

for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

FOR FURTHER INFORMATION CONTACT: Emily Hickey, DHS/NPPD/IP, Emily.Hickey@dhs.gov.

SUPPLEMENTARY INFORMATION: The PCII Program was created by Congress under the Critical Infrastructure Information Act of 2002 (CII Act), Sections 211–215, Title II, Subtitle B of the Homeland Security Act of 2002, Public Law 107–296, to encourage voluntary information sharing by owners and operators of critical infrastructure and protected systems. The PCII Program is implemented by 6 CFR Part 29, Procedures for Handling Critical Infrastructure Information; Final Rule (the Regulation), which was issued in 2006. PCII refers to validated and marked critical infrastructure information not customarily in the public domain and related to the security of critical infrastructure or protected systems, which is voluntarily submitted to DHS for homeland security purposes. The PCII Program offers protection from public disclosure through the Freedom of Information Act (FOIA), state and local sunshine laws, and civil litigation. The PCII Program is administered by DHS/NPPD/IP's Infrastructure Information Collection Division.

The PCII Program helps government analysts, emergency responders, and other homeland security professionals access data about facilities and systems on which the country depends. The PCII Program is responsible for ensuring compliance with the Regulation's uniform procedures for the handling, use, dissemination, and safeguarding of PCII. In this capacity, the PCII Program oversees a community of stakeholders, including submitters of CII, authorized users of PCII and accredited Federal, state, and local entities with homeland security duties. This survey is designed

to gather information from PCII Officers that can be used to improve these relationships and to maximize the value that the PCII Program is offering to its Federal, state, and local government users. Both the CII Act and its implementing regulations stress the voluntary nature of the PCII Program, so collecting information that will assist in making the PCII Program attractive to its stakeholders will allow the PCII Program to better accomplish the statute's goals.

The data collected in this survey will be used by the PCII Program to improve relationships with stakeholders and maximize the value of the program. The survey data collected is for internal PCII Program and DHS/NPPD/IP use only. The PCII Program will use the results from the stakeholder to determine levels of satisfaction with the PCII Program and identify areas that require additional communication, identify areas for improvement with the PCII Management System (PCIIIMS), and help determine the future direction of the Program.

The survey is administered using a web-based survey tool, Vovici Enterprise Feedback Management (EFM). Automating the PCII Stakeholder Survey reduces the respondent burden of responding to a paper survey or a telephone interview. The staff burden of manually administering a survey and accurately collecting data is also reduced. Automation also captures participants' typed comments, eliminating time-consuming transcription and manual inaccuracies.

The PCII Stakeholder Survey does not collect personally identifiable information. The survey instrument states that the survey is voluntary and the information will be kept private or anonymous to the extent allowable by law.

Analysis

Agency: Department of Homeland Security, National Protection and Programs Directorate, Office of Infrastructure Protection.

Title: Protected Critical Infrastructure Information (PCII) Stakeholder Survey.

OMB Number: 1670–NEW.

Frequency: Annually.

Affected Public: State, Local, or Tribal Government.

Number of Respondents: 100 respondents.

Estimated Time per Respondent: .1333 hours.

Total Burden Hours: 13.5 annual burden hours.

Total Burden Cost (capital/startup): \$10,566.

Total Burden Cost (operating/maintaining): \$4,158.

Dated: August 3, 2011.

David Epperson,

Chief Information Officer, National Protection and Programs Directorate, Department of Homeland Security.

BILLING CODE 9111-14-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Agency Information Collection Activities: Harbor Maintenance Fee

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: 30-Day Notice and request for comments; Extension of an existing collection of information: 1651-0055.

SUMMARY: U.S. Customs and Border Protection (CBP) of the Department of Homeland Security will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act: Harbor Maintenance Fee (CBP Forms 349 and 350). This is a proposed extension of an information collection that was previously approved. CBP is proposing that this information collection be extended with a change to the burden hours. This document is published to obtain comments from the public and affected agencies. This proposed information collection was previously published in the **Federal Register** (76 FR 26311) on May 6, 2011, allowing for a 60-day comment period. This notice allows for an additional 30 days for public comments. This process is conducted in accordance with 5 CFR 1320.10.

DATES: Written comments should be received on or before September 14, 2011.

ADDRESSES: Interested persons are invited to submit written comments on this proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the OMB Desk Officer for Customs and Border Protection, Department of Homeland Security, and sent via electronic mail to oir_submission@omb.eop.gov or faxed to (202) 395-5806.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information should be directed to Tracey Denning, U.S. Customs and Border Protection, Regulations and Rulings, Office of International Trade, 799 9th Street,

NW., 5th Floor, Washington, DC 20229-1177, at 202-325-0265.

SUPPLEMENTARY INFORMATION: CBP invites the general public and other Federal agencies to comment on proposed and/or continuing information collections pursuant to the Paperwork Reduction Act of 1995 (Pub. L. 104-13; 44 U.S.C. 3505(c)(2)). The comments should address: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimates of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden including the use of automated collection techniques or the use of other forms of information technology; and (e) the annual costs burden to respondents or record keepers from the collection of information (a total capital/startup costs and operations and maintenance costs). The comments that are submitted will be summarized and included in the CBP request for Office of Management and Budget (OMB) approval. All comments will become a matter of public record. In this document CBP is soliciting comments concerning the following information collection:

Title: Harbor Maintenance Fee.

OMB Number: 1651-0055.

Form Number: CBP Forms 349 and 350.

Abstract: The Harbor Maintenance Fee (HMF) and Trust Fund is used for the operation and maintenance of certain U.S. channels and harbors by the Army Corps of Engineers. U.S. Customs and Border Protection (CBP) is required to collect the HMF from importers, domestic shippers, and passenger vessel operators using Federal navigation projects. Commercial cargo loaded on or unloaded from a commercial vessel is subject to a port use fee of 0.125 percent of its value if the loading or unloading occurs at a port that has been designated by the Army Corps of Engineers. The HMF also applies to the total ticket value of embarking and disembarking passengers and on cargo admissions into a Foreign Trade Zone (FTZ).

CBP Form 349, *Harbor Maintenance Fee Quarterly Summary Report*, and CBP Form 350, *Harbor Maintenance Fee Amended Quarterly Summary Report*, are completed by domestic shippers, foreign trade zones applicants, and passenger vessel operators and submitted with payment to CBP. CBP proposes to amend Form 349 to add the respondent's email address and fax number.
