

Coalition Excess: Cyber & Technology E&O

Adding value to every layer

Coalition adds more than just capacity to its cyber excess layers. When you bring us in above your primary insurance provider, we provide the same active cyber protection and prevention tools that have helped us build our trusted brand and shield small and mid-market businesses from cyber threats.

Coalition brokers can trust our team to support them with a fast, personal underwriting service, the latest cybersecurity risk data, and broker-centric technology.

Value for your policyholder

We follow the primary insurance wording*

- ▶ Indemnity limit up to £10 million
 - ▶ Wide range of industries covered, including public sector, manufacturing, and professional services
- [Learn about our Excess appetite](#)

Clients benefit from Coalition cybersecurity tools

- ▶ Premium access to our attack surface monitoring tool, Coalition Control
- ▶ 24/7 access to our security support team
- ▶ Threat intelligence alerts
- ▶ Active risk assessment and benchmarking

Who we work with

We take cyber insurance seriously. That's why we want to work with other insurers that offer a comprehensive range of coverage, to ensure that policyholders are getting the protection they need.

Our capacity providers

Coalition is able to provide excess layer limits of up to £10m. Our coverage has the same backing as our primary offering with Allianz and certain underwriters at Lloyd's of London.
