 - (1) a fee, commission or non-monetary benefit paid or provided to or by the client or a person on behalf of the client; or
 - (2) a fee, commission or non-monetary benefit paid or provided to or by a third party or a person acting on behalf of a third party, if:
 - (a) the payment of the fee or commission, or the provision of the non-monetary benefit does not impair compliance with the firm's duty to act in the best interests of the client; and
 - (b) the existence, nature and amount of the fee, commission or benefit, or, where the amount cannot be ascertained, the method of calculating that amount, is clearly disclosed to the client, in a manner that is comprehensive, accurate and understandable, before the provision of the service:
 - (i) this requirement only applies to business other than the carrying on by a UK UCITS management company of the collective portfolio management activities of investment management and administration for the relevant scheme if it includes:
 - (A) giving a personal recommendation in relation to a retail investment product, pension transfer, pension conversion, pension opt-out or P2P agreement; or
 - (B) giving advice, or providing services, to an employer in connection with a group personal pension scheme or group stakeholder pension scheme;
 - (ii) where this requirement applies to business other than the carrying on by a UK UCITS management company of the collective portfolio management activities of investment management and administration for the relevant scheme, a firm is not required to make a disclosure to the client in relation to a non-monetary benefit permitted under (a) and which falls within the table of reasonable non-monetary benefits in ■ COBS 2.3.15 G as though that table were part of this rule for this purpose only;
 - (iii) this requirement does not apply to a firm giving basic advice;
 - (c) in relation to the carrying on by a UK UCITS management company or EEA UCITS management company of the collective portfolio management activities of investment management and administration for the relevant scheme or when carrying on a

COBS 2/12

regulated activity in relation to a retail investment product or a pension transfer, pension conversion or pension opt-out or when advising on P2P agreements, the payment of the fee or commission, or the provision of the non-monetary benefit is designed to enhance the quality of the service to the client; or

- (3) proper fees which enable or are necessary for the provision of designated investment business, such as custody costs, settlement and exchange fees, regulatory levies or legal fees, and which, by their nature, cannot give rise to conflicts with the firm's duties to act honestly, fairly and professionally in accordance with the best interests of its clients; or
- (4) an employer or trustee funded pension advice charge.

[Note: articles 29(1) and 29(2) of the UCITS implementing Directive]

2.3.1A R applies to a *UK UCITS management company* when providing collective portfolio management services, as if references to a client, were references to any *UCITS* it manages

[Note: article 29(1) of the UCITS implementing Directive]

- 2.3.2 R | A firm will satisfy the disclosure obligation under this section if it:
 - (1) discloses the essential arrangements relating to the fee, commission or non-monetary benefit in summary form;
 - (2) undertakes to the *client* that further details will be disclosed on request; and
 - (3) honours the undertaking in (2).

[Note: article 29(2) of the UCITS implementing Directive]

2.3.2A R COBS 2.3.2 R applies to a *UK UCITS management company* when providing collective portfolio management services, as if references to a *client* were references to a *Unitholder* of the *scheme*.

Guidance on inducements

- 2.3.3 G The obligation of a *firm* to act honestly, fairly and professionally in accordance with the best interests of its *clients* includes both the *client's best interests rule* and the duties under *Principles* 1 (integrity), 2 (skill, care and diligence) and 6 (customers' interests).
- **2.3.4 G** [deleted]

for, or on behalf of, the UCITS it manages (see ■ COBS 18.5B.6R and COBS 18 Annex 1).

- 2.3.5
- G For the purposes of this section, a non-monetary benefit would include the direction or referral by a *firm* of an actual or potential item of *designated* investment business to another person, whether on its own initiative or on the instructions of an associate.
- 2.3.6 G [deleted]

G

- 2.3.6A
- COBS 6.1A (Adviser charging and remuneration), COBS 6.1B (Retail investment product provider and operator of an electronic system in relation to lending and platform service provider requirements relating to adviser charging and remuneration), ■ COBS 6.1C (Consultancy charging and remuneration) and ■ COBS 6.1D (Product provider requirements relating to consultancy charging and remuneration) set out specific requirements as to when it is acceptable for a firm to pay or receive commissions, fees or other benefits:
 - (1) relating to the provision of a personal recommendation on retail investment products, pension transfers, pension conversions, pension opt-outs or P2P agreements; or
 - (2) for giving advice, or providing services, to an employer in connection with a group personal pension scheme or group stakeholder pension scheme.
- 2.3.7
- The fact that a fee, commission or non-monetary benefit is paid or provided to or by an appointed representative does not prevent the application of the rule on inducements.
- 2.3.8 G [deleted]

Paying commission on non-advised sales of packaged products

- G 2.3.9
- The following guidance and evidential provisions provide examples of arrangements the FCA believes will breach the client's best interests rule if a firm sells or arranges the sale of a packaged product for a retail client.
- Ε 2.3.10
- (1) If a firm is required to disclose commission (see COBS 6.4) to a client in relation to the sale of a packaged product (other than in relation to arrangements between firms that are in the same immediate group) the firm should not enter into any of the following:
 - (a) volume overrides, if commission paid in respect of several transactions is more than a simple multiple of the commission payable in respect of one transaction of the same kind; and
 - (b) an agreement to indemnify the payment of commission on terms that would or might confer an additional financial benefit on the recipient in the event of the *commission* becoming repayable.

(2) Contravention of (1) may be relied upon as tending to establish contravention of the *rule* on inducements (COBS 2.3.1 R).

2.3.11 G

(1) If a *firm* enters into an arrangement with another firm under which it makes or receives a payment of *commission* in relation to the sale of a *packaged product* that is increased in excess of the amount disclosed to the *client*, the *firm* is likely to have breached the *rules* on disclosure of charges, remuneration and commission (see ■ COBS 6.4) and, where applicable, the *rule* on inducements in ■ COBS 2.3.1R (2)(b), unless the increase is attributable to an increase in the *premiums* or contributions payable by that *client*.

Providing credit and other benefits to firms that give personal recommendations on retail investment products or P2P agreements

2.3.11A G

The following *guidance* and *evidential provisions* provide examples of arrangements the *FCA* believes will breach the *client's best interests rule* in relation to a *personal recommendation* of a *retail investment product* or *P2P agreement* to a *retail client*.

2.3.12 E

- (1) This evidential provision applies in relation to a holding in, or the provision of credit to, a firm which holds itself out as making personal recommendations to retail clients on retail investment products or P2P agreements, except where the relevant transaction is between persons who are in the same immediate group.
- (2) A retail investment product provider or operator of an electronic system in relation to lending should not take any step which would result in it:
 - (a) having a direct or indirect holding of the capital or *voting power* of a firm in (1); or
 - (b) providing credit to a firm in (1) (other than continuing to facilitate the payment of an adviser charge or consultancy charge where it is no longer payable by the retail client, as described in ■ COBS 6.1A.5 G or ■ COBS 6.1C.6 G);

unless all the conditions in (4) are satisfied. A retail investment product provider or operator of an electronic system in relation to lending should also take reasonable steps to ensure that its associates do not take any step which would result in it having a holding as in (a) or providing credit as in (b).

- (3) A firm in (1) should not take any step which would result in a retail investment product provider or operator of an electronic system in relation to lending having a holding as in (2)(a) or providing credit as in (2)(b), unless all the conditions in (4) are satisfied.
- (4) The conditions referred to in (2) and (3) are that:
 - (a) the holding is acquired, or *credit* is provided, on commercial terms, that is terms objectively comparable to those on which an independent *person* unconnected to a *retail investment product* provider or *operator of an electronic system in relation to*

- lending would, taking into account all relevant circumstances, be willing to acquire the holding or provide credit;
- (b) the firm (or, if applicable, each of the firms) taking the step has reliable written evidence that (a) is satisfied;
- (c) there are no arrangements, in connection with the holding or credit, relating to the channelling of business from the firm in (1) to the retail investment product provider or operator of an electronic system in relation to lending; and
- (d) the retail investment product provider or operator of an electronic system in relation to lending is not able, and none of its associates is able, because of the holding or credit, to exercise any influence over the personal recommendations made in relation to retail investment products or P2P agreements given by the firm or the advice given, or services provided to, an employer in connection with a group personal pension scheme or group stakeholder pension scheme.
- (5) In this evidential provision, in applying (2) and (3) any holding of, or credit provided by, a retail investment product provider's or operator of an electronic system in relation to lending's associate is to be regarded as held by, or provided by, that retail investment product provider or operator of an electronic system in relation to lending. .
- (6) [deleted]
- (7) Contravention of (2) or (3) may be relied upon as tending to establish contravention of the *rule* on inducements (■ COBS 2.3.1 R).
- 2.3.12A

Where a retail investment product provider or operator of an electronic system in relation to lending, or its associate, provides credit to a retail client of a firm making personal recommendations in relation to retail investment products or P2P agreements or giving advice, or providing services, to an employer in connection with a group personal pension scheme or group stakeholder pension scheme, this may create an indirect benefit for the firm and, to the extent that this is relevant, the provider of *retail investment* products or operator of an electronic system in relation to lending may need to consider the examples in ■ COBS 2.3.12E as if it had provided the *credit* to the firm.

2.3.13

In considering the compliance of arrangements between members of the same immediate group with the rule on inducements (■ COBS 2.3.1 R), firms may wish to consider the evidential provisions in ■ COBS 2.3.10 E and ■ COBS 2.3.12 E, to the extent that these are relevant.

Reasonable non-monetary benefits

2.3.14 G (1) In relation to the sale of retail investment products, the table on reasonable non-monetary benefits (■ COBS 2.3.15 G) indicates the kind of benefits which are capable of enhancing the quality of the service provided to a *client* and, depending on the circumstances, are capable of being paid or received without breaching the *client's best interests* rule. However, in each case, it will be a question of fact whether these conditions are satisfied.

(2) The guidance in the table on reasonable non-monetary benefits is not relevant to non-monetary benefits which may be given by a retail investment product provider or its associate to its own representatives. The guidance in this provision does not apply directly to non-monetary benefits provided by a firm to another firm that is in the same immediate group. In this situation, the rules on commission equivalent (■ COBS 6.4.3 R), the requirements on a retail investment product provider making a personal recommendation in respect of its own retail investment products (■ COBS 6.1A.9 R) or the requirements on a firm giving advice, or providing services, to an employer in connection with a group personal pension scheme or group stakeholder pension scheme produced by the firm (■ COBS 6.1C.8 R) will apply.

2.3.15 G This table belongs to ■ COBS 2.3.14 G.

Gifts, Hospitality and Promotional Competition Prizes

1 A retail investment product provider giving and a firm receiving gifts, hospitality and promotional competition prizes of a reasonable value.

Promotion

A retail investment product provider assisting another firm to promote its retail investment products so that the quality of its service to clients is enhanced. Such assistance should not be of a kind or value that is likely to impair the recipient firm's ability to pay due regard to the interests of its clients, and to give advice on, and recommend, retail investment products available from the recipient firm's whole range or ranges.

Joint marketing exercises

- A retail investment product provider providing generic product literature (that is, letter heading, leaflets, forms and envelopes) that is suitable for use and distribution by or on behalf of another firm if:
 - (a) the literature enhances the quality of the service to the *client* and is not primarily of promotional benefit to the *retail investment product* provider; and
 - (b) the total costs (for example, packaging, posting, mailing lists) of distributing such literature to its *client* are borne by the recipient *firm*.
- 4 A retail investment product provider supplying another firm with 'freepost' envelopes, for forwarding such items as completed applications, medical reports or copy client agreements.
- A retail investment product provider supplying product specific literature (for example, key features documents, minimum information) to another firm if:
 - (a) the literature does not contain the name of any other *firm*;
 - (b) if the name of the recipient *firm* is included, the literature enhances the quality of the service to the *client* and is not primarily of promotional benefit to the recipient *firm*.
- A retail investment product provider supplying draft articles, news items and financial promotions for publication in another firm's magazine, only if in each case any costs paid by the product provider for placing the articles and financial promotions are not more than market rate, and exclude distribution costs.

Seminars and conferences

- 7 A retail investment product provider taking part in a seminar organised by another firm or a third party and paying toward the cost of the seminar, if:
 - its participation is for a genuine business purpose; and (a)
 - the contribution is reasonable and proportionate to its par-(b) ticipation and by reference to the time and sessions at the seminar when its staff play an active role.

Technical services and information technology

- 8 A retail investment product provider supplying a 'freephone' link to which it is connected.
- 9 A retail investment product provider supplying another firm with any of the following:
 - quotations and projections relating to its retail investment (a) products and, in relation to specific investment transactions (or for the purpose of any scheme for review of past business), advice on the completion of forms or other documents:
 - (b) access to data processing facilities, or access to data, that is related to the retail investment product provider's business;
 - access to third party electronic dealing or quotation sys-(c)tems that are related to the retail investment product provider's business: and
 - software that gives information about the retail invest-(d) ment product provider's retail investment products or which is appropriate to its business (for example, for use in a scheme for review of past business or for producing pro*jections* or technical product information).
- 10 A retail investment product provider paying cash amounts or giving other assistance to a firm not in the same immediate group for the development of software or other computer facilities necessary to operate software supplied by the retail investment product provider, but only to the extent that by doing so it will generate equivalent cost savings to itself or clients.
- A retail investment product provider supplying another firm with in-11 formation about sources of mortgage finance.
- 12 A retail investment product provider supplying another firm with generic technical information in writing, not necessarily related to the product provider's business, when this information states clearly and prominently that it is produced by the product provider or (if different) supplying firm.

13 A retail investment product provider providing another firm with training facilities of any kind (for example, lectures, venue, written material and software).

Travel and accommodation expenses

- A retail investment product provider reimbursing another firm's reas-14 onable travel and accommodation expenses when the other firm:
 - participates in market research conducted by or for the re-(a) tail investment product provider;
 - (b) attends an annual national event of a United Kingdom trade association, hosted or co-hosted by the retail investment product provider;

- (c) participates in the *retail investment product* provider's training facilities (see 13);
- (d) visits the retail investment product provider's United Kingdom office in order to:
 - (i) receive information about the *retail investment* product provider's administrative systems; or
 - (ii) attend a meeting with the *retail investment product* provider and an existing or prospective *client* of the receiving *firm*.

2.3.16 G

In interpreting the table of reasonable non-monetary benefits, retail investment product providers should be aware that where a benefit is made available to one firm and not another, this is more likely to impair compliance with the client's best interests rule and that, where any benefits of substantial size or value (such as adviser training programmes or significant software) are made available to firms that are subject to the rules on adviser charging and remuneration (COBS 6.1A) or consultancy charging and remuneration (COBS 6.1C), these benefits should be made available equally across those firms if they are provided at all.

2.3.16A G

In interpreting the table of reasonable non-monetary benefits, a *firm* that provides a *personal recommendation* in relation to a *retail investment* product to a *retail client* or gives advice, or provides a service, to an employer in connection with a *group personal pension scheme* or a *group stakeholder pension scheme* should be aware that acceptance of benefits on which the *firm* will have to rely for a period of time is more likely to impair compliance with the *client's best interests rule*. For example, accepting services which provide access to another *firm's* systems or software on which the *firm* will need to rely to gain access to the *firm's client* data in the future, would be likely to conflict with the *rule* on inducements (

COBS 2.3.1R).

Application of guidance on reasonable non-monetary benefits

2.3.16B R

The *guidance* on reasonable non-monetary benefits in ■ COBS 2.3.14G to ■ COBS 2.3.16AG does not apply to a *firm* which:

- (1) makes personal recommendations to retail clients in relation to retail investment products, pension transfers, pension conversions, pension opt-outs or P2P agreements, and to which ■ COBS 6.1A (Adviser charging and remuneration) applies; or
- (2) is a retail investment product provider, a platform service provider or a firm which is an operator of an electronic system in relation to lending to which COBS 6.1B (Retail investment product provider, operator of an electronic system relating to lending, and platform service provider requirements relating to adviser charging and remuneration) applies.

2.3.16C G

However, ■ COBS 6.1A and ■ COBS 6.1B do permit minor non-monetary benefits which meet the relevant requirements set out in ■ COBS 6.1A.5AR(2).

Record keeping: inducements

2.3.17

- (1) A firm must make a record of the information disclosed to the client in accordance with ■ COBS 2.3.1R (2)(b) and must keep that record for at least five years from the date on which it was given.
- (2) A firm must also make a record of each benefit given to another firm which does not have to be disclosed to the *client* in accordance with ■ COBS 2.3.1R (2)(b)(ii), and must keep that record for at least five years from the date on which it was given.

Rules on inducements

2.3A.5

R

- (1) Except where COBS 2.3A.6R applies, a firm must not:
 - (a) pay to or accept from any party (other than the *client* or a *person* on behalf of the client) any fee or commission; or
 - (b) provide to or receive from any party (other than the *client* or a person on behalf of the client) any non-monetary benefit.
- (2) (1)(a) and (b) only apply in relation to fees, commissions or nonmonetary benefits paid or accepted, or provided or received, in connection with:

2.3A.6

- R
- (1) COBS 2.3A.5R does not apply to:
 - (a) a fee, commission or non-monetary benefit which:
 - (i) is designed to enhance the quality of the relevant service to the client (see ■ COBS 2.3A.8R and, also for an insurance-based investment product, ■ COBS 2.3A.9AR); and
 - (ii) does not impair compliance with the firm's duty to act honestly, fairly and professionally in the best interests of the client;
 - (b) a payment or benefit which enables or is necessary for the provision of an investment service, or the distribution of an insurance-based investment product, by the firm, such as custody costs, settlement and exchange fees, regulatory levies or legal fees and which, by its nature, cannot give rise to conflicts with the firm's duty to act honestly, fairly and professionally in the best interests of the client; or
 - (c) (in relation to MiFID, equivalent third country or optional exemption business) third party research received in accordance with ■ COBS 2.3B (see ■ COBS 2.3B.3R).
- (2) Where a firm pays, provides, accepts or receives, a fee, commission or non-monetary benefit which falls within (1)(a), the firm must clearly disclose to the *client*:
 - (a) the existence and nature of the payment or benefit; and
 - (b) the amount of the payment or benefit or, where the amount cannot be ascertained, the method for calculating that amount.

- (3) That information must be disclosed:
 - (a) prior to the provision of the relevant service; and
 - (b) in a manner that is comprehensive, accurate and understandable (see also COBS 2.3A.10R (Disclosure of payments or benefits received from, or paid to, third parties)).
- (4) Where applicable, a *firm* must inform a *client* of the mechanisms for transferring to the *client* the fee, commission, monetary or non-monetary benefit received in relation to the provision of the relevant service.

[Note: article 24(9) of MiFID, article 22(3) and 29(3) of the IDD]

2.3A.7 E

A *firm* which fails to comply with ■ COBS 2.3A.5R is to be regarded as not fulfilling its obligations in relation to:

- (1) conflicts of interest (see SYSC 3.3 (for *insurers* and *managing agents*) and SYSC 10 (for other *firms*)); and
- (2) acting honestly, fairly and professionally in accordance with the best interests of its *clients* (see COBS 2.1.1R).

[Note: article 24(9) of MiFID, article 29(2) and 29(3) of the IDD

Fees, commissions or non-monetary benefits which are designed to enhance the quality of a service

2.3A.8 R

- (1) For the purposes of COBS 2.3A.6R(1)(a)(i), a fee, commission or non-monetary benefit is designed to enhance the quality of the relevant service to a *client* only if :
 - (a) it is justified by the provision of an additional or higher level service to the *client* and is proportional to the level of inducements received;
 - (b) it does not directly benefit the recipient *firm*, its *shareholders* or *employees* without tangible benefit to the *client*;
 - (c) it is justified by the provision of an ongoing benefit to the *client* in relation to an ongoing inducement; and
 - (d) the provision of the service by the *firm* to the *client* is not biased or distorted as a result of the fee, commission or non-monetary benefit.
- (2) A *firm* must fulfil these conditions on an ongoing basis as long as the *firm* continues to pay or receive the fee, commission or non-monetary benefit.

[Note: article 11(2) and (3) of the MiFID Delegated Directive]

2.3A.9 R

A fee, commission or non-monetary benefit may be justified for the purposes of ■ COBS 2.3A.8R(1)(a) where, for example, the *firm* provides:

(1) restricted advice on, and access to, a wide range of suitable financial instruments or insurance-based investment products including an

appropriate number of financial instruments or insurance-based investment products from third party product providers having no close links with the firm; or

- (2) restricted advice combined with:
 - (a) an offer to the client, at least on an annual basis, to assess the continuing suitability of the financial instruments or insurancebased investment products in which the client has invested; or
 - (b) another ongoing service that is likely to be of value to the *client* such as advice about the suggested optimal asset allocation of the client; or
- (3) access, at a competitive price, to a wide range of financial instruments or insurance-based investment products that are likely to meet the needs of the client, including an appropriate number of financial instruments or insurance-based investment products from third party product providers having no close links with the firm, together with either the provision of added-value tools, such as objective information tools helping the client to take investment decisions or enabling the client to monitor, model and adjust the range of financial instruments or insurance-based investment products in which they have invested, or providing periodic reports of the performance and costs and charges associated with the *financial* instruments or insurance-based investment products.

[Note: article 11(2) of the MiFID Delegated Directive]

Additional requirements for the assessment of inducements: insurance-based investment products

2.3A.9A

R

- (1) An inducement or inducement scheme will have a detrimental impact on the quality of the relevant service to the *client* where it is of such a nature and scale that it provides an incentive to carry out *insurance* distribution activities in a way that is not in compliance with the obligation to act honestly, fairly and professionally in accordance with the best interests of the client.
- (2) For the purposes of assessing whether an inducement or inducement scheme has a detrimental impact on the quality of the relevant service to the client, an insurance intermediary or an insurer must perform an overall analysis taking into account all relevant factors which may increase or decrease the risk of detrimental impact on the quality of the relevant service to the *client*, and any organisational measures taken by the firm carrying out insurance distribution activities to prevent the risk of detrimental impact.
- (3) A firm must, in particular, consider the following criteria:
 - (a) whether the inducement or inducement scheme could provide an incentive to the *firm* to offer or recommend a particular insurance-based investment product or a particular service to the client despite the fact that the firm would be able to offer a different insurance-based investment product or service which would better meet the client's needs;
 - (b) whether the inducement or inducement scheme is solely or predominantly based on quantitative commercial criteria or

- whether it takes into account appropriate qualitative criteria, reflecting compliance with applicable legal requirements, the quality of services provided to *clients* and *client* satisfaction;
- (c) the value of the inducement paid or received in relation to the value of the *insurance-based investment product* and the services provided;
- (d) whether the inducement is entirely or mainly paid at the moment of the conclusion of the *policy* or extends over the whole term of that contract;
- (e) the existence of an appropriate mechanism for reclaiming the inducement in case the *insurance-based investment product* lapses or is surrendered at an early stage or in case the interests of the *client* have been harmed;
- (f) the existence of any form of variable or contingent threshold or any other kind of value accelerator which is unlocked by attaining a target based on volume or value of sales.
- (4) For the purposes of (1) to (3):
 - (a) 'inducement' means any fee, commission, or any non-monetary benefit provided by or to an *insurance intermediary* or *insurer* in connection with the distribution of an *insurance-based investment product*, to or by any party except the *client* involved in the transaction in question or a *person* acting on behalf of that *client*;
 - (b) 'inducement scheme' means a set of rules governing the payment of inducements, including the conditions under which the inducements are paid.

Disclosure of payments or benefits received from, or paid to, third parties

- 2.3A.10 R
- (1) Prior to the provision of the relevant service, the *firm* must disclose to the *client* the information set out in COBS 2.3A.6R(2) and, where applicable, COBS 2.3A.6R(4).
- (2) For these purposes, minor non-monetary benefits may be described in a generic way, but other non-monetary benefits received or paid by the *firm* in connection with a service provided to the *client* must be priced and disclosed separately.

[Note: article 11(5)(a) of the MiFID Delegated Directive]

2.3A.11

Where a *firm* is unable to ascertain on an ex-ante basis the amount of any payment or benefit to be received or paid, and instead discloses to the *client* the method of calculating the relevant amount, the *firm* must also inform the *client* of the exact amount of the payment or benefit received or paid on an ex-post basis.

[Note: article 11(5)(b) of the MiFID Delegated Directive]

2.3A.12

- R
- (1) Where inducements are received by the firm on an ongoing basis in relation to an investment service provided or in relation to the distribution of an insurance-based investment product to a client, the firm must inform, at least annually, that client about the actual amount of payments or benefits received.
- (2) For these purposes, minor non-monetary benefits may be described in a generic way.

[Note: article 11(5)(c) of the MiFID Delegated Directive]

2.3A.13

In implementing the requirements of ■ COBS 2.3A.10R to ■ COBS 2.3A.12R, a firm must take into account the costs and charges rules in:

- (1) (for MiFID, equivalent third country or optional exemption business) ■ COBS 6.1ZA.11R and ■ COBS 6.1ZA.12R and article 50 of the MiFID Org Regulation (see ■ COBS 6.1ZA.14UK); and
- (2) (for insurance-based investment products) COBS 6.1ZA.11R to ■ COBS 6.1ZA.13R and ■ COBS 6.1ZA.15AR.

2.3A.14

R

R

Each firm involved in a distribution channel which provides an investment service, an ancillary service or distributes an insurance-based investment product must comply with its obligations to make disclosures to its clients.

Inducements relating to the provision of independent advice, restricted advice and portfolio management services to retail clients in the United Kingdom

2.3A.15

- (1) This rule applies where a firm provides a retail client in the United Kingdom with:
 - (a) independent advice; or
 - (b) restricted advice; or
 - (c) portfolio management services.
- (2) The firm must not accept any fees, commission, monetary or nonmonetary benefits which are paid or provided by:
 - (a) any third party; or
 - (b) a person acting on behalf of a third party, in relation to the provision of the relevant service to the *client*.
- (2A) Where the firm provides independent advice or restricted advice, the rule in (2) applies in connection with:

- (a) the firm's business of advising; or
- (b) any other related service, where 'related service' has the same meaning as in COBS 6.1A.6R.
- (3) Paragraph (2) does not apply to:
 - (a) acceptable minor non-monetary benefits (see COBS 2.3A.19R in relation to the provision of *investment services* and COBS 6.1A.5AR in relation to the distribution of an *insurance-based investment product*); or
 - (b) third party *research* received in accordance with COBS 2.3B (see COBS 2.3B.3R).

[Note: see articles 24(7)(b) and 24(8) of MiFID; article 12(2) of the MiFID Delegated Directive]

Inducements relating to the provision of independent advice and portfolio management services to retail clients outside the United Kingdom or to professional clients

2.3A.16 R

- (1) This *rule* applies where a *firm* provides *independent advice* or *portfolio management* services to:
 - (a) a retail client outside the United Kingdom; or
 - (b) (for investment services) a professional client.
- (2) In relation to the provision of the relevant service to the *client*, the *firm* must not:
 - (a) accept and retain any fees, commission or monetary benefits; or
 - (b) accept any non-monetary benefits other than acceptable minor non-monetary benefits (see COBS 2.3A.19R and, in relation to the distribution of an *insurance-based investment product*,
 COBS 6.1A.5AR) or third party *research* received in accordance with COBS 2.3B (see COBS 2.3B.3R),

where these are paid or provided by any third party or a *person* acting on behalf of a third party.

- (3) With regard to paragraph (2), the firm must:
 - (a) return to the *client* as soon as reasonably possible after receipt any fees, commission or any monetary benefits paid or provided by any third party or a *person* acting on behalf of a third party in relation to the services provided to that *client*;
 - (b) transfer in full to the *client* all fees, commission or monetary benefits received from third parties in relation to the services provided to the *client*;
 - (c) establish and implement a policy to ensure that any fees, commission or any monetary benefits paid or provided by any third party or a *person* acting on behalf of a third party in relation to the provision of the services to the *client* are allocated and transferred to that *client*; and
 - (d) inform the *client* about the fees, commission or any monetary benefits transferred to them, such as through the periodic reporting statements provided to the *client*.

[Note: articles 24(7)(b) and 24(8) of MiFID; article 12(1) and (2) of the MiFID Delegated Directive

2.3A.17

G

SYSC 4.1 (General requirements) sets out further organisational requirements relating to firms.

Fees, commission, and non-monetary benefits paid or provided by a person on behalf of the client

2.3A.18 G

Fees, commission or non-monetary benefits paid or provided by a *person* on behalf of the *client* are acceptable only if that *person* is aware that such payments have been made on that client's behalf and the amount and frequency of any payment is agreed between the *client* and the *firm* and not determined by a third party. This could be the case where:

- (1) a client pays a firm's invoice directly or it is paid by an independent third party who has no connection with the firm regarding the investment service provided to the client and is acting only on the instructions of the *client*; or
- (2) cases where the *client* negotiates a fee for a service provided by a firm and pays that fee.

This would generally be the case for accountants or lawyers acting under a clear payment instruction from the *client* or where a *person* is acting as a mere conduit for the payment.

[Note: recital 75 to MiFID]

Acceptable minor non-monetary benefits

2.3A.19

R

An acceptable minor non-monetary benefit is one which:

- (1) is clearly disclosed prior to the provision of the relevant service to the client, which the firm may describe in a generic way (where applicable, in accordance with ■ COBS 2.3A.10R);
- (2) is capable of enhancing the quality of service provided to the client;
- (3) is of a scale and nature that it could not be judged to impair the firm's compliance with its duty to act honestly, fairly and professionally in the best interests of the client;
- (4) is reasonable, proportionate and of a scale that is unlikely to influence the firm's behaviour in any way that is detrimental to the interests of the relevant *client*: and
- (5) consists of:
 - (a) information or documentation relating to a financial instrument or an *investment service*, that is generic in nature or personalised to reflect the circumstances of an individual client:
 - (b) written material from a third party that is commissioned and paid for by a corporate issuer or potential issuer to promote a new issuance by the company, or where the third party firm is contractually engaged and paid by the issuer to produce such

- material on an ongoing basis, provided that the relationship is clearly disclosed in the material and that the material is made available at the same time to any *firms* wishing to receive it, or to the general public;
- (c) participation in conferences, seminars and other training events on the benefits and features of a specific *financial instrument* or an *investment service*;
- (d) hospitality of a reasonable de minimis value, such as food and drink during a business meeting or a conference, seminar or other training events mentioned under paragraph (c);
- (e) research relating to an issue of *shares*, *debentures*, *warrants* or *certificates representing certain securities* by an *issuer*, which is:
 - (i) produced:
 - (A) prior to the issue being completed; and
 - (B) by a *person* that is providing underwriting or placing services to the *issuer* on that issue; and
 - (ii) made available to prospective investors in the issue;
- (f) research that is received so that the *firm* may evaluate the research provider's research service, provided that:
 - (i) it is received during a trial period that lasts no longer than three *months*;
 - (ii) no monetary or non-monetary consideration is due (whether during the trial period, before or after) to the research provider for providing the research during the trial period;
 - (iii) the trial period is not commenced with the research provider within 12 *months* from the termination of an arrangement for the provision of research (including any previous trial period) with the research provider; and
 - (iv) the *firm* makes and retains a record of the dates of any trial period accepted under this *rule*, as well as a record of how the conditions in (i) to (iii) were satisfied for each such trial period;
- (q) [deleted]
- (h) third party research that is received by a *firm* providing *investment services* or *ancillary services* to *clients* where it relates to fixed income, currency or commodity instruments;
- (i) research received from a research provider where the research provider is not engaged in execution services and is not part of a financial services group that includes an *investment firm* that offers execution or brokerage services;
- (j) written material that is made openly available from a third party to any firm wishing to receive it or to the general public. "Openly available" in this context means that there are no conditions or barriers to accessing the written material other than those which are necessary to comply with relevant regulatory obligations, for example requiring a log-in, sign-up or submission of user information by a firm or a member of the public in order to access that material;

- (k) corporate access services which relate to listed or unlisted companies with a market capitalisation below £200m; or
- (I) short-term trading commentary that does not contain substantive analysis, and bespoke trade advisory services intrinsically linked to the execution of a transaction in financial instruments.

[Note: articles 24(7)(b) and 24(8) of MiFID: article 12(2) and (3) of the MiFID Delegated Directive and article 72(3) of the MiFID Org Regulation]

2.3A.20

■ COBS 2.3A.8R sets out the conditions to be met if a fee, commission or nonmonetary benefit is designed to enhance the quality of the service to a client. Those conditions are also likely to be relevant to firms considering whether a non-monetary benefit is capable of enhancing the quality of the service to a client for the purposes of the rule on acceptable minor nonmonetary benefits (see ■ COBS 2.3A.19R(2)).

[Note: articles 24(7) and (8) of MiFID refer to minor non-monetary benefits that are capable of enhancing the quality of service provided to the *client*]

2.3A.21

A non-monetary benefit that involves a third party allocating valuable resources to the firm is not a minor non-monetary benefit and accordingly is considered to impair compliance with the firm's duty to act in the client's best interest.

[Note: recital 30 to the MiFID Delegated Directive]

2.3A.22

For the purposes of ■ COBS 2.3A.19R(4) and ■ (5)(a), non-substantive material or services consisting of short term market commentary on the latest economic statistics or company results or information on upcoming releases or events which are provided by a third party and which:

- (1) contain only a brief unsubstantiated summary of the third party's own opinion on the information; and
- (2) do not include any substantive analysis (e.g. where the third party simply reiterates a view based on an existing recommendation or substantive research),

can be deemed to be information relating to a financial instrument or investment service of a scale and nature such that it constitutes an acceptable minor non-monetary benefit.

[Note: recital 29 to the MiFID Delegated Directive]

2.3A.22A G

In relation to ■ COBS 2.3A.19R 5(h), since the particular features of the fixed income, currency and commodity markets, whereby portfolio managers and independent investment advisers transact with counterparties based on

competitive pricing processes, the pricing of transactions in fixed income, currency and commodity instruments will typically not take into account research services.

Paying commission on non-advised sales of packaged products

2.3A.23 G

The following *guidance* and *evidential provisions* provide examples of arrangements the FCA believes will breach the *client's best interests rule* if a *firm* sells or *arranges* the sale of a *packaged product* for a *retail client*.

2.3A.24 E

- (1) If a *firm* is required to disclose commission (see COBS 6.4 (Disclosure of charges, remuneration and commission)) to a *client* in relation to the sale of a *packaged product* (other than in relation to arrangements between *firms* that are in the same *immediate group*) the *firm* should not enter into any of the following:
 - (a) volume overrides, if commission paid in respect of several transactions is more than a simple multiple of the commission payable in respect of one transaction of the same kind; and
 - (b) an agreement to indemnify the payment of commission on terms that would or might confer an additional financial benefit on the recipient in the event of the commission becoming repayable.
- (2) Contravention of (1) may be relied upon as tending to establish contravention of COBS 2.3A.5R.

2.3A.25 G

If a firm enters into an arrangement with another firm under which it makes or receives a payment of commission in relation to the sale of a packaged product that is increased in excess of the amount disclosed to the client, the firm is likely to have breached the rules on disclosure of charges, remuneration and commission (see ■ COBS 6.4) and, where applicable, the rules on inducements in ■ COBS 2.3A.6R(2) and ■ (3), unless the increase is attributable to an increase in the premiums or contributions payable by that client.

Providing credit and other benefits to firms that advise retail clients on retail investment products

2.3A.26 G

The following *guidance* and *evidential provisions* provide examples of arrangements the *FCA* believes will breach the *client's best interests rule* in relation to a *personal recommendation* of a *retail investment product* to a *retail client*.

2.3A.27 E

This evidential provision applies in relation to a holding in, or the provision of credit to, a firm which holds itself out as making personal recommendations to retail clients on retail investment products, except where the relevant transaction is between persons who are in the same immediate group.

A retail investment product provider should not take any step which would result in it:

(a) having a direct or indirect holding of the capital or *voting power* of a *firm* in (1); or

(b) providing credit to a firm in (1) (other than continuing to facilitate the payment of an adviser charge or consultancy charge where it is no longer payable by the retail client, as described in ■ COBS 6.1A.5G or ■ COBS 6.1C.6G);

unless all the conditions in (4) are satisfied. A retail investment product provider should also take reasonable steps to ensure that its associates do not take any step which would result in it having a holding as in (a) or providing credit as in (b).

A firm in (1) should not take any step which would result in a retail investment product provider having a holding as in (2)(a) or providing *credit* as in (2)(b), unless all the conditions in (4) are satisfied.

The conditions referred to in (2) and (3) are that:

- (a) the holding is acquired, or *credit* is provided, on commercial terms, that is terms objectively comparable to those on which an independent person unconnected to a retail investment product provider would, taking into account all relevant circumstances, be willing to acquire the holding or provide credit;
- (b) the firm (or, if applicable, each of the firms) taking the step has reliable written evidence that (a) is satisfied;
- (c) there are no arrangements, in connection with the holding or credit, relating to the channelling of business from the firm in (1) to the retail investment product provider; and
- (d) the retail investment product provider is not able, and none of its associates is able, because of the holding or credit, to exercise any influence over the personal recommendations made in relation to retail investment products given by the firm.

In this evidential provision, in applying (2) and (3) any holding of, or credit provided by, a retail investment product provider's associate is to be regarded as held by, or provided by, that retail investment product provider.

Contravention of (2) or (3) may be relied upon as tending to establish contravention of ■ COBS 2.3A.15R.

2.3A.28

Where a retail investment product provider, or its associate, provides credit to a retail client of a firm making personal recommendations in relation to retail investment products, this may create an indirect benefit for the firm and, to the extent that this is relevant, the provider of retail investment products may need to consider the examples in ■ COBS 2.3A.27E as if it had provided the credit to the firm.

2.3A.29

In considering the compliance of arrangements between members of the same immediate group with ■ COBS 2.3A.15R, firms may wish to consider the evidential provisions in ■ COBS 2.3A.24E and ■ COBS 2.3A.27E, to the extent that these are relevant.

Guidance on inducements

2.3A.30

G

A firm which fails to comply with the rules on inducements will not meet its obligations in relation to conflicts of interest (see SYSC 10) or the obligation to act honestly, professionally and fairly in accordance with the best interests of its *clients*.

[Note: article 24(9) of MiFID]

2.3A.31 G

A firm is unlikely to meet its obligations relating to best execution (see COBS 11.2A), inducements (in this section), and conflicts of interest (see SYSC 10) where it receives payment, remuneration or commission from third parties (including those entities to whom or which it directs orders for execution) in relation to the execution of *client* orders. Firms should also have regard to the FSA's Guidance on the practice of 'Payment for Order Flow'.

[Note: for the FSA's Guidance on the practice of 'Payment for Order Flow' see: http://www.fca.org.uk/publication/finalised-guidance/fg12-13.pdf]

Record keeping: inducements

2.3A.32 R

A *firm* must hold evidence that any fees, commission or non-monetary benefits paid or received by the *firm* are designed to enhance the quality of the relevant service to the *client* by:

- (1) keeping an internal list of all fees, commission and non-monetary benefits received by the *firm* from a third party in relation to the provision of the service; and
- (2) recording how the fees, commission and non-monetary benefits paid or received by the *firm*, or that the *firm* intends to use, enhance the quality of the services provided to the relevant *clients* and the steps taken in order not to impair the *firm's* compliance with the duty to act honestly, fairly and professionally in the best interests of the *client*.

[Note: article 11(4) of the MiFID Delegated Directive]

2.3A.33 G

In relation to the *MiFID business* of a *firm*, article 72 and Annex 1 of the *MiFID Org Regulation* also make provision for the keeping of records on inducements.

[Note: article 72 and Annex 1 of the MiFID Org Regulation]

2.3A.34 R

In relation to the *equivalent business of a third country investment firm* and *MiFID optional exemption business*, information disclosed to the *client* in accordance with ■ COBS 2.3A.6R(2), ■ (3) and ■ (4) and ■ COBS 2.3A.10R to ■ COBS 2.3A.12R must be retained in a medium that allows the storage of information in a way accessible for future reference by the *FCA*, and in such a form and manner that:

(1) the FCA is able to access it readily and to reconstitute each key stage of the processing of each transaction;

- (2) it is possible for any corrections or other amendments, and the contents of the records prior to such corrections or amendments, to be easily ascertained;
- (3) it is not possible for the records otherwise to be manipulated or altered;
- (4) it can be exploited through information technology or any other efficient method of exploitation when analysis of the data cannot be easily carried out due to the volume and nature of the data; and
- (5) the firm's arrangements comply with the record keeping requirements irrespective of the technology used.

2.3A.35

In relation to the distribution of an insurance-based investment product, a firm should refer to ■ SYSC 3 (for insurers and managing agents) and ■ SYSC 9 (for other firms) for its obligations in relation to record keeping.

COBS 2/34

2.3B Inducements and research

Application

2.3B.1 R

This section applies to a firm carrying on MiFID, equivalent third country or optional exemption business.

2.3B.2 G

- (1) A firm providing independent advice, restricted advice or portfolio management services to retail clients in the United Kingdom, or which provides independent advice or portfolio management services to retail clients outside the United Kingdom or to professional clients is prohibited from receiving inducements (other than acceptable minor non-monetary benefits) in relation to those services under COBS 2.3A.15R and COBS 2.3A.16R. Compliance with COBS 2.3B allows such a firm to receive third party research without breaching that prohibition.
- (2) In addition, COBS 2.3B enables *investment firms* other than those in (1) to receive *research* without subjecting it to an assessment under the inducements rule in COBS 2.3A, as *research* acquired in accordance with this section will not constitute an inducement.

Receiving third party research without it constituting an inducement

2.3B.3 R

Third party research that is received by a firm providing investment services or ancillary services to clients will not be an inducement under
■ COBS 2.3A.5R, ■ COBS 2.3A.15R or ■ COBS 2.3A.16R if it is received in return for one of the following:

- (1) direct payments by the firm out of its own resources;
- (2) payments from a separate *research* payment account controlled by the *firm*, provided that the *firm* meets the requirements in COBS 2.3B.4R relating to the operation of the account; or
- (3) joint payments for third-party *research* and execution services, provided that the *firm* meets the requirements in COBS 2.3B.25R to COBS 2.3B.33G relating to the operation of such joint payments.

[Note: article 13(1)(a) and (b)(excl. (i) – (iv)) of the MiFID Delegated Directive]

Conditions relating to the operation of the research payment

2.3B.4

R

The requirements referred to in ■ COBS 2.3B.3R(2) for the operation of a research payment account are:

- (1) the research payment account must only be funded by a specific research charge to clients, which must:
 - (a) only be based on a research budget set by the firm for the purpose of establishing the amount needed for third party research in respect of investment services rendered to its clients;
 - (b) not be linked to the volume or value of transactions executed on behalf of clients;
- (2) (a) the firm must set and regularly assess a research budget as an internal administrative measure as part of establishing a research payment account and agreeing the research charge with its clients; and
 - (b) the research budget must comply with COBS 2.3B.7R, ■ COBS 2.3B.8R(2) and ■ COBS 2.3B.11R;
- (3) the firm must be fully responsible for the research payment account; and
- (4) the firm must regularly assess the quality of the research purchased, based on robust quality criteria, and its ability to contribute to better investment decisions for the *clients* who pay the *research* charge.

[Note: article 13(1)(b)(i-iv) and (2)(a) and (b) of the MiFID Delegated Directive]

2.3B.5 R A firm using a research payment account must provide the following information to clients:

- (1) before the provision of an investment service or ancillary service to clients, information about the budgeted amount for research and the amount of the estimated research charge for each of them; and
- (2) annual information on the total costs that each of them has incurred for third party research.

[Note: article 13(1) second subparagraph of the MiFID Delegated Directive]

2.3B.6

G

In accordance with Principle 7 (communications with clients), a firm should inform *clients* in the annual information in ■ COBS 2.3B.5R(2) that they are entitled to request the information set out in ■ COBS 2.3B.20R(1).

2.3B.7

R

A firm must ensure that:

- (1) the total amount of research charges collected from clients under ■ COBS 2.3B.4R(1) does not exceed the research budget established under ■ COBS 2.3B.4R(2) (and, where relevant, amended under ■ COBS 2.3B.8R(2)); and
- (2) the research budget and research payment account are not used to fund research generated internally by the firm itself.

[Note: article 13(4) and (6) of the MiFID Delegated Directive]

2.3B.8

- (1) A *firm* must agree with *clients*, in the *firm's* investment management agreement or general terms of business:
 - (a) the research charge as budgeted by the firm; and
 - (b) the frequency with which the specific *research* charge will be deducted from the resources of the *client* over the year.
- (2) A *firm* must not increase its *research* budget unless it has provided, in advance, clear information to relevant *clients* about such intended increases.
- (3) If there is a surplus in a *research* payment account at the end of a period, the *firm* must have a process to:
 - (a) rebate those funds to relevant clients; or
 - (b) offset it against the *research* budget and charge for relevant *clients* calculated for the following period.

[Note: article 13(5) of the MiFID Delegated Directive]

- (4) In calculating a rebate or offset as set out in (3), a *firm* must take reasonable steps to maintain a fair allocation of costs between *clients*.
- 2.3B.9 G

Information on increases in the *research* budget under ■ COBS 2.3B.8R(2) should be provided to relevant *clients* in good time before such increases are to take effect.

2.3B.10 G

A *firm* that operates arrangements for collecting *research* charges by deducting charges from those *clients'* resources should ensure that those arrangements comply with **CASS** 8 (Mandates), as applicable.

Governance and oversight of research payment accounts

2.3B.11 R

For the purposes of ■ COBS 2.3B.4R(2), a *firm* must ensure that:

- (1) the *research* budget is managed solely by the *firm* and is based on a reasonable assessment of the need for third party *research*;
- (2) the allocation of the *research* budget to purchase third party *research* is subject to appropriate controls and *senior management* oversight to ensure it is managed and used in the best interests of the *firm's clients*; and
- (3) the controls under (2) include a clear audit trail of:
 - (a) payments made to research providers; and
 - (b) how the amounts paid were determined with reference to:
 - (i) the quality criteria required by COBS 2.3B.4R(4); and
 - (ii) the *firm's* policy for using third party *research* established under COBS 2.3B.12R.

[Note: article 13(6) of the MiFID Delegated Directive]

2.3B.12

- (1) A firm using a research payment account must establish a written policy that sets out how the firm will:
 - (a) comply with all elements of COBS 2.3B.4R(4); and
 - (b) address the extent to which research purchased through the research payment account may benefit clients' portfolios, including, where relevant, by taking into account investment strategies applicable to various types of portfolios, and the approach the firm will take to allocate such costs fairly to the various clients' portfolios.
- (2) A firm must provide the policy established under (1) to their clients.

[Note: article 13(8) of the MiFID Delegated Directive]

G 2.3B.13

A firm should retain control over the overall spending for research, the collection of *client research* charges and the determination of payments.

[Note: recital (28) to the MiFID Delegated Directive]

2.3B.14 G

In setting a budget under ■ COBS 2.3B.4R(2), and in light of the obligation to fairly allocate costs under ■ COBS 2.3B.12R(1)(b), a firm may wish to consider setting a budget for a group of *clients* who would benefit from the same research, for example because they have portfolios that are managed according to similar investment strategies. It may be appropriate to operate a dedicated research payment account for such a group.

2.3B.15

Where a firm charges a client under ■ COBS 2.3B.4R(1), that charge should be for an amount of money owed to the firm. Therefore, provided it is collected by the firm only when that charge becomes due and payable, that money will not be *client money* held by the firm for the *client* who owed that charge (see ■ CASS 7.11.25R).

Other operational arrangements for research payment accounts

2.3B.16

R

If a firm uses an operational arrangement for the collection of the charge under ■ COBS 2.3B.4R(1) where that charge is not collected separately but alongside a transaction commission, the firm must still indicate a separately identifiable research charge and ensure that the arrangements comply fully with the conditions in ■ COBS 2.3B.4R and ■ COBS 2.3B.5R.

[Note: article 13(3) of the MiFID Delegated Directive]

2.3B.17 G

A firm should ensure that the cost of research funded by client charges is not:

- (1) linked to the volume or value of services or benefits that are not research; or
- (2) used to cover anything other than research, such as charges for execution.

[Note: recital 27 to the MiFID Delegated Directive]

2.3B.18

R

For the purposes of ■ COBS 2.3B.3R and ■ COBS 2.3B.4R, a *firm* may delegate the administration of the *research* payment account to a third party, provided that the arrangement facilitates payments to *research* providers, in the name of the *firm*, for the purchase of third party *research*, without any undue delay and in accordance with the *firm*'s instruction.

[Note: article 13(7) of the MiFID Delegated Directive]

2.3B.19 G

- (1) In order that a *firm* retains sufficient control, and is responsible for, a *research* payment account when relying on a third party to administer it, the *firm* should consider whether its arrangements with that third party will ensure that:
 - (a) the firm can collect client research charges relating to a specific research budget into a separate research payment account for that budget, as cleared funds, without undue delay (and, in any event, no later than 30 days after deduction from the client's account);
 - (b) the *firm* retains sole, full and absolute discretion over the use of the account and the making of payments or rebates;
 - (c) research payment account monies are ring-fenced and separately identifiable from the assets of the third party or, where the third party administrator is a bank, are held on deposit for the firm; and
 - (d) the third party provider has, or its creditors on insolvency have, no right of access or recourse to the *research* payment account for its own benefit, for example to offset other fees owed by the *firm* or for use as collateral.
- (2) The *firm* remains fully responsible for discharging all of its obligations to its *clients* set out in COBS 2.3B regardless of any arrangements it makes with third parties, and should ensure it acts in the best interests of its *clients* when deducting *research* charges from their accounts and procuring *research*.

Disclosure on request of payments made from a research payment account

2.3B.20 R

- (1) Where a *firm* operates a *research* payment account, it must provide on request to its *clients* a summary of:
 - (a) the providers paid from this account;
 - (b) the total amount they were paid over a defined period;
 - (c) the benefits and services received by the firm; and
 - (d) how the total amount spent from the account compares to the budget set by the *firm* for that period, noting any rebate or carry-over if residual funds remain in the account.
- (2) A *firm* must also be able to provide the information in paragraph (1) to the *FCA* on request for all *research* payment accounts.

[Note: article 13(2) of the MiFID Delegated Directive]

- 2.3B.21 A firm must only use monies in a research payment account established under ■ COBS 2.3B.3R(2) to pay for research or to pay a rebate to clients in accordance with ■ COBS 2.3B.8R(3)(a), and must use the separately identifiable research charge of joint payments for research and execution services under ■ COBS 2.3B.3R(3) only to pay for research.
- 2.3B.22 G A firm should also consider whether the goods or services it is looking to receive are acceptable minor non-monetary benefits under ■ COBS 2.3A.19R or ■ COBS 2.3A.22G, which can be received without breaching the inducements rules under ■ COBS 2.3A.15R or ■ COBS 2.3A.16R.
- 2.3B.23 G Examples of goods or services that the FCA does not regard as research, and as a result could not be paid for from research payment accounts or joint payments for research and execution services, include:
 - (1) post-trade analytics;
 - (2) price feeds or historical price data that have not been analysed or manipulated in order to present the firm with meaningful conclusions:
 - (3) services relating to the valuation or performance measurement of portfolios;
 - (4) seminar fees;
 - (5) corporate access services;
 - (6) subscriptions for publications;
 - (7) travel, accommodation or entertainment costs;
 - (8) order and execution management systems;
 - (9) membership fees to professional associations;
 - (10) direct money payments;
 - (11) administration of a research payment account; and
 - (12) administration of:
 - (a) an account for joint payments for research and execution services;
 - (b) a research provider payment allocation structure.
- 2.3B.24 A firm should not enter into any arrangements relating to the receipt of, and payment for, third party research, whether acquired in accordance with ■ COBS 2.3B.3R(1), ■ (2) or ■ (3), that would compromise its ability to meet its best execution obligations as applicable under ■ COBS 11.2A.
- 2.3B.25 The requirements referred to in ■ COBS 2.3B.3R(3) for the operation of joint payments for third-party research and execution services are:

- (1) the firm must have a written policy on joint payments that:
 - (a) describes the firm's approach to joint payments, and how the firm will ensure compliance with the requirements in
 COBS 2.3B.25R(2) to COBS 2.3B.33G; and
 - (b) specifies how the firm's governance, decision-making and controls in respect of third-party research purchased using joint payments operate, including how these are maintained separately from those for trade execution;
- (2) the *firm* must establish arrangements which stipulate the methodology for how the *research* costs will be calculated and identified separately within total charges for such joint payments;
- (3) the *firm* must have a *research* provider payment allocation structure for the allocation of payments between different *research* providers, including:
 - (a) third-party providers of research and execution services; and
 - (b) research providers not engaged in execution services and not part of a financial services group that includes an investment firm which offers execution or brokerage services;
- (4) the firm is fully responsible for:
 - (a) the administration of accounts for purchasing *research* from joint payments;
 - (b) ensuring that the operation of such accounts do not interfere with the compliance of the *firm's* obligations under this chapter;
 - (c) ensuring timely payments to research providers;
- (5) the *firm* must set a budget for the purchase of *research* using joint payments:
 - (a) based on the expected amount needed for third-party research in respect of investment services rendered to its clients, and not linked to the expected volumes or values of transactions executed on behalf of clients; and
 - (b) at least annually, and at a level of aggregation that is:
 - (i) appropriate to its investment process, *investment* products, *investment services*, and *clients*; and
 - (ii) does not compromise its ability to meet the requirements of ■ COBS 2.3B.25R(6) and ■ (8).
- (6) the *firm* must allocate the costs of *research* purchased using joint payments fairly between *clients*;
- (7) the firm must periodically, but at least annually:
 - assess the value, quality and use of *research* purchased using joint payments and its contribution to the investment decision-making process; and

ensure that the amount of research charges to clients is reasonable compared with those for comparable services; and

- (8) the firm must disclose to its clients the items listed in COBS 2.3B.30R.
- If the amount of research charges to clients exceeds the budget set out 2.3B.26 under ■ COBS 2.3B.25R(5), or the budget is increased, the firm's policy must set out:
 - (1) the relevant actions to be taken in such circumstances; and
 - (2) the information to be disclosed to clients.
- 2.3B.27 For the purposes of ■ COBS 2.3B.25R(6), the firm should determine a cost allocation level appropriate to its business model. The specific cost of individual investment research items need not be discretely attributable to individual clients. The approach should be reasonable and its outcome fair across all clients, such that relative costs incurred are commensurate with relative benefits received. This includes:
 - (1) across:
 - (a) clients with which the firm has different payment arrangements for the purchase of research;
 - (b) clients that are managed according to similar investment strategies; and
 - (c) different *clients* or groups of *clients* that benefit from the same research; or
 - (2) across other allocation levels provided that these are appropriate to a firm's investment process, investment products, investment services, and clients.
- 2.3B.28 Where a firm delegates the administration of a research provider payment allocation structure or joint payments research account, it retains responsibility for complying with the requirements for its administration under this chapter. The firm must ensure that the reconciliation and reporting for such accounts and structures is undertaken with an appropriate frequency and timeliness, and continue to monitor and manage risks from unspent surplus amounts and research provider concentrations of these surplus amounts.
- 2.3B.29 R Research services must not be treated as an execution factor under ■ COBS 11.2A.2R.
- 2.3B.30 For the purposes of ■ COBS 2.3B.25R(8), the *firm* must disclose to relevant clients:
 - (1) the firm's use of joint payments for research, including, where relevant, how the use of joint payments is combined with the use of other payments permitted under ■ COBS 2.3B.3R;

- (2) the key features of the firm's policy on joint payments in ■ COBS 2.3B.25R(1), or the policy itself, having regard to the information needs of its clients. This information must be communicated to them in a way which is clear, fair and not misleading;
- (3) the expected annual costs to the *client*, provided as part of ex ante disclosures on costs and charges, and based on the most appropriate of either:
 - (a) the budget-setting and cost allocation procedures set out in ■ COBS 2.3B.25R(5), ■ COBS 2.3B.25R(6) and ■ COBS 2.3B.27G; or
 - (b) the actual costs for prior annual periods disclosed under ■ COBS 2.3B.30(5);
- (4) the most significant of the items in (a) and (b), at a level of aggregation appropriate to the *firm's* investment processes, *investment* products, *investment services* and *clients*:
 - (a) benefits and services received from *research* providers (measured by total amounts paid); and
 - (b) types of *research* providers from which such services are purchased;
- (5) the total costs incurred by the *client*, disclosed on an annual basis, reflecting the total payments made for *research* purchased using joint payments over that period, and provided as part of ex post reporting on costs and charges; and
- (6) where relevant, the disclosures set out in COBS 2.3B.26R(2).
- 2.3B.31 R For the purposes of the disclosures in COBS 2.3B.25R(8), *firms* must make the disclosures in:
 - (1) COBS 2.3B.30R(1) to (4) before providing an *investment service* or *ancillary service*, and thereafter upon request, and at least annually;
 - (2) COBS 2.3B.30R(5) as part of the *firm's* costs and charges disclosures, separately identifying joint payment *research* charges in such disclosures; and
 - (3) COBS 2.3B.30R(6) as soon as reasonably practicable, and in any case in the *firm's* next periodic disclosure to *clients* on costs and charges.
- 2.3B.32 G For the purposes of disclosing the types of *research* providers from which services are purchased under COBS 2.3B.30R(4)(b), a *firm* may provide a breakdown (measured by total amounts paid) according to the *research* provider types specified in COBS 2.3B.25R(3).
- 2.3B.33 G For the purposes of ensuring that *research* charges to *clients* are reasonable under COBS 2.3B.25R(7)(b), a *firm* may benchmark prices paid for *research* services purchased using joint payments against relevant comparators.

2.3C Research and execution services

Application

2.3C.1

This section applies to an *investment firm* providing execution services to:

- (1) a firm carrying on MiFID, equivalent third country or optional exemption business; or
- (2) an investment firm authorised under the UK provisions which implemented MiFID that is not within (1); or
- (3) a UCITS management company; or
- (4) a full-scope UK AIFM; or
- (5) a small authorised UK AIFM; or
- (6) a residual CIS operator; or
- (7) [deleted]
- (8) an OPS firm.

Requirement on a firm that executes orders and provides research to price and supply services separately

2.3C.2

A firm providing execution services must:

- (1) identify separate charges for its execution services that only reflect the cost of executing the transaction;
- (2) subject each other benefit or service (other than an acceptable minor non-monetary benefit in ■ COBS 2.3A.19R) which it provides to persons listed in ■ COBS 2.3C.1R(1) to ■ (6) to a separately identifiable charge; and
- (3) ensure that the supply of, and charges for, other benefits or services under (2) is not influenced or conditioned by levels of payment for execution services.

[Note: article 13(9) of the MiFID Delegated Directive]

2.3C.3 R

A firm providing both execution and research services must price and supply them separately.

2.3C.4 G Compliance with ■ COBS 2.3C.2R is intended to enable a *firm* subject to ■ COBS 2.3A.15R and ■ COBS 2.3A.16R to comply with its obligation not to accept and retain fees, commissions or any monetary or non-monetary benefits paid or provided by any third party or a *person* acting on behalf of a third party in relation to the provision of the service to *clients*.

2.4 Agent as client and reliance on others

- 2.4.1 This section applies to a *firm* that is conducting *designated investment* business or ancillary activities or, in the case of MiFID, equivalent third country or optional exemption business, other ancillary services.
- 2.4.2 G This section is not relevant to, nor does it affect:
 - (1) the question of who is the *firm's* counterparty for prudential purposes; or
 - (2) any obligation a *firm* may owe to any other *person* under the general
 - (3) any obligation imposed on a firm by article 26 of MiFIR or MiFID RTS

Agent as client

- 2.4.3 R
- (1) If a firm (F) is aware that a person (C1) with or for whom it is providing services is acting as agent for another person (C2) in relation to those services, C1, and not C2, is the *client* of F in respect of that business.
- (2) Paragraph (1) does not apply if:
 - (a) F has agreed with C1 in writing to treat C2 as its client; or
 - (b) C1 is neither a firm nor an overseas financial services institution and the main purpose of the arrangements between the parties is the avoidance of duties that F would otherwise owe to C2.

If this is the case, C2 is the *client* of F in respect of that business and C1 is not.

- (3) If there is an agreement under (2)(a) in relation to more than one C2 represented by C1, F may discharge any requirement to notify, obtain consent from, or enter into an agreement with each C2 by sending to, or receiving from, C1 a single communication expressed to cover each C2, except that the following will be required for each C2:
 - (a) separate risk warnings required under this sourcebook;
 - (b) separate confirmations under the requirements on occasional reporting (■ COBS 16.2 or ■ COBS 16A.3); and
 - (c) separate periodic statements.

COBS 2/46

Reliance on other investment firms: MiFID and equivalent business

2.4.4 R

- (1) This rule applies if a firm (F1), in the course of performing MiFID or equivalent third country business, receives an instruction to provide an investment or ancillary service on behalf of a client (C) through another firm (F2), if F2 is:
 - (a) a MiFID investment firm or a third country investment firm; or
 - (b) an investment firm that is:
 - (i) a firm; and
 - (ii) subject to equivalent relevant requirements.
- (2) F1 may rely upon:
 - (a) any information about C transmitted to it by F2; and
 - (b) any recommendations in respect of the service or transaction that have been provided to C by F2.
- (3) F2 will remain responsible for:
 - (a) the completeness and accuracy of any information about C transmitted by it to F1; and
 - (b) the suitability for C of any advice or recommendations provided to C.
- (4) F1 will remain responsible for concluding the services or transaction based on any such information or recommendations in accordance with the applicable requirements under the *regulatory system*.

[Note: article 26 of MiFID]

2.4.5 G

- (1) If F1 is required to perform a suitability assessment or an appropriateness assessment under COBS 9A or COBS 10A, it may rely upon a suitability assessment performed by F2, if F2 was subject to the requirements for assessing suitability in COBS 9A (excluding the basic advice rules) in performing that assessment.
- (2) If F1 is required to perform an appropriateness assessment under COBS 10A, it may rely upon an appropriateness assessment performed by F2, if F2 was subject to the requirements for assessing appropriateness in COBS 10A.2 in performing that assessment.

Reliance on other insurance distributors

2.4.5A R

Where a firm carrying on insurance distribution activities in relation to an insurance-based investment product is required to perform an appropriateness assessment under COBS 10A, it may rely upon:

- (1) a suitability assessment performed by another *firm*, if that other *firm* was subject to the requirements for assessing suitability in COBS 9A; or
- (2) an appropriateness assessment performed by another *firm*, if that other *firm* was subject to the requirements for assessing appropriateness in COBS 10A.2,

in performing that assessment.

[Note: article 30(2) of the IDD]

Reliance on others: other situations

- 2.4.6 R
- (1) This rule applies if the applicable rule on reliance on other investment firms or insurance distributors (■ COBS 2.4.4 R and ■ COBS 2.4.5AR) does not apply.
- (2) A firm will be taken to be in compliance with any rule in this sourcebook that requires it to obtain information to the extent it can show it was reasonable for it to rely on information provided to it in writing by another person.
- Ε 2.4.7
- (1) In relying on COBS 2.4.6 R, a firm should take reasonable steps to establish that the other person providing written information is not connected with the *firm* and is competent to provide the information.
- (2) Compliance with (1) may be relied upon as tending to establish compliance with ■ COBS 2.4.6 R.
- (3) Contravention of (1) may be relied upon as tending to establish contravention of ■ COBS 2.4.6 R.

- 2.4.10 R In the case of business that is not MiFID or equivalent third country business, if a rule in COBS or CASS requires information to be sent to a client, a firm need not send that information so long as it takes reasonable steps to establish that it has been or will be supplied by another person.

COBS 2/48

2.5 Optional additional products

Restriction on marketing or providing an optional product for which a fee is payable

2.5.1 R

- (1) A *firm* must not enter into an agreement with a *client* under which a charge is, or may become, payable for an optional additional product unless the *client* has actively elected to obtain that specific product.
- (2) A *firm* must not impose a charge on a *client* for an optional additional product under an agreement entered into on or after 1 April 2016 unless the *client* has actively elected to obtain that specific product before becoming bound to pay the charge.
- (3) A *firm* must not invite or induce a *client* to obtain an optional additional product for which a charge will be, or may become, payable if the *firm* knows or has reasonable cause to suspect that:
 - (a) a contravention of (1) or (2) will take place with respect to the product; or
 - (b) the *person* supplying the optional additional product will act in a way that would contravene (1) or (2) if that *person* were a *firm*.
- (4) An omission by a *client* is not to be regarded as an active election for the purposes of this *rule*.
- (5) It is immaterial for the purposes of (3) whether or not the *firm* would or might be a party to the agreement for the optional additional product.
- (6) A charge includes a financial consideration of any kind, whether payable to the *firm* or any other *person*.
- (7) An optional additional product is a good, service or right of any description, whether or not financial in nature, that a *client* may obtain (or not, as the case may be) at his or her election in connection with, or alongside, a *designated investment*.
- (8) If the *client* is required to obtain the additional product as a condition of the transaction related to the *designated investment*, then that product is an optional additional product if the *client* is given a choice:
 - (a) as to the seller or supplier of that product; or
 - (b) which specific product to obtain.

- (9) It is immaterial for the purposes of (7) and (8) whether the optional additional product is obtained from the firm or another person.
- (10) (a) If, under the terms and conditions of an optional additional product, there is to be an automatic renewal of the agreement on substantially the same terms, it suffices for the purposes of (1) to (3) if the *client* actively elected before entering into the initial agreement or a preceding renewal to obtain the product.
 - (b) An automatic renewal of the agreement is not to be regarded as being on substantially the same terms if, following the renewal, a charge will or may become payable for the optional additional product for the first time (in which case, (1) to (3) apply at the time of the renewal).
 - (c) Except as set out in (b), changes in the level of charges for an optional additional product are to be disregarded in determining whether an automatic renewal of an agreement is on substantially the same terms.
- (11) A client may make an active election for the purposes of this rule through an intermediary in the sales process and through a person acting on behalf of the firm.
- G 2.5.2 An example of an omission by a client which is not to be regarded as an active election is the failure by the *client* to change a default option such as a pre-ticked box on a website.
- G 2.5.3 Firms are reminded that a similar prohibition on opt-out selling of add-on products is imposed by The Consumer Contracts (Information, Cancellation and Additional Charges) Regulations 2013 in relation to optional additional agreements where the main sale is not a financial service or product.
- G 2.5.4 Firms are reminded that they must ensure that their appointed representatives comply with this section ■ COBS 2.5.

Conduct of Business Sourcebook

Chapter 3

Client categorisation

■ Release 42 • Dec 2024

3.1 **Application**

- 3.1.1 The scope of this chapter is the same as that of the rules in the Handbook to which it relates.
- G 3.1.2 This chapter relates to parts of the *Handbook* whose application depends on whether a person is a client, a retail client, a professional client or an eligible counterparty. However, it does not apply to the extent that another part of the Handbook provides for a different approach to client categorisation. For example, a separate approach to *client* categorisation is set out in the definition of a retail client for a firm that gives basic advice.
- 3.1.2A R Subject to ■ COBS 3.1.3R and ■ COBS 3.6.4CR, in this chapter provisions marked "UK" apply to a firm's business other than MiFID business as if they were
- 3.1.3 The sections in this chapter on general notifications (■ COBS 3.3) and policies, procedures and records (■ COBS 3.8) do not apply in relation to a *firm* that is neither:
 - (1) conducting designated investment business; nor
 - (2) in the case of MiFID or equivalent third country business providing an ancillary service that does not constitute designated investment business.

Mixed business

- 3.1.4 If a *firm* conducts business for a *client* involving both:
 - (1) MiFID or equivalent third country business; and
 - (2) other regulated activities subject to this chapter;

it must categorise that *client* for such business in accordance with the provisions in this chapter that apply to MiFID or equivalent third country business, including those provisions applied to the equivalent business of a third country investment firm as a result of ■ COBS 3.1.2AR.

G 3.1.5 (1) For example, the requirement concerning mixed business will apply if a MiFID investment firm or third country investment firm advises a

- client on whether to invest in a scheme or a life policy. This is because the former is within the scope of MiFID and the latter is not. In such a case, the MiFID client categorisation requirements prevail.
- (2) The requirement does not apply where the MiFID or equivalent third country business is provided separately from the other regulated activities. Where this is the case, in accordance with Principle 7 (communications with clients) the basis on which the different activities will be performed, including any differences in the categorisations that apply, should be made clear to the client.

3.2 **Clients**

General definition

3.2.1 R

- (1) A person to whom a firm provides, intends to provide or has provided:
 - (a) a service in the course of carrying on a regulated activity; or
 - (b) in the case of MiFID or equivalent third country business, an ancillary service,

is a "client" of that firm.

- (2) A "client" includes a potential client.
- (3) In relation to the financial promotion rules, a person to whom a financial promotion is or is likely to be communicated is a "client" of a firm that communicates or approves it.
- (4) A client of an appointed representative or, if applicable, a tied agent is a "client" of the firm for whom that appointed representative, or tied agent, acts or intends to act in the course of business for which that firm has accepted responsibility under the Act or MiFID (see sections 39 and 39A of the Act).

[Note: article 4(1)(9) of MiFID]

G 3.2.2

- (1) A corporate finance contact or a venture capital contact is not a client under the first limb of the general definition. This is because a firm does not provide a service to such a contact. However, it will be a client under the third limb of the general definition for the purposes of the financial promotion rules if the firm communicates or approves a financial promotion that is or is likely to be communicated to such a contact.
- (2) Communicating or approving a financial promotion that is or is likely to be communicated to such a contact is not MiFID or equivalent third country business. In such circumstances, the "non-MiFID" client categorisations are relevant and, in categorising elective professional clients, the "quantitative test" will not need to be satisfied.

Who is the client?

3.2.3

R

- (1) If a *firm* provides services to a *person* that is acting as an agent, the identity of its client will be determined in accordance with the *rule* on agents as clients (see COBS 2.4.3 R).
- (2) In relation to a *firm* establishing, operating or winding up a *personal* pension scheme or a stakeholder pension scheme, a member or beneficiary of that scheme is a *client* of the *firm*.
- (3) If a *firm* that does not fall within (2) provides services to a *person* that is acting as the trustee of a trust, that *person* will be the *firm*'s *client* and the underlying beneficiaries of the trust will not.
- (4) In relation to business that is neither *MiFID* or equivalent third country business, if a firm provides services to a fund that does not have separate legal personality, that fund will be the firm's client.
- (5) If a firm provides services relating to a contribution to or interest in a CTF (except for a personal recommendation relating to a contribution to a CTF or in relation to the communication or approval of a financial promotion), the firm's only client is:
 - (a) the registered contact, if there is one;
 - (b) otherwise, the *person* to whom the statement must be sent in accordance with Regulation 10 of the *CTF Regulations*.

3.3 **General notifications**

3.3.1 [deleted]

UK 3.3.1A

Articles 45(1) and (2) of the MiFID Org Regulation require firms to provide clients with specified information concerning client categorisation.

45(1)Investment firms shall notify new clients, and existing clients that the investment firm has newly categorised as required by UK law on markets in financial instruments, of their categorisation as a retail client, a professional client or an eligible counterparty in accordance with that Directive.

(2)Investment firms shall inform clients in a durable medium about any right that client has to request a different categorisation and about any limitations to the level of client protection that a different categorisation would entail.

[Note: articles 45(1) and (2) of the MiFID Org Regulation]

3.3.1B

The information referred to in article 45(2) of the MiFID Org Regulation (as reproduced at ■ COBS 3.3.1AUK) must be provided to *clients* prior to any provision of services.

[Note: paragraph 2 of section I of annex II to MiFID]

3.3.2 G This chapter requires a firm to allow a client to request re-categorisation as a client that benefits from a higher degree of protection (see ■ COBS 3.7.1 R). A firm must therefore notify a client that is categorised as a professional client or an eligible counterparty of its right to request a different categorisation whether or not the firm will agree to such requests. However, a firm need only notify a *client* of a right to request a different categorisation involving a lower level of protection if it is prepared to consider such requests.

3.4 Retail clients

A retail client is a client who is not a professional client or an eligible counterparty.

[Note: article 4(1)(11) of MiFID]

If a firm provides services relating to a CTF (except for a personal recommendation relating to a contribution to a CTF), the firm's client is a retail client even if it would otherwise be categorised as a professional client or an eligible counterparty under this chapter.

■ Release 42 • Dec 2024

[Note: first paragraph of section I of annex II to MiFID]

- **3.5.2A R** [deleted]

3.5.2C

As a result of ■ COBS 3.5.2BR, a local public authority or municipality which (in either case) does not manage public debt should not be treated as a per se professional client.

Elective professional clients

3.5.3

R

A firm may treat a client other than a local public authority or municipality as an elective professional client if it complies with (1) and (3) and, where applicable, (2):

- (1) the firm undertakes an adequate assessment of the expertise, experience and knowledge of the *client* that gives reasonable assurance, in light of the nature of the transactions or services envisaged, that the *client* is capable of making his own investment decisions and understanding the risks involved (the "qualitative test");
- (2) in relation to MiFID or equivalent third country business in the course of that assessment, at least two of the following criteria are satisfied:
 - (a) the client has carried out transactions, in significant size, on the relevant market at an average frequency of 10 per quarter over the previous four quarters;

 - (c) the *client* must state in writing, in a separate document from the contract, that it is aware of the consequences of losing such protections.

[Note: first, second, third and fifth paragraphs of section II.1 and first paragraph of section II.2 of annex II to MiFID]

G 3.5.3A

(1) As a result of ■ COBS 3.5.3BR and ■ COBS 3.5.3ER a *firm* should always assess a local public authority or municipality against a "quantitative test" to treat it as an elective professional client, regardless of whether the firm intends to conduct business involving MiFID or equivalent third country business or other regulated activities subject to COBS 3.

(2) The "quantitative test" that a *firm* should use depends on the application of ■ COBS 3.5.3BR (which applies for *UK clients*) and ■ COBS 3.5.3ER (which applies for non-*UK clients*).

3.5.3B R

- (1) A *firm* may treat a *UK* local public authority or municipality as an *elective professional client* if it complies with COBS 3.5.3R(1) and COBS 3.5.3R(3) and, in addition, paragraph (2) of this *rule*.
- (2) In the course of the assessment under COBS 3.5.3R(1) the criterion in (a) below is satisfied as well as one of the criteria in (b) below (the "quantitative test"):
 - (a) the size of the *client's financial instrument* portfolio defined as including cash deposits and *financial instruments*, exceeds £10,000,000; and
 - (b) either:
 - (i) the *client* has carried out transactions, in significant size, on the relevant market at an average frequency of ten per quarter over the previous four quarters; or
 - (ii) the *person* authorised to carry out transactions on behalf of the *client* works or has worked in the financial sector for at least one year in a professional position, which requires knowledge of the provision of services envisaged; or
 - (iii) the *client* is an 'administering authority' of the Local Government Pension Scheme within the meaning of the version of Schedule 3 of The Local Government Pension Scheme Regulations 2013 or, (in relation to Scotland) within the meaning of the version of Schedule 3 of The Local Government Pension Scheme (Scotland) Regulations 2014 in force at 1 January 2018, and is acting in that capacity.

3.5.3C

- (1) This *rule* applies where a *firm* is subjecting a *UK* local public authority or municipality to the tests and is following the procedure required as a result of COBS 3.5.3BR in respect of the *firm*'s business carried on in relation to that *person*'s:
 - (a) business in the course of or connected to its administration of a *pension scheme*; and
 - (b) other business as a local public authority or municipality.
- (2) A firm must apply the qualitative and quantitative tests required as a result of COBS 3.5.3BR separately and independently in relation to the client's business under (1)(a) and (1)(b).
- (3) A firm must follow the procedure in COBS 3.5.3R(3) required as a result of COBS 3.5.3BR separately and independently in relation to the client's business under (1)(a) and (1)(b).

3.5.3D G

As a result of ■ COBS 3.5.2BR and ■ COBS 3.5.3CR, and depending on the outcome of the qualitative and quantitative tests required as a result of ■ COBS 3.5.3BR, a *firm* may be required to categorise a *UK* local public authority or municipality differently in relation to the two sorts of business described at ■ COBS 3.5.3CR(1)(a) and (b).

- 3.5.3E R
- (1) A firm may treat a non-UK local public authority or municipality as an elective professional client if it complies with ■ COBS 3.5.3R(1) and ■ COBS 3.5.3R(3) and, in addition, applies the "quantitative test" that is applied in relation to MiFID or equivalent third country business under ■ COBS 3.5.3R(2).
- (2) [deleted]
- 3.5.4 If the *client* is an entity, the qualitative test should be performed in relation to the person authorised to carry out transactions on its behalf.

[Note: fourth paragraph of section II.1 of annex II to MiFID]

3.5.5 G The fitness test applied to managers and directors of relevant firms is an example of the assessment of expertise and knowledge involved in the qualitative test.

[Note: fourth paragraph of section II.1 of annex II to MiFID]

3.5.6 R Before deciding to accept a request for re-categorisation as an elective professional client a firm must take all reasonable steps to ensure that the client requesting to be treated as an elective professional client satisfies the qualitative test and, where applicable, the relevant quantitative test.

[Note: second paragraph of section II.2 of annex II to MiFID]

3.5.7 G An elective professional client should not be presumed to possess market knowledge and experience comparable to a per se professional client

[Note: second paragraph of section II.1 of annex II to MiFID]

G 3.5.8 Professional clients are responsible for keeping the firm informed about any change that could affect their current categorisation.

[Note: fourth paragraph of section II.2 of annex II to MiFID]

- 3.5.9 R
- (1) If a firm becomes aware that a client no longer fulfils the initial conditions that made it eligible for categorisation as an elective professional client, the firm must take the appropriate action.
- (2) Where the appropriate action involves re-categorising that client as a retail client, the firm must notify that client of its new categorisation.

[Note: fourth paragraph of section II.2 of annex II to MiFID]

- (1A) communicating with a client in relation to its MiFID, equivalent third country or optional exemption business;
 - (2) communicating or approving a financial promotion other than:
 - (a) a financial promotion of qualifying credit, a home purchase plan or a home reversion plan; or
 - (b) a financial promotion in respect of a non-investment insurance contract; or
 - (c) a promotion of an unregulated collective investment scheme that would breach section 238(1) of the Act if made by an authorised person (firms may not communicate or approve such promotions);
 - (d) a financial promotion in relation to a credit agreement, a consumer hire agreement or a credit-related regulated activity; or
 - (e) a financial promotion in relation to a funeral plan contract or a regulated funeral plan activity.
 - (3) when a MiFID investment firm or a credit institution is communicating in connection with selling, or advising clients in relation to, structured deposits as specified by ■ COBS 1.1.1AAR.
- 4.1.1A ■ COBS 4.4.3R applies to a *firm* with respect to the activity of *issuing* electronic money.
- 4.1.1B R (1) TP firms must comply with the rules in (3) and (4) to the extent that those rules do not already apply to those TP firms as a result of ■ GEN 2.2.26R.
 - (2) Gibraltar-based firms must comply with the rules in (3) and (4) to the extent that those rules do not already apply to such a Gibraltar-based firm as a result of ■ GEN 2.3.1R.
 - (3) The rules are those in:

- (a) COBS 4.5.2R (communicating with retail clients general rule);
- (b) COBS 4.10 (approving and confirming compliance of financial promotions); and
- (c) COBS 4.11 (Record keeping: financial promotion).
- (4) The *rules* are those in this chapter in so far as they relate to the *communication* and *approval* of *financial promotions* relating to *qualifying cryptoassets*.
- **4.1.1C** COBS 4.12A.3R and COBS 4.12B.1R apply the *rules* on promoting *restricted* mass market investments and non-mass market investments to TP firms and Gibraltar-based firms.

 - (2) This chapter applies, to a limited extent, in relation to communicating or approving a financial promotion that relates to a deposit if the deposit is a structured deposit, cash deposit ISA or cash deposit CTF.
- 4.1.3 G A firm is required to comply with the financial promotion rules in relation to a financial promotion communicated by its appointed representative even where the financial promotion does not require approval because of the exemption in article 16 of the Financial Promotion Order (Exempt persons).

[Note: see section 39 of the Act]

- **4.1.4 G** (1) In COBS 4.3.1 R, the defined term "financial promotion" includes:

This has a similar effect to the exemption in article 70(1)(c) of the Financial Promotion Order, which is referred to in the definition of an excluded communication.

- (3) In this chapter "financial promotion" and "direct offer financial promotion" include communications that are marketing communications for the purposes of the UCITS Directive.
- G 4.1.5 A firm communicating with an eligible counterparty should have regard to the application of COBS to eligible counterparty business (■ COBS 1 Annex 1 Part 1).
- 4.1.6 G Approving a financial promotion without communicating it (which includes causing it to be communicated) is not MiFID, equivalent third country or optional exemption business. Communicating a financial promotion to a person, such as a corporate finance contact or a venture capital contact, who is not a *client* within the meaning of ■ COBS 3.2.1 R (1), ■ COBS 3.2.1 R (2) or COBS 3.2.1 R (4) in respect of the MiFID, equivalent third country or optional exemption business to which the financial promotion relates, is also not MiFID, equivalent third country or optional exemption business. Further guidance on what amounts to MiFID business may be found in ■ PERG 13.
- 4.1.7 G A reference in this chapter to MiFID, equivalent third country or optional exemption business includes a reference to communications that occur before an agreement to perform services in relation to MiFID, equivalent third country or optional exemption business.

[Note: see recital 16 to the MiFID Org Regulation]

What? Modification relating to the KII Regulation

- 4.1.7A R The rules in this chapter do not apply in relation to the form or content of a key investor information document, an EEA key investor information document or a NURS-KII document.
- 4.1.7B G (1) The KII Regulation specifies in an exhaustive manner the form and content of the key investor information document for a UCITS scheme.

[Note: see article 3(1) of the KII Regulation]

Who? What? Application to registered persons promoting qualifying cryptoassets

- R (1) This chapter applies to a registered person communicating a financial promotion relating to one or more qualifying cryptoassets (in reliance on the exemption in article 73ZA of the Financial Promotion Order) as it applies to an authorised person communicating a financial promotion relating to one or more qualifying cryptoassets.
 - (2) For the purpose of (1), relevant references in this chapter to a firm include reference to a registered person.

4.1.7C

- (3) Where a rule in the Handbook applies to a registered person communicating a financial promotion relating to one or more qualifying cryptoassets, relevant references to a client include reference to a person to whom a financial promotion is, or is likely to be, communicated by the relevant registered person.
- (4) A registered person must establish, implement and maintain adequate policies and procedures sufficient to ensure its compliance with its obligations under the rules when communicating financial promotions relating to qualifying cryptoassets.

4.1.7D G

- (1) COBS 4.1.7CR(1) requires a registered person to comply with the relevant rules in this chapter on the form and content of financial promotions (including those in COBS 4.12A). It also requires a registered person to make records of the financial promotions it communicates in compliance with the relevant rules in COBS 4.11 (Record keeping: financial promotion).
- (2) There are other requirements outside this chapter which apply to registered persons communicating financial promotions relating to qualifying cryptoassets, including:
 - (a) Principle 7 (Communications with clients);
 - (b) GEN 1.2 (Referring to approval by the FCA); and
 - (c) GEN 4.5 (Statements about authorisation and regulation by the appropriate regulator).

Where? General position

4.1.8 R

- (1) In relation to communications by a *firm* to a *client* in relation to its *designated investment business* this chapter applies in accordance with the *general application rule* and the *rule* on business with *UK clients* from an overseas establishment (■ COBS 1 Annex 1 Part 2 paragraph 2.1R).
- (2) In addition, the *financial promotion rules* apply to a *firm* in relation to:
 - (a) the communication of a financial promotion to a person inside the United Kingdom;
 - (b) the communication of a cold call to a person outside the United Kingdom, unless:
 - (i) it is made from a place outside the *United Kingdom*; and
 - (ii) it is made for the purposes of a business which is carried on outside the *United Kingdom* and which is not carried on in the *United Kingdom*; and
 - (c) the approval of a financial promotion for communication to a person inside the United Kingdom.

- 4.1.9 G [deleted]
- 4.1.10 G Firms should note the territorial scope of this chapter is also affected by:
 - (1) the disapplication for financial promotions originating outside the United Kingdom that are not capable of having an effect within the United Kingdom (section 21(3) of the Act (Restrictions on financial promotion)) (see the defined term "excluded communication");
 - (2) the exemptions for overseas communicators (see the defined term "excluded communication"); and
 - (3) the rules on financial promotions with an overseas element (see ■ COBS 4.9).

4.2 Fair, clear and not misleading communications

The fair, clear and not misleading rule

- 4.2.1 R
- (1) A *firm* must ensure that a communication or a *financial promotion* is fair, clear and not misleading.
- (2) This rule applies in relation to:
 - (a) a communication by the *firm* to a *customer* in relation to designated investment business which is not MiFID, equivalent third country or optional exemption business, other than a third party prospectus;
 - (aa) a communication to an eligible counterparty that is in relation to:
 - (i) MiFID or equivalent third country business other than a third party prospectus; or
 - (ii) insurance distribution;
 - (ab) a communication by the *firm* to a *customer* in relation to *MiFID*, equivalent third country or optional exemption business, other than a *third party prospectus*;
 - (b) a financial promotion communicated by the firm that is not:
 - (i) an excluded communication;
 - (ii) a non-retail communication;
 - (iii) a third party prospectus; and
 - (c) a financial promotion approved by the firm.
- (3) As part of complying with (1), a *firm* must take into account the nature of the *client*.

[Note: ,article 24(3) and article 30(1) of *MiFID*, article 17(2) of the *IDD* and article 77 of the *UCITS Directive*]

- 4.2.2 G
- (1) The fair, clear and not misleading rule applies in a way that is appropriate and proportionate taking into account the means of communication, the information the communication is intended to convey and the nature of the client and of its business, if any. So a communication addressed to a professional client or an eligible counterparty may not need to include the same information, or be presented in the same way, as a communication addressed to a retail client.

COBS 4 : Communicating with clients, including financial promotions

(2) ■ COBS 4.2.1R(2)(b) does not limit the application of the fair, clear and not misleading rule under ■ COBS 4.2.1R (2) (a). So, for example, a communication in relation to designated investment business that is both a communication to a professional client and a financial promotion, will still be subject to the fair, clear and not misleading

[Note: article 30(1) of MiFID and recital 65 to the MiFID Org Regulation, article 17(2) of the IDD]

G 4.2.3 Part 7 (Offences relating to Financial Services) of the Financial Services Act 2012 creates criminal offences relating to certain misleading statements and practices.

Fair, clear and not misleading financial promotions

- 4.2.4 G A firm should ensure that a financial promotion:
 - (1) for a product or service that places a *client's* capital at risk makes this clear;
 - (2) that quotes a yield figure gives a balanced impression of both the short and long term prospects for the investment;
 - (3) that promotes an *investment* or service whose charging structure is complex, or in relation to which the firm will receive more than one element of remuneration, includes the information necessary to ensure that it is fair, clear and not misleading and contains sufficient information taking into account the needs of the recipients;
 - (4) that names the FCA, PRA or both as its regulator and refers to matters not regulated by either the FCA, PRA or both makes clear that those matters are not regulated by the FCA, PRA or either;
 - (5) that offers packaged products or stakeholder products not produced by the firm, gives a fair, clear and not misleading impression of the producer of the product or the manager of the underlying investments.
- 4.2.5 A communication or a *financial promotion* should not describe a feature of a product or service as "guaranteed", "protected" or "secure", or use a similar term unless:
 - (1) that term is capable of being a fair, clear and not misleading description of it; and
 - (2) the firm communicates all of the information necessary, and presents that information with sufficient clarity and prominence, to make the use of that term fair, clear and not misleading.

The reasonable steps defence to an action for damages

4.2.6

General rule

4.5.2

R

A firm must ensure that information:

- (1) includes the name of the firm (and also, where relevant, the name of the firm that has confirmed the compliance of the financial promotion for the purposes of ■ COBS 4.10.9AR(3)(a));
- (1A) where relevant, includes the date on which the financial promotion was approved;
 - (2) is accurate and always gives a fair and prominent indication of any relevant risks when referencing any potential benefits of *relevant* business or a relevant investment:
 - (3) is sufficient for, and presented in a way that is likely to be understood by, the average member of the group to whom it is directed, or by whom it is likely to be received;
 - (4) does not disguise, diminish or obscure important items, statements or warnings.

- (5) uses a font size in the indication of relevant risks that is at least equal to the predominant font size used throughout the information provided, as well as a layout that ensures that such indication is prominent;
- (6) is consistently presented in the same language throughout all forms of information and marketing materials that are provided to each *client*, unless the *client* has agreed to receive information in more than one language; and
- (7) is up-to-date and relevant to the means of communication used.

4.5.2A R

- (1) This rule applies:
 - (a) to a *financial promotion communicated* by way of a website, mobile application or other digital medium; and
 - (b) where the format is such that, where relevant:
 - (i) the name of the *firm* that *approved* or confirmed the compliance of the *financial promotion*; or
 - (ii) the date on which the *financial promotion* was *approved*, cannot reasonably be included in the *financial promotion*.
- (2) The information in (1)(b) may be provided on a webpage to which a link is clearly provided in the *financial promotion*.
- (3) The link in (2) must be in the format: 'Approver FRN [firm reference number of the firm that approved or confirmed the compliance of the financial promotion]'.

4.5.3 G

- (1) The effect of COBS 4.5.2R(1) is that, where relevant and subject to ■ COBS 4.5.2AR, the name of the firm that approved or confirmed the compliance of a financial promotion must be included in that financial promotion.
- (2) The name of the *firm* may be a trading name or shortened version of the legal name of the *firm*, provided the *retail client* can identify the *firm* communicating the information and, if different, the *firm* that approved or confirmed the compliance of the *financial promotion*.
- (3) The name of the *firm* (and any link provided pursuant to COBS 4.5.2AR) should be given sufficient prominence to enable the *retail client* to easily identify the *firm* responsible for the compliance of the *financial promotion* with applicable *rules*.

4.5.4 G

In deciding whether, and how, to communicate information to a particular target audience, a *firm* should take into account the nature of the product or business, the risks involved, the *client*'s commitment, the likely information needs of the average recipient, and the role of the information in the sales process.

4.5.5 G

When communicating information, a *firm* should consider whether omission of any relevant fact will result in the information being insufficient, unclear,

unfair or misleading. When considering whether a fact should be included in the communication or omitted from it, a firm should bear in the mind the guidance in ■ COBS 4.2.2G to provide information which is appropriate and proportionate.

Comparative information

4.5.6 R If information compares relevant business, relevant investments, or persons who carry on relevant business, a firm must ensure that the comparison is meaningful and presented in a fair and balanced way

Referring to tax

- (1) If any information refers to a particular tax treatment, a firm must 4.5.7 R ensure that it prominently states that the tax treatment depends on the individual circumstances of each *client* and may be subject to change in future.
 - (2) This rule applies in relation to a financial promotion except to the extent that it relates to a pure protection contract that is a long-term care insurance contract.

Consistent financial promotions

- (1) A firm must ensure that information contained in a financial 4.5.8 R promotion is consistent with any information the firm provides to a retail client in the course of carrying on designated investment business.
 - (2) This rule does not apply to a financial promotion to the extent that it relates a pure protection contract that is a long-term care insurance contract.

Innovative finance ISA

- G Examples of information about relevant risks (COBS 4.5.2R) that a firm 4.5.9 should give a retail client in relation to an innovative finance ISA include:
 - (1) an explanation of the tax consequences if:
 - (a) the innovative finance component is a P2P agreement that is not repaid; and
 - (b) an operator of an electronic system in relation to lending which facilitates a P2P agreement fails;
 - (2) the procedure for, timing and tax consequences of:
 - (a) withdrawing a P2P agreement from the innovative finance ISA;
 - (b) a request for transfer of all or part of the innovative finance components in the innovative finance ISA;
 - (3) a warning, as relevant, that it may, or will, not be possible to sell or trade P2P agreements at market value on a secondary market; and

COBS 4/14

(4) an express warning that holding an *investment* within an *innovative* finance ISA does not reduce the risks associated with that *investment* or guarantee returns and that it is possible to lose all of the money invested. This warning should be additional to any more general warning that a product or service places a *client's* capital at risk (COBS 4.2.4G(1)).

4.5.10 G

Operators of electronic systems in relation to lending and firms which advise on P2P agreements should also have regard to the guidance in ■ COBS 14.3.7AG and ■ COBS 14.3.7BG regarding the types of information they should provide to clients to explain the specific nature and risks of P2P agreements.

Lifetime ISA

4.5.11 G

Information about relevant risks (COBS 4.5.2R) that a *firm* should give a *retail client* in relation to a *lifetime ISA* may include:

- (1) an explanation of:
 - a retail client's eligibility to subscribe to a lifetime ISA (including annual subscription limits) and to claim the lifetime ISA government bonus;

.....

- (b) the *lifetime ISA government withdrawal charge* and the circumstances in which it might arise; and
- (c) the process by which a retail client can transfer a lifetime ISA; and
- (2) warnings that, if the retail client:
 - (a) incurs a *lifetime ISA government withdrawal charge*, the *retail client* may get back less than they paid in to a *lifetime ISA*;
 - (b) saves in a *lifetime ISA* instead of enrolling in, or contributing to a *qualifying scheme*, occupational pension scheme, or personal pension scheme:
 - (i) the *retail client* may lose the benefit of contributions by an employer (if any) to that scheme; and
 - (ii) the *retail client's* current and future entitlement to means tested benefits (if any) may be affected.

Authorised fund managers' communications in relation to benchmarks

4.5.11A R

The *rules* in ■ COBS 4.5.12R to ■ COBS 4.5.15R apply to:

- (1) a financial promotion relating to an authorised fund;
- (2) a communication which contains a statement referring to or concerning the past performance of an *authorised fund*; and
- (3) any other communication about an *authorised fund* that refers in any way to the aims of the *fund* or describes the benefits or risks of investing in it.

4.5.11B

As a result of ■ COBS 4.5.11AR, ■ COBS 4.5.12R to ■ COBS 4.5.15R would not normally be expected to apply to administrative communications if those communications do not refer in any way to the aims of an authorised fund or describe the benefits or risks of investing in it. Examples of such communications might include contract notes that simply set out details of the unitholder's purchase or redemption of units, statements of income distributions or accumulations, and confirmations of a change of unitholder registration details.

4.5.12

R

Subject to ■ COBS 4.5.13R, an authorised fund manager must include in any communication about an authorised fund to which this rule applies:

- (1) a short explanation, in terms consistent with the relevant prospectus, of the choice and use of every target benchmark, constraining benchmark or comparator benchmark used in relation to the scheme;
- (2) where no target benchmark, constraining benchmark or comparator benchmark is referred to in the prospectus, a statement to that effect and a short explanation of how investors can assess the performance of the scheme.

4.5.13

Where an authorised fund manager includes, in any communication about an authorised fund to which this rule applies, an indication of past performance for any authorised fund it manages, it must (in addition to complying with ■ COBS 4.6.2R where applicable):

- (1) include the corresponding past performance record of any target benchmark or constraining benchmark referred to in the prospectus of the scheme: and
- (2) not include an indication of past performance for any index, indices or similar factor that is not referred to in the prospectus of the scheme.

4.5.14

- (1) Subject to paragraph (2), if a communication to which COBS 4.5.13R applies includes information comparing past performance of the scheme against one or more comparator benchmarks, the authorised fund manager must, for the period specified in paragraph (3) and in every subsequent communication it makes that is also subject to ■ COBS 4.5.13R:
 - (a) include a comparison against the same comparator benchmark or comparator benchmarks; and
 - (b) not include a comparison against any other benchmark.
- (2) Paragraph (1) does not apply if such a comparison would not be compliant with ■ COBS 4.5.13R as a result of a change to the prospectus of the scheme.
- (3) The period specified for the purposes of paragraph (1) is:
 - (a) twelve months after a one-off communication is made; or

- (b) for as long as the communication remains available to the public in a *durable medium* and has not been superseded by a revised version.
- **4.5.15** COBS 4.5.12R to COBS 4.5.14R do not apply in respect of any reference to a comparator benchmark that is not identified in the prospectus of the relevant scheme when that reference appears in a communication that is:
 - (1) used exclusively in the course of a personal visit, telephone conversation or other interactive dialogue; or
 - (2) in response to a specific unsolicited request by a *client* for past performance to be compared with a particular *comparator* benchmark.

Funds investing in inherently illiquid assets (FIIAs)

- 4.5.16 R (1) This rule applies to any financial promotion relating to a FIIA except the FIIA's prospectus.
 - (2) A firm must ensure that the following risk warning is given:

"[Name of fund] invests in assets that may at times be hard to sell. This means that there may be occasions when you experience a delay or receive less than you might otherwise expect when selling your investment. For more information on risks, see the prospectus and key investor information document."

- (3) If the financial promotion is a non-real time financial promotion, a firm must ensure that the risk warning is prominently placed in the financial promotion in a font size that is at least equal to the predominant font size used throughout the communication.
- 4.5.17 G The rules in COBS 4.5 do not apply to the form or content of a NURS-KII document (see COBS 4.1.7AR (Modification relating to the KII Regulation)).

4.6.9 R

- (1) A firm that communicates to a client a projection for a packaged product which is not a financial instrument must ensure that the projection complies with the projections rules in ■ COBS 13.4, ■ COBS 13.5 and ■ COBS 13 Annex 2.
- (2) A firm must not communicate a projection for a highly volatile product to a client unless the product is a financial instrument.

4.7 Direct offer financial promotions

Application

4.7.-2 R

This section (other than ■ COBS 4.7.-1AEU to ■ COBS 4.7.-1DG) does not apply in relation to a communication:

- (1) to the extent that it is an excluded communication;
- (2) to the extent that it is a prospectus advertisement to which article 22 of the *Prospectus Regulation* applies;
- (3) if it is image advertising;
- (4) to the extent that it relates to a deposit that is not a cash deposit ISA, cash-only lifetime ISA or cash deposit CTF;
- (5) to the extent that it relates to a *pure protection contract* that is a *long-term care insurance contract*.

4.7.-1 G

- (1) COBS 4.7.-1AUK to COBS 4.7.1R contain provisions on the communication of *direct offer financial promotions*.
- (2) In broad terms:
 - (a) COBS 4.7.-1AUK is relevant to a firm communicating a direct offer financial promotion in relation to its MiFID, equivalent third country or optional exemption business;
 - (b) COBS 4.7.1R is relevant to a *firm* communicating a *direct offer* financial promotion that does not relate to its *MiFID*, equivalent third country or optional exemption business; and
 - (c) the application of the other operative provisions in this section is not affected by reference to MiFID, equivalent third country or optional exemption business.
- (3) However, a MiFID investment firm, third country investment firm or MiFID optional exemption firm which is subject to the requirements in COBS 4.7.-1AUK may be subject to the rule in COBS 4.7.1R to the extent that it communicates a direct offer financial promotion:
 - (a) which is not a marketing communication; or
 - (b) which does not relate to its MiFID, equivalent third country or optional exemption business.

COBS 4 : Communicating with clients, including financial promotions

Direct offer financial promotions relating to MiFID, equivalent third country or optional exemption business

4.7.-1A UK

46(6) Marketing communications containing an offer or invitation of the following nature and specifying the manner of response or including a form by which any response may be made, shall include such of the information referred to in Articles 47 to 50 as is relevant to that offer or invitation:

- (a) an offer to enter into an agreement in relation to a financial instrument or investment service or ancillary service with any person who responds to the communication;
- (b) an invitation to any person who responds to the communication to make an offer to enter into an agreement in relation to a financial instrument or investment service or ancillary service.

However, the first subparagraph shall not apply if, in order to respond to an offer or invitation contained in the marketing communication, the potential client must refer to another document or documents, which, alone or in combination, contain that information.

[Note: article 46(6) of the MiFID Org Regulation]

Effect of provisions marked "UK" for third country investment firms and MiFID optional exemptions firms

Provisions in this section marked "UK" apply in relation to MiFID optional 4.7.-1B R exemption business as if they were rules (see ■ COBS 1.2.2G).

G 4.7.-1C The effect of ■ GEN 2.2.22AR is that provisions in this section marked "UK" also apply in relation to the equivalent business of a third country investment firm as if they were rules.

4.7.-1D For the purposes of ■ COBS 4.7.-1AUK, the provisions of articles 47 to 50 of the MiFID Org Regulation can be found reproduced in ■ COBS 6.1ZA and ■ COBS 14.3A.

Other direct offer financial promotions

4.7.1 R

- (1) Subject to (3) and (4), a firm must ensure that a direct offer financial promotion that is addressed to, or disseminated in such a way that it is likely to be received by, a retail client contains:
 - (a) the information referred to in the rules on information disclosure (■ COBS 6.1.4 R, ■ COBS 6.1.6 R, ■ COBS 6.1.7 R, ■ COBS 6.1.9 R, ■ COBS 14.3.2 R, ■ COBS 14.3.3 R, ■ COBS 14.3.4 R and ■ COBS 14.3.5 R) as is relevant to that offer or invitation; and
 - (b) additional appropriate information about the relevant business and relevant investments so that the client is reasonably able to understand the nature and risks of the relevant business and relevant investments and consequently to take investment decisions on an informed basis.
- (2) This rule does not require the information in (1) to be included in a direct offer financial promotion if, in order to respond to an offer or invitation contained in it, the retail client must refer to another

document or documents, which, alone or in combination, contain that information.

Guidance

4.7.2 G Altho

Although ■ COBS 4.7.1R (1)(b) does not apply in relation to *MiFID*, equivalent third country or optional exemption business, similar requirements may apply under ■ COBS 2.2A.

4.7.2A G

- (1) BCOBS 2A contains rules and guidance about the inclusion of a summary box in a direct offer financial promotion relating to a cash deposit ISA or cash deposit CTF provided by a firm other than a credit union.
- (2) Where BCOBS 2A applies, COBS 4.7.1R(1)(b) does not require a firm to include information outside a summary box in a direct offer financial promotion to the extent that this would simply repeat information included in a summary box in the same financial promotion.

4.7.3 G

- (1) COBS 4.7.1R (2) allows a firm to communicate a direct offer financial promotion that does not contain all the information required by COBS 4.7.1R (1), if the firm can demonstrate that the client has referred to the required information before the client makes or accepts an offer in response to the direct offer financial promotion.
- (2) A firm communicating or approving a direct offer financial promotion may also be subject to:
 - (a) the *rules* on providing product information in COBS 14.2, including the exceptions in COBS 14.2.5R to 14.2.9R; and
 - (b) the requirement in the PRIIPs Regulation to provide a key information document.

4.7.4 G

In order to enable a *client* to make an informed assessment of a *relevant investment* or *relevant business*, a *firm* may wish to include in a *direct offer financial promotion*:

- (1) a summary of the taxation of any *investment* to which it relates and the taxation consequences for the average member of the group to whom it is directed or by whom it is likely to be received;
- (2) a statement that the recipient should seek a *personal* recommendation if he has any doubt about the suitability of the *investments* or services being promoted; and

COBS 4 : Communicating with clients, including financial promotions

- 4.7.5A G ■ COBS 4.13.2 R (Marketing communications relating to UCITS schemes) and COBS 4.13.3 R (Marketing communications relating to feeder UCITS) contain additional disclosure requirements for firms in relation to marketing communications (other than key investor information) that concern particular investment strategies of a UCITS scheme

Warrants and derivatives

- 4.7.6 R (1) A firm must not communicate or approve a direct offer financial promotion:
 - (a) relating to a warrant or derivative;
 - (b) to or for communication to a retail client; and
 - (c) where the firm will not itself be required to comply with the rules on appropriateness (see ■ COBS 10 and ■ 10A);

unless the firm has adequate evidence that the condition in (2) is satisfied.

- (2) The condition is that the *person* who will *arrange* or *deal* in relation to the derivative or warrant will comply with the rules on appropriateness or equivalent requirements for any application or order that the person is aware, or ought reasonably to be aware, is in response to the direct offer financial promotion.

4.8 Cold calls and other promotions that are not in writing

Application

- R 4.8.1 This section applies to a *firm* in relation to the communication of a *financial* promotion that is not in writing, but it does not apply:
 - (1) to the extent that the financial promotion is an excluded communication;
 - (2) if the financial promotion is image advertising;
 - (3) if the financial promotion is a non-retail communication;
 - (4) [deleted]
 - (5) to the extent that the *financial promotion* relates to a *pure* protection contract that is a long-term care insurance contract.

Restriction on cold calling

- 4.8.2 A firm must not make a cold call unless:
 - (1) the recipient has an established existing client relationship with the firm and the relationship is such that the recipient envisages receiving cold calls; or
 - (2) the cold call relates to a generally marketable packaged product which is not:
 - (a) a higher volatility fund; or
 - (b) a life policy with a link (including a potential link) to a higher volatility fund; or
 - (3) the cold call relates to a controlled activity to be carried on by an authorised person or exempt person and the only controlled *investments* involved or which reasonably could be involved are:
 - (a) readily realisable securities (other than warrants); and
 - (b) generally marketable non-geared packaged products.

Promotions that are not in writing

4.8.3

A firm must not communicate a solicited or unsolicited financial promotion that is not in writing, to a client outside the firm's premises, unless the person communicating it:

- (1) only does so at an appropriate time of the day;
- (2) identifies himself and the *firm* he represents at the outset and makes clear the purpose of the communication;
- (3) clarifies if the *client* would like to continue with or terminate the communication, and terminates the communication at any time that the *client* requests it; and
- (4) gives a contact point to any *client* with whom he arranges an appointment.

COBS 4: Communicating with

clients, including financial

Financial promotions with an 4.9 overseas element

Application

4.9.1 R

- (1) Subject to (2) and (3), this section applies to a firm in relation to the communication or approval of a financial promotion that relates to the business of an overseas person.
- (2) This section does not apply to a firm in relation to its MiFID or equivalent third country business.
- (3) If a communication relates to a firm's business that is not MiFID or equivalent third country business, this section does not apply:
 - (a) to the extent that it is an excluded communication;
 - (b) to the extent that it is a prospectus advertisement to which article 22 of the Prospectus Regulation applies;
 - (c) if it is image advertising;
 - (d) if it is a non-retail communication;
 - (e) [deleted]
 - (f) to the extent that it relates to a pure protection contract that is a long-term care insurance contract.
- 4.9.2 G Approving a financial promotion for communication by an unauthorised person is not MiFID or equivalent third country business.

Financial promotions for the business of an overseas person

4.9.3 R

A firm must not communicate or approve a financial promotion which relates to a particular relevant investment or relevant business of an overseas person, unless:

- (1) the financial promotion makes clear which firm has approved or communicated it and, where relevant, explains:
 - (a) that the rules made under the Act for the protection of retail clients do not apply;
 - (b) the extent and level to which the compensation scheme will be available, or if the scheme will not be available, a statement to that effect; and
 - (c) if the communicator wishes, the protection or compensation available under another system of regulation; and

(2) the *firm* has taken reasonable steps to satisfy itself that the *overseas* person will deal with *retail clients* in the *United Kingdom* in an honest and reliable way.

Financial promotions for an overseas long-term insurer

4.9.4 R

A firm may onlycommunicate or approve a financial promotion to enter into a life policy with a person who is:

- (1) an authorised person; or
- (2) an exempt person who is exempt in relation to effecting or carrying out contracts of insurance of the class to which the financial promotion relates; or
- (3) an overseas long-term insurer that is entitled under the law of its home country or territory to carry on there insurance business of the class to which the financial promotion relates.

4.9.5 R A financial promotion for an overseas long-term insurer, which has no establishment in the United Kingdom, must include:

- (1) the full name of the *overseas long-term insurer*, the country where it is registered, and, if different, the country where its head office is situated;
- (2) a prominent statement that 'holders of policies issued by the company will not be protected by the Financial Services Compensation Scheme if the company becomes unable to meet its liabilities to them'; and
- (3) if any trustee, investment manager or *United Kingdom* agent of the *overseas long-term insurer* is named which is not independent of the *overseas long-term insurer*, a prominent statement of that fact.

4.9.6 R

A financial promotion for an overseas long-term insurer which is authorised to carry on long-term insurance business in any country or territory listed in paragraph (c) of the Glossary definition of overseas long-term insurer must also include:

- (1) the full name of any trustee of property of any description which is retained by the *overseas long-term insurer* in respect of the promoted contracts;
- (2) an indication whether the investment of such property (or any part of it) is managed by the *overseas long-term insurer* or by another *person* and the full name of any *investment manager*;
- (3) the registered office of any such trustee and of any *investment* manager and of his principal office (if different); and
- (4) where any *person* in the *United Kingdom* takes, or may take, any steps on behalf of the *overseas long-term insurer* to enter into a promoted contract, the following details:
 - (a) the full name of the overseas long-term insurer;

■ Release 42 • Dec 2024

- (b) the registered office, head office or principal place of business of that person in the United Kingdom; and
- (c) if there is more than one such person, the principal or main person in the United Kingdom.

4.9.7

If a financial promotion relates to a life policy with an overseas long-term insurer but does not name the overseas long-term insurer by giving its full name or its business name:

- (1) it must include the following prominent statement: "This financial promotion relates to an insurance company which does not, and is not authorised to, carry on in any part of the United Kingdom the class of insurance business to which this promotion relates. This means that the management and solvency of the company are not supervised by the Financial Conduct Authority or the Prudential Regulation Authority. Holders of policies issued by the company will not have the right to complain to the Financial Ombudsman Service if they have a complaint against the company and will not be protected by the Financial Services Compensation Scheme if the company should become unable to meet its liabilities to them"; and
- (2) if it also refers to other investments, it must make this clear.

4.10 Approving and confirming compliance of financial promotions

Systems and controls

4.10.1 G

The rules in ■ SYSC 3 (and also for Solvency II firms, the PRA Rulebook: Solvency II firms: Conditions Governing Business) and ■ SYSC 4 require a firm that communicates with a client in relation to designated investment business, or communicates or approves a financial promotion, to put in place systems and controls or policies and procedures, or an effective internal control system, in order to comply with the rules in this chapter.

Approving financial promotions

4.10.1A G

The purpose of ■ COBS 4.10.2R is to ensure that a *firm* that approves a *financial promotion* for *communication* by an *unauthorised person*:

- (1) satisfies itself of the compliance of that *financial promotion* with the *financial promotion rules*; and
- (2) having approved that financial promotion, takes appropriate steps to ensure that the financial promotion remains compliant for the lifetime of its communication.
- 4.10.1B G
- (1) The effect of section 55NA of the Act is that a firm is unable to approve a financial promotion unless:
 - (a) the *firm* is a *permitted approver* in relation to the *financial promotion*; or
 - (b) an approver permission exemption applies.
- (2) SUP 6A contains guidance on applying for approver permission.
- (3) The requirements in this section that apply to a *firm* after it has approved a *financial promotion* continue to apply even where the *firm* ceases to be entitled to approve that *financial promotion*, for example because it ceases to be a permitted approver in respect of that *financial promotion*. This includes the requirement to monitor continuing compliance of the *financial promotion*. In such a scenario, if the *firm* became aware that the *financial promotion* no longer complied with the *financial promotion rules*, it could withdraw its approval but could not approve amendments to the *financial promotion*.

■ Release 42 • Dec 2024

4.10.2

- (1) Before a firm approves a financial promotion for communication by an unauthorised person, it must confirm that the financial promotion complies with the financial promotion rules.
- (1A) After a firm has complied with (1), and for as long as the financial promotion is communicated, the firm must take reasonable steps to monitor the continuing compliance of that financial promotion with the financial promotion rules.

[Note: for the FCA's guidance on 'Ongoing monitoring' see: https:// www.fca.org.uk/firms/financial-promotions-and-adverts/approvingfinancial-promotions]

A firm that has approved a financial promotion issued, and for communication by, an unauthorised person must require from that person, a written quarterly attestation that there has been no material change:

- (a) to the financial promotion; or
- (b) in circumstances which might affect the continuing compliance of the financial promotion with the financial promotion rules.

For the purpose of (1B), a firm must:

- (a) require the first attestation no less than 3 months after it approves the financial promotion; and
- (b) thereafter, require attestations at least once every 3 months for as long as the financial promotion is communicated.
- (2) If, at any time after a firm has complied with (1), a firm becomes aware that a *financial promotion* no longer complies with the financial promotion rules, it must withdraw its approval and notify any person that it knows to be relying on its approval as soon as reasonably practicable.
- (3) When approving a financial promotion, the firm must confirm compliance with the financial promotion rules that would have applied if the *financial promotion* had been communicated by a *firm* other than in relation to MiFID or equivalent third country business.

4.10.2A

- (1) This rule applies to a firm that approves:
 - (a) a direct offer financial promotion relating to a restricted mass market investment; or
 - (b) a financial promotion relating to a non-mass market investment, for communication to a retail client.
- (2) A firm must take reasonable steps to ensure, on a continuing basis:
 - (a) that the conditions specified in:
 - (i) COBS 4.12A.15R(1)(b) are being satisfied in relation to each communication of the direct offer financial promotion relating to the restricted mass market investment;
 - (ii) COBS 4.12B.10R(2)(b) are being satisfied in relation to each communication of the financial promotion relating to the non-mass market investment: and

- (b) if the firm will not itself carry out the appropriateness assessment required by ■ COBS 4.12A.28R, that the appropriateness assessments undertaken comply with the rules specified in ■ COBS 4.12A.28R.
- (3) If the *firm* is not satisfied that the relevant conditions are being satisfied or that the appropriateness assessments undertaken comply with the relevant *rules* then it must withdraw its *approval* of the *financial promotion* in accordance with COBS 4.10.2R(2).
- 4.10.2B G

■ COBS 4.11.6R requires a firm that approves a direct offer financial promotion relating to a restricted mass market investment for communication to a retail client to take reasonable steps to ensure that it is provided with, or has ready access to, information relating to the communication of the direct offer financial promotion. These records should assist the firm in complying with ■ COBS 4.10.2AR.

4.10.2C G

A firm is reminded of its obligations under ESG 4.3.1R when it communicates or approves a financial promotion that makes reference to the sustainability characteristics of a product or service.

4.10.3 G

- (1) Section 21(1) of the Act (Restrictions on financial promotion) prohibits an unauthorised person from communicating a financial promotion, in the course of business, unless an exemption applies or the financial promotion is approved by a firm. Many of the rules in this chapter apply when a firm approves a financial promotion in the same way as when a firm communicates a financial promotion itself.
- (2) A firm may also wish to approve a financial promotion that it communicates itself. This would ensure that an unauthorised person who then also communicates the financial promotion to another person will not contravene the restriction on financial promotion in the Act (section 21).
- (3) Approving a financial promotion for communication by an unauthorised person is not MiFID, equivalent third country or optional exemption business.
- (4) A firm may not approve a financial promotion relating to an unregulated collective investment scheme unless the firm would be able to communicate the promotion without breaching section 238(1) of the Act (see section 240 of the Act). The exemptions from that section in the Financial Services and Markets Act 2000 (Promotion of Collective Investment Schemes) (Exemptions) Order 2001 (as amended from time to time) are relevant.
- (5) The rules in COBS 4.12B prevent a firm from approving a financial promotion for a non-mass market investment for communication to retail clients unless an exemption applies. Where an exemption requires a preliminary assessment of suitability, the effect of COBS 4.12B.7R is that this assessment must be undertaken by the firm approving the financial promotion.
- (6) For the purposes of COBS 4.10.2R(1B), a financial promotion should be considered to be issued by an *unauthorised person* where that

unauthorised person is responsible for the overall contents of the financial promotion (see also ■ PERG 8.6.1G).

- (7) The effect of COBS 4.10.2R(1A) and (2) and COBS 4.10.2AR(3) is that where a firm identifies that a financial promotion that it has approved is no longer compliant with the financial promotion rules, the firm must withdraw its approval.
- (8) A registered person is not able to approve a financial promotion.

G If a firm: 4.10.3A

- (1) is unable to obtain an attestation required by COBS 4.10.2R(1B), that firm should consider whether to withdraw its approval;
- (2) in response to a request to provide an attestation, is informed of changes which indicate that the financial promotion no longer complies with the financial promotion rules, it must withdraw its approval,

in each case in accordance with ■ COBS 4.10.2R(2).

- 4.10.4 R A firm must not approve a financial promotion to be made in the course of a personal visit, telephone conversation or other interactive dialogue.
- R 4.10.5 If a firm approves a financial promotion in circumstances in which one or more of the financial promotion rules, or the prohibition on approval of promotions for collective investment schemes in section 240(1) of the Act (Restriction on approval), are expressly disapplied, the approval must be given on terms that it is limited to those circumstances.
- 4.10.6 G For example, if a firm approves a financial promotion for communication to a professional client or an eligible counterparty, the approval must be limited to communication to such persons.
- 4.10.7 G If an approval is limited, and an unauthorised person communicates the financial promotion to persons not covered by the approval, the unauthorised person may commit an offence under the restriction on financial promotion in the Act (section 21). A firm giving a limited approval may wish to notify the unauthorised person accordingly.
- G 4.10.7A An approved financial promotion that is addressed to, or disseminated in such a way that it is likely to be received by, a retail client is required to include the name of the firm that approved it and the date on which it was approved (■ COBS 4.5.2R).

Communicating financial promotions

4.10.8

G

If a *firm* continues to *communicate* a *financial promotion* when the *financial promotion* no longer complies with the *rules* in this chapter, it will breach those *rules*.

4.10.9

G

A financial promotion which is clearly only relevant at a particular date will not cease to comply with the financial promotion rules merely because the passage of time has rendered it out-of-date; an example would be a dated analyst's report.

Competence and expertise

4.10.9A R

- (1) A firm must not communicate or approve a financial promotion unless the individual or individuals responsible for the compliance of the financial promotion with the financial promotion rules has or have appropriate competence and expertise.
- (2) Appropriate competence and expertise for the purposes of (1) means competence and expertise in the *investment* or financial service to which the *financial promotion* relates. It does not necessarily, for example, require competence or expertise in the day-to-day commercial activities of a *company* issuing *securities* for the purposes of raising capital.
- (3) If a *firm* (A) determines that it lacks appropriate competence and expertise in relation to a *financial promotion*, it must:
 - (a) have another firm (B) confirm that the financial promotion complies with the financial promotion rules before A communicates that financial promotion; or
 - (b) decline to approve that financial promotion.
- (4) A registered person is not permitted to confirm the compliance of a financial promotion for the purpose of COBS 4.10.9AR(3).

4.10.9B R

A firm must not confirm the compliance of a financial promotion for the purpose of ■ COBS 4.10.9AR(3)(a) unless:

- (a) it is satisfied that the *financial promotion* complies with the *financial promotion rules*; and
- (b) the *individual* or *individuals* responsible for providing that confirmation has or have appropriate competence and expertise.

A *firm* must not confirm the compliance of a *financial promotion* to be made in the course of a personal visit, telephone conversation or other interactive dialogue.

Relying on another firm's confirmation of compliance

4.10.10 R

(1) A firm (A) will not contravene any of the financial promotion rules if it communicates a financial promotion which has been produced by another person and:

- (a) A takes reasonable care to establish that another firm (B) has confirmed that the *financial promotion* complies with the financial promotion rules;
- (b) A takes reasonable care to establish that it communicates the financial promotion only to recipients of the type for whom it was intended at the time B carried out the confirmation exercise:
- (c) so far as A is, or ought reasonably to be, aware:
 - (i) the financial promotion has not ceased to be fair, clear and not misleading since that time; and
 - (ii) B has not withdrawn the financial promotion; and
- (d) A takes reasonable care to establish that B did not breach the approver permission requirement in the context of confirming compliance.
- (2) This rule does not apply in relation to MiFID, equivalent third country or optional exemption business.
- 4.10.11 A firm should inform anyone relying on its confirmation of compliance if it becomes aware that the *financial promotion* no longer complies with the rules in this chapter.

Conflicts of interest

4.10.12

- (1) This rule applies to a firm that:
 - (a) approves a financial promotion for communication by an unauthorised person; or

- (b) confirms the compliance of a financial promotion for the purposes of ■ COBS 4.10.9AR(3)(a).
- (2) A firm must take all appropriate steps to identify and to prevent or manage conflicts of interest between the firm, including its managers, employees and appointed representatives (or, where applicable, tied agents), or any person directly or indirectly linked to them by control, and a person for whom the firm:
 - (a) approves a financial promotion; or
 - (b) confirms the compliance of a *financial promotion*.

4.11 Record keeping: financial promotion

General

4.11.1 R

- (1) A firm must make an adequate record of any financial promotion:
 - (a) it communicates;
 - (b) it approves; or
 - (c) of which it confirms compliance (■ COBS 4.10.9AR(3)(a)), other than a *financial promotion* made in the course of a personal visit, telephone conversation or other interactive dialogue.
- (2) For a telemarketing campaign, a *firm* must make an adequate record of copies of any scripts used.
- (2A) [deleted] [Editor's note: This provision now appears with minor amendments at COBS 4.11.4R]
- (2B) In respect of each financial promotion in (1), a firm must make an adequate record demonstrating how it has satisfied itself that it has the necessary competence and expertise required by COBS 4.10.9AR.
 - (3) A *firm* must retain the record in relation to a *financial promotion* relating to:
 - (a) a pension transfer, pension conversion, pension opt-out or FSAVC, indefinitely;
 - (b) a life policy, occupational pension scheme, SSAS, personal pension scheme or stakeholder pension scheme, for six years;
 - (c) MiFID or equivalent third country business, for five years; and
 - (d) any other case, for three years.
 - (4) If a communication relates to a firm's MiFID, equivalent third country or optional exemption business, this section does not apply:
 - (a) to the extent that the communication is a third party prospectus;
 - (b) if it is image advertising;
 - (c) if it is a non-retail communication.
 - (5) If a communication relates to a *firm*'s business that is not *MiFID* or equivalent third country business, this section does not apply:
 - (a) to the extent that it is an excluded communication;

- (b) to the extent that it is a prospectus advertisement to which article 22 of the *Prospectus Regulation* applies;
- (c) if it is image advertising;
- (d) if it is a non-retail communication;
- (e) [deleted]
- (f) to the extent that it relates to a pure protection contract that is a long-term care insurance contract.
- G 4.11.1A A MiFID investment firm, third country investment firm or MiFID optional exemption firm should refer to the requirements on record keeping in the MiFID Org Regulation and ■ SYSC 9.
- 4.11.2 G A firm should consider maintaining a record of why it is satisfied that the financial promotion complies with the financial promotion rules.
- G 4.11.3 If the *financial promotion* includes market information that is updated continuously in line with the relevant market, the record-keeping rules do not require a firm to record that information.

Promotions of restricted mass market investments and nonmass market investments

4.11.4 If a firm communicates or approves a financial promotion which relates to a non-mass market investment where that financial promotion is addressed to or disseminated in such a way that it is likely to be received by a retail client:

- (1) the person allocated the compliance oversight function in the firm must make a record at or near the time of the communication or approval certifying that the promotion complies with the restrictions set out in section 238 of the Act and in ■ COBS 4.12B, as applicable;
- (2) the making of the record required in (1) may be delegated to one or more employees of the firm who report to and are supervised by the person allocated the compliance oversight function, provided the process for certification of compliance has been reviewed and approved by the person allocated the compliance oversight function no more than 12 months before the date of the communication or approval of the promotion;
- (3) as part of the record required in (1), the firm must make a record of which exemption was relied on for the purposes of the promotion, together with the reason why the *firm* is satisfied that that exemption applies;
- (4) where the firm relies on an exemption that requires investor certification and warnings to investors, the record required in (1) must include a record of any certificate or investor statement (as signed by the investor) and of any warnings or indications required by the exemption;
- (5) if the *rules* in COBS 4.12B do not apply because the promotion is an excluded communication (■ COBS 4.12B.4R), the firm must identify in

the record required in (1) which type of *financial promotion* defined as an *excluded communication* corresponds to the promotion being made, including, where applicable, which article in the *Financial Promotion Order* or in the *Promotion of Collective Investment Schemes Order* was relied on for the purposes of the promotion, together with the reason why the *firm* is satisfied that the exemption applies.

4.11.5 R

- (1) This rule applies to a firm that communicates or may communicate a direct offer financial promotion in relation to a restricted mass market investment to which COBS 4.12A.15R applies.
- (2) A firm must make an adequate record of:
 - (a) the categorisation of each *retail client* (■ COBS 4.12A.21R) and the evidence obtained in support of that categorisation;
 - (b) where an appropriateness assessment is undertaken (■ COBS 4.12A.28R):
 - (i) the total number of assessments undertaken;
 - (ii) the number of assessments resulting in a determination that the *investment* was appropriate;
 - (iii) the number of assessments resulting in a determination that the *investment* was not appropriate;
 - (iv) in respect of each *retail client*, the outcome of the appropriateness process; and
 - (v) in respect of each *retail client*, the number of times that *retail client* was subject to an appropriateness assessment in respect of the same *investment*.

4.11.6 R

A firm that approves a direct offer financial promotion in relation to a restricted mass market investment to which ■ COBS 4.12A.15R applies must take reasonable steps to ensure that:

- (1) adequate records of the information required by COBS 4.11.5R are made in connection with the *communication* of the *direct offer financial promotion*; and
- (2) the *firm* is provided with, or otherwise has ready access to, the records in (1).

4.11.7 R

A *firm* must retain the records required by \blacksquare COBS 4.11.4R and \blacksquare COBS 4.11.5R for 5 years.

4.11.8 R

Where a *firm* is required by ■ COBS 4.12A.44R(2)(b) or ■ COBS 4.12B.13R(2)(b) to maintain a record of its grounds for using an alternative form of risk summary, it must retain the record of its decision for 5 years.

[Editor's note: The substance of the provisions in COBS 4.12 are now incorporated in, and appear at, COBS 4.12B.]

4.12A Promotion of restricted mass market investments

.....

Purpose

4.12A.1 G

The *rules* in this section:

- (1) require that any financial promotion relating to a restricted mass market investment includes a prescribed form of risk warning;
- (2) restrict the communication and approval of direct offer financial promotions in relation to restricted mass market investments except where certain conditions are satisfied; and
- (3) require that a financial promotion which relates to a restricted mass market investment does not offer to any retail client any form of incentive. The purpose of this rule (■ COBS 4.12A.7R) is to ensure that retail clients are not persuaded or incited to engage in investment activity relating to a restricted mass market investment other than by reference to the features of the investment activity that is the subject of the financial promotion.

.....

Application

4.12A.2 R

This section applies to a firm when communicating a financial promotion, or approving a financial promotion for communication, to a retail client in relation to a restricted mass market investment.

4.12A.3 R

In this section, reference to a firm includes:

- (1) TP firms, to the extent that this section does not already apply to those TP firms as a result of GEN 2.2.26R; and
- (2) Gibraltar-based firms, to the extent that this section does not already apply to such a Gibraltar-based firm as a result of GEN 2.3.1R.

4.12A.4

R | This section does not apply to:

- (1) excluded communications;
- (2) image advertising; or
- (3) financial promotions to the extent that they relate to local authority securities.

COBS 4 : Communicating with clients, including financial promotions

- 4.12A.5
- G
- COBS 4.12A.15R does not apply in relation to credit union subordinated debt or to deferred shares issued by a credit union. Firms are reminded that ■ CREDS 3A contains requirements regarding the retail distribution and
- financial promotion of these instruments.
- 4.12A.6
- G

The requirements in this section relating to the provision of risk warnings are in addition, and without prejudice, to firms' other obligations in relation to the provision of information.

Restrictions on monetary and non-monetary incentives

4.12A.7 R

- (1) A firm must not communicate or approve a financial promotion which relates to a restricted mass market investment and which offers to a retail client any monetary or non-monetary incentive.
- (2) The rule in (1) does not apply where the conditions in paragraph (3) or (4) are satisfied.
- (3) The conditions are that:
 - (a) the relevant incentive is a product or service produced or provided by the person, or a member of the group of the person, who will benefit from the proceeds of the investment; and
 - (b) the financial promotion relates to a non-readily realisable security, P2P agreement, P2P portfolio or a unit in a long-term asset fund.
- (4) The conditions are that the incentive is:
 - (a) offered for the exclusive purpose of encouraging a retail client to transfer their existing holding of one or more restricted mass market investments from an existing arrangement with one person to a different arrangement with another person; and
 - (b) not structured in such a way as to encourage further investment in any restricted mass market investment.
- 4.12A.8

For the purposes of ■ COBS 4.12A.7R, monetary and non-monetary incentives include, but are not limited to:

- (1) offering bonuses when investing in a restricted mass market investment;
- (2) offering bonuses where the client refers another person;
- (3) offering cashback when investing in a restricted mass market investment;
- (4) offering discounts or rebates on fees paid that are linked to volumes of trades made in restricted mass market investments;
- (5) offering free gifts once an investment in a restricted mass market investment has been made such as laptops or mobile telephones; or
- (6) offering any additional free *investments* or offering discounts on investments.

COBS 4 : Communicating with clients, including financial promotions

4.12A.9

- (1) Information and research tools do not constitute non-monetary incentives.
- (2) Lower fees or charges not linked to volumes of trades, made available to all *retail clients*, do not constitute a monetary incentive.
- (3) The effect of ■COBS 4.12A.7R(4) is that a financial promotion may offer an incentive to transfer an existing holding of a restricted mass market investment (for example, from one platform to another). However, the incentive must relate solely to the transfer and must not be used to encourage retail clients to otherwise engage in investment activity in relation to restricted mass market investments.

4.12A.9A G

Subject to ■ COBS 4.12A.8G and ■ COBS 4.12A.9G, the following factors are otherwise relevant in determining whether a benefit is an incentive:

- (1) A benefit which is intrinsically connected with the *investment* or investment activity that is the subject of the *financial promotion* is unlikely to constitute an incentive for example, voting rights which are carried by a share. However, a benefit which is entirely separable from the *investment* or investment activity that is the subject of the *financial promotion* is likely to be an incentive.
- (2) A benefit which is only available for a fixed period of time, or is contingent upon investing in a restricted mass market investment in the future, is likely to constitute an incentive. This would not include, for example, a benefit which is offered in connection with a specified event, such as the first close of an investment.
- (3) A benefit which is only available to *retail clients* who invest through a particular medium is likely to constitute an incentive for example, a benefit which is only offered to *retail clients* who invest via a social media link.

4.12A.9B G

- (1) COBS 4.12A.7R applies irrespective of the nature of the investment activity. This means that the *rule* applies not only in relation to incentives to *buy restricted mass market investments* but also, for example, to incentives to enter into agreements for the purposes of transacting in *restricted mass market investments*.
- (2) The rationale for offering the incentive is immaterial. This means that the *rule* applies to incentives which are intended, for example, to encourage *retail clients* to make investments ahead of the end of the tax year.

Risk warning

4.12A.10 R

A firm must not communicate or approve a financial promotion which relates to a restricted mass market investment unless it contains a risk warning that complies with COBS 4.12A.11R.

4.12A.11 R

- (1) For the purposes of COBS 4.12A.10R, the *financial promotion* must contain:
 - (a) the following risk warning if the *financial promotion* relates to one or more *non-readily realisable securities*:

COBS 4 : Communicating with clients, including financial promotions

Don't invest unless you're prepared to lose all the money you invest. This is a high-risk investment and you are unlikely to be protected if something goes wrong.

(b) the following risk warning if the financial promotion relates to one or more P2P agreements or P2P portfolios:

Don't invest unless you're prepared to lose money. This is a high-risk investment. You may not be able to access your money easily and are unlikely to be protected if something goes wrong.

(c) the following risk warning if the financial promotion relates to a unit in a long-term asset fund:

This is a high-risk investment, and assets may take a long time to buy and sell. Only invest if you can wait (possibly several years) to get your money back. You do not have protection against poor performance.

the following risk warning if the financial promotion relates to one or more qualifying cryptoassets:

Don't invest unless you're prepared to lose all the money you invest. This is a high-risk investment and you should not expect to be protected if something goes wrong.

- (2) Where the number of characters contained in the risk warning in (1) exceeds the number of characters permitted by a third-party marketing provider:
 - (a) the following risk warning must be used if the *financial promotion* relates to one or more non-readily realisable securities or qualifying cryptoassets:

Don't invest unless you're prepared to lose all the money you invest.

(b) the following risk warning must be used if the *financial promotion* relates to one or more P2P agreements or P2P portfolios:

Don't invest unless you're prepared to lose money.

(c) the following risk warning must be used if the *financial promotion* relates to a unit in a long-term asset fund:

This is a high-risk investment, so only invest if you can wait to get your money back.

- (3) Where the financial promotion is, or is to be, communicated by way of a website, mobile application or other digital medium:
 - (a) the risk warning in (1) or (2) must also include a link:
 - (i) in the form of the text: Take 2 mins to learn more; and
 - (ii) which, when activated, delivers an appropriate risk summary in a pop-up box (or equivalent) relating to the type of investment that is the subject of the financial promotion selected from ■ COBS 4 Annex 1R;
 - (b) the link required by (3)(a) need not be:
 - (i) in the form required by (3)(a)(i) if the inclusion of that additional text would exceed the number of characters permitted by a third-party marketing provider;

- (ii) provided if the medium of communication does not allow the incorporation of a link.
- (4) Where the *financial promotion* is *communicated* other than by way of a website, mobile application or other digital medium (and including where the *financial promotion* is a *real time financial promotion*), the risk warning in (1) must be:
 - (a) provided:
 - (i) in a durable medium; or
 - (ii) if the medium of communication means that the risk warning cannot be provided in a *durable medium*, in a manner appropriate to the medium of communication; and
 - (b) however the *financial promotion* is *communicated*, accompanied by an appropriate risk summary:
 - (i) in a durable medium; and
 - (ii) relating to the type of *investment* that is the subject of the *financial promotion* selected from COBS 4 Annex 1R,

unless it is not possible to obtain the information necessary to enable the risk summary to be provided in a *durable medium*.

- (5) (a) A *firm* must omit the words "and you are unlikely to be protected if something goes wrong" from the risk warnings required by (1)(a), (1)(b) or (1)(d) if the conditions in (5)(b) apply.
 - (b) The conditions are that:
 - (i) the financial promotion relates to an investment:
 - (A) that is issued by; or
 - (B) the provision of which involves a,
 - participant firm or an appointed representative of a participant firm; and
 - (ii) the activity of the *person* in (i) is of a type that could give rise to a *protected claim*.
 - (c) A *firm* that omits the words in (a) must make a record of the basis on which the conditions in (b) are met.
- (6) The risk warning required by (1) or (2) and the risk summary required by (4)(b) must comply with COBS 4.12A.36R and COBS 4.12A.38R.
- (7) The risk summary required by (3)(a)(ii) must comply with
 COBS 4.12A.40R and COBS 4.12A.42R.
- (8) Where the financial promotion relates to a unit in a long-term asset fund, the appropriate risk summary required by (3)(a)(ii) or (4)(b) (see COBS 4 Annex 1R(7) (Risk summary for units in a long-term asset fund)) must be adapted to reflect the characteristics of the relevant LTAF, particularly the dealing arrangements for the LTAF and the applicable notice period.
- 4.12A.12 G
- (1) Reference in COBS 4.12A.11R(5)(b)(i)(B) to the 'provision' of an investment is to a person developing, managing or packaging an investment such as an operator. It does not refer to persons involved

- in distributing, or intermediating the sale of, an investment such as a financial adviser, a person arranging investments or an operator of an electronic system in relation to lending.
- (2) A firm relying on COBS 4.12A.11R(5) should consider obtaining external legal advice (from legal advisers with relevant expertise and experience) on the appropriateness of omitting the words in that rule from a risk warning. Any such advice should be recorded as part of the firm's compliance with ■ COBS 4.12A.11R(5)(c).

4.12A.13 G

- (1) Even where it is not possible to provide a risk warning in a durable medium (for example, because the financial promotion is a real time financial promotion), the recipient of the financial promotion must still ordinarily be provided with an appropriate risk summary in a durable medium at or around the time that the financial promotion is communicated (■ COBS 4.12A.11R(4)(b)).
- (2) It is unlikely to be possible to comply with COBS 4.12A.11R(4)(b) where the financial promotion is communicated by means of (without limitation) a television or radio broadcast. In such a case, the financial promotion must still include the relevant risk warning specified in COBS 4.12A.11R(1).

Direct offer financial promotions

4.12A.14 G

- (1) COBS 4.12A.15R to COBS 4.12A.35G apply in relation to direct offer financial promotions to retail clients in relation to restricted mass market investments.
- (2) A firm may communicate information about a P2P agreement or a P2P portfolio to a retail client before ■ COBS 4.12A.15R applies, provided that the defining elements of a direct offer financial promotion are not present in that communication. This information may comprise, without limitation, mandatory disclosures applicable to that firm, such as those set out in ■ COBS 18.12.24R to ■ COBS 18.12.28R, including information about:
 - (a) the identity of the borrower(s);
 - (b) the price or target rate, provided they are accompanied by a fair description of the anticipated actual return, taking into account fees, default rates and taxation;
 - (c) the term;
 - (d) the risk categorisation; and
 - (e) a description of any security interest, insurance, guarantee or other risk mitigation measures adopted by the firm.
- (3) COBS 4.12A.18R (First condition: cooling off period) does not apply where a direct offer financial promotion to a retail client relates only to a unit in a long-term asset fund.

4.12A.15 R

- (1) Unless permitted by COBS 4.12A.17R and subject to (2), (3) and (4), a firm must not:
 - (a) communicate a direct offer financial promotion relating to a restricted mass market investment to a retail client unless the

conditions in ■ COBS 4.12A.18R (cooling off period), ■ COBS 4.12A.20R (personalised risk warning), ■ COBS 4.12A.21R (categorisation) and ■ COBS 4.12A.28R (appropriateness) are satisfied; or

- (b) approve a direct offer financial promotion relating to a restricted mass market investment for communication to a retail client unless the firm is satisfied that the conditions in COBS 4.12A.18R (cooling off period), COBS 4.12A.20R (personalised risk warning), COBS 4.12A.21R (categorisation) and COBS 4.12A.28R (appropriateness) will be satisfied in relation to each communication of the direct offer financial promotion.
- (2) The conditions in COBS 4.12A.18R (cooling off period) and COBS 4.12A.20R (personalised risk warning) do not need to be satisfied if the retail client has previously received a direct offer financial promotion relating to a restricted mass market investment from the same person as would otherwise need to satisfy them.
- (3) The condition in ■COBS 4.12A.28R (appropriateness) does not need to be satisfied if the specific type of restricted mass market investment to which the direct offer financial promotion relates has previously been assessed as appropriate for the retail client by the same person as would otherwise need to undertake the assessment.
- (4) Where the direct offer financial promotion relates only to a unit in a long-term asset fund:
 - (a) the condition in COBS 4.12A.18R (cooling off period) does not apply; and
 - (b) the condition in ■COBS 4.12A.20R (personalised risk warning) does not need to be satisfied if the *retail client* has previously received a *direct offer financial promotion* relating to a *unit* in a *long-term asset fund* from the same *person* that would otherwise need to satisfy the condition.

4.12A.16 G The effect of ■ COBS 4.12A.15R and related provisions in this section is that:

- (1) a personalised risk warning and cooling off period are only required on the first occasion that a firm, or other person communicating an approved direct offer financial promotion, communicates a direct offer financial promotion relating to a restricted mass market investment (other than a unit in a long-term asset fund) to a particular retail client;
- (1A) where a direct offer financial promotion relates only to a unit in a long-term asset fund:
 - (a) a personalised risk warning is required only on the first occasion that a firm, or other person communicating an approved direct offer financial promotion, communicates a direct offer financial promotion to a particular retail client; and
 - (b) a cooling off period is not required;
 - (2) an appropriateness assessment is only required on the first occasion that a particular *retail client* responds to a *direct offer financial promotion* relating to a specific type of *restricted mass market investment* (although a *firm* should consider whether it would be in

- the best interests of the *retail client* for a further assessment to be undertaken, for example due to lapse of time, even where this is not required); and
- (3) in any case, a direct offer financial promotion relating to a restricted mass market investment can only be communicated to a retail client who has a current statement (completed and signed within the period of 12 months ending with on the day on which the communication is to be made) of a type falling within ■ COBS 4.12A.22R and which applies to the type of restricted mass market investment to which the direct offer financial promotion relates.

4.12A.17 R

A firm may communicate or approve a direct offer financial promotion relating to a restricted mass market investment to, or for communication to, a retail client if:

- (1) the *firm* itself will comply with the suitability *rules* (■ COBS 9 and 9A) in relation to the investment promoted; or
- (2) the retail client has confirmed before the promotion is made that they are a retail client of another firm that will comply with the suitability *rules* (■ COBS 9 and ■ 9A) in relation to the *investment* promoted; or
- (3) the retail client is a corporate finance contact or a venture capital contact.

First condition: cooling off period

4.12A.18 R

- (1) The first condition is that following the retail client's request to receive the direct offer financial promotion, the firm, or other person communicating the direct offer financial promotion:
 - (a) allows a period of at least 24 hours (the 'cooling off period') to elapse before communicating the direct offer financial promotion;
 - (b) following the lapse of time in (a), invites the retail client to specify whether they wish to:
 - (i) leave the investment journey; or
 - (ii) continue to receive the direct offer financial promotion; and
 - (c) the retail client specifies that they wish to continue to receive the direct offer financial promotion.
- (2) The options in (1)(b) must be presented with equal prominence.
- (3) This condition does not apply if the direct offer financial promotion relates only to units in a long-term asset fund.

4.12A.19 G

■ COBS 4.12A.18R does not prevent the *person* who is subject to it from engaging with the retail client during the cooling off period. This includes for the purposes of providing the *client* with the personalised risk warning required by ■ COBS 4.12A.20R and obtaining the information necessary to undertake the appropriateness assessment required by ■ COBS 4.12A.28R.

Second condition: personalised risk warning

4.12A.20 R

- (1) Subject to (1A) below, the second condition is that before communicating the direct offer financial promotion, the firm, or other person communicating the direct offer financial promotion:
 - (a) obtains the retail client's full name; and
 - (b) having obtained the *retail client's* name, communicates to that *retail client* the following personalised risk warning:

[Client name], this is a high-risk investment. How would you feel if you lost the money you're about to invest? Take 2 mins to learn more.

- (1A) Where the direct offer financial promotion relates to a unit in a longterm asset fund, the second condition is that before communicating the direct offer financial promotion, the firm, or other person communicating the direct offer financial promotion:
 - (a) obtains the retail client's full name; and
 - (b) having obtained the *retail client's* name, communicates to that *retail client* the following personalised risk warning:

[Client name], this is a high-risk investment, and assets may take a long time to buy and sell. Only invest if you can wait (possibly several years) to get your money back. You do not have protection against poor performance. Take 2 mins to learn more.

[Editor's note: The last sentence in this text will be underlined in the final rules.]

- (2) If the direct offer financial promotion is, or is to be, communicated by means of a website, mobile application or other digital medium, the personalised risk warning in (1)(b) or (1A)(b) must:
 - (a) be clearly brought to the *retail client's* attention by means of a pop-up box (or equivalent);
 - (b) include a link which, when activated, delivers an appropriate risk summary in a further pop-up box (or equivalent):
 - (i) relating to the type of restricted mass market investment that is the subject of the direct offer financial promotion; and
 - (ii) selected from COBS 4 Annex 1R; and
 - (c) be accompanied by an invitation to the *retail client* to specify whether they wish to:
 - (i) leave the investment journey; or
 - (ii) continue to receive the direct offer financial promotion.
- (3) If the *direct offer financial promotion* is, or is to be, *communicated* other than by means of a website, mobile application or other digital medium:
 - (a) the personalised risk warning in (1)(b) or (1A)(b) must be:
 - (i) provided to the *retail client* omitting the words "Take 2 mins to learn more"; and
 - (ii) accompanied by an appropriate risk summary in a *durable* medium relating to the type of restricted mass market

investment that is the subject of the direct offer financial promotion selected from ■ COBS 4 Annex 1R; and

- (b) the retail client must then be invited to specify whether they wish to:
 - (i) leave the investment journey; or
 - (ii) continue to receive the direct offer financial promotion.
- (4) The options in (2)(c) and (3)(b) must be presented with equal prominence.
- (5) This condition:
 - (a) is only satisfied if the retail client specifies that they wish to continue to receive the direct offer financial promotion; and
 - (b) must be satisfied before steps are taken to satisfy the conditions in COBS 4.12A.21R (categorisation) and ■ COBS 4.12A.28R (appropriateness).
- (6) The personalised risk warning required by (1)(b) or (1A)(b) and the risk summary required by (2)(b) must comply with ■ COBS 4.12A.40R and ■ COBS 4.12A.42R.
- (7) The risk summary required by (3)(a)(ii) must comply with ■ COBS 4.12A.36R and ■ COBS 4.12A.38R.
- (8) Where the financial promotion relates to a unit in a long-term asset fund, the appropriate risk summary required by (2)(b) or (3)(a)(ii) (see COBS 4 Annex 1R(7) (Risk summary for units in a long-term asset fund)) must be adapted to reflect the characteristics of the relevant LTAF, particularly the dealing arrangements for the LTAF and the applicable notice period.

Third condition: categorisation

4.12A.21 R

The third condition is that before communicating the direct offer financial promotion, the firm, or other person communicating the direct offer financial promotion, takes reasonable steps to establish that the retail client

- (1) certified as:
 - (a) a 'high net worth investor';
 - (b) a 'sophisticated investor'; or
 - (c) a 'restricted investor', or
- (2) if the direct offer financial promotion relates to a non-readily realisable security, a P2P agreement, a P2P portfolio or a unit in a long-term asset fund, self-certified as a 'sophisticated investor',

in each case in accordance with ■ COBS 4.12A.22R.

4.12A.22 R

- (1) A certified high net worth investor, a certified sophisticated investor, a self-certified sophisticated investor or a restricted investor is an individual:
 - (a) who has completed and signed, within the period of 12 months ending on the day on which the communication is made, a

statement in the terms set out in the applicable rule listed below and as modified by (2):

- (i) certified high net worth investor: COBS 4 Annex 2R;
- (ii) certified sophisticated investor: COBS 4 Annex 3R;
- (iii) self-certified sophisticated investor: COBS 4 Annex 4R;
- (iv) restricted investor: COBS 4 Annex 5R; and
- (b) whose completion of the statement in (a) indicates that they meet the relevant criteria to be categorised as such.
- (2) When used in relation to *P2P agreements* or a *P2P portfolio*, the statement in COBS 4 Annex 4R (self-certified sophisticated investor) must be modified as follows:
 - (a) the reference to "an unlisted company" must be replaced with a reference to "a P2P agreement or P2P portfolio"; and
 - (b) the reference to "private equity, or in the provision of finance for small and medium enterprises" must be replaced with a reference to "the provision of finance, resulting in an understanding of the P2P agreements or P2P portfolios to which the promotions will relate".

4.12A.23 E

For the purposes of ■ COBS 4.12A.21R, a *firm* (or relevant other *person*) will have taken reasonable steps to establish the certification of a *retail client* where:

- (1) the *firm* (or other *person*) has obtained the relevant completed certificate from the *retail client*; and
- (2) the *retail client's* completion of the certificate evidences that the *retail client* meets the criteria to be certified as such.

4.12A.24 G

Where the *direct offer financial promotion* will relate to more than one type of *restricted mass market investment*, the condition in ■ COBS 4.12A.21R may be satisfied by the *retail client* signing a combined statement that meets the requirements in ■ COBS 4 Annex 2R to ■ COBS 4 Annex 5R, as applicable, in respect of each type of *restricted mass market investment* to which the *direct offer financial promotion* will relate.

4.12A.25 G

- (1) Where the restricted investor statement (■ COBS 4 Annex 5R) refers to a restricted investor not investing more than 10% of their net assets, this refers to the retail client's aggregate investment across all types of restricted mass market investment.
- (2) However, a retail client may be informed that they need not include in the calculation referred to in (1) any investment in a restricted mass market investment made in response to a direct offer financial promotion for the purpose of which they were categorised as sophisticated (whether on a certified or self-certified basis).

4.12A.26 R

A firm must not:

(1) influence, or seek to influence, the information that a *retail client* provides when completing a certificate in ■ COBS 4.12A.22R; or

(2) encourage a retail client to complete a further certificate in the event that a client's signed certificate indicates that they do not meet the criteria to be categorised as a high net worth, sophisticated or restricted investor, as applicable.

Fourth condition: appropriateness

4.12A.27 G

- (1) The fourth condition is relevant if the recipient of the *direct offer* financial promotion makes an application or order for a restricted mass market investment in response to that direct offer financial promotion.
- (2) The fourth condition requires a restricted mass market investment to be assessed as appropriate for a retail client before an application or order is processed. The rules and guidance are not prescriptive as to how such an assessment is undertaken. The condition is designed to ensure that retail clients are only able to invest in restricted mass market investments which they have the knowledge and experience to understand, particularly in relation to the risks. Appropriateness processes should be designed to this end.

4.12A.28 R

- (1) The fourth condition applies where the *firm* itself or the *person* who
 - (a) arrange or deal in relation to a non-readily realisable security;
 - (b) facilitate the retail client becoming a lender under a P2P agreement or a P2P portfolio; or
 - (c) arrange or deal in relation to a unit in a long-term asset fund, or issue such a unit; or
 - (d) transact in a qualifying cryptoasset, is aware, or ought reasonably to be aware, that an application or order is in response to the direct offer financial promotion.
- (2) The condition is that the *firm* or *person* in (1) will only process the application or order once it has assessed that the restricted mass market investment is appropriate for the retail client in compliance with the rules in ■ COBS 10 or ■ COBS 10A (as applicable) or equivalent requirements as modified and supplemented by ■ COBS 4.12A.30R to ■ COBS 4.12A.32R.

4.12A.29 G

- (1) If the person in COBS 4.12A.28R(1) is not a firm, the effect of ■ COBS 4.12A.28R(2) is that the *person* is required to undertake that assessment as if the *rules* in ■ COBS 10 or ■ COBS 10A applied to them.
- (2) The firm or person in COBS 4.12A.28R(1) can gather information for the purpose of assessing, and undertake its assessment of, whether a restricted mass market investment is appropriate for a retail client before the end of any 'cooling off period' required by ■ COBS 4.12A.18R.

4.12A.30 R

In the course of providing information regarding their knowledge and experience for the purpose of the appropriateness assessment required by ■ COBS 4.12A.28R, the retail client must not be provided with assistance, information, guidance or feedback which might affect the substance of the information that they provide.

4.12A.31 R

- (1) This rule applies if:
 - (a) a restricted mass market investment is assessed as not being appropriate for a particular retail client; and
 - (b) the assessment of appropriateness is based on a series of questions which the retail client is required to answer.
- (2) The retail client must not be informed of the particular answers which led to the restricted mass market investment being assessed as not appropriate for them.
- (3) Any further assessment of the appropriateness of that restricted mass market investment for that retail client must not be based on the same questions as were used for the purpose of a previous assessment of the appropriateness of that restricted mass market investment for that retail client.

4.12A.32 R

- (1) This rule applies where a first and second assessment have both determined that a restricted mass market investment is not appropriate for a particular retail client.
- (2) Following the second, and each and every subsequent, determination that a restricted mass market investment is not appropriate for a retail client, any further assessment of the appropriateness of that restricted mass market investment for that retail client must not be undertaken for at least 24 hours.

4.12A.33 G

The effect of ■ COBS 4.12A.28R to ■ COBS 4.12A.32R is that:

- (1) direct offer financial promotions relating to restricted mass market investments may only be communicated, or approved for communication, to retail clients if any application or order received in response to that direct offer financial promotion will be fulfilled only where that restricted mass market investment has been assessed as being appropriate for that retail client;
- (2) if the assessment of appropriateness results in the provision of a warning (a determination that the restricted mass market investment is not appropriate for the retail client (■ COBS 10.3 or ■ COBS 10A.3)), then an order or application received in response to a direct offer financial promotion may not be fulfilled; and
- (3) the circumstances in which an assessment of appropriateness need not be undertaken (■ COBS 10.4 and ■ COBS 10A.4) are not relevant for the purpose of the fourth condition.

4.12A.34 G

When gathering information regarding a retail client's knowledge and experience for the purpose of assessing whether a restricted mass market investment is appropriate for that retail client, the firm or person undertaking the assessment should:

- (1) avoid asking the retail client questions that invite binary (yes/no) answers;
- (2) if asking multiple-choice questions, use questions which offer at least 3 plausible answers (excluding the option to answer 'do not know', or similar); and

(3) ensure that questions address matters that are relevant to the specific type of *investment* in which the *retail client* has expressed interest (see also ■ COBS 10.2.2R).

4.12A.35 G

- (1) A retail client should only be informed of the outcome of an appropriateness assessment once they have provided all of the information required for the assessment to be undertaken.
- (2) COBS 4.12A.31R(2) does not prevent a retail client from being informed of the broad reasons for which a restricted mass market investment was assessed not to be appropriate for them or of the nature of the deficiencies identified in their knowledge or experience. The rule is intended to prevent a retail client from being informed only of the questions within an assessment which led to a restricted mass market investment being assessed not to be appropriate such that the *client* is able simply to change their answer in any subsequent assessment without improving their own understanding.
- (3) For the purposes of COBS 4.12A.31R(3), any questions used to undertake a further assessment of appropriateness should be sufficiently different such that the retail client could not simply infer the answers that would lead to an assessment of appropriateness from the outcome of their responses to a previous set of guestions.
- (4) A firm should consider whether the particular features of a restricted mass market investment mean that an interval of greater than 24 hours should be applied following a second assessment (and any subsequent assessment) that that investment is not appropriate for a retail client (■ COBS 4.12A.32R(2)).
- (5) A retail client may be informed of the option to re-apply to buy a restricted mass market investment following a determination that the restricted mass market investment is not appropriate for them. However, the retail client should not be encouraged to do so.

Requirements of risk warnings and non-digital risk summaries

4.12A.36 R

- (1) The relevant risk warning in COBS 4.12A.11R(1) or (2) and the relevant risk summaries in ■ COBS 4.12A.11R(4)(b) and COBS 4.12A.20R(3)(a)(ii) must:
 - (a) be prominent, taking into account the content, size and orientation of the financial promotion as a whole;
 - (b) except where the risk warning cannot be provided in writing, be clearly legible, contained within its own border and with bold and underlined text as indicated in ■ COBS 4.12A.11R or COBS 4 Annex 1R.
- (2) The relevant risk warning in COBS 4.12A.11R(1) or (2) must, if the financial promotion is, or is to be, communicated by means of:
 - (a) a website or mobile application:
 - (i) be statically fixed and visible at the top of the screen, below anything else that also stays static, even when the retail client scrolls up or down the webpage; and
 - (ii) be included as described in (i) on each linked webpage on the website or page on the application relating to the relevant investment;

COBS 4/60

(b) a television broadcast, be prominently fixed on the screen for the duration of the broadcast.

4.12A.37 G

- (1) The FCA expects firms to take account of the latest version of the international Web Content Accessibility Guidelines (WCAG) accessibility standard when designing digital financial promotions and, in particular, how the risk warning will be displayed: https://www.w3.org/WAI/WCAG21/quickref/
- (2) Firms should have regard to the intended or likely recipients of a financial promotion. Where a firm considers that such persons are unlikely to have a good understanding of the English language, a risk warning or risk summary required by the rules in this section should be provided in an appropriate language in addition to English.

4.12A.38 R

The *financial promotion* must not contain any design feature which has the intent or effect of reducing the visibility or prominence of the risk warning or risk summary.

[Note: The FCA has also issued non-Handbook guidance on prominence in financial promotions. See https://www.fca.org.uk/publication/finalised-guidance/fg-fin-proms-prominence.pdf]

4.12A.39 G

For the purposes of ■ COBS 4.12A.38R, design features which might reduce the visibility or prominence of a risk warning or risk summary include, but are not limited to:

- (1) using a font size for the risk warning or risk summary that is smaller than the standard size used in the *financial promotion*;
- (2) using a background colour that does not sufficiently contrast the text or makes it difficult for the *client* to read the text;
- (3) fading the text of the risk warning or risk summary;
- (4) placing the risk warning or risk summary at the bottom of the promotion or embedding it within other standard information, for example legal information or the *firm's* contact details;
- (5) requiring additional links to be clicked in order for the full text of the risk warning to be seen;
- (6) using a font or background in the risk warning or risk summary in the same colours as the *firm's* brand, or using a font or background in the same colours as the rest of the *financial promotion*; and
- (7) using a font or background in the risk warning or risk summary in the same colour as other forms of disclosure and standard information; the colour of the font and background should distinguish the risk warning or risk summary from other forms of information.

Requirements of digital personalised risk warnings and digital risk summaries

4.12A.40 R

The relevant personalised risk warning in ■ COBS 4.12A.20R(2) and the relevant risk summaries in ■ COBS 4.12A.11R(3)(a)(ii) and ■ COBS 4.12A.20R(2)(b) must be:

- (1) prominently brought to the retail client's attention, taking into account the content, size and orientation of the financial promotion as a whole:
- (2) clearly legible, contained within its own border and with bold and underlined text as indicated in ■ COBS 4.12A.20R(1)(b), ■ COBS 4.12A.20R(1A)(b) and ■ COBS 4 Annex 1R;
- (3) statically fixed and visible in the middle of the screen; and
- (4) the main focus of the screen.

4.12A.41 G

- (1) The FCA expects firms to take account of the latest version of the international Web Content Accessibility Guidelines (WCAG) accessibility standard when designing digital financial promotions and, in particular, how the personalised risk warning or risk summary will be displayed: https://www.w3.org/WAI/WCAG21/quickref/
- (2) Firms should have regard to the intended or likely recipients of a financial promotion. Where a firm considers that such persons are unlikely to have a good understanding of the English language, a risk warning or risk summary required by the rules in this section should be provided in an appropriate language in addition to English.

4.12A.42 R

The financial promotion must not contain any design feature which has the intent or effect of reducing the visibility or prominence of the personalised risk warning or risk summary.

[Note: The FCA has also issued non-Handbook guidance on prominence in financial promotions. See https://www.fca.org.uk/publication/finalisedguidance/fg-fin-proms-prominence.pdf]

4.12A.43 G

For the purposes of ■ COBS 4.12A.42R, design features which might reduce the visibility or prominence of a personalised risk warning or risk summary include, but are not limited to:

- (1) using a font size for the personalised risk warning or risk summary that is smaller than the standard size used in the financial promotion;
- (2) using a background colour that does not sufficiently contrast the text or makes it difficult for the retail client to read the text:
- (3) fading the text of the personalised risk warning or risk summary;
- (4) placing the personalised risk warning or risk summary at the bottom of the promotion or embedding it within other standard information, for example legal information or the firm's contact details;
- (5) requiring additional actions to be taken by the retail client, such as requiring additional links to be clicked in order for the full text of the personalised risk warning or risk summary to be seen;
- (6) using a font or background in the risk warning in the same colours as the firm's brand, or using a font or background in the same colours as the rest of the financial promotion; and
- (7) using a font or background in the risk warning in the same colour as other forms of disclosure and standard information; the colour of the

font and background should distinguish the personalised risk warning or risk summary from other forms of information.

.....

Risk summaries

4.12A.44 R

Where a *rule* in this section requires a *firm* to communicate a risk summary selected from ■ COBS 4 Annex 1R, the *firm* must either:

- (1) (subject to COBS 4.12A.46R) provide the risk summary as it appears in COBS 4 Annex 1R; or
- (2) provide a version of the risk summary in COBS 4 Annex 1R in appropriately amended form, provided that:
 - (a) the firm has a valid reason for each amendment;
 - (b) the *firm* makes a record of each amendment and the reason for it;
 - (c) any alternative or additional text is in plain English; and
 - (d) the amended risk summary does not take longer than around 2 minutes to read.

4.12A.45 G

For the purposes of ■ COBS 4.12A.44R(2), the following reasons are considered to be valid:

- (1) the relevant part of the risk summary in COBS 4 Annex 1R would be misleading in relation to the particular *investment*;
- (2) the relevant part of the risk summary in COBS 4 Annex 1R would be irrelevant in relation to the particular *investment*;
- (3) the risk summary in COBS 4 Annex 1R does not include a risk that is relevant to the particular *investment* and it is appropriate for that further risk to be included;
- (4) the sole purpose of the relevant statement in the risk summary is to include a hyperlink to a webpage and the medium of communication does not permit the incorporation of a link;
- (5) the *firm* is required to adapt the risk summary in accordance with COBS 4.12A.11R(8) (Risk warning) or COBS 4.12A.20R(8) (Second condition: personalised risk warning).

This list is not exhaustive.

4.12A.46 R

■ COBS 4.12A.44R(1) does not apply to a *firm* which communicates a risk summary relating to *units* in an *LTAF* (see ■ COBS 4.12A.11R(8) (Risk warning) and ■ COBS 4.12A.20R(8) (Second condition: personalised risk warning)).

4.12A.47 G

A firm communicating a risk summary relating to units in an LTAF (see ■ COBS 4 Annex 1R(7) (Risk summaries)) is required to adapt the risk summary to reflect the characteristics of the relevant LTAF, particularly the dealing arrangements for the LTAF and the applicable notice period (see ■ COBS 4.12A.11R(8) (Risk warning) and ■ COBS 4.12A.20R(8) (Second condition: personalised risk warning)). Other amendments may also be appropriate.

When amending the risk summary, the firm will need to comply with ■ COBS 4.12A.44R(2).

COBS 4/64

- (4) regulation 19 of the Electronic Commerce and Solvency 2 (Amendment etc.) (EU Exit) Regulations 2019.
- 4.12B.3 R Throughout this section, references to a *firm* include a *TP firm* and a *Gibraltar-based firm*.
- 4.12B.4 R
- This section does not apply to:
 - (1) excluded communications; or
 - (2) financial promotions to the extent that they relate to local authority securities.

G

Purpose and overview of the rules

4.12B.5

- (1) The rules in this section are intended to ensure that financial promotions relating to non-mass market investments are not communicated to ordinary retail investors. They do not apply to excluded communications, to financial promotions to the extent that they relate to local authority securities or to financial promotions insofar as they are directed at clients other than retail clients.
- (2) The rules in this section reflect the often complex and high-risk nature of non-mass market investments.
- (3) The rules in this section therefore restrict firms from approving or communicating financial promotions in relation to non-mass market investments which are addressed to, or disseminated in such a way that they are likely to be received by, a retail client, subject to certain exemptions.
- (4) The exemptions referred to in (3) are set out in COBS 4.12B.7R(5).
- (5) (a) Firms must also comply with COBS 4.12B.7R(1)(b) and the rules in ■ COBS 4.12B.14R to ■ COBS 4.12B.30R (see (b) below) where:
 - (i) the financial promotion relates to a non-mass market investment; and
 - (ii) the firm wishes to rely on exemptions 9 (certified high net worth investors), 10 (certified sophisticated investors) or 11 (self-certified sophisticated investors).
 - (b) COBS 4.12B.7R(1)(b) and COBS 4.12B.14R to COBS 4.12B.31G cover:
 - (i) preliminary assessment of suitability (in relation to exemptions 9 and 11);
 - (ii) personalised risk warning, risk summary and cooling off period;
 - (iii) risk warnings; and
 - (iv) monetary and non-monetary incentives.
- (5A) COBS 4.12B.17R requires that a financial promotion which relates to a non-mass market investment does not offer to any retail client any form of incentive. The purpose of this *rule* is to ensure that retail clients are not persuaded or incited to engage in investment activity relating to a non-mass market investment other than by reference to the features of the investment activity that is the subject of the financial promotion.
 - (6) Where the financial promotion relates to a speculative illiquid security, firms must also comply with ■ COBS 4.12B.32R, ■ COBS 4.12B.33R and ■ COBS 4.12B.35R which relate to the disclosure of costs, charges and commission.
 - (7) The table below explains how the rules apply and to which non-mass market investments the rules apply, after the provisions in ■ COBS 4.12B.4R have been applied.

Promotion of non-mass market investments

4.12B.6

- R
- (1) A firm must not communicate or approve a financial promotion which relates to a non-mass market investment where that financial promotion is addressed to, or disseminated in such a way that it is likely to be received by, a retail client.
- (2) The restriction in (1) is subject to COBS 4.12B.7R and does not apply to units in unregulated collective investment schemes, which are subject to a statutory restriction on promotion in section 238 of the Act.

Exemptions from the restrictions on the promotion of nonmass market investments

4.12B.7

- R
- (1) The restriction in COBS 4.12B.6R does not apply if the following conditions are met:
 - (a) the financial promotion falls within an applicable exemption in the first column in the table in (5) because either:
 - (i) it is made to, or directed at, only those recipients whom the firm communicating the financial promotion has taken reasonable steps to establish are persons in the second column of the table: or
 - (ii) the firm approving the financial promotion has taken reasonable steps to establish that the financial promotion will be made to, or directed at, only those recipients who are persons in the second column of the table;
 - (b) where the third column of the table refers to the need for a preliminary assessment of suitability, that assessment is undertaken before the financial promotion is made to or directed at the recipient;

- (c) the *firm* complies with the relevant *rules* in COBS 4.12B.14R to 4.12B.35R relating to the use of exemptions 9 (certified high net worth investors), 10 (certified sophisticated investors) or 11 (self-certified sophisticated investors), as provided by COBS 4.12B.7R(5).
- (2) For the purposes of COBS 4.12B.7R(1)(a), a firm will have taken reasonable steps to establish that the recipients of the financial promotion are persons in the second column of the table where the firm has:
 - (a) obtained the relevant completed certificate from the *retail client*; and
 - (b) satisfied itself that the *retail client's* completion of the certificate evidences that the *retail client* meets the criteria to be certified as such.
- (3) Where a firm approves or communicates a financial promotion the preliminary assessment of suitability required by COBS 4.12B.7R(1)(b) must be undertaken by that firm.
- (4) A firm may rely on more than one exemption in relation to the same financial promotion.

4.12B.8

R

A firm may communicate an invitation or inducement to participate in an unregulated collective investment scheme without breaching the restriction on promotion in section 238 of the Act if the promotion falls within an exemption in the table in ■ COBS 4.12B.7R(5) and is in accordance with ■ COBS 4.12B.7R(1).

Advice and preliminary assessment of suitability

4.12B.9 G

- (1) Where a firm communicates any promotion of a non-mass market investment in the context of advice, it should have regard to and comply with its obligations under ■ COBS 9 or ■ 9A (as applicable). Firms should also be mindful of the appropriateness requirements in ■ COBS 10 and ■ 10A which apply to a wide range of non-advised services.
- (2) (a) The effect of COBS 4.12B.7R(1)(b) is that where a firm wishes to rely on exemptions 9 (certified high net worth investors) or 11 (self-certified sophisticated investors), as provided by ■ COBS 4.12B.7R(5), the preliminary assessment of suitability must be undertaken before promotion of the non-mass market investment is made to or directed at clients (in addition to other requirements). Where a firm approves or communicates a financial promotion the preliminary assessment of suitability must be undertaken by that firm as required by ■ COBS 4.12B.7R(3).
 - (b) There is no duty to communicate the preliminary assessment of suitability to the *client*. If the *firm* does so, it must not do so in a way that amounts to making a personal recommendation unless it complies with the rules in ■ COBS 9 or ■ 9A (as applicable) on suitability.
 - (c) The requirement for a preliminary assessment of suitability does not extend to a full suitability assessment, unless advice is being offered in relation to the non-mass market investment being promoted, in which case the requirements in ■ COBS 9 or ■ 9A apply (as applicable). However, it requires that the firm takes reasonable steps to acquaint itself with the client's profile and objectives in order to ascertain whether the non-mass market investment under contemplation is likely to be suitable for that client. The firm should not promote the non-mass market investment to the client if it does not consider it likely to be suitable for that *client* following such preliminary assessment.

COBS 4/74

Promotions to certified high net worth investors, certified sophisticated investors or self-certified sophisticated investors

4.12B.10 R

- (1) COBS 4.12B.10R to COBS 4.12B.31G apply to *financial promotions* which:
 - (a) relate to non-mass market investments; and
 - (b) are communicated, or are to be communicated, to certified high net worth investors, certified sophisticated investors or selfcertified sophisticated investors for the purposes of the exemptions in ■ COBS 4.12B.7R(5).
- (2) A *firm* may only rely on exemptions 9 (certified high net worth investors), 10 (certified sophisticated investors) or 11 (self-certified sophisticated investors) to:
 - (a) communicate a financial promotion to which this rule applies if the firm has complied with the rules in COBS 4.12B.14R to COBS 4.12B.35R, as appropriate; or
 - (b) approve for communication a financial promotion to which this rule applies if the firm is satisfied that the rules in
 COBS 4.12B.14R to COBS 4.12B.35R, as appropriate, will be satisfied in relation to each communication of the financial promotion.
- (3) The conditions in COBS 4.12B.14R (personalised risk warning) and COBS 4.12B.15R (cooling off period) do not need to be satisfied if the retail client has previously received a financial promotion relating to a non-mass market investment from the same person as would otherwise need to satisfy them.

4.12B.11 G

Where a *firm* is relying on exemptions 9 (certified high net worth investors), 10 (certified sophisticated investors) or 11 (self-certified sophisticated investors), in accordance with ■ COBS 4.12B.7R(1)(a), it must first take reasonable steps to establish that the *retail client* falls into one of those categories and then the *firm* must undertake a preliminary assessment of suitability in accordance with ■ COBS 4.12B.7R(1)(b), where relevant. Once a *firm* has completed these steps, it must comply with the *rules* in ■ COBS 4.12B.14R to ■ COBS 4.12B.35R.

4.12B.12 G

The effect of ■COBS 4.12B.10R(3) and related provisions in this section is that a personalised risk warning and cooling off period are only required on the first occasion that a firm, or other person communicating a financial promotion, communicates a financial promotion relating to a non-mass market investment to a particular retail client.

Risk summaries

4.12B.13 R

Where a *rule* in this section requires a *firm* to communicate a risk summary selected from ■ COBS 4 Annex 1R, the *firm* must either:

- (1) provide the risk summary as it appears in COBS 4 Annex 1R; or
- (2) provide a version of the risk summary in COBS 4 Annex 1R in appropriately amended form, provided that:
 - (a) the firm has a valid reason for each amendment;

(b) the firm makes a record of each amendment and the reason for

- (c) any alternative or additional text is in plain English; and
- (d) the amended risk summary does not take longer than around 2 minutes to read.

4.12B.13A G

For the purposes of ■ COBS 4.12B.13R(2), the following reasons are considered to be valid:

- (1) the relevant part of the risk summary in COBS 4 Annex 1R would be misleading in relation to the particular investment;
- (2) the relevant part of the risk summary in COBS 4 Annex 1R would be irrelevant in relation to the particular investment;
- (3) the risk summary in COBS 4 Annex 1R does not include a risk that is relevant to the particular *investment*, and it is appropriate for that further risk to be included;
- (4) the sole purpose of the relevant statement in the risk summary is to include a hyperlink to a webpage and the medium of communication does not permit the incorporation of a link.

This list is not exhaustive.

Prior conditions for communication to certified high net worth investors, certified sophisticated investors or self-certified sophisticated investors

4.12B.14 R

- (1) The first condition is that before communicating the financial promotion, the firm, or other person communicating the financial promotion:
 - (a) obtains the retail client's full name; and
 - (b) having obtained the retail client's name, communicates to that retail client the following personalised risk warning:

[Client name], this is a high-risk investment. How would you feel if you lost the money you're about to invest? Take 2 mins to learn more.

- (2) If the financial promotion is, or is to be, communicated by means of a website, mobile application or other digital medium, the personalised risk warning in (1)(b) must:
 - (a) be clearly brought to the retail client's attention by means of a pop-up box (or equivalent);
 - (b) include a link which, when activated, delivers an appropriate risk summary in a further pop-up box (or equivalent):
 - (i) relating to the type of non-mass market investment that is the subject of the financial promotion; and
 - (ii) selected from COBS 4 Annex 1R; and
 - (c) be accompanied by an invitation to the retail client to specify whether they wish to:
 - (i) leave the investment journey; or

- (ii) continue to receive the financial promotion.
- (3) If the *financial promotion* is, or is to be, *communicated* other than by means of a website, mobile application or other digital medium:
 - (a) the personalised risk warning in (1)(b) must be:
 - (i) provided to the *retail client* omitting the words "Take 2 mins to learn more"; and
 - (ii) accompanied by an appropriate risk summary in a durable medium relating to the type of non-mass market investment that is the subject of the financial promotion selected from COBS 4 Annex 1R; and
 - (b) the *retail client* must then be invited to specify whether they wish to:
 - (i) leave the investment journey; or
 - (ii) continue to receive the financial promotion.
- (4) The options in 2(c) and (3)(b) must be presented with equal prominence.
- (5) The condition is only satisfied if the *retail client* specifies that they wish to continue to receive the *financial promotion*.
- (6) This rule does not apply to a financial promotion of a closed-ended investment fund applying for, or with, a listing in the closed-ended investment funds category and which complies with the requirements of ■UKLR 11.
- (7) The personalised risk warning required by (2)(a) and the risk summary required by (2)(b) must comply with COBS 4.12B.28R and COBS 4.12B.30R.
- (8) The risk summary required by (3)(a)(ii) must comply with COBS 4.12B.24R and COBS 4.12B.26R.

4.12B.15 R

- (1) The second condition applies if a retail client requests to view a financial promotion of a non-mass market investment (including of a security in a closed-ended investment fund applying for, or with, a listing in the closed-ended investment funds category and which complies with the requirements of UKLR 11).
- (2) The second condition is that, before *communicating* the *financial* promotion, the *firm* or other person communicating the *financial* promotion:
 - (a) allows a period of at least 24 hours (the 'cooling off period') to elapse;
 - (b) following the lapse of time in (a), invites the *retail client* to specify whether they wish to:
 - (i) leave the investment journey; or
 - (ii) continue to receive the financial promotion; and
 - (c) the *retail client* specifies that they wish to continue to receive the *financial promotion*.
- (3) The options in (2)(b) must be presented with equal prominence.

4.12B.16 G

■ COBS 4.12B.15R does not prevent the *person* who is subject to it from engaging with the retail client during the cooling off period. This includes for the purposes of providing the *client* with the personalised risk warning required by ■ COBS 4.12B.14R and obtaining the information necessary to undertake the preliminary assessment of suitability required by COBS 4.12B.7R(1)(b).

Restrictions on monetary and non-monetary incentives

4.12B.17 R

- (1) A firm must not communicate or approve a financial promotion which relates to a non-mass market investment and which offers to a retail client any monetary or non-monetary incentive.
- (2) The rule in (1) does not apply to a product or service produced or provided by the person, or a member of the group of the person, who will benefit from the proceeds of the investment.
- (3) The rule in (1) does not apply where the incentive is:
 - (a) offered for the exclusive purpose of encouraging a retail client to transfer their existing holding of one or more non-mass market investments from an existing arrangement with one person to a different arrangement with another person; and
 - (b) not structured in such a way as to encourage further investment in any non-mass market investment.

4.12B.18 G

For the purposes of ■ COBS 4.12B.17R monetary and non-monetary incentives include, but are not limited to:

- (1) offering bonuses when investing in a non-mass market investment;
- (2) offering bonuses where the client refers another person;
- (3) offering cashback when investing in a non-mass market investment;
- (4) offering discounts or rebates on fees paid that are linked to volumes of trades made in non-mass market investments;
- (5) offering free gifts once an investment in a non-mass market investment has been made such as laptops or mobile telephones; or
- (6) offering any additional free *investments* or offering discounts on investments.

4.12B.19 G

- (1) Information and research tools do not constitute non-monetary incentives.
- (2) Lower fees or charges not linked to volumes of trades, made available to all retail clients, do not constitute a monetary incentive.
- (3) The effect of COBS 4.12B.17R(3) is that a financial promotion may offer an incentive to transfer an existing holding of a non-mass market investment (for example, from one platform to another). However, the incentive must relate solely to the transfer and must not be used to encourage retail clients to otherwise engage in investment activity in relation to non-mass market investments.

4.12B.19A G

Subject to ■ COBS 4.12B.18G and ■ COBS 4.12B.19G, the following factors are relevant in determining whether a benefit is an incentive:

- (1) A benefit which is intrinsically connected with the *investment* or investment activity that is the subject of the *financial promotion* is unlikely to constitute an incentive for example, voting rights which are carried by a share. However, a benefit which is entirely separable from the *investment* or investment activity that is the subject of the *financial promotion* is likely to be an incentive.
- (2) A benefit which is only available for a fixed period of time, or is contingent upon investing in a *non-mass market investment* in the future, is likely to constitute an incentive. This would not include, for example, a benefit which is offered in connection with a specified event such as the first close of an investment.
- (3) A benefit which is only available to *retail clients* who invest through a particular medium is likely to constitute an incentive for example, a benefit which is only offered to *retail clients* who invest via a social media link.

4.12B.19B G

- (1) COBS 4.12B.17R applies irrespective of the nature of the investment activity. This means that the *rule* applies not only in relation to incentives to *buy non-mass market investments* but also, for example, to incentives to enter into agreements for the purposes of transacting in *non-mass market investments*.
- (2) The rationale for offering the incentive is immaterial. This means that the *rule* applies to incentives which are intended, for example, to encourage *retail clients* to make investments ahead of the end of the tax year.

Risk warning to be included in the financial promotion

4.12B.20 R

A firm must not communicate or approve a financial promotion which relates to a non-mass market investment unless it contains a risk warning that complies with COBS 4.12B.21R.

4.12B.21 R

(1) For the purposes of ■ COBS 4.12B.20R the *financial promotion* must contain the following risk warning:

Don't invest unless you're prepared to lose all the money you invest. This is a high-risk investment and you are unlikely to be protected if something goes wrong.

(2) Where the number of characters contained in the risk warning in (1) exceeds the number of characters permitted by a third-party marketing provider, the following risk warning must be used:

Don't invest unless you're prepared to lose all the money you invest.

- (3) Where the *financial promotion* is, or is to be, *communicated* by way of a website, mobile application or other digital medium:
 - (a) the risk warning in (1) or (2) must also include a link:
 - (i) in the form of the text: Take 2 mins to learn more; and

- (ii) which, when activated, delivers an appropriate risk summary in a pop-up box (or equivalent) relating to the type of nonmass market investment that is the subject of the financial promotion selected from ■ COBS 4 Annex 1R;
- (b) the link required by (3)(a) need not be:
 - (i) in the form required by 3(a)(i) if the inclusion of that additional text would exceed the number of characters permitted by a third-party marketing provider;
 - (ii) provided if the medium of communication does not allow the incorporation of a link.
- (4) Where the financial promotion is communicated other than by way of a website, mobile application or other digital medium (and including where the financial promotion is a real time financial promotion), the risk warning in (1) must be:
 - (a) provided:
 - (i) in a durable medium; or
 - (ii) if the medium of communication means that the risk warning cannot be provided in a durable medium, in a manner appropriate to the medium of communication; and
 - (b) however the financial promotion is communicated, accompanied by an appropriate risk summary in a durable medium relating to the type of non-mass market investment that is the subject of the financial promotion selected from ■ COBS 4 Annex 1R.
- (5) (a) A firm must omit the words "and you are unlikely to be protected if something goes wrong" from the risk warning required by (1) if the conditions in (b) apply.
 - (b) The conditions are that:
 - (i) the financial promotion relates to an investment:
 - (A) that is issued by; or
 - (B) the provision of which involves a,
 - participant firm or an appointed representative of a participant firm; and
 - (ii) the activity of the person in (i) is of a type that could give rise to a protected claim.
 - (c) A firm that omits the words in (a) must make a record of the basis on which the conditions in (b) are met.
- (6) This rule does not apply to a financial promotion of a closed-ended investment fund applying for, or with, a listing in the closed-ended investment funds category and which complies with the requirements of ■ UKLR 11.
- (7) The risk warning required by (1) or (2) and the risk summary required by (4)(b) must comply with ■ COBS 4.12B.24R and ■ COBS 4.12B.26R.
- (8) The risk summary required by (3)(a)(ii) must comply with ■ COBS 4.12B.28R and ■ COBS 4.12B.30R.

4.12B.22 G

- (1) Reference in COBS 4.12B.21R(5)(b)(i)(B) to the 'provision' of an investment is to a person developing, managing or packaging an investment such as an operator. It does not refer to persons involved in distributing, or intermediating the sale of, an investment such as a financial adviser or a person arranging investments.
- (2) A *firm* relying on COBS 4.12B.21R(5) should consider obtaining external legal advice (from legal advisers with relevant expertise and experience) on the appropriateness of omitting the words in that *rule* from a risk warning. Any such advice should be recorded as part of the *firm*'s compliance with COBS 4.12B.21R(5)(c).

4.12B.23 G

Even where it is not possible to provide a risk warning in a durable medium (for example, because the financial promotion is a real time financial promotion), the recipient of the financial promotion must still be provided with an appropriate risk summary in a durable medium at or around the time that the financial promotion is communicated (COBS 4.12B.21R(4)).

Requirements of risk warnings and non-digital risk summaries

4.12B.24 R

- (1) The relevant risk warning in COBS 4.12B.21R(1) or (2) and the relevant risk summaries in COBS 4.12B.14R(3)(a)(ii) and COBS 4.12B.21R(4)(b) must:
 - (a) be prominent, taking into account the content, size and orientation of the *financial promotion* as a whole;
 - (b) except where the risk warning cannot be provided in writing, be clearly legible, contained within its own border and with bold and underlined text as indicated in ■ COBS 4.12B.21R or ■ COBS 4 Annex 1R.
- (2) The relevant risk warning in COBS 4.12B.21R(1) or (2) must, if the *financial promotion* is, or is to be, *communicated* by means of a website or mobile application:
 - (a) be statically fixed and visible at the top of the screen, below anything else that also stays static, even when the *retail client* scrolls up or down the webpage; and
 - (b) be included as described in (a) on each linked webpage on the website or page on the application relating to the *non-mass* market investment.

4.12B.25 G

The FCA expects firms to take account of the latest version of the international Web Content Accessibility Guidelines (WCAG) accessibility standard when designing how the risk warning will be displayed: https://www.w3.org/WAI/WCAG21/quickref/

4.12B.26 R

The *financial promotion* must not contain any design feature which has the intent or effect of reducing the visibility or prominence of the risk warning or risk summary.

[Note: The FCA has also issued non-Handbook guidance on prominence in financial promotions. See https://www.fca.org.uk/publication/finalised-guidance/fg-fin-proms-prominence.pdf]

4.12B.27 G

For the purposes of ■ COBS 4.12B.26R, design features which might reduce the visibility or prominence of a risk warning or risk summary include, but are not limited to:

- (1) using a font size for the risk warning or risk summary that is smaller than the standard size used in the financial promotion;
- (2) using a background colour that does not sufficiently contrast the text or makes it difficult for the client to read the text;
- (3) fading the text of the risk warning or risk summary;
- (4) placing the risk warning or risk summary at the bottom of the promotion or embedding it within other standard information, for example legal information or the firm's contact details;
- (5) requiring additional links to be clicked in order for the full text of the risk warning to be seen;
- (6) using a font or background in the risk warning or risk summary in the same colours as the firm's brand, or using a font or background in the same colours as the rest of the financial promotion; and
- (7) using a font or background in the risk warning or risk summary in the same colour as other forms of disclosure and standard information; the colour of the font and background should distinguish the risk warning or risk summary from other forms of information.

Requirements of digital personalised risk warnings and digital risk summaries

4.12B.28 R

The relevant personalised risk warning in ■ COBS 4.12B.14R(2) and the relevant risk summaries in ■ COBS 4.12B.14R(2)(b) and ■ COBS 4.12B.21R(3)(a)(ii) must be:

- (1) prominently brought to the retail client's attention, taking into account the content, size and orientation of the financial promotion as a whole:
- (2) clearly legible, contained within its own border and with bold and underlined text as indicated in ■ COBS 4.12B.14R(1)(b) and COBS 4 Annex 1R:
- (3) statically fixed and visible in the middle of the screen; and
- (4) the main focus of the screen.

4.12B.29 G

The FCA expects firms to take account of the latest version of the international Web Content Accessibility Guidelines (WCAG) accessibility standard when designing how the personalised risk warning or risk summary will be displayed: https://www.w3.org/WAI/WCAG21/quickref/

4.12B.30

The financial promotion must not contain any design feature which has the intent or effect of reducing the visibility or prominence of the personalised risk warning or risk summary.

[Note: The FCA has also issued non-Handbook guidance on prominence in financial promotions. See https://www.fca.org.uk/publication/finalisedguidance/fg-fin-proms-prominence.pdf]

4.12B.31 G

For the purposes of ■ COBS 4.12B.30R, design features which might reduce the visibility or prominence of a personalised risk warning or risk summary include, but are not limited to:

- (1) using a font size for the personalised risk warning or risk summary that is smaller than the standard size used in the *financial promotion*;
- (2) using a background colour that does not sufficiently contrast the text or makes it difficult for the *retail client* to read the text;
- (3) fading the text of the personalised risk warning or risk summary;
- (4) placing the personalised risk warning or risk summary at the bottom of the promotion or embedding it within other standard information, for example legal information or the *firm's* contact details;
- (5) requiring additional actions to be taken by the *retail client*, such as requiring additional links to be clicked in order for the full text of the personalised risk warning or risk summary to be seen;
- (6) using a font or background in the risk warning in the same colours as the *firm's* brand, or using a font or background in the same colours as the rest of the *financial promotion*; and
- (7) using a font or background in the risk warning in the same colour as other forms of disclosure and standard information; the colour of the font and background should distinguish the personalised risk warning or risk summary from other forms of information.

Further requirement to include a statement of costs, charges and commission where the financial promotion relates to speculative illiquid securities

4.12B.32 R

A firm must not communicate or approve a financial promotion which relates to a speculative illiquid security to, or for communication to, a retail client unless it contains statements that comply with COBS 4.12B.33R.

4.12B.33 R

For the purposes of ■ COBS 4.12B.32R, the *financial promotion* must contain:

- (1) a statement which expresses as a percentage the total amount of the capital raised by the issue of the *speculative illiquid security* which will be paid out in costs, fees, charges and commissions and other expenses to any third party;
- (2) a statement which expresses as a cash sum the percentage referred to in (1) above; and
- (3) in addition to the statements in (1) and (2) above, a statement which provides a breakdown of the actual or potential expenditure to be paid out of an investor's capital and details of the third party (or parties) who will receive it.

4.12B.34 G

- (1) There is an illustration of how a *firm* should comply with COBS 4.12B.33R(2) in (2) below.
- (2) Where a *firm* pays 30% of the total amount of capital raised by the issue of *speculative illiquid securities* towards costs, fees, charges and

commissions and other expenses to any third party, the statement should say: "For every £100 you invest, £30 will be paid to third parties to meet costs, fees, charges and commissions."

4.12B.35 R

The statements providing the percentage figure in ■ COBS 4.12B.33R(1) and the cash sum in ■ COBS 4.12B.33R(2) must:

- (1) be prominent;
- (2) be contained together within their own border and with bold text;
- (3) immediately follow the most prominent reference to the expected return on the speculative illiquid security; an
- (4) be published so that they are clearly legible against a neutral background.

4.12B.36 G

The statement providing the breakdown of expenditure in ■ COBS 4.12B.33R(3) should be included in the *financial promotion* in a clear and prominent way.

4.12B.37 G

The purpose of the statements required by ■ COBS 4.12B.33R is to enable an investor to consider the proportion of capital raised by an issue of a speculative illiquid security that will not be invested. This information should help the investor to assess the risk that the issuer will be unable to pay any advertised interest payments, other income or otherwise to repay the investor's capital at maturity.

Definition of sophisticated and high net worth investors

4.12B.38 R

A certified high net worth investor is an individual who has completed and signed, within the period of twelve months ending on the day on which the communication is made, a statement in the terms set out in COBS 4 Annex 2R, and whose completion of the statement indicates that they meet the relevant criteria to be categorised as such.

4.12B.39

A certified sophisticated investor is an individual:

- (1) who has a written certificate signed within the last 36 months by a firm confirming they have been assessed by that firm as sufficiently knowledgeable to understand the risks associated with engaging in investment activity in non-mass market investments; and
- (2) who has completed and signed, within the period of twelve months ending on the day on which the communication is made, a statement in the terms set out in ■ COBS 4 Annex 3R, and whose completion of the statement indicates that they meet the relevant criteria to be categorised as such.

4.12B.40 R

A self-certified sophisticated investor is an individual who has completed and signed, within the period of twelve months ending on the day on which the communication is made, a statement in the terms set out in COBS 4 Annex 4R, and whose completion of the statement indicates that they meet the relevant criteria to be categorised as such.

4.12B.41 G

Where the *financial promotion* will relate to more than one type of *non*mass market investment, the retail client may sign a combined statement that meets the requirements in ■ COBS 4 Annex 2R to ■ COBS 4 Annex 4R, as applicable, in respect of each type of non-mass market investment to which the financial promotion will relate.

4.12B.42 R

A firm must not:

- (1) influence, or seek to influence, the information that a retail client provides when completing a certificate for the purposes of ■ COBS 4.12B.38R to ■ COBS 4.12B.40R; or
- (2) encourage a retail client to complete a further certificate in the event that a *client's* signed certificate indicates that they do not meet the criteria to be categorised as a certified high net worth investor, certified sophisticated investor or self-certified sophisticated investor, as applicable.

Sophisticated and high net worth investors: guidance on certification by authorised person and reliance on selfcertification

4.12B.43 G

- (1) A firm which wishes to rely on any of the certified high net worth investor exemptions (see Part I of the Schedule to the Promotion of Collective Investment Schemes Order, Part I of Schedule 5 to the Financial Promotion Order and ■ COBS 4.12B.38R) should have regard to its duties under the Principles and the client's best interests rule. In particular, the firm should take reasonable steps to ascertain that the retail client does, in fact, meet the income and net assets criteria set out in the relevant statement for certified high net worth investors.
- (2) In addition, the firm should consider whether the promotion of the non-mass market investment is in the interests of the retail client and whether it is fair to make the promotion to that *client* on the basis that the client is a certified high net worth investor, having regard to the generally complex nature of non-mass market investments. A retail client who meets the criteria for a certified high net worth investor but not for a certified sophisticated investor may be unable to properly understand and evaluate the risks of the non-mass market investment in question.

4.12B.44 G

- (1) A firm which is asked to or proposes to assess and certify a retail client as a certified sophisticated investor (see article 23 of the Promotion of Collective Investment Schemes Order, article 50 of the Financial Promotion Order and ■ COBS 4.12B.39R) should have regard to its duties under the Principles and the client's best interests rule. In particular, the firm should carry out that assessment with due skill, care and diligence, having regard to the generally complex nature of non-mass market investments and the level of experience, knowledge and expertise that the retail client being assessed must possess in order to be fairly and reasonably assessed and certified as a sophisticated investor.
- (2) (a) For example, a retail client whose investment experience is limited to mainstream investments such as regularly traded securities issued by listed companies, life policies or units in

- regulated collective investment schemes (other than qualified investor schemes) is generally unlikely to possess the requisite knowledge to adequately understand the risks associated with investing in non-mass market investments.
- (b) In exceptional circumstances, however, the retail client may have acquired the requisite knowledge through means other than their own investment experience, for example, if the retail client is a professional of several years' experience with the design, operation or marketing of complex investments such as options, futures, contracts for differences or non-mass market investments.

4.12B.45 G

- (1) A firm which wishes to rely on any of the self-certified sophisticated investor exemptions (see Part II of the Schedule to the Promotion of Collective Investment Schemes Order, Part II of Schedule 5 to the Financial Promotion Order and ■ COBS 4.12B.40R) should have regard to its duties under the *Principles* and the *client's best interests rule*. In particular, the firm should consider whether the promotion of the non-mass market investment is in the interests of the client and whether it is fair to make the promotion to that *client* on the basis of self-certification.
- (2) For example, it is unlikely to be appropriate for a firm to make a promotion under any of the self-certified sophisticated investor exemptions without first taking reasonable steps to satisfy itself that the investor does in fact have the requisite experience, knowledge or expertise to understand the risks of the non-mass market investment in guestion. A retail client who meets the criteria for a self-certified sophisticated investor but not for a certified sophisticated investor may be unable to properly understand and evaluate the risks of a non-mass market investment.

One-off promotions

4.12B.46 G

- (1) A firm which wishes to rely on one of the one-off promotion exemptions provided by the Promotion of Collective Investment Schemes Order or the Financial Promotion Order to promote a nonmass market investment to a retail client should have regard to its duties under the Principles and the client's best interests rule. In particular, the firm should consider whether the financial promotion of the non-mass market investment is in the interests of the client and whether it is fair to make the financial promotion to that client on the basis of a one-off promotion exemption.
- (2) The one-off promotion exemptions permit the promotion of investments to *clients* under certain conditions (see ■ PERG 8.14.3G to ■ PERG 8.14.13G for *quidance* on the scope of the one-off exemptions in the Financial Promotion Order). Firms should note that, in the FCA's view, promotion of a non-mass market investment to a retail client who is not a certified high net worth investor, a certified sophisticated investor or a self-certified sophisticated investor is unlikely to be appropriate or in that client's best interests.

Qualified investor schemes

4.12B.47 G

(1) A firm which wishes to promote units in a qualified investor scheme

to a retail client in circumstances where the firm considers the

financial promotion to be an excluded communication (see COBS 4.12B.4R(1)) should have regard to its duties under the Principles and the client's best interests rule.

(2) As explained in ■COLL 8.1, qualified investor schemes are intended only for professional clients and retail clients who are sophisticated investors. Firms should note that, in the FCA's view, promotion of units in a qualified investor scheme to a retail client who is not a certified sophisticated investor or a self-certified sophisticated investor is unlikely to be appropriate or in that client's best interests.

4.12B.48 G [deleted.]

Electronic documents

4.12B.49 G In this section:

- (1) any requirement that a document is signed may be satisfied by an electronic signature or electronic evidence of assent; and
- (2) any references to writing should be construed in accordance with

 GEN 2.2.14R and its related *quidance* provisions.

Definition of speculative illiquid security

4.12B.50 R

Subject to ■ COBS 4.12B.52R to ■ COBS 4.12B.54R, a speculative illiquid security is a debenture or preference share which:

- (1) has a denomination or minimum investment of less than £100,000 (or an equivalent amount as defined in COBS 4.12B.51R); and
- (2) has been issued, or is to be issued, in circumstances where the *issuer* or a member of the *issuer's group* uses, will use or purports to use some or all of the proceeds of the issue directly or indirectly for one or more of the following:
 - (a) the provision of loans or finance to any *person* other than a member of the *issuer's group*;
 - (b) buying or acquiring specified investments (whether they are to be held directly or indirectly);
 - (c) buying or acquiring investments other than specified investments (whether they are to be held directly or indirectly);
 - (d) buying real property or an interest in real property (whether it is to be held directly or indirectly);
 - (e) paying for or funding the construction of real property.

4.12B.51 R

For the purposes of ■ COBS 4.12B.50R(1):

- (1) an equivalent amount in relation to an amount denominated in any currency other than sterling is an amount of equal value denominated wholly or partly in another currency; and
- (2) the equivalent amount is to be calculated at the latest practicable date before (but in any event not more than three *business days* before) the date of the issue of *debentures* or *preference shares*.

4.12B.52 R

A debenture or preference share that does not otherwise fall within ■ COBS 4.12B.50R is not a speculative illiquid security by virtue only of the fact that the proceeds of the issue are used to buy or acquire specified investments as part of the ordinary cash management activities or treasury functions of an issuer (or its group) carrying on a general commercial or industrial purpose as defined in ■ COBS 4.12B.54R(1).

4.12B.53 R

For the purposes of ■ COBS 4.12B.50R, and notwithstanding the exemption for readily realisable securities in ■ COBS 4.12B.54R(3)(d), a debenture is also a speculative illiquid security if:

- (1) it meets the conditions set out in COBS 4.12B.50R; and
- (2) it:
 - (a) is admitted to official listing on an exchange in the *United* Kingdom or an EEA State; and
 - (b) is not regularly traded on or under the rules of such an exchange;
- (3) it:
 - (a) is a newly issued debenture which can be reasonably expected to be admitted to official listing on an exchange in the United Kingdom or an EEA State; and
 - (b) cannot reasonably be expected to be regularly traded on or under the rules of such an exchange when it begins to be traded.

4.12B.54 R

A debenture or preference share is not a speculative illiquid security where one or more of the exemptions in (1), (3) or (4) below applies.

- (1) This exemption applies where:
 - (a) the issuer or a member of the issuer's group uses the proceeds of the issue for the purpose of the activities in ■ COBS 4.12B.50R(2)(c) (buying or acquiring investments other than specified investments), (d) (buying real property or an interest in real property) or (e) (paying for or funding the construction of real property); and
 - (b) the relevant property or *investment* is or will be used by the issuer or a member of the issuer's group for a general commercial or industrial purpose which it carries on.
- (2) The exemption in (1) will not apply in respect of a debenture or preference share within ■ COBS 4.12B.50R(2)(d) or ■ (e) if the ability of the issuer to pay in relation to the debenture or preference share:
 - (a) any coupon or other income; and/or
 - (b) capital at maturity,

is wholly or predominantly linked to, contingent on, highly sensitive to, or dependent, on a return generated as a result of the matters referred to in ■ COBS 4.12B.50R(2)(d) or ■ (e).

- (3) This exemption applies where the debenture or preference share is:
 - (a) issued, or to be issued, by a credit institution;
 - (b) issued, or to be issued, by an investment trust;

- (c) a non-mainstream pooled investment;
- (d) a readily realisable security except for a debenture within
 COBS 4.12B.53R; or
- (e) a P2P agreement.
- (4) This exemption applies where:
 - (a) the issuer is:
 - (i) a property holding vehicle; or
 - (ii) a single-company holding vehicle;
 - (b) any financial promotions made relating to the investment comply with COBS 4.12A as appropriate; and
 - (c) any financial promotion made relating to a single-company holding vehicle clearly and prominently states which single company the investment relates to.

4.12B.55 R

- (1) For the purposes of COBS 4.12B.54R(1)(b), a general commercial or industrial purpose includes the following:
 - (a) a commercial activity, involving the purchase, sale and/or exchange of goods or commodities and/or the supply of services; or
 - (b) an industrial activity involving the production of goods; or
 - (c) a combination of (a) and (b).
- (2) For the purposes of COBS 4.12B.54R(1)(b), a general commercial or industrial purpose does not include:
 - (a) investment to generate a pooled return;
 - (b) property development or construction services; and
 - (c) hiring, leasing or rental services.

Guidance on general commercial or industrial purpose

4.12B.56 G

- (1) COBS 4.12B.50R provides that a debenture or preference share will fall within the definition of a speculative illiquid security where the proceeds of the issue are to be used by the issuer or a member of the issuer's group to fund various activities including buying or acquiring investments (other than specified investments) or the buying or construction of real property.
- (2) However, COBS 4.12B.54R(1) provides an exemption in cases where the *investments* (other than *specified investments*) that are bought or acquired, or the property which is bought or constructed are or will be used by the *issuer* or a member of the *issuer's group* for a general commercial or industrial purpose which it carries on.
- (3) General commercial or industrial purpose is defined in COBS 4.12B.55R.
- (4) The effect of the exemption in COBS 4.12B.54R(1) is that a debenture or preference share will not be a speculative illiquid security where the proceeds of the issue are used by the issuer or a member of the issuer's group to buy or acquire investments (other than specified

- investments), or to buy or construct real property, and the relevant investments or property are or will be used by the issuer or group member for the purposes of its own commercial or industrial activities. This is illustrated in the examples in (5) and (6) below.
- (5) In relation to COBS 4.12B.50R(2)(c) (buying or acquiring investments other than specified investments):
 - (a) where a company issues a debenture or preference share and uses the proceeds to purchase IT equipment for use in its business, to the extent that the IT equipment might be considered an investment, the debenture or preference share will benefit from the exemption because the IT equipment is used by the *company* for its own commercial activities (in this case, for use by its staff to provide services to customers);
 - (b) where a supermarket chain issues a debenture or preference share and uses the proceeds to purchase stock (for example wine) for sale as part of its retail business, to the extent that the wine might be considered an *investment*, the *debenture* or *preference* share will benefit from the exemption because the wine is used by the supermarket for its own commercial activities (in this case, to sell it on to its retail customers for a profit);
 - (c) where a company issues a debenture or preference share and uses the proceeds to buy or acquire art or fine wine as an investment, it will not benefit from the exemption because the art or fine wine will not be used by the company itself for its own commercial activities; if the art or fine wine is used to generate a pooled return, then the exemption would also not apply as a result of ■ COBS 4.12B.55R(2)(a); and
 - (d) where a company issues a debenture or preference share and uses the proceeds to purchase IT equipment for the purpose of hiring or leasing those out to another company, it will not benefit from the exemption because it is not using the IT equipment for its own commercial activities and hiring and leasing services are excluded from the definition of general commercial or industrial purpose as a result of COBS 4.12B.55R(2)(c).
- (6) In relation to COBS 4.12B.50R(2)(d) or (e) (buying or constructing real property):
 - (a) where a retailer issues a debenture or preference share and uses the proceeds to build a shop, the debenture or preference share will benefit from the exemption because the property is used by the retailer for its own commercial activities (in this case, the sale of goods);
 - (b) where a property developer issues a debenture or preference share and uses the proceeds to fund the costs of a property development or construction of property, which is intended to be sold or rented out for commercial purposes or as residential dwellings, it will not benefit from the exemption because the development will not be used by the developer itself, and property development and construction services are excluded from the definition of general commercial or industrial purpose (see ■ COBS 4.12B.55R(2)(b));
 - (c) where a company issues a debenture or preference share to fund the costs of constructing a power station which the company

intends to operate itself with a view to selling the electricity it produces, the *debenture* or *preference share* will benefit from the exemption (unless ■ COBS 4.12B.54R(2) applies). That is because it will use the property for its own commercial or industrial activities (generating electricity). However, *firms* should also consider ■ COBS 4.12B.54R(2) and the *quidance* in (7) below.

- (7) ■COBS 4.12B.54R(2) provides that the general commercial or industrial purposes exemption does not apply where the ability of the issuer to pay the *coupon* or other income or to repay capital on maturity in relation to the *debenture* or *preference share* is wholly or predominantly linked to, contingent on, highly sensitive to, or dependent on, a return generated as a result of the matters referred to in ■COBS 4.12B.50R(2)(d) or (e) (buying or construction of real property).
- (8) The effect of the above is that where a *company* issues a *debenture* or *preference share* for the purpose of buying real property, an interest in real property or funding the construction of a particular project and the *company's* ability to pay interest on the *debenture* or *preference share* or repay capital depends on the success of that purchase or project, the exemption in COBS 4.12B.54R(1) will not apply. In those circumstances, the *debenture* or *preference share* will be a *speculative illiquid security* unless one of the other exemptions in COBS 4.12B.54R applies.

4.13 **UCITS**

Application

- R 4.13.1
- (1) This section applies to a firm in relation to a communication to a client, including an excluded communication, that is a marketing communication within the meaning of the UCITS Directive.

[Note: recital (58) of the UCITS Directive]

Marketing communications relating to UCITS schemes

- 4.13.2 R
- (1) A firm must ensure that a marketing communication that comprises an invitation to purchase units in a UCITS scheme and that contains specific information about the scheme:

- (3) Where a UCITS scheme invests principally in units in collective investment schemes, deposits or derivatives, or replicates a stock or debt securities index in accordance with ■ COLL 5.2.31 R (Schemes replicating an index), the firm must ensure that a marketing

- communication relating to the *scheme* contains a prominent statement drawing attention to the investment policy.
- (4) Where the net asset value of a *UCITS scheme* or has, or is likely to have, high volatility owing to its portfolio composition or the portfolio management techniques that are or may be used, the *firm* must ensure that a marketing communication relating to the *scheme* contains a prominent statement drawing attention to that characteristic.

4.15 Promotion of OFR recognised schemes

Application

- 4.15.1 R
- (1) Subject to (2), this section applies to a *firm* in relation to the communication or approval of a *financial promotion* relating to an *OFR recognised scheme*.
- (2) This section does not apply to the extent that the *financial promotion* is an *excluded communication*.

Financial promotions of OFR recognised schemes

- 4.15.2 R
- A firm must not communicate or approve a financial promotion relating to an OFR recognised scheme unless the financial promotion clearly states that:
 - (1) the scheme is authorised overseas, but not in the United Kingdom;
 - (2) (subject to COBS 4.15.3R) the *Financial Ombudsman Service* is unlikely to be able to consider *complaints* related to the *scheme*, its *operator* or its *depositary*;
 - (3) any claims for losses relating to the *operator* and the *depositary* of the *scheme* are unlikely to be covered under the *compensation scheme*; and
 - (4) a prospective investor should consider getting financial advice before deciding to invest and should see the *prospectus* of the *scheme* for more information.
- 4.15.3 R
- To the extent that the *Financial Ombudsman Service* is likely to be able to consider a *complaint* relating to the *operator* or the *depositary* of a particular *recognised scheme*, the *financial promotion* must contain a clear statement to that effect, and to that extent only COBS 4.15.2R(2) does not apply.
- 4.15.4
 - In relation to COBS 4.15.3R, and by way of example, the *operator* of a recognised scheme may be a VJ participant, and so it may be possible for a complaint against the operator to be dealt with under the Voluntary Jurisdiction.

Risk summaries

This Annex belongs to ■ COBS 4.12A.11R, ■ COBS 4.12A.20R, ■ COBS 4.12B.14R and ■ COBS 4.12B.21R.

Where a risk summary in this Annex includes two or three alternative formulations of text in square brackets, the first should be used where the person offering the investment is not an authorised person (including a registered person) and the second where the person offering the investment is an authorised person. The third alternative formulation should be used instead of the first or second formulations where the investment is a unit in an unregulated collective investment scheme. A firm should select the correct statement in the relevant section and omit the statement(s) in that section that are not appropriate. Firms should omit square brackets.

Where a risk summary in this Annex includes only one available statement in relation to unregulated collective investment schemes, firms should use this where the investment is a unit in an unregulated collected investment scheme. This text should not be used when the investment is not a unit in an unregulated collective investment scheme. Firms should omit square brackets.

Where a risk summary in this Annex includes a web address in square brackets:

- •where the risk summary is provided through a digital medium, this web address and square brackets should be omitted, and the preceding underlined text should link to the web address specified in the square brackets;
- •where the risk summary is provided through a non-digital medium, this web address and square brackets should be omitted and firms should amend the text to make it appropriate for the non-digital setting, pointing the reader to the relevant web address.

The risk summary in (1) is expected ordinarily to be used where a financial promotion will be communicated by a firm intermediating investment in non-readily realisable securities by way of an online platform. The risk summaries in (3) and (4) are expected ordinarily to be used where a financial promotion will be communicated by an issuer of non-readily realisable securities or a firm intermediating investment in non-readily realisable securities other than by way of an online platform.

Risk summary for investments in non-readily realisable securities which are arranged by a firm by way of an online platform

Estimated reading time: 2 min

Due to the potential for losses, the Financial Conduct Authority (FCA) considers this investment to be high risk.

What are the key risks?

1. You could lose all the money you invest

- •Most investments are shares in start-up businesses or bonds issued by them. Investors in these shares or bonds often lose 100% of the money they invested, as most start-up businesses fail.
- •Certain of these investments can be held in an Innovative Finance ISA (IFISA). An IFISA does not reduce the risk of the investment or protect you from losses, so you can still lose all your money. It only means that any potential returns will be tax free.
- •Checks on the businesses you are investing in, such as how well they are expected to perform, may not have been carried out by the platform you are investing through. You should do your own research before investing.

2. You won't get your money back quickly

•Even if the business you invest in is successful, it will likely take several years to get your money back.

- •The most likely way to get your money back is if the business is bought by another business or lists its shares on an exchange such as the London Stock Exchange. These events are not common.
- •Start-up businesses very rarely pay you back through dividends. You should not expect to get your money back this way.
- •Some platforms may give you the opportunity to sell your investment early through a 'secondary market' or 'bulletin board', but there is no quarantee you will find a buyer at the price you are willing to sell.

3.Don't put all your eggs in one basket

•Putting all your money into a single business or type of investment for example, is risky. Spreading your money across different investments makes you less dependent on any one to do well. A good rule of thumb is not to invest more than 10% of your money in high-risk investments. [https://www.fca.org.uk/investsmart/5-questions-askyou-invest]

4. The value of your investment can be reduced

- •If your investment is shares, the percentage of the business that you own will decrease if the business issues more shares. This could mean that the value of your investment reduces, depending on how much the business grows. Most start-up businesses issue multiple rounds of shares.
- •These new shares could have additional rights that your shares don't have, such as the right to receive a fixed dividend, which could further reduce your chances of getting a return on your investment.

5. You are unlikely to be protected if something goes wrong

- Protection from the Financial Services Compensation Scheme (FSCS), in relation to claims against failed regulated firms, does not cover poor investment performance. Try the FSCS investment protection checker here. [https://www.fscs.org.uk/check/investment-protection-checker/]
- Protection from the Financial Ombudsman Service (FOS) does not cover poor investment performance. If you have a complaint against an FCA-regulated platform, FOS may be able to consider it. Learn more about FOS protection here. [https://www.financial-ombudsman.org.uk/consumers].

2 Risk summary for P2P agreements or P2P portfolios

Estimated reading time: 2 min

Due to the potential for losses, the Financial Conduct Authority (FCA) considers this investment to be high risk.

What are the key risks?

1. You could lose the money you invest

- •Many peer-to-peer (P2P) loans are made to borrowers who can't borrow money from traditional lenders such as banks. These borrowers have a higher risk of not paying you back.
- •Advertised rates of return aren't guaranteed. If a borrower doesn't pay you back as agreed, you could earn less money than expected. A higher advertised rate of return means a higher risk of losing your money.
- •These investments can be held in an Innovative Finance ISA (IFISA). An IFISA does not reduce the risk of the investment or protect you from losses, so you can still lose all

your money. It only means that any potential gains from your investment will be tax free

2. You are unlikely to get your money back quickly

- •Some P2P loans last for several years. You should be prepared to wait for your money to be returned even if the borrower repays on time.
- •Some platforms may give you the opportunity to sell your investment early through a 'secondary market', but there is no guarantee you will be able to find someone willing to buy.
- •Even if your agreement is advertised as affording early access to your money, you will only get your money early if someone else wants to buy your loan(s). If no one wants to buy, it could take longer to get your money back.

3.Don't put all your eggs in one basket

- •Putting all your money into a single business or type of investment for example, is risky. Spreading your money across different investments makes you less dependent on any one to do well.
- •A good rule of thumb is not to invest more than 10% of your money in <u>high-risk investments</u>. [https://www.fca.org.uk/investsmart/5-questions-ask-you-invest]

4. The P2P platform could fail

•If the platform fails, it may be impossible for you to collect money on your loan. It could take years to get your money back, or you may not get it back at all. Even if the platform has plans in place to prevent this, they may not work in a disorderly failure.

5. You are unlikely to be protected if something goes wrong

- •The Financial Services Compensation Scheme (FSCS), in relation to claims against failed regulated firms, does not cover investments in P2P loans. You may be able to claim if you received regulated advice to invest in P2P, and the adviser has since failed. Try the FSCS investment protection checker here. [https://www.fscs.org.uk/check/investment-protection-checker/]
- •Protection from the Financial Ombudsman Service (FOS) does not cover poor investment performance. If you have a complaint against an FCA-regulated platform, FOS may be able to consider it. Learn more about FOS protection here. [https://www.financial-ombudsman.org.uk/consumers]

Risk summary for non-readily realisable securities which are shares

Estimated reading time: 2 min

Due to the potential for losses, the Financial Conduct Authority (FCA) considers this investment to be high risk.

What are the key risks?

1. You could lose all the money you invest

•If the business you invest in fails, you are likely to lose 100% of the money you invested. Most start-up businesses fail.

2. You are unlikely to be protected if something goes wrong

•[The business offering this investment is not regulated by the FCA. Protection from the Financial Services Compensation Scheme (FSCS) only considers claims against failed regulated firms. Learn more about FSCS protection here. [https://www.fscs.org.uk/whatwe-cover/investments/]] or

3. You won't get your money back guickly

- •Even if the business you invest in is successful, it may take several years to get your money back. You are unlikely to be able to sell your investment early.
- •The most likely way to get your money back is if the business is bought by another business or lists its shares on an exchange such as the London Stock Exchange. These events are not common.
- •If you are investing in a start-up business, you should not expect to get your money back through dividends. Start-up businesses rarely pay these.

4.Don't put all your eggs in one basket

- •Putting all your money into a single business or type of investment for example, is risky. Spreading your money across different investments makes you less dependent on any one to do well.
- •A good rule of thumb is not to invest more than 10% of your money in high-risk investments. [https://www.fca.org.uk/investsmart/5-questions-ask-you-invest]

5. The value of your investment can be reduced

- •The percentage of the business that you own will decrease if the business issues more shares. This could mean that the value of your investment reduces, depending on how much the business grows. Most start-up businesses issue multiple rounds of shares.
- •These new shares could have additional rights that your shares don't have, such as the right to receive a fixed dividend, which could further reduce your chances of getting a return on your investment.

Risk summary for non-readily realisable securities which are debentures

Estimated reading time: 2 min

Due to the potential for losses, the Financial Conduct Authority (FCA) considers this investment to be high risk.

What are the key risks?

1. You could lose all the money you invest

- •If the business you are investing in fails, there is a high risk that you will lose your money. Most start-up and early-stage businesses fail.
- •Advertised rates of return aren't guaranteed. This is not a savings account. If the borrower doesn't pay you back as agreed, you could earn less money than expected. A higher advertised rate of return means a higher risk of losing your money. If it looks too good to be true, it probably is.
- •These investments are sometimes held in an Innovative Finance ISA (IFISA). An IFISA does not reduce the risk of the investment or protect you from losses, so you can still lose all your money. It only means that any potential gains from your investment will be tax free.

2. You are unlikely to be protected if something goes wrong

3. You are unlikely to get your money back quickly

- •Many bonds last for several years, so you should be prepared to wait for your money to be returned even if the business you're investing in repays on time.
- •You are unlikely to be able to cash in your investment early by selling your bond. You are usually locked in until the business has paid you back over the period agreed.

4.Don't put all your eggs in one basket

- •Putting all your money into a single business or type of investment for example, is risky. Spreading your money across different investments makes you less dependent on any one to do well.

Risk summary for speculative illiquid securities

Estimated reading time: 2 min

Due to the potential for losses, the Financial Conduct Authority (FCA) considers this investment to be very complex and high risk.

What are the key risks?

1. You could lose all the money you invest

- •If the business offering this investment fails, there is a high risk that you will lose all your money. Businesses like this often fail as they usually use risky investment strategies.
- •Advertised rates of return aren't guaranteed. This is not a savings account. If the issuer doesn't pay you back as agreed, you could earn less money than expected or nothing at all. A higher advertised rate of return means a higher risk of losing your money. If it looks too good to be true, it probably is.
- •These investments are sometimes held in an Innovative Finance ISA (IFISA). While any potential gains from your investment will be tax free, you can still lose all your money. An IFISA does not reduce the risk of the investment or protect you from losses.

3. You are unlikely to get your money back quickly

- •This type of business could face cash-flow problems that delay interest payments. It could also fail altogether and be unable to repay investors their money.
- •You are unlikely to be able to cash in your investment early by selling it. You are usually locked in until the business has paid you back over the period agreed. In the rare circumstances where it is possible to sell your investment in a 'secondary market', you may not find a buyer at the price you are willing to sell.

4. This is a complex investment

- •This investment has a complex structure based on other risky investments. A business that raises money like this lends it to, or invests it in, other businesses or property. This makes it difficult for the investor to know where their money is going.
- •This makes it difficult to predict how risky the investment is, but it will most likely be high.
- •You may wish to get financial advice before deciding to invest.

Risk summary for units in a long-term asset fund

Estimated reading time: 2 min

Due to the potential for losses, the Financial Conduct Authority (FCA) considers this investment to be high risk.

What are the key risks?

- 1. You should be ready to invest for the long term and, during this time, the value of your investment may go up or down. You may lose money on your investment.
- •Assets in this fund may take a long time to buy and sell.
- •Long-Term Asset Funds (LTAFs) can invest into fixed assets, infrastructure, or complex financial products, all of which are relatively hard to sell. Investors who do not remain invested for the long-term may not get back all of their money. It may take many years to make a profit on the investment.
- •You should carry out your own research, so that you understand what you are investing in.
- 2.If you decide to exit early, you won't get your money back quickly

•This LTAF accepts requests to sell units only once a month and there is also a 90-day waiting period before the value of your units is determined and you receive your money. This means that:

olf you choose to sell your units on 2 January, and the trading day is the 15th of the month, you won't get any money back until approximately 20 April, assuming a few extra days for the trade to close and funds to transfer.

oThe value of the units you sell will be at the price set on 15 April if it is a business day, or else the next business day after it.

•Once your redemption request has been approved, you cannot cancel your request.

3.It will take a long time to make profits

- •If the assets the LTAF invests in are successful, it may still take a long time to get your money back and make a profit.
- •You should not expect to get your money back as payments of income (unless the LTAF includes payments of income as an investment objective).

4.Don't put all your eggs in one basket

- •Putting all your money into a single investment or type of investment is risky. Spreading your money across different investments makes you less dependent on any one to do well.
- •A good rule of thumb is not to invest more than 10% of your money in high-risk investments.

5. You are unlikely to be protected if something goes wrong

8 Risk summary for qualifying cryptoassets

Estimated reading time: 2 min

Due to the potential for losses, the Financial Conduct Authority (FCA) considers this investment to be high risk.

What are the key risks?

1. You could lose all the money you invest

- •The performance of most cryptoassets can be highly volatile, with their value dropping as quickly as it can rise. You should be prepared to lose all the money you invest in cryptoassets.
- •The cryptoasset market is largely unregulated. There is a risk of losing money or any cryptoassets you purchase due to risks such as cyber-attacks, financial crime and firm failure.

2. You should not expect to be protected if something goes wrong

- •The Financial Services Compensation Scheme (FSCS) doesn't protect this type of investment because it's not a 'specified investment' under the UK regulatory regime - in other words, this type of investment isn't recognised as the sort of investment that the FSCS can protect. Learn more by using the FSCS investment protection checker here. [https://www.fscs.org.uk/check/investment-protection-checker/]
- •[The Financial Ombudsman Service (FOS) will not be able to consider complaints related to this firm] or [Protection from the Financial Ombudsman Service (FOS) does not cover poor investment performance. If you have a complaint against an FCA-regulated

firm, FOS may be able to consider it.] Learn more about FOS protection here. [https://www.financial-ombudsman.org.uk/consumers]

3. You may not be able to sell your investment when you want to

- •There is no guarantee that investments in cryptoassets can be easily sold at any given time. The ability to sell a cryptoasset depends on various factors, including the supply and demand in the market at that time.
- •Operational failings such as technology outages, cyber-attacks and comingling of funds could cause unwanted delay and you may be unable to sell your cryptoassets at the time you want.

4.Cryptoasset investments can be complex

- •Investments in cryptoassets can be complex, making it difficult to understand the risks associated with the investment.
- •You should do your own research before investing. If something sounds too good to be true, it probably is.

5.Don't put all your eggs in one basket

- •Putting all your money into a single type of investment is risky. Spreading your money across different investments makes you less dependent on any one to do well.
- •A good rule of thumb is not to invest more than 10% of your money in high-risk investments. [https://www.fca.org.uk/investsmart/5-questions-ask-you-invest]

Chapter 5

Distance communications

■ Release 42 • Dec 2024

5.1 The distance marketing disclosure rules

Application

- 5.1.-1 R
- (1) This section applies to a firm that carries on any distance marketing activity from an establishment in the United Kingdom, with or for a consumer in the United Kingdom.
- (2) If a firm is an intermediary rather than the supplier under the distance contract, references to 'firm' in ■ COBS 5 Annex 1 R and ■ COBS 5 Annex 2 R are to be interpreted as referring to the supplier except for references to 'firm' in ■ COBS 5 Annex 1 R (2), (4) and (18).

The distance marketing disclosure rules

- R 5.1.1
- A firm must provide a consumer with the distance marketing information (COBS 5 Annex 1R) in good time before the consumer is bound by a distance contract or offer.

[Note: article 3(1) of the Distance Marketing Directive]

5.1.2 R A firm must ensure that the distance marketing information, the commercial purpose of which must be made clear, is provided in a clear and comprehensible manner in any way appropriate to the means of distance communication used, with due regard, in particular, to the principles of good faith in commercial transactions, and the legal principles governing the protection of those who are unable to give their consent, such as minors.

[Note: article 3(2) of the *Distance Marketing Directive*]

R 5.1.3

When a firm makes a voice telephony communication to a consumer, it must make its identity and the purpose of its call explicitly clear at the beginning of the conversation.

[Note: article 3(3)(a) of the Distance Marketing Directive]

Exception: contracts for payment services

5.1.4

A firm must ensure that information on contractual obligations to be communicated to a consumer during the pre-contractual phase is in conformity with the contractual obligations which would result from the law presumed to be applicable to the distance contract if that contract is concluded.

[Note: article 3(4) of the Distance Marketing Directive]

Terms and conditions, and form

is bound by any distance contract or offer.

A firm must communicate to the consumer all the contractual terms and conditions and the information referred to in the distance marketing disclosure rules (COBS 5.1.1 R to COBS 5.1.4 R) on a durable medium available and accessible to the consumer in good time before the consumer

[Note: article 5(1) of the Distance Marketing Directive]

5.1.6 G A *firm* will provide information, or communicate contractual terms and conditions, to a *consumer* if another *person* provides the information, or communicates the terms and conditions, to the *consumer* on its behalf.

Exception: distance contract as a stage in the provision of another service

This section does not apply to a *distance contract* to deal as agent, advise or arrange, if the *distance contract* is concluded merely as a stage in the provision of another service by the *firm* or another *person*.

[Note: recital 19 to the Distance Marketing Directive]

Exception: successive operations

5.1.8 In the case of a *distance contract* comprising an initial service agreement, followed by successive operations or a series of separate operations of the same nature performed over time, the *rules* in this section only apply to the initial agreement.

[Note: article 1(2) of the Distance Marketing Directive]

If there is no initial service agreement but the successive operations or separate operations of the same nature performed over time are performed between the same contractual parties, the distance marketing disclosure rules (■ COBS 5.1.1 R to ■ COBS 5.1.4 R) will only apply:

- (1) when the first operation is performed; and
- (2) if no operation of the same nature is performed for more than a year, when the next operation is performed (the next operation being deemed the first in a new series of operations).

[Note: recital 16 and article 1(2) of the Distance Marketing Directive]

5.1.10 G In this section:

- (1) 'initial service agreement' includes the opening of a bank account and the concluding of a portfolio management contract;
- (2) 'operations' includes transactions made within the framework of a portfolio management contract; and
- (3) adding new elements to an initial service agreement, such as the ability to use an electronic payment instrument together with one's existing bank account, does not constitute an 'operation' but an additional contract to which the *rules* in this section apply. The

subscription to new units of the same fund is considered to be one of 'successive operations of the same nature'.

[Note: recital 17 of the Distance Marketing Directive]

5.1.11 G

In the FCA's view, other examples of:

- (1) 'initial service agreement' include:
 - (a) subscribing to an investment trust savings scheme; or
 - (b) concluding a life policy, personal pension scheme or stakeholder pension scheme that includes a pre-selected option providing for future increases or decreases in regular premiums or payments; and
- (2) 'operations' include:
 - (a) successive purchases or sales of shares under an investment trust savings scheme; and
 - (b) subsequent index-linked changes to premiums or increases or decreases to pension contributions following fluctuations in salary.

Exception: voice telephony communications

5.1.12

In the case of a voice telephony communication, and subject to the explicit consent of the consumer, only the abbreviated distance marketing information (COBS 5 Annex 2R) needs to be provided during that communication. However, a firm must still provide the distance marketing information (■ COBS 5 Annex 1R) on a durable medium available and accessible to the consumer in good time before the consumer is bound by any distance contract or offer, unless another exception applies.

[Note: articles 3(3)(b) and 5(1) of the Distance Marketing Directive]

COBS 5/4

Exception: means of distance communication not enabling disclosure

5.1.13 R

A firm may provide the distance marketing information (COBS 5 Annex 1R) and the contractual terms and conditions in a durable medium immediately after the conclusion of a distance contract, if the contract has been concluded at a consumer's request using a means of distance communication that does not enable the provision of that information in that form in good time before the consumer is bound by any distance contract or offer.

[Note: article 5(2) of the Distance Marketing Directive]

Exception: contracts for payment services

5.1.13A R

Where a distance contract is also a contract for payment services to which the Payment Services Regulations apply, a firm is required to provide to the consumer only the information specified in rows 7 to 12, 15, 16 and 20 of COBS 5 Annex 1 R.

[Note: article 4(5) of the Distance Marketing Directive]

5.1.13B G

Where a distance contract covers both payment services and non-payment services, this exception applies only to the payment services aspects of the contract. A firm taking advantage of this exception will need to comply with the information requirements in Part 6 of the Payment Services Regulations.

Distance marketing: other provisions

5.1.14 R

If, at any time during the contractual relationship, a *consumer* that is a party to a *distance contract* asks a *firm*:

- (1) for a paper copy of the terms and conditions of that contract; or
- (2) to change the means of distance communication used;

the *firm* must provide that paper copy or change the means of distance communication used, unless (in the latter case) that would be incompatible with the contract or the nature of the service provided.

[Note: article 5(3) of the Distance Marketing Directive]

Unsolicited services

5.1.15 R

- (1) A *firm* must not enforce, or seek to enforce, any obligations under a *distance contract* against a *consumer*, in the event of an unsolicited supply of services, the absence of reply not constituting consent.
- (2) This rule does not apply to the tacit renewal of a distance contract.

[Note: article 9 of the *Distance Marketing Directive*]

Mandatory nature of consumer's rights

5.1.16 R

If a consumer purports to waive any of the consumer's rights created or implied by the rules in this section, a firm must not accept that waiver, nor seek to rely on or enforce it against the consumer.

[Note: article 12 of the Distance Marketing Directive]

5.1.17

If a firm proposes to enter into a distance contract with a consumer that will be governed by the law of a country outside the *United Kingdom*, the *firm* must ensure that the *consumer* will not lose the protection created by the rules in this section if the distance contract has a close link with the territory of the United Kingdom.

[Note: articles 12 and 16 of the Distance Marketing Directive]

COBS 5/6

5.2 E-Commerce

Application

5.2.1 R

This section applies to a *firm* carrying on an *electronic commerce activity* from an *establishment* in the *United Kingdom*, with or for a *person* in the *United Kingdom*.

Information about the firm and its products or services

5.2.2 R

A *firm* must make at least the following information easily, directly and permanently accessible to the recipients of the *information society services* it provides:

- (1) its name;
- (2) the geographic address at which it is established;
- (3) the details of the *firm*, including its e-mail address, which allow it to be contacted rapidly and communicated with in a direct and effective manner;
- (4) an appropriate statutory status disclosure statement (■ GEN 4 Annex 1 R or ■ GEN 4 Annex 1A R as appropriate), together with a statement which explains that it is on the *Financial Services Register* and includes its Firm Reference Number;
- (5) if it is a professional firm:
 - (a) the name of the professional body (including any designated professional body) or similar institution with which it is registered;
 - (b) the professional title;
 - (c) a reference to the applicable professional rules and the means to access them; and

- (1) A firm must aggregate the information about costs and charges required by ■ COBS 2.2A.2R and ■ COBS 6.1ZA.11R, where those costs and charges are not caused by the occurrence of underlying market risk. This is to allow the *client* to understand the overall cost, and the cumulative effect on the return, of the investment.
- (2) A firm must provide the client with an itemised breakdown of the costs and charges information required by (1) and ■ COBS 6.1ZA.11R when requested by the client.
- (3) The information must, where applicable, be provided to the *client* on a regular basis, and at least annually, during the life of the investment.

6.1ZA.14 UK

50(1) For the purposes of providing information to clients on all costs and charges pursuant to [■ COBS 6.1ZA.11R] ("the relevant rule"), investment firms shall comply with the detailed requirements in paragraphs 2 to 10.

50(1A)

- (1) Subject to subparagraph (2), the requirements laid down in the relevant rule do not apply to services provided to professional clients.
- (2) The requirements laid down in the relevant rule do apply to services provided to professional clients for investment advice and portfolio management.
- 50(2) For ex-ante and ex-post disclosure of information on costs and charges to clients, investment firms shall aggregate the following:
 - (a) all costs and associated charges charged by the investment firm or other parties where the client has been directed to such other

COBS 6: Information about the firm, its services and remuneration

parties, for the investment services(s) and/or ancillary services provided to the client; and

(b) all costs and associated charges associated with the manufacturing and managing of the financial instruments.

Costs referred to in points (a) and (b) are listed in Annex II to this Regulation. For the purposes of point (a), third party payments received by investment firms in connection with the investment service provided to a client shall be itemised separately and the aggregated costs and charges shall be totalled and expressed both as a cash amount and as a percentage.

50(3) Where any part of the total costs and charges is to be paid in or represents an amount of foreign currency, investment firms shall provide an indication of the currency involved and the applicable currency conversion rates and costs. Investments firms shall also inform about the arrangements for payment or other performance.

50(4) In relation to the disclosure of product costs and charges that are not included in the UCITS KIID, the investment firms shall calculate and disclose these costs, for example, by liaising with UCITS management companies to obtain the relevant information.

50(5)The obligation to provide in good time a full ex-ante disclosure of information about the aggregated costs and charges related to the financial instrument and to the investment or ancillary service provided shall apply to investment firms in the following situations:

- (a) where the investment firm recommends or markets financial instruments to clients; or
- (b)where the investment firm providing any investment services is required to provide clients with a UCITS KIID or PRIIPs KID in relation to the relevant financial instruments.

50(6)Investment firms that do not recommend or market a financial instrument to the client or are not obliged to provide the client with a KID/ KIID shall inform their clients about all costs and charges relating to the investment and/or ancillary service provided.

50(7) Where more than one investment firm provides investment or ancillary services to the client, each investment firm shall provide information about the costs of the investment or ancillary services it provides. An investment firm that recommends or markets to its clients the services provided by another firm, shall aggregate the cost and charges of its services together with the cost and charges of the services provided by the other firm. An investment firm shall take into account the costs and charges associated to the provision of other investment or ancillary services by other firms where it has directed the client to these other firms.

50(8) Where calculating costs and charges on an ex-ante basis, investment firms shall use actually incurred costs as a proxy for the expected costs and charges. Where actual costs are not available, the investment firm shall make reasonable estimations of these costs. Investment firms shall review ex-ante assumptions based on the ex-post experience and shall make adjustment to these assumptions, where necessary.

50(9) Investment firms shall provide annual ex-post information about all costs and charges related to both the financial instrument(s) and investment and ancillary service(s) where they have recommended or marketed the financial instrument(s) or where they have provided the client with the KID/KIID in relation to the financial instrument(s) and they have or have had an

ongoing relationship with the client during the year. Such information shall be based on costs incurred and shall be provided on a personalised basis.

Investment firms may choose to provide such aggregated information on costs and charges of the investment services and the financial instruments together with any existing periodic reporting to clients.

50(10) Investment firms shall provide their clients with an illustration showing the cumulative effect of costs on return when providing investment services. Such an illustration shall be provided both on an ex-ante and expost basis. Investment firms shall ensure that the illustration meets the following requirements:

- (a) the illustration shows the effect of the overall costs and charges on the return of the investment:
- (b) the illustration shows any anticipated spikes or fluctuations in the costs; and
- (c) the illustration is accompanied by a description of the illustration.

For example, this can include cash bonuses paid for achieving a sales target and additional annual leave for achieving a high customer service score on sales calls, profit share arrangements, overriders or other enhanced commissions.

6.1ZA.15G R

If any payments, other than ongoing premiums and scheduled payments, are made by the client under the life policy after its conclusion, a firm must make the disclosures required by ■ COBS 6.1ZA.15BR or ■ COBS 6.1ZA.15CR, for each such payment.

Application - Who? What?

6.1A.1 R

- (1) This section applies to a firm which makes personal recommendations to retail clients in relation to retail investment products, pension transfers, pension conversions, pension opt-outs or P2P agreements.
- (2) This section does not apply to a *firm* giving advice, or providing services, to an employer in connection with a *group personal pension* scheme or group stakeholder pension scheme.

6.1A.1A G

■ PERG 8.30B (Personal recommendations) describes what is meant by a personal recommendation in the context of the definition of the regulated activity of advising on investments (except P2P agreements). That guidance is also relevant to the meaning of personal recommendation in this section in relation to a retail investment product. The guidance in ■ PERG 8.24 to ■ PERG 8.30B does not apply to the regulated activity of advising on P2P agreements.

6.1A.1B G

In this section, \blacksquare COBS 6.1A.4AR, \blacksquare COBS 6.1A.4ABR and \blacksquare COBS 6.1A.4BR are not relevant to a *firm* making *personal recommendations* in relation to *P2P* agreements.

6.1A.2

R

R

This section does not apply to a *firm* when it gives *basic advice* in accordance with the *basic advice rules*.

6.1A.2A R

This section does not apply to a *firm* when it makes a *personal* recommendation to a retail client in relation to a *Holloway sickness policy*, provided that the *Holloway policy special application conditions* are met.

Application - Where?

6.1A.3

This section does not apply if the *retail client* is outside the *United Kingdom* except to the extent that the service provided is *advising on conversion or transfer of pension benefits*.

.....

Requirement to be paid through adviser charges

6.1A.4 R

Except as specified in this section, a firm must:

(1) only be remunerated for the *personal recommendation* (and any other related services provided by the *firm*) by *adviser charges*; and

- (2) not solicit or accept (and ensure that none of its associates solicits or accepts) any other commissions, remuneration or benefit of any kind in connection with the firm's business of advising or any other related services, regardless of whether it intends to refund the payments or pass the benefits on to the retail client; and
- (3) not solicit or accept (and ensure that none of its associates solicits or accepts) adviser charges in relation to the retail client's retail investment product or P2P agreement which are paid out or advanced by another party over a materially different time period, or on a materially different basis, from that in or on which the adviser charges are recovered from the retail client.

Exception: Events before December 2012

6.1A.4A

R

A firm and its associates may:

- (1) solicit and accept a commission, remuneration or benefit of any kind in the circumstances set out in ■ COBS 6.1A.4 R if:
 - (a) the personal recommendation was made on or before 30 December 2012;
 - (b) the solicitation and acceptance of the commission, remuneration or benefit of any kind was permitted by the *rules* in force on 30 December 2012:
 - (c) the contract under which the right to receive the commission, remuneration or benefit of any kind was entered into on or before 30 December 2012;
 - (d) the terms of that contract as at 30 December 2012 included the right to receive the commission, remuneration or benefit of any kind: and
 - (e) the retail client enters into the transaction in respect of which the personal recommendation was given within a reasonable time of the personal recommendation being given; and
- (2) enter into an arrangement under which the right to receive the commission, remuneration or benefit of any kind in (1) is transferred to that firm or its associate.

6.1A.4AA G

- (1) A firm may continue to accept a commission, remuneration or benefit of any kind after 30 December 2012 if there is a clear link between the payment and an investment in a retail investment product which was made by the retail client following a personal recommendation made, or a transaction executed, on or before 30 December 2012. This is the case even if the firm makes a personal recommendation to the same retail client after 30 December 2012 to the extent that the continued payment can properly be regarded as linked to the pre 31 December 2012 personal recommendation or transaction, rather than the new personal recommendation. Of course this is dependent upon the terms of the contract contemplating the continued receipt of such payments.
- (2) Examples of circumstances where a commission, remuneration or benefit is clearly linked to the retention of an investment in a retail investment product and can therefore continue to be accepted include (in each case where the terms of the contract contemplate a continued payment of the kind referred to in (1)):

- (a) no change is made to the *retail client*'s investment in the relevant *retail investment product*;
- (b) the retail client's investment in, or regular contribution to, the relevant retail investment product is reduced; the firm may continue to accept the payment associated with the reduced investment amount;
- (c) the *retail client's* investment in the relevant *retail investment* product is transferred from accumulation *units* to income *units* or vice versa;
- (d) the *retail client* transfers all or part of his investment between funds within a *life policy*.
- (3) If a firm makes a personal recommendation to a retail client and wishes to:
 - (a) receive remuneration for that *personal recommendation* in addition to any commission, remuneration or benefit of any kind it receives in the circumstances contemplated by (1); or
 - (b) be paid additional amounts for any actions which are linked to a new amount invested by the *retail client* in the relevant *retail investment product*;

it should only be paid those additional amounts for that *personal* recommendation or for those actions by adviser charges.

(4) A *firm* may offset against any *adviser charges* which are payable by the *retail client* any commission, remuneration or benefit of any kind it receives in the circumstances contemplated in (1).

6.1A.4AB R

A *firm* and its *associates* may solicit and accept a commission, remuneration or benefit of any kind from a *discretionary investment manager* in the circumstances in ■ COBS 6.1A.4 R if:

- (1) the *firm* or its associates recommended the *discretionary investment* manager to a retail client on or before 30 December 2012;
- (2) the solicitation and acceptance of the commission, remuneration or benefit of any kind was permitted by the *rules* in force on 30 December 2012;
- (3) the contract under which the right to receive the commission, remuneration or benefit of any kind was entered into on or before 30 December 2012;
- (4) the terms of that contract as at 30 December 2012 included the right to receive the commission, remuneration or benefit of any kind; and
- (5) the retail client agreed an investment mandate with the discretionary investment manager within a reasonable time of the recommendation to use the discretionary investment manager being made.

6.1A.4AC G

- (1) If a firm makes a recommendation of a discretionary investment manager to a retail client and wishes to:
 - (a) receive remuneration for that recommendation in addition to any commission, remuneration or benefit of any kind it receives in the circumstances contemplated by COBS 6.1A.4AB R; or

(b) be paid additional amounts for any actions linked to a new amount invested by the retail client through the same discretionary investment manager;

it should only be paid those additional amounts for that recommendation or for those actions by adviser charges.

(2) A firm may offset against any adviser charges which are payable by the retail client any commission, remuneration or benefit of any kind it receives in the circumstances contemplated in ■ COBS 6.1A.4AB R.

Re-registration of commission when a retail client moves to a new adviser

6.1A.4B R If a retail client chooses to become a client of a firm and that firm or its associate enters into an arrangement in ■ COBS 6.1A.4AR (2), the firm must:

- (1) before the arrangement is entered into, disclose to the retail client that the transfer of the commission, remuneration or benefit of any kind will be requested by the firm or its associate;
- (2) throughout the period during which the *firm* or its *associate* receives the commission, remuneration or benefit of any kind, provide the retail client with an ongoing service; and
- (3) as soon as reasonably practicable after it makes the disclosure in (1):
 - (a) disclose to the retail client, as a cash amount or percentage of funds under management, the amount of the commission, remuneration or benefit of any kind it expects to receive and any it has received: and
 - (b) provide the retail client with a description of the ongoing service it will provide to the retail client in accordance with (2).

Exception: Employer or trustee funded pension advice charge

6.1A.4C

A firm may receive an employer or trustee funded pension advice charge.

Exception: receipt and refund of adviser charges

G 6.1A.5

A firm may receive an adviser charge that is no longer payable (for example, after the service it is received in payment for has been amended or terminated) provided the firm refunds any such payment to the retail client.

Acceptable minor non-monetary benefits

6.1A.5A R

- (1) For the purposes of COBS 6.1A.4R(2), a firm or its associate may solicit or accept minor non-monetary benefits which meet the requirements
 - (a) COBS 2.3A.15R, in relation to the provision of *investment* services; or
 - (b) paragraph (2), in relation to other business.
- (2) An acceptable minor non-monetary benefit is one which:
 - (a) is clearly disclosed prior to the provision of the relevant service to the client, which the firm may describe in a generic way;

- (b) is capable of enhancing the quality of service provided to the *client*:
- (c) is of a scale and nature that it could not be judged to impair the firm's compliance with its duty to act honestly, fairly and professionally in the best interests of the client;
- (d) is reasonable, proportionate and of a scale that is unlikely to influence the *firm's* behaviour in any way that is detrimental to the interests of the relevant *client*; and
- (e) consists of:
 - (i) information or documentation relating to a specific retail investment product or a service provided in the course of carrying on related designated investment business, that is generic in nature or personalised to reflect the circumstances of an individual client;
 - (ii) written material from a third party that is commissioned and paid for by a corporate issuer or potential issuer to promote a new issuance by the company, or where the third party firm is contractually engaged and paid by the issuer to produce such material on an ongoing basis, provided that the relationship is clearly disclosed in the material and that the material is made available at the same time to any firms wishing to receive it, or to the general public;
 - (iii) participation in conferences, seminars and other training events on the benefits and features of a specific *retail investment product* or a service provided in the course of carrying on related *designated investment business*; and
 - (iv) hospitality of a reasonable de minimis value, such as food and drink during a business meeting or a conference, seminar or other training events mentioned under (iii).
 - (v) research relating to an issue of *shares*, *debentures*, *warrants* or *certificates representing certain securities* by an *issuer*, which is:
 - (A) produced:
 - (1)prior to the issue being completed; and(2)by a *person* that is providing underwriting or placing services to the *issuer* on that issue; and
 - (B) made available to prospective investors in the issue; or
 - (vi) research that is received so that the *firm* may evaluate the research provider's research service, provided that:
 - (A) it is received during a trial period that lasts no longer than three *months*;
 - (B) no monetary or non-monetary consideration is due (whether during the trial period, before or after) to the research provider for providing the research during the trial period;
 - (C) the trial period is not commenced with the research provider within 12 *months* from the termination of an arrangement for the provision of research (including any previous trial period) with the research provider; and
 - (D) the *firm* makes and retains a record of the dates of any trial period accepted under this *rule*, as well as a record

G

of how the conditions in (A) to (C) were satisfied for each such trial period.

6.1A.5B

■ COBS 2.3A.8R sets out the conditions to be met if a fee, commission or nonmonetary benefit is designed to enhance the quality of the service to a *client* in relation to MiFID, equivalent third country or optional exemption business or the distribution of an insurance-based investment product. For the purposes of ■ COBS 2.3A.19R(2) and ■ COBS 6.1A.5AR(2), those conditions are also likely to be relevant to firms considering whether a fee, commission or non-monetary benefit is capable of enhancing the quality of the service to a client in relation to the restriction in ■ COBS 6.1A.4R(2).

[Note: articles 24(7) and (8) of MiFID refer to minor non-monetary benefits that are capable of enhancing the quality of service provided to the *client*]

Related and other services

6.1A.6 R

'Related service(s)' for the purposes of ■ COBS 6.1A includes:

- (1) arranging or executing a transaction which has been recommended to a retail client by the firm, an associate or another firm in the same group or conducting administrative tasks associated with that transaction; or
- (2) managing a relationship between a retail client (to whom the firm provides personal recommendations on retail investment products, pension transfers, pension conversions, pension opt-outs or P2P agreements) and a discretionary investment manager or providing a service to such a client in relation to the investments managed by such a manager; or
- (3) recommending a discretionary investment manager to a retail client (to whom the firm provides personal recommendations or other services in relation to retail investment products, pension transfers, pension conversions, pension opt-outs or P2P agreements).

G 6.1A.6A

'Other services' in ■ COBS 6.1A.6R (3) includes:

- (1) providing information relating to retail investment products, pension transfers, pension conversions, pension opt-outs, P2P agreements or operators of electronic systems in relation to lending to the retail client, for example, general market research; or
- (2) passing on information from the discretionary investment manager to the retail client.

Guidance on the requirement to be paid through adviser charges

6.1A.7

The requirement to be paid through adviser charges does not prevent a firm from making use of any facility for the payment of adviser charges on behalf of the retail client offered by another firm or other third parties provided that the facility complies with the requirements of ■ COBS 6.1B.9R.

COBS 6/28

6.1A.8

Examples of payments and benefits that should not be accepted under the requirement to be paid through *adviser charges* include:

- (1) a share of the *retail investment product* charges or *platform service* provider's charges, or *retail investment product* provider's or *platform service provider*'s revenues or profits;
- (2) a commission set and payable by a *retail investment product* provider or an *operator of an electronic system in relation to lending* in any jurisdiction; and
- (3) a share of the operator of the electronic system in relation to lending's charges, revenues or profits.

Requirements on a firm making a personal recommendation in respect of its own retail investment products or P2P agreements

6.1A.9

If the firm or its associate is the retail investment product provider, platform service provider or operator of an electronic system in relation to lending, the firm must ensure that the level of its adviser charges is at least reasonably representative of the cost of the services associated with making the personal recommendation (and related services).

6.1A.10 G

An *adviser charge* is likely to be reasonably representative of the cost of the services associated with making the *personal recommendation* if:

- (1) the total expected costs associated with making a *personal* recommendation and distributing the retail investment product will:
 - (a) be recovered through adviser charges; and
 - (b) not be recovered by charges for, or profits from, other services (such as manufacturing and administering the *retail investment* product);
- (2) the *adviser charges* are reasonably capable of being self-supporting over a period of five years, or longer where this can be shown to be consistent with the *firm's* established payback period; and
- (3) were the *personal recommendation* and any related services to be provided by an unconnected *firm*, the level of *adviser charges* would be appropriate in the context of the service being provided by the *firm*.

6.1A.10A G

- (1) In ■COBS 6.1A.10G(1), the total costs associated with making a personal recommendation and distributing the retail investment product include attributable indirect costs from the firm's (or group's) wider business such as firm or group overheads.
- (2) In ■COBS 6.1A.10G(2), the *firm's* established payback period is the period of time in which the cash outflows associated with an investment made by the *firm* (or *group*) are expected to be recovered from the cash inflows generated by the *adviser charges*.

Requirement to use a charging structure

- A firm must determine and use an appropriate charging structure for 6.1A.11 calculating its adviser charge for each retail client.
- G 6.1A.12 A firm can use a standard charging structure.
- G 6.1A.13 In determining its charging structure and adviser charges a firm should have regard to its duties under the *client's best interests rule*. Practices which may indicate that a *firm* is not in compliance with this duty include:
 - (1) varying its adviser charges inappropriately according to provider or, for substitutable and competing retail investment products, the type of retail investment product; or
 - (2) allowing the availability or limitations of services offered by third parties to facilitate the payment of adviser charges to influence inappropriately its charging structure or adviser charges; or
 - (3) varying its adviser charges inappropriately according to operator of an electronic system in relation to lending.
- 6.1A.14 R A firm must not use a charging structure which conceals the amount or purpose of any of its adviser charges from a retail client.
- 6.1A.14A R A firm must not make a personal recommendation to a retail client in relation to a retail investment product or P2P agreement if it knows, or ought to know, that:
 - (1) the product's charges, the *platform service provider*'s charges or the operator of the electronic system in relation to lending's charges are presented in a way that offsets or may appear to offset any adviser charges or platform charges that are payable by that retail client; or
 - (2) the product's charges or other payments are maintained by the retail investment product provider or operator of the electronic system in relation to lending at a level such that a cash rebate, other than a cash rebate permitted by ■ COBS 6.1B.7A R or ■ COBS 6.1E.10R (2), is payable to the *retail client*.
- 6.1A.15 A firm is likely to be viewed as operating a charging structure that conceals the amount or purpose of its adviser charges if, for example:
 - (1) it makes arrangements for amounts in excess of its adviser charges to be deducted from a retail client's investments from the outset, in order to be able to provide a cash refund to the retail client later; or
 - (2) it provides other services to a retail client (for example, advising on a home finance transaction or advising on an equity release transaction), and its adviser charges do not represent a reasonable proportion of the costs associated with the personal recommendation for the retail investment product or P2P agreement and its related services.

COBS 6/30

Calculation of the cost of adviser services to a client

6.1A.16 G

To meet its responsibilities under the *client's best interests rule* and *Principle* 6 (Customers' interests):

- (1) a firm should consider whether the personal recommendation or any other related service is likely to be of value to the retail client when the total charges the retail client is likely to be required to pay are taken into account;
- (2) a firm that advises on conversion or transfers of pension benefits should consider whether it would be more appropriate to give a retail client abridged advice (under COBS 19.1A) rather than a full pension transfer or conversion advice (under COBS 19.1) taking into account the total charges the retail client is likely to pay.

Initial information for clients on the cost of adviser services

6.1A.17 R

A *firm* must disclose its charging structure to a *retail client* in writing, in good time before making the *personal recommendation* (or providing related services) or commencement of the *abridged advice* process.

6.1A.18 G

A *firm* may wish to consider disclosing as its charging structure a list of the advisory services it offers with the associated indicative charges which will be used for calculating the *adviser charge* for each service.

6.1A.18A R

- (1) Where the services to be provided in COBS 6.1A.17R include full pension transfer or conversion advice (other than where the only safeguarded benefit involved is a guaranteed annuity rate), the disclosure required under COBS 6.1A.17R must include a personalised charges communication.
- (2) The personalised charges communication in (1) must include the following:
 - (a) the expected amounts payable (in *cash terms*) for the *full pension transfer or conversion advice*, and, where applicable, any *advice on investments* (whether by the *firm* or any other *firm*) in connection with the *retail client's pension transfer* or *pension conversion*;
 - (b) where the firm is subject to the ban on contingent charging rules (see COBS 19.1B) (Ban on contingent charging)) because the client does not fall within one of the exceptions in COBS 19.1B.9R, a statement that the amount of charges payable in relation to full pension transfer or conversion advice is the same whether or not the advice is to transfer or convert or to remain in their ceding arrangement;
 - (c) the estimated amount of the monthly charge (in *cash terms*) for ongoing advice and/or services (whether provided by the *firm* or any other *firm*) in the first year following the transfer or conversion, assuming that funds remain invested with no growth but taking into account the cost of initial advice;
 - (d) whether and the extent to which the charges in the first year are lower than the charges anticipated in subsequent years;
 - (e) if the charges are significantly lower in the first year compared to subsequent years, the *firm* must indicate the amount of the

■ Release 42 • Dec 2024

- monthly charge (in cash terms) in subsequent years until the point at which the charges are no longer expected to vary significantly from year to year; and
- (f) where relevant, a statement that the expected amounts payable in (a) do not include any amounts that may be payable by the client for any related advice or services they may receive that fall outside the UK regulatory regime.
- (3) Where the firm (or any other firm) offers different types of ongoing advice and/or services with different charging structures, the firm must include in the personalised charges communication, the charges for each type of ongoing advice and/or service it offers.
- (4) Where a firm has reasonable grounds to believe that it is not subject to the ban on contingent charging rules (see ■ COBS 19.1B) because the *client* falls within one of the exceptions in ■ COBS 19.1B.9R:
 - (a) the reasons why the firm considers that the client falls within one of the exceptions, and including a description of the evidence relied on by the firm in support;
 - (b) the amounts payable (in cash terms) if the firm's recommendation is for the *client* not to transfer or not to convert their pension, and the amounts payable (including any amounts recoverable by the firm (or any other firm) as part of ongoing charges) if the advice is to transfer or to convert; and
 - (c) a statement that:
 - (i) the reasons set out in (4a) may change after further analysis of the client's circumstances; and
 - (ii) if after further analysis of the client's circumstances, the firm determines that it is subject to the ban on contingent charging *rules* because the *client* does not fall within one of the exceptions in ■ COBS 19.1B.9R, then the amount of charges payable in relation to full pension transfer or conversion advice is the same whether or not the advice is to transfer or convert or to remain in their ceding arrangement.

6.1A.18B R

Where the services to be provided in ■ COBS 6.1A.17R include abridged advice, the firm must disclose to the client in writing the amounts payable (in cash terms) in each of the following situations:

- (1) the firm gives abridged advice and a personal recommendation not to transfer or convert their pension;
- (2) the firm starts the abridged advice process but is unable to take a view on whether it is in the client's best interests to transfer or convert without undertaking full pension transfer or conversion advice; and
- (3) the firm gives abridged advice followed by full pension transfer or conversion advice.

6.1A.19

In order to meet the requirement in the *rule* on information disclosure before providing services (COBS 2.2.1 R), a firm should ensure that the disclosure of its charging structure is in clear and plain language and, as far as is practicable, uses cash terms. If a firm's charging structure is in non-cash terms, examples in *cash terms*should be used to illustrate how the charging structure will be applied in practice.

6.1A.20 G

A firm is unlikely to meet its obligations under the fair, clear and not misleading rule and the client's best interests rule unless it ensures that:

- (1) the charging structure it discloses reflects, as closely as is practicable, the total *adviser charge* to be paid; for example, the *firm* should avoid using a wide range; and
- (2) if using hourly rates in its charging structure, it states whether the rates are indicative or actual hourly rates, provides the basis (if any) upon which the rates may vary and provides an approximate indication of the number of hours that the provision of each service is likely to require.

6.1A.21 G [deleted]

Ongoing payment of adviser charges

6.1A.22 R

A *firm* must not use an *adviser charge* which is structured to be payable by the *retail client* over a period of time unless (1) or (2) applies:

- (1) the *adviser charge* is in respect of an ongoing service for the provision of *personal recommendations* or related services and:
 - (a) the firm has disclosed that service along with the adviser charge;and
 - (b) the *retail client* is provided with a right to cancel the ongoing service, which must be reasonable in all the circumstances, without penalty and without requiring the *retail client* to give any reason; or
- (2) the adviser charge relates to a retail investment product or a pension transfer, pension conversion or pension opt-out or arrangement with an operator of an electronic system in relation to lending for which an instruction from the retail client for regular payments is in place and the firm has disclosed that no ongoing personal recommendations or service will be provided.

6.1A.22A G

To comply with the *rule* on providing a *retail client* with the right to cancel an ongoing service for the provision of *personal recommendations* or related services without penalty (COBS 6.1A.22R (1)(b)) a *firm* should:

- (1) ensure that any notice period of the *retail client*'s right of cancellation is reasonable:
- (2) not make any charge in respect of cancellation of the ongoing service except for an amount which is in proportion to the extent of the service already provided by the *firm* up to the date of cancellation of the ongoing service; and
- (3) not make cancellation conditional on, for example, requiring the retail client to sell any retail investment products or to assign any P2P agreements to which the ongoing service relates.

R

6.1A.22B R

If a retail client exercises his right to cancel an ongoing service, the firm must clearly disclose to the retail client whether charges for other services provided by the firm, such as custody services, will continue to be payable by the retail client.

6.1A.23

If ■ COBS 6.1A.22R(1) or ■ (2) do not apply, a firm may not offer credit to a retail client for the purpose of paying adviser charges unless this would be in the best interests of the retail client.

Disclosure of total adviser charges payable

6.1A.24 R

- (1) A firm must agree with and disclose to a retail client the total adviser charge payable to it or any of its associates by a retail client.
- (2) A disclosure under (1) must:
 - (a) be in cash terms (or convert non-cash terms into illustrative cash equivalents);
 - (b) be as early as practicable;
 - (c) be in a durable medium or through a website (if it does not constitute a durable medium) if the website conditions are satisfied; and
 - (d) if there are payments over a period of time, include the amount and frequency of each payment due, the period over which the adviser charge is payable and the implications for the retail client if the retail investment product or arrangement with the operator of an electronic system in relation to lending is cancelled before the adviser charge is paid and, if there is no ongoing service, the sum total of all payments.

6.1A.24A G

If the price of the retail investment product may vary as a result of fluctuations in the financial markets and the adviser charge is expressed as a percentage of that price, a firm need not disclose to the retail client the total adviser charge payable to the firm or any of its associates by the retail client until after execution of the transaction, provided it then does so promptly.

6.1A.25 G A firm may include the information required by the rule on disclosure of total adviser charges (■ COBS 6.1A.24 R) in a suitability report.

G 6.1A.26

To comply with the rule on disclosure of total adviser charges (COBS 6.1A.24 R) and the fair, clear and not misleading rule, a firm's disclosure of the total *adviser charge* should:

- (1) provide information to the *retail client* as to which particular service an adviser charge applied to;
- (2) include information as to when payment of the adviser charge is due;
- (3) inform the retail client if the total adviser charge varies materially from the charge indicated for that service in the firm's charging structure;
- (4) if an ongoing adviser charge is expressed as a percentage of funds under management, clearly reflect in the disclosure that the adviser charge may increase as the fund grows; and

(5) if an ongoing *adviser charge* applies for an ongoing service, clearly confirm the details of the ongoing service, its associated charges, and how the *retail client* can cancel this service and cease payment of the associated charges.

Record keeping

6.1A.27 R

A firm must keep a record of:

- (1) its charging structure;
- (2) the total adviser charge payable by each retail client; and
- (3) if the total *adviser charge* paid by a *retail client* has varied materially from the charge indicated for that service in the *firm*'s charging structure, the reasons for that difference.

Retail investment product provider, operator of an electronic system in relation to lending, and platform service provider requirements relating to adviser charging and remuneration

Application - Who? What?

- 6.1B.1 R
- (1) This section applies to:
 - (a) a firm which is a retail investment product provider;
 - (b) in relation to COBS 6.1B.9 R, COBS 6.1B.10 G and COBS 6.1B.11 G, a platform service provider; and
 - (c) a firm which is an operator of an electronic system in relation to lending;

in circumstances where a retail client receives a personal recommendation in relation to a retail investment product or P2P agreement and also where a retail investment product transaction is executed by a platform service provider and no personal recommendation has been made.

- (2) This section does not apply to a retail investment product provider in circumstances where a firm gives advice or provides services to an employer in connection with a group personal pension scheme or group stakeholder pension scheme.
- 6.1B.1A

■ PERG 8.30B (Personal recommendations) describes what is meant by a personal recommendation in the context of the definition of the regulated activity of advising on investments (except P2P agreements). That guidance is also relevant to the meaning of personal recommendation in this section in relation to a retail investment product. The guidance in ■ PERG 8.24 to ■ PERG 8.30B does not apply to the regulated activity of advising on P2P agreements.

- 6.1B.1B
- In this section, COBS 6.1B.5AR and COBS 6.1B.7AR are not relevant in circumstances where a retail client receives a personal recommendation in relation to a P2P agreement.
- This section does not apply to a firm when a retail client receives basic advice 6.1B.2 in accordance with the basic advice rules.

6.1B.2A

R

This section does not apply to a *firm* in circumstances where a *retail client* receives a *personal recommendation* in relation to one of the *firm*'s *Holloway sickness policies*, provided that the *Holloway policy special* application conditions are met.

6.1B.3

G

This section applies to a firm when it makes a personal recommendation on a retail investment product or P2P agreement and where a retail investment product for which it is the retail investment product provider or P2P agreement which it facilitates as the operator of an electronic system in relation to lending is the subject of a personal recommendation made by another firm.

Application - Where?

6.1B.4

This section does not apply if the retail client is outside the United Kingdom.

Requirement not to offer commissions

6.1B.5 R

- (1) Except as specified in ■COBS 6.1B.5AR, a firm must not offer or pay (and must ensure that none of its associates offers or pays) any commissions, remuneration or benefit of any kind to another firm, or to any other third party for the benefit of that firm, in connection with that firm's business of advising (or any related services), except those that facilitate the payment of adviser charges from a retail client's investments in accordance with this section.
- (2) Paragraph (1) does not apply to minor non-monetary benefits which meet the requirements of:
 - (a) COBS 2.3A.19R, in connection with the provision of *investment* services; or
 - (b) COBS 6.1A.5AR(2), in connection with other business.

6.1B.5-A G

The *guidance* in ■ COBS 6.1A.5BG is also relevant for the purposes of ■ COBS 6.1B.5R(2).

6.1B.5A R

A firm and its associates may:

- (1) offer and pay a commission, remuneration or benefit of any kind in the circumstances set out in COBS 6.1B.5 R if:
 - (a) the *personal recommendation* was made on or before 30 December 2012;
 - (b) the offer and payment was permitted by the *rules* in force on 30 December 2012;
 - (c) the contract under which the right to receive the commission, remuneration or benefit of any kind was entered into on or before 30 December 2012;
 - (d) the terms of that contract as at 30 December 2012 included the right to receive the commission, remuneration or benefit of any kind; and
 - (e) the *retail client* enters into the transaction in respect of which the *personal recommendation* was given within a reasonable time of the *personal recommendation* being given; and

(2) enter into an arrangement under which the right to receive the commission, remuneration or benefit of any kind in (1) is transferred to another firm or its associate.

6.1B.5B

A firm may continue paying commission, remuneration or benefits of any kind to another firm in relation to a personal recommendation made by that other firm in circumstances where that other firm may accept that commission, remuneration or benefit of any kind (see ■ COBS 6.1A.4A R and ■ COBS 6.1A.4AA G).

G [deleted]

Distinguishing product and P2P platform charges from adviser

R 6.1B.7

A firm must:

- (1) take reasonable steps to ensure that its retail investment product charges or its charges as an operator of an electronic system in relation to lending are not structured so that they could mislead or conceal from a retail client the distinction between those charges and any adviser charges payable in respect of its retail investment products or investments in P2P agreements made through the system of which it is the operator of an electronic system in relation to lending;
- (2) not include in any marketing materials in respect of its retail investment products, the service it offers as an operator of an electronic system in relation to lending or facilities for collecting adviser charges any statements about the appropriateness of levels of adviser charges that a firm could charge in making personal recommendations or providing related services in relation to its retail investment products or investments through the system in relation to which it is the operator of an electronic system in relation to lending ; and
- (3) not defer, discount or rebate retail investment product charges or its charges as an operator of an electronic system in relation to lending in a way that offsets or may appear to offset any adviser charges or platform charges that are payable, including by maintaining retail investment product charges or its charges as an operator of an electronic system in relation to lending at a level such that a cash rebate, other than a cash rebate permitted by ■ COBS 6.1B.7A R or ■ COBS 6.1E.10R (2), is payable to the retail client.

6.1B.7A R

A retail investment product provider may maintain retail investment product charges at a level such that a cash rebate is payable to the retail client if:

- (1) the retail investment product transaction was agreed on or before 5 April 2014 and executed within a reasonable time of that agreement;
- (2) the retail client's right to receive the cash rebate arose on or before 5 April 2014; and
- (3) on or after 6 April 2014 no change is made to that product, or, where there is such a change on or after 6 April 2014, only in relation to the unchanged part of that product.

- 6.1B.7B
- G

In the FCA's view, if the platform service provider retained any part of a rebate on or before 5 April 2014, the retail client is unlikely to have had a right to receive that part of the rebate.

6.1B.7C G

The following examples do not entail changes to the *retail investment* product:

- (1) no change is made to the *retail client's* investment in the relevant product or to the level of the *retail client's* regular contributions into that product;
- (2) the *retail client*'s investment in, or regular contribution to, the relevant product is reduced: the *retail investment product* provider may continue to pay the cash rebate associated with the reduced investment amount;
- (3) the *retail client's* investment in the relevant product is transferred from accumulation *units* to income *units* or vice versa;
- (4) part of the retail client's investment is switched between funds within a retail investment product, such as a SIPP, or a retail investment product wrapper, such as an ISA: the retail investment product provider may continue to pay the cash rebate associated with the part of the retail client's investment which has not been switched into another fund:
- (5) the level of cash rebate payable to the retail client is reduced;
- (6) the product is converted to a share class which does not pay a commission, remuneration or benefit of any kind to a *firm* and is otherwise unchanged.
- 6.1B.8
- G

■ COBS 6.1B.7 R does not prevent a *firm* from offering a promotional discount to a *retail client* in the form of extra *units* or additional investment, but a *firm* should not offer to invest more than 100% of the *retail client*'s investment.

Requirements on firms facilitating the payment of adviser charges

6.1B.9

R

■ COBS 6.1B.7 R does not prevent a *firm* from offering a promotional discount to a *retail client* in the form of extra *units* or additional investment, but a *firm* that offers to facilitate, directly or through a third party, the payment of *adviser charges*, including by means of a *platform service* must:

- (1) obtain and validate instructions from a *retail client* in relation to an *adviser charge*;
- (2) offer sufficient flexibility in terms of the *adviser charges* it facilitates; and
- (3) not pay out or advance adviser charges to the firm to which the adviser charge is owed over a materially different time period, or on a materially different basis to that in which it recovers the adviser charge from the retail client (including paying any adviser charges to the firm that it cannot recover from the retail client).

- 6.1B.9A G A firm facilitates the payment of adviser charges for the purposes of COBS 6.1B.9 R if the adviser charge is not paid directly by the retail client, but is instead paid on behalf of the retail client via the firm.
- G 6.1B.9B A firm may facilitate the payment of adviser charges for the purposes of ■ COBS 6.1B.9 R by:
 - (1) selling all or part of the retail client's retail investment product to pay the adviser charge; or
 - (2) disposing of or reducing all or part of the retail client's rights under the retail investment product (for example, by way of a part disposal which creates benefits under a life policy) to pay the adviser charge;
 - (3) separating out an amount or amounts for the payment of the adviser charge from the amount received from the retail client to be invested or from the premium in the case of a life policy; or
 - (4) paying the adviser charge from the retail client's cash account.
- 6.1B.10 A firm should consider whether the flexibility in levels of adviser charges it offers to facilitate is sufficient so as not to unduly influence or restrict the charging structure and adviser charges that the firm providing the personal recommendation or related services can use.
- 6.1B.11 G ■ COBS 6.1B.9R(3) does not prevent a firm, if this is in the retail client's best interests, from entering into an agreement with another firm which is providing a personal recommendation to a retail client, or with a retail client of such a firm, to provide it with credit separately in accordance with the rules and guidance on providing credit and other benefits to firms that provide personal recommendations on retail investment products or P2P agreements (see ■ COBS 2.3.12 E, ■ COBS 2.3.12A G), ■ COBS 2.3A.27E and ■ COBS 2.3A.28G).

6.1C **Consultancy charging and** remuneration

Application - Who? What?

6.1C.1 R

- (1) This section applies to a *firm* that gives advice, or provides services, to an employer in connection with a group personal pension scheme or group stakeholder pension scheme.
- (2) Without prejudice to (1), this section does not apply to a firm that makes a personal recommendation to a retail client in relation to a retail investment product.

Application - Where?

6.1C.2 R This section does not apply if the employer is outside the *United Kingdom*.

.....

6.1C.3 R

Interpretation In this section 'giving advice, or providing services, to an employer in connection with a group personal pension scheme or group stakeholder pension scheme' includes:

- (1) giving advice or assistance to an employer on the operation of such a scheme:

6.1C.11 A firm must determine and use an appropriate charging structure for calculating its consultancy charge for each employer.

6.1C.12 G A *firm* can use a standard charging structure.

6.1C.13 G (1) In determining its charging structure and consultancy charges a firm should have regard to the best interests of the employer and the employer's employees.

> (2) A firm may not be acting in the best interests of the employer and the employer's employees if it:

- (3) Firms are reminded that the client's best interests rule may also apply.

6.1C.14 R A firm must not use a charging structure which conceals the amount or purpose of any of its consultancy charges from an employer or an employee.

6.1C.15 G A firm is likely to be viewed as operating a charging structure that conceals the amount or purpose of its consultancy charges if, for example, it makes arrangements for amounts in excess of its consultancy charges to be deducted from an employee's investments from the outset, in order to be able to provide a cash payment to the employer or employee later.

Initial information for clients on the cost of consultancy services

6.1C.16

6.1C.17

G

R

A *firm* should ensure that the disclosure of its charging structure is in clear and plain language and, as far as is practicable, uses *cash terms*. If a *firm*'s charging structure is in non-cash terms, examples in *cash terms* should be used to illustrate how the charging structure will be applied in practice.

Disclosure of total consultancy charges payable

6.1C.18

- (1) A *firm* must agree with and disclose to an employer the total *consultancy charge* payable to it or any of its *associates*.

 - (b) be made as early as practicable and, in any event, before the employer:
 - (i) selects a particular group personal pension scheme or group stakeholder pension scheme for the benefit of its employees; or
 - (ii) if applicable, reviews its *group personal pension scheme* or *group stakeholder pension scheme* arrangements;
 - (c) be in a *durable medium* or through a website (if it does not constitute a *durable medium*) if the *website conditions* are satisfied;
 - (d) if there are payments over a period of time, include:

 - (ii) the period over which the consultancy charge is payable;
 - (iii) an explanation of the implications for the employer and its employees if an employee leaves the employer's service; and
 - (iv) an explanation of the implications for the employer and its employees if contributions to the *group personal pension* scheme or *group stakeholder pension scheme* are cancelled before the *consultancy charge* is fully paid.

6.1C.19 G

To comply with the *rule* on disclosure of total *consultancy charges* payable (COBS 6.1C.18R) and the *fair, clear and not misleading rule*, a *firm*'s disclosure of the total *consultancy charge* should:

- (1) provide information to the employer as to which particular service a consultancy charge applies;
- (2) include information as to when payment of the *consultancy charge* is due;
- (3) if an ongoing *consultancy charge* is expressed as a percentage of funds under management, clearly reflect in the disclosure how that *consultancy charge* may increase as the fund grows.

6.1C.20

R

firm, its services and remuneration

- (1) may make a consultancy charge for the cost of preparing and giving advice to each employee who chooses to accept his employer's offer of advice:
- (2) must not make a consultancy charge for the cost of preparing or giving advice to an employee who chooses not to accept the offer of advice;

- (1) that the firm will be providing a personal recommendation on a group personal pension scheme and/or group stakeholder pension scheme provided by the employer;
- (2) whether the employee will be provided with a personal recommendation that is restricted to the group personal pension scheme or group stakeholder pension scheme provided by the employer or the recommendation will also cover other products; and

6.1D Product provider requirements relating to consultancy charging and remuneration

Application - Who? What?

This section applies to a *firm* that is a *group personal pension scheme* or *group stakeholder pension scheme* provider, but only if the *firm* providing the relevant scheme (or another *firm*) gives advice, or provides services, to an employer in connection with that scheme.

Application - Where?

6.1D.2 R This section does not apply if the employer is outside the *United Kingdom*.

Interpretation

6.1D.3 In this section 'giving advice, or providing services, to an employer in connection with a group personal pension scheme or group stakeholder pension scheme' includes:

- (1) giving advice or assistance to an employer on the operation of such a scheme;
- (2) taking, or helping the employer to take, the steps that must be taken to enable an employee of the employer to become a member of such a *scheme*; and
- (3) giving advice to an employee, pursuant to an agreement between the employer and the advisor, about the benefits that are, or might be, available to the employee if he is, or if he becomes, a member of such a scheme.

- (1) Except as specified in ■COBS 6.1D.6A R, a *firm* must not offer or pay (and must ensure that none of its *associates* offers or pays) any commissions, remuneration or benefit of any kind to another *firm*, an *employee benefit consultant* or to any other third party for the benefit of that *firm*, *employee benefit consultant* or third party in relation to the sale or purchase of:
 - (a) a group personal pension scheme or group stakeholder pension scheme, whether or not that sale or purchase is accompanied or facilitated by advice given to the purchasing employer or the employer's employees; or

■ Release 42 • Dec 2024

- (b) an investment, if that sale or purchase is, or was, for the benefit of an occupational pension scheme established as an alternative to a group personal pension scheme or group stakeholder pension scheme.
- (2) Except in connection with a qualifying scheme, paragraph (1)(a) does not prevent a firm from making a payment to a third party that has facilitated the payment of a consultancy charge from a group personal pension scheme or group stakeholder pension scheme, provided that that payment is only in respect of that facilitation.
- (3) For the purposes of (1)(b) only, an occupational pension scheme will be established as an alternative to a group personal pension scheme or group stakeholder pension scheme if, in order to meet the most material of its objectives, an employer could reasonably have chosen to establish an occupational pension scheme on the one hand, or a group personal pension scheme or group stakeholder pension scheme on the other, and it chose to establish an occupational pension scheme.
- 6.1D.5 The requirement not to offer or pay commission does not prevent a firm from making a payment to a third party in respect of administration or other charges incurred, for example a payment to a fund supermarket or a third party administrator.
- 6.1D.6 R A firm that produces a group personal pension scheme or group stakeholder pension scheme must not offer or make any credit available out of its own funds, and to or for the benefit of another firm, an employee benefit consultant or another third party.
- 6.1D.6A R A firm and its associates may, except in connection with a qualifying scheme:
 - (1) offer and pay a commission, remuneration or benefit of any kind in the circumstances set out in ■ COBS 6.1D.4 R if:
 - (a) the employer's part of the relevant scheme was established on or before 30 December 2012; and
 - (b) the offer or payment was permitted by the rules in force on 30 December 2012: and
 - (2) enter into an arrangement under which the right to receive the commission, remuneration or benefit of any kind in (1) is transferred to another firm or its associate.

Distinguishing product charges from consultancy charges

- 6.1D.7 R A firm must:
 - (1) take reasonable steps to ensure that its group personal pension scheme and group stakeholder pension scheme charges are not structured so that they could mislead or conceal from an employer the distinction between those charges and any consultancy charges payable in respect of the scheme; and
 - (2) not include in any marketing materials in respect of its group personal pension schemes or group stakeholder pension schemes any

statements about the appropriateness of levels of *consultancy charges* that a *firm* could charge in giving advice to an employer in relation to a such a scheme.

6.1D.8 G

A firm should not offer to invest more than 100% of the retail client's contribution to a group personal pension scheme or group stakeholder pension scheme.

Requirements on firms facilitating the payment of consultancy charges

6.1D.9 R

A *firm* that offers to facilitate, directly or through a third party, the payment of *consultancy charges* must:

- (1) obtain and validate instructions from the relevant employer in relation to the *consultancy charge*;
- (2) offer sufficient flexibility in terms of the *consultancy charges* it facilitates;
- (3) not pay out or advance consultancy charges to the firm to which the consultancy charge is owed over a materially different time period, or on a materially different basis to that in which it recovers the consultancy charges from the employee (including paying any consultancy charges to the firm that it cannot recover from the employee); and
- (4) ensure that the *consultancy charges* levied do not exceed those agreed between the employee's employer and the relevant adviser (unless the prior written consent of the employee is obtained).
- 6.1D.9A G
- A firm facilitates the payment of consultancy charges for the purposes of COBS 6.1D.9 R if the consultancy charge is not paid directly by the employee, but is instead paid on behalf of the employee via the firm.
- 6.1D.9B G
- A firm facilitates the payment of consultancy charges for the purposes of COBS 6.1D.9 R by:
 - (1) selling all or part of, or rights under, the employee's investment in a group personal pension scheme or group stakeholder pension scheme to pay the consultancy charge; or
 - (2) disposing of or reducing all or part of the employee's rights under the group personal pension scheme or group stakeholder pension scheme (for example, by way of a part disposal which creates benefits under a life policy) to pay the consultancy charge; or
 - (3) separating out an amount or amounts for the payment of the consultancy charge from the amount received from the employer on behalf of the employee or from the premium in the case of a *life policy*.
- 6.1D.10 G
- A *firm* should consider whether the flexibility in levels of *consultancy charges* it offers to facilitate is sufficient so as not to unduly influence or restrict the

charging structure and consultancy charges that the firm providing advice to an employer in relation to a group personal pension scheme or group stakeholder pension scheme can use.

Disclosure of total consultancy charges payable

- 6.1D.11 R A firm must, in good time, provide an employee with sufficient information on the total consultancy charge payable by the employee.
- 6.1D.12 G To comply with ■ COBS 6.1D.11R, a firm's disclosure should be in cash terms (or convert non-cash terms into illustrative cash equivalents) and should:
 - (1) include information as to the period over which the *consultancy* charge is payable;
 - (2) provide information on the implications for the employee if the employee leaves the employer's service or their contributions to the group personal pension scheme or group stakeholder pension scheme are cancelled before the consultancy charge is fully paid.
- 6.1D.13 G A firm may provide the disclosure in ■ COBS 6.1D.11R at the same time as it provides a key features document.

Platform service providers: platform charges

- 6.1E.-1 R This section does not apply if the *retail client* is outside the *United Kingdom*.
- (1) A platform service provider must clearly disclose the total platform charge to the retail client in a durable medium in good time before the provision of designated investment business.
 - (2) In the event that it is not possible to make the disclosure in (1) in good time before the provision of *designated investment business*, the disclosure must be made as soon as practicable thereafter.
- 6.1E.2 G A platform service provider should pay due regard to its obligations under Principle 6 (Customers' interests), Principle 7 (Communications with clients) and the client's best interests rule, and ensure that it presents retail investment products without bias.
- A platform service provider should pay due regard to its obligations under Principle 6 (Customers' interests) and the client's best interests rule and not vary its platform charges inappropriately according to provider or, for substitutable and competing retail investment products, the type of retail investment product.

- **6.1E.4** Except as specified in COBS 6.1E.6 R and COBS 6.1E.7 R, a platform service provider must:

Distinguishing platform charges from product charges and adviser charges

6.1E.8 R

A platform service provider must not arrange for a retail client to buy a retail investment product if:

- (1) the product's charges are presented in a way that offsets or may appear to offset any adviser charges or platform charges that are payable by that retail client; or

R

A firm must not use a platform service as part of a personal recommendation to a retail client in relation to a retail investment product unless it has satisfied itself that the platform service provider, and its associates, only receive remuneration for business carried on in the UK which is permitted by the rules in this section.

 - (1) additional units; or
 - (2) cash, provided that it does not offset or appear to offset any *adviser* charges or platform charges.
- 6.1E.11 G

Examples of a cash share of an annual management charge that would not offset or appear to offset any *adviser charges* or *platform charges* are:

- (1) where the retail client has redeemed his retail investment product; or
- (2) where the value of the payment made to the *retail client* in each month does not exceed £1 for each fund.

6.1E.12 G

If a *platform service provider* passes a share of an annual management charge on to a *retail client* by way of additional *units* or cash, it should pay due regard to its obligations under *Principle* 7 (Communications with clients).

6.1H **Platform switching**

Application

6.1H.1

R

This section applies to a platform service provider in relation to the transfer, or potential transfer, of a retail client's units.

Definitions

6.1H.2 R In this section:

- (1) "transfer" means the process of transferring a client's investment from existing arrangements with a platform service provider ("ceding platform") to separate arrangements with another platform service provider ("receiving platform"), irrespective of whether the assets, rights or interests comprising the *investment* are themselves transferred, or whether any of them are converted, exchanged, sold and replaced by equivalent assets, rights or interests, or realised as part of the process:
- (2) "available scheme" is a fund in which units are available for investment by the client via both the ceding and the receiving platforms;
- (3) "discounted unit class" is a unit class of an available scheme in respect of which the fund manager is remunerated by a lower level of charges than would otherwise apply to the client's investment in the available scheme;
- (4) "in-specie transfer" refers to a transfer of the client's units which is given effect via re-registration of the ownership of the units, whether or not the transfer also involves a unit class conversion but in any event without the fund manager redeeming the existing units;
- (5) "fund manager" is the operator, or, to the extent not covered by that term, the AIFM of the available scheme; and
- (6) "unit" includes any right to or interest in a unit.

In-specie transfers and unit class conversions

6.1H.3

Where a *client* contacts a *platform service provider* in connection with a potential transfer of their investment which is, or includes, units, the platform service provider must provide the client with:

> the option of an in-specie transfer of units in an available scheme, provided there are no circumstances outside the control of either the ceding or the receiving platform which would prevent such transfer;

the option of, as part of the transfer, converting the *units* in an available scheme into *units* of a discounted *unit* class, provided *units* in such class are available for *investment* by the *client* via the receiving platform; and

sufficient information in good time about the options above, where they are applicable, to enable the *client* to make an informed decision about what transfer instructions to give.

6.1H.4 R If the *client* instructs the *platform service provider* to proceed with a transfer of *units*, then:

the ceding and receiving platforms must take all reasonable steps to give effect to the *client's* transfer instructions efficiently and within a reasonable time, including cooperating with and promptly providing each other with information as necessary;

if the *client* has chosen an in-specie transfer in accordance with COBS 6.1H.3R(1) and a *unit* class conversion is required to enable or facilitate such transfer, the ceding platform must request the *fund* manager to carry out the relevant *unit* class conversion, and take any other reasonable steps to bring it about; and

if the *client* has chosen a discounted *unit* class in accordance with COBS 6.1H.3R(2), the receiving platform must request the *fund* manager to carry out, and take any other reasonable steps to bring about, the conversion of the units into the appropriate discounted *unit* class.

- 6.1H.5 The obligation to request a *unit* class conversion in COBS 6.1H.4R(2) and (3) only applies to the extent the *platform service provider* is entitled to request it.
- 6.1H.6 R If a platform service provider is unable to give effect to all or part of a client's transfer instructions, it must contact the client at the earliest opportunity to request further instructions.

6.2B.6 R

In this section a "relevant product" is:

- (1) where the client is a retail client in the United Kingdom, a financial instrument, structured deposit or other retail investment product; or
- (2) otherwise, a financial instrument or structured deposit.

[Note: article 1(4) of MiFID]

Interpretation of provisions marked "UK": MiFID business

6.2B.7 R

A firm must treat obligations in relation to financial instruments as extending to other retail investment products when complying with the provisions in this section marked "UK" in the course of MiFID business with a retail client in the United Kingdom.

6.2B.8 G

References to financial instruments include structured deposits (but not other retail investment products) when a firm is complying with the provisions in this section marked "UK" in the course of MiFID business with a retail client outside the United Kingdom or with a professional client.

[Note: article 1(2) of the MiFID Org Regulation]

Interpretation of provisions marked "UK": non-MiFID business

6.2B.9 R

In relation to business that is not *MiFID business*, a *firm* must comply with provisions in this section marked "UK" as if they were *rules* but:

- (1) reading references to financial instruments as including structured deposits and (if the client is a retail client in the United Kingdom) other retail investment products;
- (2) (for business that is not equivalent business of a third country investment firm or MiFID optional exemption business) the firm need not comply with the following provisions of the MiFID Org Regulation:
 - (a) the requirement in paragraph 2 of article 52(1) of the *MiFID Org Regulation* (reproduced in COBS 6.2B.32UK) not to give undue prominence to their *independent advice* services;
 - (b) the requirement in article 52(4) of the MiFID Org Regulation (reproduced in COBS 6.2B.36UK) to distinguish the range of financial instruments issued or provided by entities not being closely linked with the firm; and
 - (c) the requirement in article 53(3)(c) of the MiFID Org Regulation (reproduced in COBS 6.2B.29UK) that a firm does not allow a

natural person to provide both independent advice and restricted advice.

Interpretation: non-independent advice and restricted advice

G 6.2B.10 This section refers to both "restricted advice" and "non-independent advice". These terms have the same meaning.

Firms holding themselves out as independent

6.2B.11 R If a firm informs a client that it provides independent advice, that firm must assess a sufficient range of relevant products available on the market which must:

- (1) be sufficiently diverse with regard to their:
 - (a) type; and
 - (b) issuers or product providers, to ensure that the *client's* investment objectives can be suitably met; and
- (2) not be limited to relevant products issued or provided by:
 - (a) the firm itself or by entities having close links with the firm; or
 - (b) other entities with which the firm has such close legal or economic relationships, including contractual relationships, as to present a risk of impairing the independent basis of the advice provided.

[Note: article 24(7)(a) of MiFID]

6.2B.12 R ■ COBS 6.2B.11R does not apply to group personal pension schemes if a firm discloses information to a *client* in accordance with the *rule* on *group* personal pension schemes (COBS 6.1C.20AR).

G 6.2B.13 The combined effect of ■ COBS 6.2B.6R and ■ COBS 6.2B.11R is that the assessment undertaken by a *firm* for the purpose of ■ COBS 6.2B.11R must:

- (1) where the client is a retail client in the United Kingdom, include a sufficient range of financial instruments, structured deposits and other retail investment products; or otherwise
- (2) include a sufficient range of financial instruments and structured deposits,

which in each case must meet the requirements as to diversity and scope in ■ COBS 6.2B.11R(1) and ■ (2) respectively.

Requirements for firms providing focused independent advice

G 6.2B.14 A firm that holds itself out as providing independent advice may provide broad and general advice or specialist and specific advice.

[Note: recital 71 to the MiFID Org Regulation]

6.2B.15 UK

53(2)An investment firm that provides investment advice on an independent basis and that focuses on certain categories or a specified range of financial instruments shall comply with the following requirements:

(a) the firm shall market itself in a way that is intended only to attract clients with a preference for those categories or range of financial instruments;

(b) the firm shall require clients to indicate that they are only interested in investing in the specified category or range of financial instruments; and

(c)prior to the provision of the service, the firm shall ensure that its service is appropriate for each new client on the basis that its business model matches the client's needs and objectives, and the range of financial instruments that are suitable for the client. Where this is not the case the firm shall not provide such a service to the client.

[Note: article 53(2) of the MiFID Org Regulation]

6.2B.16 G

- (1) COBS 6.2B.15UK means that a firm providing independent advice need not provide advice on all relevant products. A firm may market itself as, for example, an independent stockbroker that provides independent advice on shares only. A firm might alternatively market itself on the basis of providing independent advice on a particular product market such as ethical and socially responsible investments. The requirements in ■ COBS 6.2B.15UK apply to ensure that clients of a firm that provides independent advice on a focused basis properly understand the nature of the advice that they will receive and that the service is appropriate.
- (2) A firm that provides independent advice in respect of a relatively narrow market should not hold itself out as acting independently in a broader sense. A firm which specialises in providing advice in respect of a particular market might include reference to the provision of independent investment advice in its name. However, it would need to be clear in any marketing materials, and when describing its service, that it only provides independent advice in respect of that particular product market.

Sufficient range

6.2B.17 G

The extent of the assessment which a *firm* is required to undertake in order to meet the requirement to assess a sufficient range of relevant products will depend on:

- (1) the nature of the *independent advice* service provided by the *firm* (general or focused) for the purposes of COBS 6.2B.15UK;
- (2) the investment objectives of the client (■ COBS 6.2B.11R(1)); and
- (3) the *firm's* close links and relationships with product providers and issuers (COBS 6.2B.11R(2)).

6.2B.18 UK

53(1)Investment firms providing investment advice on an independent basis shall define and implement a selection process to assess and compare a sufficient range of financial instruments available on the market in accordance with [■ COBS 6.2B.11R]. The selection process shall include the following elements:

> (a) the number and variety of financial instruments considered is proportionate to the scope of investment advice services offered by the independent investment adviser;

> (b) the number and variety of financial instruments considered is adequately representative of financial instruments available on the market;

(c)the quantity of financial instruments issued by the investment firm itself or by entities closely linked to the investment firm itself is proportionate to the total amount of financial instruments considered: and

(d)the criteria for selecting the various financial instruments shall include all relevant aspects such as risks, costs and complexity as well as the characteristics of the investment firm's clients, and shall ensure that the selection of the instruments that may be recommended is not biased.

Where such a comparison is not possible due to the business model or the specific scope of the service provided, the investment firm providing investment advice shall not present itself as independent.

[Note: article 53(1) of the MiFID Org Regulation]

6.2B.19 G

(1) ■ COBS 6.2B.11R does not require a firm providing independent advice to assess every relevant product available on the market before making a personal recommendation.

[Note: recital 73 to MiFID]

- (2) Notwithstanding (1), since the assessment conducted by the firm must be such as to ensure the *client's* investment objectives can be suitably met, a firm providing independent advice should be in a position to advise on all types of relevant product within the scope of the market (for the purposes of ■ COBS 6.2B.15UK) on which it provides advice. When the client is a retail client in the United Kingdom, this means being in a position to advise on all types of financial instrument, structured deposit and other retail investment products.
- (3) For example, a firm providing independent advice on personal pension schemes should be in a position to consider all personal pension schemes. What will constitute a sufficient range of personal pension schemes to be considered before providing a client with a personal recommendation will, however, depend upon the investment objectives of that *client*.
- (4) A firm not specialising in a particular market would generally be expected to be in a position to consider all relevant product types which would be capable of meeting the investment objectives of its clients.
- (5) If a firm that provides focused independent advice is not able to recommend a *financial instrument* that would meet the investment

objectives of a *client*, the *firm* should not provide that *client* with a *personal recommendation*. For example, if a *firm* providing *independent advice* on *shares* considered that a *client's* investment objectives would be better met by way of investment in an accumulation product, it should not provide that *client* with a *personal recommendation*.

Guidance on the independence standard

6.2B.20 G

A personal recommendation on a relevant product that invests in a number of underlying relevant products would not of itself enable the *firm* providing the personal recommendation to satisfy the requirement to have considered a sufficient range of relevant products which are sufficiently diverse (
COBS 6.2B.11R), even if the relevant product invests in a wide range of underlying *investments*.

6.2B.21 G

The effect of ■COBS 6.2B.11R(2) is that a *firm* which is subject to any form of agreement with an issuer or provider of relevant products that confines that *firm* to providing advice on relevant products issued or provided by that other *person* only will not be in a position to provide *independent advice*.

6.2B.22 G

The fact that a *firm* is owned by, or owns, in whole or in part, the issuer or provider of relevant products does not prevent that *firm* from providing *independent advice*, provided that the *firm's* assessment of relevant products is:

- (1) not limited to relevant products issued or provided by that related issuer or provider (■ COBS 6.2B.11R(2));
- (2) proportionate; and
- (3) not biased (■ COBS 6.2B.18UK).

6.2B.23 G

In providing *independent advice* to a *retail client* in the *United Kingdom* a *firm* should consider financial products other than relevant products which are capable of meeting the investment needs and objectives of that *retail client*, examples of which could include national savings and investments (ns&i) products and *cash deposit ISAs*.

Use of platforms

6.2B.24 R

A firm which:

- (1) holds itself out to a *retail client* in the *United Kingdom* as acting independently; and
- (2) relies upon a single *platform service* to facilitate the majority of its *personal recommendations*,

must ensure that, as appropriate, the selection of relevant products made available by the *platform service provider* is such as to enable the *firm* to satisfy the requirements of COBS 6.2B.11R.

6.2B.25

G

G

When a firm considers whether a platform service provider's selection of relevant products enables it to satisfy the requirements of ■ COBS 6.2B.11R, a firm should take into account any fees, commission or non-monetary benefits the platform service provider receives in relation to those relevant products.

Use of panels

6.2B.26

A firm providing independent advice may satisfy the requirement to assess a sufficient range of relevant products which are sufficiently diverse (COBS 6.2B.11R) by using 'panels'. Such a firm would need to ensure that any panel is sufficiently broad in its composition to enable the firm to make personal recommendations based on an assessment of a sufficient range of relevant products available on the market which are sufficiently diverse. The firm would need to review the panel regularly and ensure that the client's investment objectives can be suitably met.

6.2B.27

G

When using a panel a firm may exclude a certain type or class of relevant product from the panel if, after review, there is a valid reason, consistent with this section and the client's best interests rule, for doing so.

6.2B.28

If a firm providing independent advice chooses to engage a third party to conduct an assessment of the relevant products available on the market, the firm remains responsible for complying with the requirements of ■ COBS 6.2B.11R to ensure that its advice is based on an assessment of a sufficient range of relevant products which are sufficiently diverse as to ensure that the client's investment objectives can be suitably met.

Requirements for firms providing both independent and restricted advice

6.2B.29 UK

53(3)An investment firm offering investment advice on both an independent basis and on a non-independent basis shall comply with the following obligations:

(a)in good time before the provision of its services, the investment firm has informed its clients, in a durable medium, whether the advice will be independent or non-independent in accordance with [COBS 6.2B.33R] and the relevant implementing measures;

(b) the investment firm has presented itself as independent for the services for which it provides investment advice on an independent basis; and

(c) the investment firms has adequate organisational requirements and controls in place to ensure that both types of advice services and advisers are clearly separated from each other and that clients are not likely to be confused about the type of advice that they are receiving and are given the type of advice that is appropriate for them. The investment firm shall not allow a natural person to provide both independent and non-independent advice.

[Note: article 53(3) of the MiFID Org Regulation]

6.2B.30

G

A firm that offers an unlimited range of regulated mortgage contracts, or gives advice in relation to contracts of insurance on the basis of a fair

analysis, but offers restricted advice on relevant products should not hold itself out as acting independently for its business as a whole, for example by holding itself out as an independent financial adviser. However, it may disclose that it offers an unlimited range of regulated mortgage contracts or gives advice in relation to contracts of insurance on the basis of a fair analysis provided it makes clear in accordance with the fair, clear and not misleading rule (COBS 4.2.1R) that it provides restricted advice on relevant products.

6.2B.31 G

A firm that provides basic advice on stakeholder products may still use the facilities and stationery it uses for other business in accordance with the rule on basic advice on stakeholder products: other issues (COBS 9.6.17 R (2)).

6.2B.32 UK

52(1)Where advice is offered or provided to the same client on both an independent and non-independent basis, investment firms shall explain the scope of both services to allow investors to understand the differences between them and not present itself as an independent investment adviser for the overall activity. Firms shall not give undue prominence to their independent investment advice services over non-independent investment services in their communications with clients.

[Note: article 52(1) of the MiFID Org Regulation]

Disclosing the nature of advice provided

6.2B.33 R

- (1) A *firm* must disclose to a *client*, in good time before the provision of *investment advice* or *basic advice*:
 - (a) whether its advice will be:
 - (i) independent advice; or
 - (ii) restricted advice;
 - (b) whether the advice will be based on a broad or more restricted analysis of different types of relevant products; and
 - (c) where the advice will be *restricted advice*, whether the range will be limited to relevant products issued or provided by entities having close links with the *firm* or any other legal or economic relationships, such as contractual relationships, so as to present a risk of impairing the independent basis of the advice provided.

[Note: article 24(4)(a)(i) and (ii) of MiFID]

- (2) A *firm* must include the term "independent advice" or "restricted advice" or both, as relevant, in the disclosure.
- 6.2B.34 R
- (1) A *firm* must provide the information required by ■COBS 6.2B.33R in a comprehensible form in such a manner that the *client* is reasonably able to understand the nature and risks of the *investment service* and of the specific type of *financial instrument* that is being offered and, consequently, to take investment decisions on an informed basis.
- (2) That information may be provided in a standardised format.

[Note: article 24(5) of MiFID]

6.2B.35 UK

52(1)Investment firms shall explain in a clear and concise way whether and why investment advice qualifies as independent or non-independent and the type and nature of the restrictions that apply, including, when providing investment advice on an independent basis, the prohibition to receive and retain inducements.

[Note: article 52(1) of the MiFID Org Regulation]

6.2B.36 UK

52(2)Investment firms providing investment advice, on an independent or non-independent basis, shall explain to the client the range of financial instruments that may be recommended, including the firm's relationship with the issuers or providers of the instruments.

52(3)Investment firms shall provide a description of the types of financial instruments considered, the range of financial instruments and providers analysed per each type of instrument according to the scope of the service, and, when providing independent advice, how the service provided satisfies the conditions for the provision of investment advice on an independent basis and the factors taken into consideration in the selection process used by the investment firm to recommend financial instruments, such as risks, costs and complexity of the financial instruments.

52(4)When the range of financial instruments assessed by the investment firm providing investment advice on an independent basis includes the investment firm's own financial instruments or those issued or provided by entities having close links or any other close legal or economic relationship with the investment firm as well as other issuers or providers which are not linked or related, the investment firm shall distinguish, for each type of financial instrument, the range of the financial instruments issued or provided by entities not having any links with the investment firm.

[Note: article 52(2), (3) and (4) of the MiFID Org Regulation]

Medium of disclosure

6.2B.37

A firm should provide the disclosure information required by the rule on describing the breadth of a firm's advice service (COBS 6.2B.33R) in a durable medium or through a website (if it does not constitute a durable medium) provided the website conditions are satisfied.

Additional oral disclosure for firms providing restricted advice

6.2B.38

If a firm provides restricted advice and engages in spoken interaction with the retail client, in addition to the disclosure required by ■ COBS 6.2B.33R, a firm must disclose orally in good time before the provision of its investment advice that it provides restricted advice and the nature of that restriction.

G 6.2B.39

Examples of statements which would comply with ■ COBS 6.2B.38R include:

- (1) "I am a [Firm X] adviser offering restricted advice, which means that my advice is restricted to advice on [Firm X] [products/stakeholder products] only"; or
- (2) "I am a [Firm X] adviser offering restricted advice, which means that my advice is restricted to advice on [products/stakeholder products] from a limited number of companies that [Firm X] has selected".

COBS 6: Information about the firm, its services and remuneration

Record keeping

6.2B.40

G

Firms are reminded of the general record keeping requirements in ■ SYSC 3.2 and ■ SYSC 9. A firm should keep appropriate records of the disclosures required by this section.

.....

Systems and controls

6.2B.41 G

- (1) Firms are reminded of the systems and controls requirements in SYSC.
- (2) A *firm* providing *restricted advice* should take reasonable care to establish and maintain appropriate systems and controls to ensure that if there is no relevant product in the *firm's* range of products which meets the investment needs and objectives of the *client*, no *personal recommendation* should be made.
- (3) A *firm* specialising in a particular market should take reasonable care to establish and maintain appropriate systems and controls to ensure that it does not make a *personal recommendation* if there is a relevant product outside the market on which it provides *investment advice* which would meet the investment needs and objectives of the *client*.

6.4 Disclosure of charges, remuneration and commission

......

Application

- 6.4.1 This section applies to a *firm* when it sells or *arranges* the sale of a *packaged* product to a retail client and the firm's services to sell or arrange are not in connection with the provision of a personal recommendation.
- G 6.4.2 [deleted]

Disclosure of commission (or equivalent) for packaged products

- R 6.4.3
- (1) If a firm sells or arranges the sale of a packaged product to a retail client, and subsequently if the retail client requests it, the firm must disclose to the client in cash terms.
 - (a) any commission receivable by it or any of its associates in connection with the transaction;
 - (b) if the firm is also the product provider, any commission or commission equivalent payable in connection with the transaction: and
 - (c) if the firm or any of its associates is in the same immediate group as the product provider, any commission equivalent in connection with the transaction.
- (2) Disclosure "in cash terms" in relation to commission does not include the value of any indirect benefits listed in the table at ■ COBS 2.3.15 G.
- (3) In determining the amount to be disclosed as commission equivalent, a firm must put a proper value on the cash payments, benefits and services provided to its representatives in connection with the transaction.
- (4) This rule does not apply if:
 - (a) the firm is acting as an investment manager; or
 - (b) the retail client is not present in the United Kingdom at the time of the transaction; or
 - (c) the firm provides the client with a key features document, a key investor information document, an EEA key investor information document or a NURS-KII document, in accordance with ■ COBS 14, provided that the firm discloses to the client the actual amount or value of commission or equivalent within five business days of effecting the transaction.

COBS 6/68

- (5) If the terms of a packaged product are varied in a way that results in a material increase in commission or commission equivalent, a firm must disclose to a retail client in writing any consequent increase in commission or equivalent receivable by it in relation to that transaction.
- 6.4.4 G Where a *firm* is required to disclose the value of *commission equivalent*, the value will be at least as high as the amount of any *commission*.
- The *indicative adviser charge* must be at least reasonably representative of the cost of the services associated with making the *personal* recommendation in relation to the *pure protection contract*.
- 6.4.4C G An *indicative adviser charge* is likely to be reasonably representative of the cost of the services associated with making the *personal recommendation* if:
 - (1) the total expected costs associated with making a *personal* recommendation and distributing the *pure protection contract* will:
 - (a) be recovered through indicative adviser charges; and
 - (b) not be recovered by charges for, or profits from, other services (such as manufacturing and administering the pure protection contract);
 - (2) indicative adviser charges are reasonably capable of being selfsupporting over a period of five years, or longer where this can be shown to be consistent with the *firm's* established payback period; and
 - (3) the *personal recommendation* and any related services were to be provided by an unconnected *firm*, the level of the *indicative adviser charge* would be appropriate in the context of the service being provided by an unconnected *firm*.
- (1) In COBS 6.4.4CG(1), the total costs associated with making a personal recommendation and distributing the pure protection contract include attributable indirect costs of the firm's (or group's) wider business such as firm or group overheads.
 - (2) In COBS 6.4.4CG(2), the *firm's* established payback period is the period of time in which the cash outflows associated with an investment made by the *firm* (or *group*) are expected to be recovered from the cash inflows generated by the *adviser charges*.
- (1) A firm must make the disclosure required by the rule on disclosure of commission or equivalent (■ COBS 6.4.3 R) as close as practicable to the time that it sells or arranges the sale of a packaged product.
 - (2) The firm must make the disclosure:

- (a) in a durable medium; or
- (b) when a retail client does not make a written application to enter into a transaction, orally. In these circumstances, the firm must give written confirmation as soon as possible after the date of the transaction, and in any event within five business days.
- Ε 6.4.6
- (1) When determining the value of cash payments, benefits and services under the rule on disclosure of commission equivalent (COBS 6.4.3 R), a firm should follow the provisions of COBS 6 Annex 6.
- (2) Compliance with this evidential provision may be relied on as tending to establish compliance with ■ COBS 6.4.3 R; and
- (3) Contravention of this evidential provision may be relied on as tending to establish contravention of ■ COBS 6.4.3 R.

Guidance on disclosure requirements for packaged products

- 6.4.7 R A firm must not enter into an arrangement to pay commission other than to the firm responsible for a sale, unless:
 - (1) the firm responsible for the sale has passed on its right to receive the commission to the recipient; or
 - (2) [deleted]
 - (3) the commission is paid following the sale of a packaged product by the firm in response to a financial promotion communicated by that firm to a client of the recipient firm; or
 - (4) the arrangement is with a firm in the same immediate group.
- G 6.4.8 A disclosure made under this section should indicate the timing of any payment. For example, if a firm exchanges its right to future commission payments for a lump sum, whether by way of a loan or other commercial arrangement, it should disclose the amount of commission receivable by it that has been exchanged for the lump sum.
- G 6.4.9 The rules in this section build on the disclosure of fees, commission and nonmonetary benefits made under the rules on inducements (■ COBS 2.3.1 R, ■ COBS 2.3A.5R, ■ COBS 2.3A.6R, ■ COBS 2.3A.15R and ■ COBS 2.3A.16R).
- G 6.4.10 If the precise rate or value of commission or equivalent is not known in advance, the firm should estimate the rate likely to apply to the representative in respect of the transaction.
- Commission or equivalent disclosure statements: content and wording 6.4.11 G

A firm should consider including the following in its written statement of commission:

Amounts or values of *commission* rounded as appropriate to (1) help the *client* understand the document (for example, large amounts might be rounded to three significant figures).

The names of the firms involved in paying and receiving commis-(2)sion or commission equivalent. (3)A plain language description of whether remuneration takes the form of commission or commission equivalent. Commission equivalent could, for example, be described as "remuneration and services received from XYZ Ltd". The timing of payments and period over which they are paid. (4)(5) For payments relating to the client's fund, examples of how much money might be taken, such as: (a) where the commission or equivalent is on an increasing basis, the amount to be taken in the first and tenth year in which it is paid; or where the commission or equivalent is a percentage of (b) the fund, the amount that would taken if the fund was worth a certain value and the amount that would

be taken if the fund was worth twice that value.

Calculating commission equivalent

This table forms part of ■ COBS 6.4.6 E.

Calculating commission equivalent

This table sets out the basis on which the *firm* should determine the value of cash payments, benefits and services to be disclosed as *commission equivalent*. Benefits and services, as set out in parts B and C below, need be included only if their value is such that they could not be provided to a *firm* as a non-monetary benefit listed in the table in COBS 2.3.15 G. The result of the calculation should be that the amounts disclosed as *commission equivalent* are, as far as possible, the same as the amounts and value of *commission* which would be paid in a corresponding sale.

Part A: Cash payments

- 1. These cover all payments by a *firm* to a *representative*, appointed representative or, where applicable, a *tied agent*, or a *firm* in the same *immediate group* in relation to a transaction in a *packaged product*. This includes bonus payments, manager's overrides, extra earnings from other transactions and other payments conditional on amounts of new business.
- 2. In determining the amounts to be included in the calculation, a *firm* should have regard to the following:
 - when the precise rate of commission equivalent is not known in advance (for example, if retrospective volume overrides apply), the firm should estimate the rate likely to apply to the representative in question. When an identical commission equivalent scale applies to all representatives (although they might earn differing percentages of it), the same average amount of commission equivalent (and the value of other benefits and services) in respect of identical transactions may be disclosed, regardless of the percentage of the scale paid to each individual representative. Averaging should not be used for appointed representatives, or, where applicable, tied agents.
 - (b) all credits to an account from which periodic withdrawals may be made should be included.
 - (c) when a payment is made before the *firm* receives the *premium* or the investment monies to which it relates (for example, indemnity *commission* equivalent), it should be included as being received at the time of payment. *Firms* that wish to explain this arrangement to the *clients* are free to do so, provided this does not detract from the required disclosure.
 - (d) when the *firm* arranges for a third party to make a payment to a *representative* in exchange for the income stream to which the *representative* is entitled, or to make a loan to the *representative* on the security or expectation of future payments from the *firm*, this should be treated as if it were a payment from the *firm* at the time of the transaction.
 - (e) when a *firm* provides, or arranges for a third party to provide, a loan to a *representative*, on the security of, or in the expectation of, future payments from the firm, the amounts to be included are the payments to the *representative* on which the provision of the loan is based, as if they were received at the time the transaction was effected, irrespective of their actual timing.
 - (f) when an agent is employed and remunerated by the *firm's appointed* representative, or, where applicable, *tied agent*, the payments to be included should be those made by the *firm* to the *appointed representat-*

ive or tied agent, not those made by the appointed representative or tied agent to its own agent.

Part B: Benefits

3. Benefits include the cost to the firm of all non-monetary benefits provided by it to a representative. A benefit should be included whether or not the representative is liable to income tax on it and whether it is chargeable to tax. Examples of benefits include the use of a car, attendance at conferences, subsidised loans, contributions to pension schemes, national insurance contributions, and the value of share option (taking into account any discount on issue and assuming that the shares in question grow at a reasonable rate in line with other investments).

Part C: Services

- Services include benefits which are not indirect benefits within the table in COBS 2.3.15 4.
- 5. The following services should be included:
 - office accommodation and equipment, including telephone, photocopy-(a) ing and fax;
 - loans where a commercial rate of interest is not charged, including com-(b) mission equivalent advances overdue for repayment;
 - general stationery and mailing or distribution costs; (c)
 - (d) computer hardware and software (except software which specifically relates to the firm's packaged product, such as software used for producing illustrations, projection and product information);
 - clerical and administrative support: (e)
 - business insurance cover, including professional indemnity and fidelity (f) quarantee;
 - recruitment; (g)
 - (h) compliance monitoring;
 - (i) client services;
 - (j) business planning services;
 - (k) line management.
- 6. To put a value on these services, the following costs should be included:
 - all overheads attributable to a particular cost item (for example, the cost (a) of a compliance official);
 - salary costs pro rata if individuals are only engaged part-time on relevant (b) business:
 - (c) rent and associated premises costs at an appropriately reduced rate if the premises are also used for other business activities;
 - only that proportion of the cost of lead generation promotions attribut-(d) able to the generation of relevant business (but including the placing of any financial promotion, and its mailing or provision of access to third party clients);
 - (e) only the marginal additional compliance costs of ensuring that representatives and their support and training material comply with relevant rules;
 - (f) the commercial value of a service which is the use of an asset owned by the firm (for example in the case of a property, its full market rent);
 - in respect of appointed representative, or, where applicable tied agent, (g) the costs of any promotion in a newspaper or elsewhere and the provision of representative-specific literature in connection with a financial promotion;

Calculating commission equivalent

(h) in respect of a firm in the same immediate group and connected appointed representatives or, where applicable, tied agents, where the name of the company is included in the financial promotion, the costs of any promotion in a newspaper or elsewhere and the provision of literature specific to the representative in connection with a financial promotion.

- 7. The following costs should be excluded:
 - (a) the cost of corporate awareness advertising;
 - (b) training costs;
 - (c) costs of developing and maintaining computer systems for the provision of *projections* of benefits, *client*-specific *key features documents* or other product information; or other product information;
 - (d) costs of compensating *clients*;
 - (e) the costs of head office and branch level management and support, other than payments to managers falling under Part 1, for representatives, if these services could also be provided to a firm not in the same immediate group, for example, broker consultants and 'inspectors'.

Part D: Calculation methodology

8. Estimating commission equivalent

The cost of benefits and services should normally be based on the most recent relevant experience of the *firm*, except if the *firm* has grounds to believe that the *commission* equivalent for the period concerned will be higher or lower than that implied by the experience or no such experience is available. In such a case, the estimate should be based on and evidenced by business plans which the *firm* is satisfied are achievable.

- 9. Firms that receive or expect to receive:
 - (a) commission in respect of packaged products which are not its own products or the products of a product provider who is in the same immediate group; and
 - (b) commission equivalent in respect of its own products;

must ensure that the costs and benefits attributed to these products do not exceed the amounts that can be financed from that *commission*.

Construction of commission equivalent scales

- 10. The total costs of cash payments, benefits and services should be assessed and the normal approach is to split them into new business costs and after sale servicing costs. The costs of each of these functions should be assessed directly in relation to the work carried out by the *representatives*.
- 11. (a) The total commission equivalent costs identified in 10 should be spread across the business using a new business commission equivalent scale and a servicing commission equivalent scale respectively.
 - (b) The commission equivalent scales should distinguish between products for which the commission equivalent of representatives is likely to be different.
- 12. If the *representative*'s *commission equivalent* includes a cash payment related to volume and/or value of the transactions sold (which payment must be in accordance with the *client*'s *best interest rule*), the following method would be appropriate:
 - (a) The payment scales should be grossed up by new business uplift factors or servicing uplift factors as appropriate to reflect the cost of benefits and services. The grossed up scales represent the new business and servicing commission equivalent scales, and are applied to each contract to derive the commission equivalent to be disclosed.

COBS 6: Information about the firm, its services and remuneration

(b) If servicing costs are expected to be incurred in any year in which no servicing payments are to be made on a contract, disclosure should still be made, for example by using a technique similar to that described in 14. When a representative receives a salary, or other payment unrelated to 13. (a) volume or sales: (i) this should be amalgamated with the cost of benefits and services; and (ii) the total costs should be apportioned over individual transactions in a way that reflects the value of a contract to a firm or the firm's immediate group. (b) If a firm is a distributor for a product provider within the same immediate group, the firm must apportion total costs over individual transactions in a way that reflects the value of the contract to the firm's immediate group. 14. If a representative agrees to forgo part of his or her normal payment to improve the terms of the contract, the disclosure may be reduced in such a way that fairly reflects the overall effect of the amount foregone. 15. The firm should review the commission equivalent scales if at any time it becomes aware that the commission equivalent figures have become misleading. A review should take place at least annually. Payments to associates 16. If a firm pays commission equivalent to another firm in the same immediate group, or an appointed representative or, where applicable tied agent, which is an associate of the firm, it should ensure that the calculation of the sum to be disclosed is the higher of: all payments, benefits and services provided to the firm or appointed rep-(a) resentative or tied agent, from whatever source, plus an additional allowance for profit of 15% - unless the firm can demonstrate that another figure (higher or lower) is more appropriate; and the cash payments actually paid by the firm, plus the value of services (b) provided.

Examples are the management fees (in Table 1, this refers to management fees charged by an investment firm providing the service of portfolio management to its clients, while in Table 2 this refers to management fees charged by an investment fund manager to its investor) and broker commissions (in Table 1, this refers to commissions incurred by the investment firm when trading on behalf of its clients, while in Table 2 this refers to commissions paid by investment funds when trading on behalf of the fund).
- ² Switching costs should be understood as costs (if any) that are incurred by investors by switching from one investment firm to another investment firm.
- ³ Broker commissions should be understood as costs that are charged by investment firms for the execution of orders.
- ⁴ Structuring fees should be understood as fees charged by manufacturers of structured investment products for structuring the products. They may cover a broader range of services provided by the manufacturer.

Providing basic advice on a stakeholder product

9.2 **Assessing suitability**

[Note: The FCA has also issued non-Handbook guidance for firms who advise on pension transfers. See https://www.fca.org.uk/publication/finalisedguidance/fg21-3.pdf]

Assessing suitability: the obligations

9.2.1 R

- (1) A firm must:
 - (a) take reasonable steps to ensure that a personal recommendation, or a decision to trade, is suitable for its client; and
 - (a) ensure that any life policy proposed is consistent with the client's insurance demands and needs.
- (2) When making the personal recommendation or managing his investments, the firm must obtain the necessary information regarding the client's:
 - (a) knowledge and experience in the investment field relevant to the specific type of designated investment or service;
 - (b) financial situation; and
 - (c) investment objectives;

so as to enable the firm to make the recommendation, or take the decision, which is suitable for the client and for a life policy, to propose a contract that is consistent with the client's insurance demands and needs.

[Note: recital 44 to, and second paragraph of article 20(1), of the IDD]

9.2.1A G

A client's insurance demands and needs are those which would need to be obtained under COBS 7.3 where a contract is sold without the provision of a personal recommendation.

9.2.2 R

- (1) A firm must obtain from the client such information as is necessary for the firm to understand the essential facts about him and have a reasonable basis for believing, giving due consideration to the nature and extent of the service provided, that the specific transaction to be recommended, or entered into in the course of managing:
 - (a) meets his investment objectives;
 - (b) is such that he is able financially to bear any related investment risks consistent with his investment objectives; and
 - (c) is such that he has the necessary experience and knowledge in order to understand the risks involved in the transaction or in the management of his portfolio.
- (2) The information regarding the investment objectives of a client must include, where relevant, information on the length of time for which

- he wishes to hold the investment, his preferences regarding risk taking, his risk profile, and the purposes of the investment.
- (3) The information regarding the financial situation of a *client* must include, where relevant, information on the source and extent of his regular income, his assets, including liquid assets, investments and real property, and his regular financial commitments.
- 9.2.3 The information regarding a *client's* knowledge and experience in the investment field includes, to the extent appropriate to the nature of the *client*, the nature and extent of the service to be provided and the type of product or transaction envisaged, including their complexity and the risks involved, information on:
 - (1) the types of service, transaction and *designated investment* with which the *client* is familiar;
 - (2) the nature, volume, frequency of the *client's* transactions in *designated investments* and the period over which they have been carried out;
 - (3) the level of education, profession or relevant former profession of the *client*.
- 9.2.4 R A firm must not encourage a client not to provide information for the purposes of its assessment of suitability.

Reliance on information

9.2.5 A *firm* is entitled to rely on the information provided by its *clients* unless it is aware that the information is manifestly out of date, inaccurate or incomplete.

Insufficient information

- 9.2.6 If a *firm* does not obtain the necessary information to assess suitability, it must not make a *personal recommendation* to the *client* or take a decision to trade for him.
- 9.2.7 Although a *firm* may not be permitted to make a *personal recommendation* or take a decision to trade because it does not have the necessary information, its *client* may still ask the *firm* to provide another service such as, for example, to arrange a deal or to deal as agent for the *client*. If this happens, the *firm* should ensure that it receives written confirmation of the instructions. The *firm* should also bear in mind the *client's best interests rule* and any obligation it may have under the *rules* relating to appropriateness when providing the different service (see COBS 10, Appropriateness (for non-advised services)) and COBS 10A, Appropriateness (for non-advised services) (MiFID and insurance-based investment products provisions)).
- 9.2.8 R [deleted]

Friendly society life policies

9.2.9

- (1) When recommending a small friendly society life policy, a firm, for the purpose of assessing suitability, need only obtain details of the net income and expenditure of the client and his dependants.
- (2) A friendly society life policy is small if the premium:
 - (a) does not exceed £50 a year; or
 - (b) if payable weekly, £1 a week.
- (3) The firm must keep for five years a record of the reasons why the recommendation is considered suitable.

9.3 Guidance on assessing suitability

9.3.1 G

- (1) A transaction may be unsuitable for a *client* because of the risks of the *designated investments* involved, the type of transaction, the characteristics of the order or the frequency of the trading.
- (2) In the case of *managing investments*, a transaction might also be unsuitable if it would result in an unsuitable portfolio.

[deleted]

Churning and switching

9.3.2 G

- (1) A series of transactions that are each suitable when viewed in isolation may be unsuitable if the recommendation or the decisions to trade are made with a frequency that is not in the best interests of the client.
- (2) A *firm* should have regard to the *client*'s agreed investment strategy in determining the frequency of transactions. This would include, for example, the need to switch a *client* within or between *packaged products*.

Income withdrawals, short-term annuities and uncrystallised funds pension lump sum payments

9.3.3 G

When a firm is making a personal recommendation to a retail client about income withdrawals, uncrystallised funds pension lump sum payments or purchase of short-term annuities, it should consider all the relevant circumstances including:

- (1) the *client*'s *investment* objectives, need for tax-free cash and state of health:
- (2) current and future income requirements, existing pension assets and the relative importance of the plan, given the *client's* financial circumstances;
- (3) the *client's* attitude to risk, ensuring that any discrepancy is clearly explained between his or her attitude to an *income withdrawal*, uncrystallised funds pension lump sum payment or purchase of a short-term annuity and other *investments*.

9.3.5

- 9.3.3A G
- (1) When a firm is making a personal recommendation to a retail client about the investment of funds in the client's capped drawdown pension fund or flexi-access drawdown pension fund its suitability assessment under ■ COBS 9.2.1R(1)(a) should include consideration of pathway investments.
- (2) Pathway investments do not need to be considered where the personal recommendation is to purchase a fixed-term product that:
 - (a) provides a guaranteed income, a guaranteed capital return or both; and
 - (b) does not expose the client to investment risk, if the client remains in the product for the fixed term.

.....

Loans and mortgages

G 9.3.4 When considering the suitability of a particular *investment* product which is linked directly or indirectly to any form of loan, mortgage or home reversion plan, a firm should take account of the suitability of the overall transaction. The firm should also have regard to any applicable suitability rules in MCOB.

Investments subject to restrictions on retail distribution

- (1) Firms should note that restrictions and specific requirements apply to G the retail distribution of certain investments:
 - (a) non-mass market investments are subject to a restriction on financial promotions (see section 238 of the Act and ■ COBS 4.12B);
 - (b) restricted mass market investments are subject to a restriction on direct offer financial promotions (see ■ COBS 4.12A);
 - (c) contingent convertible instruments and CoCo funds are subject to a restriction on sales and on promotions (see ■ COBS 22.3);
 - (d) mutual society shares are subject to specific requirements in relation to dealing and arranging activities (see ■ COBS 22.3);
 - (e) deferred shares issued by a *credit union* are subject to specific requirements in relation to dealing and arranging activities (see ■ CREDS 3A.5):
 - (f) credit union subordinated debt is subject to a restriction on direct offer financial promotions (see ■ CREDS 3A.5).
 - (g) [deleted]
 - (2) A firm should be satisfied that an exemption is available before recommending an *investment* subject to a restriction on distribution to a retail client, noting in particular that a personal recommendation to invest will generally incorporate a financial promotion.
 - (3) (a) In addition to assessing whether the promotion is permitted, a firm giving advice on a designated investment subject to a restriction on distribution should comply with their obligations in ■ COBS 9 and ensure any personal recommendation is suitable for its client.
 - (b) (i) In considering its obligations under COBS 9, a firm purchasing a designated investment subject to a restriction

9

- on distribution on behalf of a *retail client* as part of a discretionary management agreement should exercise particular care to ensure the transaction is suitable and in that *client's* best interests, having regard to the *FCA's* view that such *designated investments* pose particular risks of inappropriate distribution.
- (ii) A restriction on promotion does not affect a transaction where there has been no prior communication with the *client* in connection with the investment by the *firm* or a *person* connected to the *firm*. Nonetheless, if promotion of a *designated investment* to a *retail client* would not have been permitted, then the discretionary manager's decision to purchase it on behalf of the *retail client* should be supported by detailed and robust justification of his assessment of suitability.

Pension transfers, conversions and opt-outs

9.3.6 G

Guidance on assessing suitability when a firm is making a personal recommendation for a retail client who is, or is eligible to be, a member of a pension scheme with safeguarded benefits and who is considering whether to transfer, convert or opt-out is contained in ■ COBS 19.1.6G (in respect of full pension transfer or conversion advice or advice on a pension opt-out) and ■ COBS 19.1A.11G (in respect of abridged advice).

Additional content for income withdrawals

G 9.4.10 When a firm is making a personal recommendation to a retail client about income withdrawals or purchase of short-term annuities or making uncrystallised funds pension lump sum payments, explanation of possible disadvantages in the suitability report should include the risk factors involved in entering into an income withdrawal, purchase of a short-term annuity or making uncrystallised funds pension lump sum payments. These may include:

- (1) the capital value of the fund may be eroded;
- (2) the *investment* returns may be less than those shown in the illustrations;

- (4) the levels of income provided may not be sustainable; and
- (5) there may be tax implications.

Additional content for pension transfers and conversions

- (1) A firm must include a one page summary at the front of the suitability report when making a personal recommendation in relation to a pension transfer or a pension conversion, except where the only safeguarded benefit involved is a guaranteed annuity rate.
- (2) The one page summary must include the following:
 - (a) a summary of the personal recommendation;
 - (b) a statement as to whether the recommendation is in relation to abridged advice or full pension transfer or conversion advice;

R

(e) all of the ongoing advice charges, all other ongoing charges and any additional charges expected to be incurred by the *client* if they proceed with the *pension transfer* or *pension conversion*, together with a comparison to the charges and revalued monthly income in the *ceding arrangement* and to the charges in any *default arrangement* in any available *qualifying scheme*; and

- (f) information about the amounts payable (in *cash terms*) in relation to the initial advice on the *pension transfer* or *pension conversion*, and the number of months (rounded up to the nearest whole month) it would take to pay that amount out of the revalued monthly income the *client* would receive from the *ceding arrangement*.
- (3) Where the firm only gave abridged advice:
 - (a) the information in (2)(c), (d) and (e) is not required;
 - (b) the information in (2)(f) must clearly state that this is only relevant if the *client* wishes to obtain *full pension transfer or conversion advice*; and
 - (c) the one page summary must also set out:
 - (i) that the *firm* has not given *full pension transfer or* conversion advice, and provide a summary of the difference between it and abridged advice; and
 - (ii) that where the *full pension transfer or conversion advice* is within the scope of the requirement in section 48 of the Pension Schemes Act 2015, no *firm* can arrange a *pension transfer* or a *pension conversion* unless the *client* receives *full pension transfer* or conversion advice.
- (4) The summary in (2)(a) must:
 - (a) set out whether the recommendation is to effect a *pension* transfer or pension conversion or to remain in the *client's* current scheme or arrangement;

 - (c) invite the *client* to consider whether they accept or do not accept the recommendation and, if so, sign the one page summary to confirm that; and
 - (d) where the firm provides full pension transfer or conversion advice and any advice on investments (whether by the firm or any other person) in connection with the pension transfer or pension conversion, set out the summary of the advice given by the firm and/or any other person for both services.
- (5) The information in (2)(c) must:
 - (a) set out that the *client* is not required to accept ongoing advice and/or services proposed (if any);
 - (b) explain that the *client* can opt out of receiving ongoing advice and/or services at any time;
 - (d) set out, in *cash terms*, the monthly and annual charges associated with receiving ongoing advice and/or services whether by the *firm* or any other *person*;
 - (d) where the *firm* proposes that it or another *firm* offers ongoing advice and/or services to the *client*, invite the *client* to consider

- whether they wish to receive this ongoing advice and/or services proposition, and whether they agree to the associated charges, and if so, sign the one page summary to consent to receiving the ongoing advice and/or services, and agree to the associated charges; and
- (e) where the *client* declines to sign the one page summary for any of the proposals in (d), set out that the *client* is not required to accept ongoing advice and/or services, and explain that additional charges and/or other amounts may be payable by the client if they wish to receive ongoing advice and/or services from another person.
- (6) The summary of the anticipated charges associated with the pension transfer or pension conversion in (2)(e) must include the anticipated first-year charges after the pension transfer or pension conversion and be set out:

- (7) The revalued monthly income in the ceding arrangement referred to in (2)(e) must:
 - (a) (where the *client* has not passed the normal retirement age) be calculated by:
 - (i) revaluing the future income benefits to the date the client would normally be paid in accordance with ■ COBS 19 Annex 4B 1R(1)(1); and
 - (ii) discounting the value of the future income benefits to the calculation date in accordance with the assumption in COBS 19 Annex 4C 1R(4)(d);
 - (b) (where the *client* has passed the normal retirement age) be calculated in line with the current income in the ceding arrangement.
- G 9.4.12
- (1) If the personal recommendation to the client is to remain in the ceding arrangement, and the client declines to sign the one page summary to confirm that they intend to accept the personal recommendation in accordance with ■ COBS 9.4.11R(4)(c), the firm should follow the insistent *client* guidance in ■ COBS 9.5A (Additional guidance for firms with insistent clients).
- (2) If the *client* declines to sign the one page summary of the advice to confirm their understanding of the risks in ■ COBS 9.4.11R(2)(d), the firm should take further steps to establish whether the client has fully understood the risks, and if not, consider changing its personal recommendation.
- (3) The other ongoing charges in COBS 9.4.11R(2)(e) include (but are not limited to):

9.5 **Record keeping and retention** periods for suitability records

- 9.5.1 G A firm to which ■ SYSC 9 applies is required to keep orderly records of its business and internal organisation (see ■ SYSC 9, General rules on recordkeeping). Other firms are required to take reasonable care to establish and maintain such systems and controls as are appropriate to their business (see SYSC 3, Systems and controls). The records may be expected to reflect the different effect of the rules in this chapter depending on whether the client is a retail client or a professional client: for example, in respect of the information about the client which the firm must obtain and whether the

9.5A Additional guidance for firms with insistent clients

Purpose

9.5A.1 G

The *guidance* in this section is relevant where a *client* of a *firm* becomes an insistent *client*. The purpose of the *guidance* is to set out how a *firm*, when dealing with an insistent *client*, can comply with its obligations under:

- (1) the Principles (see PRIN 2);
- (2) the client's best interests rule (see COBS 2.1.1R);
- (3) the fair, clear and not misleading rule (see COBS 4.2.1R);
- (4) the *rules* on suitability in this chapter (■ COBS 9 (Suitability (including basic advice)); and
- (5) the *rules* on record-keeping (see COBS 9.5 (Record keeping and retention periods for suitability reports) and SYSC 9 (General rules on record-keeping)).

Who is an insistent client?

9.5A.2 G

In this section, a *client* should be considered an insistent *client* where:

- (1) the firm has given the client a personal recommendation;
- (2) the *client* decides to enter into a transaction which is different from that recommended by the *firm* in the *personal recommendation*; and

(3) the *client* wishes the *firm* to facilitate that transaction.

Information to be communicated to an insistent client

9.5A.3 G

- (1) Where a *firm* proceeds to execute a transaction for an insistent *client* which is not in accordance with the *personal recommendation* given by the *firm*, the *firm* should communicate to the insistent *client*, in a way which is clear, fair and not misleading, and having regard to the information needs of the insistent *client* so that the *client* is able to understand, the information set out in (2).
- (2) The information which the *firm* should communicate to the insistent *client* is:
 - (a) that the *firm* has not recommended the transaction and that it will not be in accordance with the *firm's personal* recommendation;

- (b) the reasons why the transaction will not be in accordance with the firm's personal recommendation;
- (c) the risks of the transaction proposed by the insistent client; and
- (d) the reasons why the firm did not recommend that transaction to the *client*.

Acknowledgement from the insistent client

- 9.5A.4 G
- (1) The firm should obtain from the insistent client an acknowledgement that:
 - (i) the transaction is not in accordance with the firm's personal recommendation: and
 - (ii) the transaction is being carried out at the request of the *client*.
- (2) Where possible, the acknowledgment should be in the *client's* own words.

Further personal recommendations given to an insistent client

G 9.5A.5

Where a firm gives a further personal recommendation in relation to the transaction proposed by the insistent client, the firm should make clear to the client that this personal recommendation is distinct from, but does not affect the conclusions of, the initial personal recommendation.

Record keeping

- 9.5A.6 G
- (1) A firm dealing with an insistent client should retain a record of:
 - (a) the advice and transaction process followed, including the communications with the client; and
 - (b) the acknowledgment from the *client* referred to in ■ COBS 9.5A.4G.
- 9.5A.7 G

A firm dealing with an insistent client should also refer to the record keeping requirements in ■ COBS 9.5 (Record keeping and retention periods for suitability records) and ■ SYSC 9.1 (General rules on record-keeping).

9.6 Special rules for giving basic advice on a stakeholder product

9.6.1 G This section applies to a *firm* giving *basic advice*, which has chosen to comply with the *rules* in this section instead of the other *rules* in this chapter (see COBS 9.1.2 R).

Range

- 9.6.2 R A firm is permitted to maintain more than one range of stakeholder products.
- **9.6.3** R A range of stakeholder products:
 - (1) may include more than one deposit-based stakeholder product;
 - (2) may include the *stakeholder products* of more than one *stakeholder product* provider;
 - (3) must not include any more than one:
 - (a) CIS stakeholder product or linked life stakeholder product; or
 - (b) stakeholder CTF; or
 - (c) stakeholder pension scheme.
- 9.6.4 R When a firm provides basic advice it must:
 - (1) explain why it chose the *stakeholder products* and *stakeholder product* providers that appear in the relevant *range*; and
 - (2) give the *client* a list of the *stakeholder products* and *stakeholder product* providers that appear in that *range*;

if the client asks it do so.

Requirements on first contact

- 9.6.5 When a *firm* first has contact with a retail client with a view to giving *basic* advice on a stakeholder product, it must give the retail client:
 - (1) the basic advice initial disclosure information (■ COBS 9 Annex 1), in a durable medium, together with an explanation of that information, unless:
 - (a) it has already done so and the *basic advice* initial disclosure information is likely still to be accurate and appropriate; or

- (b) the contact is not face to face and is using a means of communication which makes it not practicable to provide the basic advice initial disclosure information in a durable medium;
- (2) an explanation of how the advice will be paid for and the fact that any commission will be disclosed.
- G 9.6.6 [deleted]
- G 9.6.6A A firm will meet the requirements in respect of its obligation to provide written disclosure in the rules on describing the breadth of advice (COBS 6.2B.33R) by providing its basic advice initial disclosure information (in COBS 9 Annex 1 R).
- R 9.6.7 [deleted]
- 9.6.8 R If a firm's first contact with a retail client is not face to face, it must:
 - (1) inform the client at the outset:
 - (a) (if the communication is initiated by or on behalf of a firm), of the name of the firm and the commercial purpose of the communication;
 - (b) [deleted]
 - (c) that the firm will provide the retail client with basic advice without carrying out a full assessment of the retail client's needs and circumstances; and
 - (d) that such information will be confirmed in writing; and
 - (2) (if not provided at first contact) send the client the basic advice initial disclosure information (■ COBS 9 Annex 1) in a durable medium as soon as reasonably practicable following the conclusion of the first contact;
 - (3) (unless the relevant product is a deposit-based stakeholder product) if the contact is by spoken interaction, provide the client with the disclosure required by the rules on additional oral disclosure for firms providing restricted advice (COBS 6.2B.38R).

Sales process

- 9.6.9 When a firm gives basic advice, it must do so using:
 - (1) a single range of stakeholder products; and
 - (2) a sales process that includes putting pre-scripted questions to the client.
- 9.6.10 When a firm gives basic advice it must not:
 - (1) describe or recommend a stakeholder product outside the firm's range; or

.....

COBS 9 : Suitability (including basic advice) (other than MiFID and insurance-based...

- (2) describe or recommend a smoothed linked long term stakeholder product; or
- (3) describe fund choice, or recommend a particular fund, if a *stakeholder product* offers a choice of funds; or
- (4) recommend the level of contributions required to be made to a *stakeholder pension scheme* to achieve a specific income in retirement; or
- (5) recommend or agree that a *client* makes a contribution to an *ISA* which exceeds the HM Revenue & Customs *ISA* limits.

9.6.11 R

- (1) If a firm starts the sales process for a stakeholder product that is not a deposit-based stakeholder product, it must not depart from that process unless it has advised the retail client that it will not provide basic advice on stakeholder products during the period of departure. A firm that does that must not provide basic advice during the departure period.
- (2) Before a *firm* returns to the sales process for *stakeholder products*, it must tell the *retail client* that that process is about to recommence.

Suitability of recommendations

9.6.12 R

A firm must only recommend a stakeholder product to a retail client if:

- (1) it has taken reasonable steps to assess the client's answers to the scripted questions and any other facts, circumstances or information disclosed by the *client* during the sales process;
- (2) (unless the relevant product is a *deposit-based stakeholder product*) having done so, it has reasonable grounds for believing that the *stakeholder product* is suitable for the *client*; and
- (3) the *firm* reasonably believes that the client understands the *firm*'s advice and the basis on which it was provided.
- 9.6.13 G

■ COBS 9 Annex 2 gives *guidance* on the steps a *firm* could take to help it meet these suitability obligations.

9.6.14 R

If a *firm* giving *basic advice* recommends to a *retail client* to acquire a *stakeholder product*, it must ensure that, before the conclusion of the contract, its *representative*:

- (1) (unless the relevant product is a *deposit-based stakeholder product*) explains to the *client*, if necessary in summary form, but always in a way that will allow the client to make an informed decision about the *firm*'s recommendation:
 - (a) the nature of the stakeholder product; and
 - (b) the "aims", "commitment" and "risks" sections of the appropriate key features document;
- (2) provides the *client* with a summary sheet, which is in a *durable medium* and sets out, for each product it recommends:

- (a) the specific amount the *client* wishes to pay into the product; and
- (b) the reasons for the recommendation, including the *client*'s attitude to risk and any information provided by the *client* on which the recommendation is based; and
- (3) informs the *client* that in determining any subsequent complaint, the Ombudsman may take into account the limited information on which the recommendation was based and the fact that it was not tailored to take account of those aspects of the client's financial needs and circumstances not covered by the firm's sales process.
- 9.6.15 Notwithstanding ■ COBS 9.6.14R (2) a firm may provide the summary sheet (COBS 9.6.14R (2)) as soon as reasonably practicable after the conclusion of the contract if the *client* asks it to do so, or the contract will be concluded using a means of distance communication that does not enable the provision of the summary sheet in a durable medium before the conclusion of the contract, but only if the firm:
 - (1) reads the summary sheet to the client before it concludes the contract; and
 - (2) sends the summary sheet to the *client* as soon as practicable after the conclusion of the contract.

Concluding the contract

9.6.16 If a firm concludes a contract for a stakeholder product with or for a retail client it must provide a copy of the completed questions and answers to the client in a durable medium as soon as reasonably practicable afterwards.

Basic advice on stakeholder products: other issues

- 9.6.17 R (1) [deleted]
 - (2) When a firm provides basic advice on a stakeholder product, it may use the facilities and stationery it uses for other business in respect of which it does hold itself out as acting or advising independently.
- 9.6.18 A firm must ensure that none of its representatives:
 - (1) is likely to be influenced by the structure of his or her remuneration to give unsuitable basic advice on stakeholder products to a retail client: or
 - (2) refers a retail client to another firm in circumstances which would amount to the provision of any fee, commission or non-monetary benefit.
- 9.6.18A R (1) A firm providing basic advice on a stakeholder product that is a life policy must, in addition to providing the statement of demands and needs required under ■ COBS 7.3.1R, provide the client with a personalised explanation of why a particular life policy would best meet the client's demands and needs.
 - (2) The details must be modulated according to the complexity of the life policy proposed and the type of client.

(3) The information in (1) must be provided in accordance with COBS 7.4.

[Note: third paragraph of article 20(1) and 20(2) of the IDD]

Records

9.6.19 R

A firm must record that it has chosen to give basic advice to a retail client and make a record of the range used and the summary sheet (
COBS 9.6.14R (2)) prepared for each retail client. That record must be retained for at least five years from the date of the relevant basic advice.

9.6.20 R

- (1) A firm must make an up-to-date record of:
 - (a) its scope of basic advice, and the scope of basic advice used by its appointed representatives (if any); and
 - (b) its range (or ranges) of stakeholder products, and the range (or ranges) used by its appointed representatives (if any).
- (2) Those records must be retained for five years from the date on which they are replaced by a more up-to-date record.

If it appears that the retail client is unlikely to be able to afford a stakeholder product, the sale should be terminated and the retail client given an explanation together with a copy of the questions and answers completed to that point.

Financial Priorities and Debt - all sales

A retail client should be assessed to ascertain other possible financial priorities -for example, does the retail client need (a) insurance protection; (b) access to liquid cash to meet an emergency; or (c) to reduce existing debts? If appropriate, the retail client should be given an unambiguous warning about the desirability of meeting those priorities before acquiring a stakeholder product.

A stronger warning about the desirability of addressing debt as a priority should be given if it appears that the retail client is significantly indebted, especially if there is a strong indication that the debt commitments may render any new commitment unaffordable in the short-term. For this purpose a firm should consider using a threshold or indicator to decide whether a retail client should be excluded on the basis of affordability. Examples may include where the retail client has (a) annual unsecured debt repayments in excess of 20% of gross annual income or (b) four or more active forms of unsecured debt or (c) has consistently reached his overdraft limit. A firm should review its chosen indicator or threshold regularly to ensure that it reflects prevailing economic conditions and takes account of industry best practice.

A firm should clearly explain what it needs to know about a retail client's debt and consider using a range of alternative words (eq 'loans', 'student loans', 'borrowing' and 'other forms of credit') to ensure all relevant information is obtained. A *firm* may use a simple reckoner to assess retail client debt, but should be conscious of the nature of, and not give the impression that it is providing more than, basic advice.

If a *firm* gives a warning about the desirability of meeting other priorities before acquiring a stakeholder product, or about affordability, it should also invite the retail client to consider terminating the sales process.

	(b)	wishes to save or invest for re- tirement; or
	(c)	wants to accumulate a specific sum by a specific date.

If a retail client is not willing to accept any risk of the capital value of an investment being reduced then CIS stakeholder products, linked life stakeholder products and stakeholder CTFs should not usually be recommended. However, a firm may, if appropriate, explain the effect of inflation on long-term savings especially in relation to pensions and invite the retail client to consider his attitude to risk in the light of that explanation.	
15.	If a retail client is willing to accept the risk of capital reduction in some circumstances but not others then, before any recommendation to acquire a CIS stakeholder product or linked life stakeholder product is made, the retail client should be reminded of the other circumstances in which he or she is unwilling to accept risk to capital.	
Stakeholder pensions	·

	(b)	is likely to view income in retirement from state benefits as sufficient; or

18.	A firm designing a sales process for use in the workplace may take account of the benefits offered by the employer. If a firm recommends a stakeholder pension scheme on the basis of benefits provided by an employer, then it should explain the basis of the recommendation to the retail client and suggest that the retail client seek advice if he or she has any concerns.
19.	A <i>firm</i> should design its processes with a view to addressing the risk that <i>retail clients</i> will fail to appreciate the significance of questions about their pension provision and should accordingly incorporate a range of questions and information designed to foster the <i>retail client</i> 's understanding of the issues and to elicit appropriate information.
20.	Retail client should be told that a stakeholder pension scheme is life-styled and what this means.
21.	A firm may provide a copy of the table setting out initial monthly pension amounts, found within the "Stakeholder pension decision tree" factsheet, available on https://www.moneyhelper.org.uk in accordance with COBS 13 Annex 2 1.8R, but in doing so should also provide and explain the caveats and assumptions behind the table. A firm should make it clear that the decision on how much to invest is the retail client's responsibility and that they should get further advice if they have any concerns.
ISAs	
22.	A firm should ascertain whether the retail client has already opened a mini or maxi ISA and, if so, whether it would be appropriate for the retail client to open a non-ISA version of the same product.

- (2) A *firm* should be satisfied that an exemption is available before recommending an *investment* subject to a restriction on distribution to a *retail client*, noting in particular that a *personal recommendation* to invest will generally incorporate a *financial promotion*.
- (3) In addition to assessing whether the promotion is permitted, a *firm* giving advice on an *investment* subject to a restriction on distribution should comply with their obligations in COBS 9A and ensure any *personal recommendation* is suitable for its *client*.
- (4) In considering its obligations under COBS 9A, a *firm* purchasing an *investment* subject to a restriction on distribution on behalf of a *retail* client as part of a discretionary management agreement should exercise particular care to ensure the transaction is suitable and in the client's best interests, having regard to the *FCA*'s view that such *investments* pose particular risks of inappropriate distribution.
- (5) A restriction on promotion does not affect a transaction where there has been no prior communication with the *client* in connection with

the investment by the *firm* or a person connected to the *firm*. Nonetheless, if promotion of an investment to a retail client would not have been permitted, then the discretionary manager's decision to purchase it on behalf of the retail client should be supported by detailed and robust justification of his assessment of suitability.

The details in (i) and (ii) must be modulated according to the complexity of the *contract of insurance* proposed and the type of *client*.

- (3) Where the transaction is concluded using a means of distance communication which prevents the prior delivery of the suitability report, the firm may provide the suitability report in a durable medium immediately after the client is bound by the transaction, provided both the following conditions are met:
 - (a) the *client* has consented to receiving the *suitability report* without undue delay after the conclusion of the transaction; and
 - (b) the firm has given the client the option of delaying the transaction in order to receive the suitability report in advance.
- (4) Where a firm provides a portfolio management service or has informed the *client* that it will carry out periodic assessment of suitability, the periodic report, provided under ■ COBS 16A.2.1R, must contain an updated statement of how the client's investments meet the preferences, objectives and other characteristics of the *client*.

Providing a suitability report: MiFID business

54(12) When providing investment advice, investment firms shall provide a report to the retail client that includes an outline of the advice given and how the recommendation provided is suitable for the retail client, including how it meets the client's objectives and personal circumstances with reference to the investment term required, client's knowledge and experience and client's attitude to risk and capacity for loss.

Investment firms shall draw clients' attention to and shall include in the suitability report information on whether the recommended services or instruments are likely to require the retail client to seek a periodic review of their arrangements.

Where an investment firm provides a service that involves periodic suitability assessments and reports, the subsequent reports after the initial service is established may only cover changes in the services or instruments involved and/or the circumstances of the client and may not need to repeat all the details of the first report.

A firm to which SYSC 9 applies is required to keep orderly records of its business and internal organisation (see SYSC 9 (General rules on record-keeping)). The records may be expected to reflect the different effect of the requirements in this chapter depending on whether the *client* is a *retail client* or a *professional client*; for example, in respect of information about the *client* which the *firm* must obtain and whether the *firm* is required to provide a *suitability report*.

9A.4.2 G

A *firm* should refer to ■SYSC 3.2 and ■SYSC 3.3 (for insurers and managing agents) and ■SYSC 9 (for other *firms*) for its obligations in relation to record keeping.

Appropriateness (for non-advised services) (non-MiFID and non-insurance-based investment products provisions)

10.1 **Application**

with or for a retail client, other than in the course of MiFID or equivalent third country business;

- (b) facilitates a retail client becoming a lender under a P2P agreement;
- (c) issues a unit in a long-term asset fund to a retail client; or
- (d) transacts in a qualifying cryptoasset with or for a retail client, and the firm is aware, or ought reasonably to be aware, that the application or order is in response to a direct offer financial promotion.

Related rules

10.1.4 G

A *firm* that is carrying on a *regulated activity* on a non-advised basis, whether or not the *rules* in this chapter apply to its activities, should also consider whether other *rules* in *COBS* apply.

10.2 Assessing appropriateness: the obligations

- 10.2.1 R
- (1) When providing a service to which this chapter applies, a firm must ask the *client* to provide information regarding his knowledge and experience in the investment field relevant to the specific type of product or service offered or demanded so as to enable the firm to assess whether the service or product envisaged is appropriate for the client.
- (2) When assessing appropriateness, a firm must determine whether the client has the necessary experience and knowledge in order to understand the risks involved in relation to the product or service offered or demanded.
- 10.2.2

The information regarding a *client's* knowledge and experience in the investment field includes, to the extent appropriate to the nature of the client, the nature and extent of the service to be provided and the type of product or transaction envisaged, including their complexity and the risks involved, information on:

- (1) the types of service, transaction and designated investment with which the client is familiar:
- (2) the nature, volume, frequency of the client's transactions in designated investments and the period over which they have been carried out;
- (3) the level of education, profession or relevant former profession of the client.
- 10.2.3
- A firm must not encourage a client not to provide information required for the purposes of its assessment of appropriateness.

Reliance on information

- 10.2.4
- A firm is entitled to rely on the information provided by a client unless it is aware that the information is manifestly out of date, inaccurate or incomplete.
 - Use of existing information
- 10.2.5

COBS 10/4

When assessing appropriateness, a firm may use information it already has in its possession.

www.handbook.fca.org.uk

Knowledge and experience

10.2.6 G

Depending on the circumstances, a *firm* may be satisfied that the *client's* knowledge alone is sufficient for him to understand the risks involved in a product or service. Where reasonable, a *firm* may infer knowledge from experience.

Increasing the client's understanding

10.2.7 G

If, before assessing appropriateness, a *firm* seeks to increase the *client's* level of understanding of a service or product by providing information to him, relevant considerations are likely to include the nature and complexity of the information and the *client's* existing level of understanding.

No duty to communicate firm's assessment of knowledge and experience

10.2.8 G

If a *firm* is satisfied that the *client* has the necessary experience and knowledge in order to understand the risks involved in relation to the product or service, there is no duty to communicate this to the *client*. If the *firm* does so, it must not do so in a way that amounts to making a *personal recommendation* unless it complies with the *rules* in ■ COBS 9 (Suitability (including basic advice) (non-MiFID provisions)).

Restricted mass market investments

10.2.9 G

- (1) When determining whether a *client* has the necessary knowledge to understand the risks involved in relation to a *restricted mass market investment*, a *firm* should consider asking the *client* questions that cover, at least, the matters in:
 - (a) COBS 10 Annex 1G in relation to non-readily realisable securities;
 - (b) COBS 10 Annex 2G in relation to *P2P agreements* or *P2P portfolios*;
 - (c) [deleted]
 - (d) [deleted]

 - (l) [deleted]
 - (m) COBS 10 Annex 3G in relation to *units* in a *long-term asset fund*; or
 - (n) COBS 10 Annex 4G in relation to *qualifying cryptoassets*.

10.3 Warning the client

- 10.3.1 R
- (1) If a firm considers, on the basis of the information received to enable it to assess appropriateness, that the product or service is not appropriate to the client, the firm must warn the client.
- (2) This warning may be provided in a standardised format.
- 10.3.2 R
- (1) If the client elects not to provide the information to enable the firm to assess appropriateness, or if he provides insufficient information regarding his knowledge and experience, the firm must warn the client that such a decision will not allow the firm to determine whether the service or product envisaged is appropriate for him.
- (2) This warning may be provided in a standardised format.
- 10.3.3
- If a client asks a firm to go ahead with a transaction, despite being given a warning by the firm, it is for the firm to consider whether to do so having regard to the circumstances.

COBS 10/6

10.4 Assessing appropriateness: when it need not be done

10.4.1 R

- (1) A *firm* is not required to ask its *client* to provide information or assess appropriateness if:
 - (a) the service only consists of execution and/or the reception and transmission of *client* orders, with or without *ancillary services*, it relates to particular *financial instruments* and is provided at the initiative of the *client*;
 - (b) the client has been clearly informed (whether the warning is given in a standardised format or not) that in the provision of this service the firm is not required to assess the suitability of the instrument or service provided or offered and that therefore he does not benefit from the protection of the rules on assessing suitability; and
 - (c) the *firm* complies with its obligations in relation to conflicts of interest.
- (2) The financial instruments referred to in (1)(a) are:
 - (a) [deleted]
 - (b) money market instruments, bonds or other forms of securitised debt (excluding those bonds or securitised debt that embed a *derivative*); or
 - (c) [deleted]
 - (d) other non-complex financial instruments.
- (3) A *financial instrument* is non-complex if it satisfies the following criteria:
 - (a) it is not a *derivative* or other security giving the right to acquire or sell a *transferable security* or giving rise to a cash settlement determined by reference to transferable securities, currencies, interest rates or yields, commodities or other indices or measures;
 - (b) there are frequent opportunities to dispose of, redeem, or otherwise realise the instrument at prices that are publicly available to the market participants and that are either market prices or prices made available, or validated, by valuation systems independent of the issuer;
 - (c) it does not involve any actual or potential liability for the *client* that exceeds the cost of acquiring the instrument; and
 - (d) adequately comprehensive information on its characteristics is publicly available and is likely to be readily understood so as to enable the average *retail client* to make an informed judgment as to whether to enter into a transaction in that instrument.

- 10.4.2 If a *client* engages in a course of dealings involving a specific type of product or service through the services of a firm, the firm is not required to make a new assessment on the occasion of each separate transaction. A firm complies with the rules in this chapter provided that it makes the necessary appropriateness assessment before beginning that service.
- 10.4.3 G As explained in ■ COBS 4.12A.33G, ■ COBS 10.4 is not relevant for the purpose of complying with the rules requiring an appropriateness assessment under ■ COBS 4.12A in relation to restricted mass market investments.
- 10.4.3 [deleted] R

10.5 Assessing appropriateness: guidance

The initiative of the client

- 10.5.1 G
- A service should be considered to be provided at the initiative of a *client* (see COBS 10.4.1 R (1)(a)) unless the *client* demands it in response to a personalised communication from or on behalf of the *firm* to that particular *client* which contains an invitation or is intended to influence the *client* in respect of a specific *financial instrument* or specific transaction.
- 10.5.2 G
- A service can be considered to be provided at the initiative of a *client* notwithstanding that the *client* demands it on the basis of any communication containing a promotion or offer of *investments* made by any means that by its very nature is general and addressed to the public or a larger group or category of *clients*.

Personalised communications

- 10.5.3 G
- (1) Communications to the world at large, such as those in newspapers or on billboards, are likely to be by their very nature general and therefore not personalised communications.
- (2) Communications addressed to a *client* (such as, for example, an email, telephone call or letter), may or may not be personalised depending on the content.
- (3) A communication is not personalised solely because it contains the name and address of the *client* or because a mailing list has been filtered.
- (4) If a *firm* is satisfied that a communication does not contain any personalised content, it may wish to make clear that it does not intend the communication to be personalised and that the personal circumstances of the recipient have not been taken into account.
- **10.5.4 G** [deleted]

Independent valuation systems

10.5.5 G

The circumstances in which valuation systems will be independent of the issuer (see ■ COBS 10.4.1 R (3)(b)) include where they are overseen by a depositary that is regulated as a provider of depositary services in a the *United Kingdom*.

When a firm need not assess 10.6 appropriateness

- 10.6.1 G A firm need not assess appropriateness if it is receiving or transmitting an order in relation to which it has assessed suitability under ■ COBS 9 (Suitability (including basic advice)).
- 10.6.2 G [deleted]

COBS 10/10

10.7 Record keeping and retention periods for appropriateness records

- A *firm* is required to keep orderly records of its business and internal organisation, including all services and transactions undertaken by it. The records may be expected to include the *client* information a *firm* obtains to assess appropriateness and should be adequate to indicate what the assessment was.
- The *firm* must retain its records relating to appropriateness for a minimum of five years.

Assessing appropriateness: non-readily realisable securities

This Annex belongs to ■ COBS 10.2.9G(1)(a) and ■ COBS 10A.2.11G.

When determining whether a *retail client* has the necessary knowledge to understand the risks involved in relation to a *non-readily realisable security*, a *firm* should consider asking the *client* questions that cover, at least, the following matters:

- (1) the nature of the *client's* contractual relationship with the *issuer* and any underlying beneficiaries of the investment;
- (2) the possibility that the client could lose all the money they invest;
- (3) the risk of failure of the issuer and the associated risk of losing all of the money invested;
- (4) the regulated status of the investment activity, including that the issuance of *securities* does not ordinarily involve *regulated activity* and the implications in relation to *FCA* regulation;
- (5) the extent to which the protection of the *Financial Ombudsman Service* or *FSCS* apply to the investment activity (including the fact that these services do not protect investors against poor investment performance and that the *Financial Ombudsman Service* cannot ordinarily consider complaints in relation to *unauthorised persons*);
- (6) the potential illiquidity of non-readily realisable securities (including the unlikelihood or impossibility that the *client* will be able to sell the security and the nature of the mechanisms through which the *client* could be paid their money back);
- (7) the risk to any management and administration of the *client's* investment in the event of the *issuer* becoming insolvent or otherwise failing;
- (8) the role of the issuer (including its role in assessing and making underlying investments);
- (9) that where a *security* is held in an *innovative finance ISA* (IFISA), this does not reduce the risk of the *security* or otherwise protect the *client* from the risk of losing their money;
- (10) the benefits of diversification and that *retail clients* should not generally invest more than 10% of their net assets in *restricted mass market investments*;
- (11) where the security is a share:
 - (a) the likelihood of dividend payments;
 - (b) the risk of dilution from further issues of *shares* and the implications for the value of the *security*; and
 - (c) the risk of any further issues of *shares* granting preferential rights that negatively impact existing investors and the implications for the value of the *security*;
- (12) where the security is a debenture:
 - (a) the *client's* exposure to the credit risk of the *issuer*;
 - (b) that investing in a *debenture* is not comparable to depositing money in a savings account; and
 - (c) that returns may vary over time; and

COBS 10 : Appropriateness (for non-advised services) (non-MiFID and non-insurance-based...

- (13) where an investment in a non-readily realisable security is, or is to be, arranged by a firm:
 - (a) the nature of the client's contractual relationships with the firm;
 - (b) the role of the firm and the scope of the service it provides to clients (including the extent of the due diligence that the firm undertakes in relation to the securities that it distributes); and
 - (c) the risk to any management and administration of the client's investment in the event of the firm becoming insolvent or otherwise failing.

Assessing appropriateness: P2P agreements and P2P portfolios

This Annex belongs to ■ COBS 10.2.9G(1)(b).

When determining whether a *retail client* has the necessary knowledge to understand the risks involved in relation to a *P2P agreement* or a *P2P portfolio*, a *firm* should consider asking the *client* questions that cover, at least, the following matters:

- (1) the nature of the client's contractual relationships with the borrower and the firm;
- (2) the client's exposure to the credit risk of the borrower;
- (3) that the client can lose all of the money that they invest in a P2P agreement or P2P portfolio;
- (4) that P2P agreements or P2P portfolios are not covered by FSCS and that the Financial Ombudsman Service does not protect investors against poor performance of P2P agreements or P2P portfolios;
- (5) that returns may vary over time;
- (6) that entering into a *P2P agreement* or investing in a *P2P portfolio* is not comparable to depositing money in a savings account;
- (7) the characteristics of any:
 - (a) security interest, insurance or guarantee taken in relation to the *P2P agreements* or *P2P portfolio*; or
 - (b) risk diversification facilitated by the firm; or
 - (c) contingency fund offered by the firm; or
 - (d) any other risk mitigation measure adopted by the firm;
- (8) that any of the measures in (7) adopted by the *firm* cannot guarantee that the *client* will not suffer a loss in relation to the money invested;
- (9) that where a *firm* has not adopted any risk mitigation measures (such as those in (7)), the extent of any loss of money invested is likely to be greater than if risk mitigation measures were adopted by the *firm*;
- (10) illiquidity in the context of a P2P agreement or P2P portfolio, including the risk that the lender may be unable to exit a P2P agreement before maturity even where the firm operates a secondary market (including the fact that any advertised access to money invested is not guaranteed);
- (11) the role of the *firm* and the scope of its services, including what the *firm* does and does not do on behalf of *clients*:
- (12) the risks to the management and administration of a *P2P agreement* or *P2P portfolio* in the event of the *firm's* becoming insolvent or otherwise failing;
- (13) that where a *P2P agreement* or *P2P portfolio* is held in an *innovative finance ISA* (IFISA), this does not reduce the risk of the *P2P agreement* or *P2P portfolio* or otherwise protect the *client* from the risk of losing their money; and

(14) the benefits of diversification and that *retail clients* should not generally invest more than 10% of their net assets in *restricted mass market investments*.

Assessing appropriateness: units in a long-term asset fund

This Annex belongs to \blacksquare COBS 10.2.9G(1)(m).

When determining whether a *retail client* has the necessary knowledge to understand the risks involved in relation to a *long-term asset fund*, a *firm* should consider asking the *client* questions that cover, at least, the following matters:

- (1) the possibility that the *client* could see the value of the amount they invest go down;
- (2) the potential illiquidity of LTAFs and their underlying assets;
- (3) the possibility that it could take the *client* many years to make a profit on the *money* they invest, and (where relevant) that payments of income may be limited or non-existent;
- (4) that due to the *dealing* frequency and *notice period* after a *redemption* request has been accepted (see COLL 15.8.12R (Dealing: redemption of units):
 - (a) the *client* will not know the value of the proceeds of *redemption* until the end of the *notice period*; and
 - (b) it will take at least [period of time] for the *client* to receive the proceeds of *redemption*;
- (5) the risk of the *LTAF's investments* failing and the associated risk of the *client* losing all of the *money* invested;
- (6) the extent to which the protection of the *Financial Ombudsman Service* or *FSCS* apply to the investment activity (including the fact that these services do not protect investors against poor investment performance);
- (7) the nature of the *client's* contractual relationships with the *authorised fund manager* (including its role in assessing and making underlying *investments*);
- (8) the benefits of diversification and that *retail clients* should not generally invest more than 10% of their net assets in *restricted mass market investments*;
- (9) where the units in the LTAF are, or are to be, dealt or arranged by another firm (AF):
 - (a) the nature of the client's contractual relationships with (AF);
 - (b) the role of AF and the scope of the service it provides to *clients* (including the extent of the due diligence that AF undertakes in relation to *units* in *LTAFs* that it *deals* in or *arranges*); and
 - (c) the risk to any management and administration of the *client's* investment in the event of AF becoming insolvent or otherwise failing.

Assessing appropriateness: qualifying cryptoassets

This Annex belongs to ■ COBS 10.2.9G(1)(n).

When determining whether a *retail client* has the necessary knowledge to understand the risks involved in relation to a *qualifying cryptoasset*, a *firm* should consider asking the *client* questions that cover, at least, the matters in (1) to (12).

Firms may need to ask additional or alternative questions to ensure that the *retail client* has the necessary knowledge to understand the risks involved in relation to the specific type of *qualifying cryptoasset* offered.

The matters are:

- (1) the role of the business offering or marketing the *qualifying cryptoasset* (the business) and the scope of its services, including what the business does and does not do on behalf of *clients*, such as what due diligence is and is not undertaken by the business on any underlying investments;
- (2) the nature of the *client's* rights and obligations with the business, in particular the nature of the legal and beneficial ownership of the *qualifying cryptoasset* and the risks associated with those rights;
- (3) that the client can lose all of the money that they invest in a qualifying cryptoasset;
- (4) the potential complexity of investments in *qualifying cryptoassets* and the associated difficulty of understanding the risks of the investment;
- (5) that the performance of many *qualifying cryptoassets* can be highly volatile and that the value of an investment in a *qualifying cryptoasset* can fall as quickly as it can rise;
- (6) the risk of losing money or any *qualifying cryptoassets* purchased as a result of operational risks (such as through cyber-attacks, loss of private keys, comingling of funds) or financial crime;
- (7) the risk to any management and administration of the *client's* investment in the event of the business becoming insolvent or otherwise failing;
- (8) that the *client* may not be able to readily sell their *qualifying cryptoasset* investment, including as a result of market illiquidity or operational outages;
- (9) the regulated status of the business offering or marketing the *qualifying cryptoasset* and the investment activity and the implications of this in relation to FCA regulation;
- (10) the extent to which the protection of the *Financial Ombudsman Service* or *FSCS* apply to the investment activity (including the fact that these services do not protect investors against poor investment performance and that the *Financial Ombudsman Service* cannot ordinarily consider complaints in relation to *unauthorised persons*);
- (11) that investing in, and holding, *qualifying cryptoassets* is not comparable to investing in mainstream *investments* such as listed or exchange-traded securities; and
- (12) the benefits of diversification and that *retail clients* should not generally invest more than 10% of their net assets in *restricted mass market investments*.

Chapter 10A

Appropriateness (for non-advised services) (MiFID and insurance-based investment products provisions)

10A.1 Application

[Note: ESMA has also issued guidelines under article 16(3) of the ESMA Regulation on complex debt instruments and structured deposits, 4 February 2016/ESMA/2015/1787 (EN).

Application

10A.1.1 This chapter applies to a *firm* which:

- (1) provides investment services in the course of MiFID or equivalent third country business; or
- (2) carries on insurance distribution in relation to insurance-based investment product,

other than when the firm makes a personal recommendation or carries out portfolio management.

- 10A.1.2 This chapter applies to a firm which assesses appropriateness on behalf of a MiFID investment firm so that the other firm may rely on the assessment under ■ COBS 2.4.4R (Reliance on other investment firms: MiFID and equivalent business).
- 10A.1.3 The effect of ■ GEN 2.2.22AR is that provisions in this chapter marked "UK" and including a Note ('Note:') referring to the MiFID Org Regulation also apply in relation to the equivalent business of a third country investment firm as if they were rules.
- 10A.1.4 [deleted] R

10A.2 Assessing appropriateness: the obligations

10A.2.1

A *firm* must ask the *client* to provide information regarding that *client's* knowledge and experience in the investment field relevant to the specific type of product or service offered or demanded to enable the *firm* to assess whether the service or product envisaged is appropriate for the *client*.

[Note: article 25(3) of MIFID, first paragraph of article 30(2) of the IDD]

10A.2.1A G

A firm carrying on insurance distribution is also required to comply with the requirements in ■ COBS 7.3 (additional insurance distribution obligations: demands and needs).

[Note: first paragraph of article 30(2) of the IDD]

Bundled packages: MiFID business and insurance-based investment products

10A.2.2 R

Where a bundle of services or products is envisaged pursuant to ■ COBS 6.1ZA.16R (for MiFID business) or ■ COBS 6.1ZA.16AR to ■ COBS 6.1ZA.16E (for *insurance-based investment products*), the assessment made pursuant to ■ COBS 10A.2.1R must consider whether the overall bundled package is appropriate.

[Note: article 25(3) of MiFID, first paragraph of article 30(2) of the IDD]

Assessing a client's knowledge and experience: MiFID business

10A.2.3 UK

56(1) Investment firms, shall determine whether that client has the necessary experience and knowledge in order to understand the risks involved in relation to the product or investment service offered or demanded when assessing whether an investment service as referred to in [■ COBS 10A.1.1R] is appropriate for a client.

An investment firm shall be entitled to assume that a professional client has the necessary experience and knowledge in order to understand the risks involved in relation to those particular investment services or transactions, or types of transaction or product, for which the client is classified as a professional client.

[Note: article 56(1) of the MiFID Org Regulation]

Assessing a client's knowledge and experience: insurance-based investment product

10A.2.3A R

Without prejudice to the fact that, in accordance with ■ COBS 7.3.4R, any insurance-based investment product proposed must be consistent with the

client's demands and needs, a firm must determine whether the client has the necessary knowledge and experience in order to understand the risks involved in relation to the service or insurance-based investment product proposed or demanded when assessing whether an insurance service or insurance-based investment product distributed in accordance with ■ COBS 10A.2.1R and ■ COBS 10A.2.2R is appropriate for the *client*.

- (2) Where information required for the purposes of COBS 10A.2.1R and ■ COBS 10A.2.2R has already been obtained for the purposes of COBS 7.3.4R, a *firm* must not request information it already has anew from the *client*.

COBS 10A/4

Discouraging the provision of information: MiFID business

10A.2.5 UK

55(2)An investment firm shall not discourage a client or potential client from providing information required for the purposes of [■ COBS 9A.2.1R and ■ COBS 10A.2.1R].

[Note: article 55(2) of the MiFID Org Regulation]

Discouraging the provision of information: insurance-based investment products

In relation to an *insurance-based investment product*, a *firm* must not discourage a *client* from providing information required for the purposes of ■ COBS 10A.2.1R and ■ COBS 10A.2.2R.

[Note: article 17(2) of the IDD Regulation]

Reliance on information: MiFID business

10A.2.6 UK

55(3) An investment firm shall be entitled to rely on the information provided by its clients or potential clients unless it is aware or ought to be aware that the information is manifestly out of date, inaccurate or incomplete.

[Note: article 55(3) of the MiFID Org Regulation]

Reliance on information: insurance-based investment products

10A.2.6A R

In relation to an *insurance-based investment product*, a *firm* may rely on the information provided by the *client* unless it is aware or ought to be aware that the information is manifestly out of date, inaccurate or incomplete.

[Note: article 17(4) of the IDD Regulation]

Use of existing information: MiFID business and insurance-based investment products

10A.2.7 G

When assessing appropriateness, a *firm* may use information it already has in its possession.

Knowledge and experience: MiFID business and insurance-based investment products

10A.2.8 G

Depending on the circumstances, a *firm* may be satisfied that the *client's* knowledge alone is sufficient for him to understand the risks involved in a product or service. Where reasonable, a *firm* may infer knowledge from experience.

Increasing the client's understanding: MiFID business and insurance-based investment products

10A.2.9 G

If, before assessing appropriateness, a *firm* seeks to increase the *client's* level of understanding of a service or product by providing information to him, relevant considerations are likely to include the nature and complexity of the information and the *client's* existing level of understanding.

No duty to communicate firm's assessment of knowledge and experience: MiFID business and insurance-based investment products

10A.2.10 G

If a firm is satisfied that the client has the necessary experience and knowledge in order to understand the risks involved in relation to the product or service, there is no duty to communicate this to the client. If the firm does so, it must not do so in a way that amounts to making a personal recommendation unless it complies with the rules in ■ COBS 9A (MiFID and insurance-based investment products provisions).

Restricted mass market investments

G 10A.2.11

When determining whether a *client* has the necessary knowledge to understand the risks involved in relation to a restricted mass market investment, a firm should consider asking the client questions that cover, at least, the matters in ■ COBS 10 Annex 1G in relation to non-readily realisable securities.

Assessing appropriateness: units in long-term asset funds

10A.2.12 G When determining whether a client has the necessary knowledge and experience to understand the risks involved in relation to a unit in a longterm asset fund (see ■ COBS 4.12A (Promotion of restricted mass market investments)), a firm should consider asking the client questions that cover, at least, the matters in ■ COBS 10 Annex 3G (Assessing appropriateness: units in a long-term asset fund).

10A.3 Warning the client

- 10A.3.1 R
- (1) If a firm considers, on the basis of information received to enable it to assess appropriateness, that the product or service is not appropriate for the client, the firm must warn the client.
- (2) This warning may be provided in a standardised format.

[Note: article 25(3) of MiFID, second paragraph of article 30(2) of the IDD]

- 10A.3.2 R
- (1) If the *client* does not provide the information to enable the *firm* to assess appropriateness, or if the *client* provides insufficient information regarding their knowledge and experience, the firm must warn the *client* that the *firm* is not in a position to determine whether the service or product envisaged is appropriate for the *client*.
- (2) This warning may be provided in a standardised format.

[Note: article 25(3) of MiFID, third paragraph of article 30(2) of the IDD]

10A.3.3 G If a *client* asks a *firm* to go ahead with a transaction, despite being given a warning by the firm, it is for the firm to consider whether to do so having regard to the circumstances.

10A.4 Assessing appropriateness: when it need not be done due to type of investment

10A.4.1

- R
- (1) A firm is not required to ask its client to provide information or assess appropriateness if either (a) or (aa), and both (b) and (c), are met:
 - (a) the service:
 - (i) only consists of execution or reception and transmission of client orders, with or without ancillary services, excluding ancillary service (2) in section B of Annex I to MiFID (granting of credits or loans), where the relevant credits or loans do not comprise existing credit limits of loans, current accounts and overdraft facilities of clients;
 - (ii) relates to particular financial instruments (see paragraph (2));
 - (iii) is provided at the initiative of the client; or
 - (aa) the insurance distribution activity:
 - (i) relates to particular types of insurance-based investment products (see (2A)); and
 - (ii) is carried out at the initiative of the client; and
 - (b) the *client* has been clearly informed (whether in a standardised format or not) that, in the provision of the service or insurance distribution activity, the firm is not required to assess the appropriateness of the financial instrument or service or insurance-based investment product provided or offered and that therefore the *client* does not benefit from the protection of the rules on assessing appropriateness; and
 - (c) the firm complies with its obligations in relation to conflicts of interest.
- (2) The financial instruments referred to in (1)(a)(ii) are any of the following:
 - (a) shares in companies admitted to trading on:
 - (i) a regulated market or an EU regulated market; or
 - (ii) an equivalent third country market; or
 - (iii) an MTF,
 - except shares that embed a derivative and units in a collective investment undertaking that is not a UCITS; or
 - (b) bonds or other forms of securitised debt admitted to trading on:
 - (i) a regulated market or an EU regulated market; or

- (ii) an equivalent third country market; or
- (iii) an MTF,

except those that embed a derivative or incorporate a structure which makes it difficult for the *client* to understand the risk involved; or

- (c) money-market instruments, excluding those that embed a derivative or incorporate a structure which makes it difficult for the *client* to understand the risk involved; or
- (d) shares or *units* in a *UCITS*, excluding structured *UCITS* as referred to in the second subparagraph of article 36(1) of the *KII Regulation*; or
- (e) structured deposits, excluding those that incorporate a structure which makes it difficult for the *client* to understand the risk of return or the cost of exiting the product before term; or
- (f) other non-complex financial instruments.
- (2A) The insurance-based investment products referred to in (1)(aa) are:
 - (a) insurance-based investment products which only provide investment exposure to financial instruments referred to in (2) and do not incorporate a structure which makes it difficult for the client to understand the risks involved; or
 - (b) other non-complex insurance-based investment products.
 - (3) For the purposes of this *rule*, a third country market is considered to be equivalent to a *regulated market* if it is a market in relation to which the Treasury has adopted an affirmative equivalence decision in accordance with the requirements and procedure in paragraph 8 of Part 1 of Schedule 3 to *MiFIR*..

[Note: article 25(4) of MIFID, article 30(3) of the IDD]

[Note: ESMA has published guidelines which specify criteria for the assessment of (i) debt instruments incorporating a structure which makes it difficult for the client to understand the risk involved, and (ii) structured deposits incorporating a structure which makes it difficult for the client to understand the risk of return or the cost of exiting the product before term (see ESMA/2015/1787 (EN), 4 February 2016).]

[Note: EIOPA has published guidelines under the IDD which specify criteria for the assessment of insurance-based investment products that incorporate a structure which makes it difficult for the customer to understand the risk involved (see EIOPA-17/651, 4 October 2017).]

Other non-complex financial instruments

10A.4.2 UK

57 A financial instrument which is not explicitly specified in [■ COBS 10A.4.1R(2)] shall be considered as non-complex for the purposes of paragraph (2)(f) of that rule if it satisfies the following criteria:

- (a) it does not fall within Article 2(1)(24)(c) of Regulation (EU) No 600/2014 or paragraphs 4 to 11 of Part 1 of Schedule 2 to the Regulated Activities Order;
- (b) there are frequent opportunities to dispose of, redeem, or otherwise realise that instrument at prices that are publicly available

to market participants and that are either market prices or prices made available, or validated, by valuation systems independent of the issuer:

- (c) it does not involve any actual or potential liability for the client that exceeds the cost of acquiring the instrument;
- (d) it does not incorporate a clause, condition or trigger that could fundamentally alter the nature or risk of the investment or pay out profile, such as investments that incorporate a right to convert the instrument into a different investment;
- (e) it does not include any explicit or implicit exit charges that have the effect of making the investment illiquid even though there are technically frequent opportunities to dispose of, redeem or otherwise realise it;
- (f) adequately comprehensive information on its characteristics is publicly available and is likely to be readily understood so as to enable the average retail client to make an informed judgment as to whether to enter into a transaction in that instrument.

[Note: article 57 of the MiFID Org Regulation]

10A.4.2A G

As explained in ■ COBS 4.12A.33G, ■ COBS 10A.4 is not relevant for the purpose of complying with the rules requiring an appropriateness assessment under ■ COBS 4.12A in relation to restricted mass market investments.

Other non-complex insurance-based investment products

10A.4.3 R

An insurance-based investment product may be considered as non-complex for the purposes of ■ COBS 10A.4.1R where it satisfies all of the following criteria:

- (1) it includes a contractually guaranteed minimum maturity value which is at least the amount paid by the *client* after deduction of legitimate costs:
- (2) it does not incorporate a clause, condition or trigger that allows the insurance undertaking to materially alter the nature, risk, or pay-out profile of the insurance-based investment product;
- (3) it provides options to surrender or otherwise realise the insurancebased investment product at a value that is available to the client;
- (4) it does not include any explicit or implicit charges which have the effect that, even though there are technically options to surrender or otherwise realise insurance-based investment product, doing so may cause unreasonable detriment to the client because the charges are disproportionate to the cost to the insurance undertaking;
- (5) it does not in any other way incorporate a structure which makes it difficult for the *client* to understand the risks involved.

[Note: article 16 of the IDD Regulation]

10A.5 Assessing appropriateness: guidance

The initiative of the client: MiFID business and insurance-based investment products

10A.5.1 G

A service should be considered to be provided, or carried out, at the initiative of a *client* (see COBS 10A.4.1R(1)(a)(iii) and (aa)(ii)), unless the *client* demands it in response to a personalised communication from or on behalf of the *firm* to that *client* which contains an invitation or is intended to influence the *client* in respect of a specific *financial instrument financial instrument*, *insurance-based investment product* or specific transaction.

[Note: recital 85 to MIFID]

10A.5.2 G

A service can be considered to be provided, or carried out, at the initiative of a *client* notwithstanding that the *client* demands it on the basis of any communication containing a promotion for, or offer of, *financial instruments* or *insurance-based investment products* made by any means and that by its very nature is general and addressed to the public or a larger group or category of *clients*.

[Note: recital 85 to MIFID]

Personalised communications: MiFID business and insurance-based investment products

10A.5.3 G

- (1) Communications to the world at large, such as those in newspapers or in billboards, are likely to be by their very nature general and therefore not personalised communications.
- (2) Communications addressed to a *client* (such as, for example, an email, telephone call or letter), may or may not be personalised depending on the content.
- (3) A communication is not personalised solely because it contains the name and address of the *client* or because a mailing list has been filtered.
- (4) If a *firm* is satisfied that a communication does not contain any personalised content, it may wish to make clear that it does not intend the communication to be personalised and that the personal circumstances of the recipient have not been taken into account.

10A.6

Assessing appropriateness: when a firm need not assess appropriateness due to suitability assessment

- 10A.6.1 A firm need not assess appropriateness if it is receiving or transmitting an order or carrying on insurance distribution in relation to an insurance-based investment product, for which it has assessed suitability under ■ COBS 9A (Suitability (MiFID and insurance-based investment products provisions)).
- 10A.6.2 G A firm may not need to assess appropriateness if it is able to rely on a recommendation made by an *investment firm* (see ■ COBS 2.4.5G (Reliance on other investment firms: MiFID and equivalent business)) or, in relation to an insurance-based investment product, made by an insurance distributor (see ■ COBS 2.4.5AR (Reliance on other insurance distributors)).

10A.7 Record keeping and retention periods for appropriateness records

10A.7.1

A *firm* is required to keep orderly records of its business and internal organisation, including all services and transactions undertaken by it. The records may be expected to include the *client* information a *firm* obtains to assess appropriateness and should be adequate to indicate what the assessment was.

Record keeping: MiFID business

10A.7.2 UK

56(2) Investment firms shall maintain records of the appropriateness assessments undertaken which shall include the following:

- (a) the result of the appropriateness assessment;
- (b) any warning given to the client where the investment service or product purchase was assessed as potentially inappropriate for the client, whether the client asked to proceed with the transaction despite the warning and, where applicable, whether the firm accepted the client's request to proceed with the transaction;
- (c) any warning given to the client where the client did not provide sufficient information to enable the firm to undertake an appropriateness assessment, whether the client asked to proceed with the transaction despite this warning and, where applicable, whether the firm accepted the client's request to proceed with the transaction.

[Note: article 56(2) of the MiFID Org Regulation]

Record keeping: insurance-based investment products

10A.7.2A R

- (1) Without prejudice to the application the *General data protection* regulation, a firm must maintain records of the assessment of appropriateness undertaken in accordance with COBS 10A.2.1R and COBS 10A.2.2R in relation to an insurance-based investment product.
- (2) The records maintained under (1) must include the information obtained from the *client* and any documents agreed with the *client*, including documents that set out the rights of the parties and the other terms on which the *firm* will provide services to the *client*.
- (3) The records in (1) must be retained for at least the duration of the relationship between the *firm* and the *client*.

- (4) The record in (1) must also include the following:
 - (a) the result of the appropriateness assessment;
 - (b) any warning given to the client where the insurance-based investment product was assessed as potentially inappropriate for the client, whether the client asked to proceed with concluding the *policy* despite the warning and, where applicable, whether the firm accepted the client's request to proceed with concluding the policy;
 - (c) any warning given to the *client* where the *client* did not provide sufficient information to enable the firm to assess the appropriateness of the insurance-based investment product, whether the *client* asked to proceed with concluding the *policy* despite the warning and, where applicable, whether the firm accepted the client's request to proceed with concluding the policy.

[Note: article 19(1) and (3) of the IDD Regulation]

Record keeping: MiFID business and insurance-based investment products

10A.7.3 G A firm should refer to ■ SYSC 3.3 (for insurers and managing agents) and ■ SYSC 9 (for other *firms*) for its obligations in relation to record keeping. These provisions require records kept for the purposes of this chapter to be retained for a period of at least five years.

- If a *firm* provides a quote to a *client* and that quote would meet the *firm*'s obligations to take all reasonable steps to obtain the best possible result for its *clients* if the *firm* executed that quote at the time the quote was provided, the *firm* will meet those same obligations if it executes its quote after the *client* accepts it, provided that, taking into account the changing market conditions and the time elapsed between the offer and acceptance of the quote, the quote is not manifestly out of date.

11.2.5 The obligation to deliver the best possible result when executing *client* orders applies in relation to all types of *financial instruments*. However, given the differences in market structures or the structure of financial instruments, it may be difficult to identify and apply a uniform standard of and procedure for best execution that would be valid and effective for all classes of instrument. Best execution obligations should therefore be applied in a manner that takes into account the different circumstances associated with the execution of orders related to particular types of financial instruments. For example, transactions involving a customised OTC financial instrument that involve a unique contractual relationship tailored to the circumstances of the *client* and the *firm* may not be comparable for best execution purposes with transactions involving shares traded on centralised execution

Best execution criteria

venues.

11.2.6 R When executing a *client* order, a *firm* must take into account the following criteria for determining the relative importance of the execution factors:

- (1) the characteristics of the *client* including the categorisation of the client as retail or professional;
- (2) the characteristics of the client order;
- (3) the characteristics of *financial instruments* that are the subject of that order; and
- (4) the characteristics of the execution venues to which that order can be directed.
- (5) [deleted] instrument constituting the fund.

Role of price 11.2.7 Where a firm executes an order on behalf of a retail client, the best possible result must be determined in terms of the total consideration, representing the price of the financial instrument and the costs related to execution, which must include all expenses incurred by the *client* which are directly related to the execution of the order, including execution venue fees, clearing and settlement fees and any other fees paid to third parties involved in the execution of the order.

11.2.8 For the purposes of ensuring that a firm obtains the best possible result for the *client* when executing a *retail client* order in the absence of specific client instructions, the firm should take into consideration all factors that will allow it to deliver the best possible result in terms of the total consideration, representing the price of the financial instrument and the costs related to execution. Speed, likelihood of execution and settlement, the size and nature of the order, market impact and any other implicit transaction costs may be given precedence over the immediate price and cost consideration only insofar as they are instrumental in delivering the best possible result in terms of the total consideration to the retail client.

COBS 11/6

11.2.9

A firm's execution policy should determine the relative importance of each of the execution factors or establish a process by which the firm will determine the relative importance of the execution factors. The relative importance that the firm gives to those execution factors must be designed to obtain the best possible result for the execution of its *client* orders. Ordinarily, the FCA would expect that price will merit a high relative importance in obtaining the best possible result for professional clients. However, in some circumstances for some clients, orders, financial instruments or markets, the policy may appropriately determine that other execution factors are more important than price in obtaining the best possible execution result.

Delivering best execution where there are competing execution

11.2.10

For the purposes of delivering best execution for a retail client where there is more than one competing venue to execute an order for a *financial* instrument, in order to assess and compare the results for the client that would be achieved by executing the order on each of the execution venues listed in the firm's order execution policy that is capable of executing that order, the firm's own commissions and costs for executing the order on each of the eligible execution venues must be taken into account in that assessment.

G 11.2.11

The obligation to deliver best execution for a retail client where there are competing execution venues is not intended to require a firm to compare the results that would be achieved for its client on the basis of its own execution policy and its own commissions and fees, with results that might be achieved for the same *client* by any other *firm* on the basis of a different execution policy or a different structure of commissions or fees. Nor is it intended to require a firm to compare the differences in its own commissions which are attributable to differences in the nature of the services that the firm provides to clients.

11.2.12

R

A firm must not structure or charge its commissions in such a way as to discriminate unfairly between execution venues.

G 11.2.13

A firm would be considered to structure or charge its commissions in a way which discriminates unfairly between execution venues if it charges a different commission or spread to clients for execution on different execution venues and that difference does not reflect actual differences in the cost to the firm of executing on those venues.

Requirement for order execution arrangements including an order execution policy

11.2.14

A firm must establish and implement effective arrangements for complying with the obligation to take all reasonable steps to obtain the best possible result for its *clients*. In particular, the *firm* must establish and implement an order execution policy to allow it to obtain, for its client orders, the best possible result in accordance with that obligation.

- 11.2.15

The order execution policy must include, in respect of each class of financial instruments, information on the different execution venues where the firm executes its *client* orders and the factors affecting the choice of *execution* venue. It must at least include those execution venues that enable the firm to obtain on a consistent basis the best possible result for the execution of client orders.

- 11.2.16 G
- (1) When establishing its execution policy, a firm should determine the relative importance of the execution factors, or at least establish the process by which it determines the relative importance of these factors, so that it can deliver the best possible result to its *clients*.
- (2) In order to give effect to that policy, a firm should select the execution venues that enable it to obtain on a consistent basis the best possible result for the execution of client orders.
- (3) A firm should apply its execution policy to each client order that it executes with a view to obtaining the best possible result for the client in accordance with that policy.
- (4) The obligation to take all reasonable steps to obtain the best possible result for the *client* should not be treated as requiring a *firm* to include in its execution policy all available execution venues.
- 11.2.17

The provisions of this section which provide that costs of execution include a firm's own commissions or fees charged to the client for the provision of an investment service should not apply for the purpose of determining what execution venues must be included in the firm's execution policy.

G 11.2.18

The provisions of this section as to execution policy are without prejudice to the general obligation of a *firm* to monitor the effectiveness of its order execution arrangements and policy and assess the execution venues in its execution policy on a regular basis.

Following specific instructions from a client

- 11.2.19
- R
- (1) Whenever there is a specific instruction from the *client*, the *firm* must execute the order following the specific instruction.
- (2) A firm satisfies its obligation under this section to take all reasonable steps to obtain the best possible result for a *client* to the extent that it executes an order, or a specific aspect of an order, following specific instructions from the *client* relating to the order or the specific aspect of the order.
- 11.2.20

When a firm executes an order following specific instructions from the client, it should be treated as having satisfied its best execution obligations only in respect of the part or aspect of the order to which the client instructions relate. The fact that the *client* has given specific instructions which cover one part or aspect of the order should not be treated as releasing the firm from its best execution obligations in respect of any other parts or aspects of the client order that are not covered by such instructions.

11.2.21

A firm should not induce a client to instruct it to execute an order in a particular way, by expressly indicating or implicitly suggesting the content of the instruction to the client, when the firm ought reasonably to know that an instruction to that effect is likely to prevent it from obtaining the best possible result for that client. However, this should not prevent a firm inviting a *client* to choose between two or more specified trading venues, provided that those venues are consistent with the execution policy of the firm.

Information about the order execution policy

R 11.2.22

A firm must provide appropriate information to its clients on its order execution policy.

R 11.2.23

- (1) A firm must provide a retail client with the following details on its execution policy in good time prior to the provision of the service:
 - (a) an account of the relative importance the firm assigns, in accordance with the execution criteria, to the execution factors, or the process by which the firm determines the relative importance of those factors;
 - (b) a list of the execution venues on which the firm places significant reliance in meeting its obligation to take all reasonable steps to obtain on a consistent basis the best possible result for the execution of client orders;
 - (c) a clear and prominent warning that any specific instructions from a client may prevent the firm from taking the steps that it has designed and implemented in its execution policy to obtain the best possible result for the execution of those orders in respect of the elements covered by those instructions.
- (2) This information must be provided in a durable medium, or by means of a website (where that does not constitute a durable medium) provided that the website conditions are satisfied.

11.2.23A R

A full-scope UK AIFM must make available appropriate information on its execution policy required under article 27(3) of the AIFMD level 2 regulation (Execution of decisions to deal on behalf of the managed AIF) and on any material changes to that policy to the investors in of each AIF it manages.

11.2.24

Where the order execution policy provides for the possibility that *client* orders may be executed outside a regulated market or an MTF, the firm must, in particular, inform its clients about this possibility.

11.2.26 A firm must obtain the prior express consent of its clients before proceeding to execute their orders outside a regulated market or an MTF. The firm may obtain this consent either in the form of a general agreement or in respect of individual transactions.

Monitoring the effectiveness of execution arrangements and policy

A firm must monitor the effectiveness of its order execution arrangements 11.2.27 and execution policy in order to identify and, where appropriate, correct any deficiencies. In particular, it must assess, on a regular basis, whether the execution venues included in the order execution policy provide for the best possible result for the *client* or whether it needs to make changes to its execution arrangements. The firm must notify clients of any material changes to their order execution arrangements or execution policy.

Review of the order execution policy

- (1) A firm must review annually its execution policy, as well as its order execution arrangements.
- (2) This review must also be carried out whenever a material change occurs that affects the firm's ability to continue to obtain the best possible result for the execution of its *client* orders on a consistent basis using the venues included in its execution policy.

Demonstration of execution of orders in accordance with execution policy

Duty of portfolio managers, receivers and transmitters and management companies to act in clients' best interests

- 11.2.30 R
- A firm must, when providing the service of portfolio management, comply with the obligation to act in accordance with the best interests of its clients when placing orders with other entities for execution that result from decisions by the firm to deal in financial instruments on behalf of its client.
- A *firm* must, when providing the service of reception and transmission of orders, comply with the obligation to act in accordance with the best interests of its *clients* when transmitting *client* orders to other entities for execution.
- In order to comply with the obligation to act in accordance with the best interests of its *clients* when it places an order with, or transmits an order to, another entity for execution, a *firm* must:
 - (1) take all reasonable steps to obtain the best possible result for its *clients* taking into account the *execution factors*. The relative importance of these factors must be determined by reference to the *execution criteria* and, for *retail clients*, to the requirement to determine the best possible result in terms of the total consideration (see COBS 11.2.7 R).

A *firm* satisfies its obligation to act in accordance with the best interests of its *clients*, and is not required to take the steps mentioned above, to the extent that it follows specific instructions from its *client* when placing an order with, or transmitting an order to, another entity for execution;

- (2) establish and implement a policy to enable it to comply with the obligation to take all reasonable steps to obtain the best possible result for its *clients*. The policy must identify, in respect of each class of instruments, the entities with which the orders are placed or to which the *firm* transmits orders for execution. The entities identified must have execution arrangements that enable the *firm* to comply with its obligations under this section when it places an order with, or transmits an order to, that entity for execution;
- (3) provide appropriate information to its *clients* on the policy established in accordance with paragraph (2);
- (4) monitor on a regular basis the effectiveness of the policy and, in particular, the execution quality of the entities identified in that policy and, where appropriate, correct any deficiencies; and
- (5) review the policy annually. This review must also be carried out whenever a material change occurs that affects the *firm*'s ability to continue to obtain the best possible result for its *clients*.

- 11.2.32A R [deleted]
- 11.2.33 G This section is not intended to require a duplication of effort as to best execution between a firm which provides the service of reception and transmission of orders or portfolio management and any firm to which that firm transmits its orders for execution.
- 11.2.34 The provisions applying to a firm which places orders with, or transmits orders to, other entities for execution (see ■ COBS 11.2.30 R to ■ COBS 11.2.33 G) will not apply when the firm which provides the service of portfolio management or collective portfolio management and/or service of reception and transmission of orders also executes the orders received or the decisions to deal on behalf of its client's portfolio. In those cases the requirements of this section for *firms* who execute orders apply (see ■ COBS 11.2.1 R to ■ COBS 11.2.29 R).

Obligation to execute orders on terms most favourable to the client

- 11.2A.2 R
- (1) A *firm* must take all sufficient steps to obtain, when executing orders, the best possible results for its *clients* taking into account the execution factors.
- (2) The execution factors to be taken into account are price, costs, speed, likelihood of execution and settlement, size, nature or any other consideration relevant to the execution of an order.

[Note: article 27(1) of MiFID]

Application of best execution obligation

11.2A.3 G

The obligation to take all sufficient steps to obtain the best possible result for its *clients* (see \blacksquare COBS 11.2A.2) should apply where a *firm* owes contractual or agency obligations to the *client*.

[Note: recital 91 to, and article 27(1) of, MiFID]

11.2A.4 G

Dealing on own account with *clients* by a *firm* should be considered as the execution of *client* orders, and therefore subject to the requirements under *MiFID*, in particular, those obligations in relation to best execution.

[Note: first sentence, recital 103 to the MiFID Org Regulation]

11.2A.5

Dealing on own account when executing *client* orders includes the execution by firms of orders from different clients on a matched principal basis (backto-back trading). Such activities are regarded as acting as principal and are subject to the requirements of this chapter in relation to both execution of orders on behalf of clients and dealing on own account.

[Note: recital 24 to MiFID]

11.2A.6

However if a *firm* provides a quote to a *client* and that quote would meet the firm's obligations to take all sufficient steps to obtain the best possible result for its *clients* under ■ COBS 11.2A.2R if the *firm* executed that quote at the time it was provided, then the firm will meet those same obligations if it executes its quote after the *client* accepts it, provided that, taking into account the changing market conditions and the time elapsed between the offer and acceptance of the quote, the quote is not manifestly out of date.

[Note: second sentence, recital 103 to the MiFID Org Regulation]

11.2A.7 G The obligation to deliver the best possible result when executing *client* orders applies in relation to all types of financial instruments. However, given the differences in market structures and the structure of financial instruments, it may be difficult to identify and apply a uniform standard of, and procedure for, best execution that would be valid and effective for all classes of instrument. Best execution obligations should therefore be applied to take into account the different circumstances surrounding the execution of orders for particular types of financial instruments. For example, transactions involving a customised OTC financial instrument with a unique contractual relationship tailored to the circumstances of the *client* and the firm may not be comparable for best execution purposes with transactions involving shares traded on centralised execution venues. As best execution obligations apply to all *financial instruments*, irrespective of whether they are traded on trading venues or OTC, firms should gather relevant market data in order to check whether the OTC price offered for a client is fair and delivers on the best execution obligation.

Best execution criteria

11.2A.8 UK

64 (1) When executing client orders, investment firms shall take into account the following criteria for determining the relative importance of the factors referred to in [■ COBS 11.2A.2R]:

(a) the characteristics of the client including the categorisation of the client as retail or professional;

(b) the characteristics of the client order, including where the order involves a securities financing transaction (SFT);

(c) the characteristics of financial instruments that are the subject of that order;

(d)the characteristics of the execution venues to which that order can be directed.

For the purpose of this Article and Articles 65 and 66, 'execution venue' includes a regulated market, an MTF, an OTF, a systematic internaliser, or a market maker or other liquidity provider or an entity that performs a similar function in a third country to the function performed by any of the foregoing.

(2) An investment firm satisfies its obligation under [■ COBS 11.2A.2R, ■ COBS 11.2A.3G, ■ COBS 11.2A.9R, ■ COBS 11.2A.12R and ■ COBS 11.2A.15R] to take all sufficient steps to obtain the best possible result for a client to the extent that it executes an order or a specific aspect of an order following specific instructions from the client relating to the order or the specific aspect of the order.

(3)Investment firms shall not structure or charge their commissions in such a way as to discriminate unfairly between execution venues.

(4)When executing orders or taking decision to deal in OTC products including bespoke products, the investment firm shall check the fairness of the price proposed to the client, by gathering market data used in the estimation of the price of such product and, where possible, by comparing with similar or comparable products.

Role of price

When a *firm* executes a *retail client's* order in the absence of specific *client* instructions, for the purposes of ensuring that the *firm* obtains the best possible result for the *client*, the *firm* should take into consideration all factors that will enable it to deliver the best possible result in terms of the total consideration, representing the price of the *financial instrument* and the costs related to execution.

[Note: recital 101 to the MiFID Org Regulation]

11.2A.11 G

Speed, likelihood of execution and settlement, the size and nature of the order, market impact and any other implicit transaction costs may be given precedence over the immediate price and cost consideration only insofar as they are instrumental in delivering the best possible result in terms of the total consideration to the retail client.

[Note: article 27(1) of MiFID]

11.2A.16 G

The obligation to deliver best execution for a retail client where there are competing execution venues is not intended to require a firm to compare the results that would be achieved for its client on the basis of its own execution policy and its own commissions and fees, with results that might be achieved for the same *client* by any other *firm* on the basis of a different execution policy or a different structure of commissions or fees. Nor is it intended to require a *firm* to compare the differences in its own commissions which are attributable to differences in the nature of the services that the firm provides to clients.

A firm would be considered to structure or charge its commissions in a way which discriminates unfairly between execution venues if it charged a different commission or spread to *clients* for execution on different execution venues and that difference did not reflect actual differences in the cost to the firm of executing on those venues.

11.2A.18 G

The provisions of this section which provide that costs of execution include a firm's own commission or fees charged to the client for the provision of an investment service should not apply for the purpose of determining what execution venues must be included in the firm's execution policy in accordance with ■ COBS 11.2A.21R.

A firm must not receive any remuneration, discount or non-monetary benefit for routing client orders to a particular trading venue or execution venue which would infringe the requirements on conflicts of interests (as set out in ■ SYSC 10) or inducements as set out in ■ COBS 2.3 (for *firms* carrying on business other than MiFID, equivalent third country or optional exemption business) and in ■ COBS 2.3A, ■ COBS 2.3B and ■ COBS 2.3C (for firms carrying on MiFID, equivalent third country or optional exemption business).

Requirement for order execution arrangements including an order execution policy

11.2A.20 R

A firm must establish and implement effective arrangements for complying with the obligation to take all sufficient steps to obtain the best possible results for its *clients*. In particular, the *firm* must establish and implement an order execution policy to allow it to obtain, in accordance with COBS 11.2A.2R, the best possible result for the execution of *client* orders.

[Note: article 27(4) of MiFID]

11.2A.21 R

The order execution policy must include, in respect of each class of financial instruments, information on the different execution venues where the firm executes its *client* orders and the factors affecting the choice of *execution* venue. It must at least include those execution venues that enable the firm to obtain on a consistent basis the best possible result for the execution of client orders.

[Note: article 27(5) of MiFID]

11.2A.22 R

- (1) A firm must provide appropriate information to its clients on its order execution policy.

- (3) The information must include sufficient details and be provided in a way that can be easily understood by clients.

11.2A.23 R

Execution policies

11.2A.25 UK

66 (1) Investment firms shall review, at least on an annual basis execution policy established pursuant to [■ COBS 11.2A.20R], as well as their order execution arrangements.

Such a review shall also be carried out whenever a material change as defined in Article 65(7) occurs that affects the firm's ability to continue to obtain the best possible result for the execution of its client orders on a consistent basis using the venues included in its execution policy. An investment firm shall assess whether a material change has occurred and shall consider making changes to the relative importance of the best execution factors in meeting the overarching best execution requirement.

(2) The information on the execution policy shall be customised depending on the class of financial instrument and type of the service provided and shall include information set out in paragraphs 3 to 9.

(3)Investment firms shall provide clients with the following details on their execution policy in good time prior to the provision of the service:

> (a) an account of the relative importance the investment firm assigns, in accordance with the criteria specified in Article 59(1), to the factors referred to in [■ COBS 11.2A.2R], or the process by which the firm determines the relative importance of those factors.

> (b)a list of the execution venues on which the firm places significant reliance in meeting its obligation to take all reasonable steps to obtain on a consistent basis the best possible result for the execution of client orders and specifying which execution venues are used for each class of financial instruments, for retail client orders, professional client orders and SFTs;

> (c)a list of factors used to select an execution venue, including qualitative factors such as clearing schemes, circuit breakers, scheduled actions, or any other relevant consideration, and the relative importance of each factor; The information about the factors used to select an execution venue for execution shall be consistent with the controls used by the firm to demonstrate to clients that best execution has been achieved in a consistent basis when reviewing the adequacy of its policy and arrangements;

(d)how the execution factors of price costs, speed, likelihood of execution and any other relevant factors are considered as part of all sufficient steps to obtain the best possible result for the client;

(e)where applicable, information that the firm executes orders outside a trading venue, the consequences, for example counterparty risk arising from execution outside a trading venue, and upon client request, additional information about the consequences of this means of execution;

(f)a clear and prominent warning that any specific instruction from a client may prevent the firm from taking the steps that it has designed and implemented in its execution policy to obtain the best possible result for the execution of those orders in respect of the elements covered by those instructions;

(g)a summary of the selection process for execution venues, execution strategies employed, the procedures and process used to analyse the quality of execution obtained and how the firms monitor and verify that the best possible results were obtained for clients.

That information shall be provided in a durable medium, or by means of a website (where that does not constitute a durable medium) provided that the conditions specified in Article 3(2) are satisfied.

(4)Where investment firms apply different fees depending on the execution venue, the firm shall explain these differences in sufficient detail in order to allow the client to understand the advantages and the disadvantages of the choice of a single execution venue.

- (5)Where investment firms invite clients to choose an execution venue, fair, clear and not misleading information shall be provided to prevent the client from choosing one execution venue rather than another on the sole basis of the price policy applied by the firm.
- (6) Investment firms shall only receive third-party payments that comply with [■ COBS 2.3A.5R, COBS 2.3A.6R and COBS 2.3A.7E] and shall inform clients about the inducements that the firm may receive from the execution venues. The information shall specify the fees charged by the investment firm to all counterparties involved in the transaction, and where the fees vary depending on the client, the information shall indicate the maximum fees or range of the fees that may be payable.
- (7) Where an investment firm charges more than one participant in a transaction, in compliance with [■ COBS 2.3A.5R, COBS 2.3A.6R and COBS 2.3A.7E], the firm shall inform its client of the value of any monetary or non-monetary benefits received by the firm.
- (8) Where a client makes reasonable and proportionate requests for information about its policies or arrangements and how they are reviewed to an investment firm, that investment firm shall answer clearly and within a reasonable time.
- (9) Where an investment firm executes orders for retail clients, it shall provide those clients with a summary of the relevant policy, focused on the total cost they incur.

11.2A.26 G

(1) When establishing its execution policy in accordance with ■ COBS 11.2A.20R a *firm* should determine the relative importance of the factors mentioned in ■ COBS 11.2A.2R(2), or at least establish the process by which it determines the relative importance of these factors, so that it can deliver the best possible result to its *clients*.

- (2) Ordinarily, the FCA would expect that price will merit a high relative importance in obtaining the best possible result for professional clients. However, in some circumstances for some clients, orders, financial instruments or markets, the policy may appropriately determine that other execution factors are more important than price in obtaining the best possible execution result.
- (3) In order to comply with the obligation of best execution, a firm, when applying the criteria for best execution for professional clients, will typically not use the same execution venues for securities financing transactions and other transactions. This is because the securities financing transactions are used as a source of funding subject to a commitment that the borrower will return equivalent securities on a future date and the terms of the securities financing transactions are typically defined bilaterally between the counterparties ahead of the execution. Therefore, the choice of execution venues for securities financing transactions is more limited than in the case of other transactions, given that it depends on the particular terms defined in advance between the counterparties and on whether there is a specific demand on those execution venues for the financial instruments involved. As a result, the order execution policy established by firms should take into account the particular characteristics of securities financing transactions and it should list separately execution venues used for securities financing transactions.

[Note: recital 99 to the MiFID Org Regulation]

11.2A.27 G

A firm should apply its execution policy to each client order that it executes with a view to obtaining the best possible result for the *client* in accordance with that policy.

[Note: recital 99 to the MiFID Org Regulation]

11.2A.28

The obligation to take all sufficient steps to obtain the best possible result for the *client* should not be treated as requiring a firm to include in its execution policy all available execution venues.

11.2A.29 G

An investment firm executing orders should be able to include a single execution venue in their policy only where they are able to show that this allows them to obtain best execution for their clients on a consistent basis. Investment firms should select a single execution venue only where they can reasonably expect that the selected execution venue will enable them to obtain results for *clients* that are at least as good as the results that they could reasonably expect from using alternative execution venues. This reasonable expectation must be supported by relevant data or by other internal analyses conducted by investment firms.

[Note: recital 108 to the MiFID Org Regulation]

11.2A.30 G

The provisions of this section as to execution policy are without prejudice to the general obligation of a *firm* to monitor the effectiveness of its order execution arrangements and policy and assess the *execution venues* in its execution policy on a regular basis.

[Note: recital 105 to the MiFID Org Regulation]

11.2A.31 R

- (1) A *firm* must monitor the effectiveness of its order execution arrangements and execution policy to identify and, where appropriate, correct any deficiencies. In particular it must assess, on a regular basis, whether the *execution venues* included in the order execution policy provide for the best possible result for the *client* or whether it needs to make changes to its execution arrangements taking into account relevant data or other internal analyses conducted by *investment firms*.[deleted]
- (2) The *firm* must notify *clients* of any material changes to its order execution arrangements or execution policy.

[Note: article 27(7) of MiFID]

11.2A.32 R

- (1) A *firm* must be able to demonstrate to its *clients*, at their request, that it has executed their orders in accordance with its execution policy.
- (2) A *firm* must be able to demonstrate to the *FCA*, at the request of that authority, its compliance with COBS 11.2A.2R and with the related provisions in this chapter which require *firms* to execute orders on terms most favourable to the *client*.

[Note: article 27(8) of MiFID]

11.2A.33 G

In order to obtain the best execution for a client, a *firm* should compare and analyse relevant data.

Duty of portfolio managers, receivers and transmitters to act in client's best interest

11.2A.34 UK

65 (1) Investment firms, when providing portfolio management, shall comply with the obligation [■ COBS 2.1.1R] to act in accordance with the best interests of their clients when placing orders with other entities for execution that result from decisions by the investment firm to deal in financial instruments on behalf of its client.

(2) Investment firms, when providing the service of reception and transmission of orders, shall comply with the obligation under [■ COBS 2.1.1R] to act in accordance with the best interests of their clients when transmitting client orders to other entities for execution.

(3)In order to comply with paragraphs 1 or 2, investment firms shall comply with paragraphs 4 to 7 of this Article and Article 64(4).

(4) Investment firms shall take all sufficient steps to obtain the best possible result for their clients taking into account the factors referred to in Article 27(1) of Directive 2014/65/EU. The relative importance of these factors shall be determined by reference to the criteria set out in Article 64(1) and, for retail clients, to the requirement under Article 27(1) of Directive 2014/65/EU.

An investment firm satisfies its obligations under paragraph 1 or 2, and is not required to take the steps mentioned in this paragraph, to the extent that it follows specific instructions from its client when placing an order with, or transmitting an order to, another entity for execution.

(5)Investment firms shall establish and implement a policy that enables them to comply with the obligation in paragraph 4. The policy shall identify, in respect of each class of instruments, the entities with which the orders are placed or to which the investment firm transmits orders for execution. The entities identified shall have execution arrangements that enable the investment firm to comply with its obligations under this Article when it places or transmits orders to that entity for execution.

(6) Investment firms shall provide information to their clients on the policy established in accordance with paragraph 5 and paragraphs 2 to 9 of Article 66. Investment firms shall provide clients with appropriate information about the firm and its services and the entities chosen for execution.

Upon reasonable request from a client, investment firms shall provide its clients or potential clients with information about entities where the orders are transmitted or placed for execution.

(7) Investment firms shall monitor on a regular basis the effectiveness of the policy established in accordance with paragraph 5 and, in particular, shall monitor the execution quality of the entities identified in that policy and, where appropriate, correct any deficiencies.

Investment firms shall review the policy and arrangements at least annually. Such a review shall also be carried out whenever a material change occurs that affects the firm's ability to continue to obtain the best possible result for their clients.

Investment firms shall assess whether a material change has occurred and shall consider making changes to the execution venues or entities on which they place significant reliance in meeting the overarching best execution requirement.

A material change shall be a significant event that could impact parameters of best execution such as cost, price, speed, likelihood of execution and settlement, size, nature or any other consideration relevant to the execution of the order.

(8) This Article shall not apply where the investment firm that provides the service of portfolio management or reception and transmission of orders also executes the orders received or the decisions to deal on behalf of its client's portfolio. In those cases, Articles 64 and 66 of this Regulation, and rules in [COBS] which were relied on immediately before exit to implement Article 27 of Directive 2014/65/EU shall apply.

11.2A.35 G

This section is not intended to require a duplication of effort as to best execution between a *firm* which provides the service of reception and transmission of orders or *portfolio management* and any *firm* to which that *firm* transmits its orders for execution.

[Note: recital 106 to the MiFID Org Regulation]

11.2A.36 G

A firm transmitting or placing orders with other entities for execution may select a single entity for execution only where the firm is able to show that this provides the best possible result for their clients on a consistent basis and where they can reasonably expect that the selected entity will enable them to obtain results for clients that are at least as good as the results that could reasonably be expected from using alternative entities for execution. This reasonable expectation should be supported by relevant data or by other internal analyses conducted by investment firms. [deleted]

11.2B **Best execution for UCITS** management companies

Application

- This section applies to a UCITS management company when carrying on 11.2B.1 G scheme management activity, in accordance with ■ COBS 18.5B.2R.
- G 11.2B.2 A firm that is subject to ■ COBS 11.2 (Best execution for AIFMs and residual CIS providers) may comply with its obligations under ■ COBS 11.2 by complying with the rules in this chapter.
- 11.2B.3 G References in this chapter to a scheme are to a UCITS scheme.

Obligation to execute orders on terms most favourable to the scheme

11.2B.4 A management company must act in the best interests of each scheme it R manages when executing decisions to deal on behalf of the scheme.

[Note: article 25(1) of the UCITS implementing Directive]

- 11.2B.5 R A management company must take all sufficient steps to obtain, when executing decisions to deal, the best possible result for each scheme it manages, taking into account:
 - (1) price;
 - (2) costs;
 - (3) speed;
 - (4) likelihood of execution;
 - (5) likelihood of settlement;
 - (6) order size and nature; and
 - (7) any other consideration relevant to the execution of the decision to deal,

(together the "execution factors").

[Note: article 25(2) first sentence of the UCITS implementing Directive]

COBS 11/24

11.2B.6 G

- (1) The obligation to deliver the best possible result applies for all types of *financial instrument*. However, given the differences in market structures and the structure of *financial instruments*, it may be difficult to identify and apply a uniform standard of, and procedure for, best execution that would be valid and effective for all types of *financial instrument*.
- (2) Best execution obligations should therefore be applied to take into account the different circumstances surrounding the execution of orders for particular types of *financial instrument*. For example, transactions involving a customised *OTC financial instrument* with a unique contractual relationship tailored to the circumstances of the *scheme* and the *management company* may not be comparable for best execution purposes with transactions involving *shares* traded on centralised *execution venues*.
- (3) As best execution obligations apply to all *financial instruments*, irrespective of whether they are traded on *trading venues* or *OTC*, management companies should gather relevant market data to check whether the *OTC* price offered for a *scheme* is fair and delivers on the best execution obligation.

11.2B.7 R

A management company must determine the relative importance of the execution factors, taking into account the following criteria:

- (1) the objectives, investment policy and risks specific to the *scheme*, as indicated in its *prospectus* or *instrument constituting the fund*;
- (2) the characteristics of the order, including where the order involves a securities financing transaction;
- (3) the characteristics of the *financial instruments* that are the subject of that order; and
- (4) the characteristics of the *execution venues* to which that order can be directed.

[Note: article 25(2) second sentence of the UCITS implementing Directive]

11.2B.8 R

A management company must take into account its own commissions and costs for executing an order, when assessing and comparing the results that would be achieved for a scheme by executing the order on each of the execution venues listed in the management company's execution policy that is capable of executing that order.

11.2B.9

The requirement in ■ COBS 11.2B.8R that costs of execution include a management company's own commission or fees charged to the scheme should not apply for the purpose of determining which execution venues are included in the firm's execution policy in accordance with ■ COBS 11.2B.18R.

11.2B.10 R

A management company must not receive any remuneration, discount or non-monetary benefit for routing orders to a particular trading venue or execution venue which would infringe the requirements on conflicts of interest (in SYSC 10) or inducements (in COBS 2.3 and COBS 18 Annex 1).

G

- 11.2B.11 R A management company must not structure or charge its commission in a way that discriminates unfairly between execution venues.
- 11.2B.12 G A management company would be considered to discriminate unfairly between execution venues if it charged a different commission or spread to schemes for execution on different execution venues and that difference did not reflect actual differences in the cost to the management company of executing on those venues.
- 11.2B.13 R When executing orders or taking decisions to deal in OTC products including bespoke products, the management company must check the fairness of the price proposed to the scheme, by gathering market data used to estimate the price of such products and, where possible, by comparing with similar or comparable products.

When executing orders or taking decisions to deal in OTC products including bespoke products, the management company must check the fairness of the price proposed to the scheme, by gathering market data used to estimate the price of such products and, where possible, by comparing with similar or comparable products.

A management company must act in the best interests of each scheme it 11.2B.14 manages when placing orders to deal on behalf of that scheme with other entities for execution.

[Note: article 26(1) of the UCITS implementing Directive]

11.2B.15 R (1) A management company must take all sufficient steps to obtain the best possible result for each scheme it manages when placing orders to deal on behalf of that scheme with other entities, taking into

account the execution factors.

(2) A management company must determine the relative importance of the execution factors in accordance with ■ COBS 11.2B.7R.

[Note: article 26(2) first and second sentences of the first paragraph of the UCITS implementing Directive]

- 11.2B.16 G This section is not intended to require a duplication of effort as to best execution between a management company and any firm with which that management company places its orders for execution.
- 11.2B.17 R (1) A management company must establish and implement effective arrangements for complying with the obligation to take all sufficient steps to obtain the best possible result for each scheme it manages.
 - (2) In particular, the management company must establish and implement an order execution policy to allow it to obtain the best possible result for each scheme it manages when:
 - (a) executing orders on behalf of the scheme (in accordance with ■ COBS 11.2B.5R); and
 - (b) placing orders with other entities for execution (in accordance with ■ COBS 11.2B.15R(1)).

[Note: articles 25(3) first paragraph and 26(2) third sentence of the first paragraph of the UCITS implementing Directive]

11.2B.18 R

- (1) The order execution policy must include, for each type of *financial* instrument, information on the different execution venues where the management company executes its scheme orders and the factors affecting the choice of execution venue.
- (2) It must at least include execution venues that enable the management company to obtain the best possible result for the execution of scheme orders on a consistent basis.

11.2B.19 G

The obligation in ■ COBS 11.2B.17R does not require a management company to include all available execution venues in its execution policy.

11.2B.20 G

- (1) When establishing its execution policy in accordance with COBS 11.2B.17R(2), a management company should determine the relative importance of the execution factors, or at least establish the process by which it determines the relative importance of these factors.
- (2) Ordinarily, the FCA would expect that price will merit a high relative importance in obtaining the best possible result. However, in some circumstances for some schemes, orders, financial instruments or markets, the policy may appropriately determine that other execution factors are more important than price in obtaining the best possible result.
- (3) A management company, when applying the criteria for best execution, will typically not use the same execution venues for securities financing transactions and other transactions. As a result, the order execution policy should take into account the particular characteristics of securities financing transactions and it should list separately execution venues used for securities financing transactions.

11.2B.21 R

- (1) The order execution policy must identify, for each type of *financial instrument*, the entities with which orders are placed or to which the *management company* transmits orders for execution.
- (2) The entities identified must have execution arrangements that enable the *management company* to comply with its obligations under this section when it places or transmits orders to that entity for execution.

[Note: article 26(2) fourth sentence of the first paragraph and first sentence of the second paragraph]

11.2B.22 G

- (1) A management company may specify a single execution venue, or a single entity with which it places orders for execution, in its execution policy where it:
 - (a) is able to show that this allows it to obtain best execution, or, when placing orders for execution, the best possible result, for the *schemes* it manages on a consistent basis; and
 - (b) can reasonably expect that the selected *execution venue* or entity will enable it to obtain results for each *scheme* that are at least

as good as the results that it could reasonably expect from using alternative execution venues or entities.

(2) The reasonable expectation in (1)(b) should be supported by relevant data or by other internal analyses conducted by the management company.

[deleted]

11.2B.23 R

A management company must be able to demonstrate that it has executed or placed orders on behalf of each scheme it manages in accordance with its execution policy.

[Note: articles 25(5) and 26(4) of the UCITS implementing Directive]

11.2B.24

A management company should apply its execution policy to each scheme order that it executes with a view to obtaining the best possible result for the scheme in accordance with that policy.

11.2B.25 G

The provisions of this section relating to execution policy are in addition to the general obligation of a management company to monitor the effectiveness of its order execution arrangements and policy and assess the execution venues in its execution policy on a regular basis.

11.2B.26 R

- (1) A management company of an ICVC that is a UCITS scheme that is structured as an investment company, must obtain the prior consent of the ICVC or investment company to the execution policy.
- (2) In the case of a management company that is the ACD of an ICVC that is a UCITS scheme, (1) does not apply where the ACD is the sole director of the ICVC.

[Note: article 25(3) first sentence of the second paragraph of the UCITS implementing Directive]

Monitoring and review of the order execution arrangements including the order execution policy

11.2B.27 R

- (1) A management company must monitor the effectiveness of its order execution arrangements and policy on a regular basis to identify and, where appropriate, correct any deficiencies.
- (2) A management company that places orders with other entities for execution must in particular monitor the execution quality of those entities on a regular basis to identify and, where appropriate, correct any deficiencies.
- (3) A management company must assess, on a regular basis:
 - (a) whether the execution venues included in the order execution policy provide for the best possible result for the schemes it manages; and
 - (b) whether it needs to make changes to its execution arrangements taking into account relevant data or other internal analyses conducted by the management company.

[Note: article 25(4) first sentence, and article 26(3) first paragraph of the UCITS implementing Directive]

11.2B.28 R

A management company must:

- (1) (a) assess whether a material change has occurred in its order execution arrangements; and
 - (b) if so, consider making changes to the *execution venues* or entities on which it places significant reliance in meeting the overarching best execution requirement; and
- (2) review its execution policy, as well as its order execution arrangements:
 - (a) at least annually; and
 - (b) whenever a material change occurs that affects the *management* company's ability to continue to obtain the best possible result for the *scheme*.

[Note: article 25(4) second sentence, and article 26(3) second paragraph of the UCITS implementing Directive]

11.2B.29 G

For the purposes of ■ COBS 11.2B.28R, a material change is a significant event that could impact parameters of best execution such as cost, price, speed, likelihood of execution and settlement, size, nature or any other consideration relevant to the execution of the order.

11.2B.30 G

A management company should compare and analyse relevant data to monitor and review their order execution arrangements.[deleted]

Information requirements

11.2B.31 R

A management company must make available to the unitholders of each scheme it manages appropriate information on its execution policy and on any material changes to that policy.

[Note: articles 25(3) second sentence of the second paragraph and 26(2) second sentence of the second paragraph of the *UCITS implementing Directive*]

11.2B.32 R

The information on the execution policy must:

- (1) be customised depending on the type of *financial instrument* and type of service provided; and
- (2) include the information in COBS 11.2B.33R and COBS 11.2B.35R(1) to COBS 11.2B.35R(4).

11.2B.33

A management company must make available the following details on its execution policy:

(1) an account of the relative importance the *management company* assigns to the *execution factors*, or the process by which the

- management company determines the relative importance of the execution factors:
- (2) a list of the execution venues on which the management company places significant reliance in meeting its obligation to take all reasonable steps to obtain the best possible result for the execution of scheme orders on a consistent basis, specifying which execution venues are used for each type of financial instrument and SFT;
- (3) appropriate information about the management company and the entities chosen for execution;
- (4) a list of the factors used to select an execution venue which:
 - (a) includes:
 - (i) qualitative factors such as clearing schemes, circuit breakers, scheduled actions, or any other relevant consideration; and
 - (ii) the relative importance of each factor; and
 - (b) is consistent with the controls used by the management company to demonstrate that best execution has been achieved on a consistent basis, when reviewing the adequacy of its policy and arrangements;
- (5) how the execution factors of price, costs, speed, likelihood of execution and any other relevant factors are considered as part of all sufficient steps to obtain the best possible result for the scheme;
- (6) where applicable:
 - (a) confirmation that the management company executes orders outside a trading venue;
 - (b) the consequences of this, for example counterparty risk arising from execution outside a trading venue; and
 - (c) a statement that additional information about the consequences of this means of execution is available on request; and
- (7) a summary of:
 - (a) the selection process for execution venues;
 - (b) the execution strategies employed;
 - (c) the procedures and process used to analyse the quality of execution obtained: and
 - (d) how the management company monitors and verifies that the best possible results were obtained for the schemes it manages.
- 11.2B.34 R

A management company must make the information in ■ COBS 11.2B.31R available to unitholders or potential unitholders:

- (1) in a durable medium; or
- (2) by means of a website (where that does not constitute a durable medium) provided that the website conditions are satisfied; or
- (3) in the prospectus of the scheme.

11.2B.35 R

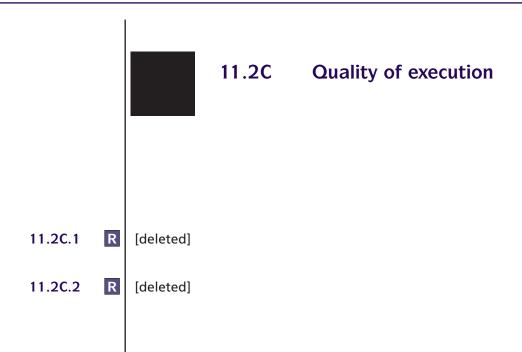

- (1) A management company must make information available about the inducements that the management company may receive from execution venues in accordance with ■ COBS 2.3 and ■ COBS 18 Annex 1.
- (2) The information in (1) must at least:
 - (a) specify the fees charged by the management company to all counterparties involved in the transaction; and
 - (b) where the fees vary depending on the scheme, indicate the maximum fees or range of the fees that may be payable.
- (3) Where a management company applies different fees depending on the execution venue, a management company must explain these differences in sufficient detail to allow unitholders to understand the advantages and the disadvantages of the choice of a particular execution venue.
- (4) Where a management company charges more than one participant in a transaction, the firm must make information available about the value of any monetary or non-monetary benefits received by the firm, in compliance with ■ COBS 2.3.1R.

11.3 Client order handling

General principles

11.3.1 R

(1) A *firm* (other than a *UCITS management company* providing *collective portfolio management* services) which is authorised to execute orders on behalf of *clients* must implement procedures and arrangements which provide for the prompt, fair and expeditious execution of *client* orders, relative to other orders or the trading interests of the *firm*.

[Note: paragraph 1 of article 28(1) of MiFID]

(2) These procedures or arrangements must allow for the execution of otherwise comparable orders in accordance with the time of their reception by the *firm*.

(3) A UCITS management company providing collective portfolio management services, must establish and implement procedures and arrangements in respect of all client orders it carries out which provide for the prompt, fair and expeditious execution of portfolio transactions on behalf of the UCITS scheme it manages.

[Note: article 27(1) first paragraph of the UCITS implementing Directive]

11.3.1A R

Carrying out client orders

11.3.2A UK

67(1)Investment firms shall satisfy the following conditions when carrying out client orders:

(a)ensure that orders executed on behalf of clients are promptly and accurately recorded and allocated;

(b)carry out otherwise comparable client orders sequentially and promptly unless the characteristics of the order or prevailing market

conditions make this impracticable, or the interests of the client require otherwise;

(c)inform a retail client about any material difficulty relevant to the proper carrying out of orders promptly upon becoming aware of the difficulty.

11.3.3 For the purposes of the provisions of this section, orders should not be treated as otherwise comparable if they are received by different media and it would not be practicable for them to be treated sequentially.

[Note: recital 110 to the MiFID Org Regulation]

11.3.4 Where a management company executes the order itself in the course of providing collective portfolio management services, it must take all reasonable steps to ensure that any client financial instruments or client funds received in settlement of that executed order are promptly and correctly delivered to the account of the appropriate UCITS scheme.

[Note: article 27(1) third paragraph of the UCITS implementing Directive]

Settlement of executed orders

11.3.4A UK 67(2)Where an investment firm is responsible for overseeing or arranging the settlement of an executed order, it shall take all reasonable steps to ensure that any client financial instruments or client funds received in settlement of that executed order are promptly and correctly delivered to the account of the appropriate client.

Use of information relating to pending client orders

11.3.5A UK 67(3)An investment firm shall not misuse information relating to pending client orders, and shall take all reasonable steps to prevent the misuse of such information by any of its relevant persons.

G 11.3.6 Without prejudice to the Market Abuse Regulation, for the purposes of the provision on the misuse of information (see ■ COBS 11.3.5AEU), any use by a firm of information relating to a pending client order in order to deal on own account in the financial instruments to which the client order relates, or in related financial instruments, should be considered a misuse of that information. However, the mere fact that market makers or bodies authorised to act as counterparties confine themselves to pursuing their legitimate business of buying and selling *financial instruments*, or that persons authorised to execute orders on behalf of third parties confine themselves to carrying out an order dutifully, should not in itself be deemed to constitute a misuse of information.

11.3.7A UK

(b)it is disclosed to each client whose order is to be aggregated that the effect of aggregation may work to its disadvantage in relation to a particular order;

(c)an order allocation policy is established and effectively implemented, providing for the fair allocation of aggregated orders and transactions, including how the volume and price of orders determines allocations and the treatment of partial executions.

11.3.7B R

A management company must ensure that the order allocation policy referred to in article 68(1)(c) of the MiFID Org Regulation, reproduced at COBS 11.3.7AUK, is in sufficiently precise terms.

(b)the prevention or management of a situation where persons responsible for providing services to the firm's investment clients are directly involved in decisions about corporate finance advice on pricing to the issuer client.

Application of requirements for information flows during equity IPOs

11A.1.4A R

■ COBS 11A.1.4BR to ■ COBS 11A.1.4FR apply to a *firm* that:

- (1) has agreed to carry on regulated activities for a client that is an issuer ("the issuer client") that include underwriting or placing of financial instruments, where:
 - (a) those financial instruments ("relevant securities") are either:
 - (i) shares; or
 - (ii) certificates representing certain securities where the certificate or other instrument confers rights in respect of shares:
 - (b) the relevant securities are intended to be admitted to trading in the UK for the first time;
 - (c) the trading under sub-paragraph (b) is intended to be effected by an *admission to trading* on a *regulated market*; and
 - (d) an approved *prospectus* will be required in accordance with article 3 of the *Prospectus Regulation* for the relevant securities; and

(2) is intending to disseminate investment research or non-independent research on that issuer client or those relevant securities before the admission to trading.

Communications between the issuer and research analysts in equity IPOs

11A.1.4B R

- (1) Unless it complies with paragraphs (2) and (3) a firm must prevent its staff involved in the production of investment research or nonindependent research ("the firm's analysts") from being in communication with the issuer client and/or the issuer client's representatives outside of the firm ("the issuer team").
- (2) Prior to the firm's analysts being in communication with the issuer team, the firm must ensure that a range of unconnected analysts (as defined in paragraph (4)) will have the opportunity (subject to ■ COBS 11A.1.4CR) either:
 - (a) to join the firm's analysts in any communication with the issuer team that is made or received before the firm disseminates any investment research or non-independent research about the issuer client or the relevant securities as described in ■ COBS 11A.1.4AR(1); or
 - (b) to be in communication with the issuer team in a way that satisfies the following conditions:
 - (i) the communication results in those unconnected analysts receiving or being given access to all the information that is:
 - (A) given by the issuer team to the firm's analysts during the relevant period; and
 - (B) relevant for the purposes of the firm producing any investment research or non-independent research on the issuer client or the relevant securities;
 - (ii) the information that each of those unconnected analysts receives or can access is identical;
 - (iii) that communication is completed before the end of the relevant period; and
 - (iv) the relevant period for the purposes of sub-paragraphs (2)(b)(i) and (2)(b)(iii) starts from the time at which this rule applies and ends at the time at which the firm disseminates any investment research or non-independent research on the issuer client or the relevant securities.
- (3) (a) To select the range of unconnected analysts under paragraph (2) the *firm* must:
 - (i) undertake an assessment of the potential range of unconnected analysts for the purposes of paragraph (2); and
 - (ii) use that assessment to ensure that the range of unconnected analysts given the opportunity under paragraph (2) is one that, in the firm's reasonable opinion, has a reasonable prospect of enabling potential investors to undertake a better-informed assessment of the present or future value of the relevant securities based on a more diverse set of substantiated opinions, compared to a situation in which the only research available to potential investors is that

- disseminated by *firms* providing the service of underwriting or placing to the *issuer client*.
- (b) For its assessment and opinion under sub-paragraph (a) the *firm* may assume that an unconnected analyst that is given an opportunity to interact with the *issuer* team will publish an opinion on the *firm's issuer client* that will be available to potential investors.
- (c) The *firm* must make a written record of its assessment and opinion under sub-paragraph (a) at the time at which it forms its opinion.
- (d) The firm's record under sub-paragraph (c) must:
 - (i) set out the *firm's* process for conducting the assessment and forming the opinion under sub-paragraph (a);
 - (ii) identify the *firm's* staff that were involved in forming that opinion; and
 - (iii) explain the *firm's* consideration of the number and expertise of the unconnected analysts included in the range.
- (e) The *firm* must retain the record made under sub-paragraph (c) for five years from the date on which it is made.
- (4) An "unconnected analyst" means a *person* other than the *firm* or its staff:
 - (a) who does not provide the service of underwriting or placing of the same relevant securities to the same *issuer client*; and
 - (b) whose business or occupation may reasonably be expected to involve the production of research.

11A.1.4C R

- (1) If an opportunity communicated to the range of unconnected analysts under COBS 11A.1.4BR(2) is subject to any restrictions that would apply to any of the unconnected analysts that accept the opportunity, a *firm* must ensure that those restrictions would not unreasonably prevent, limit or discourage those unconnected analysts from producing and disseminating research on the *issuer client* or the relevant securities.
- (2) The *firm* must also make and retain a written record of any such restrictions, regardless of whether the restrictions are subsequently applied to any unconnected analyst.
- (3) The *firm* must make the record at the time the opportunity is communicated to the range of unconnected analysts.
- (4) The *firm* must keep the record for a period of five years after the date it was made.

11A.1.4D E

- (1) A restriction is unreasonable under COBS 11A.1.4CR(1) if it prevents an unconnected analyst from producing and disseminating research in circumstances in which the *firm* that is subject to COBS 11A.1.4CR is itself able to produce and disseminate *investment research* or *non-independent research*.
- (2) Contravention of (1) may be relied upon as tending to establish non-compliance with COBS 11A.1.4CR(1).

- (1) Where a firm acts in accordance with COBS 11A.1.4BR(2)(b) then it must make and retain a written record of:
 - (a) the information on the *issuer* or the relevant securities that is given by the issuer team to the firm's analysts during the relevant period under ■ COBS 11A.1.4BR(2)(b)(iv); and
 - (b) the information on the issuer or the relevant securities that is given by the issuer team to each of the relevant unconnected analysts during the same period.
- (2) The firm must make the record at the end of that period.
- (3) The firm must keep the record for a period of five years after the date it was made.

Timing restrictions for disseminating research on equity IPOs

11A.1.4F R

- (1) A firm must not disseminate investment research or non-independent research on the relevant issuer client or relevant securities as described in ■ COBS 11A.1.4AR(1) until after the relevant time in paragraph (2).
- (2) The relevant time is:
 - (a) where a firm acts in accordance with COBS 11A.1.4BR(2)(a), one day after the publication of the relevant document in paragraph (3); or
 - (b) otherwise, seven days after the publication of the relevant document in paragraph (3).
- (3) The relevant document is:
 - (a) an approved prospectus regarding the relevant securities; or
 - (b) an approved registration document regarding the issuer.
- (4) For this rule, publication of the relevant document means making the relevant document available to the public in accordance with article 21 of the Prospectus Regulation.
- (5) This rule does not apply to a firm in circumstances where, as a result of the firm's analysts being prevented from being in communication with the issuer team, it has not needed to engage with any unconnected analysts for the purposes of ■ COBS 11A.1.4BR.

Further requirements concerning the provision of information

11A.1.5 UK

39(2)Investment firms shall provide clients with information about how the recommendation as to the price of the offering and the timings involved is determined. In particular, the firm shall inform and engage with the issuer client about any hedging or stabilisation strategies it intends to undertake with respect to the offering, including how these strategies may impact the issuer clients' interests. During the offering process, firms shall also take all reasonable steps to keep the issuer client informed about developments with respect to the pricing of the issue.

11A.1.6 UK

40(1)Investment firms placing financial instruments shall establish, implement and maintain effective arrangements to prevent recommendations on

COBS 11A: Underwriting and placing

placing from being inappropriately influenced by any existing or future relationships.

(2)Investment firms shall establish, implement and maintain effective internal arrangements to prevent or manage conflicts of interests that arise where persons responsible for providing services to the firm's investment clients are directly involved in decisions about recommendations to the issuer client on allocation.

(3) Investment firms shall not accept any third-party payments or benefits unless such payments or benefits comply with rules made by the Financial Conduct Authority under the Financial Services and Markets Act 2000 which were relied on before IP completion day to implement requirements laid down in Article 24 of Directive 2014/65/EU. In particular, the following practices shall be considered not compliant with those requirements and shall therefore be considered not acceptable:

(a)an allocation made to incentivise the payment of disproportionately high fees for unrelated services provided by the investment firm ('laddering'), such as disproportionately high fees or commissions paid by an investment client, or disproportionately high volumes of business at normal levels of commission provided by the investment client as a compensation for receiving an allocation of the issue;

(b)an allocation made to a senior executive or a corporate officer of an existing or potential issuer client, in consideration for the future or past award of corporate finance business ('spinning');

(c)an allocation that is expressly or implicitly conditional on the receipt of future orders or the purchase of any other service from the investment firm by an investment client, or any entity of which the investor is a corporate officer.

(4)Investment firms shall establish, implement and maintain an allocation policy that sets out the process for developing allocation recommendations. The allocation policy shall be provided to the issuer client before agreeing to undertake any placing services. The policy shall set out relevant information that is available at that stage, about the proposed allocation methodology for the issue.

(5)Investment firms shall involve the issuer client in discussions about the placing process in order for the firm to be able to understand and take into account the client's interests and objectives. The investment firm shall obtain the issuer client's agreement to its proposed allocation per type of client for the transaction in accordance with the allocation policy.

11A.1.7 UK

41 (1) Investment firms shall have in place systems, controls and procedures to identify and manage the conflicts of interest that arise when providing investment service to an investment client to participate in a new issue, where the investment firm receives commissions, fees or any monetary or non-monetary benefits in relation to arranging the issuance. Any commissions, fees or monetary or non-monetary benefits shall comply with the requirements in [■ COBS 2.3A.5R to ■ COBS 2.3A.7E, ■ COBS 2.3A.15R, ■ COBS 2.3A.19R and ■ COBS 6.2B.11R] and be documented in the investment firm's conflicts of interest policies and reflected in the firm's inducements arrangements.

(2)Investment firms engaging in the placement of financial instruments issued by themselves or by entities within the same group, to their own

clients, including their existing depositor clients in the case of credit institutions, or investment funds managed by entities of their group, shall establish, implement and maintain clear and effective arrangements for the identification, prevention or management of the potential conflicts of interest that arise in relation to this type of activity. Such arrangements shall include consideration of refraining from engaging in the activity, where conflicts of interest cannot be appropriately managed so as to prevent any adverse effects on clients.

- (3)When disclosure of conflicts of interest is required, investment firms shall comply with the requirements in Article 34(4), including an explanation of the nature and source of the conflicts of interest inherent to this type of activity, providing details about the specific risks related to such practices in order to enable clients to make an informed investment decision.
- (4) Investment firms which offer financial instruments issued that are by themselves or other group entities to their clients and that are included in the calculation of prudential requirements specified in Regulation (EU) No 575/2013 of the European Parliament and of the Council¹, the law of the United Kingdom or any part of the United Kingdom ("UK law") which was relied on before IP completion day to implement Directive 2013/36/EU of the European Parliament and of the Council² or Directive 2014/59/EU of the European Parliament and of the Council³, shall provide those clients with additional information explaining the differences between the financial instrument and bank deposits in terms of yield, risk, liquidity and any protection provided in accordance with UK law which was relied on before IP completion day to implement Directive 2014/49/EU of the European Parliament and of the Council.
- ¹ Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 (OJ L 176, 27.6.2013, p.l)
- ² Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, amending Directive 2002/87/EC and repealing Directives 2006/48/EC and 2006/49/EC (OJ L 176, 27.6.2013, p.338)
- ³ Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms and amending Council Directive 82/891/EEC, and Directives 2001/24/EC, 2002/47/EC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU, 2012/30/EU and 2013/36/EU, and Regulation (EU) No 1093/2010 and (EU) No 648/2012, of the European Parliament and of the Council (OJ L 173, 12.6.201, p190)

Further requirements in relation to lending on provision of credit in the context of underwriting or placement

11A.1.8 UK

42(1)Where any previous lending or credit to the issuer client by an investment firm, or an entity within the same group, may be repaid with the proceeds of an issue, the investment firm shall have arrangements in place to identify and prevent or manage any conflicts of interest that may arise as a

(2) Where the arrangements taken to manage conflicts of interest prove insufficient to ensure that the risk of damage to the issuer client would be prevented, investment firms shall disclose to the issuer client the specific conflicts of interest that have arisen in relation to their, or group entities',

(3)Investment firms' conflict of interest policy shall require the sharing of information about the issuer's financial situation with group entities acting as credit providers, provided this would not breach information barriers set up by the firm to protect the interests of a client.

Record keeping requirements in relation to underwriting or placing

11A.1.9 UK

Investment firms shall keep records of the content and timing of instructions received from clients. A record of the allocation decisions taken for each operation shall be kept to provide for a complete audit trail between the movements registered in clients' accounts and the instructions received by the investment firm. In particular, the final allocation made to each investment client shall be clearly justified and recorded. The complete audit trail of the material steps in the underwriting and placing process shall be made available to competent authorities upon request.

11A

Prohibition of future service 11A.2 restrictions

- 11A.2.1 Unless exempted in ■ COBS 11A.2.2R, a firm must not enter into an agreement in writing with a *client* that contains a *future service restriction*.
- 11A.2.2 R ■ COBS 11A.2.1R does not apply to *future service restrictions* that:
 - (1) are included in an agreement in writing for the firm to provide a bridging loan; and
 - (2) only involve the firm providing the primary market and M&A services to which the bridging loan relates.
- 11A.2.3 For the purposes of ■ COBS 11A2.2R, "bridging loan" means a loan provided to a client for the purpose of providing short-term financing, and with the commercial intention that it be replaced with another form of financing (such as a debenture issue or a share issue).
- 11A.2.4 G A loan could be considered a bridging loan for the purposes of ■ COBS 11A.2.3 when, for example:
 - (1) it is expressly documented that the intention of both parties is that the loan offers a temporary solution until the client is able to obtain longer-term financing from the capital markets or other future financing;
 - (2) it has a short term, typically of less than four years from signing, or the client is otherwise discouraged from retaining the loan as longer term financing, for example by stepping up the interest rates after an initial short period; and
 - (3) the terms provide that the proceeds from the future financing are used as mandatory pre-payment on the loan.
- 11A.2.5 G (1) Agreements for the provision of a specified or certain *primary market* and M&A service by the firm to the client are not prohibited by ■ COBS 11A.2.1R, even where that service will take place in the future.
 - (2) COBS 11A.2.1R prohibits future service restrictions related to primary market and M&A services which may be required in the future but which, at the date of the agreement, are not yet specified or certain. Future service restrictions are prohibited because they prevent a client from freely deciding, as and when the need for primary market and M&A services arises, which firm to appoint to provide those services.

COBS 11A: Underwriting and placing

11A.2.6 G

- (1) The *future service restrictions* prohibited by COBS 11A.2.1R relate to services that will be provided in the future.
- (2) An example of restrictions that would therefore not be caught are those which relate to the recuperation of fees for work already undertaken by a firm in relation to a particular service or transaction when the client decides to use another financial institution for the same service or transaction ('tailgunner clauses').

11A.2.7 G

- (1) Future service restrictions bind the client to use the firm (or an affiliated company).
- (2) Provisions in an agreement that only give a *firm* the right or opportunity to:
 - (a) pitch for future business; or
 - (b) be considered in good faith alongside other providers for future business; or
 - (c) match quotations from other providers, but which do not prevent the *client* from selecting the other providers,

are not future service restrictions. In these cases, the client is not obliged to use the firm (or an affiliated company).

Application

12.2.14

G

This section applies to a *firm* that:

- (1) produces, or arranges for the production of, investment research that is intended or likely to be subsequently disseminated to clients of the firm or to the public, under its own responsibility or that of a member of its group; or
- (2) produces or disseminates non-independent research.

12.2.15

Where this section applies to a *firm* in relation to business other than its MiFID business, provisions in this section marked "UK" shall apply as if they were rules, other than those that copy out recitals, which shall apply as if they were *quidance*.

G 12.2.16

- (1) This section applies to both investment research and nonindependent research.
- (2) Non-independent research is not presented as objective or independent and is accordingly considered a marketing communication.
- (3) Both investment research and non-independent research are subcategories of the type of information defined as an *investment* recommendation in ■ COBS 12.4.

Investment research and non-independent research

12.2.17 UK

36(1) For the purposes of Article 37 investment research shall be research or other information recommending or suggesting an investment strategy, explicitly or implicitly, concerning one or several financial instruments or the issuers of financial instruments, including any opinion as to the present or future value or price of such instruments, intended for distribution channels or for the public, and in relation to which the following conditions are met:

> (a) the research or information is labelled or described as investment research or in similar terms, or is otherwise presented as an objective or independent explanation of the matters contained in the recommendation;

(b) if the recommendation in question were made by an investment firm to a client, it would not constitute the provision of investment advice for the purposes of UK law on markets in financial instruments.

Non-independent research with reference to investment recommendations as defined in the Market Abuse Regulation

12.2.18 UK

36(2) A recommendation of the type covered by point (35) of Article 3(1) of Regulation (EU) 596/2014 that does not meet the conditions set out in paragraph 1 shall be treated as a marketing communication for the purposes of UK law on markets in financial instruments and investment firms that produce or disseminate that recommendation shall ensure that it is clearly identified as such.

Additionally, firms shall ensure that any such recommendation contains a clear and prominent statement that (or, in the case of an oral

recommendation, to the effect that) it has not been prepared in accordance with legal requirements designed to promote the independence of investment research, and that it is not subject to any prohibition on dealing ahead of the dissemination of investment research.

Conflicts of interest

12.2.19 UK

37(1) Investment firms which produce, or arrange for the production of, investment research that is intended or likely to be subsequently disseminated to clients of the firm or to the public, under their own responsibility or that of a member of their group, shall ensure the implementation of all the measures set out in Article 34(3) in relation to the financial analysts involved in the production of the investment research and other relevant persons whose responsibilities or business interests may conflict with the interests of the persons to whom the investment research is disseminated.

The obligations in the first subparagraph shall also apply in relation to recommendations referred to in Article 36(2).

Recital 51

The measures and arrangements adopted by an investment firm to manage the conflicts of interests that might arise from the production and dissemination of material that is presented as investment research should be appropriate to protect the objectivity and independence of financial analysts and of the investment research they produce. Those measures and arrangements should ensure that financial analysts enjoy an adequate degree of independence from the interests of persons whose responsibilities or business interests may reasonably be considered to conflict with the interests of the persons to whom the investment research is disseminated.

Recital 52

Persons whose responsibilities or business interests may reasonably be considered to conflict with the interests of the persons to whom investment research is disseminated should include corporate finance personnel and persons involved in sales and trading on behalf of clients or the firm.

Recital 55

The concept of dissemination of investment research to clients or the public should not include dissemination exclusively to persons within the group of the investment firm. Current recommendations should be considered to be those recommendations contained in investment research which have not been withdrawn and which have not lapsed. The substantial alteration of investment research produced by a third party should be governed by the same requirements as the production of research.

12.2.20 G

- (1) Firms which produce, or arrange for the production of, investment research or non-independent research are also reminded of their obligations under SYSC 10 (Conflicts of interest).
- (2) COBS 12.2.19UK relates to the management of conflicts of interest in relation to *investment research*.
- (3) In relation to *non-independent research*, *firms* may wish to consider whether conflicts arise in relation to:
 - (a) relevant persons trading in financial instruments that are the subject of non-independent research which they know the firm

has published or intends to publish before clients have had a reasonable opportunity to act on it (other than when the firm is acting as market maker in good faith and in the ordinary course of market making, or in the execution of an unsolicited client order); and

(b) the preparation of non-independent research which is intended first for internal use by the *firm* and then for later publication to clients.

Measures and arrangements required for investment research

12.2.21 UK

37(2)Investment firms referred to in the first subparagraph of paragraph 1 shall have in place arrangements designed to ensure that the following conditions are satisfied:

(a)financial analysts and other relevant persons do not undertake personal transactions or trade, other than as market makers acting in good faith and in the ordinary course of market making or in the execution of an unsolicited client order, on behalf of any other person, including the investment firm, in financial instruments to which investment research relates, or in any related financial instruments, with knowledge of the likely timing or content of that investment research which is not publicly available or available to clients and cannot readily be inferred from information that is so available, until the recipients of the investment research have had a reasonable opportunity to act on it;

(b)in circumstances not covered by point (a), financial analysts and any other relevant persons involved in the production of investment research do not undertake personal transactions in financial instruments to which the investment research relates, or in any related financial instruments, contrary to current recommendations, except in exceptional circumstances and with the prior approval of a member of the firm's legal or compliance function;

(c)a physical separation exists between the financial analysts involved in the production of investment research and other relevant persons whose responsibilities or business interests may conflict with the interests of the persons to whom the investment research is disseminated or, when considered not appropriate to the size and organisation of the firm as well as the nature, scale and complexity of its business, the establishment and implementation of appropriate alternative information barriers;

(d) the investment firms themselves, financial analysts, and other relevant persons involved in the production of the investment research do not accept inducements from those with a material interest in the subject-matter of the investment research:

(e)the investment firms themselves, financial analysts, and other relevant persons involved in the production of the investment research do not promise issuers favourable research coverage;

(f)before the dissemination of investment research issuers, relevant persons other than financial analysts, and any other persons are not permitted to review a draft of the investment research for the purpose of verifying the accuracy of factual statements made in that research, or for any purpose other than verifying compliance with the firm's legal obligations, where the draft includes a recommendation or a target price.

For the purposes of this paragraph, 'related financial instrument' shall be any financial instrument the price of which is closely affected by price movements in another financial instrument which is the subject of investment research, and includes a derivative on that other financial instrument.

Recital 53

Exceptional circumstances in which financial analysts and other persons connected with the investment firm who are involved in the production of investment research may, with prior written approval, undertake personal transactions in instruments to which the research relates should include those circumstances where, for personal reasons relating to financial hardship, the financial analyst or other person is required to liquidate a position.

Recital 54

Fees, commissions, monetary or non-monetary benefits received by the firm providing investment research from any third party should only be acceptable when they are provided in accordance with requirements specified in Article 24(9) of Directive 2014/65/EU and Article 13 of Commission Delegated Directive (EU) 2017 / 593.

Recital 56

Financial analysts should not engage in activities other than the preparation of investment research where engaging in such activities are inconsistent with the maintenance of that person's objectivity. These include participating in investment banking activities such as corporate finance business and underwriting, participating in 'pitches' for new business or 'road shows' for new issues of financial instruments; or being otherwise involved in the preparation of issuer marketing.

12.2.21A G

- (1) The phrase "participating in 'pitches' for new business" in Recital 56 to the MiFID Org Regulation would generally include a financial analyst interacting with an issuer to whom the firm is proposing to provide underwriting or placing services (including the issuer's representatives outside of the firm and any person who has an ownership interest in the issuer), until both:
 - (a) the *firm* that employs the *financial analyst* has *agreed to carry on regulated activities* that amount to underwriting or placing services for the *issuer*; and
 - (b) the extent of the *firm's* obligations to provide underwriting or placing services to the *issuer* as compared to the underwriting or placing services of any other *firm* that is appointed by the *issuer* for the same offering is confirmed in writing between the *firm* and *issuer*.
- (2) (a) It may nevertheless be possible, in limited circumstances, for a financial analyst's interactions with any such person referred to under paragraph (1) to be entirely separate from the firm's 'pitches' such that the risk to their objectivity being impaired would be reasonably low.
 - (b) However, the FCA considers that would not be the case where the analyst is aware of the 'pitches', or may have reason to believe that the *firm* is conducting the 'pitches'.
- (3) In any case a firm should recognise that any situation in which there is a connection between its 'pitches' and a person with whom its financial analyst interacts can give rise to a conflict of interest (see SYSC 10 (Conflicts of interest) and the relevant provisions of the MiFID Org Regulation).

Exemptions from article 37(1) of the MiFID Org Regulation

12.2.22 UK

37(3) Investment firms which disseminate investment research produced by another person to the public or to clients shall be exempt from complying with paragraph 1 if the following criteria are met:

(a) the person that produces the investment research is not a member of the group to which the investment firm belongs;

(b) the investment firm does not substantially alter the recommendations within the investment research;

(c)the investment firm does not present the investment research as having been produced by it;

(d)the investment firm verifies that the producer of the research is subject to requirements equivalent to the requirements under this Regulation in relation to the production of that research, or has established a policy setting such requirements.

12.2.23 G

The FCA would expect a firm's conflicts of interest policy to provide for investment research to be published or distributed to its clients in an appropriate manner. For example, the FCA considers it will be:

- (1) appropriate for a *firm* to take reasonable steps to ensure that its investment research is published or distributed only through its usual distribution channels:
- (2) inappropriate for an employee (whether or not a financial analyst) to communicate the substance of any investment research, except as set out in the firm's conflicts of interest policy; and
- (3) inappropriate for a financial analyst or other relevant person to prepare investment research which is intended first for internal use for the firm's own advantage, and then for later publication to its clients (in circumstances in which it might reasonably be expected to have a material influence on its clients' investment decisions).

12.2.24

The FCA would expect a firm to consider whether or not other business activities of the firm could create the reasonable perception that its investment research may not be an impartial analysis of the market in, or the value or prospects of, a financial instrument. A firm would therefore be expected to consider whether its conflicts of interest policy should contain any restrictions on the timing of the publication of investment research. For example, a firm might consider whether it should restrict publication of relevant investment research around the time of an investment offering.

Preparing product information

13.1 The obligation to prepare product information

Non-PRIIP packaged products, cash-deposit ISAs and cashdeposit CTFs

13.1.1

R A firm must prepare:

- (1) a key features document for each non-PRIIP packaged product, cashdeposit ISA, cash-only lifetime ISA and cash-deposit CTF it produces; and
- (2) a key features illustration for each non-PRIIP packaged product it produces:

in good time before those documents have to be provided.

PRIIPs

G 13.1.1A

(1) The PRIIPs Regulation requires the manufacturer of a PRIIP to draw up a key information document in accordance with the PRIIPs Regulation before that PRIIP is made available to retail investors (as defined in the PRIIPs Regulation) in the United Kingdom.

[Note: article 5 of the PRIIPs Regulation]

(2) Since the PRIIPs Regulation imposes requirements in relation to the preparation of product information for *PRIIPs*, the *rules* in ■ COBS 13.1 to ■ COBS 13.4 do not apply to a *firm* in relation to the manufacture of a PRIIP (except where applicable to Solvency II Directive information). ■ COBS 13.5 and ■ COBS 13.6 continue to apply where relevant.

Application of the PRIIPs regulation to funds

G 13.1.1B

- (1) A UCITS management company is exempt from the PRIIPs Regulation until 31 December 2026. These firms should continue to publish a key investor information document until that date (see ■ COLL 4.7).
- (2) (a) A manager of a fund offered to retail investors in the United Kingdom, other than a UCITS, is able to benefit from this exemption where a the *United Kingdom* applies rules on the format and content of the key investor information documentwhich implemented articles 78 to 81 of the UCITS Directive to that fund (see article 32(2) of the PRIIPs Regulation).
 - (b) The FCA has made rules for authorised fund managers of non-UCITS retail schemes to give them the choice of benefiting from this exemption (see ■ COLL 4.7).

- (c) An authorised fund manager of a non-UCITS retail scheme offered to retail clients in the United Kingdom may, until 31 December 2026, draw up either:
 - (i) a key information document in accordance with the PRIIPs Regulation; or

.....

(ii) a NURS-KII document.

[Note: Article 32(1) of the *PRIIPs Regulation* as amended by article 17(1) of Regulation (EU) 2019/1156 of the European Parliament and of the Council of 20 June 2019]

Information on life policies

13.1.2 R

A firm must prepare the Solvency II Directive information for each life policy it effects:

- (1) in a clear and accurate manner and in writing; and
- (2) in an official language of the *State of the commitment*, or in another language if the *policyholder* so requests and the law of the *State of the commitment* so permits or the *policyholder* is free to choose the law applicable;

in good time before that information has to be provided.

[Note: article 185(1) and (6) of the Solvency II Directive]

13.1.2A G

A firm that effects life policies which are also PRIIPs should consider whether it is also required to draw up a key information document in respect of those life policies in accordance with the requirements of the PRIIPs Regulation.

Exceptions

13.1.3 R

A firm is not required to prepare:

- (1) a document, if another firm has agreed to prepare it; or
- (2) a key features document for:
 - (a) a unit in a regulated collective investment scheme; or
 - (b) [deleted]
 - (c) [deleted]
 - (d) a stakeholder pension scheme, or personal pension scheme that is not a personal pension policy, if the information appears with due prominence in another document; or

.....

- (e) an interest in an investment trust savings scheme; or
- (3) a key features illustration:
 - (a) for a unit in a regulated collective investment scheme; or
 - (b) [deleted]
 - (c) if it includes in a key features document;
 - (i) the information from the key features illustration; and

13.2 Product information: production standards, form and contents

13.2.1 **G**

When a *firm* prepares *documents* or information in accordance with this chapter, the *firm* should consider the *rules* on providing product information (COBS 14). Those *rules* require a *firm* to provide the product information in a *durable medium* or via a website that meets the *website conditions* (if the website is not a *durable medium*).

[Note: article 29(4) of the MiFID implementing Directive]

13.2.1A G

When a *firm* prepares *documents* or information for a *life policy, personal pension* or *stakeholder pension* in accordance with this chapter, the *firm* should:

- (1) consider the *rules* on communicating with clients (■ COBS 4). Those *rules* require a *firm* to ensure that a communication is fair, clear and not misleading. In particular, a *firm* should:
 - (a) take into account its target market's understanding of financial services when preparing *documents* and information;
 - (b) present information in a logical order;
 - (c) use clear and descriptive headings, and where appropriate, cross references and sub-headings to aid navigation;
 - (d) where possible, use plain language and avoid the use of jargon, unfamiliar or technical language;
 - (e) if it is necessary to use jargon, unfamiliar or technical language, provide accompanying explanations in plain language;
 - (f) use short sentences;
 - (g) (if the *key features illustration* is separate from the *key features document*) clearly cross-reference between the two and avoid duplication where possible;
 - (h) concentrate on key product information, cross reference to background information, detailed explanations and information about how to apply for the product; and
 - (i) avoid duplication and unnecessary disclaimers;
- (2) taking into account the means of printing or display, consider whether the following can be used to improve the *client*'s understanding of the product, in particular:
 - (a) design devices such as side annotations, shading, colour, bulleted lists, tables and graphics; and
 - (b) the type size, line width, line spacing, and use of white space; and

- (3) ensure that the use of colour in a document does not disguise, diminish or obscure important information if that document is printed or photocopied in black and white.
- 13.2.2 A key features document and a key features illustration must also:
 - (1) (if it is a key features document) be produced and presented to at least the same quality and standard as the sales or marketing material used to promote the relevant product;
 - (2) (if it is a key features document) display the firm's brand at least as prominently as any other;
 - (3) (if it is a key features document or a key features illustration which does not form an integral part of the key features document) include the 'Key facts' logo in a prominent position at the top of the document; and
 - (4) (if it is a key features document or a key features illustration which does not form an integral part of the key features document) include the following statement in a prominent position:

"The Financial Conduct Authority is a financial services regulator. It requires us, [provider name], to give you this important information to help you to decide whether our [product name] is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safe for future reference".

- G 13.2.3 The Solvency II Directive information can be included in one or more of a key features document, a key features illustration, (where permitted by the PRIIPs Regulation) a key information document or any other document.
- 13.2.4 The documents and information prepared in accordance with the rules in this chapter must not include anything that might reasonably cause a retail client to be mistaken about the identity of the firm that produced, or will produce, the product.

13.3 Contents of a key features document

General requirements

13.3.1 R

A key features document must:

- include enough information about the nature and complexity of the product, how it works, any limitations or minimum standards that apply and the material benefits and risks of buying or investing for a retail client to be able to make an informed decision about whether to proceed;
- (2) explain:
 - (a) the arrangements for handling complaints about the product;
 - (b) that compensation might be available from the FSCS if the firm cannot meet its liabilities in respect of the product (if applicable);
 - (c) that a right to cancel or withdraw exists, or does not exist, and, if it does exist, its duration and the conditions for exercising it, including information about the amount a *client* may have to pay if the right is exercised, the consequences of not exercising it and practical instructions for exercising it, indicating the address to which any notice must be sent;
 - (d) (for a CTF) that stakeholder CTFs, cash-deposit CTFs and security-based CTFs are available and which type the firm is offering; and
 - (e) (for a personal pension scheme that is not an automatic enrolment scheme) clearly and prominently, that stakeholder pension schemes are generally available and might meet the client's needs as well as the scheme on offer; and
- (3) (for a *cash-only lifetime ISA*) include the information set out in COBS 14 Annex 1.

13.3.1A G

When preparing a key features document for pension annuity and drawdown pension options firms should consider the information requirements for firms communicating with clients about their pension decumulation product options in ■ COBS 19.4.12R and ■ COBS 19.4.14R.

Additional requirements for non-PRIIP packaged products

13.3.2 R

Table

A key features document for a non-PRIIP packaged product must:

(1) Include the title: 'key features of the [name of product]';

(2)	describe the product in the order of the follow- ing headings, and by giving the following in- formation under those headings:		
	Heading	Information to be given	
	'Its aims'	A brief description of the product's aims	
	'Your commitment' or 'Your investment'	What a retail client is committing to or investing in and any consequences of failing to maintain the commitment or investment	
	'Risks'	The material risks associated with the product, including a description of the factors that may have an adverse effect on performance or are material to the decision to invest	
	'Questions and Answers'	(in the form of questions and answers) the principle terms of the product, what it will do for a retail client and any other information necessary to enable a retail client to make an informed decision.	
[Note: in respect of 'Risks	s', article 185(4) of the Sol	vency II Directive]

13.4 Contents of a key features illustration

13.4.1 R | A key features illustration;

- (1) must include appropriate charges information;
- (2) must include information about any interest that will be paid to *clients* on money held within a *personal pension scheme* bank account; and
- (3) if it is prepared for a *non-PRIIP packaged product* which is not a *financial instrument*:
 - (a) must include a standardised deterministic projection;
 - (b) the *projection* and charges information must be consistent with each other so that:
 - (i) the same intermediate growth rate and assumptions about regular contributions are used;
 - (ii) a *projection* in nominal terms is accompanied by an effect of charges table and reduction in yield information in nominal terms; and
 - (iii) a *projection* in real terms is accompanied by an effect of charges table and reduction in yield information in real terms; and
 - (c) it may also include stochastic projections if there are reasonable grounds for believing that a retail client will be able to understand the stochastic projection except that the most prominent projection must be a standardised deterministic projection.

13.4.1A R

- (1) If COBS 14.2.1R(3B), (3C) or (3D) applies, a key features illustration must also include the summary key information in COBS 13.4.7R.
- (2) There is no requirement to provide the summary key information in COBS 13.4.7R if the *retail client* proposes to withdraw their pension scheme funds in full reducing the value of their rights to zero.
- (3) Where (2) applies and a *retail client* subsequently does not withdraw their pension scheme funds in full reducing the value of their rights to zero, the *firm* must provide the *client* with the summary key information in COBS 13.4.7R.

Exceptions

13.4.2

When the rules in this chapter require a key features illustration to be prepared, it must not take the form of a *generic key features illustration*:

•••••

- (1) unless there are reasonable grounds for believing that it will be sufficient to enable a retail client to make an informed decision about whether to invest: or
- (2) if it is part of a direct offer financial promotion which contains a personal recommendation; or
- (3) if a personal pension scheme or a stakeholder pension scheme is facilitating the payment of an adviser charge; or
- (4) if a group personal pension scheme or a group stakeholder pension scheme is facilitating the payment of a consultancy charge and the combined effect of the consultancy charges facilitated by the product and the product charges is not consistent for all investors in the relevant group or sub-group; or
- (5) unless it is prepared for groups or sub-groups of employees in a group personal pension scheme or a group stakeholder pension scheme and it contains:
 - (a) a generic projection which is prepared in accordance with ■ COBS 13 Annex 2 paragraph 1.3 and based on a default fund or other commonly selected fund;
 - (b) an effect of charges table calculated in accordance with ■ COBS 13 Annex 4 R paragraph 2 and contains additional rows that show a range of typical periods to retirement age; and
 - (c) reduction in yield information which is calculated in accordance with ■ COBS 13 Annex 4 R paragraph 3.3(2) and combines the product charge and, if applicable, the consultancy charge.

13.4.3 G

A generic key features illustration is unlikely to be sufficient to enable a retail client to make an informed decision about whether to invest if the premium or investment returns on the product will be materially affected by the personal characteristics of the investor.

13.4.4

There is no requirement under ■ COBS 13.4.1 R to include a projection in a key features illustration:

- (1) for a single premium life policy bought as a pure investment product, a product with benefits that do not depend on future investment returns or any other product if it is reasonable to believe that a retail client will not need one to be able to make an informed decision about whether to invest; or
- (2) if the product is a life policy that will be held in a CTF or sold with basic advice (unless the policy is a stakeholder pension scheme); or
- (3) if a retail client proposes to withdraw the funds in full from their, personal pension schemestakeholder pension scheme or drawdown pension reducing the value of their rights to zero.

- 13.4.4A
- R

Where COBS 13.4.4R(3) applies, if a retail client subsequently does not withdraw the funds in full from their personal pension scheme, stakeholder pension scheme or drawdown pension reducing their rights to zero, the firm must provide the client with a standardised deterministic projection.

13.4.5 G

Although there may be no obligation to include a *projection* in a *key features illustration*, where a *firm* chooses to include one, the *projection* should:

- (1) Comply with the requirements in this section unless the *projection* relates to an investment that is a *financial instrument*.
- (2) Where the *projection* relates to a *financial instrument*, the *firm* should comply with either:
 - (a) the requirements in article 44(6) of the MiFID Org Regulation (see COBS 4.5A.14UK) where the firm is carrying on MiFID, equivalent third country or optional exemption business); or
 - (b) the requirements in COBS 4.6.7R where the *firm* is not carrying on *MiFID*, equivalent third country or optional exemption business.

Summary key information for income withdrawal or lump sum withdrawal

- 13.4.6 G
- The purpose of the summary key information is to present the main information from the *key features illustration* to assist a *retail client* to understand and engage with their chosen *income withdrawal* or *uncrystallised funds pension lump sum* arrangement.
- 13.4.7 R
- (1) The summary key information is:
 - (a) the value of the crystallised and uncrystallised funds in the *retail* client's personal pension scheme;
 - (b) the value of the pension commencement lump sum, if applicable;
 - (c) the projected value of the retail client's personal pension scheme or stakeholder pension scheme 5 and 10 years after the date of withdrawal;
 - (d) reduction in yield information prepared in real terms in accordance with COBS 13 Annex 3 3R or COBS 13 Annex 4 3R and presented as A% or D% accordingly;
 - (e) the retail client's age when their funds are projected to reduce to zero (if relevant);
 - (f) first year charges expressed in cash terms and determined in accordance with (2);
 - (g) if applicable, the following information about the *income* withdrawal or uncrystallised funds pension lump sum arrangement offered:
 - (i) an assumed start date;
 - (ii) for one-off payments, the withdrawal figure and date of withdrawal; and
 - (iii) if the *retail client* has chosen to take regular withdrawals or *uncrystallised funds pension lump sum* payments, the value of those withdrawals on an annual basis.

13.4.9

R

- (2) The first-year charges must be determined on the basis of the level of charges that the retail client would be expected to pay in the first year in accordance with the *firm's* charging structure before any promotional discount or reduction is applied, and:
 - (a) where the effect of charges table has been prepared in accordance with ■ COBS 13 Annex 3 2.2R(2), using the amount representing the "effect of deductions to date" for the first year of the projection; or
 - (b) where the effect of charges table has been prepared in accordance with ■ COBS 13 Annex 4 2.2R, using the amount representing the difference between the values of "before charges are taken" and "after all charges are taken from this plan' for the first year of the projection.
- G 13.4.8 Charges information should be presented as prominently as any other information in the summary key information.

Presentation of summary key information

- (1) The summary key information must:
 - (a) be on the front page of the key features illustration or key features document (where ■ COBS 13.1.3R(3)(c) applies);
 - (b) not exceed a single side of A4-sized paper when printed; and
 - (c) include the 'Key facts' logo in a prominent position at the top of the document.
- (2) The requirement in (1)(b) does not apply if a retail client asks for summary key information to be provided in an accessible format and the fulfilment of that request will necessitate the use of more than a single side of A4-sized paper.

13.5 Preparing product information: other projections

Projections for in-force products

- 13.5.1 R
- A firm that communicates a projection for an in-force packaged product which is not a financial instrument:
 - (1) must include a standardised deterministic projection;
 - (2) may also include a *stochastic projection* except that the most prominent *projection* must be a *standardised deterministic projection*; and

must follow the *projection rules* in ■ COBS 13 Annex 2.

- 13.5.1A R
- The requirement in COBS 13.5.1R does not apply where a retail client proposes to withdraw the funds in full from their personal pension scheme, stakeholder pension scheme or drawdown pension reducing the value of their rights to zero.

Projections: other situations

- 13.5.2 R
- (1) A firm that communicates a projection for a packaged product which falls within (2) must ensure that the projection is either a standardised deterministic projection or a stochastic projection in accordance with COBS 13 Annex 2.
- (2) This rule applies to a packaged product which is:
 - (a) not a financial instrument or an in-force packaged product; and
 - (b) either:
 - (i) a non-PRIIP packaged product for which a key features illustration is not required to be provided; or
 - (ii) a PRIIP where the projection is not in the key information document.
- 13.5.2A
- The requirement in COBS 13.5.2R does not apply where a *retail client* elects to withdraw the funds in full from their *personal pension scheme* or *stakeholder pension scheme* or *drawdown pension* reducing the value of their rights to zero.
- 13.5.2B G
- Where a *firm* communicates a *projection* for a *packaged product* that is a *financial instrument*, the following future performance requirements are likely to apply:

- (1) article 44(6) of the MiFID Org Regulation (see COBS 4.5A.14UK) where the firm is carrying on MiFID, equivalent third country or optional exemption business; or
- (2) COBS 4.6.7R where the firm is not carrying on MiFID, equivalent third country or optional exemption business.

Exceptions to the projection rules: projections for more than one product

13.5.3 R A firm that communicates a projection of benefits for a packaged product which is not a *financial instrument*, as part of a combined *projection* where other benefits being projected include those for a *financial instrument* or structured deposit, is not required to comply with the projection rules in ■ COBS 13.4, ■ COBS 13.5 and ■ COBS 13 Annex 2 to the extent that the combined projection complies with the future performance requirements in either:

- (1) article 44(6) of the MiFID Org Regulation (see COBS 4.5A.14UK) where the firm is carrying on MiFID, equivalent third country or optional exemption business; or
- (2) COBS 4.6.7R where the firm is not carrying on MiFID, equivalent third country or optional exemption business.

13.5.4

The general requirement that communications be fair, clear and not misleading will nevertheless mean that a firm that elects to comply with the future performance rule in ■ COBS 4.6.7 R, or, if applicable, the requirement in article 44(6) of the MiFID Org Regulation (see ■ COBS 4.5A.14UK), will need to explain how the combined projection differs from other information that has been or could be provided to the client, including a projection provided under the *projection rules* in ■ COBS 13.4, ■ COBS 13.5 and ■ COBS 13 Annex 2. In particular, the firm should identify where a projection in real terms is required under ■ COBS 13.

COBS 13/14

13.6 Preparing product information: adviser and consultancy charges

- A firm that agrees to facilitate the payment of an adviser charge or consultancy charge, or an increase in such a charge, from a new or in-force packaged product, must prepare sufficient information for the retail client to be able to understand the likely effect of that facilitation, in good time before it takes effect.
- Where a firm agrees to facilitate the payment of an adviser charge or consultancy charge for a new non-PRIIP packaged product, it will satisfy the rule in COBS 13.6.1R by including the appropriate charges information in the key features illustration.

Projections

- 1 Calculating standardised deterministic projections
- 1.1 A standardised deterministic projection must:
 - (1) include a projection of benefits at the lower, intermediate and higher rates of return;
 - (2) be rounded down; and
 - (3) show no more than three significant figures.

R

- 1.2 Calculating projections: additional requirements for a personal pension scheme and stakeholder pension scheme
- (1) A standardised deterministic projection must be in real terms and be accompanied by information explaining why price inflation has been taken into account and that price inflation reduces the worth of all savings and investments.
- (2) A standardised deterministic projection in real terms must be calculated using:
 - (a) the appropriate *lower, intermediate* and *higher rates of return*;
 - (b) the intermediate rate of price inflation, in accordance with COBS 13 Annex 2 2.5R: and
 - (c) an annuity calculated in accordance with COBS 13 Annex 2 3.1R.
- (3) The standardised deterministic projection must show only the numeric value of the three real rates of return after the appropriate price inflation assumption has been taken into account, that is, the real rate of projected growth which has been applied to the real value of the contributions.

G

- 1.2A A firm may provide a retail client with a projection in nominal terms:
 - (1) of their fund or *pension commencement lump sum* for planning purposes (for example for a pension mortgage); or
 - (2) of a pension commencement lump sum or income withdrawal or uncrystallised funds pension lump sum if the retail client requests it,

if the *projection* is prepared in a way which is consistent with the *standardised deterministic* projection.

R

1.3 (1) If a generic projection is prepared for a stakeholder pension scheme or personal pension scheme in circumstances where a generic key features illustration is permitted under COBS 13.4.2 R, sufficient separate projections, covering a range of different contractual periods and contributions, must be included for a retail client to be able to make an informed decision about whether to invest.

information

(2)A projection prepared on that basis may omit projections at the lower and higher rates of return and only show a range of benefits in real terms at the intermediate rate of return.

G

1.4 A firm will provide sufficient separate projections if it prepares a table that shows projections in real terms for a variety of periods to maturity and a variety of contribution levels, taking into account the charges and other material terms that apply to the stakeholder pension scheme or personal pension scheme. Such a table could be laid out like a specimen benefits table (see COBS 13 Annex 2 1.8).

R

Providing a stochastic projection

- 1.5 A stochastic projection may only be provided if:
- (1) [deleted]
- (2)[deleted]

[deleted]

(3)

[deleted]

- (4)it is based on a reasonable number of simulations and assumptions which are reasonable and supported by objective data;
- (5) it is accompanied by enough information for the retail client to be able to understand the difference between the stochastic projection and the standardised deterministic projection being provided; and
- (6)it is presented in real terms where the accompanying standardised deterministic projection is required to be in real terms.

1.6 [deleted]

R

Exceptions

1.7

A projection for an in-force product that will mature in six months or less may be prepared and presented on any reasonable basis.

If a projection is prepared in connection with an offer for or conclusion of a personal pension scheme, three different rates of return must be used.

[Note: article 185(5) of the Solvency II Directive]

R

In the case of a stakeholder pension scheme in circumstances where a generic key features il-1.8 lustration is permitted under COBS 13.4.2R, the specimen benefits table, contained within the "Stakeholder pension decision tree" factsheet available on https://www.moneyhelper.org.uk and headed "Pension Table...How much should I save towards a pension?" which sets out initial monthly pension amounts, may be used instead of a standardised deterministic projection but only if it is accompanied by an explanation of the caveats and assumptions behind the table.

R

- 1.9 The rules in this Annex do not apply to:
 - (1)a projection for an in force product which is consistent with the statutory money purchase illustration requirements; and
 - (2)a safeguarded-flexible benefits risk warning.

R

(4)

Assumptions: contributions

2.2 A standardised deterministic projection must:

A contract that is not in (1) or (2) or (3)

- (1) take account of all contributions due during the projection period;
- be calculated on the basis that contributions are accumulated, net of *charges*, at the appropriate rate of return compounded on an annual basis;

date

- (3) (if it includes assumptions about contribution increases in line with an index) be based on an assumption that contribution increases are consistent with any assumptions regarding that index in this annex; and
- (4) deduct from contributions any rider benefits or extra *premium* which may be charged for an increased underwriting risk.

R

Assumptions: rates of return

2.3 A standardised deterministic projection must be calculated as follows:

The tenth anniversary of the commencement

- (i) the intermediate rate of return must accurately reflect the investment potential of each of the product's underlying investment options;
- (iii) the lower and higher rates of return must maintain a differential of 3% relative to the intermediate rate of return; and
- the rates of return for each underlying investment option must not exceed the follow-(iii) ing maximum rates:

Nominal rates Lower rate Inter-mediate rate Higher rate tax-exempt business held in a 5% 8% 2% wrapper or by a friendly society personal pension schemes, stakeholder pension schemes

and investment-linked annuities

all other products 41/2% 71/2% 11/2%

Exceptions

- 2.4 A standardised deterministic projection:
- (1) [deleted]
- (2)may be calculated using a lower rate of return if a retail client requests it; and
- (3)where there is a contractual obligation to provide a minimum rate of return that exceeds any one or more of the lower, intermediate or higher rates of return, the standardised deterministic projection must be calculated by substituting the obligated rate of return for the lower, intermediate or higher rate of return, as appropriate.

R

Assumptions: inflation

2.5 If inflation is taken into account, the standardised deterministic projection must be calculated using the following rates:

Lower rate Inter-mediate rate Higher rate 0.00% 2.00% 4.00% Price inflation Ear-≥1.5% ≥3.5% ≥5.5% nings inflation

2.5A R If inflation is taken into account, and the level of future contributions, charges or benefits is linked to RPI, the standardised deterministic projection must be calculated using the following rates in respect of those future contributions, charges or benefits:

Inter-mediate rate Lower rate Higher rate RPI price 1.00% 3.00% 5.00% inflation

R

Assumptions: charges

- The charges allowed for in a standardised deterministic projection: 2.6
- must properly reflect: (1)
 - all of the charges, expenses and deductions a client will, or may expect to be taken (a) after investment into the product;

- (b) the tax relief available to the *firm* in respect of so much of the *firm*'s gross expenses as can properly be attributed to the contract; and
- (c) the fact that certain *charges* will be fully or partially off-set, but only to the extent that the *firm* can show that the off-set funds will be available when the relevant *charges* arise; and
- (2) must not include the firm's dealing costs incurred on the underlying portfolio; and
- (3) must include the retained interest *charges* specified in COBS 13 Annex 3 1.1R(4) or COBS 13 Annex 4 1.1R(4), where relevant.

G

- 2.7 (1) Development and capital costs should normally be written off in the year in which they are incurred. However, some costs (for example, exceptional new business expenses) may be amortised and previous years' costs may then be brought into account.
 - (2) If it is reasonable to assume that higher expenses will be incurred in the future, appropriate allowances should be made, and any inflation assumptions should be consistent with those prescribed in these rules.
 - (3) Expenses should be apportioned appropriately between products so that scales of expenses can be calculated and applied.
 - (4) Where appropriate, mortality and morbidity should be allowed for on a best estimate basis. The basis for annuities should allow for future improvements in mortality.
 - (5) A projection should not assume that *charges* will fall over time to a rate that is lower than the rate currently being charged on the relevant product (or, if there is no such charge, on a similar product).
 - (6) A projection of surrender value, cash-in value or transfer value should take into account any specific current surrender value basis and penalties which may be applied.
 - (7) If a personal pension scheme is invested in assets that are volatile or difficult to value, the standardised deterministic projection should be prepared using the best available reasonable assumptions.
 - (8) The methodology for a projection including retained interest *charges* should:
 - (a) take account of any required minimum cash balances;
 - (b) be based on reasonable assumptions such that the overall charges in relation to the product and the investments are unlikely to be understated; and
 - (c) have regard to the overall level of retained interest *charges* across all relevant business.

R

Additional requirements: with-profits policies

- 2.8 (1) A standardised deterministic projection for a with-profits policy must properly reflect the deductions from asset share which a firm expects to make in accordance with its deductions plan.
 - (2) A standardised deterministic projection for a with-profits policy where bonus rates apply must assume that the bonus rates supported by the relevant premium and rate of return apply throughout the term of the contract.

R

Additional requirements: drawdown pensions and regular *uncrystallised funds pension lump sum* payments

- 2.9 (1) A standardised deterministic projection for a drawdown pension or regular uncrystallised funds pension lump sum payments must be based on the requirements contained in (2) to the extent that they impose additional or conflicting requirements to the balance of the rules in this section.
 - (2) A standardised deterministic projection for a drawdown pension or regular uncrystallised funds pension lump sum payments must include:

- (a) where relevant the maximum initial income specified in the tables published by the Government Actuaries Department for a drawdown pension;
- (b) the assumed level of income;
- for a short-term annuity, where subsequent short-term annuities are assumed, (c) a statement reflecting that fact;
- (under 'What the benefits might be' or similar heading, either: (d)
 - (i) the amount of income and the projected value of the fund at five yearly intervals to age 99 for the lower, intermediate and higher rate of return for as long as the fund is projected to exist (at the higher rate of return); or
 - (ii) a description of the income and a projection of the age at which the fund will cease to exist for the lower, intermediate and higher rate of return; and
- (e) [deleted]
- (f) the amount of annuity that could be secured using an immediate annuity rate available in the market.
- (3)A standardised deterministic projection for a drawdown pension or regular uncrystallised funds pension lump sum payments may also include the projected open market values and the amounts of annuity that might be purchased at some point in the future.
- (4)A standardised deterministic projection for a drawdown pension entered into before 6 April 2015 must, where relevant, be based on an assumption that the current gilt index yield will continue to apply throughout the relevant term.

- 3 How to calculate a projection for a future annuity
- 3.1 A projection for a future annuity must:
 - be calculated by rounding all factors to three decimal places before applying them to (1)the relevant retirement fund;
 - (2)use a mortality rate based on the year of birth rate derived from each of the Institute and Faculty of Actuaries' Continuous Mortality Investigation tables PMA16 and PFA16 and including mortality improvements derived from each of the male and female annual mortality projection models, in equal parts;
 - (3)[deleted]
 - (4)(for an annuity where two lives are concerned):
 - reflect the age difference between the two lives; or
 - be based on the assumption that the male life is three years older than the fe-(b) male (if the genders differ) or the two lives have the same age (if the genders are the same):
 - (5)include an expenses allowance of 4%;
 - (6) be based on the following rates of return as appropriate:

'ILG0' and 'ILG5' are the real yield on the FTSE Actuaries Government Securities Index-linked Real Yields over 5 years, assuming 0% and 5% inflation respectively, updated every 6 April to use the ILG0 and ILG5 which applied on or, if necessary, the *business day* immediately before, the preceding 15 February; and

- (8) be assumed to be payable monthly in advance with a guaranteed period of 5 years, unless it is unreasonable to do so.

- 3.3 A projection for an annuity with a *quaranteed annuity rate* must:
 - (1) show an additional projection of the income that could be provided where that *guaranteed annuity rate* provides higher rates of return than those otherwise shown; and
 - (2) calculate the income that could be provided on the basis of the rates in the *guaranteed annuity rate*, using a projection of the fund calculated using the *intermediate rate of return*.

G

- 3.4 When providing an additional projection for an annuity with a *guaranteed annuity rate*, a *firm* should:
 - (1) [deleted]
 - (2) take account of multiple *guaranteed annuity rates* on the fund or non-guaranteed elements of the fund on a proportionate basis; and
 - (3) provide an explanation of the key restrictions which may apply when the *guaranteed* annuity rate is taken up, particularly where these differ from the other projections shown.

R

- 3.2 A *projection* for a future annuity:
 - (1) must be calculated using lower rates of return, if the rates described in this section overstate the investment potential of the product;
 - (2) may be calculated using a lower rate of return if a retail client requests it.
- 4 [deleted]

R

- 5 Projections: accompanying statements and presentation
- 5.1 A standardised deterministic projection must be accompanied by:
 - appropriate risk warnings, including warnings about volatility and the impact of inflation and that the product may pay back less than paid in (if that could be the case), and the degree to which any figures can be relied upon; and
 - (2) a statement:
 - (a) [deleted]
 - (b) that charges may vary;
 - (c) of the contributions that have been assumed;
 - (d) that increases in contributions have been assumed (if that is the case), together with sufficient information for a retail client to be able to understand the nature and magnitude of the assumed increases;
 - of the sum of any actual premiums charged for any rider benefits or increased (e) underwriting risks (where these have been charged);
 - (f) (for personal pension schemes and stakeholder pension schemes) of the assumptions used to calculate the regular income and that the client may choose when to take this income (if that is the case); and
 - that the projection takes account of the existence of contractual obligations to (g) provide a minimum rate (if that is the case).

[Note: article 185(5) of the Solvency II Directive]

- 5.1A When presenting a standardised deterministic projection a firm must:
 - include a short introductory explanation of what the projection seeks to illustrate; (1)
 - use a descriptive heading such as 'What your regular income might be worth in fu-(2)ture or 'What might I get back from my plan?';
 - place the projection and the associated explanation adjacent to each other on the (3)same page; and
 - (4) explain that the client will be sent annual statements (if that is the case) which will allow them to keep track of their benefits.

Additional requirements: pension schemes and products linked to other products

A standardised deterministic projection for a product where the benefits illustrated depend 5.2 on a link to a separate product must include an appropriate description of the material factors that might influence the returns available overall and any restrictions assumed in providing an illustration of benefits in relation to that separate product.

Charges

- 1 Appropriate charges information
- 1.1 Appropriate charges information comprises:
 - (1) a description of the nature and amount of the *charges* (including, where applicable, any retained interest *charges* under (4), below) a *client* will or may be expected to bear in relation to the product and, if applicable, any investments within the product; and
 - (b) if applicable, a description of the nature and amount of the *adviser charges* a *retail client* has agreed may be taken, including whether it is taken before or after investment into the product;
 - (2) an 'effect of charges' table;
 - (3) 'reduction in yield' information; and
 - (4) in relation to a *personal pension scheme*, the amounts (or if the amounts cannot be given, the formula by which the amounts can be calculated) of the *charges*, if any, which a *personal pension scheme operator* or *pension scheme* trustee will receive as retained interest in relation to money held within the *personal pension scheme*.
- 1.2 Where a *firm* does not include a *projection* within its *key features illustration* the charges information can be on a generic basis.
- 1.2A The information described in 1.1(4) must be disclosed alongside information about any other charges the client will be expected to bear, and information about any interest that will be paid to clients on money held within a personal pension scheme bank account.

Exceptions

- 1.3 An effect of charges table and reduction in yield information are not required for:
 - (1) a *life policy* without a *surrender value*, but an appropriate warning must be included to make it clear that the *policy* has no cash-in value at any time;

 - (3) [deleted]
 - (4) a *stakeholder product* or a product that will be held in a *CTF* where the relevant product and the *CTF* levy their *charges* annually, if the following is included instead:

"There is an annual charge of y% of the value of the funds you accumulate. If your fund is valued at £250 throughout the year, this means we charge [£250 x y/100] that year. If your fund is valued at £500 throughout the year, this means we charge [£500 x y/100] that year. [After ten years these deductions reduce to [£250 x r/100] and [£500 x r/100] respectively.]"

where 'y' is the annual charge and 'r' is the reduced annual charge (if any); or

(5) a personal pension scheme, stakeholder pension scheme or drawdown pension where the client elects to withdraw their funds in full, reducing the value of their rights to zero.

- Where 1.3(5) applies, if a client subsequently does not withdraw the funds in full from their 1.3A personal pension scheme, stakeholder pension scheme or drawdown pension reducing their rights to zero, the firm must provide the client with an 'effect of charges' table and 'reduction in yield' information.
- Reduction in yield information is not required for a without profits life policy with guaran-1.4 teed benefits (except on surrender or variation), a life policy with a term not exceeding five years or a life policy that will be held in a CTF.

14.2.1-A G

If a retail client is invested in a pathway investment and makes a request falling within ■ COBS 14.2.1R(3B) or ■ (3E), but which is clearly incompatible with the investment pathway option selected by the client under ■ COBS 19.10.17R(1), this should be brought to the client's attention.

14.2.1-B R

For the purpose of ■ COBS 14.2.1R(7A), in relation to a *unit* in a *scheme* which is an *OFR recognised scheme*, the specified *documents* and information are as follows:

- (1) Where the scheme is an EEA UCITS scheme, the firm must provide a copy of the scheme's EEA key investor information document to that client.
- (2) Where the *client* is a *retail client*, the *firm* must provide separately (unless already provided):
 - (a) the information required by COBS 13.3.1R(2)(a) and (b) (General requirements);

 - (c) information that clearly explains:
 - (i) whether the *Financial Ombudsman Service* is likely to be able to consider *complaints* against the *scheme*, its *operator* or its *depositary*; and
 - (ii) what arrangements, if any, exist that would enable investors in the *United Kingdom* to have a complaint against the

- scheme, its operator or its depositary considered by an alternative dispute resolution mechanism in the relevant Home State:
- (iii) that the activities of the scheme's operator and its depositary are unlikely to be covered by the compensation scheme and investors might not be protected under the regulatory system if either *person* should become unable to meet its liabilities to them: and
- (iv) what arrangements, if any, exist in the Home State(s) of the scheme's operator or its depositary for the payment of compensation to investors in the *United Kingdom* if either person should become unable to meet its liabilities to them.

14.2.1-C

A firm should consider including further information likely to be useful to investors (including the information set out in ■ COLL 9.5.7G(2)). Where the documents and information specified in ■ COBS 14.2.1-BR are provided electronically, such information could be provided in the document itself or via a hyperlink to a website or another document.

14.2.1A

- R
- (1) This rule applies to:
 - (a) an authorised fund manager of a UCITS scheme or a KIIcompliant NURS that is either an authorised unit trust, authorised contractual scheme or an ICVC; and
 - (b) an ICVC that is a UCITS scheme or KII-compliant NURS.
- (2) An authorised fund manager and an ICVC in (1) that sells units in a UCITS scheme or a KII-compliant NURS directly, or through another natural or legal person who acts on its behalf and under its full and unconditional responsibility, must ensure that investors are provided with the key investor information document for the UCITS scheme or the NURS-KII document for the KII-compliant NURS.
- (3) An authorised fund manager and an ICVC in (1) that does not sell units in a UCITS scheme or a KII-compliant NURS directly, or through another natural or legal person who acts on its behalf and under its full and unconditional responsibility, must ensure that the key investor information document for the UCITS scheme or the NURS-KII document for the KII-compliant NURS is provided on request to product manufacturers and intermediaries selling, or advising investors on, potential investments in those UCITS schemes or KIIcompliant NURS or in products offering exposure to them.
- (4) The key investor information document or the NURS-KII document must be provided to investors free of charge.
- (5) An authorised fund manager and an ICVC in (1) may, instead of providing the key investor information document or NURS-KII document to investors in paper copy in accordance with (2), provide it in a durable medium other than paper or by means of a website that meets the website conditions, in which case the authorised fund manager and ICVC must:
 - (a) deliver a paper copy of the key investor information document or NURS-KII document to the investor on request and free of charge; and

(b) make available an up-to-date version of the *key investor* information document or *NURS-KII document* to investors on the website of the *ICVC* or authorised fund manager.

Provision of a generic key features illustration

When the *rules* in this chapter require the offer or provision of a *key* features illustration, a firm may provide a generic key features illustration if that generic key features illustration has been prepared in accordance with COBS 13.4.2 R.

Provision of information: other requirements

- A firm that arranges to facilitate the payment of an adviser charge or consultancy charge, or an increase in such a charge from an in-force packaged product, must provide to the retail client sufficient information for the retail client to be able to understand the likely effect of that facilitation.
- Where a firm arranges to facilitate the payment of an adviser charge or consultancy charge for a new non-PRIIP packaged product, the information required by COBS 14.2.1CR should be included in the key features illustration.
- The documents or information required to be provided or offered by

 COBS 14.2.1 R and COBS 14.2.1 C R must be in a durable medium or made available on a website (where that does not constitute a durable medium) that meets the website conditions.
- (1) A firm that personally recommends that a retail client holds a particular asset in a SIPP must provide that client with sufficient information for the client to be able to make an informed decision about whether to buy or invest.
 - (2) This *rule* does not apply if the asset is described in COBS 14.2.1 R.

Firm not to cause confusion about the identity of the producer of a product

When a *firm* provides a *document* or information in accordance with the *rules* in this section, it must not do anything that might reasonably cause a *retail client* to be mistaken about the identity of the *firm* that has produced, or will produce, the product.

Exception to the provision rules: key features documents and key investor information documents

- 14.2.5 R A firm is not required to provide:
 - (1) a *document*, if the *firm* produces the product and the *rules* in this section require another *firm* to provide the document;
 - (2) [deleted]

- (3) [deleted]
- (4) [deleted]

[Note: in respect of (3), article 185(8) of the Solvency II Directive]

Exception: key features illustrations

14.2.6 A firm is not required to provide a key features illustration for a product if the information that would have been included in that illustration is included in the key features document provided to the client.

R 14.2.6A A firm is not required to provide a key features illustration in relation to a pension annuity if the firm provides the information required by ■ COBS 19.9 (Pension annuity comparison information).

Exception to the provision rules: key features documents and key features illustrations

- 14.2.7 R A firm is not required to provide a key features document or a key features illustration for:
 - (1) [deleted]
 - (2) a life policy if:
 - (a) [deleted]
 - (b) the client is habitually resident outside the United Kingdom and the sale is not by distance contract.
 - (3) a traded life policy; or
 - (4) an interest in an investment trust savings scheme.

[Note: in respect of (2), articles 4(1) and 16 of the Distance Marketing Directive and article 185 of the Solvency II Directive]

Exception to the provision rules: key features documents and key features illustrations

- 14.2.8 A firm is not required to provide a key features document or a key features illustration. if:
 - (1) the *client* is buying or investing in response to a *direct offer financial* promotion without receiving a personal recommendation to buy or invest; and
 - (2) the firm provides materially the same information in some other way.

Exception to the provision rules: key features documents, key features illustrations, key investor information documents and NURS-KII documents

14.2.9 A firm is not required to provide a key features document or a key features illustration if:

> (1) the *client* is habitually resident outside the *United Kingdom* and not present in the United Kingdom when the relevant application is signed; or

- (2) the purchase is by a discretionary investment manager on behalf of a retail client; or
- (3) the sale is arranged or personally recommended by an investment manager and the client has agreed that a key features document is not required.
- (4) [deleted]

14.2.9A R

For the purposes of the provision rules in relation to a key investor information document or a NURS-KII document, a firm:

- (1) may satisfy the requirement to provide the document to the investor by providing it to a *person* who has written authority to make investment decisions on that investor's behalf; and
- (2) is not required to consider as a new transaction:
 - (a) a subscription to *units* in a *UCITS scheme*, an *EEA UCITS scheme* or a *KII-compliant NURS* in which the *client* already holds *units*; or
 - (b) a series of connected transactions undertaken as the consequence of a single investment decision; or
 - (c) a decision by the *client* to switch from one class of *units* to another in the same *scheme*;

if an up-to-date version of the *key investor information* document or *NURS-KII document* for the *scheme* or the relevant class of *units* has already been provided to that *client*.

[Note: article 80 of the UCITS Directive]

14.2.10 G

- (1) [deleted]
- (2) The FCA would regard a decision to subscribe to a regular monthly savings plan as a single investment decision for the purpose of COBS 14.2.9AR (2)(a). However, a subsequent decision by the *client* to increase the amount of the regular contributions to be invested in *units* of a particular *scheme* or to direct the contributions to a different *scheme*, would in each case constitute a new transaction.

14.2.11 R [deleted]

Exception: successive operations

14.2.12 R

In the case of a *distance contract* comprising an initial service agreement, followed by successive operations or a series of separate operations of the same nature performed over time, the *rules* in this section only apply to the initial agreement.

14.2.13 R

If there is no initial service agreement but the successive operations or separate operations of the same nature performed over time are performed between the same contractual parties, the *rules* in this section only apply:

(1) when the first operation is performed; and

(2) if no operation of the same nature is performed for more than a year, when the next operation is performed (the next operation being deemed to be the first in a new series of operations).

The timing rules

14.2.14

When the *rules* in this section require a *firm* to:

- (1) [deleted]
- (2) provide a key features document or any other document or information to a *client*, the *document* or information must be provided free of charge and in good time before the firm carries on the relevant business; or
- (3) provide a key investor information document, EEA key investor information document or NURS-KII document to a client, it must be provided in good time before the *client's* proposed subscription for units in the scheme.

[Note: article 80 of the UCITS Directive]

Exception to the timing rules: child trust funds

14.2.15

R

A key features document for an HMRC allocated CTF must be provided as soon as reasonably possible after the CTF has been opened.

Exception to the timing rules: distance contracts and voice telephony communications

14.2.16

- (1) A firm may provide a document, or the information required to be provided by the rules in this section, in a durable medium immediately after the conclusion of a distance contract, if the contract has been concluded at a client's request using a means of distance communication that does not enable the document or information to be provided in that form in good time before the client is bound by the contract.
- (2) The exception in (1) does not apply in relation to the provision of an EEA key investor information document, a key investor information document or a NURS-KII document required to be provided under ■ COBS 14.2.1 R and ■ COBS 14.2.1A R.

14.2.17 R

- (1) Where the rules in this section require a document or information to be provided, in the case of a voice telephony communication, a firm must:
 - (a) if the *client* gives explicit consent to receiving only limited information, provide the abbreviated distance marketing disclosure information () orally to the client;
 - (b) if the *client* does not give explicit consent to only receiving limited information, and the parties wish to proceed by voice telephony communication, provide the distance marketing information () orally to the client;
 - (c) in the case of (a) or (b), send the documents or information to the client in a durable medium immediately after the contract is concluded.

COBS 14/10

Providing additional information to the client

14.2.18 G

- (1) A *firm* that provides the product information required by this section is not precluded from providing additional information to the *client* (for example, in order to assist the *client's* understanding of the proposed transaction).
- (2) When a *firm* provides additional information it should:
 - (a) ensure that the additional information does not disguise, diminish or obscure important information contained in the product information required by this section;
 - (b) consider whether any other *rules* or requirements in any *EU*-derived regulations apply to the communication of that additional information. For example, for marketing communications relating to a *UCITS scheme* see COBS 4.13.2 R; and
 - (c) have regard to the fair, clear and not misleading rule, the client's best interests rule and Principles 6 and 7.

14.3 Information about designated investments (non-MiFID provisions)

.....

Application

14.3.1

This section applies to a *firm* in relation to:

- (1) [deleted]
- (2) any of the following regulated activities when carried on for a retail client:
 - (a) making a personal recommendation about a designated investment; or
 - (b) managing investments that are designated investments (other than a P2P agreement); or
 - (c) arranging (bringing about) or executing a deal in a warrant, nonreadily realisable security speculative illiquid security, or derivative: or
 - (d) engaging in stock lending activity; or
 - (e) operating an electronic system in relation to lending, but only in relation to facilitating a person becoming a lender under a P2P agreement.

except to the extent that the carrying on of such a regulated activity constitutes MiFID, equivalent third country or optional exemption business.

- (3) Where a rule in this chapter applies to a firm which is arranging (bringing about) or executing a deal in a speculative illiquid security, the *rule* also applies to:
 - (a) a TP firm (to the extent that the rule does not already apply to such a TP firm as a result of ■ GEN 2.2.26R); and
 - (b) a Gibraltar-based firm (having the same meaning as in the Gibraltar Order) to the extent that the rule does not already apply to such a Gibraltar-based firm as a result of ■ GEN 2.3.1R).

14.3.1A

A firm carrying on MiFID, equivalent third country or optional exemption business should consider whether the requirements in articles 46 and 48 of the MiFID Org Regulation apply; see ■ COBS 14.3A (Information about financial instruments (MiFID provisions)).

COBS 14/12

Providing a description of the nature and risks of designated investments

14.3.2 R

A firm must provide a client with a general description of the nature and risks of designated investments, taking into account, in particular, the client's categorisation as a retail client or a professional client. That description must:

- (1) explain the nature of the specific type of designated investment concerned, as well as the risks particular to that specific type of designated investment, in sufficient detail to enable the client to take investment decisions on an informed basis; and
- (2) include, where relevant to the specific type of *designated investment* concerned and the status and level of knowledge of the *client*, the following elements:
 - (a) the risks associated with that type of *designated investment* including an explanation of leverage and its effects and the risk of losing the entire investment;
 - (b) the volatility of the price of *designated investments* and any limitations on the available market for such investments;
 - (c) the fact that an investor might assume, as a result of transactions in such *designated investments*, financial commitments and other additional obligations, including contingent liabilities, additional to the cost of acquiring the *designated investments*; and
 - (d) any margin requirements or similar obligations, applicable to designated investments of that type.

14.3.3 R

If a *firm* provides a *retail client* with information about a *designated investment* that is the subject of a current offer to the public and a prospectus has been published in connection with that offer in accordance with the *Prospectus Regulation*, that *firm* must inform the *retail client* where that prospectus is made available to the public.

14.3.4 R

Where the risks associated with a *designated investment* composed of two or more different *designated investments* or services are likely to be greater than the risks associated with any of the components, a *firm* must provide an adequate description of the components of that *designated investment* and the way in which its interaction increases the risks.

14.3.5 R

In the case of a *designated investment* that incorporates a guarantee by a third party, the information about the guarantee must include sufficient detail about the guarantor and the guarantee to enable the *retail client* to make a fair assessment of the guarantee.

Satisfying the provision rules

14.3.6 G [deleted]

14.3.7 G

Providing a key features document, key investor information document, EEA key investor information document or NURS-KII document may satisfy the requirements of the rules in this section.

- (2) a summary of the assumptions used in determining expected future default rates:
- (3) a description of how loan risk is assessed, including a description of the criteria that must be met by the borrower before the operator of the electronic system in relation to lending considers the borrower eligible for a P2P agreement;
- (4) where lenders have the choice to invest in specific P2P agreements, details of the creditworthiness assessment of the borrower carried out;
- (5) whether the P2P agreement benefits from any security and if so,
- (6) a fair description of the likely actual return, taking into account fees, default rates and taxation;
- (7) an explanation of how any tax liability for lenders arising from investment in P2P agreements would be calculated;
- (8) an explanation of the operator of the electronic system in relation to lending's procedure for dealing with a loan in late payment or default:
- (9) the procedure for a lender to access their money before the term of the P2P agreement has expired; and
- (10) an explanation of what would happen if the operator of the electronic system in relation to lending fails, including confirmation that there is no recourse to the Financial Services Compensation Scheme.

14.3.7B

G

When complying with the information requirements set out in this chapter and other parts of the FCA Handbook, firms advising on a P2P agreement or a P2P portfolio may also wish to consider providing to retail clients any other information that an operator of an electronic system in relation to lending must disclose in accordance with ■ COBS 18.12.

14.3.7C

G

Firms providing information to clients, and communicating information, about an innovative finance ISA should also have regard to the guidance in ■ COBS 4.5.9G.

Product information: form

14.3.8

The documents and information provided in accordance with the rules in this section must be in a durable medium or available on a website (where that does not constitute a durable medium) that meets the website conditions.

The timing rules

14.3.9

(1) The information to be provided in accordance with the *rules* in this section must be provided in good time before a *firm* carries on *designated investment business* with or for a *retail client*.

- (2) A *firm* may provide that information immediately after it begins to carry on that business if:
 - (a) the *firm* was unable to comply with (1) because, at the request of the *client*, the agreement was concluded using a means of distance communication which prevented the *firm* from complying with that *rule*; and
 - (b) in any case where the *rule* on voice telephony communications (■ COBS 5.1.12 R) does not otherwise apply, the *firm* complies with that *rule* as if the *client* was a *consumer*.

Keeping the client up-to-date

14.3.10 R

A *firm* must notify a *client* in good time about any material change to the information provided under the *rules* in this section which is relevant to a service that the *firm* is providing to that *client*. That notification must be given in a *durable medium* if the information to which it relates is given in a *durable medium*.

Information about UCITS schemes

14.3.11 R

If a firm provides a client with a key investor information document or EEA key investor information document that meets all of the requirements applying in relation to that document, it will have provided appropriate information for the purpose of the requirement to disclose information on:

 and
- (2) costs and associated charges (■ COBS 2.2.1R (1)(d) and COBS 6.1.9 R;

in relation to the costs and associated charges in respect of the *UCITS scheme* itself, including the exit and entry commissions.

 and
- (2) costs and associated charges (■ COBS 2.2.1R(1)(d) and COBS 6.1.9R);

in relation to the costs and associated charges for the KII-compliant NURS itself, including the exit and entry commissions.

Distributor disclosure requirements for UCITS or KII-compliant NURS

14.3.12 G A key investor information document and EEA key investor information document or a NURS-KII document provide sufficient information in relation to the costs and associated charges in respect of the UCITS or KII-compliant NURS itself. However, a firm distributing units in a UCITS or KII-compliant NURS should also inform a client about all of the other costs and associated charges related to the provision of its services in relation to units in the UCITS or KII-compliant NURS.

Information requests by authorised fund managers for liquidity management purposes

- 14.4.10 R
- If an *intermediate Unitholder* receives a reasonable request from an *authorised fund manager* for information relating to the beneficial owners of the *units* of a *scheme* that it operates which the *authorised fund manager* reasonably needs for the purposes of liquidity management, the *intermediate Unitholder* must provide that information to the *authorised fund manager* as soon as is reasonably practicable.
- - (1) a breakdown of the total number of *units* held by the *intermediate Unitholder* in each *scheme* to indicate the number of *units* attributable to individual beneficial owners; and
 - (2) information about the types of distribution channel which have been used to sell the *units* to the relevant beneficial owners.

14.4.12 In determining whether a request from an authorised fund manager is reasonable, an *intermediate Unitholder* may take into account the frequency with which such requests have been received from that authorised fund manager.

Lifetime ISA information

This Annex belongs to COBS 13.3.1R(3) and COBS 14.2.1R(4A). Information which comprises the following:

- 1 Features of a lifetime ISA
- 1.1 R An explanation to the retail client of the key features of a lifetime ISA, including:
 - (1) eligibility criteria to open and subscribe to a *lifetime ISA*;
 - (2) annual lifetime ISA subscription limits;
 - (3) tax treatment of qualifying investments held in a lifetime ISA;
 - (4) process for transferring a *lifetime ISA*;
 - (5) eligibility for the lifetime ISA government bonus; and
 - (6) the *lifetime ISA government withdrawal charge* and the circumstances in which this might be incurred.
- 1.2 R The explanation in COBS 14 Annex 1 1.1R(6) should include a warning that:
 - (1) the lifetime ISA government withdrawal charge recovers any lifetime ISA government bonus and any investment growth on that bonus plus an additional amount; and
 - (2) if the *lifetime ISA government withdrawal charge* is incurred, the *retail client* could receive back less than they paid in.
- 2 Additional factors for a retail client to consider when deciding whether to invest in a lifetime ISA
- 2.1 R An explanation to the *retail client* of:
 - (1) the different savings objectives for which the *lifetime ISA* is intended, being house purchase and/or saving for retirement, either in the alternative or in combination; and
 - (2) the types of qualifying investments which can be held in the *lifetime ISA* being sold by the *firm*.
- 2.2 R A warning that if a retail client saves in a lifetime ISA instead of enrolling in, or contributing to, a qualifying scheme, occupational pension scheme or personal pension scheme:
 - (1) the *retail client* may lose the benefit of contributions by an employer (if any) to that scheme; and
 - (2) the *retail client's* current and future entitlement to means tested benefits (if any) may be affected.
- 2.3 G The explanation in COBS 14 Annex 1 2.1R should:
 - (1) encourage a retail client to consider their lifetime ISA subscription level and choice of qualifying investment in relation to their savings objectives, their expected investment horizon and their financial circumstances as a whole, including other provision for retirement; and
 - inform the *retail client* that the factors in (1) may change over time and that the *retail client* should regularly review their *lifetime ISA* subscription and/or qualifying investments.
- 3 Example outcome of retirement saving by a retail client in a lifetime ISA
- 3.1 R A descriptive heading such as 'What a lifetime ISA might be worth at age 60?'

- 3.2 R A completed version of the table in COBS 14 Annex 1 3.5R. 3.3 R An explanation, positioned adjacent to this table on the same page, stating that:
 - (1) the table is designed to:
 - help the retail client understand what the value of a lifetime ISA (a) might be at age 60, depending on the age at which saving starts and assuming the maximum annual subscription at the beginning of each tax year up to age 50 and receipt of the lifetime ISA government bonus; and
 - provide information for a retail client who is saving for retirement (b) in a lifetime ISA and so may not be relevant to a retail client whose saving objective for a lifetime ISA is house purchase; and
 - (2) the estimated outcomes in Columns 4 and 5:
 - (a) are based on standardised rates of return which may not reflect:
 - actual or expected returns; or (i)
 - (ii) the retail client's choice of qualifying investment for a lifetime ISA (accompanied by an indication of how the retail client can access information relating to the qualifying investments which the retail client may purchase from the firm); and
 - (b) include the effect of *lifetime ISA charges* and inflation on estimated outcomes from a lifetime ISA; and
 - (3) Column 6 shows the effect of *lifetime ISA charges* and inflation on the returns from a lifetime ISA which the retail client can use to compare the lifetime ISA charges applicable to other lifetime ISAs and charges applicable to longer-term savings products.
- 3.4 R The explanations in COBS 14 Annex 1 3.3R(2) and COBS 14 Annex 1 3.3R(3) must include a statement that lifetime ISA charges taken into account in the table:
 - may vary over time; and (1)
 - (2)exclude any fee or charge:
 - payable by or on behalf of a retail client to a firm in relation to the provision of a personal recommendation by the firm in respect of the lifetime ISA; and
 - relating to the qualifying investments held in the lifetime ISA (in-(b) cluding in relation to the provision of a personal recommendation in respect of those investments).

- (1) Round all sterling amounts down to the nearest whole pound.
- (2) Complete Column 2 on the basis of:
 - (a) the *retail client* attaining each age listed in Column 1 in the tax year in respect of which the *retail client* is proposing to make a *life-time ISA* subscription; and
 - (b) a maximum annual *lifetime ISA* subscription being made on 6 April of that tax year and each subsequent tax year, up to and including the tax year in which the *retail client* would reach age 50 (based on each assumed age in (a)).
- (3) Complete Column 3 on the basis of:
 - (a) subscriptions as calculated in Column 2; and
 - (b) receipt by the retail client of the lifetime ISA government bonus on:
 - (i) 5 April 2018 for the tax year 2017/18 (where relevant); and
 - (ii) 6 April of each subsequent tax year, up to and including the tax year in which the *retail client* would reach age 50 (based on each assumed age in 2(a)).
- (4) Complete Columns 4 and 5 on the basis of:
 - (a) investment of the *retail client's* assumed subscriptions and the *life-time ISA government bonus*, as calculated for the purposes of Columns 2 and 3;
 - (b) (for Column 4) a nominal annual rate of return of 0%;
 - (c) (for Column 5) a nominal annual rate of return equal to the maximum intermediate rate of return 'x' given in COBS 13 Annex 2 2.3R; and
 - (d) the outcome in sterling in real terms:
 - (i) based on the nominal annual rate of return in the relevant column:
 - (ii) net of the intermediate rate of price inflation given in COBS 13 Annex 2 2.5R;
 - (iii) net of the effect of any lifetime ISA charges; and
 - (iv) compounded annually at the end of each tax year, up to and including the tax year in which the *retail client* would reach age 60 (based on each assumed age in 2(a)).
- (5) Complete Column 6 on the basis of a percentage rate 'y' (rounded to the nearest tenth of 1%), where 'y' is the annual rate of return which must be applied to each amount shown in Column 3 and compounded annually over the relevant period to achieve the sterling amount shown in Column 5.
- 4 Projections
- 4.1 R Where a *firm* chooses to provide a *projection*, including a *personal projection*, in relation to investing in a *lifetime ISA* in addition to the information in COBS 14 Annex 1 3 (Example outcome of retirement saving by a retail client in a lifetime ISA), a *firm* must ensure that:
 - (1) the information in COBS 14 Annex 1 3 is displayed at least as prominently as the *projection*;
 - (2) where a firm that communicates a projection for a lifetime ISA in relation to its MiFID or equivalent third country business, the projection complies with the future performance requirements in article 44(6) of the MiFID Org Regulation (see COBS 4.5A.14UK); and

COBS 14: Providing product information to clients

- (3) where a firm that communicates a projection for a lifetime ISA which is not in relation to its MiFID or equivalent third country business, the projection must be either a standardised deterministic projection or a stochastic projection in accordance with COBS 13 Annex 2.
- Qualifying investments 5
- 5.1 The information which a firm provides to a retail client in accordance with this Annex is intended to inform the retail client about the implications of that retail client saving and/or investing in a lifetime ISA (as opposed to saving and/or investing outside a wrapper or in a different wrapper or pension wrapper). A firm must still take into account and comply with any other requirements of this sourcebook in connection with the sale by the firm of qualifying investments to be held in a lifetime ISA.

Chapter 15

Cancellation

15.1 Application

- 15.1.1 This chapter is relevant to a firm that enters into a contract cancellable under this chapter. In summary, this means it is relevant to:
 - (1) most providers of retail financial products that are based on designated investments; and
 - (2) firms that enter into distance contracts with consumers that relate to designated investment business; and
 - (3) firms that enter into distance contracts the making or performance of which by the firm constitutes, or is part of, the activity of issuing electronic money.

Definitions

15.1.2 R

In this section:

- (a) "pension transfer" means a transaction, resulting from the decision of a retail client who is an individual to require a transfer payment of benefits from a pension scheme to:
 - (i) benefits under a non-occupational pension scheme; or
 - (ii) (for transfers from a non-occupational pension scheme) benefits under a defined contribution occupational pension scheme;
- (b) "non-occupational pension scheme" means a stakeholder pension scheme, a personal pension scheme or a deferred annuity contract; and
- (c) "pension scheme" means an occupational pension scheme or a nonoccupational pension scheme.

15.2.2 G

- (1) If the same transaction attracts more than one right to cancel, the firm should apply the longest cancellation period applicable.
- (2) A firm may provide longer or additional cancellation rights voluntarily, but if it does these should be on terms at least as favourable to the consumer as those in this chapter, unless the differences are clearly explained.
- (3) If the right to cancel applies to a wrapper or pension wrapper and underlying investments, the firm may give the consumer the option of cancelling individual components separately if it wishes.

Start of cancellation period

15.2.3 R

The cancellation period begins:

- (1) either from the day of the conclusion of the contract, except in respect of contracts relating to life policies where the time limit will begin from the time when the *consumer* is informed that the contract has been concluded: or
- (2) from the day on which the consumer receives the contractual terms and conditions and any other pre-contractual information required under this sourcebook or the PRIIPs Regulation, if that is later than the date referred to above.

[Note: article186 of the Solvency II Directive and article 6(1) of the Distance Marketing Directive]

15.2.4

If a firm does not give a consumer the required information about the right to cancel and other matters, the contract remains cancellable and the consumer will not be liable for any shortfall.

Disclosing a right to cancel or withdraw

15.2.5 R

- (1) The firm must disclose to the consumer:
 - (a) in good time before or, if that is not possible, immediately after the *consumer* is bound by a contract that attracts a right to cancel or withdraw; and
 - (b) in a durable medium;

the existence of the right to cancel or withdraw, its duration and the conditions for exercising it including information on the amount which the *consumer* may be required to pay, the consequences of not exercising it and practical instructions for exercising it indicating the address to which the notification of cancellation or withdrawal should be sent.

- (1A) If the *firm* offers to facilitate, directly or through a third party, the payment of *adviser charges* or *consultancy charges*, it must disclose to the *consumer* at the same time as it makes the disclosure in (1):
 - (a) whether any refund will include an *adviser charge* or *consultancy charge*; and
 - (b) that the *consumer* may be liable to pay any outstanding *adviser* charges or *consultancy charges*.
 - (2) This *rule* applies only where a *consumer* would not otherwise receive similar information under a *rule* in this sourcebook or in a *key information document* from the *firm* or another *authorised person* (such as under the distance marketing disclosure rules (■ COBS 5.1.1 R to 5.1.4 R), COBS 14 (Providing product information) or the *PRIIPs Regulation*).

■ Release 42 • Dec 2024

15.3 **Exercising a right to cancel**

Notice of exercise

15.3.1

If a consumer exercises his right to cancel he must, before the expiry of the relevant deadline, notify this following the practical instructions given to him. The deadline shall be deemed to have been observed if the notification, if in a durable medium available and accessible to the recipient, is dispatched before the deadline expires.

[Note: article 6 (6) of the Distance Marketing Directive]

15.3.2 A consumer need not give any reason for exercising his right to cancel.

[Note: article 6(1) of the Distance Marketing Directive]

15.3.3 The firm should accept any indication that the consumer wishes to cancel as long as it satisfies the conditions for notification. In the event of any dispute, unless there is clear written evidence to the contrary, the firm should treat the date cited by the consumer as the date when the notification was dispatched.

Record keeping

15.3.4

The firm must make adequate records concerning the exercise of a right to cancel or withdraw and retain them:

- (1) indefinitely in relation to a pension transfer, pension opt-out or FSAVC;
- (2) for at least five years in relation to a life policy, pension contract, personal pension scheme, stakeholder pension scheme or lifetime ISA; and
- (3) for at least three years in any other case.

15.4 Effects of cancellation

Termination of contract

15.4.1 R By exc

By exercising a right to cancel, the *consumer* withdraws from the contract and the contract is terminated.

Payment for the service provided before cancellation

15.4.2 R

- (1) This rule applies in relation to a distance contract that is not a life policy, personal pension scheme, cash deposit ISA, cash-only lifetime ISA or CTF.
- (2) When the *consumer* exercises their right to cancel they may be required to pay, without any undue delay, for the service actually provided by the *firm* in accordance with the contract. The performance of the contract may only begin after the *consumer* has given their approval. The amount payable must not:
 - (a) exceed an amount which is in proportion to the extent of the service already provided in comparison with the full coverage of the contract; and
 - (b) in any case be such that it could be construed as a penalty.
- (3) The *firm* may not require the *consumer* to pay any amount on the basis of this *rule* unless it can prove that the *consumer* was duly informed about the amount payable, in conformity with the distance marketing disclosure rules. However, in no case may the *firm* require such payment if it has commenced the performance of the contract before the expiry of the cancellation period without the *consumer*'s prior request.

[Note: article 7(1), (2) and (3) of the Distance Marketing Directive]

Shortfall

15.4.3 R

- (1) The *firm* may require the *consumer* to pay for any loss under a contract caused by market movements that the *firm* would reasonably incur in cancelling it. The period for calculating the loss shall end on the day on which the *firm* receives the notification of cancellation.
- (2) This rule:
 - (a) does not apply for a *distance contract* or for a contract established on a regular or recurring premium or payment basis; and
 - (b) only applies if the *firm* has complied with its obligations to disclose information concerning the right to cancel.

.....

Obligations on cancellation

The firm must, without any undue delay and no later than within 30 15.4.4 calendar days, return to the consumer any sums it has received from him in accordance with the contract, except for any amount that the consumer may be required to pay under this section. This period shall begin from the day on which the firm receives the notification of cancellation.

[Note: article 7(4) of the Distance Marketing Directive]

15.4.5 R The firm is entitled to receive from the consumer any sums and/or property he has received from the firm without any undue delay and no later than within 30 calendar days. This period shall begin from the day on which the consumer dispatches the notification of cancellation.

[Note: article 7(5) of the Distance Marketing Directive]

15.4.6 R Any sums payable under this section on cancellation of a contract are owed as simple contract debts and may be set off against each other.

15.5 Special situations

Contracts with trustees and operators of pension schemes

15.5.1 R

In this chapter:

- (1) references to a consumer include the trustees of an occupational pension scheme and the trustees or operator of a personal pension scheme or stakeholder pension scheme; and
- (2) any contract with such *persons* is to be treated as a non-*distance* contract.

Other legislation including for child trust funds and automatic enrolment into pensions

- 15.5.2 R This chapter applies as modified to the extent necessary for it to be compatible with any enactment.
- **15.5.3 G** For example:
 - (1) the Child Trust Fund Regulations contain provisions relevant to cancellation rights; in particular they provide that any uninvested sums held in connection with a CTF should be held in a designated bank account; and the effect of conditions 4(a) and (b) in regulation 5 of the Child Trust Fund Regulations (applicable to non-HMRC allocated CTF) is that a CTF opened by way of distance contract has a cancellable management agreement in all cases and the CTF cannot be opened until the cancellation period has expired, therefore the price fluctuation exemption is not engaged;
 - (2) where legislation does not permit sums within a *personal pension* scheme or CTF to be returned to a consumer, the requirement to do so on cancellation is modified to permit payment to another provider on behalf of the consumer; the firm should notify him, where relevant, as soon as possible that it holds money awaiting reinvestment instructions; if that money is held in a non-interest bearing account this should be drawn to his attention;
 - (3) the Occupational and Personal Pension Schemes (Automatic Enrolment) Regulations 2010 contain provisions relevant to cancellation rights; in particular they provide rights of opt-out from an automatic enrolment scheme; the cancellation rights in this chapter are modified to permit a provider to adopt the opt-out process in the Occupational and Personal Pension Schemes (Automatic Enrolment) Regulations 2010 in relation to all members of an automatic enrolment scheme; the cancellation rules will continue to

apply for any single premium contributions or transfers where these would normally attract this right.

Automatic cancellation of an attached distance contract

G 15.5.4

When a consumer cancels a distance contract under this chapter, his notice may also operate to cancel any attached contract which is also a distance financial services contract unless the consumer gives notice that cancellation of the main contract is not to operate to cancel the attached contract (see regulation 12 of the Distance Marketing Regulations). Where relevant, this should be disclosed to the consumer along with other information on cancellation.

Appointed representatives

G 15.5.5

This chapter does not act to cancel distance contracts entered into by an appointed representative or where applicable, by a tied agent, as principal such as a distance contract to provide advisory services, but the Distance Marketing Regulations (regulations 9 to 13, see regulation 4(3)) may have this effect.

Maxi-ISAs

15.5.6 G Where a life policy or unit bought on opening or transferring an ISA is cancellable, the right to cancel, or substitute right to withdraw, applies to the entire arrangement. For example, a maxi-ISA comprising a life policy in the stocks and shares component and a cash component would be cancellable as a whole with a cancellation period of 30 calendar days. However, a firm is free to give the consumer the option of cancelling individual components separately with the same cancellation period if it wishes.

Exemptions from the right to cancel

1.1 R There is no right to cancel a non-distance contract that is a life policy or a pension contract: (1) that is a pension fund management policy; or (2) that relates to or is associated with securing benefits under a defined benefits pension scheme; or (3) for a term of six months or less, unless it is a single premium contract where the designated retirement date is within six months of the date of the policy; or (4) that is effected by the trustees of an occupational pension scheme or the employer, trustees or operator of a stakeholder pension scheme and that represents a: (a) pension buy-out contract; or (b) purchase of a without-profits deferred pension annuity; or (c) defined benefits pension scheme or a single premium payment to any occupational pension scheme with a pooled fund (that is, underlying investments are not earmarked for individual scheme members); or (d) purchase made to insure and secure members' pension benefits under a money-purchase occupational scheme or stakeholder pension scheme (unless it is the master, first or only policy); or (5) if the consumer, at the time he signs the application, is habitually resident outside the UK and is not present in the UK. 1.2 G There is no right to cancel a non-distance contract for a traded life policy. This is because the 30-day right to cancel a life policy (in COBS 15.2.1 R) applies at the point of conclusion of the life policy not on its assignment. However, there may be a 14-day right to cancel a distance contract for a traded life policy unless an exemption applies, since that distance contract relates to designated investment business. Exemption for SIPPs 1.3 R There is no right to cancel a contract to join a SIPP whose performance has been fully completed by both parties at the consumer's express request before the expiry of the cancellation period, the firm should, in having regard to the information needs of the consumer, make him aware that he will lose his right to cancel and satisfy itself on reasonable grounds that the cust		Exemption	remptions for life policies and pension contracts (non-distance)

■ Release 42 • Dec 2024

16.2 Occasional reporting

Execution of orders other than when managing investments

16.2.1 R

- (1) If a *firm* has carried out an order in the course of its *designated investment business* on behalf of a *client*, it must:
 - (a) promptly provide the *client*, in a *durable medium*, with the essential information concerning the execution of the order;
 - (b) in the case of a retail client, send the client a notice in a durable medium confirming the execution of the order and such of the trade confirmation information (■ COBS 16 Annex 1R) as is applicable:
 - (i) as soon as possible and no later than the first business day following that execution; or
 - (ii) if the confirmation is received by the *firm* from a third party, no later than the first *business day* following receipt of the confirmation from the third party; and
 - (c) supply a *client*, on request, with information about the status of his order.
- (2) Paragraph (1) does not apply to a firm managing investments.
- (3) Paragraph (1)(b) does not apply if the confirmation would contain the same information as a confirmation that is to be promptly dispatched to the *client* by another *person*.
- (4) Paragraphs (1)(a) and (b) do not apply to an order executed on behalf of a *client* that relates to a bond funding a mortgage loan agreement with the *client*. The report on the transaction must be made at the same time as the terms of the mortgage loan are communicated, but no later than one month after the execution of the order.
- (5) If a *firm* carries out an order for a *retail client* relating to *units* or *shares* in a collective investment undertaking that is part of a series of orders that are executed periodically, it must:
 - (a) comply with paragraph (1)(b) in relation to that order; or
 - (b) provide the *client* at least once every six months with such of the *trade confirmation information* (■ COBS 16 Annex 1R) as is applicable in relation to each transaction in that series carried out in the relevant reporting period.
- (6) In relation to subscription and *redemption* orders for *units* in a *UCITS* scheme executed by an *authorised fund manager*, paragraphs (1), (3) and (5) of this *rule* apply as if references to:
 - (a) a *client* and to a *retail client* were references to a *Unitholder* in the *scheme*; and

- (b) trade confirmation information in paragraphs (1)(b) and (5)(b) were to the information in paragraph (7).
- (7) The notice referred to in paragraph (1)(b) must, where applicable, for subscription and redemption orders for units in a UCITS scheme executed by an authorised fund manager, include the following information:
 - (a) the identification of the management company;
 - (b) the name or other designation of the Unitholder;
 - (c) the date and time of receipt of the order and method of payment;
 - (d) the date of execution;

 - (k) the total sum of the commissions and expenses charged and where the investor so requests, an itemised breakdown.

[Note: article 24 of the UCITS implementing Directive]

- 16.2.2 G The requirement concerning orders relating to bonds funding a mortgage loan agreement is unlikely to be relevant to products in the *United Kingdom* market.
- 16.2.3 For the purposes of calculating the unit price in the *trade confirmation* information, where the order is executed in tranches, the firm may supply the *client* with information about the price of each tranche or the average price. If the average price is provided, the firm must supply the retail client with information about the price of each tranche upon request.
- 16.2.3A In determining what is essential information, a firm should consider including:
 - (1) for transactions in a derivative:
 - (a) the maturity, delivery or expiry date of the derivative;
 - (b) in the case of an option, a reference to the last exercise date, whether it can be exercised before maturity and the strike price;

16

- (c) if the transaction *closes out* an open *futures* position, all essential details required in respect of each contract comprised in the open position and each contract by which it was *closed out* and the profit or loss to the *client* arising out of *closing out* that position (a difference account);
- (2) for the exercise of an option:
 - (a) the date of exercise, and either the time of exercise or that the *client* will be notified of that time on request;
 - (b) whether the exercise creates a sale or purchase in the underlying asset; and
 - (c) the strike price of the *option* (for a currency *option*, the rate of exchange will be the same as the strike price) and, if applicable, the total consideration from or to the *client*; and
- (3) the fact that the transaction involves any dividend or capitalisation or other right which has been declared, but which has not been paid, allotted or otherwise become effective in respect of the *investment*, and under the terms of the transaction the benefit of which will not pass to the purchaser.

Guidance on the requirements

- Where a *firm* executes an order in tranches, the *firm* may, where appropriate, indicate the trading time and the execution venue in a way that is consistent with this, such as, "multiple". In accordance with the *client's best interests rule*, a *firm* should provide additional information at the *client's* request.
- In accordance with COBS 2.4.9 R, a *firm* may dispatch a confirmation to an agent, other than the *firm* or an *associate* of the *firm*, nominated by the *client* in writing.

Special cases

- 16.2.6 R A firm need not despatch a confirmation if:
 - (1) the firm has agreed with the client (in the case of a retail client, in writing and with the client's informed consent) that confirmations need not be supplied, either generally or in specified circumstances; or
 - (2) the designated investment is a life policy, stakeholder pension scheme or a personal pension scheme (other than a SIPP); or

16.6.7

At each anniversary of the date on which a long-term care insurance contract which is based on single premium investment bonds was entered into, the insurer must:

- (1) provide the retail client with a table based on the format of ■ COBS 13 Annex 3 2.2R containing at least the current fund value and projected future policy values (as in column "What you might get back");
- (2) where it is the case, inform the retail client of the possibility that future policy values may be insufficient to fulfil the original purpose of the contract: and
- (3) inform the retail client how to obtain advice on investments in respect of long-term care insurance contracts, and that it is in his best interest to do so.

Drawdown pensions: annual statements

16.6.7A

R In the rest of ■ COBS 16.6:

- (1) "annual statement" is the information required to be provided to a retail client on an annual basis at ■ COBS 16.6.8R;
- (2) "cash terms" means pounds and pence;
- (3) "cash-like investments" includes cash or near cash, units in a regulated money market fund, or units in a fund authorised as a money market fund for the purposes of the UK version of the European Parliament and Council Regulation on money market funds (2017/1131/EU), which is part of UK law by virtue of the EUWA; and

- (4) "drawdown fund" means either a capped drawdown pension fund or flexi-access drawdown pension fund;
- (5) a retail client is a "non-advised retail client" if a firm has not determined on reasonable grounds that the client has received a personal recommendation in relation to how to invest the sums or assets in their drawdown fund, in accordance with COBS 19.10.10R (4);

Income withdrawals - annual statements

16.6.8 R

At intervals of no longer than 12 months, beginning on the date a retail client first takes a pension commencement lump sum or an uncrystallised funds pension lump sum payment, or first makes an income withdrawal, the relevant operator of a personal pension scheme or stakeholder pension scheme must:

- (1) provide the *retail client* with such information as is necessary for the *retail client* to review the decision, including where relevant the information required by COBS 13 Annex 2 2.9R (Additional requirements: drawdown pensions and regular uncrystallised funds pension lump sum payment), COBS 16.6.8AR (pathway investments) and COBS 16.6.10R (costs and charges disclosure); and
- (2) inform the *retail client* that if their circumstances or retirement objectives have changed it may be in their best interests to:
 - (a) review their choice of pension product;
 - (b) review their investment choices;
 - (c) take regulated advice to understand their options at retirement;
 - (d) seek out guidance.

16.6.8A R

If a *retail client* is invested in a *pathway investment* the annual statement must include the following:

- (1) a short description of each *pathway investment* the *retail client* is invested in, including the corresponding *investment pathway* option under COBS 19.10.17R(1) and the current value of each *pathway investment* in cash terms;
- (2) (for those retail clients invested in two or more pathway investments) how the retail client's drawdown fund is split, in cash terms, across the different pathway investments and the corresponding investment pathway options;
- (3) a short description of the *investment pathway* options the *retail client* is not currently invested in (■ COBS 19.10.17R(1));
- (4) a statement reminding the *retail client* that they can, at any time:
 - (a) select a different *investment pathway* option and change their *pathway investment*;
 - (b) select an investment that is not a pathway investment;
 - (c) (where this option is available) split their drawdown fund across two or more *pathway investments*;
 - (d) choose a different product to access their pension savings;
 - (e) shop around, with an explanation of how they may do so.

16.6.8B

If a retail client has been invested in the same pathway investment for 5 years (or a multiple of 5 years) a firm should consider including in the retail client's next annual statement:

- (1) a reminder of the number of years the retail client has been invested in the same pathway investment; and
- (2) a statement that the retail client should review the investment pathway option.

16.6.9

The information provided to the retail client in ■ COBS 16.6.8R(1) is likely to be sufficient for the *client* to review the decision if it contains at least one of the following (in addition to the information required by ■ COBS 16.6.8AR and COBS 16.6.10R, as relevant):

- (1) the information required by COBS 13 Annex 2 2.9R (Additional requirements: drawdown pensions and regular uncrystallised funds pension lump sum payments); or
- (2) the effect of any significant one-off withdrawals or payments since the previous information was provided; or
- (3) (where regular income is being taken) information about the sustainability of the client's income over time, which may refer to:
 - (a) the proportion of the fund remaining since outset; or
 - (b) an indication of when the fund may cease to exist; or
 - (c) the rate of withdrawals or payments relative to a sustainable rate; or
- (4) (if a client has only taken a pension commencement lump sum) information about their investment, fund choices, fund value and charges.

Personal or stakeholder pension schemes in decumulation: actual costs and charges disclosure

16.6.10

R

- (1) The annual statement must include costs and charges information which must be:
 - (a) based on actual costs and charges (including transaction costs and the cost of advice) charged by the operator or other parties, which have been paid out of the retail client's:

drawdown fund; or

personal pension scheme or stakeholder pension scheme from which an uncrystallised funds pension lump sum payment was paid;

- (b) aggregated and totalled; and
- (c) expressed in pounds and pence.
- (2) When a retail client's personal pension scheme or stakeholder pension scheme is in partial drawdown, the operator:
 - (a) may include costs and charges information for the whole pension scheme; and
 - (b) must make clear whether the costs and charges information relates to the whole pension scheme or only to the drawdown fund.

10

- (3) If the *operator* does not have the information necessary to comply with (1), it must take all reasonable steps to obtain it.
- (4) If the operator does not have exact figures for certain costs and charges, despite taking all reasonable steps to obtain them, the *operator*:
 - (a) must provide a reasonable estimate of such costs and charges when providing the costs and charges information; or
 - (b) if it is not possible to provide a reasonable estimate of such costs and charges, must include a written statement, with the costs and charges information, to explain which costs and charges are not included.
- (5) The *operator* must include a written statement with the costs and charges information, stating whether any adviser remuneration, including *adviser charges*, *consultancy charges*, *commission* or *commission equivalent*, is included in the aggregated costs and charges figure.
- (6) The *operator* must make clear what period is covered by the costs and charges information.
- **16.6.11** COBS 16.6.10R does not apply where costs and charges are discharged by payment of the fixed price of a drawdown pension product, which has been clearly disclosed to the *retail client*.
- Where COBS 16.6.10R(1)(a)(ii) applies, the annual statement must include costs and charges for the whole of the retail client's personal pension scheme or stakeholder pension scheme.
- The operator's reasonable steps to obtain costs or charges information should include, where relevant, requesting this information from third parties that provide services relating to the retail client's drawdown fund, personal pension scheme or stakeholder pension scheme.

Execution of orders other than when undertaking portfolio management

16A.3.1 UK

- 59(1) Investment firms having carried out an order on behalf of a retail client or a professional client, other than for portfolio management, shall, in respect of that order:
- (a) promptly provide the retail client or professional client, as applicable, in a durable medium, with the essential information concerning the execution of that order:
- (b) send a notice to a retail client in a durable medium confirming execution of the order as soon as possible and no later than the first business day following execution or, where the confirmation is received by the investment firm from a third party, no later than the first business day following receipt of the confirmation from the third party.

Point (b) shall not apply where the confirmation would contain the same information as a confirmation that is to be promptly dispatched to the client by another person.

Points (a) and (b) shall not apply where orders executed on behalf of clients relate to bonds funding mortgage loan agreements with the said clients, in which case the report on the transaction shall be made at the same time as the terms of the mortgage loan are communicated, but no later than one month after the execution of the order.

59(2) In addition to the requirements under paragraph 1, investment firms shall supply the client, on request, with information about the status of his order.

59(3) In the case of retail client orders relating to units or shares in a collective investment undertaking which are executed periodically, investment firms shall either take the action specified in point (b) of paragraph 1 or provide the retail client, at least once every six months, with the information listed in paragraph 4 in respect of those transactions.

59(4) The notice referred to in point (b) of paragraph 1 shall include such of the following information as is applicable and, where relevant, in accordance with the regulatory technical standards on reporting obligations adopted in accordance with Article 26 of Regulation (EU) No 600/2014:

- (m) a total sum of the commissions and expenses charged and, where the retail client so requests, an itemised breakdown including, where relevant, the amount of any mark-up or mark-down imposed where the transaction was executed by an investment firm when dealing on own account, and the investment firm owes a duty of best execution to the retail client;
- (n) the rate of exchange obtained where the transaction involves a conversion of currency;
- (o) the retail client's responsibilities in relation to the settlement of the transaction, including the time limit for payment or delivery as well as the appropriate account details where these details and responsibilities have not previously been notified to the retail client;
- (p) where the retail client's counterparty was the investment firm itself or any person in the investment firm's group or another retail client of the investment firm, the fact that this was the case unless the order was executed through a trading system that facilitates anonymous trading.

For the purposes of point (k), where the order is executed in tranches, the investment firm may supply the retail client with information about the price of each tranche or the average price. Where the average price is provided, the investment firm shall supply the retail client with information about the price of each tranche upon request.

- (2) for the exercise of an option:
 - (a) the date of exercise, and either the time of exercise or that the *client* will be notified of that time on request;
 - (b) whether the exercise creates a sale or purchase in the underlying asset; and
 - (c) the strike price of the *option* (for a currency *option*, the rate of exchange will be the same as the strike price) and, if applicable, the total consideration from or to the *client*; and

(3) the fact that the transaction involves any dividend or capitalisation or other right which has been declared, but which has not been paid, allotted or otherwise become effective in respect of the *investment*, and under the terms of the transaction the benefit of which will not pass to the purchaser.

Additional reporting obligations for portfolio management or contingent liability transactions

16A.4.3 UK

62(1) Investment firms providing the service of portfolio management to a retail client must inform the client where the overall value of the portfolio, as evaluated at the beginning of each reporting period, depreciates by 10% and thereafter at multiples of 10%, no later than the end of the business day in which the threshold is exceeded or, in a case where the threshold is exceeded on a non-business day, the close of the next business day.

62(2) Investment firms that hold a retail client account that includes positions in leveraged financial instruments or contingent liability transactions shall inform the client, where the initial value of each instrument depreciates by 10% and thereafter at multiples of 10%. Reporting under this paragraph should be on an instrument-by-instrument basis, unless otherwise agreed with the client, and shall take place no later than the end of the business day in which the threshold is exceeded or, in a case where the threshold is exceeded on a non-business day, the close of the next business day.

[Note: article 62 of the MiFID Org Regulation]

16A.4.4 G

For the purposes of this section, a contingent liability transaction should be understood as being a transaction that involves any actual or potential liability for the client that exceeds the cost of acquiring the instrument.

[Note: recital 96 to the MiFID Org Regulation]

Guidance on contingent liability transactions

16A.4.5 G

When providing a *periodic statement* to a *retail client*, a *firm* should consider whether to include:

- (1) the *collateral* value in respect of any contingent liability transaction in the *client's* portfolio during the relevant period; and
- (2) option account valuations in respect of each open option written by the *client* in the *client's* portfolio at the end of the relevant period; stating:
 - (a) the share, future, index or other investment involved;
 - (b) the trade price and date for the opening transaction, unless the valuation statement follows the statement for the period in which the option was opened;
 - (c) the market price of the contract; and
 - (d) the exercise price of the contract.
- (3) Option account valuations may show an average trade price and market price in respect of an option series if the client buys a number of contracts within the same series.

16A.5 **Statements of client financial** instruments or client funds

16A.5.1 UK

63(1) Investment firms that hold client financial instruments or client funds shall send at least on a quarterly basis, to each client for whom they hold financial instruments or funds, a statement in a durable medium of those financial instruments or funds unless such a statement has been provided in any other periodic statement. Upon client request, firms shall provide such statement more frequently at a commercial cost.

The first subparagraph shall not apply to a credit institution that is a CRR firm as defined in Article 4(1)(2A) of Regulation (EU) No 575/2013 of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms in respect of deposits within the meaning of Article 2(1)(23A) of Regulation (EU) No 600/2014 held by that institution.

- 63(2) The statement of client assets referred to in paragraph 1 shall include the following information:
- (a) details of all the financial instruments or funds held by the investment firm for the client at the end of the period covered by the statement;
- (b) the extent to which any client financial instruments or client funds have been the subject of securities financing transactions;
- (c) the extent of any benefit that has accrued to the client by virtue of participation in any securities financing transactions, and the basis on which that benefit has accrued:
- (d) a clear indication of the assets or funds which are subject to the rules of the UK law on markets in financial instruments and those that are not, such as those that are subject to Title Transfer Collateral Agreement;
- (e) a clear indication of which assets are affected by some peculiarities in their ownership status, for instance due to a security interest;
- (f) the market or estimated value, when the market value is not available, of the financial instruments included in the statement with a clear indication of the fact that the absence of a market price is likely to be indicative of a lack of liquidity. The evaluation of the estimated value shall be performed by the firm on a best effort basis.

In cases where the portfolio of a client includes the proceeds of one or more unsettled transactions, the information referred to in point (a) may be based either on the trade date or the settlement date, provided that the same basis is applied consistently to all such information in the statement.

Claims handling for long-term care insurance

■ Release 42 • Dec 2024

17.1 Providing information to claimants, dealing with claims and warranties in policies

- 17.1.1 R When an insurer or managing agent receives a claim under a long-term care insurance contract, it must respond promptly by providing the policyholder, or the person acting on the policyholder's behalf, with:
 - (1) a claim form (if it requires one to be completed);
 - (2) a summary of its claims handling procedure; and
 - (3) appropriate information about the medical criteria that must be met. and any waiting periods that apply, under the terms of the policy.

Responding to a claim

- As soon as reasonably practicable after receipt of a claim, the insurer or managing agent must tell the policyholder, or the person acting on the policyholder's behalf:
 - (1) (for each part of the claim it accepts), whether the claim will be settled by paying the *policyholder*, providing goods or services to the policyholder or paying another person to provide those goods or services; and
 - (2) (for each part of the claim it rejects), why the claim has been rejected and whether any future rights to claim exist.

Rejecting a claim

17.1.3 R An insurer and a managing agent must not unreasonably reject a claim.

Cases where rejection of consumer's claim is unreasonable: contracts or variations before 1 August 2017

- For contracts entered into or variations agreed before 1 August 2017, except 17.1.4 where there is evidence of fraud, an insurer and a managing agent must not reject a claim for:
 - (1) (in relation to contracts entered into or variations agreed on or before 5 April 2013) non-disclosure of a fact material to the risk which the *policyholder* could not reasonably have been expected to disclose; or
 - (2) misrepresentation of a fact material to the risk, unless the misrepresentation is negligent; or

COBS 17/2

17

(3) breach of warranty, unless the circumstances of the claim are connected to the breach, the warranty is material to the risk and was drawn to the *policyholder's* attention before the conclusion of the contract.

Cases where rejection of consumer's claim is unreasonable: contracts or variations on or after 1 August 2017

17.1.5 G

- (1) Cases in which rejection of a *consumer's* claim would be unreasonable (in the FCA's view) include, but are not limited to rejection:
 - (a) for misrepresentation, unless it is a "qualifying misrepresentation" in ■ICOBS 8.1.3R;
 - (b) where the claim is subject to the Insurance Act 2015, for breach of warranty or term, or for fraud, unless the *insurer* is able to rely on the relevant provisions of the Insurance Act 2015; and
 - (c) where the *policy* is drafted or operated in a way that does not allow the *insurer* to reject.
- (2) The Insurance Act 2015 sets out a number of situations in which an *insurer* may have no liability or obligation to pay. For example:
 - (a) section 10 provides situations in which an *insurer* has no liability under a *policy* due to a breach of warranty;
 - (b) section 11 places restrictions on an *insurer's* ability to reject a claim for breach of a term where compliance is aimed at reducing certain types of risk; and
 - (c) sections 12 and 13 provide for the extent to which a *firm* is entitled to reject fraudulent claims.

17.1.6

For contracts entered into or variations agreed on or after 1 August 2017, a rejection of a *consumer policyholder*'s claim for breach of a condition or warranty (that is not subject to and within section 10 or 11 the Insurance Act 2015) is unreasonable unless the circumstances of the claim are connected to the breach.

17.1.7 R

An *insurer* must ensure that any condition or warranty included in a *long-term care insurance contract* with a *consumer*:

- has operative effect only in relation to the types of crystallised risk covered by the *policy* that are connected to that condition or warranty; and
- (2) is material to the risks to which it relates and is drawn to the *customer's* attention before the conclusion of the contract.

18.5.5-A G The effect of section 241A of the Act is that no bearer units in a collective investment scheme may be issued, converted or cancelled from 1 January 2021. However, the Bearer Certificates (Collective Investment Schemes) Regulations 2020 (SI 2020/1346) contain transitional provisions for the conversion of bearer *units* to registered *units* and the cancellation of bearer units on or before 1 January 2022.

Distance marketing

- G Firms should also be aware that if they are carrying on distance marketing 18.5.5A activity from an establishment in the UK, with or for a consumer in the UK, ■ COBS 5.1 applies specific requirements for that activity.
 - Format and content of fund documents
- 18.5.6 G The fund documents required under ■ COBS 18.5.5 R may consist of any number of documents provided that it is clear that collectively they constitute the fund documents and provided the use of several documents in no way diminishes the significance of any of the statements which are required to be given to the potential investor.

- G 18.5.7 The fund documents of an unauthorised fund managed by a small authorised UK AIFM or a residual CIS operator (if those fund documents exist) should make it clear that if an investor is reclassified as a retail client, this reclassification will not affect certain activities of the firm. Where the fund is an unauthorised fund managed by a small authorised UK AIFM or a residual CIS operator and no current investor in the fund was a retail client when it invested in the fund, the fund documents must include a statement that:

- (2) explains that if an investor is reclassified as a *retail client* subsequent to investing in the *fund*, then the modification of best execution (see COBS 18.5.4 R) will continue to apply to that fund; and
- (3) explains that, in the event of such a reclassification, the *firm* will not be required to provide best execution in relation to the *fund*.

18.5.9 G

A small authorised UK AIFM of an unauthorised AIF or a residual CIS operator will still have to comply with other COBS provisions as a result of the reclassification of an investor as a retail client. For example, the firm must provide periodic statements to investors who are retail clients in an unauthorised fund (see the rule on periodic statements for an unauthorised fund (COBS 18.5.11 R)).

18.5.9A G

The valuation bands of over £10m, £5-£10m, £2.5-£5m, £1-£2.5m and under £1m would be appropriate, unless a *firm* could show that different bands were justifiable in the circumstances.

The statement to be provided under Item 6 is not intended to be an indicator of the performance of the portfolio of the fund.

A *firm* may wish to distinguish capital and income, and thereby provide more information than referred to in this table. If the statement includes some measure of performance, the basis of measurement should be stated.

18.11.4 G The rules on approving financial promotions continue to apply.

18.12 Operating an electronic system in relation to lending

Application

- 18.12.1 R
- This section applies to an operator of an electronic system in relation to lending, but only in relation to a person becoming a lender under a P2P agreement.
- 18.12.2 R

This section does not apply in relation to a current account agreement where:

- (1) there is a possibility that the account holder may be allowed to overdraw on the current account without a pre-arranged overdraft or to exceed a pre-arranged overdraft limit; and
- (2) if the account holder did so, this would be a *P2P agreement* (overrunning).

Purpose

18.12.3 G

The purpose of this chapter is to ensure that, where applicable, a firm:

prices and values P2P agreements fairly and appropriately;

will prevent lenders being exposed to risk outside of the parameters advertised at the time of investment;

.....

has a reasonable basis to conclude that a *target rate* can be reasonably achieved; and

can support the statements made in its disclosures and financial promotions.

Interpretation

18.12.4 R

In the remainder of this section:

(1) references to a *P2P agreement* include *non-P2P agreements* included in a *P2P portfolio*;

.....

- (2) unless the context otherwise requires, references to "lender" also include a prospective lender;
- (3) a *firm* is treated as having determined the *price* of a *P2P agreement* in cases other than where the lender and the borrower have entered

- into a genuine negotiation to determine the price of that P2P agreement; and
- (4) references to repayment refer to repayment of capital or payment of interest or other charges (excluding any charge for non-compliance with a P2P agreement).

Credit risk assessment

- 18.12.5 R Where a firm determines the price of a P2P agreement, it must undertake a reasonable assessment of the credit risk of the borrower before the P2P agreement is made.
- 18.12.6 R A firm must base its credit risk assessment on sufficient information:
 - (1) of which it is aware at the time the credit risk assessment is carried out:
 - (2) obtained, where appropriate, from the borrower, and, where necessary, any other relevant sources of information.

The subject matter of the credit risk assessment

18.12.7 R The firm must consider the risk that the borrower will not make one or more repayments under the P2P agreement by the due date.

Scope, extent and proportionality of the credit risk assessment

- (1) The extent and scope of the *credit risk assessment*, and the steps that the firm must take to satisfy the requirement that the assessment is a reasonable one and based on sufficient information, is dependent upon, and proportionate to, the individual circumstances of each case.
 - (2) The firm must consider:
 - (a) the types of information to use in the credit risk assessment;
 - (b) the content and level of detail of the information to use;
 - (c) whether the information in the firm's possession is sufficient;
 - (d) whether and to what extent to obtain additional information from the borrower:
 - (e) whether and to what extent to obtain information from any other sources;
 - (f) whether and to what extent to verify the accuracy of the information that is used: and
 - (g) the degree of evaluation and analysis of the information that is

having regard to the factors listed in (3) where applicable to the agreement.

(3) The factors to which the *firm* must have regard when complying with (2) and deciding what steps are needed to make the *credit risk* assessment a reasonable one include each of the following where applicable to the agreement:

18.12.8

R

18

- (a) the type of credit;
- (b) the amount of the credit or the credit limit;
- (c) the duration (or likely duration) of the credit;
- (d) the frequency of the repayments;
- (e) the amount of the repayments;
- (f) the annual percentage rate of charge; and
- (f) any other costs, including any charge for non-compliance with the agreement, which will or may be payable by or on behalf of the borrower in connection with the agreement.

18.12.9 G

The firm may have regard, where appropriate, to information obtained:

- (1) in the course of previous dealings with the borrower but should consider whether the passage of time could have affected the validity of the information and whether it is appropriate to update it;
- (2) as part of conducting a *credit-worthiness assessment* in relation to a *P2P agreement* in accordance with CONC 5.5A; or
- (3) as part of assessing affordability in relation to a *P2P agreement* comprising a *home finance transaction*, in accordance with MCOB 11 as modified by MCOB 15.

Policies and procedures for credit risk assessment

18.12.10 R

A firm must:

- (1) establish, implement and maintain clear and effective policies and procedures:
 - (a) to enable it to carry out credit risk assessments; and
 - (b) setting out the principal factors it will take into account in carrying out *credit risk assessments*;
- (2) set out in writing the policies and procedures in (1), and (other than in the case of a *sole trader*) have them approved by its *governing body* or *senior personnel*;
- (3) assess and periodically review:
 - (a) the effectiveness of the policies and procedures in (1); and
 - (b) the *firm's* compliance with those policies and procedures and with its obligations under COBS 18.12.5R to 18.12.8R;
- (4) following the review in (3), take appropriate measures to address any deficiencies in the policies and procedures or in the *firm's* compliance with its obligations;
- (5) maintain a record of each transaction where a *P2P agreement* is entered into sufficient to demonstrate that:
 - (a) a credit risk assessment was carried out where required; and
 - (b) the *credit risk assessment* was reasonable and was undertaken in accordance with COBS 18.12.5R to 18.12.8R,

- and in each case to enable the FCA to monitor the firm's compliance with its obligations under ■ COBS 18.12.5R to ■ 18.12.8R; and
- (6) (other than in the case of a sole trader) establish, implement and maintain robust governance arrangements and internal control mechanisms designed to ensure the firm's compliance with (1) to (5).

Pricing, allocation and portfolio composition

- R 18.12.11 Where a firm determines the price of a P2P agreement it must ensure that the price is fair and appropriate.
- 18.12.12 R To determine a fair and appropriate price for a P2P agreement the firm must at least ensure:
 - (1) the price is reflective of the risk profile of the loan; and
 - (2) the firm has taken into account:
 - (a) the time value of money; and
 - (b) the credit spread of the P2P agreement.
- 18.12.13 R Where a firm selects which P2P agreements to facilitate for a lender, it must facilitate only those *P2P agreements* which are in line with the disclosures made pursuant to ■ COBS 18.12.27R.
- 18.12.14 R Where a firm is assembling or managing a P2P portfolio, it must ensure that it includes in that P2P portfolio only those P2P agreements it has determined with reasonable certainty will enable the lender to achieve the target rate.
- 18.12.15 G To be able to comply with ■ COBS 18.12.14R, a firm should use appropriate data and robust modelling. The data may be the firm's own or may be sourced from third parties. Modelling could include the firm's credit risk assessment of all borrowers under P2P agreements included in the P2P portfolio, taking into account the expected losses and the variability of losses through the cycle, and the price of such agreements as calculated in accordance with ■ COBS 18.12.12R.
- 18.12.16 R Where a firm determines the price of a P2P agreement it must review the valuation of each P2P agreement in at least the following circumstances:
 - (1) when the P2P agreement is originated;
 - (2) where the firm considers that the borrower is unlikely to pay its obligations under the P2P agreement in full, without the firm enforcing any relevant security interest or taking other steps with analogous effect;
 - (3) following a default; and
 - (4) where the *firm* is facilitating an exit for a lender before the maturity date of the P2P agreement.

18.12.17 R

Where a *firm* that determines the *price* of *P2P agreements* is facilitating an exit for a lender before the maturity date of a *P2P agreement*, the *firm* must ensure that the price offered for exiting the *P2P agreement* is fair and appropriate.

Risk management framework

18.12.18 R

- (1) Where any of COBS 18.12.11R to 18.12.17R apply, a *firm* must have and use a *risk management framework* that is designed to achieve compliance with those *rules*.
- (2) The firm's risk management framework must at least:
 - (a) be appropriate to the nature, scale and complexity of its business;
 - (b) take into account any credit risk assessment, credit-worthiness assessment or assessment of affordability under MCOB;
 - (c) categorise *P2P agreements* by their risk, taking into account the probability of default and the loss given default; and
 - (d) set out the circumstances in which the *firm* will review the valuation of each *P2P agreement*.
- (3) The *firm* must set out in writing the *risk management framework*, and have it approved by its *governing body* or *senior personnel*.

18.12.19 G

Where \blacksquare COBS 18.12.11R to \blacksquare 18.12.17R do not apply to a *firm*, it would be good practice for the *firm* to consider whether, depending on its business model, it should apply the requirements in \blacksquare COBS 18.12.18R(1) to \blacksquare (3).

Monitoring of the risk management framework

18.12.20 R

A firm with a risk management framework must:

- (1) assess, monitor and periodically review the adequacy and effectiveness of the *risk management framework*, including by assessing outcomes against expectations;
- (2) pursuant to (1), take appropriate measures to address any deficiencies in the *risk management framework*;
- (3) maintain a record of each transaction where it has used the *risk* management framework to facilitate a *P2P* agreement sufficient to demonstrate that:
 - (a) the *price* of the *P2P agreement* was fair and appropriate in line with the *risk management framework*;
 - (b) where the *firm* selected which *P2P agreements* to facilitate for a lender, that its selection was in line with the *risk management framework*;
 - (c) any inclusion in a P2P portfolio was in line with the risk management framework,
 - and in each case to enable the FCA to monitor the firm's compliance with its obligations regarding the risk management framework;
- (4) establish, implement and maintain robust governance arrangements and internal control mechanisms designed to ensure the *firm's* compliance with (1) to (3); and

18

(5) allocate to an approved person overall responsibility within the firm for the establishment and maintenance of an effective risk management framework and record that allocation.

Publication of an outcomes statement

18.12.21 R

Where a firm determines the price of P2P agreements in any financial year of the firm, it must publish an outcomes statement within four months of the end of each financial year.

18.12.22 R

A firm must ensure that each outcomes statement remains publicly available for at least 10 years from publication.

Content of an outcomes statement

18.12.23 R

An outcomes statement must include, as applicable, for the financial year of the firm:

- (1) the expected and actual default rate of all P2P agreements the firm has facilitated by risk category, by reference to the risk categories set out in the risk management framework, in line with the requirements in ■ COBS 4.6 on past and future performance;
- (2) a summary of the assumptions used in determining expected future default rates; and
- (3) where the firm offered a target rate, the actual return achieved.

- (2) a description of how loan risk is assessed, including a description of the criteria that must be met by the borrower before the firm considers the borrower eligible for a P2P agreement;
- (3) whether the firm will play a role in determining the price of a P2P agreement and, if so, what role;

- (6) an explanation of the firm's procedure for dealing with a loan in late payment or default;
- (7) an explanation of how any tax liability for lenders arising from investment in P2P agreements will be calculated;

- (8) whether the *firm* will play a role in facilitating a secondary market in *P2P agreements* and, if so, what role, including:
 - (a) the procedure for a lender to access their money before the term of the *P2P agreement* has expired and the risk to their investment of doing so; and
 - (b) whether the *firm* displays *P2P* agreements that lenders wish to exit and that other lenders may choose to enter into; or
 - (c) whether the *firm* decides if the *P2P agreement* should be transferred to another lender without involving either lender in that decision.

Information: Financial Services Compensation Scheme

18.12.25 R

A *firm* must provide confirmation to a lender that there is no recourse to the Financial Services Compensation Scheme.

Information: P2P agreements where the lender selects the agreements

18.12.26 R

Where a lender has the choice to enter into specific *P2P agreements*, a *firm* must provide the lender with at least the following information about each *P2P agreement*:

- (1) where the *firm* determines the *price* of *P2P agreements*, the *price* of the *P2P agreement*;
- (2) where not provided under (1), the annual percentage rate that will be paid by the borrower in respect of that *P2P agreement*, where applicable to that agreement;
- (3) when the P2P agreement is due to mature;
- (4) the frequency of the repayments to be made by the borrower;
- (5) the amounts of the repayments to be made by the borrower;
- (6) the total amount payable by the borrower;
- (7) a fair description of the likely actual return, taking into account fees, *default* rates and taxation;
- (8) where the *firm* determines the *price* of *P2P agreements*, details of the *credit risk assessment*, *credit-worthiness assessment* or assessment of affordability under *MCOB* carried out;
- (9) whether the *P2P agreement* is backed by an asset (for example, secured against property developments) and if so, details of that asset:
- (10) fees to be paid by the borrower or the lender, including any deduction from the interest to be paid by the borrower;
- (11) where the *firm* determines the *price* of *P2P agreements*, the risk categorisation of that *P2P agreement* and an explanation of that risk categorisation, by reference to the risk categories set out in the *risk management framework*; and

(12) where any of the terms in respect of which information must be provided under sub-paragraphs (1) to (7) is set by auction, a description of the auction process and of how those terms will be determined.

Information: P2P agreements where the firm selects the agreements

18.12.27 R

Where a firm selects which P2P agreements to facilitate for a lender, including where a firm offers a P2P portfolio to a lender, the firm must provide the lender with the following information about the P2P agreements it may facilitate for the lender:

- (1) the minimum and maximum interest rate that will be payable under any P2P agreement that may be facilitated for the lender;
- (2) the minimum and maximum maturity date of any P2P agreement that may be facilitated for the lender;
- (3) a fair description of the likely actual return, taking into account fees, default rates and taxation;
- (4) fees to be paid by the borrower or the lender, including any deduction from the interest to be paid by the borrower; and
- (5) the range and distribution of risk categories that the P2P agreements may fall into and an explanation of those risk categories by reference to the risk categories set out in the risk management framework.

Information concerning platform failure

R 18.12.28

- (1) A firm must notify each lender of the firm's arrangements made under ■ SYSC 4.1.8AR to ensure that *P2P agreements* facilitated by it will continue to be managed and administered in accordance with the contract terms between the firm and the lender.
- (2) Where a firm's arrangements made under SYSC 4.1.8AR include particular terms in its contracts with lenders, or include obtaining particular prior consents from lenders, the firm must clearly identify these arrangements and explain how they operate.
- (3) Where a firm's arrangements made under SYSC 4.1.8AR involve another person taking over the management and administration of P2P agreements if the firm ceases to operate the electronic system in relation to lending, the notification must inform lenders of:
 - (a) the identity of the person with which the arrangements have been made;
 - (b) how that person will hold the lenders' money; and
 - (c) whether that person is authorised by the FCA and, if it is, which relevant Part 4A permissions it holds.
- (4) A firm must also explain to each lender the particular risks to the management and administration of P2P agreements in the event of its own failure, including:

the possibility that P2P agreements may cease to be managed and administered before they mature;

the possibility that any *person* involved in the continued management and administration of *P2P agreements* after the *firm* fails may not be subject to the same regulatory regime and requirements as the *firm*, and the resulting possibility that regulatory protections may be reduced or no longer available; and

the likelihood that the majority of balances due to the lender are those due from borrowers rather than from the *firm* itself, so if the *firm fails* a lender's entitlement to any *client money* held by the *firm* would not include those balances that the *firm* has not yet received from borrowers.

The timing rules

18.12.29 R

- (1) The information to be provided in accordance with COBS 18.12.24R to 18.12.25R and 18.12.27R to 18.12.28R must be provided in good time before a *firm* carries on the relevant business for a lender.
- (2) The information to be provided in accordance with COBS 18.12.26R must be provided each time before a firm facilitates a person becoming a lender under a P2P agreement, and in good time before doing so.
- (3) Where any of the terms in respect of which information must be provided under COBS 18.12.26R(1) to (7) are set by auction, that information must be provided as soon as reasonably practicable after those terms have been set as a result of the auction.

Keeping the client up to date

18.12.30 R

- (2) The notification in (1) must be given in a *durable medium* if the information to which it relates was given in a *durable medium*.

Ongoing disclosures

18.12.31 R

A *firm* must ensure that, at any point in time, a lender is able to access details of each *P2P agreement* they have entered into which was facilitated by that *firm*, including:

- (1) the price of the P2P agreement;
- (2) where not provided under (1), the annual percentage rate that will be paid by the borrower in respect of that *P2P agreement*, where applicable to that agreement;
- (3) the outstanding capital and interest payments in respect of that *P2P* agreement;
- (4) when the P2P agreement is due to mature;
- (5) any fees paid in respect of that *P2P agreement* by the lender or the borrower;

- (b) the valuation date; and
- (c) an explanation of why the firm conducted the valuation;
- (7) a fair description of the likely actual return, taking into account fees, default rates and taxation;
- (8) where the firm determines the price of P2P agreements, details of the credit risk assessment, credit-worthiness assessment or assessment of affordability carried out under MCOB;
- (9) whether the P2P agreement is backed by an asset (for example, secured against property developments) and if so, details of that asset;
- (10) where the firm:
 - (a) determines the price of P2P agreements;
 - (b) selects which P2P agreements to facilitate for a lender; or
 - (b) offers a target rate,

the risk categorisation of that P2P agreement and an explanation of that risk categorisation, by reference to the risk categories set out in the risk management framework;

- (11) whether the firm considers that the borrower is unlikely to pay its obligations under the P2P agreement in full without the firm enforcing any relevant security interest or taking other steps with analogous effect and, if so, information to that effect; and
- (12) whether a default by the borrower under a P2P agreement has occurred and, if so, information to that effect.

Information: form

18.12.32 R

The documents and information provided in accordance with ■ COBS 18.12.24R to ■ 18.12.28R and ■ COBS 18.12.31R must be in a durable medium or available on a website (where that does not constitute a durable medium) that meets the website conditions.

Contingency funds: standardised risk warning

18.12.33 R

- (1) In addition to any other risk warnings that must be given by a firm, a firm must provide the following risk warning to a lender when it offers a contingency fund, modified as necessary to reflect the terminology used by the firm to refer to a contingency fund:
 - "The contingency fund we offer does not give you a right to a payment so you may not receive a pay-out even if you suffer loss. The fund has absolute discretion as to the amount that may be paid, including making no payment at all. Therefore, investors should not rely on possible pay-outs from the contingency fund when considering whether or how much to invest."
- (2) The firm must provide the risk warning in a prominent place on every page of each website and mobile application of the firm available to lenders containing any reference to a contingency fund.

(3) Where the lender has not approached the *firm* through a website or mobile application, the risk warning must be provided in a *durable medium* in good time before the *firm* carries on any business for that lender.

18.12.34 R

The standardised risk warning must be:

- (1) prominent; and
- (2) contained within its own border and with bold text as indicated.

Contingency funds: published policy

18.12.35

- (1) A firm which offers a contingency fund to lenders must have a contingency fund policy.
- (2) The contingency fund policy must contain the following information:
 - (a) an explanation of the source of the money paid into the fund;
 - (b) an explanation of how the fund is governed;
 - (c) an explanation of who the money belongs to;
 - (d) the considerations the fund operator takes into account when deciding whether or how to exercise its discretion to pay out from the fund, including examples. This should include:
 - (i) whether or not the fund has sufficient money to pay; and
 - (ii) that the fund operator has absolute discretion in any event not to pay or to decide the amount of the payment;
 - (e) an explanation of the process for considering whether to make a discretionary payment from the fund; and a description of how that money will be treated in the event of the *firm's* insolvency.
 - (f) The *contingency fund policy* must be provided on every page of each website and mobile application of the *firm* available to lenders and must be:
- (3) The *contingency fund policy* must be provided on each website and mobile application of the *firm* available to lenders and must be:
 - (a) prominent;
 - (b) in an unrestricted part of the website or mobile application; and
 - (c) accessible via a link contained in the standardised risk warning in COBS 18.12.33R.
- (4) Where the lender has not approached the *firm* through a website or mobile application this information must be provided in a *durable medium* in good time before the *firm* carries on any business for that lender.

18.12.36 G

When deciding whether to pay out from the *contingency fund*, a *firm* should take into account fairness to lenders and whether the lender made an active choice about whether or not to participate in the *contingency fund*.

Contingency funds: information when the fund is used

18.12.37

- (1) A firm must notify a lender if they receive payment from a contingency fund.
- (2) This notification must state the amount paid to the lender from the contingency fund.
- (3) This notification must be provided either:
 - (a) at the time the payment is made; or
 - (b) on an aggregated basis at least once every three months.

Contingency funds: information about how the fund is performing

18.12.38

A firm which offers a contingency fund must make public on a guarterly basis the following facts about how the fund is performing:

> the size of the fund compared to total amounts outstanding on P2P agreements relevant to the contingency fund;

what proportion of outstanding borrowing under P2P agreements has been paid using the contingency fund; and

- a firm must:
- (a) only include the actual amount of money held in the *contingency* fund at the relevant time, net of any liabilities or pay outs agreed but not yet paid; and
- (b) not include any amounts due to be paid into the *contingency* fund that have not yet been paid into it.

Past performance

18.12.39 R

A firm must ensure that information that contains an indication of past performance only contains information that is reflective of the actual payments received by lenders from borrowers under P2P agreements.

18.12.40 G

One of the consequences of ■ COBS 18.12.39R is that payments made to lenders from a contingency fund should not be reflected in any information that contains an indication of past performance. Firms should also take into account the effect of commissions, fees and other charges.

The market capitalisation is to be calculated with reference to the average closing price of the shares of the company at the end of each month to 31 October for the preceding 24 months. For companies newly admitted to trading, determination of the threshold should be based on the market capitalisation at the close of day one trading and apply until the date of the next re-assessment (i.e., 31 October). For these purposes, firms may reasonably rely on the assessment of a third party that the research is on a company with a market capitalisation below £200m;

 - (b) company results or information on upcoming releases or events:
 - (2) contains only a brief unsubstantiated summary of the third party's own opinion on such information; and

3.4	G	In relation to paragraph 3.1R(8) above, since the particular features of the fixed income, currency and commodity markets, whereby portfolio managers and independent investment advisers transact with counterparties based on competitive pricing processes, the pricing of transactions in fixed income, currency and commodity instruments will typically not take into account <i>research</i> services.

Pensions supplementary provisions

19.1 Pension transfers, conversions, and opt-outs

[Note: The FCA has also issued non-Handbook guidance for firms who advise on pension transfers. See https://www.fca.org.uk/publication/finalisedguidance/fg21-3.pdf]

Application

- [deleted] 19.1.-1
- 19.1.-1A R Except where a firm is providing abridged advice (see ■ COBS 19.1A), this section applies to a *firm* which:
 - (1) gives advice on pension transfers, pension conversions and pension opt-outs to a retail client; or
 - (2) arranges pension transfers, pension conversions or pension opt-outs,

in relation to:

- (3) a pension transfer;
- (4) a pension conversion; or
- (5) a pension opt-out from a scheme with safeguarded benefits or potential safeguarded benefits.
- 19.1.-1B A firm should comply with this section in order to give appropriate independent advice for the purposes of section 48 of the Pension Schemes Act 2015.
- 19.1.1-A [deleted] R
- 19.1.1 [deleted]

Requirement for pension transfer specialist

19.1.1A R

- (1) A firm must ensure that advice on pension transfers, pension conversions and pension opt-outs is given or checked by a pension transfer specialist.
- (2) The requirement in (1) does not apply where the only safeguarded benefit involved is a guaranteed annuity rate.

Role of the pension transfer specialist when checking

19.1.1B G

When a firm uses a pension transfer specialist to check its proposed advice on pension transfers, pension conversions and pension opt-outs, it should ensure that the pension transfer specialist takes the following steps:

- (1) checks the entirety and completeness of the advice;
- (2) confirms that any personal recommendation is suitable for the retail client in accordance with the obligations in COBS 9.2.1R to 9.2.3R and including those matters set out at COBS 19.1.6G; and
- (3) confirms in writing that they agree with the proposed advice before it is provided to the *retail client*, including any *personal* recommendation.

Personal recommendation for pension transfers and conversions

19.1.1C R

- (1) A firm must make a personal recommendation when it provides advice on conversion or transfer of pension benefits.
- (2) Before making the personal recommendation the firm must:
 - (a) determine the *proposed arrangement* with *flexible benefits* to which the *retail client* would move; and
 - (b) carry out the appropriate pension transfer analysis and produce the transfer value comparator.
- (3) The requirement in (2)(b) does not apply if the only safeguarded benefit involved is a guaranteed annuity rate.
- (4) The *firm* must take reasonable steps to ensure that the *retail client* understands how the key outcomes from the *appropriate pension* transfer analysis and the transfer value comparator contribute towards the *personal recommendation*.
- (5) Prior to making a personal recommendation to effect a pension transfer or pension conversion, a firm must obtain evidence that the client can demonstrate that they understand the risks to them of proceeding with the pension transfer or pension conversion.

19.1.1D G

- (1) COBS 9 contains suitability requirements which apply if a firm makes a personal recommendation in relation to advice on conversion or transfer of pension benefits.
- (2) (a) COBS 9 requires a *firm* to obtain from the *client* necessary information for the *firm* to be able to make a recommendation.

The necessary information includes ensuring that the *client* has the necessary experience and knowledge to understand the risks involved in the transaction. If a client does not understand the risks and/or the firm does not have evidence that the client can demonstrate their understanding, then it is likely not to be appropriate, under the ■ COBS 9 requirements, to make a recommendation to transfer or convert.

- (b) The firm should make a clear record of the steps it has taken to satisfy itself on reasonable grounds that it has adequate evidence of the client's demonstration of their understanding of the risks.
- (3) When a firm is obtaining evidence as to whether the client can demonstrate that they understand the risks involved in the pension transfer or pension conversion, it should tailor its approach according to the experience, financial sophistication and/or vulnerability of each individual client.

Appropriate pension transfer analysis

- 19.1.2 R [deleted]
- 19.1.2A R [deleted]
- 19.1.2B To prepare an appropriate transfer analysis a *firm* must:
 - (1) assess the benefits likely to be paid and options available under the ceding arrangement;
 - (2) compare (1) with those benefits and options available under the proposed arrangement;
 - (3) where the proposed arrangement is a personal pension scheme, stakeholder pension scheme or defined contribution occupational pension scheme that is not a qualifying scheme, and a qualifying scheme is available to the retail client, compare the benefits and options available under the proposed arrangement with the benefits and options available under the default arrangement of the qualifying scheme; and
 - (4) undertake the analysis in (1), (2) and (3) in accordance with ■ COBS 19 Annex 4A and ■ COBS 19 Annex 4C.
- 19.1.2C ■ COBS 19.1.1-AR and ■ COBS 19.1.2BR do not preclude a firm from preparing other forms of the analysis (for example, stochastic cashflow modelling) which are relevant to making a personal recommendation to the retail client, as long as projected outcomes at the 50th percentile are no less conservative than if the analysis had been prepared in accordance with ■ COBS 19 Annex 4A and ■ COBS 19 Annex 4C.
- G 19.1.2D (1) This guidance applies if a firm presents information in the appropriate pension transfer analysis which considers the impact of:
 - (a) the Pension Protection Fund and the FSCS; or scheme funding or employer covenants.

- (2) If a *firm* presents the information in (1) it should, in accordance with *Principle* 7 and the *fair, clear and not misleading rule*, do so in a way that is balanced and objective.
- (3) If a *firm* does not have specialist knowledge in assessing the impact of (1)(a) or 1(b), it should consider not including the information.

19.1.2E G

- (1) This guidance applies if a firm presents information in the appropriate pension transfer analysis:
 - (a) that contains an indication of future performance; and
 - (b) is produced by a financial planning tool or cash flow model that uses different assumptions to those shown in the *key features illustration* for the *proposed arrangement*.
- (2) A *firm* presenting the information in (1) should explain to the *retail client* why different assumptions produce different illustrative financial outcomes.
- **19.1.3 G** [deleted]

Transfer value comparator

19.1.3A R

- (1) To prepare a transfer value comparator, a firm must compare the transfer value offered by the ceding arrangement with the estimated value needed today to purchase the future income benefits available under the ceding arrangement using a pension annuity (calculated in accordance with COBS 19 Annex 4B and COBS 19 Annex 4C).
- (2) The firm must provide the transfer value comparator to the retail client in a durable medium using the format and wording in COBS 19 Annex 5 and using the notes set out in COBS 19 Annex 5 1.2R.
- (3) When the *retail client* has passed the normal retirement age of the *ceding arrangement*, the *firm* must provide a *transfer value* comparator applying the retirement age assumed in the calculation of the transfer value.
- (4) Where the *ceding arrangement* allows the *retail client* to take their benefits at an age below the scheme's normal retirement age, with no reduction for early payment and where no consent is required, then the *firm* must provide a *transfer value comparator* assuming that the *retail client* will retire at this age.

Guidance on estimated transfer value

19.1.3B G

If a firm gives advice on conversion or transfer of pension benefits to a retail client under circumstances where the ceding arrangement is expected to be changed, or replaced by another scheme, the firm should:

- (1) prepare a provisional appropriate pension transfer analysis and transfer value comparator based on the information related to the changed or replacement scheme;
- (2) make reasonable assumptions about the changed or replacement scheme where the benefits are uncertain; and

- (3) set out in a provisional suitability report any assumptions and uncertainties to the retail client, which should clearly set out that the personal recommendation can only be finalised once the transfer value and changed or replacement arrangements are certain.

19.1.6

Guidance on assessing suitability

- (1) The guidance in this section relates to the obligations to assess suitability in ■ COBS 9.2.1R to ■ 9.2.3R.
- (2) When a firm is making a personal recommendation for a retail client who is, or is eligible to be, a member of a pension scheme with safeguarded benefits and who is considering whether to transfer, convert or opt-out, a firm should start by assuming that a transfer, conversion or opt-out will not be suitable.
- (3) A firm should only consider a transfer, conversion or opt-out to be suitable if it can clearly demonstrate, on contemporary evidence, that the transfer, conversion or opt-out is in the retail client's best interests.
- (4) To demonstrate (3), the factors a firm should take into account include:
 - (a) the retail client's intentions for accessing pension benefits;
 - (b) the retail client's attitude to, and understanding of the risk of giving up safeguarded benefits (or potential safeguarded benefits) for flexible benefits, taking into account the following
 - (i) the risks and benefits of staying in the ceding arrangement;
 - (ii) the risks and benefits of transferring into an arrangement with flexible benefits:
 - (iii) the retail client's attitude to certainty of income in retirement;
 - (iv) whether the retail client would be likely to access funds in an arrangement with flexible benefits in an unplanned way;
 - (v) the likely impact of (iv) on the sustainability of the funds over time;
 - (vi) the retail client's attitude to and experience of managing investments or paying for advice on investments so long as the funds last: and
 - (vii) the retail client's attitude to any restrictions on their ability to access funds in the ceding arrangement;

- (d) the retail client's realistic retirement income needs including:
 - (i) how they can be achieved;
 - (ii) the role played by safeguarded benefits (or potential safeguarded benefits) in achieving them; and
 - (iii) the consequent impact on those needs of a transfer, conversion or opt-out, including any trade-offs; and
- (e) alternative ways to achieve the *retail client's* objectives instead of the transfer, conversion or opt-out.
- (5) If a *firm* uses a risk profiling tool or software to assess a *retail client's* attitude to the risk in (4)(b) it should:
 - (a) check whether the tool or software is capable of taking into account at least those factors listed in (4)(b)(i) to (vii); and
 - (b) ensure that those factors which are not included are factored into the *firm's* assessment of the *client's* attitude to risk.
- (6) When a firm asks questions about a retail client's attitude to the risk in 4(b) it should consider the rules on communicating with clients (■ COBS 4), which require a firm to ensure that a communication is fair, clear and not misleading.
- (7) Where a qualifying scheme is available to the retail client, a firm considering making a personal recommendation to effect a pension transfer to a personal pension scheme, stakeholder pension scheme or defined contribution occupational pension scheme that is not a qualifying scheme:
 - (a) should start by assuming that it will not be as suitable as a transfer to the *default arrangement* of an available *qualifying scheme*; and
 - (b) will need to be able to demonstrate clearly that, as at the time of the *personal recommendation*, it is more suitable than a transfer to the *default arrangement* of an available *qualifying scheme*.
- (8) For the purposes of (7):
 - (a) a *qualifying scheme* is available to the *retail client* where it accepts transfers from other schemes into its *default* arrangement; and
 - (b) where more than one *qualifying scheme* is available to the *retail client*, the *firm* should consider the available *qualifying scheme* that the *retail client* most recently joined, but may, in addition, also consider any of the other *qualifying schemes* available to the *retail client*.
- (9) To demonstrate (7)(b) the *firm* may, subject to (10), take into account one or more of the following considerations:
 - (a) the retail client provides evidence of experience at making active investment choices as a self-investor or as an advised investor (except in relation to investments in the default arrangement of a qualifying scheme or in a mortgage endowment policy or similar product);
 - (b) where the *retail client* wishes to access the funds within 12 *months* of entering into pension decumulation and the *qualifying*

scheme does not offer the retail client a decumulation option that would enable the retail client to achieve their desired outcome.

- (10) In taking into account the considerations in (9), as well as any other considerations that the firm may decide to take into account when demonstrating 7(b), the firm should also consider:
 - (a) whether those considerations are so important to the *client* as to outweigh other considerations in favour of the default arrangement of the available qualifying scheme; and
 - (b) why the outcome sought by transferring to a personal pension scheme, stakeholder pension scheme or defined contribution occupational pension scheme that is not a qualifying scheme cannot be achieved by transferring to the qualifying scheme.
- (11) The presence of one or more of the following circumstances should not be taken as sufficient to demonstrate that the personal recommendation in (7) is suitable:
 - (a) one of the retail client's objectives is to have access to a wider range of investment options than available under the default arrangement of the qualifying scheme;
 - (b) the transfer is to take place more than 12 months before the retail client enters into pension decumulation; and/or
 - (c) the retail client will enter into pension decumulation within the next 12 months, but the retail client has not yet decided whether or how they will access their funds.

Working with another adviser

G 19.1.6A

- (1) This guidance relates to the obligations to assess suitability in ■ COBS 9.2.1R to ■ 9.2.3R.
- (2) Paragraphs (3) and (4) apply in the following situations:
 - (a) where two or more firms are involved in providing both advice on pension transfers, pension conversions and pension opt-outs and advice on investments in relation to the same transaction;
 - (b) where two or more *employees* within the same *firm* are involved in providing both advice on pension transfers, pension conversions and pension opt-outs and advice on investments in relation to the same transaction.
- (3) In such situations, firms should work together (or ensure their employees work together) to:
 - (a) obtain information from the retail client under COBS 9.2.2R(1) that is sufficient to inform both the advice on pension transfers, pension conversions and pension opt-outs and the advice on investments; and
 - (b) obtain information from the *retail client* under COBS 9.2.2R(2) about the client's preferences regarding risk taking and their risk profile that covers both the risk in ■ COBS 19.1.6R(4)(b) and the risk in ■ COBS 19.1.6R(4)(c).
- (4) In such situations, the firm(s) providing the advice on investments in relation to the proposed transaction should ensure that (where

relevant) the advice takes into account the impact of any loss of safeguarded benefits (or potentially safeguarded benefits) on the retail client's ability to take on investment risk.

Arranging without making a personal recommendation

19.1.7C If a firm arranges a pension transfer, pension conversion or pension opt-out for a retail client without making a personal recommendation in relation to the pension transfer, pension conversion or pension opt-out it must:

- (1) make a clear record of the fact that the *firm* has not given that personal recommendation to the client;
- (1A) where the *pension transfer* or *pension conversion* is within the scope of the requirement in section 48 of the Pension Schemes Act 2015:
 - (a) not proceed with the arrangements until it has received confirmation, from the firm that gave the advice to the retail client, that the retail client has received a personal recommendation in accordance with the requirements of
 COBS 19.1 (and that it was not abridged advice); and
 - (b) if the client has received a *personal recommendation*, ask whether or not the recommendation was to transfer or convert; and
 - (c) retain clear records showing evidence of (a) and (b);
- (1B) where the recommendation in (1A) was not to transfer or convert the retail client's subsisting rights in respect of safeguarded benefits, the firm arranging the pension transfer or pension conversion must:
 - (a) warn the *retail client* that they are acting against advice not to transfer or convert;
 - (b) ask the *retail client* whether they understand the consequences of acting against advice;
 - (c) where the *retail client* does not understand the consequences of acting against advice, refuse to arrange the *pension transfer* or conversion and instead refer the *retail client* back to the *firm* that advised them not to transfer or convert for an explanation of that advice; and
 - (d) retain a record of the communications with the *retail client* that evidence compliance with the requirements in (a) to (c);
 - (2) retain the records in (1), (1A) and (1B) indefinitely.

Where the advice referred to in COBS 19.1.7CR(1A) was abridged advice, the firm being asked to arrange the transfer or conversion should not ask the advising firm for confirmation of the abridged advice given. The firm is not

permitted to arrange the relevant pension transfer or pension conversion where the advice given was abridged advice.

19.1.7E R

Where the firm that has given advice to a retail client is asked by a firm arranging a pension transfer or pension conversion that is within the scope of the requirement in section 48 of the Pension Schemes Act 2015 to:

- (a) provide a confirmation that the retail client has received a personal recommendation in accordance with the requirements of ■ COBS 19.1 (and that it was not abridged advice); and
- (b) if the client has received a personal recommendation, confirm whether or not the recommendation was to transfer or convert,

the advising firm must provide the requested information to the firm arranging a pension transfer or pension conversion as soon as reasonably practicable.

Suitability reports

19.1.8 G

If a firm provides a suitability report to a retail client in accordance with ■ COBS 9.4.2AR it should include:

- (1) a summary of the advantages and disadvantages of its personal recommendation:
- (2) an analysis of the financial implications (if the recommendation is to opt-out);
- (2A) a summary of the key outcomes from the appropriate pension transfer analysis (if the recommendation is to transfer or convert); and
 - (3) a summary of any other material information.

19.1.9 G

If a firm proposes to advise a retail client not to proceed with a pension optout, it should give that advice in writing.

19.1.9A

Prior to finalising the firm's personal recommendation, a firm seeking evidence that the *client* can demonstrate their understanding of the risks in accordance with ■ COBS 19.1.1CR(5) must:

- (1) make a clear record of either:
 - (a) the evidence showing that the *client* demonstrated that they understood the risks involved in effecting a pension transfer or pension conversion and the steps taken by the firm to obtain that; or
 - (b) if the firm could not obtain evidence that the client could demonstrate that understanding and the firm did not change to a recommendation not to transfer, the steps taken by the firm to obtain the evidence and clear evidence and explanation of how the firm satisfied itself on reasonable grounds that it was still suitable to continue to make the same personal recommendation; and
- (2) retain the records in (1) indefinitely.

The statutory advice requirement

19.1.10 G

- (1) Where a *firm* has advised a *retail client* in relation to a *pension* transfer or pension conversion and the *firm* is asked to confirm this for the purposes of section 48 of the Pension Schemes Act 2015, then the *firm* should provide such confirmation as soon as reasonably practicable.
- (2) The *firm* should provide the confirmation regardless of whether it advised the *client* to proceed with a *pension transfer* or *pension conversion* or not.

Triage services

19.1.11 **G**

The table in ■PERG 12 Annex 1G includes examples of when a *firm* is and is not *advising on conversion or transfer of pension benefits* when it has an initial "triage" conversation with a potential customer. The purpose of triage is to give the customer sufficient information about *safeguarded benefits* and *flexible benefits* to enable them to make a decision about whether to take *advice on conversion or transfer of pension benefits*.

19.1A Abridged advice on pension transfers and pension conversions

[Note: The FCA has also issued non-Handbook guidance for firms who advise on pension transfers. See https://www.fca.org.uk/publication/finalisedguidance/fg21-3.pdf]

Application

- 19.1A.1 This section applies to a firm which gives abridged advice in relation to a pension transfer or pension conversion to a retail client.
- 19.1A.2 A firm may not give abridged advice to the extent that the safeguarded benefits involved are guaranteed annuity rates.

Options when providing abridged advice

- 19.1A.3 A firm giving a retail client abridged advice must either:
 - (1) make a personal recommendation that the client remains in their ceding arrangement; or
 - (2) do all of the following:
 - (a) inform the *client* that they are unable to take a view on whether it is in the *client's* best interests to transfer or convert without undertaking full pension transfer or conversion advice, even when the firm considers that it may be in the client's best interests;
 - (b) check if the *client* wants the *firm* to provide *full pension transfer* or conversion advice and check that the client understands the associated cost: and
 - (c) (if the firm has reason to believe that the client is suffering from serious ill-health or experiencing serious financial difficulty) make the *client* aware of the implications for the level of *adviser* charges if the client proceeded to full pension transfer or conversion advice.

Guidance about proceeding from abridged advice to full pension transfer or conversion advice

- 19.1A.4 This guidance applies where a firm has given abridged advice to a retail client and the client wishes to proceed to full pension transfer or conversion advice.
 - (1) Where the outcome of the abridged advice was a personal recommendation that the client remains in their ceding arrangement, the FCA's expectation is that in most cases the outcome of full

- pension transfer or conversion advice will be a personal recommendation that the client remains in their ceding arrangement.
- (2) Where the outcome was a statement that the *firm* was unable to take a view on whether it would be in the *client's* best interests to transfer or convert without undertaking *full pension transfer or conversion advice*, the *FCA's* expectation is that the outcome of *full pension transfer or conversion advice* could still be a *personal recommendation* that the *client* remains in their *ceding arrangement*.

Inability to provide confirmation for the purposes of section 48 of the Pension Schemes Act 2015

19.1A.5 R A firm must not provide a confirmation for the purposes of section 48 of the Pension Schemes Act 2015 unless it has provided full pension transfer or conversion advice.

Prohibition

- 19.1A.6 R A firm must not carry out appropriate pension transfer analysis and/or prepare a transfer value comparator and/or consider the proposed arrangement when providing abridged advice to a retail client.
 - Requirement to use a pension transfer specialist
- 19.1A.7 R A firm must ensure that abridged advice is given or checked by a pension transfer specialist.

Relevant guidance about assessing suitability

- 19.1A.9 G If a *firm* provides a suitability report to a *retail client* in accordance with COBS 9.4.2AR it should include (in addition to the requirements in COBS 9.4):
 - (1) a summary of the advantages and disadvantages of its *personal* recommendation; and
 - (2) a summary of any other material information that would assist the client in understanding the basis of the advice.
- 19.1A.10 R A firm must not arrange a transaction for a client where only abridged advice has been given.
- (1) This *guidance* relates to a *firm's* obligations to assess suitability in accordance with COBS 9.2.1R to 9.2.3R.
 - (2) A *firm* should start by assuming that a *pension transfer* or *pension conversion* will not be suitable.
 - (3) For the purposes of the provision of *abridged advice*, the factors a *firm* should take into account include:

- (a) the retail client's intentions for accessing pension benefits;
- (b) the retail client's attitude to, and understanding of the risk of, giving up safeguarded benefits for flexible benefits, taking into account the following factors:
 - (i) the risks and benefits of staying in the ceding arrangement;
 - (ii) the risks and benefits of transferring from the ceding arrangement into an arrangement with flexible benefits;
 - (iii) the retail client's attitude to certainty of income in retirement:
 - (iv) whether the retail client would be likely to access funds in an arrangement with flexible benefits in an unplanned way;
 - (v) the likely impact of (iv) on the sustainability of the funds over time;
 - (vi) the retail client's attitude to, and experience of, managing investments or paying for advice on investments so long as the funds last; and
 - (vii) the retail client's attitude to any restrictions on their ability to access funds in the ceding arrangement;
- (c) the retail client's realistic retirement income needs including:
 - (i) how they can be achieved;
 - (ii) the role played by safeguarded benefits in achieving them;
 - (iii) the consequent impact on those needs of a *pension transfer* or *pension conversion*, including any trade-offs in broad terms:
- (d) alternative ways to achieve the retail client's objectives instead of the pension transfer or pension conversion;
- (e) the retail client's attitude to, and understanding of, investment risk:
- (4) If a firm uses a risk profiling tool or software to assess a retail client's attitude to the risk in (3)(b) it should:
 - (a) check whether the tool or software is capable of taking into account at least those factors listed in (3)(b)(i) to (vii); and
 - (b) ensure that those factors which are not included are factored into the firm's assessment of the client's attitude to risk.
- (5) When a firm asks questions about a retail client's attitude to the risk in 3(b) it should ensure they are fair, clear and not misleading in accordance with ■ COBS 4.

Guidance about charging for abridged advice

19.1A.12 G

- (1) A firm may provide abridged advice to a retail client free of charge. However, if they do, and the conclusion is that they are unable to give a personal recommendation without carrying out full advice on pension transfers or conversions, a firm will need to ensure it is able to demonstrate how it still complies with Principle 8 (Conflicts of interest), and the rules on contingent charging (COBS 19.1B).
- (2) A firm that charges a client twice for what is, in essence, the same service is likely to be acting inconsistently with Principle 2, Principle 6

and *Principle* 8. As a result, a *firm* will be expected to offset the *adviser charges* paid by a *retail client* for the provision of *abridged advice* from the amount it would have otherwise charged that *retail client* for the provision of *full pension transfer or conversion advice*.

19

19.1B Ban on contingent charging for pension transfers and conversions

[Note: The FCA has also issued non-Handbook guidance for firms who advise on pension transfers. See https://www.fca.org.uk/publication/finalisedquidance/fq21-3.pdf]

Application

19.1B.1 R This section applies to a *firm* in relation to the provision of:

- (1) advice on conversion or transfer of pension benefits except where:
 - (a) the only safeguarded benefit involved is a guaranteed annuity rate: or
 - (b) it is abridged advice;
- (2) investment advice or other services in connection with a pension transfer or pension conversion (including, but not limited to, implementing and arranging a pension transfer or pension conversion);
- (3) ongoing advice or other services in relation to rights or interests in a non-DB pension scheme derived in whole or part from a pension transfer or pension conversion; or
- (4) any related services.

Purpose

19.1B.2

The purpose of this section is to ensure that firms' charging structures, either individually or taken together with other associates, do not create any potential for a conflict of interest relating to, or an incentive to recommend or effect, a pension transfer or a pension conversion to a retail client.

Ban on contingent charging

19.1B.3 R Except as specified in ■ COBS 19.1B.9(1) or ■ (2), a firm must ensure that both the methodology for calculating any part of, and the total value of, the firm's adviser charges, employer or trustee funded pension advice charge or remuneration do not vary depending on whether or not:

- (1) the firm makes a personal recommendation to a retail client to effect a pension transfer or a pension conversion; and/or
- (2) the retail client effects a pension transfer or a pension conversion; and/or
- (3) (in relation to ongoing advice or other services in relation to the retail client's rights or interests in a non-DB pension scheme) the

R

rights or interests in the *non-DB pension scheme* include sums derived from a *pension transfer* or a *pension conversion*.

19.1B.4

Where:

- one firm carries out multiple services for a particular retail client; and/ or
- (2) a *firm* and one or more *firms* that are its *associates* (including any other *firm* providing *investment advice* in relation to a *proposed arrangement*) are involved then,
 - COBS 19.1B.3R applies to the *firm* in relation to both the methodology for calculating any part of, and the total value of, the *adviser charges*, *employer or trustee funded pension advice charge* and/or *remuneration* of the *firm* and, where applicable, any of those *associates*.

19.1B.5 R

- (1) A *firm* must not allow itself to be part of any charging structure or arrangement (operated by the *firm* or any *associate*) which could create a potential incentive to any *firm* or any *firm* that is its *associate* to recommend or arrange a *pension transfer* or a *pension conversion* to or for a *retail client* or otherwise could circumvent the *rules* in this section.
- (2) This includes charging structures in relation to the pricing of other goods or services provided to the *client* or a connected *person* at any time by any *firm* involved in the *pension transfer* or *pension conversion* arrangements, or by any *associate* of the *firm*.

Examples of unacceptable practices

19.1B.6 G

The following *evidential provisions* provide examples of charging arrangements the *FCA* considers will breach the *rules* in this section.

19.1B.7 E

- (1) A firm should not charge and/or receive adviser charges, employer or trustee funded pension advice charges and/or remuneration, that are higher, when taken together, if the recommendation is to effect a transfer or conversion than if the recommendation is not to do so.
- (2) A *firm* and/or any of its *associates* that are *firms* should not charge and/or receive *remuneration* of a higher amount for their ongoing advice or services in relation to the funds in a *non-DB pension scheme* than they charge or receive where the funds are not derived from a *pension transfer* or a *pension conversion*.
- (3) A *firm* should not purport to charge a *retail client* the same for advice that recommends a *pension transfer* or a *pension conversion* as it would for advice that does not recommend a transfer or conversion, but not take reasonable steps to enforce payment of the full amount of the charge by the *retail client* where the advice is not to transfer or convert.
- (4) A *firm* should not charge a lower amount for any other services provided, or to be provided, by the *firm* or an *associate* to the *retail client* or, anyone connected to the *retail client*, if the *client* is advised not to transfer or convert.

- (5) A firm should not subsequently vary its adviser charges, employer or trustee funded pension advice charge and/or remuneration for advice and/or related services so that in practice they become dependent on the outcome of a personal recommendation or whether the retail client effects a pension transfer or a pension conversion.
- (6) A firm should not charge less in relation to full pension transfer or conversion advice (including charges for abridged advice) than it would do if it provided investment advice on the investment of the same size of pension funds but which did not include funds from a pension transfer or a pension conversion. This does not apply in relation to full pension transfer or conversion advice where part of the charge is payable by an employer or trustee funded advice charge.
- (7) A firm should not undertake some services related to full pension transfer or conversion advice, such as parts of appropriate pension transfer analysis or transfer value comparator, then decline to advise further and not charge for the work undertaken.
- (8) Contravention of:
 - (a) either of (1) or (2) may be relied upon as tending to establish contravention of ■ COBS 19.1B.3R; and
 - (b) any of (3) to (7) may be relied upon as tending to establish contravention of ■ COBS 19.1B.5R.

Guidance about charging for full pension transfer or conversion advice

19.1B.8 G

- (1) A firm may provide full pension transfer or conversion advice to a retail client free of charge in exceptional cases, even if they do not fall within the exceptions in ■ COBS 19.1B.9R(1) or ■ (2). This may be, for example, where the firm is acting entirely pro-bono on humanitarian grounds, or is helping a close family friend, where the firm can demonstrate that the rules on contingent charging in this chapter are not being breached. For example, where all of the related services provided (by the firm or any associate) are also free of charge. The firm will also need to show that the advice was free of charge irrespective of whether or not the advice results in a recommendation to transfer or convert.
- (2) Where a firm has provided a retail client with abridged advice and with full pension transfer or conversion advice, it should charge the retail client taking into account the guidance in ■ COBS 19.1A.12G(2).

Exceptions to the ban on contingent charging

19.1B.9

A firm need not comply with ■ COBS 19.1B.3R or ■ COBS 19.1B.5R in relation to full pension transfer or conversion advice if it has satisfied itself, on reasonable grounds and based on adequate supporting evidence, that the retail client is unable to pay for full pension transfer or conversion advice without using funds that are not reasonably available, and is either:

- (1) suffering from serious ill-health; or
- (2) (a) experiencing serious financial difficulty or likely would be if they had to pay for full pension transfer or conversion advice on a non-contingent basis; and

(b) would be able to access their pension fund immediately after a pension transfer or a pension conversion has taken effect.

19.1B.10 R

A firm that charges a retail client in relation to full pension transfer or conversion advice on a contingent basis in reliance on ■ COBS 19.1B.9R(1) or ■ (2), must ensure that the methodology for calculating, and the total value of, the firm's and any associate's adviser charges, employer or trustee funded pension advice charge or remuneration for that advice, any related service, and any ongoing advice or other services in relation to the retail client's rights or interests in a non-DB pension scheme, is not higher than if they had charged the retail client in relation to full pension transfer or conversion advice on a non-contingent basis.

19.1B.11 G

A client is likely to meet the requirements for serious ill-health where:

- (1) the *retail client* has a particular medical condition, as shown by reliable medical reports or records; and
- (2) there are reputable sources of medical information to evidence that the medical condition in question results, in the majority of cases, in a life expectancy below age 75.

19.1B.12 **G**

A *client* is likely to meet the requirement that they are unable to pay for *full* pension transfer or conversion advice without using funds that are not reasonably available where the amount of their reasonably available savings and investments is below the cost of *full* pension transfer or conversion advice.

19.1B.13 G

The types of circumstances in which a *client* is likely to be able to show they are experiencing *serious financial difficulty* include where continuing to pay domestic bills and credit commitments is a heavy burden on the *client* and the *client* has missed payments for any credit commitments and/or any domestic bills in any three or more of the last six *calendar months*.

Examples of unacceptable reasons for relying on an exception to the ban on contingent charging

19.1B.14 G

The following evidential provisions provide examples of what the FCA considers to be unacceptable reasons for relying on the serious financial difficulty and serious ill health exceptions and which, if relied on by a firm, the FCA considers will breach the rules in this section.

19.1B.15 E

- (1) A *firm* should not be satisfied that a *client* meets the requirements for *serious ill-health* where a *client* is only able to demonstrate an expected reduced life expectancy due to lifestyle factors (for example smoking or drinking alcohol) and not a medical condition.
- (2) A *firm* should not be satisfied that a *client* meets the requirements for *serious financial difficulty* where a *client* is experiencing *serious financial difficulties* because of incurring non-essential expenditure.
- (3) A *firm* should not be satisfied that a *client* will be able to access their pension fund immediately after a *pension transfer* or *pension*

- conversion (relevant to serious financial difficulty) unless the client has been able to demonstrate to the satisfaction of the firm the basis on which they would be able to access their pension fund immediately after a pension transfer or pension conversion.
- (4) A firm should not be satisfied that a client is unable to pay for full pension transfer or conversion advice where a client is able to access reasonably available savings or investments to pay for full pension transfer or conversion advice but does not wish to access these to pay for advice.
- 19.1B.16 R Contravention of any of ■ COBS 19.1B.15E (1) to ■ (4) may be relied upon as tending to establish contravention of ■ COBS 19.1B.9R and therefore ■ COBS 19.1B.3R or ■ COBS 19.1B.5R.

Additional record-keeping requirements for a firm relying on an exception in COBS 19.1B.9R(1) or (2)

19.1B.17 In addition to any other record-keeping requirements to which the firm is subject, a firm charging a retail client on a contingent basis in reliance on one of the exceptions in ■ COBS 19.1B.9R(1) or ■ (2) must make and retain indefinitely a record of the evidence it relied upon to satisfy itself that all the relevant requirements in ■ COBS 19.1B.9R were met in relation to the retail client.

19.2 Personal pensions, FSAVCs and AVCs

Financial promotions

19.2.1 G

A financial promotion for a FSAVC should contain a prominent warning that, as an alternative an AVC arrangement exists, and that details can be obtained from the scheme administrator (if that is the case).

Suitability

19.2.2 R

When a firm prepares a suitability report it must:

- (1) (in the case of a *personal pension scheme*), explain why it considers the *personal pension scheme* to be at least as suitable as a *stakeholder pension scheme*;
- (2) (in the case of a personal pension scheme, stakeholder pension scheme or FSAVC) explain why it considers the personal pension scheme, stakeholder pension scheme or FSAVC to be at least as suitable as any facility to make additional contributions to an occupational pension scheme, group personal pension scheme or group stakeholder pension scheme which is available to the retail client; and
- (3) (in the case of a pension transfer, other than where the only safeguarded benefit involved is a guaranteed annuity rate, where the proposed arrangement is a personal pension scheme, stakeholder pension scheme or defined contribution occupational pension scheme that is not a qualifying scheme) explain why, at the time of the personal recommendation, it considers the proposed arrangement to be more suitable than the default arrangement of an available qualifying scheme.
- 19.2.3 R

When a *firm* promotes a *personal pension scheme*, including a *group* personal pension scheme, to a group of *employees* it must:

- (1) be satisfied on reasonable grounds that the scheme is likely to be at least as suitable for the majority of the *employees* as a *stakeholder pension scheme*; and
- (2) record why it thinks the promotion is justified.

Attachment (or earmarking) orders

- G 19.2.4
 - A firm should take into account the existence of any attachment (or earmarking) orders in respect of a client's personal pension scheme or stakeholder pension scheme.
- 19.2.5 G
- (1) An operator should ensure that it is aware of, and acts fully in accordance with, any attachment or earmarking orders made in respect of any members of that scheme by a court.
- (2) In particular, an operator should be mindful of its obligations under an attachment order to give notices to other parties, including transferee operators and relevant former spouses, where relevant events occur, such as transfers and significant reductions in benefits.
- (3) A firm, when advising a client in relation to a personal pension scheme or stakeholder pension scheme, or in relation to a pension transfer or pension conversion, should enquire as to whether an attachment order exists and take it into account accordingly.

19.3 Product disclosure to members of occupational pension schemes

19.3.1 R

- (1) When a firm sells, personally recommends or arranges the payment of an AVC contribution by a member of an occupational pension scheme to be secured by a packaged product purchased by the scheme trustees, it must give the trustees sufficient information to pass to the relevant member for that member to be able to make informed comparisons between the AVC and any alternative personal pension schemes and stakeholder pension schemes available.
- (2) This *rule* applies to an *AVC* where members' benefits are linked to the earmarked segments of a *life policy* or *scheme*, but it does not apply to an *AVC* where the trustees make pooled investments and have their own arrangements for allocating investment returns to determine members' *AVC* benefits.

19.4.5A R

- (1) A firm must give a retail client an open market options statement:

 - (b) between four to ten weeks before the *client* reaches each birthday that is at five year intervals after the *client's* 50th birthday.
 - (c) [deleted]
- (1A) The requirement in (1) does not apply if:
 - (a) the *firm* has given the *client* such a statement in the last 12 *months*; or
 - (b) the *client's* pension fund is fully crystallised; or

Retirement risk warnings

19.4.8A G This section sets out the steps a *firm* must take to prepare and identify appropriate retirement risk warnings.

Step 1: prepare retirement risk warnings

19.4.8B A firm must prepare the retirement risk warnings before providing the R appropriate retirement risk warnings required by ■ COBS 19.4.6AR for the first time, and must also keep the warnings up to date.

19.4.8C

R

To prepare retirement risk warnings a firm must:

- (1) identify the main risk factors relevant to *retail clients'* exercise of open market options; and
- (2) prepare appropriate retirement risk warnings in relation to each of those risk factors.

19.4.8D G

- (1) Examples of the risk factors relevant to *retail clients'* exercise of open market options include:
 - (a) the client's age and intended retirement date;
 - (b) the amount of the client's pension savings;
 - (c) if there are ongoing employer contributions;
 - (d) the existence of means-tested benefits;
 - (e) protection under the compensation scheme; and
 - (f) the *client's* need to review, make further decisions about, or take further actions in relation to their pension savings depending on their intended investment objectives.
- (2) Firms should also have regard to the examples of risk factors which relate to pension decumulation products at COBS 19.7.12G.

Step 2: identify which warnings to give a retail client

19.4.8E R

To provide appropriate retirement risk warnings a firm must:

- (1) using information held about the *retail client* and their open market options, identify what risk factors are most likely to be present; and
- (2) provide appropriate retirement risk warnings to the *retail client* in relation to the risk factors identified in (1).

19.4.8F

G

If it is unclear whether a risk factor is present, a *firm* should assume that the risk factor is present and give the *client* the appropriate retirement risk warning.

19.4.8G

G

■ COBS 19.4.8J requires a *firm* to use only one A4-sized page for a *client's* retirement risk warnings. A *firm* should prioritise those risk warnings it considers to be the most relevant to the *retail client's* exercise of open market options.

19.4.8H

R

Retirement risk warnings which are provided between:

- (1) four to ten weeks before the client reaches 55 years of age; and
- (2) seven months before the retail client's intended retirement date,

must include a clear and prominent statement that accessing pension savings at this point in time may not be the best option.

- 19.4.81

The firm must provide the retail client with the following information separately to the retirement risk warnings:

- (1) the key assumptions that were used to prepare the retirement risk warnings; and
- (2) the personal data it relied on to provide the retirement risk warnings.

Presentation of retirement risk warnings

- 19.4.8J R
- (1) The retirement risk warnings must not exceed a single side of A4sized paper when printed.
- (2) The requirement in (1) does not apply if a retail client asks for the retirement risk warnings to be provided in an accessible format and the fulfilment of that request will necessitate the use of more than a single side of A4-sized paper.

Reminder

19.4.9

At least six weeks before the retail client's intended retirement date the firm must:

.....

- (1) remind the *client* about the open market options statement;
- (2) tell the *client* what sum of money will be available to exercise open market options;
- (3) provide the *client* with a clear and prominent statement recommending that the client uses the pensions guidance and that appointments are available; and
- (4) recommend that the *client* seeks appropriate guidance or advice to understand their options at retirement.
- 19.4.10
- R

The reminder must not include financial promotions for a pension decumulation product.

Key features illustrations

- 19.4.11
- A firm must not provide a key features illustration to a retail client for a pension decumulation product, excluding a small lump sum payment, unless:
 - (1) it is required to provide the *client* with the *key features illustration* in accordance with the rules on providing product information to clients (■ COBS 14.2.1R);
 - (2) without prompting by the firm, the client requests the key features illustration:
 - (3) it includes a key features illustration for each of the pension decumulation product options that it offers; or
 - (4) it includes multiple key features illustrations as indicative representations of each of the pension decumulation product options that it offers.

Communications about annuity options

- 19.4.12 R
- When a *firm* communicates with a *retail client* about their *pension annuity* options the *firm* must provide the *client* with information about how their circumstances can affect retirement income calculations and payments for *pension annuities* offered by the *firm* and on the open market.
- 19.4.13 G

For the purpose of ■ COBS 19.4.12R, examples of the circumstances which can affect retirement income calculations and payments include:

- (1) the client's marital status;
- (2) whether the client has dependants;
- (3) whether the *pension annuity* provides a fixed, increasing or decreasing income;

the certainty of income associated with an annuity;

- (5) the client's state of health; and
- (6) the client's lifestyle choices.

Communications about drawdown and uncrystallised funds pension lump sum options

19.4.14 R

When a *firm* communicates with a *retail client* about their *drawdown* pension and *uncrystallised funds* pension lump sum options, the *firm* must provide the *client* with such information as is necessary for the *client* to make an informed decision including, where relevant, information about:

- (1) how the remaining fund is invested;
- (2) sustainability of income over time including;
 - (a) the extent to which any income is guaranteed; and
 - (b) implications of full encashment on the client's retirement income;
- (3) the need to review, make further decisions about, or take further actions during the life of the pension decumulation product;
- (4) impact on means-tested benefits;
- (5) the effect of costs and charges on the client's income; and
- (6) tax implications.

Communications about options to access pension savings

- 19.4.15 G
- A firm should ensure that when it makes any communication with a retail client concerned with the client's options to access their pension savings it has regard to the fair, clear and not misleading rule, the client's best interests rule and Principles 6 and 7. In particular a firm should:
 - (1) refer to the contents of the *MoneyHelper* fact sheet to identify what information might assist the *client* to understand their options;
 - (2) consider whether it needs to include or refer to any information contained in the *MoneyHelper* fact sheet;

- (3) ensure that the content, presentation or layout of any:
 - (a) pension decumulation product information; or
 - (b) information provided in accordance with COBS 19.4.6AR(2)(e), including information accessed via hypertext links or online calculators,

does not disguise, diminish or obscure important information or messages contained in the fact sheet or the single page summary document;

- (4) prominently highlight the ability to shop around and state clearly that other providers might offer pension decumulation products that are more appropriate for the client's needs and circumstances and may offer a higher level of retirement income;
- (5) present information in a logical order, using clear and descriptive headings and where appropriate cross-references and sub-headings to aid navigation; and
- (6) where possible, use plain language and avoid the use of jargon, unfamiliar or technical language or, where this is not possible, provide easily accessible accompanying explanations in plain language.

Signposting pensions guidance

19.4.16

- (1) When a firm communicates with a retail client about the retail client's personal pension scheme, stakeholder pension scheme, FSAVC, retirement annuity contract or pension buy-out contract which is provided by the firm, unless the circumstances in (2) apply, the firm must:
 - (a) refer to the availability of the pensions guidance;
 - (b) offer to provide the *client* with information about how to access the pensions guidance; and
 - (c) include a recommendation that the *client* seeks appropriate guidance or advice to understand their options at retirement.
- (2) A firm is not required to provide the client with the statement required in (1) where:
 - (a) the *firm* communicates with the *client* for a purpose other than:
 - (i) encouraging the client to think about their open market options; or
 - (ii) facilitating access to the client's pension savings; or
 - (b) the client has already accessed the pensions guidance; or
 - (c) the *client* has already received advice from a *firm* on their open market options, for example from an independent financial adviser: or
 - (d) the *firm* is providing the *client* with an open market options statement or six-week reminder in accordance with ■ COBS 19.4.5AR or ■ COBS 19.4.9R.

- 19.4.17
- An example of behaviour by or on behalf of a *firm* that is likely to contravene the *client's best interests rule* or *Principle* 6 and may contravene other *Principles* is for a *firm* to actively discourage a *retail client* from using the *pensions guidance*, for example by:
 - (1) leading the *client* to believe that using the *pensions guidance* is unnecessary or would not be beneficial; or
 - (2) obscuring the statement about the availability of the *pensions* guidance or any other information relevant to the exercise of open market options.

Tax implications

- 19.4.18 R
- If a *firm* receives an application from a *retail client* to access some or all of their pension savings, the *firm* must provide the *client* with a description of the tax implications before the *client* accesses their pension savings.

- 19.4.19 R
- A *firm* is not required to provide the information in COBS 19.4.18R where it is provided in accordance with COBS 14.2.1R.

Purpose

19.5.1B G

The purpose of this section is:

(1) to ensure that relevant policyholders and pathway investors benefit from independent review of the investments they invest in through the establishment of an IGC or (where appropriate) a governance advisory arrangement.

......

The specific objectives of the *IGC* or *governance advisory* arrangement are to:

- (a) assess whether a *firm* provides value for money for *relevant* policyholders or pathway investors;
- (b) provide an independent consideration of a firm's policies on:
 - (i) ESG financial considerations;
 - (ii) non-financial matters;
 - (iii) stewardship; and
 - (iv) where applicable, other financial considerations to the extent that they pose a particular and significant risk of financial harm to the relevant policyholders or pathway investors.

Requirement to establish an IGC

19.5.2

A firm (Firm A) must establish an IGC, unless:

- (1) Firm A has established a governance advisory arrangement in accordance with ■ COBS 19.5.3R; or
- (2) another firm in Firm A's group has already established an IGC under this section, and Firm A has made arrangements with that IGC to cover a relevant scheme operated by Firm A or a pathway investment offered by Firm A.

Governance advisory arrangements

19.5.3 R

- (1) If a firm considers it appropriate, it may establish a governance advisory arrangement instead of an IGC, having regard to:
 - (a) for a relevant scheme operator, the size, complexity and nature of the relevant scheme it operates; or
 - (b) for a pathway firm, the size of the take up, or expected size of the take up, complexity and nature of the pathway investment.
- (2) If a firm has decided to establish a governance advisory arrangement rather than an IGC, this section (other than ■ COBS 19.5.9R (2), ■ COBS 19.5.9R (3), ■ COBS 19.5.10 G, ■ COBS 19.5.11 R and ■ COBS 19.5.12 G) apply to the firm by reading references to the IGC as references to the governance advisory arrangement.
- (3) A firm must establish a governance advisory arrangement on terms that secure the independence of the governance advisory arrangement and its Chair from the firm.

19.5.4 G

- (1) Firms with large or complex relevant schemes should establish an IGC. For the purposes of this section, a *firm* may determine whether it has large relevant schemes by reference to:
 - (a) the number of relevant policyholders in relevant schemes;
 - (b) the funds under management in relevant schemes; and
 - (c) the number of employers contributing to *relevant schemes*.
- (2) Examples of features that might indicate complex schemes include:
 - (a) schemes that are operated on multiple information technology systems;
 - (b) schemes that have multiple charging structures;
 - (c) schemes that offer a with-profits fund; and
 - (d) the firm offers relevant policyholders access to investment funds it operates or which are operated by an entity with the same ownership.
- (3) A pathway firm that has, or expects to have, a large take up of a pathway investment should establish an IGC.
- (4) A firm may determine whether it has, or expects to have, a large take up of a pathway investment by reference to:
 - (a) the number of retail clients invested, or expected to invest, in a pathway investment offered by the firm; or

- (b) the amount of the *firm's* pathway investors' funds under, or expected to be under management in a *pathway investment* offered by the *firm*.
- (5) Examples of features that might indicate a complex *pathway investment* include:
 - (a) a pathway investment that has multiple charging structures; or
 - (b) a pathway investment that uses a sophisticated or complex investment strategy, which may include investments in a withprofits fund.
- (6) Having regard to the nature of the *pathway investment*, a *firm* may consider that it is more appropriate to use a *governance advisory* arrangement where the *pathway investment* it offers is *manufactured* by another *firm*.
- (7) If a *firm manufactures* its own *pathway investment*, it may be more appropriate for the *firm* to establish an *IGC*.
- (8) A *firm* should consider establishing an *IGC* instead of a *governance* advisory arrangement if the *firm* both operates a *relevant scheme* and also *manufactures* its own *pathway investment*.

Terms of reference for an IGC

19.5.5 R

A *firm* must include, as a minimum, the following requirements in its terms of reference for an *IGC*:

- (1) the IGC will act solely in the interests of:
 - (a) relevant policyholders and any other members or clients a firm asks the IGC to consider; or
 - (b) pathway investors;
- (2) the *IGC* will assess the ongoing value for money for *relevant* policyholders delivered by a *relevant scheme* particularly, though not exclusively, through assessing the three factors in (a) to (c) below, taking into account the specific points in (d) to (g):
 - (a) the level of charges and costs, in particular:
 - (i) administration charges and any transactions costs borne by relevant policyholders; and
 - (ii) any other charges borne by *relevant policyholders* and any other costs incurred as a result of managing and investing, and activities in connection with the managing and investing of, the pension savings of *relevant policyholders*;
 - (b) investment performance; and
 - (c) the quality of services including whether:
 - (i) the communications are fit for purpose and properly take into account the characteristics, needs and objectives of the relevant policyholders; and
 - (ii) core financial transactions are processed promptly and accurately, such as processing contributions, transfers or death benefits;
 - (d) as part of the ongoing value for money assessment in (2), the *IGC* will need to consider whether to assess the *relevant scheme* by

reference to employer pension arrangements on an individual basis or on an aggregated basis using cohorts of sufficiently similar employer pension arrangements, or a combination of both, to enable the IGC to produce a value for money assessment that is the most useful for the members of the relevant scheme, but which is also appropriate and proportionate in the circumstances:

- (e) as part of the ongoing value for money assessment in (2)(a)(i), (b) and (c), the IGC will need to:
 - (i) consider whether individual employer pension arrangements or cohorts of employer pension arrangements, or a combination of both, would be most appropriate to be part of its scheme comparators taking into account the proportionality and usefulness of each;
 - (ii) (where it selects cohorts of employer pension arrangements as part of its scheme comparators) select sufficiently similar employer pension arrangements that enable the IGC to produce an assessment that is the most useful for the members of the relevant scheme;
 - (iii) select a small number of reasonably comparable scheme comparators (including those which could potentially offer better value for money in respect of factors (2)(a)(i), (b) and
 - (iv) use reasonable endeavours to obtain and compare the relevant data that it needs to carry out useful assessments in respect of the factors set out in (2)(a)(i), (b) and (c), in a manner which is proportionate to the likely member benefits that will result from the IGC assessing the data;
 - (v) assess the *relevant scheme* by reference to the scheme comparators based on factors (2)(a)(i), (b) and (c) (to the extent that there is publicly, or readily, available information about the scheme comparators in respect of those factors);
 - (vi) consider whether any of the scheme comparators offer better value for money for relevant policyholders based on factors (2)(a)(i), (b) and (c) (to the extent that there is publicly, or readily, available information about the scheme comparators in respect of those factors);
- (f) as part of the assessment of quality of services in 2(c), the IGC will need to assess whether default investment strategies within those schemes:
 - (i) are designed and executed in the interests of relevant policyholders; and
 - (ii) have clear statements of aims and objectives;
- (g) as part of the assessment of quality of services in 2(c), the IGC will need to assess whether the characteristics and net performance of investment strategies are regularly reviewed by the firm to ensure alignment with the interests of relevant policyholders and that the firm takes action to make any necessary changes;
- (2A) the IGC will assess the ongoing value for money for pathway investors delivered by a pathway investment particularly, though not exclusively, through assessing the three factors in (a) to (c) below, taking into account the specific points in (d) to (g):

the level of charges and costs in particular:

- (i) administration charges and any transactions costs borne by pathway investors; and
- (ii) any other charges borne by pathway investors and any other costs incurred as a result of managing and investing, and activities in connection with the managing and investing of, the drawdown fund of pathway investors;

investment performance; and

the quality of services including whether:

- (i) the communications are fit for purpose and properly take into account the characteristics, needs and objectives of the pathway investors; and
- (ii) core financial transactions are processed promptly and accurately, such as processing contributions, transfers or death benefits;

as part of the ongoing value for money assessment in (2A), the *IGC* will need to consider whether to assess the *pathway investment* on an individual basis or on an aggregated basis using cohorts of sufficiently similar *pathway investments*, or a combination of both, to enable the *IGC* to produce a value for money assessment that is the most useful for the pathway investors, but which is also appropriate and proportionate in the circumstances;

as part of the ongoing value for money assessment in (2A)(a)(i), (b) and (c), the *IGC* will need to:

- (i) consider whether individual pathway investments or cohorts of pathway investments, or a combination of both, would be most appropriate to be part of pathway investment comparators taking into account the proportionality and usefulness of each;
- (ii) (where it selects cohorts of *pathway investments* as part of its pathway investment comparators) select sufficiently similar *pathway investments* that enable the *IGC* to produce an assessment that is the most useful for the pathway investors;
- (iii) select a small number of reasonably comparable pathway investment comparators (including those which could potentially offer better value for money in respect of factors (2A)(a)(i), (b) and (c));
- (iv) use reasonable endeavours to obtain and compare the relevant data that it needs to carry out useful assessments in respect of the factors set out in (2A)(a)(i), (b) and (c), in a manner which is proportionate to the likely pathway investor benefits that will result from the IGC assessing the data;
- (v) assess the *pathway investment* by reference to the pathway investment comparators based on factors (2A)(a)(i), (b) and (c) (to the extent that there is publicly, or readily, available information about the pathway investment comparators in respect of those factors); and
- (vi) consider whether any of the pathway investment comparators offer better value for money for pathway investors based on factors (2A)(a)(i), (b) and (c) (to the extent that there is publicly, or readily, available information about

- the pathway investment comparators in respect of those factors):
- (f) as part of the assessment of quality of services in (2A)(c), the IGC will need to assess whether the pathway investment offered by
 - (i) is designed and managed in the interests of pathway investors; and
 - (ii) has a clear statement of aims and objectives;
- (g) as part of the assessment of quality of services in (2A)(c), the IGC will need to assess whether the characteristics and net performance of the pathway investment are regularly reviewed by the *firm* to ensure alignment with the interests of pathway investors and that the *firm* takes action to make any necessary changes;
- (2B) where a firm has an investment strategy or makes investment decisions which could have a material impact on the relevant policyholders' or pathway investors' investment returns, the IGC will consider and report on:
 - (a) the adequacy and quality of the firm's policy (if any) in relation to ESG financial considerations;
 - (b) the adequacy and quality of the firm's policy (if any) in relation to non-financial matters; and
 - (c) how the considerations or matters in (a) and (b) are taken into account in the firm's investment strategy or investment decision making; and
 - (d) the adequacy and quality of the firm's policy (if any) in relation to stewardship;
- (2C) where the firm does not have a policy in relation to ESG financial considerations, non-financial matters or stewardship, the IGC will in each case consider and report on the firm's reasons for not having a policy;
- (2D) where the firm has not already adequately taken into account, in its investment strategy or investment decision making, other financial considerations that pose a particular and significant risk of financial harm to the relevant policyholders or pathway investors, the IGC will also:
 - (a) consider and report on the adequacy and quality of the firm's policy (if any) in relation to those other financial considerations, and whether and how those considerations are taken into account in the firm's investment strategy or investment decision;
 - (b) consider and report on the firm's reasons for not having a policy in relation to those considerations;
- (2E) the IGC will consider and report on the extent to which the firm has implemented its stated policies in relation to the considerations and matters in (2B), (2C), and, where applicable (2D);
- (3) in relation to the IGC's remit of review, the IGC will raise with the firm's governing body any concerns it may have:
 - (a) in relation to any of the matters it has assessed or considered; or

- (b) where the *IGC* is unable to obtain or has difficulties obtaining from the *firm* the information it requires;
- (3A) once a decision has been made by a *firm* to offer a *pathway investment*, the *IGC* must raise any concerns under (3):
 - (a) in good time to give the *firm's governing body* a proper opportunity to consider and address the *IGC's* concerns, before the *pathway investment* is offered to *retail clients*; and
 - (b) on an ongoing basis in relation to the *pathway investment* it offers;
 - (4) the *IGC* will escalate concerns as appropriate where the *firm* has not, in the *IGC*'s opinion, addressed those concerns satisfactorily or at all;
 - (5) the *IGC* will meet, or otherwise make decisions to discharge its duties, using a quorum of at least three members, with the majority of the quorum being independent;
 - (6) the Chair of the *IGC* will be responsible for the production of an annual report setting out the following, in sufficient detail, taking into account the information needs of *consumers*:
 - (a) the IGC's opinion on:
 - (i) the value for money delivered by a *relevant scheme* or a *pathway investment*, particularly against the matters listed under (2) or (2A) and a statement setting out their overall assessment of whether the *relevant scheme* or *pathway investment* provides value for money; and
 - (ii) the adequacy and quality of the *firm's* policies, or reasons for not having policies, in relation to the considerations and matters listed under (2B), (2C) and (if applicable) (2D);
 - (aa) the extent to which the *firm* has implemented its stated policies in relation to the consideration and matters in (2B), (2C) and (if applicable) (2D);
 - (ab) an explanation of how the IGC carried out their assessment of ongoing value for money. This must include demonstrating how the factors set out in (2)(a) to (c) or (2A)(a) to (c) have been fully and properly considered;
 - (ac) the reasons:
 - (i) for the IGC's overall assessment of whether the relevant scheme or pathway investment provides value for money as required under (6)(a)(i);
 - (ii) (in relation to a relevant scheme only), where the IGC assessed the relevant scheme using cohorts of employer pension arrangements for the purposes of its general assessment in (2)(d) or used cohorts as part of the scheme comparators in (2)(e), why the IGC considers it is appropriate and proportionate to use cohorts and the IGC's reasons for using the characteristics that it used to select the cohorts;
 - (iii) (in relation to a relevant scheme only), why the IGC considers that the scheme comparators it selected for the purposes of its assessment under (2)(e) provided a reasonable comparison against the relevant scheme;
 - (iv) (in relation to a *pathway investment* only), where the *IGC* assessed the pathway investment using cohorts of *pathway*

- investments for the purposes of its general assessment in (2A)(d) or used cohorts as part of the pathway investment comparators in (2A)(e), why the IGC considers it is appropriate and proportionate to use cohorts of pathway investments and the IGC's reasons for using the characteristics that it used to select the cohorts; and
- (v) (in relation to a pathway investment only) why the IGC considers that the pathway investment comparators it selected for the purposes of its assessment under (2A)(e) provided a reasonable comparison against the pathway investment;
- (b) how the IGC has considered relevant policyholders' or pathway investors' interests:
- (c) any concerns raised by the IGC with the firm's governing body and the response received to those concerns;
- (d) how the IGC has sufficient expertise, experience and independence to act in relevant policyholders' or pathway investors' interests;
- (e) how each independent member of the IGC, together with confirmation that the IGC considers these members to be independent, has taken into account ■ COBS 19.5.12 G;
- (f) the arrangements put in place by the firm to ensure that the views of relevant policyholders or pathway investors' are directly represented to the IGC; and
- (g) administration charges and transaction costs information complying with the requirements in ■ COBS 19.5.16R;
- (7) the Chair of the IGC will ensure the annual report is produced by 30 September each year, in respect of the previous calendar year;
- (8) the IGC will ensure the publication of administration charges and transaction costs information complying with the requirements in ■ COBS 19.5.13R;
- (9) the IGC will ensure that all members of each relevant scheme are provided with an annual communication complying with the requirements in ■ COBS 19.5.17R;
- (10) the IGC will make available the annual communication referred to in (9), on request, to:
 - (a) relevant scheme members' spouses or civil partners; and
 - (b) persons within the application of the relevant scheme and qualifying or prospectively qualifying for benefits under the relevant scheme:
- (11) the IGC will ensure that information is communicated under this rule in a manner that pays due regard to the purposes for which relevant policyholders might reasonably use the information; and
- (12) the IGC will retain copies of any evidence used in their assessment of ongoing value for money for a minimum of six years.

Value for money assessment

19.5.5A G

- (1) In the context of the *IGC's* assessment of ongoing value for money for *relevant policyholders* or pathway investors under COBS 19.5.5R(2) or COBS 19.5.5R(2A):
 - (a) the administration charges and transaction costs borne by relevant policyholders or pathway investors are likely to represent value for money when the combination of the charges and costs, and the investment performance and services are appropriate:
 - (i) for the relevant policyholders or pathway investors, and
 - (ii) when compared to other reasonably comparable options on the market.
 - (b) As part of the *IGC's* assessment under (1)(a)(i) regarding what is appropriate for *relevant policyholders*, the *IGC* should consider the size of the employer and the size and demographic of the membership of the *relevant scheme*.
 - (c) The *IGC* should not use a *firm's* compliance with the limits on *administration charges* (■ COBS 19.6.6R), of itself, as evidence of value for money.
 - (d) Where the limits on administration charges in COBS 19.6.6R do not apply, the IGC should not use the fact that a firm keeps its administration charges at or below 1%, of itself, as evidence of value for money.
- (2) The *IGC* should take into account the considerations in (3), as part of the *IGC*'s:
 - (a) decision referred to in COBS 19.5.5R(2)(d) about whether to carry out its ongoing value for money assessment of the *relevant* scheme by assessing the employer pension arrangements on an individual or cohort basis; or
 - (b) selection of scheme comparators under COBS 19.5.5R(2)(e)(i) to (iii).
- (3) The considerations referred to in (2) are:
 - (a) the size and demographic of the membership of the individual employer pension arrangements and/or any proposed cohorts;
 - (b) (where cohorts are proposed), any other characteristics that it would be appropriate and proportionate for the *IGC* to use, in the particular circumstances of the *relevant scheme*, as part of its cohort selection criteria; and
 - (c) (if the IGC has used cohorts of employer pension arrangements in any part of its ongoing value for money assessment under
 COBS 19.5.5R(2)) whether it would be appropriate and proportionate also to assess any particular employer pension arrangements within the cohorts on an individual basis in order to be able to carry out the most useful assessment under
 COBS 19.5.5R(2).
- (4) The *IGC* should take into account the considerations in (5), as part of the *IGC*'s:
 - (a) decision referred to in COBS 19.5.5R(2A)(d) about whether to carry out its ongoing value for money assessment of the *pathway investment* by assessing the *pathway investment* on an individual or cohort basis; or

- (b) selection of pathway investment comparators under ■ COBS 19.5.5R(2A)(e)(i) to ■ (iii).
- (5) The considerations referred to in (4) are:
 - (a) (where cohorts are proposed), any characteristics that it would be appropriate and proportionate for the IGC to use, in the particular circumstances of the pathway investment, as part of its cohort selection criteria; and
 - (b) (if the IGC has used cohorts of pathway investments in any part of its ongoing value for money assessment under ■ COBS 19.5.5R(2A)) whether it would be appropriate and proportionate to also assess any particular pathway investments within the cohorts on an individual basis in order to be able to carry out the most useful assessment under ■ COBS 19.5.5R(2A).
- (6) As part of the IGC's selection of scheme comparators or investment pathways comparators under ■ COBS 19.5.5R(2)(e)(i) to ■ (iii) or ■ COBS 19.5.5R(2A)(e)(i) to ■ (iii), the *IGC* will need to include scheme comparators or pathway investment comparators that potentially offer better value for money in respect of the factors set out in ■ COBS 19.5.5R(2)(a)(i), ■ (b) and ■ (c) or ■ COBS 19.5.5R(2A)(a)(i), ■ (b) and (c) (based on whatever information is publicly, or readily, available and is relevant to those factors).
- (7) There is no expectation by the FCA that the IGC would carry out a comparison of all the comparable employer pension arrangements or all of the comparable pathway investments for the purposes of ■ COBS 19.5.5R(2)(e) or ■ COBS 19.5.5R(2A)(e).

Interests of relevant policyholders or pathway investors and consideration of adequacy and quality of a policy

G 19.5.6

- (1) An IGC is expected to act in the interests of relevant policyholders or pathway investors both individually and collectively. Where there is the potential for conflict between individual and collective interests, the IGC should manage this conflict effectively. An IGC is not expected to deal directly with complaints from individual policyholders or pathway investors.
- (2) The primary focus of an IGC should be the interests of relevant policyholders or pathway investors in accordance with COBS 19.5.5R(1). If a firm asks an IGC also to consider the interests of other members or *clients*, the *firm* should provide additional resources and support to the IGC such that the IGC's ability to act in the interests of relevant policyholders or pathway investors is not compromised.
- (3) An IGC should assess whether all the investment choices available to relevant policyholders or pathway investors, including default options, are regularly reviewed to ensure alignment with the interests of relevant policyholders or pathway investors.
- (4) Where an IGC is unable to obtain from a firm, and ultimately from any other person providing relevant services, the information it requires to assess or to consider and report on the matters in the IGC's remit of review, the IGC should explain in the annual report why

- (5A) In addition to the ability of the *IGC* to escalate a concern about value for money under (5), if the *IGC* finds that:
 - (a) any of the scheme comparators offer better value for money for relevant policyholders than the relevant scheme based on the factors set out in COBS 19.5.5R(2)(a)(i), (b) and (c); or
 - (b) any of the investment pathway comparators offer value for money for pathway investors than the *pathway investment* based on the factors set out in COBS 19.5.5R(2A) (a)(i), (b) and (c),

the *IGC* should bring this matter, together with an explanation and relevant evidence, to the attention of the *firm's governing body*.

- (5AA) If the *IGC* is not satisfied with the response of the *firm's governing* body to the concerns it has raised under (5A) and the *IGC* considers that informing the relevant employer or employers could be of material utility to the employers or the members regarding the *IGC's* concern about value for money under (5), the *IGC* should inform the relevant employer or employers directly.
- (5AAA) In (5AA), an example of circumstances where an *IGC* may consider that informing the employer would be unlikely to be of material utility is where there are solely deferred members in any affected employer pension arrangement and the employer does not have the ability to effect a transfer of the deferred benefits from the employer pension arrangement to a new arrangement.
 - (5) If, having raised concerns with the *firm's governing body* about the matters in the *IGC's* remit of review, the *IGC* is not satisfied with the response of the *firm's governing body*, the *IGC* Chair may escalate concerns to the *FCA* if the *IGC* thinks that would be appropriate. The *IGC* may also alert *relevant policyholders* or pathway investors and employers and make its concerns public.
 - (6) The IGC Chair should raise with the firm's governing body any concerns that the IGC has about the information or resources that the firm provides, or arrangements that the firm puts in place to ensure that the views of relevant policyholders or pathway investors are directly represented to the IGC. If the IGC is not satisfied with the response of the firm's governing body, the IGC Chair may escalate its concerns to the FCA, if appropriate. The IGC may also make its concerns public.
 - (7) The *IGC* should make public the names of those members of the *IGC* who are *employees* of the provider *firm*, unless there are compelling reasons not to do so. The *IGC* should consult *employee* members as to whether there are such reasons.

The *IGC* need not consider and report on *ESG financial considerations* or *non-financial matters* or stewardship or *other financial considerations* as set out in ■ COBS 19.5.5R(2B) and ■ COBS 19.5.5R(2D) if the *firm* does not have an *investment* strategy or make *investment* decisions which could have a material impact on the *relevant policyholders*' or pathway investors' *investment* returns.

The *IGC* should only consider and report on *other financial* considerations as set out in ■ COBS 19.5.5R(2D) where it considers that:

they are likely to pose a particular and significant risk of financial harm to the relevant policyholders or pathway investors; and

the firm has not already adequately taken those other financial considerations into account in its investment strategy or investment decision making.

- (10) When an IGC is considering the adequacy and quality of a firm's policies regarding ESG financial considerations, non-financial matters, stewardship or other financial considerations, the IGC should form a view as to whether:
 - (a) a policy sufficiently characterises the relevant risks or opportunities;
 - (b) it considers that a policy seeks to appropriately mitigate those risks and take advantage of those opportunities;
 - (c) a firm's processes have been designed to properly take into account those risks or opportunities;
 - (d) a policy is appropriate in the context of the expected duration of the investment; and
 - (e) a policy is appropriate in the context of the main characteristics of the actual or expected relevant policyholders or pathway investors.
- (11) Where an IGC is considering whether a firm has adequately taken other financial considerations into account for the purposes of
 - COBS 19.5.5R(2D), it should also take into account the factors in
 - COBS 19.5.6(10)G, whether or not contained in a policy.

Duties of firms in relation to an IGC

19.5.7

R A firm must:

- (1) take reasonable steps to ensure that the IGC acts and continues to act in accordance with its terms of reference;
- (2) take reasonable steps to provide the IGC with all information reasonably requested by the IGC in good time for the purposes of carrying out its role;
- (3) provide the IGC with sufficient resources as are reasonably necessary to allow it to carry out its role independently;
- (4) have arrangements to ensure that the views of relevant policyholders or pathway investors can be directly represented to the IGC;
- (5) take reasonable steps to address any concerns raised by the IGC under its terms of reference;
- (5A) for any pathway investment, take reasonable steps to address any concerns raised by the IGC about the matters in ■ COBS 19.5.5R(3) and ■ (3A):
 - (a) before the firm offers the pathway investment, and
 - (b) promptly, for any pathway investment it already offers.
 - (6) provide written reasons to the IGC as to why it has decided to depart in any material way from any advice or recommendations made by the IGC to address any concerns it has raised;

- (7) take all necessary steps to facilitate the escalation of concerns by the *IGC* under COBS 19.5.5R (4) and COBS 19.5.6G (5);
- (8) make available the *IGC's* terms of reference and the three most recent annual reports, in a way appearing to the *firm* to be best calculated to bring them to the attention of *relevant policyholders* and their employers or to the attention of pathway investors; and
- (9) provide each *relevant scheme's IGC* with administration charges and transaction costs information, setting out the costs and charges for each default arrangement and each alternative fund option that the member is able to select.

19.5.8 G

- (1) A *firm* should consider allocating responsibility for the management of the relationship between the *firm* and its *IGC* to a person at the *firm* holding an *FCA* significant-influence function or designated senior management function.
- (2) A *firm* should fund independent advice for the *IGC* if this is necessary and proportionate.
- (3) A *firm* should not unreasonably withhold from the *IGC* information that would enable the *IGC* to carry out its duties in the *IGC*'s remit of review.
- (3A) A *firm* should provide the *IGC* with sufficient support and resources so that the *IGC* is properly able to carry out its duties in the *IGC*'s remit of review.
 - (4) A *firm* should have arrangements for sharing confidential and commercially sensitive information with the *IGC*.
- (5) A firm should use best endeavours to obtain, and should provide the IGC with, information on the costs incurred as a result of managing and investing, and activities in connection with the managing and investing of, the assets of a relevant scheme or which could impact a pathway investment, including transaction costs. Information about costs and charges more broadly should also be provided, so that the IGC can properly assess the value for money of a relevant scheme or a pathway investment and the funds held within these.
- (6) If a firm asks an IGC to take on responsibilities in addition to those in ■ COBS 19.5.5 R, the firm should provide additional resources and support to the IGC such that its ability to act within its terms of reference in ■ COBS 19.5.5 R is not compromised.
- (7) A *firm* should provide secretarial and other administrative support to the *IGC*. The nature of the support, including how it is provided and by whom, should not conflict with the *IGC*'s ability to act independently of the *firm*.
- (8) A *firm* can make the *IGC's* terms of reference and the *IGC's* three most recent annual reports available in a way designed to bring them to *relevant policyholders'* and their employers' attention or to the attention of pathway investors by placing them in an appropriately prominent and relevant position on its website, and by providing them on request to relevant policyholders and their employers or to pathway investors.

Appointment of IGC members

19.5.9

- (1) A firm must take reasonable steps to ensure that the IGC has sufficient collective expertise and experience to be able to make judgements on the matters in the IGC's remit of review.
- (2) A firm must recruit independent IGC members through an open and transparent recruitment process.
- (3) A firm must appoint members to the IGC so that:
 - (a) the IGC consists of at least five members, including an independent Chair and a majority of independent members;
 - (b) IGC members are bound by appropriate contracts which reflect the terms of reference in ■ COBS 19.5.5 R, and on such terms as to secure the independence of independent members;
 - (c) independent IGC members who are individuals are appointed for fixed terms of no longer than five years, with a cumulative maximum duration of ten years;
 - (d) individuals acting as the representative of an independent corporate member are appointed to the IGC for a maximum duration of ten years;
 - (e) independent IGC members who are individuals, including those representing independent corporate members, are not eligible for reappointment to the IGC until five years have elapsed, after having served on the firm's IGC for the maximum duration of ten years;
 - (f) appointments to the IGC are managed to maintain continuity in terms of expertise and experience of the IGC.

G 19.5.10

- (1) The effect of COBS 19.5.9R (3)(b) is that employees of the firm who serve on an IGC should be subject to appropriate contractual terms so that, when acting in the capacity of an IGC member, they are free to act within the terms of reference of the IGC without conflict with other terms of their employment. In particular, when acting as an IGC member, an employee will be expected to act solely in the interests of relevant policyholders or pathway investors and should be able to do so without breaching any terms of their employment contract.
- (2) An individual may serve on more than one IGC.
- (3) A firm should replace any vacancies that arise within IGCs as soon as possible and, in any event, within six months.
- (4) A firm should involve the IGC Chair in the appointment and removal of other members, both independent members and employees of the
- (5) A firm should consider indemnifying IGC members against any liabilities incurred while fulfilling their duties as IGC members.

IGC members who are independent

19.5.11

The firm, in appointing independent IGC members, must determine whether such a member is independent in character and judgement and whether there are relationships or circumstances which are likely to affect, or could appear to affect, that member's judgement.

19.5.12

- G
- (1) An *IGC* member is unlikely to be considered independent if any of the following circumstances exist:
 - (a) the individual is an *employee* of the *firm* or of a company within the *firm*'s *group* or paid by them for any role other than as an *IGC* member, including participating in the *firm*'s share option or performance-related pay scheme;
 - (b) the individual has been an *employee* of the *firm* or of another company within the *firm*'s *group* within the five years preceding his appointment to the *IGC*;
 - (c) the individual has, or had within the three years preceding his appointment, a material business relationship of any description with the *firm* or with another company within the *firm*'s *group*, either directly or indirectly.
- (2) A *firm* may appoint a *body corporate* to an *IGC*, including as Chair. The corporate member should notify the *firm* of the individual who will act as the member's representative on the *IGC*. A *firm* should consider the circumstances of a corporate *IGC* member and any representative of the corporate member with the objective of ensuring that any potential conflicts of interest are managed effectively so that they do not affect the corporate *IGC* member's ability to represent the interests of *relevant policyholders* or pathway investors.
- (3) Should the *firm*, or another company within the *firm*'s *group*, operate a mastertrust, there may be benefits in a trustee of such a mastertrust also being an *IGC* member. If such circumstances exist, an individual or a corporate trustee may be suitable to be an independent *IGC* member, notwithstanding the relationship with the *firm*.
- (4) A *firm* should review on a regular basis whether its independent *IGC* members continue to be independent and take appropriate action if it considers that they are not.

Publication and disclosure of costs and charges by IGCs

19.5.13 R

The administration charges and transactions costs information referred to in ■ COBS 19.5.5R(8) must, in relation to each *relevant scheme*:

- (1) be published by 30 September each year, in respect of the previous calendar year;
- (2) be available for free on a publicly accessible website;
- (3) include the costs and charges for each default arrangement and each alternative fund option that a member is able to select; and
- (4) include an illustration of the compounding effect of the administration charges and transaction costs, based on either the assumptions contained in COBS 13 Annex 2 or those in Version 4.2 of the Actuarial Standard Technical Memorandum (AS TM1) produced by the Financial Reporting Council, for a representative range of fund options that a member is able to select.

19.5.14

- R | Regarding transaction costs:
 - (1) the requirements in COBS 19.5.13R(3) and COBS 19.5.16R(1) apply to the extent that such information is available to the *IGC*; and

(2) the published information should include a warning giving brief details of any unavailable information that the IGC is aware of.

19.5.15 G

An example of the type of illustration referred to in ■ COBS 19.5.13R(4) is shown below. The assumptions in the notes should reflect the actual assumptions used.

Projected pension pot in today's money								
Fund choice								
	Default Ar- rangement		Fund A		Fund B		Fund C	
Years		all charges	Before charges + costs deducted	all charges		all charges		all charges
1								
3								
5								
10								
15								
20								
25								
30								
35								
40								

Example notes:

- 1. Projected pension pot values are shown in today's terms, and do not need to be reduced further for the effect of future inflation.
- 2. The starting pot size is assumed to be £10,000.
- 3. Inflation is assumed to be 2.5% each year.
- 4. Contributions are assumed from age 22 to 68 and increase in line with assumed earnings inflation of 2.5% to 4% each year.
- 5. Values shown are estimates and are not guaranteed.
- 6. The projected growth rate for each fund are as follows:

Default fund: 2.5% above inflation

Fund A: 2% above inflation

Fund B: 1% above inflation

Fund C: 1% below inflation

19.5.16

The administration charges and transaction costs information in the IGC's annual report referred to in ■ COBS 19.5.5R(6)(g) must, in relation to each relevant scheme:

(1) at a minimum, include the costs and charges for each default arrangement;

- (2) explain how a relevant scheme member can access the costs and charges information for each default arrangement and each alternative fund option that a member is able to select, including providing a link to the website required by COBS 19.5.13R(2); and
- (3) be published alongside any information in the *IGC's* annual report relating to the *relevant scheme's* default investment strategy and value for members.
- 19.5.17 R The annual communication referred to in COBS 19.5.5R(9) must:
 - (1) include a brief description of the most recent transaction costs and administration charges information that has been published in accordance with COBS 19.5.13R, and an explanation of how that information is relevant to the *relevant scheme* member; and
 - (2) explain how a *relevant scheme* member can access the information referred to in (1), including providing a link to the website required by COBS 19.5.13R(2).
- 19.5.18 G The annual communication may be included with any other annual communication from the *operator* to the member of the *relevant scheme*.
- 19.5.19 G The annual communication provided to a *relevant scheme* member may also include the particular transaction costs and administration charges that have been incurred by that member.
- In communicating information in compliance with COBS 19.5.5R(11), the *IGC* should ensure, for example, that it is straightforward for a *relevant scheme* member to compare the transaction costs and administration charges between fund options that are available for them to select.

19.6 Restriction on charges in qualifying schemes

.....

Application

- 19.6.1 R This section applies to an operator of a qualifying scheme.
- 19.6.2 R The restrictions on administration charges in ■ COBS 19.6.4 R do not apply in relation to a default arrangement under which, at any time before benefits come into payment, those benefits accruing to the member involve, or involve an option to have, a promise by or to be obtained from a third party about the rate or amount of those benefits.

Express agreement

- 19.6.3 G
- (1) In this section, where express agreement is required by a rule, the FCA would expect firms to take active steps to obtain the informed, active consent of the affected member(s) of the qualifying scheme, and to have that consent in writing in a durable medium, capable of being produced or reproduced when requested by the FCA.
- (2) The FCA does not consider the following to amount to express agreement (this list is not exhaustive):
 - (a) a member receiving a communication stating that by becoming or continuing to be a member of the scheme, the member has agreed to a particular service;
 - (b) a member being invited to click on a box to opt-out through a website link.

Default arrangements: charging structures and restrictions

- 19.6.4
- A firm, for a default arrangement within a qualifying scheme, may only make, impose or otherwise facilitate payment of an administration charge by way of an accrued rights charge or a combination charge structure where:
 - (1) the limits in COBS 19.6.6 R are not exceeded; or
 - (2) the firm has obtained appropriate express agreement to exceed the limits and the following conditions are satisfied:
 - (a) the express agreement contains an acknowledgement by the member that the administration charge for the service is likely to exceed the limits:
 - (b) giving such express agreement is not a condition of becoming or remaining a member of the qualifying scheme;

(c) express agreement has not been given for services which the *operator* must provide under the *regulatory system* or the general law, or which are core services.

19.6.5 G

The effect of COBS 19.6.4R (2)(c) is that a *firm* may not seek express agreement from a member to charges in excess of the limits for services which are obligatory under law, or form part of the core operation of the scheme. Such core services include, for example, designing and implementing an investment strategy, investing contributions to the scheme (to the extent that this would incur *administration charges*), holding investments relating to scheme members and transferring a member's accrued rights into or out of a *default arrangement*.

- 19.6.6 R | The limits on administration charges are as follows:
 - (1) for a *qualifying scheme* which uses only an *accrued rights charge*, 0.75% of the value of those accrued rights;
 - (2) for a *qualifying scheme* which uses a combination charge scheme:
 - (a) for the flat-fee charge element, £25 annually;
 - (b) for the *contribution percentage charge* element, 2.5% of the contributions annually;
 - (c) for the associated *accrued rights charge*, the limits as set out in column 2 of the table in COBS 19.6.7 R.

19.6.7 R

This is the table referred to in ■ COBS 19.6.6 R.

Contribution percentage charge rate (%)	Accrued rights charge rate (%)
1 or lower	0.6
Higher than 1 but no higher than 2	0.5
Higher than 2 but no higher than 2.5	0.4

Flat-fee charge (£)	Accrued rights charge rate (%)
10 or less	0.6
More than 10 but no more than 20	0.5
More than 20 but no more than 25	0.4

Compliance with the restrictions on charges

19.6.8 E

- (1) To ensure that administration charges are within the limits set out in COBS 19.6.6 R:
 - (a) a *firm* should calculate the value of accrued rights in an accrued rights charge as the arithmetic mean over a 12-month period of membership of the *qualifying scheme*, using at least four evenly-distributed reference points over that period;
 - (b) a firm should calculate the value of contributions in a contribution percentage charge over a 12-month period of membership of the qualifying scheme of a member's workplace pension contributions;

- (c) for members who have been members of the qualifying scheme for a period of less than 12 months, a firm should calculate administrative charges on a pro rata basis;
- (d) the total administration charges imposed should not exceed the relevant restriction when measured over a 12-month period. However, where the *qualifying scheme* has been in operation for less than 12 months, and the firm's internal processes would involve assessment of administration charges before 12 months has elapsed, then for its initial assessment, the firm may use a period of up to 18 months.
- (2) Contravention of (1) may be relied on as tending to establish contravention of ■ COBS 19.6.4R (1).

Prohibition of payments to third parties from qualifying schemes

- 19.6.9 R
- (1) A firm must not make any administration charge, or otherwise make or facilitate any payment or provide any non-monetary benefit, in respect of any service provided by a third party in connection with a qualifying scheme which would have the effect of decreasing the value of the accrued rights of any member of that scheme.
- (2) The restriction in (1) does not apply where the firm has obtained express agreement from the relevant member to such a payment.
- 19.6.10 G [deleted]

R

Differential charges

- 19.6.11
- A firm must not impose greater administration charges on a member of a qualifying scheme whose workplace pension contributions ceased on or after 6 April 2016 than those imposed on a member for whom such contributions are still being made.
- 19.6.12 The effect of ■ COBS 19.6.11 R is to prohibit active member discounts within automatic enrolment schemes.

19.6A

Restrictions on early exit charges in personal pension schemes and stakeholder pension schemes

Application

19.6A.1 R

This section applies to an operator of a personal pension scheme or a stakeholder pension scheme.

Purpose

19.6A.2 G

The purpose of this section is to make *rules* prohibiting the imposition of, and provision for, certain *early exit charges* on members of *personal pension schemes* and *stakeholder pension schemes*. Section 137FBB of the *Act* requires the *FCA* to make such *rules*.

Exclusion

19.6A.3 R

This section does not apply to any charge which is excluded from the scope of section 137FBB of the *Act* by the Financial Services and Markets Act 2000 (Early Exit Pensions Charges) Regulations 2016 (SI 2016/1079).

Prohibition on early exit charges on a member joining or incrementing benefits under a scheme on or after 31 March 2017

19.6A.4 R

- (1) A firm must not:
 - (a) impose; or
 - (b) include in the arrangements relating to a *personal pension* scheme or stakeholder pension scheme any provision for the imposition of:

an early exit charge on a member of the scheme.

- (2) This *rule* applies in relation to a member who entered into a contract or other arrangement on or after 31 March 2017 providing for:
 - (a) a right to benefits resulting from contributions to the scheme; or
 - (b) an increment to benefits resulting from contributions to the scheme, but only in respect of the member's benefits under that contract or other arrangement.

Restriction on early exit charges on a member who joined or incremented a scheme before 31 March 2017

19.6A.5

- (1) A firm must not impose an early exit charge on a member of a personal pension scheme or stakeholder pension scheme that exceeds the lower of:
 - (a) 1% of the value of the member's benefits being taken, converted or transferred; or
 - (b) such lower amount as was provided for under the scheme arrangements as at 31 March 2017; or
 - (c) where no such provision was made, no charge.
- (2) A firm must not:
 - (a) include provision in such a scheme for an early exit charge, where such provision did not exist on 31 March 2017; or
 - (b) vary provision for an early exit charge in such a scheme to increase or potentially increase the charge.
- (3) The value of the member's benefits in (1)(a):
 - (a) is calculated at the point when the firm receives confirmation from the member of the instruction to take the action giving rise to the early exit charge;
 - (b) excludes an increment to member's benefits resulting from contributions to a scheme under a contract or other arrangement entered into by the member on or after 31 March 2017;
 - (c) excludes adjustments referred to, and satisfying the conditions in Regulation 3 of the Financial Services and Markets Act 2000 (Early Exit Pensions Charges) Regulations 2016 (SI 2016/1079); and
 - (d) does not exclude adjustments referred to in Regulation 4 of the Financial Services and Markets Act 2000 (Early Exit Pensions Charges) Regulations 2016 (SI 2016/1079).
- (4) This rule applies in relation to a member who entered into a contract or other arrangement (providing for a right to benefits resulting from contributions to the scheme) before 31 March 2017.

 - (c) a drawdown pension; and
 - (d) a pension annuity;
- (3) "pension savings" is the proceeds of the *client's personal pension* scheme or occupational pension scheme;
- (4) "retirement risk warnings" are the warnings required to be given to a retail client at step 3 of the process specified in this section;
- (5) "risk factors" are the attributes, characteristics, external factors or other variables that increase the risk associated with a *retail client*'s decision to access their pension savings using a pension decumulation product;
- (6) "signpost" is the written or oral statement encouraging a retail client to use pensions guidance or to take regulated advice to understand their options at retirement which is at step 1 of the process specified in this section;
- (7) "opt out" is the *retail client's* confirmation that they do not want to receive *pensions guidance*; and
- (8) a reference to a "personal pension scheme" includes a stakeholder pension scheme, and for the avoidance of doubt, an FSAVC, retirement annuity contract or a pension buy-out contract.

.....

Application

19.7.2 R

This section applies to a *firm* communicating with a *retail client* in relation to:

(1) accessing their pension savings using a pension decumulation product; or

(2) transferring rights pursuant to ■ COBS 19.7.7R(6) for the purpose of accessing their pension savings using a decumulation product.

19.7.3 R This section does not apply:

- (1) to a firm giving regulated advice to a retail client on options to access their pension savings;
- (2) if the firm has already provided the retirement risk warnings to the retail client in relation to their decision to access their pension savings and the firm has reasonable grounds to believe that the retirement risk warnings are still appropriate for the *client*.

.....

Purpose

G 19.7.4

- (1) The purpose of this section is to ensure that a firm, which is communicating with a retail client about a pension decumulation product:
 - (a) explains the nature and purpose of pensions guidance to the retail client;
 - (b) encourages the retail client to receive pensions guidance; and
 - (c) gives appropriate retirement risk warnings, at the point when the retail client has decided how to access their pension savings.
- (2) If the retail client has not yet decided what to do, the firm should consider whether it is required to signpost the pensions guidance under ■ COBS 19.4.16R (signposting pensions guidance) and whether it may be appropriate to provide information about the risks associated with the client's options to access their pension savings generally.

G 19.7.5

- (1) This section amplifies *Principles* 6 and 7, but does not exhaust or restrict what they require. A firm will, in any event, need to ensure that its sales processes are consistent with the *Principles* and other rules.
- (2) An example of a behaviour by a *firm* that is likely to contravene Principle 6 and may contravene other Principles is for a firm to actively discourage a retail client from receiving pensions guidance, for example by:
 - (a) indicating in any way that receiving pensions guidance is unnecessary, would not be beneficial, or might result in unnecessary delays in accessing their pension savings; or
 - (b) obscuring, de-emphasising or underplaying in any way the explanation about the benefits of pensions guidance or any other information relevant to assisting the retail client to decide how best to access their pension savings.

19.7.6

G

An illustration of the steps a firm is required to take is set out in COBS 19 Annex 1G.

Trigger: when does a firm have to follow the steps?

19.7.7 R

A *firm* must follow the steps specified in this section at the point when the *retail client* has decided (in principle) to take one of the following actions (and before the action is concluded):

- (1) buy a pension decumulation product; or
- (2) vary their personal pension scheme to enable the client to:
 - (a) access pension savings using a drawdown pension; or
 - (b) elect to make one-off, regular or ad-hoc uncrystallised funds pension lump sum payments; or
- (3) receive a one-off, regular or ad-hoc *uncrystallised funds pension lump* sum payment; or
- (4) access their pension savings using a drawdown pension;
- (5) withdraw funds wholly or partly derived from *flexible benefits* in full from a product or scheme in their pension savings, reducing the value of all of their rights in that product or scheme (including rights in respect of any non-*flexible benefits*) to zero; or
- (6) transfer rights (other than rights in respect of non-flexible benefits):
 - (a) accrued under their existing personal pension scheme; or
 - (b) accrued under their existing arrangement to a *personal pension* scheme,

for the purpose of taking one of the actions in (1) to (5).

19.7.7A G

A firm may assume that a retail client who is 50 years of age or over who decides to transfer rights pursuant to \blacksquare COBS 19.7.7R(6) is doing so for the purpose of taking one of the actions in \blacksquare COBS 19.7.7R(1) to \blacksquare (5).

19.7.7AA G

The effect of COBS 19.7.7R(6) is to include any transfers of rights (other than rights in respect of non-flexible benefits) accrued so long as either the transferring arrangement or the receiving arrangement is a personal pension scheme. This would, for example, include a retail client consolidating some or all of their pension arrangements where the consolidation involves a transfer from or to a personal pension scheme.

Pension transfer to access pension savings

19.7.7B R

Where a *retail client* contacts a *firm* to communicate its decision (in principle) to transfer rights pursuant to COBS 19.7.7R(6), that *firm* (whether the *retail client's* existing provider or the *firm* to whom they intend to transfer their rights) must take the actions in step 1.

19.7.8 R

[deleted]

First part of step 1: explain pensions guidance and offer to book the appointment

19.7.8A

R

The first part of step 1 is as follows:

- (1) the firm must:
 - (a) explain to the retail client the nature and purpose of pensions guidance, and that they can access the guidance for free;
 - (b) explain to the retail client that they can take regulated advice at their own cost: and
 - (c) offer to book an appointment for them to receive pensions guidance;
- (2) if the retail client accepts the firm's offer to book an appointment for them, the *firm* must take reasonable steps to book an appointment at a suitable time for the retail client:
- (3) if the firm is unable to book an appointment at a suitable time despite taking reasonable steps, or the retail client prefers to book the appointment themselves, the firm must provide the retail client with sufficient information about how to book the appointment themselves:
- (4) if the firm books the appointment for the retail client, it must provide a confirmation of all the relevant details necessary to enable the retail client to attend the appointment;
- (5) if the retail client agrees to take the guidance or elects to take regulated advice, the firm must not proceed to step 2 until the retail client confirms they subsequently received the guidance or advice;
- (6) the firm must proceed to step 2 at any point during the process in (1) to (5) if the retail client:
 - (a) confirms that they have already received regulated advice and opts out; or
 - (b) opts out, and confirms they do not want to take regulated advice:
- (7) if the retail client states that the reason for opting out in (6)(b) is because they already received pensions guidance prior to approaching the firm, the firm must explain to the retail client that they may still benefit from receiving the guidance again if their personal circumstances, or the value of their pensions savings, have significantly changed such that the different options described to the retail client in the guidance may be of different significance and relevance to them than when they previously received the guidance.

19.7.8B

G

For the purpose of ■ COBS 19.7.8AR(1)(a), where a firm explains the nature and purpose of *pensions guidance*, the explanation should include that:

- (1) the purpose of the guidance is to help the retail client make an informed decision about what to do with their pension savings, including the different options available to the retail client to access their pension savings; and
- (2) the guidance is delivered at an appointment with an independent pensions specialist.

19.7.8C

G

Taking reasonable steps to finding a time that is suitable (in COBS 19.7.8AR(2)) may include the *retail client* being given adequate opportunity to revert back to the *firm* with dates and times that are suitable for them to attend an appointment.

Second part of Step 1: confirming whether the retail client received pensions guidance or regulated advice

19.7.8D R

- (1) (Where the *firm* has completed the appropriate actions in COBS 19.7.8AR, and either booked an appointment for the *retail client* or the *retail client* booked it themselves) the second part of step 1 is for the *firm* to check whether the *retail client* subsequently received *pensions quidance* by:
 - (a) if the appointment was booked by the *firm*, checking that the scheduled appointment date has passed; and only if so, asking the *retail client* to confirm that they attended the appointment and received the guidance; or
 - (b) if the *retail client* had to or elected to book the appointment themselves, asking the *retail client* to confirm that they subsequently booked the appointment and received the guidance.
- (2) If the *firm* booked the appointment and the date of the scheduled appointment has not passed, the *firm* must explain the nature and purpose of *pensions guidance* again in COBS 19.7.8AR(1)(a) and remind the *retail client* of their scheduled appointment.
- (3) If the *retail client* failed to attend the appointment (booked by the *firm* or themselves), or failed to book their own appointment, the *firm* must repeat the process in COBS 19.7.8AR, and explain to the *retail client* at this point that the *firm* cannot proceed unless the *retail client* confirms that they have received the guidance or taken regulated advice, or opts out.
- (4) If the retail client confirms that they attended the appointment and received pensions guidance, the firm must proceed to step 2, unless the firm is aware or is made aware that the retail client's circumstances have, or may have, changed significantly, and it appears to the firm on reasonable grounds that the retail client may benefit from a repeat of the guidance in order to consider the different options available to them in the context of their current circumstances. In that case, the firm must repeat the process in COBS 19.7.8AR.
- (5) (Where the firm has completed the appropriate actions in ■ COBS 19.7.8AR and the retail client elected to take regulated advice), the firm must proceed to step 2 if the retail client confirms that they subsequently received the advice.

19.7.8E G

Circumstances where the *retail client* may benefit from a repeat of *pensions guidance*, for the purposes of \blacksquare COBS 19.7.8DR(4)), include where, since the date of the appointment:

- (1) the *firm* is made aware that the *retail client's* personal circumstances have changed; or
- (2) significant changes in market conditions mean that the *firm* is aware that, or the *firm* is made aware for other reasons that, the value of the *retail client's* pension savings may have significantly changed,

19

such that the different options described to the retail client in the guidance may be of different significance and relevance to them than when they previously received the guidance, in light of the change in circumstances.

Step 2: identify risk factors

- 19.7.9 Based on how the retail client wants to access their pension savings, at step 2 the firm must ask the client questions to identify whether any risk factors are present, except where ■ COBS 19.7.9AR applies.
- 19.7.9A R If the value of the retail client's pension savings is £10,000 or less and there are no safeguarded benefits, the firm:
 - (1) is not required to ask questions to identify whether any risk factors are present; and
 - (2) must prepare appropriate retirement risk warnings based on the risk factors relevant to each pension decumulation product it offers to enable retail clients to access their pension savings.
- 19.7.9B R A firm may ask the *client* the questions required by ■ COBS 19.7.9R before the client has decided (in principle) to take one of the actions specified in ■ COBS 19.7.7R to access their pension savings.
- 19.7.9C If, to complete step 2, a firm relies on information gathered prior to the client's decision to access their pension savings, the firm must be satisfied that this information is relevant, accurate and up-to-date before giving the risk warnings at step 3.
- 19.7.10 A firm must prepare the questions required by ■ COBS 19.7.9 R before taking the steps for the first time, and must keep the questions up to date.
- G 19.7.11 To prepare for step 2, the firm should:
 - (1) identify the main risk factors relevant to each pension decumulation product it offers to enable retail clients to access their pension savings; and
 - (2) prepare questions to enable it to identify the presence of those risk factors for different retail clients.
- 19.7.12 G Examples of the sorts of risk factors which relate to pension decumulation products are:
 - (1) the client's state of health;
 - (2) loss of any guarantees;
 - (3) whether the *client* has a partner or dependants;
 - (4) inflation;
 - (5) whether the *client* has shopped around;

(6) sustainability of income in retirement; (7) tax implications; (8) charges (if a *client* intends to invest their pension savings); (9) impact on means-tested benefits: (10) debt; and (11) investment scams. Step 3: provide appropriate retirement risk warnings 19.7.13 R At step 3: (1) if the value of the retail client's pension savings is £10,000 or less and there are no safeguarded benefits, based on how the retail client wants to access their pension savings, a firm must give the client the appropriate retirement risk warnings prepared under ■ COBS 19.7.9AR(2); and (2) in all other cases, a firm must give the retail client appropriate retirement risk warnings in response to the client's answers to the firm's questions. 19.7.14 A firm must prepare the retirement risk warnings required by ■ COBS 19.7.13 R in good time before taking the steps for the first time, and must keep them up to date. 19.7.15 G If after considering the retail client's answers it is unclear whether a risk factor is present, a firm should give the client the appropriate retirement risk warning. Communicating the signpost and retirement risk warning 19.7.16 R When communicating the signpost and retirement risk warnings, the firm must do so clearly and prominently. 19.7.17 R Whatever the means of communication, the firm must ensure that the retail client cannot progress to the next stage of the sale unless the relevant signpost or retirement risk warning has been communicated to the client. G 19.7.18 For an internet sale, a *firm* should display the required information on a screen which the retail client must access and acknowledge as part of the sales process. It would not be sufficient for the information to be accessible only by giving the client the option to click on a link or download a document. Record keeping

19.7.19 R Firms must record whether the retail client has:

(1) received the retirement risk warnings at step 3 of the process specified in this section;

- (2) received regulated advice;
- (3) received pensions guidance; or
- (4) opted out (and did not receive regulated advice).
- 19.7.20

If the firm was told by the retail client that they already received pensions guidance or regulated advice prior to approaching the firm, and therefore did not need to receive it again, the *firm* should not record this as an opt out. Instead, they should record this as the retail client having received pensions guidance under ■ COBS 19.7.19R(3), or under ■ (2) for regulated advice.

19.8 Disclosure of transaction costs and administration charges in connection with workplace pension schemes

Interpretation

- 19.8.1 R
- In this section:
 - (1) [deleted]
 - (2) 'anti-dilution mechanism' is any method used to the benefit of an *investment* to offset the impact of inflows or outflows from that *investment*, whether by way of:
 - (a) a levy; or
 - (b) any adjustment enabling further investment into, or redemption of investments from, the *investment*.
 - (3) 'arrangement', in connection with a *relevant scheme*, is any *investment* available to scheme members for the investment of their pension contributions.
 - (4) [deleted]

Application

19.8.2 R

This section applies to:

- (1) an operator of a relevant scheme; and
- (2) a *firm* which holds information needed for the calculation of transaction costs or administration charges in the course of providing services in connection with:
 - (a) a relevant scheme;
 - (b) an arrangement; or
 - (c) an *investment* in which an arrangement is directly or indirectly invested.

Purpose

- 19.8.3
- G
- (1) The purpose of the *rules* in this section is to enable governance bodies of workplace pension schemes to meet their obligations as set out in (2) and (3) by obliging *firms* which hold the relevant information to calculate transaction costs to a common standard and

- provide that information, and information on administration charges, to governance bodies.
- (2) An operator of a workplace personal pension scheme or stakeholder pension scheme is obliged under ■ COBS 19.5.7R(2) to take reasonable steps to provide its IGC (or governance advisory arrangement) with all information reasonably requested by it for the purpose of carrying out its role. The role of an IGC, under ■ COBS 19.5.5R(2), must include the assessment of value for money delivered by relevant schemes through the assessment of transaction costs (among other things).
- (3) The trustees or managers of an occupational pension scheme are obliged to calculate, insofar as they are able to do so, the transaction costs borne by scheme members, and to assess the extent to which those costs represent good value for members. (See regulation 25 of the Occupational Pension Schemes (Scheme Administration) Regulations 1996 (SI 1996/1715) as amended by the Occupational Pension Schemes (Charges and Governance) Regulations 2015 (SI 2015/879)).

Obligation to disclose transaction costs and administration

- 19.8.4
- A firm must respond in a reasonable time and in a reasonably acceptable format to a request for information relating to transaction costs and administration charges relating to a particular arrangement (or any investment in which the arrangement is directly or indirectly invested) over a period of time from or on behalf of:
 - (1) an operator, trustee or manager of a relevant scheme; or another firm seeking to comply with its obligations under this section.
- 19.8.5

In responding to the request referred to in ■ COBS 19.8.4R, the *firm* must:

- (1) calculate the transaction costs incurred in relation to the arrangement or *investment* to which the request relates (including transaction costs incurred in any investment in which the arrangement or investment is directly or indirectly invested) in accordance with this section;
- (2) disclose the results of the aggregation of those transaction costs to the requesting *person*, along with a breakdown of the identifiable elements of those costs;
- (3) disclose the administration charges incurred in that arrangement or any investment to which the request relates (including administration charges incurred in any investment in which the arrangement or investment is directly or indirectly invested); and
- (4) provide other relevant information which would or may assist in making comparisons between the costs or charges in (1) to (3) and the equivalent costs or charges of other pension schemes where available.

19.8.6 G

- (1) The breakdown of identifiable transaction costs should include at least taxes, explicit fees and charges, costs in connection with securities lending and borrowing, and the benefit from anti-dilution mechanisms.
- (2) Other relevant information regarding transaction costs or administration charges might include, in relation to each arrangement (or *investment* in which the arrangement is directly or indirectly invested): the investment return, measures of risk, portfolio turnover rate, proportion of securities loaned or borrowed, costs other than transaction costs, and typical and maximum levels of entry, exit and switching costs. This is not an exhaustive list, and *firms* should use discretion based on the composition of each particular arrangement (or *investment* in which the arrangement is directly or indirectly invested).
- (3) Where it is not possible to calculate the amount of transaction costs or administration charges attributable to an arrangement (or *investment* in which the arrangement is directly or indirectly invested), a pro rata approach may be used, which assumes that transaction costs and administration charges are incurred evenly over time. A pro rata approach may also be used where information is not available for a full period or in other situations where the provision of information would otherwise be subject to unreasonable delay.
- (4) When calculating administration charges for a default arrangement, firms should have regard to COBS 19.6 (Restriction on charges in qualifying schemes) and the Occupational Pension Schemes (Charges and Governance) Regulations 2015 (SI 2015/879).

Taking reasonable steps to obtain necessary information

19.8.7 R

If a *firm* does not have the information necessary to comply with ■ COBS 19.8.4R and ■ COBS 19.8.5R, then it must:

- (1) take reasonable steps to obtain that information; or
- (2) where, despite having taken such reasonable steps, it remains unable to comply with COBS 19.8.4R and COBS 19.8.5R, provide a written explanation to the requesting party explaining why, including the percentage of *investments* in the arrangement (or *investment* in which the arrangement is directly or indirectly invested) for which information cannot be obtained, and indicating the categories of *investments* involved.

19.8.8 G

- (1) In taking reasonable steps to obtain information about transaction costs or administration charges, a *firm* should request the information from other *firms* involved in providing services in connection with the *relevant scheme*, arrangement, or *investment* in which the arrangement is directly or indirectly invested.
- (2) A *firm*, when seeking information about transaction costs or administration charges, should consider the materiality of that information to the calculation of costs and charges overall for each arrangement, in particular the degree to which it is necessary to look through to transactions in underlying *investments* in order to arrive at a fair assessment of the costs or charges of each arrangement.

19

Calculation of transaction costs for buying and selling transactions

19.8.9

A firm must calculate the transaction cost of buying or selling an investment as the difference between arrival price (AP) and execution price (EP) of that investment, multiplied by the number of units of, or in, the investment transacted, as follows:

- (1) AP and EP are determined in accordance with this section;
- (2) where an *investment* is purchased: transaction cost = $(EP-AP) \times (units)$; and
- (3) where an investment is sold: transaction cost = $(AP-EP) \times (units)$.

Arrival Price (AP)

19.8.10

A firm must determine the arrival price as follows:

- (1) for a transferable security, or other investment which there are frequent opportunities to dispose of, redeem, or otherwise realise at a price publicly available to market participants that is either a market price or a price made available or validated by valuation systems independent of the issuer:
 - (a) the market mid-price at the time the order was transmitted to another person for execution or was executed, whichever is earlier
 - (b) if no such price is available, then the last available mid-price on the day the order was executed, or, if this is not available, the closing mid-price on the day before; or
 - (c) if the order to transact was executed on a day other than the day it was transmitted to another person for execution, the market opening mid-price on the day of execution, or, if this is not available, the closing mid-price the day before; or
 - (d) if the order was executed during an auction, the most recently available mid-price of the asset prior to the auction; or
 - (e) if an order is transmitted to another *person* for execution outside trading hours, the subsequent market opening mid-price.
- (2) for an investment fund or other vehicle priced on a periodic basis:
 - (a) for a dual-priced vehicle, the fair value mid-price of the vehicle at the pricing point when the transaction took place; or
 - (b) for a single-priced vehicle, the fair value price of the vehicle at the pricing point when the transaction took place, prior to any dilution adjustment.
- (3) for physical (in other words, real or tangible) assets, the price paid for that physical asset, excluding all charges, commissions, taxes and other payments associated with the transaction.

for any other *investment* which does not fall into (1), (2) or (3):

(a) the most recent independent valuation prior to the order to transact being executed, or, if earlier, transmitted to another

- person for execution, adjusted appropriately for market movements using an appropriate benchmark index; or
- (b) if no such valuation is available, then an estimate based on a reasonable appraisal of the fair value of the asset prior to the order to transact being executed.

Arrival Price (AP): supplemental provision for multiple orders on the same day

19.8.11 R

Where an order is split into multiple orders ('child orders') in the same *investment* and transmitted on the same day, the arrival price of the first child order must be used as the arrival price of all subsequent child orders on that day.

Arrival Price (AP): supplemental provision for initial public offerings, placings and other issuance of securities

19.8.12 R For orders in initial public offerings, placings and other issuance of securities, the transaction price must be used as the arrival price.

Arrival Price (AP): supplemental provisions for derivatives

19.8.13 R

When determining the arrival price for a *derivative* where there is no publicly available price, a firm must determine the fair value price of the *derivative*.

19.8.14 G

- (1) When considering the basis for determining transaction costs relating to *derivatives*, a *firm* should take into account:
 - (a) the existence of any multiplier or scalar in arriving at the correct number of units:
 - (b) the nature of the derivative;
 - (c) the availability and transparency of prices of the derivative itself;
 - (d) where applicable, the nature and value of the assets underlying the *derivative*, including their price transparency and relative proportions within that *derivative*; and
 - (e) any other costs associated with the derivative.
- (2) When determining the fair value price, a firm should adopt a fair value approach in line with prevailing market conventions.

Arrival Price (AP): supplemental provision for foreign exchange

19.8.15 R

A firm must, in relation to a transaction involving foreign exchange, determine the arrival price using a reasonable estimate of the consolidated price rather than the price available from a single counterparty or foreign exchange platform, even if an agreement exists to undertake all foreign exchange transactions with a single counterparty.

Arrival Price (AP): supplemental provision for over the counter bond transactions

19.8.15A R

Where a bond transaction is executed on an over the counter basis after bid prices and offer prices have been obtained from more than one potential counterparty, the arrival price must be taken to be:

- (1) if the best bid price is below the best offer price, the mid-point between the best bid price and the best offer price;
- (2) if the best bid price is higher than the best offer price, the best bid price in the case of a sale or the best offer price in the case of a purchase: or
- (3) if the best bid price is equal to the best offer price, that price.

19.8.15B R

Where a bond transaction is executed on an over the counter basis after either a bid price or an offer price has been obtained, the arrival price must be estimated as follows:

- (1) by reference to the bid/offer spread on transactions in bonds with similar characteristics to the bond in question; or
- (2) by reference to a composite of indicative bid and offer quotes; or
- (3) by any other reasonable method.

Execution Price (EP)

19.8.16 R A firm must determine the execution price as the price at which a transaction is executed including all charges, commissions, taxes and other payments associated with the transaction, directly or indirectly, where those payments are made from the assets of the arrangement or of any investment in which the arrangement is directly or indirectly invested.

Calculation of transaction costs for lending and borrowing transactions

19.8.17

R

A firm must calculate the transaction cost of a loan transaction as the difference between the charge paid by the ultimate borrower in relation to that loan and the amount received by the arrangement (or underlying investment).

G 19.8.18

The amounts used to calculate the transaction cost of a loan transaction should include all fees, commissions, charges and other costs levied by intermediaries involved in the transaction regardless of the legal structures involved.

19.8.19

To determine the transaction cost of a borrowing transaction, a firm must use the amount paid for the loan.

19.8.20

The firm must aggregate and disclose, separately, the following transaction costs for each arrangement or investment and period to which the request relates:

- (1) the sum of the transaction costs for buy and sell transactions factoring in anti-dilution mechanisms (see COBS 19.8.21R); and
- (2) the sum of the transaction costs for lending and borrowing transactions.

Treatment of anti-dilution mechanisms

19.8.21 R Sub

Subject to ■ COBS 19.8.22R, a *firm* using an anti-dilution mechanism in connection with an arrangement or *investment* may factor this into the aggregate transaction costs calculation as follows:

- (1) where a levy is used, the monetary value of that levy may be subtracted from the aggregate transaction costs; and
- (2) where an adjustment is made by enabling further investment into or redemption from an *investment*, the value of the benefit accruing to the *investment* may be subtracted from the aggregate transaction costs.
- 19.8.22 R When aggregating transaction costs, a *firm* must not subtract any portion of a benefit derived from an anti-dilution mechanism that would reduce the aggregate transaction cost below zero.
- 19.8.23 G A *firm* may provide information about the total benefit derived from an anti-dilution mechanism as part of or alongside the breakdown of identifiable transaction costs.

19.9 Pension annuity comparison information

Definitions

19.9.1 R

In this section:

- (-1) an "enhanced annuity" refers to a pension annuity that pays a higher level of income due to a retail client's health or lifestyle;
- (1) "guaranteed minimum pension" has the meaning in section 8(2) of the Pension Schemes Act 1993;
- (2) a "guaranteed quote" is a quote that:
 - (a) is provided by a firm to a retail client for the purchase of a pension annuity; and
 - (b) is based on sufficient information to successfully underwrite the proposed pension annuity;
- (2A) an "income quote" is a guaranteed quote that offers at least the level of annual income requested by a retail client;
 - (3) a "market-leading pension annuity quote" is a quote for a pension annuity that:
 - (a) is generated by a firm by searching for, obtaining and comparing, pension annuities that are available to the retail client from across all of the pension annuity market using:
 - (i) the same information as the firm has used to generate a guaranteed quote; or
 - (ii) answers obtained from the retail client which allow the firm to determine whether the *client* may be eligible for an enhanced annuity, where the firm itself cannot generate an enhanced annuity quote using those answers; and
 - (b) provides the retail client with either:
 - (i) the highest annual income from amongst all of the quotes generated under (a); or
 - (ii) (in the case of an income quote) at least the amount of annual income requested by the retail client at the lowest purchase price from amongst all of the quotes generated under (a).
 - (4) "pension-related benefit" means one or more of the following:
 - (a) an existing or future entitlement to a guaranteed annuity rate;
 - (b) an entitlement to a pension commencement lump sum that exceeds 25% of the value of the retail client's benefit under the

- occupational pension scheme, personal pension scheme or stakeholder pension scheme in which the retail client has an interest:
- (c) an existing or future entitlement to a guaranteed minimum pension; or
- (d) section 9(2B) rights;
- (5) "pension annuity comparator information" means the information that a firm must provide under this section; and
- (6) [deleted]
- (7) "section 9(2B) rights" has the same meaning as in regulation 2(1) of the Occupational Pension Schemes (Schemes that were Contractedout) (No.2) Regulations 2015.

.....

.....

Application

19.9.2 R

This section applies to a *firm* that:

- (1) provides a *retail client* with a guaranteed quote for a *pension* annuity; or
- (2) is asked by another firm ("F") for a quote for a pension annuity where F is seeking a quote for the purposes of generating a market-leading pension annuity quote.

Purpose

19.9.5

G

A *firm* should consider ■ COBS 19.9.12R in cases where it is not clear whether a *retail client* is entitled to a pension-related benefit.

Exceptions from the requirement to provide the information required by COBS 19.9.4R

19.9.6 R

- (1) The requirement to provide the information required by COBS 19.9.4R and the related requirement in COBS 19.9.7R does not apply to a *firm*:
 - (a) if that firm ("F1") is reasonably satisfied that:
 - (i) the *retail client* has already received the information required by COBS 19.9.4R from another *firm* ("F2"); and
 - (ii) the information provided by F2 to the retail client relates to the same guaranteed quote that F1 would otherwise use as the basis for providing the information required by
 ■ COBS 19.9.4R; or
 - (b) in any case where a *firm*, during the same telephone conversation, provides a *retail client* with more than one guaranteed quote.
- (2) Where (1)(b) applies, a firm must comply with COBS 19.9.4R if:
 - (a) the *retail client*, during the same telephone conversation, selects one of the guaranteed quotes to explore further; or
 - (b) the *retail client* subsequently contacts the *firm* to explore further one of the guaranteed quotes ("Q1") that the *firm* has previously provided where Q1 was not, at the time it was provided, accompanied by the information required by COBS 19.9.4R.

Eligibility for enhanced annuities

19.9.6A R

- (1) When a *firm* generates a market-leading *pension annuity* quote it must take reasonable steps to obtain from the *retail client* answers to the questions that are required to determine whether the *client* is eligible for an enhanced annuity.
- (2) If the *retail client* is eligible for an enhanced annuity the *firm* must generate a market-leading quote for an enhanced annuity.
- (3) Firms may only use the information gathered in (1) for the purposes of:
 - (a) generating a guaranteed quote and a market-leading *pension* annuity quote;
 - (b) assisting another *firm*, on request, to generate a market-leading quote (■ COBS 19.9.9R); and
 - (c) underwriting, administering, and entering into a contract for an enhanced annuity;

unless the retail client consents to it being used for other purposes.

- (4) If the *retail client* refuses to answer a *firm's* questions that are required to determine whether the *retail client* is eligible for an enhanced annuity, a *firm* must:
 - (a) generate a market-leading *pension annuity* quote using the same information that it used to generate its guaranteed quote; and

19

(b) compare the market-leading pension annuity quote referred to in (a) with its guaranteed guote.

19.9.6B

G

For the purpose of ■ COBS 19.9.6AR, examples of the sorts of health and lifestyle circumstances which may indicate that a retail client is eligible for an enhanced annuity are:

- (1) whether the client is or was a smoker;
- (2) the client's height, weight and waist size and whether these are outside normal ranges;
- (3) the number of units of alcohol the client consumes per week;
- (4) whether the *client* is taking medication for high blood pressure or high cholesterol;
- (5) whether the *client* is taking medication for serious health conditions.

- (1) The *quidance* in this section relates to a *firm's* obligations to provide a market-leading *pension annuity* quote in ■ COBS 19.9.6AR(4).
- (2) A firm may consider it appropriate to include in the quote provided to the retail client a statement that the client may have health or lifestyle factors that could mean that they are eligible for a higher income. For example, the wording in the "Did you know?" box in the template in Part 3 of ■ COBS 19 Annex 3R could be adapted to reflect the fact that a *client* has refused to answer questions about their health or lifestyle.

Information comparing a guaranteed quote and a marketleading pension annuity quote

19.9.7

R

A firm must:

- (1) generate a market-leading pension annuity quote before providing a guaranteed quote to a retail client;
- (2) unless (2A) applies, determine which of the following will, or is most likely to, offer a retail client the highest annual income:
 - (a) the pension annuity offered by the guaranteed quote ("A");
 - (b) the pension annuity offered by the market-leading pension annuity quote ("B");
 - (c) if applicable, the pension that a retail client is entitled to, or will be entitled to, pursuant to the retail client's entitlement to a guaranteed annuity rate ("C"); or
 - (d) if applicable, the minimum pension that a retail client is entitled to, or will be entitled to, pursuant to the retail client's entitlement to either or both a guaranteed minimum pension or section 9(2B) rights ("D");

in cases where a retail client has requested an income quote, determine which of the following will, or is most likely to, offer a retail client with at least the annual income that the retail client has requested at the lowest purchase price:

19

- (a) the pension annuity offered by the guaranteed quote ("A1");
- (b) the *pension annuity* offered by the market-leading pension annuity quote ("B1"); or
- (c) if applicable, the pension that the *retail client* is entitled to, or will be entitled to, pursuant to their entitlement to a *guaranteed* annuity rate ("C1");
- (3) use the template in:
 - (a) Part 1 of COBS 19 Annex 3R where (2) applies and B offers a *retail* client the highest annual income;
 - (b) Part 2 of COBS 19 Annex 3R where (2) applies and A, C or D offers a retail client the highest annual income;
 - (c) Part 4 of COBS 19 Annex 3R where (2A) applies and B1 offers a retail client at least the annual income that the retail client has requested at the lowest purchase price; or
 - (d) Part 5 of COBS 19 Annex 3R where (2A) applies and A1 or C1 offers a *retail client* at least the annual income that the *retail client* has requested at the lowest purchase price;
- (4) where (2) applies and B offers the highest annual income:
 - (a) calculate as a single sum in pounds sterling the amount by which B provides a higher annual income than A;
 - (b) include that amount in the relevant place in the template; and
 - (c) include a statement making it clear that a *retail client* could obtain a higher annual income by searching the open market for a *pension annuity*;
- (4A) where (2A) applies and B1 offers at least the requested annual income at the lowest purchase price:
 - (a) calculate as a single sum in pounds sterling the difference in purchase price between A1 and B1;
 - (b) include that amount in the relevant place in the template; and
 - (c) include a statement making it clear that the *retail client* could obtain at least the requested annual income at a lower purchase price by searching the open market for a *pension annuity*;
 - (5) where (2) applies and A offers the highest annual income, include a statement that A will provide the *retail client* with the highest annual income: and
- (5A) where (2A) applies and A1 offers at least the requested annual income at the lowest purchase price, include a statement that A1 will provide the *retail client* with at least the requested annual income at the lowest purchase price;
 - (6) if applicable, where (2) applies and C or D will, or is likely to, provide the highest annual income:
 - (a) calculate as a single sum in pounds sterling the amount by which C or D, as applicable, will, or is likely to, provide a higher annual income than A;
 - (b) include that amount in the relevant place in the template; and
 - (c) warn the *retail client* that:

- (i) the entitlement to, as applicable, C or D, will be extinguished if the retail client accepts A; and
- (ii) accepting A will result in the retail client receiving a lower annual income than the retail client is entitled to pursuant to, as applicable, C or D.
- (7) where (2A) applies and C1 will, or is likely to, provide at least the requested annual income at the lowest purchase price:
 - (a) calculate as a single sum in pounds sterling the difference in purchase price between A1 and C1;
 - (b) include the amount in (a) in the relevant place in the template;
 - (c) warn the retail client that:
 - (i) the entitlement to C1 will be extinguished if the retail client accepts A1; and
 - (ii) accepting A1 will result in the retail client paying a higher purchase price than that payable if the retail client exercises their entitlement to C1;
- (8) where (2A) applies and either A1 or B1 offers the retail client at least the requested annual income at the lowest purchase price, a firm must determine whether the retail client's entitlement to a guaranteed annuity rate can be applied to offer a better value annuity compared to the lowest purchase price annuity on offer and, if so, warn the retail client accordingly.
- 19.9.7A

G

An example of where a *firm* may need to provide a warning of the kind referred to in COBS 19.9.7R(8) is where a retail client ('R') is seeking an annuity of £5,000 and the lowest purchase price for such an annuity is £100,000. If R's entitlement to a guaranteed annuity rate can be used to provide R with an annuity of £15,000, albeit at a cost of £200,000, the firm should warn R of this possibility. Where applicable, such a warning should be included in the relevant template and may also be given orally.

19.9.8 G When a firm is required to generate a market-leading pension annuity quote it may use:

- (1) the facility on the MoneyHelper website available on https:// www.moneyhelper.org.uk/guaranteed-income; or
- (2) software, or any other means, that will enable the firm to search for, obtain and compare pension annuities available to the retail client from across all of the pension annuity market.

Requirement to provide another firm with information pursuant to COBS 19.9.4R(7) and COBS 19.9.7R

19.9.9

R

A firm ("F1") must take reasonable steps to provide any information requested of it by another firm ("F2") where such information is requested in order for F2 to comply with its obligations under ■ COBS 19.9.4R(7) and the related requirement in ■ COBS 19.9.7R.

19.9.10

19.10 Drawdown, investment pathways and cash warnings

Definitions

19.10.1 R

In ■ COBS 19.10:

- (1) [deleted]
- (2) "cash warning" is the warning in COBS 19.10.38R;
- (3) "drawdown fund" means either a capped drawdown pension fund or flexi-access drawdown pension fund:
- (4) a retail client is a "non-advised retail client" if a firm has not determined, on reasonable grounds, that the client has received a personal recommendation in relation to how to invest the sums or assets in their drawdown fund, in accordance with ■ COBS 19.10.10R(4);
- (5) "pathway investments exempt firm" is a firm which:
 - (a) has elected not to offer pathway investments; and
 - (b) is satisfied on reasonable grounds that it is more likely than not to have fewer than 500 of its non-advised retail clients designate funds to a drawdown fund in the 12 months following the date of the election in (a), taking into account:
 - (i) the number of non-advised retail clients who designated funds to a drawdown fund in the preceding 12 months;
 - (ii) the potential impact of any change in the firm's business plans over the next 12 months; and
 - (iii) any other relevant factors;
- (6) references to a firm "offering" the retail client a pathway investment mean that the investments are either:
 - (a) manufactured by the firm (F1); or
 - (b) manufactured by another firm (F2); and are available for investment in the drawdown fund operated by
- (7) references to a firm (F1) "referring" the retail client to a firm (F2) offering a pathway investment mean that F1 arranges for F2 to give

the *retail client* the opportunity to invest in a *pathway investment* available through transfer to the drawdown fund operated by F2, where F2 offers *pathway investments* in accordance with (6)(a) above.

Who?

- 19.10.2 R This section applies to an operator of a retail client's personal pension scheme or stakeholder pension scheme.
- 19.10.3 G The application of this section is modified for a pathway investments exempt firm.
- 19.10.4 R (1) A pathway investments exempt firm must review its status at least once every 12 months.
 - (2) Any change to a *firm's* status as a pathway investments exempt firm must take effect within 12 *months* of the review date.

Purpose

- 19.10.5 G The purpose of this section is to help non-advised *retail clients* designating some or all of the funds in their *pension schemes* into a drawdown fund to make an active decision about how to invest those drawdown funds to achieve their retirement objectives.
- 19.10.6 G This section specifies the circumstances where a *firm* dealing with a non-advised *retail client* in relation to the investment of the sums or assets in their drawdown fund must:

give the retail client the opportunity to use the investment pathways;

offer the retail client a pathway investment or refer the retail client to a firm that offers pathway investments;

ensure that *retail clients* investing wholly or predominantly in *cash-like investments* make an active decision to do so;

provide warnings to *retail clients* investing wholly or predominantly in *cash-like investments*;

remind *clients* about their option to shop around and use *pensions* guidance.

This section does not absolve *firms* of their obligation, when communicating with *retail clients* about their drawdown fund options, to provide such information as is necessary for the *retail client* to make an informed decision, including (where relevant) the information listed in ■ COBS 19.4.14R.

When?

- Subject to COBS 19.10.10R, a *firm* must take the steps in this section when a retail client requests to:
 - (1) designate some, or all, of the sums or assets in their *pension scheme* to a drawdown fund; or

(2) transfer sums or assets already in drawdown into a drawdown arrangement provided by the firm.

19.10.9

G

■ COBS 19.10.8R(2) applies to a drawdown provider when a retail client requests to transfer sums to the drawdown provider from another provider. It also applies, for example, when a retail client requests to transfer sums into a new drawdown arrangement at the end of a fixed-term arrangement with the same drawdown provider.

19.10.10 R

The requirements in this section do not apply to a *firm*:

in relation to sums or assets in a retail client's pension scheme that the retail client requests to use to purchase a fixed-term product that:

- (a) provides a guaranteed income, a guaranteed capital return or both, to the retail client or the retail client's beneficiary; and
- (b) does not involve any investment risk to the retail client if the retail client remains in the product for the fixed term;

when the firm carries out the retail client's previous instructions to designate their funds on a regular basis into a drawdown fund;

when the *retail client* has been taken through the *investment* pathways by another firm (F1) and has been referred to the firm's (F2's) drawdown fund to invest in one of the pathway investments that the firm (F2) offers (see ■ COBS 19.10.1R(7)); or

when the firm has determined, on reasonable grounds, that the retail client has received a personal recommendation in relation to the action referred to in \blacksquare COBS 19.10.8R(1) or \blacksquare (2).

19.10.11 G

COBS 19.10.10R(1) applies where a retail client requests to purchase a fixedterm product, in which the only income or return is intended to be regular income, a capital return or both (payable to the client or the client's beneficiary), with amounts guaranteed and specified at the time the product is purchased. Firms may nonetheless agree terms permitting ad hoc withdrawals or early exit, which may or may not be subject to guarantees, with retail clients purchasing these products.

19.10.12 G

A firm will not have reasonable grounds for the purpose of ■ COBS 19.10.10R(4) if the determination is based solely on information that:

- (1) is over 12 months old;
- (2) the retail client is in, or transferring from, an advised product; or
- (3) the retail client continues to provide remuneration to an adviser in relation to their pension scheme or drawdown fund.

19.10.13 G

However, a firm could have reasonable grounds for the purpose of ■ COBS 19.10.10R(4) if the retail client continues to provide remuneration to an adviser in relation to their pension scheme or drawdown fund and the firm has reminded the retail client of this:

- (1) including an explanation of what this means in the context of the *retail client's* request referred to in COBS 19.10.8R;
- (2) in a durable medium; and
- (3) within a reasonable time before the *firm* carries out the *retail client's* request referred to in COBS 19.10.8R.

Step 1: offer use of investment pathways

19.10.14 R

The first step is to ask the *retail client* how they want to select the *investment* for their drawdown fund from the following options:

- (1) use the investment pathways (option 1);
- (2) select investments without using the *investment pathways* (option 2); or
- (3) (where applicable) remain invested in their current investments (option 3).
- 19.10.15 R

The option to use *investment pathways* must be presented with equal prominence to options 2 and 3.

19.10.16 R

If a *retail client* selects option 1, or the *retail client* is unsure about the option to select, or the *firm* is unsure about which option the *retail client* has selected, the *firm* must proceed to step 2.

Step 2: present investment pathway options

19.10.17 R

The second step is to:

- (1) present the *retail client* with the following *investment pathway* options:
 - (a) Option 1: I have no plans to touch my money in the next 5 years;
 - (b) Option 2: I plan to use my money to set up a guaranteed income (annuity) within the next 5 years;
 - (c) Option 3: I plan to start taking my money as a long-term income within the next 5 years;
 - (d) Option 4: I plan to take out all my money within the next 5 years; and
- (2) ask the *retail client* to select an *investment pathway* option that corresponds most closely to their current intentions.
- 19.10.18 R
- A *firm* must not present any other investment options to the *retail client* during step 2 of *investment pathways*.
- 19.10.19 R

If a *retail client* selects an *investment pathway* option, the *firm* must proceed to step 3.

19.10.20 G

If, after the firm completes step 2, the retail client does not select an investment pathway option the firm should:

- (1) consider providing the retail client with the opportunity to view the investment pathways options again or ask if the retail client requires further information to make a decision;
- (2) provide a clear and prominent statement about the availability of advice and pensions guidance; and
- (3) provide the retail client with the information in COBS 19.10.30R, if applicable.

Step 3: offer pathway investments

19.10.21 R

- (1) The third step is for the firm to:
 - (a) offer the retail client a pathway investment that corresponds to the investment pathway option selected in step 2; or
 - (a) refer the retail client to a firm that offers a pathway investment that corresponds to the *investment pathway* option selected in step 2; or
 - (a) (for pathway investments exempt firms only) refer the retail client to the MoneyHelper investment pathways comparison tool, available on https://www.moneyhelper.org.uk/pathways;
 - (b) describe to the *retail client*, using plain language, the level of riskiness of each pathway investment (whether offered by that firm or by a firm to which they refer retail clients); and
 - (c) provide the *retail client* with a clear and prominent statement:
 - (i) that other firms offer pathway investments for the investment pathway option selected by the retail client and that the retail client may benefit from shopping around, with an explanation of how they may do so; and
 - (ii) that MoneyHelper is available to assist the retail client with shopping around for pathway investments with an explanation of how they may access MoneyHelper and the MoneyHelper investment pathways comparison tool, available on https://www.moneyhelper.org.uk/pathways.
- (2) A pathway investment exempt firm need only do (1)(a)(ii) or (iii) and (1)(b) and (c).

19.10.22 G

If after the firm completes step 3 the retail client does not select a pathway investment the firm should:

- (1) consider providing the retail client with the opportunity to view the investment pathways options again or ask if the retail client requires further information to make their decision:
- (2) remind the retail client that they can shop around and explain how they can do that;
- (3) provide a clear and prominent statement about the availability of advice and pensions guidance; and

(4) provide the *retail client* with the information in ■ COBS 19.10.30R, if applicable.

19.10.23 G

If after the *firm* completes step 3 the *retail client* does not select a *pathway investment* the *firm* may offer other investments and tools the client may use when deciding how to invest their drawdown fund.

Preparing for step 3

19.10.24 R

To prepare for step 3:

- (1) a *firm* (excluding pathway investments exempt firms) must be in a position to:
 - (a) offer, or refer to other *firms* offering, a *pathway investment* for each of the *investment pathway* options (see COBS 19.10.1R(7) on referring); and
 - (b) offer pathway investments for at least two investment pathway options;
- (2) firms may offer, or refer to other firms offering, the same pathway investment for more than one investment pathway option, but must not offer, or refer the retail client to other firms that offer, the same pathway investment for all investment pathway options;
- (3) firms must be in a position to describe the level of riskiness of each pathway investment, whether offered by them or by a firm to which they refer retail clients; and
- (4) pathway investments exempt firms must be in a position to either:
 - (a) refer clients to pathway investments offered at other firms; or
 - (b) refer clients to the *MoneyHelper investment pathways* comparison tool, available on https://www.moneyhelper.org.uk/pathways.

19.10.25 R

Firms must not offer a retail client more than one pathway investment, nor refer a retail client to more than one firm offering a pathway investment, for any investment pathway option.

19.10.26 G

Firms do not have to offer the same pathway investment to all retail clients who select the same investment pathway option. Example F(33) in PERG 8 Annex 1 sets out some considerations for firms that offer different pathway investments in relation to the same investment pathway option.

19.10.27 **G**

- (1) Where a *firm* decides to change the *pathway investment* it offers in relation to a particular *investment pathway* option, the *firm* may need to consider whether it would be appropriate to transfer existing clients to that new investment.
- (2) This may be the case, for example, if the transfer is required to prevent consumer harm and avoid risking a breach of our *rules*, for example *Principle* 6. This could be the case where the *firm* has determined that the *pathway investment* is no longer an appropriate

- investment for the investment pathway option and the client is likely to suffer harm as a result.
- (3) If firms decide to transfer existing clients to a new pathway investment, firms will need to consider the information needs of their clients, and communicate to them appropriately and in good time, in a manner that is clear, fair and not misleading.
- (4) Firms are required to have appropriate arrangements in place (including contractual powers that are fair and transparent and comply with the CRA) to enable them to comply with their obligations under the regulatory system.
- 19.10.28 R
- (1) Firms must label pathway investments clearly using the corresponding option listed in ■ COBS 19.10.17R(1).
- (2) Firms must not label any other investments as pathway investments or mislead a retail client into thinking that another investment is a pathway investment.

Information, including cash warnings, for clients who have not decided to invest at least 50% of their drawdown fund in pathway investments

- 19.10.29 R
- COBS 19.10.30R applies if a retail client has:
 - (1) been taken through the *investment pathway* (whether or not they proceeded to steps 2 or 3); and
 - (2) not decided to invest at least 50% of their drawdown fund in one or more pathway investments.
- 19.10.30 R

Before carrying out the retail client's request referred to in ■ COBS 19.10.8R, the firm must:

- (1) if the retail client has chosen to remain in their current investments, remind the retail client:
 - (a) of their current investment strategy (where this is known to the firm); and
 - (b) to check that their current investment strategy meets their current investment objectives;
- (2) subject to COBS 19.10.32R, if carrying out the *retail client's* request referred to in ■ COBS 19.10.8R would result in more than 50% of the retail client's drawdown fund being invested in cash-like investments:
 - (a) ensure that the retail client has made an active decision to invest in cash-like investments: and
 - (b) provide the retail client with a cash warning;
- (3) remind the retail client that they can shop around and how to do that, including the option of using the MoneyHelper investment pathways comparison tool, available on https:// www.moneyhelper.org.uk/pathways; and
- (4) provide a clear and prominent statement about the availability of advice and pensions guidance.

- 19.10.31 G

A retail client's signature on a pre-populated form, whether in paper or electronic format, is not, by itself, sufficient evidence of an active decision to invest in cash-like investments.

- 19.10.32 R
- (1) COBS 19.10.30R(2) does not apply where a retail client has given a discretionary investment manager or a financial adviser permission to execute investment decisions, and the sums or assets covered by this permission comprise more than 50% of the retail client's drawdown fund.
- (2) When ascertaining whether more than 50% of the retail client's drawdown fund is invested in cash-like investments, a firm may ignore sums or assets in relation to which a discretionary investment manager or a financial advisor has permission to execute investment decisions. A firm exercising this option must take the steps in COBS 19.10.30R(2) if the client's decision would result in more than 50% of the remainder of the drawdown fund being invested in cashlike investments.
- (3) If it is not possible for the firm to identify the assets in a retail client's drawdown fund, despite making all reasonable efforts, a firm may take into account all investments in the retail client's personal pension scheme or stakeholder pension scheme. In such a case, a firm must take the steps in ■ COBS 19.10.30R(2) if the client's decision would result in more than 50% of the value of the client's personal pension scheme or stakeholder pension scheme being invested in cash-like investments.
- 19.10.33 G

To ascertain whether more than 50% of a retail client's drawdown fund is invested in cash-like investments, a firm should take reasonable steps to obtain up-to-date information, and should use the most recent information it has access to.

Ongoing cash warnings

- 19.10.34 R
- When a firm has given a retail client a cash warning pursuant to ■ COBS 19.10.30R(2)(b) or ■ TP 2.8GR, the *firm* must give the client a cash warning at least annually thereafter, while the client remains so invested and remains a non-advised client.
- 19.10.35 G
- When considering whether to send an annual cash warning, a firm may, but is not obligated to, reassess whether a retail client has received a personal recommendation in relation to how to invest the sums or assets in their drawdown fund, in accordance with ■ COBS 19.10.10R(4).

Product governance

- 19.10.36 G
- A firm should ensure that it complies with the product governance requirements in PROD in relation to the pathway investments they offer.

Cash warnings

- 19.10.37 G This section defines a cash warning and how it must be provided. ■ COBS 19.10.30R(2)(b), ■ TP 2.8GR and ■ COBS 19.10.34R set out when a cash warning must be provided.

19.10.38 R

The cash warning must:

- (1) be provided in a durable medium;
- (2) using plain language, warn the retail client that:
 - (a) more than half of their eligible drawdown fund is invested in cash-like investments; and
 - (b) the value of their drawdown fund is at risk of being eroded by inflation; and
- (3) include a generic example (provided as an explanation, an illustration or both) of how inflation erosion would affect a £10,000 pot over 5 years, assuming 0% interest and using a measure of inflation generally accepted in the United Kingdom; and
- (4) inform the retail client that if they plan to invest for the longer-term, they should consider whether their current investments are likely to grow sufficiently to meet their objectives.

19.10.39 G

The *firm* should also:

- (1) (if appropriate) inform the *retail client* that:
 - (a) this warning is not advice or a substitute for it;
 - (b) the value of any investment can fall as well as rise;
- (2) explain to and/or illustrate for the retail client that different types of investment have a different balance of risk to potential gain;
- (3) provide the retail client with a statement to the effect that (to the extent applicable) the firm offers pathway investments and other investments: and
- (4) remind the retail client (in line with the requirements in COBS 19.4) that the retail client can:
 - (a) shop around (with an explanation of how to do that);
 - (b) seek advice from a FCA-regulated financial adviser; and
 - (c) review information on the *MoneyHelper* website, available on https://www.moneyhelper.org.uk.

19.10.40 G

In the FCA's view, the Consumer Prices Index is a national index of retail prices and so may be used as a measure of the current inflation rate for the purposes of **■** COBS 19.10.38R(3).

Warning on expiry of a fixed-term product

19.10.41

G

This section sets out when and how warnings must be given to retail clients who have purchased certain fixed-term products, and what the warnings should include.

19.10.42 R

■ COBS 19.10.43R applies where:

(1) a non-advised retail client has purchased a fixed-term product within a personal pension scheme or stakeholder pension scheme;

- (2) at the end of the fixed term, that product has a fixed cash value payable to the *retail client* or the *retail client*'s beneficiary; and
- (3) the *retail client* has not given the *firm* instructions to transfer the full value out of the product.

19.10.43 R

The firm must provide the retail client with a warning, which must:

- (1) be provided:
 - (a) in a durable medium;
 - (b) within 28 days of the end of the fixed term; and
 - (c) at least annually thereafter for so long as the value remains in the product; and
- (2) in plain language, warn the client that:
 - (a) the fixed term of the product has expired;
 - (b) if applicable, no interest will accrue on the value remaining in the product; and
 - (c) the value remaining in the product is at risk of being eroded by inflation; and
- (3) include a generic example (provided as an explanation, an illustration or both) of how inflation erosion would affect a £10,000 pot over 5 years, assuming 0% interest and using a measure of inflation generally accepted in the *United Kingdom*.

19.10.44 G

The firm should also:

- (1) if appropriate, inform the *retail client* that this warning is not advice or a substitute for it;
- (2) remind the *retail client* (in line with the requirements in COBS 19.4) that they can:
 - (a) shop around (with an explanation of how to do that);
 - (b) seek advice from a FCA-regulated financial adviser; and
 - (c) review information on the *MoneyHelper* website available on https://www.moneyhelper.org.uk.

19.10.45 G

In the FCA's view, the Consumer Prices Index is a national index of retail prices and so may be used as a measure of the current inflation rate for the purposes of ■ COBS 19.10.43R(3).

Record keeping

19.10.46 R

A pathway investments exempt firm must maintain a record of:

- (1) the dates its exemption applies; and
- (2) how the *firm* assessed that it meets the requirements for the exemption with reference to the criteria in COBS 19.10.1R(5)(b).

19.10.47 G

A firm to which the record-keeping rules in ■ SYSC 3 (Systems and controls) or SYSC 9 (Record-keeping) apply should maintain a record of its compliance with the requirements in this section including:

- (1) the number of advised and non-advised retail clients entering into drawdown arrangements with the firm;
- (2) a record of how the firm determined, on reasonable grounds, that a retail client had received a personal recommendation, in accordance with ■ COBS 19.10.10R(4) (where relevant);
- (3) the number of retail clients who chose each of the 3 options at step 1 of investment pathways;
- (4) the number of retail clients who selected each investment pathway option at step 2;
- (5) the total number of retail clients who did not select an investment pathway option after step 2;
- (6) in relation to retail clients who did not select an investment pathway option after step 2, the number who:
 - (a) did not, as originally requested, move sums or assets into drawdown or transfer sum or assets already in drawdown;
 - (b) moved sums or assets into drawdown but remained invested in their previous investments;
 - (c) moved sums or assets into drawdown or transferred sum or assets already in drawdown, but selected another investment offered by the firm.
- (7) the number of retail clients offered each pathway investment at step
- (8) the number of retail clients who selected each pathway investment at step 3;
- (9) the total number of retail clients who did not select the pathway investment offered;
- (10) in relation to retail clients who did not select the pathway investment offered, the number who:
 - (a) did not, as originally requested, move sums or assets into drawdown or transfer sum or assets already in drawdown;
 - (b) moved sums or assets into drawdown but remained invested in their previous investments;
 - (c) moved sums or assets into drawdown or transferred sum or assets already in drawdown, but selected another investment offered by the firm:
 - (c) moved sums or assets into drawdown or transferred sum or assets already in drawdown, but selected a pathway investment different to that offered by the firm in step 3;
- (11) where a firm refers retail clients to another firm's pathway investment at step 3:
 - (a) the number of retail clients referred to another firm's pathway investment, broken down by pathway investment if more than one;

- (b) the number who transferred to that firm;
- (c) the number who did not transfer to that firm;
- (d) in relation to retail clients who did not transfer, the number who:
 - (i) did not, as originally requested, move sums or assets into drawdown or transfer sum or assets already in drawdown;
 - (ii) moved sums or assets into drawdown but remained invested in their previous investments;
 - (iii) moved sums or assets into drawdown or transferred sum or assets already in drawdown, but selected a non-pathway investment offered by the firm;
 - (iv) moved sums or assets into drawdown or transferred sum or assets already in drawdown, but selected a *pathway investment* that did not require transferring to another *firm*;
- (12) where a pathway investment exempt *firm* refers *retail clients* to the *MoneyHelper investment pathways* comparison tool at step 3:
 - (a) the number of *retail clients* directed to the *MoneyHelper investment pathways* comparison tool;
 - (b) the numbers of those *retail clients* who then transferred to another *firm*;
 - (c) the number of retail clients who did not transfer to another firm;
 - (d) in relation to retail clients who did not transfer, the number who:
 - (i) did not, as originally requested, move sums or assets into drawdown or transfer sum or assets already in drawdown;

19.11 Pensions dashboards

Who?

19.11.1 R

This section applies to an operator of a relevant pension scheme. For the avoidance of doubt, in this section, a personal pension scheme includes a personal pension product and therefore the provider of a personal pension product is within the scope of the rules in this section.

Purpose

19.11.2 G

The purpose of this section is to ensure that an operator of a relevant pension scheme provides and facilitates the provision of sufficient pensions dashboard view data to a pensions dashboard service.

.....

19.11.3 G

This section specifies the requirements placed on an *operator* of a *relevant* pension scheme to:

- (1) register with the Money and Pensions Service;
- (2) connect with the MaPS dashboards digital architecture;
- (3) provide and facilitate the provision of sufficient information in response to pensions dashboard find requests and pensions dashboard view requests; and
- (4) comply with *pensions dashboard standards* and have regard to *pensions dashboard guidance* as appropriate.

19.11.4 G

Where a *firm* is required by the *rules* in this section to have regard to *pensions dashboard guidance*, the *firm* will need to do so with due skill, care and diligence (in line with *Principle* 2). *Firms* will need to be able to demonstrate that they have taken into account the relevant guidance and the intended outcomes when considering whether their own systems are in line with that guidance and comply with the *rules* in this section.

Co-operation with, and notifications to, the Money and Pensions Service

19.11.5 R

A firm must:

- (1) cooperate with the *Money and Pensions Service* as far as is reasonably necessary to assist with the exercise of the *Money and Pensions Service's* functions in relation to *pensions dashboard services*; and
- (2) comply with the service and operational *pensions dashboard* standards.

- 19.11.6

In compliance with the service and operational pensions dashboard standards, a firm must notify the Money and Pensions Service as soon as possible once it becomes aware of any of the following issues:

- (1) connection state changes, such as scheduled downtime or maintenance;
- (2) systemic issues, such as cyber-attacks that could affect the security of the MaPS pensions dashboards ecosystem; and
- (3) changes in connection arrangements.
- 19.11.7

A firm must immediately notify the Money and Pensions Service if it is disconnected from the MaPS dashboards digital architecture.

Registration and connection to the Money and Pensions Service

19.11.8 R A firm must:

- (1) register with the Money and Pensions Service having regard to pensions dashboard guidance relating to connection;
- (2) ensure that it is, and remains, connected to the MaPS dashboards digital architecture:
 - (a) in compliance with the pensions dashboard standards relating to:
 - (i) connection and security standards;
 - (ii) technical standards; and
 - (b) having carried out the steps in the pensions dashboard guidance relating to connection or any alternative steps the firm has taken to achieve the same result; and
- (3) make and maintain a record of how it has complied with (2)(b) for at least 6 years from the end of the calendar year to which the information relates.

Responding to find requests and the matching process

- 19.11.9
- A firm must determine the pensions dashboard matching criteria to use for the pensions dashboard matching process:
 - (1) having regard to pensions dashboard guidance on matching; and
 - (2) taking into account:
 - (a) the nature and quality of the pensions dashboard find data held by the firm; and
 - (b) the firm's preferred approach to preventing data breaches.
- 19.11.10 R

A firm must make and maintain a record of the pensions dashboard matching criteria determined by the firm in ■ COBS 19.11.9R for at least 6 years from the end of the calendar year to which the information relates.

- 19.11.11 R
- On receipt of a pensions dashboard find request, a firm must immediately follow the pensions dashboard matching process having regard to pensions dashboard guidance on matching.
- 19.11.12 R

Where there is a positive match relating to a pensions dashboard user who is or could be a relevant pension scheme member, a firm must:

- (1) immediately create a pension identifier;
- (2) register the *pension identifier* with the *Money and Pensions Service* in accordance with technical *pensions dashboard standards*; and
- (3) store information that indicates whether the *pension identifier* relates to a *match made* or a *possible match*.
- 19.11.13 R

Where there is a possible match, a firm must:

- (1) check with the Money and Pensions Service that the pensions dashboard user to whom the pensions dashboard find request relates has consented to their pensions dashboards view data being provided to the pensions dashboard service that issued the pensions dashboard view request;
- (2) if the Money and Pensions Service confirms the information in (1), immediately provide the limited form of administrative data to the pensions dashboard service that issued the pensions dashboard view request:
 - (a) in the format and manner set out in the *pensions dashboard* standards on data; and
 - (b) having regard to pensions dashboard guidance on data;
- (3) immediately send a message, in accordance with the *pensions* dashboard standards on data, to the *pensions* dashboard service that issued the *pensions* dashboard view request, indicating that:
 - (a) further information is required in order to determine if the pensions dashboard user is a relevant pension scheme member; and
 - (b) the pensions dashboard user to whom the pensions dashboard find request relates must contact the operator of the relevant pension scheme to which the possible match relates, within 30 days of receiving the limited form of administrative data, to provide further information so that the relevant pension scheme can determine whether the pensions dashboard user is a relevant pension scheme member;
- (4) if the pensions dashboard user to whom the pensions dashboard find request relates contacts them, immediately seek to resolve the possible match having regard to the pensions dashboard guidance on matching;
- (5) where the *pensions dashboard user* to whom the *pensions dashboard find request* relates:
 - (a) does not make contact with the *operator* of the *relevant pension* scheme regarding the *possible match* within 30 days of receiving the *limited form of administrative data*; or

- (b) does make contact, but the relevant pension scheme, having regard to pensions dashboard guidance on matching, is unable to resolve the possible match as a match made within such time as may be reasonably allowed by the relevant pension scheme,
- the firm must delete the pensions dashboard find request and deregister the pension identifier from the Money and Pensions Service as soon as possible; and
- (6) notify the Money and Pensions Service if the relevant pension scheme determines subsequently that the pensions dashboard user is a relevant pension scheme member.
- 19.11.14 R

Where a positive match or a possible match is made but the relevant pension scheme member subsequently ceases to be a relevant pension scheme member, the firm must de-register the pensions identifier from the Money and Pensions Service as soon as possible.

Responding to view requests and requirement to provide view

19.11.15 R

Where there is a match made (including where a possible match subsequently results in a match made) and the firm receives a pension dashboard view request, a firm must:

- (1) check with the Money and Pensions Service that the relevant pension scheme member to whom the pension dashboard find request relates has consented to their pensions dashboard view data being provided to the pensions dashboard service that issued the pension dashboard view request;
- (2) if the Money and Pensions Service confirms the information in (1), provide the relevant pension scheme member's pensions dashboard view data to the pensions dashboard service that issued the pensions dashboard view request; and
- (3) ensure the pensions dashboard view data:
 - (a) is in the format and manner set out in the pensions dashboard standards on data; and
 - (b) is provided having regard to the pensions dashboard guidance on data.

Administrative data – timescales

19.11.16 R

A firm must provide the administrative data element of pensions dashboard view data required to be provided in ■ COBS 19.11.15R(2), in accordance with the following timescales:

- (a) if the pensions dashboard view request relates to a relevant pension scheme member who has joined the relevant pension scheme less than 3 months ago:
 - (i) as soon as practicable; and
 - (ii) in any event, no later than 3 months after the relevant pension scheme member's joining date.
- (b) in any other case, immediately after the request is received by the firm.

Administrative data – content

19.11.17 R

The administrative data element of pensions dashboard view data required to be given in ■ COBS 19.11.15R(2) must be provided:

- (1) in accordance with the pensions dashboard standards on data; and
- (2) having regard to pensions dashboard guidance on data.

19.11.18 R

The administrative data is comprised of the following:

- (1) the date of birth of the relevant pension scheme member concerned;
- (2) information about the relevant pension scheme;
- (3) information about the *administrator* of the *relevant pension scheme*; and
- (4) where applicable and to the extent available, information about the employment that gave rise to the accrual of the pension saving.

19.11.19 R

The information about the *relevant pension scheme* referred to in ■ COBS 19.11.18R(2) must include:

- (1) the name of the relevant pension scheme;
- (2) a description of the types of benefit provided under the *relevant* pension scheme to the *relevant* pension scheme member;
- (3) whether the relevant pension scheme member is an active pension scheme member or a deferred pension scheme member or a pension credit member; and
- (4) the date when the *relevant pension scheme member* became a member of the *relevant pension scheme*.

19.11.20 R

The information referred to in ■ COBS 19.11.18R(3) about the *administrator* of the *relevant pension scheme* must include:

- (1) the name of the *administrator* having regard to *pensions dashboard* standards on data;
- (2) information to enable the *relevant pension scheme member* to get in touch with the *administrator*, which complies with *pensions dashboard standards* on data and which includes at least one of the following:
 - (a) the administrator's website address;
 - (b) the administrator's email address;
 - (c) the administrator's telephone number and telephone number type, including whether the number is the primary telephone number, is appropriate for Welsh language speakers, or is for text message service only; and
 - (d) the name and full postal address of the administrator.

19.11.21 R

The information referred to in ■ COBS 19.11.18R(4) about the employment to which the pension saving in the relevant pension scheme relates must (where applicable and to the extent available) include:

- (1) the start date of the earliest period of employment which generated the accrual of the pension saving;
- (2) in relation to a deferred member, the end date of the latest period of employment which generated the accrual of the pension saving;
- (3) in a case where the employment which generated the accrual of the pension saving relates to a single employer, the name of the employer;
- (4) in a case where the employment which generated the accrual of the pension saving relates to more than one employer, whichever of the following is most appropriate:
 - (a) the name of the most recent employer; or
 - (b) confirmation that there have been multiple employers.

Signpost data – timescales and location

19.11.22 R

To the extent that signpost data is applicable to the nature of the relevant pension scheme or the type of benefit in question, where a firm has to provide pensions dashboard view data under ■ COBS 19.11.15R(2), a firm must provide the signpost data element (or where relevant, the data in (3)):

- (1) immediately; and
- (2) by providing a website address for locations where signpost data can be accessed by the relevant pension scheme member to whom the pensions dashboard view request relates.
- (3) Where a firm does not already have information on member-borne costs and charges available on a website, the firm must instead provide clear information to the relevant pension scheme member on the website referred in (2) about how they can obtain details about their member-borne costs and charges.

Requirement to provide value data

19.11.23 R

A firm must provide the value data element of the pension dashboard view data in accordance with ■ COBS 19 Annex 6 in respect of a relevant pension scheme member, unless an exemption set out below applies.

19.11.24 R

A firm is not required to provide the projected pension pot value or the annualised projected pension value under ■ COBS 19 Annex 6 1R in respect of a relevant pension scheme member:

- (1) with money purchase benefits; or
- (2) with hybrid benefits where the benefit is calculated with reference to both money purchase benefits and benefits other than money purchase benefits (if any),

where all of the following criteria are met in relation to the relevant pension scheme member:

- (3) the value of the relevant pension scheme member's accrued rights to money-purchase benefits under the relevant pension scheme, determined in accordance with the relevant pension guidance, was less than £5,000 on the last illustration date;
- (4) since the previous illustration date, no contributions (including transfers of pension rights and pension credits) have been made to the relevant pension scheme by, or on behalf of, the relevant pension scheme member in respect of their money-purchase benefits; and
- (5) the firm has previously given notice to the relevant pension scheme member that a pension illustration will not be given to them again unless further contributions referred to in (4) have been made.
- 19.11.25 R

A firm is not required to provide a projected pension pot value or an annualised projected pension value under ■ COBS 19 Annex 6 1R in respect of a relevant pension scheme member:

- (1) with money purchase benefits; or
- (2) with hybrid benefits where the benefit is calculated with reference to both money purchase benefits and benefits other than money purchase benefits; and

who is within 2 years of their retirement date.

19.11.26 G

A firm may provide the projected pension pot value or the annualised projected pension value in respect of a relevant pension scheme member where, under ■ COBS 19.11.24R, or ■ COBS 19.11.25R the *firm* is not required to do so.

- 19.11.27 R
- A firm is not required to provide an annualised projected pension value or an annualised accrued pension value under ■ COBS 19 Annex 6 3R if the cash balance benefit was established in such a way that it was designed to provide a lump sum on retirement.

Value data – timescales

19.11.28 R Where a firm is required to provide pension dashboard view data under ■ COBS 19.11.15R(2), it must provide the *value data* immediately after the pensions dashboard view request is received, unless the situations set out in ■ COBS 19.11.29R or ■ COBS 19.11.30R apply, in which case the timescales set out in those rules apply.

19.11.29 R

Where the value data has not been generated for a pension benefits statement provided to the relevant pension scheme member within the past 13 months, or is not based on a calculation that was made using the same methodology as would have been used for such a pension benefits statement made within the past 12 months, the following timescales apply:

(1) where all of the benefits provided to a relevant pension scheme member are money purchase benefits, the value data must be provided within 3 working days from the day after the date on which:

- (a) a pension identifier is registered for a match made; or
- (b) (if relevant) the Money and Pensions Service is notified that a possible match is a match made;
- (2) in all other cases (including where the benefits provided to a member are hybrid benefits which depend on anything other than a money purchase benefits calculation), the value data must be provided within 10 working days from the day after the date on which:
 - (a) a pension identifier is registered for a match made; or
 - (b) (if relevant) the Money and Pensions Service is notified that a possible match is a match made.

19.11.30 R

Where a pensions dashboard view request is issued by a pensions dashboard service in respect of a relevant pension scheme member within 12 months of the end of that member's first full calendar year, the firm must meet the requirements of ■ COBS 19.11.23R, ■ COBS 19.11.29R, ■ COBS 19.11.32R and ■ COBS 19.11.33R as soon as practicable, and no later than the sooner of:

- (1) the point at which the first pension benefits statement has been produced for the relevant pension scheme member; or
- (2) 12 months after the end of the relevant pension scheme member's first full calendar year.

19.11.31

Where an element of value data that a firm is required to provide is not returned on time:

- (1) the firm must provide a reason for the delay (in particular if there is a system error or a delay in calculation), in accordance with pensions dashboard standards relating to data; and
- (2) the giving of a reason under (1) does not excuse the firm from the requirement to provide the element of value data.

Value data – illustration date and contextual information

19.11.32 R

The value data must:

- (1) be from:
 - (a) a pension benefits statement provided to the relevant pension scheme member within the last 13 months, even if the values in that pension benefits statement were calculated more than 13 months ago, and whether or not such a calculation was done in response to an earlier pensions dashboard view request; or
 - (b) a calculation performed for the relevant pension scheme member within the last 12 months, whether or not such a calculation was done in response to an earlier pensions dashboard view request; and
- (2) have the same illustration date.

Contextual information

19.11.33 R

A *firm* must provide the following *contextual information* to the extent relevant in the circumstances:

- (1) the *illustration date*, having regard to *pensions dashboard guidance* relating to value data;
- (2) whether the value is expressed as an annual income, lump sum or as a pot value;
- (3) whether the value displayed contains any safeguarded benefits;
- (4) whether the value displayed includes any spouse's or civil partner's or dependant's benefits; and
- (5) whether the benefits, once in payment, could be subject to change;
- (6) the type of illustration provided, as referred to in the *pensions* dashboard standards on data;
- (7) the date from when a benefit is to be payable or, where benefits are to be paid in *tranches*, the date from when each *tranche* of benefit is to be payable;
- (8) if a pension benefit is payable for a fixed term, the date that the benefit is payable to (although benefits payable until death should leave the 'to' date blank);
- (9) additional information to help the *relevant pension scheme member* better understand their *value data*, including whether:
 - (a) the benefits are hybrid pension benefits;
 - (b) the pension may increase or decrease in payment;
 - (c) the pension may stop paying out or reduce at a certain age;
 - (d) if there are multiple *tranches* of benefits, more than one *retirement date* has been used to calculate the value;
 - (e) the *relevant pension scheme member* should get in touch with the *operator* of the *relevant pension scheme* regarding the value displayed, together with the reason for getting in touch; and
 - (f) a calculation method has been used as referred to in COBS 19 Annex 6 2.2(2).
- (10) For (2), (3), (4), (5), (8) and (9), the data element in each case should be selected from a fixed list, as set in the *pensions dashboard standards* on data.

Operational information and reporting

19.11.34 R

A firm must be in a position to provide operational information:

- (a) to the FCA when requested to do so by the FCA; or
- (b) to the *Money and Pensions Service* when requested to do so by the *Money and Pensions Service*, in accordance with *pensions dashboard standards* relating to reporting.

19.11.35 R

The operational information which may be requested by the FCA includes, but is not limited to, information on the following:

- (1) the number of pensions dashboard find requests received by the firm;
- (2) the pensions dashboard matching process used by the firm;
- (3) in relation to positive matches:
 - (a) the number of matches made that are notified to the Money and Pensions Service: and
 - (b) how quickly any uncertainties in relation to possible matches were resolved:
- (4) in relation to possible matches:
 - (a) the number of possible matches that are notified to the Money and Pensions Service: and
 - (b) how many of these resulted in a match made, resulted in no match being made, or remained unresolved;
- (5) the number of pensions dashboard view requests received by the firm and the time taken to respond to each one;
- (6) contacts received from users, including details of:
 - (a) queries about pensions information provided;
 - (b) pensions not found following a search; and
 - (c) complaints; and
- (7) any aspect of the data processing of a pensions dashboard user's request for pensions information.

19.11.36 G

The operational information which may be requested by the Money and Pensions Service includes, but is not limited to, information set out in ■ COBS 19.11.35R. Failure to comply with a request by the FCA or Money and Pensions Service is likely to be considered a breach of FCA Principle 11 or ■ COBS 19.11.5R and in significant cases might be considered a breach of the threshold conditions.

19.11.37

A firm must make, and maintain for 6 years from the end of the calendar year to which it relates, a record of the operational information specified in ■ COBS 19.11.35R.

Record keeping

19.11.38

The rules in this section regarding record keeping are in addition to any other record-keeping requirements to which the firm is subject.

19.12 Non-workplace pensions: default options and cash warnings

Definitions

19.12.1 R

In ■ COBS 19.12:

- (1) 'cash warning' is the warning in COBS 19.12.31R;
- (2) 'distributes' includes having an arrangement with a third party to arrange an *investment*, or to promote *platform services* that distribute *investments*;
- (3) 'filtering tool' means a tool whereby a *firm* makes the list of the *investments* it sells easier to search by allowing the *customer* to filter products based on factors presented by the *firm* and selected by the *customer*, and showing to the *customer* the *investments* that meet the factors selected by the *customer*; and
- (4) 'pre-purchase questioning tool' means a tool which involves putting a sequence of questions in order to extract information from a *person* to help them best select an *investment* that meets their needs. A decision tree is an example of a pre-purchase questioning tool. The process of going through the questions will usually narrow down the range of options that are available.

Application of default option rules

19.12.2 R

■ COBS 19.12.10R to ■ COBS 19.12.22G apply to an operator of a non-workplace pension scheme that:

- (1) offers, distributes or promotes *investments*, or promotes *platform* services that distribute *investments*, in relation to their inclusion in a non-workplace pension of the operator; or
- (2) accepts, for inclusion in a non-workplace pension, investments which are offered, distributed or promoted by another person where that other person, or another person connected to it, also arranges for the retail client to enter into the non-workplace pension with the operator.

19.12.3 G

The effect of ■ COBS 19.12.2R is that ■ COBS 19.12.10R to ■ COBS 19.12.22G:

(1) do not apply where an operator only arranges an investment for inclusion in, or the provision of platform services in respect of, a retail client's non-workplace pension, at the request of the retail client. In these circumstances, therefore, the operator does not offer, distribute

- or promote any investments, nor does it promote platform services that distribute investments.
- (2) apply where an operator accepts, for inclusion in a retail client's nonworkplace pension, an investment offered, distributed or promoted by a third party, including a platform services provider or an introducer, where that third party or someone connected to that third party also arranges for the retail client to enter into the nonworkplace pension with the operator unless the retail client has received or will receive, either as part of transactional or ongoing advice, a personal recommendation in relation to the investment of their contributions to, or assets in, the non-workplace pension (see ■ COBS 19.12.5R).

19.12.4

■ COBS 19.12.10R to ■ COBS 19.12.22G do not apply where an *operator* starts treating a retail client's workplace pension arrangements as a non-workplace pension after the retail client has become a deferred member of the relevant qualifying scheme, so long as the firm does not offer, distribute or promote to the retail client any investments or platform services other than those available in connection with the former workplace pension arrangements, including the default arrangement and any investments available on a selfselect basis.

Exclusion from default option rules in relation to advised clients

19.12.5

■ COBS 19.12.10R to ■ COBS 19.12.22G do not apply in relation to a nonworkplace pension where the firm has determined, on reasonable grounds, that the *retail client*:

- (1) has received or will receive, either as part of transactional or ongoing advice, a personal recommendation in relation to the investment of their contributions to, or assets in, the non-workplace pension; or
- (2) has appointed an *investment manager* in relation to the investment of the retail client's contributions to, or assets in, the non-workplace pension.

19.12.6

A firm will not have reasonable grounds to determine that a retail client has received, or will receive, a personal recommendation for the purpose of ■ COBS 19.12.5R(1) if the determination is based solely on information that:

- (1) is over 12 months old;
- (2) the retail client is in, or transferring from, an advised product; or

(3) the retail client provides remuneration to an adviser in relation to other investments.

Application of cash warning rules

- 19.12.7 R
- COBS 19.12.23R to COBS 19.12.33G apply to an operator of a non-workplace pension scheme.
- 19.12.8 R
- COBS 19.12.23R to COBS 19.12.33G do not apply in relation to a nonworkplace pension where the firm has determined, on reasonable grounds, that the retail client has appointed an investment manager in relation to the investment of their contributions to, or assets in, the non-workplace pension.

- G 19.12.9
- Purpose (1) The purpose of this section is to specify the circumstances where a firm must:
 - (a) offer a default option to a non-advised client in connection with their non-workplace pension; and
 - (b) provide warnings to a retail client who has invested, for a sustained period of time, over a certain percentage of their nonworkplace pension in cash-like investments.
 - (2) The default option rules in COBS 19.12 are designed to help nonadvised clients who are generally unable or unwilling to engage with investment decisions, or find it difficult to identify appropriate investments for inclusion in their non-workplace pensions, including where questionnaires or filtering tools are used. The purpose of the rules in ■ COBS 19.12 is to help these non-advised clients to choose an appropriate investment option.

Requirement to offer a default option

- 19.12.10 R
- A firm must offer its retail clients a default option for inclusion in the nonworkplace pensions it operates for those clients.
- 19.12.11 R
- A firm must not:
 - (1) offer more than one default option to each retail client; or
 - (2) make the decision as to which default option to offer to each retail client by depending on the retail client's answers to questions set out in a pre-purchase questioning tool or a filtering tool.
- 19.12.12 G
- A firm may, as a single default option, offer a series of different target date funds that depend on retail clients' target retirement dates.

When and where to offer a default option

- 19.12.13 R
- A firm must offer the default option:
 - (1) at the time the retail client enters into the non-workplace pension operated by the firm (regardless of whether an initial cash contribution is made at this stage); and

(2) again at the time the retail client makes their initial cash contribution (if one has not already been made on entry) into the non-workplace pension,

unless the retail client is, at the point of entry into the non-workplace pension with the firm, only transferring in investments they already hold elsewhere and will continue to use the investment strategy associated with those investments when making requests of the firm.

19.12.14 G

Where a retail client:

- (1) makes their initial cash contribution at the point of entry into the non-workplace pension with the firm, the firm will need to bring the existence of the default option to the attention of the retail client at that stage; and
- (2) makes their initial cash contribution after the point of entry into the non-workplace pension with the firm, the firm will need to comply with ■ COBS 19.12.13R by offering the default option both at the stage at which the client enters the non-workplace pension and again at the point they make their initial cash contribution.

19.12.15 R

Additionally, where a firm, or any other person involved in the offer, distribution or promotion of *investments* for inclusion in a *non-workplace* pension of the firm:

- (1) sets out, in menus or otherwise, the other investments available to the retail client for inclusion in their non-workplace pension, the firm must set out the default option in a location most likely to bring it to the attention of that retail client;
- (2) makes available pre-purchase questioning tools or filtering tools that enable a retail client to select investments for inclusion in their nonworkplace pension, the firm must set out the default option alongside those tools.

19.12.16 G

It is unlikely that complying with ■ COBS 19.12.15R(1) would require a firm to set out the default option in every menu, or in every level of a menu, where other investments are set out.

How to present the default option

19.12.17 R

A firm must present a default option:

- (1) when complying with COBS 19.12.13R, prominently and on a standalone basis; and
- (2) when complying with COBS 19.12.15R, with at least equal prominence to any other *investment*, pre-purchase questioning tool or filtering tool made available to retail clients alongside the default option.

19.12.18 R

When complying with ■ COBS 19.12.13R and ■ COBS 19.12.15R, a *firm* must ensure that it:

- (1) labels a *default option* in a sufficiently clear way to give an indication of the nature of it and also to distinguish it from the *firm's* other offerings;
- (2) sets out, in a clear and prominent way, the aims of the *default* option, explains that the *default* option has been designed to meet the needs, objectives and characteristics of a typical non-advised client in the target market for the *default* option, and sets out what the manufacturer considers those needs, objectives and characteristics to be; and
- (3) makes it clear that the *default option* is not tailored to the specific needs, objectives or characteristics of each *retail client*, and that if the *retail client*:
 - (a) considers that their needs, objectives and characteristics may fall outside those of the typical non-advised client in the target market as described by the firm, they may wish to consider other investment options;
 - (b) wishes to ensure that the *non-workplace pension* and any *investments* included in it (including the *default option*) are suitable for them, the *retail client* should consider seeking *investment advice*.

Preparing to offer a default option

19.12.19 R

A firm must be in a position to offer a default option in good time before it has to offer the default option pursuant to COBS 19.12.10R, in order to allow for sufficient internal product governance.

19.12.20 G

The *default option* may be *manufactured* by either the *operator* alone, by another *firm*, or by both, and *distributed* by either the *operator* alone, or by the *operator* and another *firm*.

19.12.21 G

Manufacturers and distributors of default options must comply with the applicable product governance requirements in PROD. Where the manufacturing is done by another firm (either alone or with the operator), the operator is still responsible for the obligations under ■ COBS 19.12.10R to ■ COBS 19.12.18R.

- 19.12.22 G
- (1) Where *firms* decide to replace a *default option*, they may need to consider whether it would be appropriate to transfer existing clients to the new *default option*.
- (2) This may be the case, for example, if the transfer is required to prevent consumer harm and avoid risking non-compliance with our rules, for example Principle 6. This could be the case where firms determine that the default option no longer meets the applicable product governance requirements in PROD and existing clients are likely to suffer harm as a result.
- (3) If *firms* decide to transfer existing clients to a new *default option*, they will need to consider the information needs of their clients, and communicate to them appropriately and in good time, in a manner that is clear, fair and not misleading.

(4) Firms are required to have appropriate contractual arrangements in place (including contractual powers that are fair and transparent and comply with the CRA) to enable them to transfer existing clients to a new default option and to comply with their obligations under the regulatory system.

Cash warnings: conditions

19.12.23 R

At least once during every 3-month period, for each of the non-workplace pensions that retail clients have entered into with the firm, the firm must assess whether the following conditions are met at the time of the assessment:

- (1) more than 25% of the non-workplace pension is invested in cash-like investments, excluding any cash-like investments held in connection with lifestyling or within a target date fund;
- (2) the amount of the cash holding in (1) is greater than £1,000;
- (3) the conditions in (1) and (2) were also met in all the other assessments carried out during the 6-month period preceding the day of the assessment; and
- (4) the retail client is more than 5 years away from:
 - (a) normal minimum pension age, as defined in primary legislation from time to time: or
 - (b) if lower, a protected pension age.

19.12.24 R

For the purposes of ■ COBS 19.12.23R, the start of the 3-month period is

- (1) initially determined by reference to the date members enter into their non-workplace pensions with the firm; and
- (2) after the initial 3-month period, by reference to the date when, for each retail client, the firm last carried out, or should have carried out, the assessment under the rule.

Cash warnings: timing

19.12.25 R

If all the conditions in ■ COBS 19.12.23R are met, the *firm* must provide the retail client with a cash warning within an appropriate timeframe after the date when the assessment in that rule was carried out.

19.12.26 G

For the purposes of ■ COBS 19.12.25R, an 'appropriate timeframe' is likely to be within 3 months of carrying out the assessment in ■ COBS 19.12.23R, unless the current market conditions would make it inappropriate to warn the retail client about their cash holdings within that timeframe, although providing the cash warning later than 6 months after the date of the assessment is unlikely to be appropriate.

19.12.27 R

If a *firm* has provided a cash warning pursuant to ■ COBS 19.12.25R, the requirement in ■ COBS 19.12.25R does not apply again until after 1 year of the firm providing the previous cash warning.

- 19.12.28 G
- Notwithstanding COBS 19.12.27R, a *firm* can choose to provide a new cash warning during the year following the previous cash warning, in which case COBS 19.12.27R would apply from the date when the new cash warning is provided.
- 19.12.29 G

Where the condition in ■ COBS 19.12.23R(4) is no longer met, a *firm* should consider whether it would be appropriate to keep providing the cash warning up until the time a *retail client* accesses their pension.

19.12.30 **G**

A *firm* may send the cash warning with other client communications, provided that the cash warning is included in a document separate to those other client communications.

Cash warning: form and content

19.12.31 R

The cash warning at ■ COBS 19.12.25R must:

- (1) be provided in a durable medium;
- (2) using plain language, warn the retail client that:

more than 25% of their *non-workplace pension* is invested in *cash-like investments*; and

the value of their *non-workplace pension* is at risk of being eroded by inflation;

- (3) include a generic example (provided as an explanation, an illustration or both) of how inflation erosion would affect a £10,000 cash pot over 10 years, assuming 0% interest and using a measure of inflation generally accepted in the *United Kingdom*; and
- (4) inform the *retail client* that they should consider whether their current investments are likely to grow sufficiently to meet their objectives.

19.12.32 G

The firm should also:

- (1) inform the retail client that:
 - (a) the cash warning is not advice or a substitute for it; and
 - (b) the value of any investment can fall as well as rise;
- (2) explain to and/or illustrate for the *retail client* that different types of *investment* have a different balance of risk to potential gain; and
- (3) include in the cash warning a statement to the effect that, where applicable, the *firm* makes available *investments* for inclusion in *non-workplace pensions*, including the *default option*.

19.12.33 G

In the FCA's view, the Consumer Prices Index is a national index of retail prices and so may be used as a measure of the current inflation rate for the purposes of ■ COBS 19.12.31R(3).

Record keeping

19.12.34 G

A firm to which the record-keeping rules in ■ SYSC 3 (Systems and controls) or SYSC 9 (Record-keeping) apply will need to maintain a record of its compliance with the requirements in this ■ COBS 19.12 section including, where relevant, how it has determined on reasonable grounds (including records of the evidence it has relied upon) that, in accordance with ■ COBS 19.12.5R, a retail client is not a non-advised client.

19.12.35 R A firm must also maintain a record of:

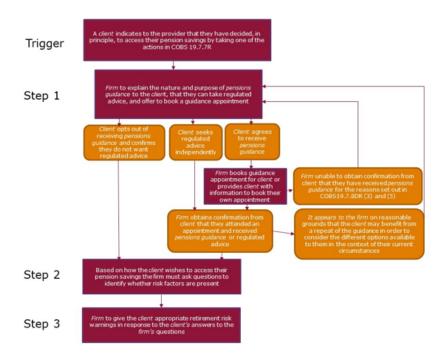

- (1) the number of non-advised clients entering into a non-workplace pension with the firm each year;
- (2) the number of those retail clients in (1) who chose the default option;
- (3) the number of retail clients not included in (1) that choose the default option each year, distinguishing between retail clients who were *clients* of the *firm* before ■ COBS 19.12.10R to ■ COBS 19.12.22G came into force and those who became clients later;
- (4) the volume of contributions made by retail clients to the default option each year;
- (5) the volume of assets under management attributable to the default option;
- (6) a description of the product approval process for the default option and of any reviews undertaken in compliance with ■ PROD 6;
- (7) in relation to cash warnings, differentiating between advised clients and non-advised clients, as well as between those retail clients who were *clients* of the *firm* before ■ COBS 19.12.23R to ■ COBS 19.12.33G came into force and those who became *clients* later:
 - (a) the dates when assessments were carried out, alongside the number of retail clients assessed on those dates;
 - (b) of the retail clients in 7(a), the number who met the conditions at ■ COBS 19.12.23R; and
 - (c) of the retail clients in 7(b), the number who continue to meet the conditions at ■ COBS 19.12.23R in subsequent assessments.

Format for annuity information

This annex belongs to ■ COBS 19.9.7R(3) and ■ COBS 19.9.15R(3)(c).

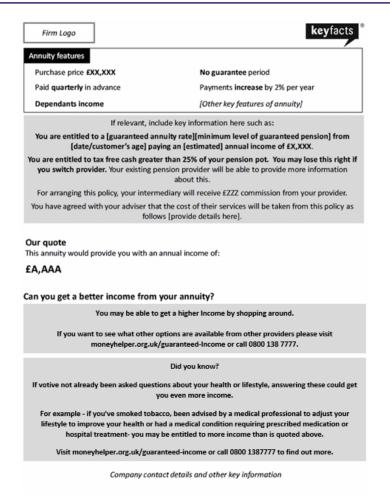

1 Format of ba	r graph in the Part 1	template
----------------	-----------------------	----------

- 1.1 Format of bar graph (where annual income is depicted)
- 1.1.1 When a *firm* is creating the two bar graphs as set out in Part 1, the *firm* must ensure:
 - (1) the annual income offered by the *pension annuity* in the guaranteed quote is presented on the left hand side of the two bar graphs;
 - (2) the y-axis must:
 - (a) start with a monetary value which is £20 below the annual income of the *pension annuity* being offered by the *firm* in the guaranteed quote;
 - (b) use a scale which clearly and fairly depicts the difference in annual income that a *retail client* will obtain if a market-leading *pension annuity* quote is accepted; and
 - (c) not include any numbers or details which are not required by the *rules* in COBS 19.9 or the provisions of this annex.
- 1.2 Format of bar graph in Part 4 (where the purchase price of the pension annuity is depicted)
- 1.2.1 When a *firm* is creating the two bar graphs as set out in Part 4, it must ensure:
 - (1) the lowest purchase price of the *pension annuity* offered by the market-leading quote is presented on the left-hand side of the two bar graphs with the higher purchase price in the *firm's* guaranteed quote appearing on the right-hand side;
 - (2 the y-axis must:

 - (b) use a scale which clearly and fairly depicts the difference in the purchase price of the *pension annuity* offered by the market-leading quote and the *firm's* guaranteed quote; and
 - (c) only include numbers or details which are required by the *rules* in COBS 19.9 or the provisions of this annex.

Appropriate pension transfer analysis

This annex belongs to ■ COBS 19.1.2BR.

appropriate pension transfer analysis

R

- 1 In preparing an appropriate pension transfer analysis, a firm must:
 - (1) use rates of return which reflect the investment potential of the assets in which the retail client's funds would be invested under the proposed arrangement;
 - (2) where the *proposed arrangement* includes a UK lifetime *pension annuity* that is being purchased on normal terms, use the assumptions in COBS 19 Annex 4C 1R(2) to assess the benefits likely to be paid under the *proposed arrangement*;
 - (3) use the assumptions in COBS 19 Annex 4C 1R(4) to project the level of income likely to be paid under the *ceding arrangement* at the point of retirement;
 - (4) take into account:
 - (a) the impact of the proposed transfer on the tax position of the *retail client*, particularly where there would be a financial impact from crossing a tax threshold or entering a new tax band;
 - (b) the impact (if any) on the retail client's access to state benefits;
 - (5) have regard to the likely pattern of benefits that might be taken from both the ceding arrangement and the proposed arrangement;
 - (6) undertake any comparisons of benefits and options consistently;
 - (7) plan for a reasonable period beyond average life expectancy particularly where a longer period would better demonstrate the risk of funds not lasting throughout retirement;
 - (8) consider how each of the arrangements would play a role in:
 - (a) meeting the *retail client's* income needs throughout retirement (relative to other means available to meet those needs);
 - (b) the provision of death benefits, where relevant (including by providing comparisons on a fair and consistent basis between the *ceding* and *proposed arrangement* both at present and at various future points in time);
 - (9) consider the trade-offs that may occur by prioritising differing *client* objectives (e.g. prioritising income needs throughout retirement over the provision of death benefits and vice-versa); and
 - (10) use more cautious assumptions where appropriate.

G 2

- (1) When making assumptions about the rate of return under COBS 19 Annex 4A 1R(1), a firm should consider consistency with other assumptions (such as inflation and exchange rates).
- (2) COBS 19 Annex 4A 1R(1), 1R(2) and 1R(3) do not prevent a *firm* from preparing the *appropriate pension transfer analysis* on additional assumptions (such as to demonstrate variability of returns) as long as such analyses are not given more prominence than an analysis prepared in accordance with this Annex.

- When providing an indication of life expectancy or mortality which is not linked to (3) an annuity, firms should use appropriate published population statistics which allow for future cohort mortality improvements, such as those published by the Office for National Statistics.
- (4) When the proposed arrangement includes a pension annuity, the assumptions in COBS 19 Annex 4C 1R(2) may not always be relevant (for example, if the retail client is considering a transfer to access an impaired life annuity or an overseas annuity). In such circumstances the firm should assess the benefits likely to be paid under the proposed arrangement in an alternative way (for example by obtaining quotations).

Charges used for the appropriate pension transfer analysis

R

- 3 An appropriate pension transfer analysis must take account of all charges that may be incurred by the retail client as a result of a pension transfer or pension conversion and subsequent access to funds following such a transaction, other than:
 - adviser charges paid by a third party (e.g. an employer); and
 - (2) adviser charges that would be payable whether the pension transfer or pension conversion happened or not.

G

- 4 The charges in COBS 19 Annex 4A 3R include, but are not limited to, any of the following:
 - product charges, including those on any investments within the product; (1)
 - (2) platform charges;
 - adviser charges in relation to the personal recommendation and subsequently dur-(3) ing the pre-retirement period as well as at benefit crystallisation and beyond, where likely to be relevant; and
 - any other charges that may be incurred if amounts are subsequently withdrawn. (4)

Cashflow model

R

- 5 Where a firm prepares a cashflow model, it must:
 - produce the model in real terms in line with the CPI inflation rate in COBS 19 Annex (1)4C1R (4)(d);
 - (if the net income is being modelled) ensure that the tax bands and tax limits ap-(2)plied are based on reasonable assumptions;
 - take into account all relevant tax charges that may apply in both the ceding ar-(3)rangement and the proposed arrangement; and
 - (4) include stress-testing scenarios to enable the retail client to assess more than one potential outcome.

[Note: The FCA has also issued non-Handbook guidance for firms who advise on pension transfers. See https://www.fca.org.uk/publication/finalised-guidance/fg21-3.pdf]

Assumptions

R

- 1 (1) A firm must use the assumptions in (2) when:
 - (a) the *proposed arrangement* includes a *pension annuity* and COBS 19 Annex 4A 1R(2) applies; or
 - (b) it determines the estimated cost of future income benefits as a *pension annuity* under COBS 19 Annex 4B 1R(2) or COBS 19 Annex 4B 2R(2).
 - (2) The assumptions are:
 - (a) the index-linked annuity interest rate for pension benefits linked to the *RPI* is the average of the previous 3 *months'* intermediate rate of return in COBS 13 Annex 2 3.1R(6) for annuities linked to the *RPI* (using the 6th day of any *month* as the starting point for calculation purposes), but determined as if the annual provision applies on the 15th of each *month*;
 - (b) the index-linked annuity interest rate for pension benefits linked to the *CPI* is the annuity rate in (a) plus 1.0%;
 - (c) the annuity interest rate is the average of the previous 3 months' intermediate rate of return in COBS 13 Annex 2 3.1R(6) for annuities with a level or fixed rate of increase (using the 6th day of any month as the starting point for calculation purposes), but determined as if the annual provision applies on the 15th of each month;
 - (d) the annuity interest rate for post-retirement *limited price indexation* based on the *RPI* with maximum pension increases less than or equal to 3.5%, or with minimum pension increases more than or equal to 3.5%, is the rate in (c) allowing for increases at the maximum or minimum rate of pension increase respectively; otherwise it is the rate in (a);
 - (e) the annuity interest rate for post-retirement *limited price indexation* based on the *CPI* with maximum pension increases less than or equal to 2.5% or with minimum pension increases more than or equal to 3.0%, is the rate in (c) above allowing for increases at the maximum or minimum rate of pension increase respectively; otherwise it is the rate in (b) above;
 - (f) the mortality rate used to determine the annuity is based on the year of birth rate derived from each of the Institute and Faculty of Actuaries' Continuous Mortality Investigation tables PMA16 and PFA16 and including mortality improvements derived from each of the male and female annual mortality projections models, in equal parts;
 - (g) the annuity expense allowance is:

4.0%

- (h) the *transfer value comparator* should be calculated on the basis that:
 - (i)a female member of the scheme has a male spouse or partner who is 3 years older; or
 - (ii)a male scheme member has a female spouse or partner who is 3 years younger.

- (3)A firm must use the assumptions in (4) when it:
 - projects the level of income likely to be paid under the ceding arrangement at the point of retirement under COBS 19 Annex 4A 1R(3); or
 - revalues the future income benefits in COBS 19.1.3AR(1) by projecting them (b) to the date they would normally be paid under COBS 19 Annex 4B 1R(1).
- (4)The assumptions are:
 - (a) the RPI is: 3.0%
 - (b) the average earnings index and the rate for section 148 orders is: 3.5%
 - for benefits linked to the RPI, the pre-retirement limited price in-3.0% (c) dexation revaluation is:
 - (d) for benefits linked to the CPI, the pre-retirement limited price in-2.0% dexation revaluation is:

[Note: section 148 orders are orders made by the Secretary of State under section 148 of the Social Security Administration Act 1992. Section 148(7) of this Act provides that orders made previously under section 21 of the Social Security Pensions Act 1975 will be treated as orders made under section 148.]

Rate of return and charges

R

- 2 (1) This rule applies for the purposes of COBS 19 Annex 4B 1R(3).
 - (2)The rates of return for valuing future income benefits between the date of calculation and the date when the future income benefits would normally come into payment must be based on the fixed coupon yield on the UK FTSE Actuaries Indices for the appropriate term.
 - (2A) The fixed coupon yields in (2) are derived using the appropriate term from one of the following indices:
 - (a) up to 5 years;
 - (b) up to 5-10 years;
 - (c) up to 10-15 years; or
 - (d) over 15 years.
 - The product charges prior to future income benefits coming into payment 0.4% (3)must be assumed to be:
 - The fixed coupon yields in (2) are updated on the 6th day of each month based on (4)the yield that applied on the 15th day of the previous month.

Mortality rate

Ε

- 3 (1) This rule applies for the purposes of COBS 19 Annex 4C 1R(2)(f).
 - For any year commencing 6 April, the male and female annual CMI Mortality Projec-(2)tions Models in the series CMI (20YY-2)_M_[1.25%] and CMI (20YY-2)_F_[1.25%], where YY-2 is the year of the Model, should be used.
 - Contravention of (2) may be relied on as tending to establish contravention of the (3)rule referred to in (1).

Table 1

This table belongs to COBS 19 Annex 5 1.1R.

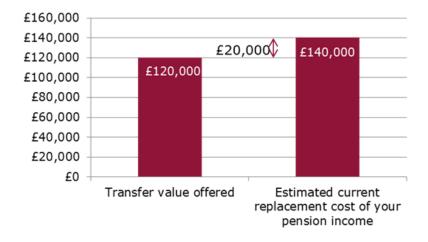

You have been offered a cash equivalent transfer value of £120,000 in exchange for you giving up any future claims to a pension from the scheme.

Will I be better or worse off by transferring?

- We are required by the Financial Conduct Authority to provide an indication of what it might cost to replace your scheme benefits.
- We have done this by looking at the amount you might need to buy the same benefits from an insurer.

It could cost you £140,000 to obtain a comparable level of income from an insurer.

This means the same retirement income could cost you £20,000 more by transferring.

See 'Notes' on the next page for a detailed explanation of this information.

COBS 19: Pensions Annex 5

Table 2

This table belongs to COBS 19 Annex 5 1.2R.

Notes

- 1. The estimated replacement cost of your pension income is based on assumptions about the level of your scheme income at normal retirement age (or the retirement age assumed in the calculation of the transfer value if you have passed the normal retirement age or the earliest age at which you can take unreduced benefits without consent being required) and the cost of replacing that income (including spouse's benefits) for an average healthy person using today's costs.
- 2. The estimated replacement value takes into account risk free investment returns after any product charges that you might be expected to pay.
- 3. No allowance has been made for taxation or adviser charges prior to benefits commencing.

Conduct of Business Sourcebook

Chapter 20

With-profits

■ Release 42 • Dec 2024

20.1 Application

- 20.1.1 This chapter applies to a firm carrying on with-profits business, except to the extent modified in the following rules.
- 20.1.2 R (1) The section on the process for reattribution (■ COBS 20.2.42 R to ■ COBS 20.2.52 G):
 - (a) applies to a firm that is proposing to make a reattribution of its inherited estate:
 - (b) but not if, and to the extent that, it would require the firm to breach, or would prevent the *firm* from complying with, an order made by a court of competent jurisdiction.
 - (2) If a *firm* proposes to seek an order from a court of competent jurisdiction that would allow or require it to act in a way that is contrary to the rules on reattribution (■ COBS 20.2.42 R to COBS 20.2.52 G) (through, or because of, the exception in (1)(b)), the firm must:
 - (a) tell the appropriate regulator that that is what it proposes to do;
 - (b) seek the order at the earliest opportunity; and
 - (c) if it wishes to take a step that would be contrary to those rules in anticipation of such an order, secure a waiver before it does so.
- 20.1.3 R [deleted]
- 20.1.3A R
- 20.1.4 The following do not apply to a non-directive friendly society:
 - (1) COBS 20.3 (Principles and Practices of Financial Management);
 - (2) COBS 20.4 (Communications with with-profits policyholders); and
 - (3) COBS 20.5 (With-profits governance).
- 20.1.5 This chapter does not apply to with-profits business that consists of effecting or carrying out Holloway sickness policies.

20.1A The with-profits fund

'Other liabilities' in the with-profits fund

20.1A.1 R

For the purposes of calculating any *with-profits funds surplus* and the *rules* and *guidance* in ■ COBS 20, including ■ COBS 20.1A.5 R, ■ COBS 20.1A.6 R and ■ COBS 20.2.17C R, a *firm* must include the following non-exhaustive list as 'other liabilities':

- (1) liabilities arising from its regulatory duty to treat *customers* fairly (where not already included in *technical provisions*); and
- (2) the value of any prospective future transfers out of the *with-profits* fund properly attributable to shareholders in accordance with COBS 20.

Sub-funds

20.1A.2 R

- (1) Where the firm:
 - (a) identifies particular assets as forming a distinct part of its withprofits fund; and
 - (b) restricts participation in the profits or other experience of that distinct part of the fund to a particular category of with-profits policies;

then, provided that:

- (c) such identification and restriction is consistent with the considerations in (3), and
- (d) the *firm* treats each affected category of *with-profits policyholder* fairly, having regard to those considerations;

each such part constitutes a separate with-profits fund.

- (2) Notwithstanding (1), each different part of its with-profits fund constitutes a separate with-profits fund if that is necessary in order to treat each affected category of with-profits policyholder fairly, having regard to the considerations in (3).
- (3) The considerations referred to in (1) and (2) are the terms of the relevant with-profits policies; the firm's established practice; its PPFM and/or other relevant communications to affected with-profits policyholders, and the terms of any arrangement formally approved by a court of competent jurisdiction, appropriate regulator or previous regulator.

20.1A.3

- R
- (1) For a Solvency II firm operating a with-profits fund prior to 1 January
 - (a) assets in the with-profits fund held in accordance with INSPRU on 31 December 2015 are deemed to be items in a with-profits fund for the purposes of ■ COBS 20 from 1 January 2016, provided that any transfers out of, and any outgoings from, the fund up to 31 December 2015 were made in accordance with, and/or do not as at 31 December 2015, constitute, or continue to constitute, a breach of ■ INSPRU 1.5.21 R and ■ INSPRU 1.5.27 R;
 - (b) any assets transferred out of the fund in breach of ■ INSPRU 1.5.21 R and ■ INSPRU 1.5.27 R are deemed not to have been transferred out of the fund and remain part of the withprofits fund;
 - (c) to the extent that the assets in (b) have also been transferred out of the firm then, before (a) can apply to the firm, the firm must transfer into the with-profits fund assets equal to the value of the assets referred to in (b), and of a similar quality, having regard to the PRA Rulebook: Solvency II Firms: Investments.
- (2) Firms to which (1)(a) applies must, in any event, comply with COBS 20.1A.2 R. Paragraph (1)(a) does not apply to the extent that it would be inconsistent with the operation of ■ COBS 20.1A.2 R where the effect is to require a *firm* to create or make changes to sub-funds amounting to separate with-profits funds.

Governance arrangements for the with-profits fund

- 20.1A.4
- A Solvency II firm effecting or carrying out with-profits insurance business must identify the assets relating to all the business written in, or transferred into, each with-profits fund which it is required to hold under
- COBS 20.1A.5 R or PRA Rulebook: Solvency II firms: With Profits rule 2.1.
- 20.1A.5
- A Solvency II firm must ensure that it holds assets in each of its with-profits funds of a value at least sufficient to cover the "with-profits policy liabilities" defined in the PRA Rulebook: Glossary and as required by PRA Rulebook: Solvency II firms: With Profits rule 2.1, and any other liabilities in respect of all of the business written in, or transferred into, that with-profits fund.
- 20.1A.6
- A Solvency II firm must maintain separate accounting records for each of its with-profits funds. The accounting records must identify:
 - (1) all of the assets of that with-profits fund;
 - (2) the best estimate component of technical provisions for the withprofits policies written in, or transferred into, that with-profits fund;
 - (3) the best estimate component of technical provisions for the nonprofit insurance contracts written in, or transferred into, that withprofits fund;
 - (4) any other liabilities of the with-profits fund not covered by (2) or (3), and their value calculated in accordance with PRA Rulebook: Solvency II Firms: Valuation and applicable parts of the Solvency II Regulation (EU) 2015/35 of 10 October 2014.

20.1A.7

G

A Solvency II firm must ensure that the assets in its with-profits funds are separately identified and allocated to the relevant with-profits fund at all times. Assets in external accounts (e.g. with banks, custodians, or brokers) should be segregated in the firm's books and records into separate accounts for with-profits insurance business and other business. Where a firm has more than one with-profits fund, separate accounting records must be maintained for each fund. Accounting records should clearly document the allocation.

20.1A.8 R

A Solvency II firm must not transfer assets out of a with-profits fund unless:

- (1) the assets represent any part of a with-profits fund surplus, or represent assets held in accordance with COBS 20.1A.5 R in relation to the part of a distribution that has been made which is properly attributable to shareholders, in accordance with COBS 20; and
- (2) no more than three months have passed since the *actuarial investigation* determining that surplus.

20.1A.9 G

For the purposes of COBS 20.1A.8 R, an actuarial investigation is required to determine any with-profits fund surplus for the requirements in COBS 20 and remains in-date for three months from the date when the determination of the surplus was made. However, even where the investigation is still indate, the firm should not make the transfer unless there is sufficient surplus at the time of the transfer to cover the value of the assets being transferred. The actuarial investigation carried out may rely, in part, on any relevant and sufficiently up-to-date valuation exercise carried out for the purposes of calculating technical provisions under the PRA Rulebook: Solvency II Firms: Technical Provisions and applicable parts of the Solvency II Regulation (EU) 2015/35 of 10 October 2014, provided that the person carrying out the actuarial investigation considers it appropriate to do so.

20.1A.10 R

- (1) A Solvency II firm must use or apply an asset in a with-profits fund only for the purpose of the business in the with-profits fund.
- (2) For the purpose of (1), applying or using an asset includes any obligation (even if only contingent) to apply or use that asset.

20.1A.11 R

A Solvency II firm must not agree to, or allow, any mortgage or charge on the assets in any of its with-profits funds, other than in respect of, and for the purposes of, the business in the with-profits fund.

20.1A.12 G

References in COBS 20.1A.10 R and COBS 20.1A.11 R to 'the purposes of the business' in the with-profits fund include the payment of claims, expenses and liabilities arising from that business, the acquisition of lawful access to fixed assets to be used in that business and the investment of assets. The payment of liabilities may include repaying a loan but only where that loan was incurred for the purpose of the business written into the with-profits fund. The purchase or investment of assets may include an exchange at fair market value of assets (including cash) between the with-profits fund and other assets of the firm. A Solvency II firm may also lend securities held in a with-profits fund under a stock lending transaction, or transfer assets as collateral for a stock lending transaction, where the firm is the borrower and where such lending or transfer is for the benefit of the business written into the with-profits fund.

Management of the with-profits fund

20.1A.13 R

A firm, other than a non-directive friendly society, which is subject to contractual terms providing for payments under a capital instrument included in that insurer's own funds, must:

- (1) manage any with-profits fund so that discretionary benefits under a with-profits policy are calculated and paid, disregarding, insofar as is necessary for its customers to be treated fairly, any requirements in such contractual terms whether or not they are absolute, contingent or at the discretion of the firm: and
- (2) disclose its intention to manage the with-profits fund on the basis set out in (1) in the firm's PPFM.

20.1A.14 G

- (1) A firm, other than a non-directive friendly society, is expected to manage its with-profits fund so that amounts (whether interest, principal, or other outgoings) payable by the firm under a capital instrument included in that insurer's own funds (as determined in accordance with the PRA Rulebook: Solvency II Firms: Own Funds or Non-Solvency II firms: Insurance Company – Capital Resources) do not impact on the with-profits fund's assets or on the firm's ability to declare and pay under a with-profits policy discretionary benefits that are consistent with the firm's obligations under Principle 6 (Customers' interests).
- (2) A firm, other than a mutual, should not regard any asset held in the with-profits fund as necessarily available to cover payments or other obligations arising under a subordinated loan.

20.1A.15 R

A Solvency II firm must ensure that it has adequate arrangements in place for ensuring that transactions affecting the assets of the firm operate fairly between with-profits policyholders and other persons interested in the other assets of the insurer and, where the firm has more than one with-profits fund, those transactions operate fairly between the with-profits policyholders in each of those funds.

20.2 Treating with-profits policyholders fairly

Introduction

20.2.1 G

- (1) With-profits business, by virtue of its nature and the extent of discretion applied by firms in its operation, involves numerous potential conflicts of interest that might give rise to the unfair treatment of policyholders. Potential conflicts of interest may arise between shareholders and with-profits policyholders, between with-profits policyholders and non-profit policyholders within the same fund, between with-profits policyholders and the members of mutually-owned firms, between with-profits policyholders and management, and between different classes of with-profits policyholders, for example those with and without guarantees. The rules in this section address specific situations where the risk may be particularly acute.
- (2) With-profits policyholders have an interest in the whole and in every part of the with-profits fund into which their policies are written and from which the amounts payable in connection with their policies are to be paid. Those amounts include those required to satisfy their contractual rights and such other amounts as the firm is required to pay in order to treat them fairly (including but not limited to the amounts required to satisfy their reasonable expectations).
- (3) The fair treatment of with-profits policyholders requires the firm's pay-outs on individual with-profits policies to be fair (see COBS 20.2.3 R et seq.) and, if the firm makes a distribution from the with-profits fund into which their policies are written, the receipt by the with-profits policyholders of at least the required percentage (see COBS 20.2.17 R).

20.2.1A R

A firm must take reasonable care to ensure that all aspects of its operating practice are fair to the interests of its with-profits policyholders and do not lead to an undisclosed, or otherwise unfair, benefit to shareholders or to other persons with an interest in the with-profits fund.

20.2.1B G

- (1) Notwithstanding that there may not be a rule in the remainder of this section addressing a particular aspect of a firm's operating practices, firms will need to ensure that they take reasonable care to ensure that all aspects of their operating practice comply with ■ COBS 20.2.1A R.
- (2) For the avoidance of doubt COBS 20.2.1A R does not exhaust or restrict the scope of *Principle* 6. *Firms* will in any event need to ensure that their operating practices are consistent with *Principle* 6.

- 20.2.1D G For the purposes of ■ COBS 20.2.1A R the FCA expects a firm to be able to demonstrate that it has taken reasonable care to ensure its operating practices are fair, including being able to produce appropriate evidence to show that it has followed relevant governance procedures.
- 20.2.2 R Neither Principle 6 (Customers' interests) nor the rules on treating withprofits policyholders fairly (COBS 20.2) relieve a firm of its obligation to deliver each policyholder's contractual entitlement.

Amounts payable under with-profits policies

20.2.3 R A firm must have good reason to believe that its pay-outs on individual withprofits policies are fair.

Amounts payable under with-profits policies: Maturity payments

- 20.2.4 G In this section, maturity payments include payments made when a withprofits policy provides for a minimum guaranteed amount to be paid.
- 20.2.5 R (1) Unless a firm cannot reasonably compare a maturity payment with a calculated asset share, it must:
 - (a) set a target range for the maturity payments that it will make on:
 - (i) all of its with-profits policies; or
 - (ii) each group of its with-profits policies;
 - (b) ensure that each target range:
 - (i) is expressed as a percentage of unsmoothed asset share; and
 - (ii) includes 100% of unsmoothed asset share; and
 - (c) manage its with-profits business, and the business of each withprofit fund, with the aim of making on each with-profit policy a maturity payment that falls within the relevant target range.
 - (2) Unsmoothed asset share means:
 - (a) the unsmoothed asset share of the relevant with-profits policy; or
 - (b) an estimate of the unsmoothed asset share of the relevant withprofits policy derived from the unsmoothed asset share of one or more specimen with-profits policies, which a firm has selected to represent a group, or all, of the with-profits policies effected in the same with-profits fund.
 - (3) A firm must calculate unsmoothed asset share by:
 - (a) (i) for a firm which is not a Solvency II firm, applying the methods in ■ INSPRU 1.3.119 R to ■ INSPRU 1.3.123 R:
 - (ii) for a firm which is a Solvency II firm, applying the methods in PRA Rulebook: Solvency II Firms Valuation, Technical

Provisions and Surplus Funds and applicable parts of the *Solvency II Regulation* (EU) 2015/35 of 10 October 2014;

- (b) including any amounts that have been added to the *policy* as the result of a distribution from an *inherited estate*; and
- (c) subject to (d), and where the terms of the *policy* so provide, adding or subtracting an amount that reflects the experience of the *insurance business* in the relevant *with-profits fund*; but
- (d) if a with-profits fund has suffered adverse experience, which results from a firm's failure to comply with the rules and guidance on treating with-profits policyholders fairly (■ COBS 20.2.1 G to COBS 20.2.41 G and COBS 20.2.53 R to COBS 20.2.60 G), that adverse experience may only be taken into account if, and to the extent that, in the reasonable opinion of the firm's governing body, the amount referred to in (c) cannot be met from:
 - (i) the firm's inherited estate (if any); or
 - (ii) any assets attributable to shareholders, whether or not they are held in the relevant with-profits fund.
- 20.2.6 R Notwithstanding that a *firm* must aim to make maturity payments that fall within the relevant target range, a *firm* may make a maturity payment that falls outside the target range if it has a good reason to believe that at least 90% of maturity payments on *with-profits policies* in that group have fallen, or will fall, within the relevant target range.
- 20.2.7 G If it is not fair or reasonable to calculate or assess a maturity payment using the *prescribed asset share methodology*, a *firm* may use another methodology to set bonus rates, if that methodology properly reflects its representations to *with-profits policyholders* and it applies that methodology consistently.
- 20.2.8 R A firm may make deductions from asset share to meet the cost of guarantees, or the cost of capital, only under a plan approved by its governing body and described in its PPFM. A firm must ensure that any deductions are proportionate to the costs they are intended to offset.
- If a *firm* has approved a plan to make deductions from asset share, it must ensure that its planned deductions do not change unless justified by changes in the business or economic environment, or changes in the nature of the *firm*'s liabilities as a result of *policyholders* exercising options in their *policies*.
- 20.2.10 R If a firm calculates maturity payments using the prescribed asset share methodology, it must manage its with-profits business, and each with-profits fund, with the longer term aim that it will make aggregate maturity payments of 100% of unsmoothed asset share.

Amounts payable under with-profits policies: Surrender payments

20.2.11 G A firm may use its own methodology to calculate surrender payments, but it should have good reason to believe that its methodology produces a result

which, in aggregate across all similar policies, is not less than the result of the prescribed asset share methodology. A firm might, for example, test the surrender payments on a suitable range of specimen with-profits policies.

- 20.2.12 R If a firm calculates surrender payments using the prescribed asset share methodology, it must first calculate what the surrender payment would be if it was a maturity payment calculated by that methodology.
- 20.2.13 A firm may then make a deduction from unsmoothed asset share if necessary, in the reasonable opinion of the firm's governing body, to protect the interests of the firm's remaining with-profits policyholders.
- 20.2.14 G Amounts that might be deducted include:
 - (1) the firm's unrecovered costs, including any financing costs incurred in effecting or carrying out the surrendered with-profits policy to the date of surrender, including the costs that might have been recovered if the policy had remained in force;
 - (2) costs that would fall on the with-profits fund, if the surrender value is calculated by reference to an assumed market value of assets which exceeds the true market value of those assets:
 - (3) the firm's costs incurred in administering the surrender; and
 - (4) a fair contribution towards the cost of any contractual benefits due on the whole, or an appropriate part, of the continuing policies in the with-profits fund which would otherwise result in higher costs falling on the continuing with-profits policies.
- 20.2.15 The provisions dealing with the calculation of surrender payments (■ COBS 20.2.11 G to ■ COBS 20.2.12 R) do not prevent a firm from setting a target range for surrender payments where the top-end of the range is lower than the top-end of the relevant range for maturity payments.
- 20.2.16 R A firm must not, in so far as is reasonably practicable, make a market value reduction to the face value of the units of an accumulating with-profits policy unless:
 - (1) the market value of the with-profits assets in the relevant with-profits fund is, or is expected to be, less than the assumed value of the assets on which the face value of the units of the policy has been based; and
 - (2) the market value reduction is no greater than is necessary to reflect the impact of the difference in value referred to in (1) on the relevant payment out to the policyholder.
- 20.2.16A G If a firm is able to satisfy COBS 20.2.16R (1), then the volume of surrenders, transfers, or other exits from the with-profits fund that there has been, or is expected to be, is a factor that a firm may take into account when it is considering whether to make a market value reduction, and if so, its amount, subject to the limit in ■ COBS 20.2.16R (2).

Conditions relevant to distributions

20.2.16B G

References to distributions in COBS 20 includes distributions of distributable profits arising, namely any permanent addition to *policy* benefits made at the *firm*'s discretion based on the investment or other experience in the fund or more generally. Distributions include those relating to expected payments for which allowance has been made in the *technical provisions* or to a *firm*'s other liabilities arising from its regulatory duty to treat *customers* fairly, and not just distributions of any *with-profits fund surplus*.

20.2.16C G

Examples of distributions include any payment of a cash bonus (including a final bonus on exit or a reduction in *premium*), or a declaration of a reversionary bonus in the form of a permanent addition to the benefits guaranteed to be payable at death or on maturity. In ■ COBS 20.2.21 R and ■ COBS 20.2.22 E (distributions from excess surplus) distributions also include any other amounts that are added to asset shares or to any other measure that is used to determine pay-outs under *policies*.

20.2.17 R

A firm must ensure that the amount distributed to *policyholders* from a *with-profits fund*, taking into account any adjustments required by COBS 20.2.17A R, is not less than the *required percentage* of the total amount distributed.

20.2.17A R

- (1) Where a *firm* adjusts the amounts distributed to *policyholders*, either by market value reduction or otherwise, in a way that would result in a distribution to *policyholders* of less than the *required percentage*, taking both the relevant distributions and the adjustment into account, then the *firm* must apply a proportionate adjustment to amounts distributed to shareholders so that the distribution to *policyholders* will not be less than the *required percentage*.
- (2) The adjustments referred to in (1) include but are not limited to a situation where such an adjustment has the effect of retrospectively reducing past *policyholder* distributions.

20.2.17B G

An example of the application of ■ COBS 20.2.17A R, without limitation to its scope generally, is where a *firm* reduces, for any reason, the amounts of a bonus or of bonus units added to *policies* in force. The *firm* should treat this as effectively a 'negative distribution', calculated by making the same assumptions regarding discount rates and other relevant factors as would be used for positive bonus additions. The amount so calculated should then be taken into account in ensuring that the amount distributed to *policyholders* from a *with-profits fund* is not less than the *required percentage* for the purposes of ■ COBS 20.2.17 R.

20.2.17C R

A firm must not make a distribution from a with-profits fund, unless:

- (1) if it is not a *Solvency II firm*, the whole of the cost of that distribution can be met without eliminating the *regulatory surplus* in that *with-profits fund*; and
- (2) if it is a Solvency II firm:
 - (a) the whole of the cost of that distribution can be met without eliminating the with-profits fund surplus in that with-profits fund; and

(b) following any distribution that is made to meet a liability for which allowance has been made in technical provisions or other liabilities the *firm* is able to demonstrate that it reasonably expects to be able to continue to comply with the requirements in ■ COBS 20.1A.5 R (Governance arrangements for the with-profits

20.2.18

A firm which is not a Solvency II firm must not make a distribution from a with-profits fund to any person who is not a with-profits policyholder, unless the whole of the cost of that distribution (including the cost of any obligations that will or may arise from the decision to make a distribution) can be met from the excess, if any, of the assets over the liabilities in that with-profits fund.

20.2.19

A distribution to a person who is not a with-profits policyholder includes a transfer of assets out of a with-profits fund that is not made to satisfy a liability of that fund.

Notification and other requirements in relation to certain distributions

20.2.19A R

If a firm which is a Solvency II firm proposes to make a distribution from a with-profits fund to any person who is not a with-profits policyholder, where:

- (1) the distribution to with-profits policyholders is smaller than the 'prenotification to *policyholder* minimum' calculated in accordance with COBS 20.2.19BR (1) then the firm must:
 - (a) provide the FCA with written details of the proposed distribution at least two months prior to the proposed distribution, together with copies of draft notifications it proposes to send to withprofits policyholders to satisfy (b); and
 - (b) give affected with-profits policyholders in the fund at least one months prior written notice stating:
 - (i) that it proposes to make no distribution to them; or
 - (ii) that it proposes to make a distribution of an amount which is smaller than the 'pre-notification to policyholder minimum', and setting out the amount and how the distribution is calculated; and

the reasons for (i) or (ii) as relevant; or

- (2) the distribution to with-profits policyholders does not meet the test in (1) but is smaller than the 'after the event notification to policyholder minimum' calculated in accordance with COBS 20.2.19BR (2) then the firm must:
 - (a) provide the FCA with written details of the proposed distribution at least one month prior to the proposed distribution together with copies of draft notifications it proposes to send to withprofits policyholders to satisfy (b); and
 - (b) give affected with-profits policyholders in the fund, notice of the distribution within a reasonable period from the date of the distribution, setting out the amount of the distribution, how it was calculated and the reasons for the change compared to the last previous distribution.

20.2.19B R

(1) The 'pre-notification to policyholder minimum' referred to in ■ COBS 20.2.19A R is as follows:

$$\frac{b \times c}{a}$$
 - $\frac{c}{50}$

where

a is the total amount available for with-profits distribution in the with-profits fund in question at the time of the most recent previous distribution;

b is the amount of the most recent previous distribution to withprofits policyholders; and

c is the total amount available for with-profits distribution in relation to the proposed distribution.

(2) The 'after the event notification to policyholder minimum' referred to in ■ COBS 20.2.19A R is as follows:

where a, b and c have the same meaning as in (1).

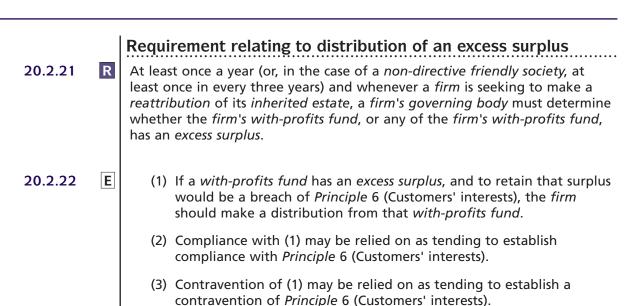

(3) The calculations in (1) and (2) must be determined by actuarial investigation.

20.2.19C G

- (1) If the circumstances in COBS 20.2.19AR (1) or (2) arise, the firm should also consider whether any reduction(s) in the proposed distribution and any previous distributions to with-profits policyholders over a period of at least the last five years are consistent with treating with-profits policyholders fairly and any other obligations of the firm under ■ COBS 20.
- (2) When calculating the amounts distributed in COBS 20.2.19A R and ■ COBS 20.2.19B R:
 - (a) any amount allocated to with-profits policyholders in anticipation of a distribution is treated as included in the next distribution;
 - (b) the amount of any available distributable profits is treated as reduced by any part of it which the firm has decided to carry forward unappropriated; and
 - (c) risk margin associated with technical provisions should be excluded.
- (3) A firm which is not a Solvency II firm is required to comply with IPRU(INS) 3.3.

20.2.20 R If, on a distribution, a firm incurs a tax liability on a transfer to shareholders, it must not attribute that tax liability to a with-profits fund, unless:

- (1) the firm can show that attributing the tax liability to that with-profits fund is consistent with its established practice;
- (2) that established practice is explained in the firm's PPFM; and
- (3) that liability is not charged to asset shares.

Charges to a with-profits fund

- 20.2.23 A firm must only charge costs to a with-profits fund which have been, or will be, incurred in operating the with-profits fund. This may include a fair proportion of overheads.
- 20.2.24 R Subject to ■ COBS 20.2.25 R, ■ COBS 20.2.25 A R and ■ COBS 20.2.25 B R, a firm must not pay compensation or redress from a with-profits fund.
- 20.2.25 A proprietary firm may pay compensation or redress due to a policyholder, or former policyholder, from assets attributable to shareholders, whether or not they are held within a long-term insurance fund or with-profits fund, as relevant.
- 20.2.25A R A mutual may pay compensation or redress due to a policyholder, or former policyholder, from a with-profits fund, but may only pay from assets that would otherwise be attributable to asset shares if, in the reasonable opinion of the firm's governing body, the compensation or redress cannot be paid from any other assets in the with-profits fund.
- 20.2.25B R A payment or transfer of liabilities made to correct an error and which has the effect of restoring a policyholder, or former policyholder, and the withprofits fund to the position they would have been in if the error had not occurred (a "rectification payment"), is not a payment of compensation or redress for the purposes of ■ COBS 20.2.24 R.
- 20.2.25C G Rectification payments may include, for example, a payment to a policyholder or former policyholder to correct an erroneous underpayment of policy proceeds, or a reimbursement of premiums overpaid. The effect of ■ COBS 20.2.25B R is that a *firm* may make rectification payments using assets in a with-profits fund.
- 20.2.25D G ■ COBS TP 2.14 R has the effect that payments of compensation and redress arising out of events which took place before 31 July 2009 are subject to ■ COBS 20.2.23 R to ■ COBS 20.2.25 R as in force at 30 July 2009.

20.2.26

A proprietary firm must not charge to a with-profits fund any amounts paid or payable to a skilled person in connection with a report under section 166 of the Act (Reports by skilled persons) if the report indicates that the firm has, or may have, materially failed to satisfy its obligations under the regulatory system.

20.2.26A R

A proprietary firm must not charge to a with-profits fund any financial penalty imposed on the firm by the appropriate regulator.

Tax charge to a with-profits fund

R 20.2.27

A firm must not charge a contribution to corporation tax to a with-profits fund, if that contribution exceeds the notional corporation tax liability that would be charged to that with-profits fund if it were assessed to tax as a separate body corporate.

New business

20.2.28 R A firm must not effect new contracts of insurance in an existing with-profits fund unless:

- (1) the firm's governing body is satisfied, so far as it reasonably can be, and can demonstrate, having regard to the analysis in (2), that the terms on which each type of contract is to be effected are likely to have no adverse effect on the interests of the with-profits policyholders whose policies are written into that fund; and
- (2) the firm has:
 - (a) carried out or obtained appropriate analysis, based on relevant evidence and proportionate to the risks involved, as to the likely impact on with-profits policyholders, having regard to relevant factors including:
 - (i) the volumes of each type of contract that the firm expects to be effected; and
 - (ii) the periods over which the contracts are expected to remain in force; and
 - (b) provided the analysis referred to in (a) to its with-profits committee or, if applicable, its with-profits advisory arrangement and to its governing body for the purposes of (1).

20.2.28A G

(1) Writing new insurance business into a with-profits fund is not, of itself, automatically adverse to the interests of with-profits policyholders. For example, new insurance business which defers the emergence or distribution of surplus to a limited extent for a number of policyholders, or which leads to a marginal change in the equity backing ratio, may, subject to satisfying the guidance in ■ COBS 20.2.60 G and ■ COBS 20.2.29 G, reasonably be considered not to have an adverse effect on the with-profits policyholders in a withprofits fund, if the firm's governing body is satisfied (and can demonstrate based on appropriate analysis) that each new line of insurance business is likely to be financially self-supporting over the periods during which the contracts are expected to remain in force and is likely to add sufficient value to the with-profits fund to offset the cost of acquiring the business.

- (2) Conversely, if the particular line of new insurance business is priced on loss-making terms or the terms are such that the new insurance business is not likely to generate sufficient value after covering all the costs associated with it (in either case when considered in aggregate over the periods over which the contracts are expected to remain in force), then in the FCA's view, the terms of that insurance business are likely to have an adverse impact on with-profits policyholders interests in the relevant fund.
- (3) Firms will need to ensure that they comply with COBS 20.2.28 R at all times, but in practice firms will be expected to pay particular attention when they are designing and pricing or re-pricing products, when they are preparing their financial plans that take into account their expected costs and levels of new business, and, in particular, when reviewing their financial performance, if that reveals that costs or levels of new business have varied significantly from those expected previously.
- (4) New business for the purposes of COBS 20.2.28 R will not, in general, include increments on existing *policies* or business written as a result of the exercise of options by an existing policyholder.

G 20.2.29

In some circumstances, it may be difficult or impossible for a firm to mitigate the risk of an adverse effect on its existing, or new, with-profits policyholders, unless it establishes a new bonus series or with-profits fund. Circumstances that might cause a firm to establish a new bonus series or with-profits fund include:

- (1) where the firm has a high level of guarantees or options in its existing with-profits policies, which might place an excessive burden on new with-profits policies, or vice versa; and
- (2) where the potential risks are likely to be so great that a single withprofits fund cannot provide adequately for the interests of new and existing policyholders, even after allowing for any beneficial effects of diversification. Such potential risks are likely to arise from significant differences in the terms and conditions of the new and existing with-profits policies, including the basis on which charges are levied and reviewed.

20.2.30 G

- (1) When a firm prices the new insurance business that it proposes to effect in an existing with-profits fund, it should estimate the volume of new insurance business that it is likely to effect and then build in adequate margins that will allow it to recover any acquisition costs to be charged to the with-profits fund.
- (2) COBS 20.2.28 R requires firms to obtain appropriate analysis and evidence and this should include at least a profitability analysis on a marginal cost basis.

20.2.31

When a firm sets a target volume for new insurance business in an existing with-profits fund, it should pay particular attention to the risk of disadvantage to existing with-profits policyholders. Those policyholders might be disadvantaged, for example, by the need to retain additional capital to support a rapid growth in new business, when that capital might have been distributed in the ordinary course of the firm's existing business.

Relationship of a with-profits fund with the firm and any connected persons

20.2.32 R

Unless ■ COBS 20.2.32A R applies, a *firm* carrying on *with-profits business* must not:

- (1) make a loan to a connected person using assets in a with-profits fund: or
- (2) give a guarantee to, or for the benefit of, a connected person, where the guarantee will be backed using assets in a with-profits fund;

unless that loan or guarantee:

- (3) will be on commercial terms;
- (4) will, in the reasonable opinion of the *firm's* senior management, be beneficial to the *with-profits policyholders* in the relevant *with-profits fund*: and
- (5) will not, in the reasonable opinion of the *firm*'s senior management, expose those *policyholders* to undue *credit* or *group* risk.
- 20.2.32A R
- COBS 20.2.32R (1) does not apply to a Solvency II firm.
- 20.2.32B G

Loans to a *connected person* using assets in a *with-profits fund* should be considered as investments of assets within the *with-profits fund*. As such, a *Solvency II firm* will need to ensure that:

- (1) such loans comply with the PRA Rulebook: Solvency II Firms: Investments having regard to COBS 20.2.35B G; and
- (2) where there is a conflict of interests, in the reasonable opinion of the firm's senior management, they are in the best interests of the with-profits policyholders in the relevant with-profits fund.

Contingent loans and other forms of support for the withprofits fund

20.2.33 G

- (1) If a firm, or a connected person, provides support to a with-profits fund (for example, by a contingent loan), no reliance should be placed on that support when the firm assesses the with-profits fund's financial position unless there are clear and unambiguous criteria governing any repayment obligations to the support provider.
- (2) The degree of reliance placed on that support should depend on the subordination of the support to the fair treatment of with-profits policyholders and clarification of what fair treatment means in various circumstances. For a realistic basis life firm this would normally be evidenced by the liability for such support being capable, under stress, of a progressively lower valuation in the future policy-related liabilities.
- 20.2.34 G
- Where assets from outside a with-profits fund are made available to support that fund (and there is no ambiguity in the criteria governing any repayment obligations to the support provider), a firm should manage the fund

disregarding the liability to repay those assets, at least in so far as that is necessary for its policyholders to be treated fairly.

Support arrangements

20.2.34A R

- (1) A Solvency II firm must ensure that, in relation to any arrangements where assets outside a with-profits fund provide or may provide support to it, both the following requirements are met:
 - (a) the precise terms and conditions on which those support asset arrangements operate and assets may become available, including whether and when they are repayable:
 - (i) are adequately documented in the firm's records; and
 - (ii) if the firm is required to produce a PPFM, are set out clearly and unambiguously in its PPFM.
 - (b) the operation of those support asset arrangements is consistent with terms and conditions in communications to with-profits policyholders, including any PPFM.

Other rules and guidance on the conduct of with-profits business

20.2.35 G

When a firm, other than a Solvency II firm, determines its investment strategy, and the acceptable level of risk within that strategy, it should take into account:

- (1) the extent of the guarantee in its with-profits policies;
- (2) any representation that it has made to its with-profits policyholders;
- (3) its established practice; and
- (4) the amount of capital support available.

20.2.35A G

20.2.35B G

- (1) A Solvency II firm is required to consider its investment strategy in relation to the assets in a with-profits fund, including any strategic investments, in accordance with the PRA Rulebook: Solvency II Firms: Investments. Firms are expected, in applying the PRA Rulebook: Solvency II Firms: Investments, to take into account the particular circumstances and requirements of the liabilities in the with-profits fund to which those assets relate. For example, a Solvency II firm will need to consider:
 - (a) whether a strategic investment meets the criteria in the PRA Rulebook: Solvency II Firms: Investments; and
 - (b) that the investment will ensure the quality, security, liquidity of the portfolio of assets of the firm as a whole and that the investment(s) are localised to ensure their availability.
- (2) Where there is a conflict of interest (e.g. between the with-profits policyholders and the firm) the firm must ensure that the strategic investment is made in the best interests of policyholders. It is expected that a Solvency II firm applying the provisions in PRA

Rulebook Solvency II Firms Investments in this manner will lead to with-profits policyholders being treated no less fairly than if the firm was not a Solvency II firm and was subject to ■ COBS 20.2.35 G and ■ COBS 20.2.36 R.

20.2.36 R

A firm, other than a Solvency II firm, must not:

- (1) use with-profits assets to finance the purchase of a strategic investment, directly or by or through a connected person; or
- (2) retain an investment referred to in (1);

unless its *governing body* is satisfied, so far as it reasonably can be, and can demonstrate, that the purchase or retention is likely to have no adverse effect on the interests of its *with-profits policyholders* whose *policies* are written into the relevant fund.

20.2.36A R

A *firm* must keep adequate records setting out the strategic purpose for which a *strategic investment* has been purchased or retained.

20.2.36B G

- (1) In order for a *firm* to comply with COBS 20.2.36 R, a *firm*'s *governing* body should consider:
 - (a) the size of the investment in relation to the with-profits fund;
 - (b) the expected rate of return on the investment;
 - (c) the risks associated with the investment, including, but not limited to, liquidity risk, the capital needs of the acquired business or investment and the difficulty of establishing fair value (if any);
 - (d) any costs that would result from divestment;
 - (e) whether the with-profits actuary would regard the investment as having no adverse effect on the interests of with-profits policyholders as a class;
 - (f) in the case of a proprietary *firm*, whether it would be more appropriate for the investment to be made using assets other than those in the *with-profits fund*; and
 - (g) any other relevant material factors.
- (2) A *firm* should consider whether making or retaining a *strategic investment* should be disclosed to *with-profits policyholders*.
- (3) Examples of *strategic investments* include, but are not limited to, a significant investment in another business or significant real estate assets used within the business of the *firm*.

20.2.37 G

If a firm carries out non-profit insurance business in a with-profits fund, it should review the profitability of the non-profit insurance business regularly.

20.2.38 G

If a *firm* has reinsured its *with-profits insurance business* into another *insurance undertaking*, it should take reasonable steps to discharge its responsibilities to its *with-profits policyholders*, in respect of the reinsured business. Those steps should include maintaining adequate controls.

Significant changes in with-profits funds

- 20.2.39

A firm must not enter into a material transaction relating to a with-profits fund unless, in the reasonable opinion of the firm's governing body, the transaction is unlikely to have a material adverse effect on the interests of that fund's existing with-profits policyholders.

- 20.2.40
- R

A material transaction includes a series of related non-material transactions which, if taken together, are material.

20.2.41

G

Examples of material transactions include:

- (1) a significant bulk outwards reinsurance contract;
- (2) inwards reinsurance of with-profits business from another insurance undertaking;
- (3) a financial engineering transaction that would materially change the profile of any surplus expected to emerge on the with-profits fund's existing insurance business; and
- (4) a significant restructuring of the with-profits fund, especially if it involves the creation of new sub-funds.

20.2.41A R

A firm must contact the FCA as soon as is reasonably practicable to make arrangements to discuss what actions may be required to ensure the fair treatment of with-profits policyholders if, in relation to any with-profits fund it operates:

- (1) the firm reasonably expects, or if earlier, there has been, a sustained and substantial fall in either the volume of new non-profit insurance contracts, or in the volume of new with-profits policies (effected other than by reinsurance), or in both, effected into the with-profits fund; or
- (2) the firm cedes by way of reinsurance most or all of the new withprofits policies which it continues to effect.

20.2.41B G

- (1) The aim of the discussions in COBS 20.2.41A R is to:
 - (a) allow the FCA to comment on the adequacy of the firm's planning; and
 - (b) seek agreement with the firm on any other appropriate actions to ensure with-profits policyholders are treated fairly.
- (2) If the firm is no longer effecting a material volume of new withprofits policies (other than by reinsurance) into a with-profits fund; or if it is ceding by way of reinsurance most or all of the new withprofits policies which it continues to effect, then it may also be appropriate to consider whether, in the particular circumstances of the firm, it should be regarded as ceasing to effect new contracts of insurance for the purposes of ■ COBS 20.2.54R (3).
- (3) In the discussions the FCA will have with regard to COBS 20.2.28 R (New business), if the volumes of new business are expected to be

profitable and, in relation to non-profit insurance business, it is demonstrated that a fair distribution to with-profits policyholders out of the fund can be achieved and the economic value of any expected future profits is likely to be available for distribution during the lifetime of the with-profits business for the purposes of COBS 20.2.60 G, then, in the FCA's view, it is likely to be reasonable for a firm to be satisfied that there will be no adverse effect for with-profits policyholders, and accordingly that such business may continue to be written.

Process for reattribution of inherited estates: Policyholder advocate: appointment and role

20.2.42 R

A firm that is seeking to make a reattribution of its inherited estate must:

- (1) first discuss with the FCA (as part of its determination under COBS 20.2.21 R):
 - (a) its projections for capital required to support existing business, which must include an assessment of:
 - (i) the *firm*'s future risk appetite for the *with-profits fund* and other relevant business; and
 - (ii) how much of the margin for prudence can be identified as excessive and removed from the projected capital requirements; and
 - (b) its projections for capital required to support future new business, which must include an assessment of:
 - (i) new business volumes;
 - (ii) product terms; and
 - (iii) pricing margins;
- (2) following the discussions referred to in (1), identify at the earliest appropriate point a *policyholder advocate*, who is free from any conflicts of interest that may be, or may appear to be, detrimental to the interests of *policyholders*, to negotiate with the *firm* on behalf of relevant *with-profits policyholders* and seek the approval of the *FCA* for the appointment of the *policyholder advocate* as soon as he is identified, or appoint a *policyholder advocate* nominated by the *FCA* if its approval is not granted; and
- (3) involve the policyholder advocate designate at the earliest possible opportunity to enable him to participate effectively in the negotiations about the proposals for the *reattribution*.

20.2.42A R

K

20.2.43 G

The *firm* should include an independent element in the *policyholder* advocate selection process, which may include consulting representative groups of *policyholders* or using the services of a recruitment consultant. When considering an application for approval of a nominee to perform the *policyholder* advocate role, the *FCA* will have regard to the extent to which the *firm* has involved others in the selection process.

20.2.44

The precise role of the policyholder advocate in any particular case will depend on the nature of the firm and the reattribution proposed. A firm will need to discuss, with a view to agreeing, with the FCA the precise role of the policyholder advocate in a particular case (COBS 20.2.45 R). However, the role of the policyholder advocate should include:

- (1) negotiating with the firm, on behalf of the relevant with-profits policyholders, the benefits to be offered to them in exchange for the rights or interests they will be asked to give up;
- (2) commenting to with-profits policyholders, on:
 - (a) the methodology used for the allocation of benefits amongst the relevant (or groups of) with-profits policyholders and the form of those benefits:
 - (b) the criteria used for determining the eligibility of the various with-profits policyholders;
 - (c) the terms and conditions of the proposals (to the extent that they materially affect the benefits to be offered, or the bonuses that may be added to with-profits policies); and
 - (d) the views expressed by the independent expert or the reattribution expert (as the case may be), and the firm's withprofits actuary on the allocation of any benefits amongst the relevant with-profits policyholders; and
- (3) telling with-profits policyholders, or each group of with-profits policyholders, with reasons, whether the firm's proposals are in their interests.

Process for reattribution of inherited estates: Policyholder advocate: terms of appointment

20.2.45

R

A firm must:

- (1) notify the FCA of the terms on which it proposes to appoint a policyholder advocate (whether or not the candidate was nominated by the FCA); and
- (2) ensure that the terms of appointment for the policyholder advocate:
 - (a) include a description of the role of the policyholder advocate as agreed with the FCA under ■ COBS 20.2.44 G;
 - (aA) stress the independent nature of the policyholder advocate's appointment and function, and are consistent with it;
 - (b) define the relationship of the policyholder advocate to the firm and its policyholders;
 - (c) set out arrangements for communications between the policyholder advocate and policyholders;
 - (d) make provision for the resolution of any disputes between the firm and the policyholder advocate;
 - (e) specify when and how the policyholder advocate's appointment may be terminated;
 - (f) allow the policyholder advocate to communicate freely and in confidence with the FCA;
 - (g) require the policyholder advocate to communicate with policyholders:

- (i) as soon as is practicable after his appointment, having regard to (h)(i) and (iii); and
- (ii) thereafter no less frequently than every six months for the duration of the policyholder advocate's appointment; and
- (h) require the policyholder advocate:
 - (i) to make reasonable endeavours to agree with the *firm* the contents of any proposed *policyholder* communications;
 - (ii) to allow sufficient time for the process in (i) in order to meet any timescales in (g); and
 - (iii) to provide copies of the final draft of the intended policyholder communications, whether or not agreement has been reached in accordance with (i) above, both to the firm and to the FCA at least seven days in advance of the date on which the policyholder advocate intends to make the communications.

20.2.46 G

A firm may include, within the policyholder advocate's terms of appointment, arrangements for the policyholder advocate to be indemnified in respect of certain claims that may be made against him in connection with the performance of his functions. If such indemnity is included, it should not include protection against any liability arising from acts of bad faith.

Process for reattribution of inherited estates: Reattribution expert

20.2.47 R

Where a *firm* is not otherwise required to appoint an *independent expert*, it must:

- (1) appoint a reattribution expert to undertake an objective assessment of its *reattribution* proposals, who must be:
 - (a) nominated or approved by the *appropriate regulator* before he is appointed; and
 - (b) free from any conflicts of interest that may, or may appear to, undermine his independence or the quality of his report;
- (2) ensure that the *reattribution expert's* terms of appointment allow him to communicate freely and in confidence with the *appropriate regulator*; and
- (3) require the *reattribution expert* to prepare a report which must be available to the *appropriate regulator*, the *policyholder advocate* and the court (if it is relevant to any court proceedings).

20.2.48 G

A reattribution expert's report should comply with the applicable rules on expert evidence. The scope and content of the report should be substantially similar to that of the report required of an *independent expert* under SUP 18.2 (Insurance business transfers), as if (where appropriate) a reference to:

- (1) the 'scheme report' was a reference to the 'reattribution expert's report';
- (2) the 'independent expert' was a reference to the 'reattribution expert'; and
- (3) the 'scheme' was a reference to the proposal for a 'reattribution'.

Process for reattribution of inherited estates: Information to policyholders

20.2.49

R

A firm must ensure that every policyholder that may be affected by the proposed reattribution is sent appropriate and timely information about:

- (1) the reattribution process, including the role of the policyholder advocate, the independent expert or reattribution expert, as the case may be, and other individuals appointed to perform particular functions:
- (2) the reattribution proposals and how they affect the relevant policyholders, including an explanation of any benefits they are likely to receive and the rights and interests that they are likely to be asked to give up;
- (3) the policyholder advocate's views on the reattribution proposals and any benefits the relevant policyholders are likely to receive and the rights and interests that they are likely to be asked to give up; and
- (4) the outcome of the negotiations between the firm and the policyholder advocate about the benefits that will be offered to relevant with-profits policyholders, in exchange for the rights and interests that they will be asked to give up.

20.2.50

An adequate summary of the report by the reattribution expert must be made available to every policyholder that may be affected by the proposed reattribution.

Process for reattribution of inherited estates: Consent of policyholders

20.2.51

A firm must give relevant with-profits policyholders the option to:

- (1) individually accept or reject the final proposals for the reattribution;
- (2) (if the legal process to be followed allows the majority of policyholders to bind the minority) vote on whether the firm should go ahead with those proposals.

Process for reattribution of inherited estates: Costs

20.2.52 G

- (1) Reattribution and insurance business transfer costs (excluding policyholder advocate costs) should be met from shareholder funds. A firm may present alternative arrangements if it can show good reasons for doing so.
- (2) Shareholders should pay a reasonable proportion of the policyholder advocate's costs.
- (3) If a reattribution proposal is not successful, the FCA would expect the costs of the *policyholder advocate* to be met by the *person* initiating the proposal. That will usually be the shareholders of the firm.

R

Ceasing to effect new contracts of insurance in a with-profits fund

20.2.53

A firm must:

- (1) inform the appropriate regulator and its with-profits policyholders within 28 days; and
- (2) submit a run-off plan to the *appropriate regulator* as soon as reasonably practicable and, in any event, within three months;

of first ceasing to effect new contracts of insurance in a with-profits fund.

20.2.54 R

A firm will be taken to have ceased to effect new contracts of insurance in a with-profits fund:

- (1) when any decision by the *governing body* to cease to effect new *contracts of insurance* takes effect; or
- (2) where no such decision is made, when the firm is no longer:
 - (a) actively seeking to effect new contracts of insurance in that fund; or
 - (b) effecting new *contracts of insurance* in that fund, except by increment; or
- (3) if the firm:
 - (a) (i) is no longer effecting a material volume of with-profits policies (other than by reinsurance), into the with-profits fund: or
 - (ii) is ceding by way of *reinsurance* most or all of the new *with- profits policies* which it continues to effect; and
 - (b) cannot demonstrate that it will treat with-profits policyholders fairly if it does not cease to effect new contracts of insurance.

20.2.55 G

For the purposes of ■ COBS 20.2.54R (3) the *FCA* will have regard to, amongst other things, the factors set out in ■ COBS 20.2.41BG (3).

20.2.56 R

The run-off plan required by ■ COBS 20.2.53 R must:

- (1) include an up-to-date plan to demonstrate how the *firm* will ensure a fair distribution of the closed *with-profits fund*, and its *inherited* estate (if any); and
- (2) be approved by the firm's governing body.

20.2.57 G

- (1) A *firm* should also include the information described in Appendix 2.15 (Run-off plans for closed with-profits funds) of the Supervision manual in its run-off plan.
- (2) A *firm* should periodically review and update its run-off plan and submit updated versions to the *FCA* when requested to do so.

20.2.58

When a firm tells its with-profits policyholders that it has ceased to effect new contracts of insurance in a with-profits fund, it should also explain:

- (1) why it has done so;
- (2) what changes it has made, or proposes to make, to the fund's investment strategy (if any);
- (3) how closure may affect with-profits policyholders (including any reasonably foreseeable effect on future bonus prospects);
- (4) the options available to with-profits policyholders and an indication of the potential costs associated with the exercise of each of those options; and
- (5) any other material factors that a policyholder may reasonably need to be aware of before deciding how to respond to this information.

20.2.59

A firm may not be able to provide its with-profits policyholders with all of the information described above until it has prepared the run-off plan. In those circumstances, the firm should:

- (1) tell its with-profits policyholders that that is the case;
- (2) explain what is missing and give a time estimate for its supply; and
- (3) provide the missing information as soon as possible, and within the time estimate given.

G 20.2.60

- (1) If non-profit insurance business is written in a with-profits fund, a firm should take reasonable steps to ensure that the economic value of any future profits expected to emerge on the non-profit insurance business is available for distribution during the lifetime of the withprofits business.
- (1A) Where a with-profits fund contains assets which may not be readily realisable, the firm should take reasonable steps to ensure that the economic value of those assets is made available as part of a fair distribution to with-profits policyholders.
 - (2) Where it is agreed by its with-profits policyholders, and subject to meeting the requirements for effecting new contracts of insurance in an existing with-profits fund (■ COBS 20.2.28 R), a mutual may make alternative arrangements for continuing to carry on non-profit insurance business, and a non-directive friendly society may make alternative arrangements for continuing to carry on non-insurance related business. Where a mutual has been granted a waiver in accordance with ■ COBS 20.2.61 G, the agreement of its with-profits policyholders to alternative arrangements for continuing to carry on non-profit insurance business may not be needed.

G 20.2.61

- (1) A mutual operating a common fund may seek to undertake an exercise to identify that part of the fund to which the mutual considers it would be fair for relevant provisions in ■ COBS 20 not to
- (2) To give regulatory effect to the identification exercise, the FCA expects that a mutual will need to apply to the FCA to modify the

- relevant provisions in COBS 20 and elsewhere which are dependent on the definition of the *with-profits fund*.
- (3) A *mutual* will need to demonstrate that the appropriate statutory tests in section 138A of the *Act* are met. The *FCA* expects that *mutuals* will need to do at least the following to allow the *FCA* to consider whether granting the modification would adversely affect the advancement of the *FCA*'s consumer protection objective:
 - (a) demonstrate that the exercise does not amount to a *reattribution*;
 - (b) demonstrate that its proposals are fair to its with-profits policyholders, and other relevant policyholders, having regard to the mutual's own particular structure, origins and other relevant circumstances, and including reference to the items in (c) to (j) below;
 - (c) obtain the report of an independent expert approved by, and whose terms of reference are agreed with, the FCA on the terms of the mutual's proposals and the likely impact and effects on, and fairness to, the mutual's with-profits policyholders and other relevant policyholders. This report should consider whether the firm has sufficiently demonstrated the absence of a reattribution under (a). The FCA will consider using its powers in section 166 of the Act (Reports by skilled persons) in appropriate circumstances;
 - (d) demonstrate that the *mutual's with-profits policyholders* and other *policyholders* are appropriately engaged and informed about the proposals;
 - (e) demonstrate that it has complied with the relevant requirements in the *mutual*'s constitutional documents, for example that members are appropriately involved in agreeing to any proposals;
 - (f) demonstrate that the *mutual* has a convincing and robust business case for continuing in business, as opposed to run-off;
 - (g) demonstrate how, and the extent to which, continuing membership rights will benefit with-profits policyholders and other policyholders;
 - (h) explain the nature and terms of any continuing support to be provided to the with-profits fund from outside the with-profits fund;
 - (i) demonstrate that with-profits policyholders under the mutual's proposals will not be at a disadvantage compared to equivalent with-profits policyholders in a proprietary with-profits fund; and
 - (j) explain how it proposes to pay any compensation or redress that is, or may become, due to a *policyholder*, or former *policyholder*.
- (4) For the purposes of (3)(a) and (c), where the issues to be considered by the independent expert include the extent or value (in the particular circumstances of the *mutual*) of the rights and interests of *with-profits policyholders* in the *with-profits fund*, the *FCA* expects the independent expert's terms of reference to require them to take into account other available analyses of such rights and interests which may be more favourable to *policyholders* than the *mutual's* own analysis. The *FCA* considers that any uncertainty in the extent or value of such rights and interests in the case of a particular *mutual* may mean that the independent expert will need to obtain their own independent legal advice on the issue. In the *FCA*'s view the fact of

any uncertainty as to the extent or value of the relevant rights and interests, following receipt of independent legal advice, may itself be taken into account by the independent expert when producing their report. The FCA will consider on a case by case basis what further information it may provide to the expert and/or independent legal adviser to ensure that the rights and interests of policyholders have been appropriately taken into account.

(5) The FCA expects to consult and/or seek information or advice from the PRA in accordance with section 3D of the Act and the Memorandum of Understanding between the FCA and the PRA required by section 3E. As part of any such process the FCA expects that the PRA will wish to consider, among other things, that balance sheet safety and soundness issues have been identified and addressed appropriately.

20.3 Principles and Practices of Financial Management

Production of PPFM

20.3.1 R

- (1) A firm must:
 - (a) establish and maintain the *PPFM* according to which its *with-profits business* is conducted (or, if appropriate, separate *PPFM* for each *with-profits fund*); and
 - (b) retain a record of each version of its PPFM for five years.
- (2) A firm's with-profits principles must:
 - (a) be enduring statements of the standards it adopts in managing with-profits funds; and
 - (b) describe the business model it uses to meet its duties to withprofits policyholders and to respond to longer-term changes in the business and economic environment.
- (3) A firm's with-profits practices must:
 - (a) describe how a *firm* manages its *with-profits funds* and how it responds to shorter-term changes in the business and economic environment; and
 - (b) be sufficiently detailed for a knowledgeable observer to understand the material risks and rewards from effecting or maintaining a *with-profits policy* with it.
- (4) A *firm* must not change its *PPFM* unless, in the reasonable opinion of its *governing body*, that change is justified to:
 - (a) respond to changes in the business or economic environment; or
 - (b) protect the interests of policyholders; or
 - (c) change the firm's with-profits practices better to achieve its with-profits principles.
- (5) A firm may change its PPFM if that change:
 - (a) is necessary to correct an error or omission; or
 - (b) would improve clarity or presentation without materially affecting the *PPFM's* substance; or
 - (c) is immaterial.

Scope and content of PPFM

- 20.3.4 A firm's PPFM must cover the issues set out in the table in ■ COBS 20.3.6 R.
- 20.3.5 A firm's PPFM must cover any matter that has, or it is reasonably foreseeable may have, a significant impact on the firm's management of with-profits funds, including but not limited to:
 - (1) any requirements or constraints that apply as a result of previous dealings, including previous business transfer schemes;
 - (2) the nature and extent of any shareholder or other commitment to support the with-profits fund; and
 - (3) the precise terms and conditions of support asset arrangements, as described in ■ COBS 20.2.34A R.

20.3.7

The table in ■ COBS 20.3.8 G sets out *guidance* on how various information relevant to some of the issues covered in a firm's PPFM (■ COBS 20.3.6 R) might be split between with-profits principles and with-profits practices. This is an example of the matters a firm should address in its with-profits principles and with-profits practices and is not exhaustive. A firm should consider carefully the scope and content of its *PPFM* as appropriate.

Annual report to with-profits policyholders

20.4.7

R A fi

A *firm* must produce an annual report to its *with-profits policyholders*, which must:

- (1) state whether, throughout the *financial year* to which the report relates, the *firm* believes it has complied with its obligations relating to its *PPFM* and setting out its reasons for that belief;
- (2) address all significant relevant issues, including the way in which the *firm* has:
 - (a) exercised, or failed to exercise, any discretion that it has in the conduct of its *with-profits business*; and
 - (b) addressed any competing or conflicting rights, interests or expectations of its *policyholders* (or groups of *policyholders*) and, if applicable, *shareholders* (or groups of *shareholders*), including the competing interests of different classes and generations.

20.4.8 G

The following documents should be annexed to the annual report in this section:

- (1) the report to with-profits policyholders made by a with-profits actuary in respect of each financial year (see SUP 4.3.16AR(4)); and
- (2) any statement or report provided by the *person* or committee who provides the independent judgement under the *firm*'s governance arrangements for its *with-profits business*.

20.5 With-profits governance

Requirement to appoint a with-profits committee or advisory arrangement

20.5.1

A firm must, in relation to each with-profits fund it operates:

- (1) appoint:
 - (a) a with-profits committee; or
 - (b) a with-profits advisory arrangement (referred to in this section as an 'advisory arrangement'), but only if appropriate, in the opinion of the firm's governing body, having regard to the size, nature and complexity of the fund in question;
- (2) ensure that the with-profits committee or advisory arrangement operates in accordance with its terms of reference; and
- (3) make available a copy of any terms of reference on the firm's website, or if the firm does not have a website, at the request of policyholders.

20.5.2 G

- (1) Ultimate responsibility for managing a with-profits fund rests with the firm through its governing body. The role of the with-profits committee or advisory arrangement is, in part, to act in an advisory capacity to inform the decision-making of a firm's governing body. The with-profits committee or advisory arrangement also acts as a means by which the interests of with-profits policyholders are appropriately considered within a firm's governance structures. The with-profits committee or advisory arrangement should address issues affecting policyholders as a whole or as separately identifiable groups of policyholders generally rather than dealing with individual policyholder complaints or taking management decisions with respect to a with-profits fund.
- (2) If a firm considers that it is appropriate to appoint an advisory arrangement, a firm's governing body will need to decide whether it is appropriate to appoint an independent person or one or more nonexecutive directors to carry out the role. The FCA expects firms to make this determination according to the nature, size and complexity of the fund in question. So the larger or more complex the fund is, the more likely it would be that it would be appropriate to appoint an independent person.
- (3) Where a firm has appointed a with-profits committee to one of its with-profits funds it may also decide to appoint that with-profits committee to some or all of its other with-profits funds, even if the

firm would not have determined it appropriate to appoint a withprofits committee to those other funds when considered individually having regard to their size, nature or complexity.

Terms of reference of with-profits committee or advisory arrangement

20.5.3 R

A *firm* must ensure that the *terms of reference* contain, as a minimum, terms having the following effect:

- (1) the role of the *with-profits committee* or advisory arrangement is, as relevant, to assess, report on, and provide clear advice and, where appropriate, recommendations to the *firm's governing body* on:
 - (a) the way in which each with-profits fund is managed by the firm and, if a PPFM is required, whether this is properly reflected in the PPFM;
 - (b) if applicable, whether the *firm* is complying with the principles and practices set out in the *PPFM*;
 - (c) whether the *firm* has addressed effectively the conflicting rights and interests of *with-profits policyholders* and other *policyholders* or stakeholders including, if applicable, shareholders, in a way that is consistent with *Principle* 6 (treating customers fairly); and
 - (d) any other issues with which the firm's governing body, withprofits committee or advisory arrangement considers with-profits policyholders might reasonably expect the with-profits committee or advisory arrangements to be involved;
- (2) that the with-profits committee or advisory arrangement must:
 - (a) decide on the specific matters it will consider in order to enable it to carry out its role described in (1)(a) to (d) as appropriate to the particular circumstances of the with-profits fund(s); and
 - (b) in any event give appropriate consideration to the following nonexhaustive list of specific matters:
 - the identification of surplus and excess surplus, the merits of its distribution or retention and the proposed distribution policy;
 - (ii) how bonus rates, smoothing and, if relevant, market value reductions have been calculated and applied;
 - (iii) if relevant, the relative interests of *policyholders* with and without valuable guarantees;
 - (iv) the firm's with-profits customer communications such as annual policyholder statements and product literature and whether the with-profits committee or advisory arrangement wishes to make a statement or report to with-profits policyholders in addition to the annual report made by a firm:
 - (v) any significant changes to the risk or investment profile of the *with-profits fund* including the management of material illiquid investments and the *firm*'s obligations in relation to *strategic investments*;
 - (vi) the *firm*'s strategy for future sales supported by the assets of the *with-profits fund* and its impact on surplus;

- (vii) the impact of any management actions planned or implemented;
- (viii) relevant management information such as customer complaints data (but not necessarily information relating to individual customer complaints);
- (ix) the drafting, review, updating of and compliance with runoff plans, court schemes and similar matters;
- (x) the costs incurred in operating the with-profits fund;
- (xi) the identification and extent of the firm's with-profits funds, with particular regard to the considerations as to whether a part of the with-profits fund constitutes a separate withprofits fund in accordance with ■ COBS 20.1A.2 R (Sub-funds); and
- (xii) the use and purpose of, and terms under which, support assets are available to the with-profits fund, having regard to the considerations in ■ COBS 20.2.33 G to ■ COBS 20.2.34 G and ■ COBS 20.2.34A R.
- (3) that any person appointed as a member of the with-profits committee or as a person carrying out the advisory arrangement must have the appropriate skills, knowledge and experience to perform, or contribute to, as appropriate, the role set out in (1) and (2);
- (4) if the firm appoints a with-profits committee:
 - (a) that there must be three or more members;
 - (b) that the quorum for any meeting (or decision by written procedure) must be at least half of the number of, and no less than two, members; and
- (5) that the with-profits committee or advisory arrangement must:
 - (a) advise the governing body on the suitability of candidates proposed for appointment as the with-profits actuary; and
 - (b) assess the performance of the with-profits actuary at least annually, and report its view to the governing body of the firm.
- 20.5.4 G
- (1) The FCA expects that a with-profits committee will meet at least quarterly and ad hoc if required.
- (2) The FCA expects that, in general, a with-profits committee or advisory arrangement will work closely with the with-profits actuary, and obtain his opinion and input as appropriate.

Role of with-profits committee or advisory arrangement in the firm's governance

20.5.5

A firm must:

- (1) ensure that its governing body, in the context of its consideration of issues referred to in \square COBS 20.5.3R (1)(a) to \square (d) and \square (2)(b)(i) to \square (x):
 - (a) obtains, as relevant, assessments, reports, advice and/or recommendations of the with-profits committee or advisory arrangement, if the governing body, the with-profits committee

- or advisory arrangement considers that significant issues concerning the interests of *with-profits policyholders* need to be considered by the *firm*;
- (b) allows the *with-profits committee* or advisory arrangement sufficient time to enable it to provide fully considered input on the issues to be considered;
- (c) considers fully and gives due regard to the input of the withprofits committee or advisory arrangement when determining issues concerning the management of the with-profits funds and the interests of with-profits policyholders;
- (d) if the *governing body* decides to depart in any material way from the advice or recommendations of the *with-profits committee* or advisory arrangement, sets out fully its reasons and allows the *with-profits committee* or advisory arrangement a reasonable period to consider them and respond; and
- (e) considers any further representations from the with-profits committee or advisory arrangement and, if appropriate, sets out fully any additional reasons if it continues to depart from the with-profits committee or advisory arrangement's advice or recommendation;
- (2) provide a *with-profits committee* or advisory arrangement with sufficient resources as it may reasonably require to enable it to perform its role effectively;
- (3) notify the FCA of the decision of the governing body to depart from the advice or recommendation of the with-profits committee or advisory arrangement if the with-profits committee or advisory arrangement considers that the issue is sufficiently significant and requests of the governing body that the FCA be informed; and
- (4) consult the *with-profits actuary* on the appointment of a new member of the *with-profits committee* or of the person or persons carrying out the advisory arrangement.

20.5.6 G

- (1) COBS 20.5.5R (2) requires that a firm provides a with-profits committee or advisory arrangement with sufficient resources. A withprofits committee or advisory arrangement should be able to obtain external professional, including actuarial, advice, at the expense of the firm, if the with-profits committee or advisory arrangement considers the advice to be necessary to perform its role effectively. In a proprietary firm the with-profits committee or advisory arrangement should be able to request that the cost of the external professional advice either is not chargeable to the with-profits fund in question, or is shared with the with-profits fund, according to whether the issue under consideration is wholly or partly to the benefit of the firm rather than policyholders. A with-profits committee or advisory arrangement should also be adequately supported by the firm's own internal resources and support functions. This may include the *firm* ensuring that relevant employees, including the with-profits actuary, are made sufficiently available, and provide relevant information and input, to assist the with-profits committee in its role, as required.
- (2) If the with-profits committee or advisory arrangement wishes to make a statement or report to with-profits policyholders in addition to the

www.handbook.fca.org.uk

- annual report made by a firm, the effect of COBS 20.5.5R (2) is that a firm will need to facilitate this.
- (3) In order to comply with SYSC 3.2.20 R the FCA expects firms to keep full records of all requests of, and material produced by, the withprofits committee or advisory arrangement, and of all decisions and reasons of the governing body as described in ■ COBS 20.5.5R (1)(d) and ■ (e).
- (4) For the purposes of COBS 20.5.5R (3), the FCA expects that it will only be in exceptional circumstances that a with-profits committee or alternative arrangement will consider a departure from a recommendation or advice to be sufficiently significant to warrant its making a request of the governing body that the FCA be informed.

Assessment of independence by governing body

20.5.7 G

- (1) The FCA expects the governing body of the firm to decide whether a member of the with-profits committee or a person (other than a nonexecutive director) carrying out the advisory arrangement is independent. The FCA expects a firm's governing body to adopt the following approach and have regard to the following factors when making this assessment:
 - (a) the governing body should determine whether the person is independent in character and judgment and whether there are relationships or circumstances which are likely to affect, or could appear to affect, the person's judgment; and
 - (b) the governing body should state its reasons if it determines that a person is independent notwithstanding the existence of relationships or circumstances which may appear relevant to its determination, including if the person:
 - (i) has been an employee of the firm or group within the last five years; or
 - (ii) has, or has had within the last three years, a material business relationship with the firm either directly, or as a partner, shareholder, director or senior employee of a body that has such a relationship with the firm; or
 - (iii) has received or receives additional remuneration from the firm, participates in the firm's share option or a performancerelated pay scheme, or is a member of the firm's pension scheme: or
 - (iv) has close family ties with any of the firm's advisers, directors or senior employees; or
 - (v) has significant links with the firm's directors through involvement in other companies or bodies; or
 - (vi) represents a significant shareholder; or
 - (vii) has served on the governing body for more than nine years from the date of their first election.
- (2) If a firm appoints one or more non-executive directors to carry out the advisory arrangement, the FCA expects the governing body of the firm to be satisfied that that person or persons is or are adequately able to provide independent judgment.

Governance arrangements in relation to the PPFM

20.5.8

G

In complying with the *rule* on systems and controls in relation to compliance, financial crime and money laundering (SYSC 3.2.6 R), a *firm* should maintain governance arrangements designed to ensure that it complies with, maintains and records, any applicable *PPFM*. These arrangements should:

- (1) be appropriate to the scale, nature and complexity of the *firm's with-profits business*; and
- (2) include the approval of the firm's PPFM by its governing body.

Permitted stock lending transactions

A permitted stock lending transaction is one which, for a Solvency II firm, satisfies the requirements in ■ COBS 21.3.11 R to ■ COBS 21.3.12 R and, for an insurer which is not a Solvency II firm, satisfies ■ INSPRU 3.2.36A R to ■ INSPRU 3.2.42 G.

The specific method of *stock lending* permitted is an arrangement of the kind described in section 263B of the Taxation of Chargeable Gains Act 1992, under which the lender transfers *securities* to the borrower other than by way of *sale* and the borrower is to transfer those *securities*, or *securities* of the same type and amount, back to the lender at a later date. In accordance with good market practice, a separate transaction by way of transfer of assets is also involved for the purpose of providing *collateral* to the "lender" to cover him against the risk that the future transfer back of the *securities* may not be satisfactorily completed.

Stock lending: requirements

- 21.3.11 R
- (1) The *stock lending* arrangement is of the kind described in section 263B of the Taxation of Chargeable Gains Act 1992 (without extension by section 263C), and:
 - (a) all the terms of the agreement under which securities are to be reacquired by the *firm* for the account of the unit-linked fund are in a form which is acceptable to the *firm* and in accordance with good market practice;
 - (b) the counterparty is:
 - (i) an authorised person; or
 - (ii) a person authorised in an EEA State; or
 - (iii) a *person* registered as a broker-dealer with the Securities and Exchange Commission of the United States of America; or
 - (iv) a bank, or a branch of a bank, supervised and authorised to deal in investments as principal, with respect to OTC derivatives, by at least one of the following federal banking supervisory authorities of the United States of America:
 - (A) [deleted];
 - (B) the Federal Deposit Insurance Corporation;
 - (C) the Board of Governors of the Federal Reserve System; and
 - (D) the Office of Thrift Supervision; and
 - (c) collateral is obtained to secure the obligation of the counterparty under the terms in (a) and the collateral is:
 - (i) acceptable to the firm;
 - (ii) adequate; and
 - (iii) sufficiently immediate; and

- (d) for the purposes of property-linked assets only:
 - (i) where the *linked policyholder* bears the whole of the risk associated with the stock lending transaction, the linked policyholder receives the whole of the recompense (net of fees and expenses);
 - (ii) the extent of any risk that the linked policyholder bears in relation to the stock lending transaction is disclosed to them; and
 - (iii) where the risk associated with the stock lending transaction is borne outside the linked fund, the linked fund receives a fair and reasonable recompense for the use of the linked policyholders' funds.
- (2) The counterparty for the purpose of (1) is the person who is obliged under the agreement in (1)(a) to transfer to the firm the securities transferred by the firm under the stock lending arrangement or securities of the same kind.
- (3) COBS 21.3.11R (1)(c) does not apply to a *stock lending* transaction made through Euroclear Bank SA/NV's Securities Lending and Borrowing Programme.

Stock lending: treatment of collateral

21.3.12 R

- (1) Collateral is adequate for the purposes of this section only if it is:
 - (a) transferred to the firm or the firm's agent;
 - (b) at least equal in value, at the time of the transfer to the firm or its agent, to the value of the securities transferred by the firm;
 - (c) in the form of one or more of:
 - (i) cash:
 - (ii) a certificate of deposit;
 - (iii) a letter of credit;
 - (iv) a readily realisable security;
 - (v) commercial paper with no embedded derivative content;
 - (vi) a qualifying money market fund.
- (2) Collateral is sufficiently immediate for the purposes of this section if:
 - (a) it is transferred before or at the time of the transfer of the securities by the firm; or
 - (b) the firm takes reasonable care to determine at the time referred to in (a) that it will be transferred at the latest by the close of business on the day of the transfer.
- (3) The firm must ensure that the value of the collateral at all times is at least equal to the value of the securities transferred by the firm.
- (4) The duty in (3) may be regarded as satisfied in respect of collateral the validity of which is about to expire, or has expired, where the firm takes reasonable care to determine that sufficient collateral will

be transferred, at the latest, by the close of business on the *day* of expiry.

Permitted derivatives contracts

21.3.13 R

A permitted derivatives contract is one which:

- (1) for a Solvency II firm, is effected or issued:
 - (a) on or under the rules of a regulated market; or
 - (b) off-market with an approved counterparty; and satisfies COBS 21.3.14 G; and
- (2) for an *insurer* which is not a *Solvency II firm*, satisfies INSPRU 3.2.5 R to INSPRU 3.2.35A G with the exception of INSPRU 3.2.18 R; and
- (3) in each of (1) and (2) the provisions are applied in relation to assets covering liabilities in respect of *linked long-term* contracts of insurance.

21.3.14 G

Solvency II firms are also required to comply with the PRA Rulebook Solvency II Firms Investment and ensure that the use of *derivative* contracts is adequately covered. *Firms* are also referred to the *rules* in ■ COLL 5.3 (Derivative Exposure) in relation to the use of *derivatives* in investment funds and the further guidance from CESR and its successor body, ESMA, which represent good practice in this area.

Conditional permitted links

21.3.15 R

A conditional permitted link is any of the following property where the conditions in ■ COBS 21.3.16R are met:

- (1) conditional permitted unlisted securities;
- (2) conditional permitted immovables;
- (3) conditional permitted loans;
- (4) conditional permitted scheme interests;
- (5) conditional permitted long-term asset funds; and
- (6) (only in respect of a linked fund included in the default arrangement of a qualifying scheme) conditional permitted illiquid assets.

21.3.16 R

The conditions for the property in ■ COBS 21.3.15R to be a *conditional* permitted link are that an *insurer* must ensure, on a continuing basis, that:

- (-1) (only in respect of conditional permitted long-term asset funds to be held other than in connection with a qualifying scheme) the policyholder has received:
 - a *personal recommendation*, or investment management services, from a *firm*, as to the suitability of the investment for the *policyholder*; or
 - (b) (where the *policyholder* has not received any of the services in (a)) an assessment from a *firm* (which could be the *insurer*, and

where the circumstances are appropriate, the *firm* may rely on assessments made by another *person* on whom it is reasonable for the firm to rely) that the investment is appropriate for the policyholder in accordance with ■ COBS 21.3.16AR;

- (1) a linked policyholder is not prevented by the nature of any conditional permitted link from exercising any right under the linked long-term contract of insurance within the timeframe specified in that contract and, in any event;
 - (a) (in relation to rights to take benefits due under the contract) within a reasonable timeframe based on the needs of the linked policyholder; and
 - (b) (in relation to other rights under the contract) within a timeframe that may be reasonably necessary to allow the firm to manage the linked fund prudently and in the best interests of all relevant policyholders linked to the fund.
- (2) the investment risks of any conditional permitted links, both individually and in combination with other investments within a linked fund, are suitable and appropriate for:
 - (a) circumstances where investment risk is borne by a linked policyholder;
 - (b) the expected period to maturity of the *linked long-term contract* of insurance; and
 - (c) the purpose for which the linked policyholder holds the linked long-term contract of insurance.
- (3) (only in respect of conditional permitted illiquid assets) the linked fund investing in conditional permitted illiquid assets may only be included in the default arrangements of a qualifying scheme.

21.3.16A R

- (1) The appropriateness assessment in COBS 21.3.16R(-1)(b) must be done in accordance with the rules in either ■ COBS 10 or ■ COBS 10A.
- (2) The effect of (1) is that if the *rules* in COBS 10 or COBS 10A do not apply to a firm, the assessment the policyholder has received must be undertaken by the firm as if the rules in ■ COBS 10 or ■ COBS 10A applied.
- (3) Where (2) applies, the condition in COBS 21.3.16R(-1)(b) will be met where a *firm* has conducted the appropriateness assessment in accordance with either:
 - (a) COBS 10 as it would apply to a firm that arranges or deals in relation to a unit in a long-term asset fund; or
 - (b) COBS 10A as it would apply to a *firm* that either:
 - (i) provides investment services in relation to a unit in a longterm asset fund; or
 - (ii) carries on insurance distribution in relation to an insurancebased investment product (taking into account the guidance in ■ COBS 10A 2.12G as if it referred to investment in conditional permitted long-term asset funds), and

the firm must apply the set of rules in either (a), (b)(i) or (b)(ii)) which are the most:

- (c) consistent with the firm's understanding and experience; and
- (d) appropriate for the policyholder.
- (4) The appropriateness assessment must ensure (but is not limited to ensuring) that the total exposure the *policyholder* has or would have to *conditional permitted long-term asset funds*, at the point the investment is made and based on expected contributions at the time, is not greater than 10% of:
 - (a) (in relation to a *policy* held by an individual *policyholder* who is a natural person) the person's exposure to *permitted links* in the *policy*;
 - (b) (other than in (a) and (c) and where the investment risk is borne by a *policyholder* who is a natural person) that natural person's individual exposure to *permitted links* in the *policy*; or
 - (c) (where the *policy* is used by the holder of the *policy* for the purposes of providing benefits under a pension scheme, other than a *qualifying scheme*, and the investment risk is borne by a member of the scheme who is a *policyholder* and a natural person), the value of that natural person's benefits under the pension scheme.

21.3.16B G

- (1) Where a firm carries out insurance distribution in relation to an insurance-based investment product that includes investment in a conditional permitted long-term asset fund, the appropriateness requirement in COBS 10A will apply to that firm in any event. Therefore, COBS 21.3.16AR(2) will not be relevant to that activity.
- (2) Where the rules in ■COBS 10 or ■COBS 10A do not apply, the *firm* undertaking the appropriateness assessment will have the option of electing which *rules* would be most appropriate to follow. The purpose of this is to allow for *firms* to carry out the appropriateness assessment under the *rules* with which they may be most familiar for example where they are involved with the distribution of *units* in *long-term asset fund* or where the *firm* already has processes in place to meet ■COBS 10A in relation to *insurance-based investment products*. However, this flexibility will need to be exercised in a way that maintains adequate protection for *policyholders* wanting to invest in *conditional permitted long-term asset funds*.
- (3) Where a *firm* is subject to the *rules* in COBS 10A when providing *investment services* in relation to *units* in a *long-term asset fund* it should not elect to comply with the *rules* in COBS 21.3.16AR(3)(a) or (b)(ii) unless it can demonstrate why applying those *rules* was appropriate for the *policyholder*.
- (4) Where the *policy* is used for the purposes of a pension arrangement (for example an *occupational pension scheme* where the trustees include investment in a *long-term contract of insurance*) under which there is more than one *policyholder*, the assessment in COBS 21.3.16AR(4)(c), should consider the total individual exposure that any relevant *policyholder* (who is a natural person and bears the investment risk) has to *conditional permitted long-term asset funds* in that pension scheme, compared to the total value of the benefits that person has under their individual arrangement in the pension scheme.

21.3.16C G

For ■ COBS 21.3.16R(-1)(b) it would be reasonable for an *insurer* to rely on assessments carried out by a person who is not a firm where:

- (1) this is properly done by or for an occupational pension scheme trustee or otherwise where the person has a legal responsibility to the policyholder who is a natural person to assess appropriateness;
- (2) the *insurer* has the necessary systems and controls to determine how the assessment assists the *insurer* to comply with ■ COBS 21.3.16AR; and
- (3) where there is not another firm that has (or could) carry out an appropriateness assessment that the firm is able to rely on.

21.3.17 G

(1) Rights under a linked long-term contract of insurance which may be relevant for the purposes of ■ COBS 21.3.16R(1) would include a *linked* policyholder's right to:

> change the property to which the benefits of the linked longterm contract of insurance are linked;

take benefits due under the linked long-term contract of insurance. Benefits due are those which the contract envisages will be paid at a particular date or on the occurrence of a particular event; or

withdraw early or transfer the proceeds of, or benefits under, the linked *long-term* contract of insurance. Early withdrawal refers to withdrawals prior to the time or event for paying benefits due that is specifically envisaged in the contract.

- (2) A firm will have to pay benefits due under a linked long-term contract of insurance (for example on death or maturity) as specified in the contract. A firm is not permitted to specify in the contract that it can defer the payment of any such benefits as, in any event, benefit payments have to be made within a reasonable period based on the needs of the policyholder.
- (3) A linked long-term contract of insurance may provide that the policyholder's right to exercise rights under (1)(a) or (1)(c) is deferred for as long as may be reasonably necessary to allow the firm to ensure that a linked fund can be managed in a manner that is prudent and in the best interests of all relevant policyholders linked to the fund. The firm will need to ensure that it explains clearly to a policyholder the impact of any such provision on the policyholder's rights to withdraw early, switch or transfer.

G 21.3.18

The assessment in ■ COBS 21.3.16R(2), in relation to a *linked fund* which is included in a default or similar arrangement for a pension scheme, would include ongoing consideration of:

- (1) whether the investment risks of any conditional permitted links remain suitable and appropriate for a particular cohort of linked policyholders, including as that cohort moves toward retirement; and
- (2) where the linked fund contains conditional permitted long-term asset funds or conditional permitted illiquid assets, the total exposure of the default arrangement to those investments.

COBS 21/12

- The assessment in ■COBS 21.3.16R(2), in relation to a *linked fund* which is included in an individual pension arrangement under a *qualifying scheme* in circumstances where the member self-selects the *linked assets*, must include ensuring that the total exposure of that individual pension arrangement to *conditional permitted long-term asset funds* is not greater than the higher
 - (1) the exposure to conditional permitted long-term asset funds and/or conditional permitted illiquid assets which would be considered suitable and appropriate if that member were invested only in the qualifying scheme's default arrangement; or
 - (2) 10% of the total value of the benefits in that individual pension arrangement under the *qualifying scheme*.

G

- (1) The assessment of the thresholds in COBS 21.3.16AR(4) and COBS 21.3.18AR should consider whether these are or would be exceeded at the point of the proposed investment being made (including the effect of any ongoing contributions as part of that investment).
- (2) Before the *policyholder* makes any further investment in *conditional* permitted long-term asset funds there will need to be an assessment of whether the conditions in COBS 21.3.16R, including the thresholds in COBS 21.3.16AR(4) and COBS 21.3.18AR, will continue to be met (including in relation to ongoing monthly contributions where the thresholds could be breached).
- (3) An *insurer* should consider how to meet the obligation in COBS 21.3.16R for the conditions to be met on a 'continuing basis' and also its obligations under wider *rules* including the *Principles*. Whilst the condition in COBS 21.3.16R(-1) would apply at the point the particular investment is being made including taking account of any ongoing contributions as part of that investment (rather than on a continuing basis), the *insurer* should have appropriate arrangements in place to identify whether a *policyholder's* investment exposure has become, or risks becoming, materially inconsistent with the thresholds in COBS 21.3.16AR(4) or COBS 21.3.18AR. Where this has occurred the *insurer* should take appropriate action for example communicating with the *policyholder* about this risk and their options.

Conditional permitted links: requirements

21.3.19

Where a *linked fund* is invested in any *conditional permitted link*, no more than 35% of the gross assets of the *linked fund*, when aggregated together, can be invested in:

- (1) permitted scheme interests in (b)(v) of the Glossary definition of that term: and
- (2) conditional permitted links.

21.3.19A R

The gross assets that a linked fund invests in conditional permitted long-term asset funds (when included in a qualifying scheme) or conditional permitted illiquid assets (when included in the default arrangement of a qualifying

scheme) must not be included in any part of the calculation when working out whether the limit set out in COBS 21.3.19R has been exceeded.

21.3.20

R

Where a linked fund is invested in any conditional permitted link, the information that a firm must give a linked policyholder under ■ COBS 21.2.4R must also prominently include, clearly and in language capable of being understood by a linked policyholder:

- (1) an explanation of the risks associated with any conditional permitted links and/or gross assets in permitted scheme interests in (b)(v) of the Glossary definition of that term exceeding 20%, how these might crystallise and how they might impact on a linked policyholder;
- (2) a description of the tools and arrangements which the insurer would propose using, including those required by FCA rules, to mitigate the risks in (1);
- (3) an explanation of the circumstances in which these tools and arrangements would typically be deployed and the likely consequences for linked policyholders; and
- (4) an explanation of the possible impact on the policyholder of any provision in a linked long-term contract of insurance permitted under this section which allows for the deferral of the exercise of any rights under the contract.

COBS 22/1

Restrictions on the distribution of certain complex investment products

■ Release 42 • Dec 2024 www.handbook.fca.org.uk

Restrictions on the retail 22.2 distribution of mutual society shares

22.2.1

- (1) The requirements in this section apply to a firm when dealing in or arranging a deal in a mutual society share with or for a retail client in the United Kingdom where the retail client is to enter into the deal as buyer.
- (2) The requirements in this section do not apply if:
 - (a) the firm has taken reasonable steps to ensure that one (or more) of the exemptions in ■ COBS 22.2.4R applies; or the deal relates to the trading of a mutual society share in the secondary market.

In this section, a retail client of the firm includes a person who would be a retail client if he were receiving services in the course of the firm carrying on a regulated activity.

G 22.2.1A

■ COBS 22.2 does not apply in relation to deferred shares issued by a credit union. Firms are reminded that ■ CREDS 3A contains requirements regarding the retail distribution of these shares.

Risk warning requirement

22.2.2 R

The firm must give the retail client the following risk warning on paper or another durable medium and obtain confirmation in writing from the retail client that he has read it, in good time before the retail client has committed to buy the mutual society share:

"The investment to which this communication relates is a share. Direct investment in shares can be high risk and is very different to investment in deposit accounts or other savings products. In particular, you should note that:

- () the entire amount you invest is at risk;
- () income, distribution or dividend payments are not guaranteed, are entirely discretionary, and may be suspended or cancelled at any time, for any reason;
- () the share is a perpetual instrument with no maturity date, and there is no obligation on the issuer to buy the share back;
- () the share may be difficult to sell on for the price you paid for it, or any price; and
- () investing more than 10% of your savings or net investment portfolio in this type of instrument is unlikely to be in your best interests."

COBS 22/2

Further requirements for non-advised, non-MiFID sales

22.2.3

R

- (1) The requirements in (2) and (3) must be met if:
 - (a) the *firm* is not providing an *investment service* in the course of *MiFID* or equivalent third country business; and
 - (b) the *retail client* is not otherwise receiving a *personal* recommendation on the mutual society share from the firm or another *person*.
- (2) The *firm* must give the *retail client* the following statement on paper or another *durable medium* and obtain confirmation in writing from the *retail client* that he or she has signed it, in good time before the *retail client* has committed to *buy* the *mutual society share*:

"I make this statement in connection with proposed investment in mutual society shares. I have been made aware that investing more than 10% of my net assets in mutual society shares is unlikely to be in my best interests. I declare that the proposed investment would not result in more than 10% of my net assets being invested in mutual society shares. Net assets for these purposes mean my financial assets after deduction of any debts I have, and do not include:

- (a) the property which is my primary residence, any amount owed under a mortgage relating to the purchase of that property, or any money raised through a loan secured on that property;
- (b) any rights of mine under a qualifying contract of insurance (for example, a life assurance or critical illness policy);
- (c) any benefits (in the form of pensions or otherwise) which are payable on the termination of my service or on my death or retirement and to which I am (or my dependants are) or may be entitled; or
- (d) any withdrawals from my pension savings (except where the withdrawals are used directly for income in retirement).

I accept that the investment to which this statement relates will expose me to a significant risk of losing all the money invested.

Signature:

Date: "

(3) The *firm* must assess whether investment in the *mutual society share* is appropriate for the *retail client*, complying with the requirements in ■ COBS 10 as though the *firm* was providing non-advised *investment services* in the course of *MiFID* or equivalent third country business.

22.2.4 R

R

- (1) For the purposes of any assessments or certifications required by the exemptions in ■ COBS 22.2.4R, any references in ■ COBS 4.12B provisions to non-mass market investments must be read as though they are references to mutual society shares.

(2) The *firm* must give the *retail client* a written copy of any risk warning or statement that individual has been asked to sign for the purposes of compliance with this section.

Record keeping

22.2.6 R

A *firm* which carries on an activity which is subject to this section must comply with the following record-keeping requirements:

- (1) the *person* allocated the *compliance oversight function* in the *firm* must make a record at or near the time of the activity certifying it complies with the requirements set out in this section;
- (2) the making of the record required in (1) may be delegated to one or more *employees* of the *firm* who report to and are supervised by the *person* allocated the *compliance oversight function*, provided the process for certification of compliance has been reviewed and approved by the *person* allocated the *compliance oversight function* no more than 12 months before the date of the *deal*;
- (3) the record in (1) must include information and evidence demonstrating compliance with each of the requirements in this section, as applicable;
- (4) if the requirements in COBS 22.2.2R and COBS 22.2.3R did not apply because the *firm* relied on one of the exemptions, the record in (1) must include which exemption was relied on, together with the reason why the *firm* is satisfied that that exemption applies;
- (5) where the firm relies on the certified high net worth investor, the certified sophisticated investor or the self-certified sophisticated investor exemption, the record required in (1) must include a copy of the certificate or investor statement (as signed by the investor) and of the warnings or indications required by the exemption;
- (6) a *firm* must retain the record required in (1) for five years if it relates to *MiFID* or *equivalent third country business*, and otherwise for three years.

Electronic documents

22.2.7 R

In this section:

- (1) any requirement that a document is signed may be satisfied by an electronic signature or electronic evidence of assent; and
- (2) any references to writing should be construed in accordance with

 GEN 2.2.14R and its related *quidance* provisions.

Restrictions on the retail 22.3 distribution of contingent convertible instruments and CoCo funds

Restrictions

22.3.1 R

- (1) The restrictions in this section apply in relation to the following
 - (a) a contingent convertible instrument; or
 - (b) a security issued by a CoCo fund; or
 - (c) a beneficial interest in either of (a) or (b).
- (2) A firm must not:
 - (a) sell an investment to a retail client in the United Kingdom; or
 - (b) communicate or approve an invitation or inducement to participate in, acquire or underwrite an *investment* where that invitation or inducement is addressed to or disseminated in such a way that it is likely to be received by a retail client in the United Kingdom.
- (3) The restrictions do not apply if the firm has taken reasonable steps to ensure that one (or more) of the exemptions in ■ COBS 22.3.2R applies.
- (4) In this section a retail client includes a person who would be a retail client if he were receiving services from the firm in the course of the firm carrying on a regulated activity.

22.3.2

Each of the exemptions listed below applies only if the retail client is of the type described for the exemption and provided any additional conditions for the exemption are met.

Adaptation of other rules and guidance to contingent convertible instruments and CoCo funds

22.3.3 R

- (1) For the purposes of any assessments or certifications required by the exemptions in COBS 22.3.2R, any references in COBS 4.12B provisions to non-mass market investments must be read as though they are references to contingent convertible instruments or CoCo funds, as relevant.
- (2) [deleted]
- (3) The *firm* must give the *retail client* a written copy of any statements that individual has been asked to sign as part of certification as a high net worth, sophisticated or *self-certified sophisticated investor* for the purposes of compliance with this section.

22.3.4 G

A firm wishing to certify a retail client as a sophisticated investor for the purposes of this section should note that, in the FCA's view, it is likely that the only retail clients with the requisite sophistication in relation to contingent convertible instruments or CoCo funds are those with significant experience with investment in multiple types of complex financial instruments and who have sufficient understanding of how credit institutions are run, including risks to the ability of those institutions to meet prudential requirements on an ongoing basis.

Record keeping

22.3.5 R

A *firm* which carries on an activity which is subject to this section must comply with the following record-keeping requirements:

- (1) the *person* allocated the *compliance oversight function* in the *firm* must make a record at or near the time of the activity certifying it complies with the restrictions set out in this section;
- (2) the making of the record required in (1) may be delegated to one or more *employees* of the *firm* who report to, and are supervised by, the *person* allocated the *compliance oversight function*, provided the process for certification of compliance has been reviewed and approved by the *person* allocated the *compliance oversight function* no more than 12 months before the date of the sale or communication or approval of the invitation or inducement;
- (3) when making the record required in (1), the *firm* must make a record of which exemption was relied on for the purposes of the activity within the scope of this section, together with the reason why the *firm* is satisfied that that exemption applies;
- (4) where the firm relies on the certified high net worth investor, the certified sophisticated investor or the self-certified sophisticated investor exemption, the record in (1) must include a copy of the certificate or investor statement (as signed by the investor) and of the warnings or indications required by the exemption, as applicable;
- (5) a *firm* must retain the record required in (1) for five years if it relates to *MiFID* or *equivalent third country business*, and otherwise for three years.

22.3.6 To the extent the requirements in ■ COBS 22.3.5R apply to the communication or approval of any invitation or inducement, such requirements are in addition to those set out in ■ COBS 4.11.

22.4 Prohibition on the retail marketing, distribution and sale of derivative contracts of a binary or other fixed outcomes nature

Application

- 22.4.1 R | This section applies to:
 - (1) MiFID investment firms, with the exception of collective portfolio management investment firms; and

in relation to the marketing, distribution or sale of *investments* specified in articles 85(4A) and 85(4B) of the *Regulated Activities Order* in or from the *United Kingdom* to a *retail client*.

- **22.4.2** G Firms are reminded that the Glossary definition of MiFID investment firm includes CRD credit institutions when those institutions are providing an investment service or activity.
- **22.4.2A** G Persons (including unauthorised persons) who benefit from a temporary exemption or exclusion from the general prohibition under:
 - (1) Part 7 of the EU Exit Passport Regulations; or
 - (2) Part 4 of the Electronic Commerce and Solvency 2 (Amendment etc.) (EU Exit) Regulations 2019 (SI 2019/1361)

are required to comply with the *rules* in this section as a consequence of:

- (3) regulation 59 of the EU Exit Passport Regulations; or
- (4) regulation 19 of the Electronic Commerce and Solvency 2 (Amendment etc.) (EU Exit) Regulations 2019.
- **22.4.3** G For the avoidance of doubt, in COBS 22.4.1R, "marketing" includes communicating and/or approving financial promotions, and "distribution or sale" includes dealing in relation to investments specified in articles 85(4A) and 85(4B) of the Regulated Activities Order.

.....

Prohibitions

22.4.4

- (1) A firm must not:
 - (a) sell an investment specified in articles 85(4A) and 85(4B) of the Regulated Activities Order to a retail client; or
 - (b) distribute an investment specified in articles 85(4A) and 85(4B) of the Regulated Activities Order to a retail client; or
 - (c) market an investment specified in articles 85(4A) and 85(4B) of the Regulated Activities Order if the marketing is addressed to or disseminated in such a way that it is likely to be received by a retail client.
- (2) "Marketing" includes, but is not limited to, communicating and/or approving financial promotions.

22.5 Restrictions on the retail marketing, distribution and sale of contracts for differences and similar speculative investments

22.5.6 R

- (1) Subject to COBS 22.5.7R and COBS 22.5.7AR, a firm must not:
 - (a) market, publish, provide or communicate in any other way any communication or information in a durable medium or on a webpage or website to a retail client, or in such a way that it is likely to be received by a retail client;
 - (b) approve or communicate a financial promotion in a durable medium or on a webpage or website; or
 - (c) disseminate such a communication, information or financial promotion to a retail client, or in such a way that it is likely to be received by a retail client,

unless the firm includes one of the following risk warnings, as appropriate.

- (1A) Subject to 1B, if a firm markets, distributes or sells:
 - (a) leveraged contracts for differences;
 - (b) leveraged spread bets; or
 - (c) leveraged rolling spot forex contracts,

the firm must include the following risk warning:

"CFDs are complex instruments and come with a high risk of losing money rapidly due to leverage.

[insert percentage per provider]% of retail investor accounts lose money when trading CFDs with this provider.

You should consider whether you understand how CFDs work and whether you can afford to take the high risk of losing your money."

If a firm markets, distributes or sells:

restricted options; and

one or more of the following:

leveraged contracts for differences;

leveraged spread bets; or

leveraged rolling spot forex contracts,

the firm must include the following risk warning:

"CFDs and restricted options are complex instruments and come with a high risk of losing money rapidly due to leverage.

If a *firm* markets, distributes or sells *restricted options* but does not market, distribute or sell leveraged *contracts for differences*, leveraged *spread bets* or leveraged *rolling spot forex contracts*, the *firm* must include the following risk warning:

"Restricted options are complex instruments and come with a high risk of losing money rapidly due to leverage.

[insert percentage per provider]% of retail investor accounts lose money when trading restricted options with this provider.

You should consider whether you understand how restricted options work and whether you can afford to take the high risk of losing your money."

- (2) The risk warning must be modified as necessary to refer to the percentage of *retail client* accounts that lost *money* relevant to the *firm*.
- (3) The *firm's* disclosure of the percentage of *retail client* accounts that lost *money* must include an up-to-date percentage based on a calculation of the percentage of *retail client* accounts held with the *firm* that lost *money*.
- (4) The calculation in (3) must be performed every three *months* and cover the 12-*month* period preceding the date of the calculation.
- (5) For the purposes of the calculation in (3), an individual *retail client* account must be considered to have lost *money* if the sum of all realised and unrealised net profits on *restricted speculative investments* traded in that *retail client's* account during the 12-*month* calculation period is below zero.
- (6) The calculation in (3) must include all costs, fees, *commissions* and any other charges.
- (7) The calculation in (3) must not include:
 - (a) a *retail client* account that did not have an open *restricted* speculative investment connected to it within the calculation period:
 - (b) any profits or losses from investments other than restricted speculative investments;

- (c) any deposits of funds; or
- (d) any withdrawals of funds.
- (8) The firm must retain records of the retail client accounts used for these calculations for five years.
- (9) Where the retail client has not approached the firm through a website or mobile application, the risk warning must be provided in a *durable* medium in good time before the firm carries on any business for the retail client.
- (10) Where the communication, information or financial promotion referred to in ■ COBS 22.5.6R(1) is in a medium other than a durable medium, website or webpage, firms must include one of the following risk warnings, as appropriate.
- (10A) Subject to 10B, if a firm markets, distributes or sells:
 - (a) leveraged contracts for differences;
 - (b) leveraged spread bets; or
 - (c) leveraged rolling spot forex contracts,

the firm must include the following risk warning:

"[insert percentage per provider]% of retail investor accounts lose money when trading CFDs with this provider.

You should consider whether you can afford to take the high risk of losing your money."

- (10B) If a firm markets, distributes or sells:
 - (a) restricted options; and
 - (b) one or more of the following:
 - (i) leveraged contracts for difference;
 - (ii) leveraged spread bets; or
 - (iii) leveraged rolling spot forex contracts,

> "[insert percentage per provider]% of retail investor accounts lose money when trading restricted options with this provider.

> You should consider whether you can afford to take the high risk of losing your money."

(11) For the purposes of ■ COBS 22.5.6R(10), if the number of characters contained in that risk warning exceeds the character limit permitted

by a third party marketing provider, the following risk warning must be used:

[insert percentage per provider]% of retail CFD accounts lose money."

(12) Where the risk warning in ■ COBS 22.5.6R(11) is used, the *firm* must ensure that the risk warning is accompanied by a direct link to the *firm's* webpage which contains the risk warning in ■ COBS 22.5.6R.

22.5.7 R

- (1) This rule applies when:
 - (a) a *firm* is required to perform the calculation of percentage of loss for the purposes of the risk warning and the *firm* has not entered into a single trade involving a *restricted speculative investment* with a *retail client* in the previous 12 *months*; and
 - (b) the *firm's* communication, information or *financial promotion* is provided in a *durable medium*, website or webpage.
 - (c) [deleted]

The *firm* must use one of the following risk warnings as appropriate for the purposes of ■ COBS 22.5.6R:

- (a) If a firm markets, distributes or sells:
 - (i) leveraged contracts for differences;
 - (ii) leveraged spread bets; or
 - (iii) leveraged rolling spot forex contracts,

the firm must use the following risk warning:

The vast majority of retail client accounts lose money when trading in CFDs.

You should consider whether you can afford to take the high risk of losing your money."

- (b) If a firm markets, distributes or sells:

"CFDs and restricted options are complex instruments and come with a high risk of losing money rapidly due to leverage.

The vast majority of retail client accounts lose money when trading in CFDs and restricted options.

You should consider whether you can afford to take the high risk of losing your money."

(c) If a *firm* markets, distributes or sells *restricted options* but does not market, distribute or sell leveraged *contracts for differences*, leveraged *spread bets* or leveraged *rolling spot forex contracts*, the *firm* must use the following risk warning:

R

"Restricted options are complex instruments and come with a high risk of losing money rapidly due to leverage.

The vast majority of retail client accounts lose money when trading in restricted options.

You should consider whether you can afford to take the high risk of losing your money."

22.5.7A

- (1) This rule applies when:
 - (a) a firm is required to perform the calculation of percentage of loss for the purposes of the risk warning and the firm has not entered into a single trade involving a restricted speculative investment with a retail client in the previous 12 months; and
 - (b) the firm's communication, information or financial promotion is in a medium other than a durable medium, website or webpage.
- (2) The firm must use one of the following risk warnings as appropriate for the purposes of ■ COBS 22.5.6R:
 - (a) If a firm markets, distributes or sells:
 - (i) leveraged contracts for differences;
 - (ii) leveraged spread bets; or
 - (iii) or leveraged rolling spot forex contracts,

the firm must use the following risk warning:

"The vast majority of retail client accounts lose money when trading in CFDs.

You should consider whether you can afford to take the high risk of losing your money."

- (b) If a firm markets, distributes or sells:
 - (i) restricted options; and
 - (ii) leveraged contracts for differences;
 - (iii) leveraged spread bets; or
 - (iv) leveraged rolling spot forex contracts,

the firm must use the following risk warning:

"The vast majority of retail client accounts lose money when trading in CFDs and restricted options.

You should consider whether you can afford to take the high risk of losing your money."

(c) If a firm markets, distributes or sells restricted options but does not market, distribute or sell leveraged contracts for differences, leveraged spread bets or leveraged rolling spot forex contracts, the firm must use the following risk warning:

"The vast majority of retail client accounts lose money when trading in restricted options.

You should consider whether you can afford to take the high risk of losing your money."

(d) Where the number of characters contained in the risk warnings in this rule exceeds the character limit permitted by a third party marketing provider, the following risk warning must be used:

"CFD-retail client accounts generally lose money."

22.5.8 R

The relevant risk warning in ■ COBS 22.5.6R or ■ COBS 22.5.7R must be:

- (1) prominent;
- (2) contained within its own border and with bold and unbold text as indicated;
- (3) if provided on a website or via a mobile application, statically fixed and visible at the top of the screen even when the *retail client* scrolls up or down the webpage; and
- (4) if provided on a website, included on each linked webpage on the website.

22.5.9 G

The relevant risk warning, including the font size, should be:

- (1) proportionate, taking into account the content, size and orientation of the marketing material as a whole; and
- (2) published against a neutral background.

Margin requirements for retail clients

22.5.10 R

A firm must not open a position in relation to a restricted speculative investment for a retail client unless the margin posted to open the position is in the form of money.

22.5.11 R

A *firm* must require a *retail client* to post *margin* to open a position of at least the following amounts:

- (1) 3.33% of the value of the exposure that the trade provides when the underlying asset is a major foreign exchange pair or relevant sovereign debt;
- (2) 5% of the value of the exposure that the trade provides when the underlying asset is a *major stock market index*, *minor foreign exchange pair* or gold;
- (3) 10% of the value of the exposure that the trade provides when the underlying asset is a *minor stock market index* or a *commodity* other than gold; or
- (4) [deleted]
- (5) 20% of the value of the exposure that the trade provides when the underlying asset is a *share* or an asset not otherwise listed in COBS 22.5.11R(1) to (4) above.

22.5.12 G

For the purposes of ■ COBS 22.5.11R, "exposure" means the total value of the exposure that the *restricted speculative investment* provides. Examples are set out below.

(1) A firm offers a restricted speculative investment when the underlying asset is a 5 x leveraged index on gold. The value of the index is £800.

The value of the exposure that the trade provides is therefore £800 x 5, or £4000; or

(2) a firm offers a contract for differences where the underlying asset is a restricted option that references the FTSE 100. For this contract for differences, the value of the exposure that the trade provides is equal to the value of the underlying asset of the restricted option. For pricing the restricted option, the firm offers £1 of exposure for each point of the FTSE 100. Under these terms, if the retail client buys the contract for differences on a restricted option when the FTSE 100 is trading at 7070, the value of the exposure that the trade provides is £7070 (i.e. 7070 x £1).

Margin close out requirements for retail clients

22.5.13

- (1) A firm must ensure a retail client's net equity in an account used to trade restricted speculative investments does not fall below 50% of the *margin* requirement (as outlined in ■ COBS 22.5.11R) required to maintain the retail client's open positions.
- (2) Where a retail client's net equity falls below 50% of the margin requirement, the firm must close the retail client's open position(s) on restricted speculative investments as soon as market conditions allow.
- (3) In this rule, "net equity" means the sum of the retail client's net profit and loss on their open position(s) and the retail client's deposited margin.

22.5.14

A firm must not maintain an open position in relation to a restricted speculative investment for a retail client unless the margin posted to maintain the open position is in the form of money.

22.5.15

A firm must provide to a retail client a clear description in a durable medium or make available on a website (where that does not constitute a durable medium) that meets the website conditions of how the retail client's margin close out level will be calculated and triggered:

- (1) in good time before the retail client opens their first position; and
- (2) in good time before any change to the terms and conditions applicable to the retail client takes effect.

22.5.16

Firms are reminded that they must comply with ■ COBS 2.1.1R (the client's best interests rule) and ■ COBS 11.2A.2R (obligation to execute orders on terms most favourable to the client) when:

- (1) making a margin call to a retail client; or
- (2) exercising a discretionary right to close a retail client's position; or
- (3) closing a retail client's position(s).

Negative balance protection

- The liability of a retail client for all restricted speculative investments connected to the retail client's account is limited to the funds in that account.
- **22.5.18** G COBS 22.5.17R means that a *retail client* cannot lose more than the funds specifically dedicated to trading *restricted speculative investments*.
- **22.5.19** G For the purposes of ■COBS 22.5.17R, funds in a *retail client's* account are limited to the *cash* in the account and unrealised net profits from open positions. "Unrealised net profits from open positions" means the sum of unrealised gains and losses of all open positions recorded in the account. Any funds or other assets in the *retail client's* account for purposes other than trading *restricted speculative investments* should be disregarded.

Restrictions on monetary incentives and non-monetary incentives

- A firm must not offer to a retail client, or provide a retail client with, any of the following when marketing, distributing or selling a restricted speculative investment:
 - (1) a monetary incentive; or
 - (2) a non-monetary incentive.
- **22.5.21 G** For the purposes of COBS 22.5.20R:
 - (1) monetary incentives include, but are not limited to, the offering of bonuses in relation to the opening of a new account or the offering of rebates on fees (including volume-based rebates);
 - (2) lower fees offered to all *retail clients* do not constitute a monetary incentive; and
 - (3) information and research tools do not constitute non-monetary incentives.

Other products

- 22.5.22 G Firms that market, distribute or sell derivatives with similar features to restricted speculative investments (particularly where the derivatives are leveraged) to retail clients, should have particular regard to how they comply with applicable obligations found elsewhere in the FCA Handbook, including, where relevant:
 - (1) COBS 2.1.1R (The client's best interests rule);
 - (2) COBS 4.2.1R (The fair, clear and not misleading rule);
 - (3) COBS 9A (Suitability (MiFID and insurance-based investment products provisions));
 - (4) COBS 10A (Appropriateness (for non-advised services) (MiFID and insurance-based investment products provisions));

- (5) PRIN, particularly principles 1, 2 and 6; and
- (6) PROD 3 (Product governance: MiFID).

22.6 Prohibition on the retail marketing, distribution and sale of cryptoasset derivatives and cryptoasset exchange traded notes

Application

- 22.6.1 R
- This section applies to:
 - (1) MiFID investment firms, with the exception of collective portfolio management investment firms;
 - (2) branches of third country investment firms
 - (3) MiFID optional exemption firms; and
 - (4) TP firms which are EEA MiFID investment firms with the exception of collective portfolio management investment firms,

in relation to the marketing, distribution or sale of *cryptoasset derivatives* and *cryptoasset exchange traded notes* in or from the *United Kingdom* to a *retail client*.

22.6.2 G

In addition to the *persons* listed above, *persons* (including *unauthorised persons*) who benefit from a temporary exemption or exclusion from the *general prohibition* under:

- (1) Part 7 of the EU Exit Passport Regulations; or
- (2) Part 4 of the Electronic Commerce and Solvency 2 (Amendment etc.) (EU Exit) Regulations 2019 (SI 2019/1361)

are required to comply with the *rules* in this section as a consequence of:

- (3) regulation 59 of the EU Exit Passport Regulations; or
- (4) regulation 19 of the Electronic Commerce and Solvency 2 (Amendment etc.) (EU Exit) Regulations 2019.
- 22.6.3 G

Firms and TP firms are reminded that the Glossary definition of MiFID investment firm includes CRD credit institutions when those institutions are providing an investment service or activity.

22.6.4 For the avoidance of doubt, in ■ COBS 22.6.1R, "marketing" includes communicating and/or approving financial promotions, and "distribution or sale" includes dealing in relation to cryptoasset derivatives and cryptoasset exchange traded notes.

Prohibitions

22.6.5

R

- (1) A firm or TP firm must not:
 - (a) sell a cryptoasset derivative or a cryptoasset exchange traded note to a retail client; or
 - (b) distribute a cryptoasset derivative or a cryptoasset exchange traded note to a retail client; or
 - (c) market a cryptoasset derivative or a cryptoasset exchange traded note if the marketing is addressed to or disseminated in such a way that it is likely to be received by a retail client.
- (2) "Marketing" includes, but is not limited to, communicating and/or approving financial promotions.

COBS TP 1 Transitional Provisions relating to Client Categorisation

	Material to which the transitional provision applies		Transitional provision	Transitional provision: dates in force	Handbook provisions: coming into force
			Overview of transitional provisions for client categorisation		
1.1	COBS 3	G	(1) COBS TP 1.2 contains default transitional categorisation provisions in relation to the existing clients of a firm on 1 November 2007. In many cases, they allow a client to be automatically provided with the nearest equivalent categorisation under COBS 3 to their previous categorisation. (2) COBS TP 1.3 explains how the transitional provisions for client categorisation relate to the requirement for a firm to act if it becomes aware that an elective professional client no longer satisfies the initial conditions for its categorisation. (3) The default provisions do not prevent a firm categorising such a client differently in accordance with COBS 3. COBS TP 1.4 provides guidance on how some of the procedural requirements in COBS 3 apply in some such cases. (4) COBS TP 1.5 contains transitional notification obligations, which apply if the default provisions do not allow that client to be provided with the nearest equivalent categorisation or a firm chooses not to take advantage of those provisions in relation to a client. (5) COBS TP 1.6 contains a transitional notification obligation that applies to a firm that, in relation to MiFID or equivalent third country business, takes advantage of the default transitional categorisation provisions in relation to client. (6) COBS TP 1.9 contains transitional categorisation provisions in relation to clients of a firm that are taken on between 1 November 2007 and 30 June 2008 in relation to business that is not MiFID or equivalent third country	From 1 Nov- ember 2007 indefinitely	1 November 2007

			Categorisation of existing clients		
1.2	COBS 3	R	(1) An existing client that was correctly categorised as a private customer immediately before 1 November 2007 is a retail client unless and to the extent it is given a different categorisation by the firm under COBS 3. (2) An existing client that was correctly categorised as an intermediate customer immediately before 1 November 2007: (a) is an elective professional client if it was an expert private customer that had been re-classified as an intermediate customer on the basis of its experience and understanding; or (b) is otherwise a per se professional client; unless and to the extent it is given a different categorisation by the firm under COBS 3. (3) An existing client that was correctly categorised as a market counterparty immediately before 1 November 2007 is: (a) for eligible counterparty business that is not MiFID or equivalent third country business, an eligible counterparty; and (b) otherwise, a per se professional client; unless and to the extent it is given	From 1 Nov- ember 2007 to 2 January 2018	1 November 2007

			(3) If a firm does not categorise a client that was a market counterparty immediately before 1 November 2007 as an eligible counterparty, it must notify that client of its categorisation as a retail client or professional client on or before that date, or if later, before conducting any further business to which COBS applies for that client.		
1.6	COBS 3	R	[Note: article 28(1) of the MiFID implementing Directive] If a firm, in relation to MiFID or equivalent third country business, categorises a client who would not otherwise have been a professional client as a professional client under COBS TP 1.2(2)(b) or (3)(b), it must inform that client about the relevant conditions for the categorisation of clients. Schedule 5 Rights of action for damages

Sch 5.1 G

The table below sets out the *rules* in *COBS* contravention of which by an *authorised person* may be actionable under section 138D of the *Act* (Actions for damages) by a *person* who suffers loss as a result of the contravention.

Sch 5.2 G

If a "Yes" appears in the column headed "For private person?", the *rule* may be actionable by a "*private person*" under section 138D (or, in certain circumstances, his fiduciary or representative; see article 6(2) and (3)(c) of the Financial Services and Markets Act 2000 (Rights of Action) Regulations 2001 (SI 2001/2256)). A "Yes" in the column headed "Removed" indicates that the *FCA* has removed the right of action under section 150(2) of the *Act*. If so, a reference to the *rule* in which it is removed is also given.

Sch 5.3 G

The column headed "For other person?" indicates whether the *rule* may be actionable by a *person* other than a *private person* (or his fiduciary or representative) under article 6(2) and (3) of those Regulations. If so, an indication of the type of *person* by whom the *rule* may be actionable is given.
