

Design Thinking Workshop: Healthtech Innovation Case Study

Date: Thursday, March 25th, 2021

Time: 10AM – 12:30PM

Online workshop

Unlocking the DNA of innovation: The Needs Statement

Facilitator

Wang Yen Po

Co-founder & CTO, INOPASE Inc.

Innovation fellow, Japan-Stanford Biodesign

Project Lead, BE Health Ventures

Ph.D student, The University of Tokyo

Co-Facilitators:

Paul Consalvi

Project Professor, The University of Tokyo

Chen Ying Ting

Ph.D student at The University of Tokyo

Design Thinking Coach, IBM

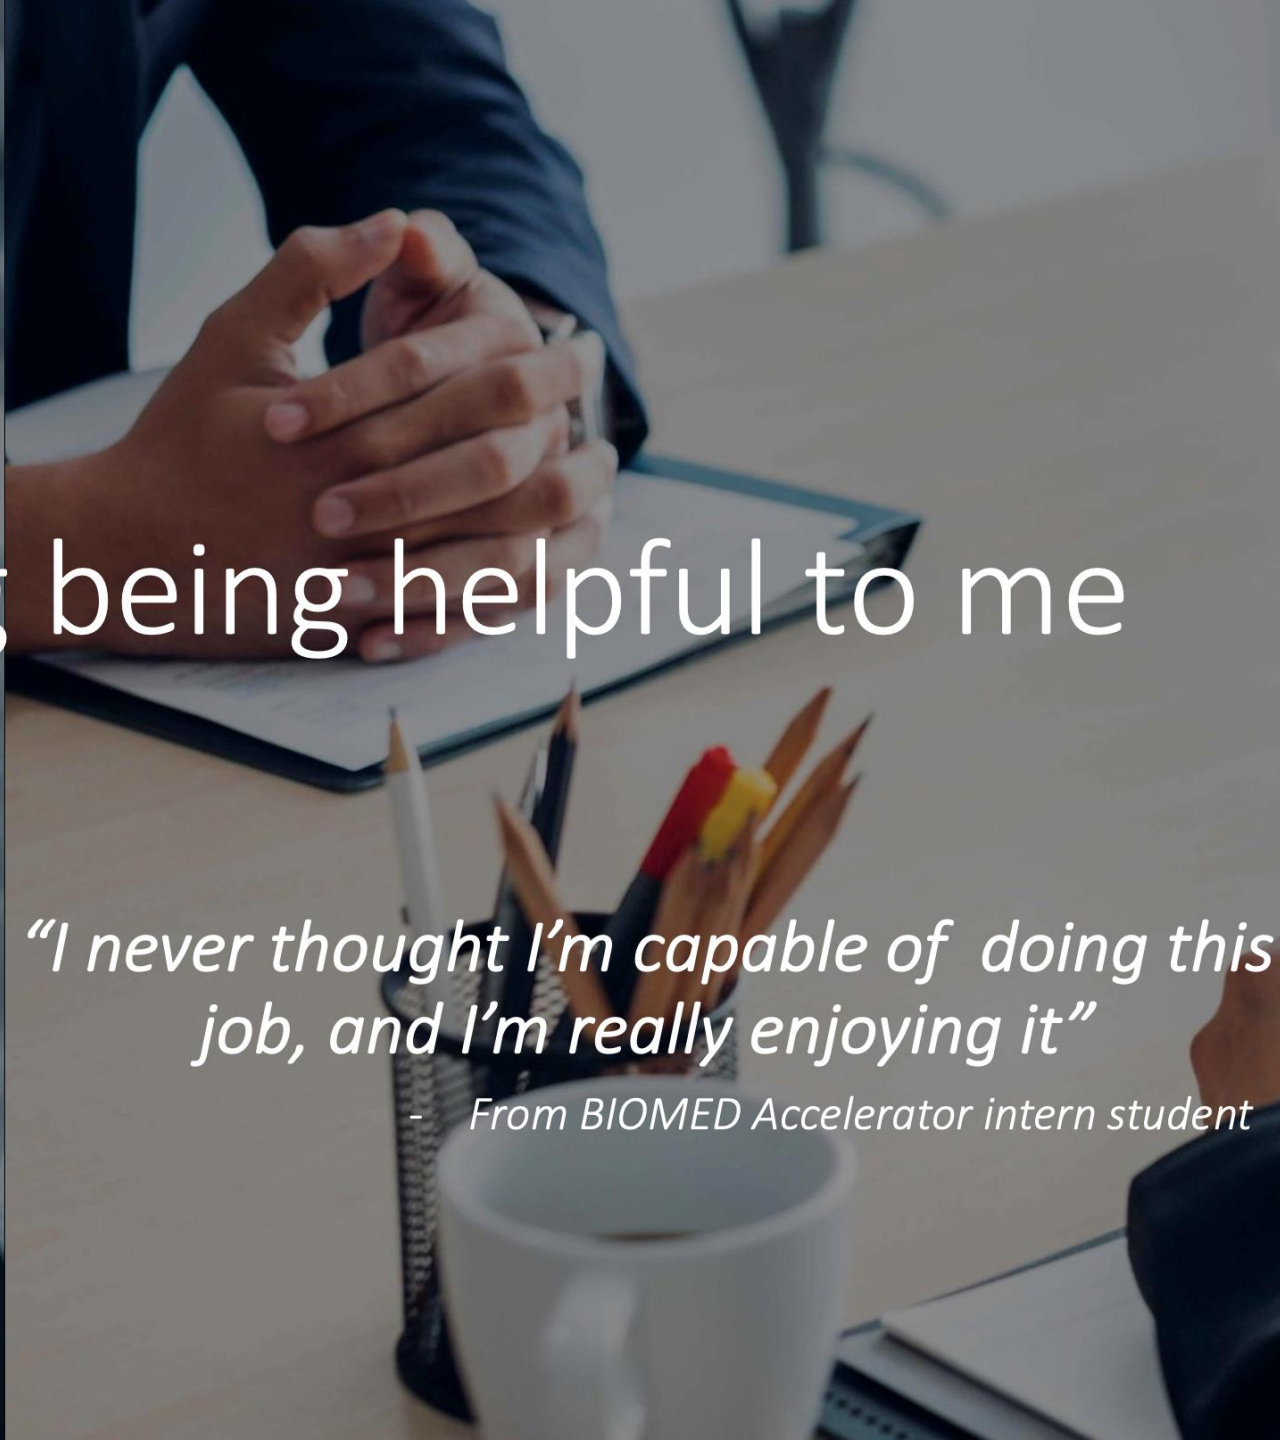

How design thinking being helpful to me

“We also saw this phenomenon but we cannot explain it. Your expression is very convincing and we should collaborate ”

- From University of Auckland Professor

“I never thought about that approach, I want to learn from you in more detail”

- From U-Tokyo PhD student

“I never thought I’m capable of doing this job, and I’m really enjoying it”

- From BIOMED Accelerator intern student
