# 1 INTRODUCTION

The purpose of this document is to provide instructions to Federal Contractors who will certify and (when applicable) submit Affirmative Action Programs (AAPs) to the Department of Labor (DOL) / Office of Federal Contractor Compliance Programs (OFCCP) through the OFCCP Contractor Portal.

# 2 PURPOSE & SCOPE

The U.S. Department of Labor's (DOL) Office of Federal Contract Compliance Programs (OFCCP) protects workers, promotes diversity, and enforces the law. OFCCP has authority under three laws: Executive Order 11246, as amended; the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended; and Section 503 of the Rehabilitation Act of 1973, as amended. Pursuant to these laws, OFCCP holds those who do business with the federal government responsible for complying with the legal requirement to take affirmative action and not discriminate based on race, color, sex, sexual orientation, gender identity, religion, national origin, disability, or status as a protected veteran. In addition, contractors and subcontractors (hereinafter referred to collectively as "contractors") are prohibited from discharging or otherwise discriminating against applicants or employees who inquire about, discuss, or disclose their compensation, or that of others, subject to certain limitations.

Contractors that meet certain contract dollar and employee thresholds have an obligation to develop and maintain Affirmative Action Programs (AAPs). The Contractor Portal is a secure portal for submission of AAPs during reviews/investigations as well as a tool to monitor compliance with the AAP requirements.

OFCCP designed the Contractor Portal to increase contractor compliance by creating an annual certification process.

### 3 REGISTRATION & RECORDS UPDATE

Federal Contractors must create an account through the OFCCP Contractor Portal and set up their Company Profile (Parent and/or Establishments) before they can submit an AAP Certification.

Please follow the steps below to register your company through the OFCCP Contractor Portal:

1. Open your web browser and enter the following in the address bar:  
[\(Contractor Portal Home page\)](#)
2. The OFCCP Contractor Portal Home page will display (see Figure 1).
3. If this is your first time using the OFCCP Contractor Portal, click the “Create Account” button. Returning users will click the “Sign In” button, as described in Section 4.1.

**Figure 1: Sample of the “OFCCP Contractor Portal Home” page**

4. You will be re-directed to Login.gov. Login.gov provides a simple, secure, and private way for the public to access participating government websites and applications, including the OFCCP Contractor Portal.
5. Securely sign in using your Login.gov credentials. If you do not have a Login.gov account, you will need to create a Login.gov account to access the OFCCP Contractor Portal. Information on how to create a Login.gov account can be found on the Login.gov website at: [\(How to create an Login.gov account\)](#). Follow Login.gov’s two- factor authentication process for secure sign in.
6. After successfully signing in with your Login.gov credentials, click “Agree and Continue” to enter the OFCCP Contractor Portal (see Figure 2).

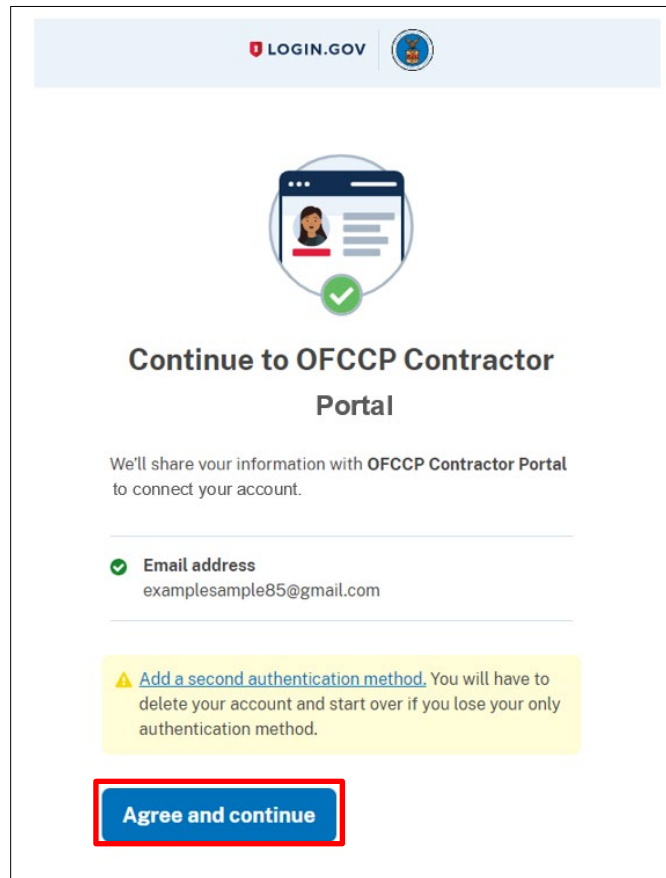

Figure 2: Sample of the “Login.gov” page

7. As a new user, you will be directed to the OFCCP Contractor Portal Welcome Page (see Figure 3: Sample of the “Welcome to the OFCCP Contractor Portal” page). Click the “Get Started” button to continue to the Rules of Behavior.

Figure 3: Sample of the “Welcome to the OFCCP Contractor Portal” page

8. The next page will display the Rules of Behavior. Once you have read all the rules, check the acknowledgement box, and click “Continue” (see Figure 4).

## Rules of Behavior

The system you are about to enter will allow you to submit your organization’s certification(s) for its Affirmative Action Program(s) (AAP) or Functional Affirmative Action Program(s) (FAAP) with the Office of Federal Contract Compliance Programs. This system will also allow contractors scheduled for compliance evaluations to submit AAPs. The Department of Labor (DOL) is strongly committed to maintaining the privacy of personal information and the security of its computer systems. With respect to the collection, use and disclosure of personal information, DOL makes every effort to ensure compliance with applicable Federal law, including, but not limited to, the Privacy Act of 1974, the Paperwork Reduction Act of 1995, and the Freedom of Information Act. None of your information will be sold to third party vendors or operators of mailing lists.

As a user of the Contractor Portal, I understand that I am personally responsible for my use and any misuse of my user account and password. I understand that by accessing a U.S. Government information system that I must comply with the following requirements:

1. I must safeguard the information to which I have access at all times.
2. The Contractor Portal is intended for official government use only. This means that:
  - I may NOT use this computer system to prepare and/or submit responses containing false, inaccurate, or misleading information designed to test the Contractor Portal's functions or features; and
  - It is my responsibility to submit information that is truthful and accurate. Knowingly furnishing false information in the preparation of this response and any supplement thereto or to aid, abet, or counsel another to do so is a federal offense under 18 U.S.C. 2, 1001.

I acknowledge the Rules of Behavior

10. You can take either of the following paths:

- a) **Identifiers Known Path:** Provide all the following: (1) Employer Identification Number (EIN), (2) EEO-1 Headquarter/Company Number (6 to 15 characters), and (3) EEO-1 Establishment/Unit Number (6 to 15 characters). Providing all three identifiers may allow you to access information about your company. After entering this information, click “Continue.” If the system finds your information you will be directed to the “Edit Parent Company” page. If the system does not find your information, follow the instructions in step “b” immediately below.
- b) **Identifiers Not Found Path:** If your Headquarter/Company Number and Establishment/Unit Number are not found in the system, click the checkbox “I want to register a company not found in the system.” and enter only your Employer Identification Number (EIN). Click “Continue.” You will be directed to the “Create Parent Company” page (see Figure 10).

After entering the required information, you will either be directed to verify and edit the information found for your company, or to enter your Parent Company information to create the Company Profile in the OFCCP Contractor Portal.

11. If a company record is found, the screen will display pre-populated data as illustrated in Figure 7. Confirm your Parent Company’s Legal Business Name, Parent Name, DUNS Number, and NAICS Code. Review and update Parent Company Information as necessary and click “Save.”

**i** You have successfully verified yourself for access to your company. Please review the values for your company before you continue.

### 3.4.1 EDITING THE ESTABLISHMENT OR FUNCTIONAL/BUSINESS UNIT ID

To edit the Establishment or Functional/Business Unit ID, follow the steps in section 3.2 or 3.4 to locate the edit establishment page. Once on that page, you can edit the field “Establishment or Functional/Business Unit Number”.

The following IDs can be entered in the Establishment or Functional/Business Unit Number field:

- EEO1 ID- *enter 6-15 digits*
- Academic Institutions only- enter the numerical IPED number in the IPED ID field, *For example: 012345* **Note:** Only enter the numerical numbers. The IPED prefix will be added by the Contractor Portal after the record is saved.
- U.S. Territory ID- enter prefix TERR followed by the numerical numbers, *For example:*

**TEMP012345 Note:** If you know the Territory ID you will enter it in the Establishment or Functional/Business Unit Number field. If you do not know the Territory ID, please contact the Contractor Portal Helpdesk. See section 7.2

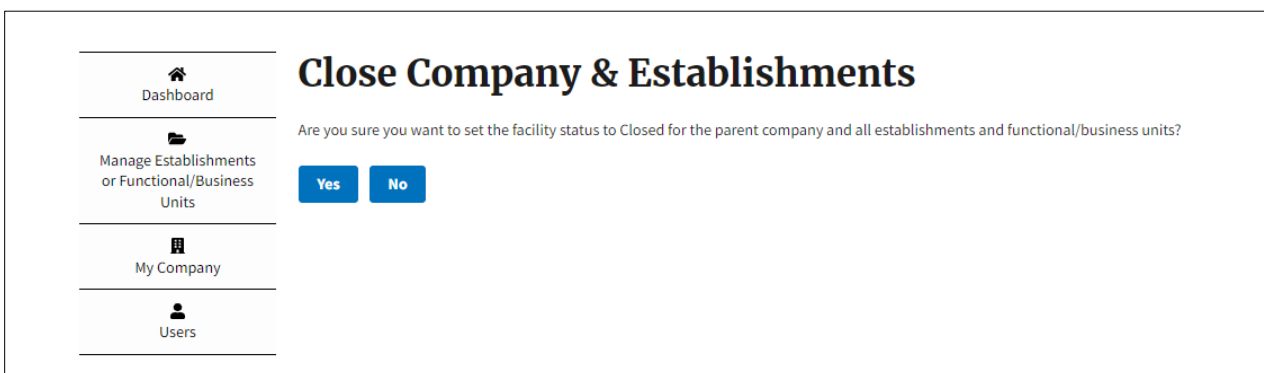

- Functional Affirmative Action Program (FAAP) ID- enter prefix FAAP followed by the numerical number, *For example: FAAP012345*
  - Temporary ID- enter prefix TEMP followed by the numerical numbers, *For example: TEMP012345*
- Note:** If a Temporary ID is needed, please contact the Contractor Portal Helpdesk, see section 7.2

## 3.5 UPDATING FACILITY STATUS: OPEN/CLOSED

### 3.5.1 UPDATING FACILITY STATUS FOR PARENT COMPANY AND ALL ESTABLISHMENTS OR FUNCTIONAL/BUSINESS UNITS

To update the facility status of a parent company and all establishments and functional/business units at one time from open to closed perform the following steps:

- Go to the “My Company” page and select the “Close Company” button, (See Figure 22).
- You will be required to confirm or deny the closure by selecting “Yes” or “No” to question: “Are you sure you want to set the facility status to Closed for the parent company and all establishments and functional/business units?”. (See Figure 25)
- After selecting “Yes”, you will receive a closure confirmation on the screen and an email confirmation will be sent your email address associated with your Contractor Portal account. The facility status of the Parent company and its Establishments or Functional/Business Units will be listed as “Closed” and the Parent Company and Establishments will be decertified. If you select “No”, you will return to the My Company page.

**Figure 25: Sample of the Confirm facility status closure question**

**i** The facility status is now "Closed" for Parent Company Test\_Company\_1 and all the establishments and functional/business units that fall under it.

If after closing the company and its establishments or functional/business units, the contractor receives a covered contract of \$50,000 or more and employs 50 or more employees company-wide, then the contractor must update its records in the portal to reflect they have an AAP obligation. The contractor will edit the facility status for the parent company and all the establishments or functional/business units with an AAP obligation from "Closed" to "Open" and certify their AAP compliance.

## 5.3 CERTIFYING ESTABLISHMENTS OR FUNCTIONAL/BUSINESS UNITS WITH DIFFERENT COVERAGE PERIODS

To certify establishments or functional/business units with different AAP Coverage Periods, follow the instructions in sections 5.1 and 5.2 for one or more establishments or functional/business units that share the same AAP Coverage Period. Then repeat these steps for the next set of establishments or functional/business units that share a different AAP Coverage Period. Repeat this process as many times as necessary until all the establishments are certified.

## 5.4 DECERTIFICATION

If you wish to decertify a previously certified establishment(s) or functional/business unit(s), you can perform this action on the “Manage Establishments or Functional/Business Units” page (see Figure 42).

1. From the Dashboard, click the “Manage Establishments or Functional/Business Units” tab on the left-side of the screen.
2. Locate the “Action” drop-down menu box and select “Bulk Decertification.”

3. Select one or more establishment(s) or functional/business unit(s) you wish to decertify by selecting the checkbox on the left side of the table next to each establishment(s) or functional/business unit(s). To decertify all listed on the page, click the checkbox next to the title “Establishment or Functional/Business Unit Name.”
4. Click “Apply to selected items.”
5. After clicking “Apply to selected items,” a message will be displayed at the top of the page informing you that the decertification has been processed. The certification status on the table will be updated to Not Certified.

## 6 MULTIPLE USER FUNCTIONALITY

The OFCCP Contractor Portal allows multiple users from the same company to register, update records, and certify establishment(s) or functional/business unit(s). There are two roles that can be assigned to multiple users, namely:

**Admin User** – This user can modify records and submit AAP Certifications for any of the Parent Company’s Establishments or Functional/Business Units. They can also invite new users and assign them establishment(s) or functional/business unit(s).

**Non-Admin User** – This user can only modify records and submit AAP Certifications for any of the Establishments or Functional/Business Units that an Admin User has assigned to them.

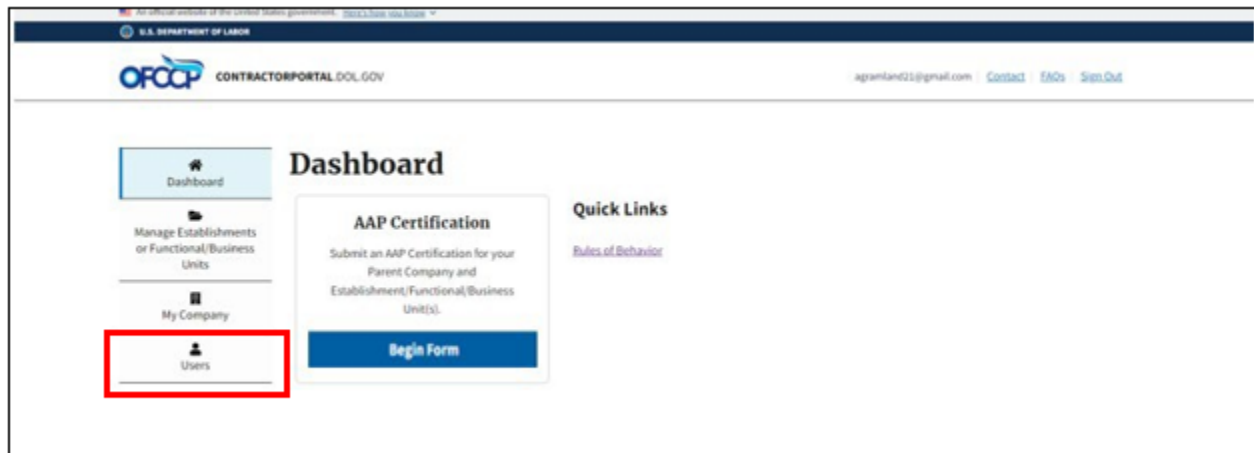

You may add as many users as needed by your company of both types of users. Please be advised that the initial user who registers for the OFCCP Contractor Portal is by default an Admin User and is responsible for granting any other user(s) access to the portal on behalf of the company. No other user(s) will be able to access the portal without the Admin User first granting access by following the instructions in Section 6.1. **Accordingly, OFCCP strongly recommends that the initial user be an individual from the Parent Company/Headquarters with authority to grant access and permissions to designated official(s) at establishment(s) or functional/business unit(s) that need to certify their compliance.**

If you have any issues adding multiple users to the portal, please contact the OFCCP Contractor Portal Technical Help Desk by following the instructions in Section 7.2.

### 6.1 INVITING A NEW USER

To invite additional users to register, update records, and certify establishment(s) or functional/business unit(s) for your company through the OFCCP Contractor Portal, an Admin User must follow the steps below:

1. From the “Dashboard,” select the “Users” tab and you will be directed to the “Users” page (see Figure 44).

**Figure 44: Sample of how to access the “Invite User” Page**

2. Click on “+Add Other User” (see Figure 45) and you will be directed to the “Invite User” page (see Figure 46).

**Figure 45: Sample of “Users” page**

3. Enter the email address of the Point of Contact (POC) you would like to invite to the OFCCP Contractor Portal (see Figure 46).

Please remember that the user being invited to the OFCCP Contractor Portal will have permissions to update, manage, and certify records for the establishment(s) or functional/business unit(s) assigned to the user.

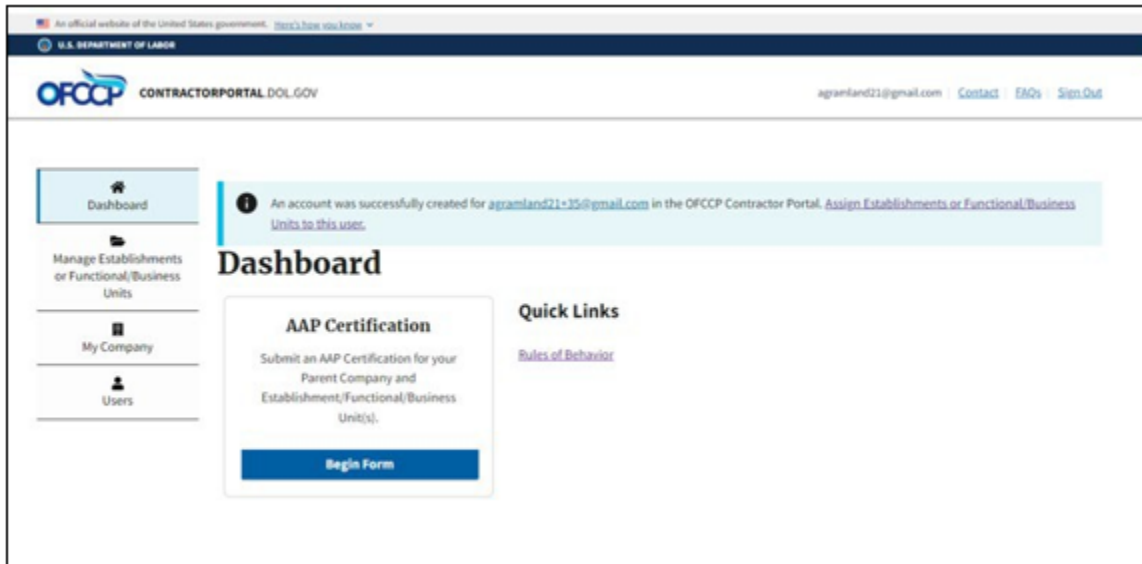

4. Choose the appropriate “Role” for the user you are inviting (Admin User or Non-Admin User) and select the “Invite User” button.

As a reminder, Admin Users can modify all records within the company, invite new users, and assign them establishment(s) or functional/business unit(s). Non-Admin Users are only able to modify establishment(s) or functional/business unit(s) that an Admin User has assigned to them. To change a user's role after they have been added as a user for your company, contact the OFCCP Contractor Portal Technical Help Desk by following the instructions in Section 7.2.

**Figure 46: Sample of the “Invite User” Page**

- After selecting the “Invite User” button, you will be redirected to the “Dashboard.” A confirmation message will be displayed informing you that an email has been sent to the user inviting them to the OFCCP Contractor Portal and instructing you to assign establishment(s)/functional unit(s) to the user (see Figure 47).

**Figure 47: Sample of the “Confirmation” message**

- To assign users to establishment(s) or functional/business unit(s), you can either 1) click on the text that reads “Assign Establishments or Functional/Business Units to this user” in the blue notification box as illustrated in Figure 47, or 2) click on the “Users” tab on the left navigation menu. Then follow the steps in Section 6.2.

## 6.2 VIEW & ASSIGN USERS

To view the list of all users associated with your company and to assign specific establishment(s) or functional/business unit(s) to a Non-Admin User, follow the steps below:

- Select “Users” from the left navigation menu. A table with a list of Usernames (as identified by each user’s registered email address), Roles, and Action will be displayed (see Figure 48).
- Select the “Assign” link beside the Non-Admin User to whom you want to assign a specific establishment(s) or functional/business unit(s).

Note: Only Admin Users can assign Non-Admin Users to specific establishment(s) or functional/business unit(s). Non-Admin Users can view the list of users for their company but will not see the “Assign” link in the table as these users do not have permissions to assign (see Figure 49). Admin Users will not see the “Assign” link beside another Admin User. Admin Users have access to all their company’s establishment(s) or functional/business unit(s) records and can modify all records, if needed, by going to the “Manage Establishments or Functional/Business Units” page.

- Once you select the “Assign” link, you will be directed to the “Assign Establishments or Functional/Business Units” page for that user which will display a list of establishment(s) or functional/business unit(s) to assign to the user (see Figure 50).
- Select the box next to each corresponding “Establishment or Functional/Business Unit Name” to assign to the user and click the “Assign” button.

## 6.3 REMOVE USERS

There are two ways to remove a Non-Admin User's access to establishment(s) or functional/business unit(s):

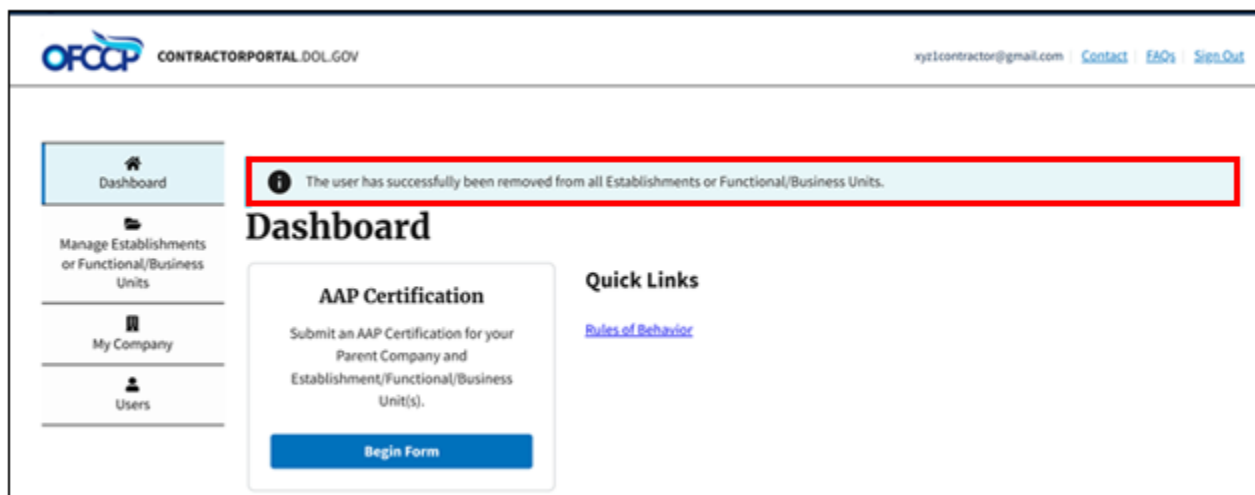

- a) To remove a Non-Admin User's access from specific establishment(s) or functional/business unit(s):
  1. Select "Users" from the left navigation menu. A table with a list of Usernames (as identified by each user's registered email address), Role, and Action will be displayed (see Figure 48).
  2. Select the "Assign" link beside the Non-Admin User whose access you want to remove.
  3. You will be directed to the page titled "Assign Establishments or Functional/Business Units." All the establishment(s) or functional/business unit(s) that the Non-Admin User has permissions to manage will have a checkmark next to them (see Figure 51).
  4. Unselect the checkbox next to the establishment(s) or functional/business unit(s) for which you would like to revoke access and click "Assign." You have now removed the Non-Admin User's modification privileges from those establishment(s) or functional/business unit(s).
- b) To remove a Non-Admin User's access to all establishments or functional/business units:
  1. Select "Users" from the left navigation menu. A table with a list of Usernames (as identified by each user's registered email address), Role, and Action will be displayed (see Figure 48).
  2. Select the "Assign" link beside the Non-Admin User whose access you want to remove.
  3. You will be directed to the page titled "Assign Establishments or Functional/Business Units." All the establishment(s) or functional/business units(s) that the Non-Admin User has permissions to manage will have a checkmark next to them (see Figure 51).
  4. Click the button "Remove User from all Establishments or Functional/Business Units."
  5. Next, on the "Full Unassign" page click "Confirm" and the Non-Admin User will be unassigned from all establishments or functional/business Units (see Figure 52).

**Figure 52: Sample of the “Full Unassign” page**

6. After clicking “Confirm,” a message will display at the top of the page stating that the user has successfully been removed from all Establishments or Functional/Business Units (see Figure 53).

**Figure 53: Sample of the “Confirmation” message**

To remove an Admin User from your company, contact the OFCCP Contractor Portal Technical Help Desk by following the instructions in Section 7.2.

## 6.4 INVITED USER REGISTRATION STEPS

The invited user will receive an email with the registration instructions explained below. The process of registration of an invited user is similar to that of an initial user. However, an invited user will not go through the “User Authorization” screen, nor does the user go through the company creation step since they have already been assigned to the company.

To access the OFCCP Contractor Portal as an invited user, follow these steps:

1. Securely sign-in using your Login.gov credentials. If you do not have a Login.gov account, you will need to create a Login.gov account with the same email address used to invite you to the OFCCP Contractor Portal. Information on how to create a Login.gov account can be found on Login.gov website at: [\(How to create an Login.gov account\)](#). Follow Login.gov’s two-factor authentication process for secure sign in.
2. After you have completed Login.gov sign-in or registration, the next page you will see is “Welcome to the OFCCP Contractor Portal.” Select “Get Started.”
3. Read the “Rules of Behavior,” select the checkbox “I acknowledge the Rules of Behavior,” and click “Continue” to proceed.
4. You will be directed to the “Dashboard” where you can update records and certify establishment(s) or functional/business unit(s) using the tabs on the left navigation menu.
