About Us

Who We Are

The Knowledge Academy is a leading global training provider of professional qualifications including PRINCE2®, ITIL®, TOGAF® and PMP®. We offer over 30,000 courses all over the world at unbeatable prices, and our options of classroom, onsite, online and virtual training mean we're entirely flexible to your needs.

As Strategic Training Partners of AXELOS, we're trusted to deliver the entire AXELOS portfolio, including PRINCE2®, to the highest standards every time. We're also certified by other accreditation bodies including APMG, BCS, ICASA, Microsoft, and CompTIA.

Our Mission

It's simple: provide the best training at the lowest price.

Our training expertise means we understand the needs of learners and exactly what they require to pass their exams and grow their careers. We handpick talented trainers who know how to make the learning experience enjoyable and memorable. Our accelerated learning techniques mean you'll be back at work in no time, ready to apply what you've learned to your job.

What is The Knowledge Pass?

The Knowledge Pass is a pre-paid training allowance that provides you with significant discounts and savings – giving you better value for money.

Possession of a Knowledge Pass enables you to gain full control over your training budget and meet your company's training requirements.

- ✓ Maximise your training budget
- ✓ Gives you more qualifications for your budget
- ✓ It gives you access to a wide range of courses, in a variety of nationwide locations
- ✓ Greater control over training budgets
- ✓ Any nominated employee is able to use the Knowledge Pass

How does it work?

The Knowledge Pass is a comprehensive training package – similar to a credit-based voucher – where a client can specify their training budget and receive a volume discount, to ensure value for money, premium quality, and enhance employee development.

The Knowledge Pass is ideal for clients with flexible business requirements, interchangeable staff skills, and complex learning needs, across many departments and divisions. It's ideal for businesses that know that they want to invest in employee training, but are unsure of their current learning requirements, and often end up in complex, unnecessary training needs analysis, which causes delays in today's rapidly changing business environment.

Next Steps

Discuss your training budget with your learning consultant. Upon purchasing a Knowledge Pass, a dedicated account, with your credit, will be opened and is ready to be utilised over the following 12 months.

Start booking your course dates as and when it suits you. As the budget holder, you are able to nominate, manage, and control the courses that are being undertaken and completed by your employee.

Reporting

Your dedicated account manager will provide you with regular reports on usage and of how your learners are progressing.

Validity

The Knowledge Pass is valid for 12 months and perfectly fits in with an annual training budget.
