### Extension of Import Restrictions on Archaeological Objects and Ecclesiastical and Ritual Ethnological Materials From Cyprus

**AGENCIES:** U.S. Customs and Border Protection, Department of Homeland Security; Department of the Treasury.

**ACTION:** Final rule.

**SUMMARY:** This document amends U.S. Customs and Border Protection (CBP) regulations to reflect the extension of import restrictions on Pre-Classical and Classical archaeological objects and Byzantine ecclesiastical and ritual ethnological materials from Cyprus. These restrictions, which were last extended by CBP Dec. 07-52, are due to expire on July 16, 2012, unless extended. The Assistant Secretary for Educational and Cultural Affairs, United States Department of State, has determined to extend the bilateral Agreement between the Republic of Cyprus and the United States to continue the imposition of import restrictions on cultural property from Cyprus. The Designated List of cultural property described in CBP Dec. 07-52 is revised in this document to reflect that the types of ecclesiastical and ritual ethnological articles dating from the Byzantine period previously listed on the CBP Dec. 07-52 Designated List as protected are now protected also if dating from the Post-Byzantine period (c. 1500 A.D. to 1850 A.D.) The revised Designated List also clarifies that certain mosaics of stone and wall hangings (specifically, to include images of Saints among images of Christ, Archangels, and the Apostles) are covered under the import restrictions published today. The import restrictions imposed on the archaeological and ethnological materials covered under the Agreement will remain in effect for a 5-year period, and the CBP regulations are being amended accordingly. These restrictions are being extended pursuant to

determinations of the State Department under the terms of the Convention on Cultural Property Implementation Act in accordance with the United Nations Educational, Scientific and Cultural Organization (UNESCO) Convention on the Means of Prohibiting and Preventing the Illicit Import, Export and Transfer of Ownership of Cultural Property.

**DATES:** *Effective Date:* July 16, 2012.

#### SUPPLEMENTARY INFORMATION:

##### Background

Pursuant to the provisions of the 1970 UNESCO Convention, codified into U.S. law as the Convention on Cultural Property Implementation Act (hereafter, the Cultural Property Implementation Act or the Act) (Pub. L. 97-446, 19 U.S.C. 2601 *et seq.*), signatory nations (State Parties) may enter into bilateral or multilateral agreements to impose import restrictions on eligible archaeological and ethnological materials under procedures and requirements prescribed by the Act. Under the Act and applicable CBP regulations (19 CFR 12.104g), the restrictions are effective for no more than five years beginning on the date on which the agreement enters into force with respect to the United States (19 U.S.C. 2602(b)). This period may be extended for additional periods, each such period not to exceed five years, where it is determined that the factors justifying the initial agreement still pertain and no cause for suspension of the agreement exists (19 U.S.C. 2602(e); 19 CFR 12.104g(a)).

In certain limited circumstances, the Cultural Property Implementation Act authorizes the imposition of restrictions on an emergency basis upon the request of a State Party (19 U.S.C. 2603(c)(1)). Under the Act and applicable CBP regulations (19 CFR 12.104g(b)), emergency restrictions are effective for no more than five years from the date of the State Party's request and may be extended for three years where it is determined that the emergency condition continues to apply with respect to the covered materials (19 U.S.C. 2603(c)(3)).

On April 12, 1999, under the authority of the Cultural Property Implementation Act, the former U.S.

Customs Service published Treasury Decision (T.D.) 99-35 in the **Federal Register** (64 FR 17529) imposing emergency import restrictions on certain Byzantine ecclesiastical and ritual ethnological materials from Cyprus and accordingly amending 19 CFR 12.104g(b) pertaining to emergency import restrictions. These restrictions were effective for a period of 5 years from September 4, 1998, the date the Republic of Cyprus made the request for emergency protection. On August 29, 2003, these restrictions were extended, by publication of CBP Dec. 03-25 in the **Federal Register** (68 FR 51903), for an additional 3-year period, to September 4, 2006.

In a separate action, on July 16, 2002, the United States entered into a bilateral Agreement with the Republic of Cyprus concerning the imposition of import restrictions on certain archaeological materials of Cyprus representing the Pre-Classical and Classical periods of its cultural heritage (the 2002 Agreement).<sup>1</sup> On July 19, 2002, the former United States Customs Service published T.D. 02-37 in the **Federal Register** (67 FR 47447), which amended 19 CFR 12.104g(a) to reflect the imposition of these restrictions and included a list designating the types of archaeological materials covered by the restrictions. These restrictions were to be effective through July 16, 2007.

On August 17, 2006, the Republic of Cyprus and the United States amended the 2002 Agreement (covering the Pre-Classical and Classical archaeological materials) to include the list of Byzantine ecclesiastical and ritual ethnological materials that had been (and, at that time, were still) protected pursuant to the emergency action described above. The amendment of the 2002 Agreement to cover both the subject archaeological materials and the subject ethnological materials was reflected in CBP Dec. 06-22, which was published in the **Federal Register** (71 FR 51724) on August 31, 2006. CBP Dec. 06-22 contains the list of Byzantine ecclesiastical and ritual ethnological materials from Cyprus previously protected pursuant to emergency action and announced that import restrictions, as of August 31, 2006, were imposed on this cultural property pursuant to the amended Agreement (19 U.S.C. 2603(c)(4)). Thus, as of that date, the restrictions covering both the archaeological materials and the ethnological materials described in CBP Dec. 06-22 were set to be effective

<sup>1</sup> Formally, the Agreement is a Memorandum of Understanding, but the term Agreement is used in this document.

through July 16, 2007. (The amended Agreement was subsequently extended by the Parties, effective on July 16, 2007.)

On July 13, 2007, CBP published CBP Dec. 07–52 in the **Federal Register** (72 FR 38470) which further extended the import restrictions to July 16, 2012. The Designated List was published with the Decision.

On October 18, 2011, the Department of State received a request by the Republic of Cyprus to extend the amended Agreement and to extend the historical timeframe to protect ecclesiastical and ritual ethnological materials of the Post-Byzantine period, c. 1500 A.D. to 1850 A.D. On June 15, 2012, after the Department of State proposed to so extend the amended Agreement and reviewed the findings and recommendations of the Cultural Property Advisory Committee, the Assistant Secretary for Educational and Cultural Affairs, State Department, determined that the cultural heritage of Cyprus continues to be in jeopardy from pillage of certain archaeological objects and certain ethnological materials and made the necessary determination to extend the import restrictions for an additional five-year period to July 16, 2017. Diplomatic notes have been exchanged reflecting the extension of the restrictions, as described in this document and as applicable to the revised Designated List set forth in this document, for a five-year period.

Thus, CBP is amending 19 CFR 12.104g(a) accordingly. Importation of such materials from Cyprus will be restricted through that date unless the conditions set forth in 19 U.S.C. 2606 and 19 CFR 12.104c are met.

In this document, the Designated List of articles that was published in CBP Dec. 07–52 is also amended to extend the historical timeframe of the restricted ecclesiastical and ritual ethnological materials to include the Post-Byzantine period, c. 1500 A.D. to 1850 A.D. In addition, the section of the Designated List pertaining to the covered ethnological materials has been revised to clarify coverage of certain mosaics of stone and wall hangings (specifically, to include images of Saints among images of Christ, Archangels, and the Apostles). The articles described in the Designated List set forth below are protected pursuant to the amended Agreement. It is noted that there are no revisions to the section of the Designated List pertaining to covered archaeological objects. It is reprinted as a convenience.

## PENSION BENEFIT GUARANTY CORPORATION

### 29 CFR Part 4022

#### Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Paying Benefits

**AGENCY:** Pension Benefit Guaranty Corporation.

**ACTION:** Final rule.

**SUMMARY:** This final rule amends the Pension Benefit Guaranty Corporation’s regulation on Benefits Payable in Terminated Single-Employer Plans to

prescribe interest assumptions under the regulation for valuation dates in August 2012. The interest assumptions are used for paying benefits under terminating single-employer plans covered by the pension insurance system administered by PBGC.

**DATES:** Effective August 1, 2012.

(*Klion.Catherine@pbgc.gov*), Manager, Regulatory and Policy Division, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005, 202–326–4024. (TTY/TDD users may call the Federal relay service toll-free at 1–800–877–8339 and ask to be connected to 202–326–4024.)

**SUPPLEMENTARY INFORMATION:** PBGC’s regulation on Benefits Payable in Terminated Single-Employer Plans (29 CFR part 4022) prescribes actuarial assumptions—including interest assumptions—for paying plan benefits under terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions in the regulation are also published on PBGC’s Web site (*http://www.pbgc.gov*).

PBGC uses the interest assumptions in Appendix B to Part 4022 to determine whether a benefit is payable as a lump sum and to determine the amount to pay. Appendix C to Part 4022 contains interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC’s historical methodology. Currently, the rates in Appendices B and C of the benefit payment regulation are the same.

The interest assumptions are intended to reflect current conditions in the financial and annuity markets. Assumptions under the benefit payments regulation are updated monthly. This final rule updates the benefit payments interest assumptions for August 2012.<sup>1</sup>

The August 2012 interest assumptions under the benefit payments regulation

<sup>1</sup> Appendix B to PBGC’s regulation on Allocation of Assets in Single-Employer Plans (29 CFR Part 4044) prescribes interest assumptions for valuing benefits under terminating covered single-employer plans for purposes of allocation of assets under ERISA section 4044. Those assumptions are updated quarterly.

will be 1.00 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit’s placement in pay status. In comparison with the interest assumptions in effect for July 2012, these interest assumptions are unchanged.

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the payment of benefits under plans with valuation dates during August 2012, PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a “significant regulatory action” under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).
