

**Renewal of WildFire License
Indianapolis Marion County Public Library
470 # 240026129
SOW-10**

The purpose of this Statement of Work (SOW) is to solicit proposals to renew licenses for two existing Palo Alto firewalls. The Indianapolis Marion County Public Library (IMCPL or The Library) seeks to purchase two (2) one-year renewals of the Advanced WildFire licenses (PAN-PA-5220-AWF-R) or an equivalent license for their existing Palo Alto 5220 firewalls. The licenses requested in these documents are part of the E-Rate filings beginning with Funding Year 2025 for the Indianapolis Marion County Public Library. Further information can be found at the USAC Website <http://www.usac.org/sl/>.

RELEASE DATE: August 7th, 2024.

DUE DATE

Proposals must be submitted to **Shanika Heyward, Chief Innovation & Technology Officer.**

Email: purchasingRFP@indypl.org to submit proposal before or by **8am Eastern, October 24th, 2024**; use **“SOW-10 2025 WildFire Renewal”** in the subject line. IMCPL reserves the right to reject any or all proposals.

QUESTIONS

Any questions concerning this Statement of Work (SOW) must be directed to:

Miguel Ruiz, Project Manager, Innovation & Technology at E-mail: purchasingRFP@indypl.org. **All questions concerning this request must be submitted prior to 8am Eastern, September 4th, 2024.**

Use “SOW-10 2025 WildFire” in the subject line. Answers to any written questions or any additional information, revisions, or clarifications to the SOW will be provided in the form of an addendum to be posted with the FCC Form 470 on the Universal Service (E-Rate) website. It is the sole responsibility of the Service Provider to check for any addenda that may be issued.

PRICING

- Proposals **MUST separate** E-Rate eligible and E-Rate ineligible products/services by line item. **The vendor is responsible to clearly indicate all ineligible costs by line item for all services and equipment associated with this SOW.**
- The Library is only interested in a **one-year license** running from July 1, 2025 to June 30, 2026.

EVALUATION CRITERIA

While cost will be the most heavily weighted factor, the evaluation will also focus on the substance of the details provided in response to the requirements herein including but not limited to compatibility with existing hardware, technical details, contract terms, experience, and references.
