SUPPLEMENTARY INFORMATION: This notice contains the revised fee schedules for processing certain types of requests for changes to National Flood Insurance Program (NFIP) maps, for processing requests for Flood Insurance Study (FIS) technical and administrative support data, and for processing requests for particular NFIP map and insurance products. The changes in the fee schedules will allow the Federal Emergency Management Agency (FEMA) to reduce further the expenses to the NFIP by recovering more fully the costs associated with processing conditional and final map change requests; retrieving, reproducing, and distributing technical and administrative support data related to FIS analyses and mapping; and producing, retrieving, and distributing particular NFIP map and insurance products.

Evaluations Performed. To develop the revised fee schedule for conditional and final map change requests, FEMA evaluated the actual costs of reviewing and processing requests for Conditional Letters of Map Amendment (CLOMAs), Conditional Letters of Map Revision Based on Fill (CLOMR-Fs), Conditional Letters of Map Revision (CLOMRs), Letters of Map Revision Based on Fill (LOMR-Fs), and Letters of Map Revision (LOMRs).

To develop the revised fee schedule requests for FIS technical and administrative support data, FEMA evaluated the actual costs of reviewing, reproducing, and distributing archived data in seven categories. These categories are discussed in more detail below.

To develop the revised fee schedule for requests for particular NFIP map and insurance products, FEMA: (1) Evaluated the actual costs incurred at the Map Service Center (MSC) for producing, retrieving, and distributing those products; (2) analyzed historical sales, cost data, and product unit cost for unusual trends or anomalies; and, (3) analyzed the effect of program changes, new products, technology investments, and other factors on future sales and product costs. The products covered by this notice are discussed in detail below.

Periodic Evaluations of Fees. A primary component of the fees is the prevailing private-sector rates charged to FEMA for labor and materials.
