

Residential heating oil price decreases

The average retail price for home heating oil on August 12 was \$3.59 per gallon. That's down 12.1 cents from our last published price on July 8, based on the residential heating fuel survey by the U.S. Energy Information Administration. Heating oil prices in the New England region were \$3.52 per gallon, down 13.8 cents from July 8. Heating oil prices will be published monthly from April to September.

This is Nate Washburn, with EIA, in Washington.
