

E-Commerce Elements of Compliance

How to Get Your Package Cleared and Delivered on Time!

U.S. Customs and Border Protection wants to help you comply with basic import requirements. By following the guidance below, your shipment will be less likely to be detained by CBP and more likely to be cleared!

Product Description

Provide a detailed and accurate description of the product(s) being shipped.

100% Cotton, Dark Orange Short-Sleeved Crew-neck T-Shirt

Shirt

Value

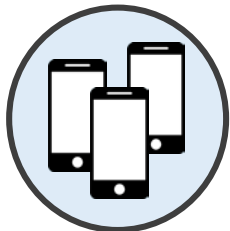

Provide the selling or list price in U.S. dollars.

\$1,500 (correct price customer paid)

\$0 or 10 Euro

Quantity

Indicate the exact number of items in each box, bale, case, or other package.

3 (items in a package)

1 (package)

Gross Weight

Report the kilograms (kgs.) or pounds (lbs.) for the merchandise on the same line as Value. If weight is not available, then estimate. Gross weight is the total of the estimated weights of each item.

450 kgs. or 1,000 lbs.

0

Country of Origin

Product(s) must be marked with the English name of the country of origin unless there is a lawful exception. For more information see [CBP guidance](#).

China (if product was made in China)

香港

Other Government Agency Requirements

Other agencies *may* require additional information. Have you obtained necessary licenses, permits, or other information from other government agencies?

Provide information required by other agencies as needed

Submit incomplete documents
