SUBJECT	Request to Admit Students; Request to Revise Curriculum
PROGRAM	Smith Chason School of Nursing, Ontario, Vocational Nursing Program (Program) (Program Director: Tiffany Jorgenson, Ontario, San Bernardino, Private)

Please note: Board Nursing Education Consultants make recommendations. The recommendations are forwarded to the Education and Practice Committee for review and recommendation or to the Executive Officer or full Board for action.

PROGRAM REQUEST:

Admit a full-time day class of 30 students to commence on September 30, 2024, with a graduation date of December 21, 2025, to replace the class that graduated on June 23, 2024.

A change in the curriculum to a revised full-time curriculum of 15 months, effective August 16, 2024. The proposed curriculum consists of 576 theory hours and 954 clinical hours totaling 1530 hours.

BACKGROUND:

On February 16, 2024, the Program was placed on provisional approval. Incremental improvement in the violations noted in the report from the Board meeting have occurred.

On June 14, 2024, the Program Director submitted a request to admit students and a request to revise the curriculum with the supporting documentation.

The United States Department of Education (USDOE) approved new regulations on Financial Value Transparency and Gainful Employment in October 2023. The USDOE’s new regulations set the maximum length for an eligible program at the length prescribed in regulation by the State where the institution is located. These new regulations were to take effect on July 1, 2024, but are currently on hold.

The Program made the decision to revise their current approved curriculum based on the USDOE’s new regulations.

The following changes have been made in the curriculum in each term:

<p>Term One</p>	<p>Hours that were added:</p> <ul style="list-style-type: none"> ○ 1 hour Nutrition added ○ 5 hours of Fundamentals of Nursing ○ 1 hour Patient Education ○ 3 hours of Communication added ○ 4 hours of Ethics and Unethical Cond. added ○ 1 hour of Critical Thinking added ○ 1 hour of Culturally Congruent Care added ○ 3 hours of End of Life Care added <p>Hours that were removed:</p> <ul style="list-style-type: none"> ○ 33 hours of Pharmacology removed ○ 4 hours of Anatomy and Physiology removed ○ 1 hour of Nursing Process removed ○ 96 hours of Fundamental Clinical
<p>Term Two</p>	<ul style="list-style-type: none"> ○ 7 hours of Patient Education added
<p>Term Three</p>	<ul style="list-style-type: none"> ○ 14 hours of Medical Surgical Nursing added ○ 2 hours Communicable Disease added ○ 80 hours of Medical Surgical Nursing Clinical Added
<p>Term Four</p>	<ul style="list-style-type: none"> ○ 2 hours of Patient Education added ○ 4 hours of Growth and Development removed

	<ul style="list-style-type: none"> ○ 56 hours of Pediatric clinical removed ○ 24 hours of maternity clinical removed
Term Five	<ul style="list-style-type: none"> ○ 2 hours Gerontologic Nursing added ○ 8 hours Rehabilitation Nursing added ○ 74 Hours of Leadership/supervision added

The new curriculum will decrease the Program hours by 22 hours from 1552 to 1530 hours. No course content was removed from the curriculum.

STAFF ANALYSIS:

The submitted curriculum supports the Program’s approved philosophy and conceptual framework. According to the instructional plan submitted, the Program’s clinical and skills lab instruction correlates with the theory being taught in the classroom. The submitted instructional plan includes Program objectives for theory and clinical that are obtainable and measurable.

The NEC reviewed and analyzed the documents provided by the Program Director to verify adequate resources including clinical facilities and classrooms to accommodate the students’ learning needs and ability to meet the Program’s approved objectives.

Submitted documentation by the Program Director substantiates adequate resources including faculty and facilities for students to achieve programmatic learning objectives.

STAFF RECOMMENDATIONS:

1. Approve the Program’s request to admit a full-time day class of 30 students to commence on September 30, 2024, with a graduation date of December 21, 2025, to replace the class that graduated on June 23, 2024.
2. Require the Program to comply with all requirements listed below.

PROGRAM REQUIREMENTS

1. Require the Program to submit a comprehensive analysis report in seven months, with a submission date no later than February 1, 2025, and in thirteen months but no later than September 1, 2025. The report must include a comprehensive analysis of the Program, timeline for implementation, and the effect of employed interventions. The following elements must be addressed in the analysis.
 - a. Terminal Objectives
 - b. Evaluation of Current Curriculum including:
 - 1- Instructional Plan
 - 2- Daily Lesson Plans for each Term
 - c. Student Policies and any policy changes including:
 - 1- Admission Criteria
 - 2- Screening and Selection Criteria
 - 3- Attendance Policy
 - 4- Remediation and Make-up Policy
 - 5- Evaluation Methodology for Student Progress, including evaluation of clinical practice.
 - 6- Credit Granting Policy
 - d. Evaluations of approved clinical facilities which determine adequacy in number and variety of patients to accommodate current and projected student enrollment.
 - e. Faculty Meeting Methodology
 - f. Documentation of resources, including faculty and facilities, for all terms for all current cohorts.
 - g. A list of students in each cohort including their start and end dates and if in a day or evening class.
2. Admit no additional classes without prior approval by the Board.
3. Require the Program, when requesting approval to admit students, to:
 - a. Submit all documentation in final form, using the forms provided by the NEC, no later than by the fifteenth day of the second month preceding the month of the Board meeting.
 - b. Provide documentation that adequate resources, i.e., faculty and facilities, are available to support each admitted class of students.
 - c. Ensure that the Program maintains an average annual pass rate that is compliant with the California Code of Regulations, Title 16, Section 2530(l).
4. Provide a maximum of ten students for each instructor. The California Code of Regulations, Title 16, Section 2534(d) states: "for supervision of clinical experience, there shall be a maximum of 15 students for each instructor." Recommendation of one instructor for a maximum of ten students in clinical experiences will enable more

focused instruction and enhanced learning to closely monitor and evaluate the clinical performance of students.

5. Notify the NEC in the event a current class is displaced from clinical sites.
6. Continue the Program's requirement to comply with all of the approval standards in Article 4 of the Vocational Nursing Practice Act, commencing with California Business and Professions Code, Section 2880, and in Article 5 of the California Code of Regulations, Title 16, commencing with Section 2525.
7. Continue the Program's requirement to demonstrate incremental progress in correcting the violations and providing required documentation of resources. If the Program fails to satisfactorily demonstrate incremental progress, the full Board may revoke the Program's approval.

RELEVANT PROGRAM ELEMENTS

Enrollment

California Code of Regulations, Title 16, Section 2530(k) states:

“The program shall have prior Board approval to increase the number of students per class and/or increase the frequency of admission of classes. Criteria to evaluate a school's request to increase the number of students per class and/or increase the frequency of class admissions include but are not limited to: (1) Sufficient program resources as specified in Section 2530(a). (2) Adequacy of clinical experience as specified in Section 2534. (3) Licensure examination pass rates as specified in Section 2530(l).”

The Program is approved to offer a 15-month full-time class. BVNPT approval is required prior to the admission of each class.

The following table represents current and projected student enrollment based on current and proposed class starts and completion dates. The table indicates a maximum enrollment of 172 students for the period April 2023 through September 2024.

ENROLLMENT DATA TABLE

Licensing Examination Statistics

California Code of Regulations, Title 16, Section 2530(l) states:

“The program shall maintain a yearly average minimum pass rate on the licensure examination that does not fall below 10 percentage points of the state average pass rate for first time candidates of approved vocational nursing schools for the same period.”

The following statistics, furnished by Pearson Vue and published by the National Council of State Boards of Nursing as “Jurisdictional Summary of All First-Time Candidates Educated in Member Board Jurisdiction,” for the period July 2022 through June 2024, specify the pass percentage rate for graduates of the Program on the National Council Licensure Examination for Practical/Vocational Nurses (NCLEX-PN®) and the variance from the state average annual pass rates.

NCLEX-PN® LICENSURE EXAMINATION DATA

Quarterly Statistics					Annual Statistics		
Quarter	# Candidates in Quarter	# Passed in Quarter	% Passed in Quarter	State Quarterly Pass Rate	Program Average Annual Pass Rate	State Average Annual Pass Rate CCR §2530(l)	Variance from State Average Annual Pass Rate
Jul-Sep 2022	26	20	77%	71%	73%	72%	+1
Oct-Dec 2022	12	3	25%	75%	70%	73%	-3

Apr-Jun 2023	15	12	80%	85%	86%	85%	+1

*The Annual Pass Rate changes every quarter. It is calculated by dividing the number of candidates who passed during the current and previous three quarters by the number of candidates who tested during the same period. If no data is available for the relevant period, the statistics are carried over from the last quarter for which data is available.

Based on the most current data available (January – March 2024), the Program’s average annual pass rate is 86 percent. The California average annual pass rate for graduates from approved vocational nursing programs who took the NCLEX-PN® for the first time during the same period is 85 percent. The average annual pass rate for the Program is one percentage point above the state average annual pass rate.

Faculty and Facilities

California Code of Regulations, Title 16, Section 2534(d) states:

“For supervision of clinical experience, there shall be a maximum of 15 students for each instructor.”

The current number of approved faculty totals 29, including the Program Director and Assistant Program Director. The Program Director has 100 percent administrative duties. Of the total faculty, 24 are designated to teach clinical. Based upon a maximum proposed enrollment of 172 students, 18 instructors are required for clinical supervision with a maximum of 10 students to one instructor. The utilization of faculty at clinical facilities is such that clinical instruction is covered adequately.

California Code of Regulations, Title 16, Section 2534(b) states:

“Schools shall have clinical facilities adequate as to number, type, and variety of patients treated, to provide clinical experience for all students in the areas specified by Section 2533. There must be available for student assignment, an adequate daily census of patients to afford a variety of clinical experiences consistent with competency-based objectives and theory being taught.”

Submitted documentation indicates the Program has sufficient clinical facilities to afford the number, type and variety of patients that will provide clinical experience consistent with approved competency-based objectives and theory being taught for the current and proposed student enrollment.

Other Considerations

On June 14, 2024, the Program Director submitted documentation requesting approval of a revised curriculum. No changes were made to the program’s philosophy, conceptual framework, or terminal objectives. Below is the current and proposed curriculum outline.

 - e. Faculty Meeting Methodology
 - f. Documentation of resources, including faculty and facilities, for all terms for all current cohorts.
 - g. A list of students in each cohort including their start and end dates and if in a day or evening class.
8. Admit no additional classes without prior approval by the Board.
 9. Required the Program, when requesting approval to admit students, to:
 - a. Submit all documentation in final form, using the forms provided by the NEC, no later than by the fifteenth day of the second month preceding the month of the Board meeting.
 - b. Provide documentation that adequate resources, i.e., faculty and facilities, are available to support each admitted class of students.
 - c. Ensure that the Program maintains an average annual pass rate that is compliant with the California Code of Regulations, Title 16, Section 2530(l).
 10. Provide a maximum of ten students for each instructor. The California Code of Regulations, Title 16, Section 2534(d) states: "for supervision of clinical experience, there shall be a maximum of 15 students for each instructor." Recommendation of one instructor for a maximum of ten students in clinical experiences will enable more focused instruction and enhanced learning to closely monitor and evaluate the clinical performance of students.
 11. Notify the NEC in the event a current class is displaced from clinical sites.
 12. Continued the Program's requirement to comply with all of the approval standards in Article 4 of the Vocational Nursing Practice Act, commencing with California Business and Professions Code, Section 2880, and in Article 5 of the California Code of Regulations, Title 16, commencing with Section 2525.
 13. Continued the Program's requirement to demonstrate incremental progress in correcting the violations and providing required documentation of resources. If the

Program fails to satisfactorily demonstrate incremental progress, the full Board may revoke the Program's approval.

On May 16, the Board rendered the following decisions:

1. Approved the Program's request to admit a full-time evening class of 30 students to commence on June 30, 2024, with a graduation date of September 22, 2025, to replace the class that graduated on March 24, 2024.
2. Required the Program to comply with all requirements listed below.

PROGRAM REQUIREMENTS
