Sales Value Fee

The Sales Value Fee is assessed to each Member for sales of securities in the following circumstances: (i) when a sale in equity securities occurs with respect to which EDGX is obligated to pay a fee to the SEC under Section 31 of the Exchange Act, and (ii) when a sell order in equity securities is routed for execution at a market other than EDGX, resulting in a covered sale on that market and an obligation of the routing broker providing Routing Services for EDGX, as described in EDGX

Equities Rule 11.11, to pay the related sales fee of that market. To the extent there may be any excess monies collected under this section, EDGX may retain those monies to help fund its general operating expenses. The Exchange may reimburse its routing broker for all Section 31-related fees incurred by the routing broker in connection with the Routing Services it provides. The sales transactions to which the Fee applies are sales of equity securities. The Sales Value Fee is collected indirectly from Members through their clearing firms by DTCC on behalf of the Exchange with respect to sales in equity securities.

Calculation of Fee for Equities Sales: The Sales Value Fee is equal to (i) the Section 31 rate multiplied by (ii) the Member's aggregate dollar amount of covered sales resulting from equities transactions occurring on the Exchange during any computational period.
