fire eagle

My Location

Where Am I? | My A

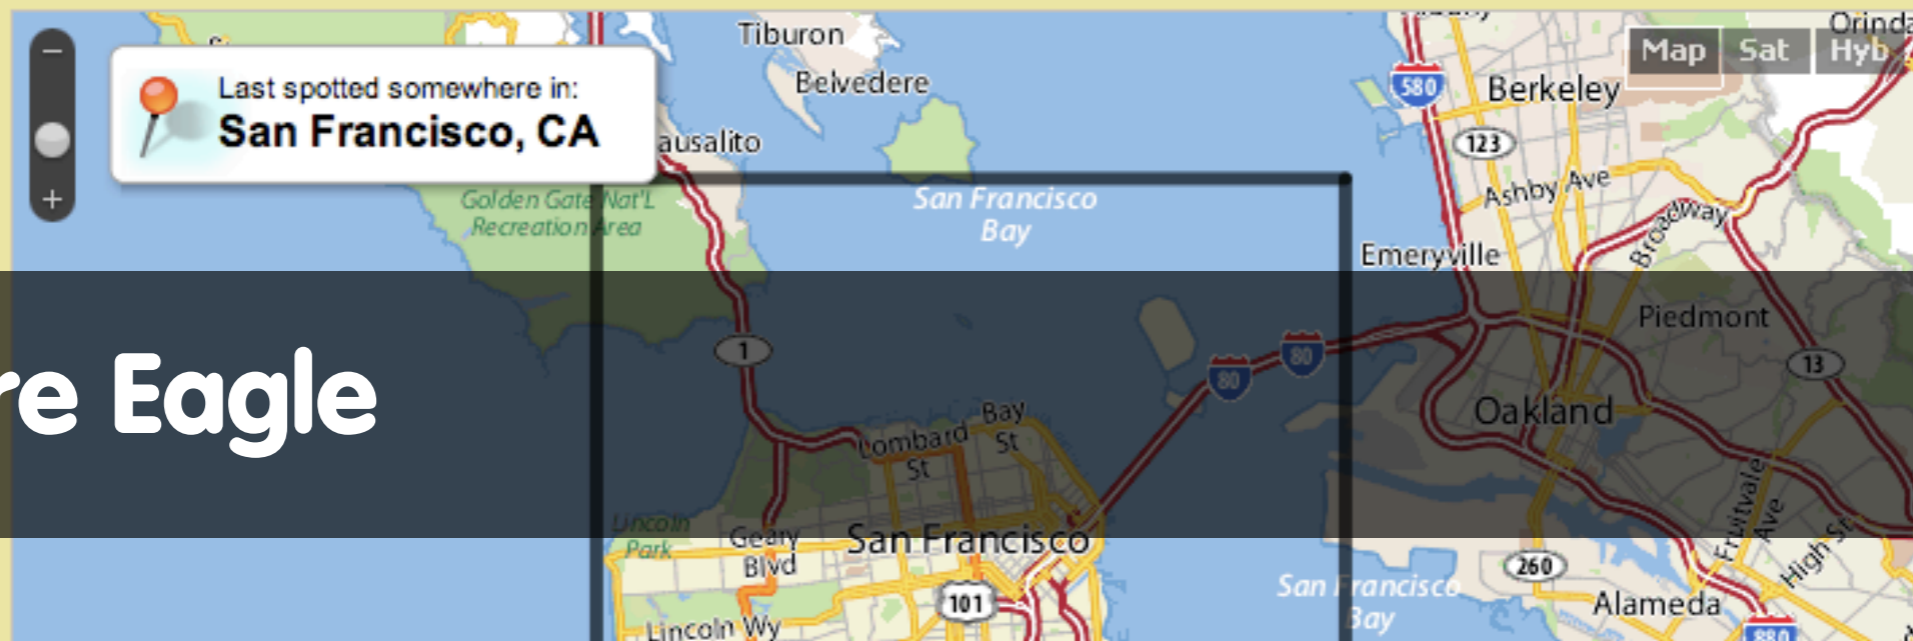

Fire Eagle last spotted you *about 5 hours ago* in **San Francisco, CA** using **Dopplr**. If you've gone somewhere else, then you should update your location!

Not in San Francisco, CA? Then where on Earth are you?

You can try anything from your street address to your ZIP code, neighborhood, or the name of your town

Pinpoint me!

[Update your location](#) using your Loki toolbar.

**LocationAware's goal is to help drive the
standardization of how a user's
geolocation is exposed to a website
through the browser**

GPS

Wi-Fi

IP

Cell Tower

...

Browser

DOM

Website

```
var geolocator = new navigator.GeolocationRequest();  
geolocator.request(function(location) {  
    alert(location.latitude + ',' + location.longitude);  
});
```

```
var geolocator = new navigator.GeolocationRequest();  
geolocator.request({  
    success: function(location) { /* success */ },  
    error: function(err){ /* error */ },  
    ...  
});
```

mozilla labs

Prototype extension to explore geolocation in the browser. **Available in June**

Hosted by **Mozilla Labs**, powered by **Skyhook Wireless**
