

Title: Passenger and Crew Manifest (Advance Passenger Information System—APIS).

OMB Number: 1651–0088.

Form Number: None.

Abstract: The Advance Passenger Information System (APIS) is an automated method in which U.S. Customs and Border Protection (CBP) receives information on passengers and crew onboard inbound and outbound international flights before their arrival in or departure from the United States. APIS data includes biographical information for international air passengers arriving in or departing from the United States, allowing the data to be checked against CBP databases.

The information is submitted for both commercial and private aircraft flights. Specific data elements required for each passenger and crew member include: Full name; date of birth; gender; citizenship; document type; passport number, country of issuance and expiration date; and alien registration number where applicable.

APIS is authorized under the Aviation and Transportation Security Act, Public Law 107–71. Under this statute, the transmission of passenger and crew manifest information is required even for flights where the passengers and crew have already been pre-screened or pre-cleared at the foreign location for admission to the United States. APIS is required under 19 CFR 122.49a, 122.49b, 122.49c, 122.75a, 122.75b, and 122.22.

Respondents submit their electronic manifest either through a direct interface with CBP, or using eAPIS which is a web-based system that can be accessed at <https://eapis.cbp.dhs.gov/>.

Current Actions: This submission is being made to request an extension, and to revise the burden hours as a result of revised estimates by CBP. There is no change to the information that is being collected.

Type of Review: Extension with a change to the burden hours.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR Part 291, Open and Nondiscriminatory Access to Oil and Gas Pipelines under the OCS Lands Act.

OMB Control Number: 1010-0172.

Abstract: The Outer Continental Shelf (OCS) Lands Act (43 U.S.C. 1331 *et seq.*), as amended, requires the Secretary of the Interior to preserve, protect, and develop OCS oil, gas, and sulphur resources; make such resources available to meet the Nation’s energy needs; balance orderly energy resources development with protection of the human, marine, and coastal environments; ensure the public a fair and equitable return on the resources offshore; and preserve and maintain free enterprise competition.

Section 1334(f)(1) states “Except as provided in paragraph (2), every permit, license, easement, right-of-way, or other grant of authority for the transportation by pipeline on or across the Outer Continental Shelf of oil or gas shall require that the pipeline be operated in accordance with the following

competitive principles: (A) The pipeline must provide open and nondiscriminatory access to both owner and non-owner shippers * * *.”

These responsibilities are among those delegated to the BOEMRE, which replaced the Minerals Management Service (MMS) on June 18, 2010. In order to provide shippers with a methodology to file complaints alleging denial of access or that access is discriminatory access, the MMS promulgated regulations at 30 CFR Part 291. The BOEMRE will use the information submitted during the complaint process to determine whether the shipper has been denied such access or to initiate a more detailed investigation into the specific circumstances of the complainant’s allegation. The complaint information will be provided to the alleged offending party. The BOEMRE may request additional information upon completion of the initial investigation.

We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR Part 2). No items of a sensitive nature are collected. Responses are required to obtain a benefit.

Frequency: The frequency is on occasion.

Description of Respondents: Shippers who do business on the OCS and companies that pay royalties on the OCS.

Estimated Annual Reporting and Recordkeeping Hour Burden: The currently approved hour burden for this collection is 254 hours. Refer to the table below for a break down of the complete burden. This includes the time for reviewing instructions, gathering and maintaining data, and completing and reviewing the information.

Citation 30 CFR 291	Reporting and recordkeeping requirement	Hour burden	Average number annual responses
105, 106, 108, 109, 111.	Submit complaint (with fee) to BOEMRE and affected parties. Request confidential treatment and respond to BOEMRE decision.	50	5.
106(b), 109	Request waiver or reduction of fee	\$7,500 processing fee. 1	4.
104(b), 107, 111 ...	Submit response to a complaint. Request confidential treatment and respond to BOEMRE decision.	Information required after an investigation is opened against a specific entity is exempt under the PRA (5 CFR 1320.4).	
110	Submit required information for BOEMRE to make a decision.		
114, 115(a)	Submit appeal on BOEMRE final decision.		

Estimated Annual Reporting and Recordkeeping Non-Hour Cost Burden: We have identified a “non-hour” cost

burden of \$37,500. The BOEMRE requires that shippers pay a nonrefundable fee of \$7,500 for each

complaint submitted to recover the Federal Government’s processing costs.
