Dear Senator Feinstein:

On September 30, 2021, the Extending Government Funding and Delivering Emergency Assistance Act (Act) (P.L. 117-43) was enacted providing appropriations under a continuing resolution for Fiscal Year 2022. The Act included supplemental funds totaling \$210,000,000 for the Bureau of Reclamation (Reclamation), providing \$200,000,000 to address drought and \$10,000,000 for fire remediation and suppression emergency assistance related to wildfires. The Act also requested Reclamation to provide to the House and Senate Committees on Appropriations a report detailing the allocation of these funds within 60 days of enactment.

Enclosed please find the report detailing how these funds are allocated within Reclamation for FY 2022. An assessment was made Reclamation-wide to support the selection of projects and programs that provide the most beneficial response and mitigation efforts to both drought and fire disasters. Reclamation appreciates the opportunity to provide drought and fire support for communities in the western U.S. and is pleased to provide the enclosed report.
