

## FRAUD PREVENTION ADVISORY

We are committed to protecting your financial safety. Be warned of cybercriminals creating fake social media accounts purporting to be from financial institutions to obtain personal and account information for seemingly legitimate purposes, such as to facilitate distribution of social amelioration benefits or to release loan proceeds.

Standard Chartered Bank Philippines does not offer credit cards or personal loan products and will never ask for your personal information or account details through emails, phone calls, text messages or social media. We remind the public to be vigilant against these fraud attempts, and to report any such incident by emailing Standard Chartered at [phishing@sc.com](mailto:phishing@sc.com) or by calling the Bangko Sentral ng Pilipinas Consumer Protection Department at (632) 8708-7087.

Thank you.
