

Residential heating oil price increases

The average retail price for home heating oil on July 8 was \$3.71 per gallon. That's up 4.8 cents from our last published price on June 10, based on the residential heating fuel survey by the U.S. Energy Information Administration. Heating oil prices in the New England region were \$3.66 per gallon, up 3.4 cents from June 10. Heating oil prices will be published monthly from April to September.
