## Forensic Access Casework Team

Our Casework Team are a truly valuable resource for Solicitors. The team provides dedicated support to Solicitors, managing all aspects of the case from the initial enquiry through to the delivery of the expert report.

- Identifying suitable expert(s) from our established network of independent forensic and medical experts.
- Providing a Casework Manager as your single point of contact to manage all expert-related communication and administration.
- Management of cases involving multiple experts; often for child injury, child death and complex adult cases requiring specialist medical and forensic experts.
- Swiftly briefing appropriate experts who have relevant expertise and experience.
- Providing quotes from independent experts in line with LAA requirements.
- Handling case materials to ensure experts have the right materials at the right time.
- Booking assessments for experts - at prisons, hospitals or your offices.
- Arranging lab visits for examinations; securing CPS permissions and lab fee approval.
- Providing regular updates at every stage of the case.
- Quality checking reports to ensure the instruction is addressed and the report suitable for Court.
- Arranging case conferences, joint reports and Court attendance.
- Ensuring deadlines are met ahead of trial and the adherence to the highest standards of quality throughout every case.
