(1) Cboe Timestamping Service. The Cboe Timestamping Service will consist of two optional reports:

(1) Missed Liquidity Report. The Missed Liquidity Report contains historical data from the prior trading day and will be available after the end of the trading day on a T+1 basis. It provides time details for executions of orders that rest on the book where the Member receiving the report attempted to execute against a resting order within an Exchange-determined period of time (not to exceed 1 millisecond) after receipt of the first attempt to execute against that resting order and within an Exchange-determined period of time (not to exceed 100 microseconds) before receipt of the first attempt to execute against that resting order.

(2) Cancels Report. The Cancels Report contains historical data from the prior trading day and will be available after the end of the trading day on a T+1 basis. It provides liquidity response time details for executions of orders that rest on the book where the Member receiving the report attempted to cancel a resting order within an Exchange-determined period of time (not to exceed 1 millisecond) after receipt of the first attempt to execute against that resting order and within an Exchange-determined period of time (not to exceed 100 microseconds) before receipt of the first attempt to execute against that resting order.
