

Djibouti

Djibouti has met all aspects of the terms of reference (OECD, 2017^[31]) (ToR) for the calendar year 2018 (year in review) that can be met in the absence of rulings being issued.

In the prior year report, Djibouti did not receive any recommendations.

Djibouti indicates that it cannot legally issue any type of rulings within the scope of the transparency framework.

As no exchanges were required to take place, no peer input was received in respect of the exchanges of information on rulings received from Djibouti.

Introduction

This peer review covers Djibouti's implementation of the BEPS Action 5 transparency framework for the year 2018. The report has four parts, each relating to a key part of the ToR. Each part is discussed in turn. A summary of recommendations is included at the end of this report.

A. The information gathering process

As no rulings are issued, this section is not assessed.

B. The exchange of information

As no rulings are issued, this section is not assessed.

C. Statistics (ToR IV)

As no rulings are issued, no statistics can be reported.

D. Matters related to intellectual property regimes (ToR I.4.1.3)

Djibouti does not offer an intellectual property regime for which transparency requirements under the Action 5 Report (OECD, 2015^[5]) were imposed.
