SUPPLEMENTARY INFORMATION: Notice of this meeting is given under the Federal Advisory Committee Act, 5 U.S.C. App. (Pub. L. 92-463).

Purpose of the Board

The purpose of the Board is to review annually the programs of the National Fire Academy (Academy) and advise the Administrator of the Federal Emergency Management Agency (FEMA), through the United States Fire Administrator, of the operation of the Academy and any improvements therein that the Board deems appropriate. The Board makes interim advisories to the Administrator of FEMA, through the United States Fire Administrator, whenever there is an indicated urgency to do so in fulfilling its duties. In carrying out its responsibilities, the Board examines Academy programs to determine whether these programs further the basic missions which are approved by the Administrator of FEMA, examines the physical plant of the Academy to determine the adequacy of the Academy's facilities, and examines the funding levels for Academy programs. The Board submits an annual report through the United States Fire Administrator to the Administrator of FEMA, in writing. The report provides detailed comments and recommendations regarding the operation of the Academy.

Agenda

The Board will select a Chairperson and Vice Chairperson for fiscal year

(FY) 2013, and will review and approve the minutes of the July 26, 2012 meeting. The Board will discuss deferred maintenance and capital improvements on the National Emergency Training Center (NETC) campus, to include FY 2013 Budget Planning. The Board will review Academy program activities including mediated instructor-led Online Course Pilot update, new National Fire Academy (NFA) Online courses, Executive Fire Officer Program Prerequisites/Accreditation update, curriculum assessment status report and American Council on Education report, anticipated FY 2013 curriculum developments, and changes in the State training system/semi-annual course call.

The Board will review the status of the Fire and Emergency Services Higher Education (FESHE) Institutional Recognition and Certificate Program and the progress of Training Resources And Data Exchange (TRADE)/FESHE Adobe Connect electronic meetings, the future of the Degrees at a Distance Program (DDP) and how changes in the DDP Program will further the NFA goal of standardizing fire science and emergency services undergraduate degree programs. In addition, the Board will be briefed on the FESHE/Professional Development Subcommittee activities.

The public will have an opportunity to comment on these issues prior to deliberation and final action by the Board. After deliberation, the Board will recommend actions to the Superintendent of the National Fire Academy and the Administrator of FEMA.

Kirby E. Kiefer,

Deputy Superintendent, National Fire Academy, United States Fire Administration, Federal Emergency Management Agency.

In this document CBP is soliciting comments concerning the following information collection:

Title: Holders or Containers which Enter the United States Duty Free.

OMB Number: 1651-0035.

Form Number: None.

Abstract: All articles that are brought into the United States are subject to duty unless they are specifically exempt under the Harmonized Tariff Schedules of the United States (HTSUS), codified as 19 U.S.C. 1202. Item 9801.00.10 (HTSUS) provides that articles that were manufactured in the U.S. and exported and returned without having been advanced in value or improved in condition by any process of

manufacture may be brought back into the U.S. duty-free. In addition, Item 9803.00.50 (HTSUS) provides for the duty-free entry of substantial holders or containers of foreign manufacture if duty had been paid upon a previous importation pursuant to the provisions of 19 CFR 10.41b.

Although an article may be brought back into the United States without being subject to duty, a consumption entry must nevertheless be made along with the reason for the article not being subject to duty set forth on the entry. However, an importer who brings in merchandise packed in U.S. manufactured containers or holders or previously duty-paid containers or holders, and does so several times a year involving a great many containers or holders, may mark the container or holder with the HTSUS number in lieu of filing of entry papers each time. CBP believes such frequent filing of entry papers for these containers or holders would be overly burdensome to the importer or shipper.

19 CFR 10.41 provides that substantial holders or containers are to have prescribed markings in clear and conspicuous letters of such a size that they will be easily discernable. Section 10.41b of the CBP regulations eliminates the need for an importer to file entry documents by instead requiring the marking of the containers or holders to indicate under which item number of the HTSUS the containers or holders are entitled duty free entry.

In order to comply with 19 CFR 10.41b, the owner of the holder or container is required to place the markings on a metal tag or plate containing the following information: 9801.00.10, HTSUS; the name of the owner; and the serial number assigned by the owner. In the case of serially numbered holders or containers of foreign manufacture for which free clearance under the second provision of item 9803.00.50 HTSUS is claimed, the owner must place the following markings containing the following information: 9803.00.50 HTSUS; the port code numbers of the port of entry; the entry number; the last two digits of the fiscal year of entry covering the importation of the holders and containers on which duty was paid; the name of the owner; and the serial number assigned by the owner.

Action: CBP proposes to extend the expiration date of this information collection with no change to the burden hours or to the information collected.

Type of Review: Extension (without change).

Affected Public: Businesses.
