

SMART SECURITY BUILT IN

WITH INSYNCTIVE® TECHNOLOGY

Stay connected to your windows and doors.

Preserve beauty, add comfort and enhance home security with innovative Pella® Insynctive technology.

Built-in beauty. Integrated sensors with time-tested wireless technology are built in and tucked away, out of sight, to preserve the beauty of Pella windows and doors.

Protect what matters most. Monitor windows and doors while at home or away with the Pella Insynctive App.*

Maintain warranty. Sensors are installed during manufacturing and require no additional drilling.

Your home controlled your way.

THE PELLA INSYNCTIVE APP

Download the app and pair your windows and doors with Insynctive technology to start monitoring and controlling the day they're installed.*

AN EXISTING (OR FUTURE) SYSTEM

Connect windows and doors with Insynctive technology to a compatible home security system for added flexibility.

* Requires the Insynctive App on a smart device, an Insynctive Bridge and a wireless home internet router with internet connection.

Comfort and convenience wherever you are.¹

Added security is a smart investment for any home. And Insynctive® technology takes smart home technology a step further with features that also make life a little easier.

PEACE OF MIND

Monitor your windows and doors from virtually anywhere with the Pella® Insynctive App.

AUTOMATED BLINDS AND SHADES

Control integrated blinds or shades with a smart device; set scenes to raise and lower at the touch of a button.

SECURITY ALERTS

Get real-time notifications any time a window is opened or door is opened and unlocked.
