Purpose

To establish and maintain a singular cross-cultural communication tool in a divided world, bringing people together through a common language. People who can communicate without barriers are more likely to work together for the common good. That is the reason for English Path's existence. We believe that everyone has the right to education and English is often the first step.

Vision

To create the world's most accessible and innovative English language school that changes lives through education that makes a fundamental difference to living standards.

Mission

A world in which every person can communicate using a common language removing inequality and creating a level playing field. Courses that stimulate and challenge. Students that learn, excel and grow.

Core Values

- We always want to learn and improve
- We care for each other
- We care for our students
- We cherish diversity
- We value entrepreneurial spirit
- We appreciate and reward high performance
