STUDENTS AND HEALTH  
CARE PROFESSIONALS**

## ANATOMY FLASH CARDS

**POCKET VERSION**

*50 flash cards covering the basic systems  
and structures of the human body*

Now available in a portable edition, this series of 50 flash cards explores the essential concepts of human anatomy. The 4" x 6" cards are organized into 11 systems and are color coded for easy reference. The structures are beautifully illustrated in exceptional detail, with areas for self study notes on the back. Ideal for medical students on the go, or anyone who requires a lightweight compact series that can travel anywhere. Flash cards are printed on heavy card stock and UV coated for durability.

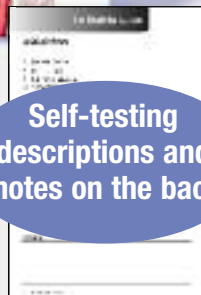

**\$11.95**

descriptions and  
notes on the back**

# Our Best Selling Anatomical Reference now with **DIGITAL COPY**

## THE COMPLETE PORTFOLIO OF HUMAN ANATOMY AND PATHOLOGY

Comprehensive collection of **50 anatomical charts** of the human body with **4 bonus charts** included in **Digital Copy**

This hardcover portfolio provides a valuable anatomical resource offering a comprehensive look at human anatomy as well as describing many conditions and diseases. The 50 plates are spiral-bound, allowing the pages to lay flat for easy examination. The entire book is case bound. This portfolio has a place on the school library shelf, physician's office or home with the family's other information resources.

**Digital copy:** We have teamed with RedShelf to provide the fastest and easiest way to make digital content readily available for anyone to read anywhere. RedShelf's BYOD (Bring Your Own Device) technology is accessible on any web-browser based device with no dedicated reader or application to download.

**As a bonus we have included 4 physiology charts in the digital copy.**

These charts provide an overview of the functions of the human body including how joints work, the cardiac cycle, respiration & gas exchange and the digestion process.

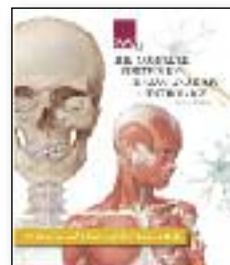

**\$59.95** Item# PHAP-50DC

978-1-935612-34-6

### HARD COVER WITH SPIRAL BINDING

- For students & educators
- Durable
- Lays flat for easy viewing

**Standard print version**

**\$49.95**

Item# CHAP-50  
978-1-930633-65-0

### SPECIFICATIONS

#### FEATURES

- 50 Illustrated plates: 12pt stock & UV coated
- Hardcover with laminated dust jacket
- Spiral bound
- Suitable for erasable dry marker

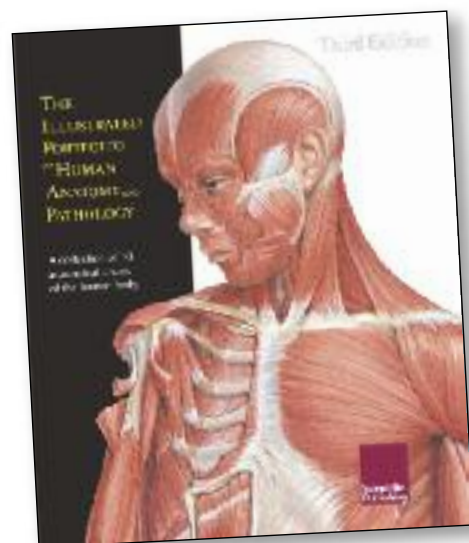

#### SIZE

- Cover 12.5" x 14.75"
- Plates 11.375" x 14"

## THE ILLUSTRATED PORTFOLIO OF HUMAN ANATOMY AND PATHOLOGY

Featuring **30 anatomical charts** of the anatomy & pathology titles

This 30 plate portfolio features human body systems, specific anatomy topics and common conditions, disorders and diseases. The beautifully illustrated plates are UV coated and spiral-bound in a heavy laminated cover. Ideal for students, patient education and the informed consumer, this portfolio is suitable for the home, school library or physician's office.

**\$29.95** Item# PHAP-30

# Our Anatomy Pathology & Physiology Reference Series *Best anatomical value*

Each of the latest color portfolios from Scientific Publishing provides an overview, acting as a valuable reference for home and school. The portfolios are designed to complement each other, with a wide range of topic coverage on the structure, function and common disorders of the human body.

## THE ILLUSTRATED ATLAS OF HUMAN ANATOMY

Our economical portfolio provides an overview of the systems of the human body. This 25 plate collection also features coverage on specific topics, such as The Brain, The Eye and The Liver. Ideal for students, patient education and the informed consumer, this portfolio is suitable for the home, school library or physician's office.

**Soft cover, perfect bound, 11" x 14"**

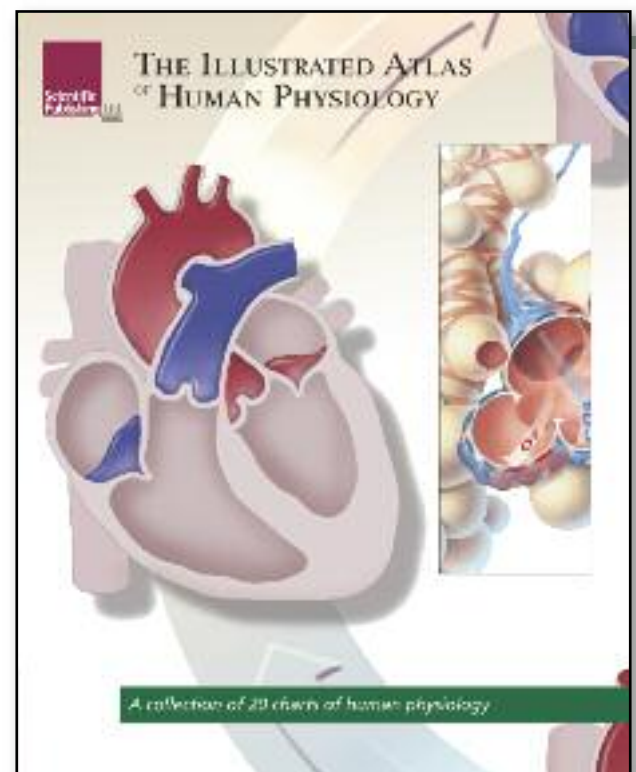

### FEATURES

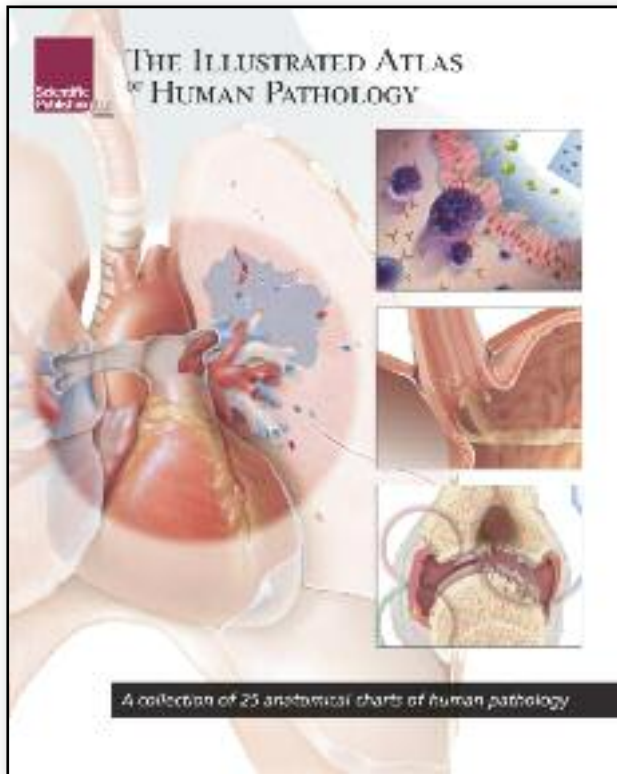

- 25 Illustrated Plates
- Over 230 illustrations and diagrams

**\$19.95** Item# ANAT-25 978-1-932922-95-0

# Body System Wall Chart Set

**12 body system charts  
in one complete set**

**Save over 20% when you purchase charts as a set**

This series of 12 beautifully detailed charts explores human anatomy through the use of body systems. Each chart graphically illustrates anatomy and physiology concepts of a specific body system, with the reproductive system divided into separate male and female charts. Ideal for students, patient education and the informed consumer, the series is suitable for the home, school library or physician's office. The charts are available in both paper and laminated versions.

- 1000 Skeletal System
- 1100 Muscular Male
- 1300 Respiratory System
- 1500 Digestive System
- 1600 The Vascular System
- 2400 The Lymphatic System

- 2501 The Integumentary System
- 2600 The Urinary System
- 2700 The Nervous System
- 2800 The Endocrine System
- 4000 Male Reproductive System
- 5000 Female Reproductive System

# Systems of the Human Body Flip Chart

*Perfect teaching aid for the younger student*

This beautifully illustrated guide explores the basics of human anatomy by the systems of the human body. Ideal for student or patient education, the flip chart is suitable for the home, classroom or school library. The pages are UV coated to allow for dry erase markers (not included). The spiral bound easel folds flat for easy storage. Perfect companion guide to the **Human Anatomy Chart Pack** [see below].

**INCLUDES 6 - 8.5" x 11"**  
Reproducible anatomical study  
guide worksheets.

**Systems include:**  
The Skin  
The Skeletal System  
The Muscular System  
The Nervous System  
The Endocrine System

The Vascular System  
The Lymphatic System  
The Respiratory System  
The Digestive System  
The Urinary System  
The Reproductive System

#### FEATURES

- 20 pages
- Heavy laminated cover
- 12 pt. stock
- UV coated

- Spiral bound
- Suitable for dry erase marker

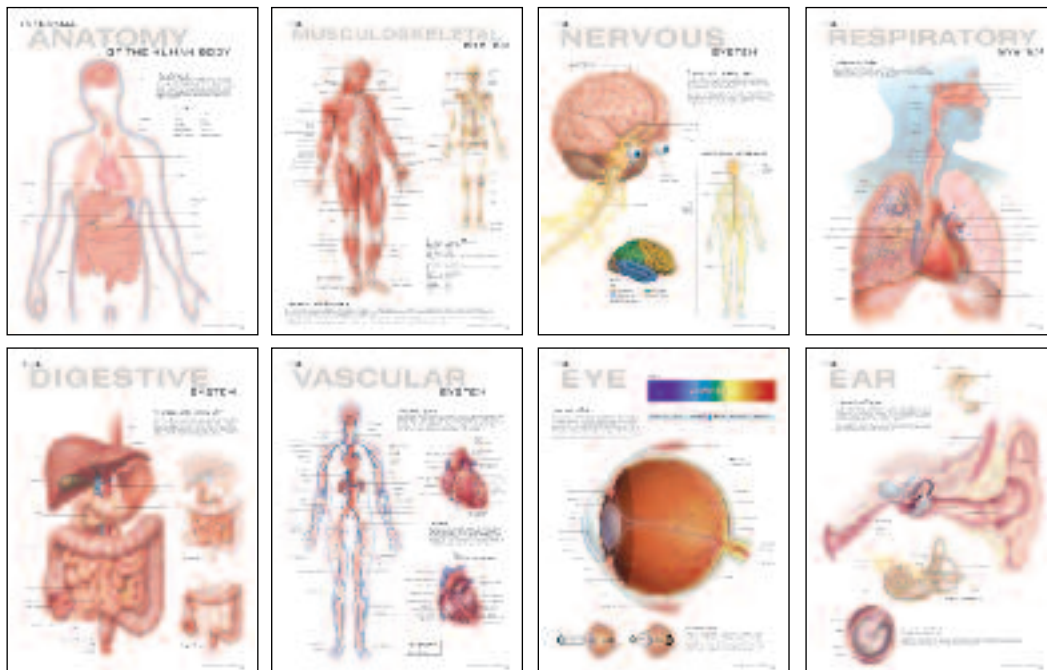

#### SIZE

- 11.5" x 11.5"

**\$24.95** Item# HBSF

ISBN-13: 978-1-935612-23-0

# Human Anatomy Chart Pack *Ideal size for the classroom*

**Exploring general anatomy and systems of the human body**

Targeted for the younger audience this series of 8 beautifully illustrated charts explores the basics of human anatomy. Ideal for students, patient education and the informed consumer. This set is suitable for home, classroom or school library. The charts, printed on heavy stock, are UV coated and suitable for erasable dry marker [not included].

#### **8 chart pack includes:**

*Internal Anatomy of the Human Body  
The Musculoskeletal System  
The Nervous System  
The Respiratory system  
The Digestive System  
The Vascular System  
The Eye  
The Ear*

#### SIZE

- 18" x 24"

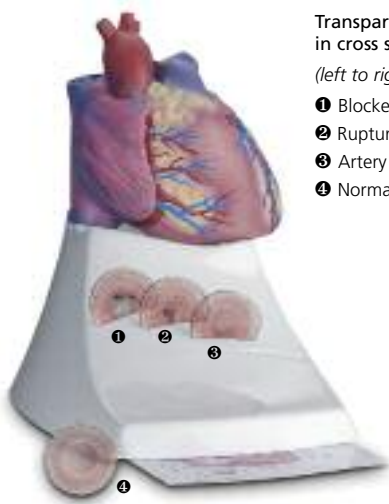

#### FINISH

- Paper: Heavy cover stock with UV coating

**\$29.95** Item# CHART-8

ISBN-13: 978-1-932922-85-1

# The most innovative heart models in the marketplace today

Transparent artery discs shown in cross sections:

(left to right)

- ❶ Blocked artery
- ❷ Ruptured plaque
- ❸ Artery with plaque
- ❹ Normal artery (shown removed)

Removable tray card

## Life Size Healthy Heart Model

This life-size two piece model of the human heart fits together without pins, posts or hinges, providing unobstructed viewing of interior and exterior features. The highly detailed Tricuspid (right AV) and Bicuspid (left AV) valves are molded in flexible resin. A full color patient education card illustrating general heart anatomy and pathology slides out from the model stand (included with the Life Size Heart model). The stand can be used to hold the anterior part of the model. Additionally the model comes with four transparent discs showing stages of CAD (coronary artery disease). The Life Size Heart Model is an essential guide for education and awareness of heart anatomy.

**Model dimensions:** 5¼" x 4¼" x 3"

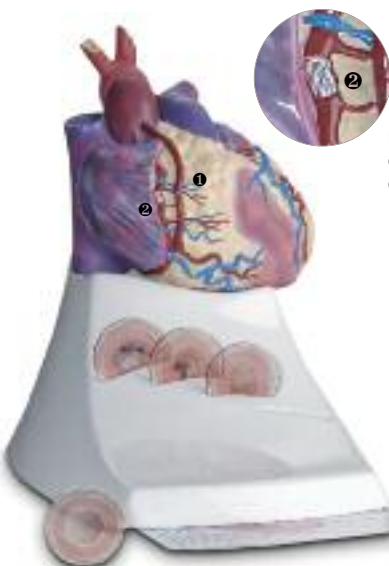

**Base dimensions:** 4½" x 8" x 6¼"

**Tray card:** 4½" x 8"

**Transparent artery disks:** 1⅜" x 1⅛"

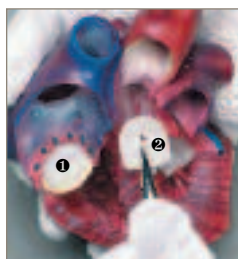

**\$69.95** Item# 1400M

ISBN-13: 978-1-932922-64-6

Detail:

- ❶ Coronary bypass
- ❷ Stent in right coronary artery

- ❶ ---valve replacement of Tricuspid valve
- ❷ Removable aortic semilunar valve demonstrating valve damage

## Life Size Diseased Heart Model

This life-size model of the human heart is the premiere educational tool in the instruction of heart disease. The three piece model fits together without pins, posts or hinges, providing unobstructed viewing of interior and exterior features. The tricuspid valve is removable for ease of examination. This invaluable model also comes with a full color patient education card illustrating general heart anatomy and heart disease. Additionally, the model stand, included with the Diseased State Heart model, can be used to hold the anterior part of the model, as shown in the photos. Included with the heart model are four transparent removable discs showing stages of CAD (coronary artery disease). The Diseased State Heart Model is an invaluable aid to patient education and awareness of heart disease.

**Model dimensions:** 5¼" x 4¼" x 3"

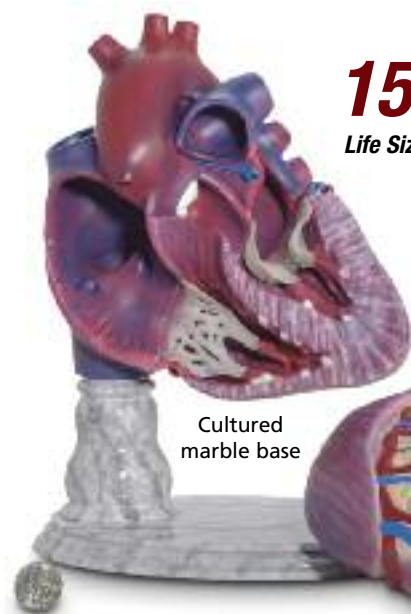

**Base dimensions:** 4½" x 8" x 6¼"

**Tray card:** 4½" x 8"

**Transparent artery disks:** 1⅜" x 1⅛"

**\$69.95** Item# 1454M

ISBN-13: 978-1-932922-65-3

**150%**  
Life Size Heart Model

Cultured marble base

## Giant Heart Model

The Giant Heart Model provides a magnified view of human heart anatomy. This 150% two piece model fits together without pins, posts or hinges, providing unobstructed viewing of interior and exterior features. The highly detailed Tricuspid (right AV) and Bicuspid (left AV) valves are molded in flexible resin. The larger-than-life-sized model is suspended over a cultured marble base, allowing 360° viewing of the model as well as enhancing the overall appeal. The Giant Heart Model is a valuable educational resource for patient awareness of heart anatomy.

**Model dimensions:** 8½" x 7" x 5"

**Base dimensions:** 4½" x 8½" x 6"

FREE 11"X 14" Heart Chart

**\$89.95** Item# 1400MG

ISBN-13: 978-1-932922-66-0

# Understanding Hepatitis Model

Five piece model of the human liver. Liver is sectioned into healthy, hepatitis and cirrhosis sections. Model locks into base and has patient education card illustrating general liver anatomy and pathology. Two (2) individual biopsy discs illustrate a healthy and pathology liver cross section. The Understanding Hepatitis Model is an invaluable aid to patient education and awareness of liver disease.

**Model dimensions:** 7" x 4" x 3½"  
**Base dimensions:** 8½" x 6½" x 3"  
**Tray card:** 8½" x 6"  
**Transparent artery disks:** 2" x 1/8"

**Liver Biopsy  
Showing Hepatitis**

**Normal Liver Biopsy**

**\$59.95** Item# 1950M

ISBN-13: 978-1-935612-35-3

**Cirrhosis section**

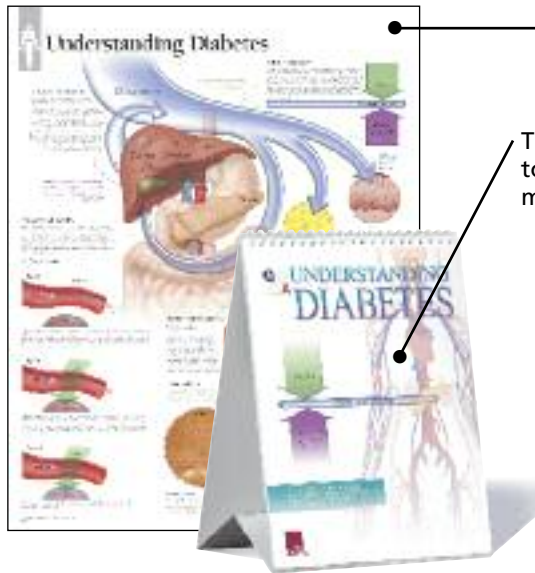

**Hepatitis section**

## Patient Education Study Sets *For the patient and health care professional*

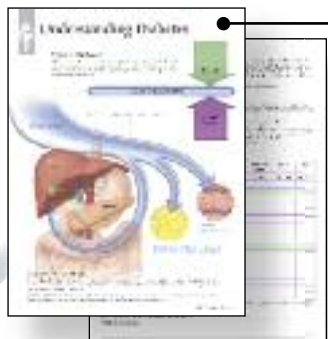

Help improve general health by educating patients using these dynamic and informative wall posters and teaching aids. These sets have been designed to increase awareness of the complications and treatments of today's leading health issues. Each item can be used separately or included in an educational program fitting your curriculum objectives. Hospitals can also take advantage of this educational opportunity to increase their HCAHPS scores.

**Each set contains the following: 1 Anatomical Wall Chart 1 Anatomical Flip Chart 5 Patient-Education Pads**

22" x 28" poster with heavy 3ml lamination includes metal eyelets for ease of hanging. This large full color chart provides an overview of the subject for the whole group to see.

The flip chart divides the subject into specific areas, allowing a more focused approach to understanding and learning. The UV coating makes it easy for the instructor to make notes on the individual pages using a dry erase marker (*not included*).

The patient-education sheet gives the student or participant a valuable reference source to use during the class or seminar. The sheet provides the participant with a take-away to remember and reinforce what they learned. The sheets come in pads of 25, printed on both sides.

**\$49.95 per set**

**Replacement set of 5 pads \$19.95**

**6 sets available:**

**Understanding Cholesterol Study Set**

Item# 1651S ISBN-13: 978-1-935612-40-7  
 [Replacement pads] Item# 1651SP  
 ISBN-13: 978-1-935612-59-9

# Anatomy & Physiology Flash Cards

## Exploring how our bodies work and function

This series of 335 illustrated flash cards explores essential concepts of human anatomy & physiology. The 4" x 6" cards are color coded and indexed into 14 sections for easy reference. The anatomy cards are organized into the systems of the body and have areas for notes for self study. The physiology cards graphically explain the processes vital to the functioning of human beings. Ideal for medical students, health care providers, the series is suitable for the home, school library or physician's office. The flash cards are printed on heavy card stock and are UV coated for durability.
