Notice on the adoption of a new Decision upon a single booking platform to offer capacity on the two sides of the border between Germany and Poland at the “Mallnow” physical interconnection point and at the “GCP” virtual interconnection point

***Subject:** New proceeding for issuing a Decision according to Article 37(3) of Commission Regulation (EU) 2017/459, after the annulment of the Agency for the Cooperation of Energy Regulators’ (“the Agency”) Decision 11-2018 of 16 October 2018, by the decision of the Board of Appeal of the Agency of 14 February 2019, in case A-002-2018.*

On 14 February 2019, the Board of Appeal of the Agency for the Cooperation of Energy Regulators annulled Decision No 11-2018. The annulled Decision concerned the selection of a single booking platform to offer capacity on the two sides of the border between Germany and Poland at both the “Mallnow” physical interconnection point and the “GCP” virtual interconnection point.

After evaluating the decision of the Board of Appeal, the Agency has launched a new proceeding with the purpose of selecting a single booking platform for the above-reported interconnection points.

A public consultation will be held in the course of the month of April 2019. Further to the results of the public consultation, the booking platforms active in the Union will be invited to express interest and submit their offers for offering capacity on the two sides of the border between Germany and Poland, as reported above. The new decision is expected at the latest by 14 August 2019.

Any question concerning this proceeding may be addressed to bookingplatform@acer.europa.eu.
