DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Notice of Issuance of Final Determination Concerning Iridium Satellite Telephones

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: Notice of final determination.

SUMMARY: This document provides notice that U.S. Customs and Border Protection ("CBP") has issued a final determination concerning the country of origin of satellite telephones. We were asked to consider six scenarios. Based upon the facts presented, CBP has concluded in the final determination that the application board and transceiver board together convey the essential character of the phones and it is at their assembly and programming where the last substantial transformation occurs. Therefore, when the boards are assembled and programmed in Malaysia, the country of origin of the phones for purposes of U.S. government procurement is Malaysia. When the boards are assembled and programmed in Singapore, the country of origin of the phones for purposes of

U.S. government procurement is Singapore.

DATES: The final determination was issued on July 28, 2011. A copy of the final determination is attached. Any party-at-interest, as defined in 19 CFR 177.22(d), may seek judicial review of this final determination on or before September 1, 2011.

FOR FURTHER INFORMATION CONTACT: Heather K. Pinnock, Valuation and Special Programs Branch; (202) 325-0034.

SUPPLEMENTARY INFORMATION: Notice is hereby given that on July 28, 2011, pursuant to subpart B of part 177, Customs Regulations (19 CFR part 177, subpart B), CBP issued a final determination concerning the country of origin of satellite telephones which may be offered to the U.S. Government under an undesignated government procurement contract. This final determination, HQ H130306, was issued under procedures set forth at 19 CFR part 177, subpart B, which implements Title III of the Trade Agreements Act of 1979, as amended (19 U.S.C. 2511-18). In the final determination, CBP concluded that, based upon the facts presented, the application board and transceiver board together convey the essential character of the phones and it is at their assembly and programming where the last substantial transformation occurs. Therefore, when the boards are assembled and programmed in Malaysia, the country of origin of the phones for purposes of U.S. government procurement is Malaysia. When the boards are assembled and programmed in Singapore, the country of origin of the phones for purposes of U.S. government procurement is Singapore.

Section 177.29, Customs Regulations (19 CFR 177.29), provides that a notice of final determination shall be published in the **Federal Register** within 60 days of the date the final determination is issued. Section 177.30, CBP Regulations (19 CFR 177.30), provides that any party-at-interest, as defined in 19 CFR 177.22(d), may seek judicial review of a final determination within 30 days of publication of such determination in the **Federal Register**.
