to be construed in accordance with paragraph 27 (Interpretation) of Schedule 2 to the <i>Act</i>, but also include:</p> <p>(i) the giving of advice to acquire rights or interests; and</p> <p>(ii) the making of arrangements for another person to acquire, or with a view to another person acquiring, rights or interests.</p>
Pensions Review Transitional Order	The Financial Services and Markets Act 2000 (Transitional Provisions) (Reviews of Pensions Business) Order 2001 (SI 2001/2512)
person	(in accordance with the Interpretation Act 1978) any person, including a body of persons corporate or unincorporate (that is, a natural person, a legal person and, for example, a partnership, other than a limited liability partnership).

Schedule 1

Designated *pensions review provisions* applying to *firms* which, immediately before *commencement*, were members of the Personal Investment Authority Limited (PIA)

**GENERAL PROVISIONS AND GLOSSARY (AMENDMENT NO 3)
INSTRUMENT 2001**

Powers exercised

- A. The Financial Services Authority amends the General provisions and the Glossary in the exercise of the powers and related provisions listed in Schedule 4 to the General provisions (Powers exercised).
- B. The provisions of or under the Financial Services and Markets Act 2000 (the "Act") relevant to making rules and referred to above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

- C. This instrument comes into force immediately.

Amendment of the General provisions and the Glossary

- D. The General provisions are amended in accordance with Annex A to this instrument.
- E. The Glossary is amended in accordance with Annex B to this instrument.

Citation

- F. This instrument may be cited as the General Provisions and Glossary (Amendment No 3) Instrument 2001.

By order of the Board
20 December 2001

Annex A
Amendment of the General provisions

Insert, in the table of transitional provisions under the heading “Transitional provisions applying across the Handbook”, the following additional rows numbered 23 and 24:

(1)	(2)	(3)	(4)	(5)	(6)
	Material to which the transitional provision applies		Transitional provision	Transitional provision: dates in force	Handbook provision: coming into force
23	Every <i>rule</i> in the <i>Handbook</i> made by the <i>FSA</i>	R	<p><u>Dealing as principal by certain grandfathered firms</u></p> <p>(1) This paragraph applies to a <i>firm</i> which has <i>permission to deal in investments as principal</i> which:</p> <p style="padding-left: 20px;">(a) is subject to a <i>limitation</i> to the effect that the <i>firm</i>, in carrying on this <i>regulated activity</i>, is limited to entering into transactions in a manner which, if the <i>firm</i> was an <i>unauthorised person</i>, would come within article 16 of the <i>Regulated Activities Order (Dealing in contractually based investments)</i>; and</p> <p style="padding-left: 20px;">(b) it was treated as having, at <i>commencement</i>, as a result of article 6, 7, 8 or 9 of the <i>Financial Services and Markets Act 2000 (Miscellaneous Provisions) Order 2001 (SI 2001/3650)</i>;</p> <p style="padding-left: 20px;">unless the <i>firm</i> is an <i>ISD investment firm</i>.</p> <p>(2) The <i>rules</i> in the <i>Handbook</i> apply to, and in relation to, a <i>firm</i> in (1) as if:</p> <p style="padding-left: 20px;">(a) the <i>firm</i> does not have, and does not require, <i>permission to deal in investments as principal</i> or to <i>agree to carry on that regulated activity</i>;</p>	From 20 December 2001 until 19 December 2002	Various dates

(1)	(2) Material to which the transitional provision applies	(3)	(4) Transitional provision	(5) Transitional provision: dates in force	(6) Handbook provision: coming into force
			<p>(b) dealing as principal in a manner which is excluded under article 15 of the <i>Regulated Activities Order</i> (Absence of holding out etc) (and agreeing to do so) is not <i>designated investment business</i>;</p> <p>(c) dealing in investments as principal in a manner described in (1)(a) (and agreeing to do so) is an <i>unregulated activity</i> (and hence also not <i>designated investment business</i>);</p> <p>(d) <i>PRIN 3.2.1R(2)</i> does not apply; and</p> <p>(e) <i>SYSC 1.1.3R(2)</i> does not apply in relation to <i>SYSC 3</i>.</p>		
24	<p>Paragraph 23 and <i>guidance</i> in the <i>Handbook</i> other than in:</p> <ul style="list-style-type: none"> • <i>COND</i>; • <i>APER</i>; • <i>FIT</i>; • <i>AUTH</i>; • <i>PROF</i>; • <i>MAR 1</i> 	G	<p>(1) Paragraph 23 applies to banks, building societies, insurance companies and friendly societies which were not authorised under the Financial Services Act 1986 but which were grandfathered into <i>authorisation</i> under the <i>Act</i> with a limited <i>permission to deal in investments as principal</i>. These <i>firms</i> were able to carry on limited dealing as principal in both securities and contractually based investments without authorisation under paragraph 17 of Schedule 1 to the 1986 Act (Dealings as principal), and were not subject to conduct of business rules for such activities. <i>Firms</i> used the exemptions mainly for the purposes of treasury management.</p> <p>(2) Under the <i>Act</i>, the exemption for <i>contractually based investments</i> (article 16 of the <i>Regulated Activities Order</i> (Dealing in contractually based investments)) is not available to these <i>firms</i>, as they are <i>authorised persons</i>. Further, the <i>Handbook</i> treats <i>dealing in investments as principal</i> in relation to <i>securities</i> as <i>designated investment business</i>, even if it falls within the exemption in article 15 of that Order (Absence of holding out etc).</p> <p>(3) The transitional <i>rule</i> in paragraph 23 results in the <i>FSA's rules</i> applying to these <i>firms</i> as if their article 15 and 16 dealing as principal was not <i>designated investment business</i> nor a <i>regulated activity</i>, pending <i>FSA</i> consultation on the treatment of this activity under the <i>Handbook</i>. This transitional provision does not, for example, affect the application of:</p>	From 20 December 2001 until 19 December 2002	Various dates

(1)	(2) Material to which the transitional provision applies	(3)	(4) Transitional provision	(5) Transitional provision: dates in force	(6) Handbook provision: coming into force
			<p>(a) <i>rules</i>, such as most prudential <i>rules</i>, whose application is not dependent on the regulated status of this activity;</p> <p>(b) <i>Principle 3</i> (Management and control) and <i>SYSC 3</i> (Systems and controls) in a <i>prudential context</i> (<i>PRIN 3.2.3R</i> and <i>SYSC 1.1.5R</i>);</p> <p>(c) <i>Principle 4</i> (Financial prudence) and <i>Principal 11</i> (Relations with regulators) (<i>PRIN 3.2.3R</i>);</p> <p>(d) <i>SYSC 2</i> (Senior management arrangements), which continues to apply for dealing as principal within article 15 and 16 (<i>SYSC 1.1.3R(2)</i>);</p> <p>(e) the rules of <i>FOS Ltd</i> in <i>DISP</i>.</p> <p>(4) <i>Firms</i> to which paragraph 23 applies may also regard the <i>guidance</i> referred to in column (2) as being modified in the same way as the <i>rules</i> are modified under paragraph 23.</p>		

Annex B Amendment of the Glossary

Amend the following definitions as shown (underlining indicates new text, striking through indicates deleted text):

- industrial assurance policy* ~~a policy of industrial assurance, as defined in the Industrial Assurance Act 1923.~~
a contract of insurance on human life, premiums in respect of which are received by means of collectors, but excluding:
- (a) a contract of insurance, the premiums in respect of which are payable at intervals of two months or more;
 - (b) a contract of insurance, effected whether before or after the passing of the Industrial Assurance Act 1923 by a society or company established before the date of the passing of that Act which at that date had no contracts of insurance outstanding the premiums on which were payable at intervals of less than one month so long as the society or company continues not to effect any such contracts;
 - (c) a contract of insurance effected before the passing of the Industrial Assurance Act 1923, premiums in respect of which are payable at intervals of one month or more, and which have up to the passing of that Act been treated as part of the business transacted by a branch other than the industrial branch of the society or company; and
 - (d) a contract of insurance for £25 or more effected after the passing of the Industrial Assurance Act 1923, premiums in respect of which are payable at intervals of one month or more, and which are treated as part of the business transacted by a branch other than the industrial branch of the society or company, in cases where the relevant authority certified prior to 1 December 2001 under section 1(2)(d) of that Act that the terms and conditions of the contract is on the whole not less favourable to the assured than those imposed by that Act;
- in this definition:
- (i) “collector” includes every person, however remunerated, who, by himself or by any deputy or substitute, makes house to house visits for the purpose of receiving premiums payable on policies of insurance on human life, or holds any interest in a collecting book, and includes such a deputy or substitute;
 - (ii) “collecting book” includes any book or document held by a collector in which payments of premiums are recorded.
- insurance business transfer scheme* (a) a scheme, defined in section 105 of the Act, which is in summary: a scheme to transfer the whole or part of the business of an insurer (other than a friendly society) to another body;
- (b) a similar scheme to transfer the whole or part of the business carried on by one or more members of the Society or ~~former underwriting~~ former underwriting members that meets the conditions of article 4 of the Financial Services and Markets Act 2000 (Control of Transfers of Business Done at Lloyd's) Order 2001 (SI 2001/3626[~~number to be inserted later~~]).

regulated activity

...

which is carried on by way of business and relates to a *specified investment applicable to that activity* or, in the case of (l), (m), (n) and (o), is carried on in relation to property of any kind.

state of the commitment

(in SUP 18) (in accordance with paragraph 6(1) of Schedule 12 to the Act (Transfer schemes: certificates)) (in relation to a commitment entered into at any date):

- (a) if the *policyholder* is an individual, the State in which he had his habitual residence at that date;
- (b) if the *policyholder* is not an individual, the State in which the establishment of the *policyholder* to which the commitment relates was established at that date;

in this definition, "commitment" means (in accordance with article 2 of the Financial Services and Markets Act 2000 (Control of Business Transfers) (Requirements on Applicants) Regulations 2001 (SI 2001/3625~~[number to be inserted later]~~) any contract of insurance of a kind referred to in article 1 of the *First Life Directive*.

Lists of Investment Exchanges and Clearing Houses Instrument 2001

- A. The Financial Services Authority (the FSA) amends the Interim Prudential sourcebook for investment businesses, the Interim Prudential sourcebook for banks and the Glossary in the ways indicated in Annex A.
- B. The FSA makes this instrument in the exercise of the powers and related provisions in or under the Financial Services and Markets Act 2000 (the Act) listed in Annex B.
- C. The provisions of the Act relevant to altering rules and listed in Annex B are specified for the purpose of section 153(2) of the Act (Rule-making instruments).
- D. This instrument comes into force on 1 January 2002.
- E. This instrument may be cited as the Lists of Investment Exchanges and Clearing Houses Instrument 2001.

By order of the Board
20 December 2001

Annex A

Part 1

Changes to the Interim Prudential sourcebook for investment businesses

1.1 Replace Appendix 57 of IPRU(INV) 3 with the following:

Appendix 57

List of Exchanges and Clearing Houses Recognised for the purposes of IPRU(INV) 3

1 Exchanges recognised for the purposes of IPRU(INV) 3

- a. Any recognised investment exchange (see Appendix 33).
- b. Any designated investment exchange (see Appendix 33).
- c. Any regulated market (see SUP 17 Ann 5G).

2 Clearing Houses recognised for the purposes of IPRU(INV) 3

- a. Any recognised clearing house.
- b. Any of the following clearing houses:

- ASX Settlement and Transfer Corporation Pty Ltd (ASTC)
- Austrian Kontroll Bank (OKB)
- Board of Trade Clearing Corporation
- Cassa di Compensazione e Garanzia S.p.A (CCG)
- Commodity Clearing Corporation
- Emerging Markets Clearing Corporation
- FUTOP Clearing Centre (FUTOP Clearing Centralen A/S)
- Hong Kong Futures Exchange Clearing Corporation Ltd
- Hong Kong Securities Clearing Company Ltd
- Kansas City Board of Trade Clearing Corporation
- Norwegian Futures & Options Clearing House (Norsk Opsjonsentral A.S. (NOS))
- N.V. Nederlandse Liquidatiekas (NLKKAS)
- OM Stockholm Exchange
- Options Clearing Corporation
- Options Clearing House Pty Ltd (OCH)
- Sydney Futures Exchanges Clearing House (SFECH Ltd)
- TNS Clearing Pty Ltd (TNSC)

1.2 Replace Appendix 57 of IPRU(INV) 10 with the following:

Appendix 57

List of Exchanges and Clearing Houses Recognised for the purposes of IPRU(INV) 10

1 Exchanges recognised for the purposes of IPRU(INV) 10

- a. *Any recognised investment exchange* (see **Appendix 33**).
- b. *Any designated investment exchange* (see **Appendix 33**).
- c. *Any regulated market* (see *SUP 17 Ann 5G*).

2 Clearing Houses recognised for the purposes of IPRU(INV) 10

- a. *Any recognised clearing house*.
- b. Any of the following *clearing houses*:

ASX Settlement and Transfer Corporation Pty Ltd (ASTC)
Austrian Kontroll Bank (OKB)
Board of Trade Clearing Corporation
Cassa di Compensazione e Garanzia S.p.A (CCG)
Commodity Clearing Corporation
Emerging Markets Clearing Corporation
FUTOP Clearing Centre (FUTOP Clearing Centralen A/S)
Hong Kong Futures Exchange Clearing Corporation Ltd
Hong Kong Securities Clearing Company Ltd
Kansas City Board of Trade Clearing Corporation
Norwegian Futures & Options Clearing House (Norsk Opsjonssentral A.S. (NOS))
N.V. Nederlandse Liquidatiekas (NLKKAS)
OM Stockholm Exchange
Options Clearing Corporation
Options Clearing House Pty Ltd (OCH)
Sydney Futures Exchanges Clearing House (SFECH Ltd)
TNS Clearing Pty Ltd (TNSC)

Part 2

Changes to the Interim Prudential sourcebook for banks

2 Replace section 5 of Chapter BC of IPRU(BANK) with the following:

5 APPENDIX

5.1 Clearing houses and exchanges recognised for the purposes of Chapter BC of IPRU(BANK). (Counterparty exposures to CEDEL and Euroclear continue to attract a 20% weighting).

5.1.1 Exchanges

1 Any of the following:

- a) any “recognised investment exchange”;
- b) any “designated investment exchange”;
- c) any “regulated market”

in each case, as defined in the central Handbook Glossary (“the Glossary”, as amended from time to time).

5.1.2 Clearing Houses

2 Any of the following:

- a) any “recognised clearing house” as defined in the Glossary;
- b) any of the following clearing houses:

ASX Settlement and Transfer Corporation Pty Ltd (ASTC)
Austrian Kontroll Bank (OKB)
Board of Trade Clearing Corporation
Cassa di Compensazione e Garanzia S.p.A (CCG)
Commodity Clearing Corporation
Emerging Markets Clearing Corporation
FUTOP Clearing Centre (FUTOP Clearing Centralen A/S)
Hong Kong Futures Exchange Clearing Corporation Ltd
Hong Kong Securities Clearing Company Ltd
Kansas City Board of Trade Clearing Corporation
Norwegian Futures & Options Clearing House (Norsk Opsjonsentral A.S. (NOS))
N.V. Nederlandse Liquidatiekas (NLKKAS)
OM Stockholm Exchange
Options Clearing Corporation
Options Clearing House Pty Ltd (OCH)
Sydney Futures Exchanges Clearing House (SFECH Ltd)
TNS Clearing Pty Ltd (TNSC)

Part 3

Changes to the Glossary

3. In the *Glossary*, amend the definition of “designated investment exchange” with as shown (striking through indicates deleted text):

Definition title	Definition text
<i>designated investment exchange</i>	<p>any of the following investment exchanges:</p> <ul style="list-style-type: none"> American Stock Exchange Australian Stock Exchange Bolsa Mexicana de Valores Bourse de Montreal Inc Chicago Board of Trade Chicago Board Options Exchange Chicago Stock Exchange Coffee, Sugar and Cocoa Exchange, Inc Euronext Amsterdam Commodities Market Hong Kong Exchanges and Clearing Limited International Securities Market Association Johannesburg Stock Exchange Kansas City Board of Trade Korea Stock Exchange MidAmerica Commodity Exchange Minneapolis Grain Exchange New York Cotton Exchange New York Futures Exchange New York Stock Exchange New Zealand Stock Exchange Osaka Securities Exchange Pacific Exchange Philadelphia Stock Exchange Singapore Exchange South African Futures Exchange Tokyo International Financial Futures Exchange Tokyo Stock Exchange Toronto Stock Exchange

Annex B

Powers exercised

The following powers and related provisions in or under the Act have been exercised to alter rules under this instrument:

- Section 138 (General rule-making power)
- Section 149 (Evidential provisions)
- Section 156 (General supplementary powers)

The following power in the Act has been exercised to alter guidance under this instrument:

- Section 157(1) (Guidance)

**CONDUCT OF BUSINESS SOURCEBOOK (AMENDMENT No 4)
INSTRUMENT 2001**

Powers exercised

- A. The Financial Services Authority alters the Conduct of Business sourcebook in the exercise of the powers listed in Schedule 4 to the Conduct of Business sourcebook (Powers exercised).
- B. The provisions of the Financial Services and Markets Act 2000 (the "Act") relevant to making rules and identified in paragraph A are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

- C. This instrument comes into force as follows:
 - (1) the amendments in Annex 1 come into force on 1 January 2002;
 - (2) the remainder of this instrument comes into force immediately.

Amendment of the Conduct of Business sourcebook

- D. The Conduct of Business sourcebook is amended as set out in Annex 1 to this instrument.
- E. The transitional rules in the Conduct of Business sourcebook are amended as set out in Annex 2 to this instrument.
- F. Schedule 1 to the Conduct of Business sourcebook (Record keeping requirements) is amended as set out in Annex 3 to this instrument.

Citation

- G. This instrument may be cited as the Conduct of Business Sourcebook (Amendment No 4) Instrument 2001.

By order of the Board
20 December 2001

ANNEX 1

Amendments to the Conduct of Business sourcebook

In this Annex, underlining indicates new text and striking through indicates deleted text.

COB 9.3 Client Money

COB 9.3.26R (2) Amend as shown below:

Amendments to the Conduct of Business Transitional Rules

In this Annex, underlining indicates new text and striking through indicates deleted text.

COB Table TR1: COB Transitional Provisions:

Amend as shown below:

1.12	<i>ETP7</i>	R	<p><u>Client money assets</u></p> <p>An <i>ex-section 43 firm</i> need not comply with the provisions labelled <i>ETP7</i> in Table <i>COB TR 2</i> in relation to its section 43 business until the expiry of a period of 12 months following <i>commencement</i>, provided it continues to comply with the requirements of the Grey Paper (version June 1999), as published by the <i>FSA</i>, relating to the segregation of money and other assets belonging to counterparties.</p>	<p><i>commencement</i></p> <p style="text-align: center;">to</p> <p><i>commencement</i></p> <p>plus 12 months</p>	<i>commencement</i>
1.15	<i>ETP9</i>	R	<p>Group business disapplication for <i>ex-IMRO firms</i> <u>and <i>ex-SFA firms</i></u></p> <p>(1) This paragraph applies to a <i>pre-N2 firm</i> which immediately before <i>commencement</i> was a member of <i>IMRO</i> or <i>SFA</i>.</p> <p>(2) <i>COB 1.3.1R</i> applies to a <i>pre-N2 firm</i> <u><i>an ex-IMRO firm</i></u> in (1) as if it provided as follows:</p> <p>"<i>COB</i> applies to <i>firms</i> with respect to the carrying on of:</p>	<p><i>commencement</i></p> <p>to 30 June 2002</p>	<i>commencement</i>

		<p>(1) <i>all regulated activities</i> except:</p> <p>(a) to the extent that a provision of <i>COB</i> provides for a narrower application; and</p> <p>(b) activities which fall within article 69 of the <i>Regulated Activities Order</i> (Groups and joint enterprises), notwithstanding, in respect of article 69, article 4 (4) of that Order (Specified activities: general: investment firms); and</p> <p>(2) <i>unregulated activities</i> to the extent specified in any provision of <i>COB</i>."</p> <p>(3) <u><i>COB 1.3.1R</i> applies to an <i>ex-SFA firm</i> in (1) as if it provided as follows:</u> <u>"<i>COB</i> applies to <i>firms</i> with respect to the carrying on of:</u></p> <p>(1) <u><i>all regulated activities</i> except:</u></p> <p>(a) <u>to the extent that a provision of <i>COB</i> provides for a narrower application; and</u></p> <p>(b) <u>in relation to all of <i>COB</i> other than <i>COB 7.13 (Personal account dealing)</i> and the <i>rules in COB</i> requiring records to be made and retained, activities which fall within article 69 of the <i>Regulated Activities Order</i> (Groups and joint enterprises), notwithstanding, in respect of article 69, article 4 (4) of that Order (Specified activities: general: investment firms); and</u></p> <p>(2) <u><i>unregulated activities</i> to the extent specified in any provision of <i>COB</i>."</u></p>		
--	--	---	--	--

1.16	ETP9	G	<p>The purpose of <i>ETP 9</i> is to carry forward for <i>ex-IMRO firms</i> and <u><i>ex-SFA firms</i></u> the former regulatory treatment of intra-group investment business, which is carried on in conjunction with investment business for third parties. The effect of that treatment was that under the <i>IMRO</i> rulebook the rules did not apply to the business done for group companies which fell within the group business exemption in paragraph 18 of Schedule 1 to the Financial Services Act 1986. <u>The effect of that treatment under the <i>SFA</i> rulebook was that with the exception of the rules relating to compliance (of which the personal account dealing and record keeping rules are carried forward in <i>COB</i>) the conduct of business rules did not apply to the business done for group companies that fell within the group business exemption.</u> Effectively it was only the non-group third party element of the <i>ex-IMRO firm's</i> such <i>firms'</i> investment business that was subject to <i>IMRO's</i> rules <u>to the relevant rules</u>. <i>COB</i> would not have carried forward this group business disapplication for such <i>firms</i>, were it not for the introduction of <i>ETP 9</i>.</p> <p>Note that during the <i>transitional period</i> the <i>FSA</i> will be consulting on its proposals how this issue should be treated in <i>COB</i> after 30 June 2002.</p>	commencement to 30 June 2002	commencement

Annex 3

Amendments to COB Schedules

In this Annex, underlining indicates new text and striking through indicates deleted text.

Schedule 1 Record Keeping Schedule

Handbook reference	Subject of record	Contents of record	When record must be made	Retention period
COB 7.12 3R and COB 7.12.6E (1)	Customer orders	Customer's name (or other designation)/ account number; date and time of receipt or decision by the firm to deal; who received the order or made the decision to deal; the designated investment; the number of/total value of the designated investment in <u>including</u> any price limit; whether sale or purchase; any other instructions received; and the nature of the communication of the <u>customer order</u>	When the order arises	3 years (after the date of completion of the transaction)

MARKET CONDUCT SOURCEBOOK (AMENDMENT NO 4) INSTRUMENT 2001

Powers exercised

- A. The Financial Services Authority amends the Market Conduct sourcebook in the exercise of the power in section 157(1) of the Financial Services and Markets Act 2000 (Guidance).

Commencement

- B. This instrument comes into force immediately.

Amendment of the Market conduct sourcebook

- D. The Market conduct sourcebook is amended in accordance with the Annex to this instrument.

Citation

- E. This instrument may be cited as the Market Conduct Sourcebook (Amendment No 4) Instrument 2001.

By order of the Board
20 December 2001

ANNEX

MAR 1.11.2G

Amend as shown (underlining indicates new text, striking through indicates deleted text):

..... The Treasury has prescribed all markets established under the rules of a UK RIE and the market known as OFEX as markets to which section 118 applies. ~~The following is a list of UK RIEs as at 19 July 2001~~ The prescribed markets, as at 5 December 2001, are:

(1) the markets established under the rules of the following (the UK RIEs):

(a) COREDEAL Limited;

(b) The International Petroleum Exchange of London Limited;

(c) Jiway Limited;

(d) LIFFE Administration and Management;

(e) The London Metal Exchange Limited;

(f) London Stock Exchange plc (including AIM);

(g) OM London Exchange Limited;

(h) virt-x Exchange Limited;

(i) virt-x plc;

(2) the market known as OFEX.

FEES (No. 2) INSTRUMENT 2001

Powers exercised

- A. The Financial Services Authority makes the rules and gives the guidance in this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (the "Act"):
- Section 156 of the Act (General supplementary powers);
 - Section 157(1) of the Act (Guidance);
 - Paragraph 17(1) of Schedule 1 to the Act (Fees).
- B. The provisions of the Act relevant to making rules and listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

- C. This instrument shall come into force as follows:
- (i) paragraph D comes into force on 1 January 2002; and
 - (ii) paragraph E comes into force immediately.

Amendment of AUTH

- D. AUTH is amended by deleting AUTH 4 (including AUTH 4 Ann 1R) and replacing it with the provisions in the Annex to this instrument.

Amendment of SUP

- E. SUP is amended as follows:
- (i) delete the number of 6.3.21G and move the text so that it becomes the final sentence of SUP 6.3.20G;
 - (ii) renumber SUP 6.3.22G as SUP 6.3.21G;
 - (iii) insert the following new rule after SUP 6.3.21G:

"6.3.22 R If a *firm* applies for a variation of its *Part IV permission*, it must pay the fee specified in Part 3 of *AUTH 4 Annex 1R* in either of the following cases:

- (1) if the variation is granted, the business of the *firm* will fall within one or more fee blocks specified in Part 5 of *AUTH 4 Annex 1R* not applicable before the grant of the variation; or
- (2) any other circumstances specified in Part 3 of *AUTH 4 Annex 1R* apply."

Citation

F. This instrument may be cited as the Fees (No. 2) Instrument 2001.

By order of the Board
20 December 2001

ANNEX

Authorisation

Chapter 4

Authorisation Fees

4

PAGE
1

4.1 Introduction

Application

4.1.1

03.09.01/001

This chapter applies to:

- (1) every applicant for *Part IV permission* (including an *incoming firm* applying for *top-up permission*);
- (2) every *Treaty firm* that wishes to exercise a *Treaty right* to qualify for *authorisation* under Schedule 4 to the *Act* (Treaty rights) in respect of *regulated activities* for which it does not have an *EEA right*; and
- (3) an applicant for a certificate under article 54 of the *Regulated Activities Order*.

4.1.2

03.09.01/001

This chapter does not apply to:

- (1) an *EEA firm* that wishes to exercise an *EEA right*; or
- (2) an *ICVC*; or
- (3) a *UCITS qualifier*.

Purpose

4.1.3

03.09.01/001

The purpose of this chapter is to set out the requirements on applicants for *Part IV permission*, and *Treaty firms* qualifying for *authorisation* under Schedule 4 to the *Act* (Treaty rights), to pay fees.

Background

4.1.4

03.09.01/001

GEN 3 (FSA Fees – General Provisions) applies to fees required by this chapter.

4.1.5

03.09.01/001

Most of the detail of what fees are payable by applicants and *Treaty firms* is set out in ■ AUTH 4 Ann 1R, the provisions of which will vary from one financial year to another. Accordingly a fresh ■ AUTH 4 Ann 1R will come into force, following consultation, for each financial year.

- 4.1.6**  The rates set for authorisation fees represent an appropriate proportion of the costs of the FSA in processing the application or exercise of *Treaty rights*.
03.09.01/001
- 4.1.7**  Applications (and exercises of *Treaty rights*) are categorised by the FSA for the purpose of fee raising as complex, moderately complex and straightforward as identified in AUTH 4 Ann 1R. This differentiation is based on the *permitted activities* sought and does not reflect the FSA's risk assessment of the applicant (or *Treaty firm*).
- 4.1.8**  A potential applicant (or *Treaty firm*) has the opportunity to discuss its proposed application (or exercise of *Treaty rights*) with the FSA before submitting it formally (see ■ AUTH 3.9.1G). If an applicant (or *Treaty firm*) does so, the FSA will be able to use that dialogue to make an initial assessment of the fee categorisation and therefore indicate the authorisation fee that should be paid.
03.09.01/001
- 4.1.9**  See ■ AUTH 3.9 in relation to the procedures for making applications for *Part IV permission* and ■ AUTH 5 for procedures for the exercise of *Treaty rights* by *Treaty firms*.
03.09.01/001
- 4.1.10**  Authorisation fees are not refundable.
03.09.01/001

4.2 Obligation to Pay Authorisation Fees

General

- 4.2.1** **R** 03.09.01/001 A *person* to whom this chapter applies must pay to the FSA an authorisation fee for each application made (or exercise of a *Treaty right*), as set out in ■ AUTH 4 Ann 1R.

Amount

- 4.2.2** **R** 03.09.01/001 In respect of a particular application (or exercise) the authorisation fee referred to in ■ AUTH 4.2.1R is the highest of the tariffs set out in part 1 of ■ AUTH 4 Ann 1R which apply to that application (or exercise).
- 4.2.3** **G** 03.09.01/001 If an application (or exercise of a *Treaty right*) falls within more than one category, only one fee is payable. That fee is the one for the category to which the highest fee tariff applies.

Due date and method of payment

- 4.2.4** **R** 03.09.01/001 The sum payable under ■ AUTH 4.2.2R must be paid:
- (1) by bankers draft, cheque or other payable order;
 - (2) in full without deduction; and
 - (3) on or before the date on which the application is made (or notice of exercise is given).
- 4.2.5** **G** 03.09.01/001 An application for a *Part IV permission* will not be complete until the appropriate fee is paid, and the six month period for consideration will not start until that time (see further ■ AUTH 3.9.30G).

Modification for certain Treaty firms

- 4.2.6** **R** 03.09.01/001 If a certificate has been issued under paragraph 3(4) of schedule 4 to the *Act* in respect of an exercise of a *Treaty right*, no sum payable under ■ AUTH 4.2.2R.

4.2.7

R

03.09.01/001

If no certificate has been issued under paragraph 3(4) of schedule 4 to the *Act* in respect of an exercise of a *Treaty right*, the sum payable is as specified in Part 4 of ■ AUTH Ann 1R.

4

PAGE
5

4.3 Obligation to pay certification fees

General

4.3.1

R

15.11.01/001

An applicant for a certificate under article 54 of the *Regulated Activities Order* must pay to the FSA the application fee specified in Part 6 of ■ AUTH 4 Ann 1R.

Due date and method of payment

4.3.2

R

15.11.01/001

The application fee must be paid:

- (1) by bankers draft, cheque or other payable order;
- (2) in full without deduction; and
- (3) on or before the date on which the application is made.

4.3.3

G

15.11.01/001

An application for an article 54 certificate will be treated as incomplete until the application fee has been paid.

Authorisation fees payable in relation to the period from 1st January 2002 to 31 March 2002

Part 1 – Authorisation fees payable

1 Table

Application type (see Part 2)	Amount payable
(a) Straightforward	£2,000
(b) Moderately complex	£5,000
(c) Complex	£25,000

Part 2 – Complexity Groupings

2 Table Straightforward Cases

Activity grouping	Description
A.3	Friendly societies only
A.4	Friendly societies only
A.12	Advisory arrangers, dealers or brokers (holding or controlling client money and/or assets)
A.13	Advisory arrangers, dealers or brokers (not holding or controlling client money and/or assets)
A.14	Corporate finance advisers
A.15	Advisory only firms

3 Table Moderately Complex Cases

Activity grouping	Description
A.5	Managing agents at Lloyd's
A.7	Fund managers (holding or controlling client money and/or assets)
A.8	Fund managers (not holding or controlling client money and/or assets)
A.9	Operators, trustees and depositaries of collective investment schemes
A.10	Firms dealing as principal
A.11	Execution only arrangers, dealers or brokers

4 Table Complex Cases

Activity grouping	Description
A.1	Deposit acceptors

A.3	Firms conducting insurance activities subject only to prudential regulation (excluding friendly societies)
A.4	Firms conducting insurance activities subject to both prudential and conduct of business regulation (excluding friendly societies)

Part 3 – Variation of Permission Fees

- 5 The fee payable under SUP 6.3.22R is 50% of that payable under AUTH 4.2.2R.
- 6 There are no circumstances specified for the purposes of SUP 6.3.22R(2).

Part 4 – Authorisation Fees for Treaty Firms

- 7 If the Treaty firm wishes to undertake the permitted activities in question through its branch in the United Kingdom, the fee is 50% of the fee that would be payable under.
- 8 If the Treaty firm wishes to undertake the permitted activities in question by providing services in the United Kingdom, the fee is 25% of the fee which would be payable under.

Part 5 – Activity Groupings

- 9 The activity group definitions below reflect those published in CP111 in September 2001.

10 Table

Activity grouping	Fee-payer falls in the activity group if:
A.1 Deposit acceptors	<p>Its <i>permission</i> includes <i>accepting deposits</i> BUT DOES NOT include one or more of the following:</p> <ul style="list-style-type: none"> • <i>effecting contracts of insurance;</i> • <i>carrying out contracts of insurance.</i>
A.3 Firms conducting insurance activities subject only to prudential regulation	<p>Its <i>permission</i> includes one or more of the following:</p> <ul style="list-style-type: none"> • <i>effecting contracts of insurance;</i> • <i>carrying out contracts of insurance;</i> <p>BUT ONLY in respect of specified investments that are:</p> <ul style="list-style-type: none"> – <i>general insurance contracts;</i> or – <i>long-term insurance contracts other than life policies.</i>
A.4 Firms conducting insurance activities subject to both prudential and conduct of business regulation	<p>Its <i>permission</i> includes one or more of :</p> <ul style="list-style-type: none"> • <i>effecting contracts of insurance;</i> • <i>carrying out contracts of insurance;</i> <p>both in respect of <i>specified investments</i> including <i>life policies;</i></p> <ul style="list-style-type: none"> • <i>entering as provider into a funeral plan contract.</i>
A.5 Managing agents at Lloyd's	Its <i>permission</i> includes <i>managing the underwriting capacity of a Lloyd's syndicate as a managing agent at Lloyd's.</i>
A.6 The Society of Lloyd's	It is the <i>Society of Lloyd's.</i>

A.7 Fund Managers (holding or controlling client money and/or assets)	<p>Its <i>permission</i> includes <i>managing investments</i>; AND one or more of the following:</p> <ul style="list-style-type: none"> • <i>safeguarding and administering of assets (without arranging)</i>; • <i>arranging safeguarding and administration of assets</i>; • the ability to hold and/or control <i>client money</i>: <ul style="list-style-type: none"> – that is, there is no <i>requirement</i> which prohibits the <i>firm</i> from doing this; – and provided that the <i>client money</i> in question does not only arise from an agreement under which <i>commission</i> is rebated to a <i>client</i>.
A.8 Fund Managers (not holding or controlling client money and/or assets)	<p>Its <i>permission</i> includes <i>managing investments</i>; BUT NEITHER of the following:</p> <ul style="list-style-type: none"> • <i>safeguarding and administering of assets (without arranging)</i>; • <i>arranging safeguarding and administration of assets</i> <p>AND if it EITHER:</p> <ul style="list-style-type: none"> • has a <i>requirement</i> that prohibits the <i>firm</i> from holding and/or controlling <i>client money</i>; OR • if it does not have such a <i>requirement</i>, only holds/controls <i>client money</i> arising from an agreement under which <i>commission</i> is rebated to a <i>client</i>.
A.9 Operators, Trustees and Depositories of collective investment schemes	<p>Its <i>permission</i> includes one or more of the following:</p> <ul style="list-style-type: none"> • <i>establishing, operating or winding up a regulated collective investment scheme</i>; • <i>establishing, operating or winding up an unregulated collective investment scheme</i>; • <i>acting as trustee of an authorised unit trust scheme</i>; • <i>acting as the depository or sole director of an open-ended investment company</i>; <p>AND PROVIDED the <i>firm</i> is NOT one of the following:</p> <ul style="list-style-type: none"> • a <i>corporate finance advisory firm</i>; • a <i>firm</i> whose activities are limited to carrying out <i>corporate finance business</i>; • a <i>venture capital firm</i>.
A.10 Firms dealing as principal	<p>Its <i>permission</i> includes <i>dealing in investments as principal</i>; BUT NOT if one or more of the following apply:</p> <ul style="list-style-type: none"> • the above activity is carried on exclusively in respect of <i>life policies</i>; • the <i>firm</i> is acting exclusively as a matched principal broker; • the above activity is limited to acting as an <i>operator</i> of a <i>collective investment scheme</i>; • the <i>firm</i> is a <i>corporate finance advisory firm</i>; • the above activity is otherwise limited to carrying out <i>corporate finance business</i>.

<p>A.11 Execution-only arrangers, dealers or brokers</p>	<p>Its <i>permission</i> includes one or more of the following:</p> <ul style="list-style-type: none"> • <i>dealing in investments as agent;</i> • <i>arranging (bringing about) deals in investments;</i> • <i>making arrangements with a view to transactions in investments;</i> • <i>dealing as principal in investments</i> where the activity is carried on exclusively in respect of <i>life policies</i> or where the <i>firm</i> acts as a matched principal broker; <p>BUT NONE of the following:</p> <ul style="list-style-type: none"> • <i>advising on investments (except pensions transfers and pension opt-outs);</i> or • <i>advising on pension transfers and pension opt-outs.</i> <p>AND PROVIDED the fee-payer is NOT any of the following:</p> <ul style="list-style-type: none"> • a <i>corporate finance advisory firm;</i> • a <i>firm</i> for whom all of the applicable activities above are otherwise limited to carrying out <i>corporate finance business;</i> • a <i>firm</i> whose activities are limited to carrying out <i>venture capital business;</i> • a <i>firm</i> whose activities are limited to acting as an <i>operator, depository or trustee</i> of a <i>collective investment scheme.</i>
<p>A.12 Advisory arrangers, dealers, or brokers (holding or controlling client money and/or assets)</p>	<p>Its <i>permission</i> includes one or more of the following:</p> <ul style="list-style-type: none"> • <i>dealing in investments as agent;</i> • <i>arranging (bringing about) deals in investments;</i> • <i>making arrangements with a view to transactions in investments ;</i> • <i>dealing as principal in investments</i> where the activity is carried on as a matched principal broker; <p>AND AT LEAST one of the following:</p> <ul style="list-style-type: none"> • <i>advising on investments (except pension transfers and pension opt-outs);</i> • <i>advising on pension transfers and pension opt-outs;</i> • <i>advising on syndicate participation at Lloyd's.</i> <p>AND CAN HAVE one or more of the following:</p> <ul style="list-style-type: none"> • <i>safeguarding and administering of assets;</i> • <i>arranging safeguarding and administration of assets;</i> • the ability to hold and/or control <i>client money</i>: <ul style="list-style-type: none"> – that is, there is no <i>requirement</i> which prohibits the <i>firm</i> from doing this; – and provided that the <i>client money</i> in question does not only arise from an agreement under which <i>commission</i> is rebated to a <i>client</i>; <p>AND PROVIDED the fee-payer is NOT any of the following:</p> <ul style="list-style-type: none"> • a <i>corporate finance advisory firm;</i> • a <i>firm</i> for whom all of the applicable activities above are otherwise limited to carrying out <i>corporate finance business;</i> • a <i>firm</i> whose activities are limited to carrying out <i>venture capital business;</i> • a <i>firm</i> whose activities are limited to acting as an <i>operator</i> of a <i>collective investment scheme;</i> • a <i>firm</i> who otherwise meets the requirements to fall in the A.4 activity group.

A.13 Advisory arrangers, dealers, or brokers (not holding or controlling client money and/or assets)	<p>Its <i>permission</i> includes one or more of the following:</p> <ul style="list-style-type: none"> • <i>dealing in investments as agent;</i> • <i>arranging (bringing about) deals in investments;</i> • <i>making arrangements with a view to transactions in investments;</i> • <i>dealing as principal in investments where the activity is carried on as a matched principal broker;</i> <p>AND AT LEAST one of the following:</p> <ul style="list-style-type: none"> • <i>advising on investments (except pension transfers and pension opt-outs);</i> • <i>advising on pension transfers and pension opt-outs;</i> • <i>advising on syndicate participation at Lloyd's;</i> <p>BUT NEITHER of the following:</p> <ul style="list-style-type: none"> • <i>safeguarding and administration of assets;</i> • <i>arranging safeguarding and administration of assets;</i> <p>AND MUST EITHER</p> <ul style="list-style-type: none"> • have a <i>requirement</i> that prohibits the <i>firm</i> from holding and/or controlling <i>client money</i>; OR • if it does not have such a <i>requirement</i>, only holds/controls <i>client money</i> arising from an agreement under which <i>commission</i> is rebated to a client; <p>AND PROVIDED the fee-payer is NOT one of the following:</p> <ul style="list-style-type: none"> • a <i>corporate finance advisory firm</i>; • a <i>firm</i> for whom all of the applicable activities above are otherwise limited to carrying out <i>corporate finance business</i>; • a <i>firm</i> whose activities are limited to acting as an <i>operator</i> of a <i>collective investment scheme</i>; • a <i>firm</i> who otherwise meets the requirements to fall in the A.4 activity group.
A.14 Corporate finance advisers	The <i>firm</i> is carrying on <i>corporate finance business</i> .
A.15 Advisory only firms	<p>Its <i>permission</i> includes one or more of the following:</p> <ul style="list-style-type: none"> • <i>advising on investments (except pension transfers and pension opt-outs);</i> • <i>advising on syndicate participation at Lloyd's</i> <p>BUT MUST NOT include:</p> <ul style="list-style-type: none"> • any of the dealing/arranging activities used in defining the A.11 to A.13 activity groups above; <p>AND PROVIDED the fee-payer is NOT one of the following:</p> <ul style="list-style-type: none"> • a <i>corporate finance advisory firm</i>; • a <i>firm</i> for whom all of the applicable activities above are otherwise limited to carrying out <i>corporate finance business</i>; • a <i>firm</i> whose activities are limited to carrying out <i>venture capital business</i>; • a <i>firm</i> whose activities are limited to acting as an <i>operator</i> of a <i>collective investment scheme</i>.
A.16 Pensions review levy firms	It was liable to pay the Pensions Levy to the PIA in 2001/2002.

Part 6 – Application for a certificate under article 54 of the Regulated Activities Order

11 Table

1. The amount payable in relation to each application is £2,000.

**COMPENSATION SOURCEBOOK (CONFIRMATION AND AMENDMENT)
INSTRUMENT 2001**

Powers exercised

- A. The Financial Services Authority makes this instrument in the exercise of the powers and related provisions listed in the revised version of Schedule 4 to the Compensation sourcebook (Powers exercised) which is attached to this instrument.
- B. The provisions of or under the Financial Services and Markets Act 2000 (the "Act") relevant to rules and referred to in that list are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

- C. This instrument comes into force immediately.

Confirmation of COMP

- D. The Financial Services Authority notes that Schedule 4 to the Compensation sourcebook, which was made on 15 November 2001, did not list all the powers under which the Compensation Sourcebook Instrument 2001 was made.
- E. The Financial Services Authority therefore confirms and remakes the Compensation Sourcebook Instrument 2001 specifying all the powers which are listed in the revised version of Schedule 4 to the Compensation sourcebook which is attached to this instrument.

Amendment of COMP

- F. The Compensation sourcebook is amended as follows:
 - (1) in column (2) of transitional provision 3, replace "COMP 13.6.77" with "COMP 13.6.7R";
 - (2) replace Schedule 4 with the revised version of Schedule 4 attached to this instrument.

Citation

- G. This instrument may be cited as the Compensation Sourcebook (Confirmation and Amendment) Instrument 2001.

By order of the Board
20 December 2001

Compensation

Schedule4 Powers Exercised

1 Table

G

- 1 The following powers and related provisions in the *Act* and the Financial Services and Markets Act 2000 (Transitional Provisions, Repeals and Savings) (Financial Services Compensation Scheme) Order 2001 (“the *compensation transitionals order*”) have been exercised by the *FSA* to make the *rules* in *COMP*:
 - (1) Section 138 (General rule making power)
 - (2) Section 156 (General supplementary powers)
 - (3) Section 213 (The compensation scheme)
 - (4) Section 214 (General)
 - (5) Section 215 (Rights of the scheme in relevant persons insolvency)
 - (6) Section 216 (Continuity of long term insurance policies)
 - (7) Section 217 (Insurers in financial difficulties)
 - (8) Section 218 (Annual report)
 - (9) Section 223 (Management expenses)
 - (10) Article 4 (Pending Applications) of the *compensation transitionals order*
 - (11) Article 6 (Post–commencement applications) of the *compensation transitionals order*
 - (12) Article 9 (Article 9 defaults occurring before commencement) of the *compensation transitionals order*
 - (13) Article 10 (Applications in respect of compulsory liability insurance) of the *compensation transitionals order*
 - (14) Article 12 (Applications under the new scheme) of the *compensation transitionals order*
- 2 The following powers in the *Act* have been exercised by the *FSA* to give the *guidance* in *COMP*:
 - (1) Section 157(1) (Guidance)

CREDIT UNIONS SOURCEBOOK INSTRUMENT 2001

Powers exercised

- A. The Financial Services Authority makes the rules and gives the guidance in this instrument in the exercise of the powers listed in Schedule 4 to the Annex to this instrument (Powers exercised).
- B. The provisions of the Financial Services and Markets Act 2000 (the “Act”) relevant to making rules and referred to above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

- C. This instrument comes into force on 1 July 2002.

Citation

- D. This instrument may be cited as the Credit Unions Sourcebook Instrument 2001.
- E. The Annex to this instrument (including its Schedules) may be cited as the Credit unions sourcebook (or CRED).

CRED Transitional Provisions

1 **G** Table Transitional Provisions

(1)	(2) Material to which the transitional provision applies	(3)	(4) Transitional provision	(5) Transitional provision: dates in force	(6) Handbook provision: coming into force
1	Every <i>rule</i> in the <i>Handbook</i> relating to a <i>credit union</i>	R	Where a transitional provision in the <i>Handbook</i> refers to "commencement", in relation to a credit union it means "credit unions day".	From <i>credit unions day</i>	varies depending on rule concerned
2	As for 1	G	Where a <i>rule</i> applies to a <i>credit union</i> , its related transitional provision will also apply. The effect of paragraph 1 is to ensure that the transitional provision applies from <i>credit unions day</i> (and not from the earlier date of <i>commencement</i>).	As for 1	As for 1

Chapter 1

Introduction

1.1 The Credit Unions Sourcebook

- 1.1.1** 01.07.02/001 G Welcome to the *Credit Unions* sourcebook, known as *CRED* for short. *CRED* is *credit unions*' guide to the main *FSA Handbook*, which contains all of the *rules* and *guidance* for all regulated *firms*, including *credit unions*. It puts into effect the *FSA*'s commitment to provide *credit unions* with their own specialist sourcebook. The *Handbook* is a vast document and many parts of it are not relevant to *credit unions*. So we have tried to distil into *CRED* those parts of the *Handbook* which are most relevant. We believe that *CRED* contains enough information on what the *FSA* requires of *credit unions* to meet most of their day-to-day operational needs.
- 1.1.2** 01.07.02/001 G *CRED* does not encompass the requirements associated with any regulatory *permission* other than a *Part IV permission* to *accept deposits*. Other *permissions* are covered elsewhere in the *Handbook*. Thus, for example, a *credit union* seeking a *permission* to undertake *mortgage* lending would need to comply with the requirements in the specialist sourcebook on *mortgage* lending (*MORT*).
- 1.1.3** 01.07.02/001 G Every *credit union* is either a *version 1 credit union* or a *version 2 credit union*. The difference is that a *version 1 credit union* is subject to a *requirement* that it must not lend more than £10,000 in excess of a member's shareholding. *CRED* 14.5 (Applications to vary or cancel permission) describes how a *credit union* can switch between the two versions.
- 1.1.4** 01.07.02/001 G The approach we have taken in assembling the various chapters of *CRED* is as follows:
- (1) Where there are requirements that are specific to *credit unions* we have spelt these out in full. The chapters containing these requirements are Chapters 7 – 10 and Chapter 17.
 - (2) Where there are requirements in the *Handbook* relating to the day-to-day operations of a wider range of *firms* than *credit unions*, we have provided substantive *guidance* on the way in which those requirements should apply to *credit unions*. The relevant chapters are 3 – 6, 11, 12 and 14. It should be noted that in these chapters, the *guidance* refers to *rules* which exist elsewhere in the *Handbook* and which must be observed by *credit unions*.
 - (3) Where there are requirements in the *Handbook* covering to a wider range of *firms* than *credit unions*, but which do not relate to the day-to-day operations of *credit unions*, we have provided a brief summary of those requirements. In circumstances in which one of these chapters became relevant to a *credit union*, we would expect *credit unions* to access the full text in the *Handbook*. The relevant chapters are 13, 15 and 16.
 - (4) Where there are requirements in the *Handbook* that do not relate to *credit unions*, the relevant chapter of the *Handbook* has not been covered in *CRED*. The various other specialist sourcebooks and the Training and Competence manual (*TC*) are examples of this.

(5) The procedures for compensation (*COMP*) and for complaints against the *FSA* (*COAF*) have not been included.

1.1.5

01.07.02/001

It should be emphasised that in any circumstances in which a *credit union* has doubts concerning the *FSA*'s requirements as set out in *CRED*, reference should be made to the *Handbook*, and if necessary, in turn, to the *Act* and any relevant statutory instruments.

1.1.6

01.07.02/001

We have tried to make *CRED* as easy to navigate as we can. The Reader's Guide which follows explains how *CRED* is structured and how it relates to the *Handbook*.

1.1.7

01.07.02/001

The language used in *CRED* reflects the requirements of the main *Handbook*. Thus, in those parts of *CRED* which apply across the wider regulated community, the terminology used is that of the main *Handbook*. For example, in Chapter 3 (Principles for Businesses) reference is made to *firms*, *clients* and *customers*. Conversely, in those sections of *CRED* which are specific to *credit unions* (such as Chapters 7 – 10), terminology specific to *credit unions* is used.

Chapter 2

2

Reader's Guide

PAGE
1

2

2.1 What is this guide?

2.1.1

01.07.02/001

This guide is an introduction to the *Credit Unions* sourcebook (*CRED*). It describes the contents of *CRED*, where to find them and how to make use of them. This guide is a summary of salient points in the Reader's Guide to the *Handbook*.

2.2 Structure

- 2.2.1**  *CRED* is available on the Internet, on CD-ROM and on paper. Its structure and contents are the same in each medium.

01.07.02/001
- 2.2.2**  *CRED* follows the same structure as the *Handbook*, which consists of sourcebooks (providing sources of the FSA's requirements and *guidance*) and manuals (containing processes to be followed) arranged in groups according to their subject matter. A table of contents of the *Handbook* is provided at Appendix 1 to this sourcebook.

01.07.02/001
- 2.2.3**  Appendix 2 sets out the contents of *CRED*. These are the same as those of the *Handbook* except that those sourcebooks and manuals which are not relevant to credit unions have been omitted.

01.07.02/001
- 2.2.4**  Each sourcebook or manual has a reference code of two or more letters. This is usually a contraction or abbreviation of its title, for use in cross-references in the text and in the index. Thus, for example the *Credit Unions* sourcebook abbreviates to *CRED*, while the *Authorisation* manual abbreviates to *AUTH*.

01.07.02/001

2.3 Contents of CRED

2.3.1

01.07.02/001

CRED contains:

- (1) a list of transitional provisions;
- (2) the introduction to *CRED*;
- (3) this guide, which is a summary of the Reader's Guide in the *Handbook*;
- (4) the main text, with any annexes and appendices to it;
- (5) schedules of supplementary information.

2.3.2

01.07.02/001

Most chapters of *CRED* begin with an application provision. This explains to what types of *firm* or other *person*, or to *persons* carrying on what types of business, the chapter applies.

2.3.3

01.07.02/001

After the application provision, each chapter will normally contain a statement of purpose. This explains the objective of the provisions in the chapter: What standards is it intended to uphold? Does it reinforce one or more of the Principles for Businesses? What result does it aim at?

2.4 Status of provisions

2.4.1  01.07.02/001

CRED contains the same types of provision as the *Handbook*. Their status is indicated by icons containing the letters below. The precise legal status of any particular provision depends upon the terms of the *Act* and the particular power exercised to create that provision. Schedule 4 of the *Handbook* lists the powers used to make the various parts of the *Handbook*. So what follows is only an introduction.

Rules: R

2.4.2  01.07.02/001

The letter R is used to indicate general *rules* made under section 138 of the *Act* and specialised *rules* made under sections 140 to 147 and other powers. The legal effect of a *rule* varies, depending on the power under which it is made, and on the language used in the *rule* – is it mandatory language or not? Most of the *rules* in the *Handbook* create binding obligations on *firms* (that is, *authorised persons*). If a *firm* contravenes such a *rule*, it may be subject to enforcement action (see *ENF*).

2.4.3  01.07.02/001

The FSA Principles for Businesses are *rules*.

Evidential provisions: E

2.4.4  01.07.02/001

The letter E is used to indicate an *evidential provision*. This usually indicates a practice or procedure in relation to a *rule* which, if observed, will "tend to establish compliance" with the *rule* to which it relates. Conversely, failure to observe that practice or procedure will "tend to establish contravention" of the *rule* to which it relates. For example, CRED 4.3.11E indicates that a failure of a *credit union* to have an *internal audit function* would "tend to establish contravention" of the *rule* (described earlier in CRED 4.3.1G) that all firms should take reasonable care to establish and maintain such systems and controls as are appropriate to their business.

2.4.5  01.07.02/001

E is also used for paragraphs that make up the *Code of Practice for Approved Persons (APER 3)* made under section 64 of the *Act*. That code may be relied on so far as it tends to establish whether or not the conduct of an *approved person* complies with the *Statements of Principle for approved persons*.

Guidance: G

2.4.6  01.07.02/001

The letter G is normally used to indicate *guidance* given under section 157. The *guidance* in the *Handbook* relates to the operation of the *Act*, the *rules* in the *Handbook* and other matters. Most general *guidance* will be given through the

2.4.7

G

01.07.02/001

Handbook, but in certain cases, where the *guidance* is urgent or temporary, it will be published in a separate *Guidance Note*. Material published in vehicles other than it *Handbook* or *Guidance Notes*, for example in newsletters or on the *FSA's* website, is not *guidance* unless it says that it is.

Guidance may be used to explain the implications of other provisions, to indicate possible means of compliance, to recommend a particular course of action or arrangement, and for other purposes. Whatever *guidance* is used for, it is not binding on those to whom the *Act* and *rules* apply, nor does it have 'evidential' effect. It need not be followed in order to achieve compliance with the relevant *rule* or other requirement. So a *credit union* cannot incur disciplinary liability merely because it has not followed *guidance*. Nor is there any presumption that departing from *guidance* is indicative of a breach of the relevant *rule*. However, *credit unions* should at all times take care to ensure that where the *guidance* refers to, or describes *rules* in *CRED* or elsewhere in the *Handbook*, those *rules* are observed.

2.4.8

G

01.07.02/001

Guidance is generally designed to throw light on a particular aspect of regulatory requirements, not to be an exhaustive description of *credit unions'* obligations. If a *person* acts in accordance with *guidance* in the circumstances contemplated by that *guidance*, then the *FSA* will proceed on the footing that the *person* has complied with the aspects of the *rule* or other requirement to which the *guidance* relates.

2.4.9

G

01.07.02/001

Rights conferred on third parties (such as *credit union* members) cannot be affected by *guidance* given by the *FSA*. *Guidance* on *rules*, the *Act* or other legislation represents the *FSA's* view, and does not bind the courts, for example in relation to an action for damages brought by a *private person* for breach of a *rule*, or in relation to the enforceability of a contract where there has been a breach of *general prohibition* on carrying on a *regulated activity* in the *United Kingdom* without *authorisation*). A *person* may need to seek his own legal advice.

2.4.10

G

01.07.02/001

G is also used for the *FSA's* statement of the procedure for giving statutory notices under section 395 of the *Act* (see *DEC*), for the various statements of policy regarding use of the *FSA's* enforcement powers (see *ENF*), and to indicate the arrangements made by the *FSA* under paragraph 7 of Schedule 1 to the *Act* for the investigation of complaints arising in connection with its exercise of its non-legislative functions (see *COAF*).

Direction: D

2.4.11

G

01.07.02/001

The letter D is used to indicate directions and requirements given under various powers conferred by the *Act*, for example, directions under section 51(3) of the *Act* about the form and content of applications for *Part IV permission*. Directions and requirements are binding upon the *persons* or categories of *person* to whom they are addressed.

2.5 Numbering: Pages

2.5.1

01.07.02/001

Page numbers are not important in *CRED*. In the paper version, page numbering starts again at the beginning of each chapter. But each page of a chapter shows:

- (1) the reference code for the sourcebook or manual;
- (2) the number and title of the chapter; and
- (3) the number and title of the section of the chapter.

For example, the first page of Chapter 3 of the Supervision manual shows at the top, on the left 'SUP 3: Auditors' and on the right 'Section 1: Application'. In addition, each page of a chapter shows, at the foot of the page, the number of the last paragraph on the page.

2.5.2

01.07.02/001

Each page of an annex shows, at the top of the page, the reference code, number and title of the chapter to which the annex relates, and the number and status of the annex.

2.5.3

01.07.02/001

Each page of an appendix shows, at the top of the page, the reference code of the sourcebook or manual to which the appendix relates, and the number and title of the appendix.

2.5.4

01.07.02/001

Each page of *CRED* also shows, at the foot of the page, the number, month and year of the release with which the page was published (for example, *FSA Handbook: Release 003: October 2001*).

2.5.5

01.07.02/001

Both the electronic and the paper editions of the *Handbook* represent the text of *CRED* current at the date of the last release, including all amendments to that date.

2.6 Numbering: Contents

2.6.1

01.07.02/001

The main text of *CRED* is numbered as follows:

- (1) chapter 1 (2, 3 etc)
- (2) section 1.1 (1.2, 1.3 etc)
- (3) paragraph 1 (1.1.2, 1.1.3 etc)
- (4) sub-paragraph 1.1.1(1) (1.1.1(2), 1.1.1(3) etc)

2.6.2

01.07.02/001

Further sub-paragraphs are shown by (a), (b), (c) and so on, and then by (i), (ii), (iii) and so on. For example, the third paragraph of the second section of the first chapter in the Conduct of Business sourcebook, if it were a *rule*, would be *COB 1.2.3R*. If there were two further sub-paragraphs, it would be *COB 1.2.3R(1)(a)*.

2.7 Defined terms

2.7.1

01.07.02/001

Defined terms used in the text are shown in italic type. Where a word or phrase is in italics, its definition can be found in the *glossary* of definitions contained in *CRED*. This is an extract from the *Handbook Glossary*. Where a word or phrase which is shown in italics in one part of the text appears without italics in another part, it is meant to be given, where un-italicised, its ordinary natural meaning.

2.8 Schedules

2.8.1  *CRED* contains eight schedules as follows:
01.07.02/001

Transitional provisions

2.8.2  The list of transitional provisions in *CRED* modifies the general transitional provisions contained elsewhere in the *Handbook* to apply specifically to *credit unions*.
01.07.02/001

Schedule 1: Record keeping requirements

2.8.3  Schedule 1 provides a list of the detailed record keeping requirements in *CRED* and where they are to be found.
01.07.02/001

Schedule 2: Notification requirements

2.8.4  Schedule 2 provides a list of the detailed notification requirements in *CRED* and where they are to be found.
01.07.02/001

Schedule 3: Fees and other required payments

2.8.5  Schedule 3 provides a list of any fees and other payments for which a *credit union* with a *Part IV permission* may be liable under *CRED* and where details of them are to be found.
01.07.02/001

Schedule 4: Powers exercised in making the Handbook.

2.8.6  Schedule 4 specifies the powers given by the *Act* which the *FSA* has exercised in making the provisions in the sourcebook or manual.
01.07.02/001

Schedule 5: Rights of action for damages

2.8.7  Schedule 5:
01.07.02/001

- (1) gives *guidance* (where relevant) on the availability of rights of action to *private persons* under section 150 of the *Act*; and
- (2) lists the *rules* in *CRED*:
 - (a) to which rights of action under section 150(1) of the *Act*; and
 - (b) to which rights of action apply at the suit, not only of a *private person*, but of a *person* who is not a *private person*, in accordance with section 150(3), with a statement to whom the rights have been extended.

Schedule 6: Rules that can be waived

2.8.8

01.07.02/001

- (1) Schedule 6 specifies the *rules* in the sourcebook or manual (if any) which the *FSA* has power to waive or modify, and the section of the *Act* which gives the *FSA* that power in respect of the *rules* in question.

Schedule 7: Schedule of releases

2.8.9

01.07.02/001

- (1) The purpose of schedule 7 is to help *credit unions* keep track of amendments made to *CRED* since it was first published. It lists by serial number each release issued, its date of publication and its contents. The full text of each release is on the *FSA*'s website at www.fsa.gov.uk.

2.9 Glossary of Definitions

2.9.1

G
01.07.02/001

In addition to the links between defined terms and definitions in the electronic versions of the *Handbook*, *CRED* has a *glossary* of definitions. This lists the defined terms used in *CRED* and gives their meaning.

Chapter 3

3

The FSA's Principles for Businesses

PAGE
1

3.1 Application and purpose

3.1.1  This chapter applies to all *credit unions*.

01.07.02/001

3.1.2  The Principles for Businesses (*PRIN*) sets out, in a small number of high-level requirements, the basic obligations of all regulated *firms*. They provide a general statement of regulatory requirements, and the *FSA* considers that the Principles are appropriate expressions of the standards of conduct to be expected of all financial *firms* including *credit unions*. The purpose of this chapter is to provide additional *guidance* on the provisions of *PRIN* as they relate to *credit unions*.

01.07.02/001

3.1.3  *PRIN* 2.1.1R applies to all *credit unions*. Additional *guidance* on this *rule* is given in *CRED* 3.2.

01.07.02/001

3.1.4  In applying the Principles to *credit unions*, the *FSA* will be mindful of proportionality. In practice, the implications are likely to vary according to the size of the *credit union*.

01.07.02/001

3.2 The Principles

3.2.1

01.07.02/001

The table in *PRIN 2.1.1R* sets out the full text of the Principles. These are repeated below for ease of reference.

- (1) Integrity. A *firm* must conduct its business with integrity.
- (2) Skill, care and diligence. A *firm* must conduct its business with due skill, care and diligence.
- (3) Management and control. A *firm* must take reasonable care to organise and control its affairs responsibly and effectively, with adequate risk management systems.
- (4) Financial prudence. A *firm* must maintain adequate financial resources.
- (5) Market conduct. A *firm* must observe proper standards of market conduct.
- (6) *Customers'* interests. A *firm* must pay due regard to the interests of its *customers* and treat them fairly.
- (7) Communications with *clients*. A *firm* must pay due regard to the information needs of its *clients* and *communicate* information to them in a way which is clear, fair and not misleading.
- (8) Conflicts of interest. A *firm* must manage conflicts of interest fairly, both between itself and its *customers* and between a *customer* and another *client*.
- (9) *Customers*: relationships of trust. A *firm* must take reasonable care to ensure the suitability of its advice and discretionary decisions for any *customer* who is entitled to rely upon its judgement.
- (10) *Clients'* assets. A *firm* must arrange adequate protection for *clients'* assets when it is responsible for them.
- (11) Relations with regulators. A *firm* must deal with its regulators in an open and cooperative way, and must disclose to the *FSA* appropriately anything relating to the *firm* of which the *FSA* would reasonably expect notice.

3.3 Consequences of breaching the Principles

3.3.1

01.07.02/001

The Principles are expressed in general terms. They are designed to be sensitive to individual circumstances and to be proportionate. Their practical implications for *firms'* conduct, organisation and resources will depend on the size of the *firm* and the business it undertakes. The Principles do not require small *firms* to act or be treated as if they were large.

3.3.2

01.07.02/001

However, being ready, willing and organised to abide by the Principles is a critical factor in applications for *authorisation* and whether a *credit union* is continuing to be fit and proper. Therefore, breaching a Principle makes a *credit union* liable to the FSA's disciplinary sanctions. The full provisions of how the FSA will use its powers in support of its enforcement functions under the *Act* are set out in *ENF 2*. The FSA will be proportionate in the use of its powers.

Credit unions

Chapter 4

Senior management arrangements, Systems and Controls

4

PAGE
1

4.1 Application and purpose

4.1.1 **R**
01.07.02/001

This chapter applies to all *credit unions*.

4.1.2 **G**
01.07.02/001

The purpose of this chapter is to provide further *guidance* to *credit unions* with a *permission to accept deposits* (see CRED 13.5) on the application of Senior management arrangements, Systems and Controls (SYSC), together with additional *rules* and *guidance* that are specific to *credit unions*.

4.1.3 **R**
01.07.02/001

SYSC applies to all *credit unions* in respect of the carrying on of their regulated activities and unregulated activities in a prudential context.

4.1.4 **G**
01.07.02/001

The purposes of SYSC are:

- (1) to encourage *directors* and *senior managers* to take appropriate practical responsibility for the *credit union's* arrangements on matters likely to be of interest to the *FSA* because they impinge on the *FSA's* function under the *Act*;
- (2) to reinforce *Principle 3*, under which all *firms* including *credit unions* must take reasonable care to organise and control their affairs responsibly and effectively with adequate risk management systems;
- (3) to encourage all *firms*, including *credit unions*, to vest responsibility for effective and responsible organisation in specific *directors* and *senior managers*.

4.1.5 **G**
01.07.02/001

SYSC contains a number of high level *rules* designed to have general application to all *firms*.

4.1.6 **G**
01.07.02/001

Specific *guidance* on how these *rules*, and the general *guidance* that accompanies them, apply to the particular circumstances of *credit unions* is set out below.

4.1.7 **G**
01.07.02/001

SYSC 3.1.2G(3) states that detailed requirements regarding systems and controls relevant to particular types of *firm* may be covered elsewhere in the *Handbook*. This chapter includes all such specific requirements for *credit unions*.

4.2 Apportionment of responsibilities

- 4.2.1** G Under SYSC 2.1.1R every *firm* is required to take reasonable care to maintain an appropriate apportionment of significant responsibilities among its *directors* and *senior managers*, so that it is clear who has those responsibilities and so the *firm* can be governed adequately.
01.07.02/001
- 4.2.2** G In order to comply with the requirements, a *credit union* will need to be clear who is responsible for which significant matters within the *credit union*.
01.07.02/001
- 4.2.3** G Among the significant responsibilities to be apportioned will be responsibility for:
01.07.02/001
- (1) finance;
 - (2) lending;
 - (3) arrears control;
 - (4) *money laundering* reporting;
 - (5) complaints handling.
- 4.2.4** G SYSC 2.1.3R requires that the actual task of apportioning significant responsibilities to different people must itself be allocated by the *credit union* to one or more individuals to carry out. The task of overseeing the establishment and maintenance of the *credit union's* systems and controls would normally be allocated to the same individual or individuals. However, it would be possible to allocate the overseeing function to different individuals as long as this was appropriate.
01.07.02/001
- 4.2.5** G Together these tasks are known as the *apportionment and oversight function*.
01.07.02/001
- 4.2.6** G An individual to whom a function is allocated under SYSC 2.1.3R will be performing the *apportionment and oversight function* (see CRED 6.3.8G) and an application must be made to the FSA for approval of the individual before the function is performed (see CRED 13.7).
01.07.02/001
- 4.2.7** G SYSC 2.1.4R requires that the *apportionment and oversight function* must be allocated to the *credit union's chief executive* where there is one. 'Chief executive' in this context means an *employee* who alone, or jointly with others, is responsible under the immediate authority of the committee of management for the conduct of the whole business of the *credit union*. In smaller *credit unions*, this would include any *manager* or *person* who is entrusted with the whole of the day to day running of the *credit union* even if the title 'chief executive' is not used.
01.07.02/001
- 4.2.8** G The *apportionment and oversight function* may be allocated to one or more members of the *credit union's* committee of management in addition to the *chief executive*, or where there is no *chief executive* (see also CRED 4.3.17G).
01.07.02/001

- 4.2.9** G
01.07.02/001 The allocation of the *apportionment and oversight function* to one or two individuals is likely to be appropriate for most *firms*, including many *credit unions*. However, it would be possible to allocate the function to every member of the *credit union's* committee of management as long as that allocation remained appropriate.
- 4.2.10** G
01.07.02/001 If the allocation is to more than one *person* they may perform the *apportionment and oversight function*, or aspects of the function, separately. So, for example, one individual may have specific responsibility for the apportionment of responsibilities, whilst somebody else may have specific responsibility for overseeing the establishment and maintenance of the *credit union's* systems of control.
- 4.2.11** G
01.07.02/001 Under SYSC 2.2.1R, all *credit unions* are required to maintain a record of the arrangements they have made to satisfy the requirements to apportion significant responsibilities and allocate the *apportionment and oversight function*. Where responsibilities have been allocated to more than one *person*, the record will need to show clearly how those responsibilities are shared or divided. These records must be retained for six years after being replaced by a more up-to-date record.
- 4.2.12** G
01.07.02/001 Most *credit unions* should be able to comply with the requirements of SYSC 2.2.1R by means of records they already keep for their own purposes (for example, job descriptions, organisation charts, committee constitutions and terms of reference).

4.3 Systems and Controls

General

- 4.3.1** **G**
01.07.02/001 SYSC 3.1.1R requires that every *firm*, including a *credit union*, takes reasonable care to establish and maintain such systems and controls as are appropriate to its business.
- 4.3.2** **G**
01.07.02/001 SYSC 3.1.1R is a high level *rule* which allows *firms* to put in place the systems and controls that are appropriate and effective for their particular circumstances. What is appropriate for a particular *credit union* will depend upon such matters as the nature, scale, and complexity of its business, the volume and size of its *transactions*, and the level of risk associated with its operations.
- 4.3.3** **G**
01.07.02/001 A small *version 1 credit union* will not be expected to have the same systems and controls as a large *version 2 credit union*.
- 4.3.4** **G**
01.07.02/001 SYSC 3.2 deals with the areas to be covered by systems and controls. *Guidance* on how this applies to *credit unions* is provided below.

Rules and evidential provisions

- 4.3.5** **R**
01.07.02/001 **A *credit union* must establish, maintain and implement an up-to-date business plan approved by the committee of management and supply a copy on request to the FSA.**
- 4.3.6** **G**
01.07.02/001 *Guidance* on business planning is given in CRED 4.3.61G - CRED 4.3.68G.
- 4.3.7** **R**
01.07.02/001 **A *credit union* must establish, maintain, and implement an up to date and fully documented policies and procedures manual, and supply a copy on request to the FSA.**
- 4.3.8** **G**
01.07.02/001 *Guidance* on documentation of policies and procedures is given in CRED 4.3.69G - CRED 4.3.71G.
- 4.3.9** **R**
01.07.02/001 **A *credit union* must establish, maintain and implement a fully documented system of control.**
- 4.3.10** **G**
01.07.02/001 *Guidance* on the documentation of systems of control is given in CRED 4.3.28G - CRED 4.3.31G.

4.3.11  01.07.02/001

- (1) A *credit union* should have an *internal audit function* (this may be either in house or outsourced to a third party).
- (2) Contravention of CRED 4.3.11E(1) may be relied on as tending to establish contravention of SYSC 3.1.1R (see CRED 4.3.1G).

4.3.12  01.07.02/001

Guidance on internal audit is given in CRED 4.3.50G – CRED 4.3.60G.

4.3.13  01.07.02/001

- (1) A *credit union* should ensure appropriate segregation of duties in order to minimise the risk of *financial crime* or contravention of requirements and standards under the *regulatory system*.
- (2) Contravention of CRED 4.3.13E(1) may be relied on as tending to establish contravention of SYSC 3.1.3R.

4.3.14  01.07.02/001

Guidance on segregation of duties is given in CRED 4.3.26G - CRED 4.3.27G.

Committee of management

4.3.15  01.07.02/001

Under Schedule 1 to the Credit Unions Act 1979, a *credit union* is required to have a committee of management. The committee of management should be competent to control the affairs of a *credit union*, and have an appropriate range of skills and experience having regard to the activities carried on by the *credit union*.

4.3.16  01.07.02/001

CRED 6.2 provides additional guidance for *credit unions* on the *Statements of Principle for Approved Persons* (see also APER 2.1.2P). In accordance with *Statement of Principle 7*, it is the responsibility of each individual member of the committee of management to understand, and ensure that the *credit union* complies with, the requirements of all the relevant Acts, secondary legislation, and *rules*.

4.3.17  01.07.02/001

As the *credit union's governing body*, the committee of management has responsibility for ensuring that the *credit union* complies with the requirements of SYSC 3.1.1R (see CRED 4.3.1G – CRED 4.3.2G). Accordingly, the committee of management has overall responsibility for the following matters:

- (1) to establish objectives and formulate a business plan;
- (2) to monitor the financial position of the *credit union*;
- (3) to determine and document policies and procedures;
- (4) to direct and coordinate the work of all *employees* and volunteers, and ensure that they are capable and properly trained;
- (5) to maintain adequate reserves;
- (6) to make provision for bad and doubtful debts;
- (7) to recommend a dividend on shares to members subject to the *credit union's* financial position;
- (8) to ensure that the *credit union* complies with all statutory and regulatory requirements;

(9) to ensure that the *credit union* complies with the requirements of its registered rules.

Where a committee of management has responsibility for these matters on a day to day basis (that is, they are not delegated to a *chief executive* or *manager*) it seems highly likely that each member of the committee would be performing the *apportionment and oversight function*, and would therefore require individual approval.

4.3.18 G The committee of management should meet at least monthly.
01.07.02/001

Organisation

4.3.19 G *Guidance* on organisational arrangements is located in SYSC 3.2.2G - SYSC 3.2.5G.
01.07.02/001

4.3.20 G A *credit union* should have clearly defined organisational arrangements and procedures. These arrangements and procedures should be properly documented.
01.07.02/001

4.3.21 G Those *credit unions* that do not have a permanent place of business or permanent full-time staff should take particular care to ensure that their organisational arrangements are robust and clear.
01.07.02/001

4.3.22 G The delegation of functions and tasks should take place within an appropriate framework. This should distinguish between those decisions reserved for the committee of management and those delegated to sub-committees, volunteers or *employees*.
01.07.02/001

4.3.23 G There should be arrangements to supervise delegation. This should include establishing appropriate reporting mechanisms and procedures for monitoring.
01.07.02/001

4.3.24 G Reporting lines should be clear and appropriate having regard to the nature, scale, and complexity of the *credit union* and its business.
01.07.02/001

4.3.25 G SYSC 3.2.4G specifically covers the issue of outsourcing. *Guidance* relevant to delegation within a *credit union* is also relevant to external delegation ("outsourcing"). A *credit union* cannot contract out its regulatory obligations, and remains ultimately responsible for any activities or functions that are outsourced. A *credit union* should therefore take reasonable care to supervise any outsourced activities, and obtain sufficient information to be able to assess the impact of outsourcing on its systems and controls.
01.07.02/001

4.3.26 G CREd 4.3.13E states that all *credit unions* should ensure appropriate segregation of duties. Duties should be segregated to prevent one individual from initiating, controlling, and processing a transaction (for example, approval and payment of an invoice).
01.07.02/001

4.3.27 G Responsibilities of connected *persons* (for example, relatives and other close relationships) should be kept entirely separate. Such *persons* should not hold key posts at the same time. Where this is unavoidable, a *credit union* should have a written policy for ensuring complete segregation of duties and responsibilities.
01.07.02/001

Documentation of systems of control

4.3.28

01.07.02/001

CRED 4.3.9R requires a *credit union's* system of control to be fully documented. The documentation helps the committee of management to assess if systems are maintained and controls are operating effectively. It also helps those reviewing the systems to ensure that the controls are those that have been authorised, and that they are adequate for their purpose.

4.3.29

01.07.02/001

The committee of management should determine the form of documentation to be adopted. Considerations should include the following:

- (1) It should be comprehensive. It should cover all material aspects of the operations of the *credit union*.
- (2) It should be integrated. Separate elements of the system should be cross referred so that the system can be viewed as a whole.
- (3) It should identify risks, and the controls established to manage those risks. The controls should be identified and their purpose defined so that their effectiveness can be evaluated.
- (4) There should be named *persons* or posts for each control function, and alternatives in case of absence.
- (5) It should state how the operation of the control is evidenced. Evidence might include signatures, records and registers, retention of control *documents*.
- (6) It should be unambiguous. Instructions should be clear and precise, avoiding expressions such as "normally" and "if possible".
- (7) It should be practical. The separate elements should have a practical role in the review and improvement of systems.
- (8) It should be up to date. There should be an accurate description of the function that the control is to address. When changes are made to the function, the appropriate systems of control need to be updated and documented at the same time.
- (9) The committee of management should, from time to time, seek confirmation that the systems of control are being complied with.

4.3.30

01.07.02/001

Documentation should not be restricted to "lower level" controls applied in processing transactions, but should also cover "high level" controls including:

- (1) powers to be exercised only by the committee of management, and powers delegated to others;
- (2) the purpose, composition and reporting lines of sub-committees, and *senior managers* to whom responsibilities are delegated;
- (3) the specific roles and responsibilities of individual *officers*;
- (4) the timing, form and purpose of meetings of the committee of management and sub-committees, and the way in which policies and decisions are recorded and their implementation monitored.

4.3.31

01.07.02/001

The documentation of IT controls should be integrated within the overall documentation of a *credit union's* system of control.

Accounting records and systems

- 4.3.32** G SYSC 3.2.20R requires that a *credit union* takes reasonable care to make and retain adequate records of all matters governed by the *Act*, secondary legislation under the *Act*, or *rules* (including accounting records). These records must be capable of being reproduced in the English language and on paper.
01.07.02/001
- 4.3.33** G A *credit union* should have appropriate systems in place to fulfil its obligations with respect to adequacy, access, periods of retention, and security of records.
01.07.02/001
- 4.3.34** G The main reasons why a *credit union* should maintain adequate accounting and other records are:
01.07.02/001
- (1) to provide the committee of management with adequate financial and other information to enable them to conduct its business in a prudent manner on a day-to-day basis;
 - (2) to safeguard the assets of the *credit union* and the interests of members and *persons* too young to be members (see CRED 7.3.2G);
 - (3) to assist *officers* of the *credit union* to fulfil their regulatory and statutory duties in relation to the preparation of annual accounts;
 - (4) to provide the committee of management with sufficient timely and accurate information to assist them to submit the information required or requested by the *FSA*.
- 4.3.35** G When forming their opinion of whether the accounting and other records are adequate, the committee of management should satisfy themselves that they capture and record on a timely basis, and in an orderly fashion, every transaction. They should provide sufficient information in respect of each transaction to explain:
01.07.02/001
- (1) its nature and purpose;
 - (2) the asset or liability, actual and contingent, which arises (or may arise) from it;
 - (3) the income or expenditure, current and deferred, which arises from it.
- 4.3.36** G The committee of management must be satisfied that the records are maintained in an integrated and orderly manner to disclose, with reasonable accuracy and promptness, the state of the business at any time.
01.07.02/001

Compliance

- 4.3.37** G SYSC 3.2.6.R requires all *credit unions* to take reasonable care to establish and maintain effective systems and controls for compliance with all regulatory requirements (in other words, the relevant Acts, secondary legislation, and *rules*) and for countering the risk of *financial crime*.
01.07.02/001
- 4.3.38** G *Guidance* on compliance is located in SYSC 3.2.6R - SYSC 3.2.9G.
01.07.02/001
- 4.3.39** G SYSC 3.2.8R is unlikely to be relevant to a *credit union* as it is relevant only to *firms* carrying on *designated investment business*.
01.07.02/001
- 4.3.40** G Some important compliance issues include:
01.07.02/001

- (1) insurance against fraud and dishonesty;
- (2) arrangements for the prevention, detection and reporting of *money laundering*;
- (3) establishing and maintaining a satisfactory system of control;
- (4) keeping proper books of account;
- (5) computation and application of profits;
- (6) investment of surplus funds;
- (7) capital requirements;
- (8) liquidity requirements;
- (9) limits on shares and loans;
- (10) maintenance of membership records;
- (11) submission of financial reports to the regulator;
- (12) *approved persons* regime;
- (13) payment of regulatory fees.

Management information

4.3.41 G *Guidance* on management information is located in SYSC 3.2.11G – SYSC 3.2.12G.

4.3.42 G *A credit union* should maintain information systems to enable the committee of management to direct and control the *credit union's* business effectively, and to provide the information required by the *FSA*.

4.3.43 G The committee of management should be satisfied that:

- (1) the information available is sufficient for the proper assessment of the potential risks for the *credit union*, and in order to determine its need for capital and liquidity;
- (2) the information available is sufficiently comprehensive to provide a clear statement of the performance and financial position of the *credit union*;
- (3) management information reports are prepared with sufficient frequency;
- (4) sufficient attention is focused on key factors affecting income and expenditure and that appropriate performance indicators are employed;
- (5) actual performance is compared with planned and prior performance.

4.3.44 G In forming a view on whether the management information system is sufficiently comprehensive, the committee of management should consider whether, where relevant, the substance of reports provides a clear statement of:

- (1) the capital position;

- (2) the liquidity position;
- (3) profits and losses, assets and liabilities, and flow of funds;
- (4) loans, arrears, and provisions.

4.3.45 G The matters listed in *CRED* 4.3.44G should be compared against limits, ratios and other parameters set by the committee of management, as well as regulatory requirements.

01.07.02/001

Information for the FSA

4.3.46 G Information reported to the *FSA* should be accurate and timely. *Credit unions* are required to complete returns as set out in *CRED* 14.10, and submit them within the specified timetable. Returns should be reviewed prior to their submission to the *FSA* at a sufficiently senior level. The review should check for consistency between different returns, between various tables on the same return, and between information prepared for the committee of management.

01.07.02/001

Personnel

4.3.47 G *Guidance* on *employees* and agents is located in *SYSC* 3.2.13G - *SYSC* 3.2.14G.

01.07.02/001

4.3.48 G A *credit union* should identify present and future staffing requirements (including volunteers and paid staff) and make appropriate plans for their recruitment and training.

01.07.02/001

4.3.49 G A *credit union* should have appropriate systems and controls in place to satisfy itself as to the suitability of its staff, including the competence and honesty of such staff. Any assessment of suitability should take into account the nature of the position and the level of responsibility that the individual would hold.

01.07.02/001

Internal Audit

4.3.50 G *CRED* 4.3.11E states that an *internal audit function* should oversee the internal audit process.

01.07.02/001

4.3.51 G *Guidance* on internal audit and audit committees (otherwise known as the supervisory committee) is located in *SYSC* 3.2.15G - *SYSC* 3.2.16G.

01.07.02/001

4.3.52 G Depending upon the scale and nature of the *credit union's* activities, it may be appropriate for the audit committee to delegate the task of monitoring the effectiveness and appropriateness of its systems and controls to an *employee* or other third party.

01.07.02/001

4.3.53 G The purposes of an internal audit are:

01.07.02/001

- (1) to ensure that the policies and procedures of the *credit union* are followed;
- (2) to provide the committee of management with a continuous appraisal of the overall effectiveness of the control systems, including proposed changes;

4.3.54

01.07.02/001

- (3) to recommend improvements where desirable or necessary;
- (4) to determine whether the *internal controls* established by the committee of management are being maintained properly and operated as laid down in the policy, and comply with relevant Acts, secondary legislation, *rules*, policies and procedures;
- (5) to ensure that accounting records are prepared promptly and accurately, and that they are in order;
- (6) to assess whether financial and operating information supplied to the committee of management is accurate, pertinent, timely, and complete.

The *internal audit function* should develop an audit plan, covering all aspects of the *credit union's* business. The audit plan should identify the scope and frequency of work to be carried out in each area. Areas identified as higher risk should be covered more frequently. However, over a set time frame (likely to be one year) all areas should be covered. Care should be taken to avoid obvious patterns of checking.

4.3.55

01.07.02/001

The internal audit work programme should include items such as:

- (1) verification of cash (counting and reconciliation) without prior notification;
- (2) *bank* reconciliation (checking records against *bank* statements);
- (3) verification of passbooks or account statements;
- (4) checking for compliance with policies and procedures;
- (5) checking for compliance with relevant Acts, secondary legislation and *rules*;
- (6) checking minutes and reports of the committee of management and other sub-committees for compliance, and assessing regularity and completeness;
- (7) checking loan applications;
- (8) verification of the *credit union's* assets and *investments*.

4.3.56

01.07.02/001

The key elements of a satisfactory system of internal audit include the following:

- (1) Terms of reference. These should be specified with precision and include, amongst other things, scope and objectives of the audit committee and the *internal audit function*, access to records, powers to obtain information and explanations for *officers*, and reporting requirements. These should be approved by the committee of management.
- (2) Risk analysis. Key risks in each area of the *credit union's* business should be identified. The adequacy of the specific controls put in place to address those risks should be assessed.
- (3) Internal audit plan. This should be developed on the basis of the risk analysis.
- (4) Detailed programmes. These should be based on the internal audit plan, together with the controls and their objectives specified in the control documentation. Each programme should be comprehensive, specifying the frequency with which the various parts of the programme are to be carried out and how the work is to be performed.

- (5) Working papers. These should be maintained to evidence who performed the work, how it was controlled and supervised, and to record the conclusions reached. They should be cross referenced to reports made and action taken.
- (6) System of reporting. Formal reports should be submitted at the completion of each aspect of programmed work, stating the areas covered together with any recommendations and conclusions reached.

4.3.57 G The *internal audit function* should be independent of all of the functions it inspects.

01.07.02/001

4.3.58 G The committee of management should be satisfied that the status and reporting relationship of the chair of the audit committee is sufficient to maintain the independence and objectivity of the function.

01.07.02/001

4.3.59 G The qualifications, experience and training of individuals performing the *internal audit function* should be adequate in relation to its objectives.

01.07.02/001

4.3.60 G The committee of management should be satisfied that the *internal audit function* is being properly carried out. In order to review the overall effectiveness of the *internal audit function* it should consider the following:

01.07.02/001

- (1) the adequacy and scope of planning;
- (2) the adequacy and scope of work performed in relation to the plans and programmes;
- (3) the regularity and level of reporting on matters arising from the inspections;
- (4) the disposal of points and recommendations raised, and reasons for the rejection of any major points;
- (5) a review of the overall effectiveness of the *internal audit function*.

Business planning

4.3.61 G CRED 4.3.5R requires that a *credit union* maintains a current business plan.

01.07.02/001

4.3.62 G *Version 2 credit unions* should submit a copy of their business plan to the FSA. A *version 2 credit union* making any significant changes to the business plan should provide the FSA with a copy of the amended plan as soon as possible after it has been adopted.

01.07.02/001

4.3.63 G *Guidance* on business strategy is located in SYSC 3.2.17G.

01.07.02/001

4.3.64 G The committee of management should have a satisfactory planning system to provide a framework for growth and development of the *credit union*, and to enable it to identify, measure, manage and control risks of regulatory concern.

01.07.02/001

4.3.65 G The business plan should cover a period of three years from the current financial year.

01.07.02/001

4.3.66 G The planning system should be defined clearly, documented appropriately, and planning related tasks and decision making responsibilities allocated clearly within the *credit union*.

01.07.02/001

4.3.67 G The conclusions, recommendations, projections and assumptions set out in the business plan should be supported by analysis, based on adequate data, and properly documented for comparison with actuals.
01.07.02/001

4.3.68 G The committee of management should consider the range of possible outcomes in relation to various risks.
01.07.02/001

Documentation of policies and procedures

4.3.69 G CRED 4.3.7R requires that a *credit union* maintains a manual of its policies and procedures.
01.07.02/001

4.3.70 G *Version 2 credit unions* should submit a copy of their policy and procedures manual to the FSA. A *version 2 credit union* making any significant changes to their policies or procedures should provide the FSA with a copy of the amended manual as soon as possible after it has been adopted.
01.07.02/001

4.3.71 G The policy and procedures manual should cover all aspects of the *credit union's* operations, including matters such as:
01.07.02/001

- (1) cash handling and disbursements;
- (2) collection procedures;
- (3) lending - including large *exposures* (see CRED 10.1 - CRED 10.5);
- (4) arrears management (see CRED 10.2.8G - CRED 10.2.9G);
- (5) provisioning (see CRED 10.5);
- (6) liquidity management (see CRED 9);
- (7) financial risk management (see CRED 7);
- (8) *money laundering* prevention (see CRED 12);
- (9) internal audit (see CRED 4.3.50G - CRED 4.3.60G);
- (10) information technology (see CRED 4.3.31G);
- (11) business continuity - otherwise known as disaster recovery (see CRED 4.3.72G - CRED 4.3.74G);
- (12) marketing;
- (13) training;
- (14) connected *persons* and managing conflicts of interest (see CRED 4.3.27G);
- (15) complaints handling (see CRED 17).

Business continuity

4.3.72 G *Guidance* on business continuity is located in SYSC 3.2.19G.
01.07.02/001

4.3.73

G

01.07.02/001

A *credit union* should put in place contingency arrangements to ensure that it could continue to operate and meet its regulatory requirements in the event of an unforeseen interruption that may otherwise prevent the *credit union* from operating normally. (For example, if there was a complete failure of IT systems or if the premises were destroyed by fire).

4.3.74

G

01.07.02/001

Business continuity arrangements should be reviewed and tested regularly in order to ensure their effectiveness.

Credit unions

Chapter 5

Threshold conditions

5

PAGE
1

5.1 Application and purpose

- 5.1.1**  This chapter applies to all *credit unions*. It also applies to any *person* seeking to become *authorised* as a *credit union*.
01.07.02/001
- 5.1.2**  The purpose of this chapter is to provide additional *guidance* to *credit unions* on the basic requirements that all *credit unions* must meet if they are to be allowed to carry on a *regulated activity*.
01.07.02/001
- 5.1.3**  Schedule 6 to the *Act* sets out the *threshold conditions* for *authorisation*. *COND* contains *guidance* for all *firms* on the *threshold conditions*.
01.07.02/001
- 5.1.4**  In order to become *authorised* under the *Act* all *firms* must meet the *threshold conditions*.
01.07.02/001
- 5.1.5**  The *threshold conditions* must be met on a continuing basis by *credit unions*. Failure to meet one of the conditions is sufficient grounds for the exercise by the *FSA* of its power. *ENF 1* provides an overview of the range and purpose of these powers, the *FSA*'s approach to enforcement and the structure of the Enforcement manual.
01.07.02/001

5.2 The Conditions

5.2.1

01.07.02/001

Schedule 6 to the *Act* and *COND* set out the *threshold conditions* in full. They are:

- (1) *Threshold condition 1: Legal status.* This sets out a number of conditions for legal form. A *credit union* by definition will comply.
- (2) *Threshold condition 2: Location of offices.* A regulated *UK credit union* must have its head office and registered office in the *United Kingdom*. This requirement is aimed at ensuring that *firms* are organised in a way that can be effectively supervised.
- (3) *Threshold condition 3: Close links.* This condition requires the *FSA* to be satisfied that it can effectively supervise a *firm*, taking into account the structure of the *group* to which it belongs or the other *firms* to which it has *close links*. This will have little relevance to *credit unions* because of the way they are constituted.
- (4) *Threshold condition 4: Adequate resources.* The adequate resources condition has a wide meaning. The *FSA* will interpret the term 'adequate' as meaning sufficient in terms of quantity, quality and availability, and 'resources' as including all financial resources, non-financial resources and means of managing its resources; for example, capital, provisions against liabilities, liquidity and human resources. Detailed financial resources and systems requirements for *credit unions* can be found in *CRED 4*, *CRED 8*, and *CRED 9*. The *FSA* will consider whether a *credit union* is ready, willing and organised to comply with these requirements when assessing if it has adequate resources for the purposes of this *threshold condition*.
- (5) *Threshold condition 5: Suitability.* Essentially, this condition requires the *FSA* to be satisfied that a *credit union* is 'fit and proper' to be *authorised* and permitted to carry on the relevant activities. It will therefore have regard to all relevant matters. These will include whether there are any indications that the *credit union* will not be able to meet its debts as they fall due, and whether the *credit union* has taken reasonable steps to identify and measure any risks of regulatory concern. It will also include the *credit union's* connection with any *person*.

5.2.2

01.07.02/001

The first two *threshold conditions* prescribe objective criteria to be satisfied – there is no room for judgment on the part of the *FSA*. *Threshold condition 4* and *threshold condition 5* set new formal conditions for *credit unions*. In both cases, what is required will depend upon such matters as the size of the *credit union* and the activities it wishes to carry on.

5.2.3

01.07.02/001

Where a *credit union* may no longer meet the *threshold conditions* (see *ENF*) the *FSA* will make further enquiries. This might include the provision of a report by a *skilled person* or the *FSA* exercising its formal enforcement powers. In any situation where the *FSA* may need to consider the use of its powers as a result of the failure of

a *credit union* to meet one of these conditions, the *FSA* will have regard to the principles underlying the *FSA*'s approach to the use of these powers. These principles include transparency, proportionality and consistency.

5.2.4

G

01.07.02/001

The *FSA* has the power to vary a *credit union*'s *Part IV permission* on its own initiative (see *ENF 3.2*), if it appears to the *FSA* that the *credit union* is failing, or is likely to fail, to satisfy the *threshold conditions* (see *ENF 3.5*).

Credit unions

Chapter 6

The Approved persons regime

6

PAGE
1

6.1 Application and purpose

6.1.1 R 01.07.02/001 This chapter applies to all *credit unions* and *approved persons*. It also applies to *applicants* seeking to become *authorised* as a *credit union*.

6.1.2 G 01.07.02/001 The purpose of this chapter is to provide *guidance* on the provisions concerning *approved persons* as they relate to *credit unions*.

6.1.3 G 01.07.02/001 The full provisions are to be found in the following sourcebooks or manuals of the *Handbook*:

- (1) The Statements of Principle and Code of Practice for Approved Persons (*APER*)
- (2) Fitness and Propriety (*FIT*)
- (3) *Authorisation* manual (*AUTH*)
- (4) Supervision manual (*SUP*)
- (5) Enforcement manual (*ENF*)

6.1.4 G 01.07.02/001 *Guidance* on all the provisions of the manuals concerning *approved persons* is provided below, but the following points summarise the key parts of the proposals:

- (1) *FSA* has specified various functions which are seen as key to the operation of a *credit union* and which are referred to as *controlled functions*.
- (2) A *controlled function* may be performed only by a *person* who is a fit and proper *person* to perform the *function* to which the approval relates.
- (3) The purpose of these provisions is to complement the regulation of *credit unions* themselves.
- (4) The manuals provide full details concerning all aspects of the application process, the criteria for assessment, the range of *controlled functions* and disciplinary action.

6.2 The Statements of Principle of Code of Practice for Approved Persons (APER)

6.2.1

01.07.02/001

The purpose of this section is to provide a guide to the *Statements of Principle and Code of Practice for Approved Persons (APER)* – which are issued for the *guidance of approved persons* in the conduct of their functions and follows the structure of the statements and code.

Introduction

6.2.2

01.07.02/001

APER 1.1 provides that APER applies to *approved persons*.

6.2.3

01.07.02/001

APER 1.2 explains that section 64(2) of the *Act* provides that if the *FSA* issues *Statements of Principles* it must also issue a code of practice for the purpose of helping to determine whether a *person's* conduct complies with these *Statements of Principle*. The code has been issued for that purpose. It also sets out some guiding principles concerning the application of the *Statements of Principle* and the *Code of Practice for Approved Persons*. *Statements of Principle* 1, 2, 3 and 4 apply to all *approved persons* performing a *controlled function* for a *credit union*, and *Statements of Principle* 5, 6, and 7 apply to those approved to perform *significant influence functions*. All *controlled functions* performed for a *credit union* are *significant influence functions* (APER 1.2.4G).

The Statements of Principle

6.2.4

01.07.02/001

APER 2.1 sets out the seven *Statements of Principle* which apply to *approved persons*. These are all designed to ensure that *approved persons* undertake their roles efficiently and with integrity. All seven *Principles* may apply to *approved persons* performing functions for *credit unions*.

6.2.5

01.07.02/001

The table in APER 2.1.2P sets out the full text of the *Statements of Principle*. These are repeated below for ease of reference.

- (1) An *approved person* must act with integrity in carrying out his *controlled function*.
- (2) An *approved person* must act with due skill, care and diligence in carrying out his *controlled function*.
- (3) An *approved person* must observe proper standards of market conduct in carrying out his *controlled function*.

- (4) An *approved person* must deal with the FSA and with other regulators in an open and cooperative way and must disclose appropriately any information of which the FSA would reasonably expect notice.
- (5) An *approved person* performing a *significant influence function* must take reasonable steps to ensure that the business of the *firm* for which he is responsible in his *controlled function* is organised so that it can be controlled effectively.
- (6) An *approved person* performing a *significant influence function* must exercise due skill, care and diligence in managing the business of the *firm* for which he is responsible in his *controlled function*.
- (7) An *approved person* performing a *significant influence function* must take reasonable steps to ensure that the business of the *firm* for which he is responsible in his *controlled function* complies with the regulatory requirements imposed on that business.

Code of Practice for Approved persons

6.2.6

01.07.02/001

APER 3.1 provides an introduction to the *Code of Practice for Approved Persons* and provides *guidance* on its operation. The key points for those involved with *credit unions* are as follows:

- (1) An *approved person* will be in breach of a *Statement of Principle* only where his conduct was deliberate or where his standard of conduct was below that which would be reasonable in the circumstances.
- (2) All the *Statements of Principle* may apply to *approved persons* performing a *controlled function* for a *credit union*.

Factors relevant to Statements of Principle

6.2.7

01.07.02/001

APER 3.2 - APER 3.3 set out factors to be taken into account in determining whether or not an *approved person's* conduct complies with the *Statements of Principle*. Since all *controlled functions* relevant to *credit unions* are *significant influence functions*, all these factors are relevant to *credit unions*.

6.2.8

01.07.02/001

APER 4.1 – APER 4.7 set out the seven *Statements of Principle* in turn, and provide *guidance* on conduct which, in the opinion of the FSA, does not comply with each of the *Statements of Principle* or, in the case of APER 4.3, conduct which will tend to show compliance with the relevant *Statement of Principle*.

Enforcement procedures

6.2.9

01.07.02/001

Details of the disciplinary measures which may be taken against *approved persons* are located in ENF 11 – ENF 13. *Approved persons* should note that disciplinary action may be taken either for their personal misconduct or for conduct which results in a *credit union* breaching any provisions to which it is subject.

6.3 Approved persons

6.3.1

01.07.02/001

The purpose of this section is to provide a guide to those parts of the Supervision manual (*SUP*) concerning *approved persons* as they apply to *credit unions*, and follows the structure of that manual. This section should be read in conjunction with *SUP* 10.

Introduction

6.3.2

01.07.02/001

SUP 10.1.1R - *SUP* 10.1.26G provides an introduction to the application of the *approved persons* regime. The effect of the *rules* is that a *credit union* must apply to the *FSA* for the approval of one or more individuals to perform the functions which are known as *controlled functions*. In broadest outline these *controlled functions* are roles which enable an individual to exert significant influence on the conduct of the *credit union's* affairs. A complete list of these functions is set out in *SUP* 10.4.5R, although not all of these are relevant to *credit unions*. This guide concentrates only on the *controlled functions* which are relevant for the majority of *credit unions*. The largest *credit unions* should consider whether a wider range of *controlled functions* is relevant to them.

Purpose of the regime

6.3.3

01.07.02/001

SUP 10.2 outlines the purpose of the direct regulation of individuals which is to supplement the regulation of *credit unions* themselves. Individuals will need to be approved to undertake tasks which are key to the operation of a *credit union*.

Controlled functions

6.3.4

01.07.02/001

SUP 10.3 provides, in this context, that a function is a *controlled function* only when it is undertaken by a *credit union* in relation to a *regulated activity*. *Controlled functions* fall within two groups. The *significant influence functions* describe the roles performed by the *governing body* and *senior managers* of the *firm* who exert a significant influence over the *regulated activities* of the *firm*. The *customer functions* describe the roles of individuals who deal with *customers* or with the property of *customers*. These *customer functions* do not extend to activities in relation to accepting *deposits* or general insurance and therefore will not be relevant to *credit unions* with *permission* for *accepting deposits* only.

Specification of functions

6.3.5

G

01.07.02/001

SUP 10.4 specifies all the *controlled functions* and provides that its requirements apply only in relation to the performance of the *controlled functions* for which an individual is approved.

6.3.6

G

01.07.02/001

The complete list of all *controlled functions* is located in SUP 10.4.5R. *Guidance* on those *controlled functions* most likely to be relevant to *credit unions* is provided below:

6.3.7

G

01.07.02/001

SUP 10.6: the *governing functions*:

(1) SUP 10.6.4R: the *Director function*

This is the function of acting in the capacity of a *director* of a *credit union*.

(2) SUP 10.6.8R: the *non-executive director function*

It is unusual for a *credit union* to appoint *non-executive directors* as such. But this function would include membership of a *credit union's* supervisory committee and any other committee which scrutinises the approach of executive management, the *credit union's* performance, and its standards of conduct.

(3) SUP 10.6.11R: the *chief executive function*

Acting in the capacity of *chief executive*, whether or not using that title. This role includes anyone having the responsibility, alone or jointly with one or more others, under the immediate authority of the committee of management, for the conduct of the whole of the business.

6.3.8

G

01.07.02/001

SUP 10.7: the *required functions*:

(1) SUP 10.7.1R: the *apportionment and oversight function*. The apportionment of responsibilities (see CRED 4.2 and SYSC 2.1.1R).

The function of dealing with apportionment of responsibilities under SYSC 2.1.1R, and of overseeing the establishment and maintenance of systems and controls under SYSC 3.1.1R.

(2) SUP 10.7.13R: the *money laundering reporting function*.

The function of acting in the capacity of the *money laundering reporting officer* of a *credit union*.

6.3.9

G

01.07.02/001

SUP 10.8: the *systems and controls functions*:

(1) SUP 10.8.1R the *finance function*

The function of acting in the capacity of a *senior manager* with responsibility for reporting to the committee of management in relation to its financial affairs.

(2) SUP 10.8.3R: the *risk assessment function*

The function of acting in the capacity of a *senior manager* with responsibility for reporting to the committee of management on the setting and controlling of its risk exposure.

(3) SUP 10.8.6R: the *internal audit function*

The function of acting in the capacity of a *senior manager* with responsibility for reporting to the committee of management in relation to its adherence to internal systems and controls, procedures and policies.

6.3.10 G
01.07.02/001

SUP 10.9: the *significant management functions*:

These *controlled functions* will only apply to the *credit union* if the functions are not being performed by a member of the committee of management and the *credit union* has followed the *guidance* in SUP 10.9.3G.

6.3.11 G
01.07.02/001

SUP 10.11: gives guidance on forms and procedures relating to *approved persons*.

6.3.12 G
01.07.02/001

Table The following are the forms that will most commonly be needed by credit unions.

Form A	SUP 10 Ann 4D	Application to perform <i>controlled functions</i> under the <i>approved persons</i> regime.
Form B	SUP 10 Ann 5R	Notice to withdraw an application to perform <i>controlled functions</i> under the <i>approved persons</i> regime.
Form C	SUP 10 Ann 6R	Notice of ceasing to perform <i>controlled functions</i> .
Form D	SUP 10 Ann 7R	Notification of changes in personal information or application details.

Copies of these forms may be obtained from the *FSA* website or from the Individual Vetting and Approval Department.

6.3.13 G
01.07.02/001

SUP 10.12 outlines procedures concerning the application for approval and withdrawing an application for approval. Applications should be made by the *credit union* and not by individual applicants. Details are provided concerning the procedure that *FSA* will adopt when granting or refusing applications.

6.3.14 G
01.07.02/001

SUP 10.13 outlines procedures concerning changes to an *approved person's* details. Where changes to an *approved person's* role involve the *person* performing one or more different *controlled functions* from those for which they have been given approval, then a new application must be made to *FSA*. This will be for approval to perform the new *controlled functions*.

6.3.15 G
01.07.02/001

SUP 10.14 points readers in the direction of frequently asked questions and answers, in particular which part of the *FSA* to approach with any questions which remain unanswered.

6.4 Assessing fitness and propriety

Purpose

6.4.1  01.07.02/001

The purpose of this section is to set out and describe the criteria that the *FSA* will consider when assessing the fitness and propriety of a *person* in respect of whom an application is being made for approval to undertake a *controlled function* under the *approved persons* regime (*SUP 10*). The criteria specified here will also be used to assess the continuing fitness and propriety of *persons* who have already been approved.

Background

6.4.2  01.07.02/001

- (1) *FIT 1.2* explains that the *FSA* may grant an application for approval for a *person* to perform a *controlled function* only if it is satisfied that the *candidate* is fit and proper to perform the *controlled function* to which the application relates.
- (2) It also indicates that the *FSA* may withdraw its approval if it considers that an individual is no longer fit and proper to perform the *controlled function* to which the approval relates.

Assessing fitness and propriety

6.4.3  01.07.02/001

FIT 1.3 explains that the *FSA* will have regard to a range of factors when assessing the fitness and propriety of a *person* to perform a particular *controlled function*, but that the most important criteria will be the *person's*:

- (1) honesty, integrity and reputation;
- (2) competence and capability; and
- (3) financial soundness.

6.4.4  01.07.02/001

FIT 2.1 – FIT 2.3 provide further details of the criteria referred to in *CRED 6.4.3G* and the primary matters which *FSA* will take account in assessing them.

Chapter 7

Investment and borrowing

7

PAGE
1

7.1 Application, purpose and interpretation

7.1.1 **R**
01.07.02/001

This chapter applies to all *credit unions*.

7.1.2 **G**
01.07.02/001

- (1) The *rules* and *guidance* contained in this chapter are designed to address risks that can arise from the structure of a *credit union's* balance sheet.
- (2) These risks include the risk that a *credit union's* income is not sufficiently large to cover its funding, operational and other costs, and the risk that a *credit union* may not be able to renew or replace wholesale funding at an affordable rate.

7.1.3 **R**
01.07.02/001

For the purposes of this chapter:

- (1) the maturity of a *security* or loan is the last or only date on which it shall be repayable by or under its terms; and
- (2) surplus funds means funds not immediately required for a *credit union's accepting deposits, lending and ancillary purposes*.

7.2 Investment

Types of investment

7.2.1

R

01.07.02/001

Subject to the general limitations on its powers contained in the Credit Unions Act 1979 and to the limitations contained in *CRED 7.2.2R – CRED 7.2.3R* below, a *credit union* may invest its surplus funds and funds serving liquidity purposes only in the following types of *investment*:

- (1) *deposits* or loans to a *UK domestic firm* with *Part IV permission to accept deposits*;
- (2) *deposits* or loans to an institution which is authorised in any other *EEA State* to *accept deposits*;
- (3) sterling-denominated *securities* issued by the government of any *EEA State*;
- (4) fixed-interest sterling-denominated *securities* guaranteed by the government of any *EEA State*, provided that any guarantee is unconditional in respect of the payment of both principal and interest on those *securities*.

7

Maturity investment

7.2.2

R

01.07.02/001

Any *securities* invested in, or loans made, in accordance with *CRED 7.2.1R* by a *version 1 credit union* must have a maturity date of not more than 12 *months* from the date on which the *investment* is made.

7.2.3

R

01.07.02/001

Any *securities* invested in, or loans made, in accordance with *CRED 7.2.1R* by a *version 2 credit union* must have a maturity date of not more than five years from the date on which the *investment* is made.

Cash in custody of officers

7.2.4

R

01.07.02/001

Surplus funds not invested by a *credit union* in accordance with CRED 7.2.1R – CRED 7.2.3R must be held as cash in the custody of *officers* of the *credit union*.

Investment conditions no longer satisfied

7.2.5

R

01.07.02/001

Where under CRED 7.2.1R – CRED 7.2.3R above, a *firm* or another institution ceases to satisfy the conditions necessary for a *credit union* to invest with it or lend to it, and any funds of a *credit union* are with that *firm* or other institution, the *credit union* must take all practicable steps to call in and realise that loan within three *months* of that cessation, or, if that is not possible, as soon after the end of that period as possible.

Transactions between credit unions

7.2.6

G

01.07.02/001

A *credit union* may accept a loan from another *credit union* (section 10(1) of the Credit Unions Act 1979). However, although a *credit union* is a *UK domestic firm* with *Part IV permission* to *accept deposits* (CRED 7.2.1R(1)), it cannot issue shares to another *credit union* (section 5(1) and (2) of the Credit Unions Act 1979) or otherwise *accept deposits* from another *credit union* (Section 8(1) of the Credit Unions Act 1979). *UK banks* and *building societies* may *accept deposits* from a *credit union*.

7.3 Funds held on trust for persons too young to be members

7.3.1  **Nothing in CRED 7.2.1R – CRED 7.2.3R applies to funds held on trust as mentioned in section 9(2) of the Credit Unions Act 1979.**
01.07.02/001

7.3.2  Section 9(2) of the Credit Unions Act 1979 requires that *deposits* held on trust for *persons* too young to be members should be kept in a fund apart from the general funds of the *credit union* and invested only in the manner specified by statute.
01.07.02/001

Borrowing

7.3.3  **The borrowing of a *version 1 credit union* must not exceed, except on a short-term basis, an amount equal to 20% of the total shareholding in the *credit union*.**
01.07.02/001

- 7.3.4**  (1) The borrowing of a *version 1 credit union* should not exceed an amount equal to 20% of the total shareholding in the *credit union* at the end of more than two consecutive quarters.
01.07.02/001
- (2) Contravention of CRED 7.3.4E(1) may be relied on as tending to indicate contravention of CRED 7.3.3R.

7.3.5  A *version 2 credit union* may borrow from any of the sources permitted under section 10 of the Credit Unions Act 1979 subject to the restrictions contained in that section.
01.07.02/001

7.3.6  **Subordinated debt obtained by a *credit union* and forming part of its capital (see CRED 8.2.1R) does not count towards the borrowing limits under CRED 7.3.3R.**
01.07.02/001

Financial risk management policy statement

7.3.7  **A *version 2 credit union* must establish, maintain and implement an up-to-date financial risk management policy statement approved by the committee of management.**
01.07.02/001

7.3.8  This policy should address both interest rate and funding risk. It should cover aggregate limits on holdings of *investments* and borrowings from sources other than members. It should deal with avoidance of funding concentrations (both source and
01.07.02/001

time-band concentrations) and should detail the organisational arrangements, systems and controls in respect of these matters.

7.3.9

G

01.07.02/001

A *credit union's* committee of management should review and approve its financial risk management policy at least once a year, and more frequently if necessary, especially in light of significant changes in business.

7.3.10

R

01.07.02/001

A *version 2 credit union* must send to the FSA a copy of its financial risk management policy statement as soon as is reasonably practicable after approval by the committee of management.

Chapter 8

Capital requirements

8

PAGE
1

8.1 Application and purpose

8.1.1

R

This chapter applies to all *credit unions*.

01.07.02/001

8.1.2

G

It amplifies *Principle 4* under which a *firm* must maintain adequate financial resources and the *threshold condition* that a *firm's* resources must be adequate in relation to the *regulated activities* that it carries on.

01.07.02/001

8.1.3

G

The purpose of setting capital requirements is to ensure that a *credit union* has an appropriate level of capital available to absorb unexpected losses.

01.07.02/001

8.1.4

G

The capital and net worth requirements set out in this chapter represent the minimum requirements that a *credit union* must comply with. A *credit union* should decide for itself the amount of capital that it needs to hold over and above these minimum standards proportionate to its scale of operations and its risk profile.

01.07.02/001

8.1.5

G

The *FSA* may require a *credit union* to hold minimum amounts of capital greater than those set out below where it considers that particular circumstances make that appropriate.

01.07.02/001

8.2 Components of capital

8.2.1

R

01.07.02/001

- (1) The following are included in the meaning of 'capital' for the purposes of this chapter:
 - (a) audited reserves;
 - (b) interim net profits;
 - (c) subordinated debt meeting the requirements set out at *CRED* 8.2.1R(4);
 - (d) initial capital.
- (2) Audited reserves are audited accumulated profits or losses, or both, retained by a *credit union* after payment of tax and dividends. Reserves also include other realised gains and gifts of capital - for example from a sponsoring organisation.
- (3) Interim net profits are interim profits net of tax and anticipated dividends.
- (4) To be included in the calculation of capital, subordinated debt must meet the following conditions:
 - (a) the maturity of the loan must be not less than five years from the date on which the loan is made;
 - (b) the subordination provisions provide that the claims of the subordinated creditors rank behind those of all unsubordinated creditors including the *credit union's* shareholders;
 - (c) to the fullest extent possible creditors waive their rights to set off amounts they owe the *credit union* against subordinated amounts owed to them by the *credit union*;
 - (d) the only events of default are non-payment of any interest or principal under the debt agreement or the winding-up of the *credit union*;
 - (e) the remedies available to the subordinated creditor in the event of default in respect of the subordinated debt are limited to

- petitioning for the winding up of the *credit union* or proving for and claiming in the liquidation of the *credit union*;
 - (f) the subordinated debt must not become due and payable before its stated final maturity date except on an event of default complying with (d);
 - (g) the terms of the subordinated debt must be set out in a written agreement or instrument that contains terms that provide for the above conditions;
 - (h) the debt must be unsecured and fully paid up.
- (5) Initial capital is a *credit union's* capital at the time it is given *Part IV permission to accept deposits*, but this does not apply in cases where the *credit union* is treated as having such a *permission on credit unions day*. Initial capital consists of a *credit union's* assets less its liabilities other than the liabilities set out in *CRED 8.2.1R(1)(a)-(c)*.

8.2.2 R Negative reserves and any interim net losses must be deducted from capital.

01.07.02/001

8.2.3 R The amount of any subordinated loan counting towards a *credit union's* regulatory capital must, over its final four years to maturity, be written down by 20% of the amount of the loan per year. (See Table 8.2.4R.)

01.07.02/001

8.2.4 R Table Writing down subordinated loans over final four years
This table belongs to *CRED 8.2.3R*

01.07.02/001

Years to maturity	Amount of loan counting towards capital
More than 4	100%
Less than and including 4 but more than 3	80%
Less than and including 3 but more than 2	60%
Less than and including 2 but more than 1	40%
Less than and including 1	20%

8.3 Version 1 credit unions

Requirement to maintain positive net worth

- 8.3.1** **R**
01.07.02/001 **A *version 1 credit union* must at all times maintain a positive amount of capital.**
- 8.3.2** **G**
01.07.02/001 *CRED 8.3.1R* means that the sum of the items set out at *CRED 8.2.1R(1)(a)-(c)* must produce a positive figure, so that a *credit union's* assets will at all times exceed its non-capital liabilities.
- 8.3.3** **G**
01.07.02/001 *CRED 8.3.1R* implements the principle that every pound saved by a depositor with a *credit union* should always be worth at least a pound.
- 8.3.4** **G**
01.07.02/001 *CRED 10.5.1R* and *CRED 10.5.2R* mean that bad and doubtful debts must be taken into account in establishing whether a *credit union* is maintaining a positive amount of capital.

Building reserves

- 8.3.5** **R**
01.07.02/001 **A *version 1 credit union* must establish and maintain a general reserve.**
- 8.3.6** **R**
01.07.02/001 **If, at the end of any year of account, the amount in its general reserve stands at less than 10% of its total assets, such a *credit union* must transfer to its general reserve at least 20% of its profits for that year (or such lesser sum as is required to bring the amount in its general reserve up to 10% of its total assets).**
- 8.3.7** **R**
01.07.02/001 **For the purposes of *CRED 8.3.5R* 'profits' means the profits resulting from the operations of a *credit union* in the year of account in question after deduction of all operating expenses (including payment of interest) and after making provision for the depreciation of assets, for tax liabilities and for bad and doubtful debts, but before the payment of any dividend.**
- 8.3.8** **R**
01.07.02/001 **A *credit union* may not transfer from its general reserve where its general reserve stands at less than 10% of its total assets.**

Minimum initial capital

8.3.9 R **A version 1 credit union must have initial capital of at least £1,000.**

01.07.02/001

8.3.10 G For the meaning of 'initial capital' see CRED 8.2.1R(5) above.

01.07.02/001

8.3.11 G For the relationship between registration and *authorisation* see CRED 13.2.1G. The purpose of CRED 8.3.9R is to establish for these *credit unions* a minimum amount of capital at *authorisation*, out of which early expenses may be defrayed. It should be noted that the requirement in CRED 8.3.9R does not affect a *credit union's* obligations to meet the other capital requirements that apply to it. The ability of a *credit union* to comply on a continuing basis with the other capital requirements that apply to it will be a central factor for consideration in any application for *authorisation*.

01.07.02/001

Capital requirement for version 1 credit unions wishing to lend amounts of more than £5,000 in excess of the borrowing member's shareholding.

8.3.12 R (1) **A version 1 credit union must not make a loan of an amount greater than £5,000 in excess of the borrowing member's shareholding unless it has a capital to total assets ratio of at least 5%.**

01.07.02/001

(2) **A credit union which is owed by a member a total amount greater than £5,000 in excess of that member's shareholding must maintain at all times, while such an amount is outstanding, a capital to total assets ratio of at least 5%.**

8.3.13 G CRED 10.5.1R and CRED 10.5.2R mean that bad and doubtful debts must be taken into account in establishing the capital to assets ratio.

01.07.02/001

Capital requirements for large version 1 credit unions

8.3.14 R **A version 1 credit union with total assets of more than £5 million or a total number of members of more than 5,000, or both, must maintain at all times a capital to total assets ratio of at least 5%.**

01.07.02/001

8.3.15 G CRED 10.5.1R and 10.5.2R mean that bad and doubtful debts must be taken into account in establishing the capital to assets ratio.

01.07.02/001

8.3.16 R (1) **A version 1 credit union with total assets of more than £10 million or a total number of members of more than 10,000, or both, must maintain at all times a risk-adjusted capital to total assets ratio of at least 8%.**

01.07.02/001

(2) **'Risk-adjusted capital' has the same meaning as in CRED 8.4.1R – CRED 8.4.2R (Risk-adjusted capital requirements for version 2 credit unions).**

8.4 Version 2 credit unions

8.4.1

R

01.07.02/001

(1) A *version 2 credit union* must maintain at all times a risk-adjusted capital to total assets ratio of at least 8% unless CRED 8.4.3R applies.

(2) Risk-adjusted capital is calculated as follows:

Capital + (provisions – balance of the net liability of borrowers where their loans are 12 *months* or more in arrears – 35% of the net liability of borrowers where their loans are 3-12 *months* in arrears).

8.4.2

R

01.07.02/001

In calculating risk-adjusted capital:

- (1) the maximum net figure for provisions (after deduction of the stipulated amounts for loans in arrears) that can be included is 1% of total assets;
- (2) 'provisions' includes specific provisions and general provisions; and
- (3) *mortgage* loans and provisions in respect of *mortgage* loans must not be included in calculating the loan balances to be deducted from, and the provisions to be added to, the amount of capital.

Minimum initial capital

8.4.3

R

01.07.02/001

A *version 2 credit union* must have initial capital of at least £5,000.

8.4.4

G

01.07.02/001

For the meaning of 'initial capital' see CRED 8.2.1R(5).

8.4.5

G

01.07.02/001

For the relationship between registration and *authorisation* see CRED 13.2.1G. The purpose of CRED 8.4.3R is to establish for these *credit unions* a minimum amount of capital at *authorisation*, out of which early expenses may be defrayed. It should be noted that the requirement in CRED 8.4.3R does not affect a *credit union's* obligations to meet the other capital requirements that apply to it. The ability of a *credit union* to comply on a continuing basis with the other capital requirements that apply to it will be a central factor for consideration in any application for *authorisation*.

Credit unions

Chapter 9

Liquidity

9

PAGE
1

9.1 Application, purpose and interpretation

9.1.1 **R**
01.07.02/001

This chapter applies to all *credit unions*.

9.1.2 **G**
01.07.02/001

This chapter amplifies *Principle 4* under which a *credit union* must maintain adequate financial resources and the *threshold condition* for *permission* that a *credit union's* resources must be adequate in relation to the *regulated activities* that it carries on.

9.1.3 **G**
01.07.02/001

A central feature of *credit union* business is maturity transformation. That is taking short term *deposits* (in the form of share accounts) from members and making comparatively long-term loans. It is important, in order to maintain confidence and protect members, that a *credit union* has adequate liquid assets (liquidity) to enable it to fulfil members' withdrawal requests within expected timeframes.

9.1.4 **G**
01.07.02/001

The liquid assets held by a *credit union* should be sufficient to meet its day-to-day business needs and to provide an appropriate cushion in the event of pressure arising from unexpected events.

9.1.5 **R**
01.07.02/001

'Unattached shareholding' means the amount by which the member's savings with the *credit union* exceeds the amount which, under the terms of section 7 of the Credit Unions Act 1979, he cannot withdraw at all or he cannot withdraw without first of all obtaining the permission of the committee of management of the *credit union*.

9.1.6 **G**
01.07.02/001

- (1) Under section 7 of the Credit Unions Act 1979, if a withdrawal of shares would reduce the member's savings with the *credit union* to less than his total liability (including contingent liability) to the *credit union* whether as borrower, guarantor or otherwise then:
 - (a) if there is a loan to the member which is treated as under section 11A of the Credit Unions Act 1979, the withdrawal is not permitted; and
 - (b) in any other case, the withdrawal is permitted only at the discretion of the committee of management of the *credit union*.
- (2) 'Unattached shareholding' is intended to refer to that portion of a member's savings the withdrawal of which is not restricted by section 7.

9.1.7 **R**
01.07.02/001

'Total relevant liabilities' means the sum of:

- (1) unattached shareholdings in the *credit union*; and
- (2) liabilities (other than liabilities for shares, and *deposits* held on trust for *persons* too young to be members of the *credit union*)

with an original or remaining maturity of less than three *months* (including overdrafts and instalments of loans).

9.2 General requirements

- 9.2.1** **R**
01.07.02/001 *A credit union must hold liquid assets of an amount and composition that is prudent and appropriate to the scale and nature of its business, having regard to material risks, including the risk of a sudden adverse cash flow, with a view to enabling it to meet its objective.*
- 9.2.2** **R**
01.07.02/001 *A credit union must establish, maintain and implement an up-to-date liquidity management policy statement approved by the committee of management and designed to ensure its compliance with CRED 9.2.1R.*
- 9.2.3** **R**
01.07.02/001 *A version 2 credit union must send to the FSA a copy of its liquidity management policy statement as soon as is reasonably practicable after approval by the committee of management.*
- 9.2.4** **G**
01.07.02/001 *The responsibility for ensuring that a credit union can meet its obligations as they fall due rests with the credit union's management.*
- 9.2.5** **G**
01.07.02/001 *A credit union should be able to satisfy the FSA on a continuing basis that it has a prudent liquidity management policy and adequate management systems in place to ensure that the policy is adhered to.*
- 9.2.6** **G**
01.07.02/001 *The liquidity management policy statement of a credit union should set out the credit union's objectives for liquidity, the limits within which liquidity should be maintained, and the types of liquid assets which the credit union should hold.*
- 9.2.7** **G**
01.07.02/001 *A credit union's committee of management should review and approve its liquidity management policy statement at least once a year, and more frequently if necessary, especially in light of significant changes in business.*
- 9.2.8** **G**
01.07.02/001 *Where a version 2 credit union has borrowed wholesale funds, the maturity of such funds and the risk of their not being able to be refinanced should be taken into account in the formulation of the credit union's liquidity management policy statement.*

9.3 Minimum liquidity requirements

- 9.3.1** G
01.07.02/001 The liquidity requirements set out in *CRED 9.3.2R – CRED 9.3.5R* are minimum requirements and are subject to the overarching requirement of *CRED 9.2.1R*.
- 9.3.2** R
01.07.02/001 A *credit union* must at all times hold liquid assets of a value equal to at least 5% of its total relevant liabilities.
- 9.3.3** R
01.07.02/001 A *version 1 credit union* must further hold enough liquid assets to ensure that on no two consecutive quarter ends is the level of the *credit union's* liquid assets below 10% of its total relevant liabilities.
- 9.3.4** R
01.07.02/001 Of the *deposits* held by a *credit union* on trust for *persons* too young to be members, the amount held as liquid assets must at all times be equal to at least 5%.
- 9.3.5** R
01.07.02/001 Of the *deposits* held by a *version 1 credit union* on trust for *persons* too young to be members, the amount held as liquid assets must not be below 10% on two consecutive quarter ends.
- 9.3.6** G
01.07.02/001 *CRED 9.3.4R – CRED 9.3.5R* reflect the fact that section 9(2) of the Credit Unions Act 1979 requires that *deposits* held on trust for *persons* too young to be members should be kept in a fund apart from the general funds of the *credit union* (see *CRED 7.3.2G*).
- 9.3.7** R
01.07.02/001 For the purposes of *CRED 9.3.2R – CRED 9.3.5R*, only those assets shall count as liquid which can be realised for cash at short notice, and within at most eight *days*.
- 9.3.8** R
01.07.02/001 For the purposes of calculating the ratio of a *credit union's* liquid assets to its total relevant liabilities (in *CRED 9.3.2R – CRED 9.3.5R*), assets shall be valued at the amount for which they could be realised within eight *days*.
- 9.3.9** E
01.07.02/001 (1) For the purposes of calculating the ratio of a *credit union's* liquid assets to its total relevant liabilities (in *CRED 9.3.2R – CRED 9.3.5R*), the *securities* referred to in *CRED 7.2.1R – CRED 7.2.3R* should be valued on the basis that they could be realised at par minus the following discounts (whether or not this is the case in fact):

 - (a) maturity less than 1 year – Zero;
 - (b) maturity 1 to 5 years – 5%.

(2) Compliance with CRED 9.3.9E(1) may be relied on as tending to indicate compliance with CRED 9.3.8R (the 8-day realisation-value rule).

9.3.10

01.07.02/001

An asset maturing on a non-business *day* should be regarded as maturing on the succeeding *business day*.

9.3.11

01.07.02/001

For the purposes of clarity, funds serving liquidity purposes may be invested in the manner set out in CRED 7.1.4R – CRED 7.1.9R provided that the resulting assets satisfy the relevant requirements of this chapter.

Credit unions

Chapter 10

Lending

10

PAGE
1

10.1 Application and purpose

10.1.1

R

This chapter applies to all *credit unions* carrying on lending activity.

01.07.02/001

10.1.2

G

This chapter seeks to protect the interests of *credit unions*' members in respect of loans to members. *Principle 4* requires *credit unions* to maintain adequate financial resources and Chapter 8 sets out the FSA's detailed capital adequacy requirements in respect of *credit unions*.

01.07.02/001

10.2 General requirements

- 10.2.1** **R** *A credit union must establish, maintain, and implement an up-to-date lending policy statement approved by the committee of management that is prudent and appropriate to the scale and nature of its business, having regard to the limits outlined in CRED 10.3 – CRED 10.4.*
01.07.02/001
- 10.2.2** **R** *A version 2 credit union must provide the FSA with a copy of its lending policy statement as soon as is reasonably practicable after approval by the committee of management.*
01.07.02/001
- 10.2.3** **G** *A principal purpose of credit unions' business is the accumulation of members' savings to provide a fund out of which loans are provided for the benefit of the members. Credit unions may often in practice have less scope to minimise credit risk through the exercise of discretion than some other lenders. It is therefore important that a credit union has a carefully considered and effective lending policy statement.*
01.07.02/001
- 10.2.4** **G** *CRED 4.3.7R requires a credit union to maintain a manual of its policies and procedures. This should include the policy and procedure for making loans.*
01.07.02/001
- 10.2.5** **G** *The credit union's committee of management should review and approve its lending policy at least once a year, and more frequently if necessary (for example if there is an escalating arrears problem), especially in the light of significant changes in business.*
01.07.02/001
- 10.2.6** **G** *The lending policy should consider the conditions for and amounts of loans to members, individual mandates, and the handling of loan applications.*
01.07.02/001
- 10.2.7** **G** *A credit union should have clear arrangements for dealing with loans to officers, staff and connected persons (for example, relatives and other close relationships) to prevent conflicts of interest.*
01.07.02/001
- 10.2.8** **G** *A credit union should have a documented arrears management policy, setting out the procedures and process for dealing with borrowers who fall into arrears. This should be reviewed regularly and promptly in the light of experience.*
01.07.02/001
- 10.2.9** **G** *A credit union should have a clear, robust and effective approach to handling arrears and be able to satisfy the FSA on a continuing basis that it has adequate management and control systems in place to monitor arrears.*
01.07.02/001
- 10.2.10** **G** *A credit union should ensure that loan assets are valued correctly in their accounts. A provisioning policy relating to problem loans and arrears cases should be clearly defined and documented covering the circumstances in which provisions are to be made.*
01.07.02/001

10.3 Lending limits

- 10.3.1** **R** *A version 1 credit union must not lend for a period of more than three years where unsecured and seven years where secured.*
01.07.02/001
- 10.3.2** **R** *A version 1 credit union must not lend more than £10,000 in excess of the borrowing member's shareholding. A credit union must maintain a capital to total assets ratio of at least 5% when making a loan to any member of an amount greater than £5,000 in excess of that member's shareholding.*
01.07.02/001
- 10.3.3** **R** *A version 2 credit union must not lend for a period of more than five years where unsecured and fifteen years where secured.*
01.07.02/001
- 10.3.4** **R** *The maximum amount that a version 2 credit union may lend is £10,000 in excess of the borrowing member's shareholding or 1.5% of total shares in the credit union in excess of the borrowing member's shareholding, whichever is the greater.*
01.07.02/001
- 10.3.5** **G** *The lending limit requirements set out above are maxima. A credit union should have adequate systems for recording and controlling all potential exposures. The capital requirements for version 1 credit unions and version 2 credit unions in respect of lending are set out in CRED 8.3 – CRED 8.4, including the FSA's requirements in respect of calculating risk-adjusted capital.*
01.07.02/001

10.4 Large exposures

- 10.4.1** **R** For the purposes of this section, a large *exposure* is defined as an individual net liability to the *credit union* which meets both of the following criteria:
01.07.02/001
- (1) it is at least £5000;
 - (2) it is at least 10% of the value of the *credit union's* total capital.
- 10.4.2** **R** An individual large *exposure* must not exceed 25% of the *credit union's* capital. In no circumstances may the aggregate total of all large *exposures* exceed 500% of the *credit union's* capital.
01.07.02/001
- 10.4.3** **R** The aggregate total of all large *exposures* must not exceed 300% of capital without a *credit union* pre-notifying the *FSA*.
01.07.02/001
- 10.4.4** **G** For the purposes of large *exposures* the maximum net liability of a *credit union* with assets of £500,000 and 8% capital would be £10,000 subject to *CRED* 10.4.2R and *CRED* 10.3.4R.
01.07.02/001
- 10.4.5** **G** For a *credit union* with assets of £1million and 10% capital the maximum net liability would be £25,000.
01.07.02/001
- 10.4.6** **G** Excessive *exposure* (large loans to an individual borrower and in aggregate) by a *credit union* can create a concentration of risk on the balance sheet and increase a *credit union's* vulnerability to bad debt. This can lead to a strain on capital and solvency. While this risk cannot be eliminated, it can be contained by limits and controlling the extent to which *credit unions* commit themselves to large *exposures*. Therefore the large *exposure* limits set the maximum sum that may be loaned to any one member as a percentage of reserves to prevent concentration. All *credit unions* should set and document their own large *exposure* policy limits to avoid concentration of risk. It is the committee of management's responsibility to monitor large *exposures*. The policy should be reviewed on an annual basis (or more frequently where required).
01.07.02/001

10.5 Provisioning

- 10.5.1**  **A *credit union* must make adequate provision for bad and doubtful debt.**
01.07.02/001
- 10.5.2**  **A *credit union* should make specific provision in its accounts for bad and doubtful debts of at least the amounts set out below:**
01.07.02/001
- (1) 35% of the net liability to the *credit union* of borrowers where the amount is more than three *months* in arrears; and
 - (2) 100% of the net liability to the *credit union* of borrowers where the amount is more than 12 *months* in arrears.
- 10.5.3**  (1) A *credit union* should maintain a general provision for bad and doubtful debts of at least 2% of its other loan assets.
01.07.02/001
- (2) Contravention of CRED 10.5.3E(1) may be relied on as tending to establish contravention of CRED 10.5.1R.
- 10.5.4**  In order to comply with the requirements of CRED 10.5.1R – CRED 10.5.3E it follows that it will be necessary for a *credit union* to review its provisioning requirements frequently (that is, at least *monthly*).
01.07.02/001
- 10.5.5**  A *credit union* should make it its business to know its *customers* and, in conjunction with its auditor, make a judgement on the degree of risk of non-payment attached to loans that are in arrears. Provisioning should reflect that judgement.
01.07.02/001

Chapter 11

Conduct of Business

11.1 Introduction

- 11.1.1**  The Conduct of Business sourcebook (*COB*) sets out *rules* and *guidance* for *firms* on how they should conduct their business with their *customers*.
01.07.02/001
- 11.1.2**  The *rules* and *guidance* set out in *COB* mainly apply to *designated investment businesses* and, as stated in *COB* 1.3.2G(2), have limited application to *deposits*.
01.07.02/001

11.2 Financial promotion

11.2.1  The only part of COB that sets out *rules and guidance* on *deposits* other than a *cash deposit ISA* is that relating to *financial promotion* in COB 3. *Financial promotion* is defined as an invitation or inducement to *engage in investment activity*.

01.07.02/001

11.2.2  *Financial promotions* can be *real time* or non-real time. A *real time financial promotion* is *communicated* in the course of a personal visit, telephone conversation or interactive dialogue. A non-real time *financial promotion* is not a *real time financial promotion*. It includes a *financial promotion* made by letter, e-mail or contained in a newspaper, journal, magazine, other periodical publication, website, television or radio programme or teletext service.

01.07.02/001

11.2.3  Where a *financial promotion* relates to a *deposit* (other than a *cash deposit ISA*) only certain parts of COB 3 apply. These are COB 3.1 – COB 3.5 and COB 3.8.4R to COB 3.8.6G and COB 3.14.

01.07.02/001

11.2.4  In addition to the limited application of COB 3, a number of exemptions from the *rules and guidance* on *financial promotions* are listed in COB 3.2.5R. Some exemptions are particularly relevant to *credit unions* namely exemptions (2), (4) and (5):

01.07.02/001

- (1) Exemption (2): A *financial promotion* which can lawfully be *communicated* by an unauthorised communicator without approval.
- (2) Exemption (4): A "one off" non-real time *financial promotion* or a "one off" solicited *real time financial promotion*. If the conditions set out in (a) to (c) are satisfied, a *financial promotion* is to be regarded as "one off"; if not, the fact that any one or more of these conditions is met is to be taken into account in determining if a *financial promotion* is "one off", but a *financial promotion* may be regarded as "one off" even if none of the conditions are met; the conditions are that:
 - (a) the *financial promotion* is *communicated* only to one recipient or only to one group of recipients in the expectation that they would engage in any *investment* activity jointly;
 - (b) the identity of the product or service to which the *financial promotion* relates has been determined having regard to the particular circumstances of the recipient;
 - (c) the *financial promotion* is not part of an organised marketing campaign.
- (3) Exemption (5): A *financial promotion* which contains only one or more of the following:
 - (a) the name of the *firm*;

- (b) the name of an *investment*;
- (c) a contact point (address including an e-mail address, telephone or facsimile number);
- (d) a logo;
- (e) a brief, factual description of the *firm's* activities;
- (f) a brief, factual description of the *firm's* fees;
- (g) a brief, factual description of the *firm's investment* products;
- (h) the price or yield of *investments* and the charges.

11.2.5

01.07.02/001

Despite the limited application of COB to *deposits* and the exemptions mentioned in CRED 11.2.4G, COB 3.2.8G(1) reminds *firms* that *financial promotions* (including those which are exempt) may be subject to more general *rules* including Principle 7 (*Communications with clients*) SYSC 3 (Systems and controls) and COB 2.1.3G (Clear, fair and not misleading *communication*)).

11.2.6

01.07.02/001

The requirement on a *firm* under COB 3.8.4R(1) is that it should be able to show that it has taken reasonable steps to ensure that a non-real time *financial promotion* is clear, fair and not misleading. This is supported by an *evidential provision* (COB 3.8.5E):

- (1) A *firm* should take reasonable steps to ensure that, for a non-real time *financial promotion*:
 - (a) its promotional purpose is not in any way disguised or misrepresented;
 - (b) any statement of fact, promise or prediction is clear, fair and not misleading and discloses any relevant assumptions;
 - (c) any statement of opinion is honestly held and, unless consent is impracticable, given with the consent of the *person* concerned;
 - (d) the facts on which any comparison or contrast is made are verified, or, alternatively, that relevant assumptions are disclosed and that the comparison or contrast is presented in a fair and balanced way, which is not misleading and includes all factors which are relevant to the comparison or contrast;
 - (e) it does not contain any false indications, in particular as to:
 - (i) the *firm's* independence; or
 - (ii) the *firm's* resources and scale of activities; or
 - (iii) the scarcity of any *investment* of service;
 - (f) the design, content or format does not disguise, obscure or diminish the significance of any statement, warning or other matter which the *financial promotion* is required by this chapter to contain;
 - (g) it does not include any reference to approval by the FSA or any government body, unless such approval has been obtained in writing from the FSA or that body (see also GEN 1.2 (Referring to approval by the FSA));

- (h) it does not omit any matters the omission of which causes the *financial promotion* not to be clear, fair and not misleading; and
 - (i) the accuracy of all material statements of fact in it can be substantiated.
- (2) (a) Compliance with COB 3.8.5(1) may be relied on as tending to show compliance with COB 3.8.4(1).
- (b) Contravention of COB 3.8.5(1) may be relied on as tending to show contravention of COB 3.8.4(1).

Chapter 12

Money laundering

12.1 Introduction

What is Money laundering?

12.1.1

01.07.02/001

Money laundering is the process by which *persons* attempt to conceal the true origin and ownership of the proceeds of criminal activity. Anyone successfully ‘laundering’ these proceeds will ultimately be able to provide an apparently legitimate cover for their source of income. There are many ways that *money laundering* might occur in a *credit union*, for example where members offer large lump-sum payments which are not part of their normal payment pattern or they may make numerous small payments for shares so that the total of each *deposit* is unremarkable, but the total of all the credits is significant. Reluctance to provide normal information when opening an account (even when taking account of the financially disadvantaged nature of some potential *credit union* members) should alert staff to a potential *money laundering* situation.

12.2 Money laundering and the FSA

- 12.2.1**  The *Act* gives the *FSA* a 'reduction of *financial crime*' objective and explicit powers in relation to *money laundering* for the first time. These are the power to prosecute for breaches of the *Money Laundering Regulations* and the power to make and enforce regulatory *rules* on *money laundering*.
01.07.02/001
- 12.2.2**  The *Money Laundering* sourcebook (*ML*) *rules* and *guidance* apply to *credit unions* unless the text makes clear that they do not (for example, *ML8* on *sole traders* and *professional firms*).
01.07.02/001
- 12.2.3**  This chapter of *CRED* offers some short additional *guidance* to *credit unions* to help them understand what *ML* expects of them in relation to some specific aspects of *ML*, namely:
- (1) identification of the *client* (*ML3*);
 - (2) external reporting (*ML4*);
 - (3) using national and international findings and material deficiencies (*ML5*); and
 - (4) compliance monitoring and record keeping (*ML7*).
- 12.2.4**  This additional *guidance* is not a substitute for, and should be read in conjunction with, the requirements contained in the relevant parts of *ML*.
01.07.02/001

12.3 Identification of the client

12.3.1

01.07.02/001

ML 3.1.1G - ML 3.1.9R establish a duty on *relevant firms* to carry out the identification of *clients*. *ML 3.1.3R* makes clear that *relevant firms* must not, in general, carry out *relevant regulated activities*, or agree to do so, for a *client* or potential *client* unless the *firm* has taken reasonable steps to check that *client's* identity. That requirement applies to any *person* engaged in, or who has had contact with the *firm* with a view to engaging in, any *transaction* with that *firm*:

- (1) on his own behalf; or
- (2) as agent for or on behalf of another.

In the case of (2), the *firm* has to enquire into the identity of both *persons*, unless an exception enables it to focus solely on the *person* it is actually in contact with.

12.3.2

01.07.02/001

In the *credit union* context, in order to ensure that the *person* is who they say they are, the following information should be obtained:

- (1) a true name and name used;
- (2) correct permanent address, including postal code; and
- (3) date of birth.

12.3.3

01.07.02/001

Ideally, the true name or names used should be verified by reference to a *document* obtained from a reputable source which bears a photograph. There is obviously a wide range of other *documents* that members might produce as evidence of their identity. It is for each *credit union* to decide the appropriateness of such *documents* in the light of other security procedures operated when an account is opened.

12.3.4

01.07.02/001

In addition to the name verification, it is important that the current permanent address should also be verified. Some means of verifying address are:

- (1) checking the voters' roll; or
- (2) making a credit reference agency search; or
- (3) requesting sight of a recent utility bill, local authority tax bill, *bank* or *building society* statement (originals); or
- (4) checking a local telephone directory (not as a primary check).

12.3.5

01.07.02/001

ML 3.1.5G - ML 3.1.7G recognise that there will be exceptional circumstances when the potential member is unable to produce the normal *documents* to confirm their identity. In these circumstances a *credit union* can accept a letter from *persons* in a position of responsibility such as teachers, social workers, doctors, ministers of religion, hostel managers and solicitors as evidence of identity. The *credit union*

still has the responsibility to satisfy itself that the *person* applying for membership is who they say they are (*ML 3.1.3R*).

12.3.6

01.07.02/001

ML 3.2 sets out a number of exceptions to the requirement upon *firms* to establish the identity of the *client*. These exceptions apply in principle to *credit unions*, but the only one which is likely to be relevant to the *credit union* context is that described in *ML 3.2.4R*. That *rule* establishes that the identification requirements need not apply if the source of funding of a *transaction* is an account held by a *client* with a *firm* which itself is subject to the requirements laid down in *ML*. In the *credit union* context this, for example, would mean that funds arriving in a member's account which originated from an account held with a *bank* or *building society* need not be subject to the *customer* identification requirements set out in *ML 3.1.3R*. However, none of these exceptions applies if the *firm* knows or suspects that the *client* is engaged in *money laundering*.

12.4 External Reporting

12.4.1

G
01.07.02/001

Firms should take reasonable steps to ensure that any report of *money laundering* reported to the *MLRO* is swiftly consulted. Having consulted the information available, if the *MLRO* suspects a *person* has been engaged in *money laundering*, he should report promptly to the National Criminal Intelligence Service (*NCIS*).

12.4.2

G
01.07.02/001

In the *credit union* context the committee of management may consider it appropriate to have a standing item covering *money laundering* on the agenda of their monthly meeting to ensure procedures are regularly reviewed.

12.5 Government and Financial Action Task Force findings

12.5.1

01.07.02/001

ML 5.1.2R requires *firms* to take reasonable steps to ensure that they obtain and make proper use of any government or *Financial Action Task Force* findings. This information will be published on the *FSA* website. *Firms* are required to access this information.

12.5.2

01.07.02/001

It is acknowledged that many *credit unions* do not have direct access to the Internet. Where this is the case, they will need to make arrangements for a volunteer to access the website on a regular basis, as a minimum every six *months*. Many *credit unions* will have members who are foreign nationals or have overseas links. For those *credit unions* it is important that they keep abreast of the *Financial Action Task Force* findings of inadequacy concerning the approach to *money laundering* of individual countries or jurisdictions so that these can be taken into account in their decisions and arrangements.

12.6 Compliance Monitoring

12.6.1

G

01.07.02/001

ML 7.2.2E sets out that, in accordance with SYSC 3.2.6R, *firms* should take reasonable care to establish and maintain appropriate systems and controls. In the context of the *financial crime* objective, this should include requirements for, at least, annually:

- (1) a report from the *MLRO*;
- (2) a review of the *firm's* compliance with *ML*;
- (3) assessing the impact of any new findings under *ML 5*;
- (4) a review of the number of *money laundering* reports made by staff.

In the case of *credit unions*, the committee of management should consider the *MLRO's* report and take any action necessary to remedy deficiencies identified.

12.7 Record keeping

12.7.1

01.07.02/001

ML 7.3.2R requires *firms* to make and keep for specified periods records in relation to evidence of identity; records of *transactions* with *clients*; records of internal and external reports made; and records of suspicions of any *money laundering* not reported to *NCIS*. In the *credit union* context, it is important to note that *ML 7.3.2R* requires a *credit union* which has concluded that a member is financially excluded (under *ML 3.1.5G – ML 3.1.7G*) to make and keep a record of the reasons for doing so.

Chapter 13

Registration and Authorisation

13.1 Application and purpose

13.1.1

01.07.02/001

This chapter applies to:

- (1) a *person* applying, or considering applying, to the FSA to become a *registered only credit union*;
- (2) a *person* applying, or considering applying, to the FSA to become *authorised as a credit union* with a *Part IV permission* to accept deposits; and
- (3) a *candidate*, but only as a matter of general relevance.

13.1.2

01.07.02/001

This chapter gives *guidance* about:

- (1) what it means to become a *registered only credit union* and a *credit union* with a *Part IV permission* to accept deposits;
- (2) the application procedures for *persons* wishing to become a *registered only credit union* and a *credit union*;
- (3) the procedures by which an applicant can obtain approval for *persons* to perform *controlled functions* under the *approved persons* regime; and
- (4) the FSA's decision making procedures for *Part IV permission* and *approved persons* applications.

13.2 Introduction

- 13.2.1**  01.07.02/001 Registration and becoming *authorised* as a *credit union* are two distinct statutory processes. The Credit Unions Act 1979 sets out the statutory requirements for registration and the *Act* sets out the statutory requirements relating to *authorisation*. The *FSA* would normally expect these two processes to be undertaken simultaneously as part of a single combined application. However where appropriate, the *FSA* is willing to consider granting registration before making a decision about *authorisation* where the applicant would find this helpful. Where the *FSA* grants registration before making a decision about *authorisation*, there can be no assumption on the part of applicants that the *FSA* will grant a *Part IV permission*.
- 13.2.2**  01.07.02/001 The *Authorisation* manual (*AUTH*) explains in full the circumstances in which *authorisation* is required, the *authorisation* process and the *FSA*'s powers in relation to *authorisation*.
- 13.2.3**  01.07.02/001 An applicant for a *Part IV permission* must apply in writing in the manner directed, and with the information required, in the application pack provided by the *FSA*.
- 13.2.4**  01.07.02/001 The application pack, which is modular, contains some general forms applicable to all applicants and some specific to *credit union* applicants. The application pack also contains a set of explanatory notes about the information required and on how to complete the forms.
- 13.2.5**  01.07.02/001 Applications should be accompanied by the relevant application fees set by the *FSA* for registration and *authorisation* (see *Schedule 3*).
- 13.2.6**  01.07.02/001 The *FSA* is committed to an interactive application process. Applicants are encouraged to contact the *FSA*'s Credit Union team at an early stage to discuss their plans and proposed application. In any event, applicants are expected to discuss their plans with the *FSA*'s Credit Union team before making a formal application. In some circumstances, it may be appropriate for the *FSA* to hold a pre-application meeting with an applicant.
- 13.2.7**  01.07.02/001 (1) The application pack and accompanying explanatory notes are available on www.fsa.gov.uk or from the Corporate Authorisation department of the *FSA*. To contact the Corporate Authorisation department:
- (a) telephone on 020 7676 1000; or
 - (b) write to the Corporate Authorisation department at The Financial Services Authority, 25 The North Colonnade, Canary Wharf, London E14 5HS; or
 - (c) email corporate.authorisation@fsa.gov.uk.

- (2) Copies of all current *guidance* are available from the *FSA* website www.fsa.gov.uk or through the *FSA*'s Publication Enquiries department on 020 7676 3298. The *FSA* will review its *guidance* from time to time and may need to amend or withdraw published or written *guidance* in the light of changing circumstances, developing business practices or case law.

13.3 What does registration mean?

13.3.1

01.07.02/001

The registration process leads to the formation of a *registered only credit union*, as an *industrial and provident society*, under the Credit Unions Act 1979. On registration, it becomes a *body corporate* with limited liability.

13.3.2

01.07.02/001

Registration does not allow a *registered only credit union* to undertake *deposit-taking* activities. Whether or not *accepting deposits* is a *regulated activity* under the *Act* depends on the use to which the *money* is put. The activity is caught if *money* received by way of *deposit* is lent to others or if any other activity of the *person* accepting the *deposit* is financed wholly (or to a material extent) out of the capital, or interest on, *money* received by way of *deposit*.

13.3.3

01.07.02/001

Where the *FSA* has granted registration before making a decision about *authorisation*, the *registered only credit union* must become *authorised* under the *Act* (see *CRED 13.5 – CRED 13.8*) before it can undertake the activity of *accepting deposits*.

13.4 Process for registration

13.4.1

01.07.02/001

For registration, applicants must demonstrate to the satisfaction of the *FSA* that the statutory conditions set out in section 1 of the Credit Unions Act 1979 will be fulfilled. *CRED 13 Annex 1* contains a table listing these statutory conditions. The application pack contains the relevant forms for registration and explanatory notes on how to complete the forms.

13.4.2

01.07.02/001

Where the *FSA* has agreed to consider granting an application for registration before making a decision about an application for a *Part IV permission*:

- (1) it will look to make its determination within three *months* of receipt of the application. Where information or *documents* required to be submitted as part of the application are not provided, or the *FSA* requires additional information, it may take longer to complete this process;
- (2) it may want to meet with the applicant as part of the registration process although, normally, it would not expect to do so;
- (3) the applicant may withdraw its application for registration (and *Part IV permission*) at any time before the application for registration is granted or refused, by giving written notice to the *FSA*.

13.5 What does authorisation involve?

- 13.5.1** G
01.07.02/001
- An applicant seeking to carry on the activity of *accepting deposits* (a *regulated activity*) must seek *authorisation* by way of a *Part IV permission* (so called because the relevant provisions are contained in Part IV of the *Act*). For the purposes of the legislation, members' shares in a *credit union* are considered to be *deposits* (in the same way that shares in a *building society* are considered to be *deposits*).
- 13.5.2** G
01.07.02/001
- Whilst there is a single *deposit-taking permission*, *applicants* will need to decide whether to apply to be a *version 1 credit union* or a *version 2 credit union*.
- 13.5.3** G
01.07.02/001
- An applicant for *Part IV permission* must also obtain approval by the FSA of *persons* who perform one or more *controlled functions*. The *approved persons* regime and *controlled functions*, as they apply to *credit unions*, are explained in CRED 6.
- 13.5.4** G
01.07.02/001
- The FSA's *Authorisation* manual (*AUTH*) explains in full the circumstances in which *authorisation* is required, the *authorisation* process and the FSA's powers in relation to *authorisation*. The key chapters of *AUTH* for a *person* applying, or considering applying, to the FSA to become a *credit union* with a *Part IV permission to accept deposits* are:
- (1) *AUTH 3: Applications for Part IV permission;*
 - (2) *AUTH 4: Authorisation fees;*
 - (3) *AUTH 6: Approved persons;* and
 - (4) *AUTH 8: Determining applications.*

13.6 Process for Part IV permission

13.6.1

01.07.02/001

The nature of the information and *documents* requested by the *FSA* for a *Part IV permission*, in the application pack, or in subsequent requests, will be proportional to the risks posed by *firms*. For instance, in the case of *credit unions*, the risks posed by an applicant seeking *permission* to carry out the activities of a *version 2 credit union* will normally be greater than those of an applicant seeking to become a *version 1 credit union*.

13.6.2

01.07.02/001

The *FSA* will typically require the following information from all applicants as a minimum:

- (1) a business plan which describes the *regulated activities* and any unregulated activities which the applicant proposes to carry on, the management and organisational structure of the applicant and details of any proposed outsourcing arrangements;
- (2) appropriately analysed financial budget and projections which demonstrate that the applicant expects to comply with the relevant financial resources requirements applicable to *credit unions* (see *CRED 5.2.1G(4)*, *CRED 8* and *CRED 9*);
- (3) details of the systems to be used, and the controls to be put in place, for the running of the *credit union* (see *CRED 4.3*);
- (4) details of the individuals to be involved in the running of the *credit union*, particularly those performing one or more *controlled functions* for whom *approved persons* status will be required (see *CRED 6.3*); and
- (5) a statement from two *directors* of the applicant's committee of management confirming, to the best of their knowledge, the completeness and accuracy of the information supplied.

13.6.3

01.07.02/001

The *FSA* will begin its formal process of consideration once it has received an application made using the application pack. During this process, the *FSA* may consider it appropriate to ask for additional information, undertake additional lines of enquiry or seek verification from third parties of the information provided to it by the applicant. The *FSA* will normally want to meet with the applicant's management team, in their own area, to discuss their application. As part of its assessment, the *FSA* will consider whether the applicant is ready, willing and organised to comply with the regulatory requirements to which it will be subject if it is granted *Part IV permission* to carry on the *regulated activities* referred to in its application.

13.6.4

01.07.02/001

As part of its application for *Part IV permission*, an applicant may wish to apply for certain *limitations* or *requirements* (see *AUTH 3.6*, *AUTH 3.7* and the application pack). Applicants applying to be a *version 1 credit union* will need to apply for the

appropriate *requirement* to define the scope of its *Part IV permission* (details of which are given in the application pack).

13.6.5

01.07.02/001

The FSA may decide to grant an application for *Part IV permission* subject to *limitations* or *requirements*. For example, the FSA:

- (1) can impose *limitations*, for example, to limit the number of *customers* from whom the *credit union* can *accept deposits* during an initial period of operation; this might be used where, for example, a *credit union's* systems are not yet adequate to be able to process a high volume of transactions; and
- (2) the FSA can impose *requirements*, for example, to restrict the scope of a *credit union's Part IV permission* to carry on *regulated activities* or require a *credit union* to submit financial returns more frequently than normal (see AUTH 3.7).

13.6.6

01.07.02/001

Where the FSA decides to impose *limitations* or *requirements* not requested by the applicant, these will be discussed with the applicant, and the applicant will be informed in writing and given the opportunity to make representations before the FSA reaches a final decision.

13.6.7

01.07.02/001

An applicant which has been granted a *Part IV permission* by the FSA is *authorised*. The FSA will inform the *applicant*, in writing, of the effective date of the *authorisation*. A *credit union* should not commence its *regulated activities* before receiving this written notice. When a *credit union* is *authorised*, a general description of the activities it has been *authorised* to carry on will be recorded in the *FSA Register* which will be accessible by the public.

13.6.8

01.07.02/001

If a *Part IV permission* is given, the FSA will expect the *credit union* to operate in accordance with its business plan. *Credit unions* are advised to discuss any problems with commencing a *regulated activity* with their usual supervisory contact at the FSA. If the FSA consider it appropriate to vary or cancel a *credit union's Part IV permission* (see ENF 3 and ENF 5), it will discuss the proposed action with the *credit union* and ascertain its reasons for not commencing or carrying out the *regulated activity*, or activities, concerned as described in its application.

13.6.9

01.07.02/001

The FSA has six *months* from the date of receipt of a completed application to make its determination about whether to grant a *Part IV permission*. However, where the FSA receives an application in respect of a *Part IV permission* which is incomplete, it has up to 12 *months* to make its determination. This provides time for the applicant to provide the FSA with the information required to complete the application.

13.7 Applying for approved persons status

- 13.7.1** **G**
01.07.02/001 The *approved persons* regime and the *controlled functions* that apply to *credit unions* with a *Part IV permission to accept deposits* are explained in more detail in *CRED 6.3*.
- 13.7.2** **G**
01.07.02/001 An applicant for *Part IV permission* must take reasonable care that it has applied in respect of all *persons* who will be performing *controlled functions* for approval by the *FSA*. A *person* cannot commence performing a *controlled function* until it has been approved by the *FSA*. Applicants planning to outsource the performance of one or more *controlled functions* should discuss the *approved persons requirements* with their usual supervisory contact at the *FSA*.
- 13.7.3** **D**
01.07.02/001 An applicant for *Part IV Permission* must complete Form A (included as part of the *FSA's* application pack) when applying for approval of a *person* to perform a *controlled function*.
- 13.7.4** **G**
01.07.02/001 The *FSA's* application pack includes explanatory notes on how to complete the *approved persons* forms.
- 13.7.5** **G**
01.07.02/001 The *FSA* has to process complete *approved person* applications within three *months* of receipt, but it will aim to come to a decision more quickly than this whenever circumstances allow. Where the *FSA* has to request additional information, the elapsed time from receipt of the application to determination may be more than three *months* to make a determination about the application.
- 13.7.6** **G**
01.07.02/001 The *FSA* may grant an application only if it is satisfied that the *candidate* is a fit and proper *person* to perform the *controlled function* stated in the application form. The criteria used by the *FSA* in making this judgement are covered in *CRED 6.4*. Responsibility lies with the applicant to satisfy the *FSA* that the *candidate* is fit and proper to perform any *controlled function* applied for.
- 13.7.7** **D**
01.07.02/001 Until an application for approval has been determined by the *FSA*, the applicant must inform the *FSA* of any significant change to the information given in Form A immediately.
- 13.7.8** **G**
01.07.02/001 An application for approval can be withdrawn by the applicant at any time by notifying the *FSA*, using Form B. The applicant must have the consent of the *candidate* before withdrawing an application for approval.

13.8 The FSA's decision making procedures

13.8.1  01.07.02/001

The FSA's decision making procedures in relation to *authorisations* under the *Act* (that is, *Part IV permissions* or approval of a *person*) are set out in *AUTH 8*. The FSA will, to the extent appropriate, apply similar procedures to the registration process.

13.8.2  01.07.02/001

Decisions which fall within the scope of *CRED 13* are taken either by the FSA's *Regulatory Decisions Committee (RDC)* or by internal staff procedures within the FSA by the FSA's staff at an appropriate level of seniority.

13.8.3  01.07.02/001

Where FSA staff recommend:

- (1) the refusal, or proposed refusal, of:
 - (a) an application for *Part IV permission*; or
 - (b) an application for approval under the *approved persons* regime; and
- (2) the granting or proposed granting of an application for *Part IV permission* subject to a *limitation* or *requirement* which was not applied for by the applicant;

the decision has to be referred to the *RDC*. The status, composition and operating procedures of the *RDC* are explained in *AUTH 8.2* and *DEC 4*.

13.8.4  01.07.02/001

Where an applicant's case has been referred to the *RDC*, and the *RDC* decide to give a *warning notice* to the applicant, or in the case of applications for approval under the *approved persons* regime, to all *interested parties*, the applicant can make written and oral representations to the *RDC*. Where the *RDC* decides not to grant an application, the FSA will inform the applicant or, in the case of applications for the approval of individuals under the *approved persons* regimes, all *interested parties* in writing. There is scope, in such circumstances, for the applicant to refer the FSA's decision to the *Tribunal* before a final decision is made about a case. The status and procedures for referring cases to the *Tribunal* are explained in *AUTH 8.3* and *DEC 5*.

13.8.5  01.07.02/001

Decisions which may be taken by internal staff procedures include:

- (1) decisions to grant an application for *Part IV permission* on the terms applied for; and
- (2) decisions to grant an application for approval under the *approved persons* regime.

13.8.6  01.07.02/001

The FSA's internal staff procedures are intended to ensure that decisions will, so far as possible, be taken by FSA staff with a good knowledge and understanding of the application concerned, the relevant risks to the FSA's *regulatory objectives* and

other relevant factors in the general context of the application. These internal staff procedures are also designed to ensure that decisions made are subject to appropriate individual oversight.

Annex 1: Requirements of Registration

1 Table The requirements of registration under the Industrial and Provident Societies Act 1965, as set out in the Credit Unions Act 1979 and referred to in CRED 13.4.1G.

REQUIREMENT	SECTION OF THE RELEVANT ACTS
That the purposes of the society are those, and only those, of a credit union.	Credit Unions Act 1979, s.1(2)(a)
the promotion of thrift among the members of the society by the accumulation of their savings	Credit Unions Act 1979, s.1(3)
the creation of sources of <i>credit</i> for the benefit of the members of the society at a fair and reasonable rate of interest	Credit Unions Act 1979, s.1(3)
the use and control of the members' savings for their mutual benefit	Credit Unions Act 1979, s.1(3)
the training and education of the members in the wise use of <i>money</i> and in the management of their financial affairs	Credit Unions Act 1979, s.1(3)
That admission to membership of the society is restricted to individuals all of whom fulfil a specific qualification which is appropriate to a credit union (the 'common bond' between members).	Credit Unions Act 1979, s.1(2)(b)
following a particular occupation	Credit Unions Act 1979, s.1(4)
residing in a particular locality	Credit Unions Act 1979, s.1(4)
being employed in a particular locality	Credit Unions Act 1979, s.1(4)
being employed by a particular employer	Credit Unions Act 1979, s.1(4)
being a member of a bona fide organisation or being otherwise associated with other members of the society for a purpose other than that of forming a society to be registered as a credit union	Credit Unions Act 1979, s.1(4)
residing in or being employed in a particular locality	Credit Unions Act 1979, s.1(4)
being currently in receipt of a continuing and regular contractual payment arising from employment by a particular employer	Credit Unions Act 1979, s.1(4)
being currently in receipt of a continuing and regular contractual payment arising from employment by particular employers in a particular area	Credit Unions Act 1979, s.1(4)

<p>being currently in receipt of a continuing and regular payment arising from participation in the provision of a public service of a particular nature, or of particular services associated with such participation</p>	Credit Unions Act 1979, s.1(4)
<p>residing in a particular locality, or being a member of a bona fide organisation or group of organisations (or otherwise having a continuing and active association with one or more of such organisations) existing within that locality for a purpose other than that of forming a society to be registered as a credit union</p>	Credit Unions Act 1979, s.1(4)
<p>any other qualifications as approved by the <i>FSA</i></p>	Credit Unions Act 1979, s.1(4)
<p>That the rules of the credit union are in a form as agreed by the <i>FSA</i> and provide for all matters required by the legislation.</p>	Credit Unions Act 1979, s.4(1) and Schedule 1
<p>That the registered office of the credit union is in Great Britain.</p>	Credit Unions Act 1979, s.1(1)(c)
<p>That a suitable name is chosen for the credit union.</p>	Credit Unions Act 1979, s.3
<p>for credit unions with their registered office in England or Scotland their name must always include the words 'Credit Union' and have 'Limited' as the last word in the name</p>	Credit Unions Act 1979, s.3(1) and 3(4)
<p>for credit unions with their registered office in Wales their name may use 'undeb credyd' instead of 'Credit union' and 'cyfyngedig' instead of 'Limited'</p>	The Welsh Language Act 1993, s.28 and 29
<p>That the credit union has at least 21 members.</p>	Credit Unions Act 1979, s.6(1)
<p>only individuals can be members of a credit union</p>	Credit Unions Act 1979, s.5(1)
<p>an individual is not a member of a credit union unless he holds at least one fully paid-up share in that credit union</p>	Credit Unions Act 1979, s.1(6)
<p>That on registration there will be in force, in relation to the credit union, a policy of insurance against fraud.</p>	Credit Unions Act 1979, s.15

Credit unions

Chapter 14

Supervision

PAGE
1

14

14.1 The FSA’s approach to supervision

Application and purpose

- 14.1.1** G This section and *SUP 1* apply to all *credit unions*.
- 01.07.02/001
14.1.2 G This section is a summary of *SUP 1*.
- 01.07.02/001
14.1.3 G The *Act* requires the *FSA* to ”maintain arrangements designed to enable it to determine whether *persons* on whom requirements are imposed by or under this *Act* are complying with them” (paragraph 6(1) of Schedule 1 to the *Act*).
- 01.07.02/001
14.1.4 G The design of these arrangements is shaped by the *regulatory objectives*. These are set out in section 2 of the *Act* (The Authority’s general duties) and are:

 - (1) maintaining confidence in the *financial system*;
 - (2) promoting public understanding of the *financial system*;
 - (3) securing the appropriate degree of protection for *consumers*; and
 - (4) reducing the extent to which it is possible for a business to be used for a purpose connected with *financial crime*.
- 01.07.02/001
14.1.5 G In designing its approach to supervision, the *FSA* has had regard to the principles of good regulation set out in section 2(3) of the *Act*. In particular, the *FSA*’s regulatory approach aims to focus and reinforce the responsibility of the management of each *credit union* to ensure that it takes reasonable care to organise and control the affairs of the *credit union* responsibly and effectively, and develops and maintains adequate risk management systems. It is the responsibility of management to ensure that the *credit union* acts in compliance with its regulatory requirements. The *FSA* will have regard to the principle that a burden or restriction should be proportionate to the benefits which are expected to result from it.

The FSA’s risk based approach to supervision

- 14.1.6** G The purpose of taking a risk-based approach to supervision is to focus the *FSA*’s resources on the mitigation of risks to its *regulatory objectives*, and to have regard to the need to use the *FSA*’s resources in the most efficient and economic way. The approach to risk assessment of *credit unions* is based on both the impact of such risks were they to crystallise and the probability of their doing so.

Tools of supervision

14.1.7 G
01.07.02/001

In order to meet the *regulatory objectives* and address identified risks to those objectives, the FSA has a range of supervisory tools available to it.

14.1.8 G
01.07.02/001

The FSA classifies these tools under four headings:

- (1) diagnostic: designed to identify, assess and measure risks;
- (2) monitoring: to track the development of identified risks, wherever these arise;
- (3) preventative: to limit or reduce identified risks and so prevent them crystallising or increasing; and
- (4) remedial: to respond to risks when they have crystallised.

14.1.9 G
01.07.02/001

The FSA uses a variety of tools to monitor whether a *credit union* remains in compliance with regulatory requirements. These tools include:

- (1) desk-based reviews;
- (2) liaison with other agencies or regulators;
- (3) meetings with management and other representatives of a *credit union*;
- (4) on-site inspections;
- (5) reviews and analysis of periodic returns and notifications;
- (6) reviews of past business;
- (7) use of auditors;
- (8) use of *skilled persons*.

14.1.10 G
01.07.02/001

The FSA also uses a variety of tools to address specific risks identified in *credit unions*. These tools include:

- (1) making recommendations for preventative or remedial action;
- (2) setting individual *requirements*;
- (3) giving individual *guidance* to a *credit union*;
- (4) varying a *credit union’s permission*.

14.1.11 G
01.07.02/001

For further discussion of the FSA’s regulatory approach, see Publications on the FSA website: in particular, “A new regulator for the new millennium” and “Building the new regulator progress report 1”.

14.2 Information gathering by the FSA on its own initiative

Application and purpose

- 14.2.1** 01.07.02/001 G This section and *SUP 2* apply to all *credit unions*.
- 14.2.2** 01.07.02/001 G The section is a summary of *SUP 2*.
- 14.2.3** 01.07.02/001 G Achieving its *regulatory objectives* involves the *FSA* informing itself of developments in *credit unions*. The *Act* requires the *FSA* to monitor a *credit union's* compliance with requirements imposed by or under the *Act*. For this purpose, the *FSA* needs to have access to a broad range of information about a *credit union's* business.
- 14.2.4** 01.07.02/001 G The *FSA* receives information through a variety of means, including regular reporting by *credit unions*. This section is concerned with the methods of information gathering that the *FSA* may use on its own initiative.
- 14.2.5** 01.07.02/001 G *SUP 2.1.5G* states that the *FSA* has statutory powers, including:

 - (1) to require the provision of information;
 - (2) to require reports from *skilled persons*;
 - (3) to appoint investigators; and
 - (4) to apply for a warrant to enter premises.
- 14.2.6** 01.07.02/001 G The *FSA* prefers to discharge its supervisory functions by working in an open and cooperative relationship with *credit unions*. The *FSA* will look to obtain information in that way unless this will not achieve the necessary results, in which case it will use its statutory powers.

Information gathering by the FSA on its own initiative: background

- 14.2.7** 01.07.02/001 G *SUP 2.2.1G* states that failure to cooperate with the *FSA* makes a *credit union* liable to regulatory sanctions, including discipline under the *Act*. But this:

 - (1) is not a criminal offence;
 - (2) cannot lead to a *person* being treated as if in contempt of court.
- 14.2.8** 01.07.02/001 G When the *FSA* obtains confidential information using the methods of information gathering described in *SUP 2*, it is obliged to treat that information as confidential

and will not disclose it without lawful authority, for example the consent of the *person* from whom that information was received.

Information gathering by the FSA on its own initiative: cooperation by credit unions

14.2.9 G
01.07.02/001

SUP 2.3.1G sets out the various methods of information gathering that the FSA will use on its own initiative which require the cooperation of *credit unions*:

- (1) supervision visits on a regular or sample basis;
- (2) meetings at the FSA’s offices or elsewhere;
- (3) provision of information or *documents*.

14.2.10 G
01.07.02/001

The FSA expects to be able to give reasonable notice to a *credit union* when it seeks information, *documents*, meetings or access to business premises. On rare occasions, however, the FSA may make unannounced visits.

14.2.11 G
01.07.02/001

SUP 2.3.3G – SUP 2.3.4G state how the FSA considers that a *credit union* should cooperate in providing access to its *documents* and personnel:

- (1) make itself readily available for meetings as reasonably requested;
- (2) give access to any records, files, tapes or computer systems which are within its possession or control, and provide any facilities that are reasonably required;
- (3) produce specified *documents*, files, tapes, computer data;
- (4) print information which is held on computer or microfilm or otherwise convert it into a readily legible *document*;
- (5) permit copying of *documents* or other material on its premises at its reasonable expense;
- (6) answer truthfully, fully and promptly all questions which are reasonably put to it.

14.2.12 G
01.07.02/001

SUP 2.3.5G states that a *credit union* must permit access, with or without notice, during reasonable business hours to its business premises in relation to the discharge of the FSA’s functions under the *Act*. It must also take reasonable steps to ensure that others, such as agents and suppliers under *material outsourcing* arrangements permit such access to their business premises.

”Mystery Shopping”

14.2.13 G
01.07.02/001

Representatives or appointees of the FSA (which may include individuals engaged by a market research firm) may approach a *credit union* in the role of potential members. This is known as ”mystery shopping”. The FSA expects that any ”mystery shopping” it arranges will be conducted in accordance with the Market Research Society Code of Practice. (See SUP 2.4.1G – SUP 2.4.4G).

14.3 Auditors

Application and purpose

14.3.1  01.07.02/001

This section and *SUP 3* apply to all *credit unions* and their external auditors appointed under *SUP 3.3*.

14.3.2  01.07.02/001

This section is a summary of *SUP 3*, and sets out *guidance* on the role auditors play in the *FSA*'s monitoring of *credit unions*' compliance with the requirements and standards under the *regulatory system*.

Appointment of auditors

14.3.3  01.07.02/001

SUP 3.3.2R states that a *credit union* must:

- (1) appoint an auditor to undertake the duties and responsibilities set out in *SUP 3.8* (summarised in *CRED 14.3.22G* – *CRED 14.3.31G*);
- (2) notify the *FSA*, without delay, when it is aware that a vacancy in the office of auditor will arise or has arisen, giving the reason for the vacancy;
- (3) appoint an auditor to fill any vacancy in the office of auditor which has arisen;
- (4) ensure that the replacement auditor can take up office at the time the vacancy arises or as soon as is reasonably practicable after that; and
- (5) notify the *FSA* of the appointment of an auditor, advising the *FSA* of the name and business address of the auditor appointed and the date from which the appointment has effect.

14.3.4  01.07.02/001

A *credit union* is also under an obligation to appoint an auditor under the Friendly and Industrial and Provident Societies Act 1968, but a single auditor may be appointed for both purposes.

Auditors' qualifications

14.3.5  01.07.02/001

SUP 3.4 sets out *rules* and *guidance* aimed at ensuring that the auditor of a *credit union* has the necessary skill and experience.

14.3.6  01.07.02/001

SUP 3.4.2R states that before a *credit union* appoints an auditor, it must take reasonable steps to ensure that the auditor has the required skill, resources and

experience to perform his functions under the *regulatory system* and that the auditor is eligible under Friendly and Industrial and Provident Societies Act 1968.

14.3.7 G 01.07.02/001 SUP 3.4.5R states that a *credit union* should have regard to whether its proposed auditor has expertise in the relevant requirements and standards, and possesses or has access to appropriate specialist skill. The *credit union* should seek confirmation of this from the auditor concerned.

14.3.8 G 01.07.02/001 A *credit union* must not appoint as auditor a *person* who is disqualified by the FSA under section 345 of the *Act* (Disqualification) from acting as an auditor either for that *credit union* or *credit unions* in general.

14.3.9 G 01.07.02/001 If it appears to the FSA that the auditor of a *credit union* has failed to comply with a duty imposed on him under the *Act*, it may disqualify him under section 345 of the *Act*.

14.3.10 G 01.07.02/001 SUP 3.4.7R states that a *credit union* must take reasonable steps to ensure that an auditor, which it is planning to appoint or has appointed, provides information to the FSA about the auditor’s qualifications, skills, experience and independence in accordance with the reasonable requests of the FSA.

14.3.11 G 01.07.02/001 To enable it to assess the ability of an auditor to audit a *credit union*, the FSA may seek information about the auditor’s relevant experience and skill.

Auditors’ independence

14.3.12 G 01.07.02/001 If an auditor is to carry out his duties properly, he needs to be independent of the *credit union* he is auditing, so that he is not subject to conflicts of interest.

14.3.13 G 01.07.02/001 SUP 3.5.2R requires a *credit union* to take reasonable steps to ensure that the auditor it appoints is independent of the *credit union*.

14.3.14 G 01.07.02/001 If a *credit union* becomes aware at any time that its auditor is not independent of the *credit union*, it must take reasonable steps to ensure that it has an auditor independent of the *credit union*. The *credit union* must notify the FSA if independence is not achieved within a reasonable time.

14.3.15 G 01.07.02/001 The FSA will regard an auditor as independent if his appointment or retention does not breach the ethical guidance in current issue from the auditor’s recognised supervisory body on the appointment of an auditor in circumstances which could give rise to conflicts of interest.

Credit unions’ cooperation with their auditors

14.3.16 G 01.07.02/001 SUP 3.6.1R states that a *credit union* must cooperate with its auditor in the discharge of his duties under that chapter.

14.3.17 G 01.07.02/001 In complying with SUP 3.6.1R, a *credit union* should include giving a right of access at all times to the *credit union’s* accounting and other records, in whatever form they are held, and *documents* relating to its business. A *credit union* should allow its auditor to copy *documents* or other material on the premises of the *credit union* and to remove copies or hold them elsewhere, or give him such copies on request.

14.3.18  Section 341 of the *Act* (Access to Books etc) provides that an auditor of a *credit union* appointed under SUP 3.3.2R:

01.07.02/001

- (1) has a right of access at all times to the *credit union's* books, accounts and vouchers; and
- (2) is entitled to require from the *credit union's officers* such information and explanation as he reasonably considers necessary for the performance of his duties as auditor.

14.3.19  *Credit unions* and their *officers* and *managers* are reminded that, under section 346 of the *Act* (Provision of false or misleading information to auditor or *Actuary*), knowingly or recklessly giving false information to an auditor appointed under SUP 3.3.2R constitutes an offence in certain circumstances, which could render them liable to prosecution. This applies regardless of whether an auditor is also appointed under the Friendly and Industrial and Provident Societies Act 1968.

01.07.02/001

Notification of matters raised by auditor

14.3.20  A *credit union* should consider whether it should notify the *FSA* in accordance with CRED 14.9.3G if it expects or knows its auditor will qualify its report on the audited financial statements or add an explanatory paragraph.

01.07.02/001

14.3.21  A *credit union* should consider whether it should notify the *FSA* in accordance with CRED 14.9.3G if it receives a written *communication* from its auditor commenting on *internal controls*.

01.07.02/001

Rights and duties of all auditors

14.3.22  The auditor of a *credit union* has various rights and duties to obtain information from the *credit union*.

01.07.02/001

14.3.23  SUP 3.8.2R states that an auditor of a *credit union* must cooperate with the *FSA* in the discharge of its functions under the *Act*.

01.07.02/001

14.3.24  The *FSA* may ask the auditor to attend meetings and to supply it with information about the *credit union*.

01.07.02/001

14.3.25  SUP 3.8.4R states that an auditor of a *credit union* must give any *skilled person* appointed by the *credit union* all assistance that that *person* reasonably requires.

01.07.02/001

14.3.26  SUP 3.8.5R states that the auditor must be independent of a *credit union* in performing his duties in respect of that *credit union*.

01.07.02/001

14.3.27  SUP 3.8.6R states the auditor must take reasonable steps to satisfy himself that he is free from any conflict of interest from which bias may reasonably be inferred. He must take appropriate action where this is not the case.

01.07.02/001

14.3.28  Within the legal constraints that apply, the *FSA* may pass on to an auditor any information which it considers relevant to his function. An auditor is bound by the confidentiality provisions set out in Part XIII of the *Act* (Public record, disclosure of information and cooperation) in respect of confidential information he receives from a *credit union* or other *person*. An auditor may not pass on confidential information without lawful authority.

01.07.02/001

14.3.29 G
01.07.02/001

Auditors are subject to regulations made by the Treasury obliging them to report certain matters to the *FSA*. An auditor does not contravene any duty by giving information or expressing an opinion to the *FSA*, if he is acting in good faith and he reasonably believes that the information or opinion is relevant to any function of the *FSA*. These provisions continue to have effect after the end of the auditor’s term of appointment.

14.3.30 G
01.07.02/001

SUP 3.8.11R states that an auditor must notify the *FSA* without delay if he:

- (1) is removed from office by a *credit union*; or
- (2) resigns before his term of office expires; or
- (3) is not re-appointed by a *credit union*.

14.3.31 G
01.07.02/001

SUP 3.8.12R states that if an auditor ceases to be, or is formally notified that he will cease to be, the auditor of a *credit union*, he must notify the *FSA* without delay:

- (1) of any matter connected with his ceasing which he thinks ought to be drawn to the *FSA*’s attention; or
- (2) that there is no such matter.

14.4 Skilled persons

Application and purpose

14.4.1  This section and *SUP 5* apply to all *credit unions*.

01.07.02/001

14.4.2  The purpose of this section is to summarise *SUP 5*, which gives *guidance* on the *FSA's* use of the power in section 166 of the *Act* (Reports by *skilled persons*).

01.07.02/001

The FSA's power

14.4.3  *SUP 5.2* explains that the *FSA* may, by giving written notice, require a *credit union* to provide it with a report by a *skilled person*.

01.07.02/001

Policy on the use of skilled persons

14.4.4  *SUP 5.3* explains the *FSA's* policy on the use of *skilled persons*. The *FSA* will have regard to all relevant factors, including the circumstances of the *credit union*, the availability of alternative tools and the cost implications for the *credit union* (which would have to pay for the services of the *skilled person*).

01.07.02/001

Appointment and reporting process

14.4.5  *SUP 5.4* explains the appointment and reporting process. The *FSA* will send to a *credit union* a notice requiring it to provide a report by a *skilled person*, and give written notification of the report's purpose, scope, and timetable. The *FSA* will normally seek to agree with the *credit union* in advance which *skilled person* (whether accountant, lawyer or other *person* with relevant skills) will make the report.

01.07.02/001

Duties of a credit union

14.4.6  *SUP 5.5.1R* and *SUP 5.5.5R* set out what is required in the contract between the *credit union* and the *skilled person*.

01.07.02/001

14.4.7  *SUP 5.5.11R* states that a *credit union* must provide all reasonable assistance to the *skilled person*.

01.07.02/001

Confidential information privilege

14.4.8

G

01.07.02/001

SUP 5.6 explains what confidentiality provisions apply when the FSA passes on relevant information to a *skilled person*.

14.5 Applications to vary or cancel Part IV permission

Application and purpose

14.5.1  This section and *SUP 6* apply to all *credit unions* with a *Part IV permission* that wish to;

01.07.02/001

- (1) vary their *Part IV permission*; or
- (2) cancel their *Part IV permission* and end their *authorisation*.

14.5.2  This section is a summary of *SUP 6*.

01.07.02/001

14.5.3  This section explains:

01.07.02/001

- (1) how a *credit union* can apply to vary or cancel its *Part IV permission*;
- (2) the additional procedures that apply to a *credit union* that needs to wind down its business over a long time period (usually more than six *months*);
- (3) how the *FSA* assesses those applications.

14.5.4  A *version 1 credit union* that wishes to become a *version 2 credit union* will need to apply to vary its *Part IV permission*.

01.07.02/001

Introduction

14.5.5  A *credit union authorised* under Part IV of the *Act* (*Permission* to carry on *regulated activities*) has a single *permission* granted by the *FSA*, which contains a description of the activities the *credit union* may carry on, including any *limitations*.

01.07.02/001

Applications for variation of permission

14.5.6  A *credit union* may apply to the *FSA* to vary its *Part IV permission*.

01.07.02/001

14.5.7  *SUP 6.3.15D* states that the application must be in writing and addressed and delivered in the way set out in *SUP 15.7.4R – SUP 15.7.6R* (summarised in *CRED 14.9.19G*).

01.07.02/001

14.5.8  A *credit union* is advised to discuss its application with the Credit Union team at the *FSA* before submission, particularly if it is seeking a variation of *permission* within a

01.07.02/001

short time scale. It is also advised to include as much detail as possible with its application. A *version 1 credit union* that wishes to become a *version 2 credit union* will typically need to supply information on the matters referred to in CRED 13.6.2G.

14.5.9  The FSA, as soon as possible after receipt of an application, will advise the *credit union* of any additional information which is required as part of its application. The amount of information that the FSA will require will vary depending on the nature of the variation.

01.07.02/001

14.5.10  The FSA may refuse the application if it appears that the interests of members would be adversely affected if the application were to be granted.

01.07.02/001

14.5.11  The FSA may vary or impose *limitations* or *requirements* on a *credit union's permission*.

01.07.02/001

14.5.12  The FSA has six *months* to consider a completed application, or 12 *months* if the application is incomplete.

01.07.02/001

14.5.13  Within these time limits, however, the length of the process will vary according to the complexity of the variation requested.

01.07.02/001

14.5.14  At any time after receiving an application and before determining it, the FSA may require the applicant to provide additional information or *documents*. The circumstances of each application will dictate what additional information or procedures are appropriate.

01.07.02/001

Applications for cancellation of permission

14.5.15  If a *credit union* with a *Part IV permission* applies to the FSA, the FSA may cancel its *permission*.

01.07.02/001

14.5.16  The FSA may refuse such an application if it appears that:

01.07.02/001

- (1) the interests of members, or potential members, would be adversely affected; and
- (2) it is desirable in the interests of members or potential members for the application to be refused.

14.5.17  SUP 6.4.5D states that if a *credit union* wishes to cancel its *permission*, it must write to the FSA giving the reasons and the date on which the *credit union* has ceased or expects to cease carrying on *regulated activities*. The *credit union* must explain the full circumstances of its application.

01.07.02/001

14.5.18  SUP 6.4.5D states that a *credit union's* application for cancellation of its *permission* must be given to a member of, or addressed for the attention of, the Corporate Authorisation Resignation team at the FSA.

01.07.02/001

14.5.19  The *credit union's* usual supervisory contact at the FSA will, however, be responsible for all day-to-day contact with the *credit union* and for assessing the application.

01.07.02/001

14.5.20  When it receives this application, the Corporate Authorisation Resignation team will send the *credit union* a written acknowledgement. This acknowledgement will

01.07.02/001

explain the cancellation process and detail the information required as part of the application.

14.5.21  The FSA may request confirmation from the *credit union* that there are no unresolved, unsatisfied or undischarged complaints against the *credit union* from a member.
01.07.02/001

14.5.22  SUP 6.4.14G states that it is an offence for a *person* knowingly or recklessly to give the FSA information that is false or misleading. If necessary a *credit union* should take appropriate professional advice when supplying information required by the FSA.
01.07.02/001

14.5.23  The FSA may require additional information, including professional advice where it considers this appropriate.
01.07.02/001

14.5.24  The FSA will usually not cancel a *credit union's permission* until the *credit union* can demonstrate that it has:

- (1) ceased carrying on *regulated activities*;
- (2) repaid all shares and *deposits*;
- (3) discharged, satisfied or resolved complaints against the *credit union*.

14.5.25  In deciding whether to cancel a *credit union's permission*, the FSA will take into account all relevant factors in relation to business carried on under that *permission*, including those set out in SUP 6.4.22G.
01.07.02/001

14.5.26  If the FSA has granted an application for cancellation of *permission* and withdrawn a *credit union's* status as an *authorised person*, it will retain certain investigative and enforcement powers in relation to the *credit union*, including those set out in SUP 6.4.23G.
01.07.02/001

14.5.27  The FSA has six *months* to consider a completed application or 12 *months* if the application is incomplete.
01.07.02/001

14.5.28  Within these time limits, however, the length of the process will vary according to the complexity of the circumstances.
01.07.02/001

Ending authorisation

14.5.29  If the FSA cancels a *credit union's permission*, leaving it without *permission* to carry out a *regulated activity*, the FSA is required to withdraw the *credit union's* *authorisation*.
01.07.02/001

Additional guidance

14.5.30  SUP 6 Annex 4G provides additional *guidance* for a *credit union* winding down (running off) its business.
01.07.02/001

14.5.31  If a *credit union* requires a long term period (usually in excess of six *months*) in which to wind down (run off) its business, it will usually be appropriate for it to apply for a variation in its *permission*.
01.07.02/001

- 14.5.32** G A *credit union* should discuss its plans with its usual supervisory contact at the *FSA*.
- 14.5.33** 01.07.02/001 G The *FSA* may vary a *credit union's permission* to impose a *limitation* on accepting new *deposits*.
- 14.5.34** 01.07.02/001 G The annexes to *CRED 15* provide tables setting out the *FSA's* enforcement powers, including those to cancel or suspend registration, vary or cancel *permission* and withdraw *authorisation*.

14.6 Individual requirements

Application and purpose

14.6.1  This section and *SUP 7* apply to all *credit unions*.

01.07.02/001

14.6.2  This section is a summary of *SUP 7*.

01.07.02/001

14.6.3  The *FSA's Handbook* primarily contains provisions that apply to all *credit unions*. However, the *FSA* may judge it necessary or desirable to impose additional *requirements* on a *credit union* or amend the activities it has *permission* to undertake. Doing so enables the *FSA* to take account of a *credit union's* individual circumstances and assists the *FSA* in meeting its *regulatory objectives*.

01.07.02/001

The *FSA's* powers to set individual requirements on its own initiative

14.6.4  The *FSA* may vary a *credit union's Part IV permission* on its own initiative where:

01.07.02/001

- (1) one or more of the *threshold conditions* is, or is likely to be, no longer satisfied;
- (2) it is desirable in order to protect members.

14.6.5  If the *FSA* exercises its powers, it will do so by issuing a *supervisory notice*.

01.07.02/001

14.6.6  A *credit union* may refer this decision to the *Financial Services and Markets Tribunal*.

01.07.02/001

Criteria for varying a *credit union's* permission

14.6.7  The *FSA* expects to maintain a close working relationship with *credit unions* and expects that routine supervisory matters can be resolved by issuing *guidance*. However, the *FSA* may seek to vary a *credit union's permission*:

01.07.02/001

- (1) if it is appropriate to act formally so that enforcement action can be taken if necessary;
- (2) so that a *credit union* can comply without breaking agreements with third parties.

14.6.8  The *FSA* may seek to vary on its own initiative a *permission* if risks are presented by:

01.07.02/001

- (1) a *credit union's* management, business or *internal controls*;
- (2) its involvement in new products or selling practices;
- (3) a change in its structure, activities or strategy.

14.6.9

01.07.02/001

The following are some of the *requirements* or *limitations* that may be imposed:

- (1) submission of reports;
- (2) maintenance of prudential limits;
- (3) submission of business plan;
- (4) limitation of activities;
- (5) maintenance of financial resources.

14.6.10

01.07.02/001

The *FSA* will seek to give reasonable notice of intent to vary a *permission* and to agree an appropriate time scale with the *credit union*. However, the *FSA* may act immediately if that is necessary to protect members.

14.7 Waiver and modification of rules

Application and purpose

14.7.1 
01.07.02/001

This section and *SUP 8* apply to all *credit unions* that wish to apply for, or to consent to, or have been given a modification of or *waiver* of the *FSA's rules*.

14.7.2 
01.07.02/001

This section is a summary of *SUP 8*, and explains how the regime for the *waiver* or modification of *rules* works.

Introduction

14.7.3 
01.07.02/001

The *FSA* may, on the application or with the consent of a *credit union*, direct that certain *rules*:

- (1) are not to apply to the *credit union*; or
- (2) are to apply to the *credit union* with such modifications as may be specified.

14.7.4 
01.07.02/001

SUP 8.2.7G includes a table of the types of *rules* which may be *waived* and Schedule 6 identifies those *rules* in *CRED* that can be *waived*.

Applying for a waiver

14.7.5 
01.07.02/001

SUP 8.3.1G states that the *FSA* may not give a *waiver* unless it is satisfied that:

- (1) compliance would be unduly burdensome or would not achieve the purpose for which the *rules* were made;
- (2) the *waiver* would not result in undue risk to *persons* whose interests the *rules* are intended to protect.

14.7.6 
01.07.02/001

SUP 8.3.3D states that if a *credit union* wishes to apply for a *waiver*, it must do so in writing to its usual supervisory contact at the *FSA*. The application must include:

- (1) the name and *FSA* reference number of the *credit union* making the application, and a contact point for the *credit union* on the application;
- (2) the reference number of the *rule* to which the application relates;
- (3) a clear explanation of the *waiver* that is being applied for and the reasons why the *credit union* wants it;

- (4) details of any special requirements, for example if the *credit union* needs a decision urgently, or if there is a specific period for which the *waiver* is required;
- (5) relevant facts that support the *credit union's* application;
- (6) the *credit union's* reasons for considering that the conditions in CRED 14.7.5G are satisfied;
- (7) any reasons, with reference to CRED 14.7.13G, why the *credit union* believes that it would be inappropriate or unnecessary to publish the *waiver*.

14.7.7 G
01.07.02/001 The FSA will acknowledge applications and seek to reply within 20 working *days*, though this may take longer if further information is required.

14.7.8 G
01.07.02/001 The FSA may impose conditions on a *waiver* including extra reporting requirements.

14.7.9 G
01.07.02/001 If the FSA decides against the *waiver*, it will give its reasons.

14.7.10 G
01.07.02/001 If the FSA considers that the *waiver* should apply to a number of *credit unions*, it will inform them that the *waiver* is available. To take advantage of the *waiver*, they will only have to give their written consent rather than making a formal application.

Notification of altered circumstances relating to waivers

14.7.11 G
01.07.02/001 SUP 8.5.1R states that if a *credit union* becomes aware that a *waiver* is no longer relevant or appropriate, it must notify the FSA immediately.

Publication of waivers

14.7.12 G
01.07.02/001 The FSA is bound to publish a *waiver*, unless it is inappropriate or unnecessary. If the FSA publishes a *waiver*, it will not publish details of why a *waiver* was required or any of the supporting information given in a *waiver* application.

14.7.13 G
01.07.02/001 In deciding whether or not to publish, the FSA will take into account whether:

- (1) it will be prejudicial to the commercial interests of the *credit union*;
- (2) it relates to a minor matter that does not affect a third party and is unlikely to be of interest to other *credit unions*.

14.7.14 G
01.07.02/001 If the FSA decides upon publication, it will give the *credit union* the opportunity of avoiding this by withdrawing its application.

Varying waivers

14.7.15 G
01.07.02/001 If a *credit union* wishes the FSA to vary a *waiver*, it should follow the procedures in SUP 8.3.3D (summarised in CRED 14.7.6G).

Revoking waivers

14.7.16 G
01.07.02/001

The *FSA* may revoke a *waiver* if it is no longer appropriate. This may take effect immediately, if that is necessary to prevent undue risk to members.

14.7.17 G
01.07.02/001

Where revocation is not immediate, the *FSA* will give written notice, with a reasonable period (usually *28 days*) in which to make representations. After considering any representations the *FSA* will give written confirmation of its decision.

14.7.18 G
01.07.02/001

Where the revocation is immediate, the *FSA* will also give the *credit union* the opportunity to make representations. After considering these, it will either confirm the revocation or seek the *credit union's* consent to a new *waiver*.

Decision making

14.7.19 G
01.07.02/001

The *waivers* regime will be overseen by a staff committee of the *FSA*.

14.8 Individual guidance

Application and purpose

- 14.8.1
G
This section and *SUP 9* apply to all *credit unions* and *persons* generally.
- 14.8.2
G
This section is a summary of *SUP 9*.
- 14.8.3
G
This section explains how a particular *person* may seek from the *FSA guidance* that relates to its own particular circumstances or plans.

01.07.02/001
01.07.02/001
01.07.02/001

Making a request for individual guidance

- 14.8.4
G
Requests may be either oral or written.
- 14.8.5
G
Requests for individual *guidance* should be directed to the *credit unions* usual supervisory contact at *FSA* in the first instance. A written request will be necessary where the issue is complex or significant. A *credit union* should have taken reasonable steps to analyse the issue before approaching the *FSA*.
- 14.8.6
G
The *FSA* will aim to respond quickly and fully to reasonable requests, but complex or novel issues may take more time. *Credit unions* should try to make allowance for this.

01.07.02/001
01.07.02/001
01.07.02/001

Giving individual guidance to a credit union on the FSA's own initiative

- 14.8.7
G
The *FSA* may issue individual *guidance* to *credit unions* on its own initiative where it is appropriate to do so.
- 14.8.8
G
An example of this is where general *guidance* in the *Handbook* does not fit the *credit union's* particular circumstances or more detailed *guidance* is required.

01.07.02/001
01.07.02/001

Reliance on individual guidance

- 14.8.9
G
SUP 9.4 explains what reliance can be placed on individual *guidance*.
- 14.8.10
G
If a *person* acts in accordance with current individual written *guidance* in the circumstances contemplated by that *guidance*, then the *FSA* will proceed on the footing that the *person* has complied with the aspects of the *rule* or other requirement to which the *guidance* relates.

01.07.02/001
01.07.02/001

14.8.11 G
01.07.02/001

Rights conferred on third parties cannot be affected by *guidance* given by the FSA. *Guidance on rules*, the *Act* or other legislation represents the FSA’s view, and does not bind the courts; a *person* may need to seek his own legal advice.

14.8.12 G
01.07.02/001

The extent to which a *person* can rely on individual *guidance* to him will depend on many factors. These could include, for example, the degree of formality of the original query and the *guidance* given, and whether all relevant information was submitted with the request. Individual *guidance* is usually given in relation to a set of particular circumstances which exist when the *guidance* is given. If the circumstances later change, for example, because of a change in the circumstances of the *person* or a change in the underlying *rule* or other requirement, and the premises upon which individual *guidance* was given no longer apply, the *guidance* will cease to be effective.

14.8.13 G
01.07.02/001

If the circumstances relating to individual *guidance* change it will be open to a *person* to ask for further *guidance*.

14.9 Notifications to the FSA

Application and purpose

14.9.1 G
01.07.02/001

This section and *SUP 15* apply to all *credit unions* in relation to both *regulated activities* and *unregulated activities*.

14.9.2 G
01.07.02/001

This section is a summary of *SUP 15*, which sets out:

- (1) *guidance* on the type of event or change in condition which a *credit union* should consider notifying to the *FSA*;
- (2) *rules* on events and changes that a *credit union* must notify;
- (3) *rules* on the core information that a *credit union* must provide;
- (4) *rules* requiring a *credit union* to ensure that information provided to the *FSA* is accurate and complete.

General notification requirements

14.9.3 G
01.07.02/001

SUP 15.3.1R states that a *credit union* must notify the *FSA* immediately it becomes aware, or has information which reasonably suggests, that any of the following has occurred, may have occurred or may occur in the foreseeable future:

- (1) the *credit union* failing to satisfy one or more of the *threshold conditions*; or
- (2) any matter which could have a serious adverse impact on the *credit union's* reputation; or
- (3) any matter which could affect the *credit union's* ability to continue to provide adequate services to its members and which could result in serious detriment to a member; or
- (4) any matter in respect of the *credit union* which could result in serious financial consequences to the *financial system* or to other *firms*.

PAGE
23

14.9.4 G
01.07.02/001

Principle 11 requires a *credit union* to deal with the *FSA* in an open and cooperative way and to disclose what the *FSA* would normally expect to be disclosed.

14.9.5 G
01.07.02/001

Compliance with *Principle 11* includes giving notice of:

- (1) any proposed restructuring, reorganisation or expansion which would have a significant impact on the risks run by the *credit union*;

- (2) any significant failure in the *credit union's* systems or controls, including those reported by the *credit union's* auditor;
- (3) any proposed action that could result in a material change to a *credit union's* capital adequacy or solvency.

14.9.6 G
01.07.02/001

The period of notice given depends on the event, although the FSA expects a *credit union* to discuss relevant matters with it at an early stage before making commitments.

14.9.7 G
01.07.02/001

SUP 15.3.11R states that a *credit union* must notify the FSA of the following immediately:

- (1) a significant breach of *rule* or Principle;
- (2) breach of requirement imposed by the *Act*, regulations or order;
- (3) the bringing of a prosecution for, or a conviction of, any offence under the *Act* involving the *credit union*, members of its committee of management, *officers*, *employees* or *approved persons*.

14.9.8 G
01.07.02/001

SUP 15.3.15R states that a *credit union* must also notify the FSA immediately of the following:

- (1) civil proceedings against the *credit union* where the claim is significant to its resources or reputation;
- (2) action against the *credit union* under section 71 or 150 of the *Act* (actions for damages);
- (3) the *credit union* is prosecuted for, or convicted of, any offence involving fraud or dishonesty or any penalties are imposed upon it for tax evasion.

14.9.9 G
01.07.02/001

Notification should include details of the matter and an estimate of the likely financial consequences.

14.9.10 G
01.07.02/001

SUP 15.3.17R states that a *credit union* must notify the FSA immediately of the following events, if significant:

- (1) fraud by an *officer* against members;
- (2) fraud committed against the *credit union*;
- (3) irregularities in accounting or other records;
- (4) serious misconduct by *officers* concerning honesty or integrity.

14.9.11 G
01.07.02/001

In determining whether a matter is significant, a *credit union* should have regard to:

- (1) the size of any monetary loss;
- (2) reputational loss to the *credit union*;
- (3) weaknesses in the *credit union's internal controls*.

14.9.12 G
01.07.02/001

SUP 15.3.21R states that a *credit union* must notify the FSA of any legal steps involving the insolvency, bankruptcy or winding up of the *credit union*.

Core information requirements

- 14.9.13** G 01.07.02/001 *SUP* 15.5.1R, *SUP* 15.5.4R and *SUP* 15.5.6R state that a *credit union* must provide the *FSA* with notice of:
- (1) change in name;
 - (2) change in address;
 - (3) change in legal structure.

- 14.9.14** G 01.07.02/001 Similar obligations to those in *CRED* 14.9.13G are imposed by existing *credit union* legislation.

Inaccurate, false or misleading information

- 14.9.15** G 01.07.02/001 *SUP* 15.6.1R states that a *credit union* must take reasonable steps to make sure that information given to the *FSA* is factually accurate and complete.

- 14.9.16** G 01.07.02/001 *SUP* 15.6.4R states that a *credit union* must notify the *FSA* if it realises that information already provided may be false, misleading, incomplete or inaccurate.

- 14.9.17** G 01.07.02/001 *SUP* 15.6.7R states that it is an offence to provide such information knowingly or recklessly.

Form and method of notification

- 14.9.18** G 01.07.02/001 *SUP* 15.7.1R states that a *credit union* should provide notification in written English, preceded by oral notification if the matter is urgent or significant.

- 14.9.19** G 01.07.02/001 *SUP* 15.7.4R and *SUP* 15.7.5R state that the notification should be addressed to the *credit union's* usual supervisory contact at the *FSA* using one of these methods:

- (1) by post to the *FSA's* address;
- (2) self delivery to *FSA's* address (and obtaining time-stamped receipt);
- (3) electronic mail;
- (4) hand delivery to the *credit union's* usual supervisory contact at the *FSA*;
- (5) fax number to the *credit union's* usual supervisory contact at the *FSA*, followed by submission by one of the methods in *CRED* 14.9.19G (1) – (4).

- 14.9.20** G 01.07.02/001 *SUP* 15.7.10R states that notification should be within the period specified by the particular *rule*. If no period is specified, the *credit union* should act reasonably in deciding when to notify.

14.10 Reporting requirements

Application and purpose

14.10.1 G
01.07.02/001

This section, *SUP 16.7.1G – SUP 16.7.4G*, and *SUP 16.7.15AR – SUP 16.7.15DR* apply to all *credit unions*.

14.10.2 G
01.07.02/001

This section is a summary of those parts of *SUP* that apply to every *credit union*.

14.10.3 G
01.07.02/001

In order to discharge its functions under the *Act*, the *FSA* needs timely and accurate information about *credit unions*.

General provisions on reporting

14.10.4 G
01.07.02/001

SUP 16.3.6R – SUP 16.3.13R state that a report must:

- (1) be in writing;
- (2) give the *credit union's FSA* reference number;
- (3) be given to or addressed for the attention of the *credit union's* usual supervisory contact at the *FSA*;
- (4) be delivered to the *FSA* by one of the methods in *SUP 15.7.5R* (summarised in *CRED 14.9.19G*).

Quarterly return

14.10.5 G
01.07.02/001

SUP 16.7.62R states that a *credit union* must submit a quarterly return.

14.10.6 G
01.07.02/001

Credit unions

Chapter 15

Enforcement

PAGE
1

15

15.1 Application and purpose

15.1.1

G

01.07.02/001

This chapter contains *guidance* on the investigation and enforcement powers available to the FSA, and its approach to the use of those powers, in respect of :

- (1) *registered only credit unions*;
- (2) *credit unions*, with respect to their activities of *accepting deposits*; and
- (3) *approved persons of credit unions*, as set out in CRED 6.

15.1.2

G

01.07.02/001

The FSA's effective and proportionate use of its investigation and enforcement powers plays an important role in the pursuit of its *regulatory objectives*.

15.2 Investigation and enforcement powers

15.2.1  The *FSA*'s investigation and enforcement powers are provided for in the Industrial & Provident Societies Act 1965, the Industrial & Provident Societies Act 1968, the Credit Unions Act 1979 and the *Act*.
01.07.02/001

15.2.2  For ease of reference:
01.07.02/001

- (1) Annex 1 to this chapter (*CRED 15 Annex 1*) contains a table of the *FSA*'s investigation and enforcement powers under the Industrial & Provident Societies Act 1965, Industrial & Provident Societies Act 1968 and the Credit Unions Act 1979; and
- (2) Annex 2 to this chapter (*CRED 15 Annex 2*) contains a table of the main relevant investigation and enforcement powers under the *Act*, showing where they are considered in the Enforcement manual (*ENF*).

15.2.3  Some of the *FSA*'s powers listed in *CRED 15 Annex 1* are similar to the powers listed in *CRED 15 Annex 2*. For example, the *FSA* has information gathering and investigation powers under both the Industrial & Provident Societies Act 1965, as extended by the Credit Unions Act 1979, and the *Act*. These different powers enable the *FSA* to investigate and enforce the different requirements imposed on *registered only credit unions* and *credit unions* by legislation.
01.07.02/001

15.2.4  In appropriate circumstances, the *FSA* may need to consider which power to use, and whether to use powers, from one or more of the Acts. The appropriate power or powers will vary according to the circumstances of the case. Where the *FSA* is exercising its investigation and enforcement powers, it will normally explain to the *registered only credit union*, *credit union*, individual or other *persons* concerned under which power, or powers, it is acting.
01.07.02/001

15.2.5  However, it is the responsibility of *registered only credit unions*, *credit unions* and individuals, or other *persons* connected to them to ensure that their actions comply with the requirements of the legislation and, for *credit unions*, the *FSA*'s rules, at all times. *Registered only credit unions*, *credit unions* and those involved with them can contact their usual supervisory contact at the *FSA* about the use of the *FSA*'s investigation and enforcement powers.
01.07.02/001

15.3 The FSA’s approach to the use of its investigation and enforcement powers

15.3.1

01.07.02/001

There are a number of principles underlying the FSA’s approach to the exercise of its investigation and enforcement powers in relation to *registered only credit unions* and *credit unions*:

- (1) the effectiveness of the regulatory regime depends to a significant extent on the maintenance of an open and cooperative relationship between the FSA and the management of *registered only credit unions* and *credit unions*;
- (2) the FSA will seek to exercise its investigation and enforcement powers in a manner that is transparent, proportionate and consistent with its publicly stated policies; and
- (3) the FSA will seek to ensure fair treatment when exercising its investigation and enforcement powers. For example, the FSA’s decision making process for regulatory enforcement cases generally gives an opportunity for both written and oral representations to be made, and also provides for a facility for mediation in certain disciplinary cases.

15.3.2

01.07.02/001

The investigation and enforcement powers available to the FSA form part of the regulatory toolkit it will use to meet its *regulatory objectives* of protecting *consumers*, promoting public awareness, maintaining confidence in the *financial system* and reducing *financial crime*. Where a *credit union*, or an individual, has failed to comply with the requirements of the Industrial & Provident Societies Act 1965, the Industrial & Provident Societies Act 1968, the Credit Unions Act 1979, the *Act*, the FSA’s *rules*, or other relevant legislation (for example, the Criminal Justice Act 1993 and the *Money laundering Regulations* 1993), it may be appropriate to deal with this without the need for formal disciplinary or other enforcement action.

15.3.3

01.07.02/001

The proactive supervision and monitoring of *credit unions*, and an open and cooperative relationship between *credit unions* and their supervisors, will, in some cases where a contravention has taken place, lead the FSA to decide against taking formal disciplinary action. However, in such cases, the FSA will expect the *credit union*, or the individual, to act promptly to take the necessary remedial action, agreed with its supervisors, to deal with the FSA’s concerns. If the *credit union*, or the individual, does not do this, the FSA may take investigation or enforcement action in respect of the original contravention.

15.3.4

01.07.02/001

Where the FSA has concerns about a *registered only credit union*, a *credit union*, or an individual, it will normally discuss its concerns with them before considering the use of its investigation and enforcement powers.

15.4 The FSA’s policies and procedures for taking enforcement action

15.4.1  01.07.02/001

The FSA’s enforcement powers are exercised in, and reviewed by, the criminal courts, the civil courts and the *Tribunal*. For example, the FSA has power to prosecute particular offences in the criminal courts, it may seek to obtain *injunctions* in the civil courts, and its powers to impose disciplinary sanctions under the *Act* are subject to referral to the *Tribunal*.

15.4.2  01.07.02/001

The FSA’s enforcement powers in the Industrial & Provident Societies Act 1965, the Industrial & Provident Societies Act 1968, the Credit Unions Act 1979 and the *Act* can be grouped into three broad categories, based on the type of procedure that applies to their use. The three broad categories are:

- (1) regulatory enforcement powers, which the FSA must exercise by administration notice procedures;
- (2) civil enforcement powers, which the FSA must exercise by making application to the civil courts; and
- (3) criminal prosecution powers, which the FSA must exercise by bringing proceedings in the criminal courts.

15.4.3  01.07.02/001

When the FSA exercises its regulatory enforcement powers, the administration notice procedure it must follow varies depending on the type of action to be taken and the provisions of the relevant legislation.

- (1) If the FSA is using its regulatory enforcement powers under the *Act*, it must give the reasons and various notices required by the *Act* and, in all cases, allow the *person* receiving the notice an opportunity to make representations. The FSA’s decision making procedures for notices to be given by the *Act* are set out in *DEC*. *CRED 16* provides an overview of *DEC*.
- (2) If the FSA is using its regulatory enforcement powers under the Industrial & Provident Societies Act 1965, the Industrial & Provident Societies Act 1968 and the Credit Unions Act 1979, it will have regard to the Principles set out in *CRED 3* and will, so far as appropriate, provide a process that is consistent with that in *DEC*.

15.4.4  01.07.02/001

When the FSA uses its civil enforcement powers and criminal prosecution powers under the relevant legislation, it must follow the procedures of the civil and criminal courts.

15.4.5  01.07.02/001

- (1) If the FSA is considering using its regulatory enforcement, civil enforcement or criminal prosecution powers under the *Act*, it will apply the policies on the use of those powers set out in *ENF*.

-
- (2) If the *FSA* is considering using its regulatory enforcement, civil enforcement or criminal prosecution powers under the Industrial & Provident Societies Act 1965, the Industrial & Provident Societies Act 1968 and the Credit Unions Act 1979, it will, to the extent appropriate, apply the policies on the use of similar powers under the *Act* (as set out in *ENF*).

Annex 1: Enforcement Powers

1 Table Table of powers available under Industrial and Provident Societies legislation and the Credit Union Act 1979

SUBJECT	SECTION OF THE RELEVANT ACTS
CANCELLATION OR SUSPENSION OF REGISTRATION	
Power to cancel the registration of a credit union	Industrial & Provident Societies Act 1965, s.16 as applied by Credit Unions Act 1979, s.20(1)
Power to suspend the registration of a credit union	Industrial & Provident Societies Act 1965, s.17 as applied by Credit Unions Act 1979, s.20(1)
INSOLVENCY PROCEEDINGS	
Provision of information: when a credit union is in receivership	Industrial & Provident Societies Act 1965, s.43
Provision of information: when a credit union is subject to a creditors' voluntary liquidation	Industrial & Provident Societies Act 1965, s.59
INFORMATION GATHERING AND INVESTIGATION POWERS	
Power to require information from individuals who are, or have been, officers of a credit union	Industrial & Provident Societies Act 1965, s.48 extended by Credit Unions Act 1979, s.17(1)
Power to appoint an investigator to look into the affairs of a credit union	Industrial & Provident Societies Act 1965, s.49 extended by Credit Unions Act 1979, s.18(1)
AUDITING OF ACCOUNTS	
Power to require the financial accounts of a credit union for past years to be audited	Industrial & Provident Societies Act 1965, s.9(c)
SUSPENSION OF OPERATIONS	
Power to issue a Direction suspending the operations of a credit union	Credit Unions Act 1979, s.19
Power to vary or revoke a Direction suspending the operations of a credit union	Credit Unions Act 1979, s.19
COMPULSORY WINDING UP	
Power to petition the court for the winding up of a credit union	Credit Unions Act 1979, s.20(2)
PROSECUTION OF CRIMINAL OFFENCES	
Power to prosecute offences under the Industrial & Provident Societies Act 1965, Industrial & Provident Societies Act 1968 and the Credit Unions Act 1979	Credit Unions Act 1979, s.28

Annex 2: Enforcement Powers

1 Table

This table gives the main location in the Enforcement manual where *guidance* appears on the powers referred to in the *Act* list below.

This is an edited version of the table given at *ENF 1* Annex 1G.

2 Table Table of powers referred to in the Enforcement manual

SUBJECT	PART AND SECTION OF THE ACT	ENFORCEMENT MANUAL LOCATION
VARIATION AND CANCELLATION OF PERMISSION AND WITHDRAWAL OF AUTHORIZATION OF CREDIT UNIONS		
Duty to withdraw <i>authorisation</i>	Part III, s.33	<i>ENF 5</i>
Variation and cancellation on the <i>FSA's</i> own initiative	Part IV, s.45	<i>ENF 3</i> (Variation), <i>ENF 5</i> (Cancellation)
Prohibitions and restrictions	Part IV, s.48	<i>ENF 3.3.10G</i>
PROHIBITION OF INDIVIDUALS		
Power to make a prohibition order	Part V, s.56	<i>ENF 8</i>
WITHDRAWAL OF APPROVAL FROM APPROVED PERSONS		
Power to withdraw approval from <i>approved persons</i> of <i>credit unions</i>	Part V, s.63	<i>ENF 7</i>
DISCIPLINARY POWERS AGAINST APPROVED PERSONS		
Public statements of misconduct	Part V, s.66	<i>ENF 11</i> and <i>ENF 12</i>
Financial penalties	Part V, s.66	<i>ENF 11</i> and <i>ENF 13</i>
INFORMATION GATHERING AND INVESTIGATION POWERS		
Power to require information from <i>credit unions</i>	Part XI, s.165	<i>ENF 2.3.2G – ENF 2.3.7G</i>
Power to require <i>credit unions</i> to provide a report by a <i>skilled person</i>	Part XI, s.166	<i>ENF 2.3.8G – ENF 2.3.11G</i>
Power to appoint <i>persons</i> to carry out general investigations into <i>credit unions</i> .	Part XI, s.167	<i>ENF 2.3.12G – ENF 2.3.13G</i>
Power to appoint <i>persons</i> to carry out investigations in particular cases involving a <i>person</i> or a <i>credit union</i>	Part XI, s.168	<i>ENF 2.3.14G – ENF 2.3.15G</i>
Powers of investigators appointed under s.167	Part XI, s.171	<i>ENF 2.4.2G – ENF 2.4.5G</i> and <i>ENF 2.4.10G – ENF 2.4.12G</i>
Additional powers of investigators appointed as a result of s.168(1) or (4).	Part XI, s.172	<i>ENF 2.4.6G – ENF 2.4.7G</i> and <i>ENF 2.4.10G – ENF 2.4.12G</i>
Powers of investigators appointed as a result of s.168(2)	Part XI, s.173	<i>ENF 2.4.8G</i> and <i>ENF 2.4.10G – ENF 2.4.12G</i>

Information and documents: supplemental provisions relating to investigators appointed under s.167 or s.168.	Part XI, s.175	ENF 2.4.10G – ENF 2.4.12G
Entry of premises under warrant	Part XI, s.176	ENF 2.15.1G – ENF 2.15.4G
DISCIPLINARY POWERS AGAINST CREDIT UNIONS		
Public censure	Part XIV, s.205	ENF 12
Financial penalties	Part XIV, s.206	ENF 13
DISQUALIFICATION OF AUDITORS APPOINTED BY CREDIT UNIONS		
Disqualification of auditors for failure to comply with a duty imposed under the <i>Act</i> .	Part XXII, s.345	ENF 17
ORDERS AGAINST DEBT AVOIDANCE		
Provisions against debt avoidance: the right to apply for an order .	Part XXIV, s.375	ENF 10.9 and ENF 10.10
INJUNCTIONS AGAINST PERSONS		
<i>Injunctions</i> for breach of a relevant requirement	Part XXV, s.380	ENF 6.3, ENF 6.5 and ENF 6.6
RESTITUTION		
Power to apply to court for a restitution order	Part XXV, s.382	ENF 9
Power to require restitution	part XXV, s.402	ENF 9
PROSECUTION OF CRIMINAL OFFENCES		
Power to prosecute offences under the <i>Act</i> and subordinate legislation	Part XXVII, s.401	ENF 15
Power to prosecute other offences	Part XXVII, s.402	ENF 15

Chapter 16

Decision making

16.1 Application and Purpose

16.1.1

01.07.02/001

The Decision Making manual (*DEC*) gives *guidance* on the *FSA*'s decision making and other procedures for giving statutory notices under the *Act*, including rights to make representations and procedures for referral to the *Tribunal* and, in certain circumstances, access to mediation (as explained in *DEC* Appendix 1). It also gives *guidance* on the *FSA*'s procedure for using its powers under Part XXV of the *Act* (*Injunctions* and restitution) and to prosecute criminal offences. It is relevant to every *credit union*.

16.1.2

01.07.02/001

Section 395 of the *Act* (The *FSA*'s procedure) requires the *FSA* to publish a statement of its procedure for the giving of statutory notices. The purpose of *DEC* is to fulfil this obligation.

16.2 Introduction

16.2.1

01.07.02/001

The Decision making manual (*DEC*), together with the other manuals described below, constitute the regulatory processes block of the *Handbook*. The other manuals are:

- (1) the *Authorisation* manual (*AUTH*) which sets out the relationship between the *FSA* and applicants for *Part IV permission* (amongst others);
- (2) the *Supervision* manual (*SUP*) which sets out the relationship between the *FSA* and *authorised persons* (referred to in the *Handbook* as *firms*); and
- (3) the *Enforcement* manual (*ENF*) which describes the *FSA*'s enforcement powers under the *Act* and sets out its policies for using these powers.

16.3 Guidance on DEC

DEC 1

16.3.1

01.07.02/001

DEC 1 describes the application and purpose of DEC and provides an introduction to the manual. That introduction explains that the *Act* designates certain notices as *warning notices*, *decision notices* or *supervisory notices* (together called '*statutory notices*') for which there are certain specified procedures, actions and protections. DEC 4 explains which decisions are to be taken by the *Regulatory Decisions Committee (RDC)* and which are subject to *executive procedures*. In relation to regulatory decisions which are not subject to *statutory notices*, the FSA's general policy is that regulatory decisions should be taken at a level of seniority which is appropriate to the decision having regard to the following:

- (1) significance of the decision for those affected by it;
- (2) the complexity of the relevant considerations;
- (3) the alternatives;
- (4) the extent to which the factors of the case may be disputed;
- (5) the novelty of the decision in the light of stated policy and established procedure.

16.3.2

01.07.02/001

The FSA expects that most decisions will be made by individuals accountable through line management to the Board within the management structure of the FSA.

DEC 2

16.3.3

01.07.02/001

DEC 2 describes the procedure for issuing a *warning notice* or a *decision notice*. DEC 2 Annex 1G sets out the circumstances in which the *warning notice* and *decision notice* procedures apply. Examples of such notices are:-

- (1) when the FSA is proposing or deciding to refuse an application for *Part IV permission*;
- (2) when the FSA is proposing or deciding to cancel a *Part IV permission* otherwise than by request;
- (3) when the FSA is proposing or deciding to make a *prohibition order* against an individual;

(4) when the FSA is proposing or deciding to withdraw approval from an *approved person*.

DEC 3

16.3.4  01.07.02/001

DEC 3 explains the procedures that apply in the case of *supervisory notices*. The circumstances giving rise to *supervisory notice* procedures are set out in DEC 3 Annex 1G. There is an example of such circumstances when the FSA is exercising its *own-initiative power* to vary a *Part IV permission*.

DEC 4

16.3.5  01.07.02/001

DEC 4 explains the distribution and decision making responsibilities between the RDC and *executive procedures*.

16.3.6  01.07.02/001

Examples of matters to be decided by the RDC include:

- (1) refusal of an application for *Part IV permission*;
- (2) *limitation*, variation or restriction of a *Part IV permission*;
- (3) refusal or withdrawal of *approved person* status;
- (4) exercise of the FSA’s powers to impose a financial penalty or public censure on any *person*.

16.3.7  01.07.02/001

Examples of matters to be decided by *executive procedures* include:

- (1) imposing a *requirement* to submit regular reports;
- (2) imposing a *requirement* to submit a business plan;
- (3) establishing or varying prudential limits, for example on capital or liquidity.

16.3.8  01.07.02/001

It explains (DEC 4.2.1G – DEC 4.2.19G) the status, composition and operating procedures of the RDC, and the way in which *executive procedures* will be conducted (DEC 4.3.1G – DEC 4.3.19G).

16.3.9  01.07.02/001

It also sets out the various procedures open to *persons* for making representation to the FSA (DEC 4.4.1G – DEC 4.4.14G).

DEC 5

16.3.10  01.07.02/001

DEC 5 covers references to the *Tribunal*, publication and service of notices.

Chapter 17

17

Complaint handling procedures for credit unions

PAGE
1

17.1 Application and Purpose

- 17.1.1** **R** **01.07.02/001** This chapter applies to all *credit unions*.
- 17.1.2** **G** **01.07.02/001** This chapter replaces *DISP 1* (Complaints Handling Procedures for firms), which does not apply to *credit unions* (*DISP 1.1.1R*).
- 17.1.3** **G** **01.07.02/001** This chapter is also relevant to *eligible complainants* who might wish to refer a complaint to the *Financial Ombudsman Service*.
- 17.1.4** **G** **01.07.02/001** *DISP 2 – DISP 5* (which cover jurisdiction, procedures and funding of the *Financial Ombudsman Service*) apply to *credit unions*.
- 17.1.5** **G** **01.07.02/001** The purpose of this chapter is to set out the *rules* relating to the internal handling of complaints by a *credit union*, including:
- (1) the procedures which a *credit union* must put in place;
 - (2) the time limits within which a *credit union* must deal with a complaint;
 - (3) the records of a complaint which a *credit union* must make and retain; and
 - (4) the requirements for a *credit union* to report information about complaints to the *FSA*.
- 17.1.6** **G** **01.07.02/001** This is to ensure that complaints are handled fairly, effectively and promptly, and are resolved at the earliest possible opportunity, thereby minimising the number of unresolved complaints which need to be referred to the *Financial Ombudsman Service*. This purpose is compatible with the *FSA's consumer* protection statutory objective.

17.2 Internal complaint handling procedures: general requirements

17.2.1 **R** *A credit union must establish, maintain and implement appropriate and effective internal complaint handling procedures (which must be written down) for handling any expression of dissatisfaction whether oral or written, and whether justified or not, from or on behalf of an eligible complainant about that credit union’s provision of, or failure to provide, a financial services activity.*
01.07.02/001

17.2.2 **G** *An eligible complainant is a person who would be eligible to refer a complaint to the Financial Ombudsman Service. The term is defined for all firms in DISP 2.4, but guidance for credit unions is provided at CRED 17.3 below.*
01.07.02/001

17.2.3 **G** *Credit unions are not obliged to restrict their internal complaint handling procedures to expressions of dissatisfaction from eligible complainants. They may, if they wish, also establish procedures for handling complaints from other persons.*
01.07.02/001

17.2.4 **G** *The internal complaint handling procedures should provide for:*
01.07.02/001

- (1) receiving complaints;
- (2) responding to complaints;
- (3) the appropriate investigation of complaints;
- (4) notifying complainants of their right to go to the *Financial Ombudsman Service*, where relevant.

17.2.5 **G** *When deciding what constitutes an appropriate complaint handling procedure, a credit union should have regard to:*
01.07.02/001

- (1) the type of business it undertakes;
- (2) its size and organisational structure;
- (3) the nature and complexity of the complaints it is likely to receive; and
- (4) the number of complaints it is likely to receive and have to investigate.

17.2.6 **G** *A credit union is not prevented from using a third party administrator (for example, an outside organisation) for the purposes of handling complaints.*
01.07.02/001

17.2.7 **G** *In establishing their internal complaint handling procedures, credit unions may wish to take account of British Standard 8600:1999 “Complaints Management Systems – Guide to Design and Implementation”. This is available on request from the FSA.*
01.07.02/001

17.2.8 **R**
01.07.02/001

A credit union must:

- (1) refer in writing to the availability of its internal complaint handling procedures when, or as soon as possible after, a *person* is admitted as a member or juvenile depositor;
- (2) publish details of its internal complaint handling procedures, supply a copy on request and supply a copy automatically to the complainant when it receives a complaint (unless the complaint is resolved by close of business on the next business day); and
- (3) display at its registered office a notice that it is covered by the *Financial Ombudsman Service*.

17.2.9 **G**
01.07.02/001

In order to comply with CRED 17.2.1R, a *credit union* may include reference to its complaint handling procedures in documentation supplied to members, for example its membership pack or the first piece of correspondence sent to a member or juvenile depositor after he joins the *credit union*.

17.2.10 **G**
01.07.02/001

A *credit union* may also, if it wishes to do so, disclose the fact that it is covered by the *Financial Ombudsman Service* by including the *Financial Ombudsman Service* logo in any marketing literature or correspondence directed at members or juvenile depositors, provided that it does so in a way which is not misleading.

17.2.11 **R**
01.07.02/001

A credit union's internal complaint handling procedures must make provision for:

- (1) complaints to be investigated by a suitable *person* (*officer, director* or member of staff of the *credit union*) who, where appropriate, was not directly involved in the matter which is the subject of the complaint;
- (2) the *person* charged with responding to complaints to have the authority to settle complaints (including the offering of redress where appropriate) or to have ready access to someone who has the necessary authority; and
- (3) responses to complaints to address adequately the subject matter of the complaint and, where a complaint is upheld, to offer appropriate redress.

17.2.12 **R**
01.07.02/001

Where a *credit union* decides that redress is appropriate, it must provide a complainant with fair compensation for any acts or omissions for which it was responsible and comply with any offer of redress which the complainant accepts.

17.2.13 **R**
01.07.02/001

A *credit union* must take all reasonable steps to ensure that all *relevant persons* (whether *officers, directors* or volunteers) are aware of the *credit union's* internal complaint handling procedures and must endeavour to ensure that they act in accordance with them.

17.2.14 **R**
01.07.02/001

A *credit union* must put in place appropriate management controls and take reasonable steps to ensure that it handles complaints fairly,

consistently and promptly, and that it identifies and remedies any recurring or systemic problems, as well as any specific problem identified by a complaint.

17.2.15 
01.07.02/001

The internal complaint handling procedures should enable complainants to make a complaint by any reasonable means (for example by letter, telephone, or in person).

17.2.16 
01.07.02/001

A *credit union's* correspondence and literature relating to complaints should be in clear and plain language.

17.2.17 
01.07.02/001

The *FSA* will take account of the size and nature of the *credit union* in applying the requirements.

17.2.18 
01.07.02/001

In deciding whether or not to accept a complaint and what would be appropriate redress, *credit unions* may wish to consider any relevant *guidance* published by the *FSA* or the *Financial Ombudsman Service*.

17.2.19 
01.07.02/001

Appropriate redress will not always involve financial redress. It may, for example, simply involve an apology. Where financial redress is deemed appropriate, it may include a reasonable rate of interest.

17.3 Eligible complainants

17.3.1

01.07.02/001

The definition of *eligible complainant* in DISP 2.4 applies for the purposes of this chapter.

17.3.2

01.07.02/001

The FSA regards the general definition of *eligible complainant* as meaning, in the *credit union* context:

- (1) those having a direct relationship with the *credit union*:
 - (a) members, potential members and former members of the *credit union*;
 - (b) juvenile depositors, potential juvenile depositors and former juvenile depositors of the *credit union*.
- (2) those having an indirect relationship with the *credit union*:
 - (a) businesses with a turnover of less than £1million (where, for example, the business has guaranteed a member's loan); if in doubt a *credit union* should assume that the business is eligible;
 - (b) beneficiaries of those having a direct relationship with the *credit union* (where, for example, a *person* has been nominated to receive property on a *person's* death).
- (3) the representatives of those having a direct or indirect relationship with the *credit union* (where, for example, a *person* is acting on behalf of a deceased member).

17.4 Internal complaint handling procedures: additional requirements

17.4.1

R

01.07.02/001

The additional requirements in *CRED 17.5 – CRED 17.7* (on time-limits, record-keeping; reporting and cooperation with *Ombudsman*) do not apply:

- (1) where the *credit union* has taken reasonable steps to determine, and has determined, that the complaint:
 - (a) is not made by, or on behalf of, an *eligible complainant*; or
 - (b) does not relate to an activity of that *credit union* which comes under the jurisdiction of the *Financial Ombudsman Service*; or
 - (c) does not involve an allegation that the complainant has suffered, or may suffer, financial loss, material distress or material inconvenience; or
- (2) where the complaint has been resolved by close of business on the business day following receipt.

17.4.2

G

01.07.02/001

DISP 2.6 sets out the activities which come under the jurisdiction of the *Financial Ombudsman Service*, as follows:

- (1) *regulated activities*;
- (2) lending *money* secured by a charge on land;
- (3) lending *money* (other than *restricted credit*);
- (4) paying *money* by a *plastic card* (other than a *store card*);
- (5) the provision of ancillary banking services.

17.4.3

G

01.07.02/001

Financial loss includes indirect or future loss, in addition to actual loss. For example, a complaint may involve an allegation that the complainant may suffer financial loss which has not yet occurred.

17.5 Time limits for dealing with a complaint

- 17.5.1** **R** 01.07.02/001 A *credit union* must send a written acknowledgement of a complaint within five business days of its receipt, giving the name or job title of the *person* handling the complaint within the *credit union* (together with details of the *credit union's* internal complaint handling procedures).
- 17.5.2** **G** 01.07.02/001 A *credit union* that is able to provide a *final response* within five business days of receipt of a complaint may combine its acknowledgement of the complaint with the *final response*.
- 17.5.3** **G** 01.07.02/001 A *credit union* should aim to resolve complaints at the earliest possible stage.
- 17.5.4** **R** 01.07.02/001 By the end of eight weeks after its receipt of a complaint, the *credit union* must send the complainant either:
- (1) a *final response*; or
 - (2) a response which;
 - (a) explains that the *credit union* is still not in a position to make a *final response*, gives reasons for the further delay and indicates when it expects to be able to provide a *final response*; and
 - (b) informs the complainant that he may refer the complaint to the *Financial Ombudsman Service* if he is dissatisfied with the delay and encloses a copy of the *Financial Ombudsman Service's* explanatory leaflet.
- 17.5.5** **R** 01.07.02/001 When a *credit union* sends a complainant its *final response*, the *final response* must:
- (1) inform the complainant that he may refer the complaint to the *Financial Ombudsman Service* if he is dissatisfied with the *final response* and that he must do so within six *months*; and
 - (2) enclose a copy of the *Financial Ombudsman Service's* explanatory leaflet (unless it has already done so).
- 17.5.6** **G** 01.07.02/001 Copies of the *Financial Ombudsman Service's* explanatory leaflet may be reproduced under licence or can be obtained from the *Financial Ombudsman Service*.

17.5.7

G

01.07.02/001

Under CRED 17.5.4R and CRED 17.5.5R:

- (1) even if the *credit union* has failed to resolve the complaint within eight weeks, the complainant may decide to give the *credit union* more time before exercising any right he may have to refer a complaint to the *Financial Ombudsman Service*; and
- (2) the six *month* time limit within which a complainant must refer a complaint to the *Financial Ombudsman Service* begins at the date when the *final response* is sent by the *credit union*.

17.6 Record Keeping and Reporting

17.6.1 **R** **A credit union must make and retain records of complaints (except those referred to in CRED 17.4.1R) for a minimum period of three years from the date of its receipt of a complaint.**

01.07.02/001

17.6.2 **G** **The records required are for the purposes of monitoring by the FSA and also to ensure that the credit union is able to cooperate, as necessary, with the Financial Ombudsman Service. These should include:**

01.07.02/001

- (1) the name of the complainant;
- (2) the substance of the complaint; and
- (3) any correspondence between the credit union and the complainant, including details of any redress offered by the credit union.

17.6.3 **R** **A credit union must provide the FSA, on an annual basis, with a report containing (for the year ending 31 March) information about:**

01.07.02/001

- (1) the total number of complaints received by the credit union (except those referred to in CRED 17.4.1R) broken down according to the categories and in respect of each of the generic product types listed at DISP 1 Annex R which are relevant to the credit union; and
- (2) the number of complaints closed by the credit union within:
 - (a) eight weeks of receipt; and
 - (b) more than eight weeks after receipt.
- (3) the total number of complaints outstanding at the end of the reporting period.

17.6.4 **G** **Where a complaint could fall into more than one category, the complaint should be recorded against the category that the credit union considers to form the main part of the complaint.**

01.07.02/001

17.6.5 **R** **For the purposes of CRED 17.6.3R, reports are to be submitted to the FSA within one month of the end of the relevant reporting period.**

01.07.02/001

17.6.6 **G** **The reports will form part of a credit union's quarterly return.**

01.07.02/001

17.6.7
01.07.02/001

R

For the purposes of making reports under *CRED* 17.6.3R, a closed complaint is a complaint:

- (1) where the *credit union* has sent a *final response*;
- (2) where the complainant has positively indicated acceptance of the *credit union's* earlier response; or
- (3) where the complainant has failed to revert to the *credit union* within eight weeks of the *credit union's* most recent letter.

17.6.8
01.07.02/001

G

The address to which reports should be sent is: The *FSA*, 25 The North Colonnade, Canary Wharf, London, E14 5HS

17.6.9
01.07.02/001

R

For the purpose of inclusion in the public record maintained by the *FSA*, a *credit union* must provide the *FSA*, at the time of its *authorisation*, with details of a single contact within the *credit union* for complainants, and in its quarterly return must notify the *FSA* of any subsequent change.

17.6.10
01.07.02/001

G

The contact point can be by name or job title and may include, for example, a telephone number.

17.7 Cooperation by credit unions with the Ombudsman

17.7.1  **A credit union must cooperate fully with the Ombudsman in the handling of complaints against it.**

01.07.02/001

17.7.2  Cooperation with the *Ombudsman* includes, but is not limited to, producing requested *documents*, adhering to any specified time limits, attending hearings when requested to do so and complying promptly with any settlements or awards.

01.07.02/001

Schedules

Credit unions

Schedule1 Record keeping requirements

G

1 Table

The aim of the *guidance* in the following table is to give the reader a quick overall view of the relevant record keeping requirements.

It is not a complete statement of those requirements and should not be relied on as if it were.

2 Table Record keeping requirements

Handbook reference	Subject of reference	Contents of record	When record must be made	Retention period
CRED 4.2.11G	Apportionment of significant responsibilities	Record of arrangements and how responsibilities are shared.	Immediately	6 years
CRED 12.2.3G	<i>Money Laundering</i>	Reference to <i>ML 7</i> in relation to compliance and record keeping.	On-going in accordance with <i>ML 7</i>	5 years from dates specified in <i>ML 7.3</i>
CRED 12.7.1G	<i>Money Laundering</i>	Specifies retention periods in relation to evidence of identity etc.	On-going	As per <i>ML 7</i>
CRED 17.6.1R	Complaints Handling	Specifies retention period of complaints.	From date of receipt	3 years

Credit unions

Schedule2 Notification requirements

G

1 Table

The aim of the *guidance* in the following table is to give the reader a quick overall view of the relevant requirements for notification and reporting.

It is not a complete statement of those requirements and should not be relied upon as if it were.

2 Table Notification requirements

Handbook reference	Matter to be notified	Contents of notification	Trigger event	Time allowed
CRED 4.3.5R	Business plan	Copy of business plan.	Upon request	As soon as reasonably practical
CRED 4.3.7R	Policies and procedures manual	Copy of policies and procedures manual. Wide range of detail as specified as guidance in Chapter 4.	Upon request	As soon as reasonably practical
CRED 4.3.9R	Documented system of control	Systems of control.	Upon request	As soon as reasonably practical
CRED 7.1.18R	Financial risk Management Policy	Statement of financial risk management policy.	On conversion to version 2	Upon request to convert to version 2
CRED 6.3.12G	<i>Approved Persons</i>	Application to perform a <i>controlled function</i> . Notice to withdraw application. Notice of ceasing to perform.	When applicable	Asap Asap Within 7 days of cessation
CRED 9.3.3R	Liquidity	Notification of changes in application details. Liquidity Management Policy Statement for <i>version 2 credit unions</i> .	After adoption and/or review or amendment	Asap As soon as reasonably practical
CRED 10.3.1R – CRED 10.3.2R	Lending Policy	Current lending policy statement.	After adoption and/or review or amendment	As soon as reasonably practical

CRED 10.5.5G	Large <i>Exposures</i>	Limits on large <i>exposures</i> to avoid concentration of risk.	Upon request	As soon as reasonably practical
CRED 12.6.1G	<i>Money Laundering</i>	Report from <i>MLRO</i> .	Upon request	As soon as reasonably practical
CRED 14.5.3G	Appointment of Auditors	Notification of vacancy of auditor. Notification of appointment of auditor.	As applicable	Immediately
CRED 14.5.21G	Matters raised by auditors	Possible notification to the <i>FSA</i> of any written <i>communication</i> from its auditor commenting on internal controls.	When relevant	Immediately
CRED 14.5.30G	Duties of auditors on ceasing to audit a <i>credit union</i>	Notification of his removal by the <i>credit union</i> . Resignation before his term in office expires. Is not re-appointed by a <i>credit union</i> .	When applicable	Immediately
CRED 14.5.31G	Duties of the auditors on ceasing to audit a <i>credit union</i>	Notification of any matter connected with cessation of duties that should be drawn to the <i>FSA</i> 's attention or that there is no such matter.	When applicable	Immediately

CRED 14.11.13G	Core information requirements	Change in name, address or legal structure.	As soon as the <i>credit union</i> is aware	Immediately
CRED 14.11.16G	Inaccurate, false or misleading information	Notification that information already provided is incorrect.	As soon as the <i>credit union</i> is aware	Immediately
CRED 14.12.5R	Quarterly Return	Quarterly return form.	End of quarter	1 month after quarter event
CRED 14.12.7R	Annual Return	Annual Return.	End of financial year	7 months after financial year end
CRED 17.6.3R	Complaints	Number of complaints received.	Year ending 31 March	30 April
CRED 17.6.9R	Record Keeping & Reporting	Change in <i>credit union</i> contact for complaints handling.	As appropriate	Via the next quarterly return

Credit unions

Schedule3 Fees and other required payments

G

1 Table

There are no requirements for fees or other payments in *CRED*.

Credit unions

Schedule4 Powers exercised

G

1 Table

The following powers and related provisions in the *Act* have been exercised by the *FSA* to make the rules in *CRED*:

- (1) Section 138 (General rule-making power);
- (2) Section 149 (Evidential provisions); and
- (3) Section 156 (General supplementary powers).

The following power in the *Act* has been exercised by the *FSA* to give *guidance* in *CRED*:

- (1) Section 157(1) (Guidance).

Credit unions

Schedule5 Rights of actions for damages

G

1 Table

The table below sets out the *rules* in *CRED* contravention of which by an *authorised person* may be actionable under Section 150 of the *Act* (Actions for damages) by a *person* who suffers loss as a result of the contravention.

If a "Yes" appears in the column headed "For private person?", the *rule* may be actionable by a "private person" under section 150 (or, in certain circumstances, his fiduciary or representative). A "Yes" in the column headed "Removed" indicates that the *FSA* has removed the right of action under Section 150(2) of the *Act*. If so, a reference to the *rule* in which it is removed is also given.

The column headed "For other person?" indicates whether the *rule* is actionable by a *person* other than a *private person* (or his fiduciary or representative). If so, an indication of the type of *person* by whom the *rule* is actionable is given.

2 Table Actions for damages: Credit unions sourcebook

Chapter / Appendix	Section / Annex	Paragraph	Right of action under section 150		
			For private person?	Removed?	For other person?
All <i>rules</i> in <i>CRED</i> with the status letter 'E'.			No	No	No
All other <i>rules</i> in <i>CRED</i> .			Yes	No	No

Credit unions

Schedule6 Rules that can be waived

G

1 Table

The *rules* made in *CRED* can be *waived* by the *FSA* under section 148 of the *Act* (Modification or waiver of rules).

CRED includes *guidance* on *rules* made in other parts of the *Handbook*. Reference should be made to those parts of the *Handbook* concerning *waiver* of those *rules*.

Credit unions

Schedule 7 Consolidated schedule of releases

1 Table

This schedule will list by serial number each release containing amendments made to *CRED* since it was first published. Since *CRED* is being published for the first time, there are no entries in this schedule.

**CREDIT UNIONS SOURCEBOOK
(CONSEQUENTIAL AMENDMENTS) INSTRUMENT 2001**

Powers exercised

- A. The Financial Services Authority amends the Supervision manual, the Complaints sourcebook and the Glossary in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (the "Act"):
- (1) section 138 (General rule-making power);
 - (2) section 149 (Evidential provisions);
 - (3) section 156 (General supplementary powers);
 - (4) section 157(1) (Guidance); and
 - (5) section 340 (Appointment).
- B. The provisions of the Act relevant to rules and listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

Commencement

- C. This instrument comes into force on 1 July 2002.

Amendments to SUP, DISP and the Glossary

- D. The Supervision manual, the Complaints sourcebook and the Glossary are amended in accordance with:
- (1) Annex A to this instrument (Amendments to SUP, DISP and the Glossary); and
 - (2) Annex B (Forms QR and AR).

Citation

- D. This instrument may be cited as the Credit Unions Sourcebook (Consequential Amendments) Instrument 2001.

By order of the Board
20 December 2001

Annex A
Amendments to SUP, DISP and the Glossary

In this Annex, where amendments are shown rather than described, underlining indicates new text and striking through indicates deleted text.

Supervision manual

SUP 3.1.2R Insert the following new row in the table:

Category of firm		Sections applicable to the firm	Sections applicable to its auditor
(5 A)	<i>Credit union</i>	<i>SUP 3.1- SUP 3.7</i>	<i>SUP 3.1, SUP 3.2, SUP 3.8</i>

SUP 16.1.3R Amend the rows for SUP 16.4 and SUP 16.5, and for SUP 16.7, as shown:

16.1.3 R Table Application of different sections of SUP 16

(1) Sections	(2) Categories of firm to which section applies	Applicable rules and guidance
<i>SUP 16.4 and SUP 16.5</i>	All categories of <i>firm</i> except: (-a) a <i>credit union</i>; (a) an <i>ICVC</i> ;	Entire sections
<i>SUP 16.7</i>	<u><i>Credit union</i></u> <u><i>Bank,....</i></u>	<u><i>SUP 16.7.62R to 16.7.63R</i></u>

SUP 16.4.1G Amend as shown :

16.4.1 G The effect of *SUP 16.1.1R* is that this section applies to every *firm* except:

~~(-1) a *credit union*;~~

(1) an *ICVC*;

....

SUP 16.5.1G Amend as shown :

16.5.1 G The effect of SUP 16.1.1R is that this section applies to every *firm* except:

(-1) a credit union;

(1) an ICVC;

....

SUP 16.7.5G Insert the following new row at the beginning:

Firm category	Applicable rules and guidance
<i>Credit union</i>	SUP 16.7.62R to SUP 16.7.63R

SUP 16.7 After SUP 16.7.61G, insert the following new heading and rules:

Credit unions

16.7.62 R A *credit union* must submit reports to the FSA in accordance with, and in the same format as, the forms contained in SUP 16 Ann 13R, as set out in SUP 16.7.63R.

16.7.63 R Table: Financial reports required from a credit union (see SUP 16.7.62R)

Content of report	Form	Frequency	Due date
Key financial data	QR	Quarterly	One <i>month</i> after quarter end
Annual audited financial statement	AR	Annually	Seven <i>months</i> after financial year end

SUP App 1 1.3.1G Insert an additional row in the appropriate alphabetical position, and amend Note 2, as shown:

Prudential categories (Note 1)	Applicable prudential requirements (Note 2)	Prudential sub-categories
<u><i>Credit union</i></u>	<u><i>CRED 7, 8, 9, and 10</i></u>	<u><i>Version 1 credit union</i></u> <u><i>Version 2 credit union</i></u>
Note 2 = Only the requirements in the Interim Prudential sourcebooks, and LLD₂ and <u><i>CRED</i></u> are listed in the column. Requirements in other parts of the <i>Handbook</i> will also apply.		

Complaints sourcebook

DISP 1.1.1R Amend as shown:

This chapter applies to every *firm* in respect of activities carried on from an establishment maintained by the *firm* (or its *appointed representative*) in the *United Kingdom*, except:

(1)(a) a *firm* that is exempt under *DISP* 1.1.7R; or

(b) a *UCITS qualifier*; or

(c) an *authorised professional firm* in so far as its *non-mainstream regulated activities* are concerned; or

(d) a *credit union*; or

(2) in relation to the Society of Lloyd's and members of the Society and managing agents, *DISP* 1 applies subject to *DISP* 1.7 (The society of Lloyd's).

DISP 1.1.4G Renumber the existing provision as (1) and insert the following new paragraph:

“(2) *Rules and guidance* relating to complaints handling by *credit unions* are contained in *CRED* 17.”

Glossary

Delete the existing definition of “credit union”

Insert the following new definitions in the appropriate alphabetical position:

<i>credit union</i>	a body corporate registered under the Industrial and Provident Societies Act 1965 as a credit union in accordance with the Credit Unions Act 1979, which is an <i>authorised person</i> .
<i>registered only credit union</i>	a body corporate registered under the Industrial and Provident Societies Act 1965 as a credit union in accordance with the Credit Unions Act 1979, which is not an <i>authorised person</i> .
<i>version 1 credit union</i>	a <i>credit union</i> whose <i>Part IV permission</i> includes a <i>requirement</i> that it must not lend more than £10,000 in excess of a member's shareholding; in this definition a "member's shareholding" means any shares held by a member of the <i>credit union</i> within limits set by section 5 of the Credit Unions Act 1979.
<i>version 2 credit union</i>	a <i>credit union</i> which is not a <i>version 1 credit union</i> .

Annex B
Forms QR and AR

After SUP 16 Ann 12 G, insert:

Sup 16 Ann 13R: Forms QR and AR

NOTES TO THE FINANCIAL STATEMENTS

1. Principal accounting policies

Basis of accounting

The Credit Union is registered under the Industrial and Provident Societies Act 1965. The financial statements have been prepared under the historical cost accounting rules in accordance with the Industrial and Provident Societies Acts 1965 to 1978 and the Credit Unions Act 1979. Applicable accounting standards have been followed.

Fixed assets

Fixed assets are stated at cost. Depreciation of fixed assets is charged by equal annual instalments commencing with the year of acquisition at rates estimated to write off their cost less any residual value over their expected useful lives as follows:

Freehold offices years

Leasehold offices Over period of lease

Office equipment years

Investments

These are stated at cost, less provision for permanent diminution in value where necessary.

Subsidiary companies

The Credit Union has no subsidiary companies.

Provision for doubtful debts

This is made in accordance with guidance issued by the Registry of Friendly Societies.

Amount of interest

Interest receivable on loans and other investments and payable on loan made to the Credit Union are accrued.

Juvenile depositors

The amounts received by the Credit Union for juvenile depositors are held in a trust fund for those depositors and are excluded from the Revenue account and the statement of cash flow except to the extent of a charge for the administration of the trust fund.

AUDITORS' REPORT

to the members of the credit union

We have audited the financial statements on pages 2 to 16 which have been prepared under the accounting policies set out on pages 7 and 8.

Respective responsibilities of the committee of management and auditors

As described on page 19 the committee of management is responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to the credit union.

Basis of Opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the committee of management in the preparation of the financial statements, and of whether the accounting policies are appropriate to the credit union's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material mis-statement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Statement of committee of management's responsibilities

The committee of management are required under credit union legislation to prepare financial statements, for each financial year, which give a true and fair view of the state of affairs of the credit union at the end of the financial year, and of the income and expenditure of the credit union for the year ended on that date.

In preparing these financial statements they are required to:

- select suitable accounting policies and apply them consistently;
- make reasonable and prudent judgements and estimates;
- state whether accounting standards have been followed, and give details of any departures; and
- prepare the financial statements on a going concern basis unless in their view the credit union will be unable to continue in operation.

They are also responsible for:

- keeping proper accounting records;
- maintaining a satisfactory system of control over the accounting records and transactions;
- safeguarding the credit union's assets; and
- taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statutory compliance with Credit Unions Act 1979

Did any shareholding exceed the maximum permitted during the financial year? *[S. 5(3)]*

Did any amount borrowed by the credit union at any time during the year exceed in the aggregate one half of the total paid-up share capital? *[S. 10(1)]*

Did any juvenile depositor at any time during the year have a balance in excess of the statutory maximum? *[S. 9(1)]*

Did the rate of interest charged at any time during the year exceed the statutory maximum? *[S. 11(5)]*

Were all members individuals above the age of sixteen? *[S. 9(1)]*

Has the Credit Union held, purchased or taken on lease in its own name any land for a purpose other than conducting its business thereon? *[S. 12(1)]*

Are all juvenile deposits kept apart from the general funds of the credit union and invested only in "narrower range" investments under the Trustee Investments Act 1961? *[S.9(2)]*

Is any person directly or indirectly concerned in the management of the credit union an undischarged bankrupt or a person convicted on indictment of any offence involving fraud or dishonesty? *[S. 27]*

Fidelity Insurance (Section 15 Credit Unions Act 1979)

Policy issued by

Aggregate value of share subscriptions and deposits received and not repaid at relevant date

Date of inception of policy or last renewal

Amount of cover in respect of:
a. any one claim

Date of expiry of policy

b. all claims made in any one year

Date of next renewal of policy

Relevant date

Were any claims made on the policy during the period covered by the return ?

In accordance with the requirements of the Friendly and Industrial and Provident Societies Act 1968, the financial statements on pages 2 to 16 and the other reportable items on pages 1 and 18 to 20, which together comprise the annual return of the credit union, were approved by the committee of management on

and signed on its behalf by:

	Signature	NAME in BLOCK CAPITALS
