# DIGITAL advertising information for Green Magazine

DIGITAL ADVERTISING puts your business or auction information out to John Deere enthusiasts who visit the Green Magazine website and those receiving our emails.

YOUR DIGITAL ADVERTISEMENT would be one of **ONLY TEN AVAILABLE** to be seen in our emails. Right now, our growing list includes 13,000 email addresses and it's gaining daily.

Also, your ad will be included as a Facebook post, viewed by 27,000 followers.

YOUR ADVERTISEMENT will also be seen on our website by those visiting to read our various articles or shop on our site.

We draw people to your advertisement with our emails, which draws enthusiasts to your website.

**For the low price of \$250/month**, we offer you this opportunity to have your business or auction listing placed in front of the digital John Deere enthusiast community we are building!

**The TEN AD SPOTS would rotate evenly so that all advertisers would be seen on three advertising locations on our emails and website.**

Examples of the two optional sizes for your advertisement are shown on this page: the 728x90 leaderboard is shown at the top of this page while the 300x250 rectangle is shown at left.
