Instructions

Making the Blocks

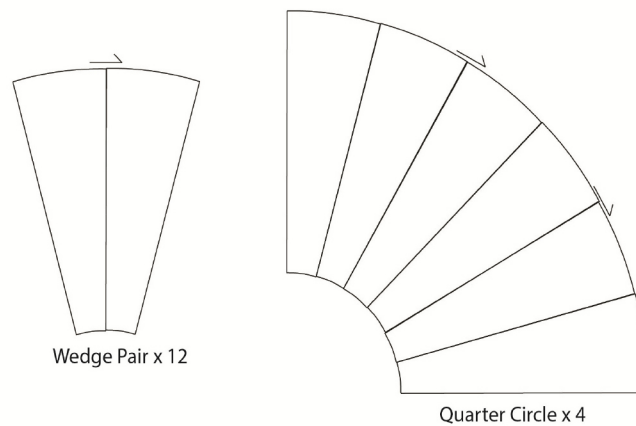

1. Take all the 20" strips and randomly sew them together into (6) strip sets, measuring no less than 12" wide. Make sure that two of the strip sets have the 37098-12 Chalk 20" strips as the star strips. Press all of the seam allowances down.

2. From each strip set, cut (4) pieces from Template C as shown. Pay close attention, as the strips sets starting with the Chalk strips will be cut differently. There will be (24) wedges total.

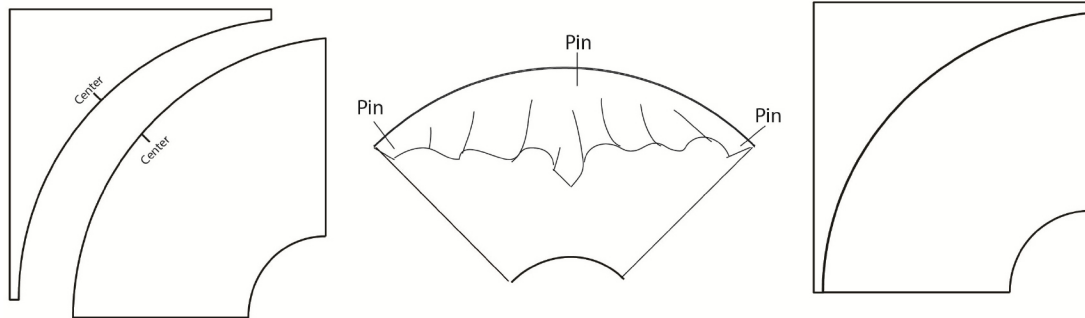

3. Sew the Template C pieces together into pairs. Press to one side, and then sew (3) pairs together into a Quarter Circle, making sure there are (2) Chalk top pieces spaced throughout each Quarter Circle.

4. Sew a 37098-12 Chalk Template A pieces to each Quarter Circle, matching ends and centers. Press towards the wedges. Sew these pieces together into a hollow square as shown.

5. Fold the 41558-3 Black Template B piece in half, and then half again, to mark the centers of the piece. Pin the hollow square to the Template B piece, matching centers and seam allowances as shown, so that the square is on point and the writing on the print is readable. Sew around the circle carefully to avoid puckers and press towards the circle, to make the Eye Block.

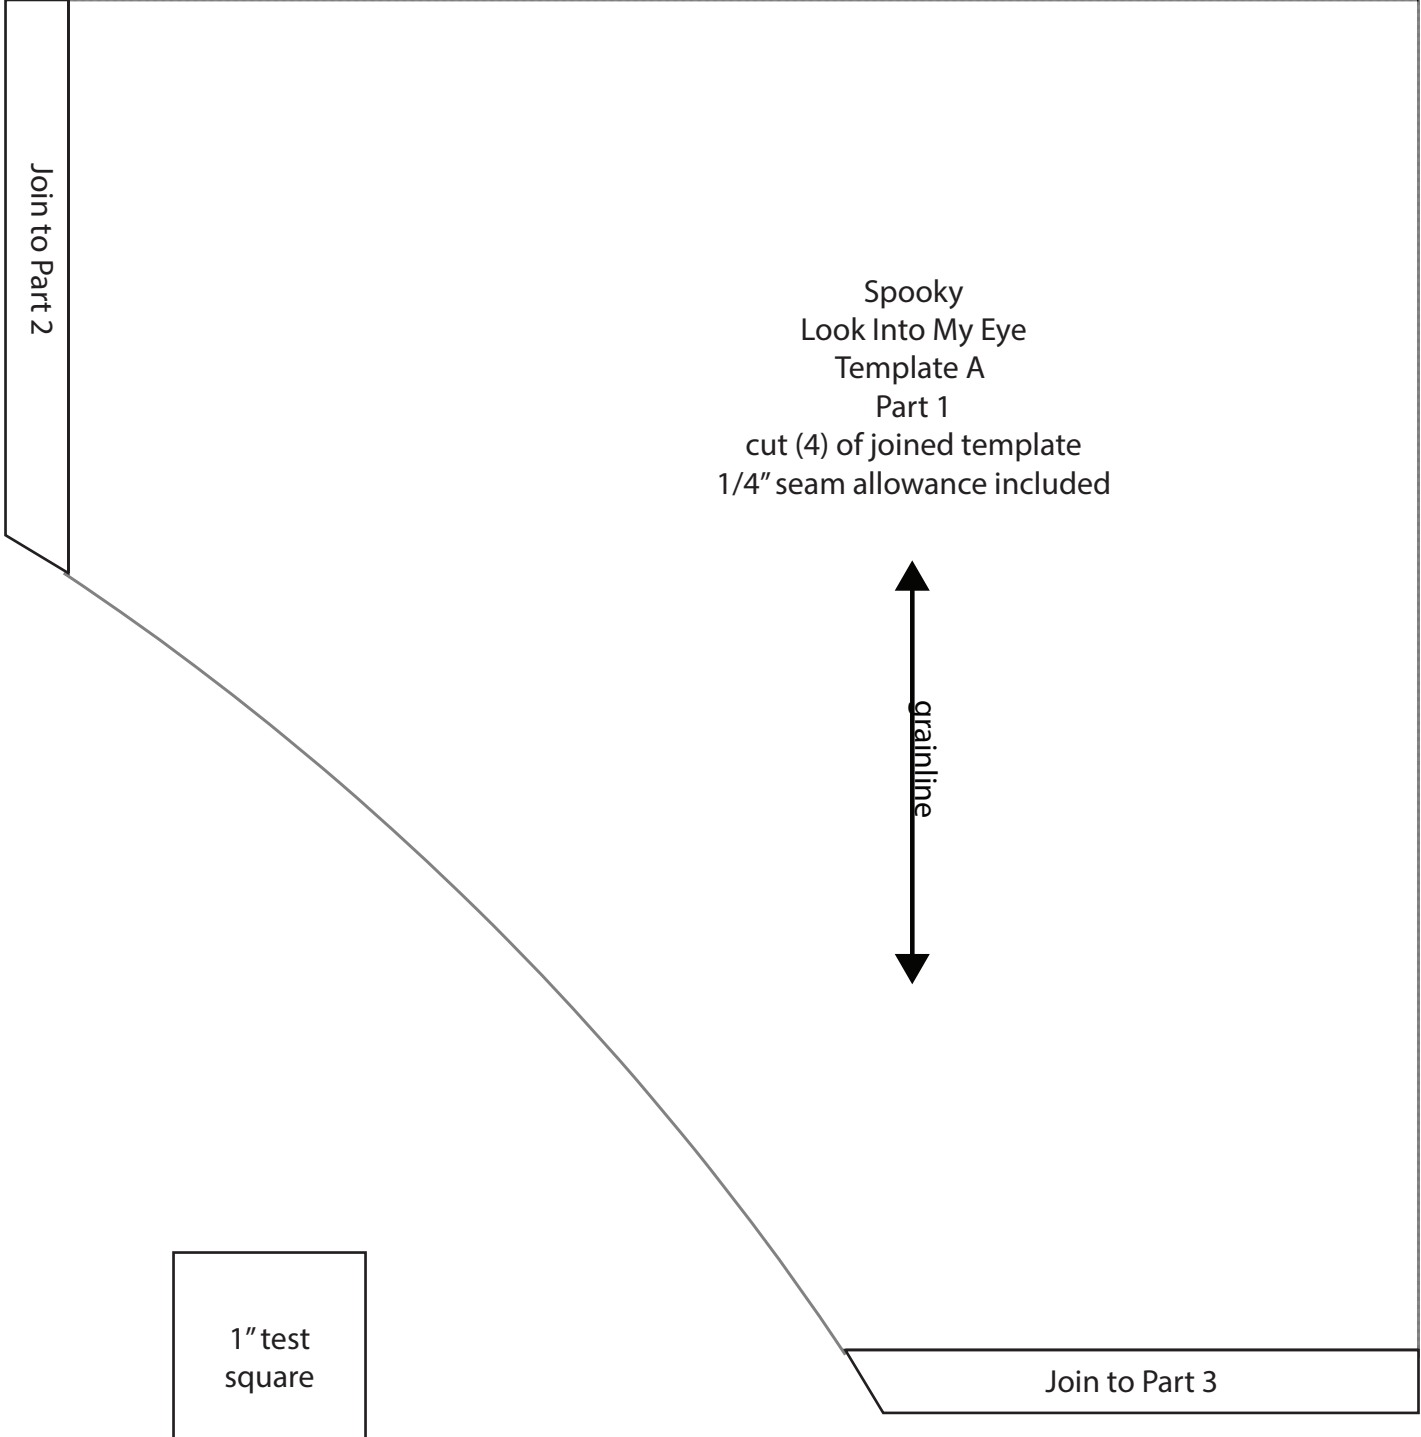

6. Sew the 37098-12 Chalk 22 1/8" HST to either side of the Eye Block. Press towards the HST. Trim and square the top to 43".
