Join Sheppard Mullin's Healthy AI team for a one-hour CLE webinar on what hospitals, health systems and provider organizations should consider in building an AI governance program. The webinar will cover the key elements, in addition to business and legal considerations and will answer the following:

- What is AI governance and why does it matter?
- What principles, laws, policies and standards should be considered in developing a program?
- How should healthcare organizations approach developing an AI governance program?
- What are the key elements of a program?

Connect and share ideas with industry leaders by joining the Healthy AI LinkedIn group, a hub for networking and innovation in healthcare AI.
