

Letters from Nikko National Park

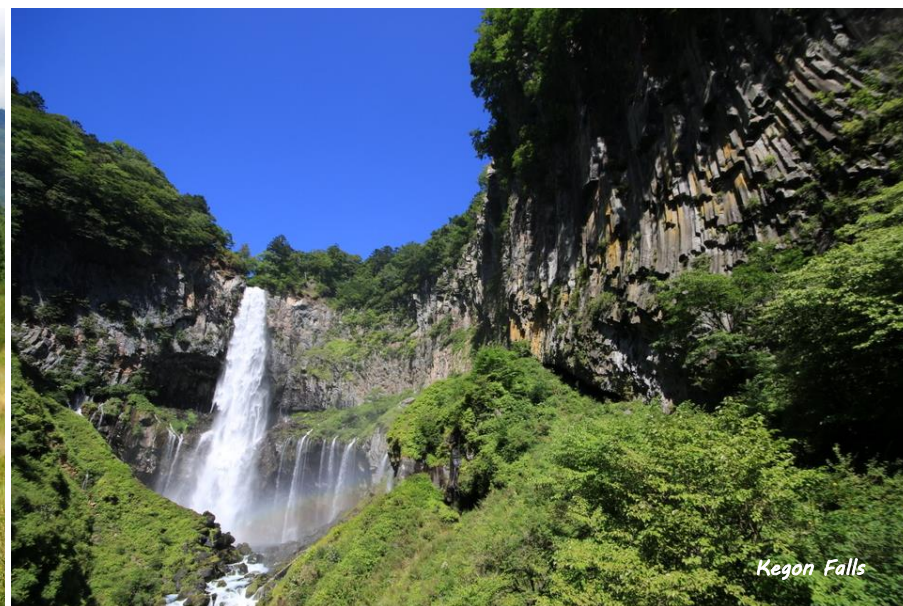

We will introduce you to the beautiful nature in Okunikko.
Listening birds chirping, take a deep breath in forest...They will give you a comfortable time.

Odashirogahara Maeshland

Kegon Falls

● Nature

Due to Typhoon No.10, the fireworks at Lake Yunoko scheduled for August 31st has been postponed to September 14th (19:30~ about 15min.).

Although there was heavy rainfall at some places, but no major damage was reported in the Okunikko area.

The continuous rainfall has increased the water level in Lake Chuzenji, and Kegon Falls has also become a powerful sight with a large volume of falling water.

In Odashirogahara marshland, the grassland has slightly changing color, and signs of autumn have begun to appear.

Sleeping Badger
