## About SABIS®

SABIS® strives to create a better world through education.

SABIS® is a family-owned, multi-national education management organization that is backed by over 135 years of experience in helping students achieve their full potential and succeed in a rapidly changing world.

The organization's operations are guided by a clear set of core values and an unwavering commitment to ongoing research and development as it strives to create a better world through education.

SABIS® Network schools deliver a high-quality education that offers students a strong foundation of knowledge, real-life skills and experiences, and the ability to engage as independent, lifelong learners who are able to successfully navigate an unknown future.

in Global  
Education

## From Village School to Global Network

The SABIS® Network dates back to 1886, when a small school was started in the village of Choueifat, Lebanon. The school survived conflict and wars, prospered, and became the heart of a global network known for educational excellence.

Today, the SABIS® Network has an active presence in the public and private sectors in 20 countries on five continents. A global team of professionals is

dedicated to helping prepare students in the network for life and future success.

## The SABIS® Educational System

The SABIS® Educational System is an integrated, comprehensive, Kindergarten through twelfth grade academic program.

The program uses dynamic materials, proven methods, and cutting-edge technology to provide a solid foundation of knowledge that can be used as a springboard for learning in college and beyond.

Some features of the SABIS® Educational System include:

- A well-structured, comprehensive international curriculum aligned to national standards
- Proven instructional methods that keep students engaged and learning efficiently
- The SABIS® Book Series of over 3,100 digital and traditional titles developed and produced in-house
- Timely tracking of student performance through regular assessment to identify and fill any learning gaps

## Cutting-Edge Education Technology

SABIS® has a long-standing commitment to the research and development of new technologies that enhance the learning experience and prepare students for future success.

As a result, students benefit from access to a wealth of online learning tools, which complement and reinforce what they have learned in class. The availability of these integrated technologies also considers the possible need for remote learning, which is why an E-learning platform is readily available to our students should the school not be physically accessible, guaranteeing that the learning never stops.

## SABIS® Student Life Organization

The SABIS® Student Life Organization (SLO) is a student-led society that empowers students and fosters their academic and personal development through real-life experiences. The opportunities for growth and involvement in nine different SLO departments are limitless and help students find a pathway to their dreams.

## Global Alumni Network

SABIS®'s commitment to its students extends beyond graduation. All graduates from SABIS® schools automatically become members of an association that unites graduates, preserves friendships, and facilitates professional networking. There is currently close to 34,000 graduates in the global alumni network.

## Operational Models

Schools in the network operate in both the public and private sectors and contract with SABIS® for complete school management services and/or to license the SABIS® Educational System.

SABIS® has a range of operational models to suit all markets: **SABIS® Premium International Schools** deliver a high-quality educational experience on expansive, state-of-the-art campuses; **CADMUS® International Schools**, a concept by SABIS®, serve aspiring middle class parents who are value-conscious but not willing to compromise on quality; and **SABIS® Public-Private Partnership and charter schools** provide a top-quality SABIS® education to students in tuition-free public schools.
