## DEPARTMENT OF HOMELAND SECURITY

### Transportation Security Administration

#### Intent To Request Approval From OMB of One New Public Collection of Information: Travel Request and Expense Report Form for TSA Contractors

**AGENCY:** Transportation Security Administration, DHS.

**ACTION:** 60-day notice.

**SUMMARY:** The Transportation Security Administration (TSA) invites public comment on a new Information Collection Request (ICR) abstracted below that we will submit to the Office of Management and Budget (OMB) for approval in compliance with the Paperwork Reduction Act (PRA). The

ICR describes the nature of the information collection and its expected burden. The collection involves the submission of travel request and reimbursement information by TSA contractors to the Contracting Officer Representative (COR) for their approval. A TSA contractor will submit the form prior to and upon return from travel.

**DATES:** Send your comments by February 6, 2017.

**ADDRESSES:** Comments may be emailed to [TSAPRA@tsa.dhs.gov](mailto:TSAPRA@tsa.dhs.gov) or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

**FOR FURTHER INFORMATION CONTACT:** Contact Christina Walsh at the above address, or by telephone (571) 227-2062.

#### SUPPLEMENTARY INFORMATION:

##### Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic,

mechanical, or other technological collection techniques or other forms of information technology.

#### Information Collection Requirement

##### Purpose of Data Collection

Pursuant to the Federal Travel Regulation (FTR), TSA has authority to implement statutory requirements and policies for travel by Federal civilian employees and others authorized to travel at government expense. *See* FTR, 41 CFR 300. *See also* 5 U.S.C. 5707 (Travel, Transportation, and Subsistence).<sup>1</sup> Consistent with this authority, TSA created the Contractor Travel Request and Expense Report form, TSA Form 308. The form allows a TSA Contracting Officer Representative to preauthorize reimbursable travel for a contractor intending to conduct travel determined to be a reimbursable expense under the contract. Requiring preauthorization for travel ensures the requested travel is within scope of the contract and any costs incurred are in compliance with the FTR. Additionally, the form may be used post-travel to verify that the invoiced-amount is consistent with the preauthorized costs, which ensures government dollars used to fund the travel are not misused and that the government does not overpay for any reimbursable travel.

##### Description of Data Collection

The data collected on the Contractor Travel Request and Expense Report includes basic identifying information for the individual traveling, such as full name of the traveler, travel date(s) and location(s), departure information,

<sup>1</sup> Visit [www.gsa.gov/federaltravelregulation](http://www.gsa.gov/federaltravelregulation) for text and other information regarding the FTR.

Under the FTR, a Federal traveler is a person who travels on a Government aircraft and who is either: (1) A civilian employee in the Government service; (2) a member of the uniformed or foreign services of the U.S. Government; or (3) a contractor working under a contract with an executive agency. *See* 41 CFR 300-3.1.
