

Variation form to be used by services providing access to third-party IPTV channels

Which licensee does this request relate to?

- Synapse
- TVA Group
- Vision HbbTV

If appropriate, please provide the name of the portal that this request refers to

If the request does not relate to a portal, but instead relates to a channel with its own Logical Channel Number (LCN) / proposed LCN, please state the number below. If you do not yet know the LCN, please provide this to Ofcom once the information is available to you.

Name of service to be added/removed (please delete as appropriate)

Date the service is to be added/removed

Provider of service

Nature of service – live/on demand (please delete as appropriate)

Ofcom licence number(s) (where applicable).

Please note: since 31 December 2020, IPTV services are only required to hold a licence if they can be accessed by means of a UK regulated Electronic Programme Guide (EPG). If an IPTV service doesn't appear on a regulated EPG it is not licensable by Ofcom. However, we recognise that the service may hold an Ofcom licence for broadcast on a regulated EPG. If so, please enter Television Licensable Content Service licence numbers (TLCS) or Digital Television Programme Service licence numbers (DTPS) as appropriate.

If the service is regulated in an EEA country, please state which one (N.B. the UK is not an EEA country)

If not regulated in the EEA, where is the service originating from

If not regulated in the EEA, confirmation that a warning screen will be shown before the channel is accessed by viewers

Please submit form to broadcast.licensing@ofcom.org.uk.
