3. Share Personal Info

Do you think telecom and cable companies should or should not be allowed to share personal information about customers, such as their web browsing history, without first getting customers' permission?

4. FCC Rules

Last year, the federal government adopted a set of rules to ban telecom and cable companies from sharing customers' personal information, including their web browsing history, without their permission. A Republican bill passed by Congress would overturn those rules before they go into effect. Which describes your opinion?

5. Sign or Veto

If President Trump vetoes the bill, telecom and cable companies will be banned from sharing customers' personal information without permission. If President Trump signs the bill, telecom and cable companies will be allowed to share customers' information without permission. What do you think President Trump should do?

Interviewing Dates	March 31 - 31, 2017
Target population	U.S. citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2014 American Community Study. Voter registration was imputed from the November 2014 Current Population Survey Registration and Voting Supplement.
Weighting	The sample was weighted based on gender, age, race, education, 2012 and 2016 Presidential votes. The weights range from 0.173 to 6.006, with a mean of one and a standard deviation of 0.88.
Number of respondents	1000
Margin of error	± 4.1% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	43 questions not reported.
