SUPPLEMENTARY INFORMATION:

Background

The Dominican Republic—Central America—United States Free Trade Agreement (“CAFTA-DR” or “Agreement”) was entered into by the governments of Costa Rica, the Dominican Republic, El Salvador, Guatemala, Honduras, Nicaragua, and the United States on August 5, 2004. The CAFTA-DR was approved by the U.S. Congress with the enactment on August 2, 2005, of the Dominican Republic-Central America-United States Free Trade Agreement Implementation Act (the “Act”), Pub. L. 109–53, 119 Stat. 462 (19 U.S.C. 4001 *et seq.*).

Section 205 of the Act (19 U.S.C. 4034), as recently amended by § 1634(d) of the Pension Protection Act of 2006 (Pub. L. 109–280), implements Article 3.20 of the CAFTA-DR by providing for the retroactive application of the preferential tariff provisions of the Agreement with respect to certain entries of qualifying textile or apparel goods of eligible CAFTA-DR countries. Specifically, § 205(a) provides that, notwithstanding 19 U.S.C. 1514 or any other provision of law, an entry of a textile or apparel good will be liquidated or reliquidated at the applicable rate of duty for that good set out in Annex 3.3 of the Agreement, and the Secretary of the Treasury will refund any excess customs duties paid with respect to that entry, if it meets four conditions: (1) The textile or apparel good must be of a CAFTA-DR country that the United States Trade Representative has designated as an eligible country for purposes of § 205; (2) The good would have qualified as an originating good under § 203 of the Act if the good had been entered after the date of entry into force of the Agreement for that country; (3) The entry was made on or after January 1, 2004, and before the date of the entry into force of the Agreement with respect to that country or any other CAFTA-DR country; and (4) Customs duties were paid in excess of the applicable rate of duty for that good set out in Annex 3.3 of the Agreement.

Section 205(b) of the Act provides that the United States Trade Representative will determine which CAFTA-DR countries are eligible countries for purposes of this section and will publish a list of those countries in the **Federal Register**.

Section 205(c) of the Act provides that liquidation or reliquidation may be made under section 205(a) with respect to an entry of a textile or apparel good only if a request for such liquidation or reliquidation is filed with CBP, within such period as CBP shall establish by regulation in consultation with the Secretary of the Treasury, that contains sufficient information to enable CBP: (1) to locate the entry or to reconstruct the entry if it cannot be located; and (2) to determine that the good satisfies the conditions set out in section 205(a).

Section 205(d) states that, as used in section 205, the term “entry” includes a withdrawal from warehouse for consumption.

On March 7, 2006, U.S. Customs and Border Protection (“CBP”) published in the **Federal Register** (71 FR 11304) as CBP Dec. 06–06 an interim rule that amended the CBP regulations by adding a new subpart J to Part 10 and new § 10.699 to set forth the conditions and requirements that apply for purposes of requesting refunds pursuant to section 205 of the Act. Pursuant to § 205(c) of the Act, the interim amendments included a provision establishing the time period within which requests for refunds of any excess customs duties paid with respect to entries of textile or apparel goods of an eligible CAFTA-DR country must be submitted to CBP. The interim rule provided that requests for refunds must be filed with CBP by the later of December 31, 2006, or the date that is 90 days after the entry into force of the Agreement with respect to that country.

The interim rule also noted that § 10.699 provides that any refund of excess customs duties made pursuant to that section will be accompanied by interest from the date of the affected entry.

Although the interim regulatory amendments were promulgated without prior public notice and comment procedures and took effect on March 7, 2006, CBP Dec. 06–06 provided for the submission of public comments which would be considered before adoption of the interim regulations as a final rule. The prescribed public comment period closed on May 8, 2006.

Discussion of Comments

Two commenters responded to the solicitation of comments on the interim regulations set forth in CBP Dec. 06–06. The comments are discussed below.

Comment:

Both commenters urged that CBP modify the deadline for the submission of requests for refunds of any excess customs duties paid with respect to entries of textile or apparel goods of an eligible CAFTA-DR country. One commenter recommended that the deadline be changed to the later of December 31, 2006, or the date that is 180 days after the entry into force of the Agreement with respect to that country. According to this commenter, 180 days is more appropriate than the 90 days specified in the interim rule as the former period mirrors the deadline for filing a protest under 19 U.S.C. 1514(c)(3). In addition, the commenter stated that a 180–day period would be fairer to importers of goods from CAFTA-DR countries that may not accede to the Agreement until after December 31, 2006.

The second commenter stated that the deadline should be the later of December 31, 2006, or the date that is 90 days after the entry into force of the Agreement of the “last CAFTA-DR country.” This commenter advised that extending the deadline in this manner ad-

dresses a potential situation in which a good of a CAFTA-DR country for which the Agreement has entered into force is made from inputs (e.g., fabric) from a second CAFTA-DR country for which the Agreement has not entered into force at the time that the refund period for the good expires. According to the commenter, without the suggested modification in the deadline, the inputs from the second CAFTA-DR country would appear to be disregarded in determining whether the good qualifies as originating and thus eligible for a refund of any excess duties paid.

CBP's Response:

CBP agrees with the second commenter's suggested modification. As indicated in the background portion of this final rule, § 1634(d) of the Pension Protection Act of 2006 recently amended the Act. That amendment added to § 205(a)(2) the words "or any other CAFTA-DR country" immediately following the words "with respect to that country". (See the third condition for goods to qualify for a refund of duty under § 205(a), as stated in the background section above.) CBP believes that the words "that country or any other CAFTA-DR country" as used in the Act are intended to mean "the last CAFTA-DR country." In conformance with this amendment to the Act, CBP, in consultation with the Department of the Treasury, has determined that the period within which refund requests must be filed, as set forth in § 10.699(c), should be modified to permit such requests for goods of an eligible CAFTA-DR country to be filed within 90 days after the date of the entry into force of the Agreement for the last CAFTA-DR country. This modification has the effect of extending the period within which refund requests must be submitted to CBP for goods of all but the last CAFTA-DR country. Section 10.699(c) has been amended in this final rule document to reflect the above modification, which addresses the potential problem identified by the second commenter. Section 10.699(d) has also been amended to add a definition of "last CAFTA-DR country" to clarify that this term means, "of Costa Rica, the Dominican Republic, El Salvador, Guatemala, Honduras, and Nicaragua, the last country for which the Agreement enters into force."

CBP submits that the first commenter's suggested modification (substituting 180 days for 90 days) is unnecessary in view of the modification of the deadline for the submission of refund requests effected by the amendment to 10.699(c) discussed above. CBP believes that the revised period within which requests for refunds must be submitted to CBP affords entities ample time to prepare and submit such requests. This is especially true considering that the importing public has had since March 7, 2006 (the date of publication of CBP Dec. 06-06 in the **Federal Register**) to ascertain which entries of textile or apparel goods from CAFTA-DR countries may be eligible

for refunds of any excess customs duties paid, and to prepare requests for refunds with respect to those entries.

Comment:

A commenter requested that CBP issue a clarification regarding when “. . . companies are able to submit refund requests when the CAFTA-DR has not yet entered into force for a country that is the source of an input used in an originating good that is eligible for refunds.” The commenter’s understanding is that a refund request may be submitted in such a situation only after the Agreement has entered into force with respect to the CAFTA-DR country that is the source of the input.

CBP’s Response:

The answer to this commenter’s question depends on whether the good (of an eligible CAFTA-DR country for which the Agreement has entered into force) would in fact have qualified as an originating good if the good had been entered after the date of entry into force of the Agreement for that country. An input (used in the production of the good) sourced from a CAFTA-DR country for which the Agreement has not yet entered into force may affect the determination of whether the good would have qualified as originating under the applicable CAFTA-DR rules of origin. If the good would have qualified as originating without taking into account the input, then a request for a refund of any excess duties paid may be submitted to CBP after the date of entry into force of the Agreement for the country in which the good (not the input) was produced but not later than 90 days after the Agreement enters into force for the last CAFTA-DR country. However, if the good would qualify as originating only if that input qualifies as originating, then a refund request may be submitted to CBP only after the Agreement enters into force for the CAFTA-DR country that is the source of the input (but not later than 90 days after the date of the entry into force of the Agreement for the last CAFTA-DR country).

In regard to goods made from inputs sourced from countries for which the Agreement has not yet entered into force, importers (or other entities that may submit refund requests) are advised to prepare such requests in advance and to submit them to CBP after the Agreement enters into force for all the CAFTA-DR countries that contributed toward the production that qualifies the goods as originating.

Comment:

A commenter urged CBP to provide examples of the type of information that would be considered satisfactory to enable CBP to locate the entry or to reconstruct the entry that is the subject of a refund request. The commenter stated the current language in § 10.699(c),

requiring a refund request to include “sufficient information” to enable CBP to locate or reconstruct an entry, is overly broad and fails to provide the trade community with a reasonable indication of the type of information that must be submitted.

CBP’s Response:

To enable CBP to locate or reconstruct an entry, the refund request should include a copy of the entry summary if at all possible. If a copy of the entry summary is unavailable, however, other information may be submitted for purposes of enabling CBP to reconstruct the entry from its automated commercial system. Such information would include the entry number, entry date, importer number, manufacturer identification code (MID), and the goods’ country of origin. Refund requests should clearly specify the goods (by line item) covered by an entry for which refunds are being sought. If only a portion of a line item is encompassed by a refund request, the quantity in dozens should be indicated.

Additional Changes to the Regulations

In addition to the regulatory changes identified and discussed above in connection with the discussion of public comments received in response to CBP Dec. 06–06, the final rulemaking text set forth below incorporates the following additional changes which CBP believes are necessary either to conform § 10.699 to the recent amendment to § 205(a)(2) of the Act made by § 1634(d) of the Pension Protection Act of 2006 or as a result of further internal review of the interim regulatory text:

1. The § 10.699 heading has been revised to correct errors in capitalization and punctuation;
2. In § 10.699(a), the second sentence has been revised to add the words “, as amended by § 1634(d) of the Pension Protection Act of 2006 (Pub. L. 109–280)” to the end of the sentence;
3. In § 10.699(a), the third sentence has been revised to add the words “, as amended,” immediately following the words “the Act”; and
4. In § 10.699(b), the introductory text has been revised to remove the words “that country” and add, in their place, the words “the last CAFTA-DR country”.

Conclusion

Accordingly, based on the analysis of the comments received and the recent legislative change, CBP has determined to adopt the interim regulations published as CBP Dec. 06–06 as a final rule with certain amendments as discussed above and as set forth below.

Inapplicability of Delayed Effective Date Requirement

Under the Administrative Procedure Act (“APA”) (5 U.S.C. 553), agencies generally are required to publish final amendments at least 30 days prior to their effective date. However, sections 553(d)(1) and (d)(3) of the APA exempt agencies from the requirement of publishing notice of final rules at least 30 days prior to their effective date when a substantive rule grants or recognizes an exemption or relieves a restriction and when the agency finds that good cause exists for not meeting the advance publication requirement. As discussed previously, the changes to the interim regulations made by this final rule document, which conform to a recent amendment to the Act, seek to ensure that retroactive preferential tariff treatment under the Agreement is accorded to qualifying textile or apparel goods made in an eligible CAFTA-DR country from inputs from one or more other eligible CAFTA-DR countries. For this reason, CBP has determined that these regulations relieve restrictions and that good cause exists for dispensing with a delayed effective date.

Executive Order 12866

CBP has determined that this document is not a regulation or rule subject to the provisions of Executive Order 12866 of September 30, 1993 (58 FR 51735, October 1993), because it pertains to a foreign affairs function of the United States and implements certain preferential tariff treatment provisions of an international agreement and, therefore, is specifically exempted by section 3(d)(2) of Executive Order 12866.

Regulatory Flexibility Act

CBP Dec. 06–06 was issued as an interim rule rather than as a notice of proposed rulemaking because CBP had determined that: (1) the interim regulations involve a foreign affairs function of the United States pursuant to § 553(a)(1) of the Administrative Procedure Act (APA); and (2) prior public notice and comment procedures on these regulations were impracticable, unnecessary, and contrary to the public interest pursuant to § 553(b)(B) of the APA. Because no notice of proposed rulemaking was required, the provisions of the Regulatory Flexibility Act, as amended (5 U.S.C. 601 *et seq.*), do not apply. Accordingly, this final rule is not subject to the regulatory analysis requirements or other requirements of 5 U.S.C. 603 and 604.

Paperwork Reduction Act

The collection of information contained in this final rule has previously been reviewed and approved by the Office of Management and Budget in accordance with the requirements of the Paperwork Re-

duction Act (44 U.S.C. 3507) under control number 1651-0125. The collection of information in these regulations is in § 10.699. This information is required in connection with requests for refunds of any excess customs duties paid with respect to entries of textile or apparel goods entitled to retroactive application of preferential tariff treatment under the CAFTA-DR and the Act and will be used by CBP to determine eligibility for such refunds under the CAFTA-DR and the Act. The likely respondents are business organizations including importers, exporters and manufacturers.

The estimated average annual burden associated with the collection of information in this final rule is 96 minutes per respondent or recordkeeper. Comments concerning the accuracy of this burden estimate and suggestions for reducing that burden should be directed to the Office of Management and Budget, Attention: Desk Officer for the Department of Treasury, Office of Information and Regulatory Affairs, Washington, D.C. 20503. A copy should also be sent to the Trade and Commercial Regulations Branch, Regulations and Rulings, U.S. Customs and Border Protection, 1300 Pennsylvania Avenue, NW. (Mint Annex), Washington, D.C. 20229.

This document is being issued in accordance with § 0.1(a)(1) of the CBP regulations (19 CFR 0.1(a)(1)) pertaining to the authority of the Secretary of the Treasury (or his/her delegate) to approve regulations related to certain CBP revenue functions.

SUPPLEMENTARY INFORMATION:

BACKGROUND

The Continued Dumping and Subsidy Offset Act of 2000 (CDSOA) was enacted on October 28, 2000, as part of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2001 (“Act”). The provisions of the CDSOA are contained in title X (sections 1001-1003) of the Act.

The CDSOA, in section 1003 of the Act, amended title VII of the Tariff Act of 1930, as amended, by adding a new section 754 (codified at 19 U.S.C. 1675c) in order to provide that assessed duties received pursuant to a countervailing duty order, an antidumping duty order, or a finding under the Antidumping Act of 1921 will be distributed to affected domestic producers for certain qualifying expenditures that these producers incur after the issuance of such an order or finding. The term “affected domestic producer” means any manufacturer, producer, farmer, rancher or worker representative (including associations of such persons) who:

- (A) was a petitioner or interested party in support of a petition with respect to which an antidumping order, a finding under the Antidumping Act of 1921, or a countervailing duty order that has been entered,
- (B) remains in operation continuing to produce the product covered by a countervailing duty order, an antidumping duty order, or a finding under the Antidumping Act of 1921, and
- (C) if a company, has not been acquired by another company or business that is related to a company that opposed the antidumping or countervailing duty investigation that led to the order or finding, e.g., opposed the petition or otherwise presented evidence in opposition to the petition.

The distribution that these parties may receive is known as the continued dumping and subsidy offset.

List of Orders or Findings and Affected Domestic Producers

It is the responsibility of the U.S. International Trade Commission (USITC) to ascertain and timely forward to U.S. Customs and Border Protection (CBP) a list of the affected domestic producers that are potentially eligible to receive an offset in connection with an order or finding.

To this end, it is noted that the USITC has supplied CBP with the list of individual antidumping and countervailing duty cases, and the affected domestic producers associated with each case who are potentially eligible to receive an offset. This list appears at the end of this document. Claimants who are not on the USITC list but believe they are nonetheless eligible for a CDSOA distribution under one or more antidumping and/or countervailing duty cases must, as do all claimants that expressly appear on the list, file their certification(s) within 60 days after this notice is published. Certifications not timely filed within the requisite 60 days will be summarily denied.

Regulations Implementing the CDSOA

It is noted that CBP published Treasury Decision (T.D.) 01-68 (Distribution of Continued Dumping and Subsidy Offset to Affected Domestic Producers) in the Federal Register (66 FR 48546) on September 21, 2001, which was effective as of that date, in order to implement the CDSOA. The final rule added a new subpart F to part 159 of title 19, CFR, (19 CFR part 159, subpart F (§§ 159.61-159.64)). In order to aid affected domestic producers with the filing of their certifications, more specific guidance is provided in this notice.

Notice of Intent To Distribute Offset

This document announces that CBP intends to distribute to affected domestic producers the assessed antidumping or countervailing duties that are available for distribution in Fiscal Year 2007 in connection with those antidumping duty orders or findings or countervailing duty orders that are listed in this document. Section 159.62(a) of title 19 (19 CFR 159.62(a)) provides that CBP will publish such a notice of intention to distribute assessed duties at least 90 calendar days before the end of a fiscal year. Failure to publish said notice at least 90 calendar days before the end of the fiscal year shall in no way impact an affected domestic producer's obligation to file a timely certification within 60 days after the notice is published.

Certifications; Submission and Content

To obtain a distribution of the offset under a given order or finding, an affected domestic producer must submit a certification for each order or finding under which a distribution is sought, to CBP, indicating the affected domestic producer's desire to receive a distribution. To be eligible to obtain a distribution, certifications must be received by CBP no later than 60 calendar days after the date of publication of this notice of intent to distribute in the Federal Register. All certifications not received by the 60th day will not be eligible to receive a distribution.

As required by 19 CFR 159.62(b), this notice provides the case name and number of the order or finding concerned, as well as the

specific instructions for filing a certification under § 159.63 to claim a distribution. Section 159.62(b) also provides that the dollar amounts subject to distribution that are contained in the Special Account for each listed order or finding are to appear in this notice. However, these dollar amounts were not available in time for inclusion in this publication. The preliminary amounts will be posted on the CBP website (www.cbp.gov), for purposes of enabling affected domestic producers to determine whether it would be worthwhile to file a certification in a given case. The final amounts available for distribution may be higher or lower than the preliminary amounts.

CBP will provide general information to claimants regarding the preparation of certification(s). However, it remains the sole responsibility of the domestic producer to ensure that the certification is correct, complete and accurate so as to demonstrate the eligibility of the domestic producer for the distribution requested. Failure to ensure that the certification is correct, complete, and accurate as provided in this notice will result in the domestic producer not receiving a distribution.

Specifically, to obtain a distribution of the offset under a given order or finding, each affected domestic producer must timely submit a certification containing the required information detailed below as to the eligibility of the producer to receive the requested distribution and the total amount of the distribution that the producer is claiming. Certifications should be submitted to the Assistant Commissioner, Office of Finance, Revenue Division. The certification must enumerate the qualifying expenditures incurred by the domestic producer since the issuance of an order or finding and it must demonstrate that the domestic producer is eligible to receive a distribution as an affected domestic producer.

A successor to a company that was an affected domestic producer at the time of acquisition should consult 19 CFR 159.61(b)(1)(i). We note that the successor company may assume joint and several liability for the return of any overpayments arising under § 159.64(c)(3) that were previously paid to the predecessor. CBP may require the successor company to provide documents to support its eligibility to receive a distribution as set out in § 159.63(e).

A member company (or its successor) of an association that appears on the list of affected domestic producers in this notice, where the member company itself does not appear on the list, should consult 19 CFR 159.61(b)(1)(ii). Specifically, for a certification under 19 CFR 159.61(b)(1)(ii), the claimant must name the association of which it is a member and specifically establish that it was a member of the association at the time the association filed the petition with the USITC and establish that the company is a current member of the association. In order to promote accurate filings and more efficiently process the distributions, we offer the following guidance. If claimants are members of an association but the association does not

file on their behalf, each association will need to provide their members with a statement which contains notarized company specific information including dates of membership, and an original signature from an authorized representative of the association. An association filing a certification on behalf of a member must also provide a power of attorney or other evidence of legal authorization from each of the affected domestic producers it is representing. An association filing a certification on behalf of a member is responsible for verifying the accuracy of the member's financial records, which support their claim, and is responsible for that certification. Any association filing a certification on behalf of a member is responsible for verifying the legal sufficiency and accuracy of the member's financial records, which support the claim and may be liable for repayment of any claim found to have been paid in error.

The association may file a certification in its own right to claim an offset for that order or finding, but its qualifying expenditures would be limited to those expenditures that the association itself has incurred after the date of the order or finding in connection with the particular case.

As provided in 19 CFR 159.63(a), certifications to obtain a distribution of an offset must be received by CBP no later than 60 calendar days after the date of publication of the notice of intent in the Federal Register. All certifications received after the 60-day deadline will be summarily denied, making claimants ineligible for the distribution regardless of whether or not they appeared on the USITC list.

A list of all certifications received will be published on the CBP website shortly after the receipt deadline. This publication will not confirm acceptance or validity of the certification, but merely receipt of the certification. Due to the high volume of certifications, CBP is unable to respond to individual telephone or written inquiries regarding the status of a certification appearing on the list.

While there is no required format for a certification, CBP has developed a standard certification form to aid claimants in filing certifications. The certification form is available at www.pay.gov under Public Form Name entitled CDSOA. The certification form can also be found following this Federal Register Notice. The certification form can be submitted electronically through www.pay.gov or by mail. All certifications not submitted electronically must include original signatures.

Regardless of the format for a certification, per 19 CFR 159.63(b), the certification must contain the following information:

1. The date of this Federal Register notice;
2. The Commerce case number;
3. The case name (producer/country);
4. The name of the domestic producer and any name qualifier, if applicable (for example, any other name under which the domestic producer does business or is also known);

5. The mailing address of the domestic producer (if a post office box, the physical street address must also appear) including, if applicable, a specific room number or department;
6. The Internal Revenue Service (IRS) number (with suffix) of the domestic producer, employer identification number, or social security number, as applicable;
7. The specific business organization of the domestic producer (corporation, partnership, sole proprietorship);
8. The name(s) of any individual(s) designated by the domestic producer as the contact person(s) concerning the certification, together with the phone number(s), mailing address and, if available, facsimile transmission number(s) and electronic mail (e-mail) address(es) for the person(s). Correspondence from CBP will be directed to the designated contact(s) by either mail or phone or both;
9. The total dollar amount claimed;
10. The dollar amount claimed by category, as described in the section below entitled "Amount Claimed for Distribution";
11. A statement of eligibility, as described in the section below entitled "Eligibility to Receive Distribution"; and
12. For certifications not submitted electronically through www.pay.gov, [CP1]an original signature by an individual legally authorized to bind the producer.

Qualifying Expenditures Which May Be Claimed for Distribution

Qualifying expenditures which may be offset by a distribution of assessed antidumping and countervailing duties encompass those expenditures that are incurred by the affected domestic producer after the issuance of an antidumping duty order or finding or a countervailing duty order, and prior to its termination, provided that such expenditures fall within certain categories. For the convenience and ease of the domestic parties, CBP is providing guidance on what the agency takes into consideration when making a calculation for each of the following categories: (1) Manufacturing facilities: (Any facility used for the transformation of raw material into a finished product that is the subject of the related order or finding); (2) Equipment: (Goods that are used in a business environment to aid in the manufacturing of a product that is the subject of the related order or finding); (3) Research and development: (Seeking knowledge and determining the best techniques for production of the product that is the subject of the related order or finding); (4) Personnel training: (Teaching of specific useful skills to personnel, that will improve performance in the production process of the product that is the subject of the related order or finding); (5) Acquisition of technology: (Acquisition of applied scientific knowledge and materials to achieve an objective in the production process of the product that is the subject of

the related order or finding); (6) Health care benefits for employees paid for by the employer: (Health care benefits paid to employees who are producing the specific product that is the subject of the related order or finding); (7) Pension benefits for employees paid for by the employer: (Pension benefits paid to employees who are producing the specific product that is the subject of the related order or finding); (8) Environmental equipment, training, or technology: (Equipment, training, or technology used in the production of the product that is the subject of the related order or finding, that will assist in preventing potentially harmful factors from impacting the environment); (9) Acquisition of raw materials and other inputs: (Purchase of unprocessed materials or other inputs needed for the production of the product that is the subject of the related order or finding); and (10) Working capital or other funds needed to maintain production: (Assets of a business that can be applied to its production of the product that is the subject of the related order or finding).

Amount Claimed for Distribution

In calculating the amount of the distribution being claimed as an offset, the certification must indicate: (1) The total amount of any qualifying expenditures currently and previously certified by the domestic producer, and the amount certified by category; (2) The total amount of those expenditures which have been the subject of any prior distribution for the order or finding being certified under 19 U.S.C. 1675c; and (3) The net amount for new and remaining qualifying expenditures being claimed in the current certification (the total amount currently and previously certified as noted in item “(1)” above minus the total amount that was the subject of any prior distribution as noted in item “(2)” above). In accordance with 19 CFR 159.63(b)(2)(i)–(b)(2)(iii), CBP will deduct the amount of any prior distribution from the producer’s claimed amount for that case. Total amounts disbursed by CBP under the CDSOA for Fiscal Years 2001 through 2006 are available on the CBP website.

Additionally, under 19 CFR 159.61(c), these qualifying expenditures must be related to the production of the same product that is the subject of the order or finding, with the exception of expenses incurred by associations which must relate to a specific case.

Eligibility To Receive Distribution

As noted, the certification must contain a statement that the domestic producer desires to receive a distribution and is eligible to receive the distribution as an affected domestic producer. Also, the domestic producer must affirm that the net amount certified for distribution does not encompass any qualifying expenditures for which distribution has previously been made (19 CFR 159.63(b)(3)(i)).

Furthermore, under 19 CFR 159.63(b)(3)(ii), where a party is listed as an affected domestic producer on more than one order or finding covering the same product and files a separate certification for each order or finding using the same qualifying expenditures as the basis for distribution in each case, each certification must list all the other orders or findings where the producer is claiming the same qualifying expenditures.

Moreover, as required by 19 U.S.C. 1675c(b)(1) and 19 CFR 159.63(b)(3)(iii), the certification must include information as to whether the domestic producer remains in operation at the time the certifications are filed and continues to produce the product covered by the particular order or finding under which the distribution is sought. If a domestic producer is no longer in operation, or no longer produces the product covered by the order or finding, the producer will not be considered an affected domestic producer entitled to receive a distribution.

In addition, as required by 19 U.S.C. 1675c(b)(5) and 19 CFR 159.63(b)(3)(iii), the domestic producer must state whether it has been acquired by a company that opposed the investigation or was acquired by a business related to a company that opposed the investigation. If a domestic producer has been so acquired, the producer will not be considered an affected domestic producer entitled to receive a distribution.

The certification must be executed and dated by a party legally authorized to bind the domestic producer and it must state that the information contained in the certification is true and accurate to the best of the certifier's knowledge and belief under penalty of law, and that the domestic producer has records to support the qualifying expenditures being claimed (see section below entitled "Verification of Certification").

Review and Correction of Certification

A certification that is submitted in response to this notice of distribution and received within 60 calendar days after the date of publication of the notice in the Federal Register may, at CBP's sole discretion, be subject to review before acceptance to ensure that all informational requirements are complied with and that any amounts set forth in the certification for current and prior qualifying expenditures, including the amount claimed for distribution, appear to be correct. A certification that is found to be materially incorrect or incomplete will be returned to the domestic producer within 15 business days after the close of the 60 calendar-day filing period, as provided in 19 CFR 159.63(c). CBP must receive a corrected certification from the affected domestic producer and/or an association filing on behalf of an association member within 10 business days from the date of the original denial letter. Failure to receive a correct certification will result in denial as an untimely submission of a correct

certification. It is the sole responsibility of the domestic producer to ensure that the certification is correct, complete, and satisfactory so as to demonstrate the eligibility of the domestic producer to the distribution requested. Failure to ensure that the certification is correct, complete, and satisfactory will result in the domestic producer not receiving a distribution.

Verification of Certification

Certifications are subject to CBP's verification. Claimants may also be required to provide copies of additional records for further review by CBP. Therefore, parties are required to maintain records supporting their claims for a period of five years after the filing of the certification (19 CFR 159.63(d)). The records must support each qualifying expenditure enumerated in the certification and they must support how the qualifying expenditures are determined to be related to the production of the product covered by the order or finding. Although CBP will accept comments and information from the public and other domestic producers, CBP retains complete discretion regarding the initiation and conduct of investigations stemming from such information.

Disclosure of Information in Certifications; Acceptance by Producer

The name of the affected domestic producer, the total dollar amount claimed by the party on the certification, as well as the total dollar amount that CBP actually disburses to that affected domestic producer as an offset, will be available for disclosure to the public, as specified in 19 CFR 159.63(e). To this extent, the submission of the certification is construed as an understanding and acceptance on the part of the domestic producer that this information will be disclosed to the public. Alternatively, a statement in a certification that this information is proprietary and exempt from disclosure will result in CBP's rejection of the certification.

List of Orders or Findings and Related Domestic Producers

The list of individual antidumping duty orders or findings and countervailing duty orders is set forth below, together with the affected domestic producers associated with each order or finding who are potentially eligible to receive an offset.

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: Notice of proposed modification of ruling letters and treatment relating to the NAFTA marking of Sinucleanse® packets.

SUMMARY: Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. 1625 (c)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act (Pub. L. 103–182, 107 Stat. 2057), this notice advises interested parties that Customs and Border Protection (“CBP”) intends to modify a ruling concerning the NAFTA marking of Sinucleanse® packets, under the Harmonized Tariff Schedule of the United States (HTSUS). Similarly, CBP intends to revoke any treatment previously accorded by CBP to substantially identical transactions. Comments are invited on the correctness of the proposed actions.

DATE: Comments must be received on or before July 6, 2007.

ADDRESS: Written comments are to be addressed to U.S. Customs and Border Protection, Office of International Trade, Regulations and Rulings, Attention: Trade and Commercial Regulations Branch, 1300 Pennsylvania Avenue, N.W., Mint Annex, Washington, D.C. 20229. SUPPLEMENTARY INFORMATION:

Background

On December 8, 1993, Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act (Pub. L. 103-182, 107 Stat. 2057) (hereinafter "Title VI"), became effective. Title VI amended many sections of the Tariff Act of 1930, as amended, and related laws. Two new concepts which emerge from the law are "**informed compliance**" and "**shared responsibility**." These concepts are premised on the idea that in order to maximize voluntary compliance with customs laws and regulations, the trade community needs to be clearly and completely informed of its legal obligations. Accordingly, the law imposes a greater obligation on CBP to provide the public with improved information concerning the trade community's responsibilities and rights under the customs and related laws. In addition, both the trade and CBP share responsibility in carrying out import requirements. For example, under section 484 of the Tariff Act of 1930, as amended (19 U.S.C. §1484), the importer of record is responsible for using reasonable care to enter, classify and value imported merchandise, and provide any other information necessary to enable CBP to properly assess duties, collect accurate statistics and determine whether any other applicable legal requirement is met.

Pursuant to section 625(c)(1), Tariff Act of 1930 (19 U.S.C. 1625(c)(1)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act (Pub. L. 103-182, 107 Stat. 2057), this notice advises interested parties that Customs intends to modify a ruling pertaining to the NAFTA marking of Sinucleanse® packets. Although in this notice CBP is specifically referring to New York Ruling Letter (NY) N005780, dated February 8, 2007, this notice covers any rulings on this merchandise which may exist but have not been specifically identified. CBP has undertaken reasonable efforts to search existing data bases for rulings in addition to the one identified. No further rulings have been found. This notice will cover any rulings on this merchandise that may exist but have not been specifically identified. Any party who has received an interpretive ruling or decision (i.e., ruling letter, internal advice memorandum or decision or protest review decision) on the merchandise subject to this notice, should advise CBP during this notice period.

Similarly, pursuant to section 625(c)(2), Tariff Act of 1930 (19 U.S.C. 1625(c)(2)), as amended by section 623 of Title VI, CBP intends to revoke any treatment previously accorded by CBP to substantially identical transactions. Any person involved in substan-

tially identical transactions should advise CBP during this notice period. An importer's failure to advise CBP of substantially identical transactions or of a specific ruling not identified in this notice, may raise issues of reasonable care on the part of the importer or his agents for importations of merchandise subsequent to this notice.

In N005780, CBP ruled that Sinucleanse® packets are products of Mexico and must be marked as such. NY N005780 is attached as Attachment "A" to this document. It is now CBP's position that NY N005780 is incorrect with regard to the marking of Sinucleanse® packets because the U.S. origin sodium chloride imparts the essential character to the product under 19 CFR § 102.11(b)(1). CBP, pursuant to 19 U.S.C. 1625(c)(1), intends to modify NY N005780 and any other ruling not specifically identified, to reflect the proper marking of the merchandise pursuant to the analysis set forth in Proposed Headquarters Ruling Letter (HQ) H008509. (*see* Attachment "B" to this document). Additionally, pursuant to 19 U.S.C. 1625(c)(2), CBP intends to revoke any treatment previously accorded by CBP to substantially identical transactions. Before taking this action, consideration will be given to any written comments timely received.

RE: The tariff classification and country of origin marking of SinuCleanse®, under the North American Free Trade Agreement (NAFTA); Article 509

DEAR MS. CARILLO-GARZA:

In your letter dated January 19, 2007, on behalf of your client, S.F. Contract Packaging S. de R.L. de C.V. (S.F. Contract Packaging Mexico) of Carretera Internacional Km., you requested a ruling on the tariff classification and country of origin of SinuCleanse®, a medicament consisting of two in-

gredients, namely: sodium chloride (subheading 2501.00, HTSUS) and sodium bicarbonate (subheading 2836.30, HTSUS). For the record, we note that both ingredients are designated as “**active** (emphasis added) ingredients.” The product is indicated for use as a nasal wash to eliminate mucus buildup, improve nasal breathing, and obtain relief from sinus conditions.

SinuCleanse® will be imported in granular form put up in sealed packets, each containing 700 mg of sodium bicarbonate and 2300 mg of sodium chloride. The packets, in turn, will be put up packed for retail sale in sealed, paperboard containers that contain either 40 or 60 packets per container. You indicate that, in addition to shipping the sealed, paperboard retail packages to the U.S., your client will also ship the packets in bulk, in cartons containing 2,000 packets per carton, to their U.S. customers, who will then repack these packets in sealed paperboard containers for retail sale.

Subsequent to importation, a purchaser would dissolve the contents of 1–2 packets of SinuCleanse® in a SinuCleanse® “Neti Pot” or SinuCleanse® Squeeze™ bottle containing lukewarm water. The resulting solution would then be used to wash the nasal passages. You have indicated, in a telephone conversation with a member of my staff, on January 30, 2007, that neither the “Neti Pot” nor the Squeeze™ bottle will be imported with the sealed, paperboard retail packages or the packets shipped in bulk (i.e., in master cartons).

The applicable subheading for SinuCleanse®, imported as described above, will be 3004.90.91 85, Harmonized Tariff Schedule of the United States (HTSUS), which provides for “Medicaments . . . consisting of mixed or unmixed products for therapeutic or prophylactic uses, put up in measured doses . . . or in forms or packings for retail sale: Other: Other: Other: Medicaments primarily affecting the eyes, ears or respiratory system: Other: Other. The general rate of duty will be free.

Duty rates are provided for your convenience and are subject to change. The text of the most recent HTSUS and the accompanying duty rates are provided on World Wide Web at <http://www.usitc.gov/tata/hts/>.

This merchandise may be subject to the Federal Food, Drug, and Cosmetic Act and/or The Public Health Security and Bioterrorism Preparedness and Response Act of 2002 (The Bioterrorism Act), which are administered by the U.S. Food and Drug Administration (FDA). Information on the Federal Food, Drug, and Cosmetic Act, as well as The Bioterrorism Act, can be obtained by calling the FDA at 1–888– 463–6332, or by visiting their website at www.fda.gov.

You indicate in your letter that the sodium chloride ingredient will be of U.S. origin and the sodium bicarbonate ingredient will be either of U.S. or Mexican origin. In Mexico, the two ingredients, in apportioned amounts, will be blended together, with 3 gms of the blended mixture eventually being placed into an individual packet, which (as noted above) is then sealed and exported to the U.S.

You believe, pursuant to 5102.18(b)(2) of the Customs Regulations, that the single material that imparts the essential character of the mixture is the sodium chloride. We do not agree. Rather, we find that neither the sodium chloride nor the sodium bicarbonate can be said to impart the essential character to the good. Furthermore, with respect to the instant product, we believe that the ability of the sodium bicarbonate to “assuage discomfort” is clearly therapeutic.

The marking statute, section 304, Tariff Act of 1930, as amended (19 U.S.C. 1304), provides that, unless excepted, every article of foreign origin (or its container) imported into the U.S. shall be marked in a conspicuous place as legibly, indelibly and permanently as the nature of the article (or its container) will permit, in such a manner as to indicate to the ultimate purchaser in the U.S. the English name of the country of origin of the article. Part 134 of the Customs Regulations (19 CFR Part 134) implements the country of origin marking requirements and exceptions of 19 U.S.C. 1304.

The country of origin marking requirements for a “good of a NAFTA country” are also determined in accordance with Annex 311 of the North American Free Trade Agreement (“NAFTA”), as implemented by section 207 of the North American Free Trade Agreement Implementation Act (Pub. L.103–182, 107 Stat 2057) (December 8, 1993) and the appropriate Customs Regulations. The Marking Rules used for determining whether a good is a good of a NAFTA country are contained in Part 102 of the Customs Regulations. The marking requirements of these goods are set forth in Part 134 of the Customs Regulations.

Section 134.45(a)(2) of the Customs Regulations, provides that “a good of a NAFTA country” may be marked with the name of the country of origin in English, French or Spanish. Section 134.1(g) of the regulations, defines a “good of a NAFTA country” as an article for which the country of origin is Canada, Mexico or the United States as determined under the NAFTA Marking Rules.

Applying the NAFTA Marking Rules set forth in Part 102 of the Customs Regulations to the facts of this case, we find that, having failed to satisfy any of the criteria set forth in §102.11(a), (b) or (c), §102.11 (d)(3) is the rule which must be applied to the imported good. Under this rule, the country of origin of the imported good is the last country in which the good underwent production, which, in this particular case, is the country in which the blending is performed, namely: Mexico.

This ruling is being issued under the provisions of Part 181 of the Customs Regulations (19 C.F.R. 181).

A copy of the ruling or the control number indicated above should be provided with the entry documents filed at the time this merchandise is imported. If you have any questions regarding the ruling, contact National Import Specialist Harvey Kuperstein at 646–733–3033.

RE: Modification of NY N005780; country of origin marking of SinuCleanse®, under the North American Free Trade Agreement (NAFTA)

DEAR MS. CARILLO-GARZA:

This is in response to your request, dated February 13, 2007, on behalf of your client, S.F. Contract Packaging S. de R.L. de C.V. (S.F. Contract Packaging Mexico) of Carretera Internacional Km., to reconsider our decision in N005780, dated February 8, 2007, regarding the country of origin of SinuCleanse®, a medicament consisting of two ingredients, namely: sodium chloride (subheading 2501.00, HTSUS) and sodium bicarbonate (subheading 2836.30, HTSUS). The product is indicated for use as a nasal wash to eliminate mucus buildup, improve nasal breathing, and obtain relief from sinus conditions. In that ruling, we found that pursuant to 19 CFR §102.11(d)(3), the country of origin of the good was Mexico. We have reviewed this ruling and find it to be incorrect with regard to the analysis as to the country of origin. We propose to modify that ruling here.

FACTS:

SinuCleanse® will be imported in granular form put up in sealed packets, each containing 700 mg of sodium bicarbonate (approximately 23% of the final product) and 2300 mg of sodium chloride (approximately 77% of the final product). The packets, in turn, will be put up packed for retail sale in sealed, paperboard containers that contain either 40 or 60 packets per container. You indicate that, in addition to shipping the sealed, paperboard retail packages to the U.S., your client will also ship the packets in bulk, in cartons containing 2,000 packets per carton, to their U.S. customers, who will then repack these packets in sealed paperboard containers for retail sale.

Subsequent to importation, a purchaser would dissolve the contents of 1-2 packets of SinuCleanse® in a SinuCleanse® "Neti Pot" or SinuCleanse® Squeeze™ bottle containing lukewarm water. The resulting solution would then be used to wash the nasal passages. Neither the "Neti Pot" nor the Squeeze™ bottle will be imported with the sealed, paperboard retail packages or the packets shipped in bulk (i.e., in master cartons).

You indicate in your letter that the sodium chloride ingredient will be of U.S. origin and the sodium bicarbonate ingredient will be either of U.S. or Mexican origin. In Mexico, the two ingredients, in apportioned amounts (77/23%), will be blended together, with 3 gms of the blended mixture eventually being placed into an individual packet, which (as noted above) is then sealed and exported to the U.S.

LAW AND ANALYSIS:

The marking statute, section 304, Tariff Act of 1930, as amended (19 U.S.C. 1304), provides that, unless excepted, every article of foreign origin (or its container) imported into the U.S. shall be marked in a conspicuous place as legibly, indelibly and permanently as the nature of the article (or its container) will permit, in such a manner as to indicate to the ultimate purchaser in the United States the English name of the country of origin of the article. Part 134, Customs Regulations (19 CFR Part 134) implements the country of origin marking requirements and exceptions of 19 U.S.C. 1304.

Section 134.1(b), Customs Regulations (19 CFR 134.1(b)), defines “country of origin” as:

the country of manufacture, production, or growth of any article of foreign origin entering the United States. Further work or material added to an article in another country must effect a substantial transformation in order to render such other country the “country of origin” within the meaning of this part; however for a good of a NAFTA country, the NAFTA Marking Rules will determine the country of origin.

Section 134.1(j) provides that the “NAFTA Marking Rules” are the rules promulgated for purposes of determining whether a good is a good of a NAFTA country. Section 134.1(g) defines a “good of a NAFTA country” as an article for which the country of origin is Canada, Mexico, or the United States as determined under the NAFTA Marking Rules set out at 19 CFR Part 102.

Section 102.11, Customs Regulations (19 CFR 102.11), sets forth the required hierarchy for determining whether a good is a good of a NAFTA country for the purposes of country of origin marking. Paragraph (a) of this section states that the country of origin of a good is the country in which:

- (1) The good is wholly obtained or produced;
- (2) The good is produced exclusively from domestic materials; or
- (3) Each foreign material incorporated in that good undergoes an applicable change in tariff classification set out in section 102.20 and satisfies any other applicable requirements of that section, and all other applicable requirements of these rules are satisfied.

Since the subject preparation is neither wholly obtained or produced in Mexico, nor produced exclusively from domestic (i.e., Mexican) materials, origin cannot be determined under sections 102.11(a)(1) and 102.11(a)(2) and analysis moves to section 102.11(a)(3).

Section 102.11(a)(3) provides that the country of origin is the country in which “each foreign material incorporated in that good undergoes an applicable change in tariff classification as set forth in 19 CFR 102.20 . . .” The term “foreign material” is defined in 19 CFR 102.1(e) as “a material whose country of origin as determined under these rules is not the same country as the country in which the good is produced.” Therefore, in order to determine whether Mexico is the country of origin, we must look at those materials whose country of origin is other than Mexico. Two scenarios are presented: (1) either just the sodium chloride (classifiable in subheading 2501.00, HTS), originates outside Mexico or (2) the sodium chloride and the sodium bicarbonate, (classifiable in subheading 2836.30, HTS), originate outside Mexico.

19 CFR 102.20(f) states in pertinent part:

3004.90 . . . A change to subheading 3004.90 from any other subheading, except from subheading 3003.90 or 3006.80, and, provided that the domestic content of the therapeutic or prophylactic component is no less than 40 percent by weight of the total therapeutic or prophylactic content.

Both the sodium chloride and sodium bicarbonate are listed as “active ingredients” on the package and both should be considered “prophylactic or therapeutic.” “Domestic material” is defined in 19 CFR §102.2(d) as “a material whose country of origin as determined under these rules is the same country as the country in which the good is produced.” Since the instant product, packets of Sinucleanse® powder, are produced in Mexico, then “domestic material” would be material from Mexico. However, if both the sodium chloride and the sodium bicarbonate are of U.S. origin, then zero percent of the final product’s prophylactic or therapeutic content is made of domestic material. If the sodium bicarbonate is from Mexico, then only 23% of the final product is made of domestic material. In either scenario, origin cannot be determined under section 102.11(a)(3), because the 40% threshold is not met.

Analysis proceeds to 19 CFR 102.11(b), which provides that:

Except for a good that is specifically described in the Harmonized System as a set, or is classified as a set pursuant to General Rule of Interpretation 3, where the country of origin cannot be determined under paragraph (a) of this section:

- (1) The country of origin of the good is the country or countries of origin of the single material that imparts the essential character to the good, or
- (2) If the material that imparts the essential character of the good is fungible, has been commingled, and direct physical identification of the origin of the commingled material is not practical, the country or countries of origin may be determined on the basis of an inventory management method provided under the appendix to part 181 of this chapter.

In NY N005780, we stated that “neither the sodium chloride nor the sodium bicarbonate can be said to impart the essential character to the good” because both ingredients are listed as “active” ingredients, and both are necessary to create the cleansing rinse. We find this statement to be incorrect. 19 CFR §102.18(b)(1) states, in pertinent part, the following:

For purposes of identifying the material that imparts the essential character to a good under Sec. 102.11, the only materials that shall be taken into consideration are those domestic or foreign materials that are classified in a tariff provision from which a change in tariff classification is not allowed under the Sec. 102.20 specific rule or other requirements applicable to the good. . . .

In the instant product, neither the sodium chloride from the U.S., nor the sodium bicarbonate from the U.S. or Mexico, is allowed to undergo a change in tariff classification under the §102.20(f) specific rule for 3004.90, HTS, due to the limitation regarding domestic content of the final product. Therefore, both materials merit equal consideration for determining the essential character of the product.

19 CFR §102.18(b)(2) states:

For purposes of determining which one of two or more materials described in paragraph (b)(1) of this section imparts the essential character to a good under Sec. 102.11, various factors may be examined depending upon the type of good involved. These factors include, but are not limited to, the following:

- (i) The nature of each material, such as its bulk, quantity, weight or value; and
- (ii) The role of each material in relation to the use of the good.

The sodium chloride constitutes almost 77% by weight of the final product. Further, when the mixture is added to water by the ultimate purchaser and used as a sinus rinse, it is the sodium chloride that accounts for the sinus cleansing action. The sodium bicarbonate adjusts the pH of the resulting solution so that it does not cause pain, stinging or discomfort for the user. Therefore, we find that the sodium chloride imparts the essential character of the merchandise.

HOLDING:

Accordingly, the single material that imparts the essential character of the good is the sodium chloride and the country of origin of the packaged SinuCleanse® packets is the United States, pursuant to 19 CFR 102.11(b)(1). Inasmuch as the marking requirements of 19 U.S.C. 1304 are applicable only to articles of “foreign origin,” the packaged SinuCleanse® packets are not required to be marked upon importation into the United States, regardless of the origin of the sodium bicarbonate. We note that claims of domestic origin is a matter under the jurisdiction of the Federal Trade Commission (FTC). Therefore, should you wish to mark the articles with the phrase “Made in the USA” we recommend that you contact that agency at the following address:

EFFECT ON OTHER RULINGS:

**MODIFICATION OF RULING LETTER AND REVOCATION
OF TREATMENT RELATING TO THE TARIFF
CLASSIFICATION OF CERTAIN MESH DEBRIS NETTING**

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: Notice of modification of a tariff classification ruling letter and revocation of treatment relating to the classification of certain mesh debris netting.

SUMMARY: Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. 1625(c)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act (Pub. L. 103–182, 107 Stat. 2057), this notice advises interested parties that U.S. Customs and Border Protection (CBP) is modifying one ruling letter relating to the tariff classification, under the Harmonized Tariff Schedule of the United States (HTSUS), of certain mesh debris netting. Similarly, CBP is revoking any treatment previously accorded by it to substantially identical transactions. Notice proposing these actions and inviting comments on their correctness was published in the *Customs Bulletin*, Volume 41, Number 16, on April 11, 2007. No comments were received in response to this notice.

EFFECTIVE DATE: This action is effective for merchandise entered or withdrawn from warehouse for consumption on or after August 5, 2007.

FOR FURTHER INFORMATION CONTACT: Brian Barulich, Tariff Classification and Marking Branch, at (202) 572–8883.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On December 8, 1993, Title VI (Customs Modernization), of the North American Free Trade Agreement Implementation Act (Pub. L. 103–182, 107 Stat. 2057) (hereinafter “Title VI”), became effective. Title VI amended many sections of the Tariff Act of 1930, as amended, and related laws. Two new concepts which emerge from the law are **informed compliance** and **shared responsibility**. These concepts are premised on the idea that in order to maximize voluntary compliance with customs laws and regulations, the trade community needs to be clearly and completely informed of its legal obligations. Accordingly, the law imposes a greater obligation on CBP to provide the public with improved information concerning the trade community’s responsibilities and rights under the customs and related laws. In addition, both the trade and CBP share responsibil-

ity in carrying out import requirements. For example, under section 484 of the Tariff Act of 1930, as amended (19 U.S.C. 1484), the importer of record is responsible for using reasonable care to enter, classify and value imported merchandise, and provide any other information necessary to enable CBP to properly assess duties, collect accurate statistics and determine whether any other applicable legal requirement is met.

Pursuant to section 625(c)(1), Tariff Act of 1930 (19 U.S.C. 1625(c)(1)), as amended by section 623 of Title VI, notice proposing to modify Headquarters Ruling Letter (HQ) 968200 was published in the *Customs Bulletin*, Volume 41, Number 16, on April 11, 2007. No comments were received in response to this notice. As stated in the proposed notice, the modification will cover any rulings on this merchandise which may exist but have not been specifically identified. CBP has undertaken reasonable efforts to search existing databases for rulings in addition to the one identified. No further rulings have been found. Any party who has received an interpretive ruling or decision (*i.e.*, ruling letter, internal advice memorandum or decision or protest review decision) on the merchandise subject to this notice should have advised CBP during this notice period.

Similarly, pursuant to section 625(c)(2), Tariff Act of 1930 (19 U.S.C. 1625 (c)(2)), as amended by section 623 of Title VI, CBP is revoking any treatment previously accorded by CBP to substantially identical transactions. Any person involved with substantially identical transactions should have advised CBP during this notice period. An importer's failure to advise CBP of substantially identical transactions or of a specific ruling not identified in this notice, may raise issues of reasonable care on the part of the importer or its agents for importations of merchandise subsequent to the effective date of the final decision on this notice.

In the "EFFECT ON OTHER RULINGS" section of HQ 968200, CBP stated:

NY F82010, dated January 31, 2000; **NY F80765**, dated December 17, 1999; **NY C87894**, dated May 21, 1998 and; **NY C87245**, dated May 1, 1998, are hereby affirmed.

During a recent review of HQ 968200, CBP recognized that this statement was in error. The two subheadings under which the merchandise in the rulings cited above were classified were deleted from the HTSUS in 2002 to reflect modifications made to the Harmonized Commodity Description and Coding System. Consequently, NY F82010, NY F80765, NY C87894, NY C87245, were revoked by operation of law on the date these two subheadings were deleted from the HTSUSA. Accordingly, it was impossible to affirm NY F82010, NY F80765, NY C87894, and NY C87245 on August 11, 2006, because these four rulings had already been revoked by operation of law.

Pursuant to 19 U.S.C. 1625(c)(1), CBP is modifying HQ 968200 and any other ruling not specifically identified that is contrary to the determination set forth in this notice to reflect the proper classification of the merchandise pursuant to the analysis set forth in HQ H003043, which is set forth as the attachment to this document. Additionally, pursuant to 19 U.S.C. 1625(c)(2), CBP is revoking any treatment previously accorded by CBP to substantially identical transactions.

In accordance with 19 U.S.C. 1625(c), this action will become effective 60 days after its publication in the *Customs Bulletin*.

Re: Reconsideration of HQ 968200; classification of mesh debris netting

DEAR MM. DESIDERIO AND SPRARAGEN:

This is in reply to your letter dated November 1, 2006, on behalf of Strongman Building Products Corp. ("Strongman") to the Commercial Rulings Division of Regulations and Rulings, requesting reconsideration of Headquarters Ruling Letter ("HQ") 968200, dated August 11, 2006, on the classification, under the Harmonized Tariff Schedule of the United States Annotated ("HTSUSA"), of several styles of mesh debris netting.

HQ 968200 was a reconsideration of four previously issued rulings: New York Ruling Letter ("NY") C87245 issued May 1, 1998, NY C87894, issued May 21, 1998, NY F80765, issued December 17, 1999, and NY F82010, issued January 31, 2000.

The one type of mesh debris netting classified in NY C87245 was not specifically identified with a style or model number. The one type of mesh debris netting classified in NY C87894 was also not specifically identified with a style or model number. The single style of mesh debris netting classified in NY F80765 was specifically identified as "SBN 324." The three styles of

mesh debris netting classified in NY F82010 were specifically identified as "SBN-14-60," "SBN-22" and "SBF-427."

In support of your request for reconsideration, you submitted samples of SBN 324 and SBN-22. You also submitted samples of these styles to which a hem has been added to an edge of the netting. You identified these samples as "SBN324 W/HEM TOP CORNER" and "SBN22 W/HEM BOT. CORNER." Additionally, we conducted an oral discussion of the issues involved in this matter on February 12, 2007.

Pursuant to your reconsideration request, we have reviewed HQ 968200. This ruling, HQ H003043, affirms HQ 968200, except for the "Effect On Other Rulings" section, which it modifies for the reason set forth below. Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. 1625(c)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act, Pub. L. 103-182, 107 Stat. 2057, 2186 (1993), notice of the proposed modification of HQ 968200 was published in the *Customs Bulletin*, Volume 41, Number 18, on April 11, 2007. CBP received no comments during the notice and comment period that closed on May 11, 2007.

FACTS:

In HQ 968200, the four specifically identified styles of mesh debris netting (from NY F80765 and NY F82010) mentioned above were described as follows:

The merchandise at issue is mesh debris netting products used at construction sites to contain debris. Four of the products are identified as model numbers SBN-14-60, SBN-22, SBN-427 and SBN 324. A representative sample was sent for consideration in conjunction with the request for reconsideration. The models are materially similar, differing principally by weight

The products are manufactured from either high density polyethylene or 100% polyester that has been extruded into thread. The thread is cooled in water, stretched over rollers and wound onto spools. The spools are mounted onto a knitting machine. The thread is fed into the knitting machine which knits the pattern that includes button holes and self finishing. The product has stable, regularly spaced openings in the fabric. Textile strips are inserted along the edge ½ inch from the edge, reinforcing the area where the buttonholes have been formed. Four rows of contrasting color yarns are stitched 1 ½ inches from each edge. The product is wound onto a master roll measuring a width of either 8 feet six inches or 8 feet. Under one scenario, the product is cut to the desired length and the finished product is wound onto a core and packaged in clear plastic bags. Under a different scenario the product is woven to a specified length of 150 feet or 300 feet. The finished product is wound onto a core and packaged in a clear plastic bag.

To install the products, the roll is unwound from the top of a scaffolding. The fabric is affixed to the scaffolding by running plastic ties through the buttonholes and around the scaffolding poles.

While not specifically stated in the above quotation, SBN-14-60, SBN-22, SBN-427 and SBN 324 are of warp knit construction. Meanwhile, the fabric in NY C87245 was described as:

The fabric is stated to be made of 100 percent polyester material. It is of warp knit construction. Its intended use is in the construction industry.

It will be used to prevent any debris from falling to the ground when persons are working from a scaffold.

Finally, the fabric in NY C87894 was described as:

The fabric is stated to be made of 100 percent polyethylene material. It is of warp knit construction. Its intended use is in the construction industry. It will be used to prevent any debris from falling to the ground when persons are working from a scaffold.

Because differences between SBN-14-60, SBN-22, SBN-427, SBN 324, and the fabric in NY C87245 and NY C87894 are not material for classification purposes, the styles are hereinafter collectively referred to as "the mesh debris netting at issue" or "the products at issue."

In HQ 968200, CBP classified the mesh debris netting at issue in subheading 6005.33.0010, HTSUSA, which provides for "Warp knit fabrics (including those made on galloon knitting machines), other than those of headings 6001 to 6004: Of synthetic fibers: Of yarns of different colors, Open work fabrics."

ISSUE:

What is the classification of the mesh debris netting at issue?

LAW AND ANALYSIS:

Classification under the HTSUSA is made in accordance with the General Rules of Interpretation ("GRI"). GRI 1 provides, in part, that classification decisions are to be "determined according to the terms of the headings and any relative section or chapter notes." If the goods cannot be classified solely on the basis of GRI 1, and if the headings and legal notes do not otherwise require, the remaining GRI may then be applied, in order.

The Harmonized Commodity Description and Coding System Explanatory Notes ("EN") constitute the official interpretation of the Harmonized System at the international level (for the 4 digit headings and the 6 digit subheadings) and facilitate classification under the HTSUSA by offering guidance in understanding the scope of the headings and GRI. While neither legally binding nor dispositive of classification issues, the EN provide commentary on the scope of each heading of the HTSUSA and are generally indicative of the proper interpretation of the headings. *See* T.D. 89-80, 54 Fed. Reg. 35127-28 (Aug. 23, 1989).

A product's classification is determined by first looking to the headings and section or chapter notes. *See Orlando Food Corp. v. United States*, 140 F.3d 1437 (Fed. Cir. 1998). Only after determining that a product is classifiable under the heading should one look to the subheadings to find the correct classification for the merchandise." *Id.*

Heading 6307, HTSUSA, provides for: "Other made up articles, including dress patterns." In your request for reconsideration of NY C87245, NY C87894, NY F80765, and NY F82010 and in your request for reconsideration of HQ 968200, you asserted that the products at issue are classified in heading 6307, HTSUSA, because they are "made up" textile articles as defined by Note 7 to Section XI, HTSUSA.

Section XI, Note 7 of the HTSUSA, defines the term "made up" for the purposes of Section XI, as follows:

For the purposes of this section, the expression “made up” means:

- (a) Cut otherwise than into squares or rectangles;
- (b) Produced in the finished state, ready for use (or merely needing separation by cutting dividing threads) without sewing or other working (for example, certain dusters, towels, tablecloths, scarf squares, blankets);
- (c) Hemmed or with rolled edges, or with a knotted fringe at any of the edges, but excluding fabrics the cut edges of which have been prevented from unravelling by whipping or by other simple means;
- (d) Cut to size and having undergone a process of drawn thread work;
- (e) Assembled by sewing, gumming or otherwise (other than piece goods consisting of two or more lengths of identical material joined end to end and piece goods composed of two or more textiles assembled in layers, whether or not padded); or
- (f) Knitted or crocheted to shape, whether presented as separate items or in the form of a number of items in the length.

You claim that the products at issue are “made up” because they meet the terms of Section XI, Note 7(b) and 7(c).

The ENs to Section XI, Note 7(b) and 7(c) are set forth in the General Notes, Section XI, (II) Chapters 56 to 63, and offer the following guidance:

Made up articles.

Under Note 7 to this Section, the expression “made up” in Chapters 56 to 63 means:

- * * *
- (2) **Produced in the finished state, ready for use** (or merely needing separation by cutting dividing threads) without sewing or other working. Goods of this kind include products knitted or crocheted directly to shape and certain dusters, towels, table cloths, scarf squares, blankets, etc., with threads along the warp left unwoven or the weft edges cut to form a fringe. Such articles may have been woven separately on the loom, but may also have been simply cut from lengths of fabric which have bands of unwoven threads (generally warp threads) at regular intervals. These lengths of fabric, from which ready-made articles of the types described above may be obtained by simply cutting the dividing threads, are also considered as “made up” articles.

However, rectangular (including square) articles simply cut out from larger pieces without other working and not incorporating fringes formed by cutting dividing threads are not regarded as “produced in the finished state” within the meaning of this Note. The fact that these articles may be presented folded or put up in packings (e.g., for retail sale) does not affect their classification.

- (3) **Hemmed or with rolled edges or with a knotted fringe** (whether or not incorporating added threads) at any of the edges (e.g., handkerchiefs with rolled edges and table covers with knotted fringes), but **excluding** fabrics the cut edges of which have been prevented from unravelling by whipping or by other simple means.

* * * * *

In regard to your claim that the products at issue meet the terms of Section XI, Note 7(b), you emphasized in your November 1, 2006 letter and in

our oral conference that the products do not require and, in most cases, are not cut by the ultimate purchaser prior to use. In your letter, you stated: “[i]n the event that the end user is faced with excess product after the roll of netting is unfurled from the top of a building, he can, and does, simply fold over the excess product.”

Accepting your representation that the products at issue do not require cutting for use, the articles nevertheless do not meet the terms of Section XI, Note 7(b). In your request for reconsideration of NY C87245, NY C87894, NY F80765, and NY F82010, you described the manufacturing steps for the products at issue:

The manufacturing steps for the netting products are as follows: 1) high density polyethylene is extruded into thread; 2) the thread is cooled in water, stretched over rollers, and wound onto spools; 3) the spools are mounted onto a knitting machine; 4) the thread is fed into the knitting machine which knits the pattern, including button holes and hems; 5) the resultant product is wound onto a master roll from which the desired length, *e.g.*, 150, 300 feet, etc. is cut; and the finished product is wound onto a core and packaged in clear plastic bags.¹

As emphasized in the ENs quoted above, articles simply cut from larger pieces without other working and not incorporating fringes formed by cutting dividing threads are not regarded as “produced in the finished state” within the meaning of the note. *See generally* HQ 089058 (July 25, 1991), HQ 089203 (July 19, 1991), HQ 089592 (September 20, 1991), HQ 950786 (January 28, 1992), HQ 955457 (June 8, 1994), HQ 955458 (June 8, 1994), HQ 966293 (March 3, 2004), HQ 959184 (November 13, 1996), and HQ 967601 (March 22, 2006). In the case at hand, as you described, the products at issue are simply cut from larger pieces of fabric. They, therefore, are not regarded as “produced in the finished state.” The buttonholing of the fabric also does not constitute “other working” because the buttonholes are formed in the knitting process. Additionally, the winding of the articles onto a core and packaging them in plastic bags does not affect its classification.

In regard to your claim that the products at issue meet the terms of Section XI, Note 7(c), you emphasized in your November 1, 2006 letter and in our oral conference that the tighter knit at the fabric edges is not for the purpose of preventing unraveling, but to reinforce the button holes running down the sides of the mesh debris netting at issue. In your letter, you also stated: “[h]ere, the design of the netting itself prevents unraveling and serves to maintain the strength of the product; no selvage is required or present. The products are essentially self-hemmed and, as such, are made up articles pursuant to Note 7(c) to Section XI.”

In order for an article to be “made up” under Note 7(c) to Section XI, HTSUSA, it must contain a hem that is necessary for its intended use. *See e.g.*, HQ 083013 (March 20, 1989), HQ 952650 (June 8, 1993), and HQ 959132 (September 23, 1996). We generally recognize a traditional hem to be an edge of fabric that has been folded, folded up again, and then sewn

¹ While you set forth the manufacturing steps above for all the styles of mesh debris netting at issue, SBN 324 and the fabric in NY C87245 are polyester, not polyethylene. However, it is our understanding that substantially similar manufacturing steps are undertaken in regard to SBN 324 and the fabric in NY C87245 although they are of polyester construction.

down.² We have recognized that, in addition to traditional hems, there are several types of hems. *See e.g.*, HQ 952650 (recognizing a “Continental hem”) and HQ 085549 (November 21, 1989, recognizing a “Cornelli hem” (also known as a “replique hem”)).

The mesh debris netting at issue is not hemmed. There is neither a traditional, nor any other kind, of hem at any of its edges. Although the design or construction of the products at issue (i.e., the polyester or polyethylene thread and the warp knit) may prevent unraveling of the products, this design or construction does not constitute a hem. As there is no hem on the products at issue, it is impossible to discuss whether such hem makes the products suitable for their intended use.

While you did not refer to the ruling in your previous submissions or in our oral conference, in NY K84512, issued March 30, 2004, CBP classified bird control nets for vineyards. These nets were classified in heading 6307, HTSUSA, as “made up” articles. While these bird nets may sound substantially similar to the mesh debris netting at issue, they are not. The bird nets of NY K84512 have several distinct features that differentiate them from the products at issue, including several rows of double ply mesh around their edges and brightly colored pace markers at distance intervals.

In light of the above, we find that the mesh debris netting at issue is not “made up” pursuant to Section XI, Note 7(b) or 7(c). The products are not “produced in the finished state, ready for use” or “hemmed” under the respective notes. Rather, in their condition as imported, the products at issue are simply fabric in the piece imported on rolls. By application of GRI 1, the mesh netting products are classified in heading 6005, HTSUSA, which provides for “Warp knit fabrics (including those made on galloon knitting machines), other than those of headings 6001 to 6004.” They are specifically provided for in subheading 6005.33.0010, HTSUSA, which provides for “Warp knit fabrics (including those made on galloon knitting machines), other than those of headings 6001 to 6004: Of synthetic fibers: Of yarns of different colors, Open work fabrics.”

As stated above, you submitted samples of SBN-324 and SBN-22 to which a hem has been added to an edge of the netting (identified as “SBN324 W/HEM TOP CORNER” and “SBN22 W/HEM BOT. CORNER”). As these samples are not identical to the merchandise that was classified in HQ 968200, we could not consider them in this reconsideration of HQ 968200. However, you are encouraged to request ruling letters on the styles having this construction.

While the analysis of HQ 968200 is correct, the “Effect On Other Rulings” section of that ruling erroneously stated:

NY F82010, dated January 31, 2000; **NY F80765**, dated December 17, 1999; **NY C87894**, dated May 21, 1998 and; **NY C87245**, dated May 1, 1998, are hereby affirmed.

This statement was in error because the subheadings in which the merchandise had been classified in the above rulings (subheading 6002.43.0080, HTSUSA, and subheading 6002.43.0010, HTSUSA) were deleted from the HTSUSA in 2002 to update the HTSUS to reflect modifications made to the Harmonized Commodity Description and Coding System. Consequently, NY

²See generally www.wikipedia.com.

F82010, NY F80765, NY C87894, NY C87245, were revoked by operation of law on the date these two subheadings were deleted from the HTSUSA. Accordingly, it was impossible to affirm NY F82010, NY F80765, NY C87894, and NY C87245 on August 11, 2006, because these four rulings had already been revoked by operation of law.

HOLDING:

By application of GRI 1, the mesh debris netting at issue (styles SBN-14-60, SBN-22, SBN-427, SBN 324, and the fabric in NY C87245 and NY C87894) is classified in heading 6005, HTSUSA. It is provided for by subheading 6005.33.0010, HTSUSA, which provides for "Warp knit fabrics (including those made on galloon knitting machines), other than those of headings 6001 to 6004: Of synthetic fibers: Of yarns of different colors, Open work fabrics." The applicable column one, general duty rate under the 2007 HTSUSA is 10% *ad valorem*. The products at issue fall within textile category designation 229.

Duty rates are provided for your convenience and are subject to change. The text of the most recent HTSUSA and the accompanying duty rates are provided on the world wide web at www.usitc.gov.

Quota/visa requirements are no longer applicable for merchandise which is the product of World Trade Organization ("WTO") member countries. The textile category number above applies to merchandise produced in non-WTO member countries. Quota and visa requirements are the result of international agreements that are subject to frequent renegotiations and changes. To obtain the most current information on quota and visa requirements applicable to this merchandise, we suggest you check, close to the time of shipment, the "Textile Status Report for Absolute Quotas" which is available on our web site at www.cbp.gov. For current information regarding possible textile safeguard actions on goods from China and related issues, we refer you to the web site of the Office of Textiles and Apparel of the Department of Commerce at otexa.ita.doc.gov.

EFFECT ON OTHER RULINGS:

HQ 968200 is affirmed, except for the "Effect On Other Rulings" section, which is modified as set forth above.

In accordance with 19 U.S.C. 1625(c), this ruling will become effective 60 days after its publication in the *Customs Bulletin*.

AGENCY: Bureau of Customs and Border Protection, Department of Homeland Security.

ACTION: Notice of revocation of a ruling letter and revocation of treatment relating to the tariff classification of certain hot and cold compress packs from China.

SUMMARY: Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. 1625(c)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act (Pub. L. 103-182, 107 Stat. 2057), this notice advises interested parties that Customs and Border Protection (CBP) is revoking a ruling letter relating to the tariff classification under the Harmonized Tariff Schedule of the United States Annotated (HTSUSA) of certain hot and cold compress packs from China. Similarly, CBP is revoking any treatment previously accorded by it to substantially identical transactions. Notice of the proposed action was published on April 11, 2007 in the CUSTOMS BULLETIN in Volume 41, Number 16. No comments were received in response to this notice.

EFFECTIVE DATE: This action is effective for merchandise entered or withdrawn from warehouse for consumption on or after August 5, 2007.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On December 8, 1993, Title VI (Customs Modernization), of the North American Free Trade Agreement Implementation Act (Pub. L. 103-182, 107 Stat. 2057) (hereinafter "Title VI"), became effective. Title VI amended many sections of the Tariff Act of 1930, as amended, and related laws. Two new concepts which emerge from the law are "informed compliance" and "shared responsibility." These concepts are premised on the idea that in order to maximize voluntary compliance with customs laws and regulations, the trade community needs to be clearly and completely informed of its legal obligations. Accordingly, the law imposes a greater obligation on CBP to provide the public with improved information concerning the trade community's responsibilities and rights under customs and related

laws. In addition, both the trade and CBP share responsibility in carrying out import requirements. For example, under section 484 of the Tariff Act of 1930, as amended (19 U.S.C. 1484), the importer of record is responsible for using reasonable care to enter, classify and value imported merchandise, and provide any other information necessary to enable CBP to properly assess duties, collect accurate statistics and determine whether any other applicable legal requirement is met.

Pursuant to section 625(c)(1), Tariff Act of 1930 (19 U.S.C. 1625(c)(1)), as amended by section 623 of Title VI, notice proposing to revoke New York Ruling Letter (NY) L84821, dated June 5, 2005, and to revoke any treatment accorded to substantially identical transactions was published in the April 11, 2007 CUSTOMS BULLETIN, Volume 41, Number 16. No comments were received in response to this notice. We received an inquiry from an importer as to whether their product classified by CBP in HQ W968448 was subject to this notice. Upon review of its ingredients, we find it to be distinguishable from the subject merchandise herein since they do not have the same or substantially similar compositions.

As stated in the notice of proposed revocation, this notice covers any rulings on this merchandise which may exist but have not been specifically identified. CBP has undertaken reasonable efforts to search existing databases for rulings in addition to the one identified. No further rulings have been found. Any party who has received an interpretive ruling or decision (*i.e.*, ruling letter, internal advice memorandum or decision or protest review decision) on the merchandise subject to this notice, should have advised CBP during this notice period.

Similarly, pursuant to section 625(c)(2), Tariff Act of 1930 (19 U.S.C. 1625 (c)(2)), as amended by section 623 of Title VI, CBP is revoking any treatment previously accorded by CBP to substantially identical transactions. Any person involved with substantially identical transactions should have advised CBP during this notice period. An importer's failure to advise CBP of substantially identical transactions or of a specific ruling not identified in this notice, may raise issues of reasonable care on the part of the importer or its agents for importations of merchandise subsequent to the effective date of the final decision on this notice.

Pursuant to 19 U.S.C. 1625(c)(1), CBP is revoking NY L84821 and any other ruling not specifically identified, in order to reflect the proper classification of the merchandise pursuant to the analysis set forth in Headquarters Ruling Letter (HQ) W968297 (Attachment).

Additionally, pursuant to 19 U.S.C. 1625(c)(2), CBP is revoking any treatment previously accorded by CBP to substantially identical

transactions. In accordance with 19 U.S.C. 1625(c), this action will become effective 60 days after publication in the CUSTOMS BULLETIN.

Los Angeles, CA 90045

RE: Revocation of NY L84821, dated June 8, 2005, concerning the tariff classification of Hot and Cold Compress Packs from China

DEAR MR. LIU:

Pursuant to your request dated May 9, 2005 for a binding tariff classification ruling, Customs and Border Protection issued New York Ruling Letter (NY) L84821, dated June 8, 2005, in which certain hot and cold compress packs were classified in 3824.90.9190, Harmonized Tariff Schedule of the United States (HTS).

Upon review, the Bureau of Customs and Border Protection (CBP) has determined that the merchandise was erroneously classified. This ruling letter sets forth the correct classification determination.

Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. §1625(c)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act, Pub. L. 103-182, 107 Stat. 2057, 2186 (1993), notice of the proposed revocation was published on April 11, 2007 in the CUSTOMS BULLETIN in Volume 41, Number 16. No comments were received in response to this notice.

FACTS:

The facts, which were taken directly from the ruling at issue, are as follows:

In your letter dated May 9, 2005, you requested a tariff classification ruling for "Instant Cold Compress" and "Instant Hot Compress" packs which you have stated are composed of ammonium nitrate and water;

and magnesium sulfate and water; respectively. A sample of each product was submitted with your inquiry.

LAW AND ANALYSIS:

Classification of goods under the HTSUSA is governed by the General Rules of Interpretation (GRI). GRI 1 provides that classification shall be determined according to the terms of the headings of the tariff schedule and any relative section or chapter notes. In the event that the goods cannot be classified solely on the basis of GRI 1, and if the headings and legal notes do not otherwise require, the remaining GRI may then be applied. The Harmonized Commodity Description and Coding System Explanatory Notes (EN) constitute the official interpretation of the Harmonized System at the international level. While neither legally binding nor dispositive, the EN provide a commentary on the scope of each heading of the HTSUSA and are generally indicative of the proper interpretation of the headings.

The subject cold compress pack is comprised of 40–70 percent ammonium nitrate and 30–60 percent water. The subject hot compress pack is comprised of 20–40 percent magnesium sulfate and 60–80 percent water. Both were classified in subheading 3824.90.9190, Harmonized Tariff Schedule of the United States (HTS), which provides for “prepared binders for foundry molds or cores; chemical products and preparations of the chemical or allied industries (including those consisting of mixtures of natural products), not elsewhere specified or included; other . . . other.”

Heading 2833, HTSUS, provides for “sulfates; alums; peroxosulfates (persulfates).” Chapter Note 1(a) to Chapter 28 states: “Except where the context otherwise requires, the headings of this chapter apply only to “[s]eparate chemical elements and separate chemically defined compounds, whether or not containing impurities.” Chapter Note 1(b) to Chapter 28 states: “The products mentioned in (a) above dissolved in water.” EN 38.24(B), states, in pertinent part, that aqueous solutions of Chapter 28 remain classified therein.

The subject magnesium sulfate hot compress pack consists of magnesium sulfate dissolved in water. Based on this description, the subject hot compress pack should be classified in subheading 2833, HTSUS. Additionally, CBP has issued New York Ruling Letter (NY) E85600, dated December 6, 1999 that classified a 50 percent aqueous solution of magnesium sulfate from Canada in subheading 2833.21.0000, HTSUS.

The subject ammonium nitrate cold compress pack also contains water. Chapter 28, Note 3(c), which refers to Note 2, Chapter 31, states: “Subject to the provisions of note 1 to section VI, this chapter does not cover: Products mentioned in note 2, 3, 4 or 5 to chapter 31.” Note 2(a)(ii), Chapter 31, states that heading 3102 applies to ammonium nitrate, whether or not pure. As the ammonium nitrate cold pack is excluded from Chapter 28, it is classifiable in Chapter 31. *See also* NY M81919, in which CBP classified a cold compress containing ammonium nitrate in subheading 3102.30.0000, HTSUS.

Therefore, the subject hot and cold compresses are classified in subheadings 2833.21.0000 and 3102.30.0000, HTSUS, respectively.

HOLDING:

The “Instant Hot Compress” pack is classifiable in subheading 2833.21.0000, HTSUS, which provides for “Sulfates; alums; peroxosulfates (persulfates): Other sulfates: Of magnesium.” The general column one rate of duty is 3.7 percent *ad valorem*.

236 CUSTOMS BULLETIN AND DECISIONS, VOL. 41, NO. 24, JUNE 6, 2007

The "Instant Cold Compress" pack is classifiable in subheading 3102.30.0000, HTSUS, which provides for "Mineral or chemical fertilizers, nitrogenous: Ammonium nitrate, whether or not in aqueous solution." The general column one rate of duty is FREE.

EFFECT ON OTHER RULINGS:

New York Ruling Letter (NY) L84821, dated June 8, 2005, is hereby REVOKED. In accordance with 19 U.S.C. §1625(c), this ruling will become effective 60 days after its publication in the CUSTOMS BULLETIN.

RE: Reconsideration of NY L89286; dated January 18, 2006, concerning the tariff classification of carrying bags from Mexico

DEAR MR. RAHSCHULTE:

This is in reference to your letter of March 18, 2006, on behalf of your client, BAGMASTERS, a division of CTA Manufacturing, Inc., in which you requested reconsideration of New York Ruling Letter (NY) L89286, dated January 18, 2006, which classified five carrying bags from Mexico in subheadings 4202.12.8030 and 4202.92.3031, Harmonized Tariff Schedule of the United States Annotated (HTSUS). Your request, along with four samples, was forwarded to this office for our consideration. This reconsideration request is limited to styles MR03, CB04, LB04, and FB03.

Pursuant to section 625(c), Tariff Act of 1930 (19 U.S.C. §1625(c)), as amended by section 623 of Title VI (Customs Modernization) of the North American Free Trade Agreement Implementation Act, Pub. L. 103-182, 107 Stat. 2057, 2186 (1993), notice of the proposed modification was published on April 11, 2007 in the CUSTOMS BULLETIN in Volume 41, Number 16. No comments were received in response to this notice.

FACTS:

NY L89286, dated January 18, 2006, classified five styles of carrying bags. The facts, which were taken directly from the ruling at issue, are as follows:

... The bags are identified as styles PR532, nylon mesh shopping bag, MR03, 100-denier nylon mailbag, CB04, polyester top zip courier bag, LB04, 1000 denier nylon locking security bag, and FB03, 420 denier nylon flame barrier bag. Each bag is wholly of man-made fiber textile materials.

You have indicated that the bags are packing materials of the kind classified in Heading 6305, HTSUSA, which provides, in part, for other made-up textile articles, sacks and bags, of a kind used for the packing of goods. Heading 6305 provides for bags that are principally used in the marketing and transportation of goods. The Heading does include bags that are used in the sending of samples by post.

Styles FB03, CB04 and LB04 were classified in subheading 4202.12.8030, which provides for attaché cases, briefcases, school satchels, occupational luggage cases, and similar containers, with outer surface of textile materials, of man-made fibers. MR03 and PR532 were classified in subheading 4202.92.3031, HTSUS, which provides, in part, for other travel, sports and similar bags, with outer surface of textile materials, of man-made fibers.

In your submission, you requested to exclude PR532 from this reconsideration. You also provided a description of the four styles of carrying bags as follows:

1. MR03: a "mailbag" made of 1000 denier nylon that measures approximately 26 inches in height x 23 inches in width x 4 inches in depth with a drawstring closure that fits through #3 spur grommets.
2. CB04: a "top zip courier bag" made of polyester with an inside entry window. The bag measures approximately 19 inches in height x 24 inches in width.
3. LB04: a "locking security bag" made of 1000 denier nylon and measures approximately 14 inches in height x 18 inches in width. It has a heavy-duty nickel silver zipper and heavy-duty pop-up lock.
4. FB03: a "boxed bottom flame barrier bag" that is made of a 1000 denier nylon exterior, single layer fiber-shield center and a 420 denier nylon interior. It also features a heavy-duty brass zipper, snap zipper flap and clear vinyl windows on each side and measures approximately 16 inches in height x 21 inches in width x 6 inches in depth.

You state in your submission that the subject bags are used for commercial purposes.

ISSUE:

What is the classification of the four subject carrying bags?

LAW AND ANALYSIS:

Classification of goods under the HTSUS is governed by the General Rules of Interpretation (GRI). GRI 1 provides that classification shall be determined according to the terms of the headings of the tariff schedule and any relative section or chapter notes. In the event that the goods cannot be classified solely on the basis of GRI 1, and if the headings and legal notes do not otherwise require, the remaining GRI may then be applied. The Harmonized Commodity Description and Coding System Explanatory Notes (EN) constitute the official interpretation at the international level. While neither legally binding nor dispositive, the EN provide a commentary on the scope of each heading of the HTSUS and are generally indicative of the proper interpretation of the headings.

The issue in this case is whether the subject bags are classifiable in 4202, which provides for various containers that are of a kind designed for the storage, protection, organization and portability of various goods including documents, papers and similar goods, or in heading 6305, HTSUSA, which provides for sacks and bags, of a kind used for the packing of goods.

Heading 4202 provides for

Trunks, suitcases, vanity cases, attache cases, briefcases, school satchels, spectacle cases, binocular cases, camera cases, musical instrument cases, gun cases, holsters and **similar containers**; traveling bags, insulated food or beverage bags, toiletry bags, knapsacks and backpacks, handbags, shopping bags, wallets, purses, map cases, cigarette cases, tobacco pouches, tool bags, sports bags, bottle cases, jewelry boxes, powder cases, cutlery cases and **similar containers**, of leather or of composition leather, of sheeting of plastics, of textile materials, of vulcanized fiber or of paperboard, **or wholly or mainly covered** with such materials or with paper:

[emphasis added]

U.S. Additional Note 1 to Chapter 42, states:

For the purposes of heading 4202, the expression “travel, sports and similar bags” means goods, other than those falling in subheadings 4202.11 through 4202.39, of a kind designed for **carrying clothing and other personal effects** during travel, including backpacks and shopping bags of this heading, but does not include binocular cases, camera cases, musical instrument cases, bottle cases and similar containers.

The EN to heading 4202 states, in pertinent part:

This heading covers **only** the articles specifically named therein and similar containers.

These containers may be rigid or with a rigid foundation, or soft and without foundation.

* * *

Although there is no definition of the term “personal effects” within the tariff, there is the view that the term “connotes objects to which an individual has some sort of intimate or personal relation.” See Headquarters Ruling Letter 954072, dated September 2, 1993. It is also our view that heading 4202 provides for containers used to convey personal articles in general (i.e., articles belonging to a person), and that its “scope extends to various containers that are to store and/or transport the belongings of an individual, as opposed to bulk or commercial goods.” *Id.*; HQ 967177, dated July 22, 2004, which eliminated headings 4202 and 6305 from consideration and classified a pizza delivery bag that contained an induction element designed for only commercial use for conveying products directly from seller to customer in heading 6307, HTSUSA.

Heading 6305, HTSUSA, covers textile sacks and bags, of a kind used for the packing of goods. The EN to heading 6305 states, in pertinent part, that:

This heading covers textile sacks and bags of a kind normally used for the packing of goods for transport, storage or sale.

These articles, which vary in size and shape, include in particular flexible intermediate bulk containers, coal, grain, flour, potato, coffee or

similar sacks, mail bags, and small bags of the kind used for sending samples of merchandise by post. The heading also includes such articles as tea sachets.

It is clear that the articles listed under heading 6305, HTSUSA, are of the type used for commercial merchandise being transported or stored for sale, usually in bulk. *But see, e.g.*, HQ 955639, dated April 5, 1994, which classified a polypropylene strip bag used by a municipality for distribution to the public for use in storing yard waste for curbside pickup in subheading 6307.90.9986, HTSUSA; *see also* HQ 089444, dated September 3, 1991, which classified a woven polypropylene bag in heading 6305.

You assert that the subject bags are designed for commercial use and not for consumers. In your submission, you referenced your client's website, www.bagmasters.com, which you state supports that the bags are marketed for commercial use. We searched the website but did not locate the items at issue. Rather, we found them under www.bagproducts.com, which states: "For over 75 years Bag Products has been producing a wide range of products that solve problems for businesses like yours . . . As you examine the contents of this catalog, you will find solutions to the everyday issues that confront your business. Bag Products is eager to provide your business with products that will help it run smoother and more efficiently."

Upon review, we find this to be convincing that the articles are designed for commercial use and not individualized, consumer use. In this case, the subject bags are used for transportation, conveyance and storage of various commercial documents and articles such as mail/parcel documents and currency. Based on the design and use of these bags, they are precluded from classification in heading 4202 and more appropriately classified in heading 6305, HTSUSA. For classification of substantially similar articles, see HQ 084519, dated May 18, 1989, which classified a cotton bag used by banks for transporting coins in heading 6305, and NY L80890, which classified a polypropylene strip mailbag from China in heading 6305.

HOLDING:

Styles MR03, CB04, LB04 and FB03 are classifiable in subheading 6305.39.0000, Harmonized Tariff Schedule of the United States (HTSUS), which provides for "sacks and bags, of a kind used for the packing of goods: of man-made textile materials: other." The general column one duty rate is 8.4 percent *ad valorem* and the merchandise falls within textile category 669.

EFFECT ON OTHER RULINGS:

New York Ruling Letter (NY) L89286, dated January 18, 2006, is hereby MODIFIED. In accordance with 19 U.S.C. §1625(c), this ruling will become effective 60 days after its publication in the CUSTOMS BULLETIN.
