

Partner Government Agency Electronic Filing Status in ACE

08/17/2022

This document is a summary for informational purposes only. It does not have the force and effect of law or regulation. Interested parties are advised to review a Participating Government Agency's regulations to determine actual requirements and options for submitting import and export data. Additionally, please note that there may be delays between the time a PGA promulgates new regulations and the time CBP updates this document.

This document reflects the status of CBP and PGA requirements for filing data in ACE based on published legal requirements. Note that ACE system edits may not reflect established PGA filing requirements authorized by law or regulation, but such requirements may be imposed at any time. In the event of any discrepancy between ACE system edits and a PGA's legal requirements, the PGA's legal requirements are binding.
