**Subject:** Re: I&S tables for Clear Creek-update on my edits

Hi Sarah,

You can just paste into the latest version on ROCON- 2.8 Integration and Synthesis SH V3--GY-SG (CLEAR)

Maybe leave the old table with all the comments though

Thanks

Joe

As I mentioned to you both yesterday, I am working on cleaning up the Clear Creek tables and I have a new clean version of the I&S TABLE for Clear creek on my desktop that I updated. Still working with it to make effects tables. It was easier to just make a new table so I could see what I was doing. There were only track changes from me in the I&S, and I left and addressed comments that Brian had.

When I am finished, I would like to update the I&S sections. Let me know the best way to go about doing this (me copy and paste into your document, send it straight to you). Whatever I can do.
