

(e.g., court clerks) at comparison courts who have regular interaction with clients during their involvement in the justice system. Respondents will complete the tool on the basis of (1) court paperwork and (2) information discussed during regular court-related interactions.

SE Study Instruments

Biannual Program Inventory—SE: The BPI—SE is a Web-based survey that captures the infrastructure development and direct services that are part of the SE programs. Data include the types of planning that SE grantees and local implementation sites are implementing and activities and infrastructure developed as part of the project. The BPI is administered twice yearly (April and October) over the grant period and will be completed by SE grantee program staff.

Scalability/Sustainability Assessment (SSA) KIIs: The SSA KIIs will be conducted with various stakeholders to assess local SE program resources, infrastructure, outcomes, sustainability, and scalability from stakeholders. Data include changes in outcomes, workforce

development, State-level collaboration, partnerships and policies, and scalability and sustainability. There are two versions of the SSA KIIs—each is tailored to the intended audience: (1) State-level administrator (project directors, agency directors, SECC members) and (2) local, pilot-level service provider (local service provider). The SSA KIIs will be conducted remotely by telephone and/or Skype technology in years two and four of the evaluation with five stakeholders from each SE grantee. The KIIs cover the same information across years; however, Year four KIIs will follow up on how the infrastructure and activities taking place in Year two come to fruition.

Employment Needs Focus Groups (FGs): The employment needs FGs will be conducted to gather information about the needs and experiences of employment specialists, consumers, and employers as they relate to supported employment principles and program goals. Data include local program implementation, the adoption of policies and practices for sustainability and scalability, and recommendations for program improvement and

implementation best practices. Employment Needs FGs will be conducted with employment specialists and employers (who have and have not participated in the program) virtually using a Web-based platform (such as JoinMe) in years two and four of grant funding. Specific topics are tailored to respondent type.

- *Employment specialists* will discuss training received and techniques used to engage employers, the needs and experiences of clients and employers, facilitators and barriers to program implementation, and program scalability and sustainability. The employment specialist FG will take 90 minutes.

- *Employers* (e.g., hiring managers, supervisors) will discuss experiences and satisfaction with the program, factors that facilitate and pose barriers to their participation, and program scalability and sustainability. The employer FG will take 60 minutes.

The estimated response burden to collect this information associated with the CSE is as follows, annualized over the requested three-year clearance period, as presented below:

BILLING CODE 4162-20-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

[1651-0138]

Agency Information Collection Activities: Biometric Identity

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: 30-Day notice and request for comments; extension of an existing collection of information.

SUMMARY: U.S. Customs and Border Protection (CBP) of the Department of Homeland Security will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act: Biometric Identity. This is a proposed extension of an

information collection that was previously approved. CBP is proposing that this information collection be extended with a change to the burden hours but no change to the information collected. This document is published to obtain comments from the public and affected agencies.

DATES: Written comments should be received on or before January 20, 2016 to be assured of consideration.

ADDRESSES: Interested persons are invited to submit written comments on this proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the OMB Desk Officer for Customs and Border Protection, Department of Homeland Security, and sent via electronic mail to oir_submission@omb.eop.gov or faxed to (202) 395-5806.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Tracey Denning, U.S. Customs and Border Protection, Regulations and Rulings, Office of International Trade, 90 K Street NE., 10th Floor, Washington, DC 20229-1177, at 202-325-0265.

SUPPLEMENTARY INFORMATION: This proposed information collection was previously published in the **Federal Register** (80 FR 25313) on May 4, 2015, allowing for a 60-day comment period. This notice allows for an additional 30 days for public comments. This process is conducted in accordance with 5 CFR 1320.10. CBP invites the general public and other Federal agencies to comment on proposed and/or continuing information collections pursuant to the Paperwork Reduction Act of 1995 (Pub. L. 104-13; 44 U.S.C. 3507). The comments should address: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimates of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden, including the use of automated collection techniques or the use of other forms of information technology; and (e) the annual costs to respondents or record keepers from the collection of information (total capital/startup costs and operations and maintenance costs). The comments that are submitted will be summarized and included in the CBP request for OMB approval. All comments will become a matter of public record. In this document, CBP is

soliciting comments concerning the following information collection:

Title: Biometric Identity
OMB Number: 1651-0138

Abstract: In order to enhance national security, the Department of Homeland Security developed a biometric based entry and exit system capable of improving the information resources available to immigration and border management decision-makers. These biometrics include: digital fingerprint scans, photographs, facial images and iris images, or other biometric identifiers. Biometrics are collected from those aliens specified in 8 CFR 215.8 and 8 CFR 235.1(f). Non-exempt, non-U.S. citizens will have their facial and iris images captured upon entry to and exit from the United States. The information collected is used to provide assurance of identity and determine admissibility of those seeking entry into the United States.

The federal statutes that mandate DHS to create a biometric entry and exit system include: Section 2(a) of the Immigration and Naturalization Service Data Management Improvement Act of 2000 (DMIA), Public Law 106-215, 114 Stat. 337 (2000); Section 205 of the Visa Waiver Permanent Program Act of 2000, Public Law 106-396, 114 Stat. 1637, 1641 (2000); Section 414 of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT Act), Public Law 107-56, 115 Stat. 272, 353 (2001); Section 302 of the Enhanced Border Security and Visa Entry Reform Act of 2002 (Border Security Act), Public Law 107-173, 116 Stat. 543, 552, (2002); Section 7208 of the Intelligence Reform and Terrorism Prevention Act of 2004 (IRTPA), Public Law 108-458, 118 Stat. 3638, 3817 (2004); and Section 711 of the Implementing Recommendations of the 9/11 Commission Act of 2007, Public Law 110-52, 121 Stat. 266 (2007).

Current Actions: This submission is being made to extend the expiration date with a change to the burden hours based on most recent estimates for the annual number of responses. There are no changes to the information being collected.

Type of Review: Extension (with change).

Affected Public: Individuals.

Estimated Number of Respondents: 113,200,000.

Estimated Time per Respondent: .0097 hours.

Estimated Total Annual Burden Hours: 1,098,040.

Dated: December 14, 2015.

Tracey Denning,

Agency Clearance Officer, U.S. Customs and Border Protection.
