<p><i>FRAs, swaps, futures, purchased options, and other contracts for differences</i></p> <p>A = the replacement cost of the contract</p> <p>N = the notional or actual principal amount or value underlying the contract</p> <p>For contracts with multiple exchanges of principal, the % of N has to be multiplied by the remaining number of payments still to be made according to the contract.</p> <p>In the case of a derivative referenced on a bond which satisfies the criteria for a <i>qualifying debt security</i>, the %N applicable to interest rate derivatives may be utilised to calculate the credit equivalent amount. For a derivative referenced on a 'non-qualifying' bond, the credit equivalent amount must be calculated with reference to the %N applicable to equity derivatives.</p> <p>For contracts that are structured to settle outstanding exposure following specified payment dates and where the terms are reset such that the market value of the contract is zero on these specified dates, the residual maturity would be equal to the time until the next reset date. In the case of interest-rate contracts that meet these criteria and have a remaining maturity of over one year, the percentage is no lower than 0.5%.</p>		

Sums due for payment or owed on closed out derivative transactions

10-174 (4) R When a counterparty has not fully met amounts owed to a *firm* arising out of losses on closed out *derivative* transactions through the deposit of *acceptable collateral* not otherwise used, or has not fully settled amounts owed in respect of periodic or final settlement of transactions, a *firm* must calculate *CRR* equal to the unpaid loss multiplied by the appropriate percentage from the Table 10-174(5) below.

10-174 (4A) R In the case of a failed FX transaction (whether originally contracted for *forward* settlement, or undertaken in the spot market) where the *firm* has released funds to its counterparty, but has not received the funds in the alternative currency, the *CRR* must be calculated as the gross value of the funds not received, multiplied by the appropriate percentage from Table 10-174(5) below.

CRR percentages

10-174 (5) R A *firm* must multiply the counterparty exposure by the appropriate percentage from the table below, but:

- (a) may opt to calculate *CRR* using the highest available credit percentage in the table below in order to avoid undue complication; and
- (b) may reduce the counterparty weight applicable to counterparty exposures calculated in accordance with (3)(c) above to 50%, where the counterparty would normally attract a counterparty weight of 100% in accordance with Appendix 47.

R TABLE 10-174(5) - CRR percentages

Type of Contract	Nature of counterparty to whom counterparty exposure exists	Business days after counterparty exposure first occurred	
		0 - 5	6 or more
Failed FX Transaction	Any	8% x counterparty weight*	100%
Other	A counterparty granted a credit line under an <i>ACMP</i>	8% x counterparty weight*	
	A counterparty not granted a credit line under an <i>ACMP</i>	8% x counterparty weight*	100%

Netting

10-174 (6) R A firm may offset counterparty exposures arising on *derivative* transactions calculated in accordance with (2), (3) and (4) above before it multiplies the residual exposure by the appropriate *CRR* percentage as follows:

- (a) variation margin payable to a counterparty against an initial *margin requirement* or variation *margin requirement* receivable from a counterparty;
- (b) variation margin payable to a counterparty against a positive “A” as calculated in accordance with Table 10-174(3A);
- (c) a negative “A” as calculated in accordance with Table 10-174(3A) against an initial *margin requirement* or variation *margin requirement* receivable from a counterparty;
- (d) a negative “A” against a positive “A” in each case as calculated in accordance with Table 10-174(3A);
- (e) loss on a closed out *derivative* transaction which has not been settled against variation margin payable to a counterparty;
- (f) loss on a closed out *derivative* transaction which has not been settled against negative “A” calculated in accordance with Table 10-174(3A);

* for details of counterparty weights, see Appendix 47

- (g) profit on a closed out *derivative* transaction which has not been settled against an initial *margin requirement* or variation *margin requirement* receivable from a counterparty;
- (h) profit on a closed out *derivative* transaction which has not been settled against a loss on a closed out *derivative* transaction;
- (i) profit on a closed out *derivative* transaction which has not been settled against a positive “A” as calculated in accordance with Table 10-174(3A);
- (j) premium receivable in respect of written *options* against variation margin payable, initial margin payable or a closed out profit payable to the counterparty or a negative “A” as calculated in accordance with Table 10-174(3A);
- (k) where the *firm* has received the premium due for a written *option*, a negative “A” (the replacement cost) for the written *option* against a positive “A” in each case as calculated in accordance with Table 10-174(3A); or
- (l) in the case of *perfectly matched contracts* these may be treated as a single contract with a notional principal equivalent to the net receipts; or
- (m) where transactions are subject to (3)(c) above, the potential future credit exposures (PFCE) on transactions with the same counterparty (i.e. % o N) may be netted in accordance with Table 10-174(6) below,

provided that:

- (i) the exposures arise on transactions with the same counterparty; and
- (ii) the *firm* has a written agreement, supported by a legal opinion obtained in accordance with rule 10-170(10).

Table 10-174(6)

The netted PFCE is the sum of:	
step one	40% of gross PFCE
step two	60% of gross PFCE multiplied by the net-to-gross ratio (NGR)
<p>Notes:</p> <p>NGR = $\frac{\text{(net replacement cost)}}{\text{(gross replacement cost)}}$</p> <p>The NGR must be calculated on all contracts included in a legally valid bilateral netting agreement with a given counterparty.</p>	

Equivalent contracts

- 10-174 (7) R** Rule 10-174(3)(c) also applies to contracts, which, although they are listed on an exchange are fully dependent upon the issuer for performance (e.g. covered warrants).

Sub-total

- 10-174 (8) R** The sum of the amounts calculated in accordance with this rule is the *firm's CRR for derivative transactions*.

- 10-175** Other amounts owed to a firm arising out of trading book business

General rule

- 10-175 (1) R** A *firm* must calculate for each other amount owed arising out of *trading book* business a *CRR* by multiplying the counterparty exposure by the appropriate percentage in Table 10-175(4).

Collateral

- 10-175 (2) R** A *firm* may:
- (a) reduce the counterparty exposure on which its *CRR* is calculated to the extent that it holds *acceptable collateral*, to cover that exposure; and
 - (b) where it does not have an *ACMP*, may continue to multiply the counterparty exposure by 8% multiplied by the counterparty weight, to the extent that the *firm* holds *adequate collateral* to cover that exposure.

Counterparty exposure

- 10-175 (3) R** The counterparty exposure for an other amount owed to a *firm* arising out of *trading book* business is the balance sheet value.

CRR percentages

- 10-175 (4) R** A *firm* must multiply the counterparty exposure by the appropriate percentage from the table below, except that accrued interest or accrued dividends on *trading book investments* shall be subject to a **CRR of 8%** multiplied by the counterparty weight until the counterparty exposure has been outstanding for more than 15 *business days* after the date that it was due to be received, after which the percentage will increase in accordance with Table 10-175(4).

R TABLE 10-175(4) - CRR percentages

Nature of counterparty to whom counterparty exposure exists	Business days after counterparty exposure first recorded in accounts			
	0-15	16-30	31-45	46 or more
A counterparty granted a credit line under an <i>ACMP</i>	8% x counterparty weight*			
A counterparty not granted a credit line under an <i>ACMP</i>	8% x counterparty weight*	50% x counterparty weight*	75% x counterparty weight*	100%

Netting

- 10-175 (5) R** A *firm* may reduce the value of the amounts owed to the *firm* by an amount owed by the *firm* to a counterparty before it multiplies this by 100% provided that:
- (a) the exposures arise with the same counterparty; and
 - (b) the *firm* has a written agreement supported by a legal opinion obtained, in accordance with rule 10-170(10).

* For details of counterparty weights, see Appendix 47

Sub-total

- 10-175 (6) R** **The sum of the amounts calculated in accordance with this rule is the *CRR* for other amounts owed to a *firm* arising out of *trading book* business.**

Trading book qualifying deposits

- 10-176 R** **A *firm* must calculate a *CRR* for a *trading book qualifying deposit* as 8% of the value of the deposit multiplied by the appropriate counterparty weight, except that there is no *CRR* for deposits which are secured by *acceptable collateral*.**

LARGE EXPOSURES REQUIREMENT

10-190 General principles of LER

Application

10-190 (1) R **A *firm* must comply with rules 10-190 to 10-195 on both a solo and consolidated basis, except that a *firm* with a waiver from consolidated supervision in accordance with rule 10-204 or which is exempt under rule 10-200(2), must comply with rules 10-190 to 10-195 on a solo basis only and also with rule 10-196.**

General rule

10-190 (2) R **A *firm* must calculate its total *LER* on all *exposures* to third parties and *groups of connected third parties* arising from its *trading book* and *non-trading book* business, in accordance with rules 10-190 to 10-195, excluding:**

- (a) ***exposures* connected with foreign *exchange* transactions incurred in the ordinary course of settlement during the two *business days* following due payment date; and**
- (b) ***exposures* in connection with transactions for the purchase or sale of *securities* incurred in the ordinary course of settlement during the five *business days* following and including due payment date or due delivery of the *securities*, where neither cash nor *securities* have been delivered.**

Frequency of calculation

10-190 (3) R **A *firm* must be able to calculate its *LER* at least once each day and before executing any transaction be able to re-calculate it to the level of detail necessary to ensure that the *firm's financial resources requirement* does not exceed the *firm's financial resources*.**

Exposures to connected third parties

10-190 (4) R ***Exposures* to a *group of connected third parties* must be aggregated and treated as if they are a single *exposure*.**

Trustee

10-190 (5) R **Transactions entered into by a *firm* as trustee are excluded from the scope of *LER*.**

10-191 Types of exposure

General

10-191 (1) R For the purposes of rules 10-190 to 10-195 and 10-32(3) to (7), “*exposure*” includes any *trading book issuer exposure*, *trading book counterparty exposure* and *non-trading book exposure*, except where explicitly exempt elsewhere in those rules.

G A transaction could result in both issuer and a counterparty *exposure*.

Trading book issuer exposure

10-191 (2) R A *trading book issuer exposure* is the market value of the net long position, taking account of all actual and notional long and short positions, in either debt or equity instruments including any underlying *derivatives*, *convertibles* and *warrants* issued by a third party which are held in the *firm’s trading book*.

10-191 (3) R A *trading book issuer exposure* for a *derivative* should be determined with reference to the underlying notional *securities* position in accordance with (a) to (j) below.

Futures, forwards and FRAs

(a) A *future* or *forward* on a government *security* or an interest rate does not generate an issuer *exposure*.

(b) An *FRA* does not generate an issuer *exposure*.

(c) A *future* or *forward* on a corporate debt *security* or individual equity is treated as an *exposure* to the underlying issuer.

Interest rate, foreign currency and equity swaps

(d) An interest rate or currency *swap* does not generate an issuer *exposure*.

(e) An interest rate leg of an equity *swap* does not generate an issuer *exposure*.

(f) Where the equity leg of an equity *swap* is based on the change in value of an individual equity, it is treated as an *exposure* to the issuer of the equity.

Indices/baskets

(g) Where a *future* on an index, an equity *swap* based on an index or basket of *securities*, or any other index-linked *derivative* is broken down into its constituents by a *firm* for the purposes of calculating *PRR*, an issuer *exposure* is generated for each underlying constituent position.

G Any issuer *exposure* to a *credit* or *financial institution* which arises as a result of rule 10-191(3)(g) should be included within the calculation required under rule 10-61(7), (*material holdings* in credit and *financial institutions*).

(h) Where a *future* on an index, an equity *swap* based on an index or basket of *securities*, or any other index-linked *derivative* is not broken down into its constituents by a *firm* for the purposes of calculating *PRR*, the basket or index position does not generate an issuer *exposure*.

Options

(i) An *option* or *warrant* on an individual corporate debt *security* or equity that is *in the money* must be treated as an *exposure*, at the full value of the underlying (i.e. at a delta of 1), to the issuer of the underlying instrument, unless the *firm* has an approved model in which case the *firm* may use the delta-weighted value of the underlying generated by the model.

(j) An *out of the money option* or *warrant* must not be treated as an *exposure*.

Trading book counterparty exposure

10-191 (4) R A *trading book counterparty exposure* is calculated in accordance with rules 10-170 to 10-176 before applying the appropriate *CRR* percentage.

Calculation of net counterparty exposure

10-191 (5) R Where, in accordance with rules 10-170 to 10-176, net counterparty *exposures* are used for the purposes of calculating *CRR*, the net *exposure* may be used for rules 10-190 to 10-196 and rule 10-32(3) to (7), and the maturity of the net *exposure* is deemed to be the same as that of the underlying positive *exposure* with the longest maturity.

Non-trading book exposure

- 10-191 (6)** R (a) The *non-trading book* counterparty exposure of a firm is the amount at risk, before applying counterparty weights, arising from the *non-trading book* assets calculated in accordance with rules 10-65 to 10-69.
- (b) The *non-trading book* issuer risk is the full market value of the underlying exposure.

10-192 Exposures exempt from LER

Exempt exposures

- 10-192 (1)** R A firm may exclude the following from its LER calculation and the limits set out in rule 10-193:
- (a) exposures to or guaranteed by Zone A central governments or central banks;
 - (b) exposures to or guaranteed by the European Communities;
 - (c) exposures to Zone B central governments or central banks denominated in the national currency of the third party;
 - (d) exposures secured by securities issued by Zone A central governments or central banks, the European Communities or an EEA regional government or local authority which represents no higher a risk than its central government;
 - (e) exposures secured by cash deposited with the firm or its connected credit institution;
 - (f) exposures secured by CDs issued by the firm or its connected credit institution and deposited with one of them;
 - (g) if the firm first notifies the FSA in writing, exposures to the firm's parent, subsidiaries and other subsidiaries of its parent, provided that these entities are subject to consolidated supervision in accordance with rules 10-200 to 10-203;
 - (h) exposures with a residual maturity of one year or less to counterparties which are not connected companies and which are credit institutions, investment firms, recognised third country investment firms, recognised clearing houses and recognised exchanges on which financial instruments are traded, not constituting their own funds;

- (i) asset items constituting claims on and other *exposures* to those institutions which are not *credit institutions* but which are regulated institutions operating in the inter-bank and public debt markets, with a maturity of one year or less, and secured with *acceptable collateral*;
- (j) *exposures* secured by *securities*, provided that:
 - (i) the *securities* were not issued by the *firm* or a member of its group;
 - (ii) the *securities* were not issued by the third party to which the *exposure* arises;
 - (iii) the *securities* are *marked to market*;
 - (iv) the *securities* are traded on a stock exchange or are freely transferable with prices regularly quoted in trading between market professionals;
 - (v) the *mark to market* value of the *securities* is at least 200% of the value of the *exposure* secured except that where the *securities* are:
 - (aa) *shares*, the *mark to market* value of the *securities* must be at least 250% of the value of the *exposure* secured; and
 - (bb) debt *securities* issued by a *credit institution* (which do not constitute its *financial resources*), *EEA* regional government or local authority which does not represent the same risk as its central government, a *multilateral development bank*, the *mark to market* value of the *securities* must be at least 150% of the value of the *exposure* secured;
- (k) *material holdings* in *credit institutions* and *financial institutions* which have been deducted from *financial resources* in accordance with rule 10-61(7);
- (l) *exposures* where the *firm* has already incurred a 100% *PRR*, *CRR* or liquidity adjustment.
- (m) *exposures* consisting of debt securities to *multilateral development banks*;

(n) if the *firm* first notifies the *FSA* in writing, *exposures* with a residual maturity of one year or less to counterparties which are connected to the *firm* and which are *credit institutions, investment firms, recognised third country investment firms, recognised clearing houses* and *recognised exchanges* on which *financial instruments* are traded, not constituting their *own funds*.

G Any part of an *exposure* that is partially covered by collateral, as defined in rules 10-192(1)(d), (e), (f) and (j), is exempt from *LER*.

Optional exemption

10-192 (2) R Where a *firm* has *exposures* to unconnected *credit institutions, investment firms, recognised third country investment firms, recognised clearing houses*, and *recognised exchanges* on which *financial instruments* are traded, not constituting those third parties' *own funds*, it may elect either to:

- (a) disregard exemption 10-192(1)(h) above and exclude 80% of all such *exposures* regardless of maturity; or
- (b) exclude all *exposures* with a maturity of one year or less, 80% of those *exposures* with a maturity of between one and three years and, in the case of marketable debt *securities*, 50% of those *exposures* with a maturity of more than three years.
- (c) if the *firm* first notifies the *FSA* in writing, the election in (a) or (b) above may be made with regard to *exposures* to counterparties which are connected to the *firm* and which are *credit institutions, investment firms, recognised third country investment firms, recognised clearing houses*, and *recognised exchanges* on which *financial instruments* are traded, not constituting those third parties' *own funds*.

G A *firm* should be consistent across all products in its application of (a) and (b) above.

Partially exempt exposures

- 10-192 (3)** **R** **A firm may reduce the exposures in its LER calculation as follows:**
- (a)** **to the extent that an exposure to a counterparty is unconditionally guaranteed by a third party or parent, a firm may treat that part of the exposure as having been incurred to the third party or parent rather than to the counterparty, having given prior written notice to the FSA;**
 - (b)** **by 80%, exposures to or guaranteed by an EEA regional or local authority;**
 - (c)** **undrawn credit facilities to the extent that an agreement has been concluded with the third party or group of connected third parties under which the exposure may be incurred only where it will not cause the firm to exceed the LER limits.**
- G** The exempt exposures detailed in rule 10-192 do not apply to the quarterly reporting of large exposures (see SUP 16).
- 10-193** Limits for trading book and non-trading book exposures
- 10-193 (1)** **R** **A firm's non-trading book large exposures must not individually exceed 25% of own funds as specified in Table 10-61(1)B.**
- 10-193 (2)** **R** **A firm's non-trading book large exposure to any third party connected to the firm, which is not exempt under rule 10-192(1)(g), must not exceed 20% of own funds as specified in Table 10-61(1)B, unless the firm has notified the FSA under rule 10-32(3)(b).**
- 10-193 (3)** **R** **A firm's aggregate non-trading book large exposures must not exceed 800% of own funds.**
- G** A firm's trading book large exposures may individually exceed 25% of financial resources provided that all non-trading book large exposures to the same third party are within the limits set out in (1) and (2) above.

Transitional Provisions

- 10-193 (4)** R **A firm must ensure that, after 31 December 1995, all *non-trading book exposures* entered into before and outstanding at 5 February 1993 which exceed the limits laid down in (1), (2) and (3) above do not exceed their respective values at 5 February 1993 and may be continued until the contractual maturity where the *firm* is legally bound.**
- 10-193 (5)** R **The excess over 25% of *own funds* of any *exposure* subject to the transitional arrangements in (4) above must be included in “D” under rules 10-194(3) and 10-195 below.**
- G In applying rules 10-194(3) and 10-195, a *firm’s excess exposures* under (5) above should be ranked by counterparty weighting, with any *LER* applied to the liquidity adjustment for that *exposure* multiplied by 200% under rule 10-194(3)(d) or by the appropriate percentage in Table 10-194(3) under rule 10-194(3)(e).
- 10-194** Calculation of *LER*
- Method
- 10-194 (1)** R **A firm must apply the following procedures for each *large exposure* which exceeds 25% of *own funds* and must then sum the resultant *LERs* to arrive at its total *LER*.**
- Calculation
- 10-194 (2)** R **For each third party or *group of connected third parties*, a firm must calculate:**
- (a) the total *non-trading book exposure* (R);
 - (b) the total *trading book exposure* (S); and
 - (c) the sum of the total *non-trading book* and *trading book exposures* (T).
- 10-194 (3)** R **Where the value of “R” is less than 25% of the value of *own funds*, the value of “T” may exceed 25% of the value of *financial resources*, subject to an *LER* calculated in accordance with (a) to (e) below:**
- (a) calculate the excess of “T” over 25% of the value of *financial resources*, known as “D”;

- (b) rank the *trading book exposures* in “T” on the basis of the specific risk weighting in the case of positions, discounted by the appropriate percentage from table 10-133(5) in respect of underwriting positions, and the composite *CRR* percentage in the case of counterparty *exposures*, in descending order;
- (c) sum the *trading book exposures* in “T”, starting with the *exposure* attracting the highest specific risk weighting or composite *CRR* percentage, until the sum equals the excess “D”;
- (d) if an excess “D” has persisted for 10 *business days* or less, irrespective of the age of the constituent *exposures*, the *LER* must be 200% of the aggregate of specific risk requirements and *CRR* applicable to those *exposures* forming the excess “D”, in accordance with (b) and (c) above; and
- (e) if an excess “D” has persisted for more than 10 *business days*, irrespective of the age of the constituent *exposures*:
 - (i) allocate the constituent *exposures* forming the excess “D”, in ascending order of specific risk weighting or composite *CRR* percentage, to the appropriate row in the table below, so that the positions with the highest specific risk or composite *CRR* percentage receive the highest percentage charge; and
 - (ii) calculate the *LER* as the product of the specific risk requirement or *CRR* for the *exposure* multiplied by the appropriate percentage.

R TABLE 10-194(3) [see Guidance below]

Excess “D” as a percentage of financial resources	Percentage
up to 40	200
40 to 60	300
60 to 80	400
80 to 100	500
100 to 250	600
> 250	900

- G The composite *CRR* percentage should be calculated with reference to the actual percentage used to determine *CRR* in accordance with *CRR* rules, i.e. 8% multiplied by the appropriate counterparty weight in most cases.

10-195 Limits for an excess “D”

10-195 (1) R Where an excess “D” has persisted for 10 *business days* or less, the *trading book exposure* must not exceed 500% of *financial resources*.

10-195 (2) R The aggregate of a *firm’s* excess “Ds”, each of which have persisted for more than 10 *business days*, must not exceed 600% of *financial resources*.

Exposures monitoring for firms exempt from consolidated supervision

10-196 R A *firm* which is exempt from consolidated supervision in accordance with rule 10-204 must either:

(a) have in place an *ACMP* which enables the *firm* to monitor its *exposures* on a group wide basis; or

(b) report to the *FSA* all group *large exposures* at the end of each quarter.

Consolidated Supervision

10-200 GENERAL PRINCIPLES OF CONSOLIDATED SUPERVISION

Scope

10-200 (1) R **A firm must at all times ensure that its group maintains externally generated group *financial resources* in excess of its group *financial resources requirement*, unless otherwise permitted under rule 10-204.**

Consolidating Supervisor

10-200 (2) R **A firm is exempt from (1) above when the FSA is not the consolidating supervisor for the firm's group.**

G The FSA will notify the firm if it is not the consolidating supervisor for the group.

Constituents of a Group

10-200 (3) R **For the purposes of (1) above, a firm's group must include the following:**

- (a) **any EEA subsidiary of the firm which is a credit institution, investment firm or financial institution;**
- (b) **any EEA participation of the firm which is a credit institution, investment firm or financial institution;**
- (c) **any EEA parent which is a financial holding company;**
- (d) **any EEA credit institution, investment firm or financial institution which is a subsidiary or participation of the firm's EEA parent which is a financial holding company.**

10-200 (4) G The FSA may exercise its powers (whether through imposing a *requirement* or by using its general information gathering powers) to obtain information about the structure of a firm's group including the position of the entities listed in (a) to (f) below:

- (a) any of the firm's *subsidiaries* or *participations* which are incorporated or have their head offices outside the EEA;
- (b) any of the firm's *subsidiaries* or *participations* which are not *credit institutions, investment firms* or *financial institutions*;
- (c) the firm's *parent* if it is incorporated or has its head office outside of the EEA;
- (d) the firm's *parent* if it is not a *financial holding company*;
- (e) any of the *parent's* other *subsidiaries* or *participations* which are incorporated or have their head offices outside the EEA; and

- (f) any of the *parent's* other *subsidiaries* or *participations* which are not *credit institutions, investment firms* or *financial institutions*.

Exemptions

- 10-200 (5) R** A *firm* may, having first notified the *FSA* in writing, exclude from its group, the following:
- (a) any *subsidiary* or *participation*, the total assets of which are less than the lower of euro 10 million or 1% of the total assets of the *firm*; and
 - (b) any *subsidiary, participation* or *EEA parent* the inclusion of which within the group would lead to a misleading or inappropriate consolidation,
- provided that in aggregate the total assets of such *subsidiaries* and *participations* would still satisfy (a) above.

Additional Information

- 10-200 (6) G The *FSA* may require a firm to provide information about the position in the group of any undertaking excluded from the consolidated group in 10-200(5)R.

- 10-200 (7) R** Where a *firm's parent* is a *mixed activity holding company*, the *firm* must provide a copy of the holding company's *audited annual financial statement* and details of its group structure.

GROUP FINANCIAL RESOURCES

- 10-201 R** A *firm* must calculate the externally generated *financial resources* of its group as the sum of:
- (a) the *financial resources* of the most senior undertaking in the group calculated in accordance with Table 10-62(2)A, except *material holdings* in *credit institutions* and *financial institutions* in the group and deficiencies in *subsidiaries* need not be deducted; and
 - (b) for each *subsidiary* or *participation*, the group's share of the *financial resources* of the *subsidiary* or *participation*, calculated in accordance with Table 10-62(2)A, which was not provided by undertakings within the group subject to consolidated supervision, provided that:
 - (i) these *financial resources* are freely transferable and suitable for the purposes of covering the group's *financial resources requirement*; or
 - (ii) if not, they are limited to the value of the *subsidiary's* or *participation's financial resources requirement* from which they originate.

- 10-202** **GROUP FINANCIAL RESOURCES REQUIREMENT**
- 10-202** **R** **A *firm* must calculate the group *financial resources requirement* as**
(1) **the aggregate of the *financial resources requirements* of the *firm* and**
 any constituents of its group determined in accordance with rules 10-
 200(3), (4) and (5) and the consolidated *LER*.
- 10-202** **R** **The *financial resources requirement* of any *subsidiary* or *participation***
(2) **of the *firm* or its *parent* shall be the higher of:**
- (a) the *subsidiary* or *participation's* local regulatory capital**
 requirement, excluding any *large exposure* capital charges; and
- (b) any requirement imposed on the *firm's* or *parent's* *subsidiary* or**
 ***participation* determined in accordance with rule 10-202(4).**
- 10-202** **R** **The *financial resources requirement* of the most senior undertaking**
(3) **within the group shall be its local regulatory capital requirement, if**
 any, excluding any *large exposure* capital charges.
- 10-202** **R** **Where a *firm* has a *parent*, *subsidiary* or *participation* which is not**
(4) **subject to local regulatory capital requirements, it must include in the**
 group *financial resources requirement* any alternative requirement
 calculated on the business of that *parent*, *subsidiary* or *participation*,
 or the group's *investment* in that *subsidiary* or *participation*, which is
 imposed on it by a *requirement*.
- G The *FSA* envisages imposing such a *requirement* where, for example, a *firm* has an
 unregulated *subsidiary* which deals in OTC *derivatives*, and the *investment* in that
 subsidiary would not constitute an accurate measurement of the risk to the group.
- 10-202 (5) G Where a *firm* has a *parent*, *subsidiary* or *participation* which is subject to local regulatory
 capital requirements, it may seek a modification or waiver permitting it to adopt an
 alternative methodology of determining the group's *financial resources requirement*.
- G The *FSA* only envisages a modification or waiver under this rule in exceptional
 circumstances, for example to permit line-by-line consolidation of a group to determine its
 financial resources requirement.

INTRA-GROUP OFFSETS AND NETTING

- 10-203 R** If a group's *financial resources*, calculated in accordance with rule 10-201, do not exceed the group's *financial resources requirement*, calculated in accordance with rule 10-202, the *firm may* take into account:
- (a) the benefits of netting intra-group counterparty *exposures*;
 - (b) offsetting positions, for the purposes of rules 10-80 to 10-153, held by different group companies; and
 - (c) the group's *share* of capital surpluses in *subsidiaries* not subject to local regulatory capital requirements,
- provided that:
- (d) the *firm* can ensure that the group has sufficient *financial resources* to cover its *financial resources requirements* at all times between *consolidated reporting statements*;
 - (e) there is satisfactory allocation of capital within the group;
 - (f) the regulatory, legal and contractual framework is sufficient to guarantee mutual financial support within the group;
 - (g) such intra-group benefits are only recognised where no regulations exist in the country of incorporation of the entity which might significantly affect the transfer of funds within the group.

EXEMPTION FROM CONSOLIDATED SUPERVISION

- 10-204 R** A *firm* need not apply rules 10-200 to 10-203 to the *firm's* group if:
- (a) there are no *credit institutions* in the group;
 - (b) all *investment firms* within the group:
 - (i) calculate *financial resources* in accordance with Table 10-62(2)B;
 - (ii) deduct *material holdings in credit institutions and financial institutions* in accordance with rule 10-61(7); and
 - (iii) comply with rule 10-70, with local regulatory capital provisions implementing the Capital Adequacy Directive, or rules with equivalent effect;
 - (c) the *firm* complies with rule 10-196;

- (d) the *firm's* group has in place systems to monitor and control the sources of capital and funding of all other *investment firms* and *financial institutions* in the group; and**
- (e) the *firm* first notifies the *FSA* in writing that it intends to rely upon this rule.**

- 10-300 ACMPs
- 10-300 (1) R **A firm may only use an ACMP for the purposes of rules 10-170 to 10-176 if:**
- (a) **the policies and procedures making up the proposed ACMP are at all times adequate and appropriate to the firm and its business; and**
 - (b) **the firm gives to the FSA at least three months' notice in writing of its intention to use an ACMP for the purposes of these rules.**
- 10-300 (2) R **The notice referred to in (1)(b) above must include all relevant details of the policies and procedures making up the proposed ACMP.**
- 10-300 (3) R **The notice referred to in (1)(b) is not required if the firm was permitted under the relevant requirements of a predecessor regulator, as they were in force immediately prior to the specified day, to use the proposed ACMP for the purposes of those requirements.**
- 10-300(4) E
- (a) A firm's policies and procedures should take full account of the principles described in **Appendix 56**.
 - (b) Compliance with 10-300(4)(a) may be relied on as tending to establish compliance with 10-300(1)(a).
 - (c) Contravention of 10-300(4)(a) may be relied on as tending to establish contravention of 10-300(1)(a).
- G On receipt of notice under (1)(b) the FSA is likely to review the policies and procedures proposed by the firm and the degree to which they take full and appropriate account of the matters described in **Appendix 56**. The FSA's review will take account of the context in which the policies and procedures are to operate and the relevant circumstances of the firm. The FSA will indicate to the firm its views on the adequacy and appropriateness of the proposals in the light of its review and may make recommendations of improvements.
- G The FSA may make a further review of the policies and procedures making up an ACMP at any time after their implementation for the purposes of these rules as part of its supervision of the firm. Any review after implementation will broadly follow the lines described above.

APPENDIX 1 – GLOSSARY OF TERMS FOR IPRU(INV) 10

Note: If a defined term does not appear in the glossary below, the definition appearing in the Glossary annexed to the General Provisions Instrument 2001 applies.

acceptable collateral	means any of the following items of collateral provided to a <i>firm</i> by a <i>counterparty</i> : (a) cash; (b) gold and silver bullion and coinage; (c) certificates of deposit issued by and lodged with the <i>firm</i> ; (d) securities issued by <i>Zone A</i> central governments and <i>Zone A</i> central banks; and (e) <i>securities</i> issued by the <i>European Communities</i> , to which the following conditions apply: (i) the <i>firm</i> must have an unconditional right to apply or realise the <i>acceptable collateral</i> for the purpose of repaying the counterparty's obligations to the <i>firm</i> ; and (ii) <i>securities</i> must be <i>marked to market</i> daily using the valuation principles in rule 10-41(9);
ACMP	means, subject to rule 10-300, a credit management policy and procedures according with the principles discussed in Appendix 56 ;
Act	means the Financial Services and Markets Act 2000;

- (f) *securities*;
- (g) *physical commodities*; and
- (h) the performance guarantees issued in support of the securities lending and borrowing programmes of Euroclear and Cedel, in respect only of exposure arising from participation in such programmes,

to which the following conditions apply -

- (i) the *firm* must have an unconditional right to apply or realise the collateral for the purpose of repaying the counterparty's obligations to the *firm*; and
- (ii) *securities* must -
 - (aa) be *marked to market* daily using the valuation principles in rule 10-41(9); and
 - (bb) not be issued by the counterparty nor by an *associate* of the counterparty;

<i>affiliated company</i>	in relation to a <i>firm</i> , means any <i>body corporate</i> controlled by the <i>firm</i> , any parent company of the <i>firm</i> , and any <i>body corporate</i> controlled by a parent company of the <i>firm</i> ;
<i>annual accounting reference date</i>	means the date as at which the <i>audited annual financial statements</i> are prepared as initially notified by the <i>firm</i> to the <i>FSA</i> or as subsequently notified under rule 10-31 and which may not be more than 55 weeks since the previous <i>annual accounting reference date</i> or, if applicable, the date on which the <i>firm</i> commenced trading;
<i>appointed representative</i>	means (in accordance with section 39 of the <i>Act</i>) a person (other than an <i>authorised person</i>) who: <ul style="list-style-type: none"> (a) is a party to a contract with an <i>authorised person</i> (his principal) which: <ul style="list-style-type: none"> (i) permits or requires him to carry on business of a description prescribed in the Financial Services and Markets Act 2000 (Appointed Representatives) Regulations 2001 (SI 2001/1217); and (ii) complies with the requirements prescribed in those Regulations; and (b) is someone for whose activities in carrying on the whole or part of that business his principal has accepted responsibility in writing;
<i>approved bank</i>	(in relation to a bank account opened by a <i>firm</i>) means: <ul style="list-style-type: none"> (a) if the account is opened at a branch in the <i>United Kingdom</i>: <ul style="list-style-type: none"> (i) the Bank of England; or (ii) the central bank of a member state of the <i>OECD</i>; or

- (iii) a *bank*; or
 - (iv) a *building Society* which offers, unrestrictedly, banking services; or
 - (v) a bank which is supervised by the central bank or other banking regulator of a member state of the *OECD*; or
- (b) if the account is opened elsewhere:
- (i) a bank in (a); or
 - (ii) a *credit institution* established in an *EEA State* other than the *United Kingdom* and duly authorised by the relevant *Home State regulator*; or
 - (iii) a bank which is regulated in the Isle of Man or the Channel Islands; or
- (c) a bank supervised by the South African Reserve Bank; or
- (d) any other bank that:
- (i) is subject to regulation by a national banking regulator;
 - (ii) is required to provide audited accounts;
 - (iii) has minimum net assets of £5 million (or its equivalent in any other currency at the relevant time) and has a surplus revenue over expenditure for the last two financial years; and
 - (iv) has an annual audit report which is not materially qualified;

approved bank bond means any instrument, by whatever name called, provided by an *approved bank* which -

- (a) provides for the immediate payment of a stated sum to the *firm* on demand whether by the *firm* or the *FSA*;
- (b) provides that the bank shall have no recourse to the assets of the *firm* in respect of the bond and that no other person shall have recourse to the assets of the *firm* arising in respect of the bond, until payment in full of all other creditors;
- (c) prohibits the bank from terminating the bond unless -
 - (i) the beneficiary will have *financial resources* equal to at least 120% of its *financial resource requirement* after termination; or
 - (ii) it receives authority from the *FSA* to do so; and
- (d) prohibits any automatic early termination of the bond whether arising out of any act or default of the *firm* or otherwise;

<i>approved person</i>	means a <i>person</i> in relation to whom the <i>FSA</i> has given its approval under section 59 of the <i>Act</i> (Approval for particular arrangements) for the performance of a <i>controlled function</i> ;
<i>arranger</i>	means a <i>firm</i> - <ul style="list-style-type: none"> (a) whose sole <i>investment business</i> consists of activities within the following articles of the Regulated Activities Order - <ul style="list-style-type: none"> (i) articles 14 (dealing in investments as principal) or 21 (dealing in investments as agent) if - <ul style="list-style-type: none"> (aa) the <i>firm</i> is a <i>venture capital firm</i>; or (bb) the activity is own account business which would be excluded from being <i>investment business</i> by the provisions of article 16 of the Regulated Activities Order but for the fact that the firm is an <i>authorised person</i>; or (ii) article 25(1) (arranging deals in investments); (iii) article 37 (managing investments); and (iv) article 53 (advising on investments); (b) whose <i>permission</i> is subject to a <i>limitation</i> or <i>requirement</i> preventing it from holding money or property belonging to other persons nor has a mandate over a <i>customer's</i> bank account;
<i>associate</i>	in relation to a person ("A"), means - <ul style="list-style-type: none"> (a) an undertaking in the same <i>group</i> as A; (b) an <i>appointed representative</i> of A or of any undertaking in the same <i>group</i> as A; and (c) any other person whose business or domestic relationship with A or its <i>associate</i> might reasonably be expected to give rise to a community of interest between them which may involve a conflict of interest in dealings with third parties;
<i>associated business</i>	means business which is carried on in connection with <i>investment business</i> ;
<i>audited annual financial statements</i>	means statements drawn up in accordance with Schedule 4 to the Companies Act 1985 as at the <i>firm's annual accounting reference date</i> together with an <i>auditor's report</i> thereon;
<i>auditor's report</i>	means a report drawn up in the format specified in the <i>Supervision manual</i> which a <i>firm</i> must submit to the <i>FSA</i> in conjunction with the <i>firm's audited annual financial statements</i> ;
<i>authorised person</i>	means (in accordance section 31 of the <i>Act</i> (Authorised persons)), one of the following: <ul style="list-style-type: none"> (a) a <i>person</i> who has a <i>Part IV permission</i> to carry on one or more <i>regulated activities</i>;

	<ul style="list-style-type: none"> (b) an <i>incoming EEA firm</i>; (c) an <i>incoming Treaty firm</i>; (d) a <i>UCITS qualifier</i>; (e) an <i>ICVC</i>; (f) the <i>Society of Lloyd's</i>;
<i>basic PRA</i>	means for equities the equity method 1 <i>PRAs</i> in Appendix 49; and for interest rate instruments, the sum of the specific risk <i>PRA</i> and the maturity-based general market risk <i>PRAs</i> in Appendix 53;
<i>body corporate</i>	means (in accordance with section 417(1) (Definitions)) any body corporate, including a body corporate constituted under the law of a country or territory outside the United Kingdom, of the <i>Act</i> ;
<i>bonus</i>	means that part of the remuneration paid by a <i>firm</i> to its <i>employees</i> (including <i>directors</i>) which is - <ul style="list-style-type: none"> (a) not a <i>profit share</i>; and (b) awarded by management entirely on a discretionary basis, to the extent that it does not exceed the profit for the financial year of the <i>firm</i> before accounting for such bonus;
<i>business day</i>	means any day, except Saturday, Sunday, bank holidays and public holidays (not being bank holidays);
<i>buy and sale back agreement</i>	see <i>reverse repurchase agreement</i> ;
<i>call options</i>	means an <i>option</i> to buy an <i>investment</i> , other instrument, foreign currency or <i>physical commodity</i> at a given price on or before a given date;
<i>cap</i>	means an agreement in respect of a borrowing under which a <i>counterparty</i> contracts to pay any interest costs arising as a result of an increase in rates above an agreed rate: the effect being to provide protection to the holder against a rise above that agreed rate;
<i>category A firm</i>	means a <i>firm</i> which has <i>permission</i> to provide any <i>core investment service</i> and which is not a <i>category B, C or D firm</i> ;
<i>category B firm</i>	means a <i>firm</i> which - <ul style="list-style-type: none"> (a) has <i>permission</i> to provide any of the following <i>core investment services</i> - <ul style="list-style-type: none"> (i) receiving and transmitting orders; (ii) executing orders; (iii) managing <i>investments</i> on a discretionary basis; and (iv) dealing as principal, but only holding positions as a result of its failure to match investors' orders precisely; and

	(aa) such positions are incidental and provisional in nature and strictly limited to the time required to carry out the transaction in question; and
	(bb) the total market value of all such positions does not exceed 15% of the <i>firm's initial capital</i> ; and
	(b) holds <i>client money</i> or <i>clients' assets</i> ; or
	(c) is a <i>custodian</i> ;
<i>category C firm</i>	means a <i>firm</i> which -
	(a) has <i>permission</i> to provide any of the following core investment services -
	(i) receiving and transmitting;
	(ii) managing <i>investments</i> on a discretionary basis; and
	(iii) executing orders on an agency basis; and
	(b) whose <i>permission</i> is subject to a <i>limitation</i> or <i>requirement</i> preventing it from holding <i>client money</i> or <i>clients' assets</i> ;
<i>category D firm</i>	means a <i>firm</i> , the only <i>core investment service</i> for which it has <i>permission</i> is receiving and transmitting on behalf of investors orders in relation to one or more of the instruments listed in Section B of the Annex to the <i>ISD</i> , and whose <i>permission</i> is subject to a <i>limitation</i> or <i>requirement</i> preventing it from holding <i>client money</i> or <i>clients' assets</i> and for that reason may not at any time place itself in debit with its <i>clients</i> , which benefits from the freedom of establishment or to provide services under Articles 14 or 15 of the <i>ISD</i> ;
<i>certificate of deposit</i>	means a negotiable or non-negotiable certificate issued by a bank;
<i>clearing firm</i>	means a firm which accepts primary responsibility (including legal liability) for the settlement of transactions for counterparties;
<i>client</i>	means any <i>person</i> with or for whom a <i>firm</i> conducts or intends to conduct <i>designated investment business</i> or any other <i>regulated activity</i> ; and:
	(a) every client is a <i>customer</i> or a <i>market counterparty</i> ;
	(b) "client" includes:
	(i) a potential client;
	(ii) a client of an <i>appointed representative</i> of a <i>firm</i> with or for whom the <i>appointed representative</i> acts or intends to act in the course of business for which the <i>firm</i> has accepted responsibility under section 39 of the <i>Act</i> (Exemption of appointed representatives);
	(iii) a <i>collective investment scheme</i> even if it does not have separate legal personality;

(iv) if a *person* (“C1”), with or for whom the *firm* is conducting or intends to conduct *designated investment business*, is acting as agent for another *person* (“C2”), either C1 or C2 in accordance with COB 4.1.5R (Agent as client);

(c) "client" does not include:

(i) a trust beneficiary;

(ii) a *corporate finance contact*;

(iii) a *venture capital contact*;

client money subject to the *client money rules*, means *money* of any currency which, in the course of carrying on *designated investment business*, a *firm* holds in respect of any *investment agreement* entered into, or to be entered into, with or for a *client*, or which a *firm* treats as *client money* in accordance with the *client money rules*;

client money rules means COB 9.3;

collective investment scheme means a collective investment scheme, as defined in section 235 of the *Act* (Collective Investment Schemes), which is in summary:

- (a) any arrangements with respect to property of any description, including money, the purpose or effect of which is to enable *persons* taking part in the arrangements (whether by becoming owners of the property or any part of it or otherwise) to participate in or receive profits or income arising from the acquisition, holding, management or disposal of the property or sums paid out of such profits or income; and
- (b) which are not excluded by the Financial Services and Markets Act (Collective Investment Schemes) Order 2001 (SI 2001/1062);

commissions shared means that part of the remuneration paid by a *firm* which is determined on the basis of the number, size or profitability of individual deals carried out;

company issued warrant means a right (but not an obligation) to buy a *security* or other instrument at an agreed price or on an agreed basis, from the issuer of the *security* or instrument;

connected company (and “*connected credit institution*”) mean, in relation to a *firm* which -

- (a) is a *body corporate*, a *body corporate* or *credit institution* satisfying any of the following conditions -
- (i) the same person is the *controller* of each *body corporate* or *credit institution*;
- (ii) if a group of two or more persons are *controllers* of each *body corporate* or *credit institution* and the group

either consists of the same persons or could be regarded as consisting of the same persons by treating a member of either group as replaced by -

- (aa) that member's *close relative*;
 - (bb) a person with whom that member is in partnership;
or
 - (cc) a *body corporate* of which the member is an officer; or
- (iii) both *body corporates* are members of the same group;
or
- (b) is not a *body corporate*, a *body corporate* or *credit institution* which is controlled -
- (i) by the *firm*;
 - (ii) by a *partner* in the *firm*;
 - (iii) by a *close relative* of a *partner* in the *firm* or, if the *firm* is a *sole trader*, by a *close relative* of the *sole trader*, or
 - (iv) collectively by any of the *partners* in the *firm* or their *close relatives*;

connected credit institution

see "*connected company*";

consolidated reporting statement

means a statement drawn up in accordance with the requirements for consolidated reporting in the *Supervision manual* and prepared as at the date(s) required by the *Supervision manual*;

contingency

means a future event the outcome of which is uncertain;

contingent liability

means a liability dependent upon the occurrence or non-occurrence of one or more uncertain future events;

contract for differences

means as specified in article 85 of the Regulated Activities Order (Contracts for differences etc), rights under:

- (a) a contract for differences; or
- (b) any other contract the purpose or pretended purpose of which is to secure a profit or avoid a loss by reference to fluctuations in:
 - (i) the value or price of property of any description; or
 - (ii) an index or other factor designated for that purpose in the contract;

controller

means -

- (a) in relation to a *body corporate* -
 - (i) a person, who alone or with any *associate* or *associates*, has a direct or indirect holding in the *body*

corporate which represents 10% or more of the capital or of the voting rights; and

- (ii) any person who has a direct or indirect holding in the *body corporate* which makes it possible to exercise a significant influence over the management of the *body corporate*; and

(b) in relation to an unincorporated association -

- (i) any person in accordance with whose directions or instructions the officers of the association are accustomed to act (but disregarding advice given in a professional capacity);
- (ii) any person who is entitled to exercise, or control the exercise of, 10% or more of the voting power at any general meeting of the association; and
- (iii) any person who has a direct or indirect holding in the association which makes it possible to exercise a significant influence over the management of the association;

and “*control*” shall be construed accordingly;

convertible

means a *security* which gives the investor the right to convert the *security* into equity at an agreed price or on an agreed basis;

core investment service

means a service listed in Section A of the Annex to the *ISD*, the text of which is set out in Schedule 2 of the Regulated Activities Order;

corporate finance advisory firm

means a *firm* which is an *arranger* and whose *permission* includes a *requirement* that it must not conduct *investment business* other than *corporate finance business*;

corporate finance business

means:

- (a) *designated investment business* carried on by a *firm* with or for:
 - (i) any *issuer*, holder or owner of *designated investments*, if that business relates to the *offer*, issue, underwriting, repurchase, exchange or redemption of, or the variation of the terms of, those *investments*, or any related matter;
 - (ii) any *market counterparty* or *intermediate customer*, or other *body corporate*, *partnership* or supranational organisation, if that business relates to the manner in which, or the terms on which, or the *persons* by whom, any business, activities or undertakings relating to it, or any *associate*, are to be financed, structured, managed, controlled, regulated or reported upon;
 - (iii) any *person* in connection with:

- (A) a proposed or actual *takeover or related operation* by or on behalf of that *person*, or involving *investments* issued by that *person* (being a *body corporate*), its *holding company*, *subsidiary* or *associate*; or
- (B) a merger, de-merger, reorganisation or reconstruction involving any *investments* issued by that *person* (being a *body corporate*), its *holding company*, *subsidiary* or *associate*;
- (iv) any shareholder or prospective shareholder of a *body corporate* established or to be established for the purpose of effecting a *takeover or related operation*, where that business is in connection with that *takeover or related operation*;
- (v) any *person* who, acting as a *principal* for his own account:
 - (A) is involved in negotiations or decisions relating to the commercial, financial or strategic intentions or requirements of a business or prospective business; or
 - (B) (provided he is acting otherwise than solely in his capacity as an investor) assists the interests of another *person* with or for whom the *firm*, or another *authorised person* or *overseas person*, is undertaking business as specified in (a)(i),(ii),(iii) or (iv), by himself undertaking all or part of any transactions involved in such business;
- (vi) any *person* undertaking business with or for a *person* as specified in (a)(i), (ii), (iii), (iv) or (v) in respect of activities described in those sub-paragraphs;
- (b) *designated investment business* carried on by a *firm* as a *principal* for its own account where such business:
 - (i) is in the course of, or arises out of, activities undertaken in accordance with (a); and
 - (ii) does not involve transactions with or for, or *advice on investments* to, any other *person* who is a *private customer* in respect of such business;
- (c) *designated investment business* carried on by a *firm* as *principal* for its own account if such business:
 - (i) is in the course of, or arises out of:
 - (A) the *offer*, issue, underwriting, repurchase, exchange or redemption of, or the variation of the terms of, *shares*, share warrants, *debentures* or debenture warrants issued by the *firm*, or any

	<p>related matter; or</p> <p>(B) a proposed or actual <i>takeover or related operation</i> by or on behalf of the <i>firm</i>, or involving <i>shares</i>, share warrants, <i>debentures</i> or debenture warrants issued by the <i>firm</i>; or</p> <p>(C) a merger, de-merger, reorganisation or reconstruction involving any <i>shares</i>, share warrants, <i>debentures</i> or debenture warrants issued by the <i>firm</i>; and</p> <p>(ii) does not involve giving <i>advice on investments</i> to any <i>person</i> who is a <i>private customer</i>,</p>
	<p>in this definition, “share warrants” and “debenture warrants” mean any <i>warrants</i> which relate to <i>shares</i> in the <i>firm</i> concerned or, as the case may be, <i>debentures</i> issued by the <i>firm</i>;</p>
<i>credit institution</i>	means an undertaking whose business is to receive deposits or other repayable funds from the public and to grant credits for its own account;
<i>CRR</i>	means the counterparty risk requirement, as calculated under rules 10-170 to 10-175;
<i>custodian</i>	means a <i>firm</i> which has <i>permission</i> to safeguard and administer assets belonging to another, in accordance with article 40 of the Regulated Activities Order;
<i>customer</i>	means a <i>client</i> who is not a <i>market counterparty</i> ;
<i>debenture</i>	<p>means the investment specified in article 77 of the Regulated Activities Order (Instruments creating or acknowledging indebtedness), which is in summary: any of the following which are not <i>government and public securities</i>:</p> <p>(a) debentures;</p> <p>(b) debenture stock;</p> <p>(c) loan stock;</p> <p>(d) bonds;</p> <p>(e) certificates of deposit;</p> <p>(f) any other instruments creating or acknowledging indebtedness;</p>
<i>derivatives</i>	means <i>options, futures</i> and <i>contracts for differences</i> ;
<i>designated investment exchange</i>	means any investment exchange listed as such in Appendix 33 ;
<i>director</i>	<p>in relation to a <i>body corporate</i> includes -</p> <p>(a) any person occupying the position of <i>director</i> by whatever name called;</p>

- (b) any person in accordance with whose directions or instructions (not being advice given in a professional capacity) the *directors* are accustomed to act; or
- (c) in the case of an *overseas firm*, any person who occupies a position analogous to that of a *director* of a company registered under the Companies Act 1985;

documents of title means documents of title and documents evidencing title to *investments* and commodities;

EEA means the area established by the agreement on the European Economic Area signed at Oporto on 2 May 1992 and which consists of the *EEA States*;

EEA State (in accordance with paragraph 8 of Schedule 3 to the *Act* (EEA Passport Rights)) means a State which is a contracting party to the agreement on the European Economic Area signed at Oporto on 2 May 1992, as it has effect for the time being; as at 21 June 2001, the following are the *EEA States*: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Liechtenstein, Luxembourg, the Netherlands, Norway, Portugal, Spain, Sweden and the United Kingdom;

eligible collective investment scheme means -

- (a) a *regulated collective investment scheme*; or
- (b) a scheme, authorised in another state within the *EEA*, which complies with the requirements of the European Community directive on Undertakings for Collective Investment in Transferable Securities (UCITS - 85/611/EEC);

employee in relation to any person, means an individual -

- (a) who is employed by that person under a contract of service, a contract for services, or any other contract under which the individual will provide services to the person;
- (b) who is a *director* of the person where the person is a *body corporate*;
- (c) who is a *partner* of the person where the person is a partnership;
- (d) who, where the person is an unincorporated association, is a member of its governing body, the secretary or treasurer; or
- (e) whose services are, under an arrangement between the person and a third party, placed at the disposal and under the control of the person;

European business means business carried on in or into a *member state* in accordance with *ISD* or *BCD*;

European Communities means Euratom (European Atomic Energy Community), the European Coal and Steel Community and the European Economic Community;

<i>exceptional items</i>	means those items which derive from events or transactions within the ordinary activities of the business of a <i>firm</i> and which are both material and not expected to recur frequently or regularly;
<i>exchange</i>	means a <i>recognised investment exchange</i> (as defined in the Act) or <i>designated investment exchange</i> ; *
<i>exposure</i>	means for the purposes of rules 10-190 to 10-195 and 10-32(3) to (7), the amount at risk to a <i>firm</i> determined in accordance with rule 10-191;
<i>FER</i>	means the foreign exchange requirement of a <i>firm</i> as calculated in accordance with rules 10-150 to 10-153;
<i>financial holding company</i>	means a <i>financial institution</i> the <i>subsidiary</i> undertakings of which are either exclusively or mainly <i>credit institutions</i> , <i>investment firms</i> and <i>financial institutions</i> , one of which at least is a <i>credit institution</i> or an <i>investment firm</i> ;
<i>financial institution</i>	means an undertaking other than a <i>credit institution</i> , the principal activity of which is to acquire holdings or to carry on a <i>listed activity</i> ;
<i>financial instrument</i>	means any of the following - <ul style="list-style-type: none"> (a) a transferable <i>security</i>; (b) a unit in a <i>collective investment scheme</i>; (c) a money market instrument; (d) a financial <i>future</i> contract, including an equivalent cash settled instrument; (e) an <i>FRA</i>; (f) an interest rate, currency or equity <i>swap</i>; (g) an <i>option</i> to acquire or dispose of any of the above instruments, including an equivalent cash-settled instrument;
<i>financial reporting statement</i>	means the periodic financial and other reporting statements required to be provided to the <i>FSA</i> under the provisions of Chapter 16 of the <i>Supervision manual</i> ;
<i>financial resources</i>	means the financial resources of the <i>firm</i> calculated in accordance with rule 10-62(2)A or, if permitted, in accordance with rule 10-62(2)B;
<i>financial resources requirement</i>	means the financial resources requirement of the <i>firm</i> calculated in accordance with rule 10-70;
<i>firm</i>	means an <i>authorised person</i> ;

* For the list of designated investment exchanges, see **Appendix 33**

<i>floor</i>	means an agreement in respect of a deposit under which a counterparty contracts to pay any lost income arising as a result of a fall in rates below an agreed rate: the effect being to provide protection to the holder against a fall below that agreed interest rate;
<i>forward</i>	means a <i>security</i> which is transacted for a settlement date beyond that which would normally apply in the market concerned, and where that forward settlement date is not yet passed;
<i>FRA</i>	means <i>forward</i> rate agreement, i.e. an agreement in which two parties agree on the payment by one party to another of an amount of interest based on an agreed interest rate for a specified period from a specified settlement date applied to an agreed principal amount; no commitment is made by either party to lend or borrow the principal amount; their exposure is only the interest difference between the agreed and actual rates at settlement;
<i>free delivery</i>	means - <ul style="list-style-type: none"> (a) the delivery of <i>securities</i> or <i>physical commodities</i> which takes place before the seller receives payment; or (b) payment made in settlement of a credit balance arising from a sale on behalf of, or a purchase from a counterparty in respect of which the <i>securities</i> are undelivered;
<i>FSA</i>	means The Financial Services Authority;
<i>FSA authorised business</i>	means any activity within the <i>permissions</i> granted to a <i>firm</i> under the <i>Act</i> ;
<i>future</i>	means the investment, specified in article 84 of the Regulated Activities Order (Futures), which is, in summary: rights under a contract for the sale or delivery of a commodity or property of any other description under which delivery is to be made at a future date and at a price agreed on when the contract is made;
<i>government and public securities</i>	means the <i>investment</i> , specified in article 78 of the <i>Regulated Activities Order</i> (Government and public securities), which is in summary: a loan stock, bond or other instrument creating or acknowledging indebtedness, issued by or on behalf of any of the following: <ul style="list-style-type: none"> (a) the government of the United Kingdom; or (b) the Scottish Administration; or (c) the Executive Committee of the Northern Ireland Assembly; or (d) the National Assembly of Wales; or (e) the government of any country or territory outside the United

Kingdom; or

- (f) a local authority in the United Kingdom or elsewhere; or
- (g) a body the members of which comprise:
 - (i) states including the United Kingdom or another *EEA State*; or
 - (ii) bodies whose members comprise states including the United Kingdom or another *EEA State*;

but excluding:

- (A) the instruments specified in article 77(2)(a) to (d) of the *Regulated Activities Order*;
- (B) any instrument creating or acknowledging indebtedness in respect of:
 - (I) money received by the Director of Savings as *deposits* or otherwise in connection with the business of the National Savings Bank; or
 - (II) money raised under the National Loans Act 1968 under the auspices of the Director of Savings or treated as so raised under section 11(3) of the National Debt Act 1972;

group

means (in accordance with section 421 of the Act (Group)), in relation to a person ("A"), A and any person who is:

- (a) a parent undertaking of A;
- (b) a subsidiary undertaking of A;
- (c) a subsidiary undertaking of a parent undertaking of A;
- (d) a parent undertaking of a subsidiary undertaking of A;
- (e) an undertaking in which A or an undertaking in (a) to (d) has a participating interest;
- (f) if A or an undertaking in (a) or (d) is a *building society*, an associated undertaking of that *building society*;
- (g) if A or an undertaking in (a) or (d) is an *incorporated friendly society*, a *body corporate* of which that *friendly society* has joint control (as defined in section 13(9)(c) or (cc) of the Friendly Societies Act 1992);

in this definition:

- (i) "participating interest" has the same meaning as in Part VII of the Companies Act 1985 or Part VIII of the Companies

(Northern Ireland) Order 1986; but also includes an interest held by an individual which would be a participating interest for the purposes of those provisions if he were an undertaking;

- (ii) "associated undertaking" has the meaning given in section 119(1) of the Building Societies Act 1986;

group of connected third parties

means a close relationship where -

- (a) two or more entities in a close relationship constitute a single risk because one of them, directly or indirectly, has control over the other or others as defined in section 258 of the Companies Act 1985, or a similar relationship between any natural or legal person and an undertaking; or
- (b) two or more entities between whom there is no relationship of control as defined in (a) but who are to be regarded as constituting a single risk, are so interconnected that the financial soundness of one would be affected by the financial soundness of the other or others;

illiquid asset

means any one of the following -

- (a) a tangible fixed asset except to the extent that land and buildings are used as security for loans;
- (b) physical stocks except for positions in *physical commodities* which are subject to a *PRR*;
- (c) an *investment* in a *credit institution* or *financial institution* which may be included in the *own funds* of that institution, unless it -
- (i) is a *material holding* and is treated in accordance with rule 10-61(8); or
- (ii) is not a *material holding* and is included in the *firm's trading book* and subject to a *PRR*;
- (d) an *investment* in an undertaking other than a *credit institution* or *financial institution* unless it is part of the *firm's trading book* and is subject to a *PRR*;
- (e) a non *qualifying deposit*; or
- (f) a loan or other amount due except where it is due to be repaid within 90 days;

in the money

means, in relation to *call options* and *warrants*, that the exercise price is less than the current *mark to market* value of the *underlying instrument* and, in relation to *put options*, that the current *mark to market* value is less than the exercise price;

incoming EEA firm

(in accordance with section 193(1)(a) of the *Act* (Interpretation of this Part)) means an *EEA firm* which is exercising, or has exercised, its right to carry on a *regulated activity* in the *United Kingdom* in accordance with Schedule 3 to the *Act* (*EEA*

	Passport Rights);
<i>initial capital</i>	means the initial capital of a <i>firm</i> calculated in accordance with Table 10-61(1)A;
<i>inter-professional</i>	for the purposes of <i>repurchase</i> , <i>reverse repurchase</i> , <i>sale and buy back</i> and <i>buy and sale back agreements</i> means an agreement with a counterparty which is one of the following - <ul style="list-style-type: none"> (a) a <i>Zone A credit institution</i>; (b) an <i>investment firm</i>; (c) a <i>recognised third country investment firm</i>; (d) a <i>recognised exchange</i>; (e) a <i>recognised clearing house</i>;
<i>intermediate broker</i>	in relation to a <i>marginised transaction</i> , means any person through whom the <i>firm</i> undertakes that transaction;
<i>intermediate customer</i>	means a <i>client</i> who is not a <i>market counterparty</i> and who is: <ul style="list-style-type: none"> (a) a local authority or public authority; (b) a <i>body corporate</i> whose <i>shares</i> have been <i>listed</i> or <i>admitted to trading</i> on any <i>EEA</i> exchange; (c) a <i>body corporate</i> whose <i>shares</i> have been <i>listed</i> or <i>admitted to trading</i> on the primary board of any <i>IOSCO</i> member country official exchange; (d) a <i>body corporate</i> (including a <i>limited liability partnership</i>) which has (or any of whose <i>holding companies</i> or <i>subsidiaries</i> has) (or has had at any time during the previous two years) called up share capital or net assets of at least £5 million (or its equivalent in any other currency at the relevant time); (e) a <i>special purpose vehicle</i>; (f) a <i>partnership</i> or unincorporated association which has (or has had at any time during the previous two years) net assets of at least £5 million (or its equivalent in any other currency at the relevant time) and calculated in the case of a limited <i>partnership</i> without deducting loans owing to any of the <i>partners</i>; (g) a trustee of a trust (other than an <i>occupational pension scheme</i>, <i>SSAS</i> or <i>stakeholder pension scheme</i>) which has (or has had at any time during the previous two years) assets of at least £10 million (or its equivalent in any other currency at the relevant time) calculated by aggregating the value of the cash and <i>designated investments</i> forming part of the trust's assets, but before deducting its liabilities; (h) a trustee of an <i>occupational pension scheme</i>, <i>SSAS</i> or <i>stakeholder pension scheme</i> where the trust has

(or has had at any time during the previous two years):

- (i) at least 50 members; and
 - (ii) assets under management of at least £10 million (or its equivalent in any other currency at the relevant time);
- (i) another *firm*, or an *overseas financial services institution*, when, in relation to *designated investment business*, or related *ancillary activities*, conducted with or for that *firm* or institution, that *firm* or institution is an *intermediate customer* in accordance with COB 4.1.7R (Classification of another firm or an overseas financial services institution);
 - (j) an *unregulated collective investment scheme*;
 - (k) a *client* when he is classified as an *intermediate customer* in accordance with COB 4.1.9R (Expert private customer classified as intermediate customer);

but excluding:

- (A) a *regulated collective investment scheme*; and
- (B) a *client* who would otherwise be an *intermediate customer*, when he is classified in accordance with:
 - (I) COB 4.1.12R (Large intermediate customer classified as market counterparty); or
 - (II) COB 4.1.14R (Client classified as private customer);

investment

means (for the purposes of this chapter) any of the following investments specified in Part III of the Regulated Activities Order (Specified investments):

- (a) life policies (subset of article 75);
- (b) shares (article 76);
- (c) debentures (that is, instruments creating or acknowledging indebtedness) (article 77);
- (d) government and public securities (article 78);
- (e) warrants (that is, instruments giving entitlement to investments) (article 79);
- (f) certificates representing certain securities (article 80);
- (g) units (article 81);
- (h) stakeholder pension scheme (article 82);
- (i) options (article 83);
- (j) futures (article 84);

- (k) contracts for differences (article 85);
- (l) rights to or interests in an investment within (a) to (k) (article 89);¹

investment agreement means any agreement the making or performance of which by either party constitutes an activity which is *investment business*;

investment business means any of the following regulated activities specified in Part II of the Regulated Activities Order and which is carried on by way of business:

- (a) dealing in investments as principal (article 14), but disregarding the exclusion in article 15 (Absence of holding out etc);
- (b) dealing in investments as agent (article 21);
- (c) arranging deals in investments for another person (article 25(1)) but only in relation to *investments*;
- (d) making arrangements for deals in investments (article 25(2)) but only in relation to *investments*;
- (e) managing investments (article 37);
- (f) safeguarding and administration of assets (article 40);
- (g) sending dematerialised instructions (article 45(1));
- (h) causing dematerialised instructions to be sent (article 45(2));
- (i) establishing, operating or winding up a collective investment scheme (article 51(1)(a));
- (j) acting as trustee of an authorised unit trust scheme (article 51(1)(a));
- (k) acting as the depositary or sole director of an open-ended investment company (article 48(3));
- (l) advising on investments (article 49); for the purposes of the permission regime, this is sub-divided into:
 - (i) advising on investments (except on pension transfer and pension opt outs);
 - (ii) advice on pension transfers and opt outs;
- (m) agreeing to carry on the activities in (a) to (h) and (l) (article 64);²

investment firm means any legal or natural person established in the *EEA*, the regular occupation or business of which is the provision of *core investment services* for third parties on a professional basis, in

¹ These are the same investments as are included in the definition of "designated investment" used in the main Handbook glossary.

² These are the same activities as are included in the definition of "designated investment business" used in the main Handbook glossary.

	accordance with the <i>ISD</i> , excluding -
	(a) any person to whom the <i>ISD</i> does not apply by virtue of the provisions of paragraph 2 of article 2 of that directive;
	(b) a <i>credit institution</i> , a <i>local</i> or a <i>category D firm</i> ;
<i>investment services</i>	means -
	(a) activities undertaken in the course of carrying on <i>investment business</i> ; and
	(b) activities undertaken in connection with an <i>ISA</i> where those activities do not constitute <i>investment business</i> ;
<i>ISD</i>	means the Council Directive on investment services in the securities field (Directive No. 93/22/EEC);
<i>large exposure</i>	means -
	(a) in relation to <i>non-trading book exposures</i> , an <i>exposure</i> or number of <i>exposures</i> to a third party or <i>group of connected third parties</i> which exceed 10% of a <i>firm's own funds</i> ; and
	(b) in relation to the aggregate of <i>non-trading book</i> and <i>trading book exposures</i> , an <i>exposure</i> or number of <i>exposures</i> to a <i>third party</i> or <i>group of connected third parties</i> which exceed 10% of a <i>firm's financial resources</i> ;
<i>lead regulated firm</i>	means a <i>firm</i> which is subject to the financial regulations of another regulator under a lead regulation arrangement to which the <i>FSA</i> is a party, directly or indirectly;
<i>LER</i>	means the <i>large exposures requirement</i> of a <i>firm</i> as calculated in accordance with rules 10-190 to 10-194;
<i>listed activities</i>	means a listed activity within the meaning of the <i>BCD</i> , i.e. one or more of the following activities -
	(a) lending;
	(b) financial leasing;
	(c) money transmission services;
	(d) issuing and administering means of payment;
	(e) guarantees and commitments;
	(f) trading for own account or for the account of customers in money market instruments (cheques, bill, CDs, etc);
	(g) foreign exchange;
	(h) financial <i>futures</i> and <i>options</i> ;
	(i) exchange and interest rate instruments; or
	(j) transferable <i>securities</i> ;
	(k) <i>participation</i> in share issues and the provision of services related to such issues;

- (l) corporate finance advice;
- (m) moneybroking;
- (n) portfolio management and advice; or
- (o) safekeeping and administration of securities;

local

means a *firm* which is a member of a *futures* and *options* exchange and whose *permission* includes a *requirement* that:

- (a) the *firm* will not conduct *designated investment business* other than:
 - (i) *dealing* for its own account on that *futures* or *options* exchange;
 - (ii) *dealing* for the accounts of other members of the same *futures* and *options* exchange; or
 - (iii) making a price to other members of the same *futures* and *options* exchange; and
- (b) the performance of the *firm's* contracts must be guaranteed by and must be the responsibility of one or more of the clearing members of the same *futures* and *options* exchange;

margin requirement

means, in relation to a counterparty, the value of any amounts which the *firm* or *intermediate broker* would be required to pay under the rules of an exchange or clearing house to -

- (a) meet any *marked to market* losses occurring on contracts undertaken for that counterparty at that time; or
- (b) as an initial margin fidelity deposit in respect of all the counterparty's open positions at that time,

on the assumption that those transactions were the only transactions undertaken on the exchange or clearing house by the *firm* or *intermediate broker* at that time;

margin transaction

means a transaction effected by a *firm* with or for a *customer* relating to an *investment* of any description referred to in articles 83, 84 and 85 of the Regulated Activities Order (or any right or any interest in such an *investment*) under the terms of which the *customer* will or may be liable to make a deposit in cash or collateral to secure performance of obligations which he may have to perform when the transaction falls to be completed or upon the earlier closing out of his position;

mark to market

means to value an *investment* at its current market value in accordance with rule 10-41(9);

market counterparty

means a *client* who is:

- (a) a properly constituted government (including a quasi-governmental body or a government agency) of any given country or territory;

- (b) a central bank or other national monetary authority of any country or territory;
- (c) a supranational whose members are either countries or central banks or national monetary authorities;
- (d) a State investment body, or a body charged with, or intervening in, the management of the public debt;
- (e) another *firm*, or an *overseas financial services institution*, except in relation to *designated investment business*, and related *ancillary activities*, conducted with or for that *firm* or institution, when that *firm* or institution is an *intermediate customer* in accordance with COB 4.1.7R (Classification of another firm or an overseas financial services institution);
- (f) any *associate* of a *firm* (except an *OPS firm*), or of an *overseas financial services institution*, if the *firm* or institution consents;
- (g) a *client* when he is classified as a *market counterparty* in accordance with COB 4.1.12R (Large intermediate customer classified as a market counterparty);

but excluding:

- (A) a *collective investment scheme*; and
- (B) a *client*, who would otherwise be a *market counterparty*, when he is classified as a *private customer* in accordance with COB 4.1.14R (Client classified as private customer);

marketable investment means -

- (a) an *investment* which is traded on or under the rules of an *exchange* or an *approved exchange*;
- (b) a debt instrument which may be transferred without the consent of the issuer or any other person (including a collateralised mortgage obligation);
- (c) a *physical commodity*;
- (d) a *warrant*, *option*, *future* or other instrument which entitles the holder to subscribe for or acquire -
 - (i) an *investment* or *physical commodity* which falls under (a) to (c) above;
 - (ii) any currency; or
 - (iii) any combination of (i) and (ii) above;
- (e) a *contract for differences* (including interest rate and currency *swaps*) relating to fluctuations in -
 - (i) the value or price of an *investment* or *physical commodity* in (a) to (d) above;

	<ul style="list-style-type: none"> (ii) any currency; (iii) the rate of interest in any currency or any index of such rates; (iv) the level of any index which is derived from the prices of an <i>investment</i> or <i>physical commodity</i> in (a) to (c) above; or (v) any combination of (i) to (iv) above;
	(f) <i>warrants, options, futures</i> or other instruments entitling the holder to obtain the rights of those contracts in (d) or (e) above; and
	(g) a unit in a <i>regulated collective investment scheme</i> ;
<i>material holding</i>	means a holding of -
	(a) ordinary share capital and non cumulative preference share capital; or
	(b) subordinated loan and non fixed term cumulative preference share capital,
	in a <i>credit institution</i> or a <i>financial institution</i> where -
	(i) (a) or (b) above exceed 10% of the share capital plus share premium of the issuer; or
	(ii) the aggregate of (a) and (b) above exceeds 10% of the <i>firm's own funds</i> , before deducting these holdings;
<i>member state</i>	means a country in the European Economic Area;
<i>mixed activity holding company</i>	means a <i>parent</i> undertaking, other than a <i>financial holding company</i> , an <i>investment firm</i> or a <i>credit institution</i> , the <i>subsidiaries</i> of which include at least one <i>investment firm</i> or <i>credit institution</i> ;
<i>multilateral development bank</i>	means African Development Bank, Asian Development Bank, Caribbean Development Bank, Council of Europe Resettlement Fund, European Bank for Reconstruction and Development, European Investment Bank, Inter-American Development Bank, International Finance Corporation, International Bank for Reconstruction and Development (IBRD) and Nordic Investment Bank (NIB);
<i>non recourse loan</i>	means a loan to a <i>firm</i> secured on specific land or buildings, under the terms of which the lender has no claim on the other assets of the <i>firm</i> nor on assets for which the <i>firm</i> is accountable in any circumstances (including a winding up);
<i>non-core investment services</i>	means a service listed in Section C of the Annex to the ISD;
<i>non-trading book</i>	in relation to a <i>firm's</i> business or exposures, means any position, counterparty exposure or balance sheet item not falling within the definition of <i>trading book</i> excluding its <i>physical commodities</i> and

	<i>physical commodities derivatives</i> business;
<i>OECD</i>	means Organisation for Economic Co-operation and Development;
<i>oil</i>	means mineral oil of any description and petroleum gases, whether in liquid or vapour form, and includes products and derivatives of oil;
<i>oil collective investment scheme</i>	means a <i>collective investment scheme</i> , the property of which consists only of property which is <i>oil</i> or an <i>oil investment</i> or cash awaiting investment;
<i>oil investment</i>	means any of the following: <ul style="list-style-type: none"> (a) a unit in an <i>oil collective investment scheme</i>; (b) a <i>future</i> where the commodity in question is <i>oil</i>; (c) a <i>contract for differences</i> where the property in question is <i>oil</i> or an <i>oil investment</i> or the index or other factor in question is linked to or otherwise dependent upon fluctuations in the value or price of <i>oil</i> or any <i>oil investment</i>; (d) rights to and interests in anything which is an <i>oil investment</i>; (e) an option to acquire or dispose of an investment in (a) to (d);
<i>oil market investment activities</i>	means any <i>regulated activity</i> in relation to an <i>oil investment</i> or to <i>oil</i> ;
<i>oil market participant</i>	means a <i>firm</i> which: <ul style="list-style-type: none"> (a) carries on <i>oil market investment activities</i>, which in the United Kingdom are confined to either or both the following: <ul style="list-style-type: none"> (i) the performance of management services for the participants in an <i>oil collective investment scheme</i> in which individuals do not participate, and other <i>oil market investment activities</i> which are performed in relation to any such <i>oil collective investment scheme</i>; (ii) other <i>oil market investment activities</i> which: <ul style="list-style-type: none"> (A) are the executing of transactions on any <i>recognised investment exchange</i> or <i>designated investment exchange</i>, other than to enable the <i>firm</i> to fulfil the orders of <i>clients</i>; or (B) if they are not the executing of transactions on such exchanges, are performed in connection with or for persons who are not individuals; and

- (b) whose *permission* includes a *requirement* that the *firm* must not carry on any *investment business* other than that in (a);

operator

means:

- (a) (in relation to an *AUT*) the *manager*;
- (b) (in relation to an *ICVC*) that *company* or, if applicable, the *authorised corporate director*;
- (c) (in relation to any other *collective investment scheme* that is a *unit trust scheme* with a separate *trustee*) any *person* who, under the *trust deed* establishing the *scheme*, is responsible for the management of the property held for or within the *scheme*;
- (d) (in relation to any other *collective investment scheme* that is an *open-ended investment company*) that *company* or, if applicable, any *person* who, under the constitution or founding arrangements of the *scheme*, is responsible for the management of the property held for or within the *scheme*;
- (e) (in relation to an *investment trust savings scheme*) any *person* appointed, by those responsible for managing the property of the *investment trust*, to manage the *investment trust savings scheme*;

option

means the investment specified in article 77 of the Regulated Activities Order (Options), which is an option to acquire or dispose of:

- (a) a security or contractually based investment (other than an option);
- (b) currency of the United Kingdom or of any other country or territory;
- (c) palladium, platinum, gold or silver; or
- (d) an option to acquire or dispose of an option specified in (a), (b) or (c);

original own funds

means the original own funds of a *firm* calculated in accordance with Table 10-62(2) A or B;

OTC

means over the counter, i.e. in relation to any *investment*, an *investment* which is not traded or listed *on exchange* or an *approved exchange*;

out of the money

means those *options* and *warrants* which are not *in the money*;

own funds

means the own funds of a *firm* calculated in accordance with Table 10-61(1)B;

parent

means any parent undertaking as defined in section 258 of the Companies Act 1985 or paragraph 14 of Financial Reporting Standard No.2, and any undertaking which effectively exercises a

	dominant influence over another undertaking;
<i>participation</i>	means a holding either direct or indirect of 20% or more of the voting rights or capital of another undertaking;
<i>partner</i>	see “ <i>registered partner</i> ”;
<i>passport institution</i>	means a <i>firm</i> which is an <i>incoming EEA firm</i> ;
<i>passport investment business</i>	means the carrying on by a <i>passport institution</i> , within or into the United Kingdom in accordance with Schedule 3 to the Act, of - (a) one or more <i>listed activities</i> ; or (b) one or more of the <i>core investment services</i> ; or (c) one or more of the <i>non-core investment services</i> conducted in conjunction with one or more <i>core investment services</i> ; in relation to which a <i>supervisory authority</i> in its home state has regulatory functions;
<i>payment date</i>	means the date on which payment for the <i>securities</i> is due to be made to the issuer or seller, or, if payment is made in instalments, payment of the first instalment;
<i>perfectly matching contracts</i>	mean certain <i>OTC derivatives</i> contracts which are included in a legally binding netting agreement that are equal and exact opposites and perfectly matching in all material respects;
<i>permission</i>	means a <i>permission</i> given by the <i>FSA</i> under Part IV of the <i>Act</i> (Permission to carry on regulated activities), or resulting from any other provision of the <i>Act</i> , to carry on <i>regulated activities</i> in the United Kingdom;
<i>physical commodities method</i>	means the method of calculating <i>PRR</i> under rules 10-166 to 10-169B;
<i>physical commodity</i>	means the actual commodity, <i>documents of title</i> to actual commodities or shipping documents conveying title to actual commodities;
<i>PRA</i>	means percentage risk addition, i.e. a percentage to be applied to the value of positions in <i>investments</i> held by the <i>firm</i> to determine its <i>PRR</i> ;
<i>preference securities</i>	means a <i>share</i> with rights, in respect of capital or dividends, superior to those of ordinary equity;
<i>profit shares</i>	means an appropriation of profit before tax on a predetermined basis for the benefit of management or <i>employees</i> ;

<i>put option</i>	means an <i>option</i> to sell an <i>investment</i> , other instrument, foreign currency or <i>physical commodity</i> at a given price on or before a

given date;

qualifying debt security means a debt *security* which -

- (1) (a) is, or has an “equivalent debt” which is, rated by a “relevant agency” at, or higher than, the level indicated in the Table in **Appendix 34** and -
 - (i) there has been no announcement that the rating will be down-graded below the level so indicated; and
 - (ii) the *firm* has no reasonable cause to believe that another “relevant agency” has rated the *security* or “equivalent debt” below the level so indicated;
- (b) is issued or fully guaranteed by -
 - (i) a *Zone A* central government or central bank;
 - (ii) a *Zone B* central government or central bank, provided that the *security* is denominated in its national currency;
 - (iii) a *Zone A* public sector entity which represents no higher a risk than its central government;
 - (iv) a *Zone A credit institution*, provided that the *security* represents senior debt of the issuer;
 - (v) a *Zone B credit institution*, provided that the *security* has a maturity of one year or less and is not part of the issuer’s *own funds*;
 - (vi) an *investment firm* or *recognised third country investment firm*;
 - (vii) one of the following organisations -
 - The African Development Bank;
 - The Asian Development Bank;
 - The Bank for International Settlements;
 - The Caribbean Development Bank;
 - The Council of Europe;
 - Euratom (European Atomic Energy Community);
 - Eurofina (European Company for Financing of Railroad Rolling Stock);
 - The European Bank for Reconstruction and Development;
 - The European Coal and Steel Community;
 - The European Economic Community;
 - The European Investment Bank;
 - The Inter-American Development Bank;
 - The International Bank for Reconstruction and Development (World Bank);
 - The International Finance Corporation;
 - The International Monetary Fund;

The Nordic Investment Bank;

- (c) is collateralised by *securities* issued by a *Zone A* central government, *Zone A* central bank or one of the institutions listed in (a)(vii) above; or
 - (d) is issued or fully guaranteed by a company whose equity satisfies the criteria set out in section 5(b) of **Appendix 49**; and
- (2) for the purposes of (1) above -
- (a) the issuer or guarantor of the *security* is not in default as to any payment on any other *security* issued or guaranteed by it;
 - (b) in respect of any *security* of, or guaranteed by, any issuer or guarantor, “equivalent debt” means any debt which ranks *pari passu* with, or subordinated to, the *security* or (as the case may be) the guarantee; and
 - (c) in relation to any issuer or guarantor, a “relevant agency” means one of the agencies names in **Appendix 34** by reference to the category of issue or guarantor;

qualifying deposit

means a deposit which is one of the following -

- (a) balance on current account with an *approved bank*;
- (b) money on deposit with an *approved bank*, United Kingdom local authority, member of the Finance Houses Association, *stock exchange moneybroker*, *clearing firm*, the National Savings Bank, *recognised exchange* or *approved depository* which may be withdrawn within three months;
- (c) money on deposit with an *approved bank* directly related to a transaction creating an offsetting liability for the *firm* or subject to an agreement with the bank allowing its use as collateral for a loan that may be withdrawn within three months, which relates to a liability of the same maturity and arises out of a transaction;
- (d) amount evidenced by a certificate of tax deposit;
- (e) amount *evidenced by a certificate of deposit* issued by a *credit institution* or *investment firm* which matures within three months; or
- (f) deposit of cash by way of margin with an *exchange*, *clearing house*, *clearing firm* or *intermediate broker*;

Regulated Activities Order

means the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001 (SI 2001/544);

recognised clearing house

means a clearing house listed as such in **Appendix 57**;

<i>recognised exchange</i>	means an exchange listed as such in Appendix 57 ;
<i>recognised investment exchange</i>	means an investment exchange which is declared by a <i>recognition order</i> for the time being in force to be a recognised investment exchange;
<i>recognised scheme</i>	means a <i>collective investment scheme</i> recognised under Chapter V of Part XVI of the <i>Act</i> ;
<i>recognised third country investment firm</i>	means an undertaking which, if it was established within the <i>EEA</i> , would be covered by the definition of <i>investment firm</i> , and which is subject to the prudential rules of one of the regulators in Appendix 59 ;
<i>reconciliation</i>	means the identification and explanation of individual items of difference between two sets of records, but does not include the processing of necessary adjustments;
<i>registered partner</i>	means a partner of any partnership (including any partnership constituted under the law of a country or territory outside the United Kingdom) which carries on <i>investment business</i> as a <i>firm</i> and who is an <i>approved person</i> ;
<i>regulated banking institution</i>	means any banking institution which has paid up share capital and reserves of over £5,000,000 as shown by its latest published audited accounts, and which is authorised by the <i>FSA</i> or supervised by the central bank or other regulatory authority of a member state of the <i>OECD</i> in which the bank is incorporated;
<i>regulated business</i>	means <i>investment business</i> which is - <ul style="list-style-type: none"> (a) business carried on from a permanent place of business maintained by a <i>firm</i> (or its <i>appointed representative</i>) in the United Kingdom; and (b) other business carried on with or for <i>customers</i> in the United Kingdom, unless that business is - <ul style="list-style-type: none"> (i) business carried on from an office of a <i>firm</i> outside the United Kingdom which, if that office were a separate person, would fall within the overseas persons exclusions set out in article 72 of the Regulated Activities Order; or (ii) business of an <i>appointed representative</i> of the <i>firm</i> which is not carried on in the United Kingdom;
<i>regulated collective investment scheme</i>	means: <ul style="list-style-type: none"> (a) an <i>ICVC</i>; or (b) an <i>AUT</i>; or (c) a <i>recognised scheme</i>; whether or not the <i>units</i> are held within a <i>PEP</i> , <i>ISA</i> , or <i>pension contract</i> ;

<i>reporting statement</i>	<p>means any one or more of the following types of report as required by the <i>Supervision manual</i>:</p> <ul style="list-style-type: none"> (a) <i>audited annual financial statements</i>; (b) <i>annual reporting statement</i>; (c) <i>auditor's report</i>; (d) internal control letter; (e) quarterly reporting statement; (f) position risk reporting statement; (g) counterparty risk reporting statement; (h) annual reconciliation; (i) monthly reporting statement; and (j) the audited accounts of a subsidiary of the firm;
<i>repurchase agreement</i>	<p>(and "<i>sale and buy back agreement</i>") means an agreement for the sale of <i>securities</i> or <i>physical commodities</i> subject to a commitment to repurchase from the same person the same or similar <i>securities</i> or <i>physical commodities</i>, which meets either (a), (b), (c) and (e) or (a), (c), (d) and (e) of the following requirements -</p> <ul style="list-style-type: none"> (a) the <i>securities</i> or <i>physical commodities</i> and collateral are <i>marked to market</i> daily; (b) the collateral may be adjusted in order to take account of material changes in the value of the <i>securities</i> or collateral; (c) the agreement provides for the claims of the <i>firm</i> (<i>securities</i> or <i>physical commodities</i>) to be immediately set off against the claims of the counterparty (collateral); (d) the agreement is an <i>inter-professional</i> one; and (e) such agreements are confined to their accepted and appropriate use, and are not artificial transactions, (especially those not of a short term nature);
<i>requirement</i>	<p>means a requirement included in a <i>firm's Part IV permission</i> under section 43 of the <i>Act</i> (Imposition of requirements), section 45(4) of the <i>Act</i> (Variation etc on the Authority's own initiative) or section 46 of the <i>Act</i> (Variation of permission on acquisition of control);</p>
<i>reverse repurchase agreement</i>	<p>(and "<i>buy and sale back agreement</i>") means an agreement for the purchase of <i>securities</i> or <i>physical commodities</i> subject to a commitment to resell to the same person the same or similar <i>securities</i> or <i>physical commodities</i> which meets either (a), (b), (c) and (e) or (a), (c), (d) and (e) of the following requirements -</p> <ul style="list-style-type: none"> (a) the <i>securities</i>, or <i>physical commodities</i>, and collateral are <i>marked to market</i> daily;

- (b) the collateral may be adjusted in order to take account of material changes in the value of the *securities*, or *physical commodities*, or collateral;
- (c) the agreement provides for the claims of the *firm* (collateral) to be immediately set off against the claims of the counterparty (*securities* or *physical commodities*);
- (d) the agreement is an *inter-professional* one; and
- (e) such agreements are confined to their accepted and appropriate use, and are not artificial transactions, (especially those not of a short term nature);

sale and buy back agreement

see *repurchase agreement*;

securities and futures firm

means a *firm* whose *permitted activities* include *designated investment business*, which is not an *authorised professional firm*, *bank*, *building society*, *credit union*, *friendly society*, *ICVC*, *insurer*, *media firm*, *service company*, *incoming EEA firm* (without a *top-up permission*), *incoming Treaty firm* (without a *top-up permission*) or *UCITS qualifier*, whose *permission* does not include a *requirement* that it comply with *IPRU(INV) 5* (Investment management firms) or 13 (Personal investment firms), and which is within (a), (b), (c) or (d):

- (a) a *firm* (other than one falling within (d)):
 - (i) which was a member of *SFA* immediately before *commencement*; and
 - (ii) which was not, immediately before *commencement*, subject to the financial supervision requirements of the *FSA* (under section 43 of the Financial Services Act 1986), *PIA* or *IMRO* under lead regulation arrangements;
- (b) a *firm* whose *permission* includes a *requirement* that it comply with *IPRU(INV) 3* or 10 (Securities and futures firms);
- (c) a *firm*:
 - (i) which was given a *Part IV permission* after *commencement*, or which was authorised under section 25 of the Financial Services Act 1986 immediately before *commencement* and not a member of *IMRO*, *PIA* or *SFA*; and
 - (ii) for whom the most substantial part of its gross income, including *commissions*, from the *regulated activities* included in its *Part IV permission* is derived from one or more of the following activities (based, for a *firm* given a *Part IV permission* after *commencement*, on the business plan submitted as part of the *firm's* application or, for a *firm* authorised

under section 25 of the Financial Services Act 1986, on the *firm's* financial year preceding its *authorisation* under the Act):

- (A) an activity carried on as a member of an exchange;
 - (B) making a market in *securities* or *derivatives*;
 - (C) *corporate finance business*;
 - (D) *dealing*, or *arranging (bringing about) deals in investments*, in *securities* or *derivatives*;
 - (E) the provision of clearing services as a *clearing firm*;
 - (F) *managing investments*, where those *investments* are primarily *derivatives*; and
 - (G) activities relating to *spread bets*;
- (d) a *firm* that is:
- (i) an *ex-section 43 firm* which was not authorised under the Financial Services Act 1986 immediately before *commencement*; or
 - (ii) an *ex-section 43 lead regulated firm*;

security

means, as defined in article 3(1) of the Regulated Activities Order, any of the following investments specified in that Order:

- (a) shares (article 76);
- (b) debentures (that is, instruments creating or acknowledging indebtedness) (article 77);
- (c) government and public securities (article 78);
- (d) warrants (that is, instruments giving entitlement to investments) (article 79);
- (e) certificates representing certain securities (article 80);
- (f) units (article 81);
- (g) stakeholder pension schemes (article 82); and
- (h) rights to or interests in investments in (a) to (g) (article 89);

settlement day

means the day on which -

- (a) under the recognised practice of an exchange bargains are contracted for settlement; and
- (b) in the case of bargains not transacted on an exchange or entered into for forward settlement, 20 days from the date of the transaction, or, if earlier, the contractual due date;

share

means the investment, specified in article 76 of the Regulated Activities Order (Shares etc), which is, in summary: a share or stock in the share capital of:

	(a) any <i>body corporate</i> (wherever incorporated);
	(b) any unincorporated body constituted under the law of a country or territory outside the United Kingdom;
<i>sole trader</i>	means a <i>firm</i> which is not a <i>body corporate</i> and not a <i>partnership</i> ;
<i>stock exchange moneybroker</i>	is a moneybroker which is an <i>authorised person</i> and acts as an intermediary in the gilt market;
<i>subsidiary</i>	has the meaning given to it in section 736 of the Companies Act 1985;
<i>supervisory authority</i>	in relation to another <i>member state</i> , means an authority in that state which has regulatory functions in relation to one or more <i>listed activities, core investment services</i> or <i>non-core investment services</i> ;
<i>supranational organisation</i>	means any organisation referred to in Part 2 of Appendix 35 ;
<i>swap</i>	means a transaction in which two counterparties agree to exchange streams of payments over time according to a predetermined basis;
<i>Takeover Code</i>	means the City Code on Takeovers and Mergers and the Rules Governing Substantial Acquisitions of Shares published by the Takeover Panel;
<i>takeover or related operation</i>	means - <ul style="list-style-type: none"> (a) any offer to which the <i>Takeover Code</i> applies and any transaction or arrangement which is of such a nature that the <i>Takeover Code</i> would have applied to it had it concerned a company whose shares are listed under Part VI of the <i>Act</i> and whose head office and place of central management are in the United Kingdom; (b) any offer, transaction or arrangement relating to the purchase of <i>securities</i> with a view to establishing or increasing a strategic holding of a person, or of a person together with his <i>associates</i> in the <i>securities</i> concerned; (c) any transaction or arrangement entered into in contemplation or furtherance of any offer, transaction or arrangement falling within (a) or (b) above; and (d) any transaction or arrangement entered into by way of defence or protection against any offer, transaction or arrangement falling within (a), (b) or (c) above which has taken place or which is contemplated;
<i>Takeover Panel</i>	means the Panel on Takeovers and Mergers;
<i>tender offer</i>	means an unconditional offer as a principal to buy <i>securities</i> ;

<i>trading book</i>	<p>in relation to a <i>firm's</i> business or exposures, means its -</p> <ul style="list-style-type: none"> (a) proprietary positions in <i>financial instruments, physical commodities</i> and commodity <i>derivatives</i> which are held for resale and/or are taken on by the <i>firm</i> with the intention of benefiting in the short term from actual and/or expected differences between their buying and selling prices, or from other price or interest-rate variations; (b) positions in <i>financial instruments, physical commodities</i> and commodity <i>derivatives</i> arising from matched principal broking; (c) positions taken in order to hedge other elements of the <i>trading book</i>; (d) exposures due to unsettled <i>securities</i> or <i>physical commodities</i> transactions, free deliveries, derivative transactions, <i>repurchase, sale and buy back</i> and <i>securities</i> and <i>physical commodities</i> lending agreements based on <i>securities</i> or <i>physical commodities</i> included in (a) to (c) above, <i>reverse repurchase, buy and sale back</i> and <i>securities</i> borrowing and <i>physical commodities</i> borrowing agreements based on <i>securities</i> or <i>physical commodities</i> included in (a) to (c) above; and (e) fees, commissions, interest and dividends which are directly related to the items included in (a) to (d) above;
<i>trust beneficiary</i>	means a beneficiary under a trust (not being the settlor) who benefits from the performance by a <i>firm</i> as trustee of investment services relating to the management of the trust assets;
<i>undocumented buy and sale back agreement</i>	means an agreement for the purchase of <i>securities</i> or <i>physical commodities</i> subject to a commitment to resell to the same person the same or similar <i>securities</i> or <i>physical commodities</i> , where the agreement does not meet all of the necessary requirements for a <i>buy and sale back agreement, reverse repurchase, or securities</i> borrowing or <i>physical commodities</i> borrowing agreement;
<i>undocumented sale and buy back agreement</i>	means an agreement for the sale of <i>securities</i> or <i>physical commodities</i> subject to a commitment to repurchase from the same person the same or similar <i>securities</i> or <i>physical commodities</i> , where the agreement does not meet all of the necessary requirements for a <i>sale and buy back agreement, repurchase, or securities</i> lending or <i>physical commodities</i> lending agreement;
<i>venture capital business</i>	<p>means the business of:</p> <ul style="list-style-type: none"> (a) investing in, advising on, managing or arranging transactions in <i>venture capital investments</i>; or (b) advising, managing or operating portfolios or <i>collective investment schemes</i> which (apart from funds awaiting

	investment) invest only in <i>venture capital investments</i> ;
	(c) any <i>custody</i> activities provided in connection with the activities in (a) and (b); or
	(d) any related ancillary activities;
<i>venture capital firm</i>	means a <i>firm</i> whose <i>permission</i> includes a requirement that it must not conduct <i>investment business</i> other than <i>venture capital business</i> ;
<i>venture capital investment</i>	means an <i>investment</i> which, at the time the investment is made, is:
	(a) in a new or developing company or venture; or
	(b) in a management buy-out or buy-in; or
	(c) made as a means of financing the investee company or venture and accompanied by a right of consultation, or rights to information, or board representation, or management rights; or
	(d) acquired with a view to, or in order to facilitate, a transaction falling within (a) to (c);
<i>venture capital schemes</i>	means a scheme for providing capital to a <i>body corporate</i> whose equity is not traded or listed on an <i>exchange</i> ;
<i>walkaway clause</i>	means a provision which permits a non-defaulting counterparty to make only limited payments, or no payment at all, to the estate of the defaulter, even if the defaulter is a net creditor;
<i>warrant</i>	means the investment specified in article 79 of the Regulated Activities Order (Instruments giving entitlement to investments), which is, in summary: a warrant or other instrument entitling the holder to subscribe for a share, debenture or government and public security;
<i>Zone A</i>	means any country which is a full member of the <i>OECD</i> or has concluded special lending arrangements with the IMF associated with the IMF's General Arrangements to Borrow, provided it has not rescheduled its external sovereign debt to official or commercial bank creditors in the previous five years (Australia, Austria, Belgium, Canada, Czech Republic, Denmark, Finland, France, Germany (including any pre-unification claims on East Germany), Greece, Hungary, Iceland, Ireland, Italy, Japan, Luxembourg, Mexico, Netherlands, New Zealand, Norway, Portugal, Saudi Arabia, South Korea, Spain, Sweden, Switzerland, Turkey, United Kingdom, United States, the Channel Islands, Gibraltar, Bermuda and the Isle of Man); and
<i>Zone B</i>	means any country not in <i>Zone A</i> .

Appendix 20

GUIDANCE NOTES ON RECONCILIATION OF FIRM'S BALANCES WITH A COUNTERPARTY WHICH IS A MEMBER OF AN EXCHANGE (rule 10-11(4))

Introduction

- 1 The purpose of this guidance is to state how under rule 10-11(4) the reconciliation process with counterparties which are also members of exchanges should be performed.

Scope

- 2 The reconciliation to be performed with counterparties should cover all outstanding balances and *securities* positions with such counterparties from all sources except to the extent that the components of such balances and *securities* positions have been agreed by other means. Agreement by other means shall include (but is not to be limited to) those which have been—
 - (a) matched or cleared through an exchange, clearing house or clearing system; or
 - (b) verified by dispatch to or receipt from the counterparty of a confirmation or statement. Such verification should have been evidenced in writing or by electronic media.
- 3 The reconciliation should cover all remaining outstanding items including, for example, fee-based items, dividends where these are on the *firm's* balance sheet, coupons, amounts arising under *OTC* contracts, *repurchase* and *reverse repurchase agreements* and *securities* lending and borrowing.
- 4 The items to be included should be all those past trade date which is consistent with *trade date accounting*.
- 5 Where necessary a *firm* should initially circularise a list of all relevant open items as set out above rather than a net balance. A *firm* should identify the assumptions made by them in ascertaining which balances (or types of balances) have been included in the reconciliation. A *firm* should also identify where the balances or *securities* positions with a counterparty arise from different accounts operated by them with that counterparty.
- 6 The scope of the rule is intended to cover nil balances although these may be covered on a sample basis only. They are included because discrepancies in such balances may only come to light as being incorrectly stated on the performance of a circularisation. However, reconciliations of nil balances do not need to be performed where—
 - (a) the counterparty is also a *firm*; or
 - (b) there has been no outstanding balance with the counterparty at any point during the year.

Timing

- 7 It is considered preferable for a *firm* to be aware in advance at which periods of the year they will receive reconciliations requests. This may be of use to a *firm* in enabling it to plan in advance the allocation of staff for the performance of the reconciliations. Thus, it is suggested that a *firm* submits such circularisations, where possible, at calendar quarter end dates. It is considered that, in any case, the majority of *firms* would be likely to circularise such statements at these dates. However, a *firm* will be eligible to circularise at other dates as, for example, when its own *annual* or *quarterly accounting reference dates* do not coincide with the calendar quarter end.
- 8 A *firm* may perform the reconciliation in conjunction with the work undertaken by its auditors for the purposes of the annual audit.

The obligation on firms

- 9 Where a *firm* receives a statement from a *counterparty* during the year, the recipient *firm* is not also required by virtue of rule 10-11(4) to send a further statement to that counterparty in the same year.
- 10 A recipient of a circularisation request from another *firm* must use its best endeavours to respond. Notwithstanding paragraphs 7 and 8 above, this obligation will apply even if this request is received more frequently than once a year from the same counterparty or is wider in scope than required by paragraphs 2 to 6 above (for example, by also covering balances which have already been agreed by other means). Rule 10-11 only requires that specific balances be covered. This is intended as a minimum requirement and not necessarily as the norm. If a *firm* need not reply to a request more than once a year or which covered balances of a wider scope, *firms* would be discouraged from requesting such reconciliations.
- 11 Rule 10-11(6) requires a *firm* to respond, within one month of receipt, to a circularisation request received from another *firm*. The one month response period should also be observed in relation to circularisation requests received under rule 10-11(4).
- 12 It is not considered necessary to issue detailed guidance for the procedure to be adopted in cases where the recipient does not reply to a circularisation request sent by a *firm*. It is intended that a *firm* need only take reasonable steps to obtain any such reply. However, before a *firm* has taken such steps, it should not assume that the circularisation is agreed merely due to the absence of a reply from the counterparts.

Appendix 21

NOTES ON THE VALUATION OF POSITIONS

(rule 10-41(9))

Introduction

- 1 Rule 10-41(9) states that a position must be valued at its close out price, where close out price means that a long position should be valued at current bid price and a short position at current offer price. In addition, rule 10-41(9) states that a *firm* must value a position on a prudent and consistent basis, and have regard to the liquidity of the instrument concerned and any special factors that may adversely affect the closure of the position.
- 2 The following paragraphs give general indications to *firms* on the appropriate valuation methodology. However, it is emphasised that prudence should be the overriding influence in the valuation exercise and that, where uncertainty exists as to the most appropriate price, the *firm* should use that price which gives the most conservative valuation.

General principles

- 3 *Firms* should value positions by reference to market prices, but where necessary should add a prudent and appropriate buffer to the bid or offer price to account for factors which would adversely affect the *firm's* ability to realise the close-out value, such as -
 - (a) the liquidity of the *security* in question;
 - (b) the size of the position held in that *security* relative to the sizes at which prices are quoted;
 - (c) the direction of the position (long or short) relative to the current direction of the market;
 - (d) the exposure of the *firm* to the relevant market as a whole;
 - (e) any conversion or foreign exchange costs that would be incurred if the position were closed out;
 - (f) any other factors which may affect the close-out price.
- 4 Where a mid-market or single price only is available for the *security* in question, *firms* must adjust this price by a prudent and appropriate buffer as outlined in paragraph 3 above.
- 5 With respect to paragraphs 3 and 4 above, *firms* should be able to demonstrate at all times how they determined the final price applied to any position in a *security*.

Appendix 33 (exchanges)

LIST OF RECOGNISED INVESTMENT, DESIGNATED INVESTMENT AND APPROVED EXCHANGES

1 Recognised investment exchanges

UK

The International Petroleum Exchange of London Ltd (IPE)
The London International Financial Futures and Options Exchange
The London Metal Exchange Ltd (LME)
The London Stock Exchange
OM London Exchange
virt-x
COREDEAL Limited
Jiway Limited

Overseas

Appendix 43

GUIDANCE NOTES ON THE FINANCIAL RESOURCES AND ACCOUNTING TREATMENT OF SOFT COMMISSION AGREEMENTS

(rules 10-73 and 10-175)

1 Introduction

This Appendix contains detailed guidance to the following rules—

Rules	
10-73	Expenditure requirement
10-175	<i>CRR</i> on other amount owed to a <i>firm</i> arising out of <i>trading book</i> business.

2 The *FSA* is of the view that it is not responsible for setting accounting policies in relation to a *firm's audited annual financial statements*. However, the *FSA* considers that it is preferable for all *firms* participating in "soft commission agreements" to have consistent accounting policies. Without such consistency, certain *firms* would have a competitive advantage in terms of their *financial resources*. Therefore, for the purposes of completing *financial reporting statement* submitted to the *FSA*, appropriate accounting policies should be used. The guidance and interpretations made in this Appendix should be considered in this context.

3 The guidance applies to all *firms* which participate in "soft commission agreements" whether or not this is the sole *investment business* of the *firm*.

4 Definition

A soft commission agreement means—

"any agreement, whether oral or written, under which a *firm* which deals in *securities* on an advisory basis, or in the exercise of discretion, receives goods or services in return for an assurance that not less than a certain amount of such business will be put through or in the way of another person;"

5 Description

A "soft commission agreement" is understood as being one in which a fund manager agrees, either formally or informally, to provide a broker with a certain amount of commission in any one period in return for the provision of services "free". Those services may be provided in-house or by third parties and may take the form of specific research provided by analysts, portfolio valuation systems, or information packages, plus the associated computer hardware and software.

- 6 Under traditional broking arrangements, the full service broker normally receives commission in return for the total servicing of a fund manager's account, a package which includes execution, perhaps custodianship and, almost certainly, research, also "free". The services provided under traditional broking arrangements are in-house i.e. within a broking group, and mostly are not conditional upon receipt by the broker of a certain level of commission, although there is usually an understanding which may never be articulated, that a certain volume of business will be generated.

7 Existing difference in accounting policies

The accounting policies used can in general be divided into those which are "profit & loss" based and those which are "balance sheet" based. Under the former, the *firm* will write-off such expenditure to its profit & loss account but will usually not accrue a liability in its *financial reporting statements* for commissions received in advance. Consequently, the "normal" profit & loss based accounting systems for expenses incurred and commissions received will be used. It should be noted that such *firms*, as they are fundamentally participating in traditional broking arrangements, may not have legally enforceable "soft commission agreements" with their counterparties, such that there may be no absolute contractual liability on the *firm* or counterparty to provide expenditure or commission.

- 8 *Firms* using the "balance sheet" approach will accrue for liabilities but will also tend to capitalise their expenditure under "soft commission agreements". This may be the policy used by *firms* which specialise in legally enforceable "soft commission agreements" and reflects the legal status of such agreements. These may contract the counterparty to pay a level of commission related to the level of expenditure incurred by the *firm* (and vice versa if the counterparty has paid advance commission in excess of the expenditure paid by the *firm*).

9 Expenditure and balances receivable

Once expenditure is incurred for a counterparty, the soft commission broker may claim that contractually the counterparty is bound to pay him a certain multiple of that expenditure in the form of commission within a certain period of time from the date the expenditure was incurred. Consequently, certain *firms* have previously capitalised their expenditure and shown it as an asset for the purposes of calculating their *financial resources*.

10 Required treatment

Where a *firm* incurs expenditure on behalf of a counterparty or counterparties in respect of "soft commission agreements" (whether or not it is incurred in relation to a written contract), the *firm* should immediately write off such expenditure to its profit & loss account.

- 11 Notwithstanding the above, expenditure may be capitalised (as an asset) in the balance sheet of the company which incurred the expenditure, **only where this amount is recoverable under a legally enforceable contract**

(see paragraph 18 below). Where such expenditure is capitalised it will be subject to rule 10-175.

12 Income and balances payable

Once commission income is received from a counterparty, the *firm* may recognise that contractually it is bound to pay the counterparty a certain proportion of that income, in the form of the counterparty's expenses, within a certain period. Although certain *firms* are including this amount as a liability on their balance sheet (and thus reducing their *financial resources*), other *firms* are making no such provision.

13 Required treatment

Where a *firm* has a contractual liability to, or on behalf of, a counterparty or counterparties which arises from a legally enforceable "soft commission agreement", the *firm* should accrue in its *financial reporting statements* a liability for the relevant proportion of any advanced commission income received from the counterparty that will have to be subsequently incurred as an expense by the *firm* in the form of a payment on behalf of the counterparty for allowable goods and services.

14 Expenditure requirement

Once expenditure is incurred for a counterparty, the soft commission broker may claim that contractually the counterparty is bound to pay him a certain multiple of that expenditure in the form of commission within a certain period and thus such expenditure should not be included in the *firm's* expenditure requirement.

15 Required treatment

Expenditure incurred by soft commission brokers should be included in a *firm's* expenditure requirement, unless it is incurred under a legally enforceable "soft commission agreement" when it may be excluded from the expenditure requirement calculation.

16 The reasoning behind this treatment is that the expenditure of a *firm* participating in soft commission arrangements is similar to shared commissions and can, therefore, be treated as though it were shared commissions under rule 10-73(2)(f), except to the extent that such expenses are irrecoverable, i.e. except where there is no enforceable legal agreement.

17 It is considered that certain *firms* may have been under the misapprehension that there was a concession for all expenditure related to "soft commission agreements" regardless of whether the agreement was legally enforceable. Where a *firm* undertakes a mixture of business between legally enforceable contracts and informal arrangements (all of which the *firm* would classify as "soft commission agreements"), it must take great care in allocating expenditure between legally enforceable contracts and others. Alternatively, it

may decide to include all expenditure in the expenditure requirement regardless of source.

18 Legally enforceable contracts

For the purposes of this guidance, for a "soft commission agreement" to be legally enforceable there should be a specific written legal contract governing the arrangements. The contract should be legally enforceable by the *firm* involved, both in the UK and in any other relevant country.

Appendix 47

Counterparty Weights To Be Applied In Calculating Liquidity Adjustment And CRR

(rules 10-64 to 10-68, and 10-172 to 10-176)

This Appendix details the appropriate *counterparty* weights to be applied when calculating a liquidity adjustment in accordance with rules 10-64, 10-65 and 10-66, a requirement on a charged asset in accordance with rule 10-67 or a requirement on a *contingent liability* in accordance with rule 10-68 and the *CRR* percentages applicable in the calculation of a *firm's CRR* in accordance with rules 10-172 to 10-176.

Type of counterparty	Counterparty weight
claims on, or explicitly guaranteed by, or collateralised with <i>securities</i> issued by: <ul style="list-style-type: none"> - the central government or central bank of a <i>Zone A</i> country; - the <i>European Communities</i>; or - any other government or central bank, provided the <i>exposure</i> is denominated in that country's national currency. 	NIL
claims on discount houses, gilt-edged <i>market makers</i> , institutions with a <i>money</i> market dealing relationship with the Bank of England and those <i>Stock Exchange money brokers</i> which operate in the gilt-edged market, where the claims are secured on gilts, UK Treasury bills, eligible <i>local</i> authority and eligible bank bills, or London CDs	10%
claims on, or explicitly guaranteed by: <ul style="list-style-type: none"> - a <i>multilateral development bank</i>; - the regional government or <i>local</i> authority of a <i>Zone A</i> country; - a <i>Zone A credit institution</i>; - a <i>recognised clearing house</i> or <i>recognised exchange</i>; - a recognised third country or <i>EEA investment firm</i>; - a <i>Zone B credit institution</i>, provided the <i>exposure</i> has a maturity of one year or less. 	20%
any other <i>counterparty</i>	100%

Guidance

The guarantee should be explicit and be legally enforceable by the *firm* and should prevent a *firm's* capital from becoming deficient as a result of experiencing a loss on such an exposure. The exposure must be retained on the *firm's* balance sheet.

Appendix 48

SECURITIES AND FUTURES FIRMS: GUIDANCE NOTES ON THE SECONDARY REQUIREMENT

1. Illiquid assets

As set out in rule 10-74, firms are required to calculate a secondary requirement on illiquid assets in certain circumstances.

The *FSA* may consider lowering the level of this part of the secondary requirement in steps, if a *firm* can demonstrate, for example:

- (a) that the fixed assets concerned are readily realisable or can be used as *collateral* against which additional liquid funds can be raised; and
- (b) that the risks arising from its loans are well diversified, are partially or fully secured to the *FSA's* satisfaction, or loans are granted only in accordance with formal credit assessment procedures.

Other factors which the *FSA* may take into account will include:

- (a) whether the assets are core to the firm's ongoing business and therefore their ready realisation will be inhibited;
- (b) the relationship between the balance sheet value and market value of the assets;
- (c) the nature of *counterparties* concerned where relevant;
- (d) the number of individual *illiquid assets* greater in value than 10% of *initial capital* plus interim year's profit and loss; and the size of the excess of total *illiquid assets* over 25% of *initial capital* plus interim profit and loss.

2. Discretionary secondary requirement

A firm may be required to include at the *FSA's* discretion (by the imposition of a *requirement*) a secondary requirement as part of its financial resources requirement. In setting a secondary requirement, the *FSA* will take into account whether a firm meets the following criteria.

Liquidity management

The *FSA* will consider whether a *firm* can demonstrate that it has procedures to manage its current and future cashflows and capital requirements and planned routes to obtain additional capital.

The factors which the *FSA* may take into account the following when evaluating a *firm's* ability to satisfy this criterion include:

- (a) the frequency and detail with which cashflow forecasting is performed;
- (b) the ability to monitor the mismatch of cashflows, in particular the effect of individual transactions on a *firm's* liquidity;
- (c) the availability of banking facilities;
- (d) the existence of excess capital in *group* companies or the financial standing of the *firm's controllers* or both; and
- (e) the *firm's* gearing ratio.

Management

A *firm* must be able to demonstrate that, given the nature and size of its business, effective management control is exercised.

In considering this criterion, the factors that the *FSA* may take into account include:

- (a) the level of product awareness and managerial experience of senior management;
- (b) the number and location of senior managers in the context of the type and size of *firm*;
- (c) where appropriate, the independence of senior management, including the possible existence of an internal audit function;
- (d) the extent to which senior management monitors and controls the day to day activities of the *firm* including, for example, the setting and monitoring of limits governing credit and market exposures;
- (e) the integrity and attitude towards regulation of senior management; and
- (f) the existence of clearly defined business strategy laid down by the *firm's* senior management and the extent to which this has been communicated to the appropriate staff, including, for example, consideration of products, markets, *client* base, staffing and systems.

Systems and control

Taking into account the size of the *firm*, the diversity of its business activities, the volume, size and frequency of transactions and the degree of risk arising therefrom, a *firm* must be able to demonstrate that it has established and maintained effective systems and methods of internal control.

In considering this criterion, the factors that the *FSA* may take into account include:

- (a) the existence of standard operating procedures laid down by management and adhered to by staff governing the way in which businesses are performed, who may commit the *firm*, the methods for recording and processing transactions and the production of management information;

- (b) how frequently these operating procedures are reviewed to ensure that they continue to address the activities of the *firm*;
- (c) the existence of risk management systems which, based on the nature, size and complexity of the business, measure the risks incurred in all their activities including market, credit, operational and legal risks and include control mechanisms to alert management where risks become unacceptably high e.g. exception reports;
- (d) whether staff are sufficient in number, have appropriate experience, skill levels and specialised knowledge to manage the risks of processing, reporting and controlling the business undertaken.
- (e) the existence of management information which allows management to determine whether the *firm* is meeting its strategic plans, budget, forecasts etc.
- (f) the degree of centralisation of control procedures and systems;
- (g) the *firm's* commitment to staff training;
- (h) where appropriate, the effective use of an internal audit function;
- (i) the existence of an independent review procedure to assess the risks arising from new and ongoing business activities;
- (j) the frequency of external verification of data held relating to, for example prices, debtors, creditors, balances with depositories and clearing houses;
- (k) the existence of documented systems specifications;
- (l) the existence of adequate and tested back-up facilities and disaster recovery plans;
- (m) the availability of maintenance and programming expertise;
- (n) the age, degree of automation and integration of a *firm's* systems and the ability of a *firm's* systems to process additional data; and
- (o) the existence of insurance cover appropriate to the *firm's* activities.

Appendix 49 - Equity PRAs

1 Equity method 1 PRAs

Category	PRAs
Single stocks in qualifying countries (see 6 below)	12%
Other single stocks	16%
Broad-based equity indices which are not broken down into constituent stocks	8%

Guidance

Equity method 1 PRA includes both specific risk and general market risk. When calculating the LER for positions treated under the issuing market method, 8% should be deducted from the equity method 1 PRA to obtain the appropriate specific risk weighting.

2 Specific risk PRAs for equity method 2

Category	Specific risk PRAs
Single stocks in qualifying countries(see 6 below)	4% unless the position fulfils the criteria set out below (paragraph 5) in which case 2%
Other single stocks	8%
Broad-based equity indices which are not broken down into constituent stocks	0%

3 Specific risk PRAs for equity methods 3 and 4

Category	Specific risk PRAs
Single stocks	4% unless the position fulfils the criteria set out below (paragraph 5) in which case 2%
Broad-based equity indices which are not broken down into constituent stocks	0%

Guidance

For the purposes of Tables 1, 2 and 3 above, a broad-based index is one in which the number and nature of the constituent equities are such that the index will behave as "the market". Where a *firm* is in any doubt it should apply the single stock weights and consult the *FSA*.

4 General market risk PRAs

Category	General market risk PRAs
Single stocks in qualifying countries (see 6 below)	8%
Other single stocks	8%
Broad-based equity indices	8%

5 Criteria for applying 2% specific risk

A firm may only apply a 2% specific risk PRA in the following circumstances–

- (a) the position must be eligible to be treated under equity method 2;
- (b) the position must be–
 - (i) a constituent of an index shown in the table below; or
 - (ii) a constituent of the FT-Actuaries World Indices in a qualifying country; or
 - (iii) a stock of a UK incorporated company, traded on the London Stock Exchange, has at least six registered market makers and has a Normal Market Size (NMS) of at least 5,000 shares; and
- (c)
 - (i) the position may not exceed 10% of the gross value of the country portfolio; and
 - (ii) the total gross value of all positions comprising between 5% and 10% of the gross value of the country portfolio must not exceed 50% of the gross value of the country portfolio.

Table of constituent indices

Country	Index
Australia	All Ordinaries
Belgium	BEL 20
Canada	TSE 35
France	CAC 40
Germany	DAX
Italy	MIB 30
Japan	Nikkei 225
Netherlands	EOE
Spain	IBEX 35
Sweden	OMX
Switzerland	SMI
UK	FTSE 100
UK	FTSE Mid 250
US	S&P 500

6 Qualifying countries for equity method

Qualifying countries for the equity method are–

Australia	Ireland
Austria	Italy
Belgium	Japan
Canada	Luxembourg
Denmark	Netherlands
Finland	Portugal
France	Spain
Germany	Sweden
Greece	Switzerland
Hong Kong	UK
	USA

Appendix 50 –

Equity PRAs For Equity Method 3 - Alternative 2 - Calculation 1

CATEGORY		1 (%)	2	3
A	UK AND IRELAND			
	Constituents of the FT-SE 100 Index	10.5]	27
	Other constituents of the FT All-Share Index	15.0] 86	
	Other equities with a normal market size	18.0]	
	Other UK and Irish equities	25.0	n/a

Osaka Securities Exchange	2

Oslo Stock Exchange	2
Philadelphia Stock Exchange	8
Sao Paulo Stock Exchange	2
Singapore International Monetary Exchange	4
South African Futures Exchange	3
Swiss Options and Financial Futures Exchange	2
Sydney Futures Exchange	4
Tokyo International Financial Futures Exchange	4
Tokyo Stock Exchange	2
Toronto Futures Exchange	4
Vancouver Stock Exchange	4
ANY OTHER EXCHANGE NOT LISTED ABOVE	15

Appendix 52

Options And Warrants On Equities - The Hedging Method Of Calculating PRR

The table below must be used where a *firm* applies the hedging method to an equity hedging an *option* or *company issued warrant* on that equity.

	<i>Option position</i>	<i>In the money by more than P%</i>	<i>In the money by less than P%</i>	<i>Out of the money</i>
Long in security	Long put	zero	Wp	X
	Short call	Y	Y	Z
Short in security	Long call	zero	Wc	X
	Short put	Y	Y	Z
Key				
P%	The <i>equity method 1 PRA</i> %			
Wp	[(P%- 100%) x equity position valued at the exercise price] + <i>mark to market</i> value of equity position			
Wc	[(100% + P%) x equity position valued at the exercise price] - <i>mark to market</i> value of equity position			
X	The <i>mark to market</i> value of the equity position multiplied by the <i>equity method 1 PRA</i> in Appendix 49			
Y	The <i>mark to market</i> value of the equity position multiplied by the <i>equity method 1 PRA</i> in Appendix 49 . This result may be reduced by the <i>mark to market</i> value of the <i>option</i> or <i>warrant</i> , subject to a maximum reduction to zero			
Z	The hedging method is no longer permitted - other permitted methods must be used for both the <i>option</i> or <i>warrant</i> and the equities			

Appendix 53

Interest Rate PRAs

1 Specific risk PRAs

<i>Issuer</i>	Maturity	Specific risk PRA (%)
An <i>issue</i> of, or fully guaranteed by, a <i>Zone A</i> central government or central bank	any	0
An <i>issue</i> of, or fully guaranteed by, a <i>Zone B</i> central government or central bank denominated in the domestic currency	0-12 m	0
An <i>issue</i> collateralised by claims on or <i>securities</i> of a <i>Zone A</i> central government or central bank, or the <i>European Communities</i> ; or An <i>issue</i> of the <i>European Communities</i>	any	0.125
Other <i>qualifying debt securities</i>	0-6 m	0.25
	6-24 m	1.00
	Over 24 m	1.60
Any other <i>issuer</i>	any	8

2 Maturity-based general market risk PRAs

Zone	Maturity Band		PRA(%)	
	Coupon 3% or more	Coupon less than 3%	Qualifying currencies (see 4 below)	Other currencies
One	0 - 1 m	0 - 1 m	0.00	0.00
	1 - 3 m	1 - 3 m	0.20	0.40
	3 - 6 m	3 - 6 m	0.40	0.80
	6 - 12 m	6 - 12 m	0.70	1.40
Two	1 - 2 yr	1 - 1.9 yr	1.25	2.50
	2 - 3 yr	1.9 - 2.8 yr	1.75	3.50
	3 - 4 yr	2.8 - 3.6 yr	2.25	4.50
Three	4 - 5 yr	3.6 - 4.3 yr	2.75	5.50
	5 - 7 yr	4.3 - 5.7 yr	3.25	6.50
	7 - 10 yr	5.7 - 7.3 yr	3.75	7.50
	10 - 15 yr	7.3 - 9.3 yr	4.50	9.00
	15 - 20 yr	9.3 - 10.6 yr	5.25	10.50
	over 20 yr	10.6 - 12 yr	6.00	12.00
		12 - 20 yr	8.00	16.00
over 20 yr	over 20 yr	12.50	25.00	

3 Maturity-based matching factors

	Matching factor
Same maturity band	10%
Zone 1	40%
Zone 2	30%
Zone 3	30%
Adjacent Zones	40%
Zone 1 and Zone 3	150%

4 Qualifying currencies for interest rate method

The qualifying currencies for the interest rate method are–

Austria	euro	Italy	euro
Belgium	euro	Japan	(Yen)
Canada	(Dollar)	Luxembourg	euro
Denmark	(Krone)	Netherlands	euro
euro		Portugal	euro
Finland	euro	Spain	euro
France	euro	Sweden	(Krona)
Germany	euro	Switzerland	(Franc)
Greece	(Drachma)	UK	(Sterling)
Ireland	euro	US	(Dollar)

Appendix 54

Options And Warrants On Qualifying Debt Securities - The Hedging Method Of Calculating PRR

The table below must be used to calculate the *PRR* where a *firm* applies the hedging method to a *qualifying debt security* hedging an *option* or *bond warrant* on that *security*.

	Option position	In the money by more than P%	In the money by less than P%	Out of the money
Long in security	Long put Short call	zero Y	Wp Y	X Z
Short in security	Long call Short put	zero Y	Wc Y	X Z
Key				
P%	The sum of the specific risk <i>PRA</i> and the maturity-based general <i>market risk PRA</i> for the debt <i>security</i> .			
Wp	[(P%- 100%) x debt position valued at the exercise price]+ <i>mark to market</i> value of debt position			
Wc	[(100% + P%) x debt position valued at the exercise price] - <i>mark to market</i> value of debt position			
X	The <i>mark to market</i> value of the debt position multiplied by the sum of the specific risk <i>PRA</i> and maturity-based general <i>market risk PRA</i> in Appendix 53			
Y	The <i>mark to market</i> value of the debt position multiplied by the sum of the specific risk <i>PRA</i> and maturity-based general <i>market risk PRA</i> in Appendix 53 . This result may be reduced by the <i>mark to market</i> value of the <i>option</i> or <i>bond warrant</i> , subject to a maximum reduction to zero.			
Z	The hedging method is no longer permitted - other permitted methods must be used for both the <i>option</i> or <i>bond warrant</i> and the debt <i>securities</i> .			

Appendix 55

Guidance Notes On The Application Of Adequate Collateral Or Acceptable Collateral To Reduce Counterparty Exposures

Introduction

- 1 The purpose of this note is to give guidance to *firms* on how *collateral* received from *counterparties* may be applied to reduce *exposures* to *counterparties* on which *CRR* and liquidity adjustments are calculated.

Types of collateral

- 2 The *FSA* recognises two different definitions of *collateral*–
 - (a) *acceptable collateral*, which is a fairly limited definition and includes only cash, gold and silver bullion, certificates of deposit issued by and lodged with the *firm*, *securities* issued by *Zone A* central governments, *Zone A* central banks and the *European Communities*; and
 - (b) *adequate collateral*, which is a much broader definition and includes as well as the types of *collateral* listed in (a) above, *shares*, *Talisman short-term certificates*, letters of credit and guarantees.

Status and value of collateral

- 3 In order that a *firm* may rely on collateral to reduce *exposures* to *counterparties*, it must meet certain criteria, i.e. the *firm* must have an unconditional right to apply or realise the *collateral* for the purposes of repaying the *counterparty's* obligations to the *firm*; and in the case of *adequate collateral*, it may not be issued by the *counterparty*. *Collateral* should be accurately valued, in particular collateral in the form of *securities* must be marked to market daily using the same principles as used for valuing positions (rule 10-41).

Application of collateral

- 4 *Acceptable collateral* may be used to reduce an *exposure* arising under any of rules 10-65, 10-66 and 10-170 to 10-176. Any uncovered *exposure* will then be subject to the relevant liquidity adjustment or *CRR* percentage.
- 5 *Adequate collateral* may be applied to *counterparty exposures* in two different ways. If the *counterparty exposure* arises on a transaction subject to rule 10-173 (repurchase and reverse repurchase, *securities* lending and borrowing and *sale and buy back agreements*), only that part of the *exposure* left uncovered will be subject to the relevant *CRR* percentage. If the *counterparty exposure* arises on a transaction, subject to rules 10-172 (*free deliveries of securities*), 10-174 (*derivative* transactions) or 10-175 (other amounts owed to a *firm* arising out of *trading book* business), the part of the *counterparty exposure* covered by *adequate collateral* will be subject to a maximum 8%

CRR percentage, while the part of the *counterparty exposure* left uncovered will be subject to the *CRR* percentage detailed in the relevant rule.

Appendix 56

Guide To Adequate Credit Management Policy (ACMP) (rules 10-172 to 10-175, 10-300 and "ACMP")

Introduction

- 1 This appendix contains general guidance on the standards which the *FSA* expects a *firm's ACMP* to meet.

Objective

- 2 The *FSA's* objective is to ensure that adequate procedures and controls are in place to manage effectively the granting of credit and the monitoring and controlling of credit risk.

Scope

- 3 The guidance applies to any *firm* which wishes to:
 - (a) take advantage of the lower *CRR* percentages (by which counterparty exposures must be multiplied); and
 - (b) have its *ACMP* taken into account in the determination of the appropriate level of its secondary requirement.
- 4 Before a firm may use the lower percentages in calculating *CRR* and in preparing its financial reporting statements, it must meet the requirements set by 10-300. The *ACMP* and its operation will be reviewed periodically by the *FSA* and, where it is no longer operating effectively, the firm may be in breach of those requirements.

Background

- 5 The *FSA* is aware that *firms* grant credit to counterparties in many different ways, including for example, loans to cover actual margin calls as a result of delays between trade date and final settlement or of late settlement etc. This guidance is designed to cover all instances where a *firm* becomes exposed to credit risk although, depending on the way in which credit risk arises, the procedures for managing it may differ.
- 6 In considering the credit management policies of a *firm*, the *FSA* will expect the *firm* to operate a robust control structure which is appropriate to the size, scale and nature of its business and the diversity and complexity of its exposures. The *FSA* recognises that different approaches to and styles of credit management can create an effective operational control environment. Therefore, it is not appropriate for the *FSA* to lay down prescriptive standards which it would expect a *firm* to meet, but rather to suggest a broad framework which is flexible, allows for individualised solutions and can accommodate and encourage evolutionary developments.

- 7 The prime components of a sound credit risk management process are:
- the definition by a *firm* of what constitutes a credit exposure/risk and is therefore covered by the *firm's ACMP*;
 - a comprehensive credit risk measurement approach;
 - the existence of guidelines and other parameters used to determine credit limits and govern the level and types of risk taken; together with
 - a strong management information system for controlling, monitoring and reporting exposures.

Thus, when the *FSA* reviews a *firm's* credit management process, it will seek comfort that credit exposures are managed and controlled in a highly disciplined manner and that the relevant staff are well versed in the *firm's* credit procedures.

- 8 Where a *firm's* credit risk management is controlled or overseen by its parent or an affiliate in the same group, provided that the *firm* can identify reasonable grounds for believing that the level of control is suitable, this should not impede use of the *firm's ACMP*.

General principles

- 9 In forming its view as to the adequacy of a *firm's* credit risk management process, the general characteristics which the *FSA* may take into account include the following:

Role of senior management

- (a) whether the framework of credit risk management, i.e. a *firm's* policies and procedures, is overseen by the board of directors or an equivalent management body;

Procedures

- (b) whether there are clearly established lines of responsibility and levels of authority for:
- the granting of credit to a counterparty;
 - extending its permitted use to cover risk arising on a product new to the counterparty;
 - increasing existing credit facilities; and
 - the monitoring and controlling of all credit risk;
- (c) the extent to which the functions of granting, measuring, monitoring and controlling credit risk are managed independently of the front office

with a direct reporting line to the senior management ultimately responsible for credit risk management;

- (d) whether good channels of communication exist which ensure that the *firm's* credit management procedures are well understood and followed by all relevant personnel;
- (e) whether procedures exist for identifying unintentional credit exposures and dealing with counterparty which has failed to settle its obligations to the *firm*, (whether merely due to a delay or actual default), or which is expected not to settle its obligations on the due date; including arrangements for closing out transactions. In addition, the *FSA* may consider whether a *firm* has the ability to identify and attempt to predict, as well as quantify, any shortfall as it arises and on an aged basis;
- (f) whether mechanisms exist for a daily comparison of exposures with credit limits, including the production of exception reports, and the procedures to be followed to deal with the results of those exception reports;

Documentation

- (g) whether a *firm's* credit management policies and procedures are properly documented and reviewed by the *firm* on a regular and thorough basis to ensure that they continue to remain appropriate and sound;
- (h) whether records are kept in respect of each counterparty (identified on an individual legal entity basis) indicating in sufficient detail, the level of credit risk to a counterparty to which the *firm* is willing to expose itself. Where a firm grants a credit facility similar to a loan to cover, for example, margin calls, such records might give details of the credit facility extended to a counterparty together with any information gathered in support of the decision to grant that credit facility, the types of transaction which the *firm* may enter into with the counterparty and to which the credit facility may be allocated. Credit information relating to counterparties should be regularly updated and reviewed by the *firm* to ensure that any credit facility granted remains appropriate;

Collateral and margin

- (i) whether the *firm* has written policies relating to the margining and collateral arrangements with its counterparties. Terms of business or customer agreements would normally detail the circumstances when margin might be called, and the type and level of collateral which would be acceptable to the *firm* on the basis of its liquidity, volatility and ability to be realised. In addition, it may be relevant to consider the degree to which a firm's collateral records are kept up to date and include details of the practical procedures for the realisation of such collateral.

Measurement and monitoring of exposures

- (j) whether a *firm* has mechanisms for identifying the level of concentration of credit risk exposures to each individual counterparty, and each group of connected counterparties, etc on a regular and timely basis;
- (k) where a *firm* uses risk reduction techniques (such as master agreements, netting agreements, collateralisation arrangements or the taking of third party credit enhancements, including letters of credit and guarantees), whether the firm has procedures for scrutinising documents and assessing their impact on the credit risk of the *firm* and assessing the quality of any guarantees or letters of credit;
- (l) depending on the nature of the credit exposures to which a *firm* is subject, whether the *firm's* mechanisms for measuring such exposures are appropriate to cover the type or level of risk to which they give rise.

Additional Guidance on the FSA's Assessment of ACMPs

Preamble

This document is intended as a guide to those areas of Credit Management Policies which the *FSA* will address when considering their adequacy.

A definition of credit and the measurement of credit risk

The *FSA* expects that *firms* have a clear definition of what is considered to be “credit risk” (by whatever name it is known) within the *firm*.

The *FSA* expects *firms* to consider in depth the measurement of the extent of Credit Risk which is incurred vis a vis any given counterparty. *Firms* should be aware that the extent of credit risk incurred will not necessarily be the same as the nominal value of contracts entered into (“value at risk” concept).

The *FSA* will expect that firms measure and monitor the extent of Credit Risk incurred vis a vis any given counterparty by reference to a system of limits showing the maximum Credit Risk which the *firm* considers it prudent to incur vis a vis that counterparty having regard for the financial strength of the counterparty.

The *FSA* expects there to be adequate procedures within the *firm* for the recognition of where credit risk may be incurred, for the approval of incurring such risk, and, once incurred, for the monitoring of that risk to ensure the satisfactory recovery of all amounts owed to the *firm* by a counterparty.

The decision to grant credit

If there is a formal decision making body (e.g. a “Credit Committee”) which reviews applications for credit:

- How does it derive its authority?
- What is the extent of any Credit Committee’s authority as regards:
 - amount of credit granted
 - tenor of credit granted
 - products for which credit lines may be approved
 - industry sectors for which credit lines may be approved?
- How is any Credit Committee constituted?
- What are the qualifications of any Credit Committee’s members to make the decisions required of them?

- Independence of Committee from profit centres
- Recording of Approvals

If there is no formal committee, what procedures exist to ensure adequate collective responsibility for credit decisions giving regard for the duality (“four eyes”) principle and independence of decisions made from profit centres likely to benefit from income? e.g.

- “round robin” circulation of papers to Directors/Credit Management
- individual sign off on each transaction/deal

Many of the comments noted above concerning a “Credit Committee” will be relevant also where no formal Committee meets, as will the following remarks concerning the documentation provided to those making credit decisions.

What documentation is provided to those charged with reaching decision to grant credit?

Cover sheet detailing proposed credit.

- Name of proposed counterparty (identify correct legal entity)
- Address of proposed counterparty
- Amount of credit
- Currency of credit
- Tenor of credit
- Collateral/Security proposed (where applicable)
- Remuneration for credit granted
- Products
- Existing exposure to counterparty (in case of increase/review)
- Previous payment performance of counterparty (in case of increase/review)

Financial information on proposed counterparty.

In order to ascertain the financial strengths and weaknesses of a proposed counterparty The FSA expects *firms* to revert to financial information, some examples of which are given below.

- Annual report and accounts
- Analysis of annual reports and accounts

- Credit reference agency reports e.g. Dun and Bradstreet
- Rating agency reports e.g. Standard and Poors, Moody's
- Brokers reports
- Bank status reports
- Statements of net worth

“Credit memorandum” or other internally produced paper outlining the reason for proposing the granting of credit to the counterparty.

Some areas which might be covered by such a memorandum are as follows:

- Background information on relationship with proposed counterparty
- Commentary/analysis of financial information
- Future prospects (for profitability, growth etc.)
- Reason for present proposal
- What benefit will it bring to a *firm's* relationship with company?
- Perceived risks in providing the credit proposed
- What measures have been taken to mitigate these risks?
- Provision of management accounts
- imposition of financial covenants
- Taking of security
- Comments on the collateral or security to be taken
- Comments on legal documentation to be employed
- Industry exposure
- Country exposure
- Spread of counterparties - large exposures

The monitoring of credit exposure

Once a proposal to grant credit has been approved The *FSA* will expect that there are adequate procedures in place to ensure the proper monitoring of all credit exposures entered into.

The *FSA* expects the monitoring function to be separate from and managed independently of those profit centres which may benefit from the incurring of credit risk.

In order to ensure adequate monitoring of credit exposure it will be necessary for firms to ensure that decisions concerning credit matters are communicated promptly and efficiently to those who are responsible for their utilisation and monitoring. firms may wish to consider how such matters are communicated to:

- Those entitled to commit the *firm*
- Credit Control Officers
- Senior Management
- Documentation Staff

The *FSA* will consider the methods by which this information is communicated e.g. memorandum, manual lists, credit procedures manuals etc.

Computer systems

Where use is made of computer systems The *FSA* will consider the various methods by which the integrity of databases is ensured. These could include

- Password protection/access rights
- Accuracy/key verification
- Duality principle
- Physical security of systems
- Back up

Where information is transferred between computer systems e.g. for reporting purposes or to PC based systems The *FSA* will consider any reconciliations which are performed.

Reporting

The *FSA* expects there to be an adequate reporting system for the monitoring of credit exposure. Many *firms* make use of a series of reports, analysing their credit exposure based on a number of different criteria. Examples of the kinds of reports which may be found useful by *firms* are given below.

- Excess reports/Exception reports
- Exposure reports

- by customer/group/connected customers
- by industry
- by country
- Overdue payments reports
- Facilities due for review
- Facilities by collateral/security type
- Collateral/security held
- Large Exposures

The *FSA* will give consideration to the frequency of production of reports used in monitoring credit risk.

Credit Risk Management/Control

The *FSA* will expect to be given details of the action taken where monitoring shows that any aspect of credit exposure is not in line with previously agreed parameters.

For example where exposure is in excess of approved limits The *FSA* will expect to be informed about what action is taken, where payments are not received, how this is followed up. If a counterparty's financial standing deteriorates, what action is taken to attempt to mitigate possible credit loss?

Documentation

The *FSA* expects *firms* to have adequate procedures in place to be certain that all transactions which require documentation are documented and that this occurs within an acceptable time frame, and that any transactions which fail to be documented are identified and reported to Senior Management for appropriate action to be taken.

The *FSA* expects any staff responsible for documentation to be separate from front office/profit centres and have an independent reporting structure. This will ensure that the commercial wish to trade and do business does not cloud the negotiation of effective and binding legal documentation.

- Suitability of documentation to be used
- Preparation of documentation
- Qualification of staff (or choice of solicitors to be instructed)
- Training of documentation staff
- Tenacity of documentation staff

Basic documentation to be obtained from all counterparties might include

- Certificate of incorporation
- Memorandum and articles of association (M&AA)
- Board Resolution

Other documents which a *firm* may wish to call for prior to entering into transactions would include:

- a statement of officers authorised to act for the counterparty and to commit it to transactions
- a list of authorised signatories where one exists
- an audited annual report or interim figures
- credit reference report or bank status report

Other areas for consideration could include:

- Prompt execution of documentation
- Monitoring response to documents sent out
- Chasing where no response
- Reporting missing documentation to senior management

- Proper execution
- Secure storage of documentation
- Regular review of documentation held

Ongoing review of credit risk

The *FSA* expects firms to have in place adequate procedures for the annual (or more frequent) review of credit risk.

- Scope of the review
- Financial information
- Action where concern is raised
- Possible need for more frequent review
- Monitoring of counterparties' performance
- Defaults and delinquent and bad debts
- Provisioning policy

The *FSA* will expect a *firm* to be able to explain what action may be taken as the result of review e.g. reduction of credit limit, calling for further collateral etc. where the review indicates cause for concern.

Documentation of credit policies and procedures and customer files

The *FSA* will expect *firms* to consider the manner in which their Credit Policies are documented. Areas for comment could include:

- Credit Procedures manuals and the context in which they are used
- Internal Board Minutes showing delegated authority
- Credit Committee Minutes
- Operations manuals
- Training material for staff
- Internal memorandum detailing credit policy
- Customer Credit files, to contain

- credit analysis information
- copies of decisions to grant credit
- copies of relevant documentation
- press cuttings
- copies of data input documents

Appendix 57

List Of Exchanges And Clearing Houses Recognised For The Purposes Of IPRU(INV)10

The following lists are not lists of the Recognised Investment Exchanges and the Recognised Clearing Houses to which the RIE and RCH Sourcebook (REC) applies. Inclusion of an exchange or clearing house in the following list does not imply its recognition under Part XVIII of the Financial Services and Markets Act 2000. The following lists of exchanges and clearing houses are solely for the purposes of IPRU(INV)10.

1 Exchanges recognised for the purposes of IPRU(INV)10

American Stock Exchange LLC
Amsterdam Exchanges (AEX)
AmStock Exchange of Lower Saxony Hannover (Niedersächsische Börse zu Hannover)
Athens Stock Exchange (ASE) - Thessaloniki Stock Exchange Centre (TSEC)
Australian Stock Exchange Ltd.
Baden-Wurtemberg Stock Exchange Stuttgart (Bayrische Börse)
Barcelona Stock Exchange (La Bolsa de Valores de Barcelona)
Bavarian Stock Exchange Munich (Bayrische Börse)
Belgian Futures and Options Exchange (BELFOX)
Berlin Stock Exchange (Berliner Wertpapierbörse)
Bilbao Stock Exchange (Bolsa de Bilbao)
Bourse de Montréal
Bremen Stock Exchange (Bremer Wertpapierbörse)
Canadian Venture Exchange
Chicago Board of Trade
Chicago Mercantile Exchange
Chicago Board Options Exchange Inc.
Copenhagen Stock Exchange (Københavns Fondsbørs)
Deutsche Börse AG
Eurex Deutschland
Eurex Zurich
Euronext Amsterdam NV
Euronext Brussels Ltd.
Euronext Paris SA
Frankfurt Stock Exchange (Frankfurter Wertpapierbörse)
Hanseatic Stock Exchange Hamburg (Hanseatische Wertpapierbörse Hamburg)
Helsinki Exchanges
Hong Kong Exchanges and Clearing
International Petroleum Exchange of London Ltd.

Irish Stock Exchange
Italian Exchange
Bolsa de Valores de Lisboa e Porto (BVLP)
London International Financial Futures and Options Exchange (LIFFE)
London Metal Exchange Ltd.
London Stock Exchange Ltd.
Luxembourg Stock Exchange (Société de la Bourse de Luxembourg SA)
Madrid Stock Exchange (La Bolsa de Valores de Madrid)
Marché à Terme International de France (MATIF)
MEFF Renta Variable
Mercado AIAF de Renta Fija, SA
Mercato Italiano Derivati (IDEM)
Mercato Italiano Futures (MIF)
Nagoya Stock Exchange
The Nasdaq Stock Exchange
New York Mercantile Exchange
New York Stock Exchange Inc.
OM London
OM Stockholm Exchange
Osaka Securities Exchanges
The Oslo Stock Exchange (Oslo Bors)
Pacific Stock Exchange
Rhine-Westphalian Stock Exchange Dusseldorf (Rheinisch-Westfälische Börse zu Düsseldorf)
Singapore Exchange
Stockholm Stock Exchange (Stockholms Fondbörs AB)
Sydney Futures Exchange

Options Clearing Corporation
Options Clearing House Pty Ltd (OCH)
OTOB Clearing Bank AG (OTOB)
Société de Compensation des Marchés Conditionnels (SCMC)
Sydney Futures Exchange Clearing House (SFECH Ltd)
TNS Clearing Pty Ltd (TNSC)

Appendix 58

VERIFICATION OF INTERIM PROFITS BY EXTERNAL AUDITORS

Introduction

- 1 The purpose of this note is to give guidance to *firms* on the required level of verification of interim profits by external auditors before a *firm* may include such profits in its *initial capital*.

Eligibility for inclusion in initial capital

- 2 Interim profits must have been verified as being fairly stated by an external auditor. The external auditor should normally undertake at least the following -
 - (a) satisfy himself that the figures forming the basis of the interim profits have been properly extracted from the underlying accounting records;
 - (b) review the accounting policies used in calculating the interim profits so as to obtain comfort that they are consistent with those normally adopted by the institution in drawing up its annual financial statements and are in accordance with the principles required under the provisions of the Supervision Manual;
 - (c) perform analytical procedures on the result to date, including comparisons of actual performance to date with budget and with the results of prior period(s);
 - (d) discuss with management the overall performance and financial position of the institution;
 - (e) obtain adequate comfort that the implications of current and prospective litigation, all known claims and commitments, changes in business activities and provisioning for bad and doubtful debts have been properly taken into account in arriving at the interim profits; and
 - (f) follow up problem areas of which the auditors are already aware in the course of auditing the institution's financial statements.

Submission of an interim profits verification report

- 3
 - (a) A *firm* must submit to the *FSA* a verification report signed by its external auditor which states whether the interim results are fairly stated before it may include the interim profits in its *initial capital*.
 - (b) In the normal course of events, wording in the form of a 'negative assurance' will be considered by the *FSA* to be adequate, reflecting the fact that the scope of the verification process is less than that of a full audit of a

firm's results. However, where the *FSA* has significant prudential concerns about a *firm*, it reserves the right to require an *auditor's report* giving 'positive assurance' before the *firm* may include the interim profits in its *initial capital*.

- (c) A standard form of words for 'negative assurance' purposes is available from the *FSA* on request.

Chapter 13: Financial Resource Requirements for Personal Investment Firms

13.1 APPLICATION

- 13.1.1 R (1) This chapter applies to a *firm* which is a *personal investment firm*.
- (2) Sections 13.1 to 13.8 apply to a *personal investment firm* which is a *Category A firm*.
- (3) Section 13.1 and sections 13.9 to 13.12 apply to a *personal investment firm* which is a *Category B firm*.
- (4) The definitions in the Glossary at Appendix 13(1) apply to this chapter.
- 13.1.1A G *Firms* are reminded that a *media firm* is not a *personal investment firm*.

GENERAL REQUIREMENTS

13.1.2 A *firm* must:

- (1) have and maintain at all times financial resources of the kinds and amounts specified in, and calculated in accordance with, the *rules* of this chapter; and
- (2) be able to meet its liabilities as they fall due.

13.1.3 R A *firm* must effect and maintain at all times adequate professional indemnity insurance cover for all the business activities which it carries on, or for which it is responsible unless *rule* 13.1.4 applies.

13.1.4 R The following *firms* are not required to effect or maintain professional indemnity insurance:

- (1) members of the same *marketing group* as any of the *firms* specified in (a) and (b);
- (a) *banks, building societies, insurance companies and friendly societies*;
- (b) *firms* with stock market capitalisation at all times of more than £50m;

where there exists between that *firm* and a *firm* specified in (a) or (b) a written agreement that in the event of it becoming insolvent the *firm* specified in (a) or (b) will satisfy any outstanding liabilities which it may have arising out of claims made by *private customers* in relation to *regulated activities*.

- (2) **subsidiaries of any of the firms specified in (1)(a) or (b), where there exists between the subsidiary and its parent or ultimate holding company a written agreement that in the event of it becoming insolvent its parent or ultimate holding company will satisfy any outstanding liabilities which it may have arising out of claims made by private customers in relation to regulated activities.**

- 13.1.5 E (1) To effect and maintain adequate professional indemnity insurance cover a *firm* should obtain insurance cover which is at least equivalent to the provisions set out in appendix 13(2)E and incorporate the requirements set out in (2).
- (2) The professional indemnity insurance *policy* should incorporate terms which make provision for the following:
- (a) legal liability in consequence of any negligence in the exercise and conduct of the *firm's* business by the *firm* and/or by others on behalf of the *firm*;
 - (b) the required minimum limit of indemnity for an *independent intermediary* or *marketing group associate* as set out in (c) or (d) as applicable:
 - (c) any one claim basis, 3 times relevant income subject to a minimum limit of £100,000 any one claim; or aggregate basis, 3 times relevant income subject to a minimum limit of £500,000 in the aggregate;
 - (d) the overall limit of cover in (c) and (d) need not exceed £3,000,000 on any one claim or aggregate basis unless the *firm* is a *Network* in which case such cover need not exceed £5,000,000;
 - (e) the relevant income for an *independent intermediary* or *marketing group associate* means all income paid or payable which is commission, brokerage or fees arising from the Assured's professional business activities covered under the *policy* whether *regulated activities* or not for the last accounting year prior to inception or renewal of the *policy* or as per the business plan for new applicants;

- (f) cover must be arranged in respect of an *appointed representative's designated investment business* for which a *firm* is responsible and the limit of indemnity must be calculated accordingly;
 - (g) the limit of indemnity for *product providers* is £3,000,000 minimum;
 - (h) legal defence costs must be covered in addition to the minimum limit of indemnity referred to above unless the limit of indemnity is on an aggregate basis. This additional cover is limited to defence costs and not, for example, the *firm's* own expenses incurred in defending or establishing claims;
 - (i) full retroactive cover in respect of claims arising from work carried out in the past;
 - (j) the excess is not to exceed the greater of £5,000 or 3% of relevant income;
 - (k) PIA Ombudsman and *Ombudsman awards*;
 - (l) dishonesty of *employees* including *appointed representatives* and principals of *appointed representatives*;
 - (m) libel and slander;
 - (n) loss of documents (liability and costs and expenses incurred in replacing, restoring or reconstructing);
 - (o) self-employed or contract hire persons engaged in the insured's business are deemed to be *employees* of the insured;
 - (p) indemnity to *employees*, former *employees* and/or consultants.
- (3) compliance with (1) may be relied upon as tending to establish compliance with 13.1.5.
- (4) contravention of (1) may be relied upon as tending to establish contravention of 13.1.5.

- 13.1.6 G (1) *firms* may insure with any insurer which is authorised to transact professional indemnity insurance in the *United Kingdom*;
- (2) *firms* should seek advice from their broker on renewal of their professional indemnity insurance cover and to check that their broker is in possession of appendix 13(2)E and the requirements of 13.1.6E.

NOTIFICATION REQUIREMENTS

- 13.1.7 G *Rule* 13.1.9 is a *notification rule* and is in addition to any notification requirements in the Supervision Manual (Sup 15).
- 13.1.8 G *Firms* are reminded to comply with SUP 15.7 (Form and method of notification) when notifying the *FSA* in accordance with *rule* 13.1.9.
- 13.1.9 R **A firm must notify the FSA immediately it becomes aware, or has information which reasonably suggests, that any of the matters in Table 13.1(1) has occurred, may have occurred or may occur in the foreseeable future.**

Table 13.1(1)

This table forms part of 13.1.9

NOTIFIABLE EVENTS	
1.	<i>professional indemnity insurance</i> cover, required in accordance with <i>rule</i> 13.1.3, being refused or cancelled;
2.	in respect of a <i>Category A firm</i> complying with section 13.3: <ul style="list-style-type: none"> (a) <i>own funds</i> falling below the applicable reference level; (b) <i>own funds</i> reaching the applicable € level specified in <i>rule</i> 13.3.1;

- (c) change of control causing loss of eligibility for that alternative test;
- 3. *Category A firms*;
 - (a) exposures to other *undertakings* in the *firm's group* exceeding in aggregate 20 per cent of *own funds*;
 - (b) a *large exposure* exceeding 25 per cent of *own funds*;
 - (c) aggregate *large exposures* exceeding 800 per cent of *own funds*;
 - (d) continuation of a *large exposure* in accordance with *rule 13.6.2D*;
 - (e) default by a counterparty in a stock repurchase or reverse repurchase agreement or a *securities* lending or borrowing transaction;
 - (f) exceeding the limits specified in *rule 13.6.2* and complying instead with table 13.6.2(2);

RECORD KEEPING REQUIREMENTS

- 13.1.10 R **A firm must take reasonable steps to ensure that it:**
- (1) **keeps records which are sufficient to show at any time that it has complied with the requirements of this chapter; and**
 - (2) **establish procedures and controls to ensure that those records are made promptly and accurately and, where appropriate, brought up-to-date at regular and frequent intervals.**

- 13.1.11 G When establishing record keeping systems *firms* are expected to bear in mind the advantage of records which will enable them to demonstrate easily their compliance with the *rules* and the effectiveness of their own procedures and controls.
- 13.1.12 R **A *firm* must ensure that its records are kept up-to-date and:**
- (1) **show with reasonable accuracy at any time the *firm's* financial position at that time;**
 - (2) **enable the *firm* to demonstrate its continuing compliance with the applicable financial resource requirements; and:**
 - (3) **provide the information needed to enable**
 - (a) **the *firm* to prepare the financial statements and reports required by or under the *rules*; and**
 - (b) **any auditor required to report on the *firm's* financial statement to form an opinion on them in accordance with the relevant requirements.**
- 13.1.13 G Records should be capable of presenting a clear picture of the *firm's* financial viability.
- 13.1.14 R (1) **A *firm* may hold its records in any form but it must**
- (a) **keep them in English and up-to-date, and**
 - (b) **be able to produce them promptly at its business premises on paper at the *FSA's* request.**
- (2) **If a *firm* retains records away from the place or places at which it conducts business, it must notify the *FSA* in accordance with the provisions of SUP 15 of the address and telephone number of the place or places at which they are kept.**
- (3) **The *firm* must keep its records in such a way that**
- (a) **any particular record is promptly accessible, and**
 - (b) **any particular transaction is clearly shown, easily traceable through the *firm's* accounting records and sufficiently explained.**

- (4) If the *firm* does not keep all records relating to financial resource requirements in one place, the *firm* must ensure that there is a clear indication that this is the case and provide accessible and adequate means of tracing all relevant records.

RELIANCE ON THIRD PARTIES

- 13.1.15 R A *firm* may rely on records provided by a third party provided that the *firm* reconciles those records with its own.

SECURITY

- 13.1.16 R A *firm* must take reasonable steps to protect its records at all times against loss, unauthorised access, alteration or destruction.

RETENTION OF RECORDS

- 13.1.17 R A *firm* must retain any record required by the *rules* or the rules of a *previous regulator* for a period of six years after the time the record is made.

13.2 Financial Resources Tests

- 13.2.1 R A *Category A firm* must meet:
- (1) Financial Resources Test 1 (the *Own funds Test*) calculated in accordance with section 13.3;
 - (2) Financial Resources Test 1A (the *Adjusted Net current assets Test*) calculated in accordance with section 13.4; and
 - (3) Financial Resources Test 2 (the *Expenditure-based Test*) calculated in accordance with section 13.5.
- 13.2.2 G Where a *Category A firm* deals as principal or as agent (as distinct from arranging transactions) in any of the following financial instruments, namely *units in collective investment schemes, securities or traded options* and other *derivatives*, the “trading book” provisions of section 13.8 are relevant to the *Category A firm*.
- 13.2.3 G Table 13A is a summary of the financial resources test for *Category A firm*.

Table 13.A

This table forms part of guidance 13.2.3

SUMMARY OF FINANCIAL RESOURCES FOR CATEGORY A FIRMS				
Type of firm	Financial Resources Test 1 <i>Own funds Test</i>	Financial Resources Test 1A <i>Adjusted net current assets Test</i>	Financial Resources Test 2 <i>Expenditure-based Test</i>	Rule/section references
Category A1 (including any Network in this category)	*€730,000	Adjusted <i>net current assets</i> of £1	Financial resources equal to the highest of 13/52 of Relevant Annual Expenditure or £400 per <i>adviser</i> or £10,000	13.3.1(1) 13.3.2 13.4 13.5.1 and 13.5.1A and 13.5.2 to 13.5.4A
Category A2 which is permitted to carry on the activity of managing investments or to delegate such activity to an investment firm	*€125,000	Adjusted <i>net current assets</i> of £1	Financial resources equal to the higher of 13/52 of Relevant Annual Expenditure or £400 per <i>adviser</i>	13.3.1(2) 13.3.2 13.4 13.5.1 and 1B and 13.5.2 to 13.5.4A
Category A2 with 26+ advisers	*€125,000	Adjusted <i>net current assets</i> of £1	Financial resources equal to the highest of 8/52 of Relevant Annual Expenditure or 13/52 of Relevant Annual Expenditure without <i>special adjustments</i> or £400 per <i>adviser</i>	13.3.1(2) 13.3.2 13.4 13.5.1C and 13.5.2 to 13.5.4A

Category A2 with 1-25 advisers	*€125,000	Adjusted <i>net current assets</i> of £1	Financial resources equal to the highest of 4/52 of Relevant Annual Expenditure or 13/52 of Relevant Annual Expenditure without <i>special adjustments</i> or £400 per <i>adviser</i>	13.3.1(2) 13.3.2 13.4 13.5.1C to D and 13.5.2 to 13.5.4A
Category A3 which is permitted to carry on the activity of managing investments or to delegate such activity to an investment firm	*€50,000	Adjusted <i>net current assets</i> of £1	Financial resources equal to the highest of 8/52 of Relevant Annual Expenditure or 13/52 of Relevant Annual Expenditure without <i>special adjustments</i> or £400 per <i>adviser</i>	13.3.1(3) 13.3.2 13.4 13.5.1C to D and 13.5.2 to 13.5.4A

Category A3 which is not permitted to carry on the activity of managing investments or to delegate such activity to an investment firm	*€50,000	Adjusted <i>net current assets</i> of £1	Financial resources equal to the highest of 4/52 of Relevant Annual Expenditure or 13/52 of Relevant Annual Expenditure without <i>special adjustments</i> or £400 per <i>adviser</i>	13.3.1(3) 13.3.2 13.4 13.5.1C to D and 13.5.2 to 13.5.4A
Network in Category A2	*€125,000	Adjusted net current assets of £1	Financial resources equal to the higher of 13/52 of Relevant Annual Expenditure or £400 per <i>adviser</i>	13.3.1(2) 13.3.2 13.4 13.5.1 to 1B and 13.5.2 to 13.5.4A
Network in Category A3	*€50,000	Adjusted net current assets of £1	Financial resources equal to the higher of 13/52 of Relevant Annual Expenditure or £400 per <i>adviser</i>	13.3.1(3) 13.3.2 13.4 13.5.1 to 1B and 13.5.2 to 13.5.4A
* Or the <i>firm's</i> highest reference level, in accordance with <i>rules</i> 13.3.3 to 3B				

13.3 Financial Resources Test 1 - Own funds

REQUIREMENT

13.3.1 R Unless *rules 13.3.3 to 3B* apply, a *Category A firm's own funds* must at all times be at least:

(1) for a *Category A1 firm*: €730,000; or

(2) for a *Category A2 firm*: €125,000; or

(3) for a *Category A3 firm*: €50,000.

13.3.1A G These resources may be denominated in sterling but, for the purposes of this test, must be translated into Euros (€) at the current official conversion rate (published daily in the national press).

CALCULATION OF OWN FUNDS

13.3.2 R A *Category A firm's own funds* must be calculated in accordance with tables 13.3.2(1) and (2).

Table 13.3.2(1)

This table forms part of *rule 13.3.2*

FINANCIAL RESOURCES TEST 1 - OWN FUNDS		
Companies		Sole Traders; Partnerships
(1) Paid up ordinary <i>share</i> capital	A	Balances on proprietor's or partners'
(2) <i>Share</i> premium account		(5) capital accounts
(3) Audited reserves (excluding revaluation reserves) and <i>verified</i> interim net profits		(6) current accounts (to the extent that the profits are audited and the interim net profits are <i>verified</i>)
(4) Non-cumulative preference <i>shares</i> (if not redeemable by shareholders within 5 years)		
Initial Capital (applicants for authorisation)		

less	B	less
(7) <i>Investments in own shares</i>		(8) Intangible assets
(8) Intangible assets		(9) <i>Material current year losses</i>
(9) <i>Material current year losses</i>		(10) <i>Material holdings in credit and financial institutions</i>
(10) <i>Material holdings in credit and financial institutions</i>		(11) Excess of current year drawings over current year profits
Original <i>own funds</i> (A minus B)		
C		
(12) Revaluation reserves	D	(12) Revaluation reserves
(13) Cumulative preference <i>share capital</i> (if not redeemable by shareholders within 5 years)		(14) Long-term subordinated loans
(14) Long-term subordinated loans		
(15) Preference <i>share capital</i> (if not redeemable by shareholders within 2 years) and <i>debt capital</i>		
Own <i>funds</i> (C plus D)		
(<i>firms</i>)		

Table 13.3.2(2)

This table forms part of *rule 13.3.2*

OWN FUNDS - RESTRICTIONS
(1) An applicant for authorisation must use only Initial Capital (items (1) to (4) or (5) and (6)) in calculating its resources to meet Financial Resources Test 1.
After obtaining authorisation a <i>firm</i> may use <i>Own funds</i> (items (1) to (15)) for that calculation.
(2) The admissible amount of items (12) to (15) must not be greater than 100% of Original <i>Own funds</i> .
(3) The admissible amount of items (13) and (14) must not be greater than 50% of Original <i>Own funds</i> .

Alternative to Financial Resources Test 1

- 13.3.3 R (1) **If a *Category A firm* was in existence before 1 July 1995 and cannot meet Financial Resources Test 1, it must comply instead with *rules 13.3.3 to 3B*.**
- (2) **At the end of each six-month period, beginning on 24 March 1993 or on the date on which the *Category A firm* came into existence if later, the *firm* must calculate the average daily level of its *own funds* in accordance with *rule 13.3.2* for the six months preceding the date of calculation.**
- (3) **A *Category A firm* must report each such calculation to the *FSA* by the date for submission of its quarterly return due next after the date to which the calculation is made.**
- (4) **The highest level calculated before 1 January 1996 is a *Category A firm's* first reference level for the purposes of the requirement in *rule 13.3.3A*.**
- (5) **Each time that a *Category A firm's* six-monthly calculation results in a level higher than any preceding it, that higher level becomes its reference level for the purposes of the requirement in *rule 13.3.3A*.**

- 13.3.3A R **A Category A firm's own funds must not fall below its reference level.**
- 13.3.3B R **Rules 13.3.3 and 13.3.3A will cease to apply to a Category A firm if its own funds reach the applicable level specified in rule 13.3.1 or if it undergoes a change of control, except a change of control resulting from:**
- (1) **the first transfer by inheritance after 31 December 1995 (in this case the firm must comply with rule 13.3.1 from the tenth anniversary of the date of the transfer);**
 - (2) **a change in the composition of the firm which is a partnership if at least one partner who was a partner on 31 December 1995 remains in the partnership (in this case the firm must comply with rule 13.3.1 from the date on which the last such partner left the partnership or died, or from 31 December 2005 if sooner).**

13.4 Financial Resources Test 1A - Adjusted net current assets

- 13.4.1 R **A Category A firm must adjust its net current assets as follows:**
- (1) **exclude assets which cannot be realised or recovered within twelve months;**
 - (2) **exclude amounts receivable from connected persons to the extent that they are not properly secured, except amounts that are deposits referred to at item (11) in Part I of table 13.5.4(1) or at item (11) in Part I of table 13.5.4(2);**
 - (3) **value investments at current market value, using the bid price for a net long position in an investment and the offer price for a net short position in an investment.**
- 13.4.2 R **A Category A firm must at all times have adjusted net current assets of at least £1.**

13.5 Financial Resources Test 2 – Expenditure-based Requirement

REQUIREMENT

- 13.5.1 R A *Category A firm* specified in *rules* 13.5.1A to 13.5.1B must have at all times financial resources which equal or exceed the amount specified in the applicable *rules*.
- 13.5.1A R A *Category A1 firm*, including a *Network*, must have financial resources calculated in accordance with whichever of (1), (2) or (3) produces the highest amount:
- (1) 13/52 of its relevant annual expenditure, calculated in accordance with *rules* 13.5.2; or
 - (2) an amount equal to £400 multiplied by the number of its *advisers*; or
 - (3) £10,000.
- 13.5.1B R A *Category A2 firm* which is permitted to carry on the activity of *managing investments* or to delegate such activity to an *investment firm*, or a *Network* in *Category A2* or *A3*, must have financial resources calculated in accordance with whichever of (1), or (2) produces the higher amount:
- (1) 13/52 of its relevant annual expenditure, calculated in accordance with *rule* 13.5.2; or
 - (2) an amount equal to £400 multiplied by the number of its *advisers*.
- 13.5.1C R (1) A *Category A2 firm* with more than 25 *advisers* which is not a *Network* and is not permitted to carry on the activity of *managing investments* or to delegate such activity to an *investment firm* must have financial resources calculated in accordance with whichever of (3), (4) or (5) produces the highest amount.
- (2) A *Category A3 firm* which is permitted to carry on the activity of *managing investments* or to delegate such activity to an *investment firm* must have financial resources calculated in accordance with whichever of (3), (4) or (5) produces the highest amount.
 - (3) Financial resources which taking into account all the *special adjustments* amount to 8/52 of its relevant annual expenditure, calculated in accordance with *rule* 13.5.2; or

- (4) financial resources which disregarding all the *special adjustments* amount to 13/52 of its relevant annual expenditure, calculated in accordance with *rule 13.5.2*; or
- (5) financial resources taking into account all the *special adjustments* of an amount equal to £400 multiplied by the number of its *advisers*.

- 13.5.1D R
- (1) **A Category A2 firm with fewer than 26 advisers which is not a Network and is not permitted to carry on the activity of managing investments or to delegate such activity to an investment firm must have financial resources calculated in accordance with whichever of (3), (4) or (5) produces the highest amount.**
 - (2) **A Category A3 firm which is not permitted to carry on the activity of managing investments or to delegate such activity to an investment firm must have financial resources calculated in accordance with whichever of (3), (4) or (5) produces the highest amount.**
 - (3) **Financial resources which taking into account all the *special adjustments* amount to 4/52 of its relevant annual expenditure calculated in accordance with *rules 13.5.2*; or**
 - (4) **financial resources which disregarding all the *special adjustments* amount to 13/52 of its relevant annual expenditure, calculated in accordance with *rules 13.5.2*; or**
 - (5) **financial resources taking into account all the *special adjustments* of an amount equal to £400 multiplied by the number of its *advisers*.**

CALCULATION OF RELEVANT ANNUAL EXPENDITURE

- 13.5.2 R
- A Category A firm must calculate its relevant annual expenditure by reference to the amount described as total expenditure in its most recently prepared set of *annual financial statements*. If those statements were for a period other than 12 months, the amounts in the *firm's* profit and loss account must be adjusted proportionately.**

Where a *Category A firm* has just begun trading or has not been authorised long enough to submit such statements, the *firm* must calculate its relevant annual expenditure on the basis of forecast or other appropriate accounts submitted to the *FSA*.

A *Category A firm* may, subject to *rule 13.5.3*, deduct from its total expenditure the items set out in table 13.5.2.

Table 13.5.2

This table forms part of *rule 13.5.2*

DEDUCTIONS FROM EXPENDITURE	
(a)	Staff bonuses (except to the extent that they are guaranteed);
(b)	<i>employees' and directors' shares</i> in profits (except to the extent that the amount is guaranteed);
(c)	other appropriations of profits;
(d)	shared commissions paid which are directly related to commissions received;
(e)	interest charges in respect of borrowing made to finance the acquisition of its <i>readily realisable investments</i> ;
(f)	interest paid to <i>clients</i> on <i>client money</i> ;
(g)	interest paid to <i>counterparties</i> ;
(h)	fees, brokerage and other charges paid to <i>recognised clearing houses, exchanges and intermediate brokers</i> for the purposes of executing, registering or clearing transactions;
(i)	foreign exchange losses;
(j)	a <i>firm</i> must not deduct any exceptional expenditure.

- 13.5.2A G (1) Salaries of *directors* or partners are not eligible for deduction, except to the extent that they can be demonstrated to be non-fixed costs of the *firm*.
- (2) The deduction in item (c) is intended to cover forms of remuneration, other than those set out in (b), that are not fixed or guaranteed.

ADJUSTMENTS TO CALCULATION OF RELEVANT ANNUAL EXPENDITURE

- 13.5.3 R **A *firm* must ensure that the expenditure base properly reflects the ongoing annual operating costs of the *firm* by having proper regard to its circumstances when deciding whether to include or exclude any item of expenditure or to make any other adjustment to the calculation of relevant annual expenditure.**
- 13.5.3A G In *rule* 13.5.3 the FSA would expect a *firm* to take proper account of the effect of, for example, the ongoing annual operating costs of the *firm* being met by another party, or of a significant change in the structure of the *firm's* business during the year.

CALCULATION OF FINANCIAL RESOURCES TO MEET TESTS 1, 1A OR 2

- 13.5.4 R **A *Category A firm* must be able to calculate its financial resources at any time on the basis of the balance sheet it could draw up at that time. For this purpose:**
- (1) **a *Category A1 firm* must adjust the assets in the balance sheet as specified in table 13.5.4(1)) and include the liabilities after making the adjustments specified in table 13.5.4(1).**
 - (2) **a *Category A2 or A3 firm*, must adjust the assets in the balance sheet as specified in table 13.5.4(2) and include the liabilities after making the adjustments specified in table 13.5.4(2).**
- 13.5.4A R **A *Category A firm* must be able to identify separately any trading book items as indicated in *rule* 13.8 and any *special adjustments*.**

<p>(4) Debtors relating to Unsettled Securities Transactions – Cash against Documents</p>	<p>Include debtors where a <i>firm</i> has entered into a transaction in <i>securities</i> or <i>units in collective investment schemes</i> on a cash against documents basis and the transaction remains unsettled, after deducting an amount calculated by</p> <p>(a) computing the difference between the agreed settlement price for those <i>investments</i> and their current <i>market value</i> where that difference is not in the <i>firm's</i> favour, and</p> <p>(b) multiplying that difference by the applicable percentage specified in table 13.5.4B</p>	<p>A Counterparty Risk Adjustment</p>
<p>(5) Debtors relating to Unsettled Securities Transactions - Free Deliveries</p>	<p>If a <i>firm</i> has delivered <i>securities</i> or <i>units in collective investment schemes</i> before receiving payment for them, or paid for such <i>investments</i> before receiving certificates of good title for them, and not more than 3 days have passed since delivery, include debtors after deducting an amount calculated by</p> <p>(a) (i) (if a <i>firm</i> has delivered them) computing the full amount due to a <i>firm</i> under the contract;</p> <p>(ii) (if a <i>firm</i> has paid for them) computing their current <i>market value</i>; and</p> <p>(b) multiplying the amount or value at (a) by the applicable percentage specified in table 13.5.4C</p>	<p>A Counterparty Risk Adjustment</p>

	Exclude debtors if more than 3 days have passed since delivery.	An Illiquid Adjustment
(6) <i>Regulated collective investment schemes</i>	<p>Include an amount owing in respect of a transaction in <i>units</i> in a <i>regulated collective investment scheme</i> only</p> <p>(a) if the amount has been due and unpaid for 30 days or less after the settlement date of the transaction to which it relates, and</p> <p>(b) after discounting that amount by the applicable percentage specified in table 13.5.4C.</p> <p>Exclude amounts that have been due and unpaid for more than 30 days.</p>	<p>A Counterparty Risk Adjustment</p> <p>An Illiquid Adjustment</p>
(7) Debts of <i>group or connected companies</i>	Exclude in full unless otherwise allowed by the items in this table.	An Illiquid Adjustment
(8) Debtors	<p>Include amounts owing only in respect of</p> <p>(a) (i) commission;</p> <p>(ii) <i>investment management fees</i>;</p> <p>(iii) other fees earned in connection with the <i>firm's investment business</i>;</p> <p>which are due from other authorised or <i>EEA firms, recognised investment exchanges or recognised clearing houses</i> and have been due and unpaid for 30 days or less;</p> <p>(b) (i) <i>investment management fees</i>; or</p> <p>(ii) pensions administration</p> <p>which have been due from the <i>firm's</i> customers and unpaid for 30 days or less;</p> <p>after discounting the amounts in (a) and (b) by the applicable percentage specified in table 13.5.4C.</p>	A Counterparty Risk Adjustment

	<p>Exclude amounts that have been due and unpaid for more than 30 days.</p> <p>All other debtors must be deducted in full.</p>	An Illiquid Adjustment
(9) Prepayments	<p>Include the amount of prepayments which relate to goods or services to be received or performed within 90 days, after discounting the amount by the applicable percentage specified in table 13.5.4C.</p> <p>Exclude the amount of prepayments relating to more than 90 days.</p>	<p>A Counterparty Risk Adjustment</p> <p>An Illiquid Adjustment</p>
(10) Accrued income	<p>Include accrued income not yet due and receivable in respect of fees earned in the performance of <i>investment management</i> services that is receivable within 90 days, after discounting the amount by the applicable percentage specified in table 13.5.4C.</p> <p>Exclude accrued income receivable after 90 days.</p>	<p>A Counterparty Risk Adjustment</p> <p>An Illiquid Adjustment</p>
(11) <i>Deposits</i>	<p>Include amounts in respect of</p> <ul style="list-style-type: none"> (a) cash and balances on current accounts and on <i>deposit</i> accounts with an <i>approved bank</i> or National Savings Bank which can be withdrawn within 90 days; (b) money on <i>deposit</i> with a UK local authority which can be withdrawn within 90 days; (c) money <i>deposited</i> and evidenced by a certificate of tax <i>deposit</i>. <p>Exclude amounts which can only be withdrawn after 90 days.</p>	An Illiquid Adjustment

(12) Other amounts due from Government bodies or local authorities	<p>Include other amounts due from UK Government bodies or local authorities if they are agreed and due within 30 days, after discounting the amounts by the applicable percentage specified in table 13.5.4C.</p> <p>Exclude amounts that are not due to be paid within 30 days.</p>	<p>A Counterparty Risk Adjustment</p> <p>An Illiquid Adjustment</p>
(13) All other assets	Exclude in full.	An Illiquid Adjustment
Where applicable - <i>Large exposures</i>	Deduct an amount calculated in accordance with 13.6.2	A <i>Large exposure</i> Adjustment

TABLE 13.5.4(1) PART II

This table forms part of *rule 13.5.4*

FIRMS IN CATEGORY A1		
LIABILITY	CALCULATION	TYPE OF ADJUSTMENT
(14) Secured Liabilities	<p>Include in full, except the amount of the liabilities secured by a charge on land and buildings which may be reduced by the smallest of the following amounts:</p> <p>(a) the aggregate amount of the <i>firm's</i> secured liabilities which are due more than one year after the balance sheet date;</p> <p>(b) (if the land and buildings have been valued by an independent professional valuer within the past 18 months) 85% of the amount certified by the valuer as their <i>market value</i>;</p> <p>(c) 85% of the net book value of land and buildings.</p>	An Illiquid Adjustment
(15) Subordinated loans	<p>Include in full, except any long term or short term subordinated loan in the standard form prescribed by the <i>FSA</i> which may be treated as capital up to the limits specified in <i>SUP 16</i>.</p>	
(16) Commission on indemnity terms from the sale of <i>life policies</i> or <i>pension contracts</i>	<p>Include as a liability a provision for repayment, in the event that premiums cease within the indemnity period, which must equal or exceed 2.5% of the commissions the <i>firm</i> has received on indemnity terms during the previous twelve months. This provision must be reasonable having regard to the <i>firm's</i> circumstances and, in particular, its previous lapse ratio.</p>	An Illiquid Adjustment
(17) Investments (Short Positions)	<p>Include a <i>net short position</i></p> <p>(a) valued at its <i>offer price</i>, and</p> <p>(b) increased by the applicable percentage specified in table 13.5.4A</p>	A Position Risk Adjustment

(18) Deficiency in <i>subsidiary</i>	Include as a liability the amount by which the liabilities of any <i>subsidiary</i> (excluding its capital and reserves) exceed its tangible assets. This requirement applies only to the extent that the <i>firm</i> has not already made such a provision elsewhere in its financial statements.	An Illiquid Adjustment
(19) Liability for tax	Include as a liability a provision for taxation on the whole of the profits of the <i>firm's</i> business up to its balance sheet date.	An Illiquid Adjustment
(20) Creditors relating to Unsettled Securities Transactions - Cash against Documents	<p>Include creditors where a <i>firm</i> has entered into a transaction in <i>securities</i> or <i>units in collective investment schemes</i> as agent on a cash against documents basis, and the transaction remains unsettled, after adding an amount calculated by</p> <p>(a) computing the difference between the agreed settlement price for those <i>investments</i> and their current <i>market value</i>, and</p> <p>(b) multiplying that exposure by the applicable percentage specified in table 13.5.4B.</p>	A Counterparty Risk Adjustment
(21) Creditors relating to Unsettled Securities Transactions - Free Deliveries	<p>Include an amount for creditors where (acting as agent) a <i>firm</i> has delivered certificates of title for <i>securities</i> or <i>units in collective investment schemes</i> before receiving payment for them, or where (acting as principal) a <i>firm</i> has bought such <i>investments</i> before receiving certificates of good title for them, after adding an amount calculated by</p> <p>(a) (i) (if a <i>firm</i> has paid for them but not received certificates of good title for them) computing their current <i>market value</i>;</p> <p>(ii) (if a <i>firm</i> has delivered the certificates without receiving payment for them) computing the full amount due to the <i>firm</i> under the contract for sale; and</p> <p>(b) multiplying that value or amount by the applicable percentage specified in table 13.5.4C.</p>	A Counterparty Risk Adjustment

(22) <i>Over the counter derivatives</i>	<p>Include as a liability an amount for its positions in such <i>derivatives</i> calculated by</p> <p>(a) computing the credit equivalent of those positions in accordance with table 13.5.4D, and</p> <p>(b) increasing that credit equivalent by the applicable percentage specified in table 13.5.4C,</p> <p>(in addition to making an adjustment in accordance with item (17) of this table and (in respect of bought <i>OTC</i> equity <i>options</i> and covered <i>warrants</i>) in accordance with item (25)).</p>	A Counterparty Risk Adjustment
(23) Contingent Liabilities	A <i>firm</i> must include a provision for any contingent liabilities which exist at the <i>firm's</i> balance sheet date that must be made.	An Illiquid Adjustment
(24) Preference Shares	Include as a liability any amounts in excess of the amounts which may be treated as financial resources specified in table 13.3.2(2) and <i>SUP</i> 16.	
(25) <i>Net open foreign currency position</i>	Include as a liability an amount in respect of the <i>firm's</i> foreign exchange risk calculated in accordance with table 13.5.4E.	A Foreign Exchange Risk Adjustment
(26) All other liabilities	Include in full.	

TABLE 13.5.4(2) PART I

This table forms part of *rule 13.5.4*

FIRMS IN CATEGORY A2 AND A3		
ASSETS	CALCULATION	TYPE OF ADJUSTMENT
(1) Land and Buildings	Exclude in full. (A loan secured by a charge on land and buildings may be deducted from liabilities in accordance with item (14) of Part II of this table.	An Illiquid Adjustment
(2) <i>Investments</i>	Exclude in full the value of <i>shares</i> in <i>connected companies</i> . Include any <i>net long position</i> in any fixed or current asset investment (a) valued at its current <i>bid price</i> (or, in the case of a with profits <i>life policy</i> , at its surrender value), and (b) discounted by the applicable percentage specified in table 13.5.4A.	An Illiquid Adjustment A Position Risk Adjustment
(3) <i>Investments</i> subject to Repurchase, Reverse Repurchase, Stock Borrowing or Stock Lending transactions	Include <i>investments</i> for which the <i>firm</i> has entered as principal into a repurchase, reverse repurchase, stock borrowing or stock lending transaction, after making (I) a deduction in accordance with item (2), and (II) a deduction calculated by (a) computing the <i>firm's</i> exposure (the difference between the <i>market value</i> of the <i>securities</i> and the loan or collateral (including accrued interest) where that difference is not in the <i>firm's</i> favour, after adjusting for any excess collateral), and (b) multiplying that exposure by the applicable percentage in table 13.5.4C.	A Position Risk Adjustment A Counterparty Risk Adjustment

<p>(4) Debtors relating to Unsettled Securities Transactions - Cash against Documents</p>	<p>Include debtors where the <i>firm</i> has entered into a transaction in <i>securities</i> or <i>units in collective investment schemes</i> as agent on a cash against documents basis and the transaction remains unsettled, after deducting an amount calculated by</p> <p>(a) computing the difference between the agreed settlement price for those <i>investments</i> and their current <i>market value</i> where that difference is not in the <i>firm's</i> favour, and</p> <p>(b) multiplying that difference by the applicable percentage specified in table 13.5.4B.</p>	<p>A Counterparty Risk Adjustment</p>
<p>(5) Debtors relating to Unsettled Securities Transactions - Free Deliveries</p>	<p>Where the <i>firm</i> has delivered <i>securities</i> or <i>units in collective investment schemes</i> before receiving payment for them, or paid for such <i>investments</i> before receiving certificates of good title for them, and not more than 3 days have passed since delivery, include debtors after deducting an amount calculated by</p> <p>(a) (i) (where the <i>firm</i> has delivered them) computing the full amount due to a <i>firm</i> under the contract;</p> <p>(ii) (where the <i>firm</i> has paid for them) computing their current <i>market value</i>; and</p> <p>(b) multiplying the amount or value at (a) by the applicable percentage specified in table 13.5.4C.</p> <p>Exclude debtors if more than 3 days have passed since delivery.</p>	<p>A Counterparty Risk Adjustment</p> <p>An Illiquid Adjustment</p>

(6) <i>Regulated collective investment schemes</i>	<p>Include an amount owing in respect of a transaction in <i>units</i> in a <i>regulated collective investment scheme</i> only</p> <p>(a) if the amount has been due and unpaid for less than 90 days after the settlement date of the transaction to which it relates, and</p> <p>(b) after discounting that amount by the applicable percentage specified in table 13.5.4C.</p> <p>Exclude amounts that have been due and unpaid for more than 90 days.</p>	<p>A Counterparty Risk Adjustment</p> <p>An Illiquid Adjustment</p>
(7) Debts of <i>group</i> or <i>connected companies</i>	<p>Include an amount due from <i>group</i> or <i>connected companies</i> (which does not relate to trade debts)</p> <p>(a) where the <i>firm</i> has no reason to doubt that it will be repaid in full on demand, and</p> <p>(b) after discounting the amount by the applicable percentage specified in table 13.5.4C.</p> <p>Exclude an amount that the <i>firm</i> has reason to doubt will be repaid in full on demand.</p>	<p>A Counterparty Risk Adjustment</p> <p>An Illiquid Adjustment</p>
(8) Debtors	<p>Include amounts due from debtors (including <i>group</i> or <i>connected companies</i>) which have been due and unpaid for less than 90 days, after discounting the amount by the applicable percentage specified in table 13.5.4C.</p> <p>Exclude amounts that have been due and unpaid for more than 90 days.</p>	<p>A Counterparty Risk Adjustment</p> <p>An Illiquid Adjustment</p>

(9) Prepayments	<p>Include the amount of prepayments which relate to goods or services to be received or performed within 90 days, after discounting the amount by the applicable percentage specified in table 13.5.4C.</p> <p>Exclude the amount of prepayments relating to more than 90 days.</p>	<p>A Counterparty Risk Adjustment</p> <p>An Illiquid Adjustment</p>
(10) Accrued income	<p>Include accrued income, including any such income not yet due and receivable in respect of fees earned in the performance of <i>investment management</i> services that is receivable within 90 days, after discounting the amount by the applicable percentage specified in table 13.5.4C.</p> <p>Exclude accrued income receivable after 90 days.</p>	<p>A Counterparty Risk Adjustment</p> <p>An Illiquid Adjustment</p>
(11) <i>Deposits</i>	<p>Include amounts in respect of</p> <p>(a) cash and balances on current accounts and on <i>deposit</i> accounts with an <i>approved bank</i> or National Savings Bank which can be withdrawn within 90 days;</p> <p>(b) money on <i>deposit</i> with a UK local authority which can be withdrawn within 90 days;</p> <p>(c) money <i>deposited</i> and evidenced by a certificate of tax <i>deposit</i>.</p> <p>Exclude amounts which can only be withdrawn after 90 days.</p>	<p>An Illiquid Adjustment</p>
(12) Other amounts due from Government bodies or local authorities	<p>Include other amounts due from UK Government bodies or local authorities if they are agreed and due within 90 days, after discounting the amounts by the applicable percentage specified in table 13.5.4C.</p>	<p>A Counterparty Risk Adjustment</p>

	Exclude amounts that are not due to be paid within 90 days.	An Illiquid Adjustment
(13) All other assets	Exclude in full.	An Illiquid Adjustment
Where applicable - <i>Large exposures</i>	Deduct an amount calculated in accordance with <i>rule 13.6.2.</i>	<i>A Large exposure</i> Adjustment

TABLE 13.5.4(2) PART II

This table forms part of *rule 13.5.4*

FIRMS IN CATEGORY A2 AND A3		
LIABILITY	CALCULATION	TYPE OF ADJUSTMENT
(14) Secured Liabilities	<p>Include in full, except the amount of the liabilities secured by a charge on land and buildings which may be reduced by the smallest of the following amounts:</p> <p>(a) the aggregate amount of the <i>firm's</i> secured liabilities which are due more than one year after the balance sheet date;</p> <p>(b) (if the land and buildings have been valued by an independent professional valuer within the past 18 months) 85% of the amount certified by the valuer as their <i>market value</i>; and</p> <p>(c) 85% of the net book value of land and buildings.</p>	An Illiquid Adjustment
(15) Subordinated loans	Include in full except any long term or short term subordinated loan in the standard form prescribed by the <i>FSA</i> which may be treated as capital up to the limits specified in <i>SUP 16</i> .	

(16) Commission on indemnity terms from the sale of <i>life policies</i> or <i>pension contracts</i>	Include as a liability a provision for repayment, in the event that premiums cease within the indemnity period, which must equal or exceed 2.5% of the commissions the <i>firm</i> has received on indemnity terms during the previous twelve months. This provision must be reasonable having regard to the <i>firm's</i> circumstances and, in particular, its previous lapse ratio.	An Illiquid Adjustment
(17) <i>Investments</i> (Short Positions)	Include a <i>net short position</i> (a) valued at its <i>offer price</i> , and (b) increased by the applicable percentage specified in table 13.5.4A.	A Position Risk Adjustment
(18) Deficiency in <i>subsidiary</i>	Include as a liability the amount by which the liabilities of any <i>subsidiary</i> (excluding its capital and reserves) exceed its tangible assets. This requirement applies only to the extent that the <i>firm</i> has not already made such a provision elsewhere in its financial statements.	An Illiquid Adjustment
(19) Liability for tax	Include as a liability a provision for taxation on the whole of the profits of its business up to its balance sheet date.	An Illiquid Adjustment
(20) Creditors relating to Unsettled <i>Securities</i> Transactions Cash against Documents	Include creditors where a <i>firm</i> has entered into a transaction in <i>securities</i> or <i>units in collective investment schemes</i> as agent on a cash against documents basis, and the transaction remains unsettled, after adding an amount calculated by (a) computing the difference between the agreed settlement price for those <i>investments</i> and their current <i>market value</i> , and (b) multiplying that exposure by the applicable percentage specified in table 13.5.4B.	A Counterparty Risk Adjustment

(21) Creditors relating to Unsettled Securities Transactions Free Deliveries	Include an amount for creditors where (acting as agent) the <i>firm</i> has delivered certificates of title for <i>securities</i> or <i>units in collective investment schemes</i> before receiving payment for them, or where the <i>firm</i> has bought such <i>investments</i> before receiving certificates of good title for them, after adding an amount calculated by	A Counterparty Risk Adjustment
	(a) (i) (where the <i>firm</i> has paid for them but not received certificates of good title for them) computing their current <i>market value</i> ; (ii) (where the <i>firm</i> has delivered the certificates without receiving payment for them) computing the full amount due to a <i>firm</i> under the contract for sale; and (b) multiplying that exposure by the applicable percentage specified in table 13.5.4C.	
(22) <i>Over the counter derivatives</i>	Include as a liability an amount for its positions in such <i>derivatives</i> calculated by (a) computing the credit equivalent of those positions in accordance with table 13.5.4D, and (b) increasing that credit equivalent by the applicable percentage specified in table 13.5.4C, (in addition to making an adjustment in accordance with item (17) of this table and (in respect of bought <i>OTC</i> equity <i>options</i> and covered <i>warrants</i>) in accordance with item (25)).	A Counterparty Risk Adjustment
(23) Contingent Liabilities	A <i>firm</i> must include a provision for any contingent liabilities which exist at its balance sheet date that must be made.	An Illiquid Adjustment
(24) Preference Shares	Include as a liability any amounts in excess of the amounts which may be treated as financial resources specified in table 13.3.2(2) and <i>SUP</i> 16.	

(25) <i>Net open foreign currency position</i>	Include as a liability an amount in respect of its foreign exchange risk calculated in accordance with table 13.5.4E.	A Foreign Exchange Risk Adjustment
(26) All other liabilities	Include in full.	

TABLE 13.5.4A

This table forms part of *rule 13.5.4*

POSITION RISK			
The percentages in the table are applied to the <i>market value</i> (unless otherwise stated) of gross positions, i.e. both longs and shorts in each category; netting and offsetting are prohibited. The long or short position in a particular investment is the net of any long or short positions held in that same investment.			
INVESTMENT	DISCOUNT		
A. Debt		Maturity	
Central Government	0-2 years 2%	2-5 years 5%	>5 years 13%
<i>Qualifying debt security:</i>			
- fixed rate	8%	8%	15%
- floating rate	10%	10%	15%
<i>Non-qualifying debt security:</i>			
- fixed rate	10%	20%	30%
- floating rate	30%	30%	30%
B. Equities			
- <i>exchange traded</i>	25%		
- other	100%		

C. Derivatives	
- <i>exchange traded futures</i>	4 x initial margin requirement
- <i>OTC futures</i>	Apply the appropriate percentage shown in A and B to the <i>market value</i> of the underlying position
- <i>Purchased options</i>	Apply the appropriate percentage shown in A and B to the <i>market value</i> of the underlying position but the result may be limited to the <i>market value</i> of the option
- <i>Contracts for differences</i>	20% of the <i>market value</i> of the contract
D. Other Investments	
- <i>Units in regulated collective investment schemes</i>	25%
- <i>units in higher volatility funds or property funds</i>	50%
- <i>with profit life policies</i>	20% of surrender value
- <i>other</i>	100%

TABLE 13.5.4B

This table forms part of *rule 13.5.4*

UNSETTLED SECURITIES TRANSACTIONS	
Number of <i>business days</i> after due settlement date	Percentage
0 – 4	0
5 – 15	8
16 – 30	50
31 – 45	75
46 or more	100

TABLE 13.5.4C**This table forms part of rule 13.5.4**

COUNTERPARTY RISK	
Type of Counterparty	Deducti on
A counterparty which is, or the contract of which is, explicitly guaranteed by: <ul style="list-style-type: none"> - the government or central bank of the <i>United Kingdom</i> or another <i>Zone A country</i>; or - the <i>European Economic Area</i>; or - any other government or central bank, provided the exposure is denominated in that country's national currency. 	NIL
A counterparty which is, or the contract of which is, explicitly guaranteed by: <ul style="list-style-type: none"> - a local authority or regional government in the <i>United Kingdom</i> or another <i>Zone A country</i>; or - a <i>credit institution</i> authorised in the <i>United Kingdom</i> or another <i>Zone A country</i>; or - a recognised <i>clearing house</i> or recognised investment exchange; or - an <i>investment firm</i> or a comparable undertaking regulated by a <i>recognised third country</i>. 	1.6%
Any other counterparty	8%

TABLE 13.5.4D**This table forms part of rule 13.5.4**

OVER THE COUNTER DERIVATIVES		
a. By attaching current <i>market values</i> to contracts (marking to market), obtain the current replacement cost of all contracts with positive values.		
b. To obtain a figure for potential future credit exposure (except in the case of single currency “floating/floating interest rate swaps” in which only the current replacement costs will be calculated), multiply the notional principal amounts or values underlying the <i>firm's</i> aggregate positions by the following percentages:		
Residual Maturity	Interest Rate Contracts	Foreign Exchange Contracts
One year or less	Nil	1%
More than 1 year	0.5%	5%
c. The credit equivalent is the sum of current replacement cost and potential future credit exposure.		

TABLE 13.5.4E**This table forms part of rule 13.5.4**

FOREIGN EXCHANGE RISK
(a) A <i>firm</i> must deduct a foreign exchange risk requirement for all the following items which are denominated in a foreign currency:
(i) all assets and liabilities, including accrued interest, denominated in the currency (all <i>investments</i> at market or realisable value);
(ii) any currency future, at the nominal value of the contract;
(iii) any forward contract for the purchase or sale of the currency, at the contract value, including any future exchange of principal associated with currency swaps;
(iv) any foreign currency <i>options</i> at the net delta (or delta-based) equivalent of the total book of such <i>options</i> ;

- (v) any non-currency option, at *market value*;
- (vi) any irrevocable guarantee;
- (vii) any other off-balance sheet commitment to purchase or sell an asset denominated in that currency.

(b) The requirement must be calculated as follows:

- (i) using the spot rate, convert the *net long position* and *net short position* in each foreign currency into the currency in which its *annual financial statements* are reported;
- (ii) total the *net open long positions* and the *net open short positions*;
- (iii) the higher of (i) and (ii) above is the *firm's net open foreign currency position*;
- (iv) multiply the *firm's net open foreign currency position* by 10%.

(c) A *firm* may not include any future income or expense not yet accrued but fully hedged (subject to deduction of an appropriate risk requirement).

SUBORDINATED LOANS

13.5.5 R **A *Category A firm* may treat a subordinated loan as a financial resource, as specified in table 13.3.2(1), and subject to *rule 13.5.5C*, if the long term or short term subordinated loan is eligible for such treatment in accordance with *rule 13.5.5A* or B as applicable.**

13.5.5A R **A long term subordinated loan is eligible for such treatment if:**

- (1) **it is fully paid up;**
- (2) **it has an original maturity of at least five years, or where it has no fixed term, it is subject to five years' notice of repayment;**
- (3) **repayment, prepayment or termination is only permitted under the loan agreement:**
 - (a) **on maturity, or on expiration of the period of notice, if after such payment or termination a *firm* meets 120% of its financial resource requirement; or**
 - (b) **on winding up after the claims of all other creditors and all outstanding debts have been settled;**

- (4) the amount used in the calculation of its financial resources is reduced on a straight line basis over the last five years of its term;
- (5) it is in the standard form prescribed by the *FSA* for long term subordinated loans.

13.5.5B R A short term subordinated loan is eligible for such treatment if:

- (1) it is fully paid up;
- (2) it has an original maturity of at least two years, or where it has no fixed term, it is subject to two years' notice of repayment;
- (3) payment of interest is not permitted under the loan agreement unless after such payment a *firm* meets 120% of its financial resources requirement;
- (4) repayment, prepayment or termination is only permitted under the loan agreement:
 - (a) on maturity, or on expiration of the period of notice, if after such payment or termination a *firm* meets 120% of its financial requirement; or
 - (b) on winding up after the claims of all other creditors and outstanding debts have been settled;
- (5) it is in the standard form prescribed by the *FSA* for short term subordinated loans.

13.5.5C R The total amount of long term or short term subordinated loans that a *Category A firm* may include in the calculation of its financial resources is restricted as stipulated in table 13.3.2(2) and in *SUP 16*.

13.6 Large exposures

- 13.6.1 R **A large exposure exists where a *Category A firm* is owed a debt by, or are otherwise exposed to, another person, or to two or more *affiliated persons*, and that exposure equals or exceeds 10% of its own funds.**

REQUIREMENTS

- 13.6.2 R **Subject to rules 13.6.2A to D a *Category A firm* must ensure that at all times**
- (1) **no large exposure exceeds 25% of its own funds;**
 - (2) **where a firm is exposed to one or more of its holding company, its subsidiary, or a subsidiary or group of subsidiaries of its holding company, the aggregate of those exposures does not exceed 20% of the firm's own funds;**
 - (3) **the aggregate of the firm's large exposures does not exceed 800% of its own funds.**
- 13.6.2A R **A *Category A firm* may exclude from its calculations under rule 13.6.2 an exempt exposure in table 13.6.2(1).**
- 13.6.2B R **A *Category A firm* may not exclude any exposure covered by any excess of its financial resources over its expenditure based requirement as specified in rules 13.5.1 to 1D.**
- 13.6.2C R **A *Category A firm* may exceed the limits specified in rule 13.6.2 if**
- (1) **the limits in rule 13.6.2 are exceeded only by exposures relating to its trading book as indicated in rule 13.8.2;**
 - (2) **it provides additional financial resources in accordance with table 13.6.2(2) including the Special Limits set out at the foot of table 13.6.2(2); and**
 - (3) **it notifies the FSA immediately in accordance with SUP 15.7 (Form and method of notification).**
- 13.6.2D R **Where a *Category A firm* was legally bound to a large exposure on or before 5 February 1993, the firm may continue it until its contractual maturity provided that the firm has notified the FSA in accordance with SUP 15.7 (Form and method of notification) of such continuation.**

Table 13.6.2(1)**This table forms part of rule 13.6.2**

EXEMPT EXPOSURES	Exempt Percentage
(1) Any illiquid asset which is deducted in full in the calculation of its financial resources.	100
(2) Exposures connected with foreign exchange transactions, incurred in the ordinary course of settlement during the 48 hours following payment.	100
(3) Exposures in connection with transactions for the purchase or sale of <i>securities</i> incurred in the ordinary course of settlement during the five <i>business days</i> following payment or delivery of the <i>securities</i> , whichever is the earlier.	100
(4) Exposures to <i>Zone A</i> central governments or central <i>banks</i> .	100
(5) Exposures to the <i>European Economic Area</i> .	100
(6) Exposures guaranteed by <i>Zone A</i> central governments, central <i>banks</i> or the <i>European Economic Area</i> .	100
(7) Exposures secured by <i>securities</i> issued by <i>Zone A</i> central governments, central <i>banks</i> or the <i>European Economic Area</i> .	100
(8) Exposures secured by cash <i>deposits</i> placed with the lending institution.	100

(9) Exposures secured by certificates of <i>deposit</i> issued by the <i>firm</i> .	100
(10) Exposures to <i>Zone B</i> central governments or central <i>banks</i> denominated in the national currency of the borrower.	100
(11) Connected exposures, e.g. <i>group</i> treasury arrangements, provided that the <i>group</i> is supervised on a consolidated basis in accordance with the <i>FSA</i> 's requirements for consolidated supervision.	100
(12) Bills of trade with a maturity of less than one year accepted by a <i>credit institution</i> .	100
(13) Exposures secured by marketable <i>securities</i> provided that the <i>bid price</i> of the collateral exceeds the exposure as follows: <ul style="list-style-type: none"> - <i>shares</i>: 150% excess; - <i>qualifying debt securities</i>: 50% excess; - in all other cases: 100% excess 	100
(14) Cash balances held with <i>approved banks</i> (provided they can be withdrawn within 90 days).	100
(15) Exposures in financial instruments to <i>credit institutions</i> , <i>investment firms</i> , comparable <i>undertakings</i> regulated by recognised third countries, <i>recognised clearing houses</i> and <i>recognised investment exchanges</i> as follows: <ul style="list-style-type: none"> - exposures with a maturity of one year or less; - exposures with a maturity of more than one but not more than three years; <p>(in the case of marketable debt instruments) exposures with a maturity of more than three years.</p>	100 80 50
(16) Exposures to, or guaranteed by, State regional or local authorities.	80
(17) All low or medium risk off-balance sheet items (e.g. note issuance facilities).	50

CALCULATION OF FINANCIAL RESOURCES TO MEET TESTS 1, 1A OR 2

Table 13.6.2(2)

This table forms part of *rule 13.6.2*

CALCULATION OF ADDITIONAL FINANCIAL RESOURCES	
Note:	The restrictions to using this calculation set out in <i>rule 13.6.2C</i>
1.	Calculate <ol style="list-style-type: none">the <i>firm's</i> total non-trading book exposures (N);the <i>firm's</i> total trading book exposures (T);the sum of N and T (NT).
2.	Calculate the amount by which NT exceeds 25% of the value of the <i>firm's</i> financial resources (the excess - X).
3.	Rank the trading book exposures in NT in descending order: <ol style="list-style-type: none">in the case of positions, in accordance with the position risk discounts specified in table 13.5.4(1) or (2);in the case of counterparty exposures, in accordance with the counterparty risk deductions specified in table 13.5.4C.
4.	Sum r the trading book exposures in NT, starting with the exposure attracting the highest position isk discount or counterparty risk deduction, until the sum equals X.
5.	<ol style="list-style-type: none">If an excess (X) has lasted for no more than 10 days (disregarding the age of the exposures constituting that excess),<p>the additional requirement is 200% of the aggregate of the position risk adjustments and counterparty risk adjustments, as shown in <i>SUP 16</i> applicable to the exposures constituting the excess (X);</p>if an excess (X) has lasted for more than 10 days (disregarding the age of the exposures constituting that excess),<ol style="list-style-type: none">allocate the exposures making up that excess, in ascending order of position risk discount or counterparty risk deduction, to the appropriate row in the Schedule below, so that the highest discount or deduction is matched with the highest percentage; andcalculate the additional requirement by multiplying the position risk adjustment or counterparty risk adjustment, as shown in <i>SUP 16</i>, by the percentage specified in column 2 of the Schedule.

Excess (X) as a Percentage of Financial Resources 1	Percentage 2
up to 40	200
40 - 60	300
60 - 80	400
80 - 100	500
100 - 250	600
over 250	900
Special Limits	
<ul style="list-style-type: none"> - (where an excess has lasted for 10 days or less) the excess must not exceed 500% of the <i>firm's own funds</i>; - (where any excess has lasted for the <i>firm's own funds</i>). 	

13.7 Consolidated Supervision of Group Companies

APPLICATION

- 13.7.1 R **A *Category A firm* which is a member of a *group* must comply with this section.**
- 13.7.1A G Excessive risks or financial deficiencies in other parts of its *group* may damage the financial viability of a *Category A firm*. Rules requiring regular reports enable the *FSA* to gather information so that it can watch for such weaknesses in a *group* and, if necessary, call for protective or remedial action.

REQUIREMENTS

- 13.7.2 R **A *Category A firm* must provide to the *FSA* information about itself and other members of its *group* relevant to the formation of a complete picture of the *group*, its structure and organisation and the risks to which the *firm* may be subject as a member of that *group*.**
- 13.7.2A R **A *Category A firm* must ensure that it and other members of its *group* apply the provisions of this chapter on a consolidated basis unless:**
- (1) **the *group* is subject to the consolidated supervision requirements imposed by the *FSA rules* in another chapter or sourcebook; or**
 - (2) **the *FSA* is not the consolidating supervisor for the *firm's group*.**

- 13.7.2B R **A *Category A firm* must, where it is exposed to undue risk in consequence of its membership of a *group*, provide against, reduce or eliminate that risk.**

13.8 Trading Book

- 13.8.1 G The “trading book” is a term generally used in the context of *credit institutions*, such as *banks*, but now extended to other *investment firms*. It separates their longer term lending, *deposit-taking* and investment activities (in the case of *banks* their “banking book”) from their shorter term trading activities in financial instruments such as *shares*, *units in collective investment schemes* and *traded options* (their “trading book”).
- 13.8.2 R **Where a *Category A firm* has a trading book, it must include only trading book items for the purposes of its financial resource calculations.**
- 13.8.3 G The following table 13.8(1) shows what items are classifiable as “trading book” items and what items cannot be so classified.

Table 13.8(1)

This table forms part of rule 13.8.2

Trading Book Items	Non-trading Book Items
(1) Proprietary positions in financial instruments which are held for resale and/or taken on with the intention of benefiting in the short-term from market fluctuations	(1) Foreign exchange exposures arising from net spot and forward forex positions (unless they are <i>investments</i> as defined in the Glossary)
(2) Positions in financial instruments arising from matched principal broking	(2) Receivables which are not directly related to items included in the trading book, such as fees, commission, interest or dividends
(3) Positions taken on specifically to hedge other elements of the trading book	(3) Illiquid assets

(4) Exposures relating to unsettled <i>securities</i> transactions which are either free deliveries or cash against documents transactions	(4) Other balance sheet or off balance sheet items (including long term <i>investments</i> held by <i>firms</i>).
(5) Exposures relating to <i>Over the counter derivative</i> instruments	
(6) Exposures relating to repurchase or reverse repurchase agreements or stock borrowing or lending transactions which are based on <i>securities</i> included in the trading book	
(7) Receivables which are directly related to items included in the trading book such as fees, commission, interest, dividends or margin on exchange traded <i>derivatives</i>	

13.9 Financial Resources Tests for Category B firms

13.9.1 R A *Category B firm* must meet:

- (1) **financial Resources Test 1 (the *Own funds* Test) calculated in accordance with section 13.10;**
- (2) **Financial Resources Test 1A (the *Adjusted Net current assets* Test) calculated in accordance with section 13.11, unless the *firm* is a *low resource firm* which is not permitted to carry on the activity of *managing investments* in respect of portfolios containing only *life policies*; and**
- (3) **Financial Resources Test 2 (the *Expenditure-based* Test) calculated in accordance with section 13.12 unless the *firm* is a *low resource firm*.**

13.9.1A G Table 13B is a summary of the financial resources test for a *Category B firm*.

Table 13B This table forms part of rule 13.9.1

SUMMARY OF FINANCIAL RESOURCES FOR CATEGORY B FIRMS				
Type of firm	Financial Resources Test 1 <i>Own funds</i> Test	Financial Resources Test 1A Adjusted <i>Net current assets</i> Test	Financial Resources Test 2 Expenditure-based Test	Rule/section References
<i>Category B1</i> (including any <i>Network</i> in this category)	£10,000	Adjusted <i>net current assets</i> of £1	Liquid capital equal to the highest of 13/52 of relevant annual expenditure or £400 per adviser or £10,000	13.10 13.11 13.12.1C 13.12.2 to 13.12.5A 0
Category B2 which is permitted to carry on the activity of <i>investment management</i> in respect of portfolios containing only <i>life policies</i> or to delegate such activity to an <i>investment firm</i>	£10,000	Adjusted <i>net current assets</i> of £1	Adjusted capital equal to the higher of 13/52 of relevant annual expenditure or £400 per adviser	13.10 13.11 13.12.1D 13.12.2 to 13.12.5A
Category B2 with 26+ advisers	£10,000	Adjusted <i>net current assets</i> of £1	Adjusted capital equal to the higher of 8/52 of relevant annual expenditure or £400 per adviser	13.10 13.11 13.12.1E 13.12.2 to 13.12.5A
Category B2 with 1-25 advisers	£10,000	Adjusted <i>net current assets</i> of £1	Adjusted capital equal to the higher of 4/52 of relevant annual expenditure or £400 per adviser	13.10 13.11 13.12.1F 13.12.2 to 13.12.5A

Category B3 which is permitted to carry on the activity of <i>managing investments in</i> respect of portfolios containing only <i>life policies</i> or to delegate such activity to an <i>investment firm</i>	£10,000	Adjusted <i>net current assets</i> of £1	Adjusted capital equal to the higher of 8/52 of relevant annual expenditure or £400 per adviser	13.10 13.11 13.12.1E 13.12.2 to 13.12.5A

13.10.2A R **Where a *Category B* firm is a sole trader or a partnership:**

- (1) it can use (to the extent necessary to make up any shortfall in the required resources) any of its personal assets (not being needed to meet liabilities arising from its personal activities and any business activities not regulated by the *FSA*);
- (2) the *firm's* total financial resources, from whatever source, must at all times be sufficient to cover its total liabilities.

- 13.10.3 R (1) Where a *Category B3 firm* with 1-25 advisers has a facility under the *PASS Loan Agreement Scheme* it may make an adjustment in its *own funds* calculation in accordance with (2).
- (2) a *firm* in (1) can regard as additional to its *own funds* the lower of either:
- (a) the amount of the loan facility agreed (less any loan repayments already made and less the amount of the facility withdrawn or lapsed); or
 - (b) the amount of the *firm's* provision for redress (net of any professional indemnity insurance recoverable) at the relevant *annual accounting reference date*.

13.11 Financial Resources Test 1A - Adjusted net current assets

APPLICATION

- 13.11.1 R This section does not apply to a *low resource firm*.

REQUIREMENT

- 13.11.2 R A *Category B firm* must adjust its *net current assets* as follows:
- (1) exclude assets which cannot be realised or recovered within twelve months;
 - (2) exclude amounts receivable from *connected persons* to the extent that they are not *properly secured*, except amounts that are *deposits* referred to in item (11) of table 13.12.3(1) or item (11) in table 13.12.3(2);

- (3) value *investments* at current *market value*, using the *bid price* for a *net long position* in an investment and the *offer price* for a *net short position* in an investment.

13.11.3 R A *Category B firm* must at all times have adjusted *net current assets* of at least £1.

13.12 Financial Resources Test 2 - Expenditure-based Requirement

APPLICATION

13.12.1A R This section does not apply to a *low resource firm*.

REQUIREMENT

13.12.1B R A *Category B firm* must have at all times financial resources calculated in accordance with *rules 13.12.2 to 13.12.5A* which equal or exceed the amount specified in *rules 13.12.1B to F* as applicable.

13.12.1C R A *Category B1 firm*, including a *Network* must have financial resources calculated in accordance with whichever of (1), (2) or (3) produces the higher amount.

(1) 13/52 of its relevant annual expenditure, calculated in accordance with 13.12.2 to 13.12.2D; or

(2) an amount equal to £400 multiplied by the number of its *advisers*; or

(3) £10,000;

13.12.1D R (1) A *Category B2 firm* which is permitted to carry on the activity of *investment management* in respect of portfolios containing only *life policies* or to delegate such activity to an *investment firm* must have financial resources calculated in accordance with whichever of (3) or (4) produces the higher amount.

(2) A *Network* in *Category B2* or *B3* must have financial resources calculated in accordance with whichever of (3) or (4) produces the higher amount.

- (3) **13/52** of its relevant annual expenditure, calculated in accordance with 13.12.2 to 13.12.2D; or
- (4) an amount equal to £400 multiplied by the number of its *advisers*.

13.12.1E R (1) **A *Category B2 firm* with more than 25 *advisers* which is not a *Network* and is not permitted to carry on the activity of *managing investments* in respect of portfolios containing only *life policies* or to delegate such activity to an *investment firm* must have financial resources calculated in accordance with whichever of (3) or (4) produces the higher amount.**

(2) **A *Category B3 firm* which is permitted to carry on the activity of *investment management* in respect of portfolios containing only *life policies* or to delegate such activity to an *investment firm* must have financial resources calculated in accordance with whichever of (3) or (4) produces the higher amount.**

(3) **8/52** of its relevant annual expenditure, calculated in accordance with 13.12.2 to 13.12.2D; or

(4) an amount equal to £400 multiplied by the number of its *advisers*.

13.12.1F R (1) **A *Category B2 firm* with fewer than 26 *advisers* which is not a *Network* and is not permitted to carry on the activity of *managing investments* in respect of portfolios containing only *life policies* or to delegate such activity of *investment management* to an *investment firm* must have financial resources calculated in accordance with whichever of (3) or (4) produces the higher amount.**

(2) **A *Category B3 firm* which is not permitted to carry on the activity of *investment management* in respect of portfolios containing only *life policies* or to delegate such activity to an *investment firm* must have financial resources calculated in accordance with whichever of (3) or (4) produces the higher amount.**

(3) **4/52** of its relevant annual expenditure, calculated in accordance with 13.12.2 to 13.12.2D; or

(4) an amount equal to £400 multiplied by the number of its *advisers*.

CALCULATION OF RELEVANT ANNUAL EXPENDITURE

- 13.12.2 R **A *Category B* firm must calculate its relevant annual expenditure by reference to the amount described as total expenditure in its most recently prepared set of *annual financial statements*. If those statements were for a period other than 12 months, the amounts in its profit and loss account must be adjusted proportionately.**
- 13.12.2A R **Where a *Category B* firm has just begun trading or have not been authorised long enough to submit such statements the *firm* must calculate its relevant annual expenditure on the basis of forecast or other appropriate accounts submitted to the *FSA*.**
- 13.12.2B R **A *Category B* firm may deduct from its relevant annual expenditure items (a) to (f) set out in table 13.12.2, unless the *firm* is a *Category B1* firm, in which case it may not deduct item (e).**

Table 13.12.2

This table forms part of rule 13.12.2

DEDUCTIONS FROM EXPENDITURE	
(a)	staff bonuses;
(b)	<i>employees' and directors' shares</i> in profits;
(c)	interest charges in respect of borrowing made to finance the acquisition of its <i>readily realisable investments</i> ;
(d)	shared commissions paid which are directly related to commissions received;
(e)	emoluments of <i>directors</i> , partners or a sole trader;
(f)	a <i>firm</i> must not deduct any exceptional expenditure.

ADJUSTMENTS TO CALCULATION OF RELEVANT ANNUAL EXPENDITURE

- 13.12.2C R **A *firm* must ensure that the expenditure base properly reflects the ongoing annual operating costs of the *firm* by having proper regard to its circumstances when deciding whether to include or exclude any item of expenditure or to make any other adjustment to the calculation of relevant annual expenditure.**
- 13.12.2D G In *rule* 13.12.2C the FSA would expect a *firm* to take proper account of the effect of, for example, the ongoing annual operating costs of the *firm* being met by another party, or of a significant change in the structure of the *firm's* business during the year.

CALCULATION OF FINANCIAL RESOURCES TO MEET TESTS 1, 1A OR 2

- 13.12.3 R (1) **This *rule* does not apply to a *low resource firm*;**
- (2) **A *Category B firm* must be able to calculate its financial resources at any time on the basis of the balance sheet the *firm* could draw up at that time. For this purpose:**
- (a) **a *Category B1 firm* must adjust the assets in the balance sheet as specified in Part I of table 13.12.3(1) and include the liabilities after making the adjustments specified in Part II of table 13.12.3(1);**
- (b) **a *Category B2 or B3 firm* to which 13.12 applies must adjust the assets in the balance sheet as specified in Part I of table 13.12.3(2) and include the liabilities after making the adjustments specified in Part II of table 13.12.3(2).**

Table 13.12.3(1) Part I

This table forms part of *rule 13.12.3*

<i>FIRMS CATEGORY B1</i>	
CALCULATION OF ASSETS	
ASSETS	ADJUSTMENTS
(1) Land and Buildings	Exclude in full. (A loan secured by a charge on land and buildings may be deducted from liabilities in accordance with item (14) of Part II of this table.)
(2) <i>Investments</i>	<p>Include any <i>net long position</i> in any fixed or current asset investment (including <i>shares</i> in any connected company)</p> <p>(a) valued at its current <i>bid price</i> (or, in the case of a with-profits <i>life policy</i>, at its surrender value), and</p> <p>(b) discounted by the applicable percentage specified in table 13.12.3A.</p> <p><i>A firm</i> which acts as a market-maker in second-hand <i>life policies</i> must comply with the relevant requirements in respect of second-hand <i>life policies</i> held by the <i>firm</i> and include such a <i>policy</i>.</p> <p>(a) valued at its surrender value at the date on which the <i>firm</i> acquired it, or its latest available surrender value if different.</p> <p>(b) where a life office whose <i>policy</i> is held by the <i>firm</i> has altered adversely the basis on which it calculates surrender values, the <i>firm</i> must revise its valuation of the second-hand <i>policy</i> as soon as practicable after becoming aware of the alteration.</p>
(3) <i>Investments</i> subject to Repurchase, Reverse Repurchase, Stock Borrowing or Stock Lending transactions	Include <i>investments</i> for which the <i>firm</i> has entered as principal into a repurchase, reverse repurchase, stock borrowing or stock lending transaction on its own behalf, after making (I) a deduction in accordance with item (2), and (II) a deduction calculated by computing its exposure (the difference between the <i>market value</i> of the <i>securities</i> and the loan or collateral (including accrued interest) where that difference is not in the <i>firm's</i> favour, after adjusting for any excess collateral).

<p>(4) Debtors relating to Unsettled <i>Securities</i> Transactions Cash against Documents</p>	<p>Include debtors where the <i>firm</i> has entered into a transaction on its own behalf in <i>securities</i> or <i>units in collective investment schemes</i> on a cash against documents basis, and the transaction remains unsettled, after deducting an amount calculated by</p> <p>(a) computing the difference between the agreed settlement price for those <i>investments</i> and their current <i>bid price</i> where that difference is not in the <i>firm's</i> favour, and</p> <p>(b) multiplying that difference by the applicable percentage specified in table 13.12.3B.</p>
<p>(5) Debtors relating to Unsettled <i>Securities</i> Transactions Free Deliveries</p>	<p>(a) Include the full amount due to the <i>firm</i> from debtors if a <i>firm</i> has delivered <i>securities</i> or <i>units in collective investment schemes</i> before receiving payment for them, or paid for such <i>investments</i> before receiving certificates of good title for them, so long as not more than three days have passed since delivery</p> <p>(b) If more than three days have passed since delivery, exclude in full.</p>
<p>(6) <i>Regulated collective investment schemes</i></p>	<p>Include an amount owing in respect of a transaction in <i>units</i> in a <i>regulated collective investment scheme</i> only if the amount has been due and unpaid for 30 days or less after the settlement date of the transaction to which it relates.</p>
<p>(7) Loans secured on <i>investments</i></p>	<p>If the <i>firm</i> holds client title documents as security for</p> <p>(a) the repayment of money it has lent; or</p> <p>(b) money due to the <i>firm</i> in connection with the purchase for or sale to another person of those <i>investments</i>, which the <i>firm</i> has for genuine commercial reasons agreed to postpone,</p> <p>the <i>firm</i> may include as an asset the lower of the following:</p> <p>(i) the total amount due;</p> <p>(ii) the <i>market value</i> of the <i>investments</i> multiplied by the appropriate rates set out in table 13.12.3A.</p>

(8) Trade debtors	<p>Include amounts owing only in respect of</p> <p>(a) (i) commission;</p> <p>(ii) <i>investment management</i> fees;</p> <p>(iii) other fees earned in connection with the <i>firm's investment business</i>,</p> <p>which are due from other authorised or <i>EEA firms, recognised investment exchanges</i> or <i>recognised clearing houses</i> and have been due and unpaid for 30 days or less;</p> <p>(b) (i) <i>investment management</i> fees; or</p> <p>(ii) pensions administration which have been due from its customers and unpaid for 30 days or less.</p> <p>(c) All other trade debtors must be deducted in full.</p>
(9) Prepayments	<p>Include prepayments which relate to goods or services to be received or performed within 90 days.</p>
(10) Accrued income	<p>(a) Accrued income relating to <i>investment management</i> fees not yet due and payable may be included if the fees relate to services provided within the previous six months.</p> <p>(b) Other accrued income may be included if it relates to interest on marketable debt instruments or on <i>deposits</i> included in item (11).</p>
(11) <i>Deposits</i>	<p>The following may be included:</p> <p>(a) cash and balances on current accounts and on <i>deposit</i> accounts with an <i>approved bank</i> or National Savings Bank which can be withdrawn within 90 days;</p> <p>(b) money on <i>deposit</i> with a UK local authority which can be withdrawn within 90 days;</p> <p>(c) money <i>deposited</i> and evidenced by a certificate of tax <i>deposit</i>.</p>

(12) Other Debts	<p>(a) Amounts owing in respect of</p> <ul style="list-style-type: none"> (i) interest on <i>investments</i>; (ii) repayments of marketable debt instruments at maturity or call; (iii) dividends declared by authorised or not <i>EEA firms</i> or by companies in respect of <i>shares</i> listed on a recognised or designated investment exchange; <p>which have been due and unpaid for 30 days or less may be included.</p> <p>(b) Other amounts due from UK government bodies may be included if they are agreed and due within 30 days.</p>
(13) All other assets	Exclude in full.

Table 13.12.3(1) Part II

This table forms part of **rule 13.12.3**

FIRMS IN CATEGORY B1	
CALCULATION OF LIABILITIES	
LIABILITIES	ADJUSTMENTS
(14) Secured Liabilities	<p>Include in full, except the amount of the liabilities secured by a charge on land and buildings which may be reduced by the smallest of the following amounts:</p> <ul style="list-style-type: none"> (a) the aggregate amount of the <i>firm's</i> secured liabilities which are due more than one year after the balance sheet date; (b) (if the land and buildings have been valued by an independent professional valuer within the past 18 months) 85% of the amount certified by the valuer as their <i>market value</i>; (c) 85% of the net book value of the land and buildings.
(15) Subordinated loans	Include in full, except any short-term subordinated loan in the standard form prescribed by the <i>FSA</i> which may be treated as capital up to the limits specified in <i>rules</i> 13.12.5 and 13.12.5A.

(16) Commission on indemnity terms from the sale of <i>life policies</i> or <i>pension contracts</i>	Include as a liability a provision for repayment, in the event that premiums cease within the indemnity period, which must equal or exceed 2.5% of the commissions the <i>firm</i> has received on indemnity terms during the previous twelve months. This provision must be reasonable having regard to its circumstances and, in particular, its previous lapse ratio.
(17) Short Positions	Include a <i>net short position</i> (a) valued at its <i>offer price</i> and (b) increased using the applicable percentage rate in table 13.12.3A.
(18) Deficiency in <i>subsidiary</i>	Include as a liability the amount by which the liabilities of any <i>subsidiary</i> (excluding its capital and reserves) exceed its tangible assets. This requirement applies only to the extent that the <i>firm</i> has not already made such a provision elsewhere in its financial statements.
(19) Liability for tax	Include as a liability a provision for taxation on the whole of the profits of the <i>firm's</i> business up to its balance sheet date.
(20) Creditors relating to Unsettled <i>Securities</i> Transactions -Cash against Documents	Include creditors where the <i>firm</i> has entered into a transaction on its own behalf in <i>securities</i> or <i>units in collective investment schemes</i> on a cash against documents basis, and the transaction remains unsettled, after adding an amount calculated by (a) computing the difference between the agreed settlement price for those <i>investments</i> and their current <i>market value</i> where that difference is not in the <i>firm's</i> favour, and (b) multiplying that difference by the applicable percentage specified in table 13.12.3B.
(21) Creditors relating to Unsettled <i>Securities</i> Transactions -Free Deliveries	Include an amount for creditors where (acting on the <i>firm's</i> own behalf) the <i>firm</i> has delivered certificates of title for <i>securities</i> or <i>units in collective investment schemes</i> before receiving payment for them, or where a <i>firm</i> has bought such <i>investments</i> before receiving certificates of good title for them, as follows: (a) (if the <i>firm</i> has paid for them and not more than 3 days have passed since the payment was made) include in full: (b) (if more than 3 days have passed since the payment was made) include the full value of the <i>securities</i> at their current <i>offer price</i> .

(22) <i>Over the counter derivatives</i>	If the <i>firm</i> holds positions in <i>derivatives</i> on its own behalf must (a) make the adjustment in item (17) of this table, and (b) deduct the credit equivalent of those positions computed in accordance with table 13.12.3C. In addition, bought <i>OTC options</i> and covered <i>warrants</i> will be subject to table 13.12.3D.
(23) Contingent Liabilities	A <i>firm</i> must include a provision for any contingent liabilities which exist at its balance sheet date that must be made.
(24) Redeemable Preference Shares	Include as a liability any redeemable preference <i>shares</i> which fall due within two years. If <i>shares</i> are not redeemable by the shareholder within 2 years, they must be treated in accordance with rules 13.12.5 and 13.12.5A.
(25) Foreign currency risk	If the <i>firm</i> holds positions on its own behalf in foreign currencies or has assets or liabilities denominated in foreign currencies, the <i>firm</i> must calculate a provision to cover the risk in accordance with table 13.12.3D and include the amount as a liability
(26) All other liabilities	Include in full.

Table 13.12.3(2) Part I

This table forms part of **rule 13.12.3**

FIRMS IN CATEGORIES B2 AND B3 (except low resource firms)	
CALCULATION OF ASSETS	
ASSETS	ADJUSTMENTS
(1) Land and buildings	Include land and buildings which are not subject to any charge only if they have been valued either (a) at 60% of their net book value, or (b) (if valued by an independent professional valuer within the past three years) at 60% of the amount certified by the valuer to be the <i>market value</i> .

(2) Motor vehicles	<p>(a) Include motor vehicles acquired less than 12 months ago valued at 50% of their cost</p> <p>(b) Include motor vehicles acquired within the past 24 months (but more than 12 months ago) valued at 25% of their cost</p> <p>(c) Exclude in full any other motor vehicles.</p>
(3) <i>Investments</i>	<p>Include any <i>net long position</i> in any fixed or current asset investment (including <i>shares</i> in any connected company) valued at its current <i>bid price</i> (or, in the case of a with profits <i>life policy</i>, at its surrender value) and discounted by the applicable percentage specified in table 13.12.3A.</p>
(4) Debtors relating to Unsettled Securities Transactions Cash against Documents	<p>Include debtors where a <i>firm</i> has entered into a transaction on its own behalf in <i>securities</i> or <i>units in collective investment schemes</i> on a cash against documents basis and the transaction remains unsettled after deducting an amount calculated by</p> <p>(a) computing the difference between the agreed settlement price for those <i>investments</i> and their current <i>bid price</i> where that difference is not in the <i>firm's</i> favour and</p> <p>(b) multiplying that difference by the applicable percentage specified in table 13.12.3B.</p>
(5) Debtors relating to Unsettled Securities Transactions Free Deliveries	<p>(a) Where the <i>firm</i> has delivered <i>securities</i> or <i>units in collective investment schemes</i> before receiving payment for them or paid for such <i>investments</i> before receiving certificates of good title for them include the full amount due to a <i>firm</i> from debtors so long as not more than 3 days have passed since delivery.</p> <p>(b) Exclude in full if more than 3 days have passed since delivery.</p>
(6) <i>Regulated collective investment schemes</i>	<p>Include an amount owing in respect of a transaction in <i>units</i> in a <i>regulated collective investment scheme</i> only if the amount has been due and unpaid for not more than 90 days after the settlement date of the transaction to which it relates.</p>
(7) Debts of <i>group</i> or <i>connected companies</i>	<p>Include amounts due from <i>group</i> or <i>connected companies</i> (which do not relate to trade debts) where a <i>firm</i> has no reason to doubt that repayment will be made in full on demand.</p>

(8) Trade debtors	Include amounts due from trade debtors (including <i>group</i> or <i>connected companies</i>) which have been due and unpaid for less than 90 days.
(9) Prepayments	Include prepayments which relate to goods or services to be received or performed within 90 days.
(10) Accrued income	(a) Include accrued income not yet due and payable in respect of fees earned in the performance of <i>investment management</i> services that is receivable within six months. (b) Include any other accrued income receivable within 90 days.
(11) <i>Deposits</i>	Include amounts in respect of (a) cash and balances on current accounts and on <i>deposit</i> accounts with an <i>approved bank</i> or National Savings Bank which can be withdrawn within 90 days; (b) money on <i>deposit</i> with a UK local authority which can be withdrawn within 90 days; (c) money <i>deposited</i> and evidenced by a certificate of tax <i>deposit</i> .
(12) Other amounts due from Government bodies or local authorities	Include other amounts due from UK Government bodies or local authorities if they are agreed and due within 90 days.
(13) All other assets	Exclude in full.

Table 13.12.3(2) Part II

This table forms part of *rule 13.12.3*

FIRMS IN CATEGORIES B2 AND B3 (except low resource firms)	
CALCULATION OF LIABILITIES	
LIABILITIES	CALCULATIONS
(14) Secured Liabilities	<p>Include in full, except the amount of the liabilities secured by a charge on land and buildings which may be reduced as follows:</p> <p>(a) If the liabilities secured exceed 85% of the value of the land and buildings, then the excess is treated as a liability;</p> <p>(b) If the land and buildings have been valued by an independent professional valuer within the past three years, the value of the land and buildings is the amount certified by the valuer as their <i>market value</i>; otherwise it is their net book value.</p> <p>(If 60% of the value of the land and buildings which are subject to a charge exceeds the liabilities secured, then the amount of that excess may be treated as an asset.)</p>
(15) Subordinated loans	<p>Include in full, except any short term subordinated loan in the standard form prescribed by the <i>FSA</i> for such loans which may be treated as capital up to the limits specified in <i>rules 13.12.5 and 13.12.5A</i>.</p>
(16) Commission on indemnity terms from the sale of <i>life policies</i> or <i>pension contracts</i>	<p>Include as a liability a provision for repayment, in the event that premiums cease within the indemnity period, which must equal or exceed 2.5% of the commissions the <i>firm</i> has received on indemnity terms during the previous twelve months. This provision must be reasonable having regard to its circumstances and, in particular, its previous lapse ratio.</p>
(17) Short Positions	<p>Include a <i>net short position</i></p> <p>(a) valued at its <i>offer price</i>, and</p> <p>(b) increased using the applicable percentage rate in table 13.12.3A.</p>

(18) Deficiency in <i>subsidiary</i>	Include as a liability the amount by which the liabilities of any <i>subsidiary</i> (excluding its capital and reserves) exceed its tangible assets. This requirement applies only to the extent that the <i>firm</i> has not already made such a provision elsewhere in its financial statements.
(19) Liability for tax	Include as a liability a provision for taxation on the whole of the profits of its business up to its balance sheet date.
(20) Unsettled <i>Securities</i> Transactions - Cash against Documents	<p>Include creditors where the <i>firm</i> has entered into a transaction on its behalf in <i>securities</i> or <i>units in collective investment schemes</i> on a cash against documents basis, and the transaction remains unsettled, after adding an amount calculated by</p> <p>(a) computing the difference between the agreed settlement price for those <i>investments</i> and their current <i>market value</i>, and</p> <p>(b) multiplying that difference by the applicable percentage specified in table 13.12.3B.</p>
(21) Creditors relating to Unsettled <i>Securities</i> Transactions - Free Deliveries	<p>Include an amount for creditors where (acting on its behalf) the <i>firm</i> has delivered certificates of title for <i>securities</i> or <i>units in collective investment schemes</i> before receiving payment for them, or where the <i>firm</i> has bought such <i>investments</i> before receiving certificates of good title for them, as follows:</p> <p>(a) (if the <i>firm</i> has paid for them and not more than 3 days have passed since the payment was made) include in full;</p> <p>(b) (if more than 3 days have passed since the payment was made) include the full value of the <i>securities</i> at the current <i>offer price</i>.</p>
(22) <i>Over the counter derivatives</i>	Include as a liability an amount for any positions the <i>firm</i> holds on its own behalf in such <i>derivatives</i> calculated by computing the credit equivalent of those positions in accordance with table 13.12.3C. In addition, bought <i>OTC derivatives</i> and covered <i>warrants</i> will be subject to table 13.12.3D.
(23) Contingent Liabilities	A <i>firm</i> must include a provision for any contingent liabilities which exist at its balance sheet date that must be made.

(24) Long term liabilities	Include as a liability any amount which falls due more than 3 years from the balance sheet date and is due to <i>connected persons</i> , in accordance with <i>rules</i> 13.12.5 and 13.12.5A.
(25) Redeemable Preference Shares	Include as a liability any redeemable preference <i>shares</i> which fall due within two years. If <i>shares</i> are not redeemable by the shareholder within two years, they must be treated in accordance with <i>rules</i> 13.12.5 and 13.12.5A.
(26) <i>Net open foreign currency position</i>	A <i>firm</i> must calculate its foreign exchange risk requirement in accordance with table 13.12.3D and include the amount as a liability.
(27) All other liabilities	Include in full.

TABLE 13.12.3A

This table forms part of *rule* 13.12.3

DISCOUNTS FOR INVESTMENTS	
The percentages in the table are applied to the <i>market value</i> (unless otherwise stated) or gross positions, i.e. both longs and shorts in each category; netting and offsetting are prohibited. The long or short position in a particular investment is the net of any long or short positions held in that same investment.	
Investment	Discount
A. Debt	
UK Government or local authority stocks:	
- with less than one year to final redemption	2%
- with more than one year but less than five years to final redemption	5%
- with five years or more to final redemption	10%
Debt security:	
- debt instruments issued or accepted by an <i>approved bank</i> with less than 90 days to final redemption	2%

-	other debt instruments which are <i>marketable investments</i> with less than one year to final redemption	5%
-	other debt instruments which are <i>marketable investments</i> with less than five years to final redemption	10%
-	other debt instruments which are <i>marketable investments</i>	15%
-	floating rate notes which are <i>marketable investments</i> :	
-	with no more than 20 years to final redemption	5%
-	with more than 20 years to final redemption	10%
B.	Equities	
-	other <i>investments</i> listed on a recognised or designated investment exchange	25%
-	<i>shares</i> traded on a recognised or designated investment exchange	35%
-	other <i>shares</i> for which there is a <i>market maker</i> in the UK	35%
C.	<i>Derivatives</i>	
-	<i>exchange traded futures</i>	4 x initial margin requirement
-	<i>OTC futures</i>	Apply the appropriate percentage shown in A and B to the <i>market value</i> of the underlying position
-	Purchased <i>options</i>	Apply the appropriate percentage shown in A and B to the <i>market value</i> of the underlying position but the result may be limited to the <i>market value</i> of the option
-	<i>Contracts for differences</i>	20% of the <i>market value</i> of the contract

D.	<i>Other Investments</i>		
-	<i>Unit linked bonds and units in authorised unit trust schemes (other than higher volatility funds and property funds) or regulated collective investment schemes</i>	25%	
-	<i>units in higher volatility funds and property funds</i>	50%	
-	<i>with profit life policies (only applicable to firms other than traded life policy market makers)</i>	20%	of the surrender value of the policy
-	<i>shares in subsidiary companies and shares which are not readily realisable securities in connected companies</i>	100%	
-	<i>traded endowment policies:</i>		
	<i>where a traded life policy is held for resale by a firm which is a traded life policy market maker:</i>		
	(a) <i>for 3 months or less</i>	0%	of the surrender value of the policy
	(b) <i>for more than 3 months</i>	10%	of the surrender value of the policy
	<i>when a traded life policy is held by a firm which is a traded life policy market maker for investment</i>	10%	of the surrender value of the policy
-	<i>other</i>	100%	

TABLE 13.12.3B**This table forms part of rule 13.12.3**

UNSETTLED SECURITIES TRANSACTIONS		
Number of <i>business days</i> after due settlement date	A %	B %
0 – 15	0	0
16 – 30	25	0

46 – 60	75	50
61 or more	100	75
over 90	100	100
<p>Note 1 Column A applies to a transaction in a debt or debt-related instrument (unless the debt instrument is settled through the appropriate UK settlement system), and</p> <p>Note 2 Column B applies in all other cases (and, in particular, applies to equity and equity-related instruments).</p>		

TABLE 13.12.3C**This table forms part of rule 13.12.3**

OVER THE COUNTER DERIVATIVES		
a. By attaching current <i>market values</i> to contracts (marking to market), obtain the current replacement cost of all contracts with positive values.		
b. To obtain a figure for potential future credit exposure (except in the case of single currency “floating/floating interest rate swaps” in which only the current replacement costs will be calculated), the notional principal amounts or values underlying the <i>firm's</i> aggregate positions are multiplied by the following percentages:		
Residual Maturity	Interest Rate Contracts	Foreign Exchange Contracts
One year or less	Nil	1%
More than 1 year	0.5%	5%
c. The credit equivalent is the sum of current replacement cost and potential future credit exposure.		

TABLE 13.12.3D

This table forms part of rule 13.12.3

FOREIGN EXCHANGE RISK	
(a)	<p>A <i>firm</i> must deduct a foreign exchange risk requirement for all the following items which are denominated in a foreign currency:</p> <ul style="list-style-type: none">(i) all assets and liabilities, including accrued interest, denominated in the currency (all <i>investments</i> at market or realisable value);(ii) any currency future, at the nominal value of the contract;(iii) any forward contract for the purchase or sale of the currency, at the contract value, including any future exchange of principal associated with currency swaps;(iv) any foreign currency <i>options</i> at the net delta (or delta-based) equivalent of the total book of such <i>options</i>;(v) any non-currency option, at <i>market value</i>;(vi) any irrevocable guarantee;(vii) any other off-balance sheet commitment to purchase or sell an asset denominated in that currency.
(b)	<p>The requirement must be calculated as follows:</p> <ul style="list-style-type: none">(i) using the spot rate, convert the <i>net long position</i> and <i>net short position</i> in each foreign currency into the currency in which the <i>firm's annual financial statements</i> are reported;(ii) total the <i>net open long positions</i> and the <i>net open short positions</i>;(iii) the higher of (i) and (ii) above is its <i>net open foreign currency position</i>;(iv) multiply its <i>net open foreign currency position</i> by 10%;

- (c) A *firm* may not include any future income or expense not yet accrued but fully hedged (subject to deduction of an appropriate risk requirement).

SHORT TERM SUBORDINATED LOANS

- 13.12.4 R A *Category B firm* may treat subordinated loan as a financial resource, as specified in *rules 13.12.5 to 5A*, if the short term subordinated loan is eligible for such treatment in accordance with *rule 13.12.4A*;
- 13.12.4A R A short term subordinated loan is eligible for such treatment if:
- (1) it has an original maturity of at least two years or, if it has no fixed term, it is subject to two years' notice of repayment;
 - (2) payment of interest is not permitted under the loan agreement unless after such payment a *firm* meet 120% of its financial resource requirement;
 - (3) repayment, prepayment or termination is only permitted under the loan agreement
 - (a) on maturity, or on expiration of the period of notice, if after such payment or termination a *firm* meets 120% of its financial resources requirement; or
 - (b) on winding up after the claims of all other creditors and all outstanding debts have been settled;
 - (4) it is in the standard form for short term subordinated loans prescribed by the *FSA*.

RESTRICTIONS

- 13.12.5 R A *Category B firm* must calculate:
- (1) the aggregate amount of its short term subordinated loans, its preference *shares* which are not redeemable within two years, and for a *Category B firm* other than a *Category B1 firm* its long term liabilities which are not secured on its assets, if they do not fall due more than three years from the balance sheet date, and are not due to *connected persons*;
 - (2) the amount of the *firm's* total capital and reserves excluding preference *share* capital, less the amount of its intangible assets, multiplied by 400%.

APPENDIX 13 (1)

Defined terms for Chapter 13

If a defined term does not appear in the glossary below, the definition in the Glossary annexed to the General Provisions Instrument 2001 applies

50% controller	a <i>controller</i> in whose case the relevant percentage of shares or <i>voting power</i> is 50% or more.

- (D) "shares" means:
- (a) in relation to an *undertaking* with a share capital, allotted shares;
 - (b) in relation to an *undertaking* with capital but no share capital, rights to share in the capital of the *undertaking*;
 - (c) in relation to an *undertaking* without capital, interests:
 - (i) conferring any right to share in the profits, or liability to contribute to the losses, of the *undertaking*; or
 - (ii) giving rise to any obligation to contribute to the debts or expenses of the *undertaking* in the event of a winding up.

(see also *50% controller*)

corporate finance
business

- (a) *designated investment business* carried on by a *firm* with or for:
 - (i) any *issuer, holder* or owner of *designated investments*, if that business relates to the *offer, issue, underwriting, repurchase, exchange or redemption* of, or the variation of the terms of, those *investments*, or any related matter;
 - (ii) any *market counterparty* or *intermediate customer*, or other *body corporate, partnership* or supranational organisation, if that business relates to the manner in which, or the terms on which, or the *persons* by whom, any business, activities or *undertakings* relating to it, or any *associate*, are to be financed, structured, managed, controlled, regulated or reported upon;
 - (iii) any *person* in connection with:
 - (A) a proposed or actual *takeover or related operation* by or on behalf of that *person*, or involving *investments* issued by that *person* (being a *body corporate*), its *holding company, subsidiary* or *associate*; or
 - (B) a merger, de-merger, reorganisation or reconstruction involving any *investments* issued by that *person* (being a *body corporate*), its *holding company, subsidiary* or *associate*;
 - (iv) any shareholder or prospective shareholder of a *body corporate* established or to be established for the purpose of effecting a *takeover or related operation*, where that business is in connection with that *takeover or related operation*;
 - (v) any *person* who, acting as a *principal* for his own account:
 - (A) is involved in negotiations or decisions relating to the commercial, financial or strategic intentions or requirements of a business or prospective business; or

- (B) (provided he is acting otherwise than solely in his capacity as an investor) assists the interests of another *person* with or for whom the *firm*, or another *authorised person* or *overseas person*, is undertaking business as specified in (a)(i),(ii),(iii) or (iv), by himself undertaking all or part of any transactions involved in such business;
- (vi) any *person* undertaking business with or for a *person* as specified in (a)(i), (ii), (iii), (iv) or (v) in respect of activities described in those sub-paragraphs;
- (b) *designated investment business* carried on by a *firm* as a *principal* for its own account where such business:
 - (i) is in the course of, or arises out of, activities undertaken in accordance with (a); and
 - (ii) does not involve transactions with or for, or *advice on investments* to, any other *person* who is a *private customer* in respect of such business;
- (c) *designated investment business* carried on by a *firm* as *principal* for its own account if such business:
 - (i) is in the course of, or arises out of:
 - (A) the *offer*, issue, underwriting, repurchase, exchange or redemption of, or the variation of the terms of, *shares*, *share warrants*, *debentures* or *debenture warrants* issued by the *firm*, or any related matter; or
 - (B) a proposed or actual *takeover or related operation* by or on behalf of the *firm*, or involving *shares*, *share warrants*, *debentures* or *debenture warrants* issued by the *firm*; or
 - (C) a merger, de-merger, reorganisation or reconstruction involving any *shares*, *share warrants*, *debentures* or *debenture warrants* issued by the *firm*; and
 - (ii) does not involve *advice* on investments to any *person* who is a *private customer*;

in this definition, “*share warrants*” and “*debenture warrants*” mean any *warrants* which relate to *shares* in the *firm* concerned or, as the case may be, *debentures* issued by the *firm*.

credit	<ul style="list-style-type: none"> (1) (except in relation to a <i>class of contract of insurance</i>) any kind of loan, deferment of repayment of any loan or of interest on any loan, guarantee or indemnity, and any other kind of accommodation or <i>facility</i> in the nature of <i>credit</i>. 	(h) <i>managing investments</i> (article 37);
	(i) <i>safeguarding and administering investments</i> (article 40); (for the purposes of the <i>permission</i> regime, this is sub-divided into:
	(i) <i>safeguarding and administration of assets (without arranging)</i> ;
	(ii) <i>arranging safeguarding and administration of assets</i>);
	(j) <i>sending dematerialised instructions</i> (article 45(1));
	(k) <i>causing dematerialised instructions to be sent</i> (article 45(2));

- (l) *establishing, operating or winding up a collective investment scheme* (article 51(1)(a)); (for the purposes of the *permission* regime, this is sub-divided into:
 - (i) *establishing, operating or winding up a regulated collective investment scheme*);
 - (ii) *establishing, operating or winding up an unregulated collective investment scheme*;
- (m) *acting as trustee of an authorised unit trust scheme* (article 51(1)(b));
- (n) *acting as the depositary or sole director of an open-ended investment company* (article 51(1)(c));
- (o) *establishing, operating or winding up a stakeholder pension scheme* (article 52);
- (p) *advising on investments* (article 53); (for the purposes of the *permission* regime, this is sub-divided into:
 - (i) *advising on investments (except pension transfers and pension opt-outs)*;
 - (ii) *advising on pension transfers and pension opt-outs*;
- (q) *advising on syndicate participation at Lloyd's* (article 56);
- (r) *managing the underwriting capacity of a Lloyd's syndicate as a managing agent at Lloyd's* (article 53);
- (s) *arranging deals in contracts of insurance written at Lloyd's* (article 58);
- (t) *agreeing to carry on a regulated activity* (article 64);

which is carried on by way of business and either relates to a *specified investment*, or in the case of (l), (m), (n) and (o), is carried on in relation to property of any kind..

regulated collective investment scheme

- (a) an *ICVC*;
- (b) an *AUT*; or
- (c) a *recognised scheme*;

whether or not the *units* are held within a *PEP*, *ISA*, or *pension contract*.

regulated market

(as defined in article 1 of the *ISD*) a market for the instruments listed in Section B of the Annex to the *ISD* which:

- (a) appears on the list of such markets drawn up by the market's *Home State* as required by article 16 of the *ISD*;
- (b) functions regularly;
- (c) is characterised by the fact that regulations issued or approved by the competent authorities define the conditions for the operation of the market, the conditions for access to the market and, where Directive 79/279/EEC is applicable, the conditions governing admission to listing imposed in that Directive and, where that Directive is not applicable, the conditions that must be satisfied by a financial instrument before it can effectively be dealt in on the market; and
- (d) requires compliance with all the reporting and transparency requirements laid down by articles 20 and 21 of the *ISD*.

(see *SUP 17 Ann 5G* for a list of these markets)

related designated investment

(in relation to a *designated investment* (the "first investment")) a *designated investment* (the related designated investment) whose value might reasonably be expected to be directly affected by:

	(a) any fluctuation in the value of the first investment; or (b) any <i>published recommendation</i> that concerns the first investment.
relevant collateral	in relation to a transaction: (a) cash; (b) letters of credit and guarantees to the extent of their face value, issued by an <i>approved bank</i> which is neither a counterparty nor an <i>associate</i> of a counterparty; (c) gold and silver bullion and coinage; (d) <i>marketable investments</i> ; (e) the performance guarantees issued in support of the securities lending and borrowing programmes of Euroclear and Cedel, in respect only of <i>exposure</i> arising from participation in such programmes; subject to: (i) the <i>firm</i> having an unconditional right to apply or realise the <i>relevant collateral</i> for the purpose of repaying a counterparty's obligations; (ii) <i>marketable investments</i> : (A) being marked to market daily using the valuation <i>principles</i> in <i>IPRU(INV) 3.41(9)R</i> ; (B) not being issued by a counterparty nor by an <i>associate</i> of a counterparty.
representative	(in relation to <i>designated investment business</i>) an individual appointed by a <i>provider firm</i> or by an <i>appointed representative</i> of that <i>firm</i> , to carry out either or both of the following activities: (a) giving <i>advice on investments</i> to <i>customers</i> on the merits of <i>packaged products offered</i> by that <i>firm</i> (or any other <i>provider firm</i> within the same <i>marketing group</i>); (b) <i>arranging (bringing about) deals in investments</i> in relation to such products.
retirement fund	the amount which will be available, at the date on which the investor retires, for the provision of benefits.
rule	(in accordance with section 417(1) of the <i>Act</i> (Definitions)) a rule made by the <i>FSA</i> under the <i>Act</i> , including: (a) a <i>Principle</i> ; and (b) an <i>evidential provision</i> .
safe custody investments	a <i>designated investment</i> , which is not the property of the <i>firm</i> , but for which the <i>firm</i> , or any <i>nominee company</i> controlled by the <i>firm</i> or by its <i>associate</i> , is accountable; which has been paid for in full by the <i>client</i> ; and which ceases to be a <i>safe custody investment</i> when the <i>firm</i> has disposed of it in accordance with a valid instruction.
scheme holding	a holding of: (a) <i>units</i> in a <i>collective investment scheme</i> ; or (b) <i>shares</i> in an <i>investment trust savings scheme</i> .
scheme particulars	a <i>document</i> containing information about a <i>regulated collective investment scheme</i> .
securities and futures firm	a <i>firm</i> whose <i>permitted activities</i> include <i>designated investment business</i> , which is not an <i>authorised professional firm</i> , <i>bank</i> , <i>building society</i> , <i>credit union</i> , <i>friendly society</i> , <i>ICVC</i> , <i>insurer</i> , <i>media firm</i> , <i>service company</i> , <i>incoming</i>

EEA firm (without a top-up permission), incoming Treaty firm (without a top-up permission) or UCITS qualifier, whose permission does not include a requirement that it comply with IPRU(INV) 5 (Investment management firms) or 13 (Personal investment firms), and which is within (a), (b), (c) or (d):

- (a) a *firm* (other than one falling within (d)):
 - (i) which was a member of *SFA* immediately before *commencement*; and
 - (ii) which was not, immediately before *commencement*, subject to the financial supervision requirements of the *FSA* (under section 43 of the Financial Services Act 1986), *PIA* or *IMRO* under lead regulation arrangements;
- (b) a *firm* whose *permission* includes a *requirement* that it comply with *IPRU(INV) 3* or *10* (Securities and futures firms);
- (c) a *firm*:
 - (i) which was given a *Part IV permission* after *commencement*, or which was authorised under section 25 of the Financial Services Act 1986 immediately before *commencement* and not a member of *IMRO, PIA* or *SFA*; and
 - (ii) for whom the most substantial part of its gross income, including *commissions*, from the *regulated activities* included in its *Part IV permission* is derived from one or more of the following activities (based, for a *firm* given a *Part IV permission* after *commencement*, on the business plan submitted as part of the *firm's* application or, for a *firm* authorised under section 25 of the Financial Services Act 1986, on the *firm's financial year* preceding its *authorisation* under the Act);
 - (A) an activity carried on as a member of an exchange;
 - (B) making a market in *securities* or *derivatives*;
 - (C) *corporate finance business*;
 - (D) *dealing*, or *arranging (bringing about) deals in investments*, in *securities* or *derivatives*;
 - (E) the provision of clearing services as a *clearing firm*;
 - (F) *managing investments*, where those *investments* are primarily *derivatives*; and
 - (G) activities relating to *spread bets*;
- (d) a *firm* that is:
 - (i) an *ex-section 43 firm* which was not authorised under the Financial Services Act 1986 immediately before *commencement*; or
 - (ii) an *ex-section 43 lead regulated firm*.

security

(in accordance with article 3(1) of the *Regulated Activities Order* (Interpretation)) any of the following *investments* specified in that Order:

- (a) *share* (article 76);
- (b) *debenture* (article 77);
- (c) *government and public security* (article 78);
- (d) *warrant* (article 79);
- (e) *certificate representing certain securities* (article 80);
- (f) *unit* (article 81);

	(g) <i>stakeholder pension scheme</i> (article 82);
	(h) <i>rights to or interests in investments</i> in (a) to (g) (article 89).
sell	(in accordance with article 3(1) of the <i>Regulated Activities Order</i> (Interpretation)), in relation to any <i>investment</i> , sell in any way, including disposing of the <i>investment</i> for valuable consideration; in this definition, "disposing" includes: (a) (in relation to an <i>investment</i> consisting of rights under a contract): (i) surrendering, assigning or converting those rights; or (ii) assuming the corresponding liabilities under the contract; (b) (in relation to an <i>investment</i> consisting of rights under other arrangements) assuming the corresponding liabilities under the arrangements; and (c) (except in <i>CIS</i>) (in relation to any other <i>investment</i>) issuing or creating the <i>investment</i> or granting the rights or interests of which it consists.
series of transactions	a series of transactions executed with a view to achieving one investment decision or objective.
service company	a <i>firm</i> whose only <i>permitted activities</i> are <i>making arrangements with a view to transactions in investments</i> , and <i>agreeing to carry on that regulated activity</i> , and whose <i>Part IV permission</i> : (a) incorporates a <i>limitation</i> substantially to the effect that the <i>firm</i> carry on <i>regulated activities</i> only with <i>market counterparties</i> or <i>intermediate customers</i> ; and (b) includes <i>requirements</i> substantially to the effect that the <i>firm</i> must not: (i) guarantee, or otherwise accept responsibility for, the performance, by a participant in arrangements made by the <i>firm</i> in carrying on <i>regulated activities</i> , of obligations undertaken by that participant in connection with those arrangements; or (ii) <i>approve any financial promotion</i> on behalf of any other <i>person</i> or any specified class of <i>persons</i> ; or (iii) in carrying on its <i>regulated activities</i> , provide services otherwise than in accordance with <i>documents</i> (of a kind specified in the <i>requirement</i>) provided by the <i>firm</i> to the <i>FSA</i> .
share	(1) the <i>investment</i> , specified in article 76 of the <i>Regulated Activities Order</i> (Shares etc), which is, in summary: a share or stock in the share capital of: (a) any <i>body corporate</i> (wherever incorporated); (b) any unincorporated body constituted under the law of a country or territory outside the <i>United Kingdom</i> .
small self-administered scheme	an <i>occupational pension scheme</i> of a kind described in article 4(4) and 4(5) of the Financial Services and Markets Act 2000 (Carrying on Regulated Activities by Way of Business) Order 2001 (SI 2001/1177).
sole trader	an individual who is a <i>firm</i> .
special adjustment	a <i>position</i> risk adjustment, counterparty risk adjustment, foreign <i>exchange</i> adjustment, and any <i>large exposure</i> adjustment in accordance with chapter 13;
specified investment	any of the following <i>investments</i> specified in Part III of the <i>Regulated Activities Order</i> (Specified Investments):

- (a) *deposit* (article 74);
- (b) *contract of insurance* (article 75); (for the purposes of the *permission* regime, this is sub-divided into:
 - (i) *general insurance contract*;
 - (ii) *long-term insurance contract*;
 and then further sub-divided into classes of *contract of insurance*);
- (c) *share* (article 76);
- (d) *debenture* (article 77);
- (e) *government and public security* (article 78);
- (f) *warrant* (article 79);
- (g) *certificate representing certain securities* (article 80);
- (h) *unit* (article 81);
- (i) *stakeholder pension scheme* (article 82);
- (j) *option* (article 83); (for the purposes of the *permission* regime, this is sub-divided into:
 - (i) *option* (excluding a *commodity option* and an *option on a commodity future*);
 - (ii) *commodity option* and an *option on a commodity future*);
- (k) *future* (article 84); (for the purposes of the *permission* regime, this is sub-divided into:
 - (i) *future* (excluding a *commodity future* and a *rolling spot forex contract*);
 - (ii) *commodity future*);
 - (iii) *rolling spot forex contract*;
- (l) *contract for differences* (article 85); (for the purposes of the *permission* regime this is sub-divided into:
 - (i) *contract for differences* (excluding a *spread bet* and a *rolling spot forex contract*);
 - (ii) *spread bet*;
 - (iii) *rolling spot forex contract*);
- (m) *underwriting capacity of a Lloyd's syndicate* (article 86(1));
- (n) *membership of a Lloyd's syndicate* (article 86(2));
- (o) *rights to or interests in investments* (article 89).

subsidiary (as defined in section 736 of the Companies Act 1985) (in relation to another *body corporate* ("H")) a *body corporate* of which H is a *holding company*.

- surrender value
- (a) where the contract is a contract of life assurance or a contract for an annuity, the amount (including a nil amount) payable by the *firm* or other body issuing the contract on surrender of the *policy*;

APPENDIX 13 (2)E

PROFESSIONAL INDEMNITY INSURANCE PROVISIONS

E The policy terms and additional clauses set out below form part of rule 13.1.6E and have the status of evidential provisions.

Professional Indemnity Insurance Terms

SECTION 1 - BASIS OF INSURANCE CONTRACT

Note: Various words and phrases have a standard meaning within this policy and such definitions and interpretations are as set out in Section 6. Headings and notes are for information purposes only and are not to be construed as part of the policy wording.

1.1 Insuring Clause

In consideration of the Assured having agreed to pay the premium shown in the Schedule, Underwriters agree, subject to the terms, conditions and exclusions of this policy, to indemnify the Assured, up to the Limit of Indemnity, for any claim for compensation and/or damages (including claimant's costs and expenses) first made against the Assured and notified to Underwriters during the Period of this Policy which the Assured may become legally liable to pay in consequence of any Negligence in the exercise and conduct of the Assured's Professional Business by the Assured and/or by others on behalf of the Assured.

1.2 Defence Costs in Addition

Underwriters will also indemnify the Assured for Defence Costs (see 6.6) where such costs have been incurred with Underwriters' consent. Such Defence Costs are payable in addition to the Limit of Indemnity unless the Limit of Indemnity shown in the Schedule is in the aggregate.

In the event that a settlement is made with any party in excess of the amount of the Limit of Indemnity, Underwriters' liability in respect of Defence Costs shall be in the same proportion that the Limit of Indemnity bears to the sum which would be eligible for payment but for the restriction of the Limit of Indemnity.

SECTION 2 - EXTENSIONS

Unless endorsed to the contrary and subject otherwise to the policy terms, conditions and exclusions the following extensions are given:

2.1 Loss of or Damage to Documents

In the event of physical loss of or damage to documents suffered during the Period of this Policy the Assured is indemnified for reasonable and necessary costs and expenses incurred in replacing, restoring or reconstituting any Documents which are the property of the Assured or in the care, custody or control of the Assured or for which the Assured is responsible.

2.1.1 Liability for Loss of Documents

This policy is extended to indemnify the Assured for any liability other than the costs and expenses referred to in Extension 2.1, which may arise in consequence of the physical loss of or damage suffered to any Document referred to in Extension 2.1.

2.2 Self Employed Persons Extension

The Assured is indemnified for any Negligence in consequence of the use of self employed or contract hire persons in connection with the Assured's Professional Business. The use of such persons need not be disclosed to Underwriters. For the purpose of this policy such persons are deemed to be employees of the Assured.

2.3 Indemnity to Employees, Former Employees and/or Consultants

Employees or former employees of the Assured are indemnified in respect of any claim made against them during the Period of this Policy in consequence of any Negligence in the exercise and conduct of the Assured's Professional Business.

Former partners, former directors or former employees of the Assured who have continued as consultants to the Assured and such persons who were formerly consultants to the Assured are indemnified in respect of any claim made against them during the Period of this Policy in consequence of any Negligence in the exercise and conduct of the Assured's Professional Business.

2.4 Libel and Slander

The Assured is indemnified for all sums which the Assured may become legally liable to pay in respect of claims made upon them during the Period of this Policy in direct consequence of any libel, slander or defamation uttered by the Assured in the exercise and conduct of the Assured's Professional Business.

2.5 Dishonesty of Employees

The Assured is indemnified for any claim brought about or contributed to, by the dishonest, fraudulent, criminal or malicious act or omission of any person at any time employed by the Assured who is not a Partner or Director.

SECTION 3 - CLAIMS CONDITIONS

The following claims conditions and the more general conditions listed under Section 4 apply to this policy:

- 3.1 All conditions contained in Section 3 are deemed to be conditions precedent to liability.

Discovery of a Claim or Circumstance

- 3.2 (a) If during the Period of this Policy the Assured shall receive any claim, the Assured shall give notice (see 3.3) to Underwriters as soon as practicable, but in any event not later than expiry of the Period of this Policy.
- (b) If during the Period of this Policy the Assured becomes aware of any Circumstance which may give rise to a claim, the Assured shall give notice (see 3.3) to Underwriters of such Circumstance as soon as practicable, but in any event not later than expiry of the Period of this Policy.

Underwriters agree that any such Circumstance notified to them during the Period of this Policy and which subsequently gives rise to a claim after expiry of this policy shall be deemed to be a claim first made during the Period of this Policy.

Notice

- 3.3 Notwithstanding Clause 3.2 if the Assured becomes aware of a claim or discovers any Circumstance and is unable, due to any reasonable cause, to give notice during the Period of this Policy, Underwriters will accept such notice up to 15 days after expiry of this policy, provided always that the matter which is being notified first came to the Assured's attention during the Period of this Policy.

Conduct of Claims

- 3.4 In the event of a claim or the discovery of any Circumstance, the Assured shall not admit liability and no admission, offer, promise or payment shall be made by the Assured without Underwriters' consent.
- 3.5 Following notification of a claim or notification of any Circumstance, Underwriters shall be entitled if they so desire to take over and conduct in the name of the Assured the investigation, defence or settlement of any such matter. The Assured shall give all such assistance as Underwriters may reasonably require.

Notwithstanding the provisions of the preceding paragraph, if the Assured and Underwriters cannot agree a common course of action with regard to the contesting of any legal proceedings (whether defence or prosecution), the dispute will be resolved by the operation of Clause 4.3.

SECTION 4 - GENERAL CONDITIONS

The following conditions apply to this policy:

4.1 Other Insurance

If at the time any claim arises under this policy the Assured is, or but for the existence of this policy, would be entitled to indemnity under any other policy or policies, Underwriters shall not be liable except in respect of any sum in excess of the amount which is or which would have been payable under such other policy or policies.

4.2 Subrogation

If any payment is made under the terms of this policy, the Assured grants to Underwriters all rights of recovery against any parties from whom a recovery may be made. However, Underwriters agree to waive any rights of recovery against any employee or consultant or former employee or former consultant of the Assured unless liability has resulted in whole or part from any act or omission on the part of such persons which is dishonest, fraudulent, criminal or malicious.

4.3 Policy Disputes

This contract is governed by English Law. Any dispute or difference between the Assured and Underwriters arising from this policy shall be referred to Queen's Counsel of the English Bar, to be mutually agreed between Underwriters and the Assured or any other party as may be mutually agreed. In the event of disagreement regarding the appointment, the Chairman of the Bar Council shall appoint a suitable party.

The findings of the agreed or appointed party shall be binding on Underwriters and the Assured, and the costs of such an exercise shall be allocated by the agreed or appointed party on a fair and equitable basis.

4.4 Claim Settlements

The Underwriters may at any time pay to the Assured in connection with any claims or series of claims under this Policy the Limit of Indemnity (less any sums already paid) or any lesser sum for which such claims can be settled and upon such payment the Underwriters shall not be under any further liability in respect of such claims except for costs and expenses incurred prior to such payment.

If a payment exceeding the Limit of Indemnity has to be made to dispose of a claim the liability of the Underwriters to pay all costs fees and expenses in connection therewith shall be limited to such of the said costs and expenses as the Limit of Indemnity bears to the amount paid to dispose of a claim.

SECTION 5 - EXCLUSIONS

5.1 This policy shall not indemnify the Assured in respect of the following:

(a) Excess

The amount of the Excess shown in the Schedule or in any extension as appropriate.

Defence costs referred to in Clause 1.2 shall not be the subject of any Excess.

(b) Liability involving Transport or Property owned by the Assured

Any claim against the Assured arising solely and directly out of the ownership, possession or use by or on behalf of the Assured of any aircraft, watercraft, hovercraft, motor vehicle or trailer or any buildings, premises or land or that part of any building leased, occupied or rented by the Assured or any property of the Assured.

(c) Liability arising out of Employment

Any claim arising out of injury, disease, illness or death of any employee under a contract of service with the Assured or any claim arising out of any dispute between the Assured and any present or former employee or any person who has been offered employment with the Assured, being brought under or relating to the Employment Protection Act 1975 or equivalent legislation in countries other than England.

(d) Supply of Goods

Any claim against the Assured arising out of the supply of any goods by the Assured or products manufactured, constructed, altered, repaired, treated, sold, supplied or distributed by the Assured.

This exclusion shall not apply to project models or displays.

The exercise and conduct of the Assured's Professional Business shall not be excluded by this exclusion even where the exercise and conduct of such Professional Business is held to be a "product" or "goods" in consequence of the Consumer Protection Act 1987 or equivalent legislation in countries other than England.

(e) Fraud, Dishonesty or Criminal Act

Any claim directly or indirectly contributed to or caused by any act or omission of any partner or director of the Assured which is dishonest, fraudulent, criminal or malicious.

(f) Controlling Interest Exclusion Clause

Any claim made against the Assured by either:

(i) any interest in which the Assured exercises a controlling interest

or

(ii) any entity exercising a controlling interest over the Assured by virtue of their having a financial or executive interest in the operation of the Assured

unless such claim is made against the Assured for an indemnity or contribution in respect of a claim made by another party against:

(a) the said entity in which the Assured exercises such a controlling interest

or

(b) the said entity exercising such a controlling interest in the operation of the Assured

and arises out of the exercise and conduct of the Assured's Professional Business

(g) Nuclear Risks Exclusion

Loss or destruction of or damage to any property whatsoever or any loss or expense whatsoever resulting or arising therefrom or any consequential loss or any legal liability of whatsoever nature directly or indirectly caused by or contributed to by or arising from:

(i) Ionizing radiations or contamination by radioactivity from any nuclear fuel or from any nuclear waste from the combustion of nuclear fuel

(ii) The radioactive, toxic, explosive or other hazardous properties of any explosive nuclear assembly or nuclear component thereof.

(h) War Risks Exclusion

In respect of extension 2.1 only, any consequence of war including a terrorist act initiated by hostile parties, invasion, act of foreign enemy, hostilities (whether war be declared or not), civil war, rebellion, revolution, insurrection or military or usurped power.

(i) Jurisdiction Exclusion

Any claim brought in the courts of countries (or the enforcement of a judgment found against the Assured) outside the geographical limits referred to in the Schedule.

(j) Punitive, Penal or Exemplary Damages

Punitive, penal or exemplary damages where such can be identified separately within any award of a court.

(k) Loss of Documents - Magnetic or Electrical Media

Any claim arising from the physical loss of or damage to Documents which are stored on magnetic or electrical media unless such Documents are duplicated on magnetic or electrical media with the intention that in the event of loss or damage the duplicate can be used as the basis for restoring the Documents to their original status.

(l) Pollution

Any claim directly from pollution.

(m) Directors' and Officers' Liability

Any claim arising from those liabilities consequent upon being a director, officer or trustee of the Assured as (opposed to those duties and functions carried out in furtherance of the Assured's Professional Business) or from the acceptance of any directorship or trusteeship in any other company not forming part of the Practice.

SECTION 6 - DEFINITIONS AND INTERPRETATIONS

- 6.1 The following words and phrases are used in this policy. In certain instances the words may be used in their plural or singular form. Whenever they appear they are deemed to have the meaning set out below:

6.2 Assured

Shall mean:

(a) (i) The Practice

(ii) The present or future partners and present or future directors of the Practice.

(iii) Former partners and former directors of the Practice in respect of claims made during the Period of this policy but arising out of the exercise and conduct of the Assured's Professional Business during the period whilst they were receiving salary or financial benefit from the Practice.

(b) the estate, heirs, executors and assignees in bankruptcy of those parties mentioned in 6.2 (a).

6.3 The Practice

Shall mean the professional practice(s) whether corporate, sole trader or partnership named as the Assured in the Schedule including any predecessors in business.

The definition also includes practice(s) or business(es) for which the Assured is legally liable in consequence of the acquisition of such practice(s) or business(es) prior to inception of this policy provided Underwriters have been notified in writing of the existence of such other practice(s) or business(es) and Underwriters have agreed to insure such entities.

Any office of the Practice as defined is included within the definition unless expressly stated otherwise.

6.4 Professional Business

Shall mean the business activities which are listed in the Schedule.

Where the Assured is liable for a sub-consultant or sub-contractor or responsible for the liability of a joint venture or consortium the definition of Professional Business is extended to include the other professional activities of the sub-consultant, sub-contractor or joint venture or consortium for which the Assured is liable.

In addition, the definition of Professional Business is extended to include personal appointments of any party falling within the definition of the Assured provided the fees, if any, for such activities are credited to the Practice and such activities are related directly or indirectly to the activities listed in the Schedule and the individual is qualified or experienced to carry out such work.

6.5 Limit of Indemnity

Shall mean the sum shown in the Schedule which is available to indemnify the Assured in respect of each claim provided always that where more than one claim arises from the same original cause all such claims shall be deemed to be one claim and only one limit of indemnity shall be payable in respect of the aggregate of all such claims.

6.6 Defence Costs

Shall mean all costs and expenses incurred in the investigation, defence or settlement of any claim or potential claim and/or the cost of representation at any enquiry or other proceedings which have a direct or indirect relevance to the investigation, defence or settlement of any matter notified under the terms of this policy.

6.7 Excess

Shall mean the first amount of each claim which is payable by the Assured. Where, however, a series of claims is made during the Period of this Policy which arises from the same original cause then only one single excess shall apply in respect of all claims resulting from that original cause.

6.8 Geographical Limits

Shall mean the geographical limits referred to in the Schedule.

6.9 Period of this Policy

Shall mean the period shown in the Schedule plus any extension to the period which may be granted by Underwriters.

6.10 Documents

Shall mean deeds, wills, agreements, records, written or printed books, letters, certificates or written or printed documents and/or forms of any nature whatsoever and shall include computer software and systems records (electronic data shall be deemed to be physical property for the purposes of this policy). The definition excludes bearer bonds, coupons, bank or currency notes or other negotiable paper.

6.11 Circumstance

Shall mean information or circumstances of which the Assured is aware which suggests that a claim may be made against the Assured which the Assured may become legally liable to pay and which arises out of the exercise and conduct of the Assured's Professional Business.

6.12 Underwriters

Shall mean those insurance companies or Lloyd's syndicates subscribing to this policy and detailed in the attachment to this policy.

6.13 Negligence

Shall mean a negligent act and/or a negligent error and/or a negligent omission and/or a negligent commission.

- 6 Excess: £ each claim
- 7 Geographical Worldwide but excluding United States of America or Canada
- 8 Premium: £
- 9 Date(s) of proposal form(s):

This contract is based on the proposal form(s) the date(s) of which are listed above and supporting documentation (if any) accompanying the proposal form(s).

- 10 Endorsement reference(s) (if any):

Additional Clauses

1 COMPLIANCE CLAUSE

This Policy is designed to provide the minimum insurance requirements in accordance with the rules of the Financial Services Authority ('FSA'). However, for the avoidance of doubt in any dispute in connection with the terms, conditions, exclusions and limitations of this Policy it is specifically understood and agreed that the minimum insurance requirements as set out in the FSA rules shall take precedence over any terms, conditions, exclusions or limitations contained herein which are less favourable to the Insured.

2 OMBUDSMAN EXTENSION

In accordance with and subject to the terms, conditions, exclusions, limitations and provisions contained in the Policy, the Insurers agree to indemnify the Assured in respect of their liability to meet any award made against them by:

- (1) the Ombudsman appointed by the Personal Investment Authority Ombudsman Bureau Limited (the "Bureau"), subject to such Ombudsman operating within the Ombudsman's Terms of Reference (a copy of which has been lodged with Insurers) as issued by the Council of the Personal Investment Authority Bureau; and
- (2) the Ombudsman appointed by The FSA, subject to such Ombudsman operating within the compulsory jurisdiction rules (a copy of which has been lodged with Insurers),

arising from any claim(s)/complaint(s) made against the Assured during the period of this Policy.

3 IBRC COMPLIANCE CLAUSE

(If a firm is also a member of the IBRC, it should ensure the inclusion of this clause)

1. It is understood and agreed that this Policy of Insurance is deemed to be taken out pursuant to the Insurance Brokers Registration Council (Indemnity Insurance and Grants Scheme) Rules 1987 (as amended).

2. This policy is extended, subject otherwise to its terms, conditions and exclusions, to indemnify the Assured in respect of losses sustained by them in consequence of any dishonest or fraudulent act or omission committed or omitted by any employee or former employee of the Assured in the conduct and execution of the Assured's professional business.
3. It is understood and agreed that this Policy is extended to comply with the Insurance Brokers Registration Council (Indemnity Insurance and Grants Scheme) Rules 1987 (as amended). However, for the avoidance of doubt, in any dispute in connection with the terms, conditions, exclusions and limitations of this Policy it is specifically understood and agreed that the Insurance Brokers Registration Council (Indemnity Insurance and Grants Scheme) Rules 1987 (as amended) shall take precedence over any terms, conditions, exclusions or limitations contained herein which are less favourable to the Assured.
4. Notwithstanding any policy terms, conditions or exclusions to the contrary, this Policy shall indemnify the Assured in respect of claims made or losses sustained by Parent Company and/or Subsidiary or Associated Companies or any employee or former employee, Director or former Director, or such persons who have continued as Consultants thereof, arising out of the exercise and conduct of the Assured's professional business.
5. It is further understood and agreed that this Policy is extended, subject otherwise to its terms, conditions and exclusions, to indemnify Parent Company and/or Subsidiary or Associated Companies or any employee of or Director of, or Consultant to Parent Company and/or Subsidiary or Associated Companies in respect of claims made against or losses sustained by them arising out of the exercise and conduct of the Assured's professional business.

For the avoidance of doubt employees of or Directors of, or Consultants to Parent Company and/or Subsidiary or Associated Companies shall be deemed to be employees of the Assured in respect of business introduced by them to the Assured.

6. Insuring Clause

This Policy is extended, subject otherwise to its terms, conditions and exclusions, to indemnify:

- (a) at the Assured's election, various persons or firms who are acting as or who have at any time acted as, Sub-Contractors or Agents or Consultants to the Assured.

- (b) the estate, heirs, executors of those parties mentioned in the first paragraph of Extension 2.3 of the policy wording.

in respect of claims or losses which arise out of the exercise and conduct of the Assured's professional business during the period such persons are or were employed or engaged by the Assured.

4 YEAR 2000 EXCLUSION

Cover may exclude any claim, loss, liability or expense caused by or arising directly or indirectly from or in any way relating to any Computer System, whether or not property of the Assured, not being Year 2000 Compliant.

**FORM OF BOND FOR PROFESSIONAL FIRMS
(SEE IPRU (INV) 2)**

BY THIS BOND AS A DEED WE [] of [] (“the Principal”) and [] of [] (“the Surety”) as witnessed by its common seal (so that the Surety whose seal is affixed below shall alone be bound) are jointly and severally bound upon the terms and conditions herein set out to [] (“the Trustee”) in the sum of £[] ([sum in words]) or such other sum as may from time to time be agreed between the Surety and the Principal (“the Penalty Sum”).

WHEREAS:-

- (1) The Trustee has consented to enter into this bond as trustee and to hold the rights and benefits under this bond upon trust for any Customer of the Principal in accordance with the terms of this bond.**
- (2) The Surety at the request of the Principal has agreed to be bound in the Penalty Sum upon the terms and conditions hereinafter contained.**

NOW THIS DEED WITNESSES as follows:-

- (1) For the purposes of this bond a claim shall arise if the following conditions are satisfied:-**
 - a. the Scheme has determined the Principal to be in default;**
 - b. the Trustee has determined to pay compensation to an eligible claimant whose claim is in respect of a Civil Liability incurred by the Principal in connection with its carrying on of Regulated Activities; and**
 - c. the claim in question relates to a Loss.**
- (2) The Surety and the Principal are held and firmly bound to the Trustee for the payment of any sum arising out of any claim under the provisions of Clause 1 hereof to the extent that any such claim exceeds the sum of fifty thousand pounds (£50,000) provided that the aggregate of any such sum or sums does not exceed the Penalty Sum.**
- (3) The Trustee hereby declares that it holds all its rights and benefits under this bond upon trust for the Customers in respect of whom or for which such claim or claims were made absolutely.**
- (4) The Trustee shall, insofar as it may lawfully do so, notify the Surety of any claim or Matter of which the Trustee is aware which may give rise to any claim hereunder such notice to be addressed to the Surety in writing at its address set out above or to such other address as may have been notified to the Trustee in writing by the Surety and any such information which the Trustee**

shall when serving such notice designate as confidential shall be held and retained by the Surety in confidence.

- (5) Payment of any sum to the Trustee in respect of any claim shall be due thirty (30) days after the giving of notice thereof pursuant to Clause 4 hereof the Surety shall pay any such sum or sums on demand.
- (6) The Surety may give written notice to the Trustee sent by recorded delivery service to the address set out above or such other address as the Trustee shall from time to time advise in writing (and serving a copy of such notice upon the Principal) terminating its liability under this bond which liability shall accordingly cease sixty (60) days after receipt by the Trustee in writing of such notice (“the Termination Date”) save in respect of any claim rising out of anything notified by the Trustee to the Surety pursuant to Clause 4 prior to or within the period of six months after the Termination Date.
- (7) Notwithstanding the Release or Discharge of the Principal the Surety shall remain liable in respect of any claim arising during the period in which this bond was in force or which shall be made within six months of the Termination Date.
- (8) The Principal and its executors administrators or representatives whosoever jointly and severally agree and covenant with the Surety and the Trustee as follows:-

 - a. That they shall and will from time to time and notwithstanding the Release or Discharge of the Principal indemnify the Surety and its successors and assigns from and against all claims losses costs and expenses which the Surety shall or otherwise might at any time sustain or be put to under or by virtue of this bond.
 - b. That the Principal is a Professional Firm which has Permission under the Act to carry on Regulated Activities and will give notice forthwith to the Surety in writing if it shall cease to have such Permission or if it shall become aware of any Matter which might give rise to it being declared in default by the Scheme.
 - c. That the Principal will calculate the Penalty Sum that may be required under this bond from time to time so as to ensure that it complies with the Rules.
 - d. That the persons named herein are duly authorised for an on behalf of the Principal to execute this bond in the manner appearing below.
 - e. That the Trustee is irrevocably authorised to provide such information to the Surety as it shall think fit or as may be required for the purpose of making any claim and the Surety is irrevocably authorised to provide such information to the Trustee in relation to the obligations of the Principal secured by this bond as it shall think fit.

f. That the Principal will duly and promptly pay the annual premium due in respect of this bond.

(9) In this bond words and expressions having capitalised initial letters shall have the meanings set out in this bond and where not so defined shall have the meanings set out in the Glossary annexed to the General Provisions Instrument 2001 and as the same may hereafter be varied amended or supplemented from time to time

“the Act” means the Financial Services and Markets Act 2000 or any amendment or re-enactment of the provisions thereof;

“Civil Liability” means a civil liability as defined in the Scheme Regulations;

“Customer” means a customer as defined in the Scheme Regulations;

“Loss” means a loss which has been the subject of a valid claim determined by the Scheme in respect of which the amount of the Civil Liability is in excess of £50,000;

“Matter” means any proceedings initiated under the Act against the Principal in relation to its Regulated Activities;

“the Principal” means the Professional Firm named herein and includes each of the partners thereof where applicable;

“Release or Discharge” means the release of the Principal in relation to the termination of any Authorisation under the provisions of the Act;

“Scheme” means the Financial Services Compensation Scheme;

“Scheme Regulations” means the Financial Services Compensation Scheme Regulations.

Save where the context otherwise requires words and expressions used herein and in the Act shall bear the meaning given to them in the singular shall include the plural.

Schedule 2

C. Standard Terms

Interpretation

1 (1) In this Agreement -

“Advance” means, where this Agreement is for a loan facility, an amount drawn or to be drawn down by the Borrower or otherwise made available by the Lender under this Agreement as that amount may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

“Borrower” means the person identified as such in the Variable Terms and includes its permitted successors and assigns and, where the Borrower is a partnership, each Partner;

“Business Day” means any day except Saturday, Sunday or a bank or public holiday in England;

“Effective Date” means the date on which this Agreement is to take effect being the date of this Agreement unless otherwise stated in the Variable Terms;

“Excluded Liabilities” means Liabilities which are expressed to be and, in the opinion of the Insolvency Officer of the Borrower, do, rank junior to the Subordinated Liabilities in the Insolvency of the Borrower;

“Facility” means the loan facility referred to in paragraph 2(2);

“Financial Resources” has the meaning given in the Financial Rules;

“Financial Resources Requirement” has the meaning given it in the Financial Rules;

“Financial Rules” means the rules in IPRU(INV) 3 in the FSA handbook;

“Insolvency” means and includes liquidation, winding up, bankruptcy, sequestration, administration, rehabilitation and dissolution (whichever term may apply to the Borrower) or the equivalent in any other jurisdiction to which the Borrower may be subject;

“Insolvency Officer” means and includes any person duly appointed to administer and distribute assets of the Borrower in the course of the Borrower’s Insolvency;

- 1 (1) **“Lender”** means the person identified as such in the Variable Terms and includes its permitted successors and assigns;

“Liabilities” means all present and future sums, liabilities and obligations payable or owing by the Borrower (whether actual or contingent, jointly or severally or otherwise howsoever);

“Loan” means the indebtedness of the Borrower to the Lender referred to in paragraph 2(1) as that indebtedness may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

“Partner” means, where the Borrower is a partnership, each and every partner of the Borrower as a partner and as an individual (see also paragraph 8);

“Senior Liabilities” means all Liabilities except the Subordinated Liabilities and Excluded Liabilities;

“Subordinated Liabilities” means all Liabilities to the Lender in respect of the Loan or each Advance made under this Agreement and all interest payable thereon.

“the FSA” means The Financial Services Authority Limited whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS; and

- (2) Any reference to any rules of the FSA is a reference to them as in force from time to time.
- (3) Reference to any gender includes a reference to all other genders.
- (4) Reference to a paragraph is to a paragraph of these Standard Terms, unless otherwise indicated.

The Loan or Facility

- 2 (1) Where as indicated in the Variable Terms this Agreement is for a loan, the Borrower hereby acknowledges its indebtedness to the Lender in the sum mentioned in the Variable Terms as an unsecured loan upon and subject to the terms and conditions of this Agreement.
- (2) Where, as indicated in the Variable Terms this Agreement is for a loan facility -
- (a) the maximum aggregate principal amount of each Advance outstanding at any time under the Facility shall not exceed the maximum amount specified in the Variable Terms or such other amount as may be agreed between the Borrower and the Lender from time to time;
- (b) the Facility will be available until the last available date specified in the Variable Terms; and

- 2** (2) (c) any specific terms dealing with the mechanics of drawdown are contained in the Variable Terms.
- (3) The Lender and the Borrower undertake to provide the FSA, immediately upon request, with details in writing of all principal and interest in respect of the Loan or each Advance outstanding for the time being and all payments of any amount made in the period specified by the FSA in the request.

Interest

- 3** Subject to the provisions of paragraphs 4 and 5, until repayment of the Loan or each Advance in full, the Borrower will pay to the Lender interest on the Loan or each Advance (or on any part or parts of it or them for the time being outstanding under this Agreement) calculated and payable in the manner set out in the Variable Terms.

Repayment

- 4** (1) The provisions of this paragraph are subject in all respects to the provisions of paragraph 5 (subordination).
- (2) The terms concerning repayment are set out in the Variable Terms but are subject to paragraph 4(3).
- (3) (a) Unless the FSA otherwise permits, no repayment or prepayment of the Loan or any Advance may be made, in whole or in part, until five Business Days have elapsed from the FSA confirming in writing to the Borrower receipt of the Borrower's written notice of his intention to do so, except that -
- (i) where, immediately after repayment or prepayment, the Borrower's Financial Resources would be less than or equal to 120% of its Financial Resources Requirement, the prior written approval of the FSA shall be obtained before any repayment or prepayment;
 - (ii) any notice under this sub-paragraph or the terms referred to in sub-paragraph (2) above shall be ineffective if -
 - (aa) the Insolvency of the Borrower commences before the date on which such notice expires; or
 - (bb) the FSA notifies the Borrower orally or in writing of its refusal to consent to such repayment or prepayment by the time such notice period expires.
- (b) Payments of interest at a rate not exceeding the rate provided for in paragraph 3 may be made without notice to or consent of the FSA, except that where -
- (i) immediately after payment, the Borrower's Financial Resources would be less than or equal to 120% of its Financial Resources Requirement; or

- 4 (3) (b) (ii) before payment, the Insolvency of the Borrower commences,
no such payment may be made without the prior written approval of the FSA.
- (4) If in respect of the Loan or any Advance default is made for a period of -
- (a) seven days or more in the payment of any principal due, or
 - (b) 14 days or more in the payment of any interest due,
- the Lender may, at its discretion and after taking such preliminary steps or actions as may be necessary, enforce payment by instituting proceedings for the Insolvency of the Borrower after giving seven Business Day's prior written notice to the FSA of its intention to do so.
- (5) Subject to (6) below, the Lender may at its discretion, subject as provided in this Agreement, institute proceedings for the Insolvency of the Borrower to enforce any obligation, condition or provision binding on the Borrower under this Agreement (other than any obligation for the payment of principal moneys or interest in respect the Loan or any Advance) PROVIDED THAT the Borrower shall not by virtue of the institution of any such proceedings for the Insolvency of the Borrower be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.
- (6) The Lender may only institute proceedings for the Insolvency of the Borrower to enforce the obligations referred to in (5) above if -
- (a) a default under those obligations is not remedied to the satisfaction of the Lender within 60 days after notice of such default has been given to the Borrower by the Lender requiring such default to be remedied;
 - (b) the Lender has taken all preliminary steps or actions required to be taken by it prior to the institution of such proceedings; and
 - (c) the Lender has given seven Business Days' prior written notice to the FSA of its intention to institute such proceedings.
- (7) No remedy against the Borrower other than as specifically provided by this paragraph 4 shall be available to the Lender whether for the recovery of amounts owing under this Agreement or in respect of any breach by the Borrower of any of its obligations under this Agreement.

Subordination

- 5 (1) Notwithstanding the provisions of paragraph 4, the rights of the Lender in respect of the Subordinated Liabilities are subordinated to the Senior Liabilities and accordingly payment of any amount (whether principal, interest or otherwise) of the Subordinated Liabilities is conditional upon -
- (a) (if an order has not been made or an effective resolution passed for the Insolvency of the Borrower and, being a partnership, the Borrower has not been dissolved) the Borrower being in compliance with not less than 120% of its Financial Resources Requirement immediately after payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that -
 - (i) paragraph 4(3) has been complied with; and
 - (ii) the Borrower could make such payment and still be in compliance with such Financial Resources Requirement;
 - (b) (if an order has been made or effective resolution passed for the Insolvency of the Borrower or, if a partnership, the Borrower is to be dissolved) the Borrower being “solvent” at the time of, and immediately after, the payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that the Borrower could make such payment and still be “solvent”.
- (2) For the purposes of sub-paragraph (1)(b) above, the Borrower shall be “solvent” if it is able to pay its debts (other than the Subordinated Liabilities) in full disregarding -
- (a) obligations which are not payable or capable of being established or determined in the Insolvency of the Borrower, and
 - (b) the Excluded Liabilities.
- (3) Interest will continue to accrue at the rate specified pursuant to paragraph 3 on any payment which does not become payable under this paragraph 5.
- (4) For the purposes of sub-paragraph (1)(b) above, a report given at any relevant time as to the solvency of the Borrower by its Insolvency Officer, in form and substance acceptable to the FSA, shall in the absence of proven error be treated and accepted by the FSA, the Lender and the Borrower as correct and sufficient evidence of the Borrower’s solvency or Insolvency.

- 5** (5) Subject to the provisions of sub-paragraphs (6), (7) and (8) below, if the Lender shall receive from the Borrower payment of any sum in respect of the Subordinated Liabilities -
- (a) when any of the terms and conditions referred to in sub-paragraph (1) above is not satisfied, or
 - (b) where such payment is prohibited under paragraph 4(3),
- the payment of such sum shall be void for all purposes.
- (6) Any sum referred to in sub-paragraph (5) above shall be received by the Lender upon trust to return it to the Borrower.
- (7) Any sum so returned shall then be treated for the purposes of the Borrower's obligations hereunder as if it had not been paid by the Borrower and its original payment shall be deemed not to have discharged any of the obligations of the Borrower hereunder.
- (8) A request to the Lender for return of any sum referred to in sub-paragraph (5) shall be in writing and shall be made by or on behalf of the Borrower or, as the case may be, its Insolvency Officer.

Representations and undertakings of Borrower

- 6** From and after the date of this Agreement (or the Effective Date if earlier), the Borrower shall not without the prior written consent of the FSA -
- (a) secure all or any part of the Subordinated Liabilities;
 - (b) redeem, purchase or otherwise acquire any of the Subordinated Liabilities;
 - (c) amend any document evidencing or providing for the Subordinated Liabilities;
 - (d) repay any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;
 - (e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part thereof to the Senior Liabilities might be terminated, impaired or adversely affected; or
 - (f) arrange or permit any contract of suretyship (or similar agreement) relating to its liabilities under this Agreement to be entered into, and

other than as disclosed in writing to the FSA, the Borrower represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).

Representations and undertakings of Lender

- 7** From and after the date of this Agreement (or the Effective Date if earlier), the Lender shall not without the prior written consent of the FSA -
- (a) assign, transfer, dispose of or encumber the whole or any part of the Subordinated Liabilities or purport to do so in favour of any person;
 - (b) purport to retain or set off at any time any amount payable by it to the Borrower against any amount of the Subordinated Liabilities except to the extent that payment of such amount of the Subordinated Liabilities would be permitted at such time by this Agreement, and the Lender shall immediately pay an amount equal to any retention or set off in breach of this provision to the Borrower and such retention or set off shall be deemed not to have occurred;
 - (c) amend or waive the terms of any document evidencing or providing for the Subordinated Liabilities;
 - (d) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;
 - (e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected; or
 - (f) take or enforce any security, guarantee or indemnity from any person for all or any part of the Subordinated Liabilities, and the Lender shall, upon obtaining or enforcing any security, guarantee or indemnity notwithstanding this undertaking, hold the same (and any proceeds thereof) on trust for the Borrower, and

other than as disclosed in writing to the FSA, the Lender represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).

Borrower being a partnership

- 8** Where the Borrower is a partnership -
- (a) this Agreement shall subsist in full force and effect notwithstanding any change which may take place from time to time in the constitution or title of the Borrower by the retirement of the present Partners or any of them or the assumption of new Partners or by a change of name PROVIDED THAT -
 - (i) a retired Partner shall continue to be liable for the payment of all sums due under this Agreement and implementation of all other obligations in this Agreement until the Lender and the remaining Partner(s) shall agree in writing to release a retired Partner from those obligations and the FSA has agreed in writing to the release; and

- 8 (a) (ii) in the event of a new Partner being assumed as a partner of the Borrower the other Partners shall procure that said assumed Partner shall become bound to the Lender as a party to this Agreement and shall execute such addendum hereto as the Lender and the FSA may consider necessary;
- (b) the obligations and undertakings of the Borrower under this Agreement shall bind the Borrower and the Partners jointly and severally.

Partial invalidity

- 9 If any of the provisions of this Agreement is or becomes invalid, illegal or unenforceable under any law, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

the FSA and indemnity

- 10 the FSA shall not, by virtue of being a party to this Agreement, be taken to be a trustee for, or have any obligations to, any person to whom some or all of the Senior Liabilities are owed. Each of the Lender and Borrower shall on demand indemnify the FSA against all claims, losses, costs, expenses and other liabilities made against or incurred by the FSA as a consequence of it being a party to, or taking action under this Agreement.

Additional terms

- 11 Any additional terms agreed between the parties are set out in the Variable Terms provided that, if there is any inconsistency between the Variable Terms and the Standard Terms, the Standard Terms shall prevail.

Entire agreement

- 12 This Agreement forms the entire agreement as to the Subordinated Liabilities. If there are any other terms relating to the Subordinated Liabilities existing at the date hereof and not comprised in this Agreement such terms shall be of no further force and effect.

Amendments

- 13 Any amendments to this Agreement made or purported to be made without the consent of the FSA shall be void.

Notices to the FSA

- 14** A notice given to the FSA under this Agreement shall have no effect, and time shall not start to run in connection with that notice, until the FSA has given to the sender written confirmation of its receipt.

Law

- 15** This Agreement is governed by English law.

Jurisdiction

- 16** For the benefit of the FSA solely, each of the Borrower and the Lender irrevocably submits to the jurisdiction of the English Courts and, to the extent that it does not have a place of business within the jurisdiction, appoints the process agent specified in the Variable Terms as agent for receipt of service of process in such courts. Such jurisdiction shall be non-exclusive except to the extent that non-exclusivity prejudices the submission to the jurisdiction.

3.2 FORM OF DEED OF TERMINATION

THIS DEED OF TERMINATION is made on the day of 20.....

BETWEEN -

- (1) * [insert full name of Lender] (registered in [England] number *) whose registered office is at * (“the **Lender**”).
- (2) * [insert full name of Borrower] (registered in [England] number *) whose registered office is at * (“the **Borrower**”).
- (3) **The Financial Services Authority Limited** (registered in England number 1920623) whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS (“the **FSA**”).

WHEREAS -

A subordinated loan agreement was entered in between the Lender (1); the Borrower (2); and the FSA (3) on [date] (“the Agreement”) pursuant to which the Lender agreed to make available to the Borrower a [Loan/Facility] of up to [£]. [insert brief details of any Variations] The parties to the Agreement now wish to terminate the Agreement.

IT IS AGREED THAT -

1. The Agreement shall be deemed terminated [in accordance with its terms] with effect from [the date of this Deed of Termination/insert relevant future date]. All obligations and liabilities arising before that date shall remain continuing.
2. This Deed is governed by English Law.

IN WITNESS WHEREOF this Deed has been executed by the parties and is intended to be and is hereby delivered on the date first above written.

3.3 FORM OF DEED OF VARIATION

THIS DEED OF VARIATION is made on the day of 20.....

BETWEEN -

- (1) * [insert full name of Lender] (registered in [England] number *) whose registered office is at * (“the **Lender**”);
- (2) * [insert full name of Borrower] (registered in [England] number *) whose registered office is at * (“the **Borrower**”); and
- (3) **The Financial Services Authority Limited** (registered in England number 1920623) whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS (“the **FSA**”).

WHEREAS -

A subordinated loan agreement was entered into between the Lender (1); the Borrower (2); and the FSA (3) on [date] (“the Agreement”) pursuant to which the Lender agreed to make available to the Borrower a (Loan/Facility) of up to [£].

The parties to the Agreement now wish to vary the Agreement to [insert brief details].

IT IS AGREED THAT -

1. The Agreement shall be deemed varied [, in accordance with its terms,] from [the date of this Deed of Variation/insert relevant future date] so that: [insert additional clauses/details of amended clauses].

[to the extent that any term of the Agreement is inconsistent with their terms and conditions contained in the Approved Form, the terms and conditions in the Approved Form shall prevail (provided that for the purposes of this clause 1, in clauses 11 and 12 of the Approved Form, the expressions “Variable Terms” and “Agreement” shall be deemed to include references to the Agreement and this Deed)*

2. All other terms and conditions of the Agreement remain unchanged.
3. This Deed is governed by English Law.

IN WITNESS WHEREOF this Deed has been executed by the parties and is intended to be and is hereby delivered on the date first above written.

3.4 FORM OF GUARANTOR UNDERTAKING

This undertaking is entered into the [] day of [] 20[]

BETWEEN:-

- (1) [] (the “Guarantor”) of []; and
- (2) **The Financial Services Authority Limited** (“the FSA”) whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS.

WHEREAS:-

- (A) By a subordinated loan agreement (the “Loan Agreement”) [made on]/[of even date] between [] (the “Lender”), [] (the “Borrower”) and the FSA, the Lender made available to the Borrower a loan [facility] on the terms and conditions contained in the Loan Agreement.
- (B) By a guarantee (the “Guarantee”) made [of even date] between the Guarantor and the Lender, the Guarantor guaranteed the obligations of the Borrower to the Lender under the Loan Agreement on the terms and conditions contained in the Guarantee.

IT IS HEREBY AGREED as follows:-

- 1 The Guarantor hereby undertakes and confirms to the FSA that all and any rights which the Guarantor may have against the Borrower in respect of the Guarantee (whether by subrogation or otherwise howsoever) shall be subordinated on the same terms and conditions (mutatis mutandis) set out in the Loan Agreement (as amended from time to time) and further undertakes and confirms that the Guarantor will be bound by the terms of the Loan Agreement as if the Guarantor were a party to it in place of the Lender.
- 2 This undertaking is governed by English law.

IN WITNESS whereof this deed has been executed by the parties on the date first above written.

3.5 Guidance Notes on Completion of Agreements

A GENERAL

Introduction

1. These Notes are designed to accompany the Approved Forms of Subordinated Loan Agreement, each of which is in four parts: the front page, the Variable Terms in Schedule 1, the Standard Terms in Schedule 2 and the signature page. The parties will need to set out details of themselves and the transaction in the Variable Terms and complete the signature page. The front page and the Standard Terms should remain unaltered.
2. All communications with the FSA regarding the proposed Agreement should in the first instance be via the firm's inspector.

ISD/Non-ISD

3. Firms are advised to ensure that the appropriate form of ISD (Chap.10)/non-ISD (Chap.3) subordinated loan agreement is used. This is, of course, dependent on the firm's authorisation categorisation. Should the firm's categorisation be changing from ISD to non-ISD (or vice versa), this should be discussed with the firm's inspector as it is likely that any subordinated loan agreement in place will have to be revised.

Preparation of the Agreement

4. (a) The form containing the Variable Terms may be completed or re-typed according to preference.

(b) Rather than re-type the Standard Terms (Schedule 2), firms should simply **photocopy Schedule 2 of the FSA precedent (or print it from the website) and include it as part of the original Agreement**. This avoids the need for the FSA to have to proof read the Standard Terms in each case which means that the FSA can process the Agreement more speedily and, of course, saves work for the firm in having to re-type the document.

Approval

5. (a) Firms should submit the proposed agreements to the FSA in **draft form** for its approval, marked for the attention of the appropriate inspector. If this practice is followed, any change required by the FSA can be effected without the firm and the lender having to re-execute the documents.

(b) When considering whether to approve the proposed agreement, the FSA will rely on a full disclosure to it of the circumstances giving rise to the giving of the loan or facility and its effective subordination. Attention is drawn in

particular to paragraphs 6 and 7 of the Standard Terms (representations and undertakings).

Financial Rule IPRU(INV) 3-63

6. Firms are referred to rule IPRU(INV) 3-63 on the use of subordinated loans, including restrictions on approved lenders, repayment provisions and gearing limits.

B NOTES ON VARIABLE TERMS

Dates

7. Paragraph 1: The **Date of the Agreement** should be left blank by the firm. This Date will be completed by the FSA when it ultimately executes the agreement.

Paragraph 2: If the **Effective Date of the Agreement** is to be different from the Date of the Agreement, care should be taken to record this in paragraph 2. Where this is the case, the Effective Date will normally be expected to be later than the Date of the Agreement. If the Effective Date is to be a date prior to the date of the Agreement (for example because the loan was drawn down before the Agreement was put in place), the firm will be expected to provide a reasonable explanation to the FSA as to why it was not possible to document the loan more promptly.

Addresses

8. Paragraphs 4 and 6: The address given should be the firm's registered office or equivalent.

Partnerships

9. Paragraph 5: Where the Borrower is a partnership, insert "See Additional Terms, paragraph 10() below" and in paragraph 10 of Schedule 1, insert the names and addresses of each of the partners.

The Loan or Facility

10. Paragraph 7: Check that paragraph 2 of the Standard Terms accurately reflects the intentions of the parties.

11. Suggested wording for a loan is:

"This is an agreement for the Loan of £[]."

12. Suggested wording for a facility is:

"This is an agreement for a Facility under which the Lender is committed to make Advances in pounds sterling to the Borrower up to a maximum amount of £[] until the last available date of the Facility being [.....(date)].

The terms (if any) agreed between the parties on the mechanics of drawdown are as follows - ". *

* For example, the parties may wish to provide that:

“Advances may be drawdown in integral multiples of £100,000.”.

Interest

13. Paragraph 8: the FSA will be concerned if an excessive rate of interest compared with the market rate is charged. Broadly speaking a rate of interest will be regarded by the FSA as excessive if it is not a commercial one. Compound interest is not acceptable.

Repayment

14. Irrespective of the form of agreement being used, the specified notice period runs from the date of drawdown and, therefore, where a loan is in the form of a facility, each advance must be for a minimum of the required period.
15. Repayment clauses have given rise to confusion in the past. Sample wordings are set out below.
16. Under rule IPRU(INV) 3-63(5) (which is only relevant in relation to non-ISD firms), an amount repayable within three months of the effective date of the loan or advance is only acceptable as an eligible capital substitute in the absence of a waiver. A notice period of less than three months will accordingly require a waiver which will not normally be given. In many cases the most convenient approach is to provide for repayment on the expiry of three months written notice, such notice to be given to the FSA as well as to the other party to the agreement.
17. Paragraph 9: Examples of suggested wordings for either a fixed repayment date or repayment on notice for a non-ISD form are as follows:
- (a) "The Borrower shall repay [the Loan/each Advance made to it] on the date which falls three months after the date of drawdown of the [Loan/relevant Advance]."
 - (b) "The Borrower shall repay [the Loan/each Advance made to it] three months after the date on which:
 - (a) the Borrower gives written notice to the Lender and to the FSA; or

(b) the Lender gives written notice to the Borrower and to the FSA."

Note: either (a) or (b) above by itself is sufficient.

(c) "[The Loan / Each Advance made to the Borrower] shall be repayable on the date specified by notice in writing given by the Lender to the Borrower and to the FSA or notice in writing given by the Borrower to the Lender and to the FSA, in either case that date being not less than three months after the date on which the notice is given."

Additional terms

18. Paragraph 10: Additional terms may be agreed between the borrower and lender such as those relating to -

- representations and warranties
- provision of financial and other information
- covenants
- costs and expenses
- taxes and increased costs
- mechanics of payment
- notices
- termination provisions.

However, they should not be inconsistent with the Agreement or the FSA rules. For example, any terms dealing with additional payments by the borrower (eg to compensate for taxes or increased costs) should be subject to the FSA's prior written consent. Covenants and additional representations and warranties should not be inconsistent with the existing representations and warranties in paragraphs 6 and 7 of the Standard Terms. Similarly, any notices clause should take into account paragraph 14 of the Standard Terms (notices to the FSA of no effect until receipt confirmed). Any inconsistency between the Variable Terms and the Standard Terms is resolved in favour of the Standard Terms (paragraph 11 of the Standard Terms).

The lender and borrower should note that the action which can be taken by the lender in response to any breach of representation, warranty or covenant by the borrower is considerably constrained by paragraphs 4 and 5 of the Standard Terms. Therefore the value to the lender of including additional representations, warranties or covenants is very limited.

19. See also note 9 above for the situation where the borrower is a partnership and notes 24 -25 below for additional terms relating to law and jurisdiction.

Law and jurisdiction

20. If the borrower or lender is resident in another jurisdiction and does not have a branch office within the United Kingdom, paragraph 11 of the Variable Terms should be completed.
21. The borrower should not be appointed agent for service of process on the lender in case a dispute arises between them.

C NOTES ON STANDARD TERMS

Representations and undertakings

22. Paragraphs 6(f) and 7(f): Before giving its consent, the FSA will need to be satisfied that the guarantor or other provider of security has waived its right of subrogation against the borrower until all Senior Liabilities of the borrower have been paid in full. A form of deed for this purpose is available from the FSA.
23. On the effect of other terms relating to the subordinated liabilities not contained in this Agreement, see also paragraph 12 of the Standard Terms.
24. Paragraphs 15 and 16: See Notes 24-25 above.

D SIGNATURE PAGE

Arrangements for execution post FSA approval

25. (a) **Three identical original Agreements** (i.e. the front page, the two Schedules and the signature page, each copy stapled or otherwise bound together) should be prepared for signature. Firms and lenders may use any of the execution forms set out in Notes 34-35 below.
- (b) *Leaving the date of the Agreement in the Variable Terms blank*, the lender and borrower should execute the three original Agreements, initial any manuscript amendments and forward them to the appropriate FSA inspector so that they may be executed by the FSA.
- (c) The Date of the Agreement in paragraph 2 of the Variable Terms will be filled in by the FSA as the last party to sign the Agreement.

E DEEDS OF VARIATION/ DEEDS OF TERMINATION

- 26. Firms are advised to ensure that the appropriate standard form is used. These forms are available from the FSA on request.
- 27. The recitals to the deed should refer to the amount of the loan/ each advance and where applicable, briefly summarise the effect of any previous variation of the agreement and of variation of the original agreement which is currently proposed.
- 28. A variation or termination of a subordinated loan agreement can only be effected by the execution of a further deed. In particular, this means that the formalities for executing a deed (see note 34-36 below) must be observed for all deeds of variation or termination and that all parties to the original agreement must also be parties to the subsequent deed of variation or termination. Only the forms set out at Notes 35(1) and (2) or 36(2) below are appropriate for execution as a deed.
- 29. A deed of variation will be required where the parties wish to change the terms of a subordinated loan agreement eg. where the amount of the loan or advance is to be increased. A deed of termination is needed where the parties wish to bring to terminate an agreement that is in place before it would otherwise come to an end. This could occur, for example, where the firm wants to substitute a new lender. Please note that where a subordinated loan agreement is terminated in this way, all obligations and liabilities of the parties arising before the date of termination remain in effect.

F Execution

- 30. In the case of English companies, reference is made to sections 36 and 36A of the Companies Act 1985 under which a company may contract
 - under its common seal
 - through any person acting under its authority, express or implied,and a document signed by a director and the secretary of the company or by two directors and expressed to be executed by the company as a deed has the same effect as if executed under the common seal of the company.

31. Suggested wordings for English companies are:

FORM OF APPROVED BANK BOND

"A"

1. This Bond is issued by [] of [] ("the Bank") for the benefit of [] ("the Firm").
2. The Bank hereby IRREVOCABLY AND UNCONDITIONALLY undertakes to the Firm that forthwith upon receipt of a notice of demand in the form referred to in paragraph 3 of this Bond it shall pay to the Firm the sum of £[] ("the Bonded Amount").
3. The notice of demand referred to in paragraph 2 of this Bond is a notice duly executed by The Financial Services Authority Limited ("the FSA") on behalf of the Firm (pursuant to the power of attorney executed contemporaneously herewith) which :-
 - (i) is deposited at any time during the currency of this Bond at the address of the Bank set out in paragraph 1 of this Bond (or such other address as may be notified by the Bank in writing to the FSA for this purpose from time to time);
 - (ii) demands payment in full of the Bonded Amount; and
 - (iii) certifies that the Firm is in default of its financial resources requirement as determined in accordance with the rules in IPRU(INV) 3 in the FSA handbook ("the Financial Rules") as in force at the relevant time. The Bank shall not be entitled to inquire into or require proof of the facts stated in the notice of demand which, as between the Bank, the FSA and the Firm, shall be conclusive.
4. The Bank shall have no recourse to the assets of the Firm in respect of the Bonded Amount and no other person shall have recourse to the assets of the Firm in respect of the Bonded Amount until payment in respect of all present and future sums, liabilities and obligations payable or owing by the Firm (whether actual or contingent, jointly or severally or otherwise howsoever) has been made in full to all other creditors.
5. The Bank may not terminate the Bond unless -
 - (i) the Firm will have financial resources equal to at least 120% of its financial resources requirement as determined in accordance with the Financial Rules of the FSA as in force at the relevant time immediately after termination of the Bond; or
 - (ii) the Bank is authorised by the FSA to terminate the Bond.
6. This Bond will not be terminated before the date specified in paragraph 8 below through any act or default of the Firm or otherwise.
7. This Bond shall not be affected by any change in:-
 - (i) the constitution of the Bank or the Firm; or
 - (ii) the provisions of the Financial Rules of the FSA.

8. This Bond shall remain valid from the date of its issue until [] [and the Bank[and the Firm] hereby irrevocably submit to the non exclusive jurisdiction of the English courts and irrevocably appoint [] as agents for the service of process in the said jurisdiction].*
9. This Bond shall be governed by and construed and take effect in all respects in accordance with English law.

EXECUTED as a deed this [] day of [] 20[].

POWER OF ATTORNEY

BY THIS POWER OF ATTORNEY given on the [] day of [] a company [incorporated in the United Kingdom] having its registered office at [] ("the Company") appoints The Financial Services Authority Limited ("the FSA") whose registered office is 25 The North Colonnade, Canary Wharf, London, E14 5HS to be the true and lawful attorney of the Company for the following purpose:-

By way of security for the obligation of the Company to maintain sufficient financial resources as required by the rules in IPRU(INV) 3 of the FSA handbook as in force from time to time to demand payment on behalf of the Company of the sums payable pursuant to the terms of the Approved Bank Bond (annexed hereto marked "A") in the manner prescribed by the terms of such Approved Bank Bond.

The Company declares the authority hereby conferred to be irrevocable as long as the Company shall remain authorised to conduct investment business in the United Kingdom by the FSA.

The authority hereby conferred may be exercised on behalf of the FSA by any one of its officers or employees duly authorised in that regard by a resolution of the FSA's Board or a duly authorised committee thereof.

This Power of Attorney shall be governed by and construed and take effect in all respects in accordance with English law.

IN WITNESS WHEREOF this deed has been duly executed by the Company and it is intended to be and is hereby delivered the day and year first above written.

3.7 APPROVED FORM OF UNDERTAKING

THIS UNDERTAKING is entered into the [] day of [] 20[] BETWEEN:

- (1) [] of [] ("the Covenantor");
- (2) THE FINANCIAL SERVICES AUTHORITY LIMITED ("the FSA") whose registered office is 25 The North Colonnade, Canary Wharf, London, E14 5HS; and
- (3) [] of [] ("the Principal") [and [] of [], [] of [], and [] of []] the individual partners of the Principal as such partners and as individuals ** [+].

WHEREAS:

- (A) The Principal is authorised to carry on one or more regulated activities in the United Kingdom (as defined under the Financial Services and Markets Act 2000) by the FSA.
- (B) The Principal is required pursuant to the Financial Rules to maintain a Financial Resources Requirement (and the FSA has agreed that such Financial Resources Requirement may in part be represented by one or more undertakings in the form hereof to the extent that any undertaking(s) will not exceed the excess of 30% of the Principal's Base Requirement over the value of any Approved Bank Bond.
- (C) The Principal has requested the Covenantor to give an undertaking to the FSA for the purposes of the Principal's Financial Resources Requirement which the Covenantor has agreed to do.

NOW IT IS HEREBY AGREED AND DECLARED as follows:

1. Definitions

In this Undertaking:

"Base Requirement" has the meaning given in the Financial Rules;

"Business Day" means a day on which The International Stock Exchange of the United Kingdom Limited is open for business;

"Excluded Liabilities" means Liabilities which are expressed to be and in the opinion of the Insolvency Officer of the Principal [or, where relevant, the Insolvency Officer of a Partner**], do, rank junior to the Subordinated Liabilities in the insolvency of the Principal;

"Financial Resources" has the meaning given in the Financial Rules;

"Financial Resources Requirement" has the meaning given in the Financial Rules;

"the Financial Rules" means the rules in IPRU(INV) 3 of the FSA handbook;

"Insolvency" means and includes liquidation, winding up, bankruptcy and sequestration, administration, rehabilitation and dissolution (whichever term may apply to the Principal) or the equivalent in any other jurisdiction to which the Principal may be subject;

"Insolvency Officer" means and includes any person duly appointed to administer and distribute assets of the Principal in the course of the Principal's insolvency;

"Liabilities" means all present and future sums, liabilities and obligations payable or owing by the Principal [or any Partner**] (whether actual or contingent, jointly or severally or otherwise howsoever);

["Partner" means an individual partner of the Principal**];

"Senior Liabilities" means all Liabilities except all Liabilities in respect of any sums paid to the Principal under the terms of this Undertaking and Excluded Liabilities;

"Subordinated Liabilities" means all Liabilities to the Covenantor in respect of repayment of any sums paid to the Principal under the terms of this Undertaking.

Any reference to any rules of the FSA is a reference to them as already amended and includes a reference to any revoked rules which may be remade with or without amendments, and to any future rules and/or amendments of them.

2. In consideration of the FSA agreeing to take this Undertaking into account for the purpose of determining compliance by the Principal with its Financial Resources Requirement the Covenantor with intent to bind its successors and assigns and any body corporate with which it may amalgamate or merge HEREBY UNDERTAKES with and to the FSA and the Principal that at any time after the occurrence of any Event of Default specified in paragraph 6 hereof ("Event of Default") and notwithstanding that any other Event of Default may have occurred prior thereto the Covenantor will on demand in writing made upon it by the FSA accompanied by a certificate of the FSA as referred to in paragraph 9 hereof ("the Certificate") pay to the Principal or as the case may be the FSA (as determined in accordance with paragraph 3 below) the sum of £[] ("the Specified Amount").
3. In the case of an Event of Default falling within any of sub-paragraphs (1)(a), (1)(b) or (1)(c) of paragraph 6 below the sum to be paid pursuant to paragraph 2 above shall be paid to the FSA to be used at its discretion for any lawful purpose of the FSA , and in the case of an Event of Default falling within sub-paragraph (1)(d) of paragraph 6 below the sum to be paid pursuant to paragraph 2 above shall be paid to the Principal.
4. The liability of the Covenantor hereunder shall not be affected or discharged and the Covenantor shall not be released from its obligations hereunder by any act, omission, matter or thing whatsoever whereby, if the Covenantor was treated as a surety, guarantor or cautioner for the Principal, its liability would or might have been so affected or discharged or it might have been so released.
5. the FSA may without notification to or the consent of the Covenantor and without affecting or discharging the Covenantor's liability hereunder or releasing the Covenantor from its obligations hereunder from time to time waive or omit or fail to exercise or delay exercising its rights hereunder in respect of any Event of Default and any such waiver, omission, failure or delay shall not prejudice or affect the FSA 's rights hereunder in respect of that Event of Default (except in the case of a waiver) or any other or further Event of Default (whether or not of the same kind).
6. (1) The following shall be Events of Default for the purposes hereof:
 - (a) the Principal is deemed to be insolvent (as determined in accordance with sub-paragraph (2) below);

- (b) the Principal is unable or admits its inability to pay its debts as they fall due or makes a general assignment for the benefit of, or a compensation with, its creditors;
- (c) an encumbrancer takes possession or a receiver, judicial factor, or similar officer is appointed over all or any part of the undertaking or assets of the Principal;
- (d) the Principal shall in the bona fide opinion of the FSA have failed to maintain an excess of Financial Resources over its Financial Resources Requirement and in the bona fide opinion of the FSA shall not have remedied the same within seven days after being required by the FSA to restore the deficiency.

[(2) The Principal is deemed to become insolvent:

- (a) on the making of a winding-up order against it; or
- (b) on the passing of a resolution for a voluntary winding up in a case in which no statutory declaration has been made under Section 89 of the Insolvency Act 1986 or Article 534 of the Companies (Northern Ireland) Order 1986; or
- (c) on the holding of a creditors meeting summoned under Section 95 of that Act or Article 54 of that Order; or
- (d) on the appointment of an administrator for it under Section 9 of that Act; or
- (e) the occurrence of an event corresponding as nearly as may be to any of those mentioned in sub-paragraphs (a) to (d) above in any other jurisdiction to which the Principal may be subject.*]

[(2) The Principal is deemed to become insolvent:

- (a) in England and Wales on the making of a winding-up order against it under any provision of the Insolvency Act 1986 as applied by an order under Section 420 of that Act; or
- (b) in Scotland, on the making of an award of sequestration on the estate of the partnership; or
- (c) in Northern Ireland, on the making of an adjudication of bankruptcy against any one of the partners; or
- (d) elsewhere on the occurrence of an event corresponding as nearly as may be to any of those mentioned above in this sub-paragraph.**]

[(2) The Principal is deemed to become insolvent if:

- (a) in England and Wales, a bankruptcy order is made against him; or in Scotland, an award of sequestration is made on his estate; or
- (b) in Scotland, and award of sequestration is made on his estate; or
- (c) in Northern Ireland, an adjudication of bankruptcy is made against him; or

- (d) elsewhere than in the United Kingdom, there occurs in relation to him any event corresponding to those mentioned above in this paragraph. *
* *]

7. This Undertaking shall be a continuing undertaking and shall apply irrespective of, and shall not be affected or discharged by, any matter relating to the compliance at any time by the Principal with its Financial Resources Requirement and in particular (but without limitation) the fact (if such be the case) that the Principal at any time complies or is able to comply with the Financial Resources Requirement without making use of this Undertaking or taking the same into account for the purposes of its Financial Resources Requirement.
8. This Undertaking shall apply in relation to any Event of Default occurring at or before the close of business on the earliest (if any) to occur of the following dates ("the Termination Date"):
- (a) if the Covenantor gives the FSA not less than six months' written notice of its desire to terminate this Undertaking with effect from the date (being a date falling on or after the second anniversary of the date hereof) specified therein, such specified date;
 - (b) if the FSA and the Covenantor agree in writing to terminate this Undertaking with effect from the date specified in such agreement, such specified date; and
 - (c) if this Undertaking shall cease with effect from any day to be eligible to represent (in whole or in part) the Financial Resources Requirement to be maintained by the Principal pursuant to the Financial Rules, the date falling two business days after such day:

provided that no demand may be made upon the Covenantor hereunder later than midnight on the thirtieth business day after the Termination Date.

9. (a) In any demand proceedings or otherwise under this Undertaking the occurrence of any Event of Default shall be conclusively proved by a certificate signed by a duly authorised signatory of the FSA which shall specify the Event of Default which has occurred and to which the certificate relates and shall give brief particulars thereof.
- (b) If the FSA requires the Principal to remedy a breach of its Financial Resources Requirement as referred to in paragraph 6(1)(d) hereof, it shall notify the Covenantor thereof as soon as reasonably practicable thereafter.
10. A demand shall be duly made upon the Covenantor hereunder if it is signed by a duly authorised signatory of the FSA (accompanied by evidence reasonably satisfactory to the Covenantor of the signatory's authority) and is addressed to the Covenantor at its registered office [principal place of business in the United Kingdom] and posted by first-class mail and (if it has not been received prior thereto) the Covenantor shall be taken to have received such demand forty-eight hours after it is posted.
11. (1) The rights of the Covenantor to repayment of any sums paid to the Principal or, as the case may be, reimbursement by the Principal of any sums paid to the FSA under the terms of this Undertaking are subordinated to the Senior Liabilities and accordingly repayment of any such sums is conditional upon:
- (a) (if an order has not been made or an effective resolution passed for the insolvency of the Principal) the Principal being in compliance with its Financial Resources Requirement prevailing at the time of payment by the Principal, and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that, subject to sub-paragraph (2) below, the Principal could make such payment

and still be in compliance with such Financial Resources Requirement immediately thereafter;

(b) (if an order has been made or effective resolution passed for the insolvency of the Principal) [or if the Principal shall be dissolved**] the Principal being solvent at the time of payment by the Principal, and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that the Principal could make such payment and still be solvent immediately thereafter. For the purposes of this sub-paragraph, the Principal shall be solvent if it is able to pay its debts in full and in determining whether the Principal is solvent there shall be disregarded obligations which are not payable or capable of being established or determined in the insolvency of the Principal and the Excluded Liabilities.

- (2) No payment of the Subordinated Liabilities shall be made at any time pursuant to sub-paragraph (1)(a) above unless:
- (a) the Principal has given to the FSA prior written notification that it proposes to make such payment; and
 - (b) the FSA has notified the Principal in writing that it consents to such proposed payment.

The Principal shall give or procure that there are given to the FSA such information and auditor's certificate in relation to such proposed payment as the FSA may require.

- (3) For the purposes of sub-paragraph (1)(b) above a report given at any relevant time as to the solvency of the Principal by its Insolvency Officer, in form and substance acceptable to the FSA, shall in the absence of proven error be treated and accepted by the FSA, the Covenantor and the Principal as correct and sufficient evidence thereof.
- (4) If the Covenantor shall receive from the Principal [or any Partner**] payment of any sum in respect of the Subordinated Liabilities when any of the terms and conditions referred to in sub-paragraphs (1) or (2) above is not satisfied the payment of such sum shall be void for all purposes and [such sums shall be received by the Covenantor upon trust to return the same to the Principal+++] [the Covenantor shall at any time thereafter be bound to return such sum to the Principal or, as the case may be, its Insolvency Officer+] (and any sums so returned shall then be treated for the purposes of the Principal's obligations hereunder as if they had not been paid by the Principal and its original payment shall be deemed not to have discharged any of the obligations of the Principal hereunder). A request to the Covenantor for return of any sum under the foregoing provisions of this sub-paragraph (4) shall be in writing and shall be made by or on behalf of the Principal or, as the case may be, its Insolvency Officer.

12. The Covenantor will not without the prior written consent of the FSA :

- (i) assign or purport to assign to any person the whole or any part of the Subordinated Liabilities;
- (ii) purport to retain or set off at any time any amount payable by it to the Principal [or any Partner* *] against any amount of the Subordinated Liabilities except to the extent that payment of such amount of the Subordinated Liabilities

would be permitted at such time by this Undertaking; amend any document evidencing or providing for the Subordinated Liabilities;

- (iii) amend any document evidencing or providing for the Subordinated Liabilities;
 - (iv) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Undertaking;
 - (v) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part thereof to the Senior Liabilities might be terminated, impaired or adversely affected;
 - (vi) take any security from any person for all or any part of the Subordinated Liabilities, and the Covenantor shall, upon obtaining security in breach of this Undertaking, hold the same [on trust for+++][as agent of and for the benefit of+] the Principal.
13. The Covenantor acknowledges that the FSA would seek to enforce any breach of the undertaking of the Covenantor contained in Clause 2 hereof by seeking an order for specific performance thereof and the Covenantor acknowledges that an order for specific performance would be the remedy appropriate to be granted to the FSA for such a breach.
14. This Undertaking forms the entire agreement as to the agreement of the Covenantor to provide an undertaking in relation to the Principal's Financial Resources Requirement. If there are any other terms relating thereto existing at the date hereof and not comprised in this Undertaking such terms shall be of no further force and effect. No variation of or amendment to this Undertaking shall be of any effect unless it is in writing subscribed by all the parties hereto. Any amendment to this Undertaking made or purported to be made without the consent of the FSA shall be void.
- [15. This Undertaking shall subsist in full force and effect notwithstanding any change which may take place from time to time in the constitution or title of the Principal by the retirement of the present partners or [either] [any] of them or the assumption of new partners or by a change of name it being provided that:
- (a) A retired partner shall continue to be liable for the payment of all sums due hereunder and implementation of all other obligations herein contained until such time as the Bank and the remaining partner[s] shall agree in writing to release a retired partner from such obligations; and
 - (b) In the event of a new partner being assumed as a partner of the Principal the other partners shall procure that said assumed partner shall become bound to the Covenantor as a party to these presents and shall execute such addendum hereto as the Covenantor and the FSA may consider necessary. **] +]
- [16. The Principal and the Partners hereby acknowledge to the Covenantor and the FSA that subject to the foregoing provisions of the Agreement they will be jointly and severally liable to the Covenantor for any sum paid by the Covenantor hereunder and that irrespective of whether such sum was paid by the Covenantor to the Principal or to the FSA . **] +]
17. This Undertaking is governed by [English law+++++] [the law of Scotland+] [Northern Irish law+++++] [, and for the benefit of the FSA solely the Covenantor irrevocably submits to the jurisdiction of the [English Courts+++++] [Court of Session, Scotland+] [Northern Irish Courts+++++] and appoints [] as agent for receipt of service of process in such courts. Such jurisdiction shall be non-exclusive

except to the extent that such non-exclusivity prejudices the submission to such jurisdiction].

Notes:

- (1) To be executed by the Covenantor under seal - other parties to execute either under seal or under hand.
- (2) Words in brackets throughout this document marked with a single asterisk are for use where the Principal is a corporation, those marked with a double asterisk are for use where the Principal is a partnership, and those marked with a triple asterisk where the Principal is an individual.
- (3) Words in brackets marked with a single cross are for use where the agreement is governed by Scottish law, with two crosses where the agreement is governed by either Scottish or Northern Irish law, three crosses where it is governed by either English or Northern Irish law, four crosses where it is governed by Northern Irish law and five crosses where it is governed by English law. Thus, for instance, words marked ++* * would be for use where the Borrower is a partnership and the agreement is governed by either Scottish or Northern Irish law.
- (4) Words in brackets in paragraph 17 above only required where either the Covenantor or the Principal (or both) are not incorporated in any part of the United Kingdom.

5.1 Prescribed Subordinated Loan Agreement	2
5.2 Prescribed Approved Undertaking	12

PRESCRIBED SUBORDINATED LOAN AGREEMENT

THIS SUBORDINATED LOAN AGREEMENT is made the ____ day of ____ 20 ____ between:

- (1) [____] of [____] (“the Lender” which term includes its permitted successors and assigns);
- (2) [____] of [____] (“the Borrower” which term includes its permitted successors and assigns).

WHEREAS

- (A) The Borrower is [has applied to be] regulated by FSA.
- (B) The Borrower is required to maintain financial resources to meet the provisions of Chapter 5 of the Interim Prudential Sourcebook as they apply to the Borrower at any particular time.
- (C) The Lender has agreed to lend [has lent] to the Borrower an amount as set out herein upon and subject to the terms and conditions contained in this Agreement.

NOW IT IS HEREBY AGREED as follows:

1. Definitions In this Agreement:
 - “Business Day”
means a day on which banks are open for all banking business in London;
 - “FSA”
means the Financial Services Authority;
 - “Interest Amount”
in respect of an Interest Period means the amount of interest payable in respect of such Interest Period calculated by applying the Rate of Interest in respect of such Interest Period to the average amount (calculated on a daily basis) of the principal of the Loan (together with any interest due but unpaid) outstanding during such Interest Period and multiplying the resulting sum by a fraction of which the numerator is equal to the actual number of days in the Interest Period concerned and the denominator is equal to 365;

“Interest Payment Date”
means [] and [] in each year;

“Interest Period”
means the period starting on the day following an Interest Payment Date and ending on the next following Interest Payment Date provided that the First Interest Period shall commence on the date hereof and end on the next following Interest Payment Date;

“Interim Prudential Sourcebook”
means the Interim Prudential Sourcebook for Investment Businesses made by the FSA;

“LIBOR”
in respect of an Interest Period means the rate determined by such London clearing bank as the Lender and Borrower shall agree to be the arithmetic mean (rounded to the nearest 1/16 of one per cent) of the offered quotations for 6 months sterling deposits in the London inter bank market at 11.00am (London time) on the Business Day prior to the commencement of such Interest Period;

“Loan”
means the Principal Amount (as defined in Clause 2) together with interest accrued thereon as may be outstanding from time to time;

“Rate of Interest”
in respect of an Interest Period means an amount expressed as a percentage per annum equal to the sum of LIBOR in respect of such Interest Period (expressed as a percentage per annum) and [] per cent per annum;

“Senior Creditors”

means all such persons who are:

- (a) unsubordinated creditors of the Borrower; or
- (b) subordinated creditors of the Borrower other than those whose claims are expressed to rank and do rank, pari passu with or junior to the claims of the Lender hereunder.

Clause headings in this Agreement are inserted for ease of reference only and shall not affect the construction of this Agreement.

2. The Loan

(a) The Lender [hereby agrees to advance]/[has on [] advanced] to the Borrower by way of loan the principal amount of [] (the “Principal Amount”) upon and subject to the terms and conditions contained in this Agreement.

[(b) [Upon signature hereof]/[On []] the Lender shall pay, or procure the payment of, the Principal Amount to the Borrower in freely available funds at its account number [] with [] bank.]

3. Interest

(a) Subject to the provisions of Clause 7 of this Agreement:

- (i) the Borrower will until repayment of the Loan in full pay to the Lender interest on the Loan or on any part or parts thereof for the time being remaining due hereunder in accordance with a written notice given by the Lender to the Borrower;
- (ii) on each Interest Payment Date the Borrower shall pay to the Lender the Interest Amount in respect of the Interest Period ending on such Interest Payment Date;

provided that at no time during the continuance of this Agreement shall the Rate of Interest exceed an annual rate of 5 per cent above LIBOR.

		(b) No payment on account of interest shall be made at any time to the extent that such payment would cause the Borrower to be in breach of rule 5.2.1(1) of Chapter 5 of the Interim Prudential Sourcebook (or any equivalent Rule for the time being in force). Any amount of interest whose payment is deferred under this provision shall be paid when and to the extent that the Borrower would not be in breach of rule 5.2.1(1) of the Interim Prudential Sourcebook after such payment. [The Agreement may make provision for interest on interest.]
4.	Early Repayment	<p>Subject to the provisions of Clause 7 of this Agreement the Borrower may make an early repayment of the whole or any part of the Loan provided that:</p> <p>(a) the written consent of FSA to such repayment is first obtained by the Borrower;</p> <p>(b) the Borrower must give to the Lender not less than one Business Day's prior notice of its intention to make such repayment, specifying the amount thereof and the date on which it is to be made (such notice to be ineffective if the winding up of the Borrower commences before the date on which such notice expires); and</p> <p>(c) the Borrower shall simultaneously pay all interest accrued to the date of repayment.</p>
5.	Repayment of the Loan	<p>Subject to the provisions of Clause 7 of this Agreement the Loan shall be repayable upon the expiry of [] months' written notice given by the Lender to the Borrower provided that:</p> <p>(a) such notice shall expire on a day falling after [five] [two] years from the date of [drawdown] [hereof]; and</p> <p>(b) the prior written consent of FSA to the repayment has first been obtained by the Borrower and not withdrawn; but</p> <p>(c) such notice shall cease to have effect if the winding up of the Borrower commences before the date on which such notice expires.</p>
6.	Event of Default	<p>Subject to the provisions of Clauses 7 and 10 of this Agreement:</p> <p>(a) if default is made for a period of five Business Days or more in the payment of any of the principal amount of the Loan [or for a period of 15 Business Days or more in the payment of any of the interest due in respect of the Loan] the Lender may, after taking such preliminary steps or actions as may be necessary, institute proceedings to wind up the Borrower;</p>

(b) if an order is made or an effective resolution is passed for the winding up of the Borrower, the Loan shall forthwith become repayable.

7. Subordination

Notwithstanding the provisions of Clauses 4, 5 and 6 of this Agreement, the rights of the Lender in respect of the Loan are subordinated in all respects to the rights of Senior Creditors in respect of amounts outstanding to them payable by the Borrower ("Senior Liabilities") and accordingly payment of any amount (whether in respect of principal, interest or otherwise and whether by way of repayment or prepayment) of the Loan shall be in all respects conditional upon compliance with the provisions below:

(a) The written consent of FSA to such payment is first obtained by the Borrower.

(b) (i) If at any time or from time to time an order has been made or an effective resolution passed for the winding up of the Borrower, then any payment of any amount (whether in respect of principal, interest or otherwise and whether by way of repayment or prepayment) of the Loan which under any other Clause of this Agreement would fall due for payment whilst the Borrower was insolvent or in insolvent liquidation will not fall so due, and instead such payment will become due for payment only if and when and to the extent that the Borrower could make such payment in whole or in part and still be solvent (whether or not it was in liquidation) thereafter. [Interest pursuant to Clause 3 hereof will continue to accrue on each and every such payment which is suspended under this Clause. Any payment suspended under this Clause but ultimately made will be made according to the amount of principal or interest (as the case may be) due to the Lender and in the event of both principal and interest being so suspended, payment will be made on account of principal before any payment is made on account of interest, but such alteration in order of payment will not prejudice the right of the Lender (which the Borrower acknowledges and confirms) to receive, subject to this Clause 7(b)(i) the full amount to which it would have been entitled if monies from time to time available for payment had been applied instead on account of interest before principal].

(ii) For the purposes of Clause 7(a) and (b) the Borrower may, and will whenever requested by the Lender whilst any payment remains suspended, procure a report or opinion by its auditors or (if it is in liquidation) by its liquidator as to whether or not the Borrower would be solvent at any time in any circumstances or whether or to what extent any payment in respect of the Loan could be made without infringing the provisions of this Sub-Clause and in the absence of proven error such report or opinion shall be treated and accepted by the Borrower and the Lender as correct and sufficient evidence of such fact.

(iii) Nothing in this Clause shall prevent the Lender from presenting or supporting any petition to wind up the Borrower, and the Borrower shall not put forward or rely on the provisions of this Clause as a ground for opposing any petition presented or supported by the Lender.

8. Payments

Subject to the provisions of Clause 7 of this Agreement:

- (a) all payments to be made by the Borrower hereunder shall be made in immediately available funds before [] on the date on which payment is due in such manner as the Lender may from time to time direct;
- (b) if any sum becomes due for payment pursuant to this Agreement on a day which is not a Business Day, such payment shall be made on the next succeeding Business Day and interest shall be adjusted accordingly;
- (c) all sums payable by the Borrower hereunder shall be paid in full without set off or counter claim and free and clear of and without deduction or withholding for or on account of any present or future taxes, duties or other charges. If any payment shall be subject to any such tax or if the Borrower shall be required by law to make any such deduction or withholding, the Borrower will pay such tax, will ensure that such payment, deduction or withholding, will not exceed the minimum legal liability therefore and will simultaneously pay to the Lender such additional amounts as will result in the Lender receiving a net amount equal to the full amount which the Lender would have received had no such payment, deduction or withholding been required.

9. Regulatory Consent	<p>The Lender will not without the prior written consent of FSA:</p> <ul style="list-style-type: none"> (a) assign or purport to assign to any person this Agreement or the whole or any part of its rights against the Borrower in respect of the Loan; (b) purport to retain or set off at any time any amount of the Loan against any amount otherwise payable by it to the Borrower except to the extent that payment of such amount of the Loan would be permitted at such time by this Agreement; (c) amend or waive or concur in amending or waiving the terms of this Agreement; (d) attempt to obtain repayment of the whole or any part of the Loan otherwise than in accordance with the terms of this Agreement; (e) take or omit to take any action whereby the subordination of the Loan or any part thereof as provided for in Clause 7 of this Agreement might be terminated, impaired or adversely affected; or (f) take any security from any person for all or any part of the Loan and so that the Lender shall, upon obtaining security in breach of this Clause, hold the same on trust for the Borrower.
10. Sole Remedy	<p>The Lender shall not be entitled to any remedy against the Borrower in respect of any default by the Borrower in repayment or prepayment of the Loan, or to enforce any other term of this Agreement, other than to institute proceedings to wind up the Borrower, provided always that the Borrower shall not, by the institution of such proceedings, become or be obliged to pay any sums or sum sooner than the same would otherwise have been payable by it pursuant to this Agreement.</p>
11. Trust	<p>Any amounts paid by the Borrower or received or recovered by the Lender or any security taken from any person in respect of the Loan in breach of the provisions of this Agreement and any distributions of any kind or character in respect of the Loan received or recovered by the Lender otherwise than in accordance with the provisions of this Agreement shall be held on trust by the Lender to return the same to the Borrower, or where applicable, the liquidator or other similar such officer.</p>

12.	Entire Agreement	The Borrower and the Lender acknowledge that this Agreement forms the entire agreement relating to the Loan. If there are any other terms relating to the Loan existing at the date hereof and not comprised in this Agreement such terms shall be of no further force and effect.
13.	Continuing Obligations	The obligations of the Borrower and Lender hereunder shall be continuing obligations and shall be and remain fully effective until the repayment of the Loan in full in accordance with the provisions of this Agreement.
14.	Governing Law	This Agreement shall be governed by and construed in accordance with the laws of England and each of the parties hereby irrevocably submits to the non-exclusive jurisdiction of the Courts of England and Wales, Scotland and Northern Ireland.
15.	Notices	<p>Any notice of demand to be given or made hereunder may be delivered by hand or sent by first class registered or pre-paid post to the recipient at the address first above mentioned or such other address as it shall last notify to each of the other parties hereto. Such notice shall be deemed to have been received:</p> <p>(a) if delivered by hand, on the day of delivery;</p> <p>(b) if sent by first class registered or pre-paid post three days after the date of despatch (as to which the sender's certificate shall be conclusive).</p>
16.	Counterparts	<p>This Agreement may be executed in any number of counterparts and by the different parties hereto on separate counterparts, each of which when so executed and delivered shall be an original, but all the counterparts shall together constitute one and the same instrument.</p> <p>IN WITNESS whereof the parties hereto have executed this Agreement as a deed the day and date first above written.</p>

Notes for Prescribed Subordinated Loan Agreement

These notes accompany the *prescribed subordinated loan agreement* and are intended to assist those who are or propose to be regulated by FSA. These notes relate solely to the mechanical drafting aspects of the prescribed agreement.

These notes refer to the Clauses in the order in which they appear in the prescribed agreement.

1. Parties Complete the name, registered number and registered office of the Lender and the Borrower.
2. Loan The Specimen Agreement provides for two alternative ways of advancing the Loan:
 - (a) one advance on the date of the Agreement; or
 - (b) one advance at a date other than the date of the Agreement.Firms are requested to specify clearly the date of the advance.
3. Interest The maximum rate of interest is 5 per cent above LIBOR. However, if a fixed rate of interest is charged, the Interest Rate must not exceed 5 per cent above LIBOR on the date the Loan is first taken out.

If the Loan is to be free of interest:

 - (a) Clause 3 should be deleted and replaced by the words "The Loan shall be interest-free"; and
 - (b) the definitions of "Interest Amount", "Interest Payment Date", "Interest Period", LIBOR and "Rate of Interest" should be deleted and consequential changes should be made to Clauses 4(c), 6(a), 7(preamble), 7(b)(i), and 8(b) accordingly.
4. Repayment The specified date of repayment must not be less than two years after:
 - (a) the date of the Agreement; or
 - (b) where the principal amount was advanced after the date of the Agreement, the date the principal amount was advanced.

5.	Execution	The date of the Agreement is the date on which execution of the Agreement by all parties is completed. Execution must accord with the laws and regulations governing the execution of documents in the jurisdiction of the Firm's principal place of business (e.g. a company whose principal place of business is in the UK must observe the requirements of Section 130 of the Companies Act 1989).
6.	Number of copies of Agreements	Three copies of the Agreement should be executed by both the Lender and the Borrower and forwarded to FSA. FSA will retain one original Agreement and return the other two copies to the Firm.

PRESCRIBED QUALIFYING UNDERTAKING

THIS UNDERTAKING IS ENTERED INTO

THE DAY OF 20 BETWEEN

- (1) [] of [] (“the Bank” or “Holding Company”)
- (2) FINANCIAL SERVICES AUTHORITY whose registered office is at 25 The North Colonnade, Canary Wharf, London E14 5HS (“FSA”) and
- (3) [] of [] (“the Principal”)

WHEREAS

- (A) The Principal is regulated by FSA
- (B) The Principal is required to maintain financial resources to meet the provisions of Chapter 5 of the Interim Prudential Sourcebook as they apply to the Principal and FSA has agreed that the Financial Resources Requirement may in part be represented by one or more undertakings in the form hereof
- (C) The Principal has requested the Bank or Holding Company to give an undertaking to FSA for the purposes of the Principal’s Financial Resources Requirement which the Bank or Holding Company has agreed to do

NOW THESE PRESENT WITNESS and it is hereby agreed and declared as follows:

1. In this Undertaking:

“Business Day”

means a day on which the Bank or Holding Company is open for business;

“Excluded Liabilities”

means Liabilities which are expressed to be and in the opinion of the liquidator of the Principal, do, rank junior to the Subordinated Liabilities in such liquidation;

“Financial Resources Requirement”

means the amount of liquid capital which the Principal is, pursuant to the Rules, required to maintain at any particular time;

“Interim Prudential Sourcebook”

means the Interim Prudential Sourcebook for Investment Businesses made by the FSA;

“Liabilities”

means all present and future sums, liabilities and obligations payable or owing by the Principal (whether actual or contingent, jointly or severally or otherwise howsoever);

“Senior Liabilities”

means all Liabilities except all Liabilities in respect of any sums paid to the Principal under the terms of this Undertaking and Excluded Liabilities;

“Subordinated Liabilities”

means all Liabilities of the Principal to the Bank or Holding Company in respect of repayment of any sums paid to the Principal under the terms of this Undertaking;

“the Rules”

means the Rules of FSA from time to time;

the term “liquid capital”

has the meaning ascribed to it in the Rules;

any reference to an enactment is a reference to it as already amended and includes a reference to any repealed enactment which it may re-enact, with or without amendments, and to any future re-enactment and/or amendment of it.

2. (a) In consideration of FSA agreeing to take this Undertaking into account for the purpose of determining compliance by the Principal with its Financial Resources Requirement the Bank or Holding Company with intent to bind its successors and assigns and any body corporate with which it may amalgamate or merge HEREBY UNDERTAKES with and to FSA and the Principal that at any time after the occurrence of any Event of Default specified in paragraph 5 hereof (“Event of Default”) and notwithstanding that any other Event of Default may have occurred prior thereto the Bank or Holding Company will on demand in writing made upon it by FSA accompanied by a certificate of FSA as referred to in paragraph 8 hereof (“the Certificate”) pay to the Principal the sum of £[] (“the Specified Amount”).
- (b) The Bank or Holding Company shall pay the Specified Amount to such account of the Principal as FSA may specify.
3. The liability of the Bank or Holding Company hereunder shall not be affected or discharged and the Bank or Holding Company shall not be released from its obligations hereunder by any act, omission, matter or thing whatsoever whereby, if the Bank or Holding Company was treated as a surety or guarantor for the Principal, its liability would or might have been so affected or discharged or it might have been so released.
4. FSA may without notification to or the consent of the Bank or Holding Company and without affecting or discharging the Bank’s or the Holding Company’s liability hereunder or releasing the Bank or Holding Company from its obligations hereunder from time to time waive or omit or fail to exercise or delay exercising its rights hereunder in respect of any Event of Default and any such waiver, omission, failure or delay shall not prejudice or affect FSA’s rights hereunder in respect of that Event of Default (except in the case of a waiver) or any other or further Event of Default (whether or not of the same kind).

5. The following shall be Events of Default for the purposes hereof:
- (a) the Principal is deemed to be unable to pay its debts in accordance with Section 123 of the Insolvency Act 1986;
 - (b) the Principal is unable or admits its inability to pay its debts as they fall due or makes a general assignment for the benefit of, or a composition with, its creditors;
 - (c) an encumbrancer takes possession, or a receiver, administrator or similar officer is appointed, of all or any part of the undertaking or assets of the Principal;
 - (d) the Principal shall in the opinion of FSA be in breach of its Financial Resources Requirement and in the opinion of FSA shall not have remedied such breach within 5 Business Days after being required by FSA to restore the deficiency.
6. This Undertaking shall be a continuing undertaking and shall apply irrespective of, and shall not be affected or discharged by, any matter relating to the compliance at any time by the Principal with its Financial Resources Requirement and in particular (but without limitation) the fact (if such be the case) that the Principal at any time complies or is able to comply with the Financial Resources Requirement without making use of this Undertaking or taking the same into account for the purposes of its Financial Resources Requirement.
7. This Undertaking shall apply in relation to any Event of Default occurring at or before the close of business on the earliest (if any) to occur of the following dates (“the Termination Date”):
- (a) if the Bank or Holding Company gives FSA not less than six months’ written notice of its desire to terminate this Undertaking with effect from the date (being a date falling on or after the second anniversary of the date hereof) specified therein, such specified date;
 - (b) if FSA and the Bank or Holding Company agree in writing to terminate this Undertaking with effect from the date specified in such agreement, such specified date; and
 - (c) if this Undertaking shall cease with effect from any day to be eligible to represent (in whole or in part) the Financial Resources Requirement to be maintained by the Principal pursuant to the Rules, the date falling two Business Days after such day.
- Provided that no demand may be made upon the Bank or Holding Company hereunder later than midnight on the thirtieth Business Day after the Termination Date.
8. (a) In any demand proceedings or otherwise under this Undertaking the occurrence of any Event of Default shall be conclusively proved by a certificate signed by a duly authorised signatory of FSA which shall specify the Event of Default which has occurred and to which the certificate relates and shall give brief particulars thereof.
- (b) If FSA requires the Principal to remedy a breach of its Financial Resources Requirement as referred to in paragraph 5(d) hereof, it shall notify the Bank or Holding Company thereof as soon as reasonably practicable thereafter.

- 9.** A demand shall be duly made upon the Bank or Holding Company hereunder if it is signed by a duly authorised signatory of FSA (accompanied by evidence reasonably satisfactory to the Bank or Holding Company of the signatory's authority) and is addressed to the Bank or Holding Company at its registered office [principal place of business in the UK] and posted by first class mail and (if it has not been received prior thereto) the Bank or Holding Company shall be taken to have received such demand forty-eight hours after it is posted.
- 10. (a)** The rights of the Bank or Holding Company to repayment of any sums paid to the Principal under the terms of this Undertaking are subordinated to the Senior Liabilities and accordingly repayment of any such sums is conditional upon:
- (i) (if an order has not been made or an effective resolution passed for the winding up of the Principal) the Principal being in compliance with its Financial Resources Requirement prevailing at the time of payment by the Principal and no such payment which would otherwise fall due will fall so due except to the extent that, subject to sub-paragraph (b) below, the Principal could make such payment and still be in compliance with such Financial Resources Requirement immediately thereafter;
 - (ii) (if an order has been made or effective resolution passed for the winding up of the Principal) the Principal being solvent at the time of payment by the Principal and accordingly no such payment which would otherwise fall due for payment will fall due except to the extent that the Principal could make such payment and still be solvent immediately thereafter. For the purposes of this sub-paragraph, the Principal shall be solvent if it is able to pay its debts in full and in determining whether the Principal is solvent for the purposes of this sub-paragraph there shall be disregarded obligations which are not payable or capable of being established or determined in the winding up of the Principal and the Excluded Liabilities.
- (b) No payment of the Subordinated Liabilities shall be made at any time pursuant to sub-paragraph (a)(i) above unless:
- (i) the Principal has given to FSA prior written notification that it proposes to make such payment; and
 - (ii) FSA has notified the Principal in writing that it consents to such proposed payment.
- The Principal shall give or procure that there are given to FSA such information and auditor's certificate in relation to such proposed payment as FSA may require.
- (c) For the purposes of sub-paragraph (a)(ii) above a report given at any relevant time as to the solvency of the Principal by its liquidator, in form and substance acceptable to FSA, shall in the absence of proven error be treated and accepted by FSA, the Bank or Holding Company and the Principal as correct and sufficient evidence thereof.

(d) If the Bank or Holding Company shall receive from the Principal payment of any sum in respect of the Subordinated Liabilities when any of the terms and conditions referred to in sub-paragraphs (a) or (b) above is not satisfied the payment of such sum shall be void for all purposes and such sums shall be received by the Bank or Holding Company upon trust to return the same to the Principal and the Bank or Holding Company shall at any time thereafter be bound to return such sum to the Principal or, as the case may be, its liquidator (and any sums so returned shall then be treated for the purposes of the Principal's obligations hereunder as if they had not been paid by the Principal and its original payment shall be deemed not to have discharged any of the obligations of the Principal hereunder). A request to the Bank or Holding Company for return of any sum under the foregoing provisions of this sub-paragraph (d) shall be in writing and shall be made by or on behalf of the Principal or, as the case may be, its liquidator.

11. The Bank or Holding Company will not without the prior written consent of FSA:

- (i) assign or purport to assign to any person the whole or any part of the Subordinated Liabilities;
- (ii) purport to retain or set-off at any time any amount payable by it to the Principal against any amount of the Subordinated Liabilities except to the extent that payment of such amount of the Subordinated Liabilities would be permitted at such time by this Undertaking;
- (iii) amend any document evidencing or providing for the Subordinated Liabilities;
- (iv) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Undertaking;
- (v) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part thereof to the Senior Liabilities might be terminated, impaired or adversely affected;
- (vi) take any security from any person for all or any part of the Subordinated Liabilities, and the Bank or Holding Company shall, upon obtaining security in breach of this undertaking, hold the same on trust for the Principal.

12. The Bank or Holding Company acknowledges that FSA would seek to enforce any breach of the Undertaking of the Bank or Holding Company contained in Clause 2 hereof by seeking an order for specific performance thereof and the Bank or Holding Company acknowledges that an order for specific performance would be the remedy appropriate to be granted to FSA for such a breach.

13. This Undertaking forms the entire Agreement as to the agreement of the Bank or Holding Company to provide an undertaking in relation to the Principal's Financial Resources Requirement. If there are any other terms relating thereto existing at the date hereof and not comprised in this Undertaking such terms shall be of no further force and effect. No variation of or amendment to this Undertaking shall be of any effect unless it is in writing subscribed by all the parties hereto. Any amendment to this Undertaking made or purported to be made without the consent of FSA shall be void.

14. This Undertaking is governed by English law [and for the benefit of FSA solely the Bank or Holding Company irrevocably submits to the jurisdiction of the Courts of England and Wales, Scotland and Northern Ireland and appoints [] as agent for receipt of service of process in such courts. Such jurisdiction shall be non-exclusive except to the extent that such non-exclusivity prejudices the submission to such jurisdiction].

(1) To be executed by the Bank or Holding Company under seal—other parties to execute either under seal or under hand.

(2) Words in brackets in 9 and 14 above are required only where either the Bank or Holding Company or the Principal (or both) are not incorporated in any part of the UK.

(3) Where the Principal is not a company, the provisions of the Undertaking shall (in agreement with FSA) be amended as appropriate to reflect the legal status of the Principal.

10.1 Approved Form of Long-Term Subordinated Loan Agreement

A. Front Page

THIS AGREEMENT is made on the date set out in the Variable Terms (as set out in **Schedule 1** to this Agreement) and is to be effective on that date unless a different effective date is set out in those terms

BETWEEN -

- (1) **the Lender** (as defined in the Standard Terms set out in **Schedule 2** to this Agreement),
- (2) **the Borrower** (as defined in the Standard Terms), and
- (3) **The Financial Services Authority Limited** whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS.

WHEREAS the Borrower wishes to use the Loan, or each Advance under the Facility (as those expressions are defined in the Standard Terms) in accordance with FSA rule IPRU(INV) 10-63 and has fully disclosed to the FSA the circumstances giving rise to the Loan or Facility and the effective Subordination of the Loan and each Advance.

IT IS AGREED THAT this Agreement shall comprise the Variable Terms set out in **Schedule 1** to this Agreement and the Standard Terms set out in **Schedule 2** to this Agreement.

This Agreement is executed by the parties the day and year indicated in the Variable Terms.

Schedule 1

B. Variable Terms

1. Date of Agreement	
2. Effective Date	
3. Lender	
4. Address of Lender	
5. Borrower	
6. Address of Borrower	

7. **The Loan or Facility**

With reference to paragraph 2 of the Standard Terms,

--

8. **Interest**

With reference to paragraph 3 of the Standard Terms, interest shall be calculated and paid as follows -

--

9. Repayment

With reference to paragraph 4(2) of the Standard Terms and subject always to paragraphs 4(3) (restrictions on repayment) and 5 (subordination) of the Standard Terms, the terms for repayment are -

[Empty rectangular box for repayment terms]

Notes to paragraph 9 -

1. The repayment date for the Loan must be one or more of -
 - a date not less than five years from the date of drawdown,
 - a date not less than five years from the Borrower giving notice in writing to the Lender and the FSA, or
 - a date not less than five years from the Lender giving notice in writing to the Borrower and the FSA.
2. Where this Agreement is for a loan facility each Advance must be treated separately and have a repayment date not less than five years from the date of drawdown, or be subject to not less than five years' notice or have and be subject to both.

10. **Additional terms**

With reference to paragraph 11 of the Standard Terms, the additional terms to this Agreement are -

Empty rectangular box for additional terms.

11. Jurisdiction

With reference to paragraph 16 of the Standard Terms, the person(s) indicated below is (are) appointed as agents for service of process -

(a) by the Lender -

--

of

--

(b) by the Borrower -

--

of

Schedule 2

C. Standard Terms

Interpretation

1 (1) In this Agreement -

“Advance” means, where this Agreement is for a loan facility, an amount drawn or to be drawn down by the Borrower or otherwise made available by the Lender under this Agreement as that amount may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

“Borrower” means the person identified as such in the Variable Terms and includes its permitted successors and assigns and, where the Borrower is a partnership, each Partner;

“Business Day” means any day except Saturday, Sunday or a bank or public holiday in England;

“Effective Date” means the date on which this Agreement is to take effect being the date of this Agreement unless otherwise stated in the Variable Terms;

“Excluded Liabilities” means Liabilities which are expressed to be and, in the opinion of the Insolvency Officer of the Borrower, do, rank junior to the Subordinated Liabilities in any Insolvency of the Borrower;

“Facility” means the loan facility referred to in paragraph 2(2);

“Financial Resources” has the meaning given in the Financial Rules;

“Financial Resources Requirement” has the meaning given it in the Financial Rules;

“Financial Rules” means the rules in IPRU(INV) 10 in the FSA handbook;

“Insolvency” means and includes liquidation, winding up, bankruptcy, sequestration, administration, rehabilitation and dissolution (whichever term may apply to the Borrower) or the equivalent in any other jurisdiction to which the Borrower may be subject;

“Insolvency Officer” means and includes any person duly appointed to administer and distribute assets of the Borrower in the course of the Borrower’s Insolvency;

- 1 (1) **“Lender”** means the person identified as such in the Variable Terms and includes its permitted successors and assigns;

“Liabilities” means all present and future sums, liabilities and obligations payable or owing by the Borrower (whether actual or contingent, jointly or severally or otherwise howsoever);

“Loan” means the indebtedness of the Borrower to the Lender referred to in paragraph 2(1) as that indebtedness may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

“Partner” means, where the Borrower is a partnership, each and every partner of the Borrower as a partner and as an individual (see also paragraph 8);

“Senior Liabilities” means all Liabilities except the Subordinated Liabilities and Excluded Liabilities;

“Subordinated Liabilities” means all Liabilities to the Lender in respect of the Loan or each Advance made under this Agreement and all interest payable thereon.

“the FSA” means The Financial Services Authority Limited whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS; and

- (2) Any reference to any rules of the FSA is a reference to them as in force from time to time.
- (3) Reference to any gender includes a reference to all other genders.
- (4) Reference to a paragraph is to a paragraph of these Standard Terms, unless otherwise indicated.

The Loan or Facility

- 2 (1) Where as indicated in the Variable Terms this Agreement is for a loan, the Borrower hereby acknowledges its indebtedness to the Lender in the sum mentioned in the Variable Terms as an unsecured loan upon and subject to the terms and conditions of this Agreement.
- (2) Where, as indicated in the Variable Terms this Agreement is for a loan facility -
- (a) the maximum aggregate principal amount of each Advance outstanding at any time under the Facility shall not exceed the maximum amount specified in the Variable Terms or such other amount as may be agreed between the Borrower and the Lender from time to time;
- (b) the Facility will be available until the last available date specified in the Variable Terms; and

- 2** (2) (c) any specific terms dealing with the mechanics of drawdown are contained in the Variable Terms.
- (3) The Lender and the Borrower undertake to provide the FSA, immediately upon request, with details in writing of all principal and interest in respect of the Loan or each Advance outstanding for the time being and all payments of any amount made in the period specified by the FSA in the request.

Interest

- 3** Subject to the provisions of paragraphs 4 and 5, until repayment of the Loan or each Advance in full, the Borrower will pay to the Lender interest on the Loan or each Advance (or on any part or parts of it or them for the time being outstanding under this Agreement) calculated and payable in the manner set out in the Variable Terms.

Repayment

- 4** (1) The provisions of this paragraph are subject in all respects to the provisions of paragraph 5(subordination).
- (2) The terms concerning repayment are set out in the Variable Terms but are subject to paragraph 4(3).
- (3) (a) Except where the FSA otherwise permits, no repayment or prepayment of the Loan or any Advance may be made, in whole or in part, before the relevant repayment date provided for in paragraph 9 of the Variable Terms.
- (b) At the request of the Borrower, the FSA may permit the early repayment or prepayment of the Loan or any Advance, in whole or in part, only where, immediately after such repayment or prepayment, the Borrower's Financial Resources would be greater than 100% of its Financial Resources Requirement.
- (c) Payments of interest at a rate not exceeding the rate provided for in paragraph 3 may be made without notice to or consent of the FSA, except that where -
- (i) immediately after payment, the Borrower's Financial Resources would be less than or equal to 120% of its Financial Resources Requirement; or
- (ii) before payment, the Insolvency of the Borrower commences,
- no such payment may be made without the prior written consent of the FSA.
- (4) If in respect of the Loan or any Advance default is made for a period of -
- (a) seven days or more in the payment of any principal due, or
- (b) 14 days or more in the payment of any interest due,

- 4 (4) the Lender may, at its discretion and after taking such preliminary steps or actions as may be necessary, enforce payment by instituting proceedings for the Insolvency of the Borrower after giving seven Business Day's prior written notice to the FSA of its intention to do so.
- (5) Subject to (6) below, the Lender may at its discretion, subject as provided in this Agreement, institute proceedings for the Insolvency of the Borrower to enforce any obligation, condition or provision binding on the Borrower under this Agreement (other than any obligation for the payment of principal moneys or interest in respect of the Loan or any Advance) PROVIDED THAT the Borrower shall not by virtue of the institution of any such proceedings for the Insolvency of the Borrower be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.
- (6) The Lender may only institute proceedings for the Insolvency of the Borrower to enforce the obligations referred to in (5) above if -
- (a) a default under those obligations is not remedied to the satisfaction of the Lender within 60 days after notice of such default has been given to the Borrower by the Lender requiring such default to be remedied;
 - (b) the Lender has taken all preliminary steps or actions required to be taken by it prior to the institution of such proceedings; and
 - (c) the Lender has given seven Business Days' prior written notice to the FSA of its intention to institute such proceedings.
- (7) No remedy against the Borrower other than as specifically provided by this paragraph 4 shall be available to the Lender whether for the recovery of amounts owing under this Agreement or in respect of any breach by the Borrower of any of its obligations under this Agreement.

Subordination

- 5 (1) Notwithstanding the provisions of paragraph 4, the rights of the Lender in respect of the Subordinated Liabilities are subordinated to the Senior Liabilities and accordingly payment of any amount (whether principal, interest or otherwise) of the Subordinated Liabilities is conditional upon -
- (a) (if an order has not been made or an effective resolution passed for the Insolvency of the Borrower and, being a partnership, the Borrower has not been dissolved) the Borrower being in compliance with not less than 120% of its Financial Resources Requirement immediately after payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that -
 - (i) paragraph 4(3) has been complied with; and

- 5 (1) (a) (ii) the Borrower could make such payment and still be in compliance with such Financial Resources Requirement; and
- (b) the Borrower being “solvent” at the time of, and immediately after, the payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that the Borrower could make such payment and still be “solvent”.
- (2) For the purposes of sub-paragraph (1)(b) above, the Borrower shall be “solvent” if it is able to pay its Liabilities (other than the Subordinated Liabilities) in full disregarding -
- (a) obligations which are not payable or capable of being established or determined in the Insolvency of the Borrower, and
- (b) the Excluded Liabilities.
- (3) Interest will continue to accrue at the rate specified pursuant to paragraph 3 on any payment which does not become payable under this paragraph 5.
- (4) For the purposes of sub-paragraph (1)(b) above, a report given at any relevant time as to the solvency of the Borrower by its Insolvency Officer, in form and substance acceptable to the FSA, shall in the absence of proven error be treated and accepted by the FSA, the Lender and the Borrower as correct and sufficient evidence of the Borrower’s solvency or Insolvency.
- (5) Subject to the provisions of sub-paragraphs (6), (7) and (8) below, if the Lender shall receive from the Borrower payment of any sum in respect of the Subordinated Liabilities -
- (a) when any of the terms and conditions referred to in sub-paragraph (1) above is not satisfied, or
- (b) where such payment is prohibited under paragraph 4(3),
- the payment of such sum shall be void for all purposes.
- (6) Any sum referred to in sub-paragraph (5) above shall be received by the Lender upon trust to return it to the Borrower.
- (7) Any sum so returned shall then be treated for the purposes of the Borrower’s obligations hereunder as if it had not been paid by the Borrower and its original payment shall be deemed not to have discharged any of the obligations of the Borrower hereunder.
- (8) A request to the Lender for return of any sum referred to in sub-paragraph (5) shall be in writing and shall be made by or on behalf of the Borrower or, as the case may be, its Insolvency Officer.

Representations and undertakings of Borrower

6 From and after the date of this Agreement (or the Effective Date if earlier), the Borrower shall not without the prior written consent of the FSA -

- (a) secure all or any part of the Subordinated Liabilities;
- (b) redeem, purchase or otherwise acquire any of the Subordinated Liabilities;
- (c) amend any document evidencing or providing for the Subordinated Liabilities;
- (d) repay any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;
- (e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part thereof to the Senior Liabilities might be terminated, impaired or adversely affected; or
- (f) arrange or permit any contract of suretyship (or similar agreement) relating to its liabilities under this Agreement to be entered into, and

other than as disclosed in writing to the FSA, the Borrower represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).

Representations and undertakings of Lender

7 From and after the date of this Agreement (or the Effective Date if earlier), the Lender shall not without the prior written consent of the FSA -

- (a) assign, transfer, dispose of or encumber the whole or any part of the Subordinated Liabilities or purport to do so in favour of any person;
- (b) purport to retain or set off at any time any amount payable by it to the Borrower against any amount of the Subordinated Liabilities except to the extent that payment of such amount of the Subordinated Liabilities would be permitted at such time by this Agreement, and the Lender shall immediately pay an amount equal to any retention or set off in breach of this provision to the Borrower and such retention or set off shall be deemed not to have occurred;
- (c) amend or waive the terms of any document evidencing or providing for the Subordinated Liabilities;
- (d) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;
- (e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected; or

- 7 (f) take or enforce any security, guarantee or indemnity from any person for all or any part of the Subordinated Liabilities, and the Lender shall, upon obtaining or enforcing any security, guarantee or indemnity notwithstanding this undertaking, hold the same (and any proceeds thereof) on trust for the Borrower, and

other than as disclosed in writing to the FSA, the Lender represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).

Borrower being a partnership

- 8 Where the Borrower is a partnership -

- (a) this Agreement shall subsist in full force and effect notwithstanding any change which may take place from time to time in the constitution or title of the Borrower by the retirement of the present Partners or any of them or the assumption of new Partners or by a change of name PROVIDED THAT -

- (i) a retired Partner shall continue to be liable for the payment of all sums due under this Agreement and implementation of all other obligations in this Agreement until the Lender and the remaining Partner(s) shall agree in writing to release a retired Partner from those obligations and the FSA has agreed in writing to the release; and

- (ii) in the event of a new Partner being assumed as a partner of the Borrower the other Partners shall procure that said assumed Partner shall become bound to the Lender as a party to this Agreement and shall execute such addendum hereto as the Lender and the FSA may consider necessary;

- (b) the obligations and undertakings of the Borrower under this Agreement shall bind the Borrower and the Partners jointly and severally.

Partial invalidity

- 9 If any of the provisions of this Agreement is or becomes invalid, illegal or unenforceable under any law, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

the FSA and indemnity

- 10 the FSA shall not, by virtue of being a party to this Agreement, be taken to be a trustee or other fiduciary for, or have any obligations to, any person to whom some or all of the Senior Liabilities are owed. Each of the Lender and Borrower shall on demand indemnify the FSA against all claims, losses, costs, expenses and other liabilities made against or incurred by the FSA as a consequence of it being a party to, or taking action under this Agreement.

Additional terms

- 11** Any additional terms agreed between the parties are set out in the Variable Terms provided that, if there is any inconsistency between the Variable Terms and the Standard Terms, the Standard Terms shall prevail.

Entire agreement

- 12** This Agreement forms the entire agreement as to the Subordinated Liabilities. If there are any other terms relating to the Subordinated Liabilities existing at the date hereof and not comprised in this Agreement such terms shall be of no further force and effect.

Amendments

- 13** Any amendments to this Agreement made or purported to be made without the consent of the FSA shall be void.

Notices to the FSA

- 14** A notice given to the FSA under this Agreement shall have no effect, and time shall not start to run in connection with that notice, until the FSA has given to the sender written confirmation of its receipt.

Law

- 15** This Agreement is governed by English law.

Jurisdiction

- 16** For the benefit of the FSA solely, each of the Borrower and the Lender irrevocably submits to the jurisdiction of the English Courts and, to the extent that it does not have a place of business within the jurisdiction, appoints the process agent specified in the Variable Terms as agent for receipt of service of process in such courts. Such jurisdiction shall be non-exclusive except to the extent that non-exclusivity prejudices the submission to the jurisdiction.

10.2 Approved Form of Short-Term Subordinated Loan Agreement

A. Front Page

THIS AGREEMENT is made on the date set out in the Variable Terms (as set out in **Schedule 1** to this Agreement) and is to be effective on that date unless a different effective date is set out in those terms

BETWEEN -

- (1) **the Lender** (as defined in the Standard Terms set out in **Schedule 2** to this Agreement),
- (2) **the Borrower** (as defined in the Standard Terms), and
- (3) **The Financial Services Authority Limited** whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS.

WHEREAS the Borrower wishes to use the Loan, or each Advance under the Facility (as those expressions are defined in the Standard Terms) in accordance with FSA rule IPRU(INV) 10-63 and has fully disclosed to the FSA the circumstances giving rise to the Loan or Facility and the effective subordination of the Loan and each Advance.

IT IS AGREED THAT this Agreement shall comprise the Variable Terms set out in **Schedule 1** to this Agreement and the Standard Terms set out in **Schedule 2** to this Agreement.

This Agreement is executed by the parties the day and year indicated in the Variable Terms.

Schedule 1

B. Variable Terms

1. Date of Agreement	
2. Effective Date	
3. Lender	
4. Address of Lender	
5. Borrower	
6. Address of Borrower	

7. **The Loan or Facility**

With reference to paragraph 2 of the Standard Terms,

--

8. **Interest**

With reference to paragraph 3 of the Standard Terms, interest shall be calculated and paid as follows -

--

9. Repayment

With reference to paragraph 4(2) of the Standard Terms and subject always to paragraphs 4(3) (restrictions on repayment) and 5 (subordination) of the Standard Terms, the terms for repayment are -

Notes to paragraph 9.

1. The repayment date for the Loan must be one or more of -
 - a date not less than two years from the date of drawdown,
 - a date not less than two years from the Lender giving notice in writing to the Borrower and the FSA, or
 - a date not less than two years from the Borrower giving notice in writing to the Lender and the FSA.
2. Where the Agreement is for a loan facility each Advance must be treated separately and have a repayment date not less than two years from the date of drawdown, or be subject to not less than two years' notice or have and be subject to both.

10. **Additional terms**

With reference to paragraph 11 of the Standard Terms, the additional terms to this Agreement are -

[Empty rectangular box for additional terms]

11. Jurisdiction

With reference to paragraph 16 of the Standard Terms, the person(s) indicated below is (are) appointed as agents for service of process -

(a) by the Lender -

--

of

--

(b) by the Borrower -

--

of

--

Schedule 2

C. Standard Terms

Interpretation

1 (1) In this Agreement -

“Advance” means, where this Agreement is for a loan facility, an amount drawn or to be drawn down by the Borrower or otherwise made available by the Lender under this Agreement as that amount may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

“Borrower” means the person identified as such in the Variable Terms and includes its permitted successors and assigns and, where the Borrower is a partnership, each Partner;

“Business Day” means any day except Saturday, Sunday or a bank or public holiday in England;

“Effective Date” means the date on which this Agreement is to take effect being the date of this Agreement unless otherwise stated in the Variable Terms;

“Excluded Liabilities” means Liabilities which are expressed to be and, in the opinion of the Insolvency Officer of the Borrower, do, rank junior to the Subordinated Liabilities in any Insolvency of the Borrower;

“Facility” means the loan facility referred to in paragraph 2(2);

“Financial Resources” has the meaning given in the Financial Rules;

“Financial Resources Requirement” has the meaning given it in the Financial Rules;

“Financial Rules” means the rules in IPRU(INV) 10 of the FSA handbook;

“Insolvency” means and includes liquidation, winding up, bankruptcy, sequestration, administration, rehabilitation and dissolution (whichever term may apply to the Borrower) or the equivalent in any other jurisdiction to which the Borrower may be subject;

“Insolvency Officer” means and includes any person duly appointed to administer and distribute assets of the Borrower in the course of the Borrower’s Insolvency;

- 1 (1) **“Lender”** means the person identified as such in the Variable Terms and includes its permitted successors and assigns;

“Liabilities” means all present and future sums, liabilities and obligations payable or owing by the Borrower (whether actual or contingent, jointly or severally or otherwise howsoever);

“Loan” means the indebtedness of the Borrower to the Lender referred to in paragraph 2(1) as that indebtedness may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

“Partner” means, where the Borrower is a partnership, each and every partner of the Borrower as a partner and as an individual (see also paragraph 8);

“Senior Liabilities” means all Liabilities except the Subordinated Liabilities and Excluded Liabilities;

“Subordinated Liabilities” means all Liabilities to the Lender in respect of the Loan or each Advance made under this Agreement and all interest payable thereon.

“the FSA” means The Financial Services Authority Limited whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS; and

- (2) Any reference to any rules of the FSA is a reference to them as in force from time to time.
- (3) Reference to any gender includes a reference to all other genders.
- (4) Reference to a paragraph is to a paragraph of these Standard Terms, unless otherwise indicated.

The Loan or Facility

- 2 (1) Where as indicated in the Variable Terms this Agreement is for a loan, the Borrower hereby acknowledges its indebtedness to the Lender in the sum mentioned in the Variable Terms as an unsecured loan upon and subject to the terms and conditions of this Agreement.

- (2) Where, as indicated in the Variable Terms this Agreement is for a loan facility -

(a) the maximum aggregate principal amount of each Advance outstanding at any time under the Facility shall not exceed the maximum amount specified in the Variable Terms or such other amount as may be agreed between the Borrower and the Lender from time to time;

(b) the Facility will be available until the last available date specified in the Variable Terms; and

- 2 (2) (c) any specific terms dealing with the mechanics of drawdown are contained in the Variable Terms.
- (3) The Lender and the Borrower undertake to provide the FSA, immediately upon request, with details in writing of all principal and interest in respect of the Loan or each Advance outstanding for the time being and all payments of any amount made in the period specified by the FSA in the request.

Interest

- 3 Subject to the provisions of paragraphs 4 and 5, until repayment of the Loan or each Advance in full, the Borrower will pay to the Lender interest on the Loan or each Advance (or on any part or parts of it or them for the time being outstanding under this Agreement) calculated and payable in the manner set out in the Variable Terms.

Repayment

- 4 (1) The provisions of this paragraph are subject in all respects to the provisions of paragraph 5(subordination).
- (2) The terms concerning repayment are set out in the Variable Terms but are subject to paragraph 4(3).
- (3) (a) Except where the FSA otherwise permits, no repayment, or prepayment of the Loan or any Advance may be made, in whole or in part, before the relevant repayment date provided for in paragraph 9 of the Variable Terms.
- (b) the FSA may permit the early repayment or prepayment of the Loan or any Advance, in whole or in part, only where, immediately after such repayment or prepayment, the Borrower's Financial Resources would be greater than 100% of its Financial Resources Requirement.
- (c) Payments of interest at a rate not exceeding the rate provided for in paragraph 3 may be made without notice to or consent of the FSA, except that where -
 - (i) immediately after payment, the Borrower's Financial Resources would be less than or equal to 120% of its Financial Resources Requirement; or
 - (ii) before payment, the Insolvency of the Borrower commences,no such payment may be made without the prior written consent of the FSA.
- (4) If in respect of the Loan or any Advance default is made for a period of -
 - (a) seven days or more in the payment of any principal due, or
 - (b) 14 days or more in the payment of any interest due,

- 4 (4) the Lender may, at its discretion and after taking such preliminary steps or actions as may be necessary, enforce payment by instituting proceedings for the Insolvency of the Borrower after giving seven Business Day's prior written notice to the FSA of its intention to do so.
- (5) Subject to (6) below, the Lender may at its discretion, subject as provided in this Agreement, institute proceedings for the Insolvency of the Borrower to enforce any obligation, condition or provision binding on the Borrower under this Agreement (other than any obligation for the payment of principal moneys or interest in respect of the Loan or any Advance) PROVIDED THAT the Borrower shall not by virtue of the institution of any such proceedings for the Insolvency of the Borrower be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.
- (6) The Lender may only institute proceedings for the Insolvency of the Borrower to enforce the obligations referred to in (5) above if -
- (a) a default under those obligations is not remedied to the satisfaction of the Lender within 60 days after notice of such default has been given to the Borrower by the Lender requiring such default to be remedied;
 - (b) the Lender has taken all preliminary steps or actions required to be taken by it prior to the institution of such proceedings; and
 - (c) the Lender has given seven Business Days' prior written notice to the FSA of its intention to institute such proceedings.
- (7) No remedy against the Borrower other than as specifically provided by this paragraph 4 shall be available to the Lender whether for the recovery of amounts owing under this Agreement or in respect of any breach by the Borrower of any of its obligations under this Agreement.

Subordination

- 5 (1) Notwithstanding the provisions of paragraph 4, the rights of the Lender in respect of the Subordinated Liabilities are subordinated to the Senior Liabilities and accordingly payment of any amount (whether principal, interest or otherwise) of the Subordinated Liabilities is conditional upon -
- (a) (if an order has not been made or an effective resolution passed for the Insolvency of the Borrower and, being a partnership, the Borrower has not been dissolved) the Borrower being in compliance with not less than 120% of its Financial Resources Requirement immediately after payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that -
 - (i) paragraph 4(3) has been complied with; and

- 5 (1) (a) (ii) the Borrower could make such payment and still be in compliance with such Financial Resources Requirement; and
- (b) the Borrower being “solvent” at the time of, and immediately after, the payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that the Borrower could make such payment and still be “solvent”.
- (2) For the purposes of sub-paragraph (1)(b) above, the Borrower shall be “solvent” if it is able to pay its Liabilities (other than the Subordinated Liabilities) in full disregarding -
- (a) obligations which are not payable or capable of being established or determined in the Insolvency of the Borrower, and
- (b) the Excluded Liabilities.
- (3) Interest will continue to accrue at the rate specified pursuant to paragraph 3 on any payment which does not become payable under this paragraph 5.
- (4) For the purposes of sub-paragraph (1)(b) above, a report given at any relevant time as to the solvency of the Borrower by its Insolvency Officer, in form and substance acceptable to the FSA, shall in the absence of proven error be treated and accepted by the FSA, the Lender and the Borrower as correct and sufficient evidence of the Borrower’s solvency or Insolvency.
- (5) Subject to the provisions of sub-paragraphs (6), (7) and (8) below, if the Lender shall receive from the Borrower payment of any sum in respect of the Subordinated Liabilities -
- (a) when any of the terms and conditions referred to in sub-paragraph (1) above is not satisfied, or
- (b) where such payment is prohibited under paragraph 4(3),
- the payment of such sum shall be void for all purposes.
- (6) Any sum referred to in sub-paragraph (5) above shall be received by the Lender upon trust to return it to the Borrower.
- (7) Any sum so returned shall then be treated for the purposes of the Borrower’s obligations hereunder as if it had not been paid by the Borrower and its original payment shall be deemed not to have discharged any of the obligations of the Borrower hereunder.
- (8) A request to the Lender for return of any sum referred to in sub-paragraph (5) shall be in writing and shall be made by or on behalf of the Borrower or, as the case may be, its Insolvency Officer.

Representations and undertakings of Borrower

- 6** From and after the date of this Agreement (or the Effective Date if earlier), the Borrower shall not without the prior written consent of the FSA -
- (a) secure all or any part of the Subordinated Liabilities;
 - (b) redeem, purchase or otherwise acquire any of the Subordinated Liabilities;
 - (c) amend any document evidencing or providing for the Subordinated Liabilities;
 - (d) repay any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;
 - (e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part thereof to the Senior Liabilities might be terminated, impaired or adversely affected; or
 - (f) arrange or permit any contract of suretyship (or similar agreement) relating to its liabilities under this Agreement to be entered into, and

other than as disclosed in writing to the FSA, the Borrower represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).

Representations and undertakings of Lender

- 7** From and after the date of this Agreement (or the Effective Date if earlier), the Lender shall not without the prior written consent of the FSA -
- (a) assign, transfer, dispose of or encumber the whole or any part of the Subordinated Liabilities or purport to do so in favour of any person;
 - (b) purport to retain or set off at any time any amount payable by it to the Borrower against any amount of the Subordinated Liabilities except to the extent that payment of such amount of the Subordinated Liabilities would be permitted at such time by this Agreement, and the Lender shall immediately pay an amount equal to any retention or set off in breach of this provision to the Borrower and such retention or set off shall be deemed not to have occurred;
 - (c) amend or waive the terms of any document evidencing or providing for the Subordinated Liabilities;
 - (d) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;
 - (e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected; or

- 7 (f) take or enforce any security, guarantee or indemnity from any person for all or any part of the Subordinated Liabilities, and the Lender shall, upon obtaining or enforcing any security, guarantee or indemnity notwithstanding this undertaking, hold the same (and any proceeds thereof) on trust for the Borrower, and

other than as disclosed in writing to the FSA, the Lender represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).

Borrower being a partnership

- 8 Where the Borrower is a partnership -

- (a) this Agreement shall subsist in full force and effect notwithstanding any change which may take place from time to time in the constitution or title of the Borrower by the retirement of the present Partners or any of them or the assumption of new Partners or by a change of name PROVIDED THAT -

- (i) a retired Partner shall continue to be liable for the payment of all sums due under this Agreement and implementation of all other obligations in this Agreement until the Lender and the remaining Partner(s) shall agree in writing to release a retired Partner from those obligations and the FSA has agreed in writing to the release; and

- (ii) in the event of a new Partner being assumed as a partner of the Borrower the other Partners shall procure that said assumed Partner shall become bound to the Lender as a party to this Agreement and shall execute such addendum hereto as the Lender and the FSA may consider necessary;

- (b) the obligations and undertakings of the Borrower under this Agreement shall bind the Borrower and the Partners jointly and severally.

Partial invalidity

- 9 If any of the provisions of this Agreement is or becomes invalid, illegal or unenforceable under any law, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

The FSA and indemnity

- 10 the FSA shall not, by virtue of being a party to this Agreement, be taken to be a trustee or other fiduciary for, or have any obligations to, any person to whom some or all of the Senior Liabilities are owed. Each of the Lender and Borrower shall on demand indemnify the FSA against all claims, losses, costs, expenses and other liabilities made against or incurred by the FSA as a consequence of it being a party to, or taking action under this Agreement.

Additional terms

- 11** Any additional terms agreed between the parties are set out in the Variable Terms provided that, if there is any inconsistency between the Variable Terms and the Standard Terms, the Standard Terms shall prevail.

Entire agreement

- 12** This Agreement forms the entire agreement as to the Subordinated Liabilities. If there are any other terms relating to the Subordinated Liabilities existing at the date hereof and not comprised in this Agreement such terms shall be of no further force and effect.

Amendments

- 13** Any amendments to this Agreement made or purported to be made without the consent of the FSA shall be void.

Notices to the FSA

- 14** A notice given to the FSA under this Agreement shall have no effect, and time shall not start to run in connection with that notice, until the FSA has given to the sender written confirmation of its receipt.

Law

- 15** This Agreement is governed by English law.

Jurisdiction

- 16** For the benefit of the FSA solely, each of the Borrower and the Lender irrevocably submits to the jurisdiction of the English Courts and, to the extent that it does not have a place of business within the jurisdiction, appoints the process agent specified in the Variable Terms as agent for receipt of service of process in such courts. Such jurisdiction shall be non-exclusive except to the extent that non-exclusivity prejudices the submission to the jurisdiction.

10.6 Approved Form of Long-Term Subordinated Loan Agreement for the purposes of Consolidated Supervision

A. Front Page

THIS AGREEMENT is made on the date set out in the Variable Terms (as set out in **Schedule 1** to this Agreement) and is to be effective on that date unless a different effective date is set out in those terms

BETWEEN -

- (1) **the Lender** (as defined in the Standard Terms set out in **Schedule 2** to this Agreement) and
- (2) **the Borrower** (as defined in the Standard Terms)

WHEREAS the Borrower wishes the Loan to qualify as Financial Resources contributing to its Financial Resources Requirement, (as those expressions are defined in the Standard Terms) and has fully disclosed to the FSA the circumstances giving rise to the Loan or Facility and the effective subordination of the Loan.

IT IS AGREED THAT this Agreement shall comprise the Variable Terms set out in **Schedule 1** to this Agreement and the Standard Terms set out in **Schedule 2** to this Agreement.

This Agreement is executed by the parties the day and year indicated in the Variable Terms.

C. Standard Terms

Interpretation

1 (1) In this Agreement -

“Advance” means, where this Agreement is for a loan facility, an amount drawn or to be drawn down by the Borrower or otherwise made available by the Lender under this Agreement as that amount may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

“Borrower” means the person identified as such in the Variable Terms and includes its permitted successors and assigns and, where the Borrower is a partnership, each Partner;

“Business Day” means any day except Saturday, Sunday or a bank or public holiday in England;

“Effective Date” means the date on which this Agreement is to take effect being the date of this Agreement unless otherwise stated in the Variable Terms;

“Excluded Liabilities” means Liabilities which are expressed to be and, in the opinion of the Insolvency Officer of the Borrower, do, rank junior to the Subordinated Liabilities in any Insolvency of the Borrower;

“Facility” means the loan facility referred to in paragraph 2(2);

“Financial Resources”; means the financial resources which apply to the Borrower as calculated under rule 10-200(1) of the Financial Rules and are notifiable to the Borrower via its subsidiaries regulated by the FSA from time to time;

“Financial Resources Requirement” means the financial resources requirement which applies to the Borrower as calculated under rule 10-200(1) of the Financial Rules and are notifiable to the Borrower via its subsidiaries regulated by the FSA from time to time;

“Financial Rules” means the rules in IPRU(INV) 10 in the FSA handbook;

“Insolvency” means and includes liquidation, winding up, bankruptcy, sequestration, administration, rehabilitation and dissolution (whichever term may apply to the Borrower) or the equivalent in any other jurisdiction to which the Borrower may be subject;

“Insolvency Officer” means and includes any person duly appointed to administer and distribute assets of the Borrower in the course of the Borrower’s Insolvency;

- 1 (1) **“Lender”** means the person identified as such in the Variable Terms and includes its permitted successors and assigns;

“Liabilities” means all present and future sums, liabilities and obligations payable or owing by the Borrower (whether actual or contingent, jointly or severally or otherwise howsoever);

“Loan” means the indebtedness of the Borrower to the Lender referred to in paragraph 2(1) as that indebtedness may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

“Partner” means, where the Borrower is a partnership, each and every partner of the Borrower as a partner and as an individual (see also paragraph 8);

“Senior Liabilities” means all Liabilities except the Subordinated Liabilities and Excluded Liabilities;

“Subordinated Liabilities” means all Liabilities to the Lender in respect of the Loan or each Advance made under this Agreement and all interest payable thereon.

“the FSA” means The Financial Services Authority Limited whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS; and

- (2) Any reference to any rules of the FSA is a reference to them as in force from time to time.
- (3) Reference to any gender includes a reference to all other genders.
- (4) Reference to a paragraph is to a paragraph of these Standard Terms, unless otherwise indicated.

The Loan or Facility

- 2 (1) Where as indicated in the Variable Terms this Agreement is for a loan, the Borrower hereby acknowledges its indebtedness to the Lender in the sum mentioned in the Variable Terms as an unsecured loan upon and subject to the terms and conditions of this Agreement.
- (2) Where, as indicated in the Variable Terms this Agreement is for a loan facility -
- (a) the maximum aggregate principal amount of each Advance outstanding at any time under the Facility shall not exceed the maximum amount specified in the Variable Terms or such other amount as may be agreed between the Borrower and the Lender from time to time;
- (b) the Facility will be available until the last available date specified in the Variable Terms; and

- 2** (2) (c) any specific terms dealing with the mechanics of drawdown are contained in the Variable Terms.
- (3) The Lender and the Borrower undertake to provide the FSA, immediately upon request, with details in writing of all principal and interest in respect of the Loan or each Advance outstanding for the time being and all payments of any amount made in the period specified by the FSA in the request.

Interest

- 3** Subject to the provisions of paragraphs 4 and 5, until repayment of the Loan or each Advance in full, the Borrower will pay to the Lender interest on the Loan or each Advance (or on any part or parts of it or them for the time being outstanding under this Agreement) calculated and payable in the manner set out in the Variable Terms.

Repayment

- 4** (1) The provisions of this paragraph are subject in all respects to the provisions of paragraph 5(subordination).
- (2) The terms concerning repayment are set out in the Variable Terms but are subject to paragraph 4(3).
- (3) (a) Except where the FSA otherwise permits, no repayment, or prepayment of the Loan or any Advance may be made, in whole or in part, before the relevant repayment date provided for in paragraph 9 of the Variable Terms.
- (b) the FSA may permit the early repayment or prepayment of the Loan or any Advance, in whole or in part, only where, immediately after such repayment or prepayment, the Borrower's Financial Resources would be greater than 100% of its Financial Resources Requirement.
- (c) Payments of interest at a rate not exceeding the rate provided for in paragraph 3 may be made without notice to or consent of the FSA, except that where -
- (i) immediately after payment, the Borrower's Financial Resources would be less than or equal to 100% of its Financial Resources Requirement; or
- (ii) before payment, the Insolvency of the Borrower commences,
- no such payment may be made without the prior written consent of the FSA.
- (4) If in respect of the Loan or any Advance default is made for a period of -
- (a) seven days or more in the payment of any principal due, or
- (b) 14 days or more in the payment of any interest due,

- 4** (4) the Lender may, at its discretion and after taking such preliminary steps or actions as may be necessary, enforce payment by instituting proceedings for the Insolvency of the Borrower after giving seven Business Day's prior written notice to the FSA of its intention to do so.
- (5) Subject to (6) below, the Lender may at its discretion, subject as provided in this Agreement, institute proceedings for the Insolvency of the Borrower to enforce any obligation, condition or provision binding on the Borrower under this Agreement (other than any obligation for the payment of principal moneys or interest in respect of the Loan or any Advance) PROVIDED THAT the Borrower shall not by virtue of the institution of any such proceedings for the Insolvency of the Borrower be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.
- (6) The Lender may only institute proceedings for the Insolvency of the Borrower to enforce the obligations referred to in (5) above if -
- (a) a default under those obligations is not remedied to the satisfaction of the Lender within 60 days after notice of such default has been given to the Borrower by the Lender requiring such default to be remedied;
 - (b) the Lender has taken all preliminary steps or actions required to be taken by it prior to the institution of such proceedings; and
 - (c) the Lender has given seven Business Days' prior written notice to the FSA of its intention to institute such proceedings.
- (7) No remedy against the Borrower other than as specifically provided by this paragraph 4 shall be available to the Lender whether for the recovery of amounts owing under this Agreement or in respect of any breach by the Borrower of any of its obligations under this Agreement.

Subordination

- 5** (1) Notwithstanding the provisions of paragraph 4, the rights of the Lender in respect of the Subordinated Liabilities are subordinated to the Senior Liabilities and accordingly payment of any amount (whether principal, interest or otherwise) of the Subordinated Liabilities is conditional upon -
- (a) (if an order has not been made or an effective resolution passed for the Insolvency of the Borrower and, being a partnership, the Borrower has not been dissolved) the Borrower being in compliance with not less than 100% of its Financial Resources Requirement immediately after payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that -
 - (i) paragraph 4(3) has been complied with; and

- 5 (1) (a) (ii) the Borrower could make such payment and still be in compliance with such Financial Resources Requirement; and
- (b) the Borrower being “solvent” at the time of, and immediately after, the payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that the Borrower could make such payment and still be “solvent”.
- (2) For the purposes of sub-paragraph (1)(b) above, the Borrower shall be “solvent” if it is able to pay its Liabilities (other than the Subordinated Liabilities) in full disregarding -
- (a) obligations which are not payable or capable of being established or determined in the Insolvency of the Borrower, and
- (b) the Excluded Liabilities.
- (3) Interest will continue to accrue at the rate specified pursuant to paragraph 3 on any payment which does not become payable under this paragraph 5.
- (4) For the purposes of sub-paragraph (1)(b) above, a report given at any relevant time as to the solvency of the Borrower by its Insolvency Officer, in form and substance acceptable to the FSA, shall in the absence of proven error be treated and accepted by the FSA, the Lender and the Borrower as correct and sufficient evidence of the Borrower’s solvency or Insolvency.
- (5) Subject to the provisions of sub-paragraphs (6), (7) and (8) below, if the Lender shall receive from the Borrower payment of any sum in respect of the Subordinated Liabilities -
- (a) when any of the terms and conditions referred to in sub-paragraph (1) above is not satisfied, or
- (b) where such payment is prohibited under paragraph 4(3),
- the payment of such sum shall be void for all purposes.
- (6) Any sum referred to in sub-paragraph (5) above shall be received by the Lender upon trust to return it to the Borrower.
- (7) Any sum so returned shall then be treated for the purposes of the Borrower’s obligations hereunder as if it had not been paid by the Borrower and its original payment shall be deemed not to have discharged any of the obligations of the Borrower hereunder.
- (8) A request to the Lender for return of any sum referred to in sub-paragraph (5) shall be in writing and shall be made by or on behalf of the Borrower or, as the case may be, its Insolvency Officer.

Representations and undertakings of Borrower

6 From and after the date of this Agreement (or the Effective Date if earlier), the Borrower shall not without the prior written consent of the FSA -

- (a) secure all or any part of the Subordinated Liabilities;
- (b) redeem, purchase or otherwise acquire any of the Subordinated Liabilities;
- (c) amend any document evidencing or providing for the Subordinated Liabilities;
- (d) repay any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;
- (e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part thereof to the Senior Liabilities might be terminated, impaired or adversely affected; or
- (f) arrange or permit any contract of suretyship (or similar agreement) relating to its liabilities under this Agreement to be entered into, and

other than as disclosed in writing to the FSA, the Borrower represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).

Representations and undertakings of Lender

7 From and after the date of this Agreement (or the Effective Date if earlier), the Lender shall not without the prior written consent of the FSA -

- (a) assign, transfer, dispose of or encumber the whole or any part of the Subordinated Liabilities or purport to do so in favour of any person;
- (b) purport to retain or set off at any time any amount payable by it to the Borrower against any amount of the Subordinated Liabilities except to the extent that payment of such amount of the Subordinated Liabilities would be permitted at such time by this Agreement, and the Lender shall immediately pay an amount equal to any retention or set off in breach of this provision to the Borrower and such retention or set off shall be deemed not to have occurred;
- (c) amend or waive the terms of any document evidencing or providing for the Subordinated Liabilities;
- (d) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;
- (e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected; or

- 7 (f) take or enforce any security, guarantee or indemnity from any person for all or any part of the Subordinated Liabilities, and the Lender shall, upon obtaining or enforcing any security, guarantee or indemnity notwithstanding this undertaking, hold the same (and any proceeds thereof) on trust for the Borrower, and

other than as disclosed in writing to the FSA, the Lender represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).

Borrower being a partnership

- 8 Where the Borrower is a partnership -

- (a) this Agreement shall subsist in full force and effect notwithstanding any change which may take place from time to time in the constitution or title of the Borrower by the retirement of the present Partners or any of them or the assumption of new Partners or by a change of name PROVIDED THAT -

- (i) a retired Partner shall continue to be liable for the payment of all sums due under this Agreement and implementation of all other obligations in this Agreement until the Lender and the remaining Partner(s) shall agree in writing to release a retired Partner from those obligations and the FSA has agreed in writing to the release; and

- (ii) in the event of a new Partner being assumed as a partner of the Borrower the other Partners shall procure that said assumed Partner shall become bound to the Lender as a party to this Agreement and shall execute such addendum hereto as the Lender and the FSA may consider necessary;

- (b) the obligations and undertakings of the Borrower under this Agreement shall bind the Borrower and the Partners jointly and severally.

Partial invalidity

- 9 If any of the provisions of this Agreement is or becomes invalid, illegal or unenforceable under any law, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

The FSA and indemnity

- 10 The FSA shall not be taken to be a trustee or other fiduciary for, or have any obligations to, any person to whom some or all of the Senior Liabilities are owed. Each of the Lender and Borrower shall on demand indemnify the FSA against all claims, losses, costs, expenses and other liabilities made against or incurred by the FSA as a consequence of it taking action for breach of this Agreement.

Additional terms

- 11** Any additional terms agreed between the parties are set out in the Variable Terms provided that, if there is any inconsistency between the Variable Terms and the Standard Terms, the Standard Terms shall prevail.

Entire agreement

- 12** This Agreement forms the entire agreement as to the Subordinated Liabilities. If there are any other terms relating to the Subordinated Liabilities existing at the date hereof and not comprised in this Agreement such terms shall be of no further force and effect.

Amendments

- 13** Any amendments to this Agreement made or purported to be made without the consent of the FSA shall be void.

Notices to the FSA

- 14** A notice given to the FSA under this Agreement shall have no effect, and time shall not start to run in connection with that notice, until the FSA has given to the sender written confirmation of its receipt.

Law

- 15** This Agreement is governed by English law.

Jurisdiction

- 16** For the benefit of the FSA solely, each of the Borrower and the Lender irrevocably submits to the jurisdiction of the English Courts and, to the extent that it does not have a place of business within the jurisdiction, appoints the process agent specified in the Variable Terms as agent for receipt of service of process in such courts. Such jurisdiction shall be non-exclusive except to the extent that non-exclusivity prejudices the submission to the jurisdiction.

Approved Form Of Subordinated Loan Agreement

D. Signature Page

10.7 Approved Form of Short-Term Subordinated Loan Agreement for the purposes of Consolidated Supervision

A. Front Page

THIS AGREEMENT is made on the date set out in the Variable Terms (as set out in **Schedule 1** to this Agreement) and is to be effective on that date unless a different effective date is set out in those terms

BETWEEN -

- (1) **the Lender** (as defined in the Standard Terms set out in **Schedule 2** to this Agreement), and
- (2) **the Borrower** (as defined in the Standard Terms)

WHEREAS the Borrower wishes the Loan to qualify as Financial Resources contributing to its Financial Resources Requirement, (as those expressions are defined in the Standard Terms) and has fully disclosed to the FSA the circumstances giving rise to the Loan or Facility and the effective subordination of the Loan.

IT IS AGREED THAT this Agreement shall comprise the Variable Terms set out in **Schedule 1** to this Agreement and the Standard Terms set out in **Schedule 2** to this Agreement.

This Agreement is executed by the parties the day and year indicated in the Variable Terms.

Schedule 1

B. Variable Terms

1. Date of Agreement	
2. Effective Date	
3. Lender	
4. Address of Lender	
5. Borrower	
6. Address of Borrower	

7. **The Loan or Facility**

With reference to paragraph 2 of the Standard Terms,

--

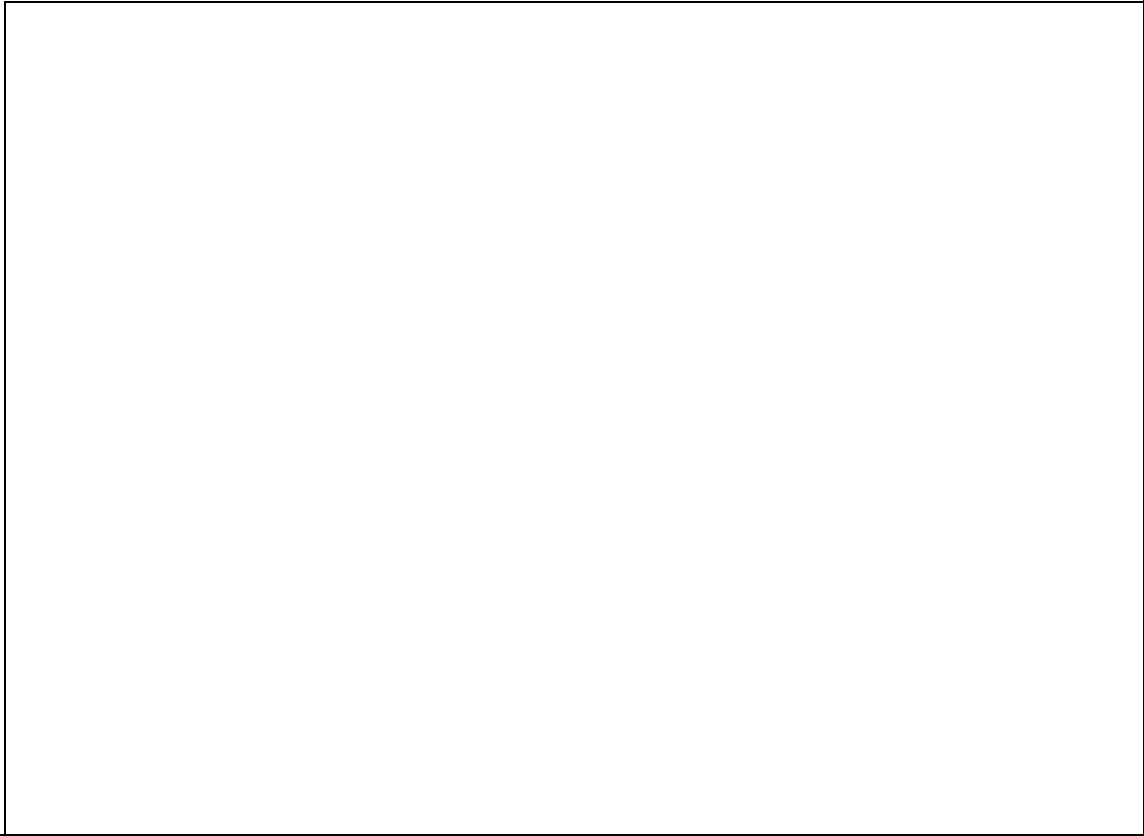

8. **Interest**

With reference to paragraph 3 of the Standard Terms, interest shall be calculated and paid as follows -

--

9. **Repayment**

With reference to paragraph 4(2) of the Standard Terms and subject always to paragraphs 4(3) (restrictions on repayment) and 5 (subordination) of the Standard Terms, the terms for repayment are -

Notes to paragraph 9.

1. The repayment date for the Loan must be one or more of -
 - a date not less than two years from the date of drawdown,
 - a date not less than two years from the Lender giving notice in writing to the Borrower and the FSA, or
 - a date not less than two years from the Borrower giving notice in writing to the Lender and the FSA.
2. Where the Agreement is for a loan facility each Advance must be treated separately and have a repayment date not less than two years from the date of drawdown, or be subject to not less than two years' notice or have and be subject to both.

10. **Additional terms**

With reference to paragraph 11 of the Standard Terms, the additional terms to this Agreement are -

[Empty rectangular box for additional terms]

11. Jurisdiction

With reference to paragraph 16 of the Standard Terms, the person(s) indicated below is (are) appointed as agents for service of process -

(a) by the Lender -

Schedule 2

C. Standard Terms

Interpretation

1 (1) In this Agreement -

“**Advance**” means, where this Agreement is for a loan facility, an amount drawn or to be drawn down by the Borrower or otherwise made available by the Lender under this Agreement as that amount may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

“**Borrower**” means the person identified as such in the Variable Terms and includes its permitted successors and assigns and, where the Borrower is a partnership, each Partner;

“**Business Day**” means any day except Saturday, Sunday or a bank or public holiday in England;

“**Effective Date**” means the date on which this Agreement is to take effect being the date of this Agreement unless otherwise stated in the Variable Terms;

“**Excluded Liabilities**” means Liabilities which are expressed to be and, in the opinion of the Insolvency Officer of the Borrower, do, rank junior to the Subordinated Liabilities in any Insolvency of the Borrower;

“**Facility**” means the loan facility referred to in paragraph 2(2);

“**Financial Resources**” means the financial resources which apply to the Borrower as calculated under rule 10-200(1) of the Financial Rules and are notifiable to the Borrower via its subsidiaries regulated by the FSA from time to time;

“**Financial Resources Requirement**” means the financial resources requirement which applies to the Borrower as calculated under rule 10-200(1) of the Financial Rules and are notifiable to the Borrower via its subsidiaries regulated by the FSA from time to time.

“**Financial Rules**” means the rules in IPRU(INV) 10 of the FSA handbook;

“**Insolvency**” means and includes liquidation, winding up, bankruptcy, sequestration, administration, rehabilitation and dissolution (whichever term may apply to the Borrower) or the equivalent in any other jurisdiction to which the Borrower may be subject;

“**Insolvency Officer**” means and includes any **person** duly appointed to administer and distribute assets of the Borrower in the course of the Borrower’s Insolvency;

- 1 (1) **“Lender”** means the person identified as such in the **Variable** Terms and includes its permitted successors and assigns;

“Liabilities” means all present and future sums, liabilities and obligations payable or owing by the Borrower (whether actual or contingent, jointly or severally or otherwise howsoever);

“Loan” means the indebtedness of the Borrower to the Lender referred to in paragraph 2(1) as that indebtedness may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

“Partner” means, where the Borrower is a partnership, each and every partner of the Borrower as a partner and as an individual (see also paragraph 8);

“Senior Liabilities” means all Liabilities except the Subordinated Liabilities and Excluded Liabilities;

“Subordinated Liabilities” means all Liabilities to the Lender in respect of the Loan or each Advance made under this Agreement and all interest payable thereon.

“the FSA” means The Financial Services Authority Limited whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS; and

- (2) Any reference to any rules of the FSA is a reference to them as in force from time to time.
- (3) Reference to any gender includes a reference to all other genders.
- (4) Reference to a paragraph is to a paragraph of these Standard Terms, unless otherwise indicated.

The Loan or Facility

- 2 (1) Where as indicated in the Variable Terms this Agreement is for a loan, the Borrower hereby acknowledges its indebtedness to the Lender in the sum mentioned in the Variable Terms as an unsecured loan upon and subject to the terms and conditions of this Agreement.
- (2) Where, as indicated in the Variable Terms this Agreement is for a loan facility -
- (a) the maximum aggregate principal amount of each Advance outstanding at any time under the Facility shall not exceed the maximum amount specified in the Variable Terms or such other amount as may be agreed between the Borrower and the Lender from time to time;
- (b) the Facility will be available until the last available date specified in the Variable Terms; and

- 2** (2) (c) any specific terms dealing with the mechanics of drawdown are contained in the Variable Terms.
- (3) The Lender and the Borrower undertake to provide the FSA, immediately upon request, with details in writing of all principal and interest in respect of the Loan or each Advance outstanding for the time being and all payments of any amount made in the period specified by the FSA in the request.

Interest

- 3** Subject to the provisions of paragraphs 4 and 5, until repayment of the Loan or each Advance in full, the Borrower will pay to the Lender interest on the Loan or each Advance (or on any part or parts of it or them for the time being outstanding under this Agreement) calculated and payable in the manner set out in the Variable Terms.

Repayment

- 4** (1) The provisions of this paragraph are subject in all respects to the provisions of paragraph 5(subordination).
- (2) The terms concerning repayment are set out in the Variable Terms but are subject to paragraph 4(3).
- (3) (a) Except where the FSA otherwise permits, no repayment, or prepayment of the Loan or any Advance may be made, in whole or in part, before the relevant repayment date provided for in paragraph 9 of the Variable Terms.
- (b) the FSA may permit the early repayment or prepayment of the Loan or any Advance, in whole or in part, only where, immediately after such repayment or prepayment, the Borrower's Financial Resources would be greater than 100% of its Financial Resources Requirement.
- (c) Payments of interest at a rate not exceeding the rate provided for in paragraph 3 may be made without notice to or consent of the FSA, except that where -
- (i) immediately after payment, the Borrower's Financial Resources would be less than or equal to 100% of its Financial Resources Requirement; or
- (ii) before payment, the Insolvency of the Borrower commences,
- no such payment may be made without the prior written consent of the FSA.
- (4) If in respect of the Loan or any Advance default is made for a period of -
- (a) seven days or more in the payment of any principal due, or
- (b) 14 days or more in the payment of any interest due,

- 4** (4) the Lender may, at its discretion and after taking such preliminary steps or actions as may be necessary, enforce payment by instituting proceedings for the Insolvency of the Borrower after giving seven Business Day's prior written notice to the FSA of its intention to do so.
- (5) Subject to (6) below, the Lender may at its discretion, subject as provided in this Agreement, institute proceedings for the Insolvency of the Borrower to enforce any obligation, condition or provision binding on the Borrower under this Agreement (other than any obligation for the payment of principal moneys or interest in respect of the Loan or any Advance) PROVIDED THAT the Borrower shall not by virtue of the institution of any such proceedings for the Insolvency of the Borrower be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.
- (6) The Lender may only institute proceedings for the Insolvency of the Borrower to enforce the obligations referred to in (5) above if -
- (a) a default under those obligations is not remedied to the satisfaction of the Lender within 60 days after notice of such default has been given to the Borrower by the Lender requiring such default to be remedied;
 - (b) the Lender has taken all preliminary steps or actions required to be taken by it prior to the institution of such proceedings; and
 - (c) the Lender has given seven Business Days' prior written notice to the FSA of its intention to institute such proceedings.
- (7) No remedy against the Borrower other than as specifically provided by this paragraph 4 shall be available to the Lender whether for the recovery of amounts owing under this Agreement or in respect of any breach by the Borrower of any of its obligations under this Agreement.

Subordination

- 5** (1) Notwithstanding the provisions of paragraph 4, the rights of the Lender in respect of the Subordinated Liabilities are subordinated to the Senior Liabilities and accordingly payment of any amount (whether principal, interest or otherwise) of the Subordinated Liabilities is conditional upon -
- (a) (if an order has not been made or an effective resolution passed for the Insolvency of the Borrower and, being a partnership, the Borrower has not been dissolved) the Borrower being in compliance with not less than 100% of its Financial Resources Requirement immediately after payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that -
 - (i) paragraph 4(3) has been complied with; and

- 5** (1) (a) (ii) the Borrower could make such payment and still be in compliance with such Financial Resources Requirement; and
- the Borrower being “solvent” at the time of, and immediately after, the payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that the Borrower could make such payment and still be “solvent”.
- (2) For the purposes of sub-paragraph (1)(b) above, the Borrower shall be “solvent” if it is able to pay its Liabilities (other than the Subordinated Liabilities) in full disregarding -
- (a) obligations which are not payable or capable of being established or determined in the Insolvency of the Borrower, and
- (b) the Excluded Liabilities.
- (3) Interest will continue to accrue at the rate specified pursuant to paragraph 3 on any payment which does not become payable under this paragraph 5.
- (4) For the purposes of sub-paragraph (1)(b) above, a report given at any relevant time as to the solvency of the Borrower by its Insolvency Officer, in form and substance acceptable to the FSA, shall in the absence of proven error be treated and accepted by the FSA, the Lender and the Borrower as correct and sufficient evidence of the Borrower’s solvency or Insolvency.
- (5) Subject to the provisions of sub-paragraphs (6), (7) and (8) below, if the Lender shall receive from the Borrower payment of any sum in respect of the Subordinated Liabilities -
- (a) when any of the terms and conditions referred to in sub-paragraph (1) above is not satisfied, or
- (b) where such payment is prohibited under paragraph 4(3),
- the payment of such sum shall be void for all purposes.
- (6) Any sum referred to in sub-paragraph (5) above shall be received by the Lender upon trust to return it to the Borrower.
- (7) Any sum so returned shall then be treated for the purposes of the Borrower’s obligations hereunder as if it had not been paid by the Borrower and its original payment shall be deemed not to have discharged any of the obligations of the Borrower hereunder.

- 5** (8) A request to the Lender for return of any sum referred to in sub-paragraph (5) shall be in writing and shall be made by or on behalf of the Borrower or, as the case may be, its Insolvency Officer.

Representations and undertakings of Borrower

- 6** From and after the date of this Agreement (or the Effective Date if earlier), the Borrower shall not without the prior written consent of the FSA -

- (a) secure all or any part of the Subordinated Liabilities;
- (b) redeem, purchase or otherwise acquire any of the Subordinated Liabilities;
- (c) amend any document evidencing or providing for the Subordinated Liabilities;
- (d) repay any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;
- (e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part thereof to the Senior Liabilities might be terminated, impaired or adversely affected; or
- (f) arrange or permit any contract of suretyship (or similar agreement) relating to its liabilities under this Agreement to be entered into, and

other than as disclosed in writing to the FSA, the Borrower represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).

Representations and undertakings of Lender

- 7** From and after the date of this Agreement (or the Effective Date if earlier), the Lender shall not without the prior written consent of the FSA -

- (a) assign, transfer, dispose of or encumber the whole or any part of the Subordinated Liabilities or purport to do so in favour of any person;
- (b) purport to retain or set off at any time any amount payable by it to the Borrower against any amount of the Subordinated Liabilities except to the extent that payment of such amount of the Subordinated Liabilities would be permitted at such time by this Agreement, and the Lender shall immediately pay an amount equal to any retention or set off in breach of this provision to the Borrower and such retention or set off shall be deemed not to have occurred;
- (c) amend or waive the terms of any document evidencing or providing for the Subordinated Liabilities;
- (d) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;

- 7 (e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected; or
- (f) take or enforce any security, guarantee or indemnity from any person for all or any part of the Subordinated Liabilities, and the Lender shall, upon obtaining or enforcing any security, guarantee or indemnity notwithstanding this undertaking, hold the same (and any proceeds thereof) on trust for the Borrower, and

other than as disclosed in writing to the FSA, the Lender represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).

Borrower being a partnership

8 Where the Borrower is a partnership -

- (a) this Agreement shall subsist in full force and effect notwithstanding any change which may take place from time to time in the constitution or title of the Borrower by the retirement of the present Partners or any of them or the assumption of new Partners or by a change of name PROVIDED THAT -
- (i) a retired Partner shall continue to be liable for the payment of all sums due under this Agreement and implementation of all other obligations in this Agreement until the Lender and the remaining Partner(s) shall agree in writing to release a retired Partner from those obligations and the FSA has agreed in writing to the release; and
- (ii) in the event of a new Partner being assumed as a partner of the Borrower the other Partners shall procure that said assumed Partner shall become bound to the Lender as a party to this Agreement and shall execute such addendum hereto as the Lender and the FSA may consider necessary;
- (b) the obligations and undertakings of the Borrower under this Agreement shall bind the Borrower and the Partners jointly and severally.

Partial invalidity

- 9 If any of the provisions of this Agreement is or becomes invalid, illegal or unenforceable under any law, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

The FSA and indemnity

- 10** The FSA shall not be taken to be a trustee or other fiduciary for, or have any obligations to, any person to whom some or all of the Senior Liabilities are owed. Each of the Lender and Borrower shall on demand indemnify the FSA against all claims, losses, costs, expenses and other liabilities made against or incurred by the FSA as a consequence of it taking action for breach of this Agreement.

Additional terms

- 11** Any additional terms agreed between the parties are set out in the Variable Terms provided that, if there is any inconsistency between the Variable Terms and the Standard Terms, the Standard Terms shall prevail.

Entire agreement

- 12** This Agreement forms the entire agreement as to the Subordinated Liabilities. If there are any other terms relating to the Subordinated Liabilities existing at the date hereof and not comprised in this Agreement such terms shall be of no further force and effect.

Amendments

- 13** Any amendments to this Agreement made or purported to be made without the consent of the FSA shall be void.

Notices to the FSA

- 14** A notice given to the FSA under this Agreement shall have no effect, and time shall not start to run in connection with that notice, until the FSA has given to the sender written confirmation of its receipt.

Law

- 15** This Agreement is governed by English law.

Jurisdiction

- 16** For the benefit of the FSA solely, each of the Borrower and the Lender irrevocably submits to the jurisdiction of the English Courts and, to the extent that it does not have a place of business within the jurisdiction, appoints the process agent specified in the Variable Terms as agent for receipt of service of process in such courts. Such jurisdiction shall be non-exclusive except to the extent that non-exclusivity prejudices the submission to the jurisdiction.

Approved Form Of Subordinated Loan Agreement

D. Signature Page

10.8 Guidance Notes on Completion of Agreements

A GENERAL

Introduction

1. These Notes are designed to accompany the Approved Forms of Subordinated Loan Agreement, each of which is in four parts: the front page, the Variable Terms in Schedule 1, the Standard Terms in Schedule 2 and the signature page. The parties will need to set out details of themselves and the transaction in the Variable Terms and complete the signature page. The front page and the Standard Terms should remain unaltered.
2. All communications with the FSA regarding the proposed Agreement should in the first instance be via the firm's inspector.

ISD/Non-ISD

3. Firms are advised to ensure that the appropriate form of ISD (Chap.10)/non-ISD (Chap.3) subordinated loan agreement is used. This is, of course, dependent on the firm's authorisation categorisation. Should the firm's categorisation be changing from ISD to non-ISD (or vice versa), this should be discussed with the firm's inspector as it is likely that any subordinated loan agreement in place will have to be revised. Subordinated loan agreements for ISD firms are further classified as either short-term or long-term - this turns on whether the loan is to have an original maturity period of at least 2 or 5 years.

Preparation of the Agreement

4. (a) The form containing the Variable Terms may be completed or re-typed according to preference.
(b) Rather than re-type the Standard Terms (Schedule 2), firms should simply **photocopy Schedule 2 of the FSA precedent or print it from the website and include it as part of the original Agreement**. This avoids the need for the FSA to have to proof read the Standard Terms in each case which means that the FSA can process the Agreement more speedily and, of course, saves work for the firm in having to re-type the document.

Approval

5. (a) Firms should submit the proposed agreements to the FSA in **draft form** for its approval, marked for the attention of the appropriate inspector. If this practice is followed, any change required by the FSA can be effected without the firm and the lender having to re-execute the documents.
(b) When considering whether to approve the proposed agreement, the FSA will rely on a full disclosure to it of the circumstances giving rise to the

giving of the loan or facility and its effective subordination. Attention is drawn in particular to paragraphs 6 and 7 of the Standard Terms (representations and undertakings).

Financial Rules IPRU(INV) 10-63

6. Firms are referred to rule IPRU(INV) 10-63 on the use of subordinated loans, including restrictions on approved lenders, repayment provisions and gearing limits.

B NOTES ON VARIABLE TERMS

Dates

7. Paragraph 1: The **Date of the Agreement** should be left blank by the firm. This Date will be completed by the FSA when it ultimately executes the agreement.

Paragraph 2: If the **Effective Date of the Agreement** is to be different from the Date of the Agreement, care should be taken to record this in paragraph 2. Where this is the case, the Effective Date will normally be expected to be later than the Date of the Agreement. If the Effective Date is to be a date prior to the date of the Agreement (for example because the loan was drawn down before the Agreement was put in place), the firm will be expected to provide a reasonable explanation to the FSA as to why it was not possible to document the loan more promptly.

Addresses

8. Paragraphs 4 and 6: The address given should be the firm's registered office or equivalent.

Partnerships

9. Paragraph 5: Where the Borrower is a partnership, insert "See Additional Terms, paragraph 10() below" and in paragraph 10 of Schedule 1, insert the names and addresses of each of the partners.

The Loan or Facility

10. Paragraph 7: Check that paragraph 2 of the Standard Terms accurately reflects the intentions of the parties.

11. Suggested wording for a loan is:

"This is an agreement for the Loan of £[]."

12. Suggested wording for a facility is:

"This is an agreement for a Facility under which the Lender is committed to make Advances in pounds sterling to the Borrower up to a maximum amount of £[] until the last available date of the Facility being [.....(date)].

The terms (if any) agreed between the parties on the mechanics of drawdown are as follows - ". *

* For example, the parties may wish to provide that:

“Advances may be drawdown in integral multiples of £100,000.”.

Interest

13. Paragraph 8: the FSA will be concerned if an excessive rate of interest compared with the market rate is charged. Broadly speaking a rate of interest will be regarded by the FSA as excessive if it is not a commercial one. Compound interest is not acceptable.

Repayment

14. Irrespective of the form of agreement being used, the specified notice period runs from the date of drawdown and, therefore, where a loan is in the form of a facility, each advance must be for a minimum of the required period.

15. Repayment clauses have given rise to confusion in the past. The wording of such clauses will differ depending on whether an ISD long-term, an ISD short-term or a non-ISD form is being used. Sample wordings for each of these forms of agreement are set out below.

ISD: Long-term form

16 Firms are advised that for an ISD long-term form the repayment date must be a specified date not less than 5 years from one or more of:

- the date of drawdown;
- the borrower giving notice in writing to the lender and the FSA; or
- the lender giving notice in writing to the borrower and the FSA.

17. Paragraph 9: Examples of suggested wordings for either a fixed repayment date or repayment on notice for a long-term form are as follows:

(a) "The Borrower shall repay [the Loan/each Advance made to it] on the [date which falls five years after the date] [fifth anniversary]of drawdown of the [Loan/relevant Advance]."

(b) "The Borrower shall repay [the Loan/each Advance made to it] five years after the date on which:

(a) the Borrower gives written notice to the Lender and to the FSA; or

(b) the Lender gives written notice to the Borrower and to the FSA."

Note: either (a) or (b) above by itself is sufficient.

- (c) "[The Loan / Each Advance made to the Borrower] shall be repayable on the date specified by notice in writing given by the Lender to the Borrower and to the FSA or notice in writing given by the Borrower to the Lender and to the FSA, in either case that date being not less than five years after the date on which the notice is given."

ISD: Short-term form

18 For short-term agreements the applicable repayment period is at least two years, rather than five years as required for a long-term form, but otherwise the requirements are as above.

19 Paragraph 9: Examples of suggested wordings for either a fixed repayment date or repayment on notice for a short-term form are as follows:

(a) "The Borrower shall repay [the Loan/each Advance made to it] on the [date which falls two years after the date] [second anniversary] of drawdown of the [Loan/relevant Advance]."

(b) "The Borrower shall repay [the Loan/each Advance made to it] two years after the date on which:

(a) the Borrower gives written notice to the Lender and to the FSA; or

(b) the Lender gives written notice to the Borrower and to the FSA."

Note: either (a) or (b) above by itself is sufficient.

- (c) "[The Loan / Each Advance made to the Borrower] shall be repayable on the date specified by notice in writing given by the Lender to the Borrower and to the FSA or notice in writing given by the Borrower to the Lender and to the FSA, in either case that date being not less than two years after the date on which the notice is given."

Additional terms

20. Paragraph 10: Additional terms may be agreed between the borrower and lender such as those relating to -

- representations and warranties
- provision of financial and other information
- covenants
- costs and expenses

- taxes and increased costs
- mechanics of payment
- notices
- termination provisions.

However, they should not be inconsistent with the Agreement or the FSA rules. For example, any terms dealing with additional payments by the borrower (eg to compensate for taxes or increased costs) should be subject to the FSA's prior written consent. Covenants and additional representations and warranties should not be inconsistent with the existing representations and warranties in paragraphs 6 and 7 of the Standard Terms. Similarly, any notices clause should take into account paragraph 14 of the Standard Terms (notices to the FSA of no effect until receipt confirmed). Any inconsistency between the Variable Terms and the Standard Terms is resolved in favour of the Standard Terms (paragraph 11 of the Standard Terms).

21. The lender and borrower should note that the action which can be taken by the lender in response to any breach of representation, warranty or covenant by the borrower is considerably constrained by paragraphs 4 and 5 of the Standard Terms. Therefore the value to the lender of including additional representations, warranties or covenants is very limited.
22. See also note 9 above for the situation where the borrower is a partnership and notes 24 -25 below for additional terms relating to law and jurisdiction.

Law and jurisdiction

23. If the borrower or lender is resident in another jurisdiction and does not have a branch office within the United Kingdom, paragraph 11 of the Variable Terms should be completed.
24. The borrower should not be appointed agent for service of process on the lender in case a dispute arises between them.

C NOTES ON STANDARD TERMS

Representations and undertakings

25. Paragraphs 6(f) and 7(f): Before giving its consent, the FSA will need to be satisfied that the guarantor or other provider of security has waived its right of subrogation against the borrower until all Senior Liabilities of the borrower have been paid in full. A form of deed for this purpose is available from the FSA.
26. On the effect of other terms relating to the subordinated liabilities not contained in this Agreement, see also paragraph 12 of the Standard Terms.
27. Paragraphs 15 and 16: See Notes 24-25 above.

D SIGNATURE PAGE

Arrangements for execution post the FSA approval

28. (a) **Three identical original Agreements** (i.e. the front page, the two Schedules and the signature page, each copy stapled or otherwise bound together) should be prepared for signature. Firms and lenders may use any of the execution forms set out in Notes 34-35 below.
- (b) *Leaving the date of the Agreement in the Variable Terms blank*, the lender and borrower should execute the three original Agreements, initial any manuscript amendments and forward them to the appropriate the FSA inspector so that they may be executed by the FSA.
- (c) The Date of the Agreement in paragraph 2 of the Variable Terms will be filled in by the FSA as the last party to sign the Agreement.

E DEEDS OF VARIATION/ DEEDS OF TERMINATION

30. Firms are advised to ensure that the appropriate standard the FSA form is used. These forms are available from the FSA on request.
31. The recitals to the deed should refer to the amount of the loan/ each advance and where applicable, briefly summarise the effect of any previous variation of the agreement and of variation of the original agreement which is currently proposed.
32. A variation or termination of a subordinated loan agreement can only be effected by the execution of a further deed. In particular, this means that the formalities for executing a deed (see note 34-36 below) must be observed for all deeds of variation or termination and that all parties to the original agreement must also be parties to the subsequent deed of variation or termination. Only the forms set out at Notes 35(1) and (2) or 36(2) below are appropriate for execution as a deed.
33. A deed of variation will be required where the parties wish to change the terms of a subordinated loan agreement eg. where the amount of the loan or advance is to be increased. A deed of termination is needed where the parties wish to bring to terminate an agreement that is in place before it would otherwise come to an end. This could occur, for example, where the firm wants to substitute a new lender. Please note that where a subordinated loan agreement is terminated in this way, all obligations and liabilities of the parties arising before the date of termination remain in effect.

F Execution

34. In the case of English companies, reference is made to sections 36 and 36A of the Companies Act 1985 under which a company may contract

- under its common seal
- through any person acting under its authority, express or implied,

and a document signed by a director and the secretary of the company or by two directors and expressed to be executed by the company as a deed has the same effect as if executed under the common seal of the company.

35. Suggested wordings for English companies are:

13.1 FORM OF SUBORDINATED LOAN AGREEMENT FOR PERSONAL INVESTMENT FIRMS (SEE IPRU (INV) 13)

NOTES FOR COMPLETION OF THIS DOCUMENT

This subordinated loan Agreement is to be used for injecting additional funds into a firm on a semi-permanent basis. This loan should normally be made in cash. You should speak to FSA before completing the Agreement if you intend to make the loan by a transfer or assignment of assets.

- (1) *This is the standard form prescribed by FSA for long term or short term subordinated loans. A long term subordinated loan must have an original maturity of at least five years or, where it has no fixed term, be subject to five years' notice of repayment; a short term subordinated loan must have an original maturity of at least two years or, where it has no fixed term, be subject to five years' notice of repayment. Delete from the heading and from paragraph 4(2) (Repayment of the Loan) whichever period in brackets is not relevant.*
- (2) *In paragraph 2, you should insert the Effective Date of the Loan, that is, the date on which the Lender will make the advance, if this differs from the date of the Agreement.*
- (3) *Words in brackets marked with a double asterisk ** are for use where the Borrower is a partnership.*

Governing Law

Number of crosses	Governing Law
+	Scottish
++	Scottish or Northern Irish
+++	English or Northern Irish
++++	Northern Irish
+++++	English

*Example: Words marked ++** will be for use where the Borrower is a partnership and the Agreement is governed by either Scottish or Northern Irish law.*

- (4) *Words in round brackets in paragraph 10 are only required where either the Lender or Borrower (or both) is not incorporated in any part of the United Kingdom.*
- (5) *You should speak to FSA before changing or amending this standard form (for example, by adding provisions relating to the terms of the Loan to be made to the Borrower by the Lender). FSA reserves the right to make a charge for considering any non-standard agreement.*

IT IS AGREED AS FOLLOWS:-

1. DEFINITIONS

In this agreement:-

“**Effective Date**” means the date on which this Agreement is to take effect being the date of the Agreement unless otherwise stated in paragraph 2;

“**Excluded Liabilities**” means Liabilities which are expressed to be and, in the opinion of the Insolvency Officer of the Borrower, do rank junior to the Subordinated Liabilities in any Insolvency of the Borrower;

“**Financial Resource Requirement**” means 120 per cent. of the minimum amount of financial resources which the Borrower is required by FSA to maintain at any particular time in compliance with the Rules in chapter 13 of the Interim Prudential Sourcebook (“IPRU (INV)”) and any provisions amending or replacing them;

“**Insolvency**” means and includes liquidation, winding up, bankruptcy, sequestration, administration or dissolution (whichever term may apply to the Borrower) or the equivalent in any other jurisdiction to which the Borrower may be subject;

“**Insolvency Officer**” means and includes any person duly appointed to administer and distribute assets of the Borrower in the course of the Borrower’s Insolvency;

“**Liabilities**” means all present and future sums, liabilities and obligations payable or owing by the Borrower [or any Partner **] (whether actual or contingent, jointly or severally or otherwise howsoever);

“**Loan**” means the indebtedness of the Borrower to the Lender referred to in paragraph 2 as that indebtedness may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

[“**Partner**” means an individual partner of the Borrower**];

“**Rules**” means the Rules of FSA from time to time in force;

“**Senior Liabilities**” means all Liabilities except the Subordinated Liabilities and Excluded Liabilities;

“**Subordinated Liabilities**” means all Liabilities to the Lender in respect of the Loan and all interest payable thereon.

2. LOAN

The Borrower hereby acknowledges its indebtedness to the Lender in the sum of [] as an unsecured loan upon and subject to the terms and conditions of this Agreement.

[Note: This paragraph may be adapted to reflect the actual basis on which the unsecured Loan arises and, if applicable, how it is to be drawn down. Members are requested to specify clearly the Effective Date of the Loan if it will differ from the date of the Agreement.]

3. INTEREST

Subject to the provisions of paragraphs 4 and 5, until repayment of the Loan in full the Borrower will [the Borrower and the partners hereby bind and oblige themselves jointly and severally to +**] pay to the Lender interest on the Loan or on any part or parts of it for the time being remaining due under this Agreement such interest to be calculated and to be payable as provided below.

[Enter details of interest calculations and manner and time of payments. The rate of interest is not to exceed an annual rate of five per cent. above the London Inter-Bank Offered Rate for deposits of the currency in question for the relevant interest period or (where a fixed rate of interest is charged) give per cent. per annum above such rate at the date the Loan is first taken out.]

4. REPAYMENT OF THE LOAN

- (1) The provisions of this paragraph are subject to the provisions of paragraph 5.
- (2) Except where the Borrower has obtained FSA’s prior written consent and that consent has not been withdrawn, **no** repayment or prepayment of the Loan shall be made, in whole or in part, earlier than a date:
 - (a) not less than [five years] [two years] from the date on which the Loan was first made; or

- (b) not less than [five years] [two years] from the date on which the Borrower gave notice in writing to the Lender and FSA, or
 - (c) not less than [five years] [two years] from the date on which the Lender gave notice in writing to the Borrower and FSA.
- (3) If default is made for a period of 7 days or more in the payment of any principal due in respect of the Loan or for a period of 14 days or more in the payment of any interest due in respect of the Loan the Lender may, in order to enforce payment, at its discretion and after taking such preliminary steps as may be necessary and after notifying FSA, institute proceedings for the Insolvency of the Borrower [or the Insolvency of all or any Partners**]. If an order is made or an effective resolution is passed for the winding up of the Borrower, the Loan shall become repayable.
- (4) The Lender may at its discretion, subject to the provisions which follow, institute proceedings for the Insolvency of the Borrower [or the Insolvency of all or any Partners**] to enforce any obligation, condition or provision binding on the Borrower [or on all or any Partners**+] under this Agreement (other than any obligation for the payment of principal moneys or interest in respect of the Loan) provided that the borrower [or any Partner**] shall not by virtue of the institution of any such proceedings be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it. The Lender may only institute such proceedings to enforce the obligations referred to above if (i) the default is not remedied to the satisfaction of the Lender within 60 days after notice of such default is not remedied to the satisfaction of the Lender within 60 days after notice of such default has been given to the Borrower by the Lender (with a copy to FSA) requiring the default to be remedied and (ii) the Lender has taken all preliminary steps required to be taken by it prior to the institution of such proceedings.
- (5) No remedy against the Borrower [or any Partner**] other than as specifically provided by this paragraph shall be available to the Lender whether for the recovery of amounts owing under this Agreement or in respect of any breach by the Borrower [or any Partners**] of any of its obligations under this Agreement.

5. SUBORDINATION

- (1) Notwithstanding the provisions of paragraph 4, the rights of the Lender in respect of the Subordinated Liabilities are subordinated to the Senior Liabilities and accordingly payment of any amount whether principal (by way of repayment or prepayment), interest or otherwise, of the Subordinated Liabilities is conditional upon:-
 - (a) (if an order has **not** been made or an effective resolution passed for the Insolvency of the Borrower) the Borrower being in compliance with its Financial Resource Requirement prevailing at the time of payment by the Borrower; and accordingly no such amount which would otherwise

fall due for payment shall be payable except to the extent that repayment under paragraph 4(2) above is permitted and the Borrower could make such payment and still be in compliance with its Financial Resource Requirement immediately thereafter; and

- (b) (if an order has been made or an effective resolution has been passed for the Insolvency of the Borrower [or if the Borrower shall be dissolved**]) the Borrower being solvent at the time of payment by the Borrower; and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that the Borrower could make such payment and still be solvent immediately thereafter. For the purposes of this sub-paragraph, the Borrower shall be solvent if it is able to pay its debts in full and in determining whether the Borrower is solvent for the purposes of this sub-paragraph there shall be disregarded obligations which are not payable or capable of being established or determined in the Insolvency of the Borrower.
- (2) (a) No payment of the Subordinated Liabilities (other than in respect of interest) shall be made at any time under sub-paragraph (1) above unless the Borrower has obtained FSA's prior written consent to such payment and that consent has not been withdrawn.
 - (b) The Borrower shall give or ensure that there are given to FSA such information and auditor's certificate in relation to the proposed payment as FSA may require.
- (3) Payments of interest at a rate not exceeding the rate provided in paragraph 3 may be made to the extent permitted by sub-paragraph (1) above without prior notification to FSA.
 - (4) For the purposes of sub-paragraph (1)(b) above a report given at any relevant time as to the solvency of the Borrower by its Insolvency Officer, in form and substance acceptable to FSA, shall in the absence of proven error be treated and accepted by FSA, the Lender and the Borrower as correct and sufficient evidence of the Borrower's solvency.
 - (5) If the Lender shall receive from the Borrower [or any Partner**] payment of any sum in respect of the Subordinated Liabilities where repayment is prohibited under paragraph 4(2) or when any of the terms and conditions referred to in sub-paragraphs (1) or (2) above is not satisfied the payment of such sum shall be void for all purposes and [any such sum shall be received by the Lender upon trust to return the same to the Borrower+++] [the Lender shall at any time thereafter be bound to return such sum to the Borrower, or, as the case may be, its Insolvency Officer+] (and any sum so returned shall then be treated for the purposes of the Borrower's obligations under this Agreement as if it had not been paid by the Borrower and its original payment shall be deemed not to have discharged any of the obligations of the Borrower). A request to the Lender for return of any sum under the foregoing provisions of this sub-paragraph (5) shall be in writing and shall be made by or on behalf of the Borrower or, as the case may be, its Insolvency Officer.

6. UNDERTAKINGS OF BORROWER

From and after the date of this Agreement (or the Effective Date if earlier), the Borrower will not [and no Partner will**] without the prior written consent of FSA:-

- (1) secure all or any part of the Subordinated Liabilities;
- (2) redeem, purchase or otherwise acquire any of the Subordinated Liabilities;
- (3) amend any document evidencing or providing for the Subordinated Liabilities;
- (4) repay any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;
- (5) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected.

7. DOCUMENTATION

This Agreement forms the entire agreement as to the Subordinated Liabilities. If there are any other terms relating to the Subordinated Liabilities existing at the date of this Agreement and not comprised in it such terms shall be of no further force and effect. No variation of or amendment to this Agreement shall be of any effect unless it is in writing signed by all the parties. Any amendment to this Agreement made or purported to be made without the consent of FSA shall be void.

8. UNDERTAKINGS OF LENDER

The Lender will not without the prior written consent of FSA:-

- (1) assign or purport to assign to any person the whole or any part of the Subordinated Liabilities;
- (2) purport to retain or set-off at any time any amount payable by it to the Borrower [or any Partner**] against any amount of the Subordinated Liabilities except to the extent that payment of such amount of the Subordinated Liabilities would be permitted at such time by this Agreement, and the Lender shall immediately pay an amount equal to any retention or set-off in breach of this provision to the Borrower and such retention or set-off shall be deemed not to have occurred;
- (3) amend or waive the terms of any document evidencing or providing for the Subordinated Liabilities;
- (4) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;

- (5) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected;
- (6) take or enforce any security, guarantee or indemnity from any person for all or any part of the Subordinated Liabilities, and the Lender shall, upon obtaining security, guarantee or indemnity in breach of this undertaking, hold the same [on trust for +++] [as agent of and for the benefit of ++] the Borrower.

[Note: Before giving its consent to a transaction falling under paragraph 8(6), FSA will need to be satisfied that the provider of security has waived his rights of subrogation against the Borrower until all Senior Liabilities of the Borrower have been paid in full.]

9. This Agreement shall subsist in full force and effect notwithstanding any change which may take place from time to time in the constitution or title of the Borrower by the retirement of the present partners or [either] [any] of them or the assumption of new Partners or by a change of name it being provided that:-
 - (a) a retired Partner shall continue to be liable for the payment of all sums due under this Agreement and implementation of all other obligation contained in it until such time as the Lender and the remaining Partner[s] shall agree in writing to release a retired Partner from such obligations and FSA has given its written consent to the release; and
 - (b) in the event of a new partner being assumed as a Partner of the Borrower the other partners shall procure that the said assumed Partner shall become bound to the Lender as a party to this Agreement and shall execute such addendum to it as the Lender and FSA may consider necessary.

The obligations and undertakings of the Borrower under this Agreement shall bind the Borrower and the Partners jointly and severally. **+]

10. LAW [AND JURISDICTION]

This Agreement is governed by [English law +++++] [the law of Scotland +] [the law of Northern Ireland +++++] and, for the benefit of FSA solely, each of the Borrower and the Lender irrevocably submits to the jurisdiction of the [English Courts +++++] [Court of Session, Scotland +] [Northern Irish Courts +++++] (and, to the extent that it does not have a place of business within this jurisdiction, appoints [*name and address of agent for service*] as agent for receipt of service of process in such courts). Such jurisdiction shall be non-exclusive except to the extent that such non-exclusivity prejudices the submission to such jurisdiction.

IN WITNESS whereof the parties hereto have duly executed this Agreement as a Deed the day and year first above written.

Chapter 1.

Commitments

1.1 Application and purpose

Who?

- 1.1.1** G_{/1} The *guidance* in this chapter lists some general, high level, commitments which every *firm* should make and fulfil, except that:
- (1) for an *incoming EEA firm* or an *incoming Treaty firm*, this chapter applies only in so far as responsibility for any matter it covers is not reserved by a European Community instrument to the *firm's Home State regulator*; and
 - (2) this chapter applies to a *UCITS qualifier* only in so far as it is relevant to the manner in which a *firm communicates* or *approves a financial promotion*.

Where?

- 1.1.2** G_{/1} The *guidance* in this chapter is addressed to *firms* wherever their activities may be carried on.

Why?

- 1.1.3** G_{/1} *Principle 3* requires *firms* to take reasonable care to organise and control their affairs responsibly and effectively. This includes making proper arrangements for any *employee* associated with a *regulated activity* carried on by the *firm* to achieve, maintain and enhance competence.
- 1.1.4** G_{/1} *Principle 3* is amplified in *SYSC*. A *firm* must take reasonable care to establish and maintain such systems and controls as are appropriate to its business (*SYSC 3.1.1 R*) ■ *SYSC 3.1.1 R*. Also, a *firm's* systems and controls should enable it to satisfy itself of the suitability of anyone who acts for it (*SYSC 3.2.13 G*) ■ *SYSC 3.2.13 G*. This would include the competence of the individual for the role.
- 1.1.5** G_{/1} Under *threshold condition 5* (Suitability), *firms* are required to satisfy the *FSA* that they are fit and proper *persons* having regard to all the circumstances including, amongst other things, the nature of the *regulated activity* the *firm* carries on or is seeking to carry on and the need to ensure that the *firm's* affairs are conducted soundly and prudently. This involves an assessment of the competence of management and staff as a whole. The suitability of a member of staff who performs a *controlled function* is assessed under *FIT*.
- 1.1.6** G_{/1} Section 59 of the *Act* (Approval) requires *firms* to take reasonable care to ensure that no *person* performs a *controlled function* without approval from the *FSA*.

Before it can grant an application for approval, the *FSA* must be satisfied that the *person* is fit and proper. Under section 61 of the *Act* (Determination of applications) the fit and proper test for those requiring such approval includes assessing qualifications, training and competence.

1.1.7

G

/1

Where there are no specific training and competence requirements for a *controlled function*, the commitments in *TC 1.2* apply. Where there are specific training and competence requirements for a *controlled function* (the *investment adviser function*, for example), the *rules* and *guidance* in *TC 2* apply, as well as the commitments. This is because the *controlled functions* cover a wider range of activities than the activities specified in *TC 2*. Also, there are some *rules* in *TC 2* for activities which are not *controlled functions* (the overseers of *administrative functions*, for example).

1.1.8

G

/1

The purpose of this sourcebook is to define the standards which *firms* should achieve. The *FSA* expects *firms* to make their own arrangements to meet these standards.

1.2 Commitments

1.2.1

G

/1

The *firm's* commitments to training and competence should be that:

- (1) its *employees* are competent;
- (2) its *employees* remain competent for the work they do;
- (3) its *employees* are appropriately supervised;
- (4) its *employees'* competence is regularly reviewed; and
- (5) the level of competence is appropriate to the nature of the business.

Chapter 2.

2.

Rules and Guidance

2.1 Application: who? where? and what?

Who?

- 2.1.1 **R** /1 (1) This chapter applies, subject to (2), to every *firm* to the extent indicated in TC 2.1.4 R, except that:
- (a) for an *incoming EEA firm* or an *incoming Treaty firm*, this chapter applies only in so far as responsibility for any matter it covers is not reserved by a European Community instrument to the *firm's Home State regulator*; and
 - (b) this chapter applies to a *UCITS qualifier* only in so far as it is relevant to the manner in which a *firm communicates* or *approves a financial promotion*.
- (2) This chapter does not apply to an *authorised professional firm* with respect to its *non-mainstream regulated activities*, see PROF 5.2.

Where?

- 2.1.2 **R** /1 (1) This chapter applies to a *UK domestic firm* in respect of its *employees* who engage in or oversee activities (to the extent indicated in TC 2.1.4 R) wherever they are carried on.
- (2) This chapter applies to an *overseas firm* in respect of its *employees* who engage in or oversee activities (to the extent indicated in TC 2.1.4 R) from an establishment maintained by the *firm* (or its *appointed representative*) in the *United Kingdom*.

What?

2.1.3 **G** /1 The table in TC 2.1.4 R sets out the activities to which TC 2 applies.

2.1.4 **R** /1 Table Activities to which TC 2 applies.

	Activity	Extent of Application
<p>1. <i>Employees engaging in:</i></p>	<p><u>Advising and dealing</u></p> <p>(a) <i>advising on investments which are, and dealing with or for clients in, securities (other than stakeholder pension schemes or broker funds) and derivatives;</i></p> <p>(b) <i>advising on investments which are, and dealing with or for clients in, securities (other than stakeholder pension schemes or broker funds) only;</i></p> <p>(c) <i>advising on investments which are, and dealing with or for clients in, derivatives only;</i></p> <p><u>Managing</u></p> <p>(d) <i>managing investments;</i></p> <p>(e) <i>managing investments in relation to venture capital investments only;</i></p> <p><u>Advising (without dealing)</u></p> <p>(f) <i>advising on investments which are packaged products (other than broker funds or as in (g) or (h));</i></p> <p>(g) <i>advising on investments which are friendly society tax exempt policies only;</i></p>	<p>If the activity is carried on with or for a <i>private customer</i>, whole of TC 2 applies. If the activity is carried on with or for an <i>intermediate customer</i> or a <i>market counterparty</i> only TC 2.4, 2.5, 2.6 and 2.8 apply.</p>

	Activity	Extent of Application
	<p><i>(h) advising on investments which are packaged products (where the employee sells only life policies issued by a friendly society and is not reasonably expected to receive remuneration of more than £1,000 a year in respect of such sales);</i></p> <p><i>(i) advising on investments in the course of corporate finance business only;</i></p> <p><i>(j) advising on investments which are (but not dealing in) securities (other than stakeholder pension schemes or broker funds) and derivatives;</i></p> <p><i>(k) advising on investments which are (but not dealing in) securities (other than stakeholder pension schemes or broker funds) only;</i></p> <p><i>(l) advising on investments which are (but not dealing in) derivatives only;</i></p> <p><i>(m) the activity of a broker fund adviser;</i></p> <p><i>(n) advising on syndicate participation at Lloyd's;</i></p> <p><i>(o) the activity of a pension transfer specialist.</i></p>	

	Activity	Extent of Application
2. <i>Employees overseeing on a day-to-day basis:</i>	<ul style="list-style-type: none"> (a) <i>operating, or acting as a trustee or depositary of, a collective investment scheme;</i> (b) <i>safeguarding and administering investments or holding of client money;</i> (c) <i>the following administrative functions in relation to managing investments:</i> <ul style="list-style-type: none"> (i) <i>arranging settlement;</i> (ii) <i>monitoring and processing corporate actions;</i> (iii) <i>client account administration, liaison and reporting, including valuation and performance measurement;</i> (iv) <i>ISA or PEP administration;</i> (v) <i>investment trust savings scheme administration;</i> 	Whole of TC 2 applies except TC 2.7 (Supervising).

2.

	Activity	Extent of Application
	<p>(d) the following <i>administrative functions</i> in relation to the <i>effecting or carrying out of life policies</i>:</p> <ul style="list-style-type: none"> (i) new business administration; (ii) <i>policy</i> alterations, including surrenders and <i>policy</i> loans; (iii) preparing <i>projections</i>; (iv) processing <i>claims</i>, including pension payments; (v) fund switching; <p>(e) taking <i>private customers</i> through decision trees in connection with a <i>stakeholder pension scheme</i>;</p> <p>(f) the following <i>administrative functions</i> in relation to the operation of a <i>stakeholder pension scheme</i>:</p> <ul style="list-style-type: none"> (i) new business administration; (ii) receipt of or alteration to contributions; (iii) preparing <i>projections</i> and annual statements; (iv) administration of transfers; (v) handling <i>claims</i>, including pension payments; (vi) fund allocation and switching. 	

Actions for damages

2.1.5

R

/1

A contravention of the *rules* in *TC* does not give rise to a right of action by a *private person* under section 150 of the *Act* (and each of

those *rules* is specified under section 150(2) of the *Act* as a provision giving rise to no such right of action).

2.

2.2 Recruitment

- 2.2.1** **R** _{/1} If a *firm* intends to recruit an individual with a view to that individual engaging in or overseeing an activity with or for *private customers*, the *firm* must as part of its recruitment procedures:
- (1) take into account the knowledge and skills of the individual in relation to the knowledge and skills required for the role; and
 - (2) take reasonable steps to obtain sufficient information about the individual's previous relevant activities and training.
- 2.2.2** **G** _{/1} The *firm* should take reasonable steps to obtain information about the knowledge and skills of the individual in *TC 2.2.1 R*, including any *approved examination* passes, from a suitable source within a reasonable time.

2.3 Training

2.3.1

R

/1

If a *firm's employees* engage in or oversee an activity with or for *private customers*, the *firm* must:

- (1) at intervals appropriate to the circumstances, determine the training needs of those *employees* and organise appropriate training to address these needs; and
- (2) ensure that training is timely, planned, appropriately structured and evaluated.

2.3.2

G

/1

In the case of a new *employee* or an *employee* new to an activity, the *firm* should determine the *employee's* training needs before the *employee* engages in or oversees any activity.

2.3.3

G

/1

- (1) Training should take into account the knowledge and skills necessary to fulfil the role.
- (2) A *firm* should ensure that training remains effective and up to date.
- (3) Training should take into account changes in the market and to products, legislation and regulation.
- (4) A *firm* should use methods of meeting training needs that are appropriate to the activity and to the *employee's* circumstances and role.

2.4 Attaining competence

- 2.4.1** **R** ^{/1} A *firm* must not permit an *employee* to engage in or oversee an activity unless:
- (1) the *employee* has been assessed as competent in that activity in accordance with TC 2.4.5 R; or
 - (2) the *employee* engages in or oversees the activity while under appropriate supervision; or
 - (3) the *employee* has been assessed in accordance with TC 2.4.5 R as competent to engage in or oversee a particular activity, but then engages in or oversees in a different activity, then the *employee* is appropriately supervised until assessed as competent in that new activity.
- 2.4.2** **R** ^{/1} A *firm* which permits an *employee* to engage in an activity with or for a *private customer* under supervision must ensure that:
- (1) the *employee* has first passed the relevant regulatory module of an appropriate *approved examination*; and
 - (2) the *firm* has satisfied itself that the *employee* has an adequate level of knowledge and skills to act with or for *private customers* while under supervision.
- 2.4.3** **G** ^{/1} In TC 2.4.2 R (2) an adequate level of application of knowledge and skills includes:
- (1) specific knowledge of the *firm's* relevant systems and procedures, and of the kinds of *designated investment business* carried on by the *firm* and any other members of its *marketing group*; and
 - (2) appropriate skills in analysing *private customers'* needs and circumstances when applying relevant knowledge.
- 2.4.4** **R** ^{/1} If a *firm* permits an *employee* under supervision to engage in:
- (1) *advising on investments* which are, and *dealing with or for clients in, securities* (other than *stakeholder pension schemes* or *broker funds*), *derivatives* or both such *securities* and *derivatives*; or
 - (2) the activity of a *broker fund adviser*; or

- (3) *advising on syndicate participation at Lloyd's*; or
- (4) the activity of a *pension transfer specialist*;

the *firm* must ensure that the *employee* has first passed the appropriate *approved examination* before permitting the *employee* to engage in the relevant activity.

Assessing competence

2.4.5

R

A *firm* must not assess an *employee* as competent to engage in or oversee an activity unless the *employee*:

/1

- (1) has been assessed as competent to apply the knowledge and skills necessary to engage in or oversee the activity without supervision; and
- (2) has passed each module of the appropriate *approved examination* specified in the annexes to TC 2.

2.4.6

G

A *firm* should ensure that its assessments take into account:

/1

- (1) technical knowledge and its application;
- (2) skills and their application; and
- (3) changes in the market and to products, legislation and regulation.

2.4.7

G

A *firm* should use methods of assessment that are appropriate to the activity and to the *employee's* role.

/1

2.4.8

G

A *firm* should ensure that its *employees* are aware how its training and competence arrangements apply to their individual roles.

/1

2.4.9

G

A *firm* should, for the purposes of TC 2.8.1 R (Record keeping), make and retain records of:

/1

- (1) the criteria applied in assessing competence; and
- (2) how and when the competence decision was arrived at.

2.5 Approved examinations

Time limits

- 2.5.1** **R** /1 (1) A *firm* must ensure that an *employee* under supervision passes the appropriate *approved examination* within the time specified in the annexes to TC 2 and, for this purpose, a *firm* must record the date on which the *employee* began engaging in or overseeing the relevant activity.
- (2) For the purposes of calculating the time spent by an *employee* under supervision, a *firm* must:
- (a) aggregate periods of time spent engaging in or overseeing the activity during different periods of employment;
 - (b) disregard any period of 60 *business days* or more during which the *employee* is continuously absent from engaging in or overseeing the activity.
- (3) A *firm* must ensure that any *employee* who does not pass the *approved examination* within the specified time:
- (a) ceases to engage in or oversee the activity; and
 - (b) does not resume the activity or oversee the activity without first passing the *approved examination*.
- 2.5.2** **G** /1 A *firm* should, for the purposes of TC 2.8.1 R (Record keeping), make and retain records of the time limits within which the *approved examination* has been passed.

Advising and dealing: restarting the activity

- 2.5.3** **R** /1 A *firm* must ensure that an *employee* does not recommence engaging in the activity of *advising on investments* which are, and *dealing* with or for *clients* in, *securities* (other than *stakeholder pension schemes* or *broker funds*), *derivatives* or both such *securities* and *derivatives* if:
- (1) the *employee* has not engaged in that activity for 12 months; and

- (2) two years have elapsed since the *employee* passed an appropriate *approved examination* for that activity;

unless the *firm* can demonstrate that the *employee* has sufficient experience and has kept his technical and regulatory knowledge up to date. If the *firm* cannot do so it must require the *employee* to pass the appropriate *approved examination*.

2.5.4

G

/1

A *firm* may regard an *employee* described in TC 2.5.3 R as having sufficient experience if the *firm* has determined that the individual has had at least three years' relevant experience in the past five years.

Exemption from the approved examination

2.5.5

R

/1

- (1) Except as described in (2), if a *firm* is satisfied that an *employee*:

- (a) has at least three years' up-to-date relevant experience in the activity in question obtained while employed outside the *United Kingdom*;
- (b) had not previously been required to comply fully with the relevant examination requirements as stipulated in TC 2.4.5 R (2); and
- (c) has passed the relevant regulatory module of an *approved examination*;

then the requirement to have passed each module of the appropriate *approved examination* in TC 2.4.5 R (2) does not apply for that *employee*.

- (2) TC 2.5.5 R (1) does not apply for an *employee* engaging in the following activities:
- (a) *advising on investments* which are *packaged products*, if that advice is given to *private customers*;
 - (b) the activity of a *broker fund adviser*;
 - (c) *advising on syndicate participation at Lloyd's*;
 - (d) the activity of a *pension transfer specialist*.

2.5.6

G

/1

A *firm* should, for the purposes of TC 2.8.1 R (Record keeping), make and retain records of the criteria governing its decision to apply TC 2.5.5 R to an *employee*.

European and other overseas examinations

2.5.7

G

/1

The annexes to TC 2 give details of the extent to which European and other overseas-based examinations are appropriate for an activity. In addition, the

definition of *approved examination* includes an examination which is equivalent in accordance with the *Diploma Directives*.

2.6 Maintaining competence

- 2.6.1** **R** ^{/1} A *firm* must have appropriate arrangements in place to ensure that an *employee* who has been assessed as competent to engage in or oversee an activity maintains competence.
- 2.6.2** **G** ^{/1} A *firm* should ensure that maintaining competence for an *employee* takes into account:
- (1) technical knowledge and its application;
 - (2) skills – their application and development; and
 - (3) changes in the market and to products, legislation and regulation.
- 2.6.3** **G** ^{/1} A *firm* should maintain systems for monitoring an *employee's* competence.
- 2.6.4** **G** ^{/1} A *firm* should, for the purposes of TC 2.8.1 R (Record keeping), make and retain records of:
- (1) the criteria applied in assessing continuing competence; and
 - (2) how the *employee* continues to be competent.

2.7 Supervising

Supervising employees not yet assessed as competent

2.7.1 **R** ^{/1} If a *firm's* employees engage in an activity with or for *private customers*, the *firm* must ensure that if an *employee* has not yet been assessed as competent, but is permitted in accordance with TC 2.4.2 R to engage in a particular activity under supervision, the *employee* is appropriately supervised until assessed as competent in that activity.

2.7.2 **G** ^{/1}

- (1) A *firm* should have arrangements in place to ensure that levels of supervision are appropriate in relation to an *employee's* ability to apply the necessary knowledge and skills.
- (2) A *firm* should ensure that an *employee* who is being supervised undergoes, as appropriate:
 - (a) review and assessment of work;
 - (b) individual coaching and assessment of performance, for example, role-play and accompanied *private customer* visits.

Supervising employees assessed as competent

2.7.3 **R** ^{/1} A *firm* must have *arrangements* in place to ensure that an *employee* who has been assessed as competent is appropriately supervised.

2.7.4 **G** ^{/1} Appropriate supervision will vary according to the competence of the *employee* and is likely to be less intense once competence has been attained.

Supervisors of employees advising private customers on packaged products

2.7.5 **R** ^{/1} If an *employee* is engaging in the activity of giving advice on *investments* which are *packaged products* to *private customers*, the *firm* must ensure that the individual supervising that *employee*:

- (1) has passed an appropriate *approved examination*; and

- (2) **has the technical knowledge, assessment skills and coaching skills to act as supervisor, before acting as supervisor, and that this competence is maintained.**

Supervising: record keeping

2.7.6**G**
/1

A *firm* should, for the purposes of TC 2.8.1 R (Record keeping), make and retain records of:

- (1) the criteria applied in deciding the level of supervision required in respect of its *employees*; and
- (2) how the supervision of its *employees* is carried out.

2.8 Record keeping

2.8.1

R

/1

- (1) A *firm* must make appropriate records to demonstrate compliance with the *rules* in this chapter.
- (2) The records in (1) must be retained by the *firm* for at least three years after cessation of an *employee's* appointment with the *firm*, except for the records of *pension transfer specialists*, which must be retained indefinitely.

Annex 1R The interim approved examinations referred to in TC 2

Handbook Modules

Schedule1 Record keeping requirements

- 1 The aim of the guidance in the following table is to give the reader a quick over-all view of the relevant record keeping requirements.
- 2 It is not a complete statement of those requirements and should not be relied on as if it were.
- 3 In the table, "PTS" means pension transfer specialist.
- 4

Table	Record keeping requirements
-------	-----------------------------

Handbook reference	Subject of record	Contents of record	When record must be made	Retention period
TC 2.4.9 G	Attaining Competence	Data on competence	On a continuing basis	Employment plus 3 years. For PTS indefinite
TC 2.5.1 R	Approved examinations	Examination time limits	When <i>employee</i> begins in the activity	Employment plus 3 years or for PTS indefinite
TC 2.5.2 G	Approved examinations	Examination passes and dates and other relevant data such as periods of absence	Duration of time limits for that activity	Employment plus 3 years or for PTS indefinite
TC 2.5.6 G	Approved examinations – regulatory module only	Criteria for application of TC 2.5.5 R to the <i>employee</i>	At the time of the application of the <i>rule</i>	Employment plus 3 years or for PTS indefinite
TC 2.6.4 G	Maintaining Competence	Criteria for and application of assessment	On a continuing basis after competence	Employment plus 3 years or for PTS indefinite

TC 2.7.6 G	Supervising and monitoring	Criteria in deciding level of supervision and how it is carried out	When the <i>employee</i> begins in the activity and on an ongoing basis	Employment plus 3 years or for PTS indefinite
TC 2.8.1 R (1)	Compliance with sourcebook	Data on competence, relevant to compliance with the sourcebook	When the <i>employee</i> begins in the activity and on a continuing basis	Employment plus 3 years or for PTS indefinite

Handbook Modules

Schedule2 Notification requirements

- 1 G – There are no notification or reporting requirements in TC.

Handbook Modules

Schedule3 Fees and other required payments

- 1 G – There are no requirements for fees or other payments in TC.

Handbook Modules

Schedule4 Powers exercised

- 1 G – The following powers and related provisions in the Act have been exercised to make the rules in TC:
 - (1) Section 138 (General rule making power)
 - (2) Section 150(2) (Actions for damages)
 - (3) Section 156 (General supplementary powers)
- 2 The following power in the Act has been exercised by the FSA to give the guidance in TC:
 - (1) Section 157(1) (Guidance)

Handbook Modules

Schedule5 Rights of action for damages

- 1 The table below sets out the rules in TC contravention of which by an authorised person may be actionable under section 150 of the Act (Actions for damages) by a person who suffers loss as a result of the contravention.
- 2 If a "Yes" appears in the column headed "For private person?", the rule may be actionable by a "private person" under section 150 (or, in certain circumstances, his fiduciary or representative). A "Yes" in the column headed "Removed" indicates that the FSA has removed the right of action under section 150(2) of the Act. If so, a reference to the rule in which it is removed is also given.
- 3 The column headed "For other person?" indicates whether the rule is actionable by a person other than a private person (or his fiduciary or representative). If so, an indication of the type of person by whom the rule is actionable is given.
- 4 **Table** Actions for damages: Training and Competence sourcebook

Chapter/ Appendix	Section/ Annex	Paragraph	Right of action under section 150			
			For private person	Removed	For other person	
	<i>Rules in TC 2</i>		No	Yes <i>TC</i> 2.1.5 R	No	

Handbook Modules

Schedule6 Rules that can be waived

- 1 G - The rules in TC can be waived by the FSA under section 148 of the Act (Modification or waiver of rules).

Training and Competence sourcebook

MONEY LAUNDERING SOURCEBOOK INSTRUMENT 2001

- A. The Financial Services Authority makes the rules and gives the guidance in the Annex to this instrument ("ML") in the exercise of the powers listed in Schedule 4 to ML (Powers exercised).
- B. This instrument shall come into force at the beginning of the day on which section 19 (The general prohibition) of the Financial Services and Markets Act 2000 (the "Act") comes into force.
- C. The provisions of the Act relevant to making rules and listed in Schedule 4 to ML (Powers exercised) are specified for the purpose of section 153(2) of the Act (Rule-making instruments).
- D. This instrument may be cited as the Money Laundering Sourcebook Instrument 2001.
- E. The Annex to this instrument (including its Schedules) may be cited as the Money Laundering sourcebook (or ML).

By order of the Board
21 June 2001

1	ML 2.1.1R ML 7.1.5R	R	<p>(1) Paragraph (2) applies where, immediately before the <i>commencement</i>, there is in a <i>relevant firm</i> an individual who was appointed by the <i>relevant firm</i> before that date to act for it in connection with its responsibilities in relation to money laundering.</p> <p>(2) If, on <i>commencement</i>, the individual in (1) is approved to perform the <i>money laundering function</i>, nothing in <i>ML 2.1.1R</i> or <i>ML 7.1.5R</i> requires the <i>relevant firm</i> to reappoint that individual as its <i>MLRO</i>.</p>	From <i>commencement</i>	<i>Commencement</i>
2	ML 3	R	Where, immediately before <i>commencement</i> , a <i>relevant firm</i> already has an established client relationship with any person, nothing in <i>ML 3</i> requires the <i>relevant firm</i> to establish the identity of that <i>client</i> .	From <i>commencement</i>	<i>Commencement</i>
	ML	G	<p>General transitional provisions</p> <p><i>GEN</i> contains some technical transitional provisions that apply throughout the <i>Handbook</i> and which are designed to ensure a smooth transition at <i>commencement</i>. These include transitional provisions relevant to record keeping.</p>	From <i>commencement</i>	<i>Commencement</i>

Chapter 1

Application and Purpose

1.1 Application

- 1.1.1** **R** /1 (1) This sourcebook applies to every *relevant firm* (see *ML 1.1.2 R*) with respect to its *relevant regulated activities* (see *ML 1.1.4 R*), but there are special provisions in *ML 8.1 R* and *ML 8.2 R* for *sole traders* with no *employees* and *authorised professional firms*.
- (2) Some provisions also relate to the *money laundering reporting officer* of a *relevant firm* in his capacity as an *approved person* (see *ML 7.1*).

Who?

- 1.1.2** **R** /1 (1) In this sourcebook, "*relevant firm*" means every *firm*, except:
- (a) a *firm* whose only *regulated activities* are those specified in *ML 1.1.4 R* (1) to (4);
- (b) a *UCITS qualifier*.
- (2) An *incoming firm* is a *relevant firm*, but only to the extent that it is conducting activities from an establishment in the *United Kingdom*.

- 1.1.3** **G** /1 The scope of this sourcebook is very wide. It includes all *firms* except those within the limited exception for *firms* concerned only with certain insurance activities and *UCITS qualifiers* (see *ML 1.1.2 R*). In this respect, the chapter follows article 1 of the *Money Laundering Directive* (No91/308/EEC). The scope extends to *incoming firms* (such as branches of institutions established elsewhere in the *EEA*), except those providing only *cross border services* in the *United Kingdom*. This is because the *Directive* is designed to apply on a "*Host State*" basis.

What?

- 1.1.4** **R** /1 In this sourcebook, "*relevant regulated activities*" means any *regulated activity* apart from:
- (1) *general insurance business*;
- (2) *long-term insurance business* which is outside the *First Life Directive* (and is not otherwise a *relevant regulated activity*);

- (3) business relating to contracts which are within the *Regulated Activities Order* only because they fall within paragraph (e) of the definition of "contract of insurance" in article 3 of that Order (see the *Glossary*); and
- (4) (a) arranging, by the *Society of Lloyd's*, of deals in *general insurance contracts* written at Lloyd's; and
 - (b) *managing the underwriting capacity of a Lloyd's syndicate as a managing agent at Lloyds.*

Where?

1.1.5

R

/1

This sourcebook applies only in relation to activities carried on from an establishment maintained by the *firm* (or its *appointed representative*) in the *United Kingdom*.

1.2 Purpose

- 1.2.1** **G**_{/1} The purpose of this sourcebook is to require *relevant firms* to have effective anti-*money laundering* systems and controls, in order to reduce the opportunities for *money laundering* in relation to *relevant firms*. It is also to require *relevant firms* to ensure that *approved persons* exercise appropriate responsibilities in relation to these anti-*money laundering* systems and controls.
- 1.2.2** **G**_{/1} Section 2 of the *Act* (The Authority's general duties) sets out the *regulatory objectives* of promoting market confidence and public awareness, protecting *consumers* and reducing *financial crime*. The reduction of *financial crime* objective is the most important to this sourcebook. One aspect of the reduction of *financial crime* objective is the risk of the businesses of *relevant firms* being used in connection with offences which involve handling the proceeds of crime. It follows that an effective and proportionate regulatory regime is important in reducing the extent to which it is possible for the businesses carried on by *relevant firms* to be used for *money laundering*. These *rules* and compliance with them will also help the *FSA* to meet the objective of maintaining market confidence, by reducing the risks posed to the financial community by *money laundering*. As to the public awareness objective, this sourcebook is designed to assist *relevant firms* and, through them, the public at large, to be better informed about the safeguards for the *financial system* provided by effective anti-*money laundering* systems and controls. *Consumers* are better protected if *relevant firms* are able to protect themselves against criminal activity and to record the steps they have taken for that purpose.
- 1.2.3** **G**_{/1} This sourcebook provides support, in relation to *money laundering*, for certain other parts of the *Handbook*, mainly:
- (1) the *Principles (PRIN)*, especially *PRIN 3*;
 - (2) the *Statements of Principles and Code of Practice for Approved Persons (APER)*, in particular *Statements of Principle 2* and *7*;
 - (3) *Senior Management Arrangements, Systems and Controls (SYSC)*, in particular *SYSC 3*; and
 - (4) the *Training and Competence sourcebook (TC)*.
- 1.2.4** **G**_{/1} This sourcebook relates to regulatory requirements, as opposed to requirements imposed by the criminal law. It is therefore not relevant regulatory or supervisory *guidance* for the purposes of regulation 5(3) of the *Money Laundering Regulations*.

Chapter 2

2

General money laundering duties

2.1 Duty to have arrangements and to appoint a money laundering reporting officer

2.1.1 **R** ^{/1} A *relevant firm* must set up and operate arrangements, including the appointment of a *money laundering reporting officer (MLRO)* in accordance with the duty in *ML 7*, which are designed to ensure that it, and any *appointed representatives* that act on its behalf, are able to comply, and do comply, with the *rules* in this sourcebook.

2.1.2 **G** ^{/1} The duties of the *MLRO* are set out in full in *ML 7*. The *MLRO* is responsible for the oversight of the *relevant firm's* anti-money laundering activities and is the key *person* in the *relevant firm's* implementation of anti-money laundering strategies and policies.

2.1.3 **G** ^{/1} If a *relevant firm* permits or requires an *appointed representative* to carry on particular *relevant regulated activities* on its behalf, the *relevant firm's* duty to comply with this sourcebook and the *MLRO's* duties set out in *ML 7* also apply to the activities of those *appointed representatives*.

Chapter 3

Identification of the client

3.1 The duty

Purpose and meaning of "client"

3.1.1

G
/1

The purpose of this chapter is to ensure that *relevant firms* carry out the identification of *clients*. The chapter also makes clear that *relevant firms* must not, in general, carry out *relevant regulated activities*, or agree to do so, for a *client* or potential *client* unless the *relevant firm* has taken reasonable steps to check that *client's* identity. In this sourcebook "client" is defined differently from elsewhere in the *Handbook* and *relevant firms* should take care to ensure that they use the correct definition. There are special provisions in this chapter for cases where the *person* with whom the *relevant firm* has contact is acting for another. Broadly, the *relevant firm* has to enquire into the identity of both *persons*, unless a relevant exemption enables it to focus solely on the *person* it is actually in contact with.

Meaning of "transaction"

3.1.2

G
/1

"Transaction" in this sourcebook includes the giving of advice, and thus has a wide meaning throughout this sourcebook. Certain sorts of *transaction* are exempted from these requirements. These include cases where the *transaction* is of relatively small value or the *person* has been vouched for by another *person* who can be relied on to have carried out these checks himself. But the various exemptions from the requirement are all subject to the overriding condition that there is nothing in place to put the *relevant firm* on enquiry ("knowledge or suspicion") in the *money laundering* context.

Identification of the client: the duty

3.1.3

R
/1

- (1) **A *relevant firm* must take reasonable steps to find out who its *client* is by obtaining sufficient evidence of the identity of any *client* who comes into contact with the *relevant firm* to be able to show that the *client* is who he claims to be.**
- (2) **If the *client* with whom a *relevant firm* has contact is, or appears to be, acting on behalf of another, the obligation in (1) is to obtain sufficient evidence of both their identities.**
- (3) **This *rule* is subject to the exceptions in *ML* 3.2.**

3.1.4

G
/1

In assessing a *relevant firm's* compliance with its duty to identify a *client* in accordance with *ML* 3.1.3 R, the *FSA* will have regard to the *relevant firm's*

compliance with the Joint Money Laundering Steering Group's Guidance Notes for the Financial Sector and with the *guidance* on financial exclusion in *ML 3.1.5 G*.

Financial exclusion

- 3.1.5** **G**_{/1} The *guidance* in *ML 3.1.5 G* to *ML 3.1.7 G* aims to help *relevant firms* ensure that, where people cannot reasonably be expected to produce detailed evidence of identity, they are not denied access to financial services. Although a *relevant firm* must always take reasonable steps to check who its *client* is, *relevant firms* will sometimes be approached by *clients* who are at a disadvantage, or who otherwise cannot reasonably be expected to produce detailed evidence that helps to confirm identity. An example could be where a *person* does not have a passport or driving licence, and whose name does not appear on utility bills.
- 3.1.6** **G**_{/1} If a *relevant firm* has reasonable grounds to conclude that an individual *client* is not able to produce detailed evidence of his identity and cannot reasonably be expected to do so, the *relevant firm* may accept as identification evidence a letter or statement from a *person* in a position of responsibility who knows the *client* that tends to show that the *client* is who he says he is, and to confirm his permanent address if he has one.
- 3.1.7** **G**_{/1} Examples of *persons* in a position of responsibility include solicitors, doctors, ministers of religion, teachers, hostel managers and social workers.

Identification of the client: timing

- 3.1.8** **R**_{/1} (1) A *relevant firm* must comply with the obligation in *ML 3.1.3 R (1)* as soon as reasonably practicable after it has contact with a *client* with a view to:
- (a) agreeing with the *client* to carry out an initial *transaction*; or
 - (b) reaching an understanding (whether binding or not) with the *client* that it may carry out future transactions.
- (2) If the *client* does not supply evidence of identity within the time scale in (1), the *relevant firm* must:
- (a) discontinue any *regulated activity* it is conducting for him; and
 - (b) bring to an end any understanding it has reached with him;
- unless in either case the *relevant firm* has informed the National Criminal Intelligence Service (NCIS).
- 3.1.9** **R**_{/1} Nothing in *ML 3.1.8. R (2)* requires a *relevant firm* to continue with a *transaction* which conflicts with its obligations, if any, in relation to rights of a third party.

3.2 The exceptions

3.2.1

R

/1

(1) This section sets out circumstances in which:

- (a) the duty in *ML 3.1.3 R (1)* (Identification of the client: the duty) need not be complied with; or
- (b) the *relevant firm* is entitled to regard the evidence it has as sufficient evidence;

but none of the *rules* in this section applies if the *relevant firm* knows or suspects, in accordance with (2), that the *client* or the *person* on whose behalf he is or appears to be acting is engaged in *money laundering*.

(2) The *relevant firm* is taken to have the knowledge or suspicion referred to in (1) if any member of the staff handling the *transaction* or potential *transaction* or managerially responsible for it has the knowledge or suspicion.

When the duty to identify does not apply

3.2.2

R

/1

The duty in *ML 3.1.3 R (1)* (Identification of the client: the duty) does not apply if:

- (1) the *client* is also a *credit institution* or financial institution covered by the *Money Laundering Directive*; or
- (2) the *transaction* is:
 - (a) a one-off *transaction* with a value of less than euro 15,000; or
 - (b) is one of a number of *transactions* which are related and, when taken together, have a value of less than euro 15,000; or
- (3) with a view to carrying out a one-off *transaction*, the *client* is introduced to the *relevant firm* by a *person* who has given the *relevant firm* a written assurance that in all such cases he obtains and records identification evidence, and:

- (a) the *person* who has given the written assurance is covered by the *Money Laundering Directive*; or
- (b) the *person* is subject to regulatory oversight exercised by a relevant overseas regulatory authority (see *ML 3.2.7 R*), and to legislation at least equivalent to that required by the *Money Laundering Directive*; or
- (4) the proceeds of a one-off *transaction*;
 - (a) are to be payable to the *client* but are then to be invested on his behalf;
 - (b) are to be the subject of a record; and
 - (c) can thereafter only be reinvested on his behalf or paid directly to him; or
- (5) when the *transaction* concerns a *long-term insurance contract*:
 - (a) taken out in connection with a *pension scheme* relating to the *client's* employment or occupation, if the *policy* contains no surrender clause and cannot be used as security for a loan; or
 - (b) where the *premium* is a single payment of no more than euro 2,500; or
 - (c) where the *premium* payments do not exceed euro 1,000 in any calendar year.

3.2.3

G
/1

A *relevant firm* is expected to take reasonable steps to determine whether or not the *client* falls within the exceptions in *ML 3.2.2 R* (1) and *ML 3.2.2 R* (3)(b).

When evidence of identify may be regarded as sufficient

3.2.4

R
/1

A *relevant firm* may regard evidence as sufficient evidence for the purposes of *ML 3.1.3 R* (Identification of the client: the duty) if it establishes that:

- (1) the relevant payment for the *transaction* was made or is to be made from the *client's* account held at an institution which is:
 - (a) a *relevant firm* with *permission* to accept *deposits*; or
 - (b) an *incoming relevant firm* which is a *credit institution*; or
 - (c) a *credit institution*;
- (2) the payment has been or will be sent or confirmed by post or electronically;

- (3) it was or is reasonable for the payment to be sent or confirmed in that way; and
- (4) the payment is not made to open an account from which onward payment may be made to someone other than the *client*.

3.2.5

R
/1

A *relevant firm* may regard evidence as sufficient for the purposes of ML 3.1.3 R (Identification of the client: the duty) if it establishes that the *client*:

- (1) is bound by this sourcebook or by the *Money Laundering Regulations* or is otherwise covered by the *Money Laundering Directive*; or
- (2) is acting on behalf of another *person*, and has given a written assurance that he has obtained and recorded evidence of the identity of the *person* on whose behalf he is acting, and is subject to regulatory oversight exercised by a relevant overseas regulatory authority (see ML 3.2.7 R) and to legislation at least equivalent to that required by the *Money Laundering Directive*.

3.2.6

G
/1

A *relevant firm* is expected to take reasonable steps to determine whether or not the *client* falls within the exemption in ML 3.2.5 R (2).

Relevant overseas regulatory authorities

3.2.7

R
/1

An overseas regulatory authority is relevant for the purposes of ML 3.2.2 R (3)(b) and ML 3.2.5 R (2) if it falls within section 82 of the Companies Act 1989 (Request for assistance by overseas regulatory authority), in so far as it exercises the kind of regulatory functions described in that section.

Chapter 4

Reporting

4.1 Internal reporting

4.1.1

G
/1

This section deals with the reporting to the *firm's MLRO* of knowledge or suspicions within the *relevant firm* about *money laundering*.

4.1.2

R
/1

- (1) **A *relevant firm* must take reasonable steps to ensure that any member of staff who handles, or is managerially responsible for handling, *transactions* which may involve *money laundering* makes a report promptly to the *MLRO* if he knows or suspects that a *client*, or the *person* on whose behalf the *client* is acting, is engaged in *money laundering*.**
- (2) **The steps to be taken under (1) include establishing and maintaining arrangements for disciplining any member of staff who fails, without reasonable excuse, to make a report of the kind envisaged in this section.**

4.1.3

G
/1

A *relevant firm* may wish to set up internal systems that allow its staff to consult with their line manager before sending a report to the *MLRO*. If a *relevant firm* sets up such systems, it should ensure that they are not used to prevent reports reaching the *MLRO* whenever staff have stated that they have knowledge or suspicion that a *transaction* may involve *money laundering*.

4.2 MLRO access to know your business information

4.2.1

R

/1

(1) A *relevant firm* must take reasonable steps to give its *MLRO*, or any *person* to whom the *MLRO*'s duties have been delegated, access to any *know your business information* it has.

(2) *Know your business information* in (1) is information about:

- (a) the financial circumstances of a *client* or any *person* on whose behalf the *client* has been acting or is acting; and
- (b) the features of the *transactions* which the *relevant firm* has entered into with or for the *client* (or that *person*).

4.2.2

G

/1

In order to do his job properly, the *MLRO* has to decide whether to make a report to *NCIS*. In most cases, before taking the decision to make a report, the *MLRO* is likely to need access to a *relevant firm's know your business information*.

4.2.3

G

/1

A *relevant firm* is not required to increase the amount of information it gathers and keeps about its *clients* in the normal course of its business. Rather, a *relevant firm* should use its existing *client* information effectively by making such information readily available to its *MLRO*.

4.3 External reporting

4.3.1

G
/1

The purpose of this section is to ensure that reports made to the *MLRO* are considered and that, where appropriate, a report is made available to *NCIS*. The duty to make external reports is one of the functions that some *groups* or larger *relevant firms* may decide can be delegated by their *MLRO* to suitably qualified staff, as described in *ML 7.1.3 G*.

4.3.2

R
/1

A *relevant firm* must take reasonable steps to ensure that any report required by *ML 4.1.2 R (1)*(Internal reporting) is considered by the *MLRO*, or his duly authorised delegate, and that if, having considered the report and any relevant *know your business information* to which he has sought access, the *MLRO*, or his duly authorised delegate, suspects that a *person* has been engaged in *money laundering*, he reports promptly to *NCIS*.

4.3.3

E
/1

- (1) To take reasonable steps as required by *ML 4.3.2 R*, the *relevant firm* should:
 - (a) require the *MLRO* to consider a report under *ML 4.1.2 R (1)* in the light of all relevant information accessible to or reasonably obtainable by the *MLRO*;
 - (b) permit the *MLRO* to have access to any information, including *know your business information*, in the *relevant firm's* possession which could be relevant; and
 - (c) ensure that where the *MLRO*, or his duly authorised delegate, suspects that a *person* has been engaged in *money laundering*, he makes a report which is not subject to the consent or approval of any other *person*.
- (2) Contravention of (1) may be relied on as tending to establish contravention of *ML 4.3.2 R*.
- (3) Compliance with (1) may be relied on as tending to establish compliance with *ML 4.3.2 R*.

4.3.4

R
/1

A *sole trader* with no *employees* who knows or suspects that a *client* of his, or the *person* on whose behalf the *client* is acting, is or has been engaged in *money laundering* must make a report promptly to *NCIS*.

Chapter 5

Using national and international findings on material deficiencies

5.1 Government and Financial Action Task Force findings

5.1.1 **G**^{/1} The purpose of this chapter is to enable government and *Financial Action Task Force* findings of inadequacy, concerning the approach to *money laundering* of individual countries or jurisdictions, to be brought to bear on *relevant firms'* decisions and arrangements.

5.1.2 **R**^{/1} (1) *A relevant firm* must take reasonable steps whenever this *rule* applies to ensure that it:

- (a) obtains; and
- (b) makes proper use of;

any government or *Financial Action Task Force* findings of the kind referred to in *ML 5.1.3 R*.

(2) "Proper use" in (1) includes:

- (a) applying the information in the circumstances envisaged by *ML 3.2.2 R (3)(b)* (introduction of client for one-off transaction) or *ML 3.2.5 R (2)* (introduction by client of a person on whose behalf he is acting);
- (b) applying the information whenever first obtained to *know your business information*;
- (c) Disseminating the information in the course of dealing with awareness and training under *ML 6*.

5.1.3 **R**^{/1} The findings in *ML 5.1.2 R (1)* are any published notices:

- (1) which are issued:
 - (a) by the government of the *United Kingdom*, or any government department in the *United Kingdom*; or
 - (b) by the *Financial Action Task Force*; and
- (2) which contain a finding or other conclusion on the part of the government or a government department or the *Financial Action Task Force*:

- (a) that it has examined the arrangements for restraining *money laundering* in a particular State or jurisdiction other than the *United Kingdom*; and
- (b) that it has found those arrangements to be materially deficient in comparison with one or more of the relevant, internationally accepted, standards, including any recommendations published by the *Financial Action Task Force*, required of or recommended to States and jurisdictions.

5.1.4

G

^{/1}

In order to assist *relevant firms*, the FSA will, from time to time, publish any government, government department or *Financial Action Task Force* findings, of the kind referred to in *ML 5.1.3 R*, on the FSA website (www.fsa.gov.uk). All *relevant firms* should check this information regularly to ensure that they keep up to date with current findings.

Chapter 6

Awareness of and training for staff

6.1 Purpose

6.1.1

G

^{/1}

The purpose of this chapter is to ensure that staff in *relevant firms* are:

- (1) made aware of; and
- (2) given regular training about;

what is expected of them in relation to prevention of *money laundering*, and what the consequences are for the *relevant firm* and for them if they fall short of that expectation.

6.2 Awareness

- 6.2.1** **R** ^{/1} A *relevant firm* must take reasonable steps to ensure that staff who handle, or are managerially responsible for the handling of, *transactions* which may involve *money laundering* are aware of:
- (1) their responsibilities under the *relevant firm's* arrangements made under this sourcebook, including those for obtaining sufficient evidence of identity, recognising and reporting knowledge or suspicion of *money laundering* and use of findings of material deficiencies;
 - (2) the identity and responsibilities of the *MLRO*;
 - (3) the law relating to *money laundering*, including *the Money Laundering Regulations* and this sourcebook; and
 - (4) the potential effect, on the *relevant firm*, on its *employees* and its *clients*, of any breach of that law.
- 6.2.2** **E** ^{/1} (1) A *relevant firm* should provide information, whether recorded in writing or otherwise, which:
- (a) covers the matters in *ML 6.2.1 R*;
 - (b) is brought to the attention of any member of staff who starts to work in any capacity within a *relevant firm* which is covered by this sourcebook; and
 - (c) remains available to that *person* so long as he works for that *relevant firm* in that capacity.
- (2) Contravention of (1) may be relied on as tending to establish contravention of *ML 6.2.1 R*.
- (3) Compliance with (1) may be relied on as tending to establish compliance with *ML 6.2.1 R*.
- 6.2.3** **G** ^{/1} Staff need to have an awareness of anti-*money laundering* legislation in the *United Kingdom*, including a clear understanding of their own potential criminal liability.
- 6.2.4** **G** ^{/1} Staff are likely to need information about the ways in which their *clients'* involvement in *money laundering* may affect bank and other accounts and other assets, in particular if a *relevant firm* decides it is unable to process *transactions*,

because of the risk of committing a *money laundering* offence. They are also likely to need information about the ways in which the *relevant firm* may itself be at risk if (without the consent of *NCIS*) it processes *transactions* which involve the proceeds of crime.

6.3 Training

6.3.1

R

/1

A *relevant firm* must take reasonable care to provide appropriate anti-*money laundering* training for its staff who handle, or are managerially responsible for the handling of, *transactions* which may involve *money laundering*.

6.3.2

E

/1

- (1) In taking reasonable care for the purposes of *ML* 6.3.1 R, the *relevant firm* should provide training which:
- (a) deals with the law on *money laundering*, and the responsibilities of staff under the *relevant firm's* arrangements;
 - (b) is applicable to all staff who handle, or are managerially responsible for the handling of, *transactions* which may involve *money laundering* (see *ML* 6.2.1 R); and
 - (c) takes place with sufficient frequency to ensure that within any period of 24 months it is given to substantially all of the staff referred to in (b).
- (2) Contravention of (1) may be relied on as tending to establish contravention with *ML* 6.3.1 R.
- (3) Compliance with (1) may be relied on as tending to establish compliance of *ML* 6.3.1 R.

6.3.3

G

/1

These requirements do not preclude a rolling programme of training, under which training on different subjects takes place on different dates.

Chapter 7

The money laundering reporting officer and other arrangements

7.1 The money laundering reporting officer

MLRO: approval by the FSA and role

7.1.1

G
/1

A *relevant firm* has to appoint an individual as its *MLRO* (see *ML 7.1.5 R*). Under section 59 of the *Act*, the function of acting in the capacity of the *MLRO* has been specified as a *controlled function* (see *SUP 10.1.13 R*). As a consequence, any individual invited to perform that function must be individually approved by the *FSA*, on the application of the *relevant firm*, before performing the function. The job of the *MLRO* is to act as the focal point within the *relevant firm* for the oversight of all activity relating to anti-money laundering. He needs to be senior, to be free to act on his own authority and to be informed of any relevant knowledge or suspicion in the *relevant firm*. In turn he has to pass on issues to *NCIS* as he thinks appropriate. He can be expected to liaise with *NCIS* on any question whether to proceed with a *transaction* in the circumstances.

Firms within a group

7.1.2

G
/1

If a *relevant firm* is part of a *group*, it may choose to appoint as its *MLRO* an individual who performs that function for another *relevant firm* within the *group*.

Delegation by the MLRO to others

7.1.3

G
/1

If a *relevant firm* that is a member of a *group* chooses the approach in *ML 7.1.2 G*, it may wish to permit the *MLRO* to delegate anti-money laundering duties to other suitably qualified individuals within the *relevant firm*. Similarly some *relevant firms*, particularly those with a number of branches or offices in different locations, may wish to permit the *MLRO* to delegate such duties within the *relevant firm*. Where anti-money laundering tasks are delegated by a *relevant firm's MLRO*, the *FSA* will expect the *MLRO* to take ultimate managerial responsibility for ensuring that the duties imposed on the *MLRO* by this sourcebook are complied with. The responsibilities to be discharged by the *MLRO* are set out in *ML 7.1.11 R*.

MLRO as "appropriate person" under Money Laundering Regulations

7.1.4

G
/1

If convenient, a *relevant firm* may decide that the same *person* can carry out the responsibilities of the *MLRO* and of the "appropriate person" under the *Money Laundering Regulations*. "Appropriate person", under those Regulations, means a *person* appointed to handle the internal and external reporting required by the Regulations (see Regulation 14).

Duty to appoint MLRO

7.1.5 **R** ^{/1} *A relevant firm* must appoint an individual as its *MLRO* and operate arrangements that are designed to ensure that it and the *MLRO* comply with the relevant obligations of this chapter.

7.1.6 **R** ^{/1} When a *relevant firm* appoints an individual to be its *MLRO*, it must choose someone who is *employed* within the *relevant firm*, or within another *relevant firm* in the same *group*, whether as part of its governing body, management or staff.

Qualifications and resources of MLRO

7.1.7 **R** ^{/1} So that he can carry out his *controlled function* effectively, a *relevant firm* must ensure that its *MLRO*:

- (1) has a sufficient level of seniority within the *relevant firm*; and
- (2) has sufficient resources, including sufficient time and (if necessary) support staff.

7.1.8 **G** ^{/1} "Sufficient resources" should include arrangements to apply in any temporary absence of the *MLRO*, who should take reasonable steps to ensure the adequacy of such arrangements. An individual who performs the role of *MLRO* for a period of less than 12 weeks in a consecutive 12 month period does not need approval by the *FSA* (see *SUP* 10.5.5 R (periods of less than 12 weeks)).

7.1.9 **R** ^{/1} *A relevant firm* must ensure that its *MLRO* is able to:

- (1) monitor the day-to-day operation of its *anti-money laundering* policies; and
- (2) respond promptly to any reasonable request for information made by the *FSA*.

7.1.10 **E** ^{/1} (1) *A relevant firm* should ensure that its *MLRO* is based in the *United Kingdom*.

(2) Contravention of (1) may be relied on as tending to establish contravention of *ML* 7.1.9 R

Responsibilities of the MLRO

7.1.11 **R** ^{/1} *A relevant firm* must make its *MLRO* responsible for:

- (1) receiving internal reports under *ML* 4.1;
- (2) taking reasonable steps to access any relevant *know your business information*;

- (3) making external reports to *NCIS* under *ML 4.2*;
- (4) obtaining and using national and international findings under *ML 5*;
- (5) taking reasonable steps to establish and maintain adequate arrangements for awareness and training (whether by himself or someone else) under *ML 6*; and
- (6) making annual reports to the *relevant firm's* senior management under *ML 7.2*.

7.1.12

G
/1

APER 4.7.2 E and *APER 4.7.9 E* make provisions about the conduct of the *MLRO*, to help determine whether the *MLRO's* conduct complies with *Statement of Principle 7* concerning the conduct expected of the *MLRO* as an *approved person*.

Duty to appoint MLRO when position vacant

7.1.13

R
/1

If the position of *MLRO* falls vacant, the *relevant firm* must appoint another individual as its *MLRO*.

7.1.14

G
/1

The obligation on a *relevant firm* to appoint an *MLRO* is in *ML 2.1.1 R*. That provision is limited to *relevant firms* and does not apply:

- (1) if the *relevant firm* is a *sole trader* with no *employees*; or
- (2) if the *relevant firm* is an *incoming firm* which is only providing *cross border services* (as opposed to operating through an established *branch*) in the *United Kingdom*.

7.2 Compliance monitoring

7.2.1

/1

SYSC 3.2.6 R (Compliance) requires a *relevant firm* to take reasonable care to establish and maintain appropriate systems and *controls* for compliance with its regulatory obligations and to counter the risk that it might be used to further *financial crime*. This section amplifies this requirement.

7.2.2

/1

(1) A *relevant firm* should establish and maintain arrangements under SYSC 3.2.6 R which include requirements that:

- (a) at least once in each calendar year, the *relevant firm* commission a report from its *MLRO* which:
 - (i) assesses the *relevant firm's* compliance with this sourcebook;
 - (ii) indicates, in particular, the way in which new findings under *ML 5* (Using national and international findings) have been used during the year; and
 - (iii) gives the number of reports made in accordance with *ML 4.1* (Internal reporting) by staff of the *relevant firm*, dealing separately, if appropriate, with different parts of the *relevant firm's* business;
- (b) the *relevant firm's* senior management consider the report; and
- (c) they take any necessary action to remedy deficiencies identified by the report.

(2) Contravention of (1) may be relied on as tending to establish contravention of SYSC 3.2.6 R.

7.2.3

/1

Figures for internal reports should be broken down, if appropriate, in the *MLRO's* report. The purpose of the report is to enable a *relevant firm's* senior management to assess whether internal reports are being made whenever required by *ML 4.1.2 R*, and that an overall figure which seems satisfactory does not conceal inadequate reporting in a particular part of the *relevant firm's* business. *Relevant firms* will need to use their judgement how the *MLRO* should be required to break down the figures in order to achieve this aim.

7.3 Record keeping arrangements

7.3.1 **G**_{/1} SYSC 3.2.20 R (Records) requires a *relevant firm* to take reasonable care to make and retain adequate records (including accounting records). This section amplifies this requirement.

7.3.2 **R**_{/1} (1) A *relevant firm* must make and retain, for the periods specified in (2), the following records:

- (a) in relation to evidence of identity:
 - (i) a copy of the evidence of identity obtained under *ML 3*; or
 - (ii) a record of where a copy of the evidence of identity can be obtained; or
 - (iii) when it is not reasonably practicable to comply with (i) or (ii), a record of how the details of the evidence of identity can be obtained; andwhen it has concluded it should treat a *client* as financially excluded *ML 3.1.5 G* to *ML 3.1.7 G* (Financial exclusion), a record of the reasons for doing so;
- (b) a record containing details of every *transaction* carried out by the *relevant firm* with or for the *client* in the course of *regulated activity*;
- (c) when a *relevant firm's client* has become *insolvent*, and it has taken steps to recover all or part of a debt owed to it by the *client*, a record of the grounds and those steps;
- (d) records of action taken under *ML 4.1* (Internal reporting) and *ML 4.3* (External reporting); and
- (e) when an *MLRO* has considered information or other matter concerning knowledge or suspicion that another *person* has engaged in *money laundering*, but has not made a report to *NCIS* under *ML 4.3*, a record of that information or other matter.

(2) The specified periods are:

- (a) in relation to evidence of identity, five years from the end of the *relevant firm's* relationship with the *client*;
 - (b) in relation to *transactions* within (1)(b), five years from the date when the *transaction* was completed;
 - (c) in relation to (1)(c), five years from the date of the insolvency; and
 - (d) in any other case, five years from the obtaining of the information or the creation of the record.
- (3) '*Transaction*' in (2) does not include advice given to a *client* unless such advice is followed by a *transaction* with monetary value.

7.3.3

G
/1

Records kept under SYSC 3.2.20 R should include the dates when anti-*money laundering* training was given, the nature of the training, and the names of the staff who received training; and (in relation to anti-*money laundering* monitoring) reports by the *MLRO* made in accordance with *ML* 4.3, and records of consideration of those reports and of any action taken as a consequence.

Chapter 8

Sole traders and authorised professional firms

8.1 Application of this sourcebook

Sole traders

8.1.1 **R** The only provisions of this sourcebook which apply to a *sole trader* with no *employees* are those specified in ML 8.1.2.
/1

8.1.2 **R** Table Application to certain sole traders (see ML 8.1.1 R)
/1

Chapter	Subject matter	Parts applicable to a sole trader with no employees
ML 1	Application and purpose	The whole chapter
ML 2	The general money laundering duties	The whole chapter
ML 3	Identification of the client	The whole chapter
ML 4	Reporting	Only ML 4.3.4R applies
ML 5	Findings of deficiencies	The whole chapter
ML 6	Awareness and training	The whole chapter except ML 6.2.1(2)R
ML 7	The MLRO and other arrangements	Only ML 7.2 Except 7.2.2E(1)(a) and (b) and (2) ML 7.3 Except 7.3.2E(1)(d) and (e)
ML 8	Sole traders and authorised professional firms	The whole chapter

Authorised professional firms

8.1.3 **R** This sourcebook does not apply to *authorised professional firms* when carrying on *non-mainstream regulated activities*.
/1

Handbook Modules

Schedule1 Record keeping requirements G

- 1 The aim of the guidance in the following table is to give the reader a quick over-all view of the relevant record keeping requirements.
- 2 It is not a complete statement of those requirements and should not be relied on as if it were.
- 3

Table	Record keeping requirements
-------	-----------------------------

Handbook reference	Subject of record	Contents of record	When record must be made	Retention period
<i>ML 7.3.2 R (1)(a)</i>	Customer identification	Full details of evidence of identity	As soon as reasonably practicable after first contact	5 years from end of relationship with <i>client</i>
<i>ML 7.3.2 R (1)(b)</i>	<i>Transactions</i>	Full details	On effecting the transaction	5 years from the date when the <i>transaction</i> was completed
<i>ML 7.3.2 R (1)(c)</i>	<i>Insolvent client</i>	Grounds for insolvency and details of steps taken to recover the debt	When firm becomes aware of event and takes steps	5 years from date of insolvency
<i>ML 7.3.2 R (1)(d)</i>	Internal and external reporting	Full details of actions taken	Once actions have been taken	5 years from the creation of the record
<i>ML 7.3.2 R (1)(e)</i>	Information not acted upon	Full details of information considered by the <i>MLRO</i> but not made an external report	Once decision not to report has been made	5 years from the obtaining of the information

Handbook Modules

Schedule2 Notification requirements G

- 1 There are no requirements to notify or report to the FSA in ML.

Handbook Modules

Schedule3 Fees and other required payments G

- 1 There are no requirements for fees or other payments in ML.

Handbook Modules

Schedule4 Powers exercised G

- 1 The following powers and related provisions in the Act have been exercised by the FSA to make the rules in ML:
 - (a) Section 138 (General rule making power)
 - (b) Section 146 (Money laundering rules)
 - (c) Section 149 (Evidential provisions)
 - (d) Section 156 (General supplementary powers)
- 2 The following power in the Act has been exercised by the FSA to give the guidance in ML:
 - (a) Section 157(1) (Guidance)

Handbook Modules

Schedule5 Rights of action for damages G

- 1 The table below sets out the rules in ML contravention of which by an authorised person may be actionable under section 150 of the Act (Actions for damages) by a person who suffers loss as a result of the contravention.
- 2 If a "Yes" appears in the column headed "For private person?", the rule may be actionable by a "private person" under section 150 (or, in certain circumstances, his fiduciary or representative; see article 6(2) and (3)(c) of the Financial Services and Markets Act 2000 (rights of Action) Regulations 2001 (SI 2001 No 2256)). A "Yes" in the column headed "Removed" indicates that the FSA has removed the right action under section 150(2) of the Act. If so, a reference to the rule in which it is removed is also given.
- 3 The Column headed "For other person?" indicates whether the rule may be actionable by a person other than a private person (or his fiduciary or representative) under article 6(2) and (3) of those Regulations. If so, an indication of the type of person by whom the rule may be actionable is given.
- 4 Table Actions for damages: Money Laundering Sourcebook

Chapter/ Appendix	Section/ Annex	Paragraph	Right of action under s150			
			For			For other Person?
			Private person?	Removed		
<i>Rules in ML with the status letter "R"</i>			Yes	No		No
<i>Rules in ML with the status letter "E"</i>			No	No		No

Handbook Modules

Schedule6 Rules that can be waived G

- 1 The rules in ML can be waived by the FSA under section 148 of the Act (Modifications or waiver of rules).

Handbook Modules

Schedule1 Derivations G

- 1 There is no table of derivations for ML.

Handbook Modules

Schedule1 Destinations G

- 1 There is no table of destinations for ML.

AUTHORISATION MANUAL INSTRUMENT 2001

- A. The Financial Services Authority gives the guidance and makes the directions and requirements in the Annex to this instrument (“AUTH”) in the exercise of the powers listed in Schedule 4 to AUTH.
- B. This instrument shall come into force at the beginning of the first day on which section 40 of the Financial Services and Markets Act 2000 (Application for permission) comes into force for any purpose.
- C. This instrument may be cited as the Authorisation Manual Instrument 2001.
- D. The Annex to this instrument (including its schedules) may be cited as the Authorisation manual (or AUTH).

By order of the Board
21 June 2001

Transitional Provisions

1 **G** Table

There are no transitional provisions in *AUTH*.

GEN contains transitional provisions that apply throughout the *Handbook*.

Chapter 1.

Introduction to the Authorisation manual

1.1 Application and purpose

Application

1.1.1

G

/1

This manual applies to:

- (1) a *person* which is considering carrying on activities in the *United Kingdom* which may fall within the scope of the *Act* and is seeking *guidance* on whether it needs to be an *authorised person*;
- (2) a *person* which seeks to become an *authorised person* under the *Act* and which is, or is considering, applying to the *FSA* for *Part IV permission* to carry on *regulated activities* in the *United Kingdom*;
- (3) an *EEA firm*, a *Treaty firm* or a *UCITS qualifier* that wishes to establish a *branch* or provide *cross-border services* into the *United Kingdom* using *EEA rights*, *Treaty rights* or *UCITS Directive rights*, or apply for a *top-up permission*;
- (4) a *candidate* for approval under Part V of the *Act*, but only in respect of *AUTH 6* (Approved persons), which is of general relevance, and *AUTH 8* (Determining applications); and
- (5) *persons* generally.

Purpose

1.1.2

G

/1

The purpose of:

- (1) *authorisation* is to allow only *persons* which satisfy the necessary conditions (relating, for example, to adequate resources and suitability – see *COND*) to engage in a *regulated activity*; and
- (2) approval of *persons* (generally individuals) is to seek to ensure that only fit and proper *persons* perform *controlled functions* in the financial services industry.

1.1.3

G

/1

The purpose of this manual is to give *guidance* about:

- (1) the circumstances in which *authorisation* is required, or *exempt person* status is available, including *guidance* on the activities which are regulated under the *Act* and the exclusions which are available; see *AUTH 2* (Authorisation and regulated activities);

- (2) the procedures by which a *person* can apply for, or obtain, *permission* under the *Act* to carry on these *regulated activities* and become an *authorised person* and any fees payable; see *AUTH 3* (Applications for Part IV permission), *AUTH 5* (Qualifying for authorisation under the Act) and *AUTH 4* (Fees [to be added later]).
- (3) the procedures by which a *person* seeking to become an *authorised person* can obtain approval for *persons* to perform *controlled functions* under the *approved persons* regime; see *AUTH 6* (Approved persons); and
- (4) the *FSA*'s powers in relation to *authorisation* and how it will use them (see *AUTH 3* and *AUTH 5*), including a summary of how applications will be determined; see *AUTH 8* (Determining applications).

1.2 Introduction

- 1.2.1** G_{/1} (1) The Financial Services and Markets Act 2000 (the *Act*) is the *UK* legislation under which *bodies corporate, partnerships*, individuals and unincorporated associations are permitted by the *FSA* to carry on various financial activities which are subject to regulation (referred to as *regulated activities*).
- (2) The activities which are *regulated activities* are specified in the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001 (the *Regulated Activities Order*): for example, *accepting deposits, managing investments, effecting contracts of insurance, dealing in investments as agent*. In general terms, a *regulated activity* is an activity, specified in the Order, carried on in relation to one or more of the *investments* specified in the Order. *AUTH 2* gives further *guidance* on *regulated activities* and *specified investments*.
- 1.2.2** G_{/1} In order to carry on a *regulated activity* in the *United Kingdom*, or even "purport to do so", section 19 of the *Act* (The general prohibition) provides that a *person* must be either *authorised* under the *Act* (an *authorised person*) or exempt from its provisions (an *exempt person*). In this context, a "*person*" includes both a legal *person*, for example a *body corporate*, and a natural *person*, that is, an individual.
- 1.2.3** G_{/1} *Exempt persons* are *persons* falling within the following groups:
- (1) an *appointed representative*;
- (2) a *person*, or class of *persons*, specified in secondary legislation; for example, the Bank of England is specified in the Financial Services and Markets Act 2000 (Exemption) Order 2001 (the *Exemption Order*);
- (3) a *recognised investment exchange* or a *recognised clearing house* (for more information on being a recognised body see *REC*).
- Further information on *exempt persons* is given in *AUTH 2.10*.
- 1.2.4** G_{/1} *Members* of the *Society of Lloyd's* are not required to obtain *authorisation* to carry out certain insurance market activities unless so directed by the *FSA* (see *AUTH 2.10.9G*). In addition, certain *professional firms* (solicitors, accountants and actuaries) are allowed under Part XX of the *Act* (Provision of Financial Services by Members of the Professions) to carry on certain *regulated activities* without *authorisation* subject to their complying with specified conditions (see *AUTH 2.10.12G* and *PROF*).
- 1.2.5** G_{/1} Before any *person* carries on in the *United Kingdom*, by way of business, activities that are *regulated activities*, it will generally need to be an *authorised person* (see *AUTH 2.2*). There are two main kinds of *authorised person* under the *Act*: a *person* who is *authorised* because it has a *Part IV permission* (see *AUTH 1.2.5G(2)*) and a *person* which qualifies for *authorisation* (see *AUTH 1.2.5G(1)*).

It is important that a *person* considering carrying on a *regulated activity* in the *United Kingdom* determines which type of *authorisation* is required.

- (1) A *person* from another *EEA State* which is authorised in its *Home State* may be entitled to establish a *branch* in, or provide *cross border services* into, the *United Kingdom* under the *Single Market Directives*, the *Treaty* or the *UCITS Directive* (this is often known as *passporting*). The process by which that *person* can qualify for *authorisation* under Schedules 3, 4 and 5 to the *Act* is described in *AUTH 5*.
- (2) Other *persons* wishing to carry on *regulated activities* in the *United Kingdom* must obtain *permission* from the *FSA* under Part IV of the *Act* (this is known as *Part IV permission*). Such *persons* will become *authorised persons* if the *FSA* gives them *permission*. *AUTH 1.6* outlines the process of applying for *Part IV permission*; the formal elements are described in more detail in *AUTH 3*. At the same time, the applicant will need to apply for certain *persons* to become *approved persons* (see *AUTH 6*).

1.3 The Authorisation manual

- 1.3.1** G_{/1} (1) The Authorisation manual (*AUTH*), the Supervision manual (*SUP*), the Enforcement manual (*ENF*) and the Decision making manual (*DEC*) form the Regulatory Processes part of the *Handbook*.
- (2) *AUTH* sets out the relationships between the *FSA* and applicants for *Part IV permission* and *persons* wishing to exercise *EEA rights*, *Treaty rights* or *UCITS Directive* rights. *SUP* sets out the relationship between the *FSA* and *authorised persons* (referred to in the *Handbook* as *firms*). As a general rule, material that is of continuing relevance after *authorisation* is in *SUP*.
- (3) *ENF* describes the *FSA*'s enforcement powers under the *Act* and sets out its policies for using these powers.
- (4) *DEC* is principally concerned with, and sets out, the *FSA*'s decision making procedures for decisions that involve the giving of *statutory notices*.
- 1.3.2** G_{/1} The procedures for applying for *Part IV permission*, for approval of a *person* under section 59 of the *Act* and for qualifying for *authorisation* under Schedules 3, 4 and 5 to the *Act* are derived from the *Act*. *AUTH* gives *guidance* on the *Act* and the *FSA*'s procedures. It also contains directions to applicants on the manner of making applications (see *AUTH* 3.9.3D and *AUTH* 6.3.2D) and *rules* on fees (see *AUTH* 4 [to be added later]).
- 1.3.3** G_{/1} (1) A Reader's Guide gives an introduction to the *Handbook* and is a key navigational aid for *Handbook* users. The guide explains the format, layout and workings of the *Handbook*, including the status and definitions of its components such as directions, *rules* and *guidance* (see paragraphs 18 to 31 of the Guide).
- (2) We recommend that readers consult this Guide before or while reading *AUTH*. In particular, readers may find it helpful to refer to the sections of the Guide that explain structure (paragraphs 3 to 13 of the Guide), the status of provisions (paragraphs 14 to 27 of the Guide) and cross-references (paragraphs 40 to 42 of the Guide).
- 1.3.4** G_{/1} (1) The *Act*, and the secondary legislation made under the *Act*, is complex. Although *AUTH* gives *guidance* to those considering or seeking *authorisation*, it does not aim to be exhaustive.
- (2) References have been made to relevant provisions in the *Act* or secondary legislation. However, since reproducing an entire statutory provision would sometimes require a lengthy quotation, or considerable further explanation, many provisions of the *Act*, or secondary legislation made under the *Act*, are summarised. For the precise details of the legislation, readers of the manual should, therefore, refer to the *Act* and the secondary legislation itself, as well as the manual.

(3) The *Act* and the Explanatory Notes are available from the Stationery Office (the *Act*, ISBN 0-10-540800-X, £21.70; and the Explanatory Notes, ISBN 0-10-560800-9, £14.50). Secondary legislation made by the Treasury under the *Act* can be obtained from the Stationery Office or can be accessed through the Treasury’s website (www.hm-treasury.gov.uk).

1.3.5

G
/1

Guidance on the *Act* or secondary legislation made under the *Act* represents the FSA’s view and does not bind the Courts. In the event of any discrepancy between the manual and the *Act* or that secondary legislation, the provisions of the *Act* or the secondary legislation prevail. It remains each *person’s* responsibility to ensure that, at all times, his activities comply with the *Act* and with other relevant provisions (including general requirements such as company law or consumer credit) and to take all necessary steps to satisfy himself of this, including where necessary by seeking his own legal advice.

1.3.6

G
/1

AUTH uses words and phrases that have specific meanings in the *Handbook* or in legislation; these may be different from, or more precise than, their usual dictionary meanings. Defined terms used in the text of the *Handbook* are shown in italics (see paragraph 43 of the Reader’s Guide). For the meanings of defined terms used in *AUTH*, see the *Glossary* (either the extracts at the end of *AUTH* or the consolidated *Glossary* near the end of the *Handbook*). It is essential that readers refer to these definitions.

1.3.7

G
/1

AUTH 1.3.9G summarises *AUTH*. Readers should note that in a cross-reference, as explained in paragraph 40 of the Reader’s Guide, the code letters of the manual or sourcebook immediately precede the chapter number. For example, *AUTH* 1 is the first chapter of the Authorisation manual.

1.3.8

G
/1

The FSA is keen to encourage an interactive *authorisation* process. With this in mind, *AUTH* gives specific contact points in the FSA from which an applicant can get help with questions about its application. To help readers, the contact points are listed at *AUTH* 1.9.2G.

1.3.9

G
/1

Table Summary of *AUTH*
This table belongs to *AUTH* 1.3.7G

Chapter:	Applicable to:	On:
<i>AUTH</i> 2: Authorisation and regulated activities	a <i>person</i> wishing to find out whether it needs to be <i>authorised</i> (or is an <i>exempt person</i>).	the <i>Act</i> , the <i>Regulated Activities Order</i> and the <i>Exemption Order</i> .
<i>AUTH</i> 3: Applications for Part IV permission	an applicant for <i>Part IV permission</i> .	how the FSA will exercise the powers granted to it in Part IV of the <i>Act</i> to determine and, if appropriate, grant an application for <i>Part IV permission</i> .
<i>AUTH</i> 4: Fees [to be added later]	an applicant for <i>Part IV permission</i> .	the fees the FSA will levy on applicants for <i>Part IV permission</i> .
<i>AUTH</i> 5: Qualifying for authorisation under the Act [to be added later]	1. an <i>EEA firm</i> wishing to exercise its <i>EEA right</i> and establish a <i>branch</i> in, or provide <i>cross border services</i> into, the <i>United Kingdom</i> ;	how an <i>EEA firm</i> , a <i>Treaty firm</i> or a <i>UCITS qualifier</i> can qualify for <i>authorisation</i> under the <i>Act</i> .

Chapter:	Applicable to:	On:
AUTH 6: Approved persons	<ol style="list-style-type: none"> 2. a <i>Treaty firm</i> wishing to exercise its <i>Treaty rights</i>; 3. a prospective <i>UCITS qualifier</i>. 1. an applicant for <i>Part IV permission</i> seeking approval for a person to perform a <i>controlled function</i> under <i>arrangements</i> to be entered into by the <i>firm</i> or its contractors (including <i>appointed representatives</i>); 2. a <i>candidate</i>. <p>Note: <i>EEA firms, Treaty firms</i> and <i>UCITS qualifiers</i> should refer to <i>SUP 10.1 (Application)</i>.</p>	<ol style="list-style-type: none"> 1. the <i>controlled functions</i> that the <i>FSA</i> has specified; and. 2. how the <i>FSA</i> will exercise the powers given to it in Part V of the <i>Act</i> to require <i>firms</i> to obtain prior <i>approval</i> for <i>persons</i> who will perform <i>controlled functions</i>.
AUTH 7: [to be added later]		
AUTH 8: Determining applications	<ol style="list-style-type: none"> 1. applicants for <i>Part IV permission</i> generally; 2. an <i>EEA firm</i> or a <i>Treaty firm</i> that has submitted an application for approval of a <i>person</i> under the <i>approved persons regime</i>; 3. a <i>candidate</i>. 	<ol style="list-style-type: none"> 1. the procedures which the <i>FSA</i> will follow when granting an application; and 2. a summary of the <i>FSA's</i> decision making procedures for: <ol style="list-style-type: none"> (a) refusing, or proposing to refuse, an application for <i>Part IV permission</i> or an application for approval under the <i>approved persons regime</i>; or (b) granting, or proposing to grant, an application for <i>Part IV permission</i> subject to <i>limitations</i> or <i>requirements</i> not applied for or with a narrower description of <i>regulated activity</i> than that to which the application relates.

1.4 The FSA's approach to applications for Part IV permission: an overview

1.4.1

G
/1

- (1) Under the *Act*, there is a single process for applications for *Part IV permission*. However, the amount of detailed information that an applicant will have to submit as part of its application will be related to the risks posed to the FSA's *regulatory objectives* by the *regulated activities* and any *unregulated activities* that the applicant intends to carry on. Thus the information requested will depend on, and be proportional to, the nature of the application.
- (2) This proportionality is reflected in the design of the application pack. Although all applicants have to complete certain standard sections, other sections of the pack are specific to certain types of business such as *insurance business*. In completing the relevant sections of the pack, the level of detailed information an applicant will be required to provide varies according to the nature of the application. Thus, for example, the FSA will require an applicant which seeks to carry on low-risk *designated investment business* activities to submit, among other things, a business plan and other information which is proportional and relevant to the applicant's size and the scope of its proposed business.

1.4.2

G
/1

- (1) To gain, and retain, the status of an *authorised person*, an applicant must satisfy and continue to satisfy certain minimum requirements, laid down in the *Act*. These are known as *threshold conditions* and further *guidance* is given in *AUTH 3.8* and *COND*.
- (2) The FSA will assess each application against the *threshold conditions*. During this assessment, the FSA may require further information from applicants to address any concerns. If an applicant can satisfy the *threshold conditions* in part only, the FSA may impose a *limitation* or a *requirement* on the *Part IV permission* applied for to enable the applicant to satisfy the *threshold conditions*.

1.4.3

G
/1

- (1) An applicant for *Part IV permission* will be expected to demonstrate to the FSA that it is ready, willing and organised to comply, and continue to comply, with the regulatory obligations that are relevant to the *regulated activities* it seeks *Part IV permission* to carry on.
- (2) To do this, an applicant will need to familiarise itself with the relevant *Principles*, other *rules* and *guidance* that apply to the *regulated activities* it proposes to carry on. *AUTH* is designed as a guide, but it cannot alone equip applicants with all the detail of the regulatory obligations for a proposed business. Such detail is in the other parts of the *Handbook*.

The FSA's approach to risk assessment

1.4.4

G

/1

- (1) Alongside the assessment of the *threshold conditions*, described in *AUTH* 1.4.2G(2), the *FSA* will operate its risk assessment process. This process enables the *FSA* to be proportional in its procedures, both in terms of the information which it seeks from an applicant and in the allocation of its own resources. The outcome of this process will help determine the relationship the *FSA* will seek to have with the applicant if it gives it *Part IV permission*.
- (2) The process will include assessing the risks posed by the applicant against a number of probability and impact factors. The probability factors relate to the likelihood of an event happening, and the impact factors indicate the scale and significance of the problem if it occurred. For further details of the process see *SUP* 1.3 (The *FSA*'s risk based approach to supervision). The *FSA* intends to communicate the outcome of its risk assessment to the *firm* (see *SUP* 1.3.10G).

1.5 Understanding the requirements and standards of the regulatory system

1.5.1

G
/1

The requirements and standards of the regulatory system, with which an *authorised person* must comply, vary depending on both the nature of the *firm* and the *regulated activities* it has *permission* to carry on. As part of preparing an application for *Part IV permission*, an applicant will need to familiarise itself with the *rules*, regulations and standards that would apply to the business it proposes to carry on. An applicant will then have to demonstrate how it proposes to comply, for example, with the high level systems and controls requirements in SYSC and, where relevant, the applicable rules in COB. *EEA firms*, *Treaty firms* or *UCITS qualifiers* which qualify for *authorisation* should also familiarise themselves with the relevant regulatory obligations before carrying on *regulated activities* in the *United Kingdom*.

1.5.2

G
/1

- (1) An *EEA firm* will be informed of any relevant regulatory obligations (known as *applicable provisions*) by the *FSA* or, in the case of an *EEA firm* which is an *insurer*, its *Home State regulator*, as part of the process of qualifying for *authorisation*.
- (2) An applicant for *Part IV permission* should consult the notes to the application pack. They cross-refer to relevant parts of the *Handbook*, and this will help applicants to respond to certain questions.

1.5.3

G
/1

As a general guide, all applicants for *Part IV permission* should be familiar with the *threshold conditions* (*COND*) and the *Principles for Businesses* (*PRIN*) in the High Level Standards part of the *Handbook*. To complete an application for *Part IV permission*, an applicant will also need to have regard to the following matters:

- (1) Prudential requirements:
 - (a) the high level requirement for adequate resources, which is applicable to all *firms*, described in *COND*; and
 - (b) the detailed prudential requirements in the interim Prudential sourcebooks (collectively referred to as *IPRU*) in the Business Standards part of the *Handbook*. There are five sourcebooks that apply, respectively, to *banks* (*IPRU(BANK)*), *building societies* (*IPRU(BSOC)*), *friendly societies* (*IPRU(FSOC)*), *insurance companies* (*IPRU(INS)*) and *investment business firms* (*IPRU(INV)*). *Guidance* is given to applicants in *AUTH 3 Ann 2G* on determining which prudential category, and which sourcebook of *IPRU*, will apply.

An applicant will need to confirm that it will have adequate resources in place to meet the applicable requirements.

- (2) Systems, controls and internal arrangements:

- (a) the high level requirement for all *firms* to maintain adequate resources (including systems and human resources) described in *COND* and the high level standards for all *firms* in Senior management arrangements, systems and controls (*SYSC*); and
- (b) the detailed requirements, many of which are *regulated activity* specific, in the sourcebooks in the Business Standards part of the *Handbook*; for example, in *IPRU*, the Training and Competence sourcebook (*TC*), the Money Laundering sourcebook (*ML*) and Conduct of Business sourcebook (*COB*); and the reporting requirements for *firms* in *SUP 16* (Reporting requirements) and *SUP 17* (Transaction reporting).

Before the *FSA* gives a *Part IV permission*, an applicant will need to confirm that it will have the necessary systems and controls in place.

(3) *Approved persons*:

- (a) the high level standards contained in the Fit and Proper test for approved persons (*FIT*) and the Statements of Principle and Code of Practice for Approved Persons (*APER*); and
- (b) the detailed *rules* about *controlled functions* and other matters in *SUP 10* (Approved persons).

An applicant will need to identify the *persons* that will require approval from the *FSA* in conjunction with its application for *permission*. This approval is required before a *person* may perform a *controlled function*.

(4) Other regulatory obligations:

- (a) the detailed regulatory obligations that apply to certain types of *firm* or *regulated activity* in *COB*, the Market Conduct sourcebook (*MAR*) and *SUP*;
- (b) the obligations in Dispute resolution: Complaints (*DISP*) and Compensation (*COMP*); and
- (c) the specialist sourcebooks or special guides included in the *Handbook* such as, for example, those for *collective investment schemes*, exempt *professional firms*, the market at Lloyd's and market *service companies*.

1.5.4

/1

A table of contents of the *Handbook* is at the end of the Reader's Guide.

1.6 Applying for Part IV permission: overview of the process

1.6.1 G_{/1} The formal procedures for applying for *Part IV permission* are described in *AUTH 3*. The application process is, however, interactive and includes discussions and, in some circumstances, an initial meeting with a potential applicant before it submits a completed application form. This section, therefore, outlines how the application process is likely to proceed in practice.

- 1.6.2** G_{/1}
- (1) Although the *FSA* does not require all applicants to appoint professional advisers to help with the application process, reports from professionals will be required in respect of some applications for *Part IV permission* (see *AUTH 3.9.16G* and *AUTH 3.9.17G*).
 - (2) In addition, a potential applicant should consider at an early stage whether, given the nature of the proposed business it is seeking to carry on and its own experience, it is appropriate to seek professional advice in connection with its application. For example, an applicant may need to seek professional advice from lawyers, auditors or reporting accountants, consultants, *actuaries* or its *professional body*, before making a formal application to the *FSA*.
 - (3) *SUP 9* (Individual guidance) describes how a *person* may apply to the *FSA* for individual *guidance* which relates to its own particular circumstances or plans. Applicants should note, in particular, *SUP 9.2.5G*, which states that the *FSA* will expect a *person* to have taken reasonable steps to research and analyse a topic before approaching the *FSA* for individual *guidance*. *SUP 9.2.5G* also cautions that the *FSA* should not be viewed as a first port of call, except where only the *FSA* can give *guidance*.

1.6.3 G_{/1} Before beginning discussions with the *FSA*, an applicant for *Part IV permission* should have completed its business planning to determine what activities it proposes to undertake and the resources it will need to do so.

- 1.6.4** G_{/1}
- (1) An applicant should also have determined and established the appropriate legal entity through which the proposed activities are to be conducted - that is, whether it wishes to trade on its own account, or establish:
 - (a) a *body corporate* – for example, a limited *company*, which can be public or private and limited by shares or by guarantee, or a *friendly society*; or
 - (b) a *partnership*; or
 - (c) an unincorporated association; or
 - (d) a *UK branch*.
 - (2) A *limited liability partnership* (regardless of the jurisdiction of incorporation) is a *body corporate* and does not fall within the definition of *partnership*, except

in relation to *SUP 10* (Approved persons). Most limited liability partners will be either *directors* or *senior managers*, but this will depend on the constitution of the *limited liability partnership*.

- 1.6.5** G_{/1} The legal status of an *insurer* and an applicant which seeks to carry on the *regulated activity* of *accepting deposits* is specified by *threshold condition 1* (Legal status) (see *COND 2.1*).
- 1.6.6** G_{/1} The first stage in the application process is to establish whether the proposed business will carry on *regulated activities* requiring *permission* under Part IV of the *Act* (Permission to carry on regulated activities). *AUTH 2* gives a high-level guide to the activities that are regulated under the *Act* and those that are excluded (but this is not a substitute for consulting the legislation itself); further queries may be referred to the *FSA's* Authorisation Enquiries team (see *AUTH 1.9.2G*).
- 1.6.7** G_{/1} Once an applicant has determined that it needs to apply for *Part IV permission*, it should begin to gather the information needed for the formal application. At this stage, applicants are encouraged to begin discussion with the *FSA's* Corporate Authorisation department about their plans and the application (see *AUTH 1.9*).
- 1.6.8** G_{/1} The *FSA's* application pack (that is, the set of forms for an application for *Part IV permission*, and the notes for their completion) and *approved persons* forms are available from the *FSA* website or by contacting the Corporate Authorisation department (see *AUTH 1.9.2G*).
- 1.6.9** G_{/1} Among other things, the applicant will need to:
- (1) determine the precise scope of the *permission* it wishes to apply for; this should include the *regulated activities* (the specified activities and the *specified investments* in respect of which the activities are carried on: see *AUTH 2 Ann 2G*) and any *limitations* and *requirements* the applicant wishes to apply for to refine the scope of the *regulated activities*; an example includes a *limitation* on the types of *client* it wishes to carry on business with or a *requirement* not to hold or control *client money*;
 - (2) determine whether it needs to apply to the *Society of Lloyd's* for admission to the register of *underwriting agents* or to any other bodies; the timing of these applications should be included in the applicant's plans;
 - (3) determine which prudential category (and, if relevant, sub-category) will apply, and therefore its minimum regulatory financial requirements;
 - (4) determine the rules in the *Handbook* which will apply to the activities it proposes to carry on, and take all reasonable steps to ensure that it is ready, willing and organised to comply with those *rules*;
 - (5) determine the systems and controls necessary both to support its activities and to comply with the relevant *rules*, and have plans to implement and test these systems before the *FSA* determines its application;
 - (6) prepare a business plan setting out the planned activities (and related risks), budget and resources (human, systems and capital);
 - (7) determine which *persons* will fall under the *FSA's* *approved persons* regime and apply for the necessary approval; and
 - (8) obtain any auditors' or *reporting accountants'* reports that are required to support its application or have been requested by the *FSA*; the auditors or other

professionals should be involved early in the process to ensure that the planned work on the application will be sufficient to enable them to provide any opinions required.

1.6.10

G
/1

- (1) It is in the interests of the applicant and the *FSA* that the application pack, when submitted, should be fully completed and address any areas of potential regulatory concern.
- (2) If an applicant’s plans are complex (for example, if they include *insurance business, accepting deposits* or certain types of *designated investment business*), high risk or innovative (for example, if they raise new or unusual issues), then the *FSA* would expect to be in discussion with the applicant while the applicant is developing the material needed for the formal application.
- (3) Where appropriate - for example in an application for *Part IV permission* including *insurance business* or *accepting deposits* - *FSA* staff may, by agreement with the applicant, arrange a pre-application meeting or discuss aspects of the applicant’s draft business plan or other relevant documents while the application is being prepared. This will help the *FSA* develop its knowledge of the applicant and the proposed business.

1.6.11

G
/1

In addition, all applicants are encouraged to take the opportunity to discuss particular issues with the *FSA* as they arise, with a view to tackling them before submitting the completed application pack. Applicants are also advised to review the application pack before submission and check that they have provided adequate responses to all questions (that is, responses appropriate to the scope and scale of their activities and the risks they may pose to *consumers*).

1.6.12

G
/1

After receiving the application pack, the *FSA* will begin its formal process of consideration. The *FSA* Corporate Authorisation and Individual Vetting and Registration teams will review the application pack and *approved persons* regime forms respectively. During this process, the *FSA* may ask for additional information and is likely to meet the applicant’s management and visit its premises before determining the application.

1.7 Appointed representatives

1.7.1 **G** /1 An applicant for *Part IV permission*, an *EEA firm* or *Treaty firm* which is seeking to carry on *designated investment business* may wish to consider appointing an *appointed representative* if they become *authorised*.

1.7.2 **G** /1

- (1) An *appointed representative* is a *person* who, as a result of satisfying conditions in section 39 of the *Act* (Exemption of appointed representatives) is an *exempt person* in respect of certain business which it carries on for an *authorised person*. The *Act* states that a *person* who is an *authorised person* cannot also be an *appointed representative*.
- (2) The business for which an *appointed representative* may be exempt is specified in the *Appointed Representatives Regulations*. The business which an *appointed representative* carries on for a *firm* must fall within the scope of the *firm's own permission*.
- (3) *SUP 12 (Appointed representatives)* contains *guidance* on the conditions in the *Act*, the *Appointed Representatives Regulations* and the *FSA's rules and guidance* which apply to a *firm* which is appointed or has appointed an *appointed representative*. An applicant for *Part IV permission* can notify the *FSA* of the *persons* it wishes to appoint as *appointed representatives* in the application pack.

1.8 What other general guidance is available from the FSA?

- 1.8.1** **G**_{/1} It will not always be clear to a *person* whether or not its prospective business activities will be such that it requires *authorisation*. The *FSA* has established an Authorisation Enquiries team to help in such cases.
- 1.8.2** **G**_{/1} The Authorisation Enquiries team gives assistance by:
- (1) producing *guidance* for *persons* who wish to find out whether they need to be *authorised* (see *AUTH* 2);
 - (2) publishing *guidance* about areas where *persons* may have difficulty deciding whether or not *authorisation* or exemption is needed (this is included in *AUTH* App X [to be added at later date]); and
 - (3) responding to oral and written enquiries from applicants, prospective applicants, *EEA firms*, *Treaty firms* or prospective *UCITS qualifiers* (or their professional advisers) about their particular position under the *Act*.
- 1.8.3** **G**_{/1} The Authorisation Enquiries team also handles enquiries about *financial promotions*. Under the *Act*, the communication of a *financial promotion* by an *unauthorised person* is prohibited, unless its contents have been approved by an *authorised person*, or an exemption applies.
- 1.8.4** **G**_{/1} As well as being included as an appendix to *AUTH*, copies of all current *guidance* issued by Authorisation Enquiries are available separately from the *FSA* website at www.fsa.gov.uk or through the *FSA*'s Publications Enquiries department on 020 7676 3298. The Authorisation Enquiries team will be pleased to clarify or discuss any aspects of the *guidance* in more detail.
- 1.8.5** **G**_{/1} The *FSA* will review its *guidance* from time to time and may need to amend or withdraw published or written *guidance* in the light of changing circumstances, developing business practices, or case law. For the status of guidance issued by the *FSA*, see paragraphs 25 to 28 in the Reader's Guide.

1.9 Next steps?

1.9.1 G /1 To find out where next to look in the Authorisation manual, see *AUTH* 1 Ann 1G. To find out who to contact at the *FSA* see *AUTH* 1.9.2G.

Introduction to the Authorisation Manual

G

Where to next?

Chapter 2

2

Authorisation and regulated activities

2.1 Application and purpose

Application

2.1.1

G
/1

This chapter is relevant to any *person* who needs to know what activities fall within the scope of the *Act*.

Purpose

2.1.2

G
/1

The purpose of this chapter is to provide *guidance*:

- (1) to *unauthorised persons* who wish to find out whether they need to be *authorised* and, if so, what *regulated activities* their *permission* needs to include;
- (2) to *authorised persons* who may have questions about the scope of their existing *permission*.

2.2 Introduction

- 2.2.1** **G**_{/1} Under section 23 of the *Act* (Contravention of the general prohibition), a *person* commits a criminal offence if he carries on activities in breach of the *general prohibition* in section 19 of the *Act* (The general prohibition) (see *AUTH* 1.2.2G). Although a *person* who commits the criminal offence is subject to a maximum of two years imprisonment and an unlimited fine, it is a defence for a *person* to show that he took all reasonable precautions and exercised all due diligence to avoid committing the offence.
- 2.2.2** **G**_{/1} Another consequence of a breach of the *general prohibition* is that certain agreements could be unenforceable (see sections 26 to 29 of the *Act*). This applies to agreements entered into by *persons* who are in breach of the general prohibition. It also applies to any agreement entered into by an *authorised person* if the agreement is made as a result of the activities of a *person* who is in breach of the *general prohibition*.
- 2.2.3** **G**_{/1} Any *person* who is concerned that his proposed activities may require *authorisation* will need to consider the following questions (these questions are a summary of the issues to be considered and have been reproduced, in slightly fuller form in the decision tree in *AUTH* 2 Ann 1G):
- (1) Will I be carrying on my activities by way of business (see *AUTH* 2.3)?
 - (2) Will I be managing the assets of an *occupational pension scheme* (see *AUTH* 2.3.2G(3))?
 - (3) If the answer is 'Yes' to (1) or (2), will my activities involve *specified investments* in any way (see *AUTH* 2.6)?
 - (4) If so, will my activities be, or include, *regulated activities* (see *AUTH* 2.7)?
 - (5) If so, will I be carrying them on in the *United Kingdom* (see *AUTH* 2.4)?
 - (6) If so, will my activities be excluded (see *AUTH* 2.8 and *AUTH* 2.9)?
 - (7) If not, will I be exempt (see *AUTH* 2.10.5G to 2.10.8G)?
 - (8) If not, am I allowed to carry on *regulated activities* without *authorisation* (see *AUTH* 2.10.9G to 2.10.16G)?
 - (9) If not, do I benefit from the few provisions of the *Act* that *authorise* me without a *permission* under Part IV of the *Act* (see *AUTH* 1 2.4G(1))?
 - (10) If not, what is the scope of the *Part IV permission* that I need to seek from the *FSA* (see *AUTH* 2, Ann 2G and *AUTH* 3)?

2.2.4

G
/1

The rest of this chapter provides a high level guide through the questions set out in *AUTH 2.2.3G*. It aims to give an overall picture but in doing so it necessarily relies on the reader referring to statutory provisions to fill in the detail (which can be extensive).

2.2.5

G
/1

The process of applying for *Part IV permission* is described in *AUTH 3*. But a list of the activities for which *permission* may be given is annexed to this chapter (see *AUTH 2 Ann 2G*). You may find this helpful in providing an overview of the activities that are regulated. The list is included here because, with some exceptions, the investments and activities for which *permission* may be given are the same as the investments and activities specified in the *Regulated Activities Order*. The exceptions (which are explained in *AUTH 3.4* and *3.5*) involve distinctions being drawn within each of several activities and investments so specified. This creates a few additional categories for which *permission* must be sought.

2.3 The Business element

2.3.1 **G** Under section 22 of the *Act* (Regulated activities), for an activity to be a *regulated activity* it must be carried on 'by way of business'.
/1

2.3.2 **G** There is power in the *Act* for the Treasury to change the meaning of the business element by including or excluding certain things. They have exercised this power (see the Financial Services and Markets Act 2000 (Carrying on Regulated Activities by Way of Business) Order 2001 SI No 1177). The result is that the business element differs depending on the activity in question. This in part reflects certain differences in the nature of the activities:

- (1) The activity of *accepting deposits* will not be regarded as carried on by way of business by a *person* if he does not hold himself out as *accepting deposits* on a day-to-day basis and if the *deposits* he accepts are accepted only on particular occasions. In determining whether *deposits* are accepted only on particular occasions, the frequency of the occasions and any distinguishing characteristics must be taken into account.
- (2) Except for the trustees of *occupational pension schemes* (for which special provision is made (see *AUTH 2.3.2(3)G*)), the business element is not to be regarded as satisfied for any of the *regulated activities* carried on in relation to *securities* or *contractually based investments* (or for those *regulated activities* carried on in relation to 'any property') unless a *person* carries on the business of engaging in one or more of the activities. This is a narrower test than that of carrying on *regulated activities* by way of business (as required by section 22 of the *Act*), as it requires the *regulated activities* to represent the carrying on of a business in their own right.
- (3) A *person* managing assets on a discretionary basis while acting as trustee of an *occupational pension scheme* may in certain circumstances be regarded as acting by way of business even if he would not, in the ordinary meaning of the phrase, be regarded as doing so. The Financial Services and Markets Act (Carrying on Regulated Activities by Way of Business) Order 2001 contains some exceptions from this (see article 4).
- (4) The business element for all other *regulated activities* is that the activities are carried on by way of business. This applies to the activities of *effecting* or *carrying out contracts of insurance*, certain activities relating to the Lloyd's market and, in the future, *entering as provider into a funeral plan contract* and activities relating to regulated mortgage contracts (see *AUTH 2.7.18* and *AUTH 2.7.20G* respectively).

2.3.3 **G** Whether or not an activity is carried on by way of business is ultimately a question of judgment that takes account of several factors (none of which is likely to be conclusive). These include the degree of continuity, the existence of a commercial element, the scale of the activity and the proportion which the activity bears to other activities carried on by the same *person* but which are not regulated. The

nature of the particular *regulated activity* that is carried on will also be relevant to the factual analysis.

2.4 Link between activities and the United Kingdom

2.4.1

G
/1

Section 19 of the *Act* (The general prohibition) provides that the requirement to be *authorised* under the *Act* only applies in relation to activities that are carried on 'in the *United Kingdom*'. In many cases it will be quite straightforward to identify where an activity is carried on. But when there is a cross border element, for example because a client is outside the *United Kingdom* or because some other element of the activity happens outside the *United Kingdom*, the question may arise as to where the activity is carried on.

2.4.2

G
/1

Even with a cross border element a *person* may still be carrying on an activity 'in the *United Kingdom*'. For example, a *person* who is situated in the *United Kingdom* and who is *safeguarding and administering investments* will be carrying on activities in the *United Kingdom* even though his client may be overseas.

2.4.3

G
/1

Section 418 of the *Act* (Carrying on regulated activities in the United Kingdom) takes this one step further. It extends the meaning that 'in the *United Kingdom*' would ordinarily have by setting out four additional cases. The *Act* states that, in these four cases, a *person* who is carrying on a *regulated activity* but who would not otherwise be regarded as carrying on the activity in the *United Kingdom* is, for the purposes of the *Act*, to be regarded as carrying on the activity in the *United Kingdom*.

- (1) The first case is where a *UK-based person* carries on a *regulated activity* in another *EEA State* in exercise of rights under a *Single Market Directive*.
- (2) The second case consists of the *marketing* in another *EEA State* of a *UK-based collective investment scheme* by the *scheme's manager* where the *scheme* in question is one to which the *UCITS Directive* applies.
- (3) The third case is where a *regulated activity* is carried on by a *UK-based person* and the day-to-day management of the activity is the responsibility of an establishment in the *United Kingdom*.
- (4) The fourth case is where a *regulated activity* is carried on by a *person* who is not based in the *United Kingdom* but is carried on from an establishment in the *United Kingdom*. This might occur when each of the stages that make up a *regulated activity* (such as *managing investments*) takes place in different countries. For example, a *person's* management is in country A, the assets are held by a nominee in country B, all transactions take place in country B or country C but all decisions about what to do with the investments are taken from an office in the *United Kingdom*. Given that the investments are held, and all dealings in them take place, outside the *United Kingdom* there may otherwise be a question as to where the *regulated activity* of *managing investments* is taking place. For the purposes of the *Act*, it is carried on in the *United Kingdom*.

- 2.4.4 **G**_{/1} The application of the third and fourth cases will depend on how the activities carried on from the *UK* establishment are set up and operated.
- 2.4.5 **G**_{/1} A *person* who is based outside the *United Kingdom* but who sets up an establishment in the *United Kingdom* must therefore consider the following matters. First, he must not, unless he is *authorised*, carry on *regulated activities* in the *United Kingdom*. Second, unless he is *authorised*, the day-to-day management of the carrying on of the *regulated activity* must not be the responsibility of the *UK* establishment. This may, for example, affect those *UK* establishments that in the context of *deposit-taking* activities were, before the *commencement* of the *Act*, treated as representative offices of overseas institutions. Such institutions will need to seek *authorisation* if the responsibility for the day to day management of the accepting of *deposits* by them outside the *United Kingdom* is nevertheless effectively that of their *UK* establishment. Third, such a *person* will need to ensure that he does not contravene other provisions of the *Act* that apply to *persons* who are not *authorised*. These include the controls on *financial promotion* (section 21 of the *Act* (Financial promotion)), and on giving the impression that a *person* is *authorised* (section 24).
- 2.4.6 **G**_{/1} A *person* based outside the *United Kingdom* may also be carrying on activities in the *United Kingdom* even if he does not have a place of business maintained by him in the *United Kingdom* (for example, by means of the internet or other telecommunications system or by occasional visits). In that case, it will be relevant to consider whether what he is doing satisfies the business test as it applies in relation to the activities in question. In addition, he may be able to rely on the exclusions from certain *regulated activities* that apply in relation to *overseas persons* (see *AUTH 2.9.15G*).

2.5 Investments and activities: general

2.5.1 **G**_{/1} In addition to the requirements as to the business test and the link to the *United Kingdom*, two other essential elements must be present before a *person* needs *authorisation* under the *Act*. The first is that the investments must come within the scope of the system of regulation under the *Act* (see *AUTH* 2.6). The second is that the activities, carried on in relation to those *specified investments*, are regulated under the *Act* (see *AUTH* 2.7). Both investments and activities are defined in the *Regulated Activities Order* made by the Treasury under section 22 of the *Act*.

2.5.2 **G**_{/1} The *Regulated Activities Order* contains exclusions. Exclusions may exist in relation to both the element of investment and the element of activity. Each should therefore be checked carefully. The exclusions that relate to *specified investments* are considered in *AUTH* 2.6, together with the outline of the *specified investments*. The exclusions that relate to activities are considered separately from the outline of activities (see *AUTH* 2.8 and *AUTH* 2.9).

Modification of certain exclusions as a result of Investment Services Directive

2.5.3 **G**_{/1} The application of certain of the exclusions considered in *AUTH* 2.8 and *AUTH* 2.9 is modified in relation to *persons* who are subject to the *Investment Services Directive*. The reasons for this and the consequences of it are explained in *AUTH* 2.5.4G.

2.5.4 **G**_{/1} It remains the Government's responsibility to ensure the proper implementation of the *Investment Services Directive*. In this *Directive*, *persons* (called '*investment firms*') who are caught by the *Directive* must be brought within the scope of regulation under the *Act*. An *investment firm* is any *person* whose ordinary business involves the provision to third parties on a professional basis of *core investment services* (these services are described in the extract from the *Directive* in Schedule 2 to the *Regulated Activities Order*). The *Investment Services Directive* does not apply in the circumstances described in the extract from the *Directive* in Schedule 3 to the *Regulated Activities Order*. A *person* will need to consider whether he is an *investment firm* to which the *Directive* applies, having due regard to the provisions in Schedule 3 to the *Regulated Activities Order*.

2.5.5 **G**_{/1} For *persons* who are *investment firms*, the activities that must be caught by the *Regulated Activities Order* are those that are caught by the *Investment Services Directive*. To achieve this result, some of the exclusions in the *Order* (that will apply to *persons* who are not caught by the *Directive*) have been made unavailable to *investment firms*. Article 4(4) of the *Regulated Activities Order* identifies four exclusions that must be disregarded. These relate to the exclusions concerned with the absence of holding out (see *AUTH* 2.8.4(1)G), sale of goods (see *AUTH*

2.9.7G), groups and joint enterprises (see *AUTH 2.9.9G*) and sale of a *body corporate* (see *AUTH 2.9.11G*).

2.6 Specified investments: a broad outline

- 2.6.1** G_{/1} The following paragraphs describe the various *specified investments*, taking due account of any exclusion that applies.

Deposits

- 2.6.2** G_{/1} A *deposit* is defined in article 5(2) of the *Regulated Activities Order*. This focuses on a sum of *money* paid by one *person* to another on terms that it will be repaid when a specified event occurs (for example, a demand is made).

- 2.6.3** G_{/1} Certain transactions are excluded. The definition of *deposit* itself excludes money paid in connection with certain transactions such as advance payments for the provision of goods or services and sums paid to secure the performance of a contract. The circumstances in which payments are excluded from the definition itself are exhaustively stated in article 5(3) of the *Regulated Activities Order*. In addition, there is a separate exclusion in article 9 of the Order for sums that are received as consideration for the issue of specified *debt securities*.

- 2.6.4** G_{/1} In addition, several separate exclusions focus on the identity of the *person* paying the *money* or the *person* receiving it (or both).
- (1) Payments by certain *persons* are excluded if they are made by specified *persons* (such as local authorities or national, or supranational, bodies) or by *persons* acting in the course of a business consisting wholly or partly of lending money.
 - (2) Exclusions apply for sums paid between certain *persons* who are linked in a specified way (such as *group companies* or *close relatives*).
 - (3) Exclusions apply to sums received by *persons* acting for specified purposes. This covers sums received by a practising solicitor acting in the course of his profession or by *authorised* or *exempt persons* carrying on one of a specified range of *regulated activities* and acting within the scope of their *permission* or exemption.

Rights under a contract of insurance

- 2.6.5** G_{/1} *Contract of insurance* is defined to include certain things that might not be considered a *contract of insurance* at common law. Examples of such additions include *capital redemption* contracts or contracts to pay annuities on human life.

- 2.6.6** G_{/1} There are two main sorts of *contracts of insurance*. These are *general insurance contracts* and *long-term insurance contracts*. The *Regulated Activities Order* provides that, in certain specified circumstances, a contract is to be treated as a

long-term insurance contract notwithstanding that it contains supplementary provisions that might also be regarded as relating to a *general insurance contract* (see article 3(3)).

2.6.7 G_{/1} The *Regulated Activities Order* uses a further term in relation to *long-term insurance contracts* in order to identify those contracts under which rights are treated as *contractually based investments*. These contracts are described as 'qualifying contracts of insurance' (referred to as *life policies* in the *Handbook*). This term does not cover *long-term insurance contracts* which are contracts of reinsurance or, if specified conditions are met, contracts under which benefits are payable only on death or incapacity.

2.6.8 G_{/1} Certain arrangements in relation to funeral plans are specifically excluded from being *contracts of insurance* if they would otherwise be so. The exclusion applies to arrangements that fall within the definition of a *funeral plan contract* (see *AUTH 2.6.26G*) as well as arrangements that are excluded from the *regulated activity of entering as provider into funeral plan contracts* (see *AUTH 2.8.14G*).

Shares etc

2.6.9 G_{/1} *Shares* are defined in the *Regulated Activities Order* as shares or stock in a wide range of entities; that is, any *body corporate* wherever incorporated and unincorporated bodies formed under the law of a country other than the *United Kingdom*. They include deferred shares issued by *building societies* as well as transferable shares in *industrial and provident societies*, *credit unions* and equivalent *EEA* bodies. These shares are transferable and negotiable in a way similar to other shares or stock and are treated as such for the purposes of defining *regulated activities*. They are specifically mentioned as being within the *specified investment* category of *shares* because other types of share issued by these mutual bodies are not transferable and are expressly excluded (see *AUTH 2.6.10G*).

2.6.10 G_{/1} The following are excluded from the *specified investment* category of *shares*. Shares or stock in all *open-ended investment companies* are excluded from being treated in this particular category (but see *AUTH 2.6.17G*). Exclusions from this category also apply to shares or stock in the share capital of certain mutuals or in equivalent *EEA* bodies. This takes out *building society* or *credit union* accounts and non-transferable shares in *industrial and provident societies*. These may nevertheless be *specified investments* in another category (such as *deposits* in the case of *building society* accounts).

Debt instruments

2.6.11 G_{/1} Two categories of *specified investments* relating to debt instruments are dealt with under this heading. They broadly split into private debt and public sector debt.

- (1) The first category of 'instruments creating or acknowledging indebtedness' (defined in article 77 of the *Regulated Activities Order* and referred to in the *Handbook* as *debentures*) expressly refers to a range of *instruments* such as *debentures*, bonds and loan stock and contains a catch-all reference to 'any other instrument creating or acknowledging indebtedness.'
- (2) The second category (defined in article 78 of the *Regulated Activities Order* and referred to in the *Handbook* as *government and public securities*) refers to loan stock, bonds and other instruments creating or acknowledging

indebtedness which are issued by or on behalf of any government, the assemblies for Scotland, Wales or Northern Ireland, a local authority or an international organisation.

An instrument cannot fall within both categories of *specified investments* relating to debt instruments. 'Instrument' is defined to include any record whether or not in the form of a document (see article 3(1) of the *Regulated Activities Order*).

2.6.12

G
/1

Certain instruments are excluded from both these categories of *specified investments*. These include trade bills, specified banking documents (such as cheques and banknotes though not bills of exchange accepted by a banker) and *contracts of insurance*. There is a further exclusion from this category of *specified investment* dealing with public debt for National Savings deposits and products.

Warrants

2.6.13

G
/1

The category of *specified investment* of instruments giving entitlements to investments (referred to in the *Handbook* as *warrants*) covers warrants and other instruments which confer an entitlement to subscribe for *shares, debentures* and *government and public securities*. This is one of several categories of *specified investments* that are expressed in terms of the rights they confer in relation to other categories of *specified investment*. The rights conferred must be rights to 'subscribe' for the relevant investments. This means that they are rights to acquire the investments directly from the *issuer* of the investments and by way of the *issue* of new investments (rather than by purchasing investments that have already been issued).

2.6.14

G
/1

To keep clear distinctions between the different *specified investment* categories, instruments giving entitlements to investments are not to be regarded as *options, futures* or *contracts for differences*.

Certificates representing securities

2.6.15

G
/1

The *specified investment* category of *certificates representing certain securities* covers certificates or other instruments which confer rights in relation to *shares* and *debt securities*. It includes depositary receipts.

2.6.16

G
/1

There is an exclusion for any instrument that would otherwise fall within the *specified investment* category of *units* in a *collective investment scheme*. But the exclusion does not apply where the underlying investments covered by the certificate are issued by the same (non-public sector) *issuer* or constitute a single issue of public sector debt (such as a single issue of gilts). Certificates or other instruments conferring rights in respect of investments in these two cases continue to be treated as *certificates representing certain securities*.

Units

2.6.17

G
/1

The *specified investment* category of *units* in a *collective investment scheme* includes *units* in a *unit trust scheme, shares* in *open-ended investment companies* and rights in respect of most limited partnerships. *Shares* in or *securities* of an *open-ended investment company* are treated differently from *shares* in other *companies*. They are excluded from the *specified investment* category of *shares*.

This does not mean that they are not investments but simply that they are uniformly treated in the same way as *units* in other forms of *collective investment scheme*. The effect is that an *open-ended investment company* will, in issuing its *shares*, be subject to the restrictions on promotion of *collective investment schemes* in section 238 of the *Act* (rather than to restrictions, such as those in the Public Offers of Securities Regulations 1995, that apply to other forms of body corporate). For exclusions from the restrictions on the provisions of *collective investment schemes*, see the Financial Services and Markets Act 2000 (Promotion of Collective Investment Schemes) (Exemptions) Order 2001 SI No 1060.

- 2.6.18** G_{/1} There are no exclusions in the *Regulated Activities Order* for this *specified investment* category. This is because '*collective investment scheme*' is defined in section 235 of the *Act* (Collective investment schemes) for the purposes of the *Act* generally. But there is a separate power to provide for exemptions from that definition and the Treasury have exercised it (see the Financial Services and Markets (Collective Investment Schemes) Order 2001 SI No 1062). The result is that *units* in certain arrangements are excluded from being *collective investment schemes* (for example, closed-ended *bodies corporate*, franchise arrangements, timeshare schemes).

Rights under a stakeholder pension scheme

- 2.6.19** G_{/1} A *stakeholder pension scheme* is defined in section 1 of the Welfare Reform and Pensions Act 1999. Regulations made under that section set out detailed rules under which such schemes will operate (see the Stakeholder Pension Scheme Regulations 2000). Schemes must be registered with the Occupational Pensions Regulatory Authority and approved by the Board of the Inland Revenue. Rights under such schemes are *specified investments* for the purposes of the *Regulated Activities Order*. There are no exclusions in the Order.

Options

- 2.6.20** G_{/1} The *specified investment* category of *options* is limited to *options* to acquire or dispose of *securities* or *contractually based investments*, currency and certain precious metals and *options* to acquire or dispose of such *options*. *Options to buy* or *sell* other types of *commodity* will only fall within this *specified investment* category if they are *options to buy* or *sell futures*, or *options to buy* or *sell contracts for differences*, which are based on other *commodities*. But *options to buy* or *sell* other types of *commodity* may be *contracts for differences* (see AUTH 2.6.23G).

Futures

- 2.6.21** G_{/1} *Futures* is the name given to rights under a contract for the *sale* of a *commodity*, or of property of any other description, under which delivery is to be made at a future date and at a price agreed on when the contract is made.

- 2.6.22** G_{/1} The key issue in determining whether something is an investment in this category for the purposes of the *Regulated Activities Order* is whether the contract is made for investment purposes rather than commercial purposes. Contracts which are made for commercial purposes are excluded from this *specified investment*

category and the *Regulated Activities Order* contains several tests as to when that is, or is not, the case (some are conclusive, others only indicative).

Contracts for differences

2.6.23 G_{/1} The *specified investment* category of *contracts for differences* covers rights under *contracts for differences* and rights under other contracts whose purpose or pretended purpose is to secure a profit or avoid a loss by reference to fluctuations in certain factors. In addition to fluctuations in the value or price of property of any description or in an index, those factors also include fluctuations in any 'other factor designated in the contract'. This catches a wide range of factors. All contracts in this category are cash-settled instruments (as opposed to being settled by way of delivering something other than cash). Many would be unenforceable as gaming contracts were it not for section 412 of the Act (Gaming contracts). Examples of things that count as *specified investments* under this category are *spread bets* and interest rate swaps.

2.6.24 G_{/1} There are a number of exclusions. These include a case where the parties intend that the profit is to be secured or the loss to be avoided by taking delivery of property. This avoids overlap with the *specified investment* categories of *options* and *futures*. Also excluded are index-linked *deposits* and rights under certain contracts connected with the National Savings Bank or National Savings products. There is also provision to ensure that the *specified investment* category of *contracts for differences* does not include rights under *life policies*.

Lloyd's investments

2.6.25 G_{/1} Two types of *specified investment* are relevant. These are the *underwriting capacity of a Lloyd's syndicate* and a *person's membership of a Lloyd's syndicate*. There are no exclusions from these *specified investment* categories.

Rights under a funeral plan

2.6.26 G_{/1} Rights under a *funeral plan contract* are the rights to a funeral obtained by a *person* who pays for the funeral before the death of the *person* whose funeral it will be. This will be a *specified investment* with effect from 1 January 2002.

Rights under a regulated mortgage contract

2.6.27 G_{/1} Regulated mortgage contracts will be *specified investments* with effect from the date nine months following the date on which section 19 of the *Act* comes into force.

Rights to or interests in investments

2.6.28 G_{/1} Rights to, or interests in, all the *specified investments* in AUTH 2.6 (except rights to, or interests in, rights under a regulated mortgage contract) are themselves treated as *specified investments*. The effect is that an activity carried on in relation

2.6.29

G
/1

to rights or interests derived from any of those *investments* is also a *regulated activity* if the activity would be regulated if carried on in relation to the investment itself.

There are several things that are not covered by this category (other than rights to, or interests in, rights under a mortgage contract). Anything that is covered by any other *specified investment* category is excluded, as are interests under the trusts of an *occupational pension scheme*. Finally, where a contract is excluded from the scope of the *regulated activity* of *entering as provider into a funeral plan contract* (see *AUTH 2.8.14G*), then rights to, or interests in, the *contracts of insurance* or interests under the trusts, to which the *contracts* relate are also excluded from this *specified investment* category.

2.7 Activities : a broad outline

- 2.7.1** **G**_{/1} The following paragraphs describe the various specified activities. The exclusions relating to activities are dealt with in *AUTH 2.8* and *AUTH 2.9*.

Accepting deposits

- 2.7.2** **G**_{/1} Whether or not *accepting deposits* is a *regulated activity* depends on the use to which the money is put. The activity is caught if money received by way of *deposit* is lent to others or if any other activity of the *person* accepting the *deposit* is financed wholly (or to a material extent) out of the capital of, or interest on, money received by way of *deposit*.

Effecting or carrying out contracts of insurance as principal

- 2.7.3** **G**_{/1} The activities of *effecting a contract of insurance* or *carrying out a contract of insurance* are separate *regulated activities*, each requiring *authorisation*. But this only applies where they are carried on by a *person* who is acting as principal. This means that the activities of agents, such as loss adjusters, will not constitute this *regulated activity*. The activities of some agents may, however, constitute other *regulated activities*; for example, brokers arranging *long-term insurance contracts* may be caught as carrying on the *regulated activity* of *arranging (bringing about) deals in contractually based investments* (see *AUTH 2.7.7G*).

- 2.7.4** **G**_{/1} In addition, other activities carried on in relation to rights under certain *long-term insurance contracts* are regulated (see *AUTH 2.7.5G* to *2.7.10G*, *AUTH 2.7.15G* and *AUTH 2.7.16G*). This is because such rights are classified as *contractually based investments*.

Dealing in investments (as principal or agent)

- 2.7.5** **G**_{/1} In relation to *securities* or *life policies* (or rights or interests in either), *dealing as principal* is only a *regulated activity* if certain conditions are satisfied (see *AUTH 2.8.4G(1)*).

- 2.7.6** **G**_{/1} Both the activities of *dealing in investments as principal* and *dealing in investments as agent* are defined in terms of '*buying, selling, subscribing for or underwriting securities* or *contractually based investments* (except rights under a *funeral plan contract*). Because of the different nature of the *specified investments* in relation to which these activities are carried on, '*buying*' and '*selling*' are defined terms that have an extended meaning. For example, some of the *specified investments* listed in *AUTH 2.6* are particular things that can be bought and *sold* in the ordinary

meaning of the words. Others fall outside the ordinary meaning of 'buy' and 'sell' because their transfer involves an assumption of a potential liability under a bilateral contract (*contracts for differences* are an example of this). To deal with the possible range of circumstances, 'buying' is defined in the *Regulated Activities Order* to include acquiring for valuable consideration. 'Selling' is defined to include disposing for valuable consideration and 'disposing' is itself given a specified meaning that covers a range of possible transactions according to the nature of the investment being transferred (including, for example, surrendering a life insurance contract).

Arranging deals in investments

2.7.7

G

/1

Arranging applies to arrangements that relate to *securities, contractually based investments* and the *underwriting capacity of a Lloyd's syndicate or membership of a Lloyd's syndicate*. Arrangements relating to rights to or interests in any of these *specified investments* are also caught. Arranging is made up of two distinct *regulated activities*. Both are aimed at the *person* who agrees with another *person* that he will procure a third *person* to *buy, sell, subscribe for or underwrite* the relevant *specified investments*.

- (1) The first activity is 'making arrangements for another *person* to *buy, sell, subscribe for or underwrite* a particular investment'. This activity is referred to in the *Handbook* as *making arrangements with a view to transactions in investments*. It is aimed at arrangements that would have the direct effect that a transaction is concluded (that is, arrangements that bring it about).
- (2) The second activity is 'making arrangements with a view to a *person* who participates in the arrangements *buying, selling, subscribing for or underwriting investments*'. This activity is referred to in the *Handbook* as *arranging (bringing about) deals in investments*. It is aimed at cases where it may be said that the transaction is 'brought about' directly by the parties to it but where this happens in a context set up by a third party specifically with a view to the conclusion by others of transactions through the use of that third party's facilities. This will catch the activities of *persons* such as exchanges, *clearing houses* and *service companies* (for example, *persons* who provide *communication facilities* for the routing of orders or the negotiation of transactions). A *person* may be carrying on this *regulated activity* even if he is only providing part of the facilities necessary before a transaction is brought about.

Managing investments

2.7.8

G

/1

The *regulated activity of managing investments* includes several elements.

- (1) First, a *person* must exercise discretion. Non-discretionary portfolio management (where the manager *buys and sells, as principal or agent, on the instructions of some other person*) is not caught by this activity, although it may be caught by a different *regulated activity* such as the activity of *dealing in investments as principal or dealing in investments as agent*. The discretion must be exercised in relation to the composition of the portfolio under management and not in relation to some other function (such as proxy voting) carried on by the manager.

- (2) Second, the property that is managed must belong beneficially to another *person*. This excludes from the *regulated activity* the management by a *person* of his own property. But discretionary management of assets by a *person* acting in his capacity as trustee will be caught even though he is the legal owner of the assets.
- (3) Third, the property that is managed must consist of (or include) *securities* or *contractually based investments*. Alternatively, discretionary management will generally be caught if it is possible that the property could consist of or include such *securities* or investments. This is the case even if there never has been any investment in *securities* or *contractually-based investments*, as long as there have been representations that there would be.

Safeguarding and administering investments

2.7.9

G
/1

The activity of *safeguarding and administering investments* belonging to another is regulated, as is providing a service under which a *person* undertakes to arrange on a continuing basis for others actually to carry out the safeguarding and administering. In each case, both the elements of safeguarding and administering must be present before a *person* will be said to carry on the activity.

- (1) Safeguarding is acting as custodian of the property, for example, holding any documents evidencing the investments such as the share certificate (although it is worth noting that there is express provision that an uncertificated investment may be safeguarded and administered).
- (2) Administration covers services provided to the owner or manager of the property, such as settlement of sale transactions relating to an investment, dealing with income arising from the investment and carrying out corporate actions such as voting. The nature of administration services must be such that the custodian has no discretion (otherwise he is likely to be caught by the *regulated activity of managing investments* (see AUTH 2.7.8G)).

2.7.10

G
/1

The property that is safeguarded and administered must belong beneficially to another *person*. It must consist of (or include) *securities* or *contractually based investments*. Alternatively, safeguarding and administration will generally be caught if it is possible that the property could consist of (or include) such *securities* or investments. This is the case even if the property in question has never consisted of (or included) such *securities* or investments, as long as there have been representations that it would do.

Sending dematerialised instructions

2.7.11

G
/1

The *regulated activities* relating to *sending dematerialised instructions* relate to the operation of the system for electronic transfer of title to certain securities set up by the Uncertificated Securities Regulations 1995 (and currently operated by CREST). Sending instructions on behalf of another is a *regulated activity*, as is causing such instructions to be sent if the *person* causing the sending is a system-participant, as defined in those Regulations. A system-participant is the *person* who has the computer and network connection to CREST.

Establishing etc collective investment schemes

2.7.12

G
/1

The *regulated activities* carried on in relation to a *collective investment scheme* generally are the *establishing, operating or winding up a collective investment scheme*. Acting as the *depository* and acting as sole director of an *open-ended investment company* are also separate *regulated activities*. In all these cases, the activities are regulated where the schemes themselves are authorised schemes for the purposes of the UK product regulation regime under Part XVII of the *Act* (Collective investment schemes) as well as where the schemes are unregulated schemes.

2.7.13

G
/1

In addition, express provision is included in the *Regulated Activities Order* to make *acting as trustee of an authorised unit trust scheme* into a *regulated activity*. The full picture for authorised schemes (that is, schemes that can be promoted to the public) is as follows:

- (1) *Acting as trustee of an authorised unit trust scheme* is expressly included as a *regulated activity*.
- (2) *Acting as depository of an open-ended investment company* that is authorised under regulations made under section 262 of the *Act* (Open-ended investment companies), is a *regulated activity*.
- (3) Acting as a sole director of such a company is a *regulated activity*.
- (4) Managing an *authorised unit trust scheme* will amount to operating the scheme and so will be a *regulated activity*. A *person* acting as *manager* is also likely to be carrying on other *regulated activities* (such as *dealing* (see AUTH 2.7.5G) or *managing investments* (see AUTH 2.7.8G)).
- (5) An *open-ended investment company* will, once it is authorised under regulations made under section 262 of the *Act*, become an *authorised person* in its own right under Schedule 5 to the *Act* (Persons concerned in Collective Investment Schemes). Under ordinary principles, a company operates itself and an *authorised open-ended investment company* will be operating the *collective investment scheme* constituted by the *company*. It is not required to go through a separate process of *authorisation* as a *person* because it has already undergone the process of product *authorisation*.
- (6) *Operators, trustees or depositories of UCITS schemes* constituted in other *EEA States* are also *authorised persons* under Schedule 5 of the *Act* if those *schemes* qualify as recognised *collective investment schemes* for the purposes of section 264 of the *Act*.

Establishing etc stakeholder pension schemes

2.7.14

G
/1

The *regulated activities* carried on in relation to *stakeholder pension schemes* are the *establishment, operating or winding up of a stakeholder pension scheme*. Managers of such schemes will require *authorisation* as they will be operating the schemes.

Advising on investments

2.7.15

G
/1

The activity of *advising on investments* falls to be regulated only if it applies to *securities* and *contractually based investments*. It does not, for example, include giving advice about *deposits*, rights under a *general insurance contract* or rights under a regulated mortgage contract or about things that are not *specified investments* for the purposes of the *Regulated Activities Order* (such as interests under the trusts of an *occupational pension scheme*). Giving a *person* generic advice about *specified investments* (for example, invest in Japan rather than Europe) is not a *regulated activity* nor is giving information as opposed to advice (for example, listings or company news). However, the context in which something is communicated may affect its character; for example, if a *person* gives information on share price against the background that, when he does so, that will be a good time to sell, then this will constitute *advice*.

2.7.16

G
/1

The *advice* must also be given to someone who holds *specified investments* or is a prospective investor (including trustees, nominees or discretionary fund managers). This requirement excludes advice given to a *person* who receives it in another capacity. An example of this might be a tax professional to whom advice is given to inform the practice of his profession or advice given to an employer for the purposes of setting up a *group personal pension scheme*.

Lloyd's activities

2.7.17

G
/1

Certain activities carried on in connection with business at Lloyd's will be regulated. In addition to those already mentioned (*arranging deals* in the *underwriting capacity of a Lloyd's syndicate* or *membership of a Lloyd's syndicate*), there are three other *regulated activities* as follows.

- (1) *Managing the underwriting capacity of a Lloyd's syndicate as a managing agent at Lloyd's* is a *regulated activity*. 'Managing agent' is defined in article 3(1) of the *Regulated Activities Order*.
- (2) *Advising on syndicate participation at Lloyd's*, that is advising a *person* to become, or continue or cease to be, a member of a particular *syndicate* is also caught. Giving *advice* about *syndicate* participation (such as how members should use their capital within the market and arrange their *syndicate* participation) is a separate *regulated activity* to that of providing advice in relation to *securities* and *contractually based investments* (see AUTH 2.7.15G). Appropriate *permission* will be needed.
- (3) *Arranging deals in contracts of insurance written at Lloyd's* is also a *regulated activity* for the *Society of Lloyd's* itself.

Entering funeral plan contracts

2.7.18

G
/1

Entering as provider into a funeral plan contract is a *regulated activity*. The 'provider' is the *person* to whom the pre-payments are made and who undertakes to provide, or secure the provision of, the funeral at some future point. He may be the funeral director or a third party who arranges for another *person* to provide the funeral. Certain types of *funeral plan contract* are excluded (see AUTH 2.8.14G). This will be a *regulated activity* with effect from 1 January 2002.

2.7.19

G
/1

In addition, other activities carried on in relation to rights under certain *funeral plan contracts* are regulated (see *AUTH 2.7.5G* to *2.7.11G* and *AUTH 2.7.15G* and *2.7.16G*). This is because such rights are classified as *contractually based investments*.

Activities in respect of regulated mortgage contracts

2.7.20

G
/1

Entering into, and administering, a regulated mortgage contract will become *regulated activities* from the date nine months following the date on which section 19 of the *Act* comes into force. These activities have not been included in Table 1 of *AUTH 2 Ann 2G*.

Agreeing

2.7.21

G
/1

Agreeing to carry on most *regulated activities* is itself a *regulated activity*. But this is not the case if the underlying activities to which agreement relates are those of *accepting deposits*, *effecting* or *carrying out contracts of insurance* or carrying on any of the activities that are regulated in relation to *collective investment schemes* and *stakeholder pension schemes*. A person will need to make sure that he has appropriate *authorisation* at the stage of agreement and before he actually carries on the underlying activity (such as the *dealing* or arranging).

2.8 Exclusions applicable to particular regulated activities

2.8.1 **G**_{/1} Most *regulated activities* are subject to exclusions that are set out in the *Regulated Activities Order* directly following each activity.

Accepting deposits

2.8.2 **G**_{/1} No exclusions operate directly on the activity of *accepting deposits*. But, in addition to the situations that are excluded from being '*deposits*' (see *AUTH 2.6.2G* to *AUTH 2.6.4G*), several *persons* are *exempt persons* in relation to the *regulated activity* of *accepting deposits* (see *AUTH 2.10.8G(2)*).

Effecting and carrying out contracts of insurance

2.8.3 **G**_{/1} The following activities are excluded from both the *regulated activities* of *effecting* and *carrying out contracts of insurance*.

- (1) In specified circumstances, the activities of an *EEA firm* when participating in a Community co-insurance operation are excluded. A Community co-insurance operation is defined in the *Community Co-insurance Directive*.
- (2) Activities that are carried out in connection with the provision of on-the-spot accident or breakdown assistance for cars and other vehicles (such as repairs, vehicle retrieval, delivery of parts or fuel) are excluded.

Dealing in investments as principal

2.8.4 **G**_{/1} The *regulated activity* of *dealing in investments as principal* applies to specified transactions relating to any *security* or to any *contractually based investment* (apart from rights under *funeral plan contracts* or rights to or interests in such contracts). The activity is cut back by exclusions as follows.

- (1) Of particular significance is the exclusion in article 15 of the *Regulated Activities Order*. This applies where *dealing in investments as principal* involves entering into transactions relating to any *security* or assigning rights under a *life policy* (or rights or interests in such a contract). In effect, it superimposes an additional condition that must be met before a *person's* activities become *regulated activities*. The additional condition is that a *person* must hold himself out as making a market in the relevant *specified investments* or as being in the business of dealing in them, or he must regularly solicit members of the public with the purpose of inducing them to *deal*. This

exclusion does not apply to dealing activities that relate to any *contractually based investment* except the assigning of rights under a *life policy*.

- (2) Entering into a transaction relating to a *contractually based investment* is not regulated if the transaction is entered into by an *unauthorised person* and it takes place in either of the following circumstances (a transaction entered into by an *authorised person* would be caught). The first set of circumstances is where the *person* with whom the *unauthorised person* deals is either an *authorised person* or an *exempt person* who is acting in the course of a business comprising a *regulated activity* in relation to which he is exempt. The second set of circumstances is where the *unauthorised person* enters into a transaction through a non-UK office (which could be his own) and he deals with or through a *person* who is based outside the *United Kingdom*. This non-UK *person* must be someone who, as his ordinary business, carries on any of the activities relating to *securities* or *contractually based investments* that are generally treated as *regulated activities*.
- (3) A *person* (for example, a bank) who provides another *person* with finance for any purpose can accept an instrument acknowledging the debt (and as security for it) without risk of *dealing as principal* as a result.
- (4) A *company* does not *deal* as principal by issuing certain *securities* in itself.
- (5) Risk-management activities involving *options*, *futures* and *contracts for differences* will not require *authorisation* if specified conditions are met. The conditions include the *company's* business consisting mainly of *unregulated activities* and the sole or main purpose of the risk management activities being to limit the impact on that business of certain kinds of identifiable risk.
- (6) A *person* will not be treated as carrying on the activity of *dealing in investments as principal* if, in specified circumstances (outlined in AUTH 2.9), he enters as principal into a transaction:
 - (a) while acting as bare trustee (or, in Scotland, as nominee);
 - (b) in connection with the sale of goods or supply of services;
 - (c) that takes place between members of a *group* or *joint enterprise*;
 - (d) in connection with the sale of a *body corporate*;
 - (e) in connection with an employee share scheme;
 - (f) as an *overseas person*.

Dealing in investments as agent

2.8.5

G
/1

The *regulated activity* of *dealing in investments as agent* applies to specified transactions relating to any *security* or to any *contractually based investment* (apart from rights under *funeral plan contracts* or rights to or interests in such contracts). In addition, the activity is cut back by exclusions as follows.

- (1) An exclusion applies to transactions entered into by an agent who is not an *authorised person* which depend on him dealing with (or through) an *authorised person*. There are certain conditions which must be satisfied for the exclusion to apply. These are that the agent must not give any relevant advice

on the transaction and that he must not receive any remuneration from the transaction unless account is made to his client.

- (2) There is an exclusion for risk-management transactions where the agent is dealing on behalf of a *group* company or a co-participant in a *joint enterprise*.
- (3) In addition, exclusions apply in specified circumstances (outlined in *AUTH* 2.9) where a *person* enters as agent into a transaction:
 - (a) in connection with the carrying on of a profession or of a business not otherwise consisting of *regulated activities*;
 - (b) in connection with the sale of goods or supply of services;
 - (c) that takes place between members of a *group* or *joint enterprise*;
 - (d) in connection with the sale of a *body corporate*;
 - (e) in connection with an employee share scheme;
 - (f) as an *overseas person*.

Arranging deals in investments

2.8.6

G

/1

The exclusions in relation to the *regulated activities* of arranging are of particular relevance in the context of raising corporate finance. Many of the exclusions outlined below relate to both the elements of the activity; that is, *arranging (bringing about) deals in investments* (under article 25(1) of the *Regulated Activities Order*) and *making arrangements with a view to transactions in investments* (under article 25(2) of the *Regulated Activities Order*). But several exclusions relate only to one of those activities.

- (1) Arrangements that do not or would not bring about the investment transaction to which the arrangements relate are excluded from article 25(1) only. A *person* will bring about an investment transaction only if his involvement in the chain of events leading to a transaction is of sufficient importance that without that involvement the transaction would not take place. This will require something more than the mere giving of advice (although giving such *advice* may be the *regulated activity* of *advising on investments*).
- (2) Simply providing the means by which parties to a transaction (or possible transaction) are able to communicate with each other is excluded from article 25(2) only. This will ensure that *persons* such as internet service providers or telecommunications networks are excluded if all they do is provide communication facilities (and these would otherwise be considered to be arrangements made with a view to the participants entering into transactions). If a *person* makes arrangements that go beyond providing the means of communication, and add value to what is provided, he will lose the benefit of this exclusion.
- (3) Arranging investment transactions to which the *arranger* is to be a party is excluded from both article 25(1) and (2). The main purpose is to ensure that a *person* is not regarded as arranging *deals* for another when the transaction in question is one to which he intends to be a party. As a result, a *person* cannot both be engaging in a dealing activity (as principal or agent) and arranging *deals* for another as regards any particular transaction.

- (4) An unauthorised *person* who arranges investment transactions, with a view to a transaction between a third party and an *authorised person*, is excluded from article 25(1) and (2) if specified conditions as to advice and remuneration are satisfied. For example, the exclusion is dependent on the third party not receiving any *advice* on the transactions from the unauthorised *person* making the arrangements.
- (5) Arranging investment transactions in connection with lending on the security of insurance policies is excluded, in specified circumstances, from article 25(1) and (2).
- (6) Making arrangements for finance (in whatever form) to be supplied to a *person* by a third party is excluded from article 25(1) and (2) if the finance is given in exchange for an instrument acknowledging the debt. This mirrors the exclusion from *dealing in investments as principal* in similar circumstances (see *AUTH* 2.8.4(3)G).
- (7) Arrangements the only purpose of which is to provide finance to enable *persons* to enter into investment transactions are excluded from article 25(2) only. There is no equivalent exemption from article 25(1). But arrangements for the provision of finance will only be caught by that provision if the arrangements actually bring about the transaction.
- (8) Making arrangements under which *clients* will be introduced to third parties who will provide independent services (consisting of *advice* or the exercise of discretion in relation to certain investments) is excluded from article 25(2) only. The *person* to whom the introduction is made must be of a specified standing (including that of an *authorised person*).
- (9) A *company's* arrangements for issuing specified securities in itself are excluded from both article 25(1) and (2).
- (10) A body carrying out international securities business of a specified type can apply to the Treasury for approval as an international securities self-regulating organisation (ISSRO). Arrangements made in order to carry out the functions of an ISSRO are excluded from article 25(1) and (2). The exclusion applies whether the arrangements are made by the ISSRO or by a *person* acting on its behalf.
- (11) The following exclusions from both article 25(1) and (2) (outlined in *AUTH* 2.9) apply in specified circumstances where a *person* makes arrangements:
 - (a) while acting as trustee or personal representative;
 - (b) in connection with the carrying on of a profession or of a business not otherwise consisting of *regulated activities*;
 - (c) in connection with the sale of goods or supply of services;
 - (d) in connection with certain transactions by a *group* member or by a participator in a *joint enterprise*;
 - (e) in connection with the sale of a *body corporate*;
 - (f) in connection with an employee share scheme;
 - (g) as an *overseas person*.

Managing investments

2.8.7

G
/1

The activities of *persons* appointed under a power of attorney are excluded from the *regulated activity* of *managing investments*, if specified conditions are satisfied. In addition, the following exclusions (outlined in *AUTH 2.9*) apply in specified circumstances where a *person* manages assets:

- (1) while acting as trustee or personal representative;
- (2) in connection with the sale of goods or supply of services;
- (3) that belong to a *group* member or participator in a *joint enterprise*.

Safeguarding and administering investments

2.8.8

G
/1

The exclusions from the *regulated activity* of *safeguarding and administering investments* are as follows.

- (1) Safeguarding and administration activities carried on by one *person* are excluded if a specified third party undertakes a responsibility for the assets which is no less onerous than it would have if he were doing the safeguarding and administration himself. The effect of this is that an *authorised person* with *permission* to carry on this *regulated activity* (or in certain circumstances an *exempt person*) can delegate all or part of the activities without the delegate needing to be *authorised* and without loss of protection to the owner of the assets.
- (2) Introductions to an *authorised person*, or to an *exempt person* acting within the scope of his exemption and in the course of a business, are excluded from that aspect of this *regulated activity* which consists of *arranging safeguarding and administration of assets* by another *person* (see *AUTH 2.7.9G*).
- (3) Certain specified activities (such as currency conversion and document handling) are excluded from being the administration of investments. A *person* who safeguards and administers assets will not be carrying on *regulated activities* if these are the only administration activities in which he engages. This is because a *person* must be carrying on both the activity of safeguarding and that of administration, or be arranging for both to be carried on by another, before he requires *authorisation* (see *AUTH 2.7.9G*).
- (4) The following exclusions (outlined in *AUTH 2.9*) apply in specified circumstances where a *person* safeguards and administers assets (or arranges for another to do so):
 - (a) while acting as trustee or personal representative;
 - (b) in connection with the carrying on of a profession or of a business not otherwise consisting of *regulated activities*;
 - (c) in connection with the sale of goods or supply of services;
 - (d) which belong to a *group* member or participator in a *joint enterprise*;
 - (e) in connection with an employee share scheme.

Sending dematerialised instructions

2.8.9

G
/1

Exclusions from the *regulated activity of sending dematerialised instructions* apply in relation to certain types of instructions sent in the operation of the system set up by the Uncertificated Securities Regulations 1995. The various exclusions relate to the roles played by participating issuers, settlement *banks* and network providers (such as internet service providers) and to instructions sent in connection with takeover offers (as long as specified conditions are met). In addition, the following exclusions (outlined in *AUTH 2.9*) apply in specified circumstances where a *person* sends dematerialised instructions:

- (1) while acting as trustee or personal representative;
- (2) on behalf of a *group* member.

Establishing etc collective investment schemes

2.8.10

G
/1

There are no exclusions from the range of activities specified as being regulated in relation to *collective investment schemes*. The key issue here is whether or not what is being done relates to something that is a *collective investment scheme*. Exclusions exist in relation to that issue (see *AUTH 2.6.18G*).

Establishing etc stakeholder pension schemes

2.8.11

G
/1

There are no exclusions from the range of activities specified as being regulated in relation to *stakeholder pension schemes*.

Advising on investments

2.8.12

G
/1

In certain circumstances, advice that takes the form of a regularly updated news or information service and advice which is given in one of a range of different media (for example, newspaper or television) is excluded from the regulated activity of *advising on investments* (see *AUTH 7* [to be added later]). In addition, the following exclusions (outlined in *AUTH 2.9*) apply in specified circumstances where a *person* gives advice:

- (1) while acting as trustee or personal representative;
- (2) in connection with the carrying on of a profession or of a business not otherwise consisting of *regulated activities*;
- (3) in connection with the sale of goods or supply of services;
- (4) to a *group* member or participator in a *joint enterprise*;
- (5) in connection with the sale of a *body corporate*;
- (6) as an *overseas person*.

Lloyd’s activities

2.8.13

G
/1

There are no exclusions from the *regulated activities* that relate expressly to business carried on at Lloyd’s except to the extent that such activities are caught by the *regulated activity* of arranging deals (see AUTH 2.7.7G and AUTH 2.8.6G).

Entering funeral plan contracts

2.8.14

G
/1

Entering as provider into a funeral plan contract is not treated as a *regulated activity* where:

- (1) the contract is one under which the sums received from the customer will be applied towards a *contract of insurance* on the life of the *person* whose funeral is to be provided or be held on trust for the purpose of providing a funeral; in each case certain specified conditions must be met for the exclusion to apply;
- (2) the customer and the provider intend or expect that the funeral will be provided within one *month* of the contract being entered into;
- (3) the contract is entered into before 1 January 2002.

Agreeing

2.8.15

G
/1

A *person* who agrees to carry on certain other *regulated activities* (which is itself a *regulated activity* – see AUTH 2.7.21G) does not require *authorisation* where the *person* concerned is an *overseas person* and the agreement is reached as a result of a legitimate approach (see AUTH 2.9.12G). For this exclusion to apply, the agreement must be one to arrange deals, *manage investments*, *safeguard and administer investments* or *send dematerialised instructions*.

2.8.16

G
/1

To the extent that an exclusion applies in relation to a *regulated activity*, then ‘agreeing’ to carry on an activity falling within the exclusion will not be a *regulated activity*. This is the effect of article 4(3) of the *Regulated Activities Order*.

2.9 Additional exclusions for activities relating to securities and contractually based investments

2.9.1 **G**_{/1} The various exclusions outlined below deal with a range of different circumstances. Each set of circumstances has some application to several *regulated activities* relating to *securities* or *contractually based investments*. They have no effect in relation to the separate *regulated activities* of *accepting deposits*, *effecting or carrying out contracts of insurance*, *advising on syndicate participation at Lloyd's*, *managing the underwriting capacity of a Lloyd's syndicate as managing agent at Lloyd's*, *entering as provider into a funeral plan contract* or any *regulated activities* relating to regulated mortgage contracts. Within each set of circumstances, the *Regulated Activities Order* (see Chapter XVII of Part II of the Order) makes separate provision for each *regulated activity* affected. This is necessary because each exclusion has to be tailored to reflect the different nature of the *regulated activity* involved and the different language required (for example, some activities directly involve entering into transactions while others relate to the provision of services).

2.9.2 **G**_{/1} The exclusions grouped together in the *Regulated Activities Order* are described below in this chapter in general terms. The exact terms of each exclusion will need to be considered by any *person* who is considering whether they need *authorisation*. Each description is accompanied by an indication of which *regulated activities* are affected.

Trustees, nominees or personal representatives

2.9.3 **G**_{/1} This group of exclusions applies, in specified circumstances, to the *regulated activities* of:

- (1) *dealing in investments as principal*;
- (2) *arranging (bringing about) deals in investments* and *making arrangements enabling or facilitating transactions in investments*;
- (3) *managing investments*;
- (4) *safeguarding and administering investments*;
- (5) *sending dematerialised instructions*; and
- (6) *advising on investments*.

2.9.4 **G**_{/1} A *person* carrying on certain *regulated activities* does not require *authorisation* in specified circumstances if he is acting in a representative capacity. The representative capacities covered by the exclusions depend on the *regulated activity*

concerned but, in most cases, the focus is on *persons* who are acting as trustee or personal representative. In broad terms, the exclusions apply to specified transactions, or activities, that are part of the discharge of his general obligations by the trustee or representative when he is acting as such. Many of the exclusions require that the trustee or representative must not hold himself out as providing services consisting of the *regulated activity* in question. In addition, he must not receive remuneration that is additional to any he receives for acting in the representative capacity (although a *person* is not to be regarded as receiving additional remuneration merely because his remuneration as trustee or representative is calculated by reference to time spent).

Professions or business not involving regulated activities

2.9.5 G /1 This group of exclusions applies, in specified circumstances, to the *regulated activities* of:

- (1) *dealing in investments as agent;*
- (2) *arranging (bringing about) deals in investments and making arrangements enabling or facilitating transactions in investments;*
- (3) *safeguarding and administering investments;* and
- (4) *advising on investments.*

2.9.6 G /1 The exclusions apply where the *regulated activity* is carried out in the course of a profession or business which does not otherwise consist of *regulated activities*. However, activities are only excluded to the extent that they may reasonably be regarded as a necessary part of the other services provided in the course of the profession or business. The exclusion does not apply if separate remuneration is received in respect of any regulated activity that is carried on. (See separate guidance for *authorised professional firms* in PROF).

Sale of goods and supply of services

2.9.7 G /1 This group of exclusions applies, in specified circumstances, to the *regulated activities* of:

- (1) *dealing in investments as principal;*
- (2) *dealing in investments as agent;*
- (3) *arranging (bringing about) deals in investments and making arrangements enabling or facilitating transactions in investments;*
- (4) *managing investments;*
- (5) *safeguarding and administering investments;* and
- (6) *advising on investments.*

2.9.8 G /1 Broadly speaking, the exclusions focus on cases where the main business of a *person* is to sell goods or supply services but where certain activities may have to be carried on for the purposes of that business which would otherwise be *regulated*

activities. The exclusions are not available where the customer to whom goods are sold or services are supplied is an individual. They are also not available where what is at issue is a transaction entered into, or service provided, in relation to rights under a *life policy* or *units* in a *collective investment scheme* (or rights to, or interests in, either).

Group and joint enterprises

2.9.9

G
/1

This group of exclusions applies, in specified circumstances, to the *regulated activities* of:

- (1) *dealing in investments as principal*;
- (2) *dealing in investments as agent*;
- (3) *arranging (bringing about) deals in investments and making arrangements enabling or facilitating transactions in investments*;
- (4) *managing investments*;
- (5) *safeguarding and administering investments*;
- (6) *sending dematerialised instructions*; and
- (7) *advising on investments*.

2.9.10

G
/1

These exclusions apply to intra-group dealings and activities and to dealings or activities involving participators in a *joint enterprise* which take place for the purposes of, or in connection with, the enterprise. The general principle here is that, as long as activities that would otherwise be *regulated activities* take place wholly within a *group* of companies, then there is no need for *authorisation*. The same principle applies to dealings or activities that take place wholly within a *joint enterprise* entered into for commercial purposes related to the participators' unregulated business.

Sale of body corporate

2.9.11

G
/1

This group of exclusions applies, in specified circumstances, to the *regulated activities* of:

- (1) *dealing in investments as principal*;
- (2) *dealing in investments as agent*;
- (3) *arranging (bringing about) deals in investments and making arrangements enabling or facilitating transactions in investments*;
- (4) *advising on investments*.

2.9.12

G
/1

The exclusions only apply where the object of the transaction may reasonably be regarded as being the acquisition of day-to-day control of the affairs of a *body corporate*. Whether or not day-to-day control is at stake is a question of fact based on an objective test. The *Regulated Activities Order* contains a non-exhaustive list of circumstances in which the day-to-day control requirement will be regarded as

satisfied. These include the case where it is the acquisition or disposal of at least 50 per cent of the voting shares in the *body corporate* that is at issue. Certain additional requirements must also be satisfied. These exclusions do not have effect in relation to shares in an *open-ended investment company*.

Employee share schemes

2.9.13

G
/1

This group of exclusions applies, in specified circumstance, to the *regulated activities* of:

- (1) *dealing in investments as principal;*
- (2) *dealing in investments as agent;*
- (3) *arranging (bringing about) deals in investments and making arrangements enabling or facilitating transactions in investments;*
- (4) *safeguarding and administering investments.*

2.9.14

G
/1

In broad terms, the exclusions apply to activities which further an employee share scheme, or are carried on in operation of such a scheme. They apply to activities carried on by the *company* whose securities or debentures (which are given an extended meaning for this exclusion) are the subject of the scheme. They also apply to activities of any *company* in the same *group* or of any trustee who holds certain types of securities or debentures under the scheme.

Overseas persons

2.9.15

G
/1

This group of exclusions applies, in specified circumstances, to the *regulated activities* of:

- (1) *dealing in investments as principal;*
- (2) *dealing in investments as agent;*
- (3) *arranging (bringing about) deals in investments and making arrangements enabling or facilitating transactions in investments;*
- (4) *advising on investments;*
- (5) *agreeing to carry on the regulated activities of managing investments, arranging, safeguarding and administering investments or sending dematerialised instructions.*

2.9.16

G
/1

An *overseas person* is defined as a *person* who carries on what would be *regulated activities* (including any activity that is excluded from being a *regulated activity*) but who does not do so, or offer to do so, from a permanent place of business maintained by him in the *United Kingdom*. Where a *person* does not have a permanent place of business in the *United Kingdom*, he will not, in any event, need to rely on these exclusions unless what he does is regarded as carried on in the *United Kingdom* (see AUTH 2.4).

2.9.17

G

/1

The exclusions are available in the two broad cases set out below. For some *regulated activities*, the exclusions apply in each case. In others, they apply in only one:

- (1) The first case is where the nature of the *regulated activity* requires the direct involvement of another *person* and that *person* is *authorised* or exempt (and acting within the scope of his exemption). For example, this might occur where the *person* with whom an *overseas person* deals is an *authorised person* or where the arrangements he makes are for transactions to be entered into by such a *person*;
- (2) The second case is where a particular *regulated activity* is carried on as a result of what is termed a 'legitimate approach'. An approach to an *overseas person* that has not been solicited by him in any way, or has been solicited in a way that does not contravene the restrictions on *financial promotion* in section 21 of the *Act*, is a legitimate approach. An approach that is made by him in a way that does not contravene section 21 of the *Act* is also a legitimate approach. In such circumstances, the *overseas person* can, without requiring *authorisation*, enter into deals with (or on behalf of) a *person* in the *United Kingdom*, give advice in the *United Kingdom* or enter into agreements in the *United Kingdom* to carry on certain *regulated activities*. The exemptions to the *financial promotion* restrictions made by the Treasury under section 21 of the *Act* will be relevant to the question of whether those restrictions have been contravened (see separate *guidance* on *financial promotion* in AUTH App X [to be added later]).

2.10 Persons carrying on regulated activities who do not need authorisation

2.10.1 **G**_{/1} There are various provisions that disapply the *general prohibition* from specific *persons* in relation to the carrying on by them of particular *regulated activities*. There is, however, no general provision for *persons* to apply for an exemption.

2.10.2 **G**_{/1} *Persons* may be exempted from the *general prohibition* in relation to one or more particular *regulated activities*. The extent of any exemption may also be limited to specified circumstances (such as where another *person* who is *authorised* and has relevant *permission* has accepted responsibility for the *regulated activities* in question) or subject to specified conditions (such as a requirement that the activity is not carried on for pecuniary gain).

2.10.3 **G**_{/1} The *Act* provides that *appointed representatives* (see AUTH 2.10.5G), *recognised investment exchanges* and *recognised clearing houses* (see AUTH 2.10.6G) and certain other *persons* exempt under miscellaneous provisions (see AUTH 2.10.7G) are *exempt persons*. Members of Lloyd’s and members of the professions are not ‘*exempt persons*’ as such, but the *general prohibition* in section 19 of the *Act* only applies to them in certain circumstances. The distinction is significant in relation to various provisions (such as those in the *Regulated Activities Order*) that apply only to transactions and other activities that involve *exempt persons*.

2.10.4 **G**_{/1} *Appointed representatives* and the *persons* exempt under miscellaneous provisions cannot be exempt in relation to some *regulated activities* and *authorised* in relation to others. If a *person* is already *authorised*, and proposes to carry on additional *regulated activities* in respect of which he would otherwise be exempt as an *appointed representative* or under miscellaneous provisions, he must seek an extension to his existing *permission* to cover those additional activities. A *person* in either of these categories who would otherwise be exempt in relation to particular activities will, if he becomes *authorised*, no longer be able to rely on the exemption.

Appointed representatives

2.10.5 **G**_{/1} A *person* is exempt if he is an *appointed representative* of an *authorised person*. See SUP 12.

Recognised Investment Exchanges and Recognised Clearing Houses

2.10.6 **G**_{/1} Investment exchanges and *clearing houses* can apply for recognition under Part XVIII of the *Act* (Recognised investment exchanges and clearing houses). See REC.

Particular exempt persons

- 2.10.7** G_{/1} Various named *persons* are exempted by Order made by the Treasury under section 38 of the *Act* from the need to obtain *authorisation*. Some of the exemptions are subject to restrictions as to the circumstances in which they apply. For example, a *person* is only exempt when acting in a particular capacity or for particular purposes.
- 2.10.8** G_{/1} The exemptions apply so as to confer *exemption on persons* from the *general prohibition* in respect of four distinct categories of regulated activities.
- (1) The first category is carrying on any *regulated activity*, apart from effecting or *carrying out contracts of insurance* (or agreeing to do so). *Exempt persons* here are generally supranational bodies of which the *United Kingdom* or another *EEA State* is a member.
 - (2) The second category is the *regulated activity of accepting deposits*. *Exempt persons* here include municipal banks, local authorities, charities and *industrial and provident societies*.
 - (3) The third category is carrying on any of those *regulated activities* relating to *securities* or *contractually based investments* or to 'any property' (or agreeing to do so). *Exempt persons* here include *persons* whose activities are subject to a certain degree of control or oversight by the Government.
 - (4) The fourth category is carrying on one or more specified *regulated activities* (or agreeing to do so). *Exempt persons* here cover a range of different *persons*.

Members of Lloyd's

- 2.10.9** G_{/1} Several activities carried on in connection with business at Lloyd's are *regulated activities* in respect of which *authorisation* must be obtained. These include the *regulated activities* of *advising on syndicate participation at Lloyd's* or *managing the underwriting capacity of Lloyd's syndicate as a managing agent at Lloyd's* or *arranging(bringing about) deals in investments* or *making arrangements with a view to transactions in investments* for another in relation to such participation or underwriting capacity.
- 2.10.10** G_{/1} But under section 316 of the *Act* (Direction by the FSA) the *general prohibition* does not apply to a *person* who is a *member* of the *Society of Lloyd's* unless the FSA has made a direction that it should apply. The *general prohibition* is disapplied in relation to any *regulated activity* carried on by a *member* relating to *contracts of insurance* written at Lloyd's. Directions can be made by the FSA in relation to individual *members* or the *members* of the *Society of Lloyd's* taken together. Alternatively, instead of being required to obtain *authorisation*, a *member* of the *Society of Lloyd's* may, as a result of a direction under section 316 of the *Act*, become subject to specific provisions of the *Act* even though he is not an *authorised person*.
- 2.10.11** G_{/1} A *person* who ceased to be an *underwriting member* at any time on or after 24 December 1996 may, without *authorisation*, *carry out contracts of insurance* he has underwritten at Lloyd's. But this is subject to any requirements or *rules* that the FSA may impose under sections 320 to 322 of the *Act* (Former underwriting members).

Members of the professions

2.10.12 G_{/1} The *general prohibition* does not in certain circumstances apply to a *person* providing professional services that are supervised and regulated by a professional body designated by the Treasury under section 326 of the *Act* (Designation of professional bodies) (see *PROF*). Certain of the exclusions from *regulated activities* outlined in *AUTH 2.8* and *AUTH 2.9* will be relevant to members of *designated professional bodies*. The regime outlined below applies only where no exclusion applies and a *person* will be carrying on a *regulated activity*.

2.10.13 G_{/1} Such a *person* may carry on *regulated activities* if the conditions outlined below are met, that is the *person*:

- (1) is not affected by an order or direction made by the *FSA* under section 328 or 329 of the *Act* (Directions and orders in relation to the general prohibition) which has the effect of re-imposing the *general prohibition* in any particular case.
- (2) is, or is controlled by, a member of a profession.
- (3) does not receive any pecuniary reward or other advantage from the *regulated activities* which is given to him by any *person* other than his client (or if he does, he must account to his client for it).
- (4) provides any service in the course of carrying on the *regulated activities* in a manner which is incidental to the provision of professional services.
- (5) carries on only those *regulated activities* which are permitted by the rules of the professional body or in respect of which they are an *exempt person*.
- (6) is not an *authorised person*.

2.10.14 G_{/1} The *regulated activities* that may be carried on in this way are restricted by an Order made by the Treasury under section 327(6) of the *Act* (Exemption from the general prohibition). Accordingly, under that section, a *person* may not by way of business carry on any of the following activities without *authorisation*:

- (1) *accepting deposits*;
- (2) *effecting or carrying out contracts of insurance*;
- (3) *dealing in investments as principal*;
- (4) *establishing, operating or winding up a collective investment scheme*;
- (5) *establishing, operating or winding up a stakeholder pension scheme*;
- (6) *managing the underwriting capacity of a Lloyd’s syndicate as a managing agent at Lloyd’s*;
- (7) *entering as provider into funeral plan contracts*;
- (8) entering into regulated mortgage contracts as lender or administering such contracts;
- (9) agreeing to do certain of the above activities.

2.10.15 G_{/1} In addition, there are restrictions on carrying on (or agreeing to carry on) certain other *regulated activities*. These relate to *managing investments*, *advising on investments* and *advising on syndicate participation at Lloyd's*.

2.10.16 G_{/1} A *person* carrying on *regulated activities* under the regime for members of the professions will be subject to rules made by the professional body designated by the Treasury. Such bodies are obliged to make rules governing the carrying on by their members of those *regulated activities* that they are able to carry on without *authorisation* under the *Act*.

2.11 What to do now ?

2.11.1

G

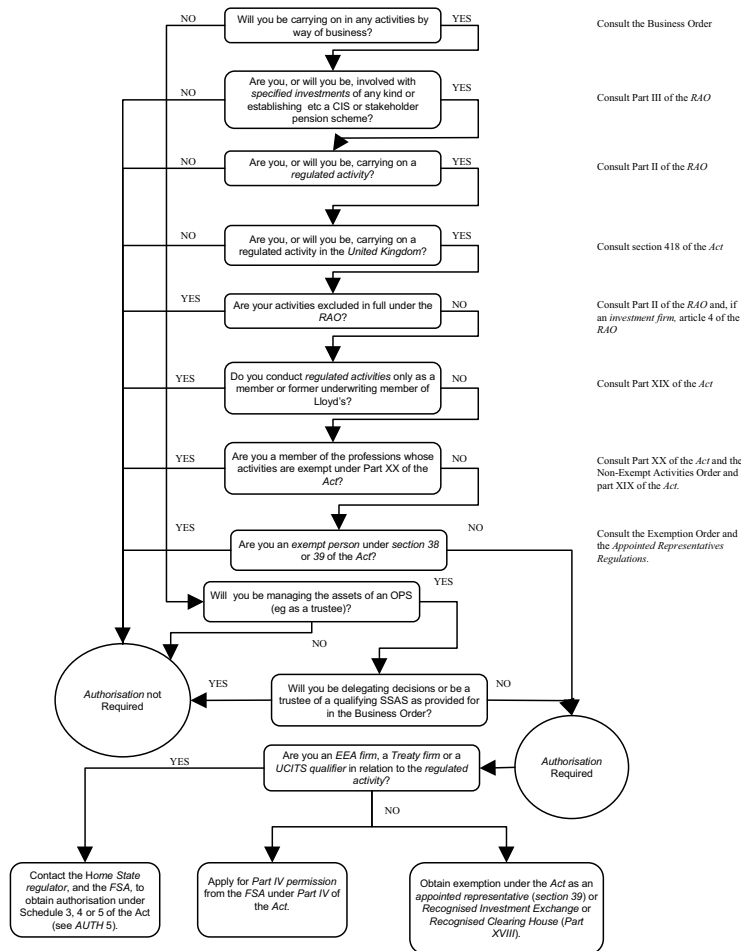

^{/1}

Any *person* who concludes or is advised that he will need to make an application for *Part IV permission* should look at *AUTH 2 Ann 2G* to determine the categories of *specified investment* and *regulated activities* that are relevant to the next step and should then refer to *AUTH 3* for details of the application process.

Authorisation and regulated activities

G

Do you need authorisation?

Regulated activities and the permission regime

G

1 Table

1.1 G Table 1 is designed to relate the *permission* regime to *regulated activities*. Section 42(6) of *Act* gives the *FSA* the power to describe the *regulated activity* or *regulated activities* for which it gives *permission* in such manner as the *FSA* considers appropriate. Table 1 details how the *FSA* has chosen to describe the *regulated activities* and *specified investments* for the purposes of the *permission* regime.

1.2 G In an application for *Part IV permission*, an applicant will need to state the *regulated activities* it requires *permission* to carry on. This will involve an applicant identifying the *regulated activities* and the *specified investments* associated with those activities for which it requires *Part IV permission*.

1.3 G Part II of the *Regulated Activities Order* (Specified activities) specifies the activities for the purposes of section 22 of the *Act*. This section states that an activity is a *regulated activity* if it is an activity of a specified kind which is carried on by way of business and:

- (1) relates to an *investment* of a specified kind; or
- (2) in the case of an activity specified for the purposes of section 22(1)(b) of the *Act*, is carried on in relation to property of any kind.

Part III of the *Regulated Activities Order* (Specified investments) specifies the *investments* referred to at *AUTH 2 Ann 2, 1.23(1)*.

1.4 G Column 1 of Table 1 lists the *regulated activities* and column 2 lists the associated *specified investments*. Descriptions of some categories of *specified investments* are expanded in Tables 2 and 3. There are notes to all three tables which provide further explanation where appropriate.

1.5 G A reference to an article in the tables in *AUTH 2 Ann 2G* is to the relevant article in the *Regulated Activities Order*.

2 Table

Table 1: Regulated Activities [See note 1 to Table 1]

Regulated Activity	Specified Investment in relation to which the regulated activity (in the corresponding section of column one) may be carried on
(a) <i>accepting deposits</i> (article 5)	<i>deposit</i> (article 74)
Insurance business	
(b) <i>effecting contracts of insurance</i> (article 10(1))	<i>contract of insurance</i> (article 75) [Expanded in Table 2]
(c) <i>carrying out contracts of insurance</i> (article 10(2))	
Designated investment business	

Regulated Activity	Specified Investment in relation to which the regulated activity (in the corresponding section of column one) may be carried on
(d) <i>dealing in investments as principal</i> (article 14) [see note 2 to Table 1]	<i>security</i> [Expanded in Table 3]; OR
(e) <i>dealing in investments as agent</i> (article 21) [see note 2 to Table 1]	<i>contractually based investment</i> [Expanded in Table 3]
(f) <i>arranging (bringing about) deals in investments</i> (article 25(1)) [also see Lloyd's market section]	
(g) <i>making arrangements with a view to transactions in investments</i> (article 25(2)) [also see Lloyd's market section]	
(h) <i>managing investments</i> (article 37) [see note 3 to Table 1]	
(i) <i>safeguarding and administering investments</i> (article 40) [see note 3 Table 1]	
For the purposes of the <i>permission</i> regime, this <i>regulated activity</i> is subdivided into:	
(i) <i>safeguarding and administration of assets (without arranging);</i>	
(ii) <i>arranging safeguarding and administration of assets</i>	
(j) <i>advising on investments</i> (article 53)	
For the purposes of the <i>permission</i> regime, this <i>regulated activity</i> is subdivided into:	
(i) <i>advising on investments (except pension transfers and pension opt-outs);</i>	
(ii) <i>advising on pension transfers and pension opt-outs</i> [see note 4 to Table 1]	
(k) <i>sending dematerialised instructions</i> (article 45(1))	<i>security</i> [Expanded in Table 3]
(l) <i>causing dematerialised instructions to be sent</i> (article 45(2))	
(m) <i>establishing, operating or winding up a collective investment scheme</i> (article 51(1)(a))	[see note 5 to Table 1]
For the purposes of the <i>permission</i> regime, this <i>regulated activity</i> is subdivided into:	
(i) <i>establishing, operating or winding up a regulated collective investment scheme;</i>	
(ii) <i>establishing, operating or winding up an unregulated collective investment scheme</i>	
(n) <i>acting as trustee of an authorised unit trust scheme</i> (article 51(1)(b))	
(o) <i>acting as the depositary or sole director of an open-ended investment company</i> (article 51(1)(c))	
(p) <i>establishing, operating or winding up a stakeholder pension scheme</i> (article 52)	
The Lloyd's market [see note 6 to Table 1]	

Regulated Activity	Specified Investment in relation to which the regulated activity (in the corresponding section of column one) may be carried on
(q) <i>advising on syndicate participation at Lloyd's</i> (article 56)	<i>membership of a Lloyd's syndicate</i> (article 86(2))
(r) <i>managing the underwriting capacity of a Lloyd's syndicate as a managing agent at Lloyd's</i> (article 57)	<i>underwriting capacity of a Lloyd's syndicate</i> (article 86(1))
(s) <i>arranging (bringing about) deals in investments</i> (article 25(1))	<i>underwriting capacity of a Lloyd's syndicate</i> (article 86(1))
(t) <i>making arrangements with a view to transactions in investments</i> (article 25(2))	<i>membership of a Lloyd's syndicate</i> (article 86(2)) <i>rights to or interests in investments</i> (article 89) in so far as they relate to either of the above categories of <i>specified investment</i>
Funeral plan providers [a regulated activity with effect from 1 January 2002]	
(u) <i>entering as provider into a funeral plan contract</i> (article 59)	<i>funeral plan contract</i> (article 87)

3 Table

Notes to Table 1

Note 1:

In addition to the *regulated activities* listed in Table 1, article 64 of the *Regulated Activities Order* specifies that *agreeing to carry on a regulated activity* is itself a *regulated activity* in relation to any other *regulated activity* other than:

- *accepting deposits* (article 5);
- *effecting and carrying out contracts of insurance* (article 10);
- *establishing, operating or winding up a collective investment scheme* (article 51(a));
- *acting as trustee of an authorised unit trust scheme* (article 51(1)(b));
- *acting as the sole depository or sole director of an open-ended investment company* (article 51(1)(c)); and
- *establishing, operating or winding up a stakeholder pension scheme* (article 52).

Permission to carry on the activity of *agreeing to carry on a regulated activity* will be given automatically by the FSA in relation to those other *regulated activities* for which an applicant is given *permission* (other than those activities in articles 5, 10, 51 and 52 detailed above).

Note 2:

For the purposes of the *regulated activities* of *dealing in investments as principal* (article 14) and *dealing in investments as agent* (article 21), the definition of *contractually based investments* [expanded in Table 3] excludes a *funeral plan contract* (article 87) and rights to or interests in *funeral plan contracts*.

Note 3:

The *regulated activities* of *managing investments* (article 37) and *safeguarding and administering investments* (article 40) may apply in relation to any assets, in particular circumstances, if the assets being managed or safeguarded and administered include, or may include, any *security* or *contractually based investment*.

Note 4:

For the purposes of the *permission* regime, the activity in (j)(ii) of *advising on pension transfers and pension opt-outs* is carried on in respect of the following *specified investments*:

- *unit* (article 81);
- *stakeholder pension scheme* (article 82); and
- *life policy* (as defined in article 3(1)).

Note 5:

Article 4(2) of the *Regulated Activities Order* specifies the activities (m) to (p) for the purposes of section 22(1)(b) of the *Act*. That is, these activities will be *regulated activities* if carried on in relation to any property and are not expressed as relating to a *specified investment*.

Note 6:

Section 315 of the *Act* (The Society: authorisation and permission) states that the *Society of Lloyd's* has *permission* to carry on the *regulated activities* referred to in that section, one of which is specified in article 58 of the *Regulated Activities Order*. This *permission* is unique to the *Society of Lloyd's*.

4 Table**Table 2: Contracts of insurance**

Contract of insurance (article 75 of the RAO)

(a) *general insurance contract* (Part I of Schedule 1 to the *Regulated Activities Order*)

(b) *long-term insurance contract* (Part II of Schedule 1 to the *Regulated Activities Order*)

Number	<i>Accident</i> (paragraph 1)	<i>life and annuity</i> (paragraph I)
1	<i>Sickness</i> (paragraph 2)	<i>marriage and birth</i> (paragraph II)
2	<i>Land vehicles</i> (paragraph 3)	<i>linked long-term</i> (paragraph III)
3	<i>Railway rolling stock</i> (paragraph 4)	<i>permanent health</i> (paragraph IV)
4	<i>Aircraft</i> (paragraph 5)	<i>tontines</i> (paragraph V)
5	<i>Ships</i> (paragraph 6)	<i>capital redemption</i> (paragraph VI)
6	<i>Goods in transit</i> (paragraph 7)	<i>pension fund management</i> (paragraph VII)
7	<i>fire and natural forces</i> (paragraph 8)	<i>collective insurance</i> (paragraph VIII)
8	<i>damage to property</i> (paragraph 9)	<i>social insurance</i> (paragraph IX)
9	<i>motor vehicle liability</i> (paragraph 10)	
10	<i>aircraft liability</i> (paragraph 11)	
11	<i>liability of ships</i> (paragraph 12)	
12	<i>general liability</i> (paragraph 13)	
13	<i>credit</i> (paragraph 14)	
14	<i>suretyship</i> (paragraph 15)	
15	<i>miscellaneous financial loss</i> (paragraph 16)	
16	<i>legal expenses</i> (paragraph 17)	
17	<i>assistance</i> (paragraph 18)	
18		
Notes to Table 2		
Note 1		
See <i>IPRU(INS)</i> Ann 10.2, Part II for the groups of <i>classes of general insurance business</i> from the Annex to the <i>First Non-Life Directive</i> .		

5 Table

Table 3: Securities and contractually based investments	
Security (article 3(1)) <i>share</i> (article 76) <i>debenture</i> (article 77) <i>government and public security</i> (article 78) <i>warrant</i> (article 79) <i>certificate representing certain security</i> (article 80) <i>unit</i> (article 81) <i>stakeholder pension scheme</i> (article 82) <i>rights to or interests in investments</i> (article 89) in so far as they relate to any of the above categories of <i>security</i>	Contractually based investment (article 3(1)) <i>option</i> (article 83) For the purposes of the <i>permission</i> regime, <i>option</i> is subdivided into: <ul style="list-style-type: none"> • <i>option</i> (excluding a <i>commodity option</i> and an <i>option</i> on a <i>commodity future</i>); • <i>commodity option</i> and <i>option</i> on a <i>commodity future</i>. <i>future</i> (article 84) For the purposes of the <i>permission</i> regime, <i>future</i> is subdivided into: <ul style="list-style-type: none"> • <i>future</i> (excluding a <i>commodity future</i> and a <i>rolling spot forex contract</i>); • <i>commodity future</i>; • <i>rolling spot forex contract</i>. <i>contract for differences</i> (article 85) For the purposes of the <i>permission</i> regime, <i>contract for differences</i> is subdivided into: <ul style="list-style-type: none"> • <i>contract for differences</i> (excluding a <i>spread bet</i> and a <i>rolling spot forex contract</i>); • <i>spread bet</i>; • <i>rolling spot forex contract</i>. <i>life policy</i> (article 3(1)) <i>funeral plan contract</i> (article 87) [from 1 January 2002] <i>rights to or interests in investments</i> (article 89) in so far as they relate to any of the above categories of <i>contractually based investment</i> .

Notes to Table 3

Note 1:

Security and *contractually based investment* are not, in themselves, *specified investments* but are defined as including a number of *specified investments* as set out in Table 3.

Note 2:

For the purposes of the *regulated activities* of *dealing in investments as principal* (article 14) and *dealing in investments as agent* (article 21), the definition of *contractually based investments* excludes a *funeral plan contract* (article 87) and rights to or interests in *funeral plan contracts*.

Chapter 3

Applications for Part IV permission

3.1 Application and purpose

Application

3.1.1

G
/1

This chapter applies to:

- (1) an individual, a *body corporate* (including a *branch* of a *body corporate*), a *partnership* or an unincorporated association which is not an *authorised person* and which wishes to apply for *Part IV permission* to carry on *regulated activities* in the *United Kingdom*;
- (2) an *EEA firm* or a *Treaty firm* seeking to carry on *regulated activities* in the *United Kingdom* other than through the exercise of an *EEA right* or *Treaty right*;
- (3) an *EEA firm*, *Treaty firm* or *UCITS qualifier* wishing to apply for a *top-up permission* to carry on any *regulated activity*.

Purpose

3.1.2

G
/1

This chapter gives *guidance* to applicants on how the *FSA* will exercise the powers granted to it in Part IV of the *Act* (Permission to carry on regulated activities) to determine an application and give *Part IV permission*. In particular, the chapter gives *guidance* on:

- (1) *permission* under Part IV of the *Act*;
- (2) the procedures, under section 51 of the *Act* (Application under this Part), for making an application to the *FSA* for *Part IV permission*;
- (3) when and how the *FSA* will determine applications under section 52 of the *Act* (Determination of applications); and
- (4) when and how a *person* becomes *authorised* under the *Act*.

3.2 Introduction

3.2.1

G
/1

- (1) With certain exceptions (for example, *EEA firms*), a *person* wanting to carry on any one or more *regulated activities* must apply to the *FSA* for *Part IV permission*. If the *FSA* gives an applicant such *permission*, the applicant will become an *authorised person*.
- (2) *Authorisation* gives a *firm* the ability to carry on *regulated activities* without breaching the *general prohibition* and incurring criminal liability (see *AUTH 2.2.1G*). A *firm* may, however, be subject to regulatory action if it does not have the necessary *Part IV permission* for each *regulated activity* it carries on (see *AUTH 3.3.3G*).

3.2.2

G
/1

AUTH 3 Ann 1G gives an overview of the application process from receipt of the application by the *FSA*.

3.3 When is Part IV permission required and what does it contain?

- 3.3.1**  _{/1} A *person* will, broadly speaking, be treated as carrying on a *regulated activity* in the *United Kingdom* (and so, under section 20(1), need *permission*), where it is carried on in the circumstances described in AUTH 2.4 (Link between activities and the United Kingdom). A *Part IV permission* under Part IV of the *Act* is required before the person carries on *regulated activities* unless the *person* has *permission* resulting from any other provisions in the *Act* (see AUTH 2.10 (Persons carrying on regulated activities who do not need authorisation)).
- 3.3.2**  _{/1} Under section 20(1) of the *Act* (Requirement for permission), a *firm* must not carry on a *regulated activity* in the *United Kingdom* (or purport to do so) otherwise than in accordance with its *permission*.
- 3.3.3**  _{/1} Following a successful application to the *FSA*, an applicant will be given *Part IV permission*. The *Part IV permission* will specify all or some of the following elements:
- (1) a description of the activities the *firm* can carry on (see AUTH 3.4), including any *limitations* (see AUTH 3.6);
 - (2) the *specified investments* involved (see AUTH 3.5); and
 - (3) if appropriate, *requirements* (see AUTH 3.7).
- 3.3.4**  _{/1}
- (1) Section 42(6) of the *Act* (Giving permission) requires the *FSA* to describe the *regulated activities* for which a *firm* is given *Part IV permission*; this description may include *limitations* (see AUTH 3.6). The *Part IV permission* may also include *requirements* (see AUTH 3.7).
 - (2) After being given *Part IV permission*, a *firm* can apply at any time to have a *limitation* or a *requirement* varied or removed, following the procedures in SUP 6 (Application to vary or cancel Part IV permission).
- 3.3.5**  _{/1} Under section 51(3) of the *Act*, an application for *permission* must be made in such manner as the *FSA* directs (see AUTH 3.9.3D).

3.4 Activities

3.4.1

G

/1

- (1) The activities for which an applicant may apply for *Part IV permission* are listed in *AUTH 2 Ann 2G* (Regulated activities and the permission regime). The *FSA* has described these activities in the same way as *regulated activities* are specified in the *Regulated Activities Order* (see *AUTH 2.7* to *AUTH 2.8*) but with three sub-divisions.
- (2) The sub-divisions are that:
 - (a) *advising on pension transfers and pension opt outs* is a separate category from advising on other *investments*; this distinction has been made because *pension transfers* and *pension opt-outs* are considered to be transactions which are high risk to *consumers* and it is appropriate to differentiate advice on them from other forms of advice;
 - (b) *establishing, operating and winding up a collective investment scheme* has been sub-divided to distinguish *regulated collective investment schemes* from unregulated ones; this is because of the different regulatory requirements and risk characteristics of the two types of *scheme*; and
 - (c) *safeguarding and administering investments* has been divided into *safeguarding and administration of assets (without arranging)* and *arranging safeguarding and administration of assets*; this is because some *firms* arrange the provision of safe custody for *clients* instead of providing the facilities themselves.

3.4.2

G

/1

It should be noted that some combinations of *regulated activities* are restricted by other legislation, such as the *UCITS Directive* and the *Insurance Directives*. In addition, applicants seeking to carry on specified activities in certain business areas, for example, *ISA* management, will be required to demonstrate that they satisfy additional regulatory obligations. Details of these restrictions and obligations are in *AUTH 3.11* to *AUTH 3.17*.

3.4.3

G

/1

If an applicant is uncertain whether the *FSA* will give *Part IV permission* for a particular combination of activities, it should seek professional advice and discuss the matter with the *FSA* before making a formal application for *Part IV permission*. These discussions with the *FSA* will not be part of the formal application process.

3.5 Specified investments

3.5.1

G
/1

The *specified investments* for which an applicant may apply for *Part IV permission* are listed in *AUTH 2 Ann 2G*. In general, the *FSA* has described these *specified investments* in a way that mirrors the activities specified in the *Regulated Activities Order* (see *AUTH 2.6*). The *FSA* has, however, sub-divided certain *specified investments* in the *Regulated Activities Order* to distinguish those investments which, among other things, are considered to have significantly different risk profiles. These are:

- (1) *commodity futures* and *commodity options* and *options on commodity futures*, which have been distinguished from other *futures* and *options*;
- (2) *spread bets*, which have been distinguished from other *contracts for differences*; and
- (3) *rolling spot forex contracts*, which have been distinguished from other *contracts for differences* and *futures*.

3.6 Limitations

- 3.6.1** **G**_{/1} The FSA may include appropriate *limitations* in a description of the *regulated activities* in a *Part IV permission*.
- 3.6.2** **G**_{/1} Generally speaking, a *limitation* limits, in some way, a particular *regulated activity*. Unlike *requirements* (see AUTH 3.7), each *limitation* is specific to a particular *regulated activity* (either to the *specified activity*, the *specified investments* or both). This is why the *Act* refers to a *limitation* being incorporated within the actual description of the *regulated activity*.
- 3.6.3** **G**_{/1} As part of its application for *Part IV permission*, an applicant may wish to apply for certain *limitations* (details of which are given in the application pack). Alternatively, the FSA may impose a *limitation* where it considers it appropriate after reviewing the application. Examples of *limitations* which may be applied for or imposed include:
- (1) a limit on the types of *client* that a *firm* may deal with; this would be used either where an applicant's business plan makes it clear that it only intends to provide services for specific types of *clients* (for example, see AUTH 3.6.4G) or where the FSA wishes to limit the types of *clients* a *firm* can deal with; or
 - (2) a limit on the number of *clients* with whom a *firm* may carry on a particular *regulated activity* during, for example, an initial period of operation; this might be used where, for example, a *firm's* systems are not yet adequate to be able to process a high volume of transactions; or
 - (3) a limit on the types of *specified investments* that a *firm* can deal in; this would be used either where an applicant's business plan makes it clear that it only intends to provide services in respect of certain *specified investments* or where the FSA wishes to limit the categories of *specified investments* a *firm* can deal with; or
 - (4) a limit on the type of *insurance business* which a *firm* may carry on in connection with certain categories of *specified investments* for which *Part IV permission* may be granted; for example, a *limitation* specifying that only reinsurance business may be carried on in relation to certain *specified investments*; [note that for direct *insurance business*, the *Insurance Directives* restrict the ability of the FSA to impose *limitations* on an individual *class* of *specified investment*].
- 3.6.4** **G**_{/1} (1) In relation to the carrying on of *designated investment business* (and related *ancillary activities*, including *communication* and *approval* of related *financial promotions*), COB 4.1.4R (Requirement to classify) requires a *firm* to classify a *client* before conducting *designated investment business* with him or for him and that classification is relevant to the application of *Principles* 6,7,8 and 9. The classification of *clients* is used to apply appropriately differentiated market conduct and conduct of business provisions based on the expertise of the

different *clients*. An applicant may, therefore, wish to apply to carry on *designated investment business* in respect of one or more of the following classifications:

- (a) *private customer*;
 - (b) *intermediate customer*;
 - (c) *market counterparty*.
- (2) In practice, a *firm* may be permitted to carry on *regulated activities* that fall within the definition of *designated investment business* with one, or more, of these *client* categories.
- (3) As explained in *PRIN 1.2.4G*, a *firm* carrying on business other than *designated investment business* may choose to distinguish between *customers* and *market counterparties* in complying with the *Principles*. An applicant may, therefore, wish to apply to carry on business only with *market counterparties*.

3.6.5**G**
/1

If, after reviewing an application, the *FSA* proposes to impose a *limitation*, the applicant will be advised formally (that is, the applicant will be sent a *warning notice*) and given an opportunity to make representations before the *FSA* reaches a final decision. For an overview of how the *FSA* determines applications and a summary of the *FSA*'s decision-making procedures, see *AUTH 8* (Determining applications).

3.6.6**G**
/1

After the *FSA* gives a *Part IV permission*, a *firm* can apply at any time to vary that *Part IV permission*, including any *limitation*, following the procedures set out in *SUP 6*.

3.7 Requirements

3.7.1

G

^{/1}

- (1) Section 43 of the Act (Imposition of requirements) gives the *FSA* power to include any *requirements* in a *Part IV permission* that it considers appropriate. A *requirement* may be imposed on a *firm* to:
 - (a) take a particular action; or
 - (b) refrain from taking a particular action.
- (2) The *requirement* may extend to activities which are not *regulated activities* (for example, see *AUTH* 3.7.6G(3)) and the *FSA* may set a time at which the *requirement* expires.
- (3) As part of its application for *Part IV permission*, an applicant may wish to apply for certain *requirements* (details of which are given in the application pack).

3.7.2

G

^{/1}

Generally speaking, a *requirement* will either be unrelated to the performance of *regulated activities* (for example, a *requirement* that relates to reporting) or will relate to all, or a number of, the *regulated activities* which an applicant wishes to carry on. This can be contrasted with a *limitation*, which is specific to one particular *regulated activity* (either to the *specified activity*, the *specified investments* or both), as in *AUTH* 3.6.

3.7.3

G

^{/1}

- (1) *Requirements* can, among other things, be used by the *FSA* to control the performance of certain business activities which are not in themselves *regulated activities*; although in many cases a *firm* will require *permission* for a combination of *regulated activities* before the business activity can be carried on. The business activities controlled in this way are those which, in the interests of *consumer* protection, have certain minimum standards, for example in respect of the systems and controls required to meet regulatory or other obligations (for example, see the *client money rules* in *COB* 9.3).
- (2) As a result, applicants will be asked to specify as part of their application whether or not they wish to carry on business activities that include:
 - (a) the holding or controlling of *client money*; or
 - (b) *ISA* or *PEP* management; or
 - (c) operating an *investment trust savings scheme*; or
 - (d) management of a *broker fund*.
- (3) As part of demonstrating that it can satisfy and continue to satisfy the *threshold conditions* in respect of the *regulated activities* it wishes to carry on, an applicant will be expected to demonstrate that it is ready, willing and

3.7.4

G
/1

- organised to satisfy, and continue to satisfy, any relevant regulatory obligations that would apply to any business activities it wishes to carry on (for example, COB 9.3 (Client money)). An applicant that does not wish to engage in these activities should apply for a *requirement* to exclude performance of these activities from the scope of its *Part IV permission*.
- (1) A *requirement* can also be used by the FSA to define the scope of a number of *regulated* activities carried on by a *firm* so that a particular differentiated regulatory regime applies. Examples of such regimes include those for *locals*, *venture capital firms*, *corporate finance advisory firms* and *service companies*. Where this is relevant, an applicant may wish to apply for *Part IV permission* which includes a *requirement* defining the scope of each of its *regulated activities*.
 - (2) As an example, an applicant wishing to act as a *corporate finance advisory firm* may be given *Part IV permission* to carry on the activities of *advising on investments* and *arranging (bringing about) deals in investments*, subject to a *requirement* that the *firm* carries on these activities only within the definition of a *corporate finance advisory firm*.
 - (3) As part of the application pack, an applicant will be asked whether it wishes to apply for a *requirement* to define the scope of its *Part IV permission*. An applicant that applies for *Part IV permission* with a *requirement* to reduce the scope of that *permission* will only be required to demonstrate to the FSA that it is able to satisfy, and continue to satisfy, the *threshold conditions* in respect of the reduced scope.

3.7.5

G
/1

As part of the application process, an applicant will need to determine which prudential category it falls into and, in some cases, which sub-category (see AUTH 3.8.5G). In some cases, a *requirement* may form part of the description of such a category or sub-category, in which case the applicant may wish to apply for *Part IV permission* subject to appropriate *requirements*. The FSA may also impose a *requirement* on a *firm* to require it to comply with certain financial requirements (see SUP 7.4 (Individual requirements)).

3.7.6

G
/1

Examples of *requirements* which may be applied by the FSA in particular circumstances, include:

- (1) a *requirement*, imposed under section 48 of the Act (Prohibitions and restrictions), that a *firm* given *Part IV permission* obtain the approval of the FSA before payment of a dividend; or
- (2) a *requirement* to submit financial returns more often than normal, for example during the *firm's* first *months* or years of business; or
- (3) a *requirement* to submit audited financial accounts of a parent company; or
- (4) a *requirement*, on the *permission* of an *insurer*, to carry on only reinsurance business; or
- (5) a *requirement* to submit periodic independent compliance reviews, performed by an appropriate *person*, during the first *months* or years of business.

3.7.7

G
/1

If, after reviewing an application, the FSA proposes to impose a *requirement*, the applicant will be advised formally (that is, the applicant will be sent a *warning notice*) and given an opportunity to make representations before the FSA reaches a final decision. For an overview of how the FSA determines applications and a summary of the FSA's decision making procedures, see AUTH 8.

3.7.8

G
/1

Following the giving of a *Part IV permission*, a *firm* can apply, at any time, to vary that *Part IV permission*, including any *requirement* or *limitation*, following the procedures in *SUP 6*.

3.8 The threshold conditions and financial resources

The threshold conditions

3.8.1

G
/1

- (1) Under section 41(2) of the *Act* (The threshold conditions), the *FSA* is required, in giving *Part IV permission* or imposing any *requirement*, to ensure that the applicant satisfies, and will continue to satisfy, the *threshold conditions* in relation to all the *regulated activities* for which it has or will have *permission*. The *threshold conditions* are in Schedule 6 to the *Act*.
- (2) The *FSA* has provided *guidance* on the *threshold conditions* in *COND*. This guidance is not exhaustive and is written at a high level of generality as satisfaction of the *threshold conditions* is considered on a case-by-case basis, in relation to each *regulated activity* an applicant is seeking to carry on.

3.8.2

G
/1

- (1) There are five *threshold conditions* applying to a *firm* with *Part IV permission*:
 - (a) *threshold condition 1* (Legal status) sets out the legal status that the applicant must have if it wishes to carry on certain *regulated activities*;
 - (b) *threshold condition 2* (Location of offices) provides that:
 - (i) a *body corporate* constituted under the law of any part of the *United Kingdom* must have its head office and, if it has one, its registered office, in the *United Kingdom*; and
 - (ii) a non body corporate with its head office in the *United Kingdom* must carry on business in the *United Kingdom*;
 - (c) *threshold condition 3* (Close links) relates to the effect of close links on supervisability;
 - (d) *threshold condition 4* (Adequate resources) relates to the adequacy of an applicant's resources;
 - (e) *threshold condition 5* (Suitability) relates to the suitability of the applicant.
- (2) The last three *threshold conditions* enable the *FSA* to assess the applicant in the light of the activities it wishes to carry on and, in particular, make it clear that suitability to carry on one *regulated activity* does not mean that the applicant is suitable to carry on all *regulated activities*.
- (3) An *incoming firm* applying for a *top-up permission* must also satisfy the *threshold conditions* with the exception of *threshold condition 2* (Location of

offices): see *COND* 1.1 (Application) and paragraphs 6 and 7 of Schedule 6 to the *Act*.

- (4) The application of the *threshold conditions* to *Swiss general insurance companies* will be varied by an Order made by the Treasury under paragraph 8 of Schedule 6 to the *Act*.

3.8.3

G
/1

The *FSA*, in making a determination whether an applicant satisfies and will continue to satisfy the *threshold conditions* under section 41(2) of the *Act*, will consider whether an applicant can demonstrate that it is ready, willing and organised so as to enable it to comply with the specific regulatory obligations that will apply to the applicant if it is given *Part IV permission* to carry on the *regulated activities* referred to in its application.

Financial resources

3.8.4

G
/1

- (1) As part of its application, an applicant will be required to demonstrate that it has adequate financial resources to meet the financial resources requirement for its prudential category.
- (2) The *Single Market Directives* and the *Capital Adequacy Directive* set out minimum financial requirements for all *firms* which carry on banking, insurance or investment services within the scope of the *Single Market Directives*, that is, most *firms* that are *credit institutions*, *financial institutions*, *insurance undertakings* or *investment firms* as defined in these Directives. These requirements are reflected in the relevant *IPRU* for each type of *firm*.

3.8.5

G
/1

- (1) An applicant will need to determine its prudential category and, in some cases, its sub-category. The application pack and *AUTH* 3 Ann 2G give further details.
- (2) In determining its prudential sub-category, an applicant may need to consider whether it falls under the scope of a *Single Market Directive*, for example whether it will be an *investment firm* as defined in the *ISD*.
- (3) However, an applicant which falls outside the *Single Market Directives* will not have a right to passport into the *EEA* and will be subject to separate prudential requirements.

3.8.6

G
/1

An applicant in the prudential category of *bank* or *insurer* should note that the *FSA* will give it individual guidance on its likely capital requirements; for example, the trigger ratios for a *bank* (see *IPRU(BANK)* CO 4.1.1 (Trigger ratios)) or the capitalisation or solvency margin of an *insurer* (see *IPRU(INS)* 2 (Margins of solvency)) during pre-application discussions (see *AUTH* 3.9.2G).

3.8.7

G
/1

Applicants should note that the prudential category and, where relevant, sub-category, not only determines which provisions in the relevant *IPRU* will apply, but which provisions on auditors, financial reporting and transaction reporting in the *SUP* will apply.

3.8.8

G
/1

An applicant that is a member of a *group* should note that the *FSA* may take into consideration the impact of other members of the *group* on the adequacy of its resources (see the relevant *IPRU*).

3.9 Procedures in relation to applications for Part IV permission

Pre-application meetings

- 3.9.1** G_{/1} All applicants for *Part IV permission* are encouraged to contact the Corporate Authorisation department of the FSA to discuss their application before they send in an application form.
- 3.9.2** G_{/1}
- (1) If an applicant’s plans are complex (for example, including *insurance business* or *accepting deposits* and some *designated investment business*), high risk or innovative (for example, raising new or unusual issues), the FSA will expect the applicant to discuss its plans with them before submitting an application for *Part IV permission*.
 - (2) FSA staff will be available to attend a pre-application meeting with such applicants to discuss the application and any issues or problem areas. If appropriate, for example in the case of an application to carry on *insurance business* or *accepting deposits*, FSA staff may, by agreement with the applicant discuss aspects of the application during its preparation, for example, the applicant’s draft business plan or other relevant documentation. If relevant, FSA staff will discuss likely capital and, where relevant, liquidity ratios with the applicant to enable the applicant to prepare capital adequacy projections.
 - (3) Applicants should note that:
 - (a) a pre-application meeting is not a substitute for an applicant obtaining any professional assistance;
 - (b) a pre-application meeting is to give informal assistance to applicants (as set out in *AUTH 3.9.2G*). A meeting might, for example, be used to help an applicant prepare its formal application for *Part IV permission* and to identify and address issues or problem areas at an early stage before time and costs are incurred in preparing a complete application. This assistance is not part of the application process outlined in the rest of *AUTH 3.9*.
 - (c) the submission of an incomplete application will start the formal application process, including the time limits for determination of incomplete applications (see *AUTH 3.9.31G*) and the requirements for a fee (see *AUTH 3.9.4G(1)*).

The application for permission

3.9.3

D
/1

- (1) An applicant for *Part IV permission*, except in so far as the *FSA* may direct in an individual case, must apply in writing in the manner directed, and with the information required, in the application pack provided by the *FSA*.
- (2) The application for *Part IV permission* must be:
 - (a) given to a member of, or addressed for the attention of, the Corporate Authorisation department; and
 - (b) delivered to the *FSA* by one of the methods in (3).
- (3) The application may be delivered by:
 - (a) post to the address in (4);
 - (b) leaving the application at the address in (4) and obtaining a time-stamped receipt; or
 - (c) hand delivery to a member of the Corporate Authorisation department.
- (4) The address for applications is: The Financial Services Authority, 25 The North Colonnade, Canary Wharf, London E14 5HS.
- (5) Until the application has been determined, an applicant which submits an application for *Part IV permission* must inform the *FSA* of any significant change to the information given in the application immediately it becomes aware of the change.

3.9.4

G
/1

- (1) An application should be accompanied by the application fee set by the *FSA* (see *AUTH* 4 [to be added]).
- (2) The application pack and accompanying guidance notes are available on www.fsa.gov.uk or from the Corporate Authorisation department of the *FSA*. To contact the Corporate Authorisation department:
 - (a) telephone on 020 7676 1000; or
 - (b) write to the Corporate Authorisation department at the address in *AUTH* 3.9.3D(4); or
 - (c) email corporate.authorisation@fsa.gov.uk.

3.9.5

G
/1

The application pack is made up of several sections and the ones which need to be completed will depend on the category of applicant. For example, the insurance sections will contain different application questions according to the type of applicant (for example, matters needing to be addressed vary for overseas applicants and *Swiss general insurance companies*). In addition, applicants will need to submit forms for *approved persons* (see *AUTH* 6 (Approved persons)) and *controllers* as part of the pack (see *AUTH* 3.9.24G).

Information to be supplied to the FSA

- 3.9.6** G_{/1} Under section 51(1)(b) of the *Act*, an application for *Part IV permission* must give an address in the *United Kingdom* for service of any document required by the *Act*.
- 3.9.7** G_{/1} The application forms ask for general information about the applicant, its intended activities and any proposed or current *unregulated activities*. They also ask for details of how the applicant plans to comply with the *FSA's* regulatory obligations relating to the activities it seeks *Part IV permission* to carry on. The forms contain notes on completion and details of how the *FSA* can help.
- 3.9.8** G_{/1} In addition to the information in the application pack, the *FSA* may require the applicant to provide such further information as it reasonably considers necessary to enable it to determine the application, and to verify it as the *FSA* directs. This may include the provision of documents. The *FSA* may request such additional information during a pre-application meeting or after reviewing a submitted application pack. Should the *FSA* require further information on reviewing an application pack, the applicant will be advised in writing as early as possible.
- 3.9.9** G_{/1} The *FSA* will assess the applicant having regard to the *regulatory objectives* and will, therefore, be proportional in its procedures, including in the information which it seeks from applicants (see *AUTH* 1.4.4G). Thus the nature of the information and documents requested by the *FSA*, either in the application pack or subsequently, will be proportional to the nature of the business the applicant intends to carry on. For example, a small company seeking to carry on low risk business will be required to submit a business plan and other information relevant to its size and the scope of the proposed business. Information which is requested from applicants as part of the application pack includes but is not limited to the following.
- (1) A business plan which describes the *regulated activities* and any *unregulated activities* (except where not permitted, for example see *AUTH* 3.12.2G) which the applicant proposes to carry on, the management and organisational structure of the applicant and details of any proposed outsourcing arrangements. The level of detail required in the business plan will be appropriate to the risks to *consumers* arising from the proposed *regulated* and *unregulated activities*. For an applicant seeking to carry on *insurance business*, the business plan should include a *scheme of operations* in accordance with *SUP* App 2 (Insurer and friendly societies: schemes of operation).
 - (2) Appropriately analysed financial budget and projections which demonstrate that the applicant expects to comply with the relevant financial resources requirements appropriate to the applicant's prudential category (and in some cases sub-category).
 - (3) Details of systems to be used (which do not have to be in place at the time of initial application), compliance procedures and documentation.
 - (4) Details of the individuals to be involved in running the proposed business (such as *directors*, *partners* and members of the *governing body*, all of whom will be performing *controlled functions*) and any *connected persons* (see *AUTH* 3.9.23G). *AUTH* 6 gives *guidance* on the *approved person* regime and the procedures for approval.
- 3.9.10** G_{/1} (1) The application pack should be accompanied by such other information as the applicant reasonably considers the *FSA* should be aware of for the purposes of determining the application. Any relevant supporting documentation should also be enclosed. The guidance notes to the application pack give further

details about information to be provided by applicants, to enable them to answer the questions.

- (2) In certain circumstances, the interests of the *customers* of an applicant would be significantly affected by the death or incapacity of an individual within the applicant. If this is the case, the applicant will be required to provide information on its arrangements to protect the interests of *customers* in that event. Examples include arrangements to enable urgent transactions to be carried out and unfinished transactions to be completed. The information should include the name and address, and such other details as the *FSA* may reasonably require, of an *authorised person* with whom arrangements have been made for the protection of *customers*. The guidance notes to the application pack give further details.

3.9.11 G_{/1} The application forms also require a statement from one or more members of the applicant’s *governing body* confirming, to the best of their knowledge, the completeness and accuracy of information supplied.

3.9.12 G_{/1} Applicants should be aware that there may be a delay in processing applications if the information given to the *FSA* is inaccurate or incomplete; for example, if the business plan for an applicant does not describe in adequate detail the *regulated activities* for which the applicant seeks *Part IV permission*. Applicants should discuss any problems with the Corporate Authorisation department before submitting the application or, if necessary, consider seeking appropriate professional advice.

3.9.13 G_{/1} At any time after receiving an application and before determining it, the *FSA* may give notice to the applicant to require it to provide additional information or documents. The circumstances of each application will determine what additional information or procedures are appropriate.

3.9.14 G_{/1} While applicants will often wish to discuss applications with the Corporate Authorisation department during the application process; similarly, the *FSA* will often need to discuss and clarify information that has been submitted within the application pack. The exchange of information during the application process is viewed as important by the *FSA*, since the final decision about an application needs to be based on as complete a picture of the application as possible.

3.9.15 G_{/1} In addition, in considering the application, the *FSA* may:

- (1) carry out any enquiries which it considers appropriate, for example, discussions with other regulators or exchanges;
- (2) ask the applicant, or any specified representative of the applicant, to attend meetings at the *FSA* to give further information and explain any matter the *FSA* considers relevant to the application;
- (3) require any information given by the applicant to be verified in such a way as the *FSA* may specify (for example, see *AUTH 3.9.16G*);
- (4) take into account any information which it considers appropriate in relation to the application, for example any *unregulated activities* which the applicant carries on or proposes to carry on;
- (5) visit the premises which the applicant intends to use as its place of business.

Reports from third parties

- 3.9.16** **G**_{/1} Under section 51(6) of the *Act*, the *FSA* may require the applicant to verify information provided in such a way as the *FSA* directs. Thus, as part of the application, the *FSA* may require the applicant to provide, at its own expense, a report by an auditor, *reporting accountant*, actuary or other qualified person approved by the *FSA*. The report may be on such aspects of the information provided, or to be provided, by the applicant as the *FSA* may specify.
- 3.9.17** **G**_{/1} Applicants seeking to carry on *long-term insurance business* are also required to provide a certificate from an *actuary* confirming the appropriateness of the projections for the *long-term insurance business* and, in particular, the adequacy of premium rates and technical provisions and *margin of solvency* and how quickly capital strains from effecting new business will be overcome.
- 3.9.18** **D**_{/1} If an applicant appoints a *reporting accountant* other than its own auditor to report on an application for *Part IV permission*, the applicant is directed to take reasonable steps to ensure that the *reporting accountant* satisfies the qualification and independence tests, as relevant, in *SUP 3.4* (Auditor’s qualifications) and *SUP 3.5* (Auditor’s independence).
- 3.9.19** **D**_{/1} If an applicant appoints an *actuary*, other than an *appointed actuary*, to report on an application for *Part IV permission*, the applicant is directed to take reasonable steps to ensure that the *actuary* satisfies the qualification tests in *SUP 4.3.8* (Appointed actuaries’ qualifications).
- 3.9.20** **G**_{/1} Occasionally, the *FSA* may identify a need for an independent report on specific areas of an application; for example, a report from the auditors of an applicant seeking to carry on *regulated activities* which include *accepting deposits* where the applicant’s business plan is innovative, complex or raises concerns as a result of matrix management. Such reports will usually be discussed and agreed with the applicant as part of the pre-application meeting (see *AUTH 3.9.2G*).

Applications to other bodies

- 3.9.21** **G**_{/1} In addition to applying to the *FSA* for *Part IV permission*:

 - (1) an applicant which will need permission from the *Council* of the *Society* of Lloyd’s to conduct business as *underwriting agents* should apply for that permission at the same time as its application to the *FSA*; and
 - (2) an applicant should also determine whether it needs to apply to any other bodies, for example, to any exchanges or to other bodies for membership, the Office of Fair Trading for a consumer credit licence or to court for licences such as a gaming licence; the applicant should check when any such applications should be made.

Connected persons

- 3.9.22** **G**_{/1} (1) Under section 49 of the *Act* (Persons connected with an application), in considering an application for *Part IV permission*, the *FSA* may have regard to any *person* appearing to it to be, or likely to be, in a relationship with the applicant which is relevant.

- (2) A *person* in, or likely to be in, a relationship with an applicant which is relevant is known as a *connected person*. The *FSA* will assess whether a particular relationship is relevant in the light of the particular circumstances of each application. Examples of *persons* who might be considered connected with an applicant include, but are not limited to:
 - (a) a *controller* of the applicant; or
 - (b) an applicant's *directors, partners* or members of its *governing body*; or
 - (c) a *company* in the same *group* as the applicant; or
 - (d) a *person* with whom the applicant intends to enter into a material outsourcing agreement; or
 - (e) any other *person* who may exert influence on the applicant which might pose a risk to the applicant satisfying or continuing to satisfy the *threshold conditions*.

3.9.23

G
/1

As a result, as part of the application process, the *FSA* may request information about any other *person* who the *FSA* determines is in a relationship with an applicant which is relevant. The *FSA* may request information from the applicant on *persons* who are *connected persons* or are likely to become *connected persons* under any proposed transactions or relationships.

3.9.24

G
/1

- (1) As part of the application process, the *FSA* may request information on an applicant's *controllers, directors, partners* or members of its *governing body*. The *FSA* will assess whether:
 - (a) the applicant's *controller* is a fit and proper *person* to have *control* over the *firm*;
 - (b) the applicant's *directors, partners* and members of the *governing body* who will be performing *controlled functions* are fit and proper *persons* to be granted approval under the *approved persons* regime (see *AUTH* 6).
- (2) An applicant (other than a *Swiss general insurance company* seeking to establish an agency or *branch* in the *United Kingdom* or an *EEA firm*, or a *Treaty firm* in the circumstances set out in *AUTH* 3.1.1(2) and (3)) will be required to provide the following information about its *controllers*:
 - (a) in the case of a *controller* who is not an *authorised person*, the information required in Controllers Form A (*SUP* 11 Ann 4D) and one or more of Controllers Form B (*SUP* 11 Ann 5D) in accordance with *SUP* 11.3.8D and *SUP* 11.3.9D; or
 - (b) in all other cases, the information required in Controllers Form A, sections 1, 5 and 6 (*SUP* 11 Ann 4D).

Commencing regulated activities

3.9.25

G
/1

- (1) If *Part IV permission* is given, the *FSA* will expect a *firm* to commence its *regulated activity* in line with its current business plan. Applicants should take this into consideration when determining when to make an application to the *FSA*.

- (2) Applicants should be aware that the *FSA* may exercise its *own-initiative powers* to vary or cancel a *Part IV permission* once granted if they do not:
 - (a) commence a *regulated activity* for which they have *Part IV permission* within a period of at least twelve months from the date the *permission* was given; or
 - (b) carry on a *regulated activity* for which they have *Part IV permission* for a period of at least twelve months (irrespective of the date of the grant of *permission*).
- (3) If *FSA* considers that it may be appropriate to exercise its *own-initiative powers* to vary or cancel a *firm's Part IV permission*, *FSA* staff will discuss the proposed action with the *firm* and ascertain the *firm's* reasons for not commencing or carrying on the *regulated activities* concerned. Applicants are advised to discuss any problems about commencing a *regulated activity* with the Corporate Authorisation department.

When will the FSA grant an application for Part IV permission?

3.9.26

G
/1

- (1) The *FSA* will assess the information provided in the application process. As noted in *AUTH* 3.8.1G, the *FSA* is required, by section 41(2) of the *Act*, to ensure that an applicant will satisfy, and continue to satisfy, the *threshold conditions* in relation to all the *regulated activities* for which the applicant is seeking *Part IV permission*. However, section 41(3) of the *Act* states that the *FSA's* duty under section 41(2) of the *Act* does not prevent it, having regard to that duty, from taking such steps as it considers necessary in relation to a particular applicant, to secure the *consumer protection* objective.
- (2) As part of the assessment of whether an applicant satisfies and will continue to satisfy the *threshold conditions*, the *FSA* will consider whether the applicant is ready, willing and organised to comply with the regulatory requirements to which it will be subject if it is granted *Part IV permission* to carry on the *regulated activities* referred to in its application.
- (3) The *FSA* will give *Part IV permission* in respect of some categories of *regulated activity* only if the applicant can meet specific requirements. For example, *Part IV permission* including *advising on pension transfers* and *pension opt-outs* will only be granted to applicants that will have *persons* (or individuals) qualified to advise in this area.

3.9.27

G
/1

As noted in *AUTH* 3.6 and *AUTH* 3.7, the *FSA* may decide to grant an application for *Part IV permission* including appropriate *limitations* or *requirements*. Where the *FSA* imposes *limitations* or *requirements* on a *Part IV permission* that were not applied for by the applicant, their precise nature will depend on the circumstances of each application. During the application process, the *FSA* will discuss with applicants any *limitations* or *requirements* it is considering imposing but which they have not applied for. The applicant may ask the *FSA* to reconsider its preliminary views on any such *limitations* or *requirements* in the course of the application process.

3.9.28

G
/1

In some cases, the *FSA* would be minded to grant an application for *Part IV permission* as long as certain conditions are fulfilled. As an example, the *FSA* may advise an applicant that it is minded to grant its application subject to the applicant providing proof that its share capital or its required financial resources are in place or that it has satisfied an outstanding element of its business plan. *Part IV*

permission will not, however, be given until the *FSA* is content that its conditions have been satisfied by the applicant and, as a result, the applicant satisfies the *threshold conditions*. Applicants are welcome to discuss with the Corporate Authorisation department the circumstances in which the *FSA* may be prepared to determine an application subject to such conditions.

Other powers relating to the scope of Part IV permission

3.9.29

G

/1

- (1) In determining an application for *Part IV permission*, the *FSA* may:
 - (a) specify a narrower or wider description of *regulated activity* than that for which *Part IV permission* was originally sought; or
 - (b) give *Part IV permission* for a *regulated activity* which was not originally applied for.
- (2) Occasionally, the *FSA* expects to use its power to give *Part IV permission* for an applicant to carry on a *regulated activity* for which it did not originally apply. This might happen when, as a result of correspondence and discussion with an applicant, it becomes clear that it needs *Part IV permission* to carry on different categories of activities or activities relating to different categories of *specified investments* than those it had originally applied for.
- (3) The *Insurance Directives* set out minimum information requirements for an application for *authorisation* which include information on the *specified investments* the applicant proposes to deal in. If these requirements are not met, the *FSA* may not be able to use the power described in *AUTH* 3.9.29G(1)(b).

How long will an application take?

3.9.30

G

/1

- (1) Under Part IV of the *Act*, the *FSA* has six months from the date of receipt of a completed application to make its determination.
- (2) When the *FSA* receives an application which is incomplete, that is, when information or documents required to be submitted as part of the application are not provided, Part IV of the *Act* requires the *FSA* to determine that incomplete application, in any event, within twelve months of the initial receipt of the application.
- (3) Within these time limits, however, length of the process will relate directly to the complexity of the application. The *FSA* publishes standard response times on its web site at www.fsa.gov.uk, setting out how long the application process is expected to take in practice, and, from time to time, the *FSA* publishes its performance against these times.
- (4) Unless it considers it is appropriate to do so, the *FSA* will not grant an application for *Part IV permission* until it has had the opportunity to review all the information and documents which it has requested in connection with the application (whether as part of the application or at a later date).

How will FSA make the decision?

3.9.31

G
/1

AUTH 8 (Determining applications) gives an overview of how the *FSA* will determine an application. The *FSA*'s decision making procedures are in *DEC* and include the procedures the *FSA* will follow if it proposes to refuse an application for *Part IV permission* or grant an application subject to *limitations* or *requirements* not applied for.

Withdrawal of applications

3.9.32

G
/1

An applicant may withdraw its application at any time before the application is granted or refused by giving written notice to the *FSA*. This written notice should be signed by a *person* with appropriate authority to bind the applicant.

Authorised status

3.9.33

G
/1

- (1) The *Act* states that an applicant which does not qualify for automatic *authorisation* by, or under, the *Act*, becomes *authorised* automatically if the *FSA* grants it *Part IV permission*.
- (2) When the *FSA* grants an application for *Part IV permission*, it will inform the applicant by written notice, stating the date on which the *permission* takes effect.

3.10 The FSA register

3.10.1

G

^{/1}

- (1) Section 347 of the *Act* (The record of authorised persons etc) requires the *FSA* to maintain a public record containing certain details about all *firms*, including information as to the services they hold themselves out as able to provide.
- (2) When the *FSA* grants an application for *Part IV permission*, it will update the *FSA register* with a general description of the *regulated activities* the *firm* has *permission* to carry on.
- (3) The *FSA* register can be accessed at www.fsa.gov.uk.

3.11 Specific obligations: partnerships or unincorporated associations

3.11.1

G
/1

Section 32 of the *Act* (Partnerships and unincorporated associations) treats *partnerships* and unincorporated associations as if they were legal *persons* for the purposes of the grant of *Part IV permission*. So all *partnerships* or unincorporated associations should make an application for *Part IV permission* in the name of the *partnership* or unincorporated association.

3.11.2

G
/1

- (1) Once a *partnership* or an unincorporated association is *authorised* by the *FSA*, then under section 32 of the *Act*:
 - (a) it is *authorised* to carry on the *regulated activities* concerned in the name of the *partnership* or unincorporated association; and
 - (b) its *authorisation* is not affected by any change in its membership as long as the substantive continuity test described in (2) is met.
- (2) If a *partnership* or unincorporated association is dissolved, its *authorisation* continues to have effect in relation to any *partnership* or unincorporated association which succeeds to the business of the dissolved *partnership* or unincorporated association, as long as:
 - (a) the members of the resulting *partnership* or unincorporated association are substantially the same as those of the dissolved *partnership* or unincorporated association; and
 - (b) the succession is to the whole or substantially the whole of the business of the dissolved *partnership* or unincorporated association.

3.11.3

G
/1

The treatment of *partnerships* described in *AUTH 3.11.1G* and *AUTH 3.11.2G* does not apply to a partnership which is a *body corporate*, that is, a *limited liability partnership* or any other partnership which is a *body corporate* and is constituted under the law of any place outside the *United Kingdom*.

3.12 Specific obligations: applicants seeking to carry on insurance business

3.12.1 G_{/1} Under *threshold condition* 1 (Legal status) (see *COND*) and additional restrictions imposed under the *Insurance Directives*, an applicant seeking *Part IV permission* to carry on the *regulated activities* of *effecting* or *carrying out contracts of insurance* must be an incorporated *company*, a *registered friendly society* or a registered industrial and provident society.

3.12.2 G_{/1} An applicant seeking to carry on *insurance business* should note the restrictions in *IPRU(INS)* 1.3R(1) and *IPRU(FSOC)* [to be finalised] which relate to the carrying on of other commercial business.

3.12.3 G_{/1}

- (1) As a result of these restrictions, the *FSA* will grant an applicant seeking to carry on *insurance business Part IV permission* for *insurance business*, and any other *regulated activities*, only to the extent they are not restricted under *IPRU(INS)* and *IPRU(FSOC)*.
- (2) For example, it may be appropriate for an applicant to apply for the *regulated activity* of *accepting deposits*. Also, an applicant seeking to carry on *long-term insurance business* may need to apply for certain *designated investment business* activities arising directly from the *long-term insurance business* it proposes to carry on. If the *FSA* gives an applicant *Part IV permission* for *insurance business* and other *regulated activities*, these other *regulated activities* will be subject to *limitations*, as appropriate, so as to comply with *IPRU(INS)* 1.3R(1) and *IPRU(FSOC)*.

3.12.4 G_{/1} Applicants should also be aware that the *FSA* will not grant *Part IV permission* to carry on both long-term and general *insurance business*, unless:

- (1) the applicant’s business will be restricted to reinsurance; or
- (2) the applicant’s general *insurance business* will be restricted to accident or sickness contracts (or both).

Friendly societies and reinsurance

3.12.5 G_{/1} *Friendly societies* are subject to the conditions and restrictions on reinsurance business under the Friendly Societies Act 1974 (*registered friendly societies*) and the Friendly Societies Act 1992 (*incorporated friendly societies*). A *registered friendly society* or an *incorporated friendly society* may only *effect* and *carry out* contracts of reinsurance if the conditions and restrictions set out in the relevant Friendly Societies Act are met. These include that:

- (1) the approval of the *actuary* of the *friendly society* (A) is required;

- (2) the *friendly society* is carrying on (and continues to carry on) direct *insurance business* of the same *class*; and
- (3) the reinsurance is provided only to another *friendly society* (B).

The FSA will, therefore, not grant a *friendly society* a *Part IV permission* to carry on pure reinsurance business.

Contracts written on an ancillary and supplementary basis

3.12.6 G_{/1} *Part IV permission* to effect or carry out certain *classes* of *contracts of insurance* includes *permission* to effect or carry out certain *classes* of *general insurance contracts* on an ancillary or supplementary basis. In applying for *Part IV permission* to carry on *insurance business*, applicants will need to determine the *specified investments* for which *Part IV permission* will be necessary, having regard to whether certain *classes* of contract may qualify to be effected or carried out on an ancillary or supplementary basis. If they do, there is no need to apply for *Part IV permission* to *effect* or *carry out* those contracts (that is, the contracts which are eligible to be effected or carried out on an ancillary or supplementary basis) and an applicant should not do so.

3.12.7 G_{/1} *Part IV permission* to effect or carry out *life and annuity* contracts includes *permission* to effect or carry out *accident* or *sickness* contracts (or both) on a supplementary basis (see article 1(1)(c) of the *First Life Directive*).

3.12.8 G_{/1} *Part IV permission* to *effect* or *carry out* any class of *general insurance contract* includes *permission* to effect or carry out any other *class* of *general insurance contract* on an ancillary basis other than *credit*, *suretyship* or, except as provided in AUTH 3.12.9G, *legal expenses* insurance (see part C of the Annex to the *First Non-Life Directive*). However, a *friendly society* may not effect or carry out any *general insurance contracts*, whether or not on an ancillary basis, other than those permitted under the Friendly Societies Act 1992.

3.12.9 G_{/1} *Part IV permission* to effect or carry out any *class* of *general insurance contract* includes *permission* to *effect* or *carry out* *legal expenses* contracts when AUTH 3.12.10G is met and:

- (1) if the main risk relates solely to the provision of assistance provided for *persons* who fall into difficulties while travelling, while away from home or while away from their permanent residence; or
- (2) where it concerns disputes or risks arising out of, or in connection with, the use of sea-going vessels.

3.12.10 G_{/1} A *contract of insurance* will qualify to be effected or carried out on an ancillary basis if:

- (1) the business in question is to be the subject of the same contract as the principal business and concerns the same object; and
- (2) the risks covered are connected to the principal risk.

3.12.11 G_{/1} In determining the *classes* of *specified investments* for which *Part IV permission* is required, and those which may qualify to be written on an ancillary or supplementary basis, an applicant may need to take professional advice and may

also wish to discuss this with a member of the Corporate Authorisation department.

- 3.12.12 G_{/1} The application for *Part IV permission* will need to provide information about the *insurance business* to be carried on by the applicant in the *classes of specified investments* for which *Part IV permission* is requested and also that qualifying to be carried on on an ancillary or supplementary basis.

Reporting requirements

- 3.12.13 G_{/1} An applicant for *Part IV permission* which includes *insurance business* should be aware that specific reporting requirements apply during its first three years of operation (see *SUP App 2*)

Applicants seeking to carry on insurance business with a head office outside the United Kingdom (other than EEA firms or Treaty firms)

- 3.12.14 G_{/1} In addition to *AUTH 3.18*, where an applicant for *Part IV permission* which has its head office outside the *United Kingdom* seeks to carry on *insurance business* in the *United Kingdom*, the following guidance is of relevance.
- 3.12.15 G_{/1} An applicant which has its head office outside the *United Kingdom* (other than an *EEA firm*, *Treaty firm* or a *Swiss general insurance company*) should note the requirement in *IPRU(INS) 8.10R* to appoint a *chief executive* (that is, the *person* who alone or jointly with one or more others, is responsible for the conduct of its business in the *United Kingdom*) and an *authorised UK representative*.
- 3.12.16 G_{/1} A *Swiss general insurance company* seeking to establish a *branch* in the *United Kingdom* should note the requirement in *IPRU(INS) 8.11R* to appoint an *authorised UK representative* for the *United Kingdom*.
- 3.12.17 G_{/1} An applicant with its head office outside the *United Kingdom* (other than an *EEA firm* or a *Treaty firm*) seeking *permission* to carry on direct or both direct and reinsurance business in the *United Kingdom* should note that specific prudential requirements apply (see *IPRU(INS)*).

3.13 Specific obligations: applicants seeking to carry on the regulated activity of accepting deposits

3.13.1

G
/1

Under *threshold condition 1* (Legal status), an applicant who seeks to carry on the *regulated activity of accepting deposits* must be either a *body corporate* or a *partnership* (see COND).

3.14 Specific obligations: applicants seeking to hold or control client money

3.14.1

G
/1

Unlike *safeguarding and administering assets*, holding or controlling *client money* is not a *regulated activity* in the *Regulated Activities Order*. As in AUTH 3.7.3G, the FSA controls this activity by using *requirements* on a *firm's Part IV permission*.

3.14.2

G
/1

- (1) An applicant seeking to hold or control *client money* must complete the relevant sections of the application forms for *Part IV permission*. The applicant must be able to demonstrate to the FSA that it can satisfy, and continue to satisfy, the *threshold conditions* (see AUTH 3.8.1G to AUTH 3.8.3G) should the application for *Part IV permission* be granted. This will include demonstrating that it is ready, willing and organised to comply with the relevant requirements in COB 9.3 (Client money).
- (2) If an applicant is not able to demonstrate to the FSA that it can satisfy, and continue to satisfy, the *threshold conditions* to hold or control client money, but its application for *Part IV permission* is granted, the FSA will impose a *requirement* on the *permission* to the effect that the *firm* will not be able to hold, or control, *client money*.

3.15 Specific obligations: applicants seeking to manage PEPs or ISAS

- 3.15.1** **G**
/1 Management of PEPs and ISAs, in themselves, are not *regulated activities* in the *Regulated Activities Order* although the activities carried on by a *firm* in relation to PEP and ISA management constitute *regulated activities*. As a result, where the *firm* has *Part IV permission* which includes the *regulated activities* which would otherwise permit the *firm* to manage a PEP or an ISA, the FSA controls participation in these activities by using *requirements* on the *firm's permission* (see AUTH 3.7.3G).
- 3.15.2** **G**
/1 (1) An applicant seeking to manage PEPs or ISAs must complete the relevant sections of the application forms for *Part IV permission*, specifying the types of ISA and their constituent components which it intends to manage. An applicant should check that the *regulated activities* for which it is seeking *permission* will permit it to carry on the proposed activities in respect of the component concerned (for example, one of the sub categories of *safeguarding and administering assets* of the component includes equities) and:

 - (a) consider whether it needs to hold or control *client money* (see AUTH 3.14) if it has not applied for *permission* including *accepting deposits*; or
 - (b) have plans to put in place contractual provisions under which it will receive *client money* as agent for an *approved bank* so that any loss in relation to the *ISA cash component* will be compensated for by that *approved bank* or the *compensation scheme*.

(2) Cash ISAs raise particular issues. Applicants may find it helpful to seek an independent legal opinion on their proposals before they proceed and may wish to discuss their proposals with the FSA.
- 3.15.3** **G**
/1 Applicants should also be aware that a *firm* wishing to act as an ISA or PEP manager will have to obtain approval from the Inland Revenue as an account manager under the Inland Revenue regulations.
- 3.15.4** **G**
/1 To manage ISAs or PEPs, an applicant must be able to demonstrate to the FSA that it can satisfy and continue to satisfy the *threshold conditions* should the application for *Part IV permission* be granted. This will include demonstrating that it is ready, willing and organised to comply with the relevant regulatory and Inland Revenue requirements.
- 3.15.5** **G**
/1 If an applicant is not able to demonstrate to the FSA that it is able to comply with those obligation, the FSA will impose a *requirement* on the *firm's permission* to the effect that the *firm* will not be able to manage PEPs or ISAs.

3.16 Specific obligations: applicants seeking to establish, operate or wind up a stakeholder pension scheme

3.16.1

G

/1

Applicants should be aware that, in addition to requiring *permission* from the FSA to *establish, operate or wind up a stakeholder pension scheme*, a *firm* will need to obtain exempt approval of the *stakeholder pension scheme* from the Inland Revenue and to register the scheme with the Occupational Pensions Regulatory Authority.

3.16.2

G

/1

Establishment and operation of a *stakeholder pension scheme* may involve heavy investment in new systems or changes to existing systems which, in view of the limit on charges, might not be recovered for some time. So, the FSA will normally require an applicant wishing to *establish, operate or wind up a stakeholder pension scheme* to provide financial projections for the whole period up to the point at which the new business is expected to break even. The applicant must also be able to demonstrate to the FSA that it is ready, willing and organised to comply with the requirements (including those in COB 5, COB 6 and TC 2) applicable to operation of a *stakeholder pension scheme*.

3.17 Specific obligations: applicants seeking to establish a collective investment scheme or to act as manager of a regulated collective investment scheme

- 3.17.1** G_{/1} An applicant seeking to *establish a collective investment scheme* should consult *CIS* for detailed requirements and *guidance*.
- 3.17.2** G_{/1} Applicants seeking to establish a *collective investment scheme* or to act as *manager* of a *regulated collective investment scheme* should note the *rule* in *CIS* 6.5, which implements article 6 of the *UCITS Directive* and restricts the activities of a manager of an *authorised unit trust* which is a *UCITS scheme*.
- 3.17.3** G_{/1} An applicant which wishes to act as *manager* of an *authorised unit trust* which is a *UCITS scheme* should note the restriction on the activities it may engage in (see *CIS* 16.5 (Managers of UCITS Schemes)).
- 3.17.4** G_{/1} A *firm* which is subject to the rule in *CIS* 6.5 may, however, carry on 'connected activities' referred to in *CIS* 6.5, which include management of *PEPs*, *ISAs* and *stakeholder pension schemes*, as long as they are dedicated to investments in unit trusts and *OEICs* for which the *firm* acts as manager or *ACD*. The Corporate Authorisation department would be pleased to discuss any other activities which potential applicants consider may be connected.

3.18 Specific obligations: additional considerations for applicants (other than EEA firms or Treaty firms) with a head office in a country or territory outside the United Kingdom seeking to establish a branch in the United Kingdom

- 3.18.1** **G**_{/1} This section applies to applicants identified in *AUTH* 3.1.1G(1) (excluding a *Swiss general insurance company*). The exercise of *EEA rights* or *Treaty rights* by *EEA firms* or *Treaty firms* is dealt with separately in *AUTH* 5.
- 3.18.2** **G**_{/1} The *FSA* must always assess whether an applicant for *Part IV permission* as a whole will satisfy, and continue to satisfy, the *threshold conditions*. This applies even though an applicant for *Part IV permission* may have its head office outside the *United Kingdom*. In other words, the *FSA* will not just assess the circumstances of any proposed *branch* in the *United Kingdom*. In making this assessment of the applicant for *Part IV permission* as a whole, the *FSA* will take into account all relevant matters, including the extent to which the applicant is regulated in its home state. The *FSA* would seek to liaise with any home state regulator and would take into account information from it with respect to, for example, the adequacy of the applicant’s resources and the applicant’s suitability, having regard to the need to ensure that the applicant’s affairs are conducted soundly and prudently. Information with respect to the conduct of the applicant’s affairs would extend in particular to the adequacy of the internal control systems under *SYSC*.
- 3.18.3** **G**_{/1} The *FSA*’s regulatory requirements, including *IPRU*, will apply to a *firm* in full and worldwide, unless otherwise stated. Where necessary, waivers, *limitations* and *requirements* will be used to ensure that appropriate prudential requirements apply to the *branch*, taking into account the home state supervisory arrangements and the particular circumstances of an applicant.
- 3.18.4** **G**_{/1} If the *FSA* considers that the applicant may be unable to satisfy the *threshold conditions* and that this cannot be addressed by the use of *limitations* and *requirements*, the *FSA* would have to conclude that a *branch* presence in the *United Kingdom* would be inappropriate. In such circumstances, the applicant may wish to consider forming a *UK* incorporated subsidiary as an alternative method of obtaining a presence in the *United Kingdom*.

3.19 Specific obligations: applications in connection with group-restructuring

- 3.19.1** G_{/1} Where an application for *Part IV permission* is to be made as part of the restructuring of a *group* which includes, or will include, one or more *firms*, the *group's* plans should be discussed with the supervisor or lead supervisor for the *group* at the *FSA*. This is particularly important where a group intends to transfer business into a new entity from a *firm* in its group and then wishes to apply for cancellation of that *firm's Part IV permission*.
- 3.19.2** G_{/1} The application for *Part IV permission* for the new entity should be submitted to the Corporate Authorisation department with details of the *group* and any business the *group* proposes to transfer. Applicants should note that particular requirements apply to transfers of *insurance business*, or if the business includes *accepting deposits*.
- 3.19.3** G_{/1} If applications for *Part IV permission* and for cancellation of *Part IV permission* (see *SUP 6*) have been submitted, then Corporate Authorisation will liaise with the lead supervisor, who will liaise with the *group* in respect of its applications. Although the *group* will need to obtain *Part IV permission* for the new entity first, the *FSA* will endeavour to process, if possible, the other applications at the same time.
- 3.19.4** G_{/1} Statutory procedures apply to the transfer of *insurance business* or banking business (see *SUP X* [to be added later]).

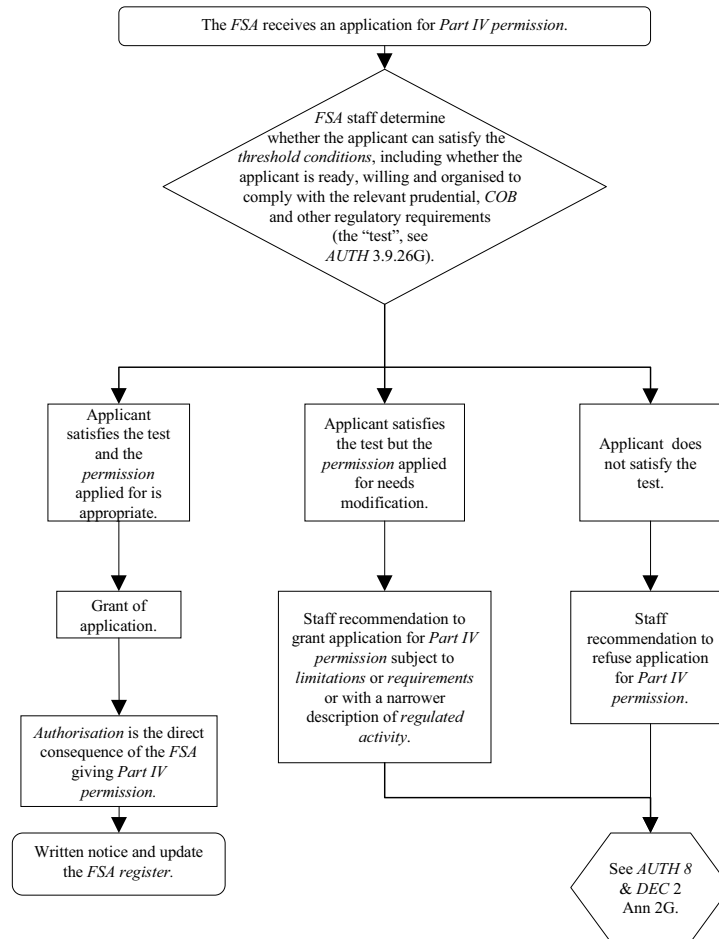

3.20 Specific obligations: applicants seeking to establish a branch in, or provide services into, another EEA State

- 3.20.1** **G**_{/1} Certain *firms* (known as *UK firms*) may establish *branches* in, or provide *cross border services* into, other *EEA States* exercising rights under one of the *Single Market Directives* (this is often referred to as *passporting*). A *firm* may also have rights under the *Treaty*.
- 3.20.2** **G**_{/1} An applicant for *Part IV permission* that wishes, if the *FSA* grants the *permission*, to passport into another *EEA State* on, or shortly after, being given *permission*, is advised to contact the Corporate Authorisation department to discuss its plans (see *AUTH 3.9.4G(2)* for contact details).
- 3.20.3** **G**_{/1}

 - (1) *SUP 13* (Exercise of passport rights by *UK firms*) gives *guidance* on the procedures to be followed by a *UK firm* to establish a *branch* in, or provide *cross border services* into, another *EEA State*. *SUP 13 Ann 3G* contains *guidance* on the *Single Market Directives*, including *guidance* on which *firms* are entitled to passport.
 - (2) *CIS 2.3.4G* gives *guidance* when an *operator* of a *UCITS* wishes to market its scheme in another *EEA State*.
 - (3) *Firms* wishing to exercise rights under the *Treaty* in another *EEA State* should seek *guidance* from the *FSA* in the first instance.
- 3.20.4** **G**_{/1} An applicant may submit a separate *notice of intention* to passport (see *SUP 13.6.4R* and *SUP 13.7.3R*) with its application for *Part IV permission*. The *notice of intention* will be reviewed with the application for *Part IV permission*. The *FSA* is not, however, able to issue a *consent notice* (see *SUP 13.6.10G*), or send a *notice of intention* (see *SUP 13.7.9G*), to the relevant *Host State regulators* unless or until an applicant is *authorised*. As a result, an applicant seeking to establish a *branch* in another *EEA State* will not be able to satisfy the conditions in the *Act* for establishing a *branch* (see *SUP 13.6.2G*) until after *authorisation*.
- 3.20.5** **G**_{/1} An applicant should note, however, that the business plans and financial projections and, where relevant, *scheme of operations* submitted with its application for *Part IV permission* should reflect any *passported activity* (and any *branches* outside the *EEA*) that the *firm* plans to commence in the immediate future.

Application for Part IV Permission

G

Determination of an applicant's prudential category

Applications for Part IV permission

1 Table Note 1

CHAPTER OF <i>IPRU(INV)</i> THAT REQUIREMENT ON PERMISSION REQUIRES THE FIRM TO COMPLY WITH	FIRM'S PRUDENTIAL CATEGORY
Chapter 3	<i>Securities and futures firm</i>
Chapter 5	<i>Investment management firm</i>
Chapter 10	<i>Securities and futures firm</i>
Chapter 13	<i>Personal investment firm</i>

2 Table Note 2

The table below shows how a *firm's* main *regulated activities* determine its prudential category. A *firm's* 'main *regulated activities*' in this context are the *regulated activities* included in the *firm's Part IV permission* from which the *firm* derives or is expected to derive the most substantial part of its gross income, including *commissions*. The aggregate gross income from all of the activities listed against each prudential category should be considered to determine which source is the most substantial.

The gross income is based on the business plan submitted as part of the *firm's* application for a *Part IV permission*.

3 Table

ACTIVITIES FROM WHICH THE MOST SUBSTANTIAL PART OF THE FIRM'S GROSS INCOME, INCLUDING COMMISSIONS, FROM REGULATED ACTIVITIES IS DERIVED	FIRM'S PRUDENTIAL CATEGORY
(i) <i>Managing investments</i> other than for <i>private customers</i> or where the assets managed are primarily <i>derivatives</i> ;	<i>Investment management firm</i>
(ii) <i>OPS activity</i> ;	
(iii) acting as the <i>manager</i> or <i>trustee</i> of an <i>AUT</i> ;	
(iv) acting as the <i>ACD</i> or <i>depository</i> of an <i>ICVC</i> ;	
(v) <i>establishing, operating or winding-up</i> a <i>collective investment scheme</i> other than an <i>AUT</i> or <i>ICVC</i> ; and	
(vi) <i>safeguarding and administering investments</i> .	

ACTIVITIES FROM WHICH THE MOST SUBSTANTIAL PART OF THE FIRM'S GROSS INCOME, INCLUDING COMMISSIONS, FROM REGULATED ACTIVITIES IS DERIVED	FIRM'S PRUDENTIAL CATEGORY
(i) <i>Advising on investments, or arranging (bringing about) deals in investments in relation to, packaged products; and</i> (ii) <i>managing investments for private customers.</i>	<i>Personal investment firm</i>

4 Table

ACTIVITIES FROM WHICH THE MOST SUBSTANTIAL PART OF THE FIRM'S GROSS INCOME, INCLUDING COMMISSIONS, FROM REGULATED ACTIVITIES IS DERIVED	FIRM'S PRUDENTIAL CATEGORY
(i) <i>An activity carried on as a member of an exchange;</i> (ii) <i>making a market in securities or derivatives;</i> (iii) <i>corporate finance business;</i> (iv) <i>dealing, or arranging (bringing about) deals in investments, in securities or derivatives;</i> (v) <i>the provision of clearing services as a clearing firm;</i> (vi) <i>managing investments where the assets managed are primarily derivatives; and</i> (vii) <i>activities relating to spread bets;</i>	<i>Securities and futures firm</i>

Chapter 6.

Approved persons

6.

6.1 Application and purpose

Application

6.1.1

G

/1

This chapter applies to:

- (1) a *person* who wishes to become an *authorised person* under the *Act* and who is, or is considering, applying to the *FSA* for *Part IV permission* to carry on *regulated activities* in the *United Kingdom*;
- (2) an *EEA firm*, a *Treaty firm* or a *UCITS qualifier* that wishes to establish a *branch* or provide *cross-border services* into the *United Kingdom* using *EEA rights*, *Treaty rights* or *UCITS Directive rights*, or apply for a *top-up permission*; and
- (3) a *candidate*.

6.1.2

G

/1

An *EEA firm*, a *Treaty firm* and *UCITS qualifier* should refer to *SUP 10.1 (Application)* for the special application of the *approved persons* regime to *firms* which are exercising their *passport rights*, *Treaty rights* or rights as a *UCITS qualifier*.

6.1.3

G

/1

In this chapter, references to a '*firm*' should be read as including an applicant for *Part IV permission*, or an *EEA firm* a *Treaty firm* or a *UCITS qualifier*, unless the context otherwise requires.

Purpose

6.1.4

G

/1

This chapter gives *guidance* on the provisions of the *Act* and the *Handbook* under which a *firm* must obtain the prior approval of certain *persons* to perform *controlled functions* on its behalf.

6.2 Introduction

- 6.2.1** **G**_{/1} A *controlled function* is a function specified by the FSA which cannot be performed by a *person* under an *arrangement* entered into by a *firm*, or one of its contractors, until approval for this has been given by the FSA. Approval from the FSA is required for each *controlled function* to be performed by a *person*.
- 6.2.2** **G**_{/1} An *approved person* is a *person* whose performance of one or more *controlled functions* has been approved by the FSA.
- 6.2.3** **G**_{/1} A *person* who performs a *controlled function* is likely to be an individual, but in some cases the function may be performed by others, such as a *body corporate*. References to a *person* in this chapter, and the rest of the *Handbook*, should always be read as including these other entities.
- 6.2.4** **G**_{/1} This regime covers *persons* who perform *controlled functions* in the capacity of an *appointed representative* or an employee of such an *appointed representative*. For further details on *appointed representatives*, see SUP 10.1.16R and SUP 12 (*Appointed Representatives*).
- 6.2.5** **G**_{/1} An *introducer*, that is, in outline, a *person*, other than an *appointed representative*, who is appointed by a *firm* to effect introductions between *customers* and the *firm* but not to give *advice on investments*, will not, for this reason alone, need to be an *approved person* although certain obligations will apply (for example, see COB 5 (Advising and selling)).
- 6.2.6** **G**_{/1} The *controlled functions* which have been specified by the FSA are those functions which the FSA sees as key to the operation of the provisions of Part V of the *Act* (Performance of Regulated Activities) and the provisions made under Part V. Those provisions include:
- (1) the *Statements of Principle* and *Code of Practice* for *Approved Persons* issued under section 64 of the *Act* (Conduct: statements and codes) (see *APER*); and
 - (2) the fit and proper test referred to in section 61 of the *Act* (Determination of applications) (see *FIT*).
- 6.2.7** **G**_{/1} The purpose of the direct approval of *persons* who perform controlled functions is to complement the regulation of the *firm* for which the *approved person* performs the function.
- 6.2.8** **G**_{/1} The FSA may grant an application by a *firm* for a *candidate* to perform one or more *controlled functions* only if it is satisfied that he is fit and proper to do so (see *AUTH* 6.3.13G and *AUTH* 6.3.17G).

Controlled functions

6.2.9

G

/1

The list of *controlled functions* which the *FSA* has specified in accordance with section 59 of the *Act* (Approval for particular arrangements) is set out in *SUP 10* (Approved persons) and in Form A, a copy of which is included in the application pack for *Part IV permission*, and which also may be found in *SUP 10 Ann 4G*.

6.3 Procedures relating to approved persons

- 6.3.1**  An application for the FSA's approval under section 59 of the *Act* (Approval for particular arrangements) must be made by completing Form A (included as part of the application pack for *Part IV permission*).
- 6.3.2**  In accordance with section 60 of the *Act* (Application for approval), applications for *approved persons* must be submitted by, or on behalf of, the *firm*, not by the *candidate*.
- 6.3.3**  A summary of FSA procedures is in *AUTH 6 Ann 2G*.
- 6.3.4**  Until the application has been determined by the FSA, the *firm* which submits a Form A must inform the FSA of any significant changes to the information given in the form immediately it becomes aware of the change.

Outsourcing to another firm

- 6.3.5**  Where a *firm* has outsourced the performance of a *controlled function*, the details of the outsourcing will determine who may apply for the *candidate's* approval. Further details are in *SUP 10.12.4G*.

EEA firms and Treaty firms

- 6.3.6**  The FSA encourages *EEA firms* and *Treaty firms* that wish to carry on *regulated activities* in the *United Kingdom* to submit any necessary applications for *approved person* status as early as possible. This will help to ensure that there are no delays in the *EEA firm* or *Treaty firm* complying with *applicable provisions* and commencing its *regulated activities*. For further details on the application of the *approved persons* regime to *EEA firms* and *Treaty firms* see *SUP 10.1* (Application).

Processing an application

- 6.3.7**  The *Act* allows the FSA three *months* from the time it receives a properly completed application for approval under section 59 of the *Act* (Approval for particular arrangements) to consider it and come to a decision. However, if the applicant for *Part IV permission* is not yet an *authorised person*, *approved person* status will only be effective from the date the applicant for *Part IV permission* receives *permission*.

6.3.8 G_{/1} Because *approved person* status is only effective from the date *Part IV Permission* is given, it is possible that this may take up to twelve months from the date of application if the application for *Part IV permission* is incomplete. See *AUTH* 3.9.30G (How long will an application take?) for *guidance* on how long this process may take.

6.3.9 G_{/1} Before making a decision either to approve or to give a *warning notice* (see *AUTH* 8.3 (Statutory notices and other matters), the *FSA* may request further information about the *candidate* from the applicant for *Part IV permission*. If it does this, the three *month approval* period:

- (1) will stop on the *day* the *FSA* requests the information; and
- (2) will start running again from the point at which it stopped, on the final *day* on which the *FSA* receives all the requested information.

6.3.10 G_{/1} The *FSA* may grant an application only if it is satisfied that the *candidate* is a fit and proper *person* to perform the *controlled function* stated in the application form.

6.3.11 G_{/1} For further *guidance* on criteria for assessing fitness and propriety, see *FIT* and the notes appended to the application form.

Decisions on applications

6.3.12 G_{/1} See *AUTH* 8 (Determining applications) for an overview of how applications for *Part IV permission* and for approval of a *candidate* under section 59 of the *Act* (Approval for particular arrangements) will be determined. *AUTH* 8 also includes a summary of the decision making procedures which apply.

6.3.13 G_{/1} Whenever it approves an application, the *FSA* will confirm this in writing to all *interested parties*.

6.4 Further questions

- 6.4.1** **G**_{/1} A list of frequently asked questions and answers relating to new *firms* is at *AUTH* 6 Ann 1G.
- 6.4.2** **G**_{/1} If the *firm* has questions unanswered by *AUTH* 6 Ann 1G, it should contact the *FSA*'s Individual Vetting and Approval department:
- (1) telephone 020 7676 0019; or
 - (2) write to:

Individual Vetting and Approval

The Financial Services Authority

25 The North Colonnade

Canary Wharf

LONDON E14 5HS; or
 - (3) e-mail iva@fsa.gov.uk

6.5 Notifiable persons

6.5.1

G
/1

There are four positions which require notification to the FSA but not approval by the FSA. These relate to *overseas firms* (but excluding *EEA firms*) with *branches* in the *United Kingdom*. These are:

- (1) the *firm's* worldwide chief executive where the *person* holding the position is situated outside the *United Kingdom*;
- (2) the *person*, if not the worldwide chief executive, within the *overseas firm* with a purely strategic responsibility for *UK* operations;
- (3) for a *bank*, the two or more *persons* who effectively direct its business in accordance with *IPRU(BANK)* GN 3.3.1R;
- (4) for a *UK branch* of an *insurer*, the *authorised United Kingdom representative*.

6.5.2

G
/1

For further details relating to those positions which require notification only, see *SUP* 15.4 (Notifiable persons).

Approved Persons

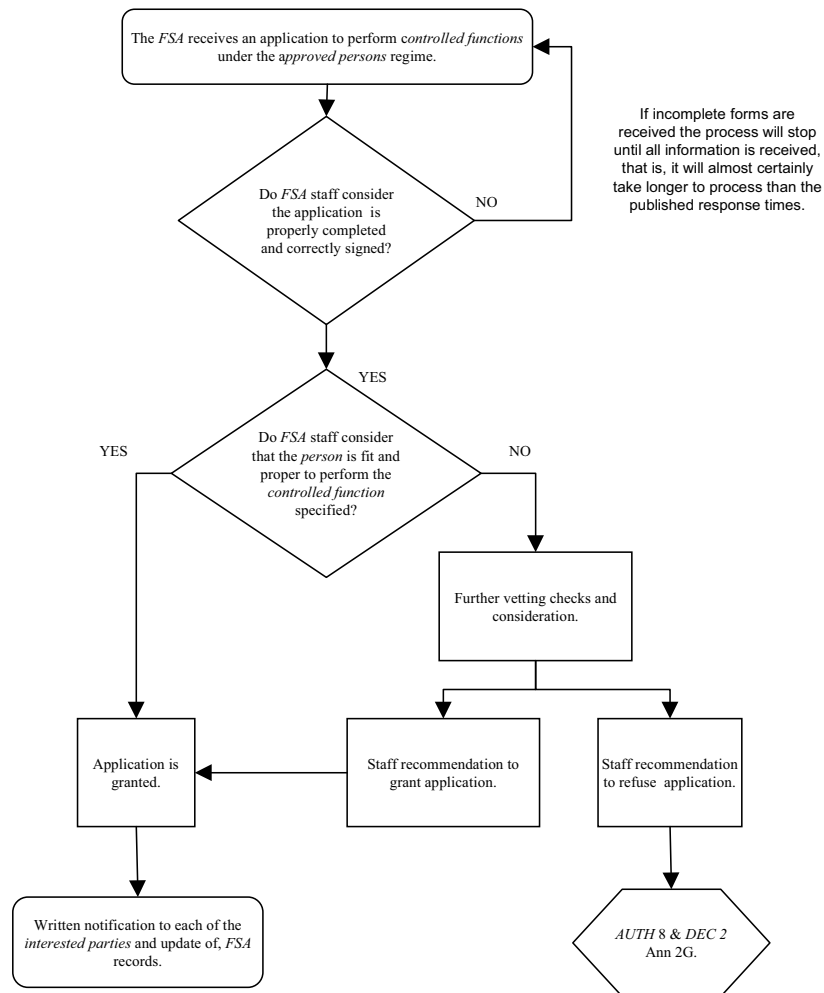

1 Table Frequently Asked Questions

	Question:	Answer:
	Requirements of the regime	
1	When is approval required?	The <i>Act</i> requires that approval be obtained before a <i>person</i> performs a <i>controlled function</i> . See section 59 of the <i>Act</i> (Approval for particular arrangements).
2	Can an individual be approved in advance of a <i>firm</i> becoming <i>authorised</i> ?	No. The application will be coordinated to ensure that the approval of the individual coincides with the giving of <i>permission</i> to the <i>firm</i> .
3	Can a <i>person</i> be approved for more than one <i>controlled function</i> ?	Yes. A <i>firm</i> will need to seek approval in respect of each <i>controlled function</i> a <i>person</i> is to perform.
4	Do the <i>controlled functions</i> apply to an <i>incoming EEA firm</i> that is providing <i>cross border services</i> into the <i>United Kingdom</i> ?	No. The <i>approved persons</i> regime does not apply to <i>cross border services</i> . See SUP 10.1.6R (Application).
5	May any activity be outsourced by a <i>firm</i> ?	Yes. But if that activity constitutes a <i>regulated activity</i> the <i>person</i> to whom it is outsourced will itself need <i>permission</i> .
6	Can a <i>significant influence function</i> be outsourced?	It is a question of fact in each case who is performing a <i>significant influence function</i> . These functions are mostly described at a high level of responsibility, that is, for example, the <i>director</i> of a <i>company</i> or a <i>partner</i> of a <i>partnership</i> . The <i>persons</i> performing these functions cannot avoid their ultimate responsibility and therefore the need for <i>approval</i> . However, some of the <i>significant influence functions</i> may be performed by a <i>person</i> who is specifically brought in to do the job, for example the <i>chief executive function</i> (where it is to be performed by a <i>body corporate</i>) and the <i>appointed actuary function</i> .
7	Do Lloyd's underwriting agents still require registration with Lloyd's?	Yes. Approval for a <i>controlled function</i> is not sufficient.

	Question:	Answer:
	Submitting an application	
8	Who applies for approval?	It is the <i>firm</i> , which applies for approval. See section 60 of the <i>Act</i> (Applications for approval).
9	What is the role of the <i>candidate</i> in the application process?	Before the <i>firm</i> submits Form A it must verify the information contained in it. As part of this verification, the form provides for the <i>candidate</i> to confirm the accuracy of the information given by the <i>firm</i> so far as it relates to him.
10	What is the “fit and proper” test for approval?	Section 61(1) of the <i>Act</i> (Determination of applications) provides that the <i>FSA</i> may grant an application only if it is satisfied that the <i>candidate</i> is a fit and proper <i>person</i> to perform the relevant function. In determining this question, the <i>Act</i> sets out the matters to which the <i>FSA</i> may have regard (section 61(2) of the <i>Act</i>) and the <i>FSA</i> has given guidance on this in <i>FIT</i> .
11	If a <i>firm</i> is unsure whether or not something may have an impact on an individual’s fitness and propriety, should it be disclosed?	Yes, always. The non-disclosure of material facts is taken very seriously by the <i>FSA</i> , as it is seen as evidence of current dishonesty. Therefore, if in doubt, disclose.
12	Must all gaps in previous employment be explained?	Yes.
	FSA procedures	
13	Does the <i>FSA</i> verify the information provided to it?	Yes, as far as possible, information is verified.
14	Will the <i>FSA</i> handle information confidentially?	Yes. The <i>FSA</i> handles all information confidentially and is subject to the provisions of the Data Protection Act 1988.

Approved Persons

G

Chapter 8

Determining applications

8.1 Application and purpose

Application

8.1.1

G
/1

This chapter applies to:

- (1) an applicant for *Part IV permission* (including an applicant for *top-up permission*) which has made an application to carry on *regulated activities* in the *United Kingdom*; and
- (2) a *person* for whom an application for approval under section 59 of the *Act* (Approval for particular arrangements) has been made with an application for *Part IV permission* (including an application for *top-up permission*).

Purpose

8.1.2

G
/1

AUTH 8 gives applicants an overview of how their applications for *Part IV permission* and for approval of a candidate under section 59 of the *Act* will be determined. This overview includes a summary of the decision making procedures which apply to those decisions, within the scope of *AUTH*, that are subject to a statutory requirement to issue formal notices.

8.1.3

G
/1

Statutory notices include *warning notices* and *decision notices*. If the *FSA* proposes or decides to take certain action in respect of an application within the scope of *AUTH*, it is required by the *Act* to give a *warning notice* or a *decision notice*. These *statutory notices* have specified procedures and specific actions and protections.

8.1.4

G
/1

This chapter is only a summary and is not part of the *FSA*'s formal statement of procedure under section 395 of the *Act* (The *FSA*'s procedures). An applicant needing further details of the *FSA*'s procedure should refer to the Decision making manual (*DEC*).

8.1.5

G
/1

For guidance on the *FSA*'s procedures before it determines an application, see:

- (1) *AUTH 3* (Applications for *Part IV permission*) for applications for *Part IV permission*; and
- (2) *AUTH 6* (Approved persons) for applications for approval of a candidate under section 59 of the *Act*, made with an application for *Part IV permission*.

8.2 Determination of an application

Who makes the determination?

8.2.1

G

/1

A decision to determine an application for *Part IV permission*, or an application for approval under section 59 of the *Act*, is taken in one of two ways:

- (1) by internal staff procedures involving *FSA* staff at an appropriate level of seniority, if the decision is to grant the application on the terms applied for (this decision does not involve giving a *statutory notice*); or
- (2) by the *FSA's Regulatory Decisions Committee (RDC)*, in any other case (this decision does involve the giving of a *statutory notice*).

8.2.2

G

/1

The decision on an application will be taken by the *RDC* where *FSA* staff have recommended:

- (1) the refusal, or proposed refusal, of:
 - (a) an application for *Part IV permission* (sections 52(7) and 52(9)(c)) of the *Act* (Determination of applications); or
 - (b) an application for approval under section 59 of the *Act* made with an application for *Part IV permission* (sections 62(2) and 62(3) of the *Act* (Applications for approval: procedure and right to refer to the Tribunal)); and
- (2) the grant, or proposed grant, of an application for *Part IV permission* subject to a *limitation* or *requirement* which was not applied for by the applicant or with a narrower description of *regulated activity* than that to which the application relates (sections 52(6)(a) and 52(9)(a) of the *Act*).

What are internal staff procedures?

8.2.3

G

/1

The *FSA* Board has given *FSA* staff the authority to grant applications on the terms applied for. The majority of applications are determined by internal staff procedures.

8.2.4

G

/1

As part of its application for *Part IV permission*, an applicant may apply for *permission* which includes a *limitation* (for example, a *limitation* on *client* categories), or a *requirement* (for example, a *requirement* not to hold or control *client* money). *Limitations* and *requirements* may be applied for in the application pack, or in a revision to the application pack submitted by the applicant if, for example, its business plans have changed. In those situations, *FSA* staff have

authority to grant the application, on the terms applied for, using internal staff procedures.

An overview of internal staff procedures

8.2.5

G
/1

- (1) Internal staff procedures for decisions within the scope of *AUTH* are intended to ensure that decisions will, so far as possible, be taken by *FSA* staff with a good knowledge and understanding of:
 - (a) the application concerned; and
 - (b) other relevant factors in the general context of the application.
- (2) They are also designed to ensure that applicants with routine applications obtain a decision as quickly as the nature of their application allows.

8.2.6

G
/1

- (1) Internal staff procedures provide for relevant aspects of the application to be taken fully into account and require that decisions are taken by *FSA* staff with appropriate experience. For example, decisions to grant applications for *Part IV permission* on the terms applied for will usually be endorsed by a senior individual or more than one individual. Decisions to grant the majority of applications for approval of a candidate under section 59 of the *Act*, which are more routine in nature, may be made by a single individual, subject to appropriate oversight.
- (2) In particular:
 - (a) a recommendation by *FSA* staff to grant an application for *Part IV permission* on the terms applied for will be reviewed and approved by at least one *FSA* staff member at a level which is senior to the member of staff who made the recommendation; and
 - (b) a decision to grant a non-routine application for approval under section 59 of the *Act*, that is, one where difficult issues arise, will be taken by *FSA* staff at an appropriate level of seniority.

8.2.7

G
/1

The *FSA* keeps a record of each decision taken by internal staff procedures. This includes the names of the *FSA* staff taking the decision, the nature of the decision, the date it was taken and the information taken into account in arriving at the decision.

8.2.8

G
/1

FSA staff are required by their contract of employment to comply with a code of conduct which imposes strict rules to cover the handling of conflicts of interest which may arise from personal interests or associations. *FSA* staff who are subject to a conflict of interest must declare that interest to the *person* to whom they are directly responsible for the decision. This individual to whom the conflict of interest is declared will decide whether that conflict precludes the involvement of the *FSA* staff member in making a decision.

The Regulatory Decisions Committee

8.2.9

G
/1

The *RDC* is appointed by the *FSA* Board to exercise certain regulatory powers on behalf of the *FSA* Board. It is fully and directly accountable to the *FSA* Board for

the decisions it makes. The *RDC* is a body outside the *FSA*'s management structure.

8.2.10**G**
/1

The *RDC* has a Chairman, one or more Deputy Chairmen, and other members. Other than the Chairman, none of the members of the *RDC* is an employee of the *FSA*. Members are:

- (1) current and recently retired practitioners with financial services industry skills and knowledge; and
- (2) other suitable individuals representing the public interest.

8.2.11**G**
/1

For full details of the *RDC* and its procedures see *DEC 4* (The decision maker). All decisions involving giving of *statutory notices* within the scope of *AUTH* will be determined by the *RDC* (see *AUTH 8.2.2G*).

8.2.12**G**
/1

FSA staff are responsible for assembling and assessing the information required by the *RDC* and making recommendations to the *RDC*. Section 395 of the *Act*, however, requires the *FSA* to have procedures under which a decision which gives rise to a *statutory notice* is "taken by a person not directly involved in establishing the evidence on which that decision is based." So, the *RDC* is not directly involved in establishing the evidence on which decisions are based.

8.3 Statutory notices and other matters

- 8.3.1** G_{/1} A *statutory notice* includes a *warning notice* (see AUTH 8.3.2G to AUTH 8.3.5G) and a *decision notice* (see AUTH 8.3.8G to AUTH 8.3.10G). A *final notice* will also be given to a person which has received a *decision notice* (see AUTH 8.3.14G to AUTH 8.3.16G). See AUTH 8 Ann 1G.

Warning notices

- 8.3.2** G_{/1} A *warning notice* warns the recipient that the FSA proposes to take certain action and gives an opportunity for representations to be made to the FSA before a decision is made.
- 8.3.3** G_{/1} FSA staff will review each application that falls within the scope of AUTH. Where they consider that the application should be refused, or should be granted subject to a *limitation* or a *requirement* which was not applied for, or with a narrower description of *regulated activity* than that to which the application relates (see AUTH 8.2.2G), they will recommend to the RDC that a *warning notice* be given.
- 8.3.4** G_{/1} After considering the FSA staff recommendation, the RDC may decide to grant the application on the terms applied for. However, the RDC will decide to give a *warning notice* to the applicant, or, in the case of applications for approval under section 59 of the Act, to all *interested parties*, if it proposes that any of the following actions be taken:
- (1) grant an application for *Part IV permission* either with a *limitation* or *requirement* which was not applied for, or with a narrower description of *regulated activity* than that to which the application relates (see AUTH 3), under section 52(6)(a) of the Act; or
 - (2) refuse to grant an application for *Part IV permission* (see AUTH 3) under section 52(7) of the Act; or
 - (3) refuse to grant an application for approval under section 59 of the Act (see AUTH 6) under section 62(2) of the Act.
- 8.3.5** G_{/1} For full details of *warning notices* and the *warning notice* procedure, see DEC 2.2 (Warning notice procedure).

Representations

- 8.3.6** G_{/1} The *warning notice* will contain a statement that the *person* concerned is entitled to make representations to the RDC. It will specify a reasonable time period, of

not less than 28 *business days* from receiving the *warning notice*, within which the *person* to whom it is given may make representations to the *RDC*.

- 8.3.7 G_{/1} The procedures for making representations to the *RDC* are set out in *DEC 4.4* (Representations).

Decision notices

- 8.3.8 G_{/1} A *decision notice* states the action the *FSA* has decided to take. For the purpose of an application within the scope of *AUTH*, the *decision notice* represents the *FSA*'s determination of the application.

- 8.3.9 G_{/1} After considering any written and oral representations, the *RDC* may decide to grant the application on the terms applied for. However, the *RDC* will decide to give a *decision notice* to the *persons* to whom the *warning notice* was given if it decides that any of the following actions be taken:

- (1) grant an application for *Part IV permission* with a *limitation* or *requirement* which was not applied for, or with a narrower description of *regulated activity* than those to which the application relates (see *AUTH 3*), under section 52(9)(a) of the *Act*; or
- (2) refuse to grant an application for *Part IV permission* (see *AUTH 3*) under section 52(9)(c) of the *Act*; or
- (3) refuse to grant an application for approval under section 59 of the *Act* (see *AUTH 6*) under section 62(3) of the *Act*.

- 8.3.10 G_{/1} For full details of *final notices* and the *final notice* procedure, see *DEC 2.3.10G* to *DEC 2.3.11G*

Reference to the Financial Services and Markets Tribunal

- 8.3.11 G_{/1} (1) Any *person* who receives a *decision notice* is entitled to refer the *FSA*'s decision to the *Tribunal*.
- (2) Under section 133(1) of the *Act* (Proceedings: general provision), any reference must be made within 28 *days* of the date when the *decision notice* is given, or within any other period that may be prescribed in the *Tribunal* rules.
- (3) The *Tribunal* is appointed by the Lord Chancellor's Department.

- 8.3.12 G_{/1} A reference to the *Tribunal* will be a full rehearing and not an appeal. See *DEC 5.1* (The *Tribunal*) for the procedure on referring cases to the *Tribunal*.

- 8.3.13 G_{/1} Any party to a reference to the *Tribunal* may appeal against the *Tribunal*'s decision on a point of law to the Court of Appeal or, in Scotland, to the Court of Session.

Final notices

- 8.3.14 G_{/1} The *FSA* will give a *final notice* to the *person* that received a *decision notice* if the *FSA*:

- (1) takes the action set out in the *decision notice* (if a reference to the *Tribunal* has not been made and the time limit for making references has passed); or
- (2) takes action in accordance with any directions given by the *Tribunal* or the court under section 137 of the *Act* (Appeal on a point of law) where the matter was referred to the *Tribunal*.

8.3.15  The *final notice* will state the action being taken and the date on which it is to be taken.
/1

8.3.16  For full details of *final notices* and the *final notice* procedure, see *DEC 2.3.10G* to *DEC 2.3.11G*
/1

Publication

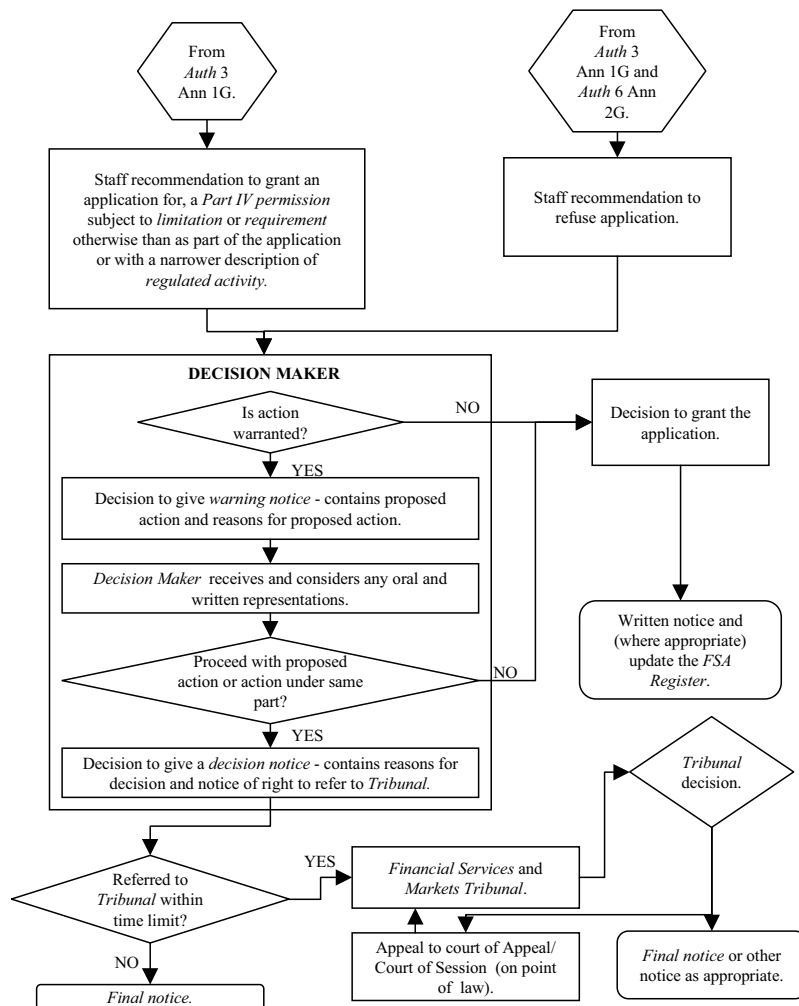

8.3.17  Details on the publication of decisions are set out in *DEC 5.2* (Publication).
/1

8.3.18  In the case of a decision within the scope of *AUTH*, the *FSA*'s general policy is not normally to publish *final notices* about applications in a way which would disclose confidential information about them or prejudice consumer interests.

The following powers and related provisions in the *Act* have been exercised by the *FSA* to make the *rules* in *AUTH*:

Section 156 (General supplementary powers)

Paragraph 17(1) of Schedule 1 (Fees).

The following power in the *Act* has been exercised by the *FSA* to give the *guidance* in *AUTH*:

Section 157(1) (Guidance).

The following powers in the *Act* have been exercised by the *FSA* in *AUTH* to direct and require:

Section 51 (Application under this Part).

Section 60 (Application for approval).

Handbook Modules

Schedule5 Rights of action for damages

1 G Table .

1	The table below sets out the <i>rules</i> in <i>AUTH</i> contravention of which by an <i>authorised person</i> may be actionable under section 150 of the Act (Actions for damages) by a <i>person</i> who suffers loss as a result of the contravention.
2	If a "Yes" appears in the column headed "For private person?", the <i>rule</i> may be actionable by a " <i>private person</i> " under section 150 (or, in certain circumstances, his fiduciary or representative; see article 6(2) and (3)(c) of the Financial Services and Markets Act 2000 (Rights of Action) Regulations 2001 (SI 2001 No 2256)). A "Yes" in the column headed "Removed" indicates that the FSA has removed the right of action under section 150(2) of the <i>Act</i> . If so, a reference to the <i>rule</i> in which it is removed is also given.
3	The column headed "For other person?" indicates whether the <i>rule</i> may be actionable by a <i>person</i> other than a <i>private person</i> (or his fiduciary or representative) under article 6(2) and (3) of those Regulations. If so, an indication of the type of <i>person</i> by whom the <i>rule</i> may be actionable is given.

SUPERVISION MANUAL INSTRUMENT 2001

A. The Financial Services Authority makes the rules, gives the guidance and makes the directions and requirements in the Annex to this instrument (“SUP”) in the exercise of the powers listed in Schedule 4 to SUP (Powers exercised).

B. This instrument shall come into force as follows:

- (1) SUP 9 (Individual guidance): immediately;
- (2) the following parts of SUP: at the beginning of the first day on which section 40 (Application for permission) of the Financial Services and Markets Act 2000 (the “Act”) comes into force for any purpose:
 - (a) SUP 6 (Applications to vary and cancel Part IV permission);
 - (b) SUP 8 (Waiver and modification of rules);
 - (c) SUP 10 (Approved persons);
- (3) SUP 7 (Individual requirements): at the beginning of the first day on which section 45 of the Act (Variation etc on the Authority’s own initiative) comes into force for any purpose;
- (4) other parts of SUP: at the beginning of the day on which section 19 of the Act (The general prohibition) comes into force;
- (5) paragraphs A to E on this page: immediately.

C. The provisions of the Act relevant to making rules and listed in Schedule 4 to this instrument (Powers exercised) are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

D. This instrument may be cited as the Supervision Manual Instrument 2001.

E. The Annex to this instrument (including its Schedules) may be cited as the Supervision manual (or SUP).

By order of the Board
21 June 2001

15	SUP 17	R	<p><u>Transaction Reporting</u></p> <p><i>A firm:</i></p> <p>(1) to whom SUP 17 applies under SUP 17.1.1R(1)(c); and</p> <p>(2) which was authorised under the Financial Services Act 1986 immediately before commencement otherwise than through membership of the SFA;</p> <p>must comply with SUP 17 as if it were:</p> <p>(3) an investment management firm, if it was a member of IMRO immediately before commencement, or</p> <p>(4) a personal investment firm, otherwise.</p>	From commencement	Commencement
16	Paragraphs 1 to 15	R	<p><u>Definitions</u></p> <p>In these transitional provisions:</p> <p>(1) "pre-commencement provision" means a provision repealed or revoked by or under the Act or a rule or guidance of the firm's previous regulator, including (where the context permits) any relevant provision which it replaced before commencement; and</p> <p>(2) "substantially similar" means substantially similar in purpose and effect.</p>	From commencement	Commencement

2

Table

GEN contains some technical transitional provisions that apply throughout the *Handbook* and which are designed to ensure a smooth transition at *commencement*. These include transitional provisions relevant to record keeping and *notification rules*.

Chapter 1

The FSA's approach to supervision

1.1 Application and purpose

Application

- 1.1.1** G_{/1} This chapter applies to every *firm*, except that its relevance for an *ICVC* is limited as the *FSA* does not intend to carry out an assessment of an *ICVC* that is specific to that *ICVC*.

Purpose

- 1.1.2** G_{/1} The *Act* requires the *FSA* to “maintain arrangements designed to enable it to determine whether persons on whom requirements are imposed by or under this Act are complying with them” (paragraph 6(1) of Schedule 1 to the *Act*).
- 1.1.3** G_{/1} The design of these arrangements is shaped by the *regulatory objectives*. These are set out in section 2 of the *Act* (The Authority’s general duties) and are:
- (1) maintaining confidence in the *financial system*;
 - (2) promoting public understanding of the *financial system*;
 - (3) securing the appropriate degree of protection for *consumers*; and
 - (4) reducing the extent to which it is possible for a business carried on by a regulated person, or in contravention of the *general prohibition*, to be used for a purpose connected with financial crime.
- 1.1.4** G_{/1} In designing its approach to supervision, the *FSA* has regard to the principles of good regulation set out in section 2(3) of the *Act*. In particular, the *FSA*’s regulatory approach aims to focus and reinforce the responsibility of the management of each *firm* (section 2(3)(b) of the *Act*) to ensure that it takes reasonable care to organise and control the affairs of the *firm* responsibly and effectively and develops and maintains adequate risk management systems. It is the responsibility of management to ensure that the *firm* acts in compliance with its regulatory requirements. The *FSA* will have regard to the principle that a burden or restriction which is imposed on a *firm* should be proportionate to the benefits, considered in general terms, which are expected to result from the imposition of that burden or restriction (section 2(3)(c) of the *Act*).

1.2 Introduction

1.2.1

G

/1

- (1) The Authorisation manual (*AUTH*), the Supervision manual (*SUP*), the Enforcement manual (*ENF*) and the Decision making manual (*DEC*) form the regulatory processes part of the *Handbook*.
- (2) *AUTH* sets out the relationships between the FSA and applicants for *Part IV permission* and *persons* wishing to exercise *EEA rights*, *Treaty rights* or *UCITS Directive* rights.
- (3) *SUP* sets out the relationship between the FSA and *authorised persons* (referred to in the *Handbook* as *firms*). As a general rule, material that is of continuing relevance after *authorisation* is in *SUP*.
- (4) *ENF* describes the FSA's enforcement powers under the *Act* and sets out its policies for using those powers.
- (5) *DEC* is principally concerned with, and sets out, the FSA's decision making procedures for decisions that involve the giving of *statutory notices*.

1.2.2

G

/1

For a *firm* which undertakes business internationally (or is part of a *group* which does), the FSA will have regard to the context in which it operates, including the nature and scope of the regulation to which it is subject in jurisdictions other than the *United Kingdom*. For a *firm* with its head office outside the *United Kingdom*, the regulation in the jurisdiction where the head office is located will be particularly relevant. As part of its supervision of such a *firm*, the FSA will usually seek to cooperate with relevant *overseas regulators*, including exchanging information on the *firm*. Different arrangements apply for an *incoming EEA firm*, an *incoming Treaty firm* and a *UCITS qualifier*. The arrangements applying for an *incoming EEA firm* and an *incoming Treaty firm* are addressed in SYSC App 1. For *UCITS qualifiers* see also *CIS 2.3*, *CIS 16*, and *CIS 17*.

1.2.3

G

/1

The FSA continues to develop the risk assessment approach set out in this chapter. The approach will not be introduced for all *firms* at *commencement*. For those *firms* where the approach is not introduced at *commencement*, the FSA continues to operate the risk assessment approach of the *firm's previous regulator*.

1.3 The FSA's risk based approach to supervision

Purpose

1.3.1 G_{/1} The purpose of taking a risk-based approach to supervision is to focus the FSA's resources on the mitigation of risks to the *regulatory objectives*, and to have regard to the need to use the FSA's resources in the most efficient and economic way. The approach to risk assessment of *firms* is based on the extent to which they pose risks to the FSA meeting the *regulatory objectives*. This extent encompasses both the impact of such risks were they to crystallise and the probability of their doing so. The probability of risks crystallising depends on the inherent risks run by *firms*, the environment within which they operate and the internal systems and controls designed to mitigate such risks. This approach permits a matching of the intensity of the FSA's supervisory effort with the degree of risk posed by *firms* to meeting the *regulatory objectives*.

Impact and probability assessment

1.3.2 G_{/1} The FSA uses a standard risk assessment process applied consistently across all its activities. It involves assessing the risk posed by the *firm* against a number of impact and probability factors, both initially and on a continuing basis.

1.3.3 G_{/1} The impact of a *firm* is assessed by reference to a range of factors derived from the *regulatory objectives*, including:

- (1) the degree to which risks related to the *firm*, were they to materialise, would damage market confidence;
- (2) the extent to which the *firm* may pose risks to the achievement of the objective of promoting public understanding;
- (3) the extent to which *consumers* may be adversely affected either directly or indirectly by the *firm* as a result of prudential failure, misconduct, market malfunction, market manipulation or the need to contribute to the financial reconstitution of compensation schemes;
- (4) the incidence and materiality of any *financial crime* which may be perpetrated through or by the *firm*.

1.3.4 G_{/1} The probability of a *firm* posing a risk to meeting the *regulatory objectives* is, where applicable, assessed in terms of "risk groups". These are discrete sources of risks to meeting the *regulatory objectives* which arise from:

- (1) the *firm's* strategy;
- (2) the *firm's* business risk: those risks (such as credit, market and operational risk) which are inherent in the business;
- (3) the financial soundness of the *firm*;
- (4) the nature of the *firm's customers* and the products and services it offers;
- (5) the internal systems and controls and the compliance culture of the *firm*; and
- (6) the organisation of the *firm* and the role played by its governing body, management and staff in effectively mitigating risk.

1.3.5 G_{/1} The impact and probability assessments are combined to give an overall judgment as to the *firm's* priority for the *FSA* and therefore the nature of the relationship which the *FSA* will seek to have with the *firm* (see 'A new regulator for the new millennium' and 'Building the new regulator, Progress report 1').

1.3.6 G_{/1} In addition to assessing the *firm* in terms of these impact and probability factors, the *FSA* takes into account three further factors which may affect the choice of supervisory approach and activities:

- (1) the level of confidence in the information on which the risk assessment is based;
- (2) the quality of the home regulatory regime (for *firms* with their head office overseas); and
- (3) any anticipated material change in impact and probability factors.

The scope of the risk assessment process for firms

1.3.7 G_{/1} The risk assessment process applies to all *firms*, although the detail required may vary from *firm* to *firm*. *Firms* judged as high impact are likely to require a more detailed assessment. A peer review process within the *FSA* assists consistency.

1.3.8 G_{/1} The main steps in the risk assessment process are:

- (1) preliminary assessment of a *firm's* potential impact on the *regulatory objectives*;
- (2) probability assessment – the level of detail depends on the impact rating and the complexity of the *firm* (in the case of low impact *firms*, the firm-specific probability analysis will be minimal);
- (3) for a sample of *firms*, validation panel for peer review of risk grading and resource allocation;
- (4) letter to *firm* regarding risk assessment and any remedial actions (see *SUP* 1.3.10G); and
- (5) continuing review of risk assessment as necessary.

1.3.9 G_{/1} In order to create incentives for *firms* to raise standards and to maximise the success of the *FSA's* supervisory arrangements, it is important that a *firm* understands the *FSA's* evaluation of its risk so that it can take appropriate action.

1.3.10 G_{/1} The *FSA* intends to communicate the outcomes of its risk assessment to the *firm*. In the case of *firms* in which risks have been identified which could have a material bearing on the *FSA* meeting the *regulatory objectives*, the *FSA* will also outline a programme intended to address these. The *FSA* considers that it would generally be inappropriate for the *firm* to disclose the *FSA* risk assessment to third parties, except those who have a right to be aware of it, for example external auditors. The assessment is directed towards a very specific purpose – to illustrate the risk posed by the *firm* to the *regulatory objectives* and to enable the *FSA* to allocate its resources accordingly. Using it for any other purpose might well be misleading. The *FSA* therefore discourages *firms* from disclosing their assessments.

The nature of the FSA's relationship with firms

1.3.11 G_{/1} The *FSA's* relationship with *firms* has five main elements:

- (1) Determining satisfaction of the threshold conditions: in order to carry on *regulated activities*, a *firm* must demonstrate that it can satisfy, initially and on a continuing basis, the *threshold conditions* (see *COND*) (for example, the need to maintain adequate resources).
- (2) Baseline monitoring which is designed to ensure that *firms* comply, on a continuing basis, with the regulatory requirements which apply to them (see *SUP 1.1.2G*): the *FSA* collects and analyses data supplied by *firms* (see for example *SUP 16*) and by third parties such as the *Financial Ombudsman Service Limited*, *consumers*, and by other regulators.
- (3) Sectoral reviews and thematic work which will be used, for example, to validate information provided by a *firm* and to collect up to date information on a particular sector, in order to assess whether a *firm* meets required standards: thematic work is carried out to assess the risks posed by a particular issue (rather than by a sector or group of *firms*). The issues selected for such work are likely to be broader and proportionately more significant to the *FSA's* *regulatory objectives*.
- (4) Programmes designed to mitigate specific risks in individual *firms*: these programmes depend on the *firm's* priority for the *FSA* (see *SUP 1.3.5G*).
- (5) Work undertaken after particular risks have escalated or crystallised: once the *FSA* has identified an issue, it will need to use its regulatory judgment to determine how it should respond, if at all.

1.3.12 G_{/1} The exact mixture of elements will thus vary with the *firm's* risk categorisation. Moreover, the elements being used at a particular time will depend on the *firm's* circumstances – for example, whether it is applying for *permission* to conduct other *regulated activities*, or is being investigated by the *FSA*.

1.4 Tools of supervision

- 1.4.1** G_{/1} In order to meet the *regulatory objectives* and address identified risks to those objectives, the FSA has a range of supervisory tools available to it.
- 1.4.2** G_{/1} The FSA classifies these tools under four headings:
- (1) diagnostic: designed to identify, assess and measure risks;
 - (2) monitoring: to track the development of identified risks, wherever these arise;
 - (3) preventative: to limit or reduce identified risks and so prevent them crystallising or increasing; and
 - (4) remedial: to respond to risks when they have crystallised.
- 1.4.3** G_{/1} Tools may serve more than one purpose. For example, supervisory powers can be used to address risks which have materialised or to assist in preventing risks from escalating. In the first instance they are remedial, in the second, preventative.
- 1.4.4** G_{/1} Certain of these tools, for example the use of public statements to deliver messages to *firms* or *consumers* of financial services, do not involve the FSA in direct oversight of the business of *firms*. Other tools do involve a direct relationship with *firms*. The FSA also has powers to act on its own initiative to impose individual *requirements* on a *firm* (see SUP 7).
- 1.4.5** G_{/1} The FSA uses a variety of tools to monitor whether a *firm*, once *authorised*, remains in compliance with regulatory requirements. These tools include:
- (1) desk-based reviews;
 - (2) liaison with other agencies or regulators;
 - (3) meetings with management and other representatives of a *firm*;
 - (4) on-site inspections;
 - (5) reviews and analysis of periodic returns and notifications;
 - (6) reviews of past business;
 - (7) transaction monitoring;
 - (8) use of auditors;
 - (9) use of *skilled persons*.

1.4.6

G
/1

The FSA also uses a variety of tools to address specific risks identified in *firms*. These tools include:

- (1) making recommendations for preventative or remedial action;
- (2) giving other individual *guidance* to a *firm*;
- (3) imposing individual *requirements*;
- (4) varying a *firm's permission* in another way.

1.4.7

G
/1

For further discussion of the FSA's regulatory approach, see publications on the FSA website (www.fsa.gov.uk): in particular, 'A new regulator for the new millennium' and 'Building the new regulator, Progress report 1'.

1.5 Lead supervision

Application

1.5.1 G_{/1} This section applies to a *firm* which is a member of a *group* with more than one supervisory contact at the *FSA*.

Purpose

1.5.2 G_{/1} The *FSA* has developed arrangements for lead supervision in order to achieve more efficient and more effective supervision of *firms* and their *groups*. Lead supervision is designed to deliver a coordinated approach to the supervision of *groups* with more than one supervisory contact at the *FSA*, assisting the *FSA* to monitor them effectively and respond to the risks that arise.

Process

1.5.3 G_{/1} The *FSA* appoints a lead supervisor for a *group* with more than one supervisory contact at the *FSA*. The choice of lead supervisor depends principally on the predominant business of the *group*.

1.5.4 G_{/1} The lead supervisor has three key responsibilities:

- (1) to produce an overall assessment of the *group*: this comprises an assessment of the strengths and weaknesses of the business of the *group* and each of the *firms* within a *group* and a risk assessment of the *group* as a whole;
- (2) to coordinate the supervision programme: based on the overall assessment, the coordinated supervision programme is a single, risk-based supervision plan for the whole *group* for a specified period; and
- (3) to act as the central point of contact for the *group* with the *FSA*, where the *group* decides to use the lead supervisor in this way; this removes the need for duplicate communication between the *FSA* and *firms* in *groups* on group-wide issues.

Chapter 2

2

Information gathering by the FSA on its own initiative

2.1 Application and purpose

Application

- 2.1.1 **R**_{/1} The application of this chapter is the same as the application of *Principle 11 (Relations with regulators)*.
- 2.1.2 **G**_{/1} *PRIN 3* (Rules about application) specifies to whom, to what and where *Principle 11* applies.

Purpose

- 2.1.3 **G**_{/1} Achieving the *regulatory objectives* involves the *FSA* informing itself of developments in *firms* and in markets. The *Act* requires the *FSA* to monitor a *firm's* compliance with requirements imposed by or under the *Act* (paragraph 6 (1) of Schedule 1). The *Act* also requires the *FSA* to take certain steps to cooperate with other regulators (section 354). For these purposes, the *FSA* needs to have access to a broad range of information about a *firm's* business.
- 2.1.4 **G**_{/1} The *FSA* receives the information in *SUP 2.1.3G* through a variety of means, including notifications by *firms* (see *SUP 15*) and regular reporting by *firms* (see *SUP 16*). This chapter is concerned with the methods of information gathering that the *FSA* may use on its own initiative in the discharge of its functions under the *Act*.
- 2.1.5 **G**_{/1} Part XI of the *Act* (Information Gathering and Investigations) gives the *FSA* statutory powers, including:
 - (1) to require the provision of information (see section 165 and *ENF 2*);
 - (2) to require reports from *skilled persons* (see section 166 and *SUP 5*);
 - (3) to appoint investigators (see sections 167, 168 and 169 of the *Act* and *ENF 2*); and
 - (4) to apply for a warrant to enter premises (see section 176 of the *Act* and *ENF 2*).
- 2.1.6 **G**_{/1} The *FSA* prefers to discharge its functions by working in an open and cooperative relationship with *firms*. The *FSA* will look to obtain information in the context of that relationship unless it appears that obtaining information in that way will not achieve the necessary results, in which case it will use its statutory powers. The *FSA* has exercised its *rule-making* powers to make *Principle 11* which requires that a *firm* must deal with its regulators in an open and cooperative way, and must

disclose to the *FSA* appropriately anything relating to the *firm* of which the *FSA* would reasonably expect notice.

2.1.7

G
/1

The *FSA* operates in the context of the *Act* and the general law. The purpose of *SUP 2.2* is to explain how certain provisions of the *Act* and the general law are relevant to the *FSA*'s methods of information gathering described in *SUP 2.3* and *SUP 2.4*.

2.1.8

G
/1

The purpose of *SUP 2.3* is to amplify *Principle 11* in the context of information gathering by the *FSA* on its own initiative in the discharge of its functions under the *Act*. *SUP 2.3* therefore sets out, in *guidance* on *Principle 11* and in *rules*, how the *FSA* expects *firms* to deal with the *FSA* in that context, including the steps that a *firm* should take with a view to ensuring that certain connected persons should also cooperate with the *FSA*.

2.1.9

G
/1

The purpose of *SUP 2.4* is to explain a particular method of information gathering used by the *FSA*, known as "mystery shopping". Information about how a *firm* sells financial products can be very difficult to obtain, and the purpose of this method is to obtain such information from individuals who approach a *firm* in the role of potential retail *consumers* on the *FSA*'s initiative. The *FSA* may seek information about particular issues or the activities of individual *firms* by means of mystery shopping.

2.2 Information gathering by the FSA on its own initiative: background

Link to the statutory information gathering and investigation powers

2.2.1 **G**_{/1} Breaching *Principle 11*, or the *rules* in this chapter, makes a *firm* liable to regulatory sanctions, including discipline under Part XIV of the *Act* (Disciplinary Measures), and may be relevant to the use of the *FSA's* other powers, including the statutory information gathering and investigation powers (see further *PRIN 1.1.7G* to *1.1.9G*). But, unlike a breach of a requirement imposed under the statutory powers listed in *SUP 2.1.5G*, a breach of *Principle 11* or a *rule*:

- (1) is not a criminal offence; and
- (2) cannot lead to a *person* being treated as if in contempt of court (see section 177 of the *Act* (Offences)).

2.2.2 **G**_{/1} Neither *Principle 11* nor *SUP 2.3.5R(1)* (Access to premises) enable the *FSA* to force access to premises.

Banking confidentiality and legal privilege

2.2.3 **G**_{/1} The *FSA* would not normally seek to gather information using the methods described in *SUP 2.3* or *SUP 2.4* in a situation where the *FSA* could not have obtained it under the powers in Part XI of the *Act* (Information Gathering and Investigations). In particular, the limitations in the following sections of the *Act* are relevant to this chapter:

- (1) section 175(5) (Information and documents: supplementary powers) under which no *person* may be required under Part XI of the *Act* (Information Gathering and Investigations) to disclose information or produce a document subject to banking confidentiality (with exceptions); the *FSA* would not normally seek such information using the methods described in *SUP 2.3* or *SUP 2.4*; and
- (2) section 413 (Protected items), under which no *person* may be required under the *Act* to produce, disclose or permit the inspection of *protected items*; a *firm* would not breach *Principle 11* or the *rules* in this chapter by not producing such items.

Confidentiality of information

2.2.4

G
/1

When the *FSA* obtains confidential information using the methods of information gathering described in *SUP* 2.3 or *SUP* 2.4, it is obliged under Part XXIII of the *Act* (Public Record, Disclosure of Information and Co-operation) to treat that information as confidential. The *FSA* will not disclose confidential information without lawful authority, for example if an exception applies under the Financial Services and Markets Act 2000 (Disclosure of Confidential Information) Regulations 2001(SI 2001/2188) or with the consent of the *person* from whom that information was received and (if different) to whom the information relates.

Admissibility of information in proceedings

2.2.5

G
/1

Information obtained by the *FSA* using the methods described in *SUP* 2.3 and *SUP* 2.4 is admissible in evidence in any proceedings, so long as it complies with any requirements governing the admissibility of evidence in the circumstances in question.

2.3 Information gathering by the FSA on its own initiative: cooperation by firms

Introduction: Methods of information gathering requiring cooperation

2.3.1 **G**_{/1} The FSA uses various methods of information gathering on its own initiative which require the cooperation of *firms*:

- (1) Visits may be made by representatives or appointees of the FSA. These visits may be made on a regular basis, on a sample basis, for special purposes such as theme visits (looking at a particular issue across a range of *firms*), or when the FSA has a particular reason for visiting a *firm*. Appointees of the FSA may include *persons* who are not FSA staff, but who have been appointed to undertake particular monitoring activities for the FSA (paragraph 6(2) of Schedule 1 to the *Act*). The FSA needs to have access to a *firm's documents*, personnel and business premises to carry out a visit.
- (2) The FSA may seek meetings at the FSA's offices or elsewhere.
- (3) The FSA may seek information or request *documents* by telephone, at meetings or in writing, including by electronic communication.

2.3.2 **G**_{/1} The FSA expects to request meetings or access to business premises during reasonable business hours. The FSA also normally expects to be able to give reasonable notice to a *firm* or connected person when it seeks information, *documents*, meetings or access to business premises. On rare occasions, however, the FSA may seek access to premises without notice. The prospect of unannounced visits is intended to encourage *firms* to comply with the requirements and standards under the *regulatory system* at all times.

Access to a firm's documents and personnel

2.3.3 **G**_{/1} In complying with *Principle 11*, the FSA considers that a *firm* should, in relation to the discharge by the FSA of its functions under the *Act*:

- (1) make itself readily available for meetings with representatives or appointees of the FSA as reasonably requested;
- (2) give representatives or appointees of the FSA reasonable access to any records, files, tapes or computer systems, which are within the *firm's* possession or control, and provide any facilities which the representatives or appointees may reasonably request;

- (3) produce to representatives or appointees of the FSA specified *documents*, files, tapes, computer data or other material in the *firm's* possession or control as reasonably requested;
- (4) print information in the *firm's* possession or control which is held on computer or on microfilm or otherwise convert it into a readily legible *document* or any other record which the FSA may reasonably request;
- (5) permit representatives or appointees of the FSA to copy *documents* or other material on the premises of the *firm* at the *firm's* reasonable expense and to remove copies and hold them elsewhere, or provide any copies, as reasonably requested; and
- (6) answer truthfully, fully and promptly all questions which are reasonably put to it by representatives or appointees of the FSA.

2.3.4

G
/1

In complying with *Principle 11*, the FSA considers that a *firm* should take reasonable steps to ensure that the following *persons* act in the manner set out in SUP 2.3.3G:

- (1) its *employees*, agents and *appointed representatives*; and
- (2) any other members of its *group*, and their *employees* and agents.

(See also, in respect of *appointed representatives*, SUP 12.5.3G(2)).

Access to premises

2.3.5

R
/1

- (1) A *firm* must permit representatives of the FSA, or *persons* appointed for the purpose by the FSA, to have access, with or without notice, during reasonable business hours to any of its business premises in relation to the discharge of the FSA's functions under the Act.
- (2) A *firm* must take reasonable steps to ensure that its agents, suppliers under *material outsourcing* arrangements and *appointed representatives* permit such access to their business premises. (See also, in respect of *appointed representatives*, SUP 12.5.3G(2)).

2.3.6

G
/1

The FSA normally expects to give reasonable notice of a visit (See SUP 2.3.2G).

Suppliers under material outsourcing arrangements

2.3.7

R
/1

A *firm* must take reasonable steps to ensure that each of its suppliers under *material outsourcing* arrangements deals in an open and cooperative way with the FSA in the discharge of its functions under the Act in relation to the *firm*.

2.3.8

G
/1

The cooperation that a *firm* is expected to procure from such suppliers is similar to that expected of the *firm*, in the light of the *guidance* in SUP 2.3.3.G to SUP 2.3.4G, but does not extend to matters outside the scope of the FSA's functions in

relation to the *firm*. SUP 2.3.5R(2) also requires a *firm* to take reasonable steps regarding access to the premises of such suppliers.

2.3.9 G_{/1} When a *firm* appoints or renews the appointment of a supplier under a *material outsourcing* arrangement, it should satisfy itself that the terms of its contract with the supplier require the supplier to give the *FSA* access to its premises as described in SUP 2.3.5R(2), and to cooperate with the *FSA* as described in SUP 2.3.7R. The *FSA* does not consider that the 'reasonable steps' in SUP 2.3.7R would require a *firm* to seek to change a contract, already in place when that *rule* was made by the *FSA*, until renewal of the contract.

2.3.10 G_{/1} The *FSA* will normally seek information from the *firm* in the first instance, but reserves the right to seek it from a supplier under a *material outsourcing* arrangement if the *FSA* considers it appropriate.

Information requested on behalf of other regulators

2.3.11 G_{/1} The *FSA* may ask a *firm* to provide it with information at the request of or on behalf of other regulators to enable them to discharge their functions properly. Those regulators may include *overseas regulators* or the *Takeover Panel*. The *FSA* may also, without notifying a *firm*, pass on to those regulators information which it already has in its possession. The *FSA's* disclosure of information to other regulators is subject to the obligation described in SUP 2.2.4G (Confidentiality of information).

2.3.12 G_{/1} In complying with *Principle 11*, the *FSA* considers that a *firm* should cooperate with it in providing information for other regulators. Section 169 of the *Act* (Investigations etc. in support of overseas regulator) gives the *FSA* certain statutory powers to obtain information and appoint investigators for *overseas regulators* if required (see *ENF 2*).

2.4 'Mystery shopping'

2.4.1

G

/1

Representatives or appointees of the FSA (which may include individuals engaged by a market research firm) may approach a *firm*, its agents or its *appointed representatives* in the role of potential retail *consumers* with any authorisation under the Regulation of Investigatory Powers Act 2000 that is considered appropriate. This is known as 'mystery shopping'.

2.4.2

G

/1

The FSA uses mystery shopping to help it protect *consumers*. This may be by seeking information about a particular practice across a range of *firms* (SUP 2.4.3G(1)) or the practices of a particular *firm* (SUP 2.4.3G(2)). One of the risks *consumers* face is that they may be sold financial products which are inappropriate to them. A problem in protecting *consumers* from this risk is that it is very difficult to establish after the event what a *firm* has said to a 'genuine' *consumer* in discussions. By recording what a *firm* says in discussions with a 'mystery shopper', the FSA can establish a *firm's* normal practices in a way which would not be possible by other means.

2.4.3

G

/1

The FSA may carry out mystery shopping:

- (1) together with a programme of visits to obtain information about a particular practice, looking at a particular issue across a range of *firms*, when the FSA may advise the *firms* of the issues beforehand; the practice being scrutinised may be that of *firms* or a class of *firms* in carrying on *regulated activities* or *ancillary activities* or in *communicating* or *approving financial promotions*;
- (2) together with focused visits (concentrating on particular aspects of a *firm's* business) to obtain information about the practices of a *firm*; these practices may be in carrying on *regulated activities* or *ancillary activities* or in *communicating* or *approving financial promotions* when the FSA has particular concerns about those practices;
- (3) using recording devices, telephonic or other communications; the FSA may monitor and store the contents of the materials obtained by these devices or communications.

2.4.4

G

/1

Telephone calls and meetings held during mystery shopping will be recorded. The FSA expects that any mystery shopping it arranges will be conducted in accordance with the Market Research Society Code of Practice.

Chapter 3

Auditors

3.1 Application

3.1.1

R

This chapter applies to:

^{/1}

- (1) every *firm* within a category listed in column (1) of the table in SUP 3.1.2R; and
- (2) the external auditor of such a *firm* appointed under SUP 3.3;

in accordance with column (2) or (3) of that table, except as described in the remainder of this section.

3.1.2

R

Table Applicable sections (see SUP 3.1.1R)

^{/1}

(1) Category of firm	(2) Sections applicable to the firm	(3) Sections applicable to its auditor
(1) <i>Bank or building society which in either case carries on designated investment business</i>	SUP 3.1 – SUP 3.7	SUP 3.1, SUP 3.2, SUP 3.8, SUP 3.10
(2) <i>Bank or building society which in either case does not carry on designated investment business</i>	SUP 3.1 – SUP 3.7	SUP 3.1, SUP 3.2, SUP 3.8
(3) <i>Investment management firm, personal investment firm (other than a small personal investment firm), or securities and futures firm (Note 1)</i>	SUP 3.1 – SUP 3.7	SUP 3.1, SUP 3.2, SUP 3.8 – SUP 3.10
(4) <i>Insurer, the Society of Lloyd's, underwriting agent or members' adviser</i>	SUP 3.1 – SUP 3.7	SUP 3.1, SUP 3.2, SUP 3.8

(1) Category of firm	(2) Sections applicable to the firm	(3) Sections applicable to its auditor
(5) <i>Small personal investment firm, service company or authorised professional firm</i> (Note 2)	SUP 3.1, SUP 3.2, SUP 3.7	SUP 3.1, SUP 3.2, SUP 3.8

Note 1 = This note applies in relation to an *oil market participant* to which *IPRU(INV)* 3 does not apply. Only *SUP* 3.1, *SUP* 3.2 and *SUP* 3.7 are applicable to such a *firm* and only *SUP* 3.1, *SUP* 3.2 and *SUP* 3.8 are applicable to its auditor.

Note 2 = This note applies in relation to an *authorised professional firm* which is required by *IPRU(INV)* 2.1.2R to comply with chapter 3, 5, 10 or 13 of *IPRU(INV)*. This chapter applies to such a *firm* (and its auditor) as if it were the relevant *firm* type in the right-hand column of *IPRU(INV)* 2.1.4R.

Incoming firms

- 3.1.3** **R**_{/1} This chapter does not apply to an *incoming EEA firm* without a *top-up permission* or an auditor of such a *firm*.
- 3.1.4** **G**_{/1} The application of *SUP* 3.10 to the auditor of an *incoming EEA firm* with a *top-up permission* is qualified in *SUP* 3.10.3R.
- 3.1.5** **R**_{/1} This chapter does not apply to an *incoming Treaty firm*, which:
- (1) does not have a *top-up permission*; and
 - (2) is not required to comply with the *client asset rules*.
- 3.1.6** **G**_{/1} The application of *SUP* 3.7 and *SUP* 3.9 to an *incoming Treaty firm* or an auditor of such a *firm* is further qualified in *SUP* 3.7.1G and *SUP* 3.9.2R.

Auditors of lead regulated firms

- 3.1.7** **G**_{/1} The application of *SUP* 3.9 and *SUP* 3.10 to the auditor of a *lead regulated firm* is qualified in *SUP* 3.9.2R and *SUP* 3.10.3R.

Auditors of firms of solicitors subject to SUP 3.10

- 3.1.8** **G**_{/1} A *firm* of solicitors is not required to comply with the *client money rules* (COB 9.3) and instead must comply with its *designated professional body's* rules (COB

9.3.25R). SUP 3.10 is therefore modified for the auditor of such a *firm*, if it applies (see Note 2 to the table in SUP 3.1.2R and SUP 3.10.2R).

Material elsewhere in the Handbook

3.1.9

G
/1

A *firm* which is a *bank, building society, friendly society* or other *insurer, investment management firm, personal investment firm, securities and futures firm* or the *Society of Lloyd’s* should see the Interim Prudential sourcebooks for further provisions on auditors as set out in SUP 3.1.10G. For the categorisations employed in SUP 3.1.2R and SUP 3.1.10G see SUP App 1.

3.1.10

G
/1

Table Other relevant sections of the Handbook (see SUP 3.1.9G)

<i>Bank</i>	<i>IPRU(BANK)</i>
<i>Building society</i>	<i>IPRU(BSOC)</i>
<i>Friendly society</i>	<i>IPRU(FSOC)</i>
<i>Insurer (other than a friendly society)</i>	<i>IPRU(INS)</i>
<i>Investment management firm, personal investment firm, securities and futures firm</i>	<i>IPRU(INV)</i>
<i>Society of Lloyd’s</i>	<i>LLD</i>

3.2 Purpose

- 3.2.1** G_{/1} This chapter sets out *rules* and *guidance* on the role auditors play in the FSA's monitoring of *firms'* compliance with the requirements and standards under the *regulatory system*. In determining whether a *firm* satisfies the *threshold conditions*, the FSA has regard to whether the *firm* has appointed auditors with sufficient experience in the areas of business to be conducted by the *firm* (COND 2.5.7G(11)). Auditors act as a source of information for the FSA in its supervision. They report, where required, on the financial resources of the *firm*, the accuracy of its reports to the FSA and its compliance with particular *rules*, such as the *client asset rules*.
- 3.2.2** G_{/1} The *Act*, together with other legislation such as the Companies Acts 1985 and 1989, the Building Societies Act 1986 and the Friendly Societies Act 1992, provides the statutory framework for *firms'* and auditors' obligations.
- 3.2.3** G_{/1} The requirements in SUP 3.9 represent an interim approach to the use of auditors, based mainly on the requirements which *previous regulators* applied to *firms*.
- 3.2.4** G_{/1} SUP 3.1.1R and SUP 3.1.2R limit the application of this chapter in relation to *authorised professional firms* and certain *oil market participants*. Such a *firm* is not required, under this chapter, to appoint an auditor. If such a *firm* appoints an auditor, for example, under the Companies Act 1985, SUP 3.7 and 3.8 nevertheless apply to help the FSA discharge its functions under the *Act*.

3.3 Appointment of auditors

Purpose

- 3.3.1** **G** ^{/1} This section requires a *firm* to appoint an auditor and supply the *FSA* with information about its auditor. The *FSA* requires such information to ensure that the *firm* has an auditor.

Appointment by firms

- 3.3.2** **R** ^{/1} A *firm* to which this section applies (see *SUP* 3.1) must:
- (1) appoint an auditor to undertake the duties and responsibilities set out in *SUP* 3.8 to *SUP* 3.10 (as applicable);
 - (2) notify the *FSA*, without delay, when it is aware that a vacancy in the office of auditor will arise or has arisen, giving the reason for the vacancy;
 - (3) appoint an auditor to fill any vacancy in the office of auditor which has arisen;
 - (4) ensure that the replacement auditor can take up office at the time the vacancy arises or as soon as reasonably practicable after that; and
 - (5) notify the *FSA* of the appointment of an auditor, advising the *FSA* of the name and business address of the auditor appointed and the date from which the appointment has effect.
- 3.3.3** **G** ^{/1}
- (1) *SUP* 3.3.2R applies to every *firm* to which this section applies. That includes a *firm* which is under an obligation to appoint an auditor under an enactment other than the *Act*, such as the Companies Act 1985. Such a *firm* is free to have a single auditor who is appointed to fulfil both obligations. *SUP* 3.3.2 R is made under section 138 of the *Act* (General rule-making power), in relation to such *firms*, and under section 340(1) (Appointment) in relation to other *firms*.
 - (2) *Building societies* and *friendly societies* are reminded that they are subject to the provisions of Schedule 11 to the Building Societies Act 1986 and Schedule 14 to the Friendly Societies Act 1992 relating to auditors, in addition to the provisions in this chapter. In relation to *SUP* 3.3.2R(2), such *firms* may give

the FSA a single notification of a vacancy in the office of auditor provided that the notification complies with the requirements of the relevant Act and SUP 3.3.2R(2).

The Society of Lloyd's

3.3.4

D
/1

With a view to achieving the objectives of promoting confidence in the market at Lloyd's and protecting the interests of policyholders and potential policyholders, the *Society* is directed under section 318 of the *Act* (Exercise of powers through Council), to take reasonable steps to ensure that:

- (1) every *managing agent* appoints an auditor for every *syndicate* which it manages; and
- (2) the auditor of every *syndicate* has the skill, resources and experience required to perform his duties.

Underwriting agents: notification to the Society of Lloyd's

3.3.5

R
/1

- (1) Paragraph (2) applies if the notifications required by SUP 3.3.2R(2) or (5) are within the scope of any arrangements made by the FSA with the *Society of Lloyd's* under paragraph 6(2) of Schedule 1 to the *Act*.
- (2) An *underwriting agent* must submit a notification in (1) to the *Society of Lloyd's* rather than to the FSA.

3.3.6

G
/1

An underwriting agent should see SUP 15.7.13G and SUP 15.7.14G for further guidance on the arrangements in SUP 3.3.5R.

Appointment by the FSA

3.3.7

R
/1

- (1) Paragraph (2) applies to a *firm* which is not under an obligation to appoint an auditor imposed by an enactment other than the *Act*.
- (2) If a *firm* fails to appoint an auditor within 28 days of a vacancy arising, the FSA may appoint an auditor for it on the following terms:
 - (a) the auditor to be remunerated by the *firm* on the basis agreed between the auditor and *firm* or, in the absence of agreement, on a reasonable basis; and
 - (b) the auditor to hold office until he resigns or the *firm* appoints another auditor.

3.3.8

G
/1

In addition, in the case of a *building society* or *friendly society*, Schedule 11 of the Building Societies Act 1986 and Schedule 14 of the Friendly Societies Act 1992

allow the *FSA* to appoint an auditor if this is not done at the society's annual general meeting.

3.3.9

G

/1

SUP 3.3.7R allows but does not require the *FSA* to appoint an auditor if the *firm* has failed to do so within the 28 day period. When it considers whether to use this power, the *FSA* will take into account the likely delay until the *firm* can make an appointment and the urgency of any pending duties of the appointed auditor.

3.3.10

R

/1

A *firm* must comply with and is bound by the terms on which an auditor has been appointed by the *FSA*, whether under *SUP* 3.3.7R, the Building Societies Act 1986 or the Friendly Societies Act 1992.

3.4 Auditors' qualifications

Purpose

- 3.4.1** **G**
/1 The *FSA* is concerned to ensure that the auditor of a *firm* has the necessary skill and experience to audit the business of the *firm* to which he has been appointed. This section sets out the *FSA's rules* and *guidance* aimed at achieving this.

Qualifications

- 3.4.2** **R**
/1 Before a *firm*, to which *SUP* 3.3.2R applies, appoints an auditor, it must take reasonable steps to ensure that the auditor has the required skill, resources and experience to perform his functions under the *regulatory system* and that the auditor:
- (1) is eligible for appointment as an auditor under Part II of the Companies Act 1989 or Part III of the Companies (Northern Ireland) Order 1990 (Eligibility for appointment) respectively; or
 - (2) if appointed under an obligation in another enactment, is eligible for appointment as an auditor under that enactment; or
 - (3) in the case of an *overseas firm*, is eligible for appointment as an auditor under any applicable equivalent laws of that country or territory.
- 3.4.3** **G**
/1 Enactments within *SUP* 3.4.2R(2) include the Building Societies Act 1986 and the Friendly Societies Act 1992.
- 3.4.4** **G**
/1 An auditor which a *firm* proposes to appoint should have skills, resources and experience commensurate with the nature, scale and complexity of the *firm's* business and the requirements and standards under the *regulatory system* to which it is subject. A *firm* should have regard to whether its proposed auditor has expertise in the relevant requirements and standards (which may involve access to *UK* expertise) and possesses or has access to appropriate specialist skill, for example actuarial expertise in carrying out audits of insurance companies or *friendly societies* where appropriate. The *firm* should seek confirmation of this from the auditor concerned as appropriate.

Disqualified auditors

3.4.5 **R** ^{/1} A *firm* must not appoint as auditor a *person* who is disqualified by the *FSA* under section 345 of the *Act* (Disqualification) from acting as an auditor either for that *firm* or for a relevant class of *firm*.

3.4.6 **G** ^{/1} If it appears to the *FSA* that an auditor of a *firm* has failed to comply with a duty imposed on him under the *Act*, it may disqualify him under section 345 of the *Act*. For more detail about what happens when the disqualification of an auditor is being considered or put into effect, see *ENF* 17. A list of *persons* who are disqualified by the *FSA* under section 345 of the *Act* may be found on the *FSA* website (www.fsa.gov.uk).

Requests for information on qualifications by the FSA

3.4.7 **R** ^{/1} A *firm* must take reasonable steps to ensure that an auditor, which it is planning to appoint or has appointed, provides information to the *FSA* about the auditor's qualifications, skills, experience and independence in accordance with the reasonable requests of the *FSA*.

3.4.8 **G** ^{/1} To enable it to assess the ability of an auditor to audit a *firm*, the *FSA* may seek information about the auditor's relevant experience and skill. The *FSA* will normally seek information by letter from an auditor who has not previously audited any *firm*. The *firm* should instruct the auditor to reply fully to the letter (and should not appoint an auditor who does not reply to the *FSA*). The *FSA* may also seek further information on a continuing basis from the auditor of a *firm* (see also the auditor's duty to cooperate under *SUP* 3.8.2R).

3.5 Auditors' independence

Purpose

- 3.5.1** **G**
/1 If an auditor is to carry out his duties properly, he needs to be independent of the *firm* he is auditing, so that he is not subject to conflicts of interest. Many *firms* are also subject to requirements under the Companies Act 1989, the Building Societies Act 1986 or the Friendly Societies Act 1992 on auditor's independence.

Independence

- 3.5.2** **R**
/1 A *firm* must take reasonable steps to ensure that the auditor which it appoints is independent of the *firm*.
- 3.5.3** **R**
/1 If a *firm* becomes aware at any time that its auditor is not independent of the *firm*, it must take reasonable steps to ensure that it has an auditor independent of the *firm*. The *firm* must notify the FSA if independence is not achieved within a reasonable time.
- 3.5.4** **G**
/1 The FSA will regard an auditor as independent if his appointment or retention does not breach the ethical guidance in current issue from the auditor's recognised supervisory body on the appointment of an auditor in circumstances which could give rise to conflicts of interest.
- 3.5.5** **G**
/1 *Firms* are reminded that the Building Societies Act 1986 and Friendly Societies Act 1992 provide that an auditor who is ineligible under section 27 of the Companies Act 1989 for appointment as auditor of a company (which is a subsidiary undertaking of a *building society* or a subsidiary of a *friendly society*) is ineligible for appointment as auditor to the *building society* or *friendly society* concerned.

3.6 Firms' cooperation with their auditors

- 3.6.1** **R** *A firm must cooperate with its auditor in the discharge of his duties under this chapter.*
/1

Auditor's access to accounting records

- 3.6.2** **G** In complying with SUP 3.6.1R, a *firm* should give a right of access at all times to the *firm's* accounting and other records, in whatever form they are held, and *documents* relating to its business. A *firm* should allow its auditor to copy *documents* or other material on the premises of the *firm* and to remove copies or hold them elsewhere, or give him such copies on request.
/1

- 3.6.3** **G** Section 341 of the *Act* (Access to books etc.) provides that an auditor of a *firm* appointed under SUP 3.3.2R:
/1
- (1) has a right of access at all times to the *firm's* books, accounts and vouchers; and
 - (2) is entitled to require from the *firm's* officers such information and explanations as he reasonably considers necessary for the performance of his duties as auditor.

- 3.6.4** **G** Section 389A of the Companies Act 1985, section 79 of the Building Societies Act 1986 and section 75 of the Friendly Societies Act 1992 give similar rights to auditors of companies, *building societies* and *friendly societies* respectively.
/1

- 3.6.5** **G** Section 413 (Protected items), under which no person may be required under the *Act* to produce, disclose or permit the inspection of *protected items*, is relevant to SUP 3.6.1R and SUP 3.6.3G.
/1

Access and cooperation: appointed representatives, material outsourcing, employees

- 3.6.6** **G** In complying with SUP 3.6.1R, a *firm* should take reasonable steps to ensure that each of its *appointed representatives* gives the *firm's* auditor the same rights of access to the books, accounts and vouchers of the *appointed representative* and entitlement to information and explanations from the *appointed representative's* officers as are given in respect of the *firm* by section 341 of the *Act* (see also SUP 12.5.5G(3)).
/1

- 3.6.7** **G** In complying with SUP 3.6.1R, a *firm* should take reasonable steps to ensure that each of its suppliers under a *material outsourcing* arrangement gives the *firm's* auditor the same rights of access to the books, accounts and vouchers of the *firm*
/1

held by the supplier, and entitlement to information and explanations from the supplier's officers as are given in respect of the *firm* by section 341 of the *Act*.

3.6.8

G
/1

In complying with *SUP* 3.6.1R, a *firm* should take reasonable steps to ensure that all its employees cooperate with its auditor in the discharge of his duties under this chapter.

Provision of false or misleading information to auditors

3.6.9

G
/1

Firms and their officers, *managers* and *controllers* are reminded that, under section 346 of the *Act* (Provision of false or misleading information to auditor or actuary), knowingly or recklessly giving false information to an auditor appointed under *SUP* 3.3.2R constitutes an *offence* in certain circumstances, which could render them liable to prosecution. This applies even when an auditor is also appointed under an obligation in another enactment.

3.7 Notification of matters raised by auditor

Application

- 3.7.1** **G**_{/1} SUP 3.7 does not apply to an *incoming Treaty firm* which does not have a *top-up permission*.

Notification

- 3.7.2** **G**_{/1} A *firm* should consider whether it should notify the FSA under *Principle 11* if:
- (1) the *firm* expects or knows its auditor will qualify his report on the audited annual financial statements or add an explanatory paragraph; or
 - (2) the *firm* receives a written communication from its auditor commenting on *internal controls* (see also SUP 15.3).
- 3.7.3** **G**_{/1} An *underwriting agent* should submit any notifications under this section in accordance with the arrangements made between the FSA and the *Society of Lloyd's*. For *guidance* on those arrangements see SUP 15.7.13G and SUP 15.7.14G.

3.8 Rights and duties of all auditors

Purpose

- 3.8.1** **G**
/1 The auditor of a *firm* has various rights and duties to obtain information from the *firm* and both to enable and to require him to pass information to the *FSA* in specified circumstances. This section imposes or gives *guidance* on those rights and duties.

Cooperation with the FSA

- 3.8.2** **R**
/1 An auditor of a *firm* must cooperate with the *FSA* in the discharge of its functions under the *Act*.
- 3.8.3** **G**
/1 The *FSA* may ask the auditor to attend meetings and to supply it with information about the *firm*. In complying with *SUP* 3.8.2R, the auditor should attend such meetings as the *FSA* requests and supply it with any information the *FSA* may reasonably request about the *firm* to enable the *FSA* to discharge its functions under the *Act*.
- 3.8.4** **R**
/1 An auditor of a *firm* must give any *skilled person* appointed by the *firm* all assistance that *person* reasonably requires (see *SUP* 5 and section 166(5) of the *Act* (Reports by skilled persons)).

Auditor's independence

- 3.8.5** **R**
/1 An auditor of a *firm* must be independent of the *firm* in performing his duties in respect of that *firm*.
- 3.8.6** **R**
/1 An auditor of a *firm* must take reasonable steps to satisfy himself that he is free from any conflict of interest in respect of that *firm* from which bias may reasonably be inferred. He must take appropriate action where this is not the case.
- 3.8.7** **G**
/1 *SUP* 3.5.4G explains that an auditor whose appointment does not breach the ethical guidance in current issue from the auditor's recognised supervisory body will be regarded as independent by the *FSA*.

Auditors' rights to information

- 3.8.8** G_{/1} *SUP* 3.6.1R requires a *firm* to cooperate with its auditor. *SUP* 3.6.3G refers to the rights to information which an auditor is granted by the *Act*. *SUP* 3.6.4G refers to similar rights granted by the Companies Act 1985, the Building Societies Act 1986 and the Friendly Societies Act 1992.

Communication between the FSA, the firm and the auditor

- 3.8.9** G_{/1} Within the legal constraints that apply, the *FSA* may pass on to an auditor any information which it considers relevant to his function. An auditor is bound by the confidentiality provisions set out in Part XXIII of the *Act* (Public record, disclosure of information and cooperation) in respect of confidential information he receives from the *FSA*. An auditor may not pass on such confidential information without lawful authority, for example if an exception applies under the Financial Services and Markets Act 2000 (Disclosure of Confidential Information) Regulations 2001 (SI 2001/2188) or with the consent of the *person* from whom that information was received and (if different) to whom the information relates.

Auditors' statutory duty to report

- 3.8.10** G_{/1} Auditors are subject to regulations made by the Treasury under sections 342(5) and 343(5) of the *Act* (Information given by auditor or actuary to the *FSA*). These regulations oblige auditors to report certain matters to the *FSA*. Sections 342(3) and 343(3) of the *Act* provide that an auditor does not contravene any duty by giving information or expressing an opinion to the *FSA*, if he is acting in good faith and he reasonably believes that the information or opinion is relevant to any functions of the *FSA*. These provisions continue to have effect after the end of the auditor's term of appointment.

Termination of term of office, disqualification

- 3.8.11** R_{/1} An auditor must notify the *FSA* without delay if he:
- (1) is removed from office by a *firm*; or
 - (2) resigns before his term of office expires; or
 - (3) is not re-appointed by a *firm*.
- 3.8.12** R_{/1} If an auditor ceases to be, or is formally notified that he will cease to be, the auditor of a *firm*, he must notify the *FSA* without delay:
- (1) of any matter connected with his so ceasing which he thinks ought to be drawn to the *FSA*'s attention; or
 - (2) that there is no such matter.

3.8.13

R

/1

- (1) An auditor of an *underwriting agent* must submit a notification under *SUP 3.8.11R* or *SUP 3.8.12R* to the *Society of Lloyd's* rather than to the *FSA* if (2) applies.
- (2) This paragraph applies if the notification is within the scope of any arrangements made by the *FSA* with the *Society of Lloyd's* under paragraph 6(2) of Schedule 1 to the *Act*.

3.8.14

G

/1

For *guidance* on these arrangements, see *SUP 15.7.13G* and *SUP 15.7.14G*. Notification to the *Society* acting on behalf of the *FSA* in accordance with *SUP 3.8.13R* also satisfies the obligation to notify the *FSA* in accordance with section 344 of the *Act* (Duty of auditor or actuary resigning etc. to give notice).

3.9 Duties of auditors: reports on certain investment business firms

Purpose

- 3.9.1** **G**
/1 The types of *firm* which an auditor is required to report on in this section generally have businesses and assets of a nature which lend themselves well to the use of standardised reports by auditors as a supervisory tool. To assist its supervision, the FSA therefore requires an auditor's report on these *firms'* financial statements and regulatory reporting in the format in SUP 3.9.5R as a means of obtaining information about the *firm's* financial position, and the quality of its regulatory reporting.

Application

- 3.9.2** **R**
/1 In addition to those excluded under SUP 3.1, SUP 3.9 does not apply to the auditor of:
- (1) a *lead-regulated firm*; or
 - (2) an *incoming Treaty firm*, which does not have a *top-up permission*.
- 3.9.3** **R**
/1 Where this section requires the auditor of a *firm* to report on a *firm's* compliance with *rules*, this section applies to the auditor only to the extent that the *firm* is required to comply with the relevant *rules*.

The auditor's report: content

- 3.9.4** **R**
/1 An auditor of a *firm* must:
- (1) submit a report addressed to the FSA, signed in his capacity as auditor, which states the matters set out in SUP 3.9.5R;
 - (2) in preparing a report to the FSA under (1), carry out such investigations as are reasonably necessary in order to form an opinion as to the matters required to be stated in the report; and

3.9.5

R

Table Auditor's report

/1

- (3) submit a letter to the *firm* annually commenting on the *firm's internal controls* or stating that he has no such comments, whichever is appropriate; such a letter need only cover matters which have come to the auditor's attention while undertaking the work to produce the reports required by (1) or SUP 3.10.4R.

whether the auditor has:

- (1) audited the *firm's* annual financial statements in accordance with United Kingdom Auditing Standards issued by the Auditing Practices Board;
- (2) carried out such other procedures as he considered necessary, having regard to the relevant Auditing Practices Board's Practice Note; and
- (3) obtained all the information and explanations which to the best of his knowledge and belief are necessary for the purposes of his report to the *FSA*; and

whether in the auditor's opinion:

- (4) except in the case of an *OPS firm*, the audited annual financial statements of the *firm* give a true and fair view:
- (a) in the case of the profit and loss account, of the *firm's* profit or loss for the period to which that account relates; and
- (b) in the case of the annual balance sheet, of the state of the affairs of the *firm* at the *accounting reference date* at which that balance sheet was prepared;
- (5) in the case of an *OPS firm*, the audited annual financial statements give a true and fair view of the state of affairs:
- (a) in the case of the statements of the *firm*, of the *firm* at the *accounting reference date* of the *firm*; and
- (b) in the case of any *OPS collective investment scheme* in relation to which the *firm* carries on *OPS activities*, of the *OPS collective investment scheme* at the *accounting reference date* of the scheme;
- (6) the relevant financial reporting statement has been properly prepared in accordance with the *FSA's rules*, the relevant financial reporting statement being, in the case of:

- (a) **an investment management firm: the annual financial return (see SUP 16.7.36R) ; or**
- (b) **a personal investment firm: the annual financial statement (see SUP 16.7.45R) ; or**
- (c) **a securities and futures firm: the annual reporting statement (SUP 16.7.25R or SUP 16.7.27R);**
- (7) **the balance sheet and the profit and loss account of the relevant financial reporting statement in (6) are in agreement with the firm's accounting records and returns;**
- (8) **in the case of:**
 - (a) **a personal investment firm; or**
 - (b) **a securities and futures firm;****the balance sheet of the relevant financial reporting statement in (6) has been properly reconciled to the quarterly reporting statement or monthly reporting statement prepared as at the same accounting reference date;**
- (9) **in the case of a securities and futures firm, the balance sheet of the annual reporting statement has been properly reconciled to the balance sheet of the audited annual financial statements;**
- (10) **the firm (not being a corporate finance advisory firm or an OPS firm) has calculated its expenditure requirement in accordance with the relevant rules for the forthcoming year, the relevant rules being, in the case of:**
 - (a) **an investment management firm: IPRU(INV) 5.2.3R (4) and IPRU(INV) 5.2.4R;**
 - (b) **a category A personal investment firm (see SUP 3.9.6R): IPRU(INV) 13.2R and IPRU(INV) 13.5R;**
 - (c) **a category B personal investment firm (see SUP 3.9.6R): IPRU(INV) 13.9R and IPRU(INV) 13.12R;**
 - (d) **a securities and futures firm which is not an ISD investment firm: IPRU(INV) 3-70R, IPRU(INV) 3-71R and IPRU(INV) 3-73R;**
 - (e) **a securities and futures firm which is an ISD investment firm: IPRU(INV) 10-71R, IPRU(INV) 10-72R and IPRU(INV) 10-73R;**

- (11) the *firm's* statement of financial resources, and the *firm's* statement of financial resources requirement, have been properly prepared in accordance with the *rules*;
- (12) the *firm's* financial resources at the *accounting reference date* are sufficient to meet the *firm's* financial resources requirement;
- (13) the *firm* has kept proper accounting records in accordance with the *rules* throughout its financial year, the relevant *rules* being, in the case of:
 - (a) an *investment management firm*: IPRU(INV) 5.3.1R;
 - (b) a *personal investment firm*: IPRU(INV) 13.1.11 – 13.1.16R
 - (c) a *securities and futures firm* which is not an *ISD investment firm*: IPRU(INV) 3–10R;
 - (d) a *securities and futures firm* which is an *ISD investment firm*: IPRU(INV) 10–10R;
- (14) if the *firm* prepares a consolidated reporting statement at its *accounting reference date*, that it has been prepared in accordance with the *rules*.

3.9.6

R

In SUP 3.9.5R(10)(b) and (c), a "Category A *personal investment firm*" is a *personal investment firm* which is an *ISD investment firm* and a "Category B *personal investment firm*" is a *personal investment firm* other than a category A *personal investment firm*.

/1

The auditor's report: timing of submission

3.9.7

R

An auditor of a *firm* must submit a report under SUP 3.9.4R(1) after each *accounting reference date* of the *firm* and so as to be received by the *FSA* within:

/1

- (1) in the case of an auditor of a *securities and futures firm*, three months of the *firm's accounting reference date*;
- (2) in the case of an auditor of a *personal investment firm* or an *investment management firm*, four months of the *firm's accounting reference date*.

3.9.8

R

If an auditor is unable to report to the *FSA* within the timetable set out in SUP 3.9.7R, the auditor must notify the *FSA* and advise the *FSA* of the reasons why it has been unable to meet the requirements of SUP 3.9.7R.

/1

The auditor's report: requirements not met or inability to form opinion

3.9.9

R
/1

- (1) If the report under *SUP* 3.9.4R(1) states that one or more of the applicable requirements described in *SUP* 3.9.5R(4) to (14) have not been met, the auditor must specify in the report those requirements and the respects in which they have not been met.
- (2) If an auditor is unable to form an opinion as to whether one or more of the applicable requirements described in *SUP* 3.9.5R(4) to (14) have been met, the auditor must specify in the report under *SUP* 3.9.4R(1) those requirements and the reasons why the auditor has been unable to form an opinion.

Method of submission of reports

3.9.10

R
/1

An auditor of a *firm* must submit a report under *SUP* 3.9.4(1) in accordance with the *rules* in *SUP* 16.3.6R to *SUP* 16.3.13R as if those *rules* applied directly to the auditor.

Service of Notice Regulations

3.9.11

G
/1

The Financial Services and Markets Act 2000 (Service of Notices) Regulations 2001 (SI 2001/1420) contains provisions relating to the service of documents on the *FSA*. They do not apply to reports required under *SUP* 3.9 because of the specific provisions in *SUP* 3.9.10R.

3.10 Duties of auditors: notification and report on client assets

Application

- 3.10.1** **R** ^{/1} Where this section requires an auditor of a *firm* to report on a *firm's* compliance with *rules*, this section applies to the auditor only to the extent that the *firm* is required to comply with the relevant *rules*.
- 3.10.2** **R** ^{/1} An auditor of an *authorised professional firm* need not report under this section in relation to that *firm's* compliance with the *client money rules* (COB 9.3), if that firm is regulated by:
- (1) the Law Society (England and Wales);
 - (2) the Law Society of Scotland;
 - (3) the Law Society of Northern Ireland.
- 3.10.3** **R** ^{/1} SUP 3.10.5R (3) does not apply to an auditor of a *lead regulated firm* or an *incoming EEA firm*.

Client assets report: content

- 3.10.4** **R** ^{/1} An auditor of a *firm* must submit a report addressed to the FSA, signed in his capacity as auditor, which:
- (1) states the matters set out in SUP 3.10.5; or
 - (2) if the *firm* claims not to hold *client money* or *custody assets*, states whether anything has come to the auditor's attention that causes him to believe that the *firm* held *client money* or *custody assets* during the period covered by the report.
- 3.10.5** **R** ^{/1} Table Client assets report

whether in the auditor's opinion

- (1) the *firm* has maintained systems adequate to enable it to comply with the *rules* in *COB 9 (Client assets)* throughout the period since the last date as at which a report was made;
- (2) the *firm* was in compliance with the *rules* in *COB 9 (Client assets)* at the date as at which the report has been made; and
- (3) in the case of an *investment management firm, personal investment firm or securities and futures firm*, when a *subsidiary* of the *firm* is a *nominee company* in whose name *custody assets* of the *firm* are registered, that *nominee company* has maintained throughout the year systems for the custody, identification and control of *custody assets* which:
 - (a) are adequate; and
 - (b) include reconciliations at appropriate intervals between the records maintained (whether by the *firm* or the *nominee company*) and statements or confirmations from *custodians* or from the *person* who maintains the record of legal entitlement.

Client assets report: period covered

- 3.10.6 **R** The period covered by a report under *SUP 3.10.4R* must end not more than 53 weeks after the period covered by the previous report on such matters, or, if none, after the *firm* is *authorised* or becomes a *firm* to which *SUP 3.10* applies.

Client assets report: timing of submission

- 3.10.7 **R** An auditor must deliver a report under *SUP 3.10.4R* to the *FSA* so as to be received within four months of the end of each period covered.
- 3.10.8 **R** If an auditor is unable to report to the *FSA* within the timetable set out in *SUP 3.10.7R*, the auditor must notify the *FSA* and advise the *FSA* of the reasons why it has been unable to meet the requirements of *SUP 3.10.7R*.

Client assets report: requirements not met or inability to form opinion

- 3.10.9** **R** /1 If the report under *SUP 3.10.4R* states that one or more of the applicable requirements described in *SUP 3.10.5R* have not been met, the auditor must specify in the report those requirements and the respects in which they have not been met.
- 3.10.10** **R** /1 If an auditor is unable to form an opinion as to whether one or more of the applicable requirements described in *SUP 3.10.5R* have been met, the auditor must specify in the report under *SUP 3.10.4R* those requirements and the reasons why the auditor has been unable to form an opinion.
- 3.10.11** **G** /1 An auditor may at the *firm's* request include the matters required under this section in a separate report to that required under section *SUP 3.9*.

Method of submission of reports

- 3.10.12** **R** /1 An auditor of a *firm* must submit a report under *SUP 3.10.4R* in accordance with the rules in *SUP 16.3.6R* to *SUP 16.3.13R* as if those *rules* applied directly to the auditor.

Service of Notice Regulations

- 3.10.13** **G** /1 The Financial Services and Markets Act 2000 (Service of Notices) Regulations 2001 (SI 2001/1420) contain provisions relating to the service of documents on the *FSA*. They do not apply to reports required by *SUP 3.10* because of the specific provisions in *SUP 3.10.12R*.

Chapter 4

Actuaries

4.1 Application

4.1.1

R
/1

This chapter applies to:

- (1) every *firm* within a category listed in column (1) of the table in SUP 4.1.3R; and
 - (2) the *appointed actuary* or *appropriate actuary* of such a *firm*;
- in accordance with column (2) of that table.

4.1.2

G
/1

This chapter applies to *long-term insurers* (including *friendly societies*) and other *friendly societies*. This chapter does not apply to the *Society of Lloyd's* or to Lloyd's *underwriting agents*. Requirements dealing with the appointment and duties of *actuaries* in relation to Lloyd's *insurance business* are contained in *LLD*.

4.1.3

R
/1

Table Applicable sections (see SUP 4.1.1.R)

(1) Category of firm	(2) Applicable sections
<p>(1) A long term <i>insurer</i>, other than:</p> <ul style="list-style-type: none"> (a) a <i>registered friendly society</i> which is a <i>non-directive friendly society</i>; and (b) an <i>incorporated friendly society</i> that is a <i>flat rate benefits business friendly society</i>. 	<p>SUP 4.1, SUP 4.2, SUP 4.3 and SUP 4.5</p>
<p>(2) A <i>friendly society</i>, other than a <i>friendly society</i> within (1)</p>	

4.2 Purpose

- 4.2.1** G_{/1} Section 340 of the *Act* gives the *FSA* power to make *rules* requiring an *authorised person*, or an *authorised person* falling into a specified class, to appoint an actuary. Section 340 further empowers the *FSA* to make *rules* governing the manner, timing and notification to the *FSA* of such an appointment and, where an appointment is not made, for the *FSA* to make an appointment on the *firm's* behalf. The *FSA's* rule-making powers under section 340 of the *Act* also extend to the actuary's duties and to the cessation of an actuary's term of office.
- 4.2.2** G_{/1} This chapter defines the relationship between a *firm* and its *appointed actuary* or *appropriate actuary* and clarifies the role which *appointed actuaries* and *appropriate actuaries* play in the *FSA's* monitoring of *firms'* compliance with the requirements and standards under the *regulatory system*. The chapter sets out *rules* and *guidance* on the appointment of an *actuary* to the position of *appointed actuary* or *appropriate actuary*, and the termination of the *actuary's* term of office, as well as setting out their respective rights and duties. The purpose of the chapter is to ensure that:
- (1) *long-term insurers* (other than certain *friendly societies*) have access to adequate actuarial advice; and
 - (2) other *friendly societies* carrying on *insurance business* (and which have traditionally relied upon actuarial expertise) employ or use an *actuary* of appropriate seniority and experience to evaluate the liabilities of that business.
- 4.2.3** G_{/1} The function described by *SUP* 4.2.2G(1) is performed by the *appointed actuary* who is required to hold office continuously and must be an *approved person*. The principal duty of the *appointed actuary* is to advise the *firm* (see *SUP* 4.3.13R to *SUP* 4.3.21G for the rights and duties of the *appointed actuary*).
- 4.2.4** G_{/1} The function described by *SUP* 4.2.2G(2) is performed by the *appropriate actuary* who is appointed triennially to prepare the investigation required by *IPRU(FSOC)* [number to be inserted later] (see *SUP* 4.4.7R to *SUP* 4.4.10G for the rights and duties of an *appropriate actuary*).
- 4.2.5** G_{/1} Both the *appointed actuary* and the *appropriate actuary* act as a valuable source of information to the *FSA* in carrying out its functions. For example, in determining whether a *firm* satisfies the *threshold conditions*, the *FSA* has regard to whether the *firm* has appointed an *appointed actuary* with sufficient experience in the areas of business to be conducted by the *firm* (*COND* 2.5.7G(11)).

4.3 Appointed actuaries

Appointment by firms

4.3.1

R

/1

A *firm* to which this section applies (see SUP 4.1) must:

- (1) appoint an *actuary* (the "*appointed actuary*");
- (2) notify the *FSA*, without delay, when it is aware that a vacancy in the office of *appointed actuary* will arise or has arisen, giving the reason for the vacancy;
- (3) appoint an *actuary* to fill any vacancy in the office of *appointed actuary* that has arisen; and
- (4) ensure the replacement *actuary* can take up office at the time the vacancy arises or as soon as reasonably practicable after that.

4.3.2

G

/1

The provisions relating to the duties of the *appointed actuary* are set out in SUP 4.3.13R to SUP 4.3.21G. Acting in the capacity of *appointed actuary* of a *firm* under SUP 4.3.1R is specified as a *controlled function* (CF 12, the *appointed actuary function*) in SUP 10 (*Approved persons*). As a result, an application must be made to the *FSA* under section 60 of the *Act* (Applications for approval) for approval of the *person* proposing to take up an appointment as an *appointed actuary*. Section 61(3) of the *Act* (Determination of applications) gives the *FSA* three months to grant its approval or give a *warning notice* that it proposes to refuse the application. A *firm* should not appoint an *actuary* until the *FSA* has approved the *actuary*. In order to comply with SUP 4.3.1R, a *firm* should ensure it applies to the *FSA* as soon as practicable before the date when it needs the *actuary* to take office. The *FSA* will need time to consider the application before deciding whether to grant approval. See SUP 10 (*Approved persons*).

Appointment by the FSA

4.3.3

R

/1

If a *firm*, which is required to appoint an *actuary* under SUP 4.3.1R, fails to do so within 28 days of a vacancy arising, the *FSA* may appoint an *actuary* to perform the function of *appointed actuary* on the following terms:

- (1) the *actuary* to be remunerated by the *firm* on the basis agreed between the *actuary* and the *firm* or, in the absence of agreement, on a reasonable basis; and
- (2) the *actuary* to hold office until he resigns or the *firm* appoints another *actuary*.

4.3.4 G_{/1} SUP 4.3.3R allows but does not require the FSA to appoint an *actuary* if the *firm* has failed to do so within the 28 day period. When it considers whether to use this power, the FSA will take into account the likely delay until the *firm* can make an appointment and the urgency of any pending duties of the *appointed actuary*.

4.3.5 G_{/1} The FSA will not normally seek to appoint an *actuary* under SUP 4.3.3R if a notification under SUP 10 (*Approved persons*) has been received from the *firm* in relation to a proposed appointment of an *actuary* under SUP 4.3.1R, and that application is still being considered.

4.3.6 R_{/1} A *firm* must comply with and is bound by the terms on which an *actuary* has been appointed by the FSA under SUP 4.3.3R.

4.3.7 G_{/1} If the FSA appoints an *actuary* under SUP 4.3.3R, he will not be an *appointed actuary* (not being appointed under SUP 4.3.1R) and will not therefore need to be an *approved person*. However, the *firm* is still under an obligation to appoint an *actuary* under SUP 4.3.1R and will need to seek prior approval of that person (even if the individual it proposes to appoint is the person who has been appointed by the FSA under SUP 4.3.3R).

Appointed actuary's qualifications

4.3.8 G_{/1} The FSA is concerned to ensure the *appointed actuary* of a *firm* has the necessary skill and experience to provide the *firm* with appropriate actuarial advice. SUP 4.3.9R to SUP 4.3.10G set out the FSA's *rules* and *guidance* aimed at achieving this.

4.3.9 R_{/1} Before a *firm* applies for approval of its proposed *appointed actuary*, it must take reasonable steps to ensure that the *actuary*:

- (1) has the required skill and experience to perform his functions under the *regulatory system*; and
- (2) is a Fellow of the Institute of Actuaries or of the Faculty of Actuaries.

4.3.10 G_{/1} To comply with SUP 4.3.9R and Principle 3, before an *appointed actuary* takes up his appointment the *firm* should ensure that the *actuary*:

- (1) has skills and experience appropriate to the nature, scale and complexity of the *firm's* business and the requirements and standards under the *regulatory system* to which it is subject; and
- (2) has adequate qualifications and experience, which includes holding an Appointed Actuaries Practising Certificate under the rules of the Institute of Actuaries or the Faculty of Actuaries;

and seek confirmation of these from the *actuary*, or the *actuary's* current and previous employers, as appropriate.

Disqualified actuaries

4.3.11 **R** ^{/1} A *firm* must not appoint as *appointed actuary* an *actuary* who is disqualified by the *FSA* under section 345 of the *Act* (Disqualification) from acting as an *actuary* either for that *firm* or for a relevant class of *firm*.

4.3.12 **G** ^{/1} If it appears to the *FSA* that an *appointed actuary* has failed to comply with a duty imposed on him under the *Act*, it may disqualify him under section 345 of the *Act*. For more detail about what happens when the disqualification of an *actuary* is being considered or put into effect, see *ENF 17*. A list of *actuaries* who are disqualified by the *FSA* may be found on the *FSA* website (www.fsa.gov.uk).

Rights and duties of the appointed actuary

4.3.13 **R** ^{/1} An *appointed actuary* must:

- (1) identify and monitor the risks the *firm* runs so far as they may have a material impact on the *firm's* ability to meet *liabilities to policyholders* in respect of *long-term insurance contracts* as they fall due;
- (2) inform the *firm's* management, at the level of seniority that is reasonably appropriate, if he has any material concerns or good reason to believe that the *firm*:
 - (a) is not meeting *liabilities to policyholders* under *long-term insurance contracts* as they fall due, or may not be doing so, or might not have done so, or might, in reasonably foreseeable circumstances, not do so;
 - (b) is, or may be, effecting new *long-term insurance contracts* on inadequate terms contrary to *IPRU(INS) 3.5A* or *IPRU(FSOC)* [number to be inserted later] as applicable;
 - (c) does not, or may not, have sufficient financial resources to meet *liabilities to policyholders* as they fall due (including reasonable bonus expectations) or, if the *firm* currently has sufficient resources, might, in reasonably foreseeable circumstances, not continue to have them;
- (3) perform actuarial investigations and prepare abstracts of those investigations as required by *IPRU(INS) 9.4R* or *IPRU(FSOC)* [number to be inserted later] as applicable;

- (4) request from the *firm* such information and explanations as are reasonably considered necessary to enable him to properly perform the duties described in SUP 4.3.13R(1) to (3); and
- (5) advise the *firm* as to the data and systems reasonably needing to be kept and maintained to provide such information and explanations.

4.3.14

G

/1

A *liability to a policyholder* is defined in the *Glossary* as any liability or obligation of an *insurer* to, or in respect of, a *policyholder*. It includes *policyholder's* reasonable expectations as to discretionary benefits and charges.

4.3.15

G

/1

The *appointed actuary's* duty to request information does not necessarily require him to undertake continuous monitoring. This depends on the *firm's* size, financial position, future plans and other circumstances, including the robustness of its systems and controls. If a periodic update or review is sufficient, it should be carried out as often as is reasonably necessary. An annual update may suffice for small, financially sound, well-run *insurers*. Such periodic reviews might also usefully be supplemented by desk-based monitoring to identify circumstances where the timing of the next review might need to be brought forward.

4.3.16

G

/1

If a *firm* also carries out general insurance contracts, the *appointed actuary* should consider the *general insurance business* to the extent, if any, that this might have an impact on the *long-term insurance business*.

4.3.17

R

/1

A *firm* must require and allow its *appointed actuary* to perform his duties and, in particular:

- (1) keep him informed of the *firm's business* and other plans (including, where relevant, those of any related *firm*, to the extent it is aware of these);
- (2) provide him with sufficient resources (including his own time and access to the time of others);
- (3) hold such data and establish such systems as he reasonably requires;
- (4) request his advice about the likely effect of material changes in the *firm's* business plans, practices or other circumstances on the rights and reasonable expectations of *policyholders* in respect of *long-term insurance contracts*; and
- (5) pay due regard to his advice, whether provided in response to a request under (4) or on the *appointed actuary's* own initiative; this will include, if he requests it, allowing him to present his advice directly to the *firm's governing body* (that is, the board of *directors* or, for a *friendly society*, the committee of management).

4.3.18

G

/1

A *firm's* duty to keep its *appointed actuary* informed includes providing relevant information, even where the *appointed actuary* does not ask for it. The *firm* needs to appreciate that the *appointed actuary* may be unaware of certain business developments and so unable to request relevant information.

4.3.19

G

/1

Section 341 of the *Act* (Access to books etc.) provides that an *appointed actuary*:

- (1) has a right of access at all times to the *firm's* books, accounts and vouchers; and
- (2) is entitled to require from the *firm's* officers such information and explanations as he reasonably considers necessary to perform his duties as *appointed actuary*.

4.3.20

R

/1

When carrying out his duties, an *appointed actuary* must pay due regard to generally accepted actuarial best practice.

4.3.21

G

/1

The standards and guidance issued from time to time by the Institute of Actuaries and the Faculty of Actuaries are important sources of actuarial best practice.

4.4 Appropriate actuaries

Appointment of an appropriate actuary

- 4.4.1 **R**_{/1} A *firm* to which this section applies (see *SUP* 4.1) and required by *IPRU(FSOC)* [number to be inserted later] to ensure that an investigation is carried out must:
- (1) appoint an *actuary* (the "*appropriate actuary*") to carry out that investigation into its business and to prepare an abstract of it; and
 - (2) appoint a replacement for that *actuary* if he ceases to hold office before he has carried out the duty described in (1).

- 4.4.2 **G**_{/1} The *appropriate actuary* need not hold office continuously. He need only be appointed in good time to prepare the investigation required by *IPRU(FSOC)* [number to be inserted later]. His appointment may cease when the abstract of that investigation has been deposited with the *FSA*.

Appropriate actuaries' qualifications

- 4.4.3 **R**_{/1} Before a *friendly society* appoints an *appropriate actuary*, it must take reasonable steps to ensure that the *actuary* is a Fellow of the Institute of Actuaries or of the Faculty of Actuaries.
- 4.4.4 **G**_{/1} An *appropriate actuary* should have skills and experience appropriate to the nature, scale and complexity of the *firm's* business and the requirements and standards under the *regulatory system* to which it is subject. In complying with *Principle 3*, a *firm* should have regard to whether its proposed *appropriate actuary* has adequate qualifications and experience, and seek confirmation of this from the *actuary*, or the *actuary's* current and previous employers, as appropriate.
- 4.4.5 **R**_{/1} A *firm* must not appoint as *appropriate actuary* an *actuary* who has been disqualified by the *FSA* under section 345 of the *Act* (Disqualification) from acting as an *actuary* either for that *firm* or for a relevant class of *firm*.
- 4.4.6 **G**_{/1} If it appears to the *FSA* that an *appropriate actuary* has failed to comply with a duty imposed on him under the *Act*, it may disqualify him under section 345 of the *Act*. For more detail about what happens when the disqualification of an *actuary* is being considered or put into effect, see *ENF* 17. A list of *actuaries* who have been disqualified by the *FSA* may be found on the *FSA* website (www.fsa.gov.uk).

Rights and duties of the appropriate actuary

- 4.4.7 **R** ^{/1} An *appropriate actuary* must carry out the triennial investigation and prepare an abstract of it as required by *IPRU(FSOC)* [number to be inserted later].
- 4.4.8 **G** ^{/1} Section 341 of the *Act* (Access to books etc.) provides that an *appropriate actuary*:
- (1) has a right of access at all times to the *firm's* books, accounts and vouchers; and
 - (2) is entitled to require from the *firm's* officers such information and explanations as he reasonably considers necessary for the performance of his duties as *appropriate actuary*.
- 4.4.9 **R** ^{/1} In carrying out his duties an *appropriate actuary* must pay due regard to generally accepted actuarial best practice.
- 4.4.10 **G** ^{/1} The standards and guidance issued by the Institute of Actuaries and the Faculty of Actuaries are important sources of actuarial best practice.

4.5 Provisions applicable to both appointed and appropriate actuaries

Objectivity

- 4.5.1** **R** ^{/1} *An appointed actuary or appropriate actuary must be objective in performing his duties.*
- 4.5.2** **G** ^{/1} Objectivity requires the *appointed actuary* or *appropriate actuary* to perform his duties in such a manner that he can have an honest belief in his work and does not compromise the quality of his work or his judgment. An *appointed actuary* or *appropriate actuary* should not allow himself to be placed in situations where he feels unable to make objective professional judgments.
- 4.5.3** **R** ^{/1} *An appointed actuary or appropriate actuary must take reasonable steps to satisfy himself that he is free from bias, or from any conflict of interest from which bias may reasonably be inferred. He must take appropriate action where this is not the case.*
- 4.5.4** **G** ^{/1} The appropriate action may include asking the *firm's governing body* to re-assign temporarily some or all of his duties to another competent *actuary*. Where this is insufficient, the *appointed actuary* or *appropriate actuary* should resign his office.
- 4.5.5** **G** ^{/1} If the *appointed actuary* or *appropriate actuary* is an *employee* of the *firm*, the ordinary incentives of employment, including profit-related pay, *share options* or other financial interests in the *firm* or any *associate*, give rise to a conflict of interest only where they are disproportionate, or exceptional, relative to those of other employees of equivalent seniority.
- 4.5.6** **G** ^{/1} The guidance and professional conduct standards in current issue from the Institute of Actuaries and the Faculty of Actuaries are relevant to compliance with *SUP* 4.5.1R and *SUP* 4.5.3R.

Appointed and appropriate actuaries' statutory duty to report

- 4.5.7** **G** ^{/1} *Appointed actuaries* and *appropriate actuaries* are subject to regulations made by the Treasury under section 342(5) and 343(5) of the *Act* (Information given by *auditor* or *actuary* to the Authority). These regulations oblige *actuaries* to report certain matters to the *FSA*. Sections 342(3) and 343(3) of the *Act* provide that an *actuary* does not contravene any duty by giving information or expressing an opinion to the *FSA*, if he is acting in good faith and he reasonably believes that the information or opinion is relevant to any functions of the *FSA*. These provisions continue to have effect after the end of the *actuary's* term of appointment.

Termination of term of office

- 4.5.8** **G**_{/1} SUP 4.5.9R to SUP 4.5.11G apply to a *person* who is or has been an *appointed actuary* or *appropriate actuary*.
- 4.5.9** **R**_{/1} An *appointed actuary* or *appropriate actuary* must notify the FSA without delay if he:
- (1) is removed from office by a *firm*; or
 - (2) resigns before his term of office expires; or
 - (3) is not reappointed by a *firm*.
- 4.5.10** **R**_{/1} An actuary who has ceased to be the *appointed actuary* or *appropriate actuary*, or who has been formally notified that he will cease to be the *appointed actuary* or *appropriate actuary*, of a *firm* must notify the FSA without delay:
- (1) of any matter connected with the cessation which he thinks ought to be drawn to the FSA's attention; or
 - (2) that there is no such matter.
- 4.5.11** **G**_{/1} When an *appointed actuary* ceases to hold office, he ceases to perform the *appointed actuary* function. A *firm* is therefore required under SUP 10.13.6R to tell the FSA within seven *business days* of its *appointed actuary* ceasing to hold office and to complete a withdrawal form (Form C, SUP 10 Ann 6R). Note also the requirement of SUP 10.13.7R in relation to qualified withdrawals.

Chapter 6

Applications to vary and cancel Part IV permission

6.1 Application and purpose

Application

- 6.1.1** G_{/1} This chapter applies to every *firm* with a *Part IV permission* which wishes to:
- (1) vary its *Part IV permission*; or
 - (2) cancel its *Part IV permission* and end its *authorisation*.
- 6.1.2** G_{/1} If appropriate, a *firm* which is the manager of a *collective investment scheme* should also refer to *CIS 14* for *guidance* on the termination of *ICVCs* and *AUTs* and on winding up schemes that are not commercially viable.
- 6.1.3** G_{/1} This chapter applies to an *incoming firm* or a *UCITS qualifier* only in respect of a *top-up permission*. An *incoming firm* or a *UCITS qualifier* should refer to *SUP 14* (Variation of passport rights by incoming EEA firms and ending authorisation) for the procedures for changes to *permission* granted under Schedules 3, 4 or 5 of the *Act*.

Purpose

- 6.1.4** G_{/1} This chapter explains:
- (1) how a *firm* with *Part IV permission* can apply to the *FSA* to vary that *permission*;
 - (2) how a *firm* which has ceased to carry on any of the *regulated activities* for which it has *Part IV permission*, or which expects to do so in the short term (normally less than six months), should apply to the *FSA* to cancel that *permission* completely;
 - (3) the additional procedures that apply to a *firm* carrying on *regulated activities* which create long term obligations to *customers* (for example, *effecting contracts of insurance*, *carrying out contracts of insurance* or *accepting deposits*) that needs to wind down (run off) its business over a long term period (normally more than six months) and the applications it should make with a view to ultimately cancelling its *permission*; and
 - (4) how the *FSA* assesses those applications.
- 6.1.5** G_{/1} This chapter also outlines the *FSA's* powers to withdraw *authorisation* from a *firm* whose *Part IV permission* has been cancelled at the *firm's* request. It does not, however, cover the *FSA's* use of its *own-initiative powers* to vary or cancel a *firm's*

Part IV permission (see *SUP 7* (Individual requirements) and *ENF 5* (Cancellation of Part IV permission on the FSA's own initiative and withdrawal of authorisation)).

6.2 Introduction

6.2.1 G_{/1} A *firm authorised* under Part IV of the *Act* (Permission to carry on regulated activity) has a single *Part IV permission* granted by the *FSA*. A *firm's Part IV permission* specifies all or some of the following elements (as detailed in *AUTH* 3.3.3G (When is Part IV permission required and what does it contain?)):

- (1) a description of the activities the *firm* may carry on, including any *limitations*;
- (2) the *specified investments* involved; and
- (3) if appropriate, *requirements*.

6.2.2 G_{/1} Under section 20(1) of the *Act* (Authorised persons acting without permission), a *firm* is prohibited from carrying on a *regulated activity* in the *United Kingdom* (or purporting to do so) otherwise than in accordance with its *permission*.

6.2.3 G_{/1} If a *firm* wishes to change its *Part IV permission*, it can apply to the *FSA* under section 44 of the *Act* (Variation etc. at request of authorised person) for a variation or cancellation of its *Part IV permission*. *SUP* 6.2.5G sets out the differences between these types of application and the circumstances in which they should be made and *SUP* 6 Ann 1G gives an overview of the considerations in these cases.

6.2.4 G_{/1} A *firm* intending to expand its business should assess, taking appropriate professional advice where necessary, whether it will need to apply to the *FSA* to vary its *Part IV permission* before making any changes to its business.

6.2.5 G_{/1} Table Variation and cancellation of Part IV permission. See *SUP* 6.2.3G

Question	Variation of Part IV permission	Cancellation of Part IV permission
What does the application apply to?	Individual elements of a <i>firm's Part IV permission</i> . Variations may involve adding or removing categories of <i>regulated activity</i> or <i>specified investments</i> or varying or removing any <i>limitations</i> or <i>requirements</i> in the <i>firm's Part IV permission</i> .	A <i>firm's</i> entire <i>Part IV permission</i> and not individual elements within it.

Question	Variation of Part IV permission	Cancellation of Part IV permission
In what circumstances is it usually appropriate to make an application?	<p>If a <i>firm</i>:</p> <ol style="list-style-type: none"> wishes to change the <i>regulated activities</i> it carries on in the <i>United Kingdom</i> under a <i>Part IV permission</i> (SUP 6.3); or has the ultimate intention of ceasing carrying on <i>regulated activities</i> but due to the nature of those <i>regulated activities</i> (for example, <i>accepting deposits</i>, or <i>insurance business</i>) it will require a long term (normally over six months) to wind down (run off) its business (see SUP 6.2.8G to SUP 6.2.11G and SUP 6 Ann 4G). 	<p>If a <i>firm</i>:</p> <ol style="list-style-type: none"> has ceased to carry on all of the <i>regulated activities</i> for which it has <i>Part IV permission</i> (SUP 6.4); or wishes or expects to cease carrying on all of the <i>regulated activities</i> for which it has <i>Part IV permission</i> in the short term (normally not more than six months). In this case, the <i>firm</i> may apply to cancel its <i>Part IV permission</i> prior to ceasing the <i>regulated activities</i> (see SUP 6.4.3G).
Where do I find a summary of the application procedures?	See SUP 6 Ann 2G.	See SUP 6 Ann 3G.

6.2.6

G
/1

A *firm* which is seeking to:

- vary its *Part IV permission* substantially; or
- cancel its *Part IV permission*;

should discuss its plans with its usual supervisory contact at the *FSA* as early as possible before making an application, in order to comply with *Principle 11* (see SUP 15.3.7G (Notifications to the *FSA*)). These discussions will help the *FSA* and the *firm* to agree the correct approach for the *firm*.

6.2.7

G
/1

If a *firm* intends to cease carrying on one or more *regulated activities* permanently, it should give prompt notice to the *FSA* to comply with *Principle 11* (see SUP 15.3.8G(1)(d)). A *firm* should consider whether it needs to notify the *FSA* before applying to vary or cancel its *Part IV permission*.

Firms with long term liabilities to customers

6.2.8

G
/1

Discussions with the *FSA* are particularly relevant where the *firm* has to discharge obligations to its *customers* or policyholders before it can cease carrying on a *regulated activity*. This may be the case, for example, where the *firm* is an *insurer*, a *bank* or, as is often the case, holding *client money* or *customer assets*.

6.2.9 G_{/1} If an *insurer* or a *bank* wishes to cease carrying on all *regulated activities* for which it has *Part IV permission*, it will usually be necessary to wind down the business over a long term period which is normally more than six months. This may also be the case for a *firm* holding *client money* or *customer assets*. In these circumstances, it will usually be appropriate for the *firm* to apply for variation of its *Part IV permission* before commencing the wind-down. A *firm* should only make an application for cancellation of *permission* when it expects to complete its wind-down (run-off) within six months.

6.2.10 G_{/1} A *firm* which is winding down (running off) its activities should contact its usual supervisory contact at the *FSA* to discuss its circumstances. The *FSA* will discuss the *firm's* winding down plans and the need for the *firm* to vary or cancel its *Part IV permission*. Following these discussions, an application for variation or cancellation of *Part IV permission*, as appropriate, should usually be made by the *firm*, although, in certain circumstances, the *FSA* may use its *own-initiative powers* under section 45 of the *Act* (Variation etc. on the *FSA's* own initiative) (see *SUP 7* and *ENF 3* (Variation of *Part IV permission* on the *FSA's* own initiative)).

6.2.11 G_{/1}

- (1) Specific guidance on the additional procedures for a *firm* winding down (running off) its business in the circumstances discussed in *SUP 6.2.8G* is in *SUP 6 Ann 4G*.
- (2) The guidance in *SUP 6 Ann 4G* applies to any *firm* that is applying for variation of *Part IV permission* before it applies for cancellation of *Part IV permission* to enable it to wind down (run off) its business over a long term period of six months or more. It will apply to most *insurers* and *banks* and, in some circumstances, as advised by the *FSA*, to *firms* holding *client money* or *customer assets*.
- (3) If a *firm* wishes to cease carrying on some of its *regulated activities*, or the *specified investments* in respect of which the activities are carried on, the *FSA* may consider it appropriate for the *firm* to comply with the additional procedures in *SUP 6 Ann 4G*. This would depend on the scale and nature of the *regulated activities* concerned. This might be the case, for example, if the *firm* is ceasing a significant part of its business in respect of which it has outstanding obligations to *customers* and the *FSA* believes that the additional procedures would protect *consumers*.

UK firms exercising EEA or Treaty rights

6.2.12 G_{/1} A *UK firm* should assess the effect of any change to its *Part IV permission* on its ability to continue to exercise any *EEA right* or *Treaty right* and discuss any concerns with its usual supervisory contact at the *FSA*. A variation of *Part IV permission* may also change the *applicable provisions* with which it is required to comply by a *Host State*.

6.2.13 G_{/1} A *UK firm* which, as well as applying to vary or cancel its *Part IV permission*, wishes to vary or terminate any business which it is carrying on in another *EEA State* under one of the *Single Market Directives*, should follow the procedures in *SUP 13* (Exercise of passport rights by *UK firms*) on varying or terminating its *branch* or *cross border services* business.

The Lloyd's market

6.2.14

G
/1

A *firm* making an application to vary or cancel its *Part IV permission* which requires any approval from the *Society of Lloyd's* should apply to the *Society* for this at the same time as applying to the *FSA* for the variation or cancellation. See *SUP 6 Ann 4G* for additional procedures.

6.3 Applications for variation of permission

What is a variation of permission?

- 6.3.1** **G**_{/1} Under section 44 of the *Act*, a *firm* may apply to the *FSA* to vary its *Part IV permission* to:
- (1) allow it to carry on further *regulated activities*; or
 - (2) reduce the number of *regulated activities* it is permitted to carry on; or
 - (3) vary the *FSA*'s description of its *regulated activities* (including by the removal or variation of any *limitations*); or
 - (4) cancel any *requirement* applied for by the *firm* or imposed by the *FSA* under section 43 of the *Act* (Imposition of requirements); or
 - (5) vary any such *requirement*.

- 6.3.2** **G**_{/1} An application for variation of *Part IV permission* may include one or more of *SUP* 6.3.1G(1)-(5). For example, a *firm* may apply to vary its *Part IV permission* to add a new *regulated activity* and at the same time remove a *regulated activity* for which it currently has *permission*.

- 6.3.3** **G**_{/1} In applying for a variation of *Part IV permission*, a branch of a *firm* from outside the *EEA* should be mindful of any continuing requirements referred to in *AUTH* 3.18 and, for *insurers*, *AUTH* 3.12.

Applications to add additional regulated activities

- 6.3.4** **G**_{/1} In determining the activities and *specified investments* for which a *Part IV permission* is required, and whether to apply for a variation of that *permission*, a *firm* may need to take professional advice and may also wish to discuss this with its usual supervisory contact at the *FSA*.

- 6.3.5** **G**_{/1} Before applying to vary its *permission*, a *firm* should determine whether there are any statutory restrictions that do not allow combinations of certain types of *regulated activity*, particularly for *insurance business* or *UCITS* managers. For example, the *FSA* will not grant a variation of *Part IV permission* to allow a *friendly society* to carry on reinsurance business (see *AUTH* 3.12.5G). A *firm* should refer to *AUTH* 3 for details of any restrictions or discuss its plans with its usual supervisory contact at the *FSA*.

6.3.6 G_{/1} If a *firm* is seeking a variation of *Part IV permission* to add categories of *regulated activities*, it should be mindful of the directive requirements referred to at *SUP* 6.3.42G relating to the need to commence new activities within 12 months.

Applications to remove certain regulated activities

6.3.7 G_{/1} If a *firm* wishes to cease carrying on an activity for which it has *Part IV permission*, it will usually apply to vary its *Part IV permission* to remove that activity. If a *firm* wishes to cease carrying on an activity in relation to any *specified investment*, it will usually apply to vary its *Part IV permission* to remove that *specified investment* from the relevant activity.

How a variation of permission may affect the firm’s approved persons

- 6.3.8** G_{/1}
- (1) Where a *firm* is submitting an application for variation of *Part IV permission* which would lead to a change in the *controlled functions* of its *approved persons*, it should, at the same time and as appropriate:
 - (a) make an application to the *FSA* for an internal transfer of an *approved person*, Form E (Internal transfer), or make an application to the *FSA* for an individual to perform additional *controlled functions*, Form A (Application); see *SUP* 10.13.3G to *SUP* 10.13.5G;
 - (b) notify the *FSA* of any *approved person* who has ceased to perform a *controlled function*, Form C (Ceasing to perform controlled functions); see *SUP* 10.13.6G to *SUP* 10.13.13G.
 - (2) If the *firm* intends to recruit new individuals to perform *controlled functions*, it should apply to the *FSA* for approval of the individuals as *approved persons* as soon as possible using Form A (Application); see *SUP* 10.12.

How a variation of permission may change a firm’s prudential category

6.3.9 G_{/1} A variation of *Part IV permission* may, in some cases, lead to a change in a *firm’s* prudential category or sub-category (see *SUP* App 1). For example, an *investment management firm* which varies its *Part IV permission* to include *accepting deposits* and as a result meets the definition of a *bank*, would move to the prudential category for a *bank* (see *SUP* App 1 1.3.1G).

6.3.10 G_{/1} Even if a variation of *permission* does not itself lead to a change in a *firm’s* prudential category or sub-category, the *FSA* may use its *own-initiative powers* to require a *firm* to comply with a different category or sub-category of prudential *rules* where it considers this to be appropriate. For details of when and how the *FSA* may use its *own-initiative powers* in this context, see *SUP* 7.

Variation of permission involving insurance business

6.3.11 G_{/1} A *firm* with *Part IV permission* to carry on *insurance business*, which is applying for a variation of its *Part IV permission* to add further *insurance activities* or *specified investments*, will be required to submit particular information on its

existing activities as part of its application. This includes the *scheme of operations* which is required to be submitted as part of the application pack (for further details on the *scheme of operations*, see SUP App 2 (Insurers: scheme of operations)).

6.3.12 G_{/1} In applying to vary its *Part IV permission* to add categories of *specified investments*, in relation to *insurance business*, a *firm* carrying on *insurance business* will need to determine the *classes* of *specified investments* relating to *effecting and carrying out contracts of insurance* for which variation of *Part IV permission* will be necessary, having regard to whether certain *classes* of contract may qualify to be effected or carried out on an ancillary or supplementary basis (see AUTH 3.12.6G to AUTH 3.12.12G).

6.3.13 G_{/1} The application for variation of *Part IV permission* will need to provide information about the *classes* of *contract of insurance* for which variation of *Part IV permission* is requested and also those *classes* qualifying to be carried on on an ancillary or supplementary basis. *Firms* should note that, as explained in AUTH 3.9.29G(3), the FSA will not use the power described in AUTH 3.9.29G(2) to grant *Part IV permission* for *insurance business* which has not been included in the application.

6.3.14 G_{/1}

- (1) A *firm* carrying on *insurance business* which is seeking to cease such business in respect of one or more *classes* of *specified investment*, but which is not intending to cease all *insurance business*, should apply to vary its *Part IV permission* to remove the activity of *effecting contracts of insurance* in respect of those *specified investments* in relation to which it no longer wishes to carry on business. A *firm* intending to cease all *insurance business* should refer to SUP 6 Ann 4G.
- (2) If the application for variation of *Part IV permission* is granted by the FSA, the *firm* will have *Part IV permission* only to *carry out contracts of insurance* in respect of the *specified investments* in relation to which it no longer wishes to carry on business (see SUP 6 Ann 4G). This will allow the *firm* to run off this aspect of its business. When the business in question has been run-off completely, the *firm* should then apply to vary its *Part IV permission* to remove the relevant *classes* of *specified investment*.

The application for variation of permission

6.3.15 D_{/1}

- (1) A *firm* which wishes to apply for a variation of *Part IV permission* must do so in writing to the FSA, explaining the variation it seeks.
- (2) A *firm's* application for variation of *Part IV permission* must be given or addressed, and delivered in the way set out in SUP 15.7.4R to SUP 15.7.6R (Form and method of notification).
- (3) Until the application has been determined, a *firm* which submits an application for variation of *Part IV permission* must inform the FSA of any significant change to the information given in the application immediately it becomes aware of the change.

6.3.16 G_{/1}

- (1) Section 51(2) of the Act (Applications under this Part) requires that the application for variation of *Part IV permission* must contain a statement:
 - (a) of the desired variation; and

(b) of the *regulated activity* or *regulated activities* which the *firm* proposes to carry on if its *permission* is varied.

(2) The full form and content of the application for variation of *Part IV permission* is a matter for direction by the *FSA*, who will determine the additional information and documentation required on a case by case basis.

6.3.17

G
/1

(1) Subject to *SUP* 6.3.20G, there is no application pack for a variation of *Part IV permission*. Instead, a *firm* should send an application under *SUP* 6.3.15D to its usual supervisory contact at the *FSA*. This application should set out the requirements in *SUP* 6.3.16G in as much detail as possible, together with a detailed description of the reasons and circumstances that have given rise to the request.

(2) However, a *firm* is advised to discuss its application with its usual supervisory contact at the *FSA* before submission, particularly if it is seeking a variation of *permission* within a short timescale. A *firm* is also advised to include as much detail as possible (including any additional information identified by its supervisors at this stage) with its application.

6.3.18

G
/1

The *FSA*, as soon as possible after receipt of an application, will advise the *firm* of any additional information which is required as part of its application (see *SUP* 6.3.23G to *SUP* 6.3.27G). The amount of information the *FSA* will require will vary depending on the scale of the variation in the context of the *firm* as a whole, and the nature, risk profile and complexity of the variation.

Applications from firms winding down (running off) business over the long term

6.3.19

G
/1

A *firm* which is making an application for variation of *Part IV permission* to wind down (run off) its business before applying for a cancellation of that *permission* (see *SUP* 6.2.9G) should read *SUP* 6 Ann 4G for details of the additional procedures that apply.

Applications involving significant changes

6.3.20

G
/1

In certain cases, *FSA* may consider that granting an application for variation of *Part IV permission* which includes adding further *regulated activities* or changing a *requirement* or *limitation* would cause a significant change in the *firm's* business or risk profile. In these circumstances, the *FSA* may require the *firm* to complete appropriate parts of the full application pack (see *AUTH* 3), as directed by the *FSA*. Applications for variation involving significant changes may be processed by the *firm's* usual supervisory contact at the *FSA*, in conjunction with the Corporate Authorisation department.

6.3.21

G
/1

Examples of an application for variation of *Part IV permission* which may represent a significant change include, but are not limited to, an application:

- (1) to carry on new *regulated activities* such as *accepting deposits*;
- (2) to extend the *insurance business* of a *firm* which already has *Part IV permission* which includes *carrying out* or *effecting contracts of insurance* (or both), to new *classes of specified investment*; or

- (3) to remove a *requirement* preventing a *firm* from holding or controlling *client money*; or
- (4) which causes the *firm* to change prudential category by, for example, removing a *requirement* relating to prudential category (see SUP App 1).

6.3.22

G
/1

A *firm* that wishes to make a significant change to its business, or is unsure whether the changes it is proposing would be considered to be significant, should contact its usual supervisory contact at the FSA. The FSA will discuss with the *firm* whether it will be required to submit parts of the application pack and whether any reports from third parties may be required.

Information to be supplied to the FSA as part of the application

6.3.23

G
/1

- (1) The FSA may ask for any information it reasonably requires before determining the application. The information required will be determined on a case by case basis, taking into account the FSA’s existing knowledge of the *firm* and the variation requested. The FSA will advise the *firm* of the information required at an early stage in the application process.
- (2) The nature of the information and documents requested will be related to the risks posed to the FSA’s *regulatory objectives* by the *regulated activities* and any *unregulated activities* that the *firm* is seeking to carry on. This information will be proportional to the nature of the business which the *firm* intends to carry on or the risks posed by the *firm*.

6.3.24

G
/1

- (1) The information the FSA may require includes, but is not limited to, the examples given in SUP 6.3.25G:

6.3.25

G
/1

Table Information which may be required. See SUP 6.3.24G

Type of business	Information which may be required
All	<ul style="list-style-type: none"> 1. Details of how the <i>firm</i> plans to comply with the FSA’s regulatory requirements relating to any additional <i>regulated activities</i> it is seeking to carry on. 2. Descriptions of the <i>firm</i>’s key controls, senior management arrangements and audit and proposed compliance arrangements in respect of any new <i>regulated activity</i> (see SYSC). 3. Organisation charts and details of individuals transferring or being recruited to perform new <i>controlled functions</i> (see SUP 10 for details of the application or transfer procedures under the <i>approved persons</i> regime).
<i>Insurance business</i>	<ul style="list-style-type: none"> 1. A <i>scheme of operations</i> in accordance with SUP Appendix 2.

Type of business	Information which may be required
Accepting deposits and designated investment business	1. A business plan which includes the impact of the variation on the <i>firm's</i> existing or continuing business financial projections for the <i>firm</i> , including the impact of the requested variation of <i>Part IV permission</i> on the <i>firm's</i> financial resources and capital adequacy requirements.

6.3.26 G_{/1} Specific information may also be required by the *FSA* on the activities the *firm* intends to cease, or cease carrying on in relation to any *specified investments* (see *SUP* 6 Ann 4G).

6.3.27 G_{/1} When determining whether to grant an application, the *FSA* may request further information, including reports from third parties such as the *firm's* auditors, and may require meetings with, and visits to, the *firm*. The *FSA* may also require a statement from members of the *firm's governing body* confirming, to the best of their knowledge, the completeness and accuracy of the information supplied. The *FSA* may also discuss the application with other regulators, exchanges.

When will the FSA grant an application for variation of permission?

6.3.28 G_{/1} (1) The *FSA* is required by section 41(2) of the *Act* to ensure that a *firm* applying to vary its *Part IV permission* satisfies and will continue to satisfy the *threshold conditions* in relation to all the regulated activities for which the *firm* has or will have *Part IV permission* after the variation. However, the *FSA's* duty under the *Act* does not prevent it, having regard to that duty, from taking such steps as it considers necessary in relation to a particular *firm*, to secure its *consumer* protection objective. This may include granting a *firm's* application for variation of *Part IV permission* when it wishes to wind down (run off) its business activities and cease to carry on new business as a result of no longer being able to satisfy the *threshold conditions*.

(2) In addition, the *FSA* may refuse the application if it appears that the interests of *consumers*, or a group of *consumers*, would be adversely affected if the application were to be granted and it is desirable in the interests of *consumers*, or that group of *consumers*, for the application to be refused.

6.3.29 G_{/1} In determining whether the *firm* satisfies and continues to satisfy the *threshold conditions*, the *FSA* will consider whether the *firm* is ready, willing and organised to comply with the regulatory requirements it will be subject to if the requested variation of *Part IV permission* is granted.

6.3.30 G_{/1} The *FSA* will also consider the specific requirements that apply to certain types of activity (see *AUTH* 3.11 to *AUTH* 3.20) as these may not allow certain combinations of activity.

6.3.31 G_{/1} In considering whether to grant a *firm's* application to vary its *Part IV permission*, the *FSA* will also have regard, under section 49(1) of the *Act* (Persons connected with an applicant), to any person appearing to be, or likely to be, in a relationship with the *firm* which is relevant (see *AUTH* 3.9.22G to *AUTH* 3.9.24G (*Connected persons*)).

The FSA's powers in respect of application for variation of Part IV permission

6.3.32 G_{/1} The FSA's power to vary a *Part IV permission* after it receives an application from a *firm* extends to including in the *Part IV permission* as varied any provision that could be included as though a fresh *permission* was being given in response to an application under section 40 of the *Act* (Application for permission), see *AUTH* 3. Under sections 42 (Giving permission) and 43 of the *Act* (Imposition of requirements), the FSA may:

- (1) incorporate in the description of a *regulated activity* a *limitation* (for example, as to the circumstance in which a *regulated activity* may or may not be carried on); or
- (2) specify a narrower or wider description of *regulated activity* than the *firm* applied for in the application for variation of *Part IV permission* (see *AUTH* 3.9.29G(3) for restrictions on *insurers*); or
- (3) require the *firm* not to take a specified action (for example, not to hold *client money*); or
- (4) require the *firm* to take a specified action (for example, to submit financial returns more frequently than normal).

6.3.33 G_{/1} Thus, when determining an application for variation of *Part IV permission*, the FSA can, therefore:

- (1) include new *limitations* and vary existing *limitations*, either on application from the *firm* (for example, the *customer* categories with which a *firm* may carry on a specified activity), or if considered appropriate by the FSA under section 42(7)(a) of the *Act*; or
- (2) include any new *requirements* and vary existing *requirements*, either on application from the *firm* or where considered appropriate by the FSA under section 43 of the *Act* to ensure that the *firm* satisfies and continues to satisfy the *threshold conditions*.

6.3.34 G_{/1} If *limitations* or *requirements* are varied or imposed by the FSA which were not included in the *firm's* application for variation of *Part IV permission*, the FSA will be required to issue the *firm* with a *warning notice* and *decision notice* (see *SUP* 6.3.39G).

How long will an application take?

6.3.35 G_{/1} Under section 52(1) of the *Act* (Determination of applications), the FSA has six months to consider a completed application from the date of receipt.

6.3.36 G_{/1} If the FSA receives an application which is incomplete (that is, if information or a document required as part of the application is not provided), section 52(2) of the *Act* requires the FSA to determine that incomplete application within 12 months of the initial receipt of the application.

6.3.37 G_{/1} Within these time limits, however, the length of the process will relate directly to the complexity of the variation requested. The FSA publishes standard response times on its website at www.fsa.gov.uk setting out how long the application

process is expected to take in practice. From time to time, the *FSA* also publishes its performance against these times.

6.3.38

G
/1

At any time after receiving an application and before determining it, the *FSA* may require the applicant to provide additional information or documents. The circumstances of each application will dictate what additional information or procedures are appropriate.

How will the FSA make the decision?

6.3.39

G
/1

A decision to grant an application for variation of *Part IV permission*, as applied for, will be taken by appropriately experienced *FSA* staff. However, if the *FSA* staff dealing with the application recommend that a *firm's* application for variation of *Part IV permission* be either refused or granted subject to *limitations* or *requirements* or a narrower description of *regulated activities* than applied for, the decision will be taken by either the *RDC* or *executive procedures*.

6.3.40

G
/1

DEC gives guidance on the *FSA's* decision making procedures including the procedures it will follow if it proposes to refuse an application for variation of *Part IV permission* either in whole or in part (for example, an application granted by the *FSA* but subject to *limitations* or *requirements* not applied for).

Commencing new regulated activities

6.3.41

G
/1

If the variation of *Part IV permission* is given, the *FSA* will expect a *firm* to commence a new *regulated activity* in accordance with its business plan (revised as necessary to take account of changes during the application process) or scheme of operations for an *insurer*. *Firms* should take this into consideration when determining when to make an application to the *FSA*.

6.3.42

G
/1

- (1) *Firms* should be aware that the *FSA* may exercise its *own-initiative power* to vary or cancel their *Part IV permission* if they do not:
 - (a) commence a *regulated activity* for which they have *Part IV permission* within a period of at least 12 months from the date of being given; or
 - (b) carry on a *regulated activity* for which they have *Part IV permission* for a period of at least 12 months (irrespective of the date of grant).
- (2) If the *FSA* considers that such a variation or cancellation of the *firm's Part IV permission* is appropriate, it will discuss the proposed action with the *firm* and its reasons for not commencing or carrying on the *regulated activities* concerned.

6.3.43

G
/1

When a *firm* commences new *regulated activities* following a variation of a *Part IV permission*, it should have particular regard to the requirements of *Principle 11* (Relations with regulators) (see *SUP 15.3.8G(1)(c)*).

6.4 Applications for cancellation of permission

6.4.1 **G**_{/1} Under section 44(2) of the *Act* (Variation etc. at request of authorised person), if an *authorised person* with a *Part IV permission* applies to the *FSA*, the *FSA* may cancel that *permission*. Cancellation applies to a *firm's* entire *Part IV permission*; that is to every activity and every *specified investment* and not to the individual elements such as *specified investments*. Changes to the individual elements of a *permission* would require a variation.

6.4.2 **G**_{/1} Under section 44(3) of the *Act*, the *FSA* may refuse an application from a *firm* to cancel its *Part IV permission* if it appears that:

- (1) the interests of *consumers*, or potential *consumers*, would be adversely affected if the application were to be granted; and
- (2) it is desirable in the interests of *consumers*, or potential *consumers*, for the application to be refused.

6.4.3 **G**_{/1}

- (1) A *firm* may apply to the *FSA* to cancel its *Part IV permission* before it has ceased carrying on all *regulated activities*. However, where a *firm* makes a formal application for cancellation of its *permission* when it has not yet ceased carrying on *regulated activities*, the *FSA* will expect the *firm*:
 - (a) to cease those *regulated activities* within the short term (normally no more than six months from the date of application for cancellation); and
 - (b) to have formal plans to cease its *regulated activities* in an orderly manner.
- (2) *Firms* should note, however, that the *FSA* will not grant an application for cancellation of *Part IV permission* until the *firm* can demonstrate that it has ceased carrying on all *regulated activities* (SUP 6.4.19G).
- (3) The *FSA* may apply additional procedures or require additional information, as if the *firm* had entered into a long term wind down of business (see SUP 6 Ann 4G), if it considers it appropriate to the circumstances of the *firm*.

6.4.4 **G**_{/1} Additional guidance for a *firm* carrying on *insurance business*, *accepting deposits* or which holds *client money* or *customer's* assets is given in SUP 6 Ann 4G. As noted in SUP 6.2.9G, it will usually be appropriate for a *firm* to apply for variation of its *Part IV permission* while winding down (running off) its *regulated activities* and before applying to cancel its *Part IV permission*.

The application for cancellation of permission

6.4.5 **D**_{/1} (1) If a *firm* wishes to cancel its *Part IV permission*, it must write to the *FSA* giving the reasons for its application to cancel its *Part IV*

permission and the date on which the *firm* has ceased, or expects to cease, to carry on *regulated activities*. The *firm* must explain the full circumstances of its application.

- (2) A *firm's* application for cancellation of *Part IV permission* must be:
 - (a) given to a member of, or addressed for the attention of, the Resignation Team at the *FSA*; and
 - (b) delivered to the *FSA* by one of the methods in *SUP 15.7.5R* (Form and method of notification).
- (3) A *firm's* application for cancellation of *Part IV permission* must be served in the ways set out in *SUP 15.7* (Form and method of notification).
- (4) Until the application has been determined, a *firm* which submits an application for cancellation of *Part IV permission* must inform the *FSA* of any significant change to the information given in the application immediately it becomes aware of the change.

6.4.6

G

/1

- (1) *SUP 6.4.5R(2)(a)* provides that the application for cancellation of *Part IV permission* must be sent to the Resignation Team in the *FSA's* Corporate Authorisation department which performs a central administrative function. The *firm's* usual supervisory contact at the *FSA* will, however, be responsible for all day-to-day contact with the *firm* and assessing the application.
- (2) To contact the Corporate Authorisation Resignation Team:
 - (a) telephone on 020 7676 1000; fax on 020 7676 1099; or
 - (b) write to: Corporate Authorisation Resignation Team, The Financial Services Authority, 25 The North Colonnade, Canary Wharf, London, E14 5HS; or
 - (c) email corporate.authorisation@fsa.gov.uk

6.4.7

G

/1

When it receives this application, the Corporate Authorisation Resignation Team will send the *firm* a written acknowledgement. This acknowledgement will explain the cancellation process and detail the information required as part of the application (examples of which are given in *SUP 6.4.8G* to *SUP 6.4.17G*). The *firm* will be required to provide information which, in the opinion of the *FSA*, is necessary for it to determine whether to grant or refuse the application for cancellation of *Part IV permission*. The Corporate Authorisation Resignation Team will work with the *firm's* usual supervisory contact at the *FSA* during this process.

Information to be supplied to the FSA as part of the application for cancellation of permission

6.4.8

G

/1

The information which the *FSA* may request on the circumstances of the application for cancellation and the confirmations which the *FSA* may require a *firm* to provide will differ according to the nature of the *firm* and the activities it has *Part IV permission* to carry on.

6.4.9 G_{/1} A *firm* will be expected to demonstrate to the *FSA* that it has ceased carrying on *regulated activities*. The *FSA* may require, as part of the application, a report from the *firm* that includes, but is not limited to, the confirmations referred to in *SUP* 6.4.12G (as appropriate to the *firm's* business). The *FSA* may also require additional information to be submitted with the report including, in some cases, confirmation or verification from a professional adviser on certain matters to supplement the report (see *SUP* 6.4.15G).

6.4.10 G_{/1}

- (1) If a *firm* is subject to the complaints rules in *DISP*, the *FSA* may request confirmation from the *firm* that there are no unresolved, unsatisfied or undischarged complaints against the *firm* from a *customer* of the *firm*.
- (2) If there are unresolved or undischarged complaints against a *firm* from a *customer* of the *firm*, the *FSA* may request confirmation, as appropriate, of the steps (if any) which have been taken under the *firm's* complaints procedures and the amount of compensation claimed. The *FSA* may also request an explanation of the arrangements made for the future consideration of such complaints.

6.4.11 G_{/1} If the *firm* is carrying on *designated investment business* with *private customers*, the *FSA* may request confirmation that the *firm* has written, or intends to write, to all *private customers* with, or for whom, the *firm* has conducted *regulated activities* within a certain period.

Confirmations and resolutions

6.4.12 G_{/1} The *FSA* will usually require the report in *SUP* 6.4.9G to be signed by a *director* or other officer with authority to bind the *firm*. It may include confirmations from the *firm* that, in relation to business carried on under its *Part IV permission*, it has:

- (1) ceased carrying on all *regulated activities*;
- (2) properly disbursed funds in its *client bank accounts* and closed those accounts;
- (3) discharged all insurance or *deposit* liabilities; and
- (4) properly transferred all *investments*, title documents and other property that it held on behalf of *clients*.

6.4.13 G_{/1} The *FSA* may also require a resolution from the *firm's governing body*, for example to support the application for cancellation of *permission*, expressed to be irrevocable, and to give the signatory the authority to sign the formal report to the *FSA*.

6.4.14 G_{/1} Under section 397 of the *Act* (Misleading statements and practices), it is an *offence*, in purported compliance with a requirement imposed by or under the *Act* (including the directions in *SUP* 6.4.5D), for a *person* to knowingly or recklessly give the *FSA* information that is false or misleading. If necessary, a *firm* should take appropriate professional advice when supplying information required by the *FSA*. An *insurer*, for example, may ask an *actuary* to check assumptions in respect of future *claims* made under *contracts of insurance*.

Reports from professionals

6.4.15 G_{/1} The *FSA* may require additional information, including professional advice, to supplement or support the report in *SUP* 6.4.9G where it considers this appropriate. Examples of reports that may be requested by the *FSA* include, but are not limited to those detailed in *SUP* 6.4.16G.

6.4.16 G_{/1} Table Types of reports. See *SUP* 6.4.15G

Category of firm	Type of report
a <i>bank</i> or <i>building society</i>	<ul style="list-style-type: none"> • an audited balance sheet which confirms that, in the auditor’s opinion, the <i>firm</i> has no remaining <i>deposit</i> liabilities to <i>customers</i>; • a report from auditors or <i>reporting accountants</i>;
a <i>securities and futures firm</i>	<ul style="list-style-type: none"> • a report from auditors or <i>reporting accountants</i>
an <i>insurer</i>	<ul style="list-style-type: none"> • an audited closing balance sheet which demonstrates that the <i>firm</i> has no insurance liabilities to <i>policyholders</i>; • a report from the auditors or <i>reporting accountants</i>: and • in some cases, an actuarial opinion as to the likelihood of any remaining liabilities to <i>policyholders</i>.

6.4.17 G_{/1} If a *firm* is transferring its business, the *FSA* may require a professional opinion in respect of certain aspects of the transfer. For example, the *FSA* may require a legal opinion on the validity of arrangements to transfer *regulated activities*, *client money*, *client deposits*, *custody assets* or any other *property* belonging to *clients*, to another *authorised person*. Alternatively, an auditor or *reporting accountant* may be requested to verify that a transfer has been properly accounted for in the *firm*’s books and records. Transfers of *insurance* and *banking business* are subject to statutory requirements (see *SUP* 18).

Approved persons

6.4.18 G_{/1} A *firm* which is applying for cancellation of *Part IV permission* and which is not otherwise *authorised* by, or under, the *Act* should, at the same time, comply with *SUP* 10.13.6R and notify the *FSA* of persons ceasing to perform *controlled functions*. These forms should give the effective date of withdrawal, if known (see *SUP* 10 (Approved persons)).

When will the FSA grant an application for cancellation of permission?

6.4.19

G
/1

The FSA will usually not cancel a *firm's Part IV permission* until the *firm* can demonstrate that, in relation to business carried on under that permission, it has, as appropriate:

- (1) ceased carrying on *regulated activities* or fully run off or transferred all insurance liabilities;
- (2) repaid all *client money* and *client deposits*;
- (3) discharged *custody assets* and any other *property* belonging to *clients*; and
- (4) discharged, satisfied or resolved complaints against the *firm*.

6.4.20

G
/1

If it is not possible for a *firm* to demonstrate a relevant matter referred to in SUP 6.4.19G, for example, depositors are uncontactable, the *firm* will be expected to have satisfied the FSA that it has made adequate provisions for discharging any liabilities to *clients* which do not involve the *firm* carrying on *regulated activities*.

6.4.21

G
/1

Before the FSA cancels a *firm's Part IV permission*, the *firm* will be expected to be able to demonstrate that it has ceased or transferred all *regulated activities* under that *permission*. For example, the *firm* may be asked to provide evidence that a transfer of business (including, where relevant, any *client money*, *customer* assets or *deposits* or insurance liabilities) is complete. As noted in SUP 6.4.9G, the FSA may require the *firm* to confirm this by providing a report, in a form specified by the FSA:

- (1) as part of the application for cancellation of *permission*, if the *firm* has ceased carrying on all *regulated activities* under its *Part IV permission* at the time of application (see SUP 6.4.9G); or
- (2) after the application but before its determination, if the *firm* has not ceased carrying on *regulated activities* under its *Part IV permission* at the time of application.

6.4.22

G
/1

In deciding whether to cancel a *firm's Part IV permission*, the FSA will take into account all relevant factors in relation to business carried on under that *permission*, including whether:

- (1) there are unresolved, unsatisfied or undischarged complaints against the *firm* from any of its *customers*;
- (2) the *firm* has complied with COB 9.3.133R (Client money: discharge of fiduciary duty) and COB 9.3.138R (Client money: allocated but unclaimed client money) if it has ceased to hold *client money*; these COB rules apply to both repayment and transfer to a third party;
- (3) the *firm* has ceased to hold or control *custody assets* in accordance with instructions received from *clients* (including instructions set out in an agreement entered into in accordance with COB 9.1.49R (Custody: client agreement));
- (4) the *firm* has repaid all *client deposits*, if it is ceasing to carry on *regulated activities* including *accepting deposits*;
- (5) the FSA or another regulator has commenced an investigation against the *firm* or continuing enforcement action against the *firm*;

- (6) there are any matters affecting the *firm* which should be investigated before a decision on whether the *firm* should have its *Part IV permission* cancelled by the *FSA* or be disciplined;
- (7) the *firm* has unsettled or unexpired liabilities to *consumers*, for example, outstanding contracts (such as *deposits* or insurance liabilities);
- (8) the *firm* has settled all its debts to the *FSA*; and
- (9) the factors set out in *SUP* 6.4.19G apply.

The FSA’s enforcement and investigation powers against a former authorised person

6.4.23

G
/1

If the *FSA* has granted an application for cancellation of *Part IV permission* and withdrawn a *firm’s* status as an *authorised person* (see *SUP* 6.5) it will retain certain investigative and enforcement powers in relation to the *firm* as a former *authorised person*. These include:

- (1) information gathering and investigation powers in Part XI of the *Act* (Investigation gathering and investigations) (see *ENF* 2 (Information gathering and investigation powers));
- (2) powers to apply to court for *injunctions* and restitution orders in Part XXV of the *Act* (Injunctions and restitution) (see *ENF* 6 (Injunctions) and *ENF* 9 (Restitution and redress));
- (3) powers in Part XXIV of the *Act* (Insolvency) to petition for administration orders or winding up orders against *companies* or insolvent *partnerships*, or bankruptcy orders (or in Scotland sequestration awards) against individuals (see *ENF* 10 (Insolvency proceedings and orders against debt avoidance));
- (4) powers in Part XXVII of the *Act* (Offences) to prosecute *offences* under the *Act* and other specified provisions (see *ENF* 15 (Prosecution of criminal offences)).

6.4.24

G
/1

However, the *FSA* will not be able to use the following powers against former *authorised persons*:

- (1) powers to take disciplinary action against *firms* by publishing statements of misconduct under section 205 of the *Act* (Public censure) or imposing financial penalties under section 206(1) of the *Act* (Financial penalties); and
- (2) the power to require *firms* to make restitution under section 384 of the *Act* (Power of the *FSA* to require restitution).

6.4.25

G
/1

Consequently, the *FSA* considers that it will have good reason not to grant a *firm’s* application for cancellation of *permission* where:

- (1) it proposes to exercise any of the powers described in *SUP* 6.4.24G; or
- (2) it has already begun disciplinary and restitution proceedings against the *firm* by exercising either or both of these powers against the *firm*.

6.4.26

G
/1

The *FSA’s* use of those powers is outlined in *ENF* 11 (Discipline of authorised firms and approved persons: The *FSA’s* general approach).

How long will an application take?

6.4.27

G
/1

- (1) Under section 52(1) of the *Act* (Determination of applications), the *FSA* has six months to consider a completed application.
- (2) If the *FSA* receives an application which is incomplete, that is, where information or a *document* required as part of the application is not provided, section 52(2) of the *Act* requires the *FSA* to determine the incomplete application within 12 months of the initial receipt of the application.
- (3) Within these time limits, however, the length of the process will relate directly to the complexity of variation requested and whether the *firm* has fully wound down (run off) its activities at the time it applies. The *FSA* publishes standard response times on its website setting out how long the application process is expected to take in practice. From time to time, the *FSA* also publishes its performance against these times.

How will FSA make the decision?

6.4.28

G
/1

A decision to grant an application for cancellation of *permission* will be taken by appropriately experienced *FSA* staff. Where, however, the *FSA* staff dealing with the application recommend that a *firm's* application for cancellation of *Part IV permission* be refused, the decision will be taken by the *RDC*.

6.4.29

G
/1

See *DEC* for *guidance* on the *FSA's* decision making procedures, including the procedures it will follow if it proposes to refuse an application for cancellation of *Part IV permission*.

6.5 Ending authorisation

6.5.1

G

^{/1}

Under section 33(2) of the *Act* (Withdrawal of authorisation by the FSA), if the FSA cancels a *firm's Part IV permission*, and as a result there is no *regulated activity* for which the *firm* has *permission*, the FSA is required to give a *direction* withdrawing the *firm's* status as an *authorised person*.

6.5.2

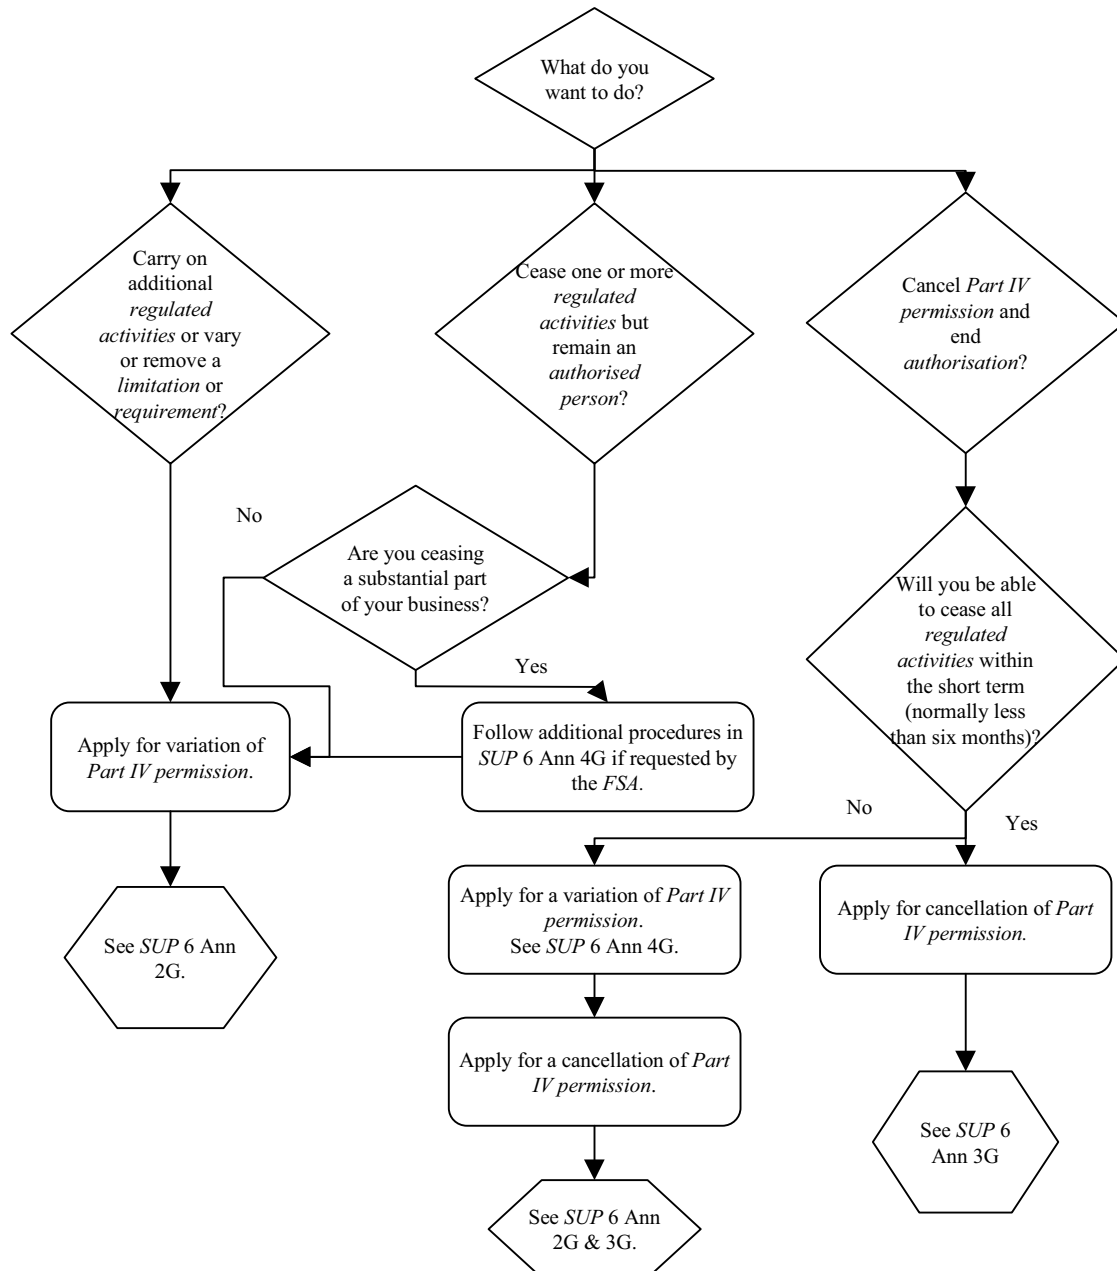

G

^{/1}

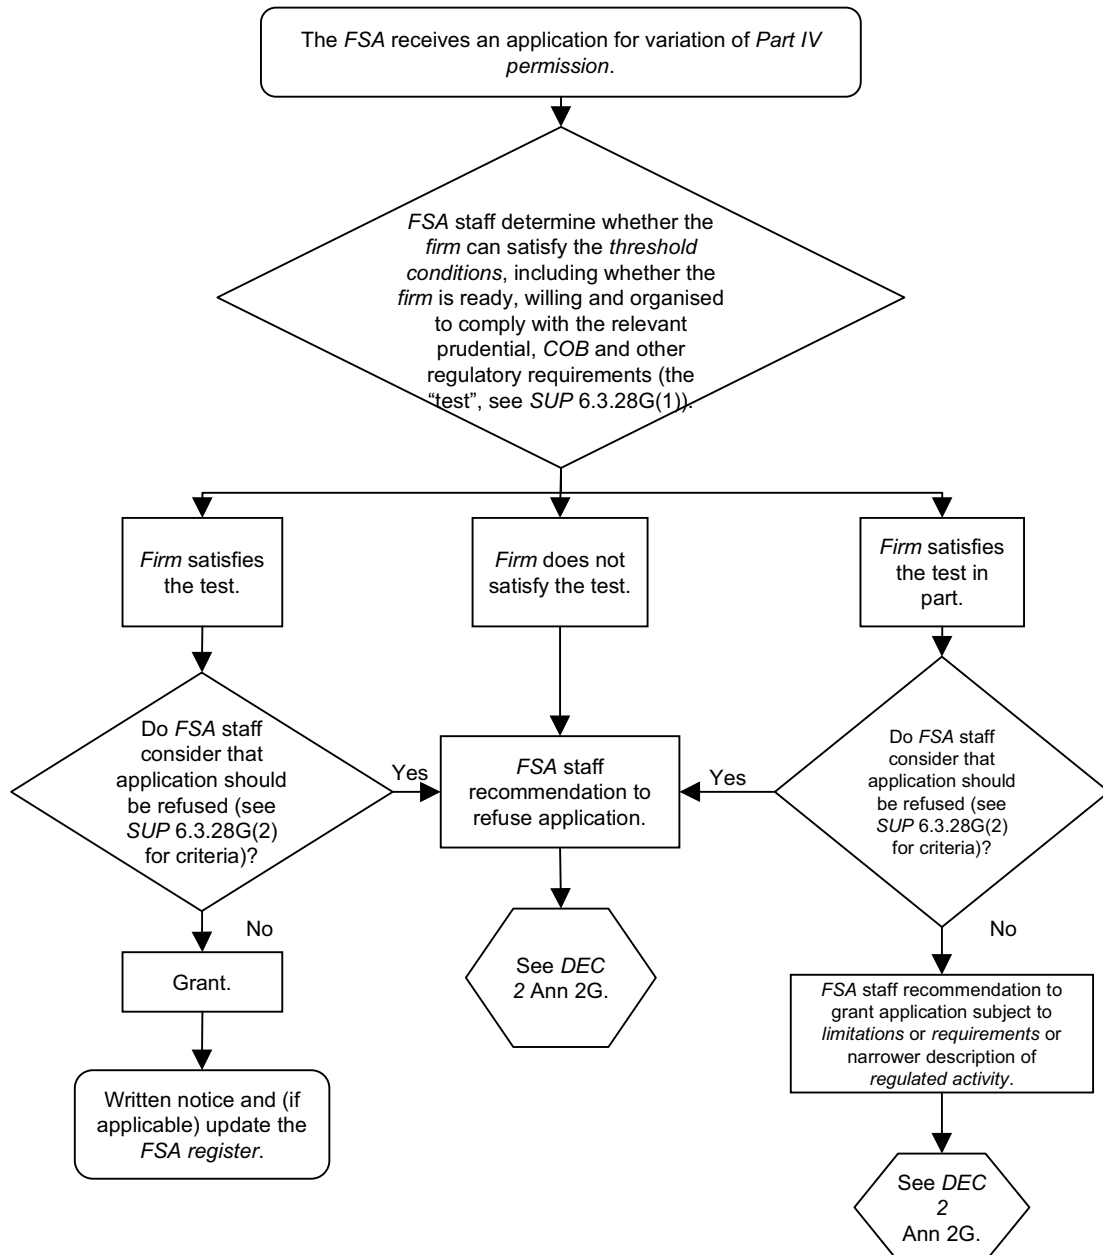

If the FSA concludes that it should grant a *firm's* application for cancellation of *permission* and end its *authorisation*, the FSA will:

- (1) cancel the *firm's Part IV permission* under section 44(2) of the *Act*;
- (2) withdraw the *firm's authorised* status under section 33(2) of the *Act* by giving the *firm* a direction in writing; and
- (3) update the *firm's* entry in the *FSA register* to show it has ceased to be *authorised*.

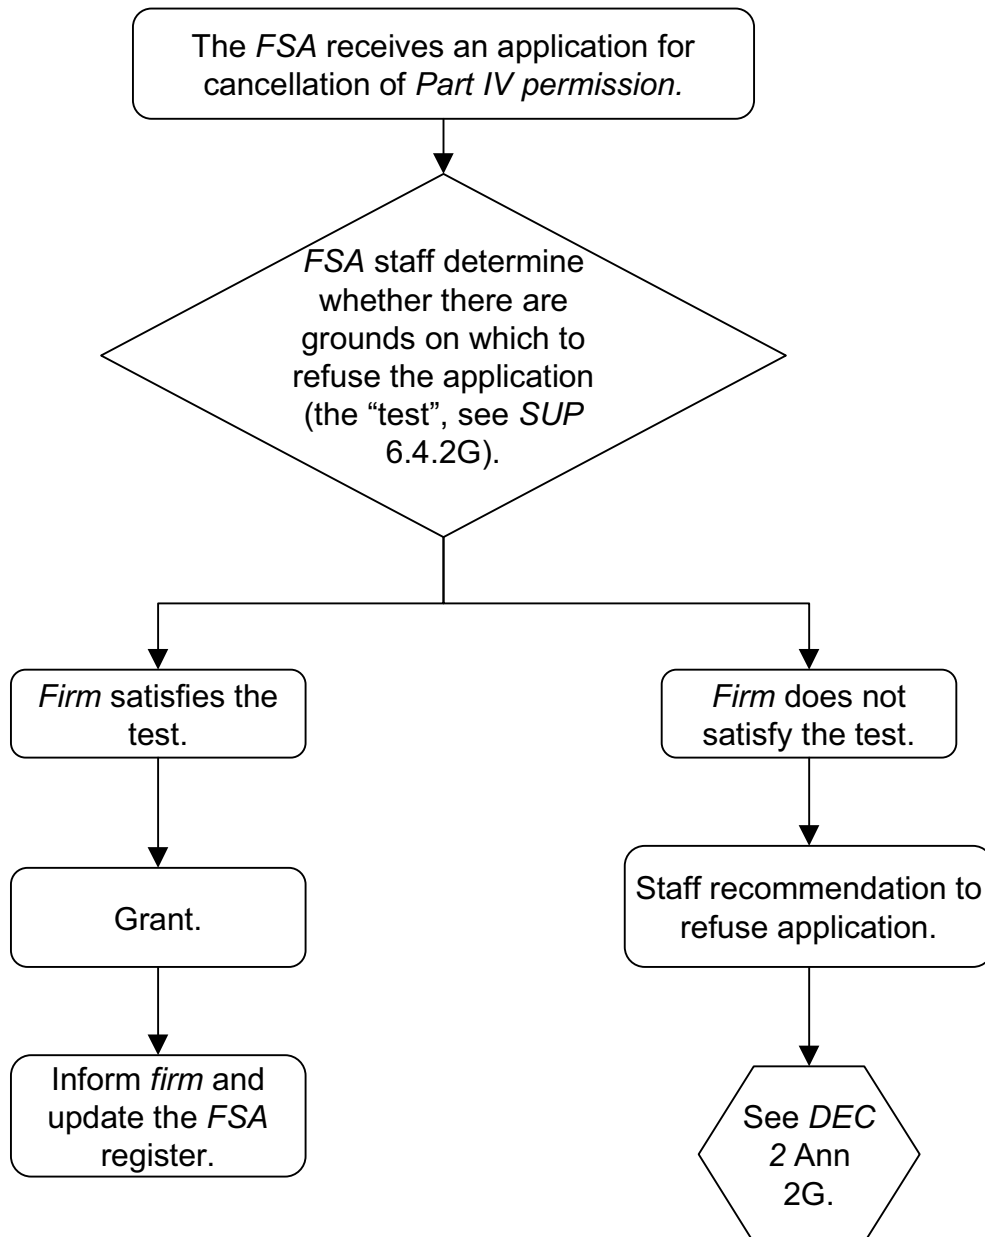

SUP 6 Ann 1G: Applications for variation and cancellation of Part IV permission

SUP 6 Ann 2G: Summary of procedures on application for variation of Part IV permission

SUP 6 Ann 3G: Summary of procedures on application for cancellation of Part IV permission

Additional guidance for a firm winding down (running off) its business

General

1. If a *firm* has *Part IV permission* which enables it to hold *client money* or to carry on *regulated activities* including:
 - (a) *carrying out contracts of insurance and effecting contracts of insurance*; or
 - (b) *accepting deposits*; or
 - (c) *safeguarding and administration of assets*;

it may require a long period (usually in excess of six months) in which to wind down (run off) its business. In these circumstances, it will usually be appropriate for the *firm* to apply for a variation of *Part IV permission* before commencing the wind down.
2. A *firm* that believes that it may need to apply for a variation of *Part IV permission* as a first step towards cancellation of its *permission* should discuss its plans with its usual supervisory contact at the *FSA*.
3. If appropriate, in the interests of *consumer* protection, the *FSA* will require details of the *firm's* plans and will discuss them with the *firm* and monitor the winding down or transfer of the *firm's* business. During the period in which it is winding down, a *firm* will also be required to notify the *FSA* of any material changes to the information provided such as, for example, receipt of new complaints and changes to plans.
4. If, after its *Part IV permission* has been varied, a *firm* has wound down its business, complied with any *requirements* imposed by the *FSA* and ceased to carry on *regulated activities* (or expects to do so within the next six months), it should then make an application for cancellation of its *Part IV permission* (see *SUP 6.4* (Applications for cancellation of permission)).

USE OF OWN-INITIATIVE POWERS

5. If, for example, the *FSA* has *consumer* protection concerns, it may, however, use its *own-initiative power* under section 45 of the *Act* (Variation etc. on the Authority's own initiative) (see *SUP 7* (Individual requirements) and *ENF 3* (Variation of Part IV permission on the *FSA's* own initiative), to vary the *Part IV permission* of a *firm* which is winding down or transferring its *regulated activities*.

REPORTING REQUIREMENTS : GENERAL

6. If a *firm* is winding down (running-off) its business, the routine reporting requirements in *SUP 16* (Reporting requirements) will apply unless the *firm* is granted a waiver. In addition, a *firm* may be asked to submit additional reports, for example, to enable the *FSA* to monitor the wind down.

Specific guidance for firms holding client money or customer assets

1. If a *firm* makes an application to vary its *Part IV permission* to effect the winding down of *regulated activities* which it is carrying on including the repayment of *client money*, or the return of *client deposits*, *custody assets* or any other property belonging to *clients*, the *FSA* will expect it to have formal plans to ensure that:

- (1) the *regulated activities* are wound down in an orderly manner;
 - (2) the *regulated activities* are properly completed and all *client deposits*, *client money*, *custody assets* or any other property belonging to *clients* are repaid, returned or transferred to another *authorised person*; and
 - (3) the interests of *customers* are not adversely affected.
2. A *firm* must comply with COB 9.3.133R (Client money : discharge of fiduciary duty) and COB 9.3.138R (Client money: allocated but unclaimed *client money*) if it is ceasing to hold *client money*. A *firm* must also cease to hold or *control custody assets* in accordance with instructions received from *clients* (including instructions set out in an agreement entered into in accordance with COB 9.1.49R (Custody: client agreement)). These *COB rules* apply to both repayment and transfer to a third party.

Specific guidance for insurers

1. A *firm* carrying on *insurance business* which, ultimately, intends to cease *insurance business* completely, will first need to apply for a variation of its *Part IV permission* while it is running off its business. The *firm* should apply for a variation of *Part IV permission* to remove the activity of *effecting contracts of insurance* from its *permission*, thus restricting its activities to *carrying out insurance contracts* to enable it to run off its remaining insurance liabilities (see SUP 6.2.9G).
2. Examples of variations of *Part IV permission* which may be appropriate in the context of winding down *insurance business* include:
 - (1) removing one or more *regulated activities* (for example, when a *firm* which has *Part IV permission* to carry on *insurance business* enters into run-off, its *Part IV permission* will need to be varied to remove the activity of *effecting contracts of insurance* in relation to new *contracts of insurance*); a new *contract of insurance* excludes contracts effected under a term of a subsisting *contract of insurance*. Thus the *firm's permission* will be restricted to *carrying out contracts of insurance* to enable it to run off its existing liabilities; or
 - (2) imposing a *limitation* on *regulated activities* in a *firm's Part IV permission* or imposing a *requirement* on the type of investments a *firm* holds to support its insurance liabilities.
3. An *insurer* ceasing to *carry out contracts of insurance* is required to submit a *scheme of operations* in accordance with SUP App 2 (Insurers: scheme of operations). The *FSA* may require other information depending on the circumstances, for example an actuarial assessment of the *firm's* run-off.
4. A *firm* that is ceasing *effecting new contracts of insurance* in all categories of *specified investment* should refer to SUP App 2 for details of the specific reporting requirements that apply.
5. An *insurer* should note that the *FSA* will not cancel a *firm's permission* until all the *firm's* insurance liabilities have been discharged, including any potential insurance liabilities. A *firm* is, therefore, advised to submit an application for cancellation of its *Part IV permission* when its run-off is completed.

Specific guidance for firms in the Lloyd's market

1. A *firm* making an application to vary or cancel its *Part IV permission* which requires any approval from the *Society of Lloyd's* should apply to the *Society* for this in addition to applying to the *FSA* for the variation or cancellation.

2. Where a *firm* has *Part IV permission to manage the underwriting capacity of a Lloyd's syndicate as a managing agent at Lloyd's* then, if it wishes to vary its *Part IV permission* to remove this *regulated activity* or to cancel its *Part IV permission* completely, special procedures will apply.
3.
 - (1) As a first step, the *firm* should apply to the *FSA* for a variation of its *Part IV permission* to limit the *regulated activity*, after the *Lloyd's syndicates* have been closed, to permit no new business. Once the *syndicates* have been closed, the *firm's* consent from the *Society* to manage *syndicates* will also lapse.
 - (2) After a period of one year from the date of closure of the *Lloyd's syndicates* the *firm* may apply to the *FSA* to vary its *Part IV permission*, to remove the *regulated activity* or to cancel its *Part IV permission* entirely, as appropriate. At this time, a *firm's* approval from the *Society of Lloyd's* as a *managing agent* will cease.
4. *Firms* which wish to discuss these procedures in more detail should contact their usual supervisory contact at the *FSA* and the *Society of Lloyd's*, as appropriate.

Specific guidance for firms accepting deposits

1. As stated in *SUP 6.2.9G*, where a *bank*, or other *firm* with *permission* that includes *accepting deposits*, wishes to cancel its *Part IV permission*, it will generally need to apply for a variation of that *permission* while it winds down its business.
2. When a *firm* is winding down its business activities, it may be appropriate to vary its *Part IV permission* by imposing:
 - (1) a *limitation* that no new *deposits* will be accepted; or
 - (2) a *limitation* on the purchasing of *investments* for its own account; or
 - (3) *requirements* concerning solvency.
3. After a *bank* has discussed with the *FSA* the type of variation of *Part IV permission* the *bank* requires to wind down its business, it should make an application for variation of *Part IV permission* as directed in *SUP 6.3.15D* and follow the *guidance* and procedures in *SUP 6* as well as the additional procedures set out in this annex.
4. The *FSA* may vary the *firm's Part IV permission* to impose one or more of:
 - (1) a *requirement* that the *firm* takes certain steps or refrains from adopting or pursuing a particular course of action or to restrict the scope of its business in a particular way;
 - (2) a *limitation* on *accepting deposits*, for example a *limitation* that no new deposits will be accepted;
 - (3) a *requirement* restricting the granting of *credit* or the making of investments;
 - (4) a *requirement* prohibiting the *firm* from soliciting *deposits* either generally or from *persons* who are not already depositors.
5. The information concerning the circumstances of the application for variation of *Part IV permission* and the confirmations a *firm* is required to give to the *FSA* will differ according to the nature of the *bank* and its *Part IV permission*. If appropriate, it may include, but will not necessarily be limited to:

- (1) a plan containing the arrangements made in respect of the business of any current depositors, for example how and when the *firm* intends to repay or novate arrangements with depositors; or
- (2) confirmation that the *bank* will not take any new *deposits*, will not roll over or renew any existing *deposits* at maturity and will repay all remaining *deposits* (including accrued interest) as they fall due for repayment.

DEALING WITH RESIDUAL DEPOSITS: GENERAL

6. Where a *firm* has residual *deposits* which, for whatever reason, cannot be repaid, they may be protected by a number of different methods. The precise applicability of the courses to be followed depends upon the particular circumstances of the individual *firm*. The *FSA's* supervisory approach will be determined by the course of action taken.
7. Specific issues regarding the transfer of *deposits* are discussed in *SUP 18* [to be added later].

HOLDING FUNDS ON TRUST

8. In some circumstances, it may be appropriate for the *firm* to make an irrevocable transfer of funds, at least equal to the total of its *deposits*, to an independent *trustee* to be held on *trust* for the benefit of the depositors. Any such proposal should be discussed in advance with the *FSA*. The amount of funds held on trust should at all times exceed the total of all *deposits*, in order to provide for contingencies. Trust account arrangements are appropriate only in respect of solvent institutions. The *guidance* in paragraph 10 of this section applies in most cases.
9.
 - (1) A plan containing the arrangements should be made by the *firm* in respect of the business of any current depositors, for example how and when the *firm* intends to repay or novate arrangements with depositors.
 - (2) The *trustee* should be an independent and appropriately qualified third party, nominated by the institution and acceptable to the *FSA*.
 - (a) The trustee should usually be a major *UK bank*. If appropriate, an additional trustee from within the institution may be appointed, preferably in an advisory role. An internal trustee may help to ensure continuity if the *firm* and the trust are likely to remain in existence for the foreseeable future.
 - (b) The *FSA* should be consulted about, or pre-notified of, a potential change of trustee.
 - (c) Trustees are responsible for fulfilling their obligations under the trust deed. In practice, the *FSA* may wish to point out that certain factors need to be given consideration by the trustees and the institution (for example, the procedures for paying out to depositors).
 - (3) The *FSA* would require to see an opinion by the *firm's* legal advisers, confirming the validity and enforceability of the *trust* and in particular specifying the extent (if any) to which the trust arrangements may be set aside in future. The *FSA* reserves the right to request sight of the proposed trust documentation itself.
 - (4) The trustee has the right (and probably the obligation) to invest the funds, and in doing so should normally seek to "match" the maturity profile of the *firm's deposit* base. However, the following could result in *deposit* liabilities exceeding *trust* funds at any time:

- (a) maturity mismatches, that is, whether there are insufficient liquid funds across the maturity bands to repay depositors; or
 - (b) changes in interest rates; or
 - (c) the trustee's fees and disbursements.
10. The trustee should not deposit, or otherwise invest, trust funds except in segregated accounts with third-party authorised institutions.
11. (1) An auditor's report, similar to that used to determine whether all the *deposits* have been repaid by a *firm*, should be provided to confirm that all depositors have been repaid before the discharge of a trust is allowed.
- (2) Auditors' reports, from the trust's auditors, should subsequently be obtained at intervals to demonstrate that funds in the trust continue to be at least equal to the remaining liabilities to depositors and that repayments have been properly made. The *firm* retains the ultimate responsibility to provide information to the *FSA*.
- (3) The *FSA* may, however, require the inclusion of a clause in the trust deed requiring the trustee to provide such information as may be requested.
12. Entering into a trust arrangement does not "transfer" deposits or discharge the *firm's* contractual obligations to its depositors. The *firm* will, therefore, need to continue to be an *authorised person* until these obligations are discharged.

HOLDING THE FUNDS IN SEGREGATED ACCOUNTS

13. The *firm* may place and retain an amount at all times at least equal to its *deposit* liabilities in a segregated account with its usual bankers. The advantage of this course of action is that if all *deposit* liabilities are matched by funds in such an account, then the *firm* is not carrying on the *regulated activity* of *accepting deposits* in contravention of the *Act*.
14. Placing funds in a segregated account does not discharge a *firm's* contractual obligations to its depositors; the *FSA* therefore continues to have a supervisory responsibility towards the *firm*.

Chapter 7

Individual requirements

7.1 Application and purpose

Application

- 7.1.1** G This chapter applies to every *firm* which has a *Part IV permission*.
- 7.1.2** G^{/1} The application of this chapter to an *incoming EEA firm*, *incoming Treaty firm* or *UCITS qualifier* with a *Part IV permission* (a "*top-up permission*") is limited as explained in *SUP 7.2.4G*.

Purpose

- 7.1.3** G^{/1} The *Handbook* primarily contains provisions which apply to all *firms* or to certain categories of *firm*. However, a *firm* may apply for a waiver or modification of *rules* in certain circumstances as set out in *SUP 8*; or it may receive individual *guidance* on the application of the *rules*, as set out in *SUP 9*.
- 7.1.4** G^{/1} The *FSA*, in the course of its supervision of a *firm*, may sometimes judge it necessary or desirable to impose additional *requirements* on a *firm* or in some way amend or restrict the activities which the firm has *permission* to undertake. The *guidance* in this chapter describes when and how the *FSA* will seek to do this.
- 7.1.5** G^{/1} By waiving or modifying the requirements of a *rule* or imposing an additional *requirement* or *limitation*, the *FSA* can ensure that the *rules*, and any other *requirements* or *limitations* imposed on a *firm*, take full account of the *firm's* individual circumstances, and so assist the *FSA* in meeting the *regulatory objectives* (for example, to protect *consumers* and maintain market confidence).

7.2 The FSA's powers to set individual requirements on its own initiative

- 7.2.1** ^G_{/1} The FSA has the power under section 45 of the *Act* (Variation on the Authority's own initiative) to vary a *firm's Part IV permission*. This includes imposing a statutory *requirement* or *limitation* on that *Part IV permission*. (See *AUTH* 3.6 and *AUTH* 3.7 for a further explanation of potential *limitations* and *requirements* on a *firm's permission*.)
- 7.2.2** ^G_{/1} The circumstances in which the FSA may vary a *firm's Part IV permission* on its own initiative under section 45 of the *Act* include where it appears to the FSA that:
- (1) one or more of the threshold conditions is or is likely to be no longer satisfied; or
 - (2) it is desirable to vary a *firm's permission* in order to protect the interests of consumers or potential consumers.
- 7.2.3** ^G_{/1} The FSA may also use its powers under section 45 for enforcement purposes. *ENF* 3 sets out in detail the FSA's powers under section 45 and the circumstances under which the FSA may vary a *firm's permission* in this way, whether for enforcement purposes or as part of its day to day supervision of *firms*. This chapter provides additional guidance on when the FSA will use these powers for supervision purposes.
- 7.2.4** ^G_{/1} The FSA may use its powers under section 45 of the *Act* only in respect of a *Part IV permission*; that is, a *permission* granted to a *firm* under section 42 of the *Act* (Giving permission) or having effect as if so given. In respect of an *incoming EEA firm*, an *incoming Treaty firm*, or a *UCITS qualifier*, this power applies only in relation to any *top-up permission* that it has. There are similar but more limited powers under Part XIII of the *Act* in relation to the *permission* of an *incoming EEA firm* or *incoming Treaty firm* under Schedules 3 or 4 to the *Act* (see *ENF* 4).
- 7.2.5** ^G_{/1} If the FSA exercises its powers under section 45 of the *Act*, it will do so by issuing a *supervisory notice*. The procedure that will be followed is set out in *DEC* 3 and a flowchart is provided in *DEC* 3 Ann 2G.
- 7.2.6** ^G_{/1} A *firm* has a right of referral to *the Financial Services and Markets Tribunal* (see *DEC* 5) in respect of the exercise by the FSA of its powers to vary, on its own initiative, the *firm's Part IV permission*.

7.3 Criteria for varying a firm's permission

7.3.1

G
/1

The FSA expects to maintain a close working relationship with certain types of *firm* and expects that routine supervisory matters arising can be resolved during the normal course of this relationship by, for example, issuing individual *guidance* where appropriate (see SUP 9.3). However, the FSA may seek to vary a *firm's Part IV permission*:

- (1) in circumstances where it considers it appropriate for the *firm* to be subject to a formal *requirement*, breach of which could attract enforcement action; or
- (2) if a variation is needed to enable the *firm* to comply with the *requirement*, due to agreements the *firm* may have with third parties. (For example a *firm* may be under a contractual obligation to do something, but only if it can do so lawfully. In this case, if the FSA considers the *firm* must not do it, then the FSA would need to prevent it doing so through a variation in its *Part IV permission* to enable the *firm* to avoid breaching the contractual obligation.)

7.3.2

G
/1

The FSA may seek to vary a *firm's Part IV permission* on its own initiative in certain situations, including the following:

- (1) If the FSA determines that a *firm's* management, business or *internal controls* give rise to material risks that are not fully addressed by its *rules*, the FSA may seek to vary the *firm's Part IV permission* and impose an additional *requirement* or *limitation* on the *firm*.
- (2) If a *firm* becomes or is to become involved with new products or selling practices which present risks not adequately addressed by existing requirements, the FSA may seek to vary the *firm's Part IV permission* in respect of those risks.
- (3) If there has been a change in a *firm's* structure, *controllers*, activities or strategy which generate material uncertainty or create unusual or exceptional risks, then the FSA may seek to vary the *firm's Part IV permission*. (See also SUP 11.7.14G to 11.7.18G for a description of the FSA's ability to vary a *firm's Part IV permission* on a change in *control* under section 46 of the *Act*.)

7.3.3

G
/1

The FSA may seek to impose *requirements* or *limitations* which include but are not restricted to:

- (1) requiring a *firm* to submit regular reports covering, for example, trading results, management accounts, *customer* complaints, connected party transactions;
- (2) requiring a *firm* to maintain prudential limits, for example on large *exposures*, foreign currency *exposures* or liquidity gaps;

- (3) requiring a *firm* to submit a business plan (or for an *insurer*, a *scheme of operations* (see SUP App 2));
- (4) limiting the *firm's* activities;
- (5) requiring a *firm* to maintain a particular amount or type of financial resources.

7.3.4

G

^{/1}

The FSA will seek to give a *firm* reasonable notice of an intent to vary its *permission* and to agree with the *firm* an appropriate timescale. However, if the FSA considers that a delay may be prejudicial to the interest of *consumers*, the FSA may need to act immediately using its powers under section 45 of the *Act* to vary a *firm's Part IV permission* with immediate effect.

Chapter 8

Waiver and modification of rules

8.1 Application and purpose

8.1.1

R

/1

This chapter applies to every:

- (1) *firm* that wishes to apply for, consent to, or has been given a modification of or waiver of the *FSA's rules*;
- (2) *person*, as respects a particular *AUT* or *ICVC*, who wishes to apply for, or consent to, or has been given a modification of or waiver of the *rules* in *CIS*.

8.1.2

G

/1

A *recognised body* should see *REC* 3.3 for information on *waivers* of *rules* in *REC* under section 294 of the *Act*.

8.1.3

G

/1

This chapter is not relevant to the functions of the *UKLA*, that is the *FSA* acting in its capacity as the *competent authority* for the purposes of Part VI of the *Act* (Official Listing).

Purpose

8.1.4

G

/1

This chapter explains how the regime for the waiver or modification of *rules* works.

8.2 Introduction

Waivers under section 148 of the Act

- 8.2.1 **G**_{/1} Under section 148 of the *Act* (Modification or waiver of rules), the *FSA* may, on the application or with the consent of a *firm*, direct that certain *rules* (see *SUP* 8.2.6G to *SUP* 8.2.8G):
 - (1) are not to apply to the *firm*; or
 - (2) are to apply to the *firm* with such modifications as may be specified.

- 8.2.2 **G**_{/1} The directions referred to in *SUP* 8.2.1G (1) and (2) are collectively referred to in the *Handbook* as *waivers*.

Waivers of rules in CIS

- 8.2.3 **G**_{/1} Section 250 of the *Act* and regulation 7 of the *OEIC Regulations* allow the *FSA* to *wave* the application of certain *rules* in *CIS* to:
 - (1) a *person*, as respects a particular *AUT* or *ICVC*, on the application or with the consent of that *person*; and
 - (2) an *AUT* or *ICVC* on the application or with the consent of the *manager* and *trustee* (in the case of an *AUT*) or the *ICVC* and its *depository* (in the case of an *ICVC*).

- 8.2.4 **G**_{/1} Those *persons* to whom section 250 and regulation 7 of the *OEIC Regulations* are relevant, but who are not *firms*, should follow *SUP* 8 as if they were *firms*.

- 8.2.5 **G**_{/1} Section 250 of the *Act* and regulation 7 of the *OEIC Regulations* work by giving effect to section 148 of the *Act* in respect of *waivers* given under section 250(2) and (3) and regulation 7(1) and (2) of the *OEIC Regulations*.

Rules which can be waived

- 8.2.6 **G**_{/1} The *rules* which the *FSA* can *wave* are listed in section 148(1) and 250(1) of the *Act* and regulation 7 of the *OEIC Regulations*, and are set out in *SUP* 8.2.7G.

- 8.2.7 **G**_{/1} Table Rules which can be waived (see *SUP* 8.2.6G)

Rules	Section of the Act or regulation of the OEIC Regulations under which rules are made	Chapters of the Handbook where such rules appear (Note 1)
Auditors and Actuaries rules (Appointment) (Note 2)	Section 340	<i>SUP 3</i> and <i>SUP 4</i>
Control of information rules	Section 147	<i>COB 2.4</i>
Financial promotion rules	Section 145	<i>COB 3</i> , <i>PRIN</i> and <i>SYSC</i>
General rules	Section 138	Throughout the <i>Handbook</i>
Insurance business rules	Section 141	<i>IPRU(INS)</i>
Money laundering rules	Section 146	<i>ML</i>
Price stabilising rules	Section 144	<i>MAR 2</i>
<i>Authorised unit trust</i> scheme rules	Section 247	<i>CIS</i>
<i>Authorised unit trust</i> scheme particulars rules	Section 248	<i>CIS</i>
<i>Investment company with variable capital</i> rules	Regulation 6	<i>CIS</i>

Note 1=There are also relevant incidental, supplemental, consequential and transitional *rules* made under those powers in various parts of the *Handbook*, including relevant application provisions, *GEN*, the *Glossary* and relevant schedules of transitional provisions.

Note 2=The FSA does not have the power to *waive* the application of auditors and actuaries rules, if those *rules* apply directly to an auditor or actuary, as opposed to applying to a *firm*. Schedule 6 to the Supervision manual identifies those auditors and actuaries rules in *SUP 3* and *SUP 4* which can be waived.

8.2.8

G

/1

Schedule 6 identifies those *rules* that can and cannot be waived.

8.3 Applying for a waiver

Conditions for giving a waiver

8.3.1

G

^{/1}

Under section 148(4) of the *Act*, the *FSA* may not give a *waiver* unless it is satisfied that:

- (1) compliance by the *firm* with the *rules*, or with the *rules* as unmodified, would be unduly burdensome, or would not achieve the purpose for which the *rules* were made; and
- (2) the *waiver* would not result in undue risk to *persons* whose interests the *rules* are intended to protect.

Publication of waivers

8.3.2

G

^{/1}

The *FSA* is required by section 148(6) of the *Act* to publish a *waiver* unless it is satisfied that it is inappropriate or unnecessary to do so (see *SUP* 8.6).

Form and method of application

8.3.3

D

^{/1}

If a *firm* wishes to apply for a *waiver*, it must apply in writing. The application must be given or addressed, and delivered in the way set out in *SUP* 15.7.4R to *SUP* 15.7.6R (Form and method of notification). The application must include:

- (1) the name and *FSA* firm reference number of the *firm* making the application, and a contact point for the *firm* on the application;
- (2) the reference number of the *rule* to which the application relates;
- (3) a clear explanation of the *waiver* that is being applied for and the reasons why the *firm* wants it;
- (4) details of any special requirements, for example if the *firm* needs a decision urgently, or if there is a specific period for which the *waiver* is required;
- (5) relevant facts that support the *firm's* application;
- (6) the *firm's* reasons for considering that the conditions in section 148(4) of the *Act* are satisfied (see *SUP* 8.3.1G); and

- (7) confirmation that the *firm* is content for the *waiver* to be published or, if not, the reasons, with reference to SUP 8.6.2G, why the *firm* believes that:
 - (a) it would be inappropriate or unnecessary to publish the *waiver*; or
 - (b) the *waiver* should be published without disclosing the identity of the *firm* (giving details of any possible prejudice to commercial interests).

8.3.4 G_{/1} Before sending in a *waiver* application, a *firm* may find it helpful to discuss the application with its usual supervisory contact at the *FSA*. However, the *firm* should still ensure that all relevant information is included in the application.

Procedure on receipt of an application

8.3.5 G_{/1} The *FSA* will acknowledge an application promptly and if necessary will seek further information from the *firm*. The time taken to determine an application will depend on the issues it raises. However, the *FSA* will aim to give *waiver* decisions within 20 *business days* of receiving an application which includes sufficient information. If the *FSA* expects to take longer, it will tell the *firm* and give an estimated decision date. A *firm* should make it clear in the application if it needs a decision within a specific time.

8.3.6 G_{/1} In some cases, the *FSA* may give a modification of a *rule* rather than direct that the *rule* is not to apply. The *FSA* may also impose conditions on a *waiver*, for example additional reporting requirements. A *waiver* may be given for a specified period of time only, after which time it will cease to apply. A *firm* wishing to extend the duration of a *waiver* should follow the procedure in SUP 8.3.3D. A *waiver* will not apply retrospectively.

8.3.7 G_{/1} If the *FSA* decides not to give a *waiver*, it will give reasons for the decision.

8.3.8 G_{/1} A *firm* may withdraw its application at any time up to the giving of the *waiver*. In doing so, a *firm* should give the *FSA* its reasons for withdrawing the application.

8.3.9 G_{/1} If the *FSA* believes that a particular *waiver* given to a *firm* may have relevance to other *firms*, it may publish general details about the possible availability of the *waiver*. For example, IPRU(INV)3-80(10)G explains that a *firm* that wishes to use its own internal model to calculate its position risk requirement (PRR) will need to apply for a *waiver* of the relevant *rules*.

Giving a waiver with consent rather than on an application

8.3.10 G_{/1} Under section 148(2) of the *Act* the *FSA* may give a *waiver* with the consent of a *firm*. This power may be used by the *FSA* in exceptional circumstances where the *FSA* considers that a *waiver* should apply to a number of *firms* (for example, where a *rule* unmodified may not meet the particular circumstances of a particular category of *firm*). In such cases the *FSA* will inform the *firms* concerned that the *waiver* is available, either by contacting *firms* individually or by publishing details of the availability of the *waiver* on the *FSA*'s website. The *firms* concerned will not have to make a formal application but will have to give their written consent for the *waiver* to apply.

8.4 Reliance on waivers

Application of waived rules

8.4.1

G

^{/1}

If the FSA gives a *firm* a *waiver*, then the relevant *rule* no longer applies to the *firm*. But:

- (1) if a *waiver* directs that a *rule* is to apply to a *firm* with modifications, then contravention of the modified *rule* could lead to FSA enforcement action and (if applicable) a right of action under section 150 of the *Act* (Actions for damages); and
- (2) if a *waiver* is given subject to a condition, it will not apply to activities conducted in breach of the condition, and those activities, if in breach of the original *rule*, could lead to FSA enforcement action or such a right of action.

The effect of rule changes on waivers

8.4.2

G

^{/1}

Substantive changes to the *rules* (this would not include simple editorial changes) in the *Handbook* may affect existing *waivers*, changing their practical effect and creating a need for a change to the original *waiver*. The FSA will consult on proposed *rule* changes. A *firm* should note proposed *rule* changes and discuss the impact on a *waiver* with its usual supervisory contact at the FSA.

8.5 Notification of altered circumstances relating to waivers

- 8.5.1 **R** /1 A *firm* which has applied for or has been granted a *waiver* must notify the *FSA* immediately if it becomes aware of any matter which could affect the continuing relevance or appropriateness of the application or the *waiver*.
- 8.5.2 **G** /1 *Firms* are also referred to *SUP* 15.6 (Inaccurate, false or misleading information). This requires, in *SUP* 15.6.4R, a *firm* to notify the *FSA* if false, misleading, incomplete or inaccurate information has been provided. This would apply in relation to information provided in an application for a *waiver*.

8.6 Publication of waivers

Requirement to publish

8.6.1 **G**_{/1} The *FSA* is required by section 148(6) of the *Act* to publish a *waiver* unless it is satisfied that it is inappropriate or unnecessary to do so. If the *FSA* publishes a *waiver*, it will not publish details of why a *waiver* was required or any of the supporting information given in a *waiver* application.

Matters for consideration

8.6.2 **G**_{/1} When considering whether it is satisfied under section 148(6), the *FSA* is required by section 148(7) of the *Act*:

- (1) to take into account whether the *waiver* relates to a *rule* contravention of which is actionable under section 150 of the *Act* (Actions for damages); Schedule 5 identifies such *rules*;
- (2) to consider whether its publication would prejudice, to an unreasonable degree, the commercial interests of the *firm* concerned, or any other member of its *immediate group*; and
- (3) to consider whether its publication would be contrary to an international obligation of the *United Kingdom* (for example, the confidentiality obligations in the *Single Market Directives*).

8.6.3 **G**_{/1} *Waivers* can affect the legal rights of third parties, including *consumers*. In the *FSA*'s view it is important that the fact and effect of such *waivers* should be transparent. So the fact that a *waiver* relates to a *rule* that is actionable under section 150 of the *Act* (see *SUP* 8.6.2G(1)) will tend to argue in favour of publication.

8.6.4 **G**_{/1} In making *waiver* applications under section 250 of the *Act* or regulation 7 of the *OEIC Regulations*, *SUP* 8.6.2G(2) should be read in application to *rules* in *CIS* as if the word "commercial" were omitted.

8.6.5 **G**_{/1} In considering whether commercial interests would be prejudiced to an unreasonable degree (see *SUP* 8.6.2G(2)), the *FSA* will weigh the prejudice to *firms*' commercial interests against the interests of *consumers*, markets and other third parties in disclosure. In doing so the *FSA* will consider factors such as the extent to which publication of the *waiver* would involve the premature release of proprietary information to commercial rivals, for example relating to a product innovation, or reveal information which could reasonably be regarded as the *firm*'s own intellectual property. In line with section 148(8) of the *Act*, the *FSA* will also

consider whether prejudice to a *firm's* commercial interests could be avoided or mitigated by publication of the *waiver* without disclosing the identity of the *firm*.

8.6.6

G
/1

The *FSA* may consider publication unnecessary where, for example, the *waiver* relates to a minor matter that does not affect any third party and is unlikely to be of relevance or interest to other *firms*.

Firm's objection to publication

8.6.7

G
/1

If, after taking into account the matters in *SUP* 8.6.2G to *SUP* 8.6.6G, a *firm* believes there are good grounds for the *FSA* either to withhold publication or to publish the *waiver* without disclosing the identity of the *firm*, it should make this clear in its application (see *SUP* 8.3.3D(7)). If the *FSA* proposes to publish a *waiver* against the wishes of the *firm*, the *FSA* will give the *firm* the opportunity to withdraw its application before the *waiver* is given.

Withholding publication for a limited period

8.6.8

G
/1

A decision to withhold a *waiver* or identity of a *firm* from publication may be for a limited period only, usually as long as the duration of the relevant grounds for non-publication. If the *FSA* proposes to publish information about a *waiver* that had previously been withheld, it will first give the *firm* an opportunity to make representations.

Means of publication

8.6.9

G
/1

The principal means of publication of *waiver* information will be the *FSA's* website (www.fsa.gov.uk).

8.7 Varying waivers

8.7.1

G

^{/1}

Once the FSA has given a *waiver*, it may vary it with the *firm's* consent, or on the *firm's* application. If a *firm* wishes the FSA to vary a *waiver*, it should follow the procedures in SUP 8.3.3D, giving reasons for the application. In a case where a *waiver* has been given to a number of *firms* (see SUP 8.3.10G), if the FSA wishes to vary such *waivers* with the consent of those *firms*, it will follow the procedures in SUP 8.3.10G.

8.7.2

G

^{/1}

If the *waiver* that has been varied has previously been published, the FSA will publish the variation unless it is satisfied that it is inappropriate or unnecessary to do so, having regard to any representation made by the *firm*.

8.8 Revoking waivers

- 8.8.1** **G**_{/1} The *FSA* may revoke a *waiver* at any time. In deciding whether to revoke a *waiver*, the *FSA* will consider whether the conditions in section 148(4) of the *Act* are no longer satisfied (see *SUP* 8.3.1G), and whether the *waiver* is otherwise no longer appropriate. The *FSA* may revoke a *waiver* with immediate effect, if it considers that this is necessary, for example, in order to prevent undue risk to *consumers*.
- 8.8.2** **G**_{/1} If the *FSA* proposes to revoke a *waiver*, or revokes a *waiver* with immediate effect, it will:
- (1) give the *firm* written notice either of its proposal, or of its action, giving reasons;
 - (2) state in the notice a reasonable period (usually 28 *days*) within which the *firm* can make representations about the proposal or action; if a *firm* wants to make oral representations, it should inform the *FSA* as quickly as possible, specify who will make the representations and which matters will be covered; the *FSA* will inform the *firm* of the time and place for hearing the representations and may request a written summary;
 - (3) after considering any representations, in the case of a proposed revocation, give the *firm* written confirmation of its decision to revoke the *waiver* or not; or, in the case of a revocation that has already taken effect, either confirm the revocation or seek the *firm's* consent to a new *waiver*.
- 8.8.3** **G**_{/1} If the *waiver* that has been revoked has previously been published, the *FSA* will publish the revocation unless it is satisfied that it is inappropriate or unnecessary to do so, having regard to any representations made by the *firm*.

8.9 Decision making

8.9.1

G
/1

The *waivers* regime is overseen by a staff committee. Its responsibility is to ensure that the giving of *waivers* is in accordance with the requirements of the *Act*, of the *guidance* in *SUP 8* and of other relevant *guidance*. Decisions on individual applications are made under arrangements designed to result in rapid, responsive and well-informed decision making. The arrangements include arrangements for collective decision making to set general policies, and, as necessary, determine cases for applications with substantially common characteristics (for example, *waivers* in relation to the same *rule* or related *rules* or by *firms* in a similar position). It also includes arrangements for decision making by individuals within established precedents and policies.

SUP 8: Waiver and notification of rules

Summary of procedures on application for a waiver

Chapter 9

Individual guidance

9.1 Application and purpose

Application

- 9.1.1** **G**_{/1} (1) This chapter applies to every *firm* and to *persons* generally.
- (2) *SUP 9.3* (Giving individual guidance to a firm on the FSA's own initiative) is, however, only relevant to a *firm*.
- (3) This chapter does not apply in relation to *guidance* requested from, or given by, the *UKLA*, that is the *FSA* acting in its capacity as the *competent authority* for the purposes of Part VI of the *Act* (Official Listing).

Purpose

- 9.1.2** **G**_{/1} Individual *guidance* is *guidance* given to one particular *person*, which relates to its own particular circumstances or plans. It may be oral or written. Individual *guidance* will not be published but may at the *FSA*'s discretion be converted to general *guidance* and published in the *Handbook*.
- 9.1.3** **G**_{/1} A *person* may need to ask the *FSA* for individual *guidance* on how the *rules* and general *guidance* in the *Handbook*, the *Act* or other regulatory requirements apply in their particular circumstances. This chapter describes how a *person* may do this. Section 157 of the *Act* gives the *FSA* the power to give *guidance* consisting of such information and advice as it considers appropriate.
- 9.1.4** **G**_{/1} The *FSA* may at times also consider it appropriate to give a *firm* individual *guidance* on its own initiative, for example on how it considers a *firm* should comply with a *rule*. *SUP 9.3* describes when and how the *FSA* will seek to do this.

9.2 Making a request for individual guidance

How to make a request

- 9.2.1** **G**_{/1} Requests for individual *guidance* may be made in writing or orally. If oral queries raise complex or significant issues, the *FSA* will normally expect the details of the request to be confirmed in writing. Simple requests for *guidance* may often be dealt with orally, although it is open to a *person* to seek a written confirmation from the *FSA* of oral *guidance* given by the *FSA*.

Who to address a request to

- 9.2.2** **G**_{/1} A *firm* and its professional advisers should address requests for individual *guidance* to the *firm's* usual supervisory contact at the *FSA*, with the exception of requests for *guidance* on the *Code of Market Conduct (MAR 1)* which should be addressed to the specialist team within the Markets and Exchanges Division. A *firm* may wish to discuss a request for *guidance* with the relevant contact before making a written request.
- 9.2.3** **G**_{/1} A *person* who is not a *firm* should address his request for individual *guidance* to the appropriate department within the *FSA*. A *person* who is unsure of where to address his request may address his enquiry to the *FSA*, making clear the nature of the request.

Discussions on a no-names basis

- 9.2.4** **G**_{/1} The *FSA* does not expect to enter into discussions on a 'no-name' basis about the affairs of an individual *person*.

The FSA's response to a reasonable request

- 9.2.5** **G**_{/1} The *FSA* will aim to respond quickly and fully to reasonable requests. The *FSA* will give high priority to enquiries about areas of genuine uncertainty or about difficulties in relating established requirements to innovative practices or products. What constitutes a 'reasonable request' is a matter for the *FSA*. It will depend on the nature of the request and on the resources of the *firm* or other *person* making it. The *FSA* will expect the *person* to have taken reasonable steps to research and analyse a topic before approaching the *FSA* for individual *guidance*. The *FSA* should not be viewed as a first port of call for *guidance*, except where it is only the

FSA that can give the *guidance*, for example in confirming non-standard reports that it wishes to receive from a *firm*.

Information required by the FSA

9.2.6

G
/1

The *FSA* will always need sufficient information and time before it can properly evaluate the situation and respond to a request. If a request is time-critical, the *person* or its professional adviser should make this clear. The more notice a *person* can give the *FSA*, the more likely it is that the *FSA* will be able to meet the *person's* timetable. However, the time taken to respond will necessarily depend upon the complexity and novelty of the issues involved. In making a request, a *person* should identify the *rule*, general *guidance*, or other matter on which individual *guidance* is sought, and provide a description of the circumstances relating to the request. The *FSA* may request further information if it considers that it does not have sufficient information.

9.3 Giving individual guidance to a firm on the FSA's own initiative

9.3.1

G

^{/1}

Business and internal control risks vary from *firm* to *firm*, according to the nature and complexity of the business. The FSA's assessment of these risks is reflected in how its *rules* apply to different categories of *firm* as well as in the use of its other regulatory tools. One of the tools the FSA has available is to give a *firm* individual *guidance* on the application of the requirements or standards under the *regulatory system* in the *firm's* particular circumstances.

9.3.2

G

^{/1}

The FSA may give individual *guidance* to a *firm* on its own initiative if it considers it appropriate to do so. For example:

- (1) the FSA may consider that general *guidance* in the *Handbook* does not appropriately fit a *firm's* particular circumstances (which may be permanent or temporary) and therefore decide to give additional individual *guidance* to the *firm*;
- (2) some of the FSA's requirements are expressed in general terms; however, there may be times when the FSA will wish to respond to a *firm's* particular circumstances by giving individual *guidance* on the application of the general requirement in these circumstances;
- (3) the FSA may consider that a *firm* should be given more detailed *guidance* than that contained in the *Handbook*; for example, where a *firm* holds positions in instruments of a non-standard form it may be appropriate to give the *firm* additional or more detailed *guidance* on how the FSA considers that it should calculate its financial resources requirement;
- (4) in some instances a *rule* allows a *firm* to select which requirement, within a range of alternative requirements, a *firm* should comply with; in many instances, the *Handbook* gives *guidance* setting out the circumstances in which compliance with a particular requirement is appropriate; the FSA may sometimes consider it necessary to give additional individual *guidance* to tell a *firm* which requirement it considers appropriate;
- (5) in relation to the maintenance of adequate financial resources, the FSA may give a *firm* individual *guidance* on the amount or type of financial resources the FSA considers appropriate, for example on individual capital ratios for *banks* and *building societies*; further *guidance* on how and when the FSA may give individual *guidance* on financial resources is contained in the Interim Prudential sourcebooks:
 - (a) for a *bank*: IPRU(BANK) CO4;
 - (b) for a *building society*: IPRU(BSOC) 1.5 and Ann 1J;

(c) for a *securities and futures firm* (or other *firm* required to comply with IPRU(INV) 3 or IPRU(INV)10): IPRU(INV)10-74R and appendix 48.

9.3.3

G
/1

If the FSA intends to give a *firm* individual *guidance* on its own initiative, it will normally seek to discuss the issue with the *firm* and agree suitable individual *guidance*.

9.3.4

G
/1

Individual *guidance* given to a *firm* on the FSA's own initiative will normally be given in writing.

9.4 Reliance on individual guidance

Reliance by recipient of individual guidance

- 9.4.1** **G**_{/1} If a *person* acts in accordance with current individual written *guidance* given to him by the *FSA* in the circumstances contemplated by that *guidance*, then the *FSA* will proceed on the footing that the *person* has complied with the aspects of the *rule* or other requirement to which the *guidance* relates.
- 9.4.2** **G**_{/1} The extent to which a *person* can rely on individual *guidance* given to him will depend on many factors. These could include, for example, the degree of formality of the original query and the *guidance* given, and whether all relevant information was submitted with the request. Individual *guidance* is usually given in relation to a set of particular circumstances which exist when the *guidance* is given. If the circumstances later change, for example, because of a change in the circumstances of the *person* or a change in the underlying *rule* or other requirement, and the premises upon which individual *guidance* was given no longer apply, the *guidance* will cease to be effective.
- 9.4.3** **G**_{/1} If the circumstances relating to individual *guidance* change it will be open to a *person* to ask for further *guidance*.

Effect on rights of third parties

- 9.4.4** **G**_{/1} Rights conferred on third parties (such as a *firm's clients*) cannot be affected by *guidance* given by the *FSA*. *Guidance* on *rules*, the *Act* or other legislation represents the *FSA's* view, and does not bind the courts, for example in relation to an action for damages brought by a *private person* for breach of a *rule* (section 150 of the *Act* (Actions for damages)) or in relation to enforceability of a contract if the *general prohibition* is breached (sections 26 and 27 of the *Act* (Enforceability of agreements)). A *person* may need to seek his own legal advice.

Chapter 10

Approved persons

10.1 Application

General

- 10.1.1** **R** This chapter applies to every *firm*.
/1
- 10.1.2** **G** This chapter is also relevant to every *approved person*.
/1
- 10.1.3** **G** The *rules* in this chapter specify descriptions of functions under section 59 of the *Act* (Approval for particular arrangements). The effect of these *rules*, and the provisions of Part V of the *Act* (Performance of *Regulated Activities*), is that every *firm* must apply to the *FSA* for the approval of one or more *persons* to perform a *controlled function* on its behalf.
/1
- 10.1.4** **G** The directions in this chapter relate to the manner in which a *firm* must apply for the *FSA*'s approval under section 59 of the *Act* and other procedures.
/1
- 10.1.5** **G** The list of *controlled functions* is at *SUP* 10.4.5R.
/1

Overseas firms: UK services

- 10.1.6** **R** This chapter does not apply to an *overseas firm* in relation to *regulated activities* which are carried on in the *United Kingdom* other than from an establishment maintained by it or its *appointed representative* in the *United Kingdom*.
/1

Overseas firms: UK establishments

- 10.1.7** **R** Only the following *controlled functions* apply to an *overseas firm* which maintains an establishment in the *United Kingdom* from which *regulated activities* are carried on:
/1
- (1) the *chief executive function*;
 - (2) the *required functions*;
 - (3) the *significant management (designated investment business) function*;

- (4) *the significant management (settlements) function* in so far as the activities relate to *designated investment business*; and
- (5) *the customer functions*.

10.1.8

G

/1

For an *incoming EEA firm*, *incoming Treaty firm* or *UCITS qualifier*, see SUP 10.1.9R to SUP 10.1.15G.

Incoming EEA firms, incoming Treaty firms and UCITS qualifiers

10.1.9

R

/1

This chapter does not apply to:

- (1) an *incoming EEA firm*; or
- (2) an *incoming Treaty firm*; or
- (3) a *UCITS qualifier*;

if and in so far as the question of whether a *person* is fit and proper to perform a particular *function* in relation to that *firm* is reserved, under any of the *Single Market Directives*, the *Treaty* or the *UCITS Directive* to an authority in a country or territory outside the *United Kingdom*.

10.1.10

G

/1

SUP 10.1.9R reflects the provisions of section 59(8) of the *Act* and, in relation to an *incoming Treaty firm* and a *UCITS qualifier*, the *Treaty* and the *UCITS Directive*. It preserves the principle of *Home State* prudential regulation. In relation to an *incoming EEA firm* exercising an *EEA right*, or an *incoming Treaty firm* exercising a *Treaty right*, the effect is to reserve to the *Home State regulator* the assessment of the fitness and propriety of a *person* performing a function in the exercise of that right. A member of the *governing body*, or the notified *UK branch manager*, of an *incoming EEA firm*, acting in that capacity, will not therefore have to be approved by the *FSA* under the *Act*.

10.1.11

G

/1

But an *incoming EEA firm*, or *incoming Treaty firm*, will have had to consider the impact of the *Host State rules* with which it is required to comply when carrying on a *passported activity* or *Treaty activity* through a *branch* in the *United Kingdom*. An *incoming EEA firm* will have been notified of those provisions under Part II of Schedule 3 to the *Act* in the course of satisfying the conditions for *authorisation* in the *United Kingdom*.

10.1.12

G

/1

An *incoming EEA firm* will have to consider, for example, the position of a *branch manager* based in the *United Kingdom* who may also be performing a function in relation to the carrying on of a *regulated activity* not covered by the *EEA right* of the *firm*. In so far as the function is within the description of a *controlled function*, the *firm* will need to seek approval for that *person* to perform that *controlled function*.

Incoming EEA firms: passported activities from a branch

10.1.13

R

/1

Only the following *controlled functions* apply to an *incoming EEA firm* with respect to its *passported activities* carried on from a *branch* in the *United Kingdom*:

- (1) the *EEA investment business oversight function*;
- (2) the *compliance oversight function*;
- (3) the *money laundering reporting function*;
- (4) the *significant management (designated investment business) function*;
- (5) the *significant management (settlements) function* in so far as the activities relate to *designated investment business*; and
- (6) the *customer functions* other than the *adviser on syndicate participation at Lloyd's function*.

Incoming EEA firms etc with top-up permission activities from a UK branch

10.1.14

R

/1

In relation to the activities of a *firm* for which it has a *top-up permission*, only the following *controlled functions* apply:

- (1) the *required functions*, other than the *apportionment and oversight function*;
- (2) the *significant management (designated investment business) function*;
- (3) the *significant management (settlements) function* in so far as the activities relate to *designated investment business*; and
- (4) the *customer functions*.

10.1.15

G

/1

An *incoming EEA firm* may require a *Part IV permission* in respect, for example, of its *commodities* business. The list of *controlled functions* which apply mirror those which apply to *overseas firms*, without the *chief executive function*. In the case of a *firm* with *top-up permission*, the *FSA* anticipates that the equivalent responsibility of the *chief executive* for the relevant business would be assumed by the *person* performing the *EEA investment business oversight function*.

Appointed representatives

10.1.16

R

/1

The descriptions of the following functions apply to an *appointed representative* of a *firm*, except an *introducer appointed representative* as they apply to a *firm*:

- (1) **the governing functions;** and
- (2) **the customer functions other than the investment management function.**

10.1.17 G_{/1} The effect of SUP 10.1.16R is that the *directors* (or their equivalent) and *senior managers* (or their equivalent) of an *appointed representative* must also be *approved* under section 59 of the *Act* for the performance of certain *controlled functions*.

Members of a profession

10.1.18 R_{/1} This chapter, except in respect of the *required functions*, does not apply to an *authorised professional firm* in respect of its *non-mainstream regulated activities*.

10.1.19 G_{/1} SUP 10.1.18R is relevant to the *person*, such as a *partner* in a *professional firm*, whose only *regulated activities* are incidental to his professional services, and where the principal purpose of the *firm* is to carry on activities which are not *regulated activities*. Any regulated activities which that *person* carries on are not within the description of a *controlled function* (except with respect to the *required functions*).

10.1.20 G_{/1} For further guidance on the supervision and regulation of activities carried on by a member of a *designated professional body*, see PROF 5.

Oil market participants and service companies

10.1.21 R_{/1} The descriptions of *significant influence functions*, other than the *required functions*, do not extend to activities carried on by a *firm* whose principal purpose is to carry on activities other than *regulated activities* and which is:

- (1) **an oil market participant;** or
- (2) **a service company.**

10.1.22 G_{/1} It will be a matter of fact in each case whether a *firm's* principal purpose is to carry on activities other than *regulated activities* having regard to all the circumstances, including in particular where the balance of the business lies. If a *firm* wishes to rely on SUP 10.1.21R, it should be in a position to demonstrate that its principal purpose is to carry on activities other than *regulated activities*.

Committees of the Society of Lloyd's

10.1.23 R_{/1} (1) For the purpose of SUP 10.6.4R (the *director function*), "director" includes an executive member of a committee to which the *Council of the Society of Lloyd's* directly delegates authority to carry out the *Society's regulatory functions*.

(2) For the purpose of SUP 10.6.8R (the *non-executive director function*), "non-executive director" includes a non-executive member of a committee to which the *Council of the Society of Lloyd's* directly delegates authority to carry out the *Society's* regulatory functions.

10.1.24

G
/1

The effect of SUP 10.6.4R is that the function of an executive member of the *Council of the Society of Lloyd's* comes within the description of the *director function*. SUP 10.1.23R(1) provides that the function of an executive member of certain committees of the *Society of Lloyd's* with regulatory functions also comes within the description of the *director function*. SUP 10.6.8R and SUP 10.1.23R(2) are the equivalent provisions for the non-executive member of certain committees of the *Society of Lloyd's* with regulatory functions.

10.1.25

G
/1

See SUP 10.10.15R for the *adviser on syndicate participation at Lloyd's function*.

Insolvency practitioners

10.1.26

R
/1

This chapter does not apply to a function performed by:

- (1) a *person* acting as an insolvency practitioner within the meaning of section 388 of the Insolvency Act 1986; or
- (2) a *person* acting as a nominee in relation to a voluntary arrangement under Parts I (Company Voluntary Arrangements) and VIII (Individual Voluntary Arrangements) of the Insolvency Act 1986; or
- (3) a *person* acting as an insolvency practitioner within the meaning of Article 3 of the Insolvency (Northern Ireland) Order 1989; or
- (4) a *person* acting as a nominee in relation to a voluntary arrangement under Parts II (Company Voluntary Arrangements) and VIII (Individual Voluntary Arrangements) of the Insolvency (Northern Ireland) Order 1989.

10.2 Purpose

- 10.2.1** **G**_{/1} The immediate purpose of SUP 10.3 to SUP 10.10 is to specify, under section 59 of the Act, descriptions of the 27 *controlled functions* which are listed in SUP 10.4.5R. The underlying purpose is to establish, and mark the boundaries of, the "approved persons regime". An *approved person* is a *person*, generally an individual, who is approved to perform a *controlled function*.
- 10.2.2** **G**_{/1} The *controlled functions* which have been specified in this chapter are those functions which the FSA sees as key to the operation of the provisions of Part V of the Act (Performance of *Regulated Activities*) and the provisions made under Part V. Those provisions include:
- (1) the *Statements of Principle and Code of Practice for Approved Persons* issued under section 64 of the Act (see *APER*); and
 - (2) the fit and proper test referred to in section 61 of the Act (see *FIT*).
- 10.2.3** **G**_{/1} The purpose of the direct regulation of an individual (and in some cases a *body corporate*) is to complement the regulation of the *authorised person*, that is the *firm* for which the *approved person* performs the function.
- 10.2.4** **G**_{/1} SUP 10.11 to SUP 10.14 set out the procedures for applying for approval, changing the details held by the FSA concerning an *approved person*, and withdrawing from approval.

10.3 Provisions related to the act

Arrangements and regulated activities

- 10.3.1** **R**_{/1} A function is a *controlled function* only to the extent that it is performed under an *arrangement* entered into by:
- (1) a *firm*; or
 - (2) a contractor of the *firm*;
- in relation to the carrying on by the *firm* of a *regulated activity*.
- 10.3.2** **G**_{/1} Sections 59(1) and (2) of the *Act* provide that approval is necessary in respect of a *controlled function* which is performed under an *arrangement* entered into by a *firm*, or its contractor (typically an *appointed representative*), in relation to a *regulated activity*.
- 10.3.3** **G**_{/1} *Arrangement* is defined in section 59(10) of the *Act* as any kind of *arrangement* for the performance of a function and includes the appointment of a *person* to an office, his becoming a *partner*, or his employment (whether under a contract of service or otherwise). For the provisions in this chapter relating to outsourcing, see SUP 10.12.3G and 10.12.4G.
- 10.3.4** **G**_{/1} If, however, a *firm* is a member of a *group*, and the *arrangements* for the performance of a *controlled function* of the *firm* are made by, say, the *holding company*, the *person* performing the function will only require approval if there is an *arrangement* (under section 59(1)) or a contract (under section 59(2)) between the *firm* and *holding company* permitting this. This need not be a written contract but could arise, for example, by conduct, custom and practice.
- 10.3.5** **G**_{/1} The *arrangement* must be "in relation to" the carrying on of a *regulated activity*. *Regulated activities* are defined in the *Glossary* by reference to the *Regulated Activities Order*. This order prescribes the activities which are *regulated activities* for the purposes of the *Act*.

10.4 Specification of functions

10.4.1

R

(1) Each of the functions described in SUP 10.4.5R (the *table of controlled functions*) is a *controlled function*.

/1

(2) The descriptions of the *controlled functions* in (1) are amplified by the provisions of this chapter.

(3) A function performed by an *approved person* which is not within (1) is not within the description of the *controlled function*.

10.4.2

G

SUP 10.4.1R(1), together with the *table of controlled functions* in SUP 10.4.5R, specifies, in brief terms, the descriptions of the *controlled functions*. SUP 10.4.1R(2) provides that the other *rules* in this chapter contain the detail of the description for each function. Further *rules* in this chapter contain provisions which will apply to each description as indicated in those *rules*: see in particular SUP 10.1 for the application provisions.

/1

10.4.3

G

SUP 10.4.1R(3) also addresses the position of an *approved person* who is carrying on activities which are unrelated to *regulated activities* or are otherwise outside the description of a *controlled function*. The fact that the *person* may be approved for one purpose does not have the effect of bringing all his activities within the *controlled function*.

/1

10.4.4

G

Certain *controlled functions* expressly include other *controlled functions*: see SUP 10.6.2R in relation to *governing functions*; SUP 10.10.7R in relation to the *investment adviser function*; and SUP 10.10.20R in relation to the *investment management function*. In view of broad descriptions of the *significant management functions* (CF16 to CF20), these are expressed so as not to include other *controlled functions*.

	26	<i>Customer trading function</i>
	27	<i>Investment management function</i>
<i>*significant influence functions</i>		

10.5 Significant influence functions

What are the significant influence functions?

- 10.5.1** **G**_{/1} The *significant influence functions*, which are specified in SUP 10.4.1R, comprise the *governing functions* (see SUP 10.6), the *required functions* (see SUP 10.7), the *systems and controls functions* (see SUP 10.8) and the *significant management functions* (see SUP 10.9). SUP 10.5 applies to each of the *significant influence functions*.

The first condition

- 10.5.2** **R**_{/1} Each *significant influence function* is one which is likely to result in the *person* responsible for its performance exercising a significant influence on the conduct of a *firm's* affairs, so far as relating to a *regulated activity* of the *firm*.
- 10.5.3** **G**_{/1} SUP 10.5.2R gives effect to section 59(5) of the *Act* (where this provision is referred to as the first condition).
- 10.5.4** **G**_{/1} Whether a function is likely to result in the *person* responsible for its performance exercising significant influence on the conduct of the *firm's* affairs is a question of fact in each case. The *FSA* has identified the *significant influence functions* as satisfying this condition. What amounts to exercising significant influence in any particular case will depend on the circumstances. The *person* performing one of these functions is likely to play a part in ensuring that effective governance structures, systems and controls are developed and operated. In relation to a *firm* as a whole, this is expected to include setting the business strategy, regulatory climate and ethical standards of the *firm*. In relation to a *branch*, this will include ensuring that the *firm's* strategy (as it affects the *branch*) is appropriate in the context of the *UK regulatory system*, and setting the regulatory climate and ethical standards of the *branch* in the *United Kingdom*.

Periods of less than 12 weeks

- 10.5.5** **R**_{/1} If:
- (1) a *firm* appoints an individual to perform a function which, but for this rule, would be a *significant influence function*;

- (2) the appointment is to provide cover for an *approved person* whose absence is:
 - (a) temporary; or
 - (b) reasonably unforeseen; and
- (3) the appointment is for less than 12 weeks in a consecutive 12 month period;

the description of the relevant *significant influence function* does not relate to those activities of that individual.

10.5.6

G

/1

SUP 10.5.5R enables cover to be given for, say, holidays and emergencies and avoids the need for the precautionary approval of, for example, a deputy. However, as soon as it becomes apparent that a *person* will be performing a *controlled function* for more than 12 weeks, the *firm* should apply for approval.

10.6 Governing functions

Introduction

- 10.6.1** **G**
/1 Every *firm* will have one or more *persons* responsible for directing its affairs. These *persons* will be performing the *governing functions* and will be required to be *approved persons* unless the application provisions in *SUP* 10.1, or the particular description of a *controlled function*, provide otherwise. For example, each *director* of a *company* incorporated under the Companies Acts will perform the *governing function* in relation to that *company*.

What the governing functions include

- 10.6.2** **R**
/1 Each of the *governing functions* (other than the *non-executive director function*) includes where apportioned under *SYSC* 2.1.1R:

- (1) *systems and controls functions*; and
- (2) *significant management functions*.

- 10.6.3** **G**
/1 The effect of *SUP* 10.6.2R is that a *person* who is *approved* to perform a *governing function* (other than the *non-executive function*) will not have to be specifically approved to perform any of the *systems and controls functions* or the *significant management functions*. However, he will have to be additionally approved before he can perform any of the *required functions* or *customer functions*.

Director function (CF1)

- 10.6.4** **R**
/1 If a *firm* is a *body corporate* (other than a *limited liability partnership*), the *director function* is the function of acting in the capacity of a *director* (other than *non-executive director*) of that *firm*.

- 10.6.5** **G**
/1 The definition of *director* includes a *person* in accordance with whose directions or instructions the *directors* are accustomed to act. Such a *person* is defined in section 741 of the Companies Act 1985 as a "shadow director". The *directors* of a *holding company* would not, as such, be *shadow directors*. Neither would an individual be a *shadow director* (or *director*) because his job description included the word "director". Whether a *person* is a *director* within the definition is a question of fact in each case.

10.6.6 G_{/1} Similarly, the fact that a *person* may have "director" in his title does not of itself make him a *director* within the meaning of the definition. Whether a *person* is a *director* will depend on the facts in each case.

10.6.7 G_{/1} A *director* can be a *body corporate* and may accordingly require approval as an *approved person* in the same way as a natural *person* may require approval.

Non-executive director function (CF2)

10.6.8 R_{/1} If a *firm* is a *body corporate*, the *non-executive director function* is the function of acting in the capacity of a *non-executive director* of that *firm*.

10.6.9 G_{/1} Examples of responsibilities of a *non-executive director* may include:

- (1) playing his part, by providing an independent perspective to the overall running of the business, in setting and monitoring the *firm's* strategy;
- (2) scrutinising the approach of executive management, the *firm's* performance and its standards of conduct; and
- (3) carrying out other responsibilities as assigned by the *firm*, for example as a member of a board committee on audit or remuneration.

10.6.10 G_{/1} The extent of the responsibilities of a particular *non-executive director* will be a matter of fact in each case but they will not extend to executive responsibilities.

Chief executive function (CF3)

10.6.11 R_{/1} The *chief executive function* is the function of acting in the capacity of a *chief executive* of a *firm*.

10.6.12 G_{/1} The title given to a *person* performing the *chief executive function* is likely to be "Chief Executive Officer" or similar. However, the title, or absence of title, does not of itself determine whether the activities of a *person* amount to the *chief executive function*.

10.6.13 G_{/1} This function is having the responsibility, alone or jointly with one or more others, under the immediate authority of the *governing body*, for the conduct of the whole of the business (or relevant activities); or, in the case of a *branch* in the *United Kingdom* of an *overseas firm*, for all of the activities subject to the *UK regulatory system*.

10.6.14 G_{/1} For a *branch* in the *United Kingdom* of an *overseas firm*, the *FSA* would not normally expect the overseas *chief executive* of the *firm* as a whole to be approved for this function where there is a *senior manager* under him with specific responsibility for those activities of the *branch* which are subject to the *UK regulatory system*. In some circumstances, the person within the *firm* responsible for *UK* operations may, if the function is likely to enable him to exercise significant influence over the *branch*, also perform the *chief executive function* (see *SUP* 10.7.4G). The *senior manager* may be called a Managing Director, *UK* Regional Head, Branch Manager, *UK* Country Head; or, in the case of a non-EEA *insurer* with a *branch* in the *United Kingdom*, *UK chief executive*.

10.6.15 **G**_{/1} A *person* performing the *chief executive function* may be a *member* of the *governing body* but need not be. If the chairman of the *governing body* is also the *chief executive*, he will be discharging this function. If the responsibility is divided between more than one *person* but not shared, there is no *person* exercising the *chief executive function*. But if that responsibility is discharged jointly by more than one *person*, each of those *persons* will be performing the *chief executive function*.

10.6.16 **G**_{/1} Note that a *body corporate* may be a *chief executive*. If so, it will need to be approved to perform the *chief executive function*.

Partner function (CF4)

- 10.6.17** **R**_{/1}
- (1) If a *firm* is a *partnership*, the *partner function* is the function of acting in the capacity of a *partner* in that *firm*.
 - (2) If the principal purpose of the *firm* is to carry on one or more *regulated activities*, each *partner* performs the *partner function*.
 - (3) If the principal purpose of the *firm* is other than to carry on *regulated activities*:
 - (a) a *partner* performs the *partner function* to the extent only that he has responsibility for a *regulated activity*; and
 - (b) a *partner* in a *firm* will be taken to have responsibility for each *regulated activity* except where the *partnership* has apportioned responsibility to another *partner* or group of *partners*.

10.6.18 **G**_{/1} For the purpose of this chapter, the definition of *partner* has been extended to include a "shadow partner", that is, a *person* in accordance with whose directions or instructions the *partners* are accustomed to act. This brings the concept of a *partner* into line with the concept of a *director*.

10.6.19 **G**_{/1} Any apportionment referred to in SUP 10.6.17R(3)(b) will have taken place under SYSC 2.1.1R. The FSA may ask to see details of the apportionment but will not require, as a matter of course, a copy of the material which records this (see SYSC 2.2).

10.6.20 **G**_{/1} The effect of SUP 10.1.18R is that *regulated activity* in SUP 10.6.17R (and elsewhere) is to be taken as not including an activity that is a *non-mainstream exempt regulated activity*. Therefore, a *partner* whose only *regulated activities* are incidental to his professional services, in a *partnership* whose principal purpose is to carry on other than *regulated activities*, need not be an *approved person*. What amounts to the principal purpose of the *firm* is a matter of fact in each case having regard to all the circumstances, including the activities of the *firm* as a whole. Any *regulated activities* which such a *partner* carries on are not within the description of the *partner function*.

10.6.21 **R**_{/1} If a *firm* is a *limited liability partnership*, the *partner function* extends to the *firm* as if the *firm* were a *partnership* and a member of the *firm* were a *partner*.

10.6.22 **G** _{/1} The *Limited Liability Partnerships Act 2000* provides for a legal entity to be formed under which every member of the *limited liability partnership* is the agent of the *limited liability partnership*. The effect of SUP 10.6.21R is to treat a *limited liability partnership* as a *partnership* for the purposes of the *partner function*.

10.6.23 **R** _{/1} If a *partnership* is registered under the Limited Partnership Act 1907, the *partner function* does not extend to any function performed by a limited partner.

Director of unincorporated association function (CF5)

10.6.24 **R** _{/1} If a *firm* is an unincorporated association, the *director of unincorporated association function* is the function of acting in the capacity of a *director* of the unincorporated association.

10.6.25 **G** _{/1} There are many kinds of unincorporated association. For example, it could be a committee of management of a property unit trust; or the board of trustees of an *occupational pension scheme* where the trustees themselves carry on *regulated activities*. The FSA would expect each member of the committee of management or board to be performing the *director of unincorporated association function* and therefore to need to be approved to do so.

Small friendly society function (CF6)

10.6.26 **R** _{/1} (1) If a *firm* is a *non-directive friendly Society*, the *small friendly society function* is the function of directing its affairs, either alone or jointly with others.

(2) If the principal purpose of the *firm* is to carry on *regulated activities*, each *person* with responsibility for directing its affairs performs the *controlled function*.

(3) If the principal purpose of the *firm* is other than to carry on *regulated activities*, a *person* performs the *small friendly society function* only to the extent that he has responsibility for a *regulated activity*.

10.6.27 **G** _{/1} A *friendly society* that is not subject to the *Insurance Directives* is often referred to as a *non-directive friendly society*. For the purposes of SUP 10 it is referred to as a *small friendly society*.

10.6.28 **R** _{/1} (1) Each *person* on the *non-directive friendly society's governing body* will be taken to have responsibility for its *regulated activities*, unless the *firm* has apportioned this responsibility to one particular individual to whom it is reasonable to give this responsibility.

(2) The individual need not be a member of the *governing body*.

10.6.29 **G** _{/1} (1) Typically a *non-directive friendly Society* will appoint a "committee of management" to direct its affairs. However, the governing arrangements may

10.7 Required functions

Apportionment and oversight function (CF8)

- 10.7.1** **R**_{/1} The *apportionment and oversight function* is the function of acting in the capacity of a *director* or *senior manager* responsible for either or both of the apportionment function and the oversight function set out in SYSC 2.1.3R.
- 10.7.2** **G**_{/1} SYSC 2.1.3R provides that a *firm* must appropriately allocate to one or more individuals the functions of dealing with the apportionment of responsibilities under SYSC 2.1.1R, and of overseeing the establishment and maintenance of systems and controls under SYSC 3.1.1R. Where there is a *chief executive*, he or she must be one of the individuals to whom the functions are allocated (unless the functions are allocated to someone of greater seniority); see SYSC 2.1.6G.
- 10.7.3** **G**_{/1} The fact that there is a *person* performing the *apportionment and oversight function*, and who has responsibility for activities subject to regulation by the FSA, may have a bearing on whether a manager who is based overseas will be performing a *controlled function*. It is a factor to take into account when assessing the likely influence of the overseas manager.
- 10.7.4** **G**_{/1} Generally, in relation to a UK establishment of an *overseas firm* or a *firm* which is part of an overseas *group*, where an overseas manager's responsibilities in relation to the United Kingdom are strategic change only, he will not need to be an *approved person*. However, where, in accordance with SYSC 3, he is responsible for implementing that strategy in the *United Kingdom*, and has not delegated that responsibility to a *senior manager* in the *United Kingdom*, he is likely to be performing a *controlled function*, such as, for example, the *chief executive function*.
- 10.7.5** **G**_{/1} See also SUP 10.9.5G and SUP 10.9.6G in relation to matrix management in the context of *significant management functions*.

EEA investment business oversight function (CF9)

- 10.7.6** **R**_{/1} The *EEA investment business oversight function* is the function of acting in the capacity of an individual who is responsible, in accordance with SYSC 2.1.3R(2), for overseeing the establishment and maintenance of systems and controls in relation to *designated investment business* carried on from a *branch* in the *United Kingdom* of an *incoming EEA firm*.

- 10.7.7** **G**_{/1} Where an overseas individual has not delegated this function to a *senior manager* in the *United Kingdom*, he is likely to be performing this *controlled function*. However, the *FSA* anticipates that any individual carrying out this function will normally be located in the *United Kingdom*. He may be the local *chief executive* or one or more of the individuals *approved* to perform the *significant management (designated investment business) function*. If the local *chief executive* (or other individual) is approved for this function, this does not mean that all his responsibilities are the concern of the *FSA*. *SUP* 10.1.9R preserves the principle of *Home State* prudential regulation whenever it applies and in respect of each *controlled function*.

Compliance oversight function (CF10)

- 10.7.8** **R**_{/1} The *compliance oversight function* is the function of acting in the capacity of a *director* or *senior manager* who is allocated the function set out in SYSC 3.2.8R.
- 10.7.9** **G**_{/1} SYSC 3.2.8R provides that a *firm* which carries on *designated investment business* must allocate to a *director* or *senior manager* the function of having responsibility for oversight of the *firm's* compliance and reporting to the *governing body* in respect of that responsibility.
- 10.7.10** **G**_{/1} Compliance in SYSC 3.2.8R means compliance with the rules in *COB* and *CIS*. The *FSA* anticipates that some *firms* will include oversight of compliance with *PRIN*, *MAR*, and other requirements and standards, within its compliance function. These other responsibilities would not, however, be brought within the *compliance oversight function* (see also *SUP* 10.4.3G).
- 10.7.11** **G**_{/1} Some *firms*, particularly *firms* with complex structures or which are part of a *group*, may find it appropriate to seek approval for the group head of compliance and other *persons* to perform the *compliance oversight function*. Examples of other *persons* include the *senior manager* responsible for compliance in a *firm* which is a *subsidiary* within the *group* and a *senior manager* in a reporting line, where compliance is organised along product lines.
- 10.7.12** **G**_{/1} Although a *firm* may choose to use the services of an external compliance consultant, the responsibility for the *compliance oversight function* must, in accordance with SYSC 3.2.8R, rest with one or more *directors* or *senior managers* of the *firm*.

Money laundering reporting function (CF11)

- 10.7.13** **R**_{/1} The *money laundering reporting function* is the function of acting in the capacity of the *money laundering reporting officer* of a *firm*.
- 10.7.14** **G**_{/1} The *rules* in the *Money Laundering* sourcebook (*ML*) provide that a *firm* must have a *money laundering reporting officer* unless:
- (1) it is a *sole trader* with no *employees*; or
 - (2) its *regulated activities* are certain *insurance business* only; or
 - (3) it is an *incoming firm* providing only services into the *United Kingdom*.

10.7.15 G_{/1} The specific responsibilities of the *money laundering reporting officer* are set out in *ML 7.1*.

10.7.16 G_{/1} *ML 7.1.9R* provides that a *money laundering reporting officer* must have a "sufficient level of seniority" within the *firm*, so that he can carry out his *controlled function* effectively.

Appointed actuary function (CF12)

10.7.17 R_{/1} The *appointed actuary function* is the function of acting in the capacity of the *appointed actuary* of a *firm*.

10.7.18 G_{/1} The effect of *SUP 4.1.1R* (Application) and *SUP 4.3.1R* (Appointment of an actuary) is that a *long-term insurer* (unless it is a certain kind of *friendly society*) must appoint an *actuary*, defined in *SUP 4.3.1R* as an *appointed actuary*. The kinds of *friendly society* to which the provisions do not apply are:

- (1) a *registered friendly society* which is a *non-directive friendly society*; and
- (2) an *incorporated friendly society* that is a *flat rate benefits business friendly society*.

10.7.19 G_{/1} The *appointed actuary* is a personal appointment and typically is an *employee* of the *firm*. However, in many cases a *partner* in a firm of actuaries is appointed.

10.7.20 G_{/1} The *appointed actuary function* does not extend to the giving of actuarial advice to a *firm* by an *actuary* who is acting outside the capacity of *appointed actuary*. A *person* who gives actuarial advice, whether occasionally or regularly, other than in the course of his duties as an *appointed actuary* would not be performing the *appointed actuary function*.

10.7.21 G_{/1} The *rules* and *guidance* concerning the rights and duties of the *appointed actuary* are set out in *SUP 4.3.10R* to *SUP 4.3.17G*.

10.8 Systems and control functions

Finance function (CF13)

10.8.1 **R**_{/1} The *finance function* is the function of acting in the capacity of a *senior manager* with responsibility for reporting to the *governing body* of a *firm* in relation to its financial affairs.

10.8.2 **G**_{/1} This function is often performed by a *senior manager* who is given the title of Financial Controller, Chief Finance Officer or Finance Officer. The individual may also be given the title of Finance Director but, if he is a *director* of the *company*, he should be *approved* to perform the *director function* (and not the *finance function*). The fact that an individual may use one of these titles does not necessarily mean that he is performing a *controlled function*.

Risk assessment function (CF14)

10.8.3 **R**_{/1} The *risk assessment function* is the function of acting in the capacity of a *senior manager* with responsibility for reporting to the *governing body* of a *firm* in relation to setting and controlling its *risk exposure*.

10.8.4 **G**_{/1} Depending on the scale, nature and complexity of its business it may be appropriate for a *firm* to have a separate *risk assessment function*: see SYSC 3.2.10G.

10.8.5 **G**_{/1} This function is often performed by a *senior manager* who is given the title of Head of Risk. Other examples of titles are Head of Credit Risk and Head of Market Risk (but the fact that an individual may use one of these titles does not necessarily mean that he is performing a *controlled function*).

Internal audit function (CF15)

10.8.6 **R**_{/1} The *internal audit function* is the function of acting in the capacity of a *senior manager* with responsibility for reporting to the *governing body*, or the audit committee (or its equivalent), of a *firm* in relation to its adherence to internal systems and controls, procedures and policies.

10.8.7 **G**_{/1} Depending on the scale, nature and complexity of its business it may be appropriate for a *firm* to have a separate *internal audit function*: see SYSC

3.2.16G. If it does, this will not require the *person* performing the function to have any special obligation towards the *FSA* (such as reporting directly on matters to the *FSA*) nor will this cause the *FSA* to call for all internal audit reports as a matter of routine.

10.8.8

G
/1

This function is often performed by a *senior manager* who is given the title of Head of Internal Audit or Internal Auditor (but the fact that an individual may use one of these titles does not necessarily mean that he is performing a *controlled function*).

10.9 Significant management functions

Application

- 10.9.1** **R**_{/1} *SUP 10.9 applies only to a firm which, under SYSC 2.1.1R, apportions a significant responsibility, within the description of a significant management function, to a senior manager of a significant business unit.*
- 10.9.2** **G**_{/1} The FSA anticipates that there will be only a few firms needing to seek approval for an individual to perform a significant management function. In most firms, those approved for the governing functions, required functions and, where appropriate, the systems and controls functions, are likely to exercise all the significant influence at senior management level.
- 10.9.3** **G**_{/1} However, the scale, nature and complexity of the firm's business may be such that a firm apportions under SYSC 2.1.1R a significant responsibility to an individual who is not approved to perform the governing functions, required functions or, where appropriate, the systems and controls functions. If so, the firm should consider whether the functions of that individual fall within a significant management function. For the purposes of the description of the significant management functions, the following additional factors about the firm should be considered:
- (1) the size and significance of the firm's business in the United Kingdom; for example, a firm carrying on designated investment business may have a large number of approved persons (for example, in excess of 100 individuals); or a firm carrying on general insurance business may have gross written premiums in excess of £100mn;
 - (2) the number of regulated activities carried on, or proposed to be carried on, by the firm and (if relevant) other members of the group;
 - (3) its group structure (if it is a member of a group);
 - (4) its management structure (for example matrix management); and
 - (5) the size and significance of its international operations, if any.
- 10.9.4** **G**_{/1} When considering whether a business unit is significant, the firm should take into account all relevant factors in the light of the firm's current circumstances and its plans for the future, including:
- (1) the risk profile of the unit; or

- (2) its use or commitment of a *firm's* capital; or
- (3) its contribution to the profit and loss account; or
- (4) the number of *employees* or *approved persons* in the unit; or
- (5) the number of *customers* of the unit; or
- (6) any other factor which makes the *unit* significant to the conduct of the *firm's* affairs so far as relating to the *regulated activity*.

10.9.5 G_{/1} The question may arise whether a manager who is based overseas will be performing a *controlled function* (such as the *significant management (designated investment business) function*) and should therefore be an *approved person*. This is especially true where the *firm* operates matrix management. The fact there is a *person* performing the *apportionment and oversight function*, and who has responsibility for activities subject to regulation by the *FSA*, may have a bearing on this. It is a factor to take into account when assessing the likely influence of the overseas manager.

10.9.6 G_{/1} Generally, in relation to a *branch* of a *firm*, or a *firm* which is part of an overseas *group*, where an overseas *manager* is responsible for strategy, he will not need to be an *approved person*. However, where he is responsible for implementing that strategy in the *United Kingdom*, and has not delegated that responsibility to a *senior manager* in the *United Kingdom*, he is likely to be performing a *controlled function*.

10.9.7 G_{/1} See also *SUP* 10.7.3G to *SUP* 10.7.5G in relation to matrix management.

Reporting requirement

10.9.8 R_{/1} A *firm* must, by no later than 31 July each year, provide the *FSA* with:

- (1) the name of every individual who is *approved* to perform any of its *significant management functions*; and
- (2) brief details of the job performed by that individual, as at 30 June of that year;

unless it has, within the 12 *months* preceding 30 June, already provided the *FSA* with that information.

10.9.9 G_{/1} The broad description of each *significant management function* means that an individual may perform a different function within the *significant management function* without needing prior approval. However, the *FSA* does require a notification of the job performed by such people once a year. Typically, a *firm* will give this information to the *FSA* as a matter of routine during the year but, if not, *SUP* 10.9.8R requires it to do so by 31 July. The *rule* requires the *firm* to provide a report only in respect of individuals performing a *significant management function*: if there are none, there is no need to provide a report.

Significant management (designated investment business) function (CF16)

- 10.9.10** **R**
/1
- (1) The *significant management (designated investment business) function* is the function of acting as a *senior manager* with significant responsibility for a significant business unit which carries on *designated investment business*.
 - (2) This function does not include any of the activities described in any other *controlled function*.

- 10.9.11** **G**
/1
- Where SUP 10.9.1R and SUP 10.9.10R apply, the FSA would expect the *senior manager* of a significant trading department, such as equities in a large international *firm*, possibly with the title of *Chief Investment Officer*, to be performing this function. Other examples are *senior managers* with responsibility for investment banking, fixed income, *derivatives*, *commodities*, trading, *custody*, asset management, marketing and sales. The Regional Heads of Sales of an *insurer* are also likely to be performing this function. The *senior manager* may, for example, be responsible for about 100 individuals *approved* to perform the *investment adviser function*. The FSA would not expect an individual below this level to need to be approved to perform the *significant management (designated investment business) function*. The fact that an individual may use one of these titles does not necessarily mean that he is performing a *controlled function*. Whether he does so depends on the circumstances of the *firm* and the application of SUP 10.9.1R.

Significant management (other business operations) function (CF17)

- 10.9.12** **R**
/1
- (1) The *significant management (other business operations) function* is the function of acting as a *senior manager* with significant responsibility for a significant business unit which carries on an activity which is not in relation to *designated investments*.
 - (2) A *person* may be a *senior manager* for the purposes of this *rule* even if he is not managing any or any substantial number of staff, provided he has responsibility for managing all, or a very substantial proportion, of the assets or exposures or decision making of the unit.
 - (3) This function does not include any of the activities described in any other *controlled function*.

- 10.9.13** **G**
/1
- Where SUP 10.9.1R and SUP 10.9.12R apply, the *senior manager* could, for example, be the head of a unit carrying on the activities of: retail banking, personal lending, corporate lending; leasing assets, issuing credit cards, trade finance, loan syndicates or debt, salvage or loan recovery, or proprietary trading. The *senior manager* could also be a proprietary trader whose trading limits are such that he may put, or potentially put, his *firm* at significant risk. This function would not extend to every proprietary trader.

Significant management (insurance underwriting) function (CF18)

- 10.9.14** **R**
/1
- (1) The *insurance underwriting function* is the function of acting in the capacity of a *senior manager* with significant responsibility for the effecting by an *insurer*, or by a *managing agent* on behalf of a *member* of the *Society of Lloyd's*, of *contracts of insurance* other than *contractually based investments*.
- (2) This function does not include any of the activities described in any other controlled function.

- 10.9.15** **G**
/1
- Where SUP 10.9.1R and SUP 10.9.14R apply, the FSA would expect the *senior manager* with responsibility for a significant underwriting unit such as marine underwriting in a large insurer to be performing this function. Other examples are *senior managers* with underwriting responsibility for aviation, motor, property, third party liability, term insurance and health care.

Significant management (financial resources) function (CF19)

- 10.9.16** **R**
/1
- (1) The *significant management (financial resources) function* is the function of acting in the capacity of a *senior manager* with significant responsibility for the making of material decisions on the commitment of a *firm's* financial resources, its financial commitments, its asset acquisitions, its liability management and its overall cash and capital planning.
- (2) This function does not include any of the activities described in any other *controlled function*, including, in particular, the *finance function*.

- 10.9.17** **G**
/1
- Where SUP 10.9.1R and SUP 10.9.16R apply, the individual performing this function would typically be the Chief Treasurer, or a member of a high level committee such as an Asset and Liability Committee. In the case of the *Society of Lloyd's*, it would include being a member of the Market Board (or a successor committee performing the functions of the Market Board).

Significant management (settlements) function (CF20)

- 10.9.18** **R**
/1
- (1) The *significant management (settlements) function* is the function of acting in the capacity of a *senior manager* with significant responsibility for processing confirmations, payments, settlements, insurance claims, *client money* and similar matters.
- (2) This function does not include any of the activities described in any other *controlled function*, including, in particular, the *significant management (financial resources) function*.

- 10.9.19** **G**
/1
- The tasks within this *controlled function* are often referred to as the back office functions. Where SUP 10.9.1R and SUP 10.9.18R apply, the *person* performing this function may be known, for example, as the Head of Payments, Head of

Settlements, or Head of Claims. The fact that an individual may use one of these titles does not necessarily mean that he is performing a *controlled function*. Whether he does so depends on the circumstances of the *firm* and the application of *SUP* 10.9.1R.

10.10 Customer functions

- 10.10.1** **R** *SUP 10.10 (the customer functions) applies only in relation to a regulated activity to which COB applies under COB 1.4.*
/1
- 10.10.2** **G** (1) Without *SUP 10.10.1R* the descriptions of the *customer functions* would extend to functions wherever they are performed. The effect of *SUP 10.10.1R* is that the descriptions are limited, in relation to *regulated activities* with an overseas element, in a manner which is consistent with the scope of *COB* regulation.
/1
- (2) *COB 1.4 (General application: Where)* specifies the *rules* which apply to *regulated activities* by reference to the location from which the activity is carried on. For example, where the *regulated activity* is carried on from an establishment maintained by a *firm* (or by its *appointed representative*) in the *United Kingdom*, *COB* applies in full (but special provisions apply in relation to *financial promotion*). See *COB 1.4* for further details.
- 10.10.3** **G** The *customer functions* have to do with giving advice on, *dealing* and arranging deals in and *managing investments*; they have no application to banking business such as deposit taking and lending, nor to *general insurance business*.
/1
- The customer conditions (the second and third conditions)**
- 10.10.4** **R** Each *customer function* is one which will involve the *person* performing it in *dealing with customers*, (and for the *corporate finance adviser function, clients*), or *dealing with property of customers*, of a *firm* in a manner substantially connected with the carrying on of a *regulated activity* of the *firm*.
/1
- 10.10.5** **G** *SUP 10.10.4R* gives effect to sub-sections (6) and (7) of section 59 of the *Act* (referred to in that section as the second and third conditions). *Customer* is given the meaning in the *Glossary* (which is not the same as the definition given in section 59 (11) of the *Act*).
/1
- 10.10.6** **G** The *FSA* interprets the phrase "dealing with" as including having contact with *customers* and extending beyond "dealing" as used in the phrase "dealing in investments". "Dealing in" is used in Schedule 2 to the *Act* to describe in general terms the *regulated activities* which are specified in Part II of the *Regulated Activities Order*.
/1

Investment adviser function (CF21)

- 10.10.7 **R** /1 (1) The *investment adviser function* is the function of:
- (a) *advising on investments*; and
 - (b) performing functions within the *customer trading function* in connection with *advising on investments*.
- (2) This function does not include:
- (a) the *investment adviser (trainee) function*; and
 - (b) the *pension transfer specialist function*.
- (3) This function does not extend to an individual who is based overseas and who, in a 12 month period, spends no more than 30 days in the *United Kingdom* in so far as:
- (a) his activities relate to *designated investment business*; and
 - (b) he is supervised by an *approved person advising on investments*.

10.10.8 **G** /1 The function of *advising on investments* would include, for example, giving advice to *clients* in connection with *corporate finance business*. It does not include *managing investments* (see the *investment management function*) or advising on syndicate participation at Lloyd's (see the *adviser on syndicate participation at Lloyd's function*).

10.10.9 **G** /1 When considering an application for *approval* in relation to this *controlled function*, the *FSA* may ask for evidence of the individual's competence. *TC 2.4.1R* provides that a *firm* must ensure that an *employee* is not allowed to engage in an activity unless the *employee* has been assessed as competent in that activity, in accordance with *TC 2.4.4R*, or is appropriately supervised. *TC 2.4.2R* provides that a *firm* must, before an *employee* can be assessed as competent, ensure that the *employee* has been assessed as able to apply the knowledge and skills necessary to engage without supervision in the relevant activity and has passed the appropriate *approved examination*.

10.10.10 **G** /1 It is a matter for the *firm* to decide what level of supervision is appropriate for an individual from overseas. However, the *FSA* would expect the individual to be accompanied on a visit to a *customer*.

Investment adviser (trainee) function (CF22)

10.10.11 **R** /1 The *investment adviser (trainee) function* is the function of *advising on investments* where the individual performing the function has not yet been assessed as competent in accordance with the *rules* in the *Training and Competence sourcebook (TC)*.

10.10.12 **G** /1 If a *firm* notifies the *FSA* that an individual who is performing the *investment adviser (trainee) function* has passed the appropriate examination, and has been

assessed as competent, the FSA will treat this as an application for the individual to perform the *investment adviser function*. (Form D SUP 10 Ann 7R may be used for this purpose).

Corporate finance adviser function (CF23)

- 10.10.13 **R** /1 The *corporate finance adviser function* is the function of giving advice to *clients* only in connection with *corporate finance business*.

Pension transfer specialist function (CF24)

- 10.10.14 **R** /1 The *pension transfer specialist function* is the function of giving advice or performing related activities in connection with:

- (1) *pension transfers*; or
 - (2) *opt-outs*;
- for *private customers*.

Adviser on syndicate participation at Lloyds' function (CF25)

- 10.10.15 **R** /1 The *adviser on syndicate participation at Lloyd's function* is the function of giving advice to a person to become, or continue or cease to be, a member of a particular *Lloyds syndicate*.

Customer trading function (CF26)

- 10.10.16 **R** /1 The *customer trading function* is the function of *dealing*, as principal or as agent, and arranging *deals in investments* with or for, or in connection with, *private customers* and *intermediate customers* where:

- (1) the *dealing* or *arranging deals* is governed by COB 7 (dealing and managing); and
- (2) the *person* performing the function is not advising on or managing *investments* unless approved to perform the *investment adviser function* or the *investment management function*.

- 10.10.17 **G** /1 A *person* who advises on or manages *investments* must be approved to perform the *investment adviser function* or the *investment management function* (see SUP 10.10.7R and SUP 10.10.20R) and does not need to be separately approved for the *customer trading function* (see SUP 10.10.16R).

10.10.18 **G**_{/1} COB 7 applies to a *firm* conducting *designated investment business*. Where a firm's proprietary trader may deal with a *private* or *intermediate customer*, the *firm* should ensure that the trader is *approved* under the *customer trading function*.

10.10.19 **G**_{/1} The *customer trading function* does not extend to the individual who, on the instructions of the customer, simply inputs the customer's instructions into an automatic execution system where no discretion is or may be exercised by the individual carrying out the activity. Nor does it extend to merely introducing a *customer* to a *firm* or distributing advertisements.

Investment management function (CF27)

10.10.20 **R**_{/1} The *investment management function* is the function of *managing investments* and, when ancillary to that function, functions within:

- (1) the *customer trading function*; and
- (2) the *investment adviser function*.

10.10.21 **G**_{/1} Note that the definition of *managing investments* provides that the activity consists of managing assets comprising or including certain *specified investments* "in circumstances which involve the exercise of discretion".

10.11 Procedures relating to approved persons

Forms

10.11.1 G_{/1} The forms listed in *SUP 10.11.2G* are referred to in *SUP 10.11* (Procedures relating to approved persons) to *SUP 10.14* (Further questions).

10.11.2 G_{/1} Table Approved persons forms

Form A	SUP 10 Ann 4D	Application to perform controlled functions under the approved persons regime
Form B	SUP 10 Ann 5R	Notice to withdraw an application to perform controlled functions under the approved persons regime
Form C	SUP 10 Ann 6R	Notice of ceasing to perform controlled functions
Form D	SUP 10 Ann 7R	Notification of changes in personal information or application details
Form E	SUP 10 Ann 8G	Internal transfer of an approved person

10.11.3 G_{/1} A summary of the forms and their purposes is in *SUP 10 Ann 2G*. A summary of *FSA* procedures is in *SUP 10 Ann 3G*. For the method of notification to the *FSA*, see *SUP 15.7* (Form and method of notification).

10.11.4 G_{/1} Unless the context otherwise requires, in *SUP 10.11* (Procedures relating to *approved persons*) to *SUP 10.14* (Further questions) where reference is made to a *firm*, this also includes an applicant for *Part IV permission*, and other *persons* seeking to carry on *regulated activities* as an *authorised person*.

10.11.5 G_{/1} Forms B, C, D and E can only be submitted in respect of an *approved person* by the *firm* that submitted an *approved person's* original application (that is, Form A).

10.11.6 G_{/1} Copies of Forms A, B, C, D and E may be obtained from the *FSA* website or from the Individual Vetting and Approval department. To contact the Individual Vetting and Approval department for general enquiries:

(1) telephone 020 7676 0019; or

(2) fax 020 7676 0017; or

(3) write to:

10.12 Application for approval and withdrawing an application for approval

When to apply for approval

- 10.12.1 **G**_{/1} In accordance with section 59 of the *Act* (Approval for particular arrangements), where a *candidate* will be performing one or more *controlled functions*, a *firm* must take reasonable care to ensure that the *candidate* does not perform these functions unless he has prior approval from the FSA.

How to apply for approval

- 10.12.2 **D**_{/1} An application by a *firm* for the FSA's approval under section 59 of the *Act* (Approval for particular arrangements) must be made by completing Form A.

Who should make the application?

- 10.12.3 **G**_{/1} In accordance with section 60 of the *Act* (Applications for approval), applications must be submitted by, or on behalf of, the *firm* itself, not by the *candidate*. Usually this will be the *firm* that is employing the *candidate* to perform the *controlled function*. Where a *firm* has outsourced the performance of a *controlled function*, the details of the outsourcing determine where responsibility lies and whom the FSA anticipates will submit *approved persons* forms. SUP 10.12.4G describes some common situations. The *firm* which is outsourcing is referred to as "A" and the *person* to whom the performance of the function has been outsourced, or which makes the *arrangement* for the function to be performed, is referred to as "B". In each situation, A must take reasonable care to ensure that, in accordance with section 59(2) of the *Act*, no *person* performs a *controlled function* under an *arrangement* entered into by its contractor in relation to the carrying on by A of a *regulated activity*, without approval from the FSA. See also SYSC 3.2.4G and if applicable IPRU (BANK) OS and IPRU (BSOC) OS.

- 10.12.4 **G**_{/1} Table Outsourcing arrangements

Outsourcing arrangement		Submitting forms
<p>Firm A to firm B</p>	<p>The FSA will consider A to have taken reasonable care if it enters into a contract with B under which B is responsible for ensuring that the relevant controlled functions are performed by approved persons, and that it is reasonable for A to rely on this</p>	<p>Firm B submits approved persons forms on behalf of firm A</p>
<p>Outsourcing by A to B (both being a member of the same United Kingdom group and each having its registered office in the United Kingdom)</p>	<p>See SUP 10.3.4G</p>	<p>See SUP 15.7.7</p>
<p>(i) A to B, where B is a non-authorised person not part of the same group as A (ii) A to B, where A is a branch of an overseas firm in the United Kingdom, and B is an overseas undertaking of the same group (iii) A to B, where A is a UK authorised subsidiary of an overseas firm, and B is an overseas undertaking of the same group</p>	<p>Responsibility for (as opposed to the performance of) any activity outsourced to B will remain with A. See SYSC 3.2.4G</p>	<p>A ensures that an individual approved under one of the significant influence functions has responsibility for the outsourced arrangement and A submits a form in relation to that individual</p>

Processing an application

- 10.12.5** G_{/1} The *Act* allows the *FSA* three *months* from the time it receives a properly completed application to consider it and come to a decision. The *FSA* must either grant the application or, if it proposes not to grant an application, issue a *warning notice* (see *DEC 2*). The *FSA* will deal with cases more quickly than this whenever circumstances allow and will try to meet the standard response times published on the website and in its Annual Report. However, if an application is incomplete when received, or the *FSA* has knowledge that, or reason to believe that, the information is incomplete, then the processing time will be longer than the published standard response times.
- 10.12.6** G_{/1} Application forms must always be completed fully and honestly. Further notes on how to complete the form are contained in each form. If forms are not completed fully and honestly, applications will be delayed and, in some cases, possibly rejected. A *person* who provides information to the *FSA* that is false or misleading may commit a criminal offence. As a general guide, disclosure is required in the application form in respect of:
- (1) previous employment history going back ten years and with reasons for leaving;
 - (2) outstanding county court judgments, bankruptcies and arrangements with creditors; and
 - (3) previous disciplinary actions by a *regulatory body*.
- 10.12.7** G_{/1} If there is a delay in processing the application within the standard response time, the *FSA* will tell the *firm* making the application as soon as this becomes apparent.
- 10.12.8** G_{/1} Before making a decision to grant the application or give a *warning notice*, the *FSA* may ask the *firm* for more information about the *candidate*. If it does this, the three *month* period in which the *FSA* must determine a completed application:
- (1) will stop on the *day* the *FSA* requests the information; and
 - (2) will start running again on the *day* on which the *FSA* finally receives all the requested information.
- 10.12.9** G_{/1} The *FSA* may grant an application only if it is satisfied that the *candidate* is a fit and proper *person* to perform the *controlled function* stated in the application form. Responsibility lies with the *firm* making the application to satisfy the *FSA* that the *candidate* is fit and proper to perform the *controlled function* applied for.
- 10.12.10** G_{/1} For further *guidance* on criteria for assessing whether a *candidate* is fit and proper, see *FIT*.

Decisions on applications

- 10.12.11** G_{/1} Whenever it grants an application, the *FSA* will confirm this in writing to all *interested parties*.
- 10.12.12** G_{/1} If the *FSA* proposes to refuse an application in relation to one or more *controlled functions*, it must follow the procedures for issuing *warning* and *decision notices* to all *interested parties*. The *requirements* relating to *warning* and *decision notices*

and the process for referrals to the *Financial Services and Markets Tribunal* are in *DEC 2* and *DEC 5* respectively.

Withdrawing an application for approval

10.12.13 **R** *A firm applying to withdraw an application must notify the FSA, using Form B.*
/1

10.12.14 **G** Under section 61(5) of the *Act* (Determination of applications), the *firm* may withdraw an application only if it also has the consent of the *candidate* and the *person* by whom the *candidate* is or would have been employed, if this is not the *firm* making the application.
/1

10.13 Changes to an approved person's details

Moving within a firm

- 10.13.1** **G**_{/1} An *approved person's* job may change from time to time as a result, for instance, of a change in personal job responsibilities or a *firm's regulated activities*. Where the changes will involve the *person* performing one or more different *controlled functions* from those for which approval has already been granted, then an application must be made to the *FSA* for approval for the *person* to perform those *controlled functions*. The *firm* must take reasonable care to ensure that an individual does not begin performing a *controlled function* until the *FSA* has granted *approved person* status to that individual in respect of that *controlled function*. This applies to *individuals* seeking approval in respect of a *controlled function* within the *firm* for which they already perform *controlled functions*. If the *approved person* is ceasing to perform *controlled functions*, as well as applying for *approval* in respect of additional *controlled functions*, then refer to *SUP* 10.13.3G.
- 10.13.2** **G**_{/1} Form A must be used to apply for an individual to perform further *controlled functions* for a *firm* for which he already performs a *controlled function* as an *approved person* (see *SUP* 10.12.2D). It is not mandatory to complete all parts of the form. See the notes attached to the form for full details.
- 10.13.3** **G**_{/1} A *firm* should use Form E where an *approved person* is both ceasing to perform one or more *controlled functions* and needs to be approved in relation to one or more new *controlled functions* within the same *firm*.

Moving between firms

- 10.13.4** **G**_{/1} If it is proposed that an *approved person* will no longer be performing a *controlled function* under an *arrangement* entered into by one *firm* or one of its contractors, but will be performing the same or a different *controlled function* under an *arrangement* entered into by a new *firm* or one of its contractors (whether or not the new *firm* is in the same *group* as the old *firm*), the new *firm* will be required to make a fresh application for the performance of the *controlled function* by that *person*.
- 10.13.5** **G**_{/1} In certain circumstances, when the *FSA* already has the information it would usually require, a shortened version of Form A may be completed. See the notes attached to the form for full details.

Ceasing to perform a controlled function

- 10.13.6** **R** ^{/1} A *firm* must submit to the *FSA* a completed Form C no later than seven *business days* after an *approved person* ceases to perform a *controlled function*.
- 10.13.7** **R** ^{/1} (1) A *firm* must notify the *FSA* as soon as practicable after it becomes aware, or has information which reasonably suggests, that it will submit a qualified Form C in respect of an *approved person*.
- (2) Form C is qualified if the information it contains:
- (a) relates to the fact that the *firm* has dismissed the *approved person* from its employment; or
 - (b) relates to the resignation by the *approved person* while under investigation by the *firm*, the *FSA* or any other regulatory body; or
 - (c) otherwise reasonably suggests that it may affect the *FSA*'s assessment of the *approved person's* fitness and propriety.
- 10.13.8** **G** ^{/1} Notification under SUP 10.13.7R may be made by telephone, fax or email and should be made, where possible, within one *business day* of the *firm* becoming aware of the information. If the *firm* does not submit Form C, it should inform the *FSA* in due course of the reason. This could be done using Form D, if appropriate.
- 10.13.9** **G** ^{/1} A *firm* is responsible for notifying the *FSA* if any *approved person* has ceased to perform a *controlled function* under an *arrangement* entered into by its *appointed representative* or former *appointed representative*.
- 10.13.10** **G** ^{/1} A *firm* can submit Form C or Form E to the *FSA* in advance of the cessation date. When a *person* ceases the *arrangement* under which he performs a *controlled function*, he will automatically cease to be an *approved person* in relation to that *controlled function*. A *person* can only be an *approved person* in relation to a specific *controlled function*. Therefore, a *person* is not an *approved person* during any period between ceasing to perform one *controlled function* (when he is performing no other *controlled function*) and being *approved* in respect of another *controlled function*.
- 10.13.11** **G** ^{/1} Sending forms promptly will help to ensure that any fresh application can be processed within the standard response times.
- 10.13.12** **R** ^{/1} (1) If a *firm* (A):
- (a) is considering appointing a *person* to perform any of the *customer functions*;
 - (b) requests another *firm* (B), as a former *employer* of that *person*, for a reference or other information in connection with that appointment; and
 - (c) indicates to B the purpose of the request;

B must, as soon as reasonably practicable, give to A all relevant information of which it is aware.

- (2) When giving the information to A under (1), B must have regard to the purpose of the request and in particular to:
- (a) any outstanding liabilities of that *person* from commission payments;
 - (b) any relevant outstanding or upheld complaint against that *person*;
 - (c) section 5 of Form A in SUP 10 Annex 4D (Application to perform controlled functions under approved persons regime);
 - (d) FIT 2 (Main assessment criteria); and
 - (e) if SUP 16.8.1R (*Persistency reports from insurers*) applies to B, the persistency of any *life policies* sold by that *person*.

10.13.13

G
/1

A *firm* supplying a reference in accordance with SUP 10.13.12R owes a duty to its former *employee* and the recipient *firm* to exercise due skill and care in the preparation of the reference. The reference should be accurate and based on documented fact. The *firm* may give frank and honest views, but only after taking reasonable care both as to factual content, and as to the opinions expressed, and verifying the information upon which they are based.

Changes to an approved person's personal details

10.13.14

R
/1

If an *approved person's* title, name or national insurance number changes, the *firm* for which the *person* performs a *controlled function* must notify the FSA on Form D of that change within seven *business days* of the *firm* becoming aware of the matter.

10.13.15

G
/1

The duty to notify in SUP 10.13.14R does not apply to changes to an *approved person's* private address.

10.13.16

R
/1

If a *firm* becomes aware of information which would reasonably be material to the assessment of an *approved person's*, or a *candidate's*, fitness and propriety (see FIT), it must inform the FSA on Form D as soon as practicable.

10.13.17

G
/1

The duty to notify in SUP 10.13.16R extends to any circumstances that would normally be declared when giving the information required for section 5 of Form A or matters considered in FIT 2.

10.14 Further questions

10.14.1

G

A list of frequently asked questions and answers is at *SUP* 10 Ann 1G.

10.14.2

G

If the *firm* or its advisers have further questions, they should contact the *FSA*'s Individual Vetting and Approval department (see *SUP* 10.11.6G).

SUP 10 Ann 1G: Frequently asked questions

1 Table

	Question	Answer
	Requirements of the regime	
1	Does pre-approval apply to individuals taking up a new <i>controlled function</i> within the same <i>firm</i> ?	Yes. Pre-approval applies in all circumstances (see section 59 of the <i>Act</i> (Approval for particular arrangements)) except under the temporary ('12 weeks') provision. See <i>SUP 10.5.5R</i> and question 2.
2	What are the procedures for 'emergency situations'?	Individuals may perform <i>significant influence functions</i> for up to 12 weeks in any consecutive 12 <i>month</i> period without requiring approval. When it becomes clear that a <i>person</i> will be performing the function on a permanent basis, then an application for approval should be made. However, there is no provision for individuals to perform the <i>customer functions</i> on a continuing basis without approval. See <i>SUP 10.5.5.R</i> .
3	Can a <i>person</i> be approved for more than one <i>controlled function</i> ?	Yes. A <i>firm</i> will need to seek approval in respect of each <i>controlled function</i> a <i>person</i> is to perform.
4	Do the <i>controlled functions</i> apply to an <i>incoming EEA firm</i> that is providing <i>cross border services</i> into the <i>United Kingdom</i> ?	No. The <i>approved persons</i> regime does not apply to <i>cross border services</i> . See <i>SUP 10.1.6R</i>
5	May any activity be outsourced by a <i>firm</i> ?	Yes. But if that activity constitutes a <i>regulated activity</i> , the <i>person</i> to whom it is outsourced will itself need permission.

6	Can a <i>significant influence function</i> be outsourced?	It is a question of fact in each case who is performing a <i>significant influence function</i> . These functions are mostly described at a high level of responsibility, that is, for example, the <i>director</i> of a <i>company</i> or a <i>partner</i> in a <i>partnership</i> . The <i>persons</i> performing these functions cannot avoid their ultimate responsibility and therefore the need for approval. However, some of the <i>significant influence functions</i> may be performed by a <i>person</i> who is specifically brought in to do the job, for example the <i>chief executive function</i> (where it is to be performed by a <i>body corporate</i>) and the <i>appointed actuary function</i> .
7	Do Lloyd's underwriting agents still require registration with Lloyd's?	Yes. Approval for a <i>controlled function</i> is not sufficient.
8	What should a <i>firm</i> do if it is unsure whether an individual needs approval?	The <i>firm</i> should contact the Individual Vetting and Approval Department. See SUP 10.11.6G.
Submitting an application		
9	Who applies for approval?	The <i>firm</i> . See section 60 of the <i>Act</i> (Applications for approval).
10	What is the role of the <i>candidate</i> in the application process?	Before the <i>firm</i> submits Form A it must verify the information contained in it. As part of this verification, the Form provides for the <i>candidate</i> to confirm the accuracy of the information given by the <i>firm</i> so far as it relates to him.
11	What checks must a <i>firm</i> make on a <i>candidate</i> before submitting an application for approval from the <i>FSA</i> ?	The <i>FSA</i> expects firms to perform due and diligent enquiries into their <i>candidates</i> . Note also the requirements of <i>ENF</i> 8.12.2G and <i>TC</i> 2.2.1R.

12	What is the “fit and proper” test for approval?	Section 61(1) of the <i>Act</i> (Determination of applications) provides that the <i>FSA</i> may grant an application only if it is satisfied that the <i>candidate</i> is a fit and proper <i>person</i> to perform the relevant function. In determining this question, the <i>Act</i> sets out the matters to which the <i>FSA</i> may have regard (section 61(2)) and the <i>FSA</i> has given guidance on this in <i>FIT</i> .
13	If a <i>firm</i> is unsure whether or not something may have an impact upon an individual’s fitness and propriety, should it be disclosed?	Yes, always. The deliberate non-disclosure of material facts is taken very seriously by the <i>FSA</i> as it is seen as possible evidence of current dishonesty. Therefore, if in doubt, disclose.
14	What happens if adverse information comes to light after the application form has been submitted or after the individual has been approved?	The <i>firm</i> must inform the <i>FSA</i> at the earliest opportunity. See <i>SUP</i> 10.13.16R.
15	Will the <i>FSA</i> consider an application in respect of a <i>candidate</i> who has not yet signed a contract with the <i>firm</i> ?	Yes, as the <i>FSA</i> will consider the <i>arrangement</i> under which the <i>candidate</i> will perform the function. However, the <i>FSA</i> will not consider speculative or provisional applications – such as for the candidates in an election to a mutual society Board. The <i>FSA</i> must be informed immediately of any material changes to the information provided on the application form which arises before the application has been determined. All changes must be communicated to the <i>FSA</i> by the <i>firm</i> making the application (see <i>SUP</i> 15.6.4R). Failure to notify the <i>FSA</i> may result in a delay in processing or rejection or both.
16	How can we get a supply of application forms (Form A)?	These can either be ordered through the Individual Vetting and Approval Department or obtained from the <i>FSA</i> website at www.fsa.gov.uk . There is no charge for an application form.
17	Is there a separate fee for making an application for <i>approved person</i> status?	No.
18	Must all gaps in previous employment be explained?	Yes.

FSA procedures		
19	Does the <i>FSA</i> verify the information provided to it?	Yes, as far as possible, information is verified.
20	Will the <i>FSA</i> handle information confidentially?	Yes. The <i>FSA</i> is obliged to handle all information confidentially and is subject to the provisions of the Data Protection Act 1998.
21	How long will the <i>FSA</i> take to process an application for <i>approved person</i> status?	Generally the <i>FSA</i> will handle this within seven <i>business days</i> for <i>significant influence functions</i> and four <i>business days</i> for <i>customer functions</i> . However, if information is missing, or the information provided gives the <i>FSA</i> cause for concern, processing time will almost always be longer. In each case, the <i>FSA</i> will notify the <i>firm</i> of any extension to the processing times.
22	Will the <i>firm</i> and individual be notified if there is a delay in processing the application form?	Yes. The <i>FSA</i> will contact the firm explaining the position and, where appropriate, giving the reasons for delay. It will then be the responsibility of the <i>firm</i> to keep the <i>candidate</i> and any other <i>interested party</i> informed.
23	How are non-routine cases handled?	Refer to <i>DEC 2 Ann 2G</i> .
24	Can the <i>FSA</i> apply conditions to an <i>approved person</i> ?	<p>No. The application can either be granted or refused. The <i>Act</i> provides no equivalent to the <i>limitations</i> or <i>requirements</i> which may be included in <i>permissions</i>. If the application is refused, the <i>firm</i> may re-apply in respect of the same individual but a different <i>controlled function</i>. If it is considering doing this, the <i>firm</i> is encouraged to discuss the matter with the <i>FSA</i>.</p> <p>Where there are reasonable grounds for doing so, the <i>FSA</i> may require a <i>firm</i> to provide information about an <i>approved person</i> (see section 165 of the <i>Act</i> (Power to require information)).</p>

25	<p>Will the <i>firm</i> be issued with confirmation of approval?</p>	<p>Yes. The <i>firm</i> will be sent a letter setting out the effective date of approval together with the <i>controlled function</i> for which the individual has been approved. It will then be the <i>firm's</i> responsibility to inform the individual and any other <i>interested party</i>, for example any <i>appointed representative</i>.</p>
Withdrawing an application		
26	<p>Can a <i>firm</i> withdraw its application?</p>	<p>Yes, but only with the consent of the <i>candidate</i>. See section 61(5) of the <i>Act</i> (Determination of applications).</p>
27	<p>What happens if the individual refuses to consent to the withdrawal of the application?</p>	<p>The <i>FSA</i> will consider with all <i>interested parties</i> what to do. If it proposes to refuse the application, it will give a <i>warning notice</i> to all <i>interested parties</i>. See section 62 of the <i>Act</i> (Applications for approval: procedure and right to refer to the Tribunal).</p>
28	<p>Can the <i>firm</i> withdraw only part of an application – say, in relation to a specific <i>controlled function</i>?</p>	<p>The <i>FSA</i> will allow the <i>firm</i> to amend its application at any time before determination with the consent of all other <i>interested parties</i>. Whether the amendment will have the effect of amounting to a fresh application will be considered on a case by case basis.</p>
Conduct of approved persons		
29	<p>How and when must the <i>firm</i> report to the <i>FSA</i> potentially adverse information about an <i>approved person's</i> fitness and propriety?</p>	<p>Normally, the <i>firm</i> should report such matters to the <i>FSA</i> on Form D once it is reasonably satisfied as to the information's validity. See <i>SUP</i> 10.13.16R. See also, Principle for Businesses 11 (PRIN) and Statements of Principle 4 (APER).</p> <p>However, if an <i>approved person</i> is dismissed or resigns while under investigation by the <i>firm</i>, the <i>FSA</i> or another regulatory body, the <i>firm</i> should inform the <i>FSA</i> (<i>SUP</i> 10.13.7R) that it will be submitting a Form C containing adverse information. Full details must then be provided within seven <i>business days</i>, on the Form C. See <i>SUP</i> 10.13.6R.</p>

30	For how long are individuals accountable to the <i>FSA</i> after ceasing to be an <i>approved person</i> ?	A <i>person</i> is guilty of misconduct if, while an <i>approved person</i> , he fails to comply with a <i>Statement of Principle</i> or is knowingly concerned in the contravention by a <i>firm</i> of a requirement in the <i>Act</i> or the <i>Handbook</i> . But the <i>FSA</i> may not bring proceedings after two years from when it first knew of the misconduct.

Notes for Form A

Application to perform controlled functions under the approved persons regime

PLEASE NOTE: A CANDIDATE MUST NOT BEGIN PERFORMING ANY CONTROLLED FUNCTIONS UNTIL THE FSA HAS GRANTED APPROVAL.

Full details of the approved persons regime and the application process are given in chapter 6 of the Authorisation manual and chapter 10 of the Supervision manual.

The purpose of this Form

This is Form A referred to in AUTH 3.1D and SUP 10.12.2D. This Form must be used where the candidate is an individual seeking approval to perform controlled functions. The firm is the applicant.

Applications for corporate candidates must be made using an adapted Form A that will be supplied by the FSA upon request.

Completing this Form

The Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

All dates should be provided in numeric form (e.g. 29/02/2000 for 29 February 2000).

Indicate clearly if a question is not applicable. Tick the appropriate box where a yes/no answer is required. Further details should be given in section 6 (supplementary information) if there is insufficient space for a detailed answer.

Additional information can be attached to the Form. It must be securely attached to the rest of the Form and you must indicate at question 6.04 the number of additional sheets attached.

Do not assume that information is known to the FSA merely because it is in the public domain, or has been previously disclosed to the FSA or to another regulatory body. In all circumstances, disclosures should be full, frank and unambiguous. If there is any doubt about the relevance of information, it should be included. The information supplied by the candidate should be verified by the firm wherever possible. If the FSA's vetting checks reveal any matters that have not been disclosed, then applications will be delayed and, in some cases, possibly rejected. See SUP 10.12.6G.

Expressions in this Form in italics have the meaning given in the Glossary to the FSA's Handbook (or, if no meaning is given there, the expressions are to be interpreted in accordance with the related expression defined in the Glossary).

The firm is responsible for the accuracy of the data and completion of the Form. If the Form is not fully and correctly completed, the FSA may need to return it for proper completion. This could significantly delay the FSA's decision on whether to grant approval to perform the requested controlled functions (see SUP 10.12.6G).

The FSA may require the applicant to provide further information at any time after receiving an application and before determining whether it is to be granted or not (see AUTH 6.3.9G or SUP 10.12.8G).

If a firm has provided, or has information that reasonably suggests that it may have provided, the FSA with information which was or has become false, misleading, incomplete or inaccurate, in a material particular, it must notify the FSA immediately (see SUP 15.6.4R). Failure to notify the FSA may result in a delay in processing or rejection.

SHORTENED APPLICATION FORM

It is not necessary to complete section 4 (Employment history) and section 5 (Fitness and propriety) of Form A if:

- (1) an approved person is applying to perform an additional controlled function under an arrangement with the same firm; or
- (2) the candidate has ceased to perform a controlled function under an arrangement with firm A and now requires approval to perform a controlled function under an arrangement with firm B.

However, Form A must be completed in full if either:

- (1) the candidate ceased to be an approved person more than six months ago; or
- (2) the candidate or approved person is seeking approval in respect of a significant influence function for the first time.

SECTION 1 – PERSONAL IDENTIFICATION DETAILS

If the candidate has more than one previous name (surname or forenames), passport number or nationality, or is known by any other names, provide details in section 6.

- 1.01: If the candidate does not have an FSA Individual Reference Number or does not know it, include the name of the previous regulator and the previous Individual Reference Number, as applicable.
- 1.13: United Kingdom addresses must be given, or a statement stating that the individual resides abroad.

SECTION 2 – FIRM IDENTIFICATION DETAILS

- 2.01 & 2.02: This section identifies the firm making the application by FSA Firm Reference Number (FRN) and name.
- 2.03: The firm must indicate a point of contact for any queries in connection with the application.

SECTION 3 – ARRANGEMENTS AND CONTROLLED FUNCTIONS

The firm must tick the box in 3.01 that most accurately describes its arrangement with the candidate.

For applications from a single firm, the firm should complete 3.02, 3.03 & 3.04 indicating the controlled functions required by selecting the appropriate box in 3.02. However, if the application is being made on behalf of a candidate who will carry out controlled functions for more than one firm, 3.05 must be used to describe the controlled functions and the relationships between the candidate and those firms.

- 3.01: If this application relates to more than one appointed representative, provide details in section 6.
- 3.02: If any of controlled functions 16 to 20 are requested, the specific job title of the candidate must be included.
- 3.03: The effective date is the date on which the firm wishes the candidate to begin performing controlled functions (subject to approval). This should be left blank unless there is a reason for the effective date to be beyond the FSA's published standard response times. For instance, a firm may wish to be sure that a candidate has been approved before they take up their post.

Unless the firm indicates otherwise, the FSA assumes that the arrangement given on the application form includes all of the activities that fall within the description of the controlled function. This means that a firm may alter a candidate's responsibilities within the broad description of a controlled function without needing further approval from the FSA. However, in relation to the significant management functions, firms must comply with the reporting requirements in SUP 10.9.8R and SUP 10.9.9G.

SECTION 4 – EMPLOYMENT HISTORY FOR PAST 10 YEARS

A full ten-year employment history for the candidate must be provided – with all gaps explained. If the record of employment does not go back ten years, all periods of education and unemployment must be indicated. Full details of any periods of self-employment must be included.

The employment history should be provided in reverse chronological order, starting with the most recent period of employment, unemployment etc, but excluding the activity to which this application relates.

Always give the address of the actual place of employment, rather than a central head office.

“Regulatory body” in this context means the bodies listed in the notes to section 5 (below).

State the position held by the candidate and a brief explanation of his or her duties. If the candidate’s job title included the word “director” but his or her duties did not include those associated with the title of director, as defined in the Glossary, this should be indicated.

The reason for leaving each employer must be given. If there were any issues arising on leaving, these must be fully explained in section 6. Previous employers may be contacted and the omission of relevant details may result in applications being delayed and, in some cases, possibly rejected. See SUP 10.12.6G.

Candidates who are applying for significant influence functions (CF 1 to 20) are required to submit a copy of their curriculum vitae, in addition to completing section 4 of this Form. It should be attached securely to the Form.

SECTION 5 – FITNESS AND PROPRIETY

Answer the question by ticking the relevant ‘yes’ or ‘no’ box. If the answer to any of the questions is ‘yes’, give complete details in section 6 and attach relevant supporting documentation.

5.03 to 5.06: Court judgments (e.g. County Court Judgments) and arrangements with creditors (e.g. Individual Voluntary Arrangements) are covered by questions 5.03 to 5.06. Any outstanding County Court Judgements or arrangements with creditors must be listed in section 6, and the circumstances surrounding them explained. The FSA will conduct credit checks.

“Regulatory body” in this context refers to:

- i) the self-regulatory organisations including IMRO, SFA, PIA, LAUTRO, FIMBRA, AFBD and TSA;
- ii) the statutory bodies including the FSA, SIB, the Society of Lloyd’s, the Registry of Friendly Societies, the Friendly Societies Commission, the Building Societies Commission, the Bank of England; HM Treasury – Insurance Directorate (formerly of the DTI) and the recognised bodies;
- iii) the designated professional bodies; and
- iv) the equivalent of all such regulators overseas.

SECTION 6 – SUPPLEMENTARY INFORMATION

This section provides space for any additional information and should be used whenever a question in section 5 is answered ‘yes’.

List here all directorships currently held or held in the past 10 years by the candidate.

Relevant documents must also be provided, such as evidence of the settlements of County Court Judgements.

SECTION 7 – DECLARATIONS & SIGNATURES

This section contains declarations which must be signed by both an appropriate individual for the firm or applicant submitting the application and the candidate. The FSA considers that an appropriate individual would either be an individual approved for a controlled function described under section 59(5) of the Act (the significant influence functions – controlled functions 1 to 20) or someone to whom the firm has delegated the authority to notify the FSA. If this authority has been delegated, the firm should keep records of those individuals authorised to sign on behalf of the firm.

If you have any questions or need additional information, please contact the Individual Vetting and Approval Helpline on 020 7676 0019 or e-mail iva@FSA.gov.uk

If necessary, please continue in section 6.

I have supplied further information related to this page in Section 6 YES NO

- 5.01 a Has the candidate ever been convicted of any offence involving fraud, theft, false accounting or other dishonesty or an offence (whether or not in the United Kingdom) relating to companies, building societies, industrial and provident societies, credit unions, friendly societies, insurance, banking or other financial services, insolvency, consumer credit or consumer protection, money laundering, market manipulations or insider dealing? (Convictions spent under the Rehabilitation of Offenders Act 1974 must be included)
- YES NO
- b Is the candidate the subject of any current criminal proceedings?
- YES NO
- 5.02 Has the candidate any convictions for any offences other than those listed in 5.01 above which are not spent, whether or not in the United Kingdom (excluding traffic offences unless these resulted in a ban from driving or involved driving without insurance)?
- YES NO
- 5.03 a Is the candidate, or has the candidate ever been, the subject of any civil proceedings, arbitration or litigation, including proceedings that may lead to a County Court Judgment (“CCJ”) or other judgment debts, in the United Kingdom or elsewhere?
- YES NO
- b Is the candidate aware of any intention to begin such proceedings against the candidate in the future?
- YES NO
- 5.04 Does the candidate have any judgment debts (including CCJs) made under a court order still outstanding, whether in full or in part?
- YES NO
- 5.05 Has the candidate ever failed to satisfy any such judgment debts within one year of the making of the order?
- YES NO
- 5.06 a Is the candidate, or has the candidate ever been, the subject of any bankruptcy proceedings, or proceedings for the sequestration of the candidate’s estate?
- YES NO
- b Has the candidate ever entered into a deed of arrangement or an individual voluntary arrangement (or in Scotland a trust deed) or other agreement in favour of the candidate’s creditors, or is the candidate doing so?
- YES NO
- 5.07 Does the candidate have any outstanding financial obligations arising from regulated activities, which the candidate has conducted in the past, whether in the United Kingdom or overseas? (In the case of advisers, this will include any outstanding liabilities arising from commissions paid for the sale of packaged products that have lapsed.)
- YES NO
- 5.08 Has the candidate ever been found guilty of conducting any unauthorised regulated activities or been investigated for possible conduct of unauthorised regulated activities?
- YES NO
- 5.09 Is the candidate, or has the candidate ever been, the subject of an investigation into allegations of misconduct or malpractice in connection with any business activity?
- YES NO
- 5.10 Has the candidate ever, either in the United Kingdom, or elsewhere –
- a been refused entry to, or been dismissed or requested to resign from, any profession, vocation, office or employment, or from any fiduciary office or position of trust, whether or not remunerated?
- YES NO
- b been refused, restricted in, or had suspended, the right to carry on any trade, business or profession for which specific licence, authorisation, registration, membership or other permission is required?
- YES NO

Please complete questions 6.03 and 6.04

6.01 Include any additional information from previous sections below.

If there is insufficient space, please continue on a separate sheet of paper, and clearly identify the section and question to which the additional information relates.

Full details must be provided here if there were any issues that arose when leaving an employer listed in section 4 or if any question has been answered 'yes' in section 5.

Question	Information

6.02 Include a list of all directorships currently or previously held by the candidate (where director has the meaning given in the Glossary).

A large, empty grey rectangular box intended for listing directorships. The box is completely blank and occupies the majority of the page's vertical space below the instruction.

6.03 Is there any other information the candidate or the firm considers to be relevant to the application?

YES NO

If yes, provide details below or on a separate sheet of paper

A large, solid grey rectangular area intended for providing details if the answer to question 6.03 is 'yes'. It occupies most of the page's vertical space.

6.04 How many additional sheets are being submitted?

A horizontal grey rectangular box for entering the number of additional sheets being submitted.

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (section 398 of the Financial Services and Markets Act 2000).

It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

I confirm that the information in this Form is accurate and complete to the best of my knowledge and belief and that I have read the notes to this Form.

I confirm that, where Form A is a shortened version, there have been no changes to the information previously disclosed in sections 4 and 5 of Form A.

The FSA may seek to verify the information given in this Form including answers pertaining to fitness and propriety. I authorise the FSA to make such enquiries and seek such further information as it thinks appropriate in the course of verifying the information given in this Form. I also understand that the results of these checks may be disclosed to my employer.

7.01 Candidate's full name

7.02 Signature

Date

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.4R require an authorised person to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. APER 4.4.6E provides that, where an approved person is responsible for reporting matters to the FSA, failure to inform the FSA of materially significant information of which he is aware is a breach of Statement of Principle 4. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

In making this application the firm believes on the basis of due and diligent enquiry that the candidate is a fit and proper person to perform the controlled function(s) listed in section 3. The firm also believes, on the basis of due and diligent enquiry, that the candidate is competent to fulfil the duties required of such function(s).

I confirm that the information in this Form is accurate and complete to the best of my knowledge and belief and that I have read the notes to this Form.

I confirm that I have authority to make this application, and sign this Form, on behalf of each firm identified in section 3.05. I also confirm that a copy of this Form, as submitted to the FSA, will be sent to each of those firms at the same time as submitting the Form to the FSA.

7.03 Name of the firm submitting the application

7.04 Name of person signing on behalf of the firm

7.05 Job title

7.06 Signature

Date

Completion checklist

- Is the Form fully completed?

- Are ALL forenames included?

- Is there a complete ten-year employment history with all gaps explained?

- Is the Form correctly signed and dated by both the firm making the application and the candidate?

- Has all supplementary information been included and clearly marked?

Note : Detach and keep the notes before returning the completed Form to the FSA.

Registered as a Limited Company in England and Wales No 1920623. Registered Office as above

Notes for Form B

Notice to withdraw an application to perform controlled functions under the approved persons regime

Full details of the approved persons regime and the application process are given in chapter 6 of the Authorisation manual and chapter 10 of the Supervision manual.

The purpose of this Form

This is Form B referred to in SUP 10.12.13R. This Form must be used when a firm or applicant wishes to withdraw an application to perform controlled functions under the approved persons regime (Form A) before the application has been determined and with immediate effect.

Completing this Form

The Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

A Notice to withdraw an application may be submitted in relation to all or some of the controlled functions or firms listed on the original application (Form A). If it is submitted in relation to only some of the controlled functions or firms, you must list at section 4.01 the controlled functions and firms to which the withdrawal relates. If section 4.01 is left blank it will be assumed that the withdrawal relates to all of the controlled functions listed on the original application.

Any issues that arose in relation to this withdrawal, such as resignation or termination of contract, must be explained in section 4.01.

Additional information can be attached to the Form. It must be securely attached to the rest of the Form and you must indicate at question 4.02 the number of additional sheets attached.

Under section 61(5) of the Act (Determination of applications) the firm may withdraw the application only if it also has the consent of the candidate and the person by whom the candidate is or would have been employed, if this is not the firm making the application (see SUP 10.12.14G).

An appropriate individual must sign the declaration for the firm submitting the Form. The FSA considers that an appropriate individual would either be an individual approved for a controlled function described under section 59(5) of the Act (the significant influence functions – controlled functions 1 to 20) or someone to whom the firm has delegated the authority to notify the FSA. If this authority has been delegated, the firm should keep records of those individuals authorised to sign on behalf of the firm.

Note: Detach and keep these notes before returning the completed Form to the FSA.

If you have any questions or need additional information, please contact the Individual Vetting and Approval Helpline 020 7676 0019 or via e-mail at iva@fsa.gov.uk

Registered as a Limited Company in England and Wales No 1920623. Registered Office as above

Notes for Form C

Notice of ceasing to perform controlled functions

Full details of the approved persons regime and the application process are given in chapter 6 of the Authorisation manual and chapter 10 of the Supervision manual.

The purpose of this Form

This is Form C referred to in SUP 10.13.6R. This Form must be used when an approved person ceases to perform one or more controlled functions.

If an approved person ceases to perform controlled functions in respect of a number of firms within the same group, a single Form C may be used, ensuring all firms are clearly marked on the Form.

A firm must submit to the FSA a completed Form C no later than seven business days after an approved person ceases to perform a controlled function (see SUP 10.13.6R).

If a firm has reasonable grounds for believing that it will submit a qualified Form C, it must notify the FSA of the fact as soon as practicable.

Form C is qualified if:

1. the firm submitting Form C reasonably believes that the information it contains may affect the FSA's assessment of an approved person's fitness and propriety; or
2. a firm dismisses an approved person from its employment; or
3. an approved person resigns whilst under investigation by the firm, the FSA or any other regulatory body.

Notification of a qualified Form C may be made by telephone, fax or email and should be made, where possible, within one business day of the firm becoming aware of the information. If the firm does not submit Form C, it should inform the FSA in due course of the reason. This could be done using Form D, if appropriate (see SUP 10.13.7R and SUP 10.13.8G).

A firm is responsible for notifying the FSA if any approved person has ceased to perform a controlled function under an arrangement entered into by its appointed representative or former appointed representative (see SUP 10.13.9G).

Completing this Form

This Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

Additional information can be attached to the Form. It must be securely attached to the rest of the Form and you must indicate at question 4.02 the number of additional sheets attached.

The reasons why an approved person is no longer performing controlled functions must be indicated on the Form. However, if an approved person has been dismissed or requested to resign, or the firm has any doubts about their fitness and propriety (3.01 column B), a full explanation of the reason for the dismissal or resignation must be provided in section 4.01 (supplementary information). If the firm ticks the box marked 'Suspension', the firm will have to reapply (using Form A) for the individual to perform controlled functions again.

The firm must also include details of any other matter that the firm is aware of and which in its reasonable opinion is relevant in connection with the approved person ceasing to perform their controlled function.

An appropriate individual must sign the declaration for the firm submitting the Form. The FSA considers that an appropriate individual would either be an individual approved for a controlled function described under section 59(5) of the Act (the significant influence functions – controlled functions 1 to 20) or someone to whom the firm has delegated the authority to notify the FSA. If this authority has been delegated, the firm should keep records of those individuals authorised to sign on behalf of the firm.

Only the firm that made the original application (Form A) may sign this Form.

Note: Detach and keep these notes before returning the completed Form to the FSA.

If you have any questions or need additional information, please contact the Individual Vetting and Approval Helpline 020 7676 0019 or via e-mail at iva@fsa.gov.uk

Question	Information

4.02 How many additional sheets are being submitted?

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.4R require an authorised person to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. APER 4.4.6E provides that, where an approved person is responsible for reporting matters to the FSA, failure to inform the FSA of materially significant information of which he is aware is a breach of Statement of Principle 4. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

I confirm that the information in this Form is accurate and complete to the best of my knowledge and belief and that I have read the notes to this Form.

Notes for Form D

Notification of changes in personal information or application details

Full details of the approved persons regime and the application process are given in chapter 6 of the Authorisation manual and chapter 10 of the Supervision manual.

The purpose of this Form

This is Form D referred to in SUP 10.13.8G, SUP 10.13.14R and SUP 10.13.16R. The firm must use this Form to inform the FSA of changes in the personal details of an approved person or a change in the details of an application to perform controlled functions (Form A). It is not necessary to notify the FSA of changes in an approved person's private address (see SUP 10.13.15G).

The firm must also keep the FSA informed of any significant circumstances directly affecting an approved person and which any reasonable person would consider relevant to the approved person's position under the FSA rules (see SUP 10.13.16R).

The firm is required to notify the FSA of any matter, in relation to an approved person, that would normally be declared when giving the information required for section 5 of Form A or matters considered in FIT 2 (see SUP 10.13.17G).

Do not use this Form if the approved person requires approval in respect of further controlled functions or has ceased to perform controlled functions.

Completing this Form

This Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

Where a person is an approved person in respect of a number of firms within the same group, a single Form D may be used, ensuring all firms are clearly marked on the Form.

Additional information can be attached to the Form. It must be securely attached to the rest of the Form and you must indicate at question 3.02 the number of additional sheets attached.

An appropriate individual must sign the declaration for the firm submitting the Form. The FSA considers that an appropriate individual would either be an individual approved for a controlled function described under section 59(5) of the Act (the significant influence functions – controlled functions 1 to 20) or someone to whom the firm has delegated the authority to notify the FSA. If this authority has been delegated, the firm should keep records of those individuals authorised to sign on behalf of the firm.

Only the firm that made the original application (Form A) may sign this Form.

Note: Detach and keep these notes before returning the completed Form to the FSA.

If you have any questions or need additional information, please contact the Individual Vetting and Approval Helpline 020 7676 0019 or via e-mail at iva@fsa.gov.uk

DECLARATION OF APPROVED PERSON

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (section 398 of the Financial Services and Markets Act 2000).

It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

I confirm that the information in this Form is accurate and complete to the best of my knowledge and belief and that I have read the notes to this Form.

The FSA may seek to verify the information given in this Form including answers pertaining to fitness and propriety. I authorise the FSA to make such enquiries and seek such further information as it thinks appropriate in the course of verifying the information given in this Form. I also understand that the results of these checks may be disclosed to my employer.

DECLARATION OF FIRM

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.4R require an authorised person to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. APER 4.4.6E provides that, where an approved person is responsible for reporting matters to the FSA, failure to inform the FSA of materially significant information of which he is aware is a breach of Statement of Principle 4. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

I confirm that the information in this Form is accurate and complete to the best of my knowledge and belief and that I have read the notes to this Form.

Registered as a Limited Company in England and Wales No 1920623. Registered Office as above

Notes for Form E

Internal transfer of an approved person

PLEASE NOTE: A CANDIDATE MUST NOT BEGIN PERFORMING ANY CONTROLLED FUNCTIONS UNTIL THE FSA HAS GRANTED APPROVAL.

Full details of the approved persons regime can be found in chapter 6 of the Authorisation manual and chapter 10 of the Supervision manual.

The purpose of this Form

This is Form E referred to in SUP 10.13.3G. A firm should use this form when an approved person ceases to perform one or more controlled functions and the firm wishes to apply for approval for the individual in respect of other controlled functions. This Form should not be used for a qualified withdrawal (see SUP 10.13.7R).

Form B must be used if the individual is ceasing to perform a controlled function but is not seeking approval in respect of another controlled function.

Completing this Form

The Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

All dates should be provided in numeric form (e.g. 29/02/2000 for 29 February 2000).

Indicate clearly if a question is not applicable. Tick the appropriate box where a yes/no answer is required. Further details should be given in section 6 (supplementary information) if there is insufficient space for a detailed answer.

Additional information can be attached to the Form. It must be securely attached to the rest of the Form and you must indicate at question 5.02 the number of additional sheets attached.

Do not assume that information is known to the FSA merely because it is in the public domain, or has been previously disclosed to the FSA or to another regulatory body. In all circumstances, disclosures should be full, frank and unambiguous. If there is any doubt about the relevance of information, it should be included. The information supplied by the candidate should be verified by the firm wherever possible. If the FSA's vetting checks reveal any matters that have not been disclosed, then applications will be delayed and, in some cases, possibly rejected. See SUP 10.12.6G.

Expressions in this Form in italics have the meaning given in the Glossary to the FSA's Handbook (or, if no meaning is given there, the expressions are to be interpreted in accordance with the related expression defined in the Glossary).

The firm is responsible for the completion of the Form. If the Form is not fully and correctly completed, the FSA may need to return it for proper completion. This could significantly delay the FSA's decision on whether to grant approval to perform the requested controlled functions (see SUP 10.12.6G).

The FSA may require the applicant to provide further information at any time after receiving an application and before determining whether it is to be granted or not (see SUP 10.12.8G).

If a firm has provided, or has information that reasonably suggests that it may have provided, the FSA with information which was or has become false, misleading, incomplete or inaccurate, in a material particular, it must notify the FSA immediately (see SUP 15.6.4R). Failure to notify the FSA may result in a delay in processing or rejection.

SECTION 4 – ARRANGEMENTS AND CONTROLLED FUNCTIONS

The firm must tick the box in 4.01 that most accurately describes its arrangement with the candidate. For applications from a single firm, the firm should complete 4.02, 4.03 & 4.04 indicating the controlled functions required by selecting the appropriate box in 4.02. However, if the application is being made on behalf of a candidate who will carry out controlled functions for more than one firm, 4.05 must be used to describe the controlled functions and the relationships between the candidate and those firms.

- 4.01: If this application relates to more than one appointed representative, provide details in section 6.
- 4.02: If any of controlled functions 16 to 20 are requested, the specific job title of the candidate must be included.
- 4.03: The effective date is the date on which the firm wishes the candidate to begin performing controlled functions (subject to approval). This should be left blank unless there is a reason for the effective date to be beyond the FSA's published standard response times. For instance, a firm may wish to be sure that a candidate has been approved before they take up their post.

Unless the firm indicates otherwise, the FSA assumes that the arrangement given on the application form includes all of the activities that fall within the description of the controlled function. This means that a firm may alter a candidate's responsibilities within the broad description of a controlled function without needing further approval from the FSA.

SECTION 5 – SUPPLEMENTARY INFORMATION

This section provides extra space for any previous answer and for additional information relevant to this application.

The firm must include details of any other matter which the firm is aware of and which in its reasonable opinion is relevant in connection with the approved person ceasing to perform their controlled function. If there is insufficient space, additional sheets may be used.

SECTION 6 – DECLARATIONS AND SIGNATURES

This section contains declarations which must be signed by both an appropriate individual for the firm or applicant submitting the application and the candidate. The FSA considers that an appropriate individual would either be an individual approved for a controlled function described under section 59(5) of the Act (the significant influence functions – controlled functions 1 to 20) or someone to whom the firm has delegated the authority to notify the FSA. If this authority has been delegated, the firm should keep records of those individuals authorised to sign on behalf of the firm.

Note: Detach and keep these notes before returning the completed Form to the FSA.

If you have any questions or need additional information, please contact the Individual Vetting and Approval Helpline 020 7676 0019 or via e-mail at iva@fsa.gov.uk

YES NO

If yes, please provide details below or on a separate sheet of paper and clearly identify the section and question to which the additional information relates.

Question	Information

5.02 How many additional sheets are being submitted?

CANDIDATE'S DECLARATION

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (section 398 of the Financial Services and Markets Act 2000). APER 4.4.6E provides that, where an approved person is responsible for reporting matters to the FSA, failure to inform the FSA of materially significant information of which he is aware is a breach of Statement of Principle 4. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

I confirm that the information in this Form is accurate and complete to the best of my knowledge and belief and that I have read the notes to this Form.

The FSA may seek to verify the information given in this Form including answers pertaining to fitness and propriety. I authorise the FSA to make such enquiries and seek such further information as it thinks appropriate in the course of verifying the information given in this Form. I also understand that the results of these checks may be disclosed to my employer.

6.01	Candidate's full name	
6.02	Signature	
	Date	

FIRM'S DECLARATION

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.4R require an authorised person to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. APER 4.4.6E provides that, where an approved person is responsible for reporting matters to the FSA, failure to inform the FSA of materially significant information of which he is aware is a breach of Statement of Principle 4. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

In making this application the firm believes on the basis of due and diligent enquiry that the candidate is a fit and proper person to perform the controlled function(s) listed in section 4. The firm also believes, on the basis of due and diligent enquiry, that the candidate is competent to fulfil the duties required of such function(s).

I confirm that the information in this Form is accurate and complete to the best of my knowledge and belief and that I have read the notes to this Form.

I confirm that I have authority to make this application, and sign this Form, on behalf of each firm identified in section 3.05. I also confirm that a copy of this Form, as submitted to the FSA, will be sent to each of those firms at the same time as submitting the Form to the FSA.

6.03	Name of the firm submitting the application	
6.04	Name of person signing on behalf of the firm

Chapter 11

Controllers and close links

11.1 Application

Application to firms

11.1.1 **R** This chapter applies to every *firm* except:

^{/1}

- (1) an *ICVC*;
- (2) an *incoming EEA firm*;
- (3) an *incoming Treaty firm*;
- (4) a *firm* which is a *partnership*;
- (5) a *sole trader*;
- (6) a *UCITS qualifier*;

as set out in the table in SUP 11.1.2R.

11.1.2 **R** Table Applicable sections (see SUP 11.1.1R)

^{/1}

	Category of firm	Applicable sections
(1)	A <i>UK domestic firm</i>	All except SUP 11.3 and SUP 11.4.4R
(2)	An <i>overseas firm</i>	All except SUP 11.3, SUP 11.4.2R, SUP 11.4.3G, SUP 11.4.9G, SUP 11.5.8G to SUP 11.5.10G, SUP 11.6.2R, SUP 11.6.3R, SUP 11.6.6.G, SUP 11.7

11.1.3 **G** This chapter may apply to *friendly societies* in the circumstances described in SUP 16.4.2G (1) to (3).

^{/1}

Application to controllers

11.1.4 **D** SUP 11.1, SUP 11.2, SUP 11.3 and SUP 11.7 apply to a *controller* or a proposed *controller* of a *UK domestic firm* not listed in SUP 11.1.1R(1) to (6).

^{/1}

11.1.5 **G** This chapter may apply to *controllers* and *proposed controllers* of *friendly societies* in the circumstances described in SUP 16.4.2G (1) to (3).

^{/1}

11.2 Purpose

- 11.2.1** **G**_{/1} Part XII of the *Act* (Control over authorised persons) places an obligation on the *controllers* and proposed *controllers* of those *UK domestic firms* not listed in *SUP* 11.1.1R (1) to (6) to notify the *FSA* of changes in *control*. Furthermore, those *persons* are required to obtain the *FSA's approval* before becoming a *controller* or increasing the level of *control* held (in certain circumstances). *SUP* 11.3 is intended to assist those *persons* in complying with their obligations under Part XII of the *Act* and also sets out the information which a *controller* or proposed *controller* must provide to the *FSA* before becoming a *controller* or increasing the level of *control* held.
- 11.2.2** **G**_{/1} The *rules* in *SUP* 11.4 to *SUP* 11.6 are aimed at ensuring that the *FSA* receives information it needs from *firms* to assist the *FSA* with its responsibility to monitor and, in some cases, give prior approval to *firms' controllers*. These *rules* also implement certain requirements relating to changes in *control* that are required under the *Investment Services Directive*, the *Banking Consolidation Directive*, the *Third Life Directive* and the *Third Non-Life Directive*.
- 11.2.3** **G**_{/1} As the approval of the *FSA* is not required under the *Act* for a new *controller* of an *overseas firm*, the *notification rules* on such *firms* are less prescriptive than they are for *UK domestic firms*. Nevertheless, the *FSA* still needs to monitor such an *overseas firm's* continuing satisfaction of the *threshold conditions*, which normally includes consideration of a *firm's* connection with any *person*, including its *controllers* and *parent undertakings* (see *COND*). The *FSA* therefore needs to be notified of *controllers* and *parent undertakings* of *overseas firms*.
- 11.2.4** **G**_{/1} As part of the *FSA's* function of monitoring a *firm's* continuing satisfaction of the *threshold conditions*, the *FSA* needs to consider the impact of any significant change in the circumstances of one or more of its *controllers*, for example, in their financial standing and, in respect of corporate *controllers*, in their *governing bodies*. Consequently, the *FSA* needs to know if there are any such changes. *SUP* 11.8 therefore requires a *firm* to tell the *FSA* if it becomes aware of particular matters relating to a *controller*.
- 11.2.5** **G**_{/1} Similarly, the *FSA* needs to monitor a *firm's* continuing satisfaction of *threshold condition 3* (Close links) (see *COND* 2.3), which requires that a *firm's close links* are not likely to prevent the *FSA's* effective supervision of that *firm*. Accordingly the *FSA* needs to be notified of any changes in a *firm's close links*. This requirement is contained in *SUP* 11.9 and implements a requirement of the amending Directive (the *Post BCCI directive*) in relation to *close links*.
- 11.2.6** **G**_{/1} Every *firm* other than a *firm* listed in *SUP* 11.1.1R(1) to (6) is required to submit an annual report on its *controllers* and *close links* as set out in *SUP* 16.4 and *SUP* 16.5.
- 11.2.7** **G**_{/1} A summary of the notification requirements in this chapter is given in *SUP* 11 Ann 1G.

11.3 Requirements on controllers or proposed controllers under the Act

11.3.1 G_{/1} A summary of the notification requirements described in this section is given in SUP 11 Ann 1G.

Requirement to notify a change in control

11.3.2 G_{/1} Part XII of the *Act* requires a *person* (whether or not he is an *authorised person*) to notify the *FSA* in writing if he proposes to take a step which would result in his acquiring *control* or increasing or reducing his *control* over a *firm* in a way described in SUP 11.4.2R(1) to (4). Failure to notify is an offence under section 191(1) of the *Act* (Offences under this Part). An event described in SUP 11.4.2R(1) to (4) is referred to in this chapter as a “change in *control*”.

11.3.3 G_{/1} The notifications referred to in SUP 11.3.2G may be given jointly with the *firm* as described in SUP 11.5.8G.

Prior approval of acquiring or increasing control

11.3.4 G_{/1} If a *person* proposes to acquire *control* or increase his *control* over a *firm* in a way described in SUP 11.4.2R(1) to (4), he must obtain the *FSA*’s approval before doing so. *Failure* to obtain approval is an offence under section 191(3) of the *Act* (Offences under this Part). The *FSA* has up to three *months* to consider whether to *approve* such a change in *control*. A *controller* or proposed *controller* should take this period into account when deciding when to give his notification.

11.3.5 G_{/1} The *FSA*’s *approval* is not required before a *controller* reduces his *control* over a *firm*.

Change in control without taking any step

11.3.6 G_{/1} If a change in *control* occurs without the *person* himself having taken any step (for example, because of an increase in the *firm*’s capital), he must notify the *FSA* within 14 days of becoming aware of the change (sections 178(2) and 190(2) of the *Act*). Provisions determining when such a notice is treated as being received by the *FSA* are set out in regulation 10(1) of the Financial Services and Markets Act 2000 (Service of Notices) Regulations 2001 (SI 2001/1420)).

Form of notification when acquiring or increasing control

- 11.3.7** **D**_{/1} A notification ("notice of *control*") given to the *FSA* by a *person* who is acquiring *control* or increasing his *control* over a *firm*, in a way described in *SUP* 11.4.2R(1) to (4), must :
- (1) in the case of a *controller* or a proposed *controller* who is not an *authorised person*, contain the information required in:
 - (a) Controllers Form A (*SUP* 11 Ann 4D); and
 - (b) one or more of Controllers Form B (*SUP* 11 Ann 5D) in accordance with *SUP* 11.3.8D; or
 - (2) in all other cases, contain the information required in Controllers Form A, sections 1, 5 and 6 (*SUP* 11 Ann 4D).
- 11.3.8** **D**_{/1} The information in Controllers Form B is required in relation to the following *persons*:
- (1) if the *controller* is an individual, that individual;
 - (2) if the *controller* is a *body corporate*:
 - (a) the individual who is its *chief executive*; and
 - (b) one other individual who is a *director* of the *body corporate*;
 - (3) if the *controller* is a *partnership* or is a *controller* because he is a partner in a *partnership*:
 - (a) the individual who is a managing partner or equivalent in the *partnership*; and
 - (b) one other individual who is a partner in the *partnership*.
- 11.3.9** **D**_{/1} If a Controllers Form B has already been submitted to the *FSA* in relation to a relevant individual, then the information in that form need not be submitted to the *FSA* as long as details of any changes in the information previously submitted, or confirmation that there are none, is submitted.
- 11.3.10** **D**_{/1} (1) A *person* who has submitted a notification under *SUP* 11.3.7D must notify the *FSA* immediately if he becomes aware, or has information that reasonably suggests, that he has or may have provided the *FSA* with information which was or may have been false, misleading, incomplete or inaccurate, or has or may have changed, in a material particular. The notification must include:
- (a) details of the information which is or may be false, misleading, incomplete or inaccurate, or has or may have changed;
 - (b) an explanation why such information was or may have been provided; and
 - (c) the correct information.

- (2) If the information in (1) (c) cannot be submitted with the notification (because it is not immediately available), it must instead be submitted as soon as possible afterwards.
- (3) The requirement in (1) ceases if the change in *control* occurs or will not take place.

11.3.11 G_{/1} Copies of the Controllers Form A and Controllers Form B are available on the FSA’s website at www.fsa.gov.uk.

11.3.12 G_{/1} If a *controller* or proposed *controller* considers that the requirements in SUP 11.3.7D to SUP 11.3.9D are not appropriate to his circumstances, for example,

- (1) if the *control* is to be held through a trust; or
- (2) if Form B is required (under SUP 11.3.8D) in relation to an individual who is an *approved person*;

he should consult the FSA. The FSA has power, under section 182(3) of the Act (Notification), to amend those requirements if it considers it appropriate to do so.

11.3.13 G_{/1} The Act provides that the FSA may request any additional information or documentation from the *controller* or proposed *controller* that it reasonably requires in order to determine what action it is to take in response to the notification. A *controller* or proposed *controller* which is an *authorised person* is required to submit less information under SUP 11.3.7D than other *persons* and consequently the FSA may ask for confirmation of details already held or any additional information which it considers appropriate.

11.3.14 G_{/1} If item 1.05 of Controllers Form A is answered in the affirmative, the FSA may be obliged to consult regulatory authorities in other EEA States before approving the change in *control* or giving a *warning notice*.

Form of notification when reducing control

11.3.15 G_{/1} A notification given to the FSA by a *person* who is reducing his *control* over a *firm*, in a way described in SUP 11.4.2R(1) to (4), must, in accordance with section 190(4) of the Act (Notification):

- (1) be in writing; and
- (2) provide details of the extent of *control* (if any) which the *controller* will have following the change in *control*.

Notification when change in control occurs

11.3.16 G_{/1} A *person* who is under a duty to notify the FSA of a change in *control* is also required to notify the FSA when the relevant change in *control* has occurred (sections 178(3) and 190(3) of the Act). The notification may be given jointly with the *firm* as described in SUP 11.6.6G. If a *person* has reduced his *control*, section 190(4) of the Act requires that the notification should provide details of the extent of *control* retained (if any).

11.4 Requirements on firms

11.4.1 G_{/1} A summary of the notification requirements in this section is given in *SUP* 11 Ann 1G.

Requirement to notify a change in control

11.4.2 R_{/1} A *UK domestic firm* must notify the *FSA* of any of the following events concerning the *firm*:

- (1) a *person* acquiring *control* or ceasing to have *control*;
- (2) an existing *controller* acquiring an additional *kind of control* or ceasing to have a *kind of control*;
- (3) an existing *controller* increasing or decreasing a *kind of control* which he already has so that the percentage of shares or *voting power* concerned becomes or ceases to be equal to or greater than 20, 33 or 50;
- (4) an existing *controller* becoming or ceasing to be a *parent undertaking*.

11.4.3 G_{/1} *SUP* 11 Ann 2G gives examples of the circumstances in which a notification in accordance with *SUP* 11.4.2R is required.

11.4.4 R_{/1} An *overseas firm* must notify the *FSA* of any of the following events concerning the *firm*:

- (1) a *person* acquiring *control* or ceasing to have *control*;
- (2) an existing *controller* becoming or ceasing to be a *parent undertaking*.

11.4.5 G_{/1} If there is uncertainty whether a particular relationship constitutes *control*, it may be appropriate for the *firm* or *controller* or proposed *controller* to ask the *FSA* for individual *guidance* (see *SUP* 9) and to obtain its own legal advice. For example, if the *control* is to be held through a trust, then certain trustees, beneficiaries and other parties may qualify as *controllers* for the purposes of the *Act* and this chapter. Furthermore, a *person* may qualify as a *controller* if he is able to exercise 10% or more of the *voting power* at a *firm's* general meeting as a result of the ability to exercise proxy votes.

11.4.6 G_{/1} If a *firm* is required to obtain approval from the *Society of Lloyd's* for any changes in its *controllers*, it should apply for this approval as well as notifying the *FSA*.

Content and timing of the notification

11.4.7 R_{/1} The notification by a *firm* under *SUP 11.4.2R* or *SUP 11.4.4R* must:

- (1) be in writing;
- (2) contain the information set out in:
 - (a) in the case of acquiring or increasing *control*, *SUP 11.5.1R* (subject to *SUP 11.5.2R*); or
 - (b) in the case of reducing *control*, *SUP 11.5.7R*; and
- (3) be made:
 - (a) as soon as the *firm* becomes aware that a *person* is proposing to take a step that would result in the event concerned; or
 - (b) if the event takes place without the knowledge of the *firm*, within 14 days of the *firm* becoming aware of the event concerned.

11.4.8 G_{/1} *Principle 11* requires *firms* to be open and cooperative with the *FSA*. A *firm* should discuss with the *FSA*, at the earliest opportunity, any prospective changes of which it is aware, in *controllers'* or proposed *controllers'* shareholdings or *voting power* (if the change is material). These discussions may take place before the formal notification requirement in *SUP 11.4.2R* or *SUP 11.4.4R* arises. (See also *SUP 11.3.2G*.) As a minimum, the *FSA* considers that such discussions should take place before a *person*:

- (1) enters into any formal agreement in respect of the purchase of shares or a proposed acquisition or merger which would result in a change in *control* (whether or not the agreement is conditional upon any matter, including the *FSA's* approval); or
- (2) purchases any *share options*, *warrants* or other financial instruments, the exercise of which would result in the *person* acquiring *control* or any other change in *control*.

11.4.9 G_{/1} The obligation in *SUP 11.4.2R* applies whether or not the *controller* himself has given or intends to give a notification, in accordance with his obligations under the *Act*.

Identity of controllers

11.4.10 R_{/1} A *firm* must take reasonable steps to keep itself informed about the identity of its *controllers*.

11.4.11

G

/1

The steps that the *FSA* expects a *firm* to take to comply with *SUP* 11.4.10R include, if applicable:

- (1) monitoring its register of shareholders (or equivalent);
- (2) monitoring notifications to the *firm* in accordance with Part VI of the Companies Act 1985;
- (3) monitoring public announcements made under the relevant disclosure provisions of the *Takeover Code* or other rules made by the *Takeover Panel* (for example the *SARs*);
- (4) monitoring the entitlement of delegates, or *persons* with voting rights in respect of group insurance contracts, to exercise or control *voting power* at general meetings.

11.5 Form of notification by firms

11.5.1 **R** Table Information to be submitted by the firm (see SUP 11.4.7R(2)(a))

/1

(1)	The name of the <i>firm</i>;
(2)	the name of the <i>controller</i> or proposed <i>controller</i> and, if it is a <i>body corporate</i> and is not an <i>authorised person</i>, the names of its <i>directors</i> and its <i>controllers</i>;
(3)	a description of the proposed event including the shareholding and voting power of the <i>person</i> concerned, both before and after the proposed event; and
(4)	any other information of which the <i>FSA</i> would reasonably expect notice, including information which could have a material impact on any of the approval requirements in section 186(2) of the <i>Act</i> (see SUP 11.7.5G) and any relevant supporting documentation.

11.5.2 **R** The notification from a *firm* under SUP 11.4.7R(2)(a) need only contain as much of the information set out in SUP 11.5.1R as the *firm* is able to provide, having made reasonable enquiries from *persons* and other sources as appropriate.

/1

11.5.3 **G** In determining what the *FSA* would reasonably expect notice of in accordance with row (4) in SUP 11.5.1R, a firm should have regard, in particular, to the matters set out in items 1.03 to 1.07 and 6.02 of Controllers Form A (SUP 11 Ann 4D) to the extent that the *firm* is aware of such matters. *Firms* are also reminded of the circumstances set out in SUP 15.3.8G (Communication with the *FSA* in accordance with Principle 11) which may arise on a change in *control* and which should also be notified.

/1

11.5.4 **G** *Firms* are reminded that a change in *control* may give rise to a change in the *group companies* to which the *FSA*'s consolidated financial supervision requirements apply. Also, the *firm* may for the first time become subject to the *FSA*'s requirements on consolidated financial supervision (or equivalent requirements imposed by another *EEA State*). This may apply, for example, if the *controller* is itself an *authorised undertaking*. The *FSA* may therefore request such a *firm*, *controller* or proposed *controller* to provide evidence that, following the change in *control*, the *firm* will meet the requirements of these *rules*, if appropriate.

/1

11.5.5 **G** If a *controller* proposes any significant changes to the *firm*, for instance to its *regulated activities*, business plan or strategy, the *firm* may be requested to provide a business plan (see SUP 2: Information gathering by the *FSA* on its own initiative). If an *insurer* comes under the *control* of a new *parent undertaking*, such a business plan would be a *scheme of operations* in accordance with SUP App 2.

/1

11.5.6 **G** The *FSA* may request the *firm* to provide additional information (see SUP 2 (Information gathering by the *FSA* on its own initiative)). In determining any

/1

additional information requirements, the *FSA* will have regard to the supervision being exercised over the *firm* by any *overseas regulators*.

Form of notification when a person reduces control

11.5.7 **R** A notification of a proposed reduction in *control* must:

/1

- (1) give the name of the *controller*; and
- (2) provide details of the extent of *control* (if any) which the *controller* will have following the change in *control*.

Joint and shared notifications

11.5.8 **G** A *firm* and its *controller* or proposed *controller* may discharge an obligation to notify the *FSA* by submitting a single joint notification containing the information required from the *firm* and the *controller* or proposed *controller*. In this case, the Controllers Form A may be used to submit a notification on behalf of both the *firm* and the *controller* or proposed *controller*.

/1

11.5.9 **G** If a *person* is proposing a change in *control* over more than one *firm* within a *group*, then the *controller* or proposed *controller* may submit a single notification in respect of all those *firms*. The notification should contain all the required information as if separate notifications had been made, but information and documentation need not be duplicated.

/1

11.5.10 **G** When an event occurs (for example, a *group* restructuring or a merger) as a result of which:

/1

- (1) more than one *firm* in a *group* would undergo a change in *control*; or
- (2) a single *firm* would experience more than one change in *control*;

then, to avoid duplication of documentation, all the *firms* and their *controllers* or proposed *controllers* may discharge their respective obligations to notify the *FSA* by submitting a single notification containing one set of information.

11.6 Subsequent notification requirements by firms

Changes in the information provided to the FSA

11.6.1 **G** ^{/1} *Firms* are reminded that *SUP 15.6.4R* requires them to notify the *FSA* if information notified under *SUP 11.4.2R* or *SUP 11.4.4R* was false, misleading, inaccurate, incomplete, or changes, in a material particular. This would include a *firm* becoming aware of information that it would have been required to provide under *SUP 11.5.1R* if it had been aware of it.

11.6.2 **R** ^{/1} After submitting a notification under *SUP 11.4.2R* and until the change in *control* occurs (or is no longer to take place), *SUP 15.6.4R* and *SUP 15.6.5R* apply to a *UK domestic firm* in relation to any information its *controller* or proposed *controller* provided to the *FSA* under *SUP 11.5.1R* or *SUP 11.3.7D*.

11.6.3 **R** ^{/1} During the period in *SUP 11.6.2R*, a *UK domestic firm* must take reasonable steps to keep itself informed about the circumstances of the *controller* or the proposed *controller* to which the notification related.

Notification that the change in control has taken place

11.6.4 **R** ^{/1} A *firm* must notify the *FSA*:

- (1) when a change in *control* which was previously notified under *SUP 11.4.2R* or *SUP 11.4.4R* has taken place; or
- (2) if the *firm* has grounds for reasonably believing that the event will not now take place.

11.6.5 **R** ^{/1} The notification under *SUP 11.6.4R* must be given within 14 *days* of the change in *control* or of having the grounds (as applicable).

11.6.6 **G** ^{/1} A notification under *SUP 11.6.4R* may be given jointly with the notification of the *controller* under *SUP 11.3.16G*.

11.7 Acquisition or increase of control: approval procedures

11.7.1 **G** /1 The approval procedures are summarised in SUP 11 Ann 3G.

Approval with or without conditions

11.7.2 **G** /1 If the FSA decides to approve a proposed acquisition or increase of *control* unconditionally, it must give an "approval notice" without delay (section 184(1) of the Act).

11.7.3 **G** /1 Alternatively, the FSA may decide to approve the proposed acquisition or increase of *control* subject to such conditions as it considers appropriate, having regard to the FSA's duty to ensure that the *firm* concerned will satisfy, and continue to satisfy, the *threshold conditions* (section 185 of the Act). If the FSA proposes to approve subject to conditions, it must give a *warning notice*. If the FSA decides to proceed to approve subject to conditions, it must give a *decision notice*.

11.7.4 **G** /1 A notice which approves a change of control (with or without conditions) is effective only for a limited period as set out in the notice (or, if no such period is specified, for one year) (section 184(3) of the Act). An approved change in *control* may not therefore take place after the end of this period.

Approval requirements and objection

11.7.5 **G** /1 The FSA may object to a proposed acquisition or increase of *control* unless it is satisfied that the approval requirements are met (section 186 of the Act). These are that:

- (1) the acquirer is a fit and proper *person* to have the *control* over the *firm* that he has or would have if he acquired the *control* in question; and
- (2) the interests of *consumers* would not be threatened by the acquirer's *control* or by his acquiring that *control*.

11.7.6 **G** /1 In deciding whether the approval requirements are met, the FSA must have regard, in relation to the *control* that the acquirer:

- (1) has over the *firm*; or
- (2) will have over the *firm* if the proposal to which the notification relates is carried out;

to the FSA's duty to ensure that the *firm* will satisfy, and continue to satisfy, the *threshold conditions* (section 186(3) of the *Act*).

11.7.7 G_{/1} If the FSA proposes to object, it must issue a *warning notice*. If the FSA decides to proceed with its proposed objection, it must issue a *decision notice*. If the FSA considers that the approval requirements would be met if a particular step were taken or not taken, the *decision notice* must identify that step (section 186(4) of the *Act*).

11.7.8 G_{/1} As well as objecting when satisfied that the approval requirements are not met, the FSA may also object if it has not received sufficient information from either the *controller* or the *firm* to satisfy itself that the approval requirements are met.

Warning notices and decision notices

11.7.9 G_{/1} The procedure followed by the FSA in relation to the giving of *warning notices* and *decision notices* and the process for referrals to the *Financial Services and Markets Tribunal* are set out in *DEC 2*.

The FSA's timeframe for responding to a notification

11.7.10 G_{/1} If the FSA receives a valid notification from a *controller* or proposed *controller* (whether a joint notification in accordance with *SUP 11.5.8G* or otherwise), the FSA must respond within three *months* regardless of when it receives a notification from the *firm* (section 183(1) of the *Act*). The response from the FSA will be either an approval notice or a *warning notice*.

11.7.11 G_{/1} Alternatively, the FSA may receive a notification from the *firm* but not from the *controller* or proposed *controller* or may otherwise become aware of a possible breach by the *controller* or proposed *controller* of his obligations under section 178(1) or (2) of the *Act* (Obligation to notify the Authority). The FSA may require the *person* concerned to provide additional information or *documents* (section 188(4) of the *Act*). If the FSA is satisfied that a breach has occurred, but is not satisfied that the approval requirements are met, the FSA may give a *warning notice* to the *controller* or proposed *controller* (section 187(1) and 188(1) of the *Act*). Alternatively, the FSA may approve the change of *control* as if a notification had been received from the *controller* or proposed *controller* (section 187(2) of the *Act*).

11.7.12 G_{/1} If the FSA does not receive a notification from the *controller* or proposed *controller* and proposes to give a *warning notice*, it must do so within three *months* of the date on which it became aware that the *controller* or proposed *controller* had failed to comply with his duty to notify (section 188(3) of the *Act*).

11.7.13 G_{/1} Before giving an approval notice or *warning notice*, the FSA may be required to consult with competent authorities outside the *United Kingdom* (sections 183(2) and 188(2) of the *Act*).

The FSA's right to object to existing controllers

11.7.14 G_{/1} If a *controller* fails to give a notification under section 178(3) of the *Act* on acquiring or increasing *control*, and the FSA is not satisfied that the approval

requirements are met, the *FSA* may propose to object to the *controller* by giving him a *warning notice* (sections 187(1) and 188(1) of the *Act*).

11.7.15

G
/1

The *FSA* may propose to object to a *controller* by giving him a *warning notice* at any time if it becomes aware of matters as a result of which it is satisfied that:

- (1) the approval requirements are not met with respect to the *controller*; or
- (2) a condition attached to an approval required the *controller* to do (or refrain from doing) a particular thing and that condition has been breached by the *controller* (sections 187(3) and 188(1) of the *Act*).

11.7.16

G
/1

If the *FSA* gives a *warning notice* as described in *SUP* 11.7.14G or *SUP* 11.7.15G, section 188 of the *Act* sets out various requirements as to timetable, consultation and provision of information.

11.7.17

G
/1

Following a *warning notice* as described in *SUP* 11.7.14G or *SUP* 11.7.15G, the *FSA* may decide to object to the *controller* and give him a *decision notice*. If the *FSA* does so, or if a conditional approval has been contravened, it may impose restrictions on some or all of the *controller's* shares by notice in writing or apply to the court for an order that the *controller* dispose of them (section 189 of the *Act*).

11.7.18

G
/1

If it appears to the *FSA* that the likely effect of an acquisition of *control* on a *firm*, or on any of its activities, is uncertain, the *FSA* may, in accordance with section 46 of the *Act* (Variation of permission on acquisition of control), vary the *firm's Part IV permission* by:

- (1) imposing a *requirement* (see *SUP* 7: Individual requirements); or
- (2) varying an existing *requirement*.

The *warning notice* and *decision notice* procedure does not apply to action taken under section 46 of the *Act*, but the *FSA* will operate a procedure that is fair in the circumstances.

11.8 Changes in the circumstances of existing controllers

- 11.8.1** **R** ^{/1} A *firm* must notify the FSA immediately it becomes aware of any of the following matters in respect of one or more of its *controllers*:
- (1) if a *controller*, or any entity subject to his *control*, is or has been the subject of any legal action or investigation which might put into question the integrity of the *controller*;
 - (2) if there is a significant deterioration in the financial position of a *controller*;
 - (3) if a corporate *controller* undergoes a substantial change or series of changes in its *governing body*;
 - (4) if a *controller*, who is authorised in another EEA State as an *ISD investment firm* or *BCD credit institution* or under the *Insurance Directives*, ceases to be so authorised.
- 11.8.2** **G** ^{/1} In assessing whether a matter should be notified to the FSA under SUP 11.8.1R(1), (2) or (3), a *firm* should have regard to the *guidance* on satisfying *threshold condition 5* (Suitability) contained in COND 2.5.
- 11.8.3** **G** ^{/1} In respect of SUP 11.8.1R(3), the FSA considers that, in particular, the removal or replacement of a majority of the members of a *governing body* (in a single event or a series of connected events) is a substantial change and should be notified.
- 11.8.4** **G** ^{/1} If a matter has already been notified to the FSA (for example, as part of the *firm's* application for a *Part IV permission*), the *firm* need only inform the FSA of any significant developments.
- 11.8.5** **G** ^{/1} The level of a *firm's* awareness of its *controller's* circumstances will depend on its relationship with that *controller*. The FSA does not expect *firms* to implement systems or procedures so as to be certain of any changes in its *controllers'* circumstances. However, the FSA does expect *firms* to notify it of such matters if the *firm* becomes aware of them, and it expects *firms* to make enquiries of its *controllers* if it becomes aware that one of the events in SUP 11.8.1R may occur or has occurred.
- 11.8.6** **G** ^{/1} The FSA may ask the *firm* for additional information following a notification under SUP 11.8.1R in order to satisfy itself that the *controller* continues to be suitable (see SUP 2: Information gathering by the FSA on its own initiative).

11.9 Changes in close links

- 11.9.1** **R** A *firm* must notify the *FSA* immediately it becomes aware that it has become or ceased to be *closely linked* with any *person*. The notification must include the information set out in *SUP 16.5.4R(4)*.
/1
- 11.9.2** **G** *Guidance* on what constitutes a *close link* is provided in *COND 2.3*.
- 11.9.3** **G** The *FSA* may ask the *firm* for additional information following a notification under *SUP 11.9.1R* in order to satisfy itself that the *firm* continues to satisfy the *threshold conditions* (see *SUP 2: Information gathering by the FSA on its own initiative*).
/1

Summary of notifications required in this chapter

Event triggering a notification	Requirement reference	
	When	How
Notifications from a controller or proposed controller of a UK domestic firm		
1 A <i>person</i> proposing to become a <i>controller</i> or an existing <i>controller</i> proposing to increase his level of <i>control</i>	SUP 11.3.2G SUP 11.3.6G	SUP 11.3.7D to SUP 11.3.14G

SUP 11 Ann 2G: Guidance on events requiring approval

M is associated with C (because it is a *subsidiary* of C) and therefore M's shareholding in the *firm* of 9% must be aggregated with C's direct shareholding in the *firm* of 9%. C is therefore an 18% *controller* of the *firm*, both as a holder of *shares* and as a *person with voting power*.

If M then decides to purchase a further 15% of *shares* in the *firm*, M becomes a *controller* (its shareholding becomes 24% and has therefore exceeded the 10% threshold). C becomes a 33% *controller*. These are notifiable events under SUP 11.4.2R(1) (M has become a *controller*) and under SUP 11.4.2R(3) (C's holding has become equal to 33%) and both require the *FSA's* prior approval.

If M purchases a further 5% so that M has 29% and C has 38%, the acquisition does not require notification or approval as neither holding has reached one of the limits in SUP 11.4.2R(3).

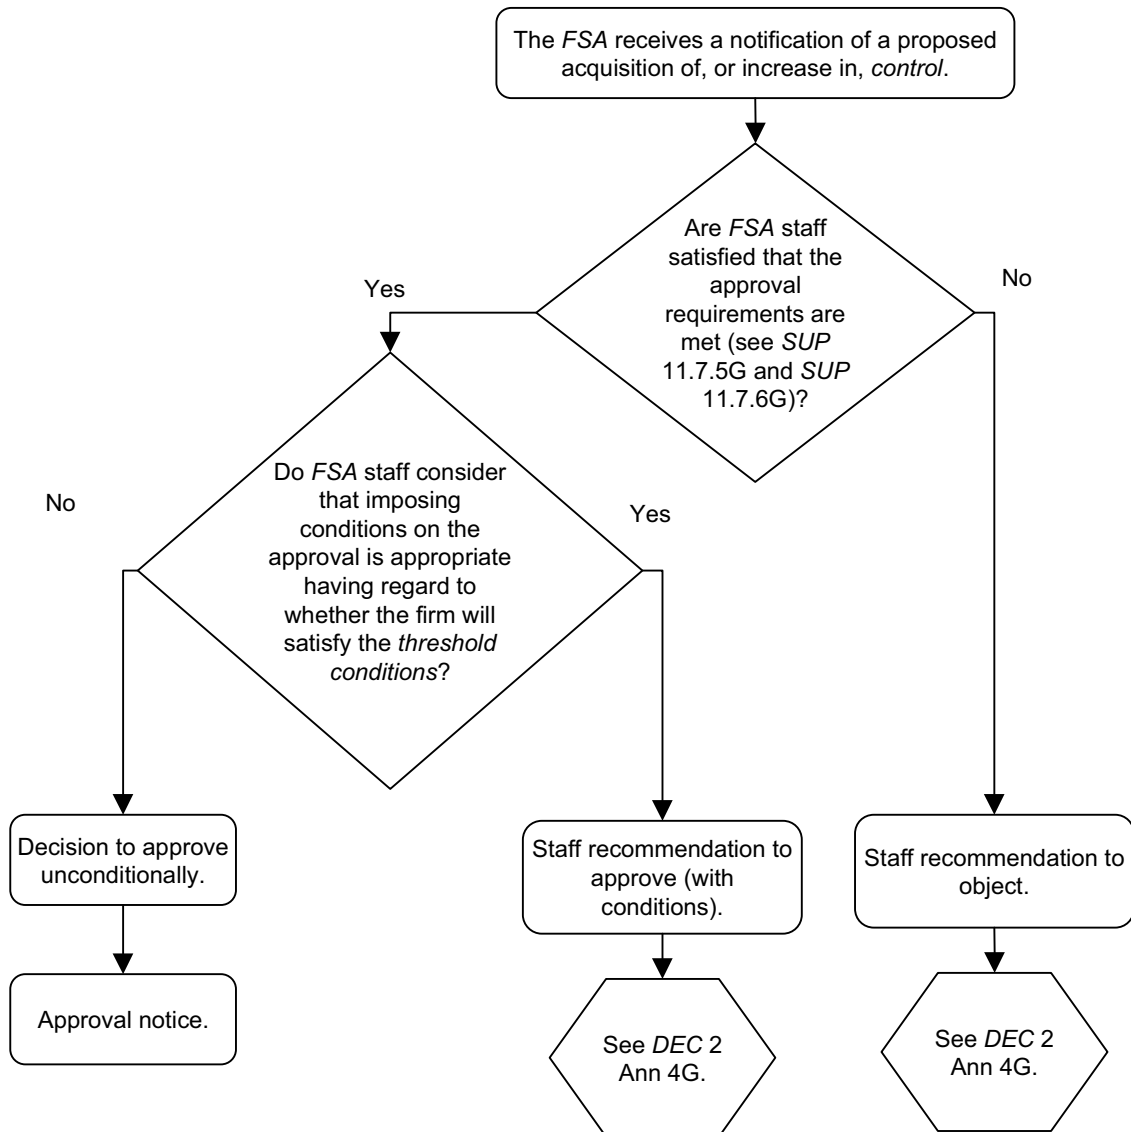

C is an 11% *controller* of the *firm* because of its shareholding in the *firm's parent undertaking* (P).

If C subsequently acquires a 15% shareholding directly in the *firm*, then this is an additional '*kind of control*' and is notifiable under SUP 11.4.2R(2). The *FSA's* prior approval of the event is required.

Note: It is assumed that M is not a *parent undertaking* of the *firm*, and C is not a *parent undertaking* of P. It is also assumed that all *shares* concerned are ordinary voting *shares* with no special rights attached.

Notes for Controllers Form A

Notification of a change in control

Rules and guidance on changes in control of a firm are contained in chapter 11 of the Supervision manual.

Photocopies of this Form, or any relevant part of the Form, may be used. The Form is available on the FSA's website at www.fsa.gov.uk and downloaded copies may be completed and submitted.

The purpose of this Form

This is the Controllers Form A referred to in SUP 11.3.7D of chapter 11 of the FSA's Supervision manual.

Completing this Form

The Form should be completed in black ink and (if in manuscript) in BLOCK CAPITALS.

All dates should be written in a dd/mm/yyyy format (e.g. 29/02/2000 for 29 February 2000) unless otherwise indicated on the Form.

Indicate clearly if a question is not applicable. Tick the appropriate box where a yes/no answer is required. Further details should be given in section 6 (supplementary information) if there is insufficient space for a detailed answer.

Additional information can be attached to the Form. It should be securely attached to the rest of the Form and you should indicate at question 6.03 the number of additional sheets attached.

Do not assume that information is known to the FSA merely because it is in the public domain, or has previously been disclosed to the FSA or to another regulatory body. In all circumstances, disclosures should be full, frank and unambiguous. If there is any doubt about the relevance of information, it should be included. If the FSA's checks reveal any matters that have not been disclosed this may result in a delay in processing and/or objection to the change in control.

Expressions in the Form in italics have the meaning given in the Glossary to the FSA's Handbook (or, if no meaning is given there, are to be interpreted in accordance with the related expression defined in the Glossary).

The controller or proposed controller submitting the Form is responsible for the accuracy of the data and completion of the Form. In the case of a joint notification, the firm is responsible for the accuracy of any information contained in the Form which is required from the firm in accordance with SUP 11.5.1R. If the Form is not fully and correctly completed, the FSA may need to return it for proper completion. This could significantly delay the FSA's decision on whether to approve the change in control.

The FSA may require a controller or proposed controller to provide further information at any time after receiving a notification and before determining whether or not to approve the change in control.

The FSA must be informed immediately of any material changes to the information provided in the Form, and of any information provided which may be false, misleading, incomplete or inaccurate, which becomes known before the notification has been determined, as required by SUP 11.3.10D. All such information must be communicated to the FSA by the controller submitting the Form. Failure to inform the FSA may result in a delay in processing and/or objection to the change in control.

The Form consists of Sections 1 to 6 which are required as follows:

Section	When required
Section 1 Details of the proposed change in control	In all cases
Section 2 Information required from corporate controllers	Controller is a body corporate and is not an authorised person
Section 3 Information required from partnership controllers	Controller is partnership and is not an authorised person
Section 4 Information required from individual controllers	Controller is an individual and is not an authorised person
Section 5 Joint notifications	Joint notifications by more than one controller or controller and firm(s)
Section 6 Supplementary information	In all cases if appropriate

SECTION 1 - DETAILS OF THE PROPOSED CHANGE IN CONTROL

1.01 The events to be notified using the Form are any of the following concerning a firm:

- (1) a person acquiring control or ceasing to have control;
- (2) an existing controller acquiring an additional kind of control or ceasing to have a kind of control;
- (3) an existing controller increasing or decreasing a kind of control which he already has such that the percentage of shares or voting power concerned becomes or ceases to be equal to or greater than 20, 33 or 50; and
- (4) an existing controller becoming or ceasing to be a parent undertaking.

"Kind of control" in (2) and (3) above means:

- (a) control arising as a result of holding shares in the firm;
- (b) control arising as a result of holding shares in the parent undertaking of the firm;
- (c) control arising as a result of the entitlement to exercise or control the exercise of voting power in the firm;
- (d) control arising as a result of the entitlement to exercise or control the exercise of voting power in the parent undertaking of the firm;

in accordance with section 179 (4) of the Financial Services and Markets Act 2000 and the Glossary.

The percentages of control held and to be held after the event must be calculated having regard to the definition of "controller" in the Glossary and the guidance in SUP 11 Annex 2G.

1.03 If a controller proposes any significant changes to the firm, for instance to its regulated activities, business plan or strategy, the firm and/or controller or proposed controller may be requested to provide a business plan. For a firm that is an insurer, such a plan would comprise a scheme of operations in accordance with SUP App 2.

It may be appropriate to ask the FSA whether a business plan will be required before submitting this notification, to avoid any delay in the FSA deciding to approve the change in control.

SECTION 4 - INFORMATION REQUIRED FROM INDIVIDUAL CONTROLLERS

Individual controllers are reminded that they must submit the information required in Controllers Form B in addition to the information required in this Form.

SECTION 5 – JOINT NOTIFICATIONS

A firm and its controller or proposed controller may discharge an obligation to notify the FSA by submitting a single joint notification containing the information required from the firm and the controller or proposed controller. In this case, Controllers Form A may be used to submit a notification on behalf of both the firm and the controller or proposed controller.

If a person is proposing a change in control over more than one firm within a group, then the controller or proposed controller may submit a single notification in respect of all those firms. The notification should contain all the required information as if separate notifications had been made, but information and documentation need not be duplicated.

When an event occurs (for example, a group restructuring or a merger) as a result of which:

- (1) more than one firm in a group would undergo a change in control; or
- (2) a single firm would experience more than one change in control;

then, to avoid duplication of documentation, all the firms and their controllers or proposed controllers may discharge their respective obligations to notify the FSA by submitting a single notification containing one set of information.

In a joint notification:

- the information requirements from each firm (as set out in SUP 11.5.1R) are satisfied by completion of
 - 1.01 and 1.02 of Section 1
 - Section 6
 - (in the case of a body corporate controller which is an authorised person) 2.01, 2.06 and 2.07 of Section 2;
- Section 1 must be completed;
- depending on the type of controller or proposed controller, Section 2, 3 or 4 must be completed by each controller or proposed controller;
- Section 5 must be completed;
- Section 6 should be completed if appropriate;
- the declaration and signature should be completed by each firm, controller or proposed controller submitting the joint notification.

SECTION 6 – SUPPLEMENTARY INFORMATION

This section provides space for any additional information required.

Relevant supporting documentation must also be provided.

DECLARATION AND SIGNATURE

In the case of a joint notification, the declaration and signature should be completed by each firm, controller or proposed controller (using photocopies if necessary).

For a controller or proposed controller, the signatory to this Form should be:

Capacity in which control to be held	Signatory
As an individual	that individual
As a body corporate	an individual who is a director (if Controllers Form B is submitted in relation to directors, one of those directors should sign)
As a partnership	a partner (if Controllers Form B is submitted in relation to partners, one of those partners should sign)

If the Form is submitted by a firm, see SUP 15.7.3G in chapter 15 of the Supervision manual regarding authorisation of signatory.

PLEASE RETURN THE COMPLETED FORM TO:

THE FINANCIAL SERVICES AUTHORITY
25 THE NORTH COLONNADE
CANARY WHARF
LONDON E14 5HS
UNITED KINGDOM

The Form should be marked for the attention of the relevant firm's usual supervisory contact at the FSA; if known, please include the name of the contact.

1.01 Enter the following details of the firm to which the change in control relates.

If the change in control relates to more than one firm, enter the following details for each firm (SEE NOTE)

	FSA Firm Reference Number	Name of firm	% of control currently held	% of control to be held after the event (SEE NOTE)

YES

NO

- 1.02 Corporate structure charts must be provided (and any accompanying explanations) showing the position both before and after the event. The charts must clearly show the following matters:
- i) the name(s) of the controller(s);
 - ii) the name(s) of the firm(s);
 - iii) the percentage of shares to be held in the firm(s) or its/their parent undertakings before and after the event;
 - iv) the percentage of voting power to be exercised (or controlled) in the firm(s) or its/their parent undertakings before and after the event;
 - (v) whether the control proposed will be held directly or through associates (as defined within the definition of controller in the Glossary); and
 - (vi) (if relevant) whether the control arises from the ability to exercise a significant influence over the firm(s) or its/their parent undertakings.

1.03 Does the controller intend to make any significant changes to the firm's or firms' regulated activities, business plan or strategy as a result of the change in control (SEE NOTE)?

YES NO

(All firms listed in 1.01 must be considered.)

Firm	Proposed changes

6.03 How many additional sheets are being submitted?

A small, solid grey rectangular area intended for providing the number of additional sheets being submitted.

SEE NOTE

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000).

It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

I confirm that the information in the Form is accurate and complete to the best of my knowledge and belief and that I have read the notes to the Form.

I authorise the FSA to make such enquiries and seek such further information as it thinks appropriate in the course of verifying the information given in the Form.

Website <http://www.fsa.gov.uk>

Registered as a Limited Company in England and Wales No 1920623. Registered Office as above

Notes for Controllers Form B

Information in respect of directors, partners and individuals

Rules and guidance on changes in control of a firm are contained in chapter 11 of the Supervision manual.

Photocopies of the Form, or any relevant part of the Form, may be used. The Form is available on the FSA's website at www.fsa.gov.uk and downloaded copies may be completed and submitted.

The purpose of this Form

This is the Controllers Form B referred to in SUP 11.3.7D and SUP 11.3.8D of chapter 11 of the FSA's Supervision manual. The information in the Form is required from a controller or potential controller in relation to individuals as set out in SUP 11.3.8D. As indicated in SUP 11.3.9D, if the relevant individual has previously submitted the Form, then the information required in the Form need not be submitted in relation to that individual but the FSA requires details of any changes in the information previously submitted, or confirmation that there are no such changes. The information in the Form is not required from the firm in respect of which the change in control is to occur.

Completing this Form

The Form should be completed in black ink and (if in manuscript) in BLOCK CAPITALS.

All dates should be written in a dd/mm/yyyy format (e.g. 29/02/2000 for 29 February 2000) unless otherwise indicated on the Form.

Indicate clearly if a question is not applicable. Tick the appropriate box where a yes/no answer is required. Further details should be given in section 5 (supplementary information) if there is insufficient space for a detailed answer.

Additional information can be attached to the Form. It should be securely attached to the rest of the Form and you should indicate at question 5.03 the number of additional sheets attached.

Do not assume that information is known to the FSA merely because it is in the public domain, or has previously been disclosed to the FSA or to another regulatory body. In all circumstances, disclosures should be full, frank and unambiguous. If there is any doubt about the relevance of information, it should be included. If the FSA's checks reveal any matters that have not been disclosed this may result in a delay in processing and/or objection to the change in control.

Expressions in this Form in italics have the meaning given in the Glossary to the FSA's Handbook (or, if no meaning is given there, are to be interpreted in accordance with the related expression defined in the Glossary).

The controller or proposed controller submitting the Form is responsible for the accuracy of the data and completion of the Form. If the Form is not fully and correctly completed, the FSA may need to return it for proper completion. This could significantly delay the FSA's decision on whether to grant approval for the change in control.

The FSA may require a controller or proposed controller to provide further information at any time after receiving a notification and before determining whether or not to approve the change in control.

The FSA must be informed immediately of any material changes to the information provided in the Form, and of any information provided which may be false, misleading, incomplete or inaccurate, which become known before the notification has been determined, as required by SUP 11.3.10D. All changes must be communicated to the FSA by the controller submitting the Form. Failure to inform the FSA may result in a delay in processing and/or objection to the change in control.

SECTION 1 – PERSONAL IDENTIFICATION DETAILS

- 1.07 & 1.10 If the individual has more than one previous name (surname or forenames), passport number or nationality, or is known by any other names, provide details in section 5.
- 1.13 United Kingdom addresses must be given, or a statement stating that the individual resides abroad.

SECTION 2 – EMPLOYMENT HISTORY FOR PAST 10 YEARS

A full ten-year employment history must be provided – with all gaps explained. If the record of employment does not go back ten years, all periods of education and unemployment must be indicated. Full details of any periods of self-employment must be included.

The employment history must be provided in reverse chronological order, starting with the most recent period of employment, unemployment etc.

- 2.01 Always give the address of the actual place of employment, rather than a central head office.

“Regulatory body” in this context means the bodies listed in the Notes to section 3 below.

State the position held and a brief explanation of the individual’s duties. If the individual’s job title included the word “director” but his duties did not include those associated with the title of director, as defined in the Glossary, this should be indicated.

The reason for leaving each employer must be given. If there were any issues arising on leaving, these must be fully explained in section 5. Previous employers may be contacted and omission of relevant details may result in a delay in processing and/or possible objection to the change in control.

SECTION 3 – FITNESS AND PROPRIETY

Answer the question by ticking the relevant ‘yes’ or ‘no’ box. If the answer to any of the questions is ‘yes’, give complete details in section 5 and attach relevant supporting documentation.

- 3.03 to 3.06 Any outstanding county court judgements (e.g. CCJs) or arrangements (e.g. IVAs) with creditors must be listed in section 5, and the circumstances surrounding them explained.

- 3.11 & 3.12(d) “Regulatory body” in this context refers to:

- i) the SROs including IMRO, SFA, PIA, LAUTRO and FIMBRA;
- ii) the statutory bodies including the FSA, SIB, the Society of Lloyd’s, the Registry of Friendly Societies, the Friendly Societies Commission, the Building Societies Commission, the Bank of England, HM Treasury – Insurance Directorate (formerly of the DTI) and the recognised bodies;
- iii) the designated professional bodies; and
- iv) the equivalent of all such regulators overseas.

SECTION 5 – SUPPLEMENTARY INFORMATION

This section provides space for any additional information and should be used whenever a question in sections 3 or 4 is answered ‘yes’.

Relevant supporting documentation must also be provided.

SECTION 6 – DECLARATIONS AND SIGNATURES

This section contains declarations which should be signed both by the individual whose details are given in the Form and by the controller or proposed controller.

6.05(b) Indicate whether you are signing this Form in your capacity as a chief executive (or equivalent), director, managing partner (or equivalent), partner or other of a controller or proposed controller which is a legal entity. If other, specify.

6.06 This is the name of the firm which is the subject of the change in control.

6.07 to 6.12 For a controller or proposed controller, the signatory to this Form should be:

Capacity in which control to be held	Signatory
As a body corporate	an individual who is a director and is a person in relation to whom a Controllers Form B is submitted
As a partner in a partnership or as a partnership	a partner in relation to whom a Controllers Form B is submitted

If the controller or proposed controller is an individual, that individual need not complete 6.07-6.12.

If you have any queries or need additional information, please contact the relevant firm's usual supervisory contact.

PLEASE RETURN THE COMPLETED FORM TO:

THE FINANCIAL SERVICES AUTHORITY
25 THE NORTH COLONNADE
CANARY WHARF
LONDON E14 5HS
UNITED KINGDOM

The Form should be marked for the attention of the relevant firm's usual supervisory contact at the FSA; if known, please include the name of the contact.

If necessary, please continue in section 6.

I have supplied further information related to this page in Section 5 YES NO

- 3.01 a Has the individual ever been convicted of any offence involving fraud, theft, false accounting or other dishonesty or an offence (whether or not in the United Kingdom) relating to companies, building societies, industrial and provident societies, credit unions, friendly societies, insurance, banking or other financial services, insolvency, consumer credit or consumer protection, money laundering, market manipulations or insider dealing? (Convictions spent under the Rehabilitation of Offenders Act 1974 must be included) YES NO
- b Is the individual the subject of any current criminal proceedings? YES NO
- 3.02 Has the individual any convictions for any offences other than those listed in 3.01 above which are not spent, whether or not in the United Kingdom (excluding traffic offences unless these resulted in a ban from driving or involved driving without insurance)? YES NO
- 3.03 a Is the individual, or has the individual ever been, the subject of any civil proceedings, arbitration or litigation, including proceedings that may lead to a County Court Judgement (“CCJ”) or other judgement debts, in the United Kingdom or elsewhere? YES NO
- b Is the individual aware of any intention to begin such proceedings against the individual in the future? YES NO
- 3.04 Does the individual have any judgement debts (including CCJs) made under a court order still outstanding, whether in full or in part? YES NO
- 3.05 Has the individual ever failed to satisfy any such judgement debts within one year of the making of the order? YES NO
- 3.06 a Is the individual, or has the individual ever been, the subject of any bankruptcy proceedings, or proceedings for the sequestration of the individual’s estate? YES NO
- b Has the individual ever entered into a deed of arrangement or an individual voluntary arrangement (or in Scotland a trust deed) or other agreement in favour of the individual’s creditors, or is the individual doing so? YES NO
- 3.07 Does the individual or any undertaking under the management of the individual have any outstanding financial obligations arising from regulated activities conducted in the past, whether in the United Kingdom or overseas? YES NO
- 3.08 Has the individual or any undertaking under the management of the individual ever been found guilty of conducting any unauthorised regulated activities or been investigated for possible conduct of unauthorised regulated activities? YES NO
- 3.09 Is the individual, or has the individual ever been, the subject of an investigation into allegations of misconduct or malpractice in connection with any business activity? YES NO
- 3.10 Has the individual ever, either in the United Kingdom , or elsewhere –
 - a been refused entry to, or been dismissed or requested to resign from, any profession, vocation, office or employment, or from any fiduciary office or position of trust, whether or not remunerated? YES NO
 - b been refused, restricted in, or had suspended, the right to carry on any trade, business or profession for which specific licence, authorisation, registration, membership or other permission is required? YES NO

I have supplied further information related to this page in Section 5 YES NO

c	been disqualified by a court from acting as a director of a company or from acting in a management capacity or conducting the affairs of any company, partnership or unincorporated association?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
d	been the subject of a disqualification direction under section 59 of the Financial Services Act 1986 or a prohibition order, under section 56 of the Financial Services and Markets Act 2000, or received a warning notice to make such a direction or order?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
3.11	In respect of activities regulated by the FSA or any other regulatory body (see note), has the individual, or has any company, partnership or unincorporated association of which the individual is or has been a controller, director, senior manager, partner or company secretary, during the individual's association with that entity and for a period of three years after the individual ceased to be associated with it, ever –		
a	been refused, had revoked, restricted or terminated, any licence, authorisation, registration, notification, membership or other permission granted by any such body ?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
b	been criticised, censured, disciplined, suspended, expelled, fined, or been the subject of any other disciplinary or intervention action by any such body ?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
c	resigned whilst under investigation by, or been required to resign from, any such body ?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
d	decided, after making an application for any licence, authorisation, registration, notification, membership or other permission granted by any such body, not to proceed with it?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
e	been the subject of any civil action which has resulted in a finding against the individual or it by a court?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
3.12	Has any company, partnership, or unincorporated association of which the individual is or has been a controller, director, senior manager, partner, or company secretary, in the United Kingdom or elsewhere, at any time during the individual's involvement or within one year of such an involvement –		
a	been put into liquidation, wound up, ceased trading, had a receiver or administrator appointed or entered into any voluntary arrangement with its creditors?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
b	been adjudged by a court liable for any fraud, misfeasance, wrongful trading or other misconduct?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
c	been investigated or been involved in an investigation by an inspector appointed under companies or any other legislation, or required to produce documents to the Secretary of State, or any other authority, under any such legislation?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
d	been convicted of any criminal offence, censured, disciplined or publicly criticised, by any inquiry, by the Takeover Panel or any governmental or statutory authority or any other regulatory body (other than as already indicated under 3.11(b) above)?	YES <input type="checkbox"/>	NO <input type="checkbox"/>

I have supplied further information related to this page in Section 5

YES

NO

4.01 Does the individual have any personal or business interests that may conflict with his role as a controller of the firm or, with respect to his capacity indicated in 6.04b, his position within the controlling entity?

YES NO

If yes, provide details in section 5.

4.02 Please list all UK and non-UK directorships held:

	Name of undertaking	Business of undertaking
a UK directorships		
b Non-UK directorships		

I have supplied further information related to this page in Section 5

YES NO

Please complete questions 5.02 and 5.03

5.01 Include any additional information from previous sections below.

Three pages are provided, but if there is still insufficient space, please continue on a separate sheet of paper, and clearly identify the section and question to which the additional information relates.

Question	Additional information

Question	Additional information

Question	Additional information

5.02 Is the individual submitting the Form aware of any other information relevant to this notification of change in control of which the FSA would reasonably expect notice, including information which could have a material impact on any of the approval requirements described in SUP 11.7.5G?

YES

NO

If yes, provide details below or on a separate sheet of paper.

A large, solid grey rectangular area intended for providing details if the answer to question 5.02 is 'YES'. It occupies the majority of the page's vertical space.

5.03 How many additional sheets are being submitted?

A small, solid grey rectangular area intended for providing the number of additional sheets being submitted.

DECLARATION OF INDIVIDUAL WHOSE DETAILS ARE GIVEN IN THE FORM

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000).

It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

I confirm that the information in this Form is accurate and complete to the best of my knowledge and belief and that I have read the notes to this Form.

I authorise the FSA to make such enquiries and seek such further information as it thinks appropriate in the course of verifying the information given in this Form.

6.01 Full name

6.02 Signature

6.03 Date of signature

6.04 Are you a controller or proposed controller as an individual in your own right? YES NO

If NO

a State the name of the entity which is the controller or proposed controller of whose notification this Form is a part (and of each of them if more than one)

b State the capacity in which you are completing this Form (SEE NOTE)

6.05 a Name of authorised firm in respect of which this Form is being submitted (SEE NOTE)

b FRN number of firm (if known)

DECLARATION OF CONTROLLER OR PROPOSED CONTROLLER (if not an individual) (SEE NOTE)

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000).

It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body.

I confirm that the information in this Form is accurate and complete to the best of my knowledge and belief and that I have read the notes to this Form.

6.07	Signature	
6.08	Date of signature	
6.09	Position	
6.10	On behalf of: (name of controller or proposed controller)	

Completion checklist

- Is the Form fully completed?

- Are ALL forenames included?

- Is there a complete ten-year employment history with all gaps explained?

- Is the Form correctly signed and dated?

- Has all supplementary information been included and clearly marked?

Note : Please detach and keep the notes before returning the completed Form to the FSA.

Chapter 12

Appointed representatives

12.1 Application and purpose

Application

- 12.1.1** **R** /1 (1) This chapter applies to a *firm* with *permission* to carry on *designated investment business* and which is considering appointing, has decided to appoint or has appointed an *appointed representative*.
- (2) The *rules*, and *guidance on rules*, in this chapter do not apply to a *UCITS qualifier*.

Purpose

- 12.1.2** **G** /1 This chapter gives *guidance* to a *firm*, which is considering appointing an *appointed representative*, on how the provisions of section 39 of the *Act* (Exemption of appointed representatives) work. For example, it gives *guidance* on the conditions that must be satisfied for a *person* to be appointed as an *appointed representative*. It also gives *guidance* to a *firm* on the implications, for the *firm* itself, of appointing an *appointed representative*.
- 12.1.3** **G** /1 The chapter also sets out the *FSA's rules*, and *guidance on these rules*, that apply to a *firm* before it appoints, when it appoints and when it has appointed an *appointed representative*. The main purpose of these *rules* is to place responsibility on a *firm* for seeking to ensure that:
- (1) its *appointed representatives* are fit and proper to deal with *clients* in its name; and
- (2) *clients* dealing with its *appointed representatives* are afforded the same level of protection as if they had dealt with the *firm* itself.
- 12.1.4** **G** /1 A separate leaflet will be produced to give *guidance* to *appointed representatives* themselves. For a copy of this leaflet (when available) please contact the Corporate Authorisation department (see *SUP 12.7.5G*).

12.2 Introduction

What is an appointed representative?

12.2.1

G

/1

- (1) Under section 19 of the *Act* (The general prohibition), no *person* may carry on a *regulated activity* in the *United Kingdom*, or purport to do so, unless he is an *authorised person*, or he is an *exempt person* in relation to that activity.
- (2) A *person* will be an *exempt person* if he satisfies the conditions in section 39(1) of the *Act*, *guidance* on which is given in SUP 12.2.2G. A *person* who is exempt as a result of satisfying these conditions is referred to in the *Act* as an *appointed representative*.

12.2.2

G

/1

- (1) A *person* must satisfy the conditions in section 39(1) of the *Act* to become an *appointed representative*. These are that:
 - (a) the *person* must not be an *authorised person*, that is, he must not have *permission* under the *Act* to carry on any *regulated activity* in his own right (section 39(1) of the *Act*);
 - (b) the *person* must have entered into a contract with an *authorised person*, referred to in the *Act* as the '*principal*', which:
 - (i) permits or requires him to carry on business of a description prescribed in the *Appointed Representatives Regulations* (section 39(1)(a)(i) of the *Act*) (see SUP 12.2.7G); and
 - (ii) complies with any requirements that may be prescribed in the *Appointed Representatives Regulations* (section 39(1)(a)(ii) of the *Act*) (see SUP 12.5.2G); and
 - (c) the *principal* must have accepted responsibility, in writing, for the activities of the *person* in carrying on the whole, or part, of the business specified in the contract.
- (2) The *appointed representative* is an *exempt person* in relation to any *regulated activity* comprised in the carrying on of the business for which his *principal* has accepted responsibility.

12.2.3

G

/1

As long as the conditions in section 39 of the *Act* are satisfied, any *person*, other than an *authorised person*, may become an *appointed representative*, including a *body corporate*, a *partnership* or an individual in business on his own account. However, an *appointed representative* cannot be an *authorised person* under the *Act*; that is, it cannot be exempt for some *regulated activities* and *authorised* for others.

- 12.2.4** G_{/1} The *Act* and the *Appointed Representative Regulations* do not prevent an *appointed representative* from acting for more than one *principal*.
- 12.2.5** G_{/1} However, an *appointed representative* of a *provider firm* may only give *advice on investments* to a *private customer* concerning the purchase of a *packaged product* if it is issued by a *firm* in the *marketing group* or is an *adopted packaged product* (see SUP 12.5.6G).
- 12.2.6** G_{/1}
- (1) An *appointed representative* may be appointed by any *firm* with *permission* to carry on *designated investment business* of the type described in SUP 12.2.7G, including a *provider firm* or an *independent intermediary*.
 - (2) An *independent intermediary* is referred to as a '*network*' if it appoints five or more *appointed representatives* or if it appoints less than five *appointed representatives* which have, between them, twenty-six or more *financial advisers*.

Business for which an appointed representative is exempt

- 12.2.7** G_{/1} The *Appointed Representatives Regulations* are made by the Treasury under section 39(1) of the *Act*. These regulations describe, among other things, the business for which an *appointed representative* may be exempt, which is business which comprises any of:
- (1) *arranging (bringing about) deals in investments* or *making arrangements with a view to transactions in investments* (article 25 of the *Regulated Activities Order*) where the arrangements are for or with a view to transactions relating to *securities or contractually based investments*;
 - (2) *arranging safeguarding and administration of assets* (part of article 40 of the *Regulated Activities Order*);
 - (3) *advising on investments* (article 53 of the *Regulated Activities Order*); and
 - (4) *agreeing to carry on a regulated activity* (article 64 of the *Regulated Activities Order*) where the *regulated activity* is one of those in (1) to (3).

What is an introducer appointed representative?

- 12.2.8** G_{/1}
- (1) An *introducer appointed representative* is an *appointed representative* appointed by a *firm* whose scope of appointment must, under SUP 12.5.7R, be limited to:
 - (a) effecting introductions between *customers* and the *firm* or other members of the *firm's marketing group*; and
 - (b) distributing *non-real-time financial promotions approved* by the *firm* or other members of the *firm's marketing group* or the producer of an *adopted packaged product*.
 - (2) The permitted scope of appointment of an *introducer appointed representative* does not include *advising on investments* or other activity that might reasonably lead a *customer* to believe that he had received *advice on*

investments or that the *introducer appointed representative* is permitted to give *advice on investments*.

12.2.9

G
/1

- (1) To become an *introducer appointed representative*, a *person* must meet the conditions in the *Act* to become an *appointed representative* (see SUP 12.2.2G).
- (2) In considering the appointment of a *person* as an *introducer appointed representative*, a *firm* should have regard to the requirements in SUP 12.5.7R. In particular, these requirements mean that the *introducer appointed representative* cannot be an *appointed representative* for a member of another *marketing group*.

12.2.10

G
/1

All *rules* in SUP 12 apply in relation to *introducer appointed representatives* except for:

- (1) SUP 12.4.2R, on the appointment of *appointed representatives*, which is replaced by SUP 12.4.6R; and
- (2) SUP 12.5.5R on required contract terms, which is replaced by SUP 12.5.7R.

12.2.11

G
/1

If an *introducer appointed representative* is an individual in business on his own, then he will also be an *introducer* (see SUP 12.2.13G). This has certain implications in COB (see COB 5 (Advising and selling)).

Introducers, representatives and financial advisers: what do these terms mean and what is the relationship with an appointed representative?

12.2.12

G
/1

A *firm* or its *appointed representative* may appoint or employ individuals to act as *introducers*, *representatives* or *financial advisers* in respect of *designated investment business*.

12.2.13

G
/1

- (1) An *introducer* is an individual appointed by a *provider firm* or by an *appointed representative* of such a *firm* to carry out, in the course of *designated investment business*, either or both of the following activities:
 - (a) effecting introductions;
 - (b) distributing *non-real-time financial promotions*.
- (2) An *introducer* is not an *exempt person* under section 39 of the *Act* (unless he is also an *introducer appointed representative*) and hence cannot benefit from the exemption to carry on *regulated activities* in his own right. As a result, an *introducer* that is not an *introducer appointed representative* works in the name of his *firm* or the *firm's appointed representative* but he does not fall within the scope of the *approved persons* regime as he does not, as such, perform a *controlled function*.
- (3) An *introducer* who is also an *introducer appointed representative* in his own right may need to be approved to perform the *sole trader function* (see SUP 12.6.8G and SUP 12.6.9G). Further, in these circumstances, in addition to complying with the requirements in SUP 12, the *firm* should ensure that the rules for *introducers* in COB 5 are complied with.

12.2.14

G
/1

- (1) A *representative* is an individual appointed by a *provider firm* or by an *appointed representative* of that *firm*, to carry out, in the course of *designated investment business*, either or both of the following activities:
 - (a) advising *customers* on the merits of *packaged products* offered by that *firm* (or any other *provider firm* within the same *marketing group*);
 - (b) *arranging (bringing about) deals in investments* in relation to such products.
- (2) If a *provider firm* appoints an *appointed representative* who is an individual in (1), that *appointed representative* will also be a *representative*. The individual must be approved to perform the *investment adviser function* or the *customer trading function* or both, and possibly also the *sole trader function* (see SUP 12.6.8G and SUP 12.6.9G). In these circumstances, in addition to complying with the requirements of SUP 12 and other regulatory requirements, the *firm* should ensure that the *rules* for *representatives* in COB 5 are complied with.

12.2.15

G
/1

- (1) A *financial adviser* is an individual appointed by an *independent intermediary* or by its *appointed representative* to provide any or all of the following services:
 - (a) *advising on investments* which are *designated investments*;
 - (b) *arranging (bringing about) deals in investments* or *executing* transactions involving, in each case, *designated investments* with or for *clients*;
 - (c) *managing investments*;
 - (d) receiving or holding *client money* or other *client* assets;
 - (e) *safeguarding and administering investments*.
- (2) Many of the activities for which an *appointed representative* can be appointed (see SUP 12.2.7G) are also within (1). If an *independent intermediary* appoints an *appointed representative* which is an individual in business on his own account, to perform such activities, that *appointed representative* will also be a *financial adviser*. The individual may need to be approved to perform *the sole trader function* and other relevant *controlled functions* (see SUP 12.6.8G and SUP 12.6.9G). Further, in these circumstances, in addition to complying with the requirements of SUP 12 and other regulatory requirements, the *firm* should ensure that the *rules* for *financial advisers* in COB 5 are complied with.

12.3 What responsibility does a firm have for its appointed representatives?

- 12.3.1** G_{/1} In determining whether a *firm* has complied with any provision in or under the *Act* such as any *Principle* or other *rule*, anything that an *appointed representative* has done or omitted to do as respects the business for which the *firm* has accepted responsibility will be treated as having been done or omitted to be done by the *firm* (section 39(4) of the *Act*).
- 12.3.2** G_{/1} The *firm* is responsible, to the same extent as if it had expressly permitted it, for anything the *appointed representative* does or omits to do, in carrying on the business for which the *firm* has accepted responsibility (section 39(3) of the *Act*).
- 12.3.3** G_{/1} In determining whether the *firm* has committed any *offence*, however, the knowledge or intentions of an *appointed representative* are not attributable to the *firm*, unless in all the circumstances it is reasonable for them to be attributed to it (section 39(6) of the *Act*).

12.4 What must a firm do when it appoints an appointed representative?

The permission that the firm needs

- 12.4.1 **R** ^{/1} A *firm* may only appoint an *appointed representative* to carry on *regulated activities* on its behalf if the *firm* has *permission* to carry on those *regulated activities*.

Appointment of an appointed representative (other than an introducer appointed representative)

- 12.4.2 **R** ^{/1} Before a *firm* appoints a *person* as an *appointed representative* (other than an *introducer appointed representative*) and on a continuing basis, it must take reasonable care to ensure that:
- (1) the appointment does not prevent the *firm* from satisfying and continuing to satisfy the *threshold conditions*;
 - (2) the *person*:
 - (a) is solvent;
 - (b) is suitable to act for the *firm* in that capacity;
 - (c) has no *close links* which would be likely to prevent the effective supervision of the *person* by the *firm*; and
 - (3) the *firm* has adequate:
 - (a) controls over the *person's regulated activities* for which the *firm* has responsibility (see SYSC 3.1); and
 - (b) resources to monitor and enforce compliance by the *person* with the relevant requirements applying to the *regulated activities* for which the *firm* is responsible and with which the *person* is required to comply under its contract with the *firm* (see SUP 12.5.3R(2)).

12.4.3 **G**_{/1} In assessing, under *SUP* 12.4.2R(2)(a) and (b), whether an *appointed representative* or prospective *appointed representative* is solvent and suitable, a *firm* should determine, among other matters, whether the *person* is likely to be adversely influenced by its financial position in the conduct of the business for which the *firm* is responsible. This might arise, for example, if the *person* has cashflow problems and is not able to service its debts. Guidance for *firms* on assessing the financial position of an *appointed representative* or prospective *appointed representative* is given in *SUP* 12 Ann 1G.

12.4.4 **G**_{/1} In assessing, under *SUP* 12.4.2R(2)(b), whether an *appointed representative* or prospective *appointed representative* is suitable to act for the *firm* in that capacity, a *firm* should consider:

- (1) whether the *person* is fit and proper; *guidance* on the information that *firms* should take reasonable steps to obtain and verify is given in *SUP* 12 Ann 2G; and
- (2) the fitness and propriety (including good character and competence) and financial standing of the *controllers, directors, partners, proprietors and managers* of the *person*; *firms* seeking *guidance* on the information which they should take reasonable steps to obtain and verify should refer to *FIT* and the questions in Form A (Application to perform controlled functions under the approved person regime) in *SUP* 10 Ann 4D.

12.4.5 **G**_{/1} In determining, under *SUP* 12.4.2R(2)(c), whether an *appointed representative* or prospective *appointed representative* has any *close links* which would be likely to prevent the *firm's* effective supervision, a *firm* should consider the *guidance* to *threshold condition 3* (Close links) in *COND* 2.3.

Appointment of an introducer appointed representative

12.4.6 **R**_{/1} Before a *firm* appoints a *person* as an *introducer appointed representative*, and on a continuing basis, it must take reasonable care to ensure that the *person* is suitable to act for the *firm* in that capacity (having regard, in particular, to other *persons* connected with the *person* who will be, or who are, directly responsible for its activities).

12.4.7 **G**_{/1} In assessing, under *SUP* 12.4.6R, whether an *introducer appointed representative* or prospective *introducer appointed representative* is suitable to act for the *firm* in that capacity, the *firm* should determine whether it and those *persons* who will be, or who are, directly responsible for its activities are of sufficiently good reputation and otherwise fit and proper for that appointment. The *firm* should, as a minimum, verify the identity of a prospective *introducer appointed representative* and relevant *persons* but need not carry out the more extensive due diligence required for the appointment of an *appointed representative* under *SUP* 12.4.2R.

12.4.8 **G**_{/1} If a *firm* has doubts that a prospective *introducer appointed representative* or other *person* is of sufficiently good reputation and otherwise fit and proper, the *FSA* will expect it to resolve those doubts before appointing the prospective *introducer appointed representative*. For example, if a *firm* is aware that a *person's* previous appointment as an *introducer appointed representative* or *representative* was terminated, it should take reasonable steps to find out the reasons for the termination and the extent to which those reasons reflect on the *person* concerned.

12.5 Contracts: required terms

Required contract terms for all appointed representatives

- 12.5.1** G_{/1} The *Appointed Representative Regulations* include, among other things, the prescribed requirements applying to contracts between *firms* and *appointed representatives* for the purposes of section 39(1)(a)(ii) of the *Act*.
- 12.5.2** G_{/1}
- (1) Regulation 3 of the *Appointed Representatives Regulations* makes it a requirement that the contract between the *firm* and the *appointed representative* (unless it prohibits the *appointed representative* from representing other counterparties) contains a provision enabling the *firm* to:
 - (a) impose such a requirement; or
 - (b) impose restrictions as to the other counterparties which the *appointed representative* may represent, or as to the types of *investment* in relation to which the *appointed representative* may represent other counterparties.
 - (2) Under the *Appointed Representative Regulations*, an *appointed representative* is treated as representing other counterparties if it:
 - (a) makes arrangements (within article 25 of the *Regulated Activities Order*) for *persons* to enter into investment transactions with other counterparties; or
 - (b) *arranges the safeguarding and administration of assets* by other counterparties; or
 - (c) gives *advice* on the merits of entering into investment transactions with other counterparties;

where an "investment transaction" means a transaction to *buy, sell*, subscribe for or underwrite a *security* or a *contractually based investment*.
- 12.5.3** G_{/1} A *firm* should satisfy itself that the terms of the contract with its *appointed representative* (including an *introducer appointed representative*):
- (1) are designed to enable the *firm* to comply properly with any *limitations* or *requirements* on its own *permission*;
 - (2) require the *appointed representative* to cooperate with the *FSA* as described in *SUP 2.3.4G* (Information gathering by the *FSA* on its own initiative: cooperation by firms) and give access to its premises, as described in *SUP 2.3.5R(2)*; and

- (3) require the *appointed representative* to give the *firm's* auditors the same rights as are provided by section 341 of the *Act*, as described in SUP 3.6.6G.

12.5.4

G

/1

A *firm* should have the ability to terminate the contract with its *appointed representative* in the circumstances in SUP 12.6.1R(2). However, such a termination provision should not be automatic (see SUP 12.8.3R(1)).

Required contract terms for an appointed representative (other than an introducer appointed representative)

12.5.5

R

/1

A *firm* must ensure that its written contract with each of its *appointed representatives* (other than *introducer appointed representatives*):

- (1) complies with the requirements prescribed in regulation 3 of the *Appointed Representatives Regulations* (see SUP 12.5.2G); and
- (2) requires the *appointed representative* to comply, and to ensure that any *persons* who provide services to the *appointed representative* under a contract of services or a contract for service comply, with the relevant requirements in or under the *Act* (including the *rules*) that apply to the activities which it carries on as *appointed representative* of the *firm*.

12.5.6

G

/1

- (1) If the *appointed representative* is appointed to give *advice on investments* to *private customers* concerning *packaged products*, the *firm* should also satisfy itself that:
 - (a) the contract requires compliance with the *rules* in COB 5.1 (Polarisation and status disclosure); and
 - (b) if the *firm* is a *provider firm*, the contract prevents the *appointed representative* from giving *advice on investments* to a *private customer* concerning the purchase of a *packaged product* which is not issued by the *firm* or by another member of its *marketing group* or is not an *adopted packaged product* (see COB 5.1.8R).

- (a) the contract requires compliance with the *rules* in COB 5.1 (Polarisation and status disclosure); and
- (b) if the *firm* is a *provider firm*, the contract prevents the *appointed representative* from giving *advice on investments* to a *private customer* concerning the purchase of a *packaged product* which is not issued by the *firm* or by another member of its *marketing group* or is not an *adopted packaged product* (see COB 5.1.8R).

- (2) The contractual requirements in SUP 12.5.5R should extend to:
 - (a) the activities of the *appointed representative*, if the *appointed representative* is a *representative, introducer or financial adviser*; or
 - (b) the activities of the *employees* of, or *representatives, introducers and financial advisers* appointed by, the *appointed representative*.

Required contract terms for an introducer appointed representative

12.5.7

R

/1

A *firm* must ensure that its written contract with each of its *introducer appointed representatives* prohibits the *introducer appointed representative* from:

- (1) in relation to a *designated investment* or *designated investment business*:
 - (a) effecting an introduction between a *customer* and a *person* other than the *firm* or another member of the *firm's marketing group*; and
 - (b) distributing *non-real-time financial promotions approved* by a *person* other than the *firm* or another member of the *firm's marketing group* or the producer of an *adopted packaged product*; and
- (2) carrying on any *regulated activity* on behalf of any *person* other than the *firm* or another member of the *firm's marketing group*.

12.6 Continuing obligations of firms with appointed representatives

Suitability etc. of appointed representatives

- 12.6.1** **R**
/1 If at any time a *firm* has reasonable grounds to believe that the conditions in *SUP* 12.4.2R or *SUP* 12.4.6R (as applicable) are not satisfied, or are likely not to be satisfied, in relation to any of its *appointed representatives*, the *firm* must:
- (1) take immediate steps to rectify the matter; or
 - (2) terminate its contract with the *appointed representative*.
- 12.6.2** **G**
/1 The *FSA* would normally expect a *firm* to carry out a check on its *appointed representative's* financial position every year (more often, if necessary) and to review critically the information obtained. An appropriately experienced *person* (for example, a financial accountant) should carry out these checks.
- 12.6.3** **G**
/1 Consideration should be given, among other things, to the impact on the *appointed representative's* financial position of any debts owed to, or by, the *appointed representative*. Indicators that an *appointed representative* is experiencing financial problems may include failure to adhere to repayment schedules for any debts, failure to meet any other financial commitments or requests for advances of *commission*.
- 12.6.4** **G**
/1 A *firm* should look into any concerns that may arise at any time about an *appointed representative's* financial standing and take the necessary action. The necessary action may include, for example, increased monitoring or, if appropriate, suspension or termination of the appointment.

Appointed representatives not to hold client money

- 12.6.5** **R**
/1
- (1) A *firm* must not permit an *appointed representative* to hold *client money*.
 - (2) The *firm* must take reasonable steps to ensure that if *client money* is received by the *appointed representative*, it is paid into a *client bank account* of the *firm*, or forwarded to the *firm*, in accordance with *COB* 9.3.49R to *COB* 9.3.51R.

Regulated activities and investment services outside the scope of appointment

12.6.6

R
/1

A *firm* must take reasonable steps to ensure that each of its *appointed representatives*:

- (1) does not carry on *regulated activities* in breach of the *general prohibition* in section 19 of the *Act*; and
- (2) carries on the *regulated activities* for which the *firm* has accepted responsibility in a way which is, and is held out as being, clearly distinct from any of the *appointed representative's* other business:
 - (a) which is performed as an *appointed representative* of another *firm*; or
 - (b) which:
 - (i) is, or is held out as being, primarily for the purposes of investment; and
 - (ii) is not a *regulated activity*.

Senior management responsibility for appointed representatives

12.6.7

G
/1

The senior management of a *firm* should be aware that the activities of *appointed representatives* are an integral part of the business that they manage. The responsibility for the control and monitoring of the activities of *appointed representatives* rests with the senior management of the *firm*. *Guidance* is set out in SYSC 3 on delegation (for example, SYSC 3.2.3G and SYSC 3.2.4G) and in the *Statements of Principle* and *Code of Practice for Approved Persons* in APER (for example, APER 4.5 and APER 4.6).

Obligations of firms under the approved persons regime

12.6.8

G
/1

Some of the *controlled functions*, as set out in SUP 10.4.1R, apply to an *appointed representative* of a *firm* just as they apply to a *firm* (see SUP 10.1.16R). These are the *governing functions* and the *customer functions* (other than the *investment management function*), for example, CF 21, the *investment adviser function*. As explained in SUP 10.1.17G and SUP 10.3.2G respectively:

- (1) the effect of SUP 10.1.16R is that the *directors* (or their equivalent) and *senior managers* (or their equivalent) of an *appointed representative* must also be approved under section 59 of the *Act* for the performance of certain *controlled functions*; and
- (2) sections 59(1) and 59(2) of the *Act* (Approval for particular arrangements) provide that approval is necessary in respect of a *controlled function* which is performed under an *arrangement* entered into by a *firm*, or its contractors (typically an *appointed representative*), in relation to a *regulated activity*.

12.6.9

G

/1

Firms should be aware that, under the *approved persons* regime, the *firm* is responsible for submitting applications to the FSA for the approval as an *approved person* of:

- (1) any individual who performs a *controlled function* and who is an *appointed representative*; and
- (2) any *person* who performs a *controlled function* under an *arrangement* entered into by any of the *firm's appointed representatives*.

Applications for approval should be submitted as early as possible since a *person* may not perform a *controlled function* if he has not been approved by the FSA (see SUP 10.12).

Obligations of firms under the training and competence rules

12.6.10

G

/1

The *rules* and *guidance* in TC extend to any *employee* of the *firm* in respect of whom the relevant *rules* apply. For these purposes, an *employee* of a *firm* includes:

- (1) an individual who is an *appointed representative* of a *firm*; and
- (2) an individual who is employed or appointed by an *appointed representative* of a *firm* (whether under a contract of service or for services) in connection with the business of *the appointed representative* for which the *firm* has accepted responsibility.

12.6.11

G

/1

A *firm* should take reasonable care to ensure that:

- (1) it has satisfied TC 2 in respect of the relevant staff of the *appointed representative*; and
- (2) its *appointed representative* has adequate arrangements in respect of training and competence, which meet the requirements in TC.

Additional obligations for introducer appointed representatives

12.6.12

R

/1

A *firm* must take reasonable steps to ensure that each of its *introducer appointed representatives*:

- (1) does not, in relation to a *designated investment* or *designated investment business*:
 - (a) effect an introduction between a *customer* and a *person* other than the *firm* or another member of the *firm's marketing group*; or
 - (b) distribute *non-real-time financial promotions* approved by a *person* other than the *firm* or another member of the *firm's marketing group* or the producer of an *adopted packaged product*; and

- (2) does not carry on any *regulated activity* on behalf of any *person* other than the *firm* or another member of the *firm's marketing group*.

12.7 Notification requirements

- 12.7.1** **R**_{/1} (1) A *firm* which appoints an *appointed representative* must give written notice of the appointment to the *FSA* not more than ten *business days* after the date the appointment takes effect.
- (2) A *firm's* notification under (1) must be given to a member of or addressed for the attention of the Corporate Authorisation department at the address given in *SUP 12.7.5R*.
- 12.7.2** **G**_{/1} A *firm's* notice under *SUP 12.7.1R* should give details of the *appointed representative* and the *regulated activities* which the *firm* is, or intends to, carry on through the *appointed representative*, including:
- (1) the name of the *firm's* new *appointed representative* (if the *appointed representative* is a *body corporate*, this is its registered name);
- (2) any trading name under which the *firm's* new *appointed representative* carries on a *regulated activity* in that capacity;
- (3) a description of the *regulated activities* which the *appointed representative* is permitted or required to carry on and for which the *firm* has accepted responsibility; and
- (4) any restrictions imposed on the *regulated activities* for which the *firm* has accepted responsibility.
- 12.7.3** **G**_{/1} A *firm* need not notify the *FSA* of any restrictions imposed on the *regulated activities* for which the *firm* has accepted responsibility (under *SUP 12.7.2G(4)*) if the *firm* accepts responsibility for the unrestricted scope of the *regulated activities*.
- 12.7.4** **G**_{/1} (1) *Firms* can obtain a standard notification form from either the *FSA* website at www.fsa.gov.uk or by post from the Corporate Authorisation department.
- (2) A *firm's* notice under *SUP 12.7.1R* should be returned to the Corporate Authorisation department at the address below.
- 12.7.5** **R**_{/1} **To contact the Corporate Authorisation department:**
- (1) telephone on 020 7676 1000; fax on 020 7676 1099; or
- (2) write to: Corporate Authorisation department, The Financial Services Authority, 25 The North Colonnade, Canary Wharf, London E14 5HS; or
- (3) email appreps@fsa.gov.uk.

- 12.7.6** **G**_{/1} When the *FSA* receives the notification under *SUP* 12.7.1R, it will update the *firm's* entry in the *FSA Register* to include public information about the *firm's* *appointed representative*.
- 12.7.7** **R**_{/1}
- (1) A *firm* must give written notice to the *FSA* of a change in any information provided to the *FSA* under *SUP* 12.7.1R, within ten *business days* of a change being made or, if later, as soon as it becomes aware of the change. The notice must state the information that has changed.
 - (2) A *firm's* notification under (1) must be given to a member of or addressed for the attention of the Corporate Authorisation department at the address given in *SUP* 12.7.5R.
- 12.7.8** **R**_{/1}
- (1) A *firm* must give written notice to the *FSA* as soon as it has reasonable grounds to believe that any of the conditions in *SUP* 12.4.2R or *SUP* 12.4.6R (as applicable) are not satisfied, or are likely not to be satisfied, in relation to any of its *appointed representatives*.
 - (2) In its notification under *SUP* 12.7.8R(1), the *firm* must state either:
 - (a) the steps it proposes to take to rectify the matter; or
 - (b) the date of termination of its contract with the *appointed representative* (see *SUP* 12.8).
 - (3) A *firm's* notification under (1) must be given to a member of or addressed for the attention of the Corporate Authorisation department at the address given in *SUP* 12.7.5R.

12.8 Termination of a relationship with an appointed representative

Notification of termination or prohibited amendment of the contract

12.8.1

R

/1

If either the *firm* or the *appointed representative* notifies the other that it proposes to terminate a contract or to amend it so that it no longer meets the requirements prescribed in the *Appointed Representative Regulations* (see *SUP 12.5.2G*) and, in the case of an *introducer appointed representative*, *SUP 12.5.7R*, the *firm* must:

- (1) give written notice to the *FSA* no more than ten *business days* after the date of the decision to terminate or so amend the contract or, if later, as soon as it becomes aware that the contract is to be or has been terminated or amended;
- (2) include in the written notice the reason for the termination or amendment, if the termination or amendment is due to misconduct or the *appointed representative* is resigning while under investigation by the *firm*, the *FSA*, another regulator, a *clearing house*, an *exchange*, a *designated professional body*, or a government body or agency;
- (3) if relevant, include in the written notice details of action taken by the *firm* and, if applicable, its outcome; and
- (4) ensure that the written notice is given to a member of or addressed for the attention of the Corporate Authorisation department at the address given in *SUP 12.7.5R*.

12.8.2

G

/1

In assessing whether to terminate a relationship with an *appointed representative*, a *firm* should be aware that the *notification rules* in *SUP 15* require notification to be made immediately to the *FSA* if certain events occur. Examples include a matter having a serious regulatory impact or involving an *offence* or a breach of any requirement imposed by the *Act* or by regulations or orders made under the *Act* by the Treasury.

Steps to be taken on termination or prohibited amendment of the contract

12.8.3

R

/1

If a contract with an *appointed representative* is terminated, or if it is amended in a way which gives rise to a requirement to notify under SUP 12.8.1R, a *firm* must take all reasonable steps to ensure that:

- (1) if the termination is by the *firm*, the *appointed representative* is notified in writing before, or if not possible, immediately on, the termination of the contract and informed that it will no longer be an *exempt person* for the purpose of the *Act* because of the contract with the *firm*;
- (2) outstanding *regulated activities* and obligations to *customers* are properly completed and fulfilled either by itself or another of its *appointed representatives*; and
- (3) where appropriate, *clients* are informed of any relevant changes.

Notification of approved persons on termination

12.8.4

G

/1

The *firm* is responsible for notifying the *FSA* of any *approved person* who no longer performs a *controlled function* under an *arrangement* entered into by a *firm* or its *appointed representative* (see SUP 10.13).

12.9 Record keeping

12.9.1

R

/1

A *firm* must make the following records on each of its *appointed representatives*:

- (1) the *appointed representative's* name;
- (2) a copy of the original contract with the *appointed representative* and any subsequent amendments to it (including details of any restrictions placed on the activities which the *appointed representative* may carry on); and
- (3) the date and reason for terminating or amending its contract with the *appointed representative*, whenever such termination or amendment gives rise to a requirement to notify under *SUP* 12.8.1R.

12.9.2

R

/1

A *firm* must retain these records for at least three years from the date of termination or the amendment of the contract with the *appointed representative*.

12.9.3

G

/1

The *firm* should also satisfy itself that:

- (1) the *appointed representative* is making and retaining records in accordance with the relevant record keeping *rules* in the *Handbook*, if these records are not maintained by the *firm*;
- (2) the *appointed representative* (other than an *introducer appointed representative*) is making and retaining records sufficient to disclose with reasonable accuracy the financial position of the *business* it carries on in its capacity as the *firm's appointed representative*; and
- (3) the *firm* has full access to the *appointed representative's* records under (1) and (2) and any other records relevant to the *regulated activities* that the *appointed representative* carries on in that capacity.

12.9.4

G

/1

Firms are reminded that they should make and retain records in relation to any *person* who falls within the scope of the *rules* in *TC* or who performs a *controlled function* under an *arrangement* entered into by a *firm* or by an *appointed representative*. See *SUP* 10 and *TC* for the applicable record keeping *rules*.

SUP 12 Ann 1G: Guidance on steps a firm should take in assessing the financial position of an appointed representative (other than an introducer appointed representative). See SUP 12.4.3G

1 Table

1. The *guidance* in this annex applies to a *firm* which intends to appoint, or has appointed, an *appointed representative* (other than an *introducer appointed representative*).
2. All of the items in this annex should be applied, as appropriate, to an individual who is in business on his own.
3. *Partners* in *partnerships* (other than limited partners in *limited liability partnerships*) have joint and several unlimited liability. It follows that any assessment of the financial position of an *appointed representative* which is a *partnership* should take into account the financial position of the individual *partners* as well as the *partnership* itself.

2 Table Assessing the financial position of an appointed representative (other than an introducer appointed representative)

Accounts	<ol style="list-style-type: none"> 1. Consider whether the type of accounts obtained is appropriate to the type of <i>appointed representative</i> (for example, <i>companies</i> should supply audited accounts prepared in accordance with Companies Act provisions while individuals in business on their own may only prepare unaudited accounts, for example, for submission to the Inland Revenue or their bankers). 2. Consider whether the accounts have been prepared on a timely basis. Consider the content of the audit report, including all detail and explanations given, and any qualifications which it may contain. Investigate any concerns. 3. If relevant, obtain the most recent management accounts to assess whether the <i>appointed representative's</i> financial position has changed materially since the most recent audited accounts. 4. If audited accounts are not available, be more circumspect about the accounts as they have not been independently audited. If necessary, consider obtaining third party verification of material balances.
----------	--

Unusual items/ recoverability of debts/ goodwill	<ol style="list-style-type: none"> 1. Investigate fully any unusual items – in particular any amounts outstanding with <i>directors, partners, connected persons</i> or <i>associates</i> and any guarantees. 2. Consider whether any amounts due to the <i>appointed representative</i> would be recoverable; and whether the <i>appointed representative</i> would be in a position to pay any debts if it were required to do so at short notice. 3. Any balance for goodwill should be ignored since this will normally represent a stream of potential future income which may not be forthcoming if the equity interest in the <i>appointed representative</i> were sold.
Financial stability/ cash- flows	<ol style="list-style-type: none"> 1. Critically review the accounts to ensure that the <i>appointed representative</i> is financially stable. The review should take into account the overall position of the <i>appointed representative</i> and its cashflow. 2. The review should also consider the nature of the <i>appointed representative's</i> assets and whether or not they are liquid and readily available to the <i>appointed representative</i>, if required. <i>Investments</i> in (for example) unquoted <i>companies</i> or <i>property</i> may be difficult to realise if there were a sudden need for <i>cash</i>.
Income / financial pres- sures	<ol style="list-style-type: none"> 1. Assess the overall financial pressures on the <i>appointed representative</i> and <i>connected persons</i>. Account should be taken of the full range of the <i>appointed representative's</i> activities (and not merely those activities in which the <i>appointed representative</i> will be acting for the <i>firm</i>). Careful consideration should be given to any debts arising out of previous activities within the financial services industry. 2. If relevant, review the accounts of any <i>associates</i> where there is a possibility that their performance – or any commitments entered into in respect of them – may affect the financial position of the <i>appointed representative</i>. 3. Establish whether the <i>appointed representative's</i> income is sufficient both to service any debts and to provide an acceptable level of income to the proprietors.

Credit checks / dealings gov- ernment bodies	<ol style="list-style-type: none"> 1. Undertake a <i>credit</i> reference check on the <i>appointed representative</i> itself (in the case of a <i>company</i>); on the <i>partners</i> (in the case of a <i>partnership</i>); or on the individual (in the case of a <i>sole trader</i>). 2. Ask the <i>appointed representative</i> whether it is up to date in its dealings with the Inland Revenue, HM Customs and Excise (etc).
Forecasts	<ol style="list-style-type: none"> 1. If relevant, obtain a <i>forecast</i> of the next year's figures and review it to ensure that the <i>appointed representative</i> is likely to remain in a satisfactory financial position. This is particularly important where a material change is expected in the <i>appointed representative's</i> operations; or where the <i>appointed representative</i> has only recently been established so that accounts are not available for the previous three complete financial years. 2. If the <i>firm</i> decides to appoint the <i>appointed representative</i>, the <i>firm</i> should keep the <i>appointed representative's</i> actual performance under close review so as to assess whether the <i>forecasts</i> were realistic and to enable any problems to be addressed.

SUP 12 Ann 2G: Guidance on information firms should take reasonable steps to obtain to verify and to assess the fitness and propriety of an appointed representative (other than an introducer appointed representative). See SUP 12.4.4G(1).

1 Table Guidance Notes

1. The *guidance* in this annex applies to a *firm* which intends to appoint or has appointed an *appointed representative* (except an *introducer appointed representative*).
2. Items 1(c) and 1(d) in the following table will not be relevant in the case of an individual who is himself an *appointed representative*, unless, in the case of 1(d), the individual is in business on his own.
3. If the *appointed representative* is a *partnership*, the information a *firm* should obtain, having regard to SUP 12.4.4(1)G, is that contained in this annex on the basis that the information sought applies to each *partner*. When considering the fitness and propriety of each *partner*, having regard to SUP 12.4.4(1)G, information a firm should obtain will also include information in this annex. Therefore, a *firm* may wish to assess the fitness and propriety of *partners* as suggested in SUP 12.4.4(2)G and then consider if any additional information is recommended under this annex.

2 Table Verifying and assessing the fitness and propriety of an appointed representative (other than an introducer appointed representative).

(1)	Information about the <i>appointed representative</i>	(a) Name (b) Address, and, where applicable and different, address of the registered office and the principal place of <i>business</i> (c) full name of every <i>director</i> , <i>senior manager</i> and <i>controller</i> (d) accounts (see SUP 12 Ann 1G) for the last three complete financial years
	The <i>appointed representative's</i> professional reputation	(a) Disciplinary proceedings <ol style="list-style-type: none"> (i) whether the <i>appointed representative</i> has ever been publicly censured, disciplined, suspended or expelled by the <i>FSA</i>, another regulator, a <i>clearing house</i>, an <i>exchange</i>, a <i>professional body</i>, or a <i>government body</i> or agency; (ii) whether the <i>appointed representative</i> is currently the subject of any disciplinary proceedings by a body referred to in (i) above or is aware that such proceedings are pending; (iii) whether the <i>appointed representative</i> has ever been the subject of a formal investigation under the powers in the Companies Act 1985; and (iv) whether the <i>appointed representative</i> has had anything equivalent to (i) to (iii) above occur under relevant overseas provisions.

<p>The <i>appointed representative's</i> professional reputation – continued</p>	<p>(b) Criminal or civil proceedings</p> <p>Whether the <i>appointed representative</i> is a defendant in any current civil proceedings connected with professional activities in which an allegation of fraud or dishonesty is being made, the subject of any current criminal proceedings, or has been convicted of any criminal offence, either in the <i>United Kingdom</i> or overseas.</p> <p>(c) Insolvency, bankruptcy and winding up</p> <p>Whether the <i>appointed representative</i> has:</p> <ul style="list-style-type: none"> (i) been wound up or had a petition presented, or had a meeting called to consider a resolution, for winding it up; or (ii) in the case of a company, been the subject of an application to dissolve it or to strike it off the Register of Companies; or (iii) made, or proposed to make, a composition or voluntary arrangement with any one of more of its creditors; or (iv) had an administrator or trustee in bankruptcy appointed to it or had an application made for such an appointment; or (v) had a receiver appointed to it (whether an administrative receiver or a receiver appointed over particular property); or (vi) had an application for an interim order made against it under section 252 of the Insolvency Act 1986 (or, in Northern Ireland, section 227 of the Insolvency (Northern Ireland) Order 1989); or (vii) if it is a <i>sole trader</i>, been the subject of an application for a sequestration order or a petition for bankruptcy; or (viii) ceased trading in circumstances in which any of its creditors did not receive full payment; or. (ix) had anything equivalent to (i) to (viii) above occur under relevant overseas law.
--	--

Chapter 15

Notifications to the FSA

15.1 Application

Who?

- 15.1.1 **R** This chapter applies to every *firm* except an *ICVC* or a *UCITS* *qualifier*.
/1
- 15.1.2 **R** The application of this chapter to an *incoming EEA firm* or an *incoming Treaty firm* is set out in *SUP 15 Ann 1R*.
/1
- 15.1.3 **G** In some cases, the application of provisions set out in *SUP 15 Ann 1R* depends on whether responsibility is reserved to a *Home State regulator*. *SYSC App 1* contains *guidance* on this.
/1

What?

- 15.1.4 **R** This chapter:
/1
- (1) applies with respect to the carrying on of both *regulated activities* and *unregulated activities*; and
 - (2) takes into account any activity of other members of a *group* of which the *firm* is a member.

Where?

- 15.1.5 **G** *Firms* are reminded that, unless expressly stated otherwise, where a *rule* or *guidance* includes a reference to a '*firm*' this includes all *UK* and overseas branches and representative offices of that *firm*, whether or not those branches or offices carry on any *regulated activities*.
/1

15.2 Purpose

15.2.1

G

^{/1}

A *firm* is required to provide the FSA with a wide range of information to enable the FSA to meet its responsibilities for monitoring the *firm's* compliance with requirements imposed by or under the *Act*. Some of this information is provided through regular reports, including those set out in SUP 16 (Reporting requirements) and SUP 17 (Transaction reporting). In addition, other chapters in the *Handbook* set out specific notification and reporting requirements. *Principle 11* includes a requirement for a *firm* to disclose to the FSA appropriately anything relating to the *firm* of which the FSA would reasonably expect notice.

15.2.2

G

^{/1}

This chapter sets out:

- (1) *guidance* on the type of event or change in condition which a *firm* should consider notifying in accordance with *Principle 11*; the purpose of this *guidance* is to set out examples and not to give comprehensive advice to *firms* on what they should notify in order to be in compliance with *Principle 11*;
- (2) *rules* on events and changes in condition that a *firm* must notify; these are the types of event that the FSA must be informed about, usually as soon as possible, if it is to be able to carry out its monitoring function effectively and react in good time to developments that may require a regulatory response;
- (3) *rules* on the core information that a *firm* must provide to the FSA, for example its name and address and the names of its other regulators, so that the FSA is able to maintain a relationship with the *firm* and with those regulators; and
- (4) *rules* requiring a *firm* to ensure that information provided to the FSA is accurate and complete; section 398 of the *Act* makes it an *offence* knowingly or recklessly to provide the FSA with information which is false or misleading in a material particular, in purported compliance with any requirement imposed by or under the *Act*; the purpose of the *rules* in SUP 15.6 is to ensure that *firms* take due care to ensure the accuracy of information and to require them to ensure that information is not only accurate but also complete.

15.2.3

G

^{/1}

Rules and *guidance* have also been included to set out how *firms* should make a notification and to determine when it may be appropriate to discuss matters with their usual supervisory contact by telephone (SUP 15.7).

15.2.4

G

^{/1}

Schedule 2 contains a consolidated summary of all the *notification rules* applicable to *firms* set out in the *Handbook*.

15.3 General notification requirements

Matters having a serious regulatory impact

- 15.3.1** **R**_{/1} A *firm* must notify the *FSA* immediately it becomes aware, or has information which reasonably suggests, that any of the following has occurred, may have occurred or may occur in the foreseeable future:
- (1) the *firm* failing to satisfy one or more of the *threshold conditions*; or
 - (2) any matter which could have a significant adverse impact on the *firm's* reputation; or
 - (3) any matter which could affect the *firm's* ability to continue to provide adequate services to its *customers* and which could result in serious detriment to a *customer* of the *firm*; or
 - (4) any matter in respect of the *firm* which could result in serious financial consequences to the *financial system* or to other *firms*.
- 15.3.2** **G**_{/1} The circumstances which may give rise to any of the events in *SUP* 15.3.1R are wide-ranging and the probability of any matter resulting in such an outcome, and the severity of the outcome, may be difficult to determine. However, the *FSA* expects *firms* to consider properly all potential consequences of events.
- 15.3.3** **G**_{/1} In determining whether an event that may occur in the foreseeable future should be notified to the *FSA*, a *firm* should consider both the probability of the event happening and the severity of the outcome should it happen.
- 15.3.4** **G**_{/1} *Guidance* on satisfaction of the *threshold conditions* is given in *COND*.
- 15.3.5** **G**_{/1} A *firm* making a notification in accordance with *SUP* 15.3.1R should consider the *guidance* in *SUP* 15.7.2G and notify the *FSA* by telephone if appropriate.
- 15.3.6** **G**_{/1} An *insurer* or *friendly society* making a notification under *SUP* 15.3.1R(1) relating to satisfaction of *threshold condition* 4 (Adequate resources) should be aware of the requirements in *SUP* App 2 (Scheme of operations).

Communication with the FSA in accordance with Principle 11

15.3.7

G
/1

Principle 11 requires a *firm* to deal with its regulators in an open and cooperative way and to disclose to the FSA appropriately anything relating to the *firm* of which the FSA would reasonably expect notice. *Principle 11* applies to *unregulated activities* as well as *regulated activities* and takes into account the activities of other members of a *group*.

15.3.8

G
/1

Compliance with *Principle 11* includes, but is not limited to, giving the FSA notice of:

- (1) any proposed restructuring, reorganisation or business expansion which could have a significant impact on the *firm's* risk profile or resources, including, but not limited to:
 - (a) setting up a new *undertaking* within a *firm's group*, or a new branch (whether in the *United Kingdom* or overseas); or
 - (b) commencing the provision of cross border services into a new territory; or
 - (c) commencing the provision of a new type of product or service (whether in the *United Kingdom* or overseas); or
 - (d) ceasing to undertake a *regulated activity* or *ancillary activity*, or significantly reducing the scope of such activities; or
 - (e) entering into, or significantly changing, a *material outsourcing* arrangement (a *bank* should also see IPRU(BANK) OS 4.2 and a *building society* should also see IPRU(BSOC) 12 OS 4.2 for further details); or
 - (f) a substantial change or a series of changes in the *governing body* of an *overseas firm* (other than an *incoming firm*); or
 - (g) any change to the *firm's* prudential category or sub-category, as used in the Interim Prudential sourcebooks and SUP and on which *guidance* is given in SUP App 1;
- (2) any significant failure in the *firm's* systems or controls, including those reported to the *firm* by the *firm's* auditor;
- (3) any action which a *firm* proposes to take which would result in a material change in its capital adequacy or solvency, including, but not limited to:
 - (a) any action which would result in a material change in the *firm's* financial resources or financial resources requirement; or
 - (b) a material change resulting from the payment of a special or unusual dividend or the repayment of *share* capital or a subordinated loan; or
 - (c) for *firms* which are subject to the *rules* on consolidated financial supervision, any proposal under which another *group company* may be considering such an action; or
 - (d) significant trading or non-trading losses (whether recognised or unrecognised).

15.3.9 G_{/1} The period of notice given to the *FSA* will depend on the event, although the *FSA* expects a *firm* to discuss relevant matters with it at an early stage, before making any internal or external commitments.

15.3.10 G_{/1} A notification under *Principle 11* may be given orally or in writing (as set out in *SUP 15.7.1R* and *SUP 15.7.2G*), although the *FSA* may request written confirmation of a matter. However, it is the responsibility of a *firm* to ensure that matters are properly and clearly communicated to the *FSA*. A *firm* should provide a written notification if a matter either is complex or may be such as to make it necessary for the *FSA* to take action. A *firm* should also have regard to *Principle 11* and the *guidance* in *SUP 15.7.2G* in respect of providing important information promptly.

Breaches of rules and other requirements in or under the Act

15.3.11 R_{/1} (1) A *firm* must notify the *FSA* of:

- (a) a significant breach of a *rule* (which includes a *Principle*) or *Statement of Principle*; or
- (b) a breach of any requirement imposed by the *Act* or by regulations or an order made under the *Act* by the Treasury (except if the breach is an *offence*, in which case (c) applies); or
- (c) the bringing of a prosecution for, or a conviction of, any *offence* under the *Act*;

by (or as regards (c) against) the *firm* or any of its *directors*, *officers*, *employees*, *approved persons*, or *appointed representatives*.

(2) A *firm* must make the notification in (1) immediately it becomes aware, or has information which reasonably suggests, that any of the matters in (1) has occurred, may have occurred or may occur in the foreseeable future.

15.3.12 G_{/1} In *SUP 15.3.11R*(1)(a), significance should be determined having regard to potential financial losses to *customers* or to the *firm*, frequency of the breach, implications for the *firm's* systems and controls and if there were delays in identifying or rectifying the breach.

15.3.13 G_{/1} In assessing whether an event that may occur in the foreseeable future should be notified to the *FSA*, a *firm* should consider the *guidance* in *SUP 15.3.3G*.

15.3.14 G_{/1} A notification under *SUP 15.3.11R* should include:

- (1) information about any circumstances relevant to the breach or *offence*;
- (2) identification of the *rule* or requirement or *offence*; and
- (3) information about any steps which a *firm* or other *person* has taken or intends to take to rectify or remedy the breach or prevent any future potential occurrence.

Civil, criminal or disciplinary proceedings against a firm

15.3.15

RA *firm* must notify the *FSA* immediately if:

/1

- (1) civil proceedings are brought against the *firm* and the amount of the claim is significant in relation to the *firm's* financial resources or its reputation; or
- (2) any action is brought against the *firm* under section 71 of the *Act* (Actions for damages) or section 150 (Actions for damages); or
- (3) disciplinary measures or sanctions have been imposed on the *firm* by any statutory or regulatory authority, professional organisation or trade body (other than the *FSA*) or the *firm* becomes aware that one of those bodies has started an investigation into its affairs; or
- (4) the *firm* is prosecuted for, or convicted of, any *offence* involving fraud or dishonesty, or any penalties are imposed on it for tax evasion; or
- (5) it is an *OPS firm*, which is a trustee, and is removed as trustee by a court order.

15.3.16

GA notification under *SUP* 15.3.15R should include details of the matter and an estimate of the likely financial consequences, if any.

/1

Fraud, errors and other irregularities

15.3.17

RA *firm* must notify the *FSA* immediately if one of the following events arises and the event is significant:

/1

- (1) it becomes aware that an *employee* may have committed a fraud against one of its *customers*; or
- (2) it becomes aware that a *person*, whether or not *employed* by it, may have committed a fraud against it; or
- (3) it considers that any *person*, whether or not *employed* by it, is acting with intent to commit a fraud against it; or
- (4) it identifies irregularities in its accounting or other records, whether or not there is evidence of fraud; or
- (5) it suspects that one of its *employees* may be guilty of serious misconduct concerning his honesty or integrity and which is connected with the *firm's regulated activities* or *ancillary activities*.

15.3.18

GIn determining whether a matter is significant, a *firm* should have regard to:

/1

- (1) the size of any monetary loss or potential monetary loss to itself or its *customers* (either in terms of a single incident or group of similar or related incidents);
- (2) the risk of reputational loss to the *firm*; and
- (3) whether the incident or a pattern of incidents reflects weaknesses in the *firm's internal controls*.

15.3.19

G
/1

The notifications under SUP 15.3.17R are required as the FSA needs to be aware of the types of fraudulent and irregular activity which are being attempted or undertaken, and to act, if necessary, to prevent effects on *consumers* or other *firms*. A notification under SUP 15.3.17R should provide all relevant and significant details of the incident or suspected incident of which the *firm* is aware.

15.3.20

G
/1

In addition, the *firm* may have suffered significant financial losses as a result of the incident, or may suffer reputational loss, and the FSA will wish to consider this and whether the incident suggests weaknesses in the *firm's internal controls*.

Insolvency, bankruptcy and winding up

15.3.21

R
/1

A *firm* must notify the FSA immediately of any of the following events:

- (1) the calling of a meeting to consider a resolution for winding up the *firm*; or
- (2) an application to dissolve the *firm* or to strike it off the Register of Companies; or
- (3) the presentation of a petition for the winding up of the *firm*; or
- (4) the making of, or any proposals for the making of, a composition or arrangement with any one or more of its creditors; or
- (5) an application for the appointment of an administrator or trustee in bankruptcy to the *firm*; or
- (6) the appointment of a receiver to the *firm* (whether an administrative receiver or a receiver appointed over particular property); or
- (7) an application for an interim order against the *firm* under section 252 of the Insolvency Act 1986 (or, in Northern Ireland, section 227 of the Insolvency (Northern Ireland) Order 1989); or
- (8) if the *firm* is a *sole trader*:
 - (a) an application for a sequestration order on the *firm*; or
 - (b) the presentation of a petition for bankruptcy; or

- (9) anything equivalent to (1) to (8) above occurring in respect of the *firm* in a jurisdiction outside the *United Kingdom*.

15.4 Notified persons

- 15.4.1** **R** /1 (1) *An overseas firm, which is not an incoming firm, must notify the FSA within 30 business days of any person taking up or ceasing to hold the following positions:*
- (a) *the firm's worldwide chief executive (that is, the person who, alone or jointly with one or more others, is responsible under the immediate authority of the directors for the whole of its business) if the person is based outside the United Kingdom;*
 - (b) *the person within the overseas firm with a purely strategic responsibility for UK operations (see SUP 10.7.4G);*
 - (c) *for a bank: the two or more persons who effectively direct its business in accordance with IPRU(BANK) GN 3.3.1R;*
 - (d) *for an insurer: the authorised UK representative.*
- (2) *The notification in (1) must be submitted using Form F (SUP 15 Ann 2R). However, if the person is an approved person, notification giving details of his name, the approved person's FSA individual reference number and the position to which the notification relates, is sufficient.*
- 15.4.2** **G** /1 *SUP 15.4.1R is not made under the powers conferred on the FSA by Part V of the Act (Performance of Regulated Activities). A person notified to the FSA under SUP 15.4.1R is not subject to the Statements of Principle or Code of Practice for Approved Persons, unless he is also an approved person.*
- 15.4.3** **G** /1 *Copies of Form F may be obtained from the FSA website at www.fsa.gov.uk or from the Individual Vetting and Approval department. See SUP 10.11.6G for contact details.*
- 15.4.4** **G** /1 *If adverse information is revealed about a person notified to the FSA under SUP 15.4.1R, the FSA may exercise its own initiative power against the firm (see SUP 7 (Individual requirements)).*

15.5 Core information requirements

Change in name

- 15.5.1 **R** A *firm* must give the FSA reasonable advance notice of a change in:
/1
- (1) the *firm's* name (which is the registered name if the *firm* is a *body corporate*);
 - (2) any business name under which the *firm* carries on a *regulated activity* or *ancillary activity* either from an establishment in the *United Kingdom* or with or for clients in the *United Kingdom*.

- 15.5.2 **G** A notification under SUP 15.5.1R should include the details of the proposed new name and the date on which the *firm* intends to implement the change of name.
/1

- 15.5.3 **G** *Firms* are reminded that certain name changes (for example, to include 'Limited') may also require a notification under SUP 15.5.5R.
/1

Change in address

- 15.5.4 **R** A *firm* must give the FSA reasonable advance notice of a change in any of the following addresses, and give details of the new address and the date of the change:
/1
- (1) the *firm's* principal place of business in the *United Kingdom*;
 - (2) in the case of an *overseas firm*, its registered office (or head office) address.

Change in legal status

- 15.5.5 **R** A *firm* must give the FSA reasonable advance notice of a proposed change in its legal status which limits the liability of any of its members or *partners*.
/1

- 15.5.6 **G** For the purpose of SUP 15.5.5R, limiting liability includes:
/1

- (1) re-registration as a limited liability *company* of a *company* incorporated with unlimited liability; and
- (2) a general *partner* in a *firm* becoming a limited *partner*.

Other regulators

15.5.7 **R** *A firm must notify the FSA immediately if it becomes subject to or ceases to be subject to the supervision of any overseas regulator (including a Home State regulator).*

/1

15.5.8 **G** The FSA's approach to the supervision of a *firm* is influenced by the regulatory regime and any legislative or foreign provisions to which that *firm*, including its branches, is subject.

/1

15.6 Inaccurate, false or misleading information

15.6.1

R

A *firm* must take reasonable steps to ensure that all information it gives to the FSA in accordance with a *rule* in any part of the *Handbook* (including *Principle 11*) is:

/1

- (1) factually accurate or, in the case of estimates and judgments, fairly and properly based after appropriate enquiries have been made by the *firm*; and
- (2) complete, in that it should include anything of which the FSA would reasonably expect notice.

15.6.2

G

SUP 15.6.1R applies also in relation to *rules* outside this chapter, and even if they are not *notification rules*. Examples of *rules* and chapters to which *SUP 15.6.1R* is relevant, are:

/1

- (1) *Principle 11*, and the guidance on *Principle 11* in *SUP 2* (Information gathering by the FSA on its own initiative);
- (2) *SUP 15* (Notifications to the FSA);
- (3) *SUP 16* (Reporting requirements);
- (4) *SUP 17* (Transaction reporting); and
- (5) any *notification rule* (see Schedule 2 which contains a consolidated summary of such *rules*).

15.6.3

G

If a *firm* is unable to obtain the information required in *SUP 15.6.1R(2)*, then it should inform the FSA that the scope of the information provided is, or may be, limited.

/1

15.6.4

R

If a *firm* becomes aware, or has information that reasonably suggests that it has or may have provided the FSA with information which was or may have been false, misleading, incomplete or inaccurate, or has or may have changed in a material particular, it must notify the FSA immediately. Subject to *SUP 15.6.5R*, the notification must include:

/1

- (1) details of the information which is or may be false, misleading, incomplete or inaccurate, or has or may have changed;
- (2) an explanation why such information was or may have been provided; and

(3) **the correct information.**

15.6.5 **R**
/1 If the information in *SUP 15.6.4R(3)* cannot be submitted with the notification (because it is not immediately available), it must instead be submitted as soon as possible afterwards.

15.6.6 **G**
/1 The *FSA* may request the *firm* to provide revised documentation containing the correct information, if appropriate.

15.6.7 **G**
/1 *Firms* are reminded that section 398 of the *Act* (Misleading the Authority: residual cases) makes it an *offence* for a *firm* knowingly or recklessly to provide the *FSA* with information which is false or misleading in a material particular in purported compliance with the *FSA's rules* or any other requirement imposed by or under the *Act*. An offence by a *body corporate, partnership* or unincorporated association may be attributed to an *officer* or certain other *persons* (section 400 of the *Act* (Offences by bodies corporate etc)).

15.7 Form and method of notification

Form of notification: oral or written

15.7.1 **R** A notification required from a *firm* under any *notification rule* must
/1 be given in writing, and in English, and must give the *firm's* FSA Firm Reference Number unless:

- (1) the *notification rule* states otherwise; or
- (2) the notification is provided solely in compliance with *Principle 11* (see *SUP 15.3.7G*).

15.7.2 **G** A *firm* should have regard to the urgency and significance of a matter and, if
/1 appropriate, should notify its usual supervisory contact at the *FSA* by telephone or by other prompt means of communication, before submitting a written notification. Oral notifications should be given directly to the *firm's* usual supervisory contact. An oral notification left with another person or left on a voicemail or other automatic messaging service is unlikely to have been given appropriately.

15.7.3 **G** The *FSA* is entitled to rely on any information it receives from a *firm* and to
/1 consider any notification received as being made by a *person* authorised by the *firm* to do so. A *firm* should therefore consider whether it needs to put procedures in place to ensure that only appropriate *employees* make notifications to the *FSA* on its behalf.

Method of notification

15.7.4 **R** Unless otherwise stated in the *notification rule*, a written notification
/1 required from a *firm* under any *notification rule* must be:

- (1) given to or addressed for the attention of the *firm's* usual supervisory contact at the *FSA*; and
- (2) delivered to the *FSA* by one of the methods in *SUP 15.7.5R*:

15.7.5 **R** Table Methods of notification
/1

Method of delivery	
1.	Post to the appropriate address in SUP 15.7.6R
2.	Leaving the notification at the appropriate address in SUP 15.7.6R and obtaining a time-stamped receipt
3.	Electronic mail to an address for the <i>firm's</i> usual supervisory contact at the FSA and obtaining an electronic confirmation of receipt
4.	Hand delivery to the <i>firm's</i> usual supervisory contact at the FSA
5.	Fax to a fax number for the <i>firm's</i> usual supervisory contact at the FSA, followed by delivery by one of methods 1– 4 in this table within five <i>business days</i> after the date of the faxed notification

15.7.6

R
/1

The address for a written notification to the FSA is:

(1) The Financial Services Authority

25 The North Colonnade

Canary Wharf

London E14 5HS

if the *firm's* usual supervisory contact at the FSA operates from London, or:

(2) The Financial Services Authority

Sutherland House

108-114 Dundas Street

Edinburgh EH3 5DQ

if the *firm's* usual supervisory contact at the FSA operates from Edinburgh.

15.7.7

G
/1

If the *firm* or its *group* is subject to lead supervision arrangements by the FSA, the *firm* or *group* may give or address a notice under SUP 15.7.4R(1) to the supervisory contact at the FSA, designated as lead supervisor, if the *firm* has chosen to make use of the lead supervisor as a central point of contact (see SUP 1.5).

15.7.8

G
/1

If a *firm* is a member of a *group* which includes more than one *firm*, any one *undertaking* in the *group* may notify the FSA on behalf of all *firms* in the *group* to which the notification applies. In this way, that *undertaking* may satisfy the obligation of all relevant *firms* in the *group* to notify the FSA. Nevertheless, the obligation to make the notification remains the responsibility of the individual *firm* itself. See also SUP 15.7.3G.

15.7.9

G
/1

Firms wishing to communicate with the FSA by electronic mail or fax should obtain the appropriate address or number from the FSA.

Timely notification

15.7.10

R
/1

If a *notification rule* requires notification within a specified period:

- (1) the *firm* must give the notification so as to be received by the *FSA* no later than the end of that period; and
- (2) if the end of that period falls on a *day* which is not a *business day*, the notification must be given so as to be received by the *FSA* no later than the first *business day* after the end of that period.

15.7.11

G
/1

If a *notification rule* does not require notification within a specified period, the *firm* should act reasonably in deciding when to notify.

Underwriting agents: notification to the Society of Lloyd's

15.7.12

R
/1

- (1) Paragraph (2) applies in relation to notifications required under this chapter within the scope of any arrangements made by the *FSA* with the *Society of Lloyd's* under paragraph 6(2) of Schedule 1 to the *Act*.
- (2) An *underwriting agent* must submit the notifications in (1) to the *Society of Lloyd's* rather than to the *FSA*.

15.7.13

G
/1

Paragraph 6(2) of Schedule 1 to the *Act* enables the *FSA* to make arrangements which provide for monitoring functions to be performed by any body or *person* who, in its opinion, is competent to perform them. Arrangements made under this provision are published by the *FSA*.

15.7.14

G
/1

The *FSA* has made arrangements with the *Society of Lloyd's* with respect to the monitoring of *underwriting agents*. *Underwriting agents* should check whether these arrangements provide for any notifications required under this chapter to be sent to the *Society* instead of to the *FSA*. [For further details see the *FSA* website.]

Consequences of breach of form and method rules

15.7.15

G
/1

If a *firm* fails to comply with the *rules* in this section then the notification is invalid and there may be a breach of the *rule* that required the notification to be given.

Service of Notices Regulations

15.7.16

G
/1

The Financial Services and Markets Act 2000 (Service of Notices) Regulations 2001 (SI 2001/1420) contain provisions relating to the service of documents on the *FSA*. They do not apply to notifications required under *notification rules* because of the specific *rules* in this section.

SUP 15 Ann 1R: Application of this chapter to incoming EEA firms and incoming Treaty firms

1 Table

1. This chapter applies in full to an *incoming EEA firm*, or *incoming Treaty firm*, which has a *top up permission*.
2. SUP 15 does not apply to an *incoming EEA firm* which has *permission only for cross border services* and which does not carry on *regulated activities in the United Kingdom*.
3. For any other *incoming EEA firm* or *incoming Treaty firm*, SUP 15 applies as set out in the following table.

2 Table Application of SUP 15 to an incoming EEA firm or an incoming Treaty firm which does not have a top-up permission

Applicable sections		Application
SUP 15.1 SUP 15.2	Application, Purpose	Apply in full
SUP 15.3.1R to SUP 15.3.6G	Matters having a serious regulatory impact	15.3.1R(1) does not apply, otherwise apply in full
SUP 15.3.7G to SUP 15.3.10G	Communication with the FSA in accordance with Principle 11	Apply insofar as responsibility for the matter in question is not reserved by a European Community instrument to the <i>firm's Home State regulator</i>

Applicable sections		Application
SUP 15.3.11R to SUP 15.3.14G	Breaches of rules and other requirements in or under the Act	Apply in full
SUP 15.3.15R and SUP 15.3.16G	Civil, criminal or disciplinary proceedings against a firm	Apply insofar as responsibility for the matter in question is not reserved by a European Community instrument to the <i>firm's Home State regulator</i>
SUP 15.3.17R to SUP 15.3.20G	Fraud, errors and other irregularities	Apply insofar as responsibility for the matter in question is not reserved by a European Community instrument to the <i>firm's Home State regulator</i>
SUP 15.3.21R	Insolvency, bankruptcy and winding up	Apply insofar as responsibility for the matter in question is not reserved by a European Community instrument to the <i>firm's Home State regulator</i>
SUP 15.4	Notified persons	Does not apply

Applicable sections		Application
<i>SUP 15.5.1R to SUP 15.5.3G</i>	Change in name	Apply in full
<i>SUP 15.5.4R(1)</i>	Change in address: principal place of business in the UK	Applies in full
<i>SUP 15.5.4R(2)</i>	Change in address: registered office	Applies to an <i>incoming Treaty firm</i> . Does not apply to an <i>incoming EEA firm</i> , but such a firm is referred to <i>SUP 14</i> (Variation of passport rights by incoming EEA firms and ending automatic authorisation).
<i>SUP 15.5.5R and SUP 15.5.6G</i>	Change in legal status	Do not apply
<i>SUP 15.5.7R and SUP 15.5.8G</i>	Other regulators	Apply insofar as responsibility for the matter in question is not reserved by a European Community instrument to the <i>firm's Home State regulator</i>
<i>SUP 15.6</i>	Inaccurate, false or misleading information	Applies in full

Registered as a Limited Company in England and Wales No 1920623. Registered Office as above

Notes for Form F

Changes in notified persons

The rule for notification is set out in SUP 15.4.1R.

The purpose of this Form

This is Form F referred to in SUP 15.4.1R (2).

Membership of the governing body of an overseas firm with a branch in the United Kingdom is not a controlled function requiring approval of the FSA under the approved persons regime. The rule at SUP 15.4.1R (Notified persons) is not made under the powers conferred on the FSA by Part V of the Act and the Statements of Principle do not apply to a person notified to the FSA under SUP 15.4.1R unless he is also an approved person.

An overseas firm (excluding an incoming firm) must notify the FSA within 30 business days of any person taking up or ceasing to hold the following positions (see SUP 15.4.1R):

- the firm's world-wide chief executive if the person is based outside the United Kingdom;

- the person, if not the worldwide chief executive, within the overseas firm with a purely strategic responsibility for UK operations (see SUP 10.7.4G);

- for a bank: the two or more persons who effectively direct its business in accordance with IPRU (BANK) GN 3.3.1R;

- for an insurer: the authorised UK representative.

These notifications must be submitted using this Form. However, if the person is an approved person, notification can be made by letter giving details of his name and the position to which the notification relates (see SUP 15.4.1R (2)).

If adverse information is revealed about a person notified to the FSA under SUP 15.4.1R, the FSA may exercise its own-initiative power against the firm (see SUP 15.4.4G).

Completing this Form

The Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

All dates should be provided in numeric form (e.g. 29/02/2000 for 29 February 2000).

Indicate clearly if a question is not applicable. Tick the appropriate box where a yes/no answer is required. Further details should be given in section 6 (supplementary information) if there is insufficient space for a detailed answer.

Additional information can be attached to the form. It must be securely attached to the rest of the Form and you must indicate at question 6.03 the number of additional sheets attached.

Do not assume that information is known to the FSA merely because it is in the public domain, or has been previously disclosed to the FSA or to another regulatory body. In all circumstances, disclosures should be full, frank and unambiguous. If there is any doubt about the relevance of information, it should be included. The information supplied by the notified person should be verified by the firm wherever possible.

Expressions in this Form in italics have the meaning given in the Glossary to the FSA's Handbook (or, if no meaning is given there, the expressions are to be interpreted in accordance with the related expression defined in the Glossary).

The firm is responsible for the accuracy of the data and completion of the Form. If the Form is not fully and correctly completed, the FSA may need to return it for proper completion.

The FSA must be informed immediately of any material changes to the information provided in this Form. All changes must be communicated to the FSA by the firm (see SUP 15.6.4R).

SECTION 1 – PERSONAL IDENTIFICATION DETAILS

If the notified person has more than one previous name (surname or forenames), passport number or nationality, or is known by any other names, provide details in section 6.

- 1.01: If the notified person does not have an FSA Individual Reference Number or does not know it, include the name of the previous regulator and the previous Individual Reference Number, as applicable.
- 1.13: United Kingdom addresses must be given, or a statement stating that the individual resides abroad.

SECTION 2 – FIRM IDENTIFICATION DETAILS

- 2.01 & 2.02: This section identifies the firm making the application by FSA Firm Reference Number (FRN) and name. If the individual will be performing the notified activity in relation to more than one firm and this notification is given on behalf of those other firms, please list the names and FSA Firm Reference Numbers of the other firms at section 6.
- 2.03: The regulatory organisation and country of the firm's registered office must also be indicated.
- 2.04: The firm must also indicate a point of contact for any queries in connection with the application.

SECTION 3 – CHANGES TO NOTIFIED PERSONS

The notified position to which this Form relates should be identified, including effective date and, if applicable, the name of individual being replaced.

SECTION 4 – EMPLOYMENT HISTORY FOR PAST 10 YEARS

A full ten-year employment history for the notified person must be provided – with all gaps explained. If the record of employment does not go back ten years, all periods of education and unemployment must be indicated. Full details of any periods of self-employment should also be included.

Always give the address of the actual place of employment, rather than a central head office.

The employment history should be provided in reverse chronological order, starting with the most recent period of employment, unemployment etc, but excluding the activity to which this notification relates.

“Regulatory body” in this context means the bodies listed in the notes to section 5 (below).

State the position held by the notified person and a brief explanation of his or her duties. If the notified person's job title included the word “director” but his or her duties did not include those associated with the title of director, as defined in the Glossary, this should be indicated.

The reason for leaving each employer must be given. If there were any issues arising on leaving, these must be fully explained in section 6. Previous employers may be contacted.

SECTION 5 – FITNESS AND PROPRIETY

Answer the questions by ticking the relevant ‘yes’ or ‘no’ box. If the answer to any of the questions is ‘yes’, give complete details in section 6 and attach relevant supporting documentation.

When answering question 5.01, you must include ‘spent’ convictions, i.e. convictions for which, under the Rehabilitation of Offenders Act 1974 (and any overseas equivalent), declaration would not normally be obligatory.

5.03 – 5.06: Court judgements (e.g. County Court Judgments) (and their overseas equivalent) and arrangements with creditors (e.g. Individual Voluntary Arrangements) are covered by questions 5.03 to 5.06. Any outstanding County Court Judgments or arrangements with creditors must be listed in section 6, and the circumstances surrounding them explained.

“Regulatory body” in this context refers to:

- i) the self-regulatory organisations including IMRO, SFA, PIA, LAUTRO, FIMBRA, AFBD and TSA;
- ii) the statutory bodies including the FSA, SIB, the Society of Lloyd’s, the Registry of Friendly Societies, the Friendly Societies Commission, the Building Societies Commission, the Bank of England; HM Treasury – Insurance Directorate (formerly of the DTI) and the recognised bodies;
- iii) the designated professional bodies; and
- iv) the equivalent of all such regulators overseas.

SECTION 6 – SUPPLEMENTARY INFORMATION

This section provides space for any additional information and should be used whenever a question in section 5 is answered ‘yes’.

List here all directorships currently held or held in the past 10 years by the candidate.

Relevant documents must also be provided, such as evidence of the settlements of CCJs.

SECTION 7 – DECLARATIONS AND SIGNATURES

This section contains declarations which must be signed by both an appropriate individual for the firm or applicant submitting the application and the notified person. The FSA considers that an appropriate individual would be someone to whom the firm has delegated the authority to notify the FSA. The firm should keep records of those individuals authorised to sign on behalf of the firm.

If you have any questions or need additional information, please contact the Individual Vetting and Approval Helpline 020 7676 0019 or via e-mail at iva@fsa.gov.uk

If necessary, please continue in section 6.

I have supplied further information related to this page in Section 6 YES NO

5.01 a	Has the notified person ever been convicted of any offence involving fraud, theft, false accounting or other dishonesty or an offence (whether or not in the United Kingdom) relating to companies, building societies, industrial and provident societies, credit unions, friendly societies, insurance, banking or other financial services, insolvency, consumer credit or consumer protection, money laundering, market manipulations or insider dealing? (Convictions spent under the Rehabilitation of Offenders Act 1974 must be included)	YES <input type="checkbox"/>	NO <input type="checkbox"/>
b	Is the notified person the subject of any current criminal proceedings?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
5.02	Has the notified person any convictions for any offences other than those listed in 5.01 above which are not spent, whether or not in the United Kingdom (excluding traffic offences unless these resulted in a ban from driving or involved driving without insurance)?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
5.03 a	Is the notified person, or has the notified person ever been, the subject of any civil proceedings, arbitration or litigation, including proceedings that may lead to a County Court Judgment (“CCJ”) or other judgment debts, in the United Kingdom or elsewhere?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
b	Is the notified person aware of any intention to begin such proceedings against the notified person in the future?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
5.04	Does the notified person have any judgment debts (including CCJs) made under a court order still outstanding, whether in full or in part?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
5.05	Has the notified person ever failed to satisfy any such judgment debts within one year of the making of the order?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
5.06 a	Is the notified person, or has the notified person ever been, the subject of any bankruptcy proceedings, or proceedings for the sequestration of the notified person’s estate?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
b	Has the notified person ever entered into a deed of arrangement or an individual voluntary arrangement (or in Scotland a trust deed) or other agreement in favour of the notified person’s creditors, or is the notified person doing so?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
5.07	Does the notified person have any outstanding financial obligations arising from regulated activities, which the notified person has conducted in the past, whether in the United Kingdom or overseas? (In the case of advisers, this will include any outstanding liabilities arising from commissions paid for the sale of packaged products that have lapsed.)	YES <input type="checkbox"/>	NO <input type="checkbox"/>
5.08	Has the notified person ever been found guilty of conducting any unauthorised regulated activities or been investigated for possible conduct of unauthorised regulated activities?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
5.09	Is the notified person, or has the notified person ever been, the subject of an investigation into allegations of misconduct or malpractice in connection with any business activity?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
5.10	Has the notified person ever, either in the United Kingdom, or elsewhere –		
a	been refused entry to, or been dismissed or requested to resign from, any profession, vocation, office or employment, or from any fiduciary office or position of trust, whether or not remunerated?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
b	been refused, restricted in, or had suspended, the right to carry on any trade, business or profession for which specific licence, authorisation, registration, membership or other permission is required?	YES <input type="checkbox"/>	NO <input type="checkbox"/>

I have supplied further information related to this page in Section 6

YES NO

c	been disqualified by a court from acting as a director of a company or from acting in a management capacity or conducting the affairs of any company, partnership or unincorporated association?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
d	been the subject of a disqualification direction under section 59 of the Financial Services Act 1986 or a prohibition order, under section 56 of the Financial Services and Markets Act 2000, or received a warning notice to make such a direction or order?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
5.11	In respect of activities regulated by the FSA or any other regulatory body (see note), has the notified person, or has any company, partnership or unincorporated association of which the notified person is or has been a controller, director, senior manager, partner or company secretary, during the notified person's association with that entity and for a period of three years after the notified person ceased to be associated with it, ever –		
a	been refused, had revoked, restricted or terminated, any licence, authorisation, registration, notification, membership or other permission granted by any such body ?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
b	been criticised, censured, disciplined, suspended, expelled, fined, or been the subject of any other disciplinary or intervention action by any such body ?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
c	resigned whilst under investigation by, or been required to resign from, any such body ?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
d	decided, after making an application for any licence, authorisation, registration, notification, membership or other permission granted by any such body, not to proceed with it?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
e	been the subject of any civil action which has resulted in a finding against the notified person or it by a court?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
5.12	Has any company, partnership, or unincorporated association of which the notified person is or has been a controller, director, senior manager, partner, or company secretary, in the United Kingdom or elsewhere, at any time during the notified person's involvement or within one year of such an involvement –		
a	been put into liquidation, wound up, ceased trading, had a receiver or administrator appointed or entered into any voluntary arrangement with its creditors?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
b	been adjudged by a court liable for any fraud, misfeasance, wrongful trading or other misconduct?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
c	been investigated or been involved in an investigation by an inspector appointed under companies or any other legislation, or required to produce documents to the Secretary of State, or any other authority, under any such legislation?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
d	been convicted of any criminal offence, censured, disciplined or publicly criticised, by any inquiry, by the Takeover Panel or any governmental or statutory authority or any other regulatory body (other than as already indicated under 5.11(b) above)?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
5.13	Is the notified person aware of any business interests, employment obligations, or any other situations which may conflict with the performance of the controlled functions for which approval is now sought?	YES <input type="checkbox"/>	NO <input type="checkbox"/>

YES

NO

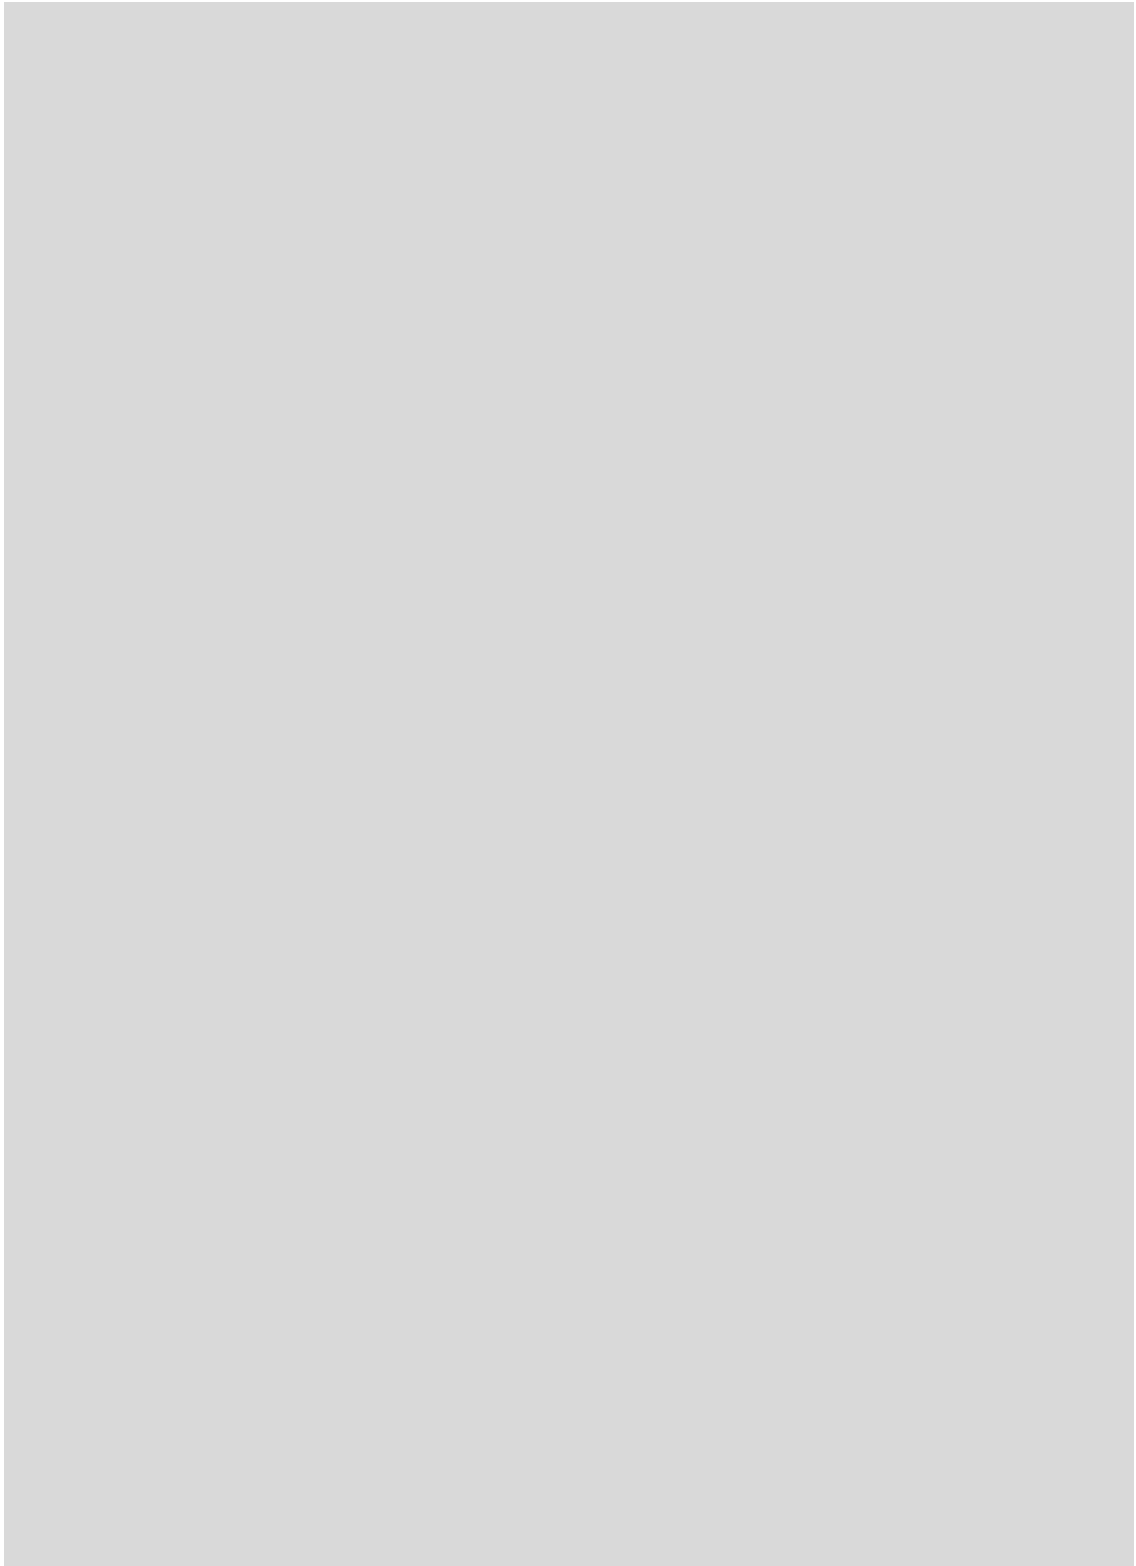

Please also complete questions 6.03 and 6.04.

6.01 Full details must be provided here if there were any issues that arose when leaving an employer listed in section 4 or if any question has been answered 'yes' in section 5.

Please indicate clearly which question additional information relates to.

Question	Information

6.02 Include a list of all directorships currently or previously held by the candidate (where director has the meaning given in the Glossary).

6.03 Is there any other information the candidate or the firm considers to be relevant to the application?

YES NO

If yes, provide details below or on a separate sheet of paper

A large, solid grey rectangular area intended for providing details if the answer to question 6.03 is 'yes'. It occupies most of the page's vertical space.

6.04 How many additional sheets are being submitted?

A small, solid grey rectangular area intended for providing the number of additional sheets being submitted.

DECLARATION OF NOTIFIED PERSON

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (section 398 of the Financial Services and Markets Act 2000).

It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

I confirm that the information in this Form is accurate and complete to the best of my knowledge and belief and that I have read the Notes to this Form.

The FSA may seek to verify the information given in this Form including answers pertaining to fitness and propriety. I authorise the FSA to make such enquiries and seek such further information as it thinks appropriate in the course of verifying the information given in this Form. I also understand that the results of these checks may be disclosed to my employer.

7.01	Notified person's full name	
7.02	Signature	
	Date	

DECLARATION OF FIRM

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.4R require an authorised person to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. APER 4.4.6E provides that, where an approved person is responsible for reporting matters to the FSA, failure to inform the FSA of materially significant information of which he is aware is a breach of Statement of Principle 4. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

In making this application the firm believes on the basis of due and diligent enquiry that the notified person is a fit and proper person to perform the notified position(s) listed in section 3. The firm also believes, on the basis of due and diligent enquiry, that the notified person is competent to fulfil the duties required of such function(s).

I confirm that the information in this Form is accurate and complete to the best of my knowledge and belief and that I have read the Notes to this Form.

I confirm that I have authority to make this notification, and sign this Form, on behalf of each firm identified in section 6. I also confirm that a copy of this Form, as submitted to the FSA, will be sent to each of those firms at the same time as submitting the Form to the FSA.

7.03	Name of the firm submitting the application	
7.04	Name of person signing on behalf of the firm	
7.05	Job title	
7.06	Signature	
	Date	

Completion checklist

- Is the Form fully completed?

- Are ALL forenames included?

- Is there a complete ten-year employment history with all gaps explained?

- Is the Form correctly signed and dated by both the firm making the application and the notified person?

- Has all supplementary information been included and clearly marked?

Note : Detach and keep the Notes before returning the completed Form to the FSA.

Chapter 16

Reporting requirements

16.1 Application

- 16.1.1** **R** ^{/1} This chapter applies to every *firm* within a category listed in column (2) of the table in SUP 16.1.3R and in accordance with column (3) of that table.
- 16.1.2** **G** ^{/1} The only categories of *firm* to which no section of this chapter applies are:
- (1) an *ICVC*;
 - (2) an *incoming EEA firm* or *incoming Treaty firm*, unless it is:
 - (a) a *firm* of a type listed in SUP 16.1.3R as a type of *firm* to which SUP 16.6 or SUP 16.7 applies; or
 - (b) an *insurer* with *permission to effect or carry out life policies*;
 - (3) a *UCITS qualifier*.
- 16.1.3** **R** ^{/1} Table Application of different sections of SUP 16

(1) Section(s)	(2) Categories of firm to which section applies	(3) Applicable rules and guidance
SUP 16.1, 16.2 and 16.3	<p>All categories of <i>firm</i> except:</p> <p>(a) an <i>ICVC</i>;</p> <p>(b) an <i>incoming EEA firm</i> or <i>incoming Treaty firm</i>, which is not:</p> <p style="padding-left: 40px;">(i) a <i>firm</i> of a type to which <i>SUP 16.6</i> or <i>SUP 16.7</i> applies; or</p> <p style="padding-left: 40px;">(ii) an <i>insurer</i> with <i>permission to effect or carry out life policies</i>;</p> <p>(c) a <i>UCITS qualifier</i>.</p>	Entire sections
SUP 16.4 and 16.5	<p>All categories of <i>firm</i> except:</p> <p>(a) an <i>ICVC</i>;</p> <p>(b) an <i>incoming EEA firm</i>;</p> <p>(c) an <i>incoming Treaty firm</i>;</p> <p>(d) a <i>non-directive friendly society</i>;</p> <p>(e) a <i>partnership</i>;</p> <p>(f) a <i>sole trader</i>;</p> <p>(g) a <i>service company</i>;</p> <p>(h) a <i>UCITS qualifier</i>.</p>	Entire sections

(1) Section(s)	(2) Categories of firm to which section applies	(3) Applicable rules and guidance
<i>SUP 16.6</i>	<i>Bank</i>	<i>SUP 16.6.4 to SUP 16.6.5R</i>

	<i>OPS firm</i>	<i>SUP 16.6.6R to SUP 16.6.8R</i>
	<i>Trustee of an AUT</i>	<i>SUP 16.6.6R to SUP 16.6.9G</i>
<i>SUP 16.7</i>	<i>Bank</i>	<i>SUP 16.7.7R to SUP 16.7.15R</i>
	<i>Building society</i>	<i>SUP 16.7.16R to SUP 16.7.19R</i>
	<i>Service company</i>	<i>SUP 16.7.20R to SUP 16.7.21R</i>
	<i>Securities and futures firm (other than an oil market participant to which IPRU(INV) 3 does not apply)</i>	<i>SUP 16.7.22R to SUP 16.7.34G</i>
	<i>Investment management firm</i>	<i>SUP 16.7.35R to SUP 16.7.41R</i>
	<i>Personal investment firm</i>	<i>SUP 16.7.42R to SUP 16.7.53R</i>
	<i>Authorised professional firm (note)</i>	<i>SUP 16.7.54R</i>
	<i>Society of Lloyd's</i>	<i>SUP 16.7.55R to SUP 16.7.56R and SUP 16.7.59R(1) and (2)</i>
<i>Members' adviser</i>	<i>SUP 16.7.57R to SUP 16.7.58R, SUP 16.7.59R(3), SUP 16.7.60G and SUP 16.7.61G</i>	

(1) Section(s)	(2) Categories of firm to which section applies	(3) Applicable rules and guidance
SUP 16.8	An insurer with permission to effect or carry out life policies	Entire section

Note = Section 16.7 applies to an authorised professional firm which is required by IPRU(INV) 2.1.2R(1) to comply with chapter 3, 5, 10 or 13 of IPRU(INV). Section 16.7 applies to such a firm as if it were the relevant firm category in the right hand column of IPRU(INV) 2.1R.

16.1.4

G
/1

- (1) This chapter contains requirements to report to the FSA on a regular basis. These requirements include reports relating to a firm’s financial condition, and to its compliance with other rules and requirements which apply to the firm. Where the relevant requirements are set out in another section of the Handbook, this chapter contains cross references. An example of this is financial reporting for insurers and friendly societies.
- (2) Where such requirements already apply to a firm under legislation other than the Act, they are not referred to in this chapter. An example of this is reporting to the FSA by building societies under those parts of the Building Societies Act 1986 which have not been repealed.
- (3) Requirements for individual firms reflect:
 - (a) the category of firm;
 - (b) the nature of business carried on;
 - (c) whether a firm has its registered office (or if it does not have a registered office, its head office) in the United Kingdom; and
 - (d) whether a firm is an incoming EEA firm or incoming Treaty firm.

16.1.5

G
/1

The reporting of complaints is covered in DISP 1.5.4R – DISP 1.5.8G.

16.1.6

G
/1

Reporting on pension transfers and pension opt-outs arranged by the firm against its advice is covered in COB 5.3.26R.

16.2 Purpose

16.2.1

G
/1

- (1) In order to discharge its functions under the *Act*, the *FSA* needs timely and accurate information about *firms*. The provision of this information on a regular basis enables the *FSA* to build up over time a picture of *firms*' circumstances and behaviour.
- (2) *Principle 11* requires a *firm* to deal with its regulators in an open and cooperative way, and to tell the *FSA* appropriately anything of which the *FSA* would reasonably expect notice. The reporting requirements are part of the *FSA*'s approach to amplifying *Principle 11* by setting out in more detail the information that the *FSA* requires. They supplement the provisions of *SUP 2* (Information gathering by the *FSA* on its own initiative) and *SUP 15* (Notifications to the *FSA*). The reports required under these *rules* help the *FSA* to monitor *firms*' compliance with *Principles* governing relationships between *firms* and their *customers*, with *Principle 4*, which requires *firms* to maintain adequate financial resources, and with other requirements and standards under the *regulatory system*.

16.3 General provisions on reporting

Application

16.3.1

G

/1

The effect of SUP 16.1.1R is that this section applies to every *firm* except:

- (1) an *ICVC*;
- (2) an *incoming EEA firm* or *incoming Treaty firm*, which is not:
 - (a) a *firm* of a type listed in SUP 16.1.3R as a *firm* to which section SUP 16.6 or SUP 16.7 applies;
 - (b) an *insurer* with *permission* to *effect* or *carry out life policies*;
- (3) a *UCITS qualifier*.

Structure of the chapter

16.3.2

G

/1

This chapter has been split into five sections, covering:

- (1) annual controllers reports (SUP 16.4);
- (2) annual close links reports (SUP 16.5);
- (3) compliance reports (SUP 16.6);
- (4) financial reports (SUP 16.7); and
- (5) persistency reports (SUP 16.8).

16.3.3

G

/1

The annual controllers, annual close links and persistency reports sections are the same for all categories of *firm* to which they apply.

16.3.4

G

/1

The compliance and financial reports sections are both set out by category of *firm*, with detailed requirements set out in tables giving:

- (1) a brief description of each report;
- (2) the frequency with which the report is required; and
- (3) the due date for submission of the report.

16.3.5

G

/1

Further requirements about the reports, such as form and content, are set out in the sections for each category of *firm*, where this is appropriate. In many cases, however, it is more appropriate to provide this information by means of a separate annex; in these cases the relevant section refers to the annex.

Method of submission of reports

16.3.6

R

/1

Unless a *rule* in this chapter states otherwise, a report required under this chapter must be submitted in writing in accordance with *SUP* 16.3.7R – *SUP* 16.3.10R.

16.3.7

R

/1

- (1) A report required under this chapter must give the *firm's* FSA firm reference number.
- (2) If a report required under this chapter is submitted on behalf of more than one *firm*, the report must either:
 - (a) give the FSA firm reference number of the *firm* submitting it; or
 - (b) be submitted with a covering letter or email giving:
 - (i) the FSA firm reference numbers of all *firms* on whose behalf the report has been submitted;
 - (ii) the title of the report being submitted; and
 - (iii) the date as at which the report has been prepared.

16.3.8

R

/1

A written report must be:

- (1) given to or addressed for the attention of the *firm's* usual supervisory contact at the *FSA*; and
- (2) delivered to the *FSA* by one of the methods listed in *SUP* 16.3.9R.

16.3.9

R

/1

Table Method of submission of reports (see *SUP* 16.3.8R)

Method of delivery

1. **Post to the appropriate address in *SUP* 16.3.10R**
2. **Leaving the report at the appropriate address in *SUP* 16.3.10R and obtaining a time-stamped receipt**
3. **Electronic mail to an address for the *firm's* usual supervisory contact at the *FSA* and obtaining an electronic confirmation of receipt**

4. Hand delivery to the *firm's* usual supervisory contact at the *FSA*
5. Fax to the number notified by the *firm's* usual supervisory contact at the *FSA*, followed by submission by one of methods 1– 4 in this table within five *business days* after the date of the faxed submission

16.3.10

RThe address for the submission of reports to the *FSA* is:

/1

- (1) The Financial Services Authority

25 The North Colonnade

Canary Wharf

London E14 5HS

if the *firm's* usual supervisory contact at the *FSA* operates from London, or:

- (2) The Financial Services Authority

Sutherland House

108-114 Dundas Street

Edinburgh EH3 5DQ

if the *firm's* usual supervisory contact at the *FSA* operates from Edinburgh.**Complete reporting**

16.3.11

RA *firm* must submit reports required under this chapter to the *FSA* containing all the information required.

/1

16.3.12

G*SUP* 15.6 refers to and contains requirements regarding the steps that *firms* must take to ensure that information provided to the *FSA* is accurate and complete. Those requirements apply to reports required to be submitted under this chapter.

/1

Timely reporting

16.3.13

R

- (1) A *firm* must submit a report required by this chapter in the frequency, and so as to be received by the *FSA* no later than the due date, specified for that report.
- (2) If the due date for submission of a report required by this chapter falls on a day which is not a *business day*, the report must be

submitted so as to be received by the *FSA* no later than the first *business day* after the due date.

- (3) If the due date for submission of a report required by this chapter is a set period of time after the quarter end, the quarter ends will be the following dates, unless another *rule* or the reporting form states otherwise:
- (a) the *firm's accounting reference date*;
 - (b) 3 months after the *firm's accounting reference date*;
 - (c) 6 months after the *firm's accounting reference date*; and
 - (d) 9 months after the *firm's accounting reference date*.

Failure to submit reports

16.3.14 G_{/1} Failure to submit a report in accordance with the *rules* in this chapter may lead to the imposition of a financial penalty and other disciplinary sanctions (see *ENF* 13.5).

16.3.15 G_{/1} The *FSA* does not routinely send reminders to *firms* when reports are overdue. *Firms* should not therefore assume that the *FSA* has received a report merely because they have not received a reminder.

16.3.16 G_{/1} The *firm* is responsible for ensuring delivery of the required report at the *FSA's* offices by the due date. If a report is received by the *FSA* after the due date and the *firm* believes its delivery arrangements were adequate, it may be required to provide proof of those arrangements. Examples of such proof would be:

- (1) "proof of posting" receipts from a *UK* post office or overseas equivalent which demonstrates that the report was posted early enough to allow delivery by the due date in accordance with the delivery service standards prescribed by the relevant postal authority; or
- (2) recorded postal delivery receipts showing delivery on the required day; or
- (3) records of a courier service provider showing delivery on the required day.

Change of accounting reference date

- 16.3.17** R_{/1}
- (1) A *firm* must notify the *FSA* if it changes its *accounting reference date*.
 - (2) When a *firm* extends its accounting period, it must make the notification in (1) before the previous *accounting reference date*.
 - (3) When a *firm* shortens its accounting period, it must make the notification in (1) before the new *accounting reference date*.

16.3.18 G_{/1} *SUP* 16.2.1G emphasises the importance to the *FSA* of timely and accurate information. The extension of a *firm's* accounting period to more than 15 months may hinder the timely provision of relevant and important information to the *FSA*. This is because many due dates for reporting to the *FSA* are linked to *firms' accounting reference dates*. Indeed, for some categories of *firm*, the only reports required by the *FSA* have due dates for submission which are linked to the *firm's accounting reference date*. If the extension of a *firm's* accounting period appears likely to impair the effectiveness of the *FSA's* supervisory work, the *FSA* may take action to ensure that it continues to receive the information it requires on a timely basis. This may include the use of any of the tools of supervision set out in *SUP* 1.4.5G.

16.3.19 G_{/1} If more than one *firm* in a *group* intends to change its *accounting reference date* at the same time, a single notification may be given to the *FSA*, as described in *SUP* 15.7.8G.

Underwriting agents: submission to the Society of Lloyd's

16.3.20 R_{/1} (1) Paragraph (2) applies in relation to reports required under this chapter within the scope of any arrangements made by the *FSA* with the *Society of Lloyd's* under paragraph 6(2) of Schedule 1 to the *Act*.

(2) An *underwriting agent* must submit the reports in (1) to the *Society of Lloyd's* rather than to the *FSA*.

16.3.21 G_{/1} See *SUP* 15.7.13G and *SUP* 15.7.14G for *guidance* on arrangements in *SUP* 16.3.20R.

Service of Notices Regulations

16.3.22 G_{/1} The Financial Services and Markets Act 2000 (Service of Notices) Regulations 2001 (SI 2001/1420) contain provisions relating to the service of documents on the *FSA*. They do not apply to reports required under *SUP* 16, because of the specific *rules* in this section.

Confidentiality and sharing of information

16.3.23 G_{/1} When the *FSA* receives a report which contains confidential information and whose submission is required under this chapter, it is obliged under Part XXIII of the *Act* (Public Record, Disclosure of Information and Co-operation) to treat that information as confidential. (See *SUP* 2.2.4G)

16.3.24 G_{/1} *SUP* 2.3.12G states that the *FSA* may pass to other regulators information which it has in its possession. Such information includes information contained in reports submitted under this chapter. The *FSA's* disclosure of information to other regulators is subject to *SUP* 2.2.4G (Confidentiality of information).

Reports from groups**16.3.25****G**
/1

If this chapter requires the submission of a report covering a *group*, a single report may be submitted, and so satisfy the requirements of all *firms* in the *group*. Such a report should contain the information required from all of them, meet all relevant due dates and indicate all the *firms* on whose behalf it is submitted; if necessary a separate covering sheet should list the *firms* on whose behalf a report is submitted. Nevertheless, the requirement to provide a report, and the responsibility for the report, remain with each *firm* in the *group*.

16.3.26**G**
/1

Examples of reports covering a *group* are:

- (1) the compliance reports required from *banks* under *SUP* 16.6.4R;
- (2) annual controllers reports required under *SUP* 16.4.5R;
- (3) annual close links reports required under *SUP* 16.5.4R
- (4) consolidated financial reports required from *banks* under *SUP* 16.7.7R;
- (5) consolidated reporting statements required from *securities and futures firms* under *SUP* 16.7.24R.

16.4 Annual controllers report

Application

16.4.1

G

/1

The effect of SUP 16.1.1R is that this section applies to every *firm* except:

- (1) an *ICVC*;
- (2) an *incoming EEA firm*;
- (3) an *incoming Treaty firm*;
- (4) a *non-directive friendly society*;
- (5) a *partnership*;
- (6) a *sole trader*;
- (7) a *service company*;
- (8) a *UCITS qualifier*.

16.4.2

G

/1

This section may be of relevance to a *directive friendly society*:

- (1) if it has 10 members or less;
- (2) if it has a delegate voting system and has 10 delegates or less; or
- (3) if it has 20 members or less and effects or carries out group insurance contracts where one person may exercise one vote on behalf of the members of a group and one vote in their private capacity; or

where a member or delegate, whether alone or with any associate, is entitled to exercise, or control the exercise of, 10% or more of the total voting power.

16.4.3

G

/1

Requirements for notifications of a change in *control* can be found in SUP 11 (Controllers and close links).

Purpose

16.4.4

G

/1

A *firm* and its *controllers* are required to notify certain changes in *control* (See SUP 11 (Controllers and close links)). The purpose of the *rules* and *guidance* in this section is:

- (1) to ensure that, in addition to such notifications, the *FSA* receives regular and comprehensive information about the identities of all of the *controllers* of a *firm*, which is relevant to a *firm's* continuing to satisfy the *threshold conditions* (see *COND 2.3*) and to the protection of *consumers*;
- (2) to implement certain requirements relating to annual reporting of *controllers* which must be imposed on *firms* under the *Investment Services Directive*, the *Banking Consolidation Directive*, the *Third Life Directive* and the *Third Non-Life Directive*; and
- (3) to support the *FSA's* functions under Part XII of the *Act* (Control over authorised persons) (see *SUP 11* (Controllers and close links)).

Reporting requirement

16.4.5

R
/1

- (1) A *firm* must submit a report to the *FSA* annually, containing the information in (3) or (4) (as applicable).
- (2) A *firm* must submit the report in (1) to the *FSA* within four months of the *firm's accounting reference date*.
- (3) If a *firm* is not aware:
 - (a) that it has any *controllers*; or
 - (b) of any changes in the identity of its *controllers* since the submission of its previous report under (1); or
 - (c) of any changes in the percentage of shares or *voting power* in the *firm* held by any *controllers* (alone or with any associate) since the submission of its previous report;

then the report in (1) must confirm this.
- (4) Unless (3) applies, the report in (1) must contain a list of all the *controllers* as at the *firm's accounting reference date* of which it is aware and, for each such *controller*, state:
 - (a) its name;
 - (b) the percentage of *voting power* in the *firm*, or in the *firm's parent undertaking*, which it is entitled to exercise or control the exercise of, whether alone or with any associate;
 - (c) the percentage of shares in the *firm*, or in the *firm's parent undertaking*, which it holds, whether alone or with any associate;
 - (d) if the *controller* is a *body corporate*, its country of incorporation, address and registered number; and
 - (e) if the *controller* is an individual, his date and place of birth.

(5) **In this section, “associate” and “shares” have the meanings given in the definition of *controller*.**

- 16.4.6** **G**
/1 The information required by SUP 16.4.5R(4) may be provided in the form of a group organisation chart.
- 16.4.7** **G**
/1 If a *group* includes more than one *firm*, a single annual controllers report may be submitted, and so satisfy the requirements of all *firms* in the *group*. Such a report should contain the information required from all of them, meet all relevant due dates and indicate all the *firms* on whose behalf it is submitted. Nevertheless, the requirement to provide a report, and the responsibility for the report, remain with each *firm* in the *group*.
- 16.4.8** **G**
/1 A *firm* may submit a single report satisfying the requirements of its annual controllers report (SUP 16.4.5R) and its annual close links report (SUP 16.5.4R). Such a report should contain the information required on both *controllers* and *close links*.
- 16.4.9** **G**
/1 *Firms* are reminded of the requirement in SUP 11.4.10R to take reasonable steps to keep themselves informed about the identity of their *controllers*.
- 16.4.10** **R**
/1 If a *firm* is a *friendly society* or a *building society*, then it is required to submit a report under SUP 16.4.5R only if it is aware that it has a *controller*.

16.5 Annual close links report

Application

16.5.1

G
/1

The effect of *SUP* 16.1.1R is that this section applies to every *firm* except:

- (1) an *ICVC*;
- (2) an *incoming EEA firm*;
- (3) an *incoming Treaty firm*;
- (4) a *non-directive friendly society*;
- (5) a *partnership*;
- (6) a *sole trader*;
- (7) a *service company*;
- (8) a *UCITS qualifier*.

Purpose

16.5.2

G
/1

A *firm* is required to notify the *FSA* of changes to its *close links* (see *SUP* 11.9). *Threshold condition 3* (Close links) provides that, if a *firm* has *close links* with another *person*, the *FSA* must be satisfied that:

- (1) those *close links* are not likely to prevent the *FSA*'s effective supervision of the *firm*; and
- (2) where it appears to the *FSA* that the *person* is subject to the laws, regulations or administrative provisions of a territory which is not an *EEA State*, neither the foreign provisions, nor any deficiency in their enforcement, would prevent the *FSA*'s effective supervision of the *firm*.

16.5.3

G
/1

The purposes of the *rules* and *guidance* in this section are:

- (1) to ensure that, in addition to such notifications, the *FSA* receives regular and comprehensive information about the identities of all persons with whom a *firm* has *close links*, which is relevant to a *firm*'s continuing to satisfy the *threshold condition 3* (Close links) (see *COND* 2.3) and to the protection of *consumers*; and

- (2) to implement certain requirements relating to the provision of information on *close links* which must be imposed on *firms* under the “*Post-BCCI Directive*”.

Report

16.5.4

R

/1

- (1) A *firm* must submit a report to the *FSA* annually, containing the information in (3) or (4) (as applicable).
- (2) A *firm* must submit the report in (1) to the *FSA* within four months of the firm’s *accounting reference date*.
- (3) If a *firm* is not aware:
- (a) that it has any *close links*; or
 - (b) of any material changes to the details in (4) (a) to (c) in respect of its *close links* since the submission of its previous report under (1);
- then the report in (1) must confirm this.
- (4) Unless (3) applies, the report in (1) must contain a list of all *persons* with whom the *firm* has *close links* as at the *firm’s accounting reference date* of which it is aware, and for each such *person* state:
- (a) its name;
 - (b) the nature of the *close links*;
 - (c) if the *close link* is with a *body corporate*, its country of incorporation, address and registered number; and
 - (d) if the *close link* is with an individual, his date and place of birth.

16.5.5

G

/1

The information required by *SUP* 16.5.4R(4) may be provided in the form of a group organisation chart.

16.5.6

G

/1

If a *group* includes more than one *firm*, a single annual close links report may be submitted and so satisfy the requirements of all *firms* in the *group*. Such a report should contain the information required from all of them, meet all relevant due dates and indicate all the *firms* on whose behalf it is submitted. Nevertheless, the requirement to provide a report, and the responsibility for the report, remain with each *firm* in the *group*.

16.5.7

G

/1

A *firm* may submit a single report satisfying the requirements of its annual controllers report (*SUP* 16.4.5R) and its annual close links report (*SUP* 16.5.4R). Such a report should contain the information required on both *controllers* and *close links*.

16.5.8

R
/1

If a *firm* is an unincorporated *friendly society*, then it is only required to submit a report under SUP 16.5.4R if it is aware that it has *close links*.

16.6 Compliance reports

Application

16.6.1 G_{/1} The effect of SUP 16.1.1R is that this section applies to every *firm* within a category listed in the left hand column of the table in SUP 16.6.2G.

16.6.2 G_{/1} Table Applicable provisions of this section (see SUP 16.6.1G)

Category of firm	Applicable provisions
<i>Bank</i>	SUP 16.6.4R – SUP 16.6.5R
<i>Trustee of an AUT</i> <i>Depositary of an ICVC</i>	SUP 16.6.6R – SUP 16.6.9G
<i>OPS firm</i>	SUP 16.6.6R – SUP 16.6.8R

Purpose

16.6.3 G_{/1} The FSA performs part of its supervision work by reviewing and analysing information about *firms'* records of compliance with the requirements and standards under the *regulatory system*. The type of report the FSA requires will vary, depending on the type of business a *firm* undertakes. The requirements in SUP 16.6 represent an interim approach to compliance reporting, based mainly on the reporting requirements, which *previous regulators* applied to *firms*. This information helps the FSA to determine whether a *firm* is complying with the requirements applicable to its business, and what procedures it is operating to ensure its compliance.

Banks

16.6.4 R_{/1} **A bank must submit compliance reports to the FSA in accordance with SUP 16.6.5R.**

16.6.5 R_{/1} Table Compliance reports from a bank (see SUP 16.6.4R)

Report	Frequency	Due date
List of all <i>overseas regulators</i> for each legal entity in the <i>firm's group</i>	Annually	6 months after the <i>firm's accounting reference date</i>
Organogram showing the <i>authorised entities</i> in the <i>firm's group</i>	Annually	6 months after the <i>firm's accounting reference date</i>

Trustees of authorised unit trust schemes, depositaries of ICVCs, and OPS firms

16.6.6 **R** ^{/1} A *firm* within a category listed in the left-hand column of SUP 16.6.7R must submit compliance reports in accordance with SUP 16.6.7R.

16.6.7 **R** ^{/1} Table Compliance reports from trustees of AUTs, depositaries of ICVCs, and OPS firms (see SUP 16.6.6R)

Report	Frequency	Due date
Report from a <i>trustee</i> of an <i>AUT</i> on <i>manager's failures</i> as set out in SUP 16.6.8R(1)	Quarterly	1 month after quarter end (Note)
Report from a <i>depository</i> of an <i>ICVC</i> on failures by the <i>authorised corporate director</i> as set out in SUP 16.6.8R(2)	Quarterly	1 month after quarter end (Note)
<i>OPS firms only:</i> Annual accounts of each <i>occupational pension scheme</i> in respect of which the <i>firm</i> is acting	Annually	7 months after end of the scheme year

Report	Frequency	Due date
<i>OPS firms only:</i> Audited annual accounts of each <i>OPS collective investment scheme</i> in respect of which the <i>firm</i> is acting	Annually	7 months after end of the scheme year
Note = The quarter ends are the end of the scheme year and 3, 6 and 9 months after that date.		

16.6.8

R

/1

- (1) The report from a *trustee* of an *AUT* to the *FSA* must state, in relation to the *manager* of each *AUT* for which it is a *trustee*, the number of times during the quarter in which facts came to the *firm's* knowledge from which it appeared, or might have appeared, that the *manager* had failed (materially or otherwise) to:
- (a) give correct instructions to the *trustee* to create or cancel *units* in the *AUT* when the *manager* should have done so, and the error:
 - (i) resulted in the creation of too few *units* or in the cancellation of too many *units*; and
 - (ii) was not corrected in accordance with the *FSA's guidance* as set out in *CIS App*;
 - (b) price *units* in the *AUT* in accordance with *CIS 4* for single-priced *AUTs* and *CIS 15* for dual-priced *AUTs*, where the pricing error was:
 - (i) greater than 0.5% of the price of a *unit*; or
 - (ii) less than 0.5% of the price of a *unit*, and the *trustee* did not consider the *manager's* controls to be adequate;
- unless the failure was an isolated incident.
- (2) The report from a *depository* of an *ICVC* to the *FSA* must state, in relation to the *authorised corporate director* of each *ICVC* for which the *firm* is a *depository*, the number of times during the quarter in which facts came to the *firm's* knowledge from which it appeared or might have appeared that the *authorised corporate director* had failed (materially or otherwise) to:
- (a) arrange for the issue or cancellation of *shares* in the *ICVC* when the *authorised corporate director* should have done so, and the error:

- (i) resulted in the creation of too few *shares* or in the cancellation of too many *shares*; and
 - (ii) was not corrected in accordance with the *FSA's guidance* as set out in *CIS App*;
- (b) price *shares* in the *ICVC* in accordance with the provisions of *CIS 4* for *ICVCs*, where the pricing error was:
- (i) greater than 0.5% of the price of a *share*; or
 - (ii) less than 0.5% of the price of a *share*, and the *depository* did not consider the *authorised corporate director's* controls to be adequate;

unless the failure was an isolated incident.

- (3) An *OPS firm* must notify the *FSA* of any change in the date of commencement of the scheme year of an *OPS* or *OPS collective investment scheme*, in respect of which the *firm* is acting, not less than 15 *business days* before the date on which such a change is to become effective.

16.6.9

G
/1

SUP 16 Ann 12G provides *guidance* on the completion of the report from a *trustee* of an *AUT* on a *manager's* failures as set out in *SUP 16.6.8R(1)*, and the report from a *depository* of an *ICVC* on failures by the *authorised corporate director* as set out in *SUP 16.6.8R(2)*. This *guidance* includes suggested formats for the submission of the reports.

16.7 Financial reports

Application

- 16.7.1 **G**_{/1} The effect of SUP 16.1.1R is that this section applies to every *firm* within a category listed in the left hand column of SUP 16.7.5G.
- 16.7.2 **G**_{/1}
 - (1) Reporting requirements for *insurers*, excluding *friendly societies* are set out in IPRU(INS).
 - (2) Reporting requirements for *friendly societies* are set out in IPRU(FSOC).

Purpose

- 16.7.3 **G**_{/1} *Principle 4* requires *firms* to maintain adequate financial resources, and the Interim Prudential sourcebooks set out the FSA’s detailed capital adequacy requirements. By submitting regular financial reports, *firms* enable the FSA to monitor their compliance with *Principle 4* and with the detailed requirements of the Interim Prudential sourcebooks. These reports also help the FSA to analyse *firms*’ financial condition and performance and to understand their business. By means of further collation and review of the data which these reports provide, the FSA also uses the reports to identify developments across the financial services industry and its constituent sectors.
- 16.7.4 **G**_{/1} The requirements in this section differ according to *firm* categories, as different financial information is required to reflect different types of business. The requirements in SUP 16.7 represent an interim approach to financial reporting, based mainly on the reporting requirements which *previous regulators* applied to *firms*. Standard formats are used for reporting by each category of *firm*, to assist comparability between *firms* of the same category. Timely submission is important to ensure the FSA has up-to-date information.

16.7.5 **G**_{/1} Table Applicable rules and guidance on financial reports (see SUP 16.7.1G)

Firm category	Applicable rules and guidance
<i>Bank</i>	SUP 16.7.7R – SUP 16.7.15R
<i>Building society</i>	SUP 16.7.16R – SUP 16.7.19R
<i>Service company</i>	SUP 16.7.20R – SUP 16.7.21R

Firm category	Applicable rules and guidance
<i>Securities and futures firm</i> (Note 1)	SUP 16.7.22R – SUP 16.7.34G
<i>Investment management firm</i>	SUP 16.7.35R – SUP 16.7.41R
<i>Personal investment firm</i>	SUP 16.7.42G – SUP 16.7.53G
<i>Authorised professional firm</i> (Note 2)	SUP 16.7.54R
<i>Society of Lloyd’s</i>	SUP 16.7.55R – SUP 16.7.56R and SUP 16.7.59R(1) and (2)
<i>Members’ adviser</i>	SUP 16.7.57R – SUP 16.7.58R, SUP 16.7.59R(3), SUP 16.7.60G and SUP 16.7.61G

Note 1 = For an *oil market participant*, this section does not apply unless *IPRU(INV)* 3 applies to the *firm*.

Note 2 = This section applies to an *authorised professional firm* which is required by *IPRU(INV)* 2.1.2R(1) to comply with chapter 3, 5, 10 or 13 of *IPRU(INV)*. This section applies to such a *firm* as if it were the relevant *firm* category in the right hand column of *IPRU(INV)* 2.1R.

16.7.6

G
/1

For each *firm* category there is a table listing the reporting requirements. The tables state the name of each report, the frequency with which a *firm* must submit it, and the due date for submission. Detailed reporting forms and *rules* and *guidance* on their completion are contained in annexes to this chapter.

Banks

16.7.7

R
/1

A UK bank must submit reports in accordance with SUP 16.7.8R.

16.7.8

R
/1

Table Financial reports from a UK bank (see SUP 16.7.7R)

Content of Report	Form (Note 1)	Frequency	Due date
Annual report and audited accounts	N/A	Annually	3 months after the <i>firm's accounting reference date</i>
Adequate information on capital adequacy (Unconsolidated, solo consolidated)	BSD3	Quarterly	10 <i>business days</i> after quarter end (12 <i>business days</i> if submitted electronically)
Adequate information on capital adequacy (Consolidated)	BSD3	Half yearly	20 <i>business days</i> after period end (22 <i>business days</i> if submitted electronically)
Analysis of large exposures (Unconsolidated, solo consolidated)	LE2	Quarterly	10 <i>business days</i> after quarter end
Analysis of large exposures (Consolidated)	LE2	Quarterly	20 <i>business days</i> after period end

Content of Report	Form (Note 1)	Frequency	Due date
Adequate information on holdings of credit and financial institutions' and non-financial companies' capital instruments (Unconsolidated, solo consolidated)	M1 (Note 2)	Quarterly	10 <i>business days</i> after quarter end (12 <i>business days</i> if submitted electronically)
Adequate information on holdings of credit and financial institutions' and non-financial companies' capital instruments (Consolidated)	M1 (Note 2)	Half yearly	20 <i>business days</i> after period end (22 <i>business days</i> if submitted electronically)
Adequate information on sterling stock liquidity	SLR1 (Note 3)	Monthly (Note 4)	6 <i>business days</i> after second Wednesday of the month
Adequate information on mismatch liquidity	LR (Note 3)	Quarterly	10 <i>business days</i> after quarter end (12 <i>business days</i> if submitted electronically)

Content of Report	Form (Note 1)	Frequency	Due date
List of <i>companies</i> included in the <i>bank's</i> consolidated large exposure reporting	N/A	Annually	6 months after the <i>firm's accounting reference date</i>
Annual confirmation that all <i>companies</i> included in solo consolidation meet the criteria for such consolidation as set out in <i>IPRU(BANK)</i> CS 9.2	N/A	Annually	6 months after the <i>firm's accounting reference date</i>

Note 1 = When giving the report required, a *bank* must use the form indicated, if any. The content of the form has the status of *guidance* on the type of information that should be provided to meet the reporting obligation. A copy of the form is located in *SUP* 16 Ann 1R.

Note 2 = This report is only required from a *bank* which reports either on a solo or consolidated basis and:

(i) has been granted a trading book concession as explained in *IPRU(BANK)* CA 10.3; or

(ii) has qualifying holdings in non-financial *companies* as explained in *IPRU(BANK)* CA 10.4.

Content of Report	Form (Note 1)	Frequency	Due date
-------------------	---------------	-----------	----------

Note 3 = A *bank* is not required to submit both the SLR1 and LR.

A *bank* which monitors its liquidity according to the maturity mismatch approach as set out in *IPRU(BANK) LM* must submit the LR.

A *bank* which monitors its liquidity according to the sterling stock liquidity approach as set out in *IPRU(BANK) LS* must submit the SLR1.

Note 4 = This report must be prepared as at the second Wednesday of each month. See *IPRU(BANK) LS 5.2 (2)* regarding submission of an SLR1 on breach of various limits.

16.7.9 **R** An *EEA bank* must submit reports in accordance with *SUP 16.7.10R*.

/1

16.7.10 **R** Table Financial reports from an *EEA bank* (see *SUP 16.7.9R*)

/1

Content of Report	Form (Note)	Frequency	Due date
Adequate information on mismatch liquidity (excluding deposit concentration)	LR – (excluding Part 5)	Quarterly	10 <i>business days</i> after quarter end (12 <i>business days</i> if submitted electronically)

Note = When giving the report required, a *bank* must use the form indicated. The content of the form has the status of *guidance* on the type of information that should be provided to meet the reporting obligation. A copy of the form is located in *SUP 16 Ann 1R*.

16.7.11 **R** A *bank* established outside the *EEA* must submit reports in accordance with *SUP 16.7.12R*.

/1

16.7.12

R

Table Financial reports from a bank established outside the EEA (see SUP 16.7.11R)

Content of Report	Form (Note)	Frequency	Due date
Analysis of profits, large exposures, balance sheet, off balance sheet items and bad and doubtful debt provisions	B7	Half yearly	10 <i>business days</i> after period end (12 <i>business days</i> if submitted electronically)
Adequate information on mismatch liquidity	LR (Note 2)	Quarterly	10 <i>business days</i> after quarter end (12 <i>business days</i> if submitted electronically)

Note = When giving the report required, a *bank* must use the form indicated. The content of the form has the status of *guidance* on the type of information that should be provided to meet the reporting obligation. A copy of the form is located in SUP 16 Ann 1R.

16.7.13

R

A *bank* must submit the reports described in SUP 16.7.8R, SUP 16.7.10R and SUP 16.7.12R to the following:

- (1) BSD3, LR, SLR1, B7 and M1 to: The Financial Statistics Division Domestic Banking Group (HO-4) Bank of England Threadneedle Street London EC2R 8AH;
- (2) all other reports to the *bank's* usual supervisory contact at the address in SUP 16.3.10R.

The Bank of England acts only as the agent of the *FSA* with regard to reports in (1).

16.7.14

G

Guidance notes for the completion of the reports are contained in SUP 16 Ann 2G.

Electronic submission to the Bank of England

16.7.15

R

/1

A *bank* must submit the reports referred to in SUP 16.7.13R(1) either: in the electronic format specified in the Bank of England Reporting System specification as at *commencement*, sent either:

- (1) on paper; or
- (2) in the electronic format specified in the Bank of England Reporting System specification as at *commencement* and sent either;
 - (a) by the AT&T Global Network to one of the addresses specified in the above specification; or
 - (b) by e-mail to mfsd_beers@bofe.co.uk
 - (c) on computer diskette but to paper reporting deadlines

Building societies

16.7.16

R

/1

A *building society* must submit reports to the FSA in accordance with SUP 16.7.17R.

16.7.17

R

/1

Table Financial reports from a building society. (see SUP 16.7.16R)

Content of Report	Form (Note 1)	Frequency	Due date
Adequate information on group balance sheet, analysed between society and subsidiary undertakings	MFS1 – (Table A)	Monthly	9 <i>business days</i> after month end (largest societies) (Note 2) 12 <i>business days</i> after month end (other societies)
Adequate information on society's balance sheet and primary business transactions	MFS1 – (Tables B to G)	Monthly	7 <i>business days</i> after month end (largest societies) (Note 2) 10 <i>business days</i> after month end (other societies)
Sectoral breakdown of the society's balance sheet	MFS1 Supp (Note 3)	Monthly	7 <i>business days</i> after month end
Adequate information on balance sheets and primary business transactions of society's subsidiary undertakings accepting deposits and/ or lending	MFS2	Monthly	7 <i>business days</i> after month end (largest societies) (Note 2) 10 <i>business days</i> after month end (other societies)
Analysis of interest rate risk gap (Note 4)	N/A	Monthly	15 <i>business days</i> after month end

Content of Report	Form (Note 1)	Frequency	Due date
Adequate information on balance sheet, income and expenditure, capital, lending quality, large exposures and maturities for the society and its subsidiary undertakings, together with relevant expected and likely out-turns	QFS1	Quarterly	18 <i>business days</i> after society's financial quarter end
Sectoral and other breakdowns of assets and liabilities, gilt maturities, and derivative contracts	QFS2 (Note 3)	Quarterly	11 <i>business days</i> after calendar quarter end
Adequate information on balance sheet, income and expenditure, the range and volume of activities undertaken by the society, its subsidiary undertakings, and where relevant, its participating interests	AFS1	Annually	2 months after society's accounting reference date.

Content of Report	Form (Note 1)	Frequency	Due date
<p>Note 1 = When giving the report required, a <i>building society</i> must use the form indicated, if any. The content of the form has the status of <i>guidance</i> on the type of information that should be provided to meet the reporting obligation. A copy of the form is located in <i>SUP 16 Ann 3R</i> for all reports (except the "Analysis of interest rate gap" for which no form is provided).</p> <p>Note 2 = Largest societies are defined as those societies who were the 40 largest <i>building societies</i> (in terms of total assets) as at 31 December 1991.</p> <p>Note 3 = Only required from the largest tier (see Note 2).</p> <p>Note 4 = All societies except those on the "Administered" approach (see <i>IPRU(BSOC) 4 Ann 4A 4A.2</i>) complete the "Analysis of interest rate risk gap". <i>SUP 16.7.19R</i> does not apply to the "Analysis of interest rate risk gap".</p>			

16.7.18 G *Guidance* notes for the completion of the reports are contained in *SUP 16 Ann 4G*.
/1

Method of submission

16.7.19 R A *building society* must submit the reports in *SUP 16.7.17R* (other than the "Analysis of interest rate risk gap") either:
/1

- (1) by means of the Remote Data Entry system supplied by the *FSA* (and previously by the Building Societies Commission); or
- (2) by post or fax to the address in *SUP 16.3.10R* using:
 - (a) the pre-printed forms supplied by the *FSA* for that purpose; or
 - (b) its own version of the *FSA's* specified forms, provided that version is equivalent in terms of content and layout.

Service companies

16.7.20 R A *service company* must submit reports to the *FSA* in accordance with *SUP 16.7.21R*.
/1

16.7.21 R Table Financial reports required from service companies (see *SUP 16.7.20R*)
/1

Report	Frequency	Due date
Annual audited financial statements	Annually	6 months after the <i>firm's accounting reference date</i>

Securities and futures firms

- 16.7.22** **R** (1) *SUP 16.7.23R to SUP 16.7.30R do not apply to a lead regulated firm.*
/1
- (2) *A lead regulated firm must submit a copy of its audited annual financial statements to the FSA within six months of the date at which they were prepared.*
- 16.7.23** **R** For the purposes of *SUP 16.7.24R to SUP 16.7.34G*, the definitions of the following *firm* types provided in the glossaries in *IPRU(INV) 3 and 10* apply:
/1
- (1) adviser;
 - (2) arranger;
 - (3) broad scope firm;
 - (4) category A;
 - (5) category B;
 - (6) category C;
 - (7) category D;
 - (8) local; and
 - (9) venture capital firm.
- 16.7.24** **R** *A securities and futures firm which is a category A or B firm or a broad scope firm must submit reports to the FSA in accordance with SUP 16.7.25R.*
/1
- 16.7.25** **R** Table Financial reports required from a securities and futures firm which is a category A or B firm or a broad scope firm (see *SUP 16.7.24R*)
/1

Report	Frequency	Due date
Audited annual financial statements	Annually	3 months after the <i>firm's accounting reference date</i>
Annual reporting statement	Annually	3 months after the <i>firm's accounting reference date</i>
Annual reconciliation (Note 1)	Annually	3 months after the <i>firm's accounting reference date</i>
Audited accounts of any subsidiary, unless the <i>rules</i> in this chapter require that subsidiary to submit accounts to the <i>FSA</i>	Annually	3 months after the <i>firm's accounting reference date</i>
Consolidated reporting statement (Note 2)	Half yearly	1 month after period end
Large exposures quarterly reporting statement (Form LEM 1 or LEM 2) – solo (Notes 3 and 4)	Quarterly	15 <i>business days</i> after quarter end
Large exposures quarterly reporting statement (Form LEM 1 or LEM 2) – consolidated (Notes 2 and 4)	Quarterly	1 month after quarter end
Monthly reporting statement	Monthly	15 <i>business days</i> after month end

Report	Frequency	Due date
--------	-----------	----------

Note 1 = Every year a *firm* must submit:

(a) a reconciliation and explanation of any differences between amounts shown in the balance sheet in the audited annual financial statements and the annual reporting statement; and

(b) a reconciliation and explanation of any differences between the annual reporting statement and the monthly reporting statement prepared as at the same date.

Note 2 = Only for category A and B firms which are subject to the consolidation *rules* set out in *IPRU (INV) 10–200R – 10–203R*, and are not exempt from the consolidation *rules* under *IPRU (INV) 10–200R(2)* or *IPRU (INV) 10–204R*.

Note 3 = Only for category A and B firms.

Note 4 = A *firm* which was required to submit Form LEM1 in the relevant period immediately prior to the *commencement* must continue to do so.

A *firm* which was required to submit Form LEM2 in the relevant period immediately prior to the *commencement* must continue to do so. A category A or B firm *authorised* after the *commencement* must submit Form LEM1.

16.7.26 **R** /1 A *securities and futures firm* which is a category C or D firm or an arranger or venture capital firm must submit reports to the FSA in accordance with SUP 16.7.27R.

16.7.27 **R** /1 Table Financial reports from a securities and futures firm which is a category C or D firm or an arranger or venture capital firm (see SUP 16.7.26R)

Report	Frequency	Due date
Audited annual financial statements	Annually	3 months after the <i>firm's accounting reference date</i>
Annual reporting statement	Annually	3 months after the <i>firm's accounting reference date</i>

Report	Frequency	Due date
Annual reconciliation (Note 1)	Annually	3 months after the <i>firm's accounting reference date</i>
Audited accounts of any <i>subsidiary</i> unless the <i>rules</i> in this chapter require that <i>subsidiary</i> to submit accounts to the <i>FSA</i>	Annually	3 months after the <i>firm's accounting reference date</i>
Consolidated reporting statement (Note 2)	Half yearly	1 month from period end
Large exposures quarterly reporting statement (Form LEM 1 or LEM 2) – solo (Notes 3 and 4)	Quarterly	15 <i>business days</i> after quarter end
Large exposures quarterly reporting (Form LEM 1 or LEM 2) – consolidated (Notes 2 and 4)	Quarterly	1 month after quarter end
Quarterly reporting statement	Quarterly	15 <i>business days</i> after quarter end

Note 1 = Every year a *firm* must submit:

(a) a reconciliation and explanation of any differences between amounts shown in the balance sheet in the audited annual financial statements and the annual reporting statement; and

(b) a reconciliation and explanation of any differences between the annual reporting statement and the monthly reporting statement prepared as at the same date.

Report	Frequency	Due date
<p>Note 2 = Only for category C firms (as defined in the glossaries located in <i>IPRU(INV)</i> 10), which are subject to the consolidation rules set out in <i>IPRU(INV)</i> 10–200R – 10–203R, and are not exempt from the consolidation rules under <i>IPRU(INV)</i> 10–200R(2) or <i>IPRU(INV)</i> 10–204R.</p>		
<p>Note 3 = Only for category C firms (as defined in the glossaries located in <i>IPRU(INV)</i> 10).</p>		
<p>Note 4 = A firm which was required to submit Form LEM1 in the relevant period immediately prior to commencement must continue to do so.</p>		
<p>A firm which was required to submit Form LEM2 in the relevant period immediately prior to commencement must continue to do so.</p>		
<p>A category C firm authorised after commencement must submit the Form LEM1.</p>		

16.7.28 **R** *A securities and futures firm* which is an adviser or local, or a traded options market maker (as referred to in *IPRU(INV)* 3-60R (4)) must submit reports to the FSA in accordance with SUP 16.7.29R.
/1

16.7.29 **R** Table Financial reports from a securities and futures firm which is an adviser, local or a traded options market maker (see SUP 16.7.28R)
/1

Report	Frequency	Due date
Solvency statement (<i>sole traders only</i>)	Annually	2 months after the <i>firm's accounting reference date</i>
Audited annual financial statements (<i>partnerships and bodies corporate only</i>)	Annually	3 months after the <i>firm's accounting reference date</i>
Audited accounts of any <i>subsidiary unless the rules in this chapter require that subsidiary to submit accounts to the FSA</i>	Annually	3 months after the <i>firm's accounting reference date</i>

- 16.7.30** **R**
/1 (1) *A securities and futures firm* which is an *ISD investment firm*, and which is a *sole trader*, or a *partnership* formed under the laws of England and Wales, must submit a solvency statement for the *sole trader* or each *partner* to the *FSA* every year.
- (2) The due date for the submission of the solvency statement is three months after the *firm's accounting reference date*.
- 16.7.31** **R**
/1 *A securities and futures firm* must submit the reports in accordance with, and in the same format as, the forms contained in *SUP 16 Ann 10R*, and as required by section 6 of that annex.
- 16.7.32** **G**
/1 *Guidance* notes for the completion of the reports are contained in *SUP 16 Ann 11G*.
- 16.7.33** **R**
/1 (1) Any report in *SUP 16.7.23R* to *SUP 16.7.30R* submitted to the *FSA* by a *securities and futures firm* must be signed by two authorised signatories satisfying the requirements of *SUP 16.7.33R(2)*, except for:
- (a) the audited accounts of a *subsidiary* of the *firm* and the *firm's* audited annual financial statements; and
- (b) other reports where the *firm* is a *sole trader*, when only one authorised signatory is required.
- (2) An authorised signatory must be:
- (a) for a body corporate, a *director*;

- (b) for a partnership, a *partner* who is an *approved person* of the *firm*;
 - (c) for a *sole trader*, the proprietor.
- (3) A *firm* must use the FiRSt 5.0 software package made available to *firms* by the *FSA* (and previously by the *SFA*) to submit the following reports:
- (a) annual reporting statement;
 - (b) monthly reporting statement;
 - (c) quarterly reporting statement; and
 - (d) consolidated reporting statement.
- (4) All reports in *SUP* 16.7.24R to *SUP* 16.7.30R must be sent to the address given in *SUP* 16.3.10R, using pre-printed labels provided by the *FSA* for this purpose.

16.7.34

G
/1

The *FSA* expects the audited annual financial statements to be submitted together with the auditor’s report required by *SUP* 3.9.4R.

Investment management firms

16.7.35

R
/1

An *investment management firm* which is not one of the types of *firm* specified in *SUP* 16.7.37R must submit reports to the *FSA* in accordance with *SUP* 16.7.36R.

16.7.36

R
/1

Table Financial reports from an investment management firm (see *SUP* 16.7.35R)

Report	Frequency	Due date
Annual Financial Return (Note 1)	Annually	4 months after the <i>firm’s accounting reference date</i>
Annual accounts (Note 1)	Annually	4 months after the <i>firm’s accounting reference date</i>
Annual solvency statement (only for individuals in partnership) (Note 2)	Annually	At the same time as the Annual Financial Return

Report	Frequency	Due date
Quarterly Financial Return (only for firms subject to a Liquid Capital Requirement as set out in <i>IPRU(INV) 5.2.3 (1)(a)</i>)	Quarterly	1 month after quarter end
Monthly Financial Return (only for ISD firms (Note 3) subject to the Own Funds Requirement of Euro 730,000 as set out in <i>IPRU(INV) 5.2.3(1)(b)</i>) (Note 4)	Monthly	1 month after month end

Note 1: The Annual Financial Return and the annual accounts of a *firm* must together give a true and fair view of the state of affairs of the *firm* (or in the case of a *sole trader*, of his regulated activities) and of the *firm's* profit or loss.

Note 2: The annual solvency statement is a statement from each *partner* in the following form: "I certify that I have sufficient assets to cover my personal liabilities."

Note 3: The definition of ISD firm for this purpose is provided in the glossary located in *IPRU(INV) 5*.

Note 4: A *firm* need not prepare a Monthly Financial Return as at the same date as a Quarterly Financial Return. A *firm* must therefore prepare eight Monthly and four Quarterly Financial Returns each year. One Quarterly Financial Return must be prepared to the same date as the Annual Financial Return (but submitted earlier). Monthly and Quarterly Financial Returns are not cumulative, and must relate only to the period concerned. A *firm* may need to prepare more frequent accounts, including financial resources statements, for its own internal use to ensure that it complies at all times with the *rules* in *IPRU(INV)*.

16.7.37

R

SUP 16.7.36R does not apply to an *investment management firm* which is:

/1

(1) a *lead regulated firm* or an *OPS firm* (but if a *firm* falls into either of these categories, then it must submit a copy of its annual accounts in accordance with *SUP 16.7.36R*);

(2) a local authority.

16.7.38 **R** *An investment management firm* must submit the required reports in accordance with, and in the same format as, the forms contained in *SUP 16 Ann 5R*, and according to the requirements contained in section 4 of that annex.

/1

16.7.39 **G** The *FSA* expects the annual accounts to be submitted together with the auditor's report required by *SUP 3.9.4R*.

/1

Reporting periods

16.7.40 **R** The period covered by:

/1

- (1) monthly financial returns may not exceed one *month*;
- (2) quarterly financial returns may not exceed three *months*; and
- (3) annual financial returns may not exceed twelve *months*.

Timely reporting

16.7.41 **R** *An investment management firm* must notify the *FSA* in writing as soon as it has reason to believe it will be unable to submit an annual, quarterly or monthly financial return by the dates specified in *SUP 16.7.36R*. Such notice must specify why it cannot submit the report to the *FSA* on time and give the date by which it will submit the report to the *FSA*.

/1

Personal investment firms

16.7.42 **G** *SUP 16.7.48R* covers the reporting requirements applicable to a *small personal investment firm*.

/1

16.7.43 **R** For the purposes of *SUP 16.7.44R* to *SUP 16.7.51R* the definitions of the following *firm* types provided in the glossary in *IPRU(INV) 13* apply:

/1

- (1) Category A1 firm;
- (2) Category A2 firm;
- (3) Category A3 firm;

- (4) Category B1 firm;
- (5) Category B2 firm;
- (6) Category B3 firm;
- (7) network;

16.7.44 **R** *A personal investment firm (except a small personal investment firm) must submit reports to the FSA in accordance with SUP 16.7.45R.*
/1

16.7.45 **R** Table Financial reports from a personal investment firm (except a small personal investment firm) (see SUP 16.7.44R)
/1

Report	Frequency	Due date
Annual questionnaire (Note 1)	Annually	2 months after the firm's accounting reference date
Annual financial statements (Note 2)	Annually	4 months after the firm's accounting reference date
Audited consolidated statutory accounts (Note 3)	Annually	4 months after the firm's accounting reference date
Annual reconciliation (Note 4)	Annually	4 months after the firm's accounting reference date
Form 13A (Balance sheet)	Note 5	Note 5
Form 13Bi/ Bii (Profit and Loss)	Note 5	Note 5
Form 13Ci (Statement of own funds)	Note 5	Note 5
Form 13Cii (Statement of own funds) (unincorporated firms only)	Note 5	Note 5

Report	Frequency	Due date
Form 13D (Financial Resources test – current assets)	Note 5	Note 5
Form 13E (Financial Resources test – expenditure requirement) (Note 6)	Note 5	Note 5
Form 13F (Financial Resources test – assets and liabilities)	Note 5	Note 5
Form 13G (Financial Resources test – position risk deductions)	Note 5	Note 5
Form 13J (<i>Sole trader solvency statement</i>) (<i>sole traders only</i>)	Note 5	Note 5
Report on holdings of second-hand life policies (only from second hand life policy market makers) (Note 7)	Quarterly	3 weeks after quarter end

Note 1 = Not required from Category A1 and B1 firms.

Note 2 = The annual financial statements must include all reports, for which this Table specifies a monthly or quarterly frequency.

Note 3 = Only required from a *firm* if it is a *holding company*, or if one of its *controllers* is a *company*.

Note 4 = Every year a *firm* must submit a reconciliation of the amounts shown in the balance sheet in the annual financial statements with the amounts shown in the balance sheet in the last monthly or quarterly financial statements.

The *firm* must submit this reconciliation with its annual financial statements.

Report	Frequency	Due date
<p>Note 5 = For a Category A1 or B1 firm, the frequency will be monthly, and the due date will be 3 weeks after month end.</p> <p>For a Category B2 firm, which has less than 26 <i>financial advisers</i>, the frequency will be annual, and the due date will be 4 months after year end.</p> <p>For a Category B3 firm, which has less than 26 <i>financial advisers</i>, and has <i>permission to manage investments</i>, the frequency will be annual, and the due date will be 4 months after year end.</p> <p>For any other <i>firm</i> to which SUP 16.7.46R applies, frequency will be quarterly, and the due date will be 3 weeks after quarter end.</p> <p>Note 6 = A <i>firm</i> which is a Category A1 firm, a Category A2 firm with <i>permission to manage investments</i>, or a Category A network must submit the Form 13Ei as contained in SUP 16 Ann 7 (section 3). A firm which is a Category A2 firm without <i>permission to manage investments</i>, or a Category A3 firm, must submit the Form 13Eii as contained in SUP 16 Ann 7 (section 3). A <i>firm</i> which is a Category B1, B2 or B3 firm must submit the Form 13E as contained in SUP 16 Ann 7 (section 4).</p> <p>Note 7 = “Second hand life policy” in SUP 16 means a <i>life policy</i> which is to be or has been assigned for value by the <i>policyholder</i> to another <i>person</i>.</p>		

16.7.46 **R** In addition to the reports specified in SUP 16.7.45R, a Category A1, A2 or A3 *personal investment firm* must submit reports to the FSA in accordance with SUP 16.7.47R.

16.7.47 **R** Table Additional financial reports required from a Category A1, A2 or A3 firm (see SUP 16.7.46R)

Report	Frequency	Due date
Consolidated financial resources return (Note 1)	Quarterly	3 weeks after quarter end
Form CAD 13	Quarterly	3 weeks after quarter end
Form 13H (Restrictions of Financial Resources)	Note 2	Note 2
Form 13I (Statement of large exposures)	Quarterly	3 weeks after quarter end
Form 13I (Consolidated statement of large exposures) (Note 1)	Quarterly	3 weeks after quarter end

Note 1 = This report is only required from a *firm* if it is a member of a *group*, and it is subject to consolidated supervision as set out in *IPRU(INV)* 13.7.1R to 13.7.2R.

Note 2 = For a Category A1 firm frequency will be monthly and due date will be 3 weeks after month end. For a Category A2 or A3 firm frequency will be quarterly and due date will be 3 weeks after quarter end.

16.7.48 **R** *A small personal investment firm* must submit reports to the FSA in accordance with SUP 16.7.49R.
/1

16.7.49 **R** Table Financial reports required from a small personal investment firm. (see SUP 16.7.48R)
/1

Report	Frequency	Due date
Annual questionnaire	Annually	4 months after the <i>firm's accounting reference date</i>
Audited consolidated annual financial statements (Notes 1 and 2)	Annually	4 months after the <i>firm's accounting reference date</i>

Report	Frequency	Due date
Note 1 = Only required from a <i>firm</i> if it is a <i>holding company</i>, or if one of its <i>controllers</i> is a <i>company</i>.		
Note 2 = The <i>firm</i> must submit the statutory accounts of the <i>group</i> to which it belongs.		

- 16.7.50** **R** ^{/1} SUP 16.7.42G to SUP 16.7.49R do not apply to a *lead regulated firm*.
- 16.7.51** **R** ^{/1} (1) A Category A1, A2 or A3 firm must submit the reports in SUP 16.7.45R and SUP 16.7.47R in accordance with, and in the same format as, the forms contained in SUP 16 Ann 7R (sections 1, 3 and 6), and as required by section 5 of that annex.
- (2) A Category B1, B2 or B3 firm must submit the reports in SUP 16.7.45R and SUP 16.7.49R in the same format as the forms contained in SUP 16 Ann 7R (sections 1, 2 and 4), and as required by section 5 of that annex.
- 16.7.52** **G** ^{/1} *Guidance* notes for the completion of reports for the purposes of consolidated supervision, and of the annual questionnaire required under SUP 16.7.48R can be found in SUP 16 Ann 8G.
- 16.7.53** **G** ^{/1} If a *firm* must submit audited financial statements, the FSA expects the audited financial statements to be submitted together with the auditor's report required by SUP 3.9.4R.

Authorised professional firms

- 16.7.54** **R** ^{/1} (1) An *authorised professional firm* must submit an annual questionnaire to the FSA every year in accordance with, and in the same format as, the form contained in SUP 16 Ann 9R.
- (2) The due date for submission of the annual questionnaire is four months after the *firm's accounting reference date*.

Society of Lloyd's and members' advisers

- 16.7.55** **R** ^{/1} The *Society of Lloyd's* must submit reports to the FSA in accordance with SUP 16.7.56R.
- 16.7.56** **R** ^{/1} Table Financial reports from the Society of Lloyd's (see SUP 16.7.55R)

Report	Frequency	Due date
Annual audited accounts	Annually	6 months after the <i>Society's accounting reference date</i>
Annual Lloyd's Return	Annually	6 months after the <i>Society's accounting reference date</i>
Syndicate returns	Annually	6 months after the <i>Society's accounting reference date</i>

16.7.57 **R** ^{/1} A *members' adviser* must submit reports to the FSA in accordance with SUP 16.7.58R.

16.7.58 **R** ^{/1} Table Financial reports from a *members' adviser* (see SUP 16.7.57R)

Report	Frequency	Due date
Audited annual financial statements	Annually	3 months after the <i>firm's accounting reference date</i>
Annual reporting statement	Annually	3 months after the <i>firm's accounting reference date</i>
Annual reconciliation	Annually	3 months after the <i>firm's accounting reference date</i>
Audited accounts of any <i>subsidiary</i> , unless the <i>rules</i> in this chapter require those <i>subsidiaries</i> to submit accounts to the FSA	Annually	3 months after the <i>firm's accounting reference date</i>
Quarterly reporting statement	Quarterly	15 <i>business days</i> after quarter end

- 16.7.59** **R**_{/1} (1) The *Society of Lloyd's* must prepare its reports in the format specified in *LLD 15*, unless (2) applies.
- (2) The *Society* must ensure that the annual syndicate returns are prepared in accordance with, and in the format set out in, Lloyd's Syndicate Accounting Byelaw (No. 18 of 1994) as amended and in force at *commencement*.
- (3) A *members' adviser* must prepare its reports in accordance with, and in the format set out in, *SUP 16 Ann 10R* and as required by section 6 of that annex.
- 16.7.60** **G**_{/1} *Guidance* notes for the completion of the reports required from a *members' adviser* are contained in *SUP 16 Ann 11G*.
- 16.7.61** **G**_{/1} The nature of the advisory business of a *members' adviser* whose *permission* is restricted to *advising on syndicate participation at Lloyd's* is akin to giving corporate finance advice, and the requirements are those applicable to *firms* giving corporate finance advice.

16.8 Persistency reports from insurers

Application

- 16.8.1** **G**_{/1} The effect of *SUP* 16.1.1R is that this section applies to every *insurer* (including a *friendly society*) with *permission to effect or carry out life policies*.

Purpose

- 16.8.2** **G**_{/1} The purpose of this section is to enable information on the persistency of life policies to be prepared and provided to the *FSA* in a standard format. This information is used in the monitoring of *firms* both individually and collectively.

Requirement to submit persistency reports

- 16.8.3** **R**_{/1} A *firm* must submit a persistency report to the *FSA* by 30 April each year.

Interpretation of this section

- 16.8.4** **R**_{/1} In this section, and Forms 1R(1) to (3) in *SUP* 16 Annex 6R:
- (1) '12 month report' means the part of a persistency report reporting on *life policies effected* in Y-2, '24 month report' means the part of a persistency report reporting on *life policies effected* in Y-3, and so on;
 - (2) 'CC' means the number of *life policies* which:
 - (a) were *effected* during the year to which the calculation relates; and
 - (b) are reported on in the persistency report (see *SUP* 16.8.8R to *SUP* 16.8.15R);
 - (3) 'CF' means the number of *life policies* which:
 - (a) were *effected* during the year to which the calculation relates;

- (b) are reported on in the persistency report (see *SUP 16.8.8R* to *SUP 16.8.15R*); and
- (c) are treated as in force at the end of Y-1 (see *SUP 16.8.16R* to *SUP 16.8.18R*);
- (4) Forms 1R(1), 1R(2), 1R(3) mean the forms in *SUP 16 Ann 6R*;
- (5) 'group personal pension policy' means a *life policy* which is not a separate *pension scheme*, effected under a collecting arrangement made for the *employees* of a particular employer to participate in a personal pension arrangement on a group basis;
- (6) 'insurance ISA' means the insurance component of an *ISA* (mini or maxi);
- (7) 'ordinary assurance policy' means a *life policy* which is not an *industrial assurance policy*;
- (8) 'other life assurance' means a *life policy* other than a *pension policy*, *endowment assurance* or *whole life assurance*;
- (9) 'other pension policy' means a *pension policy* other than a *personal pension policy*;
- (10) 'persistency rate' means a rate calculated using this formula:

$$\frac{CF}{CC} \times 100$$
 (see Table *SUP 16.8.5G*);
- (11) 'persistency report' means a report complying with *SUP 16.8.19R*;
- (12) 'policy anniversary' means the anniversary, falling within Y-1, of the date on which a *life policy* was effected;
- (13) 'regular premium life policy' means a *life policy* where there is (or could be, or has been) a commitment by the policyholder to make a regular stream of contributions (for example by means of a direct debit mandate);
- (14) 'single premium life policy' means a *life policy* that is not a regular premium *life policy*, except that a recurrent single premium *life policy* must be treated as a regular premium *life policy*;
- (15) 'Y' means the year in which the report is submitted, 'Y-1' means the preceding year, 'Y-2' means the next earlier year and so on;
- (16) 'year' means calendar year, unless *SUP 16.8.7R* applies.

16.8.5 **G** The following are not within the definition of 'life policy':

^{/1}

- (1) *occupational pension schemes*; and
- (2) annuity contracts other than deferred annuity contracts.

16.8.6 **R** A *firm* may treat a 12-month period ending between 1 October and 31 March as a 'year' for the purposes of this section and Forms 1R(1) to (3):

^{/1}

- (1) if the *firm's* financial year does not end on 31 December; or
- (2) for *industrial assurance policy* business;

provided that the use of an alternative period is disclosed in the persistency report.

16.8.7 **G** Table Example of calculation of persistency rate for life policies that commenced during 1996 (see SUP 16.8.3R)

^{/1}

Y (year of reporting)	Number of life policies which commenced during 1996	Number of 1996 policies that cease to be in force during Y-1	Deaths and retirements (must not be reported on)	CF	CC
1998	1000	143	2	1000 -143 -2 = 855	1000 -2 = 998
1999	1000	25	1	1000 - 143 -25 -2 -1 = 829	1000 -2 -1 = 997

Report submitted in 1998

Persistency rate for *life policies* that commenced during Y-2 (i.e. 1996)

$$CF \times 100 = \frac{855}{1000} \times 100 = 85.5\%$$

CC 998

Report submitted in 1999

Persistency rate for *life policies* that commenced during Y-3 (i.e. 1996)

$$CF \times 100 = \frac{829}{1000} \times 100 = 82.9\%$$

CC 997

Life policies to be reported on in the persistency report

- 16.8.8** **R**_{/1} A persistency report must report on every *life policy* which was promoted subject to *rules* in *COB*, or conduct of business rules made by a *previous regulator*, is not a *life policy* of a type listed in *SUP* 16.8.13R or *SUP* 16.8.14R, and which:
- (1) was effected by the *firm* submitting the report; or
 - (2) was effected by a member of the *firm's group*, which is not an *authorised person*, and in circumstances in which the *firm* submitting the report was responsible for promoting that *life policy*; or
 - (3) was effected by another *firm*, but is being carried out by the *firm* submitting the report.
- 16.8.9** **G**_{/1} *Life policies* falling within *SUP* 16.8.8R(3) are those which have been transferred from another *firm*, for example under an insurance business transfer scheme under Part VII of the *Act* (Control of Business Transfers).
- 16.8.10** **R**_{/1} *Life policies* falling within *SUP* 16.8.8R, which were promoted subject to the conduct of business rules of a *previous regulator*, need to be reported only if they were required to be reported in the *previous regulator's* persistency reports.
- 16.8.11** **R**_{/1} A *life policy* which was issued in substitution for a similar contract may be treated as being effected on the inception date of the previous *life policy*, provided that the *firm* is satisfied that there is no loss to the *policyholder*.
- 16.8.12** **G**_{/1} Examples of loss to the *policyholder* under *SUP* 16.8.11R are higher charges and more restrictive benefits and options.
- 16.8.13** **R**_{/1} A persistency report must not report on:
- (1) a *life policy* that was cancelled from inception whether or not this was as a result of service of a notice under *COB* 6 (Cancellation rules); or
 - (2) an *appropriate personal pension scheme* to which contributions are made only by the Department of Social Security; or
 - (3) a *life policy* (excluding *income withdrawal*) which has terminated as a result of death, critical illness, retirement, maturity or other completion of the contract term; or
 - (4) *income withdrawals* that have ceased as a result of the death of the *policyholder*.
- 16.8.14** **R**_{/1} A persistency report need not report on a *life policy* if the number of *life policies* on substantially the same terms effected by the *firm* (or a member of the *firm's group*) in the relevant year did not exceed the

higher of fifty and 1% of the total reportable *life policies* effected by that *firm* in that year.

- 16.8.15 **R** /1 If the term of an *endowment assurance* is less than five years, the *life policy* must only be included in a persistency report in respect of years up to and including the anniversary prior to maturity.

Life policies to be treated as in force

- 16.8.16 **R** /1 Subject to SUP 16.8.17R and SUP 16.8.18R, a *life policy* must be treated as in force at the end of Y-1 (that is included in CF) if and only if:
- (1) in the case of a regular premium life policy:
 - (a) the *premium* has been paid in respect of the month in which the policy anniversary falls; or
 - (b) in the case of an *industrial assurance policy* on which the *premiums* are paid at intervals of four weeks, the *premium* has been paid in respect of the four-week period in which the policy anniversary falls;
 - (2) in the case of a single premium life policy, the policy has not been surrendered as at the policy anniversary.

- 16.8.17 **R** /1 A cluster *life policy* must be reported as a single *life policy* and must be treated as in force (that is included in CF) even if some of the constituent *life policies* have been terminated.

- 16.8.18 **R** /1 An *income withdrawal* that has terminated other than by death of the *policyholder* must be treated as not in force at the end of Y-1 (that is, not included in CF).

Contents of the persistency report

- 16.8.19 **R** /1 A persistency report must be a report in the format of Forms 1R(1), (2) and (3) fully completed, and must include:
- (1) a separate copy of each Form reporting on *life policies effected* during each of Y-2, Y-3, Y-4 and Y-5; and
 - (2) if indicated on the relevant Form:
 - (a) a separate copy of each Form reporting on regular premium life policies and single premium life policies; and

(b) a separate copy of each Form reporting on *life policies* classified as ordinary assurance policies and *industrial assurance policies*.

16.8.20 **R** ^{/1} If a *firm* has no *life policies* to report on in a copy of any Form, the *firm* need not submit that copy provided that it confirms in writing to the *FSA*, when submitting the persistency report, that it is not doing so and the reason for not doing so.

16.8.21 **R** ^{/1} If a persistency report reports on an *endowment assurance* with a term of five years or less, the *firm* must:

- (1) report on such a *policy* in Form 1R(2); and
- (2) not report on such a *policy* in Form 1R(1).

16.8.22 **G** ^{/1} (1) Under *SUP* 16.8.16R above, a *life policy* must be treated as not in force if *premiums* have not been paid at the relevant date. Form 1R(3) seeks additional information on the number of *policies* treated as not in force which are subject to genuine contribution holidays.

(2) A *firm* should treat a *life policy* as 'subject to a contribution holiday' if:

- (a) the terms of the *policy* allow the *policyholder* to take a contribution holiday;
- (b) the *policyholder* has opted to take a contribution holiday in accordance with those terms;
- (c) the *policyholder* has clearly stated his intention to resume payments; and
- (d) at the end of Y-1, not more than 12 months have elapsed from the date that *premiums* ceased to be paid.

Records

16.8.23 **R** ^{/1} A *firm* must make and retain such records as will enable it to:

- (1) monitor regularly the persistency of *life policies* effected through each of its *representatives*; and
- (2) make persistency reports to the *FSA* in accordance with *SUP* 16.8.3R.

16.8.24 **G** ^{/1} Separate records should be made and retained for:

- (1) *life policies* originally promoted through:
 - (a) *representatives*;
 - (b) *independent intermediaries*;
 - (c) the *firm's* own *direct offer financial promotions*;

- (2) *life policies* not within (1), including execution-only business;
- (3) single and regular premium life policies;
- (4) ordinary assurance policies and *industrial assurance policies*;
- (5) the categories of *life policies* and *pension policies* referred to in Forms 1R(1) to (3).

Persistency Report

To be submitted by 30 April each year to the Financial Services Authority, 25 The North Colonnade, Canary Wharf, London E14 5HS.

Guidance notes to persistency report

Please provide (either below or on a separate sheet of paper):

- details of any alternative approaches used to calculate figures if this is permitted by the rules in SUP 16.8;
- a note of any types of policy for which no figures have been submitted (including any types to be reported on in Forms 1R(2) and 1R(3));
- a brief explanation of the effects of inaccuracies on the figures for previous years which have already been supplied; and
- confirmation that regular premium life policies have only been treated as in force if a premium has been received on or after the relevant policy anniversary.

Expressions which are defined in the Handbook Glossary, or in SUP 16.8, have the same meanings in this form.

Signature and declaration

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.4R require an *authorised person* to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. SUP 16.3.11R requires an *authorised person* to submit reports containing all the information required. APER 4.4.6E provides that, where an *approved person* is responsible for reporting matters to the FSA, failure to inform the FSA of materially significant information of which he is aware is a breach of *Statement of Principle 4*. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

I confirm that the information in this form is accurate and complete to the best of my knowledge and belief and that I have read the Guidance Notes to this form.

Signature and declaration

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.4R require an *authorised person* to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. SUP 16.3.11R requires an *authorised person* to submit reports containing all the information required. APER 4.4.6E provides that, where an *approved person* is responsible for reporting matters to the FSA, failure to inform the FSA of materially significant information of which he is aware is a breach of *Statement of Principle 4*. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

I confirm that the information in this form is accurate and complete to the best of my knowledge and belief and that I have read the Guidance Notes to this form.

SUP 16 Ann 12G: Reports from trustees of AUTs and depositaries of ICVCs (see SUP 16.6.9G)

1 Table

1. Trustees of AUTs

- (1) Form 1 at the end of this annex provides a suggested format for the submission of the reports.
- (2) The quarterly report should be completed each year as at 31 March, 30 June, 30 September, and 31 December.
- (3) The report should be signed by an *approved person* who works in the *firm's trustee* area.
- (4) A *firm* should refer to *CIS* 4, 7, 15 and Appendix *CIS* before completing this report.

2. Depositaries of ICVCs

- (1) Form 2 at the end of this annex provides a suggested format for the submission of the reports.
- (2) The quarterly report should be completed each year as at 31 March, 30 June, 30 September, and 31 December.
- (3) The report should be signed by an *approved person* who works in the *firm's depositary* area.
- (4) A *firm* should refer to *CIS* 4, 7 and Appendix *CIS* before completing this report.

Form 1

Quarterly Return of Notifiable Breaches – Authorised Unit Trusts

1. Pricing Errors

Manager	Did status of manager change in quarter? (Note)	No. of pricing errors of 0.5% and above	No. of pricing errors below 0.5%, where trustee does not consider manager's controls to be adequate	No. of authorised unit trusts in operation

Note = From “controls adequate” to “controls inadequate” (or vice versa). Where the manager’s status changed, the report should state the date of that change and the number of reportable breaches of CIS 4 and 15 before and after that change of status.

2. Negative Boxes

Manager	Did status of manager change in quarter? (Note 1)	No. of negative boxes where CIS 4.3.12R and CIS 15.3.12R have not been applied. (Note 2)	No. of authorised unit trusts in operation

Note 1 = From “controls adequate” to “controls inadequate” (or vice versa). Where the manager’s status changed, the report should state the date of that change and the number of reportable breaches of CIS 4 and 15 before and after that change of status.

Note 2 = The application of CIS 4.3.12R and CIS 15.3.12R relates to the correction of an error by the manager with the trustee’s agreement in accordance with CIS 4.3.12R and CIS 15.3.12R.

The statistical information above has been provided to the FSA in accordance with SUP 16.6.8R(1).

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.4R require an *authorised person* to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. SUP 16.3.11R requires an *authorised person* to submit reports containing all the information required. APER 4.4.6E provides that, where an *approved person* is responsible for reporting matters to the FSA, failure to inform the FSA of materially significant information of which he is aware is a breach of *Statement of Principle 4*. Chapter 17

Transaction reporting

17.1 Application

Who?

- 17.1.1 **R** /1
- (1) This chapter applies to every *firm* which is:
- (a) a *securities and futures firm*; or
 - (b) a *personal investment firm*; or
 - (c) an *investment firm* (including a *credit institution* which is an *investment firm*) not within (a) or (b) excluding a *firm* to whom the *ISD* does not apply under Article 2(2) of the *ISD*.
- (2) This chapter does not apply to:
- (a) an *incoming EEA firm* in relation to its *passport activities*; or
 - (b) an *oil market participant* in relation to its *oil market investment activities*.

What?

- 17.1.2 **R** /1
- This chapter applies to a *firm* in SUP 17.1.1 R that enters into *reportable transactions* (whether on its own account or on behalf of others).

Where?

- 17.1.3 **R** /1
- This chapter applies with respect to:
- (1) activities carried on from an establishment maintained by the *firm* (or its *appointed representative*) in the *United Kingdom*; or
 - (2) *passport activities* of an *ISD investment firm* (including a *credit institution* which is an *ISD investment firm*) carried on from a *branch* in another *EEA State*.

17.2 Purpose

17.2.1

G

^{/1}

This chapter sets out the requirements for *firms* to report transactions to the *FSA*. One purpose of the chapter is to implement article 20 of the *Investment Services Directive* which has the two aims of protecting investors and ensuring the smooth operation and transparency of the markets in transferable securities. *Transaction reports* also form a useful part of the *FSA*'s arrangements for monitoring (under paragraph 6(1) of Schedule 1 to the *Act*) and can assist the *FSA* in assessing the type and conduct of business carried out by a *firm*.

17.3 Introduction

17.3.1

G
/1

The requirements set out in this chapter represent an interim approach to transaction reporting, based on the reporting requirements which previous regulators applied to *firms*. A number of provisions reflect the interim nature of the requirements – notably the *guidance* in SUP 17.4.4 G. Also there are still significant differences in the requirements applicable to different categories of *firm*. To help *firms* the FSA intends to publish additional *guidance* from time to time covering developments and issues in transaction reporting (including sources of relevant information).

17.3.2

G
/1

The reporting obligations vary according to the nature of a *firm's* business and the number of transactions which a *firm* ordinarily enters into. *Firms* are generally expected to report transactions through the electronic systems listed in the chapter, but *firms* which enter into relatively few transactions may report those transactions manually, by fax or e-mail (see SUP 17.7).

17.4 Obligation to make transaction reports

- 17.4.1** **R** When a *firm* (whether on its own account or on behalf of another) enters into a *reportable transaction* (as defined in SUP 17.5), it must make a *transaction report* (as set out in SUP 17.6) to the FSA.

Exceptions: general

- 17.4.2** **R** A *firm* need not make a *transaction report* to the FSA if:
- (1) the *firm* complies with a requirement on it to report the *reportable transaction* to its *Home State regulator*; or
 - (2) the *reportable transaction* is transacted on one of the exchanges listed in SUP 17 Ann 1R and the *firm* reports the *reportable transaction* to that exchange.

Exceptions: investment management firms and personal investment firms

- 17.4.3** **R** An *investment management firm* or a *personal investment firm* need not make a *transaction report* to the FSA if:
- (1) the *reportable transaction* is transacted on a *regulated market* and the *firm*:
 - (a) reports the *reportable transaction* to that *regulated market*; or
 - (b) satisfies itself that it will be so reported; or
 - (2) the *firm* is the seller, or is acting on behalf of the seller, and the counterparty for that transaction is another *firm*; or
 - (3) the *firm* has reasonable grounds to believe that:
 - (a) another *firm* is obliged to make a *transaction report* to the FSA for that transaction; and
 - (b) that other *firm* is not entitled to rely on this exception.

- 17.4.4** **G**_{/1} For the purposes of SUP 17.4.3 R (3) “reasonable grounds” would include a *firm* relying on a broker if:
- (1) the *firm* used the same broker for transactions before *commencement*;
 - (2) that *broker* was previously regulated by *SFA* and was subject to its transaction reporting requirements; and
 - (3) the *firm* is not aware of any material changes to the broker’s *permission*.

17.4.5 **G**_{/1} The *guidance* in SUP 17.4.4 G is likely to become less relevant over time.

17.4.6 **G**_{/1} “Reasonable grounds” require more than just a check as to whether the other *firm* is *authorised*. For example a *firm* should not rely on SUP 17.4.3 R (3) alone if the only other party to a *reportable transaction* is an *investment management firm* or a *personal investment firm*.

Use of reporting agents

- 17.4.7** **R**_{/1} A *firm* may appoint another *person* to make *transaction reports* on its behalf if:
- (1) the *firm* has informed the *FSA* of that appointment in writing; and
 - (2) the *transaction reports* made on its behalf comply with SUP 17 and distinguish each individual transaction, using the *firm’s* identifying code.

17.4.8 **G**_{/1} SUP 17.4.7 R sets out the conditions which must be satisfied if a *firm* wishes to appoint someone else to make *transaction reports* on its behalf. The *firm* will remain responsible for its compliance with SUP 17.

Other reporting requirements

17.4.9 **G**_{/1} A *firm’s* obligations under this chapter do not affect any obligation to report transactions under the rules of any reporting system or of any exchange, whether or not that exchange is a *regulated market*.

17.5 Reportable transactions

17.5.1

R

/1

A “*reportable transaction*” is a transaction of a type identified in SUP 17.5.4 R, except:

- (1) stock or bond lending and borrowing, repurchase or reverse repurchase agreements;
- (2) asset trading transactions, including novation, assignment and sub-participation; and
- (3) issues, market allotments and syndications which are not dealt in on a *regulated market*.

17.5.2

G

/1

For a list of *regulated markets* see SUP 17 Ann 5G.

17.5.3

G

/1

In general, transactions, other than those in *derivative* products, between the issuer of an instrument and the first taker as *principal* are not *reportable transactions*. However, if an instrument is already dealt in on a *regulated market*, all secondary issue transactions are reportable if the new issue ranks equally with those already in issue and the issue is already traded or *listed* on a *regulated market*. All secondary market transactions carried out on or off exchange, before or after the instrument is issued, are reportable. In addition, for a *firm* which is not a *personal investment firm* or an *investment management firm* (essentially *BCD credit institutions* and *securities and futures firms*), *reportable transactions* include transactions in some instruments which are not traded on a *regulated market* at all – for example the instrument concerned might only be traded over the counter or through a trading facility such as Ofex.

17.5.4

R

/1

Table Reportable transactions (see SUP 17.5.1R)

Class of firm	Reportable transactions
<i>personal investment firm</i>	<p>A transaction which is entered into within an <i>EEA State</i> and is in any of the following instruments which is dealt in on a <i>regulated market</i>:</p> <ul style="list-style-type: none"> (a) a <i>security</i> (except a <i>unit</i>); or (b) a <i>future</i>; or (c) an <i>option</i>.

Class of firm	Reportable transactions
<i>investment management firm</i>	<p>A transaction which:</p> <ul style="list-style-type: none"> (a) is executed in the <i>EEA</i>; (b) is carried out for valuable consideration; and (c) relates to an instrument which is dealt in on a <i>regulated market</i> other than: <ul style="list-style-type: none"> (i) <i>futures</i> not relating to <i>shares</i>; or (ii) <i>options</i> (including <i>covered warrants</i>) not relating to <i>shares</i>; or (iii) swaps relating to <i>designated investments</i> other than <i>shares</i> or <i>debentures</i>; or (iv) <i>currencies</i> and <i>currency derivatives</i>; or (v) <i>units</i>; or (vi) <i>futures</i> or <i>options</i> relating to a basket of <i>shares</i> or an equity index not capable of settlement by delivery.
any other <i>firm</i>	<p>A transaction in a <i>designated investment</i> except for:</p> <ul style="list-style-type: none"> (a) <i>money-market instruments</i> not dealt in on a <i>regulated market</i>; or (b) <i>units</i>; or (c) <i>contracts for differences</i> which are not related to debt or equities (see note); or (d) <i>currencies</i>; or (e) <i>commodities</i> (including <i>bullion</i>); or (f) <i>life policies</i>; or (g) <i>futures</i> or <i>options</i> on anything in (a) to (e). <p>Note: <i>Firms</i> are required to report <i>contracts for differences</i> (including <i>spread bets</i>) on the value or price of a bond, an equity or a related index or indices. <i>Firms</i> are not required to report <i>contracts for differences</i> where the contract is based on the fluctuation in the price or value of an interest rate, currency, a commodity or on the value of a dividend payment or payments on an equity or a basket of equities.</p>

17.6 Transaction reports

Timing of reports

17.6.1 **R** ^{/1} *A transaction report must be made as soon as practicable and in any event, subject to SUP 17.7.10 R (Failure of reporting systems), before the end of the next business day after the day on which the firm entered into the transaction.*

Content

17.6.2 **R** ^{/1} *A transaction report must:*

- (1) *in the case of an investment management firm, include the details set out in SUP 17.6.4 R, except that it need not provide the details in the column headed “Counterparty” if the counterparty is not an ISD investment firm; or*
- (2) *in the case of a personal investment firm, include the details set out in SUP 17.6.4 R; or*
- (3) *in the case of any other firm, include all the fields identified in SUP 17 Ann 2 for the relevant reporting system.*

17.6.3 **G** ^{/1} *SUP 15.6 applies to transaction reports and requires a firm to take reasonable steps to ensure that information provided to the FSA is accurate.*

17.6.4 **R** ^{/1} *Table Details to be reported (investment management firms and personal investment firms) (see SUP 17.6.2 R)*

Firm	Counterparty	Investment	Transaction
Name	Name	Description	Time of transaction
Address	Address	Quantity/size	Date of transaction
Whether agent or principal		Unit price	Whether purchase or sale
			Total amount of consideration payable on settlement date

- 17.6.5** **A**_{/1} (1) A *firm* subject to SUP 17.6.2 R (3) should ensure that a *transaction report* is accepted by the relevant reporting system.
- (2) Contravention of (1) may be relied on as tending to establish contravention of SUP 17.4.1 R.

- 17.6.6** **R**_{/1} The price reported in a *transaction report* must be the transaction price, excluding any *charges* or *commission* which is shown separately on the contract note or on any similar notification.

Basket trades

- 17.6.7** **R**_{/1} If a *firm* (other than an *investment management firm* or a *personal investment firm*) effects a series of transactions within a 24 hour period which is an exact replica of any of the following indices (known as a “basket trade”), it may report them as a single transaction under a single approved security code:

- (1) CAC 40; or
- (2) DAX 30; or
- (3) LSE/Nikkei 50; or
- (4) Nikkei 225; or
- (5) Standard and Poors 500; or
- (6) TOPIX.

- 17.6.8** **G**_{/1} The “single approved security code” referred to in SUP 17.6.7 R and SUP 17.6.9 R is the code issued by the relevant exchange or numbering agency.

- 17.6.9** **R**_{/1} If a *firm* (other than an *investment management firm* or a *personal investment firm*) effects a series of transactions within a 24 hour period which does not exactly replicate one of the indices listed in SUP 17.6.7 R, it may make a *transaction report* for them showing:

- (1) a single basket trade *transaction* under a single approved security code; and
- (2) the missing constituents of the relevant index, as reverse trades, with the price and quantity set according to their weighting in the index.

- 17.6.10** **G**_{/1} A *firm* which effects a series of transactions to which SUP 17.6.9 R applies may report them as individual transactions, rather than under that *rule*.

17.7 Method of making transaction reports

Use of reporting systems

- 17.7.1 **R** /1 *A transaction report must be made through one of the reporting systems listed in SUP 17.7.8 R unless SUP 17.7.4 R applies.*
- 17.7.2 **R** /1 *Before a firm uses any of the systems listed in SUP 17.7.8 R, it must notify the FSA in writing that it intends to do so.*
- 17.7.3 **R** /1 *A firm must send a notification under SUP 17.7.2 R to a member of its supervision team and to the FSA’s Transaction Monitoring Unit.*

Reporting by fax or e-mail

- 17.7.4 **R** /1 *Firms within the categories in the table in SUP 17.7.5 R may report transactions by a fax or e-mail transmission which complies with the relevant requirements in the table.*
- 17.7.5 **R** /1 *Table Reporting by fax or e-mail (see SUP 17.7.4 R)*

Category of firm	Requirements
<i>An investment management firm.</i>	<i>The firm must include the information required by SUP 17.6.2 R (1) in the fax or e-mail sent to the FSA.</i>
<i>A personal investment firm which effects reportable transactions at an average rate of fewer than 40 in a month.</i>	<i>The firm must include the information required by SUP 17.6.2 R (2) in the fax or e-mail sent to the FSA.</i>
<i>Any other firm which effects reportable transactions at an average rate of fewer than 20 in a month.</i>	<i>The firm must complete the manual reporting form set out in SUP 17 Ann 3 and send it by fax or e-mail to the FSA.</i>

- 17.7.6 **G** /1 *The manual reporting form in SUP 17 Ann 3 is not compulsory for investment management firms or personal investment firms, but those firms may use it to record the required information.*

17.7.7 **R** ^{/1} *Transaction reports* made under SUP 17.7.4 R must be sent to the FSA's Data Integrity Unit:

- (1) by fax on 020 7676 3675; or
- (2) by e-mail to tmu@fsa.gov.uk.

Permitted reporting systems

17.7.8 **R** ^{/1} The reporting systems referred to in SUP 17.7.1 R are:

- (1) CEDCOM system operated by CEDEL SA, Luxembourg;
- (2) CGO – Central Gilts Office;
- (3) CRESTCo Limited;
- (4) EUCLID operated by Euroclear SA (input directly into EUCLID or through SWIFT);
- (5) the FSA's Direct Reporting System;
- (6) SEQUAL 2000 system of Thomson Financial Services;
- (7) Tradepoint Financial Networks Plc;
- (8) Trade Registration System of The London International Financial Futures and Options Exchange (LIFFE);
- (9) TRAX system of the International Securities Market Association; and
- (10) Jiway Limited.

17.7.9 **G** ^{/1} *Guidance* on the use of particular reporting systems listed in SUP 17.7.8 R is available from the FSA's Transaction Monitoring Unit.

Failure of reporting systems

17.7.10 **R** ^{/1} If a reporting system fails (whether a relevant reporting system, the *firm's* own system or the system of a *person* reporting on its behalf), a *firm* must:

- (1) make the *transaction report* through another reporting system, if the *firm* considers it reasonably practicable to do so; or
- (2) make the *transaction report* by the end of the *business day* after the *day* when the failure is remedied, if the *firm* does not consider it reasonably practicable to comply with (1).

- 17.7.11 **R** /1 A *firm* must notify the *FSA* in writing, before the end of the *business day* after the *day* when the failure occurs, which of *SUP* 17.7.10 R (1) or *SUP* 17.7.10 R (2) it will adopt.

- 17.7.12 **R** /1 A *firm* must notify the *FSA*, in writing and without delay, of any failure of its own system, or that of a *person* reporting on its behalf, which prevents a *transaction report* being made within the period specified in *SUP* 17.6.1 R.

SUP 17 Ann 2R: Mandatory fields for reporting systems

1 Table

1. For the purposes of *SUP* 17.6.2(3)R, all the following are mandatory fields:
 - (1) the firm's and each counterparty's identifying code, as required under 2;
 - (2) the investment's identifying code if listed in 3 or a full description;
 - (3) the date and time of the transaction;
 - (4) the transaction size, price and currency;
 - (5) whether the transaction is a purchase or sale;
 - (6) whether the *firm* dealt as principal or agent;
 - (7) the settlement due date;
 - (8) the transaction's reference number;
 - (9) any other mandatory fields required by the reporting system;
 - (10) whether the transaction is a cancellation; and
 - (11) in the case of a *derivative* transaction, the appropriate expiry date, strike price and, if appropriate, whether a put or a call.
2. A *firm* must allocate to each counterparty an appropriate counterparty identifier code, using the following identifier codes:
 - (1) the counterparty participant code identified on the transaction report from the relevant reporting system; or
 - (2) where the counterparty is another *firm*, the *FSA* authorisation code or a *BIC* code, plus a sub-account code; or
 - (3) in the case of any other counterparty, a unique root allocated specifically to that counterparty by the reporting *firm*, plus a sub account code.

2 Table Guidance to SUP 17 Ann 2R 2

If a *firm*'s counterparty is acting for a disclosed *principal* (identified either by name or by a distinctive account indicator), the *firm* will need to allocate a counterparty identifier code which indicates the identity of the underlying *principal*. This code can use the "root code" of the immediate counterparty provided that it is coupled with a sub-account code identifying the *principal*.

3 Table The investment identification codes referred to in (1) above are:

CC	CEDEL and Euroclear Common Codes	9 Numeric
CU	CUSIP	9 Alphanumeric
IS	ISIN	2 Alphabetic and 10 Alphanumeric
SE	SEDOL	7 Numeric
SV	SICOVAM	From 5 to 7 Numeric
TR	TRAX	1 Alphabetic and 6 Numeric
TS	TOKYO STOCK EXCHANGE	From 4 to 9 Numeric

4 Table

When reporting *on-exchange derivatives* transactions (except through DRS), a market identifier code followed by the product mnemonic of that exchange will be acceptable. Codes must be left justified when they are input.

SUP 17 Ann 3R: Manual transaction reporting form

1 Table Notes for completion of manual transaction reporting form

[Field descriptions and guidelines]

NB: Fields which are denoted as “A” are fields that must be input in all circumstances. Fields which are denoted as “M” are only mandatory in the case of a firm which is not a personal investment firm or an investment management firm. Fields which are denoted as “O” are only mandatory in certain circumstances.

FIRM DETAILS

Firm Name (A)
Contact Name (M)
Telephone Number (M)
Submission date (M)
Signature (M)

TRANSACTION DETAILS

This field must contain the FSA code of the firm which is making the report (NB – The FSA code is currently six numbers).

FSA Code (A)

Internal Transaction Reference: (M)

This must be a unique reference, internal to the firm making the report, that will enable the firm to provide FSA with more information concerning the trade, if required.

Trade Date (A)

The date when the trade was executed.

Trade Time (A)

The time when the trade was executed. This should be in London time.

Bought/Sold Indicator (A)

Either “B” (i.e. Buy) or “S” (i.e. Sell) with respect to the firm making the Transaction Report.

Cancel Indicator (O)

Input a “C” for cancellation. This field can be used to cancel a trade previously submitted. For cancelled trades all of the fields apart from the Cancel Indicator, must be the same as the original trade report.

Counterparty1 Code Type (O)

The valid Counterparty Code Types, when used in conjunction with the Counterparty fields are as follows:

B – The Counterparty Root Code is a BIC code (as issued by S.W.I.F.T);

S – The Counterparty Root Code is an FSA code (as issued by the Financial Services Authority);

F – The Counterparty Root Code contains the reporting firm’s own reference code to identify the Counterparty.

If there is only a single counterparty to a principal trade, details may be supplied either in Counterparty1 fields or in Counterparty2 fields.

Counterparty1 Root Code (O)

The counterparty to the trade. Depending upon the Counterparty Code Type, it will consist of one of the following:

BIC code (11 characters)

FSA code (currently 6 digits)

Firm’s reference code (up to 11 characters).

Counterparty1 Sub Code (O)

A code identifying the lowest level of account within the reporting firm for which this transaction will be booked. This will usually be the reporting firm’s own internal account code. If the Counterparty1 Root Code is completed, the firm must also complete this field.

Trade Quantity (A)

The volume of the trade (e.g. number of units, nominal value of bonds, number of lots, number of contracts).

Security Code Type (O)

The valid Security Type Codes are as follows:

CC – CEDEL and Euroclear Common Codes;

CU – CUSIP;

IS – ISIN;

SE – SEDOL;

SV – SICOVAM;

TR – TRAX;

TS – Tokyo Stock Exchange;

ON – For trades in On-Market Derivatives.

For OTC trades where the instrument is not traded on an exchange market, please specify “OFF-market”.

Security Code (O)

The Security Code according to the value of Security Code Type (Field 11). Valid codes are:

CC – 9 Numeric;

CU – Alphanumeric
IS – 2 Alphabetic and 10 Alphanumeric
SE – 7 Numeric
SV – From 5 to 7 Numeric
TR – 1 Alphabetic and 6 Numeric
TS – From 4 to 9 Numeric
ON – The market’s own three-character Market Identifier Code followed immediately by the standard code for the contract being traded as used on that market.

Instrument type (A)

This field will be used to classify the instrument traded, or, in the case of a derivative, the underlying instrument. Valid codes are:

A – Equity;
B – Bond/Fixed Interest;
I – Index (derivatives only);
M – Commodity (derivatives only);
R – Interest Rate (derivatives only);
U – Currency (derivatives only);
W – Warrant;
O – Other (i.e. none of the above).

Issuer Name (A) (see note)

The name of the issuer of the security if the Security Type Code is specified as “OFF market”. Otherwise, completion of the field is optional. The name of the issuer of the security must be readable (i.e. meaningful).

Instrument Description (A/O)

A description of the instrument is required if the Security Type Code is specified as “OFF market”. Otherwise completion of the field is optional.

A full description of the security or derivative (e.g. “Bloggs 50p ordinary share” for equities) is required. For fixed interest securities, the following information is required:

Coupon rate;
 whether it is a bond, debenture or loan (BDS, DIB, INS);
 whether it is a convertible;
 redemption date.

Option Exercise Price (O)

This field is only required for options.

Derivative Type (O)

This field indicates the derivative type. Valid codes are:

P: Put Option;
C: Call Option;
F: Future;

D: Contract for Difference;

S: Swap.

NB: Double options must be reported as two transactions, one for call and one for put option. The premium must be halved and entered on both transactions which must have the same transaction reference number.

Delivery/Expiry/Maturity date (O)

The delivery date of a futures contract, the expiry date of an option, the maturity or redemption date of a bond. For a bond derivative, it is the delivery or expiry date.

Trade Currency (A)

The currency in which the trade was dealt; an ISO code such as USD, GBP, DEM etc. (NB: GBX, USX, and IEX are not accepted)

Trade Price (A)

The (unit) price of the trade in the currency in which the trade was dealt (as indicated by the Trade Currency Code. For bonds, it must be a percentage price. For derivatives, it must be the decimal value per contract, not the tick value.

Price Multiplier (M)

Value of unit change in price, such that for on-exchange derivatives:

Price x Quantity x Multiplier = Trade Value.

For warrants, if the trade represents units of 50 warrants then multiplier equals 50. For bonds this should equal 1 as trade price must be reported as percentage price. The default multiplier is 1.

Consideration (A/O)

The consideration to be settled. For Options, the total premium. The consideration should be in the currency indicated by either the Trade Currency Code or the Settlement Currency Code. The field must be left blank if there is no consideration (e.g. margin only trades).

Settlement Date (O)

The settlement date for the trade.

Settlement Currency Code (O)

This field is required if the Consideration field is completed and is not in the currency indicated by the Trade Currency Code. Valid codes are any ISO code, such as USD, GBP, DEM, etc.

Dealing Capacity (A)

The dealing capacity of the firm making the Transaction Report.

Valid codes are:

- A Agency;**
- C Principal Cross;**
- P Principal;**
- X Agency Cross.**

Counterparty2 Code Type (O)

The valid Counterparty Code Types, when used in conjunction with the Counterparty2 fields are as follows:

- B –The Counterparty2 Root Code is a BIC code (as issued by S.W.I.F.T);**
- S –The Counterparty2 Root Code is an FSA code (as issued by the Financial Services Authority);**
- F –The Counterparty2 Root Code contains the reporting firm’s own reference code to identify the Counterparty.**

If there is only a single counterparty to a principal trade, details may be supplied either in Counterparty1 fields or Counterparty2 fields.

Counterparty2 Root Code (O)

The second counterparty to the trade. It will consist of, depending upon the Counterparty2 Code Type, one of the following:

- BIC code (11 characters)**
- FSA code (currently 6 digits)**
- Firm’s reference code (up to 11 characters).**

Counterparty2 Sub Code (O)

A code identifying the lowest level of account within the reporting firm for which this transaction will be booked. This will usually be the reporting firm’s own internal account code. If the Counterparty2 Root code is completed, this field must also be completed.

Bargain Condition Codes (O)

Up to eight two character bargain conditions codes can be supplied. Valid conditions are:

- CB Cum Bonus**
- CC Cum Coupon**
- CD Cum Dividend**
- CP Cum Capital Repayment**
- CR Cum Rights**
- NP Delivery Free of Payment**
- RN Redemption**
- RO Result of Option**
- RP Repo**
- SB Borrowing/Lending**
- SP Special Price**

WI	When Issued
XB	Ex Bonus
XC	Ex Coupon
XD	Ex Dividend
XP	Ex Capital Payment
XR	Ex Rights
XX	Special Conditions

Market Identifier Code (M)

A three character code to indicate the market upon which the transactions was executed. The code is the first three characters of SWIFT Market Identifier Code excluding the leading “X”. OFF–market trades must be denoted by “OFF”.

(A list of “Market Identifier Codes” can be obtained from S.W.I.F.T on Tel: 020 7377 9190 – a list as at March 2000 is set out in *SUP 17 Ann 4G*.)

NB: If a valid Security Type and a valid Security Code does not exist for a transaction, the issuer Name and Instrument Description must be completed.

Chapter 19

Commodity Futures Trading Commission Part 30 exemption

19.1.1

G
/1

This chapter applies to a *firm*:

- (1) whose *permission* includes:
 - (a) the *regulated activities* of *dealing in investments as principal, dealing in investments as agent, arranging (bringing about) deals in investments or managing investments*; and
 - (b) the *specified investments* of *options or futures*;
- (2) which intends to trade on behalf of US customers on non-US futures and options exchanges; and
- (3) which wishes to seek exemption under Part 30 of the General Regulations of the US Commodity Exchange Act.

19.2 Purpose

19.2.1

G

/1

Section 30.3 of Part 30 of the General Regulations under the US Commodity Exchange Act ('CFTC Part 30') makes it unlawful for any person to trade on behalf of US customers on non-US futures and options exchanges unless the trade is transacted by or through a US-registered futures commission merchant on a fully disclosed basis. However, these regulations allow the CFTC to grant an exemption from this registration requirement on a jurisdiction by jurisdiction basis. The CFTC operates an exemption system for firms regulated by the FSA.

19.2.2

G

/1

The FSA sponsors applications for exemption from *firms* to the CFTC in line with the terms of the agreement between the *United Kingdom* and US regulators. This *guidance* is to help *firms* understand why an application may be required and to explain which *rules* apply as a result of an exemption.

19.3 Exemption under CFTC Part 30

- 19.3.1** **G**_{/1} The *CFTC* can exempt from certain *CFTC* rules and obligations a non-US firm that solicits or accepts orders for non-US futures and option transactions from customers located in the United States. The *CFTC* receives this power from *CFTC* Part 30. The exempted rules and obligations include registration and financial requirements. The firm has to comply with comparable regulatory requirements imposed by its home country regulator instead.
- 19.3.2** **G**_{/1} The scope of the exemption is limited to firms trading in non-US futures and options on behalf of US customers on non-US futures and options exchanges other than a contract market designated as such under section 5 of the US Commodity Exchange Act.
- 19.3.3** **G**_{/1} Registration is not required if a firm is trading for US customers through a futures commission merchant on an omnibus basis. Trading on an omnibus basis means the customers' identities are not revealed to the firm and all orders are given by the US futures commission merchant, so preventing the firm from having any contact with the US customers.

19.4 Applicable rules for firms under CFTC Part 30 exemption

- 19.4.1** G_{/1} A *firm* that has a *Part 30 exemption order* must continue to comply with the applicable requirements and standards under the *regulatory system* including *COB*. However, it becomes subject to a number of additional US rules. The *FSA* is responsible for the supervision of the *firm* and its adherence to the *UK* requirements and standards and additional US requirements.
- 19.4.2** G_{/1} *CFTC* rules generally require US customers to be offered segregation in accordance with the *client money rules*. This is also an *FSA* requirement for a *firm* with a *Part 30 exemption order* (see *COB 9.3.141R* to *COB 9.3.144R*).
- 19.4.3** G_{/1} *Firms* should note that, although supervision rests with the *FSA*, the *CFTC* may be allowed access to relevant documents if it requests, under the terms of the *Part 30 exemption order*.
- 19.4.4** G_{/1} As well as the *FSA*'s requirements on risk warnings, a *firm* obtaining an exemption must meet the following US documentation requirements:
- (1) general risk disclosure for foreign futures and options;
 - (2) options disclosure; and
 - (3) particular additional risk disclosure and explanatory statement to London Metal Exchange customers.

Appendix 1

Prudential categories and sub-categories

1.1 Application

- 1.1.1 **G** This appendix applies to every *firm*.
/1

1.2 Purpose

- 1.2.1 **G** The purpose of this appendix is to give *guidance* on the prudential categories and sub-categories of *firm* used in the Interim Prudential sourcebooks and the Supervision manual. The prudential categories are defined in the *Glossary*, and some of the sub-categories are defined there and some in the glossaries of the Interim Prudential sourcebooks.
/1

- 1.2.2 **G** The *FSA* is developing its approach to prudential standards and some provisions in the Supervision manual in a two-stage approach. Initially the *FSA* is including in the *Handbook* interim material as set out in the five Interim Prudential sourcebooks and the Supervision manual, for example *SUP 16* (Reporting requirements). The *FSA* is developing material which will provide an integrated approach to the setting of prudential standards. Each of the Interim Prudential sourcebooks is based on the prudential regime that existed before *commencement*, changed, mainly where the *Act*, and other statutory and international developments, have made a change desirable or essential. The Lloyd's sourcebook shows less continuity with the prudential regime previously applied to the *Society of Lloyd's*, as it introduces requirements similar to those already applied to *insurers*. Most grandfathered *firms* have a prudential category and sub-category equivalent to that which they had before *commencement*.
/1

- 1.2.3 **G** If there is any doubt about prudential categorisation, a *firm* should seek individual *guidance* from its usual supervisory contact at the *FSA* and an applicant for authorisation should seek *guidance* from the Corporate Authorisation department.
/1

1.3 Prudential categories and sub-categories

1.3.1

G
/1

Table Prudential categories and sub-categories used in the Interim Prudential sourcebooks and the Supervision manual

Prudential categories (Note 1)	Applicable prudential requirements (Note 2)	Prudential sub-categories
<i>Authorised professional firm*</i>	<i>IPRU(INV)</i> 1 and 2

Prudential categories (Note 1)	Applicable prudential requirements (Note 2)	Prudential sub-categories
<p>Note 1 = It is possible for a <i>firm</i> to have more than one prudential category. But it cannot have more than one of the prudential categories marked with a '*'. Note 2 = Only the requirements in the Interim Prudential sourcebooks and <i>LLD</i> are listed in the column. Requirements in other parts of the <i>Handbook</i> will also apply.</p>		

1.4 Relevance of prudential categories

1.4.1 G_{/1} Many, but not all, of the categories are used only in the Interim Prudential sourcebooks and the Supervision manual. The prudential category of a *firm* will normally determine:

- (1) which Interim Prudential sourcebook is applicable to the *firm*;
- (2) if the *firm* is subject to the *IPRU(INV)*, which chapter of that sourcebook is applicable to the *firm*;
- (3) whether particular chapters of the Supervision manual are applicable to the *firm*; and
- (4) if the *firm* is subject to *SUP 3* (Auditors), *SUP 16* (Reporting) or *SUP 17* (Transaction reporting), which parts of those chapters apply to the *firm*.

1.4.2 G_{/1} In some cases, a *firm* may also fall within a prudential sub-category. This will determine which provisions within a particular sourcebook or chapter apply to the *firm*.

1.4.3 G_{/1} If a *firm* is part of a *group*, each *authorised* member of the *group* will have its own prudential category. *Firms* should refer to the provisions of the relevant Interim Prudential sourcebooks to determine whether and, if so, how consolidated supervision applies.

1.5 Determining the prudential categories of a firm

1.5.1 G_{/1} This appendix includes flow diagrams (Figures 1 and 2) to assist in determining the prudential category of a *firm*.

- 1.5.2** G_{/1} For a *firm* which became an *authorised person* after *commencement*, the *FSA* will have confirmed the applicable prudential category of the *firm* as part of the *authorisation* process.
- 1.5.3** G_{/1} For a *firm* with automatic *authorisation* by passporting under the *Single Market Directives*, exercising rights under the *Treaty* or as a *UCITS qualifier*, the *FSA* will have notified the firm of its prudential category at the same time as the *FSA* notified it of the *applicable provisions* to which it is subject (see *AUTH 5* for further details on inward passporting). If it has a *top-up permission*, then *SUP App 1 1.5.2G* may also apply.

1.6 Changing prudential category after authorisation

- 1.6.1** G_{/1} A *firm's* prudential category may change in the following circumstances:
- (1) A variation in the *firm's permission* may, in some cases, lead to an automatic change in the *firm's* prudential category or sub-category because of the way those categories are defined. For example, if an *investment management firm* is granted *permission to accept deposits*, it may become a *bank* and cease to be an *investment management firm*. Figures 1 and 2 may be used, even if a *firm's permission* is varied after *commencement*. They should enable a *firm* to determine whether any variation in its *permission* will lead to a change in prudential category.
 - (2) The *FSA* may vary the *firm's permission* and thereby require a *firm* to comply with the *rules* applicable to a different prudential category, either through using its *own-initiative power* or on the application of the *firm*.
- 1.6.2** G_{/1} A *firm* should notify the *FSA* immediately if it believes that its prudential category or sub-category has changed (see *SUP 15.3.8G(1)(g)*), or if there has been an expansion or reduction in its business that could be relevant to its prudential categorisation or sub-categorisation (see *SUP 15.3.8G*).

Table Note 2

The table below shows how a *firm's* main *regulated activities* determine its prudential category. A *firm's* 'main *regulated activities*' in this context are the *regulated activities* included in the *firm's* *Part IV permission* from which the *firm* derives or is expected to derive the most substantial part of its gross income, including *commissions*. The aggregate gross income from all of the activities listed against each prudential category should be considered to determine which source is the most substantial.

The gross income is based on the business plan submitted as part of the *firm's* application for a *Part IV permission* (for a *firm* given a *Part IV permission* after *commencement*) or on the *firm's* financial year preceding its *authorisation* under the *Act* (for a *firm* *authorised* under section 25 of the Financial Services Act 1986 prior to *commencement*).

If the *firm's* prudential categorisation is not clear, please consult the *FSA* for *guidance*.

Activities from which the most substantial part of the firm's gross income, including commissions, from regulated activities is derived

- (i) *Managing investments* other than for *private customers* or if the assets managed are primarily *derivatives*;
- (ii) *OPS activity*;
- (iii) acting as the *manager* or *trustee* of an *AUT*;
- (iv) acting as the *ACD* or *depository* of an *ICVC*;
- (v) *establishing, operating or winding-up* a *collective investment scheme* other than an *AUT* or *ICVC*; and
- (vi) *safeguarding and administering investments*.

Firm's prudential category

Investment management firm

(i) <i>Advising on investments, or arranging (bringing about) deals in investments, in relation to packaged products; and</i>	<i>Personal investment firm</i>
(ii) <i>managing investments for private customers.</i>	
(i) <i>An activity carried on as a member of an exchange;</i>	<i>Securities and futures firm</i>
(ii) <i>making a market in securities or derivatives;</i>	
(iii) <i>corporate finance business;</i>	
(iv) <i>dealing, or arranging (bringing about) deals in investments, in securities or derivatives;</i>	
(v) <i>the provision of clearing services as a clearing firm;</i>	
(vi) <i>managing investments where the assets managed are primarily derivatives; and</i>	
(vi) <i>activities relating to spread bets;</i>

G

Table Note 5

/1

Only a small number of *firms* are expected to be authorised under section 25 of the Financial Services Act 1986 immediately prior to *commencement* and not be a member of one of the SROs. These *firms* are directly regulated by the *FSA* under the Financial Services Act 1986.

Appendix 2

Insurers: Scheme of operations

2.1 Application

2.1.1 **R** This appendix applies to every *insurer* which is not:

^{/1}

an *incoming EEA firm*; or

an *incoming Treaty firm*.

2.1.2 **G** This appendix applies to every *friendly society* as a friendly society is an *insurer*.

^{/1}

2.2 Purpose

2.2.1 **G** To fulfil its obligations under the *Insurance Directives*, and as part of the FSA's risk-based approach to supervision, there are certain times when the FSA needs to monitor an *insurer* more closely than it normally would. This is so the FSA can fulfil its function of supervising *insurers* properly and meet the *regulatory objective* of securing an appropriate degree of protection for *consumers*.

^{/1}

2.2.2 **G** The *rules* in this appendix require an *insurer* to submit reports and information to the FSA when:

^{/1}

- (1) an *insurer* is failing to satisfy *threshold condition 4* (Adequate resources) (see COND 2.4), and its *margin of solvency* has fallen below its *required minimum margin*, or its *guarantee fund*;
- (2) an *insurer* has decided to cease to *effect new contracts of insurance*;
- (3) an *insurer* is going through periods of potential uncertainty, for example when it has come under the *control of a new parent undertaking*, or following the grant or variation of *permission*.

2.2.3 **G** In accordance with the *Insurance Directives*, an *insurer* whose *margin of solvency* has fallen below its *required minimum margin*, or its *guarantee fund*, is required, by the *rules* set out in this appendix, to submit a *scheme of operations*, together with an explanation of how the *margin of solvency* will be adequately restored. Similarly, an *insurer* which is entering into run-off is required to submit a *scheme of operations*, including also an explanation of how its *liabilities to policyholders*

^{/1}

will be met in full. In other cases, such as following a change in *control*, or the grant or variation of *permission*, the reports help the *FSA* to identify when an *insurer* departs from the *scheme of operations* submitted as part of the notification of a change in *control*, or an application for the grant or variation of *permission*, and on which basis such notification or application was approved.

- 2.2.4** **G**_{/1} These *rules* are in addition to the other *rules* and *guidance* in *SUP*, in particular *SUP* 2 (Information gathering by the *FSA* on its own initiative), *SUP* 15 (Notifications to the *FSA*), *SUP* 16 (Reporting requirements) and the Principles (*PRIN*).

2.3 Margin of solvency below required margin of solvency

- 2.3.1** **R**_{/1} If an *insurer's margin of solvency* falls below its *required margin of solvency*, it must, within 28 days of the firm becoming aware of this event, submit to the *FSA* a plan for the restoration of a sound financial position including:
- (1) a *scheme of operations* (see *SUP* App 2.9); and
 - (2) an explanation of how, if at all, and by when it expects its *margin of solvency* to be adequately restored to the *required margin of solvency*.

- 2.3.2** **G**_{/1} See *SUP* App 2.8.2G for *guidance* on the period that the *scheme of operations* should cover.

2.4 Margin of solvency below guarantee fund

- 2.4.1** **R**_{/1} If an *insurer's margin of solvency* falls below its *guarantee fund*, it must, within 14 days of the firm becoming aware of this event, submit a short-term financial plan to the *FSA* including:
- (1) a *scheme of operations* (see *SUP* App 2.9); and
 - (2) an explanation of how, if at all, and by when it expects its *margin of solvency* to be adequately restored to the *guarantee fund*.

- 2.4.2** **G**_{/1} See *SUP* App 2.8.2G for *guidance* on the period that the *scheme of operations* should cover.

2.5 Ceasing to effect contracts of insurance

2.5.1 **R** /1 If an *insurer* decides to cease to *effect* new *contracts of insurance*, it must, within 28 days of that decision, submit a run-off plan to the FSA including:

- (1) a *scheme of operations*; and
- (2) an explanation of how, or to what extent, all *liabilities to policyholders* (including, where relevant, reasonable bonus expectations) will be met in full as they fall due.

2.5.2 **G** /1 *SUP* App 2.5.1R only applies if a *firm* ceases to *effect* new *contracts of insurance* in respect of the whole of its *insurance business*.

2.5.3 **G** /1 For the purposes of *SUP* App 2.5.1R a new *contract of insurance* excludes contracts effected under a term in a subsisting *contract of insurance*.

2.5.4 **G** /1 Under *Principle 11*, the FSA normally expects to be notified by an *insurer* when it decides to cease *effecting* new *contracts of insurance* in respect of one or more *classes of contract of insurance* (see *SUP* 15.3.8G). At the same time, the FSA would normally expect the *firm* to discuss with it the need for the *firm* to apply to vary its *permission* (see *SUP* 6.2.6G and *SUP* 6.2.7G) and, if appropriate, to submit a *scheme of operations* in accordance with *SUP* App 2.5.1R.

2.5.5 **G** /1 See *SUP* App 2.8.2G for *guidance* on the period that the *scheme of operations* should cover.

2.6 Under control of a new parent undertaking

2.6.1 **G** /1 An *insurer* that has notified the FSA of a new *parent undertaking* may be requested to submit a *scheme of operations* (see *SUP* 11.5.5G). A *scheme of operations* would be requested if the significance and circumstances of the change were considered to be sufficient to merit that level of scrutiny. This is normally only likely to be necessary when there has been an ultimate change in *control*, or when, as a result of the change in *control*, significant changes are proposed to the *firm's regulated activities*, business plan or strategy. An *insurer* which has submitted a *scheme of operations* under *SUP* 11.5.5G, is not required to submit a further *scheme of operations* under this Appendix unless *SUP* App 2.3 to *SUP* App 2.6 applies. *SUP* App 2.10 does, however, apply to such an *insurer*.

2.7 Grant or variation of permission

- 2.7.1** G_{/1} The *FSA* may ask an *insurer* seeking a grant or variation of permission to provide a *scheme of operations* as part of the application process (see AUTH 3.9.9G(1) and SUP 6.3.25G). Such an *insurer* is not required to submit a further *scheme of operations* under this appendix unless SUP App 2.3 to SUP App 2.6 applies. SUP App 2.10 and SUP 6 Ann 4G do, however, apply to such an *insurer*.

2.8 Submission of a scheme of operations

- 2.8.1** G_{/1} A *firm* should discuss its plan in draft with the *FSA* before submitting it. If a plan is submitted which does not satisfy the *FSA* that the *firm* can restore its *margin of solvency* (as appropriate), or meet its liabilities as they fall due, the *FSA* may use its *own-initiative power* to vary or cancel the *firm's permission*.

- 2.8.2** G_{/1} The *schemes of operations* required when an *insurer's margin of solvency* has fallen below its *required margin of solvency* or its *guarantee fund* (see SUP App 2.3.1R and SUP App 2.4.1R, respectively) should cover a period which is sufficient to demonstrate that the *insurer's margin of solvency* will be adequately restored. Typically this would be a period of at least three years. However, if a *scheme of operations* has expired, but SUP App 2.3.1R or SUP App 2.4.1R continue to apply, the *insurer* should submit a new *scheme of operations*. The *scheme of operations* required by SUP App 2.5.1R, when an *insurer* ceases to *effect new contracts of insurance*, should cover the run-off period until all *liabilities to policyholders* are met.

2.9 Content of a scheme of operations

- 2.9.1** R_{/1} A *scheme of operations* must:
- (1) describe the *firm's* business strategy;
 - (2) include financial projections (for appropriate scenarios and stress-tests) as follows:
 - (a) a forecast summary profit and loss account in accordance with SUP App 2.9.7R;
 - (b) a forecast summary balance sheet in accordance with SUP App 2.9.8R; and

- (c) a forecast statement of solvency in accordance with SUP App 2.9.9R; and
- (3) as at the end of each *financial year* which falls (in whole or part) within the period to which the *scheme of operations* relates:
- (a) describe the assumptions which underlie those forecasts and the reasons for adopting those assumptions; and
- (b) identify any material transactions (see SUP App 2.11.1R) proposed to be effected or carried out with, or in respect of, any *associate*.

2.9.2

G
/1

The business strategy referred to at SUP App 2.9.1R(1) should include a description of the nature of the risks which the *insurer* is underwriting, or intends to underwrite. It should also give an explanation of the *firm's* strategy for managing the risks associated with carrying on *insurance business* (including, in particular, reinsurance).

2.9.3

G
/1

The amount of detail to be given on the *firm's* business strategy required by SUP App 2.9.1R(1) should be appropriate to the scale and complexity of the *insurer's* operations and the degree of risk involved.

2.9.4

R
/1

The information required by SUP App 2.9.1R must cover the same aspects of the *firm's* business as are covered under IPRU(INS) 2.1 or IPRU(FSOC) [number to be added later] (as applicable).

2.9.5

G
/1

IPRU(INS) 2.1 and IPRU(FSOC) [number to be added later] set out the *margin of solvency* requirements for *insurers* (other than *friendly societies*) and *friendly societies*, respectively. The *margin of solvency* an *insurer* is required to maintain varies according to whether the *insurer* has its head office in the *United Kingdom* or overseas, and depending on the nature of the *insurance business* it carries on. A *firm* submitting a *scheme of operations* should provide the information required by SUP App 2.9.1R according to the requirements for the *margin of solvency* as set out in IPRU(INS) 2.1 and IPRU(FSOC) [number to be added later] (as applicable). For example, in order to satisfy SUP App 2.9.1R, an *insurer* with its head office outside the *United Kingdom* which is carrying on direct *insurance business* in the *United Kingdom* is required to submit separate information concerning its world-wide activities and its *UK* activities.

2.9.6

G
/1

In accordance with IPRU(INS) 2.1(4) and IPRU(FSOC)[number to be added later], to comply with SUP App 2.9.1R, an *insurer* which carries on both *long-term insurance business* and *general insurance business* should submit separate information for each type of *insurance business*.

2.9.7

R
/1

Table Summary profit and loss account (see SUP app 2.9.1R (2)(a))

(1)	Premiums and claims (gross and net of reinsurance) analysed by accounting class of insurance business
(2)	Investment return
(3)	Expenses

(4)	Other charges and income
(5)	Taxation
(6)	Dividends paid and accrued

2.9.8 **R** Table Summary balance sheet (see SUP App 2.9.1 R (2)(b))

/1

(1)	Investments analysed by type
(2)	Assets held to cover linked liabilities
(3)	Other assets and liabilities separately identifying cash at bank and in hand
(4)	Capital and reserves analysed into called up <i>share</i> capital or equivalent funds, <i>share</i> premium account, revaluation reserve, other reserves and profit and loss account
(5)	Subordinated liabilities
(6)	The fund for future appropriations
(7)	Technical provisions gross and net of reinsurance analysed by <i>class of insurance business</i> and separately identifying the provision for linked liabilities, unearned <i>premiums</i> , unexpired risks and equalisation
(8)	Other liabilities and credits

2.9.9 **R** A forecast statement of solvency (under SUP App 2.9.1R (2)(c)) must include the forecast *margin of solvency* and the forecast *required margin of solvency* at the end of each *financial year* or part *financial year*.

/1

2.10 Obligations on insurers which have previously submitted a scheme of operations

2.10.1 **R** An *insurer* which has submitted a *scheme of operations* to the FSA, whether required by SUP App 2.3 to SUP App 2.6, or as part of an application under SUP 6.3 (see SUP 6.3.25G), SUP 6.5 (see SUP 6

/1

Ann 4G), *AUTH* 3.9 (see *AUTH* 3.9.9G(1)), or *SUP* 11.5 (see *SUP* 11.5.5G), or an amended *scheme of operations*, must during the period covered by that *scheme of operations*:

- (1) notify the *FSA* at least 28 days before entering into or carrying out any material transaction (see *SUP* APP 2.11.1R) with, or in respect of an *associate*, unless that transaction is in accordance with a *scheme of operations* which has been submitted to the *FSA*;
- (2) submit a quarterly financial return to the *FSA* which must include for, or as at the end of, each quarter:
 - (a) a summary profit and loss account prepared in accordance with *SUP* App 2.9.7R;
 - (b) a summary balance sheet prepared in accordance with *SUP* App 2.9.8R; and
 - (c) a statement of solvency prepared in accordance with *SUP* App 2.9.9R;

and which must identify and explain differences between the actual results and the forecasts submitted in the *scheme of operations*; and
- (3) notify the *FSA* promptly of any matter which has either happened or is likely to happen and which represents a significant departure from the *scheme of operations*; the *insurer* must either:
 - (a) explain the nature of the departure and the reasons for it and provide revised forecast financial information in the *scheme of operations* for its remaining term; or
 - (b) include an amended *scheme of operations* and explain the amendments and the reasons for them.

2.10.2

R

A report under *SUP* App 2.10.1R(2) must be submitted in accordance with the rules in *SUP* 16.3.6R to *SUP* 16.3.13R.

/1

2.10.3

G

For the purpose of *SUP* App 2.10.1R(1), the *FSA* considers that transactions with, or in respect of, *associates* include:

/1

- (1) contracting (as either party), advancing, repaying, writing off or agreeing to change the terms of any loan;
- (2) entering into (in any capacity), releasing, calling upon or agreeing to change the terms of any guarantee, pledge, security, charge or any off-balance-sheet transaction;
- (3) entering into agreements to acquire or dispose of *property* or which otherwise affect the nature or value of the *insurer's* assets
- (4) making an investment (directly or indirectly) in an *associate*;

2.10.4

G
/1

- (5) entering into (as either party), commuting or agreeing to change the terms of, any contract of reinsurance; and
- (6) entering into, or changing the terms of, any agreement to give or provide services or to share costs.

The FSA considers that a significant departure referred to in SUP App 2.10.1R(3) includes:

- (1) entry or withdrawal from a line of *insurance business*;
- (2) significant revision of the firm's strategy for managing risks, in particular the basis upon which risks are reinsured;
- (3) forecast *premiums* being exceeded, by more than 10%, for a single *financial year* (or part year if the period covered by the *scheme of operations* is or includes part of a *financial year*);
- (4) *claims* experience being significantly worse than forecast for a single *financial year* (or part year if the period covered by the *scheme of operations* is or includes part of a *financial year*);
- (5) the actual *margin of solvency* being significantly worse than forecast;
- (6) paid or proposed dividends being greater than those forecast; and
- (7) any other transaction or circumstance which is likely to have a material effect upon available assets (as defined in IPRU(INS)[number to be inserted later]).

2.11

Meaning of "material transaction"

2.11.1

R
/1

In this appendix, a transaction is a "material transaction" if (when aggregated with any similar transactions):

- (1) the price actually paid or received for the transfer of assets or liabilities or the performance of services; or
- (2) the price which would have been paid or received had that transaction been negotiated at arm's length between unconnected parties

exceeds:

- (3) in the case of an *insurer* which carries on either *general insurance business* or *long-term insurance business*, but not both, 5% of the general insurance business amount (as defined in IPRU(INS) 11.1), or the long-term business amount (as defined in IPRU(INS) 11.1), as applicable; or

-
- (4) in the case of an *insurer* that carries on both types of business either:
- (a) 5% of the long-term insurance business amount (as defined) in *IPRU(INS) 11.1* where the transaction is in connection with the *insurer's* long-term business; or
 - (b) In other cases, 5% of the general insurance business amount (as defined in *IPRU(INS) 11.1*).

Handbook Modules

Schedule4 Powers exercised

G

- 1 The following powers and related provisions in the Act have been exercised by the FSA to make the rules in SUP:
 - (1) Section 59 (Approval for particular arrangements)
 - (2) Section 138 (General rule-making power)
 - (3) Section 145 (Financial promotion rules)
 - (4) Section 146 (Money laundering rules)
 - (5) Section 149 (Evidential provisions)
 - (6) Section 156 (General supplementary powers)
 - (7) Section 340 (Appointment)
- 2 The following power in the Act has been exercised by the FSA to give the guidance in SUP:
 - (1) Section 157(1) (Guidance)
- 3 The following powers and related provisions in or under the Act have been exercised by the FSA in SUP to direct or require:
 - (1) Section 51 (Applications under this Part)
 - (2) Section 60 (Applications for approval)
 - (3) Section 148(3) (Modification or waiver of rules)
 - (4) Section 182 (Notification)
 - (5) Section 250(4) and (5) (Modification or waiver of rules)
 - (6) Section 318 (Exercise of powers through Council)
 - (7) Regulation 7(3) and (4) of the OEIC Regulations (Modification of waiver of rules)

ENFORCEMENT MANUAL INSTRUMENT 2001

- A. The Financial Services Authority makes the guidance and issues the statements of policy in the Annex to this instrument (“ENF”) in the exercise of the powers listed in Schedule 4 to ENF.
- B. This instrument shall come into force as follows:
- (1) ENF 2 (Information gathering and investigation powers) and ENF 3 (Variation of Part IV permission and withdrawal of authorisation): on the first day on which section 45 (Variation etc on the Authority's own initiative) of the Financial Services and Markets Act 2000 (the "Act") comes into force for any purpose;
 - (2) ENF 4 (Intervention against incoming firms): on the first day on which section 194 of the Act (General grounds on which power of intervention is exercisable) comes into force for any purpose;
 - (3) ENF 5 (Cancellation of Part IV permission on the FSA's own initiative and withdrawal of authorisation): on the first day on which section 45 of the Act (Variation etc on the Authority's own initiative) comes into force for any purpose;
 - (4) other parts of ENF: at the beginning of the day on which section 19 of the Act (The general prohibition) comes into force;
 - (5) paragraphs A to D on this page: immediately.
- C. This instrument may be cited as the Enforcement Manual Instrument 2001.
- D. The Annex to this instrument (including its Schedules) may be cited as the Enforcement manual (or ENF).

By order of the Board
21 June 2001

Transitional provisions

1 G Table

There are no transitional provisions in *ENF*. *GEN* contains some technical provisions that apply throughout the *Handbook* and which are designed to ensure a smooth transition at *commencement*.

Chapter 1.

Introduction to the Enforcement manual

1.1 Application

1.1.1

G
/1

The Enforcement manual contains *guidance* for *firms*, *approved persons*, and other *persons*, whether or not they are regulated by the *FSA*, on the use of the *FSA*'s enforcement powers, as set out in *ENF 1 Ann 1G*.

1.2 Purpose

1.2.1

G
/1

The FSA's effective and proportionate use of its enforcement powers to enforce the requirements of the *Act*, the *rules*, the *Statements of Principle* and other relevant legislation (for example, the Criminal Justice Act 1993, and the *Money Laundering Regulations* 1993) play an important role in the pursuit of its *regulatory objectives*. For example:

- (1) in relation to the market confidence objective, the FSA's powers to bring criminal prosecutions for *insider dealing* and *misleading statements and practices offences*, and to impose financial penalties for *market abuse*, help to maintain confidence in the *financial system*;
- (2) in relation to the public awareness objective, the imposition of disciplinary measures such as public censures and public statements of misconduct show that regulatory standards are being upheld;
- (3) in relation to the protection of *consumers* objective, the imposition of disciplinary measures helps to deter future contraventions, ensure high standards of regulatory conduct and protect *consumers*; in addition, the FSA's powers to vary *permission* on its own initiative may be used to require a *firm* to take urgent remedial action to protect the interests of *consumers*; and
- (4) in relation to the reduction of *financial crime* objective, the FSA's use of its criminal prosecution powers under the *Act* helps to reduce *financial crime*; for example the prosecution of *insider dealing* and breaches of prescribed regulations relating to *money laundering* act as a deterrent.

1.2.2

G
/1

Schedule 1 to the *Act* (The Financial Services Authority) states that the FSA must 'maintain arrangements for enforcing the provisions of, or made under, this *Act*' (see paragraph 6(3) of Schedule 1). The Enforcement manual describes the FSA's policies and procedures for the exercise of the enforcement powers given to it by the *Act*, as set out in ENF 1 Ann 1G. It does not include the statement of procedures required by section 395 of the *Act* (The FSA's procedures) relating to the issue of *supervisory notices*, *warning notices* and *decision notices*, which is in the Decision making manual (*DEC*). The Enforcement manual does not (except where expressly stated) include material on the powers relating to the UKLA, which is in the *listing rules* and related *guidance*.

1.2.3

G
/1

In some cases, the *Act* expressly requires the FSA to prepare and publish statements of policy and procedures on the exercise of its enforcement powers. The Enforcement manual therefore contains statements of policy and procedures on the following matters:

- (1) sections 69 and 210 of the *Act* require the FSA to publish statements of policy on the imposition of financial penalties on *firms* and *approved persons* (see ENF 13);

- (2) section 124 of the *Act* requires the *FSA* to publish a statement of its policy on the imposition of financial penalties for *market abuse* (see *ENF* 14); and
- (3) section 169 of the *Act* (Investigations etc. in support of overseas regulator) requires the *FSA* to publish a statement of its policy on the conduct of certain interviews in response to requests from *overseas regulators* (see *ENF* 2).

1.2.4

G
/1

In addition, the Enforcement manual contains *guidance* in accordance with section 157(1) of the *Act* (Guidance) on the *FSA*'s use of its enforcement powers in other areas. These include the *FSA*'s power to vary *Part IV permissions* on its own initiative (see *ENF* 3), to apply to court for *injunctions* (see *ENF* 6), to obtain restitution (see *ENF* 9), and to prosecute for certain criminal offences (see *ENF* 15).

1.2.5

G
/1

For ease of reference, *ENF* 1 Ann 1G contains a table of the main enforcement powers showing where they are considered in the manual.

1.2.6

G
/1

The Authorisation manual (*AUTH*), the Supervision manual (*SUP*), the Enforcement manual (*ENF*), and the Decision making manual (*DEC*) form the regulatory processes part of the *Handbook*:

- (1) *AUTH* sets out the relationships between the *FSA* and applicants for *Part IV permission* and *persons* wishing to exercise *EEA rights*, *Treaty rights* or *UCITS Directive* rights;
- (2) *SUP* sets out the relationship between the *FSA* and *authorised persons* (referred to in the *Handbook* as *firms*); as a general rule, material that is of continuing relevance after *authorisation* is in *SUP*;
- (3) *ENF* describes the *FSA*'s enforcement powers under the *Act* and sets out its policies for using those powers; and
- (4) *DEC* is principally concerned with, and sets out, the *FSA*'s decision making procedures for decisions that involve the issue of statutory notices.

1.3 The FSA’s approach to enforcement

1.3.1

G
/1

There are a number of principles underlying the *FSA’s* approach to the exercise of its enforcement powers:

- (1) The effectiveness of the regulatory regime depends to a significant extent on the maintenance of an open and cooperative relationship between the *FSA* and those whom it regulates.
- (2) The *FSA* will seek to exercise its enforcement powers in a manner that is transparent, proportionate and consistent with its publicly stated policies.
- (3) The *FSA* will seek to ensure fair treatment when exercising its enforcement powers. For example, the *FSA’s* decision making process for regulatory enforcement cases generally gives an opportunity for both written and oral representations to be made, and also provides a facility for mediation (where settlement discussions break down) in certain disciplinary cases (see *DEC* App 1).

1.3.2

G
/1

The *FSA* has a range of enforcement powers and, in any particular enforcement situation, the *FSA* may need to consider which power to use and whether to use one or more powers. So in any particular case, it may often be necessary to refer to a number of chapters of the Enforcement manual. For example, in *market abuse* cases, it may be necessary to refer to *ENF* 2 (Information gathering and investigation powers), *ENF* 6 (Injunctions), *ENF* 9 (Restitution), *ENF* 14 (Sanctions for market abuse) and *ENF* 15 (Prosecution of criminal offences), as well as the *Code of Market Conduct* (see *MAR* 1). Appropriate cross-references have been included in each chapter to help the reader use this manual.

1.3.3

G
/1

The *FSA* has a range of regulatory tools to help it meet its *regulatory objectives*. The powers to conduct investigations which may lead to formal disciplinary action, together with powers to take intervention action and obtain restitution, are an important part of the *FSA’s* toolkit, but there are many other regulatory tools that the *FSA* can use. The requirement for *authorisation of firms* and approval of *persons* in *controlled functions* aims to allow only those who satisfy the necessary criteria (including honesty, competence and financial soundness) to engage in *regulated activity*. Supervision enables the *FSA* to monitor and influence the behaviour of *firms* and *approved persons*.

1.3.4

G
/1

Where a *firm* or other *person* has failed to comply with the requirements of the *Act*, the *rules*, or other relevant legislation (such as the Criminal Justice Act 1993, and the *Money Laundering Regulations* 1993), it may be appropriate to deal with this without the need for formal disciplinary or other enforcement action. The proactive supervision and monitoring of *firms*, and an open and cooperative relationship between *firms* and their supervisors, will, in some cases where a contravention has taken place, lead the *FSA* to decide against taking formal disciplinary action. However, in those cases, the *FSA* will expect the *firm* to act promptly to take the necessary remedial action agreed with its supervisors to deal

1.3.5

G

/1

with the *FSA's* concerns. If the *firm* does not do this, the *FSA* may take disciplinary or other enforcement action in respect of the original contravention.

The *FSA's* enforcement powers are exercised in, and reviewed by, the criminal courts, the civil courts and the *Tribunal*. For example, the *FSA* has power to prosecute particular offences in the criminal courts, it may seek to obtain *injunctions* in the civil courts, and its powers to impose disciplinary sanctions are subject to referral to the *Tribunal*.

1.4 The structure of the Enforcement manual

The Enforcement manual

- 1.4.1** G_{/1} *ENF 2* (Information gathering and investigation powers) outlines the *FSA's* information gathering and investigation powers under the *Act* (including its power to conduct investigations to assist overseas authorities), and its approach to the use of those powers.
- 1.4.2** G_{/1} *ENF 3* (Variation of Part IV permission on the *FSA's* own initiative) outlines the *FSA's* powers, policies and procedures for exercising its *own-initiative powers* to impose *limitations* or *requirements* on a *firm's* permitted business.
- 1.4.3** G_{/1} *ENF 4* (Intervention against incoming firms) is concerned with the *FSA's* power to intervene against *incoming EEA firms* and *incoming Treaty firms* and the *FSA's* policy for exercising that power.
- 1.4.4** G_{/1} *ENF 5* (Cancellation of permission) outlines the *FSA's* powers to cancel a *firm's permission*, the procedures for exercising those powers and the *FSA's* approach to their exercise.
- 1.4.5** G_{/1} *ENF 6* (Injunctions) describes the *FSA's* powers to apply to court for *injunctions*, and the *FSA's* approach to using those powers.
- 1.4.6** G_{/1} *ENF 7* (Withdrawal of approval) describes the *FSA's* power to withdraw approval from *approved persons*, the *FSA's* procedure and approach in relation to the exercise of this power, other powers that may be relevant when the *FSA* considers the exercise of the withdrawal power, and the effect of the *FSA's* decision to withdraw approval.
- 1.4.7** G_{/1} *ENF 8* (Prohibition of individuals) outlines the *FSA's* power to make a *prohibition order*, the policy and procedure for exercising that power, the effect of the decision to make a *prohibition order*, and the *FSA's* policy in relation to applications by individuals to have a *prohibition order* varied or revoked.
- 1.4.8** G_{/1} *ENF 9* (Restitution and redress) outlines the *FSA's* power to apply to the court for an order for restitution, the *FSA's* administrative power to require restitution, the *FSA's* policy concerning the use of its powers to obtain restitution, and the way in which the court or the *FSA* will determine the amount of restitution.
- 1.4.9** G_{/1} *ENF 10* (Insolvency proceedings and orders against debt avoidance) outlines the *FSA's* powers to seek *insolvency orders* from the court, the exercise of the *FSA's* rights to be involved in insolvency regimes concerning *firms* and *unauthorised persons*, and the policies in those areas.

- 1.
- 1.4.10 **G**_{/1} ENF 11 (Discipline of firms and approved persons: the FSA's general approach) explains the FSA's policy on private warnings, the criteria which the FSA will use when it decides whether to take disciplinary action against *firms* and *approved persons*; its enforcement policy relating to *approved persons*; the enforcement of the *Principles*; *guidance* on the standard of reasonable care required by some *rules*; and the FSA's approach where disciplinary action may also be taken by other UK or overseas authorities.
- 1.4.11 **G**_{/1} ENF 12 (Discipline of firms and approved persons: public censures and public statements) describes the FSA's powers to impose public censures and public statements and its approach to the exercise of those powers.
- 1.4.12 **G**_{/1} ENF 13 (Discipline of firms and approved persons: financial penalties) describes the FSA's powers to impose financial penalties (except those relating to *market abuse*), and the FSA's policy on the exercise of those powers. In particular, it contains a list of some of the factors which the FSA may take into account when it decides the level of a financial penalty.
- 1.4.13 **G**_{/1} ENF 14 (Sanctions for market abuse) describes the FSA's powers to impose financial penalties for *market abuse*, and contains a statement of policy with a non-exhaustive list of some of the factors which the FSA may take into account when it decides the level of a financial penalty. The chapter also refers to the FSA's power to publish a statement that a *person* has engaged in *market abuse*. It also considers the FSA's approach to *market abuse* cases where there may have been a breach of the *Principles*, and the FSA's approach to *market abuse* cases where other regulatory authorities may also be involved.
- 1.4.14 **G**_{/1} ENF 15 (Prosecution of criminal offences) sets out the FSA's policy on the use of its prosecution powers under sections 401 (Proceedings for offences) and 402 (Power of the FSA to institute proceedings for certain other offences) of the *Act*.
- 1.4.15 **G**_{/1} ENF 16 (Collective investment schemes) sets out the FSA's policies and procedures on the use of its enforcement powers in relation to *AUTs*, *ICVCs*, and *recognised schemes*.
- 1.4.16 **G**_{/1} ENF 17 (Disqualification of auditors and actuaries) describes the FSA's policy on its power to disqualify an auditor or *actuary* from acting as an auditor or *actuary* of a *firm*, where he has failed to comply with a duty imposed on him under the *Act*.
- 1.4.17 **G**_{/1} ENF 18 (Disapplication orders against members of the professions) describes the FSA's policy on its power to make an order disapplying *members* of the professions' exemption from the *general prohibition* on conducting *regulated activities* without *authorisation*.

1.5 Using the Enforcement manual

1.5.1

G

/1

- (1) Since the *FSA's* enforcement powers are derived from the *Act*, the manual contains a large number of references to the *Act*. In some instances, the manual quotes the *Act* directly (this is shown in the text by quotation marks) although, where possible, it uses *Handbook* definitions in place of the actual wordings of the *Act*. In other cases, where reproducing the entire statutory provision would need a lengthy quotation, or considerable further explanation, the relevant provision of the *Act* has been summarised. So, users of the manual should refer to the *Act* as well as to the manual where necessary.
- (2) In the event of any discrepancy between the manual and the *Act*, the provisions of the *Act* prevail.
- (3) It is a *person's* responsibility to ensure that his actions comply with the *Act* at all times, and to seek professional advice where necessary.

ENF 1 ANN 1G: Table of powers referred to in the Enforcement manual

1 Table

This table gives the main location in the Enforcement manual where *guidance* appears on those powers referred to in the *Act* listed below. In many instances the powers will be referred to in other locations.

2 Table Powers referred to in the Enforcement manual

SUBJECT	PART AND SECTION OF THE ACT	ENFORCEMENT MANUAL LOCATION
Variation and cancellation of permission and withdrawal of authorisation		
Duty to withdraw <i>authorisation</i>	Part III, s.33	<i>ENF 5</i>
Variation and cancellation on the FSA's own initiative	Part IV, s.45	<i>ENF 3</i> (Variation), <i>ENF 5</i> (Cancellation)
Variation on acquisition of <i>control</i>	Part IV, s.46	<i>ENF 3</i>
Exercise of powers in support of an <i>overseas regulator</i>	Part IV, s.47	<i>ENF 3</i> (Variation), <i>ENF 5</i> (Cancellation)
Prohibitions and restrictions	Part IV, s.48	<i>ENF 3.2.10G</i>
Prohibition of individuals		
Power to make a <i>prohibition order</i>	Part V, s.56	<i>ENF 8</i>
Withdrawal of Approval		
Power to withdraw approval	Part V, s.63	<i>ENF 7</i>
Disciplinary Powers against Approved persons		
Public statements of misconduct	Part V, s.66	<i>ENF 11</i> and <i>ENF 12</i>
Financial penalties	Part V, s.66	<i>ENF 11</i> and <i>ENF 13</i>
Penalties for Market abuse		
Power to impose penalties	Part VIII, s.123	<i>ENF 14</i>
Power to publish statement	Part VIII, s.123	<i>ENF 14</i>
Power to request court to impose penalties	Part VIII, s.129	<i>ENF 14</i>
Information Gathering and Investigation powers		
Power to require information	Part XI, s.165	<i>ENF 2.3.2G – ENF 2.3.7G</i>
Power to require reports	Part XI, s.166	<i>ENF 2.3.8G – ENF 2.3.11G</i>
Power to appoint <i>persons</i> to carry out general investigations	Part XI, s.167	<i>ENF 2.3.12G – ENF 2.3.13G</i>

SUBJECT	PART AND SECTION OF THE ACT	ENFORCEMENT MANUAL LOCATION
Power to appoint <i>persons</i> to carry out investigations in particular cases	Part XI, s.168	ENF 2.3.14G – ENF 2.3.15G
Investigations etc in support of an <i>overseas regulator</i>	Part XI, s.169	ENF 2.3.16G – ENF 2.3.17G and ENF 2.4.10G – ENF 2.4.12G
Powers of investigators appointed under s.167	Part XI, s.171	ENF 2.4.2G – ENF 2.4.5G and ENF 2.4.10G – ENF 2.4.12G
Additional powers of investigators appointed as a result of s.168(1) or (4)	Part XI, s.172	ENF 2.4.6G – ENF 2.4.7G and ENF 2.4.10G – ENF 2.4.12G
Powers of investigators appointed as a result of s.168(2)	Part XI, s.173	ENF 2.4.8G and ENF 2.4.10G – ENF 2.4.12G
Information and <i>documents</i> : supplemental provisions	Part XI, s.175	ENF 2.4.10G – ENF 2.4.12G
Entry of premises under warrant	Part XI, s.176	ENF 2.15.1G – ENF 2.15.4G
Investigation powers in relation to collective investment schemes	Part XVII, s.284	ENF 2.3.18G – ENF 2.3.21G and ENF 2.4.13G
Intervention against Incoming Firms		
General grounds on which <i>power of intervention</i> is exercisable	Part XIII, s.194	ENF 4.3
Exercise of powers in support of an <i>overseas regulator</i>	Part XIII, s.195	ENF 4.3.5G
<i>Power of intervention</i>	Part XIII, s.196	ENF 4
Power to apply to court for <i>injunctions</i> in respect of certain overseas insurance <i>companies</i>	Part XIII, s.198	ENF 6.8
Disciplinary Powers against firms		
Public censure	Part XIV, s.205	ENF 12
Financial penalties	Part XIV, s.206	ENF 13
Authorised unit trusts		
Revocation of <i>authorisation order</i> other than by consent	Part XVII, s.254	ENF 16.2.3G – ENF 16.2.4G and ENF 16.2.10G – ENF 16.2.14G

SUBJECT		PART AND SECTION OF THE ACT	ENFORCEMENT MANUAL LOCATION
	Power to give directions	Part XVII, s.257	ENF 16.2.5G – ENF 16.2.7G and
	Applications to the court	Part XVII, s.258	ENF 16.2.10G – ENF 16.2.14G ENF 16.2.8G – ENF 16.2.14G
Recognised schemes			
	Power to suspend promotion of an <i>EEA scheme</i>	Part XVII, s.267	ENF 16.4.2G – ENF 16.4.4G
	Revocation of recognition of s.270 <i>schemes</i> (designated country/territory <i>schemes</i>) and s.272 <i>schemes</i> (<i>individually recognised schemes</i>)	Part XVII, s.279	ENF 16.4.5G and ENF 16.4.7G – ENF 16.4.8G
	Directions in relation to s.270 and s.272 <i>schemes</i>	Part XVII, s.281	ENF 16.4.6G – ENF 16.4.8G
Members of designated professional bodies			
	Power to make disapplication orders	Part XX, s.329	ENF 18
Disqualification of auditors and actuaries			
	Disqualification of auditor of <i>authorised unit trust</i>	Part XVII, s.249	ENF 17
	Disqualification of auditors and actuaries of authorised persons	Part XXII, s.345	ENF 17
Insolvency proceedings and orders against debt avoidance			
	Company voluntary arrangements: power to participate in proceedings:	Part XXIV, s.356	ENF 10.7 – ENF 10.8
	Individual voluntary arrangements: power to participate in proceedings:	Part XXIV, s.357	ENF 10.7 – ENF 10.8
	Administration orders: power to present petitions	Part XXIV, s.359	ENF 10.5.1G – ENF 10.5.4G
	Administration orders: power to participate in proceedings	Part XXIV, s.362	ENF 10.11.2G – ENF 10.11.6G and ENF 10.13
	Receivership: power to participate in proceedings	Part XXIV, s.363	ENF 10.11.15G – ENF 10.11.20G
	Voluntary winding up: power to participate in proceedings	Part XXIV, s.365	ENF 10.5.9G – ENF 10.5.13G and ENF 10.11.13G – ENF 10.11.14G
	Winding-up by the court: power to present petitions	Part XXIV, s.367	ENF 10.5.5G – ENF 10.5.8G

SUBJECT	PART AND SECTION OF THE ACT	ENFORCEMENT MANUAL LOCATION
Winding up by the court: power to participate in proceedings	Part XXIV, s.371	ENF 10.11.9G – ENF 10.11.12G and ENF 10.13
Bankruptcy petitions: power to present petitions	Part XXIV, s.372	ENF 10.5.14G – ENF 10.5.17G and ENF 10.6.12G – ENF 10.6.14G
Bankruptcy: power to participate in proceedings	Part XXIV, s.374	ENF 10.11.22G – ENF 10.11.23G and ENF 10.13
Provisions against debt avoidance: right to apply for an order	Part XXIV, s.375	ENF 10.9 and ENF 10.10
Injunctions		
Power to apply to court for <i>injunctions</i> in respect of certain overseas insurance <i>companies</i>	Part XIII, s.198	ENF 6.8
<i>Injunctions</i> for breach of a relevant requirement	Part XXV, s.380	ENF 6.3 and ENF 6.5 – ENF 6.6
<i>Injunctions</i> in cases of <i>market abuse</i>	Part XXV, s.381	ENF 6.4 and ENF 6.5 – ENF 6.6
Restitution		
Power to apply to court for a restitution order	Part XXV, s.382	ENF 9
Restitution orders in cases of <i>market abuse</i>	Part XXV, s.383	ENF 9
Power to require restitution	Part XXV, s.384	ENF 9
Prosecution of Criminal Offences		
Power to prosecute offences under the <i>Act</i> and subordinate legislation	Part XXVII, s.401	ENF 15
Power to prosecute other offences	Part XXVII, s.402	ENF 15

3 Table Exclusions from the table

The Enforcement manual does not contain *guidance* inter alia, on the following:

- sections 77 and 78 Discontinuance and suspension of listing
- section 91 Penalties for breach of listing rules
- sections 297 and 298 Revoking recognition (see *REC*)
- section 348 Restrictions on disclosure of confidential information
- section 395 Procedures for the issue of supervisory notices and decision notices (See *DEC*)
- section 404 Schemes for reviewing past business
- Schedule 1, Part III, paragraph 17 Fees

Chapter 2

Information gathering and investigation powers

2.1 Application and purpose

Application

2.1.1

G
/1

This chapter applies to *firms, appointed representatives, approved persons*, and other *persons* who may be subject to the *FSA's* investigations or who may be required to provide information to the *FSA*.

Purpose

2.1.2

G
/1

This chapter explains the *FSA's* policy on how it will use its powers to gather information and investigate in support of its enforcement functions. The *FSA* may also use some of these powers to support its supervision functions and the Supervision manual explains how it will use the powers in those circumstances (see *SUP 2* (Information gathering by the *FSA* on its own initiative) and *SUP 5* (Reports by skilled persons)).

2.2 Introduction

2.2.1

G

^{/1}

This chapter is divided into two parts. The first part of the chapter, *ENF 2.3 to ENF 2.9*, relates to the main provisions of the *Act* on information gathering and investigations. It outlines:

- (1) the *FSA*'s powers to gather information, and to appoint investigators;
- (2) the powers of investigators appointed by the *FSA*; and
- (3) the *FSA*'s policy on the use of its powers in each of the following circumstances:
 - (a) to gather information from *firms* and to conduct investigations of *firms*, *approved persons*, individuals involved in *firms*, and *appointed representatives*, including issuing preliminary findings letters;
 - (b) to investigate suspected market misconduct;
 - (c) to investigate *unauthorised* business;
 - (d) to conduct investigations to assist overseas authorities; and
 - (e) to investigate *collective investment schemes*.

2.2.2

G

^{/1}

The second part of the chapter, *ENF 2.10 to ENF 2.15*, relates to provisions that apply to investigations generally. It outlines:

- (1) the provisions of the *Act* relating to *protected items*, banking confidentiality and the admissibility of statements made to investigators;
- (2) the *FSA*'s powers to control and direct investigations;
- (3) the *FSA*'s policy on:
 - (a) notification to the *person* under investigation;
 - (b) publicity;
 - (c) use of voluntary interviews rather than compulsory ones; and
 - (d) interview procedures; and
- (4) the *FSA*'s powers to enforce requirements on *persons* to cooperate with its information gathering and investigative powers.

2.3 The FSA's powers to gather information and investigate

2.3.1

G
/1

The *FSA's* powers to gather information and to appoint investigators are contained in sections 165 to 169 and 284 of the *Act*. They are described in this section of the chapter under the following cross-headings:

- (1) requiring information and *documents* from *firms*; (section 165: see *ENF* 2.3.2G to *ENF* 2.3.7G).
- (2) reports on *firms* by *skilled persons* (section 166: see *ENF* 2.3.8G to *ENF* 2.3.11G);
- (3) general investigations of *firms* and *appointed representatives* (section 167: *ENF* 2.3.12G and *ENF* 2.3.13G);
- (4) Investigations of specific contraventions, offences and other matters (section 168: see *ENF* 2.3.14G and *ENF* 2.3.15G);
- (5) investigations in support of *overseas regulators* (section 169: see *ENF* 2.3.16G and *ENF* 2.3.17G); and
- (6) investigations into *collective investment schemes* (section 284: see *ENF* 2.3.18G to *ENF* 2.3.21G).

Requiring information and documents from firms

2.3.2

G
/1

Section 165 of the *Act* (*FSA's* power to require information) relates to the *FSA's* powers to require information and *documents* from *firms*. There are two ways in which the *FSA* may do this.

- (1) Under section 165(1), the *FSA* may, by notice in writing, require a *firm* to:
 - (a) provide specified information or information of a specified description; or
 - (b) produce specified *documents* or *documents* of a specified description.

The *firm* must do this within a reasonable period of time, which the *FSA* will specify, at a specified place. The *firm* must provide the specified information in any form that the *FSA* may reasonably require.

- (2) Under section 165(3), an officer authorised by the *FSA* may require a *firm* without delay to:
 - (a) provide him with specified information or information of a specified description; or

(b) produce to him specified *documents* or *documents* of a specified description.

2.3.3 G_{/1} Section 165 applies to information or *documents* that the *FSA* reasonably requires in connection with the exercise of functions given to it by or under the *Act*.

2.3.4 G_{/1} The *FSA* may also require that any information given is verified, and that *documents* are authenticated, in any way that the *FSA* may reasonably require.

2.3.5 G_{/1} (1) Under section 165(7), the *FSA* may also use the power to impose *requirements* to provide information or to produce *documents* on:

- (a) a *person* who is connected with a *firm*;
- (b) an *operator, trustee* or *depository* of certain types of recognised *collective investment schemes* who is not an *authorised person*;
- (c) a *recognised investment exchange* or *recognised clearing house*.

(2) In this context a ‘*firm*’ includes a *person* who was an *authorised person* but who has now ceased to be one (section 165(8)).

2.3.6 G_{/1} Under section 165(11) a *person* is connected with a *firm* if he is or at any relevant time has been:

- (1) a member of the *firm’s group*;
- (2) a *controller* of the *firm*;
- (3) any other member of a *partnership* of which the *firm* is a member;
- (4) a *person* mentioned in Part I of Schedule 15 to the *Act* (Information and Investigations: Connected Persons), such as the officer or *manager* of the *firm* if it is a corporate body.

2.3.7 G_{/1} The *FSA* may use its section 165 power to require information and *documents* from *firms* in support of both its supervisory functions and its enforcement functions. The *FSA* will often use this power in support of its supervision functions and SUP 2 (Information gathering by the *FSA* on its own initiative) deals with the *FSA*’s use of the power in that context. For completeness, the use of the power is also referred to in ENF 2.5 in support of the *FSA*’s enforcement functions in relation to *firms*.

Reports on firms by skilled persons

2.3.8 G_{/1} Section 166 (Reports by skilled persons) relates to the *FSA*’s power to require *firms* to provide a report by a *skilled person*. Under section 166, the *FSA* may require any of the following, who are or were at the relevant time carrying on a business, to provide it with a report on any matter about which the *FSA* has required or could require the provision of information or *documents* under section 165:

- (1) a *firm* (‘A’);
- (2) any other member of A’s *group*;
- (3) a *partnership* of which A is a member;

(4) a *person* who has at any relevant time been one of the above.

The *FSA* may specify the form in which it requires the report.

2.3.9

G
/1

Under section 166(4) the *person* appointed to make the report must:

- (1) be nominated or approved by the *FSA*; and
- (2) appear to the *FSA* to have the skills necessary to report on the matter concerned.

2.3.10

G
/1

(1) Section 166(5) applies to any *person* ('X') who is providing or has provided a *person* whom the *FSA* has required to provide a report ('Y') with services in relation to a matter about which the *FSA* has required the report.

(2) Under section 166(5), X has a duty to give the skilled *person* appointed to provide such a report ('Z') any assistance as Z may reasonably require. The *FSA* may apply for an *injunction* or, in Scotland, for an order for specific performance, to enforce this obligation.

2.3.11

G
/1

As with its power to require information and *documents*, the *FSA* may use its section 166 power to require reports by *skilled persons* in support of both its supervision and enforcement functions. *SUP 5* (Reports by skilled persons) contains *rules* and *guidance* that will apply whenever the *FSA* uses the power. *ENF 2.5* refers briefly to the *FSA's* use of the power in support of its enforcement functions in relation to *firms*.

General investigations of firms and appointed representatives

2.3.12

G
/1

Section 167 of the *Act* (Appointment of persons to carry out general investigations) relates to the appointment of investigators to conduct general investigations into *firms* and *appointed representatives*.

- (1) Under section 167(1), if it appears to the *FSA* (or the Secretary of State) that there is good reason to do so, then the *FSA* (or the Secretary of State) may appoint one or more competent *persons* to conduct an investigation into:
 - (a) The nature, conduct or state of the business of a *firm* or of an *appointed representative*; or
 - (b) a particular aspect of that business; or
 - (c) The ownership or *control* of a *firm*.
- (2) Under Section 167(2), if the *person* appointed to investigate thinks it necessary for his investigation, he may also investigate the business of a *person* who is or has at any relevant time been:
 - (a) a member of the *group* of which the *person* under investigation ('A') is part; or
 - (b) a *partnership* of which A is a member.
- (3) Under section 167(4) the *FSA* may also use this power in relation to a former *firm* or former *appointed representative*, concerning:

- (a) Business carried on at any time when it or he was an *authorised person* or *appointed representative*; or
 - (b) The ownership or *control* of a former *authorised person* when it or he was an *authorised person*.
- (4) In section 167 'business' includes any part of a business even if it does not consist of *regulated activities*.

2.3.13

G

/1

The *FSA's* policy on how it will use this power (and other information-gathering and investigation powers) in support of its enforcement functions is set out in *ENF 2.5*.

Investigations of specific contraventions, offences and other matters

2.3.14

G

/1

Section 168 of the *Act* (Appointment of persons to carry out investigations in particular cases) relates to the conduct of investigations into certain specified contraventions, offences or other matters. The *FSA's* powers to appoint investigators are contained in section 168(3) and (5) and the circumstances in which it can do so are *listed* in section 168(1), (2) and (4) of the *Act*.

- (1) Under section 168(1) and (3) the *FSA* may appoint one or more competent *persons* to carry out an investigation on its behalf if it appears to the *FSA* that there are circumstances suggesting that:
 - (a) a *person* may have breached regulations made under section 142 of the *Act* (Insurance business: regulations supplementing *FSA's* rules); or
 - (b) a *person* may be guilty of an offence under section 177 (Offences), 191 (Offences under Part XII), 346 (Provision of false or misleading information to auditor or actuary) or 398(1) (Misleading the *FSA*: residual cases) of the *Act* or under Schedule 4 to the *Act* (Treaty Rights).
- (2) Under section 168(2) and (3) the *FSA* may appoint one or more competent *persons* to carry out an investigation on its behalf if it appears to the *FSA* that there are circumstances suggesting that:
 - (a) an offence under section 24(1) (False claims to be authorised or exempt) or 397 (Misleading statements and practices) of the *Act* or under Part V of the Criminal Justice Act 1993 may have been committed; or
 - (b) there may have been a breach of the *general prohibition*; or
 - (c) there may have been a contravention of section 21 (Restrictions on *financial promotion*) or 238 (Restrictions on promotion of *collective investment schemes*) of the *Act*; or
 - (d) *market abuse* may have taken place.
- (3) Under section 168(4) and (5) the *FSA* may appoint one or more competent *persons* to carry out an investigation on its behalf if it appears to the *FSA* that there are circumstances suggesting that:
 - (a) a *firm* may have breached the requirement for *permission* in section 20 of the *Act* (Authorised persons acting without permission); or

- (b) a *person* may be guilty of an offence under the *Money Laundering Regulations*; or
- (c) a *firm* may have breached a *rule* made by the *FSA*; or
- (d) an individual may not be a fit and proper *person* to perform functions in relation to a *regulated activity* carried on by an *authorised* or *exempt person*; or
- (e) an individual may have performed or agreed to perform a function in breach of a *prohibition order*; or
- (f) a *firm* or an *exempt person* may have failed to comply with section 56(6) of the *Act* (Prohibition orders); or
- (g) a *firm* may have failed to comply with section 59(1) or (2) of the *Act* (Approval for particular arrangements); or
- (h) a *person* to whom the *FSA* has given its approval under section 59 may not be a fit and proper *person* to perform the function to which that approval relates; or
- (i) a *person* may be guilty of misconduct for the purposes of section 66 of the *Act*.

2.3.15

G
/1

The *FSA* may use these powers to investigate *firms*, *approved persons* and individuals employed by *firms* as well as cases of market misconduct and breaches of the *general prohibition*. The *FSA*'s policies on the use of this power are therefore set out in three different sections of this chapter:

- (1) *ENF 2.5* deals with the use of this power and other powers in relation to *firms*, *approved persons*, individuals employed by *firms*, and *appointed representatives*;
- (2) *ENF 2.6* deals with the use of this power in relation to cases of *market misconduct*; and
- (3) *ENF 2.7* deals with the use of this power in relation to unauthorised business.

Investigations in support of overseas regulators

2.3.16

G
/1

Section 169 of the *Act* (Investigations etc. in support of overseas regulator) relates to investigations conducted to assist an *overseas regulator*. It states that at the request of an *overseas regulator*, the *FSA* may use its powers to require *documents* or information under section 165 or to appoint a *person* to investigate any matter. *ENF 2.8.4G* to *ENF 2.8.6G* set out the matters that the *FSA* must, or may, take into account when considering whether to use these powers in support of an *overseas regulator*.

2.3.17

G
/1

The *FSA*'s policy on how it will use this power is set out in section *ENF 2.8*.

Investigations into collective investment schemes

2.3.18

G
/1

Section 284(1) of the *Act* (Power to investigate) relates to the *FSA's* powers to investigate the affairs of *collective investment schemes*. Under section 284, if it appears to the *FSA* that it is in the interests of the *participants* or potential *participants*, or that the matter is of public concern, it may appoint one or more competent *persons* to investigate and report on:

- (1) the affairs of, or of the *manager* or *trustee* of, any *authorised unit trust scheme*;
- (2) the affairs of, or of the *operator*, *trustee* or *depository* of, any *recognised scheme* that relate to its activities carried on in the *UK*; or
- (3) the affairs of, or of the *operator*, *trustee* or *depository* of, any other *collective investment scheme* except a body incorporated by virtue of regulations under section 262 of the *Act* (that is, an *open-ended investment company*).

2.3.19

G
/1

Section 284(2) states that an investigator appointed under section 284(1) to investigate the affairs of, or of the *manager*, *trustee*, *operator* or *depository* of, any *scheme* may also, if he thinks it necessary for the purposes of that investigation, investigate:

- (1) the affairs of, or of the *manager*, *trustee*, *operator* or *depository* of, any other *scheme* that is mentioned in section 284(1) whose *manager*, *trustee*, *operator* or *depository* is the same *person* as the *manager*, *trustee*, *operator* or *depository* of the *scheme*;
- (2) the affairs of other *schemes* and *persons* (including bodies incorporated by virtue of regulations under section 262 of the *Act* (Open-ended investment companies) and the *directors* and *depositories* of those bodies) as may be prescribed.

2.3.20

G
/1

Regulations to be made by the Treasury will also give the *FSA* powers to appoint investigators to investigate and report on the affairs of *ICVCs*, or *directors* or *depositories* of *ICVCs*.

2.3.21

G
/1

The *FSA's* policy on how it will use its power under section 284 of the *Act* is set out in *ENF 2.9*.

2.4 Powers of FSA investigators

2.4.1

G
/1

The nature and extent of an investigator's powers depend on the provision of the *Act* under which he was appointed.

- (1) The powers of an investigator appointed under section 167 of the *Act* (Appointment of persons to carry out general investigations) are contained in section 171 (Powers of persons appointed under section 167) and 175 (Information and documents: supplemental provisions) of the *Act* and are described in *ENF 2.4.2G* to *2.4.5G* and *ENF 2.4.10G* to *2.4.12G*.
- (2) The powers of an investigator appointed under section 168 of the *Act* (Appointment of *persons* to carry out investigations in particular cases) depend on whether he is appointed to investigate the matters listed in section 168(1) and (4) (see *ENF 2.3.14G* (1) and (3)) or those listed in section 168(2) (see *ENF 2.3.14G* (2)):
 - (a) the powers of an investigator appointed as a result of section 168(1) or (4) are contained in sections 172 (Additional power of persons appointed as a result of section 168(1) or (4)) and 175 (Information and documents: supplemental provisions) and are described in *ENF 2.4.6G* to *2.4.7G* and *ENF 2.4.10G* to *2.4.12G*;
 - (b) The powers of an investigator appointed as a result of section 168(2) are contained in sections 173 (Powers of *persons* appointed as a result of section 168(2)) and 175 (Information and documents: supplemental provisions) and are described in *ENF 2.4.8G* and *ENF 2.4.10G* to *ENF 2.4.12G*.
- (3) The powers of an investigator (appointed under section 169 of the *Act* (Investigations etc. in support of overseas regulator) are the same as those of an investigator appointed as a result of section 168(1) (see *ENF 2.4.9G*, *ENF 2.4.6G* to *2.4.7G* and *ENF 2.4.10G* to *2.4.12G*).
- (4) The powers of an investigator appointed under section 284 of the *Act* (Power to investigate) are contained in section 284(3) and are described in *ENF 2.4.13G*.

Powers of section 167 investigators

2.4.2

G
/1

Section 171 states that an investigator conducting a general investigation under section 167 of the *Act* may require the *person* who is the subject of the investigation or any *person* connected with the *person* under investigation:

- (1) to attend before the investigator at a specified time and place to answer questions; or

(2) otherwise to provide such information as the investigator may require.

2.4.3 G_{/1} Under section 171(2) the investigator may also require any *person* to produce at a specified time and place any specified *documents* or *documents* of a specified description.

2.4.4 G_{/1} However, under section 171(3), the investigator may only impose requirements referred to in *ENF 2.4.2G* and *ENF 2.4.3G*) so far as he reasonably considers the question, provision of information or production of the *document* to be relevant to the purposes of the investigation.

2.4.5 G_{/1} For the purposes of section 171 (see *ENF 2.4.2G*) , a *person* is connected with the *person* under investigation ('A') if he is or has at any relevant time been:

- (1) a member of A's *group*; or
- (2) a *controller* of A; or
- (3) a *partnership* of which A is a member; or
- (4) in relation to A, a *person* mentioned in Part I or II of Schedule 15 to the *Act* (Information and Investigations: Connected Persons).

Powers of section 168(1) and (4) investigators

2.4.6 G_{/1} Section 172 states that an investigator appointed as a result of section 168(1) or (4) will have the powers given by section 171, which are described in *ENF 2.4.2G* to *ENF 2.4.5G*. Under section 172(2), he will also have the power to require a *person* who is not the subject of the investigation, nor a *person* connected with the *person* under investigation, to attend before him at a specified time and place and answer questions, or otherwise to provide such information as he may require, for the purposes of the investigation.

2.4.7 G_{/1} The investigator may only impose a requirement under section 172(2) if satisfied that this is necessary or expedient for the purposes of the investigation.

Powers of section 168(2) investigators

2.4.8 G_{/1} Section 173 sets out the powers of an investigator appointed as a result of section 168(2) (see *ENF 2.3.14G(2)*). Under section 173, if an investigator considers that any *person* is or may be able to give information which is or may be relevant to the investigation, he may require that *person*:

- (1) to attend before the investigator at a specified time and place and answer questions;
- (2) otherwise to provide such information as the investigator may require for the purposes of the investigation;
- (3) to produce at a specified time and place any specified *documents* or *documents* of a specified description which appear to the investigator to relate to any matter relevant to the investigation;

(4) to give the investigator all assistance in connection with the investigation which he is reasonably able to give.

Powers of section 169 investigators

2.4.9 G_{/1} Section 169(2) states that an investigator appointed in support of an *overseas regulator* under section 169(1)(b) has the same powers as an investigator appointed as a result of section 168(1) (see *ENF* 2.4.6G to 2.4.7G and *ENF* 2.4.10G to 2.4.12G).

Powers common to section 167, 168(1), (2) and (4), and 169 investigators

2.4.10 G_{/1} Section 175 provides that if the *FSA*, or an investigator appointed by it under Section 167 or 168 of the *Act*, has the power to require a *person* to produce a *document* but that it appears that the *document* is in the possession of a third *person*, the *FSA* or investigator may use that power in relation to the third *person*.

2.4.11 G_{/1} Section 175(2) states that the *person* to whom the *document* is produced may take copies or extracts from the *document*, or require the *person* producing the *document* (“A”) or any *relevant person* to provide an explanation of it. Under section 175(7) a *relevant person* means a *person* who:

- (1) has been or is or is proposed to be a director or *controller* of A; or
- (2) has been or is an auditor of A; or
- (3) has been or is an actuary, accountant or lawyer appointed or instructed by A; or
- (4) has been or is an employee of A.

2.4.12 G_{/1} Section 175(3) states that if a *person* who is required to produce a *document* fails to do so, the *FSA* or an investigator may require him to state, to the best of his knowledge and belief, where the *document* is. *ENF* 2.10.2G explains the provisions of section 413 of the *Act* (Protected items) relating to communications or items that a person may not be required to produce, disclose, or allow to be inspected.

Powers of section 284 investigators

2.4.13 G_{/1} Section 284(3) states that if an investigator appointed under section 284 of the *Act* (‘B’) considers that a *person* (‘C’) is or may be able to give information which is relevant to the investigation, B may require C:

- (1) to produce to B any *documents* in C’s possession or under his *control* which appear to B to be relevant to the investigation;
- (2) to attend before him; and
- (3) Otherwise to give B all assistance in connection with the investigation which C is reasonably able to give; and

that it is C’s duty to comply with that requirement.

2.5 The FSA’s policy on exercising its powers: firms, approved persons, and others

Introduction

2.5.1 G_{/1} *ENF 2.5.2G to ENF 2.5.11G refer to the FSA’s policies on using its powers to require information and reports from firms and others (which are explained in SUP 2 (Information gathering by the FSA on its own initiative) and SUP 5 (Reports by skilled persons)). They also set out the FSA’s policy on using its powers to carry out investigations into the affairs of firms, approved persons, individuals involved in firms, and appointed representatives. The powers available to the FSA are summarised in ENF 2 Annex 3G.*

Requiring information and documents under section 165 of the Act

2.5.2 G_{/1} *Section 165 of the Act (FSA’s power to require information) gives the FSA powers to require the provision of information and documents from firms.*

2.5.3 G_{/1} *The FSA may require the provision of information and documents under section 165 of the Act if it reasonably requires them, in connection with the exercise of the functions conferred on it by or under the Act (section 165(4)). This power may be used in a range of circumstances and for different purposes, such as supervision, including routine supervisory activities, and consumer education (see SUP 2).*

Reports by skilled persons under section 166 of the Act and investigations under sections 167 and 168 of the Act.

2.5.4 G_{/1} *If the information available to the FSA raises a regulatory concern about a firm or an approved person’s conduct or fitness and propriety, the FSA may need to make further enquiries by using its powers to require reports by skilled persons or to appoint investigators. The nature of the FSA’s enquiries will depend on the nature and seriousness of its concerns and on the attitude of the firm concerned.*

2.5.5 G_{/1} *The types of concern that may prompt the FSA to make further enquiries into a firm cannot be listed exhaustively. They will extend to any matter which relates to a firm’s business and to the FSA’s performance of its statutory functions, having regard to its regulatory objectives. Broadly speaking, they will include circumstances which suggest that:*

- (1) *a firm, or an approved person within a firm, may have acted in a way which prejudiced the interests of consumers;*

- (2) a *firm*, or an *approved person* within a *firm*, may have acted in breach of the requirements of the legislation or the *rules*;
- (3) a *firm* may no longer meet the *threshold conditions* or an *approved person* within a *firm* may not be a fit and proper *person* to perform a *controlled function*;
- (4) a *firm* may have been used or may be being used for the purposes of *financial crime* including *money laundering*;
- (5) the *FSA* should be concerned about the ownership or *control* of a *firm*, including whether a *person* who has acquired influence over the *firm* meets the requirements for *FSA* approval;
- (6) the conduct of certain types of *regulated activities* in which a *firm* is involved are a cause of serious public concern.

Reports by skilled persons

2.5.6

G
/1

If the *FSA* decides that it should use its statutory powers to make further enquiries, it will have regard to the objectives of those enquiries, and the relative effectiveness of its available powers to achieve those objectives. For example:

- (1) if the *FSA*'s objectives are limited to gathering historic information or evidence for determining whether enforcement action may be appropriate, the *FSA*'s information gathering and investigation powers under sections 165, 167 and 168 of the *Act* are likely to be more effective and more appropriate than the power under section 166 (Reports by skilled persons) (see *ENF* 2.3.2G to *ENF* 2.3.15G); and
- (2) if the *FSA*'s objectives include obtaining expert analysis or recommendations (or both) for remedial action, the power under section 166 may be an appropriate power to use, instead of, or in conjunction with, the *FSA*'s other available powers.

2.5.7

G
/1

SUP 5 contains *guidance* on the *FSA*'s use of the section 166 power, including *guidance* on the appointment and reporting process. It also contains rules and *guidance* on the duties of *firms* which are subject to section 166 requirements, and *guidance* on the contractual duties of *skilled persons* appointed as a result of section 166 requirements. The *rules* and *guidance* in *SUP* 5 apply whenever the *FSA* uses the section 166 power.

Investigations into general and specific concerns

2.5.8

G
/1

- (1) In some circumstances, the provision of a report by a *skilled person* under section 166 may not be appropriate, or may be insufficient (because of the limited nature of the power) to address the seriousness of the *FSA*'s concerns. This will include cases where an effective and thorough investigation by the *FSA* is likely to call for the exercise of powers to require the *firm* or *connected persons* to answer questions and/or produce *documents*. In those cases, the *FSA* will appoint an investigator under section 167 or 168 of the *Act*; if appropriate the *FSA* may also require the *firm* to provide a *skilled person*'s report under section 166. In other cases, the *FSA* may appoint an investigator,

under section 167 or 168, as a result of information in a report under section 166.

(2) Investigators will usually be members of the FSA’s staff.

2.5.9 G_{/1} Where the FSA has general concerns about a *firm* or an *appointed representative*, but the circumstances do not at that stage suggest any specific breach or contravention, it will rely on its power under section 167 of the *Act* and, if it appears that there are good reasons for doing so, the FSA will appoint investigators to investigate the business of a *firm* or an *appointed representative*.

2.5.10 G_{/1} Where it appears to the FSA that circumstances suggest the contraventions or offences set out in section 168 of the *Act* (listed in ENF 2.3.14G) may have happened, the FSA will appoint investigators under section 168. These powers are wider than those available to investigators under section 167 (see ENF 2.4.2G to ENF 2.4.8G). An investigator appointed under section 168 may also require *persons* who are neither the subject of the investigation, nor connected with the *person* under investigation, to attend before him, and to answer questions and provide information. In addition, where the investigator is appointed as a result of section 168(2), those *persons* may also be required to provide all assistance to the investigator that they are reasonably able to give.

2.5.11 G_{/1} In some cases where the FSA has appointed investigators into a *firm* under section 167 of the *Act*, it may decide that it is appropriate to extend the appointment to cover matters under section 168 of the *Act* as well, if circumstances suggest that one of the specific contraventions, breaches or offences listed in ENF 2.3.14G may have occurred. Where it does so, it will normally notify the *person* under investigation that it has appointed the investigators to investigate under section 168 as well (see ENF 2.12).

Preliminary Findings Letter

2.5.12 G_{/1} Unless it is not practicable to do so (such as in cases of urgency), FSA staff (or the investigator appointed by the FSA) will generally send a preliminary findings letter to a *firm*, *approved person*, individual involved in a *firm* or *appointed representative* under investigation (as the case may be) before considering whether to recommend that enforcement action be initiated.

2.5.13 G_{/1} The letter will set out the facts which the FSA staff (or the investigator appointed by the FSA) consider relevant to the matters under investigation, and will invite the person concerned to confirm that those facts are complete and accurate. FSA staff (or the investigator appointed by the FSA) will allow a reasonable period (normally 28 days) for a response to this letter.

2.5.14 G_{/1} FSA staff will take into account any response they receive within the period stated in the preliminary findings letter. They are not obliged to take into account any response received outside that period.

2.5.15 G_{/1} Where the FSA (or the investigator appointed by the FSA) has sent a preliminary findings letter and the FSA then decides not to take any further action, the FSA will communicate this decision promptly to the person concerned.

2.6 The FSA's policy on investigations into suspected market misconduct

2.6.1

G
/1

The FSA's power to investigate suspected market misconduct is contained in section 168(2) of the *Act* (Appointment of persons to carry out investigations in particular cases) (see *ENF 2.3.14G(2)*). The FSA may appoint an investigator if circumstances suggest that *insider dealing* or *market abuse* may have taken place, or that misleading statements have been made or misleading practices may have been engaged in. Where it appears to the FSA that there are circumstances suggesting that a *firm* may have engaged in *market abuse*, the FSA will consider appointing an investigator under section 168(2) to investigate that particular matter, rather than under section 167 (Appointment of persons to carry out general investigations). *ENF 2.6.2G* deals in more detail with the circumstances in which the FSA may appoint investigators, in relation to both *authorised persons* and *unauthorised persons*.

2.6.2

G
/1

When considering whether to use its powers to conduct formal investigations into market misconduct, the FSA will take into account a number of factors. These will include:

- (1) the seriousness of its concerns, including the effect of the misconduct on *consumers* or market confidence;
- (2) the nature of the possible contravention, including the type of market involved, and the duration and frequency of the possible contravention;
- (3) the context of the possible contravention; for example, where the *behaviour* in question happened or is happening in the context of a *takeover bid* and, in the FSA's opinion, any investigation may materially affect the timetable or outcome of that bid, the FSA will consult the *Takeover Panel* and will give due weight to its views; and
- (4) whether another regulatory authority is in a position to investigate and deal with the matters of concern.
 - (a) As far as a *recognised investment exchange* or *recognised clearing house* is concerned, the FSA will consider the extent to which the relevant exchange or *clearing house* has adequate and appropriate powers to investigate and deal with the matters of concern itself. The FSA will consult with the relevant exchange or *clearing house* and give due weight to its views. Where appropriate, the FSA may use its own powers under section 128 of the *Act* (Suspension of investigations) to prevent a *recognised investment exchange* or *recognised clearing house* from starting an investigation or to limit, stop or suspend an existing inquiry.
 - (b) As far as the *Takeover Panel* is concerned, as regards *market abuse*, the cases in which the FSA expects to take action against a *person* with *Takeover Code* responsibilities are limited, as *ENF 14.9* (Action involving

other UK regulatory authorities) makes clear. The *FSA* does not therefore expect to use relevant investigative powers unless one of the circumstances in *ENF 14.9.6G* applies. Further, unless one of the following exceptions applies, the *FSA* will not start any investigation into *behaviour* that has happened or is happening in the context of a *takeover bid* while that bid is current. The exceptions are where: (i) the case falls within *ENF 14.9.7G*, or (ii) the *person* whose *behaviour* is to be investigated is not a *person* who has responsibilities under the *Takeover Code*.

2.7 The FSA's policy on investigations into unauthorised business

2.7.1

G
/1

The FSA may appoint investigators into *unauthorised persons* under section 168 of the Act (Appointment of persons to carry out investigations in particular cases) (see ENF 2.3.14G(2) and (3)) where it appears to it that circumstances suggest that:

- (1) a *person* has contravened the *general prohibition* in section 19 of the Act against carrying on a *regulated activity* without *authorisation* or exemption; or
- (2) a *person* has breached a *prohibition order*; or
- (3) a *person* has committed a specified offence, including:
 - (a) Making a false claim to be *authorised* or exempt;
 - (b) Contravening the restriction on *financial promotion*; and
 - (c) Making a false or misleading statement to induce an *investment agreement*.

2.7.2

G
/1

The FSA's primary aim in using its investigation powers will be to protect the interests of *consumers*. The FSA's priority will be to confirm whether or not a *regulated activity* has been carried on in the *United Kingdom* by someone without *authorisation* or exemption, and, if so, the extent of that activity and whether other related contraventions have occurred. It will seek to assess the risk to *consumers'* assets and interests arising from the activity as soon as possible.

2.7.3

G
/1

The FSA may be alerted to possible contraventions or breaches by complaints from the public or *firms*, by referrals from other prosecuting authorities or through its own enquiries. It will assess on a case-by-case basis whether to carry out a formal investigation, after considering all the available information. Factors it will take into account are:

- (1) the elements of the suspected contravention or breach;
- (2) whether the FSA considers that the *persons* concerned are willing to cooperate with it; and
- (3) whether obligations of confidentiality inhibit individuals from providing information unless compelled to do so by the FSA's use of its formal powers.

2.7.4

G
/1

At an early stage in the investigation the FSA may need to consider whether to take urgent enforcement action to protect *consumers*. Its investigators will then use their powers to collect documentary and oral evidence for use in support of that action. Nevertheless, even when it has commenced enforcement proceedings, it may need to continue with its fact-finding investigations. For instance, the FSA may need further information to consider whether it should use any of its other

statutory powers, to apply for further civil remedies or to start criminal prosecutions.

2.7.5

G
/1

The *FSA* will not always be the only investigating, enforcement or prosecuting authority with an interest in investigating unauthorised business. From time to time the Serious Fraud Office, the Department of Trade and Industry, the police and the prosecuting authorities (both in the *United Kingdom* and overseas) may have an interest in such cases.

2.7.6

G
/1

The *FSA* has agreed guidelines that will establish a framework for liaison and cooperation in cases where one or more of these authorities has an interest in prosecuting any aspect of a matter that the *FSA* is considering for investigation, investigating or considering prosecuting. These Guidelines are set out in *ENF 2* Ann 1G.

2.8 The FSA's policy for exercising its power to conduct investigations to assist overseas authorities

- 2.8.1** G_{/1} The *FSA's* power to conduct investigations to assist overseas authorities is contained in section 169 of the *Act* (see *ENF 2.3.16G*).
- 2.8.2** G_{/1} Section 169(1) states that at the request of an *overseas regulator*, the *FSA* may use its power under section 165 of the *Act* (*FSA's* power to require information) power to require information and *documents*, or appoint a *person* to investigate any matter. These are referred to as the *FSA's* investigative powers.
- 2.8.3** G_{/1} If the *overseas regulator* is a *competent authority* and makes a request under any Community obligation, section 169(3) states that the *FSA* must, in deciding whether or not to exercise its investigative power, consider whether it is necessary to use it to comply with that obligation.
- 2.8.4** G_{/1} Section 169(6) states that, if the *FSA* considers that the use of its investigative power is necessary to comply with a Community obligation, the provisions of section 169(4) and (5) (set out in *ENF 2.8.5G* and *ENF 2.8.6G*) do not apply.
- 2.8.5** G_{/1} Under section 169(4), in deciding whether or not to use its investigative power, the *FSA* may take into account in particular the following factors:
- (1) whether, in the country or territory of the *overseas regulator* concerned, corresponding assistance would be given to a *UK* regulatory authority;
 - (2) whether the case concerns the breach of a law, or other requirement, which has no close parallel in the *United Kingdom* or involves the assertion of a jurisdiction not recognised by the *United Kingdom*;
 - (3) the seriousness of the case and its importance to *persons* in the *United Kingdom*; and
 - (4) whether it is otherwise appropriate in the public interest to give the assistance sought.
- 2.8.6** G_{/1} Section 169(5) states that the *FSA* may decide not to use its investigative power unless the *overseas regulator* agrees to make such contribution towards the cost as the *FSA* considers appropriate.
- 2.8.7** G_{/1} When it considers whether to use its investigative power, and whether section 169(4) applies, the *FSA* will first consider whether it is able to assist without using its formal powers, for example by getting the information voluntarily. Where that is not possible, the *FSA* will take account of all the factors in *ENF 2.8.5G*, but may give particular weight to the seriousness of the case and its importance to *persons* in the *United Kingdom*, and to the public interest.

2.9 The FSA's policy on investigations into collective investment schemes under section 284

2.9.1

G^{/1}

The FSA may appoint investigators into a *collective investment scheme* if it appears to it that it is in the interests of the *participants* or potential *participants* to do so or that the matter is of public concern (section 284(1) (Power to investigate)). In most cases it expects that those involved (such as *managers* of *schemes*) will provide information without the FSA having to use its formal powers. In other cases, circumstances may be such that the FSA relies on its general investigative powers. However, in some cases the use of the section 284 power may be more appropriate.

2.9.2

G^{/1}

The types of concern that may prompt the FSA to use its powers under section 284 cannot be listed exhaustively. They will include any matters that could affect the interests of *participants* or potential *participants* or matters that could be of public concern, including questions about the nature and propriety of assets held by the scheme or the accuracy and propriety of valuation of units in the scheme. When considering whether to use the powers, factors that the FSA will take into account include:

- (1) the seriousness, in the FSA's opinion, of the matter of concern;
- (2) the degree to which the interests of *consumers* may be affected;
- (3) whether the FSA considers that the *persons* concerned are willing to cooperate in giving information;
- (4) whether confidentiality obligations may inhibit individuals from giving information without the FSA having to use its formal powers.

2.10 Protected items, banking confidentiality, and admissibility

2.10.1 **G** This section sets out additional provisions that apply to investigations generally.
/1

Protected items

2.10.2 **G** Section 413 of the *Act* relates to *protected items*.
/1

- (1) Under section 413(1), a *person* may not be required under the *Act* to produce, disclose or allow inspection of *protected items*.
- (2) *Protected items* are:
 - (a) Communications between a professional legal adviser and his client or any *person* representing his client which falls within section 413(3);
 - (b) Communications between a professional legal adviser, his client or any *person* representing his client and any other *person* that falls within section 413(3) (as a result of paragraph (b) of that subsection);
 - (c) items which -
 - (i) Are enclosed with, or referred to in, such communications;
 - (ii) Fall within section 413(3); and
 - (iii) Are in the possession of a *person* entitled to have them.
- (3) A communication or item falls within section 413(3) if it is made:
 - (a) in connection with the giving of legal advice to the client; or
 - (b) in connection with, or in contemplation of, legal proceedings and for the purposes of those proceedings.
- (4) However under section 413(4) a communication or item is not a *protected item* if it is held with the intention of furthering a criminal purpose.
- (5) Also, under section 175(4) of the *Act* (Information and documents: supplemental provisions) a lawyer may be required to give the name and address of his client.

Banking confidentiality

2.10.3

G
/1

Under section 175(5) and section 284(8) (Power to investigate) of the *Act*, except in certain circumstances, no *person* may be required under Part XI (Information Gathering and Investigations) or section 284 of the *Act* to give information or produce a *document* in respect of which he owes an obligation of confidence by carrying on banking business. Those circumstances include, under section 175(5), circumstances where:

- (1) the *person* to whom the obligation is owed is the *person* under investigation, or a related *company*; or
- (2) the *person* to whom the duty is owed consents to its disclosure; or
- (3) the requirement to disclose has been specifically authorised by the *FSA*.

Admissibility of statements

2.10.4

G
/1

Section 174 of the *Act* (Admissibility of statements made to investigators) relates to the admissibility of statements made by a *person* in compliance with information requirements imposed under sections 171 (Powers of persons appointed under section 167), 172 (Additional power of persons appointed as a result of section 168(1) or (4)), 173 (Powers of persons appointed as a result of section 168(2)), 175 or 284 of the *Act*, to an investigator appointed under section 167 (Appointment of persons to carry out general investigations), 168 (Appointment of persons to carry out investigations in particular cases) or 284 of the *Act*.

- (1) Under section 174(1) a statement made to an investigator by a *person* complying with an information requirement can, in general, be used as evidence in any proceedings, so long as it also complies with any requirements governing the admissibility of evidence in the circumstances in question.
- (2) However, under section 174(2), such a statement cannot generally be used as evidence in criminal proceedings in which the *person* who made the statement is charged with an offence, or in proceedings in relation to action against a *person* under section 123 of the *Act* (Penalties for market abuse). Nevertheless this does not apply to the offences listed in section 174(3), such as making false statements or providing false or misleading evidence to the *FSA*'s investigators. Where section 174(2) applies:

- (a) no evidence relating to the statement may be adduced; and
- (b) no questions relating to it may be asked;

by the prosecution or the *FSA*, unless evidence relating to that statement is adduced, or a question relating to it is asked, by that *person* or on his behalf in the proceedings.

2.10.5

G
/1

Statements made by a *person* to an investigator other than in compliance with an information requirement (such as statements made voluntarily) are not covered by section 174 and can be used as evidence in any proceedings subject to any requirements governing the admissibility of evidence in the circumstances in question.

2.11 The FSA's policy on investigators and control of investigations

Powers of the investigators

2.11.1 **G** The *FSA* sees its investigation powers as essentially fact-finding powers. Consequently, it will ensure that its investigators use them primarily to obtain the information it needs in order to decide what further action, if any, may be necessary in a particular case.
/1

2.11.2 **G** In practice, investigators appointed under sections 167 (Appointment of persons to carry out general investigations), 168 (Appointment of persons to carry out investigations in particular cases) or 284 (Power to investigate) of the *Act* may not always deem it necessary to use their statutory powers. However, where they do so, they will at all times make this clear to those *persons* to whom their enquiries are addressed, and will inform those *persons* of the statutory requirements (see *ENF* 2.4) and the possible penalties for failure to comply. (See also *ENF* 2.14.3G on compulsory interviews and *ENF* 2.15 on enforcement of requirements).
/1

Control and direction of the investigation

2.11.3 **G** The *FSA*'s powers to control investigators are contained in section 170 of the *Act* (Investigations: general). Section 170(5) permits the *FSA* to appoint a member of its staff as an investigator, and the *FSA* will usually do this.
/1

2.11.4 **G** The *FSA* has power under section 170(7) to direct an investigator so that it can control:
/1

- (1) the scope of the investigation;
- (2) the period during which the investigation is to be conducted;
- (3) the conduct of the investigation; and
- (4) the reporting of the investigation.

2.11.5 **G** Under section 170(8) a direction may, in particular:
/1

- (1) Confine the investigation to particular matters;
- (2) Extend the investigation to additional matters;
- (3) Require the investigator to stop the investigation or to take only certain steps; and

(4) Require the investigator to make an interim report or reports.

2.11.6

G
/1

Section 170(5) to (9) also applies to investigations into *collective investment schemes* under section 284 of the *Act*.

2.11.7

G
/1

Where the *FSA* has appointed an investigator in response to a request from an *overseas regulator*, it may under section 169(7) (Investigations etc. in support of overseas regulator) direct the investigator to allow a *representative* of that regulator to attend, and take part in, any interview conducted for the purposes of the investigation. However, the *FSA* may only use this power if it is satisfied that any information obtained by an *overseas regulator* as a result of the interview will be subject to safeguards equivalent to those in Part XXIII of the *Act* (Public Record, Disclosure of Information and Cooperation) (section 169(8)).

2.11.8

G
/1

The factors that the *FSA* may take into account when deciding whether to make a section 169(7) interview direction include the following:

- (1) the complexity of the case;
- (2) the nature and sensitivity of the information sought;
- (3) the *FSA*'s own interest in the case;
- (4) costs, where no Community obligation is involved, and the availability of resources; and
- (5) the availability of similar assistance to *UK* authorities in similar circumstances.

2.11.9

G
/1

Under section 169(9), the *FSA* is required to prepare a statement of policy with the approval of the Treasury on the conduct of interviews attended by representatives of *overseas regulators*. The statement is set out in *ENF 2 Ann 2G*.

2.12 The FSA's policy on notification to the person under investigation

2.12.1 G_{/1} Section 170(2) of the *Act* (Investigations: general) requires the *FSA* to give to the *person* who is the subject of the investigation written notice that it has appointed an investigator, except in relation to the cases set out in section 170(3) (see *ENF* 2.12.3G). Under section 170(4), the notice must:

- (1) specify the provisions under which, and as a result of which, it appointed the investigator; and
- (2) state the reason for the investigator's appointment.

2.12.2 G_{/1} If there is a change in the scope or conduct of the investigation and, in the *FSA's* opinion, the *person* under investigation is likely to be significantly prejudiced if not made aware of this, that *person* must be given written notice of the change (see section 170(9)). It is impossible to give a definitive list of the circumstances in which a *person* is likely to be significantly prejudiced by not being made aware of the change in the scope or conduct of an investigation. However, this may include situations where there may be unnecessary costs from dealing with an aspect of an investigation which the *FSA* no longer intends to pursue or where a *person* may inadvertently incriminate himself by not knowing of the change in scope.

2.12.3 G_{/1} However, under section 170(3), sections 170(2) and (9) (see *ENF* 2.12.1G and *ENF* 2.12.2G) do not apply if:

- (1) the investigator is appointed as a result of section 168(1) or (4) (Appointment of persons to carry out investigations in particular cases) (see *ENF* 2.3.14G (1) and (3)) and the investigating authority believes the notice required would be likely to result in the investigation being frustrated; or
- (2) the investigator is appointed as a result of section 168(2) (see *ENF* 2.3.14G (2)).

2.12.4 G_{/1} Where the *Act* does not require the *FSA* to give written notice of the appointment of the investigators, for example where the investigation is into suspected breaches of the *general prohibition* or market misconduct, the *FSA* will nevertheless consider notifying the *person* under investigation when it becomes clear who that *person* is.

2.12.5 G_{/1} In investigations into possible *insider dealing*, *market abuse*, *misleading statements and practices offences*, or breaches of the *general prohibition*, the restriction on *financial promotion*, or the prohibition on promoting *collective investment schemes*, the investigator may not know the identity of the perpetrator or may be looking into market circumstances at the outset of the investigation rather than investigating a particular *person*. For example, *market abuse* investigations may often be prompted by concerns surrounding, for instance, movements in the market price of a particular *investment*. In those circumstances the *FSA* will give an

indication of the nature and subject matter of the *FSA's* investigation to those who are required to provide information to assist with the investigation.

2.12.6

G
/1

However, when it becomes clear who the *person* under investigation is, the *FSA* will normally notify him of that fact when it proceeds to exercise its statutory powers to require information from them. But it will not notify the *persons* under investigation if this would prejudice the *FSA's* ability to conduct the investigation effectively.

2.12.7

G
/1

Except where the *FSA* has issued a *warning notice* (See *DEC 2* Statutory notice procedure: warning notice and decision notice procedure) and the *FSA* has subsequently discontinued the proceedings, the *Act* does not require the *FSA* to provide notification of the termination of an investigation or subsequent enforcement action. However, where the *FSA* has given a *person* written notice that it has appointed an investigator and subsequently decides to discontinue the investigation without any present intention to take further action, it will confirm this to the *person* concerned as soon as it considers it is appropriate to do so, having regard to the circumstances of the case.

2.13 Publicity

- 2.13.1** G_{/1} The *FSA* will not normally make public the fact that it is or is not investigating a particular matter, or any of the findings or conclusions of an investigation.

Publicity during investigations

- 2.13.2** G_{/1} Paragraphs *ENF 2.13.3G* to *ENF 2.13.6G* deal with exceptional circumstances in which the *FSA* may make a public announcement that it is or is not investigating a particular matter.

- 2.13.3** G_{/1} Where the matter in question has occurred in the context of a *takeover bid*, and the following circumstances apply, the *FSA* may make a public announcement that it is not investigating, and does not propose to investigate, the matter. Those circumstances are where the *FSA*:

- (1) has not appointed, and does not propose to appoint, investigators; and
- (2) considers (following discussion with the *Takeover Panel*) that such an announcement is appropriate in the interests of preventing or eliminating public uncertainty, speculation or rumour.

- 2.13.4** G_{/1} Where it is investigating any matter, the *FSA* will, in exceptional circumstances, make a public announcement that it is doing so if it considers such an announcement is desirable to:

- (1) maintain public confidence in the *financial system*; or
- (2) protect *consumers*; or
- (3) prevent widespread malpractice; or
- (4) help the investigation itself, for example by bringing forward witnesses.

In deciding whether to make an announcement, the *FSA* will consider the potential prejudice that it believes may be caused to any *persons* who are, or who are likely to be, a subject of the investigation.

- 2.13.5** G_{/1} The exceptional circumstances referred to in *ENF 2.13.4G* may arise where the matters under investigation have become the subject of public concern, speculation or rumour. In this case it may be desirable for the *FSA* to make public the fact of its investigation in order to allay concern, or contain the speculation or rumour. Where the matter in question relates to a *takeover bid*, the *FSA* will discuss any announcement beforehand with the *Takeover Panel*. Any announcement will be subject to the restriction on disclosure of confidential information in section 348 of the *Act* (Restrictions on disclosure of confidential information by *FSA* etc).

2.13.6 G_{/1} There will also be cases where publicity is unavoidable. For example, investigations into suspected criminal offences may often lead the *FSA* into making enquiries amongst the general public which might attract publicity.

2.13.7 G_{/1} The *FSA* will not normally publish details of the information found or conclusions reached during its investigations. In many cases, statutory restrictions on the disclosure of information obtained by the *FSA* in the course of exercising its functions are likely to prevent publication (see section 348 of the *Act*). In exceptional circumstances, and where it is not prevented from doing so, the *FSA* may publish details. Circumstances in which it may do so include those where the fact that the *FSA* is investigating has been made public, by the *FSA* or otherwise, and the *FSA* subsequently concludes that the concerns that prompted the investigation were unwarranted. This is particularly so if the *firm* under investigation wishes the *FSA* to clarify the matter.

Publicity following an investigation

2.13.8 G_{/1} Section 391 of the *Act* (Publication) deals with publication of regulatory action resulting in *final notices* and effective *supervisory notices* (see *DEC*).

- (1) Under section 391(4) the *FSA* must publish such information about the matter to which a *final notice* relates as it considers appropriate.
- (2) Similarly under section 391(5), where a *supervisory notice* takes effect the *FSA* must publish such information about the matter to which the notice relates as it considers appropriate.
- (3) However, under section 391(6) the *FSA* may not publish information under section 391 if publication of it would, in its opinion, be unfair to the *person* with respect to whom the action was taken or prejudicial to the interest of *consumers*.

2.13.9 G_{/1} Where the *final notice* relates to *behaviour* in the context of a *takeover bid*, and the *FSA* believes that publicity may affect the timetable or outcome of that bid, the *FSA* will consult the *Takeover Panel* and will give due weight to the Panel's views.

2.13.10 G_{/1} *ENF* 9.10 (Publication) sets out the *FSA*'s policy on publishing details of applications to court for restitution or for the use of its administrative power to require restitution. The *FSA* considers that it is generally appropriate to publish details of successful applications to court or of the exercise of its administrative powers to require restitution. However, in certain circumstances it may decide not to publish, for example, if this could damage market confidence or undermine market integrity in a way that could be damaging to the interests of *consumers*. Where the relevant *behaviour* has occurred in the context of a *takeover bid*, and the *FSA* believes that publicity may affect the timetable or outcome of that bid, the *FSA* will consult the *Takeover Panel* and will give due weight to the *Takeover Panel's* views.

2.13.11 G_{/1} The *FSA* will also normally publish the outcome of other civil actions, such as the obtaining of *injunctions* prohibiting further illegal activity, and of public hearings in criminal prosecutions. Again, where the relevant *behaviour* has occurred in the context of a *takeover bid*, and the *FSA* is of the opinion that publicity may materially affect the timetable or outcome of that bid, the *FSA* will consult the *Takeover Panel* and will give due weight to the *Takeover Panel's* views.

2.14 The FSA’s policy: interviews and interview procedures

2.14.1 G_{/1} As mentioned in *ENF 2.11.2G*, the *FSA* may not always use its statutory powers to require individuals to be interviewed. If appropriate, the investigator will first seek to conduct interviews on a voluntary basis.

Voluntary Interviews

2.14.2 G_{/1} If the interviewee is the subject of the investigation, the investigator will make a record of the interview and the *FSA* will give a copy of the record to the interviewee. If the interviewee is not the subject of the investigation, the *FSA* will give the interviewee a record of the interview if one has been made by the investigator. The interviewee may be accompanied by a legal adviser, if he wishes.

Compulsory interviews

2.14.3 G_{/1} Where the *FSA* does require a *person* to answer questions in interview, using its compulsory powers, it will:

- (1) allow that *person* (whether or not he is the subject of the investigation) to be accompanied by a legal adviser, if he wishes;
- (2) give the *person* an appropriate warning and an explanation of the limited use that can be made of his answers in criminal proceedings against him, or in proceedings in which the *FSA* seeks a penalty for *market abuse* under Part VIII of the *Act* (Penalties for Market Abuse); and
- (3) give the *person* a record of the interview (in most cases this will be an audio tape recording).

Interviews under caution

2.14.4 G_{/1} Under sections 401 (Proceedings for offences) and 402 (Power of the *FSA* to institute proceedings for certain other offences) of the *Act*, the *FSA* is a prosecuting authority in England and Wales and Northern Ireland for a number of criminal offences. When conducting interviews with suspects for the purpose of obtaining evidence for use in criminal proceedings, investigators are subject (with appropriate adaptations) to the statutory requirements of the Police and Criminal Evidence Act 1984 (PACE) and its Codes, and of the Criminal Procedure and Investigations Act 1996. Individuals suspected of a criminal offence may therefore be interviewed under caution. These interviews will be subject to all the safeguards of PACE Code

C and are entirely voluntary on the part of the suspects. The *FSA* will warn the suspect at the start of the interview of his right to remain silent (and the consequences of remaining silent) and will inform the suspect that he is entitled to have a legal adviser present.

2.14.5

G

/1

If a suspect has already been interviewed by the *FSA* under compulsory powers, before he is interviewed under caution, the investigators will give him the transcript or other record of the compulsory interview and an explanation of the difference between the two types of interview. They will also tell the individual about the limited use that can be made of his previous answers in criminal proceedings or in proceedings in which the *FSA* seeks a penalty for *market abuse* under Part VIII of the *Act*.

2.14.6

G

/1

Also, where a suspect has been interviewed under caution, and the *FSA* subsequently wishes to conduct a compulsory interview with him, the *FSA* will again explain the difference between the two types of interview, and will notify the individual of the limited use that can be made of his answers in the compulsory interview.

2.14.7

G

/1

Guidance on the admissibility of statements made to investigators is set out at *ENF* 2.10.4G to 2.10.5G.

2.15 The FSA's powers to enforce requirements

Search warrants

2.15.1

G
/1

The FSA and its investigators may apply to a magistrate for a warrant to search for and seize *documents* or information. Under section 176 of the *Act* (Entry of premises under warrant) a justice of the peace or sheriff may issue a warrant if he is satisfied that there are reasonable grounds for believing that:

- (1) a *person* has failed to comply with a requirement to provide information or produce *documents*, and that the required *documents* or information are on the premises specified in the warrant (see section 176(2)); or
- (2) the premises specified in the warrant are those of a *firm* or an *appointed representative*; and that there are *documents* or information on the premises which could be the object of an information requirement; and that the requirement would not be complied with, or the *documents* or information would be removed, tampered with or destroyed if such a requirement were made (see section 176(3)); or
- (3) a serious offence has been or is being committed; and that *documents* or information relevant to that offence are on the specified premises; and that an information requirement could be imposed on those *documents* or that information; and that the requirement would not be complied with, or the *documents* or information would be removed, tampered with or destroyed (see section 176(4)).

The offences relevant to sub-paragraph (3) above are those mentioned in section 168 of the *Act* (Appointment of persons to carry out investigations in particular cases) (see *ENF* 2.3.14G), for which the maximum sentence on indictment is two years or more.

2.15.2

G
/1

The FSA will consider using these powers to apply for a search warrant when it has concerns about whether information requirements will be complied with and it believes that the grounds listed in *ENF* 2.15.1G are made out.

2.15.3

G
/1

A search warrant issued under section 176 will authorise a *constable* to:

- (1) Enter the premises specified in the warrant;
- (2) Search the premises and take possession of *documents* or information relevant to the warrant, or take any other steps which may appear to be necessary to preserve them or prevent interference with them;
- (3) take copies of, or extracts from, any such *documents* or information;

(4) require any *person* on the premises to explain any such *document* or information or to state where it may be found.

2.15.4

G /1

As a matter of policy, the *FSA* will usually seek to ensure that the *FSA*’s investigator is named on the warrant and entitled to accompany the *constable* on the search.

Prosecutions

2.15.5

G /1

Section 177 of the *Act* (Offences) creates three criminal offences in relation to non-cooperation with the *FSA*, information gatherers authorised by the *FSA* under section 165(3) of the *Act*, and investigators.

2.15.6

G /1

Under section 177(3), (4) and (6) a *person* commits an offence if he:

- (1) knows or suspects that an investigation is being or is likely to be conducted, and:
 - (a) falsifies, conceals, destroys or otherwise disposes of a *document* which he knows or suspects is, or would be, relevant to the investigation; or
 - (b) causes or permits the falsification, concealment, destruction or disposal of such a *document*;

unless he shows that he had no intention of concealing facts disclosed by the *documents* from the investigator (see section 177(3)); or
- (2) in purported compliance with a requirement placed on him under Part XI of the *Act* (Information Gathering and Investigations), gives information which he knows to be false or misleading in a material particular, or recklessly gives information which is false or misleading in a material particular (see section 177(4)); or
- (3) intentionally obstructs the use of any rights conferred by a warrant (see section 177(6)).

Certification procedure

2.15.7

G /1

Section 177(1) states that if a *person* other than the investigator fails to comply with a requirement imposed on him under Part XI of the *Act*, the *person* imposing the requirement may certify that fact in writing to the court. If the court is satisfied that that *person* has no reasonable excuse for failing to comply, it may deal with him as if he were in contempt. If the *person* is a *body corporate*, the court may deal with any *director* or officer as if he were in contempt (section 177(2)).

ENF 2 Ann 1G: Information gathering and investigation powers

Guidelines on investigation of cases of interest or concern to the Financial Services Authority and other prosecuting and investigating agencies

Purpose, status and application of the guidelines

1. These guidelines have been agreed by the following bodies (“the agencies”):
 - the Financial Services Authority (“the FSA”);
 - the Serious Fraud Office (“the SFO”);
 - the Department of Trade and Industry (“the DTI”);
 - the Crown Prosecution Service (“the CPS”);
 - the Association of Chief Police Officers in England, Wales and Northern Ireland (“ACPO”);
 - the Crown Office;
 - the Department of the Director of Public Prosecutions for Northern Ireland (“the DPP(NI)”);
 - the Association of Chief Police Officers in Scotland (“ACPO(S)”).

2. The guidelines are intended to assist the agencies when considering cases concerning financial crime and/or regulatory misconduct that are, or may be, of mutual interest to the FSA and one or more of the other agencies. Their implementation and wider points arising from them will be kept under review by the agencies who will liaise regularly.

3. The purpose of the guidelines is to set out some broad principles which the agencies agree should be applied by them in order to assist them to:
 - (a) decide which of them should investigate such cases;
 - (b) co-operate with each other, particularly in cases where more than one agency is investigating;
 - (c) prevent undue duplication of effort by reason of the involvement of more than one agency;
 - (d) prevent the subjects of proceedings being treated unfairly by reason of the unwarranted involvement of more than one agency.

ENF 2 Ann 1G: Information gathering and investigation powers

4. The guidelines are intended to apply to the relationships between the FSA and the other agencies. They are not intended to apply to the relationships between those other agencies themselves where there is no FSA interest. They are not legally binding.
5. The guidelines are subject to the restrictions on disclosure of information held by the agencies. They are not intended to override them.
6. The guidelines are relevant to ACPO and ACPO(S) only in so far as they relate to investigations. Similarly, they are relevant to the CPS and the DPP(NI) only in so far as they relate to prosecutions.

Commencing Investigations

7. The agencies recognise that there are areas in which they have an overlapping remit in terms of their functions and powers (the powers and functions of the agencies are set out in the Appendix to this document). The agencies will therefore endeavour to ensure that only the agency or agencies with the most appropriate functions and powers will commence investigations.
8. The agencies further recognise that in certain cases concurrent investigations may be the most quick, effective and efficient way for some cases to be dealt with. However, if an agency is considering commencing an investigation and another agency is already carrying on a related investigation or proceedings or is otherwise likely to have an interest in that investigation, best practice is for the agencies concerned to liaise and discuss which agency or agencies should take action, ie investigate, bring proceedings or otherwise deal with the matter.

Indicators for deciding which agency should take action

9. The following are indicators of whether action by the FSA or one of the other agencies is more appropriate. They are not listed in any particular order or ranked according to priority. No single feature of the case should be considered in isolation, but rather the whole case should be considered in the round.

(a) Tending towards action by the FSA

- Where the suspected conduct in question gives rise to concerns regarding market confidence or protection of consumers of services regulated by the FSA.
- Where the suspected conduct in question would be best dealt with by:
 - criminal prosecution of offences which the FSA has powers to prosecute by virtue of the Financial Services and Markets Act 2000

ENF 2 Ann 1G: Information gathering and investigation powers

("the 2000 Act") (see Appendix paragraph 1.4) and other incidental offences;

- civil proceedings under the 2000 Act (including applications for injunctions, restitution and to wind up firms carrying on regulated activities);
 - regulatory action which can be referred to the Financial Services and Markets Tribunal (including proceedings for market abuse); and
 - proceedings for breaches of listing rules.
- Where the likely defendants are FSA authorised or approved persons.
 - Where the likely defendants are issuers or sponsors of a security admitted to the official list or in relation to which an application for listing has been made.
 - Where there is likely to be a case for the use of FSA powers which may take immediate effect (eg powers to vary the permission of an authorised firm or to suspend listing of securities).
 - Where it is likely that the investigator will be seeking assistance from overseas regulatory authorities with functions equivalent to those of the FSA.
 - Where any possible criminal offences are technical or in a grey area whereas regulatory contraventions are clearly indicated.
 - Where the balance of public interest is in achieving reparation for victims and prosecution is likely to damage the prospects of this.
 - Where there are distinct parts of the case which are best investigated with regulatory expertise.

(b) Tending towards action by one of the other agencies

- Where serious or complex fraud is the predominant issue in the conduct in question (normally appropriate for the SFO).
- Where the suspected conduct in question would be best dealt with by:
 - criminal proceedings for which the FSA is not the statutory prosecutor;
 - proceedings for disqualification of directors under the Company Directors Disqualification Act 1986 (normally appropriate for DTI action);

ENF 2 Ann 1G: Information gathering and investigation powers

- winding up proceedings which FSA does not have statutory powers to bring (normally appropriate for DTI action); or
 - criminal proceedings in Scotland.
- Where the conduct in question concerns the abuse of limited liability status under the Companies Acts (normally appropriate for DTI action).
 - Where powers of arrest are likely to be necessary.
 - Where it is likely that the investigator will rely on overseas organisations (such as law enforcement agencies) with which the other agencies have liaison.
 - Where action by the FSA is likely to prejudice the public interest in the prosecution of offences for which the FSA is not a statutory prosecutor.
 - Where the case falls only partly within the regulated area (or criminal offences for which FSA is a statutory prosecutor) and the prospects of splitting the investigation are not good.
10. It is also best practice for the agencies involved or interested in an investigation to continue to liaise as appropriate throughout in order to keep under review the decisions as to who should investigate or bring proceedings. This is particularly so where there are material developments in the investigation that might cause the agencies to reconsider its general purpose or scope and whether additional investigation by others is called for.

Conduct of concurrent investigations

11. The agencies recognise that where concurrent investigations are taking place, action taken by one agency can prejudice the investigation or subsequent proceedings brought by another agency. Consequently, it is best practice for the agencies involved in concurrent investigations to notify each other of significant developments in their investigations and of any significant steps they propose to take in the case, such as:
- interviewing a key witness;
 - requiring provision of significant volumes of documents;
 - executing a search warrant; or
 - instituting proceedings or otherwise disposing of a matter.
12. If the agencies identify that particular action by one party might prejudice an investigation or future proceedings by another, it is desirable for the parties

ENF 2 Ann 1G: Information gathering and investigation powers

concerned to discuss and decide what action should be taken and by whom. In reaching these decisions, they will bear in mind how the public interest is best served overall. The examples provided in paragraph 9 above may also be used as indicators of where the overall balance of interest lies.

Deciding to bring proceedings

13. The agencies will consider, as necessary, and keep under review whether an investigation has reached the point where it is appropriate to commence proceedings. Where agencies are deciding whether to institute criminal proceedings, they will have regard to the usual codes or guidance relevant to that decision. For example, agencies other than the DPP(NI) or the Crown Office will have regard to the Code for Crown Prosecutors (Note: Different guidance applies to the DPP(NI) and the Crown Office. All criminal proceedings in Scotland are the responsibility of the Lord Advocate. Separate arrangements have been agreed between the FSA and the Crown Office for the prosecution of offences in Scotland arising out of FSA investigations). Where they are considering whether to bring non-criminal proceedings, they will take into account whatever factors they consider relevant (for example, in the case of market abuse proceedings brought by the FSA, these are set out in paragraph 14.4 of the FSA Enforcement manual).
14. The agencies recognise that in taking a decision whether to commence proceedings, relevant factors will include:
 - whether commencement of proceedings might prejudice ongoing or potential investigations or proceedings brought by other agencies; and
 - whether, in the light of any proceedings being brought by another party, it is appropriate to commence separate proceedings against the person under investigation.
15. Best practice in these circumstances, therefore, is for the parties concerned to liaise before a decision is taken.

Closing Cases

16. It is best practice for the agencies, at the conclusion of any investigation where it is decided that no further action need be taken, or at the conclusion of proceedings, to notify any other agencies concerned of the outcome of the investigation and/or proceedings and to provide any other helpful feedback.

ENF 2 Ann 1G: Information gathering and investigation powers

APPENDIX TO THE GUIDELINES ON INVESTIGATION OF CASES OF INTEREST OR CONCERN TO THE FINANCIAL SERVICES AUTHORITY AND OTHER PROSECUTING AND INVESTIGATING AGENCIES

1. *The FSA*

1.1 The FSA is the single statutory regulator for all financial business in the UK. Its regulatory objectives (when acting other than in its capacity as the UK Listing Authority ("UKLA")) under the Financial Services and Markets Act 2000 ("the 2000 Act") are:

- market confidence;
- public awareness;
- the protection of consumers; and
- the reduction of financial crime.

(NOTE: The 2000 Act repealed and replaced various enactments which conferred powers and functions on the FSA and other regulators whose functions are now carried out by the FSA. Most notable in this context are the Financial Services Act 1986 and the Banking Act 1987. Transitional provisions under the 2000 Act permit the FSA to continue to investigate and bring proceedings for offences under the old legislation. Details of these transitional provisions are not set out in these guidelines)

1.2 The FSA is also the UKLA. The UKLA's regulatory objectives in this area are:

- the protection of investors;
- access to capital; and
- investor confidence.

1.3. Under the 2000 Act the FSA has powers to investigate concerns including:

- *regulatory concerns about authorised firms and individuals employed by them;
- *suspected market abuse under s.118 of the 2000 Act;
- *suspected misleading statements and practices under s.397 of the 2000 Act;

ENF 2 Ann 1G: Information gathering and investigation powers

- *suspected insider dealing under of Part V of the Criminal Justice Act 1993;
- suspected contraventions of the general prohibition under s.19 of the 2000 Act and related offences;
- *suspected offences under various other provisions of the 2000 Act (see below);
- suspected breaches of the Listing Rules and related offences in relation to listing.

The FSA's powers of information gathering and investigation are set out in Part XI of the 2000 Act and in s.97 in relation to its UKLA functions.

1.4. The FSA has power to take the following enforcement action:

- discipline authorised firms under Part XIV of the 2000 Act and approved persons under s.66 of the 2000 Act;
- impose civil penalties in cases of market abuse under s.123 of the 2000 Act;
- prohibit an individual from being employed in connection with a regulated activity, under s.56 of the 2000 Act;
- apply to Court for injunctions (or interdicts) and other orders against persons contravening relevant requirements (under s.380 of the 2000 Act) or engaging in market abuse (under s.381 of the 2000 Act);
- petition the court for the winding-up or administration of companies, and the bankruptcy of individuals, carrying on regulated activities;
- apply to the court under ss.382 and 383 of the 2000 Act for restitution orders against persons contravening relevant requirements or persons engaged in market abuse;
- require restitution under s.384 of the 2000 Act of profits which have accrued to authorised persons contravening relevant requirements or persons engaged in market abuse, or of losses which have been suffered by others as a result of those breaches;
- (in England and Wales) prosecute offences under the Money Laundering Regulations 1993, Part V Criminal Justice Act 1993 (insider dealing) and various offences under the 2000 Act including (Note: The FSA may also prosecute any other offences which are

ENF 2 Ann 1G: Information gathering and investigation powers

incidental to those which it has express statutory power to prosecute):

- carrying on regulated activity without authorisation or exemption, under s.23;
 - making false claims to be authorised or exempt, under s.24;
 - promoting investment activity without authorisation, under s.25;
 - breaching a prohibition order, under s.56;
 - failing to co-operate with or giving false information to FSA appointed investigators, under s.177;
 - failing to comply with provisions about influence over authorised persons, under s.191;
 - making misleading statements and engaging in misleading practices, under s.397;
 - misleading the FSA, under s.398;
 - various offences in relation to the FSA's listing authority function under Part VI;
- Fine, issue public censures, suspend or cancel listing for breaches of the Listing Rules by an issuer; and
 - Issue public censures, suspend or remove a sponsor from the UKLA list of approved sponsors for breaches of Listing Rules by a sponsor.

2. *DTI*

- 2.1 The Secretary of State for Trade & Industry exercises concurrently with the FSA those powers and functions marked with an asterisk in paragraphs 1.3 above. The investigation functions are undertaken by Companies Investigation Branch ("CIB") and the prosecution functions by the Solicitors Office.
- 2.2 The principal activities of CIB are, however, the investigations into the conduct of companies under the Companies Acts and the Fair Trading Act. These are fact-finding investigations but may lead to follow-up action by CIB such as petitioning for the winding up of a company,

ENF 2 Ann 1G: Information gathering and investigation powers

disqualification of directors of the company or referring the matter to the Solicitors Office for prosecution. CIB may also disclose information to other prosecution or regulatory authorities to enable them to take appropriate action under their own powers and functions. Such disclosure is, however, strictly controlled under a gateway disclosure regime.

- 2.3 The Solicitors Office advises on investigation work carried out by CIB and undertakes criminal investigations and prosecutions in respect of matters referred to it by CIB, the Insolvency Service or other divisions of the DTI or its agencies.

3. SFO

- 3.1 The aim of the SFO is to contribute to:

- reducing fraud and the cost of fraud;
- the delivery of justice and the rule of law;
- maintaining confidence in the UK's business and financial institutions.

- 3.2 Under the Criminal Justice Act 1987 the Director of the SFO may investigate any suspected offence which appears on reasonable grounds to involve serious or complex fraud and may also conduct, or take over the conduct of, the prosecution of any such offence. The SFO may investigate in conjunction with any other person with whom the Director thinks it is proper to do so; that includes a police force (or the FSA or any other regulator). The criteria used by the SFO for deciding whether a case is suitable for it to deal with are set out in paragraph 3.3.

- 3.3 The key criterion should be that the suspected fraud is such that the direction of the investigation should be in the hands of those who would be responsible for any prosecution.

The factors that are taken into account include:

- whether the amount involved is at least £1 million (this is simply an objective and recognisable signpost of seriousness and likely public concern rather than the main indicator of suitability);
- whether the case is likely to give rise to national publicity and widespread public concern. That includes those involving government bodies, public bodies, the governments of other countries and commercial cases of public interest;

ENF 2 Ann 1G: Information gathering and investigation powers

- whether the case requires highly specialist knowledge of, for example, stock exchange practices or regulated markets;
- whether there is a significant international dimension;
- whether legal, accountancy and investigative skills need to be brought together; and
- whether the case appears to be complex and one in which the use of Section 2 powers might be appropriate.

4. **CPS**

- 4.1. The CPS has responsibility for taking over the conduct of all criminal proceedings instituted by the police in England and Wales. The CPS may advise the police in respect of criminal offences. The CPS prosecutes all kinds of criminal offences, including fraud. Fraud cases may be prosecuted by local CPS offices but the most serious and complex fraud cases will be prosecuted centrally.

5. **ACPO and ACPO(S)**

- 5.1. ACPO represents the police forces of England, Wales, and Northern Ireland. ACPO(S) represents the police forces of Scotland.

6. **The Crown Office**

- 6.1. The investigation and prosecution of crime in Scotland is the responsibility of the Lord Advocate, who is the head of the Procurator Fiscal Service, which comprises Procurators Fiscal and their Deputies, who are answerable to the Lord Advocate. The Procurator Fiscal is the sole public prosecutor in Scotland, prosecuting cases reported not only by the police but all regulatory departments and agencies. All prosecutions before a jury, both in the High Court of Justiciary and in the Sheriff Court, run in the name of the Lord Advocate; all other prosecutions run in the name of the local Procurator Fiscal. The Head Office of the Procurator Fiscal Service is the Crown Office and the Unit within the Crown Office which deals with serious and complex fraud cases and with the investigation of cases of interest or concern to the Financial Services Authority is the Fraud and Specialist Services Unit: the remit of this Unit is directly comparable to that of the Serious Fraud Office.

ENF 2 Ann 1G: Information gathering and investigation powers

7. *The DPP(NI)*

- 7.1. The DPP(NI) is responsible for the prosecution of all offences on indictment in Northern Ireland, other than offences prosecuted by the Serious Fraud Office. The DPP(NI) is also responsible for the prosecution of certain summary offences, including offences reported to it by any government department.

ENF 2 ANN 2G: Statement of policy on section 169(7) interviews (see ENF 2.8)

1 Table Application

1	This annex applies when the <i>FSA</i> : (1) has appointed, an investigator at the request of an <i>overseas regulator</i> , under section 169(1)(b) of the <i>Act</i> ; and (2) has directed, or is considering directing, the investigator, under section 169(7) of the <i>Act</i> , to permit a representative of the <i>overseas regulator</i> to attend, and take part in, any interview conducted for the purposes of the investigation.
2	In this annex a “section 169(7) interview” means any interview conducted for the purposes of an investigation under section 169(1)(b) of the <i>Act</i> in relation to which the <i>FSA</i> has given a direction under section 169(7) of the <i>Act</i> .

2 Table Purpose and Objective

3	The purpose of this annex is to set out the statement of the <i>FSA</i> 's policy on the conduct of interviews to which a direction under section 169(7) has been given or the <i>FSA</i> is considering giving. The <i>FSA</i> is required to prepare and publish this statement of policy by section 169(9) and (11) of the <i>Act</i> . As required by section 169(10) of the <i>Act</i> , the Treasury has approved the statement of policy.
4	The <i>FSA</i> is keen to promote co-operation with <i>overseas regulators</i> . It views assistance to <i>overseas regulators</i> as an essential part of the principles set out in section 2(3)(e) of the <i>Act</i> to which it must have regard in discharging its general functions.

3 Table The *FSA*'s investigation powers in support of overseas regulators

- 5 Under section 169(1)(b) of the *Act*, the *FSA* may appoint an investigator to investigate any matter at the request of an *overseas regulator*. The powers of the investigator appointed by the *FSA* (referred to here as the '*FSA's* investigator') include the power to require *persons* to attend at a specified time and place and answer questions (the compulsory interview power).
- 6 Where the *FSA* appoints an investigator in response to a request from an *overseas regulator* it may, under section 169(7) of the *Act*, direct him to permit a representative of that regulator to attend and take part in any interviews conducted for the purposes of the investigation. The *FSA* may only give a direction under section 169(7) if it is satisfied that any information obtained by an *overseas regulator* as a result of the interview will be subject to the safeguards equivalent to those contained in Part XXIII of the *Act* (Public Record, Disclosure of Information and Cooperation).
- 7 Part XXIII of the *Act* contains restrictions on the disclosure of confidential information. The restrictions are subject to exceptions contained in regulations made by the Treasury under section 349.

4 Table The *FSA's* approach to giving an interview direction under section 169(7)

- 8 The *FSA's* policy on how it will use its investigative power, including its power to appoint investigators, in support of *overseas regulators*, is set out in *ENF* 2.8.
- 9 The *FSA* may need to consider whether to use its direction power at two stages of an investigation:
 - (1) at the same time that it considers the request from the *overseas regulator* to appoint investigators;
 - (2) after it has appointed investigators, either at the request of the *overseas regulator* or on the recommendation of the investigators.
- 10 Before making a direction under section 169(7) the *FSA* will discuss and determine with the *overseas regulator* how this statement of policy will apply to the conduct of the interview, taking into account all the circumstances of the case. Amongst other matters, the *FSA* will at this stage determine the extent to which the representative of the *overseas regulator* will be able to participate in the interview. The *overseas regulator* will be notified of this determination on the issuing of the direction.
- 11 The direction will contain the identity of the representative of the *overseas regulator* that is permitted to attend any interview and the role that he will play in the interview. If the *FSA* envisages that there will be more than one interview in the course of the investigation, the direction may also specify which interview(s) the overseas representative is allowed to attend.

5 Table Control of section 169(7) interviews

- 12 In circumstances where an interview is to be conducted as part of the investigation, the *FSA's* investigator will have conduct of the interview. In general, the *FSA's* investigators will be employees of the *FSA*, but in appropriate cases the *FSA* may appoint *persons* who are not its employees. In those cases, the *FSA* may choose to require that an *FSA* employee is present at the interview and may choose to appoint that *person* as an investigator.
- 13 The *FSA's* investigator will act on behalf of the *FSA* and under its control. He may be instructed to permit the representative of the *overseas regulator* to assist in preparation of the interview. Where the *FSA* considers it appropriate, it may permit the representative to attend and ask questions of the interviewee in the course of the interview. The interview will be conducted according to the terms of the direction and the notification referred to in *ENF 2.4.3G* Ann above.
- 14 If the direction does permit the representative of an *overseas regulator* to attend the interview and ask the interviewee questions, the *FSA's* investigator will retain control of the interview throughout. Control of the interview means the following will apply:
- (1) The *FSA's* investigator instigates and concludes the interview, introduces everyone present and explains the procedure of the interview. He warns the interviewee of the possible consequences of refusing to answer questions and the uses to which any answers that are given can and cannot be put. The *FSA's* investigator will always ask preliminary questions, such as those establishing the identity of the interviewee.
 - (2) The *FSA's* investigator determines the duration of the interview and when, if at all, there should be any breaks in the course of it.
 - (3) The *FSA's* investigator has responsibility for making a record of the interview. The record should note the times and duration of any breaks in the interview and any periods when the representative of the *overseas regulator* was either present or not present.
 - (4) Where the *FSA's* investigator considers it appropriate, he may either suspend the interview, ask the overseas representative to leave the interview, or terminate the interview and reschedule it for another occasion. In making that decision he will bear in mind the terms of the direction, any agreement made with the *overseas regulator* as to the conduct of the interview and the contents of this statement of policy.

6 Table Information for the interviewee

- 15 The *FSA* will in general provide written notice of the appointment of an investigator to the *person* under investigation pursuant to the request of an *overseas regulator*. Whether or not the interviewee is the *person* under investigation, the *FSA*'s investigator will inform the interviewee of the provisions under which he has been appointed, the identity of the requesting authority and general nature of the matter under investigation. The interviewee will also normally be informed if a representative of the *overseas regulator* is to attend and take part in the interview. Notification of any of these matters may not be provided in advance of the interview if the *FSA* believes that the circumstances are such that notification would be likely to result in the investigation being frustrated.
- 16 The interviewee will normally be given a copy of the direction issued under section 169(7) in advance of the interview unless to do so would be likely to result in the investigation being frustrated. The interviewee will also be provided with a copy of this statement of policy.
- 17 The *FSA*'s investigator will determine the venue and timing of the interview. The interviewee will be notified of the venue and timing of the interview in advance and in writing.
- 18 When the *FSA*'s investigator has exercised the compulsory interview power, at the outset of the interview the interviewee will be given an appropriate warning as stated in *ENF* 2.14.3G. The warning, amongst other things, must state that the interviewee is obliged to answer all questions put to them during the interview, including any put by the representative of the *overseas regulator*. It will also state that in criminal proceedings or proceedings for *market abuse* the *FSA* will not use as evidence against the interviewee any information obtained under compulsion during the interview.

7 Table Documents and information referred to in section 169(7) interviews

- 19 The *FSA*'s investigator may decide which documents or other information may be put to the interviewee, and whether it is appropriate to give the interviewee sight of the *documents* before the interview takes place. Where the *overseas regulator* wishes to ask questions about *documents* during the interview and the *FSA*'s investigator wishes to inspect those *documents* before the interview, he will be given the opportunity to do so. If the *FSA*'s investigator wishes to inspect them and has not been able to do so before the interview, he may suspend the interview until he has had an opportunity to inspect them.

8 Table Questions in section 169(7) interviews

- 20 When the *FSA's* investigator has exercised the compulsory interview power, the *FSA's* investigator will require the *person* attending the interview to answer questions. Where appropriate, questions may also be posed by the representative of the *overseas regulator*. The interviewee will also be required to answer these questions. The *FSA's* investigator may intervene at any stage during questioning by the representative of the *overseas regulator*.
- 21 Interviews will, in general, be conducted in English. Where the interviewee's first language is not English, at the request of the interviewee arrangements will be made for the questions to be translated into the interviewee's first language and for his answers to be translated back into English. If a translator is employed at the request of the representative of the *overseas regulator* then the translation costs will normally be met by the *overseas regulator*. Where interviews are being conducted in pursuance of a Community obligation these costs will be met by the *FSA*. In any event, the meeting of costs in relation to translators and, where applicable, the translation of *documents* will always be agreed in advance with the *overseas regulator*.
- 22 All compulsory interviews will be tape-recorded. The method of recording will be decided on and arranged by the *FSA's* investigator. Costs will be addressed similarly to that set out in the preceding paragraph. The *FSA* will not provide the *overseas regulator* with transcripts of the tapes of interviews unless specifically agreed to, but copies of the tapes will normally be provided where requested. The interviewee will be provided with a copy of tapes of the interview but will only be provided with transcripts of the tapes or translations of any transcripts if he agrees to meet the cost of producing them.
- 23 The interviewee may be accompanied at the interview by a legal adviser or a non-legally qualified observer of his choice. The costs of any representation will not be met by the *FSA*. The presence at the interview of a representative of the *overseas regulator* may mean that the interviewee wishes to be represented or accompanied by a *person* either from or familiar with that regulator's jurisdiction. As far as practical the arrangements for the interview should accommodate this wish. However, the *FSA* reserves the right to proceed with the interview if it is not possible to find such a *person* within a reasonable time or no such *person* is able to attend at a suitable venue.

9 Table Publication of the results of overseas investigations

- 24 In relation to the publication of investigations by *overseas regulators*, the *FSA* will pursue a policy similar to the policy that relates to its own investigations. The *FSA's* policy on publicity during investigations can be found at *ENF* 2.13.

ENF 2 ANN 3G: Summary of the FSA's information-gathering and investigation powers referred to in ENF 2.5

1 Table Information gathering and investigation powers

Section	165	166	167	168
Description of the power	<i>FSA's</i> power to require information.	Reports by <i>skilled persons</i> .	Appointment of <i>persons</i> to carry out general investigations.	Appointment of <i>persons</i> to carry out investigations in particular cases.
Grounds	The information and <i>documents</i> required must be reasonably required in connection with the exercise by the <i>FSA</i> of functions conferred on it by or under the <i>Act</i> .	The report must be on any matter about which the <i>FSA</i> has required or could require the provision of information or production of <i>documents</i> under section 165.	It must appear to the <i>FSA</i> that there is good reason for appointing investigators.	It must appear to the <i>FSA</i> that there are circumstances suggesting that specified breaches, contraventions, <i>market abuse</i> or offences may have occurred.

Section	165	166	167	168
Persons who may be subject of the information requirement/report/investigation	<p><i>Firm/former firm.</i></p> <p>Person connected with <i>firm/former firm.</i></p> <p><i>Operator</i> etc. of recognised <i>CIS.</i></p> <p><i>RIE</i> or <i>RCH.</i></p>	<p><i>Firm</i> ("A").</p> <p>Any other member of A's group.</p> <p>Partnership of which A is a member.</p> <p>Person who has at any relevant time been a person falling within any of the three categories mentioned above.</p>	<p><i>Firm</i> or appointed representative.</p> <p>Former <i>firm</i> or <i>appointed representative</i> (in relation to certain matters).</p> <p>Member of the <i>group</i> of which the <i>person</i> under investigation ("A") is part (if investigator thinks it necessary).</p> <p><i>Partnership</i> of which A is a member (if investigator thinks it necessary).</p>	<p>A range of <i>persons</i> depending on the circumstances or suspected breaches.</p>

Section	165	166	167	168
Type of person who may exercise or be authorised or appointed under the power	<i>FSA</i> (by notice in writing). <i>FSA</i> officer (i.e an officer of the <i>FSA</i> , including a member of <i>FSA</i> staff or agent of the <i>FSA</i>).	<i>Skilled person</i> nominated or approved by the <i>FSA</i> .	Competent <i>person</i> (including <i>FSA</i> member of staff).	Competent <i>person</i> (including <i>FSA</i> member of staff).
Powers of FSA/information-gatherers/skilled persons/investigators	To require information. To require <i>documents</i> . To require information to be verified. To require <i>documents</i> to be authenticated. To require explanations of <i>document</i> .	No specific powers – but there is a duty on <i>persons</i> providing services to the subject of the report to provide all such assistance as the <i>skilled person</i> may reasonably require.	To require <i>persons</i> to attend and answer questions. To require information. To require <i>documents</i> . To require explanations of <i>documents</i> .	To require <i>persons</i> to attend and answer questions. To require information. To require <i>documents</i> . To require explanations of <i>documents</i> . To require reasonable assistance (s168(2) investigator only).

Chapter 3

Variation of Part IV permission on the FSA's own initiative

3.1 Application and purpose

Application

3.1.1 **G** This chapter applies to all *firms*.
/1

Purpose

3.1.2 **G** This chapter contains a statement of the FSA's policy on how it will use its *own-initiative power* to vary a *firm's Part IV permission* under sections 45 (Variation etc on FSA's own initiative) and 47 (Exercise of power in support of overseas regulator) of the *Act*. The FSA has related powers to intervene against *incoming firms* and to cancel *Part IV permission* on its own initiative. These powers are dealt with in *ENF 4* (Intervention against incoming firms) and *ENF 5* (Cancellation of Part IV permission on the FSA's own initiative and withdrawal of authorisation).

3.1.3 **G** This chapter outlines:
/1

- (1) the FSA's *own-initiative power* to vary *permission* under the relevant sections of the *Act*;
- (2) the grounds for exercising that power (both generally and in support of *overseas regulators*);
- (3) the FSA's duty to ensure that *firms* satisfy the *threshold conditions* when it exercises its *own-initiative powers*; and
- (4) the FSA's policy on the exercise of the power (both generally and in support of *overseas regulators*).

3.1.4 **G** The FSA also has powers to vary a firm's *Part IV permission* at a *firm's* request under section 44 of the *Act* (Variation etc at request of authorised person). *SUP 6* (Applications to vary and cancel Part IV permission) contains a statement of the FSA's policy in relation to that section of the *Act*. In this chapter, variation of *Part IV permission* means variation of *Part IV permission* on the FSA's own initiative.

3.2 The FSA's powers to vary Part IV permission on its own initiative

3.2.1

G
/1

The FSA's powers to vary a *firm's Part IV permission* on its own initiative, and the grounds for exercising those powers, are contained in sections 45 (Variation etc on FSA's own initiative) to 47 (Exercise of power in support of overseas regulator) of the *Act*:

- (1) section 45 (Variation etc on FSA's own initiative) sets out various cases where the FSA may vary (or cancel) a *firm's Part IV permission* and identifies the types of provisions that the FSA may impose on a *firm*;
- (2) section 46 (Variation of permission on acquisition of control) gives the FSA power to vary a *firm's Part IV permission* when a *person* has acquired *control* over the *firm* (and is dealt with in SUP 11.7.18G (FSA's right to object to existing controllers)); and
- (3) section 47 (Exercise of power in support of overseas regulator) gives the FSA power to vary (or cancel) a *firm's Part IV permission* in support of an *overseas regulator*.

Limitations and requirements that the FSA may impose

3.2.2

G
/1

Sections 45(2) and (4) of the *Act* identify the types of provisions that the FSA may impose when it uses its *own-initiative power* to vary *Part IV permission* under section 45. They also apply when the FSA seeks to exercise this power in support of an *overseas regulator* under sections 47(1) and (2).

3.2.3

G
/1

Section 45(2) states that the FSA's *own-initiative power* includes the power to vary a *Part IV permission* in any of the ways mentioned in section 44(1) of the *Act*. Under section 44(1), the FSA may vary a *firm's Part IV permission*, amongst other ways, by:

- (1) removing a *regulated activity* from the *firm's Part IV permission*;
- (2) varying the description of a *regulated activity* included in the *firm's Part IV permission*;
- (3) varying a *requirement* imposed under section 43 of the *Act* (see ENF 3.2.8G to ENF 3.2.10G).

3.2.4

G
/1

Under section 45(4), the FSA's power extends to including in the *Part IV permission* as varied any provision that it could include if it were giving a fresh *Part IV permission* in response to an application under section 40 of the *Act* (Application for permission) (see AUTH 2 Ann 2G (Regulated activities and the permission regime) and AUTH 3 (applications for Part IV permission)).

- 3.2.5** G_{/1} The types of provisions that the *FSA* may include in a fresh *Part IV permission* are identified in section 42(7) (Giving permission) and section 43 (Imposition of requirements) of the *Act*. *ENF 3.2.6G* to *ENF 3.2.10G* describe sections 42(7) and 43 and give examples of the types of *limitations* and restrictions that the *FSA* may consider imposing when using its powers to vary *Part IV permission* in support of its enforcement activities. The *FSA* may also use its powers to vary *Part IV permission* in support of its supervision activities and *SUP 7.3* (Criteria for varying a firm's permission) includes examples of the *limitations* and restrictions that the *FSA* may consider imposing when varying *Part IV permission* in that context.
- 3.2.6** G_{/1} Under section 42(7) the *FSA* may incorporate in the description of a *regulated activity* such *limitations* as it considers appropriate (for example, about the circumstances in which the activity may, or may not, be carried on).
- 3.2.7** G_{/1} Examples of the *limitations* that the *FSA* may impose under section 42(7), when exercising its *own-initiative power* in support of its enforcement function, include *limitations* on:
- (1) The number, or category, of *customers* that a *firm* can deal with;
 - (2) The number of *specified investments* that a *firm* can deal in;
 - (3) The activities of the *firm* so that they fall within specific regulatory regimes (for example, so that *oil market participants*, *locals*, *corporate finance advisory firms* and service providers are permitted only to carry on those types of activities).
- 3.2.8** G_{/1} Section 43 relates to the imposition of *requirements*:
- (1) under section 43(1) a *Part IV permission* may include such *requirements* as the *FSA* considers appropriate;
 - (2) under section 43(2) a *requirement* may, in particular, be imposed so as to require the *firm* concerned to:
 - (a) take specified action; or
 - (b) refrain from taking specified action.
- 3.2.9** G_{/1} Examples of *requirements* that the *FSA* may consider including in a *firm's Part IV permission* when exercising its *own-initiative power* in support of its enforcement function are:
- (1) a *requirement* not to take on new business;
 - (2) a *requirement* not to hold or control *client money*; and
 - (3) a *requirement* not to trade in certain categories of *specified investment*.
- 3.2.10** G_{/1} Other *requirements* that the *FSA* may include in a *Part IV permission* are set out in section 48(3) of the *Act* (Prohibitions and restrictions) and are referred to as '*assets requirements*'. An *assets requirement* is a *requirement* (under section 43) that:
- (1) prohibits the disposal of, or other dealing with, any of the *firm's* assets (whether in the *United Kingdom* or elsewhere) or restricts those disposals or dealings; or

- (2) Requires that all or any of the *firm's* assets, or all or any assets belonging to investors but held by the *firm* or to its order, must be transferred to a *trustee* approved by the *FSA*.

3.3 Grounds for exercising the power to vary Part IV permission

3.3.1 **G**_{/1} Grounds for varying *Part IV permission* on the FSA's own-initiative are set out in section 45 and 47 of the *Act*.

General grounds for exercising the power

3.3.2 **G**_{/1} Under section 45 of the *Act* (Variation etc on FSA's own initiative), the FSA may vary a *Part IV permission* in any of the following cases:

- (1) Case A. Where it appears to the FSA that the *firm* is failing, or is likely to fail, to satisfy the *threshold conditions* in relation to one or more, or all, of the *regulated activities* for which the *firm* concerned has a *Part IV permission*;
- (2) Case B. Where it appears to the FSA that the *firm* concerned has failed, during a period of at least twelve *months*, to carry on a *regulated activity* to which the *Part IV permission* relates;
- (3) Case C. Where it appears to the FSA that it is desirable to vary the *Part IV permission* in order to protect the interests of *consumers* or potential *consumers* in relation to a *regulated activity* to which the *Part IV permission* relates.

Grounds for exercising the power in support of an overseas regulator

3.3.3 **G**_{/1} Under section 47(1) of the *Act* (Exercise of power in support of overseas regulator), the FSA may exercise its *own-initiative power* to vary a *Part IV permission* at the request of, or for the purpose of assisting, a regulator who is:

- (1) outside the *United Kingdom*; and
- (2) of a kind prescribed in regulations made by the Treasury.

3.3.4 **G**_{/1} Section 47(1) applies whether or not the FSA has powers which it can exercise in relation to the *firm* under any provision of Part XIII of the *Act*, (*Incoming firms: Intervention by FSA*) (see ENF 4).

3.3.5 **G**_{/1} If a request to the FSA for the exercise of its *own-initiative power* is made by a regulator who is:

- (1) outside the *United Kingdom*;
- (2) of a kind prescribed in regulations made by the Treasury; and

(3) acting in pursuance of provisions of a kind prescribed in regulations made by the Treasury;

the FSA must, when it decides whether to exercise that power in response to the request, consider whether it is necessary to do so to comply with a Community obligation.

3.3.6

G

/1

In any case in which the FSA does not consider that the exercise of its *own-initiative power* is necessary in order to comply with a Community obligation, the FSA may take into account in particular:

- (1) whether in the country or territory of the regulator concerned, corresponding assistance would be given to a UK regulatory authority;
- (2) whether the case concerns the breach of a law, or other requirement, which has no close parallel in the *United Kingdom* or which involves the assertion of a jurisdiction not recognised by the *United Kingdom*;
- (3) the seriousness of the case and its importance to *persons* in the *United Kingdom*;
- (4) whether it is otherwise appropriate in the public interest to give the assistance sought.

3.3.7

G

/1

The FSA may decide not to exercise its *own-initiative power*, in response to a request, unless the regulator concerned undertakes to make whatever contribution towards the cost of its exercise the FSA considers appropriate. However, this does not apply if the FSA decides that it is necessary for it to exercise its *own-initiative power* in order to comply with a Community obligation.

3.4 The FSA's duty to ensure that firms satisfy the threshold conditions

3.4.1

G
/1

When it varies a *firm's Part IV permission*, the FSA has a duty under section 41(2) of the *Act* (The threshold conditions) to ensure that the *firm* will satisfy, and continue to satisfy, the *threshold conditions* in relation to all of the *regulated activities* for which it has or will have *Part IV permission*. The duty is qualified by section 41(3) of the *Act*.

3.5 The FSA's policy on exercising its own-initiative power

3.5.1

G
/1

This section sets out the FSA's policy on how it will exercise its *own-initiative power* to vary *Part IV permission*. It is arranged as follows:

- (1) ENF 3.5.2G to ENF 3.5.13G set out the FSA's policy for exercising its power under section 45 of the Act (Variation etc on FSA's own initiative) and outline its general approach and its approach in urgent cases;
- (2) ENF 3.5.14G to ENF 3.5.26G set out the FSA's policy on exercising its power under section 47 of the Act (Exercise of power in support of overseas regulator) in support of *overseas regulators*;
- (3) ENF 3.5.27G and ENF 3.5.28G set out additional considerations that the FSA may or must have regard to when it considers using its *own-initiative power*.

SUP 7.3 (Criteria for varying a firm's permission) gives additional *guidance* on the FSA's policy for using its *own-initiative power* to vary *Part IV permission* in support of its supervision activities.

The FSA's general approach

3.5.2

G
/1

When it considers how it should deal with a concern about a *firm*, the FSA will have regard to its *regulatory objectives* and the range of regulatory tools that are available to it. It will also have regard to:

- (1) the responsibilities of a *firm's* management to deal with concerns about the *firm* or about the way its business is being or has been run; and
- (2) the principle that a restriction imposed on a *firm* should be proportionate to the objectives the FSA is seeking to achieve.

3.5.3

G
/1

The FSA will proceed on the basis that a *firm* (together with its *directors* and senior management) is primarily responsible for ensuring the *firm* conducts its business in compliance with the Act and the *Principles* and the *rules*. In the context of its enforcement activities, the FSA will take formal action affecting the conduct of a *firm's* commercial business only if that business is being conducted in such a way that the FSA judges it necessary to act in order to secure compliance with those requirements and/or address the consequences of non-compliance. In the context of its supervision activities, the FSA may take formal action in the circumstances described in SUP 7.3 including where:

- (1) the FSA determines that a *firm's* management, business or *internal controls* give rise to risks that are not fully captured by the FSA's *rules*; or

- (2) a *firm* becomes or is to become involved in new products or selling practices which present risks not captured by existing requirements; or
- (3) there has been a change in a *firm's* structure, *controllers*, activities or strategy which generates uncertainty or creates unusual or exceptional risks.

3.5.4 G_{/1} In the course of its supervision and monitoring of a *firm*, the *FSA* may make it clear that it expects the *firm* to take certain steps to ensure it continues to meet regulatory requirements. These steps might include the correction of financial, conduct of business or *control* weaknesses.

3.5.5 G_{/1} The *FSA* envisages that *firms* will normally take the steps referred to in *ENF* 3.5.4G without the need for it to use its *own-initiative powers*. In the vast majority of cases the *FSA* will seek to agree with a *firm* those steps the *firm* must take to address the *FSA's* concerns.

3.5.6 G_{/1} Where the *FSA* considers that it cannot rely on a *firm* taking effective action, or if the *firm* fails to comply with the *FSA's* reasonable request for it to take remedial steps, the *FSA* will consider exercising its formal powers under section 45 of the *Act*. This may include instances where the *FSA* is concerned that the consequences of a *firm* not taking the desired steps may be serious and:

- (1) the *firm* appears unwilling or unable to take adequate and timely steps to address the *FSA's* concerns; or
- (2) the imposition of a formal statutory *requirement* may assist the *firm* to take steps which would otherwise be difficult because of legal obligations owed to third parties.

3.5.7 G_{/1} Section 45 of the *Act* empowers the *FSA* to vary, or alternatively to cancel, a *firm's* *Part IV permission*. The same statutory grounds apply to the exercise of both those powers. They are set out in section 45(1) Cases A to C (see *ENF* 3.3.2G).

3.5.8 G_{/1} Circumstances in which the *FSA* will consider varying a *firm's* *Part IV permission* in support of its enforcement function include those where it has serious concerns about a *firm*, or about the way its business is being or has been conducted, but the concerns are not such as to suggest it should cancel the *firm's* *Part IV permission* (see *ENF* 5). Examples of these circumstances are where:

- (1) under Case A (see *ENF* 3.3.2G(1)), the *firm* appears to be failing, or appears likely to fail, to satisfy the *threshold conditions* relating to one or more, or all, of its *regulated activities*, because for instance:
 - (a) the *firm's* material and financial resources appear inadequate for the scale or type of *regulated activity* it is carrying on; or
 - (b) the *firm* appears not to be a fit and proper *person* to carry on a *regulated activity* because:
 - (i) it has not conducted its business in compliance with high standards which may include putting itself at risk of being used for the purposes of *financial crime* or being otherwise involved in such crime
 - (ii) it has not been managed competently and prudently and has not exercised due skill, care, and diligence in carrying on one or more, or all, of its *regulated activities*;

- (iii) it has breached requirements imposed on it by or under the *Act* (including the *Principles* and the *rules*) and the breaches are material in number or in individual seriousness;
- (2) under Case C (see *ENF 3.3.2G(3)*), it appears that the interests of *consumers* are at risk because the *firm* appears to have breached any of *Principles 6 to 10* (see *PRIN 2.1.1R*) to such an extent that it is desirable that *limitations, restrictions, or prohibitions* are placed on the *firm's regulated activity*.

The FSA's approach in urgent cases

3.5.9

G
/1

Under section 53(2) of the *Act* (Exercise of own-initiative power: procedure) the *FSA* may exercise its *own-initiative power* so that a variation of *permission* takes effect:

- (1) immediately under section 53(2)(a); or
- (2) on a specified date under section 53(2)(b); or
- (3) when the matter is no longer *open to review* under section 53(2)(c).

3.5.10

G
/1

If the *FSA* decides to impose the variation so that it takes effect immediately or on a specified date, it must state so in the *supervisory notice* that it is required to give to the *firm* concerned (see *DEC 3*). Under section 53(3) the *FSA* may only do this if it reasonably considers it necessary for the variation to take effect immediately (or on the date specified), having regard to the ground on which it is exercising its *own-initiative power*.

3.5.11

G
/1

The *FSA* will consider exercising its *own-initiative power* as a matter of urgency under section 53 of the *Act* where:

- (1) the information available to it indicates serious concerns about the *firm* or its business that need to be addressed immediately; and
- (2) circumstances indicate that it is appropriate to use statutory powers immediately to require and/or prohibit certain actions by the *firm* in order to ensure the *firm* addresses these concerns.

3.5.12

G
/1

It is not possible to provide an exhaustive list of the situations that will give rise to such serious concerns, but they are likely to include one or more of the following characteristics:

- (1) information indicating significant loss, risk of loss or other adverse effects for *consumers*, where action is necessary to protect their interests;
- (2) information indicating that a *firm's* conduct has put it at risk of being used for the purposes of *financial crime*, or of being otherwise involved in crime;
- (3) evidence that the *firm* has submitted to the *FSA* inaccurate or misleading information so that the *FSA* becomes seriously concerned about the *firm's* ability to meet its regulatory obligations;
- (4) Circumstances suggesting a serious problem within a *firm* or with a *firm's controllers* that calls into question the *firm's* ability to continue to meet the *threshold conditions*.

3.5.13

G

/1

Whether the urgent exercise of the FSA's *own-initiative power* is an appropriate response to serious concerns of this kind will depend on a number of factors. Set out below is a list of factors the FSA may consider. The list is not exhaustive. The FSA will consider the full circumstances of each case when it decides whether urgent variation of *Part IV permission* is needed:

- (1) the extent of any loss, or risk of loss, or other adverse effect on *consumers*.

The more serious the loss or potential loss or other adverse effect, the more likely it is that the FSA's urgent exercise of *own-initiative powers* will be appropriate, to protect the *consumers'* interests.

- (2) the extent to which *customer* assets appear to be at risk.

Urgent exercise of the FSA's *own-initiative power* may be appropriate where the information available to the FSA suggests that *customer* assets held by, or to the order of, the *firm* may be at risk.

- (3) the nature and extent of any false or inaccurate information provided by the *firm*.

Whether false or inaccurate information warrants the FSA's urgent exercise of its *own-initiative powers* will depend on matters such as:

- (a) the impact of the information on the FSA's view of the *firm's* compliance with the regulatory requirements to which it is subject, the *firm's* suitability to conduct *regulated activities*, or the likelihood that the *firm's* business may be being used in connection with *financial crime*;
- (b) whether the information appears to have been provided in an attempt knowingly to mislead the FSA, rather than through inadvertence;
- (c) whether the matters to which false or inaccurate information relates indicate there is a risk to *customer* assets or to the other interests of the *firm's* actual or potential *customers*.

- (4) the seriousness of any suspected breach of the requirements of the legislation or the *rules* and the steps that need to be taken to correct that breach.

- (5) the financial resources of the *firm*.

Serious concerns may arise where it appears the *firm* may be required to pay significant amounts of compensation to *consumers*. In those cases, the extent to which the *firm* has the financial resources to do so will affect the FSA's decision about whether exercise of the FSA's *own-initiative power* is appropriate to preserve the *firm's* assets, in the interests of the *consumers*. The FSA will take account of any insurance cover held by the *firm*. It will also consider the likelihood of the *firm's* assets being dissipated without the FSA's intervention, and whether the exercise of the FSA's power to petition for the winding up of the *firm* is more appropriate than the use of its *own-initiative power* (see ENF 10).

- (6) the risk that the *firm's* business may be used or has been used to facilitate *financial crime*, including *money laundering*.

The information available to the FSA, including information supplied by other law enforcement agencies, may suggest the *firm* is being used for, or is itself involved in, *financial crime*. Where this appears to be the case, and the *firm*

appears to be failing to meet the *threshold conditions* or has put its *customers'* interests at risk, the *FSA's* urgent use of its *own-initiative powers* may well be appropriate.

- (7) the risk that the *firm's* conduct or business presents to the *financial system* and to confidence in the *financial system*.
- (8) the *firm's* conduct.

The *FSA* will take into account:

- (a) whether the *firm* identified the issue (and if so whether this was by chance or as a result of the *firm's* normal *controls* and monitoring);
 - (b) whether the *firm* brought the issue promptly to the *FSA's* attention;
 - (c) the *firm's* past history, management ethos and compliance culture;
 - (d) steps that the *firm* has taken or is taking to address the issue.
- (9) the impact that use of the *FSA's own-initiative powers* will have on the *firm's* business and on its *customers*.

The *FSA* will take into account the (sometimes significant) impact that a variation of *permission* may have on a *firm's* business and on its *customers'* interests, including the effect of variation on the *firm's* reputation and on market confidence. The *FSA* will need to be satisfied that the impact of any use of the *own-initiative power* is likely to be proportionate to the concerns being addressed, in the context of the overall aim of achieving its *regulatory objectives*.

The FSA's approach in support of overseas regulators

- 3.5.14 G_{/1} Section 47 empowers the *FSA* to vary, or alternatively to cancel, a *firm's Part IV permission*, in support of an *overseas regulator*. The same statutory grounds apply to the exercise of both powers (see *ENF* 3.3.3G). In both cases, the *FSA* may exercise the power at the request, or for the purpose of assisting a regulator who is:
 - (1) outside the *United Kingdom*; and
 - (2) of a kind prescribed in regulations to be made by the Treasury.
- 3.5.15 G_{/1} Sections 47(3), (4) and (5) set out matters the *FSA* may, or must, take into account when it considers whether to exercise the powers (see *ENF* 3.3.5G to *ENF* 3.3.7G).
- 3.5.16 G_{/1} In certain circumstances, in support of an *overseas regulator*, the *FSA* may need to consider whether to seek to vary a *firm's Part IV permission*, or to cancel it. Circumstances in which the *FSA* may consider varying or cancelling a *firm's Part IV permission* in support of an *overseas regulator* are set out in *ENF* 3.4.6G.
- 3.5.17 G_{/1} As with *cancellation* of *Part IV permission*, the circumstances in which the *FSA* may consider varying a *firm's Part IV permission* in support of an *overseas regulator*, depend on whether the *FSA* is required to consider exercising the power in order to comply with a Community obligation.

- 3.5.18** G_{/1} Under section 47(3), if a relevant *overseas regulator* acting under prescribed provisions has made a request to the *FSA* for the exercise of its *own-initiative power*, the *FSA* must consider whether it must exercise the power in order to comply with a Community obligation.
- 3.5.19** G_{/1} Some relevant Community obligations which the *FSA* may need to consider are those under the following Directives:
- (1) The Banking Directive EC 2000/12/EC;
 - (2) The *Insurance Directives*;
 - (3) The *Investment Services Directive*.
- 3.5.20** G_{/1} Each of these Directives imposes general obligations on the relevant *EEA competent authorities* to cooperate and collaborate closely in discharging their functions under Directives relating to the *authorisation* and supervision of *credit institutions, insurance undertakings* and *investment firms*.
- 3.5.21** G_{/1} The *FSA* views this cooperation and collaboration as essential to effective regulation of the international market in financial services. It will therefore exercise its *own-initiative power* wherever:
- (1) an *EEA Competent authority* requests it to do so; and
 - (2) it is satisfied that the use of the power is appropriate (having regard to the considerations set out at *ENF 3.5.2G* to *ENF 3.5.8G*) to enforce effectively the regulatory *requirements* imposed under the *Single Market Directives* or other Community obligations.
- 3.5.22** G_{/1} The *FSA* will actively consider any other requests for assistance from relevant *overseas regulators* (that is requests in relation to which it is not obliged to *Act* under a Community obligation). Section 47(4) applies in these circumstances. It sets out matters the *FSA* may take into account when it decides whether to vary or cancel a *firm's Part IV permission* in support of the *overseas regulator* (see *ENF 3.3.6G*).
- 3.5.23** G_{/1} Where section 47(4) applies and the *FSA* is considering whether to vary a *firm's Part IV permission*, it may take account of all the factors described in *ENF 3.5.14* to *ENF 3.5.22*, but may give particular weight to:
- (1) The matters set out in paragraphs (c) and (d) of section 47(4) (seriousness, importance to *persons* in the *United Kingdom*, and the public interest); and
 - (2) any specific request made to it by the *overseas regulator* to vary, rather than cancel, the *firm's Part IV permission*.
- 3.5.24** G_{/1} The *FSA* will give careful consideration to whether the relevant authority's concerns would provide grounds for the *FSA* to exercise its *own-initiative power* if they related to a *UK firm*. It is not necessary for the *FSA* to be satisfied that the overseas provisions being enforced mirror precisely those which apply to *UK firms*. However, the *FSA* will not assist in the enforcement of regulatory *requirements* or other provisions that appear to extend significantly beyond the purposes of *UK regulatory provisions*.
- 3.5.25** G_{/1} Similarly, the *FSA* will not need to be satisfied that precisely the same assistance would be provided to the *United Kingdom* in precisely the same situation. However, it will wish to be confident that the relevant authorities in the

jurisdiction concerned would have powers available to them to provide broadly similar assistance in aid of UK authorities, and would be willing properly to consider exercising those powers.

3.5.26

G
/1

Under section 47(5), the FSA may decide not to exercise its *own-initiative power*, in response to a request, unless the regulator concerned undertakes to make whatever contribution towards the cost of its exercise the FSA considers appropriate.

Additional considerations

3.5.27

G
/1

Under section 49 of the Act (*Persons connected with an applicant*), when it decides whether to vary a *Part IV permission* the FSA may have regard to any *person* appearing to it to be in a relevant relationship with a *firm*. Where the FSA is considering varying the *Part IV permission* of a *firm* that is connected to an *EEA firm*, it must consult the *EEA firm's Home State regulator*. A *firm* is connected with an *EEA firm* if:

- (1) it is a *subsidiary undertaking* of the *EEA firm*; or
- (2) the *firm* and the *EEA firm* are *subsidiary undertakings* of the same *parent undertaking*.

3.5.28

G
/1

Section 50 of the Act (FSA's duty to consider other permissions etc) applies where the *firm* is an *EEA firm*, a *Treaty firm* or a *firm* authorised as a result of paragraph 1(1) of Schedule 5 (*Persons Concerned in Collective Investment Schemes*), which has an additional *Part IV permission*. Under section 50(2), if the FSA is considering whether, and if so how, to exercise its *own-initiative power* in relation to the *firm's* additional *Part IV permission* it must take into account:

- (1) the *Home State authorisation* of the *firm* concerned;
- (2) any relevant directive; and
- (3) relevant provisions of the *Treaty*.

3.6 Statutory procedure and the FSA's decision-making processes

3.6.1

G
/1

When the FSA uses, or proposes to use, its *own-initiative power* to vary a firm's *Part IV permission*, it is required to follow the supervisory procedure set out in section 53 of the Act (*Exercise of own-initiative power: procedure*). DEC 3 (Statutory notice procedure: Supervisory notice procedure) sets out this procedure in detail and describes the content of the notices that the FSA is required to give to the firm concerned. DEC 4 (The decision maker) deals with decision making by the RDC (by full or modified procedure) in cases where the variation would make a fundamental change to the nature of the firm's *Part IV permission* and with decision-making by *executive procedures* in other cases of own-initiative variations of *Part IV permission*.

3.7 Publicity

3.7.1

G
/1

The FSA has a duty under section 391(5) of the *Act* (Publication) to publish such information about *supervisory notices* (including those which relate to variations of *Part IV permission* and those which relate to intervention against *incoming firms*) as it considers appropriate. However, the FSA is prohibited from publishing information which would, in its opinion, be:

- (1) unfair to the *person* against whom the decision is made; or
- (2) prejudicial to the interests of *consumers*.

3.7.2

G
/1

The FSA also has a duty to maintain a public record containing information about *firms*. The FSA must include on the public record:

- (1) such information as it considers appropriate which may include information about a variation of *Part IV permission* (or intervention);
- (2) information about the services which the *firm* holds itself out to provide; and
- (3) any address known to the FSA at which a notice or document may be served on the firm.

3.7.3

G
/1

The FSA will consider the question of publicity on a case-by-case basis and will adopt a differentiated approach depending on the nature of the action taken and the circumstances of the case

3.7.4

G
/1

Where the FSA is using its *own-initiative power* in support of its supervisory function, and the variation does not bring about a fundamental change in the *firm's Part IV permission* (see DEC 4.1.5G), the FSA will not normally publish the *supervisory notice*, where this would disclose confidential information about the individual *firm* or would prejudice *consumers'* interests.

3.7.5

G
/1

However, the publication of fundamental variations of *Part IV permission* (and interventions), and the maintenance of an accurate public record, are important elements of the FSA's approach to its *consumer* protection objective. The FSA will always aim to balance both the interests of *consumers* and the possibility of unfairness to the *person* subject to the FSA's action. The FSA will publish, and include in the public record, relevant details of fundamental variations of *Part IV permission* and interventions imposed on *firms*, but will use its discretion not to do so if it considers this would best serve the interests of the *firm's* existing *customers*.

Chapter 4.

Intervention against incoming firms

4.

4.1 Application and purpose

Application

4.1.1

G
/1

This chapter applies to *incoming firms*. An *incoming firm* is:

- (1) an *EEA firm*; or
- (2) a *Treaty firm*;

which is exercising, or has exercised, its right to carry on a *regulated activity* in the *United Kingdom* under Schedule 3 (*EEA passport rights*) or Schedule 4 (*Treaty rights*) to the *Act*.

Purpose

4.1.2

G
/1

The chapter contains a statement of the *FSA*'s policy on how it will use its power to intervene against *incoming firms* under section 196 of the *Act*. It outlines:

- (1) the *FSA*'s power to intervene against *incoming firms* under section 196 of the *Act* (*The power of intervention*);
- (2) the grounds for exercising that power (both generally and in support of *overseas regulators*); and
- (3) the *FSA*'s policy on the exercise of that power.

4.1.3

G
/1

The *FSA* has related powers to impose *limitations* and *requirements* on *firms* that have *Part IV permission*, and *ENF 3* (Variation of *permission* on the *FSA*'s own initiative) contains a statement of the *FSA*'s policy on how it will use those powers. This chapter refers where appropriate to the policy in *ENF 3*.

4.2 The FSA's power to intervene against incoming firms

4.2.1

G

^{/1}

The FSA's power to intervene against *incoming firms*, and the grounds for exercising that power, are contained in sections 194 to 196 of the *Act*. Section 196 (The power of intervention) identifies the types of *requirements* the FSA may impose when it exercises its *power of intervention* against an *incoming firm*. Section 195 (Exercise of power in support of overseas regulator) gives the FSA power to intervene against an *incoming firm* in support of an *overseas regulator* and section 194 (General grounds on which power of intervention is exercisable) relates to all other circumstances.

Requirements that the FSA may impose on incoming firms

4.2.2

G

^{/1}

Under section 196, where the FSA is entitled to exercise its *power of intervention* in respect of an *incoming firm*, it may impose any *requirement* on the *firm* which it could impose if:

- (1) the *firm's permission* was a *Part IV permission*; and
- (2) the FSA was entitled to exercise its power under that Part to vary that *permission*.

4.2.3

G

^{/1}

Paragraphs *ENF 3.2.8G* to *ENF 3.2.10G* explain and provide examples of the *requirements* the FSA may impose when it exercises its power to vary *permission*.

4.3 Grounds for exercising the power of intervention against incoming firms

4.3.1 **G**_{/1} Section 194 of the *Act* (General grounds on which power of intervention is exercisable) sets out the general grounds on which the *FSA* may exercise its *power of intervention*. Section 195 (Exercise of power in support of overseas regulator) relates to the exercise of the power on behalf of an *overseas regulator*.

General grounds for exercising the power against incoming firms

4.3.2 **G**_{/1} Under section 194(1) the *FSA* may exercise the *power of intervention* if it appears to it that:

- (1) an *incoming firm* has contravened, or is likely to contravene, a requirement which is imposed on it by or under the *Act* (in a case where the *FSA* is responsible for enforcing compliance in the *United Kingdom*); or
- (2) an *incoming firm* has, in purported compliance with any requirement imposed by or under the *Act*, knowingly or recklessly given the *FSA* information which is false or misleading in a material particular; or
- (3) it is desirable to exercise the power in order to protect the interests of actual or potential *customers* in relation to a *regulated activity* carried on by the *firm*.

4.3.3 **G**_{/1} Under section 194(3) the *FSA* may exercise the power if it receives certain information from the Director General of Fair Trading. Section 194(3) applies to an *incoming EEA firm* that is either:

- (1) an *investment firm* which is authorised in another Member State by its *Home State regulator*; or
- (2) a *credit institution* which is authorised in another Member State by its *Home State regulator*;

exercising an *EEA right* to carry on Consumer Credit Act business in the *United Kingdom* (see section 194(2) and paragraph 5(a) and (b) of Schedule 3 to the *Act* (*EEA Passport Rights*)).

4.3.4 **G**_{/1} Section 194(3) permits the *FSA* to exercise its *power of intervention* in respect of the *incoming firm* if the Director General of Fair Trading has informed the *FSA* that:

- (1) the *firm* concerned; or
- (2) any of the *firm's employees*, agents or *associates* (whether past or present); or

- (3) if the *firm* is a *body corporate*, a *controller* of the *authorised person* or an *associate* of such a *controller*;

has done any of the things specified in paragraphs (a) to (d) of section 25(2) of the Consumer Credit Act 1974, that is has:

- (a) committed any offence involving fraud or other dishonesty, or violence; or
- (b) Contravened any provision made by or under that *Act*, or by or under any other enactment regulating the provision of *credit* to individuals or other *transactions* with individuals; or
- (c) practised discrimination on grounds of sex, colour, race or ethnic or national origins in, or in connection with, the carrying on of any business; or
- (d) engaged in business practices appearing to the Director to be deceitful or oppressive, or otherwise unfair or improper (whether lawful or not).

Grounds for exercising the power on behalf of an overseas regulator

4.3.5

G

/1

- (1) Under section 195(1) of the *Act* (Exercise of power in support of overseas regulator), the *FSA* may exercise its *power of intervention* in respect of an *incoming firm* at the request of an *overseas regulator*.
- (2) Paragraph (1) applies whether or not the *FSA's power of intervention* is also exercisable as a result of section 194 (see *ENF 4.3.2G* to *ENF 4.3.4G*).
- (3) If:
 - (a) a *Home State regulator* in pursuance of a Community obligation has made a request to the *FSA* for the exercise of the power; or
 - (b) a *Home State regulator* has notified the *FSA* that it has withdrawn an *EEA firm's EEA authorisation*;

then, when the *FSA* decides whether to exercise its *power of intervention*, it must consider whether it is necessary to exercise the power in order to comply with a Community obligation (see *ENF 3.5.19G* for examples of relevant Community obligations).
- (4) When the *FSA* decides in any case that the exercise of its power is not necessary to comply with a Community obligation, it may take into account, in particular, the factors that are set out in *ENF 3.3.6G*.

4.4 The FSA's policy on exercising its power of intervention against incoming forms

4.4.1

G
/1

The FSA's *power of intervention* and its *own-initiative power* to vary *permission* are similar in that:

- (1) in both cases the FSA may impose *requirements* on *firms* (see ENF 3.2.8G to ENF 3.2.10G and ENF 4.2.2G);
- (2) in both cases the power may be exercised on similar grounds (see ENF 3.3.2G(3) and ENF 4.3.2G(3));
- (3) the statutory procedure and the FSA's decision making processes are similar (although there are additional procedures for the FSA to follow in certain cases where the FSA intervenes against *EEA firms*) (see ENF 3.6 and ENF 4.5);
- (4) In both cases, the FSA may exercise its power so that the action takes effect immediately, or on a specified date, or when the matter is no longer *open to review* (see section 197(1) of the Act (Procedure on exercise of power of intervention) in relation to the FSA's *power of intervention*); and
- (5) In both cases, the FSA may only state that the action will have effect immediately, or on a specified date, if the FSA reasonably considers that it is necessary for the action to take effect immediately or on that specified date, having regard to the ground on which it is exercising its power (see section 197(2) of the Act in relation to *requirements* imposed by *power of intervention*).

4.4.2

G
/1

The FSA will adopt a similar approach to the exercise of its *power of intervention* as it does to its *own-initiative powers* to vary *permission*, but with suitable modification for the differences in the statutory grounds for exercising the powers (for example, see ENF 4.3.4G). Consequently the factors and considerations set out in ENF 3.5.2G to ENF 3.5.28G are also likely to be relevant when the FSA is considering regulatory concerns about *incoming firms*.

4.4.3

G
/1

The FSA will seek, and take account of, the views of the *firm's Home State regulator* when it is considering action against an *incoming firm*.

4.5 Statutory procedure and FSA's decision making processes

Section 197 procedure and additional and supplemental procedures

4.5.1 G_{/1} When the FSA uses, or proposes to use, its *power of intervention* to impose a *requirement* on an *incoming firm*, it is required to follow the *supervisory notice* procedure contained in section 197 of the *Act* (*Procedure on exercise of power of intervention*). *DEC 3* (Statutory notice procedure: Supervisory notice procedure) sets out this procedure in detail and describes the content of the notices that the FSA is required to give to the *firm* concerned. *DEC 4* (The decision maker) also deals with decision making by the RDC (by full or modified procedure) in cases where the *requirement* on the *incoming firm* would have an effect equivalent to a fundamental change to the nature of a *firm's Part IV permission*; and with decision making by *executive procedures* in other intervention cases against *incoming firms*.

4.5.2 G_{/1} In addition, in certain cases relating to *EEA firms*, the FSA is required to follow the additional procedure contained in section 199 of the *Act* (*Additional procedure for EEA firms in certain cases*). Details of this procedure are set out in *ENF 4.5.4G* to *ENF 4.5.7G*.

4.5.3 G_{/1} Section 200 of the *Act* (Rescission and variation of requirements) contains supplemental procedure that the FSA must follow when it is considering rescinding or varying those *requirements* that it has imposed on an incoming firm by exercise of the *power of intervention*. Details of this procedure are set out in *ENF 4.5.8G* to *ENF 4.5.10G*.

Section 199 additional procedure for EEA firms in certain cases

4.5.4 G_{/1} The additional procedure in section 199 applies where it appears to the FSA that its *power of intervention* is exercisable:

- (1) in relation to an *incoming EEA firm*; and
- (2) in respect of the contravention of a relevant requirement.

4.5.5 G_{/1} A requirement is relevant if:

- (1) it is imposed by the FSA under the *Act*; and
- (2) With respect to its contravention, any of the *Single Market Directives* provides that a procedure of the following kind applies:

- (a) the FSA must, in writing, require the *firm* to remedy the situation;

- (b) if the *firm* fails to comply with that requirement within a reasonable time, the *FSA* must inform the *firm's Home State regulator* of this and request it to:
 - (i) take all appropriate measures to remedy the situation; and
 - (ii) inform the *FSA* of the measures it proposes to take, or has taken, or the reasons why it has not taken or will not take such measures.

4.5.6 G_{/1} Examples of relevant requirements are the requirements contained in *COB*. All of the chapters of *COB* apply to *incoming EEA firms* except *COB* 9 (Client asset rules).

4.5.7 G_{/1} The additional procedure also differs between urgent and other cases, as follows.

- (1) Except as mentioned in (2) the *FSA* may not exercise its *power of intervention* in these cases, unless it is satisfied that:
 - (a) the *firm's Home State regulator* has failed or refused to take appropriate measures to remedy the situation; or
 - (b) the measures taken by the *Home State regulator* have proved inadequate for that purpose.
- (2) If the *FSA* decides it should, as a matter of urgency, exercise its *power of intervention* to protect the interests of *consumers*, it may exercise the power:
 - (a) before complying with the procedure described in *ENF* 4.5.5G(2); or
 - (b) Where it has complied with that procedure, before it is satisfied as mentioned in (1).
- (3) If it exercises its *power of intervention* in this way, as a matter of urgency the *FSA* must, at the earliest opportunity, inform the *firm's Home State regulator* and the *European Commission*. If the *Commission* decides, under any of the *Single Market Directives*, that the *FSA* must rescind or vary any *requirement* imposed by it in this way, the *FSA* must do so.

Section 200 procedure for rescission and variation of requirements

4.5.8 G_{/1} Under section 200 of the *Act (Rescission and variation of requirements)*, the *FSA* may rescind or vary a *requirement* it imposed when exercising its *power of intervention*, either on its own initiative or on the application of the *person* subject to the *requirement*.

4.5.9 G_{/1} The following procedure applies where the *FSA* on its own initiative rescinds or varies an existing *requirement*.

- (1) The *FSA* may rescind a *requirement* on its own initiative by giving written notice to the *person* concerned. The rescission or variation takes effect on the date specified in the notice.
- (2) The *FSA* may vary a *requirement* on its own initiative by giving a *supervisory notice* to the *person* concerned and following the procedure in section 197 of the *Act* (see *ENF* 4.5.1G and *DEC* 3 (*Statutory notice procedure: Supervisory notice procedure*)).

4.5.10

G
/1

The following procedure applies where the *FSA* proposes to refuse an application to rescind or vary an existing *requirement*.

- (1) If the *FSA* proposes to refuse the application, it must give the applicant a *warning notice*.
- (2) If the *FSA* decides to refuse the application:
 - (a) it must give the applicant a *decision notice*;
 - (b) the *firm* may refer the matter to the *Tribunal*.

4.5.11

G
/1

DEC 2 (Statutory notice procedure: warning notice and decision notice procedure) contains a detailed statement of the *FSA*'s procedure for deciding whether to give *warning notices* and *decision notices*.

4.

Chapter 5

Cancellation of Part IV permission on the FSA's own initiative

5.1 Application and purpose

Application

5.1.1

G
/1

This chapter applies to all *firms* that have a *Part IV permission*.

Purpose

5.1.2

G
/1

The chapter contains a statement of the *FSA's* policy on how it will use its *own-initiative power* to cancel a *firm's Part IV permission*. The *FSA* has related powers to vary a *Part IV permission* on its own-initiative and to intervene against *incoming firms*. These powers are dealt with in *ENF 3* (Variation of Part IV permission on the *FSA's* own initiative) and *ENF 4* (Intervention against incoming firms).

5.2 Introduction

5.2.1

G

^{/1}

The chapter outlines:

- (1) the *FSA's own-initiative power* to cancel *Part IV permission* under sections 45 (Variation etc on the FSA's own initiative) and 47 (Exercise of power in support of overseas regulator) of the *Act* and its duty to withdraw *authorisation* under section 33 (Withdrawal of authorisation by the FSA);
- (2) the procedure for exercising those powers; and
- (3) the *FSA's* policy in relation to the exercise of those powers.

5.2.2

G

^{/1}

The statement of policy in this chapter applies to circumstances where the *FSA* is considering using its *own-initiative power* to cancel a *firm's Part IV permission* (and subsequently to withdraw *authorisation*). The *FSA* also has power under section 44 of the *Act* (Variation etc at the request of authorised person) to cancel a *Part IV permission* at the request of a *firm*. *SUP 6* (Applications to vary and cancel Part IV permission) contains a statement of the *FSA's* policy in relation to that power. In this chapter cancellation of *Part IV permission* means cancellation of *Part IV permission* on the *FSA's* own initiative.

5.3 The FSA's powers to cancel Part IV permission and withdraw authorisation

- 5.3.1** G_{/1} The FSA's *own-initiative power* to cancel *Part IV permission* is contained in section 45 of the *Act (Variation etc on the FSA's own initiative)*. Section 45 also sets out the general grounds for exercising the power. Section 47 (Exercise of power in support of overseas regulator) sets out the grounds for exercising the power on behalf of an *overseas regulator*.
- 5.3.2** G_{/1} Section 45 of the *Act* empowers the FSA to vary, or alternatively to cancel, a *firm's Part IV permission*. The general statutory grounds for exercising those powers are the same. They are set out in section 45(1) Cases A to C (see *ENF 3.3.2G*). The FSA also has a duty to cancel a *firm's Part IV permission* when it has varied a *firm's Part IV permission* to such an extent that there are no longer any *regulated activities* for which the *firm* has a *Part IV permission*.
- 5.3.3** G_{/1} Under section 47(1) of the *Act*, the FSA may exercise its *own-initiative power* to cancel a *Part IV permission* at the request of, or for the purpose of *assisting*, a regulator who is:
- (1) outside the *United Kingdom*; and
 - (2) of a kind prescribed in regulations made by the Treasury.
- 5.3.4** G_{/1} Section 47(1) applies whether or not the FSA has powers which it can exercise in relation to the *firm* under any provision of Part XIII of the *Act*, (*Incoming firms: Intervention by FSA*) (see *ENF 4*). The detailed provisions of section 47 are set out in *ENF 3.3.3G* to *ENF 3.3.7G*

5.4 Procedure

- 5.4.1** **G**_{/1} When it proposes to cancel the *Part IV permission* of a *firm* under sections 45 (Variation etc on the FSA's own initiative) or 47 (Exercise of power in support of overseas regulator) of the *Act*, the *FSA* is required to follow the statutory procedure set out in section 54 of the *Act* (*Cancellation of Part IV permission: procedure*).
- 5.4.2** **G**_{/1} Under section 54(1), if the *FSA* proposes to cancel a *firm's Part IV permission* otherwise than at the *firm's* request, it must give the *firm* a *warning notice*, and under section 54(2), if it then decides to cancel the *firm's Part IV permission*, it must give the *firm* a *decision notice*.
- 5.4.3** **G**_{/1} *DEC 2* (Statutory notice procedure: warning notice and decision notice procedure) and *DEC 4* (The decision maker) contain a detailed statement of the *FSA's* procedure for deciding whether to issue *warning notices* and *decision notices*.

5.5 The FSA's policy for exercising its power to cancel Part IV permission

- 5.5.1** **G**_{/1} The FSA will consider cancelling a *firm's Part IV permission* in two main circumstances:
- (1) where the FSA has very serious concerns about a *firm*, or the way its business is or has been conducted;
 - (2) where the *firm's regulated activities* have come to an end and it has not applied for *cancellation* of its *Part IV permission*
- 5.5.2** **G**_{/1} Examples of these circumstances are set out in ENF 3.3.2G.
- 5.5.3** **G**_{/1} The FSA's *own-initiative powers* to vary and to cancel *Part IV permission* are similar to each other. The FSA may exercise the powers on the same grounds (see ENF 5.3.2G) and where appropriate the FSA may impose a variation of *Part IV permission* which, by removing all *regulated activities* from the *Part IV permission*, has a similar effect to cancelling it. However the statutory procedure is different and this may determine how the FSA acts in any particular case. Of greater significance, however, the FSA may impose a variation of *Part IV permission* either with immediate effect, or on a date specified by it (see ENF 3.5.9G). In contrast a cancellation of *Part IV permission* only becomes effective on completion of the statutory procedure, or subsequent referral to the *Tribunal*, or completion of the appeal process.
- 5.5.4** **G**_{/1} Depending on the circumstances, the FSA may need to consider whether it should first use its *own-initiative powers* to vary a *firm's Part IV permission* before going on to cancel it. Circumstances in which the FSA will consider using its *own-initiative power* to vary a *firm's Part IV permission* are set out in ENF 3.5. Amongst other circumstances, the FSA may use this power where it considers it needs to take immediate action against a *firm* because of the urgency and seriousness of the situation (see in particular ENF 3.5.9G to ENF 3.5.11G).
- 5.5.5** **G**_{/1} Where the situation appears so urgent and serious that the *firm* should immediately cease to carry on all *regulated activities*, the FSA may first vary the *firm's Part IV permission* so that there is no longer any *regulated activity* for which the *firm* has a *Part IV permission*. If it does this, the FSA will then have a duty to cancel the *firm's Part IV permission* - once it is satisfied that it is no longer necessary to keep the *Part IV permission* in force (see ENF 5.3.3G(2)).
- 5.5.6** **G**_{/1} However, where the FSA has cancelled a *firm's Part IV permission*, it is required to go on to give a direction withdrawing the *firm's authorisation* (see ENF 5.3.2G). Accordingly, the FSA may decide to keep a *firm's Part IV permission* in force to maintain the *firm's* status as an *authorised person* and enable it (the FSA) to monitor the *firm's* activities. For example, where the FSA needs to supervise an orderly winding down of the *firm's* regulated business (see SUP 6.4.22G (When will the FSA grant an application for cancellation of permission)). Alternatively,

the FSA may decide to keep a *firm's Part IV permission* in force to maintain the firm's status as an *authorised person* to use administrative enforcement powers against the *firm*. For example, where the FSA proposes to impose a financial penalty on the *firm* under section 206 of the *Act* (Financial penalties) (see ENF 13).

5.5.7

G

/1

The circumstances in which the FSA may consider cancelling a *firm's Part IV permission* in support of an *overseas regulator* depend on whether or not the FSA is required to consider exercising the power in order to comply with a Community obligation. The FSA will consider the factors set out in ENF 3.5.14G to ENF 3.5.26G in relation to variation of *Part IV permission* and any specific request made to it by the *overseas regulator* to cancel, rather than vary, the *firm's Part IV permission*.

Chapter 6.

Injunctions

6.

6.1 Application and purpose

Application

6.1.1

G
/1

This chapter applies to *firms*, *approved persons*, and other *persons*, whether or not they are regulated by the *FSA*.

Purpose

6.1.2

G
/1

This chapter explains the *FSA*'s powers to apply to court for *injunctions* and gives *guidance* on how the *FSA* intends to use these powers. The *FSA*'s effective use of these powers will help it work towards its *regulatory objectives* of protecting *consumers*, maintaining confidence in the *financial system* and reducing *financial crime*.

6.2 Introduction

- 6.2.1** G_{/1} This chapter contains *guidance* on the use of the *FSA*'s powers under the *Act* to apply to court for orders:
- (1) in relation to the contravention of a relevant requirement (section 380 of the *Act* (Injunctions));
 - (2) in cases of *market abuse* (section 381 of the *Act* (Injunctions *in cases of market abuse*)); and
 - (3) at the request of the *Home State regulator* of an *incoming EEA firm* (section 198 of the *Act* (Power to apply to court for injunction in respect of certain overseas insurance companies)).
- 6.2.2** G_{/1} It also gives *guidance* on the circumstances in which the *FSA* may ask the court to exercise its inherent jurisdiction to grant an asset-freezing order.
- 6.2.3** G_{/1} *ENF* 6.9 to *ENF* 6.10 give *guidance* on the circumstances in which the *FSA* may use its power to apply to court for an order under Regulation 12 of the Unfair Terms in Consumer Contracts Regulations 1999.
- 6.2.4** G_{/1} The orders the court may make following an application by the *FSA* are generally known in England and Wales and Northern Ireland as *injunctions*, and in Scotland as *interdicts*. In this chapter, the word '*injunction*' and the word 'order' also mean '*interdict*'.
- 6.2.5** G_{/1} A *person* who disobeys an *injunction* may be in contempt of court and be liable to imprisonment, to a fine, and/or to have his assets seized.
- 6.2.6** G_{/1} The powers to make these orders are exercised by the High Court, or in Scotland by the Court of Session. When it seeks an order, the *FSA* will also ask the court to order that the *person* who is the subject of the application should pay the *FSA*'s costs.

6.3 Section 380: the power

- 6.3.1** G_{/1} Under section 380 of the *Act* (Injunctions), the *FSA* has power to apply to court for an *injunction* against *persons*, whether *authorised* or not, in connection with a contravention of a 'relevant requirement'. (The Secretary of State for Trade and Industry may also apply for *injunctions* under this section of the *Act*).
- 6.3.2** G_{/1} Sections 380(6)(a) and (7)(a) state that in relation to an application by the *FSA*, 'relevant requirement' means a requirement:
- (1) 'which is imposed by or under the *Act*; or
 - (2) which is imposed by or under any other Act and whose contravention constitutes an offence which the *FSA* has power to prosecute under the *Act* (or in the case of Scotland, which is imposed by or under any other Act and whose contravention constitutes an offence under Part V of the Criminal Justice Act 1993 (*insider dealing*) or under prescribed regulations relating to *money laundering*)'.
- 6.3.3** G_{/1} Sections 380(1), (2) and (3) set out the grounds on which the court may grant an *injunction*.
- 6.3.4** G_{/1}
- (1) Under section 380(1), the *FSA* may apply to court for an *injunction* restraining or prohibiting a contravention of a relevant requirement.
 - (2) Section 380(1) states, 'If, on the application of the *FSA* or the Secretary of State, the court is satisfied:
 - (a) that there is a reasonable likelihood that any *person* will contravene a relevant requirement; or
 - (b) that any *person* has contravened a relevant requirement and that there is a reasonable likelihood that the contravention will continue or be repeated,
 the court may make an order restraining (or in Scotland an *interdict* prohibiting) the contravention.'
- 6.3.5** G_{/1}
- (1) Under section 380(2), the *FSA* may apply to court for an *injunction* directing a *person* to remedy a contravention of a relevant requirement.
 - (2) Section 380(2) states, 'If on the application of the *FSA* or the Secretary of State the court is satisfied:
 - (a) that any *person* has contravened a relevant requirement; and
 - (b) that there are steps which could be taken for remedying the contravention,

the court may make an order requiring that *person*, and any other *person* who appears to have been knowingly concerned in the contravention, to take such steps as the court may direct to remedy it.’

6.3.6

G
/1

Under section 380(5), ‘remedying a contravention’ (see *ENF* 6.3.5G) includes mitigating the effect of that contravention.

6.3.7

G
/1

(1) Under section 380(3), the *FSA* may apply to court for an *injunction* to secure assets.

(2) Section 380(3) states, ‘If, on the application of the *FSA* or the Secretary of State, the court is satisfied that any *person* may have:

(a) contravened a relevant requirement; or

(b) been knowingly concerned in the contravention of such a requirement,

it may make an order restraining (or in Scotland an *interdict* prohibiting) him from disposing of, or otherwise dealing with, any assets of his which it is satisfied he is reasonably likely to dispose of or otherwise deal with.’

6.4 Section 381: the power

- 6.4.1** **G**_{/1} Under section 381 of the *Act* (Injunctions in cases of market abuse), the *FSA* has power to apply to court for an *injunction* against *persons*, whether *authorised* or not, in cases of *market abuse*. The Secretary of State for Trade and Industry has no power to apply for *injunctions* under this section of the *Act*.
- 6.4.2** **G**_{/1} Sections 381(1), (2), (3) and (4) set out the grounds upon which the court may grant an *injunction*.
- (1) Under section 381(1), the *FSA* may apply to court for an *injunction* restraining or prohibiting *market abuse*.
 - (2) Section 381(1) states, 'If, on the application of the *FSA*, the court is satisfied:
 - (a) that there is a reasonable likelihood that any *person* will engage in *market abuse*; or
 - (b) that any *person* is or has engaged in *market abuse* and that there is a reasonable likelihood that the *market abuse* will continue or be repeated,
 the court may make an order restraining (or in Scotland an *interdict* prohibiting) the *market abuse*.'
- 6.4.3** **G**_{/1} (1) Under section 381(2), the *FSA* may apply to court for an *injunction* requiring a *person* to take steps to remedy *market abuse*.
- (2) Section 381(2) states, 'If on the application of the *FSA* the court is satisfied:
- (a) that any *person* is or has engaged in *market abuse*; and
 - (b) that there are steps which could be taken for remedying the *market abuse*,
- the court may make an order requiring him to take such steps as the court may direct to remedy it.'
- 6.4.4** **G**_{/1} Under section 381(6), 'remedying the *market abuse*' (see *ENF* 6.4.3G) includes mitigating the effect of the *market abuse*.
- 6.4.5** **G**_{/1} Section 381(4) states, 'The court may make an order restraining (or in Scotland an *interdict* prohibiting) the *person* concerned from disposing of, or otherwise dealing with, any assets of his which it is satisfied that he is reasonably likely to dispose of, or otherwise deal with.'
- 6.4.6** **G**_{/1} Section 381(3) states that section 381(4) (see *ENF* 6.4.4G) applies if '.....on the application of the *FSA*, the court is satisfied that any *person* (a) may be engaged in *market abuse*; or (b) may have been engaged in *market abuse*.'

6.5 Asset-freezing injunctions

6.5.1

G

^{/1}

As an alternative to applying to the court under section 380(3) (Injunctions) or sections 381(3) and (4) (Injunctions in cases of market abuse) of the *Act*, the *FSA* may ask the court to exercise its inherent jurisdiction to grant a freezing order, restraining a *person* from disposing of, or otherwise dealing with, assets. To succeed in an application for an asset-freezing *injunction* the *FSA* will have to show a good arguable case for the granting of the *injunction*.

6.5.2

G

^{/1}

The *FSA* may request the court to exercise its inherent jurisdiction in cases where it has evidence showing that there is a reasonable likelihood that a *person* will contravene a requirement of the *Act* and that the contravention will result in the dissipation of assets belonging to investors. Unlike an application under section 380(3) or 381(3) and (4), the *FSA* will not have to show that a contravention has already occurred or may have already occurred.

6.

6.6 Section 380 and 381 injunctions: the FSA's policy

6.6.1 G Sections 380 (Injunctions) and 381 (Injunctions in cases of market abuse) of the *Act* enable the court to make three types of order: to restrain a course of conduct, to take steps to remedy a course of conduct and to secure assets (see *ENF* 6.3 and *ENF* 6.4). An application under the court's inherent jurisdiction will enable the court to make an order freezing assets. In certain cases, the *FSA* may seek only one type of order, although in others it may seek several.

6.6.2 G The *FSA* recognises that an application for an *injunction* under sections 380 and/or 381 of the *Act*, or under the court's inherent jurisdiction, will have serious consequences for those concerned. The broad test the *FSA* will apply when it decides whether to seek an *injunction* is whether the application would be the most effective way to deal with the *FSA*'s concerns. In deciding whether an application for an *injunction* is appropriate in a given case, the *FSA* will consider all relevant circumstances and may take into account a wide range of factors. The following list of factors is not exhaustive; not all the factors will be relevant in a particular case and there may be other factors that are relevant.

- (1) The nature and seriousness of a contravention or expected contravention of a relevant requirement (see *ENF* 6.3.2G). The extent of loss, risk of loss, or other adverse effect on *consumers*, including the extent to which *client* assets may be at risk, may be relevant. The seriousness of a contravention or prospective contravention will include considerations of:
 - (a) whether the losses suffered are substantial;
 - (b) whether the numbers of *consumers* who have suffered loss are significant;
 - (c) whether the assets at risk are substantial; and
 - (d) whether the number of *consumers* at risk is significant.
- (2) In cases of *market abuse*, the nature and seriousness of the misconduct or expected misconduct in question. The following may be relevant:
 - (a) the impact or potential impact on the *financial system* of the conduct in question. This would include the extent to which it has resulted in distortion or disruption of the markets, or would be likely to do so if it was allowed to take place or to continue;
 - (b) the extent and nature of any losses or other costs imposed, or likely to be imposed, on other users of the *financial system*, as a result of the misconduct.
- (3) Whether the conduct in question has stopped or is likely to stop and whether steps have been taken or will be taken by the *person* concerned to ensure that

the interests of *consumers* are adequately protected. For example, an application for an *injunction* may be appropriate where the *FSA* has grounds for believing that a contravention of a relevant requirement, *market abuse* or both may continue or be repeated. It is likely to have grounds to believe this where, for example, the *Takeover Panel* has requested that a *person* stop a particular course of conduct and that *person* has not done so.

- (4) Whether there are steps a *person* could take to remedy a contravention of a relevant requirement or *market abuse*. The steps the *FSA* may require a *person* to take will vary according to the circumstances but may include the withdrawal of a misleading *financial promotion* or publishing a correction, writing to *clients* or investors to notify them of *FSA* action, providing financial redress and repatriating funds from an overseas jurisdiction. An application by the *FSA* to the court under section 380(2) or 381(2) for an order requiring a *person* to take such steps may not be appropriate if, for example, that *person* has already taken or proposes to take appropriate remedial steps at his own initiative or under a ruling imposed by another regulatory authority (such as the *Takeover Panel* or a *recognised investment exchange*). If another authority has identified the relevant steps and the *person* concerned has failed to take them, the *FSA* will take this into account and (subject to all other relevant factors and circumstances) may consider it is appropriate to apply for an *injunction*. In those cases the *FSA* may consult with the relevant regulatory authority before applying for an *injunction*.
- (5) Whether there is a danger of assets being dissipated. The main purpose of an application under section 380(3) (see *ENF* 6.3.7G), sections 381(3) and (4) (see *ENF* 6.4.6G) or pursuant to the court's inherent jurisdiction (see *ENF* 6.5), is likely to be to safeguard funds containing *client* assets (ie *client* accounts) and/or funds and other assets from which restitution may be made (see *ENF* 9 (Restitution and redress)). The *FSA* may seek an *injunction* to secure assets while a suspected contravention is being investigated or where it has information suggesting that a contravention is about to take place.
- (6) The costs the *FSA* would incur in applying for and enforcing an *injunction* and the benefits that would result (although the *FSA* may be able to recover those costs: see *ENF* 6.2.6 G). There may be other cases which require the *FSA*'s attention and take a higher priority, due to the nature and seriousness of the breaches concerned. There may, therefore, be occasions on which the *FSA* considers that time and resources should not be diverted from other cases in order to make an application for an *injunction*. These factors reflect the *FSA*'s duty under the *Act* to have regard to the need to use its resources in the most efficient and economic way.
- (7) The disciplinary record and general compliance history of the *person* who is the subject of the possible application. This includes whether the *FSA* (or a *previous regulator*) has taken any previous disciplinary, remedial or protective action against the *person*. It may also be relevant, for example, whether the *person* has previously given any undertakings to the *FSA* (or any *previous regulator*) not to do a particular act or engage in particular *behaviour* and is in breach of those undertakings.
- (8) Whether the conduct in question can be adequately addressed by other disciplinary powers, for example public censure or financial penalties.
- (9) The extent to which another regulatory authority can adequately address the matter. Certain circumstances may give rise not only to possible enforcement action by the *FSA*, but also to action by other regulatory authorities. The *FSA* will examine the circumstances of each case, and consider whether it is

appropriate for the *FSA* to take action to address the relevant concern. In most cases the *FSA* will consult with other relevant regulatory authorities before making an application for an order. The *FSA*'s approach to potential action involving other regulatory authorities is discussed in detail, in the context of discipline of *firms* and *approved persons*, in *ENF* 11.8 (Action involving other regulatory authorities), and in the context of sanctions for *market abuse*, in *ENF* 14.9 (Action involving other UK regulatory authorities).

- (10) Whether there is information to suggest that the *person* who is the subject of the possible application is involved in *financial crime*.
- (11) In any case where the *FSA* is of the opinion that any potential exercise of its powers under section 381 may affect the timetable or the outcome of a *takeover bid*, the *FSA* will consult the *Takeover Panel* before taking any steps to exercise these powers and will give due weight to its views.

6.7 Other relevant powers

- 6.7.1** ^G_{/1} The *FSA* has a range of powers it can use to take remedial, protective and disciplinary action against a *person* who has contravened a relevant requirement or engaged in *market abuse*, as well as its powers to seek *injunctions* under sections 380 (Injunctions) and 381 (Injunctions in cases of market abuse) of the *Act* or the courts' inherent jurisdiction. Where appropriate, the *FSA* may exercise these other powers before, at the same time as, or after it applies for an *injunction* against a *person*.
- 6.7.2** ^G_{/1} When, in relation to *firms*, the *FSA* applies the broad test outlined in *ENF* 6.6.2G, it will consider the relative effectiveness of the other powers available to it, compared with injunctive relief. For example, where the *FSA* has concerns about whether a *firm* will comply with restrictions that the *FSA* could impose by exercising its own initiative powers (see *ENF* 3 (Variation of Part IV permission on the *FSA*'s own initiative)), it may decide it would be more appropriate to seek an *injunction*. This is because breaching any requirement imposed by the court could be punishable for contempt (see *ENF* 6.2.5G). Alternatively, where, for example, the *FSA* has already imposed requirements on a *firm* by exercising its *own-initiative powers* and these requirements have not been met, the *FSA* may seek an *injunction* to enforce those requirements.
- 6.7.3** ^G_{/1} The *FSA*'s *own-initiative powers* do not apply to *unauthorised persons*. This means that an application for an *injunction* is the only power by which the *FSA* may seek directly to prevent *unauthorised persons* from actual or threatened breaches or *market abuse*. The *FSA* will decide whether an application against an *unauthorised person* is appropriate, in accordance with the approach discussed in *ENF* 6.6. The *FSA* may also seek an *injunction* to secure assets where it intends to use its insolvency powers (see *ENF* 10 (Insolvency proceedings and orders against debt avoidance)) against an *unauthorised person*.
- 6.7.4** ^G_{/1} In certain cases, conduct that may be the subject of an *injunction* application will also be an offence which the *FSA* has power to prosecute under the *Act*. In those cases, the *FSA* will consider whether it is appropriate to prosecute the offence in question, as well as applying for *injunctions* under section 380, section 381, or both. *ENF* 15 (Prosecution of criminal offences) sets out the offences the *FSA* has power to prosecute, and the *FSA*'s policy and procedure for prosecution of these offences.
