

Frequently Asked Questions Regarding the Landscape Architect License and Examination Fee Increases

October 13, 2023

When do the fee increases go into effect?

The fee increases become effective on January 1, 2024.

How much is the new license fee?

The fee for a license issued on or after January 1, 2024, will be \$700.

Will the license renewal fee also increase to \$700?

Yes. If your license expires on or after January 1, 2024, the new \$700 renewal fee will apply.

Why is LATC increasing the examination and license fees?

LATC is required to recover the costs for providing its services to candidates, landscape architects, and consumers. LATC is self-funded and receives no money from the State's General Fund for its operations. Operating costs have continued to increase over the past fourteen years. Consequently, LATC must increase the examination and license fees to offset some of these increased costs.
